# 'OK to Amend Rights Bill'

## GM Profits Highest Ever for 3 Months

Booming Auto Sales Push Earnings to \$536 Million

NEW YORK (AP)—Booming automobile sales boosted General Motors Corp.'s profits in the first three months of this year to the highest level of any corporation in history.

GM reported yesterday that its earnings jumped to \$536 million, or \$1.87 a share, from \$414 million, or \$1.45 a share, in the 1963 first quarter. The previous high was \$506 million in the final quarter of 1963.

The figures exceeded by far the second-ranked money-maker American Telephone & Telegraph Co., which in the three months ended Feb. 29 earned \$277,515,000, or \$1.53 a share.

GM sales increased to \$4,760,000,000, a 15-per cent gain over \$4,147,000,000 in the 1963 last quarter.

Worldwide factory sales of cars and trucks totaled 1,774,733, another record. Domestic sales totaled 1,383,049, topping the previous first quarter mark of 1,214,083 set in 1963.

In releasing the earnings report, Frederic G. Donner, chairman, and John F. Gordon, president, forecast an average annual market of 10 million cars and trucks in the United States by 1970.

The record earnings were achieved after payment of \$553 million in U.S. and foreign taxes.

First quarter employment by GM rose worldwide to 683,600 from 627,623 in the 1963 first quarter and payrolls advanced to \$1,175,000,000 from \$1,046,000,000.

The company reported that as of March 31 net working capital had grown to \$4,126,000,000 from \$3,727,000,000 three months earlier and \$3,676,000,000, a year earlier.

**HIGH DEMAND**  
Donner and Gordon attributed the glittering performance to "a continued high demand for GM products, high levels of consumer income and employment and vigorous economic activity in general."

NO SALE!—Thirty-one "For Sale" signs pose a perplexing problem for Mrs. Frank Tong, 2903 Auburn, Avon Township. The metal notices cropped up overnight in front of her home, apparently the handiwork of some pranksters. Mrs. Tong noted that the family has no intention of selling, despite all the "free" advertising.

## Press Britain on Cuba Trade

U. S. Asks Support on Embargo Restrictions

WASHINGTON (AP)—Top U.S. officials are understood to have urged anew in private talks here this week that Britain revise its policy of trade with Cuba and support the U.S. effort to deny vitally needed industrial and transportation equipment to the Castro government.

Secretary of State Dean Rusk has held a series of discussions on world problems with British officials.

MIAMI, Fla. (AP)—The first of 450 British-built buses will reach Cuba in June, Havana radio said today. The buses—plus quantities of spare parts—were ordered to shore up Cuba's rickety public transportation system.

Foreign Secretary R. A. Butler, President Johnson had a conference with Butler yesterday.

Officials have confirmed that Cuban issues were raised in the Rusk-Butler talks.

The White House only said that the foreign secretary and the President discussed matters of mutual interest.

Butler has been in Washington for a conference of the Central Treaty Organization which ended yesterday.

He is going on to Japan and the Philippines for talks seeking some way to avoid a serious crisis between Indonesia and British-backed Malaysia over territorial claims pressed by Indonesia.

Butler is understood to be pleased by the support Britain has received from the United States in its efforts to preserve the territorial integrity of Malaysia.

Top U.S. officials by contrast are known to be displeased by Britain's Cuban trade policy which they regard as a breaking of the barrier of economic isolation from non-Communist trade which the United States has been working to build around Cuba.

The British counterargument to the U.S. boycott policy is that the boycott is not really effective, that the United States trades with various Communist countries including the Soviet Union, and that Britain traditionally trades with all countries regardless of political considerations.

## Ruby Lawyers Begin Actions on Appeal

DALLAS, Tex. (AP)—The Jack Ruby case enters a new phase today as lawyers begin formal preparation of appeals documents for the Texas Court of Criminal Appeals.

Attorney Joe Tonahill said he hopes to have the matter before the state's only appellate criminal court within six months.

Judge Joe B. Brown denied a defense motion for a new trial yesterday—exactly a month and a half after Ruby, 33, received a death verdict from a Dallas jury.

The former night club operator was convicted of murder with malice for the Nov. 24 killing of Lee Harvey Oswald, alleged assassin of President John F. Kennedy.

Should the Court of Criminal Appeals rule against Ruby, he and his lawyers will have to turn to the federal courts. Observers say the appeal of the verdict could take years.

Ruby's lawyers asked the judge to let them elicit testimony yesterday from witnesses they said would impeach the trial testimony of a key prosecution witness. But Brown refused.

Tonahill said Ruby had been convicted on "false and perjured testimony."

Brown said a sanity trial for Ruby may begin within 30 days. If the jury finds him insane, he will be committed to a mental institution.

He said some of the witnesses subpoenaed for the hearing would give concrete evidence that Dallas police officer P. T. Dean had committed perjury at the trial.

## Pair Wed in Prison

# A Honeymoon in 45 Years?

MILWAUKEE, Wis. (AP)—He wore a white carnation in his best dark suit and she wore an orchid on her white sheath gown, but after the wedding was over yesterday, they went their separate ways.

He returned to his cell in another part of the building. She drove to her home across the state line. Both knew their entire wedded life could be spent behind bars.

Tall, darkly handsome John Seybold, 39, and his bride, the former Ruth Del Vecchio, 36, each face possible maximum prison sentences of 45 years.

Their courtship was jarred last Oct. 11 when

they were apprehended after a bullet-whining auto chase in suburban Wauwatosa. They were charged with armed robbery and attempted murder after a \$100,000 jewelry theft in a shopping center.

Today she lives in her Half Day, Ill., home, free on bond, while he shares a county jail cell with another man charged in the holdup.

George A. Spies, 43, Chicago. Spies was the best man.

## Won't Stick to Wording in House Version

President Expects Changes, but Not Weaker Measures

WASHINGTON (AP)—Sen. Hubert H. Humphrey, D-Minn., said today "there will be amendments" to the civil rights bill and President Johnson will accept some changes.

Humphrey, the bill's floor manager, made his statements to the Senate as the 44th day of debate opened. He had told a reporter much the same thing earlier.

This appeared to end the stand taken by the administration and the bill's chief sponsors from the outset that they wanted the House bill with no changes.

Actually, there have been indications for a long time that the supporters of the measure, including top administration officials, were reconciled to a number of amendments.

Humphrey told his colleagues that Johnson "wants a bill with the coverage and enforceability that is included in the House bill."

"But he expects the Senate to do its work and that does not exclude amendments. We know there will be amendments."

ALREADY AGREED

Humphrey and other leading sponsors already have agreed to the pending amendment to the bill to write in a limited requirement for jury trial in criminal contempt actions growing out of civil rights cases.

In addition, Atty. Gen. Robert F. Kennedy told newsmen Tuesday that an entire package of 11 amendments of Senate Republican Leader Everett M. Dirksen, of Illinois, to the employment title of the bill was generally acceptable.

And, in his brief remarks today, Humphrey seemed to give endorsement to an amendment of Sen. Leverett Saltonstall, R-Mass., on another highly controversial section—public accommodations.

The Saltonstall proposal would establish a 90-day waiting period for voluntary efforts to settle complaints before the government could move to get court injunctions. Humphrey, called this "most constructive."

Humphrey, apparently more optimistic than some other supporters of the bill, doubts it will be necessary to file a cloture petition to break down Southern resistance.

Cloture is the Senate's procedure for choking off a filibuster. To invoke it requires two-thirds of the senators on hand, or 67 if all 100 are present.

"Here Fishie . . ."

"Hey, No Fish!"

"I Give It One Kick . . ."

" . . . And Then Chase It."

WHILE WAITING—What does a 18-month-old while Mommy shops? Teresa Harrison of 999 Lakeview stands on tiptoes to look for fish in the pond at the Pontiac Mall. Meanwhile, 4-year-old Jimmy Cerda of 1043 LaSalle, also waiting, gives chase to an elusive ball. Happiness is a rubber ball and a smooth floor.

## In Districting Scramble

# 'Plan 500' Is Favorite

LANSING (AP)—The Senate bill of "Plan 500" looks like the favorite in the legislative redistricting scramble today after Senate Republicans spent yesterday in closed-door meetings.

Quick final passage of the plan written by Sen. Kent Ljunggren, R-Minnesota, could knock the props from under the 20-vote bipartisan bloc which passed it through the Senate against Gov. Romney's wishes.

The air would then be cleared for passage of a Republican plan for congressional

districting, favored by the Republican governor.

Senate majority leader Stanley Thayer, R-Ain Arbor, said he has yet to nail down a winning majority of GOP Senate votes for leaving "Plan 500" as is, but said it is likely that the plan will come out unamended.

END COALITION

Asked if this would tend to break up the anti-Romney Senate coalition, Thayer said, "I suppose so."

"There is a lot of vehement feeling in the caucus toward

not considering congressional districts until legislative districting is settled," he said.

In the House, meanwhile, the Apportionment Committee headed by Rep. Henry Hogan, R-Bloomfield Hills, met again late yesterday to try to report a plan with support from both parties.

If this could not be accomplished, Hogan said, the committee would probably send out the so-called "Hanna-Brucker" plan which was drawn up by Republican members of the Legislative Apportionment Commission.

FILLING VOID

Although some House members continued to insist the legislature has no business trying to reapportion itself, the work continued toward what House Speaker Allison Green, R-Kingston, termed "filling a void" created by court inaction on redistricting.

Within both parties in the House there was a conflict over new districting plans, although the object of each was to write one that could give it a better-than-even chance of controlling the chamber.

The Senate coalition was born when 10 Republicans committed their votes to a Democratic Congressional plan in exchange for 10 Democrats committing their votes to the Lundgren plan.

## Nixon Says No to LBJ Briefings

DAYTON, Ohio (AP)—Former vice president Richard Nixon today rejected an offer by President Johnson to give top secret briefings to all potential Republican presidential candidates.

Nixon said giving this information out on an indiscriminate basis would make the information "not worth much."

Nixon added that once the nominees were selected the situation on information would be different.

## Fire Destroys Mill

COLDWATER (AP)—The Morrey Press Mill at Girard, six miles north of Coldwater, was destroyed by fire Wednesday. The loss was estimated at \$75,000 by the owners.

DONALD J. FREY

## It'll Drizzle, or Forecaster Is All Wet

Keep your raincoat and umbrella handy.

The weatherman insists on moist air to be predicts occasional rain or drizzle through tomorrow. Lows will range from 44 to 52 tonight. The high will hit near 62 tomorrow.

The forecast for Saturday is cloudy, a little warmer and a chance of showers.

Morning easterly winds at 8 miles per hour will become

RAIN

southerly at 10 to 15 m.p.h. tonight.

The low recording in downtown Pontiac preceding 3 a.m. was 48. The mercury reading was 49 at 2 p.m.

## High Extracurricular Use

## Flint Keeps Schools Open to Community

(EDITOR'S NOTE — This is the second in a three-part series on Flint's unique educational system.)

By HOWARD HELDENBRAND  
The first article in this series dealt with conditions in Flint during the depression and the sociological thinking that led to initiation of the community school program.

Today each of the city's 50 schools has a trained community counselor and a corps of qualified professional and lay instructors and teachers to complement the scholastic regimen of the established facilities with the extracurricular scope of community service.

Basically, the idea is to make schools the center of community activities of all sorts and to keep them open as long as someone wants to use them.

Nationally, schools are open an average of 1,400 hours a year. In Flint, the average is 3,800 hours!

To elaborate it: "The school is not in the community—the community is in the school."

RETURN TO SCHOOL.  
After dinner and on weekends, young people return to school with their parents.

More than 1,300 classes covering both adult and student interests were taught last year.

Subjects were widely varied,

ranging from cake decorating to beagle genetics.

Many of the courses offered are credit courses.

**COLLEGE CREDIT**  
During 1961-62, there were 641 enrollments in 33 graduate college credit courses, and 6,587 enrollments in 220 adult high school classes.

There is no "tuition" as such. The average registration fee for a 10-week course

is around \$3.50. For many courses there is no fee.

There are 37,000 youngsters attending Flint's schools every day. But when it comes to sheer numbers (and perhaps enthusiasm as well) they must move over to make room for their elders.

As many as 60,000 adults swarm into city schools evenings under the adult education program.

There's no limit to what peo-

ple might accomplish through democratic effort, says Frank J. Manley, now executive director of the Mott Foundation. "There

are unimaginable goals for folks in every community if they would see the need for using their potential resources cooperatively."

The final installment of this series will outline some of the social and economic aspects of the Flint Community School program.

Nicaragua is the largest of the five Central American Republics.

## Arrest Officers in Kentucky

Nab Judge, Police  
in Bootleg Ring Case

RICHMOND, Ky. (AP) — A county judge, two former state policemen and two other persons have been arrested in connection with an alleged south-eastern Kentucky bootlegging ring.

Glen Lovern, state public safety commissioner, said Thursday Judge Arch M. Bell of Owsley County was charged with conspiracy "to do an unlawful act." Lovern said he could not elaborate until the cases go to grand juries in June.

Jack Manley, a former State Trooper, 33, of McKee, was charged with both accepting bribes and giving one and with conspiracy.

Harry L. Crawford, a former state police post commander, was charged with "being an accessory before the fact to the crime of bribery."

### OTHERS CHARGED

Vincent Marino, 33, Richmond, and Carlene Bowman, 44, Sturgeon, were charged with giving bribes.

Lovern said his statement was made after consultation with Gov. Edward T. Breathitt. A spokesman for the governor said Breathitt had been aware of the investigation for some time.

In a statement, Lovern gave this background of the case:

Marino and Crawford are accused of conspiring with Manley, a trooper at the time, to permit transportation of alcoholic beverages through local option (dry) territory. Marino is accused of giving Manley money.

Manley is charged with trying to bring other state officers into the conspiracy. Mrs. Bowman is accused of bribing Manley and trying to bribe another officer.

Butagrene N, a synthetic rubber, is said to be superior to natural rubber, in some respects, especially in resistance to grease and petroleum oil.

## U.S. Pushes Case in 'Slavery' Trial

FLORENCE, S. C. (UPI)

Federal prosecutors pressed their slavery case today against a tobacco farmer accused of pistol-whipping a lanky 44-year-old Negro and sending him bleeding to work in the fields.

The Negro, Max Roy McKenzie, pointed a finger at Robert Moultrie Cook, a swarthy 46-year-old white man in the courtroom yesterday as the man who held him in peonage.

It was the first peonage case to be tried in South Carolina in nearly half a century, and U.S. attorney Clyde Robinson said he planned to conclude the government's case today.

Cook has denied that he held McKenzie in bondage. He was indicted last fall on two counts, one of them a charge of having McKenzie arrested a week after he allegedly beat him with a pistol to maintain his hold on the Negro.

McKenzie told his story to the FBI after getting out of jail on bond paid by Cook. He had been arrested on a charge by Cook that he had sold parts from a car on which he still owed money to Cook.

### WORK ON FARM

McKenzie said Cook had required him to promise to work at the farm as long as Cook wanted him to so he could get out of jail.

The Negro admitted under cross-examination that he returned to the cook farm as a worker on two occasions after his release.

But he said he did so to be with his wife, who remained at the farm as a laborer.

McKenzie's wife, Sara, and two of his three stepsons, Henry B. Singletary, 17, and Charles Singletary, 15, testified that Cook attacked McKenzie with a pistol when he

refused to work on the afternoon of Saturday, May 27.

### VOICE NERVOUS

McKenzie, his voice hesitant with nervousness, quoted Cook as saying "You're gonna work or I'm gonna kill you." The Negro and his family said Cook tried to shoot McKenzie, but the gun would not fire.

"I was begging him not to kill me," said McKenzie. "He grabbed the gun by the barrel and began hitting me over the head."

He said he went back to work with his head bleeding because "I was scared he was gonna kill me."

The Great Lakes contain about one half the fresh water of the globe.

JAPANESE VISITOR—The Mikishima Maru, first Japanese ship to visit the port of Bay City this season, docked at the Wickes terminal yesterday. The ship, 511 feet long, was the longest ever accommodated at the dock, and had no trouble turning in the river for her outbound journey.

## Road Deaths Set a Record

CHICAGO (AP) —The nation's traffic deaths in the first three months this year totaled 9,000, a record high for the period and 16 per cent above the corresponding period in 1963.

The National Safety Council yesterday said that March, with 3,420 highway fatalities, was the 27th month in the last 29 to show an increase in traffic deaths. An increase in deaths over last March was reported in 39 states.

The death rate for the first quarter of the year was 5.1 fatalities per 100 million miles of travel, an increase of 11 per cent over the first three months of last year.

The council said more than 350,000 persons suffered disabling injuries in the three-month period this year.

## Automated Shovel Will Gladden GIs

COLUMBUS, Ga. (AP)—The U.S. Army has come up with a successful device destined to gladden the heart of every infantryman—an instant foxhole.

To dig a proper foxhole in the past, a soldier needed a pick, shovel, stamina and sometimes a prayer. And there were reports that some GIs and Marines in a hurry dug sufficient holes with their bare hands.

A team from the U.S. Combat Development Command's infantry agency put the new development on display Wednesday at Ft. Benning.

The result may make it possible for a soldier to pick up a one-pound foxhole digger from the supply sergeant and take a rest while the things digs a hole for him.

### EFFECTIVE TOOL

What's more, says the Army, the hole can be dug in the hardest, rockiest ground.

The foxhole digger comes in two parts—the first part for blasting a small hole two inches in diameter and several inches deep. This is known as a pilot hole.

The second part of the device is placed in the pilot hole, a primer is set, and the soldier gets out of the way for about 30 seconds while a cratering explosion digs the foxhole.

The instant foxhole was developed at the Engineer Research and Development Laboratory, Ft. Belvoir, Va.

### BEST WORK

The demonstration showed the device works best in hard, rocky, clay-type soil or frozen ground. This is because dirt blasted from soft, loam-type soil

tends to cave in along the sides and the soldier has to pitch it out with a shovel.

Although the device still is in the experimental stage, it is expected to be tested in the field by troops beginning in October.

The instant foxhole varies from 20 to 36 inches deep and about two feet in diameter.

### Muskegon Bus Drivers

#### Call Off Strike Threat

MUSKEGON (AP)—City bus drivers called off a threatened bus strike Wednesday as they agreed to terms of a new one-year contract with Muskegon City Coach Lines.

Drivers and mechanics, who had set a Thursday strike deadline, accepted a five-cent-an-hour pay increase.

A vinyl-coated raincoat material has pores large enough to admit air but too small to admit water.

## Damages Found in Test Homes; 'Jets Not Cause'

OKLAHOMA CITY, Okla. (AP)—Some damage in test homes has been found since the Federal Aviation Agency began its sonic boom program here, but a spokesman said it is not believed that the trouble was caused by faster than sound airplanes.

In a report to the FAA Wednesday, two firms said they found cracked wall mirrors, an extended crack in wood trim and some missing grot. Four houses are used as tests.

The report said the damage was minor and was not believed due to sonic booms.

FAA has been conducting the sonic boom program since Feb. 3 to test reaction of people and property to the noise and vibration created by the aircraft.

## Beloved Educator Marks 91st Birthday

Samuel M. Dudley, one of Pontiac Central High School's best-loved teachers, observed his 91st birthday yesterday.

Although confined to his home, the former school principal and teacher in mathematics, is always happy to have friends and former students call, Mrs. Dudley said.

Mr. Dudley, whose teaching experience covered a period of 45 years, came to Pontiac in 1911 after teaching at Monroe and Birmingham a few years.

Mr. Dudley of 28 Augusta was principal of Pontiac Central High School, known then as Pontiac High School, for 11 years, and then dean of the junior college at the high school. He retired in 1941 after teaching here for 30 years.

In 1912 he organized and led the Pontiac High School Band. Four years later the band won its first state championship under his direction.

### OLD RULES

Mr. Dudley said he believes many of the old rules in teaching are essential today to make good citizenship. He regrets the lack of moral training.

"Teachers should learn to teach the important things in the school books, leaving out the unnecessary," he said.

"Students should be taught that it pays to be courteous; that to be kind is better than to be smart; and that to be a gentleman is worth more than a college degree."

"The successful teacher must be patient, courteous, sympathetic and able to fill the child's mind with a desire to learn. He must know how to get along with children."

### 80th BIRTHDAY

On his 80th birthday he was honored by more than 200 former pupils with a dinner at All Saints Episcopal Church. In 1939 he was elected the most popular member of the faculty by students.

During his earlier years Mr. Dudley was an active member of the Exchange and Gridiron clubs and First Presbyterian Church.

Many pleasant evenings are spent playing his cornet, with Mrs. Dudley accompanying him at the organ.

How does it feel to be 91? Mr. Dudley said "It feels good. Now I have lots of leisure to read the books I never had time to read before."

The nation's two newest states, Alaska and Hawaii, prohibit the death penalty for crimes.

S. M. DUDLEY

## OU to Prepare High Schoolers for College Life

A three-week study center, designed to bridge the gap between high school and college, will be held at Oakland University, July 28-Aug. 7.

Registrations for the pre-college study center are now being handled by the OU Division of Continuing Education.

Object of the center is to improve study skills, increase reading speed and comprehension, teach note-taking and develop special skills such as use of the library.

Three enrichment courses — science, mathematics and composition — will also be offered during the three weeks.

Resident students will live in OU dormitories, living like college students for the three weeks.

Harold J. Abrams, special education consultant, Oakland Schools, will head the study skills center.

## Conference Likely on Education Bill

LANSING (AP) — A bill abolishing the State Board of Education and the office of Superintendent of Public Instruction appeared headed for a House-Senate conference committee today.

On a 50-50 vote, the House refused Wednesday to concur in the proposal as passed by the Senate, adding another amendment of its own.

The bill implements the new constitution by wiping out the present four-member board of education and the elected office of state school chief.

## Doctors Get Warning on Marital Test

DETROIT (AP)—A Saginaw specialist warned doctors Wednesday that the law makes more than a blood test necessary in premarital examinations, and if they do no more they're laying themselves open to a malpractice charge.

Dr. M. B. Goldberger told a convention of Michigan Association of Osteopathic Physicians and Surgeons that a blood test rules out only syphilis, but state law requires examination for gonorrhea and chancroid as well.

"The penalty for certifying a person without examination is 90 days in jail or \$100 fine," he said, adding that "should one person contract a social disease from the other, the certifying doctor is liable for malpractice."

He suggested that the law, although written to control spread of disease and protect the newly born, should also be used for premarital counseling.

### SAGINAW HOSPITAL

Dr. Goldberger is chairman of obstetrics and gynecology at Saginaw Osteopathic Hospital.

Dr. Raymond D. Forsyth of Detroit, physician for the professional basketball Detroit Pistons, told his fellow osteopaths that more thorough examinations are needed for high school athletes.

"Coaches," he said, "will ask you to run through about 40 athletes in an hour so they can get out on the playing field and they don't want you to flunk anybody."

"Hurried and superficial examinations do not weed out those youngsters who should not participate in contact sports because of physical defects or improper mental attitude."

## Barnett, Bias Foe to Speak at Albion

ALBION (AP) — A segregationist former Mississippi governor and the national chairman of a civil rights group will be among speakers at a forum on "Freedom and the American Negro" next Tuesday.

Former Mississippi Gov. Ross Barnett will address a morning session of Albion College's 13th annual Freedom Forum and Floyd B. McKissick, national chairman of the Congress on Racial Equality, will appear at an evening session.

Appearing with McKissick will be William F. Buckley Jr., conservative writer and editor-in-chief of National Review Magazine, and Dr. John Morsell, assistant to the executive secretary of the National Association for the Advancement of Colored People.

### To Urge Bell Ringing During July 4 Fete

LANSING (AP)—Gov. George W. Romney says he will urge mayors and county clerks to join in a "Let Freedom Ring" observance when bells will be tolled throughout the state on July 4.

Romney says the bell-ringing is part of a nationwide observance to focus attention on the significance of the holiday.

### Topic: U. P. Women

MARQUETTE (AP) — Upper Peninsula civic leaders will confer May 16 on the status of Upper Peninsula women in the work force, public, civic and community affairs. Assistant Secretary of Labor Esther Peterson will be keynote speaker at the all-day conference at Northern Michigan University.

# Defense Dept. to Tell Subjects of Lie Detector Devices

WASHINGTON (AP) — The federal government has given way to the pressure of a congressional subcommittee and made a vital change in its use of lie detectors. But the subcommittee clearly wants more. The first fruit of an investigation

by a House Government Operations subcommittee came when the Defense Department agreed to begin letting subjects know about any two-way mirrors or hidden microphones used in a lie detector test.

Rep. John E. Moss, D-Calif., chairman of the subcommittee, made the announcement Wednesday. He and other members of the subcommittee had asked the Army to change its ways.

In a hearing several weeks ago, Rep. Henry S. Reuss, D-

Wis., developed testimony that the Army has special lie detector rooms, sometimes equipped with two-way mirrors and hidden microphones.

## AWARE OF MONITORS

Maj. Gen. Ralph J. Butcher, the Army's provost marshal

general, said there was no reason to tell soldiers about the mirror and microphones because they all know "they are being monitored and big brother is watching."

But Reuss believed that the

constitutional rights of the subjects were being violated and, at least, the men should be advised about the monitoring.

The Army finally agreed.

But the subcommittee, while appreciating the Army action,

appears to want far more action by the federal government.

It is understood that once its hearings are over, members of the subcommittee plan to issue a report demanding appointment of an interagency committee to set new minimum standards for operators of lie detectors and to limit their use to a few special situations.

ATTACK CLAIMS

Ammunition for this report came Wednesday when the subcommittee heard four psychiatrists and psychologists attack the scientific basis for the present use of lie detectors and to suggest far higher standards for the operators of the machines. The subcommittee planned to collect more evidence from them today.

Many lie detector operators in the federal government administer the tests and interpret them after as little as six weeks training.

Dr. John I. Lacey, a professor of psychophysiology at Antioch College in Yellow Springs, Ohio, said he allows nurses, X-ray technicians, and college graduates to operate the machines in his laboratory only after at least six months training "and I would not be comfortable for them to read the data after three years training."

## Supervisors' Ways and Means Committee

# City Not Represented on County Fund Unit

Appointments to committees of the Oakland County Board of Supervisors for the next 12 months have left Pontiac without representation on the important ways and means committee, perhaps for the first time.

This is the committee that pretty much determines by its recommendations how county funds will be spent.

Pontiac, as largest city in the county, contributes about 16 per cent of these funds through taxes. This is more than any other single community in the county pours into the county's coffers.

The absence of any Pontiac supervisor on the ways and means committee resulted when Board Chairman Delos Hamlin failed to reappoint Clare Cummings.

Hamlin said he couldn't keep 78-year-old Cummings on ways and means with no assurance that he will be returned by the new City Commission as a supervisor from Pontiac.

## EXPERIENCE NECESSARY

While Hamlin left several vacancies on lesser committees to be filled later by supervisors appointed from Pontiac, he said he couldn't do this on ways and means because of the experience in county affairs required to serve on this committee.

Ways and means was expanded from seven to nine members. Added were C. Hugh Dohany, Southfield supervisor; Charles B. Edwards Jr., Madison Heights supervisor; and Fred L. Vockey, Huntington Woods supervisor.

Returned to the committee were Chairman David Levinson, Birmingham; Springfield Township Supervisor John L. Carey; Harry W. Horton, Royal Oak; Thomas O'Donoghue, Ferndale; Oakland Township Supervisor Frank J. Voll Sr.; and Addison Township Supervisor Frank F. Weber, who also is chairman pro tem of the board.

The new appointments diminished township representation on ways and means.

## TWO TO ONE EDGE

Previously, three of the seven members were township supervisors while the other four were from cities. Now the township leaders are outnumbered two to one.

New members appointed to other committees include:

White Lake Township Super-

visor Edward Cheyz to buildings and grounds, succeeding Delos Hamlin; to aviation committee, Arthur T. Laurie, supervisor from Royal Oak, and Robert J. Turner, supervisor from Ferndale.

Edwards Kennedy, Royal Oak Township supervisor, and Robert F. Patainea, supervisor from Royal Oak, to juvenile affairs committee.

## OTHER POSITIONS

To legislative committee — William L. Mainland, supervisor from Milford, Alexander C. Perinoff, supervisor from Southfield, Vernon B. Edwards from Keego Harbor and John S. Slavens, Pleasant Ridge.

To roads and bridges committee — Chairman Willis M. Brewer, supervisor from Syl-

van Lake, and Vincent Mc-

Arvey, supervisor from Troy.

Appointed to the board's new special home rule study committee were John B. Osgood, chairman, from Royal Oak; James F. Carey of Troy; San-

land; Ralph S. Moore, Berkley; and citizen members John H. King and Harriett Phillips.

Wallace B. Hudson, supervisor from Troy, is new chairman of the aviation committee, succeeding Edwards.

Those serving on ways and means aren't members of other committees.

van Lake, and Vincent Mc-

Arvey, supervisor from Troy.

Appointed to the board's new special home rule study committee were John B. Osgood, chairman, from Royal Oak;

James F. Carey of Troy; San-

land; Ralph S. Moore, Berkley;

and citizen members John H. King and Harriett Phillips.

Wallace B. Hudson, supervisor from Troy, is new chairman of the aviation committee, succeeding Edwards.

Those serving on ways and means aren't members of other committees.

Van C. Feuts, Hazel Park supervisor, is new chairman of equalization committee, and Brandon Township Supervisor Alex Solley of civil defense committee.

Vacancies were left for Pontiac supervisors on the civil defense, drain, aviation, tuber-

culosis sanatorium and use of downtown courthouse property committees.

City attorney William Ewart was returned to the legislative committee despite the fact he hasn't attended meetings for the past several months and is likely to retire soon.

## Californian Gets State Health Post

LANISING (AP)—Gov. George W. Romney's office said today he will appoint Dr. Robert Kimich of San Francisco as Michigan's long-sought director of mental health. He will take over July 1.

The appointment of the 43-year-old psychiatrist ends an 11-month search for a head of the newly reorganized State Department of Mental Health.

The legislature is expected to approve a \$30,000 annual salary for the job, a boost of \$6,000 over the present pay.

Charles Wagg, who has been acting director, is expected to revert to civil service status as an administrator. The reorganization called for the department chief to have a medical background, rather than an administrative one as Wagg had.

## EXPECT RESIGNATION

Kimich is expected to submit his resignation today as head of the City-County Mental Health Department at San Francisco, a post he has held since 1960.

A graduate of Indiana University, he headed a territorial hospital in Hawaii and was medical superintendent of a mental hospital in Stockton, Calif. He is married and the father of four children.

## Junior Editors Quiz on PRIMARY COLORS

**QUESTION:** How are the other colors made from the three primary ones?

**ANSWER:** There are two sets of primary colors which work differently. The primaries of light rays, the kind of color we see in the rainbow, are shown at top; they are red, green and blue.

If you were in a lightproof room and had three flashlights one covered with red cellophane, the others with green and blue, you could throw a spot of red light on a white screen, cover it with a spot of green, and the two would make a light yellow. Put together, all these colors would make white.

When you come out of the dark room and start mixing paint made from pigments the three primary colors are red, yellow and blue.

The other colors are made by mixtures as shown in our picture. Mix all these colors together and you get, not white, but a dirty, dark, muddy color.

The colors connected with arrows are called "complementaries." For example, red is the complementary of green. When you put touches of these complementaries side by side they sparkle and they increase in brilliance. Mix equal parts of red and green and you get ugly mud; but mix a touch of green into red and you get a beautiful soft red. This will work with the other complementary pairs.

**FOR YOU TO DO:** Get red, blue and yellow poster paint and make the color wheel; then experiment with the complementaries. What is the cross Phyllis is pointing to? It's the mixture of red and violet, or red violet. Try other mixes of this kind, like yellow green, the complementary of red violet.

## U.S. Amusements in Cuba for First Time Since 1961

HAVANA (AP)—Prime Minister Fidel Castro's government has eased its ban on American jazz, movies and plays—and the Cubans are going wild about them.

The other night, 4,000 university students yelled, whistled

and clapped in a public square when the "Free Jazz Group" played such oldies as "Caravan" and "Something Easy." It was the first time since the end of 1961 that such a thing has been permitted in this Communist country where just humming an American tune was once considered an revolutionary.

You can even buy American books now, but people are afraid it won't last.

**LAST CHANCE**

"I bought every book I could," said one young man coming out of a book store. "This may be my last chance."

There seem to be two main reasons for the liberalization:

People were openly grumbling about the drab lives they were leading and the lack of good entertainment. Even the controlled press complained. —Cuba now has more dollars

to spend because the world price of sugar has risen and Cuba is getting money from such countries as Japan and Spain.

### PERMISSION ONLY

The government is giving private showings of new American films for people who can pass a strict screening. Viewers have to get permission from just about everyone including the trade union to which they belong.

Cuban television has started to show some of the same old movies that U.S. viewers see late at night.

Baseball recovered its predominant status after the government failed in efforts to replace it with soccer. Havana papers still do not print news of the U.S. major leagues or the names of Cuban players in the United States.

The Voice of America and Key West and Miami radio stations are jammed. Transmissions from other places in the United States are easily heard, however.

The movies available to the public were imported in 1960 or earlier. Movie-starved Cubans flock to see them.

# Wallace, Bishop Sheen to Testify on Public School Prayer

WASHINGTON (AP) — Gov. George C. Wallace of Alabama and Bishop Fulton J. Sheen of New York head the witness list today at House hearings on the use of prayers in the public schools.

They'll appear before a House Judiciary Committee that has been accused of stalling in the hearings by Rep. Frank J. Becker, R-N.Y., chief sponsor of a proposed constitutional amendment to permit school prayers. Bishop Sheen is auxiliary bishop of the Roman Catholic archdiocese of New York.

Becker, who pressed Chairman Emanuel Celler, D-N.Y., for hearings for nearly two years, said Wednesday he will insist the hearings end May 14.

That was the date originally announced by Celler for ending the hearings, but the slow progress of the sessions so far has thrown the schedule badly out of kilter.

Lengthy testimony by witnesses and equally long questioning by members caused the committee to put off eight witnesses who had been scheduled to testify Wednesday.

They have been asked to return later, although no hearings have been announced beyond May 14, and the witness list still then is full.

It was 5:30 p.m. before the committee finished with witnesses who had been scheduled for the morning session Wednesday. They were Edwin A. Tullett and Charles H. Tuttle, representing the National Council of Churches, who opposed any changes in the constitution and also opposed school prayers.

Becker, sitting in on the hearings although not a member of the committee, said he had asked only six witnesses who supported his case while Celler had invited scores of opponents from all over the country.

**LAWYERS TO DECIDE?**

"I waited 22 months for hearings," he said. "These hearings don't have to be long. It's a constitutional question and you lawyers on the committee could decide it right now."

Becker's comment caused one of his committee supporters, Rep. Basil L. Whittier, D-N.C., to object. "Lawyers who are worth their salt shouldn't be rushed into amending the constitution," he said.

Becker said later that unless the hearings are ended by May 14 he will denounce the committee in a House speech and ask members to sign a discharge petition that would take his amendment away from the committee and bring it directly to the House floor for a vote.

# Report Cong Slaying of Women, Children

SAIGON, South Viet Nam (AP) — Communist guerrillas killed six women and five children in a bloody ambush in central Viet Nam last weekend, American sources reported today. Twenty-one women were wounded.

Two American Special Forces men who helped fight off the knife-wielding Viet Cong have been recommended for the Silver Star, the sources said.

A three-truck convoy was moving from An Khe to the Special Forces camp of Plei Ta Nangle in Binh Dinh Province when it was stopped by heavy machine-gun fire.

Traveling in the trucks were a few Vietnamese Special Forces men, the two Americans and about 40 women and children.

**CHARGE VEHICLES**

The Viet Cong rushed the vehicles, brandishing pistols and knives. A Vietnamese sergeant major, his wife and two children were slain in the front seat of the lead truck.

Passengers in the backs of the trucks covered as the guerrillas leaped among them, demanding to know who they were.

One man said he was a civilian tailor at Plei Ta Nangle camp. He was spared. But the guerrillas slaughtered a man who said he was the camp cook.

Several of the Vietnamese troops also were killed or wounded.

The two Americans were traveling in the second truck and kept the Viet Cong off for some time by firing at them.

PARIS (AP) — U.N. Secretary-General U Thant said Wednesday he did not believe military means can solve the Viet Nam problem.

"The problem in Southeast Asia is not essentially a military one," Thant told a journalists' luncheon, "but rather it is essentially a political problem, and only political and diplomatic means, in my opinion, can solve it."

Thant said a military approach failed to solve the Viet Nam problem in 1954 and he doesn't think military means can solve it now.

France was driven from Viet Nam in 1954 after nine years of war against guerrillas led by the Communists.

BORN AT SEA—Cuban refugee Andres Megias holds his baby daughter born yesterday in an open boat with 10 persons escaping Cuba. The party was picked up by a British frigate which landed them near Miami. At right is U.S. immigration officer Peter Moreno.

AP Photo

**PAYING PENALTY**—A traffic violator in Santa Monica, Calif., Diane Seidl, helps with parking meter collections yesterday while wearing a sign as part of her sentence from Municipal Court. Judge W. Blair Gibbons gave her an alternative of five days in jail and \$122 in fines. The judge is well known for novel penalties.

## Star Absent; Ticket-Taker Takes the Part

ATLANTA, Ga. (AP) — The understudy who took over for the star and won immediate acclaim is an old story, but Patti Hitz has added a new twist.

The 18-year-old high school pupil was a ticket-taker at a local playhouse until Wednesday night. She had never acted before and had never rehearsed the part. But she took over the lead in "Baby Doll" when the star, Martha Ashton, was called away by a death in the family.

Miss Hitz said she was confident she could play the part because she had seen the show so many times. She's scheduled to be back tonight.

70 Million Expected at Largest Extravaganza

# World's Fair Exhibits Unusual, Extraordinary

(EDITOR'S NOTE — This article is another in a series on the New York World's Fair. It is prepared and written by the Automobile Club of Michigan.)

The New York World's Fair is a billion-dollar show, by far the largest extravaganza of all time.

Never before has so much money and energy been expended to create so many unusual and extraordinary exhibits, said Jerry E. Fisher, Automobile Club of Michigan touring manager.

Over 70 million persons are expected to visit the fair during its two-year run—some 35 million each year. This is a sizable group, but there's one consolation, Fisher points out—all won't be there at the same time.

The fair closes Oct. 18 and will reopen in 1965 between April 21 and Oct. 17.

"Peace Through Understanding" is the theme. The fair's opening coincided with the tercentenary of the incorporation of New York City.

## MAN'S DIVERSITY

But like New York itself, the fair is a celebration of man in his infinite diversity. To these ends, 58 nations, 26 states, 80 industries and 300 companies have erected 150 pavilions to display their heritage, culture, present products and hopes for the future.

They spread across the 646 acres of the fair site, also the location of the 1959 World's Fair.

The fairgrounds itself is divided into five sections, international transportation, federal and state, and lake amusement area.

## CENTRAL MONUMENT

Centerpiece of it all is the Unisphere, the 165-foot-high globe of stainless steel. Affixed to its massive hoops are the continents and islands of the earth.

Circling it are the orbits of whirling satellites. A network of waterways, promenades and parks with spectacular fountains separates the pavilion areas.

The emphasis everywhere, Fisher said, is on information and exhibits that entertain. Gone are the days when exhibitors could expect to attract any large segment of the public to static displays of machinery, furniture, or charts and graphs.

Not quite the whole world is compressed into the 10-acre international area, but the pavilions of the nations represent make up a good cross section. The countries bring to Flushing Meadow their local customs, cuisine, characteristic architecture and national treasures.

## 200 INDUSTRY FIRMS

In the industrial area surrounding the Pool of Industry are 200 firms, represented by 35 pavilions, Fisher said. Thirty

house single concerns. The pavilion of American Interiors, the House of Good Taste, the Better Living Building and the Hall of Education are used by multiple exhibitors.

The transportation section extends across 60 acres. Here are located the offerings of the auto industry's Big Three—General Motors, Ford, and Chrysler, six acres.

The federal and states area contains exhibits of 24 states, New York City and the federal government.

In the Florida Pavilion, trained porpoises cavort; Texas presents a 90-minute musical.

## LARGEST, COSTLIEST

Largest and costliest of the state representations is New York's, with one of its three towers 200 feet high.

The Federal Pavilion, in Federal Circle, is based on the theme, "Challenge to Greatness." It presents the story of democracy in a striking steel and glass structure raised on four steel columns.

## Area Steel Firm Sets Expansion

\$20-Million Program Planned During 1964

DETROIT (AP) — McLouth Steel Corp. plans a \$20-million expansion and improvement program for the current year. This was announced Wednesday by Chairman Merlin A. Cudlip, who said approximately two-thirds of the investment would be made at the company's plant in suburban Trenton.

Approximately \$4.5 million is to go into a recently announced mining and beneficiation operation of the Negaunee Mine Co. and into joint construction of a pelletizing plant at Pioneer with the Cleveland-Cliffs Iron Co. Both these are located in Marquette County.

A new \$5-million oxygen-making facility is among construction projects mapped for the Trenton plant.

The company reported profits of \$4.5 million for 1964's first quarter, a seven per cent increase over those for the same 1963 months.

The average teacher will earn \$5,837 this school year, a recent survey by School Management Magazine shows.

There are no girle shows and no midway in the lake amusement area, but there are such attractions as the John Ringling North World's Fair Circus, a \$2-million musical extravaganza; Dick Button's "Ice-Travaganza," and "To Broadway with Love," a 90-minute musical review of a century of American musical comedy.

There are a variety of ways to get about the fairgrounds, Fisher said. One of the best is the Glide-a-Ride, which looks like a spanking new version of the surrey with the fringe on top. Sixty-two of these 60-passenger, open-air vehicles will be scooting around the fair,

taking tourists on sightseeing trips.

The "taxi of tomorrow," The Escorter, is still another way of getting about. This four-passenger vehicle with a chauffeur in the rear provides a more intimate tour of the fair.

Another hint of the future is the monorail, 48 feet above the ground that will make a mile-long loop around the lake amusement area.

The two-car trains will give you the well-known bird's eye view. The 80-passenger trains are almost noiseless and vibration free, and you'll just hang there, like a cocoon in a tree, while the world whizzes by.

In the near future, one may be speeding you around your local shopping center, in and out of congested cities or to and from airports.

## TOMORROW'S TRANSPORTATION

Still another taste of tomorrow's transportation is the hydrofoil boat that will attract its share of fair visitors. The boats in the fleet look a bit like old Roman galleys without oars, but they operate on the same principle as airplanes.

When the boat engines reach a certain speed, up goes the boat and you're flying across the East River.

The trip is noiseless. Moreover, there's a guarantee that you won't get seasick!

For those who want to stay on terra firma, Walking Guide Service also is available.

All in all, the fair is quite an undertaking to visit. It's been estimated that it would take 12 days to see everything the fair has to offer.

Perhaps the most welcome place on the grounds is the Simmons Beautyrest Center. The top two floors of this building house 46 "rest alcoves"—private roomettes that are rented to footsore fair visitors for half-hour naps.

Since 1898...  
Symbol of American Free  
Enterprise in the Field of  
Business Education

For well over a century employers have turned to the business school as their chief source of supply for office personnel.

Pontiac Business Institute has the special equipment, the experienced teachers, the "know-how," the placement service—all the facilities for maintaining a steady flow of well-trained assistants into the channels of business.

## Poverty War Tied to Election

Rocky Back's Plan,  
Calls It Long Overdue

BECKLEY, W.Va. (AP) — Gov. Nelson A. Rockefeller endorsed the Johnson administration's War on Poverty in the Appalachian area today, but complained it was long overdue.

"It seems that the interest of the Democrats in the future of West Virginia reaches its peak when a national election is close at hand," the New York governor asserted.

While supporting the basic goals of the antipoverty plan now pending in Congress, Rockefeller said it was "important that the states 'play a full role with the federal government so as to prevent the program from becoming a football of self-perpetuating Washington bureaucracies.'"

The governor commented in a speech for a luncheon rally.

### SHIFTS CAMPAIGN

He shifted his campaign for the Republican presidential nomination to West Virginia after winding up a three-day tour of the West Coast last night.

Earlier in the day, he delivered another sharp attack on Sen. Barry Goldwater, his only opponent in the California primary.

In a television interview Wednesday the governor said Goldwater "certainly isn't a Republican" when his votes are compared with positions in the GOP's 1960 platform.

Rockefeller cited Goldwater votes against civil rights legislation, the nuclear-test ban treaty, federal aid to higher education and medical care for the needy aged.

### ECONOMIC WOES

In today's speech Rockefeller dealt exclusively with economic problems of West Virginia and the rest of the Appalachian area.

Rockefeller said a Democratic campaign promise of 1960 was to deal with West Virginia's problems as "a first order of business."

"What happened?" the governor asked. "Virtually nothing. Despite these campaign promises, no effective over-all program to spur economic growth in the region was initiated."

## Hijackers Get Silver Bullion in Chicago

CHICAGO (AP) — Three robbers hijacked a truck loaded with nearly three tons of silver bullion valued at \$75,000 to \$100,000 Wednesday.

The truck driver, Salvatore Lavalle, 50, who was held captive by the robbers for nearly two hours, was within a few blocks from his destination when he was met by the hijackers on the South Side.

The 75 bars of silver were to have been delivered to a plant of the National Lead Co. The silver had been shipped from the U.S. Metals Refining Co., Carteret, N.J.

Lavalle said the three armed men forced him out of the truck as he waited at a traffic signal, threw a bomb over his head and shoved him into an auto. Lavalle told police he was driven around for more than an hour and released. He was unharmed.

Police later recovered the empty truck.

Research now is being conducted to find out if the lifespan of dogs has increased possibly in proportion to that of human beings. New nourishing foods, modern veterinary skills, drugs and treatments allow many dogs to live 13 to 16 years when they formerly would have died at 8 to 10.

AP Photo

JUDGE SENTENCED—Melvin H. Osterman, ousted judge of New York's State Court of Claims, was sentenced yesterday to a year in prison for his admitted conspiracy to bribe Martin C. Eppstein, former head of the state's liquor authority.

## Barry Blasts 'War' Policies

Raps Poverty Fight,  
Viet Nam Strategy

WASHINGTON (AP) — Sen. Barry Goldwater says the United States is at war in Viet Nam as well as with poverty, and he doesn't like the Johnson administration's handling of either battle.

The Arizona Republican said Wednesday the United States faces "slow defeat" in Southeast Asia unless a more aggressive strategy is employed, leading to the cutting off of Communist supplies and the destruction of rice and opium crops in North Viet Nam.

As for the President's war on poverty, Goldwater called it a "Santa Claus of the government handout."

Goldwater, seeking the Republican presidential nomination, wound up his one-day Southern California campaign in Los Angeles County with a Republican rally in San Fernando Valley Wednesday night.

### TOUGHER STRATEGY

Goldwater said his tougher strategy in Viet Nam would not involve bombing Vietnamese or Vietnamese cities.

"It could mean messing up some roads, hitting some depots, and stopping some shipping," Goldwater added. "This means threatening or actually intercepting the supply routes from Red China, Laos, and Cambodia."

Goldwater said North Viet Nam rice crops could be destroyed, as well as the opium crop "upon which North Viet Nam bases a good part of its foreign exchange."

He did not say whether he recommended the use of U.S. forces in this action.

### MAKE THE POINT

But he later softened the proposal, saying the mere threat of destruction might be sufficient. "If not, it might require only very limited anticrop action to make our point," he added.

Research now is being conducted to find out if the lifespan of dogs has increased possibly in proportion to that of human beings. New nourishing foods, modern veterinary skills, drugs and treatments allow many dogs to live 13 to 16 years when they formerly would have died at 8 to 10.

# Scranton Predicts Trouble for Democrats in His State

PHILADELPHIA (AP)—Pennsylvania Gov. William W. Scranton, taking note of Tuesday's primary election in his state, predicts trouble for Democrats in Pennsylvania next November.

He said "It is quite clear the Democratic party is broken to pieces" in Pennsylvania. He added that President Johnson will have "a hard time in his own party" in Pennsylvania next November because of an

"internecine fight of major proportions."

The governor, at a news conference Wednesday, also repeated that he is not a candidate for the Republican presidential nomination, despite the write-in vote of more than 220,000 votes—a new state record—he received. He said the vote did not change his stand "one iota."

He based his prediction of Democratic troubles in November on the close race between State Supreme Court Justice Michael A. Musmanno and Gen-

evieve Blatt, state secretary of internal affairs, for the Democratic nomination for U.S. Senate. Miss Blatt is holding a slim lead. The outcome will have to await the counting of some 10,000 absentee ballots early in May.

## SURPRISED BY TOTAL

Scranton expressed surprise at his write-in total, which topped a previous state high of 163,073 votes recorded by the late President John F. Kennedy in 1960.

The governor said he guessed

his total might reach 40,000; his wife, Mary, guessed 67,000.

The governor will go to the Republican National Convention in San Francisco in July with 82 of the state's 84 delegates pledged to him as a favorite son.

Second only to Scranton's total was the write-in vote for Ambassador Henry Cabot Lodge who polled almost 80,000 votes. His showing was more than double that of Richard M. Nixon, former vice president, and Sen. Barry Goldwater, Arizona Republican. The only two dele-

gates elected by Republicans in the state not pledged to Scranton as a favorite son are Goldwater men.

But it was the battle by Miss Blatt against the Democratic organization which attracted the most interest in the state.

Miss Blatt's showing in the Democratic senatorial race also added stature to Sen. Joseph S. Clark, D-Pa., who encouraged her to back the organization. Musmanno, a Pittsburgh resident, attributed the closeness of

the race to "that vicious, slanderous campaign of Clark." He said "a lot of the material that Clark used came from Scott."

Incumbent Sen. Hugh R. Scott, Republican, had no trouble winning renomination, soundly defeating W. Henry MacFarland, a fellow Philadelphian, by a margin of almost 8-1.

With all but 19 of the state's 9,261 precincts reported unofficially, Miss Blatt led Musmanno—454,020 to 450,566.

But there are perhaps as many as 10,000 absentee ballots to be counted and they won't be touched until May 8.

## Sellers Will Remain

### in Hollywood Hospital

HOLLYWOOD — British actor Peter Sellers, who suffered an almost fatal heart attack April 6, will stay in Hollywood's Cedars of Lebanon Hospital a few more days.

## Delay in Massachusetts Won't Hurt Lodge Total

BOSTON (AP)—It may take another day or two before the long, slow count of the Massachusetts presidential primary is finished and final, unofficial tabulations are complete.

Counting will resume today in many communities which quit tabulations election night.

However, the further counting is not expected to make any marked change in the results of the write-in preferences for president in which favorite son candidate Henry Cabot Lodge rolled up a huge margin among Republicans.

President Johnson wasn't far behind, getting a strong vote from the Democrats.

In returns from 1,579 of 1,764 precincts, Republicans gave Lodge 66,509; Goldwater 8,703; Nixon 5,150; Rockefeller 2,279 and Smith 376.

The Democrats gave Johnson 51,082; Robert F. Kennedy 13,037 and Lodge, the Republican, 2,504.

The counting also won't produce any consequential change in the selection of Democratic delegates.

But on the Republican side, the tabulation of delegate votes in New Bedford, scheduled for today, should decide a three way contest between states favoring Lodge, for Goldwater, and independent.

The candidates in the 12th district are Raymond Tschuen and Donald P. Tulloch, regarded as favoring Lodge; Donald W. Nicholson and Howard W. Young, aligned with the Goldwater forces; and Allan F. Jones and Alfred R. Strigley, running as uncommitted.

## RETURNS MISSING

Returns on the statewide candidates for delegate at large

were missing from towns scattered across the state where election officials gave up tabulations with announcements they would resume the count today or Friday. The complexities of the ballot were too much for them to cope with.

The ten statewide delegates elected by the Republicans favor Henry Cabot Lodge for the GOP presidential nomination, as do 19 of the district delegates. Three Republican delegates favor Sen. Barry Goldwater, R-Ariz., for the nomination.

## U.S. Japan Aide May Be Suffering From Hepatitis

HONOLULU — Edwin O. Reischauer, U. S. ambassador to Japan who came to Honolulu to recuperate from a stab wound, is ill and may have hepatitis, a liver ailment.

A statement issued by Trip-ler Army Hospital said "preliminary laboratory studies to pinpoint the cause of continuing fever and fatigue have led to a presumptive diagnosis of hepatitis."

Further tests will be made, the hospital said.

Reischauer, 53, flew to Honolulu April 18 after he was released from a Tokyo hospital, where he was treated for knife wound in the right thigh. He was stabbed by a mentally unbalanced Japanese youth. The ambassador entered Trip-ler Hospital April 21.

**Q. Which motor oil is "right" for all seasons?**

**Q. Which motor oil exceeds quality requirements to meet all car manufacturers' oil change interval recommendations?**

## H-H-S BUDGET BUYS

### THE PROOF OF A VALUE IS MORE THAN JUST THE PRICE . . .

Our Budget Buys are selected because they give you more for your money than you'd normally expect—for it's what you get for your dollar that proves a value. We select each Budget Buy very carefully; many are made to our exacting specifications. Take a moment to read exactly what these Budget Buys mean to you.

- It means low prices; lower than we normally carry.
- It means good quality; better than you'd expect at the price.
- It means top value; value that just can't be surpassed.
- It means satisfaction in fit, wear; in every respect.
- It means fresh, new apparel in full selection.
- It means no charge for alterations.

And it means you'll buy it in a store you know and trust—where you can be sure of quality, of origin, of satisfaction, not just when you buy, but after your purchase, too. It means full selections and complete size ranges. It means proper fit by trained clothing experts and courteous attention. Look at the Budget Buys below. Shop them, compare them, see if you can match them, and remember: You can charge them, too.

# Plan School Budget Drive

## Seek Balance for Next Year

Huron Valley District to Vote on Mill Issue

MILFORD.—Huron Valley school officials will begin their campaign for a balanced budget next week.

The ability of the district to match its expenditures and revenues during fiscal 1964-65 will be based on the success of a millage renewal proposition at the polls June 8.

Board of education members are asking that a 5-mill levy due to expire this year be extended.

Beginning next week, they will visit all PTA groups in the district to present their package of needs.

The first such session will be held at 7:30 p.m. Wednesday at Johnson Elementary School.

NOT DETERMINED  
The board has not yet determined how long it will ask that the levy be extended.

Currently school taxes total \$2.53 mills. The figure includes \$2.33 mills allocated by the county, eight voted extra for operations and 7.5 for debt retirement.

Schools Supt. Erwin M. Johnson estimated the five mills would net \$37,500.

Total revenue for the year is expected to be \$1,784,040, if the millage renewal is accepted by the electorate.

COSTS PAID  
"We are shooting to balance the figure," Johnson said. "We have pared down costs here and there to cut them as much as possible."

The list of anticipated expenditures includes instruction, \$1,251,004; plant operation, \$188,566; transportation, \$136,017; administration, \$76,237; plant maintenance, \$37,511; capital outlay, \$24,314; fixed charges, \$14,216; attendance, \$10,661; health service, \$1,800; and community services, \$2,400.

If approved by the county allocation board, the tentative budget will be submitted to district residents at a public hearing late in May.

## Probation Violation Brings Prison Term

A 17-year-old youth who violated terms of a probation arising from a burglary conviction was sentenced yesterday to 1½-15 years in prison by Oakland County Circuit Court Judge Frederick C. Ziem.

Christopher Jones, 8165 Willow, Union Lake, was sent to Southern Michigan prison at Jackson.

Jones, who last year admitted a night break-in at Rose Rumbler, 2145 Commerce, Union Lake, on Sept. 23, served 60 days in the county jail as part of a three-year probation sentence.

April 27, Jones pleaded guilty before Circuit Court Judge James S. Thorburn to taking part in the March 4 theft of a new car from Tom Bohr, Inc. Milford Ford dealer.

COMING TO AREA CHURCH — The nationally known Bishop's Company of California will stage George Bernard Shaw's "Saint Joan" Wednesday at University Presbyterian Church, 1385 Adams, Avon Township. Curtain time is 8:15 p.m. for the stirring drama re-

volving around the life of Joan of Arc, a simple farm girl who listened to God's command. Tickets can be purchased by sending a check and self-addressed envelope to Mrs. Avery Mueller, 345 Hillview, Rochester.

## Pick Sheriff to Head Animal Care Week

Sheriff Lester A. Almstadt has been named Macomb County chairman for the golden anniversary of Be Kind to Animals Week which opens Sunday.

"All we are trying to sell is kindness — in terms of animal care and protection," Sheriff Almstadt said.

"We want to give everyone the opportunity to learn about the services offered to Macomb County Humane Society. There are many subsidiary benefits which accrue to every person in the county, whether or not they are pet owners," he said.

Several Macomb County churches are expected to mark next Sunday as Humane Sunday with special sermons calling attention to the 50th national Be Kind to Animals Week.

The society will place posters in all public government buildings, schools and stores throughout the county next week calling attention to the slogan, "A

## PTA in Walled Lake Will Hold Annual Fair

WALLED LAKE — The annual PTA fair of Walled Lake Elementary School will be held from 5 to 9 p.m. tomorrow.

The highlight of the PTA fair will feature a white elephant sale, booths of handicrafts, refreshments and a variety of games.

Time for Kindness." They are not dated and may be displayed all year.

Also the society has available pamphlets dealing with the care and feeding of just about any type of animal. They will be supplied free to anyone requesting them by writing to the society at 5166 Wilby, Utica.

Presently the society is engaged in a fund drive to build a shelter for animals on its new six-acre site in Shelby Township on 22 Mile, a half mile east of Van Dyke.

Cash or checks, made payable to the society, may be mailed to the above address or to 275 Benjamin St., Romeo.

## Christ Lutheran in Milford

## Plan Dedication Week for New Church

MILFORD—The congregation of Christ Lutheran Church will begin a week of dedication services with three ceremonies at the new church Sunday.

Rev. Donald E. Simon, pastor of Christ Lutheran, will preach at the 10:30 a.m. dedication service.

Speaker at the 3 p.m. festival service will be Rev. W. Harry Krieger, president of the Michigan District of the

Lutheran Church, Missouri Synod.

Liturgist will be Rev. Lawrence A. Kinn, pastor of Walled Lake's St. Matthew Lutheran Church and counselor of the Pontiac circuit.

A vesper service will be held at 7:30 p.m. with Rev. Emil H. Voss, chairman of the Michigan District Mission Board and assistant pastor of Holy Cross Lutheran Church in Saginaw, as guest speaker.

Rev. William C. Grafe, pastor of St. Mark Lutheran Church in Union Lake and former Milford vicar, will serve as liturgist in the evening.

The new church is a two-level masonry building overlooking the Huron River. It replaces a small wooden frame structure on the same site, at 620 General Motors.

With a seating capacity of 300, the nave is designed with a northern exposure consisting almost entirely of glass.

The lower level, which will serve for Sunday school and fellowship purposes, has a ground level entrance from the river with the northern exposure also of glass.

ALL INVITED

The entire community will be

## Scout Unit Elects New Officials

Jack C. Frost of Independence Township is the newly elected chairman of the Manito District of the Clinton Valley Council, Boy Scouts of America.

Other officers elected at the annual district meeting held at Camp Agawan near Lake Orion include Floyd D. Cross of Rochester, vice chairman; Royce E. Hyatt of Clarkston, district commissioner; and Rev. Lewis Sutton, pastor of the First Methodist Church, Clarkston, chaplain.

Roy F. Plausman and Harry Huber, both of Avon Township, will serve the district as representatives to the Council Executive Board.

A feature of the dinner-meeting was presentation of "Service to Boys" awards by Chairman Frost. Recipients were John Tomlin of Avon Township, Alfred Ayres of Independence Township, E. B. McPherson of Oxford, Charles Warman of Independence Township, Roy Kibbey of Auburn Heights and Charles Sibert of Rochester.

Cross and Hyatt also were similarly honored.

SPECIAL GUESTS  
Special guests at the affair included Arthur Brooks of Birmingham, council president; Edward Leland of Pontiac, council executive; and Willard Wells, of Independence Township, assistant council executive.

Brooks and Leland issued a challenge to the district to keep expanding and to bring the scout program to more boys.

## Davisburg Unit Slates 'Friendship Night' Fete

DAVISBURG — Members of Austin Chapter No. 306, Order of the Eastern Star, will celebrate their "Friendship Night" Saturday at the Masonic Temple.

The program-meeting, to begin promptly at 7:30 p.m., is open to the public.

## May Breakfast Set

OAKWOOD — A May Breakfast sponsored by the Past Matron's Club will be held at the Oakwood Eastern Star Hall tomorrow at 8:30 a.m. Cards will follow the meal.

EDWIN L. SALKOWSKI

REV. J. R. DEMPSEY

## Two Panelists to Explore Ethics of Profit-Seeking

TROY — A businessman and a clergyman will share the rostrum for a look at business ethics Tuesday in St. Thomas More's Church Hall, Adams north of Wadsworth.

The theme "To What Extent May a Christian Seek Profit?" will be explored at 8:15 p.m. by the two-man panel, Rev. Joseph R. Dempsey, S.J., and Edwin L. Salkowski.

Father Dempsey, a Jesuit priest, is associate professor of Industrial Relations and Economics at the University of Detroit.

Author of a book on right-to-work laws, he is an active member of the American Arbitration Association and last year served as membership committee chairman of the Industrial Research Association.

Father Dempsey is also chaplain of the University of Detroit chapter, National Conference of Christian Employers and Managers (NCEM).

## SHARE SPOTLIGHT

Salkowski, who will share the spotlight with Father Dempsey, is vice president of the NCEM, a member of its board of governors and the local chapter's board of directors.

He is also president of the Christopher Construction Co., Detroit, a former boy scout leader and commissioner, and a member of the St. Ambrose Parish, Grosse Pointe Park.

Salkowski is a frequent panelist in local and national seminars on "Trade Associations and Business Ethics."

The forthcoming examination of profit-seeking justice will be the final program in the church's current Tuesday Forum series.

## OPEN SESSION

Interested persons of all faiths have been invited to attend the session, to be moderated by James Kennedy.

The series of discussions is sponsored by the church's Adult Education Committee.

Pastor of St. Thomas More's is Rev. William Anderson.

## School Bonds Sold by Board

Sale in Farmington for Building Program

FARMINGTON—Bonds for a \$2.5-million school building program have been sold by the board of education here.

Purchaser was Halsey-Stuart and Co. of Chicago, which offered an average interest rate of 4.453 per cent. The firm was lowest of four bidders.

The initial bond sale represents half of that approved by district voters in November.

The board has established a salary schedule for teachers with special assignments, such as coaches, librarians and year-book advisers.

Based on a percentage of the teacher's base pay, the rate will increase with experience.

DETERMINING FACTORS  
Factors determining the percentage include time required, number of students involved, hazards and pressures to be met.

The schedule will affect some 80 teachers in the school system. Their experience up to five years will be recognized next year and up to 10 years in 1965-66.

PAMELA G. SIEWEKE

The engagement of Pamela Gay Sieweke to Gary Lee Schroeder is announced by her parents, Mrs. Doris L. Tanner, 739 Central, Lake Orion and Marvin W. Sieweke, 215 Hollister, Romeo. The prospective bridegroom is the son of Mr. and Mrs. Roy F. Schroeder, 2230 Baldwin, Orion Township. An Aug. 8 wedding is planned.

Lady Bird's Station in Middle

# FCC Rules on Texas TV Fight

WASHINGTON (UPI)—The Federal Communications Commission (FCC) has rejected a claim that President Johnson's family television station was involved in a fight between two Austin, Tex., cable telecasters. The FCC rejected the claim in a decision denying the petition of TV Cable, Inc. of Austin for waiver of a commission regulation.

TV Cable wanted to waive a requirement that it black out programs for 30 days after they are carried on KTBC, the Austin station owned by Johnson's family.

The commission quickly dismissed the relevance of an option agreement between KTBC and Capital Cable of Austin.

Capital competes with TV Cable in providing programs carried over San Antonio stations to Austin homes by means of cables.

## BUYING OPTION

Texas Broadcasting Co., the Johnson family's television holdings in trust, has an option to

acquire up to 50 per cent of Capital Cable's stock.

The FCC said the only question about the agreement that was relevant to its decision was whether it gave KTBC the power to require Capital Cable to black out programs carried by the station. The agreement contained no such power.

The only other reference made to the agreement was in a separate opinion filed by Commissioner Lee Loevinger.

Loevinger and Commissioner Robert T. Bartley concurred with the majority decision but filed separate statements.

## UNWARRANTED PUBLICITY

"It appears to me that this proceeding has stimulated much publicity that is quite unwarranted by its merits," Loevinger said in his statement.

"Since the members of the commission are still in disagreement as to the basic issue involved and since there has been no showing or suggestion of any facts or evi-

dence relevant or material to the proceeding that have not been fully disclosed . . . there is no apparent point in reconsideration except to engender further unwarranted publicity."

Both Loevinger and Bartley dissented from an earlier commission decision requiring the blackouts to protect regular television stations.

Most of the publicity in the fight between TV Cable and Capital Cable stemmed from the involvement of KTBC.

## MAJORITY CONTROL

Mrs. Johnson had majority control of the station until her stock was placed in trusteeship last December.

The FCC first rejected TV Cable's request for a waiver last Dec. 11 on grounds the company had voluntarily accepted the blackout provision as part of its license to operate a community antenna television system (CATV).

But TV Cable asked for reconsideration on grounds that

Capital Cable received a special benefit from its association with KTBC.

## STANDARD PART

The blackout provision was made a standard part of all FCC license grants to CATV operators who use microwave relay systems to import the signals of television networks from other cities and relay them to homes.

Capital Cable avoided the blackout provision by using cables to feed the network signals from San Antonio to Austin instead of the microwave system which TV uses.

The FCC decisions said it was a "wholly improper procedure" for TV Cable to voluntarily accept the blackout conditions and then file a petition for waiver of the provision.

The commission said TV Cable knew all the facts when it gained an advantage over Capital Cable by completing the work on its less costly system first.

## Lodge Is First in New Jersey

NEWARK, N.J. (AP)—Nearly complete returns of New Jersey's primary election April 29 showed Henry Cabot Lodge the favorite among voters who wrote in a presidential preference.

Republican voters gave Lodge 7,331 votes, to 4,788 for Sen. Barry Goldwater of Arizona, and 4,486 for former Vice President Richard M. Nixon.

On the Democratic side, President Johnson polled 3,192 write-ins and was trailed by Gov. George C. Wallace of Alabama with 322 and Atty. Gen. Robert F. Kennedy with 301.

Gov. William W. Scranton of Pennsylvania received 780 Republican votes and New York's Gov. Nelson A. Rockefeller had 634.

Wallace, finishing second to Johnson among Democratic voters, actually did better among Republicans. The Alabama governor was the choice of 373 Republicans in addition to the 322 Democrats who wrote in his name.

The results of the write-in do not bind New Jersey delegates to the national nominating conventions.

## Pravda Hits U.S. Papers

'Use China Blasts as Substitute for Own'

MOSCOW (AP) — Pravda accused U.S. newspapers today of printing Red China's attacks on Soviet leaders because they hesitate to attack the Soviets on their own.

The Soviet Communist party newspaper, in a dispatch from Washington, said some American newspapers delight in printing the "rude, gross, anti-Soviet invectives" of the Chinese.

Pravda said the "myth about the aggressive nature of the Soviets" had been fading away and anti-Communist propagandists were hard pressed until the Chinese filled the gap.

Pravda continued: "The editorial boards of such newspapers as the New York Times and the Washington Post as a rule now feel ill at ease when they contemplate publishing rude attacks on the U.S.S.R. This is considered in bad taste."

### IMPORTED ATTACKS

"But they publish with great readiness the 'imported' anti-Soviet materials."

The dispatch said the U.S. State Department also is distributing anti-Soviet statements from China.

"What," Pravda asked, "is the reason why this government agency of the United States is spreading 'Red' literature? Is it because officials are confident that such literature will serve anticommunism?"

Pravda also published an attack on Chinese leaders by Viktor Grishin, chief of the Soviet Trade Union.

### TEMPORARY SCHISM

But Soviet First Deputy Premier Anastas I. Mikoyan, in an interview with the Japanese Kyodo news service, said the Soviet Union is certain its "differences" with Red China "are temporary and surmountable."

"Those who attempt to use them for their self-seeking purposes will fail eventually," Mikoyan told Kyodoi Iwamoto, managing director of Kyodo, who is visiting the Soviet Union.

Mikoyan attacked U.S. influence on Japanese policy and urged Japan to "purge her soil" of U.S. military bases.

"It is an anachronism that Japan still yields to influences from outside sacrificing her own interest," Mikoyan said.

Iwamoto said Mikoyan did not mention the United States by name but his meaning was obvious.

### Catholic Bishop Dies

SALAMANCA, Spain (AP) — Msgr. Francisco Barbadillo Viejo, 71, Roman Catholic bishop of Salamanca and grand chancellor of the Pontifical University in Salamanca, died Wednesday of heart failure.

## Those 'Extras' Add Up

# Gotta Be Rich to Graduate?

By L. GARY THORNE

"Bangles, Bangles and Beads" might well be the theme song for affluent Pontiac high school students, particularly graduating seniors.

Depending upon an individual's whim, school spirit can be costly. The price of graduating can be keyed to any pocketbook, high or low, but mostly high.

However, it should be said that school officials constantly labor to keep costs down. But it appears they are fighting a losing cause.

A \$3.75 rental fee for cap and gown is the only mandatory levy by the two high schools. Garbed in this festive finery, a student can get a free commencement speech and that coveted diploma.

POVERTY CASE  
He need not expend a single mill beyond \$3.75. Even so, a poverty case no doubt could avoid even this expense.

Rental of a cap and gown is almost the least of the dollars spent by high schoolers. It is just the beginning.

School rings are the most common "extra" for a "well-adjusted" pupil. These run from \$11 to \$18 at Pontiac Northern and \$12.50 to \$15.50 at Central.

An estimated 350 students order rings each year at Pontiac Central. Northern officials could make no estimate.

SCHOOL YEARBOOK  
Another popular item — a "must" for seniors — is the school yearbook. Again, school officials offer an easy out.

Both schools sell a "student union" activity book, which entitles the buyer to a yearbook, the student newspaper, and admission to football and basketball contests.

A student can join the "union" for \$7.50 annually. This is a substantial savings because the yearbook alone runs \$4 at Northern and \$5 at Central.

School rings and yearbooks can be obtained at the two local high schools. Students have to go outside for other baubles.

STUDENT CLUBS  
Nearly all high schools have student clubs and organizations. Often, youngsters will buy club keys or pins at a nominal \$2 to \$2.50.

However, 14 carat club keys are available at \$34.50, while pins run from \$8.25 to \$24.50.

Bracelets are similarly priced. They start at \$3.50 and rise to \$25.

Bangles or charms begin at \$8.25 and progress to \$18 per single "bangle."

ACCESSORIES  
Affluent male students can

purchase school cuff links from \$12 to \$20 or a tie tack at \$8 to \$18.75 or even a tie bar at \$15 to \$25.

And the high cost of graduating is still to come. If the proper ritual is adhered to, a senior prom and related activities can empty the wallet of the most conscientious miser.

Consider that prom tickets run \$3.75 per couple at Northern and \$3 at Central. That opens the floor and that's all it does.

Further costs along this line are divided between the sexes. It's a tossup who spends the most, although daughters tend to cost more.

BASIC COST  
The basic cost for a girl is a gown. This expenditure can begin at \$25 and rise surprisingly fast to over \$100. The average is about \$40.

But that's not all. There must be accessories to go with the gown. These items —

shoes, purse, gloves, etc. — run another \$32 to \$40.

Next of course is the hair. An overhaul is a must. The cost begins at \$3 and climbs to \$25.

Fortunately, the male student can rent his clothes. Tuxedo rentals average out about \$8.50. A tux is just about the only equipment a male prom-goer needs, although a well-stocked

wallet could be considered essential.

A corsage (\$3 and up) must be bought, gas for the car is another expense, and, most importantly, dinner for himself and date (\$5 per mouth and up) must be paid for.

Taken altogether, the prom climaxes the high cost of graduating. But you only graduate once.

Only \$279,999.35

## Electric Bill Gives Her Shock

LONDON (AP) — Rita McKend, 24, opened her electric bill for three months and got a shock.

Britain's nationalized electricity industry had billed her for 99,999 pounds 15 shillings 5 pence—\$279,999.35. Rita, a secretary, has a small apartment.

"I thought I was seeing things," said Rita, "and then I knew that I was seeing them. My head zoomed as if several hundred volts of electricity had hit me."

A spokesman for the electricity board said it wasn't a human error, a computer made it.

"It was the first mistake in over 8 million computed accounts," he reported.

## New Nation Plans Neutralist Policy

ZAMBIA, Nyasaland (AP) — Prime Minister Hastings Banda said Wednesday night that after Nyasaland becomes the independent nation of Malawi on July 6 it will pursue a foreign policy of discretionary alignment and neutralism.

If Western policies suit Malawi, he will support them. If Communist policies suit, he will support them.

But if neither policy is in Malawi's interests, he said he would remain neutral.

## Sophia Loren Declines Horse-Drawn Publicity

CANNES, France (AP) — Publicists had it all arranged. When Sophia Loren arrived in Cannes for the premiere of "The Fall of the Roman Empire" at the annual film festival, they'd have her ride from the airport to her hotel in a golden chariot pulled by four white horses.

"Mama mia, I won't ride in that," shrieked Miss Loren. "You think I'm crazy." Whereupon, she hopped into a chauffeur-driven convertible and sped away.

## Fair Official Is Doing Well After Surgery

NEW YORK (AP) — Robert Moses, president of the World's Fair, has undergone surgery for a nonmalignant prostate gland condition. His condition is reported excellent.

Roosevelt Hospital, in making the announcement today, said the 75-year-old official was operated on Tuesday.

Dr. Simon A. Betsler, a urologist who performed the surgery, said "Mr. Moses is doing exceptionally well."

Previously it had been announced that Moses had entered the hospital for a check-up.

It was explained at the hospital that until today it was Moses' "expressed wish" that nothing be said about the surgery. He entered the hospital Saturday.

## Literary Critic Dies

CHICAGO (AP) — Morton D. Zabel, 62, literary critic, editor and professor of English at the University of Chicago since 1947 died Tuesday.

## India Denies Death of 300 Pakistanis

NEW DELHI, India (AP) — The Indian Foreign Ministry today denied a Pakistani charge that Indian troops killed 300 Pakistani civilians in attacks across the Kashmir cease-fire line in March.

U. N. truce observer sources said the casualty figure was "a good deal higher than might be supported by facts."

The Pakistani government made the charge in a statement Wednesday.

## Osteopaths Honor Medical Relief Head

DETROIT (AP) — Mrs. Irene Auerlin of Detroit, president of World Medical Relief Inc., was awarded an honorary lay membership in the Michigan Association of Osteopathic Physicians and Surgeons in ceremonies here Wednesday night. The honor was in recognition of "human service to less fortunate people around the world" through an estimated \$63 million worth of medical supplies and equipment donated by her Detroit charity.

# Mississippi Republicans Near Win in Political Life Struggle

JACKSON, Miss. (AP) — The move to smother Mississippi's budding Republican party with restrictive new election laws seemed near political death to day.

The bills, backed by Gov. Paul Johnson and passed by the Senate, hit strong opposition in the House.

Some opponents argued that "slapping out republicanism" was hardly the way to woo industrialists, who tend to be Republican.

The argument proved potent. The state has been hot after new industry for years, offering various tax incentives and subsidizing local bond issues to finance plant buildings as industrial bait.

The election laws "could upset bringing in industry to Mississippi," said Rep. Able Miller in the Tuesday debate that signaled the unexpected revolt.

The debate ended with a key bill being sent back to committee for further study.

After a second setback in House voting Wednesday, Rep. Roy Strickland, floor manager of the bills, showed little hope for future victory.

"I think Wirt Yerger, State Rep. M. L. McAllister and Sen. Dirksen have won their battle," he said.

## ONLY REPUBLICAN

Yerger is state GOP chairman. McAllister is the only Republican in the Mississippi Legislature. Sen. Everett M. Dirksen, R-Ill., is the party's Senate minority leader in Washington.

Sen. Dirksen has been sharply critical of the Mississippi election law proposals, which the state's Democrats say would be fair to all political parties.

The Democratic attention to GOP affairs is something new in Mississippi politics. For generations the state's tiny GOP was ignored.

All that changed in the last governor's race. Drawing mainly on Democrats angered by the party's civil rights stand, the GOP pulled a third of the votes.

## WIN SYMPATHY

Yerger and other Republican leaders in the state feel that the

controversy over the proposed election laws has actually helped the party win sympathy.

Gov. Johnson's drive to Democratic primary campaigns, after he fought through two with the unprecedented GOP

challenge in the general election.

Hereafter, general elections were more formalities. GOP candidates—if any—made token campaigns and drew few votes.

The 1963 GOP candidate, Rube Phillips, was named by the party's state leaders—the party's usual procedure in Mississippi.

## CHANGE SYSTEM

Johnson said the whole system was unfair if the GOP was going to be a serious threat. He vowed to change it.

Key bills in his package would force the state's GOP to measure up to major party standards in organization and operation. At present, the GOP couldn't do it.

Republican leaders accused the Democrats of trying to guarantee a one-party system. They compared Johnson's aims to those of Hitler, the German dictator.

The key bill referred back to committee would set these standards:

Half the precincts in a county must stage precinct conventions before a county convention is valid.

Thirty of the state's 82 counties must stage valid county conventions before a state convention is valid.

The other key bill would force all candidates to run in primary elections, even if unopposed, and primary winners would

have to draw at least 10 percent of all votes cast in both party primaries to be eligible for the general election ballot.

WHITE BREAD

\$2 Million All Spent

## Comedian Ends Up Broke

CHICAGO (UPI) — Negro comedian Stepin Fetchit, who made about \$2 million entertaining movie-goers with his slumping, foot-shuffling routine, today is a charity patient at Cook County Hospital.

But the aging comedian appears every bit as cheerful and content as when he was making motion pictures with such stars as Shirley Temple, Will Rogers and Janet Gaynor.

"Me and Charles de Gaulle," Fetchit laughed in reference to his pending (prostate gland) operation.

"Only look at all that money de Gaulle has. I wouldn't be here if I had it."

Fetchit declined to discuss the exact route he took from wealth to near-poverty. He would rather discuss the civil rights movement.

"I figure I made \$2 million in the movies," he said. "But when you give away all your money you've got to go into debt. I had assets of \$18 when I filed a \$5-million bankruptcy in Chicago."

Hollywood records show that Fetchit earned more than \$1 million from 1927 to 1938, and he indulged in the customary lavish movie star living of the day.

## NEON SIGN

He had 12 cars, including a pink Cadillac with his name in neon lights on the side. When he drove downtown, two chauffeured limousines followed behind.

He lived in a huge estate and paid as much as \$1,000 for a custom tailored India cashmere suit.

"I never had a manager

and I signed too many foolish contracts in those days," he said.

He appeared in such films as "Miracle in Harlem," "His Exciting Night," "The County Gentleman," "The Virginia Judge," "Stand Up and Cheer," "Carolina," "David Harum," and "The Prodigal."

"I used to have 16 Chinese servants," he said, opening a battered brief case to pull out a photograph of six of them.

## CLOTHES CONTRAST

Fetchit's county hospital garb contrasted with the impeccable evening dress he was wearing in photographs taken with such artists as Louis Armstrong, Shirley Temple, Nat King Cole and Will Rogers.

Fetchit claims he was born in 1892 on May 18, but he appears no older than his early 50s. He started in the silent films in 1920 and continued a success when the talkies arrived.

"I was strictly a character actor," Fetchit said. "The studio would write in special roles for me, and I would work on as many as four pictures at a time."

"I'd do a scene with Shirley Temple, then rush over to do one with Will Rogers. I was paid by the week and the studio (20th Century-Fox) kept me busy."

His financial fortunes apparently plunged for good shortly after he made his last movie in 1953, a remake of "Judge Priest," which starred Will Rogers more than 20 years before.

He helped form a corporation which purchased the rights and script for a motion

picture on the life of the great Negro pitcher Satchel Paige. "The corporation got into financial trouble and I was bankrupt," he said.

Americans use an average of 300 million cans of pressure-packed products that can be sprayed out during one year.

# GOP to Put Youth, Vigor in Spotlight at Party Convention

WASHINGTON (AP) — Republican plan to put youth and vigor on display for the television audiences who watch their national presidential nominating convention in San Francisco. While they are thus pepping

up the party image, leaders hope to avoid intraparty controversy by selecting a slate of spotlight performers satisfactory to all factions.

Sen. Thurston B. Morton of Kentucky, former GOP national

chairman under former President Dwight D. Eisenhower, has been selected as permanent chairman to wield the gavel during the convention.

Morton, 56, tall, handsome and a polished performer on the

platform, is the oldest of the three star performers.

## KEYNOTE SPEAKER

The others expected to be selected by the Republican National Arrangements Committee

at its meeting here late in May include Gov. Mark O. Hatfield of Oregon as temporary chairman and State Chairman Robert A. Forsythe of Minnesota as convention keynoter. Hatfield is 41 and Forsythe 42.

The choice of Morton as permanent chairman broke a deadlock in which congressional members generally were backing House Minority Leader Charles A. Halleck of Indiana for the job while GOP governors were plugging Hatfield.

Morton, an Eisenhower moderate from a border state, has the backing of conservatives booming Sen. Barry Goldwater, R-Ariz., for the party's presidential nomination.

As a former national chairman, he has the confidence also of the Eisenhower and liberal wings of the party. This is important because a chairman often can influence the course of events at a convention by his rulings.

## GOVERNORS' CONFAB

Hatfield, who has vice presidential aspirations, is vice chairman of the Western Governors' Conference. He led a fight last year to force a statement by the National Governors' Conference on civil rights, but Democrats prevented any action.

He is listed as a party liberal, a designation that provoked opposition to him among Goldwater supporters, particularly from the South.

Forsythe, former assistant secretary of Health, Education

and Welfare, is a lawyer, farmer and former teacher. He is regarded as a middle of the road Republican. He formerly served as administrative assistant to former Sen. Edward J. Thye of

Minnesota and counsel for the Small Business Committee.

A champion debater in college, Forsythe is serving his second term as Minnesota state chairman.

## Reception a Rally for Royalist Claims

# Irene, Carlos Honeymoon After Hectic Wedding

ROME (UPI) — Princess Irene of the Netherlands and her bridegroom, Spanish Prince Carlos de Bourbon-Parma, were off on a secret honeymoon today, away from the hectic atmosphere that surrounded their controversial wedding.

The couple slipped quietly out of their hotel last night after a noisy reception and left by car for an undisclosed destination.

The reception was a virtual political rally for the Carlist Spaniards who support the claim of Prince Carlos' father, Prince Xavier, to the vacant Spanish throne.

It was this involvement in the dispute over the Spanish succession that caused Irene's family—and the rest of Europe's reigning royalty—to boycott the elegant Roman Catholic wedding yesterday in Rome's Basilica of St. Mary Major.

Irene's mother, Queen Juliana, celebrated her 55th birthday today with quiet ceremonies scheduled at Soestdijk Palace. The queen and other members of the family remained in the Netherlands yesterday and watched the wedding in a live telecast from Rome.

## GIVES UP THRONE

The princess, who converted to Roman Catholicism and gave up her place as second in line for the Dutch throne in order to marry Carlos, was a beautiful bride in white silk with a \$500,000 diamond tiara in her brown hair.

But once the marriage vows were pledged, she seemed to move into the background while crowds of Carlists who

consider Prince Xavier the rightful king of Spain took over the scene.

The newlyweds kept their reception guests waiting for two hours in the Grand Hotel salon while they had an audience with Pope Paul VI and a short rest.

There were no complaints of "Where's the bride?" But when Prince Xavier arrived, Carlist guests made a

path through the crowd for him with excited cries of "Pasa el Rey de Espana" (the King of Spain is passing).

## KINGLY GREETING

When Carlos and Irene appeared on a balcony at one end of the salon, there were cries of "Long live Princess Irene" but these soon gave way to chants of "Long live the king."

Spaniards frantically waved their red Carlist berets and sang "We are on the side of the king." An elderly gentleman looked up at Prince Carlos and shouted, "You are the rightful heir to the throne of Spain."

Princess Irene, visibly wan and tired, left the reception on the arm of her husband as the

Carlist songs and battle cries continued.

"The bride cried while the guests shouted 'long live the king,'" said one guest, who is not a Spaniard. "It was exactly what Queen Juliana did not want to see happen."

## SLIGHT CHANCES

Prince Carlos' chances of ever winning the throne of Spain are considered slight. Generalissimo Francisco Franco has indicated he favors the claim of Don Juan, the count of Barcelona, son of Spain's last king, Alfonso XIII, who died in exile in Rome in 1941.

The Carlist line of the Bourbon family has sought the throne unsuccessfully ever since an earlier Don Carlos attempted to seize it in 1833.

PAPAL CALL—Prince Carlos de Bourbon-Parma and his bride, Dutch Princess Irene, call on the Pope yesterday for a private audience following their wedding at Rome's Basilica of St. Mary Major. The Pontiff gave them a precious crucifix as a wedding present.

## instant party just add friends and serve

News From Around the World

# U.S., Soviet Ambassadors Argue Cuban U2 Flights at Party

MOSCOW (AP)—U. S. Ambassador Foy D. Kohler and Soviet First Deputy Premier Anastas Mikoyan got into a cocktail party argument Wednesday night about American reconnaissance flights over Cuba.

There was no meeting of minds," Kohler told newsmen after the exchange described by witnesses as amiable but firm. The conversation took place at a Japanese Embassy reception.

Mikoyan brought up the subject of continued U2 flights over Cuba, reiterating the Soviet contention that the overflights were illegal under international law.

Kohler repeated President Johnson's view that the United States had the right to continue the flights "because Cuban

Prime Minister Fidel Castro had refused on-site inspection to confirm withdrawal of Soviet missiles in October 1962.

MOSCOW (AP)—Red streamers decorated Moscow today in preparation for May Day, the big Communist celebration that stems from a strike in Chicago.

Soviet tanks and rockets will rumble through Red Square Friday while Premier Khrushchev and visiting Algerian President Ahmed Ben Bella watch from atop Lenin's tomb. It will be the anniversary of

a strike in 1886 that led to bloodshed in the streets of Chicago. Beginning in France in 1889, May Day has been celebrated by Socialists and Communists around the world as the day of workers' solidarity.

PORT AU PRINCE, Haiti (AP)—The Rt. Rev. C. Alfred Vogell, a missionary bishop in Haiti for 20 years, has been expelled from Haiti on four hours' notice, informed sources say.

The sources reported President Francois Duvalier's government gave no explanation for the expulsion last Friday. Bishop Vogell represented the

Protestant Episcopal Church of the United States.

The bishop came to Haiti from New Jersey and became a leader in promoting Haitian culture. The sources said he left behind the world's largest private collection of Haitian primitive art.

JAKARTA, Indonesia (AP)—The Communist-controlled navigation and dockworkers union will boycott all American ships unless the U.S. 7th Fleet withdraws from the Indian Ocean, the Communist party newspaper Harien Rakyat said today.

The union urged President Sukarno's government to take over all American firms in Indonesia if the boycott threat does not force U.S. warships out of the Indian Ocean, which Sukarno has renamed the Indonesian Ocean.

## One of 10 Most Wanted Men

### Seek Link of Convict, Child Kidnapings

NEW ORLEANS (UPI)—FBI agents sought today to link Joseph Francis Bryan Jr., accused of kidnaping a Tennessee boy, with the disappearance of other children.

Bryan, a former mental patient, was being held in \$150,000 bond on charges of kidnaping 8-year-old Dennis Burke of Humboldt, Tenn., who has been returned unharmed to his parents.

But another of Bryan's alleged victims, 18-year-old John David Robison of Mount Pleasant, S.C., was found dead in a mangrove swamp near Hollandale, Fla. March 31. The boy disappeared Feb. 27 as he rode his bicycle near Mount Pleasant.

A federal grand jury has been called for a special session beginning tomorrow at Florence, S.C., in an investigation aimed at an indictment against Bryan in the Robison death. Bryan is under formal kidnaping charges in South Carolina.

He made the FBI's list of 10 most wanted men before he was apprehended by two off-duty agents in New Orleans Tuesday. They found young Burke with him.

Bryan was accused of luring Dennis away by offering him 50 cents to be shown the way to the Humboldt School.

Bryan, 25 and a sandy-haired native of New Jersey and former convict in Nevada, was taken chained and sullen before U. S. Commissioner Fritz Windhorst here yesterday.

He asked for an attorney and Windhorst gave him until Monday to get one. His bond was continued at \$150,000.

Bryan, speaking in mumbles, told Windhorst that he had been in contact with his parents in Audubon Park, N.J., and "I think I'll let them get me a lawyer."

#### HIDES FACE

As he was brought before the commissioner, Bryan tried to hide bruises on his face from photographers with his hands.

He got the bruises when two off-duty FBI agents spotted him in a shopping center lot near Jefferson Downs Race Tracks and grappled with him when he tried to escape.

The FBI said it is investigating possible links between Bryan and other missing boys,

specifically the disappearance of Lewis (Hackie) Wilson, 7, in St. Petersburg, Fla., and 8-year-old David Wulff in Willingboro, N.Y.

The FBI was also interested in another report that placed a small boy with Bryan in Theodore, Ala., after the Robison child's death.

#### DESCRIPTION

Bryan has been described by authorities as saying he "likes to see young boys tied up and screaming."

But the mother of Dennis Burke said her son told her after his rescue and reunion with his family at Humboldt that Bryan appeared to be "a nice man" who treated him to good food and kept him in the best hotels during their three-day jaunt.

Mrs. Richard Burke said the story of her son's kidnap, rescue and return without harm "is one of the most fantastic happenings I have ever heard."

Mrs. Burke said Dennis and Bryan "stayed at the best motels, they ate steaks and anything they wanted. The man treated Dennis very nice."

#### THREE STOPS

She said Bryan took Dennis to a Memphis hotel Friday night after luring him into his car, to one near Jackson, Miss., Saturday and then drove to New Orleans.

"They had the best of everything," she said. "Dennis was not harmed in any way. The man took him to bowling alleys and the race track in New Orleans and they had a good time."

Dennis, who appeared none the worse for his ordeal, told his mother Bryan tied his hands and kept them tied until they got to Memphis.

He released the bonds when Dennis promised not to run away, she said.

#### Death of Candidate Ruled Self-Inflicted

STATESVILLE, N. C. (AP)—A coroner's jury ruled yesterday that Benjamin Sanford Carlton, 48, a candidate for the Iredell County Board of Commissioners, died April 23 of a self-inflicted gunshot wound.

Witnesses told the jury that Carlton had been depressed because of financial difficulties.

AP Photos

ARRAIGNED—Ex-convict Joseph Francis Bryan Jr. heads for formal arraignment yesterday in New Orleans on charges of kidnaping and flight to avoid prosecution. He was on the FBI's 10 most wanted list.

TAKE OATH—Thirty-seven persons gained U.S. citizen-ship Tuesday in naturalization ceremonies at Oakland County Circuit Court. It was the first such proceeding conducted by presiding Judge James S. Thorburn, himself the son of parents who are naturalized citizens.

In Oakland County

## 37 Become U.S. Citizens

Oakland County gained 37 new U.S. citizens this week in naturalization proceedings at Circuit Court.

Presiding was Judge James S. Thorburn, one of two new judges appointed to the county bench last year, and himself the son of Scotch parents who are naturalized citizens.

Mr. and Mrs. Josef Kraimer, 120 Lyons, Troy; Irene E. Siple, 43 Stout; Clara V. Sherman, 316 Baker, Royal Oak; Mr. and Mrs. Brian Holmes, 1211 Fontaine, Madison Heights; Mr. and Mrs. Gerardus Lengers, 410 Third;

well, Lake Orion; John G. Harding, 2036 Briggs, Waterford Township, and Helen Crawford, 2830 Harrington, Rochester.

### Elect Top Foundryman

ATLANTIC CITY, N. J. (AP)—Thomas T. Lloyd of Albion, Mich., was elected president of the American Foundrymen's Society here Wednesday at the organization's 68th castings congress and exposition.

Margaret J. Testerman, 670 Peacock; Marianne Tison, 289 N. Perry; Sister Norbert, 521 Hickory, Milford; Thelma W. Strong, 136 S. Tilden; Mr. and Mrs. Hans Herzog, 494 Haux-

All had to pass tests on American government administered by the U.S. Immigration and Naturalization Service.

Those taking citizenship were: Thomas E. Weekes, 46 Earlmoor; Ingrid Wedell, 1394 Lincoln, Birmingham; Juergen Wegmet, 26027 Palmer, Madison Heights; Dr. and Mrs. Franz Bauer, 1438 Hazel, Birmingham; Peter W. Gow, 913 Royal, Royal Oak; Mary Fletemier, 1513 Van Stone, Milford; Edith F. Roe, 134 Drace, Rochester; Myrtle V. ## FAT OVERWEIGHT

Available to you without a doctor's prescription, the CORINEX plan. You must lose 100 lbs. or more. One of the basic problems of being overweight is your ability to stick to a planned diet. The CORINEX plan contains a tiny tablet and is easily swallowed. When you take CORINEX, you simply don't have the urge for extra portions because CORINEX depresses your appetite and decreases your desire for food thus making it easier and more comfortable for you to diet. Your weight must come down because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. Of course CORINEX can't do all the work for you alone. But if you really want to cut down on your eating, and lose weight CORINEX can be a powerful helper. The CORINEX plan costs \$2.50 and is sold on this guarantee: If not satisfied for any reason just return the package to your drugist and get your full money back. No questions asked. The CORINEX plan is sold with this guarantee by:

Today's News From Washington

# U.S. Chamber Favors Increased Trade With Red Nations

WASHINGTON (AP) — In the other European Communist nations. The resolution was approved Wednesday by about 90 per cent of the businessmen at the annual meeting here.

Speakers favoring a freer

trade policy said if U.S. businessmen were prevented from selling to the European Communist countries, the business would go by default to other Western nations with fewer restrictions.

The resolution called on the United States to reexamine its export control system "with the objective of strengthening some controls and eliminating others which result in discrimination harmful to its competitive position."

## WORLD TRADE

It also urged a coordinated free world trade policy to "effectively inhibit and prevent the buildup of Communist war-making potential."

UNDERGROUND TEST: The Atomic Energy Commission reports a low-yield underground

nuclear test was conducted Wednesday at the AEC's Nevada test site. It was the seventh weapons-related test to be announced by the AEC this year and had the blast equivalent of less than 20,000 tons of TNT.

## Spud Is Honored With Monument

HIRSCHHORN, Germany — One of the only vegetables honored with a monument is the potato, which is commemorated here with a plaque that reads: "To God and Francis Drake, who brought to Europe for the everlasting benefit of the poor, the Potato."

The potato, acknowledged as a native of the Americas, was known as a staple in the Indian diet long before white settlers set foot there.

FEDERAL EMPLOYMENT: Federal employment increased by 1,615 during March to a total of 2,670,045.

In reporting the figures, the joint congressional committee on reduction of nonessential federal expenditures said it was the first increase since last October. The Defense Department made further civilian job cuts in March but several civilian agencies had increases.

SUPERSONIC: A House Republican group today asked President Johnson to reverse his decision to cancel bids for development of a supersonic transport plane. The "task force on space and aeronautics," headed by Rep.

Charles S. Gubser, R-Calif., urged Johnson to "take strong and vigorous steps toward relieving the impossible financial requirements which have been placed on industry in the development of the SST," namely that the industry pay one-fourth the development cost and the government the rest.

## HIGH COST

In a letter to the President, the GOP group said this means it would cost private industry more than a billion dollars to fly

the first supersonic transport and "this is close to three times the net worth of our largest aircraft company."

Johnson canceled the bids because he said none of the proposed designs met the minimum range-payload requirements.

# Law Enforcement Teamwork Puts Dope Racket on Wane

(EDITOR'S NOTE: This is the third in a series of news analyses covering organized crime and other activities of the Mafia in Michigan.)

By GENE SCHROEDER

DETROIT (AP) — Intrigue, violence, murder and corruption permeate the story of the dope racket in Michigan—but it appears to be one phase of organized crime where the good guys are winning over the bad guys.

Crime fighters who specialize in narcotics investigation say there has been a sharp falloff in the state's illicit dope traffic in the past few years.

Much of the improved picture reflects the excellent cooperation between federal, state and local law enforcement agencies and the Royal Canadian Mounted Police, says Ross Ellis, U.S. Narcotics Bureau supervisor for Michigan, Ohio and Kentucky.

In fact, Ellis adds, the Mafia crime syndicate has shown a reluctance recently to get involved in the sordid business of dope peddling.

## CRIME MAINSTAY

Traditionally, the sale and distribution of illicit narcotics has been one of the mainstays of organized crime. Along with gambling, extortion, prostitution and other forms of vice, the dope traffic has poured millions of dollars into the coffers of crime syndicates.

More than any other major criminal activity, the narcotics racket not only crosses state lines but international borders as well.

The heroin which ends up in the hypodermic needle stuck in the arm of the drug addict in Detroit, Grand Rapids, Lansing or some other Michigan city may have seen its beginning in an opium poppy field in Red China, Turkey or Afghanistan. It may have come to Michigan by way of Japan, Italy, France, Mexico or Canada.

There was no apparent direct link to Michigan dope peddlers in the smashing last February of an international narcotics ring and the arrest in New York of the Mexican ambassador to Bolivia and an employee of the Uruguayan foreign ministry traveling on a diplomatic passport.

But, as narcotics agents point out, who can say whether some of the 123 pounds of heroin—valued at \$13.5 million—was seized by Canadian and U.S. authorities might not have found its way to Detroit and other Michigan communities eventually?

Ellis, who has been with the narcotics bureau for more than 20 years, voices a great deal of praise for the spirit of cooperation existing between his agency and police in Detroit, Flint, Grand Rapids and Kalamazoo.

"Frequently, we've teamed up on surveillance or borrowed agents from the Detroit narcotics squad for weeks at a time," he explained. "Detroit, Flint and Grand Rapids all have sent officers to attend training school in Washington. And the state police narcotics squad alone has sent four men there."

"In Detroit, we operate on the same radio wave length as the city narcotics agents—and occasionally we even trade cars when we are following suspects, to avoid the possibility of being spotted."

AGENCY LIAISON

Detroit's deputy chief of detectives, Vincent Piersante, agrees that there is an excellent enforcement environment in the Motor City area—including Windsor, Ohio—because of the cooperation and liaison between law enforcement agencies.

"Over the years," he says,

"Detroit has been a tough town for the major narcotics violators."

Ellis estimates that dope traffic has fallen off some 30 to 35 per cent in recent years. The decline, he says, is due to a great extent to the adoption in 1956 of a federal law providing stiff new penalties for narcotics peddlers, with no probation or parole.

"Dealers who previously were getting off with probation or a light sentence are now thinking twice before risking up to 20 years in the penitentiary, which is the penalty for a third offense," Ellis explained.

The picture in Ohio, he said, is even better than in Michigan, thanks mainly to a state law which stipulates sentences of 20 to 40 years for the first sale of narcotics. As a result, the Ohio dope traffic has plummeted an estimated 85 per cent.

In Michigan, as the result of vigorous enforcement, the quality of drugs as well as the quantity has fallen off drastically. By the time heroin gets into the addict's hands, it usually is less than 12 to 15 per cent a few years ago.

"The stuff is so adulterated when it gets to the users that

many of them don't really have a bad habit—they're not hooked as deeply as they used to be," Ellis said. "As a result, if an addict's source dries up completely, he finds it less difficult to kick the habit."

Ellis has about 15 agents working out of the Detroit office. If help is needed, he can call on other investigative agencies, especially for surveillance work.

A new agent is placed on probationary status for a year during which time he must prove his ability to blend with the underworld as if he were a hoodlum himself.

Undercover operations are part of the daily routine for most agents. Convictions usually depend on the purchase of illicit narcotics from a suspect whose confidence has been gained by an agent.

Despite his supervisory duties and paper work, Ellis still plays an active role in investigations himself occasionally.

He tells of one time when a deliberately-provoked road leak in a tire put him in a surveillance station as a communications outlet for a suspected peddler.

"While my flat tire was being

repaired, I managed to overhear part of a telephone conversation. Meanwhile, we had an agent watching the guy at the other end of the phone," Ellis related.

"We took the suspects into court, and their attorney was really shook up when he learned how we got the evidence. Evidently he thought we had used an illegal wiretap which could not be admitted as evidence."

Recently, narcotics agents have been trying a new approach in gathering evidence for prosecutions. Instead of getting evidence for a substantive charge against individual offenders for isolated cases of peddling, attempts are being made to establish proof of a criminal conspiracy.

"By doing this, we are getting lengthier sentences out of the courts by showing the judges the broad scope of the crime rather than the narrow picture," Ellis said.

Is there much of a narcotics problem at the schools?

"Such cases are a rarity," Ellis replied. "There is no widespread use around the schools—despite occasional rumors to the contrary."

Ellis recalls that the last ma-

jor problem involving youth in Michigan came in the late 1940s when 120 young people were rounded up in an investigation of marijuana parties in the Detroit area. This crackdown resulted in the conviction of 80 peddlers, he said.

Whenever a tip comes in concerning the schools, agents get to the scene on the double.

INTERNATIONAL CASE

"We handle such reports like we would an international case," Ellis said. "Our response is immediate and thorough."

Most of the narcotics coming into Michigan in the 1950s was delivered by couriers from Chicago or New York.

But because enforcement has become so effective in the Detroit area, it is now necessary for the peddlers themselves to go to Chicago or New York outlets to pick up narcotics.

Ellis says there is no evidence of the inland waterway—with its ocean-going ships—being used for drop-offs of drugs in Michigan, but a shipment occasionally comes up from Mexico.

Ironically, the decline of the narcotics traffic in Michigan has brought about a new problem for law enforcement officials—the use of readily available

paregoric as a substitute for other drugs.

If paregoric is boiled down to extract its opiate content, the resulting dope is more habit-forming than most of the drastically cut heroin now available, according to narcotics experts.

The decline in Michigan's narcotics traffic has been felt in other ways, says Ellis. There have been fewer cases of check thefts, for example. In the past, this money was used for the purchase of drugs.

However, a new and ominous trend has shown up in narcotics investigations, Ellis disclosed.

VIOLENT CRIMES

Crimes of violence in the sinister underworld of dope peddlers have increased in Michigan, mainly in the form of reprisals against informants.

The changing pattern seems to be Chicago-bred, according to Ellis.

Violence and gangland slayings—many attributable to the narcotics racket—have been commonplace in Chicago since the days when Scarface Al Capone's word was law.

Detroit has had its share of killings, too, but it also has a slightly better record in solutions.

## Look Into the Crystal 'Boyle'

### He's Preparing for Rocking-Chair Age

By HAL BOYLE

NEW YORK (U)—What do you plan to do if and when you retire?

That seems to be the most popular topic of conversation in America now.

It isn't limited to older people. The second question a college graduate asks during job interviews now is, "How soon can I retire?" The first question is "When can I begin my four-week vacation?"

Experts say you should have sound goals for your twilight years, that you should map your retirement program early. This seems to be about what nineteenth-century America's employed class—from hired hand to board presidents—are doing.

Most of them enjoy doing it on company time, too. Nothing makes the working day go faster than day-dreaming what you're going to do when Uncle Sam delivers that first Social Security check.

AMBITIONS

Here are a few of my retirement ambitions:

Settle a problem that has been bothering science for a long time: Whether it's more fun to rock north and south in a rocking chair, or east and west.

\*\*\*

Eat an eel in England, a small in France, a baby octopus in Italy, and a sucking pig at a ban in Honolulu.

Be the first man over 65 in my neighborhood to learn to play the ukulele.

HORSESHOES

Learn to pitch an honest game of horseshoes.

Build two birdhouses and rent them free—one to a wren, one to a bluebird. I'd like a couple of Baltimore Orioles around the place, too, but they prefer to knit their own wind-danced home high in the tree.

Figure out a way to beat my wife at gin rummy.

Outlive my wife's doctor—the one who keeps telling her how I ought to change my ways if I expect to be long for this world.

Discover an ingredient to put into martinis that will make them bring out the best in people rather than the worst.

SELF DEFENSE

Win a Black Belt at judo so that, if a group of teenage bullies tries to mug me in my old age, I'll be able to wrap them around" the nearest fireplug.

Watch the New York Mets win their first World Series

against the Yankees in four-count "em—straight.

\*\*\*

Listen to a Wagnerian opera all the way through, and see if I can figure out what all the shouting's about.

Get a part-time job as a bikini-fitter in the busiest department store along the French Riviera.

\*\*\*

Live long enough to have two grandchildren — one a girl

named Margaret Kathleen, the other a boy named Ben, Dan, Bob, Frank or James Aloysius. Never go anywhere the rest of my life where I had to keep my shoes on more than four hours at a stretch.

# Moscow Applying Pressure for Party Showdown With Peking

By WILLIAM L. RYAN  
AP Special Correspondent

Moscow is applying pressure on Communist parties to agree to a meeting of world Red leaders next fall for a showdown with the Red Chinese on the issue of tactics for expanding communism.

miro Togliatti has made it clear. He and others fear the conference with the expulsion of Red China. North Viet Nam and other fraternal parties, from the Moscow. Fearful European Communist want ceaseless mediation. These are willing to compromise. until it is certain the Red Chinese attempts, and no conference

## News Analysis

Red China, unless it agreed at such a conference to change its tune, would stand a good chance of being expelled from the world Communist family, along with whatever other parties refused to toe the Kremlin line.

Basically, the pro-Soviet and the pro-Chinese Communists stand for the same thing: Eventual world communism through revolution.

The difference is over tactics. How aggressively should the expansion be pushed? What dangers can be risked in the process?

### CAUTIOUS ON TACTICS

The Russians are cautious about it; the Red Chinese want constant action.

The machinery for calling a world meeting would operate this way:

The Soviet Communist Central Committee would challenge its opposite number in Peking to attend a meeting in May, a preparatory session.

That would be a preliminary to the fall conference, where Moscow would try to reverse what happened at the world meeting in 1960. In the 1960 Moscow declaration, Premier Khrushchev was obliged to backtrack and make concessions to the Red Chinese, to prevent a spectacle of acrimonious squabbling in the Communist camp.

The Soviet party now is trying to establish the principle that the U.S.S.R. is first among equals in the Communist camp. It seems to be aiming at a sort of super-Comintern in which tactics would be discussed and decisions taken which would thereafter be followed by all parties to the letter. Moscow, of course, would dominate the decision-making.

### K WON OUT

There were 189 delegates from 81 parties at the 1960 Moscow meeting. Ostensibly—but only ostensibly—Khrushchev won the day. To do so he had to compromise.

Khrushchev now is on dangerous ground. The Soviet party's attempt—in which he did not at first entirely agree—to call another conference may create even more dissension in the camp. But the situation is fairly desperate already, with Red China virtually breaking the world movement in two.

The principle of collective leadership fails to work when applied to a coalition of dictatorships. If the conference comes off this fall—probably in November in connection with the Soviet revolution anniversary—it can create new perils, causing some European Communist leaders to tremble.

Italian Communist chief Pal-

"How come everybody doesn't eat it?"

Not everybody knows this bread is sold only at A&P. But now you do. We guarantee you'll like it or your money back.

**CHOCOLATE BREAD PUDDING** — The Chocolate Bread Puddings, shown above, are so delectably rich tasting, you won't be able to believe they're actually meant for weight watchers.

### Buttered Crumbs Top Green Beans

The aristocrats of canned green beans—Blue Lakes—get together with elegant mushrooms and buttered cracker crumbs for delicious "Mushrooms and Beans Splendide."

Tender Blue Lake green beans from the verdant, water-blessed Pacific Northwest are a distinct variety of pole bean especially developed for canning. They are sometimes identified in markets by the "Mr. Blue Lake" symbol, a

sporty-looking green bean wearing top hat, white tie and tails.

**Mushrooms, Beans Splendide**  
1 can (1 lb.) cut Blue Lake green beans

3 tablespoons butter or margarine  
3 tablespoons saltine cracker crumbs, about 4 squares  
1 cup sliced fresh mushrooms or 1 can (2 oz.) mushrooms, drained  
1/4 teaspoon salt

Heat beans with their liquid in saucepan. Meanwhile, brown butter in small pan; stir in crumbs. Drain beans; stir in mushrooms and salt. Turn into serving dish; spoon buttered crumbs on top.  
Makes 4 servings.

### Try Curry on Fruit

The Danes are great ones to curry the mayonnaise. They serve it over shrimp; over pickled-beets; apple slices and hard-cooked eggs; or over fruit—all with crisp iceberg lettuce.

When the dressing's for fruit, they make it this way: Combine 1 1/2 to 2 teaspoons curry powder and 1/4 teaspoon sugar with 1 tablespoon lemon juice. Blend into 3/4 cup real mayonnaise. Whip 1/4 cup heavy cream. Fold into mayonnaise; chill.

## Sucaryl Cuts Calories in Bread Pudding

On with the oven, and rediscover that the simple bread pudding can be simply delectable!

If anyone ever paid adequate tribute to the grapes and glories of bread pudding? It's time someone did. This noble old dessert, known to our mothers and grandmothers before them, has the honey kind of goodness that deserves a song of praise.

Economical though it may be by its use of "leftover stale bread," a proper bread pudding, flavored with imagination, judiciously spiced, and bound together by a golden rich custard, is truly a dish to set before a king.

Surprisingly enough, you can enjoy these sweet and rich-tasting puddings without a worry about your diet. Completely sugar-free, they're sweetened the modern, calorie-free way with the natural-tasting sweetener, sucaryl. As a result, you top off considerably more than one-third the total calories normally found in this type dessert.

Best of all, even your grain-mother wouldn't be able to taste the difference!

### CHOCOLATE BREAD PUDDING

(Low-Calorie)

4 slices bread, cubed  
3 cups warm-skim milk  
6 tablespoons cocoa  
1/4 teaspoon salt  
3 eggs, separated

4 1/2 teaspoons sucaryl solution  
Place bread cubes in large bowl. Gradually add milk to cocoa, making a smooth mixture. Pour over bread; let stand 15 minutes. Combine salt, egg

yolks and sucaryl; stir lightly into bread mixture. Beat egg whites until peaks form; fold into bread mixture.

Pour into 6 individual, greased custard cups, or into a greased 2-quart casserole. Place in a pan of hot water. Bake in a moderate oven (350 degrees) 45 to 60 minutes, or until set.

Makes 6 servings. Each serving contains 145 CALORIES; 5.5 grams protein; 5 grams fat; 18 grams carbohydrate. If made with sugar, each serving would contain 242 CALORIES.

### Diced Chicken Added to Creamed Soup

Plan to use the left-over chicken in this elegant dish.

In saucepan, cook 1/4 cup green pepper strips, 1/4 cup chopped onion, and generous dash crushed thyme in 2 tablespoons butter or margarine until pepper is tender. Blend in a 10%-ounce can condensed cream of vegetable soup, 1/2 cup milk, add 1 cup diced cooked chicken, 2 tablespoons chopped pimiento, and 1 tablespoon chopped parsley. Heat, stirring now and then. Serve in patty shells. Makes 4 servings.

### Dates for Snack

Stuff pitted fresh California dates with peanut butter and slip into lunch boxes for a mid-afternoon snack. Fresh California dates can perk up lunch boxes, too, in cheese or peanut butter sandwich spreads or just as-is for eating out-of-hand.

# Orphan Cuts Are High in Flavor

By JANET ODELL

Pontiac Press Food Editor

There are orphans in the meat counter as well as in institutions. The meat orphans are those

cuts found in every animal that are less appealing to the home-maker. Some women don't even know what they are, much less how to cook them.

Next time you shop the meat

counter look for some of these items: shank; breast; plate; neckbones; hocks; ribs; all organ meats except liver; and fresh picnic and fresh ham.

With the exception of some of the organ meats and the fresh pork roasts, all of these orphan cuts should be cooked by moist heat method.

Let's discuss the organ meats first. In addition to liver, they include heart, kidneys, tongue, brains, sweetbreads and tripe.

Recently we tried a new way with heart. In the past we prepared it like stew, often using the pressure cooker.

Mrs. William Shinn of Waterford first called our attention to sautéed heart. She uses veal heart, cuts it into thin strips and cooks it gently in butter.

We used beef heart, first parboiling it for 20 minutes (that means to cook partially by means of boiling). After it cooled, we cut out all the hard parts and cut the remainder into strips.

These were sautéed in butter and served as finger food. The flavor was surprisingly mild.

Beef and kidney pie is an old English dish. Here we give you an Americanized version of the celebrated combination.

**CHAMPION STEW**  
2 veal kidneys (about 8 ounces)  
1½ teaspoons salt, divided  
¾ cup flour  
½ teaspoon pepper  
1 tablespoon dried parsley  
1 teaspoon dried marjoram  
2 pounds boneless beef chuck, cut in 2-inch cubes  
3 tablespoons butter or margarine  
2 teaspoons paprika  
1 pound onions, sliced  
1 clove garlic, minced  
12 ounces (bottle or can) beer or ale  
2 beef bouillon cubes  
4 potatoes, cut in pieces  
6 carrots, cut on the diagonal  
Clean kidneys and soak in ½

teaspoon of the salt and water to cover overnight. Cut in pieces. Combine flour, pepper, dried parsley, dried marjoram and remaining 1 teaspoon salt. Dredge meat in this mixture; reserve remaining flour mixture.

Melt butter in large skillet; brown meat. Sprinkle with paprika. Add onions and garlic and cook until onions are golden. Add beer, bouillon cubes and kidney; simmer, tightly covered, 1½ hours, stirring occasionally.

Add potatoes and carrots and continue cooking, covered, 30 minutes longer. Thicken gravy by mixing a little cold water with reserved flour mixture. Combine with liquid in pan, stirring until gravy thickens. Yield: 6 to 8 servings.

Tongue is simmered with bay leaf, onion, parsley and whole peppercorns. When tender (this takes 3-4 hours for a beef

tongue), let cool in the cooking water. Skin and slice thin. Wonderful for sandwiches.

Some cooks like to pickle or corn tongue, using the same methods as they do for beef.

Beef plate (or breast) is used for boiling beef. Lamb and veal breast can be stuffed with a bread dressing and roasted. Either may be cut into small squares and treated like any stewing meat.

We tried a new recipe of our own invention recently with beef shanks.

First, we marinated the meat in inexpensive red wine for 24 hours. After wiping the meat dry, we browned it in hot fat. Then we added parsley, onion flakes, marjoram and the wine. Into a casserole it went and into the oven for 3 hours at 300 degrees.

The result was the most flavorful beef dish we have had in months. The gravy was superb.

LESS IN DEMAND—Veal breast (left), beef plate (center) and veal shank (right), usually are lower in price than other portions of the same animals. Long slow cooking makes them delicious.

## Crust for Lamb Pie Made of Crackers

Inspired by the mysterious grandeur of ancient India is "Curried Lamb Pie" — a new main dish so unusual for company dinner, yet inexpensive and nourishing for family meals. Economical ground lamb is extended with crisp saltine crackers to feed six to eight people.

Bacon, onion and apple give a unique flavor blend, accented with the intriguing spice blend of curry powder. Decorate with thin onion rings and you've a dish fit for a maharaja. Here's how to make it:

**Curried Lamb Pie**  
2 cups fine cracker crumbs  
6 tablespoons melted butter or margarine  
1½ lbs. ground lamb  
3 slices bacon, finely chopped  
2 eggs, slightly beaten  
2 envelopes instant mix vegetable broth  
4 to 6 teaspoons curry powder  
½ cup finely diced onion  
½ cup peeled and finely diced tart apples  
Small, thin onion rings, optional

Crush crackers, between waxed paper, with rolling pin into fine crumbs (or crush in electric blender). Blend ¼ cups of the crumbs with melted butter or margarine.

Press firmly over bottom and sides of 9-inch plate, bringing mixture up and above rim to form small standing edge. Refrigerate until slightly firm.

## Coffee Filled Angel Food Is Yummy

Coffee Angel is just right for four couples, an elegant sweet for after-dinner coffee. Make your coffee demitasse, served in your prettiest demitasse cups.

**Coffee Angel**  
1 pkg. angel food cake mix  
24 regular-size marshmallows  
½ cup strong, hot coffee  
1 cup whipping cream, divided  
2 tablespoons chocolate syrup  
Prepare cake mix as directed on package. Lightly grease 1-layer cake pans, 9" in diameter. Line bottoms of pans with waxed paper circles. Spread batter evenly in pans. Bake at 325 degrees for 25 to 30 minutes or until top springs back when lightly touched. Invert pans on cake racks.

When thoroughly cool remove layers from pans. Peel off waxed paper. (If you prefer, buy a baker's angel food cake and cut crosswise into 4 layers.)

Meanwhile, melt marshmallows in coffee over low heat, stirring often. Chill until partially set. Whip ½ cup cream; fold in. Spread between cake layers. Whip remaining cream; fold in chocolate syrup. Spread on top of cake. Garnish with chocolate curls, if desired. Makes 4 servings.

## WOMEN'S SECTION

Three chapter presidents exchange views at the annual founders day banquet of Beta Sigma Phi sorority. From left are Miss Lulah McCully of Murphy Avenue, Mrs.

George Felice of Boston Avenue and Mrs. Elwyn Hall of Silver Circle. The banquet was Wednesday evening at Edgewood Country Club.

Mrs. Clyle Haskill, Woodbine Drive (left), and Mrs. Joanne Fireman from Oakland County Children's Center School wait for

dinner. Mrs. Fireman accepted funds from the three Pontiac Beta Sigma Phi chapters to buy books for the school.

## Church Group Probes Pontiac's Past, Future

Pontiac, past, present and future, was discussed at the Tuesday evening meeting of the Woman's Society of Christian Service of First Methodist Church.

Under the direction of Mrs. Lester Pitts, Rev. Carl Adams and Mrs. Dudley Colby presented the topic with the aid of Mrs. Raymond Boone. The Agnes Stahly Circle was hostess for the evening.

Mrs. Charles Jacobsen was

## Committee Schedules 'Stuffing'

Personal notes will be tucked inside 1500 envelopes carrying invitations to the fourth consecutive Meadow Brook Ball at a "stuffing party" May 5.

Members of the ball committee will gather in the Birmingham home of Mrs. R. Jamison Williams, chairman, to work again for the June 20 affair to be held at Meadow Brook Hall, the estate of Mrs. Alfred G. Wilson.

The proceeds of the dance benefit the scholarship fund of Oakland University. Guest list at the dance will number no more than 250 couples for an evening of cocktails, dinner and dancing.

Cochairman of the event is Mrs. William T. Gossett who has previously served with Mrs. Williams.

reelected president at the election of officers that followed. Assisting her next year will be Mrs. Colby, vice president; Mrs. Russell Jacobson, recording secretary; and Mrs. Fred Manes, treasurer.

## OTHER OFFICERS

Other officers will be: Mrs. Boone, Marlene Beal, Mrs. Pitts, Mrs. Harry Goring, Mrs. Harry Rice, Mrs. Carl Theorin, and Mrs. William Farrell.

Mrs. J. W. Green, Mrs. Cleatus Garner, Mrs. George Foote, Mrs. Norman Legge and Mrs. Norman Todd will also lead the group's activities.

Circle chairmen for the coming year are Mrs. James Van Cleave, Mary Trask, Mrs. John Rawley, Mrs. Clayton Rule, and Mrs. Clarence Hamel.

Mrs. Manes will be the leader for a new study class starting May 6. Topic will be "The Inner City."

## Group Chooses Two Delegates

Mrs. Martin McLaughlin and Mrs. James Hudson were chosen as social and business delegates respectively at a meeting of Beta Omega Chapter of Lambda Chi Omega National Sorority.

The pair will attend the national convention in Columbus, Ohio in June.

Mrs. Richard De Shetler hosted the Tuesday evening meeting where plans were made for a May benefit sale.

## Personals

Mr. and Mrs. Mac T. Whitfield, West Iroquois Road, have returned from a month's vacation in Florida. Two weeks were spent in and around Belleair.

Spending the weekend with Mr. and Mrs. J. L. VanWagoner of Andersonville Road will be her nephew and family, Mr. and Mrs. C. W. Hill of Charlotte, Mich.

Mrs. William B. Bachman Jr. of Bloomfield Hills left Wednesday for San Francisco where she will stay until Sunday. She will help her mother, Mrs. L. F. Weyand, former Detroit resident, celebrate her birthday. While there she will also look for Oriental objects for her new home.

Aboard the "USS Independence" sailing from New York today will be Doris Hendrian of Sylvan Lake and Frances Austin of Detroit.

Itinerary for their month's vacation in Italy will include visits to Milan, Naples, Florence and Rome. They will return home by jet flight.

## New in Stereo Low Silhouette

Latest thing in high-fashion stereo photographs is the low-silhouette cabinet. The low design lets the machine double in brass as either a cocktail table or a low bench. Soft latex foam rubber cushions make the bench models comfortable even without springs.

## Forgive Wayward Husband; Only Then Can You Forget

By ABIGAIL VAN BUREN  
DEAR ABBY: What do you do when you finally find out that what you had suspected deep down in your heart was true?

My sister-in-law telephoned the other day to inform me that my husband had an affair about a year ago with a supposedly good friend of mine.

She said she and her husband had known about it all along.

Suddenly, a lot of things began to fit into place, such as canceled checks made out to strange places, and several unexplained late evenings.

Each time I confront my husband with the accusation, he denies it.

I would gladly give him the benefit of the doubt, but there is no doubt.

ABBY

I can't raise four children alone. Do I just forgive and forget?

## HEARTBROKEN

DEAR HEARTBROKEN: Yes. Obviously your husband wants to forget, too, but when you try to sweat a confession out of him, he can't.

Forgive. Truly forgive. Only then will you be able to forget.

DEAR ABBY: My husband and I are both in our mid-40s. We are neat dressers, and everyone compliments us on how "young" we look.

Whenever we go out, my husband spots a "friend" at another table, and up he jumps, leaving me to sit alone anywhere from 15 minutes to half an hour.

When I complain he gets mad and says he likes to talk to his friends. What's bugging him anyway?

This has been going on for years.

## LEFT SITTING

## Lorraine Manor Unit Names New Officers

Annual reports and election of officers highlighted the Tuesday evening meeting of the Lorraine Manor Garden Club, branch of the Woman's National Farm and Garden Association.

Mrs. Ray Allen was reelected president and will be assisted by Mrs. Warren Clevin, vice president; Mrs. Robert J. Smith, secretary; and Mrs. Richard L. Smith, treasurer.

Mrs. Clevin, program chairman, conducted a panel discussion on roses, perennials, pruning and fertilizing. Those participating were: Mrs. James Mood, Mrs. Glenn Hickson and Mrs. Allen.

HOUSTESS

Mrs. Fred Barnfather of Lorberia Lane opened her home for the meeting.

The May meeting will be held in the Tilmor Drive home of Mrs. Ralph Dean and will involve a demonstration of mouth-to-mouth resuscitation by the Waterford Township Fire chief.

## The 'Southern Belle' Has Been Outdated

## Prom Formals Are Long, Slim and Simple

By JEANMARIE ELKINS  
Nothing quite compares with a girl's first prom. Appointments with hairdressers are made months in advance, often in anticipation of a date which has not, as yet, materialized.

The dress worn on this grand occasion will be remembered long after all of the other dance dresses are forgotten. It must be chosen

with care and much thought. It must be beautiful!

Mother and daughter often spend many hours traveling to a variety of shops to find a format that is "just right."

The only other occasion in her life when a girl will do so much to find the right dress is her wedding.

Prom dress styles, like all other styles have changed

through the years. It wasn't too long ago that the prom dance floor resembled the sum total of a year's output from a number of lace factories — equipped with automation.

The majority of the dresses were short, covered with tier upon tier of lace or silk illusion, and full, full, FULL.

Nearly all were strapless, with-tops so boned they could stand by themselves.

What few floor-length formats there were, had extremely full skirts, requiring the additional purchase of a hoop.

Today's formals are radically changed.

## LONG GOWNS RATE

Long formals are by far the most popular, according to Mrs. Bea Wheatley of Alvin's, Mrs. Sam Botza of Alberts is in complete agreement.

Mrs. Wheatley emphasized the simple design and controlled fullness of today's long formal. Some have the straight, Jackie Kennedy type of skirt while others have a slight flare. Lace or other decoration is used sparingly.

Many girls are buying the short formals for their junior high proms.

Students have told Mrs. Botza that only the senior girls wear the long formals to the prom while underclassmen wear the short versions.

William McMath of Alicia Bridal Salon shows a large number and variety of long formals in his collection. According to him the sheer fabrics are most favored.

Nylon combinations are the best sellers while lace, cotton, silk organza, peau satin, peau taffeta, cotton pique, crevet and linen are also popular.

An unusual customer service is the record kept on each style. A master sheet lists all styles carried. The color, size and to what prom each style will be going are listed.

No two gowns of the one style are allowed to go to the same prom. An occasional sale is lost but the customer is assured that her formal will not be sold to another girl going to her prom.

Also emphasized by McMath is the fact that, although a girl may travel to Detroit or farther, she has no assurance

DEAR LEFT: If your table-hopping husband is running for office, grin and bear it. — But if he's just a friendly-type guy who likes to talk to his "friends," tell him that you are his best friend and you didn't go out to sit alone.

DEAR ABBY: When I was 12 and my brother was 10, our father died. Our mother married again, and she stayed married to this man until she died.

At the time of her death neither my brother nor I could afford to buy her a headstone. Now we have the money and want to buy her one, but here is the problem:

We want our mother's FIRST HUSBAND's name on the headstone instead of her second husband's. After she died, we never saw our stepfather again.

Our family did not care especially for my mother's first husband (our real father), or her second husband, so they want us to put her MAIDEN name on the headstone.

Since my brother and I are paying for it, we think we should be able to put what we want on it. What is your opinion?

## WONDERING

DEAR WONDERING: It will be YOUR headstone over YOUR mother's grave. Put on it what you will.

Get it off your chest. For a personal, unpublished reply, write to ABBY in care of The Pontiac Press. Enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby in care of The Pontiac Press.

## Find Out if Friends OK Invite

By The Emily Post Institute  
Q: Last week my husband and I and two other couples decided to go to a well-known night spot this coming Saturday night.

Yesterday afternoon while talking to a friend on the telephone I mentioned to her that we were going to this club and added, "Why don't you and John join us?" She said they would be delighted.

When I told the others that Mary and John were coming with us, one couple was very much annoyed because I had asked them and think that I should have consulted the others first.

Since the evening is to be Dutch Treat, I certainly see nothing wrong in my asking them to come along. May I please have your opinion?

A: Even though the evening is to be Dutch Treat, it would have been considerate to have consulted the others to find out whether they minded Mary and John joining you, before asking them to do so.

Q: My daughter is going to be married at an eleven o'clock nuptial mass at the cathedral. There will be a reception following at the country club.

Would it be proper for the mothers of the bride and groom to wear ankle length dresses at a forenoon wedding?

A: At a formal wedding—even one taking place before noon — the mothers of the bride and groom may properly wear ankle-length dresses.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

## Gretchel Hunter, City's First Deb Bows to Society

—Gretchel Hunter, a Pontiac Central High School senior, will be Pontiac's first debutante to bow into society at the Cotillion debutante ball Friday evening in Cobo Hall.

Sponsoring its 14th annual debutante ball is the Cotillion Club of Detroit, Inc.

This year the 15-year-old organization of business and professional men will introduce 31 high school seniors or recent graduates who were able to meet its high standards in character and scholastic attainments.

## OUTSTANDING DEB

An outstanding debutante, Gretchel was Pontiac's Miss Junior Achievement in 1963; a member of the court for chief and princess in the 1964 Pontiac Central High School homecoming festivities; and runner up for Pontiac Junior Miss for 1964.

The annual affair is a joint undertaking on the part of the Cotillion Club and the Cotillion Wives Auxiliary.

However, most of the club's energy is directed toward the promotion of high standards in business and professional ethics, the promotion of political consciousness, improved human relations and the elimination of all vestiges of discrimination in our society.

Gretchel, the daughter of Mrs. J. P. Woodward of Palmer Street, is being sponsored by club president Herman J. Glass.

Pontiac Press Photo

Gretchel Hunter, daughter of Mrs. J. P. Woodward of Palmer Street, models a prom formal from Alvin's of Pontiac. Gretchel is Pontiac's first debutante ever to be presented at the Cotillion Club of Detroit, Inc. ball this Friday evening.

Simple elegance emphasizes this prom formal from Alicia Bridal Salon, where a record of each style insures that no gown will be duplicated at the same prom. Model is Judy Hoffmann. The daughter of Mr. and Mrs. Carl Hoffmann of Sashabaw Road, she is valedictorian of her graduating class at Waterford Kettering High School where she carried a 4.0 scholastic average.

The population of Indiana is said to be increasing about 100,000 persons each year.

About 300,000 residents of New Jersey commute to their jobs in New York and Philadelphia.

The Mississippi flood of 1927 swept over an area of 29,000 square miles.

## Budget for Five Needs an Adjustment

By MARY FEELEY  
Consultant in Money Management

Dear Miss Feeley,  
Please help us with our budget. I'm not sure of our yearly income, it varies so, but we are a family of five—three children ages 3, 5 and 9. We live on a 100-acre farm.

We are still young, 32 and 35 years old. We have our own meat we butcher, our potatoes, and freeze all our vegetables. (Our bread, milk and ice cream are separate from groceries.) My husband doesn't think it should cost very much each week for groceries because we have these things I mentioned. But I find it hard to manage on \$10 or less a week, including cleaning supplies.

What do you feel it should cost? I think a lot of your opinion.

Mrs. D. M. S., Manheim, Pa. Dear Mrs. S.,

Let's fight this out with your husband. I maintain you need nearer \$20 a week than \$10. Here's how I figure it, using a moderate-cost diet plan set up for a family of four by the United States Department of Agriculture for the eastern area which includes your region:

Milk, \$7.50; meat, poultry, fish, \$11.78; eggs, \$1.60; dry beans, \$2.28; grains, cereal, \$4.57;

potatoes, \$3.51; citrus fruit, \$2.39; other vegetables, \$4.85; fats and oils, \$1.08; sugar and sweets, \$1.07; accessories such as tea and coffee, \$1.80. This totals \$37.45.

To adjust these costs to your family of five, it's suggested that you subtract 5 per cent from this total, leaving \$35.56 as the estimated cost of what your family would consume per week.

Now let's figure roughly what

you produce on the farm—in terms of money, and for which you are not actually paying out of your grocery funds:

Milk, \$8; meat, etc. \$6; eggs, \$1.60; grain, cereal, \$2.50; potatoes, \$5.00; vegetables, \$2.50; accessories, \$3.50. TOTAL, \$19.45.

So, according to these estimates, the difference between what you probably need and consume, and what you have on the farm, is \$15.98. Add an additional \$1 for cleaning supplies per week, and the difference is \$16.98.

Maybe other farm families would like to put in a work on this subject of "bought" versus "home grown" groceries. I'm sure Mrs. S. would be interested, and so would I.

(You can write Mary Feeley in care of The Pontiac Press. She answers questions of widest interest in her column).

## United Church Women

### Put Freedom in Spotlight

Fellowship Day for United Church Women of Pontiac is scheduled for Friday at the

First Church of the Brethren, North Roselawn Drive. After a 9:30 coffee hour,

Barry Grant, Oakland County assistant prosecuting attorney will speak on the theme of the day, "One Family Under God; Freedom of Residence and Job Opportunity."

"This theme," said Mrs. James Mallory, chairman of Christian social relations, "will focus our attention on the point of greatest racial tension and need in our community."

"Open housing and equality of job opportunity are crucial issues in many parts of the country... the response of church women in study and action-to-effect change can be a worthy reflection of the faith that is within us."

ANNUAL OBSERVANCE

May Fellowship Day is an annual observance sponsored by United Church Women, a department of the National Council of Churches. It is open to all area women.

Participating in the program will be Mrs. Richard Green, Mrs. George Killian, Mrs. Robert Albrecht, and Mrs. Gary Crowell.

Others are Mrs. Fred Cockle, Mrs. Arland Reid, Mrs. Charles Parrott, Mrs. Floyd Miller, Mrs. W. T. Billings and Mrs. Harry Pattison.

Pontiac Press Photo

Mrs. L. W. Blackwell, North Shirley Street (left), and Mrs. Roy Fleming, Cottage Street, cochairmen, place a poster for the Friday meeting of the United Church Women of Pontiac. Starting with a 9:30 a. m. coffee hour, the program at the First Church of the Brethren is open to all women in the area.

## Extension Service Honors Women

Recognition of community leaders and the cooperation of volunteers are two important forces that keep the adult education programs of the Co-

operative Extension Service vital to homemakers.

An awards tea, held Wednesday at Lakeside Community Center, was the occasion for such recognition and cooperation.

Ruth Peck, program assistant of the extension service at Michigan State University, awarded certificates to Marie Adams, Mary Carr, Nellie Francis, Anna M. Binga, Frankie Lee Hicks, Catherine Taylor and Carolyn Pryor.

Others receiving the award for completing a course of home economics lessons on "Better Family Living" were Willia Mae Wright, Josephine Williams, Wardell McConner, Lenora Pilgin and Hazel McDonald.

### GAVE TEA

The Lakelanders Extension study group of Pontiac sponsored the tea. Cochairmen were Mrs. Bruce Longmuir and Mrs. Gerald Fiesland.

Mrs. Stanley Squires is chairman of the group. Wise food shopping, modern laundry methods, weight control, parent-child relationships, clothes buying and keeping a healthy home were topics included in the "Better Living" series.

### OTHERS HELPED

Cooperating with the extension service for the meetings were representatives from the county Bureau of Social Aid, the Pontiac Housing Commission and the City Public Health Department.

Special guests included Clarence Barnes, executive director Pontiac Urban League; T. Warren Fowler, city commissioner; Roy McAfee, housing director; Winifred Quanton, Bureau of Social Aid; Ralph Florio, department of Public Health; and Lyle Abel, MSU cooperative extension agent.

Mrs. Werner Schroeter (right) pours coffee for Mrs. Mary Carr, Branch Street as Mrs. Wardell McConner, Clovee Street, waits her turn. Mrs. McConner and Mrs. Carr received Michigan State University

certificates Wednesday upon completion of a series of home economics lessons taught by Oakland County Cooperative Extension Service.

## Comfortable Pets Travel Well

NEA — Transporting the family pets and helping them adjust to a new environment is one more job that falls to the homemaker when a long distance move or an extended vacation is planned.

If they travel with you by car, pack a bag with the feeding dish, water dish,

comb, brush, blanket.

A cat who is not a good traveler may require a cage to confine him when he gets too jumpy.

In hot weather plan frequent stops for water. Park the car in the shade, if you go into a restaurant, and

leave the window slightly open for ventilation.

If you ship the animals, check air and rail schedules carefully for the fastest and most convenient route.

Crates for shipping may be rented or borrowed from some kennels.

## Goldwater Gals State Goals, Slate Meeting

Gals for Goldwater will hold their spring conference Saturday at the Hotel Roosevelt in Lansing.

An all-women's volunteer organization, it is dedicated to the proposition that "the nomination and election of Senator Barry Goldwater to the presidency of the United States in 1964 is the one great hope for the future of the American Constitutional Republic."

It is a non-partisan, state wide organization with one objective, to enroll not less than 100,000 Michigan women. Each one must promise to do 10 votes in the national elections for Senator Goldwater in the national elections of Nov. 1964.

Districts 18 and 19 of the Women's Christian Temperance Union attended the annual spring institute Wednesday in the Christian Temple. The Frances Willard Union members were luncheon hostesses.

Pontiac Federation president, Mrs. William Bradley, welcomed the morning assembly. Mrs. Nellie Monroe and Mrs. Bill Sheets led devotionals.

Mrs. Theodore Helzerman was pianist for group singing led by Mrs. William Bach who also presented a vocal number with autoharp accompaniment.

A temperance reading titled "Second Chance" was read by its author, Mrs. Arnold Young. A white ribbon recruit dedication service was held, dedicating one child.

**HEAR REPORTS**

Annual reports of 12 local unions and the Pontiac Federation were read.

Mrs. Mary Kenworthy of Redford, state director of the Loyal Temperance Legion, presented the lesson "Pearls Before Wine" with flannelgraph in the afternoon. She also outlined the work program for the children's group ages 6-12.

## Check Eyes After First Four Years

Approximately four million Americans will celebrate their fourth birthday this year and one of the best presents they could receive would be professional eye examination, suggests the Better Vision Institute.

Why so young? The parent who waits until the child goes to school to receive his first vision test may learn that a defect which could have been easily remedied has developed into a serious problem.

There are certain symptoms of eye defects in the young child discernible by the layman. In such cases, regardless of the age of the child, professional advice should be obtained.

Unfortunately, many vision impairments cannot be detected by the layman. One reason is the fact that there is usually no pain.

Therefore, the safest procedure is an examination for every child by age four, or at the latest, before starting to school. The child who enters school with impaired vision may develop lasting inferiority complexes as a result of early classroom failures.

Symptoms to look for in the young child include recurring sties, inflammation of the eyes or lids, crusting, crossing of the eyes, squinting or frowning when looking at distant objects.

Rubbing the eyes and stumbling over small objects are also signs of possible vision impairment. An eye care specialist through a complete eye examination, can pinpoint the trouble even if the child is too young to read.

**Sorority Meets**

Myra Panglilan of Quezon City, Philippines, discussed her homeland's school system at the Tuesday evening meeting of Omega Mu Sigma Sorority.

## Weekend Projects Repair Schools

## Students Pitch In on Appalachia Woes

By BOB COOPER

HYDEN, Ky. (AP) — Like knights of old, college students sail forth each weekend to help the distressed mountain folk of eastern Kentucky.

Instead of armor, they wear sweat shirts and blue jeans. They carry hammers and nails, and bring, among other things, big sheets of wallboard.

The students call themselves the Appalachian Volunteers, a loosely knit group from 19 colleges who want to do their bit to help.

"We don't have any membership as such. No one carries any kind of membership card," Milton Ogle, director of the group, said.

## 100 STUDENTS

But what began as a spark with four students three months ago have fanned into a flame involving more than 100 students working on six to eight projects every Saturday.

As a starter, the group decided to work on some of the 1,004 one-room schools in eastern Kentucky, many of them sorely in need of repair. They have organized recreation and health education at some of the schools.

"It's sort of a people-to-people program," Ogle said. The volunteers go only to communities where local residents will pitch in and help.

A \$50,000 grant from the Federal Area Redevelopment Administration and donations from private individuals and firms finance the project. The grant is earmarked for salaries. Private donations buy materials.

## STUDENTS' REWARD

The students receive only gasoline money and lunch.

The decision on which schools will be worked upon, Ogle said, is made on the answers to these questions:

1. Will the school be eliminated through consolidation within one year? If so, no work.

2. Is the school genuinely in need of repair?

3. Is it reasonably close to the campus from which the volunteers will come.

## COOPERATION ASKED

4. Are the county school board and local residents willing to cooperate?

If the answers to the last three questions is yes, then the volunteers try to work it into their schedule.

The work the volunteers did at Rye Cove School, a tiny building in a desolate hollow near here, was typical. Last winter, the 21 students and their teacher, Jawadean Hoskins, shivered most of the time.

There were cracks in the walls. The potbelled stove couldn't put out enough heat.

## LOCAL HELP

Volunteers, some local help, and a day of work put wallboard insulation on the walls and ceiling. A second project was a complete paint job.

"Oh, this is just wonderful," Mrs. Hoskins said. "It will be so fine next winter."

"On some of these projects," Ogle said, "the local citizens take over before we're finished and complete the job. That's the spirit we're trying to generate."

AP Photos

**HELPING HAND**—Helping put insulation on the wall of a Kentucky mountain school is Carmen Cabrero (background) of New York City, a student at Union College, Barbourville, Ky. She is a member of the Appalachian Volunteers, who travel each weekend to help the distressed area. The other girl is Mathilda Witt, 13, a student at the one-room school.

## Police Charge )

## Had Personal Arsenal

HENDERSONVILLE, N. C. (UPI)—Police said James H. (Nirro) Jones told them he wanted to be ready in case a race riot broke out in this mountainous community. So he made preparations.

What police said Jones prepared with was a private arsenal of a Thompson submachine gun, a 30-caliber water-cooled machine gun, five hand grenades, two machine gun barrels, a shotgun, several handguns and several rifles.

Police Chief William A. Powers said Jones told him he had been taking the guns into the mountains to fire them to make sure they were in working order.

Jones was charged with violation of the Federal Firearms Act for possession of the heavier guns.

Powers said he violated no law for possession of the smaller weapons.

## OUT ON BOND

Jones was released on \$1,500 bond after a hearing. He reportedly got his nickname as a schoolboy when he placed a bottle filled with gunpowder in the office of his high school principal.

## Freed Politicians Renew Controversy

## Kashmir Blocks India-Pakistan Peace

By PHIL NEWSOM  
UPI Foreign News Analyst

Before a cheering throng of 50,000 in Srinagar, capital of disputed Kashmir, a Kashmiri politician voiced words to which the United States could utter a fervent "amen."

"We will not have peace and security in the subcontinent," he said, "until the problem of Kashmir is settled, and India and Pakistan live in friendship."

NEWSOM

It is a goal urgently sought by statesmen of the United States, Britain and the United Nations over 12 years but one which constantly eludes them, keeping India and Pakistan at the brink of war and poisoning U.S. relations with both.

The speaker was Mirza Mohammed Afzal Beg, in Kashmir politics second only to the man beside him on the platform, Sheikh Mohammed Abdullah, the "Lion of Kashmir."

Both men just had been released from prison where they spent more than 10 years for advocating self-determination for Kashmir against the will of India.

For Indian Prime Minister Jawaharlal Nehru, Abdullah's release had been a calculated risk but one that apparently had gone wrong.

The cheering throngs which jammed the streets and pelted

Abdullah with flowers, proved that he had lost none of his appeal and his words proved that neither had he changed his mind.

## CLAIM NONSENSE

It was nonsense, he declared, for India to claim Kashmir as an undeliverable part of India.

And below him the crowds chanted: "Long live Abdullah... our demand—plebiscite... self-determination—our right."

His words also had their echo in New Delhi to which Abdullah had been invited by the ailing Nehru.

In the scorching heat outside India's Parliament, irate demonstrators shouted their reply: Kashmir is India's... Abdullah wake up."

## NO TURNING BACK

Officially, India's stand on the Kashmir problem long since has been taken and Nehru's influential minister with portfolio, Lal Bahadur Shastri repeated it when he said that Kashmir's accession to India in 1947 "is irrevocable and the present relationship between India and Pakistan will have to continue."

Two-thirds of predominantly Moslem Kashmir is held by India and the other, poorer, third by Pakistan under a cease-fire line established by the United Nations in 1949.

In December, Hindu-Muslim violence broke out over the theft of a relic from a Srinagar mosque revered as a hair of the prophet Mohammed.

Pakistan used the issue to revive the old dispute in the United Nations.

## NEW ELEMENT

While the issue is an old one, Abdullah's freedom has injected a new element. Previous regimes in Kashmir had proved both corrupt and repressive.

The need of a new approach was obvious. Abdullah, as a longtime prime minister of Kashmir, had played an early role which agreed to accession to India, to be followed later by free determination.

Nehru himself had agreed it should not be a forced wedding.

No one today can be quite sure what Nehru hoped to gain with Abdullah's release. Nor can it be sure whether Abdullah's ambition is independence or alliance with Pakistan or India.

## HORNS OF DILEMMA

But his mere presence places Nehru on the horns of a new dilemma, and the people of Kashmir anticipate a change.

Diploma Comes Easy;  
Received at Day One

HOUSTON (AP) Donna Magdeline Bukowski, daughter of Mr. and Mrs. Charles Bukowski, got her sheepskin at a very youthful age.

She was the first recipient of a bound and inscribed birth certificate made in the form of a college diploma presented by a local hospital. Donna was 1 day old.

## Apartments Lose Indians and Eskimos

JERSEY CITY, N.J. (AP) — Five Alaskan Indian and Eskimo families, apparently with a distaste for urban cliff-dwelling, are moving out of an apartment here after a stay of less than a week.

The families are among 17 Indian and Eskimo families that moved into the Marion Gardens project apartments last Friday under the auspices of the Bureau of Indian Affairs. They are here for a year so that the men can be trained as electronics technicians for the Distant Early Warning defense system in their home state.

The families moving out would prefer living in one- or two-family dwellings, reported Joseph E. Connelly, executive director of the Jersey City Housing Authority, and Mary Ann Rawley of the Bureau of Indian Affairs.

The apartment project is in a neighborhood that is 95 per cent Negro. Connelly and Miss Rawley said Wednesday there were no complaints about other residents, nor were there any incidents. They said the other 12 Alaskan families are remaining in the apartments.

# Future of Legislators Clouded by Redistricting, Pay Issues

LANSING (AP) — Worried about your job? Uncertain about your salary? Cheer up. You could be a Michigan legislator.

The typical lawmaker this week does not know if he will be back next year, or if so, whether he will represent the same voters.

He is in doubt over whether he'll get a \$4,250 pay raise or a \$2,250 pay cut if he does return. And he can't even say for sure whether he'll have to work next week.

Uncertainty, the only certainty

of political life, has reached a peak with districting at three levels—legislative, congressional and judiciary—in the air.

## NEXT WEEK

These could be cleared up by Saturday, the scheduled end of work sessions. But leaders say sessions next week are increasingly likely.

Compounding the confusion is the tendency of the redistricting issues, plus proposed changes in voting methods and election dates, to be thrown together in various combinations as "package deals" to get the votes to move anything off dead center.

The latest bombshell is a bill alive in the House which would set up nine single-judge districts for the new court of appeals, judgeships on which several lawyer-lawmakers have designs.

This districting would be in defiance of the State Supreme Court's call for three-judge districts. To needle the court further, the bill calls for districting the court itself for the first time in history.

The fluidity of the situation has led to strange alliances and sometimes mystifying maneuvers.

A 26-vote bloc developed in the Senate last week to get congressional and legislative redistricting moving through the houses against Gov. George W. Romney's wishes.

Most bloc members insist this is not an anti-Romney coalition. But is interested only in election matters.

The House now is working on its own districting under an

agreement, made by only some lawmakers, that the Senate-approved Senate districts will be left alone and the House-approved House districts.

## NO AUTHORITY

But even lawmakers working hardest on this recognize the legislature has no express constitutional authority to do this job, and that the State Supreme Court, any day now, could negate their work.

Senators who choose—as several have—to escape this ques-

tion by trying to step up to Congress, face another basket of question marks.

A Democratic plan has passed the Senate, and a Republican plan has passed the House on congressional districting, with an at-large election a possibility. The "Massachusetts ballot" has passed the House and lies in the Senate Elections Committee, threatening the present party-line voting system.

## PAY BOOST

And a bill to boost the lawmakers' pay to \$12,500 Tuesday reached the Senate floor to be-

come a new element in the mixture of pleadings, threats and bargaining between the 26-vote bipartisan Senate bloc and Romney's leadership.

Senate Majority Leader Stanley Thayer, R-Ann Arbor, has threatened to withhold GOP votes under his influence, in an effort to ultimately force a record vote on it.

Most senators, especially some of the 10 conservative Republicans who joined with Democrats in the bloc, would prefer the technique used in the House,

whereby no one gets his name attached to the raise.

Bloc member John Simekema, R-Coldwater, has a counter-threat for Thayer, who personally has supported the idea of a salary increase.

"I will demonstrate some true conservatism and Republican thrift by submitting an amendment to cut the legislative and governor's salaries back to the 1960 level," said Simekema.

This would send lawmakers' pay down from \$8,250 to \$5,000, and the governor's pay from \$27,500 to \$22,500.

## First From U.S.

## Pope OKs Married Priest

NEWARK, N.J. (AP) — Pope Paul VI has granted a dispensation that will allow a married former Lutheran minister to become a Roman Catholic priest.

Ernest Adam Beck, 39, a father of two who became a Catholic 10 years ago, is the first American to be granted this privilege, the National Catholic Welfare Conference news service reports in the Newark archdiocese newspaper, The Advocate.

Beck is a native of Detroit and at one time was pastor of Lutheran churches in Tulsa, Texas, and North Bergen, N.J. The dispensation was granted at the request of Bishop Hermann Volk of Mainz, Germany, and was supported by Richard Cardinal Cushing of Boston and Augustin Cardinal Bea, president of the secretariat for promoting Christian unity.

## STUDIED IN GERMANY

Beck has been studying at a Mainz Seminary and is to be ordained for the Mainz diocese.

During the past 12 years, five married former Protestant ministers have been ordained priests in Germany under special dispensations granted by the Vatican, the news service said.

Beck was given approval to

exercise the rights, privileges and obligations of marriage while having unrestricted exercise of the priesthood, the news service said.

Beck's wife, Dorothy, and their two children, Michael, 13, and Monica, 9, have been living in Oklahoma City, Okla.

## Ex-Postmaster Guilty

GRAND RAPIDS (AP) — Eugene F. Jones, 36, a former postmaster at Mendon, pleaded guilty in U. S. District Court Wednesday to taking more than \$3,500 from postal stamp funds. Sentencing was set for May 14.

cruellest town in the world of talent. Hollywood's full of talented people, but hardly anyone will give them a chance to show what they can do."

Sidney Linden spoke from his experience. Thirty years ago he was a baritone with rare promise. A staff singer for CBS, his radio program followed that of a pop crooner.

The difference between them was more than singing style: Linden earned \$15 vs. Bing Crosby's \$500.

The young baritone studied with great teachers who predicted a brilliant career. But success as a singer eluded him.

Instead, he became a pen-making millionaire, and now is impresario of a concert hall designed to expose talent whom heartless Hollywood overlooks.

ONE-MAN OPERATION

Linden is president of the Lindy Pen Co., which he started as a one-man operation 19 years ago and which now enjoys a \$12-million yearly volume.

The pen business and his other enterprises occupy only a part of his day. During most of every afternoon and evening he can be found at the Lindy Opera House, a one-time film theater at Wilshire and Labrea which he converted to a musical showcase for \$160,000.

The opera house produces a healthy deficit, which bothers him not a whit.

One of his greatest pleasures is the holding of auditions for new talent to be presented at the opera house. In this regard he stressed "new" and not necessarily "young."

Said he: "Most auditions place all the emphasis on young talent, and I think that is unfortunate. Producers think that anyone past the age of 34 is not suitable for singing jobs. But there are many singers in their late 30s and 40s who have magnificent voices and deserve a chance to be heard."

EXTENT OF SINGING

Linden sometimes sings a number or two at the end of auditions, but that's the extent of his vocalizing nowadays. A neat-looking man with a mellow voice, he sometimes reflects on how his career might have turned if more people would have listened to him sing.

"But I didn't have that certain hardness that a singer needs to succeed," he commented.

Lacking the drive for self-promotion, Linden worked in movie labor crews and his brother's jewelry store in Santa Monica. After the war, he and a friend promoted a watch-band enterprise, then Linden went into ball-point pens with only fair success. When a batch of cartridges came out oversized, he devised a disposable pen which sold enormously.

## JOEY WILL WALK AGAIN!

Joey has a tough fight ahead of him. It won't be easy. It won't happen overnight. But it will happen, because Joey is going to have plenty of help... from the doctors, the staff, and the modern hospital close to home.

Fifty years ago you wouldn't have given a plugged nickel for Joey's chances to run and play. Hospitals have come a long way since then... new discoveries in drugs, new advances in medical equipment, new technical knowledge to knock out dread diseases.

Naturally, progress like this costs money... and lots of it. That's why hospital services, like everything else you buy today, cost more. But then they're worth so much more to you than ever before. If you need proof, just ask the parents of a little boy named Joey.

Modern hospitals mean so much to you and your family!

Our area hospitals provide more health for your money than ever before.

## Recent Epidemic of Spotting Brings New Quiz

## Probes of 'Flying Saucer' Sightings Find No Threat to U.S.

WASHINGTON (AP) — The Air Force has investigated more than 8,000 reported unidentified flying objects in 16 years and has yet to discover any evidence that UFOs represent a threat to U.S. security.

It also said today that probes of such sightings back to 1947 have failed to turn up any evidence that UFOs are "alien interplanetary space-vehicles under some form of intelligent control."

This report was furnished to the Associated Press as the Air Force looked into a new epidemic of strange sightings in the skies over New Mexico.

One of the Air Force's leading civilian consultants, on UFOs has gone to Socorro, N.M., to investigate the latest reports. He is Dr. J. Allen Hynek, director at Northwestern University.

**AIR FORCE STUDY**  
The latest report on "Project Bluebook," the congressionally ordered Air Force study of unidentified flying objects, extends through 1963.

It shows that over that 16-year span, 7.7 per cent of the 8,128 reported cases remain unidentified.

The Air Force is not conceding that there is anything sinister about these unexplained sightings. It just says, in effect, they can't be correlated with any known objects or phenomena.

It was stressed that a "great majority of the unidentified cases occurred during the first five years of the project," before analysis techniques were sharpened.

**382 REPORTS**  
Last year there were 382 UFO

reports, and only 15 are still listed as unidentified.

These included "two objects described as an ear of corn and a banana (which) performed a series of maneuvers near Vandalia, Ohio" last Sept. 15.

Others involved "an unusual observation of four pink

wheels" moving west over New Jersey, an object that exploded into a ball of fire near St. Gallen, Switzerland, a recurring series of flashes near Warrenville, Ill., and the like.

Air Force sleuths decided that one woman who turned in a UFO report actually had seen spots before her eyes.

## Luci Baines Rules Apple Blossom Fete

WINCHESTER, Va. (AP) — Luci Baines Johnson is crowned queen of the Shenandoah Apple Blossom Festival today and asked to offer her prayers for a bountiful harvest.

The 16-year-old daughter of the President, surrounded by a court of princesses, maids of honor and a military escort was to take the oath before an expected crowd of thousands. Festival officials were praying, too, for a break in the rainy weather.

The coronation ceremony on the stately columned steps of Handley High School is the highlight of the three-day festival in this apple growing capital.

With State Sen. Harry F. Byrd Jr. as her escort, Luci will kneel on a pillow to receive the crown from Gen. Curtis LeMay, Air Force chief of staff. Her oath includes a promise to govern her domain with prudence and justice.

## 2-DAY REIGN

As "Shenandoah XXXVII," fair queen of apple blossom, Luci will reign over parades, square dances, folk singing and receptions for the next two days.

Festival officials picked a nearby orchard with the best blossoms to provide a background for Luci's coronation day picture.

Luci, finding a queen's lot a demanding one, was ordered to dress early in her embroidered long white organdy coronation gown for precoronation activities.

She went through a rehearsal in the rain Wednesday and had a bit of trouble carrying a 35-pound, 22-inch-wide, homemade apple pie.

## IMPROMPTU HIT

She scored a hit with an impromptu speech in which she said she was "thrilled to be here" and expected to "enjoy every minute" of the three-day festival.

Luci met the Winchester volunteer festival workers and prominent local residents Wednesday. She attended a luncheon of combined civic organizations and afterward more than a score of Winchester businessmen lined up for her autograph.

"I didn't know I'd have so many attractive men stand up

## Rebel Group Rounded Up in Puerto Rico

SAN JUAN, P.R. (AP) — Police have completed the roundup of a trio from the pro-independence Authentic Puerto Rican Armed Movement who battled with officers last Monday.

Francisco Mercado, 23, of New York, was arrested at the airport while trying to board a plane for New York. He surrendered peacefully.

Police killed Eduardo Soto Almeria and captured Rafael Montes Arroyo in the gun battle Monday outside a mountain cave where an arms cache and anti-American propaganda were found.

## WEAPONS LAW

Begino Valezquez LaSalle, 47, owner of a San Juan electronics school, was arrested Tuesday and charged with violating weapons laws. Police said Valezquez owned six guns found in the hideout.

Gov. Luis Munoz Marin said Wednesday members of APRAM are only "communist criminals" whose activities can have "no possible political consequences." The governor said the FBI assured him the group had only about 28 members.

Almost a third of Japan's imports from the United States are agricultural.

## Turk Returns U.N. Medal

ANKARA, Turkey — A Turkish veteran of the Korean War has returned his service medal to the United Nations in protest over the role of the U.N. peace force in Cyprus, the government Anadolu News Agency reported today.

It said another veteran announced he would follow suit. Anatolia said ex-Sgt. Ali Osman Kucukmolla has returned his service medal to U.N. Secretary-General U. Thant.

Kucukmolla is head gardener at a state sugar refinery. Former Cpl. Ali Yagcilar said he has decided to return his Medal of Merit to the United Nations, a news agency reported.

# U.S. Remains in Okinawa to Thwart Red Chinese Threat

An AP Special Report  
by ROBERT EUNSON  
NAGA, Okinawa (AP)—"We will remain here so long as threats and tensions continue to exist."

The threats referred to are from Communist China.

The tensions have gripped this part of the world for years.

Here happens to be Okinawa, a 67-mile-long island, believed to be Uncle Sam's most important military weapons base in the Far East. It is 15 minutes, as the jets fly, from Red China.

The statement about remaining here was made by Lt. Gen. Paul W. Caraway, high commissioner to the Ryukyu Islands since 1961.

"We're here for national security and to fulfill our commitments to the free world," Caraway told the Associated Press. "We can only carry out that task if we are unimpeded."

**CONTROL TO JAPAN**  
Asked about a suggestion that political control of the Ryukyu be returned to Japan with the United States still retaining its vast network of air and military bases, Caraway replied "anything is possible."

"Article Three of the Japanese peace treaty says the United States is given—and the Japanese agreed to it—any and all powers of administration, legislative and judicial, in the Ryukyu Islands. The United States can exercise these powers so long as it wishes," he said.

Asked if Okinawa actually might be written off in case of an all-out war because of its proximity to the Chinese mainland, Caraway snapped: "This is an attitude that is developing in the United States, especially among Washington newsmen. We will remain here so long as threats and tensions continue to exist."

One school of thought among this island's 55,000 American inhabitants, including the 3rd Marine Division, is the Okinawa would be safer than the mainland since both the Communists and the United States would be blasting at each other's homeland in case of atomic war.

**'BILLION DOLLAR BASE'**  
Okinawa is known as "the billion-dollar base," but that figure can't include all Uncle Sam has invested here. The whole island is one mighty base. Military and civilian roads, telephone systems, water and power networks are completely integrated.

Bases on Japan have been enucleated, so far as any true strength is concerned, because of left-wing opposition to nuclear weapons or the basing there of planes or vessels which transport them.

"We are here to meet our security arrangements with our allies," Caraway declared. "We're here to protect the Western Pacific from aggression."

Caraway retires Aug. 1 and will be succeeded by Lt. Gen. Albert Watson II. The job is the nearest thing the United States has had to a governor-general in the Pacific since it gave up the Philippines. And that is the position some Americans in Okinawa want Caraway and his successor to have.

**COMMONWEALTH**  
"We need an organic act by Congress which will put the

Ryukyu in a commonwealth status, such as we have Puerto Rico, Guam, or used to have the Philippine Islands," says Howard McClellan, president of the American Chamber of Commerce on Okinawa.

McClellan and other Americans here hold that a commonwealth status is necessary until such time as the islands revert to Japan.

"Sometime it seems the United States Commerce Department is working for the Japanese," McClellan said, referring

to an influx of Japanese goods. But Japanese businessmen complain they find it difficult to secure licenses to operate here.

"If there is any merit in a Japanese investment for the growth of economy, there is little chance of it being turned down," says Caraway. "I don't, however, encourage shysters and fly-by-night operators."

**NO IMPORT BIAS**  
"There is no discrimination as far as imports are concerned. Of the \$153 million to \$149 mil-

lion last year, 95 per cent was from Japan into the Ryukyu markets. I'm not speaking of military purchases because we are bound by the gold-flow limitations."

The import tax on automobiles is 20 per cent for either Japanese or American makes. Shipping charges make American makes higher.

McClellan's group would like to see shipping charges absorbed in some way to give American products an even

break with Japanese-manufactured goods brought into Okinawa.

On the other hand, Japanese businessmen complain about a license two American firms received to build a cement factory.

**FOREIGN INVESTMENT**  
A foreign investment board granted the Ryukyu Cement Co. a license to construct a \$6-million plant. Kaiser Industries of Oakland, Calif., owns 34 per cent of Ryukyu Cement and

Goetz Bro. of San Francisco has 12 per cent.

The Japanese firm which lost out is Nihon Cement Co. The word is that the American-backed firm got the license because it is less than 50 per cent owned by outside money.

**MINORITY OPPOSED**  
It was granted that certain Ryukyans had done better under the Americans than they would have under the Japanese. This minority would oppose reversion.

But a young man in an office looking over the business sec-

tion of Okinawa put it this way: "Suppose the shoe was on the other foot and Japan had won the war. And suppose Japan held on to the State of Washington, or California, in order to protect the free world from the Communists."

"How would the people of those states feel? Naturally they'd want to return to the United States as soon as possible. It's a matter of not wanting to lose our identity as Japanese."

# Time to Get Boat Ship-Shape

This is the time to make your boat ship-shape for another season of fun on the waterways.

If your boat was stored properly during the off-season and was in good shape before it was put away, chances are it will not need much more than a thorough cleaning.

But, just to make sure, it would be a good idea to follow these procedures suggested by the Evinrude Boating News Service.

First, clean the boat thoroughly. This is easily done by tilting the bow up, removing the drain plug and then hosing down the entire boat.

A mild detergent will loosen most of the grime. If the bottom is caked with a layer of marine growth, a little more elbow grease will be required.

After it has dried, polish the boat and all brightwork. A marine dealer will be able to recommend the type of polish of wax you should use.

While you are doing this, keep an eye open for loose screws, accessories and trim.

With the biggest job, cleaning out of the way, concentrate on the equipment. Inspect the electrical system.

See that the battery is fully charged. Check the light bulbs and wiring. Be sure the steering system is in good shape.

After you have checked the steering cables for wear or fraying, see that they are adjusted to the proper tension.

Be especially thorough when checking safety equipment. Inspect all life jackets and buoyant cushions for tears or other signs of deterioration.

If they are faulty, replace them. Here's one place where you cannot afford to take chances. Is your first aid kit properly stocked? How about a few flares? If they have been water soaked at any time, they may no longer be usable.

Don't forget other equipment.

## Tire Softens Landing

If you ordinarily run your boat onto a beach when you come in from boating, lay an old auto tire flat on the sand with half of it in the water. Dig a depression in the beach, sink the tire to half its depth and fill it with sand. This gives you a firmly-anchored rubber "landing field," and prevents scratching of your boat bottom.

and accessories. Anchors do not wear out, but anchor lines do. They should be thoroughly inspected periodically for signs of rot or fraying. A weakened line

may cost you a new anchor and a lot of inconvenience. It's a good idea to carry extra line for emergencies.

If your boat is not equipped

with oars, be sure to have a paddle aboard. Fenders will protect the boat when it is tied to a pier or rafted with other boats.

Spend a few hours now getting everything into shipshape condition so that when the weatherman says, "let's go boating," you will be ready.

## Deaths in Pontiac, Neighboring Areas

### MRS. JOE BONFIGLIO

Regium Mass will be offered at 10:30 a.m. Saturday in St. Michael's Catholic Church for Mrs. Joe (Aquila) Bonfiglio, 70, of 347 Central with burial in Holy Sepulchre Cemetery.

The Rosary will be recited at 8 p.m. tomorrow in the Donelson-Johns Funeral Home.

Mrs. Bonfiglio died yesterday after a long illness. She was a member of St. Vincent de Paul Catholic Church and the Altar Society of her church.

Surviving besides her husband are a daughter, Mrs. V. Don Genill of Pontiac; a son, Guy of Oakville, Ont.; eight grandchildren; eight great-grandchildren; three brothers, Jim Tenuta of Waterford Township, Mike and Louis Tenuta, both of Pontiac.

Also surviving are two sisters, Mrs. Tony Clark and Mrs. Rachel Vizza, both of Pontiac.

### MRS. ERIC GONDAS

Service for former Pontiac resident Mrs. Eric (Gertrude) Gondas of Miami Shores, Fla., will be Saturday in the Lithgow Funeral Home, Miami Shores.

Mrs. Gondas, a teacher at Eastern Junior High School for many years, died this morning in Miami Shores after a three-week illness. She had been a member of First Congregational Church of Pontiac.

A graduate of the University of Michigan, Mrs. Gondas leaves a son, Andre of Miami Shores, and a sister, Mrs. Helen Averill of Pontiac.

MRS. CHARLES LAFAMBOY

Service for Mrs. Charles (Effie M.) LaFamboy, 82, of 341 Watkins Lane, Waterford Township, will be 2 p.m. Saturday in the C. F. Sherman Funeral Home, Ortonville, with burial in the cemetery there.

Mrs. LaFamboy died yesterday after a two-year illness.

### BABY GIRL LEAL

Prayers were offered this morning for Baby Girl Leal, infant daughter of Mr. and Mrs. William L. Leal, 822 1/2 Baldwin, at the Melvin A. Schutt Funeral Home with burial in Mt. Hope Cemetery.

The baby died at birth yesterday.

Surviving besides the parents is a sister, Gloria, at home.

### JOSEPH P. LUSCUMB

Service for Joseph P. Luscumb, 87, of 400 Ferry in the D.E. Pursley Funeral Home with burial in Oakland Hills Memorial Gardens Cemetery, Novi.

Mrs. Luscumb, a gardener, died yesterday after a long illness.

Surviving are his wife, Anna; two sons, Arthur of Rochester and Raymond of Walled Lake; a daughter, Mrs. Mable Campbell of Huntington Woods; and two grandchildren.

### MRS. LENA MORRISON

The Rebekah Lodge will conduct a memorial service for Mrs. Lena Morrison, 78, of 1735 Williams Lane, Waterford Township, at 8 p.m. today in the Fraser Funeral Home, Detroit.

A prayer service and burial will be at 1 p.m. Friday in White Chapel Memorial Cemetery.

Mrs. Morrison died Tuesday after a long illness. She attended Elmwood Methodist Church and was a member of the Rebekah Lodge.

Surviving are a brother, Louis Johnson of Detroit, and two sisters, Mrs. Florence Both of Detroit and Mrs. Henrietta Hamper of Union Lake.

### MACK MORROW

Service for Mack Morrow of 3300 Elizabeth Lane, Waterford Township, will be 1 p.m. Saturday in the C. F. Sherman Funeral Home with burial in the Waterford Cemetery.

Mrs. Morrow died yesterday after a long illness. She attended Elmwood Methodist Church and was a member of the Rebekah Lodge.

Surviving are a brother, Louis Johnson of Detroit, and two sisters, Mrs. Florence Both of Detroit and Mrs. Henrietta Hamper of Union Lake.

SANCTUARY-A kilted nesting on three eggs stays at the job as a huge earth compactor passes over a Los Angeles shopping center. Workers constructed the wooden pen around the nest and instructed all heavy equipment drivers to steer clear of the area.

The couple escaped on foot.

Just 15 minutes before the motel robbery, a couple matching the description of the robbers inquired about a room at the Ritz Motel, 1000 S. Woodward.

They were told there was no vacancy and made no attempt to enter.

Area Optimist Club Chooses Officers

David Putnam, 2930 St. Jude, Waterford Township, today has been elected president of the Breakfast Optimist Club of Lakeland.

Putnam and the other newly elected officers of the Waterford Township club will serve one year terms.

Also elected were William Stokes, 365 Ascot, Waterford Township, first vice president; Vernon Wiggins, 37 Kimball, second vice president; and Dick Irvin, 2196 Grand, Sylvan Lake, secretary-treasurer.

NOTICE OF PUBLIC HEARING

Is hereby given, that a Public Hearing will be held by the Planning Commission of the Township of Bloomfield, Oakland County, Michigan, on the 1st day of May, 1964, at 7:00 o'clock a.m. at the Township Office, 200 E. Main Street, Bloomfield, Michigan, for the purpose of considering and acting upon the proposed rezoning of certain lands located in the Township of Bloomfield, Oakland County, Michigan, from the present zoning of R-1 to R-2.

The lands are located in the Township of Bloomfield, Oakland County, Michigan, and are more particularly described as follows: Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, ## Nation Will Honor World War II Jeep

TOLEDO, Ohio (AP) — The nation pays tribute next Monday to the lowly Jeep which won recognition on the battlefields of World War II and Korea.

Brief ceremonies at the Smithsonian Institute in Washington will mark the permanent display of one of the original WW II models. Officials of Kaiser-Jeep Corp. and representatives of the Department of the Army will attend the unveiling.

The four-wheel drive, quarter-ton utility truck, which became known as the Jeep, was once described by the late Gen. George C. Marshall, U.S. Army chief of staff during World War II, as "America's greatest contribution to modern warfare."

The squat little vehicle amassed a distinguished combat record.

### DEVELOPED IN '39

The Jeep was developed in 1939 by Willys-Overland Co., which later became the Kaiser-Jeep Corp.

Ward M. Canady, then chairman of the board of Willys-Overland, saw the war clouds gathering in Europe. As an automotive man, he recognized that the coming conflict would be more mobile than any previous war and he felt the need for a light reconnaissance vehicle.

Canady convinced Army officials a squat, fast-moving vehicle could undertake a vital role in any war. The Army accepted the idea and soon drew up specifications for the 1-ton truck.

Some 135 firms were asked to submit bids on production of pilot models. Willys was one of three firms selected and its

model got the final go-ahead from the government.

### U.S. INGENUITY

Auto men agreed the Willys workhorse vehicle was notable for its engineering achievements. It was more than just an all-purpose vehicle; it became a symbol of American ingenuity and know-how.

The word Jeep—formed from contractions of the initials "GP" for General Purpose—soon became a part of the vocabulary of fighting men the world over. More than 368,714 of the military Jeeps were turned out before World War II ended.

When the Korean fighting broke out, the Jeeps were called on again for service. There have been new models and improvements on the Jeep, of which an additional 150,000 more were built since World War II.

### Births

The following is a list of recent Pontiac area births as recorded at the Oakland County Clerk's Office (by name of father):

**MISCELLANEOUS**  
Robert J. Hedding, 2875 Chicago, Southfield  
Bernard W. Karvinen, 3932 Lake George, Troy

## In Districting Scramble

# 'Plan 500' Is Favorite

LANSING (AP) — The Senate half of "Plan 500" looks like the favorite in the legislative redistricting scramble today after Senate Republicans spent yesterday in closed-door meetings. Quick final passage of the plan written by Sen. Kent Lundgren, R-Menominee, could knock the props from under the 20-vote bipartisan bloc which passed it through the Senate against Gov. Romney's wishes.

The air would then be cleared for passage of a Republican plan for congressional districting, favored by the Republican governor.

Senate majority leader Stanley Thayer, R-An Arbor, said he has yet to nail down a winning majority of GOP Senate votes for leaving "Plan 500" as is, but said it is likely that the plan will come out unamended.

Asked if this would tend to break up the anti-Romney Senate coalition, Thayer said, "I suppose so."

"There is a lot of vehement feeling in the caucus toward not considering congressional districts until legislative districting is settled," he said.

In the House, meanwhile, the Apportionment Committee headed by Rep. Henry Hogan, R-Bloomfield Hills, met again late yesterday to try to report

out a plan with support from both parties.

If this could not be accomplished, Hogan said, the committee would probably send out the so-called "Hanna-Brucker" plan which was drawn up by Republican members of the Legislative Apportionment Commission.

**FILLING VOID**

Although some House members continued to insist the legislature has no business trying to reapportion itself, the work continued toward what House Speaker Allison Green, R-Kings-

ton, termed "filling a void" created by court inaction on redistricting.

Within both parties in the House there was a conflict over new districting plans, although the object of each was to write one that could give it a better-than-even chance of controlling the chamber.

The Senate coalition was born when 10 Republicans committed their votes to a Democratic Congressional plan in exchange for 10 Democrats committing their votes to the Lundgren plan.

## United Fund Names Head

West Virginian Will Take Over in June

The appointment of Donald J. Frey of Wheeling, W. Va., as executive director of the Pontiac Area United Fund was announced today by Glenn H. Griffin, president of the board of trustees.

Frey, 38, is presently the executive secretary of the Community Chest of Wheeling, Inc. He will assume his new duties in the post in June, succeeding Karl W. Bradley, who will head the United Fund in Gary, Ind., beginning Monday.

A native of Madison, Wis., Frey has been associated with social work since obtaining his master's degree in that field from the University of Wisconsin in 1952.

Prior to taking his position in Wheeling, Frey, married and the father of four children, had been executive secretary of the Lincoln, Neb., Community Council, and assistant executive secretary of the Lincoln Community Chest.

**DISTRICT DIRECTOR**

For four years after college he was district director of the Children's Service Society in Wausau, Wis.

He is a member of the advisory committee of the department of social work at West Virginia University and the executive committee of the West Virginia Welfare Conference.

DONALD J. FREY

## It'll Drizzle, or Forecaster Is All Wet

Keep your raincoat and umbrella handy.

The weatherman insists on moist air so he predicts occasional rain or drizzle through tomorrow. Lows will range from

RAIN

44 to 52 tonight. The high will hit near 62 tomorrow.

The forecast for Saturday is cloudy, a little warmer and a chance of showers.

Morning easterly winds at 8 miles per hour will become southerly at 10 to 15 m.p.h. tonight.

The low recording in downtown Pontiac preceding 8 a.m. was 48. The mercury reading was 50 at 1 p.m.

## Word From LBJ

# 'Can Vary Rights Bill'

## GM Profits Highest Ever for 3 Months

Booming Auto Sales Push Earnings to \$536 Million

NEW YORK (AP) — Booming automobile sales boosted General Motors Corp.'s profits in the first three months of this year to the highest level of any corporation in history.

GM reported yesterday that its earnings soared to \$536 million, or \$1.87 a share, from \$414 million, or \$1.45 a share, in the 1963 first quarter. The previous high was \$506 million in the final quarter of 1963.

The figures exceeded by far the second-ranked money-maker American Telephone & Telegraph Co., which in the first three months ended Feb. 29 earned \$397,915,000, or \$1.38 a share.

GM sales increased to \$4,786,000,000, a 15-per cent gain over \$4,147,000,000 in the 1963 last quarter.

Worldwide factory sales of cars and trucks totaled 1,774,733, another record. Domestic sales totaled 1,363,049, topping the previous first quarter mark of 1,214,083 set in 1963.

**10 MILLION CARS**

In releasing the earnings report, Frederic G. Donner, chairman, and John F. Gordon, president, forecast an average annual market of 10 million cars and trucks in the United States by 1970.

The record earnings were achieved after payment of \$553 million in U.S. and foreign taxes.

First quarter employment by GM rose worldwide to 683,680 from 637,623 in the 1963 first quarter and payrolls advanced to \$1,175,000,000 from \$1,046,000,000.

The company reported that as of March 31 net working capital had grown to \$4,126,000,000 from \$3,727,000,000 three months earlier and \$3,676,000,000, a year earlier.

**HIGH DEMAND**

Donner and Gordon attributed the glittering performance to "a continued high demand for GM products, high levels of consumer income and employment, and vigorous economic activity in general."

The announcement recalled that only last month GM outlined plans for a two-year \$2 billion worldwide plant expansion to keep its manufacturing capability attuned to enlarging market demand.

The portion of the facilities earmarked for 39 domestic locations will add 50,000 to the company's employment when fully utilized, GM said.

## Hunt Essex Man; Car Found Burned

HILLSDALE (AP) — A foreman of the struck Essex Wire Corp. was reported missing today after his burned, overturned car was found on the road he was accustomed to drive to the plant here.

The car was that of David Stolle, a night foreman, state police said. There was no trace of Stolle.

The car was found by a passerby at 2 a.m. on Bird Lake Road near the intersection with Reading Road.

**FIRE AFTERMATH**—One of a score of vehicles used to fight yesterday's blaze at the Walled Lake Wholesale and Manufacturing Co. stands hubcap-deep in water beside the destruction. More than 12 departments helped control the fire. It caused an estimated \$100,000 damage to the plant on Maple

in Commerce Township. Cynthia Carr, 23-year-old employee of the company, is reported in serious condition today at William Beaumont Hospital, suffering burns she received in the flash fire started when gasoline fumes were ignited by a space heater, police said.

## Press Britain on Cuba Trade Embargo Restrictions

U. S. Asks Support on

WASHINGTON (AP) — Top U.S. officials are understood to have urged anew in private talks here this week that Britain revise its policy of trade with Cuba and support the U.S. effort to deny vitally needed industrial and transportation equipment to the Castro government.

Secretary of State Dean Rusk has held a series of discussions on world problems with British

MIAMI, Fla. (AP) — The first of 450 British-built buses will reach Cuba in June, Havana radio said today. The buses—plus quantities of spare parts—were ordered to shore up Cuba's rickety public transportation system.

Foreign Secretary R. A. Butler, President Johnson had a conference with Butler yesterday.

Officials have confirmed that Cuban issues were raised in the Rusk-Butler talks.

The White House today said that the foreign secretary and the President discussed matters of mutual interest.

Butler has been in Washington for a conference of the Central Treaty Organization which ended yesterday.

**TALKS ON ASIA**

He is going on to Japan and the Philippines for talks seeking some way to avoid a serious crisis between Indonesia and British-Burma Malaysia over territorial claims pressed by Indonesia.

Butler is understood to be pleased by the support Britain has received from the United States in its efforts to preserve the territorial integrity of Malaysia.

Top U.S. officials by contrast are known to be displeased by Britain's Cuban trade policy which they regard as a breaking of the barrier of economic isolation from non-Communist trade which the United States has been working to build around Cuba.

## Ruby Lawyers Begin Actions on Appeal

DALLAS, Tex. (AP) — The Jack Ruby case enters a new phase today as lawyers begin formal preparation of appeals documents for the Texas Court of Criminal Appeals.

Attorney Joe Tonahill said he hopes to have the matter before the state's only appellate criminal court within six months.

Judge Joe B. Brown denied a defense motion for a new trial yesterday — exactly a month and a half after Ruby, 33, received a death verdict from a Dallas jury.

The former night club operator was convicted of murder with malice for the Nov. 24 killing of Lee Harvey Oswald, alleged assassin of President John F. Kennedy.

Should the Court of Criminal Appeals rule against Ruby, he and his lawyers will have to turn to the federal courts. Observers say the appeal of the verdict could take years.

Ruby's lawyers asked the judge to let them elicit testimony yesterday from witnesses they said would impeach the trial testimony of a key prosecution witness. But Brown refused.

Tonahill said Ruby had been convicted on "false and perjured testimony."

Brown said a sanity trial for Ruby may begin within 30 days. If the jury finds him insane, he will be committed to a mental institution.

## Pair Wed in Prison

MILWAUKEE, Wis., (AP) — He wore a white carnation in his best dark suit and she wore an orchid on her white sheath gown, but after the wedding was over yesterday, they went their separate ways.

He returned to his cell in another part of the building. She drove to her home across the state line. Both knew their entire wedded life could be spent behind bars.

Tall, darkly handsome John Seybold, 33, and his bride, the former Ruth Del Vecchio, 28, each face possible maximum prison sentences of 45 years.

Their courtship was jarred last Oct. 11 when they were apprehended after a bullet-whining auto chase in suburban Wauwatosa. They were charged with armed robbery and attempted murder after a \$100,000 jewelry theft in a shopping center.

Today they live in her half Day, Ill., home, free on bond, while in sheath a jail cell and a d. Dirksen announced, "It would appear that our only out is a c. petition."

## Won't Take Amendments That Weaken

Humphrey Says Will File Cloture Petition Monday if Necessary

WASHINGTON (AP) — President Johnson will accept some changes in the civil rights bill as long as the Senate produces enforceable legislation, Sen. Hubert H. Humphrey said today.

Humphrey, assistant Senate Democratic leader who is floor manager for the measure, said Johnson prefers the House-passed bill as it stands. But, he added, the President is not against amendments that do not weaken it.

Humphrey told this to a reporter as the Senate headed into its 44th day of debate. The civil rights leaders apparently are determined to move to shut off debate next week on a pending compromise jury trial amendment unless Southern opponents agree to a fixed time for voting on it.

Humphrey, apparently more optimistic than some other supporters of the bill, doubts it will be necessary to file a cloture petition to break down Southern resistance.

"If we have to file, we'll file it on Monday," the Minnesota said. "We have the votes for cloture. I doubt it we'll have to file."

Cloture is the Senate's procedure for choking off a filibuster. To invoke it requires two-thirds of the senators on hand, or 67 if all 100 are present.

**DON'T AGREE**

Sen. Richard B. Russell, D-Ga., chief strategist for Southern opponents of the bill, reported after a caucus yesterday that they declined to agree on a time for voting on the jury trial amendment.

Sponsored by Democratic Leader Mike Mansfield of Montana and a Republican Leader Everett M. Dirksen of Illinois as a substitute for a proposal by Sen. Herman E. Talmadge, D-Ga., it would provide jury trials in all criminal contempt citations that involved sentences of more than 30 days and fines above \$300.

Russell told reporters and then informed Dirksen that the Southerners did not rule out a vote next week, but said "we are not going to make any commitments now." Dirksen had insisted on some word from the Dixie forces Wednesday.

Immediately afterward, Dirksen and Mansfield conferred and Dirksen announced, "It would appear that our only out is a c. petition."

## A Honeymoon in 45 Years?

They were apprehended after a bullet-whining auto chase in suburban Wauwatosa. They were charged with armed robbery and attempted murder after a \$100,000 jewelry theft in a shopping center.

Today they live in her half Day, Ill., home, free on bond, while in sheath a jail cell and a d. Dirksen announced, "It would appear that our only out is a c. petition."

# Cyprus Cease-Fire Broken by Greeks

NICOSIA, Cyprus (AP)—Mortar shells by Greek Cypriots razing St. Hilarion Castle today broke the cease-fire proclaimed by the government only 13 hours before.

The United Nations announced seven mortar shells were fired in 15 minutes at the Turkish Cypriot stronghold in the Kyrenia Mountains, resuming an offensive the Greek Cypriots have waged with the proceased aim of clearing Turkish Cypriot gunposts from the Nicosia-Kyrenia Highway and vantage

points overlooking Greek villages.

There was no immediate report of damage to the castle.

A spokesman for the Greek Cypriot government expressed surprise at the U.N. announcement. He said that, so far as he knew, the cease-fire still was supposed to be in effect.

The United Nations thrust a new element into the confused situation. After telling of the shelling, the United Nations said

it is going to set up permanent observation posts in the Kyrenia Range, where it has been using patrols to try to stop the fighting.

PERMANENT POSTS

"Now that President Makarios has ordered his government forces to cease fire in the area, it has been decided to convert these patrols into permanent U.N. posts in the area," it was announced. "It is hoped this cease-fire will be fully observed."

Two U.N. patrols came under fire in a continuation of the hostilities that U.N. Secretary-General U. Thant is seeking to suppress through a new nine-point peace plan, presented to the Security Council in New York yesterday. There were no casualties in either case.

Canadians of the peace force drew fire on a visit to the Turkish village of Agirda, in the Kyrenia foothills 1 mile north of Nicosia.

Presumably, the shots came from Greek Cypriot positions in the range overlooking the village. The Canadians did not return the fire.

DISARM BATTALIONS

A Swedish contingent disarmed a group of Cypriot battalions last night for the first time since the peace force went into operation March 27.

The Swedes seized weapons from Greek Cypriots who apparently had fired on them in the mixed Greek-Turkish village of Timi, near the Western port of Paphos.

A U.N. spokesman said the Swedes were attacked when they intervened to halt a gun fight between Greek and Turkish Cypriots. He said the Swedes fired 45 rounds before halting the fight.

Both the U.N. command and the Turkish Cypriots had looked with skepticism on the cease-fire, which was announced after both Thant and the U.N. command of Indian Lt. Gen. Prem Singh Gyani put strong pressure on the Greek Cypriots to drop the Kyrenia campaign.

FIRST REACTION

In Nicosia, the first reaction of the Makarios regime to Thant's call for peace was favorable. A government spokesman said the plan was constructive.

There was no immediate Turkish Cypriot comment.

Home Is Looted by Burglars in W. Bloomfield

A West Bloomfield Township home was burglarized last night and about \$10,000 in household items, clothing and jewelry stolen.

Thieves entered the home of Earle G. Harris, 6153 Nichols, by forcing open French doors at the rear of house.

The family discovered the break-in when they returned home at 9 p.m. They had been gone from the house since 2 p.m.

Goods carted away by thieves included a milk coat and stove, diamond jewelry, watches, television, hi-fi, clock radios, electronic typewriter, a check-writer and nearly all of Mr. and Mrs. Harris' clothing.

All the meat in the deep freeze also was taken.

Neighbors told sheriff deputies that an unfamiliar light-blue station wagon was seen in the area about 7 p.m.

TO Offers Class to Build Telescope

Registration is being taken until May 15 for a telescope-building workshop at Oakland University.

Presented by the Division of Continuing Education, the two-week workshop will meet Monday and Thursday evenings beginning July 15.

Open to adults and teen-agers, the workshop instruction will include the actual construction of 4 1/2-inch reflecting telescopes during the eight weeks.

JAMES CLARKISON

## Enters Race for Judge Post

Mayor of Southfield Tells of Candidacy

Southfield Mayor James Clarkison has announced his candidacy for the fall Oakland County Circuit Court judgeship election.

Clarkison, who has been a practicing attorney for 12 years, said he deliberately picked to run in the District 4 House of Representatives race.

He is currently a member of the Oakland County Board of Supervisors, serving as acting chairman of the Bylaws Committee and as delegate to the Southeastern Oakland Water Authority.

He is also chairman of the legal subcommittee of the Mayor's Vigilance Tax Committee, and was former counsel for the State Bar Association, Grievance Committee and member of the Bar's Tax Committee.

MANY PROBLEMS

Commenting on his candidacy, Clarkison says the county has a number of problems due to its rapid growth, especially zoning, ordinance and charter interpretations.

"All of these are vital issues with which a judge is faced daily. My experience has brought me into constant contact with problems of this nature."

A graduate of Detroit College of Law, Clarkison is a member of the legal firm Moore, Clarkison and Silks, Berkley.

Hunt 2 Execs in Light Plane

MUSKEGON (AP)—A search for two Holland executives missing in a light plane swung to the shrub-tangled dunes on the Muskegon-Ottawa county line today.

Sheriff's men and state police said one area resident reported hearing a crash and another reported having seen a flash in the hills about the time the plane disappeared Wednesday night.

Sought were James Taylor and Andre S. Docus, both 40, who disappeared in a single-engine light plane after a series of practice landings at Muskegon Airport.

An aerial sweep of the area awaited visibility to clear, officials said.

Taylor and Docus left Holland at 6:15 p.m. and were seen near the airport here about 8 p.m.

"They were practicing instrument landings," a state trooper said. "They were around the airport for some time."

The brown and white plane is a single-engine, four-place Cessna 172.

STORE OWNER

Taylor, 40, identified as vice president of Taylor's of Holland, Inc., a men's and boy's wear store.

Docus, 40, is personnel account manager of the General Electric Co. plant in Holland.

De Gaulle Back Home From Paris Hospital

PARIS (AP)—President Charles de Gaulle today left Cochin Hospital following prostate gland surgery two weeks ago.

De Gaulle was seated in a limousine beside M. de Gaulle. A crowd applauded as de Gaulle left the Left Bank hospital for a drive across town to Elysee Palace. De Gaulle waved at the crowd.

## Birmingham Area News

### Summer School Courses Set

BIRMINGHAM — Junior and senior high school students who need help in a special area of those who want to supplement their classroom work can start making plans for summer school courses.

Birmingham school officials have announced the schedule for secondary offerings as well as the driver training program.

Application for driver training at Groves and Sealhorn schools will be taken through May 8. Students who live in the Birmingham School District can pick up the forms at the counselors' offices in their respective schools.

Drivers-to-be from parochial and private schools who live in the district should register at the high school they would attend if enrolled in a public school.

There will be room for 140 students in each of the three 3-week programs scheduled for June 15-July 3, July 4-24 and July 25-Aug. 14.

ASSIGNMENTS

The 140 oldest applicants will be assigned to the first session, the second 140 to the second session and the third to the last session at each school.

Each student must be 15 years old at the time of application. He also must be a resident of the district, must apply on or before May 8 and must have written parental consent.

The summer school program for 7th through 12th grades, scheduled for June 15-Aug. 7, will be directed by Charles Buel, Sealhorn English teacher.

Advanced credit courses will be offered to students who are qualified to take them.

SCIENCE COURSES

Science courses will include biology, chemistry, general science and earth science for 7th and 8th grades.

The social studies department will offer American government, international relations, modern European history, world history and social studies.

The schedule for language arts lists, English I, English II, English III, creative writing, expository writing, reading improvement and study skills, remedial reading and speech.

Clergymen Seek Peace in Nashville

NASHVILLE, Tenn. (AP)—Four Nashville clergymen have issued a strongly worded appeal for racial peace and equality, and a Negro leader has called for the South's "long hot summer of discontent" to begin here.

The developments came as student demonstrators prepared to go into the streets again today to protest segregation. Police officers arrested 76 demonstrators Wednesday, hauling most of them aboard patrol wagons when they again protested themselves in a major thoroughfare and tied up traffic.

Mayor Beverly Briley met with Negro leaders for 2 1/2 hours Wednesday night. Both sides called the meeting "helpful."

On one side there were renewed charges of police brutality. On the other there were charges that some students are abandoning their announced policy of nonviolence.

CLUB CHILDREN

"If you'll go ahead and make the arrests without clubbing the children, we'll be satisfied," one Negro minister told a police official after one of many conferences.

The four religious leaders—a Negro Protestant minister, a white Protestant minister, a Jewish rabbi and a Catholic priest—said in their statement that the blame for the nonviolence racial conflict must be shared.

"The leaders and participants in the current demonstrations do not bear the responsibility alone for this conflict," the statement said.

The ministers charged that early successes in the desegregation movement here were not followed up to remove points of racial tension.

Foreign languages to be taught include French I, French II, Latin I, Spanish I, Spanish II, Conversational French and Conversational Spanish.

Registration for courses other than driver training will be June 1-June 12 at the main office of Sealhorn High School.

Other courses will be typing, printing, algebra, general mathematics, geometry and preparation for geometry.

QUALITY AMERICAN MADE Goods At Lower Prices for Mother's Day

Main Floor CLOTHING DEPARTMENT

Don't YOU Pay More Than SIMMS LOW PRICE on Genuine

'MOLLY GOLDBERG' DRESSES

199

\$4.95 Value

Buy for Mother's Day gifts — the same Molly Goldberg Dresses you've seen advertised locally at \$3.77. Perfect fit to flatter the figure. Washable, wearably washable in big selection of beautiful patterns, in variety of colors. 3 styles to choose from in sizes 16 1/2 to 24 1/2 and 40-42-44.

First Quality Ladies' Seamless NYLONS

Regular 79c Pair

3 for 1.00

Mash or plain style seamless in new summer shades of tan, beige, tannish or taupe. Sizes 8 1/2 to 11. No limit-buy for yourself and Mothers Day Gifts.

# Defense Dept. to Tell Subjects of Lie Detector Devices

WASHINGTON (AP) — The federal government has given way to the pressure of a congressional subcommittee and made a vital change in its use of lie detectors. But the subcommittee clearly wants more.

The first fruit of an investigation by a House Government Operations subcommittee came when the Defense Department agreed to begin telling subjects know about any two-way mirrors or hidden microphones used in a lie detector test.

Rep. John E. Moss, D-Calif., chairman of the subcommittee, made the announcement Wednesday. He and other members of the subcommittee had asked the Army to change its ways.

In a hearing several weeks ago, Rep. Henry S. Reuss, D-Wis., developed testimony that the Army has special lie detector rooms, sometimes equipped with two-way mirrors and hidden microphones.

**AWARE OF MONITORS**

Maj. Gen. Ralph J. Butchers, the Army's provost marshal general, said there was no reason to tell soldiers about the mirror and microphones because they all know "they are being monitored and big brother is watching."

But Reuss believed that the constitutional rights of the subjects were being violated and at least the men should be advised about the monitoring.

\*\*\*\*\*

The Army finally agreed. But the subcommittee, while appreciating the Army action, appears to want far more action by the federal government.

\*\*\*\*\*

It is understood that once its bearings are over, members of the subcommittee plan to issue a report demanding appointment of an interagency committee to set new minimum standards for operators of lie detectors and to limit their use to a few special situations.

**ATTACK CLAIMS**

Ammunition for this report came Wednesday when the subcommittee heard four psychiatrists and psychologists attack the scientific basis for the present use of lie detectors and to suggest far higher standards for the operators of the machines. The subcommittee planned to collect more evidence from them today.

\*\*\*\*\*

Dr. John I. Lacey, a professor of psychophysiology at Antioch College in Yellow Springs, Ohio, said he allows nurses, X-ray technicians, and college graduates to operate the machines in his laboratory only after at least six months training "and I would not be comfortable for them to read the data after three years training."

## In Indiana, Maryland Primaries

# Democrats Step Up Anti-Wallace Campaign

WASHINGTON (AP) — Encouraged by Gov. George C. Wallace's meager showing in two primaries, administration Democrats stepped up today their Indiana and Maryland campaigns against the Alabama segregationist.

In an unusual approach, Sen. Daniel J. Inouye called on his Democratic constituents in Hawaii to contribute to the campaign funds of Gov. Matthew E. Welsh of Indiana and Sen. Daniel B. Brewster in Maryland.

\*\*\*\*\*

Wallace, who captured about 25 per cent of the total vote cast in the April 7 Wisconsin primary, opposes Welsh in the May 5 Indiana primary and will battle the Brewster in Maryland's May 19 balloting. Welsh and Brewster are stand-ins to head nominating convention delegations supporting President Johnson.

Inouye said in a weekly radio report that several senators now on the fence on pending civil rights legislation "may decide to vote against the bill on the basis of strong support for Governor Wallace in their home state or adjacent states."

Wallace, who has called for defeat of the civil rights measure, got around 1 per cent of the total number of write-ins in Tuesday's Pennsylvania primary.

\*\*\*\*\*

A large share of Wallace's votes came from Delaware County, including Chester where there have been racial disturbances.

\*\*\*\*\*

In Massachusetts, it appeared Wallace would poll fewer than 500 write-in votes on the final tabulation of the Tuesday primary.

Sen. Hubert H. Humphrey, D-Minn., floor leader for the civil rights measure, said in an interview that Wallace's poor showing "proves that he has no following unless he arouses the people to fear by false propaganda."

Humphrey said that while he expects Wallace to poll a "substantial" vote in both Indiana and Maryland, he does not believe the Alabama governor's showing will have any effect on the Senate's action on civil rights legislation.

Sen. Hubert H. Humphrey, D-Minn., floor leader for the civil rights measure, said in an interview that Wallace's poor showing "proves that he has no following unless he arouses the people to fear by false propaganda."

## Among Mideast Nations

# Cyprus 'Imperils Peace'

WASHINGTON (UPI) — The five foreign ministers of the Central Treaty Organization (CENTO) believe the current Cyprus crisis holds "grave implications for peace and security" in the entire Middle East.

\*\*\*\*\*

Their assessment emerged from a communiqué issued yesterday at the conclusion of their two-day meeting here, and from a news conference by Secretary of State Dean Rusk.

CENTO comprises Iran, Pakistan, Turkey and Great Britain with the United States participating as an "observer."

The five-nation communiqué expressed "deep concern" over the fighting on Cyprus, which it said had "created a dangerous situation," and declared an "earnest desire" for an immediate end to violence in accordance with United Nations resolutions.

\*\*\*\*\*

Turkish Foreign Minister Feridun Cemal Erkin met with President Johnson yesterday to discuss what he described the "common concern" over Cyprus.

**'MORE ACTIVE'**

Erkin told newsmen later that U.N. forces must intervene "more actively" in their peace-keeping mission on Cyprus.

He said the fighting on the island "may degenerate into anything," including a sort of Mediterranean Cuba.

He said that what is going on in Cyprus is "not just mere acts of murder by Greeks, but a war operation in the classical meaning of the word."

Rusk said that the CENTO ministers also felt that the threat of "direct military assault" against their nations from the Communists had "receded" since the organization was formed in 1955, but that the danger from subversive activities remained "acute."

**QUESTIONS REMAIN**

But Rusk said he told the CENTO meeting that though there has been "some improvement" in the atmosphere of East-West relations "very large and explosive questions" still remain unanswered between the Soviet Bloc and the West.

Rusk said more public attention should be paid to what he called the "submerged work" of a CENTO in the field of economic development.

This has included highway projects, port development, a railroad project to link the existing rail systems of Iran and Turkey and microwave and high frequency telecommunications projects linking the CENTO region.

**JUDGE SENTENCED**—Melvin H. Osterman, ousted judge of New York's State Court of Claims, was sentenced yesterday to a year in prison for his admitted conspiracy to bribe Martin C. Epstein, former head of the state's liquor authority.

## Barry Blasts 'War' Policies

Raps Poverty Fight, Viet Nam Strategy

WASHINGTON (AP) — Sen. Barry Goldwater says the United States is at war in Viet Nam as well as with poverty and he doesn't like the Johnson administration's handling of either battle.

The Arizona Republican said Wednesday the United States faces "slow defeat" in Southeast Asia unless a more aggressive strategy is employed, leading to the cutting off of Communist supplies and the destruction of rice and opium crops in North Viet Nam.

As for the President's war on poverty, Goldwater called it a "Santa Claus of the government handout."

Goldwater, seeking the Republican presidential nomination, wound up his one-day Southern California campaign in Los Angeles County with a Republican rally in San Fernando Valley Wednesday night.

### TOUGHER STRATEGY

Goldwater said his tougher strategy in Viet Nam would not involve bombing Vietnamese, or Vietnamese cities.

"It could mean messing up some roads, hitting some depots, and stopping some shipping," Goldwater added. "This means threatening or actually intercepting the supply routes from Red China, Laos, and Cambodia."

Goldwater said North Viet Nam rice crops could be destroyed, as well as the opium crop "upon which North Viet Nam bases a good part of its foreign exchange."

He did not say whether he recommended the use of U.S. forces in this action.

### MAKE THE POINT

But he later softened the proposal, saying the mere threat of destruction might be sufficient. "If not, it might require only very limited anticrop action to make our point," he added.

Research now is being conducted to find out if the life span of dogs has increased possibly in proportion to that of human beings. New nourishing foods, modern veterinary skills, drugs and treatments allow many dogs to live 13 to 16 years when they formerly would have died at 8 to 10.

## Poverty War Tied to Election

Rocky Backs Plan, Calls It Long Overdue

BECKLEY, W.Va. (AP) — Gov. Nelson A. Rockefeller endorsed the Johnson administration's War on Poverty in the Appalachian area today, but complained it was long overdue.

"It seems that the interest of the Democrats in the future of West Virginia reaches its peak when a national election is close at hand," the New York governor asserted.

While supporting the basic goals of the antipoverty plan now pending in Congress, Rockefeller said it was important that the states "play a full role with the federal government so as to prevent the program from becoming a football of self-perpetuating Washington bureaucracies."

The governor commented in a speech for a luncheon rally.

### SHIFTS CAMPAIGN

He shifted his campaign for the Republican presidential nomination to West Virginia after winding up a three-day tour of the West Coast last night.

Earlier in the day, he delivered another sharp attack on Sen. Barry Goldwater, his only opponent in the California primary.

In a television interview Wednesday the governor said Goldwater "certainly isn't a Republican" when his votes are compared with positions in the GOP's 1960 platform.

Rockefeller cited Goldwater votes against civil rights legislation, the nuclear-test ban treaty, federal aid to higher education and medical care for the needy aged.

### ECONOMIC WOES

In today's speech Rockefeller dealt exclusively with economic problems of West Virginia and the rest of the Appalachian area.

Rockefeller said a Democratic campaign promise of 1960 was to deal with West Virginia's problems as "a first order of business."

"What happened?" the governor asked. "Virtually nothing. Despite these campaign promises, no effective over-all program to spur economic growth in the region was initiated."

## Hijackers Get Silver Bullion in Chicago

CHICAGO (AP) — Three robbers hijacked a truck loaded with nearly three tons of silver bullion valued at \$75,000 to \$100,000 Wednesday.

The truck driver, Salvatore Lavelle, 50, who was held captive by the robbers for nearly two hours, was within a few blocks from his destination when he was met by the hijackers on the South Side.

The 75 bars of silver were to have been delivered to a plant of the National Lead Co. The silver had been shipped from the U.S. Metals Refining Co., Carteret, N.J.

Lavelle said the three armed men forced him out of the truck as he waited at a traffic signal, threw a hood over his head and shoved him into an auto. Lavelle told police he was driven around for more than an hour and released. He was unharmed.

Police later recovered the empty truck.

## Seek Balance for Next Year

Huron Valley District  
to Vote on Mill Issue

MILFORD — Huron Valley school officials will begin their campaign for a balanced budget next week.

The ability of the district to match its expenditures and revenues during fiscal 1964-65 will be based on the success of a millage renewal proposition at the polls June 8.

Board of education members are asking that a 5-mill levy due to expire this year be extended.

Beginning next week, they will visit all PTA groups in the district to present their package of needs.

The first such session will be held at 7:30 p.m. Wednesday at Johnson Elementary School.

### NOT DETERMINED

The board has not yet determined how long it will ask that the levy be extended.

Currently school taxes total 23.83 mills. The figure includes 8.33 mills allocated by the county, eight voted extra for operations and 7.5 for debt retirement.

Schools Supt. Erwin M. Johnson estimated the five mills would net \$237,500.

Total revenue for the year is expected to be \$1,784,040, if the millage renewal is accepted by the electorate.

### COSTS PAID

"We are shooting to balance the figure," Johnson said. "We have pared down costs here, and there to cut them as much as possible."

The list of anticipated expenditures includes instruction, \$1,294,400; plant operation, \$169,566; transportation, \$136,017; administration, \$76,257; plant maintenance, \$57,511; capital outlay, \$24,314; fixed charges, \$14,210; attendance, \$10,661; health services, \$1,900; and community services, \$2,600.

If approved by the county allocation board, the tentative budget will be submitted to district residents at a public hearing late in May.

## Probation Violation Brings Prison Term

A 17-year-old youth who violated terms of a probation arising from a burglary conviction was sentenced yesterday to 1½-15 years in prison by Oakland County Circuit Court Judge Frederick C. Ziemi.

Christopher Jones, 8165 Willow, Union Lake, was sent to Southern Michigan prison at Jackson.

Jones, who last year admitted a night break-in at Rose Rambler, 8145 Commerce, Union Lake, on Sept. 23, served 60 days in the county jail as part of a three-year probation sentence.

April 27, Jones pleaded guilty before Circuit Court Judge James S. Thorburn to taking part in the March 4 theft of a new car from Tom Bohr, Inc., Milford Ford dealer.

COMING TO AREA CHURCH — The nationally known Bishop's Company of California will stage George Bernard Shaw's "Saint Joan" Wednesday at University Presbyterian Church, 1385 Adams, Avon Township. Curtain time is 8:15 p.m. for the stirring drama re-

viving around the life of Joan of Arc, a simple farm girl who listened to God's command. Tickets can be purchased by sending a check and self-addressed envelope to Mrs. Avery Mueller, 345 Hillview, Rochester.

## Pick Sheriff to Head Romney's Animal Care Week

Sheriff Lester A. Alnstadt has been named Macomb County chairman for the golden anniversary of Be Kind to Animals Week which opens Sunday.

"All we are trying to sell is kindness — in terms of animal care and protection," Sheriff Alnstadt said.

"We want to give everyone the opportunity to live the services offered to Macomb County by the Macomb County Humane Society. There are many subsidiary benefits which accrue to every person in the county, whether or not they are pet owners," he said.

Several Macomb County churches are expected to mark next Sunday as Humane Sunday with special sermons calling attention to the 50th national Be Kind to Animals Week.

The society will place posters in all public government buildings, schools and stores throughout the county next week calling attention to the slogan, "A

Time for Kindness." They are not dated and may be displayed all year.

Also the society has available pamphlets dealing with the care and feeding of just about any type of animal. They will be supplied free to anyone requesting them by writing to the society at 5166 Wilby, Utica.

Presently the society is engaged in a fund drive to build a shelter for animals on its new six-acre site in Shelby Township on 22 Mile, a half mile east of Van Dyke.

Cash or checks, made payable to the society, may be mailed to the above address or to 275 Benjamin St., Romeo.

CASS CITY (AP) — Much of his legislation would have gone down in defeat without the help of House Speaker Allison Green, R-Kingston, says Gov. George W. Romney.

Romney spoke at a testimonial dinner honoring Green in this Tuscola County community Wednesday.

"Without the constant support and assistance of Al Green, without the continuing advice which he has given me, I am sure that much of the progressive legislation which has become law since I took office would have gone down in defeat," the Republican governor said.

## Scout Unit Elects New Officials

Jack C. Frost of Independence Township is the newly elected chairman of the Manito District of the Clinton Valley Council, Boy Scouts of America.

Other officers elected at the annual district meeting held at Camp Agawan near Lake Orion include Floyd D. Cross of Rochester, vice chairman; Royce E. Hyatt of Clarkston, district commissioner; and Rev. Lewis Sutton, pastor of the First Methodist Church, Clarkston, chaplain.

Roy F. Plautman and Harry Huber, both of Avon Township, will serve the district as representatives to the Council Executive Board.

A feature of the dinner-meeting was presentation of "Service to Boys" awards by Chairman Frost. Recipients were John Tomlin of Avon Township, Alfred Ayres of Independence Township, E. B. McPherson of Oxford, Charles Warman of Independence Township, Roy Kibbey of Auburn Heights and Charles Sibert of Rochester.

Cross and Hyatt also were similarly honored.

### SPECIAL GUESTS

Special guests at the affair included Arthur Brooks of Birmingham, council president; Edward Leland of Pontiac, council executive; and Willard Wells, of Independence Township, assistant council executive.

Brooks and Leland issued a challenge to the district to keep expanding and to bring the scout program to more boys.

## Davisburg Unit Slates 'Friendship Night' Fete

DAVISBURG — Members of Austin Chapter No. 396, Order of the Eastern Star, will celebrate their "Friendship Night" Saturday at the Masonic Temple.

The program-meeting to begin promptly at 7:30 p.m., is open to the public.

### May Breakfast Set

OKWOOD — A May Breakfast sponsored by the Past Matrons' Club will be held at the Oakwood Eastern Star Hall tomorrow at 9:30 a.m. Cards will follow the meal.

EDWIN L. SALKOWSKI

REV. J. R. DEMPSEY

## Two Panelists to Explore Ethics of Profit-Seeking

TROY — A businessman and a clergyman will share the rostrum for a look at business ethics Tuesday in St. Thomas More's Church Hall, Adams north of Wattles.

The theme "To What Extent May a Christian Seek Profit," will be explored at 8:15 p.m. by the two-man panel, Rev. Joseph R. Dempsey, S.J., and Edwin L. Salkowski.

Father Dempsey, a Jesuit priest, is associate professor of Industrial Relations and Economics at the University of Detroit.

Author of a book on right-to-work laws, he is an active member of the American Arbitration Association and last year served as membership committee chairman of the Industrial Research Association.

Salkowski, who will share the spotlight with Father Dempsey, is vice president of the NCEM, a member of its board of governors and the local chapter's board of directors.

He is also president of the Christopher Construction Co., Detroit, a former Boy Scout leader and commissioner, and a member of the St. Ambrose Parish, Grosse Pointe Park.

Salkowski is a frequent panelist in local and national seminars on "Trade Associations and Business Ethics."

The forthcoming examination of profit-seeking justice will be the final program in the church's current Tuesday Forum series.

Interested persons of all faiths have been invited to attend the session, to be moderated by James Kennedy.

The series of discussions is sponsored by the church's Adult Education Committee.

Pastor of St. Thomas More's is Rev. William Anderson.

## School Bonds Sold by Board

Sale in Farmington for Building Program

FARMINGTON — Bonds for a \$2.5-million school building program have been sold by the board of education here.

Purchaser was Halsey-Stuart and Co. of Chicago, which offered an average interest rate of 3.453 per cent. The firm was lowest of four bidders.

The initial bond sale represents half of that approved by district voters in November.

The board has established a salary schedule for teachers with special assignments, such as coaches, librarians and year-book advisers.

Based on a percentage of the teacher's base pay, the rate will increase with experience.

### DETERMINING FACTORS

Factors determining the percentage include time required, number of students involved, hazards and pressures to be met.

The schedule will affect some 80 teachers in the school system. Their experience up to two years will be recognized next year and up to 10 years in 1965-66.

PAMELA G. SIEWEKE

The engagement of Pamela Gay Sieweke to Gary Lee Schroeder is announced by her parents, Mrs. Doris L. Tanner, 739 Central, Lake Orion and Marvin W. Sieweke, 213 Hollister, Romeo. The prospective bridegroom is the son of Mr. and Mrs. Roy F. Schroeder, 2230 Baldwin, Orion Township. An Aug. 6 wedding is planned.

## Christ Lutheran in Milford

## Plan Dedication Week for New Church

MILFORD — The congregation of Christ Lutheran Church will begin a week of dedication services with three ceremonies at the new church Sunday.

Rev. Donald E. Simon, pastor of Christ Lutheran, will preach at the 10:30 a.m. dedication service.

Speaker at the 3 p.m. festival service will be Rev. W. Harry Krieger, president of the Michigan District of the

Lutheran Church, Missouri Synod.

Liturgist will be Rev. Lawrence A. Kinne, pastor of Walled Lake's St. Matthew Lutheran Church and counselor of the Pontiac circuit.

A vesper service will be held at 7:30 p.m. with Rev. Emil H. Voss, chairman of the Michigan District Mission Board and assistant pastor of Holy Cross Lutheran Church in Saginaw, as guest speaker.

Rev. William C. Graf, pastor of St. Mark Lutheran Church in Union Lake and former Milford vicar, will serve as liturgist in the evening.

"The new church is a two-level masonry building overlooking the Huron River. It replaces a small wooden frame structure on the same site, at 620 General Motors.

With a seating capacity of 300, the nave is designed with a northern exposure consisting almost entirely of glass.

The lower level, which will serve for Sunday school and fellowship purposes, has a ground level entrance from the river with the northern exposure also of glass.

### ALL INVITED

The entire community will be

invited to visit the new church Monday during a 1-9 p.m. open house.

Youth Night is scheduled for Wednesday, highlighted by a special vesper service at 7:30 p.m.

Plans for Thursday include a 1:30-3 p.m. tea at which women of neighboring churches will be entertained and a laymen's program at 7:30 p.m.

The church's dedication dinner is set for 6:30 p.m. Friday. The grounds will be the center of attention Saturday with groups planting trees and shrubs during most of the day.

The original church of the 12-year-old congregation will be used as a center for youth meetings.

## New Staff Member for Almont Hospital

ALMONT — Dr. Robert W. Counts has been appointed to the associate staff of Community Hospital with privileges in diagnostic radiology.

Dr. Counts is a graduate of Jefferson Medical College in Philadelphia, Pa. He practiced at several hospitals in the Philadelphia area after his training.

Dedication Set For Milford's Christ Lutheran Church

Lady Bird's Station in Middle

## FCC Rules on Texas TV Fight

WASHINGTON (UPI) —The Federal Communications Commission (FCC) has rejected a claim that President Johnson's family television station was involved in a fight between the FCC and Texas cable telecasters. The FCC rejected the claim in a decision denying the petition of TV Cable, Inc. of Austin for waiver of a commission regulation.

TV Cable wanted to waive a requirement that it black out programs for 30 days after they are carried on KTBC, the Austin station owned by Johnson's family.

The commission quickly dismissed the relevance of an option agreement between KTBC and Capital Cable of Austin.

Capital competes with TV Cable in providing programs carried over San Antonio stations to Austin homes by means of cables.

### BUYING OPTION

Texas Broadcasting Co., the Johnson family's television holdings in trust, has an option to

acquire up to 50 per cent of Capital Cable's stock.

The FCC said the only question about the agreement that was relevant to its decision was whether it gave KTBC the power to require Capital Cable to black out programs carried by the station. The agreement contained no such power.

The only other reference made to the agreement was in a separate opinion filed by Commissioner Lee Loevinger.

Loevinger and Commissioner Robert T. Bartley concurred with the majority decision but filed separate statements.

**UNWARRANTED PUBLICITY**  
"It appears to me that this proceeding has stimulated much publicity that is quite unwarranted by its merits," Loevinger said in his statement.

"Since the members of the commission are still in disagreement as to the basic issue involved and since there has been no showing or suggestion of any facts or evi-

dence relevant or material to the proceeding that have not been fully disclosed . . . there is no apparent point in engendering further unwarranted publicity."

Both Loevinger and Bartley dissented from an earlier commission decision requiring the blackouts to protect regular television stations.

Most of the publicity in the fight between TV Cable and Capital Cable stemmed from the involvement of KTBC.

### MAJORITY CONTROL

Mrs. Johnson had majority control of the station until her stock was placed in trusteeship last December.

The FCC first rejected TV Cable's request for a waiver last Dec. 13 on grounds the company had voluntarily accepted the blackout provision as part of its license to operate a community antenna television system (CATV).

But TV Cable asked for reconsideration on grounds that

Capital Cable received a special benefit from its association with KTBC.

### STANDARD PART

The blackout provision was made a standard part of all FCC license grants to CATV operators who use microwave relay systems to import the signals from television networks from other cities and relay them to homes.

Capital Cable avoided the blackout provision by using cables to feed the network signals from San Antonio to Austin instead of the "microwave system which TV uses."

The FCC decisions said it was a "wholly improper procedure" for TV Cable to voluntarily accept the blackout conditions and then file a petition for waiver of the provision.

The commission said TV Cable knew all the facts when it gained an advantage over Capital Cable by completing the work on its less costly system first.

## Lodge Is First in New Jersey

NEWARK, N.J. (AP) —Nearly complete returns of New Jersey's primary election April 21 showed Henry Cabot Lodge the favorite among voters who wrote in a presidential preference.

Republican voters gave Lodge 7,331 votes, to 4,788 for Sen. Barry Goldwater of Arizona, and 4,480 for former Vice President Richard M. Nixon.

On the Democratic side, President Johnson polled 3,192 write-ins and was trailed by Gov. George C. Wallace of Alabama with 322 and Atty. Gen. Robert F. Kennedy with 301.

Gov. William W. Scranton of Pennsylvania received 780 Republican votes and New York's Gov. Nelson A. Rockefeller had 624.

Wallace, finishing second to Johnson among Democratic voters, actually did better among Republicans. The Alabama governor was the choice of 373 Republicans in addition to the 322 Democrats who wrote in his name.

The results of the write-in do not bind New Jersey delegates to the national nominating conventions.

## Deaths in Pontiac, Neighboring Areas

**MRS. JOE BONFIGLIO**  
Requiem Mass will be offered at 10:30 a.m. Saturday in St. Michael Catholic Church for Mrs. Joe (Aquila) Bonfiglio, 70, of 347 Central with burial in Holy Sepulchre Cemetery.

The Rosary will be recited at 8 p.m. tomorrow in the Donelson-Johns Funeral Home, Pontiac. Mrs. Bonfiglio died yesterday after a long illness. She was a member of St. Vincent de Paul Catholic Church and the Altar Society of her church.

Surviving besides her husband are a daughter, Mrs. V. Don Gennil of Pontiac; a son, grandchild; eight great-grandchildren; three brothers, Jim Tenuta of Waterford Township, Mike and Louis Tenuta, both of Pontiac.

Also surviving are two sisters, Mrs. Tony Clark and Mrs. Rachel Vizza, both of Pontiac.

**MRS. ERIC GONDAS**  
Service for former Pontiac resident Mrs. Eric (Grutrud) Gondas, 62, of 1410 W. 14th St., will be Saturday in the Lithgow Funeral Home, Miami Shores.

Mrs. Gondas, a teacher at Eastern Junior High School for many years, died this morning in Miami Shores after a three-week illness. She had been a member of First Congregational Church of Pontiac.

A graduate of the University of Michigan, Mrs. Gondas leaves a son, Andre of Miami Shores, and a sister, Mrs. Helen Averill of Pontiac.

**MRS. CHARLES LAFLAMBOY**  
Service for Mrs. Charles (Erlie M.) Laflamboy, 62, of 3411 Watkins Lake, Waterford Township, will be 2 p.m. Saturday in the C. F. Sherman Funeral Home, Ortonville, with burial in the cemetery there.

Mrs. Laflamboy died yesterday after a two-year illness.

**BABY GIRL, LEAL**  
Prayers were offered this morning for Baby Girl Leal, infant daughter of Mr. and Mrs. William L. Leal of 6224 Baldwin, at the Methodist Funeral Home with burial in Mt. Hope Cemetery.

The baby died at birth yesterday.

Surviving besides the parents is a sister, Gloria, at home.

**JOSEPH P. LUSCUMB**

**THIRTY-ONE ATTORNEYS**  
of the Pontiac area are in Washington, D. C., today with an Oakland County Bar Association delegation being permitted to practice in the U.S. Supreme Court.

All have satisfied requirements to permit them to practice in the high court. State Sen. Philip A. Hart was scheduled to make the admission presentation before the court this morning.

A luncheon at the Old House Building, arranged by Congressman Neil Stachler, was to follow. The delegation will tour the capital before returning Saturday evening.

Attorneys attending, including those on the Oakland County prosecutor's staff and in municipal legal work in Pontiac are:

Robert Shipper, Robert Parent, Thomas Dillon, John T. Rogers, Isadore L. Goode, David F. Breck, John McGrath, Carleton A. Schafer, Robert Temple Jr., Richard L. Murphy, and Leonard Peters.

John W. Bell, David Herlihy, William Whitfield, Kenneth Hemstead, Erwin O. Slater, Gerald G. White, Jerome K. Berry Jr., Dick Kuhn and Albert Reifer.

Also in the group and the location of their offices are Alice Lee Gilbert, Birmingham; Robert J. Nelson, Farmington; William E. Jackson, Waterford Township; Albert J. Lilly Jr., Birmingham; Joseph J. Shimick, Bloomfield Hills; Arthur R. Cox, Rochester; Robert K. Anderson; Farmington; Lewis B. Behout, Rochester; Bruce Wilson, Birmingham; Gene Schmelz, Walled Lake; and George Fulkerson, Birmingham.

**CHARGE IS DISMISSED**  
for Assault Suspect  
An aggravated assault charge against Henry J. Williams, 43, of 301 Alton was dismissed yesterday in Municipal Court, at the request of the complainant Oliver Thompson, 46, of 225 Crystal Lake.

Thompson had accused Williams of shooting him the morning of April 20. Williams was ordered to pay \$10 court cost.

Judge Maurice Finnegan.

**THE TIR WAS DEMOLISHED**  
when it was destroyed by a fire that started after leaving the car. The impact sheared off the rear end of the car.

Police said the car was stolen sometime after 11 p.m. from in front of the home of Benjamin Kauffman, 68, 291 N. Saginaw.

**Sanctuary**—A kilder nesting on three eggs stays at the job as a huge earth compacter passes nearby at site of a Los Angeles shopping center. Workers constructed the wooden pen around the nest and instructed all heavy equipment drivers to steer clear of the area.

**MADE ESCAPE**  
The couple escaped from foot-19. Just 19 minutes before the motel robbery, a couple matching the description of the robbers inquired about a room at the Ritz Motel, 1000 S. Woodward.

They were told there was no vacancy and made no attempt to enter.

**Area Optimist Club**  
Chooses Officers  
David Putnam, 2830 St. Jude, Waterford Township, today has been elected president of the Waterford Optimist Club of Lakeland.

Putnam and the other newly elected officers of the Waterford Township club will serve one year.

Also elected were William Stokes, 305 Ascot, Waterford Township, first vice president; Vern Wiggins, 57 Kimball, second vice president, and Dick Irwin, 2196 Grand, Sylvan Lake, secretary-treasurer.
