Michigan to Crack Down on Traffic Offenders

Brazil's Solons Uphold Regime of Nereu Ramos

Reject Cafe's Attempt to Resume Control of Government

RIO DE JANEIRO, Brazil (AP)—Brazil's Congress and army acted swiftly today to preserve the regime of provisional President Nereu Ramos against a bid by Joao Cafe Filho to resume the presidency.

By sizable majorities after an all-night debate, both houses of Congress adopted a resolution that Cafe should remain out of office until Congress decided otherwise.

The national regime "now is menaced as before," said the resolution in a reference to unsettled political conditions which resulted in Ramos' installation by a bloodless army coup Nov. 10.

The army held Cafe incommunicado in his apartment. Troops surrounded the building and barred all visitors. Telephone calls to the apartment were interrupted.

Troops also guarded key government buildings but Rio remained calm. Friends of the ex-president prepared to ask the Supreme Court for an order assuring his safety.

News dispatches going abroad were being censored. Associated Press dispatches from the capital were being relayed via Sao Paulo, the big industrial center southwest of Rio along the coast.

Cafe took a leave of absence from the presidency Nov. 8 after a heart attack, turning the job over to Chamber of Deputies President Carlos Coimbra da Luz.

The change was accompanied by rising suspicion that Cafe and Luz were planning a coup to prevent the Jan. 31 inauguration of President-elect Juscelino Kubitschek, political heir of the late dictator Getulio Vergas.

To forestall such a coup, War Minister Gen. Henrique Teixeira Lott engineered a bloodless army coup of his own which ousted Luz and installed Ramos, the president of the Senate.

Soviet Radio Announces:

Reds Execute 5 Top Brass for 'High Treason' Action

LONDON (INS)—The Tiflis Radio announced today that five former security officials of the Soviet Republic of Georgia had been executed for high treason.

It was the first disclosure of such a purge since Soviet Premier Nikolai A. Bulganin and Communist Party Chief Nikita S. Khrushchev assumed dual leadership of Russia in February of this year.

The five men reportedly were collaborators of former Soviet Secret Police Chief and Interior Minister Lavrenti P. Beria.

Beria was arrested shortly after Stalin's death in 1953 and executed for treason and counter-revolutionary activities.

The same charges were made against the five whose purging was disclosed today. The date of their execution and their first names were not given.

All were members at one time of the Georgian International Affairs Ministry which controlled the Secret Police.

Beria got his start in Cheka, first version of the dread secret police system, in Tiflis where he was born.

The last publicly announced purge was in December 1954, about two months before Bulganin replaced Georgi Malenkov as premier.

The names of the five were given as:

Rukhadze, Rokava, Stavisky, Khazani and Tserteli.

Beria, like former Premier Stalin, was a Georgian. He was considered one of the triumvirate to assume power immediately after Stalin's death. The other two were Malenkov and Foreign Minister V. M. Molotov.

But Beria was considered too dangerous since his secret police amounted to a state within the state, so the government, army and party joined to get rid of him.

Struck by Car, Youth, 9, Critical

James Matheny Hit Running Into Street as Snowballs Fly

To get away from snowballs thrown at him by three friends, nine-year-old James Matheny ran into the street yeterday. He was critically injured by a car.

James, the son of Mrs. Edna L. Matheney of 22 McKinley St., was playing in front of his house when he was hit by a car driven by Sam Abcumby, 48, of 34 Deland Ct.

Police said Abcumby, a worker at Pontiac Motor Div., told them he was driving about 25 m.p.h. in the residential area.

Abcumby said he did not see James until after the impact. James' playmates said he ran into the street with his head turned toward them as they chased him. He is in critical condition at Pontiac General Hospital with a compound fracture of the skull and a broken leg.

Thanksgiving Snow Predicted for Area

The Weather Bureau said that the Pontiac area will probably be covered with snow by Thanksgiving Day.

The city-area forecast calls for rain tonight with a low ranging from 40 to 44 degrees. There will be more rain tomorrow with a high between 48 and 52 degrees. During the afternoon and evening there will be snow and rapidly falling temperatures.

Snow flurries and a sharp drop in temperature to 20 degrees is the forecast for late tomorrow night.

The lowest temperature preceding 8 a.m. was 32 degrees. The thermometer registered 42 at 2 p.m.

Schools Closing for Two Days, but Not Monday

Pontiac public schools will close Thursday (Thanksgiving) and Friday, Assistant Superintendent of Schools J. Cecil Cox said today.

He stressed that classes will resume Monday morning on regular schedule.

For the past several years a teachers' meeting has been held the Monday following Thanksgiving and school has been out. But no meeting is slated this year, said Cox.

VICTIM OF SHOOTING—Sally Shedd, 25, above, UAL stewardess was shot four times as she stood in the doorway of a plane about to take off in Seattle, Wash., yesterday. Miss Shedd was killed by the shots which King County sheriff's officers said were fired by Robert Clendenin, of Salt Lake City, who then shot himself. Miss Shedd was the daughter of Mr. and Mrs. Charles F. Shedd of San Francisco.

Steere Reports Wide Approval

Says Many Have Called Him to Back Study of City-Township Merger

"Many people have spoken to me about my suggestion that Pontiac and Waterford study the question of joining forces," said Frank W. Steere to the Press this morning.

"Everyone thinks the matter is certainly practical and should be investigated completely. I have had many telephone calls and have met many people in person and they all favor annexation if the various problems can be worked out satisfactorily. Several said the idea had never occurred to them and several more said they wondered why the matter hasn't been studied long before this."

In addition to the members of the Chamber of Commerce committee mentioned in the Press Monday, there are the following three: Robert R. Eldred, Barney W. Crandall, and E. L. Karkau.

2 Bond Programs Set for Discussion

Final reading of a $600,000 city parking program ordinance, and the first move toward issuing $3,000,000 bonds to finance an addition to Pontiac General Hospital are on the agenda of the city commission for its meeting tonight.

If the revenue bond issue for parking is approved, it will be submitted to the State Municipal Finance Commission for approval.

Voters have approved the hospital addition, and the resolution before the lawmakers tonight would authorize the city clerk to publish notice of intent to issue the bonds.

Archbishop Shine Dies

WHITBY, England (AP) — Britain's oldest Roman Catholic bishop, Archbishop Thomas Shine, died early today of pneumonia. He was 83. A native of County Tipperary, Ireland, Archbishop Shine had been bishop of Middlesbrough since 1929. Last February Pope Pius XII conferred the personal title of archbishop on him in recognition of his long service to the church.

Unrequited Suitor Slays Airline Hostess, Himself

SEATTLE (AP) — An airline stewardess was shot to death by her former boy friend last night as she was greeting passengers filing aboard a Los Angeles-bound plane.

Then the love-crazed young man, breaking away from an Air Force lieutenant who attempted to subdue him, ran from the plane and shot himself. He died three hours later in a hospital.

The United Air Lines stewardess, Sally Shedd, 25, was struck in the chest by two bullets.

Mrs. Herman Loesch of Portland, Ore., her voice quavering, told how Robert Clendenin, 26, a trainee with the New York brokerage firm of J. A. Hogle and Co., sat down beside her and drew a pistol from his briefcase.

"I thought it was a cap pistol," she said. "Even after it went off I thought it was a cap pistol. It just kept on going off. Bang. Bang. Bang."

Clendenin was one of the last of some 40 passengers to board the DC6B.

He nodded and spoke to his former girl friend before taking his seat next to Mrs. Loesch at the front of the plane.

RUSHED DOWN AISLE

Withdrawing the pistol from his briefcase, he rushed down the aisle and confronted Miss Shedd. He pushed her into a seat on top of Air Force Lt. Norman Stout of Portland, Ore., and fired four shots.

Two of the shots struck Miss Shedd.

Stout said:

"She was lying almost across me. Then he shot her point blank three or four times. I couldn't tell which. She lit on me, uttered a gasp and then he shot her.

"I couldn't get loose from my safety belt until he had shot her."

When he did free himself, Stout leaped from his seat and grabbed Clendenin. A fifth shot, which plunged harmlessly into the plane's side, was fired as they grappled.

Stout finally tumbled Clendenin through the door of the plane and down the ramp to the concrete field.

FIRED INTO HEAD

Clendenin, the son of Beverly Clepdenin of Salt Lake City, ran about 25 yards and fired the one remaining bullet in the gun into his neck.

Blood streamed from the wound but he remained standing. He reloaded, ran another 25 yards and fired a bullet into his head.

To Let Contracts for Expressway

Highway Department Continues Opposition to Turnpike Authority

The State Highway Department pressed forward today with plans in opposition to those of the Michigan Turnpike Authority (MTA).

The highway department said first contracts will be let in January or February for construction next summer of an expressway from the northern terminus of the Toledo-North Expressway at Rockwood to Detroit.

It will be extended north to Dix Avenue (U.S.-25) with a temporary connection to Telegraph Road, the department stated.

Turnpike authority plans call for using the Toledo-North terminus as a jumping - off place for the proposed north-south toll road.

Establish Basis for Canonizing Pope Pius XII

VATICAN CITY (AP) — More than for any other pontiff of modern times, a basis already has been established for the eventual canonization of Pope Pius XII.

* * *

Vatican sources believe that the elevation to sainthood of Pius following his death may be among the quickest in the history of the church.

The most dramatic miracle attributed publicly to the 79-year-old head of the Roman Catholic Church came with the Vatican announcement this week that Jesus Christ appeared to him in a vision during his grave illness last December.

However, well-informed Vatican sources long have said that the Vatican secretary of state has a voluminous file of letters and messages from persons telling of "prodigious facts" — miracles — that have helped them as a result of the Pope's intercession.

Wade Surrender Set for Monday

Jackson Prison Term Awaits County Resident Convicted of Fraud

Morrison T. Wade, of West Bloomfield Township, is scheduled to be surrendered Monday at Jackson prison by his attorney to serve a 4 to 10 year prison sentence for fraudulent solicitation of charitable contributions.

The U. S. Supreme Court yesterday refused for a second time Wade's appeal questioning validity of Michigan's one-man grand jury law.

Wade and his wife, Bessie Lou, both were convicted of fraud in their operations of the Society of Good Neighbors in Detroit. She was placed on five-year probation and fined $5,000. Their trial lasted 104 days in 1951.

The state claimed they turned the society into a fraud against the public, getting $750,000. Wade was the society's managing director.

Samuel Brezner, assistant Wayne County prosecutor, said he had been advised Wade would be surrendered Monday by his attorney, Larry Davidow.

Brezner said Davidow may plan one more legal move by claiming violation of Wade's civil rights in federal court, but said Wade must be in custody to permit such a move.

Juvenile Vice Probe Set for Discussion

Chief Assistant Oakland County Prosecutor George F. Taylor is in Lansing today to attend a highway-safety conference and consult with Attorney General Thomas M. Kavanagh about alleged juvenile vice activities in South Oakland County.

Prosecutor Frederick C. Ziem was also scheduled to make the trip, but is ill.

Taylor said he would ask Kavanagh if the State Police vice squad could be made available, if needed, to investigate the juvenile crime reports.

Father of 3 Killed

MT. CLEMENS (AP) — Bernard Baranowski, 45, of Mt. Clemens, father of three, was killed early today when his car struck a tree just south of the Mt. Clemens city limits. Sheriff's officers said the car apparently was traveling at high speed and went out of control on a curve.

13-Month Plan Aims at Saving the Lives of 200

State, Local Officials Start Tough Program on December 1

LANSING (AP)—A 10-point "action program" aimed at cutting Michigan traffic deaths by 200 in the next 13 months was agreed to yesterday by state and local law enforcement chiefs.

At a meeting called by Gov. Williams, State Police Commissioner Joseph A. Childs said "the law enforcement officials of this state have been doing a good job, but we believe they can do a better job if they are assured of the support of the prosecutors, judges, press and other public groups."

The 10-point program led off with a stiff crackdown on traffic law violators, with implications that many of the "tolerances" now allowed motorists would be dropped.

The agreement was made unanimously by nearly 150 representatives of the sheriffs, state, city and township police departments.

Their program, plus other suggestions, was to be submitted today to a similar meeting of prosecutors, judges, mayors and city attorneys and tomorrow to representatives of so-called public-supported groups: Press, radio, television, industry and civic groups.

The police and sheriffs agreed to start Dec. 1 to:

1—Adopt a strict enforcement policy aimed at stopping every motorist found violating the traffic laws.

2—Arrest and "vigorously prosecute" every driver involved in an accident where it appears he contributed to or caused the accident by violating the law.

3—Make more frequent and stringent inspections of autos as part of regular enforcement programs and arrest all drivers found to be operating unsafe vehicles.

4 — Enforce pedestrian laws more strictly.

5—Increase the use of radar and electric timing devices to catch speeders.

6— Increase the use of chemical tests for intoxication.

7—Permit officers to report to the secretary of state the names of drivers whom they believe to be incompetent drivers, even if no arrest has been made.

8—Use unmarked and semi-marked police cars for traffic law enforcement whenever necessary.

9—Step up the training of traffic officers at established police schools and seek more money from local governments for such training.

10—Ask local governments for more traffic officers.

The officials agreed to report to the State Police each morning the number of fatalities in their jurisdictions for the preceding day.

This will provide a daily box score of traffic deaths which will

Cobo, Bentley Meeting for Conference in Detroit

DETROIT (AP) — Congressman Alvin M. Bentley of Owosso was scheduled to meet with Mayor Albert E. Cobo of Detroit today. Both are potential candidates for the Republican nomination for governor.

Cobo said Bentley "called me up on the long distance phone and asked to see me. I will be glad to see him."

Widow Relives Nightmare

MINEOLA, N.Y. (INS) — The haggard, aged face of once-beautiful Ann Woodward hovered today over the routine of bringing before a grand jury her story of how she killed her millionaire-sportsman husband.

The blonde former model, hailed only a few weeks ago as one of society's beauties, looked many years older than her 39 when she left Doctors Hospital in New York yesterday to confer with Nassau County authorities.

WIDOW WEEPS AS SHE LEAVES HOSPITAL — Mrs. William Woodward Jr. weeps as she leaves Doctors Hospital yesterday en route to Mineola, N. Y., for questioning by police. The three-hour quiz was the longest since she shot her millionaire husband to death Oct. 30. Mrs. Woodward broke down three times in uncontrollable weeping.

It was the first time Mrs. William Woodward Jr. had appeared in public since the pre-dawn hours of Oct. 30 when she fired twin shotgun blasts at her husband whom she said she mistook for a prowler.

Mrs. Woodward, a tearful woman in black, broke down frequently last night as she recounted for Nassau County District Attorney Frank A. Gulotta and police the nightmarish slaying of the 35-year old Woodward.

For three hours and 10 minutes she relived the early morning events which followed the couple's return to their Oyster Bay Cove home from a party given by Mrs. George F. Baker for the Dutchess of Windsor.

The questioning was interrupted by her breakdowns, during which her personal physician who had remained outside the interrogation room was called in to render aid.

The blonde mother of two boys — who has agreed to waive immunity in a grand jury appearance — sipped fruit juice as she was questioned prior to Gulotta's presentation of the case to the panel by next Tuesday.

Adequate Roads Most Urgent Need, Says Dondero

"An adequate system of roads is the most urgent national need of our day," U. S. Rep. George A. Dondero (R-Royal Oak) said today in a speech at Springfield, Ill.

The lawmaker addressed the 49th annual meeting of the Associated General Contractors of Illinois.

A road program will be the most important problem facing the 84th Congress when it meets in January, Dondero stated.

The country, he said, is behind increased road building, but a method of financing must be agreed upon.

The congressman spoke in favor of President Eisenhower's proposal for a bond issue to finance the program.

At the last session of Congress, the two major parties deadlocked over the President's bond-issue plan and a Democratic proposal to pay for new roads through increased taxes.

In advocating the bond-issue plan, Dondero said, "The financing of roads should be arranged where possible on a long-term basis in such a way that posterity pays its fair share.

"A study committee recommended that the issuing of bonds over a 30-year period was the most practical (financing) plan, with the federal government to pay 90 per cent and the states, 10 per cent.

"We must replace obsolete and dangerous roads with a new system of highways to meet the standards of safety and efficiency . . . 40,000 deaths and the destruction of four billion dollars in property annually is a tragic record," said Dondero.

Half of the nation's traffic is concentrated in metropolitan areas, he stated, while only one tenth of our total highway mileage is in city areas.

"I do not believe it is an exaggeration to say that during peak hours on many main highways travel is as slow as it was in the horse and buggy days.

"Congested traffic, whether on city or rural roads, presents the same end results—public inconvenience, vexations, accidents and economic wastes . . .

"Good roads will pay for themselves in the saving of life, property and cost of operation.

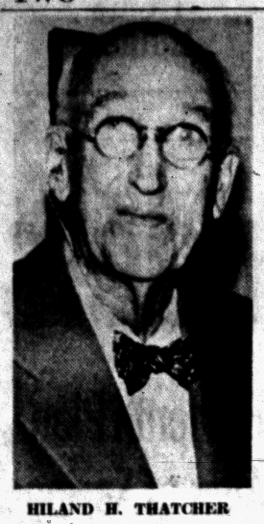

"Using available data we can estimate that upon completion of the interstate highway system 3,500 lives per year would be saved. On the average one life would be saved each year for every ten miles of the interstate system."

Outside the interstate system, improvements are needed of urban arterial routes and feeder roads serving trunk lines, said Dondero.

"I feel confident that much progress will be made in the coming session of Congress next January for the safety and convenience of the traveling public and the general welfare of the nation," Dondero said.

HILAND H. THATCHER

Son of First Mayor to Mark Birthday

Celebrating his ninetieth birthday on Thanksgiving Day is Hiland H. Thatcher of 75 Cherokee Road. Son of Pontiac's first mayor, Erastus Thatcher, who was chosen for that office when the city was incorporated in 1861, Hiland was born in Saginaw in 1865.

Hiland has been a resident of Pontiac since he was 14 years of age, and in the insurance business here since 1889. He and Mrs. Thatcher will celebrate their sixty-sixth wedding anniversary next April 7.

They have a son, Hiland M. Thatcher, Supervisor of West Bloomfield Township.

Detroit Probes Disappearance

Police Think Velandra May Be Victim of Enemy Met as Bill Collector

DETROIT (AP)—The investigation into the mysterious disappearance of David W. Velandra, 26, turned today to possible enemies he might have made as a finance company official.

Friends of the missing man told police he had spoken of several men who had threatened him when he repossessed their cars.

Velandra vanished Friday night after telling his wife, Doris, he was going out to sell a car. His car was found Sunday several miles from his home. His broken glasses lay on a seat, stained with blood.

Another facet of the investigation was questioning of Mrs. Velandra's first husband, William R. Pyle. He appeared voluntarily last midnight at the Warren Township police station in Macomb County but denied any knowledge of Velandra's whereabouts.

Pyle is the father of three children now living with Mrs. Velandra. He admited he once argued with Velandra about their custody but said the argument did not result in blows.

Graham Bought Dynamite Sticks

Store Owner Identifies Plane Saboteur Suspect as Explosives Buyer

DENVER (AP)—"That's him, all right," said Lyman Brown after seeing John Gilbert Graham, accused of murder in the dynamiting of an airliner that carried his mother.

* * *

Brown had just identified Graham in a police lineup yesterday as the man who bought 20 to 25 sticks of dynamite three days before a United Air Lines plane exploded and crashed near Longmont, Colo., Nov. 1, killing all 44 aboard.

Brown, 46, co-owner of Brown Bros. Supermarket at Kremmling Colo., 105 miles west of here, came to Denver at the FBI's request to view Graham.

Dist. Atty. Bert M. Keating termed the identification "a telling link" in the chain of evidence Keating is assembling in an effort to send Graham to the gas chamber.

* * *

Graham, 23, is accused of murder in the death of his mother Mrs. Daisie King, 54, in the crash. Police allege he intended to collect insurance on her.

Federal officials said he admitted the bombing. Graham subsequently repudiated a statement given officers.

Waterford to Appeal Circuit Court Rule

The Waterford Township Board has authorized its attorney, John W. Bell, to appeal a Circuit Court decision which favored Pontiac in a city-township, sewer-hookup dispute.

The case was heard here by visiting Circuit Judge Eugene F. Black, of Port Huron, Oct. 24 through 26.

Pontiac filed the suit Aug. 31 contending Waterford's attempt to link a proposed $2,000,000 shopping center at Elizabeth Lake and Telegraph roads to the city sewage system violated a 1935 agreement between the two units.

Finances MSU Band for Rose Bowl Trip

LANSING (AP) — Michigan State University's 130-piece marching band will accompany the Spartan football team to the Rose Bowl.

Jack F. Wolfram, general manager of Oldsmobile Division of General Motors, announced his company would finance the band's West Coast trip, as it did when the Spartans made their first bowl trip two years ago.

Wolfram said an itinerary is being planned which will provide for appearances in key cities along the route. Two years ago, the MSU band appeared at Kansas City, Oklahoma City, El Paso, Tucson, Salt Lake City and Denver.

The band will have a new set of formations for the Rose Bowl game.

Dr. Gariepy, surrendered to a United States Marshal yesterday after losing a final plea in Federal Court. The doctor has pleaded for reduction of sentence.

Prison Camp Bids Readied for Jan. 16

LANSING (AP) — Work will start within the next few weeks on a new 600-man medium security prison at Ionia, the State Corrections Department said today.

Gus Harrison, director, said bulldozers are expected to start clearing ground in about two weeks. The prison will be built in a 40-acre site a mile from the present state reformatory at Ionia. Harrison said bids for five of the prison units will be let Jan. 16.

The Legislature has already authorized construction of two 120-man dormitories, a kitchen and dining room, an administration building and a service building. It has appropriated one million dollars to start work on the first units.

Harrison said the Legislature would be asked to appropriate $1,500,000 at its next session to complete work on the first five units.

Solon Says GOP Likes 'Fat Cats'

Senate Majority Leader Calling on Texas Dems to Wage Political War

WHITNEY, Tex. (AP) — Senate Majority Leader Lyndon B. Johnson had sharp words here last night for the Republican party which he charged "is more responsive to fat cats than the folks."

* * *

An overflow crowd of 1,600 pounded the tables and shouted approval when Johnson demanded a Texas Democratic delegation that would come home from the national convention next summer and make war on the GOP.

Not once did he mention Gov. Allan Shivers of Texas by name as he called on Texas Democratic leaders to follow the majority decision in naming the presidential ticket without any "ifs, ands or buts."

The reference seemed obviously aimed at Shivers, who bolted to support the GOP presidential nominee in 1952. The Texas governor has refused to promise advance support of the convention's choice until he knows who the nominee is. He recently has hinted he might support President Eisenhower again, if he is the GOP candidate. He has stated flatly that he will not support Adlai Stevenson.

* * *

The big crowd at an appreciation dinner for Johnson in this central Texas resort town interrupted him 21 times with often prolonged applause.

The senator said "the smell of victory is in the air," and predicted the Democratic party could solidify political gains that have mounted since 1952 if they will work at the job, and present a "program with a heart."

* * *

Not even Mr. Eisenhower can carry the "dead weight of the present Republican party to win in 1956," Johnson said.

"We can lose in 1956 only if we permit the Republicans to divide us or if we divide ourselves," he said.

"Even the most rock-ribbed Republican will have to admit that his party responds a little faster to the fat cats than to the folks," Johnson said.

$600,000 Revenue Bonds Up for Approval Tonight

The City Commission is expected to hear the final reading on an ordinance authorizing a $600,000 revenue bonds issue to finance a proposed municipal parking program at tonight's Commission meeting.

If adopted, it will go to the State Municipal Finance Commission for approval in 10 days. City Manager Walter K. Willman expects state action to take 30 days with bonds being ready for marketing by Feb. 1 if the finance commission approves.

Also slated on tonight's 16-point agenda is a report from Willman on the 1956 proposed budget and a resolution authorizing the city clerk to publish notice of intent to issue $3,000,000 bonds to finance a voter-approved addition to Pontiac General Hospital.

The Water Resources Commission is scheduled to reeport on a conference held with the cities of Pontiac, Rochester and Utica on Oct. 27.

Also planned is the first readings of ordinances to rezone lots 150-156 to commercial 1 and lots 8 to 11 and area east of Glenwood Avenue to commercial 1.

Also slated is a report from the city manager on an option to purchase part of lot 606 for the purpose of widening Princeton avenue and the engineer's estimate for a storm drain for Oriole Field.

A public hearing is planned on a special assessment roll for unpaid weed cutting charges for the 1955 season. Also on the agenda is a resolution to accept deeds for a 20-foot alley in connection with a request to rezone for commercial use lots 150-153 and 156.

Action is also slated to accept warranty deed for part of lot 39 for Perry street widening and for lowering, grading, graveling alley and approach between O'Riley and Perkins.

Resolutions are expected to receive special assessment rolls for:

Water main in South Boulevard from Bradford to Meadow, in Tex from South Boulevard to end of the existing main and in Meadow from South Boulevard to the Michigan Airline Railroad.

Sanitary sewer and related work on Pearsall from Franklin to Motor.

Curb, gutter, drainage and related work on Pearsall from Franklin to Motor.

Marooned Radar Islanders to Eat Turkey at Home

TEXAS TOWERS, 110 Miles Off Cape Cod (AP) (Via Marine Radio Telephone) — Hopes of Thanksgiving at home cheered 37 marooned visitors on this giant radar island early today.

* * *

A sudden break in the series of storms that has hit the big platform may enable them to get back aboard the tug El Sol by late afternoon.

The group was hoisted by derricks four at a time in a basket last Thursday for what had been planned as a three-hour inspection visit.

A sudden storm made it too hazardous to attempt to lower the visitors back aboard ship. The El Sol ran for safety in deeper waters to ride out the storm.

* * *

There were smiles among the 37 persons aboard the tower after a midnight weather check led to the decision to attempt a trip home.

Judge Leaves Hospital

SAGINAW (AP) — Doctors said today they don't know when Federal Judge Frank A. Picard will return to the bench. He is convalescing at his home, following release yesterday from St. Mary Hospital where he underwent treatment for an acute liver infection. The judge was hospitalized nine days.

Regional Conditions Listed

25 Hunters Dead, 6 Lost as Second Week Starts

By THE ASSOCIATED PRESS

As Michigan's deer hunting season entered its second week today, the gunfire death toll among hunters stood at seven.

* * *

Heart attacks have killed 12 hunters, two have frozen to death, one has died of exposure, three have been asphyxiated sleeping in cars or tents. Six others are missing and presumed dead.

The 12th heart attack victim was Stanley Syabula, 34, of Riverview. He was stricken en route home from a hunting trip in the Rapid River country of the Upper Peninsula.

The State Conservation Department gave this estimate of the deer hunting situation by regions:

Upper Peninsula — Zero to 14 inches of snow, hunting conditions good, fewer hunters than normal. Kill normal.

Northern Lower Peninsula—1 to 3 inches of snow, hunting good. Fewer hunters in Gaylord, Mio and Gladwin areas than last year, but normal number in Traverse City and Baldwin areas. Kill normal in Gaylord, Traverse City and Baldwin areas, but light in Mio and Gladwin areas. Heavy illegal kill in Baldwin area.

Southwestern counties — No snow, conditions good, kill normal. Heaviest concentrations of hunters in Allegan State Forest and Yankee Springs areas.

South central counties—3 to 4 inches of snow, number of hunters double that of last year, kill heavier. Hunter concentrations on state lands in Jackson, Livingston, Gratiot and Saginaw Counties.

Southeast and Thumb counties—2 inches of snow, hunting excellent, with heaviest hunter concentration in Tuscola Game Area. Kill normal, with two 11-point bucks dressing out 200 pounds killed.

Square D Unit Bolts From UE

Some Workers Vote to Quit Independent Union for UAW-CIO

DETROIT (AP)—A small segment of the 1,200 Square D Co. workers represented by the independent United Electrical Workers has voted to bolt the UE and join the CIO United Auto Workers.

At a meeting attended by 103 Local 957 UE members Sunday, a motion to secede from the independent union and affiliate with the UAW Amalgamated Local 351 was carried 98-5. The UE local represents the Square D workers.

The UAW local was one of the CIO units that supported Square D workers last year in their bitter, violent, 166-day strike.

Edward Perkola, president of the UE local, yesterday described the Sunday meeting as a "regular membership meeting." Perkola supports the secession movement.

* * *

Albert Fitzgerald, national UE president, said, however, the vote would not be recognized because membership was not given proper notice.

The UE once belonged to the CIO, but was ousted on grounds it was Communist-dominated.

The UE contract with Square D runs until May 20. Fitzgerald sent telegrams to the company saying some local officers had "seceded from the union" and no longer were in good standing. He asked that the company bargain only with officials still in good standing.

REX ATWOOD

Atwood Transferred to Marquette Post

Transfer of Rex A. C. Atwood, manager of the Social Security Administration office here, to a similar position in Marquette has been announced by district officials.

Atwood, who lives at 168 Crestwood Ave., has headed the Pontiac office since 1946. He will assume his new duties Dec. 4.

Associated with the administration since its organization in 1937, the official had previously been manager of district offices in Salt Lake City, East St. Louis and Rock Island, Ill.

The local office has a staff of 22 and annually pays out nearly $1,500,000 in claims.

No successor to Atwood has yet been named.

Ike's Brother Backs Benson's Remaining

NEW YORK (AP)—The New York Herald Tribune said today it was authoritatively reported that Dr. Milton S. Eisenhower "personally blocked demands by Republicans that President Eisenhower dismiss Ezra Taft Benson as secretary of agriculture.

* * *

A Washington dispatch to the newspaper reported that an intimate of the President said Dr. Eisenhower, a long-time friend of Benson, was the most significant single factor in the President's decision last month to continue his strong support for Benson.

* * *

The story recalled that Dr. Eisenhower, president of Pennsylvania State University and brother of the President, traveled with Benson in the President's plane "when the embattled secretary went to Fitzsimons Army Hospital Oct. 29 to discuss the explosive issue of declining farm prices."

be handed to Gov. Williams each morning for a running check on the success or failure of the 13-month safety program which the governor has ordered to start Dec. 1.

The principal debate at the meeting was over the use of unmarked patrol cars.

Childs told the police heads "some people think a police car must be marked to give them a sporting chance. We are not playing games. Sometimes an unmarked car is the only way to catch what we call the deliberate violator."

Pontiac Deaths

Mrs. Nellie Ann Georges

Service will be held at 7 p.m. Thursday in the Snover Funeral Home for Mrs. Nellie Ann Georges, 62, of 61 Riviera Terrace. The Rev. Harold C. DeWindt of Kirk-in-the-Hills will officiate.

Born in Gage County, Neb. Dec. 31, 1892, she was the daughter of Harvey and Ellen Van Laningham. Mrs. Georges had lived in Pontiac 15 years.

Surviving are a daughter, Mrs. Wayne (Elma) Cook of Pontiac and two grandchildren.

Other survivors include a sister, Mrs. Minnie Bailey of Long Beach, Cal.; two brothers, Ed Harmon of Shubert, Neb. and Howard Harmon of Denver, Col.

Mrs. Georges was dead on arrival at Pontiac General Hospital Monday.

Shirley Ritchie

Service was held in Ashland, Ohio yesterday for Shirley Ritchie, 22, a former Pontiac resident.

After her father's death five years ago, she moved to Savannah, Ohio with her mother and brother, Charles. Her parents were Charles and Dorothy Grimwood.

New York Theater Named 'Helen Hayes'

NEW YORK (AP)—Helen Hayes, an actress for 50 of her 55 years, last night was given a rare theatrical honor—a Broadway theater was named for her.

* * *

Miss Hayes is the second living actress to be so honored on Broadway. The other is Ethel Barrymore.

At simple ceremonies renaming the old Fulton Theater the Helen Hayes Theater, Mayor Robert F. Wagner said:

* * *

"There are times when . . . a whole nation decides that it has for a long time loved someone and that it is about time that it should come out and say so. This is the way the American people feel about Helen Hayes."

Man, Woman Jailed for Car Accidents

PORT HURON (AP)—Two persons involved in personal injury traffic accidents have been sentenced to prison by Circuit Judge Edward T. Kane.

Walter Langlof, 23, of Port Huron, was sentenced to one to two years in Jackson prison for felonious driving. One of the teenagers injured whein Langlof's car hit a tree last August lost a foot.

Pearl Peggy Cook, 32, of Port Huron, drew an even stiffer sentence from Judge Kane yesterday. She was ordered confined in the Detroit House of Correction for 18 months to 5 years for leaving the scene of an injury accident. Her car struck a Port Huron newsboy last Oct. 5. Police said she didn't stop.

Waterford Resident Struck Down by Car

Esther Louise Lucas, 67, of Waterford Township, was hit by a car yesterday at Pontiac Lake Road and Nash Street as she stepped from behind a stopped car, Waterford Township police said today.

She was hit by Vernal M. Corrie, 26, of Milford, suffering bruises and lacerations. She was treated and released at Pontiac General Hospital.

The Day in Birmingham

Commission Discusses Improvements, Rezoning

BIRMINGHAM — In a four-hour session last night, the City Commission hassled long and hard with most of the agenda items, and will continue discussion of improving the appearance of U.S. 10 at a joint meeting with the Planning Board next Tuesday night.

Also to be taken up at the joint quarterly meeting is the rezoning of all income bungalow zoned property in the Leinbach-Humphrey Subdivision to single family residence.

Prior to 1950, a majority of the 988 lots there could have been used for multiple dwellings, but at that time the city changed its area requirements, making 771 of the lots zoned for multiples there, ineligible for such development.

These lots have never been rezoned to single family and the city currently has an Oakland County Circuit Court case pending against it, over a property zoned income bungalow but beneath the newer area restrictions.

STATE APPROVAL

In approving the general program for bettering U.S. 10, lawmakers asked particularly for a recommendation on street lighting improvements at 14 Mile Road and more specific information on the desirability of either a full or partial maintenance with the Oakland County Road Commission.

They also encouraged additional center parkway development through plantings dependent on state approval and costs involved for the city.

In other action, the commission approved a cab fare increase which will see taxi riders paying an automatic 15 cents increase effective Dec. 15. Commissioners okayed the increase of from 25 cents to 40 cents on the first flag throw, and also gave a formal nod to increasing the total number of cabs allowed to operate in the city, from 16 to 20.

Plans for three new schools and three school additions can't get on the drawing boards any too soon, says the Board of Education and Supt. of Schools Dwight B. Ireland is currently making arrangements with architects to expedite the projects.

Pending consent of each architect, the board has approved this work schedule: Eberle, Smith Associates will prepare plans for an elementary school on a 10-acre site north of 13 Mile near Greenfield and a six-room addition at Walnut Lake School.

These, plus an elementary school at Maplewood and Cranbrook roads, on Birmingham High School property are considered the most pressing needs. Plans for the latter will be prepared by O'Dell, Hewlett and Luckenbach, who will also do a four-room addition at Franklin School.

Linn Smith, architect for the current Pembrook addition, will be the architect for a two-room Bloomfield Village addition and eventually, the Harlan elementary school at Adams and Wattles roads.

* * *

There will be a prospective member meeting at 8 tonight at the Congregational Church, with all those interested in learning more about Congregationalism invited to attend. An informal coffee hour will follow.

* * *

Several local men were among those recently appointed district members at large to serve on the Detroit Area Council, Boy Scouts of America, District One.

Included are Ward Dworshak, Bloomfield Hills, organization and extension chairman; Thomas Edwards, Birmingham, special events committee chairman; William Lerchen, Bloomfield Hills, finance committee chairman; and George Hilfinger, Birmingham, advancement committee chairman.

Robert Gougeon, Bloomfield Township, will serve as a district vice chairman during 1956, with Edward Wilson, Birmingham, elected to represent the district at meetings of the Detroit Area Council.

Hickory Grove Way Cleared

Advertising Begins for Well Construction and Grading

BLOOMFIELD TOWNSHIP — Last week's final condemnation proceedings, necessary because of title defects, have cleared the way for construction of a new Hickory Grove Elementary School on an over 26-acre site on Lahser road between Square Lake and Hickory Grove roads.

* * *

Dr. James Read, school board president, said yesterday that the board is now advertising for bids on construction of a well and rough grading of the property, with work to start about Dec. 1.

The board expects working drawings of the eight-classroom school about Dec. 7, he said, with ground-breaking anticipated for late in December or the first of January.

A $550,000 bond issue was passed by voters in August, providing funds for the site, building and operating costs. The present school, alone in the district, is 34 years old and has four classrooms. It is currently providing educational needs for 180 pupils.

* * *

Read said the board and Nathan Hargett, superintendent-principal, are evaluating the present curriculum in planning this and the staff for next year. Never before formally drawn up, policy governing operation of the school district, is now being set down in writing, Read added.

Construction Worker Injured by Falling Wall

BLOOMFIELD TOWNSHIP — Police and firemen rushed to aid the fellow workers of Esther Harden, 42, of Detroit, yesterday, after he was pinned beneath a frame wall which fell on top of him while he was putting up the wall at a new house under construction at 1456 Ardmore.

Harden, employed by B. and B. Construction Co., Oak Park, suffered a fractured left leg and is in good condition at St. Joseph Mercy Hospital, Pontiac.

Turnpike Authority Meeting Tomorrow

The Michigan Turnpike Authority will meet tomorrow at 10 a.m. in its offices in the First National Bank Building, Ann Arbor, according to George N. Higgins, chairman.

Steps are expected to be taken in preparation for a Michigan Supreme Court ruling on validity of the act setting up the authority. The decision may be handed down Dec. 1.

The authority proposes to build a 113-mile toll road between Rockwood and Saginaw.

Children Returned Following Hearing

Two children, found wandering on city streets at 1 a.m. Saturday, were turned over to their mother yesterday after a Juvenile Court hearing, according to Director of Juvenile Services James W. Hunt.

Buckey Lee Fraley, 3, and his sister, Charlotte, 5, were found on a Pontiac street corner, police said.

The youngsters said their parents, Mr. and Mrs. Daniel R. Fraley, of 249 Orchard Lake Ave., had left them alone at home.

"Mommy works, and no one was home. So we went out to find daddy," they stated.

Mrs. Fraley has given up her job at a drive-in to remain home with the children, said Hunt. "The court will continue supervision to see how they get along," he added.

Says Clerk Gave Arsenic to Coed

Jailed Poetry Writer Denies Police Charge of Attempted Murder

MANSFIELD, Conn. (AP) — A 26-year - old newspaper reference room clerk, fond of writing poetry, fed arsenic to a pretty University of Connecticut coed and, apparently, to himself, state police charge.

* * *

William R. Singer, 26, of Wallingford, denied the accusation and said he was wholly unable to explain the presence of poison in his blood and in that of Miss Elsie A. L. Treggor of West Hartford. Toxicological tests showed the presence of Arsenic, police said.

Singer, a former serviceman who spent some time in a mental hospital while he was in the Army, was taken into custody Nov. 12, but not formally arraigned until Nov. 18. He is now in Tolland County jail, unable to post $20,000 bond, charged with assault with intent to commit murder.

The investigation started Nov. 10 when the state toxicologist reported the presence of arsenic in Miss Treggor's system. She had consulted the University of Connecticut physician about two weeks earlier, complaining of abdominal pain.

* * *

She has suffered no permanent ill effects, physicians said.

Singer, a University of Connecticut student until scholastic difficulties forced his withdrawal last June, and Miss Treggor dated occasionally. Members of the families of both said, however, there never was any "going steady" arrangement between them.

Tokyo Will Launch War Against Smoke and Smog

TOKYO (INS) — The world's third largest city, Tokyo, will launch an all-out war against smoke and smog Dec. 1 when the municipal government ushers in a new anti-smoke ordinance.

Under the law no smoke denser than a pale gray in the residential, business and school areas, nor any black smoke in factory districts will be allowed.

Violators of the law will be liable to fines ranging from $8 to $277 or a prison term.

Tagstar Lama of Tibet Asks to Become American

NEW YORK (INS) — A sacred Buddhist leader who would rather be called "mister" than his rightful title "brilliant tiger" is determined to become an American citizen.

* * *

He is Thuben Jigme Norbu, more familiarly known to over 1,000,000 of his countrymen in remote Tibet as the Tagstar Lama, or "brilliant tiger." He is also the older brother of the Dalai Lama, supreme spiritual leader of the kingdom on top of the world.

But Norbu laughingly passes off the belief held by awed Buddhists everywhere that he is the modern day reincarnation of a saint who was spiritual leader of northern Tibet centuries ago.

He didn't look nor act the role at a press conference held for American reporters in New York after his arrival in the U.S. from London and Tokyo, where he has lived since 1952.

SPEAKS ENGLISH

He arrived dressed in a charcoal gray suit with a red knit tie, looking at 34 more like a rising Madison Avenue executive than the highest ranking Buddhist religious leader in the U.S.

He speaks English, but answered all questions in Mandarin Chinese, translated by another Buddhist priest, Geshe (doctor) Wangyal. Wangyal himself is the leader of a colony of 570 Russian Kalmucks torn away from their Mongolian homes and resettled in Farmingdale, Long Island, after World War II.

Norbu came to the U.S. as an immigrant under the Refugee Relief Act sponsored by the Church World Service of the National Council of Churches of Christ in the U.S.A.

When the dashing young Tibetan was ten years old, elder Buddhist priests in Tibet decided the student studying at a remote monastery was the living reincarnation of the saint. He became Tagstar Lama.

Ten years later, another council of Buddhist elders chose his younger brother as the Dalai Lama—an unprecedented coincidence, according to Norbu, because never before have brothers held such high positions in Tibet.

But in 1949 the Chinese Communists began to assert control over the country which perches on top of the precarious peaks of the Himalayan mountains.

Through the first months of Communist domination, the communists tried to "indoctrinate" Norbu. He told them he was sick and had to go to India for treatment. He went and has never been back.

* * *

In 1951, Norbu came to the U.S. where he lectured at U.S. colleges and universities. The next year he flew to Tokyo to attend the International Buddhist conference in Tokyo, and stayed until last month.

* * *

Now, Norbu said, he wants to become an American citizen. He plans to brush up on his English and then join the staff of an American university to teach Tibetan history, customs, language and religion.

They Have the Answer

GRAND RAPIDS (AP) — The city, with only 270 cars stolen in 1954, had the lowest auto theft rate among five cities of comparable population, according to FBI reports. An ordinance which prohibits drivers from leaving ignition keys in parked autos is credited with the low car theft rate.

Dulles Planning Rest at Lake Ontario Site

WASHINGTON (INS)—The State Department says that Secretary of State John Foster Dulles plans to spend the latter part of the week resting at his retreat on Duck Island in Lake Ontario.

The department said the secretary wants a short rest as a result of his intensive work at the Geneva conference which ended Wednesday.

Tentative plans are for Dulles to leave Washington some time Wednesday and return "the early part of next week."

School Districts OK $8,000,000 Loan

South Oakland Voters Say Yes

Ferndale Vote Heavy; Madison Heights Has Light Response

FERNDALE—Residents in Ferndale and Madison Heights School districts voted yes in two special bond referendums yesterday.

Voters turned out in record numbers in Ferndale, while in Madison voting was very light.

In Ferndale a total of 5,929 votes were cast—3,248 for, and 2,580 against. There is a total of 21,000 registered voters in the city.

Of the approximate 4,000 registered voters in Madison only 432 voted—251 for, and 177 against.

$6,500,000 AT FERNDALE

The $6,500,000 which will be borrowed by the Ferndale Board of Education will be used for a new high school which will be the largest in South Oakland county.

The loan will be spread against taxes over a period of 25 years.

The $1,500,000 Madison will borrow will be used for a new high school, additions to three elementary schools and sites for possible future buildings.

Paying for the $1,500,000 would be figured into next year's taxes. However, Madison qualifies under the borrowing plan for distressed districts, passed by the State Legislature last spring and could borrow if necessary.

Adult Program Studied at Meet at Almont High

ALMONT—At a recent meeting held at the Almont High School, plans were made for organization of an adult education program.

Possible courses include bookkeeping, sewing, typing, driver-training, art and agriculture. Class minimum is 10 people.

Interested parties may contact Eugene Nikkari, high school principal.

Dec. 2 Last Day for Registration

WALLED LAKE — Supt. Clifford H. Smart reminds those wishing to vote in the Dec. 12 school bond election here that Dec. 2 is the last day to register. Persons who are already registered with their city or township clerks need not re-register.

Newcomers to the district must register in order to vote. Qualifications of electors include: resident of the state of Michigan for six months, a resident of the district for 30 days prior to the election, a citizen of the United States, and 21 years of age. For this election the one additional qualification is that the elector must own property which is assessed for school taxes.

The proposed $750,000 bond issue will provide for elementary construction to meet the needs of the district through 1958, it will provide for site purchases for future needs, for repair and remodeling of some existing buildings, and the purchase of equipment.

No increase in the tax rate will be necessary if this bond issue passes, for the district has already reached the 13 mill limitation allowed by the state for building purposes.

Free Salk Injections to Be Offered in Romeo

ROMEO — Free injections of Salk vaccine will be administered to children age 1 through 14, and pregnant women on three successive Wednesday afternoons here, beginning tomorrow. Persons availing themselves of this service must be unable to afford to have the injections by their local doctor, according to announcement made today by Romeo grade school's principal, Bruce Lindsay.

County Health officers will give the first injections between 2 and 4 p. m. at the South School on Nov. 23, 30 and Dec. 7. Elementary grade school mothers have been asked to assist with registration.

So big—so powerful—yet this BIG M is priced with the lowest!

LMDA

The new Medalist—a smartly styled 2-door, 6-passenger sedan.

The new Mercury Medalist is one of 5 big models in the lowest-priced Custom series. You get all the bigness of THE BIG M, and a new high in horsepower.

The MEDALIST this happy couple drives is a brand-new Mercury model for 1956.

It's one of the year's best buys. Priced amazingly low. And look what you get: big-car beauty, big-car comfort, big-car power! A host of new styling innovations. A whole new group of safety features for your greater safety and security, including a new impact-absorbing steering wheel. Extra-quick engine starting with a new 12-volt electrical system. And even more!

THE BIG M's a joy to boss. More of its high horsepower (highest in Mercury's exclusively V-8 history) is *working* power. It digs right in at every point on the speedometer band to who-o-o-osh you ahead for getaways and passing.

See this BIG M in our showrooms. It looks big, feels big, acts big, IS big.

Italian Seaman Survives Ordeal in Mediterranean

ISTANBUL, Turkey (AP)—An Italian seaman who survived 12 days in the Mediterranean without food or water told newsmen how it feels to drift back from death on a six foot plank.

Bruno Rota, 35, of Trieste, lay in a hospital here and gave his version of what happened after his ship sank.

The ship — the Patrizia — went down on Nov. 6 six hours out of Beirut. At dawn on Nov. 18, the Czech ship Lidice saw a narrow strip of wood riding on the waves supporting the huddled and naked figure of a man. The rescuers unlocked the rigid arms from their grip on the plank and Rota was on his way to the hospital.

Throughout the ordeal on the plank, Rota told newsmen, he had only one wish: "One glass of water, then I'll die."

He said:

"On the night of November 6, while I was listening to the radio, I noticed our ship moving rather strangely . . .

"Next everything turned turtle and I found myself in the sea.

"It was pitch black. I could not see anything.

". . . I found a plank and clung to it with all my strength. I hauled myself up on to it, with my face resting on the plank . . .

"After the first few days I found nails on the plank. I pierced my sleeves on the nails so that I could sleep and stay on the plank.

"I slept for a while, then awoke and found myself stripped. The movement of the sea against the plank had rubbed off all my clothes.

"The last night I spent on the sea I was on the point of giving up.

"I could no longer move. I could still move my eyes slowly, however, and I spent my time lifting them to God to ask for mercy.

"Toward dawn I heard faintly the sound of a ship's bell . . .

"I closed my eyes and lost consciousness."

Hospital Bill Rises

OTTAWA — Canada's bill for construction of hospitals, sanatoriums, clinics, first-aid stations, and like buildings during 1955 amounts to an estimated $153,774,000, an increase of $37,144,000 above the year before.

New Kind of Safe Medicine for Awful ASTHMA attacks

If you dread those awful attacks of asthma that clog up your bronchial breathing tubes so you choke, cough, pant, wheeze and gasp for air, don't wait for the next attack to hit but right now start taking the new medicine called BATOR TABLETS that work such wonders fast. Without potassium iodide, without any of the old-fashioned drugs that irritate so many, new BATOR TABLETS work through the blood stream (1) to loosen and help get rid of the thick secretions that clog the breathing tubes (2) to counteract the spasmodic coughing, choking, wheezing and gasping before it starts (3) to ward off the allergy of asthma and thus let you breathe freer and easier again.

Now at Thrifty Drug Stores

New Bator Tablets are now available at druggists without a prescription. Entirely safe, these tiny tablets contain nothing harmful, nothing habit forming. Fast, in just a few short hours a course of Bator starts doing its wonders internally through the bloodstream. Bator allays the asthma attack in advance, lets you sleep, lets you live in more normal peace and comfort once again. Complete satisfaction or money back. Get new Bator Tablets from Thrifty Drug Stores.

Geneva Deadlock Fails to Discourage Dulles

Secretary Dulles' report on the Geneva conference was both unique and important.

It was unique because our Secretary of State remained cautiously optimistic despite the hopeless deadlock in which the sessions ended. Its uniqueness was increased by a statement dictated to the Secretary by President Eisenhower at his new office at Gettysburg.

★ ★ ★

The report was important for several reasons. Among them was the clarity with which Mr. Dulles showed that the responsibility for the failure of the conference rests on the Russians. In addition he explained why they backed out of their promises on German unification, disarmament and broader East-West contacts, saying they feared "serious repercussions" within the Communist bloc.

★ ★ ★

While the Secretary said the cold war would continue, he was reassuring in his belief that the likelihood of general war is no greater now than it was after the summit conference.

In another reassuring statement he said the deadlock wouldn't make any difference in our defense arrangements because we hadn't lowered our guard on the basis of Russian promises last July.

★ ★ ★

In the President's statement, which Mr. Dulles read at the end of his report, the Chief Executive said:

"I know that no setback... will ever deter this Government and our people from the great effort to establish a just and durable peace. Success may be long in coming, but there is no temporal force so capable of helping achieve it as the strength of 165,000,000 free Americans. In striving toward this shining goal, this country will never admit defeat."

How accurately this reflects the spirit and aim of America!

Salk Vaccine Ample for 1 to 14 Age Group

There's good news on the anti-polio front.

Dr. John D. Monroe, City and County Health Director, reports that there now is sufficient Salk vaccine to immunize all children one through 14, and all expectant mothers.

The welcome result of this adequate supply is twofold. Parents now can have their children given first and second shots by their family physicians. At the same time the county is able to establish free Salk vaccine clinics in both Pontiac and Royal Oak.

★ ★ ★

Beginning November 28 here in Pontiac the vaccine will be administered at the County Health Office, 15 West Huron St. on Tuesdays from 3:30 to 4:30 p. m. and on Fridays from 9 to 11:30 a. m.

The Royal Oak clinic at Fourth and Stephenson Highway, will operate from 9 to 11:30 a. m. on Mondays and 3:30 to 4:30 p. m. on Wednesdays. Both clinics will continue indefinitely on this schedule and additional ones will be established if needed.

Dr. Monroe has pointed out that third injections and booster shots won't be given at the clinics until next Spring "to achieve maximum effect for the next polio season."

★ ★ ★

Reassuring news also has come from other sectors of the polio front.

The U. S. Public Health Service has reported correction of the difficulties which resulted in the discovery of live polio virus in one brand of vaccine.

Health Service statistics covering 11 States and New York City show that the attack rate of paralytic polio is two to five times greater among unvaccinated than vaccinated children. They also show that the vaccine is 74 per cent effective.

Worthy of the Honor

When Ohio State's "Hopalong" Cassady and company so rudely knocked Michigan out of Rose Bowl contention, they knocked MSU's Spartans right in.

Duffy Daugherty's boys, who are to oppose UCLA New Year's Day, owe their California trip to the Big Ten rule which forbids any school playing in the Rose Bowl two successive years. They also are indebted to the Big Ten title winning Buckeyes and to Coach Ray Elliot's Illini.

★ ★ ★

Michigan's defeats at the hands of these two teams enabled MSU to finish second to Ohio in the Big Ten standings, while the Wolverines, victors over MSU, ended in third place.

There wasn't any doubt about Ohio State's superiority on Saturday. Not only did Cassady gain more ground than the entire Michigan team, but he was ably assisted by one of the finest collegiate lines seen in these parts for many a year.

We congratulate the Spartans on their good fortune and believe they again will prove worthy representatives of the Nation's toughest collegiate football league.

Historical Spots

Will Be Marked by State Commission; Several Here

Mortician: The only business that hasn't some competition with the do-it-yourself guys.

A number of historical sites in Pontiac and vicinity are to be marked by the

Michigan State Historical Commission

with cast aluminum markers and gold leaf letters. The commission now is mailing out 1,000 application blanks to people who may know of sites that are eligible. Several of these are in Oakland County. Those who receive these blanks should note that they must be filled out and returned to the commission in time to be reviewed at its next meeting on Nov. 29.

The other morning when, for the first time this season, the ground was covered with snow, the young pet woodchuck in the home of

of Cass Lake, glanced out the window, and went back to his bed in a corner of the kitchen, and hasn't waked up since. The sight of the snow induced the hibernation.

A few of the smaller lakes in the Pontiac area already are skimmed over with a thin and unsafe "rubber" ice. Due notice will be given in this column when the ice on our lakes is safe.

Now in good condition at Pontiac General Hospital is 16-year-old

The southbound wild geese and duck migration is getting choosy about Oakland County lakes. A flock that descended on a small lake near the home of

David Lawrence Says:

Democrats Employ Repeated Inaccuracy to Bring About Its Acceptance as Truth

WASHINGTON—It's a tribute to the power of reiteration that, if an inaccuracy is repeated often enough, it begins to be accepted as truth.

* * *

Thus, Adlai Stevenson told a nation-wide audience last Saturday that Democrats "won both houses of Congress in 1954." Many other speakers have been saying the same thing in recent months.

The fact is that the Democrats didn't "win" the Senate. They tied it. And if Stevenson thinks a tie score is the same as a victory, he is likely to lose the football vote next year.

After the 1954 election Republicans had enrolled 48 senators and the Democrats 48. But the Republicans also had the vice president's vote, so the vote stood 49 Republicans to 48 Democrats. When, after the election, one senator, who had been nominated in a Republican primary in 1950 and and elected that year as a Republican, switched his allegiance, this gave control to the Democrats last January by one vote. That's a far different thing, however, from achieving a victory at the polls in November 1954.

DISHARMONY LOSES SEATS

It is said that, when the House changes over during the middle of a presidential term, the party that won Congress "usually" wins the next presidential campaign. Not only was this proved wrong in 1948 but even a 1910 precedent is ambiguous.

Disaffection here and there among congressional districts has often led to an overturn in seats in local contests. Thus in 1953, due to the farm recession, the Republicans lost a special election in Wisconsin and in 1954, when economic conditions turned sour, the Republicans lost a few more seats here and there.

But just as the 1946 victory of the Republicans was erased in 1948 by the improvement in economic conditions, so may the 1956 elections overcome for the Republicans the losses they sustained in 1954.

NO TURNBACK EVIDENT

There were some serious evidences of disaffection inside the Republican organizations in 1955. In New Jersey, where the 1954 factional bitterness has prevailed inside the party, Republicans retained control of both houses of the state legislature despite the election of a Democrat as governor the year before.

There is not the slightest evidence from recent elections that the country is ready to turn back to the radicalism of the New Deal or Fair Deal. Truman hailed Stevenson's speech of last Saturday as "the best New Deal speech" he ever heard the former Illinois governor make. Yet Harriman didn't like it and criticized Stevenson's use of "moderation" as an Eisenhower word.

If there's to be a competition between Harriman and Stevenson as to who is the better exponent of New Dealism, the 1956 campaign can be forecast even this early. The country is not in a radical mood and is, on the whole, satisfied with the moderate approach taken by the Eisenhower administration.

GOP WILL WIN CONGRESS

The best evidence of this is the way the bipartisan coalition which kept Trumanism in check is still operating. A combination of Democratic anti-radicals and a solid Republican vote brought about the passage of the Taft-Hartley Act and also the subversive control law—both over Truman vetoes.

If economic conditions continue as they are today, Republicans will win both houses of Congress in 1956 with a mandate against radicalism. The arguments which Stevenson, Harriman and Kefauver are making to try to prove that the Democrats are the party of the "poor" while the Republicans are the party of the "rich" will not be persuasive.

It will be hard, for instance, to convince the voters that poverty stalks in the land when even Democrats can afford to put up $100-a-plate for the privilege of eating at the party dinners.

Youngster's Pop-Drinking May Divert Good Nutrition

By WILLIAM BRADY, M. D.

This piece may cost me more pupils than I can afford to lose, but it is my duty to write it, for I'm bound to teach 'em what I believe is the truth, even if it makes 'em mad.

* * *

A Canandaigua lady writes: "Our children drink a lot of pop. Will you tell me if this is bad for them. If so, how does it affect children?"

I didn't single this out because it came from Canandaigua — in fact I just happened to notice the address when I finished copying the query. But it shocks me to realize that things are bad all over, even in Canandaigua.

It is unfortunate for this lady's children that they are allowed to drink so much cheat-food.

* * *

With every drink of the stuff the child's chance of enjoying good nutrition, good health, vite becomes more remote.

MAKES CHILD IRRITABLE

Not that there is anything injurious in color and flavor, whether natural or artificial, in sugar and carbon dioxide (carbonic acid gas) but you can't persuade me that even a little caffeine (stimulant in tea, coffee and other beverages) is good for growing children or that frequent indulgence in it will not make the child unduly irritable.

I am concerned about the excesses of growing children whose irresponsible or uninformed parents permit indulgence in "pop."

Such indulgence sustains the victims of malnutrition from meal to meal on the energy they get from the sugar in the beverage, leaving little or nothing for growth and repair of wear and tear.

CHILD TAKING 'NIP'

The child who takes a nip of sugar every little while is comparable with the inebriate who takes a shot of alcohol at intervals—carried along for a while by a false feeling of satisfaction, so he doesn't have much appetite for real food and gradually develops a nutritional deficiency state which, in extreme cases, is labeled beriberi.

* * *

Milk is the child's beverage. Milk and fresh fruit juice. Whatever abnormal taste or craving for pop and similar stimulants you have permitted your children, it is your duty as a good parent to forbid any further indulgence of that kind.

'Shopping Centers Should Have Public Rest Rooms'

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

There has been so much in the paper recently concerning proposed shopping centers to be built near Pontiac. Let us hope when these places are being planned, some consideration will be given for the comfort of the people who use them.

The large shopping center that we have now, although having several lovely places to shop, has no public rest room. Many people find this very inconvenient, and especially those who take children and expect to do very much shopping.

Also, there are three places that serve food, and there are many people who would like to wash their hands before eating. Certainly some sanitary facilities should be available, and a few chairs some place so that an elderly or not too well person could rest would be very helpful.

'To Deserve Freedom, Be Willing to Support It'

Armistice Day was a day when most of us gave humble thanks to the dead of all our wars who have preserved our liberty and freedom.

I give thanks to God I live in a country where homage is willingly, gratefully given by the majority of the people. Unfortunately, there are those among us who feel no such allegiance to their country or their flag. Worst of all, they fail to do so in the name of God.

I refer to those who while enjoying all the advantages and protection of their government, feel they are exempt from any obligation to help support physically, and morally, this same government.

"Give me liberty or give me death," On these words our nation was founded. Those who are not willing to support freedom do not deserve it.

Mother of Three Sons

Mother of Retarded Girl Sympathetic to Others

I feel sorry for that poor mother spoken of in the Nov. 14 Press who is having such a job getting her 18-year-old son admitted to Lapeer State School. We have had a daughter up there for three years this coming January.

She was admitted only four months after her case was in court September, 1952. People often ask us why she is there at all when the space she occupies is so badly needed. She does all her own trading and comes home alone on the bus, so she isn't so bad after all.

Another Distracted Mother

Believes Americans Can Outproduce Any Country

One of the most interesting books I've read is by Ralph de Toledano, "Spies, Dupes and Diplomats," a very notable list of names and facts indeed. It ought to be serialized in the Press.

I listened to Radio Moscow last Sunday and heard the translated version of the speech given by a Vice Premier, Lazar Kaganovich. It was about Russian stock and potential power in the future.

In part, Russia produces as much steel in one day now as it did during all of 1920. That alone is something to think about. Declaring war is one thing, economic competition is another.

I believe, however, that the people of this North American way of life can surpass any productive record. The trick is to sell the products on a world scale.

Hal Boyle Says:

NBC Executive Expects All-Color TV in 10 Years

NEW YORK (AP)—Today's success story:

One of Robert W. Sarnoff's hobbies is collecting dictionaries. And to him the most important word in any dictionary right now is the word "color."

At 37 Bob, son of Brig. Gen. David Sarnoff, head of the RCA communications empire, has risen to the post of executive vice president of the National Broadcasting Co.

The job wasn't handed to him on a platter. He worked his way up in the company, and had to take his lumps along the way.

To the younger Sarnoff has fallen many of the chores of supervising the spending of 12-million-dollars within the next year in NBC's gigantic expansion of its color telecasting facilities. This will bring to more than 75 million the amount spent by RCA and NBC to promote color television.

"The 12 million is only a drop in the bucket to what NBC will spend on color TV in the next few years," said Bob. "We believe television will be an all-color industry in less than 10 years—and it could be a lot sooner than that."

* * *

He is impatient of critics who feel color is being rushed.

"The mass production of color sets will put them within reach of the mass buying public," he said, adding:

"A 21-inch color set today is relatively no more expensive than a 10-inch black and white set was less than 10 years ago. There are already between 30,000 and 50,000 color sets in use, and one firm alone is now turning them out at the rate of 1,000 a week."

Color is only one of the headaches the young executive has to deal with. Across his busy desk pour the problems of hundreds of radio and TV network stations, the queries of sponsors, the complaints of high-priced stars.

"There are more phone calls in this business than in any other in the world," said Sarnoff, who sometimes feels it might be pleasant to spend a day all alone in a dark closet, completely away from Mr. Bell's invention.

"Programs have to be set up 6 to 8 months ahead," said Sarnoff, "and one of the biggest problems is how to get rid of your daily tasks so you can find time to sit down and plan what must be done next."

How does a television executive relax from the endless high pressure he is under, pressure he sometimes wonders how he can take and still survive.

"Well, I keep tropical goldfish," said Sarnoff, smiling. "They're fascinating. At the end of the day I like to go home and watch them. They seem so free."

Case Records of a Psychologist

Mother Prevents Nervous Breakdown by Putting Her Worries in God's Hands

Myra was approaching a nervous breakdown because she refused to team up with God Almighty. As soon as she entered into a sincere working partnership, then God took over the night shift and she had her first sound sleep in months. Sleeping pills are totally unnecessary if you'll just team up with God. I know this from personal experience.

By DR. GEORGE W. CRANE

Case Q-302: Myra N., aged 42, has a teen-age son who is seriously ill at the hospital.

"Dr. Crane, I am about to lose my mind," Myra spoke in tortured tones and began to cry.

"The doctors are doing all they can for my son, but I can't sleep at night for fear he may die.

"I am so anxious and worried and sleepless that I feel as if I'll collapse. I've taken dozens of sleeping pills but even they don't help me any longer."

BEST SLEEPING MEDICINE

God is the best medicine which we physicians and psychologists can ever prescribe. So I urged Myra to utilize this potent medicine.

"When you get in bed tonight," I added, "Just relax. Then talk to God as follows: "Father, I want to be a partner with you. But I am so tense and worried, I need to sleep soundly. So will you please take over he night shift for me and look after me and my son safely till morning?"

Myra said she'd try my suggestion. Next day she appeared so relaxed and serene that you'd hardly have recognized her.

"Dr. Crane, I did just what you said," she informed me. "And I had hardly finished talking to God until I sank into the first deep, undisturbed slumber I have had in months."

Now I don't want you to think that by relaxing and talking to God, he will invariably give you what you ask.

"GIMME" PRAYERS

For often we are exceedingly selfish in our prayers. If you don't

believe that fact, just take inventory of your prayers tonight and see.

* * *

Too often we ask God for selfish favors for ourselves and for our children. We implore him to heal our sick children and give safe journeys to them.

School children will ask for an "A" grade on their examination tomorrow though they may have played hookey from their books while other diligent students have been studying till far into the night.

So it often would not be fair for God to reward the lazy loafers at the expense of the dutiful, hard working folks who merit the favors which we want God to take from them to give us.

Beware of "gimme" prayers. We should be more unselfish in our praying.

This doesn't mean, however, that God will also do all the work for you on the day shift.

PARTNERS WITH GOD

On the morning shift we should shoulder our just duties and chores. A true partnership should never be a one-sided affair.

You shouldn't ask God to protect you from cancer and then flout God by smoking cigarettes.

You dare not implore God to give your college youth a safe motor trip, if you have taught them to drink liquor by your own bad example at home.

* * *

And if you have refused to avail yourself of the known scientific protection which vaccines and inoculation afford your youngsters, then you are failing to team up in a partnership with the Almighty.

And don't expect God to furnish you free eye glasses, hearing aids and a third set of teeth. Do your level best, then ask God to help thereafter.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Waterless Area Continues Plans

Township Must Have 65-Per Cent Signatures of Land Owners

FARMINGTON TOWNSHIP — An estimated 100 persons attended the meeting called by the Water Development Committee in Farmington Junior High School auditorium here.

Dr. Joseph J. Gadbaw of Farmington and Judge Arthur E. Moore of Pontiac explained the next step toward obtaining water for the dry sections of the township.

* * *

The meeting was held to notify township residents that signatures of the owners of 65 per cent of the land area must be obtained on petitions drawn up by Judge Moore, who has been retained by the township board as legal advisor. The petitions must then be presented to the township board who will in turn call on bonding companies to finance the project.

Judge Moore pointed out that a revenue bond issue alone would not be feasible in the area, therefor it must become a special assessment area, reqquiring the consent of a majority of the land owners before the assessment can be levied.

He estimated that there are 200,000 feet of assessable frontage and that an assessment of $2 to $3 per front foot, amortized over 20 years, will make the propositions attractive to finance companies.

Dr. Gadbaw stated that there are 37 subdivisions in the dry sections and that committee members can not hope to cover it. More than a third of these present volunteered to help on the project.

Big Bend Park Is Dedicated

Interior Chief McKay Calls Texas Site Haven 'of Peace for All Time'

ALPINE, Tex. (AP)—Secretary of the Interior McKay has dedicated Big Bend National Park "as a haven of peace for all time."

* * *

McKay said in a prepared speech yesterday he hopes Mexico will carry through plans to set aside a large area of beautiful mountainous country as a Mexican national park just across the Rio Grande so as to make an international peace park here a reality.

Big Bend, sixth largest of the 28 national parks, was given to the U. S. by Texas. Its establishment, when the necessary land had been obtained, was authorized by Congress 20 years ago.

Title to the land was turned over to the federal government in 1944, McKay said, and that year 850 visitors were listed at the park.

Last year 67,000 visited the park. That number has been topped already this year.

* * *

"Ten years from now—in 1966—the number of visitors to Big Bend will approximate 500,000, according to our National Park Service experts," McKay said.

The secretary said the federal government will need "public spirited partners" to help provide the necessary visitor facilities.

He said "understanding cooperation" of the people of Texas would be needed, along with assistance of private capital to finance development.

* * *

Plans for the park envision preservation of the rugged beauty of the Chisos Mountains. McKay said park planners feel construction of roads and developed areas has progressed about as far as possible without harming the scenery.

Jim Norris Wed 'For Some Time,' Says IBC Official

NEW YORK (AP)— Boxing promoter James D. Norris has been married "for some time" to Mary Jackson of New York, an official of the International Boxing Club said Monday.

"It's hardly news any more," said Harry Markson, managing director of the IBC, commenting on the reports of several columnists on the marriage.

"When Jim got married he didn't make a fuss about it," added Markson. "He's made no secret of it."

Think 'Seaquake' Converted Joyita Into Ghost Ship

AUCKLAND, New Zealand (AP)—Marine inspectors completed a preliminary survey of the 70-ton "ghost ship" Joyita and reported the disappearance of her 25 passengers and crew could be explained in only one way—a "seaquake."

* * *

The Joyita, now at Suva, Fiji Islands, was found drifting and deserted in the South Pacific three weeks ago. She had sailed from Samoa on a two-day voyage to the Tokelau Islands on Oct. 3. A big air-sea search uncovered no trace of the missing passengers and crew. The Fiji government ruled out piracy.

Investigators said today the only imaginable cause of the disaster was an undersea eruption that threw everyone overboard. The Tonga government is being asked to help check the "seaquake" theory.

Marine inspectors have requested details of what happened to the Tongan vessel Hafifoa, victim of an underwater eruption six months ago. The Hafifoa, carrying 40 people, was thrown on her beam ends when the sea suddenly boiled beneath her. Everyone aboard was pitched into the sea. All managed to get aboard again except one child who was drowned.

Red Wine Goes Trippin' in Test to Study Aging

MARSEILLES (INS)—A cask of red wine has left Marseilles aboard the liner La Bourdonnais, for a two year voyage which will take it on six round trips from France to Madagascar.

The strange voyage is a test by wine producers to determine if climate and temperature variation can accelerate the maturing process of wine usually left to age in cellars.

For '56 choose FORD... America's Favorite Station Wagon!

With Thunderbird Y-8 power . . . Thunderbird styling . . . and exclusive new Lifeguard Design

THREE WITH 4 DOORS

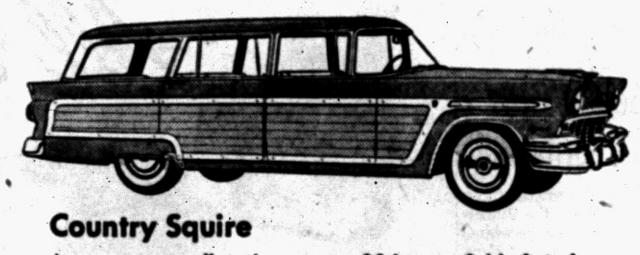

Eight-passenger Country Sedan

It's more stylish than ever this year, with exciting new colors . . . stunning interiors. Like its "room" mate, the Country Squire, there's an easily removable 2-section rear seat. Four doors give easy access for all eight passengers.

Six-passenger Country Sedan

This popular model is designed for those who prefer 4-door convenience with seats for six. Like all Ford Station Wagons, it has Ford's fold-into-the-floor Stowaway seat.

Country Squire

A queen among *all* station wagons. Mahogany-finished steel panels with wood-grained, glass-fibre moldings give woodlike beauty to this 8-passenger double-duty dreamboat.

There's more than meets the eye as to why Ford Station Wagons sell more than the two runners-up *combined!* Their Thunderbird beauty is apparent in all *six* models. But their beauty is more than skin-deep. Underneath that Thunderbird hide there's a heart of "*GO*"—for the Thunderbird Y-8 engine is the *standard* eight in all Ford Station Wagons, *at no extra cost.* If you need any more reasons why Ford is *your* soundest station wagon buy this year—look into new Lifeguard Design which was designed for your protection . . . and is found only in the '56 Ford.

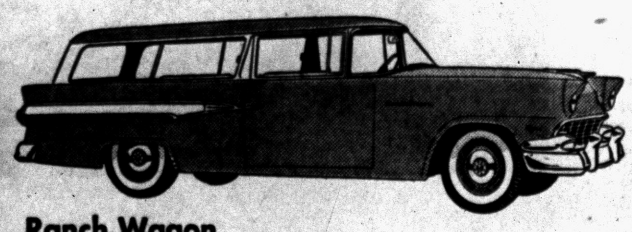

THREE WITH 2 DOORS

Parklane

It's brand-new and the last word in the do-it-all class. Carpeted throughout, this 2-door, 6-passenger dandy has limousine comfort and doesn't mind rolling up its sleeves.

Starting a New Life

There was no one in the wilderness to welcome the Pilgrims to Plymouth. While the men and boys worked to clear the land and build shelters, the women and children lived on the "Mayflower."

At first they had nothing to eat but the dried peas and oatmeal they had brought with them. Soon they also had wild game — deer and birds.

One day friendly Indians visited the colonists. The great chief Massasoit and Gov. William Bradford made a treaty of friendship that lasted as long as the signers lived.

The Indians showed the colonists how to plant corn and grind it. They taught them where to catch fish.

Here is a Pilgrim girl named Humility and her Indian friend. Humility is going to strip the kernels from the corn so the Indian girl can grind them.

Color the picture with crayons and paste it on cardboard. Attach the Indian girl's arm to her shoulder with a brass fastener or a bent pin. Then she can grind the corn with her stone grinder. Fold forward on the dotted line and the group will stand.

Judge Denies Appeal for Detroit Surgeon

DETROIT (AP) — Dr. Louis J. Gariepy, Detroit surgeon, was placed behind bars Monday after a federal judge denied his motion for reduction of sentence for income tax evasion.

Visiting Judge James Alger Fee of Portland, Ore., turned down the 64-year-old physician's plea.

He said the court "would be recreant in its duties to the poor, oppressed and unknown who have been found guilty of crimes and have been sentenced if this motion were granted."

Dr. Gariepy was sentenced to four years. He was scheduled to be taken to the federal correctional institution at Milan, later today for subsequent removal to another institution.

The motion asked the court to suspend sentence, place the doctor on probation or reduce his term on the grounds of hardship, good character and record and his "good works" and philanthropies.

Broomsticking Escapee Returns to Cell Block

COVINGTON, Ky. (AP)—A prisoner who broomsticked his way out of jail in 1952 was returned yesterday.

Clyde Reed, 29, of Ludlow, Ky., had been jailed on two armed robbery indictments. He took a broomstick, lifted the jail keys from a wall hook, opened the main door and walked away.

Police said he was found in Red Bluff, Calif., last week.

TB Christmas Seals Mailed to Residents

Christmas TB seals have just been mailed to 80,000 residents of Pontiac and Oakland County, in an annual appeal for funds to help wipe out tuberculosis.

Those who return their donations to the Oakland County Tuberculosis Association at 304 Pontiac State Bank Bldg. will assist this corps of disease fighters in many ways.

Their dimes and dollars will help in the work of searching out the hidden killer by means of free x-ray and case finding tests.

They will help maintain permanent TB clinics; publicize mobile x-ray services, promote research; rehabilitate patients; cooperate with health departments, schools and physicians in the work of health education and control of the disease.

"The colorful Christmas seals are our only fund campaign of the year, and the only means whereby we can operate. We receive no funds from either the government or any agency," said A. R. Musson, Oakland County TB Association's executive secretary.

"There are 300 cases of TB in the county now, and it is estimated that at least as many cases have not yet been discovered," he added.

Navajos Fear Tiger Is Loose on Reservation

GALLUP, N.M. (AP)—A tiger may be roaming the Navajo reservation in western New Mexico and eastern Arizona.

Drivers for the General Services Administration and Navajo Indians say they have seen large cat tracks which a professional government hunter says are not those of a mountain lion.

* * *

One of the drivers says he has seen a large, striped animal jump across the highway.

Indians who have seen the tracks say they believe the cat may be holed up in one of the abandoned mine shafts in the Fort Defiance area.

* * *

The cause of the speculation goes back four years when a circus wagon was wrecked about 50 miles north of Gallup. A lion and a tiger escaped and were never recaptured. The tiger may have survived, Indians believe.

Cadillac

Half its Horsepower is for Safety!

A pretty steep hill, you'd say?

Well, not so far as this gentleman is concerned. He just gave the accelerator a little encouragement with his toe . . . and swept from bottom to top so effortlessly he was scarcely aware of it.

For he's at the wheel of a beautiful new 1956 Cadillac. And beneath that long, sleek, graceful hood rests the smoothest, most powerful engine in Cadillac history.

The fact is that this great new Cadillac engine is powerful and dynamic *far* beyond the requirements of normal usage. In the course of ordinary motoring, it is entirely possible that the driver will *never* have to put the accelerator down to the floor board.

But how wonderful that extra length of throttle will be if he *does* need it!

It will be there to give him that extra burst of speed that can carry him free from a difficult driving situation.

It will be there in case he needs it for safety in passing . . . or to answer the challenge of a mountain road.

And even when not in *active* use, it will add to his motoring pleasure.

It will bring him confidence and contentment and peace of mind . . .

. . . and it will provide the kind of operating economy and dependability that can come only from a motor car that literally *loafs* at the legal limits of the highway.

Of course, Cadillac's magnificent performance is only part of the exciting Cadillac story for 1956. There is inspiring beauty . . . and extraordinary luxury . . . and superlative craftsmanship. For this is, literally, the Cadillac of Cadillacs.

Why not stop in soon and let us show you what we mean?

We've got the keys and the car—all you have to provide is an hour of your time.

We can promise you . . . it will be the most *revealing* sixty minutes you ever spent at the wheel of a motor car.

McCarran Act Given Criticism

Rabbi Feldman, Lehman Label Immigration Law 'Racist Formula'

WASHINGTON (AP) — Rabbi Abraham J. Feldman described the McCarran-Walter immigration act today as "immersed in racist feeling," and Sen. Lehman (D-NY) said it represents "a pyramid of unfounded fears."

Rabbi Feldman, president of the Synagogue Council of America, assailed numerous provisions of the law as "harsh" and said its "racist formula" for fixing immigration quotas was compounded of bigotry and ignorance.

He told a Senate Judiciary sub committee, in his prepared testimony, that he was appearing for organizations that "represent virtually every phase of organized Jewish life in the United States."

Lehman, long an outspoken critic of the act, said that it "adopted most of the worst features of pre-existing law and added scores of new evils."

* * *

The act was passed in 1952 over former President Truman's veto. President Eisenhower has called some of its provisions unjust and discriminatory and has asked Congress to reconsider it.

He Says School Board Doesn't Know Its Oats

LOS ANGELES (AP)—Emilio Vanoni claims the board of education doesn't know its oats from, well—

The board sent a disk harrow crew to Sepulveda, Vanoni says in a suit filed yesterday, and plowed under his crop of oats. He says the crew thought it was abating weeds on land he leased from the board.

And because they didn't know the difference between oats and weeds, Vanoni asks $4,680 damages. The board referred the matter to the county counsel.

Garrard's in the Cups

Have an Ostrich Egg

By EDDY GILMORE

LONDON (AP)—Garrard's, jewelers to Britain's royal family, predicts that cups for ostrich eggs may be coming back into fashion.

* * *

"They had a great vogue between 1590 and 1625," said Cecil Nann, the firms expert on ostrich egg cups. "Everyone seemed to have them then, but like many other things, fashions changed and they were forgotten."

He disclosed that Garrard's has just completed its first commission in more than 200 years for a pair of containers for oversized eggs.

EGG COMEBACK

And if ostrich egg cups ever make a comeback, his Royal Highness Emir Abdul Illah, crown prince of Iraq, will be responsible.

"A charming man of great taste," said Nann. "He has a pair of ostriches in his Baghdad garden. The hen laid two eggs. The crown prince brought them to us and requested a pair of egg cups."

Asked if His Royal Highess—former regent of Iraq—planned to eat the eggs as people eat chicken eggs from egg cups, Nann looked horrified.

"Heavens no," he said, "he wants them for ornaments."

REFUSES TO SIT

The crown prince hoped at first that his hen ostrich would hatch out the eggs, but he was disappointed.

"She refused to sit,' said Nann.

Given the eggs, Garrard's turned out a handmade pair of silver ostrich egg cups decorated in water gilt, copied from an original now at Oxford University and dating from about 1610.

Each cup is 23½ inches high and has three straps which hold the egg in place. On each strap are eight tags referring to the ostrich in Latin.

OK Mailing Letters in Packages, Books

WASHINGTON (INS) — Starting next Monday, you can mail a letter or message inside a package or publication for the first time in U. S. postal history.

However, you will have to pay the extra postage for mailing the letter or message and indicate on the outside of the package that you are enclosing the letter.

Postmaster General Arthur Summerfield announces the "combination" mail service. He said it will eliminate the "confusing" procedure requiring mailers to send letters separately or attached to the outside of a package.

Toy Trains Turn Grownups Into Big Shots

By PHYLLIS BATTELLE

NEW YORK (INS) — Call me a hard-headed picklepuss if you will, but I've never quite understood why grown men are fascinated, indeed calloused at the knees, by toy electric trains.

* * *

Something suspicious about it—like five-year-old boys liking to play the stock market. If wives got half the admiration lavished on rocket-action diesels, I always said, it would be a happier world.

Many men have given out with many reasons for their hours spent at the knuckle coupler and their moody passion for the smoke generator, but none of them seemed valid. Almost always, men are on the defensive.

"Well," they say, "Harry S. Truman likes electric trains — so who am I to be an intellectual snob?"

Or, "I'm a salesman who should've been an engineer, so what's it to you?"

To get to the heart of the matter, I went to the head of the Lionel Corp., Lawrence Cowen, whose grandfather, J. Lionel Cowen, invented the parlor locomotive more than 50 years ago, and is now known endearingly as the "toy train tycoon."

* * *

Lawrence not only has callouses on his knees but callouses on his hands from rubbing them against about 55 million dollars a year in business, and he admits he is prejudiced in favor of small locomotives for big men.

HE'S THE BIG BOSS

But looking beyond the prejudice, he says, he has the answer:

"When a man operates an electric train, he is the complete and entire boss of the project. He is the engineer, the conductor, the switchman, and the president and chairman of the board of the railroad.

"Where else can a man more effectively know, and display, his own prowess?"

* * *

It should also be pointed out that when a grown man suddenly has it in his power to switch a stock car into a siding and, with a single gesture, unload a pasture-full of cows—well, it boosts his morale.

"As president of the railroad, he can be proud of an efficient stock car operation. As farmer, he can be gratified at the prompt delivery of his cattle."

If he has had a hard day at the office and is afflicted with jumpy nerves and irritations, a man can imagine that Old Blubberhead (his boss) is on a passenger car and can proceed to run this particular car off the tracks.

Makes him feel a great deal better, and is a lot more practical than punching Blubberhead in the nose.

"Rather than being a symbol of mental immaturity, as you can see," Cowen insists, "a man's love of trains is a sign of an alert and imaginative mind."

IMPORTANT BOOSTERS

To demonstrate his point, Cowen says that such artists as Arthur Godfrey, Walt Disney, Yul Brynner, Jackie Gleason, Roy Campanella and Gypsy Rose Lee are toy train enthusiasts.

And of course there is ex-President Truman who throughout his term in office kept a toy train set up immediately outside the cabinet room.

Women are also train fanciers, Cowen insists, but their interest is along more artistic lines. "They love to do the landscaping—make foliage out of dyed sponge, and lakes out of mirrors and so on."

Which puts women in a proud position too. A man may be railroad president in his leisure time. But a woman can be mother nature herself.

As for kids?

They are the technical reason why their parents are such big shots in the parlor.

Bleeding Piles

No Longer a Problem

Medical research has developed a miracle medicine called RECTORAL. It does away with the continual use of old-fashioned ointments, suppositories, injections, etc., that give little, if any, even temporary relief. RECTORAL has a tendency to shrink the piles and usually in a few days, the bleeding, soreness, irritation and pain start to disappear and in a few days more are completely gone. Thousands of sufferers have used this remarkable medicine and have never had any further trouble, even years afterwards. Many of these people had been advised that only an expensive and painful operation would help them. Why suffer any longer? Get well NOW! Stay well! Get a bottle of RECTORAL today at

Outer Mongolia Equals 8 States

Asian Country Boasts More Cows Per Capita Than Other Nations

By MILTON BESSER

UNITED NATIONS, N. Y. (AP)—The People's Republic of Mongolia has this claim to fame—it has a larger number of livestock per capita than any other country in the world.

* * *

It was also the first country outside the Soviet Union to cast its government into the pattern of a Communist people's republic.

Today it is under the dominance of the Soviet Union, but it was once a part of China. This is a fact the Chinese Communists have not forgotten, and some students of Soviet-Red China relations say the possibility of a clash of interests at some future date can't be ruled out.

At present the Soviet Union is championing the admission of Outer Mongolia into the United Nations, along with four other satellite countries. The United States takes a dim view of Outer Mongolia as a U. N. member. Its candidacy, pending since 1946, is the main stumbling block in reaching agreement on admitting 18 new members at the current U. N. General Assembly session.

* * *

Outer Mongolia, once a part of the land used as a springboard by Genghis Khan in his conquests, embraces a land area of about 620,000 square miles. It is roughly equal to the segment of the United States covered by Indiana, Illinois, Iowa, Missouri, Nebraska, Kansas, Wyoming and Colorado.

It became an autonomous Chinese province in 1911, but eight years later was occupied by Chinese troops and Russian counter-revolutionaries.

In 1921, Red army troops, mindful of Lein's admonition that a friendly regime in Outer Mongolia would be of immense value to Russia, kicked out the Chinese and their supporters.

* * *

Three years later the Mongolian People's Republic was founded on the Soviet style. Russians moved into the country in considerable numbers, occupying strategic roles in administering the country of about a million population.

Not only does Outer Mongolia have a Soviet-style government, but nine years ago even the old Mongolian alphabet was discarded in favor of the Russian alphabet. Half the teaching staff in the country's university are Russians.

Its people remain predominantly nomads. Only 15 per cent of the population are in the cities, including the capital, Ulan Bator. The main activity is raising of livestock, with more than 32 goats, horses, camels and cattle for each man, woman and child.

Californians Close Show With More Sleek Styles

This exquisite dress designed by Marusia in imported pure silk smoke-gray organza features a soft folded skirt interwoven with printed satin ribbon. Note the unusual play of stripes. Marusia calls the gown "ravissant."

Helga's exclusive poppy print is used in this silk taffeta with sheer chiffon yoke. The yoke is outlined in appliqued pop-pies. Fashions pictured today wind up showings held during California Press Week.

Soft, feminine detail is in this ghost gray wool suit which is highlighted by Florentine scroll overlay outlining the waist and hem of the coat. The soft rolled collar and turned-back cuffs are again highly feminine. The slim skirt has a pleat in the back for freedom.

Houseguest Insists Hosts Be Included

Refuses to Accept Invitation to Dinner Without Them

By EMILY POST

"A friend of mine who lives in another city recently spent a week with relatives who live here in this city. During her visit I invited her to dinner at my house but did not invite her hosts as I know them only casually.

"I was quite taken back when she declined my invitation saying that she could not go without her hosts. Thereupon I invited them too.

"Was I wrong in not inviting them in the first place? In other words, is it necessary when inviting a houseguest to dine with you, to include her hosts as well?"

Answer: Although it isn't a hard and fast rule, it is certainly courteous to do so.

"Dear Mrs. Post: My son's fiancee's parents live in a distant city. The bride-to-be lives and works in this city and intends to be married here.

"Her parents will come to the wedding but they will not be able to arrive more than a day or two before the wedding and it will be impossible for them to make preparations for a wedding reception. Under the circumstances, would it be proper for my husband and I to give the wedding reception for them?"

Answer: Yes, in your case it would be all right.

"Dear Mrs. Post: Would 'The Messrs. Brown' be correct if used on a card enclosed with a gift?"

Answer: "The Messrs. Brown" could not possibly be used as a signature. Either enclose two visiting cards and cross off "Mr." on each, or sign a blank card with both names.

Chapter Slates Yuletide Party

Seventeen members attended the AW chapter meeting of PEO Monday evening at the Ferndale avenue home of Mrs. Harry S. Pearce.

Exemplification of the ritual for the state organizer was the chief order of business for the evening.

Guests were Mrs. Maynard Easley of Ferndale, president of Michigan PEO, Mrs. Edith M. Crooker of Detroit, organizer for the state of Michigan and Mrs. W. Henry Sink.

Plans were made for the next meeting, Dec. 5 with Mrs. Charles Coppersmith of Woodland avenue.

The master's touch is apparent in the unusual and deft handling of stripes as shown in this suit by Charles Cooper of California. Using chalk stripe chiffon flannel, this designer squares the front of the box jacket in mitred perfection and softens the geometric pattern with a simple floral accent placed in the center. The skirt, straight and slim, complements the top width of the jacket with stripes running vertically.

Here's one for school lunch packers: Split and butter yesterday's corn bread; spread with a mixture of crisp bacon and peanut butter or crisp bacon and chopped cooked prunes.

Accessories From Paris Go Abstract

PARIS (INS)—Abstract art has crept into Paris fashions and some of the latest feminine accessories look almost as confusing as a Picasso oroginal.

Jewelry, bags and even shoes have been influenced by modern art, resulting in extraordinary styles for fashionable ladies.

Van Cleef Arpels designed a clip of twisted, diamond-sprinkled gold. It is inspired, he says, by the electronic photograph of a bursting water-drop. Jeweler Fringham has made ornaments for the decolete or ears that look like diamond-studded gold twigs bunched together. One jewel clip is a sunburst design without a center.

There are four pages in today's Women's Section

Among the latest Paris handbags are some oddly shaped creations. Designer Ferest has an orange suede bag shaped like a painter's palete with an off-center hole for carrying. Another modern suede purse is shaped like a tear drop with a handle fixed to the top point. Ferest calls one of his bags the "flying saucer." It is made of two discs and designed to be worn with airy summer dresses.

Shoe stylist Perugia has designed a simple pump-shape of steel-gray suede. It has its point decorated with black lacquer to look like varnished toe-nails. A large metal gear-wheel is fixed on the instep as trimming! Another fantastic Perugia model is simply shaped like a fish. Made of metal-colored patent leather cut to look like fish-standing out at the heel.

AAUW Leader Chosen

Dr. Susan B. Riley of Nashville, Tenn., immediate past president of the American Association of University Women, was recently appointed to the bipartisan commission which will review the federal security program for government employes. She is the only woman to receive this appointment.

* * *

Dr. Riley has been a member of the Citizens Advisory Council for the Foreign Operations Administration.

In addition to her AAUW interests, which included serving on the AAUW national education committee and as vice president from the Southeast Central Region, Dr. Riley has been president of the Tennessee Folklore Society and active in various educational organizations.

She is a professor of English at George Peabody College for Teachers in Nashville.

Satin Dresses Stylish Yule Party Wear

NEW YORK (INS) — Choose a satin holiday dress if you want to be sure that you're stylish for Christmas and New Year's parties.

Satin has been the overwhelming choice in dress clothes displayed at the recent openings of the National Horse Show and the Metropolitan Opera, two New York first nights which always bring out the tops in high style. Satin is also the fabric most seen at New York theater openings.

The shiny material has been so popular that women who own a mink stole or even ermine wore satin evening coats instead of their furs—and it's very hard to beat mink for chic.

The favored satin color has been white—either pure white or one of the creamy or grayish off-whites. Runner-up has been emerald green, with black and rosy red satins competing for third place.

Because satin itself is such an eye-catcher, gowns have been comparatively simple. Lavish embroidery, oriental-style, is about the only trim . . . There haven't been many ruffles or bows.

Van Coevering to Show Movie to Bloomfield Club

Highlights of a dozen vacation trips will be presented at the meeting of the Bloomfield Hills Garden Club Dec. 5 when Jack Van Coevering, writer, author and lecturer, will show his new motion picture, "Outdoors in America," in the new Bloomfield Hills High School.

Board members of the club met Monday afternoon with Mrs. Leroy G. Vandeveer of Bloomfield Hills.

At this meeting Mrs. Edgar R. Flint, program chairman, reported that Mr. Van Coevering's picture is the result of years of traveling and represents extensive work with the motion picture camera.

Mr. Van Coevering has received national recognition for his work in conservation. He was made a life member of the Izaak Walton League and was voted into the "Fishermen's Hall of Fame" by the Sportsmen's Club of America.

Mrs. William G. Ferguson announced that members' husbands will be invited to the meeting.

Dental Floss Sews Turkey

Here's a tip on sewing up your Thanksgiving turkey.

When the stuffing is all in place, go to your medicine chest instead of your sewing box for thread to do the stitching job.

You'll find that dental floss is easier to use than ordinary thread for this purpose.

After roasting, the stitches come out easily because the floss doesn't break when you pull it.

Women's Pages ARE Helpful to Men

Drop Those Daggers--I Surrender

By BURDETT C. STODDARD

STODDARD

Last Friday I outlined the sub-surface attempts in women's page stories to establish a superiority complex in relation to the male of the species.

Examples were pointed out of stories claiming the upper hand for women in various fields of endeavor from controlling weight to brushing teeth.

Men were advised to read the women's section to find out what accusations are being made and thus be prepared to uphold their honor.

But all day yesterday I kept feeling stinging sensations in my back. The charming ladies of the social department were looking mental daggers at me.

★ ★ ★ ★

After some reflection, I decided perhaps a slight injustice had been done them. Perhaps there were other items of interest to men in the women's section (besides the women themselves, that is).

MALE APPEAL

Again I perused back issues of the Press and must admit the women's pages do have male appeal.

★ ★ ★ ★

Interesting articles were found relating to education, mental health, appearance, etiquette, music and art—topics which most of us could stand to know more about, whatever our gender.

Many stories give helpful advice on everyday problems. For example, one article gave tips to young people on how to live on a small salary while getting started in their profession.

Because many of our best cooks are men, they undoubtedly would be interested in the numerous stories containing hints for chefs. (There was a yummy-sounding recipe for peanut butter fudge.)

★ ★ ★ ★

If you want to know what your daughters are doing in the Girl Scouts and similar organizations, read the women's section.

You'll also find stories dealing with the psychological problems of child rearing and related advice to parents.

KEEPING TRACK

Bachelors can keep up on the girls that got away by reading the engagement and wedding announcements.

★ ★ ★ ★

Other items will enlighten you on the "why" of certain female habits, such as the need to wear one shade of lipstick during the day and another shade during evening activities.

If you get to the paper first, you might manage to "lose" the fashion pages before your wife can get any new clothes ideas.

Or, viewing the upcoming fashions might save you from standing in slackjawed astonishment when introduced to a woman sporting the latest Dior brainstorm.

Some articles are very heartening, such as the one advising women to do things like home typing to supplement their husbands' income.

★ ★ ★ ★

So, seriously fellows, there are reasons why you should read the women's pages. How else will I get rid of these shooting pains in my back?

Checking the achievement board are four boys who passed the requirement test and received membership cards in the Christian Service Brigade. The organization is the boys' youth club at the Oakland Avenue United Presbyterian Church for all boys of the community and church. Pictured (left to right) are David Erickson of Summit avenue holding his certificate, Michael David Powell of Oakland avenue, James Haun of Spence street and Gary Bowes of Chamberlain street.

Boys Receive Membership and Awards

Christian Service Brigade Celebrates Youth Week

Christian Service Brigade, brother organization to the Pioneer Girls, is another youth club of the Oakland Avenue United Presbyterian Church. The clubs observed National Youth Week Nov. 13-20.

* * *

A special service was held in the church in their honor. Charters from national headquarters in Chicago were granted to the two divisions of the brigade, the Stockader and the Battalion.

Membership cards and pins were given to the boys who met the requirements, and badges were awarded for ranks accomplished.

Thousands of boys are enrolled in the brigade across the nation, Canada and several foreign countries. The 50 boys enrolled here have an opportunity for craftwork, instruction based on the Bible and recreation. Their motto is "Bright and Keen for Christ."

* * *

The following boys received membership cards last night: Tom Bradley, James Tatu, Stephen Pawell, Larry Hart, Donald Chambers, Paul Marien, David Erickson, Arnie Osta, Tommy Sutton and Tom Hinsperger.

OTHER MEMBERS

Others were Paul Busse, Clayton Hinsperger, Ronald Chambers, John Chasteen, Gary Blattenberger, Bob Greer, Michael Swackhammer, George Melnick, James Haun, Ernest Henry, Gerald Cocking, Gary Bowes, Dale Luettke, James Heisler, Teddy Bowes, Gordon Messer, David Powell, William Chasteen and Gordon Stevens.

The Stockade, the group of boys aged 8-11, meets every Tuesday afternoon at 3:15. The Battalion, which is comprised of boys aged 12-18, meets every Tuesday at 6:45 p.m.

The pastor, the Rev. Theodore R. Allebach, said, "I have yet to see a program anywhere better able to meet the physical and spiritual aspects of youth than do the Pioneer Girls and the Christian Service Brigade."

Alumnae Plan Yule Gathering

Program for the Christmas meeting of the North Suburban Chi Omega Alumnae will be "Christmas Stories" related by Mrs. E. A. Burgess.

* * *

The meeting will be held Dec. 8 at the Birmingham home of Mrs. Luther Lawrence, with Mrs. Robert Meschke as chairman for the evening.

The alumnae will aid Pontiac State Hospital for their social service project of the year. They will furnish patients with art supplies, books, records, writing materials, games and playing cards.

* * *

Mrs. Donna Page is in charge of collecting items for distribution.

The long torso pictured is styled in a bold plaid of turquoise, navy and red. Red pipes the white linen collar and cuffs and forms a shoe string bow.

Club Has Yule Workshop

The Pontiac Branch of the Women's National Farm and Garden Association held an all-day Christmas workshop Monday at Stevens Hall.

* * *

Seventy members and guests from Pontiac and front branches in the area met to hear informal talks in the morning meeting on methods of making Christmas decorations for the home.

The afternoon session was devoted to individual instruction and the making of Christmas greens.

Speakers participating in the workshop are associated with the Women's National Farm and Garden Association's state organization, and came from Lansing for the day.

* * *

They were Mrs. William Ullenbach, state program chairman; Mrs. C. L. Leonard, an accredited judge; Mrs. Arthur Wilson, the national program chairman; Mrs. Leland Miller, an accredited judge; and Mrs. Frances W. Jenkins, state chairman of workshops.

Mrs. Benjamin Jerome Jr. was social chairman of the committee serving coffee and dessert.

She was assisted by Mrs. Standish Sibley, Mrs. William Hartman, Mrs. Robert Isgrigg, Mrs. A. J. Michal and Mrs. Arnold Jerome.

New Suede Is Washable!

NEW YORK (INS) — The leather industry, which only a few months ago developed a leather that could be washed, has come up with another innovation.

* * *

Now there's a new suede which can be washed or dry-cleaned.

This may not sound like world-shaking news, but it is important to the clothing budget. It means that garments made of the new leather can be tossed into the washing machine — and non-washable dresses trimmed in suede can be sent to the cleaner's without worry — or extra cost for leather cleaning.

This new type of suede, appropriately labeled, will show up in November clothing. It's being made first mostly in beiges and pastels, but they have successfully tested the washable and cleanable suede in red, charcoal, navy and blue.

The leather industry, which expects this "launderleather" washable and cleanable suede to supersede regular suedes within a year or so, says it won't cost any more than ordinry suede.

And the leather experts promise that the new suede can be cleaned like any dress — so that you don't have to pay the usual extra for dry cleaning it.

* * *

They also say that it comes out of the washing machine without fading or shrinking.

African Sculptures Highlight Exhibit at Little Gallery

Among the 25 primitive African sculptures displayed at the Little Gallery in Birmingham are these ancestral figures from the Belgian Congo. The showing, which opened Nov. 14, will continue until Dec. 15. Hours are from 9 a.m. until 6 p.m.

This figure from the Bakota tribe is done in grave-marker brass and copper over wood. It is one of the primitive African sculptures being shown at the Little Gallery. The showing is in connection with the work of five contemporary artists.

Sweet, Sour Combination Glazes Loaf

Mrs. Franklin Read Mixes Ham, Pork for Good Meat Dish

By JANET ODELL

Instead of the usual baked ham for dinner, serve this appetizing Glazed Ham Loaf. Mrs. Franklin Read of Hammond Lake shares this recipe with us.

Mrs. Read enjoys gardening and has spent many hours working in the yard of her new home. Her fall flower garden was a beautiful sight. Mrs. Read has an artistic bent and likes nothing better than drawing or painting. Her current art project is making Christmas decorations and candles.

GLAZED HAM LOAF
By Mrs. Franklin Read

1 pound ground smoked ham
1½ pounds ground fresh pork
1 cup dry bread crumbs
1 cup milk
2 eggs, slightly beaten

Mix all together and place in greased loaf pan. Pour over it a mixture of the following ingredients:

1 cup brown sugar
½ teaspoon dry mustard
¼ cup vinegar

Bake 1½ hours in a 350-degree oven (not preheated). Remove loaf from pan and place on platter. To the liquid left in the pan add a mixture of 2 tablespoons flour and 2 tablespoons water. Cook until smooth and thick. Pour over baked loaf and garnish with parsley. Serves 6-8.

Dorothy Reese Becomes Bride

Mr. and Mrs. Robert Reese of Palmer street announce the Nov. 12 marriage of their daughter, Dorothy Delores, to Melvin F. Hoolihan of Palmer street. He is the son of the late Mr. and Mrs. Amos Hollinan.

* * *

The couple was married by the Rev. Ralph C. Claus of St. Trinity Evangelical Lutheran Church.

The bride wore a waltz-length gown of brocade with a shoulder-length veil. She carried a white carnation bouquet.

Mrs. Earl Stallings was her sister's matron of honor, Maurice Hoolihan served as best man for his brother.

* * *

The newlyweds received their friends at a reception held in the home of the bride's grandmother, Mrs. Loren Colwell of Ferry avenue.

Thanksgiving Is Theme of Meetings Conducted by Methodist Circles

Thanksgiving was the theme of several circle meetings held by the women of the First Methodist Church.

Rhoda Circle

Mrs. Terry Smith was hostess to the Rhoda circle at her home on Square Lake road. Mrs. Perry Ruffing's devotional topic was "Thanksgi'ving and the program "Women in the Church" was presented by Mrs. James Sorenson.

Mrs. Clayton Rule attended as a guest of the group. They will meet in December at the home of Mrs. Frank Huebner of Theda avenue.

Sara Circle

"Spiritual Classics" was the devotional topic of Mrs. Lester Mehlberg when the Sara circle met with Mrs. Dennis Burtch of Walnut road.

Mrs. Gerald Augsburger and Mrs. Lewis Butler participated in the program "Our Tenth Anniversary."

Mrs. Augsburger will open her home on Mohawk road for the December meeting.

Leah Circle

A dessert luncheon was served members of the Leah circle when they met with Mrs. Albert Weber of East Iroquois road. Mrs. Weber gave the devotional selection on the theme "Praise and Thanksgiving."

Mrs. John Adams presented the program "A Thanksgiving Story," and Mrs. Paul Havens was a guest of the group.

The December meeting of the circle will be at the home of Mrs. Arthur Nicholie of Franklin boulevard.

Lois Circle

"The Combined Efforts of Peace" was chosen as a devotions topic by Mrs. Harry Rice at the meeting of the Lois circle held at the North Telegraph road home of Mrs. Frank Coons.

Mrs. Elmer Betts and Mrs. Charles Chapman chose "Thanksgiving" for their program topic.

Mrs. Nimrod Quist was welcomed as a new society member.

Mrs. F. L. Ward of West Huron street will entertain the circle at the next meeting.

Joanne Circle

Mrs. Clayton Rule and Mrs. Robert Harvesher were guests of the Joanne circle at the November meeting. Mrs. Bruce Granger was hostess at the waffle breakfast.

The circle will meet with Mrs. J. W. Green of Eason road for the December meeting.

Anna Circle

The dessert luncheon at the home of Mrs. Arthur Stewart of Beachland boulevard was the setting for a program and devotionals on the "Thanksgiving" theme. Mrs. E. H. Buddenbaum presented the devotions and Mrs. Harry Going presented the program.

Mrs. Harold Hannan was the guest of the circle. The Navajo road home of Mrs. Buddenbaum will be the scene of the next meeting of Anna Circle.

Elizabeth Circle

The skit "Spiritual Classics" was directed by Mrs. Floyd Crawford when the Elizabeth circle met with Mrs. George Muller of Wolfe Street.

Mrs. John Adams, guest of the group, presented a program on "American Indians." They will meet in December at the home of Mrs. Benjamin Shelton of East Tennyson avenue.

Julia circle

Mrs. Stuart Conway of Hospital road was hostess to the Julia Circle. "Thanksgiving" was the theme for devotions chosen at this meeting. Mrs. Roy Rich gave devotions and Mrs. Gerald Augsburger, guest, presented the program on "The Status of Women."

Osteopathic Groups Plan Ball in May

Mrs. I. J. Siudara of Berkley, president of the Oakland County Osteopathic Auxiliary, represented her group at a meeting of Detroit Osteopathic Women's Club in Detroit.

The recent meeting was a planning session for the Cinderella Ball for the benefit of the Retarded Children's Fund. The ball will be held in the Latin Quarter in May.

Men Adopting Shoe Styles of European

Not to be outdone by the distaff side, the American male has finally asserted himself with a wholehearted adoption of the continental influence in shoes. Men's footwear this winter is designed with soft, flexible, lightweight construction, expressed in neat, trim lines.

Softer leathers with the new refined grains are predominant, and here, too, the trend is towards a lightening up in color tones and away from the cordovans and blacks for all-occasion wear.

Fashion Parkas of Jersey Appearing on Paris Scene

PARIS (INS) — "Parkas" have made their appearance on the Parish fashion scene along with the cold season.

Paris Designer Nina Ricci is showing hooded jackets, coats and even sweaters to be worn in town and country. Her parkas are expertly cut so the hood can be turned back to become cowled or draped cape-collars. The feminine touch is in the materials and colors.

Tweed jackets by Nina Ricci are cut in one with hoods as warm garments for winter in the country, after-ski wear or for spectators at sports events. The jackets and hoods are lined in contrasting colored wool-jersey to match a sweater worn underneath.

On a brown tweed jacket the hood grows out from the lapels above the notches. The red facing appears as a cape-collar when turned down. Very chic for winter sports is a plum-colored, hooded wool jacket lined in green jersey. It is worn over a green decollete sweater with its halter-neck ending in a turtle-cuff designed for chalet wear.

A sweater combined with a hood is also a good idea. Nina Ricci has one of charcoal grey jersey combined with a turquoise colored hood growing out of a V neck. You can wear it hood-up as one Balaclava swearter for sports or indoors with the hood down and draped to a cowl.

Nina Ricci also has designed hooded garments for dress-wear. In case you're not the hat-wearing type, a cocktail coat with a hood will keep your hair tidy and be most elegant.

One hooded Ricci number in red satin is a street-length coat lined in darker red silk. It looks most stunning and guarantees a noticed entrance into any restaurant, nightclub or private party.

The leaves usually begin to turn the night before the examination.

Do You Want Bright Tomorrows?

By ANNE HEYWOOD

Tucking a child in bed for the night is a gratifying and sometimes thought-provoking process.

* * *

I remember some time back saying goodnight to my son, having him say, impatiently, "Gee Mommy, I can hardly wait till tomorrow!"

I replied with the typical grownup preoccupation: "Why, dear? What's happening tomorrow?"

He sat up in bed and stared at me in astonishment. "What's happening tomorrow? Tomorrow is happening, that's what!"

* * *

I suddenly realized that for him, and for all children, tomorrow is a wonderful day, full of things to investigate, things to learn and to do.

I began to realize that we grownups could, if we tried, recapture that wonderful zest for life.

SOMETHING TO LEARN

What is the secret? Something to learn, that's the secret. If we could each have a project, a subject that so interested us that we were studying it and learning more about it every day, we, too, could hardly wait for tomorrow.

* * *

Since then, I've investigated the subject further and learned some interesting things.

For example, my friends over 50 who have no particular interest, no subject they're pursuing, look older and have more aches and pains than those who are absorbed in something.

All the oldsters I now, who move into their 70s and 80s with grace and zest, are invariably the ones who have some big interest in life.

* * *

The funny thing is, it doesn't matter too much what it is, so long as it really interests you.

MANY SUBJECTS

I know people who are fascinated with Spanish literature, playing the piano, collecting stamps, baking fancy cakes, making over hats — almost anything you can think of.

The big point is that it fascinates them, and that it is of sufficient scope to make it necessary that they continue to work and practice and study and learn.

* * *

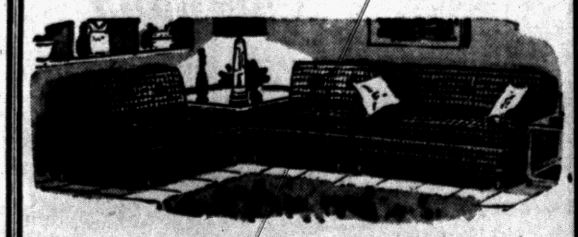

If your life is at a standstill, get down to your nearest public library and browse around.

When you find a book on a subject that really interests you—whether it's anthropology or American history, lamp-making or herb cookery—take it out and start reading it.

Little by little, collect newspaper clippings and magazine articles about it and learn all you can. Before you know it, you, too, will hardly be able to wait for tomorrow!

Forget Sixsome, Ask for Dates Separately

By ELIZABETH WOODWARD

"Dear Miss Woodward: We three girls met three fellows and all during summer vacation the six of us had loads of fun together. When school started, and they began working nights, we saw less and less of them.

"The one couple that was going steady broke up (because of gossip) and the girl never had a chance to explain.

"So we tried to arrange a meeting by giving a party, and we invited the three fellows. They didn't even acknowledge our r.s.v.p. invitations!

"Now that we don't see them, we realize how very much we do think of them. Dates with other boys aren't the same.

"Now our prom is coming up soon and we'd like to have the three of them as our escorts. Should we ask them, or do you know of any other way we can get back together?"

Answer: There are discouraging signs that would faze girls of faint heart. Your wonderful sixsome fun did come to a swift and sudden end when your fall busy-ness set in.

If those boys had really wanted to carry on, they could have found the time and a way to see you. They could have kept in touch by phone. But it would seem that their interest petered out.

The one steady deal broke up abruptly—and all three boys apparently chose to believe the gossip. The one most intimately involved didn't wait around for any explanations, and hasn't shown up since to get things straight. He obviously didn't want to.

And they saw through your party plot and cheerfully ignored your summons to a gathering of the clan. They couldn't be bothered.

The signs point to the fact that they think they've had it. But if you've the courage to risk being rebuffed again, go ahead and take one more chance. Ask them to your prom. But be set with a spare in case your men turn you down.

Remember that when last heard from all three boys were working at night. They may have no time now for gallivanting and parties.

Remember, too, that these three boys are too busy to be inseperable these days, and each might be operating on his own. If you can remember no particular reason why your boy friend of the summer shouldn't want to see you again, he might be glad to make a date with you on his own.

So, each of you girls tackle your particular boy friend separately and independently. Make no sixsome plans which might be unwieldy.

Join up at the prom if convenient and practical. But take your chances alone. It might work out better.

Carol L. Davis Married

The Rev. J. Harvey McCann of the Auburn Heights United Presbyterian Church performed the wedding service uniting Carol L. Davis and C. J. Edwards.

* * *

The couple was married Saturday evening in a candlelight ceremony at the church in the presence of 150 guests.

The bride is the daughter of Mr. and Mrs. Roy Davis of Adams road, and he is the son of Mr. and Mrs. Clarence Edwards of Fourth avenue.

For her wedding, the bride chose a gown featuring a lace over satin bodice accented with a round neckline and tiny collar. Her hoop skirt was of net over satin.

* * *

She wore a sequin-covered crown which secured a fingertip veil of lace, and she carried a white Bible with a white orchid surrounded by white carnation buds.

Jackie Pohl of Auburn Heights was her only attendant. She wore a Nile green gown of net over taffeta, and a darker shade of green was used in her velvet jacket and headpiece. Her flowers were yellow pink-edged carnations.

Russell Williams was best man and Roger Davis and Stanley Barker were ushers.

* * *

For the reception held in the church parlors Mrs. Davis wore a light blue faille dress with black accessories. Her corsage was of white carnations and snapdragons.

Mrs. Edwards wore a navy blue dress with pink accessories and a corsage of pink carnations.

The bride changed to a charcoal gray suit with pink and black accessories for their honeymoon trip to southern Ohio. The couple will reside in Arlington, Va., where he is stationed with the U. S. Army.

Bathroom Rugs Enhance Decor

The parlor rug has come to the bath, thanks to cotton carpeting which can be installed with ease and which washes like a dream.

Lush, deep-pile carpets which used to be seen only in the living room are now being prescribed for the bathroom. They hide the hard cold tiles of the bathroom floor minimize slipping and provide a warm spot of color underfoot.

Washable, pre-shrunk bathroom carpeting can now be had by the yard, along with an instruction kit complete with cutting knife, measuring device and pattern square. The 36-inch widths are securely taped together to fit the floor.

Once installed, the cotton sections can be untaped, picked off the floor and dumped in the washing machine like wash cloths.

Decorators advise selection of your cotton wall-to-wall carpeting at the same time you pick out towels and shower curtains. This will result in a harmonious bathroom color scheme. Since the usual bathroom floor is small, extravagant styles and colors can be put down.

Senior Chopin Club Conducts Meeting

The Senior Group of the Chopin Music Club met Saturday afternoon at the home of Mrs. Carl Clifford on Telegraph road. Rebecca Schutt was program chairman for the meeting.

* * *

Piano solos were presented by Marianne Engelhard, Nancy McKown, Sarah Jo Faxon, Donna Douglas, Janice O'Neil and Renie Sinclaire. Others were Janet Thomas, Carol Wargelin and Frances Spencer.

A reading on the life of Franz Schubert was given by Shirley Bower, and Mrs. Clifford showed pictures of her trip to Hong Kong and the Philippines.

* * *

Nancy Parsons, Joan Whims and Marilyn Wagner served refreshments to the group.

Good Complexion Requires Tender Care Constantly

Building a good skin or repairing a troubled one is a long, painstaking process.

* * *

Evidence of this is the fact that while doctors can cope with asthma allergies with reasonable ease these days, they still find skin allergies take a year or more or work.

The condition of the skin reflects cleanliness, diet, amount of rest, time of the month and even mood. Attention to one of these matters alone cannot produce a clear skin.

They need to be tended to all at once and sometimes even then, medical help is needed.

But here's a trick that can be added to a good skin regime that includes all of the above that may be a big help to some teenagers with minor skin problems that recur.

It's a soap mask, easy to do with the materials at hand and a simple routine to build into the daily beauty dozen.

First of all, tuck your hair into a nylon cap or a shower cap or otherwise get it off your face, including wisps. Then build up a bowlful of thick, creamy soapsuds with warm water.

Next, apply the warm soapsuds to the face like a mask. Get right up into the hairline, the source of a lot of blemish trouble.

Let this first mask dry, then rinse it off and apply a second coating.

* * *

Then rinse thoroughly with warm water. Follow this with a cold splash treatment that's invigorating.

This treatment could be a big help to teeners with troubled skins that are so delicate that a scrubbing treatment damages the tissue. This one draws out oil and can flush out dirt and cosmetics so that the skin is really clean.

James Campbell Claims His Bride

Mr. and Mrs. Ernest Sommerfeldt of Cadillac announce the recent marriage of their daughter, Margot, to James Earl Campbell Jr.

He is the son of Mrs. Clara Bergquist of Marion and Earl Campbell of Walton boulevard. The couple was married at Marion, Mich., where he has been making his home.

GOP Club to Meet

Pontiac Republican Women's Club will meet Monday at the home of Mrs. Frank Stout on Ottawa drive. Rep. George A. Dondero will be speaker.

Unike most fruits, pears that are tree-ripened aren't superior to those harvested green. Pears have their best quality when ripened six to eight days in a place that's cool and humid.

Make Your File Marked Dreams

One young homemaker we know has a filing envelope marked "dreams." Into it she slips clippings, bits of fabric, advertisements, addresses or possibilities for her home.

* * *

They won't be used tomorrow and probably not for a long time after that. But if a big windfall ever comes, she'll be able to spend it for something that will slide right into her decor.

It might not be such a bad idea to do the same for a wardrobe. Not one of us has her wardrobe in the shape she'd like it. There's always a suit to be replaced, a pair of shoes missing.

The ad for the suit that seems exactly right may be way out of the proper price range now. But it may not be next winter. So save it.

The exact suit may not be available then, but the saleslady will have an easier job finding something like what you want if you have a picture to show her.

Neat ideas for remodeling clothes may come in handy if you take something to the dressmaker's. A tiny piece of fabric from your winter coat may help you in shopping sales while the coat is in storage.

* * *

A sheer mad dream of a custom-made suit in a photograph might turn out to be in range, with the help of a local tailor. A sketch of a dress can often help a pattern salesgirl find just what you're looking for.

Skirt flap-pocket detail not good. High mounted pockets take eye to top of figure and long skirtline adds leg length.

Different placement of pockets is an important detail. Placed high pockets look perfect on the short-legged but placed low, should be worn by the long-legged only.

Bob Considine Says:

Dem Nomination Race Remains Wide Open

CHICAGO (INS) — Don't let anybody kid you. The race for the Democratic nomination is as wide open as the wild blue yonder.

* * *

Nobody has a lock on the bid, though there is a measure of justification in Sen. Keauver's charge that at least the prestige of the supposedly impartial Democratic National Committee has been put behind Adlai Stevenson.

Stevenson hand-picked party Chairman Paul Butler apparently without consulting Col. Jack Arvey, the veteran Illinois politician who patiently fashioned Stevenson into a national figure. Stevenson has added to his strategy staff the doughty Steve Mitchell, Butler's predecessor.

But the consensus at Chicago is that Stevenson's balloo didn't quite get the elevation expected of it this past week, though he was the first of the nominees to announce.

* * *

He got the TV and radio time at the $100 a plate dinner. The others had to battle the dishes, cutlery, flying waitresses and the chronic inability of a huge banquet hall to carry what the fellow up there behind the mikes was trying to say. But the Stevenson take-off didn't "sing."

ADLAI'S DETERMINED

He's determined to make a go of it. It is not easy for him to "reach the people." But he knows it must be done and he'll give it the kind of try he couldn't quite bring off the last time.

He's apparently attempting to cut down on the laughter his speeches instinctively evoke, to replace puns with punches. But he doesn't hold with those who have had the temerity to tell him that his language is over the head of the average voter.

I asked his brain trust the other day if the divorce might hurt him and the answer seems to be no, unless Mrs. Stevenson, a gifted woman of strong feelings about many things, including "Poetry Magazine," comes out against him vigorously.

There is reason to believe that Stevenson's talks with their three sons, just before he and they made up his mind to declare for the nomination, dealt at least in part with Mrs. Stevenson's possible role if the former governor of Illinois wins the nomination and the election. (Harriman is divorced and remarried.)

* * *

Kefauver and Harriman are in the traditional position of delaying an announcement until the time is ripe or, dream of dreams, there is plain evidence of a draft call.

Kefauver has okayed the opening of Kefauver-for-President headquarters in Washington, had a branch office in Chicago, is openly trying to sign up Mike DiSalle, one of the savviest pros in the business, as his manager, boasts that he now has more fightin' and talkin' money than ever before . . . . and bandly tells the world "I'll announce on either Dec. 15 or 16 whether or not I'll run."

AVE TO HOLD OFF

Harriman is just as eager in all probability but will stay off the pace for a long time and let the other two beat themselves into a froth.

* * *

He would seem to be the No. 1 compromise as of now, but said Sunday in Chicago that he won't enter any primary and is too busy with his work as governor at Albany. He then promptly took off for speeches in a somewhat remote part of his state — Seattle.

They were interesting to watch the other night as each in his turn bestowed ringing compliments on former President Truman. Truman gave what I thought was a magnificent demonstration of neutrality. Each got the same smile, four wrinkles around the eyes and a dimple and a half. No more, no less. He clapped for each speaker 14 times.

There is little question that all three men would agree now that a single nod of approval from Truman would make any one of them President. It must be a breathtaking state in which to live.

When one comprehends the enormity of Truman's favor, if we can presume that those who court it are correct, you begin to understand why Kefauver announced with nervous pride and a spray of sweat that Truman had made up with him.

GREAT NEW GETAWAY
even before you switch the pitch!

(And think of the gas you save!)

Now they've done it—and it's terrific.

Now, to the spectacular performance of Variable Pitch Dynaflow,* Buick engineers have added a new marvel that goes airplanes one better.

They call it "double regeneration"—and it means, simply, that they found a way to make whirling oil add to its own velocity to give you double-action take-off.

You feel the results right from the start when you're at the wheel of a 1956 Buick with this advanced new Variable Pitch Dynaflow.

You feel it in the first inch of pedal travel—where all your *normal* driving is handled.

With just a gentle nudge on that gas pedal, you feel a new and instant getaway response that's solid, sure and infinitely smooth—*great new performance from only part-throttle operation that means far better gas mileage to boot.*

But when you need an extra safety-surge of acceleration to get out of a tight spot, you merely floor the pedal and switch the pitch. Then, split-second quick, you get full-power go-ahead like a pilot does at take-off—and it's the most thrilling safety measure on America's highways today.

We cordially invite you to come in and try this sensational action—and the newly boosted horsepowers that go with it—in what is literally the best Buick yet.

For the 1956 Buick is just that. And when you toe the treadle, when you trigger that power, when you sweep along in the freshest styling of the times and in the sweetest-riding Buick in history—then you'll know firsthand that this is the Buick we say it is.

Come in for a visit this week—today, if you can—and let the thrills start happening to *you*.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

†Standard on Roadmaster and Super, optional at extra cost on other Series.

Dem Candidate Names Committee Leaders for Presidential Campaign

CHICAGO (AP)—Adlai E. Stevenson appears to be wasting no time in getting right down to business in his bid for the Democratic presidential nomination.

* * *

Yesterday, in the wake of a busy week in which he announced his candidacy and became one of the principal figures in a huge Democratic rally in Chicago, he formed the "National Stevenson for President Committee."

He also held a brief news conference at the opening of the committee's headquarters in which he said there is "greatly increased" support for his candidacy.

Barry Bingham, president of the Courier-Journal and Louisville Times Co., and Mrs. Edison Dick, wife of a Chicago industrialist, are cochairman of the committee.

Archibald Alexander, Democratic national committeeman for New Jersey, will serve as director.

Stevenson, the only announced candidate for the Democratic nomination, told newsmen he was "reassured by the state of mind of the party" as he found it during last week's Democratic rally.

* * *

Asked if his use of the word "moderation" in his speech Saturday night wasn't contrary to former President Truman's "liberal progressive" view, Stevenson said:

"I hope mine was a liberal progressive program. It speaks for itself."

Stevenson, the 1952 Democratic nominee, told newsmen the committee was designed to reach voters who would not normally be reached through Democratic party organizations.

The committee said its job will be to coordinate state and local Stevenson volunteer groups and solicit "financial support."

Doctors Cancel All Home Visits for Indonesians

JAKARTA, Indonesia (AP)—Indonesia's overworked doctors are refusing to make calls at private homes, and the Provisional Parliament's Health Committee wants the government to punish them.

* * *

There are only 1,500 physicians in all the 3,000 islands of this republic with a population of 82 million. Doctor's offices are hopelessly jammed from dawn until midnight.

Physicians say they couldn't get out to a home needing medical assistance if they wanted to. So those who are ill must be transported to the crowded offices and wait for hours before they can be examined and get t r e a t m e n t. Scores of doctors even refuse to answer urgent telephone calls.

* * *

Now the health committee is considering proposals that government doctors refusing aid be denied promotion and that private doctors who fail to minister to the sick lose the right to practice.

Red China Warns Asia to Keep Out of Laos

TOKYO (AP)—Communist China today warned the southeast Asia treaty nations that intervention in any fighting in Laos, Indochina, "will not be tolerated by China and all peace-loving nations that support the Geneva agreements."

The Red radio, quoting an "observer" in the official Peiping People's Daily, attacked the United States and blamed the Laotian government for taking U. S. advice.

The dispute is over handling of remnants of the Pathet Lao Communist fighting forces.

BAKED ONIONS — As appetizing as they look, these stuffed Bermuda onions are baked in sharp cheddar cheese sauce. The tissue-paper whiteness of the onions contrasts prettily with the golden color of the sauce. They make a substantial, filling main dish.

Bake Meat-filled Onions in Creamy Cheese Sauce

The highly esteemed, versatile onion comes to the dinner table as the basis of the main course in this meat-vegetable combination.

* * *

Featured here are large onions filled with a meat loaf type stuffing over which is poured a nippy cheddar cheese sauce. To lend a pleasing fillip, Parmesan cheese is sprinkled on top.

For this dish, choose Bermuda onions, 3 to 4 inches in diameter. Take care not to boil them too long because the walls must remain firm.

To hollow out the onions for filling, cut around the centers with a sharp knife. Then scoop out the centers with a spoon. Leave walls about three-fourths - inch thick.

* * *

Baking the filled onions in a moderate oven cooks the meat and blends the flavors. Bermuda onions are not strong, but have a very mild and sweet flavor. So, a palatable combination here—onions and the ground beef mixture accented with sharp cheddar and Parmesan cheeses.

These baked onions are substantial and more filling than you think. Cheese, being rich in protein, contributes its share to making them so.

A Waldorf salad, or a citrus fruit salad, serves as a good and sufficient accompaniment.

Baked Onions in Cheese Sauce

4 large onions
2 tablespoons butter
½ teaspoon salt
⅛ teaspoon pepper
2 slices white bread soaked in water for a few seconds and squeezed dry
½ pound ground beef
1 egg yolk
1 teaspoon chopped parsley

Cheese Sauce
2 tablespoons butter
½ teaspoon salt
⅛ teaspoon pepper
2 tablespoons flour
1½ cups milk
2 cups sharp cheddar cheese, cubed
2 tablespoons grated Parmesan cheese

Peel onions. Boil in unsalted water for 8-10 minutes. Cool in cold water. Remove centers, leaving walls about three-fourths inch thick.

Chop onion centers and saute in butter. Combine salt, pepper, bread, ground beef, egg yolk, parsley and onion centers. Mix well and stuff onions, heaping the tops up slightly.

For cheese sauce, melt butter. Blend in salt, pepper and flour. Add milk gradually, mixing until smooth. Cook, stirring constantly until thick. Add cheese and stir until cheese is melted.

Put onions in baking dish. Pour cheese sauce over them and sprinkle with Parmesan cheese. Bake in a 350-degree preheated oven for 40-45 minutes or until meat filling is done.

Hot Spicy Cider Bewitches Guests

A witch's brew of hot spicy apple cider will be a welcome treat for any cool fall night. Cider is now about 59 to 69 cents a gallon.

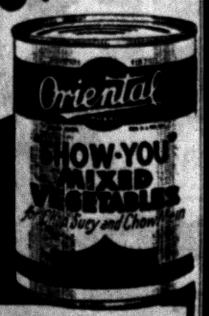

Hot Spicy Cider

1 qt. cider.
½ cup sugar.
2 whole allspice.
4 whole cloves.
1 stick of cinnamon.

1. Put spices in a cloth bag. Boil spices in cider five minutes.
2. Remove spices and add sugar.
3. Boil five more minutes. Serve hot.

Watch Baking Time

Watch the baking when you are making the sponge-cake base for a jelly roll. A cake that is left in the oven too long will be hard to take the paper lining from, will have edges that are too crisp.

Let Apples Be Your Teacher for Eating Pleasure

"An apple for the teacher . . ."

Everybody knows the old saying, but it is a wise idea to let apples be the teacher, once in a while!

* * *

Here is a handy guide to apples for you to clip and file for future reference. It tells you which of the fall and winter apples to use for cooking or for eating out-of-hand.

It is in the fall of the year that apples really come into their own. The Grimes Golden is an excellent cooking or dessert apple and is easily recognized by its clear deep yellow skin delicately flecked with pale yellow or russet dots.

The Jonathan is the main fall apple, good for all uses. It has a lively deep red color and fine white juicy flesh. The unripe green Wealthy is very good in pies and sauce, and when ripe and red is excellent for out-of-hand munching.

* * *

The Delicious, the McIntosh and the Winesap are the "big three" of the winter apples. These are red apples, though the Delicious and the Winesap are generally deeper-toned than the carmine McIntosh.

The Delicious is primarily an eating apple. Its crisp white flesh and aromatic flavor gave it its name. The Winesap is a good, all-purpose apple and it keeps very well.

The McIntosh is a good eating apple. It cooks well, but care should be taken as it cooks more rapidly than other apples. The Golden Deicious is a prime selection for salads as it does not turn brown as some other apples do. It also cooks well.

Thhe Baldwin is an exceptionally good pie apple. The Cortland, like the Golden Delicious does not brown when exposed to air. This makes it especially good for salads and fruit cocktails, but it is also good for hand eating and cooking.

* * *

The York Imperial, light red and dotted with russet, is an excellent baker as it holds its shape and flavor well. The Rome Beauty, a red and yellow apple, is the premier baker.

The Rhode Island Greening, yellowish-green as its name implies, is predominatly a cooking apple, extra good for pies, sauce or baking.

SAUSAGE-STUFFED APPLES — For a delicious supper main dish or a hearty brunch try this different way of serving baked apples. Link sausage and soft bread crumbs are combined to fill the apple cavities before baking.

Sausage-Stuffed Baked Apples

6 large baking apples
1 pound sausage links
⅓ cup hot water
1 cup soft bread crumbs
2 tablespoons sausage fat

Wash and core apples, being careful not to cut thrugh the blossom end. Scoop out apple to within one-half-inch of the skin. In the meantime, brown sausage on all sides and crumble. (Save 2 tablespoons of the sausage fat;. Mix with the scooped-out apple pulp and pile into apples.

Place in a 10x5x2-inch baking dish. Pour hot water around apples. Cover with aluminum foil. Bake 20 minutes. Remove cover and baste with the hot water that is in the dish.

Mix bread crumbs with sausage fat and sprinkle over apples. Continue to bake, uncovered, until tender, 15 to 20 minutes. Yield: Six servings.

Ripen in Cool Room

Remember the long line of tomatoes you used to see ripening on the sills of farm-kitchen windows? Experts say giving tomatoes sunlight to ripen them isn't good practice; they recommend, instead, that the tomatoes be spread out in

Making cupcakes? Grease and flour just the bottoms of the little pans so batter won't run over.

Aramburu Uses Military to Weaken Strike Threats

By BRUCE HENDERSON

BUENOS AIRES (AP)—The 10-day-old Argentine provisional government of Maj. Gen. Pedro Aramburu moved swiftly today to meet a second threat by Peronista labor leaders. Troops moved out of their barracks to guarantee the "freedom to work," the government said.

* * *

The government warned both labor and management to keep the peace or be punished for "grave sabotage against the liberating revolution" that toppled Juan D. Peron from 10 years of dictatorship.

STRIKES LOOMING

Unofficial reports said the old Peronista labor leadership, which appeared to have been discredited thoroughly last week when the government faced down an unsuccessful general strike, had furtively ordered another general walkout "in principle."

Other reports said railroad, metal and textile workers were threatening to strike.

An anti-peronista labor leader, quoted in the Argentine press, said a strike "in principle" apparently would be a war of nerves designed to promote unrest among the people and thereby undermine the government.

* * *

This source said the workers would be in a technical state of strike even though staying at their jobs. But at a nod from their union leader—presumably acting on higher orders—they would drop their tools and walk out.

In the Panama capital, a spokesman for Peron said he had no comment.

Pastor, Brother Save 6 Children

Rescue Their Families as Blaze Razes Home and Church

OKLAHOMA CITY (AP) — An alert Assembly of God minister and his brother were credited today with saving the lives of their six small children when a fire of undetermined origin destroyed their church and home in the northwest part of the city.

* * *

The Rev. T. C. Hurley said he was awakened before midnight and discovered the living quarters, located above the church, in flames.

"I jumped out the window and shouted for my brother to throw my wife and children out," the minister said. He sprained his hip in the fall.

* * *

W. A. Hurley grabbed his own son Clyde, 6, and the minister's daughter Sue and tossed them out the window to the minister. He next gathered the other children, ranging in age from 2 to 10, and threw them to the minister just before flames swept through the second floor of the building.

The church, known as the Oneness Church of Jesus Christ, was destroyed. There was no immediate estimate of damage.

Birmingham Resident Placed on Probation

After admitting to indecent conduct Nov. 15, William H. Pitcock, 59, of 947 Bennaville, Birmingham, yesterday was placed on two-year probation and assessed $100 court costs by Oakland County Circuit Judge George B. Hartrick.

Pitcock pleaded guilty to making improper advances to a 17-year-old girl July 14 in Birmingham.

Susanne Helps Mother Cook

Mrs. M. H. Bank Shares Holiday Preparations With Young Daughter

By JANET ODELL
Pontiac Press Home Editor

Thursday, families all over the nation will gather around the festive board for the yearly Thanksgiving feast. In Pontiac as elsewhere, mothers are busy this week getting ready for the big day.

Mrs. Milton H. Bank of Franklin Boulevard is no exception to the above. When we saw her Monday morning, she was busy making pies for the holiday feast. Vitally interested in all that was going on was the Banks' fifteen months old daughter, Susanne.

Susie's interest was appreciated, but the quality of her help was questionable. Mrs. Bank was cutting out pastry turkeys to bake for the top of her luscious looking little pumpkin tarts. Susie wanted to play with the little roller that "pinks" pie dough.

Although Milton Jr. will not be able to get home from the Naval Academy at Annapolis for Thanksgiving, the rest of the family will sit down to a traditional dinner. There are three boys at home in addition to Susanne. They will have "turkey and all the fixin's," says Mrs. Bank.

"The fixin's" include sweet potatoes and marshmallows in a casserole, broccoli with hollandaise sauce, cranberries and pumpkin pie. Mrs. Bank stuffs the turkey with a simple sage-seasoned bread dressing.

Mrs. Bank had no special recipes to give us for her Thanksgiving dishes. She did, however, share some of her choice coffee bread recipes with us. Making bread and coffee cake is an old story to this homemaker; she'll been making bread since she was eight years old.

This recipe for kuchen dough makes an unusual tasting bread that you may bake in the form of sweet rolls or as one large coffee cake. The saffron gives it both an unusual flavor and an attractive color. You may use this recipe, with or without the saffron, for any of your holiday sweet breads.

KUCHEN DOUGH
By Mrs. Milton H. Bank

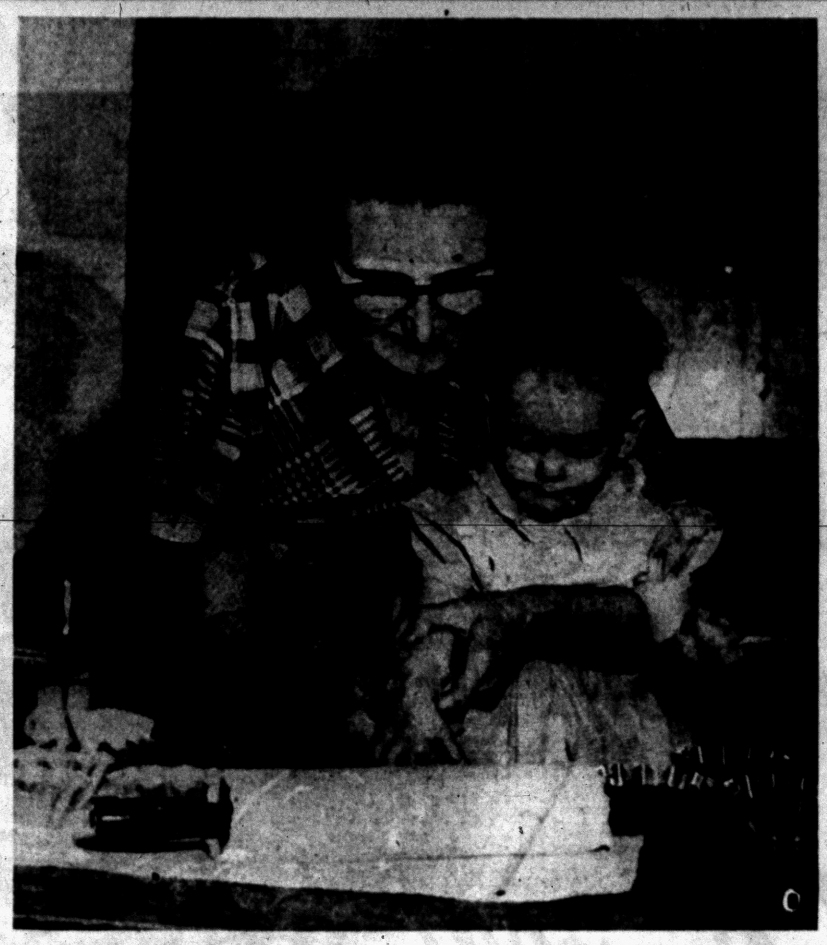

4 egg yolks
1 cake yeast
2 cups milk
½ cup sugar
½ cup melted butter
Flour
½ ounce saffron
Salt

Scald milk. Place saffron in a strainer and pour ½ cup of milk over it. Let the strainer rest in the milk a few minutes, then gradually add the rest of the scalded milk. Let stand five minutes. Discard the saffron. Let milk cool to lukewarm.

Dissolve the yeast in ½ cup lukewarm milk and 1 teaspoon sugar. Beat egg yolks, add rest of milk, salt, sugar and melted butter. Add yeast and gradually add the flour to make a stiff dough.

Stir with a spoon until dough leaves the side of the bowl and is smooth. Add 1 cup candied fruit at this time, if desired. Knead for a few minutes in order to distribute the fruit evenly.

Cover, set in a warm place and let rise until double. Shape into desired forms and bake at 325 degrees. Frost with a confectioners' sugar icing and decorate as desired.

MOTHER'S LITTLE HELPER—Little Susanne Bank has a share in getting ready for Thanksgiving dinner. Perched high on a stool, she lends a hand when Mother, Mrs. Milton H. Bank, cuts out pastry turkeys to decorate pumpkin tarts. Susanne is fifteen months old.

Thief Drives Away in Diplomatic Auto

LOS ANGELES (AP) — There's a car thief in Los Angeles who has no regard for diplomatic relations.

* * *

A consular limousine, bearing diplomatic license tags, was stolen yesterday while the user, Mrs. Ramon Magsaysay, first lady of the Philippines, was doing her Christmas shopping.

* * *

The driver, Venancio Bagnol, a member of the Philippine consular staff here, told police he parked the car and then went into a downtown department store to help Mrs. Magsaysay carry out packages.

When they looked for the car it was gone.

Gas Station Breakin Brings Probation, Costs

Phillip Selensky, 17, of 21112 McClung, Detroit, yesterday was placed on two-year probation and assessed $100 court costs by Oakland County Circuit Judge George B. Hartrick.

Selensky admitted Nov. 7 to breaking into a gas station Oct. 15 at 1508 S. Woodward, Royal Oak, and taking $35.

Gambler Jailed, Fined

DETROIT (AP) — Russell Trilck Sr., 48, was jailed Monday for 60 days, fined $1,000 and placed on two years probation after pleading guilty to operatnig a gambling house. He was sentenced by Recorder's Judge O. Z. Ide.

Indiana Shunning Perfect Circle 'War'

NEW CASTLE, Ind. (AP) — The governor's office and the Henry County sheriff were keeping hands off today after four Perfect Circle Corp. nonstrikers and a neighbor of a fifth reported windows shattered by shotgun blasts.

No one was injured by any of the shots.

* * *

Gov. George Craig's executive secretary, Horace M. Coats, conferred with Adj. Gen. Harold A. Doherty at Indianapolis and then announced the window-breaking incidents "don't justify any emergency action by the state."

The National Guard pulled out its last patrol last week but left an observer team in the city and kept one company on alert for possible duty. The guard had moved into New Castle Oct. 6, a day after a riot in which eight strikers and nonstrikers were wounded.

100 Families Flooded

BOGOTA, Colombia (AP) — Two days of torrential rains have flooded out more than 100 families in poorer suburban areas of Bogota. Heavy agricultural damage was reported in other areas, particularly around Magangue and El Banco on the overflowing Magdalena River.

Teenage Girls Are Likely to Forget That Proper Nutrition Is Beauty Aid

Most teenage girls are concerned with their looks. It is an age of growing consciousness of skin, hair and figure. It is strange that so many young women ignore one of the important influences: The effect of the food they eat on their health and appearance.

* * *

Guided by parents in eating habits from infancy, many a girl reaches the age when she feels independent and changes many of her habits, including her diet, to conform with her "gang."

This is the time when she is apt to slight milk, a food that is most necessary to her health and well being. She should realize that milk in sufficient amounts in her diet is an important food to help acquire the flow of health and beauty she seeks so much.

The food nutrients of milk are important for maintainance of healthy fingernails, teeth, hair and skin beauty. The idea that milk is fattening has been exploded. It is a very important part of all sensible reducing diets.

* * *

During the teen years, girls need milk not only for their own good health during this rapid growth period age, but for the future, when marriage and a family will be the important factors in her life.

To feel better, look better and play better, teenagers should make certain they get these foods each day:

Dairy Foods—Milk, Ice Cream, Cheese Butter
Four or more glasses of milk each day. Also milk combined with other foods, and in cheese and ice cream. Two or more tablespoons butter daily for food value and flavor.

Vegetables
Two or more servings daily plus potato; one green or yellow. Have "greens" often.

Fruits
Two or more servings daily; at least one raw; citrus fruit or tomato daily.

Protein Foods
Eggs, Meat, Fish, Poultry, Cheese
One or more servings daily. (Dried beans, peas peanut butter or nuts sometimes.

Cereals and Breads
Two or more servings daily. Use whole grain or enriched products; bread made with milk.

Other Foods
To satisfy appetite and complete growth and activity needs.

Use Leftover Rice in Healthful Pudding

Use leftover cooked rice in this nutritious pudding.

Raisin Rice Custard

2 eggs.
⅓ cup sugar.
¼ teaspoon nutmeg.
¼ teaspoon salt.
½ teaspoon vanilla.
2 cups milk (scalded).
1 cup cooked rice.
½ cup raisins (rinsed in hot water and drained).

Beat eggs enough to combine yolks and whites. Add sugar, nutmeg, salt and vanilla; beat at once until well blended.

Gradually stir in hot milk, then rice and raisins. Pour into 1 to 1½ quart baking dish.

Place in a pan of hot water and bake in moderate (350 degrees) oven one hour or until set. Makes four to six servings.

Leg of Lamb Versatile

If you buy a full-cut leg of lamb you can have it cut into lamb steaks, lamb roast, and chunks of meat for lamb stew. Or the chunks of lamb may be used for skewer-broiling instead of for stew.

French Airmen Confused Over Their U.S. Diet

PARIS (INS)—Mademoiselle is finding her French flying hero with a new "figure and fitness." He's on an American diet.

* * *

French Air Force flight surgeons at Reims Marin La Meslee Air Base have thrown out the traditional breakfast — coffee and bread and little more — for officers.

* * *

They have cut into the old ritual of an "aperitif" before meals and another liquere with coffee.

Jolting the French military is an updated Napoleonic adage that an army marches, works or flies on its stomach. The traditional bean staple, coffee breakfast diet "may have been suitable in Napoleon's time," said one surgeon, "but not in this jet age."

* * *

"You can't change long-ingrained habits overnight," said another surgeon, "especially when these are based on the traditional eating habits of a great majority of the civilian population."

BEAN MIX-UP

Besides that, the procurement officers for enlisted staples said he would be faced with a real problem — what to do with the beans.

Already the officers mess at the home of the French Third Fighter-Bomber Wing, a component of the North Atlantic Treaty Organization, serves breakfast American style: fruit and vegetable juices, cereal and ham and eggs.

Menus for pilots — many U. S. trained — of F84F Thunderstreak jets have been revised to contain fewer starchy potatoes, beans and bread. Meat servings have been increased with salads and fruit "must" items every day.

* * *

Although red wine, a government issue item, remains standard at meals, both the "apertif" and liquere have been slowly canceled.

"The change has done wonders to the figures and fitness of our pilots. I am sure it would have the same beneficial effect on our enlisted men," said a medic.

But it would cost a lot to improve the enlisted man's diet. And when the medics tried to reduce the amount of beans in the enlisted men's diet, a surgeon reported, the procurement officer asked: "What am I going to do with the beans I have in storage?"

* * *

The surgeon suggested he suspend purchase of beans to cut down the stocks gradually. The supply officer answered in horror:

"Regulations require the supply of beans on hand always be kept at a specific level. Any change in existing practices will throw the whole procurement and supply system out of joint. It's been that way since I was a lieutenant and I don't intend making any changes."

Crisler, Bennie Send Apologies to Ohio State

ANN ARBOR (AP)—University of Michigan has expressed "regret" over rowdyism that developed in the dying minutes of the Michigan-Ohio State football game Saturday and has apologized to OSU.

Michigan coach Bennie Oosterbaan issued the statement of "regret," athletic director Fritz Crisler wrote Ohio State an apology.

Oosterbaan's statement said:

"Michigan regrets very deeply the events which occurred in the final minutes of the Ohio State game. The players ejected from the game—not for any physical act—but for arguing with the officials, have apologized to their teammates and to the coaches, and they wish to express their deep regrets to the Michigan family.

"We have always had great pride in our record of sportsmanship, and I believe justifiably so. You may be sure every effort will be made to see that nothing like this occurs again."

Crisler said in letters to Howard L. Bevis, president of Ohio State, and athletic director Dick Larkins:

"We owe you and your institution an apology for the untimely conduct of one or two Michigan players in the game last Saturday.

"I want you to know that we deplore the unharnessed display of emotion which has no place in the relationship between Ohio State and the University of Michigan.

"Permit me to congratulate you on Ohio State's fine victory. Your team defeated us fairly and squarely and I want to congratulate you further and compliment you on winning the conference championship which your boys so richly deserved.

"Rest assured we will exert every effort to prevent any recurrence of this incident."

The 17-0 loss cost Michigan the Big Ten championship and a trip to the Rose Bowl game.

It gave the championship to Ohio State and the Rose Bowl bid to bitter rival Michigan State. Ohio went to Pasadena last New Year's. Conference rules prevent the same team returning in successive years.

End Ron Kramer and tackle Al Sigman of Michigan were expelled from the game, following a flurry of penalties in the last three minutes.

Uclans Happy as Bowl Trip Now Official

Bruins Named to Play MSU; Sanders Warns of Spartan Prowess

LOS ANGELES (AP) — Happy over the formal selection of the UCLA football team to represent the Pacific Coast Conference against Michigan State in the Rose Bowl, Bruin students staged an impromptu celebration on the campus in the rain today.

But head coach Henry R. (Red) Sanders contributed a cautioning note when he observed:

Michigan State may well be the best team in the nation. I saw them twice on television this season and they were the most impressive team I saw all year.

"It will take our best effort to stay in there with them."

Sanders intimated that Michigan might have presented slightly less of a problem for his PCC champions, but he insisted "we'd rather play the best."

Most Coast observers, whether they would admit it or not, also felt that the coast representative might have had a better chance of winning in the bowl against the Big Ten if Michigan had won the bid.

Ohio-Michigan Clash Called Game of Week

Cassady Honored 2nd Straight Time; Hayes and Wilkinson Tie

NEW YORK (INS) — Ohio State's crushing defeat of Michigan not only was The Game Of The Week in the eyes of International News Service's grid experts but produced the player and coach of the week as well.

The INS panel today singled out Ohio State's 17-0 ruination of Michigan's Rose Bowl dreams as more exciting and significant than even such counter-attractions as Notre Dame's come-from-behind, 17-14 victory over Iowa, UCLA's 17-7 conquest of Southern Cal., Syracuse's 20-13 hacing of West Virginia and the 7-7 tie of Illinois by winless Northwestern.

For the 1st time this year a player was elected a 2nd time and the balloting was split down the line for a coach of the week.

Seven days after he was so honored for his brilliant performance aginst Iowa, Buckeye All-America halfback Howard (Hop-Along) Cassady received the player of the week designation again.

The experts also singled out these other "best of the week" performances:

Coach of the week — Woody Hayes of Ohio State and Bud Wilkinson of Oklahoma.

Play of the week—Notre Dame's 17-14 victory over Iowa on Paul Hornung's 28-yard field goal with two minutes, 15 seconds remaining.

Colorado A&M Packs Skyline All-Star Team

Halfback Gary Glick Among Three Aggies on First Team

DENVER, Nov. 22 (AP)—Talented halfback Gary Glick and two teammates who've kept Colorado A&M in front this season were picked today by The Associated Press on the Skyline Conference All-Star team.

* * *

Other A&M players on the honor team are center Bob Weber, the only junior to make the grade, and guard Dan Mirich. The Aggies, already assured of at least a tie for the championship, were the only team represented by three players. Except for Weber, all the honored players are seniors.

Second-place Wyoming landed quarterback Joe Mastrogiovanni, a standout for the past three seasons, and Clarence (Bugs) Carter, picked for the second successive year at end.

* * *

Third-place Utah is represented by its two hard-running senior backs, Herb Nakken and Lou Mele.

Denver's fourth-place Pioneers have two repeaters from last year in end Larry Ross and tackle Ed Horvat.

Other first stringers are tackle Reed Henderson of Utah State and guard Doug Dasinger of Montana. New Mexico and Brigham Young, which have yet to win a league game this season, failed to land a player on the first team. Their leading candidates were guards — Jay Weenig of BYU and Jerry Nesbitt of New Mexico, who were picked on the second team.

The closest choice was at quarterback where Mastrogiovanni edged Jimmy Bowen of Denver, who was named on the second team. Mastrogiovanni was given the nod on the strength of his versatility including place-kicking, blocking, running, passing and defensive ability.

* * *

Clear standouts in the selection were Glick, Ross, Horvat, Carter and Weber. Glick was especially valuable to A&M in its 1-point victories over Wyoming and Denver. He also sparkled with individual scoring bursts against Oklahoma A&M, Brigham Young and others.

'Powerless,' Says Ref of UM-OSU Riot

DETROIT (AP)—Referee Tony Skover, who officiated Saturday's wild game between Michigan and Ohio State, said Monday he and four other officials were powerless to control the players during the last two minutes of the game.

Skover said he and the other officials did everything allowed by the rules to keep order, including the assessment of penalties and the ejection of two Michigan players—tackle Al Sigman and end Ron Kramer.

Skover said the last two minutes were the most out-of-hand he had ever seen in a Big Ten game.

He refused to say why Sigman and Kramer were banished. From the press box it appeared that the two Wolverine linemen were protesting too vigorously one of the officials' calls.

Bears Experimented at Quarterback and Found Ed Brown; Unbeaten Since

CHICAGO (AP) — The Chicago Bears, winners of six straight games, are described as a "team of stars" and one that is beginning to glitter is an unheralded quarterback named Ed Brown.

* * *

Not until this 27-year-old former San Francisco University ace took the reins did the Bears begin moving to what appears a possible Western Conference title in the National Football League.

After dropping their first three games of the year while experimenting at quarterback, the Bears gave Brown the job and they've no cause for regret.

Owner-Coach George Halas refuses to single out any one player for credit in the Bear drive.

* * *

"We're not a team with one star, or two or three," says Halas. "We are a team of stars—a unit."

Nevertheless, Brown is beginning to gain stature in the Bear scheme despite the "team of stars."

An all-around player, Brown does not rely on any single phase of the game.

"I never pass unless I have to," says Brown. "with our running and blocking we're not called upon to do much passing."

* * *

Brown, however, had to pass Sunday when the Bears came from behind to whip Detroit, 24-14, and take over the division lead.

Trailing 14-10, in the second half, Brown whipped a pair of touchdown passes to seal the victory. Against Detroit, Brown connected on 15 of 18 pass attempts for 221 yards and 3 touchdowns.

To date he has completed 79 of 136 attempts for 1,237 yards and 8 touchdowns.

* * *

In addition to his passing prowess, Brown is a dangerous runner having carried 34 times for 182 yards, a 5.4 average. He has also scored two touchdowns.

Brown says he has no "special target" in passing and "all of our receivers are good."

* * *

But statistics show that end Harlon Hill is either favored or that he breaks out into the open more often. Hill has snared 5 of Brown's payoff tosses. End Bill McColl has 2 and end Gene Schroeder 1.

Howe Moving in for 5th Straight Scoring Crown

MONTREAL (AP) — Gordie Howe of the Detroit Red Wings is making his move to recapture the National Hockey League's Art Ross Trophy for scoring.

Howe, who won the coveted trophy four straight years from 1950-1954, moved into 3rd place last week by tallying four goals and one assist for 20 points on 10 goals and 10 assists.

Jean Beliveau, center for the league-leading Montreal Canadiens, continues to hold down the top spot with 24 points on 11 goals and 13 assists.

The league's leading playmaker, Bert Olmstead of the Canadiens, moved into 2nd spot with 22 points on only five goals and 17 assists.

Montreal's Maurice (The Rocket) Richard follows Howe with 19 points and Dave Creighton of the New York Rangers rounds out the top five with 18 points.

Beliveau, Richard and Ted Lindsay of the Red Wings are the leading goal scorers, each with 11.

Macques Plante of Montreal is still the top goalie with a fine goals-against average of only 1.50. He has been scored on 30 times in 20 games. Terry Sawchuk of the Boston Bruins and Glen Hall of Detroit are tied on averages for 2nd with 2.05.

Blues Recruit for Gray Tilt

Three Linemen Are First of 24 Players for North Squad

MONTGOMERY, Ala. (AP)— Yankee strategists have gotten off to a fast start in their recruiting drive for the Blue-Gray football game by signing two Missouri linemen and a rugged Minnesota end.

Missouri tackle Al Portney, 6-1 and 221 pounds, was picked today by the North for the annual renewal of the intersectional gridiron rivalry here Dec. 31.

Missouri end Harold Burnine, leading the nation in pass receiving with 39 catches for 518 yards in nine games, was signed yesterday together with Franz Koeneke of Minnesota, a 220-pound flankman.

Koeneke and Burnine were the first two members of the 24-man Blue squad to be chosen. The South has already picked 22 members of its platoon.

Indian Outfielder 'Man-of-the-Year'

CLEVELAND (AP) — Cleveland baseball writers yesterday picked outfielder Al Smith as the Cleveland Indians "Man of the Year."

Relief hurler Ray Narleski also was considered for the award for his 9-1 record, his 20-odd games-saved and his 59 relief appearances.

But Smith won the nod because in addition to his fine offensive and defensive contributions, he appeared in every game and played six different positions in the infield and outfield.

Smith will receive a plaque at the Baseball writers' annual Ribs and Roast Dinner Jan. 30.

Olympic Games Plans Well on Way to Finish

MELBOURNE (INS)—Australian prime minister Robert Menzies declared today, one year before the 1956 Olympic games get under way, that Melbourne "will be ready."

Menzies, in a progress report issued by the government information bureau said Australia will present the games "in accordance with the high standards set by past host cities." He stated:

"No one need have any fears about how Melbourne will present the games. With a year to go, preparations are well on the way to completion."

Recalling that all previous Olympiads had been held in Europe or the U. S., Menzies pointed out that the "Olympic movement now has become a great world force embracing 87 nations."

Davis Cup Challenge Round in Australia

MELBOURNE (AP) — The Davis Cup challenge round will be held in Adelaide on Dec. 26, 27, 28, 1956, it was decided by eight votes to four at a meeting of the Australian Lawn Tennis Assn.

The meeting was told that provision would be made to accommodate 17,000 spectators.

Australia regained the Davis Cup from the United States by 5-0 at Forest Hills, N. Y., last August.

Marciano Wanted for Match in LA

LOS ANGELES (AP)—Matchmaker McCoy of the Olympic Auditorium says he is negotiating for heavyweight champion Rocky Marciano to meet the winner of the Floyd-Patterson-Jimmy Slade fight.

Marciano's manager will be in Los Angeles Friday and told McCoy he will discuss the matter.

Nine sections of New Mexico once had active volcanoes and U.S. highways 66 and 380 both cross large lava flow deposits.

Weight Entry Holds

Racks and Heads Get Deer Derby Attention

Still holding the lead in the weight division of the Pontiac Press deer contest is the 260 pound, 14 point buck entered by Wilfred A. Bird.

With no other hunters as yet able to match this weight, rack and head divisions of the contest have been getting the attention.

Seven rack and two head entries were turned in over the weekend as many hunters were returning from their trips.

Among the front runners in the rack divisions are the entries of Clair Newkirk, 4480 Sedum Glen, Pontiac; Russell Zubrick, 6400 Elizabeth Lake road, Pontiac; and Francis O'Connor, 288 Fisher, Pontiac.

Newkirk bagged his 12 point buck in Mackinac county, the same county where Bird got his 260 pounder. He has brought home a deer from the same area near Hessel, Mich., for the past three years.

Zubrick got his eight pointer near Rose City in Ogemaw County and O'Connor bagged his 10 point buck about 20 miles north of Newberry, Mich.

All racks had closely paralleled beams with closely balanced points and were in good proportion to the head.

Jack Noskey, 24, of 6424 Barker Street, Pontiac, failed to come back with a deer last week, but instead he brought back a 200 pound bear.

Noskey, who has been hunting since he was nine years old, bagged the bear near Shingleton in Schoolcraft county. It was the first bear he ever got.

13th Ranked Panthers Get Sugar Bowl Bid; First for Pittsburgh Since Rose Bowl of 1937

NEW ORLEANS (AP)—Pittsburgh, shunted from football bowls for 19 years, will flaunt its revitalized power in the 1956 Sugar Bowl Jan. 2.

Pitt, ranked No. 13 in the nation by this week's Associated Press poll, has a 7-3 record. Defeats have been at the hands of top-ranking teams.

* * *

Fred Digby, general manager of the Sugar Bowl Committee, announced Pitt's selection today. He said the Panthers' opponent will be either Georgia Tech, Auburn, Vanderbilt or Mississippi.

That will be decided, Digby said, after the four Southeastern Conference teams play their final games Saturday.

Pitt's substitute fullback, Bob Grier, if he is sent into the game by Coach Johnny Michelosen, will be the first Negro to play in the Sugar Bowl.

* * *

Digby said the invitation to Pitt was made "without conditions."

The Panthers closed their season last Saturday with a convincing 20-0 victory over Penn State. Pitt conquerors include Oklahoma, No. 1 team in the nation, Navy, No. 11, and Miami of Florida, No. 14.

* * *

Pitt's victims have been California, Syracuse, Nebraska, Duke, Virginia, West Virginia and Penn State. The 26-7 victory over Duke came a week after the Blue Devils upset Ohio State, the Big 10 champions. Pitt's 26-7 victory over West Virginia knocked the team out of the undefeated class and the Sugar Bowl picture.

In its last bowl appearance, Pitt routed Washington 21-0 in the 1937 Rose Bowl.

* * *

Since then Pitt has not been able to build another powerhouse. This year's 7-3 mark is Pitt's best since 1938, when the Panthers won 8 and lost 2.

Michelosen mainly uses the split-T offense although the traditional Pitt single-wing pops up frequently. The late Jock Sutherland, who brought Pitt to national prominence in the '30s, long favored the powerful single wing.

* * *

Quarterback Conrad (Corny) Salvaterra is the key man on Michelosen's split-T offense. Against Penn State, Salvaterra reeled off one off-tackle thrust for 62 yards and a score.

White Sox Name Miller Farm Boss

CHICAGO (AP)—Glen C. Miller today was named farm director of the Chicago White Sox after serving five years as assistant under John Rigney.

Rigney recently was elevated from farm director to a vice president.

Miller, 48, has been active in baseball since 1937 when he started as a scout for the Milwaukee Brewers of the American Assn. in Wisconsin and served for eight years.

Cards' Top Rookie Comes to '56 Terms

ST. LOUIS (AP)—Bill Virdon, a top Rookie of the Year candidate in the National League, is the first member of the St. Louis Cardinals to come to terms for 1956.

Terms were not disclosed, but the West Plains, Mo., outfielder reportedly received about $10,000 in the contract signed yesterday, a sizeable increase over his rookie salary.

MSU Takes Fitting Bows at Rose Scented Dinner

EAST LANSING (AP) — Michigan State is enjoying the Roses.

The State's Spartans, picked to go to the Rose Bowl again after Ohio State eliminated Michigan, are in a frantic flurry of preparation.

The annual dinner for the football team was held last night with an overflow crowd of well wishers in attendance.

"No one mentioned Michigan State before the season started," said MSU president Dr. John A. Hannah, "you surprised the athletic world. No one could have planned a more fitting climax to our centennial year."

Team captain and guard Carl (Buck) Nystrom, of Marquette was voted "most valuable player" by his teammates.

Gov. Williams gave him the engraved watch.

For the 1st time, the governor's wife, Nancy, wearing a state-green gown, attended with older son Gary. They were introduced as rabid State fans although Williams admitted he attended Michigan.

The oilcan award, for the team humorist, went to guard Embry Robinson, now a senior who kicked off for State in their 1st Rose Bowl game.

The 44-man traveling team will leave Lansing for the West Coast by plane Dec. 16. Rest of the regulars will travel out with the Spartan marching band Dec. 26.

To obtain tickets the average fan, applying for two, should send a money order for $12.48 to the Michigan State Athletic Office. This will cover $5.99 each for the two tickets and a 50-cent service charge to cover insurance, handling and mail.

Third Best Record for Fire Control

LANSING (AP)—Despite the hot, dry weather last summer, Michigan set its 3rd best record for forest fire control this year.

The state conservation department said 1,151 fires damaged 7,204 acres of forest and grass land. This was bettered only in 1954 and 1951.

The deparement credited a "more fire-conscious public" and improved fire fighting techniques for the low loss.

Cubs to Invite 20 to Initial Drills

CHICAGO (AP)—The Chicago Cubs will invite 20 players to attend the opening of their 1956 spring training camp at Mesa, Ariz., Feb. 20.

If all accept the invitations for early training, the group will include eight pitchers, six infielders, three catchers and three outfielders. Most will be rookies.

Another 12 players, including the other nine pitchers on the Cub roster, will be invited Feb. 26 with the remainder of the squad reporting March 1, the official opening day.

Davis Is Underdog Against Cisco Kid

HOLLYWOOD (AP)—Young Kenny Davis of Los Angeles faces the best chance he's had in the ring tonight but the odds are against him to whip nationally ranked Cisco Andrade of neighboring Compton in a 10-round fight at the Hollywood Legion Stadium.

The 24-year-old 1951-52 Golden Gloves champion is a decided underdog against the Cisco Kid, 25, rated No. 4 among the nation's lightweights.

Al Kircher Fired by WSC

PULLMAN, Wash. (AP) — Alton Kircher, a "nice guy" who couldn't win, was fired as football coach at Washington State College last night after four years of trying.

He had another season to go on a $12,500-a-year contract but WSC said it is buying him out and will take its time picking a successor. He had a poor 1-7-2 record this fall.

Kircher's two chief assistants, Dale Gentry and Mike Scarry, were also let out. Dan Stavely, the freshman coach, will stay on.

"I don't know what I'll do," Kircher said. "I don't even know whether I'll stick with coaching anymore."

Even before the firing, there was a string of sugested replacements. They ranged from Ray Hobbs, coach of the unbeaten local high school team, to Johnny Lujack, an assistant with the Chicago Bears. Almost ever successful prep coach in the state has been mentioned.

* * *

Stan Bates, the WSC athletic director, said nothing has been done about a new staff.

* * *

Kircher, who got the job here in 1952 by popular demand when Forest Evashevski quit to go to Iowa, was a man everybody liked but in four seasons he never had a winning team.

* * *

He came here as an assistant to Evashevski and was regarded as his chief strategist. Together they had a fine 7-3 record at WSC in 1951. Alone, Kircher was 4-6 for three years running, then 1-7-2.

* * *

He junked the single wing and went into a split-T offense this season. It seldom worked and the Cougars were thumped 50-12 by USC, 13-0 by Kansas, 55-0 by UCLA, 14-7 by Oregon State, 30-0 by College of the Pacific, 35-0 by Oregon and 27-7 by Washington. They managed to tie San Jose and California and beat Idaho 9-0.

Alumni discontent grew weekly but there were few if any personal words against Kircher.

* * *

"It was a hard decision to release a perfect gentleman like Al Kircher," said a WSC statement on the discharge. "However, we believe circumstances dictate that we employ a new football coaching staff."

* * *

President C. Clement French said the decision to relieve Kircher was made on Bates' recomendation.

Unusually Active Season Looms for PWBA Keglers

This will be an unusually busy year for women bowlers in the Pontiac area, according to Peggy Bender, secretary of the Pontiac Women's Bowling Association.

Five tournaments of local, state and national interest will be open to area keglers during the coming season, commencing with the 30th annual Michigan Women's state tournament at Port Huron, which starts Saturday, Jan. 14, 1956. Reservations close Nov. 19 and entries close Nov. 26 of this year.

Two tourneys begin competition Feb. 4, 1956. The Michigan State Elks Ladies event is scheduled at Muskegon, with Dec. 17 the deadline for entries. The 18th annual CYO Catholic Women's tourney will be held in Detroit, with entries locking up Jan. 21.

The PWBA's 23rd annual city tournament will be held at the Huron Bowl beginning March 3. Entries close Jan. 28.

Highlight of the season, the annual Women's International bowling Congress tournament, starts April 19 at Miami, Florida. Team competition is slated in three classes—751 and ove, 651 to 750, and 650 and under. Reservations close Dec. 30, entries close Feb. 20.

These tournaments are all sanctioned by the WIBC. For entries or further information, call either FEderal 5-5343, or FEderal 2-5344.

Spartans Impress Pollsters, Win 2nd Place

By THE ASSOCIATED PRESS

With only one week of the season remaining, Oklahoma has a firm grip on first place among the nation's college football powerhouses today and a good chance of repeating its 1950 national championship.

* * *

The Sooners, who boast the longest major college winning streak, 28 in a row, were so far ahead in the next-to-last Associated Press poll of the season that most interest centered on the battle for second place between Michigan State and Maryland.

* * *

Oklahoma was No. 1 on the ballot of 114 of the 209 sports writers and broadcasters, piling up a total of 1,889 points. Michigan State squeezed past Maryland into second place by a bare six points, 1,689 to 1,683. Points were awarded on the usual basis of 10 for first, 9 for second, etc.

The voters apparently were more impressed by State's 33-0 rout of Marquette than by Maryland's performance in beating George Washington 19-0. Maryland, the early season leader, had been second and Michigan State third a week ago.

Both teams have concluded their seasons, although Maryland will meet Oklahoma in the Orange Bowl and State will play UCLA, No. 4, in the Rose Bowl.

* * *

Oklahoma is expected to wrap up victory No. 29 and its second perfect season in a row against so-so Oklahoma A&M Saturday. Several other members of the top 10, Notably Georgia Tech and Auburn, will be gunning for bowl bids as well as a higher spot in the rankings.

Tech, No. 9, goes against the University of Georgia and Auburn, a newcomer at No. 10, meets Alabama.

* * *

UCLA, which moved past Notre Dame after a workmanlike 17-7 victory over Southern California, also has concluded its schedule. The Irish, who had to battle to pull out a 17-14 win over Iowa, get a chance to grab the No. 4 position back this week against that same Southern California club.

Ohio State, the 1954 national champion, placed sixth behind Notre Dame after winding up its operations for the year with a 17-0 victory over Michigan.

* * *

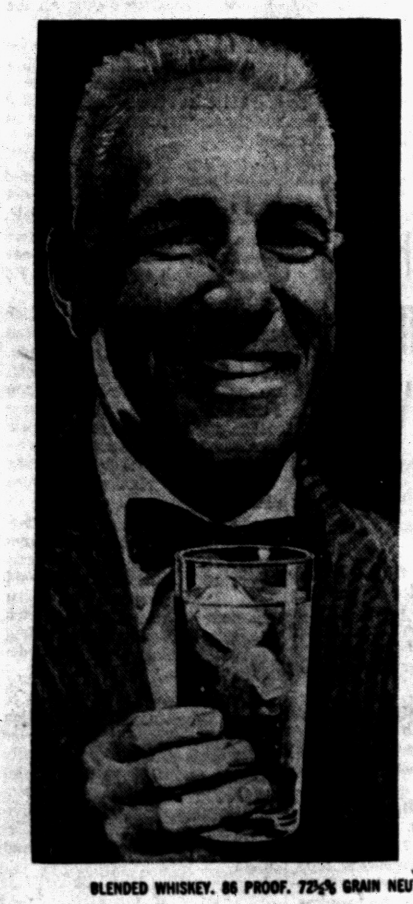

Michigan, sixth a week ago, fell to the No. 12 spot and Ohio climbed three notches from ninth.

Texas Christian held seventh place while clinching a Cotton Bowl berth with a 35-0 drubbing of Rice, while Texas A&M continued as No. 8. The Aggies wind up against Texas Thursday and TCU will finish against Southern Methodist Saturday.

The leaders with first-place vote in parentheses:

1.	Oklahoma (114)	1,889
2.	MICH. STATE (39)	1,689
3.	Maryland (35)	1,683
4.	UCLA (6)	1,374
5.	Notre Dame (2)	1,255
6.	Ohio State (5)	1,025
7.	TCU (3)	904
8.	Texas A&M	831
9.	Georgia Tech	349
10.	Auburn	245
	The second 10:

Fiore Wins Bout in Comeback Try

NEW YORK (AP) — After a one-year layoff, Carmine Fiore is back in business looking for a shot at some of the top welterweights.

"The rest did me a lot of good," Fiore said last night after winning a unanimous decision over sturdy Rinzy Nocero in an all-Brooklyn battle at St. Nicholas Arena.

Fiore, 26, went into drydock Oct. 29, 1954 after he was stopped by Vince Martinez on eye cuts.

At 149¾, Fiore looked in good condition. He gave pounds and youth to Nocero, 155½, but didn't fade.

Olympic President Raps Promoters of AAU Meets

CHICAGO (INS) — Avery Brundage, president of the International Olympic committee, today asked the National AAU to go after the promoters of amateur athletic events.

Commenting on the clean bill of health given star miler Wes Santee Sunday by the Missouri Valley AAU board of managers, Brundage said in Chicago:

"I think the national AAU should go after the people on the other side of the fence—the promoters who offer excessive benefits."

Action on Santee canceled the suspension meted out Oct. 30 by the Missouri Valley registration committee on charges he had accepted excessive expense allowances following several track meets on the Pacific Coast.

If the ban had been continued, Santee would not have been allowed to compete in next year's Olympic games.

Brundage added:

"Some 30 years ago when I was president of the AAU, we had some other such cases arise. We made a rule then, which I think is still on the books, that the people to whom the AAU gave sanction to run a meet must then present a certified public accountant financial report to show where the money went."

Tangerine List Whittled Down

Hillsdale Not Among Six Teams Still in Contention

ORLANDO, Fla. (AP) — The Tangerine Bowl Selection Committee has whittled its list of eligibles for the Jan. 2 football game down to six teams.

Bowl officials said last night they had to drop unbeaten Coe College of Cedar Rapids, Iowa, from the list because the Midwest Conference refused permission for Coe to play a post-sason game.

The six under consideration are Centre of Danville, Ky.; Juniata of Huntingdon, Pa.; Missouri Valley of Marshall, Mo.; Middle Tennessee State of Murphreesboro, Central State Teachers of Stevens Point, Wis., and Tampa (Fla.) University.

State Given 3, UM 2 on All-Big Ten

CHICAGO (AP) — New honors were heaped upon Michigan State's Rose Bowl-bound Spartans today.

Three players from Coach Duffy Daugherty's crew were named to the 1955 all-Big Ten football team selected by the Associated Press.

Honored were quarterback Earl Morrall, a definite All-America candidate; guard Buck Nystrom and tackle Normah Masters.

These players formed the "hard core" of the brilliant Michigan State team which swept to an 8-1 record and gained the nomination to represent the Western Conference in the Rose Bowl game against UCLA Jan. 2.

* * *

Ohio State also gained three positions on the 1st team, while Michigan pulled down two berths — ends Ron Kramer and Tom Maentz.

Ohio State's choices were Howard (Hop-Along) Cassady, a brilliant halfback who was instrumental in Michigan's downfall Saturday; guard Jim Parker and center Ken Vargo.

One sophomore made the grade — Bob Mitchell of Illinois. He was the speedster who wrecked Michigan 25-6, coming off the bench to carry 10 times for 176 yards.

The other member of the backfield is Bill Murakowski, Purdue's bread-and-butter fullback.

The unit of Murakowski, Morrall, Mitchell and Cassady is one of the most versatile, potent groups in recent years.

Rounding out the line is tackle Calvin Jones of Iowa.

Lone holdovers from the 1954 team are Cassady and Kramer. Len Dawson was the 1st-team quarterback last year but was edged out by Morrall this time.

The team was selected in a poll of Associated Press staff writers who regularly cover the Big Ten. Cassady was the only unanimous choice, while his teammate, Vargo, missed the honor by only one vote.

* * *

Vargo was sidelined for most of the 1954 season with a broken arm. He was regarded by far the outstanding center in the tough Western Conference this fall.

Nystrom was a sharp blocker and a solid defender for Michigan State all season. He played the full 60 minutes in the 21-7 victory over Notre Dame.

* * *

Nystrom's linemate, Masterson, is the biggest of the Spartans at 225 pounds. He was a bruising competitor on both offense and defense.

Kramer and Maentz gave Michigan perhaps the best one-two end punch in the land, certainly in the Big Ten. Although both were hampered by injuries, they sparkled on defense and showed flashes of brilliance on offense.

Named to the 2nd team were halfback Walt Kowalczyk and fullback Gerry Planutis of Michigan State.

Cadets' Coach Primes Army for Middies

Service Teams Meet for 56th Time; Navy Is Favored

WEST POINT, N.Y. (AP)—Army Football Coach Earl Blaik, who has spent almost as much time ministering to his athletes in the hospital as on the field, announced today that:

* * *

1. Army has a better defensive team than Navy.

2. He doesn't think Army will be invited to a bowl game.

3. "This has been a trying season."

* * *

Blaik leads his three-times-beaten forces to Philadelphia Saturday to play once-defeated, once-tied Navy in the 56th meeting of the service schools. Navy is a slight favorite.

"I think we've got a better defensive team than Navy," said Blaik before sending his cadets through a real two-fisted workout, "and I'll be surprised if we don't show it Saturday.

* * *

"I know Navy is even more dangerous than last year (the Middies won that one 27-20) because their passing has improved, but they'll have to touch all the bases to beat us."

Blaik apparently is in no position to say what action Army would take on a postseason game if the Cadets lick Navy. While nothing official has been said, there doesn't seem to be much doubt that either the Sugar or Cotton Bowl would like the winner.

* * *

Army prohibits postseason play, but Navy broke its rule against bowl games last New Year's when it plastered Mississippi in the Sugar Bowl.

"We've lost three games," said Blaik, "and I don't think anyone would consider us. Would we like to play one more game after Navy? One more game of what? This has been a very trying season."

Right now, Army is in about as good shape as it has been all season.

* * *

"With one thing and another," said Blaik, "we never have been able to put a backfield together that we could call our own even though Pat Uebel has played well all season and Don Holleder, to my mind, has done remarkably well."

South African women now buy 800,000 pairs of nylon stockings yearly.

Taylor Gives Spartans Edge Over Uclans

Stanford Coach Says State Played Better Against His Team

PALO ALTO, Calif. (AP) — The one football coach in the country who possibly could know first hand, indicated today he thought Michigan State might have an edge over UCLA in the Rose Bowl game.

Chuck Taylor of Stanford, in the unique position of being the only coach whose team played — and lost to — both of this year's Pasadena contestants in regular season play, hedged a little on naming the winner of the Jan. 2 game.

"You're not going to get me to stick my neck out clear down to Pasadena," he said, grinning. "I'm not going to pick the winner. I just do that when my own team is playing and then the spot I'm on is all my own."

Reminded that he was getting out of character and falling into the custom of most coaches — — "no comment" — he shrugged.

"All right then," he said. "We lost to Michigan State, 38-14, and to UCLA, 21-13. On the days we played both teams, Michigan State was the better.

"It was better because it hit harder and had more balance and over-all speed. It also had more good running backs and a quicker line and those two things could make the difference.

"Both of them have tremendous offenses, but from my experience I'd say that Michigan State had the edge. Defensively, I'd say on the same basis that UCLA was a little stronger."

Taylor said he'd stack Sam (First Down) Brown, UCLA tailback, up against the best running backs in the country. But, he added, where the Uclans have Brown the Spartans have Walt Kowalczyk, Clarence Peaks and Gerry Planutis.

Michigan State clobbered Taylor's club at East Lansing on Oct. 8, rolling up four 1st half touchdowns and coasting in. That was just a week after Stanford knocked off Big 10 champion Ohio State, 6-0.

A 19-day 90 plus heat wave convinced the weather man of Fort Wayne, Ind., to do something about the weather in addition to talking about it. He placed an order with Carrier Corporation for air conditioning for the weather bureau.

44th Game Thursday

Turkey Day Tradition to Be Wound Up in Birmingham-Royal Oak Grid Series

By BRUNO L. KEARNS

Every year since 1915, Thanksgiving Day in Michigan has been traditionally the "Tale of Two Cities,"—Birmingham and Royal Oak.

Once again Thursday at 11 a.m., the high schools of both communities will meet in the 44th scheduled game of their football rivalry. But from all indications, however, this Turkey Day classic is on its way out.

Several reasons point to the ending of the long series.

The hardship of keeping both teams occupied in workouts for two weeks, long after most schools have ended their regular seasons, has been a disturbing factor in both camps.

Another complaint has come from the basketball and swimming coaches. Many of their players are members of the football team and hence are late arrivals for the winter sports.

Despite these problems, the neighboring schools would venture to keep tradition alive by continuing the Thanksgiving Day game, except for a new obstacle.

By the start of the school year, September 1957, Royal Oak will have two high schools. The new secondary school will be ready for a football schedule of its own by then, and thus the Turkey Day classic may then evolve into an intra-city rivalry for Royal Oak itself.

Athletic Director Frank Whitney of Birmingham said he was hopeful the two present schools would still get together for Thanksgiving Day, 1956, on the Maple gridiron before climaxing the series.

The two schools have met each other since 1913. Along the way, in 1924, the incentive to win was spurred by making the "Little Brown Jug" the prize of the victors.

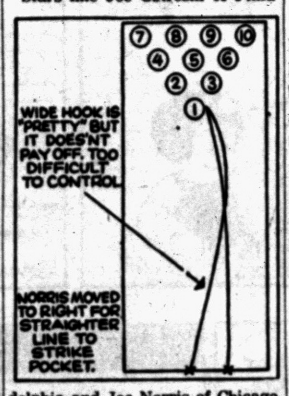

Royal Oak holds the edge in the series with 22 wins, 14 losses and 7 ties. The Maples have not beaten the Acorns under Jim Manilla, since 1951.

Bowling Clinic

By BILLY SIXTY

THE PRETTY HOOK—When a hook bends widely into the strike pocket (between the 1 and 3 pins), big-time bowlers have a name for it. The pretty ball, they call it. Yes, it spills the pins, scatters them into a scrambled heap, true enough. But it's too difficult to control.

Stars like Joe Ostroski of Philadelphia and Joe Norris of Chicago, were a couple of wide-hook bowlers at the start—and soon learned that delivery didn't pay off.

So they moved to the right of their original starting spot, as sketch shows. They cut down the hook to better hold the strike line. How? They each had their own way. Ostroski changed thumb position at the start. Pointed it straight ahead, at the pins. Kept it that way throughout the swing, and at release applied finger-spin for a short, sharp-turning hook.

Norris did it by shifting his thumb position even more. He turned it to the right of center, so that his fingers were entirely behind the ball to begin with, and through the swing. With his more than normal speed he was able to hold a short, sure pocket line—the delivery that has made him one of the game's greatest bowlers and a big winner in tournaments.

Earl Morrall, Kramer Named to All-Star 11 by Coaches' Group

NEW YORK (AP)—Bob Pellegrini, Maryland center, heads the college football all-star team selected by the American Football Coaches Assn. for Collier's magazine and released today.

The speedy Terp lineman from Yatesboro, Pa., was picked as "player of the year" by the Association and will receive the Walter Camp Memorial Trophy.

Eleven different schools are represented on the all-star team.

The all-star team:

Ends—Ron Kramer, Michigan, and Ron Beagle, Navy.
Guards—Bo Bolinger, Oklahoma, and Hardiman Cureton, UCLA.
Tackles—Frank D'Agostino, Auburn, and Bruce Bosley, West Virginia.
Center—Bob Pellegrini, Maryland.
Quarterback—Earl Morrall, Michigan State.
Halfbacks—Howard Cassady, Ohio State, and Jim Swink, Texas Christian.
Fullback—Don Schaefer, Notre Dame.

Sooners on Top

NEW YORK (INS)—Here are the country's top 10 college football teams, with won-lost records in parenthesis, as voted this week by the International News Service panel of experts:

1. Oklahoma (9-0)
2. Maryland (10-0)
3. Michigan State (8-1)
4. UCLA (9-1)
5. Notre Dame (8-1)
6. Ohio State (7-2)
7. Texas Christian (8-1)
8. Texas A&M (7-1-1)
9. Navy (7-1-1)
10. Georgia Tech (7-1-1)

Gony Gets Decision

SAN JOSE, Calif. (AP)—Getting off the floor in the second round, Star Gony, Manila lightweight, roared back to outpoint Jorge Macias of Mexico in a 10-round bout at Civic Auditorium last night. Gony weighted 138, Macias 141.

Jac LeGoff asks:

HOW DID YOU GET STARTED IN BUSINESS?

JAC LeGOFF, well-known television newscaster, WJBK-TV, Detroit

W. E. KIPPER,
manager of Kansas City Division, Standard Oil Company:

"I started in the best place a fellow in this business can start—in touch with the public. That was nearly 33 years ago when I was driving a Standard truck in Belleview, Kansas. Then I took the company's sales training course and worked in several sales divisions and offices. One lesson in particular has stayed with me through the years—a combination of good service and quality products just can't be beat."

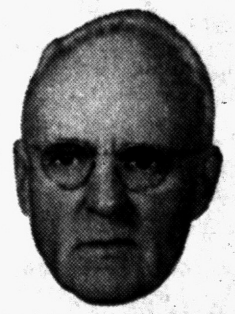

JACK SILER,
Standard Oil salesman, Sheridan, Wyoming:

"I'm just getting a real start now. I've been a full-fledged salesman for less than a year. Before that the company gave me on-the-job training in a service station and in the sales division office. This is a mighty competitive business, so the company made sure I was well trained in successful selling. That training has paid off already."

IRVIN E. MILLER,
Standard Oil laboratory superintendent, Mandan, North Dakota:

"When I was still in school studying chemical engineering, I'd heard that Standard was outstanding in research. So when my opportunity came eleven years ago to join the company, I took it. I started at Standard's lab in Sugar Creek, Mo., and moved to this new laboratory in 1954. I want to tell you it's a real thrill to see an organization grow and to be able to grow with it."

EDWARD A. METCALF,
manager, Standard Oil Refinery, Neodesha, Kansas:

"Well, unlike some oil men, I haven't moved from place to place. I started here as a secretary, worked as an auditor, and I'm still at Neodesha today. Every minute has been interesting. After returning from service in World War I, I went into operations and worked up through the ranks to superintendent. In 1942 I was promoted to manager."

Last year more than 3,300 new people "started" with Standard Oil Company. To help our employees reach the best jobs they are capable of doing, many kinds of training are constantly available—on-the-job training and formal training such as schools, programs and courses. In a company as large as ours, one promotion in a key position often means a series of promotions benefiting many people.

There are opportunities for advancement in research, engineering, manufacturing, transportation, sales, administration and other departments.

And one other thing. No job at Standard Oil is too big for an employee to aim at, for practically all of the officers, directors and other executives of our company have come up through the ranks.

British Paper Teaches Royal Manners

Deah Ladies, Be Prophah, Remember Where You Are

By EDDY GILMORE

LONDON (AP)—The tabloid Daily Mirror today delivered a frontal attack on pretty film stars who sport plunging necklines before Britain's royal family.

* * *

"The bare fact is," said the paper, which claims a daily circulation of about 4½ million, "that film stars' necklines at these royal functions are sagging daringly below the plimsoll line of modesty."

* * *

(The plimsoll line is a mark prominently painted on a vessel's hull to show how deeply she may be loaded.)

The Mirror, usually not averse to publishing pictures of a shapely figure, pointed an editorial finger at two of the country's cutest cuties, blonde Diana Dors — Britain's answer to Marilyn Monroe—and pert-nosed Jackie Lane.

* * *

Jackie showed up before the Duke of Edinburgh, husband of Queen Elizabeth II, at a movie premiere last week wearing the most daring dress of the season—one that opened down the front from her neck to her trim waist.

"The loose laced bodice of her dress gaped open and downwards into a startling revelation of the bosom," said the Mirror. It published a picture of Jackie in her dress.

Ten days earlier Miss Dors appeared at a "royal command" film performance and was presented to the queen and the duke.

"Her high and mighty bosom," said the Mirror, "was so amply displayed one feared she could easily burst out—laughing."

The Mirror added:

* * *

"Royal premieres are now occasions for highly competitive double exposures, where a deep breach is dangerous, a curtsy a disaster.

* * *

"What may look appealing at a cocktail party may look appalling to the queen. The royal film premiere is not the Venice film festival. It is one of those rare events where people dress, rather than undress for the occasion.

"It shouldn't be the signal for a big bosomy spree . . ."

"Lazy Lizzie", a leopard notorious for lazing in the middle of the road in the Bains Kloff Pass, South Africa, almost got hit by the car of C. Cilliers, of Wellington. It got up at its ease and moved off the road without looking back.

Soybeans See Loss in Sales

CHICAGO (AP)—Soybeans retreated under an expanded selling movement on the Board of Trade today, dropping as much as two cents before stabilizing and making a small recovery.

Wheat also was quite weak although there was no pickup in the slow trading in this cereal. Feed grains resisted the downward trend even though they weren't able to make any forward progress.

Wheat near the end of the first hour was ⅜ to ¾ lower, December $2.03¾; corn unchanged to ¼ lower, December $1.25⅛; oats ⅛ to ¼ lower, December 64¾; rye unchanged to ½ lower, December $1.11; soybeans 1¼ to 1⅝ lower, January $2.34½, and lard 5 to 12 cents a hundred pounds lower, December $11.20.

Detroit Edison Votes 45-Cent Dividend

DETROIT (INS) — Detroit Edison Co. has declared a quarterly dividend of 45 cents per share, an increase of five cents over the 40 cents paid since July 1953.

The board voted the dividend payable Jan. 16 to stockholders of record Dec. 20, 1955.

Net earnings for the 12 months ending Oct. 31 were reported at nearly $26 million, compared with $21 million the previous year.

Yule Toy Sales to Pass $25 Million in State

If all the toys Michigan youngsters find under their Christmas trees were put in one heap, the pile would be worth about $25,254,000, according to a New York financial expert.

Charles S. Sargent Jr., vice president of a toy factoring firm, predicts that Christmas season sales will bring the state's retail toy receipts to $41,400,000 for the year.

Per capita sales will reach about $20.20, he said, 13th highest in the U. S.

HOW I GET MORE OUT OF LIFE

By a Wall Street Journal Subscriber

Since I started reading The Journal, my income has increased from $9,000 to $14,000 a year.

The Journal helps me in other ways, too. For example, an automotive article helped me trade in my old car at the right time. An article on building supplies gave me ideas on remodeling my home and showed me how to save $700.

Articles on food and clothing point out the things to stock up on in order to save money. Articles on taxes guide me on what to do to keep my taxes down.

The Journal also gives me a better understanding of what is going on in the world. In conversation with other men I find that I know how to interpret business and government trends a little better than they do. They wonder where I get my "inside dope."

This story is typical. Because the reports in The Wall Street Journal come to you daily, you get quick warning of any new trend that may affect your income. You get the facts in time to protect your interests or seize a profit. The Journal is a wonderful aid to salaried men making $7,000 to $20,000 a year. It is valuable to owners of small business concerns. It can be of priceless benefit to ambitious young men.

The Wall Street Journal is the complete business DAILY. Has largest staff of writers on business and finance. The only business paper served by all four big press associations. It costs $20 a year, but you can get a Trial Subscription for three months for $6. Just tear out this ad and attach check for $6 and mail. Or tell us to bill you.

Published daily right in the Midwest to bring you vital business and Washington news immediately. Address: The Wall Street Journal, 711 W. Monroe St., Chicago 6, Ill.

GM Sparks Rise in Stock Market

NEW YORK (AP)—The Stock Market advanced today with motors displaying the most vigor in the rise.

* * *

It was the first concerted strength the stock market has shown since early last week when it approached the old record highs.

Prices were up between 1 and 2 points at the best, but there were few stocks that did so well.

General Motors and Chrysler dominated the motor division. U. S. Steel was well ahead in that generally higher section. Union Pacific made a better than average gain, but other rails were steady.

Among higher stocks were Bethlehem Steel, Goodyear, Boeing, Kennecott Copper, Union Carbide, Southern Railway, Standard Oil (NJ), and General Electric.

* * *

The Associated Press average of 60 stocks yesterday was down $1.60 at $177.40. It was the third straight loss for the average. The record high for the average came Sept. 23 at $181.50.

TV Hinders Harvard

FORT DAVIS, Tex. (AP)—Because Fort Davis has "the worst possible television reception," Harvard College of Cambridge, Mass., is thinking of locating its big, new telescope here. Director Donald H. Menzel of Harvard's observatory said the telescope, which will permit observation of the sun by means of radio emissions, should be located where there's no television interference.

Hatoyama Wins Japan Election

Prime Minister Issues New 5-Point Program Favoring West Ideals

TOKYO (AP) — Prime Minister Ichiro Hatoyama won overwhelming re-election today, formed a new right-of-center administration with his newly merged Liberal-Democrats and immediately announced a long-range five-point program.

* * *

Although the five points hint at nations and perhaps at dropping some American occupation reforms, it is expected Hatoyama's new administration will in reality be even friendlier to the United States than his two previous governments since last December.

* * *

Japan's dominant lower house divided on a straight 288-150 party vote with 29 absent or abstaining to retain Hatoyama over his only rival, Socialist Party President Mosaburo Suzuki. The vote will probably set a pattern as Japan enters a new era of two-party politics based on bitterly opposed right and left-wing groupings.

Since the war, the House was split into three or four shifting and uncertain major camps.

Miss De Carlo and Stunt Man Wed in Nevada

VIRGINIA CITY, Nev. (AP) — Movie actress Yvonne De Carlo is honeymooning in this historic old mining town today with a Hollywood stunt man, Robert Morgan.

The 33-year-old actress and Morgan, 40, drove to Reno and were married yesterday at the Episcopal chapel. Actor Rory Calhoun gave the bride in marriage and Charles Hayward was best man. The couple have to be back in Hollywood later this week for film work.

* * *

Miss De Carlo, one of Hollywood's most traveled performers, was also one of its most eligible spinsters. Her name had been linked romantically with many men, including a German baron, an industrialist, Moslem Prince Aly Khan and Peter Townsend, recently rejected suitor for the hand of Britain's Princess Margaret.

Miss De Carlo acquired an 8-year-old stepdaughter by the marriage. Morgan is a widower.

* * *

Miss De Carlo said she decided to desert the spinster ranks "because now I know what I want from life with a man who will be my life's partner."

Veteran's Grave Search Reviewed at Traffic Club

A twice wounded World War I veteran's account of his search for the grave of a slain comrade-in-arms was told in words and pictures last night before 74 members of the Pontiac Traffic Club.

Narrator of the unusual quest was Albert Barnett, a resident of Keego Harbor and a member of the Pontiac Motor Division Traffic Department for 33 years.

Barnett's story began 37 years ago when he fell wounded into a shell hole while serving with the Canadian Army in France. The stranger with whom he shared the hole was killed while trying to get help for the wounded Barnett.

Fulfilling a pledge he made as he lay on the battlefield, Barnett returned to Europe last summer to find the grave of the man who was killed beside him.

The successful search, documented in colored slides, touched almost every military cemetery on the Continent, Barnett told his audience.

Tongay Returns After Jailbreak

Prisoner Claims Crash Hurt Caused Amnesia Complications

LOS ANGELES (AP)—Russell Tongay, swimming instructor imprisoned in Florida because of the diving death of his 5-year-old daughter, has surrendered here after escaping in New Orleans Nov. 13.

* * *

Florida authorities said the State Cabinet there is expected to decide today on what action to take in Tongay's case. The ex-swimming coach has asked that he be allowed to remain here to obtain treatment for a long ailment.

CLAIMS AMNESIA

Tongay told reporters last night at police headquarters that he walked out of a New Orleans restaurant while a prison agent was paying the bill and hitchhiked to the West Coast. He said that two hours before his escape the prison car had been in an accident and he incurred a head injury that caused temporary amnesia.

He claimed he did not remember anything prior to the accident and did not even know that he was escaping.

He said that upon arrival in Los Angeles he looked up a minister he had known while he was in the Marines in World War II, stayed with him awhile and then went to the Washington Hospital in Culver City for treatment.

Police picked him up at the hospital last night and he was accompanied to the police station by Atty. Herb Weiner. He was booked at the prison ward of General Hospital as a fugitive.

At the time of his escape Tongay had been taken to New Orleans for diagnosis and treatment at a hospital there. He was serving a 10-year-term on conviction of manslaughter after the death of his daughter Kathy.

Jack Allen Injured When Car Leaves Road

Jack S. Allen, 38, of 1702 Beverly Ave., was reported in "satisfactory" condition today in Pontiac General Hospital after he drove his car off the road yesterday afternoon at Pontiac Trail and Halstead Road.

Paralyzed Vet Killed in Effort to Act Normal

RICHMOND, Va. (AP) — Sammy Gregorio's determination to live normally despite paralysis cost the brave Marine veteran his life last night.

The car he had laboriously learned to drive crashed into a tree in scenic Byrd Park with Sammy at the wheel. He was instantly killed.

* * *

Sammy, 28, from Philadelphia, suffered paralysis of both legs and both arms in a landing craft accident off Hawaii while serving in the 4th Marine Division.

At McGuire Veterans Hospital here, he never gave up. Not only did he learn to drive his specially equipped car — he learned to fly. Two years ago, he became the first quadraplegic ever known to fly solo. He piloted a single-engine plane for half an hour at a Richmond airport.

* * *

Last night he and a friend—another quadraplegic — took a spin in Sammy's car over the winding roads around the park reservoir. The car left the narrow street and plowed into a tree.

Sammy was pinned between the steering wheel and the seat. His companion, Hubert Ware, 30, of Webster Grove, W. Va., was injured.

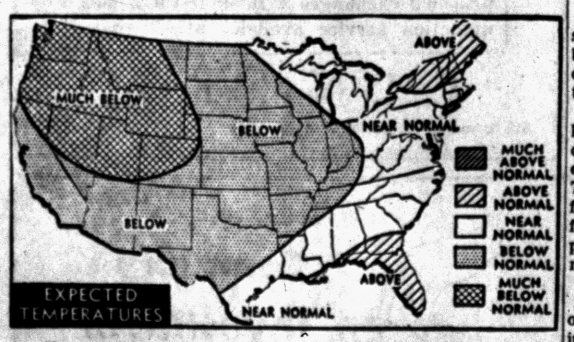

To Dismantle Log Cabin for Kalamazoo Museum

KALAMAZOO (AP)—The log cabin home of Gen. William Rufus Shafter, commander of American forces in Cuba during the Spanish-American War, is going to be dismantled.

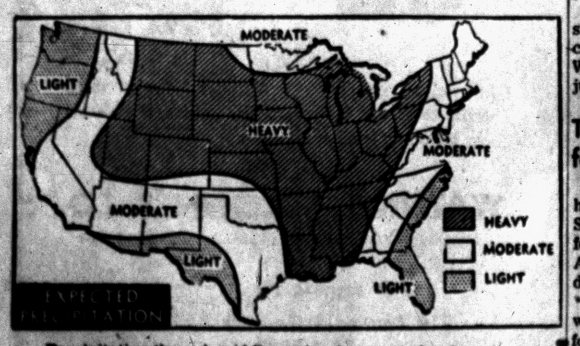

Good timbers still in the cabin will be used in building a replica for the Kalamazoo Museum.

The site of the cabin outside Kalamazoo will be converted into a county park.

AS WINTER NEARS — The weather maps below give you the U. S. Weather Bureau's long-range forecast through the middle of December. It is not a specific forecast in the usual sense, but an estimate of average temperatures and rain or snowfall for the period.

Temperatures through mid-December will average below seasonal normals over most of the area west of the Mississippi, with greatest departures in the Northwest.

Precipitation through mid-December is expected to be subnormal in the Pacific Northwest, along the south Atlantic coast and in the far Southwest.

Harriman Cites 'Soviet Victory'

Democrat Claims Reds Won Geneva Because GOP Was 'Confused'

SEATTLE (AP)—Gov. Averell Harriman of New York said last night "our alliances are creaking" because of what he called Republican "incompetence and shortsightedness" in the field of foreign relations.

* * *

Speaking at a $7.70-a-plate Democratic fund-raising dinner, the New York governor described the summit conference at Geneva last July as a "great Communist victory." He said the victory resulted from "confusion and contradiction in Washington."

'. . . INEXCUSABLE . . .'

He said while he favored holding the conference, he later found it "inexcusable . . . for the President and his advisers to give the impression that they believed in the sincerity of the Kremlin words in advance of deeds."

World tensions relaxed, he said, when the President, upon returning from Geneva, "spoke though with some reservations, of 'the most shining opportunity' and the 'spark ignited at Geneva' . . . "

* * *

"But unfortunately so did our defense effort. Secretaries Humphrey and Wilson began to talk about cutting our defenses still more. Free peoples were thrown off balance. They were psychologically disarmed. Neutralists and pro-Communist elements in Europe were strengthened."

Harriman is in the Pacific Northwest to urge re-election of Senators Warren G. Magnuson of Washington and Wayne Morse of Oregon.

* * *

While he has been mentioned as a possible Democratic candidate for president, he declined to discuss his own political plans other than to tell reporters at a news conference, "I am not a formal candidate for president at this time."

Memorial Scholarship Offered by Harvard

CAMBRIDGE, Mass. (AP)—A scholarship in memory of four Harvard University classmates killed in the Korean War has been established by men who lived with them in Lowell House.

The men honored were all of the class of 1951 and one was Sherrod E. Skinner Jr., son of Mr. and Mrs. Sherrod E. Skinner of East Lansing, Mich.

The scholarship will be awarded each year to a student in Lowell House, one of the seven upperclass residence centers at Harvard.

Plans Keyboard Revision to Cut Costs of Typing

WASHINGTON (AP) — The government has started on tests of a radical new typewriter keyboard in hopes of improving the efficiency of its thousands of typists. The ultimate objective: to cut costs.

* * *

A picked group of 40 typists from 10 federal agencies yesterday underwent nearly four hours of preliminary tests designed to produce 24 final participants for a four-month experiment due to start in January.

Government efficiency specialists want to find out whether it is true—as advocates claim — that the new keyboard arrangement would boost the average typist's output by up to 35 per cent.

General Services Administrator Edmund F. Mansure said, "There is already considerable evidence . . . that the simplified keyboard does result in more production."

* * *

Since the government operates more than 800,000 standard machines costing about $125 each, any substantial reduction in the number of typewriters — and typists to run them—would yield a considerable saving.

The new keyboard finds vowels on the second row where a typist's fingers normally rest. Letters most frequently used are placed where thy can be reached by the fingrs that do most of the typing.

Dionne Quint Given 'Not Serious' Report

MONTREAL (AP)—A spokesman member of the Dionne quintuplets' family confirmed today that Marie, frailest of the famed sisters since birth, is being treated for anemia in a suburban hospital.

* * *

He reported her condition is "not serious," but it was believed she would not return to the Quebec City convent she has left twice since she entered it two years ago to become a nun.

The spokesman said doctors at the Notre Dame de l'Esperance Hospital — where two other quintuplets are studying nursing — had told Marie her life in the cloistered convent "was too hard for her frail health." He said they had "ordered a month of complete rest" for the 21-year-old girl.

* * *

The spokesman declined to be quoted by name but made his statement after a telephone conference with other members of the family. He said the girls' parents, Mr. and Mrs. Oliva Dionne, would come to Montreal over the weekend from their home in Callander, Ont.

Rose Pointe French Lace Worn by Priscilla Dugas

ROCHESTER — A 10 o'clock nuptial High Mass in St. Andrew's Church united Priscilla G. Dugas and Frederick J. Laub Saturday. Seventy-five guests witnessed the double ring ceremony.

* * *

Priscilla is the daughter of Mr. and Mrs. Joseph A. Dugas, 3384 Melvin, Rochester and Frederick is the son of Mrs. Aurelia Laub of Detroit.

The bridal gown was of rose pointe French lace, with long hand tapered sleeves. Medallions of lace at the throat emphasized the fitted bodice. The full skirt had pleated side over a skirt of lace sweeping to a full train in back. She carried white gardenias ant stephanotis.

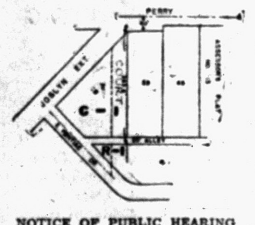

Jeannine Dugas from Glendale, Calif. was her sister's maid of honor. Bridal attendents were Ruth Dayton of Rochester and Helen Miller of Dryden. Claudia Dugas, another sister, was junior bridemaid.

Best man for the bridegroom was his brother, Robert Laub from Roseville. Seating the guests were Sam Aghababian of Detroit and Russell Harvey of Rochester.

* * *

A reception for 200 was held in the evening, at the Knights of Columbus Hall in Pontiac.

After a honeymoon south, the couple will reside in their new home in Bloomfield Knolls.

'Captain Kangaroo' Enthralls Very Young TV Viewers

Program Keeps Tots Spellbound

Bob Keeshan Has No Fancy Theories About Amusing Children

By CHARLES MERCER

NEW YORK (AP)—A girl friend of mine has a favorite television program which she enjoys watching while lying on her side drinking from a bottle. Her sultry expression when she watches the fellow in charge of this program finally has moved me to get in touch with the guy and try to learn what he's got that I haven't.

When this heartbreaker comes on the TV screen he very cleverly uses another name and disguises himself with drooping mustachios. He has taken the name "Captain Kangaroo."

* * *

All right, Captain, it's time we exposed you. Your true name is Bob Keeshan and you have a nice wife and three children at home in West Islip, N.Y., and what are you doing breaking hearts at 8 a.m. every Monday through Friday over CBS-TV?

Here's the way this guy operates: My girl friend, an early riser, insists on stretching out in front of the TV set and gazing at the captain with eloquently liquid eyes as he points out this thing and that. Her eyes fasten on an object and, as if Captain Kangaroo knew her unvoiced question, he says: "What? The name of that funny little animal? Why it's a honeybear—from South America."

* * *

The fact my girl friend is just 2 years and 3 months old and the fact her drink is milk has nothing to do with the situation. I'm jealous.

On the other hand, my girl friend's mother is crazy about Captain Kangaroo. (What a homebreaker this character is.) It used to be that her youngest daughter was always under foot at that crucial morning hour when she was trying to shove Pa off to the office and get the older kids off to school.

My girl friend's mother says that Captain Kangaroo is a wonderful influence on kids aged 2 to 8.

* * *

In person Captain Kangaroo explains that he rises at 4:30 a.m. every morning to drive 40 miles into town to keep his date with my girl friend. He's a pleasant, relaxed fellow without any fancy theories on what kids are or should be. Instead of theories he has three children, aged from 9 months to 4 years.

"I just tried to hold one child—any child—in mind," he says. "I want to entertain and maybe instruct him or her a little. I merely try to be a friend who comes in the door."

* * *

Well, Captain, you win. You are a friend and the door is open every weekday morning to you.

The "world's longest bus service" — from Beirut, Lebonon, to Munich, Germany — now is operating. The 2,600-mile journey across seven countries, costs $148 for a round trip.

Security Risk Order Puzzles Pentagon

WASHINGTON (AP)—Senate investigators today summoned Hugh M. Milton II, the Army's top security officer, for questioning on whether some draftees now tabbed as security risks may get honorable discharges under a new Pentagon directive.

* * *

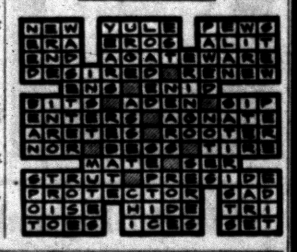

The Senate subcommittee on constitutional rights has questioned whether the Army has any right to withhold an honorable discharge from a draftee because of his preinduction conduct, provided he serves in uniform "patriotically and well."

Mansfield D. Sprague, the Defense Department's general counsel, and Stephen S. Jackson, his assistant, testified yesterday they do not yet know all that the new Pentagon directive involves. They promised the subcommittee a detailed analysis within two weeks. The directive came out last Friday.

* * *

Among questions they said are still unanswered is how far to go in giving men drafted under the old security rules the benefit of less harsh provisions in the new directive.

Lubricants make up about 2 per cent of the total volume of major petroleum products produced in the U. S.

Santa Claus Is —Despite BBC

British Mothers Attack Radio for Undermining Children's Faith

LONDON (AP)—The British Broadcasting Corp. has been accused of undermining Santa Claus.

* * *

Scores of parents were angry at the government-subsidized BBC for casting suspicion on the old gentleman with the whiskers known in England as "Father Christmas."

The row grew out of a television program called "The Brains Trust" in which leading personalities discuss questions sent in by listeners. The program yesterday came on just before the time set aside by BBC for "Children's TV Hour."

MEMBERS CAUTIOUS

One of the questions that came up was "at what age should children be encouraged not to believe in Father Christmas—or should they ever be allowed to start."

Members of the panel were cautious. Dr. Jacob Bronowski, scientist and father of four, said "I shall let my children go on believing in Father Christmas as long as they want to."

* * *

Actress Wendy Hiller said "When my children found there was no Father Christmas they were not disillusioned at all but took the fact quite calmly."

Cmdr. A. B. Campbell of the Royal Navy said "I have no children but I am not sure that I still don't believe in Father Christmas a little bit."

BBC admitted receiving a "heavy deluge" of complaints from parents whose children were upset that anyone had any doubts on Santa. Some parents protested "Christmas has been ruined for our children."

* * *

The BBC explanation: "Children old enough to understand the Brain Trust should be beyon believing in Father Christmas."

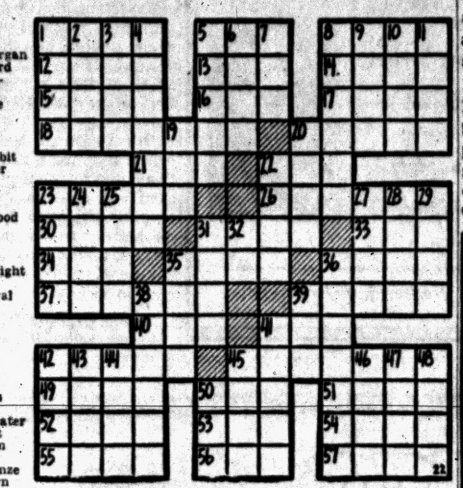

Still Hunting Freighter Lost Off Atlantic Coast

BOSTON (AP) — A wide sea-air search continued today for the Liberian freighter Daytona, feared lost in gale-swept seas off the Massachuetts coast with a crew of 24 aboard.

Three Coast Guard airplanes searched in a large area about 150 miles southeast of Cape Cod. Two Coast Guard cutters — the Evergreen and Acushnet — have been on the scene since Sunday.

The Daytona was last heard from about 9 a.m. Sunday when she radioed she was listing and taking water some 75 miles east of Gloucester. The crew are mostly West Indians.

Standardized bridge design is to be emphasized in New Zealand.

Hollywood Headlines:

'Yep' Man Cooper Talks If the Topic Interests Him

By BOB THOMAS

HOLLYWOOD (AP) — Talking up a storm, Gary Cooper today denied he is merely a "yep" man.

This shatters another Hollywood tradition. Cooper is supposed to be the town's worst talker. A conversation with him is reputed to be the closest thing to a monologue, with Coop supplying only an occasional "yep."

* * *

The question was put to him pointblank: Is he just a "yep" man?

"I dont think so," he replied. "I like to talk—when I have something worth talking about.

"Besides, 'yep' is a pretty positive word. You can't get by in this business if you say 'yep' all the time. You've got to learn to say 'nope.'

* * *

"For instance, I didn't do a picture for a year between 'Vera Cruz' and 'The Court Martial of Billy Mitchell.' I guess I read between 50 and 60 scripts. I turned them down.

"The trouble in this business is that when you achieve a certain success, they want you to repeat it. The majority of the scripts that are sent to me are Westerns, and most of them are bad. They might be good for somebody, but they are things I have done before. Not just the plots, but whole scenes.

* * *

"I'm the kind of a guy who has to do new things. If I don't have enthusiasm for what I'm doing, I give a lousy performance. That isn't good."

See—the guy can talk! Matter of fact, he'll rattle along at a pretty good clip, if he's interested in the topic. But if he's asked questions he thinks are silly or trivial, an A-bomb couldn't blast a comment out of him.

* * *

Cooper said the "yep" reputation became attached to him after he did an Edgar Bergen radio show in which he spoke only the affirmative monosyllable. He did a similar turn as guest star in a Dennis Morgan-Jack Carson film. No doubt the legend has grown because of the tight-lipped heroes he has played on the screen. Like many top stars, he knows what can be achieved by an economy of dialogue.

Post Office Staff Readied for Christmas Mail Flood

Predictions that the 1955 flood of Christmas mail will smash all previous records brought an appeal yesterday from Acting Postmaster Leslie H. Dean for cooperation in the current "Mail Early for Christmas" campaign.

"It's Christmas here today and every day until December 25," Dean said in pointing out that the local post office has added extra carriers and office help, serviced its delivery trucks and filled inkwells in anticipation of the largest volume of letters, cards and packages in history.

Prime target of Dean's appeal was the housewife who, he emphasized, "is really in charge of each family's Christmas mailing program. She selects the cards, buys most of the gifts and sees to it that the mailing list of friends and relatives is up-to-date."

Dean urges that names on packages and envelopes include full names, streets and numbers, and the city, zone and state. Parcels, he advises, should be wrapped securely with strong cord in heavy paper and cartons.

Best hours, Dean says, are before 10 a.m. and between 1:30 and 3:30 p.m. when the post office is least busy.

Long-distance mailings should be in the post office before December 5 while that to nearby points should be sent by December 15, he said.

Christmas cards for service personnel can still be delivered in time if sent by air mail before December 1.

Bride Kidnaping Counts Dropped

Pennsy Mother Accused Ex-Suitor of Daughter of Holding Her 4 Days

WASHINGTON, Pa. (AP) —Mrs. Joseph McGuane yesterday withdrew charges that 22-year-old Gary Pounds had kidnaped her recently married daughter and held her for four days.

* * *

The mother had identified Pounds as a former suitor of her 19-year-old daughter Maureen, who married Albert Maga Jr., 28, a soldier, last week.

Police Chief Enoch Matthews of nearby McDonald, where Mrs. McGuane lives, previously had advised the mother not to file the charges. Matthews said he had heard several conflicting stories and advised Mrs. McGuane to await further investigation before taking any action.

* * *

The young bride said Pounds offered her a ride home from the McDonald business section last Wednesday but drove to West Virginia. She said they stayed with an aunt and uncle of Pounds at Warwood.

She was not harmed but Pounds refused to let her telephone home, Mrs. Maga related. Pounds was not available for comment.

* * *

Pounds and Mrs. Maga returned separately to McDonald Sunday night. Pounds' brother William returned the girl to her home. Mrs. McGuane then swore out a warrant charging Pounds with kidnaping. It was issued by a justice of the peace.

The bridegroom was given an emergency furlough from Camp Rucker, Ala., when his wife was reported missing.

2 City Men Sentenced for November Breakin

Two Pontiac men yesterday were sentenced by Oakland County Circuit Judge George B. Hartrick after they admitted to breaking and entering Nov. 14.

Charles F. Miller, 21, of 49 Clovese St., received 1 to 15 years in Jackson state prison. Donald Tucker, 22, of 650 Second Ave., was placed on three-year probation and assessed $200 court costs.

They pleaded guilty to entering the West Huron Bowling Alley in Waterford Township last Oct. 30.

Supersonic Bomber Flight Test Success

EDWARDS, Calif. (AP)—Republic Aviation Corp. has announced the successful flight testing of the new supersonic F105A fighter-bomber.

It was developed to fill the need for a supersonic fighter-bomber capable of delivering nuclear weapons as well as heavier loads of conventional bombs and rockets at extremely high speeds over a long range.

The initial flight was Oct. 22 and 12 others have been made since, the company said. Performance details are classified secret.

The F105A has short, thin, swept-back wings, a long cylindrical fuselage and wing root intake ducts permitting radar equipment to be installed in the nose.

Auto Parts Makers Criticize the 'Big 3'

WASHINGTON (AP)—Independent auto parts manufacturers and wholesalers were called for additional testimony today in a senate study of General Motors Corp.

One wholesaler, Henry Trauscht of Evanston, Ill., told the Senate Antitrust and Monopoly subcommittee yesterday that three major automobile manufacturers — General Motors, Ford and Chrysler — as well as the major oil and rubber companies, violate the Clayton antitrust law "myriads of times each year."

Trauscht and G. C. Morris, executive director of the Automotive Wholesalers of Texas, both contended that car dealers admit privately they are coerced, under penalty of losing their franchises, into buying replacement parts from factory sources.

Says Crime Case Costs OK for Library Funds

LANSING (AP) — Earmarking costs assessed in circuit court criminal cases for county library funds would not violate state law, Atty. Gen. Thomas M. Kavanagh held today.

Kavanagh said in an opinion that counties, regardless of size, could use the funds to finance their law libraries.

Kitchen Stove Shoots Kentucky Man in Leg

LOUISVILLE, Ky. (AP)—A kitchen stove shot Leroy Carter in the leg yesterday.

Some bullets from a nearby container fell in the stove and were discharged when Carter, 55, fired it up.

Travels in Taxicabs to Burglarize Home

LOUISVILLE, Ky. (AP)—Joseph R. Hagy, 35, of Lebanon, was held to the grand jury yesterday on a charge of using taxicabs to burglarize a home.

Police said he told the cab drivers he lived in the house and was selling the articles because he was separated from his wife.

He was accused of taking, among other things, a television set, toaster and clock.

It is estimated more than 50,000 American homes are broken each year because of desertion of a parent.
