Controversy Raging Over MacArthur Papers

Spur Volunteers in UF Campaign

Campaign Workers Study Drive Report Chart

Pontiac Press Photo

AT UNITED FUND LUNCHEON — Two Pontiac Area United Fund volunteer workers looked over divisional quotas before yesterday's report luncheon. From left they are Mrs. William E. Hutchinson, of 733 Owego Dr., a unit captain, and Mrs. Lester E. Patton, of 6387 Hatchery Rd., co-chairman for the Waterford Geographical Division. They learned later that the drive is 63.6 per cent toward goal.

Drive Manager Critchfield Says Future Is Tough

63.6 Per Cent of Goal Has Been Contributed, Workers Informed

Although the Pontiac Area United Fund drive reached 63.6 per cent of its goal yesterday with two weeks to go, Campaign Manager Robert M. Critchfield reminded workers that "the last 30 per cent is the toughest."

About 250 volunteer solicitors heard Critchfield's statement read at a report luncheon in Stevens Hall, All Saints Church, by UF Publicity Chairman Robert W. Emerick.

The reports showed that $358,036 of the $562,175 had been audited at campaign headquarters.

The drive is progressing at about the same pace as last year, said Critchfield, "but a great effort is still needed to attain our goal."

Industrial Division Chairman George K. Zimmerman reported $217,699 collected, 85.8 per cent of the division's goal.

Firms included in the Pontiac Manufacturer's Assn. are over their corporation-gift quota with $122,920 pledged against a $115,- goal.

Employes of firms in the association have hit the 78.1 per cent mark with contributions of $248,- 968.

Firms and employes in the general manufacturing group, including industries not in the Pontiac Manufacturer's Assn., have contributed $418, or 7 per cent of their goal.

"Industry is proud of Pontiac and when the campaign is over Pontiac will be proud of its industry," said Zimmerman.

Commercial Division Chairman H. Wayne Gabert said his group has $36,770 of its $145,490 goal, or 25 per cent.

Units within the Commercial Division have the following percentages of goal: general, 6.6; professional, 16.5; retail one, 22.9; retail two, 12.2; finance, 52.6; construction, 20.6; government, 10.1; foods, 9.3; automotive, 44.9 and public service, 39.7.

Mrs. A. W. Gault reported the Pontiac Geographical Division has $1,893, or 14.3 per cent of the $13,200 aimed for. Waterford geographical workers have reported $1,674, some 31.6 per cent of the $5,300 sought, said Mrs. Ralph Bump.

All divisional leaders expressed confidence their teams would reach the top.

The Community National Bank footed the bill for the luncheon which was prepared by the women of Guild 6, All Saints Church.

Merchants Promise Bargains

Two-Day Sales Festival Will Salute '56 Pontiacs

A double-barreled salute to the 1956 Pontiac automobile and Pontiac-area shoppers will be presented tomorrow with the kick-off of the second annual Pontiac Leadership Celebration.

At 11:30 a. m., a motorcade of 20 new Pontiacs will move through the downtown district, on Saginaw street.

After pausing at the Pontiac Motor Division administration building, the autos will continue to the Tel-Huron Shopping Center.

Meanwhile, merchants all over the city will unveil a barrage of bargains to underline the wide selection of merchandise and services offered here.

The Leadership Celebration will continue through Saturday.

"We merchants feel the prosperity of the community is closely bound up with that of Pontiac Motor," said Ralph Eastridge, head of the Retail Merchants Assn. committee handling the affair.

"With that in mind, we decided last year to celebrate when the new car was revealed to the public. This year we are doing the same thing.

"This celebration helps us show our feelings of appreciation to Pontiac Motor for the prosperity its car brings our community.

"And it helps us to showcase for shoppers the wide range of services and merchandise, including all major brands in all lines, available in Pontiac."

Slated to begin at 11:30 a.m. at Saginaw and Judson Sts., the motorcade will proceed north to Oakland and Baldwin Aves.

The Pontiac High School band will lead the motorcade in the downtown march.

The autos in the parade will continue north on Oakland to Johnson, south to West Huron and then west to the Tel-Huron Center. Five cars will be placed on display there.

Also featured in the parade will be a battery-powered miniature Pontiac adto driven by Michael Gotham, son of Henry Gotham, Pontiac Retail Store manager.

Later, it will be donated to the Oakland County Children's Home for the use of underprivileged children, Eastridge said.

Coronary Attack Fatal for Hodiak

'Caine Mutiny' Officer Stricken While Working on New Film

HOLLYWOOD (INS)—John Hodiak, rugged 41-year-old star of stage and screen, died yesterday of a heart attack.

The stern-faced actor succumbed at his Hollywood home.

Hodiak, who was best known recently for his role in the stage hit "The Caine Mutiny Courtmartial," was the former husband of screen star Annie Baxter.

They were married in 1946. She divorced him in 1953 with testimony that he was rude to her friends and business associates and insulted her.

The couple had a daughter, Katrina, now 4.

Hodiak was born in Pittsburgh, Pa., and moved to Hamtramck, Mich., wih his family at an early age.

He joined his father in acting in Ukranian parish plays in Hamtramck as a boy and took an active part in dramatics at Hamtramck High School.

Hodiak got his professional start 15 years ago as an announcer with radio station WXYZ in Detroit. He became a screen actor in 1943 and was well-known for his portrayals of he-men.

RARELY ILL

Hollywood friends said the actor was rarely ill.

During his film career, Hodiak appeared in such pictures as "Conquest of Cochise," "Mission Over Korea," "Ambush at Tomahawk Gap," "Battle Zone," "Command Decision," "Across the Wide Missouri," and many others.

He had hit a slump in film work when he was given the role of a naval officer accused of mutiny in the "Caine Mutiny Courtmartial" play, which became a smash hit and revitalized Hodiak's career.

Recently, he had appeared on a number of television shows.

* * *

Hodiak was making a motion picture, "Threshold of Space," at 20th Century-Fox studio when he died.

General Wanted Soviet Attacking Japan on North

Washington Embroiled Over Pentagon Release of War Documents

WASHINGTON (INS) — The MacArthur papers released by the Pentagon last night inflamed the controversy over whether the wartime Pacific commander used his influence to help bring Russia into the war against Japan.

The Pentagon itself said the documents it had been able to find during months of intensive search were inconclusive.

The papers that the Pentagon did produce showed:

1. Three days after Pearl Harbor was bombed, Gen. Douglas MacArthur urged that Russia be induced to seize the "golden opportunity" to cripple Japan with a blow from the north.

On May 8, 1942, MacArthur said the best way to help the Russians against Germany was to open a second front in the Pacific, with or without Russian participation.

2. MacArthur said nothing officially about Russian entry into the Pacific war from May 8, 1942, until after the Yalta Conference in February 1945, when it was decided by President Franklin D. Roosevelt, Prime Minister Winston Churchill and Premier Josef Stalin that Russia would join her allies in the Pacific war.

3. After the Yalta decision MacArthur expressed strong views about when and where the Russian forces should be used.

* * *

The question of MacArthur's influence in the policy decision became a controversy with the release of the Yalta papers last March. The papers said that Roosevelt and Churchill were advised by their military staffs that it was essential to induce Russia to help in the war on Japan, even at the price of concessions.

CHARGES DENIED

There were charges in March that MacArthur added his voice to the recommendations that concessions be made to get Russian help. MacArthur denied this. He said his counsel had not been sought and that if it had he would have argued against concessions.

* * *

The Pentagon documents showed that almost immediately after the Yalta Conference, MacArthur told an army staff officer who flew directly from Yalta to the Philippines that Russia "should share the cost in blood in defeating Japan."

The staff officer, Brig. Gen. George A. Lincoln, said MacArthur told him the President should put pressure on the Russians immediately to get them into the war.

At about the same time—and also after the Yalta decisions—another Army officer said MacAr-

Politics Hinted in Brownell Trip

Attorney General Flies to Denver Tomorrow to Visit Eisenhower

WASHINGTON (AP) — Atty. Gen. Brownell is flying out to Denver tomorrow and the trip raises speculation that President Eisenhower may now want to discuss the political situation with his top adviser in that field.

It is generally recognized that the 51-year-old attorney general is "the wizard" in political matters for this administration, and that the President frequently turns to him for advice in such matters.

Brownell's reputation for skillfully masterminding difficult political situations stems from his close 25-year association with Thomas E. Dewey, two years of service as chairman of the Republican National Committee, the management of two Dewey bids for the presidency, and finally his major role in the successful Eisenhower campaign of 1952.

There are politicians in both parties who believe that if the President is not to run for a second term, he will have to make that fact known before the end of the year in order to give other Republican aspirants time to build up their forces for the August convention in San Francisco.

President Eisenhower's improvement out in Denver is keeping pace with advance calculations of his physicians as he turned to one of his favorite hobbies—painting—in another step toward recovery.

He divided part of a day of relaxation between viewing the majestic Rockies from the sundeck outside his hospital room and painting another view of the same mountains from a colored print taken from a magazine.

Hunters Crowding Roads as Pheasant Season Opens

County roads were crowded today as motorists headed north for the opening of the 22-day Michigan pheasant season, with ideal weather and hunting conditions leading conservation officials to predict a season's bag of 1,225,000 cock pheasants.

Traffic at Telegraph Road intersections was backed up half a mile at 8 this morning as hunters sprayed out into the pheasant-loaded Thumb and Central Michigan areas for the 10 a. m. official opening.

Some 408 northbound cars on the Dixie Highway were counted in a ten-mile stretch early this morning. At traffic lights they were stacked half a mile back in two lanes.

Conservation department officials said hunters should find more birds this year than last. And because of an earlier nesting season, they predicted fewer small birds than usual.

In addition, because crop harvesting is further along than it was last year, hunters should find a more cooperative attitude in farmers whose land will be invaded.

A recent intensive campaign by sportsmen's clubs also is expected to better farmer-hunter relations. Hunters have been urged to seek permission to hunt from farmers and leave their cars in farmers' yards while they are in the fields.

Along with pheasants, season opens today on rabbits, squirrels, woodchucks, raccoons and ruffed grouse. Waterfowl, also legal game today, opens at 10 a.m., although on every other day in the season legal shooting begins one half hour before sunrise.

Duck hunting must stop half an hour before sunset, and shooting for upland birds and animals stops at 7 p.m. Nighttime shooting for raccoon begins today at midnight.

It took less than three hours after the pheasant season opened this morning for the 1st entry in the Pontiac Press' Big Pheasant Derby to come into the office. First prize in the contest for the heaviest bird is a $50 U.S. Savings Bond.

The first bird was brought in by Ed J. Hockey, 30, of 2380 Marwood St., Waterford. The bird was 2¾ pounds and was shot on Hockey's father's farm in Clarkston.

May Lift Martial Law

INDIANAPOLIS (AP)—Gov. Craig called a conference of state and national guard officials today to determine whether martial law should be lifted in the Perfect Circle Corp. strike zones.

A Lot of People

WASHINGTON (AP)—The Census Bureau estimates there will be 228½ million Americans by 1975, a 38 per cent gain over the present 166¼ million.

Security Council Vote Deadlocks

Philippines - Yugoslavia Both Awaiting Results on Seat Appointment

UNITED NATIONS, N. Y. (AP) — The U.N. General Assembly today postponed election of a Security Council member until next Thursday, with the Philippines and Yugoslavia each still in the race with formidable backing.

When voting resumed in the 60-nation General Assembly, Yugoslavia — backed by both Britain and the Soviet bloc — was strongly favored to win. Interest in the outcome was keen, since a Philippine defeat would deal a heavy blow to the prestige of the Asian nation's all-out U.S. backers.

The picture changed when the United States, over bitter Soviet opposition, pushed through a proposal postponing the Security Council election and switching to balloting for the U.N. Economic and Social Council (ECOSOC) and the Trusteeship Council.

WINS ECOSOC SEAT

On the second ballot, Yugoslavia found herself elected to ECOSOC with 46 votes—seven more than the required margin. No date was set for voting to resume for the Security Council seat.

A state can serve on both bodies, but such distinction is usually reserved for the big powers.

Little Change Seen in Weather for Area

The U. S. Weather Bureau says it will be partly cloudy with little change in the temperature tomorrow.

The low tonight will range from 46 to 50. The high tomorrow will be near 65 degrees.

It will be party cloudy and cooler tomorrow night with a low between 40 and 44.

The lowest temperature preceding 8 a.m. was 42 degrees. The thermometer registered 62 at 2 p.m.

Congress Eyes Newsprint Price

Banking Group Gathers Data to Determine if Action Is Advisable

WASHINGTON (AP)—Sen. Beall (R-Md) asked the Justice Department's antitrust division today to furnish the Senate Banking Committee with any information the division obtains on the current newsprint price increase move.

Beall, a member of the committee, said in his message to the Justice Department that the committee would use such material to "determine whether congressional action might be advisable."

One Canadian newsprint producer announced an increase of $5 a ton Tuesday, to a price of $131 delivered in New York, and an official of the antitrust division said then:

"We are not conducting an investigation as such, but we are studying the newsprint situation."

Beall's message to the antitrust division said:

"The threatened increase in the price of newsprint from Canadian manufacturers is of vital concern to us in our efforts to protect the dissemination of news to all our citizens at a reasonable cost.

"Therefore, as a member of the Senate committee on banking and currency, I would appreciate it if you would forward me any information which might be brought to your attention concerning the matter so that we can determine whether congressional action might be advisable."

Rep. Klein (D-NY), chairman of a House Interstate Commerce subcommittee, said yesterday he was "much alarmed" at the possibility of a general increase in the cost of the paper on which newspapers are printed.

Klein said the result might be the elimination of some newspapers.

He said his subcommittee will meet in New York Nov. 1 to consider the situation.

Invites Princess to U.S.

NEW ORLEANS (INS)—A New Orleans radio station has offered Princess Margaret and Group Captain Peter Townsend an all-expense paid "honeymoon" trip to the Mardi Gras if they get married.

General Says Report Proves His Statement

NEW YORK (AP)—Gen. Douglas MacArthur said today the Pentagon report released yesterday "fully confirms that I was never consulted" concerning the Yalta conference.

MacArthur said:

"The issue involved at the origin of this controversy was not whether Russia should have been brought into the Pacific war — this should have clearly been done at the very beginning — but whether we should have made vital territorial concessions at the expense of Chinese sovereignty to induce Russia to come in at the end."

Step Up Hunt for Boys' Killer

Chicago Police Canvass Area Hoodlums, Homes for Clues to Murders

CHICAGO (AP)—Investigators pursued a wide variety of possibilities today but weren't saying whether they had any promising leads to the killers of three young boys.

Robert Peterson, 14; John Schuessler, 13; and his brother Anton, Jr., 11, were strangled Sunday night and their naked bodies dumped into a ditch in a wooded area just northwest of the city limits.

Police efforts to solve the crime included:

A scrutiny of teen-age gangs on the Northwest Side;

A search for two old, hot-rod-type automobiles reportedly seen near where the bodies were found Tuesday;

A thorough canvass, house to house in some blocks, of a belt on the Northwest Side from the victims' homes to where the bodies were found;

Laboratory examination of numerous articles found in or near the wooded area.

Authorities are considering at least two theories—the boys were killed either by one or more mentally unbalanced adults or by a gang of teen-agers.

Sheriff Joseph D. Lohman said last night he had assigned 37 men to the Northwest Side canvass and that their work "should either produce a quick solution to this case or narrow our path of investigation a great deal."

Three men were picked up yesterday and last night for questioning but police said all were cleared by lie detector tests.

Tennessee Hills Glisten for Yule Tree Auction

ROAN MOUNTAIN, Tenn. (AP)—The countryside looked like a Christmas card yesterday, as about 75 Christmas tree dealers did their shopping early.

The U. S. Forest Service auctioned 22,500 balsam trees to dealers for a total of $9,915. District ranger George Vitas, Brunsville, N.C., said the entire area was covered with about an inch of srow and ice.

Mrs. Hadnot Also Hadn't Two Edible Pork Chops

NEWHALL, Calif. (AP)—That fire reported by Mrs. George Hadnot was only a flash in the pan, firemen said. It consisted of two pork chops—very well done.

Their report read: "Mrs. Hadnot had not had a fire."

London Newspaper Warns Queen on 'Loss of Dignity'

LONDON (AP)—The strongly conservative Daily Telegraph warned today that the British royal family is suffering a "loss of dignity" by its failure to clarify the Princess Margaret-Peter Townsend mystery.

"This long drawn out business day after day must be highly irksome to the two persons most closely affected," said the Telegraph. "Does it not also involve a certain loss of dignity in a wider field? Is it not unfair to the royal family as a whole?

"The longer any element of mystery is allowed to linger in this affair, the more deplorable the publicity is likely to become."

Princess Margaret, Queen Elizabeth II, the Duke of Edinburgh and the Queen Mother were the dinner guests last night of the Archbishop of Canterbury and 50 other high ranking Church of England clergymen at Lambeth Palace, the archbishop's London residence.

Motorcade Here Friday Will Welcome New Pontiac Cars

Horses Win Out on Mackinac Isle

MRA Officials Agree to Remove Motor-Trucks From Work on Island

LANSING (AP)—A fight to keep motor-driven trucks off Mackinac Island has been settled—with Old Dobbin the winner.

* * *

The Mackinac Island State Park Commission said that moral rearmament (MRA) had agreed to drop its attempt to use trucks to haul gravel to an auditorium building project on the island.

Backed by a citizens' group, the Commission had obtained a temporary injunction from the Ingham County Circuit Court to prevent use of the trucks after a number had been imported to the island and hauled about 1,500 tons of gravel in five days and nights.

About 1,000 tons of gravel still are to be hauled, the Commission said, and MRA has agreed to use horse-drawn wagons to complete the job.

CHALLENGED AUTHORITY

Chairman James P. Dunnigan of West Branch said MRA also agreed that the Commission had authority over island roads.

The Commission went to court after the Mackinac Island city Council granted MRA permission to use trucks, challenging the commission's authority over the island roads. A final hearing on a permanent injunction had been scheduled for Oct. 28.

* * *

Traditionally, motor-driven vehicles have been forbidden in the island except for a police car, a fire truck and an ambulance, commissioners said.

MacArthur Papers Stir Controversy

(Continued From Page One)

thur told him the Russians had to strike in Manchuria to pin down the Japanese Kwantung army before American forces hit the Japanese home islands.

There was a touch of irony in the fact that the new MacArthur controversy came on the 11th anniversary of the general's greatest triumph. On Oct. 20, 1944, MacArthur made good on his promise to return to the Philippines. On that day his forces invaded Leyte.

REPORT LIMITED

And the Pentagon carefully explained that the report included only Defense Department documents which "do not contain the full story of the events leading to the entry of the Soviet Union into the war against Japan, since various aspects of this subject were handled by officials outside of the War and Navy Departments."

* * *

The papers carried a number of insights into the development of wartime strategy. Included were:

1. By November 1944, the Joint Chiefs of Staff were convinced Russia was not needed to defeat Japan, but did recognize Russia would try to get into the war to protect her own Far Eastern interests.

2. At the beginning of the war it was decided in Washington that Germany was the main enemy and that the Pacific Theater would get only enough men and supplies to hold Hawaii, Alaska, the Philippines, Singapore, Rangoon and Siberia. The security of Australia, New Zealand and India also were rated a "must."

3. Stalin vetoed a plan by which American officers would have inspected joint airfields in Soviet Siberia.

4. Stalin promised almost everything the U. S. wanted on China, including support of Chiang Kai-shek, Chinese rule of Manchuria and an "open door" for China.

Fatal Hospital Visit

CHARLES F. ROSE

Early Resident of County Dies

Charles Rose Service Will Be Saturday in Methodist Church

WALLED LAKE — Charles F. Rose, 80, a local resident since 1896, died Wednesday in the University Hospital at Ann Arbor of a coronary attack.

Mr. Rose was born in Unionville. For the past 30 years he was in the real estate and insurance business. He served as justice of the peace of Commerce Township and was the first judge of the recently incorporated city of Walled Lake.

The first brick business building at the corner of Main and Barnston built in 1901 is accredited to Mr. Rose. Here Mr. Rose started his first business as a hardware merchant.

Mr. Rose was active in community affairs, a member of the Chamber of Commerce, a Methodist Church member and one of the charter members of the Lakeside Lodge of IOOF.

Surviving Mr. Rose are his widow, Mabel; two daughters, Mrs. Paul McKibbin and Mrs. Roy Dewey; one son Cameron, all of Walled Lake; three grandchildren; and six great grandchildren.

* * *

Service will be held for Mr. Rose at 1:30 p.m. Saturday in the Walled Lake Methodist Church. Until that time the body will be at Richardson Bird Funeral Home. Burial will be in Oakland Hills Memorial Cemetery.

Finds Good Teeth in Fluoride Survey

GRAND RAPIDS (AP)—A government researcher, studying fluoridation effects on Central High School students, stated yesterday "We've never seen better teeth anywhere in the country."

A. L. Russell, D.D.S., chief of epidemiology and biometry branch of the National Institute for Dental Research, made the statement upon near completion of the second survey in two years at the school.

"We will come back each year for three more years," he said. "We are learning things about fluoridation that were not suspected when the program was begun 100 years ago."

Dr. Russell said Aurora, Ill. with natural fluoridation of its water supply, "in 1945 had a much lower ratio of tooth decay than Grand Rapids."

Now, the statistical curve of cavities found in teeth of children 12 and younger in Grand Rapids matches that of Aurora, he added.

Grand Rapids was the first city in the United States to add fluoride to its water supply in 1945.

Historical Foundation Elects New Officers

At the annual meeting of the Oakland County Historical Foundation Wednesday officers for the coming year were elected as follows: President, Mrs. Donald E. Adams; vice presidents, Ernest Huthwaite and John Linabury; secretary, Mrs. Allen Monroe; treasurer, Harry F. Going. New directors are: Miss Emma Howard, Mrs. Rose Stockwell and Mrs. Edward Wallace.

Pontiac Deaths

John A. Hamilton

John A. Hamilton, 74, of 451 Slocum Rd. died yesterday in Pontiac General Hospital. He had been ill nearly two months.

He was born in White Church, Ontario, Canada Oct. 31, 1880, the son of James and Mary Mitchell Hamilton. In 1901, he married the former May McAsh in Seaforth, Ontario.

Coming here from Decker in 1923, he had worked for the City of Pontiac at the Lake St. yards. After his retirement, Mr. Hamilton ran his own coal business.

Surviving besides his wife are three sons, H. Keith of Rochester, Kenneth M. and Morley A. Hamilton, both of Pontiac.

One sister, Mrs. Frances Walker of Snover, seven grandchildren, and six great-grandchildren, also survive.

Arrangements will be announced later by the Pursley Funeral Home.

Wallace David Luckadoo

Wallace David Luckadoo, one month old son of Olen and Mossie Luckadoo of 57 Burt St., died Tuesday in Pontiac General Hospital after an illness of three days.

Born in Pontiac, September 19, 1955, he is survived by his parents and three brothers; Olen H., Virgil W. and Wendell Luckadoo, all at home.

The body was taken to Middlesboro, Kentucky, today for service and burial in Fern Lake Cemetery on Saturday.

Mrs. Joe D. Southard

Mrs. Joe D. (Wilma Verline) Southard, 27, of 38 S. Edith St. died yesterday at Pontiac General Hospital after a two year illness.

Born in Sparta, Tenn. Jan. 21, 1928, she was the daughter of Verlie and Willie Jo Rogers Davis and married in Sparta July 2, 1948.

She attended Pontiac High School and was a member of the Free Methodist Church. Mrs. Southard came here from Akron, Ohio 14 years ago and had been employed by the General Motors Truck & Coach Division.

Surviving besies her husband are her parents and son, Ronald Dean, at home. Other survivors are two brothers, James and Roger, both of Pontiac.

Service will be at 11 a. m. from the Huntoon Funeral Home with the Rev. Lyal H. Howison, her pastor, officiating. The body will then be sent to the Hunter Funeral Home in Sparta for burial.

Mrs. Walter A. Strickland

Mrs. Walter A. (Louise) Strickland, 75, of 119 Judson St. died yesterday afternoon at Pontiac General Hospital after a brief illness.

She was born in Woten Under-Edge, England June 16, 1880, the daughter of Thomas L. and Emilie Tavender Farmilo.

Mrs. Strickland attended school in England. She was a member of Bemis-Olsen Amvet Auxiliary of Pontiac, the American Legion Auxiliary of Auburn Heights and had lived in Pontiac 50 years.

Surviving are her husband and six children, Mrs. Thelma Clement of Williams Lake Rd., Mrs. Wilma Stapleton of Scott Lake, Mrs Muriel Griffith of Hatchery Rd., Fay A. Butler of Oxford, Raymond W. and Charles E. Butler, both of Pontiac.

Three sisters and three brothers, Mrs. Albert Smith of Ortonville, Mrs. Fred Garner and Edward Farmilo both of Windsor, Ont., Mrs. Winfred Garling, Jack and Joe Farmilo, all of Pontiac, also survive.

The funeral will be held at 1:30 p.m. Saturday from the Farmer-Snover Funeral Home. Burial will be in White Chapel Memorial Cemetery.

Albert Williams

Albert Williams, 63, of 4001 W. Walton Blvd. died in Pontiac General Hospital last night after a two month illness.

Born in Buffalo, N.Y. Nov. 27, 1892, he was the son of Albert and Lydia Williams. He was married to Mae Conner in Detroit in 1925.

Mr. Williams, a welder at Pontiac Motor Division had lived in Pontiac 26 years, coming here from Port Huron. He was a member of the Methodist Church, past master of Cedar Lodge F & AM Clarkston, and served in the U.S. Army during World War I.

Besides his wife, he is survived by three children, Claude of Waterford, Rosilla and Alberta, both at home and two grandchildren.

Intensive TB Casefinding Planned for Area Counties

Pontiac and Oakland County will have a share in an intensive TB casefinding program throughout Southeast Michigan, A.R. Musson, executive secretary of the Oakland County Tuberculosis Association, said today.

X-ray operations already are under way in Detroit, but mobile units are not expected to begin offering free chest X-rays in Oakland County until sometime in March, Musson said.

The program, which will utilize all available state and local facilities, will also involve tuberculin testing and contact tracing.

The six counties included in the program—Oakland, Macomb, Monroe, Wayne, Washtenaw and St. Clair—had three of every four new cases of tuberculosis in Michigan last year. Of the 4,403 cases reported in this area, 380 were in Oakland County, according to John S. Lambie, health coordinator.

Lambie said four state health department mobile units will supplement Oakland County's two X-ray units.

Mobile X-ray surveys have been conducted in Oakland County for the past 12 years, according to Musson.

Michigan led the nation in spearheading the program to wipe out TB. Much progress has been made, Musson indicated, but it is still estimated that there are nearly as many unknown cases as those that have been discovered, and the problem of contagion remains acute.

The Day in Birmingham

City Ready to Celebrate for United Nations Week

BIRMINGHAM—Final plans for the city's participation in national celebration of United Nations Week have been announced by Mayor Charles Renfrew's committee, headed by Mrs. Eleanor W. Gafill, as have the poster and essay contest winners.

To commemorate the tenth anniversary of the U.N., Boy and Girl Scouts will march from Chester and Maple avenues to the Municipal Building at 3 p.m. Saturday, where a U.N. flag will be dedicated by Renfrew. Several Scouts will talk and Renfrew will award a prize for the best placard used in the parade.

Following this, the parade will train its way to Shain park for a tree-planting ceremony complete with an appropriate bronze plaque, contributed by the local Women's National Farm and Garden Assn.

Winner of a $25 defense bond for her essay on "The Most Significant Contribution of the United Nations During its First Ten Years," was Katherine Ann Garrett, Birmingham High School student. Honorable mention went to Roger Bell.

POSTER WINNERS

In the high school poster contest, first, second, third and fourth prizes were awarded to Claire DeNador, Barbara Parker, Cathie Crouch and Judy Oliver respectively. Les Danielson received honorable mention.

Louis DiCicco was first among junior high school students with Barbara Monroe taking honorable mention. All first prizes were $25 war bonds donated by local service clubs.

They provided cash awards to all other winners except the second money prize in the senior high poster contest, given by Birmingham Women Painters. Bloomfield Theater contributed theater tickets as honorable mention prizes. Winning posters are now on display in local stores.

* * *

In keeping with next week's celebration of the United Nations' tenth anniversary, the Rev. Robert Richards will speak on "This Beloved Land" when he addresses members of the Business Women's Club tonight.

They will also be marking the club's 32nd anniversary with a 6:45 p.m. dinner at the Community House. The Rev. Mr. Richards is pastor of Newburg Methodist Church in Livonia and has lectured in many states. Before entering the ministry he was baritone soloist at the First Methodist Church here.

* * *

Personal contributions by local homemakers locally accounts for the bulk of the necessary quota, Lorene Babcock, Detroit businesswoman, told the over 400 Birmingham, Bloomfield and Franklin residential volunteer campaigners at a luncheon preceding Tuesday's opening of the Detroit Torch Drive.

She said nearly one out of every ten women in the area is contributing some of her time to the 1955 campaign. Irving B. Babcock, general chairman, reminded workers that the $200,485 quota must be reached by Nov. 10, closing day of the drive.

* * *

The spotlight will be on the Gaylords, Frankie Castro and Gloria Hart, celebrities sparking tomorrow's presentation of "Chuck and Jack's Platter Party," weekly teenager show at the Birmingham Theater. Doors will open to the younger set at 5:30, with the hour-long personal appearance show starting at 6.

An applause meter proved localites Beverly Fetting and Frank Tatomir winners of the weekly dance contest at the last session. They carried away a trophy and record album and were awarded three free dancing lessons.

Sylvan Rejects Ballot Request

Won't Put Amendment on November 8 Ballot as Petitioners Sought

By a 3 to 1 vote, the Sylvan Lake City Council last night refused to place a proposed zoning ordinance amendment on the Nov. 8 ballot.

A public vote on the amendment was asked in petitions signed by 242 residents.

The council rejected the proposal after City Attorney John L. Estes said the action, in his opinion, would not be valid.

Although Councilman Frank E. Baldwin agreed with the three other councilmen attending that the ordinance could not be legally adopted by a public vote, he voted in favor of putting the question up on an advisory ballot.

Samuel G. Warwick, owner of property on Orchard Lake road, circulated the petitions after the council last month turned down a request to change the zoning ordinance to permit coistruction of a lumberyard on the land.

In other business, City Manager Ernest L. Ethier reported that contractors hope to be pumping water through the city's lines for test purposes next week.

Judge Denies Plea for Dwelling Permit

Oakland County Circuit Judge H. Russel Holland yesterday denied a contention that Pontiac should be ordered to issue a permit allowing renovation of a garage for use as a dwelling unit.

Dr. Joseph Nosanchak, of 197 Cherokee Rd., had brought the suit claiming the city improperly refused to issue the permit to install plumbing and other facilities in the building owned by him at 518 Orchard Lake Ave.

Pontiac held the doctor had no right to the permit because the building could not qualify as a legal dwelling under the state housing law, according to City Attorney William A. Ewart.

Strike Entering 4th Day at Westinghouse Plants

PITTSBURGH (AP)— A strike of 44,000 workers against Westinghouse Electric Corp. idled 30 plants for the fourth day today, while negotiators renewed settlement efforts.

The CIO International Union of Electrical Workers called the walkout Sunday to back up demands for a 15-cent hourly wage boost, a one-year contract and limitations on company time studies.

Irish TV Boosted by Better Reception

BELFAST—Television has got a great boost in Eire since the opening of Northern Ireland's new TV transmitter on 1,200-foot-high Mt. Divis. It has revolutionized the reception of programs in all the 26 counties of Ireland, although intended only for the Ulster area.

Eire's Minister for Posts and Telegraphs, Michael Keyes, had just declared that the cost of television to smaller countries was "a nightmare" and predicted it would be years before the Irish Republic had it, when the Mount Divis station opened.

Now it is believed public opinion may force Eire to follow Ulster's example.

Top '55 GM Auto Output Seen in West Germany

WIESBADEN, Germany — Germany's automobile industry will produce a record number of approximately 820,000 passenger cars and trucks this year for its booming domestic and export markets, Harlow H. Curtice, president of General Motors, has reported.

Curtice, here to review progress of General Motors' $200,000,000 European expansion program, said that Germany's 1955 automobile output will be 20 per cent greater than 1954.

General Motors' huge Opel plant at Russelheim-am-Main also will produce a record number of 187,000 passenger cars, trucks and vans during 1955. The GM president said demand for Opel's popular Olympia and Kapitan models is far greater than the company's existing production capacity.

Curtice complimented Western Germany on its "remarkable economic recovery," which he attributed "in a large measure to the constructive and courageous free enterprise policies of the Bonn government."

"The tremendous resurgence in Germany's productive vitality since the war has contributed to a substantial increase in the standard of living of the German people," Curtice said. "At the same time German industry has made tremendous strides in the export markets. The sound economic policies of the Bonn government should enhance the nation's growth and prosperity."

Curtice said he was "highly gratified" with progress of GM's $72,000,000 expansion program for Opel, which is part of the corporation's overall European expansion.

The Opel program, he said, already is more than half completed and should be completed by "late summer next year." The program will enable Opel to increase its productive capacity to 250,000 cars, trucks and vans annually.

Mr. Curtice said General Motors already has expended approximately $100,000,000 on rehabilitation and expansion projects at Opel since resumption of control in November, 1948. The GM chief said Opel employment also has reached a new high of more than 25,000 employes.

Home Pantry in Subs

WASHINGTON (INS)—The pantry in an atomic submarine is much like that in the average American home—it couldn't get along without cans. Approximately 65 per cent of all food on the two atomic submarines, the Nautulus and the Seawolf, will be canned, according to the Navy. The same holds true for all conventional submarines.

There are more than 70,000 Navajo Indians, compared to 7,000 in 1867, says the National Geographic Society.

First newspaper published in Oakland County was the Oakland Chronicle, started in 1830, which was moved shortly to Detroit, later to become known as the Detroit Free Press reports the Oakland County Planning Commission.

Finding Rio Cabbies Requires Fine Skill

RIO DE JANEIRO—Rio de Janeiro has lots of taxis but getting a ride in one is an event, visitors to Brazil complain.

Cabs rush through the streets to some secret, urgent destination but rarely with a passenger aboard.

The driver is crouched over the wheel, his eyes averted. Try to signal him and he acts as if you were a policeman with a warrant.

The cab vanishes around the nearest corner with a screech of tires. On those rare occasions when you catch a driver unawares and get into the taxi, it lurches forward to your destination. Even at the last moment the driver does not relax his caution.

He reeaches backward with his hand for the fare, taking care not to turn his head. Once you are out, he's away. And when it rains cabs vanish from the streets.

Proposed Texas Split!

LOS ANGELES (INS)—The University of California has obtained one of the six known copies of the Constitution for the once-proposed State of West Texas. Historians say the never-enacted Constitution was probably drawn up in the late 1860s by West Texans who wanted to secede from the rest of the Lone Star State.

There are 570 television stations in the world, located in 38 countries.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

THURSDAY, OCTOBER 20, 1955

D'Ewart's Appointment Draws Quick Criticism

Initial reaction indicates probable Senate opposition to the appointment of WESLEY D'EWART to be Assistant Secretary of the Interior for public land management.

This recess appointment was one of four matters SHERMAN ADAMS took to Denver for Presidential approval on his October 5 visit.

Basis of the criticism goes back to Mr. D'EWART'S activities as a former Republican Representative from Montana. In 1953 he sponsored the so called D'Ewart Bill which this and many other newspapers opposed.

★ ★ ★

The bill would have given stock growers vested rights in their permits to graze cattle on national forest lands. In effect, the grazing lands would have become theirs in perpetuity for a very small fee and without taxes. Worse, they could have been sold with the home ranch or handed down to descendants.

Mr. D'EWART also was floor manager of a bill which would have permitted private timber operators to carry their logging operations into public lands.

★ ★ ★

Happily the D'Ewart bill was defeated by the Republican controlled 83rd Congress and Rep. D'Ewart failed in his effort to win a Senate seat. The choice of a man with such a record to manage public lands strikes us as a serious mistake.

It is certain to be attacked by conservationists of both parties. The Senate should refuse to confirm this recess appointment in January.

Labor Party Weakened by British Prosperity

The British Labor Party's recent conference at Margate left no doubt about the gloomy outlook for Socialism in the United Kingdom.

This is the tone of British opinion gathered by *U. S. News & World Report*. Not only were such leftist leaders as ANEURIN BEVAN slapped down but it was made clear that the party would have to find new issues if it hopes to revive its vote getting power.

★ ★ ★

For example, the London *Economist* warned that nationalization and some of the other brave cries of yesteryear no longer are popular. One Laborite put the situation in a nutshell. Saying that the Labor Party always had fought the battles of the depressed, he blamed its troubles on the fact that "the depressed now are as scarce as hen's teeth."

A Labor MP, HUGH DELARGY, told his colleagues that it was "no good howling about hunger marches and dole queues when no one under the age of 30 has been unemployed." Actually, at present there are about 500,000 industrial jobs in Britain going begging.

★ ★ ★

In the opinion of the Manchester Guardian, the Labor Party . . . "will have to realize that a party that represents the underdog and no one else can no longer hope for a majority. There are not enough underdogs."

The plight of the Laborites is emphasized by voting figures. This year, for the first time in a decade, more people voted Conservative than Labor.

"WE SHALL never have another war, because in this atomic age only stupidity could start a war," says a columnist who must be somewhat stupid himself not to realize that all wars have been caused by stupidity.

Iran in Five Nation Pact

Politically speaking the Middle East has a new look along its northern tier of states.

This has come about because of Iran's wise decision to join the Anglo-Turk-Iraq-Pakistan alliance. First suggested by Secretary DULLES in 1953, the alliance, with Iran plugging the one gap, permits defense planning from the Mediterranean to the Bay of Bengal.

★ ★ ★

Iran deserves credit for thus helping to protect the Middle East's rich oil resources because it entered the alliance over the objections of Soviet Russia. The moment the decision was announced at Tehran, the Kremlin lodged a formal protest. This, of course, must be viewed in the light of Russia's well known oil and seaport ambitions in this region.

★ ★ ★

What Russia is denouncing actually is a purely defensive alliance. Even if it were not, the five powers couldn't muster enough military strength to threaten the U.S.S.R. Nonetheless there is cause for concern because Moscow has invoked the Russo-Iranian treaty of 1921. Under it Russia could invade Iran if it were menaced from that country.

The alliance not only isn't directed against Russia, but in no sense does it menace the Soviet Union. Instead, observers agree it should help stabilize peace in that troubled area.

The Man About Town

A Pioneer Is Gone

Grand Old Tree Is Removed in Road Improvement Work

Mother: A person who may arrange a match for her daughter—and then wants to referee it.

An Oakland County landmark, at least 250 years old, has fallen to the march of progress. It is the majestic elm tree whose branches overhung all four lanes of the Dixie Highway in Springfield Township. For more than a century it has been the admiration of the countless thousands who passed under it. No other tree in our county had a greater wing-spread over a national highway. It was a substantial sapling when Chief Pontiac ruled its area in the eighteenth century. The Saginaw Indian trail passed under it. The stage coaches rumbled through the two sand ruts that it shaded. When the primeval forest was cleared for farming land it was so large and beautiful that it was spared, the only tree in a large area. It long has shaded a picnic table. Selected a few years ago as our county's most outstanding tree, it was pictured in the Pontiac Press in almost a page-wide spread. This week it was removed in the roadside tree-clearing program now under way. Thus goes a landmark that never had stood in anybody's way, and never dispensed anything but joy.

Hardly anything is more susceptible to frost than tomato plants. After keeping tab on the thing for over 30 years,

James Schroederman

of Drayton Plains says this is the first autumn in that length of time that his tomato plants have not been frozen before Oct. 15.

Thanks for the letter received from

Mrs. Herman Christopher

of Metamora, who says her children would rather work out the feature

"Junior Editors,"

regularly appearing in the Pontiac Press than watch television.

Gladioli five feet tall and still blooming on Oct. 18 are reported by

Mr. and Mrs. Aubrey Harris

of Keego Harbor. Some of the stalks have over three dozen blossoms and buds.

Blooming since July, the dahlias of

Mrs. Bernice Barrigan

of Auburn Heights are still spreading glory. Some of them measure over 12 inches across. She has 23 varieties, in colors that defy the rainbow.

A letter just received from

Andy Spellman

of Marlette says the pheasants are more numerous there than ever before, but warns hunters of the consequences if they do not show some care and courtesy, abiding by the good sportsman's plan to

"Ask the Farmer First."

Sending a card from Mexico City,

Blair Matthewson

says he escaped the Tampico disaster by only a few days, and might have been in it had he been able to secure hotel reservations there.

Verbal Orchids to—

Mrs. Minnie Johnson

of 19 Clark St.; eighty-sixth birthday.

Mr. and Mrs. Carl Kemf

of Imlay City; golden wedding.

David Lawrence Says:

No One at Yalta Conference Was Aware That Atom Bomb Would Defeat Japan

WASHINGTON — After wading through 40,000 words of official documents issued by the Department of Defense from the records of messages, reports and recommendations apropos of Soviet entry into the war, the reader will find one important fact omitted. It is that nobody knew at the time of the Yalta conference on Feb. 10, 1945, or for a long while thereafter, that an atom bomb was going to defeat Japan in August of that year.

But the big question that led to the publication of the documents this week by the Pentagon revolves around a political dispute. Democrats have contended that the surrenders made at Yalta and the concessions to Russia were a price that had to be paid to get the Soviets into the war. Republicans have contended, on the other hand, that no such price had to be paid.

Many people on the sidelines, forgetting that at Yalta nobody knew about the atom bomb, have known only that Russia entered the war just a few days before the bomb was dropped. Naturally it was wondered whether America, realizing that she had this nuclear weapon, should have felt compelled to let Russia get so many concessions.

A-BOMB TESTED

The fact is that the big test of the atom bomb in New Mexico occurred July 16, 1945 — several months after the Yalta conference. Hence, it was not possible to revise the position which the American government had taken at the Yalta conference.

* * *

The records just made public leave open the question of why the Allies had to sell out Poland and make other concessions in Europe if the self-interest of the Soviets was so obvious—that they couldn't stay out of the war and let the United States and the Allies gain a dominance in the Far East. Since it was so important to Russia to be in on the kill against Japan, why were concessions made at Yalta?

The documents stress the fact that the military men in America thought it desirable to have Russia in the war. But the U.S. Joint Chiefs of Staff were not unanimous. Thus Adm. King, chief of naval operations, is referred to as follows in a document revealed this week, dated June 18, 1945:

"Adm. King said he wished to emphasize the point that, regardless of the desirability of the Russians entering the war, they were not indispensable and he did not think we should go so far as to beg them to come in. While the cost of defeating Japan would be greater, there was no question in his mind but that we could handle it alone. He thought that the realization of this fact should greatly strengthen the President's hand in the forthcoming conference."

TRUMAN AWARE

The "conference" referred to was held at Potsdam that month. President Truman knew about the atomic developments and the story of what the atom bomb probably could do in war. He had an opportunity, of course, to decide to revise the Yalta concessions if he wished to do so, but every effort was made at Potsdam to urge Stalin to get into the war. He promised to do so.

Gen. MacArthur's part in the whole affair appears to be incidental. When he denied last March that his views were not solicited before the Yalta conference, he was telling the truth. The records bear him out.

There are two sections in the newly released report which mention the general. One concerns a conversation held with Col. Paul Freeman, who represented the U.S. Joint Chiefs and talked to MacArthur three days after Yalta but before either MacArthur or Freeman knew what had happened at the Yalta conference.

* * *

Likewise, Gen. George A. Lincoln, who did bring the news about Yalta to MacArthur on Feb. 25, 1945, reported that the general discussed possible invasion of Japan, with Russia assumed to be a future participant. But that was after the political decisions had been made at Yalta and any discussions concerning possible aims or claims to territory that might be made by Russia in the Far East were irrelevant. It was then MacArthur's job to exploit the decision as an accomplished fact and get as favorable a program of Russian assistance as was possible for the benefit of his own operations.

Plain Soap Cleans Teeth as Well as Any Dentifrice

By WILLIAM BRADY, M.D.

At least a hundred million Americans have now proved, by dint of daily brushing with glorified soap, sweetened and flavored, that a clean tooth decays, notwithstanding the slogan invented by a dentrifice vendor and parroted by dentists of yesteryear.

I say "dentists of yesteryear" parroted the sales slogan that "a clean tooth never decays." I'm afraid most dentists still harbor some such nineteenth century notion about preservation of the teeth. At any rate they still approve the teaching that from one to three or four daily brushings are necessary to prevent decay of the teeth. Hence the silly "oral hygiene" imposed on American children in school.

Now, listen, cheap skates (I'll explain this one presently). I'm telling you how to save all the money you squander on trick dentrifices and (ugh, repulsive thought!) tooth brushes—if a character who never brushes his teeth can tell Yankee Wiseacres (I've explained this one repeatedly) anything.

I maintain that washing the mouth (and teeth) with plain soap and water, plain water, boric acid solution, alkaline antiseptic solution, peroxide solution or whatever detergent you prefer, cleanses the mouth and teeth as thoroughly as tooth brushing possibly can. I'm always ready to put this to the test by submitting to an inspection of my mouth and teeth by a competent dentist in comparison with the state of the mouth and teeth of any number of Americans of my age.

MONEY WASTED

If it were only the sinful waste of money and time on this idiotic tooth-brushing rite, I wouldn't be bothered about it. If the children didn't spend their pennies on pretty goo and fancy brushes they'd probably spend the money for something worse.

What keeps me always in this black mood—I do become almost amicable on the bowling green—is the realization that the dentists of America are largely to blame for the shameful prevalence of tooth decay in Yankeeland. By approving and even recommending tooth brushing to preserve the teeth the dentists encourage millions of people to neglect proper care of their teeth. By proper care I mean, of course, regular inspection of the teeth by a dentist and whatever treatment may be necessary to prevent loss of teeth.

As long as the poor souls cherish the childish notion that they can stave off such trouble by everlasting brushing with the latest detergent containing the most powerful germicide, they are not likely to spend time or money for dental care—not until disease or pain obliges them to visit the dentist.

You see, knuckleheads, I'm a health expert—at least I think I ought to be by now—and I am convinced that health begins in the mouth. That is to say, good digestion, good nutrition, vite, functional efficiency, happiness, good looks and longevity, in my opinion depend primarily upon the condition of the teeth.

* * *

By the way—if tooth brushing is as necessary as some old fogy dentists still seem to consider it, why do dentists ask the patient in the chair merely to swish water or other liquid in the mouth? Maybe even the old fogies realize that tooth brushing isn't a cleanly practice.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

(Copyright 1955)

Case Records of a Psychologist:

Children Require Muscular Activity to Release Pent-Up Nervous Energy

Susie's chewing of her nails is simply a safety valve for letting off pent-up inner tension. Children resemble steam locomotives. If they aren't expending their "steam" by running and romping, then it must explode via safety valves like fingernail biting, fidgeting, etc.

By DR. GEORGE W. CRANE

Case P-370: Susie Q., aged 9, is a brilliant youngster.

"But she chews her fingernails to the quick," her mother protested.

"I've scolded Susie and tried to bribe her with rewards for nice fingernails.

* * *

"And sometimes she does all right for a few days. But just when her nails are beginning to grow again, she forgets and chews them down till they actually bleed.

"Dr. Crane, I'm at my wit's end. What else can a mother do?"

NERVOUS TENSION

Chewing one's fingernails is a nervous outlet for pent-up energy similar to what Susie's father does when he vents his tension via his chain smoking.

Other children chew gum incessantly. Or pull their own hair until they actually have bald spots.

Some pick at their hangnails or fidget on their seats in school and finally pull the hair of little girls who sit in front of them.

Space limitations will not permit me to list the additional evidences of nervous tension that cry for expression in muscular action.

Children have an extra abundance of energy so they are doubly in need of outlets. That's one reason why we have recess periods in school.

That's also why they like to romp and run and climb trees and do things that involve much action. For muscular activity drains off pent-up nervous energy.

And that pent-up energy makes one very uncomfortable, even to the point of feeling as if he will "blow his top," as the soldiers described it in World War II.

MOTHERS NEED HORSE SENSE

A good parent needs to use "horse sense" or old-fashioned gumption in dealing with children.

For example, which will make a child chew its fingernails more

vigorously—to sit in front of TV watching thrilling detective movies, or to run outdoors in athletic games?

Obviously, the sedentary TV situation will generate more tension and yet not permit it to be vented in running, so the child tries to compromise by vigorously chewing.

* * *

That permits the small muscles of the jaw to function and partially drain off energy.

But the leg muscles drain off the most energy, for they carry the full weight of the child when she is running or riding a bicycle or playing tennis or basketball.

So one of the primary steps in stopping fingernail biting is to help the children vent their surplus energy via other less objectionable outlets.

Give them chewing gum, for if they can chew on gum, they will not need to bite their fingernails.

OUTDOOR OUTLETS

In this modern age of city apartment living and TV, our children are growing more neurotic, for they lack the outdoor leg action that kids obtained a generation ago.

So encourage your children to become active in Scouting or the Camp Fire Girls. Urge them to join the YMCA or CYO and hiking, dancing or swimming clubs.

Stimulate competitive athletic events between Sunday school classes, as softball, basketball, ping pong and shuffleboard.

* * *

If you have an "only" child, give it a puppy to serve as a substitute sibling and help drain off energy via mutual play.

And explain these facts to your child so she can cooperate understandingly.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Voice of the People

'Bible's Wonder Shown by Fulfilled Prophecies'

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

October 12 was Columbus Day. If, in that dark age, infidel kings and rulers had not made being a Christian and possession of the Bible so hazardous Columbus and his crews would have had no reason for any fears about falling off the edge of the world. That was the reason for his voyage—to prove that the world wasn't flat.

In Isaiah 40:22 (700 B. C.) it says, "It is He (God) who sitteth on the circle of the earth." The first man scientist to discover this was Copernicus in 1475 A. D. About the same time, Copernicus also discovered that the earth just hangs about in space. Read Job 26:7 (1500 B. C.), "The Lord hangeth the earth upon nothing." Just a difference of 2975 years apart. Truly the Bible is a wonderful Book.

Then in 1615 A. D., a William Harvey made one of the greatest scientific discoveries for the medical profession, that life is in the blood. Read Lev. 17:14 (1400 B. C.), "For the life of all flesh is in the blood." Some doctors were still bleeding patients at the turn of the century. It looks as though the study of the Bible would have paid off even for the medical profession years ago.

There are people today who think the Bible is old-fashioned and out of date. It looks like the shoe is on the wrong foot. It looks like man has been about 3000 or more years behind the Bible and is just catching up.

A Believer

Hal Boyle Says:

Sprouting Tooth After 40 —That's His Big Ambition

NEW YORK (AP)—How would you like to grow a new front tooth?

This is one of my biggest ambitions. It makes no sense offhand, I know.

My friends ask me, "Now, why should a grown man over 40 want to grow a new front tooth? What would you do with it?"

I know what I'd do with it. I'd put a 10-carat diamond in the center of it. And when strangers came up and asked me, "Man, where did you get a diamond like that?" I'd reply:

"Never mind the diamond. You can get diamonds bigger than that wholesale. Let me tell you about the tooth."

* * *

And don't think they wouldn't be interested in hearing about it. Many people go through their whole lives without ever getting a chance to have a heart-to-heart talk with a man who grew a new tooth after 40.

Maybe you yourself are one of those who haven't had this privilege.

Well, supposing I grew this tooth, and you attended some snappy social soiree, and you saw me standing there, smiling my happy 10-carat grin.

And supposing you whispered to someone, "Who's the dolt over there who looks like he swallowed a headlight?", and supposing you heard in whispered reply: "You mean you haven't heard of him! Why he's the fellow who grew a front tooth after 40!"

Your social aplomb would vanish, your eclat would be shattered in an instant. Don't tell me you would stand there sneering and making cutting remarks such as, "Some people will do anything to gain attention. Pray, why didn't he sprout a tail and become a real sensation?"

* * *

No, sirree, you might think those things — but you wouldn't say them out loud. Who are you to stand alone against the crowd?

Just like all the others, you'd grab the first possible opportunity to be introduced to me. Then, in the very next breath — in violation of all Emily Post's etiquette edicts — you'd blurt out:

"Is it really true you grew that handsome new front tooth after 40? Please tell me how? Did you go on a special diet? Did you first put an old tooth under your pillow at night. Does sleeping on your face help"

And believe me, madam — I am assuming you are a lady, but if you were a man it would make no difference — you would get no information from me.

I would merely assume that patronizing smile which them-that-has wear, and say:

"The only way I know to grow a front tooth after 40 is by the exercise of iron determination. To only a few of us is given that kind of willpower, and — begging your pardon, ma'am, — I'm afraid you were short-changed. The best I can do for you is recommend a good dentist."

* * *

You might think me a cad for having this attitude. But I don't mind — any more than I mind now the opinion of people who jeer at my tooth-raising dream.

People like you simply haven't thought the problem through. And the problem is this: Middle-aged people run out of new things to talk about and new ways to impress others.

The simplest way I know of for a middle-aged persons to solve this problem — to get himself looked up to and listened to — is to grow a new front tooth. Now isn't that really true?

The reason why, if he does sprout the tooth, he can't share his secret is selfish but equally simple. If everybody over 40 suddenly began to erupt with a new tooth, it would be a 9-day wonder, and by the 10th day there I'd be — just another middle-aged nonenity again.

Portraits

By JAMES J. METCALFE

In song and rhyme we sigh and wish . . . Our dreams will all come true . . . The rosy path, the rainbow bright . . . And skies forever blue . . . But some things that I dream about . . . I hope will never be . . . And they are those in nightmares long . . . That chill and frighten me . . . Of course I mean those nightmares strange . . . When I have gone to bed . . . And when my mind cannot control . . . The thoughts that fill my head . . . Our daydreams we design ourselves . . . And mine are always bright . . . But who can shape or order up . . . The ones that come at night? . . . Which goes to show that there are times . . . In everybody's view . . . When it might be unpleasant to . . . Have every dream come true.

Club Will Paint Views of Old-Time Saugatuck

SAUGATUCK (AP)—As a contribution to this Lake Michigan village's 125th anniversary, the Saugatuck-Douglas Art Club is painting 19th Century scenes on a 10 by 40 foot awning that once was a sunshade on one of the older resort hotels.

The painted panorama will show the Saugatuck area as it was in the 1800s and will become a permanent part of the lower room of the 74-year-old Village Hall. All the 30 artists are amateurs from Saugatuck and adjoining Douglas.

Wax Museum Adds Recent Murderess

LONDON—Within 33 hours after the execution of Ruth Ellis for the murder of her lover, a wax effigy of her was on view in a Blackpool, England, chamber of horrors. And despite a storm of protest from townspeople and the clergy, 4,000 people with children poured into the waxworks.

The effigy showed the girl, whose trial had stirred Britain and the Continent, in a low-cut black evening gown with a tulle stole. Nearby stood an effigy of Mrs. Louisa Merrifield who was executed two years ago.

Civic leaders scored the display but the law could do nothing. Meanwhile the execution had started a new campaign for abolition of capital punishment.

Two Boats Rush to Aid of Long-Abandoned Craft

NORFOLK, Va. (AP) — A Navy plane reported a 60-foot vessel swamped near Fisherman's Island. Three minutes later a Coast Guard patrol boat was underway to render assistance. Within five minutes a buoy tender was off to help. The Navy sent a helicopter.

Then came the embarrassing report: The "swamped" vessel long abandoned boat.

The buoy tender removed it as was only the barnacled hull of a a menace to navigation.

Fabulous '56 Pontiac

INTRODUCING A BIG AND VITAL GENERAL MOTORS "AUTOMOTIVE FIRST"!

A New Strato-Flight Hydra-Matic—coupled with Pontiac's 227-H.P. Strato-Streak V-8—results in performance so new and dramatic it must be experienced to be believed!

With all that's newest in glamour—*and all that's greatest in* "go"—the fabulous '56 Pontiac now awaits your hands on the wheel.

And when you drive it, you will get the biggest thrill in all your motoring experience . . . because this car is *really* loaded!

The big and vital General Motors "First", which heads its long list of look-ahead features, unites the two most advanced high-performance developments in the industry . . .

1. *An all-new, big-bore Strato-Streak V-8 that puts 227 blazing horsepower at your toe-tip.*

2. *A completely new Strato-Flight Hydra-Matic* that delivers this terrific "go" with a smooth surge of power at any speed.*

You now sweep swiftly from take-off to top performance with the silent ease of a sailplane.

You slow down for traffic, speed up for passing, or gun for a high hill with the changing pressure of your toe on the accelerator the only sign of effort.

You may have had it smooth before—but never like this! Here's action so different it literally must be experienced to be believed.

That's plenty—but there's much more news to make this a date that you'll long remember.

There's smart, new beauty and luxury for America's most distinctive car . . . the safety of big brakes . . . the security of a smooth new ride and sure-footed cornering.

There are many, many other things which mark this beauty as the glamorous pattern for tomorrow's cars. But come in and see for yourself. Take a long look at the six luxurious new Four-door and Two-door Catalina hardtops. Sample, in a thrilling ride, the fabulous results of the great new General Motors "First".

Sure as you enjoy thrilling action, here's your next car!

*Optional at extra cost.

Coward Rehearses for Spontaneous Show

By PHYLLIS BATTELLE

NEW YORK (INS)—Mr. Noel Coward, the blithe Britisher who wrote "I'll See You Again," returns to America every now and again to prove that he was honest. On this trip, he faces the greatest audience of his life: The parlor TV critics.

* * *

"I'm not concerned about that, reahlly," said Coward, in his delightful clipped basso. "The American public has always been so tolerant of me, and as long as I don't gallop—I've asked the technicians to remind me not to gallop—it will come off all right.

"Anyway, I think it was time I had a bash at it!"

Coward's debut on TV (he's never attempted it anywhere, "even at home") takes place this Saturday night in an hour and a half spectacular with Mary Martin. It will feature, he says, "all sorts and kinds of carrying-ons," and will be titled "Together With Music."

The debonair, if sparse-haired, legend of British show business has been rehearsing with Miss Martin for the past six weeks in his isolated Jamaica, B. W. I., estate for his performance, which he wrote and is producing himself.

They worked so hard, he grinned, because the show is "spontaneous." The best kind of spontaneity comes "after many, many weeks of rehearsal."

HIT IN LAS VEGAS

Which reminded him that he has appeared in the U. S. only twice since the mid-1930s when he was the matinee idol of Broadway and the hoitier-toitier supper clubs.

* * *

The most recent was this year in Las Vegas, where the gamblers thought Coward the greatest thing since, possibly, the straight flush.

The other occasion was in 1947 when he dropped in on his late friend and beloved performing-partner Gertrude Lawrence, who was appearing in San Francisco in his play, "Tonight at 8:30."

He picked a night when Gertie's leading man fell ill. "So I popped in and played the part," he says, "trying to remember vaguely what the show was about." This, he claims, is spontaneity the tough way.

* * *

Coward began his life with music nearly half-century ago when, as a child, he went to church. "I was unimpressed by everything except the music, to which I danced immediately in the aisle." Upon being hoisted into a pew, he "fell into such an ungovernable rage that I had to be taken home."

WRITES, COMPOSES

Since that momentous day, both for Coward and the church, he has starred in numberless musicals and dramas, written six books, authored 45 dramas including "Private Lives," "Blithe Spirit" and "Cavalcade," and composed 80 songs. Among them, "I'll Follow My Secret Heart," "Mad About the Boy," "Some Day I'll Find You" and Winston Churchill's favorite, "Mad Dogs and Englishmen."

LOVELL KESLER

Lovell Kesler, 16, of 476 E. Glass Rd., Ortonville, has been recently honored for outstanding service to patrons along his route as a Pontiac Press Carrier. The son of Mr. and Mrs. H. L. Kesler, Lovell is a junior in the Brandon Township High School. He owns two boats and motors and his hobbies include fishing and motor boat racing. His ambition is to become a mechanical engineer but he is undecided as to what college to attend.

Oil Wealth Aids Islam Shrine

Donations From Rich Producing Nations Aid Restoring Beauty

WASHINGTON — Modern oil wealth soon will help rejuvenate one of Islam's oldest and holiest of shrines, the Dome of the Rock in the Jordan-held section of Jerusalem.

* * *

Through the ages this impressive example of Arab architecture has been restored and enhanced time and again, says the National Geographic Society. Today's plans seek first to make the structure sound and weatherproof in the face of weakening by wind, rain, and shellfire damage of the 1948 Arab-Israeli war. Later will come delicate repair of the famous tiles, mosaics, and other decorations.

Nearly half a million dollars, a third of the estimated sum needed, has been collected for the work. Prosperous, oil-producing nations of the Middle East provided most of the donations.

The Dome of the Rock is a large octagonal building enclosing a rock formation and crowned by a massive dome. The outside walls are pale marble in the lower portions, with thousands of multi-colored porcelain tiles above, and a mosaic frieze of quotations from the Koran interlaced in flowing arabesque design.

Inside, the irregular rock mass that forms the building's centerpiece rises behind a wooden railing framed by encircling columns and arches.

COMPLETED IN 691

The Moslem shrine was built after the Arab conquest of Palestine in the first half of the 7th century. Completed in A.D. 691, it is often called the Mosque of Omar, although it is not strictly a mosque and was not the work of the empire-building second caliph. The misnomer apparently stems from evidence that Omar cleared away the refuse that had long accumulated at the rock, and that he himself built a mosque near by.

Most historians agree that the Dome of the Rock was the creation of the later caliph, Abdul-Malik. One legend tells that the sanctuary came into being because of rivalry between Mecca and Damascus. When conflict denied Abdul-Malik's followers the sacred pilgrimage to Mecca, the Damascus caliph established a competing holy place for the faithful.

Associations with Mohammed made the Jerusalem site an obvious choice. Many Moslems believe that from this rock Mohammed made his ascent into heaven. They point to a footprint as that of Mohammed, and to another mark as the handprint of the angel Gabriel who held back the rock by force when it would have risen to Paradise with the prophet.

* * *

But the rocky heart of the Moslem shrine has far older memories and traditions—including some shared by Christianity and Judaism. There, it is written, Abraham offered to sacrifice the life of his son Isaac. There Solomon's temple stood a thousand years before Christ, to be replaced by a second temple, and eventually by the magnificent and ill-fated edifice of Herod the Great.

The uses of glass fiber already extends from insulation to auto bodies and are expanding rapidly, says the National Geographic Society.

NOW
You Can Own That
NEW CAR!
so, it's not impossible . . . just watch for our advertisement in tomorrow's Pontiac Press!
Matthews-Hargreaves
CHEVROLET

First Children's Museum

EDINBURGH, Scotland — Hundreds of objects are pouring in for Edinburgh's proposed Children's Museum, to be the first in Scotland. One councilman, Patrick Murray, has offered an immense collection of toy soldiers and copies of every juvenile paper ever published in the country.

There are 2,000 car laundries in the United States, about 1,400 of which are large enough to handle 1,000 or more cars a day.

Says U.S. to Be Ready in Months for Satellites

LOS ANGELES (INS) — Dr. Fritz Zwicky of the California Institute of Technology says that scientists will probably be ready in a few months to launch the first earth satellites.

The renowned scientist said the satellites will be in the form of small slugs weighing about an ounce and will have to be launched from high-altitude rockets.

Kelvinator Tour

GRAND RAPIDS (AP)—American Motors Corp., Kelvinator Division, expects upwards of 5,000 persons to tour its appliance plant today and Friday during an open house for employes and their families.

The event will include showings of the firm's 1956 product lines.

About 726 million pennies were minted in the United States in 1950, or more than three times the total of all the other varieties of coins.

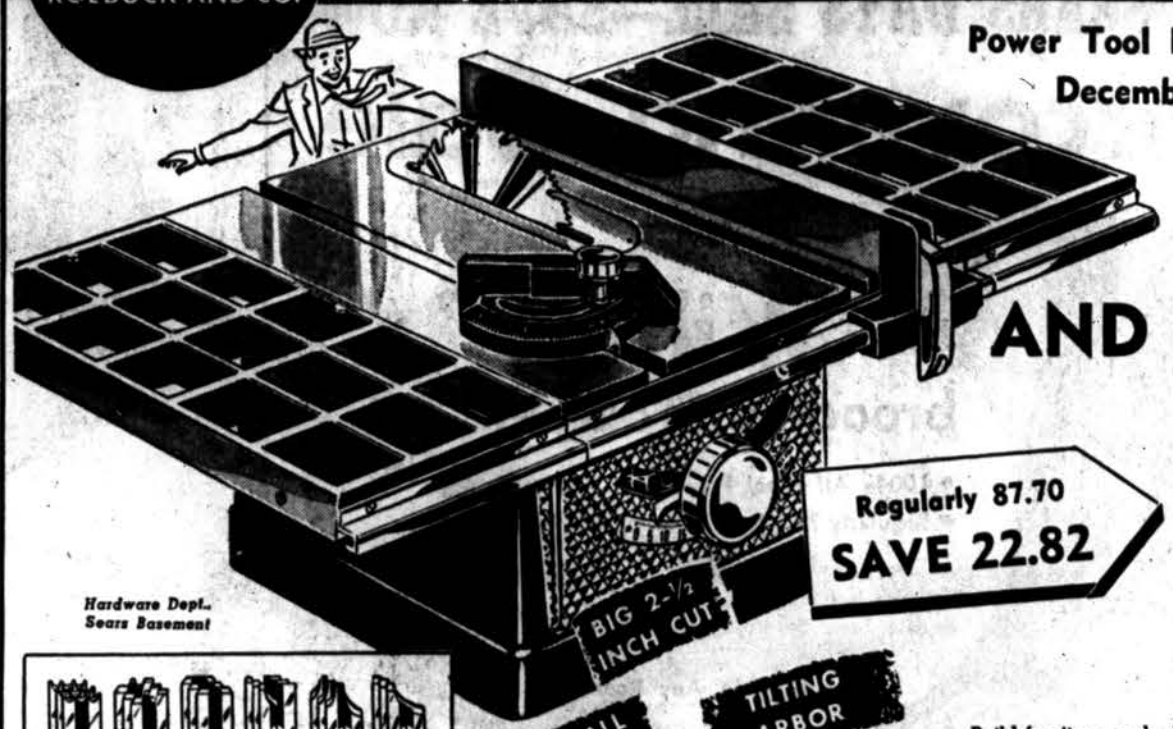

Whisky Bottling Off

NEW YORK—The Distilled Spirits Institute reports that bottling of whisky, which represented 81 per cent of all spirits bottled in the nation during 1954, totaled 137,185,136 gallons—a drop of 5.8 per cent from 1953.

TWO-FACED — The "face" at left would make any man's hair stand up—until he discovers it's just a mask covering the pretty face at right. She's Nancy Hetherington, 18, of Memphis, Tenn., who's demonstrating the terror of this year's Halloween masks.

Not in the Curriculum

PRINCEOTN, N. J. (INS)—Two Princeton seniors, who tried to start up a parked fire engine unsuccessfully, have become firemen —temporarily.

Charles E. Moore, 21, and Charles G. Stiles, 20, were fined $55 each Monday and told to report to the fire house every Saturday for two months to perform whatever chores can be found for them.

Illinois has 11,404 miles of railroad.

Dewey Reaches Tokyo

TOKYO (INS)—New York's former governor Thomas E. Dewey is scheduled to arrive in Tokyo from Hong Kong today at 5 p.m.

The one time presidential candidate, on a tour of Asia, will attend an exhibition baseball game between the barnstorming Yankees and the Mainichi Orions on Saturday.

About 90 per cene of the U.S. sulphur and one-half of the world supply comes from Louisana and Texas.

Economist to Speak

LANSING (AP)—Leon Keyserling, nationally known economist, will be the main speaker at a conference for business and professional people sponsored by the Democrats at Michigan State University's Kellogg Center Nov. 8. He will discuss Republican and Democratic economic policies as they affect small business, farmers and professional people.

Americans use an average of 20 pounds of rubber per year per person compared with about 1 pound for the rest of the world.

Sleeping Tablet Control Fought

AMA Spokesmen Urge Pill Management Stay With Medical People

WASHINGTON (INS)—The American Medical Assn. opposes inclusion of sleeping pills in federal anti-narcotics legislation claiming such action would increase bootleg traffic.

* * *

Two AMA officials, Dr. Leo H. Bartemeier, of Baltimore and Dr. Maurice H. Seevers, of Ann Arbor, Mich., said barbituarates should be controlled by the medical and phramaceutical professions and not by the federal government.

They testified before a House Ways and Means Subcommittee investigating the sleeping pill problem.

Bartemeier, chairman of the AMA's committee on mental health, suggested a 2-point program to control distribution of sleeping pills:

1. **Put some kind of a lid on their production.**
2. **Develop a continuing program of education for physicians and pharmacists throughout the nation.**

Bartemeier told the House investigators that many physicians are now trying to substitute non-habit forming, non-sedative drugs such as a thorazine for barbituates.

OPPOSE PROHIBITION

Seevers, representing the AMA council on pharmacy and chemistry, warned that federal control might creat a prohibition-era type of bootleg operation in sleeping pills.

He said: "We would not like to create another Volstead Act situation with barbiturates, nor would we want to put them under the Harrison Narcotics Act, because that would immediately create the situation we have with opiates—that of illicit production."

Seevers maintained that some control is needed, but that there is not enough information available yet to guide the medical profession in establishing a program.

Bartemeier said the AMA is launching a survey of all the hospitals in the nation to determine how many suicides and attempted suicides there have been from barbiturates in the past five years. He said this study might provide a clue to the kind of program needed.

BIG CHANGE — Far cry from the washboard Chung Sook Park was used to at home is this automatic washer. The 22-year-old Korean is studying at Columbus, Ohio, and says the number of machines has convinced her that "everything is so complicated" in the United States.

Pro-Greek Youngsters Protest Jailing of Boy

FAMAGUSTA, Cyprus (AP) — Two thousand school children enlisted in the Union With Greece movement held mass meetings today to protest the jailing of a schoolboy for carrying a homemade grenade.

Most Cypriots are of Greek origin and are demanding union with Greece. Britain is determined to keep it as her colony, but has offered more self-governmnt. British government and defense authorities are using stringent measures to suppress terrorism among Cypriots.

A Frenchman reached Michigan's upper peninsula in 1618, two years before the Pilgrims landed at Plymouth Rock.

Supreme Court Delays Verdict

Florida Jurists Request Time to Revaluate Case for Desegregation

TALLAHASSEE, Fla. (AP)—The Florida Supreme Court, in a 5-2 decision, today delayed desegregation at the University of Florida until it can be determined that the all-white school is ready to accept Negro students without harmful effects.

* * *

The court in an opinion by Justice B. K. Roberts ordered a court commissioner appointed to take testimony to determine when it will be possible for Negroes to be admitted to the university without creating "public mischief."

The court's decision, although applying specifically only to a case in which a Daytona Beach Negro, Virgil Hawkins, sought admission to the University of Florida law school, undoubtedly will have the effect of delaying integration of the races in any Florida public school for a period of from six months to a year or more.

* * *

Justice Roberts held that the U.S. Supreme Court, in banning segregation in its May 1954 decision, had instructed the states to proceed with caution and common sense in bringing about the end of separate facilities for the races.

2 Men Killed in Crash South of Grand Blanc

FLINT (AP) — Two men were killed yesterday when their car veered across the center line on U. S. 10, two miles south of Grand Blanc, and was rammed broadside by an oncoming car.

Killed were Edson Rollison, 43, Flint Bowling alley manager, and his passenger, Lloyd Holland, 18, of Flint.

The second driver, Leo C. Asch, 25, of Falls Church, Va., suffered head, leg and chest bruises.

FRED DAVIS

Fred Davis, 17, of 4005 Waldron Rd., Mohopac, has been recently honored for outstanding service to patrons along his route as a Pontiac Press Carrier. Fred, son of Mr. and Mrs. Jewell Davis, has had his Mohopac route for three and a half years. Fred attends Lake Orion High School and his activities include hunting, fishing and baseball. His ambition is to be a carpenter like his grandfather.

Machines Cited in Lung Cancer

Trucks, Cars Are Major Offenders, Expert Tells Detroit Group

DETROIT (AP)—Machines of the industrial age, with autos and trucks as major offenders, are a primary cause of lung cancer, a California scientist has said.

"Vehicular exhausts represent the most common, universal and probably greatest source of emitting known cancer-producing materials into the atmosphere in certain areas," said Dr. Paul Kotin of the University of Southern California School of Medicine. He gave his report in a speech prepared for the Detroit Institute for Cancer Research's eighth annual symposium on lung cancer.

Dr. Kotin, who has spent five years in research on smog and cancer, said mice used in tests have developed lung tumors after breathing compounds present in gasoline and diesel engine exhausts. Known cancer-producing chemicals such as benzpyrene have been found in exhaust products, he said.

Citizens of smog-ridden cities such as Los Angeles and those in which coal and oil fumes contaminate the air uncontrolled also live in danger of lung cancer, Dr. Kotin said.

Experiments of mice breathing polluted air, he said, revealed that spot piled up in the far reaches of the lungs and its linings. The spot was lodged in areas corresponding to those in which lung cancer develops in humans, he said.

Named Commander of Pacific Forces

WASHINGTON (INS)—The Navy has transferred Vice Adm. Alfred M. Pride from command of the U. S. 7th Fleet to be commander of naval air forces in the Pacific.

It had been expected in Washington that Pride, who rose from enlisted ranks and commanded the 7th Fleet during tension over Formosa, would be named deputy chief of naval operations under Adm. Arleigh A. Burke.

The Navy said Adm. Stuart H. Ingersoll, now deputy commander of the Atlantic Fleet, will relieve Pride as commander of the 7th Fleet in December or January.

Driver Offers Solution to End High Traffic Toll

TAYLOR TWP. (INS)—A Taylor Township truck driver, winner of the National Truck Rodeo championship, has his own ideas on how to cut Telegraph road's mounting traffic toll.

Covert Flucks, 42, who has driven over half a million accident-free miles in 22 years, said:

"Give people a four-lane highway and they think it is a speedway. We need better policing for cars as well as trucks. Everyone's just traveling too fast.

"Telegraph needs more signal lights, definitely around schools and congested areas. I think that's about it—more lights and more traffic tickets if necessary."

Hey, Mister... Don't Let Your Wife Go 'STIR CRAZY'

se her that second car, so she won't have to sit around home all the time. We're going to make it possible! Watch for our advertisement in tomorrow's Pontiac Press!

Matthews-Hargreaves CHEVROLET

Driver's Test Stand-In Flunks on Single Error

DETROIT (INS)—Andrew Stallworth, 22, failed a driver's license test so he hired Leo Jones, 20, to take the exam for him.

Both men were sentenced to 30 days in the Detroit House of Correction yesterday—Jones passed the test but a policeman became suspicious when he flunked spelling Stallworth's name.

India estimates there are a million cases of leprosy in the country.

Estes Blasts Monopolies

ATLANTIC CITY, N. J. (INS)—Sen. Estes Kefauver (D-Tenn), told a convention of retail druggists at Atlantic City yesterday that monopolies and "other predatory practices" have ruined the chances of individual inventors to get their products on the market.

North Carolina State College experts say the average worker in that state had to work 21 minutes for a quart of milk in 1939 but only 12 minutes in 1954.

To Aid Flooded Areas

WASHINGTON (INS)—The Small Business Administration has designated the entire state of Connecticut and Suffolk County, Mass., as disaster areas eligible for rehabilitation loans as a result of the recent floods.

More than 14 million pints of blood, 7½ million for civilians and 6½ million for military use have been donated to the Red Cross since 1948.

Manufacturing Sales Up

WASHINGTON (INS)—Government reports showed today that manufacturing concerns set new records during the second quarter this year with sales of 70 billion dollars and profits of $3,900,000,000 after taxes.

OUT OF THE PAST — These flashy young "flappers" aren't trying to set a "new" fashion trend in Leavenworth, Kan. They're publicizing a nearby college show, "The Roaring Golden Twenties Cafe." From left are Rosamond Taylor, Claudia Chirnside, Barbara Kynette, Patricia McCune and Diane Strathman. They raided their mothers' attics for the 1920-vintage clothes.

850 Call It Home

Tired of Soft City Living? Try Churchill, Manitoba

CHURCHILL, Man. (AP)—Take a look at life in this town on Hudson Bay, an outpost of the Canadian frontier.

• • •

Milk is 40 cents a quart, gasoline 54½ cents for an imperial gallon. Plumbing is mostly outdoors. Summer brings black flies and mosquitoes. Winter brings numbing cold.

• • •

And when you die they have to dig your grave with dynamite.

• • •

Yet some 850 persons call this town home.

• • •

Ocean shipping—freighters from England—carry out wheat in summer and make jobs. Construction of radar defense lines farther north has turned the town into a bustling operations headquarters. There's even some whaling.

• • •

Building sites would make a city contractor shudder. They are strewn with huge rocks—some as big as a small house—beneath the tundra.

• • •

Only two or three feet below the surface the ground is frozen solid the year round. Excavation is impossible; buildings rest on a gravel pad hauled in by truck. Lots are selling for $80 to $130.

• • •

Because of the cold, permafrost pipelines run along the surface. When cold weather sets in, the house supply is cut off and householders must haul their own water or pay 75 cents for a barrel delivered.

• • •

Fuel oil sells for $14.30 for a 35-gallon drum and coal at $24 a ton. Eelectricity is 12 cents a kilowatt hour.

• • •

Infrequent garbage collections are made during the summer but none in winter. Vegetation is lacking. Hudson Square, a huge rectangle in the middle of town, is a barren expanse of boulders and gravel. There are no lawns or gardens.

Criminal Code Gets Changed in India

NEW DELHI—Under provisions of India's new Criminal Procedure Code, whose passage the president has approved, several new features of jurisprudence are introduced. For the first time the accused may offer himself as a witness in his own behalf if he so desires.

In trial by jury, the number of jurors has been increased; the absence of one or two of them will not interfere with the progress of the trial.

Courts are empowered to punish witnesses who do not appear when summoned.

Indian Fishermen School Trains to Help Nation

BOMBAY—In the first school of its kind in South-East Asia, India is training fishermen.

A center at Satpati will teach 20 candidates, 10 each from Bombay and Saurashtra, during the next six months.

It is a move to solve the problem of providing trained personnel for the mechanization of Indian fishing.

There are few fishermen competent to operate, handle and maintain engines. The increase in range of operations resulting from the mechanization of boats will also involve the use of new types of larger, deeper nets and equipment. It is hoped to train 40 men a year.

Boys' Club Inspection Shows Work of Fund

It's a long list—the names of organizations that the United Fund keep going. Like any list of names, it's dry reading.

At fund drive time, Mr. Pontiac Right Guy says, "Put me down for 10 bucks." But it's still hard to visualize just what ten bucks can mean to a list of names.

Behind those names are people men, women, kids — human beings. Kids who might have had the odds against them if that hard-earned ten bucks hadn't helped supply something they need.

Let's visit the UF-sponsored Boys Club of Pontiac at 530 E. Pike St., and meet a couple of the kids.

They're brothers. Richard and Paul McLaughlin. When Paul joined the club last year, the boys, with their parents, Henry and Anna McLaughlin, lived at 343 Osmun St.

That's on the East Side, the section city cops once called a "breeding place for juvenile crime." Since Boys Club juvenile delinquency has dropped from 38 per cent to 7 per cent, and now the East Side has the "cleanest" kids in town.

Richard, 13, and Paul, 9, can't be bothered hanging around street corners. They're too busy at the club—too full of projects.

"There's always something to do at Boys Club and somebody to show you how to do it right," says Richard.

"Yeah," chimes in Paul. "and it's free. We've got more stuff than millionaires' kids."

Eagerly, the boys take us on a tour of the club. We see the woodshop with its jigsaws, lathes, drill of donated equipment, and a full-time instructor to aid the boys.

Next comes the big gym, with its variety of apparatus—trampolines, climbing ropes, parallel bars, springboards, equipment for basketball and organized games. Adjoining it, a large room has equipment for table tennis, billiards, and some 30 other table games.

Richard, whose bowling average is 165 to 170, is enthusiastic about the bowling room, with its three 30-foot junior size alleys. The boys point with pride, too, to the photography department with its speed graphic camera, enlargers, contact printers, dryer and darkroom.

We tour the print shop with its Chandler-Price 10x15 inch printing press, a gift of the Pontiac Press. Here the boys help publish the club's monthly newspaper, as well as printing club letterheads and notices.

Other points of interest are the hobby shop, the library, senior lounge, offices and the huge kitchen where the Mothers Club cooks some of the big dinners.

What does it mean to belong to the Boys Club? Like Paul and Richard, most of the club's 2,519 members would say, "It means the fun of doing things."

"The club offers the boys purposeful living, as against idleness and the influence toward delinquency. It works to instill in its boys high ideals, citizenship and love for their fellow men."

Last year, 31,278 United Fund dollars provided 80 per cent of the $39,200 it cost to operate this character-building center for Pontiac boys.

Club dues of $1 a year pay the balance of cost. The club employs six full time and six part time faculty members. Started 11 years ago, it has been in its modern, well-equipped building since 1951. Operating at full capacity, it has a current waiting list of 425 boys.

Pontiac Press Photo

BUILDERS AT WORK—There's more than a wall bracket in the making, as Pontiac Boys Club instructor Michael L. Fiorillo helps club members Paul (center) and Richard McLaughlin, 343 Osmun St., with a jigsaw project. There's character in the making — as the constructive attitude of most of the club's 1,519 members will prove. Boys Club of Pontiac is one more place where United Fund dollars work to make better people, and a better world.

PACKARD PATRICIAN FOR 1956 — The new Packard cars go on display in dealerships throughout the country Thursday, November 3. Packard models for 1956 feature an improved torsion bar suspension system, a new electric push-button automatic transmission and new, larger displacement V-8 engines. The Packard Patrician is powered by a 290-horsepower V-8 with a 10 to 1 compression ratio. The cars will be shown in this area by Mazurek Motor Sales, 245 E. South Blvd., and Masters Packard, 7675 Highland Rd.

Packard Engine Most Powerful

Compression Is 10 to 1, With 310 Horsepower in Biggest Unit

The new Packard passenger cars, with 310 and 290 horsepower engines, will reach the retail market on Nov. 3.

The engines, most powerful yet announced by any manufacturer, will have 10 to 1 compression ratios, non-slip differential, electrically-activated pushbutton gear selector and improved torsion bar suspension system.

A new seating idea is offered in the Caribbean hardtop and convertible models. Seat and back cushions are reversible. One side provides a durable, genuine leather surface; the other a brocade cloth tailored for formal or special occasions.

New styling lines give the cars a lower, broader appearance. New grilles, accented by a fine screen background, are protected by a streamlined bumper on which the guards have been moved outward 10 inches, placing them directly below the headlights.

The non-slip differential is described as especially helpful in cornering and in moving out of ice or mud. It transfers tractive power to the rear wheel on the firmer surface.

Higher torque engineered into the V-8 engines is said by engineers to contribute substantially to fuel economy. With the new lower radio rear axle this economy is said to be as much as 20 per cent.

Justice Shows Leniency to Victim of Heart Cancer

SAN FRANCISCO (AP) — Joseph James Ostergren, who confessed two robberies in which he took $200, yesterday was placed on probation for three years — longer than doctors say he can live.

* * *

Doctors said Ostergren, 28, a Navy veteran, is suffering from an incurable cancer closing in on his heart. At the time of his arrest, he said he tried robbery to get money to pay for medical treatment.

* * *

William Gallagher, deputy probation officer, recommended leniency in his report to Superior Judge John D. Molinari.

* * *

Gallagher said Ostergren, father of three children, "is well aware that his life span is limited."

Detroit Closed to Red Editors

Ban Soviet Newsmen From Industrial Plants of Motor City

WASHINGTON (AP) — The State Department has refused to permit seven touring Soviet newsmen to visit Detroit.

Officials reported today they rejected a request for permission to tour the Detroit area on the grounds the city is off-limits to Russians.

* * *

The Russian journalists, now visiting New York where they arrived Monday, were reminded that the Soviet government has banned visits by Americans to Russian industrial centers.

The refusal was about a month ago. State Department officials said the Soviet group accepted it without protest.

The Soviet newsmen are scheduled to visit Cleveland, Chicago, San Francisco, Los Angeles, Phoenix and Washington, D. C. All of these are "open cities" under the off-limit decree.

Atomic Reactor Offered Asians by United States

SINGAPORE (AP) — The United States offered today to help set up an atomic reactor center in south and southeast Asia for nuclear research and training under President Eisenhower's atoms-for-peace program.

Canada also announced at the ministerial conference of the Colombo Plan nations now under way here that she had agreed in principle to help India build an atomic reactor which will be "available for use of scientists from other countries."

The U.S. proposal, put forward by John B. Hollister, administrator of the U.S. foreign economic aid program, did not suggest any location for the reactor. But he said its "guiding purpose must be complete availability to all Colombo Plan countries on an equal basis."

Organized in late 1950 by the British Commonwealth, the Colombo Plan is dedicated to the economic development of south and southeast Asia. Countries benefiting from it include Burma, Ceylon, India, Indonesia, Malaya, British Borneo, Nepal, Pakistan, Viet Nam, Cambodia and Laos. The Philippines, Japan and Thailand also are Asian members.

Road Scraper Plays Hob With Bell Lines

DETROIT (AP)—Approximately 500 Michigan Bell circuits, some of them carrying Associated Press teletypesetter reports, were put out of commission yesterday when a county road scraper dug down into an underground cable in suburban Detroit.

The scraper crew was doing drainage work at Joy and Salem, just west of Plymouth road, when it hit the cable carrying a total of 1,000 circuits.

Michigan Bell was able to restore the 500 broken circuits three hours after the break occurred.

Managing Editor Writes His Own Obituary Story

SANTA MARIA, Calif. (AP)—The Santa Maria Times carried a story yesterday with the byline of Managing Editor William B. Sherrill. The first paragraph of the story said:

* * *

"William B. Sherrill, managing editor of the Times since Jan. 1, 1951, died last night at his home of a sudden heart attack. He was 54."

Sherrill did died Tuesday night of a heart attack, just as the story he had written in advance said. It is common practice in newspaper offices to prepare obituaries of living persons. The story had been written two years ago and the only change was to make his age 54 instead of 52. The newspaper said Sherrill's story was found in his desk yesterday when it was being cleared out.

Money Spree Laid to Private Spending

WASHINGTON (AP) — President Eisenhowers economic advisers estimated today that a multibillion-dollar upsurge of private spending pushed the economy to an unprecedented 392-billion-dollar-a-year pace in the third quarter of this year.

That was a boost of 7¼ billion in the rate of production of goods and services during July, August and September. And it put the nation's economic pace 33¼ billion dollars, or about 8.5 per cent, faster than it was a year earlier.

Nixon Maintains Workers Never Had It So Good

NEW YORK (AP)—Vice President Nixon says "American wage earners today have more jobs at higher wages, with greater purchasing power and less strikes than at any time in history."

"And they have peace to boot," he adds.

* * *

Nixon credited this to the Eisenhower administration—and what he called its "dynamic conservatism"—in a speech last night at the 25th annual dinner of the New York group of the Investment Bankers Assn. of America.

The vice president answered what he said was an opposition effort to give the administration the political "kiss of death" by pinning "the business label" on it.

He said that business is sharing in an unparalelled time of prosperity, and he lauded the administration's economic policies as "progressive and humanitarian without being socialistic."

* * *

He said the Eisenhower program is designed to meet the nation's needs over a 10-year period for power, roads, schools, hospitals and slum clearance by "partnership" between the federal government and private enterprise and state and local governments.

'Postcard Girl,' 12, Dies in Operation

PHILADELPHIA (AP) — Marjorie Lee Elder, the 12-year-old "Post Card Girl" from Lewiston, Pa., died on the operating table during a delicate bain roperation yesterday.

A team of surgeons was attempting to remove a calcium deposit from her brain. The operation was scheduled to last seven hours: She died when it was two thirds com-

The operation hadn't woried the brave little girl, whose only request had been to get "lots of cards" to fill her scrapbook.

She got plenty of them. During her two-week stay in the hospital, newspaper readers and radio listeners sent her more than 8,000 cards. Several thousand other cards were sent to her Lewiston home.

Doctors said the operation was a necessity. They told her parents death could come at any time without the operation. Had the operation been successful, Marjorie would have been blind in one eye and partially paralyzed.

Muskegon Girl Queen

HOLLAND (AP)—Isla Van Eenenaam, a freshman from Muskegon, will preside Oct. 21-23 as queen of the Hope College homecoming celebration. Miss Van Eenenaam last year was homecoming queen at Muskegon High School.

Meany Receives Medal

WASHINGTON (INS) — AFL president George Meany was presented Notre Dame University's Laetare Medal last night — the first labor leader to receive what is regarded as the most distinguished annual award to a Catholice layman in the U. S.

Music Group to Seek New Members

With an eye toward making concert-going in the area a habit and encouraging that habit with musical programs of national and international flavor, twenty-five Waterford Township residents last May formed a Civic Music Association.

With a corps of nearly 200 workers, captains and division chairmen, the organization is ready for its kick-off dinner to be held Monday night in the high school cafeteria. Memberships will be sold next week only, October 24 through October 29, and there will be no individual concert tickets available.

Supporters of fine music have been interested to know that the listings of the music service include 50 per cent of Metropolitan Opera's stars as well as many other fine artists of equal caliber.

Vocalists Thomas L. Thomas, Jerome Hines, Blanche Thebom, Marian Anderson and violinist Nathan Milstein, duo-pianists Luboshutz and Nemenoff and many special features such as the Vienna Chior Boys are among those available.

There will be a minimum of three concerts, depending on the number of memberships sold. Selection of artists will be determined by preferences noted by members on their talent ballots when purchasing memberships.

The concerts are to be held in either Waterford Township High School or the Isaac E. Crary Junior High School.

A trailer, loaned by Hutchinson's Trailer Sales for the occasion, is located on the southern part of the Waterford Township Hall grounds, and will be the organization's headquarters until its membership drive ends October 29.

Mrs. Fred Tiffany is in charge of arrangements, and Mrs. William Shunck and Charles Pappas are co-chairmen of the organization. They are being assisted by Mrs. Erma Davis of the Civic Music Service.

INSPECTING HEADQUARTERS — Smiling happily after an inspection tour of their campaign headquarters for the next two weeks are three vice-presidents of the Waterford Township Civic Music Association, and Civic Music Service representative Mrs. Erma Davis, left. Mrs. Fred Tiffany, top, is in charge of arrangements for the membership drive, and Mrs. William Shunck and Charles Pappas are co-chairmen.

Discovered Any Lost Wallets Lately? It Paid Off for Honest Joseph Panter

Last Friday afternoon, 67-year-old Joseph J. Panter, of 5 Pingree St., found a wallet lying in the street.

It was a cheap plastic affair, embossed with a Davy Crockett seal, and in it were a dollar, a Pontiac Press box number, and a newsboy's collection receipt made out to U. William Collect.

At first Panter was afraid somebody else had found the wallet first, and taken all but a dollar of the newsboy's hard-earned money.

He was on his way home when he found it, so he took it with him and showed it to his wife.

She was certain it was the newsboy's first collection, and that somebody had given him the wallet and a dollar bill, probably for his birthday.

But when Panter turned his find in to the Pontiac Press Saturday, he wasn't helping any newsboy.

U. William Collect really meant "You will collect."

A five dollar check awaited him, for his honesty in returning what he thought was a lost possession.

The wallet he found was one of five, each with the same contents, each purposely "lost" Friday afternoon by a Pontiac Press reporter. And the Press was prepared to pay five dollars for every wallet turned in before the publication of this article.

Five went out, and only one came back.

Somewhere in Pontiac there are four people who each found a newsboy's wallet, and who wouldn't take the trouble to return the dollar he might have worked a week to earn. Panter said:

"Everybody knows how hard those kids work. You can set your clock by our newsboy, every afternoon for a year now. I can't understand people who'd keep a thing like that."

The Pontiac Press can't understand it, either. But it's some consolation to know that each of those people lost four dollars when he decided to keep the one he found.

Pontiac Press Photo

AN HONEST MAN — Joseph J. Panter of 5 Pingree St. looks over the contents of the "newsboy's wallet" he found last Friday afternoon on South Saginaw street. Panter was the only one of five people who found the "lost" billfolds and attempted to return the wallet to its owner.

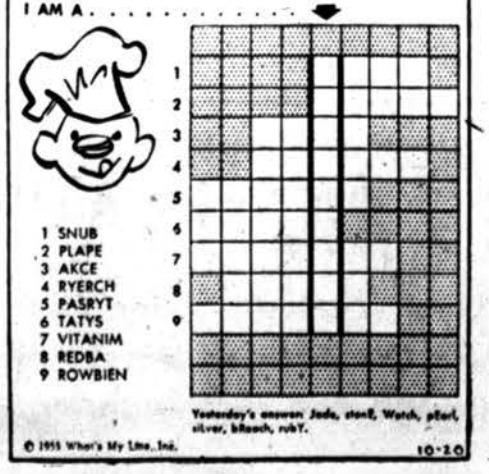

Gilsonite—Coke

SALT LAKE CITY — High-test gasoline and metallurgical coke will soon be manufactured from Utah's deposits of gilsonite, a unique hydrocarbon mineral noted for its impurities. The project calls for expenditures of $10,000,000 by a Salt Lake company.

HUGE STATUE OF CHRIST IS PLANNED — Biggest statue in the world, depicting Christ the Redeemer, is being planned at Rocca Di Papa, Italy. Looking over the first test model of the project is sculptor Vincenzo Torre. The hollow bronze statue's interior will contain rooms and galleries with religious works of art. The uplifted arm and hand will hold a church accommodating 600 worshippers. The cross will have observation galleries overlooking Italy and the Mediterranean. An elevator will carry visitors to the various sections. The statue will be 328 feet high and will rest on a 138-foot-high base, as compared to the Statue of Liberty, which is 151 feet high and has a 154-foot-high base.

Red Leader Browder Paid by Fund for the Republic

ITHACA, N.Y. (INS) — Former American Communist Boss Earl Browder is helping — on a paid basis—the Ford Foundation's Fund for the Republic prepare a history of communism in the U.S.

* * *

Prof. Clinton Rossiter of Cornell University, who is in charge of the $250,000 scholarly study, made the disclosure in Ithaca yesterday, but said he wanted it made clear that Browder is not an "employe" but simply a "source of information and raw material."

He explained that Browder was being paid by the fund to answer questions posed by project authors, and added:

"He does not control a single word or comma or comment in any book which may be put out by the project."

Browder, deposed as the party's general secretary in 1945, was booted out of party membership against his wishes in 1946.

He is under a 1953 federal perjury indictment.

PAID FOR INFORMATION

Rossiter, who wanted to answer gathering criticisms that Browder was an employe of the fund, said in explanation:

"He is a paid source of information, commenting on events in which he took a leading part."

The professor of government explained that the project — which will be the first work of its kind — is questioning hundreds of people to obtain information and views.

He said Browder has been answering questions on a paid basis since last June and could not predict when the Browder part of the project would end.

NOT AN EMPLOYE

The Ford Foundation itself issued a statement backing Rossiter's comments that Browder is not an employe in any sense. Rossiter himself said he informed Ford Foundation headquarters that he was about to take on Browder as a paid informant.

Browder was in the party from 1919 to 1945.

The year-old project aims to prepare a scholarly study of the Communits Party in America divided into 12 phases. Writers have been assigned to each of the 12 fields, and those who need to question Browder may do so.

Prof. Rossiter said the questioners are not at all interested in obtaining "espionage secrets" from Browder or to compete with any other research or investigation projects which are also seeking to question him.

* * *

The project which is paying the bill for Browder's testimony is called "the study of Communist influence in American life."

Psychiatrist Asks Rulers to Take Medical Exams

DETROIT (INS) — Dr. Robert Drews, addressing the Fact Finders Club at Detroit's Hotel Statler, states that "all rulers, kings or potentates" should undergo psychiatric examinations.

* * *

Dr. Drews used Juan Peron, deposed dictator of Argentina, as the most recent example. Dr. Drews was a member of a party of 40 Detroiters on a Board of Commerce trip to Argentina.

He identified Peron as a "psychopathic personality," and warned there are thousands like him in the world.

He declared:

"Just as a coronary thrombosis is the same everywhere in the world, so is schizophrenia the same —except they fulminate in different languages."

An example of Peron's mental illness, said Dr. Drews, was his habit of appearing on friendly terms with others before suddenly attacking them. He cited the Catholic Church as an outstanding example.

* * *

He said:

"The world is full of rulers who are sick mentally, who aspire to control our destiny. It is equally important as a physical examination — more important — that the man who aspires to lead a nation should be subjected to a rigorous mental examination."

Ad Rests From Politics

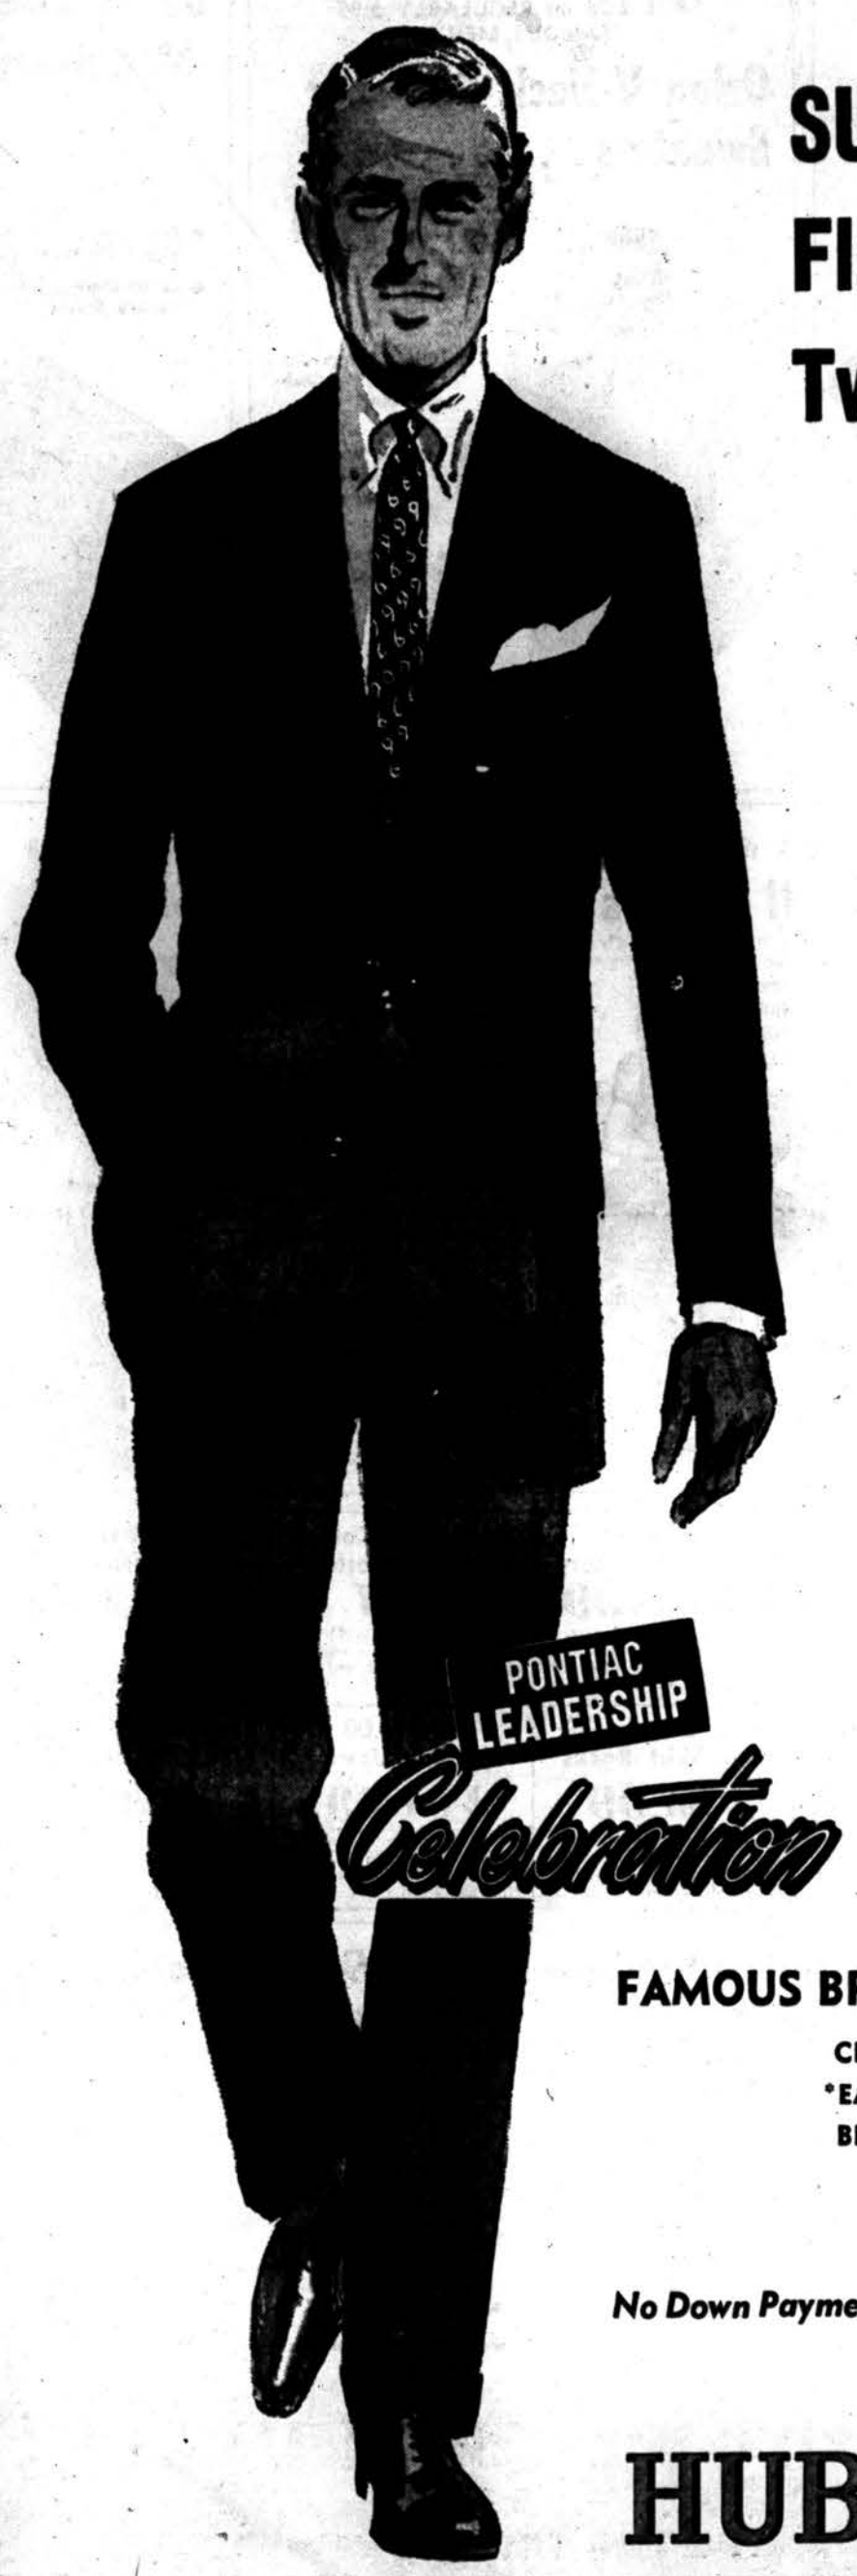

NEW YORK (INS) — Adlai E. Stevenson stayed in his New York hotel suite and out of the political limelight yesterday. The 1952 Democratic Presidential candidate was said to have no political business during his short stay and would only see "a few people."

Russia Hands Over 75 Iranian Prisoners

TEHRAN, Iran (AP)—Russia has handed over 75 Iranian prisoners released from Siberian labor camps, reports from the Soviet-Iranian frontier said today.

Many of them had been detained since 1944. The group was handed over yesterday.

Last year the Russians delivered 150 Iranians released from prison camps. Some later were found to be trained Communists.

Although many textile mills have moved to the south, New England still has 170,000 workers in its mills.

Concrete Rail Ties

JERUSALEM — The first 10,000 prefabricated reinforced - concrete railroad ties are being laid at various points in Israel. Manufactured at Migdal Ashkelon, they are part of an order for 50,000 placed by Israel Railways. They are 20 per cent cheaper than the wooden or iron ties used until now.

Diesels Replace Gratiot Trolleys Next March, '56

DETROIT (INS) — Diesel buses will replace streetcars on Detroit's Gratiot avenue line next March, leaving only the Woodward avenue line serviced by trolleys.

Common Council has approved the sale to Mexico City of Gratiot streetcars and trolleys recently retired from the Michigan avenue line. The 110 streetcars will bring $660,000.

Meanwhile, councilmen agreed that the 75 Woodward streetcars will be optioned for sale to Mexico City, if and when the line is changed to buses.

DSR officials said buses for the Gratiot line will cost an estimated $900,000 and will increase service by 25 per cent.

Leo J. Nowicki, the transit system manager, said buses also will improve service by the use of express coaches and that traffic lanes on the street will be increased by elimination of streetcar tracks and safety zones.

Jacqueline Cochrane to Talk to GOP Women

GRAND RAPIDS (AP)—Jacqueline Cochrane, one of the nation's leading women pilots and an Eisenhower campaigner, is scheduled as principal speaker Nov. 9 at the Fifth District Republican Women donors' luncheon at Civic Auditorium.

Mrs. Marion C. Steketee, general chairman, stated that more than 500 women donors from Kent and Ottawa Counties are expected at the event. Republican donations of $10 and up earn a luncheon ticket, she said.

Kentucky Child Dies After Heart Surgery

ASHLAND, Ky. (AP)—A 7-year-old girl who underwent a long and difficult heart operation died early today in a Minneapolis hospital.

Word of Sharon Lou Edwards' death was received here by Herbert J. Greene, Ashland funeral director.

Greater Boston has 2,370,000 people.

Russia Goes to Geneva Conference With 4 Aims

By DAVID L. BOWEN
AP Newsfeatures Writer

Next week the world will begin to learn whether three months of therapy in the "Geneva atmosphere" has had any real recuperative effects on chances for lasting peace.

On instructions from their chiefs of state, the Big Four foreign ministers will meet at Geneva Oct. 27 to attempt formulation of concrete solutions to the issues their superiors dealt with only in general terms.

It has often been pointed out that the historic summit meeting of President Eisenhower, Prime Minister Eden and Premiers Faure and Bulganin failed to result in agreements on any specific problem.

* * *

Since the amicable end of the summit meeting on July 23 the dream of peaceful settlement of the world's problems has remained alive. United Nations Disarmament Commission talks, centering around the dramatic proposal of mutual air inspection President Eisenhower made at Geneva, give evidence of fruitfulness greater than ever achieved in this field before.

Communist China finally released 11 imprisoned American airmen and several times that many civilians. German war prisoners have begun returning home after a decade of captivity in Russia.

But other post-Geneva developments have belied the Russian claims of devotion to peace. Her agreement to ship arms to Egypt and other Middle East countries, her exploitation of French difficulties in the United Nations over North Africa, and the chest-thumping accompanying minescule troop reductions and abandonment of one valueless foreign base support the contention her primary aims are to lull the West into complacency and generate disunity among the Allies.

* * *

Those who perceive this malevolent purpose behind the Communist maneuvers see the Russians going to the Big Four foreign ministers conference with four main goals. As illustrated on the accompanying maps, they are determined to force Western recognition of East Germany, to break West Germany from the Western alliance, to destroy European militatry unification and to disrupt the trade cohesion of Western Europe.

The start of the Russian drive to force Western recognition of the East German Democratic Republic came in the Moscow talks between Kremlin leaders and Chancellor Konrad Adenauer, where Adenauer was placed in a position of implying greater recognition of the East German puppet government than he ever had permitted before.

This upgrading of the status of East Germany is seen as part of the second Russian goal: Removal of West Germany from the Western camp. Once the two Germanies are firmly established as separate and equal entities, West German public opinion can be expected to lean more and more toward the belief that the Big Four are completely incapable of putting back together what they split after the war. The Kremlin can then take advantage of this mood by dangling before West Germans the prospect of reunification through direct talks between West Germany and Russia.

* * *

This, in turn, woould aid the Soviets in pursuit of their third goal, the destruction of the NATO military organization. West German troops are an important part of this keystone of Western policy. Russians make no secret of their hate for NATO. Their proposal to replace it with a mutual security pact linking all nations of Europe, advanced at Geneva three months ago, is certain to be made again. It can only be rejected by the West, for its result would be dissolution of the free world's greatest asset.

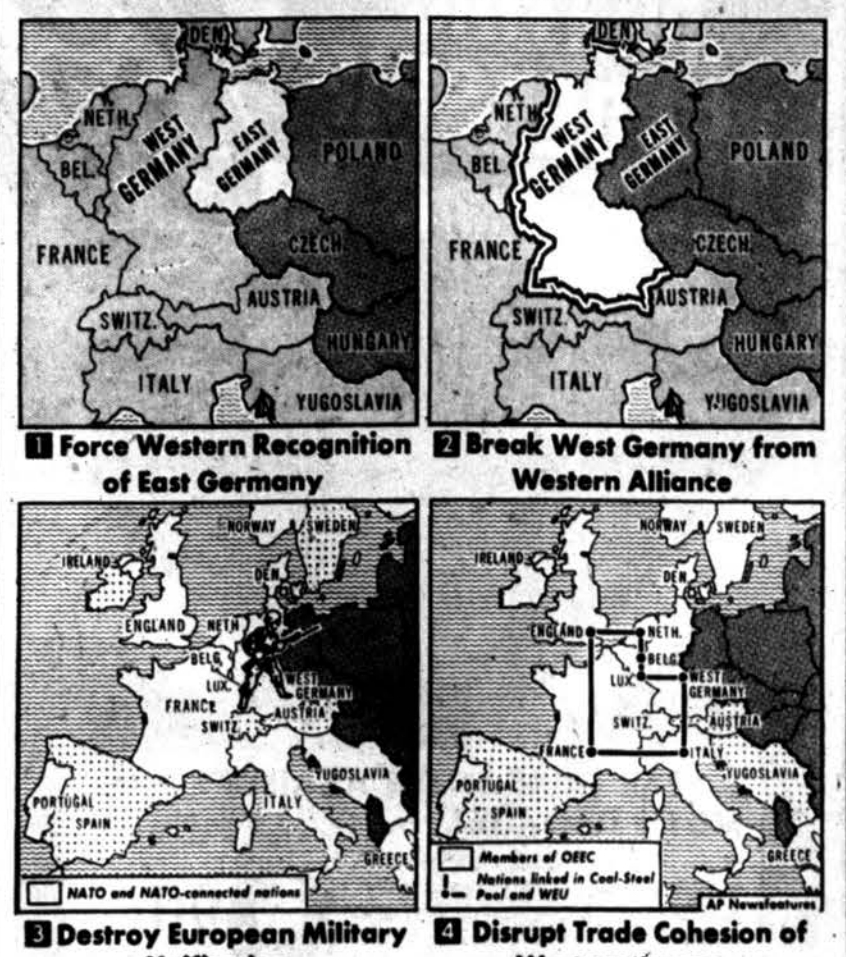

* * *

These Communnist aims will be pursued in the foreign ministers discussion of the first point in the directive signed by the heads of state: Consideration of "European security and Germany." Since the Reds have given ample evidence they want no settlement of the problem of divided Germany at this time, the debate is likely to take the form of endless argument over which should be taken up first—the future of Germany or European security.

The foreign ministers also were instructed by the heads of state to study methods which could bring about "progressive elimination of barriers which interfere with free communications and peaceful trade."

It is under this heading the Russians are expected to pursue the fourth goal of Communist policy: Disruption of Western Europe's trade cohesion. Alliances like the Organization of European Economic Cooperation, the Coal-Steel Pool and Western European Union have gone far toward remedying ancient frictions and animosities among European states. By giving the nations of Europe a unity of purpose they never enjoyed before, they have provided Western Europe with the economic and cultural strength it needs to resist monolithic pressure from the East.

Russia can dominate Europe only by destroying this unity of purpose. Many observers feel that the Western ministers will require a plentiful store of sagacity to prevent the Moscow drive for more trade with the West, coupled with artful playing of one nation against the other, from undoing the advantages gained while Russia's isolation and stubborn policies clearly stamped her as a common enemy.

Solon Hopes Congress Can Balance Budget

WASHINGTON (AP) — Chairman Cannon (D-Mo) of the House Appropriations Committee expressed hope today that the next session of Congress could balance the national budget.

But whether there can be a tax cut next year is "problematical," he said.

"Trying to balance the budget," he said, will be one of the major tasks of the coming session but "no one seems to be alarmed about it."

Minute traces of the atmosphere extend 600 miles from earth, says the National Geographic Society.

West Can Stabilize World, Senator Says

WASHINGTON (AP)—Sen. George (D-Ga) said today the West may have "the greatest opportunity of the century to do something to stabilize world conditions" at the forthcoming Big Four ministers meeting in Geneva.

George, who heads the Senate Foreign Relations Committee, said in advance of a bipartisan meeting of congressional leaders with Secretary of State Dulles he has high hopes the Geneva meeting beginning a week hence may produce "substantive results."

Asked whether he believed the Russians would keep any agreements they might make, George replied: "It is easy to say that nobody's word but our own can be depended upon. But I believe conditions are such now that we can place some guarded reliance on what the Soviets say they will do."

Pup Discovers Body

ALEXANDRIA, Ky. (AP)—A pet fox terrier yesterday led Mrs. Lucy Maddy, 27, to the boy of her baby, Melody Sue Maddy, 20 months old, had drowned in a pool of rainwater on their nearby farm.

Japan produces almost $8,000,000 worth of imitation pearls a year.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

HORSES! HORSES! HORSES!
Rosella and Her Horse Rosette—4.

You've been to the circus and seen the beautifully groomed horses prancing in the ring with lovely ladies riding on them.

The circus horse is like the old war horse in some ways. He is big and powerful with a broad back, but his feet are smaller and he has trimmer body lines.

Usually white, circus horses are sometimes "calico" in color, meaning they are oddly spotted in red and white.

These horses must be gentle, patient and intelligent because they have to go to circus school for a long training period. They learn to gallop around the sawdust ring and keep time to music. They must become accustomed to riders leaping on and off their unsaddled backs, and not be frightened by the blaring music.

Here is Rosella, member of a circus family, and her horse Rosette. At first Rosella practiced in a strong harness that held her up if she failed to land on the horse's back. Now she does it all by herself.

Paste this picture on cereal box cardboard and color it with crayons. Cut out Rosella and Rosette. Fold back the panels at the end on the dotted lines and the horse will stand up.

Slip the tab under Rosella's foot into the slit on Rosette's tail. Slip the rose in Rosella's hand into the slit on Rosette's shoulder. Now Rosella will ride for you.

TOMORROW: The Western Horse

Educator Wants Better Students

MSU Dean Says Grants Should Assist Indigent People of Ability

EAST LANSING—Instead of five years of school to prepare young people for the atomic age, it would be better to bring more qualified students and teachers into the nation's schools, a Michigan State University educator believes.

* * *

Dean C. E. Erickson, head of M.S.U.'s College of Education, commented that "only half of the really brilliant young people in America can afford to go on to college. Why not put money into these bright and able students to bring them to college?"

And, he said, more pay is needed for teachers. "Not just to give teachers more money, but to attract more teachers of high caliber into the teaching profession."

Other measures, he continued, could include reducing the size of classes in the early years to provide more instruction in "basic essentials," and provide a full day of school for children forced to attend calsses only half a day because of overcorwded conditions.

SYSTEM NOT SUITED

"I believe the President rendered a public service by pointing out that society has become so complex that the requirements are greater and that a higher degree of citizenship is needed," Dean Erickson said.

"It is true that the system of 100 years ago is somply not suited to the complex society of today."

Dean Erickson said extending the school year from nine to ten months might be effective, but that 11 or 12 months of school, already tried by some school systems, has not been satisfactory.

* * *

"A good deal of a student's success depends on his maturity from year to year. There is also a great need for the student to have a period of relaxation and reat," he said.

There are about 74 million horses in the world, about 22 per cent fewer than before World War II.

Stockholm Show Features 5-Room American Home

STOCKHOLM—A full-scale facsimile of a five-room house represented "America at Home," the United States' exhibit at the 1955 St. Erik's International Fair at Stockhold, Sweden.

The furnished rooms showed 370 products of American manufacture in daily use in American homes.

There were modern furniture and household wares, refrigerators, washers, TV sets and other electrical and automatic devices. The display was in the form of an open-style, roofless home, built chiefly of steel and glass.

Fairgoers watched an American family—husband, wife and children—use the appliances and articles associated with everyday life.

Tourists' Autos There Get Rhino Overdrive

CAPETOWN — Hippo snortings, close brushes with wild animals and game wardens' tales of tackling rogue elephants and wounded lions are thrilling tourists in Uganda, Entebbe reports.

Visitors to the new Elizabeth Game Reserve of 756 square miles on the equator in Western Uganda, can drive around in their own cars.

But they must take care in advance to see that the cars are in the best running condition.

They must not get out of their cars and when they watch animals must keep their engines running in case a quick getaway is necessary.

They are asked not to toot their horns—a noise which elephants dislike—and a very large sign warns that "Elephants Have the Right of Way."

They've Lots in Common

IRON RIVER, Mich. (AP) — Two men named Carl Lindblom met by chance here. They found they had more in common than their names: They're the same age, weight and height; each comes from a family of six boys and two girls, and each has a son and daughter. Iron River's Carl Lindblom is an iron mine employe. The other is a beverage distributor from Duluth, Minn. They are not related.

Housework Easy Without Nagging Backache

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation ...with that restless, uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys — tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable...with restless, sleepless nights...don't wait...try Doan's Pills... get the same happy relief millions have enjoyed for over 60 years. Get Doan's Pills today!

JEALOUS, GIRLS? — Crooner Eddie Fisher plants a kiss as the crowning touch during coronation of the American Royal Livestock and Horse Show's queen at Kansas City, Mo. Lucky girl, Betty Sue Scott, 20, was selected to reign over the week-long event.

'Widow' Falls Into Bonanza as Legal Heir of Husband

NEW YORK (AP)—A woman whose husband vanished after two weeks of marriage 40 years ago now has learned to her astonishment that she probably will inherit $260,000 from his estate.

• • •

Her chance of doing so results from the fact that a lawyer once falsely told her he had obtained a divorce for her.

The woman, long since happily remarried, is Mrs. Myra Duck of Brooklyn.

She never heard of her first husband after he left her — until she learned that she likely will inherit more than half his estate as the widow's share under New York law.

AUTO PARTS FIRM

She was married to Helge Nelson in 1917. In the years after he left her following their two-week marriage he built up a thriving auto parts business in Brooklyn. Then he retired, moved to Miami and died.

Twenty years after Nelson deserted her, his wife married Frank L. Duck.

• • •

She told him of her marriage and he suggested that she have a lawyer obtain a divorce. She contacted an attorney, who told her the divorce would be no trouble inasmuch as her husband had deserted her.

Not long afterward, the lawyer told her the divorce had been obtained. She then married Duck.

When Nelson died without leaving a will, authorities began a search for possible heirs. They located a sister in Brooklyn and found records of his marriage but no divorce.

• • •

Finally Mrs. Duck was found and, to her great surprise, told that she had never been divorced from Nelson.

As a result, she was left the legal widow of Nelson — and under state law entitled to half his $500,000 estate, plus an additional $10,000.

Egypt Developing for Tourist Trade

CAIRO — Tourist-minded Egypt suddenly is busy developing modern facilities for travelers, around both Cairo and Alexandria.

The Government has granted concessions to a company known as Montazah-Mokattam, for short, for this development.

• • •

Ground leveling has been started on the Mokattam Plateau behind the Citadel of Cairo. Electric and water systems will be installed and a funicular railway built from the Erbehiah Gardens in Cairo to the Mokattam hills. Hotels, casinos and restaurants will enliven the area.

• • •

Alexandria a tourist center will be developed in the region of Montazah and Maamourah, including the Montazah Palace and its grounds, with 200 cabins for overnight use and 2,000 cabanas for day use.

Record Budget OK'd

GRAND HAVEN (AP) — The Ottawa County Board of Supervisors has approved a record budget of $739,110 for 1956 county government operation. It is an increase of more than $89,630 over the current budget.

CLINIC IN OPERATION — Posing as patients at St. Joseph Mercy Hospital Clinic, which is now seeking United Fund support, is this typical family. More than 10,000 area persons are expected to receive medical care at the clinic this year. Clinics are held each weekday morning.

United Fund Supported Clinic Aiding Scores of Area Residents Each Day

The baby born with a dislocated hip may be able to walk normally later—if given treatment now.

The workman with the infected hand may be back on the job soon—if he can see a doctor.

Stop in at St. Joseph's Mercy Hospital Clinic any weekday morning and you will see corridors jammed with men, women and children needing medical care.

The clinic is one of the services Pontiac area residents are helping support through the United Fund.

Although doctors donate their time and the hospital provides its facilities, it takes money for medicine, X-rays, laboratory tests, eyeglasses and physical therapy treatments.

The Pontiac area United Fund is the clinic's largest supporter.

Most persons who come to the clinic are not welfare patients. They are described as average, hard-working people who live on their incomes, but can't always afford medical care.

Some require emergency treatments, but most are not hurry-up cases. Typical of those aided is the youngster with poor vision whose parents cannot afford to buy eyeglasses.

Often a child seems a bit backward in his schoolwork. Or must be brought to the front of the classroom to see writing on the blackboard.

The child is referred to the school nurse, who makes an appointment at the clinic, if necessary.

For admission, a patient must have a referral note from his doctor or be sent by social agencies, such as the Family Service. The city and county health departments also can make appointments.

No one is refused because of inability to pay.

In 1954, patients totaling 9,705 received treatment. Another 5,588 appeared during the first half of this year. The majority were children.

Since its beginning 26 years ago, the clinic has been sponsored by the hospital auxiliary.

OKs Rate Scale for 3 Institutions

State Welfare Board to Split Cost of Child Care With Counties

LANSING (AP)—The State Social Welfare Commission today approved rates to be paid by counties for children committed to three state institutions.

* * *

Under a law passed by the last Legislature, counties will be charged half the cost of maintaining children at the Boys Vocational School in Lansing, the Girls Training School in Adrian and the Michigan Children's Institute in Ann Arbor.

In return, the state will bear half the costs of county foster homes, but did not pay for children sent to state institutions.

The new law, sponsors said, was designed to encourage counties to board delinquent or homeless children in foster homes instead of sending them to state facilities.

COSTS VARY

The department told the commission it costs $7.60 a day to keep a child at the Boys Vocational School, $6.61 per child per day at the Girls Training Schohol and $2.26 per child per day at the Michigan Children's Institute.

Thus, counties will have to pay $3.80 per day at the Boys Vocational School, $3.30 at the Girls Training School and $1.13 at the Michigan Children's Institute.

The rates become effective April 1, 1956.

Civil Defense Workers Able to Flee in Earnest

SALEM, Ore. (AP)—The first authentic evacuation in state civil defense history sent workers scurrying out of the state civil defense headquarters yesterday.

The ceiling in their basement office cracked under the weight of state income tax files. Architects, after an investigation, said the place is no longer safe.

The civil defense workers were moved temporarily into an office out of the danger zone.

XYZ Coughs Up Taxes

RICHMOND, Va. (AP) — Virginia's mysterious taxpayer, who signs his name "XYZ," is at it again.

The Internal Revenue Service this year received $600 in $100 bills from XYZ as his personal income tax. The IRS has no idea who he is. He has been sending in the money in this manner for several years.

The Spaniards took cattle north of the Rio Grande in 1540.

Hoover Receives Award From AMA

NEW YORK (AP)—Former President Herbert Hoover has been cited by the American Medical Assn. for his work as honorary chairman of the Board of Trustees of the National Fund for Medical Education.

At his Waldorf Towers suite yesterday, Hoover was presented with the Frank H. Lahey award for "outstanding leadership in medical education."

* * *

Since 1949, the National Fund has granted seven million dollars to 80 medical schools.

In accepting the award, Hoover said the "responsibility for finding funds" for medical research and technician training "does not lie upon our medical men but upon laymen and industry."

With 12,000 Europeans and 325,000 natives, Leopoldville in the Belgian Congo has doubled in size sinze World War II.

Dulles-Chou Meeting Urged Over Formosa

WASHINGTON (AP) — The Eisenhower administration and Sen. George (D-Ga) appeared today to have patched up their differences over how to meet Red China's demand for a high-level conference with the United States.

George called yesterday for Red China publicly to renounce the use of force before Secretary of State Dulles would agree to meet with Chinese Premier-Foreign Minister Chou En-lai.

This brought the Georgia senator, who is chairman of the Foreign Relations Committee, almost squarely in line with the State Department's attitude toward any such meeting.

It marked a decided shift in George's previous position, because earlier he had said nothing about the need for any such declaration of peaceful intent. Last July 24, he urged a Dulles-Chou meeting within six months as the best way of easing dangerous tensions in the Formosa region.

WIN PISTOL SHOOT — Five Oakland County Sheriff's deputies are here shown receiving trophies they won in the annual pistol shoot, as Sheriff Frank Irons presents them. The trophies are donated by Sidney Sacks. Left to right are: Deputy Jesse Whitlock, third place; Deputy Ferris Holcomb, second; Deputy Charles Rahn, winner of the shoot; Sheriff Irons; Deputy Ray Bills; and Deputy Ross Miller. Sgt. Alphonse Anderson, also a winner, is absent from the picture. The final shoot was held Oct. 13 at the Pontiac Police pistol range.

Basic Structure of Matter Destroyed by Recently Harnessed 'Anti-Proton'

WASHINGTON (INS)—Discovery of "Anti-Protons" capable of destroying the basic structure of matter promised today to launch a new series of inquiries into the nature of the universe.

The Atomic Energy Commission and the University of California, in a joint announcement, has announced that anti-protons—up to now assumed to exist only in theory—have been created and isolated.

The development of the anti-proton was achieved in the university's multi-billion volt atom smasher, the Bevatron, at Berkeley, Calif.

Some observers felt that the discovery of the atomic particle—which has haunted the world's physicists for a generation—may prove to be one of the scientific milestones of the second half of the 20th Century.

CAN COLLAPSE ATOM

Dr. Willard F. Libby, acting chairman and top scientist on the AEC, said the discovery "will open the way toward fuller understanding of the basic nuclear processes, which are fundamental to the entire atomic energy program."

Government scientists said it is virtually certai nthat the newly-identified magnetic particles cannot exist in great numbers at present because they would collapse the atoms of any material wherever the two came into contact.

In th explosive beginnings of the world, however, they said, such "anti-protons" may have been created in infinite numbers. They may have participated in the breakup of original matter into the present solar and stellar systems.

The anti-proton is exactly the same size as the proton which is contained in all atoms, but has a negative instead of a positive electrical charge.

When the anti-proton and the proton come into contact, the "the two particles immediately decay into mesons and disappear."

The scientists explained that anti-protons have escaped detection until now because they can exist only at enormous speeds such as only the new Bevatron, built with the aid of government financing, can create.

1,800 TIMES LARGE R

When ordinary, positively-charged protons were accelerated were created in the resulting ato to "an energy of 6.2 billion electron volts"—slightly more than the maximum for which even the bevatron was designed—anti-protons were created in the resulting atomic collision.

The anti-protons carry the same negative electric charge as the electrons which are captured for use as coommercial electricity, but they are 1,800 times larger.

Whereas normal electrons circle around protons to form atoms, the anti-protons crash headlong toward the protons and their rsulting annihilation.

* * *

The announcement said anti-protons can exist indefinitely in a vacuum if they do not come in contact with protons.

The AEC pointed out that scientists have theorized for years that the protons' opposite must have existed at some time and could be re-created under the right conditions.

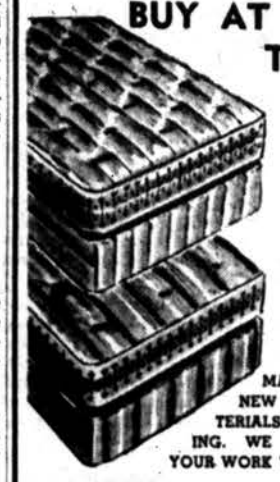

Wrong Person Comes

DAYTON, Ohio (AP)—The United Nations suffered a small setback at Dayton's main intersection yesterday. "Come one, come all," said a woman's voice over a loudspeaker, urging Daytonians to sign a scroll pledging support to the U.N. Among those who came was a police officer. His suggestion: cut the volume of the amplifier. He had a noise complaint. She did so.

The flower of the dandelion is odorless.

Foreign Ministers in Impasse

Unification of Germany Is Crucial Issue

(This is the second of three articles analyzing the prospects for success and the probable outcome of the Big Four Foreign Ministers conference starting Oct. 27 in Geneva.)

By HOWARD HANDLEMAN

WASHINGTON (INS) — The same weakness will plague Russia and the West next Thursday when they begin foreign ministers talks in Geneva.

Neither side has much it can offer the other.

* * *

The glaring weakness that Secretary of State John Foster Dulles takes to Geneva is that the United States, while committed to do nothing in Europe until Germany is reunified, has not been able to work out a unity plan Russia might accept.

Dulles seemed to admit that in his American Legion speech in Miami when he said he had faith that world public opinion might compel the Soviets to agree to a unified and free Germany.

That did not sound like a man with a plan and Dulles' advisors made it clear there is no plan the Russians are likely to accept to unify Germany anytime soon.

ONLY ACTIONS

A top U. S. strategist said all America can do on Germany is:

1. Keep talking about reunification to help maintain German hope and desire.

* * *

2. Constantly remind Germans the U. S. is doing all possible for reunification.

* * *

3. Fight as hard as possible against Soviet propaganda that Germany remains divided only because of West Germany's ties with the West.

* * *

American leaders are well aware of the danger of their position. The longer Germany is divided, the stronger will be the German desire for unity at any price. That's why great emphasis is being put on broadcasts to the Germans and on formal diplomatic moves by Dulles to keep up German hope that unity with freedom is still possible.

FORCES TOO THIN

The Russians, too, have taken positions the West just cannot accept. Dulles will not agree to Russian demands for a man-for-man reduction of armies. The Pentagon already has warned the U. S. military forces are cut too thin and there is no disposition for further cuts which would increase the percentage lead of the Communists.

President Eisenhower spiked one big propaganda gun for the Russians when he said he would be willing to accept their idea that disarmament controls should include inspection of key points, railheads and seaports and airfields, in both countries.

The President did that in the letter he sent to Premiere Nikolai A. Bulganin after a conference with Dulles in the Eisenhower hospital room in Denver.

OPEN SKY PLAN

But the President was firm in holding out for his plan to trade military blueprints and permit aerial observation of both countries. He made it clear he would agree to inspection of key points only as part of a general agreement that included his own "Open Sky" plan.

It has been fuzzed up officially, but the President's "Open Sky" plan definitely would give the Russians the right to inspect American bases overseas. That might create complications with other sovereign states, such as the NATO partners which have U. S. bases within their borders.

But, as one top official put it, "the 'Open Sky' plan really would be meaningless if vast areas of the world were left out."

At the same time, Dulles goes to Geneva with the feeling that the Russians will not agree to let U. S. airplanes fly over the Soviet Union at will with powerful cameras seeking out every gun position, bivouac and arms plant.

* * *

Over-all, the U. S. feeling is that Molotov goes to Geneva without anything new to offer. It is anticipated he will argue for old and rejected ideas because the "Russians "just don't have any tricks left in the bag" for disarmament, European security or German unification.

MICHAEL McDONALD

Recently honored for outstanding service to patrons along his route as a Pontiac Press Carrier is Michael McDonald, of 631 Bird St., Birmingham. Michael, son of Mrs. Alice McDonald, has been a carrier for over two years and says that his Press route has taught him to accept responsibility which is sure to aid him throughout life. He is in the ninth grade at the Birmingham High School and plans to attend GMC Tech and major in engineering. Mike enjoys baseball and football and his hobby is making car and boat models.

'GAW' Label False, Steel Official Claims

PITTSBURGH (AP)—The "guaranteed annual wage" is a false label being used in an effort to increase unemployment compensation benefits, a Weirton Steel Co. executive said yesterday.

George T. Fonda, vice president in charge of industrial relations for the firm, spoke at the opening of the 38th annual meeting of the Pennsylvania State Chamber of Commerce.

Fonda said union leaders are trying to "increase unemployment compensation benefits to a point where any incentive to find productive work will be destroyed."

"More serious than that," he said, "it is an effort to legalize the payment of special benefits to minority groups at the expense of the majority."

Iranian Senate OKs Baghdad Defense Pact

TEHRAN, Iran (AP)—The Senate today ratified 38-4 a bill authorizing Iran to join the Baghdad defense pact linking Iraq, Turkey, Pakistan and Britain.

The bill will be submitted to the Majlis (lower house) in open session tomorrow. Ratification is expected within a week.

Soviets Tour Wall Street

NEW YORK (INS) — Six Soviet newspaper men, who wanted to see only "The best things in American life, visited capitalist wall Street Monday, asked a lot of questions, and then said they had a very nice time.

Cornell University recently received a "grangerized" copy of a rare Charles Dickens biography from William G. Mennen. Based on a 1769 British tradition, "grangerized" means a biography which has blank pages for later pictures and letters to be added after publication.

Briggs Stadium, now 54 years old, once seated only 8,000 in its earlier years.

In five seasons St. Louis University won 104 basketball games, lost 32.

PRETTY THANKS — A refugee child in Laos, free Indochina, smiles her gratitude for the CARE food package her family received from the United States. Drought and severe crop losses have brought famine to the little kingdom, so the $5 food packages are very welcome.

Israel Sees Return of Jewish Falashes

TEL AVIV—After 1,900 years, members of the Falash tribe of Jews are returning to Israel.

About 55 A.D. the Falashes migrated to Ethiopia to remain, according to their Jewish religion, "until the Messiah comes to Israel."

Through the centuries they became Negro Jews with curly, bushy brown hair and aristocratic African features, but remained faithful to the Hebrew testament.

When word spread that Israel was reborn, the Falashes wanted to return. With Emperor Haile Selassia's consent, Israelis opened a school in Ethopia to teach them Hebrew.

Now the first 35 Falashes are in Israel—including Imtu Negus Abraham, 15-year-old girl, who kissed the soil at Lydda Airport and cried: "God has given us life." Thousands more will come.

The mouth of the Yukon River is on the Bering Sea in western Alaska.

Last of a Series on State's Accident Problem

A Recommendation for Legislators on Traffic Safety

(This is the last in a series of articles on the Michigan traffic safety question before the Legislature, written by E. C. Hayhow, editor of the Hillsdale Daily News and formerly an official in state and Detroit safety organizations and distributed by the Associated Press.)

By E. C. HAYHOW

When the legislature meets in special session Nov. 1 to adopt measures for reducing Michigan's horrible traffic toll, it will not lack suggestions.

* * *

Governor Williams had a 14-point program based on recommendations of traffic safety authorities working with Secretary of State James M. Hare.

The Republicans are said to be working on a program of their own, similar to the governor's in basic content but varying as to detail.

It may be expected, too, that individual lawmakers will toss a variety of pet theories and ideas of their own in the hopper.

The first three articles of this series discussed the most important features of the Williams-Hare program.

HARE PROPOSALS

They are:

1. Better traffic law enforcement through an increase in the state police force.

2. A more effective driver licensing system to keep unfit drivers off the streets and highways.

3. A more adequate driver education program in the state's high schools.

Men who know the most about preventing traffic accidents agree these are "musts." Without them as a foundation, no state-wide traffic safety program can be really effective.

NINE OTHER POINTS

Actually these three "basics" account for five of the Governor's 14 points, because the driver licensing phase is split into three parts.

Here are the other nine points:

1. Grant authority for the state to purchase radar equipment for speed control, to be loaned to local law enforcement agencies as the need arises.

* * *

2. Establish a highway traffic safety center at Michigan State University.

* * *

3. Appropriate funds to permit use of the National Guard for traffic control duty on holiday weekends and other periods of abnormally heavy traffic.

4. Establish a compulsory motor vehicle inspection system, using established private garages and service stations under state supervision.

* * *

5. This proposal is contingent on transferring driver licensing from the local to the state level. It would reimburse counties for fees lost by the transfer.

* * *

6. Increase the budget of the Michigan State Safety Commission so it can do a better job in the fields of public information and accident facts research.

7. Require that all school bus drivers meet certain standards of physical competency.

* * *

8. Permit the use of chemical tests in drunk driving cases.

* * *

9. Establish a study commission to provide information as the basis for future traffic safety action.

* * *

All these are, from the standpoint of the accident prevention authorities, sound and sensible proposals.

PLAN IS COSTLY

If adopted with the three basics, they would give Michigan the most comprehensive traffic safety program in the country and undoubtedly save a lot of lives.

It should be mentioned that this program will cost a lot of money. As the Governor received it from Hare, there was a price tag on each item, I have deliberately avoided the money angle in this series for three reasons.

1. The figures are strictly tentative and thus could mislead and unfairly influence the public.

* * *

2. The members of the Legislature are better qualified than I am to determine whether the state is in a position to foot the bill . . . whatever it totals in the end.

* * *

3. No one, so far as I know, has been able to place a price tag on human life.

* * *

My personal feeling is that the job must be done whatever the cost.

I have a suggestion for members of the Legislature.

Some years ago the newspapers of Michigan disturbed by the ever-mounting toll of death and injury on our highways, became actively interested in traffic safety.

ONE MAN'S OPINION

Anyone at all familiar with newspapermen knows they are among the most rugged of rugged individualists. They are "idea" guys who can push and belabor a pet theory from here to eternity. They are Republicans and Democrats and several shades of each.

After studying the traffic safety problem they decided that here was something important enough to require that they harness their individualism, forget their own pet theories, and get solidly behind the traffic safety proposals recommended by the experts in the field.

This they have done, almost unanimously.

If the members of the Legislature will follow this example, Michigan, the home of the automobile, can take its place at the head of the traffic safety parade where it belongs.

Prefers Parachuting to Life of Marriage

PARIS—A girl's best friend is her parachute, says Clette Duval, who at 24 holds two records for 'chuting.

She owns the women's world record for delayed-drop jumping and that for jumping with an oxygen inhaler, both done in a free fall from around 22,000 feet to 1,300 feet when she pulled the rip-cord.

As a little girl in Normandy, Colette was a tomboy; during the war she was mascot of a French infantry unit and at 16 she took up gliding.

As parachuting is an expensive sport, she earns the money to pay for it by modeling Paris creations, but is often too black and blue from jumping to show evening gowns.

Colette has no interest in domestic life. "If I married I would have to give up parachuting," she says. "It's so much freer up there than on the ground."

Insurance Firms Sure Straits Bridge Is Tough

ST. IGNACE (AP)—The Straits of Mackinac Bridge's substructure is so strong that insurance companies underwriting the bridge don't consider ice and water pressure a serious hazard.

When completed in November, 1957, the bridge will contain 1,000,000 tons of material, three-fourths of which is beneath the water.

The two main piers are the deepest suspension bridge piers in the world—one 210 feet down and the other 205 feet.

Butler Derides GOP Assertions

Dem Leader Pooh-Poohs Republican 'Peace and Prosperity' Claims

CHEYENNE, Wyo. (AP) —Chairman Paul M. Butler of the Democratic National Committee derided Republican claims of "peace and prosperity" last night. Addressing a party rally, he asked:

"How can the Republicans claim to have restored prosperity when farmers are suffering a 2½-billion dollar decline in farm income, when small businesses are suffering on main streets and when 38 per cent of the automobile retailers are losing money?

"When 13 per cent of our population is being pinched by a drop in farm prices, prosperity isn't sound."

Butler said President Eisenhower had promised to balance the budget and declared: "If this administration can't balance the budget in an era of what it claims to be peace and prosperity, we Democrats wonder when, if ever, they can."

* * *

Butler discounted Republican claims that the nation is in a peace time economy. He said the country has as large a military force in arms as during the Korean War and is spending more for the military.

At a news conference before the rally, Butler was asked his views on a statement by Gov. Allan Shivers of Texas that Shivers didn't think Adlai Stevenson could be elected president on the Democratic ticket.

"If Shivers is a Democrat," answered Butler, "he would not be talking against any member of our party who is a potential presidential candidate.

"Regardless of what Shivers does or says, the Democratic nominee for president will carry Texas in 1956."

Shivers supported Eisenhower in 1952.

Sound-proof Schools

TOKYO (INS) — The Japanese government has announced it will sound-proof school buildings located near United States Air Force bases because the noise of plane engines interferes with classroom work.

The British call railroad tracks metals, a freight car a goods wagon, an auto hood a bonnet, a muffler a silencer, a batter an accumulator, a pancake turner an egg-scoop, a can opener a tin-opener, an egg beater an egg-whisk and a trillion a billion.

DR. SCHWEITZER

Order of Merit for Schweitzer

Missionary Invested With Most Respected British Metal

LONDON (AP)—Dr. Albert Schweitzer, 80-year-old missionary, musician, philosopher and Nobel prize winner who for 41 years has been physician to obscure lepers of the Congo area, went to Buckingham Palace yesterday and was invested by Queen Elizabeth II with the insignia of an honorary member of the Order of Merit.

It is one of the most restricted and cherished orders the British sovereign can bestow. Only 24 living Britons may hold it at any time. The only other living non-Briton to be an honorary member is President Eisenhower.

The reception of Dr. Schweitzer was a full-scale state ceremony. His white hair unruly and his mustache bristling, he drove to the palace with French Ambassador Jean Chauvel in a car flying the tricolor of France.

The modest doctor who has been called "the greatest man on earth," met the Queen. They chatted, the Queen showing great interest in the famous hospital he has established at Lambarene, near the equator.

The visit of Dr. Schweitzer, who traveled third class from his home in Alsace and who tried to slip into England unnoticed, has captured the fancy of London newspapers.

Several paid more attention to him today than to that subject of white-hot interest, the romance of Princess Margaret and Peter Townsend. In one encounter with the press, he interviewed himself.

"I will ask the questions, and I will answer them," he said in the little cafe of an old friend, Emil Mettler, Swiss restauraeur.

Gas Station Man Slain in Livonia

Police Try to Establish Motive of Killer Who Shot Employe

DETROIT (AP)—A gasoline station attendant was found slain today in the wash room of the station in suburban Redford Township.

Police said Delmer H. Cummings, 48, of Livonia, had been shot twice in the head. The body was found by a customer.

Police were unable to establish a motive for the shooting. They said a money changer on Cummings' belt still was full of change and his billfold was found in a locked safe. His pockets were empty, police said.

James Rowan, also of Livonia, an attendant in another gas station near the same intersection, told police he saw Cummings putting gas in a car about a half hour before his body was found. Rowan said he did not hear any shots fired.

Cummings' wife, Helen, said her husband had been working a double shift, seven days a week at the gas station to get money to have their home remodeled. The couple have two children, Harry 15, and Vickie, 5.

"He was held up once before about three days after he started at the station last June," Mrs. Cummings said.

"He was nervous about it for a while, but he finally decided it was just one of those things that happen once in a lifetime," she added.

Although Australia is 200 times as large as Formosa, each has a population of about 8½ million, says the National Geographic Society.

Billy Boy Budgie Out-Talks Others During Big Show

JOHANNESBURG — "Mr. and Mrs. Lesser and Billy Boy" reads the card on the door of a room in the Jewish Aged Home here.

It has been placed there since Billy Boy, their sky-blue budgerigar, brought fame to the old couple by being adjudged the best talking budgie at the annual show.

"Fifty budgies were talking their heads off but Billy Boy outtalked them all; 'men' budgies are the talkers—'women' budgies are dumb," explained Lesser, avoiding Mrs. Lesser's eyes. "Yes, but it takes a woman to teach them," said Mrs. Lesser and her husband had to agree.

The budgie chimed in: "Billy won the cup. Billy had his pote (without the h) taken. Billy likes rice pudding." The couple said Billy is five years old and a great "friend."

'House of Hazards' Ends Schools Tour

The "House of Hazards," which dramatizes 22 ways in which fire can strike, will end its tour of Pontiac elementary schools tomorrow.

Two showings will be given in the morning at LeBaron School, and a final showing in the afternoon at Willis School.

The demonstrations are sponsored by the Pontiac Chamber of Commerce and the Fire Department with the cooperation of General Motors Truck and Coach division. They show, through use of the miniature house, how fire can break out and cause damage and injury.

Purpose of the visual education program is to bring home to children the reality of fire hazards.

Many camels are used for transport on the Canary Islands.

NEW MICHIGAN WIND TUNNEL — This low turbulence wind tunnel is one of three embodied in a $2,000,000 aeronautical research center under construction on the University of Michigan's new North Campus. Pictured is the settling chamber of the tunnel, a facility that will permit precise studies in the subsonic range of flight.

Murder Suspect Found Innocent

New Jersey Jury Rules on Widow in Apparent Suicide of Her Husband

ELIZABETH, N.J. (AP)—A well-to-do widow who beat her husband with a riding crop the day before he died an apparent suicide was free today of atrocious assault and battery charges.

It took a Union County jury less than an hour yesterday to find Mrs. Lucille Schroeder, 52, of Summit, innocent.

The grey-haired widow, a former dancer, burst into sobs upon hearing the verdict.

Her husband George, 50, died last Jan. 18 from an overdose of barbiturates. During the three-day trial, Mrs. Schroeder described him as a man who couldn't leave liquor alone.

On the night of Jan. 17, she related, he came home drunk, knocked his dinner plate to the floor and started flaying at her with a cane.

Mrs. Schroeder told the seven-man, five-woman jury she seized her son's riding crop and struck Schroeder because she feared the cane being swung by her husband.

* * *

Then, she said, she hit Schroeder several times to force him to eat another dinner she prepared to sober him.

Schroeder was a former member of the legal staff for the Prudential Insurance Co. of America and was associated with a New York law firm.

Prisoner Enjoys Food

CHICAGO (INS)—A one-hundred pound "prisoner" who ate up all the bologna at a Chicago police station where he was lodged overnight in a cell had no complaints about the food.

In fact the "prisoner," a huge Great Dane dog, found on the street, had no complaints about anything. His owner, Dallas Alter, claimed him Tuesday.

Got the Sniffles? Then We're All in the Same Boat

DETROIT (INS)—Dr. Joseph G. Molner, Detroit health commissioner, has pointed out that the early fall season is one of the three peak periods for colds.

* * *

The health commissioner, who said almost everyone had at least one cold a year, listed January and March or April as the other two periods. He declared:

"There is just one way to catch a cold and that is to come in contact with another person who has one. The common cold is a virus infection and as far as it is known today, this virus is not destroyed by any known drug or other remedy."

However, he explained, infections which follow a cold are responsive to treatment by antibiotics.

* * *

The doctor's suggestions to avoid colds included staying away from persons with the sniffles, sufficient rest, well balanced meals, no overfatigue and to dress according to the weather.

China to Release Pair

TOKY (AP)—Red China's Peiping radio said today two Americans living in Shanghai, Mr. and Mrs. Louis Henkel, have been granted permission to leave the country. The Red radio gave no further identification.

River Yields Bodies Held for 15 Years

SAULT STE. Marie, Mich. (AP)—Discovery of a car in the St. Mary's River has solved the disappearance of a Canadian oil company official and his wife 15 years ago.

A diver searching the river yesterday for a Sault Ste. Marie, Ont., man who had threatened suicide found the car mired in four feet of silt off the government dock at the Canadian Soo. Inside were the remains of two bodies, later identified as Mr. and Mrs. Earl Kirk of North Bay, Ont.

* * *

Kirk, who was district manager for the British-American Oil Co., was traveling with his wife to visit her parents in Emerson, Man., when they vanished Oct. 4, 1940.

Officers theorized that the Kirks had been traveling at night and became lost.

Japanese Boats Seized

TOKYO (INS) — Kyodo News Service reported that three Japanese fishing boats were seized Tuesday by Russian gunboats off the Kurile Islands north of Japan.

Hairdressers to Meet

GRAND RAPIDS (AP)—About 500 hairdressers are expected Sunday at a regional meeting of the Michigan Hairdressers and Cosmetologists Assn., which include 11 societies in Southwest Michigan.

Storms Worry Home Builders

Want Sturdier Houses in Areas Most Affected by Hurricane—Flood

NEW YORK (AP)—Storms that have lambasted large sections of the nation with marked fury this year are making home owners, industrial management and the building industry increasingly hurricane and flood conscious.

* * *

Hurricane-resistant windows, leakproof walls, wind and water defiant foundations, bridges and highways are prime topics today in architectural and construction circles. New paints and other surface coatings, as well as new construction materials and methods are being tested in laboratories.

In addition to spectacular damage and destruction of many buildings and bridges, heavy rains and floods have ruined countless driveways, cellar walls and floors and house roofs this year. So, many a home owner is more storm conscious than ever.

STURDIER HOMES

Sturdy house building is very much more in the minds of would-be home owners now. Contractors say that one housing development lost roofs in wholesale quantities in one of the big blows because builders had skimped on roof nails.

A lot of ideas on making big buildings hurricane resistant are being pushed.

* * *

A New York skyscraper, the Socony Mobil Building, a 45-story stainless steel clad office structure, will boast 3,200 "hurricane resistant" windows. One of the secrets is a double gasket seal of polyvinyl chloride.

The Truscon Steel division of the Republic Steel Corp, which designed and made them says it had them tested by the University of Miami. Wind and water were hurled against sample windows at velocities equal to a 145-mile-an-hour storm. Air pressure against the quarter-inch plate glass was around two thirds of a ton.

The steel industry is touting the use of more steel reinforcement in concrete in highways, driveways and foundations. This summer's storms left miles of roadbeds piles of rubble. Undermining by floods is another problem, but the steelmen say many road surfaces could have been saved with greater use of welded wire fabric in the cement.

The American Federation of Labor was organized Nov. 15, 1881.

AP Wirephoto

HERO DOG — Rebel, a two-year-old Boxer, is hugged by his mistress, Mrs. Pauline King, in Oakland, Calif., after he saved her from an assailant as she carried home the day's receipts from a tavern she owns. Rebel knocked the man down, but when the dog was restrained the attacker escaped. Mrs. King bears scratch marks on her face from the encounter.

Biggest Bargain in Meats for U.S. This Week: Pork

By THE ASSOCIATED PRESS

NEW YORK—Pork is the No. 1 buy in meat this week. It's available in food stores and supermarkets from coast to coast at bargain-basement prices.

Roast loin of pork heads the list of weekend specials in many markets—and if you want to serve it with homemade apple sauce, you'll find apples cheap and plentiful also. This is "National Apple Week," an annual sales promotion event timed to coincide with the peak harvest season.

Smoked ham is another featured item on meat counters this week. Beef rib roasts and sirloin steaks are moderately priced, as is shoulder of veal. Roast leg of lamb, although still relatively high, has been marked down 4 cents a pound by major food chains in several U.S. cities; one big chain is featuring a weekend special in loin lamb chops.

Biggest reductions are for pork. In some parts of the country, prices of center cut pork chops are down as much as 10 cents a pound.

Frying chickens are a little higher in price in some cities, reflecting higher quotations at wholesale, but still constitute an excellent buy.

* * *

Potatoes and onions are again the "outstanding" buys in produce — and marketing specialists say fer than usual for this time of year.

the quality for most types is bet-

Cabbage, cauliflower, lettuce and greens are plentiful and moderately priced in most parts of the country. Also listed as good buys are peppers, eggplants, southern cucumbers, Canadian rutabagas, and Virginia snap beans.

Pears, also very much in season, are available at moderate prices almost everywhere. Citrus fruits, both from California and Florida, are coming to market in increasing volume. Strawberries and raspberries are putting in an appearance here and there but shipments are not yet sufficiently large to force prices down to bargain levels.

Egg prices, still on the uptrend, may start falling again soon. Production—at a record rate in September—moved still higher this month. So far, however, unprecedented consumer demand has held egg prices well above year-ago levels.

Gets $1,000.10 for 20c

OKLAHOMA CITY (AP) — The widow of an oil field worker collected $1,000.10 yesterday from an insurance policy on which only 30 cents premium had been paid. Harold Brill, 33, took out the policy two weeks before he was killed in a nitro glycerin explosion near Wilson, Okla., Saturday. He paid only three weekly 10 cent premiums. The firm refunded the final payment since the first two covered the life span of the policyholder.

New Husband Is Jealous of Parakeet, Wife Leaves

CHICAGO (AP)—Mr. Odelle Kelly Kemp, 29, testified in Superior Court that her husband was jealous of her parakeet.

She said her husband Robert, 37, became angry and struck her when she spoke to her pet bird after they returned from their one-week honeymoon last June. They separated Aug. 27.

Judge Harry G. Hershenson granted Mrs. Kemp a divorce on grounds of cruelty.

GAY POPCORN BALLS—Popcorn is a must for Halloween refreshments. Make up popcorn balls, of course, and put fierce jack-o-lantern faces on them. Frost popcorn squares with chocolate and use as a garnish.

Fierce Halloween Faces Decorate Popcorn Balls

Halloween parties are coming soon. That means popcorn, among other symbols of gaiety. So let's get our popping notes in order.

* * *

These five simple steps are recommended by popcorn canners:

1. Warm up the popper, heavy pan or heavy skillet.
2. Put in one-fourth cup of your favorite cooking oil or shortening.
3. Let the oil get hot, about three minutes. Drop in three of four kernels. When the kernels "spin" in the hot oil, it's ready to pop corn.
4. Pour from can enough popcorn to cover the bottom of the popper or pan no more than one kernel deep.
5. Cover and shake gently. When you hear the last few pops, remove pan from heat and empty contents in a large bowl.

Jack-o'-lantern balls make handsome Halloween decorations that are delicious to eat:

1 can of popcorn kernels
1½ cups light corn syrup
2 tablespoons molasses
2 tablespoons vinegar
2 tablespoons butter or margarine
4 drops yellow food coloring
12 wooden skewers
36 tiny black gumdrops
6 black gumdrop strips
Cellophane paper
12 6-inch paper doilies
Orange and black ribbon

Pop about one-third cup kernels according to above instructions. Measure 9 cups of popcorn into a large bowl. Combine syrup, molasses, vinegar, butter and food coloring in a medium-sized saucepan. Cook over low heat, stirring occasionally until candy thermometer registers 240 degrees, or until a soft ball is formed when mixture is dropped into cold water.

Continue to cook slowly, stirring constantly until candy thermometer registers 265 degrees, or until mixture is slightly brittle when dropped into cold water. Quickly pour syrup over popcorn, stirring with a wooden spoon until blended.

Grease hands with butter and quickly mold popcorn mixture into 12 3-inch balls. Press wooden skewers into balls for handles. Make eyes and noses of gumdrop. Make mouths of gumdrops strips, cut in half lengthwise. (Snip the strips, if desired, with scissors to resemble teeth).

Press eye, nose and mouths of popcorn balls gently to make them stick. You may boil one-half cup of light corn syrup and dip the gumdrops to help them stick.

Cover each jack-o'-lantern with cellophane paper, twisting paper tightly around the "neck." will make 12 jack-o'-lanterns.

Rice Waffles, Plum Sauce Brighten Adult Halloween

WASHINGTON (INS) — Parents may need a little rest and relaxation after the "trick-or-treat" excitement is over.

Rice Waffles with Purple Plum Sauce is a tasty dish to prepare as an adult treat after the youngsters are bedded down for the eerie night.

Rice Waffles

½ cup packaged pre-cooked rice
½ teaspoon salt
¾ cup boiling water
1½ cups sifted flour
2 teaspoons double-acting baking powder
¾ teaspoon salt
3 egg yolks, well beaten
1¾ cups milk
3 tablespoons melted butter or other shortening
3 egg whites

Add rice and one-fourth teaspoon salt to boiling water in saucepan. Mix just to moisten all rice. Cover and remove from heat. Let stand 13 minutes.

Then sift flour once, measure, add baking powder and three-fourths teaspoon salt, and sift again. Add rice and mix well.

Combine egg yolks and milk. Add to flour mixture, blend, add shortening, then mix only until smooth.

Beat egg whites until they will hold up in moist peaks. Stir quickly but thoroughly into batter.

Purple Plum Sauce

¾ cup canned purple plums coarsely chopped
2 teaspoons grated orange rind
¾ cup canned purple plum juice
2 tablespoons sugar
2 tablespoons brandy (optional)

Simmer all ingredients, except brandy, slowly over low fire until thickened.

Add brandy, if you like it, just before serving over waffles.

This Method Insures Good Fried Fish Fillets

Good fried fish fillets can be made this way. Beat an egg with a tablespoon of water, a teaspoon of salt and a dash of pepper. Dip 2 pounds of fish fillets (cut into serving-size portions) in the egg mixture, then into fine cracker crumbs.

Fry slowly in a generous amount of melted butter or margarine until golden brown on both sides.

Soup Accompaniment

Good soup accompaniment: Spread buttered toast with soft cream cheddar cheese and brown under the broiler. This tidbit is delicious with a cream of tomato or other creamed vegetable soup.

Transform Biscuits Into Quick Coffee Cake

Coffee cakes seem made to order for entertaining. And with a package or two of ready-for-the-oven biscuits in your refrigerator, you have the start of many varieties of hot, sweet breads.

We especially like this Round-the-Clock Coffee Loaf. It's a real-quickie and as tempting for afternoon or evening snacks as for a leisurely Sunday brunch.

You give each biscuit a speedy finish by dunking into melted butter, then into a mixture of sugar, cinnamon and nuts. Arrange in a loaf as directed and bake.

• • •

Frost the loaf while still warm, and top with remaining cinnamon, sugar and nut mixture. Better have plenty at serving time for each biscuit will disappear in about three bites!

ROUND-THE-CLOCK LOAF—Carry this sweet 'n' spicy coffee loaf to the table while it's still fragrant and warm. Let each person break off his own serving. Refrigerated biscuits are the base, while a surprise frosting of cream cheese covers the top.

Round-the-Clock Coffee Loaf

2 packages refrigerated unbaked biscuits
¼ cup butter or margarine, melted
⅓ cup sugar
¾ teaspoon cinnamon
⅓ cup walnuts, chopped
1 ounce (1-3 of 3-ounce package) cream cheese
¾ cup sifted confectioners' sugar
1 teaspoon milk
¼ teaspoon vanilla

Combine sugar, cinnamon and nuts. Dip biscuits in butter, then in sugar mixture. Place 13 biscuits in bottom of 12x8x2-inch pan, then top with second layer of seven biscuits, overlapping slightly.

Bake at 425 degrees until golden brown, 20 to 25 minutes.

Combine cream cheese, confectioners' sugar, milk and vanilla; cream well. Frost warm loaf. Sprinkle remaining sugar-nut mixture over top. Serves eight.

Quick Dinner Biscuits

Place one package refrigerated unbaked biscuits in 8-inch round layer pan. Brush tops with milk or egg as directed; sprinkle with one of the toppings listed below. Bake at 450 degrees 10 to 12 minutes.

Brush with 1 tablespoon milk, then top with:

Celery salt and garlic salt: Dash of either or both on each biscuit.

Chili powder: Dash on each biscuit.

Paprika: Dash on each biscuit.

Grated Parmesan cheese: One tablespoon for one package biscuits.

Wheat germ: One-half teaspoon for one package biscuits.

Brush with 1 egg white or whole egg, slightly beaten. Then top with:

Caraway or sesame seed: One-half teaspoon for one package biscuits.

Poppy or celery seed: One-fourth teaspoon for one package biscuits.

Spy, Winesap Apples Good in Pie or Sauce

Looking for a good apple to use for pie or sauce? Food specialists at Michigan State University suggest Northern Spys and Stayman Winesaps.

Spys are in abundance now; their season runs from September to December.

The Spy is a bright, striped red apple with a clear pale yellow skin which is nearly concealed with bright pinkish red, mottled and splashed with carmine.

The Stayman Winesap, which has a season from November to February, is excellent for baking. It is a dull, mixed red, rather indistinctly striped with dull carmine. Often, the Stayman Winesap is covered with light gray and russet dots.

Use Limas in Salads

Use cooked large dry lima beans for thrifty salads. They're good mixed with diced unpeeled red apple and mayonnaise; the seasonings to add are lemon juice, brown sugar, celery and small cubes of cheese.

Leftover Beef, Soup Make Creamy Dish

Suppose you have some leftover beef stew or roast. This is what you can do with it.

Creamed Beef and Vegetables

Leftover beef stew or roast, at least 1 cup, put through meat chopper or cut into very small dice
1 tablespoon oil, butter or margarine or lard
1 tablespoon flour
1 can condensed cream soup either mushroom, celery, tomato or condensed vegetable beef soup
½ cup milk
Salt and pepper to taste
Toast or mashed potatoes

* * *

Heat oil, butter or margarine or lard. Add beef and heat through. Sprinkle with flour. Cook until slightly browned. Shake pan frequently.

Add soup and milk. Stir until thickened. Season to taste with salt and pepper. Serve on toast or mashed potatoes. Serves two-three.

Broil Chicken Burgers for Satisfying Lunch

Broiled Chicken Burgers make a satisfying luncheon main dish. Cut enriched hamburger buns in half. On each half place a slice of canned jellied cranberry sauce.

For six sandwiches, mix 3 cups chopped cooked chicken, two-thirds cup mayonnaise, one-half cup chopped sweet pickle, salt and pepper. Spread over the cranberry sauce. Place under broiler until hot and bubbly.

HONEY APPLESAUCE COOKIES — Honey helps to keep cookies moist and fresh tasting for a long time. These yummy-looking treats are an old favorite, applesauce cookies. They appeal to young cookie jar raiders and to the tea-time crowd.

Honey Applesauce Flavor Insures Cookie Popularity

These hard-playing American youngsters of ours betray their health and vigor by their lusty appetites. What mother hasn't been urgently summoned out to the sandbox or backyard baseball diamond to "bring us something to eat, willya, Mom?"

For a nutritious afternoon snack as well as a welcome one, take a second look at this recipe for Honey Applesauce Cookies.

Everyone knows that honey is one of the surest ways to get a quick spurt of energy. It is economical to use the year around, and in plentiful supply.

Applesauce, cinnamon and cloves lend spiciness to the cookies.

And the recipe makes plenty. While you are baking cookies, you might as well bake enough cookies to last—oh, a couple of days at least.

It's a fair guess that not only your own children, but the whole neighborhood will be lining up for their share of these Honey Applesauce Cookies!

Honey Applesauce Cookies

2 cups sifted cake flour
¾ teaspoon double-acting baking powder
1¼ teaspoon salt
½ teaspoon soda
1 teaspoon cinnamon
¼ teaspoon cloves
⅔ cup butter or other shortening
1 teaspoon grated lemon rind
½ cup sugar
2 eggs, unbeaten
½ cup honey
¾ cup applesauce
¾ cup coarsely chopped nuts
1 cup raisins

Measure sifted flour, add baking powder, salt, soda and spices, and sift again. Cream shortening with lemon rind; add sugar gradually, creaming until light and fluffy. Add eggs and honey; beat well.

Then add flour, alternately with applesauce, a small amount at a time, beating after each addition until smooth. Mix in nuts and raisins.

Drop by teaspoon onto ungreased baking sheet, 2 inches apart. Bake in hot oven (400 degrees) about 12 minutes. Store in tightly covered container. Makes about 5½ dozen cookies.

Packaged Mix Used for Peach Coffee Cake

Serving good, hearty breakfasts need not entail a lot of extra work for you. Make use of canned biscuits, rolls which are ready to pop into the oven, or some of the many packaged biscuit, muffin and coffee cake mixes now on the market. You can make these products glamorous by using simple, tasty toppings.

For instance, use a packaged biscuit mix to make a Peach Upside-Down Coffee Cake. To make the topping, combine 2 tablespoons melted butter or margarine with one-half cup brown sugar.

Spread in the bottom of a greased 8-inch square pan. Arrange 1 cup sliced peaches and one-third cup sour, pitted cherries on top of the brown sugar mixture. Spread the batter over the fruit. Bake.

It's smart to stay slim and trim and get Domino's "Energy Lift" too!

WHICH IS LESS FATTENING?

Yes, 3 teaspoons of Domino Sugar actually contain fewer calories than ½ medium grapefruit!

Sure, you need Domino Sugar to sweeten coffee, tea and your favorite foods. But equally important . . . Domino Sugar supplies quick-energy—fast. Faster than any other food.

What's more, there are only 18 calories in a teaspoon of Domino Sugar. That's fewer calories than in many "reducing diet" foods! So if you're reducing, remember: "Sugar-starved" people often lose pep and energy instead of weight! Just as Grapefruit is famous for its health values—in a well-balanced diet, Domino Pure Cane Sugar helps supply the quick food-energy you need every day for pep and vitality.

So be smart . . . use a sensible amount of satisfying, *low*-calorie, *high*-energy Domino Sugar at every meal . . . *for only one sugar is Domino Pure.*

FREE! For the safe, sure way to lose weight without losing pep, or giving up Sugar . . . send now for Domino's New Reducing Diet Booklet! Address:

Chicken Salad Baked in Tarts

Ovens are sort of friendly things. In one sense, baking is a sign of happiness to the family. As Dad or the children come home to pie baking or meat roasting, there's a sense of "Mom's in the kitchen and all's right with the world."

* * *

Now that sweltering summer has faded and ovens are back in the homemaker's favor, try this hot chicken salad baked in chive-flavored tart shells. You'll not get "hot and bothered" over this simple as 1-2-3 recipe. Let the oven do the heating!

* * *

Celery and walnuts give a pleasing crunchiness to the tender chicken meat in the salad. Either broiler-fryer or stewing chicken can be cooked in advance for this recipe. Allow about 40 minutes for the broiler-fryer and 2½ to 3 hours for stewing chicken when simmering in seasoned water.

Baked Chicken Salad In Chive Tarts

1 recipe plain pastry using 1½ cups flour, or 1 package pie crust mix
2 tablespoons chopped chives
1½ cups cooked chicken, coarsely cut up
½ cup chopped walnuts
1 cup diced celery
½ teaspoon salt
Dash pepper
2 teaspoons minced onion
2 tablespoons lemon juice
¾ cup mayonnaise

Start heating oven to 450 degrees. Prepare pastry according to recipe or package directions, adding chives. Line four individual pie plates with pastry.

For the filling, combine chicken, celery, walnuts, salt, pepper, onion, lemon juice and mayonnaise; toss lightly. Heap into the uncooked pastry shells.

Bake in a hot oven (450 degrees) 15 minutes or until crust is light brown. Garnish with a dollop of mayonnaise and a sprig of parsley. Serve hot. Makes four tarts.

CHICKEN, CHIVE TARTS — Bite-size pieces of chicken, crunchy bits of celery and chopped walnuts make this salad a distinctive one. Bake it briefly in chive-pastry shells. Garnish with a dollop of mayonnaise and a sprig of parsley.

Spice Up Applesauce With Coffee Flavoring

Apples gem the trees with red and green. This autumn there is a new secret to serving superb applesauce. "Spice" it with instant coffee, serve it warm, and you'll have a wonderful new meat relish or dessert.

The formula for Coffee Applesauce is as simple as combining and bringing to a boil, stirring constantly, 2 cups applesauce, 2 teaspoons instant coffee, 2 tablespoons brown sugar, and 1 tablespoon butter. Serve warm.

Add Extra Vitamins to Kraut Cocktail

Here's a pleasant variation of a standard way to serve canned sauerkraut juice.

Vitamin Kraut Cocktail

1 can (12 ounces) vegetable juice cocktail
1 can (one pint and 2 ounces) sauerkraut juice
¼ teaspoon dried dill weed.

Mix vegetable juice cocktail, sauerkraut juice and dill weed. Chill to allow flavors to blend. Makes six servings.

Note: This cocktail is attractive served in Pilsner glasses.

Airy dessert: Soft meringues served atop thin vanilla pudding.

Easy Stir-n-Roll Biscuits Crown Meat Pie

The stir-n-roll method, the revolutionary new and easy way to make pie crust and biscuits, comes to full glorious use in a new cookbook. There's the basic recipe with method pictures and a wonderful lot of variations.

* * *

For instance, Party Meat Pie with Parsley Pinwheels, pictured here and in the book, and Stir-N-Roll Cheese Biscuits are recipes to be found in the book.

* * *

There are how-to-do pictures galore for making luxurious chiffon cakes, the new Stir-N-Drop Cookies and One-Minute French Dressing. Color photographs and easy-to-read recipes lead you into fixing these delicious foods and other interesting ones.

Party Meat Pie With Parsley Pinwheels

2 tablespoons salad oil
½ cup sliced onion
2 cups diced cooked chicken, ham, or canned luncheon meat (12-ounce can)
½ cup sliced green pepper
1 can (10½ ounces) condensed cream of chicken soup
1 cup liquid (milk or broth)
1 recipe Stir-N-Roll Biscuit Dough
¼ cup chopped parsley

Heat oven to 425 degrees (hot). Heat salad oil in heavy fry pan, add onion and cook until golden. Add diced meat and green pepper. Stir in soup and liquid. Cook, stirring, until mixture reaches boiling point.

Pour into a 1½-quart casserole. Make Stir-N-Roll Biscuit Dough. Pat dough on waxed paper into a rectangle 7 x 13 inches. Sprinkle chopped parsley over dough.

Roll up, beginning at wide side. Use paper to aid in rolling. Seal well by pinching edge of dough into roll. Cut into nine 1-inch slices.

Place parsley pinwheels cut side up on top of hot mixture. Bake 25 to 30 minutes. Six servings.

Stir-N-Roll Biscuit Dough

2 cups sifted all-purpose flour
*2 teaspoons baking powder
*1 teaspoon salt
½ cup salad oil
¼ cup milk
*If you use self-rising flour, omit baking powder and salt.

Heat oven to 475 degrees (very hot). Sift together flour, baking powder and salt. Pour salad oil and milk into a measuring cup (but don't stir.) Then pour all at once into flour.

Stir with fork until mixture cleans sides of bowl and rounds up into a ball. Smooth by kneading dough about 10 times without additional flour.

PARTY MEAT PIE—Parsley biscuits top a creamy filling to make a glamorous main dish. This is one of the new stir-n-roll recipes from a colorful cookbook put out by a well-known salad oil company.

Stir-N-Roll Cheese Biscuits

½ recipe Stir-N-Roll Biscuit Dough
¼ cup grated American cheese

Roll dough to one-fourth inch thickness. Sprinkle dough with cheese. Roll as for jelly roll. Pat dough out again to one-fourth to one-half-inch thickness; cut biscuits.

Bake at 475 degrees (very hot oven) 10 to 12 minutes. Makes 16 medium biscuits.

Good Sizing, Display Increase Pear Sales

WASHINGTON (INS) — New government studies indicate that winter pears can be made more tempting for the housewife by transparent packaging and a good assortment of sizes.

Research showed that sales increased most when medium-sized pears in bulk and in packages of six were displayed along with large pears in bulk and in packages of three, four, six or eight.

Such an arrangement stepped up sales 26 per cent over displays of medium-sized fruit in packages and in bulk without the large ones nearby.

Wieners Usually Mean Long Skinless Franks

When most people talk about the long slender wieners they are usually referring to the skinless all-meat sausages which are usually less expensive and have become the most popular of all varieties. Selling for about 45 to 49 cents per pound on the current retail markets, they contain pork and beef in varying proportions, depending upon the current supply of pork trimmings—30 per cent pork is the popular average.

"All-meat" means just that—the sausages are made up of all meat with no extenders, such as milk powders and flour, which cheapen the product by adding bulk and absorbing water.

Most of the larger franks are the all-beef varieties with natural casings.

Busy Moms Use Garnishes to Dandify Right-Out-of-the-Can Casserole Dishes

As Great Aunt Mehitabel used to say, "Autumn is the season when womenfolks go gallivanting!"

Truer than ever today! PTA meetings. Church groups. Or a full-time job. The list of time-taking projects is endless. And every evening, homemakers all over the country dash breathlessly kitchenward; after hours of work, volunteer or otherwise.

A casserole. That's the first object of attention—and affection. And oh what a cook can do with it. Plus a he-man type main dish—right out of a can. Such as pork and beans; spaghetti in tomato sauce, or macaroni with cheese sauce.

Leave it to the clever cook to "dandify" these old-faithfuls—with a bit of chicken or bacon, a flash of red pimiento or other garnish.

* * *

She bakes these luscious mixtures in individual casseroles—or one large shallow one. So they finish faster. And every night the family is flabbergasted at Mom's marvelous meals, turned out in record-breaking time. These, for instance:

Beans With Sausage-On-A-Stick

1 can (1¾ cups) pork and beans
Canned pineapple (ring or chunks)
4 link sausages

Empty beans into two individual casseroles (or one larger.) Cut each sausage into three chunks. Alternate sausage with pineapple chunks on skewers (about four or five). Arrange these on top beans, pushing sausage down into beans.

Bake at 400 degrees for 45 minutes or until sausage is well browned and cooked through. Makes two servings.

Macaroni A La King

¼ medium green pepper, diced
1 tablespoon butter or margarine
¼ cup chopped pimiento
2 cans (1¾ cups) macaroni with cheese sauce
1 cup (1 small can) cooked chicken, diced

Cook green pepper in butter until soft. Mix with pimiento, macaroni and chicken. Spoon into four individual casseroles (or one larger). Bake at 400 degrees for about 15 minutes. Makes four servings.

Spaghetti With Bacon-Pepper Twists

1 can (1¾ cups) spaghetti in tomato sauce with cheese
1 green pepper
4 slices bacon

Empty spaghetti into two individual casseroles (or one larger). Cut green pepper into bite-size pieces. On a skewer, thread a slice of bacon, alternating it with green pepper chunks. This fills four skewers.

Place two skewers atop each casserole, dunking them down into spaghetti. Bake at 400 degrees for about 45 minutes, until bacon is crisp-brown and pepper tender. Makes two servings.

Popcorn Ranks Number 1 on Teenagers' Hit Parade

A recent survey conducted among teenagers reveals that popcorn is now one of the leading favorites at their parties and "jive jamborees."

* * *

"Popcorn and soft drinks are the principle snacks served at more than 72 per cent of all teenage parties," the survey revealed.

And mom and pop like the idea, too, because popcorn serves so many for so little. One 10-ounce can of the most popular brand pops as much as 12 quarts of popped corn. That's less than two cents for a whole quart of popcorn—and two cans generally serve a whole crowd.

"Popcorn is fun at a party," many teenagers reported in the interview, "because you can pop it right at the party—and everybody gets fun out of it."

The informality of "guest participation" adds a lot to any party, and this is perhaps the only food that can be served and prepared by the guests themselves.

NO SPECIAL PAN

No special poppers are really needed. A heavy pan or skillet is all that is required. Place about 3 tablespoons of cooking oil in the bottom of the pan or popper and heat until a kernel of popcorn dropped in the hot oil pops.

Pour in one-third cup of popcorn and reduce heat to medium. Put lid on pan, shake or stir until all of the popcorn is popped. Empty into large pan or bowl. Salt to taste.

Takes only a few minutes to pop several heaping bowls by using this method, if you are sure to buy popcorn that is fresh, and guaranteed to pop.

SPRINKLE WITH CHEESE

For a different taste treat, the popped corn can be sprinkled with grated cheese, and mixed thoroughly in the bowl, right after popping.

Many teenagers enjoy a bowl of popcorn while doing homework, listening to their favorite radio music, watching TV, or while enjoying their record players. And . . . not only teenagers . . . but a few bowls of popcorn are fun for the whole family and make a pleasant evening at home anytime.

Don't Smooth Meringue

Don't smooth out a meringue when you are spreading it over a pie filling. Swoops and billows look pretty after the topping is browned!

Team Brisket With Noodles

It's often the most inexpensive cuts of meat that make the tastiest meals. A thrifty supper combining tender-cooked lamb or beef with noodles and vegetables is a satisfying and welcome sight in chilly winter evenings when appetites demand plenty of old-fashioned goodness and flavor.

Macaroni products combine perfectly with any kind of meat in nutritious and well-balanced dishes the whole family enjoy.

You'll want to serve this hearty recipe often during the cold-weather months, so be sure to stock up on a wide variety of macaroni products during National Macaroni Week, Oct. 20 to 29.

Cooked in one pot and served together on a platter, rolled beef brisket, vegetables and egg noodles make a simple and hearty winter meal. Horseradish sauce is a flavorful accompaniment.

BEEF BRISKET DINNER—Beef brisket is an economical meat, and a tasty one too. Have it rolled and cook it with vegetables and noodles for a hearty fall dinner dish. Serve with horseradish sauce.

Beef Brisket and Noodle Dinner

1 3-pound beef brisket rolled and tied
Salt and pepper
¼ cup butter or margarine
½ cup chopped onions
1½ quarts water
2 teaspoons salt
¼ teaspoon pepper
8 small whole carrots
12 small whole white onions
8 ounces medium egg noodles (about 4 cups)
Salt and pepper to taste

Sprinkle beef with salt and pepper. Melt butter or margarine over medium heat. Add chopped onions and saute five minutes. Add beef and brown well on all sides. Add 1 quart water, 2 teaspoons salt and pepper.

Cover and cook over low heat 2 to 2½ hours, or until meat is almost tender. Add carrots, whole onions and remaining water.

Continue cooking 30 minutes, or until meat and vegetables are tender. Remove meat and vegetables to heated serving platter.

Heat stock to boiling point. Gradually add noodles so that stock continues to boil. Cook uncovered, stirring occasionally, until tender. Season to taste with salt and pepper.

Drain noodles and reserve stock. Surround meat and vegetables with noodles. Serve with thickened stock, if desired. Makes six to eight servings.

A light coat of grease in the pan in which chocolate is to be melted simplifies cleaning the pan later.

Snowy Rice Is Crowned by Sauerbraten Meatballs

If you've never made anything "sauerbraten", start with this easy recipe and prepare Sauerbraten Meatballs.

Meatballs cooked in sauerbraten gravy is a new way to use ground beef. By serving the meatballs and sauce over low-cost rice, you stretch the number of servings from a pound of beef, and none of the delicious sauce is lost.

Also—the easily cooked rice is perfect for the piquant sauerbraten gravy.

Sauerbraten Meatballs

2 slices fresh bread
½ cup milk
1 lb. ground beef
2 teaspoons grated onion
Dash of garlic powder
1 teaspoon salt
⅛ teaspoon black pepper
¼ cup all-purpose flour
2 tablespoons cooking fat
¼ cup cider vinegar
1½ cups water
1½ teaspoons beet or cane sugar
1 cup sliced onions
2 peppercorns (or add black pepper to taste to gravy)
1 bay leaf
4 whole cloves
1 cup uncooked white rice
1 teaspoon salt
2 cups water
4 ginger snaps, crumbled

Tear the bread into small pieces and place in a large bowl. Pour the milk over the bread. Add the ground beef, the 2 teaspoons of grated onion, garlic powder, salt and pepper. Mix well.

Form into 12 meatballs about 1½ inches in diameter. Roll the meatballs in the flour. Melt the fat in a large skillet.

Brown the meatballs on all sides. Add the vinegar, water, sugar and onions. Tie the peppercorns, bay leaf and cloves in a piece of cheesecloth. Add to the meat. Cover with a lid and simmer 30 minutes.

About 10 minutes before the cooking time is up, put the rice, salt and water in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat as low as possible. Cover with a lid and leave over this low heat 14 minutes. Remove the saucepan from the heat but leave the lid on until ready to serve, or at least 10 minutes.

After the meatballs have simmered 30 minutes, remove the bag of spices. Add the ginger snaps and continue cooking, stirring occasionally, for 10 to 15 minutes or until the gravy thickens.

To serve, spread the hot cooked rice on a hot platter. Top with the meatballs and gravy. This recipe makes six to eight servings.

Applesauce Is Included in Sweet Pastry Filling

Use some of that applesauce this way: Mix it with coconut and raisins and put a little of it on pastry rounds. Fold the rounds over and press the edges together with the tines of a fork; bake in a hot oven. Be sure the applesauce is thick and sweetened.

Vary Apple Dumplings

New apple cumplings: Bake the apples, sweetening as usual, before covering with pastry and baking in a hot oven for about 20 minutes. Use standard pie pastry and brush it with a mixture of egg yolk and water for a pretty glaze.

Here's a trick that makes a treat . . . *baked* apple doughnuts that have the airy lightness of a puffy deep-fat-fried doughnut yet are baked in muffin pans. The flavored freshness of new fall apples plus flavor-fresh Clabber Girl make for a fine example of fresh ingredient baking.

BAKED APPLE DOUGHNUTS

Yield: 12 doughnuts

1¾ cups sifted all-purpose flour
1½ teaspoons Clabber Girl Baking Powder
¼ teaspoon salt
¼ teaspoon ground nutmeg
¼ cup sugar
¼ cup shortening
1 egg, beaten
¼ cup milk
¼ cup grated raw apple
¼ cup melted butter or margarine
¼ cup sugar
1 teaspoon ground cinnamon

Sift together flour, Baking Powder, salt, nutmeg, and ¼ cup sugar. Cut in shortening until mixture is fine. Mix together egg, milk, and apple; add all at once to dry ingredients and mix quickly but thoroughly. Fill greased 2½ x 1¼-inch muffin pans ⅔ full. Bake in a 350° F. (moderate) oven 20 to 25 minutes or until golden brown. Remove from pans. Immediately roll doughnuts in melted butter or margarine, then in sugar and cinnamon which have been mixed together. Serve warm.

Flavor Fresh

Remember, it's the fresh ingredients in your home-baked recipe that make things taste better; stay fresh longer!

CLABBER GIRL

IS NOW *EXCLUSIVELY* KNOWN AS THE BAKING POWDER WITH THE BALANCED DOUBLE ACTION

HULMAN AND COMPANY, TERRE HAUTE, INDIANA

Chili Spaghetti Is Hearty Fare

The proof of a good cook is in making the most of foods which are plentiful and low in price by serving them often in many different ways.

* * *

Economical macaroni products and ground beef are two of the most versatile items on a homemaker's shopping list, for they can be combined in dozens of delicious and appetizing dishes.

* * *

This is the season we look forward to plenty of hot and hearty meals so be sure to keep this recipe handy for many a satisfying supper.

Chili Beef Spaghetti

1 tablespoon salt
3 quarts boiling water
8 ounces spaghetti
1 pound ground beef chuck
2 tablespoons salad oil
½ teaspoon salt
1 teaspoon chili powder
2 8-ounce cans tomato sauce
2 cups grated processed American cheese (about ½ pound)

Add 1 tablespoon salt to rapidly boiling water. Gradually add spaghetti so that water continues to boil.

Cook uncovered, stirring occasionally, until tender. Drain in colander.

Cook beef in oil until lightly browned. Add one-half teaspoon salt and chili powder and mix well.

Arrange alternate layers of spaghetti, tomato sauce, beef mixture and cheese in greased 2-quart casserole. Bake, covered, in moderate oven (350 degrees) 45 minutes. Makes four to six servings.

Luncheon Dish Celery, Oysters Blends Creamy

Use frozen oyster stew to make this delicious luncheon dish.

Creamed Celery and Oysters

2 cups diced celery (¼-inch pieces)
¼ cup boiling water
1 can (10 ounces) frozen condensed oyster stew
2 tablespoons flour
2 tablespoons cold water or cold celery cooking liquid
8 slices buttered crisp toast
4 to 8 slices bacon (crisply cooked)

Cook celery in boiling water (do not add salt) rapidly, covered, just until tender-crisp—8 to 10 minutes. Drain, reserving liquid.

Heat oyster stew over low heat until defrosted; stir often and do not boil. Lift out oysters with slotted spoon; reserve.

Stir together the flour and water or celery liquid until smooth; stir into hot soup. Cook and stir constantly over moderately low heat until thickened and bubbly.

Add drained celery and reheat; stir in reserved oysters and 1 or 2 tablespoons more celery cooking liquid if sauce is thicker than you like.

Spoon celery over four slices toast on four individual plates; cut remaining four slices of toast in triangular halves and add to plates.

Top creamed celery and oysters with crisp bacon. Serve at once. Makes four servings.

To Make Celery Fans

Celery fans help make salads or relish trays look pretty. To make them, cut the ribs of celery into 3-inch lengths. Now fringe the ends by making fine cuts in them. Refrigerate the celery after putting it in ice water until the ends curl.

Treat the Goblins Right, Wrap Halloween Treats

By JANET ODELL
Pontiac Press Home Editor

In just about ten days you're going to be handing out treats to goblins who come to the door. The annual begging night—Hallowe'en—is almost upon us.

We have a request to make, a request we think will be echoed by thousands of mothers in Oakland county. Will you please be sure that your Hallowe'en treat is wrapped? You know that you are clean; we know that we are clean. But what about that other fellow who gives our child a sticky piece of unwrapped candy?

The stores in the past year or two have gone all out to provide "trick or treat" merchandise that is wrapped in gay colored paper. We should do no less with homemade treats.

Sandwich bags are cheap. If you expect to give out cookies or cupcakes, put each one in a sandwich bag. It may get home a bit squashed by all the other goodies, but it will be clean. If you present each beggar with a popcorn ball, wrap it in waxed paper or in saran wrap. The sticky surface of each ball won't pick up fuzz and bits of foreign matter on the way home.

We think most children get too much sweet stuff on Hallowe'en anyway. But we also think it shouldn't be wasted. If it is taken home and dumped out in one untidy mess, it is apt to be swept at once into the nearest waste basket. At least, if it's wrapped, it can be put away for future consumption.

Here's a recipe for a Hallowe'en treat, one that your little spooks and witches will enjoy. Chocolate Goblins are easy to make and good for children. Their principal ingredient is "bite-size" shredded rice biscuits. Be sure to wrap each one in waxed paper.

Chocolate Goblins

½ cup corn syrup
6-ounce package semi-sweet chocolate pieces
1¾ cups "bite-size" shredded rice biscuits
1 package peppermint life savers
1 marshmallow

Stir syrup and chocolate pieces in top of a 2-quart double boiler over rapidly boiling water until chocolate is melted and blended with syrup. Remove from heat but leave over the hot water. Add cereal and mix gently until coated with chocolate mixture. Drop by heaping tablespoonfuls onto wax paper or buttered shallow pan.

With back of buttered spoon, flatten into 3-inch rounds. Make a face on each round. For each eye, use a life saver. For mouth, cut marshmallow into quarters; then cut each quarter in half. Let goblins stand until firm. Makes 7.

Treat Your Small Fry to Maple Milk Shakes

Nutritious drink for a child!

Maple Milk Shake

1 egg
1 tablespoon maple or maple-flavored syrup
¼ cup milk

Beat egg until thick and pale-colored; beat in syrup, then milk. Makes one serving.

Best Toasting Method

When you are making broiled open-face sandwiches, it's usually satisfactory to toast one side of the bread first under the broiler. Then pile the topping on the untoasted side before putting under the broiler again.

Serve pan-fried liver with a dollop of butter mixed with minced scallions (green tops included).

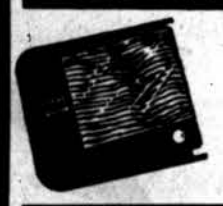

Quantity Food Recipes Are Available Free

Many of you ask about quantity food recipes to use in your church circles, PTAs, Farm Bureaus, etc. "Scholar Specials" is the name of a booklet of tested recipes available free from Dept. I-5, Wheat Flour Institute, 309 W. Jackson Blvd., Chicago 6, Ill.

Speaker at Tea Emphasizes Hospital Advances

Pontiac Press Photos

Serving tea to members of auxiliaries to Pontiac General Hospital and St. Joseph Mercy Hospital is Mrs. John D. Monroe of Neome drive (seated). At left Mrs. Nelson K. Hunter of West Iroquois road chats with Mrs. Donald Robertson of Henry Clay avenue. Mrs. William Bedard (right) of Crescent Lake road joins the group at the tea held Wednesday at St. Joseph Mercy Hospital nurses' home. The affair was sponsored jointly by the auxiliaries.

An old hand at hospital auxiliary work, speaker Mrs. Abraham E. Pinanski of Brookline, Mass. (left) discusses always important fund-raising methods with Mrs. John A. Reid (center) of Bloomfield Hills and Mrs. Eugene Miller of Edgewood drive. Mrs. Reid is treasurer of St. Joseph Mercy Hospital Auxiliary, and Mrs. Miller is president of Pontiac General Hospital Auxiliary.

Auxiliaries Hear Guest From East

Friendship Event Held in St. Joseph Nurses' Home

"The most vital reason that I know I am with friends is that we share a common interest, a desire to help make the best of hospital care available for our families, our friends, for people everywhere."

* * *

This was the opening sentence of the speech given by Mrs. Abraham E. Pinanski of Brookline, Mass., guest speaker of the auxiliaries to St. Joseph Mercy Hospital and Pontiac General Hospital Wednesday afternoon.

There are seven pages in today's Women's Section

The occasion was the Friendship Tea given in her honor at St. Joseph Mercy Hospital nurses' home. The tea was sponsored by the auxiliaries to St. Joseph Mercy Hospital and Pontiac General Hospital.

Sister Mary Williams, administrator of St. Joseph Mercy Hospital, welcomed the guests. Giving the purpose of the Auxiliary to St. Joseph Mercy Hospital was Mrs. John A. Reid, and the purpose of Pontiac General Auxiliary was given by Mrs. William R. McClure.

Lauretta Paul, director of Pontiac General, introduced Mrs. Pinanski, whose experience with hospital procedure and the activities of hospital auxiliaries dates from 1941 when she was trustee of Peter Bent Brigham and Beth Israel Hospitals and on the board of managers of the Boston Dispensary and New England advisory boards and chairman of Council of Women's Auxiliaries, Massachusetts Hospital Association.

CITES ADVANCES

She spoke of the advances in science in the past 50 years. The statistic that 7,000 children died of whooping cough 50 years ago and that only 310 died last year of the same disease was quoted by Mrs. Pinanski. She expressed the belief that even some of these deaths could have been prevented.

* * *

"Today," she said, "men are working in the laboratories of our hospitals to conquer heart disease, cancer, multiple sclerosis and other scourges of mankind, just as they have practically eliminated diphtheria, typhoid, scarlet fever and pneumonia."

Brief examples of what is being done by auxiliaries across the nation were also given by Mrs. Pinanski.

The tea was under the general chairmanship of Mrs. H. Guy Moats and Mrs. Everett Reese. Tea invitations were handled by Mrs. E. G. Rockwell and Mrs. Reese.

* * *

Guests were received by Mrs. Ralph Babbington, Mrs. W. Arthur Vernon, Mrs. E. L. Bradley and Mrs. Carleton D. Wright.

Music was provided by Mrs Ferdinand Gaensbauer, and Mrs. Ben Madsen had charge of the guest book.

Among those serving at the tea table were Mrs. William J. Dean, Mrs. Harold Tripp, Mrs. Charles Barrett, Mrs. H. Guy Bevington, Mrs. William Bedard, Mrs. Raymond L. Sampson, Mrs. Ruth Weber Parshall, Mrs. John D. Monroe, and Mrs. Fred R. Pickering.

Mary Ann Pickering (right) of Alice avenue has an understandable interest in auxiliary work as her mother, Mrs. Fred Pickering is a past president of St. Joseph Mercy Hospital Auxiliary, and her grandmother, Mrs. William Cashin was also one of the organization's members. Here Mary Ann talks with Mrs. William J. Dean of Ottawa drive (seated), a member of both hospital auxiliaries and a past president of Pontiac General Hospital Auxiliary.

Mrs. Harold E. Brady (left) of Hudson avenue was in charge of the guest book at the tea held Wednesday at St. Joseph Mercy Hospital nurses' home. Shown signing as she entered is Mrs. Donald LaBarge of Exmoore road.

Lauretta Paul (left) administrator of Pontiac General Hospital is photographed with Sister Mary William, administrator of St. Joseph Mercy Hospital. Both agreed that a hospital benefits greatly by the help of an active and productive auxiliary organization.

Parliamentary Study Club Gathers

Mrs. N. E. Tibbetts served as chairman of the day when Parliamentary Study Club met Wednesday in the Masonic Temple on East Lawrence street.

* * *

A group, sponsored by Mrs. Clifford Mossey, demonstrated organizing a society, the adoption of a constitution, bylaws and standing rules.

Assisting Mrs. Mossey were Mrs. Lester Oles, who served as president; Mrs. Orrin Huntoon Jr., vice president; Mrs. Russell Auten, recording secretary; Mrs. Robert Scharf, treasurer, and Mrs. Lewis Swartz, corresponding secretary. Mrs. Edward Pritchard served as auditor.

New members welcomed into the group were Mrs. Duncan McVean and Mrs. J. P. Sachs. Mrs. Morris Cuckscy and Mrs. Jay Norton were guests.

First Musical Service Announced

The first of a series of musical services and choral evensongs being presented by the choir of All Saints Episcopal Church, under the direction of its organist-choirmaster, Phillip Steinhaus, will be given Sunday evening at the church, beginning at 8 o'clock.

* * *

STEINHAUS

Guest artists for this first service will be a chamber group made up from the solo woodwind instrumentalists of the famed Boston Symphony Orchestra.

The repertoire of the Boston Woodwind Quintet includes both classical and modern works, several of which have been composed expressly for the group.

Artists in the group include Doriot Anthony Dwyer, first flute of the Boston Symphony Orchestra, who has played the instrument since the age of 8.

Gino Cioffi, first clarinet, who was born in Italy, studied at the Naples Conservatory. He has been solo clarinetist in the New York Philharmonic and the Metropolitan Opera Orchestra, as well as first clarinetist under Arturo Toscanini in the NBC Symphony.

James Stagliano, first French horn, studied with his uncle, Albert Stagliano, first hornist with the NBC Symphony under Toscanini. At the age of 16 he was engaged as a member of the horn section of the Detroit Symphony Orchestra.

Nine years ago Mr. Stagliano joined the Boston Symphony Orchestra as first French horn player under Dr. Serge Koussevitsky.

Sherman Walt became first bassoonist of the Boston Symphony Orchestra in 1953. After serving in the U.S. Army he resumed his studies at Curtis Institute under the famed Marcel Tabuteau.

Ralph Gomberg, first oboe of the Boston Symphony, is a native of Boston who studied at Philadelphia's Curtis Institute with Marcel Tabuteau.

At the age of 17 he won the post of first oboe in Stokowsky's All-American Youth Orchestra. He was also an original member of the New York Woodwind Quintet.

The Sunday evening program includes:

Overture.....George Philipp Telemann
Quintet.....Ludwig von Beethoven
Adagio; Allegro
Adagio
Minuetto
Finale
Quintet.....Franz Josef Haydn
Boston Woodwind Quintet

The members of All Saints Church are anxious that their friends enjoy this outstanding program with them.

AMVETS Group Picks Candidate for Queenship

Mrs. James Houck was selected by the Jimmy Dey Post 12 Amvets Auxiliary to represent the post as candidate for queen of "High Fever Follies" sponsored by the auxiliary to Pontiac General Hospital. Mrs. Houck is from District Three.

* * *

Mrs. Roland Dennis, president, presided at the recent business meeting. Delegates to the Pontiac Federation of Women's Clubs are Mrs. Stewart Houghton and Mrs. Victor Maiden.

A toy demonstration was given by Mrs. Ernest Rose.

* * *

Guests of the evening were Mrs. William Price, Mrs. Lee Meisner, Mrs. George Pappas, Mrs. Robert Stickle, Mrs. E. Sach, Cynthia Lenigan and Mrs. Howard Lenigan.

Mrs. Maiden, Mrs. Dennis and Mrs. Frank Schmitt were hostesses for the meeting.

The turban appears in many guises this year. Some are warm and wooly, some are jersey and drapeable, some are golden and truly Oriental.

Symphony Performs Masterfully

Year's 1st Concert Brings Ovation to Mr. Di Blasi

By GOLDA HOGUE

Last evening at Lincoln Junior High School there was a happy air of permanency, of gratifying achievement—the Pontiac Symphony Orchestra has arrived—it is here to stay!

* * *

There was, too, a special ovation to Francesco di Blasi who in three years has piloted the new Pontiac Symphony to its high level of performance, and a deep appreciation of that large group of citizens from this area whose vision, faith and loyal support have made all this a reality.

Especially notable was the splendid programming which used Mozart as an opener—"Eine Kleine Nachtmusik" entirely for strings, with its miracle of lightness and perfect proportion, and progressed chronologically through the brilliantly executed "Introduction to Act III" of "Lohengrin" by Wagner down to the contemporary, very modern Stravinsky.

It is sometimes puzzling that without the use of expensive dynamics oftentimes employed by conductors, Mr. Di Blasi achieves with apparent ease the forthright performance—the quick changes of tempi and moods so essential to a genuinely satisfying concert.

His gestures, although emphatic, are always restrained and consciously interpretative rather than effusive.

CONFIDENT ORCHESTRA

The orchestra, considerably augmented from last year's personnel, played superbly. The musicians, too, were having a wonderful evening and displayed a new confidence, a remarkably sensitive response to the reading of conductor Di Blasi.

In the accompaniment of Kol Nidrei—the most popular of all solos for violoncello—and the Haydn Concerto, the orchestra provided a perfection of sympathetic background seldom heard by this listener.

Georges Miquelle, violoncellist, proved a popular choice as first soloist of the season. True master of his instrument, his choice of compositions allowed him to employ arpeggios, pizzicato, vibrato, double stops—all the great range of string dynamics.

One sometimes forgets the unusually great compass of the 'cello, equally telling in bass, tenor, or soprano registers, its large range of expression, its ability to voice virile strength, tender melancholy, poignant sorrow or reverent worship. Last evening's audience enthusiastically showed its appreciation of the masterly playing of this distinguished guest soloist.

* * *

Still another feature of the concert was the premiere playing of "Prelude for Orchestra" by the Michigan composer Clark Eastham. From its first bold introduction, this composition uses progressions of dissonances so characteristic of all contemporary writings.

Its themes are echoed by first one solo instrument and then another as it builds up to a tremendous climax and flourishing finish. Mr. Eastham was in the audience and rose to receive an ovation from audience and orchestra.

SOCIAL GATHERING

Following the concert, the Women's Association of the Pontiac Symphony provided a social hour in the cafeteria. Mrs. F. E. Bonner, hospitality chairman, was assisted by Mrs. John Thors Jr., Mrs. J. L. Bennett, Mrs. S. V. Seldes, Mrs. Jack C. Brannack and Mrs. J. C. Walker.

* * *

Next concert of the Pontiac Symphony Orchestra will be on Dec. 7 at which time the guest soloist will be the Metropolitan Opera soprano Frances Greer.

ANN MARY BANKS

The engagement of their daughter, Ann Mary Banks, of South Edith street, to Fred Miracle is I. C. Banks of Hillman. He is the son of Mrs. James C. Miracle of Oaks, Ky., and the late Mr. Miracle. No date has been set for the wedding.

If you're a mother-to-be, give a thought to the maternity dress that's cut like a full coat. Buttons down the front and you can buy it (or make it) in various fabrics and colors.

You Can't Claim Boys Like Uranium Finds

By ELIZABETH WOODWARD

A uranium find is one thing. A boy is another. You can stake out your claim to the first, build markers to outline the area you define as yours, and register it all at headquarters.

* * *

A boy won't stay put for such goings-on. You can't fence him off for your own private enjoyment, or tag him as your private property. Not unless he wants to be.

All of which makes a girl's threats to another to keep hands off a boy neither of them really knows a very idle gesture. As in this case:

"Dear Miss Woodward: A new boy has come to school and he sits next to me. My girl friend sits behind me. When she saw him she said to me, 'Hands off — he's mine!'

"But he's always looking at me, not her. He voted for me for class office, not her. Should I keep hands off as she said, or try to get him and risk losing her friendship?"

Answer: The unknown quantity in this triangle is the big question: "Which way is he likely to jump?" And neither of you girls can answer it yet. You don't know the boy very well. You don't know what type of girl he likes best.

You've no background on him, no idea of whom he has dated or what he likes to do. You have no way of knowing whether he'd really go for either of you.

So there's no point in you two girls fighting over him at this point. It's just plain too soon.

You're in a good position to get acquainted with him. He can do a lot of looking at you without having to turn around. You're the closest, so make the most of it. Then be big-hearted and introduce him to others in your class, including your girl friend.

Of course, she may not be waiting around for you to do that for her. She may make herself known to him and start getting acquainted, too. That's her right and a half dozen other girls in class may be doing their best to make him feel welcome.

There's nothing to do but to wait and see what he does about it all. He's going to take his choice. Or he's going to play the field. That depends entirely on him. And it won't matter which of the girls in his class likes him best. The big thing is which one he likes best.

Of course, if you study him well, and play up to what you find out about him, your own personal chances are better.

If you wind up the lucky winner, tell your girl friend that he's a free agent. He picked the girl he wanted!

(Copyright, 1955)

Moods Provided

The wide range of this year's fashions leaves lots of scope for self-analysis. A straight skirt implies reserve, dignity.

If you feel casual, don't kill the mood with a pencil-slim encasement; choose a fuller cut that harmonizes with your feelings.

Guild to Sponsor Bazaar, Dinner

Plans were discussed for the fall bazaar and dinner to be held Nov. 11, and officers were elected, when the Ladies Guild of St. Paul Lutheran Church met Wednesday evening at the church.

* * *

Elected to serve were Mrs. Paul McMichael, president; Mrs. Robert Neff, vice president; Mrs. M. L. Lorenzes, secretary; Mrs. James Cottrill, treasurer, and Mrs. Donald Bonney, historian.

As one of its social service projects the group voted to sew cancer pads for the American Cancer Society.

* * *

Mrs. Donald Tinsman, Mrs. Robert Gardner and Mrs. Louis Clausen were hostesses for the meeting.

Pale Satin Featured in '55 Balldresses

Pale satins will be the fashion in balldresses this year. They will be long, every one a full, beautiful reach to the floor.

Sari cloth, a beautiful silk gauze, embroidered in the reds and violets and pure golds of the East over an embroidered underskirt of stiffened blue, and black silk organdie, crested with velvet and pale roses, make beautiful balldresses.

To remove adhesive tape stains from cotton fabric, apply kerosene, wash in soapsuds.

LAURENE BARBARA MULARONI

Mr. and Mrs. Lawrence V. Mularoni of Valley Hill road, Bloomfield Hills, announce the engagement of their daughter, Laurene Barbara, to John Einar Brink. He is the son of Mr. and Mrs. Einar J. Brink of Menominee. Both are students at Michigan State University.

Clinics Plan Conference

Announcement was made of a conference of Michigan Association of Child Guidance Clinics in Muskegon Oct. 28 when members of the Oakland Child Guidance Clinic met Wednesday afternoon at 113 Franklin Blvd.

* * *

Attending the conference from this clinic will be Dr. Robert Mason, president; Mrs. Lawrence Martz, secretary, and Madeleine Half, director of the Pontiac clinic.

Judge Don Anderson, president of Probate Justice of Peace Association, will be the main speaker and Charles F. Wagg, director of the State Department of Mental Health, will also speak.

The Pontiac clinic staff recently attended a meeting of Michigan Child Guidance Clinics at St. Joseph, where "The Use of Diagnosis" was the topic of discussion.

Convention Planned by Music Teachers

The Michigan Music Teachers Association will hold its fall convention in Ann Arbor Oct. 24-25, with the School of Music of the University of Michigan as host. Headquarters are at the Michigan Union. About 175 private, high school and college music teachers are expected to attend.

Among the speakers of note at the convention sessions will be Dr. Hans David, musicologist and faculty member at the University of Michigan, and Ross Lee Finney, composer-in-residence at the university.

Don't Overheat Baby

Now comes the time when mother's tendency is to keep Baby indoors. It may be too windy or seem too cold. But a Baby who stays indoors all winter is pasty-faced and has little appetite. For this reason, get him outside for a stroll or shopping often.

Waite's Third Floor Dresses

Errand Changes His Whole Life

By ANNE HEYWOOD

Every day I am amazed by the ingenuity of the human race. No matter what kind of trouble people face, they more often than not figure out a way to solve it.

• • •

Take, for example, a couple like Mr. and Mrs. J.

Mr. J. was retired last year. While he had no financial worries, he began to wilt and age visibly because he was used to being busy and useful.

"I worried about it a lot," his wife told me, "but I couldn't think of anything to suggest. All I did was to get him to do little chores for the house, boring though they were. But he seemed to welcome the chance to do anything at all.

• • •

"One day," she continued, "when I was trying desperately to think of some chore John could do for me, I noticed my nice old mirror. It had long needed resilvering, but it was a chore I had put off.

"Our town has no place that does resilvering, so it meant a long jaunt by car to take it to the city. But John said he'd be happy to do it for me.

LOOKED ANIMATED

"He came back late that afternoon, looking animated for the first time in months. It seems the man at the shop had let John watch him and had explained how simple a process resilvering a mirror really is.

"As they talked, the man gave John the name of the firm that sold the necessary equipment. John decided then and there to learn to do it and set up a resilvering service for our town.

"It has worked wonderfully well," she concluded. "John fixed up one of the rooms the children had used and began work.

"Now he's learning to make frames and is already as busy as can be with orders from local people who need their mirrors repaired. He's also using gilt paint and doing old frames over beautifully—and for a very modest fee.

• • •

"The best part is that he is so interested in the work. He told me the other night that he has so much to learn and so much to do that he wishes the days were longer than they are.

"And that's the same man who, not so long ago, was just killing time—waiting for dinner!"

(Copyright 1955)

Job's Daughters Hold Initiation

Initiated into the order of Job's Daughters Bethel 5 on Monday evening were Lynn Anderson, Jean Carson, Shelby Murphy, Sharon Ramsey, Carol Ann Westnes and Maureen Callely.

Others were Karen Denham, Suzanne Field and Karen McClellan.

• • •

This was the first initiation held by Bethel 5 under the guardianship of Mrs. Edward Zielke and Paul Rockefeller. It was also the first initiation conducted by the honored queen, Elizabeth Rockefeller.

Attending from Rochester Bethel 51 were Karen Yakey, honored queen, and Charles Yakey, associate guardian.

• • •

Mrs. Carl Opland, Mrs. Clarence Curry and Mrs. Mary Lou Morrison, past guardians, were also present.

Slim Shaft Dresses Good Fall Fashion

The slim shaft of a dress is important to all fashion this fall and winter. It hasn't entirely crowded out full skirts but it's basic to high fashion.

This vertical, sleek and sophisticated line is seen both daytime and evening. It's feminine and it's flattering. It's done in jersey or velvet or silk brocade or wool with rabbit's hair.

While the slender line remains unchanged, the appearance varies greatly with the fabric used.

4585 SIZES 10—18

by Anne Adams

Figure-flattering lines of this graceful winter dress are long, long torso of course! They're the newest fashion this season—beautifully adapted to this soft, feminine style. And with jaunty collar, wide-whirling skirt—what could be prettier; more becoming to wear!

Pattern 4585: Misses' sizes 10, 12, 14, 16, 18. Size 16 takes 5 yards 39-inch fabric.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send 35 cents in coins for this pattern—add 5 cents for each pattern for first-class mailing. Send to Anne Adams, care of 137 Pontiac Press Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

Add Crest Jewelry

Pins which duplicate crests of famous houses and regiments are being shown in moderate-priced costume jewelry collections this fall.

One of these adds just the right touch to a plain sweater in flame or black.

Gift Card Should List All Donors

No Need to Include Those Who Didn't Contribute

By EMILY POST

"The wife of the superintendent of our building recently had a baby. As they do not have too much money, one of the tenants suggested that we all contribute a sum of money and give it to her as a gift with which to buy something for the baby. Most of us thought it a good idea but a few have refused to contribute.

"The consensus seems to be that the card enclosed with the present should list only the names of those who contributed. I think it would be in very poor taste to do this, that the card should read 'From the tenants' and not discriminate between those who gave and those who didn't give. What is your opinion on this?"

Answer: I agree with the consensus that a list of only those who gave should be enclosed.

"Dear Mrs. Post: My mother passed away and left me her diamond ring. The stone is quite large and a very good one but the setting is rather old-fashioned. My son plans to become engaged soon and I would like to give him this ring for his fiancee.

"Would it be proper for him to have the damond put into a new setting and give it to her as an engagement ring, or must he buy a new one? If this one is used, should he tell his fiancee that it is an old family ring?"

Answer: His giving her his grandmother's ring is very important. She should be told about it and she should be very proud to receive it.

"Dear Mrs. Post: When dining at a restaurant, where does a woman put her purse and gloves?"

Answer: In her lap. However, if her purse is very small and ornamental and there is plenty of room on the table, she might put it at the side of her plate or above it, and keep her gloves in her lap.

It is important to use a foundation cream in winter, even if you do not use it any other time, as a good protective coat for your skin. Lipstick helps protect lips from chapping.

Press Explains Wedding Policies

Members of the Pontiac Press Women's Department have prepared several suggestions for prospective brides in order to assure them a complete and timely wedding story.

★ ★ ★

As an aid to prompt, accurate and complete information, wedding forms will be mailed upon request, as well as to those who have announced their engagements in the Pontiac Press.

The wedding blank should be returned at least two days before the wedding as this amount of time is needed for handling such detailed stories.

Those received more than three days after a wedding will not carry details of reception, bridal costumes, etc.

Because of limited space, brides-to-be may submit only one picture (either engagement or wedding) if they are to be married within two months of the engagement announcement.

While it is not always possible to provide the picture with the wedding information, brides are asked to note that the picture cannot be used unless it is ready for publication by the second day after the wedding.

★ ★ ★

Pictures should be black and white glossy prints, as colored or sepia pictures will not reproduce well.

Mission Bells Plan Bazaar on Nov. 10

Fifteen members and guests were present at the meeting of the Mission Bells of St. John Lutheran Church Tuesday evening. Mrs. Harry Santala entertained the group at her home on Montroyal avenue.

Devotions were given by Mrs. Adolph Hornblad, and the Rev. Carl W. Nelson showed colored movies of South America.

Plans were made for the fall bazaar to be held at the church Nov. 10.

A new baby pen is round with an aluminum frame and white nylon net stretching taut from rim to bottom.

A new round polyethelene dish pan is chip proof, rust proof and said to be unbreakable. It is 15 inches in diameter, available in red, white, yellow and pink.

First Christian Fellowship Units Have Meetings

Groups of the Women's Christian Fellowship of the First Christian Church held meetings Tuesday.

Elizabeth

Mrs. Herbert Lockwood opened her home on Lakeview avenue to members of the Elizabeth Circle.

Devotions were given by Mrs. David Duvall, and "Bridges of Tomorrow" was presented by Mrs. Lockwood, Mrs. Linos Pace and Mrs. Howard Reynolds.

Mrs. Fred Ruby has invited the circle to meet at her home on Hallman street Nov. 15.

Naomi

"Bridges Between Two Worlds" was the topic of the program presented by Mrs. William Elam at the meeting of Naomi Group. Mrs. William Hoyt was hostess to the group at her home on Otter drive.

Mrs. Rex Cummings led the devotions. Several money-making projects were discussed in the business meeting.

The group will meet at the home of Mrs. Arthur Smith on West Huron street for its next meeting.

Mothersingers Hold Cooperative Dinner

A cooperative dinner was held by 18 members of the Pontiac Mothersingers when they met at the home of Mrs. Frank Walters in Lake Orion. Mrs. Grace Reddmond and Mrs. Lavern Terry assisted the hostess.

The group is sponsoring a membership drive and invites those interested to contact the chairman, Mrs. Charles Chapman, or Mrs. Sidney Fellow.

The November meeting will be held at the home of Mrs. Russel Jacobson on Wimpon drive.

Mr. and Mrs. Morgan S. Baylis of Spence street announce the engagement of their daughter, Shirley Ruth, to Donald Saltman, son of the late Mr. and Mrs. Simon Saltman of New York City. Shirley is a graduate of U. of M. and Donald is a graduate of Alfred University, New York. They will be married in June.

SHIRLEY BAYLIS

Necklines Are Flattering

NEW YORK (INS)—A bow at the neckline is not only fashionable for fall—it's flattering, too.

★ ★ ★

So says style expert Selig Sidney, better known as designer "Mr. Sidney."

Sidney says a bow at the throat, or any fancy neckline trim, lends color to a woman's face, softens skin lines and might even hide that double chin!

In his new collection, "Mr. Sidney" features cravat-tie bows, baby turtle neck collars and soft knit inserts at the throatline.

PINK GIVES SOFTNESS

"Almost any trim at the neck flatters a woman's face," he says. But there are some tips for special problems. Little turtle neck collars are wonderful cover-ups for neck wrinkles, while wide, soft bows are just the trick to glamorize the angular or harsh-skinned face.

"If your skin needs freshness, use white at the neckline," the designer suggests. "If you want softness, try pale pink or pale blue."

A pale blue bow or an insert of fuzzy blue wool, are his special recommendation for the blue-eyed woman. He says "blue at the throat makes blue eyes bluer and brighter."

Sorority Gathers at Halloween Party

Members of Gamma Psi Chapter of Beta Sigma Phi sorority held a Halloween party at the home of Betty Bryon on Fairgrove avenue Tuesday evening.

Prizes were awarded to Mrs. Isabelle Markham, Mrs. Bernice Pritchett and Mrs. Betty Dobbs. June Newcombe was a guest at the party.

Wise Hostess Shows Well-Chosen Silver

Compliments are in order for the hostess, when her steak knives complement her silver.

Handles are handsome, blades are razor-sharp because they were designed and made to cut—not to hack or to shred.

Handles can bring the cry: "I can't make up my mind." Don't cry—harmonize to your own taste.

There are handles of lustrous ivory and ebony, daintily overlaid with a filigree of silver. There are handles of genuine mother of pearl, with silver bolster (the little collar between blade and handle).

* * *

There are handles of rich smooth genuine horn or sturdy stag. There are gleaming handles of stainless steel, which "flow" from tip of blade to the end of the handle.

There are handles of porcelain, in soft and lovely pastel shades which will not fade nor change color in years of use.

Mrs. Frank Coad Hostess to Sorority

Mrs. J. Frank Coad opened her home on Neome drive to members of the Alpha Chapter of Beta Theta Phi sorority Tuesday evening. Marie Schimmel assisted the hostess.

The group voted to sponsor a patient at Pontiac State Hospital, as a project of the year, with Mrs. Orben Wilkins serving as chairman. Articles to be furnished for the Needlework Guild Ingathering were also discussed.

Members enjoyed games during he social hour.

YTC Group Plans Halloween Party

The Ethelyne Little YTC Group met at the home of Joanne Deaver on Holbrooke avenue Wednesday evening. Charles Baughey and Barbara Cairer were welcomed as new members.

Plans were completed for a Halloween party to be held Oct. 29 at the home of Fred Smith on Lincoln avenue.

Too many people try to make their wishbones do the work that should be done by their backbones.

Sorority Will Celebrate 85th Anniversary

Tuesday Banquet Slated by Kappa Kappa Gamma

Area members of Kappa Kappa Gamma will mark the 85th anniversary o fthe collegiate sorority's founding at a banquet in the Hillside Room of Devon Gables Tuesday.

• • •

Kappas from Birmingham, Detroit, Grosse Pointe, Dearborn, Ferndale, Royal Oak, Ann Arbor and Pontiac will gather for dinner at 6:45 p.m. to pay tribute to the four girls who founded the sorority in 1870.

The key speaker will be Mrs. E. Granville Crabtree, national sorority president, from Boston.

Fifty-year keys will be presented at the banquet to Mrs. Lawrence E. Taylor of Rochester and Mrs. Karl G. Schairer. Mrs. Schairer is a charter member of the North Woodward Alumnae Association and a past president of the Detroit Association.

• • •

The North Woodward Association will be the hostess chapter this year, with Mrs. Bernard Bowling of Birmingham serving as general chairman assisted by Mrs. Leland M. Pence of Ferndale.

AIDING WITH PLANS

Members of the committee are Mrs. N. Weir Burkman, Mrs. William Decker, Mrs. Arthur Prine, Mrs. John C. Siegesmund Jr. and Mrs. William N. Flemming of Birmingham and Mrs. Frank W. Allen of Royal Oak.

• • •

Handling reservations are Mrs. William H. Worcester and Mrs. Gordon C. Boling of Birmingham, Mrs. William H. Harris Jr. of Detroit, Mrs. Frederick R. Lynch of Grosse Pointe, Mrs. Margaret Knox of Dearborn and Mrs. Lowell Butler of Dexter, for the Ann Arbor Association.

• • •

Another event to mark the occasion will be an open house at 5 o'clock preceding the banquet, to which Mrs. Peter W. Decker of Beverly Hills has invited all Kappas and their guests.

"Amazing gal, my Amy!"

The efficient way my Amy whizzes through her housework leaves me dizzy, but proud! Take wood floors, for instance. Some gals spend a back breaking day scrubbing and waxing. But not Amy! She cleans and waxes them in one easy operation with Bruce Cleaning Wax. It takes only half the time and Bruce does practically all the work. And Amy's friends just rave about our beautiful wood floors. My Amy and her Bruce Cleaning Wax sure outsmart tough floor care problems. And I can't help crowing about them.

P.S. For lighter waxing on linoleum and wood, Amy uses Bruce Floor Cleaner.

by Laura Wheeler

Keep daughter toasty-warm all winter, wearing this adorable set! Crochet cap with or without brim; mittens — matching flower trim. Jiffy—in heavy knitting worsted!

Pattern 629. Cap-and-mitten set in easy crochet. Directions for sizes 4 to 12 included in pattern.

Send 25 cents in coins for this pattern—add 5 cents for each pattern for first-class mailing. Send to 124 Pontiac Press Needlecraft Dept., P.O. Box 164, Old Chelsea Station, New York 11, N.Y. Print plainly pattern number, your name, address and zone.

Golden Age Group Gathers at YWCA

The Golden Age Group of the YWCA met Tuesday at the YWCA. Meditations were given by Mrs. Ione Bartholomew and a memorial tribute to Mrs. Olive Price was given by Mrs. Nellie Williams.

The October birthdays of Mrs. Leona McCully, Mrs. Maude Scott, Mrs. Selma Jacob and Mrs. Mary Foster were celebrated.

Mrs. Myron Buck, guest of the group, reviewed the book "My Life on Earth" by Edward Heth. The committee serving dessert and providing transportation included Mrs. J. L. Bennett, Mrs. George Crane, Mrs. Harold Euler and Mrs. Marcus Scott.

Trust Your Instincts

A recent fashion article declares that everyone can wear every color. True enough — IF it's a right shade of that color for you.

Don't be afraid to trust your instinct; pick the tones and shades that "give you a lift" and it's a good bet it's good for you.

Dickies Entertain Wedding Guests

Mr. and Mrs. Stuart Dickie of Lakeland avenue have as their houseguests Mrs. J. C. Miller of Colorado Springs, Colo., who arrived Wednesday evening, and Mrs. James E. Duncan of New York City who arrived this morning.

Both Mrs. Miller and Mrs. Duncan, sisters of Mrs. Dickie, will remain in the city until after the wedding of their niece, Carolyn Dickie, and Joseph Hardig on Saturday.

Mr. Dickie's brother and sister-in-law Mr. and Mrs. Allan Dickie of Kent, Ohio, are arriving on Friday and will be guests at the home of Mr. and Mrs. Edmund Dickie in Farmington.

• • •

Mr. and Mrs. August Shier and Ethlynn Peterson of East Huron street spent several days visiting in Des Moines, Iowa. They returned to their home Monday evening.

• • •

Fritzi Stoddard of Ottawa drive is visiting her sister and family in Rock Island, Ill., this week.

• • •

Mr. and Mrs. Herbert Arthur of Home street are the parents of a daughter, Patricia Louise, born Oct. 13 at St. Joseph Mercy Hospital.

Life History, Photograph, Needed for Russian Visa

By KENNETH O. GILMORE

WASHINGTON — (NEA) — Two bits, two pint-sized mug shots, two autobiographies and a routine application form—these are some of the basic requirements for getting into Russia according to the Soviet embassy here.

* * *

"It's all very simple," explains press attache Aleksandr I. Zinchuk, who doesn't seem to be at all comfortable in the role of a tourist agent. But he's going along with the Kremlin's new policy of welcoming Americans, at least outwardly, to the land of vodka, the Volga and Vladivostok.

As a result of the new Russian attitude of sweetness and light, a number of Americans have been trotting off to Moscow for a look-see. Most of the ones you hear about seem to be either congressmen, diplomats, newspaper men or official delegates with some group. All with a special mission.

What about the average guy who wants to peek behind the Iron Curtain just for the fun of it? What steps must he take? Who does he write to and what does he ask for? These are questions of importance now that travel barriers are being lowered for ordinary people.

RESTRICTIONS EASED

In addition, the State Department is relaxing restrictions for U.S. citizens anxious to visit Red territory. It is not possible to go to the U.S.S.R. or other Communist dominated countries without an American passport which specifically allows entrance into this area.

"The first thing you must do is show us some indication of a desire to get a visa," states Zinchuk. What he means is get a letter off to the Russian embassy here in the capital.

Simply address it to: Chief, Consular Division, Russian Embassy, Washington 6, D.C. And all you have to write is, "I am interested in traveling in the Soviet Union and would like to get a visa."

"Within a week you'll receive a letter," promises the nervous young Russian. In it will be instructions, an application form in Russian and a handy translation.

LIFE HISTORY NEEDED

The letter explains that, "Besides the form, it is requested that you enclose two passport size photographs signed at the bottom and an autobiography in two copies in Russian or English, as well as the consular fee of 25 cents."

Sample autobiographies are also enclosed to give you an idea of what to include. In general, they want a brief description of what you have been doing all your life; the schools you went to, where you traveled, what jobs you held and whether you are married and have any children.

* * *

The application lists 10 questions. They are: full name; date and place of birth; nationality; citizenship, past and present; occupation and employer; object of journey, expected duration of stay in Russia and route of travel into the country; names of minor children traveling with you; previous travel in U.S.S.R.; names of relatives, if any, in Russia; and your address in the U.S.

MOSCOW APPROVAL

"This material is sent to Moscow and acted upon there," explains Zinchuk. "In an average case it takes about six weeks before a decision can be reached. We have to set standards. And it does not matter what opinions you have about us."

The Soviet spokesman will not say how many applications have been sent out to Americans this year, or how many visas have been granted. But he does note that after the Geneva Conference there was a considrable increase in the number of requests to travel in Russia.

He further notes that in recent times no applicant has been turned down. It is a fact, however, that despite the new Soviet attitude, many persons here have received no word concerning applications submitted months ago. This amounts to refusal, for the Russians do not issue formal rejection notices.

VISA GRANTED

If you are granted a visa, you will receive a letter. This should then be submitted to the State Department. They will look over the Soviet authorization and decide whether or not to validate your passport to travel in the U.S.S.R.

Recently, examination of these requests have been less exhaustive. And once a person is given visa authorization, passport validation is usually granted unless there is a question of security.

The passport is then sent to the Russian embassy where the visa is attached. You can pick it up at the embassy in person or it will be mailed to you.

* * *

Once this is done, there are no further restrictions, according to Zinchuk. "While in the U.S.S.R. you can buy anything you want," he says. "You can take pictures and bring the undeveloped film home untouched. You can go any place with certain exceptions such as border regions and some areas in Siberia."

* * *

You'll find out about all that when you get there, however.

Famed Author Weds Japanese

James Michener Takes Librarian for Spouse This Sunday

CHICAGO (AP) — Best-selling author James Michener, whose writings often deal with the need for better understanding between East and West, will marry a Japanese-American girl Sunday.

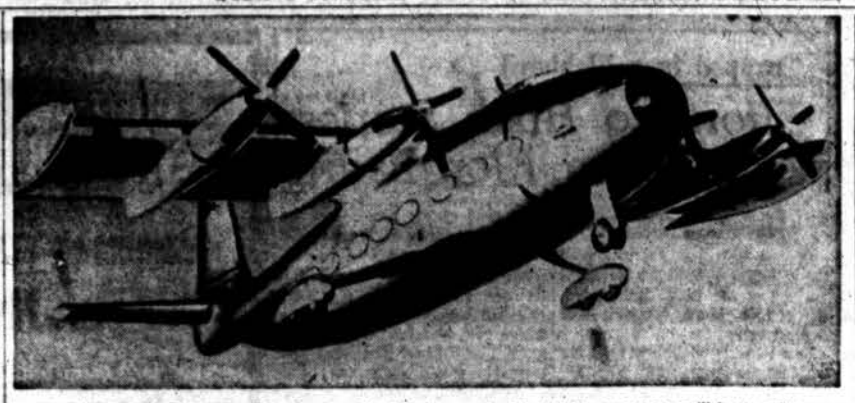

She is Mari Yoriko Sabusawa, Chicago American-born Japanese who is assistant editor of the American Library Assn. Bulletin.

Michener's latest book, "Sayonara," is based on problems of U.S. service men romantically entangled with Japanese women. One of his first successes was a book of short stories, "Tales of the South Pacific," later made into the musical comedy, "South Pacific."

BAPTIST CEREMONY

Miss Sabusawa said the marriage ceremony will be held in the Hilton chapel at the University of Chicago, with the Rev. Jitsuo Morikawa officiating. He is pastor of the First Baptist church in Chicago.

Miss Sabusawa, born in Las Animas, Colo., and a graduate of Antioch College in Ohio, is a Presbyterian. Michener is a Quaker.

FUTURE TRANSPORT? — This is a model of the Frye F-1 cargo and passenger plane which may someday replace the DC-3. The plane, a prototype of one scheduled to fly next year, will have a 50-passenger capacity and will operate from airports half the size required by DC-3's.

Michener recently returned from Afghanistan and presently is residing in the Park Sheraton in New York. He has a home in Tinicum, Bucks County, Pa.

The couple plans to leave immediately on a world honeymoon tour, with the first destination Australia.

Urges Friendly Policy

ROME (AP)—Back from a trip to Moscow, Pietro Nenni, pro-Communist Italian Socialist leader, told newsmen if Italy would adopt a more friendly policy toward the U.S.S.R., the Russians probably would back Italy's bid for U.N. membership.

Heater Suffocates Mother and 3 Sons

MISSISSIPPI CITY, Miss. (AP)—A young mother and her three sons died yesterday of suffocation after lighting a new heater to warm their small apartment. Firemen tried more than an hour to revive them.

The dead were Mrs. Justin A. Egnor, 22; and her sons, Gordon, 3; David, 22 months; and Randall, 6 weeks.

She was the wife of Sgt. Justin Egnor, on temporary assignment at the Lockheed Aircraft Corp. in Los Angeles. He left for home on learning of the deaths.

Egnor was based permanently at Keesler Air Force Base near here. Keesler said he was a native of Dayton, Ohio.

Much Power Here

WASHINGTON — If the turbines of the new aircraft carrier Forrestal were coupled to generators instead of propeller shafts, they would produce more than 3,600,000 kilowatt-hours of electricity in a day at sea. That much electricity would fill the average day's requirements for all the homes in a city of 1,600,000 residents.

Chicago Hotel Fire Kills 2 and Injures 8

CHICAGO (AP)—Two men perished and eight others were injured, one seriously, last night in an extra-alarm fire in a hotel in West Madison Street's skid row.

The bodies were found on the third floor of the four-story building. One was tentatively identified as E. Lonergan, about 65. The second was burned beyond identification.

Police said nearly all of the Adams Hotel's 75 small rooms were occupied when the fire broke out.

Police led more than 20 men out of the smoke-filled rooms, struggling with some of the men who refused to leave. Firemen also carried several men to safety. Others escaped down fire ladders and an outside stairway.

Chief Fire Marshal Albert H. Petersen, who said the cause of the fire had not been determined, estimated damage at $20,000.

Reds, Finland Agree

MOSCOW (AP)—Finland and the Soviet Union have signed an agreement permitting Finnish civilian planes to fly between Moscow and Helsinki. It's the first such pact Russia has signed with any non-Communist country.

Rodeos have 12.5 paying customers a year in the U.S.

Office Workers' Union Protests

AFL Spokesman Scores Increase of Automation in Clerical Work

WASHINGTON (AP)—The AFL Office Employes Union, concerned that robots may displace "a lot of workers," is demanding that employers furnish job protection, retraining, and liberal severance pay for victims of automation.

* * *

This was disclosed recently by Howard Coughlin, president of the union, who told a Senate-House Economic Subcommittee employers who embrace the new technology must accept "many new responsibilities."

His testimony was received just before the subcommittee called a five-day recess in its exploration of the possible need for legislation to cushion the effects on workers of the trend toward automatic processes in plants and offices.

Two industry witnesses preceded Coughlin, Robert C. Tait, vice president of the Stromberg-Carlson Co., and Don G. Mitchell, chairman and president of Sylvania Electric Products Inc., testified that automation should be "speeded up" to avert a future labor shortage.

NEED AUTOMATION?

Tait told the investigators population gains and consumer demand will outrun the growth of the labor force for another decade.

"Automation in every conceivable direction, from the blueprint to the shipping dock, is the only answer. . ." Tait said. "We desperately need automation to maintain our standard of living with the onrush of population increase."

Mitchell testified that automation "already has prevented a labor shortage," has created "an entire set of new industries," including electronics, and is providing "hundreds of thousands of new jobs that previously did not exist."

Overdue Book Costly

GRAND RAPIDS (AP)—City Commission Tuesday made effective an ordinance providing 30-day jail terms or fines up to $50 for failure to return public library books 30 days after due notice. Library director Donald Kohlstedt said mere mention of the ordinance earlier had prompted some patrons to return long-overdue books.

Wins Snapshot Contest

MUSKEGON (AP)—La Vern Frost, 43, a bank cashier at Crystal, has won a $1,000 first prize in a national newspaper snapshot contest. His effort was judged the best of 99 entries in the contest's Class C, devoted to landscapes.

Trapped in a Fishbowl

Efforts to Hush Stories About Meg Flop Badly

By JOHN H. MARTIN
(INS Foreign Director)

Official British efforts to screen the activities of Princess Margaret as part of the traditional protection of royal family decorum have flopped badly.

Last week's statement on behalf of the court that "no announcement concerning Princess Margaret's personal future is at present contemplated" was aimed at stilling the speculation regarding the 25-year-old Margaret and her reputed suitor, 40-year-old RAF Group Capt. Peter Townsend.

This was accompanied by a wish that press and public would extend to the gay Margaret "their customary courtesy and cooperation in respecting her privacy."

This was not worked out. The unusual announcement merely put fuel under a controversy that is getting hotter.

DAD'S EQUERRY

Margaret was a leggy, teenaged adolescent when the handsome, married Townsend, a World War II ace in the battle of Britain, was selected by King George VI as an equerry.

Townsend later became divorced, the innocent party in a suit. Still later, the infatuation or love between the witty RAF hero and a young woman, Margaret, developed.

Stories leaked out and were denied with cries of indignation by some sections of the British press. Townsend was sent into "exile," by being assigned to the post of air attache at the British embassy in Brussels in 1953.

Some Britons who approved of the action at the time now think that the banishment of Townsend was a grave mistake. For, if Margaret really loved Townsend, that probably would make the bonds of affection increase.

British newspapers in the early days of the royal romance story cautiously requoted American newspapers and denounced the latter at the same time.

* * *

Now, since Townsend returned to London and meetings with the princess, most of them show less caution.

A few newspapers have respected the princess' wish not to be subjected to the fishbowl treatment. The influential Times of London for instance gave more space to the return of Frederick Mutesa II, Kabaka or King of Buganda, to his African homeland than it did to any of Margaret's activities.

The 31-year-old king, better known as Freddie, returned home yesterday to a big welcome after his own two years of "exile."

He had disagreed in 1953 with British colonial policy, but finally worked out an agreement with the British government.

If Margaret insists on marrying Townsend, the government of course hopes it can work out an agreement that will allay powerful Church of England and constitutional critics of such a union. It will not be easy, and most likely it will take time.

FIRST MALE NURSE OFFICER — Lt. Edward T. Lyon, of King's Park, Long Island, becomes the first male officer in the Army Nurse's Corps as his lieutenant's bars are pinned on by Maj. Mary Donovan. The 25-year-old former Army private says he's serious about his new role, adding "Somebody's got to be first." Pinning ceremony was conducted with "fellow" nurses looking on at First Army headquarters on Governors Island, N. Y. Lyon, six feet, five inches tall, was once a lifeguard.

Change Stirs the Upper Peninsula

HOUGHTON (AP)—There are such obvious changes going on in Michigan's Upper Peninsula that it seems safe and honorable to be a prophet of prosperity, but some serious problems remain for the area, Jean Worth, editor of the Escanaba Press, told the annual meeting of the Upper Peninsula Development Bureau here today.

• • •

The Upper Peninsula has been losing population for years, he said, and most of its areas lost 10 per cent of their people in the decade 1940-50.

Worth made these other points:

The land policy is not settled between federal, state and private ownership, with government ownership large and under pressure to increase.

• • •

The Upper Peninsula once produced half of the world's copper supply and now furnishes only four per cent of the domestic supply.

• • •

Peninsula iron mines produced more than 19 million tons of ore in 1915 and less than 13 million tons in 1950.

• • •

The supply of sawlog timber is diminishing.

• • •

Highway construction has lagged behind the need for development of the area. Ontonagon County hasn't an inch of concrete highway.

The Lower Peninsula has been exposed to the current national boom in a way not known in the Upper Peninsula, said Worth. He added that there are probably more prophets of Upper Peninsula prosperity in the Lower Peninsula than there are to be found above the Straits. The Lower Peninsula, with 6½ million population and growing fast, expects to spill over into the Upper Peninsula, which has only 300,000 population.

PART OF WISCONSIN?

Geographically, the Upper Peninsula is a part of Wisconsin and it, like the Upper Peninsula, is concerned about its economy. In the past 5 years, 130,000 more persons have moved out of Wisconsin than moved into it. There has also been a continuing shift of population within the state from country to cities. Industrial construction in Wisconsin during 1951-54 was only 20 per cent greater than in 1947-50 and in Michigan it was 284 per cent.

• • •

But the element of promise in the Upper Peninsula's future, said Worth, far outweigh its problems.

Its colleges are booming, without benefit of wartime influences. Its forests are growing amazingly and wood is the most important material in the past, present and future of the Upper Peninsula, according to the Ebasco report. There is now a wood surplus in Upper Peninsula forests that invites conversion by paper industries.

Upper Peninsula resorts are growing, but the Upper Peninsula doesn't have nearly enough of them. The trend is toward overnight motels and not toward recreation center resorts with summer and winter facilities, which the peninsula needs.

NEW MINING FUTURE

Upper Peninsula mining faces a new future with more known expectancy than it started with a century ago, said Worth. The white pine project has started the reduction of copper ores after more than 100 years of mining raw copper.

There are an estimated two billion tons of jasper—low grade iron ore—within 100 feet of the surface in the Upper Peninsula and mining men say it should yield more iron ore than has been shipped out of the Upper Peninsula in the last 100 years.

J. H. Kline of Marquette, president of the Lake Superior & Ishpeming Railroad, in announcing a new rail ore line and dock at Rapid River this week, said that "we think the mining potential of the Upper Peninsula is enormous, particularly in low grade ores." This and the growing steel making of the Chicago area provide a promising new economic team.

CANADA HELPS AREA

Mineral rich Canada is growing in population and industry and she is a neighbor of great importance to the Upper Peninsula. The Upper Peninsula, which has traditionally turned south for hope of progress, may well find part of its rainbow to the north, said Worth.

The superhighways to be built in lower Michigan will strongly influence the Upper Peninsula and will, with the Mackinac Bridge, bring the Upper Peninsula into motor weekend range of the Lower Peninsula, a fact of great importance to Upper Peninsula resorting. The more intimate relationship of the state also has commercial and industrial promise.

• • •

The projected refining of Canadian oil in the Upper Peninsula and the St. Lawrence Seaway are added elements of change.

Here's Another Problem in Stratosphere Travel

NEW YORK — An average man has less than two minutes of useful consciousness at 30,000 feet, says the National Geographic Society. Without protection at 50,000 feet he would become unconscious in 11 to 17 seconds and in a few minutes die.

At 63,000 feet, blood at body temperature effervesces like champagne. It boils just as readily as it would on the airless surface of the moon.

Israel's farm population has increased from 111,000 in 1948 to 346,000.

South Poised for Expansion

Dixie Governors Urged to Cooperate in Drive for Industrialization

POINT CLEAR, Ala. (AP)—Southern governors were ready today to make the first move toward a cooperative Southwide program designed to promote a vast new scientific and industrial development in Dixie.

Southern hopes are for 30 per cent of the nation's manufacturing facilities in another 10 years—and a program aimed in that direction is being pushed by the Southern Governors Conference under the direction of the Southern Assn. of Science and Industry, Inc.

• • •

Gov. Orval E. Faubus of Arkansas urged his colleagues near the close of the conference to make the first unified effort toward regional cooperation by initiating:

1. Uniform reports on new plant locations.

2. A study of industries which have grown rapidly in the South since World War II.

3. A regional conference on market research.

• • •

"It is believed that the successful attainment of these limited objectives during the coming year will serve as a starting point for a more extensive cooperative program in the years ahead," Faubus said.

Dr. Frank J. Soday, president of the Southern Assn. of Science and Industry, Inc., told the governors at their windup session that the South's industrial output since 1939 has increased from 11 billions to nearly 60 billion dollars.

• • •

"To illustrate the rapidity with which the South is building its manufacturing potential," he said, "the Gulf South area, which includes Texas, Louisiana, Mississippi, Alabama and northwest Florida, has accounted for one sixth of all the industrial construction in the United States during the past 10 years."

Refering to the South's anticipated achievement in the next decade, he said:

"It will be necessary to build approximately three plants per day during this period, or a total of 10,000 plants in 10 years. Each state on an average will add 700 plants to its industrial potential by 1965."

The big "pot of gold" for the South, he said, is in chemicals.

Surgeon Suing Oilman for Hurts Received in Fight

HOUSTON, Tex. (AP)—A surgeon has filed a $60,000 damage suit against oilman Glenn McCarthy and Braniff International Airways.

• • •

Dr. Marcio M. Bueno alleged in a federal court petition yesterday that McCarthy attacked him while both were on a Braniff flight in South America last year. The New Bedford, Mass., surgeon said his practice was curtailed as a result of the beating about the head and body. He alleged the airline was negligent in permitting the incident.

• • •

McCarthy, presently in Bolivia where he holds a government oil concession, was expected in town next week.

Principal Plays Rough in Row With Teacher

HAZARD, Ky. (AP)—High School Principal Walter Martin Jr. said it happened while he was arguing with commerce teacher Walter Davidson over grades Davidson had given in his mathematics class.

• • •

"I asked him several times not to dispute my word or I'd resort to drastic measures," Martin said.

Today Martin faces assault and battery charges. Davidson says the principal struck him in the face several times. He is free on $100 bond.

"Every man has his breaking point," Martin commented.

Deer-Killing Virus Has Disappeared

LANSING (AP)—The mysterious disease which killed more than 130 deer in Michigan last month has disappeared, the state conservation department said today.

Only a few deer died of the disease this month, the department said. The disease, apparently a virus infection, reached its peak in September.

Conservation workers reported they found 110 victims of the disease in a five county area around Manistee and another 20 in Midland and Saginaw Counties.

The department discounted reports that the deer died from eating wilting cherry leaves. It also reassured hunters that there is no danger in killing a victim of the disease.

Sept. 24 Also Rough Day for GOP Chairman

Ike's Illness Put Hall in Bad Spot

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The roof fell in on Leonard W. Hall when President Eisenhower suffered a heart attack. Before that, there was a rosy glow in the sky. Now he can't see what lies ahead.

As chairman of the Republican National Committee, it's Hall's job to lay the foundations for a Republican victory in 1956.

His counterpart, Paul M. Butler, chairman of the Democratic National Committee, has the same kind of job for the opposition. It's a backbreaking job for both men any time. But Hall's looked easier than Butler's—before the President fell ill Sept. 24.

* * *

The Democrats have no sure-shot candidate for their party's nomination in their convention next summer, even though at the moment Adlai Stevenson may seem to hold an edge.

And before the convention is over the scramble among Democrats may bust the party wide open.

* * *

But Hall, a lifelong politician who at 55 is genial and almost bald, saw nothing like that in store for his party. On the contrary, in early September, he was in a spot Butler and any other professional politician must have envied.

To hear him talk, there were no storms ahead on his political lake. He was confident Eisenhower would run again. If Eisenhower did, with his immense popularity, he seemed a year ahead of time to have much better than a 50-50 chance of winning.

And if Eisenhower won, he might again, as in 1952, pull the whole party with him and give the Republicans control of Congress once more. The whole Republican party felt the way Hall did.

Then on Sept. 24 the President was stricken. Now Hall merely, and not too confidently, speaks about the possibility that Eisenhower may run.

If he had to bet privately, I'd guess he'd bet Eisenhower won't run. So Hall, an ex-judge and seven times a congressman, faces a tough year, just as tough as Butler's.

This month, as if accepting the idea Eisenhower wouldn't run, Hall was saying the party would win by taking "Ike's philosophy, personality and the record of his administration."

But trying to win on Eisenhower's record may not be enough, since the voters will have to make their own judgment on the Republican candidate, whoever he is. And who he may be is something Hall doesn't know now.

Ultrasonic Waves Used to Catch Bank Burglars

CANTON, Ohio—Ultrasonic waves are being used to catch bank burglars with a device perfected by a Canton company. The alarm system fills the bank's lobby and working area with ultrasonic waves that set off an alarm whenever the slightest movement occurs in the protected area during nonoperating hours. Transmitters send out the waves and if a movement in the area occurs, it is picked up by receiving sets that send the police a signal.

Single Room Costly

MIAMI BEACH, Fla. (INS)—The $8,000,000 Hotel Seville opening here in December will have a single room 12,000 square feet. It'll be mainly for conventions but will be available for renting—by millionaires who can afford such extravagance.

GM Production in Bonn Cited

Curtice Says Big Opel Factory Will Turn Out 187,000 Vehicles in '55

WIESBADEN, Germany (AP)—General Motors Corp.'s big Opel plant at Russelheim-am-Main will produce a record 187,000 passenger cars and trucks during 1955, Harlow H. Curtice, GM president, said today.

The German auto industry as a whole, he said in a statement, should turn out about 820,000 units, also a record.

Curtice is touring Europe for a first-hand view of General Motors' 200-million-dollar European expansion program. He said he was "highly gratified" with progress of the company's 73-million-dollar expansion program for Opel, which he said should be completed some time next summer.

The expansion will boost Opel's output capacity to 250,000 cars, trucks and vans annually.

The plant currently employs some 25,000 workers.

Curtice praised Western Germany's "remarkable economic recovery," which he attributed "in large measure to the construction and courageous free enterprise policies of the Bonn government."

* * *

He said he was optimistic about all phases of our business in Germany and Europe as well as in the United States."

Seek Review of Case

GRAND RAPIDS (AP)—A petition, signed by 39 employes of the John Widdicomb Co., furniture manufacturer, asks the city "to investigate more fully the bill of complaint" in the city's case against the company over smoke ordinance violations. The firm faces a Superior Court suit after an unfavorable report by smoke inspectors. The petitioners say corrective steps have been taken and "the charges, in part, are unjustified."

Outweigh Big Building

NEW YORK (INS)—America's fatties have melted down another statistic. Their 770,000,000 pounds of excess fat outweighs the Empire State Building or seven American superliners. The tallest building in the world weighs a mere 730,000,000 pounds, or 40,000,000 less than the extra poundage carried around by the nation's 41,250,000 overweight persons.

Smith Retains Title in Confused Verdict

CINCINNATI (AP)—In as merry a mixup as you'll find in fisticuff annals, Wallace (Bud) Smith held on to his lightweight championship last night.

Smith, the 26-year-old Cincinnatian, halted three-time champion Jimmy Carter's bid for a fourth title via decision—and what a decision it was. No one is certain today whether it was split or unanimous.

• • •

Smith weathered a bruising 13th round, in which he was in rubber-legged trouble all the way, and finished the 15-rounder in good shape. Then the 6,693 paying customers and a nationwide television audience sat back to await the verdict.

• • •

Judges' scorecards were collected from Willie Purcell, Joe Blink and Gene Nietschze. The collector handed the cards to Paul D. Cain, chairman of the Cincinnati Boxing Commission, who looked 'em over.

• • •

The collector went back to Blink's side of the ring, card in hand, for a hurried consultation. The ring announcer then told the crowd:

• • •

"Judge Purcell, 143 for Smith, 139 for Carter. Judge Blink, 140 for Smith, 140 for Carter. Judge Nietschze, 143 for Smith, 135 for Carter."

That made Smith the winner on a split decision.

• • •

Ten minutes later Commissioner Cain told newsmen he had rechecked the cards and found that Blink's added up to 143 for Smith, 139 for Carter, and that the decision was unanimous.

But Judge Blink, who at 70-odd is the retired city circulation manager of the Cincinnati Times-Star, tossed everything into confusion again by stating:

"I don't care how they add it. I voted for Carter, 144 to 140."

That made it a split decision again, but by that time the television audience was watching some other program.

• • •

Commissioner Cain observed: "We must go by the figures on the card. It was unanimous for Smith."

But Blink, still judging two bouts after the main event, was adament in his declaration that "I voted for Carter, 144 to 140. It's still split as far as I'm concerned.

The Associated Press card gave the fight to Carter by 144 to 141.

• • •

No explanations of how the 140-140 draw figure for Blink's card was arrived at, and no announcements of any kind relative to the verdict were made from the ring after the first rundown of how the judges voted.

The judges awarded the winner of a round 10 points, the loser a lesser amount, and 15-round totals decided the fight. The referee, Tony Warndorf, had no hand in the balloting.

• • •

There were no knockdowns in the scrap, which attracted a gross gate of $30,441 and a net of $25,789.35, of which the principals received $9,000 each in addition to a cut of the television receipts.

Carter, who suffered cuts requiring 20 stitches as he lost the title to Smith last June 29, was cut in the right eye in the third round and fought from the eighth on with the eye closed.

• • •

Smith was unmarked, although he took a terrific battering in the 13th when Carter belted him into the ropes with a series of rights and lefts to the head and body, and had him hanging on like a leech.

Carter, who has won and lost the 135-pound crown three times in the last five years, plans a rest until his eye heals. Smith, successful in his first defense of the crown, plans to loaf for six weeks and then seek some overweight matches. His manager, Carmen Graziano, said he'd like to get a shot at either Tony DeMarco or welter champ Carmen Basilio.

Both fighters weighed 135.

AP Wirephoto

WORKS ON EYE — Bud Smith, right, works on eye of Jimmy Carter in 11th round in Smith's successful defense of his lightweight title last night at Cincinnati.

Birmingham Faces Biggest Test of Year at E. Detroit

By BILL CORNWELL

Supreme test for Birmingham High School's football team is at hand.

Carl Lemle's unbeaten, untied Maples face powerful East Detroit Friday night with two vital issues at stake—their perfect record and, more important, their Eastern Michigan League title ambitions for 1955.

The Shamrocks, coached by Alva Asbury, boast a formidable mark this season. The school which produced Michigan's great Ron Kramer has rolled to five straight victories, last week disposing of a tough Port Huron team, 14-7.

Only seven points have been scored thus far against East Detroit's strong defense. The Shamrocks saw their goal line crossed for the 1st time in the struggle with the Big Reds, but still managed to win. Prior to the Port Huron scrap, they shut out Van Dyke Lincoln, Dearborn, Monroe Catholic Central, and Hazel Park.

East Detroit has shown offensive punch too. In five games the Shamrocks have amassed 110 points for an average of three touchdowns per game. Port Huron held them to their smallest total a week ago.

As if these facts and figures weren't enough, Maples will be playing at East Detroit in the Shamrock's annual homecoming game.

To complicate matters, East Detroit will also be protecting a 5-0 record. The Shamrocks trail Birmingham in the EML standings by a mere half game. East Detroit lists two league wins while the Maples have won three.

Birmingham has demonstrated steady improvement. Maples hold decisions over Southfield, Cranbrook, Mt. Clemens, Ferndale, and Hazel Park. They have accumulated 110 points, matching tomorrow night's opponent, and allowed 33.

Ferndale entertains Port Huron's Big Reds in an Eastern Michigan League tilt Friday, Hazel Park's Vikings invade Mt. Clemens in a battle for last place between winless squads.

Royal Oak's Acorns tackle Fordson in a Border Cities League game at Dearborn. Cranbrook faces Nichols in an Inter-State Prep League contest Saturday at Buffalo, New York.

Hecanwin Top Choice in Jackson Feature

JACKSON (AP) — Hecanwin, unbeaten in four starts at Jackson Raceway, was tabbed an early favorite for his appearance in the featured 8th race tonight.

The 7-year-old gelding, owned by Mrs. Douglas Yerkey of Grand Blanc, will run with seven other entries, including Eric Vic and Just Kate, the two he defeated Saturday night at odds of better than 11 to 1.

Brook King won last night's feature, paying $14.20, $5.40 and $4.20 across the board. Bronze Chief was 2nd and My Spencer 3rd.

Braves Extend String to 17

Washington Junior Hi Tops Jefferson, 19-6, in Game at Wisner

With their offense reaching a season high in efficiency, Washington's Braves outscored an improved Jefferson team, 19-6, in a Pontiac Junior High League game Wednesday afternoon at Wisner Stadium. It was the 17th consecutive game without defeat for Em Ghianni's gridders.

Led by Willie Pierson's powerrunning, the Braves marched to their 1st score in the 1st quarter with Richard Moss racing the final 23 yards. Charles Barge crashed over from the two-yard line for the winners' 2nd touchdown in the 2nd period.

Washington tallied its last touchdown in the 3rd quarter on the picture play of the contest. Employing the buck-lateral series, Harrison Munson passed to end Wade Jones in the end zone on a play covering 36 yards. Munson had taken a pitchout from Barge who had received Pierson's handoff. Munson plunged for the extra point.

Jefferson's Warriors scored their lone touchdown in the waning minutes of the 4th quarter. Speedy Willie Copeland sprinted 10 yards for the six-pointer.

Solunar Table

Today's solunar tables show when to hunt or fish, in this area, to get the best results, according to John Alden Knight's calculations. Tables below are for the next two days:

FRIDAY

A.M.		P.M.	
Minor	Major	Minor	Major
8:40	3:30	10:10	3:55

SATURDAY

A.M.		P.M.	
Minor	Major	Minor	Major
10:25	4:15	10:55	4:40

Cooperative System

Gridders Assist Coach in Operation of Team

TAHLEQUAH, Okla. (AP)—If the football players at Northeastern Oklahoma State College lose a game because of their tactics they won't be able to lay all the blame on Coach Tom Rousey.

• • •

Any time the gridders don't like the pattern mapped by Rousey, a former University of Oklahoma player, they get into the coaching act by offering suggestions.

• • •

The system apparently works. The Redmen won the Oklahoma Collegiate Conference championship in 1953 when Rousey took over and are tied for first place this year.

Undefeated in five games this season, Rousey's club of 35 players is preparing for the big contest Saturday with Southwestern with which it shares first place. The rivals have three conference victories each and Southwestern has lost to one non-conference foe.

Referring to the players and their coaching, Rousey said:

"You'd be surprised at how many good ideas the boys come up with and how much everybody learns." He explained practically every boy on the squad expects to become a coach after graduation.

Telling of his team's preparations for the upcoming big game, Rousey disclosed:

• • •

"We're going to look at a couple of defenses I believe might work this weekend. We'll talk it over and, if the boys like the defenses and think they're usable, then we'll put 'em in Saturday.

"If they don't like them we'll try something else. Some of the fellows may have a better idea of what will do the job against Southwestern.

"Football is just a game here . . . we won't make it a drudgery and we still manage to win. When it gets to be work then I'm through."

Hurryin' Hugh Now Becomes Hurtin' Hugh

Ailing Foot Slows Up McElhenny, Hits 49ers Offense Hard

SAN FRANCISCO (AP)—The "Hurryin' Hugh" tag they hung on a halfback named McElhenny when he broke in with the San Francisco 49ers four seasons ago has been revised. Now he's "Hurtin' Hugh."

• • •

The speedy back from Washington, one of the National Football League's most feared runners, has not been able to hurry all year—and the 49ers' offense has been "hurtin' " as a result.

• • •

The foot still hurts, he said today, but it's getting better.

Last year the 49ers were unbeaten until the sixth game, when McElhenny was hurt. This year they have a 2-2 record.

In the 49ers' four NFL games so far, McElhenny has been used primarily as a decoy. Against Los Angeles, Cleveland and the Chicago Bears the strategy of sending him wide served the purpose of spreading the defense, since the league learned long ago that it was best to put two men on him.

But not so Sunday in the mud at Detroit.

• • •

"The Lions weren't fooled at all," said a 49er spokesman today.

"It was the first game in which McElheny ever played in this league that a club put only one defensive man on him. And, frankly, that's all they needed."

• • •

The 49ers meet the Bears in a return game here Sunday, hoping for their third straight victory. They defeated Chicago 20-19 two weeks ago and beat the Lions, 27-2 last Sunday.

Sacrifice Fly Honors Awarded Jensen, Hodges

Jackie Hits Dozen for Bosox, Hodges Tops NL With 10

NEW YORK (AP)—Boston's Jackie Jensen and the Dodgers' Gil Hodges, a couple of masters at hitting sacrifice flies, again wound up as the major league leaders in this department in 1955.

Jensen, who had to share the sacrifice fly lead in 1954, topped the American League with 12. The slugging outfielder accounted for 11 in 1954 and was tied with Cleveland's Al Rosen and Washington's Roy Sievers.

According to figures compiled by The Associated Press, Hodges produced 10 sacrifice flies as compared to 19 during the 1954 season. Hodges also delivered a vital sacrifice fly in the sixth inning of the final game of the World Series that gave Brooklyn a 2-0 victory and their first world's championship.

As a result of the rule, which went into effect in 1954, averages were increased 2.1 points. Major leaguers went to bat 83,581 times and collected 21,605 hits for a .2584 average. With the 696 sacrifice flies counted as at bats, the collective average would have been .2563.

A's PITCHER AND BRIDE — Arnold Portocarrero, Kansas City A's pitcher, and his bride, the former Patricia Turner, 19, "Miss Kansas City" of 1955, look happy in Kansas City, Oct. 17, following their elopement to Collinsville, Ill., and marriage Oct. 15. The bride, holder of several local beauty titles, is from Independence, Mo. Portocarrero, 24, of Plainview, N. Y., is working in Kansas City this winter as an auto salesman.

Branch Rickey Retires Nov. 1 as Pirates' GM

Won't Give Up Game After More Than 50 Years in the Sport

PITTSBURGH (AP) — Branch Rickey wil retire as general manager of the Pittsburgh Pirates Nov. 1 after more than 50 years in baseball—but he's not through with the game yet.

• • •

"I am 'retiring', but you can put quotes around that word," he declared yesterday. I no longer want to punch a clock and intend to see the Pittsburgh club play more games the coming season than I have for the last two or three."

The front-office wizard, who managed St. Louis and Brooklyn to National League championships couldn't turn the trick here. In his five years as general manager and executive vice president, the Bucs finished out of last place only once, in 1951, Ricky's first year with the club.

• • •

There was no mention of his successor, but speculation centered on Branch Jr., now vice president in charge of the Pirate farm system, and another Pirate executive, Joe L. Brown, son of movie comedian Joe E. Brown.

Rickey himself said, however: "I think Branch is best suited in the job he handles right now."

Rickey's five-year contract with the club reportedly paid him $100,000 a year. He had the option of renewing it for five more.

"I am not severing my affiliation with the Pirates, unless John Galbreath and Tom Johnson want me to. But I don't believe they do," Rickey said.

• • •

Galbreath, millionaire Columbus Ohio, real estate man, is president of the club and Johnson, a Pittsburgh attorney is vice president and treasurer.

• • •

Rickey, who will be 74 in December, went on:

"From now on, my interest will be in players. The radio, television and other baseball problems will be handled by someone else. x x x I will do some scouting, maybe a lot of it, in the interest of the Pirates."

Alabama vs. TCU in Loop Classic

Houston, Valparaiso Battle in Opener of Dec. 9-10 Match

BIRMINGHAM, Ala. (AP) — Pairings for the first round of the "Birmingham Classic," announced yesterday, pit defending champion Alabama against Texas Christian University. The classic is slated Dec. 9 and 10.

Opening the classic will be a game between Houston and Valparaiso at 7:30 p.m. Friday, with Alabama and TCU meeting in the nightcap of the basketball doubleheader.

The classic is sponsored by the Birmingham Chamber of Commerce.

Friday's winners will meet for the championship Saturday at 9:15 p.m., following a consolation game between the losers.

Party Planned for Hunter's 100th Birthday

EVART (AP) — Relatives have scheduled open house Saturday to celebrate the 100th birthday of Luther Moody, elder statesman among Michigan deer hunters.

Moody, who has missed only two season openings in the last 64 years, says he intends to be in the woods for the 1955 opening. One of his absences from a deer season opening resulted from the loss of an arm in a factory accident.

Things Are Looking Up

NEW ORLEANS, La. (AP)—Things are looking up for Tulane. In the 1st two games for the Green Wave, sophomore quarterback Gene Newton of Shreveport hit for touchdowns via passes—a 31-yarder to Al Cottrell against VMI and a 24-yarder to Otis Gilmore against Texas. In 1954 Tulane completed only one touchdown pass.

MacPhail's Namesake

Macbig, a 2-year-old thoroughbred owned by Mrs. Anson Bigelow, is named for Larry MacPhail, former president of the New York Yankees and Brooklyn Dodgers, now a Maryland breeder.

Mizz Zibby Unlike Kin

Summer Tan earned $151,096 when the colt won the 1954 Garden State Stakes, but his dam, a mare named Miss Zibby, was sold for $400 because nobody thought her worthwhile for breeding purposes.

Dupas Breaks String

Cisco Andrade, Los Angeles lightweight, won his 1st 31 bouts before he lost to Ralph Dupas last January. Seven weeks later he lost to Lauro Salas, whom he later defeated.

16 Exhibitions Slated

New York Yankees Welcomed in Japan as Though They Were World's Champs

TOKYO (AP)—The New York Yankees came to baseball-mad Japan today and you would have thought they were the world champion Brooklyn Bums.

They were greeted by an eye-searing flashbulb barrage, flower girls, autograph hunters, publicity seekers and about 1,000 drenched fans.

• • •

Other thousands lined main streets as the Yankee jeep cavalcade wound through downtown Tokyo.

The Yankees arrived in two special chartered airliners.

They will play 16 exhibition games in 10 cities against Japanese professional teams.

• • •

"Everyone of my players will give a fine exhibition, or I will find out why," Manager Casey Stengel told a surging mob of Japanese newsmen.

The air terminal lobby was utter chaos. Youngsters fought to collect autographs of the players, their wives, club secretaries and even news correspondents stationed here.

Pretty Japanese girls carrying bouquets with large advertising streamers attached struggled to present their offerings to the Yankees.

Five Japanese boys with huge placards advertising a soft drink scurried about—under directions from an American who handled them like a top sergeant—trying to get the posters into photographs of the team.

When order of a sort was restored, the Yankee players climbed into gaily decorated U.S. Air Force jeeps and paraded through rain-soaked Tokyo streets.

Thousands of Japanese braved the drizzle to wave at the cavalcade.

Stengel brought 24 players, 12 of whom brought their wives.

Casey, who last was in Japan in 1922 as an exhibition tour player, said he was startled at the changes in the vast Tokyo metropolis.

Stengel said he intended to "use this exhibition series to hunt for a shortstop" within his team. "I am looking for that fellow who can play there every day for me. I am going to try Gil McDougald, the Army guy Billy Martin, and Jerry Coleman . . .

Area Bands Take Part in Big Ann Arbor Spectacle

The Oakland County area high schools were very well represented in University of Michigan's annual "band day." Some 25 bands from the section, probably the largest representation from any one such area, appeared in the big Wolverine stadium as part of the huge gathering of brightly-colored uniformed organizations that jammed the big bowl to overflowing last Saturday.

According to the U. of M. officials, the gathering of the musical clans was believed to have been the biggest massed band demonstration ever held anywhere.

Altogether there were 11,500 musicians, drum majors and stick twirlers on the field at halftime of the Michigan - Northwestern game.

This was the 6th annual band day.

Area bands taking part included Berkley, Birmingham (Troy), Clarkston, Southfield, Farmington, Ferndale Lincoln, Lake Orion, Clarenceville, Milford, Ortonville, Northville, Rochester, South Lyon, Fitzgerald (Van Dyke), Walled Lake, Romeo, Livonia, Lapeer, Fenton, Brighton, Center Line, Davison.

SMU's Representative

FORT WORTH, Tex. (AP)— I. B. Hale, tackle and captain of Texas Christian's national champions of 1938, has been appointed one of SMU's representatives to the Cotton Bowl Assn. He fills the vacancy created by the death of Amon G. Carter, Fort Worth Star-Telegraph publisher.

Tibbs Gets Shutout

GRAND RAPIDS (AP)—Goalie Bill Tibbs, collecting 30 saves, accounted for the 1st shutout of the new International Hockey League season last night as his Troy team whipped Grand Rapids, 4-0.

Marty McAlendin scored two goals to lead the Troy attack before 1,500 spectators. Gordon Buttrey and Ken Grabeldinger netted one each.

Masters Cage Captain

EAST LANSING — Michigan State tackle Norm Masters was captain of the Detroit Redford St. Mary's basketball team in his senior year.

There are 7 Sports Pages in today's Pontiac Press

RED WING STARS COOL OFF—World Champion Detroit Red Wings cool off following a hot session on the ice. Shown are four stars who are expected to lead Wings in quest for eighth straight National Hockey League crown, left to right — Ed Sandford, acquired by Detroit in the trade which sent Goalie Terry Sawchuck to Boston; Marcel Pronovost, star defenseman, and the Wings' scoring aces, Gordie Howe and Capt. Ted Lindsay.

Pros Will Hold Player Draft Early This Year in Move to Beat Canadian Football Loop Raid

PHILADELPHIA (AP) — The National Football League will hold part of its annual college player draft two months early this year in an effort to beat the Canadian League to the cream of the crop.

Commissioner Bert Bell of the NFL said last night that the league will meet in Phiadelphia sometime between Nov. 14 and Nov. 28—probably Monday, Nov. 28—to make the bonus pick and select the first three choices.

• • •

Bell's announcement came after a Milwaukee Journal sports writer quoted an unnamed league club owner as saying the loop would hold a secret draft meeting Nov. 28 because of Canadian raids. The unidentified owner was quoted as saying:

"We are sick and tired of Canadian raids on our best college talent. We've had to sit helplessly by in the past, with our draft in January, while Canadian clubs swooped down in late November or December and plucked off, or at least approached, the cream of the crop."

• • •

Bell rejected the secret meeting contention, saying, "I sent out a bulletin to club owners informing them of the meeting and specifically stating that an announcement of the early draft would be made to the press at least two weeks before the date of the meeting."

• • •

He said the main reason for the early draft would be to offset the possibilities of lawsuits between NFL teams and Canadian football clubs. He said the meeting was not considered a weapon to combat raids on NFL selections by Canadian teams, although it quite obviously is.

"We're trying to avoid the possibility of signing ball players already signed and vice versa," Bell said.

• • •

The commissioner went on to explain that NFL teams found that many players selected in their draft already were signed by Canadian teams by the time the January meeting rolled around.

"Some players would say they weren't signed by the Canadians and they were; some would say they were and they weren't. We ended up in lawsuits. That we want to avoid," Bell said.

• • •

He said that the meeting would enable NFL teams to contact college players at least at the same time as the Canadians.

Other Valley games this week—Northern at Bay City; Saginaw at Muskegon; Alpena at Flint Central.

By H. GUY MOATS

Hoping to snap the skein of reverses in Saginaw Valley Conference action, PHS football Chiefs Friday night tangle with an admittedly tough Arthur Hill club from Saginaw. This will be Pontiac's 3rd Valley encounter and the 2nd for the 'Jacks. Hillites turned back the Flint Central club for its only SVC game to this point.

Bay City and Central stopped PHS in its last two outings, on their home fields. Chiefs meet 'Jacks at Wisner Memorial Stadium at 8 p. m. Friday.

Not only does Coach Ed Graybiel's club hope to collect a win, Friday, but it would like to square things for the 26-6 loss at Saginaw in last fall's meeting.

With his cripples still on the uncertain list Graybiel today was waiting to see how things worked out in today's light drill, before naming his starters.

Dick Massengale was slated to go for Dick Kors at tackle in case Kors' knee still bothers him.

Ted Wiersema was in line for the spot Martin Smith filled last week. Smith also has a bad knee.

McCurry was readied to fill in for regular pivotman Don Hardy, still on the uncertain list after getting a bad jolt at Flint.

Parvin Conwell has not worked out since the Bay City game, and was reported still on the ailing squad.

On the other hand, Kurt Kampe, 'Jacks' coach, says his squad is about at full strength. End Ben Stock has been nursing a bad knee, but was expected to be ready for some service Friday, if needed. Dick Dietrick, a rangy flanker, will start, however.

'Jacks are a versatile team. They have several good passers in end Stan Leland and quarterback Jim Draves. They also boast a lot of speed in the running game, with fullback Floyd Wright the spearhead. Gary Murphy, tailback, is fast, and the team's leading scorer with seven TDs so far this season. Bill Lesser at right half is a hard runner who also can move.

Kampe says his team, as a whole, is much faster than the 1954 outfit that won the Valley crown. And while a lot of talk about the Valley tosses the plaudits at Bay City Central, as "the team to beat," the Hills are entertaining some hopes of their own, along title lines.

After Friday night 'Jacks play Bay City, Northern and Saginaw, in order. A loss here would be a big blow to those hopes, and a substantial victory could project Kampe's boys back into the limelight.

Boyce Captures Two Events at World's Rodeo

BOSTON (AP)—Buck Boyce of Haver, Mont., won the steer wrestling and bareback bronc riding events and placed second in the wild Brahma bull riding contest last night as the World's Championship Rodeo opened a 12-day stand before some 8,000 at the Boston Garden.

Boyce won the steer wrestling contest with a time of 6.2 seconds, and then came back to take the bareback bronc riding event. He was runnerup to Dale Beckham of Duncan, Okla., in the wild Brahma bull riding.

Don Newcombe of the Dodgers was the only major league pitcher who batted more than .300 in the 1954 season.

'Jackets Need Lots of Help

OAKLAND B LEAGUE PREP STANDINGS

	W	L		W	L
Madison	4	0	Fitzgerald	1	2
Clawson	2	1	Troy	0	3
Avondale	2	1	Lake Orion	0	3
Roseville	1	2			

There's a "help wanted" sign posted out at Avondale High School these days.

Assistance is needed by Yellow Jacket head football coach Frank Crowell, and he is principally directing his call towards Roseville and Troy. These two Oakland-B League schools are the sole stops blocking presently top-ranked Madison Eagles from stealing the loop crown from the defending champion Yellow Jackets.

"We figure we are still the champs and if someone can help us out with Madison we can get into the top spot again," Crowell said. Going into their game Friday in the Oakland-B circuit against last place Lake Orion, Avondale boasts a 2-1 mark in loop play. Two other conference contests and one inter-sectional match highlight the Oakland-B card for this week.

What chances Crowell and company have of receiving this aid is slightly dimmed by glancing at the Jackets' remaining schedule for the season. After the Dragons, they tackle 2nd ranked Clawson, then Van Dyke Fitzgerald.

"Our team is getting in the best shape we have been in quite a while and the boys have very high hopes," Crowell stated. Avondale's hopes for retaining the title rest highly on the Jackets' top three scorers. Junior halfback Sven Blomberg and former halfback Ray Boyl, now playing end, have accounted for six touchdowns between them. Fullback Fred Hyten, who scales only 140 pounds, has galloped to two markers.

It will be homecoming for Lake Orion when the two teams kickoff at 8 p.m. and the Dragons' injury-riddled squad will attempt to break into the win column.

Another homecoming battle is on tap at Clawson Friday night as the Trojans entertain Troy.

The 3rd league encounter is a grudge battle between Fitzgerald and Roseville. It was the Wildcat contingent that dumped the Spartans out of the unbeaten ranks last season and along with Avondale eliminated them from the title.

In an inter-sectional tilt, undefeated and top ranked Madison will host a Detroit Thurston squad.

Rangers in Second Spot; May Not Stay There Long

By THE ASSOCIATED PRESS

Rookie Coach Phil Watson had his New York Rangers in second place in the National Hockey League race today, but their stay there likely will be short-lived.

* * *

The Rangers moved into the No. 2 spot last night on the strength of a 6-2 win over Toronto's falling Maple Leafs in their home opener at Madison Square Garden.

* * *

The triumph gave the Blue Shirts a 3-2 season's record for 6 points. However, Chicago and Boston, in a tie for third place with 5 points each, are scheduled to see action tonight as is Detroit, in fifth place with 4 points. New York is idle.

The Black Hawks are at Detroit and the Bruins face the league-leading Canadiens in Montreal. Watson and the 11,658 fans who attended last night's game had plenty of cause for optimism. The Rangers played spiritedly throughout.

* * *

Andy Hebenpon, upped from the Western League scored twice. Bronco Horvath, another rookie, and veterans Wally Hergesheimer, Danny Lewicki and Ron Murphy produced the other New York Markers.

Ranger goalie Lon Worsley was outstanding—turning back 46 Toronto shots. He had trouble only with Earl Balfour, who registered both goals for the last place Maple Leafs.

Major Leaguers Pilot Puerto Rican Teams

SAN JUAN, P. R. (AP)—Dixie Howell, reserve catcher for the world champion Brooklyn Dodgers, is managing the Mayaguez-Aguadilla team in the Puerto Rican baseball league. Mickey Owen, Boston Red Sox coach, is running the Ponce team.. Ben Geraghty, ex-Dodger infielder and Jacksonville, Fla., pilot, is at the helm of Caguas-Guayama; George Genovese, who had Willie Mays at Trenton, N. J., in 1950, is San Juan pilot and Herman Franks, 1955 New York Giant Coach, is handling Santurce.

Ted Williams was born Oct. 30, 1918, in San Diego.

MSU, Illini Meet Saturday for 1st Time

EAST LANSING (AP)—The seats could be selling for $100 a ticket if Saturday's Michigan State-Illinois game had been played two years ago.

Let your memory go back to the aftermath of the Big Ten football situation in 1953.

Michigan State and Illinois were tied for the conference title with identical 5-1 records.

Football fans were panting over the question of which one would be selected to go to the Rose Bowl.

The matter finally was decided by a vote of the conference faculty representatives.

But the fans were wishing that conference rules could be cast aside just for once and the question decided the logical way—by a heads-on meeting between the two claimants with the winner picking up the cash, cookies and tickets to Pasadena.

At the start of the 1954 season, Michigan State and Illinois were still sharing the limelight.

A group of Midwestern writers made a flying trip to all the conference schools.

At the end of the fact-finding tour they polled each other to decide the logical conference champ that season.

After much soul-searching, it was decided that Michigan State would be the winner, with Illinois bustling into 2nd.

They couldn't have been more wrong.

As it turned out, the co-champs of 1953 gave each other a good race for flop-of-the-year honors in 1954.

J. C. Caroline, the great Illinois runner, was bottled up like a stuffed olive and the Illini line looked like so much crepe paper. Michigan State pinned most of its hopes on LeRoy Bolden and with Bolden crippled the Spartans came apart like a punctured sawdust doll.

Statistically, Illinois turned in the poorest performance with an 0-6 conference record and 1-8 season, poorest in Illini history.

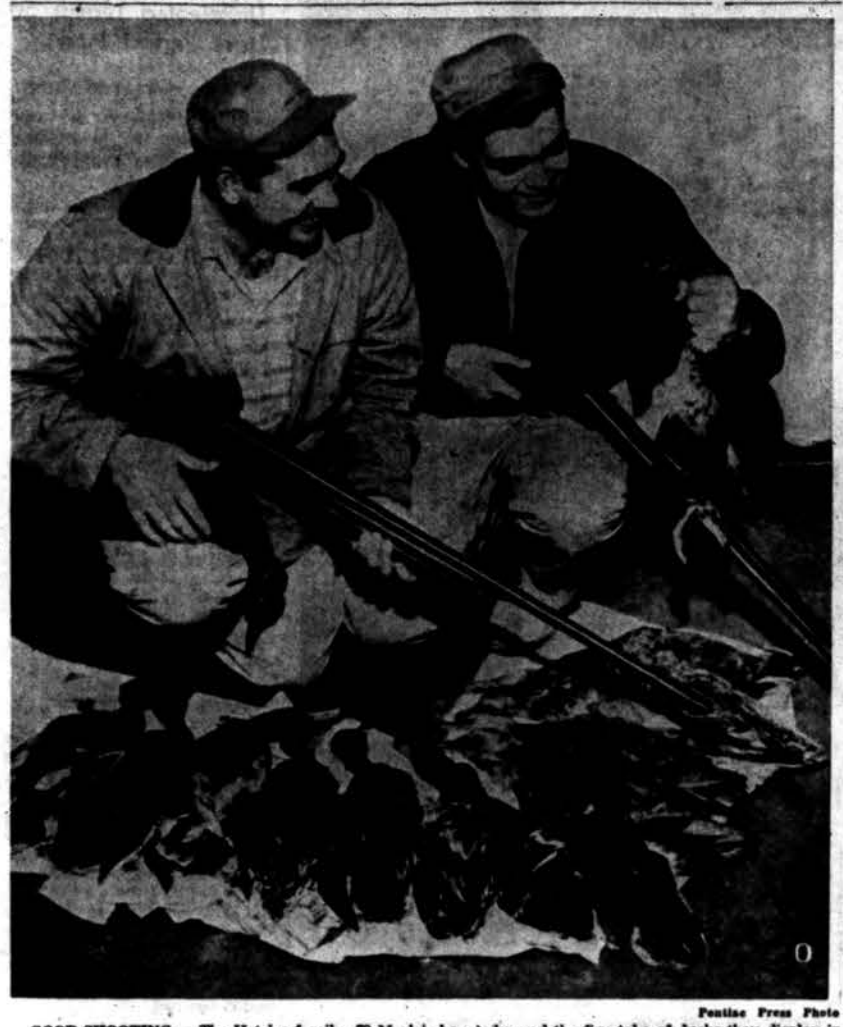

Michigan State was crowding them for the cellar spot, however with a 1-5 conference record and a 3-6 season, the worst for MSU since 1917.

This year, the two teams are recovering nicely from their sick seasons.

They have identical 3-1 won and lost records. Illinois has measured California, Iowa State and Minnesota and has lost only to Ohio State. Michigan State has taken Indiana, Stanford and Notre Dame and lost only to Michigan.

So they finally meet in the flesh and for the 1st time before a sellout crowd in Macklin Stadium.

You could call this a game to decide which team should have gone to the Rose Bowl.

Pontiac Press Photo

GOOD SHOOTING — The Ketzler family, 79 Mark street, Pontiac, should be proud of the head of the house and its husky son. On a weekend trip to Drummond Island, Ed (the dad) and son Eddie, 16 (right above), bagged the fine take of ducks they display in the picture. Jimmy Cloudman, 14, of Drummond Island accompanied them, and altogether they took 23 mallards and bluebills.

Real Estate Firm Lures 4 Ex-Bosox

BOSTON (AP)—Four former members of the Boston Red Sox have joined in a partnership with two other men in the real estate business in eastern Massachusetts.

Walt Dropo, first baseman for the Chicago White Sox, is president of the corporation, with Johnny Pesky, recently named a coach for the Cincinnati Redlegs, vice president.

Sam Mele, former Red Sox outfielder now with Cincinnati; and Eddie Pellagrini, one-time Boston infielder now out of baseball; Joe Lanata, a football player for Boston University several years ago, and Massachusetts Rep. John F. Cremens of Cambridge are the other partners in the firm.

Lakers Down Jackets in Cross Country Run

The West Bloomfield harriers ran to a 22-35 victory over Avondale on its 2-mile home course yesterday. Avondale's senior captain Mike Baggett, was 1st with a mark of 11:26.

A brother combination of Pete and Steve Begle from West Bloomfield were 2nd and 3rd while Jerry Lewis of the Lakers ran away with 4th place. Jackets won 5th position while the next two slots went to the winners.

DePalma Improving Slowly From Illness

SOUTH PASADENA, Calif. (AP) — Former auto race driver Ralph DePalma is showing improvement at his home from pneumonia which followed head surgery, his wife reports.

Mrs. DePalma said her 72-year-old husband has a nurse in attendance and "is coming along slowly but surely."

DePalma underwent surgery Sept. 22 and was stricken with pneumonia Sept. 24.

DePalma, who retired in 1934, twice won the Indianapolis 500-mile race during his 27 years of race driving.

Michigan Elk Prosper

LANSING (AP) — Michigan's elk herd is doing right well since seven animals were released in 1918 at the Pigeon River State Forest in central Michigan. Latest estimates place the herd at close to 600.

Behind on Scorecards, Brant Posts Knockout

BEAUMONT, Tex. (AP) — Trailing on points, Eddie Brant unleashed a perfect left hook to the jaw at 2:45 of the eighth round here last night to score a knockout victory over Lawrence Armstead, to bring a sudden end to a scheduled 10-rounder.

Brant, Dayton, Ohio, southpaw who is the state's fourth-ranking welterweight, weighed 139½. Armstead, New Orleans Negro, tipped the beam at 136.

MHSCA Names Delegates for Seventh District

At a meeting this week of prep coaches in the 7th district of the new Michigan High School Coaches Association at Pontiac High School, Avondale's head coach, Frank Crowell, was elected district delegate. Art Ryzen of PHS was named alternate.

Both will serve for one year and will join other district delegates on the association's executive council.

Possibility of choosing a high school coach of the year from each district with the council to make final approval, was also discussed at the meeting. Further discussion is slated for the Nov. 12 meeting up at Michigan State University.

All 7th district coaches not at the Monday meeting are asked to contact Frank Crowell at Avondale.

Jim Pace Fastest 'M' Back in Decade

ANN ARBOR (AP)—Army football coach Earl (Red) Blaik called him "electric."

No one has thought of a better word for Jime Pace, a sophomore flash for the top ranked Michigan Wolverines.

Pace, a 5-11 180 pound left halfback, currently is 3rd string behind Terry Barr and Tom Hendricks. His main drawback is his lack of experience.

But Pace, who ran the 100 yard dash in high school in 9.7 seconds, probably is the fastest Michigan back in more than a decade.

Coach Bennie Oosterbaan has been going slow on Pace believing that the proper seasoning is important for any ball player. Pace has carried 16 times in three Michigan games for an 88 yard net. It gives him a 5.5 yard average.

However, Pace also streaked for long gains against Army and Northwestern, only to have the plays called back because of penalties.

Backfield coach Don Robinson calls Pace a "stop and go" runner. "He's a lot like J. C. Caroline was at Illinois in his sophomore year," Robinson says, "he can stop on a dime and be going full speed again in a minute."

Pace reminds many Michigan fans of Glenn Davis, the great Army back, with his ability to wriggle loose from would-be tacklers, and his ability to change direction as if by magic.

Pace himself believes he's pretty lucky.

"If I do well, it's because it comes naturally," he says.

What does he think of when he bears down on an opposing back in a downfield sprint?

"I guess I don't think much about it," he says. "The good ones don't fake out, but sometimes you can get a guy off balance from 15 yards away by faking.

Robinson says that Pace is learning well and has a good attitude.

But the game itself has a lot to teach him.

"He needs game experience and that will have to come gradually," Robinson says, "with every passing game."

TOUGH WOLVERINE — Terry Barr, the fleet Michigan halfback who scored two touchdowns in Saturday's 26-2 victory over Army, turned in one of the outstanding performances of the young grid season. Terry was one of the Wolverine threats in last Saturday's game against Northwestern.

Babe Ruth had 3-0 World Series pitching record.

AP Wirephoto

RED FLANNEL QUEEN — Hazeltine Joan Kaines, 16, a senior in the Cedar Springs, Mich. high school has been named the 1955 Red Flannel queen to reign over the 17th annual Cedar Springs event marking the annual deer hunting season. The queen, who teaches 1st grade at the Cedar Springs Methodist Sunday School, plans to take a premedic course at Albion college next year.

Prep Harriers Run in 8th I-L League Meet

Vikings Defend Title as Falcons, Jays Rate as Contenders

Eighth annual Inter - Lakes League cross country run will be held this afternoon beginning at 4:15 at the Hickory Hills Golf Club. It is the 1st year that all six league schools will have an entry in the meet.

Walled Lake Vikings, coached by Rollie Langerman, are the defending champions, while Southfield and Farmington are expected to give the champs a run for their money. Farmington has lost only one meet and also captured the Hastings Invitational this year.

Viking co-captain Joel Bailey will attempt to even the score with Southfield's Bill Holiday and Farmington's Donald Shuster. The two have both beaten the fleet-footed Viking star in matches this season.

Walled Lake captured the run in 1950, and the last two years, while Farmington was successful in 1949-51-52. The Hickory Hills course record was set last year by Viking Don Pounds at 11:08. Pounds is presently 3rd man on the Ypsilanti Michigan Normal College harrier squad.

A trophy will be presented the winning team, and the 1st seven finishers will receive medals. A reserve meet will follow the varsity run.

English tennis matches at Wimbledon date back to 1878.

'M' Relay Team Accepts Offer

Canham's Mile Champs to Run in Sugar Bowl Annual Tourney

ANN ARBOR (AP) — Michigan's crack one-mile relay team has accepted an invitation to appear in the Sugar Bowl tournament at the end of the football season.

Coach Don Canham said it is the 1st time any track team north of the Mason-Dixon line has been asked to take part in the annual tourney.

Canham's quartet, the Big Ten, Central Collegiate and Ohio Relay Champions, last year posted one of the fastest times in the country, 3: 13.0.

The four are Grant Scruggs, Pete Gray, Laird Sloan and Dick Flodin. They will compete against Oklahoma, Rice and Oklahoma A & M.

Basketball games draw 105 million spectators a season.

Duck Hunters Warned

Plan Restrictions on Taking 'Farm' Mallards

WASHINGTON (AP)—Secretary of the Interior McKay today warned duck hunters particularly some in Ohio about plans to restrict the taking of game farm mallards which have been released "into the wild."

McKay's warning was coupled with another by John L. Farley, director of the Fish and Wildlife Service, against possible use in Ohio of any such mallards as live decoys.

Both McKay and Farley also said hunters must conform to all elements of the federal waterfowl hunting regulations in shooting mallards.

A restocking program in northwestern Ohio, carried on primarily by hunting clubs, was reported to have resulted in release of about 6,500 mallard ducks this summer.

These northwestern Ohio duck hunters, numbering some 10,000, contend federal enforcement of hunting regulations is too strict. They say the key question is: when does feeding ducks grain turn into baiting and luring them within gun range?

Recently M. Allen Clemons of Port Clinton, president of the Ohio Waterfowl Assn., expressed belief a test case would be started on the opening day of the season.

The 70-day duck season opened Oct. 18 in Ohio. As of Wednesday Fish and Wildlife Service officials here had not heard of any arrest which might lead to such a court test.

Seals' Purchase Decision Expected

SAN FRANCISCO (AP) — Hank Greenberg says he hopes to announce definitely today whether he will purchase the floundering San Francisco Seals of the Pacific Coast Baseball League.

The general manager of the Cleveland Indians issued that statement last night after a day of conference with baseball officials, accountants and San Francisco banker Jerd Sullivan.

"You just can't do a thing like this in 48 hours," he said.

Maples' Tilt With Shamrocks Top Prep Game

Both Among 6 Class A Undefeated Teams; 50 Have Perfect Marks

By THE ASSOCIATED PRESS

There are exactly 50 high school football teams left in Michigan today with perfect unbeaten-untied records.

Of this number, six are Class A teams—Bay City Central, Ann Arbor, East Detroit, Birmingham and Lincoln Park and Detroit Pershing. All have 5-0 records except Pershing, which is 4-0.

Unbeaten-untied list was shaved to an even 50 yesterday when White Cloud beat Cedar Springs, 20-6.

Among the principal casualties last weekend were Benton Harbor, Saginaw, Detroit Denby, Detroit Bedford, Paw Paw, Albion, Lansing Resurrection, Springfield, Homer, Ypsilanti Lincoln, Adrian Catholic, Manchester, Bedford, Grosse Ile, Romeo, Memphis, Sebewaing, Fairgrove, Davidson, Mt. Morris and Boyne City.

Ypsilanti Lincoln, which had not been scored upon, lost to Saline, 7-6. Homer, which hadn't lost in 27 games, was beaten 20-7 by Quincy.

These statistics were compiled exclusively for The Associated Press by Dick Kispaugh, veteran Kalamazoo statistician.

Top game of the week pitting unbeaten-untied teams sends Birmingham against East Detroit.

Coleman, with a perfect recrod, meets Harris, unbeaten but tied. The same situation prevails when Peck, with a perfect mark, meets Fairgrove, unbeaten but tied, and East Grand Rapids, with a perfect record, faces Rockford, unbeaten but tied.

Skipper JV's, Crary Chalk Up Grid Wins

Waterford High School's Junior Varsity football team won its 2nd game in three starts Wednesday, blanking visiting Farmington, 19-0.

Ron Crowe scored twice to pace the Skipper JV's. He tallied on a 16-yard pass from John Keating and dashed 21 yards after intercepting a Farmington aerial. Leroy Vogl accounted for the other touchdown with an 18-yard run.

After three straight losses, Crary Junior High School posted its 1st win of the season with a 6-0 decision over Farmington on the latter's field. Mike Ewer scored on a 1-yard plunge, the 1st TD for Crary this fall.

Hunting and Trapping Bounty Fees Decrease

LANSING (AP)—The state conservation department paid $20,210 in bounty fees on coyotes, foxes and bobcats during September.

Hunters and trappers killed 907 coyotes, 685 foxes and 167 bobcats during the month, the department said.

Total bounty compares with $20,850 paid during September, 1954.

Carnival Opens Olympic Fund Drive

NEW YORK (AP)—A whole arena, full of America's greatest international champions will start the 1956 Olympic Fund drive tonight in a gigantic carnival at Madison Square Garden.

National Olympic Day, by the proclamation of President Eisenhower, will be held Saturday. This meet, featuring the best the United States has to offer in a half dozen sports, is being held to focus attenion on Olympic Day.

Track, weight-lifting, figure skating, gymnastics, wrestling and fencing, will comprise the program. All the proceeds, of course, will go to the Olympic Fund. The winter Olympics in Cortina, Italy, are only three months away.

* * *

Wes Santee, currently serving a hitch as a lieutenant in the Marine Corps, is the big come-on. His 4:00.5 clocking is the closest an American ever has come to the magic 4-minute mile.

He admits he won't be seeking the mark in this, his indoor debut for the season. He learned last season to his regret that you've got to run against competition rather than the clock.

"But you never can tell in these races," he said.

His main competition will come from an old sparring partner, Fred Dwyer, himself a 4:01.8 miler, who spent all last season running and wrestling Santee. In one race during the campaign, they watched each other so closely, they finished in a tug-of-war and Denmark's Gunnar Nielsen won.

* * *

Others in the mile include Bobby Seaman, Len Truex, Horace Ashenfelter, Billy Tidwell and Joe LaPierre.

Seaman switched from the half-mile, so Lon Spurrier, who ran the 880 in 1:47.6 last spring clipping 1.1. seconds off Mal Whitfield's world record, should have things pretty much to himself. His main competition will come from Lang Stanley.

The two fastest quarter-milers in the world—Pvt. Lou Jones and Lt. Jim Lea—will hook up in the 440. Jones holds the mark with a 45.4 effort.

The weight-lifters will be headed by world champions—they beat the best Russia had to offer last week—Paul Anderson and Tommy Kono.

* * *

Until yesterday, it had been thought that the Russians won the team title in Munich, but American Coach Bob Hoffman revealed that officials forgot to include the scoring in the Mr. Universe contest, now an official part of the championships. Kono won it to give the United States 30 points to 29 for the Russians.

Hayes Alan Jenkins and Tenley Albright, who figure to win Olympic titles for the Americans, will lead the figure skating delegation. National all-around champion Karl Schwenzfeier will give a gymnastic demonstration. NCAA champions Pete Blair and Bill Oberly will wrestle, while National champion Al Axelrod and Pan-American titleholder Hal Goldsmith will hold a foils match.

Jester Isn't Fooling

LARAMIE, Wyo. (AP)—Jerry Jester, 145-pound Wyoming tailback, has a chance to break tailback Sonny Jones' school record of 817 yards set in 1949. Jester gained 279 yards in his 1st three games for the Cowboys this season.

Sports Banquet Honors GMC's Top Teams

Twelfth annual GMC all-sports banquet of champions was held last night at Old Mill Tavern with about 200 in attendance. GMC's top recreational teams were presented with trophies.

Guest speaker was Frank L. Trezise, representative of the Olin Industries, who spoke about new hunting equipment and about the use of firearms in the field and home. A film was also shown titled "Showman Shooter."

The GMC Industry Hall of Fame was also instituted at the banquet and the first 15 men were named to the recreational honor roll. Five employes that contribute the most to furthering industrial recreational activities at GMC will be added each year and chosen by the five men selected the previous year.

Bob Rush has not been able to beat the Phils since June 1951.

Hartack Nears Record

ATLANTIC CITY, N. J. (AP)—Willie Hartack, the young Johnstown, Pa., jockey who has been a sensation at the Atlantic City track, could become the 2nd rider in history to ride 400 winners in one year. Hartack entered the final three months of 1955 with 378 winners. Willie Shoemaker holds the record with 485 winners in one year.

Welterweight Carmen Basilio is a hunting and fishing enthusiast.

FLEET FOOT — Oklahoma halfback Tommy McDonald, after a mediocre sophomore year, is blossoming this season as the Sooner attack's sparkplug. He has tallied 42 points and rushed 334 yards in 41 carries for an 8.1 average during four games so far. He has also completed six of nine passes.

Yelverton Forms Habit

UNIVERSITY, Miss. (AP)—Mississippi fans might be expecting too much of tackle Billy Yelverton whenever the opposing team decides to punt. Last fall against Memphis State Yelverton blocked a punt and this fall he blocked a punt against North Texas. Each time Old Miss went on to score touchdowns.

Ed Kawolics was voted the bowling king of Chicago.

4 reasons for Four Roses

(Because you want whiskey facts, not whiskey claims, we offer four sound and solid reasons for making your next drink "Four Roses.")

1 FOUR ROSES is tailored to the discriminating American taste, so much so it outsells all other American whiskies at or above its price.

2 You can depend on FOUR ROSES' distinctive flavor and unvarying quality—bottle after bottle. Every drop has the same mellow perfection.

3 FOUR ROSES is America's favorite gift whiskey. Proudly given, warmly received. Why not treat *yourself* to the finest every time.

4 Many are surprised to discover it costs only pennies more to enjoy the best. So make it Four Roses tonight—at home or at your favorite bar.

When it's time to enjoy the finest...

it's Four Roses time

Defense Key to Perfect Mark

By THE ASSOCIATED PRESS

A solid defense, something which most football coaches and very few fans appreciate, seems to be the key to an unbeaten record this season.

Nine undefeated and untied major college teams and one that's unbeaten but tied, show up among the first dozen in the total defense figures released today by the NCAA Statistical Bureau. Two others are in the top ten in "scoreboard defense" and that's all the top flight teams there are who haven't lost yet.

Boston College edged into the top place in defense against both rushing and passing last Saturday as Navy was unable to preserve its spotless record against Penn State. B.C. limited Detroit to 105 yards and now have given up an even 135 yards per game to three opponents. Navy, which yielded 218 yards to Penn State, has a 135.5 yards defense average for four games.

Behind these two come once-tied Auburn, Maryland, Holy Cross, Duke, Army, Colgate, Syracuse, West Virginia, Yale and Michigan. Of these teams only three—Army, Colgate and Syracuse—have been beaten.

• • •

Colorado and Oklahoma, who couldn't edge into this group, are fifth and tenth, respectively, on the basis of the number of points given up per game. Navy, whose goal line was untouched until last Saturday, tops this list with 14 points in four starts, an average of 3.5 per game.

• • •

Maryland's impenetrable line has compiled the best record against ground attacks, allowing only 39.8 yards a game by rushing, and Boston College is second with a 48.7 yard allowance. Nebraska has displayed the best defense against passing, yielding only 32.4 yards per game. Second place in this department goes to Penn, a four-time loser, with only 33.8 yards a game through the air and Syracuse is third with 34.7 yards.

• • •

Other departmental defense leaders: punting, Mississippi and Michigan State with 41.7 yard averages; punt returns, George Washington, 20.5 yards per runback; kickoff returns, Southern California, 29 yards; passing percentage, Auburn 24.4 per cent (11 of 45 completed); pass interceptions, Maryland, 16 of 111 passes intercepted.

AP Wirephoto

TOP PASSER—Jerry Foley, 18, displays the form that has rewritten the football passing record books, even though his Hamline team hasn't won a game this season. He is the nation's top college passer.

GNYA Assures Saratoga Horse Racing Will Stay

NEW YORK (AP)—Residents of Saratoga Springs and other upstate communities had the assurance of the Greater New York Association (GNYA) today that it had "never discussed or considered the abandonment of racing at Saratoga."

A delegation from Saratoga Springs met yesterday with John W. Hanes, president of the board of trustees of the GNYA, and B. A. "Tommy" Tompkins, the new racing association's administrative president.

• • •

The upstate group, headed by Mayor Addison Mallery of Saratoga Springs, was concerned over rumors that the GNYA planned to make changes detrimental to the Saratoga track, oldest in the country. There has been pressure to race in the New York City area during the month of August, when the horses go to Saratoga.

"We may say unequivocally that we have never discussed the abandonment of racing at Saratoga," Hanes and Tompkins said in a joint statement after the meeting. "We have never discussed or considered doing anything that would depreciate the quality of racing at Saratoga."

Tompkins said he planned to visit Saratoga shortly and hoped to start immediately some work in the stable area. He said that plans for other rehabilitation of the track such as grandstand or clubhouse, was just as uncertain as the plans for tracks in the metropolitan area.

Saratoga, Belmont, Aqueduct and Jamaica tracks are now all run by one association, the GNYA, which bought up all stock earlier this month.

Dozen Horses in Big Event

NEW YORK (AP)—A dozen names are expected to be dropped into the entry box this morning for the $50,000-added Temple Gwathmey Handicap—world's richest steeplechase to be decided Friday at Belmont Park.

• • •

The 32nd running of the gruelling 2½-mile event with its 16 fences is almost certain to decide the championship in the steeplechase division.

Heading the list, as well as the weights for the big United Hunts Racing Assn. feature, will be Mrs. Ogden Phipps' Neji, 167 pounds, and Mrs. Marion De Pont Scott's Shipboard, 166. Between them, the two 5-year-old geldings have cornered the market in U.S. jumping stakes this year.

• • •

Others expected to enter are Hyvania, Bavaria, His Boots, Palaja, The Proff, Galatian, Carafar, Templier, Carthage, and Rhythminhim. If 12 start the winner will collect a record $39,725 from the $57,800 gross purse.

Sports Briefs

Horses breaking from the No. 1 post position won 126 of the 1st 422 races at Freehold, N. J., Raceway this year.

Second baseman Billy Martin of the New York Yankees won a boxing championship at the James Kenny playground in San Francisco during his boyhood days.

Al Andrews, Superior, Wis., middleweight boxer, plays the accordian.

Thirteen playoff games in the Class A Eastern League drew 23,832 fans this season as compared with 15,621 onlookers for 15 games in 1954.

Paul Hornung's 38-yard field goal against SMU was the 1st the Notre Dame star ever kicked in his career.

Connie Mack's A's won nine league pennants between 1092 and 1931.

BIG ONE—William Sheeler of Reading, Pa., took time out from training trotters at Pinehurst, N. C., to hook the biggest fish he ever caught. The large mouth bass is 25 inches long and weighs seven pounds and seven ounces.

Bowling Clinic

BOLDING THE ARC—The striking thing about all top bowlers is the apparent ease with which they stride to the foul line. No rush. No exertion in handling the ball. Smooth all the way. The reason? Swing. They swing the ball; feel its weight. What happens is this: When the ball reaches the top of the backswing, they let it drop down almost directly in exactly the arc it followed going back. Thus, as it drops, the weight creates the necessary increased momentum in footwork to finish the stride straight-on, with a slide. Only with a slide will the body be perfectly balanced to permit the ball to swing to an accurate follow-through. It is from the top of the swing that trouble begins, as I'll illustrate in the next article.

(Copyright 1955, John F. Dille Co.)

Vermont to Aid State Brown Trout Supplies

LANSING (AP)—Michigan will receive a gift of 200,000 brown trout eggs from Vermont this year, the state conservation department said today.

Vermont officials said the eggs would be shipped to the Wolf Lake and Thompson hatcheries sometime next month.

They are part of nearly four million eggs to be processed at conservation department hatcheries this fall.

Eliot Aims to Upset State 11

CHAMPAIGN, Ill. (AP) — "Solid, fast and powerful!"

That's how coach Ray Eliot describes Michigan State as he grooms his revitalized Illinois football squad for invasion of the Spartans' home Saturday.

The Big Ten test will mark the 1st gridiron meeting between the two schools and the Illini are getting primed to aim for an upset. Many Midwest experts think Michigan State, after its inspiring 21-7 triumph over Notre Dame, is the best team in the conference at the moment.

But the Illini will be dangerous, especially after being buoyed up with a 21-13 decision over Minnesota Saturday. It was Illinois' 1st Big Ten victory since beating Northwestern in the last game of 1953.

"We are continuing to improve," said Eliot. "Our line is much better on defense. I thought tackles John Gremer (205) and Rudy Siegert (216) did a good job Saturday stopping Minnesota's power plays. We'll have a tough time defensing for Michigan State's complex offense.

"I thought Harry Jefferson played one of his best games and that quarterback Hiles Stout helped us. It's funny, one day (quarterback) Em Lindbeck will look great and make the team click, and the next it will be Stout who is effective."

Halfback Jefferson picked up 123 yards in 20 carries against the Gophers and his fleet running mate, Abe Woodson, scampered for 67 in 13. Stout hit on 6 of 10 passes for 96 yards and has a season record of 28-16-287. Lindbeck has a 29-11-213 mark.

Illinois has compiled one of the nation's best total offense records in beating California 0-13, Iowa State 40-0, Minnesota 21-13 and losing to Ohio State 27-12. The Illini have gained 1,110 yards rushing and 489 passing for a 1,599 total.

GRANDPA IS MR. FIXIT—Manager Walter Alston who led the Brooklyn Dodgers to their first world championship sits in his Darrtown, Ohio, home Oct. 11 with his grandson, Robin Dean Ogle, 2. The youngster complained that his miniature auto wouldn't work and Grandpa fixed it—just like the did the Yankees.

Purses Increase at Gulfstream

Florida Derby to Pay $100,000; 18 Other Races Affected

MIAMI, Fla. (AP) — Gulfstream Park race track has announced $322,500 in added money for 18 stakes and handicap races to be held during the meeting March 3-April 21, 1956.

The Florida Derby, with $100,000 in added money, will be decided on Saturday, March 24 with leading 3-year-olds competing. The Gulfstream Park Handicap, for 3-year-olds and up, will carry $50,000 and will be run March 17.

Other major races:

March 5, $10,000 Armed Handicap; March 7, $10,000 Hutcheson Handicap; March 10, $15,000 Appleton Handicap; March 14, $15,000 Fountain of Youth; March 20, $10,000 Dinner Stakes; March 21, $25,000 Suwanee River Handicap; March 27, $10,000 Singing Tower Stakes; April 3, $10,000 Juvenile Stakes.

BIG GAME BOY—Allen Shivers stands proudly beside a trophy of a hunting trip on the Ponder Ranch in Brewster County, western Texas. The nine-year-old son of the Texas governor was with dad's party.

Coin Proved Prophet

EAST LANSING — Michigan State's upset win over Notre Dame came on a day when the Irish, for the first time in 1955, called the toss of the coin wrong.

Reserve at Muhlenberg

ALLENTOWN, Pa. (AP) — Coach Tom Triplett of Muhlenberg found a brilliant sophomore reserve in Dick Cornish of Washington, N. J., when the Mules regular quarterback was forced out with an injury. All Cornish did in his 1st starting assignment was play 60 minutes against Albright and throw three touchdown passes of 30, 77 and 72 yards in a 26-13 victory. Besides, he gained 238 yards on offense and made five tackles on defense.

State High for Irish

EAST LANSING — "I wasn't worried about getting our boys 'up' for the game with Notre Dame," Michigan State coach Duffy Daugherty commented. "They were so high that we had to shake the trees around the field to get thdm down for practice."

Bill Bruton of the Braves has hit a home run in each of the league's eight parks in the 1955 season.

Villanova Director Praises Officials

VILLANOVA, Pa. (AP)—Bud Dudley, Villanova's modern design athletic director, says that if coaches had more faith in human nature of officials, colleges could cut their gridiron expenses.

Dudley, who startled the collegiate world by selling tickets to Villanova games to chain stores to give away with groceries, suggests that traveling teams dispense with the custom of taking along their own officials.

"The way we feel about it," says Dudley, "is that all accredited officials are competent, honest men. Football rules are the same and are interpreted the same in all sections of the country. Therefore it is silly to import officials from

JACK REED

Jack K. Reed, 14, of 207 Heminway St., Lake Orion, has been recently honored for outstanding service to patrons along his route as a Pontiac Press carrier. The son of Mr. and Mrs. Arlie Reed, Jack plans to attend college but is undecided as to which school he would like to go to. He will graduate from high school in 1958 and is a member of the school band. Jack's hobby is raising tropical fish.

300 Birds Fly Into Skyscraper in Gotham Fog

NEW YORK (INS) — Some 300 birds were flying south yesterday, on course, altitude 1,000 feet, plenty of flying speed, but poor visibility. No instruments. They hit the Empire State Building.

Visibility was so poor around the fog-shrouded building that at least two migrating tree bats also collided with the 1,472-foot high building in mid-Manhattan.

Manager Frank Powell of the huge building found three dozen crashed birds, most of them warmbiers, on the 86th floor observatory terrace this morning.

Other birds fell into 33rd street and on various setbacks of the building. It was the worst crash of birds since Sept. 11, 1948, when about 300 warblers were killed. Two years ago, Sept. 22, 1943, 277 birds crashed to their deaths on the building.

Schedule Date for Mart

GRAND RAPIDS (AP) — Carl E. Fowler, president of the Grand Rapids Furniture Exposition Assn., Wednesday announced the fall furniture market has been scheduled Oct. 31-Nov. 4. A highlight of the market is a preview showing of the completely remodeled 15-room galleries of the Grand Rapids Furniture Makers Guild.

Gas Price Cuts Spread

SOUTH HAVEN (AP)—Operators say gasoline price cuts spreading through Berrien and Van Buren Counties in recent weeks have reached South Haven stations. One major brand is reported two cents lower and other stations indicate expected cuts within the next two days.

Bob Considine Says:

Machine Marvel Turns Moos Into Moolah

NEW YORK (INS)—If Secretary of Agriculture Benson and former Premier Mendes-France are looking around for a candidate, why not Robert W. Wagstaff? Never heard tell of Robert W. Wagstaff? Why, he's a top wheel in something called the Vendo Company of Kansas City.

The company has come up with a machine that sells more milk than two cows can produce working overtime.

Benson is worried about the reservoirs of milk our dairy farmers over-produce each year, milk that isn't consumed here and winds up being dumped or powdered and piled in warehouses until UNICEF or somesuch takes it off our hands for free.

M. Mendes-France tried to make milk palatable to the taste buds of France and got the gate. Vendo could bring him back.

Wagstaff's got a machine that can sell milk in schools in half-pint, pint, and third-quart sizes with a choice of three flavors.

He wishes ther had been such a company when he was going to school.

HEALTH REPORTS

Then, he told us on a recent trip to KC, where everything's up to date, teachers issued health report cards as well as grade cards. The scrawny kids had to take their bad health marks home not only to remind the parents of their condition but to prompt the parents to do something about it.

* * *

In mid-morning and afternoon, milk was forced down their throats by the schoolmarms.

Trouble with that, this fellow recalls, was the milk they served him was always warm. And other kids didn't have to do it. The kids who did have to drink it sometimes had to fight their way home. The non-drinkers had called them sissies.

So now here's this machine that makes the whole thing easier and habit-forming. Vendo has machines in the White House, the cloakrooms of the House and Senate and, naturally, the Department of Agriculture.

U. S. schools will get about 3,000 more machines this year. In Saginaw, Mich., there are 50 of them in schools, keeping 100 cows employed. Every Dayton school has one or more.

* * *

They're spread through the schools of Alabama, California, Colorado, Illinois, Indiana and Kansas. Curiously, school and plant and office cafeteria sales of milk rise with the spread of milk-vending machines, which are generally placed in corridors and recreation areas.

MORE THAN EVER

The nation is drinking more milk than ever, thanks to these machines, which keep it refrigerated and make change for a two-bit piece. There could even be a day when the American public caught up with the American dairy farmer and could therefore be rid of the cost of semi-subsidizing him.

* * *

The Vendo operation is one of those things that seem to happen only in this country. In 1937, E. F. and John T. Pierson, brothers, borrowed $25,000 — they put up their arms for security—and built a new soft-drink peddling machine they had been dreaming about for a time.

They wangled an invitation from the Coke people to show it off in Atlanta and figured they were home. But you know how it is with inventors . . .

E. F. made his big pitch to the hard-to-sell group, took a nickel out of his pocket (this was, we repeat, 1937) and dropped it into his Rube Goldberg with the flourish of an artist. It probably would have been worse for the people in the audience if a Pepsi had come out. But the next worst thing happened. The machine didn't work.

It had worked 10,000 times before that in the factory. Now, when all mattered, it sulked.

* * *

Pierson doesn't remember what he said at that moment, though he recalls he didn't have presence enough of mind to light up a Murad. In effect, he drew the curtains and went back to work, got the thing operating before the last Coke executive stomped out, and . . .

ONLY THE BEGINNING

Well, the company will do $20,000,000 worth of business this year. And it's only beginning. It has eliminated the need of scores of over-the-counter salesmen, all of whom, it hopes, have gone on to nobler things.

Vendo machines, there are 16 kinds of them, sell just about ever thing needed to keep body and soul and mind (books) together. They're said to be coming out with one with wheels, to replace the traveling salesman. Presumably, it will be equipped with a long-playing record of jokes, so it will feel at home in Pullman washrooms.

* * *

But the greatest thing the company has done is make the American cow feel she is wanted.

Blarney Stone Puckers but Allen Won't Smooch

Let's get this straight, muses Gene Lowther—it's pink for girls, but is it now charcoal gray for boys?

By EARL WILSON

NEW YORK—Fred Allen, back from a quickie to London and Dublin, was excited about the new jets which'll make the trip in under seven hours. "It'll be so handy," he told us, "for Danny Kaye." I asked if he'd kissed the Blarney Stone. "I left it all puckered," he answered, "but the truth is, I've never even kissed Paula Stone."

ANITA EKBERG

GLAMOUR BEAT: Anita Ekberg, who now has a whole pic magazine about her ("Hollywood Glamour Girls") is doing so well in Rome in "War and Peace," that some Italians are switching to smorgasbord.

Jayne Mansfield's date at the Harwyn's party for the new Alfred Hitchcock movie, "The Trouble With Harry," was Steve Cochran . . . Monroe now doesn't expect to return to H'wood till '56 . . . The "girls' secret weapons" that Carol (Saroyan) Grace wears in "Rock Hunter" are a monument to corsetry.

"Who remembers when the three degrees of illness were 'a mite peekid,' 'feeling poorly' and 'plumb sick'?"—Jack Harris

★ ★ ★ ★

Fanny the file clerk says (according to H. C. Diefenbach of Dayton) that landing a man is like fishing—the hook has to wait until the fish comes after it . . . but it helps if you wiggle the bait a little.

★ ★ ★ ★

Errol Flynn ordered five cases of pernod! . . . Herb Shriner mentions the pretty husband-poisoner back home. "The judge let her off, though; he felt kinda sorry for her 'cause she was a widow" . . . Daffynition: "College football star: A guy who passes all day Saturday, but flunks the rest of the week."—Harry Toffel.

★ ★ ★ ★

Then there was the panhandler who asked Martha Scott for $5, admitting it was a little high, but explaining that it was Saturday night and he wanted to get through early.

MISS SUSAN

London Laughter: "For years they were both gloriously happy. Then they met each other . . ."

THE MIDNIGHT EARL . . .

Sen. Magnuson's investigation of radio and TV monopolies is set for Jan. 10 . . . Leo Durocher's official title at NBC is "Director of Personal Relations" . . . Actor James Dean, killed in a crash, was set to do a TV show this week—for an auto company . . . Billy Eckstine's ex-wife, June, is preparing a cafe act . . . Jacqueline Susan was signed for Viola Rubber's comedy, "Indoor Sport."

Joe E. Lewis' film bio will star Frank Sinatra, and the raspy-voiced comic says, "To sound like me he'll have to eat rock candy—with real rocks" . . . The battling Cy Howards (Gloria Grahame) are reported dating again in London . . . Amer. Airlines exec Rex Smith registered a film title, "The Men Upstairs," and wants Fred Brisson to produce the movie.

EARL'S PEARLS: When you grow old you don't feel your oats as you once did—but you certainly feel your corns.—Colby (Kan.) Free Press.

★ ★ ★ ★

WISH I'D SAID THAT: "Many a husband has learned that an iron-clad excuse is never as good as a diamond-studded one."—Louis L'Amour.

★ ★ ★ ★

Al Newman claims he heard an announcer on a noisy rock 'n' roll show say, "We interrupt this program—thank goodness—to bring you a news bulletin. . . ." That's earl, brother.

Chiang Springs Big Food Air-Drop Inside China

TAIPEI, Formosa (AP) — Nationalist Chinese planes last night staged what appeared to be one of its biggest airdrops on Red China.

Air force headquarters said they flew over Kiangsu, Chekiang, Kiangsi and Fukien unloading 25 tons of rice, several tons of socks, towels, underwear and other useful articles, and millions of copies of a Chiang Kai-shek propaganda message. The air force said the planes ran into vigorous antiaircraft fire but all returned.

Noises Cause Folks to Worry

Jets Create 'Booms' of Phenomenial Nature by Supersonic Speeds

ST. LOUIS — A jet airplane cracks the sound barrier and somewhere in an area up to 35 miles away newspapers and police switchboards can be flooded with telephone calls:

The reason: "sonic booms."

Just what is a boom?

It's a phenomenon of nature set up when any object or impulse moves through the atmosphere faster than the speed of sound. One or a group of sonic waves are set up, creating the sound, which in the case of a plane can resemble a single or double explosion or a distant momentary rumble.

Actually, it's nothing new. The crack of a whip or rifle bullet is a sonic report, only small in intensity. But the boom from jets has come to us since the late 1940s when only a few planes could reach supersonic speeds, and then only in dives.

Now the most advanced military fighters can far exceed the speed of sound in level flight, setting up the chain reaction on the ground below as they reach velocities approaching 1,000 miles an hour. But the pilot knows only from a small meter in the plane that he's passed the mark.

LACK OF SENSATION

Phillip Houghton, 35-year-old senior experimental test pilot for McDonnell Aircraft Corp. who's broken the barrier hundreds of times, explains it this way:

"Probably the most interesting sensation about breaking the sonic barrier is the complete lack of any sensation at all."

Houghton says the transition to supersonic flight is made smoothly and the average pilot of these planes can "slip back and forth across the barrier many times in one flight without thinking much about it."

And every time it's done, by a law of nature, a sonic wave pattern is set up which Air Force research estimates can be heard from 15 to 35 miles away.

Whether it will be heard, and just how loudly, depends largely on atmospheric conditions at the moment.

Pilots who fly at these speeds are instructed to maintain high altitudes to minimize public inconvenience but the booms don't always cooperate.

Property damage from the booms is extremely rare under normal atmospheric conditions and, if you're worried, Air Force research shows there are no known cases of adverse effects on the human body.

Detroit Teachers Are Free to Spank

DETROIT (AP) — Arthur Dondineau, superintendent of Detroit public schools, today told teachers they were free to punish errant pupils physically if they use discretion as to "size, sex and physical strength.

Clarifying a much-discussed issue, Dandineau said, however, that punishment must not be such as to cause "lasting pain or injury."

He said the code is a reinterpretation of a punishment policy that has been in the hands of teachers and principals for years.

"We wanted to give teachers and principals an understanding as to how far they can expect the support of the administration in punishment problems," said Dondineau.

"Now we think the teacher knows how far he will be protected if a complaint were made in court of his action."

Bar Proprietors Fined by State Commission

At a recent hearing, the proprietors of Salfi's Bar, 468 N. Perry St., were fined $100 by the Michigan Liquor Control Commission for permitting an intoxicated person to loiter in the bar.

According to the Commission, Adeline and Joseph Salfi permitted the offense on April 24.

Algerian Rebels Kill Three

TUNIS, Tunisia (AP) — Algerian rebels went on the warpath again and killed three Frenchmen in an attack on a mine just over the Tunisian border, the French announced today.

Egyptian war chariots charged through Gaza 14 centuries before the birth of Christ, says the National Geographic Society.

Experts estimate that Maine has 10 times as many deer as when the first white settlers arrived in the state.

JOHN HODIAK

Star of stage and screen, John Hodiak, 41, died in his Hollywood home Wednesday of a heart attack. He spent early years of his life in Hamtramck and 15 years ago became an announcer at a Detroit radio station. (See story on page 2.)

Hollywood Headlines:

Blonde Kim Novak Noted for Subdued Sex Appeal

By BOB THOMAS

HOLLYWOOD (AP) The latest thing in Hollywood is quiet sex, as evidenced by a luscious Chicagoan named Kim Novak.

This is in contrast to noisy sex, represented by such other blondes as Marilyn Monroe, Mamie Van Doren and Sheree North.

• • •

Unlike that much-publicized trio, Kim hasn't been over-sold to the public. Oh, her studio's press agents haven't kept her under wraps; that would be a crying shame. But they haven't blanketed the country with her cheesecake photos and sexy sayings, either.

"I like it better that way," says the subdued Kim. "When you get a tremendous buildup, your career has trouble catching up with the publicity. Sometimes you never do make it."

• • •

As to cheesecake: "I neither like it nor dislike it. I'll do it when necessary. Fortunately, they don't ask me to do much. The studio would rather have me known as an actress.

"That suits me. I think cheesecake is merely an external form of sex appeal. Real sex appal should come from the inside. It should be quiet and sincere; you shouldn't shout about it."

Kim voiced these sentiments on the set of "The Man With the Golden Arm," and her appearance supported her argument. She was fairly well covered in a full-length gown. Yet with her short blonde hair, lovely face and bare shoulders, she looked sexier than any scantily clothed chorus girl.

Otto Preminger, who was directing Kim and Frank Sinatra in a street chase, paused to comment on her appeal. He also directed la Monroe in "River of No Return."

• • •

"Kim's is a real kind of sex, not phony," he remarked. "It is quiet, subdued and convincing, not manufactured."

The public will soon be able to judge whether it prefers Kim's quiet sex to the louder variety. Besides "Golden Arm," she's coming out with "Picnic" opposite William Holden and "The Eddy Duchin Story" with Tyrone Power. That's pretty fast company for the 22-year-old doll from the windy city.

• • •

Kim's way of living is as quiet as the sex she exudes. She still lives at the Studio Club, the fabled home for Hollywood hopefuls.

2 More Ex-POWs Face Court Martial

SAN FRANCISCO (AP)—Two more former Korean War prisoners, who returned home after denouncing the United States and casting their lot with Red China, must face court-martial, the Army says.

William A. Cowart, 23, of Dalton, Ga., and Lewie W. Griggs, 23, of Jacksonville, Tex., were notified yesterday they must stand military trial on charges of aiding and collaborating with the enemy while prisoners of the Reds. No date was set.

The Army earlier ordered a court-martial on similar charges for a third turncoat, Otho G. Bell of Hillsboro, Miss.

Kefauver Claims Slavic Nationals Are 'Antiregime'

NEW YORK (AP)—Sen. Kefauver (D-Tenn) said today 90 per cent of the people in Red-ruled Poland, Czechoslovakia and Hungary are "antiregime." He urged the West to keep alive their hopes of freedom.

• • •

In a speech prepared for the Overseas Press Club, Kefauver also advocated more trade with Russia but cautioned the West against dropping its guard because of the Soviets' new "smiling" tactics.

The senator has just completed a world tour including travels behind the Iron Curtain.

• • •

Kefauver said that in Russia the present generation has, in the main, accepted communism as "the normal way of life." But he said that in the Eastern European satellites the people are resentful of their Communist rulers.

Students believe the dandelion reached America in the ballast of the ships used by early colonists from Europe.

Two-State Road Pact Nears End

Michigan - Ohio Axle Tax Jangle Has Officials Optimistic

LANSING (AP)—State officials appeared unworried today at the approach of another deadline in the Michigan-Ohio dispute over a highway reciprocity agreement.

Judge Dana F. Reynolds of the Franklin County Common Pleas Court issued a temporary restraining order Sept. 23 to prevent Ohio from canceling the highway pact with Michigan and several other states. The straining order is due to expire Monday.

"At the present, I would assume the court will extend the order unless it comes to a decision in the case before Monday, which is unlikely," said William B. Elmer, state public service commissoner.

Elmer sad he doubted there will be any major developments in the feud early next week because officials of both the Michigan and Ohio boards will be attending a convention in North Carolina.

Judge Reynolds issued the order only a few hours before the pact was due to expire.

Ohio officials announced they intended to cancel the agreement so that Ohio could continue to collect its heavy axle-mile tax on Michigan truckers using Ohio roads.

Tell Low Bidders on County Projects

Low bidders on three projects in Oakland County, all part of the Farmington-Brighton Expressway were announced today by the State Highway Department.

The W. H. Harvie Co., of Detroit, was low at $186,088 for a contract to build a bridge over Ten Mile road about two miles west of Farmington.

A low offer of $161,331 was received from the Johnson-Greene Co., of Ann Arbor, to construct a bridge to take Novi road over the expressway about a quarter mile north of Novi.

Cross and White, of Grand Rapids, was low at $671,087 on a project including 5.4 miles of grading and drainage work between Twelve and Ten Mile Roads.

Japs Planning to Create 5,000-Man Home Guard

ta71 eess Guard g20

TOKYO (AP) — Japan plans to create a 5,000-man home guard with a nucleus of Worl dWar II veterans.

Defense officials said today only that the plan is being drafted, "but details may still be changed before it is submitted to the Diet (Parliament)."

The newspaper Asahi said the guard, which would be called to active duty only in an emergency, will expand to 50,000 men by 1961.

The regular Japanese army plan to have 180,000 men under arms by that time.

A beaver can fell half a dozen young fruit trees in a night.

Swedish Doctor Wins Nobel Prize for Medicine

STOCKHOLM, Sweden (AP)—The 1955 Nobel prize in medicine was awarded today to Dr. Hugo Theorel, a Swedish biochemist, "for his discoveries concerning the nature and mode of action of oxidation enzymes."

• • •

He will receive a record Nobel cash award equal to $36,720.85 along with his Nobel insigne from King Gustaf VI Adolf at ceremonies here Dec. 16. The money comes from a nine-million-dollar foundation established by the will of Alfred Nobel, inventor of dynamite.

• • •

The Swedish Academy of Literature will choose the literary prize winner Oct. 27. Physics and chemistry winners will be selected by the Swedish Academy of Science Nov. 2. A committee from the Norwegian Parliament selects the peace prize winner.

Russia Will Permit 250 to Visit Yugoslavia Soon

DUBROVNIK, Yugoslavia (AP) — Russia is drawing aside a corner of the Iron Curtain for 250 of her people who will visit Yugoslavia later this month.

It is believed the mass tour will be the first such by Russian civilians in years.

The Russians reportedly will have very little money to spend, and there is difficulty finding accommodations to suit the Russians' purses.

The population of the world increases about 100,000 a day, says the United Nations Food and Agriculture Organization.

Latest News FROM HOME AND ABROAD

How Does Our U.S. Constitution Interpret the 'Natural-Born' Citizen?

WASHINGTON (AP) — Sixty years ago a son was born to a pair of young American art students who had met, were married and then lived in Paris.

They named him Christian Archibald Herter.

Today, as governor of Massachusetts, and with a long record of government service behind him, Herter is considered a presidential possibility. And if he develops into a front running candidate for the Republican nomination, it's a safe bet the constitutional experts will be in their glory.

For the Constitution says: "No person except a natural born citizen . . . shall be eligible to the president."

The question is: What does "natural born" mean exactly?

Back in 1790 Congress passed a law saying that children born abroad of American parents are American citizens. But does that make them "natural born" citizens? Does a person have to be born on American territory in order to qualify as natural born?

The final legal reply has never been made because of a simple reason: Every president and vice president we've ever had was born on soil that was, or eventually became, a part of the continental United States.

* * *

Oddly, a Democrat who occasionally has been mentioned as a young man to keep an eye on is in the same political boat with Herter. Franklin D. Roosevelt Jr., it has been pointed out, was born while his parents were at their summer home in New Brunswick, Canada.

There is no doubt that the Constitution bars from the presidency immigrants who become citizens by naturalization. No one seems quite sure today why the founding fathers did this. After all, many of them were only a generation or two removed from the old country themselves, and all had been British subjects.

But while the delegates were debating there were rumors of a plan to set up a monarchy here, and undoubtedly the fear of foreign intervention was great.

* * *

Some scholars maintain that the provision that only a natural born citizen can be president really was a slap at one man: Alexander Hamilton, born in the British West Indies and who was George Washington's first secretary of the treasury.

In recent years relatively few immigrants have risen to the point where, but for their birth, they would be considered as presidential possibilities. One who did was the late Robert Wagner, senator from New York, who was born in Germany.

ALL OFFICES

But in our early history the restriction meant more. And once this nation came close to picking a man for the vice presidency who, under the Constitution, would not have been eligible for the presidency.

He was Albert Gallatin, born in Switzerland, an excellent diplomat and secretary of the treasury. Even though the 12th Amendment to the Constitution, adopted in 1804, plainly says, "No person constitutionally ineligible to the office of President shall be eligible to that of vice president of the United States," Gallatin made a bid for the job anyway, in 1824.

* * *

So much criticism was raised that he finally withdrew shortly before the election.

Gallatin had one handicap that would appear almost unsurmountable today. He never could conquer his French accent, so much so that Louis XVIII of France once told him in broken English:

* * *

"Your French is far more perfect than mine, but my English is far better than yours."

They Have Real Gripe

GARRETT PARK, Md. (AP)—Residents who met here day before yesterday to fight absorption of their post office by nearby Kensington were provided with some ammunition a few hours before the meeting. A sack of mail arrived which was 10-months-old. The protesters pointed out it had been routed via Kensington.

Safety Record Marred

CHELSEA, Mass. (AP)—Les sthan 24 hours after this city received two safety awards for having had no automobile or pedestrian fatalities since 1953, Mrs. Agatha Baris, 65, was killed by an automobile. The city had been cited Tuesday by the American Automobile Assn. and the Massachusetts Registry of Motor Vehicles.

Nehru's Tourist Advice

NEW DELHI (AP)—Prime Minister Nehru has some advice for tourists going abroad. He told the International Union of Official Travel Oroganizations that people should travel "with receptive, friendly minds—as ambassadors of good will, first of their countries when abroad, then of the countries they visited when they return home."

Ike Will Own Rommel

LOS ANGELES (AP)—President Eisenhower is going to have a dog named after one of the top German generals of World War II. Dr. Richard T. Street, a dentist, says he's sending a 6-week-old Weimaraner hunting dog named Rommel as a mate for a female Weimaraner recently given Eisenhower.

Area Business People to Aid Waterford Career Day

First Program at High School

Pontiac, Detroit Men to Show Opportunity in Various Fields

WATERFORD TOWNSHIP — Waterford Township High School will hold its first Career Day Wednesday, Oct. 26, with business representatives from the greater Pontiac area and Detroit conducting all classes.

* * *

The program is set up to give students the chance to learn of opportunities offered in the various fields of occupation. Charles Pappas, Waterford High's co-operative training sponsor brought the idea to Waterford after hearing of its success in several other schools.

"Career Day has been carried out in other schools before with great success and I'm sure it will work as well here," states Pappas. "Students not only hear from the representatives but also have a chance to talk to them personally."

More than fifty occupations showed student interest, according to a survey taken earlier. Rooms are assigned to the business people and students will receive schedules according to their top choice vocations.

BANK PRESIDENT TO SPEAK

Milo Cross, president of the Pontiac State Bank, will present the keynote address at the welcoming assembly. The high school band will provide music for this opening session at Career Day.

Students will attend the classes to learn of the history, organization, opportunities, and qualifications in the various occupations.

* * *

Included among those conducting the classes will be:

Richard Monly (advertising), MacManus, John & Adams, Inc.; G. Esson Olson (commercial art), MacManus, John & Adams, Inc.; Robert Swanson (architecture), Swanson Associates, Inc.; Phillip Western (auto mechanics), Zone Service Manager; Mrs. Eva Wethington (cosmetology), Merle Norman Cosmetic Studio; R. A. Dawe (general office), Personnel Supervisor, Fisher Body; Alvin B. Steinman (retail store management), Lion's Store; Chief Frank VanAtta (local law enforcement), Waterford Township Police Force.

Others are: Sgt. Charles Mullek (state law enforcement), Michigan State Police Force; W. L. Pelton (secretarial), General Motors Truck & Coach; Nate Weingarden (drafting), Pontiac Motor Company; Felix Anderson (civil engineering), Johnson & Anderson Engr.; Monroe (florist), Dixie Floral, Drayton Planers; Jerry Monroe (florist) Dixie Floral, Drayton Plains; Jean Hardy (homemaking), Detroit Edison Company; Alfred Phillips (conservation & forestry), Farm Forester, Federal Bldg. and Mrs. Mary Cangell (interior decorator), Wolf's.

Also: Gib Shanley (radio & TV broadcating), WPON; Lewis Borer (radio & TV repair), Hampton Electric; Vergil Myers (telephone maintenance), Michigan Bell Telephone Co.; Laurette Paul (hospital work non-professional), General Hospital; Dr. Charles B. Tolly (lab. technician), Riker Bldg.; DePorrest Inman (machinist), GMTC; John Robert Powers School, (modeling); Clifford Smart (education), Walled Lake School Superintendent and Donald Adams (law), attorney.

Other representatives: Mrs. Ruth E. Spurlock (social work), American Red Cross; Mrs. Ralph Hose (nursing), General Hospital; Erwin Greer (pharmacy), Drayton Plains; Loren Aris (pharmacy), Aris Pharmacy; Richard Hills, D.D.S. (dentistry), Drayton Plains; Rev. Arvid Anderson (ministry), Christ Lutheran Church; Arthur Hickson (construction), A. N. Hickson, Inc.; Edward R. Laird (landscape architecture), Wilcox-Laird; Ray Harrington (journalism), Lakeland Tribune and Edward Lau (chemical engineering), Parke-Davis Co.

The representatives, as guests of the school, will lunch in the cafeteria. Classes will resume after the lunch period. At the end of the day, a student musical assembly will be presented, and a "Thank You" address by the vocational coordinator will conclude the event.

Home Supper Slated

DAVISBURG—The Annual Harvest Home turkey supper of the Davisburg Methodist Church will be held tomorrow night at 6:30 at the church. A free will offering will be taken.

Appointed to Council

NORTH BRANCH — Dr. Gilbert O'Dell has been appointed a member of the village council. He replaces Angus McEachin, who is moving to Cass City.

Firemen Set Meeting

ROCHESTER — The White Lake Fire Department will host the regular quarterly meeting of the Oakland County Fireman's Assn. The meeting will be held at the VFW Hall on Union Lake Road at 8 p.m. Friday. Refreshments will be served before the meeting.

HE AND MSU CELEBRATE — Michigan State's oldest living alumnus makes music a part of his formula for a long life. Milton Mozart Marble, 100 years old last Sept. 1, plays piano and cello, lifts five-pound dumbbells, eats lots of applesauce and bathes daily. He attended Michigan State, (then MAC) in 1880-81, and will return Saturday to serve as honorary parade marshal of MSU's Centennial Homecoming parade. Born at Rice Creek, he now lives with a son in Detroit.

Waterford Group Sets Saturday Father-Son Event

WATERFORD — Fathers and sons will meet for a banquet as guests of the Beacon Club at Waterford Community Church, at 6 p.m. Saturday.

The program of the evening will be under the direction of Alton Goll, master of ceremonies. Featured will be a sound color film, "This, My Son." Toasts will be given to the sons by Earle Hotchkiss, and to the fathers by Hugh Coventry.

All men are invited to bring a boy to this event, and reservations should be in by tonight, phoning OR 3-4280. No charge is made for reservations.

Southfield Area Site of Hospital

$8 Million Structure Awaiting Approval of Zoning Appeal Board

Plans to go ahead with a new $8,000,000 Providence Hospital on Nine Mile Road 500 feet west of Greenfield Road await favorable action by the Southfield Township Zoning Board of Appeals this evening.

The new institution is intended eventually to replace the present Providence Hospital near downtown Detroit, according to hospital administrator Sister Mary Elizabeth.

Proposed 112-acre site for the five-building project abuts Northland Shopping Center and is presently zoned for multiple housing.

Architect's plans for the 350-bed hospital include two 9-story nursing wings, a five-story wing for surgery, obstetrics, food preparation, central supply and storage; a three-story clinic wing, housing a pharmacy and X-ray and hydrotherapy facilities; and a one-story laundry.

Detailed plans for the new hospital will be completed late in 1956 and construction will start soon afterward, Sister Mary Elizabeth said.

MSU Centennial to Be Saturday

Homecoming Events, Alumni's Banquet Mark 100th Birthday

EAST LANSING — A special alumni banquet is a new feature of this year's Centennial Homecoming celebration at Michigan State University, Saturday.

The Homecoming Banquet, scheduled for 6 p.m. in Shaw Hall, will feature brief talks by MSU President John A. Hannah and Athletice Director Clarence "Biggie" Munn. Six centennial awards will be presented to prominent alumni.

The banquet site was selected for its nearness to the auditorium—where the informal Homecoming Dance begins at 9 p.m., with a well-known orchestra on the stand.

Durward B. Varner, MSU vice-president for off-campus education, will be toastmaster at the banquet musical entertainment will be provided by the men's glee club.

Banquet tickets will not be sold on campus the day of the banquet, according to Starr H. Keesler, director of alumni relations. Reservations must be made in advance.

Other Centennial Homecoming events include alumni leaders' workshop sessions Friday and Saturday, the 4½-mile "March of Memories" parade through the campus at 9:30 a.m. Saturday and the 2 p.m. Illinois-Michigan State football game.

An historical marker, presented to MSU by the Michigan State Historical Commission, will be dedicated at Beaumont Tower at 11:45 a.m. Saturday.

Low Grades Eligible to Receive Vaccine

HOLLY—Dr. John D. Monroe, County Health Director, announced today that Holly Area kindergarten and first grade pupils to the number of about 400 now are eligible to receive polio vaccine.

Parents will receive the blue certification card early next week, which they are requested to give to their family doctor and make an appointment with him.

The work here is in charge of Mrs. Douglas Lund, the school nurse, who expects that a further supply will shortly be available to cover the remainder of the local area children.

Commission Rejects Tavern License Shift

LANSING (AP)—The State Liquor Control Commission today rejected the shifting of a country club tavern license.

The Edgewood Country Club, Inc., of Walled Lake, Commerce Road, wes refused permission to move its tavern license a quarter of a mile east because it would

Repeat Wedding Vows in Candlelight Ceremony

ROCHESTER—In a candlelight ceremony in St. John's Lutheran Church before 200 guests, Shirley Joanne Waldo, daughter of Mr. and Mrs. Floyd Waldo, 2150 Silverbell Rd., Saturday became the bride of Walter L. Geno, son of Mr. and Mrs. Alex Geno, 6304D Dequindre Rd., Romeo.

Shirley chose a gown of Chantilly lace and nylon tulle over satin. The train of the floor length gown was formed by a series of nylon tulle ruffles falling from the waist. The tapered lace sleeves ended in points over the wrists. The fitted bodice was of Chantilly lace over satin.

A crown tiara of tiny seed pearls and sequins held her fingertip veil of illusion. The bridal bouquet contained a tinted orchid surrounded by white carnations and ivy.

Mrs. Franklin Vance served as matron of honor for her sister. The bridesmaids were Shirley Marzion, Janet Waldo, another sister, and Shirley Massingill.

William Waldo, the bride's brother, served as best man and seating the guests were Franklyn Vance, Don Weber, and Gordon Hoist.

After a reception at the Oakland Township Hall, the newlyweds left for a wedding trip to Niagra Falls. On their return they will reside at Mt. Vernon where they have built a new home.

Rochester Board to Ask Bond Issue Approval

ROCHESTER — The Board of Education Tuesday night set Monday, Dec. 12 as the day for a special election for more school construction. Voters will be asked to approve a new bond issue in the amount of $1,150,000.

* * *

Approximately $330,000 of this money will be used for the construction of a gymnasium in connection with the new high school.

Also included will be a wing which will house the music department at a cost of $70,000. Approximately $100,000 will be spent to develop football, baseball, field hockey, tennis courts, and other outside areas to be used for outdoor physical education and athletics.

A parking area for the school bus fleet and a small maintenance garage will be constructed at the southern end of the property. At the present time the district pays $2,500 a year to rent, and it is felt this fee should be eliminated.

Besides equipping the high school, balance of the money will be used to equip and construct rooms for elementary children. This will include a six room addition to the North Hill Elementary School and an addition of three classrooms and a multi-purpose room at the Avon School. Also, a site will be purchased in the western part of the school district for future construction.

The Board emphasized that this program will meet only the minimum requirements and will barely enable the district to meet current needs.

Because of new legislation which sets up bond issues on an entirely different basis from that of previous issues, this additional bonded debt may be added for a slight tax increase over the present rate now being paid.

* * *

An informative brochure is being prepared for general distribution throughout the community, and school officials will welcome opportunities to appear before any public groups to discuss the proposed program.

Keego to Buy Road Equipment

City Council Approves $1,550 Street Grader for Maintenance

KEEGO HARBOR — City Clerk Edward Hermoyian and Lewis Doyle were commissioned by the Council Tuesday night to purchase a used road grader for $1550 for maintenance of local streets.

Lewis Doyle, a local business man, was appointed road commissioner at a salary of $1.00 a year.

The City was directed to take part in a Water Resources Commission meeting regarding the pollution of the Clinton River Thursday Oct. 27, at the Veterans Memorial Building in Detroit.

A check for $9000.00 was received from the West Bloomfield Township Board as partial settlement of Keego Harbor's share of the State Revenues received by West Bloomfield subsequent to Dec. 14, 1954, the date of the incorporation of Keego Harbor as a City. This was in accordance with a joint resolution passed in a recent Council meeting.

The City Council has scheduled a joint meeting with the Planning Committee at the Municipal Building tonight. The discussion will center around some of the pressing problems faced by the City.

The Council also held a hearing on a proposed garbage ordinance and the preliminary draft of the electrical ordinance was submitted by the City Attorney, Thomas Dillon.

Pontiac Couple Repeat Vows in Rochester

ROCHESTER — Jeannette Renshaw, 5010 Sherbourne, Pontiac, and Carl Christie, 2912 Silverhill Rd., were married Saturday in St. Paul's Methodist Church, Rochester.

Mrs. Pauline Reinhart was matron of honor for her sister.

James Christie served his brother as best man, while Harvey Renshaw and Henry Kline seated the guests.

Following a reception, Mr. and Mrs. Christie left for a trip through the Smoky Mountains and upon their return, they will live at 2912 Silverhill Rd.

County Deaths

Jerry Vleisman

WATERFORD TOWNSHIP — Service for Jerry Vleisman, 64, 10185 Elizabeth Lake Rd., will be held at 1 p.m. Saturday from the J. P. Miller Funeral Home, with burial in Forest Lawn Cemetery. Mr. Vleisman died yesterday.

Surviving are his widow, Harmanna; two daughters, Mrs. Margaret Rohde and Mrs. Geraldine Sharky; and one son, Stanley.

Lloyd V. Hickox

LAPEER—Service for Lloyd V. Hickox, 71, 429 Park St., will be held at 2 p.m. Friday from the Baird Funeral Home, with burial in Stiles Cemetery. Mr. Hickox died suddenly Wednesday at his home.

Surviving are his widow, Myrtle; a son, Donald, of Flint; a daughter, Mrs. Cecil Raymond of Caro; one brother, Roy of Flint; and six grandchildren.

Thelma Eva Roth

DRAYTON PLAINS—Service for Thelma Eva Roth, 40, 4350 Monroe, will be held at 8 p.m. Friday in the Community United Presbyterian Church in Drayton Plains. Burial will be in Pine Lake Cemetery in LaPorte, Ind. Mrs. Roth died today.

Survivors include her husband, Clayton; one son, Clayton Jr.; her mother, Mrs. Fred Dimer of La Porte, Ind.; two brothers, Chief Warrant Officer Warren Clark Jr. of Camp Kilmer, N. J. and Ronald Romel of LaPorte, Ind.; and one sister, Mrs. Chester Peterson of Racine, Wis.

William Vreeland

WALLED LAKE — Service for William S. Vreeland, 83, 127 S. Pontiac Trail, will be held at 3 p.m. Saturday from the Richardson-Bird Funeral Home with burial in Walled Lake Cemetery. Mr. Vreeland died yesterday.

Surviving are two sons, Clinton and Harry, both of Walled Lake; three grandchildren and one great-grandchild.

Walled Lake City Council Awards Contract, Passes Ordinances at Meeting

WALLED LAKE—The resignation of Councilman Charles Fisher was accepted by the Walled Lake City Council Tuesday night. Fisher was cited for meritorious service to the city by the council. The resignation will become effective Nov. 1, when Fisher moves from the city.

Robert M. Thibideau was unanimously named to the council vacancy created by the resignation of Dan McVety. Thibideau was sworn in at the meeting.

The council, in other business, awarded contracts to complete the purchase of road maintenance equipment. The Shults Equipment Co. of Ithaca will supply a front mounted snow plow and the Auto Truck Equipment Co. of Detroit will furnish a heavy duty 12 foot dump body with hoist.

Two emergency ordinances were passed . . . one concerning the building code, which now contains a penalty clause and several clarifying clauses. The other was an amendment to the electrical code. In the future, a person here may wire a building which he uses for his own dwelling, but may not wire any commercial building or other structure which he owns in the city.

A taxi ordinance which has been read previously was adopted and will be effective Nov. 8.

City Manager, A. J. Koenig, proposed a resolution granting municipal employes both annual and sick leave. The resolution was approved. Employes with six months service will be entitled to six days vacation and three days sick leave. Those with a year of service will have double amounts.

The salary of the part time treasurer was set at $500 yearly to be paid quarterly.

James Decker was officially named Chief of Police effective immediately.

Board Awards Well Contract

WEST BLOOMFIELD—Work is expected to begin today on the new 8-inch well for the Roosevelt Elementary School in Keego Harbor.

The School Board awarded the drilling contract to B. W. Layman & Sons, a local concern. Layman's base bid for an 8-inch well was $7,500 for the first hundred feet. Additional drilling will cost $8.50 per foot.

Dr. Leif Hougen, superintendent of school for West Bloomfield Township said that the completion time for the well will be 45 days.

AP Wirephoto

DR. HUGO THEOREL

A Swedish biochemist, Dr. Hugo Theorel, today was awarded in Stockholm the 1955 Nobel Prize in medicine "for his discoveries concerning the nature and mode of action of oxidation enzymes."

The U.N. Costs You

UNITED NATIONS, N. Y.—The per capita cost to Americans this year of the United Nations and its specialized agencies is estimated at 56 cents. Eight cents goes toward the U.N. budget, 6 cents to the 10 specialized agencies, and 42 cents to specific U.N. programs, including technical assistance.

Test Mentality of Stanley Mack

Lapeer Boy Who Shot Brother to Be Tested at Flint Clinic

LAPEER — Mental tests have been scheduled for seven-year-old Stanley A. Mack, who killed his six-year-old brother Lawrence with a single shot from a .22 rifle Monday as the pair argued about television programs.

Lapeer County Undersheriff William J. Porter said that Stanley will be taken to the Child Guidance Clinic at Flint for testing.

As a result of the tests, it will be determined whether the youth will remain at home, be placed in a foster home, or institutionalized.

Porter has filed a petition recommending that the boy be placed under the jurisdiction of the Lapeer County Probate Court as a juvenile delinquent.

Stanley, the son of Mrs. Florence Harp and stepfather Robert Harp of Lum, is a first grade student at Cole Country School.

BEVERLY ANN CHITTICK

Mr. and Mrs. W. E. Chittick, Shimmons Road, announce the engagement of their daughter, Beverly Ann, to Paul Reiche, son of Mrs. Anna Reiche of Pine Lake avenue, Keego Harbor. A Nov. 12 wedding is planned.

Course Scheduled to Study First Aid

WEST BLOOMFIELD —West Bloomfield residents interested in taking a Casualty Care Course are invited to attend a meeting Monday at 7:30 p.m. at the West Bloomfield High School on Orchard Lake Road.

Dr. John Williams will have charge of the group that will train to work with professional doctors and nurses at First Aid Posts in time of an emergency. The group will meet every fourth Monday of the month for a two-hour session.

Mrs. Virginia Wunsche, 2044 Allendale . . FE 8-0347, may be contacted for further information.

Keego WSCS Has Breakfast to Raise Money

KEEGO HARBOR—A breakfast was served yesterday morning by the Women's Society of Christian Service at the Trinity Methodist Church in Keego Harbor.

* * *

The WSCS, formerly the Clara Harshall group of the church, raised $75 for the remodeling program. The food, which served over 100 people in the area, was donated by members of the church.

$3,500,000 Sale of Bonds Nov. 1

Southfield Will Build New Elementary, Add to Others

SOUTHFIELD TOWNSHIP — Township school building shifts into high gear Nov. 1 when the Board of Education will open bids for $3,500,000 in bonds, to be used for at least one new elementary school and additions to three others.

* * *

Some of the money also will go toward building a swimming pool at the township high school at Lahser Rd. and 10 Mile Rd. according to Glen Levey, assistant superintendent of schools.

The bond issue, approved by voters in the Sept. 12 election, will mature between Sept. 1, 1958 and Sept. 1, 1982.

The new grade school will be located somewhere in the northern section of the township, Levey said. A site has not been selected as yet.

* * *

Elementary schools getting additions will be the Angling Road School, 27800 Franklin Rd.; McKinley School, 10 Mile Rd. and Southfield Rd.; and Brace School, 21705 Evergreen Rd.

A junior high school, now under construction on Nine Mile road between Evergreen and Northwestern highway, will be completed by the bond issue. The building will have from 28 to 30 rooms and a large multi-purpose room.

Levey said the remainder of the money will go toward acquiring future school sites.

U. S. Highway Assistance Needed, Says Executive

CHICAGO — William F. Hufstader, vice president of General Motors, expressed the hope today that Congress will "make its first order of business the enactment of an adequate federal aid highway program" when it meets in January.

* * *

"To help assure such action, the people should tell their representatives in Congress now that they want better roads, that they are willing to pay for them and that they will support any reasonable financing plan," Hufstader said in the keynote address at the 1955 National Fleet Safety Contest Award Luncheon.

The GM vice president said "the demands of public safety, of economic expansion and of national security are too compelling" to permit further delays in road improvement such as that forced by Congress' failure at the last session to implement President Eisenhower's proposal for a 10-year highway program.

* * *

Hufstader, who is in charge of GM's distribution staff and long has been a leader in highway improvement and traffic safety activities, addressed nearly 600 winners, contest participants, civic and industrial leaders and other guests at the LaSalle Hotel.

* * *

He congratulated the contest participants and the National Safety Council for the steady improvement in safe operation of truck, bus, taxicab and automobile fleets. In the first contest 24 years ago, he recalled, the record was 3.25 accidents per 100,000 vehicle miles—compared to a record of approximately 1.5 accidents per 100,000 miles in the contest just completed.

* * *

General Motors' contributions to highway safety, Mr. Hufstader said, have included independent projects such as supplying films and cars for high school driver training, and participation in cooperative undertakings with other members of the automotive and allied industries.

In addition, he said, GM long has been "fully aware of the important relationship of automotive design and equipment to highway safety."

* * *

Hufstader said improvements in the "built-in safety" of cars and trucks "are not new objectives with us." Among recent advances in this field he cited power brakes and steering, the panoramic windshield, improved sealed-beam headlights, and a new safety interlocking door lock.

* * *

However, the GM vice president said, progress in safety demands improvement of the nation's "terribly inadequate" highways as well as advances in driver training and vehicle design.

* * *

"All that is needed is a legislative green light," he said.

* * *

At present, he noted, "lack of adequate appropriations and uncertainly about the future federal aid program are holding up progress on major construction projects throughout the country."

Goodly Goblins to Gander at Ortonville

Kids to Collect for Others at Halloween

By MARTHA LEWIS
Press Correspondent

ORTONVILLE — Ortonville civic groups and local merchants are joining together to promote a "really successful Halloween" for both parents and children.

The Woman's Club of Ortonville has a new idea that it hopes to incorporate as a yearly event.

Instead of giving the "ghost night" callers at the door, the usual candy, gum or apples, the Woman's Club suggests that the householder give pennies. The purpose is twofold:

1. The pennies would be donated by the children to United Nations Children's Fund. This would help the underprivileged children of the world, Woman's Club members believe, and

2. The Woman's Club feels that the children would be learning by this experience to lend a helping hand, although it means giving up something themselves.

Woman's Club officals state this program would take joint cooperation of parents and children. Parents would need to stress the program in the home.

To participate in this program, children through the sixth grade are asked to go to Brandon Grange Hall in costume between 5:30 and 6 p.m. Monday, Oct. 31, for their cannisters to collect the pennies. The drive will be conducted from 6 p.m. 'til 7 that night.

At 7:30 a parade featuring the youngsters in their Halloween costumes will begin at Brandon Town Hall, and proceed to the Fire Hall. Boy Scout Troop 135 will lead the parade.

AWARD PRIZES

Members of OES, 286 will judge costumes for the prettiest, most original, and funniest. Prizes will be awarded. Refreshments will be served by Rotary Anns.

Pre-schoolers, first and second graders are instructed to go to the Fire Hall where the VFW Auxiliary will conduct games and contests. Third and fourth graders will be supervised by the Study Guild while the fifth, sixth, seventh and eighth graders will be under the direction of F&AM 339.

* * *

All children will have a chance to compete for awards.

Halloween promises to be a civic occasion in Ortonville. Participating in the event will be Rotary, VFW, Brandon Grange, volunteer firemen, Masons, Woman's Club and OES. Local merchants are sponsoring the party.

A dance is planned at 8 p.m. in the Brandon gymnasium for the older boys and girls.

* * *

All participating clubs and organizations have pledged their support to make this Halloween the most successful ever in Ortonville.

Spotlight on California Politics:

Nixonites Tune Up Bandwagon, Hope for Blessing From President

By BRUCE BIOSSAT

LOS ANGELES (NEA) — Should President Eisenhower bow out for 1956, Vice President Nixon's California backers are confident neither Gov. Goodwin J. Knight nor anyone else will stop Nixon from capturing the Republican presidential nomination.

Here in Southern California your eyes will smart from smog but your ears will hum with the assured tones transmitted by the Nixon forces. And you don't need a hi-fi set to get the message.

While the President lies ill and while his 1956 intentions are undisclosed, there will not be even a faint public whisper from the Nixon camp. But there are private noises.

His loyal home state lieutenants are assembling and oiling a bandwagon for one of the fastest getaways in political history.

Most observers agree that if Mr. Eisenhower openly puts his hands on the vice presidential shoulder and says, 'Dick is my boy,' the nomination will be his easily.

Even if Ike's lieutenants pass the word quietly the effect will be the same.

On the other hand, few would deny that a presidential blessing betowed on someone else would finish Nixon. Knight's opposition then would be superfluous.

Where the slide-rule figuring begins is in the middle range of possibilities—if the President would name no one at all or merely mention Nixon as one of the several suitable candidates.

* * *

The Nixon band in California voices confidence that in either of these cases their man would still have a long leg up on the field.

Their summary of his assets would include:

National stature as a leading member of the Eisenhower team, with this position and his access to public attention sure to be increased during the span of the President's illness.

Ample support by rank and file Republicans, as shown by new Gallup Poll figures placing Nixon ahead of all GOP prospects, including Chief Justice Warren, a fellow Californian.

Strong indications revealed by several newspaper checks that Nixon is the favorite of many Republican governors and other party leaders in a lot of places around the country.

Nixonites seem to feel these items add up to bandwagon stuff. Perhaps only a flat rebuff from the President would dash their hopes.

Actually they expect his blessings, though not a public pat for Nixon alone. Appropriate word passed to key men would overjoy them. Even naming him as one of several "good men" they count as enough.

Nixon supporters count on their pro-Nixon ledger both conservatives and liberal Eisenhower Republicans. They say their strength covers both leaders and party rank and file.

In actual fact, Nixon men profess to believe that Knight's weapons are pretty flimsy. At this point a reporter cannot readily separate charges made against the governor as the "Nixon side" of a bitter personal combat, and strategy statements aimed at weakening and discrediting him as a powerful opponent.

One Nixonite said: "The governor may find it is Knight against the Republicans." This is one of may attempts to isolate Knight from his party and make him appear an irregular.

The governor is pictured as an opportunist, hell bent to get the 1956 nomination for himself despite all his disclaimers.

It is argued that he lacks national stature and cannot be taken seriously as a candidate. You'll hear contentions that Knight has "slipped" since he became governor, partly because of his new friendship with AFL leaders.

Yet, once again the veteran political sages of California toss in question marks. One of two are cautious in conceding any edge to Knight, but most believe he would win a fight with Nixon.

They agree the state organization controlled by Knight is no power house, but they doubt it should be shrugged off completely, as Nixon forces seem to do.

In a showdown they expect many leading Republicans, very possibly including the key figure, Sen. William S. Knowland, to stand with Knight. They do not see him isolated.

They see Knight as a man of rising rather than diminishing stature, who could be tougher to beat as the months pass.

Skin Divers Paint Aquatic Scenery in Briny Deep

MANHATTAN BEACH, Calif. (INS) — Two Southern California artists are one up on the guy who takes his fountain pen in the bathtub with him to see if it can write underwater.

Manzer, both of Manhattan Beach, Calif., are artists and skin diving enthusiasts who have found a way to combine both activities.

Occasionally when they descend into the briny depths they haul along their artist's paraphernalia and try to capture the aquatic scenery on canvas.

But this is not as simple as it sounds since underwater painting presents problems not encountered by the painter who keeps his feet dry and water out of his ears.

For one thing Lewenberger and Manzer had to develop paints and canvases that can withstand the excessive dampness of the ocean

After months of experiments the pair finally developed the necessary equipment and decided to try it out at a local aquarium.

They descended into the tank, set up their easels which had to be held down with lead weights, and applied brush to canvas as they say in the art schools.

Besides those who watched their endeavors through glass windows set in the sides of the aquarium, were several fish who assumed a shoulders.

* * *

Neither the spectators outside nor inside the tank cared to comment on the quality of their work but all agreed that here were a couple of artists who were all wet.

A Matter of Opinion

HOUSTON, Tex. (AP) — A man called the cops and wanted to know why his friend was jailed. The jailer said there was a suspicion the fellow had a wife in Mexico as well as Houston. "Oh," said the caller. "I was afraid it was something serious."

Girls Fighting Over English Bachelors

LONDON — Girls in Wisbech, England, outnumber men by three to one and are preparing to fight for the town's remaining bachelors. The "enemy" are 34 dusky beauties from Italy, intent on marrying Englishmen.

Officially Brombin Stafania and her companions are in Britain for six months to help overcome the labor shortage. Unofficially they want to stay for good and find husbands.

Blue-eyed Brombin disclosed the Italian "war" plan, through interpreter Maria Cesati: "She say she leave boy friends back in Italy.

"She say she want to marry an Inglese and settle in your wonderful country." A blonde, 19-year-old shop girl ("just call me Joan") gave Wisbech's reply: "There is plenty of work here but very few boys. It's just not fair."

Grains Recover Early Losses

CHICAGO (AP)—Most grains recovered to around previous closing levels after a slight early dip on the Board of Trde today.

* * *

Most activity and the largest price changes were recorded in soybeans. This commodity weakened early in reflection of a fairly sharp drop in soybean meal futures. It did not stage as good a rebound as other grains.

* * *

Wheat near the end of the first hour was unchanged to ¼ higher, December $2.01⅛; corn unchanged to ¼ higher, December $1.27; oats unchanged to ⅜ higher, December 63⅛; rye—¼ lower to ¼ higher, December $1.09; soybeans ¾ to 1¼ lower, November $2.32½, and lard 3 cents lower to 8 cents a hundred pounds higher, November $10.77.

U.S. Studying Newsprint Hike

But Justice Department Says No Investigation Is Planned on $5 Increase

WASHINGTON (AP) — The Justice Department has expressed interest in a Canadian manufacturer's move to increase the price of newsprint but says it is "not conducting an investigation as such."

Following an announcement yesterday by the St. Lawrence Corp., a major Canadian producer, that it is raising its per ton newsprint price by $5, a Justice Department Antitrust Division official said:

"We are studying the situation."

He did not elaborate beyond saying no formal investigation is under way.

Rep. Celler (D-NY), chairman of the House Judiciary Committee, said in New York that if other newsprint companies follow the lead of St. Lawrence by prearrangement, "it's a violation of our antitrust laws."

Officials of a number of paper firms refused to say whether their companies planned similar increases.

A Commerce Department official said an industrywide increase could be "harmful in many areas, particularly where publishers have been operating at very small margins of profit."

Earnings

NEW YORK (INS) — National Gypsum Co. reported net income for the nine months ended Sept. 30 of $12,187,360, equal to $3.64 a common share. This compared with $9,490,780, or $3.36 a common share, on a smaller number of shares, in the same period last year. Sales increased 18 per cent to a new record at $119,310,789 for the January-September period.

NEW YORK (INS) — Eastman Kodak Co. reported today net income for the 36 weeks ended Sept. 4 totaled $57,982,467, equal to $3.15 a common share. This compared with $46,958,693, or $2.68 a common share, in the same period last year. Sales increased to $487,284, 358 from $430,846, 992 in the 1954 period.

NEW YORK (INS)—Radio Corporation of America announced net income for the nine months ended Sept. 30 of $30,995,000, equal to $2.04 a common share. This compared with $27,557,000, or $1.80 a common share, in the same period last year. Sales increased to $740,622,000 from $660,345,000 in the 1954 period.

NEW YORK (INS)—Union Carbide and Carbon Corp. reported net income for the nine months ended Sept. 30 of $101,436,489, equal to $3.48 a common share. This compared with $63,145,879, or $2.18 a common share, in the same period last year. Sales increased to $857,123,236 from $667,143,639 in the 1954 period.

NEW YORK (INS)—Philip Morris, Inc., announced net income for the nine months ended Sept. 30 of $8,278,505, equal to $2.60 a common share. This compared with $8,943,254, or $2.78 a common share, in the same period last year. Sales totaled $204,087,555, as against $217,046,632 in the 1954 period. A company spokesman said the decline in earnings was due in part to costs incurred in launching the new Philip Morris package last month.

Lindquist Treated After Collision on Telegraph

After an accident at U.S. 24 and Franklin Road yesterday, Victor Lindquist, 32 of 3338 Pirrin Dr., Waterford Township, was treated and released from St. Joseph Mercy Hospital.

Bloomfield Township police said today Lindquist's car had collided with one driven by Dale Beers, 38, of 470 Franklin Rd.

CHICAGO BUTTER AND EGGS

CHICAGO, Oct. 19 (AP)—Butter about steady; receipts 580,057; wholesale buying prices unchanged; 93 score AA 57.5; 92 A 57.25; 90 B 56.5; 89 C 54.25; cars 90 B 56.75; 89 C 55.

Eggs unsettled; receipts 11,963; wholesale buying prices unchanged to 1 lower; U.S. large whites 60-69 per cent A's 52; mixed 50; mediums 23 U.S. standards 41; dirties 38; checks 27; current receipts 34.

CHICAGO POTATOES

CHICAGO, Oct. 20 (AP)—Potatoes: Arrivals 81, on track 230 and total U.S. shipments 602; supplies light, demand moderate and market about steady for Russets, barely steady for reds. Carlot track sales: Idaho Russets $3.50; Minnesota-North Dakota Pontiacs $2.70-2.80 washed and waxed; Wisconsin Round Reds $2.00-2.25.

Livestock

DETROIT LIVESTOCK

DETROIT, Oct. 20 (AP)—Hogs salable, 100. No early sales.

Cattle salable 200. Market nominally unchanged. Compared last Thursday fed steer and heifer supply liberal for narrow demand; cows and bulls short of demand; improved demand stockers and feeders; fairly good clearance all classes; good to prime fed steers and heifers steady to 50c lower; lower grades steers and heifers steady; cows strong; bulls 50c to 1.00 higher; stockers and feeders full steady; 35 head prime 1070 lb fed steers 35.00; load around 1050 lb steers 23.50; about 10 loads mainly prime 985-1110 lb steers 23.25; bulk good and choice fed steers 20.00-23.00; load prime 1485 lb steers 20.75; load mostly prime 1750 lb 22.50; some high commercial and good cows 18.50-20.00; 15 head prime 884 lb heifers 22.00; bulk good and choice heifers 18.00-21.00; most utility and commercial grass steers and heifers 11.00-17.00; bulk utility cows 11.00-12.50; canners and cutters mostly 9.00-11.00; bulk utility and commercial bulls 12.50-15.50; bulk good and choice stockers and feeders 18.00-21.50.

Calves salable 25. Market mostly steady. Compared last Thursday demand broad; trading active, prices fully steady; bulk good to low choice vealers 18.00-28.00; high choice and prime mostly 27.00-34.00; utility and commercial bulked 14.00-18.00; cull and low utility mostly 8.00-14.00.

Sheep salable 100. Fully steady today. Compared last Thursday broad and aggressive demand slaughter lambs, fully 1.00 higher; sheep scarce, strong to 50c higher; around 150 head choice and prime wooled slaughter lambs 21.75-22.00; bulk good and choice wooled lambs 20.00-21.50; few utility and low good lambs 18.00-19.00; bulk cull to choice slaughter ewes 4.00-7.00; few choice lightweight ewes 7.50; good and choice native feeder lambs 17.00-18.25.

CHICAGO LIVESTOCK

CHICAGO, Oct. 20 (AP)—Salable hogs 11,000; slow, steady to 25 lower on butchers, most decline on No. 1 and 2s and on butchers over 240 lb; some hogs still unsold, mainly mixed lots No. 2 and 3s; sows mostly 25 lower, instances as much as 50 lower later; good shipping outlet; No. 1 and 2 butchers relatively scarce, with straight lots No. 1s absent; mbst mixed No. 1 to 3s 190-280 lb butchers 14.00-14.25; sales above 14.15 largely mixed lots 190-230 lb No. 1 and 2s with a No. 3 end; a few decks 13.75 and 14.00; also mixed lots 190-220 lb No. 1 and 2s with a No. 3 end; a few small lots 160-180 lb 13.00-14.00; sows in larger lots under 500 lb 13.00-13.75, with a sprinkling up to 600 lb as low as 12.25.

Salable cattle 1,500; salable calves 300; steers 1,150 lb down afirly active, steady, spots strong; over 1,150 lb slow, about steady; heifers mostly steady, instances strong on weights 850 lb down; cows mostly steady, instances 25 higher on cutters; bulls steady to weak; choice and prime yealers about steady lower grades mostly 1.00 lower; stockers and feeders about steady; a few head low choice to average prime calf club steer yearlings 22.00-23.25; a load of choice and prime 1,100 lb steers 23.50; good and choice steers 1,150 lb down 19.50-23.00; mostly 19.75-22.75 with a few loads mixed good and choice yearlings 21.25-21.75; a load of choice and prime 1,220 lb steers 22.75; a few loads choice to low prime 1,275-1,400 lb 20.50-21.00; a load of good to low choice 1,325 lb steers 20.00; a few commercial steers 16.00-18.00; good and choice heifers 19.00-21.50; utility and commercial cows 10.50-13.00; canners and cutters 9.00-11.25; utility and commercial bulls 13.50-15.50; odd head 15.75; good to prime yealers 22.00-27.00; cull to commercial 10.00-22.00; a load of choice 396 lb stock steer calves 22.00; 100 head good and choice 450 lb 20.00; some good heifer calves 16.50-18.50; a few loads good and choice 580-800 lb yearlings and feeding steers 18.50-20.25; a load of medium yearlings 17.25.

Poultry

DETROIT POULTRY

DETROIT, Oct. 20 (AP)—Prices paid per pound f. o. b. Detroit for No. 1 quality live poultry up to 10 a.m.

Heavy hens 26-27, light hens 16-17; heavy broilers or fryers (2½-3½ lbs.); Barred Rocks 26-27; caponettes (5-5½ lbs.) 32.

Market steady. Receipts moderate and generally adequate as overall trade is just fair.

Millionth Truck of 1955

DETROIT (INS) — Automotive News reported today that the one millionth truck of 1955 will be produced this Saturday.

The trade paper said the millionth truck will be produced more than 10 days earlier than a year ago. It will be the eighth straight year that truck output has surpassed the million mark.

Meanwhile, car output this week was estimated at 127,365 units, highest since General Motors began model changeovers Aug. 27. Last week's output was 101,581 cars.

Mart Displays Excellent Gains

NEW YORK (AP)—The stock market advanced today with excellent gains well distributed in early dealings.

Prices were up 1 to 3 points in many major divisions of the list. Losses weren't concentrated and they were small.

Campbell, Wyant & Cannon Foundry jumped up around 5 points after directors declared a dividend of 50 cents and an extra of $2 making the total this year $4 as against $3 a year ago.

Among advancing stocks were Magma Copper, Mack Trucks, U.S. Steel, General Motors, Goodyear, Sears Roebuck, Curtiss - Wright, American Telephone, Anaconda Co., Allied Chemical, Du Pont, Reynolds Metals, Northern Pacific, Southern Railway, and Standard Oil (NJ).

Intertype Corp. was down a small fraction today after directors declared a 35-cent extra and proposed a two-for-one split.

Indians Block Entry of 'Horror Comics'

NEW DELHI, India — India's government announced that its new ban on the entry of "horror comics" was imposed after it had learned there had beena marked increase in the arrival of such publications.

Prime Minister Nehru himself took the first action, asking the Home Ministry to see what could be done to curb such imports. As they are free of customs duty, the Government does not stand to lose any revenue by the latest ban.

* * *

"Horror" publications awaiting clearance at Indian ports will be confiscated or returned to senders.

Teenager Shaken Up When 2 Cars Collide

Martha Sanft, 16, of 105 Mohawk Rd. was treated and released from Pontiac General Hospital yesterday after a two-car collision at Liberty Street and Dwight Avenue. The car in which she was riding, driven by 19-year-old Richard J. Stearns of 105 Brooklyn Ave. collided with one driven by Mary A. Lucas, 22, of 2619 Williams Dr.

FESTIVAL WORKERS — Checking over a last minute list of preparations for the Bagley School Fall Festival to be held tomorrow at the school from 5-9 p. m. are (l-r) Mrs. Herman Glazier, chairman; Mrs. William White, Bagley PTA president; Mrs. Robert Turpin, festival chairman; Bagley student Constance Martiniz, and teacher Mrs. Malissa Brice. The annual event is the regular fund raising activity of the PTA.

Steel Demands Pressure Mills

Consumer Stocks Dip Despite All-Out Push for Production

NEW YORK (INS)—The magazine Iron Age has reported that steel consumers are pressuring mills all over the country to get the required amount of steel.

The publication noted, however, that despite the all-out push for production, consumer inventories generally are dropping, with even big companies having a hard time placing orders.

* * *

On top of that, Iron Age warned of danger signs ahead.

It said that for one thing maintenance problems are bound to grow, with the problem certain to worsen as the winter months approach.

The publication listed scrap as another possible danger. In this connection, it reported that mills have been using blast furnaces to the limit both to improve production from open hearths, and to conserve scarp.

According to Iron Age, scrap historically becomes harder to get in cold weather, when collection machinery slows up and transport becomes a problem.

PROCUREMENT

Meantime, the publication noted that the mills themselves are up against a steel procurement problem, as they strive to expand capacity to handle present and anticipated demand.

It pointed out that for each ten tons of new capacity, about 2½ tons are needed to build it. Iron Age reported that some mills are trading steel with other mills to keep construction projects going.

Chrysler Bares Price Increases on Two Models

DETROIT (AP) — Price increases averaging slightly under six per cent on its Windsor line and 6.8 per cent on the New Yorker and Imperial lines were announced today by Chrysler Division of Chrysler Corp.

On the Windsor line the price advances range from $145 for the Nassau model to $205 for the Town and Country Wagon.

On the New Yorker series the increase range from $217 on the six passenger sedan to $248 on the convertible coupe.

The increases range from $276 on the Imperial four door sedan to $300 on the two-door Southampton model.

The prices, factory retail at Detroit, do not include distribution, excise and handling charges or state and local taxes. For the Windsor line that start at $2,985 for the four-door sedan, and range up to $3,242 for the Town and Country Wagon.

For the New Yorker series they start at $3,402 for the four-door sedan and advance to $4,094 for the Town and Country Wagon.

For the Imperial series they range from $4,381 for the four-door sedan to $4,747 for the four-door Southampton model.

Business Notes

James R. Adams, president of MacManus, John and Adams, Inc. of Bloomfield Hills, has announced the appointment of William B. Bachman Jr. as a vice president of the firm.

Bachman, who has been with the agency for the past eight years, is an account executive on the Dow Chemical Co. of Midland account.

A sales training program for the entire retail sales force of Nash Motors will be launched Saturday, Roy Abernethy, Nash sales vice president has disclosed.

Meetings are planned for Chicago, Atlantic City, Kansas City and San Francisco for zone personnel, who will instruct dealers and salesmen at later meetings.

President Walter E. Otto of Michigan Mutual Liability Co. has announced that vice president K. L. Wright has assumed the post of director of Sales Education and Sales Promotion in addition to his present duties.

Two appointments in the sales department at AC Spark Plug Division of General Motors have been revealed by K. K. McGarvey, sales manager of equipment sales.

Joseph Q. Benjamin has taken the newly created post of assistant to the equipment sales manager, and William L. Simpson is the new equipment sales office manager. This position was formerly held by Benjamin.

Kettering Claims 'Fear of Failure' School Problem

LANSING (INS) — Charles F. Kettering, famed inventor and General Motors Corp. vice president, warned yesterday against teaching the fear of failure.

Speaking before the 33rd meeting of the Association of Governing Boards of State Universities and Allied Institutions, Kettering said:

"An inventor may fail 999 times and succeed but once and he's in. We are afraid of practice shots in education. We want to be right the first time. Teaching how to escape responsibility defeats progress."

Department Stores Eye Record Yule Business

NEW YORK (AP) — Department stores, with profits up 50 per cent from a year ago, can look forward to another record-breaking Christmas season.

That's the conclusion of the National Retail Dry Goods Assn. following a poll of member retailers.

The NRDGA survey showed that net profits of department stores for the first six months of 1955 were 50 per cent higher than in the like period last year.

Motorcyclist Treated After Striking Auto

Ralph H. Slankard, 23, of 21 Myra Ave. yesterday was treated for abrasions of the legs and released from Pontiac General Hospital after his motorcycle had collided with a car driven by Woodrow H. Stever, 42, of Detroit.

Pontiac police said the accident occurred at North Perry Street and Milbourne Place when Stever pulled in front of Slankard at the intersection.

About 115,000 Americans have disabling accidents each year when they are doing their own carpentry repair work.

Chevrolet Goal Higher for '56

Hope for Two and Half Million, With Three in Near Future

By DAVID J. WILKIE

DETROIT (AP)—Chevrolet Motors, which is smashing all production and sales records this year, expects to do even better next year.

T. H. Keating, general manager, told a press preview audience last night that the 1956 objective will be 2½ million cars and trucks. This year's volume, he said, will range around 2,300,000 units, including 90,000 units assembled in Canada.

Going further, Keating said, he saw "in the forseeable future" the possibility of a Chevrolet volume of three million vehicles a year. He described such a total as "neither impossible nor impractical."

By way of explanation he said that few forecasters had displayed any appreciation of the "mighty vitality of the nation's economy." Forecasters of earlier years, he said, had fallen short of actualities because of a "business-is-good-but-it-can't-last" attitude.

Suggesting these experts should get new formulas for their predictions, he said: "We have quantities now that did not previously exist."

Referring to an increasing trend toward suburban living, Keating said it had greatly increased the demand for station wagons. "This group of customers," he said, "has revolutionized production schedules. During the last quarter of this year alone, we will build 60,000 station wagns and that will be far from enough to supply the demand."

He said that in the first nine months of this year Chevrolet had built 1,708,710 cars and trucks. It has just switched over to 1956 model output. The schedule for November, he said, "is the biggest we have ever set for a comparable month."

In December, he added, Chevrolet expects to assemble "more cars and trucks than any manufacturer ever built in December."

W. E. Fish, Chevrolet general sales manager, told the preview audience more than 96 per cent of Chevrolet's dealers had a profitable year in 1955.

The 1956 Chevrolet line of cars will go on dealer display Nov. 4.

Video in Russia Doesn't Cater to Women Viewers

MOSCOW—Television has made considerable progress in Russia, under a paternalistic regime. Russians are television minded, although they get only 22 hours a week and none on Thursdays.

Color programs have been under test since last Christmas. Women are not specially catered to. As they do much of the manual work, such as road repair and digging, they con do without afternoon soap operas.

Children get their own programs, bu t short ones. Russians feel that children are better off out-of-doors. Newsreels are the most popular programs.

Sportscasts are at the bottom of the list, with only 32 a year. Television "hams" who build their own sets are playing a big part in TV development. TV is not allowed to interfere with work; Moscow does not go on the air until 8 p.m.

When they first built model houses for the natives in Casablanca, the French installed running water, but furious protests from the women who enjoyed gossip sessions at the community well induced them to abandon the practice.

Two Women Injured in Two Car Smash

Vera S. Rombough, 42, of 592 W. Huron St. was treated and released from Pontiac General Hospital yesterday after the car she was driving collided with one driven by John E. Englund, 26, of Detroit. Her passenger, Catherine B. Sener, 51, of 4015 Elizabeth Lake Rd., also was treated and released after X-rays had been taken.

Pontiac police said the accident occurred on North Johnson Avenue near Augusta Avenue when Englund stopped suddenly and Mrs. Rombough hit him from the rear.

It Pays to Arrive Late

PITTSBURGH (AP)—Young Howard Frank Snatchko started life with $50 in the bank. He got the money for being the 50th grandchild in his family. It was a present from his grandmother, Mrs. Anna Snatchko, who has 15 children, 49 other grandchildren and 7 great-grandchildren.

Ike's Sickness Blocking Latest Inflation Trends

By SAM DAWSON

NEW YORK (AP)—The President's illness appears to be accomplishing what the money managers first started out to do with tight money—nip overconfidence and put a brake on inflation.

Confidence seems unshaken. But as the stock market shows, caution has returned. There are fewer people today who believe that the only way business, stock prices, and the economy can go is up.

* * *

Many businessmen, therefore, now believe that the money managers will take few if any further steps in tightening credit. Interest rates are still creeping higher as the result of past steps by Federal Reserve and government mortgage and home building agencies. And there is little thought of a shift to easy money.

But money managers seem to think these past steps plus the President's illness have halted overconfidence, speculatioln and incipient inflation that could lead to boom and bust.

Home building felt the pinch first. Contractors say mortgages are hard to come by these days and housing starts are decreasing.

Tighter money also has hit businessmen seeking bank loans. Banks have just hiked their interest rates again.

But so far Federal Reserve hasn't raised its rate, and businessmen see this as a sign that further tightening of money is not thought necessary now.

* * *

All along Federal Reserve has made clear it wasn't making money dear just for the sake of restraining business. It promised to keep credit easy enough for ordinary business needs. But it was alarmed at the signs of overconfidence and speculation which threatened a runaway boom.

In the last three weeks this overconfidence has been largely deflated. Speculation is being widely tempered by caution. And inflation looks like much less of a threat now than just three weeks ago.

Eyes $8,800 List Price for Continental Mark II

DEARBORN (INS) — William Clay Ford, vice president of Ford Motor Co. and general manager of the Continental Division, announced today a suggested list price of $8,800 for the new Continental Mark II.

Ford said federal excise taxes, transportation costs, state and local taxes and license fees are not included in the suggested list price.

The Continental, the company's prestige automobile, is scheduled to appear tomorrow in the showrooms of Lincoln dealers who have a Continental sales agreement.

Lake Titicaca in South America is half as big as Lake Ontario.

Special communication of Pontiac Lodge No. 21, F. & A. M., Friday, Oct. 21, to confirm the FC degree. Lodge opens at 7:30 p. m. Irwin W. Mills, W. M. —Adv.

News in Brief

Pleading guilty to driving under the influence of liquor, Charles Thompson, 38, of 70½ S. Saginaw St. yesterday was fined $100 and sentenced to two days in jail by Pontiac Municipal Judge Cecil McCallum.

Michael O'Mara, 51, of Linden yesterday pleaded not guilty to a charge of driving under the influence of liquor. Holly Township Justice Aubrey Butler placed him on $125 bond pending his appearance Monday.

Louis Lavoy, 21, of Milford yesterday was fined $100 and $25 costs and sentenced to 15 days in jail by Southfield Township Justice Edward A. Elsarelli. Lavoy pleaded guilty to driving under the influence of liquor.

Holly resident Jessie Miller, 57, appeared before Orion Township Justice Helmar G. Stanaback yesterday charged with two driving offenses. She was fined $10 and costs for driving with improper license plates and $25 and costs plus three days in jail for driving with a revoked license. She pleaded guilty to both offenses.

Donald Wilkinson, 42, of 1788 Scheifle Rd., Walled Lake, was fined $40 and $10 costs Monday for driving under the influence of liquor. Walled Lake Justice Logan Sparks heard his plea of guilty.

Milford resident Andrew W. Carruth reported to Pontiac police yesterday that an unknown person had stolen two chrome wheel discs from his car while it was parked in the Pontiac Motors parking lot on East Kennett Road. He stated the discs were valued at $30.

Two fender skirts and four hubcaps valued by the owner at $75 were reported stolen yesterday from an auto parked in the Pontiac Motors lot. Detroiter Vern Spencer made the complaint to Pontiac police.

Today's Best Buy

This will be appreciated by the home buyer looking for the maximum in living space at an economical price. 20 ft. living room, full dining room, 3 bedrooms, full basement with oil heat. Garage and only $7,950. TAKES SUBSTANTIAL DOWN PAYMENT.

The Low Price

Of only $8,950 makes this offering a value sensation. It's a 2 bedroom bungalow that owner has outgrown. Aluminum storms and screens. 58x158 ft. lot with lake privileges. Takes about $1,500 down.

Pretty in Autumn

Attractive newer type, 1½ story bungalow with all the extras. Youngstown kitchen, tiled bath, beautiful paneled recreation room, water softener, incinerator, garage, fenced rear yard, and even the carpeting is included at $13,950, which makes that a remarkable buy. When would you like to inspect this home?

Long, Low and Rambling

5 larger than average rooms, consisting of 22 ft. living and dining room, 16 ft. kitchen, 3 bedrooms, tile bath, 2 car attached garage and situated on ¾ acre parcel. You'll be amazed at only $16,900.

North End

Older type home that offers loads of comfort and down right living. All large rooms, new tile bath, oil heat. New 2-car garage with solid cement drive. Neat as a pin inside and out. $8,950 with $1,950 down.

Sylvan Village

This is the buy of the year. Four rooms with utility room and attached garage. Large screened porch beautiful stately oaks and situated on an excellent corner parcel that is worth $3,500 just for the land. Where can you beat it for $6,500?

5:30—(7) Mickey Mouse Club. (4) TBA (9) Howdy Doody.

Mau Mau Murders Climb to Over 12,000

NAIROBI, Kenya (AP)—The Mau Mau terrorist campaign in this British colony has taken a toll of more than 12,000 lives in three years, the government announced today.

An official statement said that although there has been a falling off in active terrorism, there is now a danger that certain irreconcilable Mau Maus may attempt to achieve their aims "by other subversive methods." Mau Mau is an African terriorist organization which seeks to drive the white man from East Africa.

Jap War Criminals Get OK on Statue for Peace

TOKYO (AP)—Japanese war criminals still held in Sugamo Prison have received permission to erect a bronze statue in front of Toky's main railway station as a symbol of peace.

Kyodo news service said the 11-foot nude male, with arms stretched heavenward, would be unveiled Nov. 3.

The war criminals paid for the $5,500 statue, by famed Japanese sculptor Yoshisumi Yokoe, out of funds received from the sale of a book containing the wills and last farewells of Japanese executed as war criminals by Allied powers.

Russian Merchantmen Become U.S. Immigrants

TAIPEI, Formosa (AP)—Nine crewmen of the 8,840-ton Soviet tanker Tuapse left today by Northwest Airlines for the United States as immigrants. They are due at New York Friday.

The Tuapse was seized by the Chinese Nationalists June 23, 1954, near Formosa. It was carrying oil to Red China.

Reports Firm Facing $5.5 Million Tax Case

WASHINGTON (AP)—The Washington Post & Times Herald says a tax deficiency case now involving 5½ million dollars has been pending three years against the firm which outgoing Revenue Commissioner T. Coleman Andrews will head.

The paper quoted Andrews, however, that he knows little about the case and will have no further connection with it "out of an abundance of caution." He outlined the situation in a letter to Secretary of the Treasury Humphrey Oct. 10, five days before he announced his resignation.

Andrews announced Saturday he is resigning at the end of this month to become chairman of the board and chief executive officer of American Fidelity & Casualty Co., with headquarters in his home town of Richmond, Va.

Actress Bloom Rates Applause

Hour and Half Seemed Too Short for Brilliant Video Program

By CHARLES MERCER

NEW YORK (AP)—The production of "Cyrano de Bergerac" on NBC-TV demonstrated that an hour-and-a-half television show can be too short.

Jose Ferrer brought his brilliant interpretation of "Cyrano" to Producers' Showcase this week, rounding out performances on both stage and screen in the same role. He was delightfully complemented by a lovely Roxane played by Claire Bloom, an English actress who should be required to stay in America after her performance in her TV debut.

* * *

Anyone who saw Ferrer as Cyrano on Broadway must have regretted the cutting of many fine lines and characterizations from Edmond Rostand's drama of frustrated love and uninhibited sword-play in 17th-century France. Yet, given the inflexible limitations of time on TV, the cutting was intelligent and left the great video audience with the satisfaction of having seen a full-bodied play.

Occasionally it seems empty to review a television drama. Whether it was good or bad, it is past and will not be repeated. You either saw it or you didn't, and you either agree or disagree with the critic.

Sometimes it's more profitable to look ahead and set the stage for something that's coming. This Sunday, for instance, Maurice Evans will present "Alice in Wonderland" over NBC-TV½

* * *

The charm of "Alice" lies in the perfect plausibility of all its impossibilities. That is to say, it's fantasy and requires from an adult a suspension of a sense of what's plausible. When Charles Lutwidge Dodgson, a brilliant mathematician, published his stories about Alice under the pseudonym of Lewis Carroll, adults in Victorian England were as delighted as their children.

* * *

I have read the television script of "Alice" written by Florida Friebus and think that next to reading the book itself you couldn't ask for anything better. I have visited the big NBC studio in Brooklyn where technicians have prepared some interesting surprises to convey the mood of fantasy. Before I've actually seen the show I'd say it was going to be a good one.

Red Mayor in London on New Goodwill Tour

LONDON (AP) — Moscow's Mayor Mikhail Yasnov arrived today on a goodwill visit to Britain. He was met at the airport by Lord Mayor Sir Seymour Howard, who recently was Yasnov's guest in Moscow.

An interpreter explained that Yasnov's title actually is chairman of the executive committee of the Moscow City Soviet but Westerners can call him mayor.

Suitor Commits Suicide

POTSDAM, N.Y. (AP)—Joseph P. Corbett, 17, shot himself to death after an argument with his girl friend Myrna Watson, also 17. Police said he had pleaded with her to "quit smoking." Both were high school seniors.

Answer to Previous Puzzle

SHE RUNS A BOAT WORKS—Ruby Barrett, of Grand Haven, who at 75 bosses the Barrett Boat Works at nearby Spring Lake, was told by a doctor 50 years ago to take a long rest because of her nerves.

Table Toppers Veto Earlier Bar Hours

LANSING (AP)—The Michigan Table-Top Congress, an organization of liquor licensees, today condemned a Battle Creek senator's proposal to close bars earlier as a means of reducing highway fatalities.

Earl Hebert, director of the congress, said the proposal of Sen. Creighton R. Coleman (R-Battle Creek) "is nothing else but partial prohibition" which could only lead to the evils of blind pigs.

Coleman had suggested to Gov. Williams that he order the bars closed at 11 p.m. on most nights, contending that late drinking resulted in fatal accidents.

Hebert argued that during prohibition days the deaths per 100 million miles of travel were 16.5 per cent and that after repeal the death toll fell six per cent.

John Derek Must Give $1,750 Monthly to Wife

SAN FERNANDO, Calif. (AP) — Actor John Derek must pay temporary support of $1,750 a month to his wife, French actress Pati Behrs, pending trial of his divorce suit.

The figure, set by Superior Court yesterday, includes alimony and support payments for their two children, Russell, 5, and Sean, 2. The Dereks wed in 1948, separated last Aug. 27. He charged she interfered with his career.

Chile Feels Quake

SANTIAGO, Chile (AP)—A severe earth tremor was felt here this morning. No damage was reported.

Police Chief Warns Halloween Vandals

Pontiac Police Chief Herbert W. Straley, praising the city's fine past record, warned yesterday that Halloween vandalism will be treated "with the same severity as it always has."

"It's been very encouraging to see the community spirit in many parts of the city," Chief Straley said. "When the kids are at parties sponsored by church, school and community groups, we can be sure they're doing nothing to be criticized for.

"We've been very pleased with the attitude of citizens who have assisted in past programs, and we certainly hope they will continue their fine work.

"Good clean fun will always be recognized, but Halloween vandalism is just like any other vandalism, and will be treated as such."

Marriage Plans of Texas Mother of 12 Hit Snag

FRESNO, Calif. (AP)—Plans of a Fresno bachelor with a 21-room house to marry a Texas widow with 12 children have hit a snag.

John Bente, 41, told newsmen yesterday the wedding, originally set for next Tuesday, has been postponed indefinitely.

He said any further statement would have to come from Mrs. Clara Margerum, 37, who was en route to her Dallas home.

Mrs. Margerum arrived last week following a romance by mail. Bente got in touch with her after reading of her attempt to rent a home in Dallas to bring together her children — 11 of whom are in an orphans' home and the 12th in a polio clinic.

They said last week they planned to fix up the lower part of Bente's big house for themselves and the children and to rent the second floor.

Shivers Downs Adlai's Chances

Texas Leader Predicts Liberal Extremist Will Lose Nomination

POINT CLEAR, Ala. (AP) — Gov. Allan Shivers of Texas, predicted today the Democratic National Convention will not nominate Adlai Stevenson for the presidency but will choose a nominee acceptable to himself and the South's conservative Democrats.

* * *

The Texas chief executive told reporters at the 21st annual Southern Governors Conference he expects solidarity in the South at the national convention—and that he senses in the Democratic party a declining influence by labor and Eastern liberals.

AN EXTREMIST

Shivers again voiced his opposition to Stevenson, saying the 1952 Democratic nominee was an "extremist" who was identified with the Americans for Democratic Action "which admits being one of the most extremist outfits you can find outside of being a Communist."

Shivers, who led Texas into the camp of President Eisenhower in the 1952 election, said of reports of a possible Southern coalition: "I see no reason why people sharing similar views shouldn't get together if they want to."

* * *

He said he had not been approached on the idea of a coalition aimed at giving the South a more powerful voice in the national convention. But he added it wouldn't be unusual if those with mutual interests should work together. However, he said it would be "almost impossible" to organize a coalition of any size among Southerners who have so many divergent views.

Hospital Survey Head Replaced by Governor

LANSING (AP)—Marvin Tableman resigned today as director of the State Office of Hospital Survey and Construction and Gov. Williams named Jordan J. Popkin, a subordinate, as acting director.

Tableman, former administrative aide to the governor and University of Michigan staff member, resigned due to poor health.

Visiting Fireman Gives Alert in Hospital Blaze

SAN JOSE, Calif. (AP)—A visiting fireman discovered a fire last night in the O'Connor Hospital.

Jack McDonnell, Santa Clara fireman, was visiting his wife when he heard a basement explosion. He called the San Jose Fire Department.

The blaze caused several thousand dollars damage.

Bunko Rampant Among Polish

Peasants Sold Bridges; Slicker Hailed as Hero for Crookedness

WARSAW (AP)—The national sport in Poland today is swindling the government.

The Communist regime winks at some of the tricks. Try as it will, it can't stamp out the ingenuity of the Pole turning over a fast zloty.

* * *

Those who get away with something are regarded as local heroes and soon become the main topic of restaurant and bar conversation.

In a country short of manpower and trying to industrialize while maintaining a high standard of agriculture, the government simply lacks the cop to curb the swindlers.

Shops cheat on taxes and often cheat the customer on prices too. The official party press reported, for instance, that a flying squadron checked 30 shops in Stettin and found only three with correct books.

BUY A BRIDGE

City slickers are always selling the peasants the rights to collect tolls on little bridges in their neighborhood. Often they are party men and the peasant never knows beyond doubt if the racket is "legitimate" with government backing or not.

Sharpies who know the law and also the police operation often bend the spirit of both by some shady, frequently brilliant coup. Court dockets are full of such instances.

* * *

The most able swindlers deal in scarce commodities. They manage through some dodge to obtain rare materials and in most cases can prove that the subterfuge used served the public interest in the long run. Warsaw chuckled for weeks over one case. It concerned a man who searched around for aluminum to make medals for Roman Catholics. He knew it was useless to ask the government for a priority.

Finally, the man discovered that the two-groschen coin was ideal for the purpose. He corralled as many as he could find and made a million medals. He pocketed a fortune. The security police suddenly discovered a remarkable shortage of two-groschen pieces and traced the case.

* * *

The manufacturer was arrested and tried. The court ruled that he had broken no law. Indeed, it pointed out that he had even paid his taxes properly. He was acquitted.

Prepare to Inoculate Youngsters 5 to 9

DETROIT (INS)—The first step to inoculate children in the 5 to 9 age group with state and federally financed Salk anti-polio vaccine has been taken.

* * *

"Polio immunization" cards were distributed to Detroit schools Tuesday, three days before the scheduled starting date.

The cards will be signed by parents and then taken to a physician. He will use the cards to draw vaccine for the shots from the Health Department.

Dr. Joseph G. Molner, city health commissioner, said about 60 per cent of the vaccine necessary for the inoculation of the 110,000 eligible children in the 5 to 9 group was on hand.

Dr. Molner said in the future he hoped that enough vaccine would be available to give shots to all children between the ages of 1 and 14 as well as expectant mothers.

* * *

He said the Michigan State Medical Society, the Wayne County Medical Society and local and state osteopathic agencies have recommended doctors give the vaccine shots free or for a modest fee.

Former Avondale Star Goes Route for Scots

Jack Greenlees, former Avondale High School football star, played 60 minutes at center last Saturday as Alma College dropped a 27-20 decision to Hillsdale in an MIAA league game. It was the Scots' 1st loss of the season. The Hillsdale contest was the 1st starting assignment for Greenlees, a freshman who stands 6-3 and weighs 215 pounds.

No Charge for Thieves

SPARTANBURG, S.C. (AP)—Bold thieves have been operating here. They took 1,000 feet of electric wire from the rear of a local lumber plant. The wire was removed from poles where it was carrying a 550 volt circuit.

BE A 2 CAR MAN!
It's easier than you think . . . watch for our advertisement in tomorrow's Pontiac Press!
Matthews-Hargreaves CHEVROLET

Dem Parley Site Bared

GRAND RAPIDS (AP)—Michigan Democratic sources announced Tuesday that the party's two state conventions next year are scheduled for Civic Auditorium. June 21 is the tentative date for a state convention selecting delegates to the national convention at Chicago. A state convention to select running mates for governor and lieutenant governor nominees is set for Aug. 24.

The Red Cross has nearly two million volunteer workers.

No Vote on Racetrack

GRAND RAPIDS (AP)—Plainfield Township Supervisor Jay V. Smith says there will be no referendum to determine whether residents desire a pari mutuel racetrack in their area. He says the township could not legally bar establishment of a track and only the state racing commissioner has the power to decide whether it can be operated in the area. A group, now operating a motor raceway, has proposed construction of a $2 million pari mutuel track nearby.

Kent Votes to Join Plan

GRAND RAPIDS (AP)—Kent County employes, by a vote of 179 to 1, have approved a plan to give them benefits under the federal Social Security Act. Claude L. Barkley, chairman of the Kent County Employes Assn., said Tuesday the vote results will be presented to the county pension board.

The dandelion derives its name from the French dent-de-lion (lion's tooth) because of the tooth-like lobes of the leaves.

DOCTORS KNOW this special-lized aspirin for children is made to best fit children's needs! ST. JOSEPH ASPIRIN FOR CHILDREN
