Waterford's School Board Revises Bond Proposals

The Waterford Township Board of Education last night revised bond proposals, endorsed last week, for placement on the June 13 election ballot.

The action was made on the recommendation of bonding attorneys.

Instead of considering three bonding proposals totaling $13 million, school district electors will vote on four proposals totaling $11.8 million.

Two of the three new elementary schools proposed April 21 will not be included, thus accounting for the difference in cost.

★ ★ ★

The millage question proposed at last week's meeting will remain intact.

Voters will consider the following propositions:

- A $4.8-million bond issue to build a new high school and a new elementary school and purchase of new sites.

★ ★ ★

- A $625,000 bond issue to build a school-community auditorium.
- A $400,000 bond issue to build a school -community swimming pool.
- A $5,975,000 bond issue for additions, improvements, remodeling and site development at other schools and buildings.

★ ★ ★

- A 1-mill operating tax increase for a six-year period from 1968-1973 (to be offset by a 1-mill debt retirement tax decrease).

The board rescinded its previous action on the advice of bonding attorneys Dickinson, Wright, McKean and Cudlip of Detroit.

The attorneys questioned whether the set of proposals approved by the board April 21 were substantially different from the $13-million bond issue defeated by voters at a special election March 28.

A state law pertaining to bonding proposals and school annexations states that the same question or measure should not be submitted to voters within six months unless a petition is signed by 50 per cent of the electorate.

Attorneys originally felt there was sufficient difference between the changes endorsed April 21 and the first $13-million bond issue, according to school officials.

CHANGED MINDS

However, they changed their minds upon further investigation, strongly urging more sig-

4,000 Fresh Troops Arrive

250,000 Americans Now in Viet

SAIGON, South Viet Nam (AP)— The United States landed more than 4,000 fresh combat troops in Viet Nam today, boosting the American buildup to nearly 250,000 men, but the ground war continued at a low ebb.

Jungle-trained infantrymen of the 25th "Tropic Lightning" Division from Hawaii came ashore at Vung Tau, 45 miles southeast of Saigon.

Their arrival completed a 25 per cent increase in American forces since the start of the year.

Half a dozen major U.S. ground operations in the jungled countryside failed to prod the Viet Cong into a fight. But a U.S. spokesman said determinedly: "We know the Viet Cong are there. We'll find them."

U.S. planes ranged over North and South Viet Nam again carrying the war to the Communists.

The Viet Cong confined their activity to a few small attacks and terrorism, their pattern in the last few weeks.

Three Vietnamese women were killed and seven persons were wounded when a small bus rode over a mine in the Mekong Delta.

A military truck struck a mine in the same area later, causing an undisclosed number of casualties.

★ ★ ★

The Viet Cong also fired mortars at a village in Hau Nghia Province, west of Saigon, made a grenade attack on an outpost 18 miles south of the capital, and wounded 16 civilians in another mortar barrage on a Vietnamese headquarters near Ba Tri, 60 miles south of Saigon, a government spokesman said.

Grenades wounded one U.S. serviceman at a warehouse in Saigon and another at an Army motor pool.

Three Vietnamese adults and four children were wounded at a nearby village.

Terrorists have thrown more than two dozen grenades in the Saigon area since April 1.

★ ★ ★

Saigon officials reported the city's security forces on alert for possible violence during a May Day parade Sunday by the Vietnamese Federation of Catholic Workers and the Federation of Vietnamese Workers.

In past years, the capital's two big unions have been able to muster as many as 40,000 marchers.

Senate Unit to Conduct Dodd Quiz

WASHINGTON (AP) — The Senate Ethics Committee announced today it will conduct public hearings on "the alleged relationship" between Sen. Thomas J. Dodd, D-Conn., and Julius Klein, owner of a Chicago public relations firm.

★ ★ ★

The bipartisan committee said the date for starting the hearings will be announced later, adding it desired to allow Dodd "sufficient time to prepare his defense."

The hearings will be the first held by the Senate Select Committee on Standards and Conduct.

They will go into only one phase of the committee's investigation into misconduct charges against Dodd.

★ ★ ★

Dodd's use of funds raised at testimonial dinners in his honor also has been questioned. He has denied any improper conduct.

ISSUES STATEMENT

Klein, a retired Army major general who is a registered agent for West German interests, issued a statement in New York yesterday saying he had made campaign contributions to Dodd and others but had never asked for anything in return.

BUSINESSMEN HONORED — Three Pontiac businessmen, James Clarkson, Carroll Osmun and Monroe Osmun, received Gold Membership Cards from Local 784 of the American Federation of Musicians last night for their outstanding contributions to Pontiac musical culture. Shown during the presentation ceremony are (from left) Clarkson, George V. Clancy, treasurer emeritus of the AFM; C. Neil Kimler, Local 784 president; Carroll Osmun and Monroe Osmun. The presentations were made during the 49th annual state conference of the federation held at the Kingsley Inn.

Yanks Wound Six Attacking Dominicans

Follows Anti-U. S. Protests by Leftists Marking Revolution

SANTO DOMINGO, Dominican Republic (AP) — U.S. troops fired on demonstrators attacking them last night and wounded six of the Dominicans.

The clash came after a day of anti-American demonstrations by leftists celebrating the anniversary of the revolution last April and demanding that U.S. forces leave the Dominican Republic.

A U.S. military spokesman gave this account of the shooting incident:

Demonstrators in the Villa Duarte suburb, on the eastern edge of the capital, marched toward a U.S. 82nd Airborne observation post near a bridge.

★ ★ ★

The crowd chanted anti-American slogans and burned a U.S. flag, then began throwing rocks. Three pistol shots were fired at the GIs.

STRICT ORDERS

The U.S. troops, under strict orders not to shoot unless authorized, fired 14 rounds at the demonstrators.

One report said that a 2-year-old child was among those wounded.

Later Thursday night an explosion rocked the area near the bridge, but the national police said it was a noise bomb hurled from a passing vehicle.

Witnesses said the demonstrators at the observation post were members of the Dominican Popular movement and the Castroite 14th of June movement.

Sniper Is Acquitted; Sanity Test Ordered

Gary Addison Taylor today was acquitted of assault with intent to murder by reason of insanity in the "phantom sniper" attack on a Bloomfield Hills woman nine years ago.

In reaching a verdict, Circuit Judge Arthur E. Moore said there was no doubt that Taylor did the shooting but that he acted under an irresistible impulse over which he had no control.

The case was heard without a jury which was waived by Taylor's defense attorneys Gilbert Davis and Robert Rann.

Though Taylor was found innocent, he will be returned to the Oakland County Jail to undergo psychiatric examination to determine his present mental condition.

Judge Moore's ruling only established the fact that Taylor, 29, of Royal Oak was insane when he wounded Shirley Eland now married and living in California.

A sanity hearing on the results of the psychiatric examinations by a panel of doctors yet unnamed will be held in two to three weeks, according to Moore, who then will decide Taylor's present mental state.

Since the Feb. 7, 1957 shooting Taylor until last January had been in state mental institutions.

He had never stood trial, but three months ago hospital authorities released him, stating he was able to assist counsel in his own defense.

Showers Forecast Tomorrow, Sunday

The weatherman promises a pleasant evening, with temperatures not so cool, lows dropping to 34 to 40.

Showers will come and go tomorrow through Sunday, with highs rising to 58 to 67.

Mostly cloudy, a little warmer, with showers possible by afternoon or evening, is the

forecast. Showers and turning cooler is the outlook for Sunday.

Morning winds light and variable at 5 to 15 miles per hour will increase to 10 to 20 miles tomorrow.

The low mercury reading prior to 8 a.m. was 39. By 1 p.m. the temperature had soared to 61.

Dems Warned on Spending

Gov. Romney Signs Appropriation Bill

LANSING (AP)—Gov. George Romney signed a $9-million spending bill today and warned of potential "absolute fiscal irresponsibility" if the Democratic-dominated Legislature continues its present financial course.

The $9 million is for unexpected spending in the fiscal year ending June 30. Some $2.6 million is welfare money.

Romney claimed 1966-67 spending bills—which cleared one house but face scrutiny by the other — will total between $1.01 billion and $1.035 billion.

"This is at least $75 million more than the recommended budget of $945 million," he declared.

★ ★ ★

"The passage of this budget would wipe out our surplus and put the state in the red. Such a deficit would be absolute fiscal irresponsibility."

House Speaker Joseph Kowalski, D-Detroit, contends the potential spending budget of $1.019 billion would leave $600,000 in the treasury surplus.

Kowalski's figures, however, do not include some spending measures not included in the main budget bills.

Bat(e)man Victim of Joker

By JOE MULLEN

SWISH, SWOOP!

Oops! There goes another "e" painted out of a Bateman Realty Co. sign.

Could this be a case for Batman?

Or, is it a bonanza for Bateman?

"Yes, someone has painted eight or nine of our signs to change the name from BATEMAN to BAT MAN," said Tom Bateman, president of the realty firm at 377 S. Telegraph that bears his name.

Besides the house signs, three of the firm's 6-by-16-inch automobile signs have been altered and occasionally someone calls the real estate office and wants to know if Batman is in.

Sign of the Times

But Bateman wasn't complaining.

"Actually, the Batman craze has been wonderful advertising for us," he said.

"It's great. The more famous Batman gets, the better."

A sound illustration that Batman blends well with Bateman is that the real estate firm enjoyed its largest sales volume ever last month with the figure approaching $3 million.

But what about those painted signs?

"Well," said Bateman, "we should bring them in immediately for repainting because the business is licensed under Bateman, not Batman.

"But sometimes it takes a day or two, or maybe three or four, to get around to picking up the signs.

KID HIM

"My competitors like to kid me," Bateman said.

"Someone is likely to slap me on the back and say, 'Hi, Batman' while I'm standing in line waiting to register a deed.

"And, I've had fun kidding our sales people by telling them we're all going to get Batman suits."

An ironic twist to the Bateman-Batman story is that Bateman has been so busy he has never seen Batman on television.

East German Guards Shoot, Kill W. Berliner

BERLIN (UPI)—East German border guards today shot and killed a West Berliner swimming in a border canal.

The shooting took place as the West German Socialist party and the East German Communist party met together for the first time. Eyewitnesses said East German border guards fired 40 to 50 shots at the swimmer from the eastern ban kof the canal.

'Li'l Ones' Will Bring Big Laughs to Readers

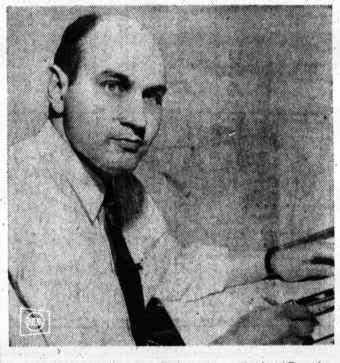
A pint-sized package of fun and entertainment is coming to readers of The Pontiac Press, starting Monday. It's "Li'l Ones," the cartoon populated by precocious kids whose funny world is always good for a laugh.

"Li'l Ones" perfectly captures the spirit of humor, the flavor of youth and the bit of truth that so often comes from the mouths of babes. It is the cartoon that has something for everyone.

'Mad Bomber' Gets Hearing

NEW YORK (UPI) — George P. Metsky, 60, the "mad bomber" who terorized New York City for 17 years until his arrest in 1957, yesterday won the right to a new hearing in his legal battle to get out of Matteawan State Hospital for the Criminally Insane.

The appellate division in Brooklyn ruled that Supreme Court Justice Leonard J. Supple did not give Metsky a fair chance to present his side of the case in a habeas corpus proceeding in 1964. It ordered the lower court to give him a new hearing.



WINS AWARD — Jim Berry, whose popular "Berry's World" appears in more than 500 client papers of the Newspaper Enterprise Association, including The Pontiac Press, was voted this year's "Best Syndicated Panel Award" by his 500 fellow members of the National Cartoonists Society.

Mexico Student Strike Said Part of Plot

MEXICO CITY (AP) — The Mexican attorney general's office says foreign and Mexican agitators planned to use the university student strike as the springboard for overthrow of the government.

The attorney general's investigation after the arrest of three Argentines and five Mexicans had uncovered a plot to set up a "Communist-type" government by provoking a crisis among the students and subverting other groups.

Arrests of the eight persons was announced Tuesday after student rioting which resulted in the forced resignation of the national university's rector.

The plot "called for a strike to begin at the university's law school and then spread to other schools in the university," the attorney general's report said. "Later on they would seek support from labor and other social groups."

8 CONFESS

The eight under arrest have confessed agreeing at several secret meetings to give moral and financial support to the striking students, the report added.

One of the Argentines is Oscar Fernandez Bruno, a leader of the Revolutionary Worker's party. The report said he distributed pamphlets calling on students to stir up disorders both inside and outside the sprawling university campus.

The others arrested were identified as Teresa Confreta de Fernandez and Adolfo Otilio Malvagni Gilly, also of Argentina, and Mexicans Gildardo Islas Carranza, Ramon Vargas Salguero, Marta Elena Vargas Salguero, Sergio Garcia Estrada and Leocadio Franciso Zapata Muzquis.

They are being held on charges of conspiracy and illegal association. The three Argentines also are charged with document forgery and violation of immigration laws.

Francisco Galindo Ochoa, the presidential press secretary, on Wednesday denied reports published in the United States that the university had come under Communist control as a result of the strike. He said the government was disturbed by reports that the 7,000 strikers were inspired or led by Communists.

Informed sources said Thursday that a small group of Communists were joined by Rightists in the 44-day strike, which began when law students protested certain rulings.

The strikers, who have forced the closing of the 70,000-student university, said classes would resume Monday if a new rector were named immediately. But the 14-member governing board of the college said the forced resignation of rector Ignacio Chavez was illegal.

Rudolfo Flores Urquiza, a strike leader, denied that Communists were leading the students and contended that Leftists wanted Chavez to continue as rector.

King Urging Big Bloc Vote

Aims for Huge Negro Turnout in Alabama

MONTGOMERY, Ala. (AP) — Dr. Martin Luther King Jr. heads into rural Alabama today, calling for a massive bloc vote by Negroes in the governor's race next Tuesday.

"I say to you, we have got to vote together," King said Thursday night at a Montgom-

See Story, Page B-10

ery church rally, the second stop in his campaign to send upwards of 230,000 Negro voters to the polls in the Democratic primary.

★ ★ ★

It will be the first major Southern election since enactment of the 1965 voting rights act — an outgrowth of King's civil rights campaign in Selma, Ala. Some federal observers have been assigned for the primary to more than 30 communities in the 11 counties in which federal voting examiners have been working.

"Let them call it bloc voting," King told a cheering crowd at the church. "We must bloc vote."

POWER INEFFECTIVE

Otherwise, King said, the new balloting power gained under Congressional action will be ineffective. He urged the Negroes to agree on a candidate for governor.

"Then every Negro ought to vote for that man," he said.

★ ★ ★

King did not mention any candidate's name. Nor did he allude to specific candidates. But one of his lieutenants, Hosea L. Williams, told the Montgomery crowd to back the slate of the Confederation of Alabama political organizations.

"That ticket will be headed by Flowers," Williams said, referring to Atty. Gen. Richmond M. Flowers, a gubernatorial candidate who openly seeks the Negro vote.

PREDICTS 50 WINNERS

King predicted that if Negroes turn out in large numbers, more than 50 Negroes will win primary races. There are 52 running for county offices or legislative seats. Among them are 12 candidates for the all-white legislature and seven candidates for sheriff.

"The Alabama Negro is on the verge of ushering in the most vital phase of the second Reconstruction," King told 2,000 persons at his first speech, at Tuskegee Institute auditorium.

Death Toll Rises to 50 in E. Java Volcano Eruption

JAKARTA, Indonesia (AP) — The death toll from the eruption of the Mt. Kelut volcano in East Java has risen to 50, the official news agency Antara reported today.

The toll is expected to continue to climb. Antara said the fate of another 100 persons in the village of Margomuljo still was unknown.

The volcano erupted with explosive force last Monday night. Streams of lava poured down the 5,678-foot-high peak and toward the city of Blitar. Communications with Blitar remain cut off.

Antara reported that a mass evacuation of the densely populated area was under way. Some 500,000 persons live in the area.

Birmingham Area News

Season Starts Sunday at Cranbrook Gardens

BLOOMFIELD HILLS — The Cranbrook House Gardens will officially open for the season Sunday.

The Gardens comprise 40 acres surrounding the home of Cranbrook's founder, the late George C. Booth. The gardens feature casual and formal plantings along with the Greek Theater, cascades, pieces of sculpture and pine walks.

Opened through October, the garden hours are 2 to 5 p.m. Tuesdays through Fridays, and 10 a.m. to 6 p.m. Saturdays and Sundays. They will be open on major holidays as well.

Tickets can be bought at the sales desk in Cranbrook Academy of Art Galleries on week days, at the drive entrance to Cranbrook House and at the booths on Academy Way.

★ ★ ★

Proceeds go for scholarships and tuition grants for students of the Cranbrook institutions and supplement the funds for garden maintenance.

BIRMINGHAM — The Classic Film Series at the Community House will end for the season with "Public Enemy," starring James Cagney, Wednesday at 8 p.m.

The film will be shown in the main auditorium of the Community House at Bates and Townsend.

Tickets may be purchased in advance or at the door.

The series included films illustrating specific movie-making features, including the silent films and the first talkies. "Public Enemy" is one of the first ganster films.

Registration for the Birmingham Conservatory of Music "Summer With the Arts" program is open now through June 30.

A two week summer camp program is scheduled for both July and August. Classes will be held every day for 10 days at all levels.

Included in the July program for the pre-school division is creative dance and art in relation to dance in a two hour morning program.

Scheduled in the junior division are art and sculpture in relation to dance, introduction to piano, music appreciation and creative dance in a three-hour morning program.

Creative dramatics, creative dance, art and sculpture, and introduction to piano are planned for the intermediate division.

AUGUST PROGRAM

In addition to art and sculpture, the high school and adult division will have folk singing and dance, introduction to piano, modern dance, dance composition and music appreciation.

The August program will have tap, ballet, and modern jazz in addition to the subjects for the July program.

A seminar for physical education and nursery school dance teachers is scheduled for July 25 through 29. The 1½-hour sessions will meet Monday through Friday.

ROBERT M. CRITCHFIELD

Gift Chairman of Scout Drive Is Appointed

The appointment of Robert M. Critchfield as major gifts chairman for the Clinton Valley Council, Boy Scouts of America, Lost Lake Reservation Development Fund, has been announced.

Critchfield of 901 N. Lake Angelus Shores, Lake Angelus, is a retired vice president of General Motors and former general manager of Pontiac Motor Division.

In announcing the appointment, John Z. DeLorean, general chairman, said:

"We are very fortunate to have one of our community's outstanding leaders heading this important part of our campaign. Mr. Critchfield's active support to help the youth of today and the leaders of tomorrow is typical of his community spirit."

The campaign goal of $550,000 is to purchase and develop a camping site for Boy Scouts in Macomb and Oakland counties. The Lost Lake Reservation is near Clare.

★ ★ ★

Active in civic affairs, Critchfield is a member of the advisory council of Junior Achievement of Southeastern Michigan, Inc., and was recently reelected president of the Pontiac Young Men's Christian Association.

New President of PEA Says Teachers No Longer Submissive

The submissive role of the schoolteacher has changed. Teachers are coming alive.

This was the message last night from Webster School teacher Laurence Beamer, new president of the Pontiac Education Association (PEA).

Beamer spoke at the annual PEA banquet at Pine Knob Ski Resort in Independence Township.

"Whereas the teacher once accepted her role with submissive obedience to the school administration and to the public, the teacher of today is raising vital questions that openly question previously accepted notions . . ." Beamer said.

"Every fact of education — from the area of authority for final decision-making down to personnel practices — is being scrutinized by teachers."

LAURENCE BEAMER

'BECOME ACTIVE'

The new PEA president urged all teachers to become active in both partisan and nonpartisan politics.

In addition to supporting political candidates, teachers themselves must fill positions of leadership in the community and state as elected officials, said Beamer.

"Professionalism is not synonymous with subservience," he said.

Today's teachers are better trained to have a voice in education, according to Beamer.

BIG CLIMB

He said the percentage of teachers having bachelor degrees or better has climbed from 60 per cent in 1947 to 90 per cent in 1963.

During the same period, the proportion of master's degrees has increased from 15 to 25 per cent.

Beamer said teachers would effect little change without unity.

He said there must be involvement on the part of every teacher and there must be leadership for united action.

"If teachers . . . act as spectators," declared Beamer, "then they will have to accept a second-rate profession; they will have to accept second-rate working conditions; they will have to accept second-rate salaries.

Report Syrians Fire on Israelis; 4 Wounded

JERUSALEM (UPI) — Syrian positions overlooking the Hula Valley on the Israeli border opened up on Israeli troops with machine gun fire today, wounding four persons, a military spokesman reported.

The shooting broke out despite what appeared to be a warning by Israeli Premier Levi Eshkol to Syria and Jordan against further border incidents.

Big Cleanup Starts Along Lake Erie

MONROE (UPI) — Massive cleanup operations began today along 100 miles of Lake Erie shoreline pounded by gale-force winds and foaming waters during the worst flood in 14 years.

★ ★

Most of the 5,000 who fled their homes Wednesday had returned by today to broken beach cottages and lavish lakeside homes filled with mud and destruction.

The threat of disease also lurked as contaminated wells forced a "boil all drinking water" order from authorities.

As the low-lying sections flooded by up to five feet of lake water, began to drain, damage estimates mounted to near $1.4 milion.

★ ★ ★

The Red Cross said 689 homes and 11 businesses were damaged in Monroe County.

Ohio Gov. James Rhodes toured flooded areas in Lucas County, Ohio, and said 720 homes were damaged there.

MICHIGAN DAMAGE

Damage in Michigan was estimated at $957,000 and in Ohio at $435,000.

But Rhodes and Gov. George Romney of Michigan said it did not appear federal disaster relief would be needed.

Romney and Rhodes urged local groups and citizens to help the flood refugees. Romney called for contributions to the Red Cross, which housed and fed flood refugees.

★ ★ ★

No buildings were demolished but the pounding wind and waves had broken windows, carved up huge stretches of beach and sent trees, mud and floating objects crashing into cottages.

SCHOOLS TO OPEN

Schools, except in the hardest-hit Luna Pier area, were scheduled to reopen this morning and Lt. Gov. William G. Milliken, who toured the flooded areas, said state assistance probably would not be needed.

★ ★ ★

Lt. Col. Arthur Phillips, state disaster coordinator, said heaviest damage was done to seawalls and drainage ditches in the Luna Pier area about 10 miles south of here.

AP Photofax

RETURN TO HOLLAND—Crown Princess Beatrix, followed by her husband, Claus van Amsberg, rushes down the plane ramp to greet her mother, Dutch Queen Juliana, at Amsterdam Airport today. The couple, returning from their seven-week honeymoon, came back for the 57th birthday tomorrow of the Dutch ruler.

Bond Proposals Revised

(Continued From Page One)

nificant differences in the bonding proposals.

Milton Thompson, a partner representing the legal firm at last night's special meeting, said that they want to make sure the bonds would be legal if and when they are issued.

He noted that the bonding proposals endorsed by the board April 21 were basically the same as the original $13-million bond issue, although split into three propositions instead of one.

★ ★ ★

Thompson cited two cases contended to be in violation of the state law, which were heard before the Michigan Supreme Court.

4 NEW SCHOOLS

Bonding proposals approved by the board April 21 consisted of $11,975,000 for four new schools, improvements to existing schools and buildings and purchase of new sites; $625,000 for an auditorium and $400,000 for a swimming pool.

School board members said that decision could be postponed on the two new elementary schools not included in the new proposals because there is not an immediate need for them.

However, they pointed out that the schools would be needed later in the proposed five-year building program, voicing a slogan, "Today's Needs Today."

★ ★ ★

The proposed elementary school would be built in the Crescent Lake area.

SWIMMING POOL

School officials also stressed the importance of placing the swimming pool and auditorium proposals on the ballot "while the price is right."

Only property owners will be allowed to vote on the five questions since the millage proposition is for more than a five-year period.

May 16 is the last day for unregistered voters to register with their respective township clerks for the election.

★ ★ ★

Two school board contests and six trusteeships for Oakland Community College also will be voted on in the June 13 election.

Car Condition Bill to Senate

LANSING (AP) — The House passed a bill Thursday requiring all motorists to certify that their cars meet all the state's safety standards.

The measure, passed 87-9 and sent to the Senate, would require the motorist, when he registered his vehicle, to sign an affidavit saying his car or truck meets 10 specified standards for safety. These include brakes, tires, steering mechanism and exhaust.

Generally, the motorist would be expected to take his car to a garage for a check and have a mechanic sign a "certificate of compliance." The motorist however, could do his own inspecting.

House leadership and a majority of the members have made it clear they have yet to be sold on compulsory vehicle inspection. Results in other states have been dubious, they said.

A motorist or mechanic signing the affidavit or certificate while knowing the car to be unsafe could be fined and jailed. The motorist could be sentenced to as much as a year, and the mechanic up to 90 days.

'Reds Began Antimissile Net'

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON—U.S. officials said today the Russians started to build antimissile facilities some time ago but stopped, apparently because they ran into difficulties.

This was the firmest information yet provided that the Soviet Union actually had begun, at least at one stage, to emplace a system designed to try to knock down U.S. Intercontinental Ballistic Missiles.

★ ★ ★

The officials were vague as to the present stage of the Soviet antimissile program. They said they do not know whether the Soviets are deploying an antimissile system.

This disclaimer was taken with some skepticism. The United States makes it its business to keep a close check on such developments inside the Soviet Union, in part through the use of reconnaissance satellites.

DATE TO 1963

Reports of antimissile sites being erected around Leningrad and Moscow date back to 1963 but there has never been any official confirmation.

The Soviets have made claims that they have the ability to knock down U.S. missiles, and American authorities have not challenged this.

However, the officials who spoke of the start which the Soviets made on constructing antimissile facilities stressed that — regardless of what kind of a system the Soviets might install — the U.S. missile force can penetrate any defense system and destroy the Soviet Union, if necessary.

It was noted that the United States has put great effort in development of what are called penetration aids.

These are devices of various sorts designed to enable U.S. missiles to evade or fool Communist antimissile batteries.

Among other things, these aids include a variety of decoy devices, maneuverable missile warheads and multiple warheads.

Huron Valley Election June 13

$8-Million School Bond Issue on Ballot

By JANICE KLOUSER

MILFORD — A record $8,313,100 bond issue for building, a 7-mill operating tax increase for three years and a 3-mill tax renewal will be submitted to Huron Valley school district voters at the June 13 school election.

Included in the bond issue is a $650,000 swimming pool at the high school which will appear on the ballot as a separate proposal.

The building program, including the pool, would increase the bonding tax rate by 1.94 mills.

The board presently levies 5.06 mills for bonded indebtedness and under a new state law, school districts that levy 7 mills for building may borrow from the State School Bond Loan Fund if necessary.

The 7-mill operating tax increase would bring the total operating levy to 23.70 mills.

PRESENT LEVIES

The board presently levies 8.70 allocated mills, 5 extra voted mills which expire in 1968 and 3 extra voted mills for which the board is seeking renewal.

If renewed, the 3 mills would expire in 1968 along with the 5 mills.

Schools Supt. Dr. Truman Owens said he feels it is "more honest" to present a total package to the voters when the time comes than to do it "piecemeal."

* * *

Owens said the proposals will not provide a "plush program."

'LOWEST RATE'

"Except for two other school districts, we have the lowest tax rate in the county," he said.

Trustee James W. Smith said it is a "good, economical package."

It is higher, however, than any of the four alternative programs recommended by a citizens study committee.

Board members said it would more adequately cover the district's needs. The most extensive program submitted by the committee would have cost $7.1 million.

PROVISIONS

The bond issue, the largest ever submitted to district voters, would provide the school district with:

- Two 20-room elementary schools at $992,000 each.
- Two 22-room elementary schools at $1,034,000 each.
- An addition to the high school costing $1,161,000.
- A central administrative office costing $190,000.
- Complete development of existing sites at $400,000.
- New equipment for Muir and Highland junior high schools costing $165,000.
- Additional school sites costing $150,000.
- Renovations and additions to Highland Junior High School costing $655,000.
- Improvement of the heating system at Duck Lake Elementary School for $21,000.
- Refunding of the $300,000 bond issue of 1957.
- Shop equipment at the high school costing $69,000.
- Added contingencies to cover rising costs for $500,000.
- A swimming pool costing $650,000.

The elementary schools would be the largest ever built in the district at one time. Smith said an eight-room school is the largest built to date with rooms added on as they were needed.

He said it "makes more sense" to do it this way because it will allow flexibility in placement and will allow the class load to be reduced to less than 30 pupils per teacher.

Owens said that by adding about 34 rooms to the high school, it takes a load off the junior high schools.

AT HIGH SCHOOL

He said ninth graders will be moved into the high school until the rooms are needed by the high school students.

This will allow a maximum capacity at the high school of about 1,500 students. The present enrollment is 850.

"Our biggest problem is at the secondary level," said Owens. "By 1968-69, we'll have more junior high pupils than we'll have room for.

* * *

"We'll have more flexibility by adding on to the high school than by building another school at this time," he said.

LIMITATIONS

He said the enrollment will be limited to 1,500 until a second high school can be built.

The proposed $190,000 central administrative office would include an office training room for students.

The site development, Owens said, will make the areas suitable for both school and community use.

* * *

The additional facilities at Highland Junior High will include a gym which Owens said is "badly needed."

REFUNDING

By refunding the 1957 bond issue, part of the 3.06 mills presently being used to support that issue can be put toward the new proposal.

Owens said the physical education program at the high school requires either a swimming pool or a second gymnasium.

He said it is more desirable to have a swimming pool.

* * *

He said in the event the pool proposal fails and the rest of the program passes, the debt levy will still be increased by 1.94 mills.

ASK AGAIN?

"If it fails," he said, "we'll have to ask for it again or ask for a second gymnasium."

He said the rest of the proposals would have to be resubmitted if unsuccessful the first time because "they are necessary."

The superintendent pointed out that the buildings will not be ready until 1968 but, "this is when they will be needed."

News of the Area

NEW INSTRUCTIONAL EQUIPMENT — Ford Motor Co.'s Macomb County Community Relations Committee recently presented $1,700 worth of automotive equipment to Oxford High School to be used for instructional purposes in the school's mechanical arts classes. William W. Fredericks (left), manager of Ford's Proving Grounds at Romeo, made the presentation to H. B. Johnson, high school principal.

Proposed Industrial Park Opposed by Huron Valley

WHITE LAKE TOWNSHIP — The Huron Valley Board of Education last night joined the opposition to proposed industrial and commercial development next to Lee Brooks Elementary School.

Now before the White Lake Township Board is a request to rezone some 70 acres of property on three sides of the school site, which is on Hill Road just north of M59.

Plans call for 63 acres north and east of the school site to be developed as a light industrial park, with some seven acres along M59 reserved for commercial use.

The property is owned by Warren developers Raymond Sequin, Al Rossi and John Bologna.

* * *

The proposal to develop the property as an industrial park was made by a five-member commission appointed by the Township Board in September 1965, "to explore and promote the possibilities of an industrial development."

DISSENTING VOTE

Donald von Rase, who cast the single dissenting vote when the nine-member township planning commission recommended the rezoning, is leading Brooks PTA's campaign against the rezoning.

"There is no justification for this," the former PTA president said, accusing the planning commission of "incredibly bad judgment."

The rezoning, he said, would make Brooks "a third-rate school."

* * *

Some 1,300 persons who live in the area of the school received letters from the PTA's executive board yesterday.

RESALE VALUES

The board charges that the rezoning would bring a "severe decline" in resale values of homes in the area and deterioration in the quality of education offered by the school.

"If such rezoning were to be permitted, Brooks School would automatically rank at the bottom of anybody's list of Huron Valley schools," the circular said. "It would automatically become the rotten apple . . . the school to be avoided by teachers of superior ability."

Von Rase also listed as a factor the fear that an industrial development would create a traffic safety hazard for the children attending the school.

* * *

The Oakland County Coordinating, Zoning and Planning Committee disapproved the rezoning request in April on the grounds that the industrial zone would be incompatable with the school property and the commercial district would "unnecessarily extend 'strip' commercial development along M59."

The Township Board, then, has two conflicting recommendations as it considers the matter.

Von Rase noted that two of the five board members, Raymond Stempien and Walter H. Weinman, were on the industrial commission that proposed the rezoning and that Supervisor Edward Cheyz, as a member of the planning commission, had voted in favor of it.

The matter was tabled by the board until May 10 to allow time for a meeting with the school board, but such a meeting can not be arranged, Cheyz said.

The industrial commission was appointed, Cheyz said, because the township has no industrial sites.

"When someone wants to locate an industry here, we have nothing to show them," he said, commenting that the township lost three prospects last year.

OTHER PROPERTY

Cheyz said the commission explored several areas, but that the owners of other property declined to apply for rezoning.

The supervisor indicated he was surprised that opposition was being voiced now.

"We have worked on this for six or seven months and all interested parties have been notified all along," he said.

The school board and the PTA plan to send representatives to the May 10 Township Board meeting.

"If this is passed, I'm quite certain we'll circulate petitions to have a referendum vote and undoubtedly initiate legal action," von Rase said.

In Imlay City District

2-Mill Levy, Salary Hike Up for Vote

IMLAY CITY — School district voters will be asked on June 13 to approve a 2-mill operating tax levy and to increase the pay of board of education members from $4 per meeting to $10.

Schools Supt. Alvin Norlin said the two mills are needed in addition to the present 5-mill levy to help balance the preliminary 1966-67 budget.

Norlin explained that 15.4 mills are necessary to balance the $797,030 budget. The current operating levy is 13.35 mills.

If the 2-mill increase is approved, it would bring the total tax rate to 19.85 mills. The district presently levies 4.5 mills for debt retirement.

* * *

The largest expenditure in the budget is teachers' salaries, which are to be raised for the next school year. They presently total $423,200 and are estimated at $489,750 for the 1966-67 school year.

IN NEGOTIATION

The raises have not yet been determined. They are still in negotiation.

Also included in the preliminary budget are raises for all other personnel, as well as five additional teachers to take care of the expected increase in enrollment.

GUEST SPEAKER — Rev. Miltiades B. Efthimiou, pastor of SS. Constantine and Helen Greek Orthodox Church, Detroit, will be the guest speaker at 7 p.m. Monday at St. Mary's College, Orchard Lake. He will discuss the Greek Orthodox church in a conversation in the campus assembly hall.

Pair Break In, Rob Couple

SHELBY TOWNSHIP — An elderly couple was robbed of $600 Wednesday night after being locked in the bathroom by two men who forced their way into their house.

Police said two men, described as being in their early 30s, broke into the home of Mr. and Mrs. William Bose, 47200 Pinecrest, about 11:40 p.m.

They said the Boses were locked in the bathroom while the two men ransacked the house, but were not injured.

Ortonville Lions Club Elects New Officers

ORTONVILLE — Karl Robinson, 598 Mill, was elected president of the newly formed Lions Club at an organizational meeting Wednesday night.

Other new officers are Leary Wood, first vice president; Arnold Seelbinder, second vice president; Karl Kalamaja, third vice president; Gordon Bonser, secretary; and Frank Sherman, treasurer.

Ambassador Lodge Heading Home for Full Review of U.S. Viet Policy

SAIGON, South Viet Nam (AP) — The most embattled American ambassador in the world heads home Saturday for a major review of U.S. policy in Viet Nam.

* * *

Henry Cabot Lodge leaves behind his fortresslike embassy in steaming Saigon and the largest American military and civilian force in any foreign country.

* * *

He also leaves tough problems that include political turmoil in South Viet Nam as well as the bitter war against the Communist Viet Cong.

He has promised to return in two to three weeks. Rumors that he plans to resign have been denied.

IN 'TOP SHAPE'

"The ambassador is in top shape; the crisis has not destroyed his nerves or his stamina," a close associate said of the 63-year- old diplomat. "To use an old-fashioned word, he is a patriot. He could well retire on his laurels. But he considers it his duty to serve here as long as he can and is useful."

* * *

To eliminate any appearance of a crisis trip, Lodge plans to stop in Rome on the way to Washington and may see Pope Paul VI. Then he expects to spend a few days around Boston, his home area. He is due in Washington May 7 or 8.

* * *

U.S. officials are firm — "No crisis decisions will result from his trip. It will be an important review and perhaps some new policy decisions. But this is no crisis trip."

* * *

Lodge has been in Viet Nam since last August on his second tour here, taking over from Gen. Maxwell D. Taylor. In his absence Deputy Chief of Mission William Porter — a veteran of French Algeria's chaos and agony — will be in charge.

Horehound, an herb belonging to the mint family, has been used as a chest remedy since the 9th century. Today it is a popular ingredient in cough-drops.

Touring Trio 'Slays' Stockholders

Normally, you wouldn't classify annual shareholders' meetings of large corporations as places of amusement.

But Mrs. WILMA SOSS (rhymes with hoss) of New York and her supporting cast of two have done much to introduce a note of diversion into the customarily staid and statistical atmosphere of such get-togethers.

Most recent of the trio's appearance was at American Telephone & Telegraph Co.'s annual meeting at Detroit's Cobo Hall.

Headliner Soss, usually attired like a side-show exhibit and, in the Detroit appearance, accompanied by a bodyguard, is the forensic feature of the production as she continually takes to a microphone to air questions, criticisms and suggestions to the bedeviled chairman of the meeting.

But New York attoney LEWIS D. GILBERT is by no means a bench warmer as he spells Mrs. S. at the mike, and the third member of the act, New Yorker EVELYN DAVIS, gets in a lot of words more than edgewise.

What is the purpose of the histrionic hecklers in playing the circuit of annual corporate meetings?

★ ★ ★

Purportedly it is to represent the Federation of Women Shareholders and other minority blocs and for their "protection" probe the verities of the financial and operations reports submitted—and anything else that comes to mind.

The way the needle of the Traveling Troubledours is presently pointed, the day may not be far off when shareholders' meetings will be announced in the amusement section of newspapers instead of the financial.

U. S. Should Look MAP Gift Horse in Mouth

Since World War II, Washington, at a cost of $37 billion, has been the paymaster and armorer for half the countries of the world. Now Congress is being asked for an additional $917 million for the U. S. Military Assistance Program (MAP)—on top of about $1 billion for paying and equipping the South Vietnamese army.

Of the 62 nations down for military assistance this year, but three have come to our aid in Viet Nam.

★ ★ ★

But against a rising tide of congressional opposition to the $12 billion annually budgeted for MAP, Secretary of Defense ROBERT MCNAMARA defended it before the Senate Foreign Relations Committee. He testified that the nations involved deploy more than 3.5 million defensive soldiers in various danger areas of threat to the democracies.

Should aid be withdrawn from the countries providing such protection, McNamara argues, the U.S. would have to fill the resulting manpower void with comparable replacements — the number of which would exceed the present total strength of American armed forces.

"Moreover," the secretary asserted, "it costs $4,500 a year to maintain a U. S. soldier abroad, while the aid country can do it for $540." Reasoning thus, he calls MAP a bargain.

Maybe we're a bit cynical, but we've come to believe that whenever the United States gets involved in a bargain, it's the other fellow who benefits. Moreover, as any housewife knows, "bargains" often consist of shoddy merchandise.

Cost Was High When 'Betsy' Breezed Through

In terms of losses and claims, Hurricane Betsy, which hammered the Bahamas, Florida, Louisiana and Mississippi last September, probably posed the most serious challenge ever faced by the insurance business.

★ ★ ★

So says the American Insurance Association, issuing its latest box score on the disaster.

Of 436,000 claims filed in three states—258,000 of them in New Orleans alone—388,000 have been settled at a cost of $256 million.

The figure doesn't include giant individual losses in excess of $100,000, which involved large industrial and commercial structures, oil industry installations, churches, schools and government structures. Such losses will probably add another $15 million.

When marine and auto losses are included, the estimated final total swells to something like $715 million.

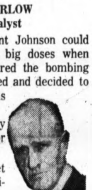
★ ★ ★

Betsy is indeed the outstanding exception to the old adage that it's an ill wind that blows no good.

Johnson Not Sticking Neck Out

By JAMES MARLOW
AP News Analyst

WASHINGTON—President Johnson could see what was coming in big doses when earlier this year he ordered the bombing of North Viet Nam resumed and decided to step up the war. What was coming was criticism.



MARLOW

In fact, it was already there and had been for months.

But the critics of his Viet Nam policy, already plentiful and vocal, seized upon his decisions this year for fresh outbursts. Johnson had been around long enough to know they would.

He also had been around long enough to know that unless he met this criticism head-on himself, it would get worse and that more than just answering the critics was involved.

The more the criticism and the longer it went unanswered, the more confused Americans would become about the war, which meant a division of opinion in this country.

If Johnson had gone on national television for one hour, he could have explained his policy, why he thought it necessary to fight the war, what it meant to the United States, to Viet Nam, to Southeast Asia, to the Communists.

IN SENSITIVE SPOT

Once he did this, of course, he would have been a rallying point and a prime target — a rallying point for all those who agreed with him or thought he should be supported; a target for those who disagreed.

In short, for Johnson to have laid it on the line himself on television in a detailed and lengthy explanation would have been to stick his neck out.

He has let his lieutenants — like Vice President Hubert H. Humphrey, Secretary of State Dean Rusk, and others — do the explaining about American policy and intentions.

★ ★ ★

The only trouble about such explanations is this:

- They turn into a patch quilt, with Humphrey throwing in something now, Rusk adding something later, someone else contributing a bit some other time.
- The explanations, particularly Rusk's, with all their diplomatic phrasing — like saying this country could live with a "nonaligned" South Viet Nam — are sometimes far from clear.

A BLURRED PICTURE

The result is that the American people, and people overseas, have to try to put the pieces together which is quite different from the kind of comprehensive picture they might have had if Johnson did the explaining.

By staying in the background Johnson has saved himself from expanded personal attacks but that doesn't necessarily make his comparative silence the wiser policy.

Voice of the People:

'Law Day Is Reminder of Our Nation's Heritage'

Law Day USA should remind Americans of their precious heritage of liberty, justice and fair play. America is a government of law, not men . . . We in America must defend our heritage. We must remain enternally steadfast to the ideals which have made this Nation great. Law Day USA is symbolic of the great challenge which we face today to remain free.

J. EDGAR HOOVER, DIRECTOR
FEDERAL BUREAU OF
INVESTIGATION

'Mothers Join Crusade to Fight Communism'

There are solutions in Viet Nam, but the course our government is taking will never lead to one. The general consensus is "fight to win with all we've got, except our boys, or get out." There may be another way. A group of mothers have formed a "Mothers' Crusade for Victory Over Communism," and are getting out petitions which advocate for Congress to enact a law banning aid and trade with Communist nations and their satellites.

Nonstrategic, as well as strategic materials, which help the economy of any Communist nation, in any way, releases funds which the Communists are able to divert for their military build-up to be used against the free world. You can sign a petition or write your congressman. Withholding foreign aid to other countries who furnish material to kill our boys will help, too. Our Constitution states that giving aid and comfort to the enemy is treason. We should use a complete economic blockade instead of killing our fine American boys.

Comments on Inequities in Firemen's Pay

I wonder at the ethics or legality of the West Bloomfield Township Board appointing council member Walter Whitmer to the position of chairman of the fire committee, as he is a volunteer fireman. Wouldn't this place him in the position of giving orders to his fire chief? With his firsthand knowledge of the needs of the fire department, why does it always rank so far behind the police department when it comes to pay raises? Let's hope the township board will stand behind the firemen and see that the inequities in the pay scale are remedied.

ROSEMARY HUNT
KEEGO HARBOR

Two Are Concerned About Animal Cruelty

The attitude of civilized Christian people today is shocking, as long as the knife isn't in their backs and their pets are not stolen. Anyone having one beat of kindness in his heart for dumb animals should write the President or Representatives and ask them to introduce a bill identical to the Helstroski legislation H. R. 10743. No other bill is acceptable to give animals protection.

MRS. LOIS WINCHESTER
OREGON

Reports on use of animals for various experiments are appalling. How is it possible for normal people to tolerate useless cruelty when results are easily obtained without the sacrifice of all judgment, mercy and compassion? Such wantonness is hideous and dehumanizing. Pseudoscientists and intellectual robots are not contributors to the general welfare and moral stability.

FRANCES BOWLES
ORCHARD LAKE

Disagrees With City's Method of Election

Voting for a commissioner in a district other than the one you live in makes as much sense as voting for a mayor in another city or a governor of another state. When you don't live in a district and don't know the conditions of that district, you can only vote on hearsay.

★ ★ ★

I again invite you to see the Brooklyn area after a heavy rain. They say it will take so much money for a storm sewer. Add up the hours the trucks and crews spend pumping water off the street after a rain, plus what they got for the sale of the school property, and it would make a good-sized payment on storm sewers.

MRS. NADINE TEAGUE
41 E. BROOKLYN

A argues the largest oil field in the world is in the United States. B says "no." Who's right?

C.

REPLY

B is correct by a wide margin. The East Texan Field is the biggest in the U.S. and is 215 square miles. At Oktyab in Russia there's one comprising 1,800 square miles.

David Lawrence Says:

A-Test to Spur Review on China

WASHINGTON—Red China is getting ready to explode its third atomic bomb. Significantly, this is announced not by Peking but by the State Department in Washington. The news has a transcendent importance to the world, and it could intensify consideration here of a new policy toward the Chinese people on the mainland.

LAWRENCE

When it exploded its first atomic device on Oct. 16, 1964, the Peking government said that the bomb was "for the purpose of coping with the nuclear blackmail and the threats of the United States and for the purpose of abolishing all nuclear weapons." Certainly the United States has never made any such threats.

It has been suggested again and again that the object of the Red Chinese in developing atomic weapons is to blackmail neighboring countries and cause them to knuckle under to Chinese demands.

There could be other motives, too. It is important, for example, for the Red Chinese to try to equate themselves with the Soviets and to foster the impression of a military independence based on nuclear power.

★ ★ ★

There is reason to believe that the Peking government is currently using its nuclear experiments as a tool of foreign policy but will not present a challenge to other nations, at least for many years to come.

SEVERAL YEARS

Dr. Edward Teller, America's atomic expert, told a House subcommittee here recently that China would not have enough nuclear power for several years to threaten the United States directly.

He urged this country to begin putting atomic warheads in countries bordering Red China.

This is a pointed suggestion and could mean that a closer relationship between the Chinese republic on Formosa and the United States would become inevitable.

★ ★ ★

Indeed, far from compelling the United States to abandon the Nationalist government on Formosa, the new developments in the nuclear field could have just the opposite effect. For the United States could use Formosa as a military base more effectively than any other land area in the Far East.

NEW PLANS

The whole situation now is bound to bring demands for new plans to deal with the problem of Red China.

Merely to admit the Peking government into the United Nations, as some of the experts on China have suggested, would not solve anything. It would only reward aggression.

One possible solution of the China problem is to work more directly with the Chinese people.

★ ★ ★

The United States and other nations might consider sponsoring a plan of economic aid that could, when it was publicized, revolutionize life inside Red China.

(Copyright, 1966, Publishers Newspaper Syndicate)

Bob Considine Says:

Paris of Today Is Far Cry From Heyday of the 20s

PARIS — Suddenly, this is no longer the mad mad mad capital of the Western world.

If the gay and morose and talented American expatriates of the early 1920s could be disinterred, they would not descend this time on Paris. They'd go to London.

CONSIDINE

That's where you'd find young Ernest Hemingway today, and, more often than not, F. Scott Fitzgerald, and that crowning incompetent of her time, Gertrude Stein.

There seem to be no angry young men left in Paris. They're all in London, looking like sheep dogs but smelling a great deal worse.

There is no theater here in Paris, while the London theater is imaginative, provocative and superbly acted.

★ ★ ★

Where did the French painters go? The novelists? The poets?

'IT'S BURNT'

Is Paris burning? No, it's burnt.

Somehow, the taxis don't make noise like a George Gershwin background anymore; the cops don't seem more eager to get home for lunch or dinner than roll eyes at a babe.

The nightclubs still labor mightily but they are facing fierce competition from the whoopsy couturiers who are out to undress the women of the world, not dress them.

The way-out songs, bizarre dress, avant garde art and morals that people elsewhere ape flow not any more from Paris but from a capital long believed by the younger set to be the last redoubt of the square.

SHARPER IMPACT

Love 'em or lump 'em, the Beatles have had a sharper impact on this generation's mood than, say, Maurice Chevalier had on mine, or the wicked cancan on dear dad's.

It is not easy to trace the downfall of Paris as the fount of infectious effervescence.

Some hipper Frenchmen and women I spoke to last weekend at the gay opening of the Paris Hilton, which was a shot in the arm for that old rogue of a town, blamed President de Gaulle.

★ ★ ★

He is today's "target of opportunity" as the bomb crews used to say when they couldn't find Munich.

Salute to Israel

The Israel News

A colorful Youth Salute to Israel, in which more than 10,000 young people will participate, will be held May 8th, in a New York Metropolitan community-wide celebration to commemorate Israel's 18th anniversary. After a youth parade, featuring dancers and marchers from Hebrew Schools, Zionist youth movements, Jewish youth organizations, Hebrew High Schools, Yiddish folk schools and Jewish community centers, an Independence Day cultural program will be held at the Central Park Mall. More than 20,000 adults are expected to attend which coincides with the Jewish festival of Lag B'Omer.

★ ★ ★

The theme of the march is "Prophecy and Fulfillment." At The Mall celebration eighteen doves will be released from the stage to symbolize the desire for peace in the Middle East and in the world.

Theodore Cornet, Director of the American Zionist Youth Foundation, said that "as a result of the success of last year's event, many Jewish educators, principals and youth directors urged this salute to become an annual event.

The Hexed Farmer

The Wall Street Journal

Charles B. Shuman, the president of the American Farm Bureau Federation, is beginning to wonder if the Government has a grudge against farmers, and there certainly are reasons for his concern.

Take, for example, those Federal subsidies which for years have been used to prop up farm prices. Though it has been clear for a long time that most of the benefits go to big farmers who don't need any help, the Government persists with much the same programs.

★ ★ ★

Then there's the current general price inflation, stemming largely from Washington's continuing devotion to easy money and big budget deficits. Inflation is raising costs for everyone, including farmers, and to make matters worse the Administration is urging minimum-wage legislation that would lift farmers' payroll outlays.

★ ★ ★

And what is Washington doing about inflation? Well, for one thing, it's trying to knock down those farm prices which it has tried for so long to prop up. Despite rosy forecasts of farm income, the Federal tactics include dumping surplus grain and cutting military purchases of pork.

★ ★ ★

Mr. Shuman thus contends farm operators are getting the whammy from the Government, and it looks as if he's right. With all of those Federal planners fooling around with the rural economy, however, we're afraid the poor farmer was hexed from the start.

Officer's Suspension for Notching Gun Ends

ST. PETERSBURG, Fla. (AP) —A St. Petersburg policeman goes back to work today after a 15-day suspension for carving two notches in his service revolver.

William T. Detterline, 29, said he filed the notches after he winged two burglars last year, one in April at a bakery breakin and one in July at a super market.

Five times as many males as females drown. More than half of the 5,000 drownings that took place this past year occurred during the summer.

Help Slow in Coming for Viet Trip

The unpopularity of the Viet Nam War may be one reason why a Pontiac area osteopath will return to that Asian country somewhat discouraged.

Dr. Jerome J. Robb, 52, of 1142 W. Huron, Waterford Township, had hoped to raise funds for hospital equipment and medical supplies badly needed in Viet Nam's fight against disease, pestilence and malnutrition.

Robb previously had spent six weeks at his own expense at Saigon General Hospital treating civilians for everything from cobra bites to shrapnel wounds.

The osteopath had been promised help in his fund-raising efforts by the Michigan Junior Chamber of Commerce.

* *

However, the fund drive never really got started.

UP IN THE AIR

"The program seems to be very much up in the air just now, but it hasn't been dropped," said Ed James innovator of the Jaycee project.

Added James, "This never was what you would call a popular war — but it's becoming more and more unpopular now."

When Robb returns to Viet Nam — he leaves next Wednesday and arrives there about May 13 — the osteopath will take some medical supplies.

* * *

The cost of transportation will be covered by about $3,400 raised at a $25-a-plate testimonial dinner in January

NOT SURE

Robb, who is not sure how long he'll stay this trip, plans to load his suitcases with medical supplies.

* * *

"I'm not taking along an extra stitch of clothing, other than my basic needs," he explained.

* * *

He plans to pick up some medical supplies in Hong Kong or Manila to cut down on excess baggage charges.

Student Concerts

Two Waterford Music Programs Set

Two instrumental music programs will be held tomorrow and Sunday in the Waterford Township School District.

Orchestra students from the south half of the school system will present a program entitled "A Festival of Orchestra Music" at 7:30 p.m. tomorrow, at Crary Junior High School.

At 3 p.m. Sunday, the north area elementary honors band will present its annual spring concert at Kettering High School.

Performing in Saturday's concert at Crary will be sixth grade string players from 12 elementary schools and the combined orchestras from Crary and Pierce Junior High Schools.

Barbar Miller and Louise Smith will be the directors.

Featured sololists will be Patti Agorgianitis, cellist from Pierce, and Michael Wiley, violinist from Mason Junior High School.

Solists in Sunday's concert will be Ron Armstead, French horn; Dean Brisbois, tuba; and drummers Kevin Tatroe, John Elliott and Bernie Salvatore.

'One Way to Start Urban Renewal'

PITTSFIELD, Mass. (AP) — A violent gust ripped the roof off a building at the Ferry Lumber Co., but the company vice president, Lawrence F. Pierson, wasn't bothered.

"We looked on it as just an early start on urban renewal," Pierson said.

Ferry Lumber is in a zone marked for redevelopment.

A Junior Editors' Quiz About GIBRALTAR

QUESTION: Why do people say, "Strong as the rock of Gibraltar?"

★ ★ ★

ANSWER: Gibraltar, or "the Rock" as Englishmen call it, is a gigantic mass of limestone which thrusts its peak 1,398 feet above the Mediterranean Sea.

Limestone is a rock which in ancient times was formed from the chemical calcium carbonate present in seawater.

There is much limestone in Spain, North Africa and Egypt, as well as other parts of the world. It is not as hard as some other rocks, but is very strong.

Limestone blocks are frequently used in building. Limestone often has interior openings or caves and when people began to use Gibraltar as a fortress, such openings helped in making gun emplacements.

Look at the small map and notice how "the Rock" stands guard over the tiny opening, only a few miles wide, which ships have to sail through to get to the Mediterranean Sea.

Gibraltar is strong because enemy fleets could be easily destroyed by gunfire from the rock. Their return fire could do little damage.

Once, Moors and Spaniards fought for control of Gibraltar. Then, in 1704, the English seized it and have held it firmly ever since.

Even in these days of the airplane, Gibraltar is important because it provides a vital and well protected naval base.

★ ★ ★

FOR YOU TO DO: There's a legend that as long as the Barbary Apes live on Gibraltar, the British will hold the rock. These are really not apes but a kind of monkey. Find out the difference between a monkey and an ape.

One-Fourth of Mankind

(11) Barbarians and Buddhas

by Don Oakley and John Lane

Half of China Becomes the Sporting Ground of Barbarians

A New Answer in a Time of Trouble.

The Grand Canal, Watery Bond Between the Two Chinas

While China was passing through these centuries of division . . . the Roman Empire was collapsing . . . Barbarians were establishing kingdoms on what had been the soil of Rome as was being done in the former domains of the Han . . . A new religion Christianity, was being adopted, much as Buddhism was entering China.

—Kenneth Scott Latourette

Following the end of the 400-year reign of the Han, rival kingdoms contested in vain for the Mandate of Heaven.

Barbarians—Mongols, Tibetans, Tartars — breached the Great Wall and poured in. Eventually they devastated and took possession of all of north China, setting up a series of revolving dynasties.

Millions of Chinese fled to the frontier land below the Yangtze River, which like a horizontal Mississippi divides China in two, thus carrying the political and cultural center of China to the south.

In 383, an army of a million barbarians moved south in a bid to conquer the remaineder of the Celestial Empire.

They were routed at the battle of the River Fei, as decisive in Asian history as the Battle of Marathon was in European.

Another invasion was taking place in China during these centuries. Buddhism, introduced in the first century A.D., now began spreading rapidly.

Temples and monasteries multiplied, and scholars made the arduous pilgrimage to India to bring back sacred writings.

Among the major schools that arose was Ch'an Buddhism, later exported to Japan as Zen.

Other new things appeared at this time as well, among them coal, tea, the waterwheel, wheelbarrow and sedan chair.

Gradually, the biological and cultural vitality of the Chinese resulted in the absorption of the barbarians.

Unlike Rome, which disappeared into history, China finally achieved reunification under the Sui dynasty in 589.

There were but two emperors in this line, but like the Ch'in dynasty, which had originally united China in the third century before Christ, they labored briefly but well. The Great Wall was repaired, the system of ever-normal granaries was permanently established and a massive public Grand Canal, was undertaken to link the Yellow River and Yangtze River valleys.

Just as the Ch'in had paved the way for the Han, so the Sui, which was overthrown in 618, was followed by a dynasty in which chinese culture reached new heights.

Brazil Truck Mishap Kills 19, Injures 25

SAO PAULO, Brazil (AP)—A truck filled with sugar cane workers ran over a downed power line Thursday, killing 19 and injuring 25, reports from the scene said today.

The line wound around the truck wheels and struck the chassis. The accident occurred near the town of Sao Simao, 210 miles northwest of Sao Paulo.

Medicine in Michigan—3

New MSU Medical School Tuned to Personal Care

(EDITOR'S NOTE — The shortage of doctors in Michigan was a prime consideration in the opening of Michigan State University's new medical school. But, as a brand new program, the school should have some unique contributions to make, MSU officials feel. This is the last of a three-part series on Michigan medical training.)

By PHIL BROWN
Associated Press Writer

Michigan State University believes its new medical school can deliver just what the patient ordered — more family doctors especially for rural areas.

"One of the existing (Michigan) medical schools is more or less urban-oriented (Wayne State) and the other is fundamentally involved in the specialist area of medicine (University of Michigan)," said Dr. Andrew Hunt Jr., MSU's medical dean.

But, he added, one of the major problems in Michigan medicine is the small town and rural community.

Dr. Hunt said MSU attracts a significant part of its student body from rural aras, and "doctors tend to go to their home towns to practice."

PERSONAL CARE

He added, "We will have a course oriented to personal care. Hopefully, even though the students will have to go elsewhere for their last two years of medical school enough will want to come back."

MSU's new College of Human Medicine, scheduled to admit its first 25 students next fall, is just a two-year program.

* * *

Indications are that U. of M. and Wayne will be able to provide MSU medical transfers with the final two years of training for the M. D. degree.

MSU has been planning its medical program since 1959. It is entering the field because MSU officials believe it is in an ideal position to help ease the doctor shortage.

LONE NEW ONE

They point out that of the medical school's 12 departments, only one is new to MSU —the department of medicine.

The 11 earlier established departments are anatomy, pharmacology, pathology, microbiology and public health, physiology, biophysics, zoology, biochemistry, anthropology, sociology and psychology.

* * *

If the state authorizes a third college to grant a medical doctor degree, Warren Huff, chairman of the MSU board of trustees, said MSU "would certainly be in the forefront of those standing in line."

Meanwhile, MSU officials told the board, the two - year program would continue to fill a need even if it never expanded to four years.

INNOVATIONS

So far, "being limited to two years has been useful," Dr. Hunt said. "It has made it possible to develop integration with the university, and to develop educational innovations which would have been more difficult if we had had to take four years at once."

Operating costs also are lower for the first two years of a medical school, since intensive clinical training does not start until the third year.

* * *

MSU has worked out an agreement, however, with Lansing's Sparrow Hospital to introduce its students to clinical medicine.

In a new wing now under construction, the hospital plans to establish a 44-bed university service, in which patients will be seen by the university staff and students, although their private physicians will retain primary responsibility for their medical care.

THREE YEARS

Students who enter MSU's medical school next fall will take three years of work there, rather than two.

* * *

This is because MSU views the traditional four years of undergraduate work and the first two years of traditional medical education as one logical six-year sequence.

* * *

The first medical students will come in at the fourth - year level and take courses in biochemistry, physiology and anatomy at the level normally offered in the first year of medical school.

These are intended to prepare the students for a two-year sequence in human biology to begin in the fifth year.

STUDIES MADE

This six - year concept, and several other distinctive features of MSU's program, were based on studies supported by a $167,000 grant from the Commonwealth Fund of New York.

3,000 Hillsdale Youths to Demonstrate Pride

HILLSDALE (UPI) — About 3,000 youths will parade here May 21 to demonstrate that they aren't against much of anything and are proud of their city, state and country, it was announced today.

The paraders, carrying banners reading, "Michigan, Dynamic in World Progress," will climax their demonstration by hearing an address by Gov. George Romney, the local Michigan Week committee said.

Band Secret Under Hat

CLEARWATER, Fla. (AP) — Clearwater High School's marching band is looking better these days, and the secret is being kept under drum major Harvey Clanton's hat.

* * *

Band master Stephen Yanetovitch installed a transistorized radio receiver inside the big, plumed hat of the drum major. Now he barks orders to Clanton through an ear plug and Clanton — bass drum notwithstanding — gets them loud and clear from a distance of up to seven miles.

Junior Showboat Set at WTHS Tonight

By JEAN PRIESTLEY

Waterford Township High School juniors will open the curtain tonight on this year's annual Junior Showboat, "Get Smart, Go Play Secret Agent While I Spy on the Man From Uncle Who's Turning on the Blue Light or 00 Showboat."

Based on the theme of TV spy series, the plot revolves around a "mystery garter" containing material for espionage.

Lost by a dancer, the story depicts the struggle for the mystery garter.

The script was written by Mary Poole and Bob Slating.

★ ★ ★

Leading characters are Jim Herrington as David Dudd, Topside agent; Jim Giroux, Crush agent Max; Sandy Jansen, agent U2; Chris Ogg, head of Crush; Ron Charter, head ot Topside.

COMMITTEE HEADS

Committee chairmen are Gretchen Platz, publicity; Marilyn Meacham, tickets; Willis Flood, set and props. Student directors are Mark Talaba and Bob Slating.

Faculty advisers are Gilbert Bergsrud, Robert Crumpton and Patricia Hott.

One hundred fifty seniors left Tuesday for a four-day trip to New York.

★ ★ ★

A group of 15 Studnet Council and National Honor Society officers and others recently attended a Student Leadership Conference at Oakland University Monday.

★ ★ ★

Underclassmen named Dennis Griffin, president of next year's Student Council.

Vice president will be Sharon Murphy, Dave Galloway, treasurer; Barbara Swindell, corresponding secretary and Jackie Frushour, recording secretary.

Representatives and alternates will be elected May 31 from each homeroom.

Cheerleaders for Clarkston

By CATHY RICHARDSON

Varsity and junior varsity cheerleading tryouts were held earlier this week at Clarkston High School.

Selected for the 1966-67 varsity squad were juniors Pam Affolder, Shawn Blasey, Caroline Giles, and Shayla Smith.

Sophomores chosen were Jan Peters and Nancy Weiss, with Cheryl Mansfield as alternate.

Junior Priscilla Wice was elected Varsity manager.

Winners of the junior varsity tryouts were sophomore Salli Radoye, and freshmen Nancy Bullard, Cindy Ford, Nanette Giles, Shari Jadwin, and Terry MacDougall.

FRESHMAN ALTERNATE

Alternate is freshman Karen Craft. The new junior varsity manager is sophomore Sue Bennett.

Tomorrow afternoon the Y-Teens and Hi-Y will sponsor a party in the gymnasium. This party is for underprivileged children from an area children's home.

The children will have full use of all gym facilities and a picnic lunch will be served.

Juniors interested in attending Michigan State University upon graduation may participate in the annual J-Day tomorrow. The students will have the opportunity to learn about the various areas of State's curriculum and will tour the East Lansing campus.

CLASS RINGS

Sophomores will receive their class rings Tuesday.

Wednesday, underclassmen will be the witnesses of table tennis exhibition.

During the Student Government - sponsored assembly, Ernest Klein will display his talents.

First Computer Dance Scheduled at Walled Lake

By RON MOORHEAD

Tonight at 7:30, Walled Lake High School will hold its first computer dance for those students who were bold and daring enough to risk being matched with a date by a computer. The dance is being held in the gym and will last until 11.

Results of the student council election for the years 1966-67 were Fred Welch, president; Pat McFadden, vice president; Charlotte Preston, secretary; and Becky Stewart, treasurer.

A new sign for coming events was given to Walled Lake, compliments of the student council. Another school improvement will be the resurfacing of the tennis courts, scheduled for some time in the near future.

On April 16, the advanced biology classes, accompanied by Harold Estep, WLH's advanced biology instructor, took a trip to the University of Michigan's Museum of Natural History.

★ ★ ★

Seniors were sweating, juniors were jumping, and sophomores were sobbing as the end of the marking period arrived today. Report cards come out next Wednesday. The start of the final marking period of the year begins Monday.

Celebrating the completion of Walled Lake's yearbook, the Viking, the staff held a short party in faculty adviser Robert Reimer's room yesterday. The Viking will come out in about a month.

PNH Presents 'The Mikado'

Final Performance of Operetta Tomorrow

By ALICE TURNER

Last night marked the first evening performance of Pontiac Northern's operetta, "The Mikado."

Today's matinee and tomorrow's final evening performance will culminate weeks of hard work and concentrated effort on the part of the cast and all others involved.

Anthony Chiarilli is the drama director for the production, John Tousley, choral director; and Judith Davis, accompanist.

Alonzo Seaboldt directed the orchestra which consisted entirely of PNH orchestra members.

★ ★ ★

Sixteen students were initiated Thursday into the Pontiac Northern chapter of the Quill and Scroll Society.

NEW MEMBERS

Chosen were Sandy Harroun, Debbie Killen, Pat Leonard, Alan Livingston, Don McGeen, Carol Persinger, Judy Radecki and Mary Saranen.

Others include Olivia Sims, Nancy Stumpter, Nancy Watkins, Sharon Weber, Carol Harris, Barbara Wightman, Susan Cook and Carolyn Dempsey.

Varsity cheerleaders announced Wednesday were Janie Campbell, Lee Jackson, Nancy Mihay, Pat Shelley, Debbie Talbot and Janet Young.

★ ★ ★

Junior varsity cheerleaders chosen were Linda Crabtree, Patty Guy, Terry Kay, Glenda Turcott, Sandy Vied and Jo Ann Woodside.

Money from the candy sale, jointly sponsored by the PNH vocal students, International Club and Student Council will be applied to the purchase of a school organ in time for baccalaureate services in June. The sale will end May 6.

Pontiac Press Photo

TIGER AT THE FAIR—Rob Hess of 26421 Normandy, Franklin, and Anne Killeen of 7312 Mohansic, Bloomfield Township, admire the 3-foot tiger that will be given as a door prize at tonight's Groves High School American Field Service Fair. Open to the public, the fair hours are from 6:30 to 10:30 p.m.

Tiger Is Door Prize at Groves AFS Fair

By CANDY SPRIGGEL

Come to Groves High School American Field Service Fair tonight and you might win a three-foot-high tiger!

The tiger is the door prize that anyone may win if they purchase a 25 cent entrance ticket.

Those who wan to get away from home cooking can enjoy pizza made by the Girls' Athletic Association.

The Future Teachers Association will sponsor a cakewalk.

★ ★ ★

Those who crave something sweeter can buy cotton candy at the Engineering Club's booth.

COOL CONES

If you wish to cool off there is always the Ski Club's ice cream cones and Dramaticus' snow cones.

To work off the consumed calories, you can attend the National Honor Society's sock hop in the other section of the gym featuring the Centaurs.

Slot car racing is on the agenda for the more sports-minded person. It is sponsored by the Rocket Club.

★ ★ ★

For young children there is the duck pond and the balloon man.

FOR 10 CENTS

If students want to get rid of someone like a teacher, a younger brother or sister or keep a best friend away from their boyfriend or girlfriend, they can have them thrown into "jail" for 10 cents, compliments of Student Council.

★ ★ ★

For a nominal fee students can limber up their pitching arms by throwing pies at student Jim Andrews.

★ ★ ★

After spending a relaxing and fun-filled evening at the fair, students can pick up favorite teachers in the form of voodoo dolls at the Cheerleaders' booth.

SCHOOL NEWS ROUNDUP

Oxford

By ANN ASHLEY

"A Walk Through Spring" is the name of this year's semi-formal prom sponsored by the Oxford Area Community High School Student Council.

It will be held tomorrow night at 9 in the student center.

★ ★ ★

Serving on the decorations committee were Cathy Oberg, chairman; Rusty Mills, Roylene Hardgrove, Barbara Specht, John Scholz, Gretchen Dahl, Walter Magee, and Mike Schluster.

Other assignments included Aletha Poli and Ann Bromley, advertising; Phil Looney and Kathy Howes, tickets; and Rick Fox, refreshments.

Science awards were presented to OHS students as a result of last week's Science Fair.

★ ★ ★

First place in chemistry and physics went to Charlotte Schmidt; a blue ribbon to Virginia Barrett and Laurie Kendall; a red ribbon to Jim McGraw, Cathy Oberg, Ann Bromley, and Chris Parenti.

WHITE RIBBON

A white ribbon was awarded Aletha Poli, John Scholz, Don Lake, Rick Fox, Lonnie Frost and Kathy Schatz.

★ ★ ★

In biology, first place awards went to Debbie Wait and Linda Hohl; second place to Bill Moroski, Alan Houck, Jan Walker, Vivian Jaris and Dianne Downs.

★ ★ ★

Third place went to Anita Curtis, Cindy Barger, Pat Looney, Karen Prior, Ellen Garretson, Elaine Nickopoulous and Chris Coulter.

The National Honor Society is planning the election of new members and their initiations into NHS.

Rochester

By KATHY MORGAN

The girls' choirs of Rochester and Troy high schools will combine next Tuesday to present "I Enjoy Being a Girl" in the RHS cafeteria at 8 p.m.

Soloists include Margaret McGarry, singing "Tammy," and Sally Arrivee, singing "Do I Hear a Waltz."

Linda Harden will perform "The Sweetheart Tree" and Andrea Stanley, "Scarlet Ribbons."

The Triple Trio from Rochester will offer "Falling in Love with Love" and "Hello Young Lovers."

★ ★ ★

Mrs. Marlene Johnson, Troy and Frank Irish, Rochester, will direct the concert.

GOVERNMENT DAY

RHS students this week elected classmates to run the town on Student Government Day, May 9.

The all-student slate of officers will work with their adult counterparts in managing the village.

★ ★ ★

During English classes, sophomores and juniors elected Student Council representatives for next year.

St. Mike's

By MIKE THORNBERRY

St. Michael's Junior-Senior dinner dance was held last night at the Coral Reef Room at Airway Lanes.

The dinner dance is to be an annual affair, intended to build a stronger bond between the Junior and Senior classes as well as take some of the emphasis away from the Prom.

"Michaelite" Editors Judy Crickon and Fran Franzel were guests of World Wide Pictures and the sponsoring committee for the private preview showing of "The Restless Ones" at Ford Auditorium.

The Parent-Teachers Guild meeting this week featured speech techniques as instructed by Father Hayes.

W. Bloomfield Lists Top Trio

By MARGIT MISANGYI

Top honors are shared as West Bloomfield High School names Frederick Schafrick of 5020 Commerce, Orchard Lake, and Richard Walton of 6251 Willow, West Bloomfield Township, covaledictorians. Both have point 3.97 averages.

Salutatorian honors were awarded to Christine Hamill of 6258 Buxton, West Bloomfield Township, with a 3.74 average.

Son of Mr. and Mrs. Rudolph Schafrick, Frederick plans to enter the University of Michigan to study law.

He has been active in the National Honor Society, Academic League, Trip Club, Latin Club, American Field Service and Junior Achievement.

SCHAFRICK WALTON

Richard, son of Mr. and Mrs. Otis Walton, is a candidate for the Air Force Academy.

★ ★ ★

An Eagle Scout and brotherhood member of the Order of the Arrow, he has served on the football, track and ski teams.

CLUB MEMBERSHIP

He is a member of the Ski Club, Junior Achievement, American Field Service, Knowledge Bowl, French Club and Varsity Club.

HAMILL

Daughter of Mr. and Mrs. John A. Hamill, Christine plans to attend Oakland University where she will major in history.

She is a member of Pep Club, Student Council, American Field Service and the French Club.

★ ★ ★

Tomorrow's Junior-Senior Banquet at 6:30 p.m. in the gym will follow the theme, "Look to the Future." Decorations will be in burgundy and gold with the class flower, the white rose.

★ ★ ★

After the dinner, the senior giftatory and the will to the juniors will be read. There will also be a live band entertaining at the dance following the ceremony.

Approximately 350 students, faculty, and administration will attend.

Cheerleading tryouts were held Wednesday and Thursday. Results will be revealed this afternoon.

Counselors are handing out the forms for future subjects to be taken by WBH students.

At. St. Frederick

Popular Play Is on Tap

By ERNESTINE MOORE

"The lines crackle across the footlights, setting off a panic of laughs in the audience."

"Appealing to any age group, with excellent character parts from leads to bits."

"Hilarious! They loved every minute of it." . . .

These quotes represent directors' and critics' opinions on the play "January Thaw" being produced this weekend by St. Frederick High School seniors.

The play is about two unrelated families living under the same roof.

To add to the complications, one family is used to modern conveniences such as electricity, cars, and grocery stores, and the other family views these as modern "inconveniences."

IN THE CAST

The cast includes Darryl Swanson (Herbert Gage) Karen Larson (Marge Gage), Patricia Garland (Barbara), Margaret Fitzgerald (Sarah), Ernestine Moore (Paula), Edward Lane (Jonathan Rockwood) Mary Lou Manion (Matilda Rockwood) and Michael Novotney (Matt).

★ ★ ★

Other cast members include Stephanie Williams, John Shearer, Darrel Lantzy, Philip Nye, Thom Guoin, and Patrick Miles.

The Gages move from New York to an old farmhouse in Connecticut in an attempt to find a peaceful place for Herbert Gage to write a "best-seller."

★ ★ ★

Unknown to any of them but Mrs. Gage, an old family, namely the Rockwoods, have a lifetime lease on the house.

HADN'T BEEN SEEN

Since they hadn't been seen for six years, Mrs. Gage assumes that they are dead.

This turns out to be a false assumption for the Rockwoods return and take up residence in the house.

A hilarious contest for possession begins, with neither able to turn the other out.

Committee chairmen include Marsha Kluwe, makeup; Mark Brasch, props; Mary Gattan, costumes; Darryl Swanson, stage setting; and John Carry and William Webster, curtains and lights.

★ ★ ★

Others are Marilyn Hiller, tickets; Ernestine Moore, publicity; Senta Pavlinac, programs; Lois Sprague, cleanup; and Bridget Scully, prompter.

The play is directed by Delores Lamb, drama student and personnel director at the University of Detroit.

Student director is Mary Cathryn Schmansky.

Pontiac Press Photo

AND AWAY WE GO — Herbert Gage (Darryl Swanson of 231 Starr) heads for the door as Sarah Gage (Margaret Fitzgerald of 171 S. Jessie) and the Rockwoods (Edward Lane of 2541 Rambling Way, Bloomfield Township, and Mary Lou Manion of 3159 Martell, Avon Township) want to know where the fire is. The St. Frederick High School students are rehearsing the senior play, "January Thaw," which will be presented tomorrow and Sunday at 8 p.m. in the school hall.

Avondale

By MARGARET WEAVER

As the result of a written examination on the United Nations, Dave Morris, a senior at Avondale High school. became one of the top three winners in Michigan.

The examination was sponsored by the United Nations Associations of the United States of America, Inc.

The American Field Service is planning a Tag Day.

During both world wars, AFS served as a volunteer ambulance corps, but peacetime activities include bringing students from other countries to the U.S.

★ ★ ★

There are now 44 countries participating.

TOTAL COST

The total cost to bring or send a student is $750.

★ ★ ★

This does not include transportation to and from their home, passports, physicals and shots, etc., required for travel in other countries.

BHHS Project

Car Washes Slated

By LINDA McNEILL

Sponsored by the "Shield," Bloomfield Hills High School newspaper, a car wash will be held tomorrow and May 7.

On both Saturdays, the car wash will be held at BHHS between 10 a.m. and 4 p.m.

BHHS students will wash cars for a small donation.

BBHS will host a folk singing group called the "Three D's" in a concert Tuesday in the BHHS gym. The performance will be held from 7:30 to 9:30 p.m.

The group consists of three male singers, all recent college graduates. They have recorded albums.

CARNIVAL TIME

Once again, it's carnival time at BHHS. The Girls Athletic Association sponsors its seventh annual Spring Carnival May 6, from 7:30 to 10 p.m. in the school gym.

This year, the carnival will feature such items as "Little Las Vegas," "Animal Roulette," and the newly added "Plush Cargo."

General chairman is Diane Lamb.

Pontiac Press Photo

BUCKET AND TOES—A wet foot doesn't stop Jim Dale of 4595 Pickering and his fellow Bloomfield Hills High School students, Bob Waldron (center) of 5545 Franklin and Charles Modrack of 1680 Mark Hopkins, all residents of Bloomfield Township, from producing a gleaming advertisement for the school's car washes. Sponsored by the Shield, the school newspaper, a car wash will be held tomorrow and May 7 between 10 a.m. and 4 p.m. at the school.

Kowalski Sees Bigger Surplus

House Finishes Work on Its Half of Budget

LANSING (AP) — The House completed work on its half of the 1966-67 Michigan budget Thursday and heard an optimistic forecast on the size of the state surplus.

Speaker Joseph Kowalski, D-Detroit, predicted that a larger-than expected surplus will give the state $1.02 billion to spend next year.

Budget bills, as they now stand, Kowalski said, total $1.019 billion — meaning no danger of an unbalanced budget in the fiscal year starting July 1.

Kowalski, quoting "unimpeachable sources," said the general fund treasury surplus will wind up at $142 million—or $8 million more than the $134 lion predicted by Gov. George Romney.

FINAL BUDGET

The final budget, however, probably will end up below the $1 billion mark, Kowalski said.

"The chairmen of both the House Ways and Means Committee (Rep. Einar Erlandsen, D-Escanaba) and the Senate Appropriations Committee (Sen. Garland Lane, D-Flint) want to get below that mark," Kowalski said.

★ ★ ★

Erlandsen said in debate:

I'm going to fight every attempt to increase this budget; we're over $1 billion now, and we've got to get below that."

Most attempts on the floor of the House to increase state spending were fought off.

Approved and sent to the Senate were bills to appropriate $68.5 million for general government, including the executive, legislative and judicial branches; $24.07 million for conservation, recreation and agriculture, and $17.3 million for state regulatory agencies.

Five Men Finish Second Day of 600-Mile Hike

ST. IGNACE (AP) — Tired, cold, hungry and wet, five suburban Grand Rapids men trudged into St. Ignace Thursday, wrapping up the second day of their proposed 600-mile hike from Sault Ste. Marie to Richmond, Ind.

The five, all of Wyoming, walked the 25 miles from Rudyard to St. Ignace despite rain and 40-mile-and-hour winds.

Duane Smith and Marion Pearson, leader of the group, refused food. Pearson said he wouldn't eat during the hike, partly to help the Air Force conduct a survival experiment.

Art LeVine, James Kimball and Conrad Van Hooven ate only a salad.

Ball Denies Plans to Quit State Dept.

BOSTON (AP) — The Boston Globe said today Undersecretary of State George W. Ball will resign before the end of summer.

Ball, asked in Washington about the report, said he had no plans to leave his post. "I am not prepared to confirm" the story, he said.

He added that he would "of course at some point return to private life" after having served for so long in the State Department. He was appointed by the late President John F. Kennedy.

State Police Slate Open House

The Pontiac post of the Michigan State Police, 1295 N. Telegraph, will hold its annual open house from 9 a.m. to 5 p.m. May 20 in observance of "hospitality day" during Michigan Week.

* * *

Michigan State Police posts have held annual open houses for the past 10 years.

Sgt. Karl Lutz, commanding officer of the Pontiac post, said everyone is invited. He added that visitors will be escorted on tours of the post and will see an exhibit of equipment and facilities.

Questions will be answered and information given on the services provided, according to Lutz.

* * *

"Although visitors are always welcome at a State Police post, open house offers an unusual opportunity to find out how a post operates," Sgt. Lutz said.

SPECIAL RECEPTION

"We are planning a special reception and hope to make this a very interesting occasion for those who call on us. We'll be happy to see them."

Michigan Week will be observed from May 15-21.

Claim Atomic Blast Would Up Gas Supply

HOUSTON, Tex. (AP) — An underground atomic blast that experts estimate would boost an oil company's gas production by as much as four trillion cubic feet is being studied.

R. McLean Stewart, chairman and chief executive officer of Austral Oil Co., an independent producing company based at Houston, said the firm has spent a substantial sum on drawing up a proposal concerning such an experiment for possible submission to the Atomic Energy Commission.

Governor's Wife to Speak at Rally

Michigan's first lady, Mrs Lenore Romney, will be the keynote speaker at a rally to kick off the Oakland County Republiday at the Bloomfield Hills Junior High School.

GOP chairman Joseph R. Farnham said, "This rally begins a project which will continue through mid-June and involve more than 1,000 volunteer workers."

"Under the direction of organization director, Doyle Doge and the individual precinct captains, volunteers will contact every family in Oakland County to identify our Republican voters," said Farnham.

Mrs. Romney's speech at 7:45 p.m., will be followed by a social hour and refreshments. The school is at 4200 Quarton, Bloomfield Township.

Good to the taste—smooth, mellow, satisfying. Good to the pocket, too. It costs only $4.80 and it's really worth much more. McMaster's is made and aged in barrels in Canada. It's bottled only after it reaches this country. That means solid savings on taxes, shipping, handling, etc.

Price is only one reason to switch to McMaster's Canadian. A taste or two tells the rest of the story.

Science for You

By BOB BROWN

PROBLEM: Make A Killer Jar.

NEEDED: A jar with a lid, a small piece of screen wire, cotton, and some nail polish remover.

DO THIS: Place the cotton in the bottom of the jar. Cut the screen and bend it so it will fit down around the inside of the jar, over the cotton.

Copr. '66 Gen'l Features Corp. TM-World Rights Reserved.

Soak the cotton with nail polish remover and drop the insect into the jar. Close the lid tightly. If the bug does not die in a few minutes, add some more remover. This way of killing insects lets them die relaxed, and their appearance is unharmed.

HERE'S WHY: All animals and insects require oxygen. Here the oxygen supply is replaced in the air with polish remover fumes which are poisonous in dense concentrations.

NEXT WEEK: The Erratic Balloon.

RESOLUTION

A Regular Meeting of the Board of Education of Avondale School District, County of Oakland, Michigan, held on April 18, 1966, at Avondale High School in said School District, at 8:30 o'clock p.m., Eastern Standard Time.

PRESENT: Members Roy Isanhart, Pres., W. Dwight Vaught, Treas., Thomas Galloway, Sec'y. E. Turner, Trustee, J. Mills and Members

ABSENT: Member Jack Slater, Trustee.

The following preamble and resolution were offered by Member H. Mills and supported by Member E. Turner:

WHEREAS, It is deemed necessary and advisable to make provision for the acquisition and construction of improvements to the athletic field at the high school, which shall include a field house, additional bleachers, miscellaneous improvements to said athletic field;

AND WHEREAS, The cost of acquiring and constructing said improvements has been estimated to be Thirty-Nine Thousand ($39,000.00) Dollars.

AND WHEREAS, It is deemed necessary to borrow the sum of Thirty-Nine Thousand ($39,000.00) Dollars to defray the cost of said improvements;

AND WHEREAS, the School District is a public corporation within the meaning of said term as defined in Section 3 of Act 94, Public Acts of Michigan, 1932, as amended, and said improvements will be a public improvement within the meaning of said term as defined in Act 94, Public Acts of Michigan, 1933, as amended;

AND WHEREAS, all things necessary to the authorization and issuance of self-liquidating revenue bonds under the Constitution and laws of the State of Michigan and particularly Act 94, Public Acts of Michigan, 1933, as amended, have been done and the Board of Education is now empowered and desires to authorize the issuance of said bonds;

NOW, THEREFORE, BE IT RESOLVED THAT:

1. If is hereby determined and declared to be necessary for Avondale School District to acquire and construct the improvements to the high school athletic field described in the preamble hereto, in accordance with the plans prepared or approved by Board of Education.

2. The estimated cost of acquiring said improvements, including contingencies, legal and fiscal expenses and capitalized interest, which estimate has been prepared by Hurel D. Sancrant & Co. and is in the amount of $39,000.00, is hereby approved and the Board of Education does hereby estimate the period of usefulness of said athletic field as improved to be thirty-one (31) years.

3. To pay the cost of acquiring and constructing said improvements and to pay financial, legal and other expenses, capitalized interest and contingencies incident thereto, it is hereby determined that there be borrowed upon the credit of the income and revenues of the athletic facilities of the high school the sum of $39,000.00 and that, in evidence thereof, there be issued the negotiable revenue bonds of the School District in the principal amount of $39,000.00 under and in accordance with Section 13 of Act 94, Public Acts of Michigan, 1933, as amended.

Wherever the words "revenues" or "net revenues" are used in this resolution, they shall be understood to have the meaning as defined in Section 3 of Act 94, Public Acts of Michigan, 1933, as amended.

Wherever the word "project" is used in this resolution, it shall be understood to mean the improvements to the athletic field authorized to be made under the provisions of this resolution.

Wherever the words "School District" are used in this resolution, they shall be understood to mean Avondale School District, Oakland County, Michigan.

4. Said bonds shall be designated AVONDALE SCHOOL DISTRICT RECREATIONAL FACILITY REVENUE BONDS and shall be, not general obligations of the School District, but revenue bonds, payable out of the net revenues of the athletic facilities, after provision has been made for payment of expenses of operation and maintenance, and shall consist of either 390 bonds of the denomination of $100.00 each, or 39 bonds of $1,000.00 each, at the option of the original purchaser, numbered in direct order of maturity from 1 upwards, dated as of May 1, 1966, and payable serially as follows:

$1,000.00 July 1st of each year from 1968 to 1986, inclusive;
$2,000.00 July 1st of each year from 1987 to 1996, inclusive.

Said bonds shall bear interest at a rate or rates not exceeding four and one-half (4½%) per cent per annum, payable on January 1, 1967, and semi-annually thereafter on July 1st and January 1st of each year, both principal and interest to be payable at a bank or trust company qualified to act under Michigan or Federal statutes, to be designated by the purchaser of the bonds with the approval of the Board of Education. Coupons due January 1, 1967 and July 1, 1967 shall be paid from bond proceeds.

All bonds of this issue shall be subject to prior redemption, in inverse numerical order, at the option of the School District, on any interest payment date, at par and accrued interest to the date fixed for redemption.

Thirty days' notice of the call of any bonds for redemption shall be given by publication of such notice in a newspaper or publication circulated in the State of Michigan which carries as part of its regular service notices of sale of municipal bonds. Bonds so called for redemption shall not bear interest after the date fixed for redemption, provided funds are on hand with the paying agent to redeem said bonds.

Said bonds shall be signed by the President of the Board of Education and countersigned by the Secretary of the Board of Education and shall have interest coupons attached bearing the facsimile signatures of said President and Secretary, and said officials, by the execution of said bonds, shall adopt as and for their own proper signatures their respective facsimile signatures on said coupons. After execution the bonds shall be held by the Treasurer of the School District for delivery to the purchaser.

5. Said bonds shall not be a general obligation or indebtedness of the School District, but shall be payable solely from the net revenues derived from the operation of the athletic facilities, and to secure such payment there is hereby created a statutory first lien upon the whole of said net revenues, to continue until the payment in full of the principal and interest on said bonds.

6. The holder or holders of any such bonds or any coupons therefrom shall have all rights and remedies given by said Act 94, Public Acts of Michigan, 1933, as amended, and other laws of the State of Michigan, for the collection and enforcement of said bonds and the security therefor.

7. The athletic facilities shall be operated on the basis of an operating year coinciding with the School District fiscal year, commencing on July 1st and ending on June 30th.

8. The acquisition, construction, alteration, management, operation and control of the athletic facilities shall be under the general control and supervision of the Superintendent of Schools, subject, however, to the rights, powers and duties in respect thereto which are reserved by law to the Board of Education.

9. The schedule of fees, rates and charges to be collected from each person making use of the athletic facilities shall be as follows:

General admission at the gate—$1.00 per football or basketball game

Advance sale tickets, students only—$.50 per football or basketball game

For other events and uses of the athletic facilities, or football or basketball games by teams other than the Avondale School District, the Board of Education shall establish special charges.

10. No free use of the athletic facilities shall be made by any person, firm or corporation, including any department of public agency or instrumentality, but all such use shall be paid for in accordance with the foregoing schedule of rates or any revision thereof, in compliance with the provisions of this resolution.

11. The fees, rates and charges fixed for use of the athletic facilities shall be estimated to be sufficient to provide for the payment of the expenses of operation, administration and operation and such expenses for maintenance of said athletic facilities as are necessary to preserve the same in good and all their component facilities in good repair and working order; to provide for the payment of the interest upon and principal of all bonds as and when the same become due and payable, and to provide for such other expenditures and funds for said athletic facilities as are required by this resolution. Such fees, rates and charges shall be fixed and revised from time to time as may be necessary to produce these amounts, and it is hereby covenanted and agreed at all times to fix, maintain and collect such fees, rates and charges for use of the athletic facilities as shall be sufficient to provide for the foregoing.

12. The revenues of the athletic facilities are hereby ordered to be set aside, as collected and deposited in the Pontiac State Bank, Pontiac, Michigan, a bank duly qualified to do business in Michigan, in an account to be designated ATHLETIC FACILITIES RECEIVING FUND (hereinafter referred to as the "Receiving Fund") and said revenues so deposited are pledged for the purposes of the following funds and shall be transferred from the Receiving Fund periodically and in the manner and at the times hereinafter specified.

(A) OPERATION AND MAINTENANCE FUND:

Out of the revenues in the Receiving Fund there shall first be set aside quarterly, into a separate depositary account designated Operation and Maintenance Fund, a sum sufficient to provide for the payment of the next quarter's current expenses of the maintenance and operation of the athletic facilities, and such current expenses of the maintenance thereof as may be necessary to preserve the same and all facilities thereof in good repair and working order.

(B) BOND AND INTEREST REDEMPTION FUND:

There shall next be established and maintained a separate depositary account designated as the Bond and Interest Redemption Fund, which shall be used solely for the purpose of paying the principal of and interest on the bonds herein authorized. There shall be set aside in the Bond and Interest Redemption Fund a sum equal to not less than one-half (½) of the interest next falling due and one-quarter (¼) of the principal maturing on the following July 1st on the bonds herein authorized. If there shall be a deficiency in the amount previously required to be set aside, the amount of such deficiency shall be added to the current requirements.

There is hereby established in the Bond and Interest Redemption Fund a separate account to be known as the Bond Reserve Account, into which, after making provision for the Operation and Maintenance Fund and the Bond and Interest Redemption Fund, as aforesaid, there shall be deposited quarterly all sums remaining in the Receiving Fund until said Bond Reserve Account shall have a balance of Three Thousand ($3,000.00) Dollars. The money in said Bond Reserve Account shall be used solely for the payment of the principal and interest on the bonds hereby authorized as to which there would otherwise be default. If, at any time, it shall be necessary to use money in the Bond Reserve Account for such payment, then the moneys so used shall be replaced from the first moneys first received thereafter which are not required by this resolution to be used for operation and maintenance or for current principal and interest requirements; Provided, However, that such Bond Reserve Account shall not be required to accumulate moneys in excess of principal and interest on the bonds hereby authorized to be issued as to which there would otherwise be default. If, at any time, it shall be necessary to use moneys in the Bond Reserve Account for such payment, then the moneys so used shall be replaced from the first moneys first received thereafter which are not required by this resolution to be used for operation and maintenance or for current principal and interest requirements; Provided, However, that such Bond Reserve Account shall not be required to accumulate moneys in excess of principal and interest on the bonds hereby authorized to be issued as to which there would otherwise be default.

No further payments need be made into the Bond and Interest Redemption Fund after enough of the bonds have been retired so that the amount then held in said Fund (including the Bond Reserve Account) is equal to the amount of principal and interest which will be payable at the time of maturity of all bonds then outstanding and remaining. When the principal amount of bonds then outstanding is reduced to the amount of the reserve therefor, then the principal of such bonds shall be paid from such reserve.

(C) SURPLUS FUND:

Revenues remaining in said Receiving Fund at the end of any fiscal year after all transfers have been made therefrom as above required shall be deemed to be surplus and shall be used only for the redemption of bonds: Provided, However, that if at any time there shall exist any default in making any transfer to any of the above-mentioned funds, then such default shall be rectified so far as possible by the transfer of moneys from said Surplus Fund. If any such default shall exist as to more than one fund at any one time, then such transfers shall be made in the order in which such funds are listed above.

13. Moneys in any fund or account established by the provisions of this resolution may be invested in obligations of the United States of America in the manner and subject to the limitations provided in Act 94, Public Acts of Michigan, 1933, as amended. In the event such investments are made, the securities representing the same shall be kept on deposit with the bank or trust company having on deposit the fund or funds from which such purchase was made. Income received from such investments shall be credited to the fund from which said investments were made.

14. Said bonds shall be sold and the proceeds applied in accordance with the provisions of Act 94, Public Acts of Michigan, 1933, as amended.

15. The proceeds of the sale of the bonds herein authorized to be issued shall be deposited in the Pontiac State Bank of Pontiac, Michigan, a bank insured by the Federal Deposit Insurance Corporation. From the proceeds of said sale of the bonds there shall be immediately transferred to the Bond and Interest Redemption Fund the accrued interest, and premium, if any, received on sale and delivery of the bonds, as well as an amount sufficient to cover the period for which interest was capitalized. The balance of such proceeds shall be applied solely in payment of the cost of the project hereinbefore described and any engineering, legal and other expenses incident thereto and to the financing thereof. Payments for construction, either on account or otherwise, shall not be made unless the registered architect in charge of such work shall file with the Board of Education a signed statement to the effect that the work has been completed in accordance with the plans and specifications therefor, that it was done pursuant to and in accordance with the contract therefor, and that such work is entirely satisfactory.

Any unexpended balance of the proceeds of sale remaining, after completion of the public improvements herein authorized, shall be paid into the Bond and Interest Redemption Fund and shall be used for redemption of bonds.

16. The School District covenants and agrees with the successive holders of the bonds and coupons that so long as any of the bonds remain outstanding and unpaid as to either principal or interest:

(a) The School District will maintain the athletic facilities in good repair and working order and will operate the same efficiently and will faithfully and punctually perform all duties with reference to the athletic facilities required by the Constitution and laws of the State of Michigan, including the making and collection of sufficient rates for their use and the segregation and application of the revenues therefrom in the manner provided in this resolution. The School District will cause the operation of the athletic facilities to be carried on as economically as possible, will, from time to time, make all needful and proper repairs, replacements, additions and betterments to the equipment and facilities thereof, so that they may at all times be operated properly and advantageously, and will not do or suffer to be done any act which would affect the athletic facilities in such a way as to impair or affect unfavorably the security of the bonds.

(b) The School District will maintain and keep proper books of record and account, separate from all other records and accounts, in which shall be made full and correct entries of all transactions relating to the athletic facilities. Not later than sixty (60) days after the close of each operating year, the Board of Education will cause to be prepared, on forms furnished by the Municipal Finance Commission, if such forms be available, a statement in reasonable detail, sworn to by its chief accounting officer, showing the cash income and disbursements for the athletic facilities at the beginning and close of the operating year and such other information as may be necessary to enable any taxpayer of the School District, user of the service furnished, or any holder or owner of the bonds, or anyone acting in their behalf, to be fully informed as to all matters pertaining to the financial operation of the athletic facilities during such year. A copy of such statement shall be filed within seventy-five (75) days after the close of each operating year with the Municipal Finance Commission, and a copy sent to any registered owner of the outstanding bonds. Such statement and books of record and account shall at all reasonable times be open to inspection by any taxpayer of the School District, user of the service or holder or owner of the bonds or anyone acting in their behalf. The Board of Education will cause to be made an annual audit of such books of record and account for the preceding operating year to be made each year by a recognized independent certified public accountant, and will mail a copy of such audit to the manager of the syndicate or account purchasing the bonds. Such audit shall be completed and so made available not later than three (3) months after the close of each operating year. Said audit may, at the option of the Board of Education, be furnished in lieu of the aforesaid statement on forms of the Municipal Finance Commission.

(c) The School District will maintain and carry sufficient insurance covering the athletic facilities to protect against substantial loss or damage. All moneys received for losses under any such insurance policies shall be applied solely to the replacement and restoration of the property damaged or destroyed, and to the extent not so used, shall be used for the purpose of calling bonds.

(d) The School District will not sell, lease or dispose of the athletic facilities or any substantial part thereof until all of the bonds have been paid in full, both as to principal and interest.

17. The statutory lien on the revenues for which provision is made in Section 3 of Act 94, Public Acts of Michigan, 1933, as amended, is hereby recognized and created in favor of the holders of the bonds and the interest coupons pertaining thereto. Such lien shall continue in existence until the payment in full of principal of and interest on the bonds herein authorized, in the manner for which provision is made in Section 9 of Act 94, aforesaid.

18. While any of the bonds herein authorized to be issued shall be outstanding, no additional bonds payable from the revenues of the athletic facilities shall be issued which rank prior to or equally with said bonds payable from the net revenues of the athletic facilities except for the purpose of funding with the bonds herein authorized for the purpose of completing the acquisition and construction of the improvements herein authorized in accordance with the plans therefor. The School District shall further have the right to issue additional bonds payable from the net revenues of the athletic facilities which shall be of equal standing with the bonds herein authorized for the purpose of improving and enlarging the athletic facilities, but only upon the issued shall have equal standing with the bonds herein authorized: Provided, that no additional bonds of equal standing shall be issued pursuant to this paragraph unless the average net revenues for the then last two (2) preceding fiscal years or the net revenues for the then last preceding fiscal year, whichever shall be the lower, shall be equal to at least one hundred fifty (150%) per cent of the largest amount of principal and interest thereafter maturing in any fiscal year on any bonds then outstanding payable from said net revenues of the athletic facilities and on such additional bonds then being issued. Permission of the Municipal Finance Commission (or such other Commission or State agency as shall have jurisdiction over the issuance of municipal bonds) to issue such additional bonds shall constitute a conclusive assumption of the existence of conditions required by this subsection.

19. Said bonds shall be in substantially the following form:

UNITED STATES OF AMERICA
STATE OF MICHIGAN
COUNTY OF OAKLAND
AVONDALE SCHOOL DISTRICT
RECREATIONAL FACILITY REVENUE BOND

No. $

KNOW ALL MEN BY THESE PRESENTS that AVONDALE SCHOOL DISTRICT, County of Oakland, Michigan, for value received hereby promises to pay to bearer, but only out of the revenues hereinafter specified, the sum of

DOLLARS

on the first day of July, A.D., 19-- with interest thereon from the date hereof until paid at the rate of per annum, payable on January 1, 1967, and semi-annually thereafter on the first day of July and January of each year, on presentation and surrender of the interest coupons hereto annexed as they severally become due. Both principal and interest of this bond are payable in lawful money of the United States of America.

and for the prompt payment thereof, the gross revenues of the Avondale School District's basketball athletic facilities, after provision has been made for payment of expenses of operation, administration and maintenance thereof, are pledged, and a statutory first lien thereon is hereby created.

This bond is one of a series of bonds of even date and like tenor, except as to principal amount and date of maturity aggregating the sum of $39,000.00 issued pursuant to resolution duly adopted by the Board of Education on and now in full force and effect, and under and in full compliance with the constitution and statutes of the State of Michigan, including specifically Act 94, Public Acts of Michigan, 1933, as amended, for the purpose of paying the cost of constructing the improvements to Avondale High School athletic field of School District. For a complete statement of the revenues and conditions under which this bond is payable, a statement of the conditions under which additional bonds of equal standing may hereafter be issued, reference is made to the above-described resolution.

This bond is a self-liquidating bond and is not a general obligation of the School District and does not constitute an indebtedness of the School District within any constitutional or statutory limitation and is payable, both as to principal and interest, solely from the revenues of said athletic facilities. The principal and interest on this bond are secured by the statutory lien hereinbefore mentioned.

All bonds of this issue shall be subject to prior redemption in inverse numerical order, at the option of the School District, on any interest payment date, at par and accrued interest to the date fixed for redemption.

Thirty days' notice of the call of any bonds for redemption shall be given by publication of such notice in a newspaper or publication circulated in the State of Michigan which carries as part of its regular service notices of sale of municipal bonds. Bonds so called for redemption shall not bear interest after the date fixed for redemption, provided funds are on hand with the paying agent to redeem said bonds.

The School District has covenanted and agreed, and does hereby covenant and agree, to maintain at all times while any of said bonds are outstanding such rates for use of said athletic facilities, as shall be sufficient to provide for the payment of the expenses of administration and operation and such expenses for maintenance of the athletic facilities as may be necessary to preserve the same in good repair and working order and to provide for the payment of the interest upon and the principal of all bonds payable therefrom, as and when the same become due and payable.

This bond and the interest thereon are exempt from any and all taxation whatsoever by the State of Michigan or by any taxing authority within said State.

It is hereby certified and recited that all acts, conditions and things required by law to be precedent to and in the issuance of this bond and the series of bonds of which this is one have been done and performed in regular and due time and form as required by law.

IN WITNESS WHEREOF, the Avondale School District, County of Oakland, Michigan, by its Board of Education, has caused this bond to be signed in the name of said School District by its President and countersigned by its Secretary, and the coupons hereto attached be signed by the facsimile signatures of said President and Secretary as of the first day of May, A.D., 1966.

AVONDALE SCHOOL DISTRICT
Oakland County, Michigan
By
President

Countersigned:
Secretary

(Form of Coupon)

No.

On the first day of , A.D., 19--, AVONDALE SCHOOL DISTRICT, Oakland County, Michigan, will pay to the bearer the sum shown hereon, in the manner and out of the revenues described in said bond, being the interest due that date on its Recreational Facility Revenue Bond dated May 1, 1966, No.

This coupon is not a general obligation of Avondale School District but is payable from certain revenues as set forth in the bond to which it pertains.

President

Secretary

20. The Secretary is hereby authorized and directed to make application to the Municipal Finance Commission on behalf of the School District for authority to issue and sell said bonds and for approval of the form of notice of sale of said bonds, in accordance with the provisions of Act 279, Public Acts of Michigan, 1955, as amended, and Act 94, Public Acts of Michigan, 1933, as amended.

21. If any section, paragraph, clause or provision of this resolution shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this resolution.

All resolutions or orders, or parts thereof, in conflict with the provisions of this resolution are to the extent of such conflict hereby repealed.

22. This resolution shall be recorded in the minutes of the proceedings of the Board of Education at which it was adopted, immediately after the minutes which record shall be authenticated by the signatures of the President and Secretary of said School District, and shall be published once in The Pontiac Press, a newspaper of general circulation within said School District, within two weeks of its adoption.

This resolution shall become effective immediately upon its adoption.

AYES: Members Isanhart, Mills, Miller, Galloway, Turner and Yeager

NAYS: Members None

RESOLUTION DECLARED ADOPTED.

THOMAS F. GALLOWAY
Secretary

I hereby certify that the attached consitutes a true and complete copy of a resolution adopted by the Board of Education of Avondale School District, County of Oakland, Michigan, at a Regular Meeting held on April 18, 1966.

THOMAS F. GALLOWAY
Secretary, Board of Education

I hereby certify that the foregoing constitutes a true and complete copy of a resolution duly adopted by the Board of Education of the Avondale School District, Oakland County, Michigan, at a Regular Meeting held on April 18, 1966, at which all Board Members were present except Slater.

I further certify that Board Members Mills moved adoption of said resolution, and that Board Member Turner supported said motion.

I further certify that the following Board Members voted for adoption of said resolution: Isanhart, Mills, Miller, Galloway, Turner and Yeager, and that the following Board Members voted against adoption of said resolution: None.

I further certify that said resolution has been recorded in the minutes of the Board of Education and that such recording has been authenticated by the signatures of the President and Secretary of the Board of Education.

THOMAS F. GALLOWAY
Secretary, Board of Education

NOTICE OF INTENTION
TO CONSTRUCT SANITARY SEWER
ON THE NORTHEAST SIDE OF
STANLEY AVENUE

You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan held April 19, 1966 by resolution it was declared to be the intention of the City Commission to construct Sanitary Sewer on the northeast side of Stanley Avenue from Lounsbury Avenue to alley at Montcalm Street at an estimated cost of $5,960.00, and that the plan, profile and estimate of said improvement is on file for public inspection.

It is further intended to construct said improvement in accordance with the plan, profile and estimate, and that the cost thereof shall be defrayed by special assessment according to frontage and that Lots 46 thru 48 both inclusive, Baldwin Dixie Hills Subdivision shall constitute the special assessment district to defray $1,640.85 of the estimated cost and expenses thereof and that $4,319.15 of the estimated cost and expenses thereof shall be paid from the Sewage Disposal Improvement Fund.

NOTICE IS HEREBY GIVEN

That the Commission of the City of Pontiac, Michigan will meet in the Commission Chamber on May 10, 1966 at 8 o'clock p.m. to hear objections to said objections that may be made by parties interested.

W. O. #8143
Dated April 26, 1966

OLGA BARKELEY
City Clerk

'No Sanctuary,' 'Hot Pursuit' Explained

WASHINGTON (AP) — U.S. officials have drawn a distinction between a "no sanctuary" policy and the principle of "hot pursuit."

They said hot pursuit means chasing an enemy during a combat engagement — even across a frontier. But this does not include a deliberate strike at an enemy base — the no sanctuary policy.

★ ★ ★

In explaining the distinction, U.S. officials cited the Korean War. Then U.S. planes flew across the Yalu River into Chinese air space during running engagements, they said, but the United States held to the sanctuary principle, barring attacks on the Chinese mainland.

But Red China will risk retaliations on her home territory if she intervenes in the Viet Nam conflict, officials said. They added, however, that U.S. forces would counterattack across the Chinese border only after a careful decision high in the U.S. government.

Washington has no evidence that Red Chinese planes have been involved in the air fights. The North Vietnamese have increased numbers of more advanced type MIGs and they have sent them into battle.

— If Red Chinese forces did intervene, the United States would not accept the concept of a sanctuary, or safe haven, for them. But any decision to take action would be made only after very careful consideration at a high governmental level.

★ ★ ★

The U.S. officials also doubted a significant increase in the risk of Red China deciding to enter the war would occur unless the Peking regime feels China's territory is threatened or the Commnuist North Viet Nam conflict aims at neither of these objectives.

Using similar reasoning, the U.S. officials ruled out a massive step-up of the North Viet Nam bombing. Besides increasing the danger of Chinese intervention, they said massive bombing, as urged by some, would not knock out North Viet Nam's low-level economy and could galvanize its populous into stiffer determination to go on with the war.

Under the rules of the conference, newsmen are not allowed to quote the speakers by name.

2-DAY BRIEFING

The explanation on China's risk and high level decisions was given to about 700 of the nation's editors and broadcasters attending a two-day State Department briefing on foreign policy.

The semiannual conference ends today with scheduled appearances by Secretary of State Dean Rusk, Undersecretary George W. Ball and other high officials. Thursday's listed speakers included Vice President Hubert H. Humphrey, Army Chief of Staff Gen. Harold K. Johnson and William P. Bundy, assistant secretary of state for Far Eastern affairs.

★ ★ ★

Fears that America will be drawn into war with Communist China have been voiced by some in the wake of recent aerial dogfights in North Viet Nam and the State Department's reaffirmation that there is no sanctuary for those entering the Viet Nam war.

The Pentagon Thursday identified advanced-model MIG jets in the air battles as North Vietnamese. However, Sen. Robert F. Kennedy, D-N.Y., has raised the question of what might happen when "our planes will pursue hostile aircraft to wherever they go — even over the border of China."

NO CHANGE

Asked about Kennedy's views, U.S. officials said:

—There has been no recent change in the pattern of U.S. air strikes on North Viet Nam.

—Washington has no evidence that Red Chinese planes

dad will have the dishes done in a few minutes

Here's the exciting undercounter dishwasher model SPU-90 from RCA Whirlpool that features six automatic cycles with push-button selection. Do the whole day's dishes at the same time—while you take a snooze or catch up on your favorite TV show. Giant, self-cleaning filter, dual detergent dispensers and automatic wetting agent dispenser mean you'll have "squeaky-clean" dishes with a minimum of effort. Choice of nine decorator finishes to fit your kitchen decor. Want the convenience of portability? Here's the perfect answer—the RCA Whirlpool portable dishwasher Model SPC-300. This beauty has all the features of the undercounter models with a few extras to boot—like its solid maple work-surface top, and its load-at-the-table convenience (no need to scrape or pre-rinse dishes with RCA Whirlpool). It'll wash up to 16 table settings, including the serving dishes, at the same time. Five exciting colors to choose from. Now here's the model for moms (or dads) who prefer a top loading automatic dishwasher, the RCA Whirlpool SFP-85. Plenty of space inside—holds up to 18 full table settings. Plenty of space-saving outside—just a little over four square feet. The perfect answer for smaller kitchens and apartments. Has the same famous RCA Whirlpool dishwasher features such as six automatic cycles with pushbutton selection, dual detergent dispensers, giant self-cleaning filter and automatic wetting solution dispenser.

RCA Whirlpool

(with our help, that is!) Let's face it, dad, sooner or later you're going to be conned into doing the dishes. So why not be a sport and pick up an RCA Whirlpool automatic dishwasher. Your wife will be happy . . . and when it's your turn to do dishes, you'll find it's a great way to catch up on some sleep. (Don't forget Mother's Day, *May 8th.*) RCA Whirlpool dishwasher prices start at **$124.88**

PRIVATE PARKING

Drive Opposes Solon Pay Hike

DETROIT (AP)—A suburban grocer's one-man campaign against a proposed $5,000 pay raise for state lawmakers has been joined by at least 1,200 persons.

Thomas P. Foster, 37, put petitions protesting the proposed raise in his two Dearborn grocery stores a week ago.

"I anticipated maybe 200 signatures when I started," Foster said today. He now has more than 1,260.

Foster said "I have sent out a whole raft of petitions and, if everybody follows through, we should have close to 4,000 signatures."

* * *

Foster said people have been going out of their way to come to his store to sign the petitions and that he has had to give up three hours a day of his working time "just so I could work on this."

Foster said he had letters and telephone calls from people throughout the state telling him they planned to start similar petition drives.

IOC Forbids Use of Drugs

ROME (AP) — The International Olympic Committee passed legislation Thursday night designed to wipe out the use of stimulants by athletes during Olympic competition.

"If any individual is caught using dope then the whole team in his sports village will be disqualified," said Avery Brundage, president of the IOC.

The committee, at the final session of its meeting, also decided against including judo, archery and handball in the 1968 Games at Mexico City.

Earl Warren Talk Set

BOYNE FALLS (AP)—U. S. Supreme Court Chief Justice Earl Warren is scheduled to speak May 3 in Boyne Falls at the annual Judicial Conference of Michigan. State Supreme Court Chief Justice Thomas M. Kavanagh is general chairman of the three-day conference beginning May 2.

Wallace May Be 1st Shadow Governor

By BRUCE BIOSSAT
Washington Correspondent, Newspaper Enterprise Assn.

BIRMINGHAM, Ala. — Gov. George C. Wallace, the South's most controversial leader since Huey Long of Louisiana, tries in Alabama's May 3 Democratic primary to take a big stride toward becoming this country's first real shadow governor.

To produce that result — to get around his state's ban on two straight terms — demands the nomination and election of his slender, 39-year-old wife, Lurleen. All signs presently point to that outcome.

If this engaging mother of four wins in May and November, she will become only the third woman governor in U.S. history, and the first since the 1920s, when both Miriam Amanda (Ma) Ferguson of Texas and Nellie Tayloe Ross of Wyoming were elected.

Though Mrs. Ferguson's husband had also been governor of Texas, he played no key role in his wife's later stewardship.

Wallace's unabashed effort to rule Alabama, through his wife, for a second successive four years is a unique undertaking.

1966 PRIMARY

This 1966 primary is unique also for the fact that big-framed, red-haired Alabama Attorney General Richmond Flowers — one of the nine contenders against Lurleen — is making the South's first really fervent, unconcealed bid for the greatly enlarged Negro vote.

Running this year are 80 Negro candidates for various state and local offices, including 12 for the state legislature and seven for sheriff in heavily black rural counties. Quite a few may win.

Flowers will not, in view of Alabama observers. But overwhelming Negro support may lift him to second place.

Many appraisers think Mrs. Wallace will gain a majority May 3. If she does not and a May 31 runoff is required, Flowers is her likeliest contender.

NEGRO VOTE

No Southern candidate ever before has counted so fully on Negro backing. And Alabama's still-rising Negro vote may signal the day when no statewide office-seeker here can hope to win without measurable Negro help.

If all this were not enough for one year, the May 3 balloting also pits against pert Lurleen two former governors ("Kissin' Jim" Folsom and John Patterson), a former congressman (Carl Elliott, moderate), an ambitious young state senator (Robert Gilchrist), and a posse of also-rans.

Evidently undisturbed is Lurleen Wallace, crack rifle shot, flier, skier, horseback rider, needleworker, housewife. Traveling the circuit with Fighting George, she makes what one aide calls a "very nice little talk."

* * *

"My husband and I have worked as a team and have been in public life together for a number of years," she tells voters in quiet tones.

HER PROMISES

She promises more industry, more welfare, more far-flung battles for states rights, no alcoholic beverages in the mansion for another four years, and a "chief adviser" well-known to Alabama and the nation.

After three minutes she tucks her little speech into a tattered manila folder and sits down. To the guitar beat of a fast, jazzy "Dixie," chief adviser George Wallace takes the platform for a solid half hour.

His speech is a masterwork of flamboyant Southern politicking. He postures cockily in his prized role as stubborn defender of Alabama's segregationist traditions, though he never mentions race or the work segregation. He taunts his adversaries everywhere with sharp jabs and waspish wit.

* * *

Wallace wants all that remembered, along with the fact of Alabama's escalating economy. But the image he finds most profitable politically is that of the gladiator defending the treasured ways of the Old South.

A secret poll, stressing voter interest in the race issue, suggests Wallace is still in tune with Alabama. Flowers, in contrast, appears ahead of his time — a ground-breaking force at the dawn of changing times.

Largest U. of D. Class to Graduate Tomorrow

DETROIT (UPI) — The largest graduating class in University of Detroit history — 1,518 students — will receive diplomas tomorrow from the university president, the Very Rev. Laurence V. Britt, S.J.

* * *

Honorary degrees will be presented to the late Rabbi Morris Adler, slain by a member of his congregation earlier this year; the Rt. Rev. Richard S. Emrich, bishop of the Episcopal Diocese of Michigan, and the Rev. John Courtney Murray, S.J., prominent Catholic author.

Liaison Man on School Aid

His Job: Unsnarl Red Tape

By PAT McCARTY

In Washington . . . in Lansing — who is there to speak for the schoolchildren of Oakland County?

* * *

They are more than 200,000 strong and they constitute 10 per cent of the school-age population of the entire state.

Last year some $93 million was spent to educate them.

This year the expenditure will run about $100 million, more than half of which will come from the state. The federal government probably will contribute some $2 million.

With these statistics in mind, Eldon C. Rosegart of 2983 Shawnee, Waterford Township, will travel from Oakland County to the capitals of the state and nation.

NEW JOB

The veteran Pontiac educator, who serves on the Waterford Township School Board, will begin his new job with Oakland Schools July 1, as assistant superintendent for state and federal affairs.

The $12,500-a-year position was created in March in answer to a problem which is becoming more acute as federal and state participation in education increases.

The problem is that bureaucratic demon — red tape.

* * *

Commenting on the amount of federal and state funds used in the county, Oakland Schools Supt. William J. Emerson noted the money is distributed according to laws passed in Washington and Lansing.

SUBJECT TO INTERPRETATION

The laws, in turn, are subject to the interpretation of administrators.

"The laws and the people administering them have some regulatory features," Emerson said. "We have a practical concern as to how these laws affect the situation here."

While government officials have a great impact on instruction here, "Lansing is a long ways away," he said.

In creating the new post, Oakland County Board of Education trustees had two purposes.

KEPT ACQUAINTED

"One is that this office and the 30 school district boards in the county will be kept acquainted on a day-to-day basis with activity in Lansing and Washington," Emerson said.

The other is to keep officials "appraised of the opinions, attitudes and requirements of organized education in these parts."

The amount of money Oakland Schools receives from federal and state sources will not be directly affected by Rosegart's work.

* * *

"He will not be concerning himself with applications for funds but with the rules that apply to applications for funds," Emerson said.

OBJECTIVE IN MIND

Laws pertaining to the allocation of money are adopted with an objective in mind, Emerson noted.

"Being fully aware of the objective is where the problem lies," he commented.

In some cases, Rosegart might discover how to make federal and state funds go farther or how to better handle the money available.

* * *

The communication system he establishes will be a two-way street.

'OMINOUS IMPLICATIONS'

"A regulatory statute or ruling that has ominous implications for metropolitan areas might not get enacted" if legislators are aware of those implications, Emerson said.

ELDON C. ROSEGART

These, then, will be the duties of Rosegart when he assumes his new post.

He will bring to the job a strong educational background and valuable experience in both school and state affairs, Emerson said.

* * *

The 47-year-old educator is a 1937 graduate of Pontiac High School. He holds both bachelor's and master's degrees from Michigan State University and now is working on an educational specialist degree at Wayne State University.

BOARD PRESIDENT

Elected to the Waterford Township Board of Education in 1959, he served as its president from 1960 to 1962.

Sixteen of his 20 years as an educator have been spent in the Pontiac school system.

He was band director at Lincoln Junior High School and Pontiac Northern High School before being appointed administrative assistant at Kennedy Junior High School last year.

* * *

He has done work for both the Michigan Department of State and the auditor general's office and has served on the Michigan State Fair Board.

VOCATIONAL UNIT

Rosegart has been an officer in various educational organizations and now is a member of the steering committee of a countywide study group on Vocational education needs.

* * *

He and his wife Phyllis have two children.

Says Computers Have No 'Neurotic Moods'

BURLINGTON, Vt. (AP) —A University of Vermont consultant, Norbert F. Charbonneau, says computers do not have "neurotic moods" and, furthermore, they are no more accurate than the humans who run them.

* * *

Charbonneau told a women's club in Burlington the machine is really "a very simple-minded thing which merely tabulates accurately and fast."

GLENWOOD PLAZA — North Perry at Glenwood

It All Adds Up to Keen Competition

2-4-6-8, Pontiac's 'Mathletes' Are Great

By PAT McCARTY

Rah, rah, re—hit 'em in geometry!

Plot that curve! Slide that rule! Graph that asymptote!

★ ★ ★

While the "mathletes" of Pontiac Central and Northern high schools have not yet called upon the services of their respective cheer-leading squads, much of that same spirit was in evidence during a two-hour contest yesterday afternoon.

The cross-town rivalry, which thus far has been dominated by sports contests, took a new twist as teams from the two schools met at Northern in their first mathematics competition.

The Central team came out on top, edging Northern 196-170.

★ ★ ★

Central took an early lead with its handling of rational and irrational numbers and kept it through slide rule competition and the exam on inequalities.

TOOK HEART

The Northern team members took heart when they gained a point over Central in their coverage of conics.

But the Huskies were still behind 15 points as they awaited the results of the oral competition, covering non-Euclidean geometry, functions and quadratics.

When the final tally was posted, Central had gained another 11 points.

★ ★ ★

"That's really very close," said Joyce Sweet, helping teacher with the Pontiac School System's secondary mathematics program.

Miss Sweet helped coordinate the two-hour competition, working with faculty members from both schools and with junior high teachers.

Others involved in planning the event were Central's James Parker and Stuart Choate and Northern's Glenn Cheek and Therese Holzer.

Their aim was to heighten student interest in mathematics — there was no doubt yesterday that they had done that.

★ ★ ★

Each school was represented by 24 students, who began to prepare for the event two months ago.

CONSIDERABLE WORK

It required considerable work and study outside the classroom.

The students — sophomores, juniors and seniors — boned up on topics their parents and teachers had studied in college.

"There are more math ideas presented now than there used to be," Miss Sweet said. "Students now take calculus as freshmen in college. It was a senior course when I took it."

★ ★ ★

She commented that the contest couldn't have been held five or 10 years ago—students simply wouldn't have been interested.

RECOGNIZE NEED

But now they recognize the need for more mathematics and their enthusiasm is kindled by new teaching techniques.

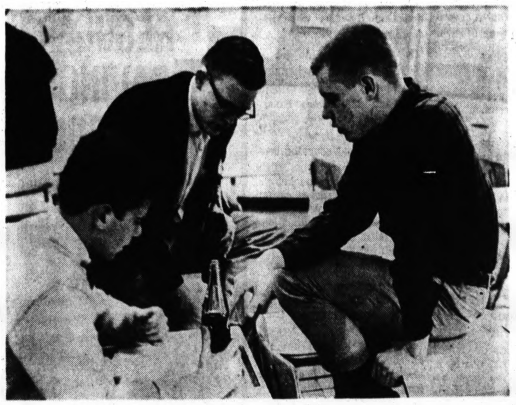
"Our feeling is that the questions were pretty rough," Miss Sweet said, "but it doesn't seem to have frightened them in the least.

"Northern already is talking about the contest next year."

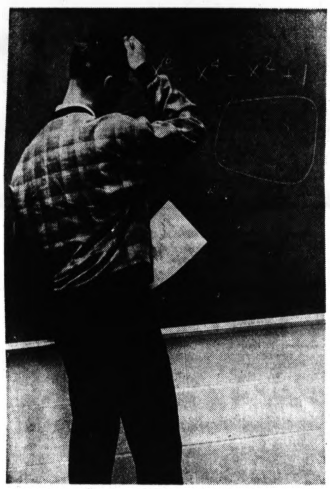
The title will not go unchallenged.

Pontiac Press Photo

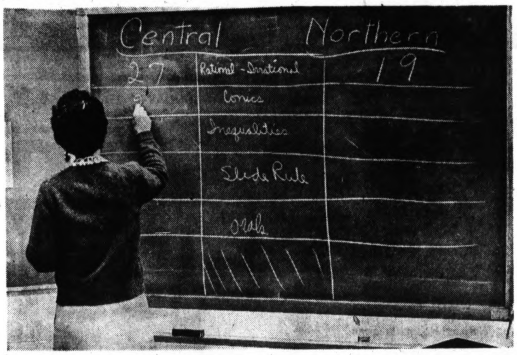
AWED SPECTATOR—The wonder of it all is taken in by Central sophomore Laymond Eanes, 301 Branch, as he watches a student perform in the oral classification of the mathematics competition. "How did they do it?" Laymond exclaimed later. Seated behind him is Central senior Robert Carry of 2405 Empire, who had participated in the written competition.



SKULL SESSION—Three Northern team members try to determine where they went wrong after completing their parts in the mathematics competition. The youths, all juniors, are (left to right) Robert Tucker of 634 E. First, Mark Dallas of 364 Third and Michael Hardy of 1525 Opdyke. Mark and Michael represented their school in the written examination concerning rational and irrational numbers, while Robert dealt with conics in the analytic geometry event.



YES . . . NO . . . HMMM — Pontiac Northern senior Arthur Reis, 236 Nelson, stands back to get the big picture —and ponder on it for a second—as he explains 11 aspects of an equation in the oral competition about functions. Each speaker was given 10 minutes to prepare his talk and another 10 to deliver it.



SIMPLE MATHEMATICS — About the only person at the mathematics competition working with numbers that didn't have exponents or unknowns was Joyce Sweet. One of the coordinators of the event, Miss Sweet posted scores as they came in, to choruses of "Ohs," "Ahs" and "Yippees."

SLI-I-DE! — With visions of equations dancing through his head, Central junior Robert Gordon of 1041 James K tackles one of the problems assigned to him in slide rule competition. His team topped Northern in this event as well as in rational and irrational numbers and inequalities.

THE WINNAHS! — "Are we with it? Well, I guess!" The Pontiac Central team members got a chance to congratulate themselves after their mathematics victory over Pontiac Northern High School yesterday. Mark one up for the Chiefs in a new column for the cross-town rivalry tabulation. Although judges said the scores were close, a youthful voice in the crowd was heard to say: "We're the smartest — yeah, yeah, yeah!" A Northern contestant moaned, "If it hadn't been for algebra . . ."

JUDGES ORAL CONTEST — David Dickens, Kennedy Junior High School mathematics teacher, was among 20 teachers who served as judges for the Central-Northern math clash. Here he concentrates on the speech of a student explaining the graph of a function, the fundamental theorem of algebra, complex conjugate roots, zeros of the function, etc., etc.

Weeding With Chemicals Saves Time, Effort

Dig dandelions? Pull crabgrass? These are king-size jobs.

Today's informed home owner saves time and work by weeding with chemicals in a sprayer.

This spring when you take the offensive against the annual weed invasion in your lawn, do it the easy and sure way with a sprayer

The advantages? For take-it-easy weeding, nothing beats letting chemistry do the work for you

★ ★ ★

You will avoid such weeding casualties as calloused hands and aching back. You get more thorough results and save hours of work

SPRAY WEEDS

When you spray weeds while they are young before they go to seed and multiply, you keep down the weed population

Also, by eliminating them in their seedling stage, they have little chance to steal food and water from wanted plants.

Selective weed control chemicals, such as 2,4-D, used according to the manufacturer's instructions, will quickly clear out broadleaf weeds such as dandelion and plantain without damaging permanent lawn grasses not susceptible to them

★ ★ ★

Most important, thorough application is the key to your weed control program For proper application of chemicals, one of the most desirable tools is the compressed air sprayer.

It has a 1½- to 5-gallon tank. A hand pump compresses air in the tank so you can spray continuously without pumping.

It can be carried by hand, over the shoulder, or mounted on a cart. Some models have wheels already attached

Select one that has the capacity to spray your lawn without frequent refilling, yet is compact enough to be handled comfortably.

LARGE EQUIPMENT

For gardeners who need larger equipment, a small power sprayer provides easy spraying at a moderate cost The most popular power sprayers for use around the home are from 10- to 15-gallon capacity.

The National Sprayer and Duster Association recommends reserving one sprayer for weed control only.

It's difficult to be sure that weed control chemicals have been thoroughly cleaned from a sprayer Any residue left in it could injure flowers and other plants

For spraying weeds, you should be sure the spray comes out in coarse droplets.

A fan nozzle operated at low pressure and held 18 inches or less from the surface, distributes the spray evenly and keeps it from drifting onto desirable plants.

If you are lucky enough to have only occasional weeds in your lawn, you may be able to control them with "spot" spraying.

You simply aim the spray at those scattered dandelions and plantain and do the job with a minimum of chemical

In lawns heavily infested with weeds, it is best to spray the entire area. You can get multi-nozzle boom attachments to use on compressed air sprayers, wheel-mounted sprayers and small power sprayers.

A spray boom, with multiple fan nozzles, permits you to cover large areas more rapidly

To avoid skips and overlaps when moving back and forth across the lawn you may wish to use stakes and cords for guide lines.

Maintenance of a weed-free lawn today comes easily. In some areas, crabgrass may be the biggest trouble maker.

It germinates in the spring and grows rapidly, reaching an unsightly maturity when permanent grasses, such as Kentucky Bluegrass, experience their summer dormant period.

In the spring, before crabgrass seedlings emerge from the soil, crabgrass control materials can be applied.

★ ★ ★

These materials are generally applied in dry, granular form in combination with fertilizers Some crabgrass formulations can be applied as spray.

CRABGRASS

Once crabgrass has spouted, you will need a post-emergence crabgrass control chemical, applied strictly according to the manufacturer's instructions.

After eliminating the weeds in the lawn, you can develop a dense, vigorous growing turf, by following a regular mowing, watering, and fertilizing schedule.

Weeds find it difficult to get a toehold in a thick healthy turf.

Good Beginning Important to Home Vegetable Growers

The home vegetable gardener must start out with the proper soil or he'll wind up going back to market for his vegetables.

According to a publication of the Agriculture Department, one of the first essentials for a successful vegetable garden is fertile, deep, brittle, well-drained soil.

The exact type of soil is not so important as that it be well drained, adequately supplied with organic matter, retentive of moisture and reasonably free from troublesome stones.

Development of a high-grade garden soil will be extremely difficult, if not impossible, if it contains shale, rock ledges, gravel beds or very deep sand.

But don't worry too much about an infertile soil that has favorable physical properties.

FEED SOIL

An infertile soil can be brought into high productivity by incorporating organic matter and fertilizers.

The Department said good drainage and sunshine are important.

Soil drainage can be improved by properly installed agricultural tile, by open ditches and, in some situations, by sub-soiling to loosen the soil.

* * *

Keep the garden away from low places where water might stand after a heavy rain.

The garden should receive the direct rays of the sun all day long.

Certain crops can stand some shade, but no amount of fertilizer, water, or care will replace sunshine.

* * *

For those home gardeners planning to put their green thumbs to the test, the department has these don'ts:

- Don't spade, plow or cultivate soil that is too wet.
- Don't apply too much lime.
- Don't run rows up and down a slope.
- Don't apply water in numerous light sprinklings, but water thoroughly about once a week if rainfall is deficient.

Prepare the soil during late winter or early spring by removing all coarse plant remains that would interfere with plowing or spading.

Badly diseased plants from a previous crop should be burned. Crop residues or weeds that can be worked into the soil should be spaded under.

Too much lime can injure most garden crops. A good general rule to keep in mind is that asparagus, celery, beets, spinach and sometimes carrots are benefited by moderate use of lime.

ROSE LOVERS

American home gardners are fond of the iris and the chrysanthemum but they're in love with the rose.

The rose has gained top billing from among all other flowers, possibly because it can be grown in every part of the country and can be used for many decorative purposes.

Although roses can be grown nationwide, researchers have found that different temperatures can alter the flower's appearance.

Cool temperatures produce more petals and bigger blooms.

For home gardeners hoping to start some rose planting this year, the department of agriculture suggests the purchase of vigorous plants from a reputable local nursery, retail store or mail-order nursery.

Here are some tips for the rose grower:

- Select a planting site that receives at least six hours of sunshine daily.
- Set plants in well-prepared beds.
- Water them frequently.
- Cut flowers from the plant without damaging the remaining parts of the plant.
- Prune the plants every year.
- Spray or dust regularly to prevent insect or disease damage.

For planting a few roses, dig individual planting holes 12 inches deep and at least 18 inches in diameter.

If a large number of roses are to be planted in a continuous area, spade the soil to a depth of about 12 inches and dig planting hole in the prepared beds.

If planting in unprepared soil, mix soil from the holes with organic matter. Use one part of peat or leafmold to four parts of soil, or one part of manure to six parts of soil.

One more tip: Prepare the beds in plenty of time to set plants as soon as they are received.

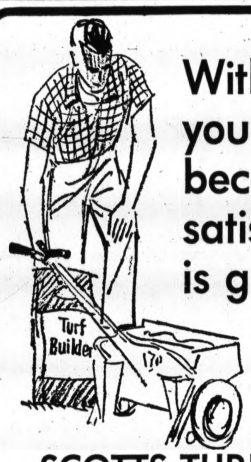
Destroy Ivy Plant With Herbicides

The best protection against poison ivy is to destroy the plant. And when you finish destroying the plant, clean the clothing you wore in the process and the tools you used.

You may get rid of the irritating plant by spraying with such herbicides as amizol, amino triazole and others.

Poison ivy always has shining dark green leaves in groups of three but it may grow as a small erect shrub or as a vine.

You may become infected not only by touching the leaves, but by contact with any of the greenish-white flowers or waxy white berries, or even by smoke from plants being burned.



With SCOTTS you are sure because satisfaction is guaranteed

Scotts makes it so easy to have a beautiful turf. Just fill a Scotts spreader and stroll across your lawn.

SCOTTS TURF BUILDER

the fertilizer chosen 3 to 1 over any other brand. Grows deeper roots in any size. Sustained feeding keeps grass green longer.

Flowering Fence Advances Good Neighbor Policy

Wish to make firm friend of your neighbor? Plant a lovely flowering fence.

Flower fences bring neighbors closer even though they provide privacy to both sides of the fencing.

Flowering fences may consist of many types of plants, depending on whether one wishes an open planting that merely forms a dividing line between the properties, or a dense hedge completely shutting off bordering properties, but nevertheless remaining beautiful for both neighbors to admire.

Examples of flower fences include roses, either climbing, grandiflora or floribunda; rhododendrons, azaleas, laurel, hydrangeas, forsythia, cydonia, or quince, spirea, viburnum, and many others.

* * *

In the warmer climates, the fencing may be oleanders, hibiscus, crape myrtle, azaleas, camellias, and numerous others.

WIDE VARIETY

All - green fences may consist of a long list such as taxus, privet, ilex, hemlock, barberry, juniper, arborvitae, euonymous.

In fact, many shrubs and trees will form effective fences, or hedges.

Pyracantha trained on a skeleton fence can be striking in the fall.

Nurserymen have samples of hedge plants so the home owner can visualize what the fence will look like when mature.

There's one thing about a lovely fence — neighbors will like it just as much as you, might even pay half on the cost.

Fescues Endure Drought, Infertility

Among the excellent qualities that make Oregon fine fescues so much in demand for lawn seed blends are ability to endure shade, drought and infertile soils.

Look for such fine fescues as Chewings, Illahee, Penlawn and Rainier, on the seed box label. These varieties are able companions for Kentucky bluegrass.

Small Space, Plant Berries

Home gardeners with limited planting space but who want to pick fresh fruits from their gardens might consider strawberries.

According to a Pennsylvania State University correspondence course, strawberries take low initial investment, little ground space, and produce fruits during their second year. They're a "natural" for suburban and city gardeners.

Strawberry planting season starts in early spring. In fact, planting can be done as soon as the ground can be worked.

Should a snow or light frost occur after this very early planting it won't harm the plants, they're frost hardy.

* * *

After the initial spring planting, the strawberries will continue to require attention throughout the summer.

MIDSUMMER

It's in midsummer that growers must be on their toes — or on their knees, really. During that time the strawberry bed must be kept free of weeds and the surface soil loosened so runner plants can root readily.

Early - rooted plants store food in their crowns for berry production the following spring.

Learn more details of strawberry growing. Enroll in the Penn State correspondence course.

* * *

Anyone can obtain a copy by sending his name and address with two dollars and fifty cents to Strawberries . . . Box 5000 . . . University Park . . . Pennsylvania 16802.

Keep Your Corsage Submerged, Cool

To prolong the life of your corsage, for rewearing, for flower arrangement or floating in water, remove all ribbons and submerge the flowers in very cold water for 20 minutes (except orchids, which will spot).

Shake off the water gently, wrap the flowers in foil or wax paper, seal the edges and place the flowers in the refrigerator (not freezing compartment).

HOME GARDENER'S Notebook

Clean Debris From Garden

Sticks and stones not only break your bones, they also break your back when you're trying to start a new garden.

They must be removed. Usually it has to be done manually with a good rake.

Clay or sand or rubbish in the soil frequently are problems. They also must be eliminated. The best way is to add good topsoil.

If you can't, you still can improve a light sandy or clay soil with the addition of some kind of humus material.

* * *

Peat moss or other organic matterwill lighten up the soil. The whole process may take a few years but it will be worth it.

NEW GARDENS

For new gardens here are some plants easy to grow and quick to give beauty.

Alyssum is early and fragrant and ideal for a border.

Petunias are excellent because they are colorful all season. Marigolds are colorful, mostly in shades of orange and yellow and primrose.

* * *

Zinnias grow fast almost anywhere and are good for cutting.

Consider pinks or coleus. Coleus is excellent because it has foliage color; you don't have to wait for the bloom.

You get your ornamental color out of the leaves. Burning bush grows into a very ornamental plant in a season.

* * *

Tips for starting these plants and growing them well are generally on the seed package.

A lot of people plant the seeds and throw away the package. If you do, you lose the information of all the research that has gone into developing the seed.

* * *

The seed packet will give you the height of the plant, whether it's an annual, bi-annual or perennial, the color or the color mixtures, when to plant, suggestions on thinning, depth to plant seed, how to care for it during the season.

A gardener who, fearing late frost will hurt valuable plants put outdoors, places a short, thick, lighted candle inside upside-down empty pots among the plants to warm the air.

Lawngrasses Thrive Under Wide Variations

Good lawngrasses thrive under wide variations of soil acidity or alkalinity, says the Lawn Institute. In general, bentgrasses and red fescues tolerate acid soils better than does Kentucky bluegrass.

If your soil is very acid, best that it be limed before seeding any grass.

MODERN
RA-PID-GRO CONCENTRATE
The Original Liquid Plant Food

There's a full measure of balanced high-potency plant food in every ounce of RA-PID-GRO. No fillers, no impurities, just the pure, healthful nourishment all growing things crave. Add RA-PID-GRO concentrate to water. Sprinkle or spray on your garden and lawn. A little RA-PID-GRO goes a long way to bring out the best in everything you grow. Easy, modern, convenient to buy and use.

Available at leading Garden stores.

ONE COLOR

Many Emphasizing Early School Start

By LESLIE J. NASON, ED. D.

Dear Dr. Nason:

Do you think a child should be 5 years old before entering kindergarten? My oldest child, born October 27 attended kindergarten two years because the teacher thought she was too immature to move to the first grade.

DR. NASON

I have a second child who will be 5 September 27. Would you start her or keep her home until next year? I don't want to push her, neither do I want to hold her back unnecessarily.

One kindergarten teacher told me she thought all children should be 6 before entering first grade. Mrs. R. R., Clumbus, O.

Answer:

Children mature at different rates. Consequently, no one age for entering kindergarten can be set up as inflexible rule. School districts must, however, set some age requirement.

A year of prekindergarten or two years of kindergarten often help a child mature and succeed better as he progresses through school. The present tendency is to place greater emphasis on an early start rather than a later one, even though it may mean an extra year of school before entering the first grade.

* * *

Keeping your child home for an extra year might not prove as valuable to her as the school experience.

Dear Dr. Nason:

If you have a listing of commercial art schools in New York City or Westchester, please send it to me or tell me where I can get same. While my first love is fine art, I feel that making a living at it would be difficult. A.J.A., White Plains, N. Y.

Answer:

Requests such as yours, of which I receive many, are always perplexing to me. Your high school counselor, school librarian or the staff at your nearest public library will gladly give you the help you need.

* * *

Libraries have a directory service, reference room, science and industry, and art department.

(You can write to Prof. Nason in care of The Pontiac Press. Questions of general interest will be answered in this column.)

New Magnet Being Tested

By Science Service

ARGONNE, Ill. — A superconducting magnet — one that requires no added electrical current to maintain a magnetic field once it has been established — has been used for the first time in a full-scale high-energy physics experiment here.

The doughnut-shaped magnet is 24 inches in diameter and has a center hole 11 inches across. Although it is relatively small compared to the big magnets now in use, it can maintain a magnetic field stronger than that available with most conventional magnets of much larger size.

The Argonne experiment was conducted jointly by scientists from the Atomic Energy Commission's Argonne National Laboratory here and Carnegie Institute of Technology.

The superconducting magnet replaced the conventional magnet surrounding a bubble chamber, a device used by physicists to track charged nuclear particles after they have been accelerated to high energies in atom smashers.

The first Jewish hospital in this nation was formed by Sampson Simson and eight associates Jan. 15, 1852. Called Jews' Hospital, it later became Mt. Sinai Hospital in New York City.

Oil became Nigeria's top export last year for the first time, displacing cocoa as the country's leading foreign exchange earner.

Well-Muscled Thief

WICHITA, Kan. (AP) — Wichita police are searching for a burglar who made off with truly heavy loot. Edmund Link reported the theft of several cast iron window weights which weighed about 350 pounds, 35 pounds of lead and a lead boiling pot.

UF Women's Campaign Committee Sets Plans

Pontiac Press Photos

Pontiac chairman, Mrs. Sol Newhouse, Mohawk Road, looks at a hand-woven Israeli-designed coat purchased in one of two trips to Israel.

Furniture refinishing and millinery creations rate high on the list of hobbies pursued by Orion Township chairman, Mrs. Gilbert Adams of Miller Road.

"The initial objective of the Pontiac Area United Fund Women's Campaign Committee is 1,300 women — neighbors, friends and citizens of our community," says Mrs. James Cowen, 1966 Women's Chairman of the Pontiac Area United Fund Drive.

"For the most part, they will be busy housewives, mothers, active club women or women who have recently found time on their hands. The only prerequisite is a desire to serve others."

★ ★ ★

The second objective results from what these 1,300 women volunteers will be asked to do: maintain the many family, health and youth agencies serving our communities through voluntary contributions sought by women volunteers.

A few days, involving several hours' time, is not a great deal to ask for helping these vital services available to residents of our communities daily, Mrs. Cowen feels.

FIRST-HAND KNOWLEDGE

"Women, as mothers and housewives, know first-hand how important these services are to their families. Each year the demands and need for them increases.

"Beside seeking contributions, our job is to let people know what services are available and how to contact these agencies. Women will also distribute an informative directory when calling on other women."

AREA WOMEN INVOLVED

The women's campaign cabinet, made up of Pontiac, Waterford, Orion Township, Lake Angelus and Independence chairmen, has been appointed. They are Mrs. Sol Newhouse, Pontiac; Mrs. Paul Atkins, Waterford; Mrs. Ray Hayes, Lake Angelus; Mrs. Robert C. Jones, Independence Township; Mrs. Gilbert Adams, Orion Township.

Mrs. Newhouse

Pontiac chairman, Mrs. Sol Newhouse, lives on Mohawk Road. She has worked in the United Fund campaign as an area chairman for two years.

She also volunteers one day a week to the Michigan Cancer Foundation and is active in B'nai Israel Sisterhood affairs. She has two grown children.

Mrs. Newhouse will be responsible for obtaining 500 Pontiac women volunteers to assist with house-to-house and retail business calls in the fall drive.

Mrs. Adams

Mrs. Gilbert Adams has a schoolteacher daughter, and sons in college and in grade school. Last year, she was Lake Orion United Fund business chairman.

She enjoys numerous hobbies, but finds time to teach Sunday School and work as a hospital volunteer.

She is responsible for obtaining 100 volunteers to meet Orion's quota for agency services in the township.

Mrs. Atkins

Gardening and books are what Mrs. Paul Atkins finds most interesting. The mother of 17-year-old twins, she is active in volunteer library organizations in Waterford Township. One of her volunteer jobs is reading to preschool children.

Mrs. Atkins is looking for 500 neighbors in Waterford to provide the woman-power needed for this fall's campaign.

Mrs. Jones

Mrs. Robert C. Jones holds an office in the Clarkston Community Women's Club and the Child Study Club. She's also active in church work, Clarkston Village Players and does hospital service.

Last year, she was a district chairman for the UF drive. She's going to need 200 workers for the 1966 Women's Drive in Independence Township.

Mrs. Hayes was not available for a picture at this time.

Regulars Are Given Gift at Yuletide

By ELIZABETH L. POST

Dear Mrs. Post: What's the right thing to do about tipping delivery men? Is it necessary to tip the ones who come occasionally like the express man, and how about the regulars like the postman or the milkman? — Elinor F.

★ ★ ★

Dear Elinor: It isn't at all necessary to tip the man who delivers an occasional parcel, unless it is particularly heavy or he puts it in some special spot for you.

★ ★ ★

The regulars in most communities are given a yearly tip in the form of a Christmas present.

GIFT-GIVING

Dear Mrs. Post: Our organization is giving a testimonial dinner in the very near future and the following questions have come up which we would like you to answer.

★ ★ ★

The man for whom the dinner is being given held a high office in the organization for quite a few years but is now resigning. He is to be presented with a gift the night of the dinner. We would like to know if the man replacing him presents him with the gift.

★ ★ ★

If not, who does? Also as the toastmaster will be sitting at the head table, must his wife also be seated there? — Peggy.

★ ★ ★

Dear Peggy: If the president of your organization is coming to the dinner, it would be most proper for him to make the presentation. If not, it could be made either by the one who organized the dinner, or the man who has replaced the guest of honor.

If any other women are to sit at the head table, the wife of the toastmaster should be invited to sit there also.

★ ★ ★

The clothes of the bride and groom as well as those of their attendants are described in the booklet entitled, "Clothes of the Bridal Party."

For a copy, send 10 cents in coin and a stamped, self-addressed envelope to Elizabeth L. Post, in care of The Pontiac Press.

TAKAKO NISHIZAKI

A planter or a backyard pool? Mrs. Paul Atkins, Jerose Street, chairman of the Waterford area women's residential efforts, isn't sure. She recently spied and acquired the tub from a discard pile of a neighbor's remodeling project.

Mrs. Robert C. Jones, talented mother of two, assists five-year-old daughter, Jenifer, with her piano lesson while son, Timothy, 8, is at school. Mr. and Mrs. Jones live on Wealthy Street, Independence Township.

Women's Section

Area Women's Groups Tell Comings, Goings

Mrs Thomas Snelham and four delegates from The League of Women Voters of Birmingham-Bloomfield depart Sunday for Denver, Colorado to attend the 27th Convention of the League of Women Voters of the United States.

★ ★ ★

The five-day meeting begins Monday at the Denver Hilton Hotel. Some 1,200 delegates are expected.

★ ★ ★

Mrs. Snelham, formerly president of the Birmingham-Bloomfield League and immediate past president of the State League, is a nominee for the 1966-1968 board of directors of the LWV of the United States.

★ ★ ★

Mrs. William Reddig, president of the LWV of Birmingham-Bloomfield, Mrs. George Malone, Mrs. Jacque Passino and Mrs. Robert Richards will represent the Birmingham-Bloomfield League at the convention.

Minnesota Alumnae

Officers will be installed at the annual meeting and bridge luncheon of the University of Minnesota Women's Club on May 6. Mrs. Arthur Zebedee, Mrs. Carl J. Neppeer and Mrs. C. E. Larson will be hostesses for the event in the Village Woman's Club.

Mrs. H. R. Melin will serve as president for the coming year.

Working with her will be Mrs. John Strang and Mrs. Harold Nyberg, vice presidents; Mrs. William Wood and Mrs. Karl Latteier, secretaries; Mrs. John White and Mrs. T. E. Olson, treasurers.

Tri Delts

Tri Deltas of the Birmingham Alumnae Group II will make plans for the May 17th general meeting and the June picnic at the Tuesday meeting.

★ ★ ★

Mrs. Calvin Moore of Birmingham will be the hostess at 8 p.m. with Mrs. William Harber as co-hostess.

Lambda Chi Omega

Plans for the coming June national convention to be held in Detroit were discussed at the Wednesday meeting of Beta Omega chapter, Lambda Chi Omega sorority. Mrs Paul Sample of Forest Drive was hostess for the event.

★ ★ ★

Named to committees were Mrs. Richard Ervin, Mrs. Cecil Poppy, Mrs. Sample, Mrs. Kenneth Black and Mrs. Ronald Melburn.

★ ★ ★

The May meeting will include an election of officers. June will see this group gathering at the Pontiac Lake home of Mrs. David DeShetler for a picnic.

Local WSCS Will Install

A favorite salad luncheon on Thursday will precede the installation of officers of Central Methodist Church Woman's Society of Christian Service.

★ ★ ★

Hostess group for the 12:30 p.m. event will be the Naomi Gleason Wray circle with Mrs. F. E. Mapley as chairman. Mrs. Harry Martin and the Virginia Zoller circle are serving the luncheon.

★ ★ ★

Mrs. Russell Vessells will install the officers. Mrs. Dorothy Jones will present the afternoon's program.

Concert Artist Was Prodigy in Tokyo

Violinist Takako Nishizaki will perform with the Pontiac Symphony Orchestra at 8:30 Tuesday in Pontiac Northern High School.

★ ★ ★

Born in Nagoya, Japan, Miss Nishizaki performed as a child prodigy in Tokyo. Her father, a Suzuki disciple, was her first teacher. She later studied at the Toho School in Japan for two years.

★ ★ ★

At Juilliard School of Music, Joseph Fuchs has been her teacher for the past several years.

In April 1964 at the age of 20 Miss Nishizaki entered the 23rd Leventritt International Competition for violinists. This was her first competition, and she was a finalist.

★ ★ ★

For the 1965-'66 season Miss Nishizaki is performing with orchestras in Fort Lauderdale, Utica, Mansfield, Bloomington and St. Catherine's, Ontario.

PROGRAM

The overture to "L'Italiana in Algeri" by Rossini will open the Tuesday symphony program.

The program also will feature: "Concerto for Violin and Orchestra No. 5 in A Major," "I Allegro Aperto," "II Adagio," and "III Rondo," by Mozart.

★ ★ ★

After intermission selections will be Dvorak's "Slavonic Dance, Opus 46, No. 1" and Saint-Saens' "Rondo Capriccioso." Enesco's "Roumanian Rhapsody No. 1" will conclude the concert conducted by Felix Resnick.

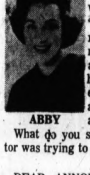
A Technical Observation

Horse Feathers! Says Abby

By ABIGAIL VAN BUREN

DEAR ABBY: I work on one of the newspapers that publishes your column. In a story I wrote, the term "horse serum" was changed to "equine serum." I have never heard anyone refer to horse serum as equine serum, and I doubt if anyone else has. What do you suppose the editor was trying to accomplish?

ANNOYED



ABBY

DEAR ANNOYED: Nothing. But he was probably having one of his "technical" days and objected to using a noun as an adjective, although it's a common practice. Forget it. It's just a lot of equine feathers anyway.

★ ★ ★

DEAR ABBY: Would you please settle a disagreement between my husband and me. Whenever we go out for an evening we usually go with other couples.

My husband is a beautiful dancer. He was a dancing instructor at one time. Abby, I really don't mind his dancing with other women, but I think he should limit his dancing partners to the women at our table, don't you?

Strange women in the room will send notes over to him asking for a dance, and he always accepts. I say it's up to the man to ask the lady. He says it does not make any difference.

ANNOYED

DEAR ANNOYED: If it doesn't make any difference, ask him how he'd like it if YOU sent a note to a strange man asking HIM to dance with YOU?

★ ★ ★

You're quite right. A lady waits to be asked. But a notepasser is no lady.

★ ★ ★

Problems? Write to Abby, in care of The Pontiac Press. For a personal reply, enclose a stamped, self-addressed envelope.

★ ★ ★

Hate to write letters? Send $1 to Abby, in care of The Pontiac Press, for Abby's booklet, "How to Write Letters for All Occasions."

Pontiac Press Photo

Lots of travel is involved in planning the West Bloomfield Republican Women's Club's luncheon. Here, two members, Mrs. Omer E. Bowlus (left) of Turner Road, and Mrs. Edward Glatfelter of St. Joseph Street, both of West Bloomfield Township, arrive at the office of Christian Powell who will speak at the noon event to be held at the Birmingham Federal Savings Building. Cards will follow the program.

Personals

Mr. and Mrs. Glenn Griffin of Ogemaw Road will spend the weekend of May 14 and 15 in Wayne, Pa. where their son Tom is a cadet at Valley Forge military Academy. The occasion will be a parents' weekend and spring festival.

★ ★ ★

Mr. and Mrs. D. B. Eames returned to their home on Cherokee Road this week after a week's vacation at Sea Island, Ga.

Robber Meets Flying Saucers

ST. LOUIS, Mo. (AP) — Mrs. Priscilla Hamilton, 88, was awakened by an intruder armed with a knife and gun.

Demanding money, the burglar forced Mrs. Hamilton into her kitchen, whereupon she picked up dishes and assorted crockery and began throwing them at the surprised thug.

He fled amid a shower of flying dishes. Mrs. Hamilton was unhurt.

September vows are planned by Sandra Louise Mobley, daughter of the William J. Mobleys of Marvin Road, Independence Township, and Kenneth Edward Turpin, son of the Keith D. Turpins of West Maple Road, Commerce Township. She is a graduate of the Ann Arbor Practical Nurse Education Center. Her fiance attended Oakland Community College.

Polly's Pointers

Nylon Hose Rug

DEAR POLLY — My Pointer is in answer to Bea's request for a way to make a rug out of nylon hose. My favorite rug made out of nylons is braided and uses the whole stocking.

Open the top and for the strips always sew a top to toe, folding in the heel. I braid three of these strips to gether. Firmly roll the hose as you braid or the rug will be soft and flimsy. When sewing these braids together to make a rug, use a braider needle and go under one whole stocking and through another with the carpet warp.

When making a round rug always sew the outer braid loosely and for an oblong one sew the outer braid loosely on the curved ends.

I have also made hooked rugs out of nylon hose. First dye the materials in the colors required for the pattern being used.

Have different shades of the same color for the best effect. Cut the hose in one-inch widths going round and round the stocking. Sew pieces together when necessary, as it might be for the background.

This requires a frame and hooking needle. Shellac the back of the finished rug and apply to a burlap backing so the rug is firm.—MRS. F. L. D.

DEAR POLLY — Last year a rug made from nylons won first prize at our State Fair. Rug yarn was used to do single crochet over the old hose. That rug was round. I am making one like it and am using a whole stocking with the heels and toes trimmed off. The stockings are then sewed together.

—DOROTHY

GIRLS—Our sincere thanks to the many who sent in ways for making rugs out of nylons. A few tips from some of them might be of further help.—POLLY.

BEA makes sure that the three strips she uses in a braid are not the same length so the seams do not come in the same spot.

AMBER keeps her work on a table top when sewing the braids together. This makes it easier to keep the work flat. If her rug is not as flat as she likes she slips it between the bed springs and mattress and leaves it for a few nights.

GIRLS — Anyone know what this is?—POLLY.

Anyone submitting a Polly's Problem, a solution to a problem or a favorite homemaking idea will receive a dollar if Polly uses the item in Polly's Pointers.

Pontiac Press Photos

Golden Agers of the YWCA had their annual birthday luncheon this week. Many of them came in costume. From the left are Mrs. Dessa Quinlan and Mrs. Anna Youngquist, both of Cadillac Street; Mrs. Cora Cheal, Newberry Street; and Mrs. Ada See, Oakland Avenue, who, at 95, is the oldest member of the organization.

Mrs. Arthur Sweet, Illinois Avenue, chairman of the YWCA Golden Age group, came to party in her grandmother's gown. With her are Mrs. Anna Carey, Myrtle Street and Mrs. Wendell Muha, Raeburn Street.

Early September vows are planned by Cheryl Lynn Rykert, Oakland Community College student, daughter of the Thomas E. Murphys of Provincetown Street, Pontiac Township, and Lynn Robert Thorpe. He attends Western Michigan University. His parents are the Lloyd Thorpes of Parklawn Street, Pontiac Township.

Initiatory Work Takes Place for Pythians

Pythian Sisters met in Oxford Tuesday for their annual district convention.

Initiatory work was presented. Mrs. Dale Payne of Pontiac, most excellent chief, along with the degree staff and pianist from Pontiac's Mizpah Temple No. 7 participated.

★ ★ ★

Mrs. Glenn Pittenger was degree staff captain. Her assistants were: Mrs. Lewis Ellis, Mrs. Claude Wiley, Mrs. Harry Harrington, Mrs. Fred Blodgett, Mrs. Milton Probert, Mrs. Henry Tipolt, Mrs. Adelbert Ayres and Mrs. Patrick McElroy.

★ ★ ★

Temples represented at the convention were from Pontiac, Port Huron, Flint, Lapeer, Oxford and Birmingham.

The convention was under general chairmanship of Mrs. Olive McTavish of the Oxford Temple.

The 1967 convention will be at Port Huron.

View African Safari Film

"A Safari in Africa" film was shown by Dr. M. C. Worster Tuesday evening in his Erie Drive home to members of the Child Study Group III. He and his wife were hosts for the annual "Men's Night Dinner" of the organization.

★ ★ ★

Mrs. Carl W. Bird was the dinner chairman. Her assistants were Mrs. Robert T. Flynn, Mrs. Howard Deeter and Mrs. Wendell Doolin.

★ ★ ★

Guests were the Elmer Dunlaps, the John Eliasons and Mr. and Mrs. James Millis.

★ ★ ★

Program chairman, Mrs. Robert Bego introduced Dr. Worster who is a member of the Safari Shikar, an international organization.

Newly elected officers will be installed at the May 24 meeting in the Birmingham home of Mrs. Edward Forsyth.

Brand of Texas Marks Fashions the World Over

Once upon a time, Paris made the fashion world go round. Today, however, the All-American look has taken over the international scene.

In this country, the pace-setters are found in New York, California, and Texas. That's right . . . Texas. Fashions designed and manufactured in the Lone Star State are a major influence in the field of women's ready-to-wear.

★ ★ ★

Although the Old West look of frontier shirts and cowboy jeans is popular around the world, designers of the New West also create distinctive town and travel costumes, swimwear, and evening clothes. All are branded with the casual, colorful flavor of the region.

★ ★ ★

The National Cotton Council reports that this season Texas designers spotlight the south-of-the-border look. Currently popular across the country are their Mexican-inspired shift dresses in natural-color cotton homespun or muslin. They're lavishly trimmed with fringe, braid, or hand-embroidered motifs.

Eyes Obscured?

Women who wear glasses may need more eye make-up than those who don't. The reflection on the lenses tend to obscure the eyes. Use more vivid eye make-up to compensate for this.

June vows are being planned by Carole Marie Luken, daughter of the Arnold Lukens of Lansing, and Capt. Kenneth Eugene Andrzejewski, of East Lansing, son of Mrs. Helen Timmons, East Lake Drive, Novi Township and Anthony Andrzejewski of Wyandotte. Miss Luken attended Lansing Community College. Her fiance is an alumnus of Michigan State University.

Pontiac Press Photo

Thursday morning's shower failed to erase smiles of anticipation from these three members of Pine Lake Country Club's Eighteen Holer Club. Huddled under the golf umbrella on the first tee are (from left) Mrs. Howard Geldhof of Birmingham; Mrs. Thomas L. Taylor and Mrs. William A. Brunstad, both of Dartmoor Road.

Honeymoon at the Falls for Munros

MRS. JERRY J. MUNRO

Honeymooning at Niagara Falls, N.Y. are the newlywed Mr. and Mrs. Jerry Jack Munro (Corene Marie Geralds) who were wed recently at the Shrine of the Little Flower, Royal Oak.

Their parents are Mr. and Mrs. Gerard Geralds of Royal Oak and Mr. and Mrs. Jack H. Munro of Bessie Street, Pontiac Township.

A Watteau train of silk brocade highlighted the bride's gown of white satin worn with illusion veil. She carried white orchids for the early evening rite, followed by reception in the American Legion Hall, Auburn Heights.

Roberta Henke was maid of honor and Marylis Geralds her sister's bridesmaid. Nancy Zechin was flower girl.

With Walter Amiot, best man, were Richard Munro and Richard Geralds as ushers.

The couple will live on Williams Street. The bride is a graduate of the University of Detroit.

Reports Highlight District Confab

Reports were given by members of the 19th District of the Women's Christian Temperance Union at Thursday's gathering in the Christian Temple.

Those reporting were Mrs. Frank Deaver, Mrs. Ralph Graham, Mrs. Peter Niemi and Mrs. D. S. Rowley.

Guests attending the district conference were Mrs. Paul Grandchay and Mrs. James Weeks.

Wheat in its various forms constitutes about 19 per cent of the total food of an American family.

No Let-Up in Busy College Life

Patricia A. Graves currently is serving as a water safety instructor in the annual Girl Scout swimming instruction program at Carleton College, Northfield, Minn.

A junior, she is the daughter of Mr. and Mrs. Grady E. Graves, Birmingham.

INDIANA UNIVERSITY

Recently elected president of Sigma Alpha Iota, professional music fraternity for women at Indiana University, was Joan Grahek, daughter of the Matt Graheks, Wenonah Drive.

The Friday Musicale of Bloomington, Ind. has awarded its annual Mary Book Award to Joan, a music education junior.

M.I.T.

The Graheks' son Paul, a freshman at Massachusetts Institute of Technology, has returned to the campus after spending spring vacation at home. He is principal oboeist with the symphony orchestra at M.I.T. and a pledge of Phi Kappa Sigma fraternity.

MICHIGAN STATE

Two area residents are among 50 Michigan State University students selected for membership in Circle Honorary for 1966. Established in 1960 at MSU, Circle Honorary recognizes coeds who have shown outstanding leadership and service in the women's residence hall system.

Initiates are Margaret R. Rees, daughter of Mr. and Mrs. W. H. Rees, Birmingham, and Kathryn A. Stoutenburg, daughter of Mr. and Mrs. H. N. Stoutenburg, Rochester.

* * *

Jimmy Howard, son of Mr. and Mrs. Ray Howard of Garland Avenue was one of ten men recently initiated into Delta Upsilon fraternity at Michigan State.

MOUNT HOLYOKE

Robert Vickers of Rock Spring Road, Bloomfield Township, father of Nancy Jean Vickers, a junior at Mount Holyoke College, South Hadley, Mass., is serving on the college's Parents Committee.

The committee meets Saturday on the college campus during Fathers' Weekend.

NORTHERN MICHIGAN

MARY

Mary Georgia Grile, Northern Michigan University junior, has been named the second recipient of NMU's Alumni Association Student Recognition Award.

She is the daughter of Mrs. Viola Grile of Locklin Road, West Bloomfield Township.

SIMPSON COLLEGE

At Simpson College, Indianola, Iowa, Betty Sue Knisley, daughter of Mr. and Mrs. W. Harold Knisley, Erie Drive, Orchard Lake, was crowned Delta Upsilon fraternity's Sweetheart for 1965-'66 at the recent annual spring formal.

U. of D.

Betty Crawford of Stanley Avenue was initiated into Detroit Group III alumnae of Alpha Sigma Tau, national social sorority recently.

At the same time Group III alumnae chapter was nstalled and granted a charter as an alum chapter of AST.

U. OF M.

School of nursing freshman at the University of Michigan Margaret Bleakley has been elected secretary of Bush House Residence Hall. She is the daughter of Mr. and Mrs. David Bleakley, Birmingham.

Tresses Needing Hot Oil Shampoo?

To give yourself a hot oil shampoo, warm either olive oil, peanut or cottonseed oil and rub gently into the scalp with fingertips (do not use fingernails).

* * *

Place on your head a towel, turban style, that hs been immersed in hot water. Keep the towel hot by repeating the dippings in the hot water for 20 minutes. Then shampoo.

SEW SIMPLE
By Eunice Farmer

Dear Eunice Farmer:

You speak so often about the importance of placing darts in the right position. Perhaps if you publish my letter in the paper, it will save someone else from making the same mistake I made. I stitched my darts without measuring them, then I cut the darts open and pressed it as the pattern suggested. When I tried my dress on, the darts were too high and there was nothing I could do about it! If I had only measured my pattern first, I would have corrected this in time. Mrs. S. E. E.

Dear Mrs. S. E. E.:

We can all profit by the mistakes of others. I'm sorry about your dress, but don't say I didn't warn you! This is just one of the wonderful detailed pattern alterations that I have illustrated and explained in great detail in my newest leaflet called "Your Pattern and You."

You may obtain your copy by sending a large, self-addressed, stamped envelope and 25 cents to Eunice Farmer, in care of The Pontiac Press with your request. You will find almost every possible type of alteration explained in simple, easy-to-follow instructions. You can also use these instructions when altering ready-made garments.

* * *

I can see more and more uses for the marvelous new iron-on type of hem tape. First, it couldn't have come on the market at a better time, just when every one of us has many skirts to shorten.

You may not want to wear your clothes three inches above the knees as the fashion magazines suggest, but nothing looks more dowdy than a skirt that is out of style because of the current length being worn. (My daughter changed the length of six skirts in less than one hour. Without this new hem tape, I would have had to do the job for her.)

Just this week we discovered how great it was to use on the edges of fabrics that ravel. As soon as you cut the garment, cut the hem tape in half and press a strip on the right side at the outer edge of any part of your garment. This will also eliminate any further raveling and because it is narrow, it will not make the seam bulky.

TAILOR TRIX WINNER

Mrs. Ruth Bindbeutel, St. Louis, Mo., is this week's winner of a Tailor Trix Pressing Board for this wonderful suggestion.

"On a new double-breasted spring suit I am making I planned to use the new type closing, using two buttons (with shanks), connected by a chain three inches long. Not being able to find a chain of this type in the stores, I used an old antique-looking chain-type bracelet I found in my costume jewelry box. If you don't have an old bracelet, a new one doesn't cost very much and the suit I am trying to copy cost more than $400."

Dear Eunice:

I recently had to re-hem a double knit skirt. The knit is very heavy, and when I was finished the hem looked awful. I could see a very definite ridge from the right side of the skirt and yet I didn't use hem tape or turn under the cut edge. What did I do wrong? Mrs. I. R.

Dear Mrs. I. R.:

It would be my guess that you used much too small and tight a stitch for the hem. Instead of taking stitches at the exact cut edge of the hem, fold this edge back about one-half inch and slip-stitch to your skirt. These stitches must be very LOOSE. Try again. I don't think you'll notice the hem at all.

* * *

Please send me your questions and any sewing tips you may have. Write to me in care of The Pontiac Press. I'll answer letters in the column that have general interest to all.

Starch Sticking?

Place a piece of waxed paper on the line to prevent heavily-starched linens from sticking. Hang over waxed paper.

Makes the Cake

For a good cake frosting that even the amateur cook can make, cream two tablespoons of soft butter and blend in one cup of confectioner's sugar and one tablespoon of cream. Add a few drops of flavoring and beat until smooth.

Planning a July 30 wedding are Janice Yvonne Schian, daughter of the George Schians of Reese, and Conrad C. Conti, son of Mrs. Alfred R. Conti of Middle Straits Lake and the late Mr. Conti. She attended Michigan State University where her fiance will receive his degree in June.

June vows are being planned by Lorene Frances Wiseman, daughter of the L. W. Wisemans of North East Granda Drive, Milford Township, and Eugene Willett, son of the Julius L. Willetts of Carroll Lake Road, Commerce Township.

From Rochester comes news of the engagement of Geraldine Jones, daughter of Mr. and Mrs. James W. Jones to August Klouse Jr., son of the senior Mr. and Mrs. Klouse. A July 2 wedding date is set.

The Stanley McHaneys of Rockhaven Street, Avon Township, announce the engagement of their daughter, Judy Gail, to Lance Cpl. Robert Olin Denslow, son of Earl Denslow of Lake, Mich. and the late Mrs. Denslow. Her fiance is stationed with the U.S. Marine Corps at Quantico, Va.

The Howard J. Tomlinsons of Post Avenue, West Bloomfield Township announce the engagement of their daughter, Sharon Cecilia, to Kenneth Everett Mills, son of Mr. and Mrs. Orville C. Mills of Orchard Lake. June vows are planned.

The Harold R. Timms of Henry Clay Avenue announce the engagement of their daughter, Merike, to James Elwood Kesler, son of the Hoten L. Keslers of East Glass Road, Brandon Township. The wedding will be Aug. 5.

Summer wedding plans are set for Marcia Ann Sprague, daughter of the Marshall W. Spragues of Blaine Avenue, and Wendell Glenn Franklin, Auburn Avenue, son of the Owen Franklins of Madisonville, Ky. The bride-elect attends Pontiac Business Institute.

The Gerald Noggles of Welch Road, Commerce Township, announce the engagement of their daughter Gloria Joyce to C. Michael Shore, son of Mrs. Bernard Determan of Keego Harbor and the late Carl Shore. A September wedding is being planned.

A Big Man on Campus

BARDSTOWN, Ky. (AP) — Lewis H. Cotton is Big Man on Campus at Nazareth College. In fact, he is the only man on the campus, outnumbered 505 to 1 by the coeds.

The retired Army lieutenant colonel lives near the college and was urged to enroll in the school by his 90-year-old mother-in-law, who was graduated from Nazareth in 1893. During the nearly two years he has been in classes the students have become accustomed to him, he reports, and "now I'm one of the old girls!" He plans eventually to teach.

Methods of Paying May Be Changed

By MARY FEELEY
Consultant in Money Management

Dear Miss Feeley:

If one buys an annuity contract with yearly payments, can these payments be changed to a monthly basis? Is a new contract required?

E.B.C., Chicago, Ill.

MARY FEELEY

Dear E. B. C.:

Most insurance companies will arrange to let you continue payments by the month instead of by the year, if this provision is in the original contract. You'll have to pay a slighiy higher rate, of course, if you pay by the month.

It's not necessary for the company to issue a new contract.

Dear Mary Feeley:

I took out a bank loan for a friend of mine. I have made monthly payments on this loan for over a year. When taking out the loan, it was in good faith, with his promise to make the payments. This he failed to do.

May I deduct these payments on my income tax return? If so, where is this done on the 1040 Form?

Mrs. C.J.M., Brooklyn, N.Y.

Dear Mrs. M.:

The Internal Revenue Service says you can claim this deduction — provided you are prepared to show you made every effort to collect this debt. For example, did you write letters demanding payment (and have copies of the letters to prove it)? Did you turn it over to a collection agency?

If you feel you have sufficient proof that this is indeed a bad debt, you can use Form 1040 D, to list this as a short-term capital loss.

★ ★ ★

Dear Miss Feeley:

We are seriously thinking of buying some good and promising land in New England this spring. We have approximately $2,000 in our savings account and $2,000 in good stock.

Should we take a loan for $2,000 using the stock as collateral? Or should we sell it and use the cash from the sale for the purchase of the property?

J. M., Merrick, L. I.

Dear J.M.:

There are three ways to consider:

- Use the stock as collateral for a loan.
- Borrow on your present savings account.
- Sell the stock and use the sale proceeds.

If you choose Number 1, you will be paying a higher rate of interest than if you choose Number 2 — which is borrowing on your own savings. However, at the end of the repayment period you'd still have your stocks. And your savings account, which is earning interest, would remain intact for emergencies. If this is the sum total of your cash savings, this is an important point.

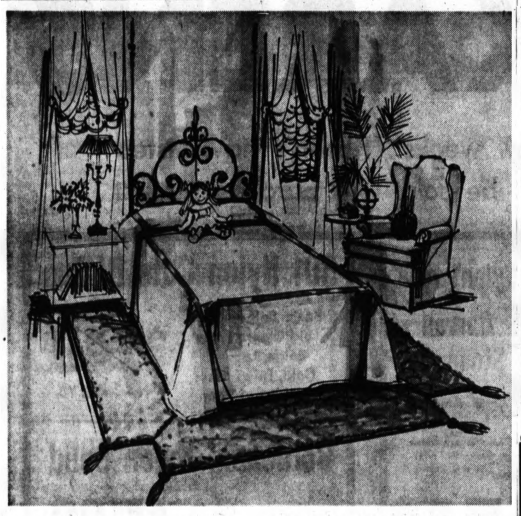
★ ★ ★

If you cash the stock, you'll lose its earning power over the remainder of the years of possible ownership. And you might find it difficult to replace such stock.

I can see advantages in hanging onto both your stock and your cash savings. If you can carry the loan payments with reasonable comfort on a monthly basis, I'd vote for that.

★ ★ ★

(You can write to Mary Feeley in care of The Pontiac Press. Questions of wide interest will be answered in her column.)



For the young lady of the house, designer Paul Krauss, AID, has invented a "bed bib." A 5'x6' wall-to-wall bathroom carpet kit of soft, easily cut, tufted 100 per cent Avisco rayon, should be divided lengthwise into thirds. Place one-third at each side of the bed with a piece reserved for the foot. There, miter corners for a smooth surface. They can be tacked or just left barely touching. Attach tassels, picking up a bedspread color, at each corner for the finishing touch. Bright, pretty with no rug wasted under the bed, each part of the "bib" can be picked up and put into the washing machine for laundering.

Women Hear About China

Jeanette DeVreis, missionary to China and Taiwan showed slides and told of her work at the Thursday meeting of the Women's Home and Foreign Missionary Society of the First Baptist Church.

★ ★ ★

Officers elected at the luncheon meeting were Gladys Rudlaff, president; Juanita Hetchler, secretary and Doris Polley, treasurer.

★ ★ ★

Mrs. Norma Bauer and Margaret Barrow provided the musical segment of the program.

The May meeting will be a mother - daughter banquet with installation of officers.

Slates Membership Talk

Pontiac Women of the Moose No. 360 will hear Mrs. George Harshbarger speak on "Membership" at Monday's 8 p. m. meeting in the Moose home on Mt. Clemens Street.

★ ★ ★

Mrs. Peter Lorenz will have charge of the program arrangements.

Hostesses will be Mesdames Ray Gard, Harold Finn, Jack Upton, William VanDruska, Woodrow Sutton, Roy Ottmar, Mildred Kohler, Charles Cokley, George Bacon, Eileen Gamble, Carrie Bartholomew, Eugene Bale, Gregory Breger, Irvan Douglas, Edna Bliss, Charles Schmidt, Anthony Tassie and Norman Pike.

Clever in Kitchen

For a potholder rack, enamel a strip of wood, the length and width that you desire. Screw a cup holder an inch from each end at the top, and cup holders equally spaced along the bottom, on which to hang the pot holders.

Hard Fight Looms in Congress Over LBJ-Proposed Rights Act

WASHINGTON (AP) — A hard congressional fight loomed today over the Johnson administration's proposed 1966 Civil Rights Act which includes a controversial fair housing proposal and new weapons against racial terrorism.

"I think we'll get it through, but it will be a tight squeeze," predicted Emanuel Celler, D-N.Y., chairman of the House Judiciary Committee which will begin hearings on the bill next Wednesday.

★ ★ ★

A number of observers — including Celler — feel the bill has one strike against it already — timing.

"They held it up too long," Celler said. "And that's why it's going to be close."

LATEST PACKAGE

President Johnson finally sent his latest civil rights package to Capitol Hill Thursday, more than a month after the bill was reported ready.

The death of Celler's wife, the Easter recess, and a complex Supreme Court decision — virtually inviting legislation against Ku Klux Klan-type violence — contributed to the delay.

The bill covers a vast range — from housing, North and South, to state and federal juries, from the problems of Negro school children to those posed by persons Johnson termed "racial fanatics."

★ ★ ★

It would provide stiff penalties for racial terrorism and violence, making such acts federal crimes; would ban discrimination in all housing sales, rentals and financing; would forbid discrimination by race or sex in jury selection, and would authorize federal officials to take over local jury selection where discrimination exists.

PLEDGES FIGHT

Sen. James O. Eastland, D-Miss., chairman of the Senate Judiciary Committee, pledged to fight the bill. He said it would not be enforced in the North as it would be in the South.

"It is not legislation aimed at desegregation but rather an attempt at forced, massive integration of our schools, hospitals and other facilities without regard to individual rights," Eastland said.

Other congresisonal reaction showed a notable lack of enthusiasm for the fair housing law.

★ ★ ★

Jack Justice of Miami Beach, Fla., president of the National Association of Real Estate Boards, said such a law would create new tensions and civil stress throughout the nation.

HOUSING SECTION

Sen. Sam J. Ervin Jr., D-N.C., described the bill's housing section as unconstitutional and unenforceable and said it may have its greatest impact outside the South. "It should be most interesting to watch the politics of the debate now that others' oxen are being gored," he said.

★ ★ ★

But Rep. Adam Clayton Powell, D-N.Y., described the housing section as the key part of the bill and said anyone who supported earlier civil rights bills and balks at that provision "will brand himself as a hypocrite of the first grade."

Water Problems Up

CHICAGO (AP) —Problems related with water are increasing throughout the country says the chief of the Army Engineers, Lt. Gen. William F. Cassidy. He told the American Power Conference "over-all demands upon our limited water supply are expanding today more rapidly than at any previous time in our history."

One-half the 2,500 museums in the United States are for history and one-third are devoted to science fields.

LBJ Takes Quick Texas Trip

HOUSTON (UPI) — President Johnson took a quick 1,500-mile trip to Texas last night to ask big-money Democratic donors to think of country before party and help "bring peace to the world and a richer, better life to all who seek it."

The President stayed in Houston only about six hours.

Johnson met the well-heeled supporters of the party at a Houston dinner of President's Club members from Texas, Oklahoma, Lousiana, Arkansas and New Mexico.

Among the President's party that flew in for the evening were Sens. Clinton Anderson of New Mexico, Warren Magnuson of Washington, Russell Long of Louisana and Ralph Yarborough of Texas; House members Bob Casey of Houston and Lera Thomas of Houston; Democratic National Chairman John Bailey; Clifford Carter, executive director of the Democratic National Committee, and Arthur Krim, treasurer of the party.

★ ★ ★

The President's Club membership costs $1,000, and the dinner drew some 900 persons.

NOT $900,000

But Robert Fleming, deputy White House press secretary, said that did not mean $900,000 because different members joined the club at different times.

The dinner was closed. Fleming relayed Johnson's quotes to newsmen.

"Put away all childish and divisive things if you want the maturity and unity that are the mortar of the nation's greatness," Johnson was reported to have told the crowd.

He told club members the "larger victories of peace, freedom and prosperity" are within the crasp of those who can put country ahead of party.

Truck Drivers Fuming

BRISTOL, England (UPI) — Ninety truck drivers went on strike to protest the treatment of a fellow driver, suspended when his truck was stolen.

Animal Theft Bill Passed

WASHINGTON (AP) — The House has approved and forwarded to the Senate a bill designed to curb thefts of dogs and cats for sale to research laboratories and to insure humane treatment of animals used for research.

★ ★ ★

The vote was 352 to 10. About the only criticism of the bill was that it did not go far enough in protecting animals after they reach laboratories, or that its penalties were too mild.

Pay Hike Due for Most State Employes

LANSING (AP)—The Legislature, which is having trouble getting its own pay raised, is counting out raises worth nearly $100 million to virtually every other state employe.

Most notable are salary hikes for the heads of the 19 administrative departments — a constant demand of Gov. George Romney and one of the conditions he imposed if the Legislature expected him to consider signing its $5,000 pay raise bill.

Under terms of the general government bill passed by the House Thursday, Romney would get a raise — from $30,000 to $40,000. The lieutenant governor would get a $5,000 hike—to $22,500; the secretary of state and attorney general would be raised to the $30,000 level.

Romney, who says he doesn't want any pay raise for himself, has complained frequently that the nonclassified, appointed heads of departments often make less than their civil service subordinates.

Frequently, he said, a deputy director would have to take a salary cut if he accepted a promotion.

The raises approved so far by the Legislature generally follow the recommendations of the State Civil Service Commission —but they're lower than those recommended by Romney.

The recommended raises for the classified employes range from 4 to 14 per cent.

The American Stock Exchange trading volume last year reached a record $34,221,999 shares, an average of 2.1 million shares daily and 160 million shares ahead of the 1964 pace.

Opening lead—♣8.

It is remarkable to note how often a bridge player will think like the man unable to see the forest because he was entirely surrounded by trees.

JACOBY

East cashed two clubs while South followed suit. Out came a third club and South had a problem.

He pulled out the nine of trumps, thought awhile and pushed it back. As he figured matters, West would overruff if he held the ten and the odds favored West holding that card. Then South thought a little more and finally ruffed with a high trump.

He continued by leading out trumps. East showed out on the second lead, whereupon South showed his hand and conceded a heart and a trump for down one.

South also stated that he had given the hand the best play when he ruffed high and that trumps never broke for him.

South was right about the fact that trumps had broken badly. He could not have been more wrong when he claimed to have made the best play.

There was no way for South to avoid losing a trick with his seven of hearts but he had the privilege of losing that trick at the right time and the right time to lose it was when East led that third club.

Had he discarded the seven instead of ruffing, he would have had no further problems. If East led anything except another club, South would win, draw trumps and claim the balance. If East led a fourth club, South would ruff in dummy with whichever card he had to play; draw trumps and claim.

♣♦CARD Sense♥♠

Q—The bidding has been:

West	North	East	South
Pass	1 N.T.	Pass	3♣
Pass	3 N.T.	Pass	?

You, South, hold:
♠KQJ76 ♥AK ♦2 ♣AQ1098
What do you do?

A—Bid four spades or pass. It all depends on what you know of your partner's style of bidding.

TODAY'S QUESTION

Instead of bidding three no-trump your partner raises you from three spades to four. What do you do now?

Answer Tomorrow

Airport Expansion Due

PETOSKEY (AP)—A proposed $600,000 expansion of the county airport at Pellston has been approved by the Emmet County Board of Supervisors. Officials said expansion would allow commercial jets to use the field.

Ex-Army Corporal Had Medal Waiting

FORT LEWIS, Wash. (AP) — Former Army Cpl. James R. Sneddon Jr. is going to get his good conduct medal — only 22 years later.

Sneddon's son found a 1944 order issued in England that said the medal would be awarded whenever the order was presented to a post quartermaster.

The order was presented to the quartermaster at this Army post and the Shelton, Wash., man will get his medal next week.

Georgia Plans Slits on Road to Curb Skids

ATLANTA, Ga. (AP) —The State Highway Department says it will cut slits across a 1½-mile section of Interstate 20 near here to keep cars from skidding when the road is wet.

Officials said they have not been able to determine exactly what caused 163 wrecks on the section during 1965.

Astrological Forecast

By SYDNEY OMARR for Saturday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21 - Apr. 19): Strain now indicated where basic issues, work are concerned. Take care what you say, write what you mean. Otherwise, emotions dominate — and you are sorry. Key is CAUTION.

TAURUS (Apr. 20 - May 20): Check details. Obtain hint from ARIES message. Flareup could occur with member of opposite sex. Best course is to forgive and forget. Then harmony is restored.

GEMINI (May 21 - June 20): Make necessary adjustments in connection with family members, parent, older individual. You can benefit from change. Person born under TAURUS sets good example. Follow it!

CANCER (June 21 - July 22): Don't insist on "totality." If you give a little, you receive greater benefits. If you don't force issues, you can get what you seek. Be mature. Exercise sense of BALANCE.

LEO (July 23 - Aug. 22): Your kind of day! Almost anything is within reach if you go after it. Your charm, showmanship are displayed. Many offer compliments. BE A GRACIOUS WINNER.

VIRGO (Aug. 23 - Sept. 22): Cycle high. But flair for unusual could destroy stable image. Curb temper. Take middle way . . . highlight sense of responsibility. Don't fool yourself — or others.

LIBRA (Sept. 23 - Oct. 22): Save embarrassment by admitting lack of complete knowledge. If you do this, others are happy to volunteer information. Be generous. When foibles are displayed . . . others sympathize.

SCORPIO (Oct. 23 - Nov. 21): You advance farther now if independent. Requires confidence of convictions. Friends may appear cross . . . this is but temporary. Good for testing new ideas, theories.

SAGITTARIUS (Nov. 22 - Dec. 21): Your sense of fair play comes to forefront. Adhere to GOLDEN RULE. Then others follow your example. Superior can be favorably impressed. VOLUNTEER FOR ADDED RESPONSIBILITY.

CAPRICORN (Dec. 22 - Jan. 19): News from afar featured. Keep communication lines open. Be receptive to CHANGE OF BASIC PLANS. If you do this . . . you can come out ahead. Member of opposite sex may confide problem. Be fair!

AQUARIUS (Jan. 20 - Feb. 18): Important to check accounts, be sure papers are in order. Consult expert if necessary. Mate or partner should be taken into confidence. Not wise to handle burden alone.

PISCES (Feb. 19 - Mar. 20): Coordinate efforts, highlight teamwork. Realize others may be under pressure. Slow pace . . . be sure puzzle pieces fall into proper place. Key is being ANALYTICAL.

★ ★ ★

IF SATURDAY IS YOUR BIRTHDAY . . . you possess delightful sense of humor, show an interest in medicine . . . are capable of doing numerous things at once.

★ ★ ★

GENERAL TENDENCIES: Cycle high for VIRGO, LIBRA, SCORPIO. Special word to GEMINI: Upsetting conditions at home actually could boomerang in your favor.

(Copyright 1966, General Features Corp.)

Pair Wed 70 Years

ST. CLAIR (AP) — Frank Layle and his wife didn't know each other very long before they were engaged, but they've had 70 years in which to get acquainted.

The Layles — he's 95 and she's 91 — celebrate their 70th wedding anniversary today. They were married April 29, 1896.

★ ★ ★

"I had plenty of girlfriends and she had plenty of boyfriends before we were engaged," Layle said, but after they were pledged Layle rode a horse 14 miles every weekend to court his future wife.

Set Preview of M-Week for Foreigners

DETROIT (AP) — A World Preview of the state is being arranged ahead of Michigan Week (May 15-21), with a score of foreign industrialists, educators, government officials and leaders in other walks being invited to participate.

Each guest will have an industrial, community or educational sponsor, and Gov. George Romney is to participate in the program beginning May 10 and running through May 16.

Guests will attend a reception at Gov. Romney's home in nearby Bloomfield Hills on May 10, and Romney will join them on a flying tour of the state May 11-12, visiting industrial plants, scenic attractions, mines, farms, universities and private homes.

Individual hosts are making arrangements to entertain the guests May 13-16, with special attention to be paid each guest's field of interest. An international dinner at Detroit's Cobo Hall will climax the World Preview the night of May 16.

Days of Lucy Lucy

Just Around Corner

MINNEAPOLIS, Minn. (AP) — Lucy Ann Stacken, 25, applied for a marriage license Thursday at the court clerk's office.

In a few days she'll marry John W. Lucy, 28.

That'll make her Lucy Lucy.

Automobiles were first sold on time payments in 1905.

'He Disliked Hollywood'

Author Discusses Hemingway

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — "He liked some Hollywood people — the ones who were not actor-ish — but he didn't like Hollywood," said A. E. Hotchner of his great and good friend, Ernest Hemingway.

THOMAS

Hotchner was here this week to help launch his reminiscence, "Papa Hemingway," which is off to a fine start with generally good reviews and a burst of publicity — the widow Hemingway was used to forestall the book, and lost.

★ ★ ★

"I just got a call from Random House; I've passed Capote," Hotchner reported happily. He said his sales for last week topped Truman Capote's "In Cold Blood" and a fourth printing will bring the total to 100,000 copies.

STAYED AWAY

I recalled that Hemingway had never visited Hollywood in his later years, and Hotchner explained why.

"He came here once in 1938 to raise money for ambulances to be used by Spanish Loyalists in the civil war," said Hotchner. "Later he was sued by a man who claimed he had given Hemingway the plot of 'For Whom The Bell Tolls' at a cocktail party. The man lost, of course, but it cost Ernest $20,000 in lawyer's fees.

"That soured him on Hollywood. But more than that, he couldn't stand to be lionized, as he would have been if he had come here. He was basically a shy man, and he couldn't stand the cocktail party routine.

"Some of his good friends were Hollywood people, but they were the kind who didn't discuss their careers — Gary Cooper, Marlene Dietrich, Ingrid Bergman."

Hemingway's favorite film of his works was "The Killers," and he often showed it at his villa in Cuba. "But I noticed," Hotchner added, "that after the first six minutes — which was the only part that was pure Hemingway — he invariably dozed off."

Most of the other Hemingway films were a bitter disappointment to him. Among his comments:

★ ★ ★

"The Snows Of Kilamanjaro" — "The only difference between my story and the movie is that in the movie the man lives instead of dying — that's all."

"A Farewell To Arms" (second version with Rock Hudson and Jennifer Jones) — "The 42-year-old Mrs. Selznick is playing my 24-year-old heroine."

"For Whom The Bell Tolls" — Ingrid Bergman "looked like Helena Rubinstein out of Abercrombie and Fitch."

"The Sun Also Rises" — "Any picture in which Errol Flynn is the best actor is in real trouble."

★ ★ ★

Hemingway's biggest disappointment was "The Old Man And The Sea," based on the novella that helped win him the Nobel Prize.

"It was the only picture he ever worked on, and he had high hopes for it," said Hotchner.

"After seeing the picture he commented that Spencer Tracy 'looked like a fat, rich actor'."

If Hemingway objected to the treatment of his works at the hands of Hollywood, why did he continue to sell the film rights?

★ ★ ★

"For one thing, he liked the money," explained Hotchner. "But also he realized the value of publicity in selling his books; his name was always next to the title. And he always said he would do anything if it would help sell one of his books."

Key to Today's Music—4

The Beatles: Best of Them All

(EDITOR'S NOTE — This is the last in a four-part "definitive guide" through the world of teen-age popular music.)

By PHILIP WERDELL

NEW YORK (NEA) — The Beatles won a new audience for mass music and left the hit parade with a musical example that will be hard to forget.

"The Beatles have done it again," rings the cry after each new hit. What the Beatles do again and again is show that pop music can be alive, inventive and unrepetitious, even beautiful.

Teen-agers pass out squealing at the Beatles, to be sure, but these impish lads from Liverpool are laughing. Not only at the screaming girls, but at themselves.

Their undying sense of humor is the first clue that they are not ordinary matinee idols.

The Beatles keep making faces at you almost sticking out their tongues and saying "Neh, neh, neh, I fooled you!" Their album covers of funny faces suggest that "If you buy this record you have to take our funny faces with it" or "I wonder if the fans would love us in crewcuts?"

HUMOR ESCAPES

This all-pervading sense of humor comes through in every record even when they are yelling "Help!" or "Yeah, Yeah, Yeah."

A Beatles' fan at the University of Chicago explains it this way: "The Beatles maintain a double image, one of the pop hero and the other of four sensitive human beings. One appeals to me and the other appeals to me."

There is a genuine and healthy need among modern youth for proof that you can make it in the mass media world and still like John Lennon, write two books of poetry, "In His Own Write" and "A Spaniard in the Works."

When it came time to make a film, the Beatles could have made their millions just by sitting in front of a couple of sets in another beach party flick

TWO MOVIES

Instead, they surprised all with "A Hard Day's Night" and "Help" — full of sight gags, purposely lacking in plot and combining new camera techniques. Students come out not only singing the latest hit but talking like real film buffs.

Another hint is the lyrics of the Beatles' songs. First of all, you can understand the words. This alone would be a major contribution to contemporary pop music. But that's not all.

As a young high school coed from New York City puts it: "They take the words right out of my mouth. Most hit tunes seem to believe that teen-agers today still fall for puppy love. Nuts. I'm not a little kid."

* * *

The Beatles still believe in love, but it's not the forever-and-forever-this - is - my - only-hope-for-happiness pap which hold-out cynics in Tin Pan Alley continue to pretend young people believe. For the Beatles, it is a calm, "I'm Happy Just to Dance With You."

The show-stopper for the Beatles, however, is their music. The irony is that the Beatles came on with headlines about the Mersey sound and a few years later it is they and not their musical fad which sells records.

It's difficult to admit, but the Beatles must be good musicians. They keep writing their own tunes, their own words, their own arrangements — and keep doing something new.

Their latest album is no more than a series of experiments with new rhythms, harmonies and instruments.

* * *

Not only do they shy away from repeating themselves they keep developing new and better material.

(End of Series)

U.S. Offers N-Plant for World View

GENEVA (AP) — The United States offered yesterday to open the West Valley, N. Y., separation plant for nuclear fuel to inspectors of the International Atomic Energy Agency.

The offer was announced at a meeting of the 17-nation disarmament conference by U.S. delegate William C. Foster, who said it was "a new contribution to the development of safeguards" against the military use of nuclear fuel intended for peaceful industrial purposes.

The West Valley establishment, owned and run by Nuclear Fuel Services, Inc., is the only commercial nuclear fuel processing plant in the United States.

It produces enriched uranium and plutonium fuel by chemical treatment of ordinary uranium. The enriched material is sold exclusively for industrial purposes but it can be used in nuclear weapons.

U. S. PROPOSAL

The American offer is in line with a U.S. proposal designed to keep a check on industrial nuclear plants with a military potential. Such facilities are expected to grow rapidly in number and capacity the world over, increasing the potential threat of the spread of nuclear weapons.

The United States and Britain feel that control of industrial nuclear reactors and fuel processing plants is required in addition to the proposed treaty to halt the spread of nuclear arms.

The Western proposals for the so-called nonproliferation treaty have been rejected so far by the Soviet Union in the deadlocked Geneva parley.

Barbra Streisand Ill; Fans Leave Theater

LONDON (UPI) — Barbra Streisand, ill with intestinal flu, hoped to return to her starring role in the musical "Funny Girl" tonight.

The illness forced her to take last night off — and 400 Streisand fans walked out of the Prince of Wales Theater when she failed to appear. Miss Streisand's illness was said to be not serious.

Montreal Rallies to Take 'Big One' From Wings, 4-2

Detroit's Lead in Cup Series Reduced to 2-1

Marshall Is Injured; Tremblay Scores Two Goals for Winners

DETROIT (AP) — Toe Blake smiled a bit and Sid Abel frowned.

Both admitted the third game of the Stanley Cup finals was a big one.

Obviously, Blake was the winning coach. He saw his Montreal Canadiens spot the Detroit Red Wings an early first period goal and then charge back to win, 4-2.

The Montreal triumph cut Detroit's lead in the best-of-7 series to 2-1.

ON UPSURGE

"If we had lost this one we would have been down three games and in a real tough spot. But now we are on the upsurge," Blake said.

"No, I didn't give my team any pep talk. They were up for this one and they did it by themselves," he continued.

* * *

"I thought the Red Wings went flat with about five minutes to go in the first period (about the time Dave Balon scored to tie it) and never recovered," Blake observed.

Norm Ullman scored the Red Wings' first goal before the game had gone five minutes and Gordie Howe got the last one with a second to go in the contest.

Abel actually was more concerned with the condition of defenseman Bert Marshall than with the loss of the game.

Marshall was slammed into the boards in the second period by Balon — who later drew a misconduct penalty for a few unkind words to linesman John D'Amico — and skated slowly to the Detroit bench.

SHOULDER INJURY

"The doctor says he has a shoulder injury but it should be okay by Sunday," Abel said.

"This was a big game, there's no doubt about that. We could have put the final nail in their coffin with a win. But they should get a big lift by winning."

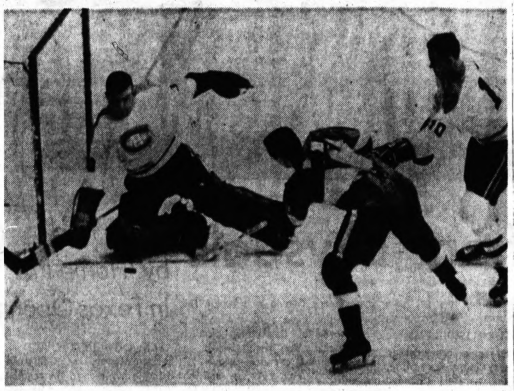
* * *

Jean Beliveau's solo scoring effort in the final minute of the first period stood as the winning marker until Howe scored.

But by that time, Gilles Tremblay had scored twice in the early moments of the third period to put the game out of reach.

Tremblay, who missed two previous playoffs because of broken legs, said it was about time the Canadiens beat Detroit goalie Roger Crozier.

"We had some strength up the middle for the first time in the series," Blake said, adding special mention for Beliveau, Henry Richard and Ralph Backstrom.



AP Photofax

SHIRTTAIL CHECK — Montreal defenseman Ted Harris (10) gets his stick hung in the jersey of Red Wings' Norman Ullman as he attempts to stop a shot on goal by the Detroit player in last night's game. Goalie Gump Worsley of the Canadiens drops to the ice to make the save. Montreal won the Stanley Cup playoff game, 4-2.

SPORTS

Strong, Firm Line Taken Against NFL

NEW YORK (AP) — Al Davis, new commissioner of the American Football League, took a strong, firm line against the rival National Football League Thursday after revealing he had acted as a liaison man for a proposed AFL-NFL merger in 1965 that narrowly failed.

"I don't feel the two leagues should get together in a common draft or a championship game," said Davis in his first full scale news conference. "What we intend to do is make this the best league in football. I really don't care much about the other league.

TWO MONTHS

"Last year I acted as liaison man for two months between some good friends from the other league and our league on the possibility of a merger. I thought it was very close (January-February, 1965) but the demands they made were just ridiculous.

"With all respect to my predecessor," said Davis. "I think we acted a little bit independently as little outposts. I want us to do things on a nationwide basis."

Davis said he was not in favor of any common draft with the NFL because he thought the AFL had a 2-1 edge with only nine clubs as against 15 in the other league.

"We should get two for each one that they get," said Davis.

The new commissioner said the refusal of the San Diego club to spend money in last year's draft had hurt the league. "This will be changed."

Davis said he expected to set up a central scouting system based on organization, functioning from the league office. Ron Wolf, formerly of the Oakland club, will act as a liaison man in this department.

'Athletics Routed, 13-5

Bengal Batters Rattle Seats

DETROIT (AP) — Charlie Dressen may just take the hint and suspend batting practice for the rest of the season.

The Tigers, unable to play for two days because of cold weather and rain, and kept from hitting practice because of the threat of rain again, belted four home runs and trimmed Kansas City, 13-5, Thursday.

"They hit a couple of pretty good ones out of here," said Dressen, referring to a grand slammer by Don Wert and a two-run clout by last-minute substitute Jim Northrup.

* * *

"The one Al Kaline hit was a good shot, too, but it was down the line. Jerry Lumpe's was aided by the wind, but we'll take 'em all," Dressen continued.

HORTON AILING

Northrup was rushed into the lineup when Willie Horton complained of pains in the lower part of his back. He was due to undergo examination today.

While the hitting pleased Dressen, he was alarmed at the pitching, primarily because he hasn't been able to work all the hurlers.

VICTORY SHOWER—Bill Russell (left) of the Boston Celtics holds coach Red Auerbach under the shower after they had defeated Los Angeles, 95-93, to win their eighth straight National Basketbal Association playoff championship last night. Auerbach has yielded next season's coaching duties to Russell.

Defense Helps Celtics Reign for 8th Year

BOSTON (AP)—The Boston Celtics took pride in a tight defense today while reigning as National Basketball Association champions for an unprecedented eighth straight year.

"That was really the great way to do it," said Coach Red Auerbach as he moved into full-time duty as general manager after 20 years on the bench.

The Celtics gave Auerbach a title salute by edging the Los Angeles Lakers 95-93 with one of the most tenacious defenses in NBA history Thursday night in the decisive showdown of a best-of-7 series.

Cheered on by a sell-out crowd of 13,909, the legal capacity at Boston Garden, the Celtics built a 76-60 third period lead.

8 Racers Added for '400' Race at Darlington

DARLINGTON, S.C. (AP)—Eight more cars qualified Thursday for Saturday's 400 mile, $65,000 stock car race, with veteran Bunkie Blackburn turning in the day's best time of 138.162 miles per hour in a 1965 Dodge.

* * *

Blackburn, a Daytona Beach, Fla., tavern owner who drives only occasionally, was assigned to the Ray Fox Dodge earlier in the week. His four-lap speed over the tough mile and three-eighths Darlington raceway was just under the old track record. He will start ninth.

* * *

The remainder of the 44-car starting field will be selected today, eight by time trials and the remainder in a 20-lap consolation race.

Junior Uses Arm, Bat in Pacing South Lyon

Junior Don Byrd pitched and batted South Lyon to an 8-5 victory over Dexter yesterday on the losers' field.

Byrd came on in the fourth inning in relief of starter Jim Tate and gave up only one run and one hit the rest of the way, and he brought his teammates from behind by clouting a two-run triple in the seventh.

Golf Veterans in Semis

PINEHURST, N.C. (AP) — Two old hands at North and South amateur golf tournament play and two others who had to earn their right to compete in a qualifying round were today's semifinalists.

Dr. Edgar Updegraff, balding 44-year-old Tucson, Ariz., urologist, met 30-year-old Ward Wetlaufer, of Atlanta in one 18-hole match.

* * *

The other paired Gary Cowan, 27-year-old insurance man from Ontario, who won the Canadian amateur title five years ago, and 26-year-old Marion Heck, a stubby man who plays out of Fort Myers, Fla.

* * *

Updegraff and Wettlaufer, former Walker Cup players and holders of several titles, have played here many times. Updegraff has been a semifinalist twice before. This is Wettlaufer's farthest advance.

Cowan never played here before and Heck has been beaten in the first round twice.

Heck had the shortest route to travel in Thursday's quarter-finals, putting out David Boyd of Atlanta, a semifinalist last year, 5 and 4.

* * *

In winning five matches over the 7,000-yard No. 1 course of the Pinehurst Country Club this week, Heck, who began playing golf only six years ago, has played only 76 holes.

Updegraff rallied from two down after seven and beat Jim Gabrielsen of Atlanta 2 and 1 in the quarter-finals.

* * *

Wettlaufer ended the bid of Bill Campbell of Huntington, West Va., for a fourth title, 1 up.

Cowan lost the first two holes to Bob Gardner of Essex Fells, N.J., before a heavy rain suspended play for nearly three hours. He then went on to beat the erratic veteran 3 and 2.

Court Disallows Claim Against Ex-Duke Cager

DURHAM, N.C. (AP) — A Durham Superior Court jury found no cause for damages Thursday in an $85,000 personal injury suit against former Duke all-America basketball player Art Heyman.

The jury deliberated 55 minutes before deciding not to award damages to Taylor Greenberg in an alleged incident Oct. 28, 1961.

Greenberg accused Heyman of striking him, saying the blow impaired the sight in one eye and cost him effective sight in the other.

Indy's Yankee 300 Will Match Rivals

INDIANAPOLIS, Ind. (AP) — Drivers for the rival National Association of Stock Car Auto Racing and U.S. Auto Club will match skills Sunday in the fourth annual Yankee 300 stock car race at Indianapolis Raceway Park.

* * *

Thirty-four cars have been entered, and more are expected. Six makes will be presented. Plymouth leads with 10 contenders. There are eight Fords, seven Dodges, three Mercurys, three Chevrolets and one Studebaker in the field. The make of the other entries has not been specified.

'300' Keglers 7th in ABC

Special to The Press

ROCHESTER, NY.—The 1964 American Bowling Congress Tournament regular team division champion 300 Bowl of Pontiac may find the waiting more hazardous this spring.

When 300 Bowl posted its winning 3117 total in April 1964, the five team members had to wait two very anxious weeks before they knew it had earned them the official championship.

Wednesday night this year's 300 Bowl entry scored 3002, good for seventh place in the current standings of the ABC competition.

George Chicovsky and Larry Crake, the two remaining members of the 1964 championship team, had 686 and 620, respectively, Wednesday. Newcomer Paul Isken chipped in with 656. Rounding out the '300' lineup were Brooks Robertson and John Scarpa, both finishing with 520s.

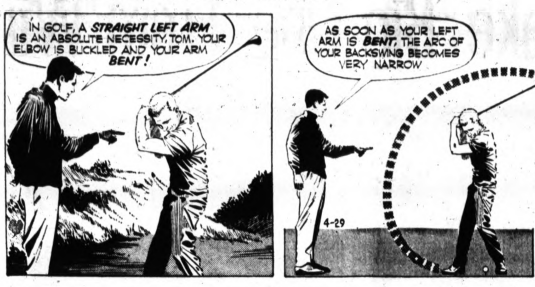
GARY PLAYER'S GOLF CLASS:

Wide arcs, long shots



Problems Confront Drysdale

LOS ANGELES (AP)—Don Drysdale has all sorts of problems, even after winning his first game in four starts for the Los Angeles Dodgers.

The big right-hander apparently has been made the villain of the joint holdout he went through with left-hander Sandy Koufax the first 32 days of spring training.

The fans cheer Koufax, but they booed Drysdale as he beat Atlanta 8-2 Thursday night with a six-hit, 10-strikeout performance.

How did he react to the booing?

"Maybe I'll save a lot of marriages in this town," he said, jokingly. "If couples come out here and boo me, maybe it'll cut down on the arguments they have when they get home from the park."

OTHER PROBLEMS

Drysdale has another problem. Before the game, pamphlets were being handed out to fans, apparently by union workers. The pamphlets criticized him for refusing to bargain with Bartenders and Culinary Local 694 or sign a union contract for the people he employs at his restaurant in the San Fernando Valley.

Dodger Manager Walter Alston is pleased that his Big Four of Drysdale, Koufax, Claude Osteen and rookie Don Sutton have gone the route in seven of the club's first 16 games. The mound staff has compiled an impressive 2.11 earned run average and has allowed only 11 runs in the last six games.

And the Dodgers are hitting. They staked Drysdale to eight runs in the first four innings with an assault that toppled Atlanta for the second game in a row.

Lou Johnson knocked in three runs with two doubles and a single.

Littler Tied by 'Home Pro' in Texas Open

SAN ANTONIO, Tex. (AP) — Larry Mowry, a California home pro, surprised the regular touring golf pros with a five-under-par 65 and a tie for the lead in the first round of the $80,000 Texas Open.

★ ★ ★

Mowry, pro at the Whispering Palms Country Club at Rancho Santa Fe, Calif., used a hot putter in tying veteran Gene Littler Thursday.

★ ★ ★

Another home pro, Don Collett of the Brae Burn Country Club in Houston, was one stroke off the pace. Al Funseth and Tommy Aaron also had 66s.

Fine weather and a lush course made for low scores as eight pros shot 67s and more than 30 others shot par or sub-par rounds.

Gene Littler	31-34—65
Larry Mowry	31-34—65
Don Collett	34-32—66
Al Gunseth	33-33—66

Big Red† can get you on the course 1 hour earlier every Saturday!

Let's say you're now mowing ½ acre to an acre with a standard 21" rotary mower. It probably takes you 2 to 4 hours if you go at it hard.

The 34" Big Red can cut your mowing time by *at least* an hour. And if you figure an extra hour a week for 4 months (the national average mowing season), that's about 13 extra hours a season on the course. You'll feel a lot stronger on the back nine, too.

Now that we've talked about your golf game, take a look at Big Red . . . the best of the riding rotaries . . . $469.95.

†Exclusive mark of Toro Manufacturing Corporation

SAFETY SEAT. Big Red stops moving, stops mowing the minute you get out of the seat.

STICK SHIFT AND FRICTION DRIVE. Give you reverse and 4 speeds forward.

6 HP ENGINE. Plenty of power for hills. Mows at speeds up to 4.8 mph.

PNEUMATIC TIRES. Grip firmly without scuffing on hills and turns.

(Also available in 25" model . . . $429.95.)

St. Anthony Favored in OLSM Relays

Detroit St. Anthony assumes the favorite's role in the sixth annual Orchard Lake St Mary's Track and Field Invitational Sunday.

The field events are scheduled to begin at 1 p.m. and the track events at 2:15 p.m.

★ ★ ★

St. Anthony, a power in Catholic League track, has won the relays the last two years and figure to be hard to unseat this year.

Gary Powers, who recently ran a 4:32 mile for his school's record, is the best in the Catholic League and heads a strong middle- and long-distance attack for the Teutons.

The same three schools who finished in a three-way tie for runnerup last year will probably be pushing St. Anthony the hardest. They are Saginaw SS. Peter and Paul, Detroit Benedictine and Orchard Lake St Mary.

★ ★ ★

Other entries in the 10 school field include Centerline St. Clement, Dearborn Divine Child, Farmington Our Lady of Sorrows, Jackson St. Mary, Redford St. Mary and Utica St. Lawrence.

Drake Mile Run Record Threatened

DES MOINES, Iowa (AP) — Jim Ryun of Kansas, America's premier miler, and Randy Matson of Texas A&M, the world's top shot putter, are the headliners in the venerable Drake Relays which open today.

★ ★ ★

Ryun is an odds-on bet to break the meet mile record in the special invitational Saturday. The freshman flash streaked to a 3:55.8 clocking last weekend in the Kansas Relays and is primed for another sub-four-minute effort. Tom O'Hara of Chicago Loyola set the drake mark of 4:01 two years ago.

Prospects Dim for Trout Opener

By DON VOGEL

Just about the time trout fishermen were wringing their hands in glee over prospects of good conditions for tomorrow's opener, Mother Nature stepped in and fired another wintry blast.

Three days of rain and snow in the northern trout areas have left streams high and roily below the Straits and bursting their banks in the U.P.

★ ★ ★

The situation is so poor in the Upper Peninsula that fishing will probably be limited to lake beaver ponds and a handful of steelhead rivers along Lake Superior.

★ ★ ★

The ice is out of about 75 per cent of the lakes in the U.P., but fresh snow will complicate the situation. All lakes in northern lower Michigan are free of ice and probably will be the best bet Saturday.

The streams, however, will get a heavy play — high or low water — and bait fishermen probably will catch the most trout.

Oakland County streams are high and muddy. They may start receding by this afternoon and be clear, but still above normal, come tomorrow.

★ ★ ★

The cold weather shot a hole in perch and walleye fishing around the Great Lakes Thumb area, but smelt runs continued strong at Cherry Creek, Forester Park and Great Lakes Beach in Sanilac County.

Light runs are reported at Rock Falls and Willow creeks in Huron County.

RUN SLOWED

Large perch are being taken off the pier at Port Austin, but they are few and far between. Veteran anglers feel that a couple of days of warm weather will restart the run that reached such proportion early last week that fishermen reported having no trouble "catching all they wanted."

Suckers and carp are running good on the lower Huron River and archers are finding plenty of these fish as targets in the Clinton River as it passes through Avon and Pontiac Townships.

The sucker run also is good in cuts and streams around the Thumb.

The inclement weather kept fishermen off local lakes, but reports from last week indicate that panfish are in shallow water. Splake also are reported along the shoreline on Cass Lake.

The season on this cross between a laker and brookie opens Saturday. Dodge 4 State Park will open at 6:30 a.m. Saturday, but will revert to the usual opening hour of 8 a.m. the remainder of the spring and summer.

Slate Class A Tryouts

Class A baseball tryouts for the Talbott Lumber entry in the city men's recreation league are set for 4 p.m.-dark Saturday and 10:30 a.m.-1 p.m. Sunday at the Bagley and Brush diamond.

Manager Julious Mayo requests all new candidates who can't make either practice to contact him at FE 5-5667.

Tribe Wins 10th Straight

Tebbett's Hair Getting Longer

By the Associated Press

Cleveland's winning streak is getting longer — and so is Birdie Tebbetts' hair.

The dapper manager's hair crept a bit further down his neck Thursday night as the Indians tied the major league record for consecutive victories at the start of the season with their 10th straight, a 2-1 decision over California.

Tebbetts says he's not superstitious. But just the same he's not changing any routine, at least not while his club is winning. He knows what happened to Samson when his locks were clipped, so the Cleveland skipper is steering clear of barber shops.

"I go by and see those empty chairs," says Tebbetts, "but I can't force myself to go in."

And while his hair piles up, he continues to adhere closely to other routines.

He has breakfast at the same table in the same hotel with the same waitress serving him every morning.

★ ★ ★

And Coach George Strickland, who lives on the other side of town, has become Tebbets' regular chauffeur.

Strickland drove the manager back to his hotel after the opening day victory and he's had the assignment ever since.

Rain and cold weather postponed the other scheduled games.

Unusual Problem for New Pro Coach

BALTIMORE (AP) — Mike Farmer, a defensive standout as a National Basketball Association player, finds himself in an almost untenable position as he takes over as coach of the Baltimore Bullets.

The 29-year-old Farmer assumed his first coaching job Thursday after signing a two-year contract to replace Paul Seymour, who quit April 1. But he will remain available to assist the St. Louis Hawks in next month's draft of college players.

Ironically, the Hawks will have the fourth choice on each round of the draft and the Bullets will select fifth.

Fund-Raising Show

Champs in Local Ring

Some of the state's leading amateur boxers will be on hand next Saturday, May 7, for a local fund-raising ring show at Pontiac Central High School.

The show, organized by Harold Duggan, director of the Pontiac Boxing Club, is being sponsored by the West Bloomfield Optimist Club and proceeds will go to the West Bloomfield Boys Club.

Tickets for the show are now on sale at Don Frayer Home Furnishings, West Huron; Fortino's Steak House, Wide Track Drive; and Tony's Barbershop on Perry. The first bout will start at 8 p.m.

Heading the card will be Hedgman Lewis, winner of the national 147 - pound Golden Gloves championship.

Among the state champions on the card is Bill Hollis, a senior at Pontiac Central, who won the 160-pound state title this year at Grand Rapids.

STATE TITLISTS

Other state titlists on hand will be Bill Gualdu (128), Buddy Gueno (118) and Cleo France (112). The three are from Lansing.

Coming from Flint are city champions Lissue Walker (welterweight) Tim Reynolds (flyweight) and Rick Farmer (middleweight).

Detroit champions getting a spot on the card are John Cromer (135), Larry Charlson (175) and heavyweights Charles Haines and Al Lewis.

Gene Linscott, a ring veteran from Pontiac, will handle the referee chores, while a couple of other ex-boxers — Chuck Speiser and Dick LaForge—will join Roy Gray as judges.

Netters Name Captain for Junior Cup Squad

SAN FRANCISCO (AP) — Jack Darrah, 34, of Moraga, Calif., has been appointed nonplaying captain of the Junior Davis Cup squad, the Northern California Tennis Association announced Thursday.

The appointment was made by the U.S. Lawn Tennis Association. The Junior Davis Cup team program starts in June with a two-week training camp at Columbus, Ohio.

Darrah once coached the Miramonte High School tennis team in Orinda, Calif., to 37 straight victories.

Gray Fox Is Critical

RALEIGH, N.C. (AP)—Everett N. Case, the Gray Fox who coached basketball at North Carolina State University for 18 full seasons, was in critical condition today with a hemorrhaging intestine.

Viking Track Team Posts 99-10 Win

Walled Lake's track squad romped to an easy 99-10 victory yesterday over Livonia Stevenson, the newest member of the Inter-Lakes League.

The Vikings won every event and ran their season record to 3-2.

Walled Lake 99, Livonia Stevenson 10

U.S. 5 Renews Winning Ways

Whips Brazil, Stays Tied With Yugoslavia

SANTIAGO, Chile (AP) — The United States rebounded from its only loss in the tournament and trounced Brazil 77-61 Thursday night in the final round of the world amateur basketball championships.

The victory put the Americans in a tie for first place with Yugoslavia at 4-1 in the six-team round-robin that ends Saturday. The Yugoslavs, who upset the United States Wednesday night, crushed Chile 91-73 in the opener of Thursday's doubleheader at the outdoor National Stadium.

Darrell Carrier threw in 26 points for the Americans over the defending champion Brazilians.

The Soviet Union has a chance to make it a triple tie for the lead by beating Bulgaria Friday night. In the tourney's final games on Saturday Yugoslavia plays Spain and the United States battles the Russians.

Villanova Needs Sophomore Help in Penn Relays

PHILADELPHIA (AP) — "I hope we can continue winning," says Villanova Coach Jumbo Jim Elliot.

If the Wildcats are to continue dominating the two-day Penn Relays, however, they will have to lean heavily on sophomores.

Villanova, which has won at least one major championship in the meet for 11 straight years, entered the 72nd annual Penn carnival today banking on youngsters named Dave Patrick, Ian Hamilton and Al McCafferty.

About 6,000 athletes from 618 colleges and junior and senior hihg schools around the nation are to compete at the University of Pennsylvania's Franklin Field. There are 122 events in the meet.

Texas Coach on 'M' Staff

ANN ARBOR, Mich. (AP) — Y. C. McNease, former assistant football coach at Texas Western College, Thursday was named end and linebacker coach at the University of Michigan.

McNease, 30, replaces Jack A. (Jocko) Nelson, who left Michigan last month to become head coach at Gustavus Adolphus.

McNease graduated from Florida State and served as defense coach at his alma mater and Wichita University before moving to Texas Western last year.

Championship Finals
Thursday's Result
Boston 95, Los Angeles 93, Boston wins best-of-7 series, 4-3.

QUEENS AWAIT CORONATION—The Pontiac Woman's Bowling Association will present the championship awards to its 1966 champions at 2 p.m. Sunday at the Elks Lodge No. 810. The titles in the 33rd annual city tournament were the first for each of the women who present a wide representation of the PWBA geographical area. Amberwood Kennels of Clarkston is the team champion; the members are (top, left to right) Pauline Finney, Connie Long, Joanne Long and Joan Pearson. The fifth member, Judy Killiane (the sponsor's wife) was absent when the photo was taken. Handicap singles champ Nora Jones (bottom left) is a Pontiac resident. Union Lake is represented by the handicap doubles winners, Grace Kiser (center left) and Olive McCarty (center right). The handicap all events titlist is Washington's Lilah Johnson (bottom right).

TEEING OFF

By FLETCHER SPEARS

Those growing pains that keep PGA officials happily hopping about aren't likely to cause any aches for Michigan's lone tour stop—the Buick Open.

There's no longer a little tournament—in terms of money—on the pro tour, and those on the schedule are getting bigger.

It should be obvious that the pros are going to go where the pickings are the best, so old and new sponsors are coming up with sweeter offers each year.

And although the tour is crowded with tournaments, particularly in the summer, a fellow willing to put up a bundle of cash might be able to open up the tight schedule.

Of course, that would put some of the other tournaments in a pinch, particularly those with the small purses.

The Buick Open, at this stage of the game anyway, isn't feeling any pinch.

★ ★ ★

Buick Open chairman Jerry Rideout, 52-year-old head of Buick's public relations department, had the ante raised to $100,000 last year and he indicated during the '65 tourney that the company intended to remain competitive money-wise.

ATTRACTIVE PURSE

The $100,000 last year made Buick Open an attractive visit for the touring pros, but the event slipped a little in the money list during the winter when a couple of $200,000-plus outings were listed in the '67 schedule.

★ ★ ★

Two years ago, the Carling Company came up with a tournament worth, until then, an unheard of $200,000. Oakland Hills in Birmingham, Mich., was the site of that monetary milestone.

This year, the pros will play for some $4,000,000 in prize money and the take will show a hefty boost in '67.

Along with Carling in the $200,000 class next season will be the Westchester Classis ($250,000) in New York and the Canadian Open ($200,000) in Montreal.

And there'll be more.

BUICK GROWS

The Buick Open has grown from a $50,000 event a few years back to the $100,000 outing of today.

★ ★ ★

Obviously, Buick, if it chose to could match the price tag now attached to any tourney.

At a luncheon meeting recently in Detroit, Rideout was reminded that several other tournaments have pushed their purses to the $200,000 class. He was asked if Buick would keep pace.

"We aren't interested in bidding," said Rideout, adding that Buick has no intention of trying to outbid other tournament sponsors.

At present the members of the PGA tour try to make it to at least 30 of the 40 or so scheduled events.

★ ★ ★

It stands to reason that those that are missed will probably be those that offer the least money. But for the present, the Buick Open shouldn't feel the pinch.

Signs New Contract

MILWAUKEE, Wis. (AP) — Al McGuire signed a new three-year contract Thursday as basketball coach of Marquette University.

★ ★ ★

McGuire was hired on a two year contract in April, 1964, after the worst basketball season in Marquette history, a 5-21 record under Ed Hickey. Marquette's record last season was 14-12.

NBA Coach Will Play

ST. LOUIS (AP) — Richie Guerin, coach of the St. Louis Hawks, announced Thursday he will return next season in the dual capacity of player-coach in the National Basketball Association.

Guerin was rehired as coach of the Hawks Feb. 14 and announced at the time he would retire at the end of the current season, his 10th as a player.

Fairly Active Trading

Mart Steadies; Airlines Strong

NEW YORK (AP) — Airlines and selected issues were strong in a steadying stock market early this afternoon. Trading was fairly active.

The market staged an irregular rally in the morning. By afternoon some of the gains of key stocks were being trimmed.

The over-all market remained higher but the industrial average was off. Many of the best gains were made by issues not represented in the averages.

Among these was Eastern Air Lines, up 4, United Air Lines, up 6, American Airlines, up 2, and Pan American, up 1 or better.

DEPRESSED AVERAGES

Weakness in General Electric, down more than a point, depressed the averages, as did fractional losses by such blue chips as Johns-Manville, Liggett & Myers and International Nickel.

The Dow Jones industrial average at noon was down 1.61 at 935.80 after showing a gain of 1.23 an hour earlier.

The broader Standard & Poor's 500-stock index and The Associated Press average of 60 stocks were both up moderately at noon.

Prices staged a vigorous rally on the American Stock Exchange. Trading was heavy. Solitron Devices jumped more than 9 points, Simmonds Precision (n32), Teleprompter, Conductron, Chromalloy and Alloys Unlimited about 2 each.

Corporate and U.S. Treasury bonds were mostly unchanged.

Deaths in Pontiac, Nearby Areas

MRS. CLARENCE DOOLITTLE

Mrs. Clarence (Myrtle) Doolittle, 79, of 4139 Lotus, Waterford Township, died yesterday. Her body is at the Coats Funeral Home.

She is survived by her husband.

LaMONT WILDERSON

LaMont Wilderson, 64, of 1290 Pontiac died yesterday after a long illness. He was a farmer.

Mr. Wilderson's body is at the Huntoon Funeral Home.

Surviving are a brother, Grant, with whom he made his home, and four sisters.

ERNEST H. WISELY

Service for Ernest H. Wisely, 55, of 1326 Muskingum, Waterford Township, will be 2 p.m. tomorrow at Sparks-Griffin Chapel with burial in White Chapel Memorial Cemetery, Troy.

Mr. Wisely, a retired employe at Pontiac State Hospital, died yesterday after a long illness. He was a member of Maranatha Baptist Church.

Surviving are his wife, Ruth; a son, Donald J. at home; two brothers, Floyd of Walled Lake and Orville of Pontiac; and two sisters.

CLARA CAMPION

WOLVERINE LAKE—Service for Clara Campion, 85, of 2464 Roselawn will be 3 p.m. tomorrow at the Spaulding Funeral Home, Ferndale. Burial will follow in Roselawn Cemetery, Royal Oak.

Miss Campion died yesterday after a long illness. She was a life member of the Order of Eastern Star of Commerce and a member of St. George Episcopal Church of Milford.

Surviving are one sister, Agnes Campion of Walled Lake, and three brothers.

JOHN C. COLVIN

TROY — Service for former resident John C. Colvin, 64, of 1335 Bird, Birmingham, will be 3:30 p.m. tomorrow at the Price Funeral Home. Burial will follow at Union Corners Cemetery, Troy.

Mr. Colvin died yesterday after a long illness. Retired from Ford Tractor and Implement Division, he was a member of the Horseshoe Saddle Club of Auburn Heights.

Surviving are his wife, Marion; three sons, Gary at home, James of Birmingham and Pvt. Keith C. with the U.S. Army, stationed at Fort Sill, Okla.; and one brother.

GEORGE T. MIX

HOLLY TOWNSHIP — George T. Mix, 59, of 16110 Tucker, died this morning after a short illness. His body is at the Dryer Funeral Home.

MRS. BERNARD J. RUTTEN

BIRMINGHAM —Service for Mrs. Bernard J. (Myrtle) Rutten, 60, of 911 Ridgedale will be 1:30 p.m. Sunday at the Manley Bailey Funeral Home. Burial will be in Ortonville Cemetery.

Mrs. Rutten died yesterday after a short illness. An employe of Davidson's Ladies Apparel, she was a member of the Business and Professional Women's Club of Birmingham.

Surviving are a son, William J. of Birmingham, and three sisters.

TROY PATRICK WATKINS

ELBA TOWNSHIP — Service for Troy Patrick Watkins, 3-year-old son of Mr. and Mrs. Patrick Watkins of 171 S. Elba, will be 1 p.m. tomorrow at Muir Brothers Funeral Home, Lapeer. Burial will be in Stiles Cemetery.

The child died Wednesday after a short illness.

Surviving besides the parents are a brother, John at home; four sisters, Tracy, Marla, Darla and Robin, all at home; grandparents Mr. and Mrs. George Watkins of Lapeer and Mr. and Mrs. John Roberts of Potlatch, Idaho; and a great-grandmother, Mrs. Mary Dullack of Hillman.

If you're over 60

or a widow,

you can take advantage of us.

Now we pay interest monthly on Savings Certificates of $5000 or more. Think of it! Simply by joining our Secured Monthly Income Plan you can have a check coming in each and every month for the interest your money earns. It's like having a second Social Security program.

We pay you our high 5% annual interest rate. That's more than $20 every month for each $5000 you have on deposit.

And your deposits are insured up to $10,000 by the Federal Deposit Insurance Corporation. Best of all, unlike many income plans, your principal stays intact, secure, available for any emergency.

Not everybody can take advantage of us. Just widows and people over 60 can enjoy the benefits of our Secured Monthly Income Plan.

Stop in at any of our convenient branch offices, or mail the coupon for complete details. Your first interest check will be mailed to you within 30 days after you start on the Secured Monthly Income Plan. And each month thereafter, you'll receive a check in the mail.

Oh, yes. There's a FREE checking account included—no minimum balance, no service charge. It's just one more advantage you can take of us.

Tax Lien Filed Against Firm

A $7,552 tax lien against Rosenberg Holiday Catering Co., Inc., of Oak Park has been filed with the Oakland County Register of Deeds by the Internal Revenue Service.

John J. Healy, IRS agent who filed the lien, said Robert Rosenberg, 32, of Southfield, recent victim of an alleged abduction, was one of the owners of the firm.

Healy said the lien was for delinquent withholding taxes during the first three quarters of 1965. He said all companies are required to withhold monies for income taxes and Social Security and pay it to the government quarterly.

Rosenberg disappeared April 8 and was not seen again until April 20 when he staggered into a motel at Temperance near the Ohio line with a bullet wound in his back.

Local Man Robbed of $10

Joel Hatchett, 60, of 33 Earlmore told Pontiac police that he was robbed of his wallet containing $10 this morning outside his home.

According to Hatchett, he was accosted by two men, one of them armed with a rifle.

Hatchett told police the pair wrestled him to the ground before gaining possession of the wallet.

Old Tale for Woman: 3rd Snakebite in Yard

SAN ANTONIO, Tex. (UPI)—It seemed to be the same old story today for Mrs. Margaret Mellot, 35. Work in the yard, get bitten by a snake, rush to the hospital, stay a while and come home.

Thursday — for the third time this year — she was bitten by a rattlesnake in her yard.

Asbestos Draft Cards?

PITTSBURGH (UPI) — Armed with permanent laminating equipment, five youth groups open booths in local colleges today to launch a "Fireproof Your Draft Card" campaign.

Death Notices

WILDERSON, APRIL 28, 1966. LaMONT, 1290 Pontiac Road; age 64; dear brother of Grant Wilderson with whom he made his home; also survived by four sisters. Funeral arrangements are pending at the Huntoon Funeral Home where Mr. Wilderson will lie in state

WISELY, APRIL 28, 1966. ERNEST H. (PAT), 1326 Muskingum, Waterford Township; age 55; beloved husband of Ruth Wisely; dear father of Donald J. Wisely; dear brother of Mrs. Beulah Jenkins, Mrs. Goldie Burks, Floyd and Orville Wisely. Funeral service will be held Saturday, April 30, at 2 p.m. at the Sparks-Griffin Funeral Home. Card of Thanks 1

WE WISH TO EXTEND OUR heartfelt thanks and appreciation for the kindness and messages of sympathy and beautiful floral offerings, received from our many friends and neighbors. We also extend our thanks to Rev. C. Goodwin and other ministers for their comforting words, and also thanks to the William F. Davis Funeral home for their courteous service and many acts of kindness. The Family of Walter A. Richardson.

In Memoriam 2

IN LOVING MEMORY OF OUR son Charles H. Williams, Jr., who passed away April 29th, 1952.
His love left a beautiful memory,
And sorrows to great to be told.
But in our hearts he will live him,
His memory will never grow old.
Sadly missed by his Mother, Father.

IN LOVING MEMORY OF OUR dear sister Aquilla Tenuta Bonfiglio, who passed away 2 years ago April 29, 1964.
God saw you getting weaker,
So He did what seemed best,
He came and stood beside you,
And whispered "come to rest."
You wished no one a last farewell,
Not even to say goodby.
You had gone before we knew it,
And only God knows why.
Sadly missed by Sisters, Brothers and family.

Soviet Paper Takes Swat at 'Killer' Batman

MOSCOW (AP) — Batman is being used to make Americans more willing to act as "murderers in the Vietnamese jungle," Pravda said today.

The Soviet Communist party newspaper said the popular new television series is being used to condition Americans to committing murder.

★ ★ ★

Batman "kills his adversaries with great taste," Pravda said, setting a standard of workmanship for the viewers to emulate in the jungles of Viet Nam.

To illustrate Batman's success, Pravda said that U.S. television viewers complained when a Batman program was replaced by a report on a Gemini space flight.

'State Tough on Smugglers of Cigarettes'

LANSING (AP)—Severe penalties are keeping the growing business of organized cigarette smuggling out of Michigan, says a state tax official.

The seven-cent-per-pack cigarette tax could be a financial lure to smugglers, but Sydney Goodman, deputy revenue commissioner, believes they'll stick to Eastern states where penalties are far lighter than Michigan's five years in jail and $5,000 fine.

Rising cigarette taxes have fostered operations in which cigarettes are purchased tax-free in North Carolina, then transported to places such as New York City, where illegal sales beat the 14-cent-per-pack levy.

Michigan cigarette tax revenue is estimated at $76.7 million this fiscal year, with perhaps $11 million to $14 million additional sales tax revenue also traceable to cigarette sales.

Two-sevenths of the cigarette tax go to the school aid fund, the rest to general state expenditures. The levy brings Michigan slightly more than 5 per cent of its total tax income.

Michigan began its cigarette tax July 1, 1947, at three cents a pack.

AEC Reports N-Blast Leak

Radioactive Iodine Found in 13 Persons

FRENCHMAN FLAT, Nev. (AP — Radioactive iodine has been discovered in 13 Nevada residents after an underground nuclear blast accidentally leaked radioactivity over five states, the Atomic Energy Commission says.

The AEC said yesterday that radioactivity — well below danger levels — was spread northwest of here over Nevada, Utah, Colorado, Nebraska and Kansas after the "low-yield" nuclear device was tested last Monday.

The AEC said the explosion had the force of less than 20,000 tons of dynamite.

A geologic fault apparently directed the force of the blast northward, the AEC said.

★ ★ ★

A spokesman said 11 children and two adults were found to have radioactive iodine in their thyroid glands after tests Wednesday by the Public Health Service.

All of those found to have increased radioactivity were from Alamo and Hiko, Nev., about 70 miles from the scene of the test.

The spokesman said radioactivity in the air remained well below danger levels and could be measured only with extremely sensitive instruments.

Doses were estimated between 50 and 200 millioroentgens in the persons found to be affected, the spokesman said, adding that the dose was only a fraction of that produced in thryoid glands by ordinary dental Xrays.

Pay Hikes Supported

DETROIT (AP)—The Wayne County Board of Auditors Thursday approved pay raises totaling $1.272 million a year for some 4,900 county employes. The raises now must be approved by the County Board of Supervisors.

Connie Hilton Cons French Into Eating Chili Con Carne

By EARL WILSON

PARIS — Anybody who tries to introduce Texas chow to Paris, the city of gourmets, must have a lot of de Gaulle.

And that's what Connie Hilton's got plenty of, baby . . . de Gaulle, gall or however they're spelling it nowadays. As I sit here in room 708 of the new Paris Hilton, on the left bank, practically under the Eiffel Tower, I keep thinking that only a Hilton — or a De Gaulle — would have the guts to tell the Parisians that they haven't really tasted great food until they've wrapped their mustache around chili con carne.

WILSON

I Air-Franced over here for the opening of the 11-story, 492-room new hotel never suspecting that Connie and sons Nicky and Barron had arranged for a downstairs "Le Western" dining room where we could eat everything barbecued but Connie's fingers.

"You mean they really got smoked ranch beans?" someone exclaimed over the menu. "And fried apple pie with country butter!"

LBJ's favorite barbecue chief, Walter Jetton, who flew over special, as they say on the ranch, must have been pretty proud when he saw John Ringling North and other such gourmets —who carry their own wine with them—licking their fingers over his barbecued spareribs.

I got a delight out of finding corn on the cob . . . and though the Parisians don't seem to know about buttter with roastin' ears, somebody had thought to get butter that could be squeezed out of a butter-shaker.

And if you've never seen a plastic butter-shaker . . . well, shake, pard, because I hadn't either.

★ ★ ★

EARL'S PEARLS: "Life is like a shower. One wrong turn and you're in hot water."—Art Moger, Boston.

Keir Dullea suspects his new neighbor is a sloppy housekeeper. Someone remarked that "a new broom sweeps clean," and she asked, "Oh, does it?" **That's earl, brother.**

2 Michigan Marines Die in Viet Fighting

WASHINGTON (AP) — Two Michigan Marines were killed in action in Viet Nam during the week ending last Saturday night, the Defense Department reported Thursday. They were identified as Cpl. William H. Johnson of Ann Arbor and Lance Cpl. Gerald W. Engle of Detroit.

The U.S. paper industry employed 630,000 people at a total cost of $4.5 billion in 1964. Packaging and other paper manufacture generate 1 per cent of U.S. national income.

KNIBBLER AT PLAY—Barbara Bruning of River Edge, N.J., demonstrates knibbling, the sport she helped introduce to Notre Dame College for Women, Baltimore, where she is a student. Knibbling is done with a reshaped wire coat hanger and a coin. Centrifugal force keeps the coin on the tip of the twirling hanger.

Air Force Team to Check Ratio of Missile Hits in Viet Dogfights

WASHINGTON (AP)—An Air Force team is headed for Viet Nam to see whether man or missile is responsible for what apparently is a low bull's-eye percentage in dogfights with Soviet-built MIG21 jets.

Under scrutiny will be the air-to-air missile system of the U.S. F4C Phantom jet and sky fighting tactics of the men who fly the supersonic craft, sources said.

★ ★ ★

In the past week the Phantom has had three clashes with MIGs over Southeast Asia. One of the MIG21s was shot down while no U.S. planes was hit. But it was reported that in one confrontation 11 U.S. missiles were fired without touching the enemy.

The Defense Department has refused to confirm this or disclose the Phantom's ratio of hits to misses.

There was concern enough, however, for Gen. John P. McConnell, air chief of staff, to order a look into the situation.

★ ★ ★

A 13-man group headed by Lt. Col. M. A. Marvin, a systems and logistics officer, was assigned to check the pilot's tactics and operating procedures, the Sidewinder and Sparrow missiles carried by the F4C, and the work of ground crews which prepare the plane and its armament for battle.

U.S. officials said Thursday there are no indications of any flaws in the Sidewinder and Sparrow missiles used in air-to-air combat.

★ ★ ★

One source, who has flown the Phantom and fired both weapons, suggested that overeager U.S. pilots may be releasing their missiles prematurely.

Tough Bill Seen on Auto Safety

House Unit Members Point to 'Consensus'

WASHINGTON (AP)—Two members of the House committee studying auto safety predicted today approval for a strong bill requiring federal safety standards for all new cars.

"I think that consensus is clearly emerging," said Rep. John E. Moss, D-Calif., in an interview after the House Commerce Committee concluded three days of hearings.

★ ★ ★

Rep. James A. Mackay, D-Ga., said in a sparate interview that he and other committee members are becoming convinced "the auto safety problem has a lot more depth and urgency than we thought a week ago."

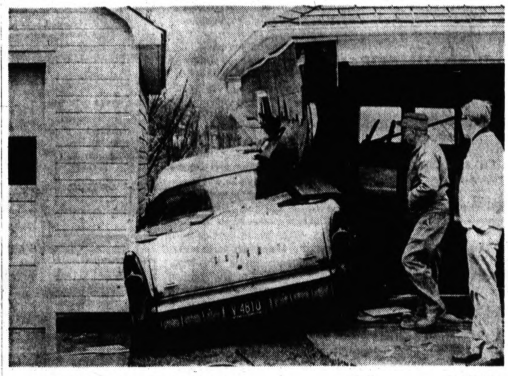
The administration proposal would permit the secretary of commerce — or secretary of transportation if that department is created—to issue standards he thinks necessary.

ISSUED STANDARDS

Both Moss and Mackay said they expect the committee to strengthen this provision to require him to issue standards. A similar move is afoot in the Senate Commerce Committee, which also is studying auto safety legislation.

Rep. J. Arthur Younger, R-Calif., said that while he favored a "bill with teeth" permitting establishment of federal safety standards, "I'm not convinced yet that the secretary of commerce is the man to do it."

Younger said it might require establishment of a separate office of automotive safety.



AP Photofax

INDECISION?—This car in Mayville, Wis., on its own after its brakes failed and the driver jumped out, had a choice of two adjacent garages, but instead went in between them.

Din Within Man's Head May Soon Be Quieted

MIAMI, Fla. (AP) — The man who hears noises inside his head may soon enjoy peace and quiet. Doctors believe they have found the trouble.

Ever since Dorian Figueroa, 38, fell from a ladder two years ago, he has periodically heard squishing, gushing, whimpering and wheezing noises inside his head.

★ ★ ★

"I'm not a crackpot," he says. To prove it he lets strangers listen to the noises, too.

Press an ear to his skull and they are plainly audible.

★ ★ ★

He entered a hospital Tuesday for radiological dye testing. "They took maybe 60 X rays while that stuff went into my brain," said Figueroa. "I could see, too, from a mirror."

OFFERS DIAGNOSIS

A vascular surgeon has offered a diagnosis. "The whistling is from an arterial venous communication entering the petrous."

That means an artery and vein going through a bone inside Figueroa's right ear aren't working right. They make noise.

A doctor is hopeful a simple operation this week with a local anesthetic on an artery on the outside might do the trick.

★ ★ ★

"If not, major surgery behind the bone may be necessary," he said.

Rebels Hunted After Shots Miss Sultan

ADEN (AP)—Troops loyal to the Sultan of Muscat and Oman scoured the desert for 20 mutineers after poor shooting by rebellious soldiers saved the Arabian peninsula ruler from assassination.

The attempt on the life of Sultan Said Bin Taimu occurred Tuesday during a parade in the port of Salalah. As the troops were presenting arms, five soldiers broke formation and fired on the ruler.

★ ★ ★

The shots missed the sultan but two of his bodyguards and a Pakistani officer of the Dhofar Province armed force were killed. Three rebels were killed by loyal troops and 19 other mutineers were arrested.

Two Pakistani officers of the Dhofar force and an Arab corporal were wounded and were flown to Aden by the British Royal Air Force, which has a staging depot at Salalah.

BAYONET WOUNDS

One of the Pakistani officers, a lieutenant colonel, received serious bayonet wounds in the stomach when he struggled with a mutineer.

Salalah, the chief town of Dhofar Province, is a port on the Arabian Sea 700 miles northeast of Aden.

★ ★ ★

The oil-rich sultanate on the southeast corner of the Arabian peninsula is independent but has strong ties to Britain. The population of 750,000 is mostly Arab. The 55-year-old sultan is the 13th ruler of his dynasty.

British forces were reported last February to have foiled a coup attempt by army mercenaries recruited from the naturalized Indian community, which came originally from Hyderabad.

Waterford's School Board Revises Bond Proposals

MAKE OVER PAGES

The Waterford Township Board of Education last night revised bond proposals, endorsed last week, for placement on the June 13 election ballot.

The action was made on the recommendation of bonding attorneys.

Instead of considering three bonding proposals totaling $13 million, school district electors will vote on four proposals totaling $11.8 million.

Two of the three new elementary schools proposed April 21 will not be included, thus accounting for the difference in cost.

★ ★ ★

The millage question proposed at last week's meeting will remain intact.

Voters will consider the following propositions:

- A $4.8-million bond issue to build a new high school and a new elementary school and purchase of new sites.

★ ★ ★

- A $625,000 bond issue to build a school-community auditorium.
- A $400,000 bond issue to build a school -community swimming pool.
- A $5,975,000 bond issue for additions, improvements, remodeling and site development at other schools and buildings.

★ ★ ★

- A 1-mill operating tax increase for a six-year period from 1968-1973 (to be offset by a 1-mill debt retirement tax decrease).

The board rescinded its previous action on the advice of bonding attorneys Dickinson, Wright, McKean and Cudlip of Detroit.

The attorneys questioned whether the set of proposals approved by the board April 21 were substantially different from the $13-million bond issue defeated by voters by a special election March 28.

A state law pertaining to bonding proposals and school annexations states that the same question or measure should not be submitted to voters within six months unless a petition is signed by 50 per cent of the electorate.

Attorneys originally stated there was sufficient difference between the changes endorsed April 21 and the first $13-million bond issue, according to school officials.

CHANGED MINDS

However, they changed their minds upon further investigation, strongly urging more sig-

Yanks Wound Six Attacking Dominicans

Follows Anti-U.S. Protests by Leftists Marking Revolution

SANTO DOMINGO, Dominican Republic (AP) — U.S. troops fired on demonstrators attacking them last night and wounded six of the Dominicans.

The clash came after a day of anti-American demonstrations by leftists celebrating the anniversary of the revolution last April and demanding that U.S. forces leave the Dominican Republic.

A U.S. military spokesman gave this account of the shooting incident:

Demonstrators in the Villa Duarte suburb, on the eastern edge of the capital, marched toward a U.S. 82nd Airborne observation post near a bridge.

★ ★ ★

The crowd chanted anti-American slogans and burned a U.S. flag, then began throwing rocks. Three pistol shots were fired at the GIs.

STRICT ORDERS

The U.S. troops, under strict orders not to shoot unless authorized, fired 14 rounds at the demonstrators.

One report said that a 2-year-old child was among those wounded.

Later Thursday night an explosion rocked the area near the bridge, but the national police said it was a noise bomb hurled from a passing vehicle.

Witnesses said the demonstrators at the observation post were members of the Dominican Popular movement and the Castroite 14th of June movement.

These groups were involved in an earlier demonstration in front of the U.S. Embassy, where Communist-led demonstrators burned three American flags they had brought with them.

BUSINESSMEN HONORED — Three Pontiac businessmen, James Clarkson, Carroll Osmun and Monroe Osmun, received Gold Membership Cards from Local 784 of the American Federation of Musicians last night for their outstanding contributions to Pontiac musical culture. Shown during the presentation ceremony are (from left) Clarkson, George V. Clancy, treasurer emeritus of the AFM; C. Neil Kimler, Local 784 president; Carroll Osmun and Monroe Osmun. The presentations were made during the 49th annual state conference of the Federation held at the Kingsley Inn.

U.S. Buildup Is Boosted to 250,000 Men

Major Operations in Jungle Fail to Prod VC Troops Into Fight

SAIGON, South Viet Nam (AP) — The United States landed more than 4,000 fresh combat troops in Viet Nam today, boosting the American buildup to nearly 250,000 men, but the ground war continued at a low ebb.

Jungle-trained infantrymen of the 25th "Tropic Lightning" Division from Hawaii came ashore at Vung Tau, 45 miles southeast of Saigon.

Their arrival completed a 25 per cent increase in American forces since the start of the year.

Half a dozen major U.S. ground operations in the jungled countryside failed to prod the Viet Cong into a fight. But a U.S. spokesman said determinedly: "We know the Viet Cong are there. We'll find them."

★ ★ ★

U.S. planes ranged over North and South Viet Nam again carrying the war to the Communists.

FEW ATTACKS

The Viet Cong confined their activity to a few small attacks and terrorism, their pattern in the last few weeks.

Three Vietnamese women were killed and seven persons were wounded when a small bus rode over a mine in the Mekong Delta.

A military truck struck a mine in the same area later, causing an undisclosed number of casualties.

★ ★ ★

The Viet Cong also fired mortars at a village in Hau Nghia Province, west of Saigon, made a grenade attack on an outpost 18 miles south of the capital, and wounded 16 civilians in another mortar barrage on a Vietnamese headquarters near Ba Tri, 60 miles south of Saigon, a government spokesman said.

★ ★ ★

Grenades wounded one U.S. serviceman at a warehouse in Saigon and another at an Army motor pool.

Grade School Stress Brings Drugs, Ulcers

BALTIMORE, Md. (AP) — A psychologist says many elementary school children throughout the country are on tranquilizers and "an astounding number" also are developing ulcers.

Dr. H. Gerthon Morgan, director of the University of Maryland's Institute of Child Study, said last night that more and more pediatricians are prescribing tranquilizers for academically talented children.

He said many of the brighter pupils become quite upset by pressures to attain academic skills and knowledge and often have nightmares because of them. Some even develop ulcers, he said.

The keynote speaker at a two-day conference sponsored by the Maryland State Department of Education said the pressures come from the children themselves, from their family, the community or even from teachers.

He said the problem could be solved by teachers who value the achievements of children as individuals and not in comparison with others.

County Sniper Gets Acquittal

'Irresistible Impulse'; Sanity Hearing Next

Gary Addison Taylor today was acquitted of assault with intent to murder by reason of insanity in the "phantom sniper" attack on a Bloomfield Hills woman nine years ago.

★ ★ ★

In reaching a verdict, Circuit Judge Arthur E. Moore said there was no doubt that Taylor did the shooting but that he acted under an irresistible impulse over which he had no control.

The case was heard without a jury which was waived by Taylor's defense attorneys Gilbert Davis and Robert Rann.

Though Taylor was found innocent, he will be returned to the Oakland County Jail to undergo psychiatric examination to determine his present mental condition.

★ ★ ★

Judge Moore's ruling only established the fact that Taylor, 29, of Royal Oak was insane when he wounded Shirley Eland now married and living in California.

SANITY HEARING

A sanity hearing on the results of the psychiatric examinations by a panel of doctors yet unnamed will be held in two to three weeks, according to Moore, who then will decide Taylor's present mental state.

★ ★ ★

Since the Feb. 7, 1957 shooting Taylor until last January had been in state mental institutions.

★ ★ ★

He had never stood trial, but three months ago hospital authorities released him, stating he was able to assist counsel in his own defense.

Along Lake Erie

Flood Cleanup Begins

MONROE (UPI) — Massive cleanup operations began today along 100 miles of Lake Erie shoreline pounded by gale-force winds and foaming waters during the worst flood in 14 years.

★ ★

Most of the 5,000 who fled their homes Wednesday had returned by today to broken beach cottages and lavish lakeside homes filled with mud and destruction.

The threat of disease also lurked as contaminated wells forced a "boil all drinking water" order from authorities.

As the low-lying sections, flooded by up to five feet of lake water, began to drain, a Monroe County Red Cross survey showed that 689 homes and 11 businesses were damaged. No damage estimate was given.

★ ★ ★

No buildings were demolished but the pounding wind and waves had broken windows, carved up huge stretches of beach and sent trees, mud and floating objects crashing into cottages.

SCHOOLS TO OPEN

Schools, except in the hardest-hit Luna Pier area, were scheduled to reopen this morning and Lt. Gov. William G. Milliken, who toured the flooded areas, said state assistance probably would not be needed.

Lt. Col. Arthur Phillips, state disaster coordinator, said heaviest damage was done to seawalls and drainage ditches in the Luna Pier area about 10 miles south of here.

Phillips was to meet with members of the Army Corps of Engineers today to determine whether federal disaster funds would be available.

★ ★ ★

Officials said the storm, as it pounded a strip from Sandusky, Ohio, to just south of the Detroit Metropolitan area, did at least $10,000 damage to the Sterling State Park.

FEW INJURIES

Only a few injuries were reported during the entire storm, including two women who were hospitalized in fair condition after they grabbed an electrically charged pole while standing in waist-deep water at Luna Pier.

★ ★ ★

The water, slow in leaving the sodden land, kept some side roads closed and added to the misery of the cleanup.

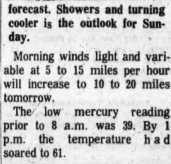
Rep. Weston Vivian, D-Mich., planned to survey the area today to see whether federal low-interest loans for damage repair should be recommended.

April Showers Are Forecast for Weekend

The weatherman promises a pleasant evening, with temperatures not so cool, lows dropping to 34 to 40.

Showers will come and go tomorrow through Sunday, with highs rising to 58 to 67.

Mostly cloudy, a little warmer, with showers possible by afternoon or evening is the forecast. Showers and turning cooler is the outlook for Sunday.



Morning winds light and variable at 5 to 15 miles per hour will increase to 10 to 20 miles tomorrow.

The low mercury reading prior to 8 a.m. was 39. By 1 p.m. the temperature had soared to 61.

Bat(e)man Victim of Joker

By JOE MULLEN

SWISH, SWOOP!

Oops! There goes another "e" painted out of a Bateman Realty Co. sign.

Could this be a case for Batman?

Or, is it a bonanza for Bateman?

"Yes, someone has painted eight or nine of our signs to change the name from BATEMAN to BAT MAN," said Tom Bateman, president of the realty firm at 377 S. Telegraph that bears his name.

AUTO SIGNS

Besides the house signs, three of the firm's 6-by-16-inch automobile signs have been altered and occasionally someone calls the real estate office and wants to know if Batman is in.

But Bateman wasn't complaining.

"Actually, the Batman craze has been wonderful advertising for us," he said.

"It's great. The more famous Batman gets, the better."

A sound illustration that Batman blends well with Bateman is that the real estate firm enjoyed its largest sales volume ever last month with the figure approaching $3 million.

But what about those painted signs?

Sign of the Times

"Well," said Bateman, "we should bring them in immediately for repainting because the business is licensed under Bateman, not Batman.

★ ★ ★

"But sometimes it takes a day or two, or maybe three or four, to get around to picking up the signs.

KID HIM

"My competitors like to kid me," Bateman said.

"Someone is likely to slap me on the back and say, 'Hi, Batman' while I'm standing in line waiting to register a deed.

"And, I've had fun kidding our sales people by telling them we're all going to get Batman suits."

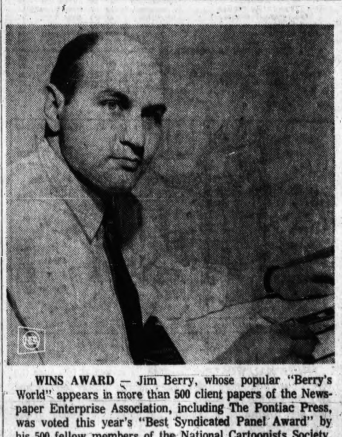
★ ★ ★

An ironic twist to the Bateman-Batman story is that Bateman has been so busy he has never seen Batman on television.

'Li'l Ones' Will Bring Big Laughs to Readers

A pint-sized package of fun and entertainment is coming to readers of The Pontiac Press, starting Monday. It's "Li'l ones," the cartoon populated by precocious kids whose funny world is always good for a laugh.

"Li'l Ones" perfectly captures the spirit of humor, the flavor of youth and the bit of truth that so often comes from the mouths of babes. It is the cartoon that has something for everyone.



WINS AWARD — Jim Berry, whose popular "Berry's World" appears in more than 500 client papers of the Newspaper Enterprise Association, including The Pontiac Press, was voted this year's "Best Syndicated Panel Award" by his 500 fellow members of the National Cartoonists Society.

Mexico Student Strike Said Part of Plot

MEXICO CITY (AP) — The Mexican attorney general's office says foreign and Mexican agitators planned to use the university student strike as the springboard for overthrow of the government.

The attorney general's investigation after the arrest of three Argentines and five Mexicans had uncovered a plot to set up a "Communist-type" government by provoking a crisis among the students and subverting other groups.

Arrests of the eight persons was announced Tuesday after student rioting which resulted in the forced resignation of the national university's rector.

The plot "called for a strike to begin at the university's law school and then spread to other schools in the university," the attorney general's report said. "Later on they would seek support from labor and other social groups."

8 CONFESS

The eight under arrest have confessed agreeing at several secret meetings to give moral and financial support to the striking students, the report added.

One of the Argentines is Oscar Fernandez Bruno, a leader of the Revolutionary Worker's party. The report said he distributed pamphlets calling on students to stir up disorders both inside and outside the sprawling university campus.

The others arrested were identified as Teresa Confreta de Fernandez and Adolfo Otilio Malvagni Gilly, also of Argentina, and Mexicans Gildardo Islas Carranza, Ramon Vargas Salguero, Marta Elena Vargas Salguero, Sergio Garcia Estrada and Leocadio Franciso Zapata Muzquis.

They are being held on charges of conspiracy and illegal association. The three Argentines also are charged with document forgery and violation of immigration laws.

Francisco Galindo Ochoa, the presidential press secretary, on Wednesday denied reports published in the United States that the university had come under Communist control as a result of the strike. He said the government was disturbed by reports that the 7,000 strikers were inspired or led by Communists.

Informed sources said Thursday that a small group of Communists were joined by Rightists in the 44-day strike, which began when law students protested certain rulings.

The strikers, who have forced the closing of the 70,000-student university, said classes would resume Monday if a new rector were named immediately. But the 14-member governing board of the college said the forced resignation of rector Ignacio Chavez was illegal.

Rudolfo Flores Urquiza, a strike leader, denied that Communists were leading the students and contended that Leftists wanted Chavez to continue as rector.

King Urging Big Bloc Vote

Aims for Huge Negro Turnout in Alabama

MONTGOMERY, Ala. (AP) — Dr. Martin Luther King Jr. heads into rural Alabama today, calling for a massive bloc vote by Negroes in the governor's race next Tuesday.

"I say to you, we have got to vote together," King said Thursday night at a Montgomery church rally, the second stop in his campaign to send upwards of 230,000 Negro voters to the polls in the Democratic primary.

See Story, Page B-10

★ ★ ★

It will be the first major Southern election since enactment of the 1965 voting rights act — an outgrowth of King's civil rights campaign in Selma, Ala. Some federal observers have been assigned for the primary to more than 30 communities in the 14 counties in which federal voting examiners have been working.

"Let them call it bloc voting," King told a cheering crowd at the church. "We must bloc vote."

POWER INEFFECTIVE

Otherwise, King said, the new balloting power gained under Congressional action will be ineffective. He urged the Negroes to agree on a candidate for governor.

"Then every Negro ought to vote for that man," he said.

★ ★ ★

King did not mention any candidate's name. Nor did he allude to specific candidates. But one of his lieutenants, Hosea L. Williams, told the Montgomery crowd to back the slate of the Confederation of Alabama political organizations.

"That ticket will be headed by Flowers," Williams said, referring to Atty. Gen. Richmond M. Flowers, a gubernatorial candidate who openly seeks the Negro vote.

PREDICTS 50 WINNERS

King predicted that if Negroes turn out in large numbers, more than 50 Negroes will win primary races. There are 52 running for county offices or legislative seats. Among them are 12 candidates for the all-white legislature and seven candidates for sheriff.

"The Alabama Negro is on the verge of ushering in the most vital phase of the second Reconstruction," King told 2,000 persons at his first speech, at Tuskegee Institute auditorium.

Birmingham Area News

Season Starts Sunday at Cranbrook Gardens

BLOOMFIELD HILLS — The Cranbrook House Gardens will officially open for the season Sunday.

The Gardens comprise 40 acres surrounding the home of Cranbrook's founder, the late George C. Booth. The gardens feature casual and formal plantings along with the Greek Theater, cascades, pieces of sculpture and pine walks.

Opened through October, the garden hours are 2 to 5 p.m. Tuesdays through Fridays, and 10 a.m. to 6 p.m. Saturdays and Sundays. They will be open on major holidays as well.

Tickets can be bought at the sales desk in Cranbrook Academy of Art Galleries on week days, at the drive entrance to Cranbrook House and at the booths on Academy Way.

★ ★ ★

Proceeds go for scholarships and tuition grants for students of the Cranbrook institutions and supplement the funds for garden maintenance.

BIRMINGHAM — The Classic Film Series at the Community House will end for the season with "Public Enemy," starring James Cagney, Wednesday at 8 p.m.

The film will be shown in the main auditorium of the Community House at Bates and Townsend.

Tickets may be purchased in advance or at the door.

The series included films illustrating specific movie-making features, including the silent films and the first talkies. "Public Enemy" is one of the first ganster films.

Registration for the Birmingham Conservatory of Music "Summer With the Arts" program is open now through June 30.

A two week summer camp program is scehduled for both July and August. Classes will be held every day for 10 days at all levels.

Included in the July program for the pre-school division is creative dance and art in relation to dance in a two hour morning program.

Scheduled in the junior division are art and sculpture in relation to dance, introduction to piano, music appreciation and creative dance in a three-hour morning program.

Creative dramatics, creative dance, art and sculpture, and introduction to piano are planned for the intermediate division.

AUGUST PROGRAM

In addition to art and sculpture, the high school and adult division will have folk singing and dance, introduction to piano, modern dance, dance composition and music appreciation.

The August program will have tap, ballet, and modern jazz in addition to the subjects for the July program.

A seminar for physical education and nursery school dance teachers is scheduled for July 25 through 29. The 1½-hour sessions will meet Monday through Friday.

ROBERT M. CRITCHFIELD

Gift Chairman of Scout Drive Is Appointed

The appointment of Robert M. Critchfield as major gifts chairman for the Clinton Valley Council, Boy Scouts of America, Lost Lake Reservation Development Fund, has been announced.

Critchfield of 901 N. Lake Angelus Shores, Lake Angelus, is a retired vice president of General Motors and former general manager of Pontiac Motor Division.

In announcing the appointment, John Z. DeLorean, general chairman, said:

"We are very fortunate to have one of our community's outstanding leaders heading this important part of our campaign. Mr. Critchfield's active support to help the youth of today and the leaders of tomorrow is typical of his community spirit."

The campaign goal of $550,000 is to purchase and develop a camping site for Boy Scouts in Macomb and Oakland counties. The Lost Lake Reservation is near Clare.

★ ★ ★

Active in civic affairs, Critchfield is a member of the advisory council of Junior Achievement of Southeastern Michigan, Inc., and was recently reelected president of the Pontiac Young Men's Christian Association.

New President of PEA Says Teachers No Longer Submissive

The submissive role of the schoolteacher has changed. Teachers are coming alive.

This was the message last night from Webster School teacher Laurence Beamer, new president of the Pontiac Education Association (PEA).

Beamer spoke at the annual PEA banquet at Pine Knob Ski Resort in Independence Township.

"Whereas the teacher once accepted her role with submissive obedience to the school administration and to the public, the teacher of today is raising vital questions that openly question previously accepted notions . . ." Beamer said.

LAURENCE BEAMER

"Every fact of education — from the area of authority for final decision-making down to personnel practices — is being scrutinized by teachers."

"BECOME ACTIVE'

The new PEA president urged all teachers to become active in both partisan and nonpartisan politics.

In addition to supporting political candidates, teachers themselves must fill positions of leadership in the community and state as elected officials, said Beamer.

"Professionalism is not synonymous with subservience," he said.

Today's teachers are better trained to have a voice in education, according to Beamer.

BIG CLIMB

He said the percentage of teachers having bachelor degrees or better has climbed from 60 per cent in 1947 to 90 per cent in 1963.

During the same period, the proportion of master's degrees has increased from 15 to 25 per cent.

Beamer said teachers would effect little change without unity.

He said there must be involvement on the part of every teacher and there must be leadership for united action.

"If teachers . . . act as spectators," declared Beamer, "then they will have to accept a second-rate profession; they will have to accept second-rate working conditions; they will have to accept second-rate salaries.

Report Syrians Fire on Israelis; 4 Wounded

JERUSALEM (UPI) — Syrian positions overlooking the Hula Valley on the Israeli border opened up on Israeli troops with machine gun fire today, wounding four persons, a military spokesman reported.

The shooting broke out despite what appeared to be a warning by Israeli Premier Levi Eshkol to Syria and Jordan against further border incidents.

Rains Bring More Floods in Texas

DALLAS (UPI) — Unceasing rainstorms today set off flash floods in Dallas and nearby Fort Worth in the wake of predawn floods yesterday in Dallas that drowned seven persons and caused millions of dollars in damage.

Streams in Dallas did not rise as quickly or as high as yesterday but the same streets were blocked again. Many cars were trapped by high water.

Dallas police ran out of street barricades and urged motorists to stay off the streets.

No deaths or injuries were reported from the new rains and floods in either Dallas or Fort Worth, 35 miles west.

★ ★ ★

Many cars also were trapped in Fort Worth, which escaped almost bone-dry yesterday.

RESCUED FROM ROOFS

Fort Worth police and firemen rescued people from the roofs of homes and automobiles.

Dallas County and city authorities sought federal disaster aid. Most of the owners of hundreds of homes flooded yesterday were not insured for such damage.

"Dallas streets — particularly those downtown and east of downtown — are running curb deep in water even on the crests of hills," a police department spokesman said.

★ ★ ★

In northeast Dallas, below the White Rock Creek spillway, 3½ feet of water spilled across Garland Road, a main thoroughfare.

50 HOMES FLOODED

On Fort Worth's west side about 50 homes were flooded. Police called for boats to rescue stranded motorists and residents.

As the rain slackened in downtown Dallas, it increased in the northwestern part of the city, hardest hit yesterday.

Fort Worth had a thunderstorm and three inches of rain in two hours. Dallas got a drenching rain but little or no lightning and thunder.

A woman was trapped in her automobile and escaped with water up to her shoulders. Lightning hit two homes, setting one on fire.

AP Photofax

RETURN TO HOLLAND—Crown Princess Beatrix, followed by her husband, Claus van Amsberg, rushes down the plane ramp to greet her mother, Dutch Queen Juliana, at Amsterdam Airport today. The couple, returning from their seven-week honeymoon, came back for the 57th birthday tomorrow of the Dutch ruler.

Bond Proposals Revised

(Continued From Page One)

nificant differences in the bonding proposals.

Milton Thompson, a partner representing the legal firm at last night's special meeting, said that they want to make sure the bonds would be legal if and when they are issued.

He noted that the bonding proposals endorsed by the board April 21 were basically the same as the original $13-million bond issue, although split into three propositions instead of one.

★ ★ ★

Thompson cited two cases, contended to be in violation of the state law, which were heard before the Michigan Supreme Court.

NEW SCHOOLS

Bonding proposals approved by the board April 21 consisted of $11,975,000 for four new schools, improvements to existing schools and buildings and purchase of new sites; $625,000 for an auditorium and $400,000 for a swimming pool.

School board members said that decision could be postponed on the two new elementary schools not included in the new proposals because there is not an immediate need for them.

However, they pointed out that the schools would be needed later in the proposed five-year building program, voicing a slogan, "Today's Needs Today."

★ ★ ★

The proposed elementary school would be built in the Crescent Lake area.

SWIMMING POOL

School officials also stressed the importance of placing the swimming pool and auditorium proposals on the ballot "while the price is right."

Only property owners will be allowed to vote on the five questions since the millage proposition is for more than a five-year period.

May 16 is the last day for unregistered voters to register with their respective township clerks for the election.

★ ★ ★

Two school board contests and six trusteeships for Oakland Community College also will be voted on in the June 13 election.

Death Toll Rises to 50 in E. Java Volcano Eruption

JAKARTA, Indonesia (AP) — The death toll from the eruption of the Mt. Kelut volcano in East Java has risen to 50, the official news agency Antara reported today.

The toll is expected to continue to climb. Antara said the fate of another 100 persons in the village of Margomuljo still was unknown.

The volcano erupted with explosive force last Monday night. Streams of lava poured down the 5,678-foot-high peak and toward the city of Blitar. Communications with Blitar remain cut off.

Antara reported that a mass evacuation of the densely populated area was under way. Some 500,000 persons live in the area.

Teacher Strike in Court Test

HIGHLAND PARK (AP) — Highland Park goes into Circuit Court today in an attempt to snuff out a one-day strike of teachers which closed two schools and disrupted classes in eight Thursday.

Classes at the city's junior college also were halted.

★ ★ ★

Defying no-strike provisions of the newly amended Michigan Employes Hutchinson Act, the Highland Park Teachers Federation, an AFL-CIO union, ordered the walkout.

The federation said the strike was to support its demands for at least a $500 annual salary increase and to protest what it termed bad faith bargaining on part of the school board.

134 TEACHERS

Supt. Norman P. Weinheimer said 134 of the city's 467 teachers stayed away. Other sources estimated at least 200 joined the walkout. The rival, independent Highland Park Education Association did not join the strike of the AFL-CIO union which holds bargaining rights for all teachers.

Touring Trio 'Slays' Stockholders

Normally, you wouldn't classify annual shareholders' meetings of large corporations as places of amusement.

But Mrs. WILMA SOSS (rhymes with hoss) of New York and her supporting cast of two have done much to introduce a note of diversion into the customarily staid and statistical atmosphere of such get-togethers.

Most recent of the trio's appearance was at American Telephone & Telegraph Co.'s annual meeting at Detroit's Cobo Hall.

Headliner Soss, usually attired like a side-show exhibit and, in the Detroit appearance, accompanied by a bodyguard, is the forensic feature of the production as she continually takes to a microphone to air questions, criticisms and suggestions to the bedeviled chairman of the meeting.

But New York attoney LEWIS D. GILBERT is by no means a bench warmer as he spells Mrs. S. at the mike, and the third member of the act, New Yorker EVELYN DAVIS, gets in a lot of words more than edgewise.

What is the purpose of the histionic hecklers in playing the circuit of annual corporate meetings?

★ ★ ★

Purportedly it is to represent the Federation of Women Shareholders and other minority blocs and for their "protection" probe the verities of the financial and operations reports submitted—and anything else that comes to mind.

The way the needle of the Traveling Troubledours is presently pointed, the day may not be far off when shareholders' meetings will be announced in the amusement section of newspapers instead of the financial.

U. S. Should Look MAP Gift Horse in Mouth

Since World War II, Washington, at a cost of $37 billion, has been the paymaster and armorer for half the countries of the world. Now Congress is being asked for an additional $917 million for the U. S. Military Assistance Program (MAP)—on top of about $1 billion for paying and equipping the South Vietnamese army.

Of the 62 nations down for military assistance this year, but three have come to our aid in Viet Nam.

★ ★ ★

But against a rising tide of congressional opposition to the $12 billion annually budgeted for MAP, Secretary of Defense ROBERT MCNAMARA defended it before the Senate Foreign Relations Committee. He testified that the nations involved deploy more than 3.5 million defensive soldiers in various danger areas of threat to the democracies.

Should aid be withdrawn from the countries providing such protection, McNamara argues, the U.S. would have to fill the resulting manpower void with comparable replacements — the number of which would exceed the present total strength of American armed forces.

"Moreover," the secretary asserted, "it costs $4,500 a year to maintain a U. S. soldier abroad, while the aid country can do it for $540." Reasoning thus, he calls MAP a bargain.

Maybe we're a bit cynical, but we've come to believe that whenever the United States gets involved in a bargain, it's the other fellow who benefits. Moreover, as any housewife knows, "bargains" often consist of shoddy merchandise.

Cost Was High When 'Betsy' Breezed Through

In terms of losses and claims, Hurricane Betsy, which hammered the Bahamas, Florida, Louisiana and Mississippi last September, probably posed the most serious challenge ever faced by the insurance business.

★ ★ ★

So says the American Insurance Association, issuing its latest box score on the disaster.

Of 436,000 claims filed in three states—258,000 of them in New Orleans alone—388,000 have been settled at a cost of $256 million.

The figure doesn't include giant individual losses in excess of $100,000, which involved large industrial and commercial structures, oil industry installations, churches, schools and government structures. Such losses will probably add another $15 million.

When marine and auto losses are included, the estimated final total swells to something like $715 million.

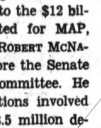
★ ★ ★

Betsy is indeed the outstanding exception to the old adage that it's an ill wind that blows no good.

Johnson Not Sticking Neck Out

By JAMES MARLOW
AP News Analyst

WASHINGTON—President Johnson could see what was coming in big doses when earlier this year he ordered the bombing of North Viet Nam resumed and decided to step up the war. What was coming was criticism.



MARLOW

In fact, it was already there and had been for months.

But the critics of his Viet Nam policy, already plentiful and vocal, seized upon his decisions this year for fresh outbursts. Johnson had been around long enough to know they would.

He also had been around long enough to know that unless he met this criticism head-on himself, it would get worse and that more than just answering the critics was involved.

The more the criticism and the longer it went unanswered, the more confused Americans would become about the war, which meant a division of opinion in this country.

If Johnson had gone on national television for one hour, he could have explained his policy, why he thought it necessary to fight the war, what it meant to the United States, to Viet Nam, to Southeast Asia, to the Communists.

IN SENSITIVE SPOT

Once he did this, of course, he would have been a rallying point and a prime target — a rallying point for all those who agreed with him or thought he should be supported; a target for those who disagreed.

In short, for Johnson to have laid it on the line himself on television in a detailed and lengthy explanation would have been to stick his neck out.

He has let his lieutenants — like Vice President Hubert H. Humphrey, Secretary of State Dean Rusk, and others — do the explaining about American policy and intentions.

★ ★ ★

The only trouble about such explanations is this:

- They turn into a patch quilt, with Humphrey throwing in something now, Rusk adding something later, someone else contributing a bit some other time.
- The explanations, particularly Rusk's, with all their diplomatic phrasing — like saying this country could live with a "nonaligned" South Viet Nam — are sometimes far from clear.

A BLURRED PICTURE

The result is that the American people, and people overseas, have to try to put the pieces together which is quite different from the kind of comprehensive picture they might have had if Johnson did the explaining.

By staying in the background Johnson has saved himself from expanded personal attacks but that doesn't necessarily make his comparative silence the wiser policy.

Voice of the People:

'Law Day Is Reminder of Our Nation's Heritage'

Law Day USA should remind Americans of their precious heritage of liberty, justice and fair play. America is a government of law, not men . . . We in America must defend our heritage. We must remain enternally steadfast to the ideals which have made this Nation great. Law Day USA is symbolic of the great challenge which we face today to remain free.

J. EDGAR HOOVER, DIRECTOR
FEDERAL BUREAU OF
INVESTIGATION

'Mothers Join Crusade to Fight Communism'

There are solutions in Viet Nam, but the course our government is taking will never lead to one. The general consensus is "fight to win with all we've got, except our boys, or get out." There may be another way. A group of mothers have formed a "Mothers' Crusade for Victory Over Communism," and are getting out petitions which advocate for Congress to enact a law banning aid and trade with Communist nations and their satellites.

Nonstrategic, as well as strategic materials, which help the economy of any Communist nation, in any way, releases funds which the Communists are able to divert for their military build-up to be used against the free world. You can sign a petition or write your congressman. Withholding foreign aid to other countries who furnish material to kill our boys will help, too. Our Constitution states that giving aid and comfort to the enemy is treason. We should use a complete economic blockade instead of killing our fine American boys.

Comments on Inequities in Firemen's Pay

I wonder at the ethics or legality of the West Bloomfield Township Board appointing council member Walter Whitmer to the position of chairman of the fire committee, as he is a volunteer fireman. Wouldn't this place him in the position of giving orders to his fire chief? With his firsthand knowledge of the needs of the fire department, why does it always rank so far behind the police department when it comes to pay raises? Let's hope the township board will stand behind the firemen and see that the inequities in the pay scale are remedied.

ROSEMARY HUNT
KEEGO HARBOR

Two Are Concerned About Animal Cruelty

The attitude of civilized Christian people today is shocking, as long as the knife isn't in their backs and their pets are not stolen. Anyone having one beat of kindness in his heart for dumb animals should write the President or Representatives and ask them to introduce a bill identical to the Helstroski legislation H. R. 10743. No other bill is acceptable to give animals protection.

MRS. LOIS WINCHESTER
OREGON

Reports on use of animals for various experiments are appalling. How is it possible for normal people to tolerate useless cruelty when results are easily obtained without the sacrifice of all judgment, mercy and compassion? Such wantonness is hideous and dehumanizing. Pseudoscientists and intellectual robots are not contributors to the general welfare and moral stability.

FRANCES BOWLES
ORCHARD LAKE

Disagrees With City's Method of Election

Voting for a commissioner in a district other than the one you live in makes as much sense as voting for a mayor in another city or a governor of another state. When you don't live in a district and don't know the conditions of that district, you can only vote on hearsay.

★ ★ ★

I again invite you to see the Brooklyn area after a heavy rain. They say it will take so much money for a storm sewer. Add up the hours the trucks and crews spend pumping water off the street after a rain, plus what they got for the sale of the school property, and it would make a good-sized payment on storm sewers.

MRS. NADINE TEAGUE
41 E. BROOKLYN

A argues the largest oil field in the world is in the United States. B says "no." Who's right?

C.

REPLY

B is correct by a wide margin. The East Texan Field is the biggest in the U.S. and is 215 square miles. At Oktyab in Russia there's one comprising 1,800 square miles.

David Lawrence Says:

A-Test to Spur Review on China

WASHINGTON—Red China is getting ready to explode its third atomic bomb. Significantly, this is announced not by Peking but by the State Department in Washington. The news has a transcendent importance to the world, and it could intensify consideration here of a new policy toward the Chinese people on the mainland.

LAWRENCE

When it exploded its first atomic device on Oct. 16, 1964, the Peking government said that the bomb was "for the purpose of coping with the nuclear blackmail and the threats of the United States and for the purpose of abolishing all nuclear weapons." Certainly the United States has never made any such threats.

It has been suggested again and again that the object of the Red Chinese in developing atomic weapons is to blackmail neighboring countries and cause them to knuckle under to Chinese demands.

There could be other motives, too. It is important, for example, for the Red Chinese to try to equate themselves with the Soviets and to foster the impression of a military independence based on nuclear power.

★ ★ ★

There is reason to believe that the Peking government is currently using its nuclear experiments as a tool of foreign policy but will not present a challenge to other nations, at least for many years to come.

SEVERAL YEARS

Dr. Edward Teller, America's atomic expert, told a House subcommittee here recently that China would not have enough nuclear power for several years to threaten the United States directly.

He urged this country to begin putting atomic warheads in countries bordering Red China.

This is a pointed suggestion and could mean that a closer relationship between the Chinese republic on Formosa and the United States would become inevitable.

★ ★ ★

Indeed, far from compelling the United States to abandon the Nationalist government on Formosa, the new developments in the nuclear field could have just the opposite effect. For the United States could use Formosa as a military base more effectively than any other land area in the Far East.

NEW PLANS

The whole situation now is bound to bring demands for new plans to deal with the problem of Red China.

Merely to admit the Peking government into the United Nations, as some of the experts on China have suggested, would not solve anything. It would only reward aggression.

One possible solution of the China problem is to work more directly with the Chinese people.

★ ★ ★

The United States and other nations might consider sponsoring a plan of economic aid that could, when it was publicized, revolutionize life inside Red China.

(Copyright, 1966, Publishers Newspaper Syndicate)

Bob Considine Says:

Paris of Today Is Far Cry From Heyday of the 20s

PARIS — Suddenly, this is no longer the mad mad mad capital of the Western world.

If the gay and morose and talented American expatriates of the early 1920s could be disinterred, they would not descend this time on Paris. They'd go to London.

CONSIDINE

That's where you'd find young Ernest Hemingway today, and, more often than not, F. Scott Fitzgerald, and that crowning incompetent of her time, Gertrude Stein.

There seem to be no angry young men left in Paris. They're all in London, looking like sheep dogs but smelling a great deal worse.

There is no theater here in Paris, while the London theater is imaginative, provocative and superbly acted.

★ ★ ★

Where did the French painters go? The novelists? The poets?

'IT'S BURNT'

Is Paris burning? No, it's burnt.

Somehow, the taxis don't make noise like a George Gershwin background anymore; the cops don't seem more eager to get home for lunch or dinner than roll eyes at a babe.

The nightclubs still labor mightily but they are facing fierce competition from the whoopsy couturiers who are out to undress the women of the world, not dress them.

The way-out songs, bizarre dress, avant garde art and morals that people elsewhere ape flow not any more from Paris but from a capital long believed by the younger set to be the last redoubt of the square.

SHARPER IMPACT

Love 'em or lump 'em, the Beatles have had a sharper impact on this generation's mood than, say, Maurice Chevalier had on mine, or the wicked cancan on dear dad's.

It is not easy to trace the downfall of Paris as the font of infectious effervescence.

Some hipper Frenchmen and women I spoke to last weekend at the gay opening of the Paris Hilton, which was a shot in the arm for that old rogue of a town, blamed President de Gaulle.

★ ★ ★

He is today's "target of opportunity" as the bomb crews used to say when they couldn't find Munich.

Salute to Israel

The Israel News

A colorful Youth Salute to Israel, in which more than 10,000 young people will participate, will be held May 8th, in a New York Metropolitan communitywide celebration to commemorate Israel's 18th anniversary. After a youth parade, featuring dancers and marchers from Hebrew Schools, Zionist youth movements, Jewish youth organizations, Hebrew High Schools, Yiddish folk schools and Jewish community centers, an Independence Day cultural program will be held at the Central Park Mall. More than 20,000 adults are expected to attend which coincides with the Jewish festival of Lag B'Omer.

★ ★ ★

The theme of the march is "Prophecy and Fulfillment." At The Mall celebration eighteen doves will be released from the stage to symbolize the desire for peace in the Middle East and in the world.

Theodore Comet, Director of the American Zionist Youth Foundation, said that "as a result of the success of last year's event, many Jewish educators, principals and youth directors urged this salute to become an annual event.

The Hexed Farmer

The Wall Street Journal

Charles B. Shuman, the president of the American Farm Bureau Federation, is beginning to wonder if the Government has a grudge against farmers, and there certainly are reasons for his concern.

Take, for example, those Federal subsidies which for years have been used to prop up farm prices. Though it has been clear for a long time that most of the benefits go to big farmers who don't need any help, the Government persists with much the same programs.

★ ★ ★

Then there's the current general price inflation, stemming largely from Washington's continuing devotion to easy money and big budget deficits. Inflation is raising costs for everyone, including farmers, and to make matters worse the Administration is urging minimum-wage legislation that would lift farmers' payroll outlays.

★ ★ ★

And what is Washington doing about inflation? Well, for one thing, it's trying to knock down those farm prices which it has tried for so long to prop up. Despite rosy forecasts of farm income, the Federal tactics include dumping surplus grain and cutting military purchases of pork.

★ ★ ★

Mr. Shuman thus contends farm operators are getting the whammy from the Government, and it looks as if he's right. With all of those Federal planners fooling around with the rural economy, however, we're afraid the poor farmer was hexed from the start.

Officer's Suspension for Notching Gun Ends

ST. PETERSBURG, Fla. (AP) —A St. Petersburg policeman goes back to work today after a 15-day suspension for carving two notches in his service revolver.

William T. Detterline, 29, said he filed the notches after he winged two burglars last year, one in April at a bakery breakin and one in July at a super market.

Five times as many males as females drown. More than half of the 5,000 drownings that took place this past year occurred during the summer.

Help Slow in Coming for Viet Trip

The unpopularity of the Viet Nam War may be one reason why a Pontiac area osteopath will return to that Asian country somewhat discouraged.

Dr. Jerome J. Robb, 52, of 1142 W. Huron, Waterford Township, had hoped to raise funds for hospital equipment and medical supplies badly needed in Viet Nam's fight against disease, pestilence and malnutrition.

Robb previously had spent six weeks at his own expense at Saigon General Hospital treating civilians for everything from cobra bites to shrapnel wounds.

The osteopath had been promised help in his fund-raising efforts by the Michigan Junior Chamber of Commerce.

* * *

However, the fund drive never really got started.

UP IN THE AIR

"The program seems to be very much up in the air just now, but it hasn't been dropped," said Ed James innovator of the Jaycee project.

Added James, "This never was what you would call a popular war — but it's becoming more and more unpopular now."

When Robb returns to Viet Nam — he leaves next Wednesday and arrives there about May 13 — the osteopath will take some medical supplies.

* * *

The cost of transportation will be covered by about $3,400 raised at a $25-a-plate testimonial dinner in January.

NOT SURE

Robb, who is not sure how long he'll stay this trip, plans to load his suitcases with medical supplies.

* * *

"I'm not taking along an extra stitch of clothing, other than my basic needs," he explained.

* * *

He plans to pick up some medical supplies in Hong Kong or Manila to cut down on excess baggage charges.

'One Way to Start Urban Renewal'

PITTSFIELD, Mass. (AP) — A violent gust ripped the roof off a building at the Ferry Lumber Co., but the company vice president, Lawrence F. Pierson, wasn't bothered.

"We looked on it as just an early start on urban renewal," Pierson said.

Ferry Lumber is in a zone marked for redevelopment.

Student Concerts

Two Waterford Music Programs Set

Two instrumental music programs will be held tomorrow and Sunday in the Waterford Township School District.

Orchestra students from the south half of the school system will present a program entitled "A Festival of Orchestra Music" at 7:30 p.m. tomorrow, at Crary Junior High School.

At 3 p.m. Sunday, the north area elementary honors band will present its annual spring concert at Kettering High School.

Performing in Saturday's concert at Crary will be sixth grade string players from 12 elementary schools and the combined orchestras from Crary and Pierce Junior High Schools.

Barbar Miller and Louise Smith will be the directors.

Featured soloists will be Patti Agorgianitis, cellist from Pierce, and Michael Wiley, violinist from Mason Junior High School.

Solists in Sunday's concert will be Ron Armstead, French horn; Dean Brisbois, tuba; and drummers Kevin Tatroe, John Elliott and Bernie Salvatore.

Liaison Man on School Aid

His Job: Unsnarl Red Tape

By PAT McCARTY

In Washington . . . in Lansing — who is there to speak for the schoolchildren of Oakland County?

* * *

They are more than 200,000 strong and they constitute 10 per cent of the school-age population of the entire state.

Last year some $83 million was spent to educate them.

This year the expenditure will run about $100 million, more than half of which will come from the state. The federal government probably will contribute some $3 million.

With these statistics in mind, Eldon C. Rosegart of 2983 Shawnee, Waterford Township, will travel from Oakland County to the capitals of the state and nation.

NEW JOB

The veteran Pontiac educator, who serves on the Waterford Township School Board, will begin his new job with Oakland Schools July 1, as assistant superintendent for state and federal affairs.

The $12,500-a-year position was created in March in answer to a problem which is becoming more acute as federal and state participation in education increases.

The problem is that, bureaucratic demon — red tape.

* * *

Commenting on the amount of federal and state funds used in the county, Oakland Schools Supt. William J. Emerson noted the money is distributed according to laws passed in Washington and Lansing.

SUBJECT TO INTERPRETATION

The laws, in turn, are subject to the interpretation of administrators.

"The laws and the people administering them have some regulatory features," Emerson said. "We have a practical concern as to how these laws affect the situation here."

While government officials have a great impact on instruction here, "Lansing is a long ways away," he said.

In creating the new post, Oakland County Board of Education trustees had two purposes.

KEPT ACQUAINTED

"One is that this office and the 30 school district boards in the county will be kept acquainted on a day-to-day basis with activity in Lansing and Washington," Emerson said.

The other is to keep officials "appraised of the opinions, attitudes and requirements of organized education in these parts."

The amount of money Oakland Schools receives from federal and state sources will not be directly affected by Rosegart's work.

* * *

"He will not be concerning himself with applications for funds but with the rules that apply to applications for funds," Emerson said.

OBJECTIVE IN MIND

Laws pertaining to the allocation of money are adopted with an objective in mind, Emerson noted.

"Being fully aware of the objective is where the problem lies," he commented.

In some cases, Rosegart might discover how to make federal and state funds go farther or how to better handle the money available.

* * *

The communication system he establishes will be a two-way street.

'OMINOUS IMPLICATIONS'

"A regulatory statute or ruling that has ominous implications for metropolitan areas might not get enacted" if legislators are aware of those implications, Emerson said.

ELDON C. ROSEGART

These, then, will be the duties of Rosegart when he assumes his new post.

He will bring to the job a strong educational background and valuable experience in both school and state affairs, Emerson said.

* * *

The 47-year-old educator is a 1937 graduate of Pontiac High School. He holds both bachelor's and master's degrees from Michigan State University and now is working on an educational specialist degree at Wayne State University.

BOARD PRESIDENT

Elected to the Waterford Township Board of Education in 1959, he served as its president from 1960 to 1962.

Sixteen of his 20 years as an educator have been spent in the Pontiac school system.

He was band director at Lincoln Junior High School and Pontiac Northern High School before being appointed administrative assistant at Kennedy Junior High School last year.

* * *

He has done work for both the Michigan Department of State and the auditor general's office and has served on the Michigan State Fair Board.

VOCATIONAL UNIT

Rosegart has been an officer in various educational organizations and now is a member of the steering committee of a countywide study group on Vocational education needs.

* * *

He and his wife Phyllis have two children.

Says Computers Have No 'Neurotic Moods'

BURLINGTON, Vt. (AP) — A University of Vermont consultant, Norbert F. Charbonneau, says computers do not have "neurotic moods" and, furthermore, they are no more accurate than the humans who run them.

* * *

Charbonneau told a women's club in Burlington the machine is really "a very simple-minded thing which merely tabulates accurately and fast."

UF Women's Campaign Committee Sets Plans

Pontiac Press Photos

Pontiac chairman, Mrs. Sol Newhouse, Mohawk Road, looks at a hand-wooven Israeli-designed coat purchased in one of two trips to Israel.

Furniture refinishing and millinery creations rate high on the list of hobbies pursued by Orion Township chairman, Mrs. Gilbert Adams of Miller Road.

"The initial objective of the Pontiac Area United Fund Women's Campaign Committee is 1,300 women — neighbors, friends and citizens of our community," says Mrs. James Cowen, 1966 Women's Chairman of the Pontiac Area United Fund Drive.

"For the most part, they will be busy housewives, mothers, active club women or women who have recently found time on their hands. The only prerequisite is a desire to serve others."

★ ★ ★

The second objective results from what these 1,300 women volunteers will be asked to do: maintain the many family, health and youth agencies serving our communities through voluntary contributions sought by women volunteers.

A few days, involving several hours' time, is not a great deal to ask for helping these vital services available to residents of our communities daily, Mrs. Cowen feels.

FIRST-HAND KNOWLEDGE

"Women, as mothers and housewives, know first-hand how important these services are to their families. Each year the demands and need for them increases.

"Beside seeking contributions, our job is to let people know what services are available and how to contact these agencies. Women will also distribute an informative directory when calling on other women."

AREA WOMEN INVOLVED

The women's campaign cabinet, made up of Pontiac, Waterford, Orion Township, Lake Angelus and Independence chairmen, has been appointed. They are Mrs. Sol Newhouse, Pontiac; Mrs. Paul Atkins, Waterford; Mrs. Ray Hayes, Lake Angelus; Mrs. Robert C. Jones, Independence Township; Mrs. Gilbert Adams, Orion Township.

Mrs. Newhouse

Pontiac chairman, Mrs. Sol Newhouse, lives on Mohawk Road. She has worked in the United Fund campaign as an area chairman for two years.

She also volunteers one day a week to the Michigan Cancer Foundation and is active in B'nai Israel Sisterhood affairs. She has two grown children.

Mrs. Newhouse will be responsible for obtaining 500 Pontiac women volunteers to assist with house-to-house and retail business calls in the fall drive.

Mrs. Adams

Mrs. Gilbert Adams has a schoolteacher daughter, and sons in college and in grade school. Last year, she was Lake Orion United Fund business chairman.

She enjoys numerous hobbies, but finds time to teach Sunday School and work as a hospital volunteer.

She is responsible for obtaining 100 volunteers to meet Orion's quota for agency services in the township.

Mrs. Atkins

Gardening and books are what Mrs. Paul Atkins finds most interesting. The mother of 17-year-old twins, she is active in volunteer library organizations in Waterford Township. One of her volunteer jobs is reading to preschool children.

Mrs. Atkins is looking for 500 neighbors in Waterford to provide the woman-power needed for this fall's campaign.

Mrs. Jones

Mrs. Robert C. Jones holds an office in the Clarkston Community Women's Club and the Child Study Club. She's also active in church work, Clarkston Village Players and does hospital service.

Last year, she was a district chairman for the UF drive. She's going to need 200 workers for the 1966 Women's Drive in Independence Township.

Mrs. Hayes was not available for a picture at this time.

Women's Section

Regulars Are Given Gift at Yuletide

By ELIZABETH L. POST

Dear Mrs. Post: What's the right thing to do about tipping delivery men? Is it necessary to tip the ones who come occasionally like the express man, and how about the regulars like the postman or the milkman? — Elinor F.

★ ★ ★

Dear Elinor: It isn't at all necessary to tip the man who delivers an occasional parcel, unless it is particularly heavy or he puts it in some special spot for you.

★ ★ ★

The regulars in most communities are given a yearly tip in the form of a Christmas present.

GIFT-GIVING

Dear Mrs. Post: Our organization is giving a testimonial dinner in the very near future and the following questions have come up which we would like you to answer.

★ ★ ★

The man for whom the dinner is being given held a high office in the organization for quite a few years but is now resigning. He is to be presented with a gift the night of the dinner. We would like to know if the man replacing him presents him with the gift.

★ ★ ★

If not, who does? Also as the toastmaster will be sitting at the head table, must his wife also be seated there? — Peggy.

★ ★ ★

Dear Peggy: If the president of your organization is coming to the dinner, it would be most proper for him to make the presentation. If not, it could be made either by the one who organized the dinner, or the man who has replaced the guest of honor.

If any other women are to sit at the head table, the wife of the toastmaster should be invited to sit there also.

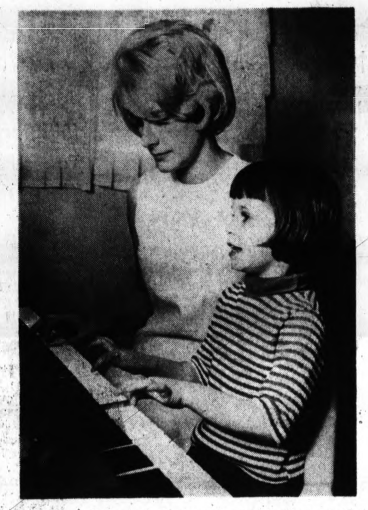
★ ★ ★

The clothes of the bride and groom as well as those of their attendants are described in the booklet entitled, "Clothes of the Bridal Party."

For a copy, send 10 cents in coin and a stamped, self-addressed envelope to Elizabeth L. Post, in care of The Pontiac Press.

TAKAKO NISHIZAKI

A planter or a backyard pool? Mrs. Paul Atkins, Jerose Street, chairman of the Waterford area women's residential efforts, isn't sure. She recently spied and acquired the tub from a discard pile of a neighbor's remodeling project.



Mrs. Robert C. Jones, talented mother of two, assists five-year-old daughter, Jenifer, with her piano lesson while son, Timothy, 8, is at school. Mr. and Mrs. Jones live on Wealthy Street, Independence Township.

Area Women's Groups Tell Comings, Goings

Mrs Thomas Snelham and four delegates from The League of Women Voters of Birmingham-Bloomfield depart Sunday for Denver, Colorado to attend the 27th Convention of the League of Women Voters of the United States.

★ ★ ★

The five-day meeting begins Monday at the Denver Hilton Hotel. Some 1,200 delegates are expected.

★ ★ ★

Mrs. Snelham, formerly president of the Birmingham-Bloomfield League and immediate past president of the State League, is a nominee for the 1966-1968 board of directors of the LWV of the United States.

★ ★ ★

Mrs. William Reddig, president of the LWV of Birmingham-Bloomfield, Mrs. George Malone, Mrs. Jacque Passino and Mrs. Robert Richards will represent the Birmingham-Bloomfield League at the convention.

Minnesota Alumnae

Officers will be installed at the annual meeting and bridge luncheon of the University of Minnesota Women's Club on May 6 Mrs. Arthur Zebedee, Mrs. Carl J. Neppeer and Mrs. C. E. Larson will be hostesses for the event in the Village Woman's Club.

Mrs. H. R. Melin will serve as president for the coming year.

Working with her will be Mrs. John Strang and Mrs. Harold Nyberg, vice presidents; Mrs. William Wood and Mrs. Karl Latteier, secretaries; Mrs. John White and Mrs. T. E. Olson, treasurers.

Tri Delts

Tri Deltas of the Birmingham Alumnae Group II will make plans for the May 17th general meeting and the June picnic at the Tuesday meeting.

★ ★ ★

Mrs. Calvin Moore of Birmingham will be the hostess at 8 p.m. with Mrs. William Harber as co-hostess.

Lambda Chi Omega

Plans for the coming June national convention to be held in Detroit were discussed at the Wednesday meeting of Beta Omega chapter, Lambda Chi Omega sorority. Mrs Paul Sample of Forest Drive was hostess for the event.

★ ★

Named to committees were Mrs. Richard Ervin, Mrs. Cecil Poppy, Mrs. Sample, Mrs. Kenneth Black and Mrs. Ronald Melburn.

★ ★ ★

The May meeting will include an election of officers. June will see this group gathering at the Pontiac Lake home of Mrs. David DeShetler for a picnic.

Local WSCS Will Install

A favorite salad luncheon on Thursday will precede the installation of officers of Central Methodist Church Woman's Society of Christian Service.

★ ★ ★

Hostess group for the 12:30 p.m. event will be the Naomi Gleason Wray circle with Mrs. F. E. Mapley as chairman. Mrs. Harry Martin and the Virginia Zoller circle are serving the luncheon.

★ ★ ★

Mrs. Russell Vessells will install the officers. Mrs. Dorothy Jones will present the afternoon's program.

Concert Artist Was Prodigy in Tokyo

Violinist Takako Nishizaki will perform with the Pontiac Symphony Orchestra at 8:30 Tuesday in Pontiac Northern High School.

★ ★ ★

Born in Nagoya, Japan, Miss Nishizaki performed as a child prodigy in Tokyo. Her father, a Suzuki disciple, was her first teacher. She later studied at the Toho School in Japan for two years.

★ ★ ★

At Juilliard School of Music, Joseph Fuchs has been her teacher for the past several years.

In April 1964 at the age of 20 Miss Nishizaki entered the 23rd Leventritt International Competition for violinists. This was her first competition, and she was a finalist.

★ ★ ★

For the 1965-'66 season Miss Nishizaki is performing with orchestras in Fort Lauderdale, Utica, Mansfield, Bloomington and St. Catherine's, Ontario.

PROGRAM

The overture to "L'Italiana in Algeri" by Rossini will open the Tuesday symphony program.

The program also will feature: "Concerto for Violin and Orchestra No. 5 in A Major," "I Allegro Aperto," "II Adagio," and "III Rondo," by Mozart.

★ ★ ★

After intermission selections will be Dvorak's "Slavonic Dance, Opus 46, No. 1" and Saint-Saens' "Rondo Capriecioso." Enesco's "Roumanian Rhapsody No. 1" will conclude the concert conducted by Felix Resnick.

A Technical Observation

Horse Feathers! Says Abby

By ABIGAIL VAN BUREN

DEAR ABBY: I work on one of the newspapers that publishes your column. In a story I wrote, the term "horse serum" was changed to "equine serum." I have never heard anyone refer to horse serum as equine serum, and I doubt if anyone else has. What do you suppose the editor was trying to accomplish?

ANNOYED

ABBY

DEAR ANNOYED: Nothing. But he was probably having one of his "technical" days and objected to using a noun as an adjective, although it's a common practice. Forget it. It's just a lot of equine feathers anyway.

★ ★ ★

DEAR ABBY: Would you please settle a disagreement between my husband and me. Whenever we go out for an evening we usually go with other couples.

My husband is a beautiful dancer. He was a dancing instructor at one time. Abby, I really don't mind his dancing with other women, but I think he should limit his dancing partners to the women at our table, don't you?

Strange women in the room will send notes over to him asking for a dance, and he always accepts. I say it's up to the man to ask the lady. He says it does not make any difference.

ANNOYED

DEAR ANNOYED: If it doesn't make any difference, ask him how he'd like it if YOU sent a note to a strange man asking HIM to dance with YOU?

★ ★ ★

You're quite right. A lady waits to be asked. But a notepasser is no lady.

★ ★ ★

Problems? Write to Abby, in care of The Pontiac Press. For a personal reply, enclose a stamped, self-addressed envelope.

★ ★ ★

Hate to write letters? Send $1 to Abby, in care of The Pontiac Press, for Abby's booklet, "How to Write Letters for All Occasions."

Pontiac Press Photo

Lots of travel is involved in planning the West Bloomfield Republican Women's Club's luncheon. Here, two members, Mrs. Omer E. Bowlus (left) of Turner Road, and Mrs. Edward Glatfelter of St. Joseph Street, both of West Bloomfield Township, arrive at the office of Christian Powell who will speak at the noon event to be held at the Birmingham Federal Savings Building. Cards will follow the program.

Personals

Mr. and Mrs. Glenn Griffin of Ogemaw Road will spend the weekend of May 14 and 15 in Wayne, Pa. where their son Tom is a cadet at Valley Forge military Academy. The occasion will be a parents' weekend and spring festival.

★ ★ ★

Mr. and Mrs. D. B. Eames returned to their home on Cherokee Road this week after a week's vacation at Sea Island, Ga.
