APPROPRIATIONS BILL PASSED; SENT TO GOVERNOR

A joint conference committee of the Michigan house and senate has approved an \$11,406,000 general fund budget appropriation for OU for 1973-74. The funds are in a higher education aid bill under consideration by Gov. William Milliken.

Also in the appropriations bill is a contingency clause that could pay OU up to an additional \$450,000 above the budgeted figure of \$11,406,000. In the plan, OU will receive \$1,000 for every full-time student enrolled above a set figure of 7,325 students up to a maximum of 450 additional students.

OU officials said the \$11,406,000 general fund budget allocation includes a \$192,000 payment to OU for rental costs of faculty office-classroom space in the west tower of Vandenberg Hall. The university is moving 125 offices into Vandenberg to alleviate a space shortage that exists until Classroom-Office Building II can be completed.

The east tower of Vandenberg will continue to house students. Faculty in learning skills, history, economics and management, and mathematics are scheduled to be moved into the west tower by fall. Additional moves will be announced later.

HAMLIN HALL PREPARED AS FRESHMAN RESIDENCE

Hamlin Hall, a 16-floor facility, will serve as OU's freshman residence hall for 1973-74. Vandenberg Hall, freshman residence last year, will house upperclassmen in its east tower and faculty classroom-offices in its west tower.

All halls of Hamlin have been carpeted as well as some lounge areas, and hallways have been cleaned and painted. Some rooms will be painted before classes open Sept. 4, and students whose rooms need painting will be able to paint them at university expense. Four floors of the structure will house upperclassmen who have a "room only" option at the university, and 470 freshmen will occupy the rest of the residence. Housing will be co-ed by floor.

BOARD OF TRUSTEES WILL MEET AUG. 15

A meeting of the Oakland University Board of Trustees has been set for Wednesday, Aug. 15, from 8:30 p.m. in the Gold Room of the Oakland Center.

It is hoped that contract negotiations with OU's bargaining units will be concluded by the board session, and that a proposed budget for 1973-74 may be placed on the agenda. The board will also consider a possible tuition hike.

SUMMER PROGRAM HAS RECORD ENROLLMENT

OU's summer program set a record in terms of students enrolled and credits produced, Billie DeMont, acting dean of the spring and summer sessions, has announced.

The summer term, which counts toward the university's enrollment statistics for the 1973-74 fiscal year, show 3,079 students enrolled in the 1973 summer sessions compared with 2,505 students last year. Students this summer have taken courses producing 16,762 credits or the equivalent of 614 fiscal year equated students (based on an average of 31 credits a year for an undergraduate and 24 credits for a graduate student). The 1972 summer session produced 14,148 credits or the equivalent of 511 FYES. Greatest jump came in graduate school enrollment where 5,728 credits were delivered in 1972 compared with 7,720 for 1973.

OU OFFERS CAREER ADVISING AT OAKLAND MALL

Oakland University resumed its successful educational advising and career information center at the Oakland Mall Wednesday, Aug. 1 and will staff it on a six-day-a-week basis through the end of August, Admissions Director Jerry Rose has announced.

The university tried the program on an experimental basis during June and conducted personal interviews with 390 persons and distributed literature to nearly 1,000 more individuals, Rose said.
