

Five Die in Traffic Accidents Here

Missing Boy Scout Found Murdered

Discover Body in Wooded Area Near Muskegon

Sex Deviate Believed Responsible in Killing of Illinois Youth

MUSKEGON (AP)—A five-week search for missing Boy Scout Peter Gorham has ended with the discovery of his bullet-pierced body.

The 12-year-old Evansston, Ill., boy was a victim of Michigan's third unsolved child slaying in less than five months and, like the others, was believed to have been slain by a sex deviate.

William Jannaga, of Muskegon, who was looking over prospective sites for a new home, came across Peifer's badly decomposed body yesterday in a desolate woods 12 miles north of Muskegon. A small-caliber bullet had penetrated his skull. The scene was five miles from where he vanished July 5 on a scout hike.

A state pathologist said the boy apparently had been dead since shortly after his disappearance.

State Police Capt. Leroy R. Hunt said several persons, including one or more camp counselors, will be questioned.

TENSION BREAKS

The discovery broke weeks of tension for Peter's parents, Mr. and Mrs. Frederick A. Gorham. "At least the wait is over," Gorham commented stoically at the scene.

A preliminary sweep of the woods, once a swamp area, recovered the youth's bedroll, underclothing, shoes and pajamas. His flashlight was found beneath the body, clothed only in blue jeans.

Michigan's other two child slaying victims were little girls.

Barbara Gaca, 7, of Detroit, disappeared March 24. Her body was found March 31 on a trash dump near Pontiac. She had been beaten, raped and strangled. The body of Jeannie Singleton, 8, of Kalamazoo, was found June 1, nine days after her abduction en route home from school. She died similarly to Barbara.

Armed Guards Quell Rebellion

10 Officers Released by Washington Prisoners After 2nd Riot

WALLA WALLA, Wash., (AP)—Guards armed with rifles and tear gas ended an inmate rebellion at the trouble-ridden state penitentiary early today six hours after it began.

Warden Lawrence Delmore Jr. said 10 officers seized as hostages in the second such uprising at the prison in six weeks were released unharmed.

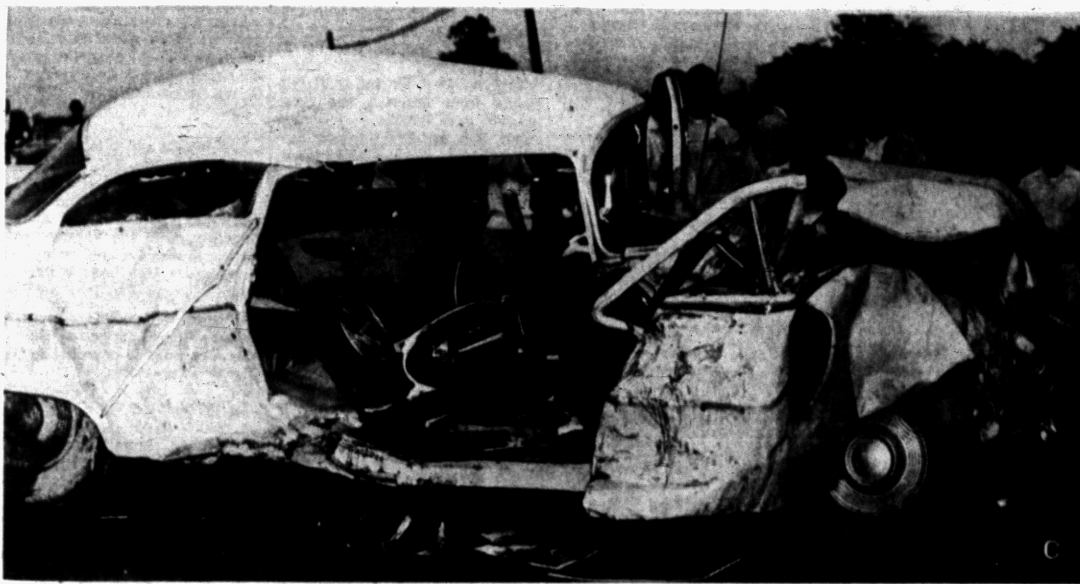

There was no damage except for a few windows shattered by guards who fired tear gas into cellblocks to put down the riot, he said.

Shortly after the rioting broke out, prisoners released one officer-hostage with word that "all sorts of dire consequences" would follow if prison authorities did not meet prisoners' demands. The inmates had full control of the prison at the time, the warden said.

Guards regained control wing by wing. Finally the convicts agreed to release the other hostages. No promises were made, Delmore said.

The 15, described by prison officials as leaders of the previous uprising, were returned here from the Yakima, Wash., county jail last Friday. They were taken to Yakima after the July 5 trouble to be held pending transfer to a new maximum security building under construction at Eastern State Hospital, a mental institution.

Flint Girl Dies in 4-Car Dixie Highway Pileup

Irish Rebels Attack British

Raiders Steal Weapons, Ammunition From Army Garrison in Wales

LONDON (AP)—The British Press Assn. reported that five men attacked guards at a British army garrison near Rhyll, Wales, early today but fled when one of the soldiers sounded the alarm.

Two days ago a gang believed to be members of the outlawed Irish Republican Army raided an army depot near Reading, England, and escaped with machine guns, rifles and ammunition.

Three young Irishmen were arrested, two of them in a truck loaded with ammunition, a few hours after the raid. Police launched a nationwide hunt for the other men, estimated at from 5 to 20 in number and described as "desperate and dangerous."

British security forces were in a state of wartime alert as they pressed a nationwide hunt for the gang, who got away with 68 firearms and some 80,000 rounds of ammunition. Three Irishmen were scheduled for a hearing tomorrow but army investigators said at least eight and possibly 20 men took part in the raid.

Police visited the homes of known sympathizers of the IRA, fanatic Irish nationalists pledged to drive the British out of North Ireland, but found no trace of the hunted men.

Authorities kept a special watch on west coast beaches and lonely smuggler coves to prevent movement of the stolen arms to Ireland.

Strict security arrangements also were enforced in North Ireland and authorities kept a close watch on arrivals from steamers crossing the Irish Sea.

Actor Defies House Investigation Group

NEW YORK (AP)—The very first witness balked at answering questions today as a House of Representatives committee launched hearings here into alleged Communist influence in the entertainment industry.

George Tyne, a 38-year-old stage screen and television actor, refused to say whether he had belonged to a Communist cell in Hollywood in 1944.

He said that and other questions about relationships with admitted Communists was an invasion of his constitutional rights.

Rep. Francis E. Walter (D-Pa.), chairman of the House subcommittee on Un-American Activities, said as the hearing opened that it would seek to identify entertainment figures "who are or were" Communists.

SMASHED IN FATAL ACCIDENT — Shown above are two of the four cars involved in an accident yesterday afternoon on Dixie Highway 17 miles north of Pontiac which killed Glenda Churchwell, 17, of Flint. Nine other persons were seriously injured.

'Standing Invitation' to Discuss Turnpike Route Given MTA by Franklin Village

The Michigan Turnpike Authority has had "a standing invitation" since June 15 to meet with Franklin Village officials and discuss the community's stand against construction of a toll road to run through its limits.

This statement came today from Franklin President H. A. Roseberry who presented a letter sent June 15 to the MTA saying the Village Council would sit down with the authority at any of the council's regular meetings.

Roseberry last week informed authority Chairman George N. Higgins that the village still opposes the toll-road route as planned.

The MTA last Monday gave gen-

eral approval to the route from Pontiac south through Franklin to Eight Mile Road, subject to minor engineering changes.

MTA Administrative Director Otis Hardy said Friday the authority had asked to meet with Franklin officials, but the council had indicated it saw little point in discussing the matter.

LETTER SENT TO MTA — In the letter from Franklin to the MTA, the village said, "... there is a question if a discussion on the proposed route would benefit either the Council or the authority ... (but) ... upon request an opportunity will be given to the authority ... to discuss your problem."

According to Roseberry, "No request for a meeting has been placed with the council."

In a resolution passed last Jan. 17 the village said "it is opposed to and will refuse to consent, ap-

proving the route from Pontiac south through Franklin to Eight Mile Road, subject to minor engineering changes.

Three States Alerted Against Hurricane Diane

Georgia, North, South Carolina Maintain Close Watch for Winds

MIAMI, Fla. (AP)—Dwellers along the coasts of Georgia and North and South Carolina were alerted today to keep a close watch on Hurricane Diane, the year's fourth tropical storm now spinning its 115-m.p.h. winds toward the mainland at 15 m.p.h.

Weathermen said that if it remains on its present course, winds should begin to rise along the coastlines tonight.

The Miami Weather Bureau's 5 a.m. (EST) advisory said Diane was centered 670 miles east-southeast of Jacksonville, Fla., moving toward the west-northwest.

Highest winds were estimated at 115 miles per hour near the center. Hurricane winds extended outward 150 miles to the north and east and 80 miles to the southwest of the center.

Gales extended 350 miles to the north and east and 170 miles to the southwest of the center. "Continued movement toward the west-northwest at about 15 miles per hour, or slightly higher speed, is indicated for the next 12 to 18 hours with little change in intensity," the bureau said.

"Present movement is in the general direction of the Georgia and Carolina coast and all interests should make preliminary preparations and keep in close touch with advisories during today and tonight. At the present rate of movement the winds would begin to increase tonight. Shipping should exercise caution in the hurricane's path and small craft along the Georgia, northeast Florida and Carolina coast should not venture into the open Atlantic."

Sections of the North Carolina coast were raked by winds from Hurricane Connie only last week. Damage was estimated at from 7 to 10 million dollars.

Storm forecasters, issuing the alert for Diane, warned residents to be prepared for "possible hurricane warnings during the next 24 hours."

Diane formed while Connie was still dumping heavy rains on the Middle Atlantic states. It first appeared Aug. 11 about 420 miles northeast of Puerto Rico and moved northeastward, later switching to a westerly course and then settling into its present path.

Rough seas and 35 to 40-mile winds were noted at Bermuda but the storm was too far away to do much damage. However, the storm claimed its first victim there. Mrs. John Bastin drowned Saturday in heavy seas.

Cloudy, Warmer Weather Seen in Pontiac Area

Partly cloudy and warmer is the weather outlook for the Pontiac area today. The skies will clear tonight, ushering in fair weather and higher temperatures tomorrow.

The area received .52 of an inch of rainfall Saturday and Sunday as scattered showers throughout Michigan represented the dying gasps of hurricane Connie. The mercury is expected to hit a high of 84 today, sliding to the mid-60's tonight and rising to 85-89 Tuesday. Today's low before 8 a.m. was 64. The reading in downtown Pontiac at 8 a.m. was 68, climbing to 83 at 1 p.m.

Williams Scores Red 'New Look'

Warns Guard on Eve of Soviet Farm Tour of MSU Campus

EAST LANSING (AP)—Michigan's Gov. G. Mennen Williams took a verbal poke at Russia on the eve of the arrival of a 12-man Soviet agricultural delegation in this city hard by the capital.

Williams used a speech to Michigan National Guardsmen at Camp Grayling yesterday to criticize Russia, saying:

"Many people are persuaded today that a friendly exchange of agricultural delegations and a smiling Soviet diplomat mean a good neighbor."

"That is what the Kremlin wants. It is very clear to me that the ultimate objectives of the Kremlin are still world Communism and Soviet domination. Your comrades, who bled and died, knew and showed that there was no compromise between freedom and slavery."

"Our memorial to them must be to show that we, too, know that during the difficult days ahead there is no such compromise and that we must use every honorable means to bring peace."

Russia's touring agricultural delegation came here for opening of Michigan State University's centennial of farm mechanization exhibit.

The Russians were to spend more than six hours in East Lansing, examining the 20 million dollar display of the old and new in farm machinery. It covers 100 acres and fills five buildings.

Press Will Present School Opening News

During these final, golden days of vacation, opening of school looms just around the corner and once again it is school shopping time. Beginning today the Press will present in picture, story and advertisement the fashions for students, from kindergarten to college.

Flint Girl, 17, Killed in Dixie 4-Car Collision

Lake Orion Man, Son Dead After Telegraph Road Crash

Oakland County traffic accidents took the lives of five persons and injured scores of others over the weekend.

The dead were: Glenda Churchwell, 17, of Flint, killed in a 4-car crash late yesterday afternoon on Dixie Highway, 17 miles north of Pontiac.

Theodore Evans, 34, of 24181 Rosewood, Oak Park, and his son, Michael, 9.

John W. Hazard Jr., 32, of 575 Vernita, Lake Orion, and his son, Robert, 4.

Miss Churchwell, a passenger in a car driven by Wilson J. Bean, 25, of Flint, was killed and nine others injured in the crash near Tindall road in Brandon Township.

Oakland County Sheriff's Deputies Everett Fredericks and Raymond Biles said Bean apparently lost control of his northbound car and collided with three southbound autos.

Bean was listed in critical condition at Pontiac General Hospital where five other injury victims were taken. They were from Flint, Detroit and Ferndale.

IN FAIR CONDITION

The others were reported in fair condition with broken bones, severe cuts and internal injuries. Three were hospitalized in Hurly Hospital, Flint. One, Mrs. Doris Reynolds, 20, of Flint gave birth to a stillborn child several hours later.

Evans and his son were killed when their car smashed into a trailer carrying a 12-foot boat on Nine Mile east of Middle Belt road, Farmington Township.

His wife, Cleone, 30, daughter, Deborah, 4, and mother in law are in critical condition at Mt. Carmel Mercy Hospital, Detroit.

State Police said the trailer was being towed by Joseph A. Cunningham, 32, of Detroit, who had passed a truck going west on Nine Mile. The car was in the right lane but the trailer projected into Evans' path. Evans had been a member of the Detroit Symphony Orchestra for nine years.

DIE OF INJURIES

Hazard and his son died of injuries suffered when a car driven by John E. Carnahan, 17, of 31680 Folkstone, Farmington, swerved over the cement center strip on Telegraph and collided with theirs, said Bloomfield Township Police.

The Lake Orion man's widow and three other children were injured. Patricia, 29, sustained cuts and a possible broken right leg. Carol, 9, received a fractured jaw. Sandra, 7, possible fractured ribs and John, 5, was hospitalized for observation.

Carnahan sustained face cuts and a possible broken neck. All (Continued on Page 2, Col. 1)

Boy Lives After 'Swim' Through Half-Mile Pipe

CORONA, Calif. (AP)—A 15-year-old boy was swept a half mile through a 36-inch diameter underground pipe yesterday but escaped with a head bump his only apparent injury.

Mike Elliott and three other youths were swimming near a flood control dam. Mike swam into a structure housing the intake of a spillway pipe and was swept into the pipe. Picnickers saw the unconscious Elliott float out of the pipe and pulled him to the bank. An unidentified nurse revived him with artificial respiration.

Ohio Blast Toll at 22

ASHTABULA, Ohio, (AP)—The blast which ripped the village square at Andover last Wednesday has claimed its 22nd life. Ruby Shellito, 17, died at General Hospital here yesterday.

Canadian Plane Lost

WINNIPEG, Man., (AP)—The Canadian Air Force reported early today that an Imperial Oil Co. plane with six persons aboard has been missing since Saturday night on a flight from Rocky Lake to Regina, Sask.

Pontiac Gets Ready for Back-to-School Shopping Time Again

Mishaps Claim 30 in Michigan

27 Auto Deaths, Three Drownings Raise State Fatality Total

By THE PRESS
At least 30 persons — one of the largest number of the year — died in automobile accidents in Michigan over the weekend. Three were drowned.

With cool, rainy weather prevailing, there was a reduction in the number of drownings.

Accident victims included: Adron I. Rush, 35, of Ann Arbor; Theodore Evans, 34, of Oak Park and his son Michael, 9; Glenda Churchwell, 17, of Flint; Larry Hennie, 30, of Lincoln Park; and Thomas F. Hammill, 35, of Kalamazoo.

Others were: Mrs. Mary E. Read, 54, of Detroit; George Kroff, 78, Montcalm County; Charles Boyd, 16, and Pete Redilla, 53, of Detroit; John W. Hazard Jr., 31, and his son, John W. III, 5-years-old, of Lake Orion; James Barrigan, 49, of Detroit; Giles Lovelace, 43, of Detroit; and Edmund E. Holland, of Osego.

Thomas McIntyre, 20, Flint; Walter Jony Kozlowski, 21, Detroit; Franklin O'Meara, 30, Curtisville; Joseph Rabb, 36, Kalamazoo; Donald Davidson, 15, Alma were also killed.

The list also includes: Mrs. Mary Szymczak, 62, South Haven; William R. Tilden, 26, Fruitport; Seth Porter, 71, Lansing; James Merrill Boyne, 28, Grand Rapids; Larry Stowers, 14, Breckenridge; and Mrs. Elmer Thompson, 43, Fennville.

Drowning mishaps claimed the lives of three people: Ray Hewitt, 47, of Kalamazoo; brothers, John Kubinski, 18, and James Kubinski, 13, of Detroit.

Accidents Kill Five in Pontiac Area

(Continued From Page One)

the injured are reported in good or fair condition in St. Joseph Mercy Hospital.

Hazard, who was employed at National Twist Drill in Rochester, was driving south in the right hand lane of the four-lane divided highway when the smashup occurred, according to police. Carnahan, traveling in the opposite direction, apparently lost control of his auto and careened over the center strip, they added.

Officials at Pontiac General and St. Joseph Mercy Hospitals said more than 60 persons were treated for auto accident injuries between midnight Friday and midnight Sunday.

Davy Craze Gaining

HENDERSON, Ky. — Don't tell Barber Charles Moore this Davy Crockett craze is kid stuff. He recently altered the haircuts of Ernest Morris and William Stewart with Davy Crockett haircuts, designed to make the head look like a coonskin cap.

'It's Sure Nice to Be Back,' Ike Tells Denver Greeters

DENVER — If ever a man seemed glad to be back, President Eisenhower does in starting his fourth summer vacation in a row here in Colorado.

There was a warm "Hi, Ike" from the airport crowd and from his Lafayette Street neighbors as he flew in from Washington last night. And from the President, smiling broadly, it was "Hi, folks — it's sure nice to be here again."

Along with the chief executive came his beloved golf clubs, which he hoped to use today at Denver's Cherry Hills Country Club, and his trout-fishing gear for use in a stream high in the Rocky Mountains later in the week.

But it won't be all vacation—

The Weather

PONTIAC AND VICINITY — Partly cloudy and warmer today, clearing tonight. High today 80-81, low tonight 60-61. Tomorrow mostly fair and somewhat warmer. High 80-82, low 60-61. Tomorrow night partly cloudy and warmer, low 60-61.

FACE VALUE — While no one is looking, this "Martian" relaxes with a pipe. The outer-space creature caused quite a stir with his massive head when he appeared at the traditional Fair Du Lendit at St. Denis, Paris, recently. Two sets of teeth may be all right on the planet Mars, but they look pretty weird on li'l ole earth.

Red Problems Still Underscore Korean Liberation Anniversary Celebrations

SEOUL — Demands for Communist truce inspectors to get out of Korea continued today but demonstrations quieted as Koreans celebrated the 10th anniversary of their liberation from Japan.

President Syngman Rhee yesterday opened the celebrations with a speech attacking American policy in Asia and restating his determination to remove the Neutral Nations Supervisory Commission from Korea. Koreans claim the Communist Czech and Polish members of the NNSC's truce inspection teams are spies.

Addressing 10,000 people in Seoul Stadium yesterday, Rhee said President Eisenhower had enunciated a new U.S. policy at Geneva—one advocating a new "peace of mutual forbearance."

Rhee urged the free world to abandon any drift toward this or any other "status quo" policy and instead "roll back the Iron Curtain from areas it has illegally engulfed."

"The real problem," he said, "is not how to achieve peace but how to deal effectively with Communist aggression."

For her part, South Korea would insist upon "the liberation of North Korea" in any future negotiations, he declared.

Halfway through his speech, a loud-speaker car began an anti-NNSC harangue outside the stadium.

When Rhee resumed, he deviated from his text to warn his countrymen against violence in their demonstrations.

A Japanese newspaperman, Tsuneo Mura, was found beaten into semiconsciousness late yesterday in Seoul.

Later he said he was unable to recall what happened. One friend who found him said he saw a Korean in army uniform hastily leaving the area.

Demonstrators in Seoul yesterday paraded past the U.S. Embassy and the residence of Ambassador William S. B. Lacy. Among them were Buddhist monks and nuns who waved their fists and yelled the standard slogan — "Communist Czech and Polish Spies Leave Korea."

Gen. Lyman L. Lemnitzer, U.N. Far East commander, returned to Tokyo after telling Rhee the United States was obligated under the armistice to protect the truce commission.

The demonstrations slackened off after Rhee announced Saturday he had postponed indefinitely his ultimatum for the truce inspectors to get out of the country. He said then that he had assurances from the United States that it "will make efforts soon" to obtain peaceful removal of the truce inspection teams.

Peiping radio snapped up this as proof there was "American backing of his (Rhee's) provocations against the commission."

The Berkeley Fire Department was alerted by Earl O. Carmical of 737 Columbia St., Berkeley, who reported he saw smoke issuing from the grocery store. Owner of the store Arthur Chamberlain told firemen he had changed fuses just before closing the store Saturday night.

The buildings are owned by D. B. Solakian of 815 W. Fourth St., Royal Oak.

Two Pontiac youths plan a cycle trip to Canal Zone tomorrow in Dallas, Tex. Kora, 19, lives at 907 N. Perry and is currently attending the University of Michigan's Geology and Surveying Camp in Jackson, Wyo.

He started hitch-hiking toward Dallas Saturday, according to Scott. After their Dallas rendezvous, the two will start for Mexico City, where they will purchase bikes and essential provisions.

Scott, of 420 Lakeside Dr., said they will leave Mexico City Thursday with only \$100 between them. The wandering cyclists have just about a month to get back home in time to register for the fall term.

Kors is a junior in the engineering school while Scott is a business administration senior, with an interest in political science.

The return trip will be made by boat, Scott said. He added that he plans to keep a daily diary of their 40-day excursion.

All things considered — 3,000 miles, bikes, and 40 days — Scott and Kors will have to write and pedal rather rapidly.

Negroes comprised 20 per cent of the total U.S. population in 1900, but only a few years later the total had shrunk to less than 10 per cent of the total, the census revealed.

Higgins said last Friday he has surveyed the route through Franklin and "undoubtedly some disruption would occur." He would be glad to meet with the village at any time, Higgins added.

20, will meet classmate Paul Kors.

Bereaved Father Will Bury Auto at Son's Grave

KEY WEST, Fla. — The father of a young boy killed a year ago in a traffic accident has carefully preserved his son's automobile and today was making plans to bury it beside his son's grave.

Workmen have shoveled out a hole six feet deep and long and wide enough to receive the car in Catholic Cemetery. There was no indication when the car burial would take place.

Raynardo Garcia, about 50, told friends he was unable to bear the memories connected with the automobile that his only son, Raynardo Jr., had owned. He said he didn't want to keep it and wouldn't sell it because he might see it around town.

Young Garcia died about a year ago in an automobile accident near Homestead, Fla., on a trip to Tampa. He had borrowed a newer car to make the trip and left his own car here.

Garcia has put a new coat of paint on the 1950 Ford, bought new seat covers and cleaned the car up for its burial.

Under San Marino law, former residents who have not become citizens of other countries are eligible to vote.

The Reds probably will control 37 seats in the 60-seat legislature, the Grand Council. Previously they had held only 31. The Council elects the two captain regents who head the government.

Final results today showed the leftists rolled up a total of 3,008 votes to 2,257 for the Christian Democrats and their allies. The Red margin of victory had been only 127 votes in the 1951 election.

The figures, with 1951 totals in brackets, were: Communists, 1,669 (1,305); Socialists, 1,339 (917); Christian Democrats, 2,011 (1,917); pro-Western Social Democrats, 246 (248).

Political observers had watched San Marino closely to see if the voting would reflect a decline in Communist strength reported recently elsewhere on the Italian peninsula.

The Red victory, however, was not expected to produce any startling change in the little republic. The leftists have tried to boom tourist trade and promote commerce. They have enacted no real Communist or Socialist legislation.

There were no disorders during the balloting.

Scattered among the voters were U.S. residents like Vitaliano Lividini and Adamo Gatti, of Detroit. They were part of a task force of San Marinese from America who were rounded up by Miss Mariam Michelotti, energetic anti-Communist woman's leader who had been angered by the Reds' refusal to let her sex vote. Most of the group from America came by chartered plane last week.

He started hitch-hiking toward Dallas Saturday, according to Scott. After their Dallas rendezvous, the two will start for Mexico City, where they will purchase bikes and essential provisions.

Scott, of 420 Lakeside Dr., said they will leave Mexico City Thursday with only \$100 between them. The wandering cyclists have just about a month to get back home in time to register for the fall term.

Detroiters Fail in San Marino

Communists Win Vote Despite Special Effort of U. S. Residents

SAN MARINO — The 1,600-year-old little republic of San Marino has chosen to remain a Communist isle in Western Europe for four more years.

Ninety-seven San Marinese who now live in Detroit, New York and Sandusky, Ohio, failed in their 11th-hour transatlantic attempt to win their countrymen over to Western democracy in yesterday's election.

Instead, the Communists and their Socialist allies won a stunning victory in this 38-mile-square hilltop nation, perched in the Apennines inside Italy's border.

The Reds and Socialists — their political machine entrenched here since 1945 and operating with military precision — literally carried the old, halt and blind to the 13 polling places.

To counteract the influx of crusaders from America, the Communists gave hundreds of sympathetic San Marinese workers free trips home from Belgium, France, Switzerland and Italy.

Under San Marino law, former residents who have not become citizens of other countries are eligible to vote.

The Reds probably will control 37 seats in the 60-seat legislature, the Grand Council. Previously they had held only 31. The Council elects the two captain regents who head the government.

Final results today showed the leftists rolled up a total of 3,008 votes to 2,257 for the Christian Democrats and their allies. The Red margin of victory had been only 127 votes in the 1951 election.

CIES VILLAGE SIZE. The resolution cited the small size of the village (two miles east-west and 1½ miles north-south) — the size of the proposed highway and the large volume of commercial and truck traffic which would use it.

These factors would combine to "virtually destroy the character and value of the community," the council asserted.

Higgins said last Friday he has surveyed the route through Franklin and "undoubtedly some disruption would occur." He would be glad to meet with the village at any time, Higgins added.

The Day in Birmingham

City to Act on Rink Bids, New Sewer Survey Cost

BIRMINGHAM — An unusual agenda, one showing only four items, awaits the City Commission meeting tonight. Of these, only three require action.

Bids will be reviewed for construction of the Eton Park ice skating rink and contracts probably awarded, although the architects do not recommend awarding to the lowest bidder.

On the sewage question, City Manager Donald C. Egbert will recommend the appropriation of \$2,000 for engineering studies to be made toward an alternate proposal to the Evergreen Interceptor sewer.

Other discussion will center around acceptance of an Oakland County Circuit Court decree in the suit brought against Birmingham by the Michigan Water Resources Commission for failure to comply with its order to cease Rouge River pollution.

Last, the city's numerous parks may be given name signs, after the lawmakers officially name the areas which have acquired informal nomenclatures over the years.

Last week's action in post-season playoffs for the YMCA Baseball League has knocked Birmingham National Bank and Michigan Bell Telephone Co. teams out of the standings, with the Varsity Shop, regular season's winner, taking on Birmingham Merchants at 6:30 tonight at Booth Field.

Winner of tonight's play will take on Reeves Service on Thursday, for what is expected to be the deciding game.

By popular request Kathleen Pickett, children's librarian at Baldwin Public Library, will read "Epinondas and His Auntie," at the final story hour of the summer series tomorrow.

Other favorites to be heard at the 10:30 a.m. reading period are "The Frog Prince" and "Doctor and Detective, Too."

A pedestrian, Mrs. Mary E. Craig, 57, 1586 Penitence, absolved the driver of a car which struck and injured her yesterday on Woodward Avenue near Maple.

Police said Mrs. Craig told them the accident occurred as she ran in front of the car driven by James H. Boyd, 40, 411 Braeburn Lane, to catch a bus. She was treated for cuts and bruises at William Beaumont Hospital.

Mrs. Joseph G. Steck, Rosary service for Mrs. Joseph (Mary Margaret) Steck, 82, will be at 8:30 tonight at the Manley Bailey Funeral Home. She died Sunday at her residence, 215 Berwyn Road.

Her body will be taken to the Wagner Funeral Home, Bristol, Ind., for Rosary service Tuesday night and funeral service at 10 a.m. Wednesday at St. Mary's Church there. Burial will be in North Union Cemetery, Union, (Mich.).

Mrs. Steck is survived by three daughters, Mrs. H. B. Stillman of Birmingham; Mrs. Harvey Bettenger of Bristol, Ind.; Mrs. R. D. Clemens of Webster Grove, Mo., and three sons, Joseph G. of Vandalia, Carl of Three Rivers and Edgar of Elkhart, Ind.

Fred Schultz, Service for Fred Schultz, 50, 1523 Chapin St., who died Sunday, will be held Wednesday morning at St. Joseph Church, North Braddock, Pa., with burial in North Braddock Catholic

His body will be taken today from the Manley Bailey Funeral Home to the Lanigan Funeral Home in East Pittsburgh, Pa.

Mr. Schultz, who retired last year as a machine operator with Parke-Davis in Detroit, leaves his mother, Mrs. Kristin Schultz, of Birmingham.

Postal Trucks to Bear Safety Slogans in City

Pontiac postal trucks will display "Slow Down and Live" safety posters starting Thursday, said Leslie H. Dean, acting postmaster.

Furnished by the National Conference of State Safety Coordinators, the trucks will carry the slogans during the rest of August. Postmaster General Arthur E. Summerfield said in Washington that more than 16,000 vehicles in 3,000 cities will take part in the safety campaign.

"The Post Office Department started an intensive program to prevent on-duty motor vehicle accidents in 1954 and since the inception of this campaign, mishaps involving postal vehicles have been reduced substantially," Summerfield said.

He added that direct costs of repairs to vehicles damaged have been halved since the program started. Pontiac will have some 24 trucks taking part in the program.

Augustus McGraw III Dies in Bloomfield

BLOOMFIELD TOWNSHIP — Augustus C. McGraw III, 72, who for many years had owned and operated a large fruit orchard here, died Sunday at St. Joseph Mercy Hospital, Pontiac, after a short illness. His residence was at 1450 North Woodward Ave.

Mr. McGraw was a brother-in-law of the late George Booth founder of the Cranbrook institutions. He had retired in 1925 from the Baker Company, a Detroit drug manufacturing firm.

Active in hunting and conservation, Mr. McGraw maintained a stand of virgin white pine trees at his birthplace, Port Austin. He lived in Detroit and its suburbs all his life.

Surviving are his widow, Beatrice Booth McGraw, and a sister, Mrs. Kate Wurga of California. Service will be held at 1 p.m. Tuesday at Bell Chapel of the William R. Hamilton Co., Birmingham, with burial in Elmwood Cemetery, Detroit.

Woman Hit by Car Treated at Hospital

Mrs. Ruth Ellen Norman, 34, of 206 Chandler Ave. was treated and released from Pontiac General Hospital Saturday evening for injuries received when she was struck by an automobile at Perry and Pike Sts.

The driver of the car, James Hiram Johnson, 34, of 64 Belmont Ave. told Pontiac Police he was making a left turn into Perry and because of the rain he did not see Mrs. Norman crossing.

The injured was treated for a bruised left hip. Johnson was ticketed for failure to yield the right of way.

VFW Offers Aid to Airman With Remarried Wife

WOODLAND, Calif. (AP)—The California Veterans of Foreign Wars offered today to finance either a lawyer or a honeymoon for Airman Daniel Schmidt.

VFW State Commander Thomas J. Murray told a reporter: "Danny is our boy. Whatever he wants, we want. If he wants a lawyer, we'll get one for him. If he wants to make up with Una, we'll give him \$500 for a second honeymoon."

Schmidt is the 22-year-old Air Force gunner who came home from 32 months in a Communist Chinese prison camp to find that his wife Una had married another man.

The airman met privately with his wife Friday night in her lawyer's office at Nevada City. Later a source close to the couple said 20-year-old Una told Schmidt she would stay with Alford Fine, the logging camp worker she says she married in the belief Schmidt was dead.

Crooner Warren Hayes Dies in Rio Hotel Fire

RIO DE JANEIRO, Brazil (AP)—American crooner Warren Hayes and five other persons died last night in a fire which destroyed the Vogue Hotel in Rio de Janeiro.

Hayes jumped from the sixth floor of the hotel when the fire,

triggered off by a boiler explosion, gutted the building.

Two other men jumped to their deaths from the 10th floor and three other persons perished in the blaze.

The singer had been singing at the hotel night club and had won a considerable local following.

Coal Piles Up in Montana

Montana with 110,860,000 tons, has the greatest recoverable reserves of coal in the United States, according to the latest statistics.

West Virginia, the nation's leading producer of bituminous coal today, has recoverable reserves of 52,881,000 tons, or enough coal to last more than 450 years at the present rate of production.

Lee Stamp Tiff Gums Up Issue

Virginia Towns in Row With Post Office Over First Day Honors

ALEXANDRIA, Va. (AP)—Another bitter dispute has risen between the federal government and the cradle of the Confederacy and, as in the original unpleasantness, Gen. Robert E. Lee is in the thick of things.

The new dispute, which so far has been nothing more than a battle of words, involves the delicate question of which Virginia locality shall be allowed to make the first day issuance of a Robert E. Lee memorial stamp.

The Post Office Department, unaware that it was touching off hair-trigger Southern tempers, announced sometime ago that the honor would go to Norfolk.

When Alexandria protested, the department made haste to explain it would be a "burden" to issue the memorial stamp simultaneously in the two cities.

"Rank foolishness," said Alexandria Councilman Frank E. Mann when notified of this yesterday. "Why," he continued, "if it's a burden to distribute that 30-cent stamp at two cities, I'll go to Norfolk or Washington and get them and bring them here myself."

Alexandria thinks it's entitled to the first day issue because it was Lee's home town.

But even as Mann spoke another Virginia community was being heard from. Rep. Burr P. Harrison (D-Va.) urged that the stamp be issued at Lexington.

The famed commander of the Confederate armies, Harrison pointed out, served as president of Washington and Lee University in Lexington and was buried there. Although Norfolk hadn't claimed intimate connection with Lee's life it was awarded the first day issue because the American Philatelic Society is holding its convention there Sept. 21 and it was the only city to speak up when the Post Office Department first announced plans for a Lee stamp.

Less Accidents, Injuries, City Traffic Report Says

The monthly traffic summary released by the Pontiac Police department has revealed a decrease in the number of accidents and injuries during last month as compared to July 1954.

There were 25 less traffic accidents on the city streets during July but the decrease in injuries showed only one less compared to July of last year.

No traffic fatalities were reported to the department in July. The same applies to July 1954.

Up to the same time last year, 802 traffic mishaps were reported while the 1955 total shows a noted decrease of 181 less accidents.

This year to date there have been six fatalities while last year five persons lost their lives on city streets.

The summary showed the major violation was not granting the right of way, with following too closely the second highest violation.

More dented fenders resulted during the 3 p.m. hour last month and Saturday proved to be the day of most mishaps according to the report.

Ku Klux Klan Revival Report Investigated

LONGVIEW, Tex. (AP)—The state attorney general says he is checking reports by his investigators that an attempt to revive the Ku Klux Klan is under way in east Texas, apparently to fight integration in public schools.

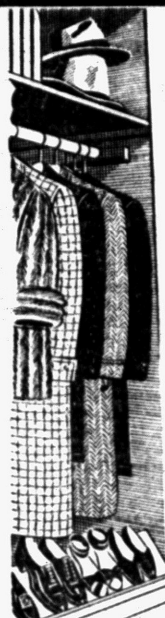

Atty. Gen. John Ben Shepperd last night said his investigators have been checking Klan activities in 22 east Texas counties for more than a week. He didn't identify the organizers or say where they were from.

He said he would remain in the area to work with local officials on the problem.

A large, modern tankship costs approximately \$6 million to build, and operation costs are estimated at \$2,000 to \$3,000 per day.

Find Woman's Body

BURLINGTON, Ky. (AP)—Two fishermen yesterday discovered a woman's nude, decomposed body, with both hands cut off, in a "lovers' lane" area near the Ohio River. Police reported the woman, who had long red hair and was between the ages of 20 to 30, had been dead about five weeks. Cause of death was not determined immediately.

Marine Gen. Edson Found Dead in Auto

WASHINGTON (AP) — Maj. Gen. Merritt A. Edson, winner of the Medal of Honor as leader of "Edson's Raiders" during the World War II campaign for Guadalcanal, was found dead yesterday in the garage of his home in Arlington, Va.

The body of the retired Marine Corps officer was found by his wife, lying on the front seat of the family auto, a 1954 Buick Wildcat. The death was due to carbon monoxide poisoning, according to a coroner's report.

Edson, 57, was executive director of the National Rifle Assn. and former chief of the Vermont State Police. He joined the Marine Corps in 1947 after 30 years' service.

Capt. Merritt A. Edson Jr., a son, stationed at the Quantico, Va., Marine base, said his father had been "very tired" and "feeling very badly about the American prisoner of war question."

Moroccans Veto French Plan for Self-Government

RABAT, French Morocco (AP) — French Morocco's Nationalist leaders today rejected France's new plan to start her troubled North African protectorate toward self-government under Sultan Mohammed Ben Moulay Arafa.

The Nationalists have been insisting on the return of former Sultan Mohammed Ben Youssef, who was deposed by France Aug. 20, 1952, for his Nationalist leanings.

Ben Youssef now is exiled in Madagascar. France is trying to placate his supporters without bringing him back.

Reports of violence continued to day. A policeman was wounded, four drunks were arrested and a dock worker was arrested while setting fire to a shipment of wood. Most of these incidents occurred in Casablanca.

Arrest 2 Koreans on Commie Charge

SEOUL (AP) — Metropolitan police today arrested two Korean newspapermen on suspicion of having connections with a Communist spy ring and violating the national security law.

The two were identified as Oh Yo Han, 38, assistant editor of the Orient Press, and Shim Hyung Taik, 48, of the Kukje Press.

Orient Press, which declined to comment, is one of Korea's largest news agencies. Kukje Press is a small Pusan newspaper.

Police said Shim is suspected of acting as a North Korean intelligence agent nine years ago, and of participating in a Chinese Communist spy ring in late June 1950.

They said Oh was planning to go to Japan to set up spy activities and link his operation with Shim, who was to remain in Seoul.

Expert Selects Florida for Satellite Takeoff

WASHINGTON (AP) — Willy Ley, German-born rocket expert, says his "guess" is that the United States will launch its first unmanned space satellite from the Banana River missile base south of Daytona Beach, Fla.

Ley said last night in a CBS television interview, that a launch from the Florida site would drop the booster rockets into the Atlantic.

If the White Sands, N. M., proving ground were used, Ley said, the second of three probable booster rockets would fall "uncomfortably close to New Orleans."

Japanese Seek Freedom for Its War Criminals

TOKYO (AP) — Ten years after Japan's surrender, 577 war criminals are still in Sugamo Prison.

At the time the peace treaty went into effect in April 1952, there were 1,244 prisoners in Sugamo.

Three countries have released all their war criminals: Nationalist China, 91; France, 42; and the Philippines, 110.

The Tokyo Shimbun said the Japanese government hoped the United States would release around 100 men Sept. 2, the 10th anniversary of the signing of the surrender document.

Divorces Granted

Divorce decrees granted recently in Oakland County Circuit Court include:

Allice E. from Floyd H. Putnam Jr. Lillian from James Barclay.

Phyllis M. from Richard R. Martin. Lucy Mae from Thomas H. Hendrix.

Emma H. from Joseph J. Lenihan. Ethel from Elmer L. Gibson.

Back-to-School Shopping Tip:

FIT FOR A RAINBOW — All dressed up and some more to go—that is lovely young Sharon Sue Johnston of 339 Exmoore, Pontiac. She is modeling one of the new, longer torso, cottons with its double breasted effect and its perky plaid bow. The white collar is borrowed from the college girls' fashions.

Korean Reds Offer Nonaggression Pact

TOKYO (AP) — Premier Kim Il Sung of Communist North Korea today proposed a nonaggression pact with Syngman Rhee's South Korean government.

A Peiping radio broadcast of Kim's liberation anniversary speech at Pyongyang said he also urged speedy convening of a conference of the two Korea governments on unifying the armistice divided country. The North Korean nation was established with Soviet Russia's support after Japan's defeat in 1945.

Rhee has accused the North Korean Communists of plotting another invasion of South Korea and has asked continued U. S. support.

Tibetan Lamas Brother Flees Communist Rule

TOKYO (AP) — The elder brother of Tibet's Dalai Lama has fled his nation's Communist rule and been granted asylum by the U. S. Embassy in Tokyo, it was learned today.

An American spokesman said "He has been in Tokyo about 30 days and will be given a permanent visa to the United States by the end of this month."

He is Tagtser Demprabche, a well-built six-footer and one of his younger brothers close advisers. The Dalai Lama formerly was the politico-religious head of his nation. He lost at least a portion of his eminence when the Chinese Communists conquered Tibet in 1951.

Wife Killer to Hear Sentence Tomorrow

MCALISTER, Okla. (AP) — Dr. Ben T. Galbraith will be sentenced tomorrow to life in prison for the murder of his wife.

The 34-year-old physician, a former president of the Pittsburg County Medical Society, slumped in his chair, white-faced and forlorn near midnight Saturday when the jury returned its verdict. The panel deliberated only an hour and fixed the punishment at life imprisonment. Sentencing tomorrow will be a formality for Dist. Judge W. A. Lackey.

Soviets Claim Rockets Launched With Animals

MOSCOW (AP) — Russia says she has fired experimental rockets with live animals aboard more than 300 miles into space and plans to follow up soon with artificial earth satellites.

Space scientist A. G. Karpenko told the local newspaper Moscow Pravda the satellites would be launched in the "comparatively near future."

American researchers have announced experiments in which mice and monkeys were shot into space in rockets, but they have claimed only 250 miles altitude.

The United States announced last month that it plans to launch satellites.

Ice Hockey Injury

LYNN, Mass. (AP) — William Robinson, 18, of Arlington, broke his arm in an ice hockey game yesterday at the North Shore Sports Center while the temperature registered 90 degrees. The rink remains open all year.

State Officials Pay Increase Ruled Out

BATTLE CREEK (AP) — Officers of Michigan Townships may not accept salary increases voted during their term of office, under a ruling handed down by Atty. Gen. Thomas M. Kavanagh.

Kavanagh held that such officials must wait until the new term of office before they can be paid a higher salary.

The ruling was given at the request of Mrs. Joseph Stebleton, a resident of nearby Emmet Township. She had asked whether the Township Board was within its rights in voting pay increases for the Township Supervisor, Clerk and Treasurer April 15, a week after the three were elected.

Kavanagh held the action was illegal.

"Otherwise," he said, "the constitutional prohibition against increasing salaries after election or appointment would be violated."

Red Helpers Deadline Arrives for Formosans

TAIPEI, Formosa (AP) — The deadline for compulsory registration of all persons in Formosa who have worked for the Chinese Communist or have in any way been connected with them expires at midnight tonight.

Police in vans equipped with loud-speakers drive through the streets reminding the public of the deadline.

After midnight, authorities said, all persons who should register but fail to are liable to arrest and punishment as Communist agents.

Birds Hate Crockett

SARASOTA, Fla. (AP) — The Davy Crockett craze has made it rough on birds, the Sarasota Bird Club says. Modern Davys, not having many chances to shoot a bear, are drawing a bead on birds. The bird club is trying to educate parents to supervise their youngsters' activities with BB guns and small rifles, and to limit the shooting to targets.
