

Wintry Prelude Strands Motorists and Cuts Power

By the Associated Press
A sudden storm—with winds of near hurricane velocity in some areas—brought rain, sleet and heavy snow to a wide area of Michigan today, stranding hundreds of motorists and caus-

ing power failures from the Upper Peninsula to the Ohio border.
High winds and poor visibility caused a Wisconsin-to-Michigan car ferry carrying 128 passengers to miss the channel

entrance at Ludington and slam into a sand bottom about 150 feet south of the port.
Gale warnings were flying in the area, and officials said they would wait for the winds

to subside before pulling the ferry off with tugs.
The boat, which left Manitowish, Wis., yesterday, was loaded with 47 automobiles and several freight cars.
No injuries were reported and

there was no apparent damage to the 470-foot ferry, the City of Midland.
State Police reported up to 300 autos were stalled on highways between Marquette and Escanaba in the Upper Penin-

sula, with many of the occupants seeking shelter in restaurants, taverns and farm houses.
More than 100 persons reportedly spent last night in the Manistique armory.

A freak wind storm, centered just north of Houghton Lake in north central Michigan, brought wind gusts of up to 45 miles per hour in Grand Traverse Bay. Along eastern Lake Superior, (Continued on Page 2, Col. 5)

THREE-WAY WIN—Receiving their shares in The Pontiac Press Annual Football Contest prize from editorial writer Howard Heldenbrand (left) are the co-winners of a \$500 U.S. savings bond. Mrs. Rudolph Lozano of 56 Foster; Earl L. Pool of 6853 Saline, Waterford Township; and Belinda

Hardesty of 61 Summer, Lake Orion, were out a starting field of several thousand contestants. They ended deadlocked at the conclusion of the contest's final game Saturday, in which Army beat Navy, 20-7.

Pontiac Press Photo

The Press Football Contest Ends in a Three-Way Tie

By HOWARD HELDENBRAND

On the philosophical principle that a third of a bond is better than none, three co-winners delightedly split the \$500 U.S. Savings Bond offered by The Pontiac Press as the Annual Football Contest award.

Those sharing in the windfall are Mrs. Rudolph Lozano of 56 Foster, Earl Pool of 6853 Saline, Waterford Township, and Belinda Hardesty of 61 Summer, Lake Orion.

S. Viet, U.S. Mum on Cong Truce Plan

SAIGON, South Viet Nam (AP) — High-flying U.S. B-52 bombers pounded the suspected central headquarters of the Viet Cong today, but few shots were fired on the ground.

The U.S. military command reported only three small skirmishes in various sectors and said 18 Viet Cong were killed. Vietnamese headquarters listed only one light contact today, reporting five of the enemy killed.

There was still no word from the U.S. and South Vietnamese commands whether they would order a truce at Christmas and New Year's.

The Viet Cong announced Saturday it would stop fighting for 48 hours on the Christmas weekend and for 48 hours over the New Year.

Continued monsoon rains and generally bad weather over North Viet Nam sharply reduced U.S. air raids again yesterday, limiting pilots to 32 missions.

Weather Is Back to Normal—Cold

Squaw winter and Indian summer give way to genuinely seasonal weather tonight as the forecaster predicts colder temperatures and snow flurries.

Tonight's low will fall in the 23 to 27 range. Winds will diminish from today's 15 to 30 miles to 8 to 18 miles by this evening.

Colder temperatures will continue tomorrow and Wednesday with a chance of snow flurries.

Low temperature reading in downtown Pontiac prior to 8 a.m. was 30. By 2 p.m. the mercury had inched to 31.

Murder Ruled Out in Death of Utica Man

Murder has been ruled out in a weekend Utica fire death.

An autopsy has shown that Dusan Isakov, 50, a janitor at Utica Packing Co., 7655 Chapoton, Utica, died of asphyxiation.

His body was found among charred debris in the company's office area early Saturday. Police were suspicious because firemen found a knife near the body.

Acting Police Chief Edward Anderson said that Isakov was asphyxiated when the pilot light of an office gas heater apparently set fire to the gasoline Isakov was using to clean the office floor.

The blaze swept two rooms of the cement block building.

Anderson earlier said police were checking the possibility of arson and murder "because Isakov may have been chasing an assailant or attempting to defend himself when he died."

Tree Cuts Power in Part of County

Some 1,600 homes in Farmington Township and a portion of Southfield were without electricity for about two hours yesterday when a falling tree severed a Detroit Edison Co. power line.

Service was restored about 3:30 p.m.

730 Die on Highways for Holiday Record

By the Associated Press
A record holiday traffic death toll was set when 730 persons were killed in highway accidents during the four-day Thanksgiving weekend. Victims under 18 years of age numbered 125.

This compared with a nonholiday weekend two weeks ago when 546 died in traffic. Eighty-one were under 18.

Both 102-hour periods covered the span from 6 p.m. local time, Wednesday, to last midnight.

The record toll outstripped the former Thanksgiving holiday death record of 615 set during the four-day period last year, and the all-time traffic death record for a holiday, set during the 1965 Christmas period when 720 died in a 78-hour count.

Many accidents resulted in multiple fatalities, with two to five persons killed in a single crash.

5 DIE IN CRASH

Three persons, including two married couples, died in one head-on collision near Dryden, N.Y., Saturday. Several fourth-death smashups were reported.

Yesterday was by far the deadliest day with nearly 250 deaths.

Apparently the unusually mild, pleasant weather over most of the nation during the holiday lured unprecedented numbers of persons onto the highways.

Millions crowded the roads going home on the last day of the weekend, many running into unfavorable weather conditions of widespread rain in the central section of the country, and some snow and freezing in the northern states.

GENERAL INCREASE

The record Thanksgiving death toll emphasizes a general increase in traffic deaths. Fatalities have risen 29 percent in the last five years.

The National Safety Council reports that 49,000 persons died in traffic accidents last year.

The count through September

L'I L ONES

"How come vegetables never shrink up to nothing like hamburgers?"

of this year reached 38,190 — the first nine months of 1965.

This year the nation has about 95 million drivers, and they are expected to travel considerably

more than the 880 billion traffic miles estimated last year.

NOT BUSY PERIOD

The safety council says the Thanksgiving period is not usually

regarded as a heavy traffic period.

The Thanksgiving toll is the highest for any holiday so far this year. Earlier holiday periods were three-day weekends.

Head-On Crash Kills 3

State Traffic Toll Is 35

By the Associated Press
Three Detroit area persons died in a head-on collision in St. Clair County last night, bringing the Michigan Thanksgiving weekend traffic toll to at least 35.

The official counting period began at 6 p.m. last Wednesday and ended last midnight. Three of the victims were below the age of 18.

Latest reported victims were

Raymond Nowicki, 29, and his twin brother, Donald, both of Hamtramck, and Stanley Kesc, 53, of Detroit, all of whom died in the St. Clair County crash.

State Police and the Nowicki car crossed the center line on Gratiot Road just south of Mar St. and crashed into Kosc's car.

Others killed during the holiday weekend were:

Richard Spencer, 63, of

Wayne, in a head-on collision on I-94 in Ypsilanti last night.

Vera Holmes, 38, of Dearborn, when her car collided with another at an intersection in Taylor Township, Wayne County, last night.

HIT-RUN VICTIM

Margaret Doris, 74, of Westland, when she was struck last night by a hit-run auto in Westland.

Calisto Cuellar Jr., 25, of Westlake, Tex., when his car was hit from behind and

shoved into the path of an oncoming vehicle last night on M81 four miles north of Greenville.

Richard Alizawa, 22, of Wailuku, Hawaii, an airman stationed at Wurtsmith Air Force Base in Oscoda, when his auto jumped a divider on U.S. 23 last night north of Kawkawin and hit three cars.

Four persons were injured in the crash, two of them critically.

HIT TRUCK

William H. Ely, 39, of Owosso, and Stanley J. Kalisek, 35, of Flint, when their car struck the wheels of an oncoming semitrailer truck on M47 in Shiawassee County yesterday.

Thomas Kerr, 22, of Detroit, when struck by a car while walking along a street in Traverse City yesterday.

Charles Wyatt, 21, of Clinton Township, when the car in which he was riding ran off U.S. 25 and overturned in Macomb County Saturday.

Mrs. Jewell D. Morgan, 46, of Mount Morris, when she was struck by a car Saturday night on a road near Mount Morris in Genesee County.

PAIR DIE

John Davis and Eddie Crowell, both 24 and of Saginaw, when their car missed a turn on a Saginaw street and smashed into a tree Saturday.

Arthur Harbor, 39, of Benton Harbor, when his car ran (Continued on Page 2, Col. 4)

Dem Predicts Big Deficit, Huge Income Tax Boost

WASHINGTON (AP)—Rep. Hale Boggs, the third-ranking Democratic leader in the House, predicts President Johnson will ask the new Congress for a \$10 billion to \$15 billion increase in the income tax.

But the Louisianan says Johnson "hasn't told me so."

Boggs, back from talks with Johnson in Texas last week, said yesterday on the program "Face the Nation" that projected expenditures of \$125 billion will bring "a deficit of a considerable magnitude" over revenues pegged at between \$115 billion and \$118 billion.

Boggs added: "I would think that both parties, having committed themselves to fiscal responsibility, will face up to such an issue."

"I just don't believe that we would want a deficit of that proportion, particularly where the deficit is called for as a result of national defense commitments."

Dr. Walter W. Heller, former chairman of the President's Council of Economic Advisers under John F. Kennedy and Johnson, again urged a 5 percent across-the-board income tax boost as a device to slow the economy.

Heller said yesterday a tax increase should be coupled with an easing of interest rates. He said this would not bring on a recession.

U.N. Vote Is Near on China Issue

UNITED NATIONS, N.Y. (AP)—

The U.N. General Assembly today neared its annual decision on the admission of Red China to the world organization.

Diplomats predicted a close vote on an Italian resolution referring the issue to a special committee for a year's study.

The assembly was expected to vote late tonight on the Italian resolution and two others.

One, the annual Communist proposal to oust Nationalist China and seat the Communists, was believed certain of defeat.

The other, the annual U.S. resolution calling for a two-thirds vote to change China's representation, appeared likely to be approved.

VOTE PREDICTED

Some sponsors of the Italian resolution predicted the 121-nation assembly would adopt it by a vote of about 45-40, with some 35 abstentions. But some of its opponents guessed it would be defeated by a margin of one or two votes.

The Italian resolution hints that both Chinas should be in the United Nations.

It speaks of the need to promote universality in the organization and "pave the way to an appropriate solution, taking into account the existing situation and the political realities of the area."

It would have the assembly name a committee of U.N. member countries to study the situation and recommend an "equitable and practical solution" to the assembly's 1967 session which begins next September.

Without mentioning the rival Chinese regimes, it "appeals to all governments concerned to give assistance to the committee."

CHEERFUL DUO—President and Mrs. Johnson presented beaming smiles as they left St. Barnabas Episcopal Church in Fredericksburg, Tex., yesterday.

Following the service, they returned to the LBJ Ranch where the President is recuperating from his recent surgery.

27 DAYS TILL CHRISTMAS

Jordanian Troops Check Protesting

JERUSALEM, Jordan Sector (AP) — Armed squads of Jordanian Arab Legion checked more anti-Jordanian demonstrations in towns along the border with Israel Sunday, but the curfew was eased in Jerusalem.

The official Jordan Arab News Agency reported that Saudi Arabian forces had crossed the border to help King Hussein, but the report was not confirmed elsewhere.

Jordanian troops and armored cars surrounded the northern town of Nablus and two nearby camps of Arab refugees from Palestine after dispersing demonstrators. A curfew that had sealed off the city for six days was lifted for a short time in the morning, then put into effect again.

The town of Hebron in the south had armed patrols on every block. The mosque, shops and homes were closed, and troops guarded two camps of 11,000 Arab refugees. Gov.

Youssef Mubaiden said the army would enforce a 24-hour curfew.

FILL STREETS

Shops were reopened in Ramallah after the curfew was lifted. But young demonstrators gathered in streets filled with rubble from previous disturbances, troops moved in and the curfew was renewed.

Soldiers manned checkpoints on all roads north and south of Jerusalem. In the city, the curfew was removed during daylight hours and the only incident was a demonstration by a group of women. Many shops stayed shut as troops patrolled and armored cars remained in the streets.

The 200 miles of Jordan's open and mostly unmarked frontier with Israel were peaceful. There was little military activity in the hills where shepherds moved their flocks about as usual.

In Bethsafa, one of two villages split between Israel and Jordan, children played near a six-foot wire fence marking the border.

FORTIFICATIONS

The Arab refugees and other groups began demonstrating after Israeli forces destroyed the border village of Samua Nov. 13. The demonstrators demanded the frontier be fortified.

King Hussein ordered strengthening of border defenses, but Gov. Mubaiden said he was still waiting for instructions and reinforcements to carry out the order.

In the Israeli sector of Jerusalem, Israeli Premier Levi Eshkol said the U.N. Security Council's censure of Israel for the Nov. 13 attack ignored the cause of the border tension. Israel made the attack in reprisal for Arab terrorist raids.

The six-doctor panel, named jointly by the prosecution and the defense, had not officially revealed the findings of examinations made of Speck.

But published reports quoted one of its members as saying the panel had determined Speck was fit for trial.

A panel of 12 persons — usually consisting of six men and six women — was to be selected to hear testimony from the psychiatrists. Such hearings generally take very little time and could be finished in one day.

TRIAL CHANGE

The question of mental competence was to be decided before Paschen ruled on a change of venue motion. Getty said his 24-year-old client could not get a fair trial in the Chicago area.

HELD BY SOVIETS — Two Americans, Ray Buel Worham Jr. (left) of North Little Rock, Ark., and Craddock M. Gilmour Jr. of Salt Lake City, Utah, have been held in Leningrad since Oct. 1 and have been charged with currency violations. Facing trial before the Leningrad City Court, they selected their lawyers from the Leningrad Bar Association, the U.S. Embassy said.

Yanks Hire Red Lawyers in Soviet Money Trial

MOSCOW (AP) — Two Americans facing trial in Leningrad have chosen their lawyers from the Leningrad Bar Association, the U.S. Embassy said today.

Craddock M. Gilmour Jr. of Salt Lake City, Utah, selected Dydor S. Rozhdenskiy to defend him against a charge of violating Soviet currency regulations.

Ray Buel Worham Jr. of North Little Rock, Ark., chose Semyon A. Khayfets to defend him against a charge of currency violation and also a charge of stealing an antique statue of a bear from a Leningrad hotel.

The two men, each 25 and former U.S. Army lieutenants, were arrested Oct. 1 as they were trying to drive out of the Soviet Union. A date for their trial has not been made public.

The U.S. Embassy spokesman said the two men had talked with the lawyers and agreed to hire them. Their parents are expected here to pay the lawyers fee.

The two lawyers were among several approached by the U.S. Embassy's consular officer, Marian Moon. Moon has talked with the two Americans four times in Leningrad. They told him Saturday they would seek bail until the trial, and the embassy sent a note to the Soviet Foreign Ministry today repeating earlier requests that they be released on bail.

Robert A. Averill, 45, of Grand Rapids, and his wife LaVerne, 45, in a two-car head-on collision in Sparta Township, Kent County, Saturday.

Mary Hicks, 17, of Okemuncie, in a two-car crash Friday night at an intersection in East Lansing.

Charles Doby, 40, of Monroe, when his car left a rural road, three miles north of Monroe and struck a tree Friday.

Robert J. Seenz, 19, of Wyomissing, in a two-car collision Friday night in Wyomissing, a Grand Rapids suburb.

Bruce Johnson, 20, of Royal Oak, when the car in which he was riding skidded off a road and struck a tree Friday, 10 miles west of Pontiac.

Elaine Joyce Piar, 24, of Detroit, in a two-car, head-on collision Thursday night on M78, one mile south of Standish in Arenac County.

Carol Marie Sullivan, 29, of Alpena, driver of one car, and her brother, George Konczal, 53, of Southgate, in a two-car collision Thursday on M32 in Green Township, Alpena County.

Robert Dean Gross, 22, of Wayne, when his car ran off a curve on U.S. 23 and hit an abutment Thursday in Washnaw County north of Ann Arbor.

Robert R. Roake, 19, of Pinckney, when he apparently fell asleep Thursday at the wheel of his car, ran off a street in Ann Arbor and struck a tree.

Timothy Ray Marshall, 3, of Stockbridge, when the car in which he was riding was involved in a two-car, head-on accident Thursday in Stockbridge Township, Ingham County.

Edward Woodward, 12, of Flint, when the bicycle he was riding was struck by a car Wednesday night in Flint.

Timothy Fitzpatrick, 19, of Detroit, when his motorcycle struck a utility pole in Detroit Wednesday night.

Emma Staricle Allen, 40, of Garden City, when struck by a car while walking on Inkster Road in Redford Township Wednesday night.

Birmingham Area News

Three Public Hearings Tonight

BIRMINGHAM — Two public hearings on cluster-house zoning classification and back lot development, both postponed from last week, will be held by the City Commission tonight.

For the past year, permits have been withheld for back lot residential development and a cluster-type residential single-family development in anticipation of an ordinance regulating the two forms of construction.

A public hearing is also scheduled on installation of a traffic island diverter at Mohegan and Adams to control the flow of traffic which residents say is excessive.

The diverter would prohibit traffic traveling north on Adams from making a left turn onto Mohegan and would only allow a right turn from Mohegan onto Adams.

Also to be discussed by the commission tonight is a change in the ordinance regulating motorcycle rental agencies.

It has been proposed that the regulation prohibiting establishment of an agency within 500 feet of residential zoning be transferred from the licensing ordinance to the zoning ordinance.

If placed in the zoning ordinance, it would not be retroactive and would not force present agencies out of business.

The Birmingham schools in cooperation with the State Department of Education will soon offer driver education instruction to all high school students of the district.

Any student living within the boundaries of the school district, 15 years of age or older, is eligible to participate in the program. Actual assignment to a given term is made solely on the basis of age with older students having priority.

A qualifying student wishing to apply for admission must complete the appropriate portions of the application form. The parents or legal guardian of the applicant must then complete the form and return it to the Office of Added Education, Birmingham Public Schools.

Successful completion of the course will result in the issuance of a Michigan Driver Education Certificate. The holder of such a certificate may then take the regular examination necessary for a motor vehicle operator's license.

Application forms will be available on and after Thursday in any of the secondary counseling offices or from the Office of Added Education.

Some Socialist leaders opposed to the coalition with the Christian Democrats suggested that the Social Democrats try to form a government with the Free Democrats. But Brandt said Saturday such a government would have only a slim majority in the Bundestag and that stability is needed.

Christian Democrat Kurt Georg Kiesinger, a former member of the Nazi party, appears certain to replace Erhard as chancellor, with West Berlin Mayor Willy Brandt as vice chancellor and perhaps foreign minister. Brandt heads the Socialist party.

Some Socialist leaders opposed to the coalition with the Christian Democrats suggested that the Social Democrats try to form a government with the Free Democrats. But Brandt said Saturday such a government would have only a slim majority in the Bundestag and that stability is needed.

Two men, one with a gun and one with a knife, walked up to the cab, Greenwood said, taking from him the keys to the cab and an undetermined amount of money from his wallet.

Leroy Carier, 46, of 275 Prospect said he picked up two men about 3:10 a.m. today and was directed to an Orion Street address.

There, Carier told police, one of the men pulled out a German Luger pistol and forced Carier to drive to the rear of Bethune Elementary School, 175 Lakeside, where the cab driver was robbed of \$15, a watch, and his wallet.

Both drivers told police their assailants were Negroes.

En route from Escanaba in the Upper Peninsula to Sandusky, Smith told police the plane's power suddenly failed while he was flying over Graveland Township only about eight minutes from Pontiac Municipal Airport.

Smith said he originally wanted to land on I-75, but couldn't. Consequently, he landed the aircraft in a cluster of small trees.

Both wings of the airplane, the engine and propeller were damaged, State Police said.

Smith got out of the plane, walked to the I-75 expressway and hitchhiked a ride home.

WASHINGTON (AP) — Lonnie D. McKinney, a U.S. Weather Bureau mechanic who was stranded on an arctic island 800 miles from the North Pole for four days after suffering a heart attack, was reported in good condition today at a hospital at Inuvik, Northwest Territories, Canada.

McKinney, 36, of Alexandria, Va., suffered the attack at the station at Mould Bay, Prince

Sanity Arguments on Speck to Be Aired

CHICAGO (UPI) — Richard Speck, the gangling one-eyed man accused of killing eight nurses in a night of terror, goes to court today to hear arguments on whether he is mentally competent to stand trial.

Criminal Court Judge Herbert

Police Charge Waterford Duo

Two Waterford Township youths face preliminary examinations after their arrests yesterday morning in connection with a break-in at the Federal Department Store at Drayton Shopping Center, 5000 Dixie, in which more than \$3,000 was taken from a safe.

Arrested by State Police of the Pontiac post only a few hours after the burglary were James L. Rohm, 17, of 4463 Sunburst and Wayne R. Dabbs, 19, of 2824 Newberry.

The suspects were taken into custody at their homes by State Police Troopers Charles Garrison and Harry Smith.

Arraigned yesterday before Township Justice Kenneth Hempstead, Rohm and Dabbs both demanded examination, which was set Dec. 6. Bond was placed at \$3,000 on each suspect.

The suspects allegedly entered the store through a hatch door on the roof and cut a hole through a cement wall to gain access to the store office which contained the safe.

TRACKED DOWN

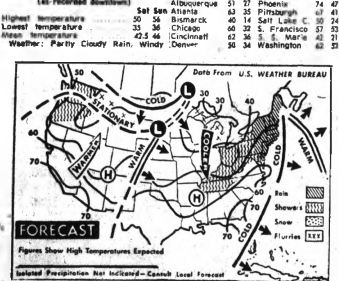

They fled, but were tracked down by police who had obtained the license number of the car used by the suspects.

The loot was recovered by State Police.

Children Loot Firm of \$560

Two youngsters — about 8 and 10 years old, respectively — made off with \$560 from a city scrap metal firm, it was reported this weekend to Pontiac police.

Matilda Waters, 49, an employee at Sam Allen & Sons, Inc., 22 Congress, told police the two boys came into the building about 3:30 p.m. Saturday, telling her they were "waiting" for another employee.

Mrs. Waters said she went briefly to a restroom, then stepped quickly back to the office when she heard the register's cash drawer being opened.

The boys had disappeared, she said, along with \$560 bills from the register.

Both youths were Negroes, she said, the 8-year-old "chubby and well dressed," and the 10-year-old about 5 feet tall, wearing a brown ski jacket.

Two Cabbies Robbed in City

Bandits held up two Yellow Cab Co. drivers early yesterday and today on Pontiac's South side, taking wallets from each of the victims.

Peter Greenwood, 27, of 66 Lorraine told Pontiac police he was dispatched to pick up two fares at an address on Maple Street about 3:25 a.m. yesterday.

One man, one with a gun and one with a knife, walked up to the cab, Greenwood said, taking from him the keys to the cab and an undetermined amount of money from his wallet.

Leroy Carier, 46, of 275 Prospect said he picked up two men about 3:10 a.m. today and was directed to an Orion Street address.

There, Carier told police, one of the men pulled out a German Luger pistol and forced Carier to drive to the rear of Bethune Elementary School, 175 Lakeside, where the cab driver was robbed of \$15, a watch, and his wallet.

Both drivers told police their assailants were Negroes.

Lung Ailment Kills 4th Quint

Surviving Child Said in Good Condition

PITTSBURGH (AP) — Another of Aranson quintuplets died today, leaving only one of the tiny girls still struggling to survive.

The same ailment that killed three of her sisters claimed the life of Marci Jill, last born of the quintuplets delivered 2 1/2 months prematurely Saturday to Mrs. Michael Aranson, 22, former kindergarten teacher.

The surviving child, Roni Sue, was reported in good condition.

"She is kicking and crying and we are very hopeful," said one physician.

Roni Sue was the first-born and the largest at one pound 12 ounces.

LUNG AILMENT

The lung ailment first claimed Susan, the third-born, who died at 2:15 a.m. Sunday just short of 24 hours after birth. The second-born, Amy Beth, died at 2:15 p.m. and the fourth-born, Kimberly Ann, at 3:40 p.m.

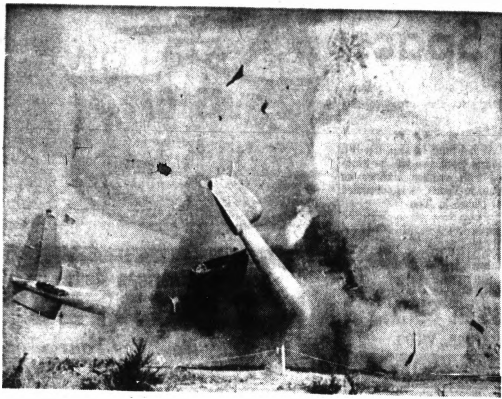

Dr. Lee Bass, chief of pediatrics at Mage-Womens Hospital, said there also was a possibility that Marci Jill's brain had been damaged by lack of oxygen.

A tube was inserted into the infant's windpipe — trachea — through her mouth and a mechanical respirator was breathing for her.

Roni Sue was in a heated and glass-enclosed incubator. Her breathing was somewhat labored but not artificially aided.

FRITZ IN A MESS — An elk named Fritz, owned by Simon Burg of Snowsaw, Tex., got tangled up recently in a piece of chain-link fence. Efforts to corral the animal in order to remove the fence failed. A veterinarian was subsequently called to administer a tranquilizer, enabling rescuers to get to Fritz.

TEST CRASH—A U.S. Air Force twin-engine C119 plane explodes in flames near Phoenix, Ariz., during a deliberate crash conducted by a private firm under military contract. The transport plane carried in its cargo bay a 15-foot cylinder containing a top-secret capsule for hauling nuclear and chemical weapons. The \$500,000 airplane was destroyed but the boxed cylinder, although thrown through the rear of the fuselage by the impact, stayed in one piece.

Actors Honor a True Achiever

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD — The producers, directors and writers guilds give annual awards for achievement in the profession, but not the actors. They give their award for excellence as a human being.

The actual phrasing of the award is: "For outstanding achievement in fostering the finest ideals of the acting profession."

As Ronald Reagan put it, it is "not presented just for long-time excellence on screen; it should really be called the 'above and beyond' award."

Last year, it was presented to Bob Hope, the most popular entertainer in giving his services to worthy causes.

Last week, California Gov.-elect Reagan presented the award to Barbara Stanwyck and guild members thundered their approval with a standing ovation.

Said Reagan: "This girl has given of herself in unpublished works of charity and good citizenship. I think there are few among us of fellow performers who are handicapped by blindness, human misery and poverty, both here and abroad."

"We have known her in this profession as truly a professional and an exponent of our art and craft of the best."

Miss Stanwyck, who had been tricked into attending the guild meeting on the pretense that she was presenting the award to Reagan, dissolved in tears.

"It is a long road," she said after accepting the statuette.

"There are a lot of bumps and rocks in it, but this kind of event it all out, when an event like this happens in your life."

FELLOW WORKERS

No star in films is better liked by her fellow workers than Stanwyck. To the crewmen who have worked with her for 30-odd years, she is always "Missy," and they treat her like royalty.

Younger performers view her with awe, but she puts them at ease with her casual manner and helpful advice.

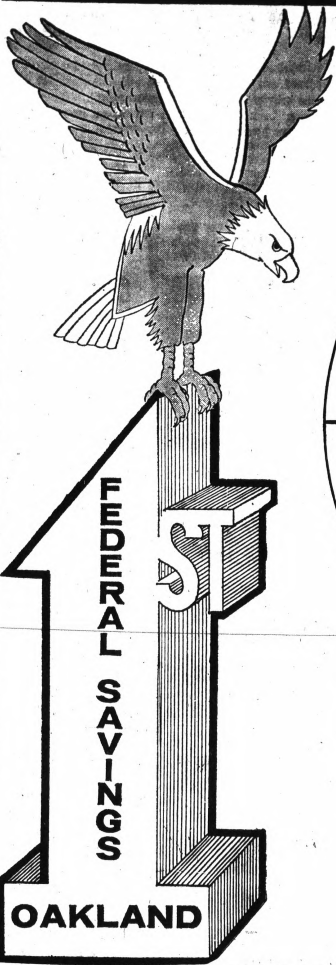

"I might not be in this business if it hadn't been for Barbara," William Holden has said. "I was the greenest of actors when I made 'Golden Boy' with her (1938), and she pulled me through it."

Because she is such a professional, she expects others to have the same respect for the movie business. Woe unto any young actor who shows up late on a set or hasn't learned his lines. She can wither him with a glance.

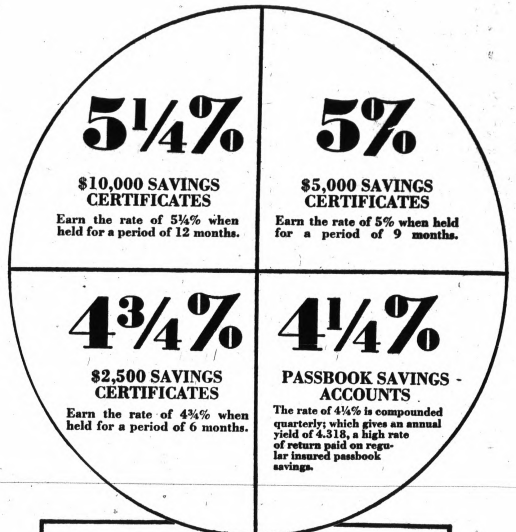

Less well known is Miss Stanwyck's work of charity. She likes it that way. Once she threatened to fire her long-time press agent if news of a certain beneficence reached print.

The "bumps and rocks" of her life are well known. She was married from 1928 to 1935 to comedian Frank Fay, and from 1938 to 1951 to Robert Taylor. She has been estranged since 1952 from her adopted son, Anthony D. Fay, now 36.

Now starring in the television Western, "The Big Valley," she devotes her life to her acting career — and her good works.

OPEN NIGHTLY 'TIL 9... SUNDAYS 'TIL CHRISTMAS, NOON 'TIL 6 P.M.

Italian Missile Center Transforms Sleepy Town

ROME (AP) — A village in a central Sardinian mountainland so bleak it doesn't even have bandits has become a modern small town — thanks to modern rocketry and missiles.

The village's improbable

name of Perdasdefogu may have been an omen. In Sard it means "lost fire."

Ten years after the remote hamlet was chosen as the site for Italy's missile study center, with test launching pads at

nearby Alto di Quirra, its 2,000 old-time residents can hardly recognize the place. Its population has doubled.

NEW BUILDINGS

Rickety wood and straw-thatch huts have been replaced

by stone residences. There are shops and a hotel.

The influx of new residents working at the center has made the old water system inadequate. A new aqueduct is planned and a new road will

link the growing village to Cagliari in the south and Nuoro to the north.

The town is fast growing away from one of the main reasons it was selected. The region was so remote that there were

almost no dwellings in the barren hills nearby that might be endangered if missiles misfired or went out of control. Now building is booming.

There are only five synagogues in Cuba.

Penneys

ALWAYS FIRST QUALITY

OPEN LATE EVERY NIGHT 'TIL CHRISTMAS!

Three-parts perfect!
Our Orlon® knit trio
in 'sister 'n me' sizes

Just the thing for greeting guests and paying holiday visits... our perky three-part ensemble of Orlon® acrylic knit! Ribby-knit cardigan and sleeveless shell have scalloped trim all around... the swingy-pleat skirt is bonded to acetate tricot for lasting neatness and shape-keeping! A most welcome gift idea, too! Choose pretty pastels.

CONTRASTING TOWERS —
The old and new London are symbolized by a brace of towers. At right is the city's famed landmark, the Gothic-style Big Ben clock tower rising over the Parliament Building. At left is the cylindrical post office building tower, which is studded with communications equipment.

Navy Testing at New Center

Facility Working on
Antisub Weapons

WASHINGTON (UPI) — The Navy has begun testing antisubmarine weapons at its new \$130-million Atlantic Undersea Test and Evaluation Center (AUTEC) in the Bahamas Islands 190 miles southeast of Miami, Fla.

A spokesman said antisub weapons of a type carried to the target by unmanned, remotely-controlled helicopters were involved in the first experiments at the range, which was authorized in 1964 and dedicated last April 14.

Although the tests are secret, the range is an unclassified project. The weapons test area, five miles wide, stretches for 35 miles along the coast on Andros Island.

Two other test areas, each about five miles on a side, are to be opened within the next 12 months near Andros for experiments with Navy sonar and acoustic (passive listening) gear.

All three test areas are in a warm-water section known as "the tongue of the ocean," because of a deep tongue-shaped trench, which provides ocean depths of 4,000 to 6,000 feet immediately offshore.

NAVAL EQUIVALENT

Sonar is the Navy's equivalent of radar. It operates by sending out a sound wave and timing the return of the echo.

According to testimony before Congress, scientists believe that this type of detection is near the limit of its development.

The range of sonar is known to be no more than a few thousand yards under most conditions. Because of the great sensitivity of modern instruments, scientists say, much greater ranges may now be achieved by the original form of detection — passive listening.

In passive listening, supersensitive equipment locates subs by picking up sound waves, which travel readily through water.

PECULIAR SOUND

Some scientists have suggested that each ship and submarine may have its own peculiar sound, like a fingerprint, and could be identified at great distances. If the sounds could be classified and catalogued.

Main headquarters of the AUTEC center are on Andros Island, 40 miles southwest of Nassau. There are eight outlying stations. The navy has assigned 25 officers and 250 enlisted men to its operation.

U.S. to Study Manistee River

MANISTEE (UPI) — A \$25,000 study has been authorized by the U.S. Army Corps of Engineers concerning rebuilding the Manistee River banks in Manistee, according to U.S. Sen. Philip A. Hart. D-Mich. The river banks have been eroding and filling the Manistee River channel.

It Seems to Me . . .

County Airport Ownership Augurs Maximum Benefit

Air travel, airports and air facilities are currently expanding as never before.

Oakland County is included. We're part of the big picture.

Pontiac's airport belongs to 85,000 people and it serves 850,000 as a minimum. Ownership, management and the whole future should be placed in the hands of the County.

This seems logical.

Price is the only question.

The matter has been debated in friendly style and the City Commission has insisted that previous County offers were insufficient. Most local residents agreed. However, the current suggestion seems consonant with general conditions. The entire area will be better off with ownership in the hands of the bigger unit.

No offer will satisfy everyone, but reason must rule. Even though the County is getting a bargain, wisdom suggests we look ahead and weigh the whole picture. Residents of the City

are always residents of the County and the airport will still "be theirs" in part.

The future of aviation is breathtaking. The local airport should be enlarged and modernized. Probably the runway should be doubled eventually wherever ownership rests. Of course, this will produce loud cries of protest but that's inevitable and a part of progress.

All airport enlargements hurt. All advancement hits someone.

But our nation never sits idly on its hands because progress puts railroad tracks right through a living room, or because major highways sweep through several apple orchards. This always happens. It's the price and penalty of growth and a part of the joys of a better and more glorious tomorrow. The good of the 850,000 will take precedence over the few hundred who are admittedly hurt and inconvenienced.

This is regrettable, but Pontiac and Oakland County must face up to "This Changing World" in air matters as well as otherwise.

Belated Thrift

Well, sir, our Naval Academy is going to sell its dairy herd. This is now a fact.

You can bank on it.

The move will bring in \$1,750,000 for the 377 cows, 262 calves and "incidentals," including 97 buildings. Some 40-odd employees will be "laid off."

Doesn't that sound like the Federal Government?

The accountants say we will save

\$83,800 a year by simply buying the milk for the Ann Arbor students from neighboring dairies.

If these things weren't serious and tragic, they'd constitute some of the laughs of the year. This step could have been taken years and years ago, but the Admirals and other high-ranking Naval "authorities" viewed the herd as "desirable and commendable."

Hang the cost to the taxpayers.

Food Budget Allotment

Life Magazine produces interesting statistics that wives who parade before super markets might well consider.

The average American housewife spends 18.2% of the family take home pay for food. In 1960, it was 20% and in 1947, 24.6%. In France, the housewife de-

votes 30% to food; and in Japan it's 43%. The real "champion" — if that's the proper designation — is that old international stumble bum, Russia. There, the total runs in excess of 50%.

These statistics provide "food for thought."

And in Conclusion . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

Your Thanksgiving turkey cost 20% less than it did in 1926, and the percentage of good meat was perceptibly higher because of advanced techniques. Other food items were up considerably. Overheard: "Al Jones really saw a flying saucer. And his wife threw the cup, too." I hope Pontiac is not suffering from postal distress the way they are in many places. A California county didn't count 200 absentee ballots as they were six days in arriving; and in Chicago the nine-day stack of junk mail is increasing. I'm sure it's much better here.

Trusted scouts advise me Wendy Hall rates as one of the area's attractive young ladies. "I've Got a Secret" has the strongest panel on TV but it's getting

WENDY

kicked around because of the dumpy, tedious and ho-hum "secrets." ABC has signed Liz Taylor's "Cleopatra" and you will see it on your TV screen in 1971. Overheard: "Some girls show a lot of style and some styles show a lot of girl." The Federal Trade Commission has begun an investigation of trading stamps as many big stores drop them to reduce prices.

Lew Alcindor, 7-1 UCLA soph, is expected to be the sensation of the collegiate basketball year. Living in New York, he was approached by more than 60 colleges. He says Michigan stood second on his list. Some say London is actually passing New York for overall degeneration. Because of its good football team, Harvard undergraduates ceased looking down their noses at football for the first time in years. Dept. of Cheers and Jeers: the C's—mild Thanksgiving weekend; the J's—trying to reopen the KENNEDY case.

Once A Dictator—

David Lawrence Says:

Labor Spurs Need for Controls

WASHINGTON — An important piece of information has just been released by the Commerce Department here, but its far-reaching significance has not been emphasized or even commented on by anyone in the administration.

What has been revealed is that wage increases are exceeding in pace the productivity per hour of work throughout the country.

This could mean not only a rise in prices for manufactured goods but some reductions in profit margins, as unit costs cannot always be immediately reflected in higher prices.

The government's statement says that the change in productivity began in September and continued through October. Labor leaders nevertheless are proclaiming one that in 1967 they will demand at least a 5 per cent increase in wages in various industries.

Even the secretary of labor, who has supported President Johnson's figure of 3.2 per cent as a proper increase in wages based on productivity, now announces that 5 per cent is a justifiable figure to be followed hereafter. This is based on the theory that the cost of living has increased.

But the government's own figures show that since 1950 the cost of living has gone up 37 per cent, while hourly earnings have climbed 81 per cent. Thus, in terms of actual purchasing power, the earnings of labor have risen 39 per cent.

In total disregard of the administration's "guidelines," preparations now are being made by labor leaders to revise existing contracts by substantial increases in the next few months. Management's executives are astonished at the administration's indifference.

Nobody likes wage-and-price controls, but in England they've put them into effect for the last six months to save the pound from devaluation.

Labor unions in America have had enough political power to prevent a wage freeze, but the administration currently must decide whether it prefers to keep labor's

support or run the risk of a landslide defeat in 1968 if a severe recession occurs between now and the next presidential election.

The news that productivity per hour of work is declining, while wage increases are continuing, presents a dilemma for both the President and Congress.

The day is fast approaching when the only way out for the administration will be to recommend a law fixing wages and prices. This has happened before in wartime—in World War I, World War II and the Korean War.

Today the Viet Nam War is increasing in expense and is affecting the national economy directly.

It would be logical for the government to exercise control over wages and prices in selected, if not all, industries and to make the law last until an armistice comes in the Viet Nam War. Politics is the only barrier.

"Voluntary" restraints have proved inadequate, but the administration, in the opinion of many businessmen, can hardly continue to be one-sided any longer and must apply its economic policies impartially.

(Copyright, 1966, Publishers Newspaper Syndicate)

Bob Considine Says:

JFK Never Got Chance to Restore Japan's 'Face'

TOKYO, — Among other things snuffed out by the bullets from the gun of Lee Harvey Oswald was President Kennedy's plan to visit Japan.

"He had the trip in the works," John K. Emerson, the deputy chief of missions at the American Embassy told me today. "It would have been an enormous success."

That may well be regarded as the leading understatement of the season.

JFK was an idol among the very students whose demonstrations against the signing of the U.S.-Japan military alliance caused a cancellation of the proposed trip of President Eisenhower in 1960.

The Japanese press, radio, television and newsprint screen was as preoccupied with the Kennedy family as was America's.

The most important aspect of the trip would have been that it would provide the Japanese people in general with a chance to restore the "face" they felt they lost when Eisenhower's security people felt it would not be safe for him to show himself in this country.

The Japanese worry a great deal about such things.

Former President Eisenhower has expressed some interest in coming here, and has been urged to by President Johnson. It would be well treated. The military treaty is no longer a hot potato in Japan.

President Johnson would not fare as well. LBJ would find himself in a similar jam as Ike was, if he tried to come here. The Socialist and Communist parties of Japan, vigorously opposed to escalation of the war in Viet Nam, would order demonstrations against him.

The government of Premier Sato was relieved when it learned that LBJ had decided

not to include Japan on his recent swing through Asia.

It was relieved not to convey to the President the possibility that certain quarters would be less than hospitable to him. To have had two instances of presidential turn-downs would have been just unbearable.

For the record, Sato has said that he'd welcome a visit from LBJ, who received him so graciously in Washington. But he has added "at an appropriate time," as a postscript to the open invitation. An "appropriate time" would seem to be some months or years after the war in Viet Nam is forgotten.

But JFK would have wowed 'em.

Naval Mishaps

Chicago Tribune

Lately it has become so that anyone dreads to pick up a newspaper for fear of reading about another naval tragedy. If an aircraft carrier wasn't on fire off the coast of North Viet Nam, a submarine would be on the rocks or tangled up with another warship.

Just a month after a navy gasoline barge burst into a fireball which killed six persons on the San Francisco water front, five sweeps of the Oriskany as the 7th fleet carrier sailed on combat duty in the Gulf of Tonkin on Oct. 26. Forty-three sailors were killed, among them an enemy pilot trapped in their sleep after returning from strikes against the Communists in North Viet Nam.

Ten days later a flash fire aboard the Franklin D. Roosevelt, another 7th fleet carrier

Voice of the People:

'Report Card Essential as Spur to Scholarship'

Regardless of what educators say, I believe the report card is essential. Conferences between teachers and parents do not show the child, in black and white, that he is failing.

It was not until my child saw failing marks on a report card that he decided it was time to buckle down and get serious. When a child is doing well, good marks on the report card are a reward to be anticipated.

How do other parents feel about it? Is there anything we can do to keep the schools from throwing out report cards?

CURIOUS

Says Bishops Interfere in Political Affairs

I am disgusted with the bishops of America. They spend too much time running all over the country and the world, interfering in our political life. They should stay home, pray, attend to their own people's needs and not take chances on losing their tax exempt status with their political activity.

A ROMAN CATHOLIC

Concerned About Jet Airport in Local Area

Would you believe a Jet Airport on Stephenson Highway with Sears Oakland Mall on one side and Troy and Madison Heights homes surrounding it?

You better believe it—because it is coming to pass—unless you, my friends and neighbors, get up and fight. Call your mayor, call your congressmen.

KEITH G. ASHLEY
TROY

Praises Press' Columnist David Lawrence

I'm glad the Pontiac Press runs David Lawrence. I regard him as one of the two or three greatest news commentators in business today. So do many of my colleagues.

G. J. G.

Congratulations for Hard-Working Mother

Three cheers for the mother whose husband is a sharecropper. She sounds like a happy wife and mother. My husband started out sharecropping. We raised four children. He was a good worker and I was a good manager. We raised a lot of our food and did all our own work but we always had plenty to eat.

I was a lot more content than I am now with a nice home and all the modern conveniences. Those were the good old days when you could visit with friends and entertain your neighbors without having the television interfere.

AN OLD TIMER

'Equality Involves Equal Responsibility'

If Negroes are looking for "racial equality," they must act like adults and accept responsibility. I am for "racial equality," as long as they carry the responsibility of a great society.

Stokely Carmichael said that he would go to prison before he would serve in the Armed Forces. Mr. Carmichael wants the Negroes to be "equal" but he doesn't want to do what the whites have to do; namely, serve our flag.

DAVID MOORE
153 LINCOLN

'Air Pollution Control Must Be Broadened'

Air pollution is probably the greatest enemy this world has ever known. Place your hand over your nose and mouth and shut off your air supply for a few seconds. Air is pretty important, isn't it? If air pollution control programs are not broadened and stepped up, we will all go down with lung cancer whether we smoke tobacco or not.

CONCERNED

Question and Answer

An old movie about Dunkirk brought up a question you may be able to help us with. Allied evacuation forces took out thousands of troops in just a few days, but we can't remember the number or how long it took.

ARMCHAIR HISTORIANS

REPLY

From May 27 to June 4, 1940, 338,226 British and French troops were taken off the beachhead at Dunkirk. Both naval and civil craft were used.

Naval Mishaps

Chicago Tribune

Lately it has become so that anyone dreads to pick up a newspaper for fear of reading about another naval tragedy. If an aircraft carrier wasn't on fire off the coast of North Viet Nam, a submarine would be on the rocks or tangled up with another warship.

Just a month after a navy gasoline barge burst into a fireball which killed six persons on the San Francisco water front, five sweeps of the Oriskany as the 7th fleet carrier sailed on combat duty in the Gulf of Tonkin on Oct. 26. Forty-three sailors were killed, among them an enemy pilot trapped in their sleep after returning from strikes against the Communists in North Viet Nam.

Ten days later a flash fire aboard the Franklin D. Roosevelt, another 7th fleet carrier

in the China Sea, killed 8 members of the crew and injured 14. The next day the submarine Tru, after taking part in allied maneuvers, ran aground on a reef off the coast of Australia.

Three days later at Pearl Harbor, fire broke out aboard the Kula Gulf, a former navy escort carrier now used to transport aircraft. She was the third navy vessel to be swept by fire in the Pacific in less than three weeks.

And on Nov. 11, while on maneuvers off the Atlantic Ocean off the coast of North Carolina, the Nautilus, the world's first nuclear submarine, incurred severe damage when it collided with the Essex while running submerged below the big carrier.

November, as any admiral would admit, certainly did not start out as a navy month. More seriously, the rash of accidents — if they were accidents — tended to raise questions in the minds of laymen about the quality of today's navy, questions that might better be asked by congressional investigators.

If our once mighty navy could be wracked by such a plague of mishaps while fighting a 10th rate power such as the North Vietnamese, what could be expected if they were attacked by a front rank power? Congress might be advised to seek its own answers now to the question of naval fitness, rather than wait for a major disaster.

MARKET-BOUND This Cham woman in South Viet Nam balances a huge basket of clay cooking pots on her head as she heads for market. The Cham people are the remnant of a civilization that flourished along the central Vietnamese coast five centuries ago.

Experts Study the Elderly for Driving Skill

By Science Service
LOS ANGELES—Whether or not the driving skills of older citizens change or deteriorate with advancing age is being tested in a three-year study at the University of California at Los Angeles.

"We have focused a lot of attention on the young driver, but little research has been done at the other end of the age scale," says Dr. Slade Hulbert.

"As in so many areas of driving behavior, we get a lot of guesses but few hard facts."

Dr. Hulbert, a research psychologist, and Dr. Harry W. Case, associate director of the Institute of Transportation and Traffic Engineering at UCLA, explain one basic purpose of their study.

"There have been a number of suggestions that at a certain age the driving privileges of older people be restricted or withdrawn."

POSSIBILITY

"Such regulations, if arbitrarily pegged to chronological age alone, could prove to be quite harmful and unfair to many older drivers."

A sounder approach, the two investigators believe, is to base driving ability on scientific tests and standards which measure the motorist's motor skills, such as his coordination and reaction speed, and his judgmental skill in sizing up a situation.

DOWNTOWN AND
DRAYTON PLAINS

HAPPIER TIMES — A smiling King Hussein of Jordan prepares to escort his two youngsters, Prince Abduallah (left) and Prince Feisal, off to school. This picture was taken during happier times, before the anti-Israel demonstrations that are keeping the king preoccupied.

Michigan Couple Killed in Crash of Light Plane

BANGOR (AP) — Two persons were killed in the crash of their twin engine private plane Friday night near their south-western Michigan community.

Dead are Darel Edward Morgan, 54, of Jackson and his wife, Maybel, 41.

State Police said the plane circled the Bangor area and then came in low over the Ray White farm about three miles north of Bangor. A wing tip struck the ground and the plane crashed and burned, police said.

Police said the Morgans were on a Thanksgiving flight to Jackson from Muskegon when the crash occurred.

Use a solution of one tablespoon of soda to a quart of water in which to wash baby's toys.

Lin Said Real Leader of China

LONDON (UPI) — Communist Chinese Defense Minister Lin Piao is holding aging Mao Tse-tung a "virtual prisoner" and using him as a front in a battle for supreme power in China, according to Iron Curtain sources here.

The struggle erupted earlier this year with a partially successful army coup, the sources said.

The usually well-informed

sources said yesterday the coup, engineered by Lin, failed to gain complete control of the Peking government and that the defense minister was now waging a determined campaign to undermine the reigning Communist party apparatus.

The sources said China's militant Red Guards were largely a creation of Lin and his supporters and were now being used throughout the country against

resisting elements of the Communist party.

Mao, apparently too old or incapacitated to fight back, has become a virtual prisoner of Lin, who is using Mao's enormous prestige and power as chairman of the Chinese Communist party as a front in his struggle, the sources said.

MOVING FORCE

Lin emerged as the moving force behind the current "cultural revolution" — purge

shaking China earlier this year and as such is widely regarded as Mao's heir-apparent.

The informants noted that Mao, while appearing on public on a number of occasions recently, has made no major policy statements although new party directives have all borne his name.

Whether and to what degree Mao approves of Lin's drive for power was not clear, the sources said.

Johnson to Work on Correspondence

AUSTIN, Tex. (AP) — President Johnson plans to work today on correspondence and reports.

He obviously is pleased with the progress he has made following his operations Nov. 16 for the removal of a throat polyp and the repair of an incisional hernia.

He was in a jovial mood Sunday when he piloted a white Continental from the ranch to Fredericksburg, 15 miles to the west, for services at St. Barnabas Episcopal church.

Special Governors' Meeting Is Slated

CHICAGO (AP)—Members of the Governors Conference will meet privately in White Sulphur Springs, W.Va., next month to discuss, among other things, revenue and intergovernmental relations.

Whether any of the newly elected governors will attend is uncertain. The session is for state and local revenue sources, governors now in office but it is possible some whose terms end this year may invite their successors to accompany them.

MAIN POINTS

The spokesman said main points on the agenda included:

1. Ways and means to improve the Governors Conference organization, its staffing and its budget.
2. A further report from the

committee headed by Gov. George Romney of Michigan on state and local revenue sources.

3. A report by the committee headed by Gov. Robert Smiley of Idaho on federal-local relations.

The governors will meet Dec. 16 and 17. All sessions are as private as possible but, the spokesman said, it is possible that the final conference on Dec. 17 may be opened for the announcement of a policy statement.

BESIDE SON — Actress Jayne Mansfield kneels beside the bed of her 6-year-old son, Zoltan, as he sleeps last night in a Thousand Oaks (Calif.) hospital. The boy, with a breathing tube in front of his neck, was mauled by a lion Saturday.

Lion Bites Neck, Head of Jayne Mansfield's Son

THOUSAND OAKS, Calif. (AP) — Actress Jayne Mansfield says she will stay at Conejo Valley Hospital until her 6-year-old son — mauled by a lion Saturday — is out of danger. "He asked me for a snake and

Dixie Bus Rolls, Hospitalizing 16

SAFFORD, Ala. (UPI) — Sixteen persons remained hospitalized today with injuries suffered yesterday when a Greyhound bus skidded and rolled over on rain-slick Alabama Highway 22. The bus turned over one and a half times, throwing passengers out along the highway a mile south of here. Those still hospitalized were suffering various cuts, lacerations and contusions. One woman had a fractured spine.

Soviet, French Olympians Get Jump on U.S.

LAS VEGAS, Nev. (AP) — Soviet and French athletes may be getting an edge on U.S. competitors in the 1968 Mexico City Olympics by constantly training at high altitudes, says an American physician. Dr. Roy F. Goddard of Albuquerque, N.M., gave this opinion in an interview at the American Medical Association annual clinical convention Sunday. "The thin air at Mexico City at 7,300-foot altitudes means areas of Russia and France for performance times will be long-potential Olympic contestants, and I personally think American athletes would benefit, too, from a similar program in this country."

★ ★ ★

Goddard, director of pediatric research at the Lovelace Foundation, Albuquerque, recently made a study showing swimmers in the October 1965 International Sports Week at Mexico City failed to approach their previous records at sea level. "The body needs time — at least three weeks, and six

weeks probably would be better — to adjust to high altitudes, to increase the intake of oxygen and in an atmosphere where less oxygen is available," he said. "This adjustment period can be reduced with periodic training at high altitudes. Athletes who do this will acclimatize more quickly in Mexico City and probably do better in competition."

★ ★ ★

Goddard said his study showed some indications that athletes gained by high-altitude training prior to events calling for all-out performance, even if the events are held at sea level. Forty-six per cent of the 1.7 million hospital beds in the nation in 1963 were reserved for mental patients.

Chatting with the Swedish Ambassador before luncheon Saturday in Bloomfield Hills Country Club are (from left) Lynn A. Townsend, Mrs. Ernest A. Jones, Mrs. Hubert de Besche, and James A. Roche, president of Chrysler Corporation; Mrs. Besche; and James A. Roche, president of General Motors Corporation.

Women's Section

Glen Carlson, president of Detroit-Swedish Council, Mrs. Ernest A. Jones and Mrs. Carlson look over the luncheon table decorated in Sweden's colors of blue and yellow. The Carlsons and Mr. and Mrs. Jones were hosts at Saturday's luncheon for the visiting Swedish Ambassador and his wife.

Ambassador and Mrs. Hubert de Besche (second and third from the left) saw a special showing of the art works of their countryman, Carl Milles, at Cranbrook Academy of Art Saturday morning. Julius Schmidt, chairman of the sculpture

Swedish Ambassador Tours Cranbrook

By SIGNE KARLSTROM

His Excellency Hubert de Besche, Ambassador of Sweden to U.S.A. and Madame de Besche visited Cranbrook Saturday morning. They were in Detroit as honored guests of Detroit-Swedish Council at their Lucia banquet Saturday evening.

Ernest A. Jones, chairman of the board of trustees of the Cranbrook Academy of Art, Glen Paulsen, president of the Cranbrook Academy and Miss Svea Kline accompanied the Ambassador and his wife on the tour of the Cranbrook institutions.

A special exhibit of the Cranbrook Museum's permanent collection of Milles' work had been arranged for the visitors by Wallace Mitchell.

At the library Mrs. Russell Barnes had put together material of pictures and newspaper clippings dating back to Carl Milles' early days at Cranbrook.

A stop was made at the Saarinen House where the Glen Paulsens now reside.

From there Ambassador and Madame de Besche went to Bloomfield Hills Country Club where they were guests at a luncheon given by Mr. and Mrs. Jones and Mr. and Mrs. Glen A. Carlson. (He is president of Detroit-Swedish Council.)

The luncheon table was beautifully decorated with arrangements of blue and yellow carnations — these being the Swedish colors. Many small flags graced the table.

Among the guests were Mr. and Mrs. James Roche, Mr. and Mrs. William T. Gossett,

Mr. and Mrs. Lynn Townsend, the Ernest W. Sohlberg, Mr. and Mrs. Lawrence R. Nelson, Mr. and Mrs. Theodore O. Yntema, Mr. and Mrs. LeRoy W. Dahlberg, the Raymond T. Perrings, the Anthony DeLorenzo, the George Russells and Mrs. Sixten Ehring.

Saturday evening the Ambassador and Mrs. de Besche attended a banquet at the Whitaker Hotel in Detroit. More than 250 members of the American Swedish community were present to see Robyn Andersen of Bloomfield Hills chosen as the Michigan Lucia.

The contest was sponsored by the Detroit-Swedish Council with Mr. and Mrs. Elving N. Anderson as co-chairman.

His Excellency spoke warmly of the work of the Detroit-Swedish Council.

"I am particularly impressed," he said, in addressing the guests, "with the fact that several generations are involved with the activity of the Detroit-Swedish Council. Not only the older generation but the young people, the sons and daughters, who have helped make this event the success it is."

Dr. Harold E. Sponberg, president of Eastern Michigan University, presided as toastmaster for the evening. Glen A. Carlson, president of the Council, made the welcoming address, after which Mrs. Sixten Ehring, chairman of the Lucia jury, presented the six Lucia candidates.

Each girl gave a two-minute talk on "The Meaning of Light to Me" and Michigan's

(Continued on Page B-2)

Must Guest Wait for Suggestion?

By ELIZABETH L. POST of the Emily Post Institute

Dear Mrs. Post: Frequently we are the house guests of friends of relatives. After a tiresome day of traveling and an equally exhausting evening of conversation, it is quite awkward to let it be known we are ready for slumber.

Is it proper for the guests to suggest it is time to retire for the night?

Mrs. R. D.

Dear Mrs. D.: Ordinarily it is the hostess who makes the move toward going to bed, but there is absolutely no reason a tired guest can't say, "Mary, we've had a long day and we're dead, we'll enjoy the golf (or whatever) much more tomorrow if we get some sleep, so would you forgive us if we leave you now?"

Although guests should try to accommodate themselves to their hostess's plans, she's trying above all to give them a good time, and it's no fun for any one to try to sit up and talk when he literally can't keep his eyes open.

"Etiquette Tips for Teenagers" by Elizabeth L. Post, is now available to readers of this paper. This sixteen page booklet will answer many questions for teenagers and their parents.

To get a copy, send 25 cents in coin to cover booklet and shipping expenses, to Elizabeth L. Post, in care of The Pontiac Press.

Calendar

TODAY

Scriptmist Club of Pontiac, 6:30 p.m., Elks Temple. Dinner meeting with Mrs. Harry Dyer speaking on Europe.

WEDNESDAY

Woman's World Series, 10 a.m., The Pontiac Mall. "Home for the Holidays" with Barbara Zimmerman and Harriet Cannon of Consumers Power Company, Pontiac.

Pontiac chapter No. 228 and Arden chapter No. 345, Order of Eastern Star 7:30 p.m., East Lawrence Street, Masonic Temple. This will be a joint school of instruction.

Demonstration Set by Group

The annual demonstration meeting of the Parliamentary Study Club will take place at 1:30 Wednesday in First Federal Savings of Oakland Building.

Mrs. David Saks will be the leader with Mrs. Forbes Hascall as sponsor.

On the agenda are: Nominating Committee Report, Methods of Voting, Report of Tellers, Majority, Plurality—Two Thirds Vote, President's Vote, Tie Vote and Quorum.

It's Too Late Now

Leave Snow on the Roof

By ARIGAIL VAN BUREN
DEAR ABBY: My husband, who admits to being 70, thinks he is quite the Romeo about town. He is always running after some woman. It's harmless to be sure. It couldn't be anything but. Yet, it annoys me.

I am 61, slim, ABBY and not bad looking. My husband keeps asking me to touch up his hair. He has lots of it, but it's all white. Would you if you were me? I have enough trouble with him as it is.

SHIRLEY

DEAR SHIRLEY: Tell him he may as well leave the snow on the roof as long as there's no fire in the furnace.

DEAR ABBY: I am an only "child" — if you can call an 18-year-old girl a child. I am also a college freshman, living away from home for the first time. Before I went to college, my parents and I agreed that I should have a certain monthly allowance. I have been living on that allowance and haven't asked for any extra money.

Now I get this letter from my father asking me for an accounting of how I have been spending my money. If I am supposed to be on my own,

what's all this bookkeeping jazz about?

ON MY OWN
DEAR ON: The "bookkeeping jazz" is probably the tune your father knows best. It's a parental habit to ask children for an accounting of how their time and money are spent. But you should not have to itemize your expenditures as long as you are living within your budget.

DEAR ABBY: One evening last week my best girl friend's husband, Mac, asked my husband, Sam, to drive him to a used car lot. When they got there, Mac talked the man into letting him drive a car out without a salesman. Then he asked Sam to follow him.

Mac drove to his home where he proceeded to quickly remove several parts of the car and "trade" them with parts from his old second-hand car.

When Mac's wife came out and asked what was going on, he said the car belonged to a friend who agreed to trade parts. Then Mac drove back to the lot, and no one was any the wiser — except him and Sam.

I am terribly upset over this, Abby. Should I tell my girl friend what her husband is up to? If I don't and he gets caught, he could go to prison. If Mac knows my husband told me, it would be the end of THEIR friendship.

I really don't know what to do. The story is true, the names are false.

NEW ENGLANDER
DEAR NEW ENGLANDER: Tell your husband that he is an accessory to Mac's crime, and if the latter is caught, he will be subject to prosecution himself. If Mac cannot (or will not) undo his theft by returning the stolen parts, then Sam had better lose him and pray that he stays lost.

John D. Rockefeller IV, newly elected Democratic member of the West Virginia House of Delegates, was quoted today as saying he has been seeing "a good deal" of Sharon Percy, daughter of Republican Senator-elect Charles H. Percy of Illinois.

Ambassador Visits Area on Saturday

(Continued from Page B-1)
Lucia was then selected by the jury.

A lovely moment occurred when the new Lucia and her court entered the banquet room. Lights were dimmed. The new Lucia appeared with the candle-light crown upon her head, followed by the five other girls, gowned in white, carrying lighted candles and singing "Santa Lucia."

The audience then joined in singing "Silent Night." Awards in form of a bracelet from Sweden were given to each of the candidates. Announcement was made that Pauline Sterling, staff member of Detroit Free Press, will be this year's chaperon for Michigan's Lucia on her trip to the Scandinavian countries.

Lucia and her chaperon will be flown by the Scandinavian Airlines for a visit in Finland, Norway, Denmark and Sweden.

The new Lucia is 21 and a senior at Michigan State University, majoring in interior design. She is Norwegian and Swedish on her father's side and Swedish on her mother's side. She was the only brunette among the six finalists.

Among those at the banquet were: Mr. and Mrs. Ernest Jones, Mr. and Mrs. Fredrick Mermer, Harold Ward, Arthur W. Olson, Svea Kline, the Elroy Sandbergs, Mr. and Mrs. Oscar Anderson, Dr. and Mrs. John Ylvisaker, Mrs. J. Robert F. Swanson, Consul and Mrs. Edward Johansson, Consul and Mrs. Marshall Fredricks.

Cameo ivory peau de soie with Alencon lace bodice and Watteau train fashioned an Empire gown for the daughter of the Dan Mattinglys of Candestick Drive.

Matching lace petals held her bubble veil of illusion. She carried a slim-line cascade of Stephanotis.

With Janet Cartier, maid of honor, were bridesmaids Mrs. Larry Mattingly and Karen Scruggs. Cathy Jo Pointer and Timothy Rudd were flower girl and ring-bearer.

The bridegroom, son of Mr. and Mrs. Bertram Carie of Allen Street, asked Jack R. Iman Jr. to be best man. Ushers were Jack M. Carie, Joseph Washburn, James and LaVerne Rudd.

Pic. Carie is stationed at Fort Riley, Kans.

Polly's Pointers

It's Fine Workshop

DEAR POLLY — Ours, like many modern homes, had a small broom closet or pantry. I had my husband convert it into a "workshop." On the wall I now have two shelves on which I keep cookbooks, recipe files, stationery, stamps, etc.

Down lower I have a large, wide shelf that holds my typewriter. On the wall there is a pin-up lamp, calendar, a plastic clothespin to hold bills and memos. I can sit down for a few minutes and work on needed things, get up, close the door and it is all out of sight.

This saves picking everything up and spreading things out on the kitchen table when I have a few spare minutes.—MRS. B. P.

DEAR POLLY — Can anyone tell me how to take the crease out of permanent-press pants? I turned down the cuffs to lengthen them.—MRS. J. S.

DEAR POLLY — Here is a Pointer to help Eva Jane keep her electric garbage disposal clean and sweet-smelling. Once a week I put a cut-up lemon peel in my disposal and let it grind away for a minute. This leaves a nice, clean smell.—MRS. D. S.

DEAR POLLY — My little girl has to take a pill with each meal. Each morning she takes three and places them on TOP of the cotton that is in the plastic container, leaving the other pills UNDER the cotton.

This way, we can tell at a glance if she has taken her pill for each meal.—Mrs. T. D.

DEAR POLLY — I have a small drawer where all buttons are put as they fall off. This way I know exactly where they are and also that any button there belongs on something special. This saves searching for a particular one in my "button supply."—VIOLEA.

Anyone submitting a Polly's Problem, a solution to a problem or a favorite homemaking idea will receive a dollar if Polly uses the item in Polly's Pointers.

Toni Nelson Takes Vows on Saturday

A reception in the Hayes Jones Community Center followed the marriage of Toni Jean Nelson to Anthony Miles of Orchard Lake Avenue, Saturday, in the Macedonia Baptist Church.

The Clarence Nelsons of Howard Avenue and Mr. and Mrs. Lawrence Miles of Los Angeles, Calif. are the newlyweds' parents.

The bride's Empire gown of white silk brocade in rose motif was styled with coat train and worn with a beaded floral circlet and bouffant veil of illusion.

She carried miniature white carnations for the five o'clock ceremony.

Anna Drake was maid of honor along with bridesmaids Mattie Russell, Justine Mullens and Yvonne Metoyer. Ronnie Metoyer and Michael Sparks were flower girl and ring-bearer.

James Morris Jr. was best man. Seating the guests were E. J. Harris, Edward Drayton Jr. and Alexander Kirk.

MRS. ANTHONY MILES

Holds Up on Reagan

Scranton Likes GOP Hopefuls

HARRISBURG, Pa. (AP) —elect Charles H. Percy of Ill. Gov. William W. Scranton says he could support several Republican candidates including Gov. George Romney of Michigan but is reserving his decision on Gov.-elect Ronald Reagan of California.

Scranton replied, "No, I don't think so."

Then he added the comment about Reagan.

Scranton, who led a last-ditch effort by liberal Republicans to block the presidential nomination of Barry Goldwater in 1964, completes his term as governor in January.

He has said he will never seek political office again.

The interview with Gov. Scranton was carried Sunday over four Pennsylvania stations, the maguay plant and use this

A newsman, mentioning the to make an intoxicating drink names of Romney, and Sens-called pulque.

PAIR WREATHED — Kathy Deremiah, 2, and Molly the mascot display Christmas wreaths made by residents of Lovejoy House, a Portland, Ore., rehabilitation center for al-

coholics. Funds from the sale of wreaths support three centers run by the organization. Kathy is the daughter of house manager John Deremiah.

Teachers Go Back to Work

YOUNGSTOWN, Ohio (AP) — Youngstown teachers return to work today with an agreement for a collective bargaining election in 1968 — the main issue in their week-long strike.

The election, to be conducted by the American Arbitration Association, will determine who represents classroom teachers — the Youngstown Federation of Teachers, AFL-CIO, or the Youngstown Education Association.

The education association was appointed bargaining agent for the teachers last October. Its contract expires in 1968.

Both the federation and the association ratified Sunday night an agreement reached Saturday with school Supt. J. H. Wannamaker. The federation vote was 275-2.

The Youngstown Board of Education is expected to approve it at a meeting today.

The Secretary of State is paid \$35,000 a year.

Second-Generation Air Rescue

SAIGON, South Viet Nam (AP) — Air Force 1st Lt. Gerald K. Bankus of Shreveport, La., was rescued from the Vietnamese jungle in 20 seconds; his father's rescue during World War II took a bit longer.

The father, M. Sgt. Dempsey Bankus, spent two days in the Pacific Ocean after his B24 Liberator was shot down. He was an Air Force C141 Starlifter flight engineer when he retired last August.

The younger Bankus, 24, was shot down recently in the Tay Ninh jungle, 40 miles northwest of Saigon, while piloting an F100 Super Sabre jet in close air support of U.S. Army troops making a helicopter assault.

HIT BY VC

The Air Force said today Bankus and three other Super Sabre pilots had dropped their bombs and were strafing the helicopter landing area when his plane was hit by Viet Cong ground fire.

"I didn't know how serious the damage was until one of the pilots in my flight told me the aircraft was on fire," Bankus said.

Air Force Capt. Ralph F. Wetzel, 31, of Tampa, Fla., the forward air controller directing the Super Sabres, told Bankus to head toward a U.S. Army Special Forces camp at Tay Ninh Mountain.

As Bankus nosed up his jet to gain altitude, the Air Force said, his controls froze and he bailed out at 7,000 feet above thick jungle growth.

SAW HELP

Floating down in his parachute, Bankus saw Wetzel's bird dog spotter plane and three U.S. Army helicopters circling near him.

Bankus turned on his emergency radio and called to his rescuers. "I'm the guy in the chute. Where do you want me to land this thing?"

When he touched ground, one helicopter had already landed. Two soldiers left it to give him an armed escort while he collected his parachute and survival gear.

As he reached the helicopter, Brig. Gen. John R. Deane, assistant commander of the U.S. 1st Infantry Division, stepped out, extended his hand and said, "Welcome aboard, son."

Five minutes later, the Air Force said, Bankus was put down at the Special Forces camp.

Fowlish Idea

GIESSEN, Germany (UPI) — Many African tribesmen continue to believe the consumption of fowl and eggs will make them impotent, according to a survey made in Africa by the Justus Liebig University.

Buying a new car? Remember—financing rates are on the way UP...

but not at your credit union

The total price you pay for your new car is determined by two things: (1) the cost of financing; and (2) the trade-in deal on your old car, or "discount" if you have no trade-in.

That first can run into hundreds of dollars—especially now, when interest rates are moving up just about everywhere except at your credit union. And what you pay for financing can make a BIG difference in the cost of your car.

There's a reason why the credit union rate doesn't move up along with others. A credit union is in business to help its members. It is owned by its members. There's no point in charging yourself higher interest rates.

And that's why credit unions offer still other advantages you find nowhere else. For example, loans to all qualified members are insured as an extra benefit at no extra cost. If you die or are totally and permanently disabled, your loan is paid up in full.

Many credit unions give borrowers an interest rebate at the end of the year. And they're the only ones who do.

So look at the '67 models. You'll love them. But avoid '67 features on your financing. Go back to your credit union for the always low cost. You'll probably get the best deal in town.

For full details, contact the C.U. where you work—or the one in your parish or neighborhood—or write Michigan Credit Union League, 13235 Woodrow Wilson, Detroit, Michigan 48238

It pays to save or borrow at your credit union

Deaths in Pontiac, Neighboring Areas

William C. Braddock

Service for William C. Braddock, 79, of 1556 Allen, Waterford Township, will be 2 p.m. tomorrow at the Voorhees-Siple Funeral Home with burial in Perry Mount Park Cemetery.

Mr. Braddock died Saturday following a long illness.

He was a member of the First Christian Church and a retired employee of the American Forge & Socket Co.

Surviving are his wife, Lura, and two brothers, Vern of Southfield and Gernie of Pontiac.

Mrs. Joe Billings

Service for Mrs. Joe (Carrie) Billings, 55, of 89 Florida will be 1 p.m. Wednesday at the Mount Olive Baptist Church. Burial will be in Oak Hill Cemetery by the Frank Carriers Funeral Home.

Mrs. Billings died Saturday after a long illness.

Surviving are a daughter, Mrs. Sarah Lynn of Benton Harbor; a brother, Arthur Kinney of Pontiac; and eight grandchildren.

Joseph M. Doyon

Requiem Mass for Joseph M. Doyon, 55, of 57 Park will be said 10 a.m. Wednesday at St. Vincent de Paul Catholic Church, with burial in Mount Hope Cemetery.

Mr. Doyon died Friday.

A rosary will be said 8 p.m. today at the Melvin A. Schutt Funeral Home.

Mrs. Eulas Houston

Mrs. Eulas (Elizabeth) Houston, 48, of 7095 Lanore, Waterford Township, died today. Her body is at the Sparks-Griffin Funeral Home, Pontiac.

Joseph W. Howell

Service for Joseph W. Howell, 63, of 754 Cameron will be 2 p.m. tomorrow at the D. E. Purnley Funeral Home, with burial in Perry Mount Park Cemetery.

Mr. Howell died yesterday after a long illness. He was a Pontiac Motor Division employee and former owner of an auto parts company.

Surviving are his wife, Ethel; a son George of Pontiac; three daughters, Mrs. Mary Perry of Clarkston, Mrs. Marjorie Beyer of South Branch and Mrs. Anna Lee Regier of Glenview; 19 grandchildren; and four great-grandchildren.

Carl A. Maynard

Service for former Pontiac resident Carl A. Maynard of Dunedin, Fla., was to be today at Moss Funeral Home in Dunedin with burial there.

Mr. Maynard died Friday after an illness of several weeks. A former credit manager at Consumers Power Co., Pontiac, he had been a member of First Presbyterian Church, the Exchange Club and Masonic Lodge No. 21, all of Pontiac.

Surviving is his wife, Esther of Dunedin.

Miss Eby died Saturday after a long illness. She was a licensed practical nurse.

Surviving are her parents, Mr. and Mrs. Emerson Eby of Rochester; two brothers, Jerome and Louis, both of Rochester; and five sisters, Lea, Rita, Lorraine and Bernadette, all at home, and Sister Rita Rose of the Sisters of Charity.

Memorials can be made to a charity of the donor's choice.

Mrs. Fred E. Hook

WEST BLOOMFIELD TOWNSHIP—Service for Mrs. Fred E. (Edna W.) Hook, 72, of 1615 West Bloomfield will be 1 p.m. Wednesday at Elton Black Funeral Home, Union Lake. Burial will be in Oakland Hills Memorial Cemetery, Novi.

Mrs. Hook died yesterday after a long illness.

Surviving are her husband; a

son, Robert, with the USAF in Viet Nam; his father, Abel of Memphis; a sister, four brothers, and five grandchildren.

Stuart A. Merry

HOLLY TOWNSHIP—Service for Stuart A. Merry, 58, of 4215 Quick will be 1 p.m. tomorrow at the Dryer Funeral Home, Holly, with burial in Lakeside Cemetery.

Mr. Merry died Saturday. He was a retired maintenance man at Grinnell Brothers Piano Factory, Holly.

Surviving are his wife, Irene; three daughters, Mrs. Wilfred Hill and Mrs. William Hoffman, both of Holly, and Mrs. Robert Davis of Chicago, Ill.; a son, George of Holly; a sister; and four grandchildren.

Mrs. Alvah J. Webster

INDEPENDENCE TOWNSHIP—Mrs. Alvah J. (Lucy A.) Webster, 54, of 5215 Clintonville died yesterday following a long illness. Her body is at the Voorhees-Siple Funeral Home, Pontiac.

Surviving are her husband; three daughters, Mrs. Lucille Hale, Marie and Bonnie all of Pontiac; two sons, Alvah J. of Jacksonville, Fla., and Ron of Waterford Township; a brother William Oby of Pontiac; and a nine grandchildren.

City Accident Hurts Woman

Injuries suffered early yesterday in a two-car collision at a Pontiac intersection have hospitalized a Berkeley woman.

Mrs. John Austermann Jr., 34, is listed in satisfactory condition at St. Joseph Mercy Hospital.

Pontiac police said Mrs. Austermann disregarded a blinking red traffic signal at East Wide Track and East Pike, colliding with a car driven by Sally Constantino, 21, of 55 Neome.

Two of Mrs. Austermann's children and a passenger in the other car escaped serious injury. The accident occurred about 12:30 a.m., police said.

Stolen Check Turns Up in City Firm's Register

A company check stolen early Saturday from a Pontiac firm was presented the same afternoon to a city businessman, who cashed it, according to Pontiac police.

Harry Clark, manager of Wrigley's, Inc., at the Tel-Huron Shopping Center, said he cashed for \$213.26 a check made out from the Boulevard Supply Co.

Thirty of the checks were reported missing from the Boulevard company, along with \$300 in cash and a \$150 camera. The checks are numbered 671 through 700.

Police are attempting to trace the man who presented the check to Clark.

Pontiac Man Hurt as Auto Hits Tree

A Pontiac man is reported injured as his car hit a tree Tuesday night following a one-car accident in the city 2:25 a.m. near the intersection of Johnson Street, police said.

Cale W. Patterson, 20, of 380 Osmon was admitted to Pontiac General Hospital after his car, #19,800, was riding, but the count down the center line on Ortry made faster growth and is chard Lake Avenue and smash encouraging immigration.

What'd you expect us to put our Overhead Cam Six in?

An ordinary car?

Our revolutionary 165-hp OHC 6 is so revolutionary we had to do something special with it. So we made it standard on all Tempests and LeMans.

You see, it was inspired by those famous overhead cam engines in expensive European sports cars. With a few Pontiac refinements, of course. That's why it'll keep running and running until somebody turns it off. And with a power reserve for expressway passing you'd normally expect from a V-8. But with typical six economy.

We even offer a 215-hp version that makes a lot of big V-8s seem awfully extravagant. Which is why we say, with a six like this you needs an eight?

Incidentally, a four-way hazard warning flasher, backup lights, and GM's energy absorbing steering column are some of the safety features also standard in all Tempests and LeMans. So how can you possibly resist seeing your Pontiac dealer right now?

Plenty of Gold Sitting Around Waiting to Be Mined

WASHINGTON (UPI) — Be calm, now! No rushing around, please. After all, as somebody must have said, there are finer things than gold.

Still, it may be of some general interest to note that the Interior Department's geological survey has discovered — or rather, rediscovered — quite a lot of gold which is just lying around waiting to be mined.

The tale goes back more than half a century. The locale is a wild and remote region of northern South America, 100

miles southwest of Georgetown which is the capital of what used to be British Guiana and is now the independent nation of Guyana.

Around the turn of the century somebody discovered some gold bearing quartz in this rain-drenched wilderness accessible only by boat. They opened a digging which came to be known as Peter's Mine.

From 1904 to 1909 it produced about 29,800 ounces of gold, yielding around eight-tenths of an ounce of gold per ton of rock.

It was one of the richest "lode-gold" mines in the country.

ABANDONED

Peter's Mine was then abandoned for several years. It was just too hard to get to, extract the gold, and get it back to civilization to make the operation worthwhile.

The mine was reopened briefly in 1915-16 and produced another 1,400 ounces of gold.

All this came from an area only 300 by 200 feet and mainly from a depth of less than 200 feet.

At the request of the new government of Guyana, the geological survey made a field study of Peter's Mine under the auspices of the Agency for International Development (AID).

A. E. Weissenborn of the survey's Spokane, Wash., office and C. N. Barron, staff geologist of the Guyana geological survey, made an expedition to the site of the abandoned mine and did a lot of drilling.

They reported that there still is gold in Peter's Mine. They found indications of gold-bearing veins extending to depths of at

Washer Shopping?.. We're Popping!

Yes, we're really popping with the values, the big selections, the big brands! The extra washing loads caused by the weather at this time of the year probably have you in the mood for a new washer. If so... save time and money by shopping Highland where you see the selections under one roof! Dryers? We've got them to match... at equally low discount prices.

FREE DELIVERY, INSTALLATION AND SERVICE

- 16 lbs. of Tide
- Laundry Basket
- Ironing Pad and Cover

Get not one, two, but all three of these laundry helpers. Free with purchase of any automatic washer at Highland.

GOP May Pretend in Deadlock

By JIM NICHOLS

LANSING (AP) — The State House of Representatives has been evenly divided between Republicans and Democrats twice in the past.

It took four deaths to break the first deadlock, but the second was resolved when the Republicans pretended a House rule didn't say what it said.

The rule still says what it said then. And now, with the House to be divided 55-55 in January, the Republicans may have to do some more pretending.

Here's how it works. House rule No. 1 says you need a majority of the members serving, or 56, to elect the officers of the House, including the speaker. But neither party has 56 seats and it doesn't look now as though any member is going to vote for someone in the other party.

DEMS AT ODDS

Ordinarily, this might mean a 55-55 standoff that lasts for weeks. But the real vote for speaker is likely to be 55-54 in favor of the Republican.

That's because the present speaker, Democrat Joseph Kowalski, is expected to be the party's candidate again next year, and fellow Democrat E.D. O'Brien has vowed he won't vote for Kowalski.

So if the election was held today, Republican leader Robert Waldron probably would get 55 Republican votes and Kowalski 54 from the Democrats.

In that case House Clerk T. Thomas Thatcher, who will preside until a speaker is named, would have to rule that 55 votes weren't enough, under House rule No. 1, to elect a speaker. This is where the pretending comes in.

Some Republican would appeal the decision of the chair, and the question would be decided by a majority of those House members present and voting.

Depending on what O'Brien did, the Republicans could overturn the ruling 55-54 and then elect their man by the same margin.

DENYING RULE

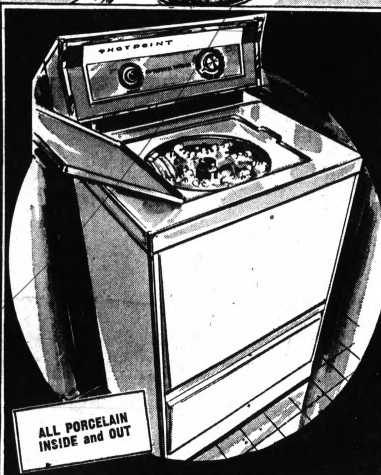

In effect, the Republicans would be saying that rule No. 1 doesn't say what it clearly says, which is:

"The House shall meet in regular session at the seat of government on the second Wednesday in January of each year at 12 o'clock noon.

"In each odd-numbered year, it shall proceed with its organization, the election of a speaker, a speaker pro tempore, an associate speaker pro tempore, and a clerk for the ensuing term of the Legislature.

"All elections shall be by roll call and shall require a majority vote of the members elected and serving to elect."

Weird as the pretending sounds, it works. It worked in 1959 when another 55-55 deadlock was broken by the hospitalization of Rep. Josephine Hunsinger, a Democrat. Republicans overruled the chair and organized the House.

HOTPOINT 2-CYCLE WASHER

New from Hotpoint... and specially priced from Highland is this dramatically designed Decorator Series washer... custom-crafted with all porcelain finish outside and inside... durable, dependable, economical too. You can wash from 2 to 12-pound loads without special attachments. Gels clothes really clean. Simply adjust for "Heavy" or "Regular" soil loads, select from hot or cold water wash temperatures and Hotpoint does the rest... automatically.

Including Free Delivery, Installation, Service and Free Gifts

\$148

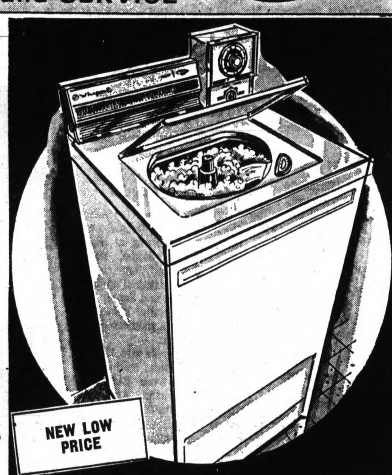

PHILCO 2-SPEED 3-CYCLE WASHER

Now! Worry-free 2-year warranty on all parts and service with this new Philco deluxe washer. Exclusive Blades-of-water action. 2 speeds for all fabrics. 3 cycles — set it and forget it. Soak cycle. Automatic filter-dispenser. Reversible lid. Variable water saver. An exceptional buy at Highland's low price!

Free delivery, installation and 2-year contract for service parts. Free gifts.

\$159⁸⁸

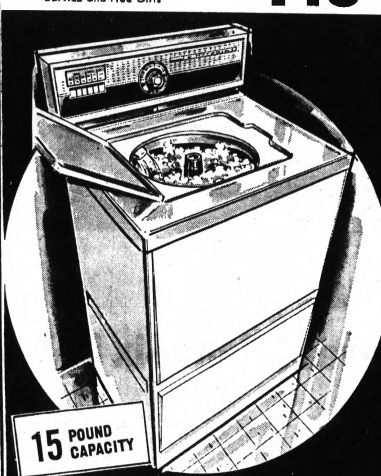

RCA WHIRLPOOL 2-CYCLE WASHER

Don't think that because of this low price you get anything less than the best in RCA Whirlpool dependability and performance in this model. 2 cycles for proper fabric care of normal and gentle wash loads. Exclusive magic-mix filter. Surligator agitator for gentle, yet thorough cleaning. Exclusive 9 rinses and free-flow draining. Check its many other features — now at Highland's low price.

Including Free Delivery, Installation, Service and Free Gifts

\$147

HOTPOINT 2-SPEED WASHER

New... wash loads from 2-lb. "personals" to 15-lb. family size loads... without wasting water!... without special attachments... Here's 2-speed versatility... normal and gentle. Here's 2-cycle washability... plus water temperature selector, dual for filtering system. "Deep-dip" triple rinsing, all porcelain finish... inside and outside! All brand new... and Highland specially low priced!

Including Free Delivery, Installation, Service and Free Gifts

\$168

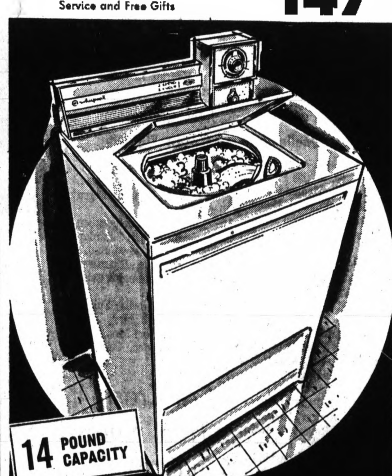

NORGE 2-SPEED WASHER

When it comes to a "full features" automatic, there isn't much more you can add to this beauty. "Plus-capacity" agitator provides powerful washing action for 2-lb. handfulls to a giant 15-lb. homperful. 2 speeds plus temperature and rinse selections. Water temperature control. New reversible door — can be opened from either side. "Plus-capacity" lint filter helps wash clothes cleaner, brighter, fresher. Safe for every fabric.

Including Free Delivery, Installation, Service and Free Gifts

\$159

RCA WHIRLPOOL 2-SPEED WASHER

You couldn't want more in fully automatic convenience features... You couldn't pay less than Highland's rock-bottom price... check it! 2 speeds, normal and gentle for extra care fabrics. 2 cycles. Giant 14-lb. capacity. 3 wash and rinse temperatures. Water level control feature, exclusive magic-mix filter dispenser. Exclusive 9 rinses, surligator for brighter, cleaner clothes.

Including Free Delivery, Installation, Service and Free Gifts

Pilot in Viet Crash-Lands During Fire, Panic on Plane

SAIGON, South Viet Nam (AP) — A U.S. Air Force captain told today how he slammed his crippled transport into tree-tops to knock down passengers who panicked when liquid flames poured from the plane's ceiling.

Capt. Richard A. Nagel Jr., 34, of Kenmore, N.Y., managed to crash-land the plane despite a smoke-filled cockpit and fire raging out of control in the cabin.

All but one of the 37 persons on board escaped serious injury. In the crash at Dau Tieng Saturday, one U.S. soldier-passenger reportedly has serious internal injuries.

Nagel was making his fifth takeoff of the day ferrying soldiers at the end of Operation Attleboro, the biggest U.S. operation of the war. His twin-engine C123 Provider was hit by intense ground fire just after lifting from the airstrip.

HAD WARNING

"We had been warned of possible ground fire," said Nagel. "We fly with our windows open so we can hear it. This sounded like it was coming from four locations. Then we heard the slugs ripping into the plane about midway along the fuselage. Immediately a fire broke out above the left wheel well."

Nagel was sitting in the copilot's seat checking out a Thai air force officer as aircraft commander. The American took command of the damaged craft.

and swung back toward the field.

Panic swept the passengers when liquid fire dripped from ruptured hydraulic lines in the ceiling. They grabbed the few available parachutes and tried to pry open emergency windows, Nagel said.

FIGHT FLAMES

Airman I.C. Ray A. Houck, 20, of Cement City, Mich., was fighting the flames with a fire extinguisher and pushed passengers away from windows, Nagel said.

Some, in their panic, burst into the cockpit and tried to climb out a side window. From there they would have dropped into the spinning propeller. Nagel said that five persons were scrambling around the cockpit with the two pilots.

A signal light showed the Provider's landing gear was unsafe to land, Nagel said. It was determined later that the right wheel was properly down and locked, the nose gear was partially down and the left wheel remained in its well.

There also was a language barrier between Nagel and the Thai pilot.

SHUT WINDOW

"Effective communication became virtually impossible," said the American. "I was only able to tell him to close the window on his side."

"We had to get the bird down

in a hurry and the first thing I saw was a road. We'd just about decided to put it down there when an Army Caribou overhead called and told us to keep turning. We did and then he said the runway was right on our nose. I saw it."

The Dau Tieng airstrip was carved out of a rubber plantation. A Provider should have a 40-foot-wide runway, Nagel said.

The Dau Tieng runway is less than 30 feet wide and lined on both sides by mine fields.

Nagel said the airplane was put "badly out of trim" by the passengers running about.

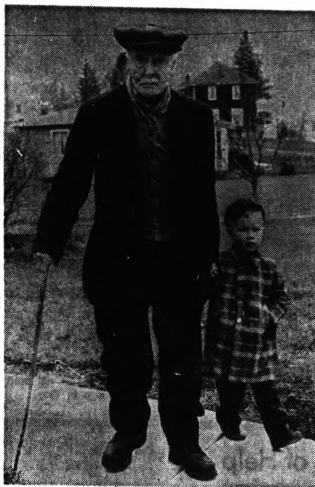

KNOCKED DOWN

"If we hit with them still standing they would have been thrown all over the aircraft. Intentionally, I nosed it down and dragged it through the tree tops. The first jolt put everybody, including Houck, on the floor."

"We scraped over a rice paddy approaching the strip and I just kept flying it until we ran out of air speed. We hit right on the edge of the runway, the nose gear collapsed and we skidded to a stop about 300 feet down the blacktop."

"It wasn't until we stopped and I started climbing out of my side window that I realized I had a passenger sprawled across my lap the whole time we were landing."

Fifteen passengers were treated for severe lacerations and two for smoke inhalation.

New VC Weapon---the 'Buzz Bomb'

TOKYO (UPI) — The Viet Cong said today they had thrown a new weapon into the war in Viet Nam.

Hornets

The Communists called the hornets "winged guerrillas" and said they already have 11 South Vietnamese casualties to their credit.

With a straight face, the Viet Cong press agency broadcast the following account from Hanoi today:

"Hornets trained by guerrillas in My Tho Province three times repulsed puppet troops (South Vietnamese) and delayed their advance on Oct. 30."

"The first attack came when troops of the puppet 7th Division attempted to clear up obstacles raised on Highway 4 the previous night by guerrillas in Dong Hoa Village."

"The puppet raiders' approach stirred up a whole army of hornets posted there by the guerrillas."

"The winged guerrilla fighters bore upon the enemy soldiers and stung them furiously. Covering their swollen faces with their hands, the puppet raiders rushed home for reinforcements."

"A second group was sent out but was also stung into confused flight. The enemy sent another group of soldiers to try and scare away the insects with straw fire."

"But for the third time the

winged guerrillas swooped down and routed the assailants. As a result of the guerrillas' ingenious device, 11 puppet soldiers were seriously injured and the enemy military traffic was blocked for hours."

Troy to Ponder Airport Issue

TROY — There'll be no more public airports here if aroused home owners can stop it.

A large crowd is expected at tonight's City Commission meeting. A representative of the Federal Aviation Agency (FAA) is also expected to attend, according to Paul A. York, city manager.

At issue is the proposal to make the Jim Robbins Co. airport public.

The city and its residents have already won a 30-day delay until Jan. 6 on a hearing in the matter.

Meanwhile, the city has contacted U.S. and State senators and representatives, the Michigan Department of Highways and the Oakland County Road Commission. Objections to the project have been returned by the road commission.

RESEARCHER

The city attorney is currently researching all valid "Aeronautical reasons" which could keep the field from becoming public. These are the only kind of reasons the FAA has said it would accept.

Similar action has been taken in the cities of Clawson, Madison Heights and Royal Oak in a determined effort to keep the airport from becoming public.

Also on the agenda for tonight's meeting is a proposal that Troy accept state standards in the training of police officers in order to make the city eligible for reimbursement of training costs.

Police Chief Forrest O. Fisher has prepared a report on enforcement of the junk car ordinance.

He says that since May 1, 476 persons have complied with the notice to correct the situation in 60 days and that 82 others were issued summons to court for failure to comply. Fifteen cases are currently pending.

AREA NEWS

Milford Twp. Dump Primed for Land-Fill

MILFORD TOWNSHIP—Steps are being taken to turn the township dump into a land-fill operation which will meet Oakland County Health Department requirements for licensing.

While an engineering study is being conducted on how the dump can best be operated, burning of refuse, which has polluted the air, has been stopped.

The practice of hauling in junked automobiles has also been halted, according to Township Supervisor William L. Mainland, and use of the dump by persons outside the township is being restricted.

Township officials hope to start operating the dump, on Old Plank Road, outside the village limits, as a sanitary land-fill operation after the first of the year.

In order to qualify as a land fill, refuse must be covered over daily. Mainland said this is being done now, but only on an informal basis.

RATE INCREASES

Once the new operation goes into effect, rate hikes for those using the dump "will be inevitable," according to Mainland.

He said the township hopes to budget for the dump in future years but, in the meantime, "constant and heavier users must share the cost."

Documentary to Be Shown

TROY — A film, "The Long Way Back," will be shown at 9 a.m. Wednesday at the Johnson Niles School.

The Youth Protection Committee is host.

The film documents the work of the Oakland County Probate Court, Children's Village and Camp Oakland.

Junior Miss Picked in Clarkston Event

CLARKSTON — A 17-year-old senior at Clarkston High School, Jeanne Shoots, has her sights set on the Michigan Junior Miss Pageant after capturing the local contest here Saturday night.

The daughter of Mr. and Mrs. James O. Shoots of 9070 Sassa-baw, Independence Township, was chosen from a field of 13 entrants in gaining the honor and qualifying for the Jan. 27-28 state contest at Pontiac Northern High School.

Jeanne succeeds last year's Clarkston Junior Miss, Cathy Lessard, who participated in the crowning ceremony in Clarkston High School's Little Theater.

For winning, Jeanne received a \$250 college scholarship from the Clarkston Area Jaycees, a cosponsor of the pageant. A pianist, Jeanne plans to enroll at Oakland University next fall. She will major in elementary music education.

For her talent presentation, Jeanne played "Bumble Boogie" on the piano.

SECOND PLACE

Runner-up in the pageant was Shayla Smith, 17-year-old daughter of Mr. and Mrs. Ernest D. Smith of 6240 Eastlawn, Independence Township. She was presented a \$100 scholarship.

A special judges award was given to Karen Caldwell of 8700 Crosby Lake, Springfield Township, "for her freshness and congeniality which added a great deal to the spirit of the pageant."

2nd Apparel Firm Slated

TROY — Somerset Park, a Teller shop, which will occupy ready chosen as the site of a 71,000 square foot, will start in Saks Fifth Avenue store, has April. Louis G. Redstone of De-nov been designated as the lo-tro, architect, estimated cost of a future Bonwit Teller at \$1.5 million.

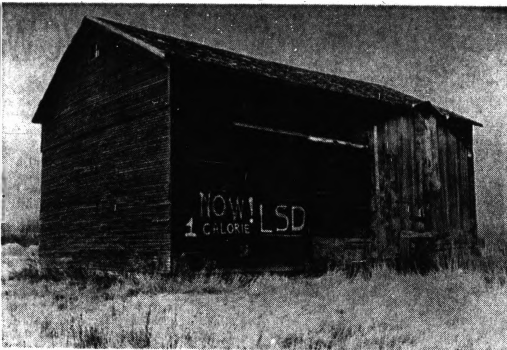

Designed to eventually contain 45 stores, the center is located in an area expected to increase in 1968 of the 13th store increase its present population by 2 1/2 times.

It is the first time the two exclusive apparel stores have paired in a shopping center location. Somerset Park's shopping area at Big Beaver and Coolidge.

Construction of the Bonwit

Spaghetti Dinner Set

The Elmwood School PTA will sponsor a Spaghetti Dinner in the school from 5:30 until 7:30 p.m. Tuesday.

STAY SLIM, TRY LSD?—For those who want to "take a trip" but return to a trim figure, the latest in low-calorie fads is "ad-vertised" by a prankster on an old barn on Big Beaver near Coolidge in Troy.

Santa Has Lots of Help

Yule Time Again

By JEAN SAILE

"But he's not the real Santa Claus," mused a complacent 7-year-old blue-eyed blonde last week.

Sitting cross-legged on the carpet, she witnessed via television as the jolly old salesman alighted simultaneously in three quite separate North American cities — Detroit, New York, and Toronto.

Little did she know that various helicopters — sans parade and electronics — were depositing the same little old smiling gentleman (or a putty likeness) in less wealthy and public relations-minded communities all across the country at almost the same instant.

Her harried mother — busy basting the bird — stopped to remember when the old gent was someone who'd always just flown out of sight in the December sky.

"There he goes! See him! Oh, you're too late..."

SHRINKING DOLLAR

But times change — and even more noticeable at this time of year — is how money changes. The trip by a dollar across the toy store counter inevitably results in the purchase of a smaller portion of the "Dear Santa Claus, I want..." than it did last year.

No research has been conducted on whether this is due to increased expectation of the kids or to the actual dwindling of the dollar.

There are those who suspect a combination of the two — plus the fact that a toy dump truck, which satisfied a 5-year-old, does not have quite the same appeal for a 14-year-old.

"There has been no formula devised to explain how an aging child requires more expensive presents, but not even Einstein would have argued that it's not true."

COMPUTER NEEDED

The trouble is parents do not have the proper factor to use in computing successive Christmas budgets.

One rather festivity-out mother who claims she's theory everything has a theory in this regard.

She claims that if all the guaranteed unbreakable toys (and even those that are frankly not labeled "unbreakable") which have entered her house in past years were laid end to end, she would go into the toy business for herself.

And then there's that matter of getting those breakables safely into the house under the cover of darkest night and past quietly sleeping children.

MANY QUESTIONS

The parents are still asleep next morning when attacked by a horde of small wonders, all shouting, "Where'd you hide the

presents? What'd you buy me? the cowboy boots? or slot-cars? Did you get a bike? How much or doll?"

Take your choice. It's inevitable.

NO SHOUTS

One other undisputed fact is that no kid runs up and down the hall shouting, "Oh boy, I got a new sweater, or a new pair of pants, or new shoes, or mitts, or boots" or one of a thousand other things he really needs and might get more than four hours use from.

Still there's something about Christmas morning that always seems to make the spree worthwhile.

Of course, there's still those January bills to cast doubt on the whole project.

Troy Schools Facing Deficit

Might Go \$289,000 in Red; Action Urged

TROY — Despite a higher percentage of local tax support, the school district fully expects to wind up with a \$289,000 deficit on next June 30.

"And something had better be done about it this year," according to Dr. Rex B. Smith, schools superintendent, who presented the current budget report to the board of education last week.

"Either more state aid, or more local revenue from new construction, or more millage for operation, or a cutback in education programs and services, or a combination of these," Smith says must occur.

Smith says that though many other school districts find themselves forced into deficit-financing, it still doesn't alter the necessity for trying to find a correction — "even if it means state fiscal reform including an income tax."

Smith told the board that though federal aid has increased and may increase more, it has been categorical in nature and not available for general expense.

NEW ISSUE NEEDED

The \$2.5-million bond issue passed in June is expected to take care of the future school site problem, but Smith says as the population increases there will have to be a new bond issue for construction of more schools every two or three years.

He points out that future bond issues will not raise the bonding millage above the present 7 mills.

Approval of the record-breaking \$3.2-million budget was delayed, Smith said, because contract negotiations with employee groups was not completed until late September.

Listed as a contributing reason for the deficit increase in this year's budget was a drop in state aid from \$210 to \$205 per pupil.

Due to an increase in Troy's state equalized valuation, it falls to the local district to also bear a higher portion of the tax support.

Smith lists total income for the year as \$2.9 million — up \$643,760 over last year.

Rec Area for Handicapped Sought in Commerce Twp.

COMMERCE TOWNSHIP — The township may one day be the site of the only recreational spot in the country devoted primarily to the blind and other handicapped persons.

It all depends on what success the Wixom-Walled Lake Lions Club has in finding some available land.

For several months now the site committee, headed by Chairman Arthur Lange, has been seeking a site, preferably through a donation.

The members approached the Huron-Clinton Metropolitan Authority but were turned down because, according to Lange, it would open the door to numerous requests from other organizations.

A similar request to the Conservation Department was also denied.

NEEDS DETERMINED

Right now the committee is in the process of compiling facts and figures on exactly what would be needed in such a facility.

Once the data is gathered, it will be presented to the Commerce Township Board along with a request for some land.

"There are 16,000 acres of unused land in the township," said Lange, "and we would like to have a portion of this granted to us."

The committee is looking for a site of about 10 acres.

Lange said the club will eventually seek financial donations but not until the land is actually made available.

Lange said the site must be

suitable for entertaining primarily the blind, but also other handicapped groups throughout this area, the state, and possibly the rest of the country.

He said it would be used in conjunction with, but not affiliated with, the Leader Dogs for the Blind in Rochester.

"We plan to limit it to the blind and other handicapped people because present public facilities do not adequately accommodate their needs," said Lange.

"We don't want to inconvenience others nor permit handicapped groups to feel any discomfort because of unwanted sympathy."

The land will be used primarily for a picnic site, he said, but may be extended to other uses.

Police Hunt Robber of Detroit Lawyer

DETROIT (UPI)—Police today were looking for a gunman who robbed a prominent attorney of \$1,200 in his downtown law office Saturday.

Attorney William Levin told police a man with a briefcase walked into the nearby office of attorney Ronald Gold, 33, in the First National Building Saturday afternoon, and then forced Gold into Levin's office.

The man forced the two lawyers and a client in Levin's office, Sam Kros, 72, to be on the floor while he tied them up. He then fled with \$1,200 from Levin's wallet, \$113 from Kros, and \$35 from Gold.

Holly Twp. May Lose More Land

HOLLY — The township of Holly, which already may lose 418 acres of land to the village through annexation, faces possible loss of another 4 1/2 acres.

Owner of the land, millionaire-industrialist Fred Barton, asked the village council Friday night to annex the area.

Located north of the village, adjacent to the 418 acres previously proposed for annexation, the section contains a senior citizens' trailer village and a lagoon-type sewer system, which Barton built.

Village President Clarence Lester said Barton has asked that the village also purchase the sewer system.

Before any decision is made, Lester said, an engineer from the State Health Department will check out the sewer system.

OWN DECISION

Lester said the council can make its own decision on the annexation without a hearing by the Oakland County Board of Supervisors.

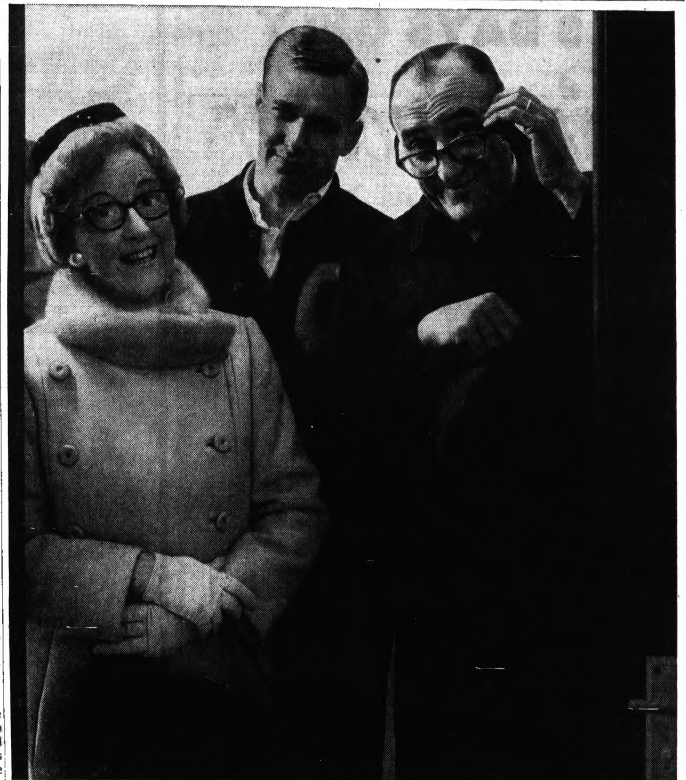

A hearing will be held Dec. 14 by the boundaries committee of the Board of Supervisors on the proposed annexation of the 418 acres north of the village.

Week of Prayer to Be Observed

AVON TOWNSHIP — Ridgecrest Baptist Women's Missionary Society will observe a week of prayer for the foreign missions beginning Sunday.

Theme of the observance is "Behold the Lamb of God!"

Special meetings are scheduled for 7:30 p.m. Tuesday and Wednesday nights at the church.

One of those days when your phone means so much

Whoops!

The folks.

And earlier than expected.

So, you call the neighbor for the roll-away bed you borrowed last time. The butcher for a bigger roast.

The girl next door to pick up the children.

Five calls to cancel the Neighborhood Mothers' meeting.

And finally, you call your sister-in-law to tell her that they've arrived.

What else in your home does so much for you, and costs so little?

Michigan Bell
Part of the Nationwide Bell System

Worse Smog Crises Due, Warns Expert

WASHINGTON (UPI) — The you can expect increased death rates from respiratory disease, significant corrosion of metal, and injury to perennial vegetation.

Vernon McKenzie, head of the U.S. Public Health Service's division of air pollution, told UPI today the New York smog crisis was "a warning of what can happen — and what will happen — with increasing frequency and in wider areas unless something is done to prevent it."

During the past weekend, an air pollution alert was ordered in the New York metropolitan area, including New Jersey and Connecticut, as the smog hovered at the danger mark.

At one point, it actually surpassed the mark as the result of a "temperature inversion," a quirk of weather that kept the stagnant, dirty air blanketing the area. The alert was canceled when the air cleared Saturday.

McKenzie said that, in New York City, "sulphurous pollution levels are above what should be permitted."

So when freak weather conditions occur — as they did last week — the situation quickly moves toward the critical.

AVERAGE PARTS

He said that, during 1965, New York City averaged .21 parts per million of potentially lethal sulphur dioxide, with the maximum reading for a day .70 and for a single hour 1.70.

"Desirable air quality," he said, is .10 for a day or .25 for a single hour "with these conditions not to be exceeded more than 1 per cent of the time."

McKenzie elaborated on the dimensions of the problem in an interview with a UPI reporter:

Q—What are the effects of sulphur dioxide pollution?

A—If you have .02 to .03 ppm (parts per million) for one year,

If all producers of sulphur pollutants did the same, we would reach a desirable level of air quality. The federal installations will be leading the pack in reducing air pollution.

Q—Is the federal role in air pollution going to increase?

A—Yes, I think so. The main thrust will be in providing state and local agencies the means to solve their problems. This will include technical developments and funds.

However, there are always things which aren't susceptible to state regulations. Autos, for instance, are a nationwide problem and require nationwide attack.

1968 MODELS

As you know, all new 1968 model cars must meet federal standards of exhaust control.

Q—Do you see any technological breakthroughs that will ease the problem?

A—We can control smoke and particle emission but we don't have adequate ways to remove sulphur from stack gases. Laboratory scale experiments on this look promising but as yet aren't commercially feasible.

We can also reduce the amount of sulphur in fuel. New breeder-type nuclear reactors that increase the recovery of energy from fuel from 1.5 to 75 per cent are also promising.

Q—What do you expect in the future?

A—Projections for fuel use predict a three-fold increase in this century, and we already have levels of pollution above what they should be.

We can't tolerate such a growth in pollution. The major problem has been to get a coordinated over-all approach and effort to control pollution in a whole metropolitan area.

Local efforts in New York City have been valuable but we haven't solved the entire problem unless its done on a wide geographical area.

Q—What action is being taken at federal installations?

A—We have just promulgated regulations for federal installations in New York, Philadelphia and Chicago. In New York, we have set a maximum level of .35 pounds of sulphur dioxide per million thermal units of heat produced.

At 30 to 1.0 ppm for an hour or less, you have reached the threshold of increased respiratory and pulse rates, and you can taste and smell the pollution.

Q—What are the main sources of air pollution in New York City, for example?

A—There is no single scapegoat. Autos are the major source of carbon monoxide. Sulphurous pollution comes from coal and oil burning.

Twenty-five electric generating plants are responsible for 38 per cent of the sulphur dioxide; industrial heat and power 15 per cent, and residential heating 30 per cent. Together, all sources put 1,855,000 tons of sulphur dioxide in the air each year.

Q—Is industry cooperating?

A—I'm afraid the people in industry are just like other people. Some are progressive and willing to take action without legal requirements. Others will have to be forced.

Some of them, including Consolidated-Edison (in New York), in the last several years have been making attempts to obtain lower sulphur content fuel.

Q—What action is being taken at federal installations?

A—We have just promulgated regulations for federal installations in New York, Philadelphia and Chicago. In New York, we have set a maximum level of .35 pounds of sulphur dioxide per million thermal units of heat produced.

At 30 to 1.0 ppm for an hour or less, you have reached the threshold of increased respiratory and pulse rates, and you can taste and smell the pollution.

EMERGENCY LANDING — A military-chartered 707 jet airliner with 147 persons on board and a broken landing gear landed safely at Oakland (Calif.) International Airport Saturday on a runway covered with foam. This sequence of photos shows the plane coming in, a close-up of the out-of-position landing gear and the skidding but safe landing. Capt. Elmer Weekly of Los Altos, Calif., was the pilot. The foam was spread to prevent fire.

Gang-Style Detroit Murders

Pair Charged in Slaying of 2

DETROIT UPB — Police today charged two men with the gangland-style slaying of a pair of Detroit men allegedly over a \$21 default on a narcotics payment.

Police said they would ask for a warrant charging Willie James Harper, 22, with the bullet-riddled slaying of the two men yesterday.

Police also arrested Calvin Pennington, 22, in connection with what police called a "bit-ter execution."

Police said today that they arrested Pennington and Harper last night in a raid of an alleged dope den.

Witnesses said they saw the murdered men—James Forster, 21, and Douglas Ward, 20, in the "den" hours before their murder.

'BEHIND IN PAYMENTS'

"It looks like they got killed because they were \$21 behind in their narcotics payments," a spokesman for the Detroit Police Department said.

"Apparently Harper did the shooting. And he will be tried for first-degree murder."

Police said the murdered men were found with six bullets in

their heads and chests in the back seat of their burning car, which was allegedly set on fire to destroy any evidence.

Police said that neither murdered man had a previous police record, but Forster's wife said her husband's life had been threatened.

In modern usage, the term "blood money" is applied to the reward or bribe paid for giving up a criminal to justice.

Central Entertaining Roseville in Cage Opener

Chiefs Starting New Campaign With 2 Vets

PCH Opens League Play Against Flint Quintet Friday

The Chiefs of Pontiac Central will entertain a tall quintet from Roseville tomorrow night as they open the 1966-67 basketball season.

The Wildcats from Roseville will bring along a couple of the tallest performers the Chiefs are likely to face this season.

Randy Matiyow stands 6-5 and will get the call at center for the Wildcats while teammate Jerry Aldip, a 6-4 performer, is set at one of the forward posts.

While the visitors will have height, they lack experience, the same problem that the Chiefs are battling.

Matiyow is the only regular returning from last year at Roseville, while coach Fred Zittel has only two lettermen returning at Pontiac Central.

TWO VETERANS
The two returnees at PCH are guard Prentice Hill (6-6) and forward Alton Wilson (6-1).

The other spots on the Chiefs squad will go to players who toiled with the junior varsity last year.

Zittel has some height in the newcomers.

Senior Gordon Hamilton is 6-6 and is slated to see duty at center, while Walter Causey, 6-3 junior, may see action at both center and forward.

Another candidate - for the Chiefs' center slot is 6-1 center Dan Daniels. Seeking that guard slot alongside Hill are senior John Childs (5-11) and Ardel Sheldon (5-9).

DEFENDING TITLE

After this tuneup, Zittel and the Chiefs will jump into the Saginaw Valley Conference schedule where they'll be defending a share of the championship.

The Chiefs rolled up an over all record of 16-4 last season sharing the SVC title with Saginaw at 10-2.

Next on the Chiefs' schedule is the Flint Central, one of the top teams in the SVC this season. The two will square off Friday on the PCH floor.

Bears Slush to 23-6 Win

CHICAGO (AP) — Gale Sayers streaked through mid and rain Sunday in guiding the Chicago Bears to a 23-6 victory over the Atlanta Falcons in a National Football League game.

The Kansas Cent, undismayed by all-night rain and a heavy downpour throughout most of the game, surpassed his own personal high of 124 yards rushing in a game by carrying 19 times for 172 yards.

Sayers also grabbed five passes for an additional 63 yards.

The first time the Bears got the ball they moved 88 yards for a touchdown, capped by a 19-yard pass from Rudy Bukich to Jimmy Jones. Sayers accounted for 77 of the yards.

Ortiz, a sharp boxer and a crisp blitzer, is a 3-1 favorite over the 31-year-old world junior lightweight (130 pounds) champion from the Philippines in the national television 15-round. Starting time is 10 p.m. EST.

Elorde almost grabbed the 35-pound division crown from Ortiz in Manila 2 1/2 years ago when he was leading the Puerto Rican-born New Yorker after 13 rounds. But in the 14th Elorde was cut over the eye and the bout was stopped.

Elorde's record is 74-19-2, including 27 knockouts. He has been stopped three times, all on cuts, but never has been floored.

STOPPED FOE

Ortiz, a pro 114 years, stopped Sugar Ramos on cuts in the fifth round of their riotous title fight in Mexico City last Oct. 22, the same day Elorde beat Derado.

The lightweight champ's

Redskins Win 72-41

Point Record in NFL Tilt

WASHINGTON (AP) — Washington Coach Otto Graham says he wasn't aware his Redskins were in a position to break the National Football League's team scoring record when he called on place kicker Charlie Gogolak to boot a field goal against the New York Giants Sunday with only three seconds remaining in the game.

"I just wanted to give him some practice," said Graham. "He hadn't had an opportunity to kick a field goal during the entire game and we thought this would be a good time to let him try a field goal under game conditions."

"And besides, in a crazy game like this, what's another three points?"
The Redskins were leading

the Giants 69-41 when Gogolak went into the game to attempt the 23-yard field goal. Normally, when a team has such a lead, it would run out the clock.

Gogolak's successful kick boosted the Redskins score to 72, topping the 70 scored by Los Angeles against Baltimore on Oct. 22, 1959. It is the most points ever scored by a National Football League team during a regular season game.

PLAYOFF MARK
The Chicago Bears set the playoff record when they walloped the Redskins 73-0 for the 1940 championship.

Sunday's game also broke two other records and tied three.

—The 113 points for both teams eclipsed the 96 scored when the Chicago Cards defeat-

ed New York 63-35 on Oct. 17, 1948.

—The 16 touchdowns were more than were scored in the Chicago-New York fracas.

—The 10 touchdowns by Washington tied a record set in the Philadelphia-Cincinnati game on Nov. 6, 1934 and the Los Angeles-Baltimore contest on Oct. 22, 1959.

—The 14 points after touchdowns tied a record set in the Chicago-New York game.

—Charlie Gogolak also tied the league record for points after touchdowns with the nine he booted.

New York Coach Allen Sherman refused to get involved in any controversy with Graham over Washington's running up the score when there was no need to do so.

Rams Smother Colts' Offense

Los Angeles Posts 23-7 NFL Triumph

BALTIMORE (AP) — The Los Angeles Rams smothered Baltimore's once-feared offense and smacked down the Colts 23-7 Sunday in a National Football League game.

Losing for the second week in a row, the Colts suffered a damaging fourth loss in their fading bid for the Western Conference title. Now 7-4, second-place Baltimore is only one-half game ahead of the Rams Nov. 7-5.

While a capacity crowd of 60,238 watched, the Colts time and again failed to move the ball behind starting quarterback Gary Osofsky or injured veteran John Unitas, who played part of the second half.

The Rams picked off two interceptions, and held the Baltimore passing attack to 9 completions in 33 attempts and 164 yards. An interception by Clancy Williams after Dave Jones deflected a Unitas pass was returned 32 yards for a touchdown in the fourth quarter.

Los Angeles rolled up lots of yardage but had a difficult time crossing the goal. Bruce Grossett kicked field goals of 8, 32 and 15 yards in the first three quarters and had another attempt from the 47 bounce off the crossbar on the final play of the first half.

The trucking contractor, Dan Parkinson of La Canada, Calif., was a double winner Saturday — taking the Class D sedan race and capturing the H modified racing car event.

Truck Driver Wins in AAU
LOS ANGELES (AP) — Little Ron Larrieu hasn't gotten out of shape.

The Los Angeles truckdriver ran the 10,000 meters for the United States in the 1964 Olympics. Saturday, two years later, he won his second straight National Senior AAU cross-country title in suburban Woodland Hills.

Cage Meeting Slated
All classes of teams in the Waterford Men's Basketball League will meet tonight at 7:30 p.m. in room 109 of Schoolcraft school.

All managers and team officials are asked to attend.

Walters to Meet in WBA Title Bout
DALLAS, Tex. (AP) — Curtis Cokes, the World Boxing Association welterweight champion, tonight meets the man indirectly responsible, at least, for Cokes being in the position of defending his title.

Jean Josselin, the stubby Frenchman, was the fighter who beat Brian Curvis, the Welshman, and knocked him out of an elimination to decide the champion.

Cokes got Curvis' place and beat Luis Rodriguez and Manny Gonzalez to become recognized as champion.

And so, tonight at approximately 10 p.m. (CST), Cokes gives Josselin a chance to take the title away from him. They meet at 15 rounds in Memorial Auditorium which seats 10,500.

In the other Saturday game, Montreal trimmed Detroit 3-1.

HAWKS TALLY—Boston goalie Ed John was easy prey for the Chicago Black Hawks on his first-ever goal last night in Detroit. The puck slid into the net off the stick of Hawks' Stan Mikita (in background).

Also in on the play was Ken Wharram (17) of Chicago, along with Ron Stewart (12) and Joe Watson (down on ice) of the Bruins.

Packers Avenge Loss to Pad Division Lead

MINNEAPOLIS-ST. PAUL (AP) — Herb Adderley partially blocked a punt to set up a Green Bay touchdown and intercepted a Fran Tarkenton pass to crush Minnesota's bid for a winning touchdown in the final two minutes as the Packers defeated the Vikings 28-16 Sunday.

The victory, averaging a 20-17 upset loss to the Vikings three weeks ago, lifted the Packers into a two-game lead in the Western conference of the Na-

tional Football League as second-place Baltimore lost 23-7 to Los Angeles.

The Vikings, battling back from a 21-3 halftime deficit, trimmed Green Bay's lead to 21-16 on Tarkenton's 38-yard scoring pass to Dave Osborn with 9 1/2 minutes left.

The Packers' Don Chandler missed a 37-yard field goal attempt into the wind with 3 1/2 minutes remaining, and the Vikings got another chance.

Minnesota moved 28 yards to its 48-yard line with two minutes to play. Then the Vikings tried a dipsey-downside pass play with Tarkenton first pitching out to Phil King, who lateraled the ball back to Tarkenton.

Kicker Boots Cardinals Past Steelers, 6-3
ST. LOUIS (AP) — Jim Bakken's two field goals gave St. Louis a 6-3 victory over Pittsburgh Sunday as the Cardinals moved into a tie for the Eastern Division lead in the National Football League.

The victory in the bruising defensive battle boosted the Cardinals to an 8-2-1 record, the same as Dallas in the Eastern Division. Pittsburgh, which whipped St. Louis 30-9 two weeks ago, dropped to 3-7-1.

COLD DAY
Neither team could mount any sustained offensive drives in the game played before 46,099 fans on a cold, rainy day.

St. Louis, which has not scored a touchdown in its last two games, spotted Pittsburgh a 3-0 lead in the first quarter when Mike Clark booted a 47-yard field goal.

However, Bakken came through with a 26-yard first quarter field goal and another for 15 yards in the third period to complete the scoring.

N.D. Pours It On, 51-0

Irish Impressive in Routing Trojans

LOS ANGELES (AP) — Notre Dame's mission was outlined grandly and succinctly on the locker room blackboard—No. 1. The unbeaten Irish had spent a week defending their election to settle for a tie in the final minutes against unbeaten Michigan State. Now, Notre Dame needed a convincing victory to gain the only distinction it can place in the national polls.

As late afternoon stretched shadows across Memorial Col-

Cupit Wins Cajun Golf in Playoff

LAFAYETTE, La. (AP) — Jacky Cupit is an unemotional man on and off the golf course. Take Sunday, for instance. When the 28-year-old Texan sank a one-foot putt for a par and a sudden death victory over Chi Chi Rodriguez in the \$34,500 Cajun Classic, he tipped his hat ever so slightly and strode away with just a flicker of a smile across his face.

A few minutes later, after picking up the first prize money of \$4,850, he took a break from an interview in the press room to call his wife Delys back in Longview, Tex.

Jacky's end of the conversation went like this: "Delys, I won. Yeah. Yeah. I knew you'd be glad. "I shot a 82, but I won it in a playoff with Chi Chi. I beat him on the second hole."

"I'm glad you weren't here. You'd have ulcers and everything by now."

"Heck yeah, I played pretty darn good. The wind blew about 25 miles an hour out of the north and it was cold."

Cupit, youngest of five golfing brothers, started out Sunday with a three-stroke lead. Rodriguez, the capricious Puerto Rican swinger, was his closest rival.

Jacky Cupit \$4,850
Chi Chi Rodriguez \$3,100
Dan Sikes \$2,500
Dave Hill \$2,000
Wesley Garrett \$1,700

football team I've ever had and the most solid offensively and defensively. It's the best college team I've ever seen."

Principal assassin of the western football reputation were diabetic sophomore quarterback Coley O'Brien, healthy

Stock Winner

LIVERMORE, Calif. (AP) — Jack McCoy of Modesto, Calif., in a 1966 Dodge, won the Grand National NASCAR 150-lap late model stock car race at Altamont Speedway Sunday, the first point race of the 1967 season.

SOAKING WET

"This is our most important victory," said the handsome Armenian, shaking wet after players leaved him into the showers.

"This is it for us. We shoot for the National championship. I think our team demonstrated they're No. 1."

In case anyone missed the point, Parseghian emphasized: "This is by far the best college

sophomore end Jim Seymour and the devastating defense. USC moved the ball occasionally—by 18 yards—but scrupulously avoided a touchdown.

Of Notre Dame's 461 yards, O'Brien accounted for 255 with 21 completions in 31 attempts, striking for three touchdowns. Seymour caught 11 for 150 yards and two scores.

FIELD GOAL

Other scorers were fullback Larry Conjar, halfbacks Nick Eddy and Dan Harschman, defensive back Tom Schoen and linebacker Dave Martin, while kicker Joe Azzaro added nine points to the humiliation with a field goal and six conversions.

Now, McKay has only to reconstruct his Trojans, 7-3, for their Jan. 2 Rose Bowl date with Purdue. Eleven USC junior college transfers are ineligible for the bowl because of insufficient classroom credits. Said McKay, "We'll have to play much much better if we are to beat Purdue."

Como Tourney Decided

PORT ST. LUCIE, Fla. (AP) — Jeff Alpert of Woodbridge, Conn., shot a par 72 in the final round Sunday and won the Perry Como Golf Tournament with a 72-hole total of 284.

Plum Expects to Be Traded After Season

DETROIT (AP) — Milt Plum, a 10-year veteran of the National Football League, says he expects the Detroit Lions will trade him at the end of this season.

The 31-year-old Plum, hobbled by a knee injury in mid-season, has been succeeded by Karl Sweetan.

"From what Harry (coach Harry Gilmer) says it doesn't seem I'll be here next year," Plum said Saturday. "They're going for youth, I guess."

Sweetan, 24, rallied the Lions to a pair of victories and a tie in the last four games.

Record Assault Set in Big 10

CHICAGO (AP) — The 1966 Big Ten season will go down as the biggest assault on individual records in the conference's 71-year history with 11 single game and season marks being shattered and two others tied.

Split end Jack Clancy of Michigan and place kicker Gary Cairns of Ohio State each set two records on the list.

Clancy set a season high of 50 pass catches, 10 more than the standard by Karl Noonan of Iowa in 1964. Jim Beirne of Purdue also surpassed Noonan with 47.

Clancy also gained the most

Chicago Cubs First in Draft

Durocher to Invade Dodgers for Talent

COLUMBUS, Ohio (AP) — The Chicago Cubs will be batting first when the major league baseball clubs conduct their annual player draft today, and it's just possible that Manager Leo Durocher will be tempted to dip into the Los Angeles Dodgers' organization.

Durocher, a longtime coach with the Dodgers before taking over at Chicago, figures to be well acquainted with the talent that can be drained off the Los Angeles farm clubs, particularly the Spokane team of the Pacific Coast League.

There are at least five players on the Spokane roster who have had shots with the Dodgers and might be what Durocher is looking for. Infielders Nate Oliver and Bart Shrier, outfielder Jim Barbieri, pitcher John Purdin and catcher Hector Valle.

Following the Cubs in the draft order will be the New York Yankees, who last year did not make any selections but might be differently disposed this time after finishing in last place of the American League.

METS THIRD

Following the Cubs and Yankees will be the New York Mets, Boston, Houston, Washington, Cincinnati, Kansas City, St. Louis, California, Atlanta, Cleveland, Philadelphia, Chicago White Sox, Pittsburgh, Detroit, San Francisco, Minnesota, Los Angeles and Baltimore.

If the Cubs were to tap one of the Dodger farm hands it would cost them the established \$25,000 price. The 20 major league clubs selected 23 players in all last year, laying out a total of \$737,000. In addition, minor league clubs spent \$238,000 in drafting 41 players from lower classification teams.

Andreotti Captures Sprint Car Event

PHOENIX, Ariz. (AP) — Mario Andreotti roared from behind the pack Sunday to win a 30-lap feature race in the U.S. Auto Club's final sprint car event of the year at Manzanita Speedway.

Andreotti is firmly in second place in the 1966 USAC sprint car standings. The Nazareth, Pa., driver won the Bobby Ball 200-mile race in Phoenix a week earlier.

Larry Dickson of Marietta, Ohio, the fastest qualifier for the race, finished second. Bill Wilkerson of El Monte, Calif., was third. Don Thomas of El Cajon, Calif., fourth and Gene Brown of Phoenix sixth.

JET JOLTED—Fullback Mark Smolinski (30) of the New York Jets is jolted by Chicago's Buck Buchanan (86) on this play but Smolinski gained a yard for a touchdown in the first period of their game in New York yesterday. That's KC linebacker E. J. Holub (35) at right. Kansas City won, 32-24.

Jets, Chargers Beaten

K. C. Chiefs Whoop It Up in AFL

By the Associated Press

The Bell tolled, the Bull charged, the Chiefs whooped it up and San Diego sank in the West.

And that, football fans, is how Kansas City became the new Chiefs of the Western Division of the American League.

The story began Sunday when Bobby Bell, Kansas City's premier linebacker, chimed into the New York Jets' backfield in the second quarter and blocked a field goal attempt from the 29 yard line. Bell retrieved the ball and raced to the New York 45.

Mike Mercer then kicked a 47-yard field goal and Kansas City had a 16-0 lead, instead of a 13-13 tie, and the Chiefs went on to a 32-24 victory.

Several chapters and time zones later, another linebacker, John (the Bull) Bramlett of Denver, stomped into the San Diego backfield and blocked a Charger field goal attempt, picked up the ball and stormed 72 yards to a touchdown.

CHARGERS UPSET

That score put Denver ahead to stay, 13-10, and the Broncos raced to a 20-17 upset that buried the Chargers and gave Kansas City the division title.

This conclusion that ended San Diego's three-year hold on the division title provided an extra measure of satisfaction.

With players like Bell, people have been saying for years the Chiefs had the best material in the league.

"I don't worry about what other people say," said Kansas City Coach Hank Stram about his good football team for the first time in 1966.

Army handed Navy a 3-1 setback, the first of the season for the Midties, to win a position in the semifinals, Michigan State defeated Temple 3-1 and Long Island edged past Bridgeport 1-0.

BERKELEY, Calif. (AP) — Semifinal matches of the NCAA soccer championships begin Thursday at Berkeley with regional winners San Francisco opposing Army, and Michigan State meeting Long Island University.

The winners of the two matches meet Saturday for the championship.

The San Francisco Dons gained position in the tourney by downing St. Louis Saturday 2-1 in overtime.

Army handed Navy a 3-1 setback, the first of the season for the Midties, to win a position in the semifinals, Michigan State defeated Temple 3-1 and Long Island edged past Bridgeport 1-0.

Detroit Teams Pace Tankers

Pontiac's Carl Hiller Wins Two Events

Three Detroit swim teams took the top honors in the annual Holiday Age-Group AAU swim meet at Pontiac Northern High School over the weekend.

The Detroit Metro swim team, Motor City and Patton Pool teams led the meet with their individual swimmers, with Pontiac Swim Club following in fourth place.

Detroit's Ed Snelzer was the recipient of the "King of the Meet" award for his contribution to swimming in Michigan Amateur Aquatics.

Margaret Stevens of the Ann Arbor Swim Club won Henry Cook trophy as the outstanding swimmer of the meet.

She set state records in the backstroke in the 13-14-year-old group in the 200 individual medley. She also placed in the 100 and 200 freestyle events.

It was the biggest meet ever hosted by the Pontiac Swim Club with 25 clubs, 600 swimmers and 2,600 total entries in 70 events.

Miss Stevens' record in the backstroke was 1:05.9.

Pontiac swimmer Carl Hiller won the 15-17-year-old individual medley event in 2:14.0, and the 100 breaststroke in 1:05.8.

Jeff Longstrech of Clarkston, swimming for Patton Pool, won the 200 freestyle in 1:59.7.

March 18, the Pontiac Swim Club will host the 16 and under Michigan State championships.

Report Indicates 2 Lions Facing Assault Charge

DETROIT (UPI)—The Wayne County Prosecutors office reportedly will ask that assault and battery warrants be issued today against two Detroit Lions starting linebackers involved in a scuffle outside a bar a week ago.

Linebackers Wayne Walker and Mike Lucif have admitted being involved in the fracas in which one man was slugged and another thrown to the ground, but Walker has said he did not see Smith, 25, Brighton, in self-defense.

A spokesman for the prosecutors office, however, said Sunday a weeklong investigation convinced the prosecutor's office the Lions "were not defending themselves, but were the aggressors in the action."

Nancy gained 133 yards for the day, bringing his total to 1,126, far more than Paul Lowe last year.

Buffalo beat Oakland Thursday for a 6-3-1 record and Boston stands at 6-2-2, setting up their showdown clash next Sunday. But that's another story.

Kaline Could Receive Important Phone Calls

Tigers and Angels have talked about a possible deal late last summer before Smith had even been named manager.

COLUMBUS (UPI) — Detroit's Al Kaline is about to receive an urgent long distance phone call from here, maybe even two, within the next few days.

The first call will come from new Tiger Manager Mayo Smith telling Kaline not to pay any attention to those silly stories about him being traded.

The second call quite possibly could notify him that the Tigers are sorry about that, Al, but guess who they just traded to the California Angels?

It's not that Smith has any intention of telling his star outfielder one thing and then turning around and doing something entirely different, but sometimes it's just the way the ball bounces.

"Some of the trade stories I've seen and heard involving Kaline are downright fantastic," said Smith, in one of the hotel lobbies here where they are holding the winter meetings, which is only a fancy name for baseball's annual banter, barter and blow hard session.

"Everybody on the face of the earth has made a trade for Al Kaline except the Detroit ball club," said Smith.

Being an honest man, Smith will inform Kaline that the

When a man does an outstanding job of helping people with something as important as dependable planning for the future security of their families, Life of Virginia believes he should be recognized. Here is a man whose thorough training, skill and experience in planning have made him his agency's leading representative in the past 3 months.

Shouldn't your plans for your family's security be reviewed? Life of Virginia believes that this man is equipped to offer you the best in Planned Insurance.

Goodfellows Plan '66 Sale

With the goal set at \$3,000, Waterford Township Goodfellows are making final plans for Saturday's annual newspaper sale.

Newspapers will be sold from dawn to dusk, according to Ernest Laumer, president of the Goodfellows.

Proceeds will be used to purchase food orders negotiable at area stores and to prepare food baskets for needy families.

Other gifts also will be given to the poor for Christmas, according to Laumer.

The sale will take place at several points in the township.

OTHERS HELP

In addition to the Goodfellows, several other organizations will provide personnel to help make the sale successful.

Included are the Eagles, Kiwanis, Evening Optimists, Breakfast Optimists, Lions, Rotary police department, fire department, police reserves and fire fighters association.

Home Burns but Legislator, Wife Escape

DETROIT (UPI) — The home of a state legislator given top consideration for the speaker of the House position next year burned to the ground Saturday, causing an estimated \$20,000 in damage.

Rep. Roy Spencer, a Republican, said his home in Attica, about 50 miles north of Detroit, was a total loss.

But the loss could have been more serious if it were not a holiday weekend and Spencer had not been at home.

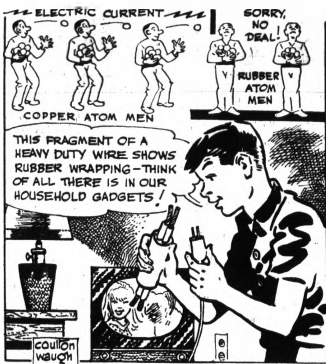

Police said that Mrs. Spencer is paralyzed from the waist down. "It's a good thing Mr. Spencer was home," said Sheriff Kenneth Parks. "Things could have been much more serious if he wasn't."

Parks said it was possible Mrs. Spencer couldn't have gotten out of the burning house under her own power.

Police said the fire started because of faulty wiring in the \$20,000 home. Spencer touched a wall, and said it felt quite hot. He then checked and found the fire and immediately called the fire department.

Tail lamps on both sides of automobiles were introduced in 1929.

Junior Editors Quiz on RUBBER

QUESTION: Why doesn't electricity pass through rubber?

ANSWER: The little men in the upper left are symbols drawn to represent the tiny atoms in a metal such as the copper of an electric wire.

Still smaller electrons circulate around the central nucleus of such atoms. But some of the outer ones are loosely attached and may jump to another atom.

A flow or stream of loose electrons may be created by a magnetic field. This an electric current. But when such a current comes against the molecules of a material like rubber, it has to stop flowing.

The atoms in the rubber molecules (top right) hang tightly to their electrons. With no loose electrons, the current can't get through; the rubber is acting as an insulator.

Other materials also act as insulators and are often combined with rubber. Think of all the electric appliances in a modern house and you can see why rubber insulation is so important.

Some materials will resist electricity, but not enough to keep it from fighting its way through, creating heat as it does so. This is what is happening when electricity passes through the heating wires of your electric stove.

FOR YOU TO DO: Help prevent fires by checking wires from your electric appliances now and then. If you find any wires which look broken or worn, tell your parents.

AMC Plans Red Bloc Trade

DETROIT (UPI) — American Motors Corp. is planning a move to try to corner part of the Iron Curtain auto market next year, to combat its dipping share of U.S. sales.

William S. Pickett, AMC vice president for international automotive operations, said he plans to accompany a team of AMC officials to Russia in 1967 to try to work out a selling arrangement.

"I don't think dealing with Communist nations will hurt public opinion of us here," Pickett said Saturday. The government has encouraged nonstrategic trade with Iron Curtain nations, he said, and "We'll only deal with those nations if the State Department cooperates and approves of it."

24 Years Ago Today, Boston Fire Took 493 Lives

BOSTON (AP) — The site is small windows in toilet rooms, number of persons in public owner — Barnett Welansky, aning laws and was sentenced to several got out through dressing places. The investigation that followed the disaster brought indictment to 10 men. Only the conspiring to violate the build-

It was a wartime Saturday night 24 years ago today when the fire blazed up at 17 Piedmont St.

The Cocoanut Grove night club near Boston's theater district was jammed with more than 1,000 persons, in a space for about 600. It was a noisy, fun-seeking crowd.

No one is quite sure how the fire started. Something started a chain of fire streaking across the room through decorations.

It took just 13 minutes more to end the lives of hundreds in a chamber seething with fire and lethal gases.

Lights went out as the crowd panicked, stumbling and groping for exits. People jammed both sides of a revolving door so it could not move either way. Others rushed to an exit on the other side of the building and piled up against the door. It swung inward and couldn't be opened against the crush.

Behind one door 200 persons died; behind the other 100. Among the dead was Buck Jones, famous movie cowboy.

HUNDREDS CALLED

Alarms brought 14 fire engine companies, plus ladder trucks, rescue squads, civilian defense men, Red Cross plus 400 sailors and Coast Guard men from Boston bases.

Some survivors got out through one side of a double door lugged open by an employee. A few got out through

Soapy Honored

DETROIT (AP) — Former Gov. G. Mennen Williams received one of four 1966 awards Sunday from the Trade Union Leadership Council Education Foundation. Others honored were William Day, president of Michigan Bell Telephone Co.; Mrs. Ann Jones, vice president of the union council, and James Farmer, former executive director of the Congress on Racial Equality.

12 to 15 years. He was ill with cancer when he was released after serving 4 years, and died Jan. 27, 1947.

Personal Gift for a Man—New Pipe

The search for the personal gift which is also useful continually harasses millions of womenfolk. It seems that the longer you know a man, the more the field for highly individual presents narrows down.

The Pipe and Tobacco Council offers this ancient adage as a solution to the problem: "Ask a friend for a cigarette, accept his cigar, but never try to share his pipe."

Nothing you can give a man becomes a part of his life as quickly and completely as a pipe. He may look at a tie with raking, scholarly, athletic, so-loathing and cheerfully lend a phisicalied, or domesticated new pen, but he keeps his beloved briars to himself.

What's more, a pipe isn't just a pipe. Women, who buy most of the pipes sold in this country, may not know it, but they can select a pipe in the same way they select any other accessory for his wardrobe.

DEPENDS ON PERSONALITY
Depending on the pipe in his

'Walking Happy' Feels the Critic's Boot

By WILLIAM GLOVER
Associated Press Drama Critic
NEW YORK (AP) — Broadway is having difficulty coming up with a well-made new musical this season, and "Walking Happy" isn't any jinx-breaker.

On the plus side for the show which premiered Saturday at the Lunt-Fontanne Theater are a couple of trail Englishmen, Normal Wisdom — he's new — and George Rose — he's been here before; three antic dance numbers; and tons of revolving scenery.

But the key word is implicit in the opening number, "Think of Something Else." Two hours later, you wish somebody in the production had.

The story is a study in reluctant romance in a Lancashire town. It's all, in fact, a Cinderella yarn in reverse.

Far too handsome for the spinster she portrays is Louise Ther, and if her efforts at regional dialect sometimes slip, the lady does sing with lilting charm.

The score, by Sammy Cahn and James Van Heusen, isn't any melodic epic, but there are at least five tunes that stir up the lethargic sequence of events.

The dancing, staged by Danny Daniels, is done by a company of zippy cavers, who variously switch from a lumber clog number, to a brisk bit of night-mare devilry and a rousing hoedown with the title song.

Cy Feuer, coproducer with Ernie Martin, directs a large cast with more concern for motion than credibility of character. The impulsive sets by Robert Randolph create a girlishly authentic mill town, and period costuming is by Robert Fletcher.

But with all laboring so strenuously, "Walking Happy" limps badly.

What other press critics said: Norman Kramarsky of the World Journal Tribune termed, "Walking Happy" as "utterly commonplace musical burdened with the season's worst lyrics." John Chapman, the Daily News, said, "You'll be sitting happy during every moment, it is a joyous performance and it rejoices in good taste as well as high spirits."

MINOR LEAGUE
Walter Kerr, the New York Times, termed the production "an easygoing, unpretentious minor-league musical that is neatly put together. All in all, a light, slight, attenuated but occasionally charming pastime."

Richard Watts Jr., the New York Post, writes that "the big asset 'Walking Happy' has to offer is Norman Wisdom. His endearing portrayal is the brightest and most appealing feature of an evening that is cheerful, friendly and good-hearted but has the misfortune to be otherwise disappointingly lacking in exhilaration."

Victim of Slaying to Be Buried Today

ALLEN PARK (UPI) — Funeral service was scheduled here today for a young woman whose mysterious slaying has touched off large-scale investigations by police of two states. Michigan and Indiana police still say, however, they have no suspects in the shooting of attractive 19-year-old Eileen Marie Alex, whose body was found a week ago in a densely wooded area near South Bend, Ind.

Police said they were examining a black purse belonging to the victim which was found Friday 32 miles from where Miss Alex's body was found by a hunter Nov. 18.

Founder Dies

DETROIT (AP) — Service for Thomas B. Moore, founder of Detroit Ball Bearing Co., will be held Wednesday in Detroit. He died Saturday following a long illness. He was 79. Burial will be in Holy Sepulchre Cemetery.

YOUR NEWS QUIZ

PART I - NATIONAL AND INTERNATIONAL

Give yourself 10 points for each correct answer.

- 1 Generalissimo Francisco Franco, who has ruled for nearly 30 years, presented a new Constitution to the people of that nation.
a-France b-Yugoslavia c-Spain
- 2 Great Britain has given independence to tiny Barbados, a colony located in
a-Africa b-the eastern Caribbean c-the Mediterranean area
- 3 The U.S. Supreme Court scheduled a hearing Dec. 5 on 's undecided election for Governor.
a-Alabama b-Mississippi c-Georgia
- 4 The nation honored "Cactus Jack" Garner on his 98th birthday. He was our Vice President when was President.
a-Franklin D. Roosevelt b-Calvin Coolidge c-Herbert Hoover
- 5 Both the Communist and the Nationalist Chinese governments have turned down the idea of having "two Chinas" in the United Nations. True or False?

PART II - WORDS IN THE NEWS

Take 4 points for each word that you can match with its correct meaning.

- | | |
|---------------------|----------------------------------|
| 1.....rank and file | a-wordy, confusing language |
| 2.....category | b-class, group |
| 3.....overwhelm | c-persons other than the leaders |
| 4.....gobbledygook | d-to recover one's health |
| 5.....recuperate | e-crush |

6 E	6 S	6 E	6 S
Opening lead—3			

There is nothing wrong with the six spade contract except that when South sees that three of diamonds lead he is sure that it is a singleton and that a diamond ruff is going to defeat him.

Sure enough. East wins with the ace of diamonds. If South merely plays the seven East is bound to reason that West has not opened that three spot from either king-three or queen-three and East will return a diamond.

If South drops the king East may decide that it is a singleton and East may try to cash his ace of clubs.

East really should not do this.

By OSWALD and JAMES JACOBY

Some false-card plays should not work but when you know that you have no other chance you might as well try.

North's three-heart response is the best bid at his disposal. A two-no-trump response is inadequate while either a two-trump raise or a bid of the horrible diamond suit gives more misinformation than the three heart call.

Firemen Destroy Historic Inn

NILES (UPI) — Firemen Saturday "recreated" the historic Higbee Inn along the Old Pioneer Sauk Trail. It was the last surviving structure in a once thriving community of Bertrand.

A committee set up to try to restore the old landmark abandoned the project when it was learned the cost would be about \$50,000. Firemen put torches to the old building as scores watched.

Astrological Forecast

By SYDNEY OMARR

For Tuesday

"The man controls his destiny."

Astrology points the way.

ARIES (Mar. 21 - Apr. 19): Help for

problems who is careless with details

in your life. Check carefully. These

three areas require attention: com-

munications, time and money. Time

may not be the best for

special trip.

Taurus (Apr. 20 - May 20): Be

moderate. Avoid extremes. Blocks in

progress are not temporary. Know

this and bide your time. New

day has something of value to

you. Be a good listener.

Leo (May 21 - June 20): It is

important to base actions on logic. Avoid

decisions that impede your progress.

Know this and bide your time. New

day has something of value to

you. Be a good listener.

Cancer (June 21 - July 20): Tendency

to try doing too much. Concentrate

your efforts. Finish one task at a time.

After finishing, take a moment

of appreciation. Obtain rest from

your efforts. Obtain rest from

your efforts. Obtain rest from

Mystery Ailment Plagues Rural E. Europeans

BELGRADE, Yugoslavia because the symptoms usually do not appear for almost 10 years. As the disease develops, the sufferers become anemic and are greatly weakened. In its advanced stages, the disease often is fatal.

BECOMES GRAVE

The illness, called only endemic nephropathy — regional kidney disease — has existed for many years. It has become grave in the past decade.

A careful study of the malady was started four years ago at a research center set up in a hospital of the Bosnian town of Bi-

jelina under Dr. Philip W. Hall of the Cleveland (Ohio) Metropolitan General Hospital.

Since then Hall has spent part of his time at Bijeljina and part at a research center at the Karolinski Institute at Stockholm, Sweden.

"But after all this work," Hall said recently, "we are as much in the dark about the origin of the disease as before."

Evidence so far indicates the malady is not hereditary and that it may be connected in some way with the rivers of the region. Incidence of the disease has been found to be greater among people living in lowlands along the rivers than those in communities on higher land or farther from the streams. But tests of the water have failed to give any clue to either the origin or spread of the ailment.

NO LINK

"We do not know whether the disease is the result of organic poisoning, inorganic poisoning, some metallic source or fertilizers," Hall said.

"We have not been able to establish any link of the disease

with heredity. We do not know whether it is infectious, or a result of some local condition, custom, habit or food."

Hall and his Yugoslav medical associates have been trying to find some "early warning system" to detect the disease in its earliest stages. The nearest they have come is to learn that as the disease advances it is detectable through a particular pattern of proteins in the urine.

Hall himself may have narrowly escaped the malady.

"For three weeks," he said, "there was a suggestion of this abnormal pattern in my proteins while I was working here. But it cleared up when I went back to the United States."

Rights Director

DETROIT (AP) — The Michigan Civil Rights Commission has appointed Burton Levy director of its 12 regional offices. He was director of the commission's division of community services.

CUP OF DOG — Mrs. David M. Fouch finds her toy poodle pup fits easily into a teacup. The 7-week-old dog is about one-third normal size. One of its favorite sleeping spots is the heel of a house slipper.

When Machines Take Over

Peace Will Be Possible

By DICK WEST

United Press International WASHINGTON — If world peace is ever achieved, I am convinced it will come about through technology rather than diplomacy.

It seems to be there is a good chance that in another 10 years or so technology will have made war impossible.

By then, the weapons likely will be so complicated that nobody can operate them.

This happy thought was inspired by a press release I received from the Hughes Aircraft Co., a defense contractor, explaining to the layman some of the mysteries of military men's technology.

It noted that if the armed services still used carrier pigeons to transmit vital messages, the pigeon would be designated "AN-ABC-1."

I then quickly scanned a volume of testimony that defense

officials gave this year to a congressional subcommittee that handles funds for military research and development.

On just the first few pages I came across SPIW, AAFSS, FAAR, AWAC, PDSMS and SRAM.

HOPE AHEAD

They alone might not pacify the world, but when considered in sum along with ASROC, AUPEC, DASA, LASA and VELA, not to mention NEWR and JETRA, they give cause for optimism.

All of these terms are abbreviations of projects and programs the Pentagon has under way or is contemplating.

AAFSS, for example, is an "Advanced Aerial Fire Support System." FAAR stands for "Forward Area Acquisition Radar." PDSMS is "Point Defense Surface Missile System." LASA is "Large Aperture Seismic Array." And so on.

The M-1 rifle was about as complicated a weapon as I and my comrades of World War II had to master, and some of us had trouble coping with that.

MORE INTELLIGENT

I'll concede today's servicemen are more intelligent and dextrous than we were. Even so, there must be a limit to their electronic and chemical comprehension.

When that point is reached, the conduct of hostilities will fall upon the men back at the drawing board.

And the men behind the drawing board are notoriously un-hostile.

It might be argued that primitive weapons of less technically advanced countries will continue to pose a threat to peace. But history indicates otherwise.

IT BACKFIRES

When one country develops an AAFSS or a SRAM, its potential enemies generally go all-out to develop an AAFSS and SRAM of their own.

And if it proves too complicated for one side to operate, chances are the other side will be baffled by it also.

There is a federal tax of 48 per cent on gambling profits.

Baboons, Women Have Similarities

By Science Service

CHICAGO — Women and baboons have quite a bit in common—at least in their menstrual and pregnancy patterns.

The baboon has a menstrual cycle of 35 days, a pregnancy duration of six months, and internal reproductive organs similar in shape to those of women.

The animal also has a fertility indicator system called "sex skin," whose changes resemble the temperature variations during a woman's fertile period.

Because of the similarities, the baboon is an excellent animal for studying birth defects caused by German measles and drugs such as thalidomide, reported Drs. F. H. Kriewaldt and Andrew G. Hendrick of the Southwest Foundation for Research and Education in San Antonio, Tex.

DIG THEY MUST — Vietnamese youngsters, residents of the South Vietnamese Village of Dau Tieng, smile as they dig foxholes and fortify them with sandbags. The youths have been hired by the U.S. 1st Infantry Division's surgical unit, at a wage of one

can of C rations (worth \$1.30) per hole. It's all part of the latest industry to hit Dau Tieng in the wake of the division's move in ... supplying GIs with services ranging from laundry to doing KP.

Army of Followers Eases Life for GIs

By JOHN NANCE

DAU TIENG, South Viet Nam (AP)—There's an army in Viet Nam that never makes the lists of statistics, the tables of organization or the battle reports—but it's everywhere. It's the army of camp followers—mostly children and women—that has made big business of going where the American GI's go.

BONANZA
A recent bonanza was at Dau Tieng, northwest of Saigon on the edge of the big Michelin rubber plantation where the U.S. 1st Infantry Division made its forward headquarters for Operation Attleboro.

From sunup to sundown, 10,000 gamulin youngsters from near-by villages scampered among

the tents and rubber trees to scrounge whatever they could. While they caddied cigarettes, C rations and old tin cans—nobody seemed to know exactly what the cans were for—their older sisters and mothers went to work.

Laundries were established behind houses and each morning the women collected the mud-caked fatigue uniforms of the GI's. Next day they were returned, clean, pressed and folded. Cost: 50 piasters a set—about 42 cents.

Soldiers on KP duty in mess halls were able to hire stand-ins from the legions that appeared at dawn. For a dollar a day, the GI's could stand by while their replacements did the kitchen dirty work.

BEAUTY AREA

Other squads of women toured the grounds, picking up cigarette butts, scraps of paper and old refuse to beautify the premises.

Outdoor barbershops offering haircut, shave and facial massage were set up in the shade of the plantation.

Some entrepreneurs got into the big money luxury items such as ice, beer and soda pop. On one particularly hot day, the cost of a 25-pound cake of ice was up to 400 piasters—better than \$3.50—by midmorning and was soaring with the temperature.

As the prices for goods and services increased, so did the ranks of the Army. At one point some soldiers from a nearby encampment were spending more time peddling beer and ice than they were on duty.

GOODS APPEAR

Goods seldom seen in Dau Tieng began to show up. A supply of American whiskey and European cognac apparently imported from Saigon, was being hawked by barefooturchins at 1,000 piasters a bottle—\$2.75.

There was even military training for some of the hardy ones. A group of GI's preparing guard posts hired youngsters to fill sandbags and construct bunkers.

Ball in AF Device Can Spin 3 Years

By Science Service

WASHINGTON — A metal sphere at the heart of the U. S. Air Force's latest navigation system is so sensitive that once it gets going, it will spin for three years without any source of power.

Floating in an electrostatic field, the beryllium ball is part of the gyroscope in an inertial guidance system now being tested aboard a C-124 Globemaster transport plane.

The ball spins at 60,000 revolutions per minute with a clearance of only a few thousandths of an inch all around.

Inertial guidance systems work by comparing the angle of the vehicle they are guiding with a platform that is always parallel to the earth directly below.

The systems' main source of inaccuracy is usually drift in the theoretically stable gyroscopes.

ARMY UMBRELLA—A pair of Vietnamese youths take shelter from a rainstorm under an American Army trailer at Dau Tieng, South Viet Nam. The youngsters are part of an army of civilians that has moved into Dau Tieng since the U.S. 1st Infantry Division set up headquarters in the area. The camp followers provide services, such as doing household chores for a price, for the GIs.

Dr. Wayne G. Brandstadt Says:

Here Are Rules on Contact Lens Use

A—I tried a pair of contact lenses but after wearing them one day I had such pain I could not stand it. The optometrist then made me a smaller pair. Could they hurt my eyes while I'm trying to get used to them? What are the advantages of tinted BRANDSTADT lenses?

A—It takes two or three days to get accustomed to wearing contact lenses.

If you plan to wear them, you should keep them in for eight to 10 hours the first day and 13 hours the second and third days. Don't try to work up to this level gradually.

Some persons, especially those with chronic conjunctivitis, cannot wear contact lenses.

Persons who are past 50 are likely to have a hard time adjusting to them.

They should not, however, damage the eyes unless (1) they are improperly fitted, (2) unhy-

gienic methods are used to insert or remove them (never moisten the lenses with saliva as many people do), (3) they are worn too long at a stretch; it is especially important not to wear them during sleep, or (4) they are worn when there is an infection in the eye or in a dusty environment.

One disadvantage is that wearing contact lenses lessens the sensitivity of the cornea, so that an early infection that

would ordinarily be painful is not felt until it has progressed to a dangerous stage.

Slightly tinted contact lenses are available in green, brown, blue and gray.

Only those that transmit at least 92 per cent of the light that strikes them should be worn.

About the only advantage they have over crystal clear (100 per cent light-transmitting) lenses is that when they are dropped they may be easier to find.

Q—I have colitis. About 10 days out of every month my stomach is flat but the rest of the time I fill up with gas. Can anything be done for this?

A—Unless you avoid the well-known gas formers — starchy vegetables, cabbage and Brussels sprouts — and control your tendency to have loose stools, no drug will help you.

Antispasmodic drugs, mild sedatives and a diet with little or no roughage should benefit you.

A new drug, methylpolyloxane (Mylocon, Silan or Phazyme) is recommended as a de-fubing agent, especially for persons who swallow excessive amounts of air.

Q—My doctor is giving me Phazyme and Festal for excessive belching. Have they any detrimental side effects?

A—Festal is a mixture of digestive enzymes. Neither this drug nor Phazyme have any harmful side effects.

(Written for Newsweek)
Esther E. Anderson

Leprosy Drug Cuts Malaria

By Science Service
WASHINGTON — A drug long used for treating leprosy is being given to U.S. troops in Southeast Asia as a preventive of falciparum malaria, which is resistant to other drugs and is often fatal.

DDS, short for diamindiol-phenylsulfone, is predicted to reduce the number of troops who will be stricken with this virulent form of malaria by 50 per cent. Reports on a six-month study made in the infest-

ed areas by a team of investigators from Walter Reed Army Institute of Research show that soldiers who still may be stricken will be able to return to duty in two or three weeks instead of from six to eight weeks. Chance of relapse, they say, is cut from 40 per cent to 4 per cent.

The soldiers are being given DDS in daily doses of 25-milligram pills and will continue to take them for one month after leaving the combat zone.

ALLSTATE RADIAL Tires

Tube-Type	\$43	Fits
Whitewall		6.00x13
		6.50x13
		7.00x13

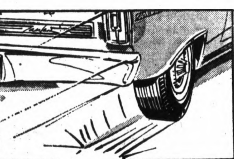

Each Tire and Tube Plus 2.15 Federal Excise Tax and Old Tire

- Its larger "footprint" puts far more rubber on the road. So you stop faster... steer with far more control.
- Thanks to the steel cord, it breezes through high-speed tests that make regular conventional tires fail.

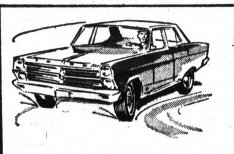

Amazing performance qualities... so superior as to be almost unbelievable. Double plies of high tensile strength woven steel cords support the tread with a continuous inner band of protection. Two radial wound plies of strong rayon cord make extremely flexible side walls.

Fast, Free Allstate Tire Mounting

Sporty-Ribbon Whitewall Style	Tire and Tube with Old Tire	Plus* Combined F.E.T.
6.00x13, 6.50x13, 7.00x13	\$43	2 ¹⁵
6.50x14, 6.95x14, 7.00x14, 7.35x14	\$43	2 ⁴⁶
7.50x14, 7.75x14	\$45	2 ⁷⁸
8.00x14, 8.25x14	\$47	2 ⁸⁹
6.50x15, 7.35x15, 6.70x15, 7.75x15	\$45	2 ⁶⁸

TRACTION like no other Sears Tire holds onto slippery, wet or dry pavement with a big broad foot print no other tire can match.

PRECISE TURNS. Sharper, much more definite control, with greater margin of safety when needed. Radial tire hold true to turns.

*Combined tire and tube Federal Excise Taxes
Allstate Radial Tires and Tubes are Made in France

ALLSTATE RADIAL TIRE GUARANTEE

Some guarantees the ALLSTATE Radial Tire, so long as it is used with ALLSTATE Radial Tubes on passenger cars or station wagons as follows:

1. GUARANTEED AGAINST TREAD WEAR—AND ALL FAILURE FROM ROAD HAZARDS FOR 40,000 MILES. If tread wears off or if tire fails before 40,000 miles, we will, at our option, replace it free or, in exchange for your tire, replace it or give you a refund. In either case, charging only for the mileage received. Others will be pro-rated share of this current regular selling price plus Federal Excise Tax.

2. GUARANTEED AGAINST PUNCTURE FOR THE LIFE OF THE ORIGINAL TREAD. If tire fails, we will, at our option, repair it free or, in exchange for your tire, replace it or give a refund. In either case, charging only for the mileage received. Others will be pro-rated share of this current regular selling price plus Federal Excise Tax.

U.S. Road Toll Thanksgiving High

35 Deaths Mar Holiday in State

BY THE ASSOCIATED PRESS

Three Detroit area persons died in a head-on collision in St. Clair County last night, bringing the Michigan Thanksgiving weekend traffic toll to at least 35.

The official counting period began at 6 p.m. last

Wednesday and ended last midnight. Three of the victims were below the age of 18.

Latest reported victims were Raymond Nowicki, 29, and his twin brother, Donald, both of Hamtramck, and Stanley Kosc, 53, of Detroit, all of whom died in the St. Clair County crash.

State Police said the Nowicki car crossed the center line on Gratiot Road just south of Mair St. and crashed into Kosc's car.

Others killed during the holiday weekend were:

Richard Spencer, 63, of Wayne, in a head-on collision on I-94 in Ypsilanti Sunday night.

Vera Holmes, 58, of Dearborn, her car collided with another at an intersection in Taylor Township, Wayne County, last night.

HIT-RUN VICTIM

Margaret Doris, 74, of Westland, when she was struck last night by a hit-run auto in Westland.

Calisto Cuellar Jr., 25, of Westlake, Tex., when his car was hit from behind and shoved into the path of an oncoming vehicle Sunday night on M14 four miles north of Greenville.

Richard Aizawa, 22, of Walluku, Hawaii, an airman stationed at Wurtsmith Air Force Base in Oscoda, when his auto jumped a divider on U.S. 23 last night north of Kawkawin and hit three cars.

Four persons were injured in the crash, two of them critically.

HIT TRUCK

William H. Ely, 39, of Owosso, and Stanley J. Kalisek, 35, of Flint, when they car struck the wheels of an oncoming semitrailer truck on M47 in Shiawassee County yesterday.

Thomas Kerr, 22, of Detroit, when struck by a car while walking along a street in Traverse City yesterday.

Charles Wyatt, 21, of Clinton Township, when he was riding ran off U.S. 25 and overturned in Macomb County Saturday.

Mrs. Jewell D. Morgan, 46, of Mount Morris, when she was struck by a car Saturday night on a road near Mount Morris in Genesee County.

PAIR DIE

John Davis and Eddie Crowell, both 24 and of Saginaw, when their car missed a turn on a Saginaw street and smashed into a tree Saturday.

Arthur Savage, 30, of Benton Harbor, when his car ran

THREE-WAY WIN—Receiving their shares in The Pontiac Press Annual Football Contest prize from editorial writer Howard Heldenbrand (left) are the co-winners of a \$500 U.S. savings bond. Mrs. Rudolph Lozano of 56 Foster; Earl L. Pool of 6853 Saline, Waterford Township; and Belinda

Hardesty of 61 Summer, Lake Orion, were out a starting field of several thousand contestants. They ended deadlocked at the conclusion of the contest's final game Saturday, in which Army beat Navy, 20-7.

Pontiac Press Photo

Storm Cuts Power in Eight State Counties

By the Associated Press

Rain, sleet and heavy snow—driven by high winds—slammed into a wide area of Michigan today, stranding hundreds of motorists and causing power failures in parts of eight counties.

In some areas, the wind was near hurricane velocity.

State Police reported up to 300 autos were stalled on highways between Marquette and Escanaba in the Upper Peninsula, with many of the occupants seeking shelter in restaurants, taverns and farm houses.

More than 100 persons reportedly spent last night in the Manistiquette armory.

A freak wind storm, centered just north of Houghton Lake in north central Michigan, brought wind gusts of up to 45 miles per hour in Grand Traverse Bay.

LAKE SUPERIOR

Along eastern Lake Superior, winds of up to 69 m.p.h. were reported. Hurricane velocity is 73 m.p.h.

Many of the stranded cars stuck in six-foot snow drifts, State Police said. The wind-driven snow cut visibility to zero and fell atop highways already covered with a coating of ice.

Blizzard conditions prevailed over much of the Upper Peninsula while more than two inches of rain fell on Grand Rapids yesterday. Detroit had more than an inch.

The Press Football Contest Ends in a Three-Way Tie

By HOWARD HELDENBRAND

On the philosophical principle that a third of a bond is better than none, three co-winners delightedly split the \$500 U.S. Savings Bond offered by The Pontiac Press as the Annual Football Contest award.

Those sharing in the windfall are Mrs. Rudolph Lozano of 56 Foster, Earl Pool of 6853 Saline, Waterford Township, and Belinda Hardesty of 61 Summer, Lake Orion.

They won their places in the winner's circle when Army defeated Navy, 20-7, Saturday in the final game of the contest.

The lucky contestants performed the amazing feat of correctly picking the winners of the entire 15-game contest schedule that drew a starting field of several thousand.

In the final game, the faultless threesome had to beat out two other diarchs who had gone along with Navy.

None of the three attributed foresight to occult powers.

Mrs. Lozano, a 47-year-old housewife and mother of eight, has always been wrapped up in the grid game and burned a lot of midnight oil smoking out winners before the contest deadline.

She expects to devote a sizable portion of her award to charity, though graduation of a son this year from St. Michael's School will undoubtedly have to be reckoned with.

Pool, 60, father of three, used

715 Are Killed Across Nation

BY THE ASSOCIATED PRESS

The number of persons killed in highway accidents during the past four days soared far past any previous record for a Thanksgiving weekend.

At the end of the count, at midnight local time, 715 persons had been killed with 121 of the victims under 18 years old.

Hazardous driving conditions in many areas, especially the Midwest, combined with the crush of homebound traffic to push the toll to a hundred more than the record 615 persons killed last year.

Late reports were expected to increase the total.

The toll was inflated by accidents which killed more than one person.

In Kentucky two accidents yesterday left eight persons dead.

HIT TRACTOR-TRAILER

Four teen-agers died when their car crashed into a tractor-trailer on U.S. 25 between Middlesboro and Pineville. Four other persons were killed in a collision on U.S. 31E near Glasgow.

Many other areas reported multiple-fatality accidents.

The death toll recorded during last year's 102-hour Thanksgiving holiday was the highest for the eight years in which The Associated Press has kept records.

A similar count, made during last year's 102-hour Thanksgiving holiday was the highest for the eight years in which The Associated Press has kept records.

The record Thanksgiving death toll emphasizes a general increase in traffic deaths. Fatalities have risen 29 per cent in the last five years.

The National Safety Council reports that 49,000 persons died in traffic accidents last year.

The count through September of this year reached 38,190—the first nine months of 1965.

This year the nation has about 95 million drivers, and they are expected to travel considerably more than the 880 billion traffic miles estimated last year.

NOT BUSY PERIOD

The safety council says the Thanksgiving period is not usually regarded as a heavy traffic period. But it pointed out that at the beginning of the Thanksgiving weekend roads were dry and temperatures mild through much of the nation.

The Thanksgiving toll is the highest for any holiday so far this year. Earlier holiday periods were three-day weekends.

The number killed included 565 during the New Year period, 542 on Memorial Day, 576 on Independence Day and 636 on Labor Day.

U.N. Near Vote on China Issue

Close Tally Predicted on Year's Study Plan

UNITED NATIONS, N.Y. (AP)—The U. N. General Assembly today neared its annual decision on the admission of Red China to the world organization.

Diplomats predicted a close vote on an Italian resolution referring the issue to a special committee for a year's study.

The assembly was expected to vote late tonight on the Italian resolution and two others.

One, the annual Communist proposal to oust Nationalist China and seat the Communists, was believed certain of defeat.

The other, the annual U.S. resolution calling for a two-thirds vote to change China's representation, appeared likely to be approved.

VOTE PREDICTED

Some sponsors of the Italian resolution predicted the 121-nation assembly would adopt it by a vote of about 45-40, with some 35 abstentions. But some of its opponents guessed it would be defeated by a margin of one or two votes.

The Italian resolution hints that both Chinas should be in the United Nations.

It speaks of the need to promote universality in the organization and "pave the way to an appropriate solution, taking into account the existing situation and the political realities of the area."

It would have the assembly name a committee of U.N. member countries to study the situation and recommend a "practical and practical solution" to the assembly's 1967 session which begins next September.

WIDE APPEAL

Without mentioning the rival Chinese regimes, it "appeals to all governments concerned to give assistance to the committee."

Both Chinese governments rejected the Italian proposal and the two-China solution that it appeared to be a prelude to.

Tree Cuts Power in Part of County

FARMINGTON TOWNSHIP—Some 1,600 homes in the township and a portion of Southfield were without electricity for about two hours yesterday when a falling tree severed a Detroit Edison Co. power line.

The power in the southeastern corner of the township and an adjoining section of Southfield went out about 1:20 p.m.

Service was restored about 3:30 p.m.

"How come vegetables never shrink up to nothing like hamburgers?"

U.S., S. Viet Mum on Truce

Ground War Is Quiet; B52s Hit Red Targets

SAIGON, South Viet Nam (AP)—High-flying U.S. B52 bombers pounded the suspected central headquarters of the Viet Cong today, but few shots were fired on the ground.

The U.S. military command reported only three small skirmishes in various sectors and said 18 Viet Cong were killed. Vietnamese headquarters listed only one light contact today, reporting five of the enemy killed.

There was still no word from the U.S. and South Vietnamese commands whether they would order a truce at Christmas and New Year's.

The Viet Cong announced Saturday it would stop fighting for 48 hours on the Christmas weekend and for 48 hours over the New Year.

Continued monsoon rains and generally bad weather over North Viet Nam sharply reduced U.S. air raids again yesterday, limiting pilots to 32 missions.

The giant B52s flew in from Guam and bombed the suspected site of the Viet Cong's Central Office of South Viet Nam in jungles of Tay Ninh Province near the Cambodian border. The province, northwest of Saigon, was the scene of the massive U.S. Operation Attleboro, a 43-day sweep which ended Saturday.

Forecast Turns Normal—Cold

Squaw winter and Indian summer give way to genuinely seasonal weather tonight, as the forecast predicts colder temperatures and snow flurries.

Tonight's low will fall in the 23 to 27 range. Winds will diminish from today's 15 to 30 miles to 8 to 18 miles by this evening.

Colder temperatures will continue tomorrow and Wednesday with a chance of snow flurries.

Low temperature reading in downtown Pontiac prior to 8 a.m. was 30. By 1 p.m., the mercury had inched to 31.

By House Dem

Big Tax Hike Predicted

WASHINGTON (AP)—Rep. Hale Boggs, the third-ranking Democratic leader in the House, predicts President Johnson will ask the new Congress for a \$10 billion to \$15 billion increase in the income tax.

But the Louisiana says Johnson "hasn't told me so."

Boggs, back from talks with Johnson in Texas last week, said yesterday on the program "Face the Nation" that proposed expenditures of \$125 billion will bring "a deficit of a considerable magnitude" over revenues pegged at between \$115 billion and \$118 billion.

Boggs added: "I would think that both parties, having committed themselves to fiscal responsibility, will face up to such an issue."

"I just don't believe that we would want a deficit of that proportion, particularly where the deficit is called for as a result of national defense commitments."

TAX HIKE URGED

Dr. Walter W. Heller, former chairman of the President's Council of Economic Advisers under John F. Kennedy and Johnson, again urged a 5 per cent across-the-board income tax boost as a device to slow the economy.

AP Wirephoto

CHEERFUL DUO—President and Mrs. Johnson presented beaming smiles as they left St. Barnabas Episcopal Church in Fredericksburg, Tex., yesterday. Following the service, they returned to the LBJ Ranch where the President is recuperating from his recent surgery.

27 DAYS TILL CHRISTMAS

Jordanian Troops Put Check on Protesting

JERUSALEM, Jordan (AP) — Armored squads of Jordanian Arab Legion checked more anti-government demonstrations in towns along the border with Israel Sunday, but the curfew was eased in Jerusalem.

The official Syrian Arab News Agency reported that Saudi Arabian forces had crossed the border to help King Hussein, but the report was not confirmed elsewhere.

Jordanian troops and armored cars surrounded the northern town of Nablus and two nearby army would enforce a 24-hour curfew.

FIL STREETS

Shops were reopened in Ramallah after the curfew was lifted. But young demonstrators gathered in streets filled with rubble from previous disturbances, troops moved in and the curfew was renewed.

Soldiers manned checkpoints on all roads north and south of Jerusalem. In the city, the curfew was removed during daylight hours and the only incident was a demonstration by a group of women. Many shops stayed shut as troops patrolled and armored cars remained in the streets.

The 200 miles of Jordan's open and mostly unmarked frontier with Israel was peaceful. There were no military activity in the hills where shepherds moved their flocks about as usual.

In Bethsafa, one of two villages split between Israel and Jordan, children played near a six-foot wire fence marking the border.

FORTIFICATIONS

The Arab refugees and other groups began demonstrating after Israeli forces destroyed the border village of Samu Nov. 13. The demonstrators demanded the frontier be fortified.

King Hussein ordered strengthening of border defenses, but Gov. Mubaiden said he was still waiting for instructions and reinforcements to carry out the order.

In the Israeli sector of Jerusalem, Israeli Premier Levi Eshkol said the U.N. Security Council's censure of Israel for the Nov. 13 attack ignored the causes of the border tension. Israel made the attack in reprisal for Arab terrorist raids.

Sanity Arguments on Speck to Be Aired

CHICAGO (UPI) — Richard C. Paschen scheduled the hearing today despite the heated objections of public defender Gerald W. Getty.

Getty argued that there was no evidence to suggest his client was not competent. Behind the argument was Getty's implied desire to keep Speck from being ruled incompetent and committed to an institution for the criminally insane.

The public defender, who in hundreds of murder trials has never had a client executed, has indicated he would base his defense on a plea of temporary insanity.

Paschen told Getty that statements the lawyer has made to news reporters "raise a question in my mind as to the competency of this defendant."

IS ADMONISHED

Getty argued that a panel of psychiatrists had already found Speck competent to stand trial but Paschen cut him short, admonishing him to make no more statements about the competency hearing.

The six-doctor panel, named jointly by the prosecution and defense, had officially revealed the findings of examinations made of Speck.

But published reports quoted one of its members as saying the panel had determined Speck was fit for trial.

A panel of 12 persons — usually consisting of six men and six women — was to be selected to hear testimony from the psychiatrists. Such hearings generally take very little time and could be finished in one day.

TRIAL CHANGE

The question of mental competency was to be decided before Paschen rushed on a change of venue motion. Getty has said his 24-year-old client could get a fair trial in the Chicago area.

Police Charge Waterford Duo

Two Waterford Township youths face preliminary examinations after their arrests yesterday morning in connection with a break-in at the Federal Department Store at Drayton Shopping Center, 500 Dixie, in which more than \$3,000 was taken from a safe.

Arrested by State Police of the Pontiac post only a few hours after the burglary were James L. Rohm, 17, of 463 Suburbs and Wayne R. Dabbs, 19, of 2822 Newberry.

The suspects were taken into custody at their homes by State Police Troopers Charles Garrison and Harry Smith.

Arraigned yesterday before Township Justice Kenneth Hempestead, Rohm and Dabbs both demanded examination which was set Dec. 6. Bond was placed at \$3,000 on each suspect.

The suspects allegedly entered the store through a hatch door on the roof and cut a hole through a cement wall to gain access to the store office which contained the safe.

TRACKED DOWN

They fled, but were tracked down by police who had obtained the license number of the car used by the suspects.

The loot was recovered by State Police.

The Weather

HELD BY SOVIETS — Two Americans, Ray Buel Wortham Jr. (left) of North Little Rock, Ark., and Craddock M. Gilmore Jr. of Salt Lake City, have been held in Leningrad since Oct. 1 and have been charged with currency violations. Facing trial before the Leningrad City Court, they selected their lawyers from the Leningrad Bar Association, the U.S. Embassy said.

Yanks Hire Red Lawyers in Soviet Money Trial

MOSCOW (AP) — Two Americans facing trial in Leningrad have chosen their lawyers from the Leningrad Bar Association, the U.S. Embassy said today.

Craddock M. Gilmore Jr. of Salt Lake City, Utah, selected Dydor S. Rozhdenskiy to defend him against a charge of violating Soviet currency regulations.

Ray Buel Wortham Jr. of North Little Rock, Ark., chose Semyon A. Khayfits to defend him against a charge of stealing an antique statue of a bear from a Leningrad hotel.

The two men, each 25 and former U.S. Army lieutenants, were arrested Oct. 1 as they were trying to drive out of the Soviet Union. A date for their trial has not been made public.

LAWYERS HIRED

The U.S. Embassy spokesman said the two men had talked with the lawyers and agreed to hire them. Their parents are expected here to pay the lawyers' fees.

The two lawyers were among several approached by the U.S. Embassy's consular officer, Harlan Moen. Moen has talked with the two Americans four times in Leningrad. They told him Saturday they would seek bail until the trial, and the embassy sent a note to the Soviet Foreign Ministry today repeating earlier requests that they be released on bail.

Road Toll Hits 35 in Michigan

(Continued From Page Two)

off a Benton Harbor road and his a tree Saturday.

Jerome Tierney, 30, of Champion, and his brother, Joel, 31, of Chicago, when their car hit a 35-cent toll on the Upper Peninsula's Marquette County Saturday.

Robert A. Averill, 45, of Grand Rapids, and his wife LaVerne, 45, in a two-car head-on collision in Sparta Township, Kent County, Saturday.

HIT BY CAR

Arthur Holt, 77, of Dearborn, when he was struck by a car Friday night in Dearborn.

Mary Hicks, 17, of Okemos, in a two-car crash Friday night at an intersection in East Lansing.

Charles Doby, 40, of Monroe, when he car left a rural road and struck a tree Friday.

Robert J. Saenz, 19, of Wyoming, in a two-car collision Friday in Wyoming, a Grand Rapids suburb.

SKIDS OFF ROAD

Bruce Johnson, 20, of Royal Oak, when he car in which he was riding skidded off a road and struck a tree Friday, 10 miles west of Pontiac.

Elaine Joyce Piar, 24, of Detroit, in a two-car, head-on collision Thursday night on M76, one mile south of Standish in Arenac County.

Carol Marie Sullivan, 29, of Alpena, driver of one car, and his brother, George Koncar, 35, of Southgate, in a two-car collision Thursday on M33 in Green Township, Alpena County.

Robert Dean Gross, 22, of Wayne, when his car ran off a curve on U.S. 23 and hit an embankment Thursday in Washtenaw County north of Ann Arbor.

Robert R. Rooke, 19, of Pinckney, when he apparently fell asleep Thursday at the wheel of his car, ran off a street in Ann Arbor and struck a tree.

Timothy Ray Marshall, 31, of Stockbridge, when the car in which he was riding was involved in a two-car, head-on accident Thursday in Stockbridge Township, Ingham County.

Edward Woodward, 12, of Flint, when the bicycle he was riding was struck by a car Wednesday night in Flint.

Timothy Fitzpatrick, 19, of Detroit, when his motorcycle struck a utility pole in Detroit Wednesday night.

Emma Starlie Allen, 40, of Genoa City, when struck by a car while walking on Inkster Road in Redford Township Wednesday night.

Children Loot Firm of \$560

Two youngsters — about 8 and 10 years old, respectively — made off with \$560 from a city scrap metal firm. It was reported this weekend to Pontiac police.

Maitilda Waters, 49, an employee at Sam Allen & Sons, Inc., 22 Congress, told police the two boys came into the building about 3:30 p.m. Saturday, telling her they were "waiting for another employee."

Mrs. Waters said she went briefly to a restroom, then stepped quickly back to the office when she heard the register's cash drawer being opened.

The boys had disappeared, she said, along with \$610 bills from the register.

Both youths were Negroes, she said, the 8-year-old "chubby and well dressed," and the 10-year-old about 5 feet tall, wearing a brown ski jacket.

The Instituto de Nutricion de Centro America y Panama, called INCAP, has developed a new food called incapar, to fight malnutrition among Latin America's children. Rich in protein, it has helped to save many lives, the World Health Organization reports.

Birmingham Area News

Three Public Hearings Tonight

BIRMINGHAM — Two public hearings on cluster-house zoning classification and back lot development, both postponed from last week, will be held by the City Commission tonight.

For the past year, permits have been withheld for back lot residential development and a cluster-type residential single-family development in anticipation of an ordinance regulating the two forms of construction.

A public hearing is also scheduled on installation of a traffic island diverter at Mohegan and Adams to control the flow of traffic which residents say is excessive.

The diverter would prohibit traffic traveling north on Adams from making a left turn onto Mohegan and would only allow a right turn from Mohegan onto Adams.

Also to be discussed by the commission tonight is a change in the ordinance regulating motorcycle rental agencies.

It has been proposed that the regulation prohibiting establishment of an agency within 500 feet of residential zoning be transferred from the licensing ordinance to the zoning ordinance.

If placed in the zoning ordinance, it would not be retroactive and would not force present agencies out of business.

The Birmingham schools in cooperation with the State Department of Education will soon offer driver education instruction to all high school students of the district.

Any student living within the boundaries of the school district, 15 years of age or older, is eligible to participate in the program. Actual assignment to a given term is made solely on the basis of age with older students having priority.

A qualifying student wishing to apply for admission must complete the appropriate portions of the application form. The parents or legal guardian of the applicant must then complete the form and return it to the Office of Added Education, Birmingham Public Schools, Chester and Merrill, Birmingham.

Application forms will be available on and after Thursday in any of the secondary counseling offices or from the Office of Added Education.

Successful completion of the course will result in the issuance of a Michigan Driver Education Certificate. The holder of such a certificate may then take the regular examination necessary for a motor vehicle operator's license.

West German Coalition OK'd by Social Democrats

BONN (AP) — West German Social Democrats — the party's largest party — have OK'd a coalition with the Christian Democrats — are expected to join in a "grand coalition" to govern the country despite opposition within the Socialist rank and file.

Socialist members of the Bundestag approved the coalition after a 10-hour debate Sunday. The Christian Democrats vote today. Once they approve, the trading for Cabinet posts will begin in earnest.

The coalition would have 447 seats in the Bundestag, with the remaining 4 seats belonging to the Free Democrats, former coalition partners of the Christian Democrats. The Social Democrats have 202 seats and the Christian Democrats 245.

START OF CRISIS

The government crisis was set off last month when the Free Democrats quit Chancellor Ludwig Erhard's coalition over a budget dispute.

Christian Democrat Kurt Georg Kiesinger, a former member of the Nazi party, appears certain to replace Erhard as chancellor, with West Berlin Mayor Willy Brandt as vice chancellor and perhaps foreign minister. Brandt heads the Socialist party.

Some Socialist leaders opposed to the coalition with the Christian Democrats tried to form a government with the Free Democrats, but Brandt said Saturday such a government would have only a slim majority in the Bundestag and that stability is needed.

Two Cabbies Robbed in City

Bandits held up two Yellow Cab Co. drivers early yesterday and today on Pontiac's South Side, taking wallets from each of the victims.

Peter Greenwood, 27, of 66 Lorraine told Pontiac police he was dispatched to pick up two fares at an address on Maple Street about 3:25 a.m. yesterday.

Two men, one with a gun and one with a knife, walked up to the cab, Greenwood said, taking from him the keys to the cab and an undetermined amount of money from his wallet.

Leroy Carter, 46, of 275 Prospect said he picked up two men about 3:10 a.m. today and was directed to an Orion Street address.

There, Carter told police, one of the men pulled out a German Luger pistol and forced Carter to drive to the rear of Bethune Elementary School, 175 Lake, where the cab driver was robbed of \$15, a watch, and his wallet.

Both drivers told police their assailants were Negroes.

Lung Ailment Takes 3 Quints

PITTSBURGH, Pa. (AP) — Two of the Aranson quintuplets struggled for life today, but only one showed signs of overcoming the lung ailment that claimed three of her sisters.

Doctors said there was little hope for the other surviving girl, Marci Jill, the last-born of the five girls delivered 2 1/2 months prematurely Saturday to Mrs. Michael Aranson, 22, a former kindergarten teacher. The father, also 22, is a law student at Duquesne University.

"The chances for Marci Jill," said one physician, "are not good."

There was hope, however, that Roni Sue, the first-born and largest of the quintuplets at one pound, 12 ounces, could win her battle for survival.

LUNG AILMENT

The lung ailment first claimed Susan, the third-born, who died at 2:15 a.m., Sunday just short of 24 hours after birth. The second-born, Any Beth, died at 2:15 p.m. and the fourth-born, Kimberly Ann, at 3:40 p.m.

Dr. Lee Bass, chief of pediatrics at Magee-Womens Hospital, said there also was a possibility that Marci Jill's brain had been damaged by lack of oxygen.

A tube was inserted into the infant's windpipe — trachea — through her mouth and a mechanical respirator was breathing for her.

Roni Sue was in a heated and glass-enclosed incubator. Her breathing was somewhat labored but not artificially aided.

Lake Orion Man Unhurt in Plane Crash

A 35-year-old Lake Orion man escaped serious injury early yesterday morning when he was forced to crash-land a small Cessna airplane in Groveland Township about one-half mile north of I-75 and Grange Hall Road.

Robert E. Smith of 138 Highland received only minor facial lacerations in the crash, according to State Police of the Pontiac post.

Enroute from Escanaba in the Upper Peninsula to Pontiac, Smith told police the plane's power suddenly failed while he was flying over Groveland Township only about eight minutes from Pontiac Municipal Airport.

Smith said he originally wanted to land on I-75, but couldn't. Consequently, he landed the aircraft in a cluster of small trees.

Both wings of the airplane, the engine and propeller were damaged, State Police said.

Smith got out of the plane, walked to the I-75 expressway and hitchhiked a ride home.

Mechanic Saved at Pole Is 'Good'

WASHINGTON (AP) — Lomle D. McKinney, a U.S. Weather Bureau mechanic who was stranded on an arctic island 800 miles from the North Pole for four days after suffering a heart attack, was reported in good condition today at a hospital at Inuvik, Northwest Territories, Canada.

McKinney, 30, of Alexandria, Va., suffered the attack at the station at Mould Bay, Prince Patrick Island, Canada.

Football Contest Ends a 3-Way Tie

(Continued From Page Two)

The hunch method in picking his winners. A GMC Truck & Coach Division employee for 32 years, he plans to retire Wednesday and thinks his bond bonanza will fit in well with some long-deferred ambitions.

Belinda, 18-year-old daughter of the Ray Hardestys of Lake Orion, is a pretty blip, if young, gridiron follower and clocked many hours homework on her contest selections.

She did concede that her father offered a suggestion or two. Her winner's share is earmarked for an educational fund.

The Press congratulates the winners on their good fortune and consoles the losers with a promise that there's always another year.

FRITZ IN A MESS — An elk named Fritz, owned by Simon Burg of Stonehall, Tex., got tangled up recently in a piece of chain-link fence. Efforts to corral the animal in order to remove the fence failed. A veterinarian was subsequently called to administer a tranquilizer, enabling rescuers to get to Fritz.

TRY TO PONDER Airport Issue

TROY — There'll be no more public airports here if aroused home owners can stop it.

A large crowd is expected at tonight's City Commission meeting. A representative of the Federal Aviation Agency (FAA) is also expected to attend, according to Paul A. York, city manager.

At issue is the proposal to make the Jim Robbins Co. airport public.

The city and its residents have already won a 30-day delay until Jan. 6 on a hearing in the matter.

Meanwhile, the city has contacted U.S. and State senators and representatives, the Michigan Department of Highways and the Oakland County Road Commission. Objections to the project have been returned by the road commission.

RESEARCHER

The city attorney is currently researching all valid "Aeronautical Reasons" which could keep the field from becoming public. These are the only kind of reasons the FAA has said it would accept.

Similar action has been taken in the cities of Clawson, Madison Heights and Royal Oak in a determined effort to keep the airport from becoming public.

Also on the agenda for tonight's meeting is a proposal that Troy accept state standards in the training of police officers in order to make the city eligible for reimbursement of training costs.

Police Chief Forrest O. Fisher has prepared a report on enforcement of the junk car ordinance.

He says that since May 1, 476 persons have complied with the notice to correct the situation in 60 days and that 82 others were issued summons to court for failure to comply. Fifteen cases are currently pending.

JEANNE SHOOTS

Junior Miss Picked in Clarkston Event

CLARKSTON — A 17-year-old senior at Clarkston High School, Jeanne Shoots, has her sights set on the Michigan Junior Miss Pageant after capturing the local contest here Saturday night.

The daughter of Mr. and Mrs. James O. Shoots of 9070 Sassa-baw, Independence Township, was chosen from a field of 15 entrants in gaining the honor and qualifying for the Jan. 27-28 state contest at Pontiac Northern High School.

Jeanne succeeds last year's Clarkston Junior Miss, Cathy Lessard, who participated in the crowning ceremony in Clarkston High School's Little Theater.

For winning, Jeanne received a \$250 college scholarship from the Clarkston Area Jaycees, a cosponsor of the pageant. A pianist, Jeanne plans to enroll at Oakland University next fall. She will major in elementary music education.

For her talent presentation, Jeanne played "Bumble Boogie" on the piano.

SECOND PLACE

Runner-up in the pageant was Shayla Smith, 17-year-old daughter of Mr. and Mrs. Ernest D. Smith of 6240 Eastlawn, Independence Township. She was presented a \$100 scholarship.

A special judges award was given to Karen Caldwell of 8870 Crosby Lake, Springfield Township, "for her freshness and congeniality which added a great deal to the spirit of the pageant."

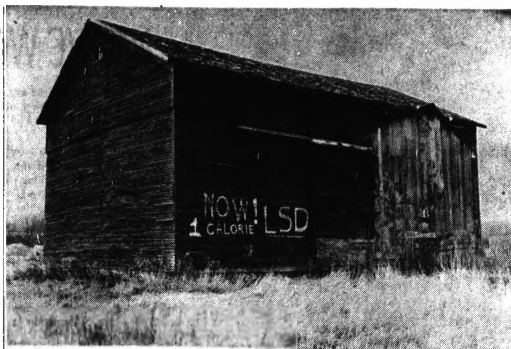

2nd Apparel Firm Slated

TROY — Somerset Park, already chosen as the site of a 71,600 square foot, will start in April. Louis G. Redstone of De-nov is designated as the location of a future Bonwit Teller shop.

The Saks store, due to open in 1967, will be succeeded by an opening in 1968 of the 13th store in the Bonwit Teller chain.

It is the first time the two exclusive apparel shops have paired in a shopping center location. Somerset Park's shopping area at Big Beaver and Coolidge.

Construction of the Bonwit

STAY SLIM, TRY LSD?—For those who want to "take a trip" but return to a trim figure, the latest in low-calorie fads is "ad-vertised" by a prankster on an old barn on Big Beaver near Coolidge in Troy.

Santa Has Lots of Help

By JEAN SAILLE

"But he's not the real Santa Claus," mused a complacent 7-year-old blue-eyed blonde last week.

Sitting cross-legged on the carpet, she witnessed via television as the jolly old salesman alighted simultaneously in three quite separate North American cities — Detroit, New York, and Toronto.

Little did she know that various helicopters — sans para- and electronics — were depositing the same little old smiling gentleman (or a pudgy likeness) in less wealthy and public relations-minded communities all across the country at almost the same instant.

Her harried mother — busy basting the bird — stopped to remember when the old gent was someone who'd always just flown out of sight in the December sky.

"There he goes! See him! Oh, you're too late..."

SHRINKING DOLLAR

But times change — and even more noticeable at this time of year — is how money changes.

The trip by a dollar across the toy store corridor inevitably results in the purchase of a smaller portion of the "Dear Santa Claus, I want..." than it did last year.

No research has been conducted on whether this is due to increased expectation of the kids or to the actual dwindling of the dollar.

There are those who suspect a combination of the two — plus the fact that a toy dump truck, which satisfied a 5-year-old, does not have quite the same appeal for a 14-year-old.

There has been no formula devised to explain how an aging child requires more expensive presents, but not even Einstein would have argued that it's not true.

COMPUTER NEEDED

The trouble is parents do not have the proper factor to use in computing successive Christmas budgets.

One rather festivist-out mother who claims she's bought everything has a theory in this regard.

She claims that if all the guaranteed unbreakable toys (and even those that are frankly not labeled unbreakable) which have entered her house in past years were laid end to end, she would go into the toy business for herself.

And then there's that matter of getting those breakables secretly into the house under the cover of darkest night and past quietly sleeping children.

MANY QUESTIONS

The parents are still asleep next morning when attacked by a horde of small wonders, all shouting, "Where'd you hide the

presents? What'd you buy me? (the cowboy boots! or slot-cars! or doll!)"

Take your choice. It's inevitable.

NO SHOUTS

One other undisputed fact is that no kid runs up and down the hall shouting, "Oh boy, I got a new sweater, or a new pair of pants, or new shoes, or mitts, or boots" or one of a thousand other things he really needs and might get more than four hours use from.

Still there's something about Christmas morning that always seems to make the spree worthwhile.

Of course, there's still those January bills to cast doubt on the whole project.

Troy Schools Facing Deficit

Might Go \$289,000
in Red; Action Urged

TROY — Despite a higher percentage of local tax support, the school district fully expects to wind up with a \$289,000 deficit on next June 30.

"And something had better be done about it this year," according to Dr. Rex B. Smith, schools superintendent, who presented the current budget report to the board of education last week.

"Either more state aid, or more local revenue from new construction, or more millage for operation, or a cutback in education programs and services, or a combination of these," Smith says must occur.

Smith says that though many other school districts find themselves forced into deficit-financing, it still doesn't alter the necessity for trying to find a correction — "even if it means state fiscal reform including an income tax."

Smith told the board that though federal aid has increased and may increase more, it has been categorical in nature and not available for general expense.

NEW ISSUE NEEDED

The \$2.5-million bond issue passed in June is expected to take care of the future school site problem, but Smith says as the population increases there will have to be a new bond issue for construction of more schools every two or three years.

He points out that future bond issues will not raise the bonding millage above the present 2 mills.

Approval of the record-breaking \$3.2-million budget was delayed, Smith said, because contract negotiations with employee groups was not completed until late September.

LISTED AS A CONTRIBUTING

Reason for the deficit increase in this year's budget was a drop in state aid from \$210 to \$200 per pupil.

Due to an increase in Troy's state equalized valuation, it falls to the local district to also bear a higher portion of the tax supporting.

Smith lists total income for the year as \$2.9 million — up \$643,760 over last year.

Rec Area for Handicapped Sought in Commerce Twp.

COMMERCE TOWNSHIP — The township may one day be the site of the only recreational spot in the country devoted primarily to the blind and other handicapped persons.

It all depends on what such as the Wixom-Walled Lake Lions Club has in finding some available land.

For several months now the site committee, headed by Chairman Arthur Lange, has been seeking a site, preferably through a donation.

The members approached the Huron-Clinton Metropolitan Authority but were turned down because, according to Lange, it would open the door to numerous requests from other organizations.

A similar request to the Conservation Department was also denied.

NEEDS DETERMINED

Right now the committee is in the process of compiling facts and figures on exactly what would be needed in such a facility.

Once the data is gathered, it will be presented to the Commerce Township Board along with a request for some land.

"There are 16,000 acres of unused land in the township," said Lange, "and we would like to have a portion of this granted to us."

The committee is looking for a site of about 10 acres.

TO SEEK DONATIONS

Lange said the club will eventually seek financial donations but not until the land is actually made available.

Lange said the site must be

suitable for entertaining primarily the blind, but also other handicapped groups throughout this area, the state, and possibly the rest of the country.

He said it would be used in conjunction with, but not affiliated with, the Leader Dogs for the Blind in Rochester.

"We plan to limit it to the blind and other handicapped people because present public facilities do not adequately accommodate their needs," said Lange. "We don't want to inconvenience others nor permit handicapped groups to feel any discomfort because of unwanted sympathy."

The land will be used primarily for a picnic site, he said, but may be extended to other uses.

Police Hunt Robber of Detroit Lawyer

DETROIT (UPI)—Police today were looking for a gunman who robbed a prominent attorney of \$1,200 in his downtown law office Saturday.

Attorney William Levin told police a man with a briefcase walked into the nearby office of attorney Ronald Gold, 33, in the First National Building Saturday afternoon, and then forced Gold into Levin's office.

The man forced the two lawyers and a client in Levin's office, Sam Kros, 72, to lie on the floor while he tied them up. He then fled with \$1,200 from Levin's wallet, \$113 from Kros, and \$35 from Gold.

Holly Twp. May Lose More Land

HOLLY — The township of Holly, which already may lose 418 acres of land to the village through annexation, faces possible loss of another 42½ acres.

Owner of the land, millionaire industrialist Fred Barton, asked the village council Friday night to annex the area.

Located north of the village, adjacent to the 418 acres previously proposed for annexation, the section contains a senior citizen's trailer village and a lagoon-type sewer system, which Barton built.

Village President Clarence Lester said Barton has asked that the village also purchase the sewer system.

Before any decision is made, Lester said, an engineer from the State Health Department will check out the sewer system.

OWN DECISION

Lester said the council can make its own decision on the annexation without a hearing by the Oakland County Board of Supervisors.

A hearing will be held Dec. 14 by the boundaries committee of the Board of Supervisors on the proposed annexation of the 418 acres north of the village.

Week of Prayer to Be Observed

AVON TOWNSHIP — Ridgecrest Baptist Women's Missionary Society will observe a week of prayer for the foreign missions beginning Sunday.

Theme of the observance is "Behold the Lamb of God!" Special meetings are scheduled for 7:30 p.m. Tuesday and Wednesday nights at the church.

One of those days when your phone means so much

Whoops!
The folks.
And earlier than expected.
So, you call the neighbor for the roll-away bed you borrowed last time. The butcher for a bigger roast. The girl next door to pick up the children. Five calls to cancel the Neighborhood Mothers' meeting. And finally, you call your sister-in-law to tell her that they've arrived.
What else in your home does so much for you, and costs so little?

Michigan Bell
Part of the Nationwide Bell System

Worse Smog Crises Due, Warns Expert

WASHINGTON (UPI) — The air pollution crisis that struck sections of the Eastern Seaboard last week may occur again on an even bigger scale if steps are not taken soon to control what's spewed forth into the air every day.

Vernon McKenzie, head of the U.S. Public Health Service's division of air pollution, told UPI today the New York smog crisis was "a warning of what can happen — and what will happen — with increasing frequency and in wider areas unless something is done to prevent it."

During the past weekend, an air pollution alert was ordered in the New York metropolitan area, including New Jersey and Connecticut, as the smog hovered at the danger mark.

At one point, it actually surpassed the mark as the result of a "temperature inversion," a quirk of weather that kept the stagnant, dirty air blanketing the area. The alert was canceled when the air cleared Saturday.

McKenzie said that, in New York City, "sulphurous pollution levels are above what should be permitted."

So when freak weather conditions occur — as they did last week — the situation quickly moves toward the critical.

AVERAGE PARTS
He said that, during 1965, New York City averaged .21 parts per million of potentially lethal sulphur dioxide, with the maximum reading for a day .70 and for a single hour 1.70.

"Desirable air quality," he said, is .10 for a day or .25 for a single hour "with these conditions not to be exceeded more than 1 per cent of the time."

McKenzie elaborated on the dimensions of the problem in an interview with a UPI reporter:

Q—What are the effects of sulphur dioxide pollution?

A—If you have .02 to .03 ppm (parts per million) for one year,

you can expect increased death rates from respiratory disease, significant corrosion of metal, and injury to perennial vegetation.

THRESHOLD
If it reaches .10 to .30 ppm for two to four days, there will be increased hospital admissions and deaths from cardiorespiratory disease, sore throats, coughs and eye irritation and mild-to-acute injury to sensitive vegetation.

Q—Is the federal role in air pollution going to increase?

A—Yes, I think so. The main thrust will be in providing state and local agencies the means to solve their problems. This will include technical developments and funds.

However, there are always things which aren't susceptible to state regulations. Autos, for instance, are a nationwide problem and require nationwide attack.

1968 MODELS
As you know, all new 1968 model cars must meet federal standards of exhaust control.

Q—Do you see any technological breakthroughs that will ease the problem?

A—We can control smoke and particle emission but we don't have adequate ways to remove sulphur from stack gases. Laboratory scale experiments on this look promising but as yet aren't commercially feasible.

Q—Can we also reduce the amount of sulphur in fuel?

A—We can also reduce the amount of sulphur in fuel. New breeder-type nuclear reactors that increase the recovery of energy from fuel from 1.5 to 75 per cent are also promising.

Q—What do you expect in the future?

A—Projections for fuel use predict a three-fold increase in this century, and we already have levels of pollution above what they should be.

We can't tolerate such a growth in pollution. The major problem has been to get a coordinated over-all approach and effort to control pollution in a whole metropolitan area.

Local efforts in New York City have been valuable but you won't solve the entire problem unless it's done on a wide geographical area.

Q—What action is being taken at federal installations?

A—We have just promulgated regulations for federal installations in New York, Philadelphia and Chicago. In New York, we have set a maximum level of .35 pounds of sulphur dioxide per million thermal units of heat produced.

Q—What are the effects of sulphur dioxide pollution?

A—If you have .02 to .03 ppm (parts per million) for one year,

you can expect increased death rates from respiratory disease, significant corrosion of metal, and injury to perennial vegetation.

THRESHOLD
If it reaches .10 to .30 ppm for two to four days, there will be increased hospital admissions and deaths from cardiorespiratory disease, sore throats, coughs and eye irritation and mild-to-acute injury to sensitive vegetation.

Q—Is the federal role in air pollution going to increase?

A—Yes, I think so. The main thrust will be in providing state and local agencies the means to solve their problems. This will include technical developments and funds.

EMERGENCY LANDING — A military-chartered 707 jet airliner with 147 persons on board and a broken landing gear landed safely at Oakland (Calif.) International Airport Saturday on a runway covered with foam. This sequence of photos shows the plane coming in, a close-up of the out-of-position landing gear and the skidding but safe landing. Capt. Elmer Weekly of Los Altos, Calif., was the pilot. The foam was spread to prevent fire.

Gang-Style Detroit Murders

Pair Charged in Slaying of 2

DETROIT (UPI) — Police today charged two men with the gang-land-style slaying of a pair of Detroit men allegedly over a \$21 default on a narcotics payment.

Police said they would ask for a warrant charging Willie James Harper, 22, with the bullet-riddled slaying of the two men yesterday.

Police also arrested Calvin Pennington, 22, in connection with what police called a "hitler execution."

Police said today that they arrested Pennington and Harper last night in a raid of an alleged dope den.

Police said that neither murdered man had a previous police record, but Forster's wife said her husband's life had been threatened.

In modern usage, the term "blood money" is applied to the reward or bribe paid for giving up a criminal to justice.

3 Youths Pour Lye on Victim

NEW YORK (AP) — "Please don't hurt me!" Philip Fiedler cried. "Here, take my dollar bill."

But the three youths who had wrestled the 62-year-old welfare recipient to the sidewalk on Manhattan's lower East Side didn't want the money, police said.

Instead, they poured lye over Fiedler's head while he shouted for help.

Fiedler, admitted to a hospital in serious condition with third-degree burns of the head, face and hands, told police Sunday night the youths had asked him the time.

When he answered, "I don't have a watch," the trio pushed him to the ground, he said.

Police said the attack seemed to have been made "for the thrill or kicks of it."

FALSE TEETH

Chewing Efficiency Increased up to 35%
Clinical tests prove you can now chew better — make decisions average up to 35% more effective — if you eat with a new PASTETTE on your plates. PASTETTE is the alkaline (non-acid) powder that softens food more easily so they feel more comfortable. No gummy, pasty taste. Doesn't sour. Chews doctors advise. Dentures that fit are essential to health. See your dentist regularly. Get PASTETTE at all drug counters.

Fairly Active Trading

Market Declines Moderately

NEW YORK (AP)—The stock market declined moderately in fairly active trading today.

The dip interrupted an advance in the two previous sessions.

Most changes of key issues were fractional.

Problems being experienced by the steel, automobile and construction industries showed no signs of a lull, and brokers said this may well keep investors very cautious.

An exception to the generally gloomy news was the indication that machine tool orders last month were little affected by suspension of the 7 per cent investment tax credit. They were 7 per cent above October, 1965.

Opening bids included General Motors, off 1/4 at 67 1/2 on 15,000 shares; American Telephone, off 1/4 at 54 1/2 on 7,500 shares; Ford Motor, up 1/4 on 4,200 shares, and International Telephone, up 1/4 at 74 1/2 on 3,800 shares.

On Friday The Associated Press 60-stock average advanced 2 1/2 to 294 1/2.

Prices advanced on the American Stock Exchange. Fractional gains were made by Data-Com, General Plywood, Syblex, Zapala, Felmont Oil and National Bellas.

GAO to Widen S. Viet Watch

SAIGON, South Viet Nam (AP)—The head of a U.S. government watchdog team said today his group soon will broaden its surveillance of the American agencies handle a \$25-billion effort in Viet Nam.

"We're going to look into anything and everything here," said Hovind Andersen, manager of the two-month-old Saigon office of the General Accounting Office.

The GAO has 12 staff investigators in Saigon. Seven have been on special assignment since August, checking particularly on more than \$800 million in construction contracts, the handling of the \$700-million-a-year aid program, and persistent congestion in the Saigon port.

Anderson said the seven would return to Washington soon, leaving a permanent force of about five.

Until now, the GAO team has been hearing down on the auditing practices of the Agency of International Development and other U.S. bodies here, New, said Anderson in an interview, the GAO team will broaden the scope of its surveillance.

Sen. Milton R. Young, R-N.D., referred to this in talking with newsmen at Da Nang City, Young spoke then of an increase in the GAO staff in Viet Nam.

Young completed a three-day inspection tour in Viet Nam today and flew to Bangkok for a look at U.S. military activities there.

Just before leaving, Young flew by helicopter to headquarters of the 1st Infantry Division at Da Nang, 15 miles north of Saigon. Maj. Gen. William Deputy, the division commander, is from Jamestown, N.D.

FOLLOWERS CRITICISM

The GAO's local office was established in September following congressional criticism that GAO had been tardy in getting its investigators on the scene in the wake of the last year's huge buildup.

Anderson said he had asked his head office in Washington to send him copies of a recent Associated Press series reporting extensive graft corruption and mismanagement of goods supplied by the United States.

His replies were translated by a government spokesman. Asked what troops the Viet Cong fear most, the Vietnamese, U.S. or Korean, he replied that he could not "make a comparison." He said that the Americans have strong firepower but "do not know the territory or way."

PHNOM PENH, Cambodia (AP)—Cambodia denied today a South Vietnamese charge that its forces had attacked a settlement 500 yards inside the South Vietnamese frontier.

A spokesman in Saigon had charged that 50 Cambodian soldiers attacked the Tanh Tri agricultural development center on the night of Nov. 18 and looted, burned and 14 water buffalo back to Cambodia.

"The story is a total fabrication and constitutes flagrant libel on the part of the Saigon authorities," the information ministry said.

Administrative Woes

Big Problems for Mart

By JOHN CUNNINGHAM

AP Business News Analyst

NEW YORK—Some big problems hang over the stock market today that have little to do with prices.

They involve, instead, the administration of the marketplace itself.

A measure of their size is reflected in the fact that the New York Stock Exchange frequently these days is not about prices and in-

vestments but, instead, about matters such as these:

1. The accounting profession's responsibility, and sometimes its failure, to provide shareholders with accurate information.

2. The growing role, perhaps even danger, of increasing institutional ownership and trading of stock.

3. The distribution of information—or the failure to distribute it—to so stockholders having an equal chance of evaluating the worth of a stock.

OTHER SITUATIONS

Wall Street has plenty of other

Some certified public accountants have been accused recently of succumbing to corporate pressure to make an annual report look better than it is.

Another problem is the variety of alternatives that can be used in reporting results. Companies with similar experiences may report figures that vary widely. This, of course, confuses even the experts.

Even trained analysts find it almost impossible sometimes to adjust the figures for a conglomerate company that is, a company that might be involved in producing office machines, mining coal and canning food.

Should all results be grouped in one report? Or should the report break down the results for each component company? Analysts would like the information. Corporate officers sometimes say it's private.

WIDE FLUCTUATIONS

Institutional ownership—The billions of dollars that institutions, funds, insurance companies, trusts, etc., invest in the market—sometimes causes wide price fluctuations and wide concern also.

More

How many of the 20 million people who are now share owners can afford the wide price swings that result from institutional buying or selling? The question is getting some serious examination at the highest levels of the financial community.

Institutional ownership creates another big problem. Since fund owners often control so much money in the stock of a company, they may acquire a dominant financial position. Should they then tell management how to run the company?

Information distribution—This is a subject that increasingly occupies the time of the Securities and Exchange Commission.

Large investors, it seems, can receive trading information well ahead of small investors, thus permitting them to act faster. Or, it is the relative status of their position, professional investors.

The big question here is what constitutes "inside" information; that is, information that should be available only to the officers of a company until the time it is released simultaneously and impartially to the public?

Treasury Position

Salmon's retirement opens a Republican place on the powerful appropriations committee, now controlled by Democrats 12 to 9. Sen. Wallace F. Bennett, R-Utah, leads in seniority among those who might be interested in this choice spot.

Waterford Township police are investigating the larceny of a public address amplifier and a microphone valued at \$150, Saturday from the Huron Theater, 941 W. Huron.

News in Brief

John H. Cantley, 31, of 65 N. Paddock reported to Pontiac police the theft of \$180 about 1 a.m. yesterday while he was visiting a house at 29 Elizabeth.
