No Relief in Sight for Sweltering Pontiac Area

Emancipation Dawning?

Sweltering Males Prepare to Defy Fashion Dictates

An incipient masculine upheaval is in the making.

On days above 90 degrees, the necktie's fate is hanging in the balance.

The charter members of this Freedom Society are Howard V. Heldenbrand, honest innkeeper (by self proclamation); Robert M. Critchfield, General Manager of Pontiac Motor Division; Philip J. Monaghan, Boss Man at the GMC Truck and Coach; Fred Haggard, Oakland County CIO President; clothier and bon vivant Abe Lapides; and the timid publisher of this great public print.

★ ★ ★ ★

It came about at a meeting of the Directors of the Pontiac Area United Fund. After half a dozen messy, perspiring males had arrived, Mrs. Geraldine Blanzy, the council's newest member tripped in lightly, looking extremely smart, chic and completely oblivious of the heat. The male members surveyed her in open appreciation — and some misbelief. How could anyone look that well and that cool with the thermometer nudging a hundred?

"I know," said the honest l. k. suddenly, "it isn't the heat or the stupidity that throws the men. It's the necktie. It keeps the heat confined."

★ ★ ★ ★

"That," agreed the G. M. of the Truck Plant, "must be the secret." Whereupon, then he delivered an ultimatum. "If all the businessmen left off ties when the thermometer reached 90 and wore open necked sport shirts, we'd survive. We'd be good company. Little children would like to see us. Women would come running. I'm for the Upheaval and Overthrow of Certain Social Dignities."

★ ★ ★ ★

Fred Haggard mouthed an "Ah, Men."

Abe Lapides agreed.

Robert Critchfield nodded vigorously.

And the publisher?

Well folks, he came back to the Press and spelled out this simple piece which is aimed at the Emancipation of Males, the Abolition of the Necktie in Extreme Contingencies, and the Glories of the Open Sport Shirt on Days above Ninety.

★ ★ ★ ★

What do other men think?

What do the gals think?

What does E. Post opine?

The group above will pioneer, if other business men will follow.

Heads UF

KARL W. BRADLEY

Named acting director of the Pontiac Area United Fund yesterday was Karl W. Bradley, according to William B. Hartman, UF president. For the next few months Bradley will take over the position left vacant by the resignation of Dwight S. Adams, who leaves Aug. 15 to direct the Des Moines, Iowa, United campaign.

Bradley, 33, has been assistant UF director and managing director of the Community Chest here since June, 1954. He holds a master's degree in social agency administration. He resides with his wife, Alice, at 66 Bloomfield Terrace.

Pontiac Asked to Annex Land

Planned Shopping Area in Bloomfield Township Needs City Sewage

Request that Pontiac city annex a 145-acre shopping-center site in Bloomfield Township was made to the City Commission last night.

Bernard Edelman, developer of the proposed multi-million dollar shopping center, said Bloomfield Township Board has approved the move. The commission took the request under advisement.

Edelman, a Detroit realtor, said the development at Telegraph and Square Lake Rds. will cost between 6 and 7 million dollars to construct. To be known as "Bloomfield Shopping Town," it will have 70 stores and employ up to 2,000 persons, he said.

He said construction could start in approximately 60 days.

WANTS CITY SERVICE

Although Pontiac's tax rate is higher than Bloomfield's, annexation is sought, he stated, because the center wants Pontiac water and sewage service.

"Bloomfield would like to retain this land, but they cannot supply the necessary facilities," Edelman told the Commission. He declared the center would "keep people in Pontiac."

He said the half-moon shaped center would take a year to build.

The acreage abuts Pontiac land in which sewer and water lines already are located.

Fall Goal Set for United Fund Drive in Area

Figure of $562,175 Shows 6.9 Per Cent Increase over '54

A $562,175 goal has been set for this fall's Pontiac Area United Fund campaign by the UF Board of Trustees, according to William B. Hartman, president.

The drive will run from Oct. 11 to Nov. 3. It's goal represents a 6.9 per cent increase over last year's $525,823 figure.

One new local organization is included this year, Community Activities, Inc., of Waterford.

Hartman and Robert M. Critchfield, campaign manager, both expressed confidence the goal could be reached.

"Industry, business and individual citizens will combine again to provide the funds needed to operate the agencies which perform so many tasks vital to the public good," said Hartman.

The drive will include the requests of 55 health, welfare and youth services.

"It represents a great stride since 1949 when the first Pontiac UF drive raised $257,000 for 45 agencies," Hartman stated.

AGENCIES TO BENEFIT

Included in the '55 goal are operating-fund requests of the 13 Community Chest agencies plus the American Red Cross, American Cancer Society, St. Joseph Mercy Hospital Clinic, Oakland County Child Guidance Clinic, Oakland County YMCA, West Bloomfield Community Chest and the Waterford CAI.

In addition to these 20 local agencies, funds are sought for 35 state and national services of the Michigan United Fund which benefit Pontiac area citizens.

REQUESTS PARED

Original requests from the 55 agencies totaled $654,612. These were pared down by volunteer budget panels who made a detailed study of agency and community needs during June.

The final $562,175 approved by the UF board is considered the minimum necessary to maintain adequate youth recreation services plus vital health and welfare functions for local residents, said Hartman.

The drive's area includes Pontiac plus Waterford and Pontiac Townships.

Present at the trustees meeting besides Hartman and Critchfield were Harold A. Fitzgerald, Alfred C. Girard, Marvin J. Olsen, P. J. Monaghan, H. M. Pryale, Milo J. Cross, Goodloe H. Rogers, Howard V. Heldenbrand, Fred V. Haggard, Abe Lapides and Mrs. Floyd T. Blanzy.

Drug Store Ceiling Collapses

Pontiac Press Photo

PLASTER CRUMBLES — Damage estimated at $10,000 was caused today when a large portion of the ceiling at the Thrifty Drug Store, 148 N. Saginaw St., collapsed, showering merchandise with plaster. A warning was sounded by a shopper and the four clerks and five customers escaped from the store uninjured. It took 90 seconds for the plaster to crumble down on the appliances and drug products under the 25-foot section. The beams and roof of the 30-year-old building remained solid. Owner David Dunsky, who made the damage estimate, said there had been some water seepage from the ceiling.

Mercury Passes 90 Mark Again for Fifth Day

Temperature Expected to Climb Even Higher Tomorrow, Friday

8 a. m.	80	11 a. m.	91
9 a. m.	84	Noon	93
10 a. m.	89	2 p. m.	95

The heat wave will stay and it may get even hotter.

This unpleasant news came today from the weather bureau. The thermometer pushed into the 90s again today, marking the fifth consecutive day of sweltering heat.

The forecast says tomorrow's high will be 96 and possibly even higher Friday.

July's weather here was probably the hottest in that month's history and the long-range forecast indicates the mercury may do its best—or worst—to make August a record sizzler also.

The weather bureau in Washington says this month's temperatures will be higher than normal in most of the northern two-thirds of the nation.

The immediate forecast calls for mostly fair and continued hot and humid tonight and Thursday. High today 96-100. Low tonight 70-75.

The thermometer in downtown Pontiac climbed from 72 at 8 a.m. to 95 at 2 p.m.

Pontiac still was escaping the water shortage gripping many Southeastern Michigan communities.

The city's water pressure was normal all day yesterday, with 19,960,000 gallons pumped, said Water Superintendent Joseph W. Gable.

All pumps were going strong today. "But I think we can get by unless some unforeseen mechanical difficulty occurs," said Gable.

Pontiac General and St. Joseph Mercy Hospitals reported four cases of heat prostration yesterday.

They also treated a number of persons injured in lake accidents while trying to beat the heat.

(Continued on Page 2, Col. 5)

Congress Quits at Last

WASHINGTON (AP)—Bitter wrangles of the last few days turned to mutual compliments as Congress ended its seven-month session early today.

President Eisenhower relayed his regards and apparently an over-all satisfaction to the Democratic-controlled Congress, which had strongly supported him in foreign policy matters and given him much he asked in the domestic field.

A half-dozen major bills and scores of lesser ones had been rushed to his desk in the final long day and night of this first session of the 84th Congress.

These included bills on housing, polio vaccine, the local transit strike, defense production, loans to small business and a money bill to finance Congress itself.

Eisenhower had expressed displeasure with some features of the housing bill, but some Republican leaders discounted the talk that he might summon a special session to deal with the issue again.

Barring a special session, Congress will return Jan. 3.

Adjournment came two working days after the target date which Democratic leaders had fixed. The House quit at 11:36 p.m., the Senate at 12:05 a.m.

Many Senate and House members already had left the capital for home or on trips planned in the expectation Congress would quit Saturday as originally planned.

★ ★ ★

Few others were expected to stay long in Washington's heat — it reached a steamy 98 yesterday — although a few committee hearings were planned for the next few days.

Left in midair were controversial proposals for construction of atomic merchant vessels, highway building, school construction, exemption of natural gas producers from federal regulation, upper Colorado River development, customs simplification, rigid farm price supports and expanded social security benefits.

The legislators took no action on several recommendations Eisenhower is expected to renew next year.

These include proposals for liberalizing the Refugee Admission Act, increasing postal rates, lowering the voting age to 18, loans for low-income farmers, federal reinsurance of health programs, pay increases for top government executives and revision of the Taft-Hartley Labor Relations Act.

Area Children Get Salk Shots

Today's Clinic Turnout Falls Below Officials' Expectations

Only 2,500 of 6,000 eligible youngsters in the Pontiac area received booster and second round polio shots this morning at Lincoln Junior High School.

Injections were given from 9 to 11 a.m. for first and second graders from Rochester, Avondale, Pontiac, Waterford and West Bloomfield school districts.

The attendance figure was not as great as health dept. officials expected; according to Dr. John D. Monroe, city and Oakland County health director. Plans for makeup shots for children who were absent have not yet been formulated, Dr. Monroe said.

Children in the Ferndale, Madison, Farmington, Clarenceville and Carver school districts will get their shots tomorrow from 9 to 11 a.m. at the South Oakland County Health Center, 2401 E. 4th St., Royal Oak.

Thursday's clinic will be the third one set up in the area since local health officials decided last week to resume the anti-polio program.

Old Demosthenes Would've Given Up on This One

WEBSTER, Mass. (AP)—If the name of this town's famous Lake Charoggagoggmanchauggagoggchaubunagunamaugg gives you pronunciation difficulty, here's the answer, provided today by the Webster-Dudley Welcome Committee.

Just break the 45 letters down into seven lines like this:

Charg-gogg
A-gogg
Man-chaug
A-o
Chau-bun
A-gun

Accent the last syllable in each of the seven lines.

Although the committee says the Indian name of the lake means "fishing place at the boundaries—neutral meeting grounds," it concedes there is a persistent belief that it also means "you fish on your side—I fish on my side—nobody fish in the middle."

Cool, Man, Cool! New Uniforms Should Be Cool

ST. LOUIS (AP)—Traffic policemen in St. Louis may soon be wearing Bermuda shorts, sports shirts with open collars, and sun helmets.

Such a uniform has been proposed by Mayor Raymond R. Tucker in a letter to Police Chief Jeremiah O'Connell. The chief promised the mayor to bring up the matter at a police board meeting Monday.

★ ★ ★

"Because of the heat, some of the officers are loosening their ties and shirts, rolling up their sleeves and tilting their caps back on their heads," the mayor wrote.

"Although they do not look too neat, I am sure the public agrees with me in saying 'We don't blame them.'"

County Draft Quota 28 for September

Michigan was ordered today to send 556 men into the armed services during September.

Oakland County will supply 28. Col. Arthur A. Holmes, state selective service director, said all draftees called up in September will be at least 21 years old except for volumteers. Most of the call will be filled with volunteers, he stated.

Oakland boards number 65 and 66 will each send 8 men. Board 67 will supply 12.

Harry Truman, Sen. McNamara to Be at Island

DETROIT (AP)—Sen. McNamara (D-Mich) will speak at the kickoff banquet opening the 1955 Mackinac Island Democratic Conference Aug. 28, Chairman Donald M. D. Thurber, Grosse Pointe, announced today.

The previously announced keynote speaker will be turmer President Harry S. Truman who will appear Aug. 29. The affair will last three days.

Hersholt Elected Again

HOLLYWOOD, (AP) — Actor Jean Hersholt was elected president of the Motion Picture Relief Fund last night for the 18th consecutive year.

Modesty Withal

DENVER, (INS)— A gallant homeowner in Denver refused to disclose to police which of three guests in his home owned property stolen and recovered by the officers. The stolen property: A set of false teeth.

Kid Is Opportunist

KALAMAZOO, Mich. (AP) — The sign on the front lawn read "August Clearance of January Stock." Eight-year-old Michael Loveland had dug into his mother's freezer and found the cache of snowballs he made last winter. At a penny apiece they were a sizzling sell-out.

Join in Congressional Swan Song

AP Wirephoto

PONTIAC BOY CELEBRATES — Rep. Coya Knutson (D-Minn) and William Goodwin, 18-year-old page boy from Pontiac team up in a song on the House floor in Washington last night just before Congress adjourned. William is the son of Mrs. Mary Goodwin, 1150 Lakeview Dr. His mother expects him home this evening, and reports he plans to enter college in the fall, probably to become a veterinarian.

Press Writer Steams Northward

It's Too Hot - Even Fish Aren't Hungry

By JACK PATTERSON

PLATTE LAKE—We headed for the northwest quadrant of the Lower Peninsula on the theory that there if anywhere, we would find slightly cooler weather.

PATTERSON

It's about as cool, say, as Sashabaw Plains.

Of course there is some relief, come sundown, but it's of the degree afforded the long-time tenant of the death house when he finally gets executed. It's relief all right, but by the time it gets there it doesn't matter much one way or the other.

Stopped at Houghton Lake on the way up in search of 'Okies', (Oakland County residents). Didn't uncover too many but ran into quite a few of the other sort. Did happen upon Mr. and Mrs. E. P. Raymond of Birmingham and Ray George from the same town. Also near neighbor Walter J. Whorton of 11 Illinois, Pontiac.

The fishing? Well, bluegills and other panfish continue good. For pike and walleyes, which most Houghton Lake anglers are interested in, all reports are very poor. 'Just too hot' is the fisherman's version and for once we're inclined to agree.

Around Grayling and other "big river" points fishing in the daytime is pretty much left to the kingfishers. Night fishing for browns is rewarding for those who have enough energy to lift a rod after a long, hot day.

Same story around Lake City and Cadillac. No fishing to speak of and too hot to worry about it anyway.

At Platte Lake we ran into quite a pod of localities. On one side of the lake we found the Bill Isgriggs, the Bill Rogers and the Bob Castells. Only real fisherman in the bunch is young Judy Castell and the Isgrigg boys. Maybe they try harder.

On the other side of the lake the Don Bos' and Bob Greenhalghs have been giving the local fishing the old school try but we have seen no record breakers so far. Maybe if we could get Bob to troll from his airplane something worth talking about might result.

In strict point of fact the local fishing is so far off normal that usually avid fishermen Bill and Barbara Rogers took a break from their daily piscatorial workout to enter two year old daughter Debby in a local baby contest and, by George, Debby—a real looker and a blond doll if we ever saw one—took first prize, Blue satin ribbon and everything.

A last minute report from Dan and Sue O'Riordan, Royal Oak, who just dropped in, report that the persistant Platte Lake fisherman can pretty much do what he wants to with local rock bass.

Two of our favorite local trout streams, the Betsie and Platte, look very good for late afternoon and early evening work. Haven't had a chance to do more than look but may in the morning if a scheduled golf match with Castell, Rogers and Isgrigg finishes up on schedule.

Of course, if it's as hot tomorrow as it is now, we'll head forthwith to the nearest airdrome and latch onto an aircraft and head for Beaver Island, where coolth is reputed to be the order of the day.

LT. JOSEPH KOREN

Pontiac Police Officer Winner of Scholarship

Acting Capt. Joseph Koren, head of the Pontiac Police Traffic and Accident Bureau, today was named winner of a $675 scholarship for study at the Northwestern University Traffic Institute.

Koren, 40, is the only Michigan police officer among 24 selected from 16 states in competition among 106 applicants to win the award.

Offered by the Kemper Foundation for Traffic Safety, the scholarship provides a 9-month course in police administration beginning Sept. 22.

He became a member of the force in 1940, was promoted to sergeant in 1951 and was appointed lieutenant last year.

Four Persons Hurt in Headon Collision

Four persons were injured in a headon crash yesterday afternoon on Telegraph Road near the Grand Trunk Western Railroad viaduct, State Police of the Pontiac Post said.

Treated for cuts at Pontiac General Hospital were Merle W. Rosin, 28, of Detroit, one of the drivers; and his wife, Martha, 22. Arthur MacAdams Sr., of 101 Oakland Ave., the other driver, was treated for broken ribs and cuts, while his wife, Asenath, 57, was admitted with severe face cuts. Her condition was reported as good.

Troopers said the collision took place when a motorist passed MacAdams northbound car on the right forcing him to cross the center line of the 4-lane highway, into the path of Rosin's southbound auto.

Pontiac Man Injured in Two-Car Collision

BLOOMFIELD TOWNSHIP — William A. Durham, 30, of 5844 Lakeview, Pontiac, is in good condition at St. Joseph Mercy Hospital, where he is being treated for scalp lacerations and a possible brain concussion.

He was injured in an accident early this morning at the intersection of W. Long Lake and Telegraph Rds. Police said Durham told them he failed to see the approaching car of Roman J. Wyszczeiski, 34, of Detroit, and turned left in front of the oncoming auto.

Thompson Issue Resumes Vigor

Cadillac Clerk Finds Only House Can Eject Representatives

CADILLAC (AP) — A once-dampened Wexford County attempt to seek recall of Rep. Ruth Thompson (R-Mich) appeared today to have new vigor with promise of added support from rankled constituents in her Ninth Congressional District.

It was headed by Douglas Fairbanks, chairman of the Wexford County Democratic committee, who termed it a "non-partisan" move.

Fairbanks said it charges she put her personal feelings "above the safety of her nation" by prolonging a decision on the base. The stormy issue has boiled since last August.

On Monday, the argument was resolved when Lewis Dischler, congressional parliamentarian, said only the House could oust a representative. Fairbanks and Cadillac City Clerk Emil Meyer pressed the issue but received little support from Washington.

Last night, in an unprecedented move, Rep. Deane, North Carolina Democrat, defended Miss Thompson, a Republican. Deane, member of the House Appropriations Committee, said criticism should be directed to his committee and not to Miss Thompson who, he said, "has rendered outstanding service."

The Cadillac district representative has requested an interview with President Eisenhower to discuss the now controversial rejection of Cadillac as an Air Force jet base.

Argentine Fails in Swim Attempt Down Mississippi

NEW MADRID, Mo. (AP)—Antonio Abertondo, 37-year-old Argentine swimmer, failed in his second try at swimming 300 miles down the Mississippi River but drew the praise of the record holder for his effort.

Abertondo, bleeding from fish bites, was hauled unconscious from the river yesterday after he covered 221 miles and had been in the water 65 hours 17 minutes after starting from St. Louis Saturday.

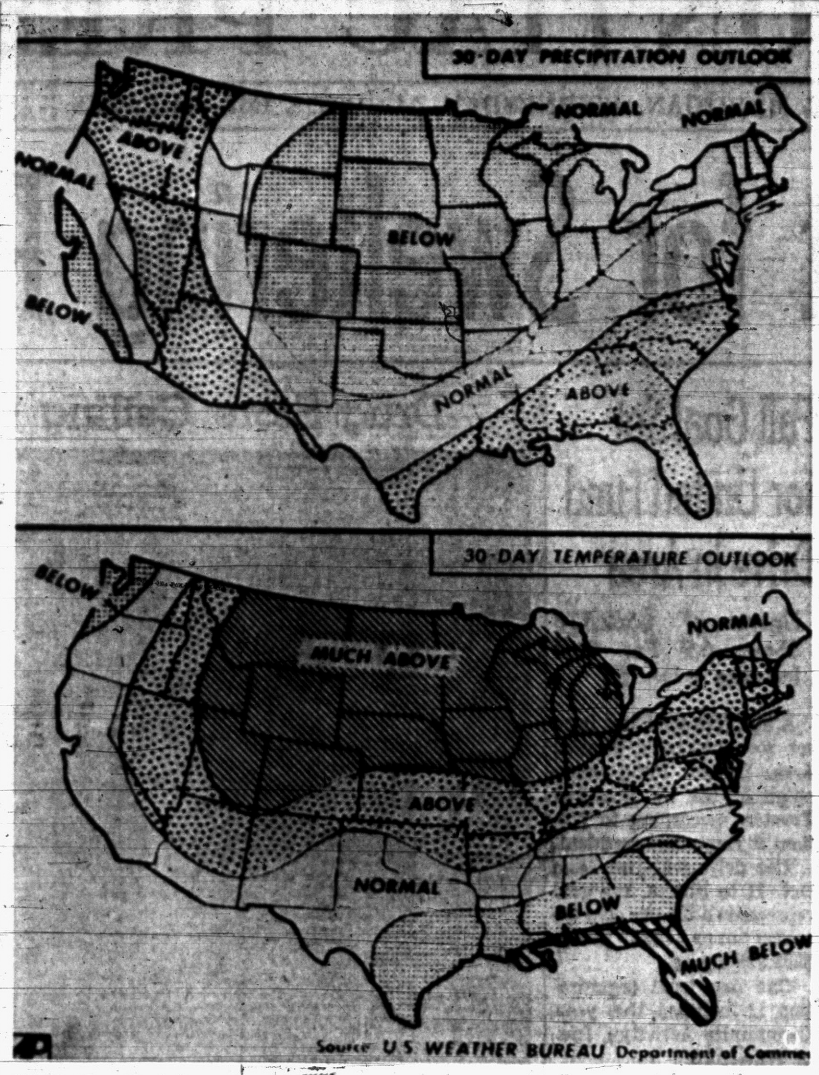

John Sigmund, St. Louis butcher, who holds a swimming mark said, "I take off my hat to him." Sigmund swam the 292 miles from St. Louis to Caruthersville, Mo., in 1940 in 89 hours 59 minutes.

Detroit Highway Survey Findings Ready Today

DETROIT (AP)—Plans for construction of two highways aimed at alleviating downtown traffic in Detroit were expected to be announced today.

Dr. J. Douglas Carroll Jr., a noted traffic engineer, was to unviel the findings of a two-year survey of traffic problems in Detroit.

His report was to be made to a panel composed of Mayor Albert Cobo, State Highway Commissioner Charles M. Ziegler and County Highway Engineer Leroy C. Smith.

AP Wirephoto

WEATHER OUTLOOK—HOT! — The above maps, based on information compiled by the U. S. Weather Bureau, show that temperature in Michigan can be expected to be much above normal for the next 30 days, with rainfall below normal.

Boys Face Law for Hanging Pet

Brothers Admit Killing Dog Because 'We Could Not Train It'

BALDWIN, N.Y. (AP) — Two boys were in trouble with the law today for hanging their dog. Their explanation for the deed: "We couldn't train it."

Police said the two brothers, aged 9 and 12, admitted hanging the animal in Loft Pond park, but denied witnesses' claims they first had beaten the animal with a stick.

* * *

Rewards totalling $150 for apprehension of the dog's killer had been offered after it was found hanging in the park, badly cut about its ears.

Police said the boys' father brought them to the station after reading of the dog's death in newspapers. He said the 4-month-old animal was a family pet, believed to have run away.

* * *

He brought the boys in, he said, "just to straighten them out. It's a terrible thing they did."

* * *

The youngsters were quoted as saying they first tried unsuccessfully to drown the dog by tying a stone to its neck, but the rope came loose and the animal swam ashore.

James H. Cruikshank of Freeport, president of the Long Island Humane and Dog Protective Assn., had offered a reward of $100 for the dog's killer, and the South Shore Shopper, a Baldwin weekly, had offered another $50.

Pontiac Needn't Fret Over Suit, Says Attorney

City Attorney William A. Ewart assured the City Commission last night the city needn't have the slightest worry over a case pending against it in Oakland County Circuit Court.

Ewart's assurances came after the Commission was notified that Mrs. Clara A. Burdette is suing the city of Pontiac as operator of a motor bus which allegedly caused her to suffer a sprained ankle as she alighted from it June 27.

Mrs. Burdette's attorney, Milton Henry, contends his client fell from the bus at Bagley and Wessen Streets when the driver started up the vehicle before she was completely off of it.

Henry has misdirected the suit, Ewart said. The buses in Pontiac are operated under a franchise by Pontiac City Lines, Inc., an independent company. The firm is not mentioned in the suit.

Father of Five Drowns After Boat Overturns

CHEBOYGAN (AP)—Caught when sudden winds swamped his boat, a father of five children drowned yesterday in Black Lake 20 miles east of Cheboygan.

Fred Bedore, 40, of Flint, was camping with his wife and children at Black Lake State Park and went fishing alone. Witnesses saw his outboard boat capsize in high waves and Bedore swimming toward shore. He went u r before helped reached him.

Pontiac City Affairs

2 New Provisions Added to Peddler's Law Here

Two new provisions were added to the peddler's ordinance by the City Commission last night.

The first provides that each ice cream vending truck must have a helper as well as a driver. Under the second proviso, no bells or chimes are permitted on the vehicles.

In other action, the commission approved sale of city-owned land in Pleasantdale Subdivision to Marvin P. Hester and authorized him to erect a tent on the property for a 10-day revival meeting.

Also approved was issuance of a deed for city property sold in June, 1952, on land contract.

REQUEST FORWARDED

Referred to the city engineer's office was a request from a local engineering firm asking the installation of sewer lines in property near the city's northeastern limits. Some 500 homes are to be built there, according to the firm.

Sent to the Planning Commission was a communication regarding rezoning the Bryan French property near Perry street. An extension of Glenwood avenue is planned through the property.

Public necessity was declared for widening Mount Clemens street to 36 feet from Paddock to East boulevard at a cost of $109,000. The street also will be recapped under the project. Part of the cost will be assessed and the city will pay $63,000.

Also declared a public necessity was a water main in Telegraph road from Golf drive to Orchard Lake avenue.

An emergency ordinance, taking immediate effect, was passed enabling the city to accept cash or government bonds in lieu of a surety bond to guarantee construction of utilities in new subdivisions.

The commission turned down used auto parts licenses for three dealers. The three have been operating in violation of the zoning ordinance, the police department reported.

PROJECT DELETED

Deleted from the 1955 improvement program was a curb, gutter and drainage project on Hazel avenue from Telegraph to Starr. A petition showing 55 per cent of the effected property owners opposed the project had been filed.

The city assessor was authorized to prepare special assessment rolls for construction of a water main in Kennett Gardens. Streets affected are:

Cloverlawn drive from Kennett to Ypsilanti.
Cherrylawn drive from Kennett to West Columbia.
Meadowlawn drive from Kennett to West Columbia.
Stanley avenue from end of existing main to Kennett.
Kennett road from Stanley to Cloverlawn.
Ypsilanti avenue from Cloverlawn to existing main.

Resolutions receiving special assessments were passed and public hearings set for next Tuesday for the following:

Curb, gutter and drainage:
Anderson street from Elm to Michigan Airline Railroad.
Edna avenue from Telegraph to Dawson Mill Pond.
Park place from Hovey to O'Riley.
Marshall street from Elm to Michigan Airline Railroad.
Sanitary sewer on Russell street from Osmun to north line, Murphy Park.
Sidewalk on east side of Marquette street from Nelson to Edison.

Engineer's estimates were presented and public hearings set for Tuesday for the following:

Curb, gutter and drainage on Stanley avenue from Kinney to Kennett.
Combined sewer on south side of Columbia from trunk sewer east of Carlisle to Stanley.

Public hearings were held and the city assessor authorized to prepare assessment rolls for the following:

Curb, gutter and drainage on St. Louis avenue from Baldwin to Hollywood.
Curb, gutter and drainage on Kinney road from Oakland to Stanley.
Combined sewer on Hollywood avenue from Kennett to St. Louis.
Combined sewer on St. Louis avenue from Hollywood to Baldwin.

Special assessment rolls were confirmed for 2-inch blackton pavement on Edith street from Osmun to Michigan Airline Railroad and Edith court from Wilson to Michigan Airline Railroad.

Mercury to Climb Higher on Thursday

(Continued From Page One)

Others were treated for illnesses aggravated by the weather.

Ice cream, beverage and ice dealers reported a booming business.

Michigan's hottest spot yesterday was Lansing with 101, four degrees above Pontiac's zenith.

The 100-degree line yesterday extended from California to New York. Top reading was 109 at Paso Robles, Calif.

Farmers in Central New York counties have asked Gov. Averill Harriman to declare a drought area so they can get federal aid. Crop damage was expected to run into the millions of dollars.

In Detroit, police estimated 75,000 persons spent last night sleeping on Belle Isle.

Eye 5-County Highway Board

Committee of Oakland Supervisors Studying Wayne Proposal

The Road Committee of the Oakland County Board of Supervisors will study a Wayne County proposal that an inter-county highway commission be set up to develop a master highway plan for this area.

The board was read a letter recommending the move at its meeting yesterday by West Bloomfield Township Supervisor Hiland M. Thatcher, an Oakland representative on the Supervisors' Inter-County Committee.

The highway commission would be formed from counties included in the inter-county committee—Oakland, Wayne, Monroe, Macomb and Washtenaw.

The State Highway Department and county road commissions would be consulted by the commission in compiling a list of high-priority projects. It would then develop a coordinated master plan for the five-county region.

This would prevent bottlenecks from occurring at county lines, Thatcher pointed out.

The commission also could determine what financing plan would be allowable under state law for this area to launch an accelerated road-building program.

A 1950 state law authorizes such a commission which could administer an area-side project. The Road Committee will study workability of the plan and report at the next Supervisors' meeting.

Girl Critically Hurt as Auto Rams Pole

BLOOMFIELD TOWNSHIP — A 17-year-old Mt. Clemens girl is in critical condition at St. Joseph Mercy Hospital, Pontiac, following a one-car accident on Kirkway drive less than a mile north of Long Lake road early this morning.

Lu Ann Sampson was a passenger in a car which ran off the roadway and struck a utility pole. She was thrown against the windshield and roof of the car. The driver, Ralph Beck, 20, of Selfridge Field, was uninjured.

Beck was tuning in his radio when the crash occurred at 1:35 a. m., police said.

Hospital officials reported Miss Sampson suffering from shock and undetermined injuries.

William D. Cameron Dies in California

OAKLAND, Calif. (AP) — William G. Cameron, 76, for years a close associate and spokesman for the late Henry Ford, died unexpectedly at his home here last night.

For almost two decades Cameron was the interpreter of the Ford philosophy and spokesman for the Ford Motor Co.

As Ford's "voice," Cameron conducted the famous Ford Sunday evening hour on a national radio network for eight years prior to World War II, giving short, pithy sermons on any and all subjects from taxation to the coddling of youth.

Funeral service will be held in Dearborn.

May Quit 'Beefing'

HARTFORD, Conn. (AP) — Cook Peter Pappas, 56, told hospital authorities he was stabbed by a side of beef. He dropped the meat on a table. It hit a knife, which flipped up and stuck him, inflicting a painful wound.

The Day in Birmingham

Celebrities Will Take Part in Teenage Variety Show

BIRMINGHAM — If area teenagers are looking for singing celebrities, they need go no further than the Birmingham theater at 10 a. m. Saturday.

It took the efforts of an enterprising local teenager, Ted Donay, plus the cooperation of Jack Cataldo, theater manager, to promote the "Platter Party," which will feature the live entertainment of such singing stars as the Gaylords and Frankie Castro.

These well known stars far from complete the roster, for in addition the Laurie Sisters, the Four Lads and Pee Wee Hunt will grace the stage.

Promoters Donay and Cataldo have their fingers crossed, but will know by Thursday if Johnnie Ray will be able to put in an appearance during the stage entertainment.

A feature of the program will be a radio broadcast from 10 to 11 a. m., inasmuch as young Donay is a disc jockey over a local station.

Interspersed through the music of the top recording stars will be some local talent: The Arthur Murray dancers and Lenardo the Magician assisted by Miss Birmingham of 1955, Pat Talbot.

Doors will open at 9:30 p. m. A warmup with patter by Donay will precede the broadcast, which will then be followed by the movie presentation, a single feature.

Cataldo said success of the party rests with the teenagers themselves, for their reactions will determine whether the Saturday shows are to be continued.

"So far, indications are very favorable," he said, adding that while the programs are on a four-week trial basis he is confident the entertainment will provide a healthy outlet for the younger generation.

He described the parties as "a link between this area and Detroit, whereby teenagers can see big-name guest stars right here, without the discouragement of having to go all the way into Detroit."

Cataldo said city officials and merchants have given hearty support to the program, aimed at teenagers but open to all ages.

* * *

At almost every City Commission meeting lately, lawmakers have been in receipt of a request for more drinking fountains on Springdale Park's golf course.

This week was no exception except that Robert Fauteck, Springdale superintendent, countered with the announcement that through the installation of plastic pipe, he will soon have available two thirst relievers, one at the seventh tee, another between the first and third holes.

A financial report of park receipts from April through June, showed a 21 per cent increase in green fees, 51 per cent increase in rentals and 20 per cent increase in merchandise sales, over the previous year.

* * *

Mid-August is the date given by Charles Mortensen, Chamber of Commerce secretary, as the time when sheets from the current membership drive will be tallied.

At last count, there were 115 new chamber members, Mortensen said, and "quite a few more to be heard from. We have reorganized our schedule because of vacations, and there is still quite a bit to be done."

Williams Wires Ike on Roads

Asks Special Session of Congress to Adopt New Highway Plan

LANSING (AP) — Gov. Williams, urging President Eisenhower to call a special session of Congress to adopt a new federal road program, today walked a tight rope between the Democratic and Republican road financing proposals.

He said he was opposed to either a federal gasoline tax increase or a bonding program entailing "exhorbitant" interest charges to finance roads.

Thus Williams disavowed the Democratic congressional stand for a pay-as-you-go highway program and the Eisenhower Republican stand for a bonding program.

"Surely . . ." he said, "some new program can be worked out which avoids both of these undesirable extremes."

* * *

The executive office recently released a telegram from Williams to a national highway organization advocating passage of a congressional bill which included a federal gasoline tax increase. Previously, he had opposed higher gasoline taxes and demanded the federal government leave the gas tax field exclusively to the states.

WIRES IKE

Today, Williams telegraphed President Eisenhower urging Congress be returned in special session to pass a new federal highway program of aid to the states.

He did not make his telegram public, but published a letter to congressmen which said highway users should not have to bear the full burden of an improved highway program because all of the people benefited from good roads.

At the same time, John Feikens, Republican state chairman, demanded Williams use his influence with the Democratic leadership in Congress to stay in session until a highway program is adopted.

Feikens asked Republicans to spearhead a mail and telegraph barrage on Congress to remain in session, saying the Democratic leadership had "broken faith with the people" in failing to adopt highway legislation.

Former Manager Dies

KALAMAZOO (AP)—Laurence Reynolds Verdon, 66, former manager of the Kalamazoo Division of the American Cyanamid Corp., died Tuesday.

Geneva became headquarters of the League of Nations in 1920.

GOP Lawmaker Joins Dems in House Voting

DETROIT (AP)—Republican Rep. Bennett joined five Democrats from Michigan yesterday in voting for House passage of a General Housing Bill, including authority for 45,000 public housing units this year. The measure passed 187-168 and now goes to President Eisenhower.

Except for Bennett, all Michigan Republicans voted against the bill. Democrats Griffiths and Dingle either were absent or didn't vote.

Here's the State Congressional lineup in the balloting:

Democrats for: Diggs, Hayworth, Lesinski, Machrowicz, and Rabaut.

Republicans for: Bennett.

Republicans against: Bentley, Cederberg, Dondero, Ford, Hoffman, Johansen, Knox, Meader, Thompson and Wolcott.

Michigan Sens. Potter and McNamara took opposite views yesterday as the Seante confirmed by a 49-29 rollcall vote President Eisenhower's nomination of Harold C. Patterson to fill the Democratic vacancy on the Securities and Exchange Commission. Potter voted with the majority while McNamara voted against confirmation.

Olympic Preview in Metamora Trial

A preview of the U. S. Olympic riding tryouts is under way today at Metamora under the watchful eyes of sports writers and photographers.

Members of the press are on hand to take a look at a few of the outstanding riders and horses slated to participate in the four-day national and international competition at Metamora in September.

Two prominent horsemen, Jeb Wofford of Bloomfield Hills and brother Warren of Kansas City, are among those taking part in today's workouts.

Fence-jumping will be the major activity on today's agenda. Riders are not permitted to view the jumping course prior to the Olympic tryouts.

Ah, G'wan

ASBURY PARK, N. J. (INS)—Today's crop of college girls go to college to look for higher learning instead of husbands as they did in past years. That's the claim of the contest committee officials of the National College Queen Contest.

Supervisors Hold Session at New Reduced Strength

The Oakland County Board of Supervisors held its first meeting yesterday since its size was cut from 91 to 68 by a state law.

Three resolutions were passed to rearrange committees in line with the new set up.

Standing committees now having nine members will be cut to seven and those with seven to five.

Special committees with nine or more members will be reduced to seven and those with from seven to nine cut back to five.

All committee memberships were dissolved and Board Chairman Floyd Andrews will refill their slates under the new provisions.

In other action the board heard a report from Road Committee Chairman Don R. MacDonald of Sylvan Lake, on a meeting July 28 with Highway Commissioner Charles M. Ziegler.

The Committee and county road commission met with Ziegler to investigate the apparent neglect of Oakland in state road building plans.

Ways and Means Committee Chairman Fred W. Smith, of Royal Oak reported that by the end of 1956 the county will have $1,000,000 on hand for an addition to the infirmary.

A motion by Waterford Township Supervisor Lloyd Anderson was passed authorizing the hiring of an architect to start work immediately on plans for the addition.

Another resolution approved a study of how the South Oakland Health Center in Royal Oak might be expanded to meet increasing demands.

CONTRACT LET

Building and Grounds Chairman Harry W. Horton, of Royal Oak, reported that a contract was let July 13 for construction of more office space at the new Board of Education offices on North Telegraph Road. The $21,843 cost will be paid by the education department.

Horton's committee was given authority to sell county-owned land on terms, when deemed advisable.

Birmingham Supervisor David Levinson suggested the board might hire a clerk to coordinate activities of the various committees to prevent confusion and overlapping of work.

Wayne County has employed such a system with success, he explained. The proposal was referred to the Ways and Means Committee for study.

FINAL HANDSHAKE IN WASHINGTON—Speaker Sam Rayburn and Minority Leader Joe Martin shake hands on the rostrum after the House adjourned last night shortly before midnight. The Senate quit a half hour later, making it official for the end of the first session of the 84th Congress.

THE BERRYS

By Carl Grubert

Rule Robs Tot of Citizenship

GI's Daughter Declared Alien Although Son Is Bona Fide Yank

PHILADELPHIA (INS) — A young Philadelphia couple is puzzled at the news that their two-year-old daughter is an alien while a younger son is a bona fide U. S. citizen.

The U. S. immigration and Naturalization Service notified the couple, Mr. and Mrs. Sanford Jacobs, they would have to take the girl, Lesley Sharon, out of the country for at least a day. Federal officials explained that then the child could re-enter under a visa and application be made for American citizenship.

Lesley's trouble stems from a feature of the immigration and nationality act of 1952 which specifies that a child born abroad is a U. S. citizen only if the father resided in America five years after the age of 16.

The girl's father, who is now 21, failed to have the required residence when she was born but did qualify when a son, Marvin, was born later.

Both children were born at a U. S. Air Force hospital in England where Jacobs was stationed.

Emperor penguins hold their incubating eggs on their feet to keep them off the ice and the task is shared by male and female.

Five Pontiac Youths Win Prizes in Ford Contest

Five Pontiac boys and one Royal Oak youth were among 45 Michigan teen-agers who won cash awards in Ford Motor Company's 9th annual Industrial Arts Awards competition.

Winners in the nationwide program designed to encourage useful craftsmanship among school-age youngsters were announced today in Dearborn.

The Pontiac resident winners were all entered in the mechanical drawing division .George T. Rendziperis, 11, of 178 Auburn Ave., was the only one in the local group to receive a first prize. He won $100 for orthographic section and isometric drawing.

Other winners are John Bullis, 12, of 17 N. Hilldale St., $80 second place; Don Williams, 16, of 85 Hillside Dr., $80 second place for a V-belt drive drawing; Elwin M. Beaty, 14, of 385 Ferry St., $40 fourth place for detail and assembly drawings; and Ricardo Moreno, 19, of 426 Midway Ave., $20 honorable mention for detail and assembly drawing.

The winner from Royal Oak was Jerry Snider, 16, of 2303 Linwood Ave., who copped a $20 honorable mention for his drawing entered in the mechanical division.

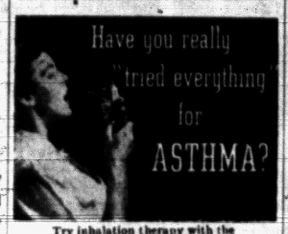

The top winning entries will be displayed in the Ford Rotunda in Dearborn, September 9 through 28. More than 5,500 school-made objects were judged in the IAA finals and cash awards for state entries totaled $1,660.

Maps Elm Disease Fight

GRAND RAPIDS (AP) — City Manager Donald M. Oakes planned Tuesday to recommend to the city commission a $13,000 emergency program to fight elm disease on city property. He said Park Supt. Fred C. See had outlined a plan to use the money for equipment and operators to treat the city's 10,000 elm trees. The move is a protective move against the tree disease since state law requires infected elms be cut down and burned or buried.

Ah, Come On, Now

DETROIT, (AP) — Charles Gallagher, accused of ramming a parked car July 9, explained that he had suffered a sun stroke. Traffic Referee Andrew C. Wood seemed impressed — until the arresting officer testified the accident happened at 12:25 a.m. Gallagher was fined $25 for reckless driving.

This week Buick soars past the 600,000 mark!

Biggest-selling Buick of all time permits us to make the biggest trade-in deals ever possible!

HERE it is, just past July, and what do you think has happened?

Buick popularity has broken every past *full-year* record!

That's the gospel truth. And Buick, of course, has had many great years before.

At the beginning of this week, Buick production passed 600,000 cars for the 1955 model year.

That is over 155,000 *more* automobiles than the full model year of 1954—when we captured third place in total national sales.

It is more than 11,000 higher than the full model year of 1950—when the automobile industry had its greatest year, and Buick established an all-time record that stood unchallenged until now.

It is almost a quarter of a million more automobiles than the full model year of 1941—which was the greatest pre-war record Buick ever reached.

In other words, there has never been anything before like 1955 in Buick history—*when today Buick is building over three cars every minute to meet the public demand.*

Doesn't this tell you something important?

Doesn't this soaring Buick success mean that you owe it to yourself to see and sample the car that's breaking every record in the Buick book?

Doesn't it mean that you ought to try Buick's mighty V8 power—Buick's great room and comfort—Buick's cruiser-steady ride and roadability—Buick's superb visibility and precision handling ease?

And doesn't it mean you certainly ought to try Buick's Variable Pitch Dynaflow*—the world's only transmission with the switch-pitch principle of the modern plane's propeller—and the most spectacular performance advance of the year?

Come in and see us—this week, at the latest—and learn for yourself why today's Buick is the biggest-selling Buick of all time—and how big a trade-in deal we can offer you with this tremendous volume to back us up.

*Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Thrill of the year is Buick and buy

Hospital Section Closes

GRAND RAPIDS (AP) — A 46-bed section of Butterworth Hospital's main building fourth floor was closed Monday and its nurses reassigned to the hospital's first floor polio unit. Ewdard E. James, hospital superintendent, said the move was made to offset a nurse shortage in assuring an unlimited capacity for polio patient care. He said 42 patients from the closed section were distributed throughout the hospital with the consent of attending physicians.

FOOD MONEY — Thirty years ago, out of the average person's income after taxes, 25 per cent went for food. Today Joe Doakes and his family eat better foods and much more of them, but the proportion of his income going for food remains the same — 25 per cent. Data from U. S. Department of Agriculture.

Salable House Seems to Contain Auto Magnetism

TIBURON, Calif. (AP)—Jandy Hovanec owns a house at No. 3 Mercury Ave., Belveron Gardens.

He had a potential buyer May 22 when a car came roaring across the lawns of two other houses and plowed through the wall of his.

The potential buyer decided not to take the house.

Monday, Hovanec finished $800 worth of repairs and redecorating and took a deposit from a new potential buyer.

Monday night another auto crossed the lawns of two houses (same two, same course) and smashed into the kitchen of Hovanec's house.

Said Hovanec:

"I don't suppose the new potential buyer will want it now."

The first white man to cross Texas was Cabeza de Vaca.

Postal Crimes Hit New Peak

Arrests for Mailing Unfit Matter Shows Biggest Jump

With arrests for mailing obscene and unfit matter showing the biggest increase, postal crimes reached an all-time high in the 12 months ended June 30, Postmaster Arthur E. Summerfield reported today.

Arrests made during the period totaled 6,631, an increase of 483 over the same 12 months in 1954. Statistics show that 99.1 per cent of those arrested and brought to trial were convicted.

There were 265 arrests for mailing obscene, extortive and other matter, the largest proportionate increase during that time, and a 54 per cent upswing from last year.

However, arrests of postal employes for mail crimes showed a drop in the year just concluded. With more than 500,000 persons on Post Office Department payrolls, only 435 were arrested.

A sharp increase in arrests for thefts from mail receptacles was noted with 3,144 being listed, an increase of 20 per cent. Mail fraud arrests totaled 294, 37 per cent more than last year.

Ban Snake Rituals

BLOUNTSTOWN, Fla., (AP) — There'll be no more snake handling religious services in this rural North Florida county, officials say. Sheriff G. C. Guilford served notice yesterday that anyone involved in such activities will be arrested. The Rev. George W. Hensley of Albany, Ga., died last week after refusing medical treatment. He had been conducting services at nearby Altha.

Astronautical Congress Explains New Satellites

COPENHAGEN, Denmark (AP) — Satellite and satelloid were the major words in conversation today at the Sixth International Astronautical Congress.

Scientists from 18 countries attending the meeting of persons interested in space travel praised the initiative of the United States in planning an earth satellite project. And some of them made it known they believed satelloid planning is the next major step.

* * *

A satellite, they explained to the uninformed, would be a body cruising around the earth at an altitude of about 250 miles. A satelloid whould be remote-controlled, travel higher and eventually visit other planets.

The experts in such matters say the chances are that the first spaceman to leave the earth will travel by satelloid.

Formal working sessions for the astronauts begin today after two days's preparatory work. The preliminary meetings have been private but it was learned that Kraft A. Ehricke, design specialist of the Convair guided missile group at San Diego, Calif., will talk on satelloids tomorrow. Some observers said his lecture could be the most important of the congress.

* * *

One American, who declined to be quoted by name, said a satelloid could be useful in interplanetary research.

For example, he said, it should be able to get close enough to the planet Venus to "collect" important information.

The Congress lauded President Eisenhower's assurance that results of the U. S. satellite experiment would be made avilable to scientists of all nations, including Russia.

The Soviet Union is represented for the first time at the astronautical sessions this year. Two Russian scientists, Kyrill F. Ogorodnikov and Leonid I. Sedov, arrived last night. Although listed as observers, they said on arrival, "we believe we have some news to tell."

About 17 million people crossed the English channel last year.

JUNIOR EDITORS' HOME ZOO—3

Hamsters

If you want a small pet that's practically odorless, you might consider two or more Golden Hamsters. They look a little like the guinea pig but they're only about six inches long.

Get your hamsters at a pet shop and ask the owner to give you his advice about how to care for them.

You'll need a small wooden pen covered with fine chicken wire. It will have to be reinforced with metal because the little creatures like to gnaw. They can gnaw the pen apart. Keep the pen warm and dry and clean.

Hamsters are very clean and neat. They wash their fur with their tongues like cats. They are friendly animals and will try to bite only when they're frightened or hurt. Don't pick them up in your hands. When you have to move them; scoop them up gently in a small box.

They eat almost anything except meat. They like green vegetables, nuts, grain, carrots and fruit. Their water should be changed often.

With proper care hamsters can live to be 4 or 5 years old.

Here's your hamster. Mount this page on cardboard and color with crayons. Cut out the hamster along the heavy lines, and cut the line between his paws. Cut out the carrot. Fold the lettuce leaf forward and the side pieces back. Now the hamster will sit up. Put the carrot between his paws and fasten it to the front upper paw with a small brass fastener, as shown in the diagram. Now you can move the carrot up to his mouth.

Tomorrow: A Turtle

Traffic Death Toll Increases Seen in State

LANSING (AP)—Michigan had 39 per cent more traffic deaths in June than in the same month a year ago, Sec. of State James M. Hare said yesterday.

* * *

Traffic accidents took the lives of 184 persons during June, the greatest number of highway fatalities on state record. During June, 1954, there were 132 traffic fatalities.

During the month, 5,304 persons were injured, an increase of 11 per cent over the 4,743 traffic injuries the same month a year ago.

In addition, Hare said, the accident percentage moved up 6 per cent from 14,408 to 15,328.

Hare said the June fatality record was the highest increase for comparative months since statistics have been compiled.

"I have asked State Police Commissioner Joseph A. Childs to give us an interpretation of the tremendous jump in the death rate which far surpasses the increase in accidents and injuries," Hare said.

Grand Haven Popular

GRAND HAVEN (AP) — Manager Louis Haney reports attendance at the Grand Haven State Park Oval reached the million mark this year about three weeks ahead of 1954. Attendance records last week revealed 104,000 visitors for a total of 1,075,090 in 1955.

FOR SEPTIC TANKS & CESSPOOLS!

NOW MAKE YOUR PRIVATE SEWERAGE SYSTEM A WELL BALANCED UNIT

- Starts Septic Action
- Stimulates Bacteria
- Eliminates Odors

Camp Cesspool and Septic Tank Conditioner works on a new and proven principle. It starts septic action immediately. It corrects the chemical structure of the material in the cesspool or septic tank. It feeds the bacteria and they work and reproduce by the millions to convert sludge into liquid. If your cesspool or septic tank is too small for your requirements, use Conditioner and see results.

Talbott Resignation Absolutely Necessary

Secretary of the Air Force, HAROLD E. TALBOTT, has resigned.

This is proper.

Otherwise, President DWIGHT D. EISENHOWER faced the unpleasant necessity of asking him to leave. There was no alternative.

★ ★ ★

We doubt whether anyone believes that Secretary Talbott has profited illegally or wrongly, but he certainly exercised questionable judgment. He left the door of criticism wide open and the Democrats came through three abreast.

★ ★ ★

The "out" party has always been ready to criticise the "in's" for the way they handle Washington business and Washington policies.

It is well they do.

It stops worse happenings.

★ ★ ★

C. E. WILSON severed all connections with the outside business world when he went to Washington and it cost him several million dollars personally. That's part of the penalty that patriotism exacts. It's a stern and unyielding measure.

TALBOTT should have sensed all this.

★ ★ ★

The fact he may not have been culpable of any wrong doing in his connections with an outside firm left him reluctant to resign. Probably he delayed the matter longer than he should have. It merely resulted in continuing embarrassment to the President and to the Republican Party.

★ ★ ★

TALBOTT says he was the victim of "unfortunate and distorted publicity."

Perhaps he is right.

Even so, that's relatively unimportant.

The whole question of publicity is the safety valve to the American system of government. It's the thing that holds evil doers away. If others whose actions look questionable are caught in the net, it's too bad, the system is the most important.

IT MUST BE PRESERVED.

It's going to be.

Veteran Crime Fighter Named Police Inspector

Congratulations are in order for Chief of Detectives CLARK M. WHEATON, who has been named by Police Chief STRALEY to be Pontiac's first police inspector.

WHEATON'S promotion was deserved and logical and was one of several others announced by Chief STRALEY in the wake of Capt. VANCE L. HANGER'S retirement.

★ ★ ★

The man who gives up the post of chief of detectives to become the second highest officer in the department is a veteran crime fighter with a service record of 33 years. In his new post he not only will serve as department head during absences of Chief STRALEY, but will continue his detective work in which he has been notably successful.

★ ★ ★

Like WHEATON, Capt. HANGER has a long and excellent record as a member of the force. He accumulated leave enabled him to retire now although his actual retirement date is December 1. The other promotions included that given Lt. WILLIAM CRISP, who will succeed HANGER as captain of the patrol bureau.

It should be a matter of public satisfaction that in every case officers receiving promotions wrote the best civil service examination.

U.S. Probe Spurs War on Child Delinquency

An 18 month nationwide investigation by a Senate judiciary subcommittee has spurred a stepped up war on the forces which contribute to juvenile delinquency.

One result has been a new Federal law which bans interstate transportation of salacious material by any means instead of only by mail or common carrier. The Senate has ordered another subcommittee to carry out an investigation of narcotic addiction and controls.

★ ★ ★

Considerable time was devoted by the subcommittee to the effects on juveniles of comic books, television programs and movies featuring crime, sex and brutality. While this group favored self-regulation over Government censorship, it urged the public to prod publishers and producers to clean up the fare they were offering young people.

★ ★ ★

Last October the comic book industry adopted a code of ethics which has proved only 50 per cent effective. Fortunately, however, the war on delinquency is being intensified. Several new types of programs are proving successful.

Even more encouraging, the Federal Government has taken a hand in the situation. It has asked for and should get favorable Congressional action on a program of aid to states to help them combat this obstinate social problem.

The Man About Town

First in Our Area

New Claim Made for Start of Oakland County History

Summer camps: Where some children are sent for their parents' vacation.

West Bloomfield Township boosters have discovered that Oakland County's history really started there. From about 1750 until 1763 or thereafter, during the reign of Chief Pontiac, his war councils were held on Apple Island in Orchard Lake, in that township. This was the first time that this region ever came to the notice of the outside world. It was over a half century before the first white settlement in the county was made at the present site of Rochester in 1817, or Pontiac was first settled in 1818. The Indians were attracted to that region because it has the greatest water area of any tract of the same size in Southeastern Michigan.

A boost for the Pontiac Press sport pages comes from

Marion Cornell

of Oxford, who writes, "I like the concentrated form in which the big sporting events are covered."

Pontiac residents of 75 years or more generally recollect that the hottest weather usually is in August. They remember that old copy book rhyme, "Next sultry August takes its turn, and hotter yet the sunbeams burn."

That's a clever keep-off-the-grass sign on a Bloomfield Hills lawn:

"Danger: New Seed at Work."

There's every reason for this area making such progress, according to

Circuit Judge George B. Hartrick,

because it has everything to make it a good place to live, work and do business.

Now making his home in Milwaukee,

Douglas Maroney

recently visited his old home town of Pontiac, and writes: "That new city hall is the biggest downtown improvement since I came away from there in 1930."

"Tuberculosis is still our principal target in the field of communicable diseases," says Michigan State Health Commissioner

Dr. Albert E. Heustis,

in complimenting the Oakland County Tuberculosis Sanatorium on its good work.

A Pontiac physician tells me that the slimmest whisker on a man's face is several times thicker than the heaviest hair on his scalp.

Now on a vacation trip in Brazil,

Ransford Buchanan

writes me: "Ask most anybody what is Brazil's largest city and they'll say Rio de Janeiro, but San Pablo now claims that distinction, having passed Rio since the last census. Each has over 2,500,000."

A resolution of the Pontiac Board of Aldermen, passed in 1894 when

Harvey S. Chapman

was mayor, deplores the manner in which "women sneak into places where hard liquor is sold, gaining entrance by the back door," and suggests that the police take their names and report them to headquarters.

Verbal Orchids to—

Mrs. Frank S. Keller

of Highland; eighty-sixth birthday.

Just Dreamin'

David Lawrence Says:

Britain, France Want China in U. N. Despite Aggressor Role in Korean War

WASHINGTON—More than 33,000 American boys were killed and nearly 104,000 were wounded in repelling Communist aggression in Korea—and the Red China government is primarily responsible for the crime.

* * *

Not a word of repentance has come from the government at Peiping and, in fact, the Red Chinese leaders have perpetrated publicly the lie that their organized armies did not intervene in Korea and that the 1,000,000 Red Chinese troops who moved in there with Russian planes and equipment were only "volunteers." This lie is still the official Peiping view.

Yet, in the face of these facts and these frauds, the British and French governments are willing to accept Red China into the United Nations and forsake the Nationalist government of China, with its 500,000-man army based on Formosa.

Throughout the world the Red China government is winning a propaganda victory. By releasing 11 American airmen who have been held captive for many months in direct violation of the terms of the armistice signed at Panmunjom, the Red China government is being welcomed as a "peace-loving" and friendly nation. Editorials in the European press hail the Red China action as a sign of a "new" attitude and as an augury of peace.

AXIS PUNISHED

When the Nazis and the militaristic Japanese ordered atrocities to be committed against the troops of Allied nations, the persons responsible were later tried as "war criminals." Both Germany and Japan were punished through the defeat of their armies and by the severe terms imposed.

* * *

Red China, however, has not been defeated and no punishment has been meted out. In fact, territory in South Korea has been given to the Communists. Both the British and French governments, moreover, are ready to reward the Red China government by admitting it to the Security Council of the United Nations.

There is the greatest danger, however, to Europe if any such event shall come to pass. For if the 30,000 American lives sacrificed in Korea mean so little today to the consciences of the British and French governments, then it will only arouse many Americans to debate whether membership in the North Atlantic Treaty Organization is after all worthwhile.

Indeed, if American boys are to be sacrificed to the enemy and the cause for which they fought is to be ignored in an abject surrender of moral principle, then isolationism will gain more ground than it did in the 1920's

AIR BASES PENDING

Already it is questionable whether the British and French governments will ever allow American air bases abroad to be used to bombard Russia with atomic bombs even if America is attacked. Many a military man, therefore, has been praying for intercontinental bombers in large quantities to be built so that American troops can be withdrawn from Europe altogether.

* * *

If, as seems apparent, the British and French governments are ready to ignore American sacrifices in Korea in a policy of appeasement and if the Eisenhower Administration yields to them, the presidential campaign may have the liveliest issue in 1956 it has had since 1920. In that year, many of us who supported American entry into the League of Nations were overwhelmingly defeated because of a widespread belief that European nations were playing the American people for "suckers."

It is most unfortunate that there are some senators who are charging that a "sell out" is contemplated by the Eisenhower Administration on the Red China issue. The wiser course is being pursued by Sen. Knowland of California, Republican, who is giving the Eisenhower Administration credit for every sincere intention to avoid a "sell out."

The real problem, however, is not in Washington at all.

It is the pressure upon the United States by its European allies which is mounting. That's why further debate inside the United States as to what the 30,000 American boys died for is going to become pertinent.

Many observers are saying how wonderful it is to save the lives of the 11 American airmen because, after all, the 30,000 dead cannot be brought back to life. But there are many thousands of Americans still alive who were wounded in Korea. They are home or in hospitals, but they are maimed and disabled.

* * *

The Red Chinese are responsible for a major crime against the United Nations. Yet the European governments, forgetting the sufferings of the wounded and the million or more Americans who risked their lives in Korea, are

British newspapers are crying out in sensational headlines that peace is coming to the Far East—just because of this so-called "concession." The British in 1938 just after the Munich appeasement were gullible in believing peace was at hand, and so were many of us in America.

But an appeasement in 1955 will not be so easily accepted by Americans who, though fooled before, had to fight to save Britain and France in a second world war and may be called upon to save Europe when Asia has been irrevocably lost to the Communists.

Belly Breathing Exercises Will Help You Six Ways

By WILLIAM BRADY, M.D.

Among the benefits ascribed to belly breathing exercise, described in Little Lesson No. 21, How to Breathe, for which send 25c and stamped, self-addressed envelope, you'll find no mention of increased oxygenation or increased oxidation or purification of the blood or clearing the complexion.

* * *

The benefits one may derive from lying on the back with knees flexed and no tight clothing to impede breathing, and making six slow steady inflations through the open mouth, letting deflation occur without effort, first thing on waking each morning and last thing on retiring each night, are as follows:

1. Tends to bring down blood pressure.

2. Prevents, relieves or cures dysmenorrhea in young women.

3. Has a calming, soothing, relaxing influence.

4. Helps persons with cold feet to get warm and go to sleep.

5. Brings considerable relief to persons with chronic bronchitis (winter cough), asthma, emphysema or bronchiectasis.

NATURAL MASSAGE

5. Acts as a natural massage of the liver, gall-sac and other abdominal organs and thus prevents or relieves ailments associated with inactivity of these organs.

* * *

6. Most important of all, natural breathing improves circulation by putting the booster pump back to work—that is, the aspiratory action of the—I could say thorax, for that is what the physiologists call it, but, after all, the thorax is just a lot of bones, which have no action. So let's call it the aspiratory action of the diaphragm.

Diaphragm is not a synonym of abdomen, stomach or belly. It is a muscle, the main muscle of breathing. It stretches across the trunk between the chest cavity (thorax) and the lower body cavity, the abdomen like a tarpaulin or an inverted soup plate.

When it contracts the tarpaulin presses down upon liver, gall-bladder, spleen, stomach, intestines, and air is drawn into the chest—inspiration, inhalation. When the diaphragm relaxes, being elastic, it returns to its high arch position again, and air leaves the chest—expiration, exhalation.

* * *

It is difficult to explain in a few paragraphs, but just remember that whether you have heart or artery trouble or not, the efficiency of your circulation depends on how you breathe.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

(Copyright 1955)

Voice of the People

Boys' Club for North End Asked by Community Club

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature

The need for another Boys' Club in Pontiac was stressed by Mr. Coulacos recently in a Pontiac Press interview. We in the north part of the city feel that need greatly in our community.

A few weeks ago the Wever-Owen - Hawthorne Community Club sent a petition with more than 3000 signatures to the Pontiac Area United Fund requesting that funds be made available through the Community Chest budget for continuous support of a Boys' Club in this vicinity.

Should this request be granted, we feel sure that these 3000 people and many more in the north end will cooperate in every way.

Mrs. Earl Oltisvig,
Publicity Chairman
W. O. H. Community Club

Takicab Driver Praised for Returning Medal

I'm not much at writing letters, but when you appreciate some honest person, you can certainly try.

This letter is for one honest man who is a cab driver. He found a necklace madal which I have treasured for many years, and returned it to my home. I certainly hope there are many more like him in the world.

Margaret Santa Cruz

Knowing Whom to Trust Is Key to Taking Advice

By MERRYLE S. RUKEYSER
INS Economic Commentator

With stock markets boiling over, the art of taking advice assumes fresh significance.

An eminent Boston barrister, Charles P. Curtis, in his volume on "The Modern Prudent Investor" (American Law Institute) devotes a section to this art.

"To profit from advice," he writes, "calls for more wisdom than to give it, as a wise man has said. This is practicularly true of advice to a trustee from anyone but his co-trustee. His broker, his partner, his friend, and the president of the bank are no more trustees of the trust fund than Moody's or Standard and Poor's or the financial column in his morning newspaper."

This principle is also applied in a somewhat different field—in the area of responsibility for management of corporations. Officers and directors face raids by financial adventurers and the risk of strike suits by dissident stockholders who have the benefit of hindsight.

* * *

Accordingly, with the growing complexity of corporate business, there is an increasing vogue toward supplementing management judgment with the counsel of outside consultants. Sometimes it may be that the executive does not seek and pay for advice so much because he wants guidance as to have on hand as a defense against subsequent criticism evidence that he proceeded prudently. One legal defense is that he took action only after consulting advisers whom he deemed qualified and competent.

VIEWPOINTS SOUGHT

Advice also is sought as a means of insurance against corporate inbreeding, which sometimes manifests itself in undue readiness of subordinates to "yes" the boss. Nowadays, with the vogue for specialized and generalized consulting firms, business executives feel that it is worthwhile to explore other ways of looking at problems and to broaden their perspective.

While the adviser cannot hope to be as close to the realities of an enterprise as the client, the competent consultant brings objectivity, and the unsophistication of the independent outsider. His function is to ask simple questions, which sometimes reveal that practices have long since outlived the conditions which originally justified them.

As Curtis puts it, the one indispensable virtue of a good trustee is a humility of judgment, which, he says, is quite different from caution, for caution is essentially a reluctance, or even a refusal, to exercise any judgment at all.

RISK UNAVOIDABLE

No investor, speculator, business executive, or trustee can reasonably hope for a riskless adventure.

The business of practical living requires taking a position, which entails a selection of risks.

* * *

The prudent man, without apology, is entitled to use the best tools available, including human beings, who as analysts, consultants, investment advisers, brokers, bankers, or what not, are helping in bringing into focus relevant information and ideas.

The art of taking advice consists in knowing whom to trust, and in deciding how to translate counsel into action.

Portraits

By JAMES J. METCALFE

When I declare I worship you . . . And I adore you, dear . . . I merely mean my love for you . . . Is perfectly sincere . . . I do not mean I worship you . . . As I adore my God . . . But only as a kindred soul . . . Created on this sod . . . Because the only homage that . . . My heart could ever give . . . Belongs forever unto Him . . . Who gave me breath to live . . . I love my God above all else . . . He is The Only One . . . Whom I adore and worship, dear . . . Around the moon and sun . . . And so when I declare that I . . . Adore and worship you . . . It merely is my earthly way . . . Of complimenting you.

Smiles

Girl graduate . . . Four years of college! And whom has it got me?

One woman to another . . . It's all his fault. If he hadn't advised me to do it, I would have done it.

Most men who look for trouble find it, unless it happens to be in the wife's electric iron or washing machine.

A lot of the smiles that go a long way could best be used right in a person's own home.

THOUGHT FOR TODAY

O Lord God of hosts, hear my prayer: give ear, O God of Jacob. Selah.—Psalms 84:8.

* * *

Prayer is a sincere, sensible, affectionate pouring out of the soul to God, through Christ in the strength and assistance of the Spirit, for such things as God has promised.

—John Bunyan.

Ex-Muscovite Finds Reds Talk Freer on Yankee Soil Than They Do at Home

Editor's note — Tom Whitney, former Associated Press Correspondent in Moscow, is accompanying the Soviet Agricultural delegation on its American tour.

By TOM WHITNEY

I lived nine years in Moscow but I had to come to Iowa to meet and talk fairly frankly with some Russians.

That perhaps is a bit of hyperbole because during my long stay in the Soviet Union I did get to know many Russians and I did talk frankly with some of them. But it was hard and rare. And here and now it's easy.

* * *

The nine members of the Soviet delegation of agricultural leaders are mixing socially in some degree with Americans. They are being pleasant and discussing important subjects, including the Soviet Union and its policies.

I would not want to give the impression that they are giving always absolutely open and truthful answers to questions. Quite the contrary I have noticed a tendency on the part of the Soviet delegation leader Vladimir Matskevich and others in his group to sidestep some ticklish matters.

The most important fact is not the tendency of members of the Soviet delegation to evade touchy subjects in public but their willingness, in some measure, in private to enter into discussion—even heated discussions—about essential things.

MORE TALK

The fact is that before there is a final end to the cold war there is going to have to be a great deal of very frank talk about a lot of different things between Russians and Americans—on a lot of different levels. How far it will go, I don't know, but at least here is a beginning of this on the Iowa journey—and, I suppose, in a lot of other places too. This is a most significant development.

* * *

In Iowa they visited and inspected a number of farms, were entertained at many luncheons and dinners, and saw a large number of enterprises and institutions associated with agriculture. They were received with welcome everywhere they went.

On leaving Iowa, delegation chief Matskevich sent messages of gratitude to Iowa's Gov. Leo Hoegh; the president of Iowa State College, James Hilton; and Luther Hill, publisher of the Des Moines Register & Tribune.

In the message to Gov. Hoegh, Matskevich said: "We believe that the exchange of agricultural delegations between our countries, which was initiated by Iowans, will be the beginning of an extensive exchange of experience in the field of agriculture between the United States and the Soviet Union."

HOEGH THANKED

He thanked Hoegh and all the citizens of Iowa for their "warm and friendly reception."

In Omaha, the Russians were welcomed to Nebraska at a banquet given by the agricultural committee of the Chamber of Commerce of Omaha.

* * *

Ed Hoit, director of agriculture of Nebraska, greeted the Russians for Gov. Victor Anderson. He wished them a pleasant tour of the state.

Answering the welcoming statements, Matskevich made a plea mutual understanding of the United States and the Soviet Union. He declared that "our labor loving peoples will work well, sing well, create well and labor for the prosperity of the peoples of the world."

The Russians listened to the guests sing "Home On the Range," the Nebraska state song, the Omaha city song, the Iowa state song—out of respect for Iowa guests present—and also the national anthem.

Bob Considine Says:

White House News Breaks Up Poker Games

WASHINGTON (INS) — Here's what it is like when a big story pops around the White House. The story was Secretary Talbott's resignation, which was announced at the same time the President's resolute acceptance of it was made known.

* * *

In the White House press room, a tension had been building up since four o'clock, at which time Jim Hagerty called in the boys to tell them that Maj. Gen. Clovis Byers had been promoted to Lieutenant General. Something to do with NATO. The correspondents absently took down the notes, agreed not to mention Byers' middle name—Ethelbert—and got into the Talbot matter.

The President, Jim said, leaning back in his chair as the correspondents crowded about the desk, had read "most" of the transcript of the Talbott hearings before Congress. What did he mean by "most," somebody asked. Jim said, "That's all I'm going to say." He said it like he meant it.

"How about the phone call the secretary made to the President earlier today?" he was asked. Jim searched the face of the reporter. "I don't know of any such call," he answered. No, he hadn't noted a "strained look" on Secretary Wilson's face at noon. Jim indicated that this was all the news he had to give out.

NO LID TODAY

"Are you putting the lid on?" a correspondent asked, looking at his watch.

It is a White House correspondents term that means the news spigots have been turned off for the day.

"I didn't say anything about a lid on, did I?" Hagerty snapped. He was tired.

Out they filed and a kind of death watch began. It had to be the Talbott story, everyone agreed. An hour passed, then another. Restless news editors back at the big shops downtown called to aggravate the waiting men, some of whom had to get up from the poker game.

It was six-fifteen now and the radio people were beginning to leave for their studios, with word that they be called instantly when the news came.

Then Lorna Holland, one of the girls in Hagerty's office, appeared for a fraction of a second before the press room door. She paused just long enough to say, "Press!" It is White House'ese for "Press Conference."

Hagerty said nothing as they piled into his office. He thrust the two-page news release into eager hands. Trained eyes scanned the sense of the story in seconds. Trained feet hurried for phones.

"Will there be anything else?" Bob Clark of INS called out, as he backed out reading the release and composing his story. "Nothing," Jim said. He was tired. When they had gone he leaned back in his chair and said "I've worked with Harold Talbott for twenty years."

In his memento-laden office, the President sat for a time alone. An aide silently entered and put down another batch of congressional bills he was to sign.

No man could read his thoughts but it could be guessed they were on Talbott. He looked at the pile of bills—one of several he had seen during the day—made a gesture of "Oh, go away for a little bit," got up and walked over to the mansion.

Elsewhere in the White House a reporter who knows and likes Talbott rocked back and forth on his heels.

"Dam' shame," he said. "But what I'll never understand is why Harold wrote those letters on Air Force stationery."

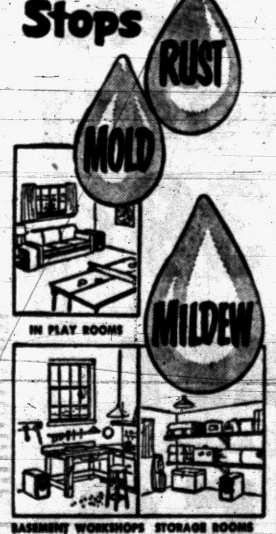

There are about 74 million horses in the world, a decline of 22 per cent since the start of World War II.

U.S. Civil War Study Spreads

Book Publishers Say Interest in Era Grows Larger Every Year

WASHINGTON — Ninety years ago this April at Appomattox Courthouse General Grant in a private's uniform and Lee in resplendent gray gripped hands in a farewell to war.

Although four other wars have intervened in the 90 year period, no farewell in Civil War interest seems in sight today. Fascination aroused by books, battlefields or family tradition makes it the Nation's most discussed conflict.

Book publishers now assign special editors to Civil War works. A recent recording of songs loved by the Southern soldiers — ringing with a Rebel yell authenticated by the late historian Douglas Southall Freeman—became a best seller. The restored house where Grant and Lee met attracted 62,000 visitors last year while Gettysburg drew 12 times that number, the National Geographic Society says.

Civil War scholars and plain "fans" meet for "war talk" in Milwaukee, New York, Philadelphia, Washington, Richmond, and Los Angeles. An interest in the war is the prime requirement for membership. One expert thinks the basic interest in the war "always has been there" but was ignited by Carl Sandburg's work on Lincoln and Freeman's biography of Lee. A further outpouring is expected to add to what is possibly the largest literature on any war.

"We may look now for special campaign histories, centering much on the western area fighting," an authority predicts.

to Hold Celebration

The Nicholas-Conklin Detachment of the Oakland County Marine Corps League will celebrate the 13th anniversary of the invasion of Guadalcanal Sunday with a picnic-outing at the Club Baron at Walters Lake.

The all-day affair, featuring free refreshments, swimming and boating, is open to al county Marines, ex-Marines, their families and friends.

LIKE RAIN IN THE FACE — This blocky, white-faced Hereford doesn't mind a little water in the face when it's sprayed on by lovely Gale M. Carter, of San Francisco, Calif. Gale is preparing the bull for exhibition at Sonoma County Fair scheduled for Santa Rosa, Calif.

Delegation Due Aug. 15

Soviet Farmers to Prowl at Will on MSU Campus

EAST LANSING (UP)—Michigan State University will give a cordial welcome to the delegation of Russian farmers expected here in August and then will leave the Soviet visitors mostly on their own.

The Russians, currently touring the Midwest, will be at NSU Aug. 15 for the opening of the Farm Mechanization Centennial Exposition.

* * *

"We're going to provide guides but will let them go where they want to go and see what they want to see," said Prof. Arthur W. Farrell, head of the Department of Agricultural Engineering and general chairman of the exposition.

University officials have been notified that the Soviet farm specialists will arrive some time Sunday, Aug. 14, by plane from Chicago.

It will be their last stop on a whirlwind tour of America's break basket.

A suite of rotms has been reserved for th edelegation at the MSU Kellogg Center.

LUNCHEON GUESTS

Th eonly formal public appearance planned will be Monday noon when the Russians will be guests at the Greater Lansing Chamber of Commerce luncheon at Brody Hall on the campus.

Th eRusisans twill hear a talk on the development of farm mechanization in America by Allan B. Kline, former president of the American Farm Bureau Federation and president of the International Federation of Agricultural Proudcers.

Dr. Kenyon T. Payne, head of the Farm Crops Department, said a special demonstration is being set up to show MSU experiments with vernal alfalfa, which is about 70 per cent of Russian parentage.

Following the luncheon, the Russians will be carried on flat bottomed farm wagons, drawn by tractors, to the ribbon cutting ceremony at the commemorative archway leading into the exposition.

The rest of the time, they will be on their own, Farrall said, and will be rfee to wander around the exposition and the rest of the MSU campus.

Th eRussians are expected to leave by plane for New York City later on Monday. From there they will return to the Soviet Union.

Auto Dealer's Exam Postponed to Aug. 15

Court examination of Lake Orion auto dealer David P. Dawson was postponed yesterday until Aug. 15 by Orion Township Justice Helmar G. Stanaback.

Dawson, 31, free on $7,500 bond, is charged with embezzling $28,862 from the Universal CIT Credit Corp, branch office here between Oct. 1954 and May of this year.

Shoemaker Aims at TV Jackpot

Italo-American Knows $32,000 Answer; Big Question Next Week

NEW YORK (UP) — Could you answer this question:

What Verdi opera started Arturo Toscanini on his career as a conductor; in what country did he conduct it; where was the opera first performed and on the eve of what holiday was that premiere?

The correct answer was worth $32,000 to Geno Prato, an Italian-born Bronx shoemaker, on a television quiz show last night.

Without hesitation the lifelong opera enthusiast gave the right reply — Aida; Brazil; Cairo, Egypt and Christmas Eve.

* * *

This doubled Prato's previous winnings on the CBS show, "The $64,000 Question," and entitled him to come back next week to try for the top prize of $64,000.

Prato, 55, had the choice of taking $16,000 won the week before or risking it on the chance of doubling his money with last night's question.

Announcing his decision to try for $32,000, Prato said, "With God behind me all my life, I think I will try."

* * *

Next week he again has the choice of accepting the prize money won to date or taking a chance on the final question. This will again be a question about opera, since that is the category Prato designated when he first appeared on the show.

Call Police Meeting in Baffling Case

MUSKEGON (UP) — Sheriff Axel Pederson said yesterday he is calling a meeting of county and State Police to review facts in the baffling case of 12-year-old Pete Gorham, missing from a Duck Lake Boy Scout camp since July 5.

The youth, son of Mr. and Mrs. Frederick A. Gorham of Evanston, Ill., disappeared without a trace from a hiking group at Camp Wabiningo.

Pederson said the meeting is planned in hopes of uncovering leads which might help solve the case. The time and place of the meeting has not yet been set.

State Police at Rockford reported an investigation of a reported sighting of the youth near Vestaburg in Montcalm County yesterday proved without value.

Less Voluble Congress Acts Well

WASHINGTON (UP) — Congress is talking less, and passing more laws, than it was a couple of years ago.

The figures prove it.

* * *

For the "Congressional Record" came out today with its report card on what Congress has been up to this year. And a comparison with a similar report on the 83rd Congress of two years ago shows the present legislators have shown far more restraint.

The Senate especially has been quieter. At this time in 1953 the senators had gabbled away for 743 hours three minutes. This Senate — although a casual visitor to the gallery never would have guessed it—has been comparatively tongue tied, with a mere 533 hours 11 minutes in session.

* * *

The House, with far stricter rules, hasn't shown as much variation: 492 hours 41 minutes two years ago, 456 hours 58 minutes this year.

One possible reason why today's legislator has been comparatively silent: He has been busy thinking up ideas for new laws.

Well over a thousand more proposals — a tremendous total of 11,775 bills — have been introduced than in a similar period in 1953.

Which may explain why more laws have gone on the books. 436 so far this session as compared with 302 two years ago.

Naturally statistics don't tell the whole story.

* * *

Democrats, in the driver's seat this Congress, might well claim this proves how competent they are at tunning the shebang. Republicans, in reply, might well claim that legislating is a two-way street, and that no party can get anywhere if the other presists in dragging its feet.

This argument goes on eternally.

A few years ago former Sen. Scott Lucas (D-Ill) put an assistant on what surely was one of the dullest assignments ever made: Counting up the inches of type Republicans and Democrats had talked into the "Record." By the Lucas ruler, Republicans were the gabbiest.

But the only practical result of this survey was that several additional feet of type went into the "record" in the dispute over whether this was an accurate count.

* * *

The statistics do disclose one thing:

For whatever the reason, the Senate has avoided filibustering this session. It's one of the few in recent memory that hasn't put on a first-class display of legislative wheel spinning.

The Senate has used 210 fewer hours — or around 26 8-hour days— than its windblown predecessor of two years ago.

And since the "record" costs around $85 a page to print, here is silence that truly is golden.

Poor Turn Out for Shots

DETROIT (UP)—Only 1,071 of 4,000 eligible children appeared at Detroit hospitals Monday and Tuesday when clinics opened for second round shots of Salk polio vaccine, Dr. Joseph G. Molner, Detroit Health Commissioner, blamed the poor turnout on the heat, vacations and general apathy.

Wilson Cancels Talk

ANN ARBOR, (UP) — Secy. of Defense Charles E. Wilson notified the University of Michigan today that he will be unable to appear for a scheduled lecture at 8 p.m. next Monday. He gave "unexpected circumstances" as his reason.

YOUR CHILD MAY HAVE PIN-WORMS
1 OUT OF 3 DOES!

Fidgeting, nose-picking and a tormenting rectal itch are often tell-tale signs of Pin-Worms . . . ugly parasites that medical experts say infect one out of every three persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do . . . and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. Get genuine Jayne's P-W Vermifuge . . . small, easy-to-take tablets . . . special sizes for children and adults. Perfected by Dr. D. Jayne & Son, specialists in worm remedies for 100 years.

Hiroshima—10 Years After

Mass Atom-Bomb Memorial Service Planned

(This is the second of three articles telling the story of the death and rebirth of Hiroshima, destroyed on Aug. 6, 1945, by history's first atomic bomb used in war.)

By KENNETH ISHII

HIROSHIMA (INS)—Ten years ago this week, a new word was added to the Japanese language: "Pickadon."

"Picka" is a colloquialism for flash, and "Don," means a loud bang.

* * *

On Aug. 6, 1945, there was a flash in the sky over Hiroshima, then a loud bang. That was the atom bomb that killed or injured 129,558 persons—or roughly half of Hiroshima's population — and laid waste to 92 per cent of the city's tightly-packed 18,000 acres.

But today it is a new city whose people "feel no bitterness towards the United States," in the carefully-measured words of Hiroshima's city assembly president, Shigeteru Shibata.

Interviewed in the reconstructed city hall Shibata said:

"The people of Hiroshima who experienced that day of terror are not bitter towards America. Their biggest prayer is that they will not have been the world's first atomic bomb victims for nothing. They do not want it to happen again."

When wartime censorship was removed the results were known: 92,133 killed or "missing" and 92 per cent of the city's buildings destroyed or made unusable.

FEW SCARS REMAIN

Today, a visitor getting off the train at Hiroshima station will find few scars to indicate that same area, for miles around, was a desert of rubble and burning embers 10 years ago.

Hiroshima is a completely reconstructed city. The only physical evidence of the A-bomb's terror are monuments that Hiroshima citizens have left or put up to remind the world of the destructive force of man's weapons.

One of the best known landmarks is the ruins of the Industrial Promotion Hall, located almost exactly under the point in the air where the atomic bomb was detonated.

Referred to as "The Dome" because of the iron skeleton of the dome which protrudes above the building's shattered walls.

Then there is Hiroshima's Peace Park, almost completed, and the two "Bridges of Peace" that span a nearby river.

* * *

The estimated 6,000 victims in Hiroshima suffering from effects of exposure to the bomb are on the whole indistinguishable from the rest of the populace. Few of them carry visible scars.

While Hiroshima itself is once again packed with houses, many of these still are temporary affairs to be torn down and replaced with more permanent units under an ambitious reconstruction program.

In terms of number alone Hiroshima today has 76,000 houses, or about the same as pre-war.

NEW STREET PLAN

One thing the destruction of the A-bomb speeded up, however, was the setting up of a completely new city street plan with wider, tree-lined avenues to replace the narrow and crowded roads of pre-atomic bomb days.

Chief Kyosuke Kaneyama of Hiroshima city's planning section, stated:

"Before the A-bomb, the widest street was 25 yards. Now all thoroughfares are from 40 to 55 yards and we have one that is 110 yards wide."

But like other areas of rehabilitation, most of these streets are only part-paved because of budget limitations.

"We may have been the world's first city to be destroyed by the atomic bomb," Kaneyama said, "but as far as the national government is concerned, we are just another Japanese city To whom scarce funds must be allocated equitably for postwar rehabilitation."

By city estimates, Hroshma needs another 130,000 housing units to adequately accommodate its population.

The first major concern to open again for business after the atom-bomb was Hiroshima's only department store, "Fukuya."

The store's managing director, Eiichi Onishi, says business today is "pretty good."

"All eight floors above ground and the two-story basement were destroyed that day and only the building's skeleton was left," he related.

BUSINESS AGAIN

"But by December of 1945 we were in business again. All we sold at first was Sake (Japanese wine) but that's what the people needed—something to cheer them up."

Onishi's reaction to the atomic bomb memory is typical of many other citizens.

"What we must do is look forward, not back."

Still, the tenth anniversary observance of the atomic bomb on August 6th this year is the biggest and most elaborate ever planned.

Dedegates from countries throughout the world, including Russia, were invited to attend and to join in the mass memorial service in Hiroshima's Peace Park.

* * *

At precisely 8:15 a. m. — the moment the bomb exploded—500 doves will be let loose from the cenotaph in the Peace Park.

Soviet to Launch Its Own Satellite

COPENHAGEN, Denmark (AP)—A top Russian scientist said today Soviet Russia will create an artificial earth satellite within two years and quite possibly will launch it in 1957.

The Scientist, Prof. Leonid I. Sevod, thus implied the U.S.S.R. might get the jump on the United States in this branch of space experimentation. He told a news conference, further, that the Soviet device probably will be of a "much greater size" than the one the United States expects to send up in 1957-8.

* * *

President Eisenhower announced the United States project last Friday. Scientists said the American device probably will be the size of a basketball.

Satellite and satelloid were the major words in conversation at the Sixth International Astronautical Congress here today. Sedov heads the Soviet delegation.

Alabama has 4,679 miles of railroads.

Spain, Sweden, Australia, Germany, France, England, Russia, Canada, Argentina, Austria, Norway, Italy and the United States are among nations having subways.

NOTICE OF TAXES CITY OF PONTIAC

1955 City and School taxes will be due and payable at the office of the City Treasurer August 8, 1955, through September 9, 1955, without fees.

Payments made by mail must be postmarked not later than September 9, 1955, to avoid penalty.

September 10, 1955, a collection charge of one per cent (1%) will be added and one per cent (1%) additional each month thereafter any unpaid City and School Taxes.

All 1955 City and School Taxes remaining unpaid as of March 1, 1956, will be payable at the County Treasurer's Office, subject to additional penalties as provided by State Law.

WALTER A. GIDDINGS
City Treasurer

CAGEY CAT — This cat's in the cage, and the two budgerigars don't even mind his presence. For "Bambi" daily visits "Joey" and "Beauty" in their metal home in Sheffield, England. It makes for a big happy family.

Satellite Expose Started by Griffith Observatory

Noted Astronomer Dinsmore Alter, whose daily "Trip to the Moon" show in Griffith Observatory has thrilled thousands of Californians, tells how the "Mouse" satellites may lead to launching a permanent space station for a springboard to space travel.

LOS ANGELES (INS)—The announcement by President Eisenhower of the plan to launch a temporary, very small satellite is one of the most important ever made.

* * *

However, this satellite must not be confused with the larger, permanent satellite which has been much discussed during recent years. The project announced by Mr. Eisenhower is, nevertheless, a necessary step preparatory to the larger undertaking.

The temporary satellite has no direct military value. It is part of the program of observations for the "geophysical year," an international scientific undertaking. The only possible secrets would concern technical matters, such as our exact method of launching. Any properly equipped laboratory could receive the data broadcast by it.

The President said exactly the right thing when he promised that the data would be available to the whole world.

Probably its chief purposes will be to secure data of our upper atmosphere and to observe that part of the solar radiation to which our atmosphere its opaque.

Even at a height of 300 miles, there is sufficient resistance by our air that eventually the satellite must spiral down to the surface of the earth.

PREPARE PUBLIC

For eight years, the Griffith Observatory has been attempting by means of its summer shows to prepare the public for the launching of a large, permanent sattellite and for its later use as a base for lunar travel.

We have at all times limited our spectacle to strict astronomical and physical accuracy, insofar as can be done by persons who do not know the details of any secret research which may be current.

Success of such a research project must depend dargely on "selling" the public on both its enormous difficulties and the probability of eventual success.

It would appear to be reasonable to expect larger and larger unmanned successors to the first temporary satellite, before any attempt is made to assemble a large permanent one from prefabricated parts carried aloft by rockets.

* * *

Such a satellite or space station would be beyond any measurable atmospheric friction.

Perhaps several years would be necessary for assembling it even after rockets had begun to transport the parts to the desired orbit.

Segregation Bill Becomes Law in Alabama

MONTOGMERY, Ala., (AP)—A bill designed to preserve segregation in public schools became the law in Alabama last night although Gov. James E. Folsom refused to sign it.

The new statute gives city and county school boards unprecedented police power in deciding which schools individual pupils shall attend.

The bill automatically became law when no gubernatorial veto was received before the Legislation recessed ysterday.

Th bill allows local school boards to assign pupils to various schools on a basis that will "assure social order, good will and the pubic welfare."

Man Shoots 4 in Courtroom

Defendant Kills 1, Hurts 3, When Ordered to Pay $50 Month Alimony

CARLISLE, Pa., (AP)—A gun toting defendant, shouting that justice had deserted him, turned a Pennsylvania courtroom into a death chamber yesterday.

Percy Haines, 60, of Newville R.D. 2, whipped out a pistol, shouted he was getting a 'raw deal'' when ordered to pay his wife $50 monthly for support, and fired four times. He killed a lawyer and injured three others, including the presiding judge.

He was charged with murder and held without bail in Cumberland County Court. No hearing date was set.

* * *

Victim of the bizarre slaying was John D. Faller, 41-year-old Carlisle attorney who was representing Haines' ex-wife Lulu, 60, in the nonsupport action.

Mrs. Haines, struck in the abdomen, was reported in "critical" condition at Carlisle Hospital.

Judge Mark E. Garber was hit in the upper right arm and doctors said there was a possibility it might be necessary to amputate.

George Black, 50, Chambersburg attorney associated with Faller, was struck in the left arm.

Judge Vacates Bench for Tipsy Driver Trial

TEXARKANA, Tex, (AP)—Albert A. Wheeler, 23, was convicted in Municipal Court yesterday of driving while intoxicated.

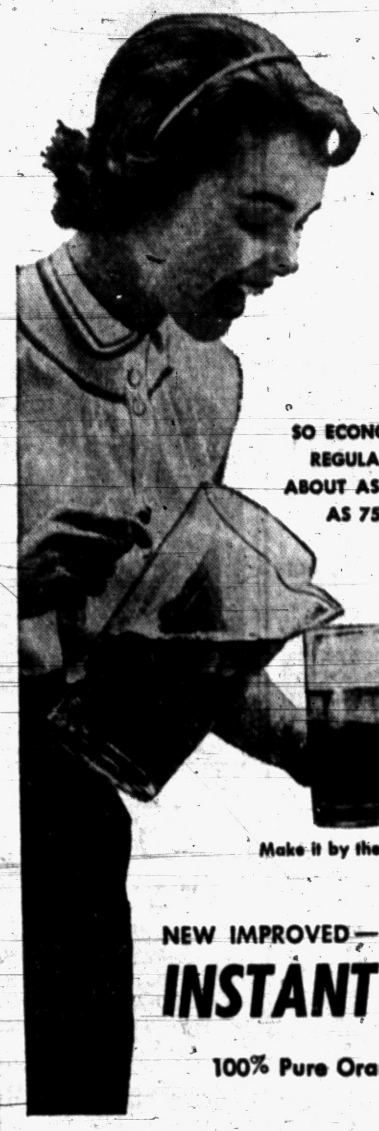

The only witness, Ted Goldman, testified Wheeler drove his car right into his yard at night.

Acting Judge Gene Rowlette fined Wheeler $55.25. Rowlette was taking the place of Municipal Judge Ted Goldman, who disqualified himself because it was his yard.

Takes Over Strait Patrol

TAIPEI, Formosa, (AP) — Rear Adm. George W. Anderson Jr., today assumed command of the U.S. Formosa Strait Patrol. He took over from Rear Adm. Frederick N. Kivette, who left for Pearl Harbor to become chief of staff to the commander in chief of the Pacific Fleet.

Teenager Shoots Self When Caught by Police

HONOLULU (AP)—A teen-age bandit shot and critically wounded himself last night when police cornered him before he could flee from a bank with his holdup loot.

Detective C. D. Honan said Cyril Chung, 19, had jammed $4,800 in a bag after locking five girl employes, a male teller and two patrons in the vault of the American Security Bank.

Police closed in as he was ready to flee. Chung then shot himself near the heart, Honan said.

Astral Scientists See Interest Rise

COPENHAGEN, Denmark (AP) — The International Astonautical Congress, discussing space travel that will ultimately cost billions, is what you might call a low budget production.

The sponsoring Danish Interplanetary Society, unable to raise money from outside sources, had to ask each delegate to pay $2. That made a total of $300. Then the sponsors kicked in $50 of their own.

Interest swelled when President Eisenhower told the world Friday the United States might launch an artificial satellite in two years. But the conference funds didn't.

The scientists will do their talking on a budget totaling $350.

Free Fair Not Free

IONIA (AP) — The Ionia Free Fair, long termed the first in the nation to operate as a free admission event, is changing some of its policy for its annual run Aug. 8-13. Officials report an admission charge to the horse and tractor pulling contests. The charges, blamed on budget problems, are reported the first ones in the fair's 39-year history.

Poison Ivy Cure Proves Success

Dermatologist Solves Vaccine Effectiveness After Many Tests

PHILADELPHIA (AP) — The University of Pennsylvania has announced that tests on a new vaccine for the prevention of poison ivy have proven successful. Thousands of students and other volunteers submitted to a series of injections intended to desensitize them to the vine.

* * *

Dr. Donald M. Pillsbury, professor of dermatology at the university's medical school, said that in every case the new vaccine "reduced the individual's sensitivity to the plant. Many persons became completely immune.

Dr. Pillsbury, one of the nation's authorities on skin diseases, said "there is absolutely no question the vaccine will reduce sensitivity to poison ivy."

He said the vaccine was made from a chemical known as pentadecacatechol, a derivative of catechol. The chemicl occurs in the form of colorless crystals soluble in cold water. It has been used previously in ointments as an antiseptic.

* * *

The new vaccine is administered intramuscularly. About six injections were given each volunteer. Dr. Pillsbury said part of the work remaining to be done is to determine the minimum dosage that can be given to the individual to desensitize him.

Dr. Pillsbury said that "we do not know how long this desensitizing will last."

Beauty Queen Chosen

CADILLAC (AP) — Patricia Henwood, 19, of Cadillac, has been chosen queen of the city's Paul Bunyan Days celebration, Aug. 5-6. The new queen, a sophomore next fall at Central Michigan College, is a brown-eyed blonde. She will be crowned Thursday night in civic ceremonies at Lake Cadillac.

Dry land's northernmost airfield is Alert, the Canadian-U. S. weather station on northern Ellesmere Island. It is only 518 miles from the North Pole.

Scenic-Packed Saguenay River Cruise Delightful

By JOE HAAS
Pontiac Press Feature Writer

MURRAY BAY, Quebec — The Saguenay River cruise is the best that can be offered in the east, either in Canada or the United States.

No other water tour in that area has so much delightful scenery crowded into less than 100 miles. That is the distance covered by cruise ships between Tadoussac where it empties into the St. Lawrence, and Chicoutimi, to the northwest.

It runs a winding course, generally between the highest mountains in the east, but which would be called hills in the western part of either country.

It is so wide, from one-quarter to a full mile or more, that it resembles a strait, connecting Lake St. John in Upper Quebec, and the St. Lawrence. It has a very slow current throughout its length.

WORLD'S DEEPEST RIVER

The glacial age left the Saguenay the deepest river in the world, sometimes reaching 1,500 feet. In the entire distance of the ship's cruise it is not crossed by a bridge.

The high points of the cruise are the two capes, Eternity and Trinity, each rising some 1,500 feet above the water two vertical rocks.

The river's banks are almost devoid of human habitation, and all wild life is very scarce. No deer or other wild animals were seen on our cruise, nor do the natives make any claims about the fishing.

In its short course the Saguenay is a very small edition of the Inside Passage to Alaska; but lacks most of the splendor of that magnificent 1,400 miles.

It has no mountains with perpetual snow, no glaciers and their accompanying water falls, no icebergs, no large game—and its timber is largely of the scrub fir variety, and being worked very little.

An attempt is being made to put across some aluminum operations in the upper Saguenay stretches. But the best thing that can be said about the river is that it offers an excellent opportunity for a cruise ship to laze away two delightful days, laying in port at either end on the nights.

Speaking of cruise ships, they're quite alike, whether on river, lake or ocean. The food usually is good. They feed you too well. The meals are too close together, and the snacks between too early and too late. No wonder the chef often is the highest paid man on the boat.

BEWARE OF 'SPECIAL'

But beware of the "chef's special." Too often it is a clever way to unload something that has not had a good demand, and threatens to run him for a heavy loss before he reaches port. It often is akin to hash, but under an alias.

Service is the watchword, both in the dining room and throughout the ship. At this season, college students of both sexes predominate in this help, and the major part of their salary comes from tipping. They are schooled in a way to make you feel obligingly generous—and that generosity pays you dividends.

Early reservations are a first essential of any tour. If possible, make them months or even years in advance. The best way is to deal directly with the transportation companies.

Most of the conducted tour and travel agencies are OK, but you may bump into one trying to unload a bunch of lemons that nobody else wants and needs some high pressure salesmanship and truth stretching to revive them.

Too often these tours take their patrons principally where one is tempted to assume that somebody is getting an extra rake-off—with you on the goat's end.

BE FIRST IN LINE

In your table assignment you must remember that you are there for several days' meals, and might get terribly bored and fed up on the strangers you drew as partners. Try to be the first in line when the assignments are made, and get a table with only the number in your party.

You'll learn a lot of strange things by being a short talker and long listener. You'll soon find out who wants to be the life of the party—and probably will be the death of it.

Only today we heard a Montreal woman say that our Mississippi River isn't much of a stream where she first saw it at St. Paul and Minneapolis, "but at Chicago it widens out so you cannot see across it."

A little later we also learned that "there isn't anything on the American side at Niagara Falls," and "Canada has more large cities on the Great Lakes than the United States."

CRUISE GAMES

On a cruise there's always bingo and horse racing with dice, also shuffleboard and other deck games in the open—and poker and its allies in the shut.

Then there's the inevitable cruise program director and social director, either of whom can be a joy forever or perpetual pain in the neck, according to their own ability or what they have to work with.

And, of course, there's always that bunch, mostly females, who think the principal part of a cruise is to assume a prone and mostly undressed position in a deck chair, and gather sun tan—and flies.

MELON BY THE SEA — If pictures could bring temperatures down, this one should be worth at least 10 degrees of coolness. The shapely waterfront watermellon-eater is Adrienne Watkins of Daytona Beach, Fla.
United Press Photo

Experts Predict Glorious Future

Michigan in 2,000 A.D. Will Offer Automaton Living and High Wages

ANN ARBOR (AP)— Five experts drew a picture last night of Michigan in the year 2,000—only 45 years away.

The five, sitting as a panel at the University of Michigan, discussed predicted developments in engineering, natural resources, sociology and power.

Prof. Amos H. Hawley, chairman of the university's department of sociology, estimated that by the year 2,000 only 2 per cent of Michigan citizens would be farmers. He said 30 to 40 per cent would live in metropolitan cities such as Detroit, Flint and Grand Rapids. Furthermore, there would be 98 males to every 100 females.

Justin R. Whiting, chairman of the board of Consumers Power Co., presiding over the panel, predicted fully air conditioned, filtered and sterilized homes in the future.

ALL AUTOMATIC

Lights in the ceiling and wall will go on as you enter a room; telephones will let you see as well as hear; washing machines will operate on supersonic waves and color TV will look like a picture on the wall, Whiting said.

He also forecast that the work week would only be 30 hours and that the average income would be 2½ times what it is today.

Prof. Edward T. Vincent, who heads the university's mechanical and industrial engineering departments, said highway traffic will become almost automatic.

Cars will adjust themselves to highway speed rates and conditions; the helicopter will be used for commuter travel from suburbs to city and commuter trains will be vastly improved, he predicted.

Prof. Vincent added that ships will gain their only passenger travel from vacationers who have time to spare—and ship collisions will be a thing of the past as sea traffic will "see" with electronic equipment.

Airports will be located in the middle of cities, the professor said, "and automatic control equipment and navigation will take all the fun out of flying yourself as well as the major risks."

LEAVE FOR GRAYLING — Five Pontiac National Guardsmen, members of the 107 Ordnance Company and Company M, 125th Infantry, are shown as they left for Camp Grayling this morning. They are part of an advance party sent to the training site to prepare camp facilities for the main body of troops which will arrive in the Northern Michigan camp Saturday. Left to right are 107th members Cpl. Carl Glenn, Pvts. Jack Middy and Robert Casanova and 1st Lt. Karew, of Pontiac. Driving is S.F.C. Robert D. Terry, member of Company M, of Pontiac.
Pontiac Press Photo

Gobbledygook Words at Home in New Mexico

ALBUQUERQUE, N. M., (INS)— New Mexico Gov. John Simms has announced appointments of (take a deep breath): "The COMMISSION FOR Making Reciprocal Agreements and Extending the Privilege of Proportional Registration Relating to Operation of Motor Vehicles."

Some in the New Mexico state house are attempting to simplify the mouthful by calling it: TCFMRAAETPOPRRTOOMV.

As for the governor, he calls it: "The Commission."

Find New Sterilizer

SYDNEY, Australia, (INS) — Radioactive cobalt is to be used in experiments at New South Wales University of Technology to sterilize canned foods and to kill microorganisms which destroy canned food products.

Early Salk Tests Effective

WASHINGTON (AP)—According to the 1954 field trials, the Salk polio vaccine is about as good as that for whooping cough, a Public Health Service doctor said today.

It isn't quite as effective as smallpox vaccine and diphtheria toxoid.

But Dr. Joseph Bell, who made the comparisons, hastened to add that "this is the first polio vaccine and we can expect that an improved vaccine will eventually be developed."

Dr. Bell is chief epidemologist of the National Institutes of Health.

He made the comparisons on the basis of the report from last summer's field trials saying the Salk vaccine was 60 to 90 per cent effective in preventing paralytic polio.

He said it is still too early to draw any conclusions about the efficacy of the vaccine on the basis of its use during the present summer.

Furthermore, he said, it is not yet known how long whatever degree of protection is afforded by the polio vaccine will last beyond the first year.

Concerning other inoculations commonly given children, Dr. Bell said:

1. Smallpox vaccine: "I don't know of any case where, after a successful 'take' of smallpox vaccine, the vaccinated person has come down with the disease within the first year after vaccination.

"However, smallpox immunity wanes with time and varies with individuals. It is estimated that more than 50 per cent of people will have lost substantial protection by 5 to 10 years after the original vaccination, and therefore they should be revaccinated."

He declared, though, that "because of the adequacy of the vaccination program, very little smallpox occurs in this country."

2. Diphtheria toxoid: In general, he said, this material appears to afford protection to "well over 90 per cent" of children, at least for the first year following inoculation.

3. Whooping cough vaccine. The evidence is, he said, that this vaccine protects about 75 per cent of those inoculated with it, at least for the first year.

He said he knew of no instance where smallpox or whooping cough vaccines or diphtheria toxoid caused any one of those diseases in inoculated persons.

Surgeon General Leonard Scheele of the U.S. Public Health Service has said there was "strong presumptive evdence that there was a cause and effect relationship" between 56 cases of paralytic polio whch followed inoculation this year with vaccine made by the Cuter Laboratories, Berkley, Calif., and the use of two lots of that company's product released before April 27. A large number of other children were vaccinated with Cutter vaccine befor that time without developing polio.

An investigation of what is now referred to as the Cutter incident has been under way since April 27. A full report has been promised.

The Public Health service has reported a total of 132 paralytic cases and 87 nonparalytic cases among vaccinated children from mid-April through July 20.

The service said in a polio statistical summary July 28:

"No conclusions can be drawn from these case reports with respect to the efficacy of the vaccine. Complete information on the occurrence of poliomyelitis among vaccinated and unvaccinated children of comparable age is necessary for such an evaluation, and that information will not be available for some time.

"The 1954 field trial showed that the vaccine was (60 to 90 per cent) effective in preventing paralytic poliomyelitis. Some paralytic cases in vaccinated individuals can be expected, however, because the vaccine is not 100 per cent effective."

It is estimated that approximately 6½ million children have received the first of three shots required for complete vaccination with the polio vaccine.

Red Sergeant Asks for Political Asylum

SEOUL (AP) — A North Korean Communist military police sergeant crossed to the Allied side today and asked for political asylum, the U. S. 8th Army said.

The Army said Sgt. Yi Kyong Pin declared he wanted to come South after watching both his own Communist army and U. N. forces in the joint-demilitarized zone.

* * *

The statement reported Yi, a veteran of five years in the North Korean army, said he had been thinking of defecting since 1953. He said the "attitude and morale" of the U. N. troops he saw was an important factor.

The Army did not report where Yi had been taken.

Presumably he was being questioned by intelligence officers.

PRESSing Questions: What's Your Method of Beating the Heat?

When temperatures soar into the 90s, conversation leans heavily toward comments on the heat and what to do about it.

Suggestions on how to beat the heat range from sitting on a block of ice (uncomfortable) to vacationing in the arctic (too expensive).

Pontiac residents have their own solutions all of which are a little more down to earth.

ANDERSON MISS BRIM

Larry Anderson of 6579 Alden St. follows a plan recommended for Oakland County residents. He swims and sails.

Dee Brim of 493 Lakeside Dr. simply slips into a big red hammock securely anchored between shady trees in Elizabeth Lake Estates.

MISS O'BRIEN MRS. JOLLY

Julie O'Brien of 75 Hamilton St. also recommends getting out at the beach and in the water.

Mrs. Mary Jolly of 31 Delaware Dr. has a mental approach to the problem. She says just don't think about it. When asked how to accomplish this little feat she replied, "Keep busy, find something to occupy your time and the heat won't seem nearly as bad." She undoubtedly meant something not too strenuous.

MRS. CURTON SMITH

Mrs. W. S. Curton of 46 Omar St. said that she just sits in front of a fan or in the shade.

The answer that probably expresses the feeling of most people came from Don R. Smith of 4 Liberty St. He just takes the heat as it is and whenever possible heads for the lakes. "The heat is here, there's little I can do about it. I just grin and bear it."

Jamaica Offers Contest With 10 First Places

KINGSTON, Jamaica (AP)—This Caribbean island has come up with a beauty contest to please almost everyone. There will be 10 first-place winners.

Proud of its many racial strains, Jamaica feels that each should have its queen. "Miss apple blossom" will be the title given the queen of white-European descent. Winners in darker skinned groups will win such titles as Miss Ebony, Miss Golden Apple, Miss Sandalwood and Miss Lotus.

Public Housing Measure Heads List of Major Legislation in Final Session

WASHINGTON (AP)—Major legislation on which Congress completed action yesterday:

Housing — Ignoring last-minute White House objections to its form, the House completed action on an omnibus housing bill providing for 45,000 public housing units during the next year.

The public housing section was a compromise. The House had voted earlier to knock out all public housing and the Senate had approved a more liberal program than that carried in the compromise. Eisenhower had asked 70,000 units over a two-year period.

Polio — Congress authorized federal spending of 30 million dollars to help the states provide free Salk polio vaccine for needy children.

The program would run until next Feb. 15 and would allow free shots for some 20 million youngsters under 20 and expectant mothers.

* * *

Small Business — With little debate and by voice votes, both branches acted to extend for two years the life of the Small Business Administration. The bill increases the limit on loans to individual firms from $150,000 to $250,000.

Defense Production — A compromise bill to extend the Defense Production Act for one year was worked out in less than an hour by Senate-House conferees. The measure then quickly cleared both branches by voice votes.

Transit — A compromise bill aimed at ending Washington's 34-day bus and streetcar strike cleared both branches. It would enable District of Columbia commissioners to arrange for transit service during the next 12 months by the struck Capital Transit Co. or some other firm. The District would make up any financial losses during this period.

Congress Money — Congress quickly passed a compromise legislative appropriation bill that had been bogged down for several days by a squabble over pay raises for congressional employes.

In addition to pay increases, the bill provides for a 50 per cent boost in the stationery and postage allowances for senators and for a $5,000 increase in the clerical allowance for each House member.

Senate provisions permit one top salary of $14,800 for each committee staff, a second of $14,300 and four of $13,617. The House salary schedule contains a $14,800 ceiling for an unlimited number of committee staff members. Other pay boosts were voted for nonelective House employes and various Senate workers.

The bill provides 92 million dollars for Congress' operations during the current fiscal year.

LOOK-ALIKES — Confusion reigns these days at St. Joseph Mercy Hospital since the arrvial of Sister Mary William's three sisters who are visiting her at the hospital. Doctors and nurses are puzzled by their close resemblance. Looking over their family album are, standing, left to right: Sister Mary Alexander of St. Mary's School, Ackley, Iowa; Sister Maura of St. Andrew's High School, Saginaw, and Sister Kathleen Mary of Immaculate Heart of Mary High School, Detroit. Seated is Sister Mary William of St. Joseph's.
Pontiac Press Photo

FROM ORIENT VIA PARIS — Four French models show new coiffures inspired by Japanese fashions and set off by kimonos at the annual hair styling show in Paris.

Stinky a Real Stinker

JACKSONVILLE, Fla. (AP) — G. Z. Ellison's pet skunk Stinky was deodorized, but he bit people. Mrs. Ellison issued an ultimatum and Stinky's new home is the zoo.

'Bonanzagram'

Have Fun! Win $100!

"Bonanzagram" is an exciting new puzzle in which the Pontiac Press offers both fun and a $100 cash prize. BUT before you try your hand at "Bonanzagram" **be sure and read the rules** at the bottom of this page. Solution will appear in the Press Aug. 12.

CLAIM CHECK

Below is a duplicate of the "Bonanzagram" entry you send in to contest headquarters. It is ESSENTIAL that you fill it in and save it until the correct solution to "Bonanzagram" No 22 is published Friday, Aug. 12. Unless you do so, you will be unable to collect the prize if you should send in a winning solution. Check the rules below for further details.

Bonanzagram No. 22

Story Clues

Charles H. Ecker was president of General Conveyances, one of the Big Three manufacturers of special automotive vehicles. While vacationing in the White Mountains, he heard that Metropolitan Motors was developing a sensational new competitive design, and he promptly dispatched Bruce Mifflin, his trusted personal assistant, to Metropolitan's home city with instructions to get the lowdown on the new design at any cost. Mifflin, a husky young man not long out of Cambridge Tech, was both resourceful and enterprising, and soon had acquired some interesting information. He dictated a preliminary report by long distance phone to the office, but the connection was not a good one. The substitute secretary, when she had hung up, realized to her dismay that she had not gotten all the words. Knowing the importance of the matter, she sent the message along to C. H., explaining that this was all she could get. The president was able to piece it together from his knowledge of the details of Mifflin's mission. Can you, too, fill in the missing letters and complete the message?

__LIPPED THE GUARD __AST __IGHT AROUND BUILDING HAD LON__ LOOK AT PLAN__ MODEL FROM WHICH NEW S__ORT CA__ DESIGN WILL BE DEVELOPED __AMED S__YLIN__ BY RECENTLY HIRED STAFF EXPE__T TO STRESS HORIZONTAL LINES POWER PRO__I__ES NEW HIGH IN PICKUP __EIGHT A__ ALL TIME MINIMUM SPECIAL __E__AL USED FOR __EAR SH__FT __OLD COLORS ANOTHER __ELLING FEATURE CHANGE TO F__RMER SUSPENSION SYSTEM WILL BE WI__ELY ACCE__TED MORE __LASS THAN EVE__ ON CURRENT MODELS STRESS IS ON DRIVING SAFE__Y N__W EMPHASIS TO BE ON CONTROL AND RELA__ED ASPECTS OF DRIVING DESIGN SHOULD __ELL READILY AND SITUATION POINTS TO LI__ELY COMPETITION AHEAD

☐ Check here if you would like the Press delivered to your home!

How to Play 'Bonanzagram'

Solve the "Bonanzagram" by filling in all the missing letters, as indicated by the underscores, in the message. Insert only one letter above each underscore. Many clues to the missing letters are hidden in the story, or anecdote, accompanying the message itself, and, in a few cases, the contestant's general knowledge should provide the correct letter. The contestant will note that the message is unpunctuated. Punctuation will help solve the message but is not necessary to win.

All missing letters must be correctly inserted to win a Bonzagram prize. Punctuation will not be considered in judging a correct answer.

When properly filled in, the "Bonanzagram" will spell out a clear message that will conform in every way with the clues. In many cases it will seem that more than one word would be the correct one. That's part of the fun! You should weigh the clues and select the BEST possible word in each case.

How to Submit

1. After solution is completed, "Bonanzagram" should be clipped and pasted to a two-cent postcard with your name and address.

2. Entries will be received at the Pontiac Press office, 48 W. Huron St., until 5 p.m. Tuesday, Aug. 9. Mail entries must be postmarked before midnight Tuesday, Aug. 9 for Bonanzagram No. 22. Address "Bonanzagram, %, Pontiac Press, Pontiac, Mich.

3. Entries may be mailed in envelope but contestant's full name and number of puzzle must be printed in upper left corner of address side of envelope.

4. Copies of the Press need not be purchased to enter. Facsimiles made by hand and corresponding as closely as possible to the original "Bonanzagram" printed in the Press will be accepted but are limited one to a family. Mimeograph, duplicator or other unofficial mechanical reproduction is forbidden.

How to Collect the Prize

The entrant must work out and keep duplicate solution as a claim check. When the solution is published in the Press, he should compare his "claim check" with the published solution, and if his claim check is identical, he should call in person with his claim check at the Press office, 48 W. Huron St., before 5 p.m. on the Monday following publication of the solution.

If a winner cannot call at the Press office in person he should mail his solution to "Bonanzagram Editor." This letter must reach the Press not later than 5 p.m. the Monday after publication of the answer. Correct answers are void unless the contestant reports his claim by the deadlines listed here.

About Eligibility, Information, Etc.

1. Anyone is eligible for the "Bonanzagram" contest except employes of the Press and members of their immediate families. (Immediate family means all those living in an employe's household.)

2. No question as to winners will be answered by phone.

3. The Press will award a prize of $100 to the winner of each weekly Bonanzagram. If more than one winning answer is received, the prize will be divided equally among the winners. If no correct solution is received, the $100 will be added to the next week's prize. If the winner is a subscriber of record to the Press a $20 bonus will be added to the $100.

4. Only one winning entry from a family will be eligible for the prize, but there is no limit on number of entries.

5. The Press retains the right to correct typographical errors.

6. Judges' decision will be final and contestant's submission of entries indicates acceptance of these rules.

7. No liability is accepted for entries that fail to reach us.

8. The Press reserves the right to alter rules and/or discontinue the contest at its discretion.

Alaskan Air Pioneer—Friend of the Eskimo

By PHILLIS BATTELLE

YUKON VALLEY, Alaska (INS)—The people of Alaska, compared to the peoples of gentler and more convenient worlds are fearless. They get used to death easy.

Despite their treacherous terrain, their improbable weather, their endless miles of unpopulated mountains and tundra, they are the "flyingest" men on earth.

* * *

They have to be, of course. But they don't fly constantly, through snows and winds and trouble, because they have to. They love it.

Ask Sig Wien, one of the pioneer bush pilots, how many men have cracked up in "weather" since the first Alaskan plane took to the air from a log cabin city near here in 1914, and he'll close his eyes. Maybe his eyes are shut out of pain, or maybe he's just trying to concentrate, but when he opens them his voice is nonchalant:

"Who can possibly say?" he says. "You don't count up your failures. You count up your blessings."

Wien was a typical bush pilot when he came to Alaska from Minnesota in the 1930's. That is, if any Alaskan can ever be considered typical. He was still at home, packing his clothes and readying the monoplane for take-off, when he got word that his brother Ralph, who had preceded him to Alaska, had been killed. Cracked up trying to land at Kotzebue, on the Arctic Ocean.

Sig waited three days till the funeral was over, and then took off.

"More reason than ever to go then," he says. "They needed a replacement."

REPLACES KIN

He flew on wheels, with skis attached to his wings, and the route he followed was not by map or radio, because there were no maps, radios, weather reports or airport facilities to count on. Ask how he made it and Wien, a man of almost no words, says, "followed the telephone wires."

He landed in Nome, a snowbound Eskimo village, on skis, which he had put on his plane in exchange for wheels at Edmonton, Canada.

Almost from the moment he arrived — with his giant, farm-fed frame and his shy half-circle of a Scandinavian smile — he was beloved by the Eskimos. Now, 25, years later, they run his name together and make it sound like an Eskimo mating call: "Sigwien," they call him, and gather 'round his plane.

He is probably known to the most isolated, two-family settlements of the Arctic. When he is forced to crash-land, which frequently happens ("minor accidents," Wien says), he makes the desperation measure easy by coasting in as close as possible to a spot where he has observed a remote sod hut or an encampment of Eskimos on a hunt.

"Sig flies the Arctic," an admirer once said, "as precisely as a woman threads a needle." It is the way he has managed to become one of the few pioneer pilots hereabouts who is still alive.

Like most of the pilots, Wien not only loves to fly, but lives to be of service to the Eskimos, the "truly happy people of the world, who live off nature and therefore appreciate it."

ESKIMOS FRIEND

For them, he will do anything — free, unless they can afford to pay. He delivers food, mail and luxuries like needles, soap, cigarettes, to the trading posts.

He canvasses the tundra in winter and tells the natives where the Caribou are running or the Walrus are lazing, saving them hours of search. He shuttled his plane between Point Lay and Wainright, a snowy expanse of 90 miles, for years so that an Eskimo schoolteacher in Lay and an Eskimo store manager in Wainright could carry on a running chess game.

Sig is now the president of his own airline, a commercial Wien-Alaska) line that operates between Fairbanks and the Yukon Valley and the far Arctic Circle area. So he doesn't get around as much as he used to in the primitive days and he doesn't eat as much Walrus flipper an Kwak — frozen caribou. But he still gets yearnings to see his friends, the Eskimos, from time to time, and when an Alaskan gets a yearning he accomplishes it.

* * *

He sums up the rule of thumb among the pioneer pilots this way:

"If you were gonna keep out of trouble, you'd just have to sit on the ground. You can't have any fun or get anything done that way."

Disease Cases Showing Drop in Pontiac Area

Tremendous drops in cases of mumps, measles and chicken pox appeared in the communicable disease reports for last week, released Tuesday by Dr. John D. Monroe, Pontiac and Oakland County health director.

Mumps show the largest decrease, with only two cases reported in Oakland County this week, compared to 38 cases the previous week.

Chicken pox figures show a decrease of 18 cases, with a single case reported last week.

The three diseases continue at a nominal rate in Pontiac. No chicken pox was reported in the city last week.

Breakdown of both reports, along with comparative figures for the previous week and a year ago follows:

OAKLAND COUNTY	Last Week	Prev. Week	Year Ago
Chicken pox	1	19	4
Measles	8	38	3
Poliomyelitis	11	5	3
Scarlet fever	0	4	2
Tuberculosis (all forms)	2	8	5
Mumps	2	36	28
Rubella	1	0	0
Shegilla Dysentery	1	0	1

PONTIAC	Last Week	Prev. Week	Year Ago
Measles	6	1	4
Mumps	2	0	4
Poliomyelitis	1	0	1
Scarlet fever	1	3	1

Everyone Enjoys the Beauty of Summer Gardens

Pontiac Press Photos

Pictured in the midst of her all white midsummer garden at her West Lawrence street home is Miss Georgia Hoyt. Blooming were phlox, shasta daisies, both double and single, and petunias. White iris and delphinium blossomed earlier. "Princess Dresden" is Miss Hoyt's 10-year-old tiger cat.

Pontiac Press Photos

Examining their phlox for red spider and other mites are Penny (left) and Anthony Fruhauf, 11 and 13 year old sons of the Max H. Fruhaufs of Brookside drive, Bloomfield Hills. The boys have their own flower garden planted with perennials and annuals, such as peonies, petunias, balsam, delphinium, and several rose bushes bordered with English lavender. Their constant companion is Timmy, the family's golden retriever dog.

Bride-Elect to Be Feted at Showers

Mary P. Scolaro Plans August 27 Wedding

Aug. 27 is the wedding date chosen by Mary Pamela Scolaro and Michael Allan Ryan. The ceremony will be performed at St. Hugo of the Hills.

* * *

The bride-elect is the daughter of Mr. and Mrs. Joseph Raymond Scolaro Jr., of Walled Lake. The prospective bridegroom is the son of Mr. and Mrs. Willard James Ryan of Westacres.

Mary has asked Nancy Lewis of Birmingham to attend her as maid of honor, and other attendants will be Barbara Dill of Walled Lake and Mrs. Charles Schroeder of Detroit.

Mrs. James E. Bullock honored Mary at a recent linen shower in her Walnut Lake home and Mrs. Chester Chan entertained at a luncheon and miscellaneous shower at Oakland Hills Country Club Saturday.

PLAN SHOWERS

Janet Guoin and Joan Wiedenbeck will entertain Aug. 4 at a household shower in the Walled Lake home of Miss Guoin.

Miss Dill will be hostess at a personal shower honoring Mary on Aug. 11 and Mrs. James K. Lewis and her daughter, Nancy, will give a personal shower and luncheon on Aug. 13 at Oakland Hills Country Club.

When the Dwight P. Allens return to their Walnut Lake home following a vacation at Georgian Bay they will entertain at a breakfast honoring the bride-elect.

Fete Beth Krohn at Linen Shower

Bride-elect Beth Krohn was honored recently at a linen and kitchen shower at the home of Mrs. Walter Woods of Bamford drive.

Beth, daughter of Mr. and Mrs. Russell Krohn of Oxford will speak her vows to Jay Ruthenberg, son of Mrs. Julia Ruthenberg of Hamilton street at the Lake Orion Methodist Church on Sept. 17 at eight o'clock.

Attending the bride-elect as maid of honor will be Pat Bouchard. Mrs. Robert Joynt of Cadillac will act as bridesmaid and Darlen Bourque will be flower girl. Ring bearer will be Gary Wilson.

Co-hostesses for the shower were Pat Bouchard and Mrs. Jack Johnston.

Residents Return

Mr. and Mrs. Chester C. Brown of Wards Point drive have returned home after being called to Dayton, Ohio, at the death of Mr. Brown's father, J. C. Brown.

Mrs. Theodore O. Yntema of Franklin road enjoys the beauty and fragrance of her garden in the early morning hours. Planted at the end of the terrace, the small French formal garden is a rainbow of color. Especially beautiful are the pink and white phlox, cleome, rubrum lilies and the citrus yellow hyperion lilies now blooming.

Hoeing his "Rutgers" tomatoes two or three times a week keeps the weeds down and the ground porous, claims Walter J. Baumgartner of Silverside drive. He stakes his tomatoes and fertilizes his 42'x40' garden from his own compost pile. He is especially proud of the garden this year as it was started after the middle of May upon his return from Mexico. Mr. Baumgartner is a retired automotive engineer of General Motors Truck & Coach Division.

Will-O-Way Has Another Comedy Hit

Smooth Performers in 'His and Hers' Are Pleasing

By JANET ODELL

The play is "His and Hers." The fun is yours and ours. Will-O-Way has another hit, we'll wager to say. Opening last night, this quick modern comedy by Fay and Michael Kanin pleased its first audience.

Taking the leading roles are the California couple, Maggie O'Hara and Michael Keith. They turn out their usual smooth and polished performances. For the second time this summer Maggie is playing a character named Maggie.

Who can claim credit for having thought up the plot first? It's hard to say, especially when both writers were married to each other at the time. Divorced now, they come up with identical ideas for a play. The matter goes to court.

Joe Van Doninck, the popular disc jockey Joe Van, plays the part of the Judge in the court scene. He has not been seen on the Will-O-Way stage since he played in "Arsenic and Old Lace" four years ago.

Another newcomer is Tee-Ann Doughty who plays the part of Lydia. Most of her previous experience has been with theaters in Pennsylvania. She's a capable actress who is pleasing to watch.

We were delighted to read Bertha Forman's name on the list of players. After seeing her as the nurse in "The Man Who Came to Dinner," we hoped she would be cast in future plays. Her plodding around the stage as Avis, the housekeeper, is irresistibly funny. The only spontaneous applause of the evening came with her final exit.

Among the regulars in the supporting cast are Treesa Way Sikorski, Red Schaffer, Robert Bryson and Gerald M. Harrington.

Future audiences are invited to attend Will-O-Way in shorts if they so desire. The ushers last evening were dressed in them to beat the heat. Will-O-Way is air-conditioned, but any comfortable clothing is acceptable, and ties may be checked in the lobby.

Toastmistress Club Has Annual Party

Pontiac Toastmistress members were guests Tuesday evening of Mrs. P. Eugene Miller of Edgewood Park drive for their annual mid-summer party.

Although pleasure was the order of the day, extemporaneous speeches were given by Mrs. James Palmer, Mrs. Leon Windsor, Mrs. Evelyn Cole, Mrs. Ivan Wilcox, Mrs. Norman Sutherland and Lauretta Paul.

Members were invited to swim and play cards with prizes awarded Mrs. Milton Freet and Mrs. Ivan Wilcox for high score.

Dinner arrangements were handled by Mrs. Clayton Rule.

Bride-Elect Is Honored at Shower

Gail Putnam, bride-elect of Robert Squire, was feted Tuesday evening at a miscellaneous bridal shower given by two of her aunts, Ruth Render and Mrs. Guy R. Marsh. The party was held at the Marsh home in Farmington.

* * *

The bride-elect is the daughter of Mr. and Mrs. Carl E. Putnam of Grassland avenue, and Robert is the son of Mrs. Blanche Coggins of Voorheis road.

The couple will exchange nuptial vows Aug. 20 at Orchard Lake Presbyterian Church.

Guests invited to the shower were mothers of the bride-elect and prospective bridegroom, Mrs. Leo B. Render, Mrs. Warren Bachelor, Mrs. James L. Reid, Mrs. Harold Render, Ruth Ann Putnam and Mrs. Florence Simpson.

* * *

Others were Nancy Coggins, Marcella Coggins, Jeree Bachelor, Jerry Simpson, Nan Thomson, Mrs. Ernest Lendler, Sharon Ramsey, Ann Wright, Mrs. Roy Wright, Marlene West, Helen Hooper, Mrs. Hugh Ruggles, Mrs. Robert Collins and Mrs. Joan Stevens.

To wash a deep vase or jar, add bits of wrapping paper to the warm soapy water and shake well. Ammonia in the rinse water gives an extra sparkle.

Personal News of Local Interest

Charles W. Walton of Oneida road arrived today in LaHavre, France, for a two-month tour of the continent.

Mrs. Stanley D. Watson and son, Charles, of Ogemaw road, accompanied her father to Quebec from where he sailed last week.

* * *

Montreal, Quebec, and a tour of the New England States was enjoyed by Mrs. Hazel McGirr of Boston avenue and Mrs. Kathryn Quck of Sheridan street.

* * *

Mrs. Carl Clifford of North Telegraph road returned to her home Tuesday after a six week tour of the Far East. Among the places visited were Japan, Manila, Australia, the Fiji Islands and Hawaii.

* * *

Mr. and Mrs. Gerald LaPiner and daughters, Valerie and Sandra, have returned to their home on Oakleaf drive following a two weeks camping trip in the Keweenaw peninsula and the Porcupine mountains.

* * *

When Mr. and Mrs. H. G. Richardson of Mohawk road left on a month's motor tour of Nova Scotia and the Gaspe, they didn't have to pull down the shades, turn off the refrigerator and do so many of the chores that take the joy out of a vacation.

While they were away their home was happily occupied by apartment dwellers, Laura Hunter of West Huron street and Mary Burkman of Prall street.

* * *

Mr. and Mrs. Fred Coe entertained recently at their summer home on Lake Oakland. A surprise birthday party honoring Mrs. Howard Upton of Lake Orion was the occasion.

There are five pages in today's Women's Section

* * *

Judy Dickstein, daughter of Mr. and Mrs. Herman Dickstein of Chippewa road, is attending a board meeting of the National federation of Temple youth, at Lac La Belle, Oconomowac, Wis.

* * *

Mary Katherine Kent, daughter of Mr. and Mrs. Ralph Kent of West Rutgers street, left recently for Marion, Ind., where she will spend the remainder of the summer.

In September she will begin studies at Marion College. Before her departure for Indiana she was entertained at a farewell party given by her mother, and one given by Shirley Morse and Gloria Eberle.

* * *

Born to Mr. and Mrs. Robert Thompson (nee Judy Wolverton) of Walled Lake was a baby girl, July 31, at St. Joseph Mercy Hospital.

Grandparents are Mr. and Mrs. Leon Wolverton of Ivy street and Mrs. Joena North of Josephine street.

* * *

Mr. and Mrs. Bradley Martin (nee Barbara Tooker) of Boise, Idaho, formerly of Pontiac, are receiving congratulations on the birth of a daughter Barbara Lee, July 30.

Grandparents are Mr. and Mrs. Frank Martin of Goodrich and Mrs. Ruth Tooker of Saginaw.

* * *

Deborah Joan was the name chosen for a daughter born to Mr. and Mrs Charles Burn (nee Marion Leonard) of Eldridge street, on July 15, at St. Joseph Mercy Hospital.

Mr. and Mrs. John Leonard of Orchard Lake avenue and Mrs. Frank Dunston of Lake Orion are the baby's grandparents.

Girl's Fling Is Casual so Keep on Dating

By ELIZABETH WOODWARD

"Dear Miss Woodward: My girl friend and I have been going steady for nearly two years. Recently she went away to the lake with some friends for a couple of days, and while there she met this boy and went on a boat ride with him. She wrote me about him and said that she had lots of fun with him.

"Just for fun I asked her if she loved him. She said she loved me very much, and didn't know how she felt about him. She says she has tried to forget him but she can't. She even dreams about him.

"Should I just leave her alone until she figures out if she loves him or still wants to go steady with me? I'm worried! I love her!"

Answer: Then don't let a vacation boat ride become a serious issue between you! Stop talking and thinking about the incident. Meeting that boy was a pleasant holiday moment. But it was just a moment—balanced against the nearly two years that you two have gone together.

It's normal that your girl should meet other boys from time to time—find them interesting and attractive. But even she knows which side her bread is buttered on. She knows how few are the chances of seeing some of these casual acquaintances again.

Don't take it so seriously. Keep right on going steady with her. Be around so often and so pleasantly that you'll keep her mind off other things—and fill up her dreams yourself.

"Dear Miss Woodward: I'm going to start high school in the fall and I'm worried about my reputation. I have had a lot of boy friends, but it seems that I only like them for a couple of weeks and then I like someone else.

"Now people have started to talk about me. I've lost a lot of girl friends. Please help me do something to prevent getting the wrong sort of reputation."

Answer: It's not exactly a crime, you know, to be fickle. Some girls can't help it. They like in rapid succession every beautiful boy their eyes light on. Unfortunately, they don't have much time to get acquainted with any of them, because there's always another boy coming around the corner. And he's the new center of her attention.

In the fall you might try keeping your counsel. Don't let anybody find out where your affections stand. Hold yourself back from chasing after the boys. If you have a mad case, keep it to yourself. Then when it wears off you won't have to take it back publicly.

Make a big point of not being interested in your girl friends' beaux (one way to keep their friendship). Make an even bigger point of trying to get to know well one boy at a time. Concentrate, instead of scattering, your shots.

(Copyright, 1955, by United Feature Syndicate, Inc.)

Women's Club Sets Open House Meeting

Green Lake Womens' club will hold their regular meeting at the Green Lake Community house on Monday. This meeting will be a Friendship open house, from 2 until 4 p.m.

Reservations may be made with Mrs. Gordon Van Camp, Mrs. George De Lisle, Mrs. Ernest Meinzinger, Mrs. Paul Terry or Mrs. Willard Webster who are hostesses for the day.

Supper Party Fetes Mrs. James Mazza

Mrs. James Mazza of Madison street was honored Tuesday evening with a supper party held on the lawn of Mrs. Joseph Botan of Nebraska avenue. Assisting her were Mrs. John Contor, Mrs. Shevy Sturgeon and Mrs. James Serravelle.

The affair was also a pink and blue shower. About 75 guests were present.

MR. and MRS. RICHARD HOHM

Monte Kareene Badenhoop became the bride of Richard C. Hohm Saturday evening at St. Trinity Lutheran Church. She is the daughter of the Fred H. Badenhoops of Drayton Plains, and he is the son of the Adolph Hohms of Melrose avenue.

Monte Badenhoop Weds in Lutheran Church Rite

To reside in Pontiac following a Northern Michigan wedding trip are Mr. and Mrs. Richard C. Hohm. The bride is the former Monte Kareene Badenhoop, daughter of Mr. and Mrs. Fred H. Badenhoop of Drayton Plains.

* * *

The bridegroom is the son of Mr. and Mrs. Adolph Hohm of Melrose avenue.

St. Trinity Lutheran Church was the setting for the 6 p.m. ceremony performed by the Rev. Ralph C. Claus before 200 guests. The altar was decorated with arrangements of white gladioli.

A strapless ballerina length gown of lace was worn by the bride. The bodice was topped with a jacket featuring long pointed sleeves. The skirt was designed with three tiers of lace and net over bridal satin.

The bride's tiara of pearls and rhinestones held a finger tip veil of illusion and she carried a bouquet of white rosebuds.

WEARS CORAL NET

Shirley Wright attended the bride as maid of honor wearing a ballerina length gown of coral net. A stole was worn with the strapless bodice. Her bouquet was composed of white carnations.

* * *

Millie Davis and Marie Davis were bridesmaids wearing pink and aqua gowns, respectively. Their ballerina length gowns of net were fashioned with accordion pleats. Millie carried blue carnations and Marie carried pink carnations.

Sharon Badenhoop was her sister's junior bridesmaid wearing a pink ballerina length gown of net and carrying yellow carnations. Fritz Badenhoop, brother of the bride, was ring bearer.

Ronald Tatoo served as best man and seating the guests were James Hoppe, brother-in-law of the bridegroom, and Richard Powell.

A reception was held at Knights of Pythias Hall. The bride's mother wore an off-white dress of faille with black and white accessories and corsage of pink carnations.

* * *

A pink nylon dress with white accessories and a white carnation corsage was the choice of the bridegroom's mother.

The new Mrs. Hohm was dressed in a plaid dress fashioned with scoop neckline when she left on her wedding trip. She was wearing an orchid corsage, a gift of her aunt.

With a few of these knits in your suitcase, you can keep your wardrobe in step with your whirl of activities.

Fresh Corn Big Feature in Casserole

Mrs. Melvin Bonds' Meatless Dish Is Family Recipe

By JANET ODELL
Pontiac Press Food Editor

If you can put one dish in the oven, knowing that dinner plans are taken care of, it's a help in this hot weather. Should you own an electric roaster, your kitchen won't even heat up. Add salad and a cool dessert. In the wintertime you may substitute a can of whole kernel corn.

Mrs. Melvin T. Bonds sent us today's recipe. It's one her mother-in-law gave her, which means she can cook for her husband "like mother used to."

As mother of two school boys, Mrs. Bonds shares their interest in Scouting by acting as a Den mother. She is also a Sunday School teacher. In her leisure moments she enjoys embroidering and making rugs.

FRESH CORN CASSEROLE
By Mrs. Melvin T. Bonds

1 package (8 ounces) macaroni
¼ pound margarine
1½ to 2 cups fresh cooked corn
1 can (1 lb.) tomatoes
½ pound sharp cheese

Cook and drain macaroni. Cook corn and cut off the cob. Melt margarine in large kettle. Add macaroni, corn and tomatoes. Heat through slowly. Mix in cheese cut in small pieces. Place in large baking dish. Top with more cheese if desired. Bake at 325 degrees for 30-60 minutes.

Louise Lambert Exchanges Vows

Louise Deputy Lambert of Birmingham became the bride of Thomas R. Walton, also of Birmingham, this afternoon at two o'clock in the Congregational Church of Birmingham.

The bride is the daughter of Mr. and Mrs. L. B. Deputy of Waynesboro, Va., and Mrs. W. Walter Smith of Doris road is the mother of the bridegroom.

The Rev. Robert Dewey performed the ceremony. Mrs. Charles F. Dye Jr. of Birmingham was matron of honor and Robert W. Etter of Birmingham served as best man for his brother-in-law.

Sunset Club Plans Bob-lo Excursion

The Sunset club sponsored by the Department of Parks and Recreation met recently for a social afternoon at Oakland Park.

It was decided to take a trip to Bob-lo Aug. 11 for members only. For further information call Mrs. Bertha Luke on Middlebelt road or Mrs. Marian Disbrow of West Longfellow avenue.

Tailored Leather Items Make Smart Accessories

Once the 4th of July is past, a woman's fancy turns toward Fall—although she often needs some fill-ins for her summer wardrobe.

The new "transition" leather shoes and accessories—being featured in leading stores—are tailored to meet that dilemma. They look fine with the current dark summer cottons and silks — and they will look just as well with the new Fall clothes.

* * *

Accessories are playing a larger part than ever before in Summer wardrobes, and this will continue through autumn. Single elegance is the order of the day in apparel—and accessories accent the ensemble.

One important tip to keep in mind is that you can be dark and light at the same time. The colors are dark, and weights are light. In shoes, one of the most important leathers is suede. Pitch black suede silhouettes span every event from July's dark city cottons to October's first tweeds.

You'll find suede leather in seamless throatline sheaths, closed and cut low all around the foot and set upon high heels on flexible lightweight leather soles, with mid heels and tucked vamp halters, with closed heels and bared toes, in pleated fluid-line slings with mid or high heels.

DULL LUSTER

The new matte calf in closed pumps has a dull luster that is equally entrancing for Summer or Fall. It's light, cool, almost frosty—perfect in black, navy, or dark brown, the ideal leather to wear with the new shadowy silks and cottons of Summer or the jerseys and tweeds of Winter.

* * *

Textured leathers in calf and kid, sling-back pumps and sandals in reptiles and suedes, are a high point in Summer fashions that will continue into Fall and Winter. Woven leathers in the new darkened shades are equally popular in close-up shoes.

The color story starts with the brown family in all possible shades from parchment to coffee bean, and the tawny tones in between, so that matching or blended tones can be assured. Black is the headliner—especially in velvety suede and next in importance are the winey tones of port, sherry, muscatel or burgundy, the blue family in wedgewood and the green family in moss or avocado peel.

MARY LOU HUNT

Mr. and Mrs. Chester Hunt of Grove street, Keego Harbor, announce the engagement of his daughter, Mary Lou, to David A. North, son of Mr. and Mrs. Donald A. North of Oakland avenue. The couple will exchange vows Aug. 27.

Dress Up Coleslaw

Coleslaw can be given a party dress by combining finely shredded cabbage with drained fruit cocktail and minced parsley. A dressing of sour cream, oil, vinegar and celery seed may be added.

Coming Events

Huron Gardens Ladies Auxiliary FOE 2887 will meet tonight at 7:30 for application, initiation and picnic at the lodge hall on Highland road.

Sewing Circle of Welcome Rebekah Lodge 284 will hold a picnic Thursday at Elizabeth Lake. Members meet 11:30 at home of Mrs. Russell Hetzer of Motorway drive. All lodge members invited.

Part-Time Position Began as Favor

By ANNE HEYWOOD

Helen is a smart girl, with a good job in a big city. She loves children and intends some day to marry and have children of her own; but right now, she is a career girl with a five-day-a-week job and a limited budget.

* * *

"I kept wishing I could get some kind of extra work, to bring in a little money" she told me, "but I couldn't think of a thing. Also, I hated to give up my Saturdays.

"My sister lives in town, too, with her two kids, and I usually spent Saturday with them. Sis has a job during the week, while the kids are in school, so on Saturdays she always has housework and cooking to do.

HABIT PAYS

"I got in the habit of taking the kids for their dentist appointments, haircuts, shopping and trips to the museum and the zoo. I hated to give it up, but I did need extra income. Believe it or not, I am now killing two birds with one stone!

"Sis started it," she continued. "One day she said she couldn't let me continue doing the children's chores for nothing and insisted on paying me seventy-five cents per hour for the time I spent with them, usually from ten until five on Saturday.

Next thing I knew, one of her neighbors asked if I would take her child along. Since the little girl is an only child, it would be fun for her to have company on Saturdays. Her mother also pays seventy-five cents an hour.

"The long and short of it," Helen continued, "is that I now have six youngsters on Saturdays and make about thirty dollars. We all go together to the barber or the dentist, then we have a hamburger lunch and take in a museum or zoo. The kids love it and while they look like a handful, I adore kids and never have any trouble at all.

* * *

"It's a boon for the mothers and money in my pocket!"

If there's a favor you do for people regularly, and love doing, see if there isn't some way of providing that service for a moderate fee.

(Copyright 1955)

DR. HELEN DODSON

Sailing the seas today for England on the French liner "Liberte" is Dr. Helen Dodson of Lake Angelus road. She will attend the International Astronomical Union Symposium on Radio Astronomy at Jodrell Bank, as one of the representatives of the United States.

Slate Forum on Antiques in January

WILLIAMSBURG, Va.—The 1956 Williamsburg Antiques Forum will open January 23, and the tenth anniversary Williamsburg Garden Symposium on March 7, 1956, it has been announced by colonial Williamsburg, co-sponsor of the annual event.

* * *

The Antiques Forum will be scheduled in two five-day sessions, the first January 23-27, and the second January 30 through February 3. Illustrated talks by the country's leading experts will be given during the morning periods and the afternoons will be devoted to informal discussions, craft demonstrations and tours of the exhibition buildings of Colonial Williamsburg.

"Bringing Your Garden Up to Date" is the theme of the first three-day session, March 7-9, of the 1956 Williamsburg Garden Symposium, jointly sponsored wth "Flower Grower" Magazine.

The second session, March 12-14, will deal with "Your Changing Garden." Noted horticulturists will give the morning illustrated talks and during the afternoons registrans will attend garden clinics and tour the more than 70 acres of restored colonial gardens in Williamsburg and neighboring plantations.

Registrations are being accepted by Mrs. Cecil W. Cunningham, Registrar, Colonial Williamsburg, Williamsburg, Virginia.

Garbage Bags Age

If you buy those special coated garbage bags, don't buy them in quantity and do buy them from a stock that moves rapidly. When these fellows get old, they get brittle and will break as you try to fold them into the pail.

Astronomer Goes Abroad

Looking forward to the rest and relaxation of an ocean voyage before resuming her professional duties as an astronomer, Dr. Helen Dodson of the McMath-Hulbert Observatory sailed today on the French Liner "Liberte" for England.

Dr. Dodson is going to Cambridge, England, where she will be working for several weeks at the Cavendish Laboratory on a solar research project.

As one of the representatives of the United States, Dr. Dodson will attend the International Astronomical Union Symposium on Radio Astronomy. It will be held at Jodrell Bank, England, Aug. 25-27, in connection with the dedication of a new 250 foot radio telescope, the largest in the world. Dr. Dodson will speak on "Relations Between Optical Solar Features and Solar Radio Emission."

From Jodrell Bank, she will go to Dublin, Ireland, to attend the ninth meeting of the International Astronomical Union as a delegate from the McMath-Hulbert Observatory. Dr. Dodson is a member of Commission 11 of the Union, on the outer layers of the sun.

On Aug. 31, she will participate in a symposium on solar flares, and will present a film showing flare activity on the disk of the sun as recorded photographically at the local observatory. She will also report on the results of her most recent studies of solar flares.

Wear Date's Corsage to Office Job

It's Permissible to Enjoy Flowers to Utmost

By EMILY POST

A girl writes: "I went to a dance the other evening and the boy with whom I went sent me a very pretty corsage. It seemed a shame to let it dry up in the refrigerator so I wore it to the office the next day. I overheard several of the girls criticize me for this. I would like to know if wearing a corsage to business is in bad taste?"

Answer: I think it was a case of jealousy on the part of the other girls because there is certainly no objection to your enjoying your flowers to the utmost.

"Dear Mrs. Post: Recently I went to the funeral service of a man well-known in our city. The service was held in a funeral home. The immediate family stood at the chapel entrance and shook hands with each one who came to pay their respects. I was shocked by this and know that others felt the same as I. I would very much like your opinion of this behavior."

Answer: It was a very strange thing to do, but one should not criticize them because under those circumstances they are distraught.

"Dear Mrs. Post: I understand you say it is a compliment to send distant relatives and friends wedding invitations, both to church and reception, even though it's a foregone conclusion that they cannot be present.

"I'm still puzzled about this and reluctant to follow your advice for my daughter's wedding. I wonder how many people in this category will feel it is a compliment to be put in the position of having to send gifts?"

Answer: It has for generations been a fixed custom to send wedding inivitations to all relatives and intimate friends whether they live next door or across the globe. The receipt of an invitation does not add to anyone's actual obligation. In other words, relatives and friends who want to send gifts would do so in any case.

True love never runs smooth, but untrue love seems to run a lot rougher.

Buy Pastel Scarves

Five-and-ten bargains: Small silk scarves in wonderful pastels for spring. A bright assortment could give a wardrobe a shot in the arm for practically nothing.

Strict Discipline

Troubled with getting to sleep at night? Try this for a good long while. No matter when you got to sleep last night, hop out of bed the next day at the exact same time. Don't cheat. Bet you get to sleep early after a while of this.

Sickness and Accident Take Heavy Toll of Family Income

Omaha, Nebr. — Loss of wages because of sickness or accident works great hardship, even economic death, on the average family. But it is encouraging that so many American families are now turning to the sort of insurance that supplies ready cash to see them through such a period.

Can Save The Day

As valuable as hospital insurance is, it cannot provide money for food, rent, and other essentials needed by a family when its breadwinner is disabled. And, often the wage earner may be bedridden at home, in which case he's not eligible for hospital benefits.

At times like that, the cash benefits from an Income Replacement insurance plan can save the day.

Anyone Can Afford

Such plans were pioneered by Mutual of Omaha, and the company has developed a range of low-cost plans of Income Replacement.

Mutual of Omaha's goal has been to perfect these plans so that almost everyone can afford them. As a result, by investing a few dollars a month in a Mutual of Omaha Income Replacement plan, the wage earner can know he'll have cash benefits . . . money to live on . . . when he can't work because he's totally disabled by a covered accident or confining sickness. And these plans pay as long as he's so disabled, even for life.

$1,400.000 a Week

The important part health insurance plays in helping to pay the direct and indirect costs of sickness and accident is seen in the dollars paid out by Mutual of Omaha. Every week, it pays $1,400.000 in benefits. That money goes a long way in helping policyowners come through a period of covered disability without a heavy load of debts.

Free Information

Information on the low-cost Income Replacement insurance referred to is available locally through career-trained hometown representatives. The coupon below will bring you complete details without obligation.

1715 S. TELEGRAPH, PONTIAC, MICH. A

NUTRIFAX

Amazing complete balanced formula

Natural Base All-Organic

Provides 18 Vitamins Plus 11 Minerals in One Small tablet including B-12 the Blood Building Factor and Folic Acid

3 TO 20 TIMES ESTABLISHED MINIMUM DAILY VITAMIN NEEDS!

No two people are alike in their individual vitamin needs. That is why super-potent NUTRIFAX actually supplies as much as from 3 to 20 times the established minimum daily vitamin requirements. It helps make up for deficiencies and emergency requirements resulting from illnesses or unusual mental, nervous or physical activities. NUTRIFAX also helps compensate for vitamin loss caused by low calorie, weight control programs.

UNDUPLICATED FOR PRICE AND PROTECTION

Helps Vitamin Deficient People Feel Younger

NUTRIFAX, product of Wm. T. Thompson Co., one of America's great vitamin laboratories, is the result of years of scientific research. No other vitamin-mineral tablet duplicates the protection of NUTRIFAX at its low price. You might pay three times as much and get no more. Guard yourself against known vitamin-mineral deficiencies . . . take Nutrifax daily.

Six NUTRIFAX Tablets Daily Provides:

Beauty Clinic

By Edythe McCulloch

A STITCH IN TIME

What is this torrid weather doing to your hair? It is probably getting dry and wispy, and swimming doesn't help any.

There are a few things you can do to retard this drying out. Use a mild shampoo and a vinegar rinse. A good hair cream is a must. Use it generously and brush it in. You will be repaid in the fall for all you do now to retard the damage to your hair.

Remember the condition of your hair is just as important as the style. For the hair style is never lasting on damaged hair.

Perk-up Summer Meals with frozen Downyflake 1-minute WAFFLES

Margaret Lotan Weds Dale Brockman

Honeymooning for two weeks in California are Mr. and Mrs. Dale F. Brockman.

The bride is the former Margaret E. Lotan, daughter of Mr. and Mrs. William Lotan of Lounsbury avenue. Mrs. Ford Brockman of North Perry street and the late Mr. Brockman are parents of the bridegroom.

The Rev. Arvid Anderson performed the 7:30 p.m. ceremony Saturday at Christ Lutheran Church, before 150 guests. The altar was decorated with arrangements of white gladioli.

The bride wore a floor length gown fashioned with a lace bodice featuring scalloped neckline and long sleeves. The bouffant skirt was tulle. Her finger tip veil was secured by a pearl crown and she carried an arrangement of white roses with satin streamers.

WEARS PALE GREEN

Mrs. James E. Lotan of Big Rapids was matron of honor wearing a pale green ballerina length gown of nylon net over taffeta. She carried a colonial bouquet of yellow gladioli and rosebuds and wore a matching floral headpiece.

Other attendants were Mrs. Gerald Groves, sister of the bride, and Marilyn J. Hause. They wore pale blue and pink gowns, respectively. Mrs. Groves carried a colonial bouquet of rose colored gladioli and rosebuds, and Miss Hause carried a colonial bouquet of pink gladioli and rosebuds.

JoAnn McVicar wore a yellow taffeta gown for her flower girl duties and Gloria M. Lotan, also a flower girl, wore a lavendar taffeta gown. They carried bouquets of yellow gladioli and roses.

Wellend Glen Lotan, brother of the bride, served as best man. Seating the guests were James E. Lotan of Big Rapids and Larry Lotan, also brothers of the bride, and Gordon Brockman.

RECEPTION AT HOME

A reception was held at the Beverly street home of the bride's aunt, Mrs. Glenn Hause. Assisting with the reception was another aunt Mrs. Marvin McVicar.

The bride's mother wore a black and white dress with white accessories and a white carnation corsage. The bridegroom's mother also wore a black and white dress. Her accessories were black and she wore a corsage of pink carnations.

When the couple left on their wedding trip the new Mrs. Brockman was wearing a tan and rose print dress with matching duster. Her accessories were white and her corsage was of pink carnations.

The couple will make their home on Elizabeth Lake road.

Margaret E. Lotan, daughter of Mr. and Mrs. William Lotan of Lounsbury avenue, became the bride of Dale F. Brockman Saturday evening. He is the son of Mrs. Ford Brockman of North Perry street and the late Mr. Brockman.

MR. and MRS. DALE BROCKMAN

Former Resident Married in Ohio

Mrs. Myrtle Huddy of Largo, Fla., formerly of Pontiac, became the bride of Ralph Forster of Largo on July 16.

Members of the immediate families were present at the ceremony performed by the Rev. John L. Eakin of Kingsville Presbyterian Church, at the home of the bride's nephew and niece, Mr. and Mrs. Kenneth Burdick of Conneaut, Ohio.

Attending the couple were Mrs. Burdick and Ray Boyd, nephew of the bridegroom from West Springfield.

The couple will make their home in Largo.

Gardeners Require 2 Pairs of Gloves

A gardener of even the smallest scope needs at least two pairs of work gloves—one to wear and one to wash.

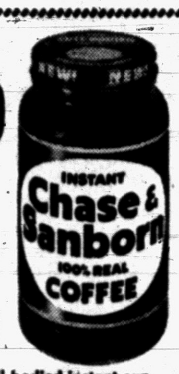

There's nothing quite as uncomfortable as having to stick your hands into gloves still clammy with wet mud or stiff and dusty from dried dirt.

Before sudsing, beat or shake out as much loose dirt as possible.

Aid for Tired Eyes

Eyes that tend to get tuckered out in warm weather can get some relief with an eye bath in the morning and sunglasses to wear in the blazing streets. Get a good pair.

Prison Escapee Will Not Return

Alabama Waives Right of Extradition Thereby Ending Apprehension

LOS ANGELES (AP) — Frank A. Beverley's nightmare is over. He no longer fears a tap on the shoulder and someone with a badge reminding him he really wasn't Frank A. Beverley at all.

He had been living under that name eight years — since the day in 1947 when he walked away from an Alabama State Penitentiary farm gang.

* * *

He wasn't Beverley then. He was Oscar Fred Twildahl and he'd served two years of a one to five-year sentence on conviction of embezzling $150.

"I had served two years for a crime I didn't commit," he said.

When Twildahl became Beverley he headed for California. He became what his neighbors termed a model citizen and he prospered. He married and the Beverleys had a son, now 6. They live in a $15,000 home.

Last July 8th came the tap on the shoulder. Beverley was arrested on the old fugitive warrant from Alabama. Only then his wife learned of her husband's past. She had met him on a blind date and they were wed three months later. She staunchly stood by him, saying, "He's been a wonderful husband and father."

Beverley found he had friends. Abe Spiegelman, operator of the restaurant chain for which Beverley worked as a manager, declared "I trusted him and I still trust him."

Spiegelman provided a bail bond and retained an attorney to represent Beverly. And he wrote letters of recommendation to Alabaman authorities describing the life the 45-year-old man had led since coming to California.

In the court of Municipal Judge Louis W. Kaufman a letter was presented fromthe Alabama Department of Corrections. It said that Gov. James Folsom had decided against seeking extradition.

Refuge Harbors of Great Value to Sailboaters

DETROIT (AP)—The Michigan Waterways Commission says the state's program of building refuge harbors around its coastline proved its value in the recent Port Huron-to-Mackinac Island sailboat race.

Charles W. Latimer, commission field representative, said 26 boats caught in a sudden storm made their way into recently completed refuge harbors without major damage or loss of life.

* * *

Nine of the craft moored at Harbor Beach, eight at Port Sanilac and one at East Tawas. The remaining disabled boats made it back to Port Huron.

"Without these harbors," Latimer said, "damage to the boats would have reached approximately a million dollars. They would have been forced to drive right onto the beaches, causing extensive boat damage and possible loss of life."

Okinawans, with United States help, have built 17 large dams since World War II, says the National Geographic Society. Nakahodo Dam's 11,500,000-gallon capacity enables nearby farmers to triple their cultivated acreage and boost their rice yield five fold.

LENDING ENCOURAGEMENT — An accident like this one in Los Angeles, Calif., could raise anyone's blood pressure, which is why the sign on a nearby bench is so appropriate. "For Peace of Mind, Have Cheerfulness," it reads. And cheerfulness is just what 63-year-old Mrs. Angela Tanny needed after driving her car up this telephone pole guy wire. She accidentally touched the gas pedal instead of the brakes while making a turn.

Lake Orion School Bond Issue Given State Approval

Pontiac Press Photo

TRIPLE-WINNER — Longhaven Winterthur Lady, shown above with her owner, Janet Long of Milford, collected three honors at the Black and White show held recently by the Oakland County Holstein Breeders Assn. The seven-year-old cow first was chosen in the showmanship class, and later named senior and grand champion cow. Some 54 entries were displayed and judged at the annual affair.

Way Cleared for $750,000 Sale

Attorney General Rules Election Ballots Legal; Building Not Delayed

LANSING (AP)—The State Municipal Finance Commission today approved eight school bond issues which had been questioned on legal grounds.

Included is a $750,000 bond issue for a new Lake Orion high school.

Five of the issues had been delayed for up to two weeks and three others were freshly presented.

The attorney general's staff, answering questions raised by Atty. Gen. Thomas M. Kavanagh, held that the bond issues were legal even though the ballots on which they were presented to the voters failed to specify that the bonds were for an unlimited amount of millage for 25 to 30 years.

The bonds were voted under a constitutional amendment approved by the voters last April. It suspended the 15 mill tax limitation to permit schools to quality for a 100 million dollar state school construction loan fund.

The attorney general's staff held that since the people approved the constitutional amendment they could be presumed to know that future bond issues were for unlimted tax increases.

Superintendent of Schools Arlie Reed said today that the delayed approval by the Municipal Finance Commission had not held up progress on the building.

"The plans weren't complete yet, so the architects just keep working—it didn't hold us back," he said.

Plans are now nearing completion, and we hope to submit them to contractors for bids around Sept. 1 he added.

Reed said that the routine procedures for selling the bonds would now be started.

BEVERLY RUSS

A September wedding is planned for Beverly Russ and Ray Love. The bride elect is the daughter of Mr. and Mrs. Clifford H. Russ of Auburn Heights, and her fiance is the son of Mrs. Elsie Love and the late Homer Love, also of Auburn Heights.

3 Families Gather for Annual Reunions

Three reunions were held in Pontiac area communities last weekend.

At Marlette, 30 members of the Hager family met for their annual picnic and wiener roast Saturday afternoon at the home of Mr. and Mrs. Carl Hager. Among those present was Miss Beulah Hager, home on furlough from the Dominican Republic where she has spent four years as a missionary.

The annual Hoard reunion was held in Oakwood Sunday at the OES Hall, with some 40 present. Mahon Hoard of Milford was re-elected president.

At Thomas, the Tripto-Schalau reunion was held Sunday, with about 40 in attendance. The group met at the Thomas Community Hall.

Infectious to Humans

County Calls for Cattle Tests to Wipe Out Bang's Disease

The Oakland County Board of Supervisors learned yesterday that brucellosis (Bang's disease) has been found among cattle in the county.

The board passed a resolution authorizing the State Department of Agriculture to conduct county-wide tests for brucellosis in local herds.

Dr. George L. Whitehead, of the Agriculture Department, explained the program, which will start in the near future.

All breeding cattle will be tested for the infectious and communicable disease which can spread to humans from the livestock. The disease in humans is commonly called undulent fever.

Animals found to be infected will be isolated or disposed of. All cattle in herds with a diseased member will be quarantined under state law until the disease is cleared up.

Owners of herds where the infection is found may select one of two plans to eliminate it.

1. Immediate slaughter of all diseased animals, with retests conducted at 30 to 60 day intervals until two consecutive completely negative tests of the entire herd are obtained. If the owner follows certain regulations he will be paid an indemnity.

2. Hold off slaughter of infected cattle for a period not to exceed three years.

Principal danger to humans comes from contact with the diseased animals, said Whitehead. Pasteurization of milk practically eliminates any chance it will spread through milk consumption, he explained.

Hearings Slated by Senate Group

House Approved Bill for 90 Per Cent Parity Could Be Enacted

WASHINGTON (INS)—Republicans and Democrats alike agree that the big fight over farm price supports will come early next year in time to supply plenty of ammunition for the 1956 presidential campaign.

Congress is set to get out of town momentarily without the Senate having taken any action on price support legislation. The House passed a bill to restore flat 90 per cent of parity supports on basic crops and the Senate could act on this measure when the new session convenes in January.

Meanwhile, however, the Senate Agriculture Committee plans to hold extensive hearings in many parts of the country during the congressional recess and may come up with some legislative ideas of its own.

Almost the final word on flexible versus rigid supports was said in a recent debate between Sens. Russell Long (D-La), and Thomas Kuchel (R-Calif).

Kuchel said: "I think the big farm fight will come along next year when the question will be, should the Eisenhower flexible price support law be continued, or should it be abolished, and should we return to 90 per cent rigid parity? I am a firm believer in the Eisenhower program."

To which Long replied: "You are not going to get many farm votes when they see what that program really means, because that is a flexible program and it doesn't flex any way but down, so far as we can determine."

Many side issues are involved in the debate.

First, there is the matter of increasing the Commodity Credit Corporation's borrowing authority for price support purposes from 10 billion to 12 billion dollars. The tremendous inflow of cotton and other crops into CCC hands is expected to eat up what remains of the agency's present lending authority within a few months.

Secondly, Democrats continue to hammer away at the administration's failure to carry out an aggressive sales program in the attempt to sell a goodly portion of the existing surpluses in oversear markets.

Some claim that CCC would not have needed more lending authority if such a program had been in operation this year.

On that score, Kuchel said: "To the extent that we dispose of accumulated farm surpluses, I am for it. . .I do not believe that the 90 per cent rigid support guarantee legislation that we had under the Democratic administrations, should be reenacted, now."

Long's answer was that not a single month under the Eisenhower administration has been as good as the worst month under the Democrats in any year since 1941, as far as farmers are concerned.

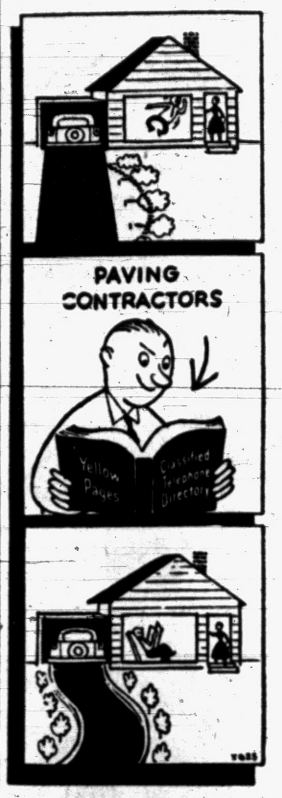

He added: "Farm mortgages are up, farm debts are up, farm assets are down, farm prices are down, farm income is down, no matter how you look at it. And all that is in violation of the pledge that the party made when Dwight D. Eisenhower ran for president."

Marlette Family to Host Student for Youth Talks

MARLETTE — The Floyd Dale family will play a role in the International Farm Youth Exchange program, which will hold its national conference at Michigan State University Thursday through Sunday.

The Dales will be host to Euchii Kuge of Japan for three weeks.

Theme of the program is that by living with rural families, a mutual understanding is created, building a stronger foundation for goodwill and peace.

Announce Betrothal of Royal Oak Girl

ROYAL OAK — Mrs. Charles Boyle, 975 Rankin, announces the engagement of her daughter, Thelma Vivian, to Edward Yaylaian, son of Mrs. Nichan Yaylaian of Havana, Cuba.

An Aug. 16 wedding is planned.

Huron-Clinton Authority Selling Milford Acreage

MILFORD — Sealed bids were opened yesterday for the sale of 131 acres of land within the village of Milford, owned by the Huron - Clinton Metropolitan Authority.

Twelve bids were submited, and the Compass Realty of Detroit was high bidder, with $106,000. Irving S. Cane is president of the firm.

The L. H. Strafford Co. of Detroit was second high, with $100,000 bid.

The Huron - Clinton Authority specified in the sale that the buyer must conform to the zoning ordinances of the village. At present the entire tract is zoned for residential development.

Two restrictions added later provided that no amusement park could be constructed on the property, and also forbidden was the sale of liquor by the glass.

The tract of land includes property along the General Motors Road, and east of the South Milford Road.

Dixon Answers Impel Scrutiny

Senate Investigators Weigh Perjury Hints in Given Testimony

WASHINGTON, (AP) — Edgar H. Dixon, focal point of charges and denials that his testimony warrants Justice Department scrutiny for possible perjury, was recalled today by senators investigating the Dixon-Yates power contract.

* * *

At the heart of the dispute is a contention by Sen. Kefauver (D-Tenn) that Adolphe H. Wenzell served a dual, conflicting role as a Budget Bureau consultant on Dixon-Yates and as vice president of First Boston Corp., which later became one of the Dixon-Yates financial agents.

Former Budget Director Joseph M. Dodge testified yesterday that he once suggested Wenzell get out of the Budget Bureau if there was a possibility that First Boston might take part in financing the project which ultimately became Dixon-Yates.

* * *

Dodge was budget director at the start of the Dixon-Yates negotiations. He now is a special assistant to President Eisenhower and has been told by the President to give the entire Dixon-Yates story as he knows it.

The Dixon-Yates contract was with the Atomic Energy Commission. It called for erection of a power plant at West Memphis, Ark., to feed electricity into the Tennessee Valley Authority system to relieve the drain of AEC power requirements from TVA.

Eisenhower ordered the contract canceled after the city of Memphis, a TVA customer, decided to build its own power plant.

Dixon and Eugene A. Yates had formed a partnership to build the West Memphis plant. Yates has not been called for questioning.

Dodge told the subcommittee Wenzell had no part in Budget Bureau policy decisions that led to the Dixon-Yates contract.

Dixon said he did rely on advice Wenzell got for him on two occasions "but he was not important to me and my company in relation to this situation."

* * *

It never occurred to him, he said, that there might be a conflict of interest in Wenzell's relations with the Budget Bureau and First Boston, but the thought did go through his mind that "someone might claim there was."

Dodge said Wenzell left the Budget Bureau April 10, 1954 and the proposal that formed the basis of Dixon-Yates contract negotiation was submitted after that.

Soviets Inspect Grain Elevator in South Dakota

ABERDEEN, S.D. (AP) — Eleven members of the visiting delegation of Soviet agricultural officials set out today to look at South Dakota's largest single grain storage unit.

The cooperatively owned South Dakota Wheat Growers Assn. terminal elevator here, the first item on the Russian's program for the day, has a capacity of over a half million bushels. In the afternoon the guests were scheduled to visit the nearby Lincoln Ranch, owned by Frank McHugh. This enterprise has 2,400 acres.

* * *

The Russians, minus their leader Vladimir Matskevich, who was in Washington to work out arrangements for a Canadian tour, got their first extensive look at American wheat growing yesterday. Their tour of South Dakota carried them over nearly 250 miles of the state.

They saw the Corn Palace at Mitchell, had lunch at Redfield and then saw two wheat farms near Redfield and a third farm near Mellette before arriving hot an weary at ther hotel in Aberdeen late in the evening.

Lake Area Barbers Receive Charter

Barbers of the Lake area have been chartered by the State Barbers Assn., to be known as the "Inter-Lake Barbers Assn. Local 40."

Fred Riechle of Pontiac Lake has been elected president, with Cal Calvert of Walled Lake as vice president, Martin Wilton of Union Lake as secretary-treasurer. Other officials are Thomas Burke of Walled Lake and Henry Kvechle of Oxbow Lake.

Twenty-six area barbers attended the recent organizational meeting in Walled Lake.

Commerce OES Group Slates Luncheon Party

COMMERCE — The Elizabeth Paddock Past Matron's Club of Commerce OES will hold its annual luncheon and card party Tuesday at the Commerce Masonic Temple.

A buffet luncheon will be served, beginning at 12:30 p.m.

W. D. Greene Honored

HADLEY — Forty-four children, grandchildren and great-grandchildren gathered at the home of Mrs. Bernice Tunison recently to celebrate the 84th birthday of W. D. Greene.

County Deaths

William K. Schmidt

DRAYTON PLAINS — Service for William Karl Schmidt, 64, of 4220 Farner St., will be held at 1 p.m. Friday at the Coats Funeral Home, with burial in Ottawa Park Cemetery. He died Tuesday.

Surviving are his widow, Henny, a son William John Schmidt, of Clarkston, and three grandchildren.

County Births

Four Towns

Mr. and Mrs. Richard Aird, 1611 Weymouth, are the parents of a daughter, Bonnie Jean.

Blaze Destroys Plans for Home

Romeo Family's Trailer, Lumber for New House Go Up in Smoke

ROMEO — The dreams of a new home literally went up in smoke yesterday when a pile of new lumber belonging to Edward Miotke, 60660 Eyster Rd., Mt. Vernon, was reduced to ashes.

Miotke and his wife planned to start the footing for their new house next week, but they did not reckon with a careless smoker whose match ignited the dry grass in their front yard, Miotke said.

By the time the young couple discovered the blazing grass, it was out of control. It was too late to save the housetrailer in which they were living. Its entire contents burned along with the new lumber.

The Miotkes had no insurance.

The Romeo and Washington Fire Departments were summoned, but arrived too late to help.

The couple has two children, Ronny, 6, and Carol, 3. Miotke says he still hopes to build despite yesterday's serious setback.

Garden Club Planning Brunch Tomorrow

WATERFORD TOWNSHIP — An 11 a. m. brunch tomorrow will begin the meetings of the Waterford branch of the National Farm and Garden Club.

The program will be an open forum on gardening problems, and members will display unusual garden specimens. The meeting will be held at the home of Mrs. Gil Every, 355 Dorothy Lane.

Four Towns Church Dinner Set Saturday

FOUR TOWNS—The Four Towns Methodist Church will hold a Swiss steak dinner starting at 5:30 p.m. Saturday in the church basement. A bake sale will be held in conjunction with the dinner.

Mrs. Leslie Talaba and Mrs. E. G. Patten are chairmen for the affair, which is open to the general public.

Doctor in New Quarters

ROCHESTER — Dr. John S. Terry has opened offices at 203 Walnut St. He was formerly located at 117 West Fourth St.

Subdivision Is Named

MARLETTE — Marlette Height is the name of the new subdivision to be opened on M53 north of the village. Fifty lots varying from one-third of an acre to a full acre are included in the project.

Chinese Steel Increases

TOKYO (AP)—Peiping radio says Red China in 1954 produced 2,220,000 tons of steel, compared with a peak production of 900,000 tons in 1943 before the Communists took over. A broadcast said the report was made by Hsueh Muchiao, identified only as a noted Chinese economist.

WINS HIGH HONOR — Waterford Township High School music teacher Doralene McNelly has been named winner of one of the highest honors possible at the National Music Camp, at Interlochen. She is among nine concerto audition winners who will perform as soloists at the camp's annual concerto program August 13. For her audition, Miss McNelly sang the ballatella from Leoncavello's "Pagliacci." The soprano is attending the camp for the first time this year. She is a Pontiac resident, living at 224 North Saginaw.

Gayle J. Griffin Becomes Bride of Auburn Man

AUBURN HEIGHTS — In a double ring ceremony at the First Presbyterian Church in Sault Ste. Marie recently, Gayle J. Griffin and James A. Featherstone were united in marriage.

The Rev. Richard Nelson officiated at the afternoon rites.

The bride is the daughter of Mr. and Mrs. Michael Griffin of Barbeau. Mr. and Mrs. Charles Featherstone of Auburn Heights are the parents of the bridegroom.

Gayle wore a gown of imported rose pointe lace and nylon tulle over satin, with fitted bodice and bouffant floor-length skirt. A shell-shaped cap of lace and satin secured her fingertip veil, and she carried a shower bouquet of stephanotis, carnations and a white orchid.

Linda Esson was the maid of honor and Reaona Atkins and Shirley Wilson served as bridesmaids. Peggy Ann Liddell was the flower girl and Rodney Liddell was ringbearer.

Best man was Charles Cooper of Pontiac, and Jerry Snider of Lansing and Marlon Baggett of Camp Lucas were the ushers.

A reception was held in the church parlors. Following a wedding trip, the newlyweds are making their home at Doc's Trailer Court, Sault Ste. Marie.

Fire Damages Home as Family Vacations

WATERFORD TOWNSHIP—While the John Deaton family were on their vacation, fire struck their unoccupied home at 1175 Oregon St. early this morning, causing an estimated $3,000 to $4,000 damage.

A neighbor, Dale McIntyre of 1157 Oregon, observed the blaze about 1 a.m. and called the Waterford Township Fire Department.

Fire Chief Ed Smith said the fire started in the kitchen of the ranch-type frame home. He indicated that defective wiring to the water pump may have been the cause.

Dies Fighting Barn Fire

HARBOR SPRINGS (AP)—George Washburn, 72, suffered a fatal heart attack Tuesday while helping a neighbor fight a barn fire six miles north of Harbor Springs. The fire destroyed the barn on the farm of Mrs. Marion Cupps.

County Calendar

Four Towns

The Four Towns Squares will meet at 8 p.m. Friday at Bob Longs Club in the Elizabeth Lake Estates Clubhouse. A swimming party at the home of Mr. and Mrs. Cecil Ries, 7797 Locklin, is planned after the meeting.

Circle 4 of the Four Towns Methodist Church will meet Wednesday at the home of Mrs. Harry Garrelson on Bayview street. Circles of the Elizabeth Russell Guild of the church are to be named after Biblical girls.

SUDDENLY I COULDN'T RAISE MY ARM

"WHEN ARTHRITIS STRUCK, IT FRANKLY SCARED THE TAR OUT OF ME . . . O-JIB-WA BITTERS FIXED ME UP THOUGH."

"I'm more than glad to tell everyone about my experience with arthritis, and how I was fortunate enough to discover the merits of O-JIB-WA BITTERS, in time to prevent a lot of needless suffering. I had arthritis for about five years, but quite mild. I know now that I should not have neglected the danger signals, but at the time, it didn't bother me too much, so I just let it go. Then, two years ago, I went ice fishing and had to walk quite a ways out to the ice hole, carrying the minnow bucket. Well, when I got out there, and set the bucket down, something happened that just scared the tar out of me. I couldn't raise my right arm. My elbow and the right side of my neck were also stiff and ached with pain, and my knees hurt when I walked. I'm a millwright in the factory, and do an awful lot of walking, so you can see, I was in a pretty bad way. When arthritis strikes, then you want to do something for it right away ,and so I took shots which relieved the pain a little, but it was still bad, and I wasn't getting any better. I read another testimonial for O-JIB-WA BITTERS in our paper, and wondered if it would possibly help me. I gave it a pretty religious trial, and was rewarded, as in three weeks, I began to notice an improvement. I could walk good again, and before very long, my arms and neck were all better, and I could get around swell again without any pain whatsoever. I was formerly bothered with a sour stomach, but O-JIB-WA straightened that out too. I have recommended this wonderful medicine to many people, and I know that lots of them have taken it, and received the same amazing results that I did."

Schweitzer Says Report of Eye Failure Is Untrue

BORDEAUX, France (AP) — Dr. Albert Schweitzer has returned to France from his jungle hospital and told reporters he could not understand how reports that his eyesight was failing got started.

* * *

The 80-year-old organist, philosopher, physician and Nobel Peace Prize winner for 1952 said he planned to spend the summer at his home in the Alsation region of eastern France. He said he plans to return to his hospital at Lambarene in French Equatorial Africa in the fall.

Reports were circulated several weeks ago, based on a letter from Dr. Schweitzer to a relative in Alsace, that failing eyesight had forced him to restrict some of his activities.

Today he said:

"I don't understand how anyone could have written such things. It is true that I must husband my eyesight, because I read a great deal. But the day when I would need glasses has not yet arrived. Moreover, it is not my health that counts but that of others."

The oldest form of Germanic writing is called runes.

Hal Boyle Says:

A Good Singing Voice Is a God-Given Gift

By HAL BOYLE

NEW YORK (AP) — America's widest bosom doesn't belong to either Jane Russell or Marilyn Monroe.

Leonard Warren, acknowledged by a number of critics to be the world's present best dramatic baritone, says he is six feet tall, keeps his weight around 200 pounds — and has a 52-inch chest.

Well, ladies, may we go on from there?

In the fine art of operatic singing top dramatic sopranos, baritones, and the gents who can dig a deep base share a small but endless competitive world.

The voice . . . The voice . . . It is everything. It is a power in itself, a power above the temptations of self - indulgence, even above the wistful wish for money.

At least so says Warren, who says gimmicks are helpful, but he has no gimmicks as a singer.

"No one gives a voice but God," he said. "All that can be done then is to assist it.

"You must have the humility and the intelligence to use it. After all, why didn't my sister or brother have this same gift? There had never been another singer in the family."

If this talking about his talent seems mildly egotistical, on Warren's part it is justified. Confidence in himself as well as his vocal cords is a key part of his makeup, as it is with all great singers.

They must feel a power over the audience to control it.

Warren, a Bronx-born boy without Italian blood who has been accepted and saluted by the tough audiences of La Scala in Milan as the top man in his field, is also comforted by the recognition he has achieved as the leading baritone of the New York Metropolitan Opera.

"This is where I was born — This is where I live," he said, "even to step upon the boards of the Metropolitan Opera. . . It is a tradition. . . A feeling."

Warren ducked out of his dad's wholesale fur trade, worked in a filling station, then sang in the Radio City Music Hall for three years before winning a Metropolitan audition over 700 contestants.

He has a repertoire of 26 operatic roles, learned a number of them very swiftly in the heat-push toward success, now says it takes a full year to learn a new role well.

"You assume the music," he said. "But to knot the role . . . to feel it is you . . . and you are it . . . well, that is the problem.

"After singing it a hundred times you begin to understand the role and feel it fits you and you fit it."

The title role of "Rigoletto" is pretty much his by popular default. He has sung it more than 100 times — on at least three continents.

How does a major operatic star live? Seriously.

"I have to live very simply," said Warren. "I do nothing to excess. Not in food or liquor. I don't smoke. Some do. I don't.

"An artist cannot afford excess. I don't take physical exercise. . . although I do like to walk. I go to bed early.

"No, I don't practice singing . . . But about once a week I go to my old singing teacher for an hour whenever I can. . . It is a kind of psychological checkup.

* * *

"Money? The greatest enemies of an operatic singer are the common cold and the income tax. I first sang for $35 a week. Now if I earn $1,000 I can keep for myself $1.98 — and if someone with a cold breathes in my face I have to worry about catching the cold. Deductions? I cannot even deduct the cost of my singing lessons.

"Discipline? That is the whole thing in the music business. What am I afraid of? Only that I won't be worthy of this gift I was given. It has a responsibility."

Then I asked Warren what he thought was the most important thing in the world.

"To be tranquil with yourself an God," he said.

Bela Lugosi Improved

NORWALK, Calif. (AP)—Doctors say Bela Lugosi has improved "remarkably" under treatment for a drug addiction and will leave Metropolitan State Hospital Friday. The 67-year-old actor, noted for his menacing film roles, admitted himself for treatment three months ago.

City Libraries Add Dozen New Books

A dozen new books were added to the shelves of the Pontiac City Libraries this week, according to Librarian Adah Shelly? Included are six books of adult non-fiction and an equal number of adult fiction works.

The new selections:

Adult Fiction

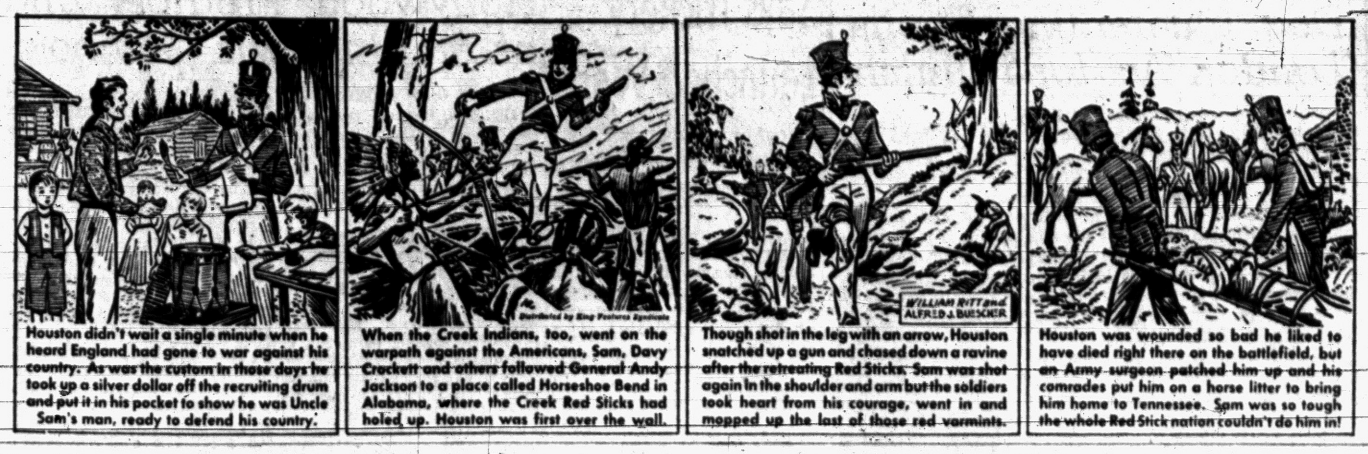

The Border Jumpers, W. C. Brown
Eleanor the Queen, N. R. Lofts
The Judge and His Hangman, Friedrich Durrenmatt
Showdown Creek, Lucas Todd
A Tale for Midnight, Frederic Prokosch
The Thunder Stone, Sylvia Cooper

Adult Non-Fiction

Are Fishermen People? E. G. Zern
The Complete Book of Annuals, F. F. Rockwell
Grandfather Stories, S. H. Adams
No Flies in China, G. S. Gale
Under One Roof, E. P. Wilson
Underwater Sport, Albert VanderKogel

IN THE DAYS OF DAVY CROCKETT

Told by an Old Scout

Houston didn't wait a single minute when he heard England had gone to war against his country. As was the custom in those days he took up a silver dollar off the recruiting drum and put it in his pocket to show he was Uncle Sam's man, ready to defend his country.

When the Creek Indians, too, went on the warpath against the Americans, Sam, Davy Crockett and others followed General Andy Jackson to a place called Horseshoe Bend in Alabama, where the Creek Red Sticks had holed up. Houston was first over the wall.

Though shot in the leg with an arrow, Houston snatched up a gun and chased down a ravine after the retreating Red Sticks. Sam was shot again in the shoulder and arm but the soldiers took heart from his courage, went in and mopped up the last of those red varmints.

Houston was wounded so bad he liked to have died right there on the battlefield, but an Army surgeon patched him up and his comrades put him on a horse litter to bring him home to Tennessee. Sam was so tough the whole Red Stick nation couldn't do him in!

New Breed of Horned Dorset Sheep Developed

RELEIGH, N. C. (AP) — A new breed of hornless Dorset sheep has been developed by Prof. Lemuel Goode, North Carolina Experiment Station scientist.

With his horns, a Dorset is a picturesque animal with great spiraling horns.

The Dorset has great commercial possibilities in the South, Goode says, but never has been popular with Southern sheepmen because its harns make is difficult to manage.

Saigon Office Bombed

SAIGON, South Viet Nam, Aug. 2 (AP)—A bomb exploded under a granite counter in Saigon's main post office tonight, wounding two persons. The blast broke the counter in two.

Customers' Corner

"Bread-and-Butter" Note . . .

Not the usual "thank-you" kind (although you may want to thank us for the reminder), this note is just to let you know that August is National Sandwich Month and A&P has everything you need to turn bread and butter into all sorts of sandwiches . . . from the dainty tea type to the hearty he-man variety. Of course, we have plenty of bread and butter, too . . . at their fresh, sandwich-making best.

Plan to serve sandwiches often this month! They make perfect partners for summer salads . . . satisfying snacks for between-meals munching . . . picnic fare beyond compare. And A&P's low prices on bread and butter and all your favorite fillings make sandwiches as easy on your purse as they are on you. Come see . . . come save . . . at A&P!

Dog Quarantine Spoils London Act for Tallulah

By EARL WILSON

HOLLYWOOD—An English promoter flew to Las Vegas to ask Tallulah Bankhead, now starring at the Sands, to appear at the Casino de Paris in London—but he had dog trouble.

★ ★ ★ ★

"Only if you can get my dog in with me," Tallulah said. But with a 6-month quarantine on dogs in England, it looked so hopeless that the booker, Eric D. Morley, finally suggested:

"Why not keep your dog in Paris and we'll fly you over every weekend to see it? In fact, we can fly you over to Paris every night to see it!"

Miss Bankhead didn't like this and Morley says, "I guess I've been barking up the wrong Tallulah."

TALLULAH

The inevitable bustup of Dean Martin and Jerry Lewis will be very sad and far removed from the comedy you expect from comedians. Jerry, who's a sentimentalist, gets almost tearful now when he is asked by friends about lawyers trying to terminate their partnership as soon as possible.

To one friend, Jerry said, "'Dean is a great talent, and I know he will do well on his own. I hope I will, too.' And will Jerry take on another partner? No! "I'm his partner," says his wife, Patti, who's now expecting her third.

Jerry was 19 when he and Dean started, and is 29 now. His greatest years should lie ahead, and his admirers candidly expect him to surpass the achievements of even Charlie Chaplin.

THE MIDNIGHT EARL . . .

JAYNE BENSCH

Billy Daniels—who has a pretty blond governess (named Parry Cameron) for his kids at his home in Coldwater Canyon, Calif.—will marry her. She has the ring . . . Isn't Mrs. Steve Allen (Jayne Meadows) expecting? . . . Julie Wilson and wealthy John Livingston, San Francisco merchant, are a serious romance.

Model Nancy Berg'll do a 1 a.m. TV show, "Counting Sheep With Nancy." Rumor hath it she'll wear a nightie . . . Jackie Gleason & Friends are back from Bermuda lighter in purse and girth, ready to start TV filming.

Wally Cox, fired a second time from his Las Vegas job, jokes, "I got an offer to go to New York and get fired by Arthur Godfrey" . . . Joan Blondell will leave the show, "Palm Tree in a Rose Garden," after a backstage hassle . . . Police Comm. Adams has a fat offer to work for an oil company . . . Jayne Bensch, a former purple-haired Copa gal, broke in her solo dance act at the Raleigh Hotel Sunday.

Eddie Cantor's medics talked him into turning down a three-week Las Vegas job . . . Artie Shaw's carrying a note-book to take down "conversational gems" for his new novel.

TODAY'S BEST LAUGH: Rob't. Q. Lewis described a girl he dated recently: "She was at the awkward age—too old for Davy Crockett and too young for Liberace." That's earl, brother.

(Copyright 1955, Post-Hall Syndicate, Inc.)

Says Trickery Launched War

Yoshida Reveals How Japan's Chiefs Altered Last Note From Hull

TOKYO (AP)—Shigeru Yoshida says in his memoirs that some of Japan's leaders at the time of Pearl Harbor tampered with the text of a final U.S. note, thus persuading reluctant officials to agree to war.

"This was a fraud by the military and amounted to conspiracy," declares the 76-year-old diplomat and politician who guided Japan as prime minister through six post-war years.

* * *

He said the note from the late Secretary of State Cordell Hull just before the Pearl Harbor attack was marked "Not definitive."

His memoirs, now appearing in the big newspaper Asahi, said the main text was an honest presentation of the views of both sides. There was the added comment in the note that "this is a basis for negotiation" and part of the preamble emphasized "this is a tentative plan."

* * *

"Not only were all these words deleted," Yoshida said, "but the portion covering the Japanese stand was also deleted when the document was submitted to the Privy Council as 'the Hull note.' I was informed that only the American position was carried in a one-sided manner."

It was on the basis of this doctored note—accepted by Japan as a virtual U.S. ultimatum—that reluctant Japanese civilian leaders and some doubtful military chieftains finally agreed to war, Yoshida said.

Yoshida himself, with years of experience abroad as a diplomat in London, Rome and Washington, had many misgivings. He was arrested by the military later in the war when he joined a movement for a negotiated peace.

Yoshida got along well with Gen. Douglas MacArthur, who was running the Allied occupation. He praised the general for refusing to bow to Soviet demands that the Emperor be tried as a war criminal.

Hollywood Predicts End of Martin-Lewis Combo

By BOB THOMAS

HOLLYWOOD, (AP)—Two years ago, Dean Martin and Jerry Lewis were the Damon and Pythias of show business.

Today they aren't talking to each other.

What brought about the change?

The answer goes far back into their histories. Jerry Lewis, born 29 years ago in Newark, N.J., was a child of show business. His folks were vaudevillians, and Jerry started performing as a lad. He was having so-so luck as a record act (making funny faces to a pop record) when he teamed up with a singer Dean Martin.

* * *

Born Dino Crocetti in Steubenville, Ohio, in 1917, Dean tried everything, from croupier to prize-fighter. First as Dino Martini and then under his present name, he had mediocre success as a night club singer.

The two talents combined with magic results when both were playing the 500 Club in Atlantic City in July 1946. Within six years, they were the hottest attraction in night clubs, TV and movies. The boys were millionaires or well on their way.

Then, a couple of years ago, trouble started to develop in paradise.

* * *

Dean felt the team should be equal in all respects. Jerry agreed. He tried never to be photographed without Dean and was greatly concerned when an interview failed to mention his partner.

The big break came two months ago with the premiere of their latest picture. As often happens, the studio tried to save costs. It arranged to have a press junket to a hotel in the Catskills where Jerry had gotten his start as an entertainer. The hotel was to pick up much of the tab.

Dean said he never okayed the premiere. Jerry claimed he gave verbal consent in a conversation in Las Vegas.

The result: Dean went to Hawaii; Jerry went to the Catskills. They haven't spoken since.

Detroiter to Face Exam in Accident

The 28-year-old Detroit man that Pontiac Police say fled the scene of an accident Sunday will return to Municipal Court Aug. 10 demanding examination.

Jack Rains of 12930 Kercheval waived examination Monday in the lower court and had been bound over to Oakland County Circuit Court and released on $500 bond.

The two-car crash occurred at Walton and Joslyn Rds. and caused injuries to the four occupants of one car.

The crash resulted, police say, when Rains' car swung over the center line and struck the second vehicle headon.

Police say that Rains ran from the scene and minutes later was apprehended at a tavern on Saginaw St.

Too Much Confusion Is Not Too Amusing

HAGERSTOWN, Md. (AP) — The president of the Washington County Board of Commissioners has threatened to resign unless the board holds its meeting in a less confusing atmosphere.

The board meets once a week, all day long, in the same room where other county employes carry out their duties.

* * *

W. Lee Elgin, 63-year-old board president, says there's just too much uproar.

Deeds are recorded in the room. Dog licenses are issued. And now bounties are paid there to persons bringing in dead foxes. What's more, the foxes noses are slit in the same room—to prevent "repeaters"—and Elgin finds this more than he can stomach.

Sylvan Seeks Bids for New Equipment

Bids are being sought by the city of Sylvan Lake for a 150,000-gallon storage tank, two pump houses and related equipment for a new municipal water system, City Manager Ernest L. Ethier reported yesterday.

The bids will be opened at the Aug. 10 city commission meeting, Ethier said. Completion date on the pump houses and pump installations is Nov. 15. Tank completion deadline is a month later.

Ethier said more than 15,000 feet of mains for the new system have been installed to date. A consultant, James R. Pollock, is gathering statistics for preparation of a water rate schedule, he added.

British in for Chill

LONDON (AP)—It's going to cost more to keep warm in Britain this winter. The price of domestic coke will go up $4.20 a ton next Monday—to an average $23.80 a ton. Coal prices were raised last month.

Appoint Woman Cantor

OCEANSIDE, N.Y. (AP)—A 31-year-old mother, Mrs. Betty Robbins, has been named cantor of the local Reform Jewish synagogue. She is believed to be the first woman ever appointed a cantor, who assists the rabbi by chanting parts of the service.

War of Nerves On at Viet Nam

Terrorize U.S. Citizens With Threats, Burn Autos of Diplomats

SAIGON, South Viet Nam (AP)—Americans living in South Viet Nam have become the victims of a new and stealthy war of nerves.

American Embassy officials have received threats against their lives. Private automobiles of U.S. diplomats have been burned or blown up. Grenades have been tossed against an apartment building which houses embassy families.

No one is quite sure who is behind the campaign of terrorism.

* * *

The Americans apparently are being attacked because they represent a government which supports anti-Communist nationalist Premier Ngo Dinh Diem.

Though street fighting in this capital of two million has stopped, the bitterness lingers on. A number of groups hate Diem and the Americans who back him.

The Binh Xuyen society, a band of onetime river pirates who controlled Saigon's vice industry, brought the country close to civil war in April. After 48 hours of bloody battling they were driven out of the city. They still control a small section of the meandering Saigon River.

Albuquerque Hit Again by Floods

ALBUQUERQUE, (AP) — Flash floods struck North Albuquerque for the second time in two weeks last night, causing the evacuation of some families and disrupting train service.

The waters, rushing out of two arroyos, sliced 20 feet of track out of the Santa Fe Railroad, halting all trains through here. No injuries were reported.

The National Guard was called out and began evacuation of families. Then the water began receding and only a few families left their homes.

Educated Porpoise Dies

MARINELAND, Fla., (AP)—Flippy the Educated Porpoise is dead; cause unknown. He was the first porpoise taught at Marine Studios to jump through a hoop, raise a flag, blow a horn and retrieve a stick in response to spoken words and hand signals. The studios began experimenting with him in 1949 when he was two years old. Several others are in training.

Cows on lush pasture tend to give large amounts of milk, but to lose weight unless they are fed grain and hay supplments.

Linda Darnell Returning to 20th to Make TV Film

By DOROTHY MANNERS
For Louella O. Parsons

HOLLYWOOD (INS) — Linda Darnell returns to 20th, the studio where she made her first picture, to make her first appearance for television. Which means that the Texas beauty is coming back to the lot where she first achieved fame in "Hotel for Women" and reigned as a top star for over ten years.

You can bet they'll roll out the red velvet carpet when Linda comes home to star in the first of 20th's TV features for General Electric, "One Life." The original story by Frank and Doris Hursley is about a frivolous wife who almost wrecks her marriage.

In her own marriage to beer magnate Philip Liebmann everything is smooth sailing. They're just back from a four months trip to Europe.

Attention Richard Aflen wherever you are: Spencer Tracy has okayed you, and Edward Dmytryk and A. C. Lyles are looking for you for a top role in "The Mountain." —Please get in touch with them at Paramount.

And, Dick, along with the job goes a four weeks location trip to the French Alps which is pretty nice this time of year.

Remember when you were a big star on this same lot—and Dmytryk was then an assistant cutter and Lyles in the mail room, you kiddingly remarked, "If you boys ever become producers, give me a job, will you?" Well, here it is.

George Stevens didn't know his star, Liz Taylor, was in St. John's Hospital until he read it in the Monday papers.

Her personal physician, Dr. Robert Buckley, decided so suddenly that Elisabeth should enter the hospital Sunday afternoon, that no one connected with the "giant" company at Warners could be notified.

As of now, it's expected that the infection in Liz's right leg (a recurrence of a former ailment) will clear up sufficiently for her to return to work Thursday.

HOLLYWOOD IN SHORTS: Mario Lanza's mother, Mrs. Mary Cocozza, is recuperating at home following a thyroid operation at Temple Hospital last week. Mario was a daily visitor while she was in the hospital.

Marlon Brando is squiring Barbara Brent, one of the beautiful dolls in "Guys and Dolls," around the quieter spots.

That's all today.

ROKs Demand Red Prisoners Be Released

SEOUL (AP)—South Korea today demanded that Red China immediately free 20,000 Korean prisoners of war and civilians.

• • •

Acting Foreign Minister Cho Chung Whan made the demand in a statement. No mention was made of North Korea.

• • •

"We rejoice with the rest of the free world at the freeing of 11 American fliers, but we must remind our friends and allies that Red China still holds—illegally and inhumanly—2,263 Korean prisoners of war and 17,504 civilians who were forcibly removed from this country," the statement said.

• • •

Cho also demanded that Red China withdraw its armed forces from North Korea and "desist from aggression against the Republic of China."

"Peiping's adherence to these points could lead to just and lasting peace in Asia. Its failure to take this step would prove that Red China does not seek peace, but conquest, and that the Geneva discussions are a trap for the United States and other free nations," the statement said.

Made New Commander

GRAND RAPIDS (AP) — Lt. Col. David E. Cleary of Clawson has been named commander of the Army Organized Reserve Corps units in Grand Rapids. He succeeds Maj. Phillip R. Young, who remains as executive assistant.

Tin-base alloys are widely used in costume jewelry and such pieces as ornamental handles for tableware.

Lady Bug Eats Weevil Only as Last Resort

COLLEGE STATION, Tex. (AP)—The Texas Agricultural Extension Service says some Texas farmers are depending on bugs to eat the bugs that are eating their cotton, and they shouldn't.

It's true, said the experts, that lady bugs will nibble on the bollworm, which nibbles on cotton.

But the lady bug prefers aphids and spider mites and if they aren't around they go where they are rather than eat up all the bollworms.

Tot Caught Under Train

MASON CITY, Iowa (AP)—Twenty-months-old Sandra Kay Shropshire toddled onto railroad tracks near her home yesterday in the path of an oncoming freight. The train knocked her down and the locomotive and six cars passed over her before it stopped. She was not touched by the wheels, however. She escaped with a brain concussion and cuts and bruises. Her condition was described as good at a hospital.

Report Portugal Police Shot Unarmed Indians

BOMBAY, India (AP) — Portugese sources reported that police fired today on unarmed Indians trying to march into Portugese Goa, killing one marcher and wounding three others.

Goa is the largest of Portugal's three pockets of territory on the west Indian coast. Portugal has refused to negotiate Prime Minister Nehru's demands that the areas — last foreign foothold in India — be merged with India.

'Hotfoots' Given Bosox, Tribe by Hose, Yanks

By THE ASSOCIATED PRESS

A handful of oldtimers, supposed to wilt in the heat, looked like a crop of young rookies as first place Chicago and runnerup New York gave Boston and Cleveland hotfoots in the sizzling American League race Tuesday night.

It was Connie Johnson, 32, and Millard (Dixie) Howell, 35, both reclaimed from the minors, who supplied the pitching in the White Sox' 2-1 decision over Boston. And at New York the Yankees nudged Cleveland 2-1 on the pitching of 35-year-old Tommy Byrne, another retread, and a pair of home runs by Joe Collins, 32.

* * *

As a result, the White Sox still have their one-game lead over the Yanks, but Cleveland has fallen two games back and Boston four.

Fifth place Detroit, 7½ games behind, outslugged Washington, 13-10, and Baltimore tumbled Kansas City 5-1.

In the National, Brooklyn gave in to a Milwaukee rally, 5-3; New York beat St. Louis 3-0; Cincinnati whitewashed Philadelphia twice, 2-0 and 4-0, and Chicago pasted Pittsburgh 12-4.

None of the White Sox and Yankee stars of last night are old codgers, exactly, but they're well past the flaming youth stage.

* * *

Johnson had Boston's kids well in check with two out in the ninth, then had to get relief for his fourth victory in five decisions since being brought up from Toronto June 30. He gave a single to Jim Piersall and went 2-0 against pinch-hitting Faye Throneberry before Morrie Martin, another veteran, came on. Throneberry swatted a triple to make it 2-1 and Howell, up from Memphis, went 3-2 against Eddie Joost before getting him on a game ending fly.

Three singles made for one run in the third off loser Tom Brewer and Jim Rivera belted a homer for the winning margin in the fourth.

* * *

Collins, with just two home runs in the last two months, made it 1-1 in the first inning with his first homer of the night. Then he broke up a duel between Byrne and Early Wynn, another 35-year-old guy, with his one-out poke in the 10th.

Milwaukee tied the Brooks at 3-3 as Ed Mathews swatted his 28th homer—his second of the game—then got two more in the big 6-run inning rally on Don Zimmer's error. Phil Paine one-hit the Dodgers in four relief innings and fanned six for his first major league decision this year. Rookie Roger Craig took his first defeat with the Brooklyns—who now lead by just 13½ games.

* * *

Johnny Antonelli, one of the big busts with the Giants this season, blanked the Cards on five hits while Don Mueller drove in two runs with a single and a sacrifice fly.

Cincinnati paired a four-hitter by John Klippstein and a five-hitter by Joe Nuxhall with the bat work of Gus Bell to sweep the twi-nighter from the Phils. Bell had two RIB singles in the opener and hit two homers in the nightcap.

Ernie Banks matched a major league record with his fourth grand slam home run of the season for the Cubs and added a run producing single to trample the Bucs. His bases-loaded shot marked a six-run sixth.

Bill Wight, the Tribe castoff, four-hit the A's, who contributed four errors that made all the Orioe runs unearned. Wight gave just one hit over seven innings—Bill Wilson's homer in the fifth.

HAPPY YANKEES — Joe Collins, left, and Tommy Byrne embrace in Yankee dressing room last night after they combined efforts to top Cleveland Indians 2 to 1 in 10 innings. Collins won game with two homers and Byrne racked up his 10th victory of the season.

Rare Individual

Redlegs' Temple Doesn't Go for Fences, Does OK

CINCINNATI (AP)—A fellow who admits that he can't go for home runs and is perfectly content with singles is a rare individual in these days of major league baseball when even the .200 hitters are aiming for the fences.

But that's Johnny Temple, the Cincinnati Redleg second baseman, who has been on a hitting splurge that has netted him 19 hits in his last 42 times at bat since the Reds came home on July 26.

* * *

Eighteen of those hits were singles and one was a double.

"If I tried to hit home runs, I wouldn't be in the major leagues today," Temple said frankly. "I'm just too little. I go along with the theory that you should do the things you can do to the best of your ability."

* * *

So he punches out those singles along with an occasional double and even rarer triples and home runs.

The records bear out that Temple has been mighty successful as a singles hitter. He hit .316 for Morgantown of the Western Carolina League in 1948; .400 with Ogden of the Pioneer League in 1949; .332 with Columbia of the Sally League in 1950; .294 with Tulsa of the Texas League in 1951; .306 in 103 games with Tulsa in 1952 and .307 with the Reds last year. In 1953 he played in only 63 games with the Reds and hit .264.

* * *

This year he got away to a slow start but his recent hitting outburst has boosted his average to .285, a gain of 19 points since July 26.

* * *

The record books also show that in his entire professional baseball career, Temple has hit only 15 home runs and 7 of them came in that first year with Morgantown.

Scoffs at Soph Jinx

Cubs' Brilliant Shortstop, Ernie Banks, Ties One Homer Mark, Nears Another

CHICAGO (AP)—Ernie Banks, phenomenal shortstop of the Chicago Cubs, is laughing at the sophomore jinx, having tied one major league home run record and within range of another.

Banks tied the mark of four grand slam home runs in one season yesterday as he led the Cubs to a 12-4 victory over Pittsburgh. The record is shared by 10 others, including Babe Ruth and Lou Gehrig.

* * *

Banks slammed one of Dick Littlefield's pitches into Waveland Avenue for his 32nd home run of the season to launch a six-run fifth inning.

* * *

That leaves him only seven short of Vern Stephens' major league mark of 39 home runs in one season by a shortstop set in 1949 with the Boston Red Sox.

Banks is phenomenal in that he played only one year of professional baseball before joining the Cubs late in 1953 and he looks like anything but a slugger.

"I don't swing hard," says Ernie, "because I found I don't hit the ball that way. So I just go to meet it and get a base hit. I guess I get all my power from my wrists."

* * *

Banks played with the Kansas City Monarchs in 1953 before finishing out the season with the Cubs. He played in 10 games, hit 2 home runs and batted .314.

Last year he knocked out 19 home runs and drove in 79 runs with a .275 average. In addition to his 32 homers this year, Banks already has 79 RBIs and has a .284 average.

* * *

Although a modest player, Banks who has never missed a regular game since joining the Cubs, thinks he can break Stephen's record.

Hebert's 65 Sets Tam Pace; Gadja Only One Stroke Off

CHICAGO (AP) — Some 150 pros were set to tee off today in the Tam O'Shanter golf circus to determine 72 unexempted qualifying berths in the $25,000 All-American Tournament.

* * *

Lionel Hebert of Erie, Pa., stroked a seven-under-par 65 yesterday to lead the first section of pros. Hebert's 32-33 over the par 36-36 course was one stroke better than Bob Gadja, Pontiac, Mich., who came in with a 33-33—66.

* * *

Hebert's effort was only two strokes above Lloyd Mangrum's course record of 63.

Hebert, 27-year-old brother of the more celebrated Jay Hebert, was one of 29 players who tied for last place in last year's qualifying round.

* * *

Eight other players yesterday shot under 70 while 23 of the 150 broke par and 100 shot a 77 or better. The eight sub-70 shooters were Gene Webb, St. Louis, and Paul O'Leary, Bismarck, N.D., 67; Bill Nary, Reno, Nev., and Bob Inman, Detroit, 68; Max Evans, Utica, Mich., Walker Inman, Augusta, Ga., Roy Glenn, Fort Campbell, Ky., and Steve Blatnak, Chicago, 69.

Marion Claims Luck Has Kept Chisox on Top

But Facts Show It's Good Pitching, With Hitting That Count

BOSTON (AP)—The Chicago White Sox are staying on top in the tight American League pennant race with what Manager Marty Marion calls luck—but no one will believe him.

* * *

"Baseball's mostly luck, not skill," said Marion with a grin after Chicago edged Boston 2-1 last night to remain a game ahead of New York.

The facts didn't bear him out. Connie Johnson, 32-year-old right hander recalled from Toronto June 30, had sailed through 8 1-3 innings giving only five hits and leading 2-0. Then Jim Piersall singled and Marion pulled Johnson for lefty Morrie Martin when the count went to 2-0 on lefthanded pinch-hitter Faye Throneberry.

"I was afraid Johnson would give Mr. Throneberry a fast ball he could pull into the right field stands," Marion explained.

Martin, delivering a fast ball from the port side which is virtually impossible for a lefty to pull, served a triple to left center to Throneberry on a 3-2 pitch. That made the score 2-1.

"Martin threw nothing but fast balls to Throneberry who is a fast ball hitter. Because we were behind in the count, we had to make him hit but not to pull," Marion commented.

With righthanded batter Eddie Joost due at the plate, Marion waved in Dixie Howell. On a 3-2 pitch, Joost flied to Jim Busby in center to end the game.

Marion turned to the pennant picture:

"If we win, it will be because of balance. A balanced pitching staff, a balanced lineup, a balanced bench.

"Nellie Fox and Sherm Lollar carried the club with their hitting the first third of the season. Then George Kell and Walt Dropo took over the slugging. Now I hope that Minnie Minoso and Jim Busby can get out of their slumps to carry us down the stretch. They can make the difference."

Minoso is batting .261 and has three home runs this season despite the fact he averaged .309 and 15 homers a year in his previous four seasons. Busby, a .282 hitter for five years, is currently batting .240.

Yank in Hospital

NEW YORK (AP)—New York Yank second-baseman Gil McDougald was reported in "satisfactory" condition and resting comfortably in the hospital today after being struck in the head by a batted ball before last night's New York Cleveland game.

D & W 9 Crushes Gidley at Drayton

Dick & Wes Sporting Goods lashed out with 13 hits Tuesday night at Drayton to crush Gidley Electric, 10-1, in a Waterford League softball game.

Fred Konchis spun a three-hitter for the winners and yielded Gidley's lone run in the 1st inning.

Dick & Wes clinched victory in the 4th frame on a double and two costly errors for two runs. Then, in the 5th, the winners nicked Kenny Spears for four hits to send home five more.

Dick & We	100	252	0	10 13 1
Gidley	100	000	0	1 3 6

Konchis and Cooper; Spears and Lesar.

Jets Lambaste Unionists 22-0

Slam Out 19 Blows in Class A, Allow Foes Only 2 Hits

You can't blame the CIO 594 team if it doesn't show up for its next game in the Class A City Baseball League after Tuesday night's debacle at Wisner Field.

L. C. Anderson Jets, apparently taking a tip from GMC's performance in Sunday's "Amateur Day" contest, lambasted a total of 19 hits to swamp the union nine last night, 22-0.

While the Jets were rattling the fences with their bats, Russ Lothery and Judge Booker were throttling the CIO for a combined two-hit shutout. Lothery hurled the 1st four innings, then Booker left his 1st base position to pitch the remainder.

Jets used both slugging and eight CIO errors to compile their football figures. Among their 19 hits were triples by Tony and Russ Lothery and Eugene Cox, and an "inside-the-park" home run by Cox in the 5th inning.

Jets tallied in every stanza for their lopsided win. Only consolation for the CIO was the halting of the contest after five innings.

Jets	736	22	19	1
CIO	000	00	0	2 8

Lothery, Booker and Jones; Leonard Grady, Keating, Ayling and Oslka.

Walker Upsets Jasper in Heavyweight Scrap

DETROIT (AP)—Eddie Lee Walker, young Detroit heavyweight, switched from slugging to boxing to upset Don Jasper, Duluth, Minn., last night at Motor City Arena. Walker weighed 189½ and Jasper 190½.

Walker, who was knocked out by Jasper in a brawl at Motor City two months ago, gained a split decision in their six-round bout.

In the six-round co-feature, Dick Ramazetti, 131, Detroit, had little trouble in gaining his 17th straight professional triumph without a defeat, scoring a unanimous decision over Fitzie Fitzpatrick, 126½, Chicago.

Sports Briefs

White Sox vice president Charlie Comiskey gave 2nd baseman Nellie Fox a money clip for collecting his 1,000th major league hit.

Crosley Field in Cincinnati uses singing commercials over the public address system to advertise coming foes of the Redlegs.

Braves' Ed Mathews is 6-1 and weighs 200 pounds.

Hart Accepts New Position for '55 Season

Big Flanker Will Be Made Into Defensive Specialist

YPSILANTI (AP)—With a balking Leon Hart finally agreeable to the role of a defensive end, bosses of the Detroit Lions set their sights on longer range goals than contract signings today.

Such things, for instance, as the 1955 NFL championship.

Large Leon, adamant at 1st to exchange his pass catching chores to perform a defensive specialist, agreed yesterday to abide by the terms of his three-year contract, which still has a year to run.

The hulking, 225-pound wingman from Notre Dame had little choice when coach Buddy Parker stood firm on his decision to use Jug Girard at Hart's old post and refused to negotiate a new contract.

Hart had let it be known he might want to be traded or might consider deserting the NFL for the Canadiain league, but yesterday he announced simply: "I'm ready to play wherever Buddy Parker wants me to."

Two other Lion mainstays—linebacker Joe Schmidt and defensive tackle Bob Miller—also agreed to contract terms yesterday. Their signings brought to 46 the number of players working out at the Lions training camp at Eastern Michigan College here. Eventually the squad must be cut to 33 players.

Only remaining question mark—Texas Bob Smith—reported from Houston last night that he had decided to retire and devote full time to a construction business in Texas. He performed at fullback for the Lions in 1953 and 1954.

Parker scheduled another full workout today despite heat which has sent temperatures climbing into the 90s every day since Lions veterans reported to training camp.

Andrews Helps Davey and Gets Help for Fight Here

One thing about boxing that has made it a success through the years is the many friendships it has built.

Another instance of this peculiar camaradie was in evidence Tuesday afternoon at Motor City Gym in Detroit when Chuck Davey and Al Andrews engaged in a sparring session.

It was the final workout for Andrews before he fights Gene Linscott, Pontiac southpaw middleweight, in Wisner Stadium, Thursday night. Andrews and Linscott will weigh in at Michigan Boxing Commission office in Detroit, Thursday at 1 p.m.

Davey is preparing for his "comeback" against Pat Manzi Jr. Saginaw on Aug. 22.

Davey is a southpaw who can help Andrews defend the kind of attack Linscott will use. Andrews fought Manzi on several occasions and showed Davey some of Pat's tricks.

Training together is nothing new for Davey and Andrews. Davey hired the St. Paul scrapper as a sparmate during his hey-dey as a welter contender. Andrews, an upstart at the time, decided he could lick Davey in combat and did, on two occasions.

But, when they realized they could be of mutual help, Andrews folded camp in Chicago and stopped off in Detroit for his final workout with Davey.

Tickets for the fight are now on sale at Wisner Stadium box office.

In case of rain Thursday, the card will go over to Friday night.

Printers Champs Win 14th Tournament Tilt

DETROIT (AP) — Washington, the defending champion, took its 14th straight tournament game in the 2nd round of the 48th annual Union Printers Baseball tournament yesterday behind the one-hit pitching of Ben Duvall.

Washington beat previously undefeated New York, 9-0, in the double elimination tournament and meets Boston in a game tonight.

Baltimore was eliminated when Detroit won, 5-2, and Cincinnati was ousted as Chicago won, 8-7, in 10 innings. Boston walloped Pittsburgh 22-5, and St. Paul beat St. Louis, 6-3.

Detroit Golfer Trails Leader in Tournament

BEDFORD, Pa. (AP) — Detroiter Joe Summers today entered the 2nd round of the Union Printcraft International Golf Assn. tournament in 2nd place, trailing Chris Joyce of New York by four strokes with a 151.

Joyce had a three-under-par 69 yesterday for a total of 147 while Sommers shot a 73 Monday and a 78 yesterday for his score.

Goldsworthy Goes to Texas, Oklahoma Loop

Dick Goldsworthy, 20-year-old pitcher for General Motors' baseball team, has been signed to a contract with the Baltimore Orioles' farm system.

Announcement was made by Tony Stiel of Birmingham, Oriole scout in this area, and Pontiac's Ernie Zubalik, part-time scout for the "Birds."

Goldsworthy, a right-handed hurler, will report to the Paris, Oklahoma club in the Class D Texas-Oklahoma League when spring training begins next March.

Goldsworthy was graduated from Pontiac High School in January 1954. He played prep baseball only one year, pitching for PHS during the 1953 season.

He joined the GMC squad this summer and chalked up a no-hit win in the Class A City League. The strong-armed youth previously played with Oliver Buick.

Dick Weyand Hurt by Ball

Withdraws From Junior Golf Test After Drive Hits His Head

LAFAYETTE, Ind. (AP)—A 16-year-old Birmingham, Mich., entrant in the USGA National Junior Golf tournament was hit on the head by a ball during a practice round yesterday.

In good condition at the Purdue University infirmary is Dick Weyand, who withdrew from the tournament which starts today. His 17-year-old brother, Paul, 1st Michigan alternate, will take his place.

Weyand was struck by a shot from the 9th tee as he was about to hit his 2nd shot.

Ben Hogan, four-time National Open champion, donated his services for a clinic for the 128 young golfers today.

Qualifiers, who were chosen in regional elimination, will play one round of match play today and two rounds each tomorrow, Friday and Saturday at Purdue's South course.

Cardinals Plan to Switch Moon to 1st Base Job

Move Designed to Put Musial in Outfield, His Natural Position

ST. LOUIS (AP)—The St. Louis Cardinals, with an eye on the future, are going to try Wally Moon at first base in an effort to get Stan (The Man) Musial back in his natural outfield berth.

* * *

The whole thing came to a quick head just before last night's game with the New York Giants when Moon walked up to Manager Harry (The Hat) Walker and asked for a shot at the infield post.

* * *

"Moon came over to me and said he'd like to make a try at playing first base and I decided to give him the chance," Walker said. He earlier had said Moon, the centerfielder, would only take over as a late inning replacement for Musial to give Stan an occasional rest.

* * *

Moon is scheduled to hold down the first base job in tonight's game with the Giants. Walker said he would leave the 25-year-old National League Rookie of the Year in 1954 on first "unless he hurts us too much."

* * *

Musial, hitting .301 but with only 3 runs batted in the last 14 games, said:

* * *

"The outfield comes natural for me. I can't relax at first base."

* * *

Musial repeated an earlier prediction that he would hit .325 for the season.

* * *

Stan moved back to first in the late innings last night after Moon had been lifted for a right handed pinch hitter against the Giants' southpaw Johnny Antonelli.

* * *

"Moon is an aggressive sort of a player and with a little work could learn to handle the bag," Walker said. "In fact he's coming out to the park early today for a little practice."

* * *

Walker agreed that Stan appeared more relaxed in the outfield. The 34-year-old Musial has played first base this season and at intervals throughout his long career with the Cards.

Seven of this year's Detroit Tigers are natives of the city of Detroit.

Willie Pep has won 187, lost only six since 1940.

Junior Playoffs Roll

Rosebuds, Boys' Clubbers, Lunsford 9s Stay in Contention in Youngster Series

CLASS D

Rosebud Market 5, Mets 4.

CLASS E

Boys Club 9, Cass Ponts 2.
Lunsford's 13, Community 5.

CLASS F

Boys Club 10, East Siders 2.
Dick & Wes 16, Don Nicholie 12.

KNOTHOLE

Boys Club 21, Senators 0.
Tigers 10, GMC 8.

Rosebud Market nosed out the Mets, 5-4, to pull even in its best of three series in Class D as Pontiac's Junior Baseball League playoff ended the 2nd day Tuesday.

Rosebud's win atoned for Monday's 8-5 setback and puts the "blue chips" on the line Thursday when the deciding game between the two clubs is held. Winner will play Griff's Grill in the finals.

Rosebud had to fight off a last-inning rally by the Mets to win yesterday's tiff. Leading 5-0 entering the 7th, Market saw its advantage dwindle to 5-4. But two infield outs stranded the tying run on 2nd base. Jerry Pointer survived the difficulty to pitch a four-hitter.

In Class E, Boys Club rolled merrily along with a 9-2 win over Cass Ponts. Jerry Orr hurled two-hit ball for Boys Club, which broke a 2-2 deadlock in the 5th inning to win going away.

Lunsford Market kept alive in the playoffs by thrashing Community Super Market, 13-5. The defeat eliminated the Community nine from the playoffs. Lyon Weeks collected four safeties in as many tries to pace a 10-hit attack by Lunsford's.

Boys Club representative in Class F trounced the East Siders, 10-2. The winners rapped a dozen safeties in support of Chuck Honchell's four-hit pitching. Dick & Wes eliminated Don Nicholie Realty, 16-12, in a marathon which saw the Realty nine score 11 times in the 1st inning and still lose.

Boys Club followed the winning tradition by crushing the Senators, 21-0, in a Knothole League tilt. Winners made 13 hits in the four-inning game and Daryl Thorpe pitched a one-hit shutout. Bob Robarja collected four blows for Boys Club.

Tigers outscored GMC, 10-8, to drop the Coach club from the playoffs in the Knothole circuit. Tigers made only three hits, but capitalized on five bases on balls and four miscues to stay alive in the playoffs.

Staid Old New England Goes Berserk Over Its Scrappiest Baseball Club in 10 Years

BOSTON (AP)—Staid, placid, conservative New England has gone berserk. The usually sober-minded inhabitants of this northeast section of the country are engulfed in the biggest wave of excitement to hit them in 10 years. Bostonians, in particular, are in a frenzy.

* * *

You don't have to be a New Englander to know why. The moment a stranger steps off the plane at Logan Airport, he is made aware that almost overnight, Boston has come up with "the hustlingest, scrappiest and fightingest" baseball team ever to represent the Hub City.

* * *

The people at the airport, the cab driver, the hotel clerk, the bellhop, the elevator operator . . . they all sing the same song. With absolute certainty, the man in the street tells you the Red Sox are going to win the pennant.

"This is the most interesting Red Sox team I've ever seen," an old inhabitant tells you. "And I've seen them all since Billy Carrigan's World Champions of 1915."

"Our Red Sox are going to win the pennant," the hotel manager predicts. "Nobody is going to stop us. My only worry is how will we be able to accommodate all those people during the World Series."

* * *

There's no doubt that the Red Sox, picked to finish somewhere in the second division, and floundering around in seventh place only a couple of months ago, have become the smashingest hit in the modern history of New England baseball.

* * *

The pennant fever has spread even to the players themselves. Almost to a man, they believe they're going to represent the American League in the World Series next fall. The writers traveling with the club also are convinced of this. Only Ted Williams, with the wisdom of many years experience behind him, and Manager Mike (Pinky) Higgins remain amazingly composed and unruffled by the remarkable turn of events that has transposed a listless also-ran into a feverishly hungry and inspired pennant contender and turned the town upside down.

* * *

On June 5, the Red Sox had completed their first 50 games. They had only 20 victories to show for it and trailed the league leading New York Yankees by 14½ games. Last week, on July 29, they completed their second 50. Thirty eight of those went into the winning column. That's almost 100 per cent improvement. No wonder New England went wild.

* * *

From outlying provinces, Red Sox lovers flocked to the ball park. People waited in line hours for tickets. Recent series with Cleveland and Detroit drew near-capacity crowds. At least one sellout crowd was assured for the current three-game set with Chicago. So great has been the demand for tickets that the attendance is certain to soar well over the million and a quarter mark. Tickets for games with the Yankees and Indians next month aready are sold out.

Four Sports Pages in Today's Pontiac Press

Ty Cobb Sees Tigers on Top Next Year

WASHINGTON (AP) — Ty Cobb had a few words to say about the Detroit Tigers before he watched them shakily edge past Washington last night, 13-10.

"Next year is Bucky's year to my way of thinking. These boys can cut the mustard. They've got it and next year they'll take it all," he told a sports luncheon.

The team he saw later hardly looked like a "take it all" ball club even though it pulled ahead in the 9th inning after allowing Washington to tie it up twice.

Joe Coleman, 4th and last Detroit hurler, finally took the victory when the Tigers scored three runs off loser Pedro Ramos in the 9th to break the 10-all tie.

But the tired Tigers blew an 8-2 lead when the Senators scored six runs off Steve Gromek, the starter, and Babe Birrer, in the 6th inning.

Detroit took another two-run edge in the 8th, but again Washington slipped in a pair in the same inning, evening it up.

Leading Detroit's assault and eventual recovery was Harvey Kuenn, who hit two doubles and two singles.

Each club blasted out 17 hits. This tied Detroit's previous high for hits this season.

Pete Runnels and Mickey Vernon each got four hits for Washington. Between Birrer and Coleman for Detroit was Al Aber, who came in during the 8th and faced two batters.

Detroit got two runs in the 1st, four in the 5th, and two in the 6th. That's when Washington went wild after getting only two runs before. Senators scored six runs on five hits and an error as Kuenn dropped a ball with two outs, scoring two players.

Tigers picked up two more in the 8th, as did Washington, and the three winners in the 9th.

Frank Lary (10-11) will oppose Ted Abernathy (3-3) tonight as Detroit plays its 2nd of a three game series against the Senators. Final game will be played Thursday.

5 Gold Cuppers Seek to Qualify in Coast Event

Lombardo Sees New Entry Hit Two Laps at 116 M.P.H.

SEATTLE (AP) — With only four days to go, five Gold Cup race entries were set to "rooster tail" the waters of Lake Washington today in attempts to qualify for the 48th running Sunday of the big hydroplane racing classic.

Guy Lombardo, orchestra leader and speedboat enthusiast, and his wife arrived last night to watch the performance of their entry, The Tempo VII.

Danny Foster, Detroit, was at the controls in two impressive runs by the New York boat yesterday, averaging two laps at 116 miles an hour, but a technicality prevented his running another lap to qualify. Three runs around the 3¾ mile course, averaging 85 miles an hour or better, are required.

Lombardo had failed to sign a liability release required by the American Powerboat Assn. to protect the sponsoring club and committee. Foster also said he wanted to hit that "magical 120" mark before he makes his official runs.

Also scheduling runs to qualify today were Stan Sayres' Slo-Mo-Shun IV and V of Seattle and the Gale IV and V, Detroit entries of Joe Schoenith. Slo-Mo-Shun V holds the official qualifying record of 111.632, set last year with Lou Fageol at the controls a few days before it went on to win the big event its 2nd time.

CHAMP 1ST TIME — First time he took a fling at the tourney, ex-PHS sports letterman Bill Pembroke, won the Vaughn Taylor Memorial golf tourney at Marshall. Playing in a field of about 100, Bill fired a pair of 36s, 2-over par Sunday, to edge Pontiac's Butler Cooper, who had 73 as runnerup. Bill was also medalist with a 9-hole qualifier of 36. Shown above with his trophies, Bill, 21-years-old, is now a sophomore at Central Michigan College, Mt. Pleasant.

Jewelers Shut Out Foes in City Softball Feature

Shaw's Jewelers continued to assert its softball supremacy in the men's city leagues with a convincing 5-0 victory over runner-up Stadium Inn in the American League headliner Tuesday night at Beaudette Park.

Percy McConner and Glenn Johnson joined pitching forces to blank the Stadium nine on just four hits. "Wimpy" took over the mound chores in the 6th inning to preserve McConner's masterful job.

Shaw's tallied single runs in the 1st, 2nd, and 3rd innings and wound up the scoring with two more in the 6th. Final runs resulted from a home run blast by Bill Mason with Vernon Keebaugh aboard.

Ed McManus hurled the route for the losers and was nicked for only four safeties. Five walks and three Stadium errors were big factors in McManus' loss. Game concluded the regular season schedule for the two teams, who now enter tournament warfare.

Lloyd Harper handcuffed Chuck & Louie's Market on three hits as Mike's Used Cars racked up a 10-0 shutout in a National loop encounter at Beaudette. Harper fanned seven batter and walked two in his mound stint while Mike's was making the most of six blows off Del Burnett and Louie Styles...

League-leading Giles Realty trimmed Shaw's Jewelers in a girl's league game at North Side. Gerry Berider twirled a three-hitter to feature Giles' comeback victory. Shaw's had a 4-1 advantage in the 3rd, but four runs gave Giles' girls a lead they never relinquished.

Avondale's girls did the bulk of their scoring in the 1st two innings to down GMC, 13-10, also at North Side. Avondale collected 10 hits and tallied five runs in each of the 1st two stanzas to put the contest out of reach.

Shaw's	111 002 0—5	4	3
Stadium	000 000 0—0	4	3

McConner, Johnson and Seay. White; McManus and D. Wilson.

TUESDAY'S STARS

PITCHING—Phil Paine, Braves, 24-year-old rookie righthander struck out six, gave just one hit in four relief innings for first major league victory in 5-3 triumph over Brooklyn.

HITTING—Joe Collins, Yankees, powered his second home run of the game in the 10th inning for 2-1 decision over Cleveland.

Don Cockell is the British heavyweight ring champion.

180 Take Part in Waterford Swim Tourney

Waterford Township Recreation Department's 4th annual swim tournament was held last Saturday at Pontiac Lake.

A total of 180, youngsters and adults, competed in 18 events to climax six weeks of swimming instruction for youths from 7-15 years of age.

Williams Lake team highlighted the tourney by winning the Inter-Lakes Swim Trophy for the 3rd straight year. Inter-Lakes trophy competition is a special feature of the annual meet.

Tournament was held in conjunction with the Recreation Department's swimming classes.

Winners were as follows:

50-yard freestyle (ages 13-14): boys—Bill Sullivan; girls—Glenda Roberts.
50-yard freestyle (ages 15-16): boys—Bob Mawhenny; girls—Gail Lapuckl.
Flutter board (ages 8 and under): boys—David Pickup; girls—Martha Baker.
Float (ages 8 and under): boys—James Scherbarth; girls—Gail Peters.
Front glide (ages 8 and under): boys—James Scherbarth; girls—Christine Harrington.
Front kick glide (ages 8 and under): boys — James Scherbarth; girls — Susan Means.
Back kick glide (ages 8 and under): boys—Eric Judge; girls—Patty Pauloff.
10-yard sprint (ages 8 and under): boys—Eric Judge; girls—Patty Pauloff.
50-yard backstroke (ages 13-14): boys—Jim Puglise; girls—Glenda Roberts.
50-yard backstroke (ages 15-16): boys—Bill Hampton; girls—Gail Lapuckl.
25-yard freestyle (ages 8 and under): boys—Eric Judge; girls—Judy Gutterman.
25-yard freestyle (ages 9-10): boys—Bob Roberts; girls—Martha Sullivan.
25-yard freestyle (ages 11-12): boys—John Sullivan; girls—Judy Mawhenny.
50-yard freestyle; men—Bruce Sias; women—Gail Lapuckl.
50-yard backstroke: men—Bill Hampton; women—Gail Lapuckl.
25-yard backstroke (ages 9-10): boys—Tom McKinnon; girls—Margaret Sullivan.
25-yard backstroke (ages 11-12): boys—Ed Kummert; girls—Kathy Kantarian.
Championship 25-yard freestyle (ages 10 and under): boys—Richard Ries; girls—Margaret Sullivan.
Championship 50-yard freestyle (ages 10-12): boys—Ed Kummert; girls—Kathy Kantarian.

Ezzard Future in Balance Against 'Hurricane' on TV

SYRACUSE, N.Y., (AP)—Is Ezzard Charles finished? Is Hurricane Jackson just a freak fighter?

The answer comes up tonight at War Memorial Auditorium and it could be "yes" in both cases.

Charles, the 34-year-old former heavyweight champ, must win convincingly over the awkward Hurricane if he is to remain a serious factor in the division.

* * *

Jackson, only 23, must prove he can handle a "class" fighter of Charles stature if he is to retain his No. 3 ranking among Rocky Marciano's contenders.

The 10-round match, to be carried on network radio and television (ABC) starting at 9 p.m. (EST) means a great deal to both men.

* * *

A slick spoiler like Jimmy Slade deflated Jackson in 1954 when he was riding high after knockouts of Rex Layne and Danny Bucceroni. Nino Valdes, the No. 1 contender at the time, dropped Jackson three times in the second round to win on an automatic TKO a year ago in Madison Square Garden.

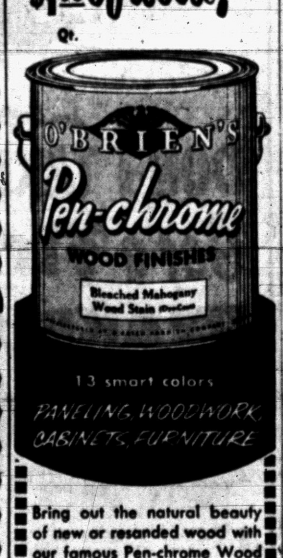

Since that disastrous evening with the giant Cuban, Jackson has won six straight, including a decision over his tormentor, Slade. However, Jackson still flaps his hands awkwardly and is vulnerable to a good body puncher like Charles used to be.

Charles is a 12 to 5 favorite but there are many who give Jackson a real chance to wear him down.

* * *

Norm Rothschild, a co-promoter with the International Boxing Club, expects about 4,000 fans to pay $16,000 to set the battle between two ranking heavies. Jackson is No. 3, behind Archie Moore and Bob Baker, and Charles is No. 6.

Lyle Phillips likes his horses. In addition to owning and training a large string of thoroughbreds, Phillips is a nationally rated polo player.

CATCHING — Lynn Ann Elliot shows, among other items, a tasty snook she landed off Miami Beach. Lynn is queen of the Miami Beach Summer Fishing tournament.

Browns to Use Veteran Players

NFL Champs Prepare for All-Star Game; Cut Squad to 43

HIRAM, Ohio (AP)—The Cleveland Browns, rounding out two weeks of training and down to 43 players, intend to use veterans most of the way against the College All-Stars in Chicago Aug. 12, Coach Paul Brown says.

And the 1955 National Football League champions have a generous supply of veterans returning—26 in all. Five of those not coming back may be missed a good deal: quarterback Otto Graham most of all; offensive halfbacks Billy Reynolds and Chet Hanulak; and linebackers Tom Catlin and Tony Adamle.

Brown has a good crop of newcomers from which to pick the replacements, and he said he did not intend to cut the present squad until after the test with the collegians. Before the NFL season opens, however, 10 of the squad he takes to Chicago must be released.

Union Lake Trims Pete's Service 9

Union Lake trimmed Pete's Service, 7-3, in a Waterford Little League softball game Tuesday night. Jim Paschke pitched for the winners and struck out 13 opponents. Union Lake's win enabled it to tie Pete's for 2nd place.

Fillmore Hardware defeated White Brothers by forfeit in a scheduled Waterford Junior League softball contest. Loss plummeted defending champion White Brothers into the league cellar.

Richie Ashburn has led the Phils in stolen bases each year since 1948.

Collins' Homers Take Care of Tribe

NEW YORK (AP) — "Well, now," said Prof. Casey Stengel, "that was more like it. But I hope it's not quite as close today. We're all liable to get ulcers."

Stengel was referring to the 2-1 squeaker his New York Yankees won from the Cleveland Indians last night on the wings of two home runs by Joe Collins and the fine pitching of Tommy Byrne.

"You know," mused the professor, whose club still is a game behind the Chicago White Sox, "when Gil McDougald got hit during practice, I fiddled around with all sorts of different lineups before I decided on one.

"Then when we were getting along around the eighth inning or so, I says to myself: 'Case, this one must be wrong. These guys are getting all sorts of hits, but they're not scoring."

Collins, the in-again, out-again first baseman, took care of that little matter when he caught one of Early Wynn's offerings and slapped it into the lower right field stands, almost the same spot he hit his first round-tripper in the first inning.

* * *

"Maybe this will get us out of our slump, beating Wynn," said Stengel. "He's a rough character."

* * *

Stengel was right about the hits. The Yanks had Wynn in hot water several times. Of the nine hits they collected, five were for extra bases. But, except for his two lapses with Collins, he always had it when the going got rough.

* * *

Manager Al Lopez of the defending American League champions, was philosophical. He appeared more annoyed at Umpire Bill Grieve than losing the game.

"That was a tough one to lose," he sighed.

But he didn't sigh when he took up the subject of Grieve, who bounced him and Coach Mel Harder in the ninth. Grieve had called a ball on a 3-2 pitch to Collins in the eighth and at the time, the walk represented the potential winning run.

* * *

Wynn, catcher Jim Hegan and Lopez all complained to Grieve. The next inning Lopez took up the battle again and he got the thumb.

"Sure, I cussed," admitted Lopez. "I was burned up. He missed the pitch."

SUMMER SKIERS — Here are 5 members of Sylvan Lake Water Ski club, who figured in a successful assault on Metropolitan Beach water skiing honors, last weekend. From left are Tommy Kindig (won junior jumping), Marcia Hickson (2nd trick and slalom), Alice (Mrs. Floyd) Shotwell (won jumps, slalom, trick, overall), Marilyn Hickson (won junior slalom, 2nd jumping and 2nd overall), Jerry Brace (won men's slalom, 3rd in trick and 2nd overall).

U.S. 'Seeds' Still Going in Eastern Tennis Tourney

SOUTH ORANGE, N. J. (AP)—The quarter-final round of the Eastern Lawn Tennis championships was scheduled to be completed today with the domestic seeded list intact.

The foreign rankings, though, were shot full of holes with Bob Falkenburg, the 1948 Wimbledon champion from Brazil No. 3; Robert Wilson of England No. 5, Alejandro Olmedo of Peru No. 6 and Ronaldo Moreira of Brazil (No. 7), all on the sidelines.

Kurt Nielsen of Denmark, top man in the foreign section, stands the best chance of gaining the quarter-finals when he tangles with Straight Clark of Pasadena, Calif.

* * *

Other top matches pit Davis Cuppers, Vic Seixas and Hamilton Richardson against respectively, Cliff Layne and Ed Kauder.

Falkenburg fell before the powerful strokes of young Sam Giammalva of Houston, yesterday, 6-1, 6-2. Hal Burrows of Charlottesville, Va., dropped Wilson, 6-3, 1-6, 6-4; Layne whipped Olmedo, 6-2, 3-1, default and Kauder, a veteran player from Los Angeles, stopped Moreiro, 6-1, 10-8.

New Minor Pilot

WINSTON-SALEM, N.C., (AP) — Aaron Robinson, former catcher with New York, Chicago and Detroit major league teams, was the new manager of the Winston-Salem Twins of the Class B Carolina League today.

Rookie infielder Ken Boyer of the Cardinals is a brother of the ex-Cardinal pitcher, Cloyd Boyer.

Sports Briefs

Cornell has won more Intercollegiate Rowing Regattas than any other school. The Big Reds have won 44 times.

* * *

Although light heavyweight champion Archie Moore was born and raised in this country, he gained his 1st reputation as a fighter in Australia.

* * *

Jim Konstanty, ace relief pitcher for the Yankees, was a four-sport star at Syracuse University — baseball, basketball, soccer and boxing.

* * *

Girls' Junior golf championship of the USGA will be held at the Florence Country Club, Florence, S.C., Aug. 15-19.

Ted Is Boston's Key Man, but Don't Forget Klaus

By THE ASSOCIATED PRESS

The torrid Boston Red Sox were the main topic of conversation in Milwaukee during the All Star breather — expecially among the American League managers, coaches and players. While almost all agreed that Ted Williams is the big man in the Boston setup, many point to Billy Klaus as the one player most responsible for making the Red Sox click.

"Klaus gives the Red Sox the shortstopping they have needed so badly ever since Johnny Pesky ran out his string," said Al Cuccinello, Cleveland third base coach. "Billy has been doing a great job, and the Boston club started to move when he moved into the shortstop berth. And he's been hitting with power he never showed before."

"Speaking of Klaus, there is one Boston player who has us wondering, broke in Al Lopez, the Indians' manager. "Frankly, we don't know ho wto pitch to this guy. How come the Giants passed up this boy when they had him with Minneapolis?"

A lot of baseball men are wondering the same thing. The Giants felt that Klaus was expendable and sold him to the Red Sox last winter after Billy had batted .280 for Minneapolis and hit 21 homers.

Detroiter Heads State Amateur Hockey Group

CADILLAC (AP)—Ralph E. Keller of Detroit was elected president of the Michigan Amateur Hockey Assn. yesterday.

Frank Walsh, Bay City, and James Lowney, Houghton, were named vice presidents. William Clements, Detroit, was elected secretary-treasurer.

The association voted to hold playoffs in the pewee, juvenile, junior and senior divisions Feb. 25-26 at Michigan Tech's James R. Dee Stadium.

Starred for Employer

Ed Krause, Notre Dame's athletic director, was one of the all-time football greats as an Irish tackle.

Actor Gene Lockhart was a top-notch athlete as a youth. In 1909 he held the Canadian one-mile swimming championship. From 1910 to 1913 he played on the Toronto Argonauts football team.

Michigan State's 2nd baseman George Smith won the Big Ten batting championship with a .485 average and the team title with a .408 mark.

PRETTY SWIFT—Mrs. Phyllis Perkins doesn't have to worry about wolves. Mrs. Perkins can outrun them. The British router is shown setting a new world record of 11 minutes, 27.2 seconds winning the two-mile team race in the Ladies Inter-Club Meet in London.

Sets Scoring Record

Chuck Mencel, most valuable player in the Big Ten conference in 1954-55, set a school mark of scoring 1,391 points during four seasons.

Playoff Series Starts Sunday in City League

Two Games Scheduled for Softball Action at North Side Park

Pontiac men's Softball League playoffs will begin Sunday and continue through Thursday, Aug. 11, at Beaudette and North Side parks.

Playoffs involve six members of the American loop—GMC, Elks 810, Riteway, Knights of Columbus, Bicmar and Ashland Flying Octane.

City tournament is a double elimination affair. The winning team will enter the Michigan Softball Association district tourney at Port Huron.

Two American League clubs, Shaw's Jewelers and Stadium Inn, will not compete in the local playoffs.

Shaw's, league champion, has other tournament ambitions, Stadium, city Class A winner, will play in the MSA district tourney at Highland Park.

Sunday night's initial action will match Elks 810 with Bicmar at 7 p.m., and Ashland Flying Octane against Riteway Softwater in the 8:30 nightcap. Both games are scheduled at North Side Park.

Winner of the Elks-Bicmar tilt meets GMC Monday at 7 p.m. at Beaudette. The Ashland-Riteway victor faces K. of C. the same night at 8:30, also at Beaudette. Losers battle it out in lower bracket games.

Doby's Fielding Near AL Mark for Perfection

NEW YORK (AP) — Cleveland's Larry Doby can set an American League record today—all he needs is an errorless performance in centerfield in the Indians' game with New York.

* * *

Doby made it 157 games without a miscue last night as the Tribe lost to the Yankees 2-1, that matched the AL mark for outfielders set by Sam Mele with Chicago and Baltimore through 1953-54.

* * *

The major league mark is 187, by D. Litwhiler of the Philadelphia Phillies in 1941-42.

Moore Starts Training for Marciano Fight

NORTH ADAMS, Mass. (AP) — Archie Moore, ambitious to dethrone world heavyweight king Rocky Marciano, scheduled a light jog along the Mohawk Trail today.

The light heavyweight champion arrived yesterday to train for his Sept. 20 meeting in New York with Marciano.

Sam Snead's Golf Clinic

Overswing and be hung!

If our player hadn't overswung I'd give him an A on his golfing form. But only the most expert player, with powerful hands and wrists, could bring that clubhead back to the ball in coordination with the rest of his swing. If the twice-a-week golfer swings as pictured here, it is 10 to 1 that some part of his swing — his hip pivot, shoulder pivot, the down pull of his arms — will not be made rhythmically.

And if any one part is ahead or behind the others at impact, the flight of the ball is going to be disappointing. Shorten that backswing.

Content yourself with reaching horizontal with wood or just short of it with long irons. Give me the precision golfer — you take the slugger! All high-handicap golfers who swing like this are either very young — and hence rubbery — or they open the left hand at the top. The first fault time will cure. The second, only the application of brains to this great game.

Scott Frost Looms as Record Breaker

GOSHEN, N.Y. (AP)—Eleven of the world's speediest 3-year-old trotters face the barrier today in the $86,863 Hambletonian Stake, and the horse with the coolest name—Scott Frost—could very well smash the record for the famous sulky derby.

* * *

As thousands of spectators jammed into this little Orange County village for the 30th edition of the harness racing classic, there were few who would concede much of a chance for anything else in the race against the California comet owned by Sol Camp.

Drivers and owners of the opposition acclaimed Scott Frost as the finest 3-year-old trotter since the immortal Greyhound won the 1935 Hambletonian.

* * *

The first mile heat of the race was scheduled at 2 p.m., EST, with other dashes to follow every hour until one horse wins two brushes. If the Hambletonian isn't decided by 3 p.m., most everyone will be mighty surprised, for Scott Frost was the fastest 2-year-old in the sport's history.

If there is one dark horse in the race, it could be Indian Raider, owned by Dave Resnick of Washington, Pa.

"It's worth $1,000 just to see my horse in the Hambletonian, and anything can happen to a favorite," said Resnick. His horse will be driven by Jimmy Arthur. The Hambletonian entrance fee is $1,000, and the winner gets 60 per cent of the purse.

* * *

Scott Frost has two other Camp horses to keep him company, Butch Hanover and Home Free. If anything is to give them trouble, the odds makers look to Galophone, owned by William T. Maybury of Dexter, Me., and Childs Hanover from the stable of Kenneth D. Owen, Houston, Tex.

"Scott Frost is a very wonderful horse," said Owen. "He's got tremendous speed. Mine is a very fine colt, and excellent trotter. We may not win, but will give them a good race."

Owen's driver is the famous Frank Ervin, who had a few respectable words for the horse he will try to beat.

"If somebody keeps whipping you, they make you get high regard for them. Don't you think Ezzard Charles has high regard for Rocky Marciano now?"

* * *

"This is the best 3-year-old trotter I've seen since Greyhound. Childs Hanover and Galophone are superior horses, and they'd win the Hambletonian in ordinary years. As a 3-year-old I'd say that Scott can trot as much as Greyhound, and I saw him hundreds of times."

Scott Frost and his mates are 3-5 in the morning line, and may even be a shorter price when the crowd of some 20,000 gets together in the predicted 90 degree sticky Goshen weather. Galophone is 4-1, with Childs Hanover 6-1.

Others in the field are Leopold Hanover, Mrs. Charlotte De Van, Hanover, Pa; Colbymite, Leo C. McNamara, Indianapolis; W yahead, Gainesway Farm, Lexington, Ky.; Flemington, Arthur Brown, New York and Arvilla Hanover, Roger Brown, New York.

The race will be described on radio (CBS) with a combined recording 5:15-5:30 p.m. EST, while various television networks will film the race for viewing later in the evening.

Rabbits Most Popular Game

Lead Pheasants, State Check Reveals, by Big Margin

LANSING (AP) — Rabbit and pheasant are still the two most popular species with Michigan hunters although the kill dropped slightly last year, state conservation department reports.

Annual summary of postcard polls and hunter reports showed that 1,115,000 pheasants and 1,430,000 rabbits were taken last year.

The previous year, 1,126,000 pheasants and 1,634,000 rabbits were bagged.

Hunters took 570,000 fox squirrels 474,000 ducks and 395,000 ruffed grouse. These figures compared with 684,000 squirrels, 489,000 ducks and 700,00 grouse the previous years.

Last year's report showed firearm hunters also took 67,000 deer, 205,000 snowshoe hares, 96,000 raccoons, 54,000 gray squirrels, 54,000 coots, 55,000 woodcock, 23,000 geese, 1,200 bear, 21,000 red foxes, 3,700 coyotes, 700 bobcats and about 20,000 prairie chickens and sharptailed grouse.

Agajanian Signs Again

NEW YORK — Ben Agajanian, 36-year-old placement kicking specialist and the National Football League's fifth highest point scorer last season, has signed his 1955 contract with the New York Giants. Agajanian, who lost the toes on his kicking foot in an accident, scored 75 points in 1954 on 35 extra points and 13 of 25 field goal tries.

Yogi Berra led AL catchers in double plays three years.

Crites, NSSA Prexy Shoots Perfect 50

Chester Crites, Detroit, OCSC member and current head of National Skeet Shooting Association, turned in the best round of Sunday's shotgun activities at OCSC's fields. Crites carded two straight rounds of 25 each for a consecutive 50x50.

A number of other OCSC skeeters fired 25s in the weekend shooting including Homer Coss, E. Graf, J. Garman, and Bob Thiefels.

Eight Count Mandatory

A boxer who is knocked down in a bout must take a count of eight under NBA rules which were adopted in 1948

Willie Miranda, Orioles shortstop, made 11 errors in his first 24 games.

Reverse Cooperation

Farmer, Hunter 'Shake' Should Work Two Ways

By MORT NEFF

On Aug. 28, in Lapeer, a goodly group of farmers have invited sportsmen to join them to discuss plan for fall hunting on the farm lands constituting good game cover. This can certainly be a step forward in improving farmer - hunter relations—but where the answer lies nobody knows.

NEFF

A few months ago this column carried a story suggesting that farmers ask interested sportsmen to stop by the farm for a Saturday or Sunday visit, during which time the sportsmen might help out on a few easy farm chores, and there are lots of them at this time of year.

Thus the priviledge of hunting on said farm would be more willingly extended, come shooting season.

Representatives of farmer organizations subsequently appeared on the state-wide TV show "Michigan Outdoors," endorsing the plan, together with a representative of the Detroit Sportsmen's Congress, largest organization of its kind in the state.

Up to this point, all was serene, and it began to look as if we all might be on the right track.

Then came a provocative bombshell from a group of eight farmers living in Elwell. The letter, composed by Gayle Mallory, revealed an entirely new angle to the situation. We quote from the letter: ". . . Speaking for at least the local farmers, We do not have signs threatening prosecution for trespassing, nor do we refuse hunters who ASK permission to hunt.

However, just let us trek up to the north woods this fall, and the same people who advocate farmer cooperation, and who own property with a cabin or lodge think it's an unpardonable sin to let these farmers hunt on their property!"

Mr. Mallory's interesting letter concludes: "I'm only writing this because the situation is getting out of proportion, and if farmer cooperation is desired for small game hunting, perhaps farmer cooperation in reverse should be stressed for big game hunting in the north!"

11-Pound, 4-Ounce Bass Near Record

LANSING — Big Black Bass Beea Biting.

Conservation department offices have received field reports of several big largemouths taken recently, one of which threatened the 11 pound, 15 ounce Michigan record set in 1934.

Harry Nuoffer of Holt was reported to have taken the biggest of the recent catches, an 11-pound, four-ounce granddaddy, from Sheets Lake in Gregory state game area.

Other catches include two 8¼ pound largemouths, one taken by Bud Weal of Kalamazoo, the other by Dick Strong of Fowlerville.

Plays 3,165 Golf Links, Decides Record Is Safe

By THE ASSOCIATED PRESS

Ralph Kennedy is going to let his record of having played 3,165 courses all over the world stand. The Winged Foot Golf Club marathon golfer is through galvanating all over the world in search of golf courses and is satisfied that his collection of attested score cards isn't going to be topped by anyone in the immediate future.

Over a stretch of 40-odd years, Kennedy has played about 8,000 rounds of golf and spent over $35,000 on his hobby as an itinerant golfer. Kennedy had no notions of traveling all over the world following a little white golf ball when he took up the game. His ambitions were humble enough, he merely wanted to break 100.

A story about an English actor, Charles Fletcher, having played 204 different golf courses inspired Kennedy to top that figure. Once he got started, there was no stopping him. Kennedy would very likely be on his way to some foreign land seeking a course he hadn't played but for the fact that an operation on his eye a couple of years ago forced his retirement from the game.

The 73-year-old Kennedy is most proud of his 3,000th score card which he picked up at the world famous St. Andrews course. The card, signed by the Royal and Ancient officials, has been presented to the American Golf Museum.

JACK IN BATTER'S BOX—Jack Phillips appears to be staggering up to the plate in a comic routine Actually the Detroit Tigers' first baseman is pulling away from a close pitch.

Oldest '54 Archery Deer Hunter Was 84

LANSING (AP) — Just for the record: Michigan's oldest archery deer hunter during the 1954 season was William H. Osborn, 84, of Manistique.

The conservation department reported earlier this year that Joseph Gatzen, 78, of Baraga was the oldest archer last year.

Hearing the report, Osborn wrote the department to set the record straight.

Osborn, who bagged his 1st deer with a shotgun in 1892, killed deer in 1951 and 1953. Last year, he says he wounded one, but it got away.

Trio in Select Circle

Only Babe Ruth, Hank Greenberg and Jimmy Foxx have hit 50 or more home runs during a single season in the American league.

FUEL ON FLY — As the Ciro Race caravan rolled through Ancona, Italy, toward the Adriatic Coast, Fausto Coppi — look, Mario, no hands! — sprayed concentrated vitamins into his mouth from a squeeze-it plastic bottle. The laps of the big grind that wind through the Alps were ahead, so the Italian ace needed all the nourishment he could get.

Solunar Tables

Schedule of solunar periods, as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory during these times, if you wish to find the best sport that each day has to offer.

Major periods begin at the times shown and last for an hour and a half or two hours thereafter. Minor periods are of somewhat shorter duration.

Guardsmen Set for Encampment

Advance Party Leaves Today to Prepare Site at Grayling

Officers and men of Pontiac's two National Guard units today were poised for a mass troop movement to Camp Grayling where they will join more than 8,700 other citizen - soldiers of Michigan's 46th Division Saturday for an intensive two weeks of combat and field training.

An advance party from both the 107th Ordnance Company and Company M, 125th Infantry, left this morning for the northern Michigan camp to prepare living and training facilities.

Company M's 101 officers and men and the 107th's 83 have been equipped fully, and are ready for the trip. Vehicles and weapons were given last-minute cleanings and adjustments.

The 107th is commanded by Capt. Carl G. Yarling Jr. while Company M, a heavy weapons unit of heavy machineguns, mortars and recoilless rifles, is under the leadership of Capt. A. J. Largent.

While at camp, both units will receive training in all phases of warfare, including simulated battle conditions which will comprise the main portion of the million-dollar program.

During off - duty hours, members of the "Iron Fist" Division will be offered every available recreational facility the camp has to offer.

Softball, volleyball, bowling and swimming are on the list of organized athletic activities, according to spokesmen of the local units. Motion pictures will be shown every evening.

Medical facilities will be available at the camp's new field hospital staffed by a corps of Guard medical officers.

The units will return home Aug. 20.

Governor Election Close in Mississippi

JACKSON, Miss. (AP)—Four candidates for Mississippi governor stepped on each other's heels early today as vote counting reached the halfway point in the first Democratic primary election.

A runoff election Aug. 23 is certain.

The top two vote getters in yesterday's primary may not be known until late today. Long ballots in all counties slowed returns.

All candidates promised Negro children never would enter white schools in Mississippi. They disagreed on how they would be kept out.

Hammarskjold Never Doubted Fliers' Release

MALMO, Sweden (AP) — U. N. Secretary General Dag Hammarskjold said Tuesday that he "really never for a moment doubted" that the 11 American airmen held by Red China would be released.

He said he was gratified by the Chinese Communist announcement yesterday that the fliers were being freed and would reach Hong Kong Thursday. Smiling, he described the announcement as a "somewhat delayed gift" for the 50th birthday he celebrated here last Friday.

He flew to Red China early this year to seek the release of the men after the U. N. called for such action. He has since been negotiating with the Chinese Communists through diplomatic channels.

President Eisenhower yesterday praised his efforts.

The secretary general left Sweden by plane today for Geneva to attend the International Atomic Energy Conference later this month.

She's Hit With Bat but Is Struck Out

SANTA MONICA, Calif., (AP) — Mrs. Bernice Troyan accused her husband Joseph of striking her with a baseball bat, but when the time came to testify against him she wouldn't.

Result: She was held in contempt, fined $200 and placed on probation for two years yesterday by Superior Judge Orlando H. Rhodes. The couple was estranged when she charged that her husband struck her when she refused a goodnight kiss. They're reconciled now, which means that Troyan is responsible for his obligations including the fine.

Held in Dope Charge

LOS ANGELES, (AP) — Louis Colonna, 53, brother of comedian Jerry Colonna, has been sentenced to six months in jail for possession of marijuana. The court denied Colonna's request for probation.

Death of Crown Prince Rupprecht Recalls Bavarian Royalty's Grandeur

STARNBERG, Germany (AP)—Crown Prince Rupprecht, a nobleman who wanted to be king of Bavaria, died yesterday at 86.

His eldest son, Prince Albrecht, 50, succeeds him as pretender to the Bavarian throne, which fell in Germany's socialist revolution of 1918.

Prince Rupprecht suffered a heart attack over the weekend. His two sons and five daughters were at his beside when the end came. A family priest administered the last rites of the Roman Catholic Church.

* * *

Church bells tolled for an hour and the Bavarian state government ordered flags on public buildings lowered to half staff.

Millions of Bavarians, including thousands of diehard followers who called him "King Rupprecht," mourned his passing.

To them Rupprecht, a field marshal in World War I and a foe of Hitler in the Third Reich, was a symbol of the good old days.

Rupprecht was a member of the House of Wittelsbach, which ruled Bavaria more than seven centuries.

Despite the 1918 upheaval, Rupprecht maintained that a true German federated state had room for a re-established Bavarian kingdom.

In 1953 several thousand nostalgic Bavarians gathered in Munich for the first public celebration of his birthday since 1918.

Last year his birthday was marked by 10 days of celebrations. Crowds sang "Heil, Our King, Heil," and special services were conducted by the Evangelical, Greek Orthodox and Russian Orthodox churches.

The dapper old crown prince, tall and white-mustached, opposed the Nazis from their rise in the early 1930s until their downfall in 1945.

* * *

During the steamroller elections of March 1936, when 98 per cent of the electorate voted for Hitler, Rupprecht was one of 1,005 Germans who refused to vote.

Storm troopers called at his house, but he stood firm. He further defied them by refusing to fly a flag from his housetop.

When the 1944 bomb plot against Hitler failed, Rupprecht's wife was sent to the Buchenwald concentration camp and his eldest son was arrested, but Rupprecht evaded the Gestapo. He finally gave himself up to Allied troops in Italy.

Rupprecht was married twice, first in 1900 to Marie Gabrielle, daughter of Duke Charles Theodore of Bavaria. She died in 1912 and Rupprecht married her cousin, Princess Antoinette of Luxembourg, in 1921. That marriage ceremony was performed by the papal nuncio to Bavaria, now Pope Pius XII.

Married Priests Blasted by Monk in Blood Letter

SEOUL (AP)—Some 770 unmarried monks and nuns today watched a fellow celibate slash his finger and write a blood letter to President Syngman Rhee to protest the continued presence of married priests in South Korean Buddhist temples.

The blood-writing ordeal, which covered 400 words, ended when the priest, Soh Koo San, collapsed from loss of blood.

Soh was carried from the floor of Chogesa temple in Seoul, where the outnumbered celibate faction is holding a national Buddhist priests' convention.

The government earlier had ordered the 5,000 married priests and nuns out of the temples by June 30. But most of them ignored the order and ROK officials have been hesitant to use force.

Wool from the musk ox does not shrink like that from a sheep.

The only thing my husband ever makes in the evening is a beeline for the television set!

Chevrolet-Ford Battle Raging

High Pressure, Tie-Ins Spread as Dealers Vie for Sales Leadership

By DAVID J. WILKIE
AP Automotive Editor

DETROIT (AP)—The auto industry's retailers have their outgoing model cleanup job in full swing but 1955 models still are pouring from the assembly lines. In many instances production tops that of any like period in industry records.

* * *

Chrysler Division, Lincoln and DeSoto have started retooling for the forthcoming 1956 models. Meanwhile the remainder of the industry is maintaining high volume production in the face of increasing sales resistance.

The car makers say sales resistance is traditional at this season. They are telling their retailers it can be broken down by increased sales efforts. Some dealers say they can break it down only with greater price concessions, free accessories or other profit slashing inducements.

Surveys indicate giveaway programs are spreading to more marketing areas. Some industry authorities predict they will be as commonplace within the next few weeks as they were in the 1953 and 1954 model cleanup operations.

High level production in the face of record-smashing retail inventories near the end of a model year is not customary in the auto industry. Responsible for that situation right now is the toughest competitive battle in industry history among the larger volume producers.

BITTER BATTLE

In this group are Chevrolet and Ford, battling for first place and Buick and Plymouth, fighting for third place in production and sales. More than 63 per cent of the industry's over-all output and almost that much of its sales are concentrated in these four companies.

The industry never has known anything as bitter as the Chevrolet-Ford battle for first place. Both are planning important styling changes for their 1956 lines, but no major engineering changes that would hamper a quick switchover to the new models.

Because of the keenness of the battle between these two major producers each is expected to lose as little time as possible in changing over to 1956 assemblies. Present planning indicates both Chevrolet and Ford cars will be in dealers showrooms in October.

BUICK BUILT

Buick which already has built more than 500,000 passenger cars this year, apparently is headed for its biggest year. Some sources say its 1955 sales total will exceed 700,000. Plymouth may reach the half million production mark within the next week or 10 days.

Earlier predictions that the 1955 sales total will exceed 6½ million units appears to still be good. That retail delivery volume would mean a factory output of something like seven million.

And an industry production total of that magnitude will mean new output records by most of the car makers.

* * *

The industry's present production record is 6,665,863 passenger car assemblies in 1950. In only one other year has car output exceeded six million. That was 1953 when 6,112,749 cars were completed.

Chevy July Output Was 211,284 Units

DETROIT (AP)—Chevrolet division of General Motors built 172,017 cars and 39,267 trucks in its U.S. plants in July.

The combined car and truck total was only 160 units under the record mark set in May of this year.

The division reported that with its July volume the total for seven months this year came to 1,110,960 cars and 237,230 trucks.

Ford, pressing Chevrolet for top place in production and sales, reported its January1July output included 1,038,837 Ford cars and 220,854 Ford trucks.

In the first seven months of 1954 Chevrolet built 882,889 cars and 208,949 trucks; Ford produced 865,598 cars and 189,138 trucks.

Electronics Association Holds Meeting Tonight

Oakland County Electronics Assn. will hold its regular monthly meeting tonight at Scrib's Restaurant. A business meeting will follow dinner at 7 p.m.

The program will include a discussion and demonstration of transistor design and application in telephone amplifier and associated electronic and communication fields. Neil Schneidenbach of Bell Telephone Co. will conduct the program.

Artificial Moonlight Project Under Study

U.S. Navy Photo from United Press

SAUCER CLOUDS — Mother Nature apparently became interested in the issue of flying saucers when she whipped up these unusual saucer-like cloud formations over Marseilles, France. The photo has just been released by the U. S. Navy.

Special Vapors Burn Brightly

Scientists Will Eject Gas at High Altitude From Test Rockets

LONDON (AP)—A British scientist said today American scientists will try to create "artificial moonlight" 60 miles above the earth during experiments in New Mexico, probably next month.

Prof. D. R. Bates made the statement in disclosing that British scientists are considering the same experiment, which involves release of sodium vapor from high altitude rockets.

* * *

Bates is a member of the department of mathematical physics at Queen's University, Belfast, who will lead one of five university groups taking part in British rocket research programs. He worked for six months in 1950 at the California Institute of Technology.

Bates said the American experiment will probaby be tried by the Americans on Sept. 6 or 7 in New Mexico.

There are difficulties in releasing the sodium vapor. Boiling of the metal to release the vapor has been suggested but it has proved troublesome, he declared.

* * *

"The Americans may release a grenade from a rocket which, on exploding, would vaporize the metal," Bates said.

The upper atmosphere contains about one part in a billion of sodium which produces a great deal of the light in the air, he explained, and by greatly increasing the amount he believed the "full moon" effect would be created.

He considers the experiment would provide much information about the winds at extreme height, the temperature of the atmosphere and the chemical reactions going on in it.

The Royal Society, the leading body of British scientists, disclosed that Britain is entering the field of exploring the earth's upper atmosphere with high altitude rockets.

* * *

Until recently known Western research in the field has been done exclusively by American scientists. But the British announcement added that a similar program also has been started in France.

Britain's high-altitude rockets will be distinct from the small earth satellite which the United States announced last week it planned to send into outer space to revolve about the earth for scientific observations.

The British program, to be carried out by the Ministry of Supply, aims at developing within two years rockets capable of carrying 100 pounds of scientific instruments up to heights of 120 miles or more.

* * *

The Royal Society, Britain's leading scientists, said since the United States first sent instruments into the upper air in 1946 with captured German V2 rockets, "steady progress has been made and many interesting results have been obtained. The greatest height reached so far has been 240 miles."

News in Brief

William Brewer, 23, of 2900 St. Clair, pleaded innocent to reckless driving yesterday when he was arraigned before Springfield Township Justice Emmett J. Leib. He was released on $100 bond pending examination.

Charged with driving under the influence of liquor, Nina Morris, 54, of Detroit pleaded innocent yesterday when arraigned before Springfield Township Justice Emmett J. Leib. She was released on $100 bond pending examination.

Pleading guilty before Municipal Court Judge Maurice E. Finnegan yesterday, Paul M. McDonald, 29, of 51 Hillside Dr., paid a fine of $50 for reckless driving.

Vehicle Output for GM in July Totals 433,944

DETROIT (AP) —General Motors Corp. has reported that production of 433,944 passenger cars and trucks in U.S. and Canadian plants during July brought the year's production to 2,892, 576, highest seven months total in the company's history.

Chrysler Corp. reported, meanwhile, it produced 103,146 cars and trucks in July, bringing the year's output to 951,215. Chrysler built 55,751 in July of 1954 and produced 482,471 units in that year's first seven months.

GM built 282,142 units in July a year ago and 2,139,161 in the first seven months of 1954.

Of GM's July output 380,563 were passenger cars and 53,381 trucks. Of Chrysler's total, 8,501 were trucks.

Pontiac production in July totaled 48,710 units, compared to 26,022 a year ago. The July figure brought Pontiac's 7-month total to 361,020. GM Truck and Coach July output was 9,663 units, bringing the 1955 total to 61,521.

Teenagers Receive Fisher Body Awards

DETROIT (AP)—Teenage designers from Ohio and Washington copped top awards of $4,000 scholarships in the 1955 Fisher Body Craftsman's Guild Model Car competition.

The two first place winners, together with seven other scholarship winners and 33 regional winners in the national competition, were saluted last night at a banquet here commemorating the guild's 25th anniversary.

Miltog J. Antonick, 19, of Mt. Vernon, Ohio-walked off with the $4,000 scholarship in the Seniors Division. Now a sophomore at the University of Dayton, he was runnerup in 1954.

Thomas F. Greene of Medina, Wash. won an identical award in the Junior Division. Value of the nine scholarships was $21,000.

James E. Goodman, General Motors Corp. Vice President and General Manager of Fisher Body, made the awards.

Selection was based on craftsmanship, originality and practicality of car designs. All nine winners qualified for membership in the body by Fisher Hall of Fame.

18,000 Notified to Join Union

GM Sends Out Order as Suit Is Filed to Test Union Shop Provision

DETROIT (AP)—Eighteen thousand non-union production workers are receiving notices from General Motors Corp. that they must join the CIO United Auto Workers by Aug. 26 or face dismissal from their jobs.

The GM-UAW contract signed early in June provided for a full union shop. This requires all employes to join the union within 90 days. Heretofore, GM employes who were not union members when a modified union shop agreement was negotiated were not forced to join the union.

As the GM "join the union or else" notices went out, a court suit was filed in Indianapolis challenging the legality of the union shop provision in Indiana.

GM employes are exempted from the provision in 18 states with so-called "right-to-work" laws forbidding closed or union shops. The UAW exempts persons whose religious beliefs prevent them from joining.

Only about five per cent of GM's 350,000 production workers are not union members.

200 REPRESENTED

The court suit was filed by Attorney George Rose in the name of V. R. Smith, an employe of the GM Allison Division in Indianapolis, and in behalf of some 200 other non-union GM employes at Indianapolis and at the Delco Remy Division at Anderson, Ind.

The suit does not question the layoff pay provision of the contract under which workers would receive 60 to 65 per cent of take-home pay up to 26 weeks during periods of unemployment.

NOTICE TO CONTRACTORS

Sealed proposals will be received at the Office of the Waterford Township Clerk, Waterford Township Hall, 4995 W. Huron St., Pontiac, Michigan until 8:00 p.m. (E.S.T.) of August 15, 1955 at which time the bids will be opened and read by the Clerk and the rate for the following items noted:

Construction of water mains in Hillcliff Ave. from Elizabeth Lake Rd. to Shaddick St.

Shaddick street from Hillcliff Ave. to Cass Lake Rd.

Hillcliff Ave.
- 4,000 lin. ft. of 6" water main
- 6 Hydrants—complete
- 6—6" gates and wells

Shaddick St.
- 900 lin. ft. of 6" water main
- 2 Hydrants—complete
- 2—6" gates and wells

All pipe to be either Mechanical Joint Cast Iron or Transite Ring Type. Bids must be itemized alternately: (1) Labor and material furnished by contractor, (2) Labor only furnished by contractor.

The plans and specifications for this work may be examined at the office of the Waterford Township Clerk, 4995 W. Huron St., Pontiac, Michigan, or a copy may be obtained by making a deposit of $5.00 which will be refunded upon their return in good condition.

A certified check for a sum not less than 5% of the amount of the proposal will be required with each proposal as a guarantee of good faith, and the same to be subject to the conditions stipulated in the instruction to bidders.

The right to accept or reject any or all proposals and to waive defects in proposals is reserved by the Waterford Township Board.

LOUIS G. BARRY,
Waterford Township Clerk.

To Alberta Thompson Smith, mother of said child.

Petition having been filed in this Court alleging that the present whereabouts of the mother of the said minor child is unknown and the said child has violated a law of the State and that said child should be placed under the jurisdiction of this Court.

In the name of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Court House in the City of Pontiac in said County, on the 16th day of August A.D. 1955, at two o'clock in the afternoon, and you are hereby commanded to appear personally at said hearing.

It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in the Pontiac Press a newspaper printed and circulated in said County.

Witness, the Honorable Arthur E. Moore, Judge of said County, this 29th day of June, A.D. 1955.

Seal ARTHUR E. MOORE
A true copy Judge of Probate.

Early Stocks Move Ahead

NEW YORK (AP)—The stock market moved up today at the opening.

Yesterday's market was slightly higher after going through a day of irregularity. The previous day, the market dropped.

The Associated Press average of 60 stocks yesterday was up 30 cents at $173.90.

Prices at the start today ranged from around a point lower to major fractions higher.

Electric Auto Lite, yesterday's fourth most active issue up 4¼, opened today on a block of 2,000 shares off 1¼ at 51¼.

Rhodesian Selection Trust, yesterday's most active issue up ½, started today on a block of 7,000 shares unchanged at 6⅝.

Grains Advance in Hot Weather

CHICAGO (AP)—Grains advanced on the Board of Trade again today as the hot, dry weather continued throughout the Midwest. Soybeans and corn were up the most.

Dealings were active. Commission houses bought in both the corn and soybean pits. Brokers believed, also that there was a good deal of short covering going on in both cereals.

It was again strictly a weather market with wheat, rye and oats advancing largely in sympathy with the strength in corn and soybeans.

Wheat near the end of the first hour was ⅝ to 1 cent higher, September $1.99¼; corn 1½ to 1⅞ higher, September $1.39¼; oats ¼ to ⅝ higher, September 62; rye 2 to 2½ higher, September $1.01¾; soybeans 1½ to 2¼ higher, September $2.31½, and lard unchanged to 5 cents a hundred pounds higher, September $10.60.

Kelvinator Milestone

GRAND RAPIDS (AP) — The 15,000,000th major appliance, a combination refrigerator and home food freezer unit, was recorded Monday in ceremonies at the Kelvinator division of American Motors Corp.

India estimates that there are a million cases of leprosy in the country.

Pontiac Deaths

Mrs. Edward Chisolm

Funeral for Mrs. Edward (Beatrice) Chisolm, 56, of 161 Branch St. will be Friday at 2 p.m. from Trinity Baptist Church of which she was a member. The Rev. L. W. Miner of Macedonia Baptist Church will officiate and burial will be in Kirkwood, Mo. The body is at the Frank Carruthers Funeral Home.

Born in St. Louis, Mo., June 24, 1899 she was the daughter of Mr. and Mrs. John Bullock. She came to Pontiac from there 31 years ago and married Mr. Chisolm here in 1938.

She is survived by a brother, Theodore of St. Louis.

Car Insurance Rates Reduced

Pontiac Charges Drop From $3 to $6.00 for Private Auto Owners

LANSING (AP) — Two separate reductions in automobile insurance rates, both effective today, have been announced by the State Insurance Commission.

New rates and premiums for automobile material damage, effective on a statewide basis, will save Michigan policy-holders approximately $4,181,000 annually, Joseph A. Navarre, state insurance commissioner, reported.

The comprehensive private passenger premium revenue for automobile material damage has been reduced over 20 per cent, Navarre said. The reduction varies in territories from about eight per cent to as much as 26 per cent.

Private passenger $50 deductible revenue has been reduced approximately 11 per cent, varying from territories from four per cent to 19 per cent.

The $100 deductible private passenger collision premium revenue has been reduced apin from four per cent to 18 per ing from four per cent t o 18 per cent in various territories.

Collision premiums have been reduced 13 per cent where a woman operator under 25 years of age is neither the owner nor principal operator.

Private passenger collision premiums where a driver under 25 has completed a recognized driver training course have been reduced 10 per cent.

Reductions ranging from $3 to $6 apply to all private passenger car classifications in Pontiac and vicinity. Reductions of $2 to $4 have been approved for the Battle Creek, Jackson, Kalamazoo, Lansing and Muskegon and their territories and for North Muskegon and Parma.

City Automotive Trade Group Holds Outing

Some 300 Pontiac Automotive Trade Assn. members and guests attended the organization's annual outing yesterday at Indianwood Country Club.

Dinner, at which association president Fred Walker spoke briefly, followed an afternoon of golf.

U. S. freight car loadings in 1954 were 11.6 per cent lower than those of 1938.

Dow Chemical Votes 25-Cent Dividend

MIDLAND (AP) — Dow Chemical Co. directors has voted a quarterly dividend of 25 cents a share and approved continuance of an employe stock purchase plan started in 1948.

Directors also approved a stock option plan for key employes to be voted upon by shareholders Aug. 24.

The dividend, paid in the last quarter and in the similar 1954 qu

It's Rugged Walking Texas' Wetback Beat

LONESOME COUNTRY — "You never get bored sitting at a desk," Border Patrol inspectors say of their job. Here two of them walk their desolate beat on Rio Grande levee near El Paso, Tex.

ON BORDER — Patrol inspectors check passing car at road block near McAllen, Tex. More rugged duty includes hiding out along a river path waiting for "wetbacks" to appear.

WASHINGTON (NEA)—As midnight approached, two men trudged along a narrow path beside the Rio Grande River near El Paso, Tex. The full moon threw a dazzling reflection on the murky water and silhouetted their cautious progress.

* * *

Suddenly a light flicked 150 yards away on the opposite shore. With it came the familiar whine of a bullet. Then the report of a rifle shot in the still night.

As Edgar Niebuhr dove to the ground and felt the gritty sand smack against his cheek, he wondered, "What am I doing in this outfit?"

It was his first assignment as a member of the U.S. Border Patrol, and a sniper had nearly picked him off. Since that July evening in 1940 Niebuhr has had other close calls. In 1950 a bullet ripped through his hip missing the bone and probably his life by a fraction of an inch.

OUTDOOR WORK

Yet he believes that working for "this outfit" is a fine way to earn a living. "It's rugged, outdoor work with plenty of excitement," explains Niebuhr, who is now senior patrol inspector at McAllen, Tex. "You're never in a rut or get bored sitting at a desk shuffling papers. And you're doing an important job for the government."

* * *

This is the kind of man the Immigration and Naturalization Service is looking for today to fill an unlimited number of openings in the Border Patrol.

"We need young, vigorous men who like the outdoors and can handle themselves in any situation," says the commissioner of the service, Joseph M. Swing.

Since he was appointed to the top post in May, 1954, Swing has taken some radical steps. At that time Mexican laborers were illegally swarming across the Southwest border of the U.S. at the rate of more than 3,000 a day, or approximately two every minute. These "wetbacks" came in quest of comparatively high wages paid to agricultural workers in Texas and California.

750-MAN FORCE

To get at the heart of this critical problem, Swing ordered a highly mobile 750-man task force organized. During June and July, which is the peak of the employment demand in Texas and California, this legion carried out an extensive

The mop-up netted more than 450,000 "wetbacks" who were taken far into the interior of their own country by the Mexican government. Jeeps, trucks, planes and radio equipment were used in this semi-military operation.

Today the situation is under control, according to officials at Washington headquarters of the Border Patrol. Only 300 "wetbacks" a day are attempting to cross the border. But it is emphasized that able men are badly needed to keep up the ranks of the Patrol, which numbers roughly 1,400 officers.

* * *

It's a rough, two-fisted job to guard this 1,600 mile border from Brownsville, Tex., to San Diego, Calif. The terrain is mostly a drab, sandy wasteland and during the summer months the sun is scorching. A desperate "wetback" can be troublesome and dangerous. In addition, smugglers, crooks, other foreigners and subversives attempt to slip across this vulnerable line.

HARD TASK

A Border Patrol inspector must be equipped to take on various assignments. Perhaps one of the hardest is "laying-up." This means hiding out along a path from a river or irrigation canal and waiting for a "wetback" to appear.

"It's no fun on a cold night," says Niebuhr, "You can't talk, smoke or hardly breathe. But men are doing it every night."

"Sign-cutting" is another important task. By picking up such telltale signs as foot-prints in the sand, cigarette butts, or the remains of a hastily eaten meal, officers along the border track down illegal entrants. Then the trail has to be followed until the quarry is found.

Other of the more essential duties include checking farms, ranches and industries for "wetbacks" and maintaining roadblocks at all border points.

QUALIFICATIONS

Age limits for appointees are from 21 to 31 for non-veterans and 21 to 35 for veterans.

Applicants for the Border Patrol must be at least five feet eight inches tall, weigh not less than 140 pounds and be in top physical condition. For six to eight weeks prospective officers attend the Border Patrol Training School at El Paso.

They are crammed with courses ranging from court procedure to jujitsu and first aid. The men must also have a good working knowledge of Spanish, know the elementary rules of evidence and be able to handle firearms and do fingerprinting.

During the first year probationary period inspectors are paid $3,795. Then they receive $4,205 annually with opportunity to compete for positions to a top salary of $11,800.

Spires of Mont Awe Visitors

Saint - Michel Shrine Tourist Mecca Since Early Times

PARIS—Across the flat Atlantic sands where Normandy becomes Brittany, the lacy spires of Mont-Saint-Michel float in the sky like a mirage.

Since the Middle Ages, men have flattered this island pyramid with such phrases as "Marvel of the West" and "Mecca of Western Christianity." U. S. troops during the war compared this same towering, church-crowned rock to Shangri-la, to a Castle in Spain and to a Disney fairy-tale.

Whatever the analogy, Mont-Saint-Michael is without doubt one of the most remarkable sights in Europe.

As a government-operated monument, the ramparts, houses, towers and turrets of Mont-Saint-Michel have been carefully preserved by Gallic architects. Many of the 12th Century buildings have been repaired, and the crumbling pillars and giant staircases have been strengthened.

CONSTRUCTION BAN

A ban forbids new construction on the Mont, but a mile-and-a-quarter causeway was built from the shore to the base of the Mont, allowing for auto traffic even at high tide. The modern causeway came only after centuries of wet feet, for previously the Mont was accessible exclusively to those who risked a walk across the exposed wet sand. Unlike the old Druid priests, bishops and kings who snatched up their robes to pick their way among the salt puddles, today's pilgrims can reach the ramparts in comfort.

The unique position of the Mont has enabled it to withstand attacks through the centuries. In the 12th Century it took the side of the Duke of Normandy, then King of England. Guy de Thouars, an ally of the King of France, attacked, but found the Mont impregnable. Two hundred years later, the English tried to storm the fortress, but were driven back by a mere handful of Normans who had taken refuge there. The invincible rock was even used to mount anti-aircraft artillery during the last war.

As early as 708 A.D. Aubert, Bishop of Avranches, built a sanctuary on the tiny island in honor of the Archangel Michael. On this site the first Benedictine monastery was begun in 966, when the Mont became a mecca for the devout of the region. Even today the immense Abbey built by a few dozen monks staggers modern engineers.

The religious refuge became a fortress, defended by nature and the genius of its builders. Corridor after corridor and hall after hall have resulted in a maze of dark chambers where modern pilgrims, unescorted by a guide, often become lost for hours.

Today, however, there are dozens of guides ready to lead visitors through the ancient sanctum. Steps are worn smooth on the grand staircase which leads from the base of the town up to the steep level of the church on top.

The Mont is set in three distinct tiers on the rocky island. Just above the water are the ramparts, thick granite supports for the massive walls; next, the clustered houses, clinging to the ancient stone like barnacles; and then the buttressed arches, towers and turrets of the Abbey, tons of stone soaring into the sky.

Clock Watcher Is Paid!

SAN DIEGO, Calif. (AP)—A former navy man, Orin Benson, found that watching the clock was just what his new boss wanted. He hired out to work with a motion picture cast, filming scenes of a movie called "Battle Stations" aboard the U.S. aircraft carrier Princeton. His job was to make sure that sequence and times matched in scenes showing clocks.

British See Need for More Atomic Science Students

LONDON (INS)—The rapid expansion of Britain's industrial atomic energy program is threatened by an acute shortage of scientific manpower.

Dire warnings are being sounded by top atomic scientists like Sir Francis Simon, professor of Thermodynamics at Oxford University, that large-scale developments will require "very much more" scientific and technological manpower and "no serious steps are being taken to remedy our shortcomings."

This critical situation is reflected in the position in the research and development branch of the United Kingdom Atomic Energy Authority's industrial group.

* * *

The director of the branch, Leonared Rotherham, recently disclosed that there are at present only about a tenth of the intermediate grades — principal sceintific officers whose salaries range from 1,200 to 1,750 pounds—necessary to carry out the nation's 10-year program for the construction of 12 atomic power plants.

"We are facing five critical years," he declared.

"The problem of getting the right type of staff is being aggravated by the demands made by industry."

African Trader Says Mau Mau Subsiding

SAN DIEGO, Calif. (INS) — K. van der Griete, a Nairobi importer-exporter, declared during a San Diego visit that the Mau-Mau terror in Kenya is "drawing to an end."

The Kenya business man said that the native uprising currently is confined to the forest region north of Mount Kenya. He declared:

"The number of killings and murders actually perpetrated by the Mau Mau will not be known for some time."

Death Notices

CHISOLM, AUGUST 1, 1955, MRS. Beatrice, 161 Branch St. age 56; dear brother of Theodore Chisolm. Funeral service will be held Friday, August 5 at 2 P.M. at Trinity Baptist Church. New Steward of CBS Music Hall Tells Why He Prefers Radio

By CHARLES MERCER

NEW YORK (AP) — Mitch Miller prefers radio.

Miller is a bearded, literate, articulate, oboe-playing selector of hit records and connoisseur of fine art who recently was tendered the stewardship of CBS radio's Music Hall Sunday evenings. Judging by audience reaction, he is rendering a fine stewardship.

* * *

Sit in a quiet restaurant with Miller and he says things like: "As soon as the movies got in trouble they began going adult. The same thing had happened to radio since television got it in trouble. Radio — the best of it — has gone to the solid adult audience because there was nowhere else for it to go."

What does he mean by "adult"?

Take music, says Miller. Do you enjoy music more on the radio or television?

* * *

Generally on the radio, you say, but you've never figured out exactly why. Is it because the visual image of an orchestra on the screen distracts?

Nonsense, says Miller. The visual image of an orchestra in Carnegie Hall doesn't distract when you attend a concert.

"Music," he says, "is sound. On television today, because of the money involved, nobody pays much attention to sound when an orchestra goes before the cameras. In preparing for the orchestra's appearance they're concerned about lighting and cameras. When lights and cameras are right they yell, 'that's all.' They don't want to have to pay for all those high-priced technicians standing around while an orchestra rehearses."

But for a half-hour radio show, says Miller, a good orchestra will prepare with a three to four-hour rehearsal.

"Another element is that TV sets usually are made with small speakers that don't reproduce sound well. The emphasis is all on image."

Miller, a native of Rochester, N. Y., and graduate of its Eastman School of Music, is a classical oboist of the first rank and director of popular artists and repertoire with Columbia Records.

Treasurer Refuses Bill for Guide Book

LANSING (AP)—The State Administrative Board has balked at paying the state's share of the Southeastern Michigan Tourist Association's vacation guide book because competitive bids were not obtained from pripters.

The Board ordered payment delayed until the association could come in Aug. 9 and explain its "failure" to obtain bids.

The Association bought 32,500 guide books from the Speaker-Hines Printing Co. of Lansing at $11,455.

A state law requires the state to pay 80 per cent of such advertising published by the regional tourist groups.

State Treasurer Sanford A. Brown said the Association reported Speaker-Hines Co. stored forms and cuts for the guide book during the year at a savings to the organization and that its quotation for this year's guide was lower than last year's.

Brown said this explanation was "not satisfactory."

Committee Will Plan Boy Scout Camp-Out

The planning committee for the Clinton Valley Council Boy Scout Camp-Out will meet at 8 p.m. tonight at Camp Agawam, said Ed Leland, council executive.

The Camp-Out is scheduled for Sept. 23 through 25, and will mark the first such scout activity in recent years. General Chairman for the program and tonight's meeting is Kenneth Sanderson, Council vice president.

Representatives from Pontiac, Macomb, Manito and Ottawa scout districts will be present for the talks, Leland said.

Advise State Examiners on Driver License Issue

LANSING (AP)— Over the objections of the State sheriffs' Association, a special study committee is expected to recommend that Michigan set up a system of state-appointed driver license examiners.

Leslie Silvernale, chairman of a committee appointed by Secy. of State James M. Hare, told the State Safety Commission that the committee had delayed a recommendation to hear the sheriffs' views, but that there was strong sentiment on the committee recommendation at its next meeting.

The commission was told that Michigan is the only state which still permits motorists to be licensed by examiners appointed by local police and sheriffs.

Silvernale, a Michigan State College professor, said the committee was "Shocked at some of the horrible things taking place in some counties."

Alpena Limestone Center

ALPENA (AP) — The nation's largest source for limestone is the claim of the lower Great Lakes area, following the reopening of the Stoneport quarry of the Presque Isle Corp. an investment of 15 million dollars. The quarry is one of several in the area shipping limestone to the nation's steel plants.

'Disneyland' Wins Award for 'Best Television Show'

NEW YORK (INS)—Television's two big "D's"—Disneyland and Dragnet — have harvested more laurels with announcement of Billboard magazine's 1955 film program and talent awards.

The 502 network executives, sponsors, advertising officials and film company representatives voting in this years poll found:

1. ABC's "Disneyland" the best TV film program.

2. Jack Webb, star of NBC's "Dragnet," television's best actor.

3. Loretta Young, star of her own NBC show, the best actress in television.

As is Disney's usual fate, his "Disneyland" swept additional poll honors which acclaimed it, among other things, the best effort toward raising the cultural standards of film programming.

'MEDIC' TOO

NBC's "Medic" was voted the film series offering the greatest public service and Robert Cummings, star of the "Bob Cumming's Show" on NBC was named the best performer in a film series which debuted last season.

Honors for top non-network shows went to ZIV television's "I Led Three Lives," starring Richard Carlson; Thomas Mitchell, star of MCA's "Mayor of the Town," voted best non-network actor and Betty White, star of "Life With Elizabeth" best non-network actress.

The award-winning network show, as compiled by the Billboard poll listed the folowing top categories:

Adventure — CBS' "Lassie"; Comedy—NBC's "Bob Cummings Show"; Dramatic — NBC's "Medic"; Mystery — NBC's "Dragnet"; Westerns — NBC's "Roy Rogers Show"; Master Tommy Rettig, the youngster who stars in the "Lassie" series, also won one of Billboard's top-actor awards.

SHE'S LOADED — Chicago TV Actress Anne Silvestri is worth a fortune, what with all the jewelry in her possession — temporarily. Her valuables consist of: A purse of matched pearls and diamonds worth $40,000, an 1,100-grain pearl necklace worth $100,000, a $2,500 bracelet, a $3,500 ring and $3,500 earrings. They were all on display at the National Jewelry Fair in Chicago.

Young Mother in Dilemma

Airman May Lose Wife on Return to America

CISCO GROVE, Calif. (AP) — A thin 20-year-old girl today faced the biggest decision of her life: whether to return to the airman husband she thought was dead or stay with the man she married later and loves.

"I knew it was coming, but I didn't know when," said Mrs. Alford Fine, who at 17 wed A.2.C. Daniel Schmidt, of Cour D'Alene, Idaho, and bore his son after he left for overseas.

* * *

Now she is the wife of a husky 21-year-old logging camp tractor operator. They live in a small trailer a few miles from this tiny highway town in the High Sierra.

Only Monday she learned that Schmidt is one of 11 American airmen due for momentary release by the Chinese Communists after 2½ years of imprisonment on spy charges. He went overnseas 37 months ago.

She's flying to meet Schmidt when he arrives in this country. With her will go her 2½-year-old son Danny, a dark-eyed youngster who has never seen his father.

* * *

"I honestly don't know what I'm going to do," she told a reporter. "Naturally, I'm tickled he is returning. Whatever I decide, the decision will be my own."

She said she married Fine two months before learning from the Air Force that her husband was alive and well as a war prisoner.

"I made a mistake," she said, "but isn't everyone entitled to one mistake?"

Mrs. Fine said she had never been officially told that Schmidt was dead. She received notification only that he was missing somewhere in Korea.

"I thought he was dead. You know how some prisoners die in prisons or are never heard from again . . . I didn't know."

And she indicated Schmidt doesn't know of her remarriage when she said:

"I think it's better to come home and find your wife is happily married than to come home and find she's been running around with everybody."

* * *

Of Schmidt, she says: "I loved him very much. After all, he is the father of my child. But I was only with him a few weeks before he went overseas."

Of Fine: "We're very happy. I don't like it up here in the woods but he's been a good husband and I love him."

Fine himself says little about the strange situation.

"We met and we fell in love. Thats about all there is to tell," he said. "Her happiness means more to me than anything. We talked it over and it's my wife's decision."

Shoot One Prisoner in 58-Man Jail Riot

SAN ANTONIO, Tex., (AP) — Ten officers shot one prisoner to death and injured four others last night in quelling a 58-man jail riot.

The bloody outbreak was the Bexar County Jail's second abortive riot in a week. The first, on July 26, took three hours to break up. Last night's was stopped in 30 minutes.

Sheriff Owen Kilday, a brother of Rep. Paul Kilday (D-Tex), wept as he told of firing the fatal bullet into Rudolfo Escobedo, 27, as the riot flared to a climax about 9 p.m.

"I saw him fall," Kilday sobbed. He said he fired in self-defense. Escobedo, he said, was brandishing a large tray and refused to put it down as the sheriff ordered. Kilday said when Escobedo started to throw the tray at him, "I shot him."

Fliers in St. Clair Crash Identified by Air Force

MT. CLEMENS (AP)—Capt. John R. Brownlow, 31, of Atlanta, and Capt. Carl H. Markley, 35, of Urbana, Ohio, were the two men aboard a T33 jet trainer which crashed into Lake St. Clair Monday, the Air Force disclosed.

The two officers, both World War II fliers, were reported missing during a thunderstorm which hit the area shortly after their plane had taken off on a routine training flight from Selfridge Air Force Base.

Parts of the plane were recovered by rescue crews several hours later about three miles off shore. The bodies o f the two fliers have not been found.

He Got the Cat

CHULA VISTA, Calif. (AP) — A U.S. Navy seaman came to the rescue after others had failed to end a five-day tree sit by a yowling cat. Kaleopa Tavai went up the 40-foot tree barefooted with ease, a trick he learned in his native Samoa.

Bulgaria Admits Jets Shot Plane

Vows to Punish Those Responsible for Deaths of 58 in Crash

LONDON, (AP)—Communist Bulgaria admitted today that two of her fighter planes shot down an Israeli airliner last Wednesday.

It said it would "discover and punish those responsible for the catastrophe."

All 58 persons aboard the airliner, including 12 Americans, were killed. The plane, which had gotten off course, crashed just north of the Bulgarian-Greek border.

* * *

The broadcast gave this account of the downing of the airliner, as determined by an official government commission composed of three Cabinet ministers and the attorney general:

"In all, the aircraft flew some 200 kilometers (about 125 miles) over Bulgarian territory," about 80 miles off its course over neighboring Yugoslavia.

An air defense command post received news that an unidentified foreign aircraft had entered Bulgarian air space. The command post ordered two fighters to pursue the aircraft and "compel it to ground on any one of our airfields."

* * *

The Bulgarian fighters warned the plane "through the established international signals" to follow them to an airfield, but the Israeli plane did not reply.

"The fighters, seeing that the offending aircraft intended to make off, opened fire against it as a result of which it caught fire and crashed in the neighborhood of Petrich."

An explosion followed, demolishing the aircraft, and all 58 aboard perished, the statement said.

The Communists contended that the Israeli plane had modern navigation instruments and "could not fail to see" it had violated the frontier as well as disregarded the warnings from the Red fighters.

The announcement again expressed the profound regret of the Bulgarian government and people for the disaster and the "death of innocent people" and said the Red regime ardently hopes such a dicaster will not recur.

The bodies of 43 of the 58 crash victims arrived in Istanbul by train today from Sofia. Two Israeli military planes and a civilian plane were waiting at Istanbul to fly the bodies to Israel.

An Israeli consulate spokesman in Istanbul said arrangements were being made in Bulgaria to ship the bodies of the other 15 victims, who were not Israeli nationals, to their own countries for burial.
