Oakland PTA to Hold Course in Leadership

A leadership training program will begin in Waterford Township at 7 p.m. Tuesday at the high school will be sponsored by the Oakland County Council of Parent-Teacher Association.

The eight-week course will be under the direction of W. Ray Smittle, professor of educational administration at Wayne State University.

Major units included in the course will be national, state and regional information; counseling; local association's officer training; development of programing for local associations; public education in Michigan,

and problems in home, school and community relationships.

Two of the main objects of the program are to provide factual information regarding purposes and policies in organization of associations, and to acquaint officers, committee chairmen and members with duties and responsibilities in PTA work.

There are still a few openings left for registration in this all-important course, according to Chairman Mrs. J. E. Frankfield.

Finally Reach Boy on Ledge—Find Him Dead

SAN BERNARDINO, Calif. (AP)—An expert mountain climber finally got down to a ledge where a boy lay by a waterfall, grotesquely twisted and still.

"Negative," the climber yelled to the men 300 feet above.

They knew then that the crumbly cliff had defeated them. Young Donald Burns was dead.

A day earlier, the 13-year-old eighth-grader from nearby Colton was walking along the top of the cliff on towering Mt. San Geronimo. He and a schoolmate, part of a hiking party, had climbed from a snowy canyon to look from the top of a falls that tumbles 700 feet down in two steps.

Donald slipped on a path, went over the side. He landed on a small ledge about 100 feet down, but the water pushed him off and he fell another 200 feet to the ledge that forms a step in the middle of the waterfall.

The boy stayed there in falling snow that evening, crying out and waving intermittently. Another wave told would-be rescuers he was still alive yesterday morning.

But, because of a lack of rope and solid footing, nobody could get to him until John Mathews of the Sierra Madre search and rescue team made it down to the ledge on a rope.

The boy's parents, Mr. and Mrs. O. T. Burns, had been at the scene since early morning. Sheriff Frank Bland of San Bernardino county walked over to the mother and told her the boy was dead. "Oh, no!" she cried. "Oh God! Don't let it be true."

Magazine Posts Bond for Slain Man's Wife

MINEOLA, N.Y. (AP)—Mrs. Priscilla Rose, a material witness in the slaying of her airline engineer husband, was free on \$14,000 bond today.

Mrs. Rose, held in jail for 10 days, was released yesterday under the bond posted by a detective magazine.

The 22-year-old woman said she intends to remain with friends in the Mineola area. She declined to discuss the slaying.

Mrs. Rose, who has been suffering from a cold, looked tired as she walked out of Nassau County Jail, accompanied by her attorney, Joseph Zalk. She was wearing a black dress.

Engineers in Oakland Plan Special Week

National Engineers' Week will be observed during the week of Feb. 16-22 by members of the Oakland Chapter of the Michigan Society of Professional Engineers.

A dinner meeting will be held Thursday, Feb. 20 at the Fox and Hounds Inn to commemorate George Washington's birthday. He was also an engineer.

Following the dinner, a panel discussion will be held and questions discussed.

Reduces as It Slims!

Makes Inches Vanish as It Molds and Holds! "REDUCE-EZE" by Lido

Exclusive at Waite's . . . in Pontiac

\$8.98 Value

4.99

In 8 Sizes for 25" to 40" Waists!

- ★ Side opening zipper for "no-strain" dressing!
 - ★ Power elastic gives as you sit, bend or stretch!
 - ★ Four-inch waistband with stay-up-stays, can't roll!
- Instantly your figure measures 2 sizes smaller! The REDUCE-MASTER feature consists of hidden sheet rubber covered with soft cotton flannel. This absorbs excess perspiration as the girdle soot-reduces tummy, hips, and thighs, by gentle diagonal control, balanced pressure against fatty bulges.

Why Diet? Try It!

SHOP TONIGHT 'til 9!

An exciting announcement from—

NOW! FOR THE FIRST TIME IN MEDICAL HISTORY

DRINK YOUR FAT AWAY

Lose up to 9 pounds the first week, up to 24 pounds the first month with fabulous New NO-DIET Reducing Cocktail OR PAY NOTHING!

NEW LIQUID NON-ALCOHOLIC REDUCING COCKTAIL FORMULATED FOR PERSONS WHO CANNOT LOSE ENOUGH WEIGHT WITH PILLS AND TABLETS

At last! The miracle you've waited for! No more reducing pills as long as you live! No more doing without the foods you love to eat! No more self torture because everything you touch seems to turn to fat!

Now you can forget the curse of overweight as though it never existed . . . forget that you ever worried about excess weight . . . forget that you ever were fat!

Because you can drink that ugly fat away! . . . Drink off those excess pounds! . . . Actually drink yourself as slim and as trim as you want to be with the aid of the most fantastic NO-PILL, NO-DIET reducing medication ever conceived!

You see results start from the very first day! Watch as drink-by-drink, day-by-day, your ugly pounds of fat vanish!

It's amazing, astounding, like a wonderful dream come true! And all so incredibly easy, all so delightfully pleasant, because you never suffer those awful hungry moments, never give up all the foods you love so well, never take a single pill, tablet or capsule! And all thanks to fabulous new Du-Dol Reducing Cocktail!

JUST PICTURE THIS

You have a small bottle of a highly concentrated liquid reducing medication. You put a dropper full of that precious concentrated liquid into a glass of fruit juice, vegetable juice, water, even liquor, and you've got the most wonderfully delicious reducing cocktail you've ever tasted! Drink that delicious cocktail and that's it! Down comes your horrible craving for food, down comes caloric intake, and off comes your overweight!

You burn off those ugly pounds, you oxidize those pounds away . . . You rid your body of those crippling, health destroying, figure-marring bulges of fatty tissue!

You lose up to 7 pounds the first seven days, up to 14 pounds the first two weeks, up to 24 pounds the first month so safely, so easily, you'll hardly believe it! You'll gasp in amazement, stare at yourself in disbelief as day after day after day you get slimmer, trimmer, more attractive! . . . As day after day you come closer and closer to the safe, normal weight you should be!

NO PILLS, NO DIETS

Imagine! You don't take a single pill, capsule or tablet! You don't follow a plan, you don't go on a starvation diet, you don't strain your heart with brutal exercise. You don't pour money down the drain on so called slenderizing massages!

You lead a sane, normal life. You sleep, work, play just like any of your thin friends. You eat foods you want to eat. You don't wrestle with your power, and all the while ugly pounds melt away quickly and pleasantly, the safe scientific Du-Dol way!

HOW IT WORKS

Perhaps this all sounds too wonderful to be true! Perhaps you are wondering how Du-Dol can perform these "miracles" when other products that promised so much failed. That's a logical question. Here's the logical answer.

Du-Dol has little or nothing in common with other products you may have tried. Du-Dol contains, for the very first time ever, a fabulous Doctor-proved, Doctor-prescribed reducing drug in liquid form! After having been tried, tested and used by countless Doctors throughout the nation, this powerful drug has been approved safe for use without prescription by the Food and Drug Administration.

Secondly, and just as important, is this big difference. Other products depend on one of three basic reducing principles. They fill your stomach with bulk material OR they try to fool your taste-buds into thinking you aren't hungry, OR they contain a drug which works to lessen your desire to overeat.

Only Du-Dol combines all three of these medically accepted reducing principles into one great new, entirely different reducing product . . . a product that works three ways at once to help melt your fat away more surely and more easily than anything you ever tried in your life.

In other words, when you take Du-Dol you get this powerful government-approved safe drug and you get appetite-satisfying concentrates to help ward off that overpowering urge to overeat, and you get hunger-satisfying bulk in the form of delicious liquids of your own choice!

PROVED BY DOCTORS

No wonder that when Doctors tested amazing new Du-Dol on overweight persons—many of whom had great difficulty in losing weight with ordinary reducing methods—they were amazed to find that in virtually every case, substantial losses were noted!

Patients lost pound after pound of ugly fat quickly, safely, and above all, pleasantly! And most important, they lost that weight without being told to diet . . . without being told what or what not to eat . . . without depriving themselves of all the foods they loved!

YOU MUST READ THIS

In short, they lived like normal human beings! While they ate three delicious meals a day, they were losing weight! While they were enjoying mouth-watering chops, steaks, juicy roasts, vegetables, desserts and all the rest, off came ugly pounds, down came figure-marring inches from waist, hips, thighs, everywhere!

With less work, less effort, less discomfort than they ever imagined possible, they drank their fat away! . . . Drink off pounds that had made them miserable for years!

WHAT THIS MEANS TO YOU

After all the products you've tried . . . after all the suffering you've done . . . after all the tortures you've subjected yourself to for year after weary year, and now it's all over!

In your lifetime, the miracle you secretly prayed for actually happened! This brand new reducing concept . . . this fabulous new method, so safe, so easy, so astonishingly effective, is here at last! And it's yours to try . . . yours to prove to your own satisfaction, without one penny's risk or obligation!

Think of what this can mean to you! Can you imagine the glorious feeling when you live like other people live, eat what they eat, do what they do without worrying, without feeling guilty, without feeling afraid? That's what Du-Dol's help can do for you!

Perhaps you have tried other products in good faith and been disappointed. Perhaps you have even gone so far as to promise yourself that you would never try another reducing product again! But stop and think a moment . . .

You've tried so often in the past, haven't you? Wouldn't it be foolish to quit now, just a few steps short of your goal? Wouldn't it be silly to give up now when the product you've waited for is finally here? Why not try Du-Dol? If not for your sake, for the sake of those you love, Try Du-Dol.

TRY AT OUR RISK

Send for it now while you are still thinking about it. Or better still, come in and pick it up yourself. Then try Du-Dol in your own home at our risk! If Du-Dol isn't every bit as wonderful as we say it is, don't keep it! Return the unused portion and we'll send you an immediate refund without asking you a single question!

You risk nothing, and at least you have the satisfaction of trying what we sincerely believe to be the finest reducing product on the face of this earth!

But please don't put it off. Supplies are limited! Stop in for Du-Dol, or fill out the order blank below and mail at once. You'll be so happy you did!

© Anderson Pharmacol Corp.

MAKES EVERY OTHER REDUCING PRODUCT OLD-FASHIONED

DU-DOL is, in our opinion, the only reducing product on the market today to keep pace with the fantastic progress being made in other drug fields. For example, just as the drugs we relied upon yesterday are being out dated by the newer, better drugs of today, so do we believe that DU-DOL, because of its greater Doctor-proved efficiency in pleasant to take liquid form, makes other products now being sold, old fashioned.

What better proof is there than the fact that the very pills now being hailed as the last word in reducing aren't really doing the job you hoped they would! Perhaps that is because you are one of the many thousands of persons for whom pills and tablets just won't work. Surely that is reason enough to try this new reducing concept . . . a liquid reducer. Why not send for DU-DOL now? If you aren't delighted in every way, you get money back, so of course you really have nothing to lose.

DU-DOL IS GUARANTEED SAFE, GUARANTEED HARMLESS!

DU-DOL is a scientific formulation of safe, tested ingredients proved in Doctor-supervised clinical tests to be absolutely non-injurious. It has no unpleasant or dangerous side-effects . . . may be taken with complete confidence by any normally healthy person.

DON'T DELAY! SUPPLIES LIMITED!

Waite's (Dept. 300) Saginaw at Huron Pontiac, Michigan

Please rush my DU-DOL at once. If I am not completely satisfied in every way, I may return the unused portion and you will refund my purchase price immediately, no questions asked.

I enclose \$3.00 ☐ for regular supply or \$5.00 ☐ for giant double supply.
☐ Send C.O.D. (Same money-back guarantee, of course.) ☐ Charge my account

Costa Rica's Elections Example of Democracy

In contrast to most Latin-American elections the recent voting for President and Legislative Assembly in Costa Rica didn't make headlines because of orderly and democratic procedures.

President JOSE FIGUERES' candidate, FRANCISCO ORLICH, was defeated by MARIO ECHANDI of the National Union party. Another candidate who served only to split the vote for FIGUERES' National Liberation party, ran a poor third.

From a self imposed exile in Mexico, former President RAPHAEL CALDERON GUARDIA directed his Republican party in its return to power in the Assembly. During his term in office he had sponsored a far reaching social security system and a labor code. But even with Republican party support, the National Union party of Dr. ECHANDI, a strong minded conservative, will not have a majority in Congress.

President FIGUERES, who under the constitution cannot be re-elected during two succeeding terms, had introduced many social reforms, which although not to his liking, President-elect ECHANDI will have to accept.

Two years ago President FIGUERES created a supreme electoral tribunal in which a political neutral had the deciding vote. New registration lists were prepared and posted ahead of time in all localities, United Nations observers watched the compulsory voting and counting.

The Republic of Costa Rica is a small, 23,000 square mile Central American country northwest of Panama. It has been independent since 1821 and three-fourths of its foreign trade is with the United States. Its 915,000 people are mostly middle class and primary education is compulsory. On December 11, 1941, Costa Rica declared war on Germany, Italy and Japan and later became an original member of the United Nations.

Congratulations to President-elect ECHANDI, a former ambassador to the United States, and to the people of Costa Rica for again setting an example of democracy in action.

Building Trades Move to End Featherbedding

At their recent Miami Beach meeting labor leaders made plans to end "featherbedding," that is the practice of employing unnecessary workers or the performance of unnecessary work.

This has been particularly prevalent in the building trades and is unnecessarily expensive for employers and in the long run, not good for labor even when used to protect workers against unemployment. It's been an open invitation to abuses and racketeering.

Labor leaders and management representatives have been studying means of doing away with this practice and now have announced a national agreement between building

trades, unions and contractors. This agreement, announced at an AFL-CIO Executive Council meeting, will be put in force first, on heavy construction projects and then gradually applied to all building work.

A formula for avoiding jurisdictional disputes between craft unions and the CIO industrial unions which enroll all workers in a plant, and suggested months ago by Federation President George Meany, was adopted. Under it craft unions will have jurisdiction over new construction and industrial union members will continue to do maintenance work.

This will mean an end of opposition to labor saving technological improvements and may create some unemployment at first. But, as the late PHIL MURRAY once pointed out, a union should not protect its members by opposing labor saving innovations. It should make every effort to find new and productive work for them.

The wasteful practice of featherbedding has added millions of dollars each year to construction costs. It is to be hoped that the AFL-CIO will bring pressure for its elimination elsewhere.

The Man About Town Coming Our Way Big Crowds Assemble at Winter Resorts in Area

Stumbling block: What's often covered by a man's hair.

Figures on Oakland County's growth as a winter resort come from Kenneth L. Hallenbeck, director of such things for the Huron-Clinton Metropolitan Authority on cold weather doings at

Kent Lake Park, near Milford. On a recent Sunday, 12,000 people skated or fished there, or visited its nature center. Its lodge last month totaled 625 camper nights. One Boy Scout camporee brought 710. Fishing shanties on the lake number 140.

High praise for their home newspaper comes from my long time friends, Al and Dale Barnett of Keego Harbor. They're on a western trip and have scanned newspapers from all of the large cities they've visited, and write: "We still think our Pontiac Press is the best of all."

Local army draft boards have 31 men on their March quota. The Pontiac City board is asked for 15, and the out-county board 16. The induction date for both is March 3.

Snare drums with quite a history are owned by

Emerson C. Beebe Jr., of Holly. They saw service in the Revolution, Civil War, and at Lincoln's funeral.

One of his neighbors phoned me the other day that

Robert H. Dawson, now in his 94th year, was cleaning the snow off his walk at 20 Wenonah Drive—which some men only a mere fraction of that age do not.

What Won't They Do Next!

David Lawrence Says:

Political Dinners Now Big Issue

WASHINGTON — Is the millennium in politics about to be reached? Are the "appreciation" dinners at \$100 a plate really to be a booo? For what else, it might be asked, is meant by the hullabaloo over the dinner to which friends of natural-gas bill were invited recently in Texas to honor House Republican Leader Joe Martin?

The Republican national committee from Texas, H. J. Porter, was certainly lambasted for writing a letter urging friends to come to the "appreciation" dinner. He stressed the yeoman efforts of the Republicans in helping to pass the gas bill in previous sessions.

But Porter made only two mistakes—he should have invited certain prominent Democrats to the dinner who had also done yeoman service for the gas bill, and he should have never put his thoughts in writing.

For if "appreciation" dinners at \$100 a plate are to be forsaken, a wonderful method of money-raising will be lost to the politicians of both parties.

Who puts up \$100 just to go to a political dinner? Surely the average voter doesn't have that kind of money to spare. If the political committees of both parties, state and local, were compelled to publish a list of all persons and organizations and companies that bought \$100 tickets for these dinners—and all this comes under the head of "entertainment"—as a deductible expense on the tax side where companies are concerned—it would reveal the extent of the "appreciation" role in modern politics.

CONTRACTORS PULLED IN An occasional glance at the attending personnel shows that in many instances big contractors on defense projects and public works are pulled into "appreciation" dinners. Some may not have had any favors bestowed upon them, but they do not dare to snub these dinners lest they incur the ill will of the politicians involved.

As for individuals, ambassadors, departmental secretaries and assistant secretaries, former assistants to this or that high official and also lawyers whose business it is to represent large companies in Washington, they must not fail to fork over \$100 for these "appreciation" dinners.

"What Mr. Porter did deserves censure," remarks a New York Times editorial, "but is not very different in essence from what both Democratic and Republican parties and their respective candidates do every day—or whenever the opportunity offers. They solicit and obtain—perfectly legally—large sums of money from interested donors and thereby inescapably place themselves under at least tacit obligation to their benefactors."

The Country Parson

"Life, like a cake, can be ruined just as much by what we leave out of it as by what we put in it."

There have been many persons who have made big contributions to one or the other of the major parties because of "appreciation" for service rendered a particular cause or area. The bounty in the Roosevelt and Truman eras was rather big.

Federal officeholders, of course, are still solicited for funds to help the party in power. This has always been taken for granted in politics.

But if a millennium is to come in the political arena, there will have to be some other method of financing campaigns. It was suggested by this writer 20 years ago that all campaign contributions be limited to very small sums. But, unfortunately, the cost of soliciting from a large number of persons by mail or in person is prohibitive, and nobody has come forward with an effective plan to lick that problem.

As for tokens of "appreciation," it may be asked where the line is to be drawn in the public service. Should a congressman or senator take a fee, together with expenses, for speaking before a labor-union convention or an employer association? Should members of Congress let lobbyists pick up the check for lunch or dinner? Where does the "conflict of interest" begin or end?

Maybe honest people, conscientious legislators and officials, will not need to worry about such things. But they will have to worry alot about those admirers who get up dinners and make a fuss about services rendered or to be rendered.

"Appreciation" dinners will doubtless continue, but letters of solicitation hereafter will certainly have to be more tactfully phrased. (Copyright, 1958)

Dr. William Brady Says:

Reader 'Down in Dumps' May Be Lacking Iodin

A Michigan reader reports that last winter, after 46 years of generally excellent health, she found herself in a long period of low energy and "down in the dumps."

It seems evident that "in the dumps" in this instance means low in spirit, gloomy, melancholy, pensive, moody, hypochondriac or, to coin a word, anhedonic.

This is a familiar state, especially in the Great Lakes basin and the goitre belt. It is a common manifestation of iodine deficiency.

Adults with iodine deficiency complain of always feeling chilly. Their body temperature is below normal. Neither a good night's rest nor a vacation refreshes them as it should. They tend to doze anywhere any time. They have cold hands and feet. They complain that their knees are weak.

Many such individuals discover that they feel pretty good for a while after a hearty meal, and so they overeat and accumulate pads of fat on the flanks. They have dry yellow skin, lustreless dry falling hair and usually prematurely graying of the hair.

Too often these poor souls resort to alcohol or other tranquilizer for the hour of warmth and comfort the drug gives. The primrose path to drug habit.

ESSENTIAL TO NUTRITION

Considering the great prevalence of iodine deficiency in growing children and adults, I think it unfortunate that doctors and people regard iodine only as medicine and have generally failed to recognize that it is essential for good nutrition.

In the past 30 years some health authorities have half-heartedly approved of (1) the mass administration of iodine to school children to prevent goitre and (2) the mass administration of iodine, in the form of iodized salt, to the general public.

I'm afraid very few school children get the iodine they need, and I believe the amount of iodine anybody is likely to get from iodized salt, even though it entirely replaces ordinary salt at table and in cooking, is less than the minimum daily requirement.

Whether you send a stamped,

self-addressed envelope for the pamphlet "The Iodin Ration" or not, please remember:

"I do not advise any one to take medicinal iodine or iodide without medical supervision, and the nutritional iodine I do recommend for everybody can do no harm."

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady. If a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan. (Copyright 1958)

Case Records of a Psychologist:

Praises People Who 'Plant Roses'

Joseph Sunnen must have a gigantic "green thumb" for he is planting so many wonderful roses that even the angels in heaven must be applauding his generous foresight. Churches, the YMCA and the CYO, plus Boy Scouts and other worthy groups should profit from this case and not delay any longer in procuring their camp sites.

By DR. GEORGE W. CRANE
Case X - 329: Joseph Sunnen is a great YMCA rooster in St. Louis.

"We are quite impressed with the many values that grow out of such all-family camping vacations."

"One of our board members, Mr. Joseph Sunnen, felt so keenly the vital importance of such character building experiences, that he has made a lasting contribution to the people of St. Louis."

"For Mr. Sunnen has great foresight and vision. He has thus been the major factor in creating a camp site for us. And he has also built a dam a quarter of a mile long which provides us with a lake that is a mile and a half long and half a mile wide."

"If you know Missouri, you will appreciate that this is a God-send to us. It offers a wide variety of

Voice of the People

'Have Old Fashioned Dads Disappeared in America?'

Have you noticed in the modern world the American dad has almost disappeared? The old-fashioned dad would, at harvest time, plan and prepare for the hard winter months. Now when things get rough, no one is prepared. They depend upon welfare agencies. I guess they're too busy trying to have the best of things at any cost. Thank God for the few old grandmas and grandpas. They're dwindling, too.

Observer

Union Man's Wife Discusses Contest

What's our union coming to when it can call its own members liars (Leader, Thurs., Feb. 16)? How can we trust a union when it doesn't trust us? I'm sure no one wrote his milestone entry without reading the rules, and what we wrote in ours was the truth and we can prove it. If the union is so bitter, why doesn't it have a similar contest?

GM doesn't give something for nothing, nor does anyone else. Doesn't our union get paid from

every member for what it does for us? And after all, we wouldn't be much of a country without both companies and unions. We must put our trust and love in both of them.

As for unemployment, you can't blame the companies. It goes much deeper than that, to the heads of our country and economy itself. When a union member is laid off he doesn't pay dues. With so many laid off, I wonder if the loss of money is hurting our union more than thinking of the poor man out of work. The union owes its members an apology.

Wife of Union Man

French Remain Silent on Tunis Attack Order

By JOHN H. MARTIN
INS Foreign Director

The French government, which long has fought against so-called "internationalization" of the war in Algeria, has spurred the process by the air attack on a Tunisian border village.

Paris still has not revealed who gave the order for the retaliatory attack on the village whence an Algerian rebel anti-aircraft gun fired on French airmen. And although the French government defended the action of the military, many French politicians realize the raid was a heavy political blunder.

Algeria has been such a hotly controversial subject in French politics for so many years that it still is not clear who would give an order or decide on such an attack.

Robert Lacoste is the resident minister in Algeria. Did he give the order? He had been near the Tunisian frontier on the weekend before the attack.

Did Lt. Gen. Raoul Salan, the Army commander-in-chief, decide on the reprisal, or was it an Algerian Air Command acting independently of him?

Or was it the local commander near the frontier where the French vainly have tried to stop rebels slipping in and out of the Tunisian "sanctuary"?

It's no secret that Algerian nationalist guerrillas have been using Tunisian territory in their shadowy, merciless fight against the French. The Tunisian government politically and militarily has been unable to stop Algerian activity on its soil.

The French have erected electrified wire fences along parts of the long frontier but these do not stop the well organized rebels. France has contended that since Algeria is part of France the war there is none of the business of the outside world, including members of the United Nations.

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady. If a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan. (Copyright 1958)

But France is a member of the Atlantic Alliance, which in part finances the French naval base at Bizerte. And the Tunisians now are

telling the French to keep their ships out of that base and to remove French troops.

THOUGHTS FOR TODAY

He that spared not his own Son, but delivered him up for us all, how shall he not with him also freely give us all things? — Romans 8:32.

The Lord my pasture shall prepare, And feed me with a shepherd's care; His presence shall my wants supply, And guard me with a watchful eye. — Joseph Addison.

directly saved morality for the human race here on this planet Earth, for Abraham nurtured ethics in that hill country.

BECOME IDOLATROUS!

Farmers and mountaineers usually maintain their spiritual values better than city folks, for in man-made canyons like Wall

Street we become enamoured of our own mighty buildings and begin to feel that man is invincible.

Out under the stars, however, we get a truer perspective and begin to realize the vastness of God's universe.

So churches and YMCA boards should look ahead and procure adequate camp sites quickly. Our population is booming and will double in the next 50 years.

Land is growing scarcer, so look far ahead and get your camp sites NOW. Throw up an earthen dam and have a lake by next summer. Camps for boys or girls are wonderful, but should be supplemented by all-family camps, like this one in St. Louis and many others mushrooming all over America.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs, when you send for his psychological charts and pamphlets. (Copyright 1958)

Searching River for Lost Boy's Body

Supervisors Tighten Purse Strings, Grant Mental Health Funds

Supervisors yesterday tightened the strings on Oakland County's shrinking pocketbook, but not before pulling out \$50,000 to care for the mentally ill.

At the same time, an economy squeeze forced Ways and Means Committee members to reject an extra appropriation of \$20,000 for the Oakland County Child Guidance Clinic.

Members also ordered departmental requests for additional help, not included in the 1958 budget, screened thoroughly to see if they are emergency positions.

"If this present financial situation keeps up," declared Birmingham Supervisor David Levinson, "we are going to end up \$1,000,000 in the red at the year's end."

Unemployment Talks Sought

Williams, 10 Other Dem Governors Offering Ike Six-Point Program

LANSING (AP) — Gov. Williams joined 10 other Democratic governors today in asking President Eisenhower for a conference on unemployment.

Eleven of the 29 Democrats elected as governor expressed concern about the national recession and offered to come to Washington to advise the President on a six-point program to check growing unemployment.

Joining Williams in the telegram were the governors of Minnesota, Massachusetts, New York, Oregon, Colorado, Iowa, New Jersey, Maine, Rhode Island and Washington.

The eleven Democrats offered to come to Washington to confer with the President.

The Democrats advocated a six-point program of:

1. Prompt progress on highway, hospital and other such construction.
2. An expanding of federal welfare, educational and health programs.
3. Better unemployment insurance.
4. Further easing of credit.
5. Richer farm support programs.
6. A tax-cut to help lower income families.

22 French Troops Die

ALGIERS (AP) — French forces said today they lost 22 dead and 17 wounded in two clashes with Algerian rebels late yesterday little more than 50 miles from Algiers.

Appointed

ROBERT C. MILLER

Robert C. Miller Named Acting City Postmaster

Bloomfield Township Man Appointed to Post by Broomfield

Pontiac's new acting postmaster is Robert C. Miller, 30, of 194 N. Berkshire Rd., Bloomfield Township.

The announcement was made today by Oakland County Congressman William S. Broomfield, two days after acting postmaster Leslie H. Dean announced he was retiring following more than 30 years with the Pontiac Post Office.

Miller's appointment will become effective Feb. 28, Broomfield said.

The new appointee is Cadillac sales manager for Jerome Motor Sales Co., 280 S. Saginaw St. He has been associated with the company since April, 1956.

Prior to that time Miller was chief investigator for the Oakland County Prosecutor's office for five years. He started this position in July of 1951.

SCHEDULE EXAM
Broomfield said Miller will serve as acting postmaster until the Post Office Department in Washington schedules a Civil Service examination to select a permanent postmaster. When this will be Broomfield could not say.

When he learned of the appointment Miller said:

"This is an honor I never expected. I am accepting it with humility and with God's help I hope to record a good job to the credit of those who have specially Congressman Broomfield."

While Miller served as chief investigator he also held positions as associate judge of the Oakland County Court of No Record and acting chairman of the concealed weapons licensing board in the county.

The Navy veteran, who graduated from Pontiac High School in 1946, is a former radio announcer and Pontiac policeman.

Stranger Found Asleep in Home; Watchdog Dozes

A Pontiac Township family awoke early this morning to find an unexpected visitor snoozing in their living room.

Mrs. Thelma Ter-Marsch, of 3080 Catalpa Ct., got up at about 2 a. m. to find a stranger asleep in her husband's favorite chair, with shoes off and his feet propped on a register.

She called her husband, Larry, and they woke the intruder. He said his car was stuck in a ditch a few houses away, but he didn't know how he got into the Ter-Marsch's house.

A quick investigation found he had entered through the kitchen door, nimbly stepping over "Belle" — a full grown watchdog asleep on the kitchen floor.

Belle, a two-year-old collie trained as a watchdog, had remained asleep through everything.

Oakland County Sheriff's Deputies called a wrecker for the visitor and sent him on his way.

Where Boy May Have Disappeared

FATAL SPOT? — Patrolman Bernard Tomas, of the Center Line Police Dept., gazes at the hole in the ice through which 6-year-old Gerald Thacker is believed to have disappeared yesterday while sledding on the Clinton River. The search for the boy's body in the river is continuing today.

Playmate Tells of Ice Breaking Beneath Sled

Skin Divers From Utica Now Probing Icy Water After Night-Long Vigil

An all-night search for a missing six-year-old Shelby Township boy continued today with skin divers probing the icy Clinton River near Utica for his body.

Police said they believed Gerald Thacker plunged through the ice while playing with his sled on the river at 7 p. m. yesterday.

A playmate, Raymond Cagle Jr., 6, told his mother that he and Gerald were on the frozen river together when the ice broke. "I ran home," he said.

Shelby Township police and firemen, Macomb County sheriff's deputies and emergency crews from Romeo and Roseville searched last night until 1:30 a. m.

Then they stretched a wire fence across the 18-foot river at the Auburn road bridge to catch the body if it moved downstream.

All night long two Shelby Fire Dept. captains, Wilfred and Marvin Mitz, kept watch on the fence, while sheriff's deputies played searchlights on it.

This morning four members of the Utica Scuba Skin Diving Club began operations in the Clinton.

Last night, searchers were led by Raymond to a hole in the ice where he believed Gerald fell in. A search of the Clinton at that spot failed to find the boy's body. The hole is at the foot of Parkdale street, north of Auburn and west of Mound roads.

Gerald's parents are Mr. and Mrs. Ray Thacker, of 595 Parkdale.

Mrs. Thacker said Gerald left home around 5 p. m. to go sledding with Raymond and when he did not come home by 7:20 p. m., she called the police.

No Tropical Climate but Still It's Warmer

Pontiac area residents can't expect tropical weather, but the mercury is thawing out somewhat.

The U. S. Weather Bureau still predicts partly cloudy and continued cold tonight. The low will be 16 degrees. A few snow flurries are also expected.

Saturday's outlook is considerable cloudiness, with scattered snow flurries. The high will be near 22.

Continued below normal temperatures with occasional snow is predicted for Sunday.

The lowest recorded temperature in downtown Pontiac preceding 8 a. m. was 10. The reading at 1 p. m. was 20.

Mack Under Fire in TV Case

Harris to Support FBI in Probe of FCC Member

WASHINGTON (AP) — Rep. Harris (D-Ark.) today promised full cooperation with an FBI probe of allegations that Communications Commissioner Richard A. Mack received "thousands of dollars" from an attorney in a Miami television case.

Harris said that the investigating subcommittee he heads will call Mack to testify "very soon" on the charges made by the group's ousted counsel Bernard Schwartz.

Testifying under oath, Schwartz said Mack has acknowledged accepting several thousand dollars from a lawyer Schwartz said was active in getting a television license for a firm rated by an FCC examiner as the least qualified of four applicants. He said Mack described the money as loans.

Florida Mercury Creeping Upward — but Not Too Far

MIAMI, Fla. (AP) — Florida's mercury inched upward today from the season's fourth hard freeze and a record snowfall at the capital city, Tallahassee.

Slightly higher temperatures were forecast for today, but the Miami Weather Bureau said no real warmup is in sight.

Since early January it has been one wave after another, bringing Florida its worst winter on record.

North Florida residents awoke yesterday and found a carpet of snow spread from the Gulf to Jacksonville. A bright sun melted much of it.

A record 3 inches fell at Tallahassee, topping the old mark of 2 inches, set in 1886.

Snow fell as far south as Cross City near the Gulf in northwest Florida and to St. Augustine on the Atlantic.

Hundreds of minor accidents were reported by motorists, unschooled in winter driving tactics.

Farmers, however, set out smudge pots and prepared fires in the hopes they could save the remaining acres of their frost-bitten crops.

George Cooper, a big south Dade County grower, said vegetables and tree crops, such as avocados, limes and mangoes, are more vulnerable now because previous frosts cost them much of their protective covering.

lanes check road and negotiated the banked turnaround loops at either end without the driver's hands on the steering wheel.

To turn off the road or pass another vehicle, the driver merely touched a switch on the steering gear which cut back into the manual steering system.

"This is a job put together to test the idea of electro-magnetic vehicle guidance," Dr. Hafstad explained. "The system was demonstrated in model form in 1953 by Radio Corporation of America."

Meanwhile, he said, RCA had set up a test strip near Lincoln, Neb., with the road equipment for a signal system.

"Our particular system," he added, "is still in the research stage and as yet is limited to steering control."

"We think of it as the first 'building block' in what may become a more sophisticated system for controlling vehicle spacing, de-

Mack could not be reached for comment.

A few hours after the hearing, Atty. Gen. Rogers ordered the FBI to make a "complete investigation."

SCHWARTZ TO RETURN
Schwartz has agreed to return Monday for further questioning on information he says he has about other FCC commissioners and Sherman Adams, President Eisenhower's top aide.

Schwartz was fired by the subcommittee Monday night in a dispute over the conduct of its probe of the regulatory agencies.

Schwartz produced from subcommittee files canceled checks totaling \$2,650 which he said were given to Mack by Thurman A. Whiteside of Miami after Mack became an FCC commissioner.

The former counsel said Mack claimed the checks represented loans and that the commissioner said a portion of the loans had been forgiven and some repaid in cash.

The checks, Schwartz said, were subpoenaed from Whiteside, who he said had a reputation in Florida as a "fixer."

Schwartz said Whiteside represented Public Service Television, Inc., which won the grant for Miami's TV Channel 10 in a hotly contested case. Public Service is a wholly owned subsidiary of National Airlines.

Denial came quickly from Whiteside in Miami.

"Schwartz is a g-d-d liar," (Continued on Page 2, Col. 5)

Look, Fellas, No Hands!

Automatic Steering by Hidden Road Cable Demonstrated at GM Technical Center

An automatically guided automobile cruised along a one-mile check road at General Motors Technical Center today, steered by an electrical cable beneath the concrete surface.

It was the first demonstration of its kind with a full-size passenger car, indicating the possibility of a built-in guidance system for tomorrow's highways.

Dr. Lawrence R. Hafstad, vice president in charge of GM research staff, said the demonstration car, a 1958 Chevrolet, was guided by a combined electronic computer and servo system which takes over human steering control by following a magnetic path produced by low frequency power in the highway cable.

The car rolled along the two-

frequency alternating current in the cable beneath the highway;

A pair of tuned pick-up coils on the front bumper of the test car and straddling the magnetic field; An electronic analogue computer on the instrument panel linked with a mechanical system controlling the car's modified power steering unit.

Variation in the voltage picked up by the coils if the car deviates from the magnetic field is transmitted to the computer, causing the steering unit to bring the car back to the predetermined course.

Hufstad said the guidance system "appears to offer long-range promise of a significant contribution to highway and vehicle operation."

"This isn't an impracticable dream. It reflects an extension of a steady trend toward greater reliance on automatic devices for both vehicle operations and traffic control."

WOULD YOU BE MINE? — Gene Perazzo, 6, of 319 W. Kennett Rd., looks dazed as he is struck by Danny Cupid's arrow on the valentine he made to give to Polly Ann Schnitz, 6, of 109 W. Kennett Rd. today. Polly coyly presents the

valentine she made for Gene to him in front of the valentine mail box. Both are first graders at the Kennett Road Elementary School, 460 W. Kennett Rd.

Prefer Feb. 22 as Legal Holiday

Don't Want Veteran's Day

America's newest national holiday—Veteran's Day—seems to have lost its appeal as far as most Pontiac city workers are concerned.

Members of the Pontiac Municipal Employees Association have told the City Commission they don't want Veteran's Day, Nov. 11, as a paid holiday anymore.

They would rather have off Washington's birthday, Feb. 22.

The reason? According to John Waldo, the association's president, Nov. 11 doesn't seem to carry much patriotic meaning anymore. Once it did, as Armistice Day, the day World War I came to an end.

"Nowadays, we'd rather have Feb. 22 off, so we can space our paid holidays better," said Waldo.

Commissioners hesitated last night to grant the switch. "We might get into trouble with veterans organizations," they pointed out.

And another World War I man, City Manager Walter K. Willman, observed, "Veteran's Day just doesn't mean as much to me as Armistice Day did. That was the end of the Big War, but there's been two other big wars since then."

City employees have seven paid holidays: New Year's, Memorial Day, July 4, Labor Day, Veteran's Day, Thanksgiving and Christmas. That's five holidays from Sept. 1 to Jan. 1 and only two for the rest of the year.

It was after the Korean War that President Eisenhower redesignated Nov. 11 as Veteran's Day.

Snows Dampen Ike's Vacation in South Georgia

THOMASVILLE, Ga. (AP)—Vacationing President Eisenhower, greeted by this south Georgia area's first ground-covering snow in 46 years, hoped for warmer weather today and a chance at quail hunting or golf.

The President found the temperature 34 degrees when he arrived by plane from Washington yesterday afternoon. Accompanied by Mrs. Eisenhower, he plans up to 10 days of rest with headquarters at Milestone, the plantation home of former Secretary of the Treasury George M. Humphrey and his wife.

Eisenhower still is trying to get rid of the cold which he caught early this month during a weekend visit to Augusta, Ga. His throat still is slightly sore and his voice a bit husky. His physician had hoped this trip South would do the President a lot of good right from the start.

But the cold caused Eisenhower to turn for the time being from quail shooting and golf to bridge playing beside the fire.

Does the weather bureau in the various sections of the country usually predict snowfall accurately?

No, one of the toughest predictions to make, accurately, is concerned with snowfall. The failure which U. S. weather bureaus seem to make most often (too often) concerned with snow, is the same they make with hurricanes.

The weather forecasts trail the actual event by six or eight hours, and often by twelve or eighteen. One recalls a hurricane in 1956 which was in and around New York, while the weather report still placed it off North Carolina.

This winter snow predictions have often come after what snow was to fall had fallen. Yet weather reports would continue to be made predicting snow, when even an amateur observer could see the sky was clearing and that in the west it was clear—the snow over.

The remedy is for speedier transmission of reports and careful observation, up-to-the-minute visual observations, not over-reliance on instruments.

The Weather

Full U.S. Weather Bureau Report PONTIAC AND VICINITY — Partly cloudy and continued cold with a few snow flurries tonight. Low tonight 10-15. Considerable clearing with scattered snow flurries tomorrow. High 25-30. Gentle to moderate westerly winds.

Rochester News Publisher Dies

Oliver C. Swords, 62, Known Throughout Area as News, Civic Leader

Oliver C. Swords, 62, owner and publisher of the Rochester News, died last night in St. Joseph Mercy Hospital, Pontiac. He had been in poor health since last November. A longtime Oakland County newspaperman, Mr. Swords was instrumental in setting up the city form of government in Berkley. He was village president of Berkley in 1929 and served as secretary of the Berkley City Charter Commission in 1932.

At that time he was owner of the Berkley Review. He also established the Royal Oak Herald-Review and the Troy News.

Mr. Swords moved to Rochester in 1934 where he was employed by the Rochester Clarion and the former Rochester Era.

He was a member of the Rochester Chamber of Commerce and St. John Lutheran Church in Rochester.

Surviving are his wife, Helen C.; a daughter, Mrs. Monroe Moore of Pontiac; four sons, K. Oliver, Frederick W., Dwight H. and James E., all of Rochester. Service will be conducted at 1:30 p.m. Monday at Pidgey Funeral Home, Rochester, with the Rev. Walter C. Gerken of St. John Lutheran Church officiating. Burial will be in Mt. Avon Cemetery.

Iraq, Jordan Merge in 'Arab Federation'

(Continued From Page One)

impoverished Jordan with military and economic aid.

MAY QUIT PACT

Although the new federation is expected to continue the pro-Western policy which both governments have followed individually, one of the first results is likely to be Iraq's withdrawal from the American-backed Baghdad pact.

This would pave the way for Saudi Arabia—which borders the federation on the south—to join.

The signing of the federation proclamation came after more than seven hours of discussion between last night after a state banquet. Senior ministers of the two governments joined in the talks that have been going on since Faisal's arrival in Amman Tuesday.

The agreement provided that all details of federation will be worked out within three months. After the signing, the two young kings embraced and kissed.

"This is the happiest moment of my life," Hussein said. "We have taken a step toward greater Arab unity."

"I consider this the happiest moment of my life," Faisal replied, and I ask God to help us and bless this union which is for the good of all Arabs."

WEALTH, POVERTY JOIN

The new federation brings together about five million people in Iraq—a land of money-bringing oil and potentially fertile river valleys—with 1½ million Bedouin nomads and former Palestine residents in parched, poverty-stricken Jordan. Together the two countries total 210,000 square miles.

Saudi Arabia would bring to the federation more oil riches, about 600,000 square miles of mostly desert, an estimated six million people and King Saud's prestige in the Arab world. As the senior king, the 55-year-old Arabian monarch presumably would replace Faisal as chief of state.

A few hours after the signing ceremony King Faisal, Abdul Ilah and the rest of the top Iraqis left by plane for Baghdad.

ROTARY CHARTER PRESENTED — The Bloomfield Hills Rotary Club received its charter last night at a dinner meeting at Devon Gables.

Lloyd R. Hirth, governor of Rotary District 638. The dinner was presided over by William J. Dean, president of the Pontiac Rotary Club which sponsored the Bloomfield group.

Potter Wants Budget Action Now 'Let's Dig That Seaway'

WASHINGTON (AP) — Sen. Potter urged today that the Budget Bureau to recommend increased funds for deepening Great Lakes Channels to permit westward extension of the St. Lawrence Seaway.

The channel deepening, which Congress has authorized, was originally estimated to cost 141 million dollars with completion scheduled in 1962.

But the work is being delayed, Potter said, because "the Budget Bureau is holding money requests to a mere trickle."

Potter detailed his complaint in a letter to Budget Director Percival F. Brundage.

"The longer the stretchout on this work," he said, "the costlier it will be. Prices are constantly rising. Why saddle the taxpayer with this when it's not necessary?"

He urged Brundage to recommend a supplemental appropriation for the work in the year beginning July 1. He said this would place the channels project more in line with original completion plans. Congress has thus far appropriated

bor, "or any other accredited institutions."

What funds were needed was based on an estimated 100 patients per year with an average stay of 21 days at \$30 per day, as reported by county health officials.

Continuing their economic belt tightening, supervisors said all unfilled budgeted positions must be scrutinized to determine whether these jobs must be filled.

"When things get like this," said Fred W. Smith, supervisor from Royal Oak, "you have to tighten up on the vice a little bit."

One of the major reasons why this is necessary is that the present welfare case load is at the highest peak since 1937. Counties, like Oakland, must bear 70 per cent of these costs while the state picks up the 30 per cent balance. "Other costs such as hospitalization have boomed too," remarked Robert Y. Moore, chairman of the Board of Auditors, who added that the county definitely will be confronted with a million dollar deficit at the end of the year.

Harris to Back FBI in Probe of FCC

(Continued From Page One)

Whiteside said. He said he had never "fixed anything in my life" and that he was never employed as an attorney in the Channel 10 case.

Whiteside also issued a statement saying Mack was an old friend and that he had loaned Mack money off and on for 20 years. Whiteside also said he had records of repayment of all but \$250.

MADE RECOMMENDATION

As for the Channel 10 case, Whiteside said that in September 1955 he recommended to Mack that Public Service get the award. He said he did so at the request of Robert H. Anderson, then a lawyer and now a circuit judge. He said Anderson is a "friend of long standing."

Schwartz said Anderson, at the time the TV case was pending, was a member of a law firm that Schwartz said handled the Channel 10 proceeding for Public Service.

Schwartz quoted Anderson as telling subcommittee investigators earlier his law firm had hired Whiteside in the case.

Whiteside said he recommended Public Service because of what he termed the "fine character, high integrity and general reputation in the community" of persons involved in the application.

OVERRULED FCC

Mack was one of four commissioners who voted for Public Service, overruling an FCC examiners recommendation that the Channel 10 grant go to another applicant. Two commissioners voted against Public Service, and one abstained.

Mack, a Democrat, was appointed by Eisenhower to the bipartisan commission in 1955. The contest for the Miami TV channel started in 1953 and was decided by the FCC in February 1957.

Ontario mines produced \$660 million dollars worth of minerals in 1956.

The Day in Birmingham

2nd Annual Ice Show Set at Eton Park Rink Sunday

BIRMINGHAM—"Skaters' Holiday for 1958," Birmingham's second annual ice show, will be presented by the Recreation Board at the Eton Park at 7:30 p.m. Sunday.

Among the special features will be a figure skating exhibition by Marilyn Seiber, daughter of Mr. and Mrs. Bernard Seiber of 130 Riviera Terrace, Pontiac. A seventh grade pupil at Isaac Crary Junior High School, Marilyn is a member of the Pontiac Skating club and last year took top honors in club-sponsored competition.

Other soloists for the Sunday show will be Marjorie Hanck, Janis Cragie, Allison Wardrop and Helen Gale.

A novelty number will be performed by the German Band of Bill Muenchinger, Don Ritter, Neil Hull, Pat Devine and Phil Brown. A "Country Hoedown" will be done on skates, along with several displays of precision skating.

A group of 40 "tots" will be presented in "Favorite Songs and Daughters."

Planning the show and choreography are Helen Gale and Marjorie Hanck. Marion Seydel is advisor.

A Birmingham girl yesterday was presented with the University of Michigan's top Hopwood award for creative writing. She was among nine freshmen at the university who received \$350 in prizes for writing.

Janet E. Miller, of 811 Tottenham, Rd., Birmingham, winner in the essay division, was

awarded \$50 for "Art—the Mirror of Thought."

Sally Hanson of 5643 Putnam, Birmingham, was among the fiction winners. She received \$30 for her short story "Too Good."

The awards were presented for fiction, poetry and essays by Arthur J. Carr, associate professor of English. Carr and Arno L. Bader, professor of English, were the judges.

Torry School PTA will hold a Valentine party and dance in the school gymnasium beginning at 9 p.m. today. Highlight of the evening will be the flower show presented by parents and teachers.

In keeping with the Valentine theme, corsages will be given to the ladies.

When Charles Fox, caretaker at the Fox and Hounds Inn, celebrates his 80th birthday Sunday, his family will represent quite a gathering. Fox has three daughters, 18 grandchildren, 14 great grandchildren and one great great grandchild.

Conlin Plan Snagged in State Legislature

LANSING (AP)—A deadlock over execution of the Conlin Plan darkened the state's fiscal outlook today but local schools got word that \$28,500,000 in overdue state aid checks will go into the mails Tuesday.

Neither would budget first to get the state switched from a 30 to a 90-day basis on liquor purchases and the cash thus freed from inventory into the proper treasury fund. Action by both was required.

By Adding Stage to Jupiter

Hope to Shoot for Moon

PASADENA, Calif. (AP)—Put one more rocket motor on the Jupiter-C missile that launched the Amer-

ican satellite and you could reach the moon.

Scientists who designed Explorer I disclosed this yesterday at a news conference called to report on the satellite's progress through the heavens.

California Institute of Technology's jet propulsion laboratory has formally asked Defense Department permission to try to circle the moon with some future satellite.

There is no thought at the moment, scientists said, of trying this with Explorer II, the second U.S. satellite now being rushed to completion at the jet lab.

To reach the moon, a fifth rocket stage would be added to the four stages of the Jupiter-C. This stage, however, would be added to the nose of the missile, not the base.

Dr. Henry Richter and other scientists at the news conference said Explorer I is performing as they expected it would. Radioed information indicates that a human could live in a satellite.

"Room temperature" is being maintained inside the satellite and measuring devices indicate no great peril from cosmic rays or small meteorites in space.

A radio receiver, which Explorer I does not have, is being installed in Explorer II at the jet lab.

"By means of this receiver we can tell Explorer II when to broadcast to us," Richter said. "A tape recorder in the satellite will save up information gathered while the satellite is farthest away from earth and send it to us, on command, when the satellite is nearest 'the earth.'"

Because the radio will not be transmitting all the time, its batteries will last longer.

Duncan Hines Recommends 3 Area Restaurants

Three Pontiac area restaurants are among 3,000 selected eating places in North America recommended by Duncan Hines in the 1958 edition of "Adventures in Good Eating."

The restaurants are the Homade Food Shop, 144 N. Saginaw St.; Rotunda Inn, 3230 Pine Lake Rd.; Bloomfield Township; and Ted's Restaurant and Drive In, 2515 Woodward Ave., Bloomfield Township.

According to the publisher, Duncan Hines Institute, Ithaca, N. Y., this is the 50th printing of the 352-page travel guide book. The book lists all necessary information needed by those eating out or traveling.

Outclasses THE BEST of the Low-Price 3—for LESS MONEY

Every Window of Every Pontiac is Safety Plate Glass

If you're planning to buy a de luxe model of the so-called low-price three, you're paying the price of a Pontiac but not getting its extra in driving pleasure. You're missing the road-leveling ride of

Pontiac's big 122-inch wheelbase... Tempest 395 performance... man-size interior roominess... and big-car pride of ownership. So why buy a car with a low-price name? Get a Pontiac for less.

Elizabeth Wayne Is Speaker

144 From Pontiac Zonta
Attend Inter-City Dinner

One hundred and forty-four members and guests of Zonta Club of Pontiac attended the Inter-City International Banquet Thursday evening at Devon Gables.

President Mrs. Chadd Mellinger introduced the four charter members still active in the club, Mrs. Ada R. Evans, Clara Nusbaumer, Lola Parkins and Adah Shelly.

Also introduced were district officers and members from Cass City, Dearborn, Detroit, Birmingham, Bloomfield Hills, Flint, Lansing, Royal Oak, Saginaw Ypsilanti and Windsor.

TALKS ON MUSIC

Speaker for the evening was Elizabeth Wayne of Detroit who spoke on "Music in My Path" relating experiences in music as she traveled in Europe. Countries visited with particular musical significance included Ireland, the Netherlands, Belgium and France.

Carrying out the international theme, Zonta members were entertained by Scottish lasses dancing to the accompaniment of bagpipes played by Scottish lads. Following the "Highland Fling," Mrs. Fumiko Takata performed two Japanese dances.

2 Brownie Troops Have Valentine Party

Brownie Troop 300 of Winsor School acted as hostess for Troop 355 at a Wednesday afternoon Valentine party.

Highlight of the meeting was a showing of movies taken of the girls' investiture ceremony.

Auxiliary Hears on Food Trends

Grace Lutheran Church was the scene of the meeting of the Women's Auxiliary to the Pontiac General Hospital.

Guest speaker for the day was Mrs. Janet Odell, home editor of the Pontiac Press, who spoke on the subject "Changing food trends," discussing modern preparation of food for the consumer by pre-cooking, pre-mixing, pre-cleaning and freezing.

Mrs. Fritz Stoddard was chairman of the luncheon. Hostess was Mrs. Robert Schapler, and reservations were handled by Mrs. James Jones.

Missionary Couple Honored by Class

A missionary Valentine party was held by members of the Loyal Berean Class of Christian Temple when they gathered in the church recreation room to honor missionaries, the Rev. and Mrs. Charles Mason of South Africa.

A comedy skit, "The Return of the Little Red School House," was presented under the direction of Mrs. Isaac Thurman.

Need Mixer to Achieve Fluffy Icing

Mrs. Fahr's Recipe
Called Foolproof,
Can Be Varied

By JANET ODELL
Pontiac Press Home Editor

Want a pretty creamy frosting for your Valentine festivities this weekend? Use Mrs. Russell Fahr's recipe for Miracle Icing and color it pink. This, she says, is a never-fail icing.

Two pre-schoolers keep things humming around the Fahr home. Both parents love to square dance and belong to the Do-C-Do club. Mrs. Fahr also bowls in a league and does some church work.

MIRACLE ICING

By Mrs. Russell Fahr

1 cup sugar
1 unbroken egg white
¼ teaspoon cream of tartar
½ cup boiling water
1 teaspoon vanilla

Put sugar, egg white and cream of tartar in a mixer bowl. Add boiling water and beat at high speed until frosting is very stiff. Add vanilla.

For variety, use maraschino cherry juice instead of boiling water (heat to boiling) and fold in chopped maraschino cherries.

Cranbrook to Show Some Student Art

Galleries of Cranbrook Academy of Art will open a small exhibition of student work this weekend. It will remain in one of the lower galleries until the annual exhibition of student work is hung in May.

According to Wallace Mitchell, gallery head, some of the work is for sale, but the main purpose of the show is to allow students to observe their work in a gallery with work of other young artists.

Martins to Celebrate

The golden wedding anniversary of Mr. and Mrs. Noel E. Martin of West Rutgers ave-

nue will be celebrated with an open house, to be held at 2 p.m. Saturday at the home of their daughter, Mrs. Everett M. Mansfield, on First street.

MAKE OVER PAGES

From The PRESS BOX

St. Michael's basketball team will meet Detroit St. Rita on Thursday night, Feb. 20, in the St. Mike gym, to complete a 16-game schedule for the season. The game will be the only one played on the Shamrock court this season.

The Class A and B City League basketball games scheduled at Pontiac Central on Wednesday night, Feb. 13, will now be held at Madison Junior High, assistant director John Streit has announced.

St. Clement of Center Line finally won a basketball game. The Crusaders had a 63-19 romp at the expense of Utica St. Lawrence Wednesday night for their first win in 12 tries.

St. Lawrence recently withdrew from the Pontiac Class C district basketball tournament, leaving five teams in the field. In view of the Utica team's crushing defeat by weak St. Clement, the decision to pull out makes good sense.

The Tournament of Champions of the Golden Gloves will be held in Chicago Stadium Feb. 24-26 and the finals March 6th.

Doug Wugasser, former Birmingham high miler, was lost to the Western Michigan track squad for scholastic troubles. Two weeks ago he set a new school half mile record.

Tom Wilson, the last of the outstanding brothers to play at Lapeer, is recovering slowly from an injury suffered while playing freshman football at Michigan State last fall. "Tom comes out and shoots with us in practice when he's home. He still looks mighty good to me," said Lapeer coach Bert Jackson recently.

The Naval Academy has named Robert A. Bender, former tennis star at Princeton, as its new head tennis coach. He succeeds Art Hendrix who retired because of physical disability. The new coach, a former Army officer, has served as assistant to Hendrix since 1950.

Veteran right handed pitcher Jim Wilson today became the 31st Chicago White Sox player signed for 1958. The Sox have six players still unsigned, including only pitcher Dick Donovan and first sacker Earl Torgeson as regulars.

National Ski Jump Meet Sunday at Iron Mountain

IRON MOUNTAIN, Mich. (P) — For the first time in its 20-year history, the world's highest artificial ski scaffold will be the scene of the National Ski Jumping championships here this week-end and at least 100 riders are expected to fly through the air in quest of titles in three divisions.

The national meet, scheduled at 2:30 p.m. (EST), Sunday, will be preceded tomorrow by the 23rd annual Kiwanis Ski Club invitation tournament. The same jumpers will compete both days.

With such stars as Ansteln Samuels, Art Tolk and other members of the international team out of the way, the scrap for the senior national title is expected to be a two-way affair between Billy Olson and Keith Zuehlke, both of Eau Claire, Wis.

However, 22-year-old Ted Lahner, also of Eau Claire, outjumped

IN FOR '58 — Frank Bolling, Tiger second baseman, signed his 1958 contract yesterday despite many rumors that he would be traded to the Cleveland Indians. General Manager Frank Lane said several times he would like to get Bolling.

Spartans Battle Illinois on TV

MSU Can Regain 1st by Winning Saturday; 'M' at Ohio State

By THE ASSOCIATED PRESS Michigan State will try to regain the Big Ten basketball lead in a game Saturday with Illinois.

The contest, to be televised regionally, 4:30 p.m. will be on MSU's home court, where the Spartans are unbeaten in seven starts.

Victory would give MSU a 6-3 conference mark, breaking a tie for first place with Indiana. The Hoosiers are idle until Monday.

Illinois, although the highest scoring Big Ten team with a 79.5 average, shares last place with Wisconsin with a 3-5 standing. The Illini have won only once in six road appearances.

Because of Michigan State's chance of going in front of the closest title race in Conference history, the game takes feature status. Rounding out Saturday's schedule are night engagements sending Michigan (4-3) to Ohio State (5-5), Northwestern (4-5) to Minnesota (4-5) and Purdue (5-4) to Wisconsin (3-5).

Bruins Bomb Red Wings, 5-0

Detroit Pushed to 4th; Boston Ties for Second

Harry Lumley Scores 2nd Victory Against Motor City Crew

BOSTON (P) — The Boston Bruins shutout the Detroit Red Wings 5-0 last night and pushed the Wings into fourth place in the National Hockey League race.

The victory put Boston in a tie for second place with the New York Rangers, who were idle. Boston and New York each have 51 points. Detroit has 50.

Boston put on one of its best offensive displays of the season in giving goalie Harry Lumley his second shutout of the campaign.

Losers to Detroit in only three of their 11 meetings, the Bruins put together two goals in the first period and three in the second. Boston continued its blazing attack in the third. Bronco Horvath scored his 21st goal for the Bruins while Vic Stasiuk and Jerry Toppazzini each collected their 19th.

Stasiuk and Toppazzini got the first period tallies on tips-ins after long shots by defensemen Allan Stanley and Fernie Flaman.

Boston put the game away early in the second period. Horvath sent a 25-foot shot past wing goalie Terry Sawchuk. Buddy Boone scored three minutes later and Leo Labine finished it off at 6:07.

Lumley, replacing the injured Don Simmons, had 33 saves. Sawchuk had 36 saves.

This was the 8th time that Detroit has been shutout this season, and for Lumley it is his second win in as many starts against the Wings.

4 More Tigers Inked for '58

DETROIT (P) — Four more Detroit Tiger players, including veteran outfielder Gus Zernial, returned their signed 1958 contracts.

Thus, the Tigers passed the two-thirds mark in player negotiations. With 28 players now under contract, only 11 remain unsigned. The unsigned list includes Harvey Kuenn, Frank Lary, Bill Hoelt, Charlie Maxwell and Reno Bertoia.

Frank Bolling and Joe Presko and Tom Yewcic agreed to terms yesterday.

Boone, Dark Collide in Players' Tourney

MIAMI, Fla. (P) — Favored Alvin Dark, shortstop for the St. Louis Cardinals, teed off against Ray Boone of the Detroit Tigers today as match play began in the 18th annual National Baseball Players' golf tournament.

Dark, three times winner of the event and defending champion, qualified yesterday with an 82 to tie for second place with Darrell Johnson of the New York Yankees. Boone fired a 92.

Several Tiger Vets Report Early

Rookies Open Camp

LAKELAND, Fla. (P) — The Detroit Tigers, armed with a fresh supply of players and considered stronger in most every department, opened their rookie camp at Lakeland today.

Only Florida's unpredictable weather could spoil the early camp that is sprinkled with several Tiger veterans who have new things to learn and new responsibilities to carry.

Manager Jack Tighe arrived with his family several days ago and settled down in a motel just outside of this citrus belt town. Most of his coaches have been on hand for a couple of weeks, overseeing the work at the Tigers' baseball school.

Among the veterans due at early camp are Harvey Kuenn, Frank Lary, Al Kaline and Bill Hoelt.

Their early arrival is a solid step in the direction the Tigers must follow if they expect to improve upon their 78-76 record that put them in fourth place last season.

All three suffered serious let-downs, and they are three of the Tigers' most important players. Kuenn batted only .277—a whopping 55 points under his 1956 average, and he drove in only 44 runs—just half the number of runs he drove across the previous season.

More important than anything else, Kuenn is scheduled to shift

to a new position this season. He has been a shortstop for his entire six-year baseball career.

The Tigers say he will be tried in the outfield in 1958, and that newly acquired Billy Martin will be the club's new shortstop—unless it is discovered that the ex-Yankee and ex-Athletic cannot handle the shortstop job.

Too, Kuenn might be switched to third base, or even first base, if the outfield experiment flunks out. The crew-cut Kuenn has not signed as yet but Gen. Mgr. John

McHale is in Lakeland and it would not be surprising if the two came to terms before McHale returns to Detroit.

Lary and Hoelt must be big winners if the Tigers are to be a contending team. The two combined for 41 victories two seasons back. Last year they accounted for just 20.

Ray Boone arrived in town several days ago but is concentrating on golf. He probably will not start heavy workouts until all the veterans are due on Feb. 26.

WASTING NO TIME — Herb Score, Cleveland Indian ace left-hander who missed most of last season after being hit in the right eye by a line drive, is wasting no time getting ready at Tucson, Arizona.

SPORTS

TOPPAZZINI MISSES — Terry Sawchuk, Detroit goalie, spoils Jerry Toppazzini's driving shot after he slips through the Wing defense set up by Marcel Pronovost (3) and Warren Goffrey (5) in the second period of their game last night. Boston won 5-0.

Watrous Retains Quarter-Century PGA Golf Title

DUNEDIN, Fla. (P) — Al Watrous of Birmingham, Mich., finished one stroke ahead of Dick Metz of Val Verde, Ala., and Charles Sheppard, West Newton, Mass., yesterday and successfully defended his PGA Quarter Century Club golf title.

Watrous shot a two over par 74 to go with an opening day 70 for a 36-hole total of 144.

The tournament is for pro golfers who have been in the PGA 25 years or longer.

Municipal Golf Fees May Rise

Increase Is Requested by City Commission for Public Course

Golfing fees at Pontiac Municipal Golf Course will probably be higher this summer to prevent a repeat of last season's \$4,000 operating loss.

City Commissioners last night asked City Manager Walter K. Willman and David R. Ewalt, Parks and Recreation director, to decide together on new rates.

If possible, Commissioners wanted the increase held at 85 cents for nine holes weekdays and \$1 weekends and holidays. The present fee for nine holes is 75 cents everyday.

Ewalt had suggested these fee hikes, covering weekdays, Saturdays, Sundays and holidays:

For nine holes, from 75 cents to \$1; all day, from \$1.60 to \$2; twilight hours, 40 cents to 50 cents; and league play for nine holes, from 75 cents to \$1.

Ewalt said Detroit had made similar raises on its public courses.

St. Thomas Clips Eagles' Wings

Paced by a pair of highly efficient shotmakers in 6-5 Hank Podewza and Arne Klott, a 5-10 guard, Detroit St. Thomas last night administered a 71-37 spanking to St. Mary's Eagles on the Orchard Lake floor. Defeat was the 4th of the season for the Eagles, their 3rd straight.

Podewza and Klott compiled 44 points between them, more than enough to outscore the Orchard Lake crew. Podewza had 12 baskets and Klott 10, hitting from all angles. Eagles' best scorer was Chet Wlodkowski with 11.

St. Thomas' season's mark is now 11-2, St. Mary's 10-4.

The Blue Streaks led all the way, starting with a 19-6 first period score. Eagles were never in contention.

Scoring Ace Baylor Hits 47

By THE ASSOCIATED PRESS Elgin Baylor appears to have the major college basketball scoring title in the bag, but even with his dominating 34.4 points-a-game average he's a long way from setting records.

The 6-6 junior, who played for Idaho as a freshman, swished 47 points for Seattle last night in a 99-69 victory over Regis of Denver. It was the 11th straight for the Chieftains, now 13-4 and ranked 16th in the Associated Press poll.

Baylor, who scored 27 in the first half after Regis junked a zone defense, now has scored 624 points in 19 games. He had a 33.7 average going into the Regis game. He hit 15 of 26 field shots and 17 of 19 from the foul line.

At his current average, Baylor is well back of the all-time one-season average record of 41.7 set by All-America Frank Selvy at Furman.

Only one of the top 10 clubs

Piston Ace 'Shocked' NBA Is Rough--Yardley

DETROIT (P) — George Yardley says he probably wouldn't be playing pro basketball "if I stopped to think how rough it is."

The Detroit Piston forward, leading scorer in the National Basketball Assn., was "shocked" when he saw a few games on television.

"I was really shocked when I saw how rough things are out there on the court — especially up under the basket," he explained. "But it's altogether different when you're out there yourself, playing instead of watching."

Yardley has plenty of scars to show for his five seasons in the NBA.

"There's a lot of talk about the

number of stitches hockey players receive in a career," said Yardley, "but basketball players can give them a pretty good run for their money."

Opposing players generally bump Yardley in the arms and elbows in an effort to drive his shooting off. Since it is their practice never to hold onto an other player for a long period of time, Yardley — who has remarkable fingertip control of the basketball — generally gets his shots off. His percentage of success is among the highest in the league.

Yardley wants to coach after his playing days are over, but he claims he never would coach in the college or professional ranks. "I'd like to quit after next season and go back into full-time engineering work — and work in some high school or junior college coaching on the side if I could."

The Piston star feels he has learned enough from his unusual experiences with four different coaches so that he could do a pretty good job on the high school or junior college levels.

"My coach at Stanford was Everett Dean," Yardley explained. "He's the finest man I've ever known in athletics. He taught young men how to behave, how to be a real man."

"My first coach when the Pistons were at Fort Wayne was Paul Birch. He was a real taskmaster and a fine teacher, but the boys didn't play well for him. He just couldn't handle men."

"Then there was Charley Eckman. He took the strings off. It was like coming out of a dungeon when Eckman took over. Things were free and easy — Charley admitted he didn't know a whole lot about basketball. Things were fine when we were winning, but when we started to lose — well, you know what happened to Eckman."

Seven strokes behind was Betsy Rawls with a 73, a stroke better than Louise Suggs and Patty Berg.

Marr's 63 Tops for Texas Open

Burkemo Had 71, Bone 76 in Yesterday's 1st Round

SAN ANTONIO, Tex. (P) — Texan Dave Marr, one of the brightest youngsters coming up in golf, led the \$15,000 Texas Open by a whopping six strokes going into the second round today.

He also showed they had been looking in the wrong place for the best bad weather player—he certainly could lay claim to the title with that 8-under-par 63 he banged out yesterday over the soggy, greens-frozen 6,490-yard Brackenridge Park course.

It was a day that saw only 15 of a field of 150 players able to better par and it was the first time in a long time that a par 71 was among the top 20 scores on opening round, in this tournament noted for its records.

Jay Hebert of Sanford, Fla., the defending champion, and Mike Souchak had 74.

Michigan Scores

Walter Burkemo	35-36-71
Reggie Miles Jr.	36-36-72
Eldon Briggs	36-37-73
John Barnum	39-36-75
Mike Dietz	35-40-75
Ernie Fortner	38-37-75

Third OCSC Fox Hunt Set for This Weekend

Last of the season's fox hunts arranged by Oakland County Sportsmen's Club is set for Sunday over a site near Groveland. Sunday's hunt is the 3rd of the winter and hunters are asked to convene at OCSC headquarters at 8:30 a.m.

Hunting site is in the area about Wildwood road, between Grange Hall and McGinnis roads, three miles west of Ortonville and two east of Dixie Highway. Hot lunch will be served at noon.

Shotguns, with No. 2 or 4 shot loads only will be used, and hunters are told not to take dogs.

Eligible Valentines

Only 2 Wings Available

DETROIT (INS) — Unmarried ladies in the Detroit area with a yen for hockey players may be interested to know the Detroit Red Wings have just two players eligible for matrimony.

Red Kelly and Nick Mickoski are the only members of the Red Wings who have yet to take the long walk down the center aisle.

Valentine's Day findings show there are a great deal more married men in the National Hockey League than single players.

The Montreal Canadiens also have only two singletons—Tom Johnson and Phil Goyette.

The Toronto Maple Leafs, the NHL's youngest club, has the most eligibles—eight.

Jackie Pung St. Pete Leader by Six Strokes

ST. PETERSBURG, Fla. (P) — Jackie Pung shot an 8 under par 66 to lead the field by seven strokes in the first round of the St. Petersburg Women's Open golf tournament.

Seven strokes behind was Betsy Rawls with a 73, a stroke better than Louise Suggs and Patty Berg.

Construction of High School Still on Schedule at Romeo

ROEMO — School Board members learned last night that construction of the new high school west of Romeo is proceeding on schedule.

Superintendent T. C. Filippula said the installation of windows and panels will be completed within the next two weeks. All window sash is in and the door frames are on the site he reported.

The contractors have stated that at present all materials are arriving on schedule and no problems are foreseen to delay completion of the building by the June 27 deadline.

It cost \$294.24 to educate each of the 2,051 pupils in the Romeo School District last year, Filippula told the board.

This figure does not include

Fowlerville Girl Pie Champion

To Represent Michigan
in National Contest at
Chicago Next Week

GRAND RAPIDS (AP)—Judy Damman, 17-year-old Fowlerville Community High School senior, today was named 1958 Michigan Cherry Pie Baking Champion.

The daughter of Mr. and Mrs. George Damman of rural Fowlerville carried off the \$300 first place scholarship award and becomes Michigan representative Feb. 20 in the national contest at Chicago.

Merry Joan Gowdy, 17-year-old daughter of Mr. and Mrs. H. Ward Gowdy of rural Union Pier in Berrien County and a senior at New Buffalo Consolidated High School, was awarded second place with a \$50 cash prize.

Laura Lee Plage, 17, a senior at Edmore High School in Montcalm County, won the \$25 third place award.

A Lake Orion girl, Judy Cudohovsky, 16, was among the eight finalists. Sixty-two counties were represented in the 36th annual contest.

The queen was announced at an award luncheon at noon. The contest is sponsored by state cherry growers, canners and packers.

Miss Damman plans to enter Michigan State University for nurses' training.

The winning effort was her fourth entry in a cherry pie baking contest since 1955. Last year she placed second in the Livingston County test.

A talented musician, she currently is state pianist for Michigan's Future Homemakers of America and also is first tenor saxophone in her school's concert band and a drum majorette in its marching band.

The brown-haired 1958 champion also is active in 4H Club work, with awards as a dress designer, model and saddle horse exhibitor.

Orion Council Picks Board for Election

LAKE ORION — The Lake Orion Village Council has appointed Mrs. George Perry, Mrs. Jesse Van Winkle, Mrs. Henry Angell, Mrs. Howard Harris and John Hall to the Feb. 17 election board. Voting hours at the Village Hall will be 7 a.m. to 8 p.m.

The Village Maintenance Department announced that two-thirds of the pipe laying on Victoria Island has been completed. The mains will be lowered when the ice melts in the spring.

capital outlay and supplemental disbursements. If these items are included, the total per pupil is increased to \$358, he said.

A committee of teachers attended the meeting to discuss a proposed salary schedule for next year. A complete review of the district's tax levy, millage and

assessed valuation by the board followed.

Similar discussions are planned for future meetings, the superintendent said.

A locally conducted teacher's institute was scheduled for March 14 at the high school.

At Walled Lake Library

Children to Hear Story

WALLED LAKE — Mrs. Noel V. Swindler, a member of the Walled Lake Story-Telling League, will entertain children with a hour-long story from 1 to 2 p.m. Saturday at the Community Library.

Children from Walled Lake and the surrounding area are invited to hear the story. The library is located on the second floor of the Ramsey Building in downtown Walled Lake.

Mrs. Swindler will be the second league member to make an appearance at the library. The weekly series of story hours was inaugurated last Saturday as a special feature at the library.

Mrs. Dorothy H. Meagley, in charge of community relations, has announced the addition to eight members to the library staff of volunteers. They are Mrs. Ruth Brede, Mrs. Pearl Wallace, Mrs. Gene Louwman, Mrs. Trudy Champe, Mrs. Joyce Garland,

Open Meeting Today in Wolverine Lake

WOLVERINE LAKE — George Belprez, president of Wolverine Lake village, has called a public meeting for 8 p.m. today at Glenary Elementary School for an open discussion of village affairs.

Belprez said he scheduled the meeting to inform village residents of many facts pertaining to the spring election and to local governmental procedures.

Persons interested in village affairs will be reminded of their opportunity to file nomination petitions for council positions between Feb. 23 and March 10. The election will be held on April 7.

A two-year weed control program will be placed before voters on the April 7 ballot.

A question and answer period will be held.

Mrs. Ida Van Lare, Mrs. Mary Palmer and Mrs. Hale Watkins.

The library will be open from 2 to 4:30 p.m. Saturday, immediately following the story hour.

Lapeer to Observe World Prayer Day

LAPEER — The World Day of Prayer—Friday, Feb. 22—will be observed at the Grace Episcopal Church here at 2 p.m.

The first Friday of Lent, the day will find women of 117 countries uniting in prayer. Each year the program is written by a different group of women, with the 1958 program planned by the women of Australia.

Seven Lapeer churches are combining in the service. They are Church of the Nazarene, First Presbyterian, Monroe Street Methodist, Pilgrim Holiness, Free Methodist, Liberty Street Gospel and Grace Episcopal.

Mrs. E. P. Green will narrate a film strip depicting work financed by offerings at prayer services. Other leaders will be Mrs. W. N. Miller, Mrs. Donald Wanner, Mrs. Benjamin Minford, Mrs. Peggy Swartz, Mrs. Raymond R. Lamb, Mrs. Stephen Crowell and Mrs. Rowena Euler.

Chairman for this year is Mrs. Carl M. Smith. Sharon Rinn will sing a solo at the prayer service, accompanied by Janet Hurshburger.

Announce Engagement

DRAYTON PLAINS — Mr. and Mrs. Floyd E. Loree of 5641 Williams Lake Rd. have announced the engagement of their daughter, Jeannine Anne, to James M. Rahl, son of Mr. and Mrs. William G. Rahl of Romeo. A May 10 wedding is being planned.

JOANNE CREIGHTON

Mr. and Mrs. Frank M. Granger of 4494 Granger Rd., Oxford, have announced the engagement of their daughter, Joanne Creighton, to Lt. John P. Lovell of Madison, Wis. Following her graduation from Michigan State University in 1954, Miss Granger taught art in Royal Oak elementary and junior high schools until 1957. Since last September she has been teaching in the American High School in Baumholder, Germany. Her fiancé is a 1955 graduate of the United States Military Academy at West Point, N.Y. The wedding date has not been set.

January Milk Output Shows Rise in State

LANING — Michigan's January milk production Thursday was estimated at 407 million pounds by the Federal-State Crop Reporting Service.

This compared with 402 million pounds last year and the record of 410 million pounds in January of 1946.

January egg production was estimated at 149 million, down from the 153 million eggs produced in the same month a year ago.

'The White Sheep of the Family'

Avon Players Rehearsing New Comedy for Feb. 21

ROCHESTER R—Avon Players are rehearsing with a will, this time to bring to their Rochester audience an imaginative, lively and decidedly unique comedy, "The White Sheep of the Family."

The play will have a two-night run, Feb. 21 and 22, with curtain

time at 8:30 p.m., in Rochester Junior High School auditorium.

Playwrights Ian Hay and L. du Garde Peach have reversed the normal situation where a family fears for the welfare of a wandering "black sheep" to produce some hilarious plot developments in the three-act script.

The play centers around the activities and home life of the Winter family, whose members make their living in unethical ways and guard closely any intrusion on the family pattern.

Alice and James Winter, daughter Pat and son Peter all are of questionable character — but the audience at Picadilly Theatre in London, England, where the play was first produced, took them right into their hearts.

Dorothy Seiffert is directing the Avon production, with Ed Kucera as assistant. Bob Halback is executive producer.

The cast includes Elaine Smith as Angela Preston; Pat Kucera and James Coyle as Alice and James Winter; Mary Chapman and Tom Severance, the Winters' daughter and son; Chuck Grant as John Preston; Jim Jackson as Sam Jackson; Don Weston, the vicar; and Susie Seiffert as the maid.

Congregational Church to Hold Planning Retreat

ROCHESTER—The annual planning retreat for board and committee members of the First Congregational Church will be held from 3 to 7 p.m. Sunday at the home of Mr. and Mrs. Henry Axford on North Rochester road.

Dr. Harold N. Skidmore, minister of the Michigan Congregational Christian Conference, will open the retreat by leading a discussion on the theme "Strengthening Our Fellowship in the Church."

Following the afternoon planning session, a buffet will be served at 5 p.m., under the direction of Mrs. C. Ward Crissman. The evening meeting will begin with a devotional service conducted by Mrs. Maynard Remer, with music led by Leo Yocum and Harold Dawe.

Assisting in the general plans for the retreat are Orin Romigh, Al Musson, the Rev. E. John Yuelis and Wesley Holyoke.

Holyoke will moderate the evening discussion concerning church plans and activities. The planning retreat is sponsored annually by the prudential committee of the First Congregational Church.

Brooks PTA to Meet

WHITE LAKE — The Lee O. Brooks PTA will meet Monday at 8 p.m. in the multi-purpose room of the school. A Founders' Day program, featuring the Pontiac Mother Singers, will be presented.
