

Bills for Aid to Nonpublic Schools Introduced

JAYCEE HONORS — Michigan Atty. Gen. Frank J. Kelley (left) congratulates Pontiac Jaycee Boss of the Year John A. Riley, (center) advertising director of The Pontiac Press, and Richard C. Fitzpatrick, winner of the Distinguished Service award. Kelley was speaker at last night's 45th annual Pontiac Jaycees Bosses Night banquet at Devon Gables.

Press Ad Director Is JC 'Boss of Year'

The annual Jaycee Boss of the Year award was presented last night to John A. Riley, advertising director of The Pontiac Press.

The distinguished service award went to Richard Fitzpatrick, a former Jaycee president, at the 45th annual Bosses Night banquet at Devon Gables. Receiving Key Man awards were David Ogg, Jaycee secretary, and Charles Tobey, a Jaycee director.

The distinguished service award is presented annually to an area citizen who has been outstanding in his civic activities. The Key Man award, which traditionally goes to one person, was presented to both men because of their outstanding work for the Jaycees in the past year.

Following the annual awards, Michigan Atty. Gen. Frank J. Kelley discussed the phenomenal cost of organized crime.

Riley is currently president of the board of directors for the Pontiac Osteopathic Hospital. He was chairman of the advanced gifts committee of the

Pontiac Area United Fund, director of the Pontiac Retail Merchants Association and a director of the YMCA and the Boys' Club. He is a past president of the Jaycees, the Chamber of Commerce and the Clinton Valley Boy Scouts Council.

ACTIVITIES

Fitzpatrick's activities include being a member of the Michigan Week committee, the Pontiac committee on Alcoholism and the Pontiac Area Vocational and Occupational Training committee.

City Head Start Is Rescheduled

The Head Start program of the war on poverty will be returned to the Pontiac School District starting this summer, it was announced yesterday by the Oakland County Commission on Economic Opportunity.

The rescheduling of the program was possible through a federal grant of \$427,515, announced yesterday by Rep. Jack H. McDonald, R-19th District, and U.S. Sen. Philip Hart, D-Mich.

Funding of another \$806,651 for administration and neighborhood centers also was announced. Both amounts were slight increases over last year's funds, according to James M. McNeely, OCCOE director.

This appears to be contrary to the trend of lower funding felt in Wayne County and McNeely feels the county program has benefited from four separate evaluations and two federal audits which confirmed the county's handling of the programs.

The Pontiac Head Start program for preschoolers, dropped last year, can be expected to resume this summer and the funds are for a period ending in August. Programs allowed to continue with the funds are in the districts of Waterford Township, Oak Park, Ferndale, Hazel Park and Southfield.

PROGRAMS REJECTED

Last November other applications for preschool programs in 10 area districts were rejected and the new funding doesn't change that decision.

Turned down were Avondale, Farmington, Huron Valley, Lake Orion, Oxford, Rochester, South Lyon, Troy, Walled Lake and Holly.

\$6.3 Billion Aid for Cities Urged

AUSTIN, Tex. (AP) — President Johnson called on Congress today to pump \$6.3 billion into American cities and save them from violence and despair.

The President called for nearly \$2.3 billion in the next two fiscal years and the rest of the money over a period of several years. It will go for new housing for the poor, rent supplements, model cities, antipoverty work and mass transit planning.

The President also urged as the first order of congressional business under his program passage of a tax increase "to insure strong, stable, economic growth for the nation as a whole and the home building industry in particular."

The construction program includes:

- A \$65 million rent supplement program for fiscal 1969.
- \$1.4 billion for urban renewal, but not to be effective until fiscal 1970.
- \$230 million for urban mass transit planning to be used in fiscal 1970.

The boldest section of the President's program was a plan to build 6 million housing units for the poor in the next 10 years, but the request to Congress only carried a partial price tag.

5-YEAR COST

In his request, Johnson asked Congress to appropriate \$2.34 billion to build 2.3 million low income housing units in the next five years. The President did not, however, give an estimate of how much he thought the 10-year plan would cost. Two major nonmoney requests would permit an increase in the interest ceiling of FHA and VA insured mortgages and the "orderly" withdrawal of the secondary mortgage operations from the Federal National Mortgage Association to the private sector of the economy.

Mercury in Area Stays Above Zero

Pontiac area residents escaped below-zero temperatures that were forecast for last night. The low downtown was 7° above at 7 a.m.

Partly cloudy skies with the mercury moving to a high of 16 to 24 is the prediction for this afternoon. Tonight's low will be 3 to 12.

Mostly sunny and a little warmer is the outlook for tomorrow, and partly cloudy and a bit warmer is Saturday's forecast.

Precipitation probabilities in per cent are: today 10, tonight and tomorrow 5. The temperature at 2 p.m. was 24.

From Our News Wires

LANSING — Formal introduction of a proposal to grant up to \$150 in state funds to the parents of nonpublic school pupils today threatened legislators with one of the hottest controversies of the current session.

Virtually identical bills calling for a \$21 million state appropriation for non-public education were introduced in the House and Senate yesterday.

House sponsors were Rep. Thomas Brown, R-Lansing, and J. Robert Traxler, D-Bay City. Forty-three other House members signed the measure. Sen. George S. Fitzgerald, D-Grosse Pointe Park, and six other Democrats offered the Senate version.

None of the sponsors was from the Pontiac area.

There had been 48 sponsors lined up in the House. But last-minute erasures dropped the figure to 43-13 below the number needed for passage in that chamber. And in the Senate, the original 12 sponsors dwindled to eight — 12 short of the number needed to enact the bill.

The bills are backed by a powerful coalition of Roman Catholic, Christian Reformed and Missouri Synod Lutheran churches that, run 97 per cent of

Michigan's nearly 1,000 nonpublic schools.

The bill would give parents of parochial schoolchildren \$50 for each elementary student and \$100 for each high school student, with bonuses of \$25 and \$50 for parents in "economically and educationally deprived areas."

Parents would be required to certify they spent at least the amount of the grant on their children's secular education.

Schools also would be required to certify that the money was expended on secular education and that the child had attended the school.

FLOOD OF LETTERS

Nonpublic school groups, including the Committee for Educational Freedom (CEF), have flooded the offices of Gov. George Romney and legislative leaders with more than 60,000 letters supporting state aid to nonpublic schools.

The Michigan Congress of Parents and Teachers earlier this week urged its 300,000 members to retaliate with letters opposing the measure.

Fitzgerald said a \$200,000 State Department of Education finance study

indicated that Michigan nonpublic schools must be maintained.

If all of the 330,000 nonpublic school youngsters transferred to public schools, it would cost the state \$97 million and local taxpayers \$108 million, Traxler said.

Opponents of the measure this week formed a group called Spend Taxes on Public Schools (STOPS) with the avowed intention to work for defeat of the subsidies and against any lawmaker who votes for them. The group claims to represent some 2 million Michigan taxpayers.

Two other opposing organizations have talked of court action should the measure pass. They are the American Civil Liberties Union and the Committee to Aid Public Education.

Gov. George Romney told a news conference in Boston yesterday that he is opposed to direct state aid to nonpublic schools. But he took no position on the bills introduced in the Michigan Legislature.

State Board of Education President Edwin Novak said he expected the board to have a position statement on the matter, "maybe within three weeks" when members have had a chance to study the measure.

Week's War Dead a Record

SAIGON (AP) — The number of Americans killed in combat jumped to a record high for the war last week, 543 and there were 2,547 wounded, 210 less than the record, it was reported today.

It was a week of hard fighting in the Vietnam's lunar new year offensive against South Vietnam's population centers.

The South Vietnamese command said 7,800 of its men had been wounded and 536 were missing since the start of the offensive.

In the air war, U.S. planes for the first time in the war attacked the Hanoi radio station that beams out all Communist propaganda from North Vietnam, the U.S. Command announced today. But monitors said Radio Hanoi was still on the air.

The strike yesterday against the station, which military spokesmen said has the most powerful transmitter in Southeast Asia, coincided with these other developments indicating a sharp escalation in both the ground and air wars:

- Air Force F105 Thunderchiefs attacked another target for the first time, a sprawling military storage area 41 miles southwest of Hanoi.
- Official U.S. sources disclosed that a new Communist rocket, designed and manufactured by the Chinese without any foreign help, has been used in the war for the first time.
- The same sources said elements of two Communist divisions are still menacing Saigon, and some enemy forces are poised within six miles of the capital city of nearly three million people.

The sources also disclosed that intelligence had detected heavy shipments of Communist arms coming in from Cambodia.

With U.S. Marine jets bombing in front of them in a priority effort to end the 23-day battle for Hue, Marine infantrymen pushed 150 yards through the fortress Citadel and seized all of their assigned sector of the south wall.

The Marines drove to within about 50 yards of the historic inner-palace grounds. There they came under heavy fire from the inner Citadel.

U.S. sources also disclosed that the North Vietnamese 324B Division had moved across the demilitarized zone to the area of Quang Tri City, key provincial capital 34 miles north of Hue.

About 50,000 Communist troops were reported to be in or just on the fringes of South Vietnam's two northernmost provinces—Quang Tri and Thua Thien.

The new Chinese rockets captured within the last few days were described as 107mm projectiles weighing about 45 pounds and with a range of six miles.

American officers said they were used for the first time last Sunday at Cu Chi, headquarters of the U.S. 25th Infantry Division, and at Lai Khe, headquarters of the U.S. 1st Infantry Division, during the "second wave" attacks by the Communists against population centers and military installations.

Kuhn Call for Secret Session With Police Official Fails

A heated debate over a call by Sen. George W. Kuhn, R-West Bloomfield Township, for a secret Senate session preceded a brief appearance yesterday by State Police Director Frederick Davids to ask support for antiriot and anticommunist legislation.

Col. Davids dealt primarily with legislation sought by the State Police and did not reveal any confidential information on Michigan's potential riot situation — sought by some senators.

"I have nothing to say in a private session that I would not say in public," he told the Senate.

FIRST SINCE 1950

Had Kuhn been successful, the executive session would have been the first since 1950 when the senators excluded the press and public to discuss a gubernatorial appointment.

Davids told the Senate that State Police "are in dire need" of some assurance they can go ahead with the purchase of needed equipment — primarily dealing with communications.

"If we can't get it in time for an emergency which might arise we could find ourselves in a situation where our facilities would be totally inadequate," he said.

Referring to earlier remarks by a senator that police are seeking funds to buy armored cars and Stinger riot control rifles, Davids said "not one nickel" is in the budget to buy such rifles.

ONLY REFEREES

He described police as "referees in a complex game called life" and complained that he is "getting sick and tired" of complaints about policemen and police administrators who are not carrying out their duties.

"The police work for you," he told the Senate. "If you don't like them, get rid of them."

The police are responsible for crime and riot control, he said, but the community is responsible for preventative measures.

Federal Post Awaiting Ford?

AUSTIN, Tex. (AP) — President Johnson, back at his Texas ranch for a long holiday weekend, may have a big federal job waiting for

visitor Henry Ford II. The President disclosed yesterday before departing from Washington that Ford will be a ranch guest — ostensibly to talk about the efforts of the National Alliance of Businessmen to create jobs for 500,000 of the hard core unemployed in the biggest city slums in the next three years. Ford heads the alliance.

Other sources said Ford was expected at the LBJ Ranch, some 65 miles west of here, on Saturday.

Perhaps by coincidence, Illinois Democrats will meet on that day to pick a Democratic slate for that Midland state that always carries much weight in presidential elections.

Many people expect Sargent Shriver, director of the federal Office of Economic Opportunity, to be tagged as either the Democratic candidate for governor or senator.

EVIDENT INTEREST

In view of Ford's evident interest in the plight of the big city jobless, an interest demonstrated outside the federal sphere in his own announced employment policies in Detroit, it was regarded as not unlikely that Johnson might have him in mind as successor to Shriver.

13 Annapolis Cadets Face Dismissal for Smoking Marijuana

ANNAPOLIS, Md. (AP) — The superintendent of the U.S. Naval Academy says 13 midshipmen face dismissal on charges of smoking marijuana in their rooms in Bancroft Hall, the academy dormitory.

Rear Adm. Draper L. Kauffman, the superintendent, said Wednesday the dismissal recommendation would be made to Secretary of the Navy Paul R. Ignatius.

Acceptance of the recommendation by the secretary is generally considered a formality. It would be the largest group dismissed from the academy in its 123-year history.

The incident marked the second time in 10 months that midshipmen had been caught smoking marijuana in the dormitory that houses the 4,000-man "brigade of midshipmen." Four were dismissed in a similar incident last June.

REPORTED BY MIDSHIPMAN Kauffman said the current problem came to light after an action such as a court-martialed midshipman but would simply be dismissed reported that he "had seen and become eligible for the several midshipmen who ap-draft."

Standing U.N. Force Backed by Romney

MANCHESTER, N.H. (AP) — Republican presidential hopeful George Romney today recommended the United States re-

Taylor Will Attend Romney Meeting

Pontiac Mayor William H. Taylor Jr. will attend a Monday meeting in Lansing with Gov. Romney and mayors of major Michigan cities.

Nineteen mayors have been invited to the closed session, the governor's office said. In his letter to the mayors, Romney said the purpose of the meeting will be to "review and discuss what we can do jointly to promote progress and understanding in our cities."

Invitations to the meeting were sent to the mayors in Pontiac, Albion, Ann Arbor, Battle Creek, Bay City, Benton Harbor, Detroit, Flint, Grand Rapids, Hamtramck, Highland Park, Jackson, Kalamazoo, Lansing, Muskegon, Okemos, Pontiac, Royal Oak, Saginaw and Ypsilanti.

"Unfortunately, many of the hopes of the people of New Hampshire, and of us all, have not been fulfilled," Romney said.

NATIONAL WEATHER — Rain and showers are forecast tonight in the Pacific Northwest and in the central Gulf Coast states. Snow is due in a broad area stretching from Nebraska south to Arkansas with flurries in the Dakotas and around the Great Lakes. It is expected to be colder along the Atlantic Coast.

News Briefs From Wires

TALLAHASSEE, Fla. (AP) — A third of Florida's public schools were closed today as nearly 40 per cent of the state's teaching corps scheduled more public meetings despite a personal plea from Gov. Claude Kirk for an immediate return to the classroom. Disciplinary problems, mild during the first two days of the walkout, erupted on a larger scale yesterday as violence broke out in at least two points. In Jacksonville, 150 pupils walked out of Forest High School in protest against substitute teachers. Two pupils were arrested after occasional fist fights broke out. At Hollywood, 200 pupils staged a sit-in on a football field and, when newsmen and officers arrived, threatened to overturn a reporter's car. Nine pupils were arrested.

New GM Layoffs Seen DETROIT (UPI) — Layoffs at General Motors inched lower today as parts shortages eased. But new layoffs were threatened as one plant was closed by a strike and a strike deadline looms at a second. Chevrolet assembly plants with companion Fisher Body plants in Framingham, Mass., and Van Nuys, Calif., were shut down today for two days, idling some 5,500 workers. The layoffs were traced back to three now-settled foundry strikes that drained the parts supply of the auto maker.

Rocky Due in Detroit DETROIT (AP) — New York Gov. Nelson A. Rockefeller is to come to Detroit tomorrow and Saturday to raise funds for Michigan's Gov. Romney in his campaign for the Republican Nomination for president.

Bond Sought for Rap NEW ORLEANS (AP) — Black Power advocate H. Rap Brown was in jail today as his lawyer drafted a defense on a new charge and tried to raise \$100,000 bond. Attorney William Kunstler of New York hoped to get the bond reduced at the preliminary hearing, the next legal step facing the militant Negro leader. The new charge was imposed on Brown, a spokesman for the Student Nonviolent Coordinating Committee, after he lost a legal argument in federal court over a court order limiting his travel. The FBI said Brown, during a recess, told FBI Agent William H. Smith Jr., also a Negro, that: "We will get you. We better not find out where you live, and if you have any children we will get them, too."

Mayor Lineup for Trade Told Mayor's Exchange Day May 20 — a highlight of the 15th annual Michigan Week celebration — will see the mayors of Pontiac and Ypsilanti trading cities for the day.

LT. Gov. William Milliken yesterday drew names from a barrel to match more than 400 mayors and village presidents for the program.

Cities and villages were grouped in four categories — based on size — for the drawing.

The matchings include: Birmingham — Grosse Pointe Park, Dearborn — Troy, Farmington — Menominee, Bloomfield Hills — Forestville, Rochester — Leander, Oak Ridge — Colon, Wood — Hancock, Orchard Lake — Woodhaven, Orchardville — Free Soil, Parma — Goodrich, Royal Oak — Wayne, Utica — Gladstone, Walled Lake — Rogers City, Wixom — Metamora, Wolverine Lake — Peck.

OCC Gets Grant for New Building Oakland Community College has been awarded a \$750,000 federal grant to construct an estimated \$2.6-million technical building at the Auburn Hills campus in Pontiac Township.

The two-story building, part of a planned \$14.2-million campus, will house the campus technical programs. It is expected to go out on bid in a few months and be finished in early 1970.

Birmingham Area News

School Districts Eying Delinquency Unit Roles

BLOOMFIELD HILLS — Representatives of this school district and Bloomfield Township have been meeting with Oakland County officials to discuss possible membership in Oakland County Youth Protective Services, an intergovernmental agency designed to combat juvenile delinquency.

Supt. of Schools Eugene L. Johnson has presented a report to the board of education on the meetings and suggested possible methods of implementing the agency's services in the area.

One thing determined in the talks, Johnson said, was that offices of the agency should not be located either on school district or township property, but at some separate location.

Board members suggested the possibility that rentable space at St. Paul Methodist Church might be used for the offices. The church had offered the space for classrooms in a letter to the board.

In other business, Johnson reported to the board that its contract with the Bloomfield Hills Education Association (BHEA) had been finalized and signed.

Agreement on the contract was reached in late September. Total cost of the pact to the board is \$1.3 million. It includes a salary package of \$450,000 for this year and an added \$411,000 for 1968-69.

BIRMINGHAM — The city planning board has approved a check list to aid in site plan review.

The list, based on a similar one presently in use in West Bloomfield Township, was submitted to the board by Paul E. Long, Jr., assistant city planner.

Long said the check list would enable the board to determine quickly whether all the data required on any site plan has been included.

The board also discussed and recommended extensive study on two zoning ordinance changes, one which would establish standards for condominium structures and one which would exclude gas stations in B-1 and B-2 neighborhood business zoning districts.

Hope High for Return of Vets Sent to Viet By ED BLUNDEN Hopes increased today that Vietnam war veterans who were sent back to the fighting in an emergency shipment of troops will be returned soon.

Objections were made by their families and through their representatives in Congress that these men had already served tours of duty in Vietnam and had only recently returned to the U.S.

Ad Director at Press Is JC 'Boss of Year'
(Continued From Page One)
Kelley attacked crime as the most gigantic economic enterprise today.

He quoted the President's Commission on Law Enforcement and the Department of Justice estimates that the net revenue from gambling alone in this country is \$7 billion annually.

He said "\$2 billion is diverted yearly from other uses by the blight of crime. The money siphoned off from legitimate enterprise does not find its way back to help care for the aged, cure the mentally ill or retarded, fight disease or educate our children."

'LOCAL OBLIGATION'
"The battle for freedom in this country is not going to be won until we break the shackles that crime has wound around our actions and our hopes. Law enforcement is a fundamental local obligation. The streets on which crime is committed are ours," he told about 150 listeners.

He explained that by under-perpetrating funds, such as a millage proposals for schools, people are cutting down the front line against crime and helping produce the undereducated, underemployed classes that commit most crimes.

"America has not kept faith with the law enforcement community. We spend millions on moon projects but can't spare five cents to give police what equipment they need. In 1902, local government units allotted 4.5 per cent on law enforcement. In 1962 only 3.9 per cent of the dollar was allotted," Kelley said.

Rezoning Asked in Avon for Homes and Apartments

AVON TOWNSHIP — The township planning commission last night was asked to rezone the Galanty property, north and west of the Danish Old Peoples' Home on Walton, to allow construction of 134 single-family homes and 288 apartment units.

Sheldon Goldman, representing Argonaut Investment Co., said he would take the matter before township planning consultants, Vilcan and Leman, Inc., of Southfield, for review and recommendation.

Two public hearings drew about 40 people, but action in each case was tabled until March 20.

The request of Sidney Lockhart to change zoning from light industry to multiple on a strip of land adjacent to a

proposed trailer park on Auburn Road met objections from the Avondale Board of Education.

The objection as stated was because of the proposed zoning's implication in connection with the mobile home park, which Lockhart proposed to build between Leach and Harvey streets. Loss of tax revenue was feared by the board. The request was tabled for further study.

Township ordinances have required multiple buffers all around such a project, but the narrowness of the strip held to consideration of apartments only on the easterly side.

Also tabled for an assessing study was the request of Dan Ward Electric Co. to rezone from residential to commercial a strip of land on Adams near Auburn.

Leak Looks Back on Controversial Term

By JEAN SAILE
CLARKSTON — "I've still got 88 friends left," Dave Leak grins ruefully. Defeated earlier this week in his primary election bid for the Village Council presidency, he garnered 88 of a possible 241 votes.

He says he has no regrets.

Appointed last April to a vacancy on the council, the tall, crew-cut efficient trustee stirred considerable controversy through his efforts to expand village limits and seek downtown rezoning.

Village meetings in this community grew hotter and drew more spectators during his tenure than any others in the minds of many long-time residents.

KEPT HIS 'COOL'

Leak—a scrubbed young executive type—kept his "cool" and his goals.

Thirty-five years old and a controller for Federal-Mogul Division in Southfield, Leak's family history is interwoven with the town's.

His father served for 19 years on the Clarkston Board of Education, several of those years as president.

Schooled in Clarkston, he lived away from the community from 1954 to 1965 but has returned to the family home at 6195 Middle Lake with his wife, Sally, and their three young sons.

LIKES SETTING

"I like the people in this town and its setting of hills and lakes. Some of the people I've known a long time, and they're very dear to me," he said, revealing a facet that people rarely saw at village meetings.

His explanation for his controversial term as trustee?

"I feel very strongly that sometime the township (of Independence) will become a city. The people in the village should have a choice as to whether they want to become part of the city or not. I felt a sense of urgency because I don't believe it will be too long before the township becomes a charter township," he mused.

Leak continued, "It would become more complicated to annex under a charter township."

He believes expansion is necessary to provide an adequate tax base to give the village the choice of independence.

"I wanted to do something on time for a change, rather than too late," he raved.

Asked about what he thought the chances for annexation might be as promoted by a study committee recently formed for that purpose, he answered, "Members must take the time to sell their ideas and decision to the people,

and the people have to be interested enough to listen objectively before making a decision."

Queried about his own methods of promoting expansion and rezoning, Leak felt he would probably do the same thing again.

"I purposely tried to hurry things along. We (the town) have taken everything slow and easy and haven't accomplished much. Now we've gotten people stirred up. It's up to them to find out what the facts are."

Feeling strongly that Clarkston and the surrounding area is due for considerable development in the next five to 10 years, he considers the area a natural for both housing and industry.

Would he like to be in on the changes?

"I wouldn't run for council unless someone asked me. There is very little compensation, financial or otherwise, I've spent a lot of time away from my family. I wouldn't campaign for the privilege of working that hard again."

Defeated Clarkston Trustee David Leak: 'No Regrets'

THE PONTIAC PRESS Area News

Walled Lake City Council Delays Discussing Changes in Water System Ordinance

WALLED LAKE — Revamping the ordinance for the city water system hasn't yet come before the City Council for discussion as was expected.

The possibility that such a council discussion would be carried on earlier this week had been indicated by City Manager Royce Downey.

He said the discussion was put off because there wasn't enough time, even in the executive session which followed the regular meeting.

Downey added that a new ordinance will come up at a future public meeting.

Downey also explained that the delay

is due to the currently indefinite timetable for the city's sewer system.

DUAL USE

Plans are to lay some of the water and sewer pipes in the same trenches.

Mayor Wendell G. Kellogg Jr. reported that he expects an answer firming up some of the sewer system plans late this week from the Oakland County Department of Public Works.

Following a report on three areas with storm sewer problems, the council instructed Downey to have a preliminary study done to determine costs of a sewer in the Leeds and Bluffton street area.

The council also decided to have its plans for a storm drain near Decker from the railroad tracks south to the Greenway drain reviewed.

DRAINAGE TROUBLES

Other plans are to approach the Oakland County Road Commission about the drainage troubles on Wellsboro west of Pontiac Trail.

The council is going to have on sale for residents 30-gallon plastic garbage bags at \$5 per 100 — a year's supply. This is in response to residents' complaints about dents in garbage cans when the refuse collectors bang them to shake loose frozen contents, said Downey.

A public hearing is scheduled for March 12 on the rezoning of 18 acres west of Decker and south of Maple for a combined hospital and convalescent home. The planning commission is holding the hearing.

The city manager reported that the city housing commission has approved preliminary plans and specifications for a senior citizens home. Plans include 94 units and recreation facilities, said Downey.

HUD GRANT

The plans have been sent to the Chicago office of the department of Housing and Urban Development (HUD) in hopes of receiving an \$18,000 planning grant. The residence is planned to be owned and operated by the city and funded by the federal government.

An art fair, it was also announced, will be held here Aug. 24 and 25 by the city's parks and recreation committee.

Membership Drive Is Begun by Group Helping Retarded

The Oakland County Association for Retarded Children is engaged in its first membership drive.

Using the slogan "Retarded Children Can Be Helped," the group hopes through increased membership activity to promote a better understanding, training and research on the problem of mental retardation.

The association is made up of membership from eight local community agencies — Friends and Relatives, New Dawn, New Horizons, North Oakland ARC, Parents Forum, Southfield ARC, Special Education Parents Unit for Retarded Children, and Waterford Organization for Retarded Children.

These organizations serve their various areas as well as aid in the countywide problem through the association.

Those concerned how to promote the development of new services and improved programs through cooperation with public and private agencies.

It is not necessary to be parents of a retarded child to join. A small fee entitles a member to association publications. Some of the fees go toward statewide and nationwide programs.

Panel Appointed in Lapeer

Land Appraisal Study Is Slated

LAPEER — The City Commission has appointed a five-man land value committee to study all land appraisals in the city for possible reassessment.

City Manager Arnold Whitney said the value study is undertaken every five years for updating purposes.

Named to the committee are Garnet Dunsen, Clarence Ruhnman, Harvey Wilson, Fred Wilder and Leon Herrick.

The commission also agreed to allow Lapeer Manufacturing Co., 3053 Davison to hook up to the city sanitary sewer system. The firm, located just outside the western city limits, will pay 1 1/2 times normal rates.

In other business, the commission agreed to return all rebates of \$2 or under on the city income tax in cash, and rejected a bid of \$150 from the La-

peer Lumber Co. for surplus park property.

Rochester Area Gets Club for Young Adults

ROCHESTER — THE-KLUB, a organization for single and married adults 21 to 35 years old, has been formed in the Rochester area.

Organized under the direction of the committee for community affairs of the Rochester Rotary Club, THE-KLUB's purpose is to provide an opportunity to meet new people and develop activities of interest.

A meeting at 8 p.m. Feb. 27 at Mac's Wee Hoose, 2650 S. Rochester, Avon Township, is open to members and others of the community who would like to join. Entertainment will feature guitarists.

Farmington Hikes Water Rate

FARMINGTON — Water's going to cost 12 per cent more here.

The ordinance detailing the new rates has been adopted by the City Council.

In effect is an increase from \$4.50 to \$5 per 1,000 gallons of the first 7,000 gallons used. Increases for other amounts of water are proportional.

As users of Detroit water, the city has been levied a 15 per cent hike, of which only 12 per cent is being passed on to consumers. The city has an additional 29 per cent increase because it uses the maximum amount of water in summer, explained City Manager John D. Dinan.

The council has received a current six-year capital improvement program drawn up by the planning commission. The program serves as a guide in

developing next year's budget, said Dinan.

Major projects expected to be completed before June 30, 1969—the end of the next fiscal year—include the widening of Farmington Road from Eight to Nine Mile roads; water system improvements; development of a community park facility, and construction of a DPW storage building.

The council approved the rezoning of 19 acres on the southeast corner of Halsted and Grand River for a shopping center, motel and apartments.

Tabled was a decision to rezone three-quarters of an acre east of Farmington and south of Nine Mile Roads for multiples. The council, without offering opinions on the rezoning request, asked for an engineering study on the open

drain which runs through the property.

Dinan, who has since checked with the Oakland County Road Commission, reports that the commission is planning to close the drain when it widens Farmington Road. He added this project will probably be done this summer.

The council set March 13 for a closed meeting with Farmington Township Board. This is the first of such quarterly meetings expected to begin soon for discussion of mutual problems.

The council also received a letter from Grover Niergarth, Drake Road, pointing out the damage to wildlife because of the city's use of DDT for Dutch elm disease. The city manager was instructed to investigate use of other sprays.

Special Meeting Tonight in Shelby

SHELBY TOWNSHIP — A special meeting of the Township Board will take place tonight at 7:30.

Scheduled for discussion is a report from the township water negotiating team, which has been meeting with Gerald J. Remus, Detroit Water Department general manager.

A township suit pending against the department in Macomb County Circuit Court is being held in abeyance until Monday while negotiations continue.

If the board rejects the latest offer of the department for a settlement, the suit will likely be resumed.

Jack Millard, township treasurer, is chairman of the negotiating team. Other members of the group are Kirby Holmes, township supervisor; Roy Rogensues, township attorney; and John Lehner, township engineer.

W. Bloomfield Fire Department Commended for Rescue of Boy

WEST BLOOMFIELD TOWNSHIP — Fire Chief Mel Joritz accepted commendation last night for his department's rescue of 3-year-old Michael Sievers from his blazing home last Thursday.

Specially cited by the Township Board were firemen Roscoe Hunt, who is credited with carrying the boy out of the house; and Joritz and Bernard Pantie, who were injured in attempts to enter the house at 2846 Beland, Keego Harbor. The boy has since died.

The board approved the final plans for Bloomfield on the Lake West Subdivisions No. 1 and 2.

The board instructed the township engineer to study a route for a road to

facilitate mail pickup for residents of Hills of the Powder Horn subdivision.

Supervisor John Doherty said that because of lack of road funds the road couldn't be constructed soon.

LETTER RECEIVED

The board received a letter from that subdivision's residents inquiring why Apple Ridge Trail hadn't been extended as earlier planned.

The residents said this extension would make it easier for them to get mail at the corner of Midale Belt and Walnut Lake roads.

Authorized were road signs indicating that the western part of Normanwood Circle is now called McDwitt Drive and that the eastern part of Normanwood Circle is now called Normanwood Drive.

DeMolay Unit to Install Officers

CLARKSTON — Michael Yarbrough, 5220 Maybee, Independence Township, will be installed as master counselor of the Clarkston Chapter of the Order of DeMolay.

The ceremony will take place at 8 p.m. Saturday at Cedar Lodge No. 60 F&AM Temple, 1 N. Main.

Also to be installed are Michael Thomas of Orionville as senior counselor and James Jones of Waterford Township as junior counselor.

The chorus of Bethel Chapter No. 25 of Job's Daughters will sing. Special vocal selections will feature Jan Parker and JoAnn Gillen, University of Michigan coeds.

PTA Talk in Rochester

ROCHESTER — Kenneth R. Conklin, assistant professor in the Oakland University school of education, will discuss "The Generation Gap" at the PTA Founders Day meeting at 8 tonight in the new auditorium of the Rochester Senior High School. The meeting is open to all parents.

Ferndale Gets Grant

WASHINGTON — Ferndale, Mich., was awarded a \$37,944 grant Wednesday by the U.S. Department of Housing and Urban Development to bring homes in violation of housing codes up to standard in a 410-acre area. The amount includes \$4,800 for relocation assistance.

EUGENE L. JOHNSON
School Chief

Tomorrow's School Today?

BLOOMFIELD HILLS — The educational system of the future may be just around the corner for students of this school district, according to Supt. of Schools Eugene L. Johnson.

What will it be like?

Hopefully, Johnson said, it will be a school system which has a unified curriculum through all schools and grades, and which is geared for individualized instruction permitting each student to learn at his own rate.

That, at least, is the direction of a new federal program called "Educational Systems for the 70's" (ES 70), already under way here.

Official kickoff for the five-year program came last week, with an announcement by the U.S. Office of

Education that it would grant a total of \$300,000 to 17 school districts around the country for initial planning.

PORTION OF TOTAL

Bloomfield Hills' portion of that total is \$22,000, which will pay the salary of a systemwide curriculum coordinator and allow for several trips to national conferences for the coordinator and superintendent.

Coordinator for this district is Robert Boston, assistant superintendent and curriculum. Boston's duties, Johnson explained, consist of giving teachers in-service training, planning new programs, and generally attempting to unify the district's curriculum.

The individualization of learning, possibly through "learning labs" with

books, tapes, films and other tools, will allow some students "to graduate with far higher abilities than possible under the traditional program," Johnson added.

The ultimate aim of the project will be to develop and refine techniques for shaping these individualized learning programs, the superintendent continued.

When this is done, he said, "we hope to take a lot of the material we're using and bring in the education specialists — men of national repute — to pass on the things we've learned to other districts."

This will be done by producing textbooks, workbooks and teacher aids to help both students and instructors adjust, Johnson said.

Recommendations for New \$40-Million State Capitol Unveiled

LANSING (AP) — Legislators would operate in "theater-in-the-round" chambers and the governor would live in a state-constructed residence under recommendations for a new \$40-million state capitol unveiled today.

The recommendations, included in a more than 130-page report to legislators, came from a New York management consulting firm.

The report followed a six-month, \$40,000 study authorized by the Joint Capitol Outlay Sub-

committee, headed by Sen. Garland Lane, D-Flint.

Lane said the recommendations would be studied along with three architects' proposals for new capitol designs. He said a new facility could be completed in about six years.

ESTIMATED COST

Estimated cost of the new capitol is \$30 million, the company said.

Another \$10 million would be needed for 1,000-car parking facilities, a governor's residence, architectural treatment of plaza

areas in the capitol complex and furnishings.

The company said it would not recommend renovation of the old capitol.

"The cost of a new capitol building is \$30 million, whereas renovations, additions and cost of temporary space (while renovations were being made) would equal \$36.5 million," the company said.

The report added that a survey of legislators showed 105

of 148 favored a new building, 33 favored renovation and addition of wings, three advocated no change and seven were undecided.

In the ultramodern "theater-in-the-round" chambers recommended, legislators are arranged in concentric semicircles around the House speaker or Senate president pro tem.

The present chambers are set up something like a school room with legislators sitting at rows of desks facing an elevated speaker's chair.

Under the proposed plan, each tier of legislative desks would be higher than the one in front of it and desks would be equipped with picturephones, to link legislators with their offices and other areas of the capitol, and some system of electronic communication with the speaker.

STAND AT MICROPHONE

Members now must stand at a microphone to gain recognition on the floor.

The plan calls for caucus rooms and legislative lounges—

one just for legislators, the other also for visitors—adjacent to the chambers.

The plan, geared to top efficiency in the year 2,000, also forecast individual offices, private secretaries and administrative assistants for each legislator.

Some senators and a few representatives now have private offices, but the majority share cubbyholes with several other lawmakers.

The present governor's office, the report said, is too small for

the entire staff, lacks a conference-cabinet room with enough space for news conferences and fails to provide privacy of access for the governor.

Under the company recommendations, the governor and the lieutenant governor each would have two offices, one for state occasions and one for regular work.

The company recommended an executive residence be built within blocks of the new capitol. Lane estimated cost at \$600,000.

'Father' a 'Square' by Current Ethics

GEORGE WASHINGTON, born 236 years ago, was of such good character it fostered a legend to the effect he never told a lie.

Debunkers assure us the story of the cherry tree is more fable than fact, but, nevertheless, it is hard to believe a like tale about any contemporary public figure could survive generations of retelling.

WASHINGTON

Of course, this is not upsetting to many people because simple honesty has gone out of fashion. Today's man is not considered dishonest, merely expedient, and the sin is not in the act of commission, but rather in the fact that he gets caught.

Poor George, we're afraid, might not fit in today.

For example, can you imagine Washington saying he didn't want to get involved? Can you hear it? A group of revolutionaries come to Washington, the Virginia aristocrat — Washington, the landowner, the gentleman farmer.

"Help us," they say, "help us to build a nation dedicated to a new concept of freedom. Lead our in-

experienced army against the might of England."

And GEORGE, if he were a modern man, might look out on his acres of rolling countryside; his stables of blooded stock; and say with great sincerity, "I'd rather not get involved."

WASHINGTON could not utter those words because of his inherent honesty; because he realized that involvement was the only way he could maintain his integrity. And integrity to one's self is the foundation of honesty with one's neighbors.

Involvement to WASHINGTON meant many personal sacrifices. As a rich man, he could have lived in ease and high comfort. Instead, he chose to suffer countless hardships. Betrayed, abused, he was the object of jealousy and violent criticism.

But WASHINGTON did not believe in patriotism WITH a purpose. To him, patriotism WAS a purpose, and no sacrifice was too great as a means of its fulfillment.

Our forefathers were fortunate, indeed, to have a leader of Washington's stature in their time of trial. But we are lucky, too, if only we remember to look back from time to time and use the shining example to light the forward path.

Death Knell Heard for Last 'Lakes' Cruise Ship

Two generations of Great Lakes voyagers will mourn with nostalgic memories the "death" of the inland waterway's last cruise ship.

"Funeral services" were held early this month for the SS *South American*, when the company operating the pleasure craft was formally liquidated.

the half-century she won renown as exemplification of gracious life afloat.

Acquired by Seafarers International Union for use as a seamen's training ship, the *South American* will spend her remaining years based at a Maryland port.

So dies another symbol of an American era marked by the unhurried pace of inland shipboard travel.

National Kraut and 'Franks' Week Comes of Age

It is not generally known that we are now observing National Kraut and Frankfurter Week. Even less generally known is that it is the 21st annual National Kraut and Frankfurter Week. Least generally of all does anybody care.

But the public relations release containing this announcement notes an interesting fact. When the first K&F Week was observed (by somebody) back in 1947, the Nation was in the middle of the postwar boom. This year's presidential election will be the first one for those millions of boom babies who have now entered man's estate.

It seems as if there should be some sort of profound comment to make about this fact.

Well, this the first generation of voters who have never known a world without atom bombs, ballistic missiles, a Cold War, a hot war in Vietnam, commercial television, civil rights turmoil, the draft and so many other life-disturbing things they blame their parents for.

Yet, neither have they known a year without a National Kraut and Frankfurter Week.

As Emerson said, there are compensations in every situation, if only we look for them.

Voters Reject School Tax Hikes

By L. GARY THORNE
Assistant City Editor—Suburban

An indication of things to come may be seen in the rejection earlier this week of

These results are far from being split decisions. The implication is obvious — there is plenty of antitax sentiment hereabouts.

Earlier in this calendar Romeo voters bounced a proposed school tax boost of five mills which was incorporated in a total eight-mill ballot proposal.

These three votes — it was the second defeat in Romeo and the third in Troy — are just the beginning of the money issues slated to go to area voters in the first half of 1968.

The indication is that the Romeo and Avondale issues got caught in front of a wave of antitax feeling, while the Troy School District appears to have internal difficulties.

After three defeats, it seems likely the Troy district will have to resolve its internal unhappiness before again soliciting voter approval for more money.

The antitax virus — while

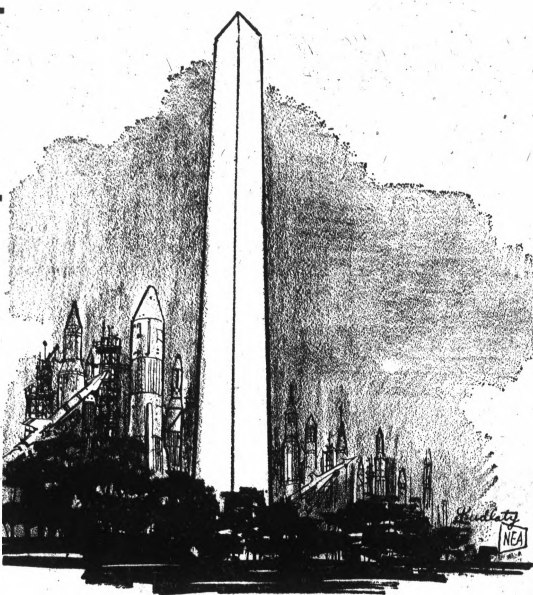

disabling for a time — is not incurable. Schoolmen, however, will not be able to sit back and assume the essential goodness of their cause will carry them through. It might not.

In every election there is a solid core of dissent. That core of "no" votes is now larger than it has been for years.

Antitax feeling stems from a variety of sources. The basic cause, has to have something to do with the general upward spiral of rising costs to do just about anything and everything.

Gasoline taxes, property taxes, state and city income taxes, sales taxes, corporate taxes — everything is rising. Then too, there is the projected "war tax," which is the ultimate tax upon a tax.

This area to date has had three school millage elections and three defeats. It seems an obvious conclusion that the seven upcoming money votes face rough sledding.

Guiding Missile

David Lawrence Says:

'Will to Work' Lacking in Many

WASHINGTON — While the federal government is developing plans to increase the opportunities for employment in America, there is a recognition that many of the idle do not possess a "will to work."

LAWRENCE

Percentages are issued from time to time by government bureaus which state, for example, that the unemployment rate at present is somewhere between 3.5 and 4 per cent.

But when the fine print is examined, it is discovered that, "as of any one time," an average of about 3 million people are unemployed — that is, looking for work and unable to find it.

Indeed, there are 10 million unemployed "at one time or another during the year."

Secretary of Labor Willard Wirtz, in testifying this week before a joint committee of the Senate and House, refers also to "a so far uncounted number of additional people who ought to be working but who for one reason or another are not 'looking for work' and therefore are not included in 'unemployment' statistics."

He points out, too, that a heavy concentration of the unemployed is to be found among "minority groups" and youth and in certain areas, particularly the urban and rural slums.

What is being realized at last is that there are, as Wirtz says, problems of "unemployment" which are essentially more "personal" than "economic."

NEW METHODS
Efforts are being made to develop new methods which would identify and measure this type of unemployment, and operating programs to deal with it.

It is noted, for instance, that Negro and other minority groups have an unemployment rate, particularly in the big cities, twice as large as that of the white workers.

Teen-agers also had an average of 12.9 per cent unemployment in 1967, which is a record of an improvement over 1961. Likewise, nonfarm laborers had an average rate of 7.6 per cent.

So when fragmentary news dispatches from Washington

speak of a 3.5 per cent unemployment rate, it must be borne in mind that there are approximately 11 million persons who "experience joblessness at some time during the year." Of these, more than 1 million are unemployed for a total of at least half a year.

As the reasons for this situation are examined, it is found that hundreds of thousands of men and women are not working "because of remediable physical and emotional handicaps."

Secretary Wirtz says further, "Others are not

looking for work because they lack the basic minimum of literacy or skill, or have been repeatedly retrained, or cannot find transportation to where the jobs are located, or cannot find child-care facilities."

"Still others have only part-time work although they need and are looking for full-time employment."

There is still another grouping — those who are so "estranged from the world of work" or are so "convinced they will be barred from work" that they do not even seek jobs.

(Copyright, 1968, Publishers Mail Service)

Bob Considine Says:

Washington as President? He'd Keep Things Lively

NEW YORK — Immediately after the publication by Rupert Hughes (Howard's uncle) many years ago of a book which portrayed George Washington as something less than a pillar of morality a shocked aide of President Calvin Coolidge came into the President's office to give him the lurid details.

Silent Cal listened him out, then swiftly looked out the window at the Washington Monument.

"It's still there," Cal said, What would Gen. Washington be up to today, if he was of the same mind and tongue as when he was president?

He'd surely be in trouble with the same people who pushed through the no-prayers-in-school decision of the Supreme Court. After his first inauguration, here in the city he hoped might be the permanent capital of the fledgling nation, Big George said, piously:

"Almighty God, we make our earnest prayer that Thou wilt keep the United States in Thy holy protection; that Thou wilt incline the hearts of the citizens to cultivate a spirit of subordination and obedience to government; to entertain a brotherly affection and love for one another and for their fellow citizens of the United States at large."

The Founding Father left relatively few epigrams, proverbs and indelible nuggets behind him, compared to the Great Emancipator. Bartlett's familiar quotations' remembers only:

"Labour to keep alive in your breast that little spark of celestial fire, — conscience." (Rule from the copybook of Washington when a schoolboy.)

NO SWEARING

"That meaningless and

abominable custom, swearing." (Orders against profanity in the army.)

"To be prepared for war is one of the most effectual means of preserving peace." (From his first state of the union speech. He may have leaped heavily on Flavius Vegetius Renatus, a 4th century Roman historian who opined "Who would desire peace should be prepared for war.")

Or Horace (not Stoneham) the pre-Christian Roman poet who flatly declared in blankly-blank verse, "In peace, as a wise man, he should make suitable preparation for war."

Whatever the source of his inspiration, G. Washington, would have been utterly bewildered by a \$2.3-billion-a-month war in a place named Vietnam, which he never heard of. Nor had he ever heard of a billion dollars.

But, then, he also probably would have fainted at the sight of an airplane, pondered at length the risk of riding on an elevator or subway, fallen over backward looking up at the Empire State Building and ordered all wearers of miniskirts and beards placed in stocks.

I'm one of the comparatively few persons born in Washington, D.C. The earliest memory I have of my place of birth was a jingo that had nothing to do with patriotism, particularly at the punch-line. It went "Washington! First in peace—First in war — And last in the American League."

Cool it, George! The monument is still there.

'Pontiac Was Fortunate to Hear Choral Group'

It was a pleasure to have the Kenneth Jewell Choral perform in Pontiac recently. The Pontiac area Federation of Women's Clubs is to be congratulated on giving music lovers, choirs and students such an unprecedented opportunity to hear and enjoy what is undoubtedly one of the most outstanding demonstrations of choral music in America today.

Comments on Aims of Modern Education

The Waterford Township Board of Education is spreading propaganda in favor of the millage election coming up this spring by publishing a front-page report of the citizen's committee for study of our school needs. While I do not advocate a return to the "one-room schoolhouse," there are many points in its favor. The sole aim of the schools in those days was to equip the pupils with knowledge of all subjects that form a basis of all education.

Modern day boards of education seem bent on making this and future generations into a race of super athletes. We should get back to the original reason why our public school system was organized—the education of our youth in the fundamentals of education. Grounds, swimming pools and gymnasiums cost a lot of tax dollars.

ARTHUR SASSER
289 HOSPITAL RD., UNION LAKE

Offers Suggestion for the Republican Party

If the Republicans are afraid that George Wallace will siphon off some of their votes, why don't they offer the voters something besides more of the same and "me tooism"? If they lose the election it will be their own fault and not the fault of George Wallace who is offering the voters of all classes a chance to restore constitutional government.

Reader States Opinion on Michigan Taxes

Our boys in Lansing took a million or so off the working man in the way of income tax, which I didn't mind, but they turned around and gave it to the big chain stores by taking off their tax which is over a million. We should change the whole bunch at next election.

SLIM

'Campaign Promises to Be Most Critical'

The 1968 campaign promises to be one of the most critical in the Nation's history. The Socialist Labor Party will participate in the 1968 campaign with its message of hope and viable program for a socialist reconstruction of society — a society based upon social ownership and democratic control of the instruments of production. We will continue to call upon the working class to unite at the ballot box to declare a finish to capitalism and to unite on the job to enforce the ballot.

FRANK TROHA
23081 GENEVA, OAK PARK

'Highways Blocked for Repair of Utilities'

We wonder what kind of engineering and planning goes into highway construction that allows utility companies to block off from one-quarter to one-half of the highway for a day or more to allow them to repair installations. I refer to Orchard Lake Road at Telegraph overpass and at Keego Harbor at the light. At other places the roads are built for full-time use by the public by utility men. I think somebody goofed and, as always, the public pays. Let's have usable roads instead of roadblocks.

These Changes Might Solve Some Problems.

If I had the power, I would make some changes in the Supreme Court. I would eliminate the lifetime tenure of judges; retire all members past 70 and replace them with judges 40 years of age; institute a ten-year limit of service; veto several decisions recently passed.

I would make it mandatory that every person employed by the Government or employed in factories doing government work be a citizen and take the Oath of Allegiance; give law enforcement officers the right to search anyone suspected of criminal intent; compel parents to be responsible for violence or vandalism by children under 18; permit prayer in schools; omit the "state line" phrase now in many laws; omit "during a riot" in the law pertaining to interference with police or firemen; put more teeth into laws concerning dope and drugs; build highways for truck traffic only.

F. A. M.

Comments on First Aid by Ambulance Men

The only requirement license-wise of an ambulance driver is a driver's license. He is not required by any law, ordinance, etc., to know anything about first aid. Eighty to 90 per cent of all ambulances in the United States are owned by undertakers. When one arrives to aid you in an emergency, is this man's allegiance to his employer, the hospital or the individual in need? Fortunately laws are pending in our legislature to deal with this subject.

GORDON E. DOULE

Question and Answer

To whom does the wood belong when the County cuts down a tree between the road and the fence on private property?

OWNER

REPLY

Mr. Loomis of the County Road Commission Forestry department says unless the owner has requested that it be removed, the wood is left there for the property owner. The exception would be a tree removed because of Dutch elm disease. Mr. Loomis says there have been some cases of hijacking walnut trees. Individuals have cut down the trees for the wood and carried them off, but so far the County hasn't learned who the thieves are.

JOHN TRERICE

Teen of Week in Waterford 'Is Confident'

A ninth grader, who teachers say has gained much confidence during his years at Cray Junior High School, has been named Teen of the Week in Waterford Township.

Recipient of the award is John Trerice, 15, son of Mr. and Mrs. John Trerice of 93 Ascot, Waterford Township.

John is described by teachers as "an excellent example of the youngster who begins junior high as a shy and withdrawn boy and, by the ninth grade, has blossomed into a confident, outgoing young man."

For the most part during the past two years, John has been on the all-A honor roll at Cray.

He has served as a teacher aide, working with eighth grade mathematics students, and eventually would like to teach math.

MUSIC, SPORTS
John's interests range from music to sports.

He plays the bass violin for the school orchestra and has studied guitar for the past six years.

John enjoys playing football and pool which he does with the billiards club at Cray during activities day.

He also serves as a caddy at Tam O'Shanter Country Club to earn money for college. Last summer, he caddied for nationally known professional golfer Bob Rosburg in a sectional qualifying round for the U. S. Open.

John says he spends much time thinking about the school's ninth grade educational field trip to Washington, D. C., April 29 through May 3.

Bus Fares in Detroit to Go Up a Nickel

DETROIT (UPI) — Bus fares in the nation's fifth largest city will go up by a nickel March 2, the Detroit Street Railway Commission decided yesterday.

The commission voted to boost regular cash fares from 25 to 30 cents; ticket fares from 22½ cents to 28 cents; express fares from 30 to 35 cents on one ticket and a nickel; and student fares from 15 to 20 cents.

The commission also approved a proposal to post \$500 rewards for information leading to the conviction of anyone holding up a bus driver.

'Opportunities Never Better'

Career With State Police Is Boosted

Young men desiring careers as troopers in the Michigan State Police are advised by Sgt. Raymond Hoopengartner, commander of the Pontiac post, that opportunities to enlist in the department never were better.

The need for officers was necessitated by recent legislative approval for 225 more trooper positions, he said.

With this objective, specialist recruiters are intensifying their efforts to locate qualified applicants.

The department also plans overlapping of recruit schools to

graduate as many troopers as possible by midyear.

Eligible to apply for enlistment are men 21 to 30, inclusive, who are high school graduates or the equivalent, American citizens, at least 5 feet 9, and a minimum of 150 pounds with weight proportionate to height.

COMPLETE DETAILS

Sgt. Hoopengartner said that complete details about trooper careers can be obtained at any State Police post or by writing to the Michigan Civil Service Commission in Lansing.

"The pay schedule, job

security, pension and many other benefits and advantages rank State Police careers with the best in the police profession," Hoopengartner said.

Trooper pay begins at a biweekly rate of \$257.60, beginning with recruit school, and then through automatic steps, climbs to \$361.60 after six years.

A proposed pay raise would increase these levels to \$272.88 and \$383.20 if approved by the Legislature.

CAN TAKE EXAMS

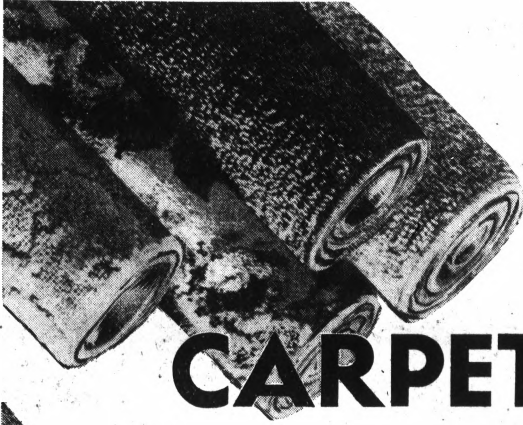

Troopers also have opportunity to take examinations

for promotion which results in pay increases.

Hoopengartner added that uniforms and equipment are provided. Other benefits, he said, are paid vacations, paid sick leave, longevity pay after six years and cost-sharing insurance plans.

He noted that the State Police pension plan enables an officer to retire at half pay after 25 years service and protects the officer's wife.

More than a million people are expected to visit Hawaii in 1968. Some 925,000 tourists were there in 1967.

State Capital News in Brief

By the Associated Press

THE GOVERNOR
Was campaigning for the Republican presidential nomination in New Hampshire.

THE EXECUTIVE OFFICE
Said mayors of 19 major Michigan cities have been asked to meet with Gov. George Romney next Monday to discuss the state's urban problems.

THE LIEUTENANT GOVERNOR
Praised apparent approval of an open housing law in Flint.
Drew names for hearings for the annual mayors exchange, held as a part of Michigan week on May 20.

THE STATE LIQUOR CONTROL COMMISSION
Said it has revoked the tavern license held by Carlos Colacurcio, owner of the Grecian Gardens Restaurant in Detroit.

THE ATTORNEY GENERAL
Expressed opposition to American Bar Association recommendations that judges, lawyers and policemen restrict the flow of information about criminal cases.

THE SENATE
Heard State Police Commissioner Frederick Davidson recommend passage of several anti-crime and anti-riot bills. Bills introduced included:
SB 108 "C" Flaming. Amending constitution to forbid diversion or appropriation of money derived from fuel or motor vehicle taxes for any purpose except for highways.
SB1091. Beebe. Authorize county clerk to issue liquor purchase identification cards and charge a \$1 fee for them; any licensed dealer selling to 10 or more persons would be free from liability.
SB1091. Beebe. Raise fine for narcotic drug license from \$2 a year to \$5.
SB1091. Richardson. Raise dog license fees.
SB1101. "Flaming. Provide for impounding of vehicle of person convicted of driving while license is suspended or revoked.
SB1102. Flaming. Make it a misdemeanor to fail to answer an order to appear in court for violation of motor vehicle code and provide for license suspension.
SB1103. Flaming. Provide for issuance of restricted license to person whose driver's license has been revoked or suspended.
SB1106. DeMaso. Provide discount for early payment of property taxes: 4 per cent in December and 3 per cent between Jan. 1 and Jan. 15.
SB1112. DeMaso. Require state to take special census between federal decennial censuses and to provide for distribution of state funds to political subdivisions on basis of population determined by such census.
SB1120. Zaegman. Appropriate 1-1/2 Department of State Police \$1.5 million in fiscal 1968 to create police equipment fund for cities of more than 10,000 population having fulltime police forces.
SB1124. Fitzgerald. Provide for state educational grants for benefit of children in nonpublic schools.

The House
Passed: Faxon. Require officer of congressional district political organization to be district resident.

HB3815. Brown. State grants to parents of nonpublic school children.
HB3821. Young. Forbid a person committed for alcoholism or drug addiction to possess a firearm for 10 years after his release.
HB3822. Callahan. Provide license plates for uninsured drivers would be different color than those of insured motorists.
HB3823. Ziegler. Authorize State Police reserve force.
HB3834. Saratkin. Allow news media to identify minors accused of felonies in probation court proceedings.
HB3832. Smit. Authorize state to issue \$15 fine to boat owner for failure to insure water pollution control; require voter approval.

Livonia Bachelor, 42, Wins Top Prize in N. Y. Lottery

\$100,000 RICHER — Edward Sklany displays receipts for 10 tickets he bought—one of which he was told won him top prize in the New York state lottery.

LIVONIA (AP) — Edward Sklany, a 42-year-old bachelor, learned he was \$100,000 richer Wednesday. But he says he's not too excited, is tied up with his job and hasn't "the slightest idea" what he'll do with the money.

"What else am I going to do?" he asked nonchalantly.

"I usually don't get excited like other people."

"I've seen too many people get excited and do things they normally wouldn't do."

Sklany, manager of the new National Can Corp. plant in this Detroit suburb, won the top prize of \$100,000 Wednesday in the New York state lottery.

Sklany, who moved from Eden, N. Y., to Livonia just two weeks ago, said he was notified he had the winning ticket by J. C. Ball, manager of a can company plant in Eden.

"MADE WHAT?"

"You made it," Ball, who was very excited, told Sklany.

"Made what?" Sklany answered laconically. "\$100,000," Ball hushed.

"That's fine," Sklany answered in his monotone.

Sklany said he was going to take his new wealth in stride. He said he does not plan to celebrate his winnings.

"I'm pretty well tied up with my job," he said, referring to his new plant, which will probably be opened in April.

"I haven't got the slightest

idea what I will do with the money," he said.

Sklany said he had been purchasing 10 lottery tickets each month.

'WORTHY CAUSE'

"When you go to a horse track, you play the horses. I lived in New York state and I bought lottery tickets," he said.

"The money went to a worthy cause. Advertisements said they used the money for education. It never bothered me one way or another whether I won," he said.

Device Simulates Flat Tire as Aid in Driver Education

FABRICATED FLAT — General Motors has introduced a device to teach student drivers how to handle an automobile safely if a tire suddenly goes flat. From inside the moving car the instructor deflates the tire

(insert) by switching off the pressure from a tank of compressed air. After the student has brought the vehicle to a stop, the tire is inflated from the tank.

General Motors has developed a flat-tire simulator and has made it available to driving instructors and others. The device offers drivers an opportunity to experience safely — and learn to handle — the change in automobile driving characteristics caused by a sudden loss of tire air pressure.

In the early days of motoring, when most tires were inflated with a tube, flat tires occurred with greater frequency than today. Most drivers became practiced in bringing the car safely to a stop.

Such incidents have become relatively rare, but occasionally occur despite improvements in design, materials and construction which have steadily improved tire dependability. However, these advances have also limited the driver's opportunities to learn to control the automobile.

"The principal importance of the simulator is that it gives the student a real-life, at-the-wheel knowledge of what actually happens to a car when a tire suddenly goes flat," C. J. Brady, GM Proving Ground director, explained.

"The instructor is there as a safety measure and the flat can be resaged until the student learns to do the right things."

NOT SERIOUS

A flat tire should be of no serious consequence to a normally attentive experienced driver, Brady explained. He should be able to supply the necessary additional control required to keep the vehicle in its path.

General Motors, however, long interested in all phases of traffic safety, recognized the need for some means of surprising student motorists with a flat tire and permitting them to practice handling the situation safely.

The problem lay in not endangering the student and keeping the costs within the budgets of most driver training classes.

The solution appeared in the simulator GM introduced during the recent National Safety Council's Winter Driving Conference at Stevens Point, Wis.

ADVANTAGES

Designed originally for automotive tests but adaptable to high school and other driver training courses, the device has a number of advantages over those previously available.

The GM simulator:

- Permits the same tire to be deflated repeatedly, thereby reducing training costs.

- Eliminates potentially dangerous explosives often used to create a sudden loss of tire pressure.

- Operates simply and dependably.

- Can be made easily and inexpensively.

Design simplicity, which enables a high school to fabricate its own simulator, was one of the principal objectives achieved by GM Proving Ground engineers who conceived and perfected the device.

Triggered by a simple change in air pressure, it fits an automobile's front or rear wheel, is easily installed and removed and requires no changes in the automobile body structure.

Suggested training sites are

closed roadways with safe shoulders and an absence of nearby obstructions or other unobstructed space such as a large, empty parking lot.

Because of the variety of road and traffic situations, there is no single recommendation for the proper control of a vehicle, during a sudden flat tire.

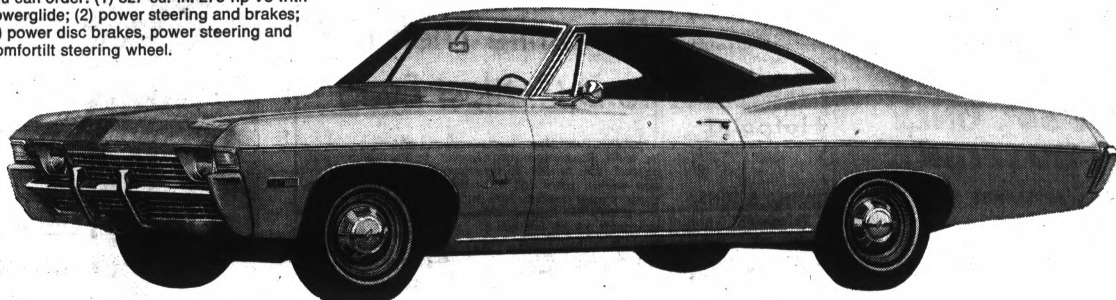

GM suggests that if a flat tire occurs the driver should remove his foot from the accelerator and apply corrective steering and then, as the car slows, brake it gradually to a stop off the road surface.

Construction drawings for the simulator are available to qualified applicants free of charge from General Motors.

Requests should be addressed to Educational Relations—Public Relations Staff, General Motors Building, Detroit, Mich. 48202.

'68 Chevrolet—sale savings now on specially equipped Impala V8s:

Choose among the Impala V8 Sport Coupe, 4-Door Sedan and Station Wagons. For added beauty and protection, each comes with whitewalls, front fender lights, door-edge guards, floor mats and bumper guards (only in front on wagons). For more savings, we've packaged three groups of custom features you can order: (1) 327-cu.-in. 275-hp V8 with Powerglide; (2) power steering and brakes; (3) power disc brakes, power steering and Comfortilt steering wheel.

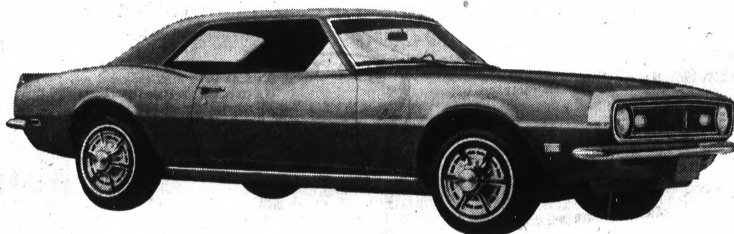

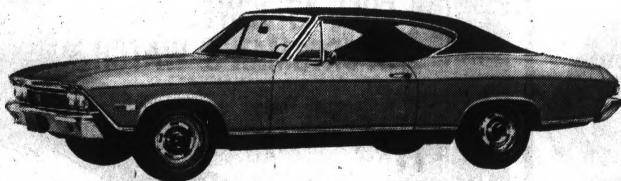

You've got nothing to gain by settling for less car.

(not even money)

'68 Chevelle—prices start lower than any other mid-size car's.

Mid-size means we put all the good things—like Full Coil suspension for a big-car ride—into a slightly smaller size. Comfort items like supple vinyl upholstery and wall-to-wall carpeting are yours in most models. And Chevelle comes sized to your needs. Coupes and convertibles ride on a sporty 112" wheelbase, while sedans and wagons have a family-size 116" wheelbase. Get America's most popular mid-size car—Chevelle.

'68 Camaro—lowest priced of all leading sportsters.

Otherwise known as "The Hugger," this coupe inherited its sport-car feel from Corvette and yet has family-style room. What other sportster at its price gives you features like Astro Ventilation, wide-stance and a 327-cu.-in. standard V8? Camaro: it's growing faster in popularity than any other sportster in the industry.

Now you can "customize" your Camaro

with bold new striping, mag-spoke wheel covers, a spoiler out back, new "hounds-tooth" upholstery plus four new colors for Camaro: Corvette Bronze, British Green, Rallye Green and Le Mans Blue.

Be smart. Be sure. Buy now at your Chevrolet dealer's

Open Housing Win Seen as Hope for State

FLINT (AP) — Flint Mayor victory in a referendum will far as statewide open housing legislation is concerned," said Floyd J. McCree, who has been seen spur the Michigan Legislature to pass a similar law. McCree, who was elected mayor of this automotive center of turned dead, says he hopes its coming out of this election so 200,000 in November 1966, be-

coming the first Negro in the United States to be mayor of a city as large as Flint. *

Gov. William G. Milliken, a Republican, said in Lansing, "that responsible and responsive open housing can be passed by the State Legislature this year."

Hotpoint

A referendum Tuesday on the law passed by the City Commission at first showed it had been repealed by a narrow 54 votes. Owing to a 100-vote error in the first unofficial tabulation, however, the latest tally showed the measure approved, 20,172 for and 20,129 against.

The ordinance prohibits persons from discriminating in the sale or rental of property on the basis of race, color, religion, national origin or ancestry.

APPARENT DOOM

McCree first saw the bill apparently doomed last August when the City Commission voted down the law, proposed by McCree after Flint was hit by the racial violence that struck Detroit and other cities in July.

Saying he "could no longer live an equal opportunity lie," McCree threatened to resign, but stayed on to fight for the bill, which was passed by the commission last October.

A petition drive for a repeal referendum was then started by Gerald Spencer, a section leader of the ultraconservative John Birch Society.

When the measure appeared lost Tuesday night, McCree still said he saw the narrow margin as "a great moral victory" because he had expected the repeal to go through by a 3-1 margin.

"I am convinced," Acting

Spencer, who headed the drive to defeat open housing, said he will wait to see the official results, before considering further action. He said, however, that "unless there was an obvious mistake in tabulation," there is no need to ask for a recount.

And I believe the Flint vote will make it easier for some legislators to vote for a law which I consider absolutely essential to order and justice in this state."

A statewide open housing law was defeated by the Michigan House of Representatives, meeting in special session, last December. A similar law has been introduced into this year's regular session and is now in committee in the Senate.

The Flint ordinance, which also applies to real estate brokers in both their public and private dealings, excludes only the owner of a private home or multiple dwelling who lives there and rents five or less housing units.

Penalties provide up to 90 days in jail and a \$300 fine. Persons guilty of making a false charge of discrimination are liable for the same penalties.

State Sen. Sander Levin, D-Berkeley, the chairman of the State Democratic Party, said in Lansing he hopes the action by Flint voters is a "prelude to speedy action by the State Legislature to pass not only a statewide open housing law, but to pass other vital measures needed to get at the heart of the problems which face our cities."

Spencer, who headed the drive to defeat open housing,

Dynamite Theft Link to D.C. Blast Eyed

WASHINGTON (AP) — Working under President Johnson's personal order to clear up the case quickly, police and FBI agents probing a bomb explosion at the Soviet Embassy are exploring a possible link with a dynamite theft in nearby Virginia.

They said Wednesday night they had "several leads" on the case.

Eighteen sticks of dynamite and 50 blasting caps were reported stolen from a construction site in West Springfield, Va., a Washington suburb.

The theft was noticed Wednesday shortly after the pre-dawn explosion shook the four-story embassy, just four blocks from the White House.

NO ONE HURT

No one was hurt in the blast but it did slight damage to a first-floor office and reception room, shattered windows in nearby buildings—and shook U.S.-Soviet relations.

The Soviet government formally protested the incident, accused the United States of providing inadequate protection and demanded compensation.

Johnson and Secretary of State Dean Rusk expressed regrets, but the State Department rejected the charge of inadequate protection. There were indications the Soviets would be compensated.

One embassy official said the explosion could have been the work of fanatics inflamed by a three-day mock trial of communism which ended Wednesday on the Georgetown University campus in Washington. It was sponsored by a coalition of anti-

Communist groups and included lengthy testimony concerning prison torture and religious persecution in Iron Curtain countries.

NO COMMENT

Police had no comment on this theory.

An embassy source also said the FBI should have photographs of the dynamiters because it maintains camera surveillance on the embassy from a window across the street. But the FBI wouldn't comment on that.

Police said two persons were questioned six hours after the explosion but were released.

Robert Jermyn, a guard at the nearby National Geographic Society building, said that a few minutes before the explosion he saw two men running along 16th Street, site of the embassy. But Jermyn couldn't see them clearly.

A cabdriver, Richard E. West, said he had turned into an alley next to the embassy when the bomb went off. He said a man rushed up, identified himself only as a major and told him to follow a man running north on 16th Street.

West said he lost sight of the man within a few blocks. Identity of the "major" has not been established.

News of Area Service Personnel

Fireman Carl J. Furman, son Rucker, Ala., for further live at 240 Atwater, Orion Township.

A graduate of Clarkson High School, he is the son of Mr. and Mrs. Elwood W. Seaman of 6577 Rockbridge in the Medford area. He recently graduated from Great Lakes Naval Training Center, Ill.

A Pontiac Central High School graduate, he entered service in December, 1967.

SEAMAN WOOD

PUVOGEL COX

FURMAN KENNERLY

Marine Pfc. Michael C. Kennerly was wounded in Quang Tri, Vietnam, during combat Jan. 19. He was evacuated to the USS Repose, transferred to a naval hospital in Japan, and is currently in the naval hospital in Memphis, Tenn.

His wife, Helen, lives at 30 Salmer with his father, William A. Kennerly. His mother, Mrs. Ruth Lewis, lives in Honolulu, Hawaii. Kennerly is a graduate of Waterford High School.

Lance Cpl. D. R. Gillespie is currently stationed at New River, N.C., after a leave with his parents, Mr. and Mrs. Walter Gillespie of 185 Augusta. He had been on a 13-month tour of duty in Vietnam, where he received a purple heart. He received his basic training at Camp Pendleton, Calif.

ROBERTSON ZEBBS

GILLESPIE WARREN

Pfc. Ronnie D. Warren has been stationed in Vietnam since October. He was at Camp Pendleton previously.

A Pontiac Northern High School graduate, he entered the Marines in 1967.

Warren's wife, Sandy, and daughter live at 121 E. Ypsilanti. His parents, Mr. and Mrs. Henry Warren, live at 942 Arlene.

Spec. 4 Johnny J. Seaman has been serving in Phu Lai, Vietnam as a crew chief with the 128th assault helicopter company for the past year.

He took basic training at Ft. Knox, Ky., then went to Ft.

Sgt. Michael L. Wood was recently home on leave from England Air Force Base, Alexandria, La. He is now stationed at Phan Rang, Vietnam. He is the son of Mr. and Mrs. Sidney Wood of 47 Ginnell.

Pfc. Phillip A. Robertson is stationed in Cua Viet, Vietnam, with the Third Marine Division.

He attended Clarkson High School before enlisting in the Marine Corps in April 1967.

Robertson took his basic training at Camp Pendleton, Calif., before leaving for Cua Viet in November 1967.

His parents are Mr. and Mrs. Charles Robertson of 4510 Major, Waterford Township.

Sgt. Guy B. Zebbs, received an Army commendation medal upon retirement. He was assigned as a battalion maintenance sergeant in the U.S. Army Armor School at Ft. Knox, Ky.

His father, Guy Zebbs resides at 65 Bagley.

Zebbs entered the Army in April 1948, and completed basic training at Sampson Naval Base, N.Y.

His wife resides in San Bernardino, Calif.

Radarmen C.C. Jay Puvogel, son of Mr. and Mrs. W. J. Puvogel, of 2253 Somerset, Bloomfield Township, recently was transferred to Newport, R.I., aboard the USS Wilkinson. He was previously stationed in Boston aboard the USS Boston and in Philadelphia.

His wife, Joy Lynne, and son

Junior Editors Quiz on CHINAWARE

QUESTION: Did china come from China?

ANSWER: China, or porcelain, is distinguished from other pottery by being white inside and translucent, so some light shines through. Tap it lightly with a pencil and it gives a ringing sound.

Once, china only came from China, where it originated. It became known in Europe in the 1400s and at first was rare and valuable. The spread of tea and coffee drinking created a great demand for china cups and saucers.

The Chinese tried to keep the secret of how their porcelain was made, which had to do with the use of the two materials kaolin (China clay) and petuntse (China stone). But the secret was learned in Germany in 1709, and china-making spread to other localities. The German Dresden china became particularly well known.

In England, china factories were started in 1745. The Englishman Josiah Spode, trying to imitate the beautiful Chinese ware, discovered, in 1790, a way of adding calcined ground animal bones to the kaolin and petuntse base. This made the materials fuse together better and gave a pleasant feel to the ware, which came to be known as bone china.

Recount Sought by Comptroller in Grand Rapids

GRAND RAPIDS (AP)—City Comptroller Charles Lawyer announced Wednesday he will seek a recount of Monday's election in which he was defeated by 28 votes by challenger Richard Harper.

Unofficial tabulations show Lawyer lost the election, 12,030 to 12,058. He said he will decide on how many of the 125 precincts to recount after the board of canvassers checks the vote totals Friday.

Lawyer was first elected city comptroller in 1959 and was seeking election to a four-year term.

March of Dimes Donation Dinner

(Italian Smorgasbord) at **Fortino's** 5 'til 7 Thursday, Feb. 22 All Proceeds Given to March of Dimes

The **69.95** suit that should sell for **\$100**

designed by Salvatore!

After years of designing and controlling the quality of America's most famous \$95-\$145 suits, Salvatore creates the 69.95 suit that should sell for \$100.

Salvatore says: "Our imported fabrics are equal to and many are superior to cloths used in the \$100 and up men's suit."

Salvatore says: "Our styling is as distinctive and forward-looking as the most expensive men's suits in the country."

Salvatore says: "Seven of the \$100 and up men's suit makers use the same inner canvas we have in our \$69.95 suit."

Salvatore says: "There are details in the \$100 suit that add to the price without adding to its appearance or life. We put the significant details in our 69.95 suit."

Salvatore says: "We use the same shoulder pads found in the \$100 and up suit."

Salvatore says: "The \$100 and up men's suit has the same sleeve-head construction as our suit at 69.95."

HUDSON'S

Mr. and Mrs. Isaac C. Prevette Jr., of Elizabeth Lake Road announce the betrothal of their daughter, Judith Lynne of Clarkston, to Robert LeRoy McCall of Frankfort. He is the son of Mr. and Mrs. Jack McCall Jr. of Traverse City. The couple, alumni of Albion College and Central Michigan University, respectively, plan to wed in August.

A mid-June wedding is planned by Linda Lee Burder and Jon C. E. Anderson. The bride elect, a senior at Henry Ford Hospital School of Nursing, is the daughter of Mr. and Mrs. Frank H. Burder Jr. of Cambourne Place, West Bloomfield Township. Her fiancé, a junior at Wayne State Medical School, is the son of the Carl E. Andersons of Grand Rapids.

The Stanley J. Jeskeys of Brookdale Boulevard announce the engagement of their daughter, Kathleen Marie, to John F. Boyer. He is the son of Lawrence E. Boyer of Ironwood and the late Mrs. Boyer. The bride elect is a senior at Northern Michigan University, where her fiancé received his master's degree and is a member of the faculty. Spring vows are planned.

Tickets on Sale for Town Hall 1968-'69 Series

Tickets are now on sale for the Birmingham Town Hall 1968-'69 series of lectures to be presented in the Birmingham Theater.

Appearances are scheduled beginning Oct. 3 and 4 with Dr. Haim Ginott, author of "Between Parent and Child" which offers a new approach to the problems parents face in communicating with their children.

Ray Middleton, singing actor of Broadway and the movies, will present a dramatic program of Americana on Nov. 14 and 15.

An entertaining lecture-demonstration by artist Norman Garbo (who contends that "If you can hold a brush, you can learn to paint") will be given Dec. 5 and 6.

Former actor Richard Ney, who majored in economics, business and public finance before turning to the theater, and who has since reverted to his original profession, will address the subscription audience on Jan. 9 and 10.

He will be remembered for his roles in the long-running "Life With Father" on Broadway and "Mrs. Miniver" of the movies.

An eloquent believer in the American system, Dr. Kenneth McFarland will speak on Feb. 13 and 14 (the final dates in the series) on "Selling America to Americans." His career as a lecturer has had him criss-crossing the United States for more than two decades.

TICKETS

No tickets are available for single performances. All the celebrity luncheons which follow each Thursday and Friday performance will be held in the ballroom of the Kingsley Inn.

Birmingham Town Hall is sponsored by St. Anne's Guild of St. James Episcopal Church in Birmingham. Proceeds are used for philanthropic purposes, including St. Anne's Mead, a nonsectarian retirement home.

Mrs. Lewis F. Zahn is president of the executive board. Other officers are Mesdames Harland Walter, Paul R. Reed, Colin M. Stewart, Charles B. Kass, John Schmidt.

WASHINGTON — President and Mrs. Johnson exchange a few words in a moment alone while waiting for guests to arrive in the White House Green Room Tuesday night. Soon handshakes were the order as guests filed by for the President's congressional reception.

Selfish Relatives Earn No Rewards

By ABIGAIL VAN BUREN

DEAR ABBY: We are an elderly couple, and childless. We have lots of nieces and nephews who were brought to our small place when they were young. We loved them and kissed away their bruises and always remembered them with nice gifts at Christmas time and birthdays and so on.

Now they are grown men and women with families of their own, and we are

quite forgotten. We have written them letters, which were all ignored. However we are still on their Christmas card list, although none of them has ever taken the extra five minutes to add a personal line or two.

Well, back in the thirties, the Mrs. and I inherited a little property, which we sold. On the advice of a banker friend we bought IBM and General Motors

stock and as you probably know, the investment was a good one.

We never lived extravagantly with fancy automobiles or showy homes. Never took expensive vacations as we like it here. We gave to charities, modestly, but never appeared rich because of the many dangers that threaten rich folks. We enjoy simple pleasures like gardening and cozy nights around a fireplace. We have watched the mailbox for years for letters from our "kids," but none have come, save their printed store-bought cards at Christmas time.

Our best friend is our mailman. On several occasions he has rung our bell, wanting to know if we were all right because he didn't see us stirring inside. Last Christmas he bought me a nice pipe and a can of tobacco. And he gave the Mrs. some powder and perfume. We gave him a turkey as he has a good wife and five small children.

One day he is going to get a real big surprise, Abby, because in our will we have left our mailman \$60,000. The rest will go to our church, crippled children and the blind. Our relatives will get nothing because they gave nothing of themselves. I don't care how you sign this as long as you don't use our name or town. Sincerely yours,

A QUIET COUPLE

Cultural Calendar

DETROIT — Here are the major cultural events scheduled from Friday through March 1:

Betty Furness at Show

Let's Aid the Consumer

By JEANNE NELSON
LOS ANGELES, Calif. — Betty Furness, special assistant to President Johnson on Consumer Affairs, spoke to the press at the American Institute of Men's and Boys' Wear preview.

"Both ends are hurting," she said, referring to the confrontation between consumer and industry.

After reviewing several cases in which the consumer had seemingly been caught in the middle, the expert advised more and better consumer education in the school system.

"The whole of money management as it affects marriage and family living should be a part of the formal program in high school," she suggested.

The Rendezvous Room of the Biltmore was the scene later that day for the Olympic luncheon and showing of parade uniforms worn by United States contestants at the Winter Olympics.

Color slides and youthful

models told the story of red, white and blue parade and spotlight at the Institute's press travel ensembles used at a clinic this day as dressy spring Grenoble and projected for the and summer slacks for boys Pan American Games coming to and teens were featured. The Mexico's new Olympic Stadium look is trim, not tight.

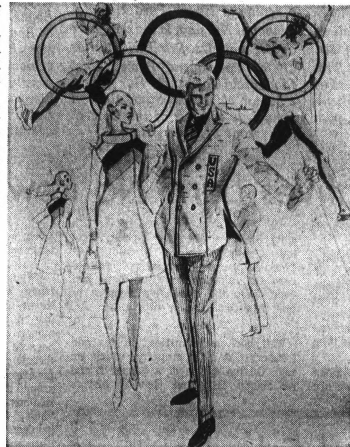

Patterned slacks are good with the Olympic Apparel Committee, hosted this affair, everywhere, as are the bright Highlight of the event was a solids. A fall favorite, the live telephone conversation turtleneck, will appear this from Grenoble to keep guests spring and summer in a short up to date on the day's com-sleeve version, sometimes in a petition. mock turtle.

For those dresser occasions, the American Institute of Men's and Boys' Wear suggests a brown three-piece tux suit. It has notched lapels, slant flap pockets and leather buttons. The tie is a brown and green silk club print.

Lights and brights will be a favorite with any boy, says the American Institute of Men's and Boys' Wear.

U.S. athletes on parade at the 1968 Games in Mexico City will wear designs by student winners of the U.S. Olympic Apparel Design Contest. Men's parade uniforms, by Jerrolyn Crooks, 19-year-old sophomore at the Parsons School of Design, feature a shaped, double-breasted red blazer, coordinated with navy and white pin-striped slacks. The uniform will be tailored by Palm Beach Company. Women's parade uniforms show a fit-and-flare white coat, blazoned with a chevron in red and blue, by Judith Schwartz, 19-year-old sophomore at Pratt Institute. The uniforms will be executed by Catalina.

Outerwear for spring is likely to please both mother and son, predicts the American Institute of Men's and Boys' Wear. This natural-colored bush jacket meets many needs. It is a light-weight, permanent press, soil release all-cotton fabric and comes with a zip-out pile lining. It is worn with a pair of blue and white checked slacks and a pale blue mini-checked button-down shirt.

Imperfect Glaze May Be Hazard

Pottery made by hobbyists should not be used as containers for food or drinks because most of the firing glazes contain lead oxide which can be leached out if the glass has been imperfectly fired.

Recently, all members of a California family had lead poisoning because they used an improperly glazed pitcher as a container for citrus drinks.

SPRING IS THE SEASON FOR SHIFTING... from slacks and sweaters into something free and easy: like a comfortable shift. And this season, more than ever, the strong emphasis is on color — bold, bright and beautiful. Our colorful collection includes many famous makes, patterns, styles and fabrics (most of them easy-care) — and here's just a sampling. (A) Permanently-pressed shift tailored in a blend of 65% Kodel® and 35% cotton with polka-dot daisy pocket and matching kerchief. Lemon, lime, tangerine or natural in

sizes 10 to 18. **\$12.** (B) Long sleeve shirt shift of 80% Dacron® and 20% cotton in garden prints of pink, yellow, blue or green. Sizes 10 to 16. **\$8.** (C) Sleeveless pant shift by White Stag in a permanently-pressed blend of 50% Fortel® polyester and 50% cotton with convertible collar and placket front. Blue, pink or lime in sizes 8 to 16. **\$15.** (D) All cotton, candy-stripe shift with diagonal side button loops. Pink or blue in sizes 10 to 18. **\$10.**

The Hugh W. Muelhagens of Waddington Road announce the betrothal of their daughter, Shirley Anne, to spec. 5 Robert James McClure, USA. Spec. 5 McClure, who is serving in Vietnam, is the son of the George A. McClures of Highland Road, White Lake Township.

The engagement is announced of Virginia Lea Templeton to Spec. 5 David T. Spencer, USA. Their parents are Mr. and Mrs. James K. B. Templeton of Oakfield Street, Brandon Township, and the Jack Spencers of Groveland Road, also Brandon Township. The bride-groom-to-be is currently serving in Vietnam. An April wedding is planned.

May vows are planned by Juliette Marie Harris and Lonnie C. Amerson. Their parents are the Joe Harris of Prospect Street and Mrs. Zettie Amerson of South Sanford Street and the late Rev. A. Merson. The bride-groom-to-be is a student at the Detroit Conservatory of Music and Arts.

SEW SIMPLE

By Eunice Farmer

Not since Dior dropped the hemlines in 1947, has the length of skirts been such a topic of conversation and confusion. I have gathered the following information from designers as well as a leading fashion trade paper. I hope this answers all of your questions once and for all.

Fashion has gone to all lengths, the mini, the midi, the long, and the plain short (which is longer than the mini). There is no one length just as there is no one look.

The midi is causing all the controversy, and yet it's here to stay. Why the midi? There is a whole generation of young women (who were brought up with frozen food, television and outer space) who have never worn long skirts. It's perfectly natural that the longer skirt intrigues them.

As the young go, so goes fashion to a degree. It is perfectly logical for young women to want to wear something that they have never worn before. Just because some ladies remember when they wore long skirts in another era doesn't mean that they should dampen the enthusiasm of the current generation. To the young something old is new.

What about other lengths?

The midi is not replacing a length; it's an additional length. It's an additional length. Fashion today has variety, just as there is no one look. This is 1968, the age of the individual when you can go to all lengths to be yourself — long hair or short, ruffles or shirts, boots or shoes, capes or coats, pants or pajamas, knee socks or tights.

It's time for the midi to come home. What better place for the feminine romantic midi than at home. Midis are perfect at home wear for informal entertaining or for your family when you want to be treated like a queen.

I hope after reading this you will have more confidence in yourself and realize that many lengths are possible. The new lengths will not replace the short skirts, but add new dimensions to your wardrobe. For daytime wear, let's continue to keep our skirts slightly above or just at the knees.

TAILOR TRIX WINNER

Mrs. G. W. Thomas, St. Louis, Mo. is this week's Tailor Trix pressing board winner for her following suggestion. "Rather than throwing out my old pullover sweaters (which were either matted under the sleeves or too small), I made dummies for the children. Cut the sweater from shoulder to shoulder in a large scooped outline and machine stitch near the cut edge to keep from raveling. These are great to wear under the new "V" necked sweaters and button-down front shirts."

GLENWOOD PLAZA
NORTH PERRY STREET AT GLENWOOD

Reveal News of Romance

Mr. and Mrs. Dale B. Olsen of Lakewind Drive announce the betrothal of their daughter, Diane Lorene, to Lt. Richard O. Anderson, USA.

Lt. Anderson, who is currently stationed at Camp Carson, Colorado Springs, Colo., is the son of Mr. and Mrs. Kenneth B. Anderson of Anchorville.

Miss Olsen, a senior at the University of Michigan, and her fiancé are planning a mid-May wedding.

SWARTZ-SMITH
Joyce Marie Swartz, daughter of Mr. and Mrs. L. D. Swartz of Oakmont Street, Pontiac Township, is planning April 20 wedding vows with Richard Nelson Smith. He is the son of the Arthur L. Smiths of Seward Street.

Kristina R. Morrison was among 27 seniors from the University of Michigan recently named as a Woodrow Wilson designate.

This honor marks the daughter of the Donald R. Morrisons of Latimer Street as a top prospect for eventual college professorship.

Honorable mention goes to Peter G. Mikelson, son of the Sylvan L. Mikelsons of Orchard Lake.

ALBION

From Albion College comes news of the recent installation of Janet Winters as rush chairman of Beta Phi chapter of Delta Zeta sorority.

Janet is the daughter of Mr. and Mrs. Charles S. Meagher of Silver Circle Drive.

MSU

Elected president of Triangle fraternity at Michigan State University is Steven Fettingier.

Area Students Named in College Activities

He is the son of Mr. and Mrs. James Fettingier of Orchard Lake.

WESTERN

Barbara J. Meacham has recently pledged Phi Mu, national collegiate sorority, at Western Michigan University. Barbara is the daughter of the T.C. Meachams of Lorena Street.

Art Contest Deadline Is Announced

The deadline for the art talent contest for high school seniors sponsored by the Michigan Federation of Women's Clubs is March 15. Mrs. Robert van Blaricom, state contest chairman, announced today.

The Michigan winner will compete for one of four national scholarships offered by Hallmark Cards, Inc., Kansas City, Mo. The scholarships of \$1,000, \$750, \$500, and \$300 are for tuition and fees at the college, university, or art school selected by the student.

Alternates will be chosen and in the event any of the top four winners cannot take advantage of their scholarships, the alternates will move up.

The competition is open to seniors at public and private schools who will enter college in the fall of 1968. Mrs. van Blaricom said.

Students should enter through an affiliated women's club in their home town or school district. If that is impossible, entries will be accepted by state officials.

A jury of art educators and painters will select the winning painting to represent Michigan in the national competition. This is the 16th year the General Federation of Women's Clubs and Hallmark Cards have co-sponsored the event. More than 45 promising young artists have received Hallmark scholarships since the program's inception.

Miss Chisholm Plans Wedding

A May wedding is planned by bride-elect Darlene Chisholm and her fiancé, William C. Eggers.

She is the daughter of the Roy Chisholms of Crooks Road, Avon Township. Parents of the prospective bridegroom are Mr. and Mrs. Earl Eggers of St. Clair.

Mrs. Carrie Shears of South Tasmania Street announces the engagements of her daughters, Ruth Marie (left) and Margaret May. Ruth is planning February, 1969, vows with Pfc. Michael James Vickery, USA, who is currently serving in Germany. His parents are the Herb Vickerys of Lake Orion. Margaret will wed Pfc. David Lee Vickery, USA, son of the Cecil Vickerys of South Charlotte Street, in June. He is stationed in Farmington, Minn. The young men are cousins.

Trip to Altar or Slope for Jackie Kennedy?

MONTREAL (AP) — Mrs. John F. Kennedy took her children to Canada Wednesday for a skiing holiday, touching off rumors that she was on her way to marry Lord Harlech. There were quick denials from the British peer and from a spokesman for her Canadian host.

"There is not truth at all in the rumors," the 49-year-old peer told a newsman in London. "I am not seeing Mrs. Kennedy in the near future. There is no question of an engagement or anything like that."

Rumors that Mrs. Kennedy planned to fly on to London to meet Harlech were denied by a

member of the Timmins family at whose country estate she and her children are staying.

"We're here to ski," the member of the family said. "After the weekend, we're all heading back to Montreal, I suppose."

Mrs. Kennedy, Caroline and John, are staying with in-laws of her press secretary, Mrs. Robert Timmins, in Ste. Agathe, Que., about 55 miles northwest of Montreal. The Timmins family spokesman laughed when asked whether Lord Harlech was coming to Ste. Agathe. "That's too funny," he said.

The latest rash of marriage rumors stemmed from an item in the New York newspaper Women's Wear Daily. It said the "hottest rumor in town" was that Mrs. Kennedy and Lord Harlech would be married on Washington's Birthday.

Mrs. Kennedy's secretary in New York was flooded with calls from newsmen and began answering the phone with the greeting: "No, she isn't getting married."

The secretary said then that Mrs. Kennedy planned to spend the weekend in New York, with possibly a trip to the suburbs. Her unannounced departure for Montreal followed.

Harlech was ambassador to Washington during the Kennedy administration. His wife was killed in an automobile accident last May 31, and Mrs. Kennedy flew to England for her funeral. Rumors that the president's widow and the peer were romancing began when he accompanied her on her trip to Cambodia in November. They were guests together at John Hay Whitney's plantation in Georgia a week ago.

Squall costume for boating come spring thaws or general active games, this Casual Time costume is in flattering green and white Dacron and cotton, soil and crease resistant and machine washable. The squall shirt has long sleeves, rib knitted white neckband, cuffs and hem and one large square patch pocket. The gingham slacks are in green and white checks.

She Specializes in Pies

OKLAHOMA CITY, Okla. — The question came from a (UPI) — Can Michigan's cherry listener of radio station KELI in queen really bake a cherry pie? Oklahoma City — and Linda Pretty Linda Kay Christie, as said she'd be happy to mail the American as cherry . . . er, caller a list of the 101 ways to apple . . . pie, was asked that use cherries.

Linda not only answered with Gov. Dewey F. Bartlett of a fast recipe over the air but Oklahoma today.

said she knew 101 different The queen, a Muskegon ways to use cherries in pastries, County Community College pies, and various other food and student, will visit Fort Worth dairy products.

Stores Keep Them Waiting

Russians Riled by Long Lines

MOSCOW (U) — Ordinary citizens are demanding an end to the lines at stores which have been a part of the Soviet way of life for so long.

"Everywhere there are lines," Nadezhda Belonenko of Kiev said. "How much time we waste in them."

"What I can't understand is that we have everything on the shelves but it is necessary to wait in a crowd to get served."

"It takes at least an hour to buy food for a day or two."

She wrote her complaints to the Young Communist League newspaper, Komsomolskaya Pravda. It sent out a reporter, R. Zaitsev, to check on the situation in Kiev, a typical Soviet city. He confirmed that "You have to stand in line even for cigarettes."

NEGATIVE REACTIONS

Zaitsev noted that the lines, besides wasting time, "constantly produce negative reactions. Even a calm person often becomes irritable, ready to burst out over petty things."

The reporter said everyone understood the necessity of lines during the war and postwar years, when food was scarce, but now a new generation has grown up which knows about ration cards only from stories and does not understand why there has to be so much waiting in stores.

I. Korzhinevsky, head of the consumption department at the Ukrainian Institute of Trade Research, said a big part of the trouble was "that we have

'Instant News' on Transplant Surgery Is Hif

By Science Service
WASHINGTON — The most sensational reporting of a surgical achievement in some years has been that of the human heart transplant.

Dr. Irving H. Page, a heart specialist who is editor of "Modern Medicine," scores the instant reactions of newspaper reporters. Even so nonsensational a journal as the New York Times hailed the Cape Town operation "as a miracle and compared its importance to space exploration and molecular biology."

In an editorial in the Feb. 12 issue of his magazine, Dr. Page points out:

"Long before the results were clear, another surgeon publicly attempted the same thing. The competitive drama provided news interest galore to television, magazines and newspapers — and even to a few respected medical journals."

"Science writers are understandably loath to relinquish such a bonanza. And since neither the American College of Surgeons nor the American Medical Association has made any comment, I can only assume that they accept and approve this newer practice of reporting the unconfirmed results of initial experiments promptly and directly to the public."

U. P. Hospital Eyed for Disturbed Young

MARQUETTE (U) — A probate judge in Marquette County says he is initiating a drive to get the state to build a hospital for emotionally disturbed children in the Upper Peninsula.

Judge Michael DeFanti says such a facility is needed for children who are psychotic or emotionally disturbed, or have brain damage but are not considered mentally retarded.

He says that there are now 16 such children at the Newberry State Hospital, but that it is neither equipped nor staffed to treat these children. The proposed new facility would have at least 60-70 patients within a week or two after opening DeFanti says.

JCs Plan Fly-In

IONIA (U) — The Ionia Jaycees plan a fly-in at the Ionia Free Fair Aug. 4. Pilots from Michigan are invited to land their small planes at the Ionia airport where transportation will be provided to the fairgrounds.

simply resigned ourselves to the existence of lines."

He said all the help—including the store manager—should pitch in if a line starts to form and feed the customers, served.

The reporters did not find this view shared by Tamara Guelko, manager of Kiev's central grocery store.

WAIT FOR HOURS

"What? You think you see a line in our store now? There aren't more than 15 people in it. During a preholiday rush the

Mark on Face of Jupiter May Be Dye

SUNNYVALE, Calif. (UPI) — The big red mark on Jupiter's face may just be a spot of dye.

The mark—most prominent feature of the fifth planet from the sun—is a red oval 30,000 miles long and 8,000 miles wide on the top of Jupiter's atmosphere. It has intrigued astronomers for more than a century.

A team of researchers from the National Aeronautics and Space Administration (NASA) believes dye is the most obvious chemical explanation for the red spot.

Drs. Cyril Ponnamperna and Fritz Woeller of Ames Research Center suggested the dye hypothesis after making a large number of electrical energy discharges in a simulated Jupiter atmosphere of ammonia and methane.

The experiments produced quantities of amino acids and other organic materials, which indicated that the building blocks of life, or primitive forms of life itself, could exist on Jupiter.

MOST COMMON

But the most common product was an organic dye-stuff with a ruby red translucency.

Ponnamperna and Woeller said the dye appears to be a complex mixture of compounds, all with a common feature with as carbon-carbon bonds.

They are attempting to further identify its composition by spectroscopic analysis.

crowds wait for hours," she said.

Zaitsev said she accused him of asking "frivolous questions" and told him if he wanted to end lines he should get the Ukrainian government "to give us one clerk for each customer."

G. I. Sakhnovsky, Ukrainian minister of trade, said the republic was already short 10,000 clerks.

He said those on the job should move from counter to counter, working wherever the most customers waited. But he admitted that many clerks failed to heed such instructions and stayed in their own section, showing no concern over lines forming elsewhere.

REPORTER'S VIEWS

The reporter thought more self-service stores might be the answer, but he complained that ministries in charge of food

production preferred to distribute in bulk and not the small packages needed if there were no clerks to measure out the desired amount.

Komsomolskaya Pravda concluded that more suggestions should be made on how to end lines and called on its readers to submit letters on the subject.

Teens, Don't Dig Washington

By HAL BOYLE
NEW YORK (AP) — On the 26th anniversary of his birth, George Washington is hardly a popular teen-age pinup hero.

First called "the father of his country" during the American Revolution, "his fate — like that of many of today's modern fathers — is to be somewhat misunderstood and taken for granted by his children."

The youth of our land have been a bit mistrustful of Washington ever since 1800, when Parson Mason L. Weems, in writing a life story of our first president, invented the famous cherry tree tale.

"I can't tell a lie, Pa," he quoted young George as saying. "You know I can't tell a lie. I did it with my little hatchet."

That fable has probably hurt the influence of George Washington upon youth more than anything he ever actually did or didn't do in his remarkable life. To every kid since then it has made him appear as a prissy, sanctimonious prig.

HAD TROUBLES
He wasn't that way at all, of

course. By rights he should be one of the greatest of teen-age heroes, and a model for them to emulate. For he had his troubles as a teen-ager, too.
Acne is a source of acute embarrassment to sensitive adolescents. George didn't have that, so far as we know. But his features were disfigured by a scar on his left cheek, a black mole under his right ear and deep facial pits left by an attack of smallpox.

He was tall, a bit gawky, sickly.

Left fatherless and shillingless at 11, he dropped out of school before he was 17 and became a surveyor. It would have been easy for him to become a wilderness bum, but he didn't.

RULES OF CONDUCT
He yearned for greatness instead. He educated himself by reading, wrote out his own rules of conduct that guided him throughout his life. The main thing: he decided himself to become a man worthy of his own respect. Nobody made up the rules for him.

At maturity, the spartan life of the frontier had turned him into an imposing figure. He stood 6 feet 2, weighed 175 pounds and had blue eyes, sandy hair and broad, sloping shoulders.

He had built physical strength in his body and a will of iron determination, all through his own choice of self-discipline.

Although he was to meet temporary failure many times, he never ceased to persevere until he met with final victory. He simply didn't know how to quit.

EARLY TRAITS
It was the traits he had acquired as a teen-ager in the wilderness—patience, fortitude, tenacity—that enabled him to win the long drawn out battle for American independence.

He might have been named King. The idea appealed him. The new nation unanimously elected him president. Finer minds than his were available, but his countrymen knew of no one whose character they trusted more.

Washington has been too often pictured as remote, austere and unapproachable. But in truth he was a lively man, a man with strong passions he had to fight to keep under control.

At Mount Vernon he liked to take off his coat and labor at times with his men in the harvesting of crops. He liked music and dancing and a bit of flirting with the ladies. He enjoyed a glass or more of Madeira wine.

He put his fortune as well as his neck on the line during the Revolution, but at his death, the once penniless lad was one of the wealthiest men in the new nation. He left a fortune valued in 1799 at \$530,000.

Education, Home Loans, Jobs Interest GI

By JERRY T. BAULCH
Associated Press News Features

WASHINGTON — Education, home loans and jobs — in that order — seem to be the things men in military service are thinking about most as they contemplate returning to civilian life.

That's the impression I got in thumbing through great stacks of cards the GIs are sending to the Veterans Administration in answer to an invitation to let the VA know what benefits they want to know more about.

The card is attached to a VA pamphlet issued by President Johnson and distributed by the services.

The pamphlet, entitled "For you — From a Grateful Nation," gives a thumbnail sketch of each VA benefit available to men in service and after they get out.

The VA central office contact division here is answering each card by sending pamphlets of the subjects in which each man expresses an interest, writing him a letter, or both. Some cards get the attention of VA Administrator William J. Driver and the President.

BAULCH

One Marine shook up the question-answering crew. In response to the card's inquiry about what else he would like to know about VA benefits, the Marine wrote: "Everything."

In roaming through the cards, I found education the question popping up most. Men wanted to know about finishing high school, going to college, taking vocational training. Officers asked especially about VA help for graduate study.

DENTAL CARE

One surprise to me was the frequent interest I found among the young men in dental care offered by the VA.

You have to have a service-connected problem to get such care and have to apply within a year after you get out of service.

Asking about this, I found that lots of men are having difficulty getting all the dental care they need or want in many remote and overseas stations.

Many return to civilian life as soon as they get home so they never get a chance to have their dental problems taken care of in service.

NO LONGER REQUIRED

As a result, the VA is relaxing its own red tape by not requiring these new veterans to go through the claim-filing process before letting them get dental attention in VA hospitals.

Where the cards ask about jobs and unemployment compensation, the VA gets the answers from the Labor Department, which oversees the campaign of trying to help veterans find jobs.

For many who express interest in federal civil service jobs, the VA turns to the Civil Service Commission.

Many ask about small loans to start a business. But the VA doesn't handle such programs now, so the veterans are told about the Small Business Administration program that is open to them.

IMPORTANT SUBJECT

One subject the new veterans are asking about a lot is insurance and converting their GI policy. But, being young, few ask about pensions or VA death benefits.

A tinge of greed sometimes crops up.

Take the case of the airman who wants to take advantage of the new flight training program to become a commercial pilot. The VA foots 90 per cent of the cost. He wanted the VA to figure some way for the government to pay for the other 10 per cent.

But then there's an occasional touching note. A sailor added this P.S. on his card: "We are proud to fight for our American people and we are proud to die for America. And we will do our best to keep you free."

A lieutenant at Ft. Irwin, Calif., wanted to know if he stays in an extra year because of going to officer candidate school "did I forfeit my right to resume my old job?" The answer: you're entitled to your old job if you don't stay in service longer than four years.

High-Scoring Wings Flounder in Cellar

DETROIT (AP) — The Detroit Red Wings are the second-highest scoring team in the National Hockey League this season. In case it seems strange that they haven't won more games, that's because they also have allowed more goals than any other team in the league and occupy the basement in the NHL's East Division. The Wings haven't won a game since they drubbed Minnesota, 8-1, back on Feb. 3. They get another chance tonight against Boston in a game played in Detroit.

The last two times the Wings took on Boston, they lost one and tied one. That

Preps Playing to Full House

EAST LANSING (AP) — Tickets for the final session of the state high school basketball tournament at Michigan State University March 23 already are sold out, the State High School Athletic Association reports.

Charles Forsythe, athletic association director, said the sellout guarantees an attendance of 12,000 at each of the three sessions at MSU's Jenison Fieldhouse on Saturday.

Class B finals will be at 11:30 a.m., Class D at 3 p.m., followed by Class C and Class A at 8:30 p.m.

The two evening Class A semifinals at 7 and 8:30 p.m. Friday night also are sold out except for several hundred tickets, Forsythe said.

The two Class B semifinals will be at Jenison at 2 and 3:30 p.m. Friday. The Class C semifinals will be at Lansing's Civic Center and Class D semifinals will be at Lansing's Waverly High School.

Open 'Fame' Voting

Pontiac's Hayes Jones, Olympic gold medal winner, is one of 15 prominent men nominated for membership in the Michigan Sports Hall of Fame. Balloting is under way this week to choose three of the 15 nominees. The Greater Michigan Foundation, sponsors of the Hall of Fame, sent ballots to sports writers and sports broadcasters throughout the state.

The three sports figures selected will be inducted May 21 at the annual Sports Hall of Fame Banquet. The evening will

Sailer Adds to Lead

ST. PETERSBURG, Fla. (AP) — Peter Barrett, Newport Beach, Calif., increased his over-all lead in the winter sailing championships for thistle class boats by winning his third straight race Wednesday.

tie was one of two during the otherwise constant string of defeats since the Minnesota game.

Four Detroit players go into the game without striking distance of major career milestones.

NEEDS THREE

Norm Ullman, enjoying his 11th straight season over 20 goals with 27 so far this season, needs just three more to tie Nels Stewart for ninth place on the all-time NHL list with 324 goals.

Red Wings captain Alex Delvecchio is five goals away from scoring the 350th goal of his career, something only six other players have done in league history.

Floyd Smith, 32-year-old right winger who has scored 18 goals this season, needs two more for a career total of 100.

Dean Prentice, handicapped by a shoulder injury that probably will sideline him tonight, needs only two more to tie Red Kelly for 12th place on the NHL list with 281 goals.

Western Michigan Falls to Toledo

KALAMAZOO (AP) — Steve Mix pumped in 28 points as the University of Toledo rolled to a 95-82 Mid-American Conference basketball victory Wednesday over Western Michigan University.

Toledo, which led 49-32 at the half, picked up its seventh conference win against three defeats. Toledo has a 15-4 overall mark.

Western Michigan has a 5-6 conference record and 10-11 overall mark. Gene Ford was top scorer for the home team with 26 points.

be one of the highlights of Michigan Week.

THOSE NOMINATED

Among those nominated are Bob Callahan, University of Detroit basketball star and coach; former Red Wings hockey player Eddie Goodfellow; championship squash player Ed Hahn; George Kell, former Detroit Tigers player; Harry Kipke, All American football star; Ned Lilly, trapezoidal champion; the Rev. James Martin, Detroit Catholic Central coach; John Pingel, All American halfback, and "Cyclone" Taylor, hockey player.

Deceased candidates include horse breeder Bill Dowling; David J. Holmes, Wayne State track coach; John Kobi, Michigan State baseball coach; Clarence Pinkston, University of Michigan swimming star, and Ralph Rose, Olympic track and field star.

Baseball's Rookies Reap Early Harvest

Owners Agree to \$3000 Hike in Starting Pay

NEW YORK (AP) — Most major league baseball spring training camps are just on the verge of opening, but a lot of rookies have already received some good news. Three thousand dollars worth of good news.

One of the most important provisions of an agreement between club owners and the players association that was announced Wednesday was the raising of the minimum major-league salary from \$7,000 a year to \$10,000.

In addition, the players won some other monetary concessions including an increase in meal allowances, spring training expenses and a lessening of the amount salaries may be reduced from one season to the next.

Top non-economic concessions included studies of possible alternatives to the reserve clause and of the length of the season, both to be completed next year.

NOW EFFECTIVE

The agreement is for two years and was made effective as of last Jan. 1.

Meal and tip allowances for players when their teams are on the road were increased from \$12 to \$15 a day. Spring training meal allotments for players living away from club headquarters went up from \$8 to \$12 a day. Miscellaneous spring training allowances went up from \$25 a week to \$40.

Salaries may only be reduced 20 percent from the previous season rather than 25 percent as in the past.

Moving expenses for players called up from the minors will be paid and provisions for first-class travel and hotel facilities were agreed upon.

In addition, the practice of continuing salary payments to players who spend two weeks during the season in Army Reserve or National Guard summer camps was formalized.

PLAYER SIGNINGS

The Pittsburgh Pirates breathed a sigh of relief today with the signing of their pitching staff — Bob Veale and Jim Bunning — under contract, but the New York Yankees are holding their breath with Al Downing still unsigned.

Veale and Bunning signed their baseball pacts Wednesday just before they would have become holdouts as pitchers and catchers opened camp at Fort Myers, Fla.

Reliever Dooley Womack ended a brief holdout for the Yankees and outfielders Steve Whitaker and Roy White also came to terms, but Downing is a holdout with the pitchers and catchers already in camp.

OTHER CONTRACTS

Other battersmen also signed contracts Wednesday — catchers Don Pavletich of Cincinnati and Bob Barton of San Francisco and pitchers Tom Phoebus, the 1967 Rookie of the Year from Baltimore, and Dick Lines of Washington. Another catcher, Jim Coker, 31, advised Cincinnati he was retiring to ranching. He had a .231 major league average.

The Giants also signed catcher Jack Hiatt, infielder Bob Schroeder and pitcher Bob Reynolds, who is in military service.

In other news, Marvin Milkes was named general manager of the new Seattle club that will join the American League in 1969. Milkes has been assistant general manager of the California Angels. Milkes, 44, signed a five-year contract.

Cougars Register 2nd Shutout Win at Jamaica Camp

KINGSTON, Jamaica (UPI) — The Detroit Cougars scored their second successive shutout of their soccer training season when they beat the Kingston, Jamaica, Regiment 2-0 Wednesday night.

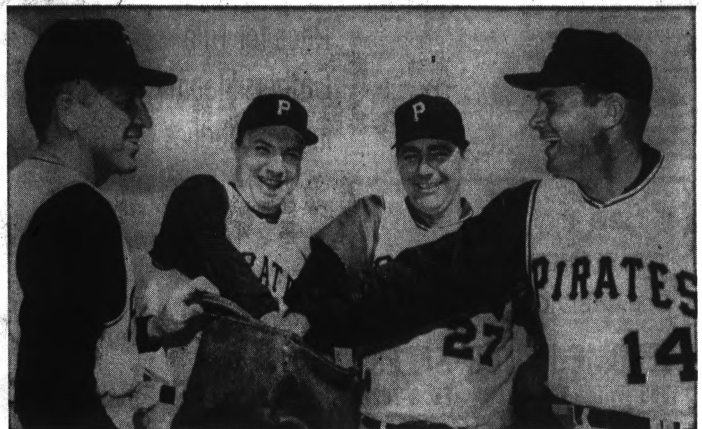

The Cougars now have scored seven goals in two games without allowing a goal against them.

In their first exhibition game here, where they are in training prior to opening their North American Soccer Association season April 20, the Cougars whipped the Kingston Cavaliers 5-0. The Cougars next play the Kingston national team on Saturday night.

Ferris Halts Aquinas

BIG RAPIDS (AP) — After the lead changed hands several times, Ferris State grabbed it for keeps with 16 minutes left in the first half and went on to defeat Aquinas 78-66 in college basketball Wednesday night.

Jesse Mangham dropped in 36 points for the winners and Dave Page added 30 for Aquinas. Aquinas is now 14-3. Ferris State has a 10-11 record.

Collective Bargaining Next

NFL Players Gain Ground

NEW YORK (AP) — The National Football League and the NFL Players' Association have taken the first formal step toward recognition of the independent union as a bargaining agent for collective bargaining in mid-March.

After a meeting between labor counsels for the two groups, two NFL owners and three player representatives, it was announced Wednesday that the association would be recognized pending a check of its membership by the independent American Arbitration Association.

OPTIMISTIC

Both Ted Kheel, legal consultant to the owners, and Dan Shulman, labor counsel for the players, were optimistic about the possibility of an agreement once the bargaining starts.

Shulman said the association has 685 members who pay \$100 a year in membership fees.

Time after time he reiterated that the association did not expect to negotiate individual salaries.

Although the association said in Miami in January it wanted \$15,000 minimum salary, \$500 a game for exhibitions and a \$5 million annual contribution to the pension fund, Shulman would not be specific at this time.

John Gordy of the Detroit Lions, association president, was not present but sent a statement backing up Shulman's announcement. Dave Robinson of Green Bay, Gary Wood of New Orleans and Carl Kammerer of Washington were the only player reps at the news conference.

REPRESENTATION

The owners were represented by Art Modell of Cleveland, league president, and Wellington Mara, president of the New York Giants.

Shulman said a vast majority of the players polled favored making the association the bargaining agent. However, there were a few exceptions.

"One player said he wanted no part of any union," said Shulman. "Another asked what we meant by collective bargaining."

Shulman called the agreement "an historic step" as the first such agreement between owners and players in organized sports. The football players are the first to seek status as an independent union.

Race for Title Gathers Steam in Two Leagues

West Bloomfield Atop W-O; Romeo, Orion Share O-A Lead

The pressure associated with championship basketball action will continue to build at four Wayne-Oakland and Oakland A League schools Friday and a fifth could quite easily join the party after tomorrow's results are known.

Coleaders Lake Orion and Romeo are fabled to continue devalued (10-2) in the Oakland A race with Madison (6-6) visiting the Bulldogs and the Orion quintet traveling to Utica (5-7).

Third-place Rochester (8-4) takes its fading title hopes to Avondale (1-11) while Troy (7-5) is at Clawson (1-11).

The Wayne-Oakland scramble, meanwhile, has front-running West Bloomfield (10-2) at arch-rival Bloomfield Hills Andover (6-7). Runner-up Northville (9-3) will entertain Holly (3-10) in the Broncos' final W-O appearance.

Clarkston (8-4) will invade Brighton (4-8) while looking for help from Andover. Clarendonville (5-7) will be the guest of Milford's Redskins (4-8).

No one can blame West Bloomfield coach Art Paddy Jr. he has posted signs around the Orchard Lake Road school reading: Beware of the Barons of Bloomfield.

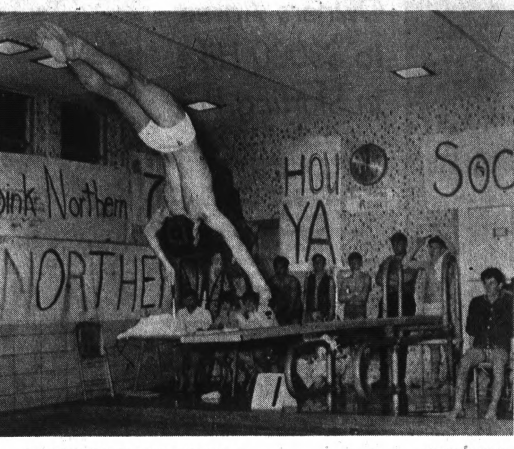

Approximately three months ago the Lakers took a glossy first place football record to the Barons' campus and when the mud settled there was little left of their title hopes.

Now, as then, the situation is similar. The Lakers are atop the standings and nearing an elusive W-O cage crown while Andover is mired in the middle of the standings.

BOUNCE BACK

In the Oakland A Orion must bounce back after last week's key defeat by Romeo. Utica's controlled style of play should help the Dragons improve the efficiency of their attack.

A surprise could be forthcoming at Romeo where the Bulldogs haven't always lived up to their potential this season. They have lost two of their last four at home and should suffer a letdown after last Friday's big victory.

PNH PACESETTER—Diver Nolan Mason of Pontiac Northern excels one of the dives that carried him to a decisive victory over teammate Craig Sanderson as the Huskies finished 1-2 in the event during last night's

dual meet at Pontiac Central. It was one of seven consecutive firsts posted by PNH in its victory. Mason is the only Northern swimmer to qualify for the state meet so far.

In Swimming Meet

Pontiac Central took the first two events and bagged the final two, but in between Pontiac Northern piled up enough points to gain a 56-49 swimming victory in the PCH pool last night.

The Northern triumph ended a six-meet winning streak for

Central and it also squared their race for the All-Sports trophy at 250 points apiece.

While Central was sharp at both ends, Northern took the middle seven events and slammed the Chiefs in two tests — the 100-yard butterfly and diving.

Team captain Gary Cotter and senior Jim Norberg paced the PNH triumph with two wins each.

Fitzgerald Hands Maples 5th Loss

Warren Fitzgerald's powerful swimming team handed Seaholm its 5th defeat of the season last night by edging the Maples, 55-50.

State contenders Lester McCormick and Ed Anderson paced the Fitzgerald squad with a pair of wins each.

FITZGERALD'S SEAHOLM 52
Medley Relay — Seaholm (Thistle, Kent, Scherw, Warner) 1:48
100 Freestyle — Anderson (F) Spencer (F) Eckberg (S) 1:56

PNH Staying Home; Central Visits Colts

Pontiac Central and Pontiac Northern have moved in different directions on the basketball court this season, but both will be attempting to do the same thing in their remaining two contests.

That will be to sharpen their attack for the state tournament which opens early in March.

League races for both PNH and PCH are over. The ending was a happy one for PNH. The Huskies won the Inter-Lakes League championship for the seventh time, while Pontiac Central, usually a contender, is among the second division clubs and has no hopes of rising higher than fifth in the Saginaw Valley Conference.

Northern enters Kettering tomorrow night in a non-league contest and follows that with a league outing Mar. 1 at Livonia Stevenson.

In LL games, Waterford visits

Stevenson and Farmington entertains Walled Lake.

Pontiac Central, in sixth place at the moment in the SVC race with a 4-6 mark, travels to Flint to meet Southwestern.

By winning its final two games, PCH could tie the Saginaw Arthur Hill for fifth place in the SVC, which isn't particularly good, but it's better than sixth.

Central's Chiefs squeaked past Southwestern on their home court earlier, 66-64, and the improving Colts should provide another tough test for PCH.

Coach Dick Hall's only problem at Central is how to be overconfident.

The Huskies, owners of a 12-2 record, and ranked ninth in the state Class A poll, have chalked up nine wins in a row and one of those victims was tomorrow night's foe (61-36).

IMPROVED SQUAD

Kettering has shown some improvement since that contest, but not enough to warrant the forecast of a tight game.

With Don Hayward and Bob

Traylor dominating the backboards and flashy guards Craig Deaton and Mike Clancy guiding the offense, the Huskies present a tough nut to crack.

The Knights have come hard and often this season for new coach John Oswald at Walled Lake and there's no relief in sight.

After taking on hot-shooting Farmington, the Vikings, who have lost six in a row in a 2-10 season, entertain Bloomfield Hills Andover and Waterford to wind up the campaign. Neither is a soft touch.

Waterford came up with a mild surprise Tuesday in disposing of Clarkston and the Skippers (6-8) will be trying to retain that touch in the visit to Stevenson.

Billiards Leader

Beaten, Moore

Now Shares Top

NORWALK, Calif. (AP) — Jimmy Moore of Albuquerque, N.M., climbed into the tie for the lead in the World Pocket Billiards Championships Wednesday night as he defeated John Ervolino of Brooklyn, N.Y., 150-74.

The leader Jack Breit of Houston, lost to Lou Butera of Philadelphia 150-140.

Moore moved into a four-way deadlock in the 17-day, \$14,500 tournament with Richie Florence of Turance, Calif., Danny DiLiberto, Miami, Fla., and Frank McGown of New York. They have 61 records.

Breit dropped to 6-2 as Butera ran 17 balls and out after trailing 140-133 in the nip-and-tuck game.

'Pistol Pete' Guns in 55 to Break Sophomore Barrier

By the Associated Press
The way Pistol Pete Maravich has been popping them in this season maybe they should let him try to throw a basketball across the Rappahannock as legend has it George Washington did with a silver dollar.

The hot-shooting Louisiana State star, the nation's No. 1 scorer in college basketball, became the first sophomore to break the 1,000-point barrier in a single season by scoring 55 points in LSU's 99-92 victory over Tulane Wednesday night.

Pistol Pete delighted a home town turnout at Baton Rouge as he upped his scoring for the season to 1,039 points in 22 games. After RECORD

He has three games left to try for the major record of 1,209 points in one season set by Frank Selvy of Furman in 29 games in 1954.

Another soph star, Calvin Murphy of Niagara, threw in 50 points as the Purple Eagles whipped Buffalo at home 99-82, but once again the feat of the nation's No. 2 scorer was overshadowed by Pistol Pete.

Third-ranked North Carolina made it 19 in a row by defeating Maryland 83-40 and the unbeaten fourth-ranked Brown Indians of St. Bonaventure won their 20th straight by whipping Canisius 79-62, but these also were shored into the background by Pistol Pete.

Rusty Clark's 27 points paced North Carolina over Maryland at Chapel Hill. Bill Butler got the same total for St. Bonaventure and Bob Lanier grabbed 23 rebounds for the Bonnies as they whipped Canisius at Olean, N.Y.

St. Bonaventure, NCAA-tournament bound, and North Carolina were the only teams in The Associated Press Top Ten to play, but there was plenty of action among other tournament-bound teams and those still hopeful of a bid.

Dayton, hopeful of landing a bid to the NIT, made it seven in a row by routing the NCAA-bound Chicago Loyola Ramblers 9-10.

91-75. Don May led the Flyers to their home court triumph with 33 points.

TOURNEY BOUND

Florida beat NCAA-bound Florida State at home 89-64 and Temple topped NIT-bound Fordham 90-70 in Philadelphia.

In contrast three other NCAA-bound teams won. St. John's of New York edged Providence 58-56 on the road on free throws by Dan Cornelius layup in the last three seconds, 65-63.

and John Warren in the closing minutes. Boston College won at home over Seton Hall 99-85 and New Mexico State, also playing at home, downed Texas-E Paso, 68-63.

Villanova and Duquesne, each hopeful of an NIT bid, battled through two overtimes in Philadelphia before the Wildcats beat the Dukes 77-76 on Sam Simms' layup in the last three seconds, 65-63.

It was the second game of a Palstra doubleheader following the Temple-Fordham clash.

Louisville, paced by Westley Unseld's 29 points and 19 rebounds, clinched at least a tie for the Missouri Valley Conference championship by beating Drake on the road 86-80. Bowling Green did likewise in the Mid-American Conference by downing Kent State on the road for the second time, 65-63.

Cincinnati also won on the road, beating Wichita State 85-106-89 and North Texas snapped 81. In other games, St. Joseph's a 12-game losing streak by nip of Philadelphia edged Fairfield ping St. Louis 65-64 at Denton, 82-78 at New Haven, Davidson Tex.

Hope Cager Cracks Scoring Record

HOLLAND (AP) — Floyd Hope's scoring spree continued as he broke the school record for a single game by scoring 44 points in a 117-point victory over Adrian Wednesday night in the Michigan Intercollegiate Athletic Association basketball championship.

The 6-foot-3 senior forward put in 40 points in the victory to help his average of 30.9 points per game, which ranks sixth best among the nation's small college gunners this season. Despite Hope's 17-point victory margin, Alma made it a close game through most of the first half in which the score was tied 10 times. By halftime, though, Hope had taken a 54-43 lead.

BREAKS RECORD
Brady's scoring total broke the record set by Henry Hughes of Adrian, who hit 1,116 in the 1953-57 seasons. Brady already held Hope's all-games scoring record of 1,920 points and the one-game high of 44 points.

Hope's conference record is 8-2 with two conference games left. If the Dutchmen beat Kalamazoo Saturday, they win the title outright. Alma's record in the league is 4-5. For the season, Hope is 15-5 and Alma is 9-10.

In other MIAA and state action: After a tight half Olivet moved far out in front of Adrian Wednesday night in defeating the Scots 100-46.

Gordon Lofts poured in 33 points for the Comets, now 2-7 in the MIAA and 7-10 for the season. Vince Giles with 22 points was high for Adrian, the second half.

which has a 4-5 MIAA mark and is 10-8 for the season. At the half Olivet led 38-30.

Kalamazoo College, tied 25-25 at the half, took advantage of a second half cold spell by Albion College and crept to a 58-55 Albion basketball victory. Albion made only two field goals in the first 13 minutes of the second half.

Pontiac Press Photo by Ed Vanderwolf

HEADS FOR FINISH — West Bloomfield's Larry Waterford tips past the final gate and cuts toward the finish line during his second slalom run Wednesday. The Lakers won the annual league meet at Mt. Holly in frigid temperatures but good snow conditions.

Andover Girls Step Closer to Coed League Ski Title

Bloomfield Hills Andover girls team beat Rochester by four seconds in a Mt. Holly Prep triangular meet run in conjunction with the annual league meet Wednesday, taking a big step toward the coeds' championships.

The Andover girls also won with Rochester and Waterford Mott finishing well back in the competition. Jeff Smith of the Barons led the boys with a 40.7 timing.

Wendy Willis of Rochester won the girls' slalom race but Andover's pacesetter coed took 2-3-5 with Barb Goode, Laura Rinsider and Debbie Veneman in that order.

The Barons' girls meet Waterford, Uica and Mott to day but only need a second to clinch the top spot in the final standings.

West Bloomfield has the boys' title wrapped up.

In the league meet — which has no bearing upon the regular championship — the Lakers ruled the boys and Waterford Township reigned among the girls.

'Charity' Work Helps Chicago Trim Seattle

By THE ASSOCIATED PRESS
Jim Washington missed a free throw. The Chicago Bulls will forgive him.

The Bulls took 31 shots from the foul line in their 106-100 squeaker over Seattle in the National Basketball Association Wednesday night. They made 30 of them including 14 straight by Bob Boozer who led the scorers with 26 points.

Washington, second to Boozer with 23 points, was seven for eight from the line; his miss was the Bulls' only one.

In other NBA games, Baltimore beat San Francisco 126-117 and Los Angeles turned back Boston 122-117.

In the American Basketball Association, Dallas edged Houston 122-119 and Indiana beat Denver 122-110.

Elgin Baylor came through in the clutch with 28 seconds remaining in the Lakers' victory over the Celtics before a turnout of 17,011, the biggest crowd ever to see an NBA game on the West Coast.

Eddy Patterson Leads PBA Meet After 2 Rounds

TAMPA, Fla. (AP) — Eddy Patterson of Dallas took a 57-pin lead Wednesday night after two rounds in the Professional Bowlers Association \$40,000 Sertoma Open.

Patterson's total after 12 games was 2663. Butch Gearhart of Fort Lauderdale, Fla., was second with 2666, followed by Don Johnson of Kokomo, Ind., at 2596.

Jim Stefanch of Joliet, Ill., who led after the first six games with 1342, slipped to 1206 in the second round and wound up in 11th place.

The 112-man field has 12 more games. Thursday to pick 16 bowlers for Friday's match game semifinals. The high five then will go for the \$6,000 first prize in Saturday's nationally televised finals.

Duff Sparks Canadiens' Win

By the Associated Press
Montreal's cannonball express is rolling non-stop again and Dick Duff, for one, is happy to be aboard.
Duff, the slick-skating National Hockey League veteran who had trouble getting into the Canadiens' line-up earlier this season, kept pace with his teammates Wednesday night by scoring two goals in a 7-3 triumph over the New York Rangers.
Claude Provost, Duff's hard-working linemate, also tallied twice as the Canadiens skated to their seventh straight victory and 19th in their last 20 games.

The loss ended an eight-game unbeaten streak for the third- to a 1-1 tie in the other game on the schedule.
Duff's two goals, following a hat trick against Pittsburgh last Saturday night—the eve of his 32nd birthday—moved the little left-winger within seven tallies main six behind the Canadiens. But fourth-place Boston and fifth-place Toronto each bowed to an expansion club.
Minnesota trimmed Boston 5-3, ex-Bruin Wayne Connelly scoring two goals, and St. Louis bounded slumping Toronto 5-1.

Helping goalie Carl Wetzel prevail in his first NHL start.
Jerry Melnyk and Gary Sabourin each scored twice, leading St. Louis past the Maple Leafs, who have dropped seven straight games and are winless in their last nine.
Hull cracked a scoreless deadlock with just 2:50 remaining at a 17-save shutout.
Dave Dryden ended the Seals' three-game winning string with a 17-save shutout.

Mentor Accepts 'Two-Hatted' Job
ST. LOUIS (UPI)—Washington University of St. Louis has named Richard D. Martin as its athletic director and head football coach.
Martin, a native of Lacrosse, Wis., has been head football coach of Rose Polytechnic Institute, Terre Haute, Ind., and has served as track coach, and assistant basketball coach.

Tennis Finalists Paired

MACON, Ga. (AP)—Top-seeded Jan Leschly of Denmark meets the Luis Arilla of Spain in a head-NHL's East Division, Duff has drilled 18 of his 22 goals, including five in the last two games.

Connelly fired his 24th and 25th goals—the tops in the West Division—as the North Stars overbowed Boston and moved within three points of first place Philadelphia. Mike McMahon, Andre Boudrias and Parker Macdonald tallied for Minnesota, and

Auburn Hills Hits Sizzling Floor Per Cent

Auburn Hills' Nikes of Oakland Community College kept their third-place hopes alive in the Northeastern Division of the State Community Junior College AA with a 100-101 victory last night over Dearborn Henry Ford at Troy High.
Shooting a sizzling 60 per cent from the floor, Auburn Hills gained the decision with a 42-33 advantage from the floor.

McNeese State Gains 3rd Spot

By the Associated Press
The McNeese State Cowboys of Lake Charles, La., riding high on a 20-2 record, moved into third place in The Associated Press' small-college basketball poll today.
Unbeaten Long Island University, a solid leader, and Kentucky Wesleyan, the runner-up, have the same positions they held a week ago. There were considerable changes, though, in the other ranking spots.

Len Gienhoff made 13 of 17 shots and passed off for 10 baskets in addition to his own 35 points to pace the Nikes who are 15-4 over-all and finished with an 8-4 league mark.
The win also was keyed by the rebounding of Harold Reiser and Tom Cox. Together they grabbed 46 rebounds for the winners and added 40 points.

Top Ten, with first-place votes in parentheses, Feb. 17 and total points in a 100-2-5-4-3-2-1 basis:

1. Long Island 100-101	184 (143)
2. Kentucky Wesleyan 33-13	173 (113)
3. McNeese State 20-2	162 (93)
4. Pan American 18-4	161 (89)
5. Trinity, Tex. 18-5	158 (89)
6. Evansville 16-5	155 (85)
7. Norfolk State 16-5	154 (81)
8. Southwestern Louisiana 15-5	145 (45)
9. Illinois State 14-6	142 (37)
10. Guilford 14-7	142 (37)

Whips Northern Rival
MARQUETTE (AP)—Northern Michigan used a 44-31 halftime lead as a springboard in trouncing its Upper Michigan rival Michigan Tech, 101-69, in a nonconference basketball game Wednesday night.

Playoff Start Is Determined

Lighthouse Lanes built up an early lead and held on for a 69-63 win over Drayton Drug in a playoff for the No. 2 spot in Waterford Township's National League basketball race.

Stan Whitcomb pitched in 22 points for Lighthouse, which held a 29-22 lead at halftime and a 47-35 edge after three frames. Mike Miley (25) and Roger Saum (20) led the losers.

Roger Miller tossed in 27 points and Pat Daly added 23 as Powell's Trucking ousted Dial Finance in Continental League lower bracket playoffs, 70-68.

In the upper bracket playoff, Spencer Floor disposed of Day's Sanitary, 100-65, to qualify for a game against Glenn's Auto Sales which will determine Waterford's entry in the state tournament.

Eight players hit double figures for Spencer, which led at halftime 49-21. John Herrington led the way with 23.

Two Some Spurs Hillsdale Victory

ADA, Ohio — Jeff Culp and Dennis Hrcak combined for 62 points in leading Hillsdale to a 99-95 basketball victory over Ohio Northern Wednesday night.

Culp had 32 points and Hrcak 30 as Hillsdale rallied in the closing minutes for its 17th victory against five defeats. Tom Ross' 30 points topped Ohio Northern, now 14-10.

Teens' Tandem Shine in ABC

CINCINNATI — Young Max Hartman fired a 683 series Wednesday to grab second place in all-events and move him and Garry Nash into third in the field in doubles in the American Bowling Congress tourney.

Hartman, a 16-year-old high school student from Fort Wayne, Ind., shot a 257 en route to the big series and now holds second in all-events with a 1,849 score.

Nash, 18, chipped in 549 to give the tandem a 1,238 doubles total. Nash is a full-time student at the Indiana University Extension at Fort Wayne.

Gordie Baus of East Detroit, Mich., shot a 685 series Tuesday night which placed him fourth in all-events with 1,810 and paced his Warren, Mich., Hartman. The team into first place in the regular team division standings with 2,903.

Utica Pinned

Rochester closed the season on a successful note last night by pinning a 34-15 setback on Utica's wrestling squad. The win upped Rochester's record to 13-3.

"You notice that the black point isn't the same slick vinyl as the blue," he said. "We think it breaks up wind currents a little. You want just a little, because too much would slow you down."

Top Trackmen at AAU Indoor Races

Oakland Scene of 2-Day Meet

New Record Likely in 600-Yard Dash

OAKLAND (AP) — Speed is the theme of the National AAU indoor track and field meet this weekend, with world record performances a distinct possibility.

Several athletes have declared their intentions to set records Friday or Saturday, and some close followers of the sport predict the most probable race for a new mark is the 600 yards.

That seldom-run distance has earned Martin McGrady, who set the record at 1:09 two years ago, and Lee Evans of San Jose State among 11 entries. The field will be trimmed by a preliminary Friday afternoon for Saturday's championship final.

STRONGST

Jim Kemp of the Army and Ron Whitney of the Southern California Striders appear to be the strongest among the other contenders.

The 25 entries in the 60-yard dash include three who share the 58 record: Bill Gaines, Charlie Greene and Jim Hines. Earl McCulloch of Southern California, 6.9 himself in the 60 high hurdles, has his eyes set on Hayes Jones' 6.8 mark. He will be pushed, if not beaten, by Willie Davenport of Southern University, Richmond Flowers of Tennessee and Ralph Boston of Olympics long jump fame.

George Young of Arizona State will challenge Tracy Smith, who set the three-mile record at 3:16.2 here last year, at that distance. Young has defeated Smith twice this winter at two miles as Tracy warmed up slowly for his favorite distance over this, his favorite track.

FOUR CONTENDERS

The pole vault has drawn four 17-foot men led by Bob Seagren, indoor king with 17-3. The others are Russia's Genady Blitzensov, Greece's Chris Papanicolaou and Finland's Ahti Aroto. They are given a chance to break Seagren's record.

Russia's Valentin Gavrilov, 7-2, is among half a dozen high jumpers who have reached 7 feet indoors. Another is Otis Burrell, who'll be defending the title at last year's meet.

John Rambo and Ed Caruthers of the Pacific Coast Club, veteran John Thomas of Boston A.A., and John Hartfield of the Houston Striders are others.

Record breaking could extend into the relays, where sprint record holder Tommie Smith will lead a sprint medley team from Santa Clara Valley Team Village.

McGrady is scheduled for the first 400 yards, Charles 100, John Carlos 200 and Smith the final 300. Six teams, including the Southern California Striders and Philadelphia Pioneer A.C. challenge them.

Perfecta OK'd on Ohio Tracks

COLUMBUS, Ohio (AP) — The Ohio State Racing Commission approved Wednesday the introduction of perfecta wagering at all Ohio commercial race tracks.

The action came at the commission's regular monthly meeting. It marked the first time perfecta wagering has been sanctioned in the Buckeye state.

In the perfecta, patrons must select the first two horses to finish in their correct order.

Insurance Five Still Unbeaten

Coulacos Posts 69-43 Win in City League

Coulacos Insurance, the city's only unbeaten men's recreation basketball team, showed it is ready for the postseason International League playoffs next month with a 69-43 victory over Town & Country last Wednesday night.

Local 596, the runner-up team in the Class C standings, gained a forfeit decision over the Pontiac Police.

Coulacos poured in 31 field goals with Bill Hayward hitting 10 of them in a 25-point night. The winners outscored T&C in every quarter but couldn't pull away until a 16-4 last period.

Larry Hayward added 14 points on seven baskets for the winners. Dave Burhans' 12 markers and 11 by Skip Hall led the Town & Country attack.

Pointers Head Quail Count in Bird Event

GRAND JUNCTION, Tenn. (AP) — The quail count in the National Bird Dog championship show sharply Wednesday as two pointers were credited with 15 finds in three hours of running.

More than 100 men on horseback in the hunt saw three additional coveys.

Snow postponed the morning heat.

The Untouchable, owned by P. J. Blanchard of Marleton, 7-6, was braced with Volcanic Butch, owned by J. J. Stark of Grand Junction.

Both dogs started fast and finished their three-hour stint despite trying conditions.

Blades Gain 4-3 Win

By The Associated Press

Stan Maxwell and Barry B. Dooley was reappointed Jakeman scored goals 2-3 chairman of the New York-seconda apart in the third State Athletic Commission by period to give the Toledo Blades Gov. Nelson Rockefeller a 4-3 victory over first-place Wednesday for a term ending Muskegon in International Jan. 1, 1971. The post pays Hockey League action Wednesday night.

Recipes Use Granulated Brown Sugar

Date Nut Bread and California Gold Bars are delicious foodfare which will bring approval from your family and friends — even cake-shy ones.

Date Nut Bread makes an attractive loaf particularly suited for teas and luncheons. It may be served plain or with whipped cream cheese, jam or jelly. This bread slices and looks best when allowed to mellow at least one day.

The California Gold Bars, ideal as a snack, lunch-box surprise or simple dessert, have great appeal because of the pungent flavor of apricots.

These recipes are just two of 65 recipes in an attractive 32-page recipe booklet now available upon request.

All of the recipes have been specifically developed for use with granulated brown sugar, which turns out light and smooth. Add date mixture; blend thoroughly.

Sift together flour and baking powder. Blend flour mixture thoroughly in large mixing bowl. Beat eggs into mixture until light and smooth. Add date mixture; blend thoroughly.

DATE NUT BREAD
1 cup boiling water

DATE NUT BREAD—Slices of this quick loaf are good enough to serve as dessert. Made with granulated brown sugar, this bread cuts better on the second day.

Oyster Stew Adds Menu Sparkle

Oyster stew, dressed up with cup diced cucumber. Heat; stir cucumber and your cream will now and then. Do not boil. Add sparkle to your next company dinner menu. In a small amount of soup pany dinner menu. In a small amount of soup pany dinner menu. In a small amount of soup pany dinner menu.

CALIFORNIA GOLD BARS
1 11-oz. pkg. (1½ cups) dried apricots
4 eggs
1½ cups granulated sugar
1 cup granulated brown sugar
½ teaspoon salt
2 cups grated orange rind
2 cups sifted all-purpose flour
¼ teaspoons double-acting baking powder
½ teaspoon nutmeg

1 cup chopped pecans or walnuts
Confectioners sugar
Soak apricots in water until soft. Drain well; cut into small pieces. Beat eggs in large mixing bowl. Blend sugars and salt; gradually beat into eggs until light and foamy. Add orange rind.
Sift together flour, baking powder and nutmeg; gradually blend into egg mixture. Add before serving. Yield: 54 bars.

Fill Loaf of Bread for Big Sandwich

Cut a whole loaf of Italian bread lengthwise. Spread mayonnaise generously on each half. Line one side with crisp lettuce leaves.
Form a layer of sliced tomatoes, cucumbers and top with well drained tiny Norway sardines. Sprinkle with a little authority, from five ingredients: alcohol, water, lemon, sugar, and spice. It may be brandy and rum, wine, tea, or milk that is mixed with either hot or

Punch-Making Has Important Rules

Punch is popular. It is easy cold water. Mint may be used to make, and it's easy to serve in place of nutmeg. But sugar in quantities. The name may and lemon — the sweet and the be from the English abbreviation — sour — are unvaried ingredients.
To get the most from each, use cube or tablet sugar; rub them over the lemon until all the yellow zest is absorbed; then mix with other punch ingredients.

For punch is made, with authority, from five ingredients: alcohol, water, lemon, sugar, and spice. It may be brandy and rum, wine, tea, or milk that is mixed with either hot or

Peanut Rarebit Is a New Version

Is it Welsh rabbit or rarebit? The Oxford Dictionary prefers Welsh rabbit which it dates from 1725, and indicates that rabbit was probably corrupted to rarebit around 1785.

True Welsh rabbit is the English version of Swiss fondue. Her is yet another version featuring a nippy cheese sauce enlivened with chopped dry roasted peanuts. The warm flavor and crisp texture of the peanuts makes a wonderful foil for the creamy cheese sauce. Served over toasted English muffins and tomato slices, it's a rare bit indeed!

Peanut Cheese Rarebit
2 tablespoons margarine
3 tablespoons flour
½ teaspoon salt

¼ teaspoon dry mustard
1½ cups milk
1 teaspoon Worcestershire sauce

Roll Fish Fillet for Appetizer

Appetizing appetizers. Slice fish fillets, either fresh or frozen, into 4-inch long.

Roll each one up and lace on skewers with your choice of green pepper, cherry tomatoes, pitted ripe olives, pineapple or apricot halves. Broil on well-greased rack for about 5 minutes and serve on the skewers. They're delicious.

2 cups grated sharp Cheddar cheese
4 cups chopped dry roasted peanuts
Toasted English muffins
Tomato slices
Melt margarine in a medium-sized saucepan. Stir in flour, salt and dry mustard. Gradually add milk and Worcestershire sauce. Cook over medium heat, stirring constantly, until mixture thickens.

Add grated cheese and heat, but do not boil, until cheese melts. Stir in peanuts.
Spoon rarebit over toasted English muffins and tomato slices. Makes about 4 servings.

Deaths in Pontiac; Nearby Areas

Mrs. Louis Bleise

Service for Mrs. Louis (Ada) Bleise, 92, of 54 Benson will be 11 a.m. tomorrow in Voorhees-Siple Chapel with burial in Perry Mount Park Cemetery.

Mrs. Bleise died Tuesday.

Surviving are a son, Vernon L. of Santa Barbara, Calif., and three grandchildren.

Charles J. Hollerback

Charles J. Hollerback, 77, of 363 N. Cass died Tuesday. His body is at the Pursey-Gilbert Funeral Home.

Surviving are two sons, Herbert of Orchard Lake and Robert of San Diego, Calif.; a

daughter, Mrs. Adrian Mary; are two children Leroy of Sweatland of St. Charles; nine grandchildren; and five great-grandchildren.

Mr. Hollerback, a retired employee of GMC Truck & Coach Division, was a member of St. Michael's Catholic Church.

Emanuel O. Bareis

HIGHLAND TOWNSHIP — Service for Emanuel O. Bareis, 84, of 131 McPherson will be 1 p.m. Saturday at Richardson-Presbyterian Church, Birmingham, died Tuesday.

Surviving are a son, Bob of Traverse City, and four grandchildren.

Mrs. Maude Hilty

BIRMINGHAM — Service for former resident Mrs. Maude Hilty, 86, will be 2 p.m. tomorrow at Bell Chapel of William R. Hamilton Co. Burial will be in Roseland Park, Berkeley.

Mrs. Hilty, a member of First Presbyterian Church, Birmingham, died Tuesday.

Surviving are a son, Bob of Traverse City, and four grandchildren.

Fred E. Birch

BLOOMFIELD TOWNSHIP — Service for Fred E. Birch, 66, of 1550 Trailwood Park will be 11 a.m. Saturday at the Bell Chapel of the William R. Hamilton Co., with burial in White Chapel Cemetery, Troy.

Mr. Birch died yesterday. He was a former division manager of the Michigan Tool Co. and a member of the Moslem Shrine Lodge 240, F&AM, Detroit Commandery No. 1 of the Knights Templar, the National Cathedral Association of Washington, D.C., and Christ Church Cranbrook.

Surviving are his wife, L. Roberta, and two brothers.

Ex-Postmaster of Lake Orion Is Dead at 53

Linus C. Treinen, district manager of the Builders Division of Whitpool Corp. and a former Lake Orion postmaster, died yesterday. He was 53.

Requiem Mass will be 11 a.m. Saturday at St. Joseph Catholic Church, Orion Township. Burial will be in East Lawn Cemetery, Lake Orion, by Bossard Funeral Home, Oxford.

Treinen who lived at 225 N. Broadway, Lake Orion, had for 15 years owned and operated Smith Hardware in Oxford.

He was a former member of the Oxford Chamber of Commerce, the Rotary Club and the Oxford Golf Club.

Surviving are his wife, Dickie; a son, Nicholas of Lake Orion; three daughters, Mrs. Diana Hoffman of Rochester, Linda and Kimberley, both of Lake Orion; a brother, a sister, Mrs. Irene Martin of Pontiac; and two grandchildren.

Former Official for Waterford Is Hurt in Crash

Former Waterford Township Clerk Elmer R. Fangbner was injured yesterday when a pickup truck he was driving and the U.S. Raeder was a fiancé, an automobile collided at the intersection of Pontiac Lake Road and Crescent Lake Road in the township.

Fangbner, 40, of 3327 Melnard, Waterford Township, is listed in satisfactory condition at Pontiac Osteopathic Hospital.

The truck Fangbner was driving rolled over after the crash, township police said.

Driver of the car was Harold Steinman, 24, of 685 Crescent Lake, Waterford Township.

Club-Wielder Robs Motel

A young man armed with a tire iron held up the Highlander Motel, 2201 Dixie, Waterford Township, early today and fled with \$138.08.

Pontiac State Police said the night clerk — John Askew, 21, of 611 Granada — told them that the hoodlum threatened to hit him with the weapon.

The thug was described as being in his early 20s, white, with short, dark hair. He reportedly is 5-7 or 5-8 and weighs about 145 pounds.

No suspects were immediately taken into custody.

OCC Course

A six-session course on "Problems of Overprivileged and Underprivileged Adolescents" is being offered by Oakland Community College in Oak Park beginning Wednesday. Course fee is \$12.

Death Penalty for Riot Snipers, Backed in Poll

LANSING (AP) — Rep. Roy Smith, R-Ypsilanti, said Wednesday a recent mail poll in his district showed 71 per cent support for "the death penalty for persons convicted of sniping at firemen and policemen during a riot."

Smith also said 89 per cent of those responding favored a state "stop and frisk" law and 94 per cent said penalties for violent crimes should be increased.

He said he distributed 4,400 questionnaires and got more than 1,000 back. Smith's district is in eastern Washtenaw County.

Sewer Aid OK'd

WASHINGTON (AP) — The U.S. Department of the Interior has awarded a \$47,430 grant to Port Huron, Mich., to help construct a \$143,731 interceptor sewer.

Local Lawyer Joins Rights Commission

Pontiac attorney Julian A. Cook Jr. was appointed yesterday by Gov. Romney to the Michigan Civil Rights Commission.

Cook, 37, a resident of Detroit who has his law practice in Pontiac, succeeds Damon J. Keith, who resigned to accept an appointment as a federal judge.

A member of the Legal Redress Committee of the Michigan chapter of the National Association for the Advancement of Colored People (NAACP) Cook is a director of the Pontiac NAACP.

Cook, a Democrat, said he was "pleased and honored" to receive the appointment. "I am very hopeful that I can make a substantial contribution to the commission and the purpose for which it is created."

"The Civil Rights Commission certainly has a role to play in community affairs. I hope that it will play an even more significant role in the future to bring about equality of opportunity," he said.

COLLEGE DEGREES

Cook received a bachelor's degree from Pennsylvania State University in 1952 and a doctor of law's degree from Georgetown University in 1957.

He has practiced law in Detroit and Pontiac since 1958.

It was also announced that Romney has reappointed Dr. John T. Dempsey of Dearborn to a four-year term on the eight-member, bipartisan commission.

Dempsey, 43, is chairman of the division of literature, science and arts at the Dearborn campus.

He was active in Romney's gubernatorial campaigns in 1962 and 1964 and was an unsuccessful Republican candidate for Congress in 1966.

Prosecutor Will Request Pay Increase

Oakland County Prosecutor S. Jerome Bronson today proposed that the board of supervisors increase the salary of the prosecutor to \$27,500 in 1969.

In recommending the \$6,000 boost, Bronson said he was not thinking of himself but is only seeking a salary for the position, whoever may hold it, that is more consistent with the responsibilities of the office.

The current salary for the prosecutor is \$21,500. It was increased \$4,000 only this year.

Bronson said his proposal eventually will be submitted to the board of supervisors, after it has been considered by various committees of the board and the board of auditors.

"The responsibilities are no less on the executive branch as they are on the judicial," said Bronson. "And it is time that recognition be given to this fact."

Oakland County circuit and probate judges, he said, earn \$30,000 annually.

Bronson said, too, that the disparity between the \$29,000 received by the Wayne County prosecutor, and the Oakland County prosecutor should be corrected.

Ex-Senator Dies

ROCKY MOUNT, N.C. (AP) — Former U. S. Sen. Scott W. Lucas, 76, of Illinois died early today in Rocky Mount's Park View Hospital after suffering a cerebral hemorrhage.

JULIAN A. COOK JR.

Area Financial Figure, 65, Dies

Frederick W. Raeder, a leading financial figure from Bloomfield Hills who took part in the reorganization of the German economy after World War II, died yesterday. He was 65.

Service will be 11 a.m. tomorrow at Christ Church Cranbrook with burial in Woodlawn Cemetery, Detroit, and local arrangements by the Bell Chapel of the William R. Hamilton Co., Birmingham.

Raeder of 2432 Quanton was a prominent banker in Detroit and in 1945 was deputy of finance for Joseph M. Dodge.

He was head of finance under Gen. Lucius M. Clay in Berlin where he assisted in the reorganization of German banks, currency reform and public debt problems.

He supervised the first postwar budget for the city of Berlin in 1946. On his return to the U.S., Raeder was a fiancé, an automobile collided at the intersection of Pontiac Lake Road and Crescent Lake Road in the township.

RETIRED IN 1956

From 1956 until his retirement he was associated with Allen Anderson Co., Bloomfield Hills.

Surviving are a daughter, Mrs. Michael Verbonic of Washington, D.C.; a brother; and three sisters.

Memorial tributes may be sent to the Michigan Cancer Foundation or the American Cancer Society.

LEGAL NOTICE

TOWNSHIP of BLOOMFIELD

The Board of Review for the Township of Bloomfield will meet at the Township Office, 4200 Telegraph Road, on:

Monday, March 11, 1968
Tuesday, March 12, 1968
Friday, March 15, 1968

Your State Income Tax—2

Most Taxpayers Will Probably Use the Short Form

(EDITOR'S NOTE—The *As* who are eligible to file "short form" returns.)

By CLARENCE LOCK
State Revenue Commissioner
Written for
The Associated Press

LANSING — If during 1967 you received taxable income only from wages, interest and dividends, you are eligible to use the state's new "short form" MI-1040A in preparing your Michigan income tax return this year.

You must use the more complicated MI-1040 if part of your income derived from rents, royalties, business profits, distributive income from partnerships or fiduciaries, or income from pensions or annuities.

We will look today at the short form, which most taxpayers probably will use, and

consider the longer MI-1040 in a later article.

The accompanying sample copy of form MI-1040A shows the joint return of a make-believe family of four.

John Doe earned \$12,500 in wages during 1967, while his housewife spouse earned nothing. The family savings account drew \$44 in interest, and some U.S. Savings Bonds yielded another \$20.

In the last three months of the year, Doe's total earnings came to \$3,315. His employer has furnished him a statement showing he withheld \$45.50 from Doe's pay checks.

Shall he pay the tax on the \$3,315 earned in the last quarter, or on one-fourth of the \$12,584 earned during the year?

He divides \$12,584 by four and gets \$3,146.

Since \$3,146 is smaller than \$3,315, he will show a smaller income — and thus a smaller tax — by figuring his return on a full-year basis, using the boxes in column 2 of the return form.

A person opting to pay his tax on his October-November-December income would use column 1. In either case, he would use only one of the columns and leave the other blank.

OTHER INCOME

Onto line 5 goes the \$12,584 total income of the Doe family \$12,520 in wages plus \$44 in bank interest plus \$20 from the federal bonds.

Doe did not receive interest from Bonds issued by states other than Michigan or by their local governmental units, so he has nothing to report on line 6.

On line 7 would go any wages, salaries, fees, commissions, tips, bonuses and other payments for personal services, and all dividends and other interest items not included in line 6.

In the full-year computations of column 2, line 7 is not used. The shaded boxes in either column represent steps which must be skipped by a person figuring in that column.

3-LINE TOTAL

Line 8 gives a total of the previous three lines.

Now look at line 19 on the other side of the form.

Since Doe's income includes \$20 in interest from U.S. Savings Bonds, which cannot be taxed by Michigan, he enters that figure in line 19 to be subtracted from his taxable income.

In line 20 he would subtract any pay he received during the year for military service, although armed forces retirement pay would be taxed.

ALIMONY PAYMENTS

In line 21 would go alimony, separate maintenance payments or principal sums payable in installments if such sums were paid by the husband and eligible for inclusion in the wife's gross income.

Line 22 is not used in column 2 full-year calculations. A person using column 1 whose income includes dividends of which quality for the \$100 federal exclusion could enter \$25 on a single return or \$50 on a joint return. The amount excluded could not exceed the dividend income.

Neither line 19 or line 20 can show an amount unless the amount is actually included in the total income figure shown in line 8.

Doe adds the figures in lines 19 through 22 and enters the total on line 23 and also back on line 9. He subtracts line 9 from line 10 — writing the difference on line 10 — and then, since he is using the full-year figures, divides line 10 by four. This is because only a quarter of his 1967 income is taxable.

NOT ALLOWED

Of course a taxpayer working

in column 1, using income figures only for the last three months of the year, would not be allowed to divide his figure by four.

Doe now enters on line 12 the number of exemptions to which he is entitled.

This must be the same figure used on his federal tax return, as shown in the box on line 25 of the state form he is using.

He claims himself, his wife, and their two dependent children, for a total of four exemptions.

MULTIPLY BY 300

For this year, he multiplies the total by 300, the per dependent exemption the law allows.

In April 1968, when he pays taxes on a full year's income, each dependent will be worth \$1,200.

An extra \$300 would be allowed this year for each dependent who is 65 or over or blind.

Doe's four exemptions this year total \$1,200 (four times \$300). When he subtracts this total from line 11 and puts the answer on line 13, he has calculated at last the amount which is subject to the Michigan tax.

FLAT-RATE TAX

The tax is a flat-rate 2.6 percent of line 13.

To find out how much he owes, he must multiply the taxable income in line 13 by 0.026. In this case, the tax comes to \$50.47.

An important note: The proper multiplier is 0.026. If you incorrectly multiply by 2.6, you will end up paying just 100 times as much tax as you should.

Doe has now determined that his 1967 state income tax is \$50.47. But remember, he has already paid \$45.50, which his employer withheld from his pay checks during the last quarter of the year.

MAY FILE

This turns out to be \$4.97 more than he owes (\$54.50 minus \$50.47), and he may file a return and ask for that \$4.93 back.

An interesting sidelight: The state owes Doe money, but less than \$5. He is still entitled to it. But if he had wound up owing the state \$5 or less, he would not have been required to pay it, or even file a return.

If Doe had been one of a minority of taxpayers whose tax was not withheld, or who paid an income tax in some other state besides Michigan, he might have been able to make further deductions on lines 15 (b) and 15 (c) before arriving at his Michigan tax bill.

By checking one of the boxes on line 18, Doe may indicate whether he wants the state to mail him his \$4.93 or to keep it and apply it against next year's tax.

He should then fill in any other necessary spaces on the return and sign it. Mailed with the form should be a copy of the employer's withholding statement. Failure to attach this form will result in a rejection of his refund claim.

A taxpayer who owes the state money should also enclose a money order or a check made out to "State of Michigan" and mail the return by April 15 to the address shown on the back of the form.

Directors' Award to Nichols Atones for Embarrassment

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — The Directors Guild this week atoned for one of the most embarrassing

OPENING Tomorrow "KING LEAR"
Meadow Brook Theatre
OAKLAND UNIVERSITY, ROCHESTER 338-6239 in Detroit 962-0253

faux pas in recent awards history.

At the guild's banquet last year, Mike Nichols' name was the first mentioned as the award for best film direction of the year was being announced. He was up for his first movie, "Who's Afraid of Virginia Woolf?"

And he made a warm, emotional speech of acceptance. Then, to the embarrassment of everyone present and especially Nichols, it turned out that the final award went to Fred Zinnemann for "A Man for All Seasons."

This year's announcements were no better organized, but the winner turned out to be—Mike Nichols for his second film, "The Graduate."

ANOTHER HIT PLAY

The director was in New York, where he just opened another hit play, "Plaza Suite."

The producer of "The Graduate," Lawrence Turman, accepted for Nichols and said wryly, "You have already heard his speech last year."

The occurrence closely parallels another awards mishap that will Rogers perpetrated in 1938. In announcing the Oscar for best direction, Rogers cracked, "Come up and get it, Frank."

Eager young Frank Capra raced to the platform, then was forced to retreat. The award had been won by Frank Lloyd for "Cavalcade."

The victory of Mike Nichols for "The Graduate" automatically makes him the favorite in the Oscar race. In the 20-year history of the Directors Guild awards, they have inevitably coincided with the Academy Awards.

The guild dinner was noteworthy in providing honors for two industry giants who seldom appear at such affairs. Alfred Hitchcock was chosen for the D.W. Griffith award, which has been given only to eight others. It is remarkable that Hitchcock, despite his immense contribution to the literature of the

screen, has never won a Directors Guild award—not an Oscar.

Hitchcock appeared just as round and pink-cheeked as ever, but he was strangely restrained in his acceptance. He delivered his trade-mark "good evening," and there was laughter from those who remembered his macabre introductions to his television shows. Then he remarked only that he was "terribly, terribly grateful" for the honor, and he returned to his table.

Darryl F. Zanuck was more expansive. Wearing outsized dark glasses, he strode to the platform to accept from George Stevens his honorary membership in the guild, another rare honor. He told of his pleasure in receiving the honor and admitted, "I have unquestionably butchered more films in the cutting room than any other producer that ever existed."

The directors, who jealously guard their right to cut their own pictures, applauded warmly.

WEAVING A WEB

In Nature's daily cycle, it is not the larger, or stronger, who always survive. Throughout the varied animal and insect worlds, each creature is given its own means of survival.

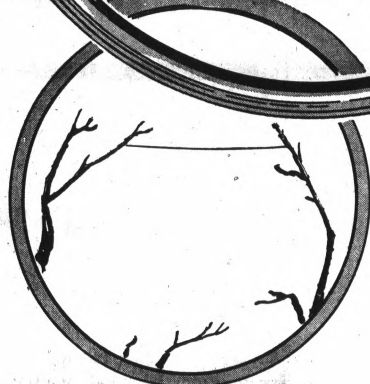

For 30,000-40,000 species of spiders, Nature has provided a distinctive characteristic: the ability to spin silk. Though not all spiders spin webs to trap their meals, those that do easily can capture and kill insects larger in size and strength than themselves.

These spiders, ranging from 1/25 to 2 inches long, secrete the silk through spinning organ secretions located near the lower end of their sac-like abdomen. Since the material cannot be forced out, a hind leg draws it out. The liquid hardens upon contact with the air and is controlled, in flow as well as type and form, for the web-making needs.

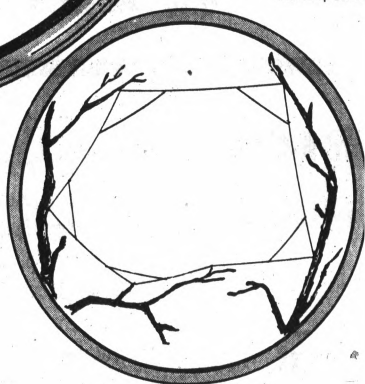

The web threads, some as thin as 0.03 microns (1/1,000,000 of an inch) have an ability to stretch 1/5 their length before breaking. These webs are created at one sitting, a one to four hour job, usually at dawn or dusk.

Once completed, the spider waits "in the parlor," either at web's center or on a corner, for insects to become enmeshed. Held firmly, the insect is easy prey, regardless of size, to be enshrouded in silk and devoured at will.

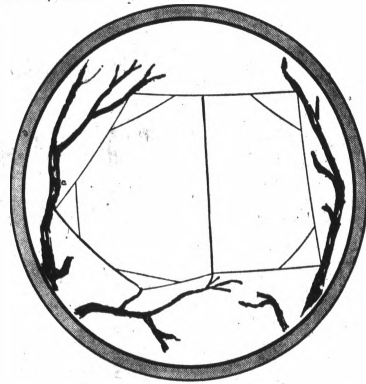

This insect consumption helps Nature's balance. At the same time, spider webs create a masterpiece of delicate beauty and composition.

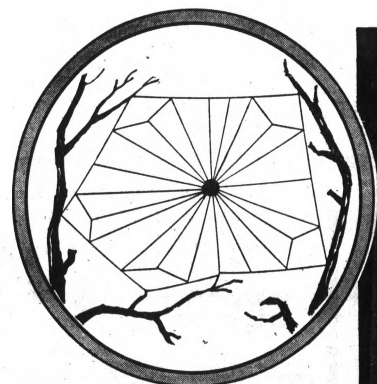

1. A spider creates a bridge line to begin the web.

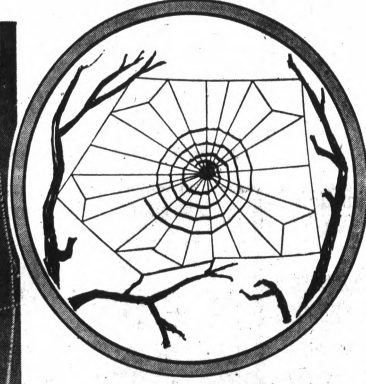

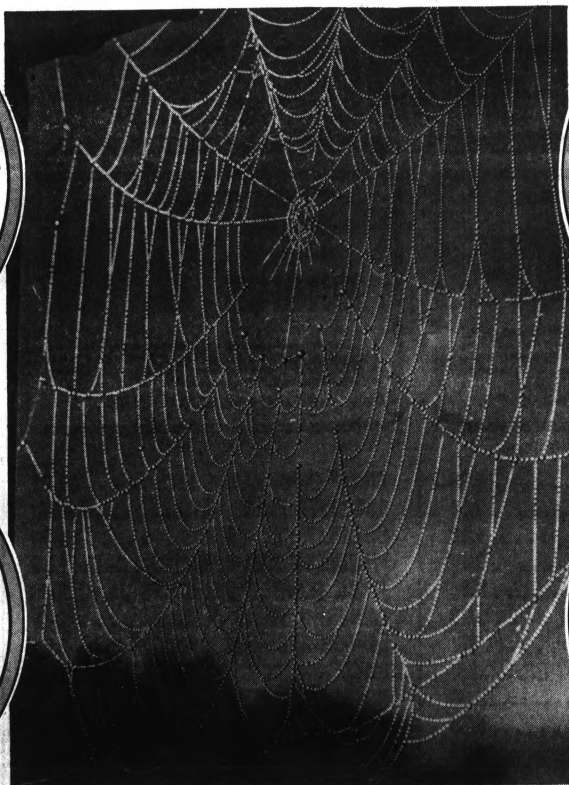

2. Short lines support the strong foundational lines.

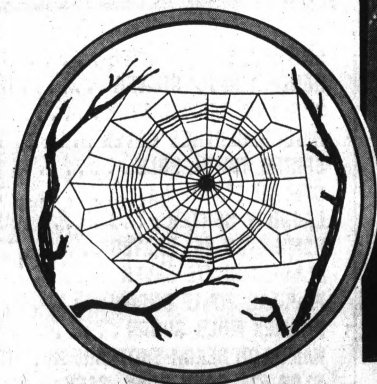

3. A center line is placed to begin outward lines from center.

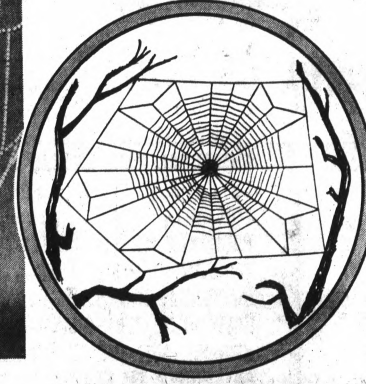

4. With spoke-like lines completed, a mesh is formed in the center for additional strength.

5. A temporary, non-sticky thread is strung to support the spider's final construction.

6. The sticky threads are spread to entrap insects.

7. Final stage is the dropping away of the temporary thread and final spinning of inner sticky threads.

Embittered Korean Holds Off Japanese Police for Third Day

THIZUOKA, Japan (UPI) — A Korean who said he felt "like a Vietcong" held off 300 Japanese policemen for the third day today by threatening to dynamite nine terrified hostages.

Kim Hee Ro, 41, armed with a rifle and explosives, held up in a small mountain resort hotel Tuesday after he killed two men in a nearby bar. He herded the innkeeper and the guests into a room and barricaded it.

Yesterday he let a television crew and reporters into the

Fujiyama Hotel and, in a nationwide broadcast, warned he would explode the dynamite if the police moved in.

"Right now, I feel like I am a Vietcong," Kim told a reporter.

He said he was embittered by what he considered Japanese racial discrimination against him because of his Korean ancestry. The discrimination started him on "the bad road" during his childhood, he said. Police said he had a lengthy criminal record.

When he first entered the hotel, he had 14 hostages, but he later freed the innkeeper's mother, wife and three children.

At least 300 police with helmets and bulletproof jackets ringed the building, but they kept their distance for fear Kim would carry out his threat to explode the dynamite. They said he had drugs to ward off sleep and 1,000 rounds of ammunition for the rifle.

Japanese reporters who were permitted near the hotel today said he looked pale and haggard but repeatedly rejected pleas that he give himself up.

"No matter how many times I am asked to give up, I have no such intention," he said.

"I will put up against police at all costs and then commit suicide."

AN APOLOGY

On the wall of his room he had scrawled an apology: "I am sincerely sorry for putting innocent people in trouble. I assume that responsibility by taking my own life."

12 State Men Killed in Viet

WASHINGTON (UPI) — Twelve Michigan servicemen were among 166 U.S. servicemen identified by the Defense Department today as having been killed in recent action in Vietnam.

The list of Michigan casualties, one of the longest in recent weeks, included four from Detroit. It reflected the increased tempo of battle in South Vietnam.

Relatives of the dead servicemen have been notified by the Defense Department.

The Michigan men included:

• Army Sgt. Dale L. Davis, the son of Mr. and Mrs. Lester Davis of Adrian.

• Army Sgt. Richard P. Vellance, the son of Mr. and Mrs. Paul Vellance of Hemlock.

• Army Spec. 5 Kenneth L. Fulton, husband of Mrs. Leah B. Fulton of Flat Rock.

• Army Spec. 4 Spencer S. Freeston, the son of Mr. and Mrs. Marvin D. Freeston of Holland.

• Army Spec. 4 Ronald F. Klos, the son of Mr. and Mrs. Frank Klos of Detroit.

• Army Pvt. Roger D. Pyne, the son of Mr. and Mrs. Carl Pyne of Detroit.

• Army Pfc. Lukas J. Ventline, the son of Mr. and Mrs. John Ventline of Detroit.

• Marine Pfc. Daniel Nelson, the son of Mr. and Mrs. John T. Nelson of Detroit.

• Marine Lance Cpl. Louis W. Cussing, the son of Mrs. Doris M. Cussing of South Rockwood.

• Marine Lance Cpl. Lawrence E. Hames, the son of Everett Hames of Kalamazoo.

• Army 2nd Lt. William E. Lozier, the son of Mr. and Mrs. Earl Lozier of Cassopolis.

• Army Spec. 4 Willie C. Rheault, the son of Mr. and Mrs. Guy Rheault of Lake Linden.

Post Office Dept. to Buy Flint Unit

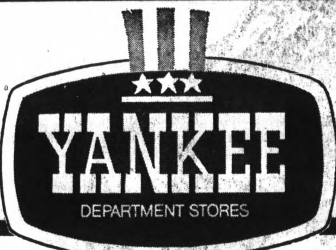

WASHINGTON (AP) — The Post Office Department announced Wednesday it plans to buy the Flint, Mich., main post office, now privately owned.

The department said purchase options would be exercised for the first time and that the Flint purchase price is \$2,984,000.

The Flint post office now is rented from Hart & Son, Inc., New York City, for \$198,551.52 a year.

In Memoriam

In LOVING MEMORY OF FREDERICK H. HIGHT, who passed away February 19, 1968. He was born in England and died in Pontiac, Michigan. He was a member of the Pontiac Elks Lodge, No. 1234. He was a very kind and gentle man, and will be missed by all who knew him. He is now in the arms of our Heavenly Father. Burial in the Pontiac Cemetery. Service on Friday, February 23, 1968, at 10:00 a.m. in the Pontiac Presbyterian Church. Rev. Dr. J. H. Smith, Minister. Friends are invited to attend. The family will receive friends at the home of the bereaved, 1234 Main St., Pontiac, Michigan, on Thursday, February 22, 1968, from 2:00 p.m. to 4:00 p.m.

Hijacked Passengers Display Tension, Humor on Flight

(EDITOR'S NOTE — The Miami Herald aviation writer, Don Bedwell, was one of 102 passengers aboard the Delta Air Lines jet hijacked to Cuba yesterday. This is his story.)

By DON BEDWELL

Copyright 1968 Miami Herald
MIAMI, Fla. (AP) — Fifteen minutes out of Tampa, the passenger, the one with the white cowboy hat and the hidden pistol, asked senior stewardess Joy Bleil for a vodka and orange juice.

Mrs. Bleil, a pert brunette, apologized and said she had

none. The passenger settled for a soft drink and leaned back beside his bulky flight bag.

Inside the bag, crumpled between soiled clothes and a whiskey bottle, lay an empty holster. As the girl unlocked the bolted door to the cockpit to take coffee forward to the three-man Miami crew, the passenger vaulted from his seat in the lounge compartment. He shoved her roughly into the cockpit, holding a pistol against her head.

"I want everyone to remain calm," Capt. J. D. Gainey advised minutes later over the in-

tercom, as the DC8 turned south from Lake Okeechobee. "Make no move toward the cockpit. We have a man aboard who wants do."

HUSHED VOICES

The passengers, oblivious until then to the trouble up front, fell still, talking only in hushed voices. Stewardess Judy Shukis of Chicago explained, briefly, what had happened.

"There is a man in the cockpit who has threatened the captain and crew with firearms," she said. "We're headed for Cuba."

"Does anyone want a drink?" Miss Shukis asked in a shaky voice, but smiling. "I think I

Three, then four MIG21s flashed past, blurs in sun, to have a close look at the flight. They quickly disappeared, and Havana loomed in the distance. "Capt. Gainey is a marvelous pilot," cheered one stewardess. "You're in wonderful hands." She chuckled, sitting down beside an elderly passenger to assure her. "You know, I never had this happen before. Isn't that funny?"

"Hilarious," another passen-

ger deadpanned. Everybody

The DC8 touched down, rolled past a line of Cuban air force transports and halted at the terminal, where a crowd gathered, peppered with military fatigue uniforms.

A detail of militiamen, weapons slung over their shoulders, marched up to the plane and mounted an Iberia Airlines boarding platform that had been rolled up to the cabin.

BREAKS TENSION

A Cuban officer came aboard

and broke the tension by assuring passengers in broken English that they needn't be nervous.

Moments later they emerged from the cockpit with the passenger following in tow.

The passenger, now meek, was escorted away from the jet, where passengers commented on the garb that had attracted dark-complexioned and wore a white cowboy hat and white dungaree light canvas shoes. He still carried his flight bag. Despite his sloppy bearing, he was

ruggedly handsome.

Cuban authorities asked the passengers to deplane, one row at a time, and file into an air-conditioned terminal in which the face of Che Guevara glared from posters on the wall.

MADE COMFORTABLE

As puzzled by the landing as the passengers were, the Cubans hurried around to make their unexpected visitors comfortable.

Along with cigarettes and lemonade, the Cubans dished up free subscriptions to the Cuban Communist Party newspaper, *Granma*.

"We wish you could stay with us tonight and see how wrong you are," said one militiaman.

Sheriff Aspirant Robbed in Ohio

TOLEDO, Ohio (AP) — Fay Ryan of Toledo told police he was robbed of \$1,700 in cash, his diamond ring, his watch and topcoat after two armed men forced him into a car here. Ryan is seeking the Republican nomination for sheriff of Lucas County.

Private School Aid Bills Introduced

JAYCEE HONORS — Michigan Atty. Gen. Frank J. Kelley (left) congratulates Pontiac Jaycee Boss of the Year John A. Riley, (center) advertising director of The Pontiac

Press, and Richard C. Fitzpatrick, winner of the Distinguished Service award, Kelley was key speaker at last night's 45th annual Pontiac Jaycees Bosses Night banquet at Devon Gables.

Pontiac Press Photo

Press Ad Director Is JC 'Boss of Year'

The annual Jaycee Boss of the Year award was presented last night to John A. Riley, advertising director of The Pontiac Press.

The distinguished service award went to Richard Fitzpatrick, a former Jaycee president, at the 45th annual Bosses Night banquet at Devon Gables. Receiving Key Man awards were Dave Kelly, Jaycee secretary, and Charles Tobey, a Jaycee director.

The distinguished service award is presented annually to an area citizen who has been outstanding in his civic activities. The Key Man award, which traditionally goes to one person, was presented to both men because of their outstanding work for the Jaycees in the past year.

Following the annual awards, Michigan Atty. Gen. Frank J. Kelley discussed the phenomenal cost of organized crime.

Riley is currently president of the board of directors for the Pontiac Osteopathic Hospital. He was chairman of the advanced gifts committee of the

Pontiac Area United Fund, director of the Pontiac Retail Merchants Association and a director of the YMCA and the Boys' Club. He is a past president of the Jaycees, the Chamber of Commerce and the Clinton Valley Boy Scouts Council.

ACTIVITIES

Fitzpatrick's activities include being a member of the Michigan Week committee, the Pontiac committee on Alcoholism and the Pontiac Area Vocational and Occupational Training committee.

(Continued on Page A-2, Col. 5)

City Head Start Is Rescheduled

The Head Start program of the war on poverty will be returned to the Pontiac School District starting this summer, it was announced yesterday by Rep. Jack H. McDonald, R-19th District, and U.S. Sen. Philip Hart, D-Mich.

The rescheduling of the program was possible through a federal grant of \$427,515, announced yesterday by Rep. Jack H. McDonald, R-19th District, and U.S. Sen. Philip Hart, D-Mich.

Funding of another \$806,651 for administration and neighborhood centers also was announced. Both amounts were slight increases over last year's funds, according to James M. McNeely, OCCDO director.

This appears to be contrary to the trend of lower funding felt in Wayne County and McNeely feels the county program has benefited from four separate evaluations and two federal audits which confirmed the county's handling of the programs.

The Pontiac Head Start program for preschoolers, dropped last year, can be expected to resume this summer and the funds are for a period ending in August. Programs allowed to continue with the funds are in the districts of Waterford Township, Oak Park, Ferndale, Hazel Park and Southfield.

Preschool programs in 10 area districts were rejected and the new funding doesn't change that decision.

Turned down were Avondale, Farmington, Huron Valley, Lake Orion, Oxford, Rochester, South Lyon, Troy, Walled Lake and Holly.

Jet, 109 Aboard, Forced to Cuba

MIAMI, Fla. (AP) — A gunman wearing a white cowboy hat and tennis shoes pushed a stewardess into the cockpit of a DC-9 jet over Florida yesterday and held a pistol under her ear until the pilot detoured his craft and 109 persons to a landing in Cuba.

About five hours after the hijacking, Delta Air Line Flight 843 returned to

Related Story, Page D-12

Miami, leaving behind in Havana a young man who gave his name to the airline as "S. Wilson."

Havana Radio today identified him as a 23-year-old former St. Petersburg man with a name that sounded like Laurence Roberts.

The broadcast monitored in Miami said the man asked for political asylum and that the Cuban government took the request under consideration.

'DRINKING HEAVILY'

The man boarded the Chicago-Miami flight with 64 other persons at Tampa. Other passengers said he had been drinking heavily at the airport bar.

"He told us he didn't care who he killed or how badly he shot up the plane," said Joy Bleil, 28, the senior stewardess, who was held in the cockpit as a hostage until the airliner was escorted into Cuba by four MIG fighters and touched down at Jose Marti airport.

A crew of uniformed militiamen carrying automatic weapons boarded the plane and a Cuban officer said he was nervous.

The soldiers brought the hijacker out of the cockpit.

Mercury in Area Stays Above Zero

Pontiac area residents escaped below-zero temperatures that were forecast for last night. The low downtown was 7 above at 7 a.m.

Partly cloudy skies with the mercury moving to a high of 16 to 24 is the prediction for this afternoon. Tonight's low will be a 12.

Mostly sunny and a little warmer is the outlook for tomorrow, and partly cloudy and a bit warmer is Saturday's forecast.

Precipitation probabilities in per cent are: today 10, tonight and tomorrow 5. The temperature at 12:30 p.m. was 18.

From Our News Wires

LANSING — Formal introduction of a proposal to grant up to \$150 in state funds to the parents of nonpublic school pupils today threatened legislators with one of the hottest controversies of the current session.

Virtually identical bills calling for a \$21 million state appropriation for non-public education were introduced in the House and Senate yesterday.

House sponsors were Rep. Thomas Brown, R-Lansing, and J. Robert Traxler, D-Bay City. Forty-three other House members signed the measure. Sen. George S. Fitzgerald, D-Grosse Pointe Park, and six other Democrats offered the Senate version.

None of the sponsors were from the Pontiac area.

There had been 48 sponsors lined up in the House. But last-minute errands dropped the figure to 43-13 below the number needed for passage in that chamber. And in the Senate, the original 12 sponsors dwindled to eight — 12 short of the number needed to enact the bill.

The bills are backed by a powerful coalition of Roman Catholic, Christian Reformed and Missouri Synod Lutheran churches that run 97 per cent of

Michigan's nearly 1,000 nonpublic schools.

The bill would give parents of parochial schoolchildren \$50 for each elementary student and \$100 for each high school student, with bonuses of \$25 and \$50 for parents in "economically and educationally deprived areas."

Parents would be required to certify they spent at least the amount of the grant on their children's secular education.

Schools also would be required to certify that the money was expended on secular education and that the child had attended the school.

FLOOD OF LETTERS

Nonpublic school groups, including the Committee for Educational Freedom (CEF), have flooded the offices of Gov. George Romney and legislative leaders with more than 60,000 letters supporting state aid to nonpublic schools.

The Michigan Congress of Parents and Teachers earlier this week urged its 300,000 members to retaliate with letters opposing the measure.

Fitzgerald said a \$200,000 State Department of Education finance study

indicated that Michigan nonpublic schools must be maintained.

If all of the 330,000 nonpublic school youngsters transferred to public schools, it would cost the state \$67 million and local taxpayers \$108 million, Traxler said.

Opponents of the measure this week formed a group called Spend Taxes on Public Schools (STOPS) with the avowed intention to work for defeat of the subsidies and against any lawmaker who votes for them. The group claims to represent some 2 million Michigan taxpayers.

Two other opposing organizations have talked of court action should the measure pass. They are the American Civil Liberties Union and the Committee to Aid Public Education.

Gov. George Romney told a news conference in Boston yesterday that he is opposed to direct state aid to nonpublic schools. But he took no position on the bills introduced in the Michigan Legislature.

State Board of Education President Edwin Novak said he expected the board to have a position statement on the matter, "maybe within three weeks" when members have had a chance to study the measure.

Week's War Dead a Record

SAIGON (AP) — The number of Americans killed in combat jumped to a record high for the war last week, 543 and there were 2,547 wounded, 210 less than the record, it was reported today.

It was a week of hard fighting in the Vietcong's lunar new year offensive against South Vietnam's population centers.

The South Vietnamese command said 7,660 of its men had been wounded and 536 were missing since the start of the offensive.

In the air war, U.S. planes for the first time in the war attacked the Hanoi radio station that beams out all Communist propaganda from North Vietnam, the U.S. Command announced today. But monitors said Radio Hanoi was still on the air.

The strike yesterday against the station, which military spokesmen said has the most powerful transmitter in Southeast Asia, coincided with these other developments indicating a sharp escalation in both the ground and air wars:

- Air Force F105 Thunderchiefs attacked another target for the first time, a sprawling military storage area 41 miles southwest of Hanoi.
- Official U.S. sources disclosed that a new Communist rocket, designed and manufactured by the Chinese without any foreign help, has been used in the war for the first time.
- The same sources said elements of two Communist divisions are still menacing Saigon, and some enemy forces are poised within six miles of the capital city of nearly three million people.

The sources also disclosed that intelligence had detected heavy shipments of Communist arms coming in from Cambodia.

With U.S. Marine jets bombing in front of them in a priority effort to end the 23-day battle for Hue, Marine infantrymen pushed 150 yards through the fortified Citadel and seized all of their assigned sector of the south wall.

The Marines drove to within about 50 yards of the historic inner palace grounds. There they came under heavy fire from the inner Citadel.

U.S. sources also disclosed that the North Vietnamese 324B Division had moved across the demilitarized zone to the area of Quang Tri City, key provincial capital 34 miles north of Hue.

About 50,000 Communist troops were reported to be in or just on the fringes of South Vietnam's two northernmost provinces—Quang Tri and Thua Thien.

The new Chinese rockets captured intact within the last few days were described as 107mm projectiles weighing about 45 pounds and with a range of six miles.

American officers said they were used for the first time last Sunday at Cu Chi, headquarters of the U.S. 25th Infantry Division, and at Lai Khe, headquarters of the U.S. 1st Infantry Division, during the "second wave" attacks by the Communists against population centers and military installations.

Kuhn Call for Secret Session With Police Official Fails

A heated debate over a call by Sen. George W. Kuhn, R-West Bloomfield Township, for a secret Senate session preceded a brief appearance yesterday by State Police Director Frederick Davids to ask support for anti-riot and anticrime legislation.

Col. Davids' denials primarily with the legislation sought by the State Police and did not reveal any confidential information on Michigan's potential riot situation — sought by some senators.

"I have nothing to say in a private session that I would not say in public," he told the Senate.

In an unusual move, the Senate recessed and asked Davids to take the podium after the unsuccessful hour and a half attempt by Kuhn to call a closed executive session to hear Davids.

Kuhn moved that the Senate go into executive session to hear "the latest developments as to the gravity of our crime and riot picture" and to ascertain what measures Davids deems essential to preserve citizens' peace and safety.

FIRST SENATE 1950

Had Kuhn been successful, the executive session would have been the first since 1950 when the senators excluded the press and public to discuss a gubernatorial appointment.

Davids told the Senate that State Police "are in dire need" of some assurance they can go ahead with the purchase of needed equipment—primarily dealing with communications.

"If we can't get it in time for an emergency which might arise we could find ourselves in a situation where our facilities would be totally inadequate," he said.

Referring to earlier remarks by a senator that police are seeking funds to buy armored cars and riot control rifles, Davids said "not one nickel" is in the budget to buy such rifles.

ONLY REFEREES

He described police as "referees in a complex game called life" and complained that he is "getting sick and tired" of complaints about policemen and police administrators who are not carrying out their duties.

"The police work for you," he told the Senate. "If you don't like them, get rid of them."

The police are responsible for the crime and riot control, he said, but the community is responsible for preventative measures.

Federal Post Awaiting Ford?

AUSTIN, Tex. (AP) — President Johnson, back at his Texas ranch for a long holiday weekend, may have a big federal job waiting for him when he returns.

The President disclosed yesterday before departing from Washington that Ford will be a ranch guest — ostensibly to talk about the efforts of the National Alliance of Businessmen to create jobs for 500,000 of the hard core unemployed in the biggest city slums in the next three years. Ford heads the alliance.

Other sources said Ford was expected at the LBJ Ranch, some 65 miles west of here, on Saturday.

Perhaps by coincidence, Illinois Democrats will meet on that day to pick a Democratic slate for that Midland state that always carries much weight in presidential elections.

Many people expect Sargent Shriver, director of the federal Office of Economic Opportunity, to be tagged as either the Democratic candidate for governor or senator.

EVIDENT INTEREST

In view of Ford's evident interest in the field of big city jobs, an interest demonstrated under the federal sphere in his own announced employment policies in Detroit, it was regarded as not unthinkable that Johnson might have him in mind as successor to Shriver.

13 Annapolis Cadets Face Dismissal for Smoking Marijuana

ANNAPOLIS, Md. (AP) — The superintendent of the U.S. Naval Academy says 13 midshipmen face dismissal on charges of smoking marijuana in their rooms in Bancroft Hall, the academy dormitory.

Rear Adm. Draper L. Kaufman, the superintendent, said Wednesday the dismissal recommendation would be made to Secretary of the Navy Paul R. Ignatius.

Acceptance of the recommendation by the secretary is generally considered a formality. It would be the largest group dismissed from the academy in its 123-year history.

The incident marked the second time in 10 months that midshipmen had been caught smoking marijuana in the dormitory that houses the 4,000-man brigade of midshipmen. Four were dismissed in a similar incident last June.

REPORTED BY MIDSHIPMAN
Kaufman said the current problem came to light after an unidentified midshipman reported that he "had seen several midshipmen who ap-

Labor Vows War Policy for LBJ, War Policy

MIAMI BEACH (UPI) — The leaders of the AFL-CIO strongly reaffirmed their support for President Johnson and his Vietnam War policy yesterday.

Taylor Will Attend Romney Meeting

Pontiac Mayor William H. Taylor Jr. will attend a Monday meeting in Lansing with Gov. Romney and mayors of major Michigan cities.

Nineteen mayors have been invited to the closed session, the governor's office said.

In his letter to the mayors, Romney said the purpose of the meeting will be to "review and discuss what we can do jointly to promote progress and understanding in our cities, particularly in those cities where potential for tension and disorder requires our urgent concern and action."

Invitations to the meeting were sent to the mayors of Pontiac, Albion, Ann Arbor, Battle Creek, Bay City, Benton Harbor, Detroit, Flint, Grand Rapids, Hamtramck, Highland Park, Jackson, Kalamazoo, Lansing, Muskegon, Muskegon Heights, Royal Oak, Saginaw and Ypsilanti.

NATIONAL WEATHER — Rain and showers are forecast tonight in the Pacific Northwest and in the central Gulf Coast states. Snow is due in a broad area stretching from Nebraska south to Arkansas with flurries in the Dakotas and around the Great Lakes. It is expected to be colder along the Atlantic Coast.

News Briefs From Wires

TALLAHASSEE, Fla. (AP) — A third of Florida's public schools were closed today as nearly 40 per cent of the state's teaching force scheduled more public meetings despite a personal plea from Gov. Claude Kirk for an immediate return to the classroom. Disciplinary problems, mild during the first two days of the walkout, erupted on a larger scale yesterday as violence broke out in at least two points in Jacksonville, 150 miles from Tallahassee.

High School in protest against substitute teachers. Two pupils were arrested after occasional fist fights broke out. At Hollywood, 200 pupils staged a sit-in on a football field and, when newsmen and officers arrived, threatened to overturn a reporter's car. Nine pupils were arrested.

New GM Layoffs Seen
DETROIT (UPI) — Layoffs at General Motors inched lower today as parts shortages eased. But new layoffs were threatened as an attempt was made to close a strike and a strike deadline looms at a second. Chevrolet assembly plants with companion Fisher Body plants in Framingham, Mass., and Van Nuys, Calif., were shut down today for two days, idling some 5,500 workers. The layoffs were traced back to three now-settled foundry strikes that drained the parts supply of the auto maker. Some 650 United Auto Workers at the Chevrolet aluminum foundry in Massena, N.Y., walked off the job late yesterday after a strike deadline for settlement of local issues passed. More than 2,700 other UAW members were set to strike at the Chevrolet axle plant in Buffalo, N.Y., at 2:15 p.m. tomorrow unless an agreement is reached.

Bond Sought for Rap
NEW ORLEANS (AP) — Black Power advocate H. Rap Brown was in jail today as his lawyer drafted a defense on a new charge and tried to raise \$100,000. Attorney William Kunstler of New York hoped to get the bond reduced at the preliminary hearing, the next legal step facing the militant Negro leader. The new charge was imposed on Brown, a spokesman for the Students for a Nonviolent Revolution Committee, after he lost a legal argument in federal court about a court order limiting his travel. The FBI said Brown, during a recess, told FBI Agent William H. Smith Jr., also a Negro, that: "We will get you. . . . We better not find out where you live, and if you have any children we will get them, too."

Mayor Lineup for Trade Told
Mayor's Exchange Day May 20 — a highlight of the 15th annual Michigan Week celebration — will see the mayors of Lansing and Ypsilanti trading cities for the day.

Lt. Gov. William Milliken yesterday drew names from a barrel to match more than 400 mayors and village presidents for the program.

Cities and villages were grouped in four categories based on size — for the drawing.

The matchings include: Birmingham — Grosse Pointe Park, Dearborn — Troy, Farmington — Menominee, Bloomfield Hills — Forestville, Rochester — Grand Lodge, Lake Orion — Colon, Novi — Hancock, Orchard Lake — Woodhaven, Ortonville — Free Soil, Parma — Goodrich, Royal Oak — Wayne, Utica — Gladstone, Walled Lake — Rogers City, Wixom — Metamora, Wolverine Lake — Peck.

OCC Gets Grant for New Building
Oakland Community College has been awarded a \$750,000 federal grant to construct an estimated \$2.6-million technical building at the Auburn Hills campus in Pontiac Township.

The two-story building, part of a planned \$14.2-million campus, will house the campus' technical programs. It is expected to go on bid in a few months and be finished in early 1969.

Birmingham Area News

School Districts Eying Delinquency Unit Roles

BLOOMFIELD HILLS — Representatives of this school district and Bloomfield Township have been meeting with Oakland County officials to discuss possible membership in Oakland County Youth Protective Services, an intergovernmental agency designed to combat juvenile delinquency.

Supt. of Schools Eugene L. Johnson has presented a report to the board of education on the meetings and suggested possible methods of implementing the agency's services in the area.

One thing determined in the talks, Johnson said, was that offices of the agency should not be located either on school district or township property, but at some separate location.

Board members suggested the possibility that rentable space at St. Paul Methodist Church might be used for the offices. The church had offered the space for classrooms in a letter to the board.

In other business, Johnson reported to the board that its 1967-68 contract with the Bloomfield Hills Education

Association (BHEA) had been finalized and signed. Agreement on the contract was reached in late September. Total cost of the pact to the board is \$1.3 million. It includes a salary package of \$450,000 for this year and an added \$411,000 for 1968-69.

BIRMINGHAM — The city planning board has approved a check list to aid in site plan review.

The list, based on a similar one presently in use in West Bloomfield Township, was submitted to the board by Paul E. Long, Jr., assistant city planner.

Long said the check list would enable the board to determine quickly whether all the data required on any site plan has been included.

The board also discussed and recommended extensive study on two zoning ordinance changes, one which would establish standards for condominium structures and one which would exclude gas stations in B-2 neighborhood business zoning districts.

Hope High for Return of Vets Sent to Viet

By ED BLUNDEN
Hopes increased today that Vietnam war veterans who were sent back to the fighting in an emergency shipment of troops will be returned soon.

Objects were made by their families and through their representatives in Congress that these men had already served tours of duty in Vietnam and had only recently returned to the U.S.

A Department of Defense spokesman in Washington, D.C., told a Pontiac Press reporter today:

"The Army is developing a plan in which it is hoped they may begin the phase return of those individuals who have recently returned from a tour in Vietnam."

Yesterday an Associated Press story said the Army was studying the plan. The spokesman said today the proposed plan would call for a return to normal Army procedures.

OBJECTIONS REGISTERED
These rules were termed the "normal objective," which is to allow 25 months of service in the U.S. before being sent back to the war zone.

The spokesman also confirmed that numerous objections had been registered with the Defense Department by congressmen and individuals who the veterans being sent back.

Some 10,500 soldiers and marines were sent as an emergency contingent by order of President Johnson late last week as the Communist attack on major cities caused a crisis.

Among them was about 3,500 men in the 82nd Airborne, stationed at Ft. Bragg, N.C. The Army said some 40 per cent had less than 25 months in the States before their Vietnam tour.

HOLLY SOLDIER
Among these troops is Spec. 4 Mike Phelps, 21, son of Mr. and Mrs. Phelps of 1124 Lambert, Holly.

Mike's parents raised objections to Mike being returned on the basis he had only been back nine months, had only seven months left to serve and had never fully recovered from the disease and fatigue of his long battle service.

Mike took part in over 100 air assaults by helicopter and was awarded the Bronze Star.

The Phelps started a letter-writing and telegram campaign in the Holly area on behalf of the veterans who were being

sent back after having "done their part."

A Pontiac Press story carried nationally has brought them support from many other families the Phelps said.

Ad Director at Press Is JC 'Boss of Year'

(Continued From Page One)

Kelley attacked crime as the most gigantic economic enterprise today.

He quoted the President's Commission on Law Enforcement and the Department of Justice estimates that the net revenue from gambling alone in this country is \$7 billion annually.

He said "\$21 billion is diverted yearly from other uses by the blight of crime. The money siphoned off from legitimate enterprise does not find its way back to help care for the aged, cure the mentally ill or retarded, fight disease or educate our children."

'LOCAL OBLIGATION'

"The battle for freedom in this country is not going to be won until we break the shackles that crime has wound around our actions and our hopes. Law enforcement is a fundamental local obligation. The streets on which crime is committed are yours," he told about 150 listeners.

He explained that by undercutting funds, such as millage proposals for schools, people are cutting down the front line against crime and helping to perpetuate the undereducated, underemployed classes that commit most crimes.

"America has not kept faith with the law enforcement community. We spend millions on moon projects but can't spare five cents to give police what equipment they need. In 1962, local government units allotted 4.5 per cent on law enforcement. In 1962 only 3.9 per cent of the dollar was allotted," Kelley said.

Your State Income Tax—2

Most Taxpayers Will Probably Use the Short Form

(EDITOR'S NOTE—The Associated Press asked Clarence Lock, Michigan revenue commissioner, to prepare this four-part series on how to make out returns and pay the new state personal income tax. This second article guides taxpayers who are eligible to file "short form" returns.)

By CLARENCE LOCK
State Revenue Commissioner
Written for
The Associated Press

LANSING — If during 1967 you received taxable income only from wages, interest and dividends, you are eligible to use the state's new "short form" MI-1040A in preparing your Michigan income tax return this year.

You must use the more complicated MI-1040 if part of your income derived from rents, royalties, business profits, distributive income from partnerships or fiduciaries, or income from pensions or annuities.

We will look today at the short form, which most taxpayers probably will use, and

consider the longer MI-1040 in a later article.

The accompanying sample copy of form MI-1040A shows the joint return of a make-believe family of four.

TOTAL EARNINGS

John Doe earned \$12,520 in wages during 1967, while his housewife spouse earned nothing. The family savings account drew \$44 in interest, and some U.S. Savings Bonds yielded another \$20.

In the last three months of the year, Doe's total earnings came to \$3,315. His employer has furnished him a statement showing he withheld \$54.50 in state income tax payments from Doe's pay checks.

Shall he pay the tax on the \$3,315 earned in the last quarter, or on one-fourth of the \$12,584 earned during the year?

He divides \$12,584 by four and gets \$3,146.

Since \$3,146 is smaller than \$3,315, he will show a smaller income — and thus a smaller tax — by figuring his return on a full-year basis, using the boxes in column 2 of the tax return form.

A person opting to pay his taxes on his October-November-December income would use column 1. In either case, he would use only one of the columns and leave the other blank.

OTHER INCOME

Onto line 5 goes the \$12,584 total income of the Doe family \$12,520 in wages plus \$44 in bank interest plus \$20 from the federal bonds.

Doe did not receive interest from bonds issued by states other than Michigan or by their local governmental units, so he has nothing to report on line 6.

On line 7 would go any wages, salaries, fees, commissions, tips, bonuses and other payments for personal services, and all dividends and other interest items not included in line 6.

In the full-year computations of column 2, line 7 is not used. The shaded boxes in either column represent steps which must be skipped by a person figuring in that column.

3-LINE TOTAL

Line 8 gives a total of the previous three lines.

Now look at line 19 on the other side of the form.

Since Doe's income includes \$20 in interest from U.S. Savings Bonds, which cannot be figured by Michigan, he enters that figure in line 19 to be subtracted from his taxable income.

In line 20 he would subtract any pay he received during the year for military service, although armed forces retirement pay would be taxed.

ALIMONY PAYMENTS

In line 21 would go alimony, separate maintenance payments or principal sums payable in installments if such sums were paid by the husband and eligible for inclusion in the wife's gross income.

Line 22 is not used in column 2 full-year calculations. A person using column 1 whose income includes dividends which qualify for the 310¢ federal exclusion could enter \$25 on a single return or \$50 on a joint return. The amount excluded could not exceed the dividend income.

Neither line 19 or line 20 can show an amount unless the amount is actually included in the total income figure shown in line 8.

Doe adds the figures in lines 19 through 22 and enters the total on line 23 and also back on line 9. He subtracts line 9 from line 8—writing the difference on line 10—and then, since he is using the full-year figures, divides line 10 by four. This is because only a quarter of his 1967 income is taxable.

NOT ALLOWED

Of course a taxpayer working

in column 1, using income figures only for the last three months of the year, would not be allowed to divide his figure by four.

Due now enters on line 12 the number of exemptions to which he is entitled.

This must be the same figure used on his federal tax return, as shown in the box on line 25 of the state form he is using.

MULTIPLY BY 300

For this year, he multiplies the total by 300, the per dependent exemption the law allows.

In April 1969, when he pays taxes on a full year's income, each dependent will be worth \$1,200.

An extra \$300 would be allowed this year for each dependent who is 65 or over or blind.

FLAT-RATE TAX

The tax is a flat-rate 2.6 percent of line 13.

To find out how much he owes, he must multiply the taxable income in line 13 by 0.026. In this case, the tax comes to \$50.47.

An important note: The proposed multiplier is 0.026. If you incorrectly multiply by 2.6, you will end up paying just 100 times as much tax as you should.

Doe has now determined that his 1967 state income tax is \$50.47. But remember, he has already paid \$54.50, which his employer withheld from his pay checks during the last quarter of the year.

MAY FILE

This turns out to be \$4.03 more than he owes (\$54.50 minus \$50.47), and he may file a return and ask for that \$4.03 back.

An interesting sidelight: The state owes Doe money, but less than \$5. He is still entitled to it. But if he had wound up owing the state \$5 or less, he would not have been required to pay it, or even file a return.

If Doe had been one of a minority of taxpayers whose tax was not withheld, or who paid an income tax in some other state besides Michigan, he might have been able to make further subtractions on lines 15 (b) and 15 (c) before arriving at his Michigan tax bill.

By checking one of the boxes on line 18, Doe may indicate whether he wants the state to mail him his \$4.03 or to keep it and apply it against next year's tax.

He should then fill in any other necessary spaces on the return and sign it. Mailed with the form should be a copy of the employer's withholding statement. Failure to attach this form will result in a rejection of his refund claim.

A taxpayer who owes the state money should also enclose a money order or a check made out to "State of Michigan" and mail the return by April 15 to the address shown on the back BUY, SELL, TRADE — USE OF THE FORM.

Directors' Award to Nichols Atones for Embarrassment

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — The Directors Guild this week atoned for one of the most embarrassing faux pas in recent awards history.

At the guild's banquet last year, Mike Nichols' name was the first mentioned as the award for best film direction of the year was being announced. He was up for his first movie, "Who's Afraid of Virginia Woolf?"

Then, to the embarrassment of everyone present and especially Nichols, it turned out that he was only one of five finalists. The final award went to Fred Zinnemann for "A Man for All Seasons."

This year's announcements were not better organized, but the winner turned out to be Mike Nichols for his second film, "The Graduate."

ANOTHER HIT PLAY

The director was in New York, where he just opened another hit play, "Plaza Suite."

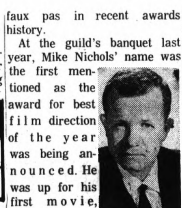

The producer of "The Graduate," Lawrence Turman, accepted for Nichols and said wryly, "You have already heard his speech last year."

The occurrence closely parallels another awards mishap that Will Rogers perpetrated in 1933. In announcing the Oscar for best direction, Rogers cracked, "Come up and get it, Frank."

Eager young Frank Capra raced to the platform, then was forced to retreat. The award had been won by Frank Lloyd for "Cavalcade." But there was also a happy ending. Capra was the winner the following year for "It Happened One Night."

The victory of Mike Nichols for "The Graduate" automatically makes him the favorite in the Oscar race. In the 20-year history of the Directors Guild awards, they have inevitably coincided with the Academy Awards.

The guild dinner was noteworthy in providing honors for two industry giants who seldom appear at such affairs. Alfred Hitchcock was chosen for the D.W. Griffith award, which has been given only to eight others. It is remarkable that Hitchcock, despite his immense contribution to the literature of the

THOMAS

screen, has never won a Directors Guild award—nor an Oscar. Hitchcock appeared just as rotund and pink-cheeked as ever, but he was strangely restrained in his acceptance. He delivered his trade-mark "good evening," and there was laughter from those who remembered his macabre introductions to his television shows. Then he remarked only that he was "terribly, terribly grateful" for the honor, and he returned to his table.

Darryl F. Zanuck was more expansive. Wearing oversized dark glasses, he strode to the platform to accept from George Stevens his honorary membership in the guild, another rare award. He told of his pleasure in receiving the honor and admitted, "I have unquestionably butchered more films in the cutting room than any other producer that ever existed."

The directors, who jealously guard their right to cut their own pictures, applauded warmly.
