French Launch Counterattack at Dien Bien Phu

Break From Besieged Fortress; Claim 1,000 Vietminh Killed

HANOI, Indochina (AP) —French Union forces broke out of their besieged fortress of Dien Bien Phu late yesterday and the high command said they killed 1,000 men of the Communist-led Vietminh in a counterattack outside the fortress' fringes.

French army headquarters announced French tanks, artillery and infantry, under the fortress commander, Col. Christian de Castries, killed all Vietminh entrenched in two villages about two miles from the western line of the dusty plain's defenses.

It was the first major French counterattack since the Vietminh launched their great mass assault on the key northwest Indochina outpost March 13.

During three days of wave-on-wave infantry charges, the withering French fire killed an estimated 3,000 and wounded another 9,000.

The Vietminh pulled back to regroup, presumably for more mass assaults. Since then they have kept up artillery bombardments from the hills surrounding the plain, while French artillery and aircraft harassed the rebels in reply.

The French command said in the attack yesterday their own forces had only "light losses" of about 20 killed, and had killed "every Vietminh soldier' 'found in the villages of Ban Ong Pet and Ban Ban.

They claimed they had smashed a long string of Vietminh antiaircraft batteries which for two weeks had been firing on the red cross-marked hospital planes with which the surrounded French had tried to bring their wounded out of Dien Bien Phu.

Captured Man Admits Breakin

Richard Allen Nabbed, Heavily Armed, Under Railroad Boxcar

A heavily armed man was nabbed by Pontiac police when he was found cowering under a boxcar in the Grand Trunk Western Railroad yards early Sunday morning with several rifles, a shotgun and a supply of ammunition. Officers said the articles had been stolen earlier from a hardware store

Richard K. Allen, 22, of 7 Short St. was seized in a 10-man police net only a half-hour after police received a tip that a hardware store at 151 Oakland Ave. had been broken into.

The tipster, a tenant in a nearby apartment told police that he saw a man leave the store and head for the freight yards at about 4 a. m.

Police said they found four rifles, a shotgun, two hunting knives and several rifle and shotgun shells in Allen's possession.

Allen, on probation for a year-old breakin conviction, said he loaded one of the guns, a 30-caliber deer rifle when he saw the officers and lights but decided not to shoot it out.

Capt. Clark M. Wheaton, who said the suspect admitted the breakin, stated that Allen would be questioned further in connection with a wave of 43 breakins here during March. Four others over the weekend brought the total to 48, highest in several years.

Other breakins include a tavern at 374 Franklin Rd. a restaurant at 931 Baldwin Ave. a plumbing shop at 492 S. Saginaw St. and a grocery store at 78 Lull St. All were entered Saturday night police said.

Egyptian Military Rulers Cancel Plans for Election

CAIRO, Egypt (AP)—Egypt's military government announced tonight that all previous decisions to conduct constituent assembly elections and abolish the ruling Revolution Council in July have been canceled.

The announcement, which assured continuation of Egypt's military regime despite the opposition of President Mohamed Naguib, came after two days of heated conflict in the Cabinet and Revolution Council while Cairo surged with anti-Naguib demonstrations.

Instead of a constituent assembly previously promised by the Revolution Council, it was decided to establish an appointed "National Advisory Council" in which various organizations and professions would be represented.

This development came shortly after the army rushed tanks and steel-helmeted troops into Cairo to preserve order after demonstrators attacked and beat Egypt's chief justice.

An army officer told newsmen the justice, Abdel Razzak Sanhouri, had drawn a pistol and killed two demonstrators, but a photographer who arrived during the attack said two were wounded and no one was killed.

Sanhouri was taken to the home of President Mohamed Naguib after the attack and it was impossible to reach him immediately to check the statement of the officer who reported two slain.

The outbreak came while Naguib, who collapsed for a time this morning, engaged in crucial conversations with Cabinet members and his opponent's on the revolution Council.

A council spokesman said the Revolution Council would remain in power "until the end of the transition period"—set for January 1956. The spokesman said that all decisions announced by the council March 5 and March 25 are canceled until the end of the transition period.

Passengers Hurt in Bus Collision

4 Treated; 26 Shaken as Greyhound Hits Semi Near Galien on M60

NILES (AP) — Twenty-six persons were injured today as a Chicago-Detroit Greyhound bus plowed into the rear of a stalled semi-trailer truck two miles east of Galien on M60.

None, however, was seriously hurt and only four required hospital treatment. They were released later.

State police blamed an automobile parked crosswise of the highway just beyond a curve for the freakish accident. Earl Phillips of New Carlisle, Ind., was arrested at the parked car and charged with driving while drunk.

Police said Robert Millsap, 44, of Lombard, Ill., managed to stop his big semi-trailer truck to avoid slamming into the parked car, but that the following bus was unable to stop before hitting the rear of the truck.

The bus driver, Thomas L. Corbitt, 27, of Lincoln Park, was not injured. Neither was Millsap, a driver for the Alger Trucking Line of Detroit, nor Phillips.

The accident happened at 2:10 a.m.

Treated and released at a Niles hospital were Janie Thomas of Chicago; L. S. Tolbert, 26; Dorothy Cole, 33, and Edward Jana, 56, all of Detroit. They suffered cuts and bruises.

Most of the passengers remained at the scene and boarded another bus later to complete the trip to Detroit.

Galien is approximately half way between Niles and New Buffalo on M60, which runs east-west through southwestern Michigan, a few miles north of the Indiana state line. M60 is a main Detroit-Chicago artery.

Woman Killed in 2-Car Crash

Two Men Injured When Autos Collide at 14-Mile and Telegraph

A two-car collision at Telegraph and 14-Mile Rds. today killed Mrs. Georgia M. Claus, 50, of Wyandotte and hospitalized her husband, Carrolton, 55, and John S. Lewis, 58, of 6355 E. Surrey, Bloomfield Township.

There were no witnesses to the accident, which occurred during a heavy snow fall.

Bloomfield Township Police theorized that one of the cars pulled onto Telegraph from 14-Mile. Lewis was driving one of the cars, but police were unable to determine who was driving the Claus vehicle.

Mrs. Claus was pronounced dead when brought to St. Joseph Mercy Hospital.

Lewis was admitted with a fractured ankle. Claus is in fair condition, hospital authorities said, with a fractured right leg and face lacerations.

Dulles to Talk Tonight on Far East Policy

WASHINGTON (AP) — The U.S. government's position on keeping Indochina out of Communist hands and holding the door against seating of Red China in the United Nations is up for restatement tonight, reportedly in tough terms.

The spokesman is Secretary of State Dulles. He will talk to the Overseas Press Club in New York.

The broadcast is scheduled for 9 p.m., EST. (WXYZ in Pontiac area.)

The United States is interested in maintaining stiff resistance against any deals on Indochina with which the Reds might try to tempt the French, some of whom are visibly wearying of the seven-year war. The Reds would be in position to spring such offers at the April 26 Far East conference in Geneva

British Victims of Burning Ship Embark Again

1,500 Calmly, Politely Abandon Troop Boat Off Algeria Shore

ALGIERS, Algeria (AP) —A first shipload of British soldiers, rescued from the burning troopship Empire Windrush, sailed for home today, thankful to be alive after one of the most spectacular rescues in naval history.

Some 1,500 Britons—among them 277 women and children and 17 invalid soldiers—calmly and quickly abandoned the blazing ship yesterday morning 20 miles offshore in the Mediterranean and were rescued safely.

Four crewmen of the 14,651-ton transport died when an engine room explosion sent fire and choking smoke racing through the vessel.

London newspapers speculated the ship had been sabotaged but Admiralty and Transport Ministry authorities refused to comment on this. The speculation was heightened because she had just been through the Suez Canal, where the Egyptians are waging a ceaseless campaign to force out the 80,000 British troops stationed there.

The burned-out hulk was reported still glowing today and the Admiralty said she would be towed out of the sea lanes as soon as personnel could be put aboard. Inspected today by a destroyer, she did not appear to be leaking.

Most of the persons aboard were military personnel and their families on the way home from the Far East and the Suez.

The fire broke out while almost all aboard except the duty crew were still in their quarters. The ship was pushing easily through an exceptionally calm sea, about 50 miles northwest of Algiers. Then the flames began licking upward into the upper decks.

"All out electric equipment went out," said the ship's captain, William Wilson. "The loudspeakers would not work."

Everyone went calmly to his proper post.

Nobody lost his head, not even the women and children. They were the first to be put aboard the lifeboats.

"After that we threw everything overboard which would float—tables, benches and planks. Then the men began jumping overboard, all in perfect calm, because we knew rescue ships were at hand. We could see them steaming toward us."

Two doctors aboard the troopship estimated that some 20 of the survivors received minor injuries or had to be treated for the effects of smoke or water.

Almost within sight of the burning ship they had left, 200 soldiers sailed this morning aboard the British destroyer St. Kitts, bound for Malta. There they will be reembarked for the homes for which they were headed yesterday—some from Korea, others from Japan and Egypt.

Damage New Hudson School

Capture Ends 3-Day Spree of Vandalism for 3 Youths

A three-day car stealing and vandalism spree by three Detroit teenagers ended Saturday afternoon when they were captured in a barn near New Hudson by a posse of police and volunteer firemen.

Facing arraignment today is 17-year-old George E. Barton. He is being held in Oakland County Jail on a breaking and entering charge.

The other two are juveniles. One, a 15-year-old boy, is being held at Oakland County Children's Home. The other, a 13-year-old girl, has been released to her parents' custody.

According to Brighton Post State Police, the three broke into the New Hudson Elementary School Friday night and caused about $1,500 damage.

They spent the night there, prying open doors, puncturing large cans of food and strewing 25,000 drinking straws through the halls and kitchen.

After cooking breakfast Saturday morning, they went to the adjacent gymnasium, State Police said, and smashed eggs against the walls, emptied fire extinguishers on the floor, slashed the heads of three drums and smashed the public address system and microphone.

While they were in the gym, which is about 20 feet from the school proper, a janitor discovered the damage to the school and called police.

As police and the school principal, Howard Parr, drove up to the school, the trio fled from the gym. Police followed, but lost them in a swamp.

Volunteer firemen from New Hudson were called out and joined in combing the area.

Shortly after noon the three were found in a barn on Southfield road near Pontiac Trail, about a mile away.

After questioning, they admitted to State Police stealing four cars since they left Detroit three days earlier. Two of the cars were recovered in Lyon Township.

Bentley Freed From Hospital

Wounded Congressman Expects to Resume Job Within Month

WASHINGTON (UP) —Rep. Alvin M. Bentley (R-Mich.), most seriously wounded of five congressmen shot by Puerto Rican terrorists March 1, was recuperating today at his Washington home.

The Michigan congressman was discharged Sunday from a hospital here. Attaches said he probably will be able to return to at least part-time work in the House of Representatives in about a month.

Mrs. Bentley, who is expecting her first child soon, said her husband took the trip home from the hospital quite well and was resting comfortably. She said they planned to remain home for about a month, leaving only for an occasional walk or automobile ride.

A bullet from the terrorist's gun pierced Bentley's diaphragm and smashed his liver. The 35-year-old congressman waged a nip-and-tuck battle for his life for several days.

Doctors said Bentley's youth and determination to live contributed greatly to his rapid recovery. They said his liver has been repaired so that it will operate effectively.

Traffic Jammed on Main Roads Around County

Cold Front in Indiana Touches Off Tornado; West Shivers

A surprise snowstorm swirled into Southeastern Michigan today, blanketing the Pontiac area with more than three inches of snow.

Six inches may fall by tonight, said the U. S. Weather Bureau.

The unforeseen storm slowed traffic to a crawl and snarled vehicles on hills.

Woodward avenue at Long Lake road was reported blocked. Southbound traffic on Telegraph road was jammed between Long Lake and Lone Pine Rds.

Weather forecasters earlier predicted flurries, but a cold front unexpectedly stopped over Ohio and Indiana bringing the white stuff.

Other parts of the Midwest also reeled under the fresh onslaught of blowing snow and biting winds.

Another snowstorm blew into Northern Indiana and Illinois, cutting visibility to a few hundred feet.

The Canadian cold wave causing the frigid weather collided with warm air over Indiana Sunday, kicking up a tornado that caused $250,000 in damage in Anderson, Ind.

Thermometers sank to zero in parts of Minnesota and Montana.

The frigid mass of air snapped thermometers downward throughout Michigan this morning. More cold weather is expected.

After a high of 44 degrees Saturday and 55 Sunday, the temperature in Pontiac plunged to the 20s today. The mercury stood at 26 degrees at 8 a.m. in downtown Pontiac and at 26 degrees at 2 p.m.

Tonight will be even colder, with a low of from 15 to 18 degrees. Weather forecasters predict a high of from 30 to 34 degrees Tuesday.

Although severe, the sudden cold snap had its lighter side.

While the rest of the nation shivered in the deep-freeze, Dixie basked in mild weather. New Orleans reported a morning temperature of 66.

The United Press tied the weather in with the March lion-and-lamb prediction. It wrote:

"Anyone who bet that March would go out like a lamb will probably be fleeced."

Israelis Admit Attack in Jordan as a 'Reaction'

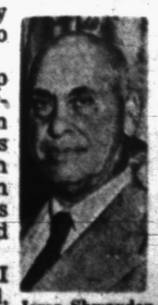
The Golden Rule Marble Puts Heart Into Business

By JESSE SHWAYDER
President, Shwayder Brothers, Denver

We are seldom faced with the problem of personnel replacement in our organization, but in our expanding operation we occasionally hire a new salesman.

John Thomas, for example, had recently been hired and brought to Denver where he received his indoctrination and sales training. He came into my office for an interview before leaving to work in his assigned territory.



Jesse Shwayder

John was probably prepared for a pep talk on the merits of our product. Or perhaps one of the older salesmen told him what to expect. I don't know. By this time, I assume, a salesman has a thorough background about the product. Even more important, however, is that he knows the basic philosophy that puts heart and soul into our enterprise.

When John Thomas took his seat, I handed him a small white box. Surprised, he opened it, took out a marble and read the lettering inscribed on a gold band around it: "Do unto others as you would have them do unto you." There was no company insignia on it—just the Golden Rule.

U. S. in Tangle Over H-News

Letting Russians Know That War Won't Pay Poses Problem

WASHINGTON (AP) — The United States is tangled in the problem of keeping its military secrets while at the same time letting Russia learn enough about American armament to deter her from trying war.

This perplexity is involved in part in the current discussion over how much should be revealed officially about the thermonuclear bomb tests.

How do you convince the Soviet government and its military high command that war wouldn't pay off, without also telling too much detail about the nature and size of the force ready to hit them if they make the gamble?

* * *

Moscow officials are realists, never ready to accept unofficial accounts, demanding solid technical facts before they can be convinced. They want to know, and unfortunately have been able in the past to get, the range and rate of climb of new planes; the secrets of the implosion process for triggering nuclear bombs; precise information on the type and intensity of light and the size and duration of the fireball in various atomic explosions to provide identification of explosive materials used.

Knowing that helps the Russians make their own weapons. It also could help convince them that they are, at a given time, too far behind in the technological race to try war.

* * *

But if at any time or for any reason Soviet technicians decide they are even or ahead the deterrent value may be weakened, although it is possible they still might be reluctant to undertake a punishing war.

Commission Candidates

BIRMINGHAM — A City Commission candidate in the April 5 election is Robert E. Navin, 34, of 1896 Washington Blvd. He is assistant general manager of staff operations of the Detroit Bevel Gear Co.

A lifetime resident of Birmingham, he is a member of the M.I.T. Alumni Club, the University Club, and the Harvard Business School Club, all of Detroit, and the Detroit Boat Club. He is the father of two children.

Questioned about solutions to the city's off-street parking problem, he said: "Expert studies have already been presented, but definite determination by the Commission to reach a decision seems to have been lacking. This determination is needed."

Regarding combatting juvenile delinquency, he said: "While basically a home problem, the Commission should extend city recreation facilities encouraging more complete utilization of non-municipal facilities presently available in Birmingham."

BIRMINGHAM — Harry D. Wise Jr., 31, of 534 North Glenhurst Ave., an attorney with Dickinson, Wright, Davis, McDean and Cudlip in Detroit, is one of nine candidates seeking election to the City Commission April 5.

A resident here since 1929, he is a past commander of the VFW, Birmingham Post, St. Dunstan's Guild and the Detroit, Oakland County, Michigan and American Bar Assns. The Wises have one son.

Questioned about the solution to the city's off-street parking problem, he said: "After nine years of discussion 'in committee' the important issue of off-street parking should be resolved."

Regarding combatting juvenile delinquency, he said:

"Birmingham needs to re-study the recreational and vocational facilities available to the young people of the city and to move forward with a more workable, and frankly a more enticing program to make sure that Birmingham does not have the delinquency problem that is bothering some of our neighboring cities."

Reports on other Birmingham City Commission candidates, plus details on the three questions on the April 5 ballot, will be published in editions of the Press later this week.

The Golden Rule Marble Puts Heart Into Business

(Continued From Page One)

"This marble is significant for several reasons," I said. "St. Augustine told us that the nature of God is a circle—the center is everywhere and everyone; the circumference is nowhere and there are no bounds to its outer horizon. So this marble you hold in your hand exemplifies the world, the universe, and, in a way, the Deity.

"The Golden Rule calls attention to the basic rule of all religious faiths. Moses handed it down to the children of Israel. Christ proclaimed it to His followers throughout the world. Buddha, Confucius and Aristotle have their basic teachings in this Golden Rule.

"We have found, for practical as well as moral reasons, that the Golden Rule is the finest program we could adopt," I continued. "It is the main rule you salesmen have to remember. Treat your customers as you would like to be treated if you were in their place."

How does this policy work in a business situation?

Several years ago, a multimillion dollar chain asked us if we would be interested in selling them an extra large volume of our luggage at a special price under our regular rate. It was a good profit-making deal and we had to consider it carefully.

As we met around a conference table to analyze the facts, I reached in my pocket, pulled out a marble, and rolled it across the conference table. Emmett Heitler, our general manager, stopped it and pulled from his coat pocket another sphere with the same Golden Rule lettering. Every man there had such a marble.

"How does this proposition affect our basic policy?" I asked, pointing to the marble. We silently restudied the facts.

"Our customers all know it is our policy to sell at one price regardless of volume order," volunteered Emmett Heitler.

"Policies can be changed," someone ventured.

But the lettering on the marble was the most powerful voice in the room.

We wrote a letter to the multimillion dollar organization explaining that we would like to do business with them, but in fairness to our other good customers, could not make special price arrangements.

How well our organization is indoctrinated with the Golden Rule principal is illustrated by an experience of one of our veteran employes.

A supplier had erred in our favor by $1,000 in one of his invoices. The mistake was of such a nature that it might never have been discovered, but, acting as he would want our customers to act if the situation were reversed, this employe drew a check for $1,000 more than the original invoice, and forwarded it to our supplier.

In amazement the supplier wrote to tell us he had never before had such an experience. Need I mention the high regard in which he now holds our company?

My thinking along this line started years ago in my youth. I came from a family of 11 children—five sons and six daughters. There was a sincere religious background in our home.

We all worked in our spare time, I as a stock boy in a furniture store. Our basic textbook was the Bible. During lunch hour there were 15 extra minutes a day for relaxation, which time I often spent reading the Scriptures.

Samson's impressive feats made him a boyhood idol of mine, just as Babe Ruth and Joe DiMaggio have been to modern-day youngsters. How logical it was, therefore, when I was searching for a product name with a connotation of strength, that I selected a name from the Bible—"Samson" for our folding furniture and "Samsonite" for our luggage.

By 1910 I had saved $3,500. With this capital the company that has evolved to be Shwayder Bros., Inc., was started. Today the volume of business has reached approximately 38 million dollars a year.

Several years ago I read the story of an Indiana businessman, Arvid Zetterberg, who has a unique method of calming his temper, widening his circle of friends and promoting God's word. He simply carries a few marbles around with him.

"The marble is a contact point between me and my faith," Zetterberg stated. "It reminds me to live a fully rounded life. It provides an easy way to open a discussion about my religious convictions."

After reading this article, I called together several men from our organization. Here, at last, was a practical way to interpret our own business philosophy of over 40 years. The result was our Golden Rule marble.

Not only do all of our executives and salesmen carry them, but also our supervisory personnel.

If this principle in action can produce understanding, loyalty and plenty in a business enterprise, think what it could do to the world.

Tomorrow—J. Fred Coots is taught a lesson.

Action Postponed in Habel Land Suit

Decisions on three motions in Pontiac's land condemnation suit for property at 11-49 Parke St., were postponed until April 19 today by Circuit Judge George B. Hartrick.

The judge postponed action on a motion for a mistrial and new trial entered by the city. He also deferred a counter motion to accept the jury's March 2 "no necessity" finding made by the attorney for the Jack Habel Chevrolet Co., owner of the land.

The juors agreed Pontiac needed municipal parking, but termed the Habel land too far from the business district. Judge Hartrick called the verdict "inconsistent" and received it subject to review.

'Joe Must Go' Club in Action

Wisconsin Editor Starts Move to Recall Senator McCarthy

SAUK CITY, Wis. (AP)—The "Joe Must Go" Club, spearheaded by eight editors and writers from Wisconsin weekly newspapers today began th etask of getting out about one out of every five of the state's eligible voters to sign petitions aimed at the recall of Sen. McCarthy (R-Wis).

The club was formed at a meeting called here yesterday by Leroy Gore, editor of a local weekly newspaper, that drew about 500 persons. They came, sponsors said, from 43 of the state's 71 counties. They included Democrats, Republicans and independent voters.

A steering committee of 20 was chosen to circulate petitions throughout the state. These must bear about 404,000 signatures before any recall move can be even considered by the secretary of state.

• • •

The state has about 2,200,000 eligible voters.

Even if the move is successful there are several other possible barriers to any recall action of the controversial senator who has gained the nation's attention through his hunt for Communists in government and his rift with the Army.

Several governmental leaders, both federal and state, have expressed the belief that the recall would be outlawed by a federal constitutional provision that Congress shall be the sole judge of its members.

• • •

In the event the present move is successful and the signatures are obtained and held valid, a special election would have to be held at which Sen. McCarthy's name would go on the ballot along with any others who qualified to run through filing of nomination papers. It would be a "sudden death" election, with the man with the highest total winning.

Parents Save Tots in Apartment Fire

KALAMAZOO (AP) — An expectant mother and her husband saved their three small children from the flash fire that swept their second floor apartment Sunday.

Homer Britten dropped a cushion to the ground outside a window, then dropped his two sons, Francis, 7, and Allen, 4 to safety on the ground 15-feet below.

Mrs. Britten grabbed her two-year-old daughter, Susan, and ran through the smoke and flame to the stairway and safety.

Mrs. Britten suffered third and second degree burns and shock. But all of the Brittens were in good condition at Kalamazoo's Bronson Hospital. They had two other children, Jeanette, 6, and Beverly, 5, who were not at home.

Tornado Hurls Truck at Reverend in Indiana

ANDERSON, Ind. (AP) — A small tornado dipped into a residential section of Anderson yesterday, ripped off roofs and tore houses from foundations over a 10-block area. Then it rose, but a moment later stabbed into the business district, wreaking further destruction.

The Rev. Ernest F. Pagel, 63, was struck by a hurtling pickup truck as he hurried into his church to warn the congregation. He suffered a chest injury. He was the only casualty.

Dog in Henhouse Chorus Rouses Family Regularly

DETROIT (AP) — Queenie, a dog, lives with the chickens in the hen house behind the Nathan Knight home. For every day in the last 10 years, she has played and slept with the chickens.

Recently the Knights noticed their roosters were especially loud in their dawn crowing. They investigated, found Queenie leading the chorus.

Aid to Boy, 5, Helps Other Polio Victims

PROVIDENCE, R. I. (AP) — So many persons helped Andy Charette, 5-year-old polio victim, when his tricycle was smashed by youthful vandals that he was able to help other polio victims.

A picture showing Andy and the smashed tricycle, which he needed to exercise his polio-ravaged muscles, was transmitted across the country by Associated Press Wirephoto recently.

He received his sixth tricycle yesterday. All of them were gifts from strangers.

Andy says he's giving the extras to other polio victims.

AF Captain Hedging on Ex-Wife's Prediction

KANSAS CITY (AP)—Capt. John Payton said last night that a report he will remarry his former wife, actress Barbara Payton, is a "little premature."

Miss Payton said in Hollywood Saturday that they would be married within two weeks. They were divorced in 1950 when she was 20.

Capt. Payton, 28, is stationed at the Central Air Defense Force Base here.

Macalla Heads State Veterans Council

LANSING (AP) — The Consolidated war veterans council elected Michiael J. Macalla of Detroit as state commander this weekend.

The election concluded the group's annual convention.

Also elected were Bernard Call of Saginaw, senior vice-president; J. C. Austin, Jr., of Detroit, junior vice president; E. J. Vandenberg of Jackson, quartermaster, and W. L. Cornell of Grand Rapids, judge advocate.

The group, which represents 20 county councils of leading veterans organizations, applauded Joseph Mann VFW service officer for the Michigan department, and his protests on the tardy admittance to Saginaw Veterans Hospital of a man ill with cancer.

The group also asked Walter J. Baker, state commandant of the veterans facility in Grand Rapids, to stay in his job. Baker recently announced his resignation. The group asked that in any case the job be kept under civil service.

Mrs. Lucy Holcombe Pickens was the only woman to have her portrait put on Confederate currency. Mrs. Pickens' portrait was used on issues of both $1 and $100 bills.

Florida Police Probe Mystery Explosion

MIAMI, Fla. (AP)—County officers began an intensive investigation today of a dynamite blast that shook houses and knocked out windows over a large region south of Miami.

The blast at 1:30 a.m. yesterday was a mystery until four empty dynamite boxes were found by road patrolmen hidden in bushes a mile from the Florida Power and Light Co. plant at Cutler.

Not far from where the boxes were discovered, the officers found a fresh hole 15 feet wide and four feet deep.

The plant was not affected by the explosion, which was heard over an area of 30 miles.

Termites live for as much as 30 years.

The 3-foot-deep excavation, about 30 feet from the house, was dug for a septic tank.

Disputes GOP Farm Policy

Republican Solon Sees Defeat for Advocates of Flexible Supports

WASHINGTON (AP)—Sen. Young (R-ND) predicted today that "there won't be a single Republican or Democrat elected to Congress from the Midwest next November who stands for flexible farm price supports."

Young, a member of the Senate Agriculture Committee, said in an interview if Republicans want to sell a farm program to the voters, they had better get behind his proposal to retain rigid price supports on major field crops at 90 per cent of parity.

President Eisenhower has advocated flexible supports ranging from 75 to 90 per cent but Young said he is convinced that the farmers themselves don't want such a program.

* * *

If what he believes is true, the North Dakota senator said, he would have to take issue with Midwestern Republican leaders who came to the conclusion at a meeting in Omaha, Neb., that "if we can get out the farm vote we will win the congressional elections."

"The congressional elections are going to be settled on the basis of individual districts, so far as the House members are concerned, and on a state basis for senators," Young said.

"Each man is going to have to stand on his record and there may be no national trend."

Sen. Ferguson of Michigan, chairman of the GOP Policy Committee, said in a CBS radio broadcast yesterday that his mail indicates Michigan farmers favor the administration plan 2-1.

Use Stalled Car to Rob Farmer

Pair Flag Down Victim; Nab $240 After Threat With Submachine Gun

LAPEER (AP) — A produce farmer reported to police today two bandits, one brandishing a submachine gun, held him up and took $240 on the outskirts of nearby Davison around daybreak.

The farmer, Howard Baldridge, 38, said he was flagged down by a man whose car appeared to have stalled about a half mile from Baldridge's home.

Baldridge told police that a thin man about 5-feet-6 flagged him down and that after he stopped a stout man with sandy hair got out of the car and pushed a "tommy gun" in his face while the thin one went through his pockets.

Baldridge said he was returning home in a panel truck after delivering produce in Davison, 10 miles east of Flint.

The men took his keys and fled in a black 1951 model Ford, Baldridge said. He didn't get the license number and had to walk a half mile to his home before he could spread an alarm.

State police quickly threw up road blocks in the Flint area in hopes of finding the bandits.

Theory Explains Length of Life

Scientist Believes Span May Depend on Speed of Egg Fertilization

SEATTLE (AP)—The length of a person's life may depend upon how quickly the egg from which he came was fertilized, a University of Washington medical researcher reported today.

Motion picture studies of the very beginning of the life of a rat have formed the basis for the idea. There is no experimental proof as yet but the studies have shown that unfertilized egg cells and sperm cells are the shortest-lived cells of the body.

Dr. Richard J. Blandau of the University of Washington advanced this idea to science writers visiting research centers under the guidance of the American Cancer Society.

* * *

He studied fertilized rat eggs under an instrument called a phase microscope, which shows up details much more clearly than an ordinary microscope.

Rat fertilization—the meeting between the egg of the female and the sperm of the male—takes place in one to three hours, he said. If there is delay in this meeting, the rat embryos develop abnormal or defective tissues which frequently cause them to die before birth.

An unfertilized egg begins to disintegrate within four hours, and soon thereafter loses the power to start a new life, Dr. Blandau reported.

* * *

He said he believed but could not yet prove that human fertilization must take place within 12 to 15 hours after ovulation, or the emergence of the egg from the ovary. Otherwise, he said, the deterioration that follows may result in an individual of low vitality.

The phase microscope studies also are being used to examine in detail the abnormal white blood cells which characterize leukemia, a cancer-like disease of the blood.

Leukemia research may be helped, Dr. Blandau said, if it can be determined just which white cells are involved.

State Needs This Bill

Reasons given by the Senate Conservation Committee for killing a bill to prevent State officials or employes from profiting in State land purchases are unconvincing.

As overwhelmingly passed by the House at Lansing, the measure set maximum penalties at a fine of $10,000 and 10 years imprisonment. In view of the recent scandals in the highway department we believe refusal of the committee to report the bill to the floor was a mistake.

★ ★ ★

Some members of the Legislature are licensed real estate brokers. At least one, Rep. Kruse of Manistee, has accepted commissions totaling $3,025 on State land purchases.

Sen. Charles T. Prescott of Prescott, also a licensed broker, as is a fellow committee member, Sen. Leo H. Roy of Hancock, explained his committee stand. Members felt, Prescott said, that this bill was the wrong way to attack the problem and added:

"It wouldn't affect the persons involved in the present investigation anyway. If we had brought it out on the floor the bill would have been amended all over the place."

★ ★ ★

On the other hand there also is the possibility that the Senate would have passed the bill as written. The need for such protection cannot be questioned. Members of School Boards, City Councils, other State Legislatures and Congress are prohibited bzy law from making a profit on any transaction with those Government units.

Michigan long ago should have had a similar law covering land deals.

Catastrophic Illness

Hearings just started on the Eisenhower health program by the House Commerce Committee are sure to make the public more familiar with its special features.

Outstanding, of course, it its avoidance of any suggestion of socialized medicine. Notably, too, are its provisions aimed at encouraging private companies to write insurance against "catastrophic" illness.

★ ★ ★

This is the sort of illness that incapacitates a wage earner for a long time, perhaps for life. In addition it may involve abnormally heavy and lengthy medical outlays. Health insurance companies and group plans avoid losses from such illnesses by setting limits on their maximum reimbursement to policy holders.

★ ★ ★

The Eisenhower proposal is to guarantee them against loss and hence to induce them to offer them catastrophic illness insurance through a Federal reinsurance fund of $25,000,000 to be retired from reinsurance fees.

The Press believes this plan is basically sound. We hope that the hearings will bring forth such support for it that it will be assured of a sympathetic reception in both Houses.

Water Under the Bridge

After eight years the House Appropriations Committee has approved funds needed by Army Engineers to put the Missouri River back under a Nebraska bridge.

It was in 1946 when this mighty stream, then in flood, suddenly decided to move out from under the toll bridge being built in Burt County at a cost of $2,000,000. The span was completed in 1952. But those who had hoped another flood would return the Missouri to its former bed were disappointed.

★ ★ ★

This failure of the expected to happen is in conflict with history. Records show that both the Missouri and Mississippi frequently change their course.

Recently it was reported that the Father of Waters was threatening to return to an ancient channel to the Gulf of Mexico. The result would be that the great port of New Orleans would be marooned 200 miles down an unused inlet. However, that is another story.

★ ★ ★

It is estimated that the cost of putting the river back under Burt County's bridge would be $2,000,000. But at least the people of that area will then be able to use the span.

Movies Stage Comeback

Arthur H. Sanford, manager of the Oakland Theater, calls attention to the comeback that is being made by the motion picture theaters this year.

There was a time not too long ago when some folks forecast the death of the movie industry. Television had doomed the films, they said.

But like a lot of other gloomy forecasts, this one has proved a big mistake, according to Mr. Sanford. The better movies are pulling crowds again and the theaters are looking forward to bigger and better years.

According to a news report from Yakima, Wash., high winds blew a nearby waterfall into reverse. We're filing this item along with the one about the Georgia tornado that blew a washpot wrongside out.

The contest is open to everybody except Pontiac Press employes and members of their immediate families. Every member of your family is eligible to compete, but each entry must be on a separate piece of paper. Simply name your player and estimate his average on that date, plainly sign your name and address, and see that your entry is received at the Pontiac Press office by noon on Saturday, April 10. Readers Back McCarthy; Protest Letter Comparing Wisconsin Senator and Hitler

(Letters will be condensed when necessary because of lack of space. Full name address and telephone number of the writer must accompany letters but these will not be published if the writer so requests, unless the letter is critical in its nature.)

I can't see where there is any connection between Hitler and McCarthy. What we need are more "McCarthys," to insure our freedoms.

There are no other methods to handle "Pinks" or Communists when the man won't state whether he is or not and tries to hide behind the fifth amendment.

McCarthy is a highly educated lawyer and, above all else, a statesman, not a politician. He does not ask for publicity, he is after facts no matter who gets hurt.

I don't want to see our boys handled and murdered like they were by the Communists. These are the ones in this country which McCarthy is handling so ably.

We have no one else with his fearless courage. God bless him.

H. M. D.

—

Why does the man who signs himself "For God and a Free Country" compare McCarthy with Hitler?

First, Hitler did not fight Communism. He signed up with Joe Stalin in 1938 to fight the rest of Europe and the U. S.

Then F. D. R. came along with his offer to Stalin, and we know the result of that.

Some people, when fearing discovery, start accusing everyone else of the thing of which they are guilty. We need greater fairness.

For God and Country

I believe McCarthy is a courageous American, trying to rid our country of Communists.

Strange, we never hear anyone crying because the Communists with whom McCarthy has to deal treat him insolently, hatefully and falsely, standing on the fifth amendment.

Our sons lost their lives with Communists, not bullets. McCarthy fires a few heated words and people condemn him—whose side are we on, anyway?

We Americans must live and work and worship in unity of spirit, for therein lies our strength.

We must not allow political controversy to divide us. May we forever be clear-eyed seekers of truth.

Mrs. Leslie Talaba
1534 Hartley Rd.

David Lawrence Says:

Campaign to Get McCarthy Is a Drive to 'Get' Eisenhower by Gradual Steps

WASHINGTON — The drive to "Get McCarthy" is actually a drive to "get" the whole Eisenhower administration by gradual steps.

The first step is to kill off the Communist issue on which the Roosevelt-Truman record of 20 years is very vulnerable, and the second is to demoralize the Republican party in Congress and force upon the country various inflationary measures and an unbalanced budget.

When economic chaos results, the attempt will be made to bring about a system of state-owned and state-controlled industry and to establish the totalitarian concept of a "rubber stamp" Congress subservient to White House dictation.

Those are the underlying objectives of the spectacular struggle by which, under the guise of the McCarthy issue, the radicals and the confiscationists hope to gain control of the government of the United States in all its branches.

This, really, is back of the fight being waged so furiously nowadays against Sen. McCarthy of Wisconsin.

The motives and purposes of those who are conducting the attack are not easily discerned. And it is because many well-meaning legislators and numerous other Americans wholly disconnected from the political scene are being duped into attaching an exaggerated importance to personalities while failing to examine the real issues underlying the controversy over Communistic influence in America.

The well-organized effort to destroy the man who has been in the forefront of the battle against Communists in government and Communistic influence in the making of American foreign policy cannot be explained away as simply a justified reaction or protest against the "methods" of a United States senator growing out of his brusque manner of handling witnesses or his flair for getting his name in the headlines.

All such objections put together cannot explain it, because most of them are in direct conflict with what was being said by some of the same groups and their spokesmen when similar "methods" were used in congressional hearings in the past and when various chairmen of investigating committees of Congress, equally brusque, had the limelight during the last 50 years.

Much has been said lately about how the cross-examination of Brig. Gen. Zwicker by Sen. McCarthy delivered a body blow at the "morale of the Army" — as if this was the basic reason for the intensity of the more recent criticism of the "methods" of congressional committees.

But some of the same critics, notably Adlai Stevenson and most of the Democrats in Congress were strangely silent about "Army morale," and, in fact, there was wide applause from the "liberals" both here and abroad, when President Truman, after the Red Chinese intervened in Korea, refused to accept the unanimous advice of his own joint Chiefs of Staff as well as the Far Eastern commander, Gen. MacArthur, to use air power against the enemy's bases in Manchuria.

Truman yielded to the objections of the "left-wing" politicians in the labor government in London. Nothing hurts an Army's morale more than to be ordered to fight on with its hands tied behind its back.

Where, moreover, were the defenders of the "Army morale" when Gen. Van Fleet charged and a congressional committee later reported that an adequate supply of ammunition had been withheld from our troops during the fighting in Korea?

To this day the culpability of the Army's officials in Washington for this scandal has never been fully investigated.

Where also were the present-day defenders of "Army morale" and the critics of "methods" and procedures in government when Gen. MacArthur — a veteran of two world wars and the Korean War, who wears a breastful of decorations for distinguished service and heroism — was "browbeaten" and "humiliated" before the whole world as President Truman summarily dismissed him from active duty?

This general was not even granted the courtesy of a summons to Washington or a hearing to present his side of the case or an opportunity to face his accusers, inside or outside the Army, before being dishonorably ejected from all his commands with a blunt telegram that was broadcast by radio before the general himself received it. No castigation of Truman "methods" came from the "liberals" then.

Certainly Sen. McCarthy made a mistake when he lost his temper at a hearing and blurted out his condemnation of the Army general who, he thought, was being an evasive and uncooperative witness.

But certainly no American lives were lost as a consequence of this outburst of opinion while the casualties of the Truman "methods" run well into the thousands as the bereaved relatives of many American citizens can testify.

Case Records of a Psychologist

Wedded Joy Is Hampered by Pre-Marital Affairs

Teen-agers, please read this Case Record carefully! Parents and Sunday school teachers need to use these facts to combat the unscientific inference from the Kinsey report that pre-marital affairs make a woman better adjusted in marriage.

By DR. GEORGE W. CRANE

Case K-361: Mamie D., aged 37, has two high school daughters.

"Dr. Crane, I wish you'd answer the Kinsey report," she began our interview heatedly.

"For it suggests that teen-age girls indulge in pre-marital affairs if they wish to insure their later marital happiness.

"Now I am a devout church member, but my ire isn't based just on moral scruples, for I think there are many sound arguments against this type of sophistry.

"So what do you practical psychologists and Marriage Counselors think about pre-marital sexual experimenting?"

Before I reply to Mamie, let me ask if you believe that prostitutes make ideal wives?

Yet they may have had hundreds of "affairs." So the argument that promiscuity produces better marital adjustments, is not true.

Smart girls know that they can acquire all the proper medico-psychological technique for happy marriage by writing for the 10 cent bulletins which this newspaper makes available to all of you.

So use your "horse sense." Why jeopardize your entire future happiness as a wife, when you can save yourself untold heartache through a 10 cent marriage bulletin?

Notice what girls suffer who indulge in illicit affairs. First, they lose their spunk or independent spirit, and that is a woman's chief charm.

Second, a girl never feels sure of herself thereafter for she cannot tell when her "humbler" will boast of his conquest.

This tends to make her fearful and even shifty-eyed.

The girl also runs the chance of gonorrhea and syphilis, which still are serious diseases despite penicillin and other modern drugs.

If she becomes pregnant, she tears her soul apart by worrying. If an abortion will make her permanently sterile thereafter so she can never bear a baby if and when she is legally married.

And if she bears her baby out of wedlock, this is unfair to the infant and often starts him out in life with at least one strike against him.

If she decides to give up the baby for adoption, this torments her in future years.

So refrain from pre-marital affairs and you'll be happier. Send a stamped, self-addressed envelope, plus a dime and order the bulletin "Sex Problems in Marriage." It will teach you far more than a dozen pre-marital "affairs."

Baering Down

By ARTHUR "BUGS" BAER
International News Service

On Thursday, January 28, there appeared in this oblong of querulous comment a line we felt would reverberate from the hills and bowl up the valleys.

It was an article slugged, "Shriek of Silence."

It was about congressional quizzing of fellow travelers and ran, "If the answer tends to incriminate and degrade you that's not the fault of the question."

We still feel that way about gimmicks in general and gadgets in particular. I claim you should still look your fellow man in the eye. Even if it's through a keyhole.

The claim of guilt by association has its boosters and rappers. There are two schools of thought on it and you cannot be teacher's pet in both.

The term "Shriek of Silence" was based on the thought if you stand as mute as Tara's harp your silence plays a tune on your conscience.

Guilt by association doesn't mean birds of a feather are tarred together. We do claim if you are using a two-man saw you should know the guy on the other end.

No congressional committee baits you with that double-edged question, "When did you stop beating your wife?"

Either way you are as guilty as a shark spitting up a hat, shoes and cuff links.

Anyway, the beating has become more equitable. This is a man's world until the wife has had that second martini.

We feel that only Arthur Murray can lead the witness legally. And that only on the dance floor.

In courts of investigations there is no hiding. Emerson said when you have committed a crime the world is made of glass. What's the matter with printing the Fifth Amendment on cellophane?

No Scientific Basis for 'Resistance' Idea as Immunity to Respiratory Infections

By WILLIAM BRADY, M. D.

A well educated man says he agrees with you, by and large, but . . .

Now, wait a minute. No, I promise, no name calling today. But this well educated man thinks too well of himself. Does he know as much about physiology, hygiene and pathology as I do? Perhaps he does, but most "educated" persons know little about these subjects.

— he thinks your ideas and notions on C R I somewhat dangerous . . .

My ideas? Notions? There you go again. They're my teachings, and I didn't get them out of a pipe dream, I got them from many years of study of the respiratory infections, which directly and indirectly account for most of the everyday practice of physicians and surgeons.

The man says he bases his views on empiricism, experimentation and everyday experience . . .

He has observed a good many times that, at the age of 64, working in the garden, shovelling snow etc. at all seasons of the year, he doesn't get a cold, but if he sits in a draft . . .

Heaven help me!

He insists you cannot trust children to use good sense about their wraps. He has yet to see a child having fun at play with companions leave this fun to put on more clothing . . .

I warn you! Don't carry this too far!

And arbitrary denial of "resistance" — the man says no resonable . . .

Meaning that I'm not reasonable, eh? Well, my reply is that the man is not reasonable. So there we are, right back where we started from.

The educated man evidently regards "resistance" as a state of immunity to respiratory infections. Thus if an individual comes down with any such illness or indisposition his "resistance" must have been lowered.

If he escapes infection it is obviously because his "resistance" was good, perhaps "built up" by proper food, plenty of fresh air, sufficient rest, keeping the feet dry, avoiding drafts, yakety-yak-yak.

It would be just as sensible to say it all depends on whether the individual does or does not keep his fingers crossed.

So far as we know, that is, the educated man and I, immunity is a specific state—thus immunity to diphtheria has nothing to do with immunity to typhoid fever or immunity to smallpox.

There is no scientific basis for this educated man's conception of "resistance" as a general immunity or even a degree of immunity to most respiratory infections.

My advice to parents is, never mind about wraps — let the children play out in the snow, the wet or the cold as long as they want to — that is, if your children are not idiots.

They'll always remember what good sense mother and dad had about it.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. Brady if a stamped, self addressed envelope is enclosed, etc.

JOHN A. DUGAN

Your Commission Candidates

J. A. Dugan, John Ridgway Seeking 5th District Seat

Below are brief biographical sketches and statements of the two Pontiac City Commission candidates in District 5.

Each candidate was invited by the Pontiac Press to give his views on four questions. The questions were: (1) Should the city increase the number of liquor-by-the-glass licenses? (2) Should the city continue its program to provide municipal off-street parking lots? (3) Is it desirable to expand the hospital and increase capital improvement funds as outlined in the two tax proposals facing voters in the April election? (4) Should the city change to voting machines in an effort to reduce costs and speed election returns?

An executive board member of Local 653, UAW-CIO, John A. Dugan, 45, resides at 363 Nelson St.

Dugan has been an employe of Pontiac Motor Division for 25 years. He is active in the PTA.

He is a member of the Oakland Park Methodist Church and is married, with two children.

A candidate for commissioner in District 5, his statement follows:

1. "For a candidate to say he will forever oppose the granting of even one additional license, is to attribute to himself the power to foresee and prejudge every conceivable circumstance that may possibly face the city commission in the future. As an example, the continued growth of our city may well result in the building of a new modern hotel. Under such circumstances, the granting of an individual license may not be objectionable to those citizens who now oppose any increases whatsoever.

"I have previously stated in detail to many interested citizens my honest convictions on this question. I can only briefly state here that as far as I can see at the present time, I have no intention of approving additional liquor-by-the-glass licenses."

2. "I would favor a program to provide municipal parking lots in the downtown area where necessary."

3. "This decision is strictly up to the voters and not the city commission. If approved by the voters, it will then be possible to expedite many needed improvements in District 5 and the city at large with no increase in the present tax rate. Industrial and business properties would pay 65 per cent of the cost of the projected program.

"If the proposals are defeated, it is estimated the largest corporation in the city would save close to a quarter-of-a-million dollars a year. The average home owner would save only $5.40 per year or 1½ cents per day.

"For the foregoing reasons, I consider the proposals to be in the interest of the average citizen and home owner."

4. "It would depend on the cost and the money available for that purpose."

Former Pontiac mayor from 1950 through 1952, John H. Ridgway, 54, lives at 435 Lowell St. He was a commissioner from 1946 to 1952.

Ridgway came to Pontiac in 1928 after attending Purdue University. He is employed as a supervisor in the plastics department at Ford Motor Co.'s River Rouge plant.

He formerly worked at Pontiac Motor Division. Last year he was named president of the Northside Community Club. He is married and has two children.

A candidate for commissioner in District 5, his statement follows:

"1. No . . . It was by a vote of the people that liquor-by-the-glass became a legal business. I feel that any increase in the present licenses should be voted on by the people and the majority vote rule. It must be controlled.

"2. Yes . . . The cost to be repaid to the city by parking meters where you pay only for the time you park. Private parking has not met the challenge and the minimum fee 25 cents for the first hour is excessive. However, it is necessary that parking lots be conveniently located to the downtown business area.

"3. Yes, I feel it is the responsibility of every citizen in Pontiac to provide adequate hospital facilities for its people. When patients are forced to lie in corridors and halls we don't have adequate room. In the last eight years it has been possible to pay off a five-million-dollar indebtedness. By using this same amount of millage for hospital bond retirement the hospital can be enlarged and other capital improvements made without increasing taxes.

"The public is entitled to know the full story and this fund should be earmarked for hospital and capital improvements with capital improvements spelled out.

"I feel that the public will be willing to continue paying the same tax as last year . . . when fully informed that there is to be no increase and that all monies are to go into hospital and necessary capital improvements.

"4. If voting machines can be provided at a savings to the taxpayers . . . I am for them. They have proven . . . accurate and speedy. But, if they must be purchased at a price that will again place Pontiac in debt, then I am willing to continue voting as granddad did until Pontiac can purchase and pay for them without any increased burden to the taxpayers."

Holland Lady Loses Weight Praises Tonic In Rennel

"Rennel Concentrate to me is a health promoter," writes Mrs. C. W. Starr, 141 Coolidge Ave. "I am 52 years old and weigh 120 lbs. In the past I have reduced at least three lbs. per week with Rennel, but at present I am using it as a health builder. I am recuperating from major surgery and on arriving home from the hospital had to take enemas every day. It sure was a relief to start taking Rennel again. It insures good elimination and gives me a satisfied feeling of well being. I keep my weight under control eating quite normally, less on sweets and starches. I take Rennel after meals, in fact it takes the place of dessert with me. I eat what I like, only less of it, and am never hungry after taking Rennel."

Just another satisfied user of Rennel Concentrate who has made it do for her what she wanted it to do. If not pleased with the very first bottle return it to the manufacturer for your money back. Priced at $1.40.

Dick and Oscar Whip Up TV Show in Just 11 Years

By LAURA Z. HOBSON
International News Service

NEW YORK—"Who thought it up?" I asked Oscar Hammerstein.

"It," of course was last night's Rodgers and Hammerstein haymaker—that four-network, hour-and-half knockout that punched the air clean of just about everything else.

Hammerstein was on his way to the first rehearsal of this bountiful bonanza from Oklahoma, South Pacific, The King and I, Carousel, Allegro and Me and Juliet, but instead of looking harried and rushed, he was as genial and modest as usual.

"The agency got the idea," he said. "The first Dick Rodgers and I heard of it was by phone calls, Dick down in Florida on vacation and me in California working on our movie of Oklahoma."

* * *

When was that, I wanted to know, remembering that last year's famous two-hour Ford show had been in preparation for eight long months.

"About three weeks ago," Hammerstein said. "Around the 5th or 6th of March."

Twenty-three days seemed impossible, and I said so. Wasn't it a skyhigh job to just line up such stars as Mary Martin, Ezio Pinza, Yul Brynner, Jack Benny, Groucho Marx and the rest?

"Well, maybe," he said. "But after all, we'd been preparing the script for 11 years."

Eleven years ago this Wednesday night, "Oh, What a Beautiful Morning," set a first-night Broadway audience right on its jeweled ear, and Oklahoma was born. Since then the five other R. and H. smash hits came along in a dazzling parade, the likes of which show biz has never seen.

* * *

"Even with six shows to choose from," I said, "how could you do anything in three weeks except string the biggest songs together?"

"That's just what Dick and I didn't want," Hammerstein said. "With South Pacific, for instance, we decided it had to be one whole sequence, starting with Mary washing that guy right out of her hair, and then going to the plantation for the enchanted evening with Ezio, and right on to 'I'm in Love With a Wonderful guy.'"

"That worked out," he went on "for timing and content, so we followed through with excerpts from the other shows. For change of pace in between, came all the ideas about Jack Benny, Edgar Bergen, and the bit where Groucho interviews Dick and me as if we were two contestants on his own show."

* * *

Rumors all over the world of television, I told him, were that the 90 TV minutes cost General Foods, not $500,000, as the published reports had it, but a cool million.

Hammerstein replied, "All I know is what I read in the papers."

After which amiable brush-off, one of the "big names in television" told me "a million for sure."

The tab for air time, this expert pointed out, and for the "take-home pay" of the string of luminaries, plus the checks going to Dick Rodgers and Oscar Hammerstein themselves—

Well, it's only money. And even a million dollars is only a lot of money.

Maybe the biggest thing of all is the image of a lot of Americans being happy and peaceful all at the same time on a Sunday evening in spring.

Wife Dresses in Black, Husband Is Shocked

By BILLY ROSE

It seems that a Herbert Bryer of Chattanooga, Tenn., went to Key West Fla., last October with a couple of business friends to catch a few barracuda.

BILLY ROSE

The night before they were to set out in the small fishing boat they had chartered, Herbert phoned Chattanooga from his motel, and dutifully chatted with his wife. After making certain everything was going smoothly at home, he left a call for 5 a.m. and turned in.

The next daybreak, as he was getting his fishing gear together, he suddenly felt a dagger-sharp pain in his chest. It was as though a giant vise had clamped on his rib-cage and wouldn't let go.

Herbert groped his way to the telephone and told the clerk he thought he was having a heart attack. And a few minutes later he was in an ambulance on his way to the hospital.

His feelings, in the ambulance, were a mixture of fright and self-pity. "Why me," he asked himself. "I've led a decent life, played fair with the people I did business with, and have always been a good husband.

"In the 10 years I've been married to Ruthie, she has never once complained. We're friends with the best people in town, belong to the best country club, and are invited to all the important parties. True, Ruthie and I don't kiss and hold hands like we used to, but who does after 10 years?

"As for these trips I take each year with the boys, Ruthie has always been very understanding. She knows a man who works as hard as I do has got to get away once in a while. So why a heart attack? And why me . . .?"

At the hospital, Herbert was wheeled to an examining room where a doctor he could only half see prodded and poked. Then he was given an injection and moved to a private room where he fell asleep.

When he awoke it was dark, and outside his window the wind was blowing hard and the rain coming down in buckets. The pain wasn't quite as sharp and the dizziness had disappeared.

Thank God, he was still alive. Who knows? With luck he might even pull through.

But suppose he didn't—what would Ruthie do without him? She depended on him so completely. Since their marriage, he had been as much her father as her husband.

A few minutes later, a doctor came into the room and switched on the light.

"How bad is my heart?" asked Herbert.

"Your heart?" said the doctor. "There's nothing wrong with your heart. All I could find was a bad case of indigestion. What did you have for dinner last night."

"Lobster and a few bottles of beer."

"That could explain it," said the doctor. "Shall I notify anyone you're here?"

"It isn't necessary," said Herbert. "I came down with a couple of friends, but they're off on a three-day fishing trip."

The next morning the man from Chattanooga left the hospital, picked up his bags at the motel, and caught a plane for home.

At the Chattanooga Airport, he bought a newspaper, and was stunned when he read the headline: "Hurricane Off Key West—Three Local Men Drown in Fishing Boat."

In the smaller type, Herbert found his name along with those of his two friends.

He rushed to a phone and called his home. There was no answer. Ruthie must be out. Poor kid — imagine what she must be going through.

He took a cab and told the driver to hurry.

As he let himself into his trim two-story house, he heard Ruthie's voice from her upstairs bedroom. She was singing a popular song.

Herbert sighed with relief. Evidently his wife hadn't seen the newspaper. So much the better. He would surprise her. Tell her of his double escape. They would celebrate that night. Break the rules for once and tie on a real one.

Herbert tiptoed upstairs and peeked into the bedroom.

Ruhtie was standing in front of her long dressing mirror. She was smoothing down a black silk dress. Her gloves, shoes and hat were also black. So was her long filmy veil. She was still singing.

Herbert had never seen his wife look so radiant.

THE EASTER BIRD By Walt Scott

Bob Considine Says:

U.N. Plays Izaak Walton; Teaches Compleat Angling

NEW YORK (INS) — U. N. has gone into the fishing business. Its FAO (Ford and Agriculture Organization) has made the discovery that only one per cent of the earth's food comes from fishing.

Most people fish incorrectly U.N. says. It deplores "the low efficiency of the world's fishermen who use only wind and muscle to drive their boats and haul their nets and lines." Winds, FAO adds darkly, "are weak and inconstant."

U.N. sent a master fisherman, a fisheries biologist, and a marine engineer to Ceylon in 1951. Incredibly, with the exception of one steam-trawler, there was not one motor-powered fishing boat on the island, though its main occupation is fishing.

U.N. put small diesels in three fishermen's boats, and gave them instructions on how to maintain them. At the end of six months it offered to remove the engines and restore the boats to their primitive stage, but the fishermen begged permission to buy the engines. They had done better than any fishermen in the memory of the grayest gray-beard.

There is now a great demand for such engines, and people are eating better because more fish are being caught.

The same thing was tried in Saud Arabia, India, Liberia, Turkey, Israel and Iraq. The Red Sea was considered "fished out" for centuries. Now it is yielding commercially profitable tonnages of fish.

Actually, there had never been a motor-powered fishing vessel operated by a Saudi Arabian before the U.N., an international version of Ike Walton, strolled along.

Now a fishing company is being sponsored with a capital of more than a million pounds sterling, and ice plants are being built to preserve a finny harvest which had awaited only an engine capable of propelling fishermen to it.

I did a piece recently suggesting that we were being too rough on Carlos Prio Socarras, President of Cuba and a good friend of the U.S. until forced to flee after Batista overthrew the government.

Somebody else thinks so, too:

"I read your article in the Miami Herald regarding the exiled president of Cuba. It was the first I have read that gives the real facts and in a concise manner. It was a great mistake to bring charges against him the way it was done.

"I have been in touch with the reaction it had on the Latin American countries, and it has made a hero out of Prio and put us in a very bad light. Prio worked very well with me when I was U. S. ambassador to Cuba. He was always very friendly to the U.S.A.

"Yours Truly,

"Robert Butler."

Father Who's Ashamed of His Occupation Earns Youngster's Scorn

Americans Must Fight for Dignity

And Forget Feudal Ideas Concerning 'Inferior' Work

By MURIEL LAWRENCE

Last Saturday after some extensive shopping, I took a taxi home.

As I got in, the driver said, "You're my last fare today."

"You sound pleased," I said.

Over his shoulder, the driver said without passion:

"Sure I'm pleased. I hate this job. What's a hackie? A nothing. That's what I am. A Nothing."

"Have you children?" I asked.

"Yeah, I got kids," he said. "They got a Nothing for an old man. Already my oldest kid is ashamed I'm a hackie. . . ."

He infected me. I suddenly felt ashamed of him, too.

I got over it. But on Monday morning I got infected again. For the mail brought me an article on the general problem of parents who are ashamed of their work.

After presenting the effects of this shame on children, the psychiatrist author asked: "What can be done to stabilize emotionally the child whose father has an occupation which makes him feel socially inferior and jealous of children whose fathers have positions of social prestige?"

Said I to myself: Be patient. It takes time to make an American. It takes time to overcome the old, alien superstitions about royalty, nobility, peasantry and gentry. It takes time to learn to live by the principle that accords all men equal human dignity.

But thinking of the children infected by these superstitions, I find it hard to be patient. Because once in America, such thinking was treasonous. Human self-respect was our supreme Cause. If you lived here, you inhaled its demands upon your faith and your strength in the very air you breathed.

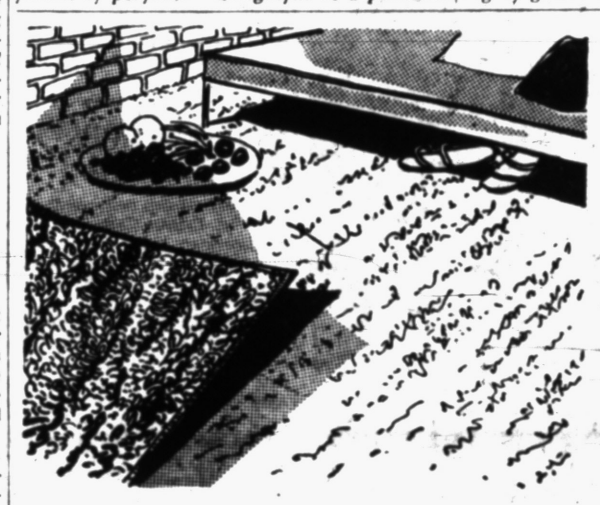
Imagine someone walking into the shop of ink-stained Benjamin Franklin and telling him that his printer's trade was "socially inferior!" Why, the gusts of Ben's jovial laughter would have blown him right out the door!

My cab driver's child doesn't despise him because he hacks for a living, but because he despises himself. If he didn't, and she brought home any feudal nonsense about his "inferior" work, he'd explode.

He'd say, "Don't give me that. You're not a baby to swallow whatever's given to you without judging whether it's good to eat. The way I earn my living is to be respected because I am to be respected."

Of course you have to be a conscious fighter for human dignity to talk like that. You have to be able to spot its enemies in yourself and others as fast as the farmers, clerks and tradesmen of 1776 learned to spot British redcoats advancing through the trees.

The "Joli Bouquet" brings a nosegay of fresh spring flowers to wear and enjoy for many months to come! A specially packaged "corsage box" contains a purse-size flacon of perfume—delightful as a personal introduction or for small gifts. The little bottle has been attached to its own cardboard nosegay doily, and the box itself is true to a florist's "original" right down to the lining of green waxed paper.



Tufted Cotton Carpeting Possesses New Virtues

By ELIZABETH HILLYER

A trip to floor covering departments right now will give you an entirely new idea of cotton carpet.

The big mills make tufted carpet today, and they're bringing out new talents in the tufting machine. It isn't the colors and patterns alone which have changed, but construction has changed, to make cotton carpet and rugs look new and behave differently.

One trend-making cotton simply will not crush—every loop stays in place under traffic. Backing is firm and substantial and hugs the floor so a rug won't wrinkle or slide or turn up at the corners.

How different this is from earlier shags, which needed fluffing constantly, or pile, that showed every footprint, and the constant sliding and humping of almost every cotton rug.

This particularly good looking carpet, called Loktuft Palm Beach, introduces a new multi-level texture to cotton carpet.

Round loops of tufting at several heights have the effect of fashionable woven carpet, and the cotton has character and fresh color of its own.

Mrs. A. M. W. "With Oriental rugs and two choice chintz patterned lamps, must all else—walls, curtains and upholstery—be plain?"

There are patterns which can be used with the types of pattern that are in Oriental rugs and typical chintz, but they must be restrained and in close harmony with the others—and very carefully chosen.

Of course, only one, not three patterns should be added. Remember, however, that the shapes of accessories make a pattern in a room and can be used to break up too much plainness.

The sure way to success with this room is to use interesting accessories skillfully, rather than to catch the eye with additional pattern in the other items.

Mrs. J. G. "I'm thinking of buying bamboo blinds and a fiber rug for my living room this summer. What color should they be with slipcovers in a modern black and white print? Should I use draperies or curtains with the blinds?"

Bamboo blinds came only in natural colors, but wood slat and matchstick blinds come in many colors. If you do not use the natural bamboo, wood slat or matchstick blinds might be a shade of green, yellow or coral, but much depends on the wall color, which you do not describe.

Draperies can be used, but are not necessary. Fiber rubs in gray, black and white tweed pattern are particularly smart and would look good with the slipcovers.

Devices Get Out of Kilter if Not Used

By HUBBARD COBB

There are a good many items kicking around the average house that are seldom if ever used. They are there "just in case."

What often happens is that they get out of order just sitting around and when the need for them finally comes up, they aren't too much use. A perfect example of this is the flashlight with bum batteries.

Another good example is the fire extinguisher that was never filled after junior played with it, or has sat by itself so long that the ingredients inside are not active enough to deal with a match flame. Each fire extinguisher has a plate on it stating how often it should be rechecked and refilled.

You wouldn't think much could happen to a basement floor drain that just sat there, but in time it will become clogged with dirt and will fail to drain.

Sump pumps that don't get much action will become stiff and will fail to get going when the water level in the sump starts to raise.

Safety valves on boilers should be operated manually each month or so to prevent them becoming stuck fast either by corrosion or from solids in the water.

You might also check hot water relief valves on hot water storage tanks. If the valve looks rusty, better have it replaced.

It's a good idea to check the action of the shut-off valves in the plumbing supply system so if a leak ever does occur, you won't find the valve so hard to turn that you'll need a 6-foot-long wrench to help you out.

Try It

Make Peanut Monkeys

Here is an idea which can be used at any time of the year. When we talk about many party decorations, they can just be used for one certain time; but this suggestion sent in by Rosemary Janikowski of Milwaukee can be used for any party.

An original Try It drawing goes to Rosemary; have you tried for one yet?

These little monkeys are made from large-sized peanuts and pipe cleaners. These things are most inexpensive, so you can use them for tray decorations to cheer up the people in your local hospital, or hang them on a candle for fun, or put them on top of presents.

Choose the peanuts which you think are the best shaped, then cut pipe cleaners for arms, tails and legs. The legs should be a little longer.

These can be put on the peanut in either of two ways, or use a combination of the two. Glue the cleaners on and let them remain until they are set, then bend them into shape. This bending is important, for this is what makes the monkeys look so realistic. The other way is to make a small hole in the peanut shell with a needle, then insert the pipe cleaner.

Make features with black ink, and put the monkeys where they will be enjoyed.

Cookbook Needs Specific Theme

By ANNE HEYWOOD

Many of my readers seem to have the idea that any woman who can cook can write a cookbook.

It never seems to occur to them that it takes writing practice and skill, and that a cookbook has to have a specific theme, like anything else written.

In the past week six women have written me, asking for advice on how to sell cookbooks on which they are working.

First of all, your cookbook has to fill a specific need. Most amateurs simply compile a bunch of their favorite recipes and consider that constitutes a cookbook.

If you will browse through your library and study the cookbooks there, you'll see soon enough that each one has a special theme.

There are books on casserole cookery, cooking with new appliances, recipes that are inexpensive, recipes that are quick to make, recipes planned for just two people, recipes planned for huge, almost wholesale cokery.

Then there are the books built around one kind of food—chicken cookbooks, egg recipes, potato dishes, meat cookery, seafood, desserts, etc.

If you wish your cookbook to find a market, it has to have a special theme, a special reason for being.

Perhaps you come from a European background and can translate your grandmother's Hungarian recipes, say, into terms that a modern American homemaker can understand.

Or possibly you have specialized in one-dish dinners, and can compile a lot of good recipes for the busy woman who has a job in business and is also her own cook.

Or maybe you've specialized in low-calorie dishes, suitable for dieters. Whatever it is, your cookbook must specialize, and not be just the routine run of recipes.

Secondly, your cookbook must be written very, very clearly. You may know what your directions mean, but could the rank beginner understand them?

Study the recipes in published books, notice the clear and lucid style, and then work on yours until the inexperienced cook will know just exactly what you mean.

A good cookbook which fills a real need and is clear and easy to follow can always find a market.

But be very sure yours is just that, or you'll get a heartbreaking collection of rejection slips and waste a lot of money on postage!

Manners

MAKE FRIENDS

If you invite guests who are going to a dinner or dance to your house for cocktails, it is up to you,

as the host or hostess, to keep an eye on the time. Be sure your "before-party" party won't make the crowd late to the main event.

This is one time when it is permissible for the hostess to suggest to her guests that it's time to be going.

Pineapple Drop Cookie Is Popular

Two Recipes Are Repeated; One Uses Nutmeats Also

By JANET ODELL
Pontiac Press Food Editor

Nearly every week someone calls us on the phone to ask for the Pineapple Cookie recipe.

We have published two such recipes within the past year and are repeating both of them today for the benefit of all who have mislaid their original copies.

The first recipe, published last summer, came from a visitor from Pennsylvania, Mrs. Dan Earnest.

PINEAPPLE DROP COOKIES
By Mrs. Dan Earnest

1 cup brown sugar
1 cup white sugar
1 cup crushed pineapple, drained
1 cup chopped nuts
4 cups sifted flour
1 cup shortening
2 eggs
2 teaspoons baking powder
½ teaspoon soda
1 teaspoon vanilla
½ teaspoon salt

Mix all together and drop by teaspoonfuls on a greased baking sheet. Bake 8 to 10 minutes in a moderate oven. Makes about 90 cookies.

* * *

In November we published a second Pineapple Cookie recipe, this time from a Pontiac woman, Mrs. George Mize. Perhaps this one is your favorite.

PINEAPPLE COOKIES
By Mrs. George Mize

1 cup shortening
1 teaspoon salt
1 teaspoon lemon juice
1½ cups sugar
1 teaspoon soda
2 eggs
9-ounce can crushed pineapple, undrained
3½ cups flour

Blend salt and lemon juice with shortening, then cream with sugar until fluffy. Beat in eggs, one at a time. Add pineapple and sifted flour with soda.

Drop by spoonfuls on greased cookie sheet. Sprinkle with sugar. Bake at 400 degrees for 12 minutes.

Shave Underarms

Whether you wear sleeveless dresses or not, you should keep your underarms free of hair to avoid the retention of perspiration.

Girl Objects to Meeting in the Lobby

Thinks Date Should Come to Flat Even if She's Alone

By EMILY POST

Today's first letter is from a young woman who asks me to settle the following problem: "Quite often when I have a date with one of my boy friends, my parents happen to be away from home. My mother insists that when this is the situation I should meet my date downstairs in the public lobby and not have him come up to our apartment.

"I am sure it would seem very strange to the boy I am dating to find me waiting downstairs for him, and furthermore give him the impression that I am overanxious or else that my parents do not trust him.

Answer: Taking it for granted that he is a good friend in whom you have unquestionable trust, I agree with you that not receiving him in your parents' home would seem very strange to him.

Dear Mrs. Post: When giving a party in someone's honor, is it necessary to ask the guest of honor for a list of guests that she would like invited to the party, or is the guest list left entirely up to the hostess' discretion? (2) When a list is asked for, is the hostess obliged to invite everyone on the list?

Answer: It is neither necessary, nor expected, that the guest of honor be consulted as to the guest list that is selected by the hostess. (2) She does if she can.

Dear Mrs. Post: I would like to know if it would be permissible to wear a single-strand pearl choker with an all-black dress at the wake for an immediate member of one's family.

Answer: Not unless the pearls are so small as to be scarcely noticable. If they are at all conspicuous, they would be shockingly out of place.

Boy Regrets Vowing Not to Date Girl

Advised to Stick to His Bargain With Neighbor Lass

By ELIZABETH WOODWARD

"Dear Miss Woodward: I had to wait three years to have a date with the girl across the street. I'd liked her so long and waited for so long that I enjoyed it enormously.

"Since then we've been going out quite regularly, but not steady because her parents said she is still too young to be taken out of circulation. So she has had a few dates with other fellows, and I with other girls.

"I recently had a date with a girl named Peggy and when I mentioned it to my girl, she blew up. 'Any other girl—but please not Peggy!'"

"It turns out that my girl used to go with a boy who took a liking to Peggy and "made a fool" out of my girl. So she's afraid the same thing will happen with me and she told me I'd have to choose —either Peggy or herself for my girl friend.

'After thinking it over, I chose her and gave her back my pin, which she'd returned to me, but now I'm beginning to feel that I did the wrong thing.

"You see, I'd like to go out with Peggy again. Now, how can I do that and still be able to go out with the girl across the street now and then? I like both girls, so what am I going to do?"

You've liked the girl across the street for years and years. Having her that close, being able to see her often, having one date after another with her has been a happy arrangement. You know her well, you know her family, and they know yours. It sounds like a very good thing.

With Peggy, you've had exactly one date—one date that bothered to pieces the girl you've come to call your own. For reasons that she considers quite plausible, she has put the finger on Peggy.

She resents the girl, she's jealous of her, she's afraid of her. She doesn't want Peggy prowling around in the background of any boy she dates. And she so much as told you so.

Of course she has no real right to tell you whom you can and can't date. But for the sake of your long-standing friendship, you might respect her feelings.

Peggy doesn't mean enough to you to make you hurt the girl across the street. You don't know her well enough to bet everything on her. You don't even know whether she liked you enough on that first date to have any more dates with you!

Perhaps you are bristling because you're being forced to make what you consider an unreasonable decision.

Perhaps you are intrigued by a one-shot with another attractive girl. Perhaps you are wondering whether she could work the magic she's famous for on you.

But you owe Peggy nothing. She can wait. Later on you can get something started in her direction if later on she still intrigues you.

Right now, you've made your choice—so stick to it.

One of the safest ways to store woolen scarves, gloves and sweaters is to put them in jars with moth repellent and seal the jars tight.

McCARTHY IS RIGHT?

Yes . . . McCarthy is right . . . we didn't think he knew what he was talking about either . . . but here it is almost April Fools Day and that proves he's right.

Yes . . . we thought our new building would be ready on March 15th . . . in fact we came right out and publicly stated it would be ready by that date or else . . . but our builder Jake McCarthy said "This building couldn't be ready by March 15th even if the Army and the Navy were here to help."

So here we are . . . and even Congress can't help it. . . loads of new merchandise in . . . no place to display it . . . carloads more coming . . . drastic action is necessary . . . no more pussyfooting.

Civic Betterment Outlined in Talk at Zonta Meeting

Public improvement was the topic of a talk given by John Hirlinger of the Chamber of Commerce for the Thursday luncheon meeting of Zonta Club held in Hotel Waldron.

Mr. Hirlinger said he is in favor of continuing the present tax rate for public improvements. He emphasized the need for the hospital bond issue.

He said that these projects would make no change in the present tax rate. The money would be used to build better facilities rather than to retire old debts, for Pontiac is now debt free.

Citing some specific reasons why improvements are needed, the speaker pointed out that in the event of disaster, our present hospital could not handle the situation.

The loss of life at railroad crossings is a greater expense to the community than safety measures would be, he said.

Among the cultural values of the proposed program, Mr. Hirlinger mentioned a civic auditorium and a new library. He was introduced by Mrs. Ada Evans.

Beige Unbecoming? You Needn't Shun It

Beige is a top fashion color this season. If you are one of the many women who cannot wear the shade well, don't think you have to shun it.

You might buy a beige dress that has a more becoming shade at the neckline. Or you might have the shade in shoes, handbag and gloves.

An Occasional Splurge Aids Female Morale

Occasional self-indulgence is a help to character building. The woman who habitually deprives herself of all but essentials is bound to wind up with a pretty low morale eventually.

So, she'd be doing herself and her family a favor if occasionally she'd splurge on an investment in her own satisfaction.

Beauty salons thrive on this fact. It's wonderful for the morale of a woman to spend a few hours being thoroughly pampered.

The older woman especially should see to it that she takes her share of proper self-indulgence.

Right now would be a good time to act. Whatever form your action takes, it's likely to be just the spark you need to meet the challenge of spring.

Of course, we're not recommending that anyone put a big dent in her household budget for necessities in order to treat herself to a fashion or beauty luxury.

But when it comes to deciding on whether to buy something extra for the house or a member of the family, once in a while the thing to do is to buy the extra for yourself.

Should you agree that you could use a little extravagance, don't act rashly. Think of all your long-held wishes. Take time to select the one that will please you most.

Hal Boyle Says:

Moral: Small Minds Fail to Understand Big Heart

NEW YORK (AP)—Once upon a time a tadpole named Elwin lived in a small pond away out in the sticks.

Elwin was different from the other little tadpoles. All they wanted to do was to grow up and be big bullfrogs and just sit on a lily pad and sing "jug-o-rum jug-o-rum" all night long. But not Elwin. He wanted to make his mark in the world.

One day a strong wind blew a tattered old circus poster into the pond. The other tadpoles swam up and laughed at the picture of the elephants on the poster. But not Elwin.

* * *

"That is the life for me," he decided. "I want to go places and see things. I'm going to be an elephant."

* * *

"I don't care what you become, Elwin," said his mother, comfortingly. "Just so you are good, and don't do anything to hurt your health."

But Oswald J. Frog was outraged. He was extremely pompous about his family tree, as his ancestor had been smuggled over on the Mayflower by a young Puritan lad.

* * *

"You are making us the laughing stock of the entire pond," he told his son coldly. "There hasn't been a scandal like this in the family since your great, great, grandfather—on your mother's side, naturally—ran away with a toad. I forbid you to be an elephant. Get that nonsense out of your head."

* * *

But Elwin was determined to be an elephant. When he began to change from a tadpole into a young frog, he kept pulling on his nose to make it longer and learned to blow water through it. He figured that to become an elephant he would have to eat like a horse, so he ate all he could.

Little Elwin ate and he ate, and he grew and he grew, until finally, at last, he woke up one morning and found he was—an elephant.

At first Elwin was happy. His mother was proud of him, too. But his father told him, angrily, "You're nothing but a freak."

The other frogs, his former playmates, cut him dead. "With all your big ideas, Elwin, don't you find this pond a little small?" one of them told him.

* * *

Elwin brooded, then one night he packed, hopped silently in and kissed his sleeping mother goodby, and ran away to join a circus.

* * *

He thought the other elephants would welcome him. But they snubbed him.

"If I can't join your troupe," said Elwin stubbornly, "I'll become a star in my own right."

When Elwin had become the wealthiest elephant in history, he received a telegram saying:

"Your old friends and neighbors join me in asking you, our pond's most illustrious son, to return and be the main speaker at a banquet to kick off our annual community charity drive for aged amphibians. Sorry we can't offer to pay your expenses. (signed) Mayor Frog."

* * *

Everybody in the pond was on hand to welcome Elwin. His wrinkled old father reached up and patted him on the back of his leg and said fondly, "That's my boy. Son, I'm proud of you."

* * *

Cheers rose on every hand when Elwin got up to speak that night at the banquet.

"It is indeed a pleasure—" Elwin began, then went "Harrumph, har-r-rumph."

"Got a cold?" asked the mayor.

"Oh, no," Elwin laughed, and then told the audience. "Excuse me. . . . Just a frog in my throat."

Panic spread through the crowd. Lady frogs gathered their children about them and hopped away. The big bullfrogs began hurling mud at Elwin, as they hopped away backward.

* * *

"Look, it's all a mistake," said Elwin. No answer. He looked around wistfully and croaked, "jug-o-rum, jug-o-rum." But there was no reply. The pond was empty.

Heart-broken, Elwin returned to the circus, made a farewell triumphal tour, then retired and bought an apartment on Park avenue. He spent the rest of his life in it alone as a hermit elephant, reading his press clippings.

Moral: In this world a big heart is rarely understood by small minds.

Vaccine Testers to Get Briefing

Polio Chairmen to Meet Tuesday

Volunteers Set to Learn Necessary Techniques for Staffing Clinics

School district chairmen for April's polio vaccine test will meet Tuesday for a briefing on the way clinics will be set up in Oakland County's schools.

Mrs. James Lillie of Farmington general chairman of school volunteers, will direct Tuesday's session at polio test headquarters in the Oakland County Nurses Home, at 1025 N. Telegraph Rd.

Parents of 33,000 children in the first, second and third grades of the county's schools will be asked to let their youngsters take part in the test. Half the children in each test group will be given the new vaccine developed by Dr. Jonas E. Salk. The others will receive an inactive liquid.

Follow-ups to find out how many youngsters in each group get polio will serve to show how well the vaccine works.

At Tuesday's training session volunteer chairmen will learn how to staff vaccination clinics with record keepers, clerks and room-mothers who will work with doctors and nurses giving the shots.

Anyone who can work a few hours a week at a clinic is urged to contact his school district chairman or the polio test office at FE 4-0260.

Working with Mrs. Lillie as co-chairmen are Mrs. Albert Marcora, of Pontiac, North Oakland; Mrs. Zigmund Niparko, of Hazel Park, South Oakland; and Mrs. Joseph DeVriendt, of Farmington, Southwest Oakland.

School district volunteer chairmen include Mrs. Walter Newby, of Auburn Heights; Mrs. Robert Williams of Proper; Mrs. Phillip McCullough, of Dublin; Mrs. Henry W. McNalley, of Rochester; and Mrs. Harold Pickford, of Oxford.

The Huron Valley school chairman is Mrs. Donald Murdock, of Milford; Clarkston, Mrs. Everett Dennis; West Bloomfield, Mrs. Charles Leaf; Waterford, Mrs. Earl Floyd; Lake Orion, Mrs. Robert Sheardy; Brandon Townhsip, Mrs. Allen Solley and Holly, Mrs. Charles Coggins.

BUILT IN 1867 — A new fire hall to replace Pontiac's "Number One" station will be built if Pontiac votes to raise the city tax limit from 10 to 12½ mills next Monday. The present structure at East Pike and Perry Sts. is tied together with steel bars to keep the walls from falling down. If voters approve, the city plans to use a mill and a half for general improvements, such as the fire hall and a half-mill for the proposed hospital addition. City officials say the other half mill won't be used at all—just put on the books to meet requirements for issuing bonds to build the hospital addition.

Henry J. Kaiser's Granddaughter Wed

HONOLULU (AP) — Industrialist Henry J. Kaiser's granddaughter and Raymond David Wehle, of Rochester, N. Y., were honeymooning at Hana, Maui Island, today following their marriage here Saturday.

Sue Carlyn Kaiser, 20, and her groom, exchanged vows in an orchid-wreathed Catholic church in a ceremony attended by 21 friends and relatives.

The wedding party had flown here because the bride "fell in love with Hawaii the last time I was here." The Rev. Maurice Holemans, of the Holy Trinity Catholic Church read the single-ring ceremony.

The couple will spend four days on nearby Maui and two more here before Wehle, reports April 5 to Navy Officers Candidate School at Newport, R. I.

The bride, daughter of Edgar Kaiser, wore a long, full-skirted dress of white net and lace with long sleeves and veiled tulle cap.

2 Hurt as Accident Cuts Driving Lesson

A driving lesson was cut short yesterday by a tree along Drahner road in Oxford Township, and the driver and her instructor were injured.

Miss Doris Suzanne Stammann, 20, of 986 Moloney, Oxford, was admitted to Pontiac General Hospital with a sprained wrist, multiple face cuts, shoulder injury and multiple bruises. Her condition is good.

Charles A. Stillwell, 26, of 826 Olive Rd., Oxford, was treated at the hospital for multiple face cuts and a severe nose laceration.

Miss Stammann, driving Stillwell's car lost control of the auto just west of Coates road, according to Oakland County sheriff's deputies.

Dropping Gold Standard Blamed for Popularity of Ism's

NEW HAVEN, Conn. (UP) — A Yale University economist today blamed the abandonment of the gold standard for the "wide-spread acceptance of communism, fascism and socialism through the world."

O. Glenn Saxon, professor of economics, urged the return to a gold standard to repudiate "the system of politically-managed paper money" and to put "the brakes on all inflationary forces."

Abandonment of the gold standard, Saxon declared, enabled nations to repudiate their monies for political purposes, thus destroying the value of all public and private debts, as well as investments and savings.

Saxon said this "constant repudiation" of the value of money throughout the world "confirms the accuracy of Karl Marx's thesis that the surest way to destroy a free capitalistic society is to debauch its currency."

Economic and social chaos "became inevitable" when world governments began issuing paper dollars in place of gold dollars, he said.

After World War II, Saxon noted, about 75 per cent of people in the world "suffered losses of a minimum of 90 per cent of the purchasing power of their monies, debts and fixed investments" because their governments had dropped the gold standard during the depression of the 1930s.

Prices in this country today are double those of pre-World War II because the "purchasing power of our paper dollars and of all our fixed investments and savings have been cut in half since 1939," he declared.

Act to Cut Hospital Waste

DETROIT (AP) — The Ways and Means Committee of Wayne County's board of supervisors expects to act at Wednesday's meeting on charges of waste and mismanagement of Wayne County General Hospital.

The board subcommittee received the report Saturday from the Citizens Research Council of Michigan. Copies of the study have been received by county supervisors and a state senate committee looking into the high cost of patient care at the hospital.

The 18-month survey recommended 116 changes in administration and treatment of patients, including:

1 — Increasing the hospital's board membership to nine from the present five, all to be appointed by the board of county auditors.

2—Cut board members pay from $3,000 to $120 a year on a scale similar to the supervisors.

3 — Abolishing the board's $9,000 secretary's job.

4 — Increasing the superintendent's responsibility and reducing the board's status to policy-making.

5—Increasing the hospital's staff of doctors and nurses and decreasing the number of unskilled jobs.

Claims New Smokes Save Lungs

QUINCY, Mass (UP) — Next there may be "ventilated" cigarettes, if someone applies the invention of F. Forrest Pease.

An authority on air purification, Pease disclosed today he has developed a method of preventing virtually all tars and other impurities from settling out of the smoke onto the walls of a cigarette smoker's lungs.

No filters are used and the flavor of the tobacco is not altered.

The method is quite simple, Pease said. It involves perforating the paper of a cigarette near the end held in the smoker's mouth with hundreds of tiny holes to cool the smoke before it gets to the lungs. The paper is riddled with holes, invisile to the naked eye, by passing is through a 10,000-volt spark.

The theory behind ventilating the cigarette also is quite simple, according to Pease, who said he has been watching with great interest assertions that cigarette smoking may be a contributing factor in lung cancer. Researchers have reported that a substance which settles out of the smoke in the smokers lungs may start cancer, although as yet they have not been able to isolate the substance or prove that such is the case.

"I decided to do something to the smoke so it wouldn't leave any of these possibly harmful substances behind," said Pease, a pipe smoker.

"What causes the tar and other materials to settle out is that they are drawn suspended in the smoke into the lungs at a temperature of 98.6 degrees. The smoke is moist and saturated with these substances. When it is cooled to body temperature, they condense out.

"By ventilating the cigarette, the smoke is cooled before it is drawn into the lungs. There is no temperature change—and nothing condenses out of the smoke."

Pease, a ruddy-faced 39, designed one of the first gas "scrubbers" ever installed by a manufacturing company to stop air pollution. That was 30 years ago and only now are they coming into widespread use.

"I don't imagine anything will happen right away with this cigarette ventilating, either," he said. "It works and it's a good idea."

Pease, who has inventions ranging from a one-man davit to lower a lifeboat to a machine to sew on doll's hair, said he was "too busy" with some work he is doing for the Air Force to bother promoting the ventilated cigarette.

"But, it's for sale if anyone wants it," he said.

Much Human Suffering Is to Build and Not to Scold

REV. G. J. BERSCHE

The following is a condensed form of the sermon preached in the Christian and Missionary Alliance Church Sunday by the Rev. G. J. Bersche, pastor since 1948. His subject was "Why Do the Godly Suffer?" The church was officially organized in 1931.

The suffering of godly people both past and present poses a problem. No one raises a question about the suffering of ungodly people—it is accepted as a kind of punishment that they deserve.

But why, why do godly people suffer?

First of all because sickness and suffering belongs to the human family. Satan, the author of sin, sickness, and suffering, led Adam, the head of the human family, into disobedience and sin.

Therefore the consequences of sin passed upon all men, in that "all have sinned and came short of the glory of God." The universality of death, which is the climax of sickness and suffering, is the proof of this.

Sickness and suffering come to all, whether they are godly or ungodly, because they are members of a sick and suffering race.

In the second place suffering is used as a means of spiritual correction and instruction for the godly. A wise father disciplines his son, not only because he has done wrong, but also to keep him from wrong. Children (and adults) understand the language of punishment.

Your Heavenly Father may chastise you, (Hebrews 12:5-11), but it will be in love, not in anger, and will have for its main object to correct, to teach, to help, and to restrain you from evil courses—not to take vengeance on you.

Sometime your Heavenly Father may permit you to suffer as a means of spiritual growth. Patience, bravery, faith, resignation, hope, obedience and many other graces that adorn the human spirit are called into play and strengthened by suffering.

"Now no chastening for the present seemeth to be joyous, but grevious; nevertheless afterward it yieldeth the peaceable fruit of righteousness unto them which are exercised thereby." (Hebrews 12:11.)

The true end of all suffering is that we might be corrected and instructed, that we might become mature spiritually, and that we might take time to see God and ourselves.

Job said after he had suffered a long time: "I have heard of thee by the hearing of the ear: but now mine eye seeth thee. Wherefore I abhor myself, and repent in dust and ashes." (Job 42:5, 6.)

When you are an honest-to-goodness Christian walking in humble obedience to all the known will of God, nothing absolutely nothing can touch or come into your life without the permission of your Heavenly Father.

I base this truth on the experience of Job, (Romans 8:28) "And we know that all things work together for good to them that love God, to them who are the called according to His purpose."

Another wonderful truth for the Bible Christian is that God has promised deliverance for His sick and suffering people, as evidenced by the following Scriptures: "For I am the Lord that healeth thee." (Exodus 15:26.)

These Scriptures mean that, though we belong to a suffering race, there is deliverance. God healed Job. Christ healed ALL who came to Him—there is no record that He refused anyone, and Hebrews 13:8 declares "Jesus Christ the same yesterday, and today, and for ever."

Jesus Christ is not only able, but willing, to heal the sick and suffering in answer to "the prayer of faith."

Wings Regain Favorite's Role in Playoffs

Santee Misses Mile Record in Chicago Relays

Blames Slow Second Quarter for Failure to Break Mark

CHICAGO (INS) — A slow 2nd quarter was blamed today by Wes Santee for his failure to set a mile record when he won the Bankers' Mile at the Chicago Relays.

Santee won Saturday night's feature event in 4:11.8—a good distance away from the projected "dream" 4-minute mile of which the University of Kansas ace is thought capable.

Santee beat Lawton Lamb, former Illinois star, and his closest rival in the race, by a good 10 feet.

Lamb set the pace in the 1st quarter which was run off in a sparkling 59 seconds. But when Santee took over the lead at the start of the 2nd quarter the pace dropped to a dismal 67 seconds.

Santee said after the race that he "had not realized" he had run so slowly but he quipped:

"I won the race, didn't I? I felt fine. I guess it wasn't my night for any records."

Later, in a television interview, Santee said that he wore sneakers rather than the usual spiked shoes on the 11-lap board track and that might have slowed him down.

Mal Whitfield, Olympic star, was a double winner, capturing the 1,000-yard and 600-yard events. Whitfield's 2:10.5 time for the 1,000 yards set a new meet record for that distance. Old mark was a 10th of a second poorer.

FBI man Fred Wilt staged a driving finish to win the 2-mile race by a yard over Horace Ashenfelter of the New York A. C. Wilt's time was 9:01.4.

Detroit Keglers Make ABC Bid

Defending Champions Seek to Bring Team Title Back

SEATTLE, Wash. (UP) — The defending champion Pfeiffer team of Detroit goes into action tonight in a bid to take the 51st annual American Bowling Congress team title back to Detroit.

Pfeiffers topped ABC tournament play in both 1952 and 1953. Their bowlers have marked up more than 3,000 points in each of the past three ABC tournaments.

Current top score in open division play here is 2,984, set by the Wisconsin Bridge and Iron Co. of Milwaukee on March 20.

Another Detroit team, E and B beer, bowled its way into 2nd place Sunday with 2,950 points. Individual Oregon bowlers jumped into 3rd and 4th places in all-events scoring, 2nd and 5th places in singles, and 4th and 5th places in doubles. None of the 1st-place leaders in any classification was topped yesterday.

Pontiac Cagers Help St. Hugo 5's Win Titles

Pontiac cagers played important parts as teams from St. Hugo of the Hills, Bloomfield, swept the CYO basketball championships yesterday.

Boys' team defeated Precious Blood of Detroit, 31-29, for their 17th consecutive victory and the West Side Division title. Robert Eldred, Richard Kast, Jerry Amman and Frank Syron Jr. of Pontiac are members of the squad.

Maurine Drake of Pontiac scored 13 points as St. Hugo's girls defeated St. Jude of Detroit, 18-17, for the Detroit parochial championship.

TURN-TO RESTS—Turn-To, Harry Guggenheim's big nominee for the Kentucky Derby, was still in a playful mood at Keeneland as trainer Eddie Haywood visited the colt in his stall. Groom James Page examines wrappings on the left foreleg on which the colt drew up lame last week. Guggenheim said Turn-To would be out of the Derby. He had been the winter book favorite.

Title Bout Tops Card

By MURRAY ROSE

NEW YORK (AP)—Welterweight champion Kid Gavilan and middleweight ruler Carl (Bobo) Olson meet Friday for Olson's crown in an outstanding bout that tops one of the greatest weekly boxing programs in years.

* * *

Leading contenders are a dime a dozen on the Interntional card. In addition to Olson and Gavilan, here are some of the other luminaries of the game who will throw leather this week:

Featherweight champion Sandy Saddler, heavyweight contenders Dan Bucceroni, Roland LaStarza, Don Cockell and Tommy (Hurricane) Jackson; Randy Turpin, Del Flanagan, Yolande Pompey, Floyd Patterson, Percy Bassett, Georgie Araujo, Art Persley and Armand Savoie, among others.

* * *

Olson and Gavilan collide in the Chicago Stadium, which is scaled to handle 19,400 customers and $360,000. The 15-round title bout will be broadcast (ABC) and telecast (NBC) coast to coast.

The balding, 26-year-old Olson, winner of 12 straight over two years, will be risking his crown for the first time since he won it by trouncing England's Randy Turpin in October. The busy-punching Bobo is a 9-5 choice to whip the 26-year-old Cuban Flash.

* * *

Bucceroni, third-ranking heavyweight challenger, is risking a possible September title fight in taking on Jackson, a nonstop puncher with a concrete chin, at Brooklyn's Eastern Parkway Arena tonight.

LaStarza, No. 4 heavyweight contender from New York, and Cockell, the No. 5 challenger from England, collide in a 10-rounder in London tomorrow night.

* * *

Wednesday night's TV fight matches lightweight contenders Persley, Red Cross, La., and Savoie, Montreal, in a ten at the St.Louis arena.

The Saturday night TV headliner, sends Bassett, No. 1 featherweight contender, against Chico (The Kid) Andrade, undefeated Los Angeles lightweight, in Washington.

Saddler, warming up for a possible title defense in the next few months, meets Augie Salazar of San Francisco at Boston Thursday night in a nontitle ten.

Agent Says Short Punches Will Keep Title for 'Bobo'

CHICAGO (AP) — Bobo Olson, the middleweight champion, was being appraised by a group of ringsiders who watched him shuffle through a four-round workout with sparring mates.

Not much was being said. Bobo was intent on a routine which consisted mainly of cuffing the friendly opponent-of-the-moment until he was forced to open up to defend himself.

Then Bobo would press in, pumping short hooks and uppercuts. He wasn't swinging hard, just making sure he had the routine pat: pressure and then more pressure.

It's nothing new with Bobo. He invariably fights that way, seems confident it will pay off again at Chicago Stadium Friday when he defends his title against welter champ Kid Gavilan.

The session, though possibly profitable to Bobo, was boring to everyone else—save, perhaps, one Ben Bentley.

Among other chores connected with the outside-the-ring end of the boxing business, Bentley is serving as Olson's press agent.

The dapper Mr. Bentley joined the ringsiders and studied Bobo judiciously. After a few moments, he nudged an onlooker and said with deep meaning:

"This boy is a short puncher. Look at him. Notice how he gets in there close? He gets weight behind those punches.

"Sure, Gavilan is fast. He might even take over the first six, seven rounds dancing around like that. How long is he gonna keep it up? Tell me that.

"He can't keep away from this guy forever. Along about the time Gavilan gets a little tired, then you watch Bobo. Whammo. Like that."

Niles Keglers Take State Tourney Lead

FLINT (AP) — A Niles entry—Wilbur Freshley and Gilbert Brazo—blasted a 1316 actual series good for 1388 handicap Sunday to take over 1st place in both the actual and handicap doubles divisions of the state bowling tournament.

Freshley posted a 659 actual series good for 689 handicap. Brazo used a 14-pin handicap per game, boosting his 657 actual collection to 699.

Freshley also moved into 5th place in actual all-events with 1871. In handicap all-events Lambert Sullivan of Lincoln Park posted 1991 for 4th place.

Also in the handicap events Julius Chelenyak and Ed Steiner of Lincoln Park with 1343 in doubles and William McKanic of Albion with 722 in singles moved into ties for 5th places.

Al Keller Wins Race

SAVANNAH, Ga. (AP) — Al Keller averaged almost 60 m.p.h. in his 1954 Hudson yesterday in winning the 100-mile grand national stock car race. Buck Baker of Charlotte, N.C., was 2nd and Gober Sosebee of Atlanta was 3rd.

Porterhouse Is Still Favorite in Derby

AGUA CALIENTE, Mex. (INS)—Porterhouse continued to rule as the top choice in the Kentucky Derby today in the Caliente future book on the nation's most famous race.

The 4th line of prices issued by the future book listed Porterhouse as the 2-1 favorite, with Correlation, winner of the Florida Derby, a solid 2nd choice at 5-1.

Double Speed and Determine, winner of the Santa Anita Derby, shared the No. 3 spot at 6-1.

Tommy Leedle Meets Stecher in 8-Rounder

DETROIT (AP) — With 24 victories in 28 starts, Tommy Leedle of Detroit meets Pittsburgh's Bob Stecher in the featured 8-round middleweight scrap at Motor City Arena tonight.

Stecher is a veteran puncher who has fought such name middleweights as Ralph (Tiger) Jones an Yvon Durelle, a Canadian boxer who recently went eight rounds wit Olympic champion Floyd Patterson.

Traverse Bowlers Take Second Place in Tourney

TRAVERSE CITY (AP) — A local team was the only one from among 300 bowlers this weekend to crack the standings of the state women's bowling tournament.

Brook Nightclub squad of Traverse City pushed Fulmers of Croswell into 3rd place in the team events but couldn't catch Goebels of Battle Creek which leads the divisions with 2600-333 — 2933.

Brook rolled a 2365 actual to a 561 handicap for a 2926 total.

Rathman Wins Title

OAKLAND, Calif. (AP) — The 250-lap Grand National stock car race was won yesterday by Dick Rathman of Daytona Beach, Fla., in a Hudson. Marvin Panch of Long Beach, Calif., was 2nd. Third was Johnny Soares, Oakland.

Leswick Is Hero in 3-1 Victory Over Maple Leafs

TORONTO (AP) — Restored to the favorite's role, the Detroit Red Wings laid the strategy today which they hope will lead to a second straight win over the Toronto Maple Leafs.

Wings, now leading 2-1 in the semifinal Stanley Cup series, meet the Maple Leafs Tuesday night in the second contest on Leaf ice before the battle shifts back to Detroit.

If the Wings win again here, they will become almost prohibitive favorites to go on to the finals.

That is to say, "prohibitive" as anything can be in the hockey World Series. Until they get out of this one as winners, the league champion Wings have to go on remembering their form reversal of last year when they were knocked off in the semifinals.

* * *

However, Saturday night's 3-1 victory for Detroit looked extraordinarily good, particularly since the Leafs seemed to fold late, after having carried the fight for two periods. Two Red Wing goals in the 3rd period did the business for the visitors.

With Toronto and Detroit still at each others' throats, the Montreal Canadiens were making an apparent runaway of their semifinal series with the Boston Bruins.

Canadiens won again last night at Boston 4-3 on Dickie Moore's goal with 90 seconds to play. It gave Montreal a 3-0 edge in the series.

Wing hero from Saturday night was Tony Leswick. Tony has been a low scorer for the Wings but as a cool operator in the clutch he has few equals.

He proved it by outguessing goalie Harry Lumley on a rebound period. It was the winning goal.

After tomorrow night's battle, the teams will return to Detroit for the fifth game Thursday. If sixth and seventh games are necessary, they will be played April 3 at Toronto and April 4 at Detroit.

Montreal Wins 3rd Straight Over Bruins

Boston Six Bows, 4-3, Reaches Win-or-Else Stage

BOSTON (UP — The chips were down today for the Boston Bruins.

Bruins lost 4-3 to Montreal here Sunday night in the 3rd straight defeat in the best-of-seven semifinals of the National Hockey League Stanley Cup playoffs.

Boston now must win four straight games to take the series from Montreal a task possible but most difficult.

Twenty three-year-old Dickie Moore, completing his 3rd season in major league hockey, broke a 3-3 tie late in the 3rd period to give Montreal the win and make the Canadiens three-up on Boston.

Game seemed destined for overtime until Moore tallied at 18:03 on assists by Bernie (Boom Boom) Geoffrion and Jean Beliveau.

Veteran defenseman Butch Bouchard scored twice for the Canucks in the second period.

Crucial game comes Tuesday night at Boston. If the Bruins win they still have a chance to gain the finals, but if they lose, it's all over until next season.

Aggies Regain Wrestling Title

NORMAN, Okla. (UP)—Michigan and Michigan State College wrestling teams fell into the lower division in this year's National Collegiate wrestling cchampionships, but their squads include some titleholders.

Michigan State's Bob Hoke defeated Edwin Rooney of Syracuse Saturday to annex the 157-pound crown. Novard Nalan of Michigan successfully defended his 130-pound title against James Howard of Ithaca.

Oklahoma A&M won the team championship for the 16th time, replacing Penn State, last year's winner.

Oklahoma Aggies scored 32 points against 17 for Pittsburgh and 13 for Penn State. In the lower ranks were Iowa and Navy, tied with 12 points each; Michigan State with 11 and Michigan and Oklahoma, each with 10.

Gavilan May Fight Only 3 More Times

CHICAGO (UP)—Manager Angel Lopez said today welterweight champion Kid Gavilan will retire from the ring after three more fights.

If he wins the middleweight title from Bobo Olson Friday night the Kid will give Olson a return shot at the title and then defend the 160-pound crown once more.

Should he lose Friday night to Olson, "Gavilan will have only three more bouts," Lopez said.

He said the Cuban champion has enough money now for himself and his family, so he need not continue earning a living, "this hard way."

It's Time Out!

"I'm reading how Milwaukee's wild about the Braves, dear . . . those fans out there sure go overboard about a ball club!"

Tickets Go on Sale for Tigers' Opener

No Regrets in Minors

Dressen Has 'Peace of Mind' on Coast

MONTEREY, Calif. (AP) — Crafty little Charles (Chuck) Dressen, who reversed form when he left the Brooklyn Dodgers managership to mastermind Oakland of the Pacific Coast League, says he has acquired a lot of peace of mind in the switch.

Managers as well as players in minor leagues mostly, if not always, look forward to moving up to the majors. Of his own accord, Dressen is back where he went up from and to all outward indications he has no regrets.

Refusal of the Brooklyn front office to tender Dressen more than a one-year contract brought on his unusual decision after last season. Oaks are in training here and Dressen is back in the same job as when he led the outfit to the 1950 Coast League pennant. He also enjoys the added distinction of being general manager of the club.

Dressen has indicated he will make as much money from Oakland as he did with Brooklyn. It could mean a yearly income in the $30,000 to $35,000 bracket.

Those who have known Dressen for some time, marvel at the change that has come over him. Once he was difficult to approach, somewhat on the aloof side.

He has come up with a fine personality and goes out of his way to make public appearances at meetings of civic clubs and other groups. He does card tricks for his audiences and sells Oakland baseball at all times and places.

Dressen isn't making any predictions on how his Oaks will finish in the coast circuit but he thinks the Dodgers will win the National League pennant again.

Seixas Wins Tennis Title

Vic Outlasts Larsen in Finals of Miami Beach Tourney

MIAMI BEACH, Fla. (INS) — Vic Seixas of Philadelphia, who successfully defended his title in the sixth annual Good Neighbor tennis tournament at Miami Beach, praised his opponent today.

The top-seeded Seixas said second-rated Art Larsen of San Leandro, Calif., gave him a "hard time" in their four-set finals yesterday which the Philadelphian won, 3-6, 13-11, 9-7 and 6-3 after a three-hour match.

Seixas said that Larsen was aggressive and gave him a tough battle. The Philadelphian lost three straight set points in the marathon second set, with the score 5-4, and also blew two set points in the 18th game of the same set.

But Larsen's cat-like reflexes at the net, which he depends upon for many points, deserted him in the fourth set and he literally erred his way out of the championship.

In men's doubles, Hal Burrows of Charlottesville, Va., and Hugh Stewart of Los Angeles defeated Sid Schwartz of Ft. Lee, Va., and Larsen, 6-4, 7-5.

Lakers Qualify for NBA Finals Against Syracuse

MINNEAPOLIS, Minn. (INS) — The Minneapolis Lakers, champions of the western division of the National Basketball Association, meet the eastern titlist, Syracuse, next Wednesday night at Minneapolis in the 1st game of a best out of seven series for the NBA crown.

Lakers qualified for the championship series yesterday by beating Rochester, 82-72, in the odd game of a best out of three playoff.

Laker centers George Mikan and Clyde Lovellette were high scorers for their team with 17 and 16 points, respectively.

Arnie Risen of Rochester was the game's top scorer with 24 points

Detroit Handball Team Wins National Tourney

CHICAGO (UP)—Detroit's No. 1 team won the United States handball team championship Sunday at the town Club here.

Motor City winners defeated another Detroit team plus contenders from Chicago, Denver and St. Louis.

Members of the winning Detroit team were Carl Koch, Paul Chapman, Bob Quaid, Paul Merlo and Stilson Ashe, Koch and Chapman won all their matches.

Toski Collects $2,000 on Win in Azalea Open

Fazio Closes Fast to Take 2nd; Mangrum, Souchak Tie for 3rd

WILMINGTON, N.C. (AP)—What a difference a year makes. Last spring Boby Toski finished far back in the pack in the $10,000 Azalea Open Golf Tournament. His 291 was good for a tie for 26th place.

Today he was $2,000 richer after leading the field by three shots with a 15-under-par score of 273.

His 70-71 finish followed earlier rounds of 67 and 65 over the 6,652-yard Cape Fear Country Club course.

* * *

In second place after a breathtaking closing surge of 67-67 was 40-year-old George Fazio, Pine Valley, N.J. He pocketed $1,400.

The victories marked the fourth major tournament success in seven months for the 5-8, 127-pounder from Massachusetts who now plays out of Livingston, N.J., where his brother Ben is a professional.

* * *

In a third-place tie at 278 were Lloyd Mangrum, Niles, Ill., and Mike Souchak, Mamaroneck, N.Y. Each won $900. Tied for fifth place at 279 were Dutch Harrison, Ardmore, Okla., and Jim Turnesa, Briarcliff, N.Y.

Braves, Bums to Play Game as Scheduled

BIRMINGHAM, Ala. (UP) — Brooklyn Dodgers and Milwaukee Braves were assured today they will be able to play each other here on April 2 and 3 despite the presence of Negro players on both teams.

Mayor James Morgan told Brooklyn vice president Buzzie Bavasi in a telegram to Tampa, Fla., Sunday that "there are no laws I know of preventing you from playing your games with Milwaukee here on April 2 and 3."

Morgan's telegram was in a reply to a query by Bavasi asking whether the recent actions of a "segregation committee" could force cancellation of the games. The "segregation committee" has been atempting to bar sports events between mixed groups.

Pontiac Fencers 3rd in Tourney at Flint

Pontiac fencers placed third in the state tournaments at the Michigan School for the Deaf, Flint, over the weekend. First and 2nd places were taken by M.S.D. and Waterford, respectively.

Girls feneing bouts were won by Lapeer, with M.S.D. a close second. Waterford placed 4th, preceded by Cooley High of Detroit, and trailed by Bishop Kelly Memorial School in 5th and Pontiac 6th.

But 'Bumpy' Wins Medley

Brilliant Buckeyes Sweep 9 of 14 Events in Winning NCAA Swim Title

NEW HAVEN, Conn. (UP) — Ohio State's brilliant Buckeyes, who swept nine of 14 titles in the National Collegiate A. A. swimming championships during the weekend, will be heavily favored to take most of the honors in the National AAU, championships opening here Thursday.

* * *

But the Buckeyes can't add the AAU team crown to their NCAA diadem. Because of a Big Ten ruling, members of Coach Mike Peppe's amazing squad must compete as individuals in the meet — rather than as a team unit.

In view of this fact, the New Haven Swim Club, which is composed of Yale swimmers, will be favored to take the team championship for the 4th straight year.

Though barred from adding another team title, the Buckeyes proved in their sensational showing in the NCAA meet at Syracuse, N. Y., that they are one of the greatest bands of the greatest bands of swimmers ever assembled.

"They're as good as any team I've ever coached," admitted Peppe. But he smiled off queries as to whether he thought this was the greatest college team of all time.

Backbone of Buckeye strength proved to be, just as everyone had expected, the Hawaiian trio of Ford Konno, Yoshi Oyakawa, and Dick Cleveland.

They each won two individual titles in their specialty — Konno the 1,500 meter and 440-yard freestyle, Oyakawa the 100 yard and 200 yard backstorke, and Cleveland the 100 yard and 200 yard freestyle.

In addition, the Buckeyes swept the diving events with Fletcher event and Morley Shapiro on the high board, and then polished off the show by taking the 300-yard medley.

* * *

Michigan won three of the other five events with Scotland's Jack Waldrop in the 220-yard freestyle, Burwell (Bumpy) Jones of Pontiac in the 150-yard individual medley, and the 400-yard freestyle relay of Ron Gora, Tom Benner, Don Hill, and Jones.

Other two titles went to Harvard, as Australian Dave Hawkins of the Crimson won both breaststroke races.

Dark, Irvin, Mays, Lockman, Thompson Are Good, but Giants' Finish Will Depend Upon Mound Staff

By GRANTLAND RICE

NEW YORK — At least one interesting report comes out of the Giant camp. It is this. Due to their horrible showing last year, especially in the last two months of the race, the Giants are all churned up.

They expect to sell their lives as dearly as possible to prove they are a far better club. They can't possibly prove to be any worse. We understand this same feeling of revenge and revival has also invaded the breast of Leo Durocher, who is highly keyed up over Giant prospects.

* * *

This rumor could be true—or partly true. Everyone knows the Giants were far below their true grade last fall. Just how far this revival can go is another matter. I doubt if it can go much further than the backs and arms of Sal Maglie, Larry Jansen and Jim Hearn.

* * *

If Durocher can get two of these three veterans in a winning mood he has a chance to figure in a hot race for second place.

This is now a race where both the Giants and Leo Durocher are on trial. They had the stuff last season, even with everything that happened, to finish at least 15 games higher. They kicked the others away.

They embarrassed their fans. Now they have a chance to prove at least they are alive.

They have Alvin Dark, who is a fine shortstop. Another Phil Ruzzuto or Pee Wee Reese. Did you know that Dark is hitting at least 20 points over Rizzuto and Reese? He has a lifetime mark of .297, and is a fine infielder on the side.

* * *

They have Monte Irvin, one of the better outfielders and hitters. Even with the handicap of a broken ankle, his lifetime average is .309. He is normally a .330 hitter. This year they have Willie Mays again.

* * *

They have Whitey Lockman, a good hitter and a fine ballplayer. They have Hank Thompson, who hit .302 last season. Their catching is not in the Campanella-Berra class. Their pitching—and their spirit—will provide the big answer.

Malaya Snubs Hong Kong in Athletic Invitations

KUALA LUMPUR (AP) — Malaya's Amateur Athletic Association has invited Indonesia, Thailand and Ceylon to take part in this year's Malayan championships. But they purposely did not ask Hong Kong to the athletic games scheduled for Aug. 13 and 14.

Hong Kong didn't invite Malaya to a similar meeting previously.

Four Records Fall in Annual Chip Relays

MT. PLEASANT (AP) — Trackmen from Central Michigan College, Michigan Normal and Wayne University set four meet records Saturday night in the 3rd annual Chip Relays hosted by Central Michigan.

Central's Jim Podoley set the new broad jump mark at 23 feet 2½ inches.

Wayne's medley relay team set a record time of 10:42.1. Michigan Normal performers were responsible for two record times. They ran the Chip Relay in 2:40.7 and the mile relay in 3:29.7.

Pole vault event ended in a three-way tie. Normal's Marland Bluhm and Don McBride and Tom Mayville of Central each vaulted 13 feet.

Team scoring honors went to Michigan Normal which won five firsts and gained a tie. Central Michigan earned two firsts and one tie. Beloit, Wis., won two firsts and Wayne earned one first.

Regalado Is Problem; Raschi in Form

Tribe Rookie Has 9 Homers, .481 Average

But He Plays Rosen's Position, Shows Poor Fielding Ability

By ED CORRIGAN
AP Sports Writer

Dilemmas—those things that chop years off the life of a major league manager—are nothing new to Al Lopez of the Cleveland Indians. He's had a king-sized one since he took over the Tribe and has been trying to beat out the New York Yankees for the American League pennant.

* * *

But now he has a brand new one: what to do with Rudy Regalado.

This 23-year-old rookie infielder has shown no respect for opposing pitchers since the start of spring training. At the moment he has clubbed nine home runs and is batting a cool .481 with 25 hits in 52 tries during the exhibition season.

This sort of slugging would be enough to light the eyes of any manager. So Lopez' eyes lit.

But. . . .

The kid can't field, or, at least it sure looks like he can't. He's a third baseman by trade, but there's no use battling Al Rosen for the position, so Lopez thought perhaps he'd go well at second base.

The Indians dropped another one to the New York Giants yesterday, 10-4. Rudy slugged two home runs and a pair of singles, but he also made two errors, one at second and one at third.

* * *

So Lopez must decide whether Rudy will bat in or let in more runs. He also is supposed to be able to get around at first base. That might provide the answer since first basemen are not paid to be acrobats.

Vic Stops Old Teammates on Five-Hit Stint

Bombers' Castoff May Be Opening Day Hurler for Cards

NEW YORK (INS) — If Vic Raschi's old bosses, the New York Yankees, thought he was washed up, they know differently today.

The big righthander — sold to St. Louis this spring for a reported $75,000 — celebrated his 35th birthday by holding the Yankees to one run and five hits in a five-inning stint yesterday at St. Petersburg while the Cardinals won, 4-2.

A triple by Gil McDougald and a wild pitch accounted for the only run off Raschi in the 1st inning. Vic's showing put him way out front in manager Eddie Stanky's opening day mound derby.

Except for the coincidence of being against his old teammates, Raschi's pitching job was neither the best nor the worst of a busy day in exhibition circles.

Alex Kellner, who pitched six innings for the Philadelphia Athletics, aided his own cause with a two-run double as the A's edged Pittsburgh, 3-1. Curt Simmons was the winner in a 6-4 Phillies' triumph over Cincinnati.

Two clubs, Washington and Milwaukee, wound up singing the minor league blues. Atlanta of the Southern Association touched 18-year-old Joey Jay, who relieved Warren Spahn in the eighth, for the winning run in a 2-1 struggle with the Braves.

Senators, winners of six straight games against big league opposition, stubbed their toes, 4-3, against Chattanooga of the Southern Association.

Except for pitcher Bob Porterfield, who slammed a homer, it was largely the Nats' junior varsity which faced the Lookouts.

Ancient Bobo Newsom pitched the first inning for Chattanooga, warming up for his scheduled chores as a Baltimore sportscaster.

Rest of the games were wild-and-wooly slugfests.

Don Lendhardt of Baltimore socked three homers, good for six runs, as the Orioles downed the Chicago Cubs, 19-7.

Chicago White Sox blasted Carl Erskine, Johnny Podres and rookie Ed Roebuck of Brooklyn, 10-5.

Brady Top Punter

Pat Brady of the Pittsburgh Steelers won the punting championship of the National Football League in 1953 with an average of 46.9 yards per punt. He did not have a kick blocked the entire season.

O'Neill Happy About Landing Bobby Morgan

Steve Says Ex-Dodger Benchwarmer May Lift Phils 2 Notches

CLEARWATER, Fla. (UP) Owner Bob Carpenter hailed newly-acquired Bobby Morgan as "the best spare infielder in baseball" today and manager Steve O'Neill said the blond slugger "may lift the Philadelphia Phillies two notches in the National League standings."

The 27-year old Morgan, who averaged 67 games a season for three years as understudy to Pee-wee Reese and Billy Cox, was acquired from the Brooklyn Dodgers Sunday for an estimated $50,000 and two players.

"This is the kind of deal I've been looking for," the jubilant O'Neill said when the deal was completed. "It gives me mobility in my infield. We didn't have the kind of reserve strength last year that we will have with Morgan."

Morgan was regarded in many quarters as a threat to oust Willie Jones as the Phillies' regular third baseman, but O'Neill insisted that Jones still held the job "because he has been looking good down here so far."

Jones battled only .225 for the Phillies last season and was criticized by O'Neil for "over-swinging in an attempt to hit home runs."

Morgan hit .337 for the Montreal Royals and won the International League's "most valuable player" award in 1949, but failed to win a regular job with the Dodgers because of the presence of Reese at shortstop and Cox at third base.

PWBA Tourney Ends

Final weekend firing produced only one change among the leaders as the 21st annual Pontiac Women's Bowling Association tournament came to an end.

Clare Olsen of Pontiac accounted for the sole change as she posted a 1894-pin total to take the all-events handicap title. She also had the high tournament series with 594 (actual) and 700 (handicap).

Howe's Lanes of Clarkston won the team event with 2981, with Pontiac's Avon Inn placing 2nd with 2956. High team game was turned in by Cowie Upholstering of Pontiac (1055), while Service Window Cleaning, Pontiac, had the high actual series with 2408.

Florence Van Gordon and Beverly Kuschel teamed to win the doubles with 1280. The Milford duo held the lead in pairs from the 2nd weekend of the 4-week test. High doubles game was 475, registered by Holly Johnson and Edith Gark of Oxford.

Faye Sibert of Rochester swept honors in the singles event. She won the event with 694, had the high singles handicap game with 293 and the high singles actual game with 258.

Pontiac's Shirley Pointer took all events (actual) title with 1591.

Cubs' Prospects Brighter for Good Showing in '54

MESA, Ariz. (AP) — The Chicago Cubs have departed from this pleasant little Arizona town and the general feeling is that they are destined for better things this year in the National League.

Things didn't look bright when manager Phil Cavaretta brought his athletes into camp several weeks ago, but Cavaretta finally delivered a few lectures. A brand new double-play combination began to function. Ralph Kiner began to pound the ball and some of the oldsters realized they had to snap to and play ball.

Defense down the middle, which was a major concern, may have been corrected. At least that is the hope in elevating two comparative rookies, Ernie Banks at shortstop and Gene Baker at second, to 1st team status, and inserting another rookie, Bobby Talbot, in center field.

Frankie Baumholtz, who batted a fine .306, can take over any position in the outfield.

Cavaretta has no concern with first or third. Dee Fondy, a .309 hitter and an excellent fielder, is set at first, and Ransom Jackson, .285, an unspectacular but valuable man, has third.

Iron-man Clyde McCullough and Joe Garagiola, a team stimulator, are more than adequate in the catching department.

Cavaretta says his pitching on paper does not appear formidable but he thinks his hurlers will come around and do the job. That goes for Bob Rush, Warren Hacker, Paul Minner and relievers Turk Lown and Emory (Bubba) Church.

Worst Defeats Kilgore in Billiards Exhibition

CHICAGO (AP) — Harold Worst, the Grand Rapids, Mich., marksman of the billiard table, took the measure of Ray Kilgore, world 3-cushion champion.

Worst swept the final two blocks of his exhibition match with the San Franciscan yesterday for a winning final count of 600-535. Worst won seven of the 12 blocks in the week-long match.

Worst won yesterday afternoon 61-50 in 64 innings and last night 63-50 in 80 innings.

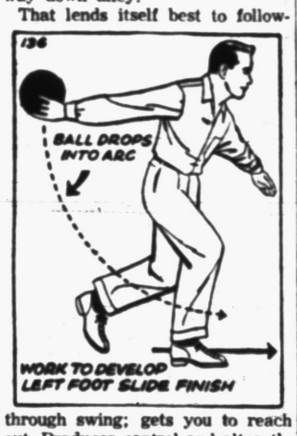
CASE—Look Down Alley

Tip For Beginner — This query from a Detroiter: "I am just getting into bowling and ask your advice on where to look—near foul line, halfway down the alley, or at the pins?" By all means, to start with, fix your eyes halfway down alley.

That lends itself best to follow-through swing; gets you to reach out. Produces control and altogether easier bowling. Concentrate on slide. You'll find it creates natural reach. As sketch shows, keep head up during stride to foul line.



Allow for slide of 9 to 15 inches, the longer the slide, the more effective the swing, and simpler the timing of footwork and swing. Important! Don't hurry downswing. As dotted line shows, feel ball dropping into arc of own weight.

Of the five tie games played during 1953 in the American League, the Detroit Tigers were involved in four. Three times they tied the Philadelphia Athletics.

Detroit Six Bows in Hockey Tourney

LEWISTON, Me. (UP) — Susicks of Cambridge, Mass., the defending champion, tallied a 3-2 overtime victory over Detroit's O'connell team Sunday night in the finals of the National Amateur Association Junior Hockey Tournament.

Detroit team moved into the championship match by winning two overtime games, 3-2, in the early rounds.

Detroit eliminated Berlin, N. H., then sidetracked Jamaica, N. Y. Mike Jones scored the winning goals for O'Donnell in the 1st and 2nd round games.

CHAPEL HILL, N. C. (UP)—The touring Michigan State College baseball team tangled with the University of North Carolina today in a game featuring regional rivalry.

North Carolina hoped to even its score with the Big 10. Tar Heels bowed to Ohio State last week at Winter Park, Fla.

Michigan State trounced Duke University, 8-2, Saturday at Durham. Tom Yewcic's 3-run homer in the 5th paced the Spartans to an easy victory.

Herbert Impressive Despite Tiger Loss

SARASOTA, Fla. (UP)—Lost—one ball game. Found—one pitcher.

The Detroit Tigers dropped a 2-1 decision in 11 innings to the Boston Red Sox yesterday, but they may have found something a lot more valuable in the right arm of Ray Herbert.

It was Herbert's performance that brightened the afternoon. He pitched seven innings, allowed only three hits, struck out 10.

Herbert didn't have a steady starting job last season. He made appearances in 43 games, more than any other Detroit pitcher. Of those he started in only three.

The season was still young when he lost his starting role. He didn't pitch at the opening of any game after June 6. So far this spring Herbert has pitched 21 innings, allowed only two runs and walked only one man.

For Detroit yesterday's loss was the 13th against seven wins. It did not seem nearly as important as the possibility that the Tigers had found a starting pitcher.

It was also the 4th game the Tigers had lost by one run. They have won three by the same margin.

Dick Donovan, a righthanded rookie, took the loss. Even his job was not a total discredit. He started in the eighth inning, and allowed only four hits through the 11th.

But once the Red Sox got through to him, they picked up one run. It was all they needed.

Billy Consolo and Karl Olson contributed the final blows in the 11th, both singles. Consolo got his first, then Donovan let go a wild pitch and the speedy Consolo made it to second.

Olson's single to left center brought him home with the winning run.

Tigers scored their run in the 2nd inning. Leo Kiely, a returned GI, hit Don Lund. Then Ted Lepcio kicked a grounder by Bill Tuttle and he was safe. Kiely then walked Frank House and Herbert to force in a run.

But the two men responsible for that run got it back for Boston in the third. Lepcio made the first of his three hits. Then he scored on Kiely's double.

In the Tiger half of the 11th it looked like it may have been a Detroit victory. But Boston's Bill Werle took over with two men on and disposed of Walt Dropo and Lund.

Detroit meets Washington at Lakeland today.

Jewelers Lose in Semifinals at MRA Meet

Jackson Quint Edges Pontiac Team, 55-49, Saturday

BATTLE CREEK (Special) — Shaw Jewelers were denied the chance of winning their 2nd Michigan Recreation Association basketball title here Saturday afternoon when the Pontiac team was knocked out in the semifinals round by Jackson Show Bar, 55-49.

Jackson team came back Saturday night to beat Grand Rapids Pastoor Fords for the title, 56-49.

Jewelers found the going tough against Jackson and trailed 29-22 at halftime, mainly on five free throws just before the intermission. In the 3rd period, Shaw's pulled up to a 36-36 tie before the eventual champs staged a 5-point rally for a 41-36 edge which they held the remainder of the way.

Max Berry was the top point-getter for the losers with 14 points while Bob McManus was held to nine counters. Chuck Testa garnered 17 tallies for the winners while Vern Allen contributed 15.

Alston's Toughest Job? Answering Interviewers

By GAYLE TALBOT

ST. PETERSBURG, Fla. (UP)—Holding an intelligent conversation with Walter Alston is not entirely a problem of trying to think up something new to ask him about his Brooklyn Dodgers. There is the additional strain of leaning close enough to hear his answers, as the new manager of the National League champs has by this time become virtually inaudible.

* * *

He has had a trying time of it this spring. Through long-established custom the "bush" pilot from Montreal has been expected to discuss gravely a club he saw play only on television last year.

A fairly typical session with the big, pleasant fellow who was called in when his predecessor, Chuck Dressen, took to writing letters to the boss, goes like this:

* * *

"When do you intend to start scouting the Yankees for the World Series? Along in July?"

"No, we've got to win the pennant first. That's a big enough job."

"How's Jackie Robinson been looking? Are you only going to play him in the outfield?"

"Jackie stumbled off a step and strained his knee and I've been letting him take it easy, kind of set his own pace getting in shape. He'll be ready. Outfield will be his regular job.

"Do you think you've added any strength? Not that you needed to."

We'll be the same club except that we've got two pitchers, Don Newcombe and Erv Palica, back from the Army. Newcombe is throwing good and his weight is down where it belongs.

Toledo Wins BC Tourney, Thrasher Is Top Scorer

Toledo Boys Club won the Gold Medal basketball tournament held at Pontiac Boys Club over the weekend.

Pontiac's Wonders were eliminated in the semifinals by Philadelphia Branch, 58-51, while Toledo thumped Detroit Bloomer Branch, 71-46. Toledo edged Philadelphia in the finals, 44-42.

George Tarsha led Toledo in the championship game with 12 points, while Mike Fitzgerald had 13 for Philadelphia. Fitzgerald's 19 points paced the Detroiters' victory over Pontiac in the semifinal.

All scorers had to take a back seat to Pontiac's George Thrasher. He had 22 points, which combined with the 33 he made in the opening round Friday, made him high point man for the tourney.

Most valuable player award went to Bill Nyers of Toledo with Fitzgerald 2nd and Thrasher, 3rd. Other 1st team all-tourney selections were Lou Nyers of Toledo and Tom Gibson of Philadelphia Branch.

Bucky Pointer and Jim Blackshear of Pontiac were 3rd team members.

Lou Nyers, Fitzgerald and Bob Dewey of Pontiac received good sportsmanship awards. Toledo, Philadelphia, Pontiac and Bloomer teams all received trophies for 1st to 4th place in that order, and individuals received medals.

Globetrotters Trip College Team Twice

NEW YORK (UP) — The Harlem Globetrotters' winning streak stood at 263 games today after basketball's No. 1 attraction opened its annual series against the College All-Stars with two victories in Maidson Square Garden.

Third game of the 22-game cross country series will be played in Toronto tonight. Last time the famed Negro team was defeated was by another All-Star college outfit in April of 1953.

The two games at the Garden yesterday, with the Globetrotters winning the matinee contest 73-70 and the night game 69-57, attracted 33-382 fans—18,243 in the afternoon and 15,139 at night.

City YMCA Volleyball Team 2nd in Tourney

Pontiac's YMCA volleyball team tied for 2nd in the state "Y" Class C tournament at Ann Arbor over the weekend.

Grand Rapids' Team No. 1 won the meet with five victories in six matches. Pontiac and Detroit Downtown shared the runnerup spot with 4-2 marks.

The two 2nd-place teams will meet here at a future date to determine the runnerup position.

Al Rosen of Cleveland who led the American League in 1953 with 43 home runs, hit 25 at Cleveland but only one in New York.

Suggs Winner in Links Test

Edges Marlene Bauer in Extra Hole Playoff at Peach Blossom

SPARTANBURG, S. C. (UP)—Louise Suggs, whose nine 1953 tournament victories included two "sudden deaths" triumphs, captured first money in an extra hole play-off in the Peach Blossom-Betsy Rawls tournament Sunday.

Miss Suggs of Atlanta, Ga., shot a birdie four on the first extra hole Sunday to beat Marlene Bauer of Sarasota, Fla., for the $800 top prize after they tied at the end of the regulation 54 holes with 220's. Marlene took a five on the 55th hole.

Miss Suggs shot a 71 on the final 18 and Miss Bauer fired a 72 to set up their play-off.

Babe Didrikson Zaharias of Tampa, Fla., finished 3rd with a 221 after collecting a 73 on the final round. Mrs. Zaharias and Miss Bauer were tied for the lead, one stroke ahead of Miss Suggs, when the last 18 began.

Miss Berg shot a last-round 71 and finished 4th with a 222. Joyce Ziske, the Waterford, Wis., girl who won the Women's North and South Amateur title last Monday, wound up 5th with a 73—225.

Spring Drills Out

MT. PLEASANT (UP)—No spring football practice at Central Michigan College this year. Reason: No coaches. Bill Kelly, head coach of the football team, has announced that there'll be no spring drills because all the grid coaches are coaching in other sports. Kelly, himself, coaches the tennis team.

Your Sunoco Dealer

He's a good man to know better...

Naturally we're proud of him. He greets you at his station. He's a versatile, competent, friendly businessman—one of thousands who choose to sell Sunoco products over all others. We are proud to tell you more about your Sunoco dealer and the way he serves you.

He Owns and Operates His Own Business
...runs his station as he thinks best. If he doesn't own a station, he leases it. He meets weekly payrolls. He buys the merchandise he sells. The profits, after expenses and taxes, are his alone.

He Builds His Future by Serving You
In all kinds of weather, from early morning until late at night he makes it his job to serve you well. He knows quality of service is as important as quality of products.

He Sells What He Believes to be the Finest
From many competitive brands he chose Sunoco products because he first satisfied himself that they would best meet the quality and value demands of most motorists. On the average, Sunoco dealers sell twice as much gasoline as those dealers selling competitive brands.

He Does More Than Sell Gas and Oil
He carries tires, batteries and accessories. Furthermore, he performs many courtesies that most motorists have come to take for granted, from maintaining clean rest rooms to inflating tires and checking your oil level.

He's a Booster of the Community
On the average, he has a high school education or better, is forty-one years old, and is the father of two children. Civic-minded, he's active in affairs—is a churchgoer and often is a member of a businessmen's club.

4 Glamorous Hymn-Singers Are Latest Act

By BOB THOMAS

HOLLYWOOD (AP)—The newest act in show business is the most beauteous quartet of hymn singers ever assembled.

The foursome consists of recording stars Connie Haines and Beryl Davis, and filmsters Jane Russell and Rhonda Fleming. The latter is subbing for singer Della Russell.

The Four Girls, which is the title of the group, sing for youth groups of Los Angeles churches. And that isn't all. They'll appear with their spiritual songs on TV's Comedy Hour Easter Sunday.

* * *

Their record, "Do Lord," is the No. 2 seller in Los Angeles and is a hit in Pittsburgh, Minneapolis, throughout the South and other places it has been released. A rousing rendition of a 100-year-old spiritual, it has sold 180,000 discs and is still climbing.

I visited the girls in rehearsal at the home of Beryl, who is the wife of TV star Peter Potter. They were breaking in their new member, Rhonda, and such enthusiasm you have never seen. You'd think each of the girls had just won an Oscar.

"This harmonizing is new to me; I've always done solo work," said Rhonda, a Mormon.

* * *

'She has a beautiful soprano, and just the same range as Della," said Beryl, an Episcopalian.

"Our singing sounded like something awful when we first heard ourselves; but it's not bad when it's all put together," remarked Jane, a nondenominational Christian.

"This thing is bigger than all of us," agreed Connie, a Presbyterian.

* * *

Jane told how the whole thing came about. All the girls are members of the Hollywood Christian Group, a religious discussion outfit for show business people. It was formed five years ago by such figures as Jane, Connie, Roy Rogers, Dale Evans and Colleen Townsend, who gave up her acting career for a religious life with her minister husband, Dr. Louis Evans Jr.

"We girls were at Beryl's church on a fund-raising drive," Jane recalled. "Connie was going to sing, and Della and I were just going to take bows. We were down in the basement before the program, and Connie was singing a spiritual she knew, 'Do Lord.' She got us to join in, and we ended up singing it for the church group. They seemed to like it.

* * *

"Then things started to happen, and it's kind of odd. Everything seemed to work out perfectly, and you can't tell me it was just an accident. I'm sure it's the Lord's doing.

"In the first place, our voices blended perfectly. All of us were just two notes apart. For another thing, the record arrangement fell into place. I was free from any connections, and so was Beryl. Both Connie and Della were tied up with Coral, so that was the place to go. And it just happened that I got my freedom to do TV, and the other girls were available too.

"When Della had to drop out, Rhonda wanted to join us. Her voice was the same range as Della's. It couldn't all be coincidence."

Japan's Prime Minister Seeks Merger of Parties

TOKYO (INS) — Prime Minister Shigeru Yoshida was reported today to have ordered his Liberal Party lieutenants to work out a merger of right-of-center Japanese political parties and end the perpetual threat of parliamentary crises.

The 75-year-old chief of state issued his instructions to his senior associate Deputy Premier Taketora Ogata and told him to try and win over to the Liberal Party fold the members of the Progressive Party. This is the chief conservative opposition to the Yoshida government.

Governor Attacks Ike's Tax Policies

FLINT (AP) — Gov. Williams and Roy Reuther, director of the CIO United Auto Workers Political Action Committee, joined in an attack on tax policies of the Eisenhower administration last night.

The two spoke before a joint AFL-CIO legislative rally.

Williams called for an increase in personal income tax exemptions and unemployment compensation. He said both were needed to pull the nation out of "this recession or whatever you want to call it."

Reuther seconded Williams' call for increased tax exemptions and said that the current administration's policy was tax relief for the few, but not for the mass of Americans.

Before the turn of the century, gasoline usually was called naptha.

Two Philadelphia Bureaus Set Up to Hear Complaints

PHILADELPHIA (INS) — Does your husband gamble away his pay check? Are you troubled by bees on your front porch? Or maybe you are looking for a mate?

If you have any of these aggravations and live in Philadelphia you are lucky.

That's because officials of the City of Brotherly Love have come up with two agencies which act like a friendly shoulder on which the citizen in stress may shed his tears.

The agencies—imposingly titled the city's Bureau of Public Information and the mayor's Office for Information and Complaints—have made a lot of friends for the local administration in two years of operation.

The focal point of what Mayor Joseph S. Clark Jr. calls "personalized" government is the mayor's office for information and complaints located prominently on the first floor of city hall.

Harry Sloberman, an attorney, heads the office which daily handles an average of 250 complaints and 600 requests for information. Most of the gripes are routine, but some have the staff chewing pencils.

For instance, several distraught women phoned to complain their husbands were gambling away the family pay check. Sloberman did some sleuthing, tipped the police and several gamblers were nabbed.

One taxpayer demanded that the city remove a swarm of bees from his porch. The mayor's office turned up a policeman, a bee fancier, who captured the queen bee and put her in a hive. The rest of the bees meekly followed her into captivity.

The office also has acted as a matrimonial agency, processing hopeful requests for mates from men and women in Italy and Germany. On the other hand, one taxpayer demanded that his marriage license be revoked. He was sent to a divorce lawyer.

A forestry association wanted to know if the city had any regulations governing the use of lawn fertilizer. Sloberman said it hadn't so long as the fertilizer did not constitute a nuisance.

Sloberman said that the establishment of the bureau has actually resulted in the saving of money and improvement in the city's information services.

Another feature of "personalized" government is the appearance of Mayor Clark on television every two weeks. He invites viewers to phone their complaints to the TV studio and answers them informally and spontaneously.

The information and complaint programs have attracted so much attention that more than 50 cities throughout the United States and one as far away as Osaka, Japan, have written to or visited Philadelphia for data with a view of getting similar programs started.

Court Still in Session

COLDWATER (UP) — Justice Irving L. Stansell isn't letting a minor operation interfere with his court routine. The justice is holding court sessions in his room at the Branch County Community Health Center.

Skin-Diver Will Hunt Whales in Bering Sea

NOME, Alaska (UP) — An under water whale hunt in the treacherous Bering Sea is planned for next summer by Ted Warren, a Redondo Beach, Calif., skin-diver.

Warren said he will dive into the sea wearing a snorkel breathing device, a face mask with goggles and a pair of swim fins. He will be armed with a spear gun four-feet long. The gun's impact head will discharge a .38-caliber blank cartridge propelling the spear deep into the whale's body.

Warren has been skin-diving since 1944. He has captured large fish in the waters of Australia, Fiji, New Caledonia, Bermuda and California.

Dreams Fail to Convince Judge; Suit Dismissed

TAIPEH, Formosa (UP)—A middle-aged Chinese merchant found out today that even the most realistic dreams make mighty poor evidence in court.

Li Hsun-yu sued his wife for divorce after dreaming night after night that she was having an affair with a neighbor.

The judge threw out the divorce action—and the neighbor filed suit against Li for slander.

Ike to Be Asked About H-Bomb

California Dem Would Halt Fear by Review of March 1 Blast

WASHINGTON (AP) — Rep. Holifield (D-Calif) said today he intends to ask President Eisenhower to explain publicly what happened in the March 1 super-hydrogen blast so as to eliminate worldwide "confusion, fear and hysteria."

Holifield, a member of the Senate-House Atomic Energy Committee, returned recently from the Pacific test area where the explosion touched off power estimated at between 600 and 700 times that of the Hiroshima atomic bomb. He said he had been pledged to secrecy about details before his visit.

* * *

The congressman said he would raise the question of more public information in a House speech, and might communicate directly with the President.

Meanwhile, indications were that an even greater H-blast might be held roughly on schedule in late April.

Another committee member, Rep. Van Zandt (R-Pa), announced Saturday he would fly to Bikini between April 16 and 26 to witness further "hydrogen weapons" tests.

The atomic committee, informed sources said, had received no indication by Saturday of a "deliberate postponement" or cancellation of the present series of tests.

Informants said delays of a day or two might result from adverse weather or supercaution by scientists trying to prevent a repetition of March 1 results. More than 300 persons were showered with radioactive ash, including 23 burned Japanese fishermen, when winds carried it beyond the established hazard area.

* * *

Congressional sources have said the original schedule called for an explosion about April 22 that would be larger than the March 1 blast.

Holifield said in an interview the President could give the public a review of the blast without revealing top-secret information.

In Memoriam 2

IN LOVING MEMORY OF MY husband, Alfred J. Burmeister, who passed away March 29, 1952. Our lonely house is filled with precious memories of the one we loved so much.
Never shall his memory fade
Loving thoughts shall ever wander to the spot where he is laid.
Sadly missed by his wife and children.

IN MEMORY OF ERNEST A. Tear who passed away 11 years ago today, March 29, 1943. Sadly missed by his wife Pearl and daughters Lillian, Betty & Myrna.

IN LOVING MEMORY OF THOMAS J. Martin, Sr., who passed away 3 years ago, March 29, 1951.
Deep in our hearts you are fondly remembered
Sweet, happy memories cling 'round your name;
True hearts that loved you with deepest affection
Always will love you in death the same.
Sadly missed by wife, Mabel, children and grandchildren.

Leon Enters Character of Father Day, Bellows at His Dogs

HOLLYWOOD — In the Leon Ames' home in California's San Fernando Valley, everything is "BLWF"—"Before Life With Father.'" The tag was originated by Mrs. Ames, who, before her marriage to the star of television's "Life With Father" series, was known in films as Christine Gossett.

"Leon was always a consistently agreeable man with an easy-going personality," says Mrs. Ames. "Then 'Life With Father' came along.

"At first," she notes, "there was no line of demarkation between the characters of Father Day and Leon Ames. He bellowed at the dogs and had the children curtsying and bowing. He was adamant with the tradespeople and help. Finally he ran into me.

"It's a great temptation for our two children (Leon Ames Jr., age 10, and Chris, 12) to let the cat out of the bag by telling their friends that their father is all bark and no bite—but they get as much of a kick out of his act as I do.

"'Pappy' has one of Father Day's characteristics—he's absentminded. He can never remember people and has trouble placing them. Our butcher, without his apron and a package of meat in his hand, is a stranger to him."

The Father Day makeup was quite a shock to the Ames family pets. "The first day 'Pappy' came home looking like Clarence Day, with his scarlet hair, mustache and eyebrows, Penelope and Pepe LeMoco, our two dogs, wouldn't let him in the house. And his pet parakeet, who always sits on his shoulder or atop his head, wouldn't come near him.

"They finally became used to their master's glowing hairdo. But even now when 'Pappy' bellows 'no, no!' while memorizing his script, the dogs run for cover and the parakeet squawks 'Jeepers Creepers!'"

Mrs. Ames admits that she too had a few problems in adjusting to the change. "Every time I looked over and saw this redheaded man I could hardly believe it was my 'Pappy,'" she says. "But he was a wonderful husband and father before," she concludes, "and he always will be. The color of his hair won't change that."

DAY IN—DAY OUT—With the Day sons recently replaced in TV's delightful series "Life With Father" the family found it necessary to pose for a more up-to-date portrait. Stephen Terrel (left to right, rear) takes over the role vacated by Army-bound Ralph Reed, as Clarence Jr. Ronald Keith (center) is still Whitney but Malcolm Cassell standing next to patriarch Leon Ames replaced Freddie Leisten as John when Freddie outgrew the role. Lurene Tuttle is still sweet and gentle Mother Day while lovable Harvey Grant is Harlan, youngest of the Day children.

5 Men Hunted After Jailbreak

Roadblocks Set Up in Minnesota, Wisconsin; Fugitives Dangerous

ST. PAUL, Minn. (AP)—Roadblocks were set up in Minnesota and nearby Wisconsin today as highway patrolmen and sheriff's officers sought five prisoners who fled the Ramsey County Jail here after overpowering two jailers.

Late yesterday police received a report that the car taken by the escapees had been seen a few miles north of here. However, search failed to locate it.

Officers said the five men were considered dangerous.

* * *

One of them, Murl Russell Jarvis, 29, Richmond, Ind., was to stand trial shortly on a charge of robbing the First National Bank of Cannon Falls, Minn. He also was accused with a Bondurant, Iowa, bank robbery and a holdup of a grocery store in Hasting, Minn.

Arland Gerberding, 32, Madelia, Minn., was convicted last week on first-degree robbery charges in a St. Paul bar holdup. His partner, Donald Matthews, 30, St. Paul, was to be tried this week for the same holdup.

The other escapees were Bruce M. Brown, 26, Minneapolis, charged with using the mails to defraud, and Terrance R. Farrell, 20, Dauphin, Canada, accused of some 40 service station holdups in the Twin Cities.

* * *

Patrick Kelly, 42, "inside jailer," said the break occurred yesterday morning after Gerberding threatened him with a razor blade fastened to a stick of wood.

Kelly said he was then knocked to the floor. The other jailer, Hugh Shuck, 53, entered the cell area and the improvised weapon was turned on him. Shuck's keys were taken, the jailers were locked in the cell area and the five prisoners dashed away. The escape was not discovered until a matron on the floor above heard the jailers' shouts 15 minutes later.
