

Hundreds Flee as Flood Hits 4 States

Saviour Divides History

We need a Christ today and if He is what He claimed to be, we have a viable Christ for these days.

The Life of Christ—2

Jesus Came Into World to Die... Instead of to Live

(In yesterday's installment Bishop Sheen listed some of the many men in history who claimed divinity or that they bore messages from God. He then proceeded to cite proof, based on reason and recorded fact, that none of these claims was valid and that only Christ could validly make such a claim.)

By BISHOP FULTON J. SHEEN

Not only were the Jews expecting the birth of a great king, a wise man and a saviour, but Plato also spoke of the Logos; Socrates, of the universal wise man "yet to come"; Confucius, of "the saint"; the Sibyls, of a "universal king"; the Greek Dramatist, of a saviour and redeemer to unloose the "primal eldest curse." All these were on the Gentile side of the expectation.

If there were only one chance in a hundred of any detail of the prophecies being fulfilled, it follows that there would be only one chance in one thousand of two being fulfilled in the same person, and only one chance in ten billion of ten being fulfilled.

What separates Christ from all men, is, first, He was expected. Even the Gentiles had a longing for some deliverer or redeemer. This fact alone differentiates Him from all other religious leaders.

The second fact is that once Christ appears, He hits history with such an impact that He splits it in two, dividing all history into the period previous to His coming, and the period after His coming. Buddha did not do this, nor did any of the Indian philosophers. Even those who deny God must date their attacks upon Him as done in A.D. (anno Domini)—so many years after His coming.

The third fact which separates Jesus from all others is this: Every other person who came into this world, came into it to live. He came into it to die. Death was a stumbling block to Socrates—it interrupted his teaching. But to Christ, death was the goal of His life, the goal that He was seeking. Few of His words or actions are intelligible, apart from His cross. He presented Himself as a Saviour, rather than a Teacher. It meant nothing to teach men to be good, unless He gave them the power to be good, after rescuing them from the frustration of guilt.

Monday Night Hours Show Good Results

Pontiac's downtown merchants this morning reported gratifying results from their first Monday night opening.

Majority of stores found that the volume of business compared favorably with their Friday night figures, despite the cold weather.

Starting this week, most stores in the downtown area are remaining open until 9 p.m. on Monday in addition to the usual Friday night hours.

The additional night for shopping was inaugurated in answer to requests by numerous patrons, according to Retail Merchants Assn. President Richard McPartlin.

Same License Number on 2 Cars in Garage

GRAND RAPIDS (UP)—Alfred J. Simpson and C. W. Thomas, who live next door to each other and share the same garage, have 1955 license plates with the same numbers—5686.

Simpson's plate has an "AE" prefix while Thomas' has a "JA" prefix.

"I couldn't believe my eyes when I saw Thomas' plate numbers as I drove into my side of the garage," Simpson said on his return from Detroit where he bought his license.

Dulles Reported to Believe Reds Are Not Bluffing

Will Spell Out Views to Senators Today and Nation Tonight

WASHINGTON (AP)—Secretary of State Dulles was described today as believing the Chinese Communists are not bluffing and will shortly make some military move against Nationalist-held islands opposite Formosa.

The secretary, who returned Sunday from a trip to the Far East, had plenty of opportunity today to outline such a view, either at secret briefings to congressional committees or in a report tonight to the nation.

He is making a day of it: The Senate Foreign Relations Committee in the morning, the House Foreign Affairs Committee in the afternoon and national radio television networks tonight.

Officials said Dulles appeared convinced the Chinese Communists would make some move toward carrying out their threats to attack Formosa.

He was represented as feeling that military action against coastal islands probably would be coupled with subversion efforts directed at Chiang Kai-shek's Formosa refuge and its outposts.

He was said to be unwilling, even in private conversations, to spell out American intentions on defense of the Nationalist-held islands of Quemoy and Matsu, just off the Red mainland opposite Formosa.

Dulles and President Eisenhower have said Quemoy and Matsu will be defended if attacked by Red China in an obvious drive to conquer Formosa.

Dulles reportedly says he made no commitments when he and British Foreign Secretary Anthony Eden discussed the Formosa situation in the Far East.

Mayor Exchange Sends Fife Lake Man to Pontiac

It was a snappy 16 below zero at Fife Lake today when Mayor-elect Robert B. Kimball told the Pontiac Press by telephone that he will be able to visit Pontiac May 16 for the second annual exchange of Michigan mayors.

Pontiac Mayor William W. Donaldson isn't sure whether or not he'll be able to get up to the 400-population city on that date, due to previous commitments.

The Fife Lake-Pontiac mayoral switch will be part of a pairing of 297 community heads which will be a feature of Michigan Week.

Other pairings will see the heads of Bloomfield Hills and Birmingham change jobs for a day with their counterparts in Kaleva and Tustin. Other switches:

Orchard Lake-Mt. Morris, Lake Orion-Lake Odessa, Walled Lake-Vassar, Romeo-Fruitport, Clarkston-Inkster, Holly-Eau Claire, Rochester-Maple Rapids, Keego Harbor-East Grand Rapids.

Atomic Cloud Drifting Over U. S. Said Harmless

LAS VEGAS, Nev. (AP)—Windblown remnants of the year's biggest atomic explosion to date drifted lazily across the nation today.

One portion of cloud broke away from the soaring mushroom of yesterday's test A-blast and is moving east under the constant study of Atomic Energy Commission monitors.

Another part moved harmlessly across central California and out over the Pacific.

AEC officials emphasized that neither cloud was considered dangerous.

Plans went ahead for another test explosion at the vast Yucca Flat proving ground 75 miles northwest of Las Vegas. The next blast will be smaller.

Yesterday's explosion—triggered on a 500-foot tower—flashed in the clear, desert air at 5:30 a. m. It was seen in all the Western states and in Mexico.

The AEC said no one was injured, although some 575 service-

Business Area Inundated as Ohio Hits Flood Stage

House Studies Probers' Code

Rules Committee OK Expected This Week on 'Fair Play' Plan

WASHINGTON (AP)—A "code of fair practices" for House committees came before the Rules Committee today for anticipated approval. It is backed by Republican and Democratic leaders.

The Senate is considering its own code.

A House vote on the new regulations has been scheduled for late this week, on the assumption that the Rules Committee would clear the code after a brief closed session.

The rules, designed to meet criticism of past practices of some committees, would:

1. Outlaw "one-man" investigations by requiring that at least two committee members be present when testimony is taken or evidence received.

2. Require the chairman of an investigating committee to announce at the start of a hearing "the subject of the investigation." This is designed to counter objections that some congressional investigations start off as "fishing expeditions" with no definite goal in sight.

3. Permit witnesses to bring lawyers to committee hearings to advise them on constitutional rights.

4. Allow a committee chairman to censure, or exclude from hearings, any counsel violating decorum or "professional ethics."

5. Require committees to receive in closed session evidence or testimony tending to "defame, degrade, or incriminate any person," with the person named having the right to appear as a witness and to request that additional witnesses be subpoenaed.

6. Prohibit the release or use in public sessions, without committee consent, of evidence or testimony taken in closed session.

Fail to Quell Blaze

MUSKEGON (UP)—Norton Township firemen rushed to the scene of a house fire but it was too late to save the structure and they watched it burn to the ground. Damage was estimated at \$5. It was a dollhouse.

POMEROY SUFFERS DAMAGE—The business section of Pomero, Ohio, 200 miles east of Cincinnati, is shown inundated by muddy water from the flooding Ohio River. In the above picture the main business street is directly on the water and from bottom left to upper right is a distance of more than four miles.

State Senate Battle Looms Over Highway Spending

LANSING (AP)—The Senate majority leader, Sen. Creighton R. Coleman (R-Battle Creek) prepared today to fight for trunkline priority in any highway improvement program adopted by the Legislature.

Armed with what he said was a majority vote of the Senate Republican caucus, Coleman served notice he would try to overturn a Senate Highway Committee recommendation which would favor local streets and roads at the expense of the state trunkline arteries.

Coleman filed for debate, probably this afternoon, an amendment to the committee plan to distribute any new highway revenues on the present formula—44

percent to the state, 37 percent to the counties and 19 percent to the cities.

The Coleman amendment would give 75 percent of the new money to the state to develop a four-lane divided highway arterial system. The other 25 percent would be split two-thirds and one-third, respectively, between the counties and cities.

The Coleman amendment would give 75 percent of the new money to the state to develop a four-lane divided highway arterial system. The other 25 percent would be split two-thirds and one-third, respectively, between the counties and cities.

WASHINGTON (AP)—President Eisenhower canceled his morning engagements today because of "slight symptoms of a cold" and his wife already was confined to bed with the flu.

LONDON (AP)—Prime Minister Churchill had a slight cold today. His doctor advised the 80-year-old Premier to stay indoors.

BONN, Germany (AP)—West German Chancellor Konrad Adenauer, 79, was confined to his home with a cold today, the federal press office announced.

Hart's action put into motion machinery to pay bonuses averaging \$250 to \$750 to about 250,000 Michigan men and women. The bonus will be paid at the rate of \$10 for each month of service within the United States between June 27, 1954, and Dec. 1, 1955, and \$15 a month for service overseas.

Lt. Col. Leo C. Whitaker, chief of the bonus section of the military establishment, said he hoped to mail out the first bonus checks April 8.

Veterans will be paid on a "first come, first serve" basis.

Col. Whitaker said application forms will be sent to veterans' counseling centers, veterans' organizations, Red Cross chapters, labor union locals and may be obtained from the military pay bonus office in Lansing in a few days.

He said about 4,000 queries and requests already are on file and application forms will be sent to each.

Disaster Affects 2,600 Families on Ohio Shores

Swollen Waters Surge Downstream, Leaving Trail of Damage

CINCINNATI (AP)—The hump of the flooding Ohio River moved slowly downstream today, forcing hundreds of families and businesses from the shore areas.

It left a wake of heavy property damage as it spilled out along its natural borderline separating Ohio, West Virginia, Kentucky and Indiana.

An estimated 2,600 families were affected. In Ohio alone, some 900 families fled shore area homes.

The Weather Bureau at Cincinnati called it a "major flood" because more than two thirds of the 961-mile river was at least five feet over flood stage. The American Red Cross classed it as a "disaster."

Col. J. L. Person, the Ohio River engineer, said damage would probably run to several million dollars.

"There has been a good deal of scattered damage," he said. "But there has been nothing like a catastrophe. The low-lying areas which get wet every few years are in water now."

As the swollen waters spin down the Ohio, more and more families will be forced to flee.

The Red Cross said 1,000 families in West Virginia, from 500 to 600 in Kentucky and 200 in Indiana had been affected.

The river crested early today at Gallipolis, Ohio, about 7 feet above the flood stage of 30 feet. Downstream at Cincinnati the water will crest at 61 feet Thursday morning, 9 feet above flood stage. This will be the highest mark in seven years. The Ohio reached 64.8 feet on April 18, 1948, here.

Sections of Main Street in Pomero, the county seat of Meigs County, were under 5 feet of water. Thirty-six homes were evacuated and 46 businesses were knocked out. Schools were closed.

At Catlettsburg, Ky., between Huntington and Ashland, 1,800 persons, or one third of the total population, had to leave their homes, police reported. Another 80 families were evacuated at Henderson, W. Va., yesterday and 35 at Kingston, W. Va.

Col. Person said that while the damage was substantial in scattered areas he foresaw no catastrophe.

Court Easy on Speed but Rough on Gentle

DETROIT (AP)—Speed, Ruff and Gentle drew reckless driving sentences in Traffic Court yesterday.

Speed Bain Jr. and Ruff A. Lewis were fined 25 and their operator's licenses were suspended for six months.

Gentle Willis got the roughest sentence—five days in jail and a six-month driving ban.

Ike, Mamie Accept Bid

WASHINGTON (AP)—President and Mrs. Eisenhower have accepted an invitation to the annual dinner of the Women's National Press Club May 19.

Major Acquitted of Aiding Reds While in PW Camps

FT. SILL, Okla. (AP)—Maj. Ambrose H. Nugent was free today to return to his first love, the field artillery.

A court-martial acquitted him of aiding the enemy while a prisoner of war for 38 months in Korea.

His seven-week trial was the longest in U. S. military history.

The court deliberated just over two hours yesterday before acquitting the Army career officer on nine specifications. Seven of the nine colonels on the court were Korean veterans.

Nugent, 45, was the first of five former Korea POWs tried on collaboration charges to be found innocent.

After the verdict, he broke into a big smile. A handful of spectators rushed to congratulate him.

He said his acquittal was a vindication of military justice. He told newsmen:

"I want to take a short leave for a physical checkup and have my teeth fixed and then I want to resume my career in the Army."

Nugent, of Merrill, Wis., began his Army career with the Wisconsin National Guard 24 years ago and for the past 14 years has served continuously.

The graying, bespectacled off-

LULU BELLE'S BACK!

If you've been reading CAPTAIN EASY, Lulu Belle Sings needs no introduction. She's just one of the unforgettable characters you'll find in every Captain Easy adventure. Read this exciting story every day in the Pontiac Press.

Captain Easy Appears Today on Page 22

Thieves Steal, Abandon Truck

Vehicle Is Recovered by Rochester Police After Losing Safe

Thieves who earlier broke into the Vernon's Ginger Ale warehouse at 499 S. Telegraph Rd. abandoned one of the company's trucks in Rochester early today after an 800-pound safe fell from its rear on Johnson St. near the Grand Trunk railroad.

An unidentified newspaper boy, who had observed the one and a half ton truck going west on Pontiac Rd. about 5 a.m. when one of the vehicle's doors fell off, called police who alerted other county departments.

Meanwhile, Sylvan Lake Police discovered the break-in at the company and learned that the safe had been hauled away in the truck which also contained 300 cases of soda pop valued at \$800.

Pontiac Detective Thomas Mitchell, who said entry was gained by breaking a door window, said the truck finally was recovered by Rochester Police on Brewster road about 5:25 a.m.

Louis G. Edelen of 3311 Greenwood Ave., Auburn Heights, told police he saw the safe fall from the rear of the truck when he was on tower duty at the railroad crossing. The trucks' rear doors were jarred open when the vehicle sped over the tracks.

Police said the safe contained only tools.

Volcanic Action Subsides; 600 Ask to Go Home

PAHOA, Hawaii (U-P)—Six hundred refugees badgered officials today for permission to return to their homes in the devastated Puna Peninsula as week-long volcanic eruptions simmered down to a mild bubbling action.

Earth tremors moderate. Lava fountains which had shot to a breathtaking 1,000 feet were just bubbling with an occasional half-heated 50-foot spout.

Volcanologist Gordon A. MacDonald urged the refugees to wait. He warned that new eruptions "are still possible. I don't know when it will be safe."

However, families from Kalapana and Ohihika were told they could go home today on condition radio-equipped trucks and drivers stood by in both tiny south coast villages.

Villagers crowded civil defense and Red Cross headquarters and demanded permission to return to Kapoho.

Alvin Kalawe, a spokesman for the refugees, said: "We have no intention of abandoning our homes. We have lived in Kapoho all our lives. It is in our hearts. We intend to return."

Hawaii County Supervisor Richard Lyman, who owns most of Puna's canelands, estimated total damage at \$3,200,000.

Police Correct Report on Drinking in Auto

It was erroneously reported by Pontiac Police yesterday that Mrs. Marjorie Dionne, 19, of 354 Whittemore St., had been drinking in an auto which was involved in an accident Sunday.

Police today corrected the report, saying that the driver, Richard F. McLeod, 20, of 370 Whittemore St., and two other occupants, who fled from the auto before Police arrived, had been drinking. Mrs. Dionne told police she hadn't been drinking.

Innocent Plea Entered for Man in Breakin

An innocent plea was entered for Billie Parker, 24, of 499 Nevada Ave., yesterday by Circuit Judge George B. Hartick after Parker stood mute on a breaking and entering charge.

Parker is accused of entering Bob's Market, 327 Colorado Ave., Feb. 24. He is in Oakland County Jail under \$2,500 bond. A trial date will be set.

DANNY AND LORETTA WIN TV HONORS—Danny Thomas and Loretta Young display the golden Emmies they collected last night in Hollywood from the Television Academy for being named the best actor and actress starring in a regular series. Miss Young is the first star to win both the movie academy Oscar and the TV academy Emmy.

Disney, Danny Thomas Get Two TV Awards Apiece

HOLLYWOOD (U-P)—Walt Disney and Danny Thomas, clutching two Emmies apiece, today proved that television has three solid networks.

The two ABC stars, along with NBC's George Gobel and Loretta Young, plus Art Carney and Audrey Meadows of the CBS's Jackie Gleason Show, dominated last night's seventh annual Emmy awards of the Television Academy.

Disney, already the possessor of 22 movie Oscars, won an Emmy

for the best variety series on TV. And his "Operation Under Sea," an episode in the Disneyland series, was adjudged the best individual program of the year.

Thomas, star of Make Room for Daddy, was named the best actor in a regular series. His show was selected the best situation comedy series.

John Daly of ABC won for being the best news reporter, and the U. S. Steel Hour, also on ABC, was named the best dramatic series.

The six awards out of a possible 21 gave ABC its healthiest showing yet in the awards. NBC and CBS, which heretofore had dominated the annual awards, got seven apiece.

The remaining award went to the syndicated series Stories of the Century, which is not confined to one network. This series won in the best Western or adventure series category.

Loretta Young became the first actress in Hollywood history to hold both a movie Oscar and an Emmy. She said the thrill "was equal in both cases." She was named the best actress in a regular series.

George Gobel, in his first year on TV, climaxed a meteoric rise by being named television's outstanding new personality. Carney and Miss Meadows were named best supporting actor and actress in a regular series.

Other awards: Best cultural, religious or educational program: Omnibus. Best sports program: Gillette Cavalcade of Sports.

Best children's program: Lassie. Best daytime program: Art Linkletter's House Party. Best Western or adventure series: Stories of the Century.

Best audience guest participation or panel program: This is Your Life. Best actor in a single performance: Robert Cummings, "Twelve Angry Men," Studio One.

Best actress in a single performance: Judith Anderson, "Macbeth," Hallmark Playhouse. Best male singer: Perry Como. Best female singer: Dinah Shore.

Best mystery or intrigue series: Dragnet. Best situation comedy series: Make Room for Daddy.

A member of Jehovah's Witnesses, Mr. Riemenschneider had lived in Pontiac 40 years, coming here from Midland County. Before his illness, he was a salesman at Riemenschneider Bros.

Surviving is his daughter, Mrs. Isabelle Davis of Romulus. Also surviving are three sisters, Mrs. Margaret Harper of West Branch, Mrs. Emma Scribner and Mrs. Agnes Patterson, both of Mt. Pleasant; three brothers, Henry A. Paul and Ernest, all of Pontiac.

Friends may call at the Purlsey Funeral Home after 2 p.m. Wednesday. Funeral arrangements will be announced later.

Murder Retrial Slated to Start on Wednesday

The retrial on a first degree murder charge of Walter Banks is scheduled to begin tomorrow in Circuit Court. Oakland County Prosecutor Frederick C. Ziem said today.

Banks, 45, formerly of 116 Weston St., was previously convicted of the May 2, 1951, slaying of Alexander Bell, 33, a local pool hall owner.

An error discovered in the first jury's findings is the reason for the retrial, said Ziem.

Leaving Accident Scene Brings Jail Sentence

Eugene Risner, 28, of 9921 Highland Rd., Highland Township, was sentenced to 75 days in Oakland County jail Monday for leaving the scene of a property damage accident Sunday.

Sees Good Year for Consumers

Board Chairman Says Future Bright in Annual Report to Stockholders

WASHINGTON (U-P)—Sen. Eastland (D-Miss.) said today he thinks testimony by Albert E. Kahn, a co-publisher of Harvey Matusow's book, "False Witness," shows "who is using Matusow and why."

With Kahn called for further questioning today by the Senate internal security subcommittee, Eastland indicated its probe into Matusow's repudiation of testimony he gave in congressional and court hearings as an avowed ex-Communist would be speeded to a conclusion.

"We're going to get through this week," said Eastland, the subcommittee chairman. He told newsmen he doubted that Matusow, who testified for five days last week, would be recalled.

Kahn, associated with Angus E. Cameron in a New York firm publishing Matusow's book, declined to tell the subcommittee yesterday whether he is now or ever was a member of the Communist Party.

In refusing to do so, he said he "proudly" stood on the Fifth Amendment's guarantee against self-incrimination.

State Senate Battle Looms Over Roads

(Continued From Page One)

spectively, between the counties and the municipalities.

Coleman was ready with another amendment to increase the license fee on all commercial vehicles 15 per cent—but there were suggestions he was angling for a compromise at 10 per cent.

The Republican caucus endorsed a 10 per cent boost tentatively, but the Highway Committee reported out a bill with no truck and bus tax increase. Both the committee and the caucus agreed on raising the gasoline tax from 4½ cents a gallon to 6 cents.

The committee recommendation was a revision of the Peltz Bill which was approved in the House under an agreement with Gov. Williams.

The Senate and House disagreed formally last night on the extension of the 1952 business receipts tax, due to expire March 15.

The House stuck to its vote to extend the law only to Dec. 31 and the Senate to extend it indefinitely. So the measure went to an inter-chamber conference committee.

LANSING (INS)—State police today were asked to find the author of an anonymous letter threatening Rep. Emil Peltz (R-Rogers City), author of Michigan's better highway program.

Peltz, chairman of the House Roads and Bridges Committee, said he received the letter March 3, postmarked Kalamazoo. It was signed "business committee" and called Peltz "a dirty crook" for trying to raise Michigan's gasoline tax. The letter added:

"You ought to be out of commission. . . . Salesmen cannot drive their cars because taxes are so high. You will hear more about this if you put that through."

Straits Bridge Work to Provide 650 Jobs

CHEBOYGAN (P)—Between 650 and 1,000 workers will be hired to work on the Straits of Mackinac bridge this year.

Charles Hattenhoff, project engineer for Merritt-Chapman & Scott Corp., said yesterday his company will hire at least 450 to work on the bridge foundation.

Hattenhoff also said American Bridge Division of U. S. Steel plans to hire another 300 to work on the bridge superstructure.

Additional workers may be hired if the company decides to expand the work schedule from two 10 or 12 hour shifts to three eight-hour shifts, Hattenhoff said.

He also said because of any early thaw in the Straits, work on the 99-million-dollar bridge linking Michigan's two peninsulas may resume April 1.

City Man Stands Mute on Drunk Driving Count

Harry W. Krause, 37, of 362 E. Tennyson Ave., yesterday stood mute in Oakland County Circuit Court on a charge of driving under the influence of liquor for the second time.

Judge George B. Hartick entered an innocent plea for Krause and ordered a trial date set. Krause is accused of drunk driving Feb. 28 on U.S.10 in Springfield Township.

He was previously convicted of a similar count last Sept. 18 in Pontiac Municipal Court. Krause is free on \$200 bond.

Pair Are Sentenced

Municipal Judge Cecil McCallum sentenced a man and a woman yesterday to 30 days each in the Oakland County Jail after they pleaded guilty to morals charges and failed to pay fines of \$75 each.

Miss Eddie May Yates, 27, and Lewis T. Cummings, 27, of 265 Branch St., were charged with soliciting and accosting respectively

JAMES F. SPENCE

Spence Remains Tax Board Head

Re-Elected to Position Today as Group Starts Appeal Duties

James F. Spence was re-elected chairman of the City Board of Tax Review this morning as the board convened for its annual appeal duties.

Beginning today and continuing throughout the week, the board will hear hardship cases.

The first three days of next week it will hear complaints on real estate assessments, and the first three days of the week following, it will hear complaints on personal property assessments.

The board will meet from 9 a.m. to noon and from 1 to 4 p.m. in the office of City Assessor W. Raymond Ransom in the city hall annex on Hill street.

Serving on the board besides Spence are Gerald W. Kehoe and Vernon K. Archer. Finance Director Oscar Eckman and City Attorney William A. Ewart are ex-officio members.

Mrs. Bernice Sevedge has been appointed deputy clerk of the board.

Expect Decision Soon on Bell Phone Rate Hike

LANSING (U-P)—A decision is expected this week on the Michigan Bell Telephone Company's request to raise 22 million dollar rate increase.

John H. McCarthy, chairman of the State Public Service Commission, said his staff is still studying the request.

"We have not yet settled on a figure," McCarthy said. He refused to say whether any increase has been approved.

The company has asked for a general rate increase to offset rising costs of operation and a proposed pay hike for employees.

Detroit Man Is Given Three-Year Probation

Richard Robinson, 22, of 809 Clement Dr., Detroit, yesterday was placed on three years probation and assessed \$200 court costs by Oakland County Circuit Judge George B. Hartick.

Robinson admitted March 1 stealing clothing and other articles Jan. 7 from a building at 21337 Rumansville, Royal Oak Township.

Taylor was named U. S. Far East commander and head of the United Nations Command today.

Effective April 1, he will succeed Gen. John E. Hull, who is retiring at his own request after 37 years in the Army.

Appointment of Taylor was expected. He has been given increasing responsibilities in recent months until he commanded all ground forces in Japan, South Korea and Okinawa.

Hull will spend a month in the office of the Army chief of staff in Washington before he retires. He has been Far East commander since October 1953.

Taylor assumed command of the 8th Army in Korea Feb. 11, 1953. His place as commander of ground forces in Japan, Okinawa and South Korea will be taken by Lt. Gen. Lyman L. Lemnitzer, deputy chief of staff for plans and research.

Lemnitzer will be replaced by Maj. Gen. James M. Gavin, assistant chief of staff for operations. Taylor, in Singapore now, is touring Malaya and Thailand to check on the military situation there.

He is known for his record of bravery and a quiet, studious personality which does not advertise his knowledge of eight languages, including Japanese, Chinese and Korean.

In World War II Taylor went on a dangerous mission behind the lines prior to the Italian surrender. He joined his surrounded division in the Bastogne forest by a daring parachute jump during the Battle of the Bulge.

The Korean War had already reached its stalemate stage when Max Taylor took command of the 8th Army.

Realizing it was a war against boredom more than bullets, Taylor encouraged courses in edu-

City Delegates Attend Forum

Pontiac Groups Send Members to Children's Services Meeting

Delegates from at least six Pontiac organizations concerned with problems of children will attend a statewide Forum on Children's Services in East Lansing tomorrow.

The session from 10 a.m. to 4 p.m. in the Michigan State College Union is sponsored by the Michigan Welfare League, a United Fund agency.

Topics will include: Services needed for children of divorced parents, treatment of youthful law violators and possibility of setting up "family courts" in the state.

Among those attending from this area will be Miss Elsie Lifton, Miss Genevieve Trainham and Miss Helen Leonard of the Pontiac Child Guidance Clinic; Mrs. Catherine Ryder, Miss Virginia Mills and Mrs. Sue Kennedy, Family Service of Oakland County; and Mrs. Marie MacCracken, Michigan Children's Aid Society.

Others include Mrs. Clementine Henderson, Oakland County Bureau of Social Aid; James Fennelly, Miss Kathleen Connolly and Miss Verna Overend, Catholic Family Center; and Dwight S. Adams, Pontiac Area United Fund.

God Comes to Earth as Helpless Child

(Continued From Page One)

Son of God, He is the anti-Christ! But He is not just a good man.

He would have us either worship Him or despise Him—despite Him as a mere man, or worship Him as true God and true man. That is the alternative He presents. It may very well be that the Communists, who are so anti-Christ, are closer to Him than those who see Him as a sentimentalist and a vague moral reformer. The Communists have at least decided that if He wins, they lose; others are afraid to consider Him either as winning or losing, because they are not prepared to meet the moral demands which He requires of the soul.

If He is what He claimed to be, a Saviour, a Redeemer, then we have a virile Christ for these days; someone who will step into the breach of death and sin and gloom and despair; a leader to whom we can make totalitarian sacrifice and whom we can love even unto death.

We need a Christ today who will make cords and drive buyers and sellers from temples; who will blast the unfruitful fig trees; who will talk of crosses and sacrifices, and whose voice will be like the voice of the raging sea, and who will not allow us to pick and choose among His words, discarding what we do not like, and accepting what pleases our fancy.

We need a Christ who will restore moral indignation, and will make us hate evil with a passionate intensity and love goodness to a point where we will drink death like water.

Gen. Maxwell Taylor to Replace Hull as U.S.-U.N. Commander in Far East

TOKYO (U-P)—Gen. Maxwell D. Taylor was named U. S. Far East commander and head of the United Nations Command today.

Effective April 1, he will succeed Gen. John E. Hull, who is retiring at his own request after 37 years in the Army.

Appointment of Taylor was expected. He has been given increasing responsibilities in recent months until he commanded all ground forces in Japan, South Korea and Okinawa.

Hull will spend a month in the office of the Army chief of staff in Washington before he retires. He has been Far East commander since October 1953.

Taylor assumed command of the 8th Army in Korea Feb. 11, 1953. His place as commander of ground forces in Japan, Okinawa and South Korea will be taken by Lt. Gen. Lyman L. Lemnitzer, deputy chief of staff for plans and research.

Lemnitzer will be replaced by Maj. Gen. James M. Gavin, assistant chief of staff for operations. Taylor, in Singapore now, is touring Malaya and Thailand to check on the military situation there.

He is known for his record of bravery and a quiet, studious personality which does not advertise his knowledge of eight languages, including Japanese, Chinese and Korean.

In World War II Taylor went on a dangerous mission behind the lines prior to the Italian surrender. He joined his surrounded division in the Bastogne forest by a daring parachute jump during the Battle of the Bulge.

The Korean War had already reached its stalemate stage when Max Taylor took command of the 8th Army.

Realizing it was a war against boredom more than bullets, Taylor encouraged courses in edu-

The Day in Birmingham

Commissioners Approve Cost Plan for Interceptor

BIRMINGHAM (U-P)—Taking first things first, city commissioners by a 4-2 vote last night approved a reallocation of costs for the proposed \$2,740,000 Evergreen interceptor sewer which would carry waste into Detroit for treatment.

New cost allocations were passed on yesterday by the project's advisory committee.

The other participants can use only a small portion until their areas develop, he explained. Egbert said he felt there would be "economic advantages" in choosing the interceptor over continued use of the city's own sewage treatment plant.

Commissioners Vincent Watkins and Dean Beier, the dissenting voters, were not opposed to the reallocation, but stated they thought Southfield Township and the City of Lathrup Village should first approve their new cost proposals.

Both Southfield and Lathrup had turned down earlier figures. Allocations for both units were decreased yesterday, Southfield by \$103,776 and Lathrup by \$22,000.

Bloomfield Hills and Troy Township will also vote this week on an increase in costs for the sewer construction.

In other action, lawmakers spent one hour discussing a zoning ordinance which would rezone from single family to terrace classification, three parcels of property west of Woodward and south of Colonial Court. Woodward frontage in front of the area is zoned single family.

Surrounding property owners opposed the change but will meet with the Planning Board and land owners, probably on March 15.

In addition, the owners were willing to leave a 100 foot strip along the river as a flood plain area. Commissioners pointed out that a court might allow development of the entire parcel in the event of lawsuit.

The YMCA again will hold its annual Good Friday Breakfast. The meal will be served at 9 a.m. April 8 at the Y, and will be followed by a special film.

Rebekahs will meet at 8 p.m. tomorrow at the Community House.

The Rev. Harold Towne will continue his Lenten lectures on "The Holy Catholic Church," at 10 a.m. tomorrow at St. James Episcopal Church. Worship service following a tenet dinner at 7 p.m. will be based on, "The Gospel Psychiatry and Our Problems."

Zonta Club members will make preparations for their April 30 charter dinner at a dinner meeting at 6 tonight at the Community House.

Mrs. Colin Houston, Detroit district president of the Woman's Society of Christian Service, will be the guest speaker at a meeting of the Embury Methodist Church WSCS at 8 tonight.

Marketing Violations Bring 721 Convictions

LANSING (U-P)—The state obtained 721 convictions for violation of state marketing laws during 1954, the state Agriculture Department said today.

Misbranding of food led in the number of convictions, with 239 violators found guilty. Adulteration, with 235 convictions, was the second most frequent offense, the department said.

The Bureau of Foods and Standards said its agents tested some 58,000 weighing and measuring devices during the year. Of these, 4,358 were found to be inaccurate.

Of 130,368 packages checked for weight, the department said it found 27,441 short of the weight or measure declared on the label.

Birmingham Man Mute on Illegal Check Count

George L. Wade, 41, of 16277 Kirkshire Rd., Birmingham, yesterday stood mute on an illegal check charge in Circuit Court.

Judge George B. Hartick entered an innocent plea for him and ordered a trial date set.

Wade is accused of cashing a \$10 check in Birmingham last Dec. 12 without an account to back it up. He is in Oakland County Jail under \$1,000 bond.

Passing Bogus Check Brings 2-Year Probation

Roy Phifer, 24, of Kansas City, yesterday was placed on two years probation and assessed \$150 court costs by Oakland County Circuit Judge George B. Hartick.

Phifer admitted Feb. 28 passing a bogus \$25 check in Birmingham on Dec. 23, 1953.

LOST 42 POUNDS Do Fat Women Make Good Wives?

Most husbands prefer their wives to be smart and slender. Most men are interested in the companionship and the emotional security of a wife without a weight handicap. With Rannell users solve their weight problems quickly. Rannell Concentrate has many friends because it helps so many people. Mrs. J. Friday, 511 Livermore, Detroit, Mich. is pleased with her weight loss. She writes "Rannell Concentrate is doing wonders for me as a reducing aid and equally well as a tonic. Before taking Rannell I always felt tired. I knew I weighed too much. I tried different methods for reducing but the results were too slow and I still had no pep."

By chance I saw the Rannell ad, and decided to try it. As to results I can say that I can make Rannell do just about everything that I want it to do. With it I lost 42 lbs. in 7 months and while doing that ate all my body needed to be satisfied and chose the kind of foods I like. For me Rannell acts as a tonic, in fact I have never felt better. To hold my weight and keep me fit I take Rannell as a tonic by cutting the dosage in half. Rannell is a must on my shelf."

Make Rannell work for you. If not pleased with the very first bottle return it to the manufacturer for your money back. Look on and be sure to get Rannell. Priced at \$1.49.

'Feeble' Winnie Amazes Friends

At Eighty Years of Age Churchill Still Shows Unusual Stamina

LONDON (U. S. — Sir Winston Churchill, 80, remains one of the liveliest feeble men in the world. Just over 15 years ago the late Wendell Willkie, here for a private visit, confided:

"Churchill's a great old man, but I'm afraid he's getting a little feeble."

Two days after he said that Willkie called on Churchill at No. 10 Downing St. Following their talk the Prime Minister accompanied the visiting American to the door step.

They stood there for photographs and as Willkie was leaving, Churchill took him by the arm, saying:

"Here, Mr. Willkie, let me show you down this step. When it rains it sometimes becomes slippery."

Back at his hotel Willkie smiled and said, "And I called him feeble."

One year later Churchill was in Moscow having his first meeting with Joseph Stalin. The late Lord Inverchapel was then the British ambassador in Russia.

"He looks fine," mused the envoy, "but I'm afraid he's showing signs of feebleness."

Before he left Moscow on that trip Churchill exhausted the ambassador and half his staff of young men.

Two years later, in October 1944, Churchill was back in Moscow for more talks with Stalin. The late Maxim Litvinov, who'd known Churchill for years, sighed and shook his head.

"At last, I'm afraid he's getting feeble."

A few days ago (Feb. 28) Churchill was the guest of honor at a correspondents' luncheon. At one table was a British newsmen who has been watching Churchill for 25 years.

"He's all right," he confided, "but watch him when he comes in. You'll see what I mean. He's getting a bit feeble."

Five minutes later the old man surged into the dining room, marched with sure strides around the hall, using no walking stick and holding no one's arm.

"Well, I'm damned," said the newspaperman. "He's made a liar out of me."

The truth is Churchill has good days and bad days. Some days he may give the appearance of feebleness. And then he bounces right back with the energy of a man many years his junior.

New Michigan Solons Are Entertained by Ike

WASHINGTON (U. S. — Three freshmen congressmen from Michigan were guests of President Eisenhower at a White House lunch yesterday.

They were Martha W. Griffiths, Detroit Democrat; Don Hayworth, East Lansing Democrat, and August E. Johansen, Battle Creek Republican.

The lunch was another in the series the President is giving for newly elected members of the House and Senate.

About 600,000 acres of Indian lands in the U. S. were under lease for oil and gas rights at the end of 1952.

White is seldom worn before a television camera since it causes a glare. Pastel colors are generally favored.

Building Manager Appointed by GM

E. M. Aldrich has been appointed building manager of Fisher Body's new engineering and administrative facilities at the General Motors Technical Center in Warren Township. It was announced today by James E. Goodman, vice president of General Motors and general manager of Fisher Body.

Occupying 192 acres, the new buildings will house all Fisher Body engineering and administrative activities and contain 1,301,000 square feet of floor space.

Aldrich has been with GM's Buick-Oldsmobile-Pontiac Assembly Division in its Dayton, Ohio, office serving as liaison between B-O-P and the Air Force on a defense contract.

Fisher Body personnel will begin moving into the facility this spring and complete occupancy is expected by early summer.

Brewers to Market Soft Drinks Soon

CHICAGO (U) — Pabst Brewing Co. today announced it will begin marketing a new line of six carbonated soft drinks in six Midwest states about April 1.

Distribution will be from Milwaukee production headquarters to grocery, drug and delicatessen stores in Illinois, Indiana, Wisconsin, Iowa, Michigan and Ohio. Flavors will be cola, root beer, ginger ale, orange, lemon and black cherry. Name of the brand will be "Pabst Sparkling Beverages."

News in Brief

Carl Henderson of 3107 Lincoln Ave., Auburn Heights, reported to Pontiac Police that he lost his billfold, containing \$170, somewhere between 400 Baldwin Avenue and Orchard Lake Avenue over the weekend.

Thieves took an undetermined amount of money from a juke box, three boxes of cigars and ransacked the Baldwin Lunch at 377 E. South Blvd., Sunday, Pontiac Police said. Entry was made by prying the hasp from the rear door.

Clyde Buckner, of Walled Lake, paid a \$75 fine and \$25 costs Monday after he pleaded guilty to driving under the influence of liquor before Commerce Township Justice Charles F. Rose.

After pleading guilty to driving under the influence of liquor Monday, Paul Brandes, 56, of Lake Orion paid a \$50 fine and \$25 costs. He appeared before Orion Township Justice Elmer C. Dieterle.

Orders Roofers to Quit Combine

U.S. Finds Monopoly in Oakland, Wayne and Macomb Counties

DETROIT (U) — Members of the Detroit Sheet Metal and Roofing Contractors Association, Inc., were under orders today to dissolve the combine which does more than 70 per cent of the roofing business in Wayne, Oakland and Macomb counties.

Fifteen of Detroit's largest roofing firms and their officers, all members of the association, yesterday were fined a total of \$47,750 and ordered to break up the association by Aug. 15.

Federal Judge Theodore Levin took the action after a trial on government charges that the association violated antitrust laws because it constituted an illegal bidding combine.

Government attorneys charged that the association conspired to fix and maintain high prices in the sale and installation of roofing.

John W. Neville, head of the antitrust division of the Department of Justice in Detroit, said the association members do more than \$7,000,000 of the annual roofing business in the three-county area around Detroit.

Fines ranging from \$500 to \$75,000 were imposed on the following firms and officers of the firms:

John D. Busch & Sons, Inc.; J. D. Chandler Roofing Co.; Wallace Chandler, Inc.; Robert Hutton & Co., Inc.; R. C. Mahon Co.; Schreiber Roofing Co.; Sullivan-Bernhagen Co., Inc.; the Charles Schaefer Roofing Co.; American Roofing Co.; Milbrand Roofing & Ceiling Co.; T. F. Beck Roofing Co.; Chaffee Roofing Co.; Detroit Cornice and Slate Co.; Whitcomb Co., and Philip Carey Manufacturing Co.

Suspect Questioned in Rochester Theft

ROCHESTER — Chief of Police Samuel Howlett and Det. Ray McConnell of the Romeo State Police have returned from a trip to Dixon, Ill., where they went to interrogate Louis Stein, a suspect in connection with the \$5,000 diamond robbery of the Pauline Palmer Jewelry Store here in February, 1954.

At the time of the local robbery a man and a woman accomplice entered the store in the daytime and escaped with a tray of diamond rings valued at \$5,000.

Howlett said today that questioning indicated Stein may be the person who committed the Rochester theft. He said Stein will remain in Dixon, however, to face charges on a similar robbery in Dixon.

Business Notes

Zion Cooperative Mercantile Institute, Salt Lake City, Utah, and Wrigley's Stores, Inc., Detroit, have won key awards in the Brand Name Retailer-of-the-Year competition for 1954, according to Henry E. Abt, president of Brand Names Foundation, Incorporated.

Robert Gaff, local agent for the State Farm Insurance Companies, attended a two-day company-sponsored State Seminar held at Kellogg Center, Michigan State College, East Lansing, recently.

Registrations Jump
DETROIT (U) — Registration to vote in the April 4 election reached 806,802 in Detroit with a last-minute rush of 1,207 on the final day Monday. The record registration was 988,000 for the presidential election in November, 1952.

Operation Realignment
A realignment of manufacturing operations is announced by D. J. Bracken, general manager of Lincoln-Mercury Division. The immediate effect will be a closer relationship between the assembly plants and the staff activities.

J. B. Howard continues as assistant general manufacturing manager. In addition, the position of executive assistant to the general manufacturing manager is established to provide for the proper correlation of staff activities related to standards, planning and control of pre-production activities, Bracken said. J. J. Kaye has been appointed to this position.
