State Traffic Deaths Soar to Highest for Year

Experts Gather at MSUO Seminar

HOW TO EDUCATE ADULTS? — Michigan State University Oakland Saturday called these five outside experts for advice on setting up an adult education program. They are (from left): Dr. Paul A. McGhee, director of the Adult Education School, New York University; Dr. Cyril O. Houle, professor of adult education, University of Chicago; Dr. Harry and Bonaro Overstreet, husband-wife authors and lecturers; and Robert Blakely, vice president of the Fund for Adult Education.

Ford Reports Record Profit

DETROIT (AP) — The Ford Motor Co. made a record first quarter profit of $134,800,000 this year — a return greater than its entire 1958 earnings. This was equal to $2.46 a share.

Henry Ford II, president, announced the figures yesterday. For all of last year, when car sales in general slumped, Ford's net income was $116,200,000.

Sales of passenger cars, trucks and tractors were 36 per cent above the 1958 first quarter, Ford said.

Ford was the first of the car industry's "Big Three" to report first quarter earnings.

OTHERS UP TOO

On the basis of production and sales reports for 1959 model cars, both General Motors and Chrysler also are expected to show improved financial pictures.

Ford's $134,800,000 January-March net compared to $29,800,000 or 55 cents a share for the first quarter of last year.

The company said its consolidated net sales for the first three months were $1,475,300,000 as against $1,095,800,000 for the same period last year.

This year's first quarter was second high in Ford's history for any quarter. It was exceeded only by the $136,700,000 earnings of the second quarter of 1955, the auto industry's best profit year.

The previous first quarter record was the $107,000,000, or $2.01 a share, of 1955.

Recently Ford restored its 60 cents a share common stock dividend. The dividend was cut to 40 cents for the second and third quarters of last year.

FINAL QUARTER BLACK

Last year Ford lost $28,600,000 during the second two quarters but had a profit of $115,000,000 in the last quarter.

Ford said its first quarter earnings came from sales of 565,512 passenger cars, trucks and tractors, a 36 per cent gain over last year's first quarter total sales of 415,598.

Passenger car sales were 466,077 as against 348,396 for last year. Truck sales were 82,548 as against 60,029. Tractor sales were 16,887 as compared with 15,179.

The company said the current financial report represents a new accounting system including equities and net income of previously unconsolidated subsidiaries and foreign branches.

Ford said that under its previous system it would have reported a first quarter net income of $126,600,000 or $2.31 a share compared to $22,700,000 or 42 cents a share last year.

Jammed Roads Bring Toll to 14 This Weekend

Fire, Drownings, Other Accidents Take 8 More Michigan Lives

By The Associated Press

Fourteen persons died in accidents on jammed Michigan highways Saturday, pushing the state's weekend traffic fatality count to the highest of the year.

A two-car collison Saturday near Bay City claimed five lives.

Four of the victims, Drs. Albert W. Farley, 67, and Newton J. Dobson, 61, both Bay City dentists; Daniel White, 31, of Saginaw, and Henry Grant, 41, of Flint, died at the scene of the collision on U.S. 23.

The fifth victim, Bay City attorney Arthur J. Kinnane, 59, died early Monday of injuries suffered in the accident.

Two small children also died in a home fire, four persons drowned and two persons were killed in miscellaneous accidents, bringing the weekend accidental death toll to 22.

Janet O'Jennus, 16, of Mohawk was killed Sunday night when the car in which she was riding failed to make a curve on U.S. 41 three miles north of Calumet and ran into a ditch.

Ekey Leverich Jr., 29, of Grand Rapids, was killed Sunday when the car in which he was riding went off a curve on M37, near Grant, and struck a tree.

Fred Erndt, 15, of Birch Run, killed Saturday when his bicycle was struck by a car on a county road south of Frankenmuth.

James A. Wood, 34, and Wanda Dilworth, 23, both of Flint, killed Saturday in a car-train collision at a crossing in Flint.

Rex Smith, 9, of Hillsdale, killed Saturday when the car in which he was riding went off M43 west of Osseo in Hillsdale County.

Kenneth J. Neve, 39, of Lansing, killed Saturday when his car went off M57 five miles east of Greenville in Montcalm county.

Robert Wilson, 21, of Lansing, injured fatally Saturday when his car went off a rural road 7½ miles east of U.S. 27 in Clinton County and overturned.

Jenese McCloskey, 4, of St. Clair Shores, killed Saturday night when she was struck by a car while playing in front of her home.

After two months of miracle driving by Michigan motorists, the traffic toll has climbed steadily since March. The previous high for the year was 11 killed in the weekend ending March 29.

Washington 'Boaring' to Highbrow, 8

WASHINGTON (AP) — In the opinion of some sage observers of the going-on hereabouts, Master John Smith, age 8, of Waterbury, Conn., takes a sound view of Washington.

A lot of it is pretty "boaring," he finds.

John, son of Mr. and Mrs. Edmund S. Smith, wrote his impressions for Rep. John S. Monagan (D-Conn) after a recent trip to the capital.

John quickly picked up the Washington habit of name-dropping (like "seniter Dodd"), displayed a sensible apathy toward "inportent buildings" and suffered usual difficulties with view-blocking adults.

★ ★ ★

But let John report on a scene familiar to millions of Americans (spelling and pronunciation are those of the young author):

"First we went to the Smithoion Insttood, that was very interesting. Then we got to go to the Pan American Union, that was very intersting too. I'm not sure that I know the next one but I think it's the National Gallary of Art.

"Then we went to the U. S. Capital and that was boaring. Then we went to the hotal.

"What a boaring day!

★ ★ ★

"Next day we took a lemoseen, and went to all the inportent buildings, like the Senate Office Building. And next day we left!

"Among the other things we saw and did was the Jefferson Mamorial, and inside that was the statue of Thomas Jefferson and some statements he made.

"And most of all the Lincoln Mamoria and in it was the statue of Licoln. And on the wll was the Gettyburgs Address, and another statement he made.

★ ★ ★

"And I went in the White House but I couldn't see white all I could see was feet.

"And what I forgot to menchen was that I saw in the Smithonion first plane to cross the Atlantic Ocean. And theres one other thing I did not mension was about the doom of the unknone Soldger and the changeing of the gards, (that was interesting).

"And most importent of all was I eat dinner with Seniter Dood, and Congressman John Monogon."

$15,000 Bank Shortage Found

Woman Faces Charge of Embezzlement at Orion Institution

A Lake Orion woman today faced a charge of embezzlement stemming from a $15,000 shortgage uncovered in the records of the former Lake Orion State Bank.

Mrs. Edith A. Sumner, 28, of 284 W. Clarkston Rd. was to be arraigned in Federal District Court in Detroit this afternoon.

★ ★ ★

The Federal Bureau of Investigation, which is handling the case, said it would make its own audit of the bank's books to verify the shortage.

The shortage was uncovered Saturday, said A. C. Girard, president of Community National Bank, where Mrs. Sumner was employed as a bookkeeper.

Girard said that the funds were embezzled from the Lake Orion bank from 1951 to October 1957, when the bank merged with Community National and became its Lake Orion branch.

Mrs. Sumner was head bookkeeper of the Lake Orion bank during the time the shortages occurred, said Girard.

CLAIMS CONFESSION

Thomas J. Gerapy, district FBI head, said that a warrant against Mrs. Sumner may be forthcoming this afternoon.

Gerapy said the woman confessed the embezzlement Saturday, when Community National asked the FBI to enter the case.

Girard said the funds were embezzled through Mrs. Sumner's own checking account.

He said she issued checks in relatively small amounts for cash or in payment for purchases, then charged them off on other customer's accounts.

DOUBLE RECORDS

At month end, he said, Mrs. Sumner would manipulate the books and issue month-end statements to customers that didn't reflect the losses.

The shortages were discovered through a routine check by the bank's auditing department, which

MSUO Advised to Program for 'Age of Learning Society'

By MAX E. SIMON

World civilization stands on the threshold of a golden age, the "Age of the Learning Society," five of the nation's top authorities in adult education agreed Saturday.

The specialists participated in a day-long seminar on adult education at Michigan State University Oakland, offering advice on how the fledgling institution should set up an academic program for adults.

"For the first half of our century, we have been living in an age of anxiety," said Dr. Paul A. McGhee, director of the Adult Education School, New York University.

"Now the world approaches an exciting new era, the 'Age of the Learning Society.'

GEAR FOR TOMORROW

"Your university must gear itself for this tomorrow," McGhee told MSUO officials.

Adult education, he said, will play an increasingly important role in the future of world citizenry.

"With increased stress on adult education will come a new dimension of education," McGhee predicted, "for adults will be taught to question the facts of existence."

Other members of the panel were Dr. Cyril O. Houle, professor of adult education at the University of Chicago; Dr. Harry and Bonaro Overstreet, husband-wife authors and lecturers; and Robert Blakely, vice president of the Fund for Adult Education.

Dr. Houle warned the university against what he called "taking the easy way out" in its adult education program.

KEEP STANDARD HIGH

"Offer work which is at a university level," he said. "Don't fill the curriculum with routine service courses."

★ ★ ★

The Chicago professor advised MSUO to maintain close ties with its parent university, Michigan State University.

Instructors hired by MSUO will be busy working with day students, Houle said and MSU faculty members could be employed for night students.

MSUO, he also pointed out, will be an ideal place for MSU academicians to do research.

★ ★ ★

One of the important responsibilities of the MSUO faculty, Houle said, will be to indoctrinate young students to continue to learn for the rest of their lives.

"Too often," Houle declared, "this plea for continuing education is made only over the wriggling bodies of graduating classes at commencement exercises."

MUST ATTRACT

He said that more professional men continue their educations than liberal arts students do.

"If you can attract students into continuing their liberal arts work after graduation, you will have performed a great service," Houle said.

The Overstreets, authors of the best-seller, "What We Must Know About Communism," said adult classes should give the students "a chance to think about things he's not supposed to think about—the mysteries of life."

★ ★ ★

Mrs. Overstreet said two different groups in the world are today bidding for the spirit of man, the "Explorers and Deplorers."

She said "Explorers, as Colum-

Armada of Ships Set for Passage

Mass at Montreal for Historic Initial Trip Through Seaway

MONTREAL (UPI)—An armada of ocean-going freighters formed in the Montreal area today ready to make world shipping history by being among the first to transit the 130-mile St. Lawrence Seaway to the Great Lakes.

Port officials declined to tip their hand on which would be the first ship through the initial lock near here. They also gave no hint of its nationality.

The government icebreaker D'Iberville, carrying Transport Minister George Hees, Canadian and U.S. legislators and newsmen, will lead the multi-nation fleet through the waterway system Saturday.

A large proportion of the 53 saltwater ships berthed along the 10-mile Montreal waterfront today was expected to head up the seaway after unloading or loading here. More than a dozen other ships that already have cleared Montreal were anchored off Lanoraie, 30 miles downstream, waiting for the April 25 opening.

A third group of 26 ships was reported by the Federal Transport Department's signal service to be in the Gulf of St. Lawrence bound for Montreal.

MANITOWOC, Wis. (UPI) — Keel laying ceremonies were held today at the yards of Manitowoc Shipbuilding, Inc., for Inland Steel's new ore vessel, "Edward L. Ryerson," the largest ship ever designed for the Great Lakes ore trade.

The ship, sixth in the Inland fleet, is scheduled to be completed in time for the 1960 season. It will carry a top cargo of 27,000 gross tons and will travel at almost 17 miles an hour when loaded.

Resume N-Ban Talks, Ike Asks Khrushchev

GENEVA (AP) — President Eisenhower has made a personal appeal to Soviet Premier Nikita Khrushchev to take the nuclear test suspension talks out of their present deadlock, it was disclosed here today.

The disclosure of Eisenhower's personal appeal came at a time when there was increasing speculation that the whole problem of a nuclear test ban might be taken up during the foreign ministers conference opening in Geneva May 11.

Say Suspect Improved

Quiz Due in Area Slaying

Oakland County Sheriff's Detectives today hope to question Mrs. Sarah Sue Lawrence, 32-year-old Berkley mother, held in the slaying of a Clarkston woman Saturday.

Mrs. Lawrence, of 2652 Oxford St., was described as "improved" at St. Joseph Mercy Hospital today where she remains under police guard.

She suffered a bullet wound on the leg in a struggle following the shooting of Mrs. Wyvona D. Crenshaw, 33, of 6230 Snow Apple Dr., Clarkston, who had married the former boy friend of Mrs. Lawrence, David Crenshaw, 26, last January.

Detectives believe the motive behind the fatal attack was jealousy. Mrs. Lawrence admitted shooting the Clarkston woman when State Troopers talked to her briefly at the hospital Saturday, a spokesman at the Pontiac Post said.

Sheriff's Detectives Leo Hazen and Marion Bauman, in charge of the investigation, said they were unable to take a statement from Mrs. Lawrence Saturday or yesterday due to her incoherent condition, brought on by shock and sedatives given her.

The Berkley woman, they said, was going to enter Mercywood Sanatorium, near Ann Arbor, Saturday afternoon voluntarily for treatment of an emotional disorder.

HAD HEAD INJURIES

"She had suffered head injuries in an auto accident at Northwestern Highway and Shaffer road on Jan. 1, 1957," said Hazen. "According to her husband, Wayne, she had acted strangely and shown signs of mental and emotional

Ike Asks More for Astronauts

$45 Million Sought to Speed Up Program on Manned Rocket

AUGUSTA, Ga. (UPI)—President Eisenhower today asked Congress for a supplemental appropriation of $45,000,000 for the National Aeronautics and Space Administration to speed the first manned flight into space.

The supplemental request for fiscal 1959, anticipated in the fiscal 1960 budget message, covered activities authorized earlier this year by the House and Senate.

Of the total, $20,750,000 will be used for further research and development for early achievement of manned space flight.

A larger item of $24,250,000 was asked for construction and equipment for the improvement of facilities at the jet propulsion laboratory in Pasadena, Calif.; for improvement of "local tracking range and communication facilities" of this country, and for facilities required to develop a single chamber rocket engine with a single thrust of 1,500,000 pounds.

FLAMES COVER ROOF — Wind-whipped flames spread along the roof of the North Avenue beachhouse in Chicago before firemen arrived to bring the blaze under control. The fire, on Lake Shore Drive along Lake Michigan, created a giant Sunday traffic jam which took 90 minutes to unravel. The building was being readied for the coming swimming season.

Winter's Motto for This Week: 'Never Say Die'

Plans for spring family outings may have to be put aside for a while, reports the weather man. Temperatures are expected to average 10 to 12 degrees below the normal 55 to 61 high and 34 to 40 low for the next five days.

Occasional light snow or rain mixed with snow is the forecast for tonight. The low will be near 35.

Tomorrow will be cloudy and continued quite cool with a high of 46.

Precipitation will total three to five tenths of an inch, occurring mainly Friday or Saturday as rain, probably accompanied by snow.

In downtown Pontiac the lowest temperature recorded preceding 8 a.m. was 36. At 2 p.m. the temperature reading was 49.

Australians Flock to Graham's Crusade

SYDNEY, Australia (AP) — Evangelist Billy Graham rested today at a vacation beach 25 miles north of Sydney after a strenuous opening week in his local campaign.

He will hold his next meeting at Sydney showground Tuesday night.

The opening week of Graham's four-week Sydney crusade has broken attendance records for similar missions in England and the United States, organizers said.

One official said attendance totaled 257,500 in Sydney during the first eight days, with about 17,000 decisions for Christ.

Sallade Rapped for 'Betrayal'

Elliott Scores Fellow Republican for Filing Income Tax Bill

Arthur G. Elliott Jr., chairman of the Republican Committee of Oakland County, today condemned Rep. George Sallade (R-Ann Arbor) for "betraying Republican principles and the taxpayers of Michigan" by proposing a graduated income tax bill.

★ ★ ★

"This action to soak the taxpayers of our state for $140 million a year in new taxes . . . without even so much as a thought to streamlining and reorganizing our state administrative departments so that efficiency and economies could be enforced . . . is reprehensible.

"It is inconceivable to me that any man interested in sound, efficient government designed to serve all the people could introduce a bill of this kind.

"Oakland County Republicans have publicly taken the position that any additional taxes should be temporary in nature, until such time as a thorough study of state government indicates a positive need for continuation of these taxes.

"This move has all the earmarks of political expediency. Mr. Sallade apparently is more interested in seeing that his name is kept in the limelight than in seeing that the people receive a fair tax shake."

bus did, open up new vistas. They break the pattern of the commonplace and make it strange.

"It is disastrously easy to sound naive if you are an explorer. It is almost fatally easy to sound profound if you are a deplorer," she warned.

She said more adults are turning to education because they "sense the important role thrust upon the United States in today's world crisis."

★ ★ ★

Learning, Blakely said, was once a body of facts preserved by the Church, universities and libraries.

"We're beyond facts now," he said. "Learning has shifted from a static to a dynamic force."

He urged MSUO administrators to insist upon instructors continuing their education.

"I'd have them do two papers yearly," he said, "one in their field and another in a subject they know nothing about."

Blakely said parents of students should be encouraged to study, "to keep up with their children."

★ ★ ★

The seminar was moderated by Mrs. William T. Gossett, chairman of the MSUO Foundation's Continuing Education Committee. Other policy-making seminars have been held in the fields of teacher education, business administration, liberal arts and engineering.

Although the university won't open its doors officially until September, night courses under the auspices of MSU are presently being offered on campus.

Arrest Tony Galento on Gambling Charge

ORANGE, N.J. (UP) — Tony Galento, former heavyweight boxing contender, was arrested at his home today on a charge of maintaining a gambling house.

Acting on a neighbor's complaint, police said three patrolmen raided the ex-boxer's house at about 2 a.m. and broke up a card game.

Galento, 49, was released on $100 bail. He listed his occupation as actor.

A. N. STEELE

Soda Company Magnate Dies

A. N. Steele, Husband of Joan Crawford, Is Heart Attack Victim

NEW YORK (AP) — Soft-drink magnate Alfred N. Steele, husband of actress Joan Crawford, is dead at 57. He died in his sleep of a heart attack early Sunday at their lavish penthouse, just off Fifth Avenue.

Miss Crawford found him dead in bed about 9:30 a.m. He had gone to bed around midnight, commenting he felt unusually tired. Miss Crawford was placed under a physician's care.

★ ★ ★

In 10 years with Pepsi-Cola, Steele introduced radical changes that tripled sales. He was board chairman and executive officer of Pepsi-Cola at his death.

Steele and Miss Crawford eloped in May 1955. She described their marriage as more exciting than some of her screen roles. It was his third and her fourth.

After the marriage, Joan, now 51, dropped her career and shared his life as a busy executive. "Ours is a husband and wife team," she said. She once estimated they had flown 125,000 miles around the world.

Steele was born in Nashville, Tenn., and attended Northwestern University, Evanston, Ill.

A onetime advertising salesman for the Chicago Tribune he was an executive of the Standard Oil Co. of Indiana, Detroit manager of the Columbia Broadcasting System, and an advertising executive before joining the Coca-Cola Co.

He was first vice president of Coca-Cola when he went over to Pepsi-Cola in 1949. In his 10 years with the company profits increased almost 10-fold—from $1,200,000 to $11,500,000-and sales went from 4 million to 136 million dollars.

★ ★ ★

Steele would have been 58 Friday. He had just finished a whirlwind six-week business trip with Joan, and they were to leave today on a 10-day vacation to Jamaica.

Mill Workers Ratify 1-Year Pact at Rally

HENDERSON, N. C. (UPI) — The nearly six months long textile strike which rocked this cotton mill town in a din of dynamitings officially ended yesterday.

Two locals of the striking Textile Workers Union of America overwhelmingly voted in favor of a one-year renewable contract at a mass rally.

The contract will be signed today by Harriet-Henderson Cotton Mills and TWUA representatives.

The first of some 950 members of the TWUA who have been on strike for the past 23 weeks returned to work today.

Russians Deny Corridor Patrol

No Air Watch on Link Between Berlin, West Germany; U.S. Concurs

BERLIN (AP) — The Soviet Embassy denied today that Russian MIG fighters have begun regular patrols in the air corridors linking isolated West Berlin and West Germany. There was a similar denial from American officials.

The Soviet embassy issued its statement in East Berlin after reports circulated abroad that a Soviet fighter squadron had been assigned to patrol West Berlin's air lifelines.

"This report is not true," said J. W. Beburov, the chief Soviet spokesman. "There has been no change in the air corridor situation on our side. The only change has come from the American side."

The Russian was referring to U.S. insistence that its Air Force planes have the right to fly to West Berlin above the Soviet-specified 10,000-foot ceiling.

Soviet MIGs have buzzed three U.S. Air Force transports within the last four weeks when they flew at altitudes above 10,000 feet, which Moscow claims must be reserved for Communist aircraft crossing the corridors.

The United States holds that its new turboprop transports operate more efficeintly at higher altitudes and will be dispatched to Berlin at high altitudes whenever necessary.

strain since the accident," he explained.

Her husband also disclosed that she had taken an "overdose of sleeping pills" and was hospitalized in March 1958. The Lawrences, who have a nine-year-old son, Wayne Jr., had been separated, officers said.

According to investigators, David Crenshaw met Mrs. Lawrence a year ago when he owned a gas station in Berkley near her home, and they had gone out together on several occasions.

Crenshaw then met his future wife late last summer. "He said they fell in love and decided last fall to get married in January," Hazen disclosed.

"Crenshaw had seen Mrs. Lawrence shortly before the marriage and asked her not to bother him. He said she was jealous," Hazen added.

The Lawrence woman had reportedly called the Crenshaws and "pestered" them several times since then, according to Mrs. Bessie L. Singleton, 54, mother of Mrs. Crenshaw. The couple lived with Mrs. Singleton.

Detectives said the gun used in the shooting, a .25 caliber automatic pistol, is being sent to the State Police Laboratory in Lansing, for ballistics tests. It was not registered, detectives revealed.

5,000 Sightseers Jam Estate

Macmillan Flees Visitors

CHELWOOD GATE, England (UPI) — Prime Minister Harold Macmillan abandoned his home and family for more than an hour yesterday when 5,000 sightseers jammed into the family estate to see how the other half lives.

"I don't mind opening my house, but I'm not opening myself," Macmillan remarked testily after an agile citizen made a bee-line for him through the family daffodils and tried to buttonhole the Prime Minister.

The man wanted to know when Macmillan's Conservative party planned to call the general election but Macmillan escaped the questioner.

"This is, after all, my day off," Macmillan told a friend.

The Prime Minister, dressed in country tweeds and cap, grabbed his friend's arm and headed for the woods, leaving behind his wife, his daughters and 10 grandchildren to cope with the traffic jam.

★ ★ ★

Lady Dorothy, Macmillan's wife, said she was "absolutely delighted" at the turnout.

Entry cost to the estate was one shilling (14 cents) which Lady Dorothy donated to her favorite charity, one for retired district nurses.

It cost the sightseers another shilling to wander through the house where the jaunty white fur hat Macmillan wore on his recent trip to Moscow captured the most attention.

Next popular attraction in the absence of the Prime Minister was a big elk head on the wall that Soviet Premier Nikita Khrushchev gave to Macmillan.

"He doesn't really like this sort of thing," Lady Dorothy said of her husband and the trophy.

★ ★ ★

Macmillan finally returned to the house after the sightseers began trailing him through the woods.

The Prime Minister sneaked in through the servants' quarters, took off his muddy shoes, put on his bedroom slippers and walked past the guests to the privacy of his own room.

'60 Vote Suggested on Probate Judge

The Oakland County Board of Supervisors next Monday will be asked the question: Should county voters decide at the November 1960 election whether a second probate judge be added.

★ ★ ★

The Legislative Committee of the Board this morning overlooked Democratic cries of "politics," and in minutes decided the question should be left up to voters.

However, it will be up to the 83 supervisors first to approve putting the hotly debated question to a vote.

Should supervisors approve calling the election, and voters say yes to the second probate judge, Oakland County would be assured its first Democratic probate judge since 1938.

STILL WILLIAMS MAN

This despite several protests made by Democratic supervisors that Republican supervisors were stalling on the question hoping Gov. Williams would be out of Lansing when the appointment came up.

★ ★ ★

"One thing they overlooked," a committee member pointed out, "is that even if the governor doesn't seek re-election in 1960, he still would hold office after the election (until Dec. 31, 1960) and thus make the appointment."

The governor's appointee would take office Jan. 1, 1961, under present plans.

VOTERS PICK IN '62

The appointee would hold office for two years through 1962. It would be in the November election of that year that voters would pick a judge.

John G. Semann, Berkley supervisor in charge of the GOP-dominated Legislative Committee, refused to let the question of a second probate judge become embroiled in politics.

"The concensus is that 1961 is as soon as we'll need a second judge," Semann said, "so we're moving along on that premise. Now it's up to the full Board of Supervisors to decide whether the question should be submitted to voters."

Even if the county needed a second probate judge immediately, nothing could be done under the present legal setup, he pointed out.

So to help lessen the big load on Judge Arthur E. Moore, a Republican in office since 1938, supervisors last week approved the addition of three persons to his staff, including a lawyer-clerk.

Six Deaths Laid to Weather

Snow Covers Plains Area

By United Press International

A giant snowstorm, which dumped up to nine inches from the northern Rockies across the north central plains, eased off Monday to snow mixed with rain in the upper Midwest.

South of the snow, a clash of cold and warm air masses triggered damaging thunderstorms and high winds.

At least six deaths Sunday were blamed on the weather, four of them in Illinois and one each in Wyoming and Oklahoma.

Don Taylor, 20, of Sallisaw, Okla., was killed when he was struck by lightning while feeding livestock. A woman was killed near Green River, Wyo., when her husband's car skidded on snow and struck a bus carrying 27 students. In Illinois, two priests and a woman were killed in a collision on a rain-slicked highway near Effingham, and a similar crash near Crossville killed a woman.

The spring snow created hazardous driving conditions in parts of Nebraska, South Dakota, Wyoming, Montana and Colorado. The heaviest accumulations fell from Central Wyoming through the Black Hills of South Dakota.

★ ★ ★

In South Dakota, Rapid City recorded nine inches of wet snow.

About eight inches of snow buried the Lander, Wyo., area. Casper, Wyo., had seven and Cheyenne, Wyo., three.

Strong winds and violent thunderstorms occurred Sunday and early Monday in Texas, Oklahoma, Arkansas and Louisiana and in parts of the Ohio Valley.

The Day in Birmingham

Street Paving, Repairs Up Before Commission

BIRMINGHAM — Streets and street repairs will be the leading topics when Birmingham City Commissioners meet tonight.

Hearings on the paving of Landon, Purdy and Ann streets are scheduled along with the Landon street right of way hearing.

In addition, commissioners will discuss the general road oiling program estimated to cost $20,775 this year.

There are 50 streets slated for seal coat treatment only. The nearly 10 miles of surfacing will cost an estimated $17,212, according to Public Works Superintendent T. C. Brien.

Another 15 streets, about a mile in all, are being considered for light oil treatment. This has been estimated at $860, Brien said.

★ ★ ★

The four streets slated for oil mat and seal coat will cost about $2,700 for the 3,420 feet of street surface, he added.

Brien pointed out that in spite of the exceptionally hard winter, oil mat streets show less spring breakup than usual. He said it is probably because several past treatments have made them become quite stable.

Due to the extra snow removal and sanding needed during the winter months, the $16,000 appropriated for the job fell $20,000 short. But a sum of $13,000 was realized through unexpected balances within the department, leaving a $7,000 deficit, Brien concluded.

Birmingham Police are investigating the theft of $140 plus an undetermined amount from vending machines at the Mars Drive-In restaurant, 1393 S. Woodward Ave.

Police said entry was made by prying open a side door of the building sometime after 5 a.m. today. The premises had been inspected by officers on patrol at that time and nothing was found amiss until later when the restaurant was opened for the day.

A graduate of Birmingham High School who is now a science senior at Albion College, has received a $2,000 Assistanceship in chemistry.

James Taup Jr., 22, son of Mr. and Mrs. James Taup of 32950 Romsey Rd., Franklin, will teach general chemistry at the University of Wisconsin while working for his doctorate in science.

Five circles of the Women's Fellowship of the Congregational Church of Birmingham will meet tomorrow.

Circle 1 will gather at the home of Mrs. Edward Meinzinger, 16943 Madoline St.; Circle 2 at the home of Mrs. Allan Shilts, 1235 Dorchester Rd.; Circle 3 at the home of Mrs. John Cooper, 851 Shirley Dr.; and Circle 4 at the home of Mrs. Frank Hilton, 1310 Shipman Blvd. These four meetings will be at 12:30 p.m.

Circle 5 will gather at 8 p.m. at the home of Mrs. William Schreiber, 16939 Wetherby Rd.

Wesley B. Cross

Service for Wesley B. Cross, 83, of 2604 Manchester Rd., was held at 8 p.m. last night from the Bell Chapel of the William R. Hamilton Co.

Burial is being held today at Mount Emblem Cemetery in Chicago.

Mr. Cross died Saturday at the Lakeview Convalescent Home, Pontiac, after a long illness.

He was a retired U.S. Post Office superintendent in Chicago and a member of Portage Park Lodge, F&AM, Chicago.

Sole survivor is a son, Charles W., of the same Birmingham address.

Bolivian Revolt Chief a Suicide

22 Dead, 50 Wounded as Rightist Party Fails to Seize Power

LA PAZ, Bolivia (AP)—The leader of Sunday's short-lived revolt committed suicide after his rightist uprising was crushed, the government announced today. At least 22 persons were slain, and more than 50 were wounded in the course of the attempted coup.

The government of this poverty-plagued nation said Oscar Unzaga de la Vega, head of the Falange party, took his life Sunday night in a house in the outskirts of this capital in which he had hidden.

His bodyguard, Juan Gallardo, also shot himself to death, the government announcement said.

★ ★ ★

President Hernan Siles Suazo announced the defeat of members of the Falange party who tried to seize the city hall Sunday, attacked an army barracks and marched on the government radio station and municipal offices.

★ ★ ★

Government forces broke up the attacks and then began a cleanup of Falangist rebels.

★ ★ ★

Many of the wounded were reported to be bystanders caught in the crossfire betwen government forces and insurgents. Scattered shooting was still heard, but rebels were reported turning in their arms.

★ ★ ★

Two insurgent leaders were captured: Rafael Loayza, a retired colonel, and Luis Saenz.

A government radio station said Siles had declared a state of siege —modified martial law—throughout the country.

There were no reports of trouble outside of La Paz.

GOP Group Leery of State Income Tax

LANSING (AP)—The legislature has been urged to consider all other means of taxation before resorting to any form of a state income tax.

★ ★ ★

The Republican State Central Committee Saturday suggested the possibility of extending the score of the present 3 per cent sales tax or enacting other temporary taxes instead of an income tax.

★ ★ ★

The GOP asked that no income tax bill be passed until the people are given a chance to approve it at the polls.

★ ★ ★

The committee said any Republican legislator who sponsors a graduated personal income tax measure would be speaking for himself and not the party.

British Royalty to Visit Rome

Margaret, Mother to See Pope John, Attend Champagne Party

ROME (UPI) — Princess Margaret and Queen Mother Elizabeth of Britain arrive tonight for a six-day private visit that will include an audience with Pope John XXIII and an all-night champagne party.

Margaret's visit set off a frantic scramble on the cafe society black market for invitations to the champagne party and a formal dinner at the British embassy. Invitations were fetching up to $80 in the black market.

The royal pair were preceded by a flock of rumors including one that Margaret's talk with the Pope is a step toward conversion to the Roman Catholic Church.

Vatican sources said they had heard nothing about such rumors and declined even to discuss the possibility. The rumors were denied in London and Sir Marcus Cheke, British minister to the Holy See, termed the whole thing "balderdash."

★ ★ ★

The Princess talked privately with the late Pope Pius XII for 18 minutes on a visit in 1949 and the same rumors arose and were denied.

The Queen Mother and the 28-year-old Princess were attending several formal functions but hoped to spend most of their time sightseeing. The most formal function will be a dinner later this week at the British embassy and that touched off a new set of rumors.

Hold Young Negroes in White Beatings

DETROIT (UP)—Five members of a Negro juvenile gang which beat three white passersby were held for further investigation today.

Three other juveniles were released yesterday pending new hearings Tuesday by Juvenile Judge Nathan J. Kaufman.

The eight boys were among 18 juveniles and seven adults rounded up by police after an attack on Norris King, 31, and his wife, Julia, Thursday night.

The Kings told police they were assaulted as they left their car in front of their home on Detroit's east side. The couple was released after treatment at a hospital.

Ernest Rose, 29, of Detroit, was attacked, apparently by the same gang, while walking in the area. He remained in a hospital with a broken nose and facial cuts.

Police questioned the youths and said yesterday the racial incident apparently was in reprisal for another incident involving a sister of one of the gang members.

Ship Undergoing Repair

DETROIT (UP) — The 475-foot lake carrier George F. Rand is undergoing repairs for a broken steering gear at the Great Lakes Engineering Co. yards. The ship broke its steering gear Saturday in the lower Detroit River.

Freighter Damaged

DETROIT (UP) — The 416-foot freighter Calcite has been sent by its owner, the Bradley Transportation Line, to a Lorain, Ohio, shipyard for inspection. The company said the vessel received an undetermined amount of damage last week while loading limestone at Alpena.

Long Awaited Reward

CHESTERTON, Ind. (UP) — John Hansen won a Carnegie Foundation medal in 1931 for saving a girl from drowning, but he decided not to apply for the $500 reward until he needed the money. Recently the foundation decided he had waited long enough and sent the $500.

DO YOU HAVE ARTHRITIS?

Here is a message you will want to read:

Your doctor can tell you there is absolutely no known cure for arthritis. Medical research specialists are now engaged in several projects which, it is felt, will ultimately help in finding a cure, but as yet none has been found. Naturally, we all live in hope they will be successful, but until that time we must be content to get the best relief possible.

Right now there is a fast, safe and effective relieving agent available called Pruvo. Pruvo's ingredients have been used in hospitals and clinics prescribed by doctors, and have helped scores of men and women to lead happy and full lives. You can be sure nothing is faster, safer or has been proven more effective than Pruvo for temporary easing of a minor arthritic condition or its related diseases . . . rheumatism, neuritis, sciatica, lumbago and bursitis. And it's wonderful for backache and every-day muscular aches and pains too. Try Pruvo today. You must be satisfied with the results or your purchase price will be refunded by the maker. There are larger, economy sizes also, for continued use. You can get PRUVO at SIMMS BROS., 98 N. Saginaw.

Mill Workers Back After 5-Month Strike

HENDERSON, N.C. (AP) — Order returned to the Harriet-Henderson Cotton Mills today, its violent five-months-old strike officially ended.

The early first shift of workers reported as usual, but the lines of angry strikers and squads of highway patrolman were absent.

This mill town, scene of rock throwing, fighting and almost nightly dynamite blasts, began to slip back into its old pattern.

The mills, which had been operating on a limited basis since Feb. 16, scheduled a second shift later today. A third shift will be added next Monday.

Boyd Payton of Charlotte, Carolinas director for the Textile Workers Union of America, said only about 25 of 900 union members voted against ratification of a new one-year contract Sunday.

Residents Were Left With Their Faucets Up

CALERA, Okla. (AP)—After a breakdown of several days, Calera's water pumping machinery was repaired and Water Superintendent Andrew Hamilton threw the switch.

The flow of new water didn't fill the mains and Hamiton investigated. He discovered many residents had left their faucets open and the water was pouring down the drain.

INSPECTS THE NEW LOOK—Pontiac Police Lt. William K. Hanger (left) checks the fit of Patrolman Fred Stormer's new uniform. On the right is Sgt. Hugh T. Stimson. All Patrol Bureau officers in the Police Department are now receiving new uniforms furnished by the city.

Gamblers Anonymous Tries to Save Addicts

LAS VEGAS, Nev. (AP)—Gamblers Anonymous is playing for big stakes in this legalized gambling center.

It is trying to rehabilitate the admitted compulsive gambler.

Dr. Donald R. O'Connor, pastor of the First Methodist Church, started the Las Vegas unit of Gamblers Anonymous. There are other chapters in Los Angeles and San Francisco.

★ ★ ★

Gamblers Anonymous is nonsectarian. There are no dues or fees.

It takes no stand for or against legalized gambling, Dr. O'Connor says. It is not concerned with those who gamble for entertainment.

Dr. O'Connor explains that Gamblers Anonymous is for the person "who gambles because gambling is an addiction he cannot stop or control."

"I realized the need," he says, "because I have seen many homes broken by this disease. Some people simply cannot live this close to gambling."

The group works in much the same fashion as Alcoholics Anonymous.

"Two or more members get together and help strengthen each other," says Dr. O'Connor. "It is simply the old, old principle where two or more indulge in mutual sharing of confession."

What causes a compulsive gambling addiction?

"Most of us sense a deep feeling of rejection, of insecurity," one member says. "I wanted to be a 'big shot.' I couldn't find how to do it so I turned to gambling. I wanted large masses of wealth, the material things of the world. I lost my car gambling. I stole. I borrowed. This was insanity."

★ ★ ★

The new Las Vegas chapter has about a dozen members.

What do casino operators think about it?

"I think it's a good organization," says Milton Prell, executive director of the Sahara Hotel. "We don't want anyone to gamble more than he can afford. We want our patrons to treat gambling as entertainment."

Solons Must List Rent in Tax Return

WASHINGTON (AP)—Congress members getting government rent checks for their own property have been reminded to account for such income on their tax returns.

★ ★ ★

An Internal Revenue Service spokesman says the law makes no distinctions, and that in such cases the congressmen mut pay tax on rental income the same as any other landlord.

Representatives are allowed up to $1,000 a year to rent office space in their home districts if free space is not available in government buildings.

★ ★ ★

But when it comes to paying taxes on such rental income — if members rent themselves their own property—there's a big loophole in the law.

Deductions are allowed for such things as depreciation, repairs and maintenance. The cost of a couple of new rugs or an air conditioner might well offset the year's rental income.

Longfellow's 'Wayside Inn' Oak Tree Falls

SUDBURY, Mass. (UPI)—A legendary 500-year-old oak tree that figured in Longfellow's immortal "Tales of a Wayside Inn" toppled to the ground yesterday with a roar.

★ ★ ★

The hollow-trunked giant, six feet across at the base, crumpled of old age and fell on the ground beside the carriage house of the inn, which was rebuilt two years ago after a disastrous 1955 fire.

Longfellow in his famous stories based on the 273-year-old inn wrote of the oak:

"Noon and night, the panting teams stop
Under the great oak that throws
Tangles of bright and shade below
On roof and doors and window sills . . ."

Visitors from throughout the world, strolling through the grounds of the Wayside Inn, often paused beneath it and heard stories of the tree, called the "Lemon tree" because of a legend that a man named Lemon once got stuck in the hollow center and remained for hours, too proud to allow anyone to cut him free. Huffing and puffing, he finally squeezed out.

Year's News Big Challenge

AP Notes Tough Job, Barriers to Reporting in World Turmoil

NEW YORK (AP)—Directors of The Associated Press said today that during the past year the AP had met the biggest challenge of world news events since World War II.

Reviewing events, the directors said:

"The cold war continued. There were political upheavals and crises on every continent. France underwent a fundamental change in government under De Gaulle. A divided Berlin keeps Europe in turmoil.

"The datelines from Iraq, Lebanon, Quemoy, Tibet and Cuba remind us of the scope of the news coverage problem.

"There were obstacles to fair and factual news reporting the world around, including restricted access to public information in the United States."

"The Associated Press has a strong position in meeting its responsibilities," the directors said.

"It is a cooperative world-wide news organization answerable to no government, no group of stockholders or to any special interest.

★ ★ ★

"It bears a great obligation and equal opportunity to serve its members, its readers and listeners everywhere. The need for a cooperative news service, owned and controlled by its users, has never been greater."

The report was read at the AP annual membership meeting in the Waldorf-Astoria Hotel.

$500 Reward Offered for Discoverer Capsule

OSLO, Norway (AP)—A $500 reward was offered today to any cililian finding the container ejected from the Discoverer II satellite. The capsule is believed to have fallen in the Spitsbergen islands north of Norway.

The U.S. Embassy announced the reward, offered by the Lockheed Aircraft Co., makers of the Discoverer.

The search for the little container in the extensive arctic wastes of Spitsbergen and the surrounding sea and ice got under way last Friday. Nine American sea rescue planes and two Norwegian helicopters are taking part.

Key Issues in '60 Cited by Morton

WASHINGTON (AP)—The new Republican national chairman predicts budget balancing will not be a major issue in the 1960 presidential election.

But the charman, Sen. Thurston B. Morton (R-Ky), added that inflation, "if we let it get out of hand," would be an issue.

Morton sad, on a television program Sunday he does not expect the budget for fiscal 1960 to be balanced. But he said unemployment, the farm program and foreign policy will emerge as the main issues in 1960.

Morton, predicting the Republicans would win the presidency, said Vice President Richard M. Nxon and Gov. Nelson Rockefeller of New Yosk would battle for the GOP nomination. The chairman also said Adlai Stevenson would win the Democratic nomination for a third time if the Democrats become deadlocked at their convention.

SHORT OF HAVING YOUR FACE LIFTED this is the modern facial beautifier. A do-it-yourself matter thanks to Lilly Daché. One minute and a tube of magic cream is your passport to new contour and healthier looking skin—all safe, sane, and simple. It works for anyone—male or female—and has just come to town; is easily available.
Now Complete Facial In Just One Minute
by Dorothy Randall
Fashion Editor
Pittsburgh Sun-Times
A complete facial in one minute! Nobody but Lilly Daché could come up with anything quite so revolutionary.
Last July when I was in New York covering the couture showings I visited Lilly's salon and watched her personally pat a creamy preparation over ONE-HALF the face of a woman around sixty. The other half she left as it was for comparison.
The result: a tired side and a fresh, youthful one.
AT THE TIME Lilly swore her audience (the fashion press) to secrecy. Now she has lifted the ban and I can tell what I saw and know about this discovery.
A fat tube of creamy goo does the magic. You simply smooth it over your face and throat clear to the collarbone.
One minute later you tissue it away. There is no need for pre-cleaning or post-toning.
The astonishing reaction is that facial contours are firmed and lifted. Fatigue lines melt away and puffy spots go. Your face is completely clean without being dry. Plus this, the preparation leaves what Lilly refers to as a "mantle" which, while purifying the pores, guards against blackheads.
Unlike any quick pick-up on record to date, this does not do a pepping job which disintegrates in a short time allowing your face to "fall apart" as Lilly puts it.
YOU'LL NOTICE how new-girl you look immediately. If you stay with this minute-facial regularly you'll find the show-through glow of youth staying with you day in, day out.
There is no danger connected with it whether to eyes or tissues.
For scoffers of the world, I can only say "try it yourself on the half-face test."
The product name—"Quick Change"—in trial size tubes now at $1.50*; in regular tubes at $5*.

Sec. Dulles Praised for Devoted Service

The resignation of Secretary of State JOHN FOSTER DULLES under sorrowful circumstances is a blow to this country at a time when all his diplomatic skill is most needed.

For six exhausting years he has represented our foreign policy and it is not necessary to be in entire agreement with that policy in order to laud the Secretary for his wisdom, devotion and courage. He had supreme confidence in his own judgment and the rightness of America's purposes and acted accordingly.

★ ★ ★

Mr. DULLES had a wide and deep knowledge of international affairs such as few secretaries ever attained. In 1907 at the age of 19 he attended his first international peace conference at The Hague. Before he joined the Cabinet as Secretary in 1953, he already was an important diplomatic figure having had a hand in the drafting of the United Nations Charter and the peace treaty with Japan. He also has been Republican adviser to three Democratic Secretaries of State.

The sympathy of the American people and indeed of the whole free world goes out to Mr. Dulles with the hope that he will be able to stay on as foreign policy consultant.

Supreme Court's Move Threatens U.S. Safety

Our United States Supreme Court blasted a hole in this nation's protection against the activities of Communists when they ruled that passports must be granted these traitors in circumstances they had never been extended before.

ALGER HISS gets the latest.

★ ★ ★

A proven spy and traitor, under previous procedures, would have been barred from galavanting around the world at his own pleasure—and perhaps our disadvantage. But the Supreme Court fixed that one for the rest of the law abiding citizens—but good!

★ ★ ★

Citizens all over the country are urging Congress to pass laws correcting the Supreme Court's move. It's the only way left. We suggest they take action promptly. Delay can serve no purpose and apparently that's our only defense.

Communism's Tyrants Rule Through Minority

The best available 1958 figures on world Communism show that for every member of the Communist party in Russia, there are 26 non-party members. In North Korea and Czechoslovakia the proportion is one for every seven citizens, in East Germany one in 14 and in Red China it is one in 51.

★ ★ ★

In a recent speech Premier Khrushchev no doubt exaggerated when he told the party congress that there were 23 million members of "Communist and Workers' parties in 85 countries." There are about 28 million in the 12 satellite states and Yugoslavia. That would leave five million for the rest of the world. However, all those who vote the Communist ticket are not necessarily party members.

★ ★ ★

The Communist party is illegal in many nations of the world. It is banned in most of Central America, except Mexico where Communists currently are causing trouble. Brazil, Peru, Paraguay and many Caribbean islands have outlawed the party. But in Colombia, Venezuela and Chile it recently was legalized and gained some seats in the latter two countries.

★ ★ ★

On the continent of Europe the party is banned in West Germany, Portugal, Spain, Turkey and Greece and in the Republic of Ireland. It also is illegal in most of the Arab nations of Asia and Africa and in South Africa. The party is outlawed in Formosa, South Korea, the Philippines, Malaya, South Vietnam, Thailand, Pakistan, Afghanistan and Iran.

The figures on party membership clearly show that Communism is ruled by a small, and ruthless minority without the consent of the majority.

The Man About Town

About Grass Fires

Warning Urged Against Carelessness in Starting

Fiction: Something quite akin to many weather predictions.

Several fire chiefs in Pontiac and vicinity have requested me to ask people for even more than their usual precaution in allowing grass fires to get started. An official permit is necessary in most areas to purposely burn off any grass or weeds.

Although the grass has been very wet from the melting snow, a little spring sunshine quickly dries it out, so that it becomes a veritable tinder box. A loose match or cigarette stub can start a holocaust.

One township fire department already has responded to 12 grass fire calls in two days, and another to eight calls in the same period. The average cost of such a call to the taxpapers is around $75. Break that match and pinch that stub.

Until our contest closes on Thursday the standings of the top batters in the American League will be published each day in this column. Following Sunday's games, they are:

The Perennial Optimist

David Lawrence Says:

Dulles' Critics Pleased With Herter

WASHINGTON—Christian Archibald Herter will be an effective secretary of state as long as he sticks to the moral principles in world affairs that have guided John Foster Dulles.

LAWRENCE

The moment he succumbs to the insidious tactics of appeasement carried on by various advisers, some of them inside the government itself and some in the Senate Foreign Relations Committee, the advice he can give President Eisenhower will become less and less valuable.

It is an open secret that the enemies of Dulles are among those happy over the selection of Christian Herter. They are mistaken in their assumptions, but they believe anybody is bound to be more "flexible" in their direction than was the outgoing secretary.

The story of the drive to oust Dulles is important for the American people to know. It has been carried on for the last three years by certain members of the press in Washington, New York and London and in other European capitals.

★ ★ ★

The first piece of fiction given wide currency in the press dispatches was that Dulles played the game alone—that nobody else in the Department of State ever knew what his policies were or were likely to be.

This was a species of mischievous gossip which originated with disgruntled partisans—a few foreign service officers whose ideas were not accepted. They fed hostile propaganda to certain press representatives.

But the simple truth is that Secretary Dulles did hold a staff conference every day that he was at his office. Sometimes they lasted the better part of the morning. At least 15 individuals, including all the deputy secretaries and assistants and heads of divisions, attended.

They were always asked to express their views. Often in their presence, the secretary would pick up the telephone and report to the President on the trend of the discussion. There was always a planning conference before the secretary left on a trip.

★ ★ ★

It is a sweeping misrepresentation to say that John Foster Dulles was a one-man operator and had no regard for "teamwork." This was so often repeated that it was accepted even by some disinterested writers.

HAD RIGID VIEWPOINT

They were misled, too, by the fact that Dulles relied largely on his own knowledge of foreign affairs accumulated over a 40-year period, which none of his confreres possessed. He is, of course, a subjective personality and has none of the extrovert in his manner. Hence, in the hearings on Capitol Hill, he was looked upon as a stern individual with a rigid viewpoint.

His conferences with foreign diplomats tended to be formal and austere. But this so-called rigidity was to his credit. For he didn't bend with the wind or yield to the pressures of expediency that came from the peace-at-any-price side. He thought only of his country's future—not of personal aggrandizement or applause or popularity.

President Eisenhower has a great deal more background on foreign policy and more knowledge of world affairs today than a sniping press credits him with. The critics have been trying to picture Ike all along as a "sick man" and as a "puppet of Dulles" or a "part-time president." This type of smear has been appearing regularly in the European papers, and most of the correspondents here for foreign newspapers have fallen for it.

★ ★ ★

Back of all this is a drive to bring about a deal with Moscow—it's the same naivete that has misled professional diplomats in Europe before. It's a most dangerous type of pressure that could easily throw the Western alliance out of balance and give a miscalculating Khrushchev his chance to emulate Hitler.

The new secretary of state will find out who are his friends and who are his opponents the moment he shows himself aware not only of the Communist game but of the wiles of those in the West, inside and outside government, who unwittingly play the Communist game.

THOUGHTS FOR TODAY

But we see Jesus, who was made a little lower than the angels for the suffering of death, crowned with glory and honour; that he by the grace of God shall taste death for every man. —Hebrews 2:9.

★ ★ ★

The sufferings and death of Jesus Christ are a substitution for the endless punishment of all who truly believe on Him.—William Adams.

Dr. William Brady Says:

We Have Best Brushed but Most Neglected Teeth

A little neglect may breed mischief: for want of a nail the shoe was lost; for want of a shoe the horse was lost; for want of a horse the rider was lost. (Prefixed to Ben Franklin's Poor Richard's Almanac.)

DR. BRADY

I intended to draw an analogy with neglect of the teeth, but on second thought decided that too many Americans think neglect of the teeth means not brushing 'em every day.

Neglect of the teeth, to my mind, means failure to obtain immediate treatment or repair or replacement of cavity, damage or loss of a tooth by the dentist.

A lot of Americans who should know better evidently believe they can get along without the dentist's help if they brush their teeth regularly. At any rate American teeth are the best brushed and most neglected teeth in the civilized world, except English teeth.

$1,000 FOR TOOTH

Every functionally efficient tooth is worth at least $1,000. In at least one case, damages for loss of teeth have been assessed by the court on this basis.

Personal appearance is a relatively unimportant consideration. What makes a sound tooth or a functionally efficient denture so valuable is the part it plays in building and maintaining good digestion, vite and longevity.

★ ★ ★

By holding your mouth in a funny way you may for a while conceal from casual observers the fact that one or more of your teeth are missing.

But you can't fool nature, yourself, the wisdom of the body — inevitably, for every tooth lost and not immediately replaced by a functionally efficient denture, you must suffer impairment of digestion, decline in vite and a corresponding reduction of life expectation.

As I estimate it in my booklet "Save Your Teeth:"

"For every tooth lost and not immediately replaced with a functionally satisfactory denture, one must deduct two years from one's life expectancy."

Active life, I mean, not just continuing to breathe.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

The Country Parson

"It's okay to pray to God for a bumper crop—but you'd better do some cultivating, too."

Case Records of a Psychologist:

Pregnancy Can Scare Husbands

Nora's case is a tragic example of the "Medical Specimen" complex that often assails young husbands. Scrapbook it or send it on to newlyweds, for one of the many dangerous times in every marriage is during the first pregnancy. Send for the booklet below for vital advice on this subject.

★ ★ ★

By DR. GEORGE W. CRANE

Case B-413: Nora N., aged 25, is a heartbroken wife.

"Dr. Crane," Nora began, "I am so unhappy I don't know what to do.

DR. CRANE

"Yet I ought to be the very opposite, for I have a new baby boy who is adorable.

"My husband and I have been married about two years, and we were an ideal couple. At least, that was true till the baby was born. Then the bottom dropped out of my world.

"For while I was at the hospital, my husband had an affair with a bar maid at a nearby tavern. He contracted syphilis, too.

"Yet he had seemed so devoted to me and had appeared so delighted that we were going to have this baby.

★ ★ ★

"Surely at a time like that, when his wife was in the hospital, a husband can remain faithful!

"Was my husband insane? What else could make a man do such a thing, especially at a crucial time like that?"

Nowadays, the gravest danger to a young couple during the wife's pregnancy is not the fact she may not survive.

No, it is purely a psychological danger. We medics call it the "Medical Specimen" complex For when a young wife finds that she is going to have a baby, she knows it is wise to consult a local physician regularly for a check-up of her blood pressure and urine, as well as a blood test for the Rh factor.

This is a very sensible procedure on the part of all pregnant wives.

★ ★ ★

But they must beware lest they create the illusion that they are semi-invalids or ailing creatures.

Otherwise, the husband may subconsciously grow inhibited in his usual romantic regard for his wife.

He may subtly experience a change toward her without fully realizing what is happening.

He is still devoted to her and delighted at the prospect of a baby. He respects her most highly and kisses her—but with less and less romantic thrill.

Instead, he slowly begins to react to her with respectful affection, much like the kiss of a father for his young daughter or a son for his mother.

BEWARE MEDICAL COMPLEX

His wife meanwhile, is hardly aware of this change, for her attention is so preoccupied with plans for the forthcoming baby, plus baby showers and the making of baby clothes.

Since wives are comparatively frigid, anyway, as regards sexual matters, her husband's mild kisses and dutiful affection are satisfactory to her.

But the husband begins to grow alarmed. He experiences all the mental turmoil of the climacteric

male at the age of 50, who is worried lest he become a platonic mate.

The young husband likewise grows scared. He may even go into a sexual panic.

★ ★ ★

But he seldom confesses his inner fears, since this is one of the last things any husband will put into words, even when consulting us doctors.

See tomorrow's follow-up for the confession of Nora's husband, and send for the booklet "Facts About Pregnancy," enclosing a stamped return envelope, plus 20 cents (non-profit).

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Broomfield Clarifies Topic of Release of Payroll Data

Several weeks ago I released a full account of my office staff and payroll to the Associated Press for publication. In this column April 14 R. E. Humphries of Birmingham asserted that Senator Phil Hart was the first Michigan Congressman to release such an account and suggested I follow suit. It would appear that Senator Hart was following my example.

★ ★ ★

For Mr. Humphries and my other constituents who perhaps didn't see my published account, following is a list of my office staff and their annual salaries: Roy Gast, $9,800; Mrs. Merritt Freeman, $7,000; Mrs. Katherine Knowlton, Miss Barbara Jean Lockhart, Mrs. Terry Owens, Mrs. John Shock and Paul Burns, all under $5,000; Mrs. Naomi Hassel and William Voebel, $1,200 each.

★ ★ ★

At no time since I've been a Member of Congress have I hired any relatives or put any on my payroll. And I never will. My payroll has been and always will be open for inspection by any of my constituents.

★ ★ ★

I'll give wholehearted support to any anti-nepotism legislation that's introduced. If such legislation is introduced, it will be interesting to note how the Democrat-controlled Congress votes on it. If any of my constituents have further questions relating to my office payroll, I'll be more than happy to discuss it with them.

Urges Sportsmen to Support Bill

Michigan paid over $138,000 in fox bounties in 1957. This money is taken from fees paid for hunting and fishing licenses.

Rep. Arthur J. Law is going to introduce a bill to do away with the present fox bounty system and use the money to buy lands, install feeding stations and restock fields and streams.

When friends feel sorry for themselves . . . And are inclined to pout . . . There is a simple little way . . . To sort of help them out . . . And that is to pretend that you . . . Are wholly unaware . . . That there is any bitterness . . . Or sadness in the air . . . Then suddenly, though casually . . . Say something really funny . . . If only silly words to make . . . The sky look somewhat sunny . . . The chances are that they will laugh . . . And right away forget . . . Whatever thing it was that caused . . . The mind to get upset . . . And just to see them glad again . . . Will make you happy too . . . For that small act of charity . . . You took the time to do.

Turnout Light in Algeria Vote

Terrorists Seeking to Sabotage Election; 16 Reported Killed

ALGIERS (AP)—Voting in Algeria's week-long municipal elections limped along today with rebel threats and attacks keeping the turnout small.

Unofficial reports said at least 16 persons had been killed and nearly 70 wounded so far by rebel terrorists seeking to sabotage the voting ordered by the French.

★ ★ ★

The voting began Sunday. In the city of Algiers, 45 per cent of those eligible balloted. In the countryside — where the French army is in direct control—some 60 per cent braved the threat of rebel reprisal.

Early returns from three wards in Algiers gave a lead to an extreme right wing faction favoring Algerian integration with France and an end to the government of President Charles de Gaulle.

Although only municipal offices are at stake, the campaign centered on a struggle between backers and opponents of de Gaulle.

★ ★ ★

City voters had a choice of candidates, but voters in more than 60 per cent of the rural communities had only candidates approved and mustered by the French authorities.

In Algiers, 258 Europeans and 193 Moslems campaigned for 75 municipal council seats. Most of the Moslem candidates were the same men who have cooperated with the French for years.

De Gaulle had hoped that the elections would produce a representation of moderate Moslem nationalists with whom France could begin working toward negotiations for Algeria's fugure status. But even the moderate nationalists refused to run, claiming the election had been decided in advance.

Although European Algerians constitute 10 per cent of the country's 10 million inhabitants, they are guaranteed one-third of all municipal council seats.

★ ★ ★

Gen. Jacques Massu, commander of the Algiers area, sought to conquer voter apathy and fear by broadcasting an appeal for a larger turnout. Army loudspeaker trucks toured the capital, blaring that to abstain from voting was "to betray the army."

To prevent rebel reprisals against Moslem voters, troops kept non-residents from entering 120 northern Algerian communities.

Polling places were guarded in Algiers. Every Moslem was frisked before being allowed to enter.

Students Blast 'Must' ROTC

MSU Group Protests Compulsory Training; Hannah Asks Patience

EAST LANSING (AP)—A student stir against compulsory military training is bubbling on the Michigan State University campus.

A small but vocal group is agitating against the idea of every male collegian putting on a uniform.

In an informal talk before a student discussion group this week, MSU President Dr. John A. Hannah advised the students "to take it easy."

"I think the military should take a real hard, long look at it to see if it is important," said Hannah, a former assistant defense secretary.

"Meanwhile, let's take it easy and do what we are asked to do for our country."

Hannah said a study committee, charged with formulating a long range program for the university, has the program under study.

The Morrill Act, which established land grant colleges, specified that military training should be part of the curriculum.

The governing boards of some colleges, however, have since decided that it was not an absolute requirement. Minnesota, among big ten schools, has dropped compulsory reserve officer training.

At present, every able-bodied male at MSU is required to spend three hours a week for two years in the ROTC course. He can continue if he wants a commission.

Security for You

Mother's Helper Covered

By RAY HENRY

From Mrs. M.W. of Portland, Ore.: "For the past year, I have been doing housework and baby sitting for a working mother. She pays me $10 a week. Can I get social security coverage for this work? I am nearly 62 and would like to get the coverage so I can draw payments."

The work you are doing is covered by social security. You should write to the nearest Internal Revenue Service office to get the appropriate forms for your employer to fill out. Explain that you've been doing this work for a year and ask about how to get credit for this year.

From a Guthrie, Okla., reader: "I will be 68 in August. I collect both social security and a pension from my former employer. In the past year, I've had major surgery and am seriously disabled. Could I collect additional social security because of my condition?"

No. Social security retirment payments are exclusively based on your earnings while you worked and have no connection with a person's physical condition.

From J.R. of Cape Girardeau, Mo.: "I got the impression that all railroad retirment payments were ebing raised along with the increase in social security. I didn't get any increase. I worked for the railroad for about 26 years. My payments have been $120.55 a month. Should I have gotten an increase?"

No. Only retired railroad workers were given increases if their present annuities were computed under the social security formula for figuring payments rather than the railroad retirement formula. Your payments were figured under the railroad retirement formula.

From Mrs. M.E.C. of Iowa City: "I plan to stop working at 65 in June 1960. Will the earnings I have from January to June keep me from getting payments for the rest of the year?"

No, unless you have more than $100 a month in earnings from June to January 1960. Social Security payments are paid to a person for each month in which he doesn't have earnings of $100 or more a month — regardless of what his total earnings are for the year.

Tourists in Italy Surprised

Lira Bringing Premium Over American Dollar

(Sam Dawson, AP business news analyst, is touring Europe. Today he tells how the American dollar is faring in Italy.)

By SAM DAWSON
AP Business News Analyst

ROME (AP) — The American visiting or doing business in Italy today finds to his surprise that the Italian lira brings a premium over the American dollar. He ends up with less than the official rate.

The surprise is akin to that of recent years when the American dollar would buy only 96 to 98 cents of Canadian money.

Is the American dollar—once the most sought after of the world's currencies—slipping? or is it just that the Italian lira, after a post-war period of weakness, is perking up?

The Italian, treasury official or private banker, proudly points to the increasing strength of the lira. Italy's reserves in gold and dollars climbed by 836 million dollars last year to a high of 2¼ billion dollars.

So far this year there have been further gains. January in particular, bankers say, brought an unusual flood of American dollars British pounds and Swiss francs into Italy in the form of investments.

This foreign currency increases the demand for lira. And its value rises. The official rate is 625 lira to the dollar. Banks now quote around 620 for the dollar. After exchange charges, the American tourists gets even less.

IN CANADA, TOO

Much the same thing has happened in Canada. Both the Italian and Canadian imports from the United States still outrun their exports to it. Normally this would keep the American dollar at its one-time premium.

* * *

But each country is getting American dollars in other forms —investments in stocks and plants and from tourists. In each case this outweighs the trade deficit. In each case the need to change dollars for the local currency to put it to work has led the lira and the Canadian dollar to a premium over the American dollar under the law of supply and demand.

* * *

Does the Italian think the American dollar isn't as good a thing to acquire and to save as he once did? Does he fear that the U.S. Treasury deficit forebodes a new erosion of the dollar's purchasing power, perhaps at a greater rate than the continuing rise of the cost of living here erodes the lira?

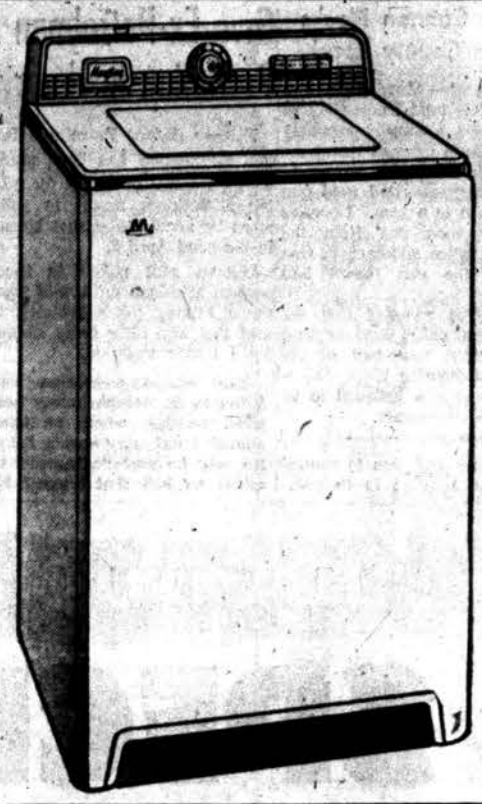

Opinions differ.

* * *

An executive of a leading Italian bank doubts it. He says there is little sign that the Italian with dollars squirreled away is switching to Swiss francs or English pounds as the safer currency.

* * *

The top executive of an American owned firm here, an Italian, believes such a feeling is developing. He thinks investors are beginning to put their holdings into other than American dollars.

PHILADELPHIA. (AP) — Dr. Hayim Fineman, 73, a leader in the American Zionist movement and other Jewish organizations, died Friday. He was professor emeritus and former head of the English department at Temple University. He helped found the Labor Zionist Movement of America and also was a founder of the American Jewish Congress.

German Cannon Blocks Genesee County Road

FENTON (AP) — Startled deputies found Dauner road leading out of this Genesee County community blockaded by a German heavy artillery piece today.

The carriage-mounted field gun was attached to a jeep. Deputies said three men fled from the vehicle as police approached. One wheel on the gun mount had broken.

Investigation revealed that the gun had been stolen from in front of the Fenton post hall of the Veterans of Foreign Wars. Police said the theft was believed to be the work of pranksters.

In 1914 the first sign to control traffic was installed in Detroit.

Give Ex-Patrolman Probation in Hoax

Former Oxford Patrolman Roscoe M. Zolman has been placed on six months' probation for making a fictitious report to police when he accidentally shot himself in the hand April 2.

Zolman sent police in southeastern Michigan on a wild goose chase looking for a motorist he said shot him after being stopped for a traffic violation.

The injured patrolman was taken to St. Joseph Mercy hospital, Pontiac, where he later admitted the story was a hoax. He said he was "ashamed" to admit he had shot himself by accident when trying to kill a rat in the village dump.

Zolman was dismissed from the local police force. After his release from the hospital he appeared before Oxford Justice of the Peace Fred F. Stevens for sentencing.

First Things First

DES MOINES, Iowa (UPI)— State Sen. Jack Schroeder, a Republican, interrupted Democratic Sen. Melvin Wolf to object to his criticism of the motives of Republican legislators. "My last paragraph praises you," Wolf told him. "Well, read that one first, please," Schroeder said.

In 1957 the average motorist drove 8,070 miles.

Styling, Engineering to Differ

1960 Cars to Have Major Changes

By DAVID J. WILKIE
AP Automotive Writer

DETROIT (AP)—Substantial styling and engineering changes are coming in 1960 model cars—aside from the drastic alterations to be presented in smaller vehicles.

Lines and equipment of the 1960 models already have been decided upon.

The changes are not the result of sudden decisions. They were conceived more than a year ago. They were not influenced by the growing demand for smaller and more economical cars. General Motors, Ford and Chrysler had the smaller units out of the drafting stage many months ago.

These larger producers still consider the smaller vehicles something of a gamble. While they visualize a continuing increase in demand for these units, none anticipates a stampede away from the present standard size automobiles.

General Motors, Ford and Chrysler have spent many millions of dollars developing their smaller cars. It will take a large volume of sales to recover the investment.

They also have spent heavily getting their conventional models ready for the assembly lines. By all considerations 1960 could be a critical year for the industry's major producers.

One fact that appears to have been greatly overrated is the degree to which smaller imported cars influenced America's Big Three makers to produce smaller units.

With list prices starting at about $2,000, plus taxes and many items of optional equipment, they are not likely to cut very deeply into the sales volume of the imported cars that deliver for around $1,650 and $1,700.

★ ★ ★

Even the sensational success of American Motors with its Rambler series and Studebaker-Packard's broadening market for its Lark models have not cut into U.S. sales of such cars as Volkswagen, Renault, Fiat, Hillman and others.

So the conclusion appears logical that the sales volume the Big Three need will come, in varying degree, from: The market now dominated by American Motors and Studebaker-Packard; from the volume presently absorbed by their own lower priced lines and, to some extent, from the top bracket of the used car market.

All the criticisms voiced against modern automobile styling will not be removed in the 1960 models. However, new lines are scheduled for most of the Big Three cars. This is especially true with respect to Chrysler, which has made only modest changes in the last two model years.

A major change in many cars will be the reduction or elimination of the transmission tunnel through the car floor. How to provide more headroom in doorways without further lowering the seat levels is another problem the car designers have sought to solve. One solution apparently discarded by the designers has been the proposal to extend the doortop into the car roof.

Instead, for the 1960 model year at least, there will be more flat roofs.

According to latest figures 47 per cent of the cars on U.S. roads have automatic transmissions.

Bob Considine Says:

Flight Pioneers Attend 'World Congress'

LAS VEGAS—People . . . places . . . and planes.

Gen. Frank Lahm, 82, first military man to fly an airplane—he was taught by the brothers Wright—was met by a reporter at the Las Vegas Airport when he arrived here with Mrs. Lahm for the World Congress of Flight. He had flown in from Tucson on a big commercial plane.

"How was the flight, General?" the reporter asked.

"Fine. Just fine. Smooth, comfortable."

"In other words, you think the airplane is here to stay?" the reporter joshed.

"Nope," snapped Lahm, looking at the DC6, "it's going on to Salt Lake City."

Jimmie Mattern, one of the top American fliers during the growing years of U. S. aviation, came to the air show with an old O X5 engine in his trailer.

"Finally got that old engine over the mountain," big, robust Jimmie said. "Last time I tried it, in a plane, she conked out on me."

Mattern has formed an association named for the famous Curtiss-built engine, the first mass-produced aircraft engine. Practically every well-known flier in the country—the Lindberghs, Doolittles, Rickenbackers, Twinings, etc., etc., etc.—were carried into the air for the first time behind an O X5.

It powered the famed Jenny trainer of World War I vintage. Its eight water-cooled cylinders produced 90 horsepower. Some are still flying after 40 years.

HAS MANY 'FIRSTS'

Mattern has had a life that is bound to make a great book and movie or a television series just as soon as the latter medium runs out of ammunition.

He established more "firsts" than perhaps any other flier of the 1920s and 1930s — including being the first American flier to be interned by the Russians (he was forced down in Siberia on an attempted solo flight around the world).

If the Air Force goes through with its plan to send an F-100 trainer-fighter around the world non-stop in 34 hours (refueling it in flight), Jimmie will ask for the jump seat.

The most daring of the daredevils who performed in the firepower and aerobatics here last week was Capt. Ceoletta, the solo flier of the startling Italian team. We ran into him later and found him surprisingly mature.

He is shaped like, and has a striking likeness to, Benito Mussolini. He flew Italian pursuit planes against the U. S. Army Air Force until Italy dropped out of the war in 1943.

"I shot down some of your B17s," he said with considerable pride. Then his face clouded and he put his hands in the posture of prayer.

"I'm sorry," he added.

Scott Crossfield, North American Aviation's chief test pilot, the man who will fly the X15 into space and bring it back, has an interestingly concise description of same.

"Space," he told us, "is the biggest hunk of nothing we've ever found."

SAVED FROM IRONY

The pilot of the villainous-looking mile-a-second experimental plane, which will climb to an altitude of 100 miles when released from the wing of a B52 barely escaped injury while talking to us. An NBC mobile camera vehicle nearly backed into him. I yanked him out of the way.

"Thanks," Crossfield said. "That would have been true irony if I got run over by a truck."

The most daring suggestion of the air show week was made by a gentle Presbyterian minister, Chaplain John F. B. Carruthers, Air Force chaplain from Claremont (Cal.) College.

"I suggest that the next World Council of Churches meet in Las Vegas," he said, "and at the same time as the World Congress of Flight. There will be much for the churches to think about by then, with space travel unfolding."

Dr. Edward Teller, father of the H-bomb, thinks it would be a good idea for the U. S. to detonate a nuclear bomb 100,000,000 miles out in space and then check what drifts down, and in which succession, as a counter-check on the validity of the Einstein theory. We don't know what that means, either, or whether it would increase taxes if it turned out that Einstein goofed.

Somebody asked Teller if he thought there was life on Mars

"It would be undemocratic for us to deny it," he answered.

Last year 4,250,000 automobiles were scrapped.

PCH Vocalists to Give Spring Concert May 1-2

"Say It With Music," is the title of the annual spring program to be presented by the vocal department of Pontiac Central High School in the school auditorium May 1 and 2.

There will be two matinees for PCHS student body and for those who are not able to obtain tickets for the evening performances.

700 TO TAKE PART

The program will feature 700 students and will include all the large groups and small ensembles in the department.

Combined girls glee clubs have been working on "Brigadoon" selections and will be directed by A. Michael Dempsey. Mrs. Doreen Voltmann will direct the boys glee club in a special Dixieland Jamboree.

The sequence will use old-time minstrel songs, Stephen Foster selections and songs from the south.

★ ★ ★

Pontiac Central a capella choir will sing songs that commemorate various church holidays and seasons such as Thanksgiving, Advent, Communion and Memorial Day. This group also will appear in a contemporary group of songs.

SPECIAL NUMBERS

Because there are eight girls glee clubs, the girls will be devided so that each will appear in one matinee and one evening performance. A selected number of singers will appear with the choir in the final number, "Beyond the Blue Horizon," by Richard Whiting.

Other groups that will be used as entre acts to highlight the concert are Selective Girls Glee Club, Senior Girls Ensemble and Junior Boys Ensemble under the direction of Mrs. Voltmann and the Songspinners, Junior Girls Ensemble and Senior Boys Ensemble directed by Mr. Dempsey.

★ ★ ★

Tickets may be obtained at the vocal department office or from participating singers. All seats will be reserved. Reservations start April 22.

Pontiac Press Photo

The second in a series of six programs will be presented by Suburban Chamber Music Society at 1:30 p.m. Wednesday in Grinnell's auditorium, Birmingham. Rehearsing for the program, which will feature piano, violin, cello and viola selections are, right to left, Mrs. William Hanford, Mrs. George Shimmin, Mrs. James Hansen and Mrs. Robert Turner.

Women's Section

Benefit Dance Friday

Event Will Aid Max Richardson, Blast Victim

A benefit dance for Max Richardson will be held at 9 p.m. Friday at Hillcrest Country Club, Mt. Clemens.

Mr. Richardson, well known in and around Detroit and Pontiac as club manager and local amateur golfer, was seriously burned in an explosion in his garage Jan. 5.

★ ★ ★

He has been hospitalized at St. Joseph Mercy Hospital since that time and still faces many operations and a long recovery period. Proceeds from the dance will go to him.

★ ★ ★

Featured at the dance will be Sauter-Finegan's new dance orchestra and another local orchestra. Tickets may be obtained from the Hillcrest Country Club.

Lucile Ruth Barber Wed to Richard Charles Latta

Lucile Ruth Barber and Richard Charles Latta were married Saturday evening at Trinity Lutheran Church. The Rev. Waldo Egbert officiated at the double-ring ceremony before 250 guests.

Parents of the couple are Mr. and Mrs. Joseph Barber of Clawson and Mr. and Mrs. Charles H. Latta of Waterford.

MRS. RICHARD C. LATTA

★ ★ ★

The bride wore a gown of nylon embroidered organdy with a chapel train. The scooped neckline was embroidered with seed pearls and the gown had cap sleeves. Her fingertip veil was held by a pearl crown and she carried a cascade bouquet of yellow rosebuds with iris and lilies.

ATTEND BRIDE

Thelma Kay Barber, the bride's sister, was maid of honor and Joan I. Aldred of Utica was bridesmaid. They wore mint-green organdy dresses with scoop necklines and cap sleeves. Crowns of daisies held their veils, and they carried baskets of yellow rosebuds and yellow daisies.

★ ★ ★

David S. Latta was his brother's best man. Attendants were Foster Richarson of Ferndale, Leonard A. Roebke, Norman Behnke, John D. Devine of Drayton Plains and Lee R. Stark.

Ringbearer was Scott McQuinn and Cynthia E. Cramton was flower girl.

RECEPTION AT CHURCH

A reception was held in the church basement. Before leaving for a honeymoon to New York, the bride changed to a black tweed suit with red accessories and a yellow rosebud corsage. The couple will live on 13 Mile road.

The bridegroom attended Michigan State University where he was affiliated with Delta Upsilon Fraternity.

Mrs. Barber wore a light blue lace dress with matching accessories and a corsage of yellow rosebuds and yellow lilies of the valley for her daughter's wedding. Mrs. Latta was dressed in beige lace with matching gloves and a floral hat with pink rosebud and pink lily of the valley corsage.

WCTU Group Honors Two at Luncheon

A fellowship luncheon was observed when Frances Willard Unit of the WCTU met at the home of the Rev. and Mrs. LeRoy Shafer on North Shirley avenue.

A double cake honoring the golden wedding anniversary of the Rev. and Mrs. Shafer and also the birthdays of Mrs. Shafer and Mrs. William Snell centered the table.

Mrs. William Bradley spoke on the subjects "Obeying the Commands of Christ" and "Tests of Sonship."

Past Noble Grands of Rebekah Meet

Past Noble Grands Club of Pontiac Rebekah Lodge No. 450 met at the Bigham street home of Mrs. Walter Goodrich.

A trip to the Oddfellows and Rebekah home at Jackson has been planned for June or July.

The next meeting will be held May 6 at the Clinton River drive home of Mrs. Don Bussard.

Dr. Hufziger Guest Speaker at Fathers Night

Dr. Otto Hufziger, assistant superintendent of schools, was guest speaker at Fathers Night, held by Hawthorne School PTA. His topic was: "For Every Child an Opportunity for an Adequate Education."

★ ★ ★

Sidney Ruff, father vice president, presided. An open discussion on nine resolutions to be presented at the state convention this month was conducted by Leslie Hudson.

★ ★ ★

Refreshments were served by fathers of the PTA. Charles Walter and Neil McClellan served at the tea table.

MacDowell Speaker at Wever

Francis MacDowell, visiting teacher, was guest speaker at Wever School PTA meeting at the school. His topic was "Behavior Problems in Children," and he outlined the history and purpose of the visiting teacher division.

The film, "Dumbo," will be shown at 3:30 and 7:30 p.m. April 27. Films will be shown every month with proceeds going to the playground equipment fund.

★ ★ ★

Mrs. Ronald Carr's second grade won the room percentage for the most parents present at the meeting.

★ ★ ★

Refreshments were served by mothers from Mrs. Edmund Dickson's, Mrs. Rexford Hagood's and Mrs. Henry Visschers' first grade.

Card Party Held at Sylvan Shores

Mrs. Angelo Giordano of Sylvan Shores drive was hostess for the annual card party at Sylvan shores Woman's Club. Cohostesses were Mrs. Clifford Steffey, Mrs. Omer Lewis, Mrs. Lloyd Wagner and Mrs. William Pipe. Cards were played and prizes awarded to Mrs. Earl McHugh, Mrs. Byron Cole, Mrs. Sam Hoffman, Mrs. Robert Gibbens and Mrs. Pipe.

Group Has Dinner

Loyalty Is Principle of Problem

By EMILY POST

"Dear Mrs. Post: For the past three or four years I have been buying two tickets for a benefit card party from a neighbor of mine. This year a friend of mine joined the committee and was also given tickets to sell. She asked me if I would like to buy tickets for the card party so I bought my usual two tickets from her.

"A day or so later my neighbor came over with tickets to the card party and I told her that I had already bought them from Mrs. Smith. She seemed rather peeved over this and has scarcely spoken to me since. Will you please tell me if I was wrong to have bought the tickets from someone else?"

Answer: When your friend who joined the committee asked you to buy tickets from her you should have explained that you regularly buy them from Mrs. Neighbor and should have continued to do so. You could then have made other arrangements with Mrs. Neighbor for next year. What was wrong was letting her down at the last moment when she was counting on you to take your tickets from her.

"Dear Mrs. Post: While I was having lunch the other day with several of the young women with whom I work, the question arose as to whether or not it is considered proper for women to apply make-up at the table when eating in a public place. Some said it is and others said it isn't. What do you say?"

Answer: It is all right so long as you are putting just a little lipstick on very quickly, but that's all. If you want to put powder on and really make-up, you should go to the dressing room.

"Dear Mrs. Post: A man I know well is trying to persuade me to go to the wedding of his cousin, both to the church and the reception at the club afterward. He thinks I'm quaint because I feel that I should be invited and have no right to go otherwise."

Answer: I am of your opinion. It is always in questionable taste for a girl to be "brought along" by a man. If there is no reason why an extra guest would not be welcomed, it is certainly a very simple thing for him to ask his cousin to send you an invitation.

One Candidate From Michigan

2 Vie for DAR Top Post

WASHINGTON (AP) — Campaigning for president general of the Daughters of the American Revolution is a bigtime project that has taken this year's two candidates across the country.

The cost?

"Plenty," says Mrs. Ashmead White of Lubec, Maine, vice president of an investment firm.

"I don't think there'd be any way of knowing," says Mrs. Ralph W. Newland of St. Joseph, Mich., who heads a family corporation.

ELECTION THURSDAY

Their long campaign comes to an end Thursday, when one or the other will be elected to the top office of the DAR. Each heads a slate of 12 national officers.

★ ★ ★

The election will be the high point of the DAR's 68th Continental Congress, which opens tonight with an address by Gen. Maxwell D. Taylor, Army chief of staff.

Both candidates have slogans, campaign managers, and hospitality suites open from early morning to late at night, serving coffee and snacks.

★ ★ ★

"We'll stay open as long as we have interested people — and we have been swamped," said Mrs. Newland.

HONORED IN STATE

The Michigan state chapter honored Mrs. Newland at a reception Sunday night—with her whole ticket joining in the receiving line.

"We feel that all that's necessary is for the ladies to meet Mrs. Newland and her slate," said her campaign manager, Mrs. Robert Kohr.

Mrs. White, Maine's first candidate for the top DAR post, had a homestate coffee in her honor scheduled for three hours this morning.

★ ★ ★

As to the issues, it's hard to say.

Both women have been active in the outgoing administration of Mrs. Frederic A. Groves of Cape Girardeau, Mo. Mrs. Newland is curator general and Mrs. White, program chairman. Both said their major stand is in favor of a strong national defense.

One thing was standard. Both candidates thought they were going to win.

Mrs. Newland laughingly put it:

"My dear, any candidate says her chances are wonderful."

Pythian Sisters Elect New Member

Mizpah Temple No. 7, Pythian Sisters, met Thursday evening at Fellowship Hall. Mrs. Karl Erickson conducted the meeting, and Mrs. Fred Beedle was elected to become a new member. Mrs. Alfred Soutar of St. Petersburg, Fla., was a guest.

On the refreshment committee were Mrs. Adelbert Ayres, Mrs. Glenn Griffin and Mrs. George Gleason.

Gramling-Wilton Vows Spoken in Pontiac Rite

Bethany Baptist Church was the scene of the Saturday evening wedding of Marlene Sue Wilton and Ronald C. Gramling. Dr. Joseph I. Chapman officiated at the ceremony before 150 guests.

Parents of the couple are Mr. and Mrs. Roy W. Wilton of Oriole road and Mr. and Mrs. F. N. Gramling of Falls Church, Va.

IN BOUFFANT GOWN

The bride wore a full-length gown of Chantilly lace over taffeta with tiers of lace and net forming the full skirt. The scalloped neckline was accented with iridescent sequins. Her elbow-length veil fell from a seed-pearl crown and she carried a crescent bouquet of gardenias and stephanotis.

★ ★ ★

Mrs. Blair Johnston was matron of honor. Bridesmaids were Betty McDaniel of Portland and Wilda Gramling of Falls Church, the bridegroom's sister.

★ ★ ★

All wore pink dresses and pink nose veils. They carried baskets of baby pink roses.

ASSIST BRIDEGROOM

Joseph Croyle of St. Michael, Pa., was best man. Ushers were Ronald Wilton, the bride's brother; Blair Johnston and Bernard Gramling Jr. of St. Michael.

A reception was held in the church parlors. Before leaving for a honeymoon to Denver, Col. and Las Vegas, Nev., the bride changed to a black wool suit with pink accessories and the gardenia corsage from her bridal bouquet. The couple will live in Alexandria, Va.

The bride attended Central Michigan College.

★ ★ ★

Mrs. Wilton wore a blue lace dress with a blue hat, white accessories and a pink carnation corsage for her daughter's wedding. Mrs. Gramling was dressed in beige brocade silk with a white hat and white accessories. She wore a white carnation corsage.

MRS. RONALD C. GRAMLING

Princess Anne Is Down With Chicken Pox

LONDON (UPI) — Princess Anne is suffering from chicken pox she apparently caught from her brother, Prince Charles.

★ ★ ★

The 10-year-old Prince of Wales came down with chicken pox the day before his Easter school vacation began and now has nearly recovered.

The children are at Windsor Castle where their mother, Queen Elizabeth spent the weekend. A Buckingham Palace announcement said it had been impossible to keep Charles in complete isolation from Princess Anne.

The announcement said the princess' ailment was expected to follow the normal course and that there would be no further medical bulletins on its progress.

Bethany Women's Units Hold Luncheons, Supper

Circles of Woman's Society of Bethany Baptist Church met Thursday.

RUTH ANN BANDY

Mr. and Mrs. Von Bandy of Lowell street announce the engagement of their daughter, Ruth Ann, to Robert O. Joyner, son of Mr. and Mrs. Hoyt Joyner of Osceola drive. Miss Bandy attended Ferris Institute and her fiance attends Sioux Falls College. An Aug. 15 wedding is planned.

Esther Group met at the church for a cooperative luncheon with Mrs. Orville Manns and Mrs. James Hsu as hostesses. Guests were Dr. Joseph Chapman, Percy Walley and Lillian Hilton.

★ ★ ★

Mrs. Edward Lewis was hostess to Dorcas Group at her Club drive home. Martha Group held a salad luncheon at the Scott Lake road home of Mrs. Fred Haushalter. She was assisted by Mrs. Harvey Sandberg. Mrs. William Davis was welcomed as a new member.

★ ★ ★

Naomi Group was guest for luncheon at the Salvation Army Men's Service Center. Major and Mrs. Ernest Alder were hosts. A tour of the service center followed, with Major Alder as speaker.

A cooperative supper was held by Ruth Group, at the church. Hostesses were Mrs. Quintin Kennaday and Mrs. Hardy Fair.

★ ★ ★

Lydia Group met today at the home of Mrs. Wellington Relyea on Washington street for dessert. Mrs. Lorin O'Day was guest speaker. Assisting the hostess were Mrs. Lowell Vollmar and Mrs. Frank Austin.

This tunic suit features a new-look longer jacket and is made of a cotton blend that looks like shantung. It is wash-and-wear and crease resistant. Elastic in the waist makes gathers above and below the patent belt.

YWCA Polls Women, Girls

Travel Is Big Goal

Travel and understanding other people better is the goal of many American girls and women, according to a nationwide survey just completed by the National Board of Young Women's Christian Association of the U.S.A.

Results of the questionnaire were announced as YWCAs across the country began the 12th annual observance of National YWCA Week April 19-25.

"Look Ahead with the YWCA —Join" is the association's new slogan. More than 100 YWCAs in 33 states conducted the survey among members and nonmembers of the organization.

58 PCT. WOULD TRAVEL

Given 18 choices of what they might add to their life as they plan for the future, 58 per cent of the nearly 10,000 questionnaire participants, ranging in age from 12 to over 50, checked travel among their preferences for the future.

Understanding other people better ran a close second, with 57 per cent. Fifty-three per cent checked improvement in personal appearance and grooming, while 49 per cent wanted to add more friends.

★ ★ ★

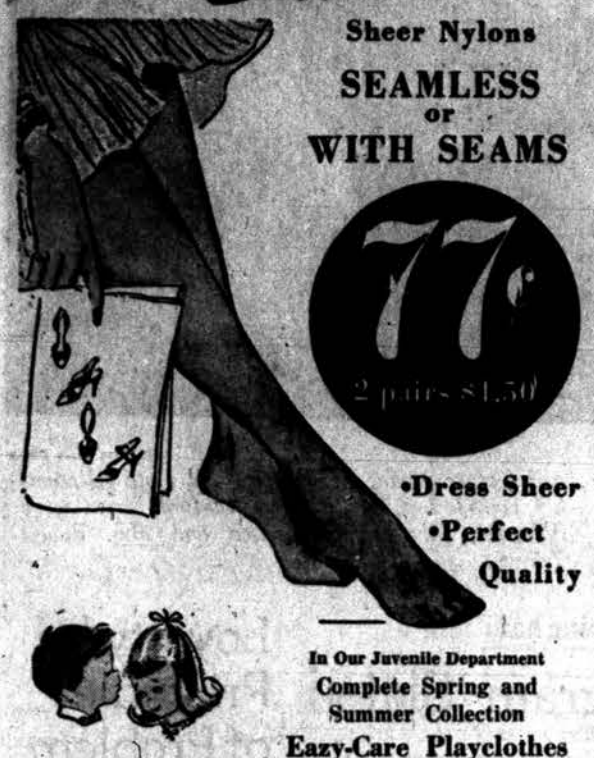

Their desire for "more knowledge of science" was less intense, despite the developments of space age and the widespread attention being given to the need for more scientists.

Only 15 per cent of the total checked this as a possible addition to their lives with the greatest interest being shown by the 12 to 17 year olds, 20 per cent of about 2,700 indicating they wanted this information.

Other choices in order of preference, are: dancing, 42 per cent; cooking skills, 41 per cent; sewing skills, 40 per cent; and the spiritual basis for living, 39 per cent; reading more books, 35 per cent; participating in sports, 34 per cent; money management 33 per cent; a new language, 32 per cent; improved family relationships, 30 per cent; playing an instrument or singing, 23 per cent; participating in games and painting and sculpturing, each 20 per cent; writing (poetry, novels and so on) 12 per cent.

Washing soda, which contains no grit or sediment, can be used in dry form to keep pots and pans shiny, and bathroom porcelain and tile gleaming.

Begin With Diet

Work on Weight, Muscles and Posture

By JOSEPHINE LOWMAN

In spring flowers bloom on hats as well as in gardens! This is the time of year when women long to be lovely more than at any other season. That is why I bring you my package of SPRING MAKE-OVER columns at this time.

Because of the grace and beauty of spring and the lovely clothes which are shooting up all about us, we just naturally think of our figures. There are four factors which seal our fate.

First there is our bony structure. We can no more change that than we can our ancestors. Next there is our weight. Overweight blurs otherwise attractive lines with fatty deposits.

Next we must think of our muscles. Lax slumping muscles cause many a figure fault. Also fat is much less apt to settle over active muscles than over inactive ones. Then there is our posture. This can make all the difference in the world in our figure as well as in the general impression we give.

So, when beginning your spring makeover think of your weight, your muscles and your posture. You will have to diet in order to lose pounds, exercise for firmness and think constantly of your posture. Singly or in combination, these three categories account for most figure defects.

Many women use my 9-day slimming diet for a quick loss when they have gained from 5 to 10 pounds. Others use it as a springboard for a flying start when they have a bigger reducing job ahead of them. Therefore, I include the menus from the diet in my Spring Makeover package.

Here are the menus for tomorrow:

TUESDAY
Breakfast
Half grapefruit
One thin dry piece of whole wheat toast. Black coffee
Mid Morning
Glass of tomato juice
Luncheon
Green salad with lemon or reducing dressing, 1 slice lamb roast (don't eat the fat)
One glass skimmed milk
One thin dry piece of whole wheat toast
Mid Afternoon
Glass of tomato juice
Dinner
One piece of lean meat, steak or roast (five or six ounces)
One-half cup squash (yellow preferable)
One-half cup string beans
One glass skimmed milk, One apple

Tomorrow we will print the menus for the following day. We'll continue with the menus the entire nine days of the diet. Better start now.

* * *

I also promised you an exercise a day. You can begin with this one either today or tomorrow. Lie on the floor on your back with your arms resting on the floor overhead. Bend the left knee up close to the abdomen. Return leg to floor. Bend the right knee up. Return to floor.

Continue, alternating left and right. Do this 20 times, counting both legs. If your muscles are strong enough, you can bend both legs at this same time. If not, you can do so later on.

* * *

If you would like to have my complete 9-day diet in a small booklet, send 10 cents and a stamped, self-addressed envelope with your request to Josephine Lowman in care of this newspaper.

Tomorrow: "The Road to Health Is the Road to Beauty, Too."

Bend the knee up in this position, then return to floor. Do this with each leg. This exercise is a part of your Makeover plan.

Some Problems Can Be Solved Alone

By RUTH MILLETT

A woman can solve a lot of her problems without help from her husband — if she will only refrain from crying, "How can I make him understand?"

A reader has just such a problem. Not long ago she and her husband moved onto a farm but were unable to make a go of farming, so her husband took a job in town.

Having three small children and no close neighbors she is alone all day. When her husband gets back from work he is tired and wants to stay at home. "How can I make him understand," she asks, "that the children and I need to be with other people some of the time?"

Why try to make him understand? Even if you succeed, the fact remains that with a job in town and country chores to see to and a long drive to and from work he isn't going to have much time for social life.

So instead of expecting your husband to solve your problem for you, why not try solving it yourself?

Why not invite some of your city friends to bring their children and spend a day with you occasionally? It would be a treat for them and a treat for you. You have something to offer them that they would enjoy. In return you would find yourself invited to spend a day in town occasionally.

That way you would have guests to plan and cook for and enjoy. And you would also have the anticipation of visiting to look forward to and an occasional exciting day spent away from the quiet of the everyday life you lead.

By sparking up your own days you would no longer be lonely and frustrated and unhappy because your husband doesn't understand your problem.

* * *

Any time a wife can solve a problem by herself she ought to do it. For men also have their problems — most of which they have to solve without the help of their wives.

New Necklaces Feature High, Bunchy Look

Higher and higher is the rule for necklaces of all kinds. The high, bunchy look gives a beautiful touch to open necklines. The bibs are set high on the throat and cascade to new, shorter lengths.

Chokers are high and bunchy, nestling at the base of the throat, or simple, flat and tailored, with textured or other surface interest to complement suits and shirtwaist dresses.

The dog collar is a fashion reality — and a flattering one — in many different forms. There is a big emphasis on mixing size, shade, shape, form and colorings of necklace stones and beads. Necklace fastenings are more ornate and finished to fill their role of showing with the open-necked summer clothes.

Shavers Injured

Mr. and Mrs. Stanley B. Shaver of Sylvan Lake City are patients in Tampa General Hospital, Tampa, Fla., recovering from injuries received in an auto accident.

Dry Corduroys in Dryer

Corduroys thrive on dryer-drying. You'll save dry cleaning costs and be more pleased with the results. Remove garments while there's still some hint of dampness.

Straighten seams, collars and hems with your fingers. Touch up with ironer to smooth seams if desired. Use a buffer load of towels when drying corduroys to raise nap to "like-new" finish.

Shoe Polish Takes On Scent of Blossoms

NEW YORK (UPI)—Women feeling down at the heels may now brighten their lives with perfumed shoe polish.

A publicity release for the manufacturer explains that there is a different aroma for each type of mood — and shoe material.

The release itself is rather flowery. It describes the scents in the following terms:

For suede shoes — "A floral composition of jasmine and lilac remindful of a sophisticated garden."

For buck — "An oak-moss aroma that impart sylvan character reminiscent of the outdoors. . ."

For smooth leathers — "Fragrant with the scent of burgmott from Italy and bois rose from Brazil."

If all this is a little too heady for the Plain James, there's a scent for their shoes, too.

Plain old lavender.

Save Plastic Bags

Save the plastic bags in which so many food and clothing items are wrapped nowadays.

They are handy for storing small items like parsley and radishes in the refrigerator; they also make good freezer bags.

Clean Rust Stain

To remove rust stains, first soak the spot in lemon juice, then cover with salt and let stand in the sun for several hours. Rinse thoroughly.

★ ★ ★

Organized as a branch of Detroit Institute of Art, classes are planned again next fall. Teachers are Swea Kline, Kathline Burch, Clifford West, Emil Weddige and Mary Jane Bigeler.

★ ★ ★

They will take part in a round-table discussion on "Non-Conformities in Art," April 24.

HORTENCIA TREVINO

Mr. and Mrs. Arnold Trevino of North Cass avenue announce the engagement of their daughter, Hortencia, to James M. Snaden of Ann Arbor, son of Mrs. Florence Snaden and the late Mr. Snaden. Hortencia and her fiance are seniors at Eastern Michigan College. An August wedding is planned.

14 Attend Meeting of Rebecca Circle

Fourteen members attended the meeting of Rebecca Circle of Oakland Park Methodist Church, held at the Joslyn road home of Mrs. Elton Behnke. Mrs. Helen Wagley was guest. Chairman for the coming year will be Mrs. India Allen.

Taking part in the program were Mrs. Lula Luby, Mrs. John Fuller, Mrs. Elmer Davis and Mrs. J. H. Chummings.

Dear Abby . . .

It Always Takes Two to Tango!

By ABIGAIL VAN BUREN

"DEAR ABBY: Could you please tell me why a man asks a woman to a dance when he can't dance? When I accepted this date to go dancing I did not think it was necessary to ask the man if he could dance, but when he got me out on the floor I thought he was joking! He leads with his right shoulder and right hip. He just shoved me along the dance floor, paying no attention to the music whatsoever. Then he pivoted and started to shove me backwards in the same fashion.

ABBY

"By the end of the evening I was exhausted. He has a nice personality and I would like to see him again, but I don't care to dance with him any more. How can I gracefully get out of dancing with him without losing him entirely?" GLADYS

DEAR GLADYS: Suggest that you both join a dancing class (it could be fun) and turn him over to the instructor for some "basic training." If he doesn't agree to "lessons" tell him you are enchanted with his conversation and would rather talk than dance.

★ ★ ★

"DEAR ABBY: I go with a boy who doesn't have a car of his own and we have to double-date with a boy who has one. My boy friend calls and asks me to get a date for his friend but, Abby, his friend is such a creep that no girl will go out with him more than once. I have to beg my girl friends to do me a favor and go with this boy so I can go with my own boy friend. Is there a solution to my problem? I hope so as I have run out of girls." PICKLEMENT

DEAR PICKLEMENT: Your boy friend can either find a boy with a car who is more acceptable, or you two can take the bus. No one should be "taken for a ride" just because he needs the transportation.

★ ★ ★

"DEAR ABBY: I have been married 14 months and my problem is that my husband won't give me any money. If a bill comes to $30.25, that is exactly what he gives me. I have tried to talk to him but he just walks outside. He says a wife does not need any 'spending money.' I get no allowance and every piece of clothing is what I had when I was married. Another thing: My husband says the reason he never tells me he loves me is because it sounds cheap. BETTY

DEAR BETTY: If anything sounds "cheap" it is your husband. A broken home can be very expensive in terms of money and emotions. I recommend one wise investment. A marriage counselor.

★ ★ ★

"DEAR ABBY: I am a boy 15 years old and as long as I can remember I have wanted to dress up like a girl. Don't get me wrong, there is nothing the matter with me. I don't want to BE a girl but the clothes that girls wear attract me. Why can't boys wear pretty clothes? Why do we have to wear baggy pants and dull colors and rough material? And why can't we touch up our hair a little bit and improve our looks with cosmetics like girls do? Again, let me say there is nothing odd about me, I am—" JUST ASKING

DEAR JUST: You should definitely ask these questions of a doctor — soon.

Omelet Type Dish Calls for Softened Matzos

By JANET ODELL
Pontiac Press Home Editor

Today's recipe was given to us by a husband and wife, Mr. and Mrs. Sam Messing. They agree that it is a delicious way in which to fix eggs. The Messigns have two married daughters and three grandchildren.

MATZOS BRY

By Mr. and Mrs. Sam Messing

2 matzos
Hot water
2 eggs
Salt and pepper
Fat for frying

Break matzos in pieces and put in hot water to cover. Let stand a few minutes until they get soft but not mushy. Drain.

Beat eggs and seasonings with matzos. Melt butter in frying pan and turn in egg mixture. Cook over medium heat until one side is done. Flip over and let cook until set. Serve with butter and sugar or jelly on top. Serves one.

Plea for Understanding of Mentally Ill

By MURIEL LAWRENCE

Sometimes a mentally sick person will convince himself that he's the Messiah. Nothing you say will alter his belief that he possesses the perfect righteousness that entitles him to proclaim himself Savior.

If his doctor says, "Why, if you're the Messiah aren't you out working at it instead of weaving these raffia mats?" the patient will ignore the suggestion that there's any discrepancy between what he claims to be and what he actually is.

He'll say airily, "I'm just biding my time. I'm just waiting for John the Baptist to get finished preparing the sinners for my coming."

We may fear him, laugh at him, feel sorry for him. But he's not so awfully different from us.

When we say to Jimmy, "You disobeyed — and I want no more talk about it," we resemble the insane Messiah.

Like him, we are claiming to possess a perfect righteousness that entitles us to ignore any Jimmy thinks he's got.

We, too, reject the possibility that there could be any discrepancy between the absolutely right person we think we are and the fallible human being we actually are.

"We are all more simple human than otherwise," is perhaps the greatest statement ever made by America's great psychiatrist, the late Dr. Harry Stack Sullivan.

This year as a feature of its annual fund-raising campaign, the National Association for Mental Health is introducing Operation Friendship — a program to bring 750,000 visitors to the nation's mental hospitals in a week-long "open house" beginning April 26.

One of their reasons for wanting you to visit your local mental hospital is to reduce the stigma that ignorance attaches to mental illness.

It has never been a reasonable stigma.

We attach no stigma to a relative or friend suffering from pneumonia. Having suffered from bad colds ourselves, we see nothing shameful in his lung congestion. Recognizing it as merely an intensification of our own colds, we take him flowers.

But when it comes to the mental hospital's Messiah, we take no understanding.

We make an outcast of him as though his illness were inhuman — when as a matter of fact it's just an intensification of our own glorified views of ourselves.

Nursing School Sets Open House Sunday

McAuley School of Nursing will hold open house from 2 to 4 p. m. Sunday. The school is located next to St. Joseph Mercy Hospital. There will be tours of the buildings and a film, "Nurse Please." Members of the faculty will be on hand to discuss nursing education and opportunities.

The community is invited with a special invitation to women interested in practical nursing.

★ ★ ★

McAuley school is open to women between 18 and 50 years old. Selection for training is based on qualifying examinations and admission interviews.

★ ★ ★

A one-year program is given for training practical nurses, who upon completion of the course and successful writing of State Board examination, may work in hospitals, doctors' office clinics, Visiting Nurse Associations, industrial plants and private homes.

To Aid Girl, 5, Cancer Victim

Avon Fund Drive Due This Week for Tot Who Has Kidney Tumor

AVON TOWNSHIP — A fund has been organized to aid a five-year-old girl who has cancer.

The child, Mary McClure, is the daughter of Mr. and Mrs. Harry McClure of 2936 Avalon St.

Friends of the McClure family, Mrs. Carl Henderson of 226 E. Tienken St., Rochester and Mrs. Malcolm Scantland of 468 Squirrel Rd. Auburn Heights, are conducting the drive.

All donations can be mailed to them and they in turn will be transferred to an account for Mary in the Auburn Heights branch of the Pontiac State Bank.

The child, who had attended kindergarten at Stone Elementary School until she became ill several months ago, has a Wilms tumor which is located in the kidney and is malignant, according to her doctor.

Following a recent operation, she now must return to St. Joseph Mercy Hospital in Pontiac each day for treatments.

The McClures have four other children and, according to Mrs. Henderson, the father had been unemployed for more than one year.

Canisters labeled "Mary McClure Cancer Fund" will be placed in Auburn Heights and Rochester business establishments as a part of the drive.

3 Homes Ransacked but Nothing Missing

Three break-ins at West Bloomfield Township homes this weekend were described by Oakland County sheriff's deputies as "unusual" and it is suspected juveniles were the culprits.

The homes, all on St. Joseph street, of John Babcock, at 2103, Wayne Felbart, at 2117, and William Hill, at 2170, were ransacked but nothing could be found missing.

Deputies said that several items of value, including sums of cash in plain sight, were passed up. All three houses, similar in structure, were entered by breaking a breezeway door window and the culprits left in each case through a rear bedroom window.

None of the occupants was home when the break-ins took place, either late Saturday night or early Sunday.

Waterford Clerk to Ask OK for Treatment Bids

Waterford Township Clerk James Seeterlin will ask the township board to authorize engineers to ask for bids for the Watkins Hills water treatment plant, at tonight's meeting.

The water system has become clogged with iron deposit because of the high amount of iron oxide in the system,. The proposed chlorination treatment installation is estimated to cost about $2,000 and payment will be made by subdivision water-users.

No other business has been scheduled, Seeterlin said.

Williams Stops in Office, Buzzes Off for Detroit

LANSING (UPI) — Gov. G. Mennen Williams was in his office today. However, the governor left about 10:30 a.m. for Detroit, where he will receive the proceeds from a March 7 testimonial dinner.

Williams has been under attack from GOP lawmakers for being out of town much of last week.

Show Missiles at Area School

Army Arsenal Exhibit Can Be Seen Today at Bloomfield Hills

An Army exhibit from the Detroit Arsenal is being shown at the Vaughn Elementary School in Bloomfield Hills from 6:30 to 8 p.m. today.

Nine Army missile models ranging from the small Little John to the most lethal, the Redstone, and including the LaCrosse missile are being displayed.

Other features of the exhibit include the Army's mechanical "mule," a four-wheel-drive cargo carrier capable of transporting a 1,000-pound load.

An electrical arc machine which can generate a 30,000 voltage can be seen at the school exhibit. The machine generates ozone, which tests tire deterioration.

As an added attraction, two color movies, "X Minus 80 Days" and "Army Missiles," depicting the United States' first earth satellite launching and the Army's array of missiles are being shown.

The exhibit is directed by C. J. LaFrate. Sgt. 1c Adam Hall and Sgt. Charles Duvalle will be with the exhibit to answer questions.

Unknown Assailant Stabs Pontiac Man, 21

A 21-year-old Pontiac man was stabbed by an unknown knife-wielder early Sunday morning at the Pontiac Skate Club, 35 Elizabeth St.

Celester Boykin, of 231 Crestwood St., was treated for a slight cut at Pontiac General Hospital and released.

Boykin said the assailant had fought with someone else earlier and was angry because Boykin was laughing.

Oxford Motorist Hurt When Car Overturns

An Oxford motorist whose car overturned early Sunday morning at the intersection of N. Perry St. and Pontiac Rd. was in fair condition at Pontiac General Hospital today.

Police said they were unable to get a statement from the motorist, Ellis Conner, 32, of 117 S. Washington St.

He suffered bruises and lacerations of the face.

Emerson School Cubs Put Trees by Building

Cub Scout Pack 58, sponsored by Emerson School, Saturday planted two trees in front of the school, a service project pledged by the scouts during Boy Scout Week earlier this year.

Thirty-two scouters planted the young maples on the school grounds.

Dens will alternate weekly in watering the trees and watching the progress of their growth.

Infant Slightly Hurt When Hit by Truck

A 21-month-old child, Robert W. Lange, was slightly injured Saturday afternoon when hit by a panel truck while playing at the curb in front of his home, 350 Newport St.

Witnesses told police the driver made a delivery, returned to his truck, and pulled away from the curb, apparently not seeing the child.

Robert was treated for facial bruises at Pontiac General Hospital and released.

Edison Starts Up New Power Unit

ST. CLAIR (AP) — Detroit Edison today started up a new 320,000-kilowatt steam turbine generator at its St. Clair Power Plant on the St. Clair River.

The company said the generator is one of the largest in the world and makes the plant Michigan's most powerful electric generating facility.

The generator is the first of two additions to the plant which originally had four units. A sixth unit already is under construction and is due for completion by April of next year.

The capacity of the plan now is 980,000 kilowatts —enough to supply the electrical needs of more than one million people. Detroit Edison said with today's addition, its system is capable of producing almost 3,750,000 kilowatts.

91 per cent of the families in the U.S. with incomes over $5,000 own a car.

Auto Financing Firm to Provide Loans for Homes

Universal C.I.T. Credit Corp., the nation's largest independent auto financing company, is extending its facilities to cover home owners' property improvements in the Pontiac area, according to William J. Winters, Pontiac district manager.

The firm's Property Improvement Plan will be offered through established contractors and dealers in the area.

The plan provides for the financing of such improvements to real property as air conditioning, heating equipment, extra rooms, kitchen remodeling, swimming pools, garages and other major improvements.

Two Men Are Injured as Auto Leaves Road

Two men were injured Sunday night when their car ran off the roadway on Golf Drive west of Bagley street.

Injured were the driver, Richard E. Croteau, 30, of 1404 Auburn Rd., Rochester, and Elmer Turner, 30, 3159 Donley St., Auburn Heights.

Both men's condition was reported as fair. Croteau suffered back injuries and Turner abrasions to the right side of the body.

NOTICE OF HEARING ON SPECIAL Assessment Improvements by Bloomfield Township Board.

32¢ lost from your dollar just since the war

...and year after year the raid goes on!

It doesn't matter whether you call it "inflation" or "dollar nibbling" or "higher living costs."

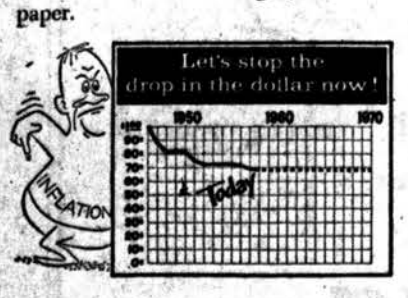

Of course you've felt it. The steady whittling away at every dollar you spend or save. The struggle to get through until pay day. The fight to make both ends meet, regardless of higher wages.

How can we stop the value of the dollar going down and down?

One of the greatest dangers to the purchasing power of the dollar lies in expecting the Government—whether federal, state or local—to play Santa Claus and bring us new services year after year. We simply can't expect to have all the services we would like, however desirable they may be. Not while we're carrying the biggest peacetime military budget in our history. By pressing for new benefits at a time like this, we face higher and higher taxes . . . or more and more inflation.

Your representative in Congress understands this. And he knows that in the end it is *you* who pay the cost of these projects. But he can't hold the line against inflation unless you and others make it clear that this is what you want. Support him in every effort he makes to tighten up on non-defense expenditures and to eliminate waste.

So that you can give your representative the backing he expects and deserves, keep yourself constantly informed of the attitude he is taking. A good place to get that information is through your newspaper.

When we have cut every expenditure that is unnecessary or postponable, we'll have taken a big step *toward* a balanced budget and *away* from inflation. We'll have also given millions of Americans greater incentive to add to their savings. Not only will a growing nest egg bring a comfortable feeling of independence and security. Those savings, as they are invested, will provide the capital needed for America's future growth.

America's growth, and your prosperity, both depend on a stable dollar.

• • •

Brought to you in the interest of every American who is concerned with preserving the value of the dollar.

Milford's 3 Water Beauty Sites Wiped Out

FOR DAM INSPECTION—Owner of the three Ford mill ponds in Milford claims that he has released water from his ponds so that insurance inspectors may present rate-figures on liability policies. With the opening of floodgates of the Huron River dam, the river has receded more than 20 feet on each side, and nothing can be done about the situation, according to officials.

Ford Plant Owner Opens Huron River Floodgates

By REBA HEINTZELMAN

Water from three big mill ponds in the heart of Milford has disappeared, the swollen Huron River has been reduced to a trickling stream and a near-by lake threatens to become nothing but a bed of muck.

All this is the result of the opening of floodgates on a major dam, on the Huron River, owned by James Robbins. He purchased the pond, three dams and 40 acres of property along with the old Ford Motor Co. carburetor plant here two years ago.

Robbins said that it was necessary to drain the ponds because his insurance company insisted on an inspection before issuing any liability insurance.

"If one of those dams were to let loose, it could cost our company several million dollars in property damage, and we could not assume that great a liability," he added.

The Robbins Inc. company manufactures all types of highway trailer components in the old Ford plant and the insurance involves liability on water resource operations of dams affecting the Huron River, Moore's Lake and the millponds.

It all started Friday morning, when, for the first time stunned townspeople looked out on deep, empty mud-holes that were formerly landscaped beauty spots created by Henry Ford some 25 years ago.

When the gates at the main dam were thrown open, the water from the Huron River went pouring through the dam, on down into Kent Lake. This controled, man-made lake is always four feet lower in the winter, so there was no danger of a flood hazard at any time, according to Village Engineer George Hubbell.

With the Huron River lowered, water from the three ponds immediately began to spill down into the river and with nothing to stop the flow, by Sunday afternoon it all disappeared into Kent Lake.

GET THE FISH

State Conservation officials issued an announcement early Saturday urging people to go to the main mill pond and get the hundreds of dying fish flopping around on the nearly dry riverbed.

By noon, the area was filled with cars. Spectators watched men and boys wade knee-deep in the gooey muck, grabbing up choice pike, bass, perch and other varieties of floundering fish.

Some residents feel that the emptying of the mill ponds was a "strategy move" by Robbins, who wants to sell part of his land for a new shopping center.

It would mean rezoning the area from heavy industrial to commercial and council members have been tabling the zoning change for additional study, since last September.

Robbins said that the shopping center is something to be decided on by the people, and that it doesn't involve his company as it is an industrial operation.

Robbins explained that because of the Ford Motor Co's great buying power, insurance on this plant and its operation were thrown in with all of the other company policies. Ford also used all of the electric power produced by the dams.

He added, "We don't use the dams in any way. All we're doing is paying a high liability insurance rate for something we don't even need." He said that the rates are between $4,000 and $5,000 annually.

President of the Chamber of Commerce Archie Noon said that the businessmen would like to keep the area zoned as it is to lure industry to Milford.

"The council has already approved two different commercial shopping centers in the village, and we need heavy industrial zoned areas," he added.

Robbins owns the water rights to Moore Lake, just north of Milford. This artificial lake is fed by the over-flow from Pettibone Lake near Highland and is controlled by a dam which was included in the Ford-Robbins deal. Almost every lot on the lake has a cottage and in most cases people live year-round in the buildings.

Newly appointed city manager Oliver Taylor has contacted several different state departments and legal advisors regarding the situation and said that it all summed up to one fact—nothing can be done about the situation.

As owner of the ponds, dams and land, Robbins may do what he wants to about re-filling the ponds and controlling the Huron River water level, Taylor said.

Robbins said that after the insurance company inspectors compile their rate-figures, his company will decide what to do about re-filling the gapping mud holes.

"When we decide if the liability is greater than we want to assume we will establish that fact with the city and see what they want to recommend," he added.

None of the village engineers or government officials would predict just how long it would take to re-fill the ponds from the tiny Pettibone Creek their only water source. Some engineers say that it may take more than a year to replace the water, depending on weather conditions.

MEETING TONIGHT

A huge crowd of Milford residents are expected to attend tonight's "feel the pulse" public meeting at 8 p.m. at the high school, Taylor said.

A vote will be taken on whether or not the residents want another shopping center on the north end of town involving the Robbins property. Council members will then decide whether or not to permit the zoning change.

Robbins insists that the empty ponds have nothing to do with the shopping center site. "It's just a coincidence that the inspections were necessary just before the public meeting," he concluded.

FREE FISH — Hundreds of people slushed through knee-deep mud to get half-live fish from the bottom of an emptied mill-pond in Milford Saturday. George Heffler and his son Edward look over a 2-foot pike which they picked up early in the morning. Water has vanished from three scenic ponds and the Huron River was lowered when the owner of the dams released the floodgates Friday.

Addison Will Host Firemen's Meeting

LEONARD — The Addison Township Fire Department will host the annual dinner meeting tomorrow evening of the Northeastern Oakland County Firemen's Assn. at the Leonard Elementary School here.

* * *

Some 150 association members and guests are expected to attend the festivities which will get under way at 7 with a dinner to be served by Mrs. Harold H. Dearing, school lunch supervisor for the Oxford Area Community Schools.

* * *

Meat for the meal will be furnished by Melvin L. Lanphar, owner of Pleasant View Farms located near Leonard.

Special guests will be members of the Oakland County Sheriff's Department including Undersheriff Donald M. Francis and Officer Donald Kratt.

William Jackson, department underwater diver, will also be on hand to explain how he works with area fire departments in rescue operations.

* * *

Other demonstrations showing how the Sheriff's Department cooperates with area fire fighting units in case of fire and other emergencies are planned.

There will also be displays by a number of area fire companies, according to Addison Fire Chief Edward Porter.

Members of the Northeastern Assn., in addition to Addison Township, are from Orion, Brandon, Oxford and Independence Townships, and from the villages of Metamora, Hadley and Gingellville.

* * *

Fire chiefs from outlying areas have also been invited.

Mother Leaps Through Glass to Save Children

A 25-year-old mother suffered cuts yesterday when she leaped through the storm door of her home to stop a moving car in which children were playing.

* * *

Police said Betty Head, 365 S. Anderson St., looked through the front window of her home and saw the car start to move slowly down an incline.

* * *

She leaped through the storm door in her haste and stopped the vehicle.

* * *

She was treated for cuts on her left leg and left hand and released from Pontiac General Hospital.

Band Boosters to Meet

AVON TOWNSHIP — The Avondale Band Boosters Club will meet at 7:30 tomorrow night at Avondale Junior High School. Music will be furnished by the fifth grade band under the direction of teacher Richard Longfield.

Head-On Auto Crash Injures 5 in Milford

Two adults and three children were injured in a head-on two-car collision Saturday afternoon at 2320 E. Commerce Rd., Milford Township, according to Oakland County Sheriff's Deputies.

* * *

One of the drivers, Kelly H. Donaldson, 42, of 10238 Elizabeth Lake Rd., Milford Township, and his son David, 8, were treated at St. Joseph Mercy Hospital and released.

The other driver, Benjamin R. Threloff, 41, of 1128 Baron Rd., Milford Township, and a son, Timothy, 2, were listed in satisfactory condition at the same hospital today.

The boy suffered a brain concussion and his father had multiple cuts and rib injuries. A daughter, Maureen, 4, also in the Threloff auto, was treated and released.

Navy's Polaris Problem Rocket Rumbles Aloft

CAPE CANAVERAL, Fla. (AP) — The Navy's trouble-plagued Polaris test rocket rumbled aloft today.

* * *

The 28-foot missile, that ultimately will be fired from ocean prowling nuclear submarines, gushed out a big trail of black smoke as it rose at 10:30 a.m.

If was the first appearance of the Polaris at the cape since Feb. 27 when the trim rocket broke up shortly after liftoff.

The Polaris is the same shape and size as the operational version.

* * *

Today's was the sixth flight in seven months as a two-stage rocket. On the previous trips the missile exploded three times and fizzled in the sky on two other efforts.

Almont to Vote on School Tax

Issue Goes on Ballot 3rd Time in 9 Months on April 27

ALMONT — For the third time in nine months, Almont voters will be asked April 27 to authorize an increase in the school operating tax.

The Board of Education is seeking an additional three-mill tax to be levied for three years.

Last July, the electorate turned down a request for two mills by a two-to-one majority. Just a month ago, a proposal seeking a 2½-mill increase was defeated by 17 votes.

The school board said two of the three mills would be used to pay off an accumulated deficit which is expected to amount to about $40,000 by the end of the year. The remaining one mill is needed to balance the operating budget in the future.

The latest proposal has the backing of a newly formed group of citizens called the "Committee for Better Schools."

Than 'Doorknob' Tale

OKLAHOMA CITY (AP)—Dorris Nichols swears this is how she got a black eye:

She stepped out of a car carrying a purse, briefcase and jar of hand cream. She spied a friend and waved. The jar of handcream flew out of her hand and hit her in the right eye.

Upjohn Reports Profit

NEW YORK (AP) — Upjohn Co. of Kalamazoo, Mich. reported a net profit of $5,050,000 or 36 cents a share for the March quarter. This compared with $5,152,000 or 37 cents a share in the first three months of 1958.

VIRGINIA ELLEN DIXON

Planning a fall wedding are Virginia Ellen Dixon and Edward Vandewarker. She is the daughter of Mr. and Mrs. Chester Dixon of 10270 Allen Rd., Independence Township, and he is the son of Mr. and Mrs. Glen Vandewarker of 783 South St., Ortonville.

Lyon Approves School Tax Levy

LYON TOWNSHIP — In Saturday's special election here, township voters favored the proposal to levy a four-mill special tax for school operation for three years by a margin of 240 votes. The tally was 843 yes to 603 no.

* * *

The Township Board of Education had asked for the extra millage to help defray part of the operating expenses of the district from 1959 through 1961.

* * *

This is the second request for a millage increase in recent months. The first was defeated by a sizable margin.

Castro's Goal: Reduce Hunger, Then Free Vote

WASHINGTON (AP)—The Cuban people are more interested in getting back to work than having free elections right away, says Fidel Castro.

But the bearded revolutionary leader adds he wants free elections in Cuba as soon as possible. He's not sure when that might be.

Real democracy is not possible where people are hungry, Castro said in an interview Sunday night.

He had another chance to expound his views today, in a luncheon appearance before the National Press Club.

Castro and Vice President Richard M. Nixon talked for 2 hours and 20 minutes at the Capitol Sunday night in a conference originally scheduled for 15 minutes.

The bearded Cuban prime minister was asked during the interview when he intended to have an election in Cuba.

"What we want," he said, "is to get as soon as possible a condition for a free election. It is not in any condition more than four years, in any condition."

Castro appeared satisfied today that his 5-day Washington visit had fostered better understanding of his new government.

U.S. Prosperity Tops Forecasts

Anderson Tells Press Leaders Economy Now Breaking All Records

NEW YORK (UPI) — Treasury Secretary Robert B. Anderson told newspaper executives today that the nation's prosperity is racing far ahead of the Eisenhower administration's expectations.

* * *

In a speech to members of the American Newspaper Publishers Association attending an Associated Press luncheon, Anderson reported that personal income and corporate profits have reached an all time high and total production and industrial activity have broken previous records.

Anderson predicted a bright economic future — "without inflation," which he said was not necessarily a part of the price of progress.

More than 1,300 executives of daily newspapers were on hand for the opening day of the ANPA's 73rd annual convention. During the four-day gathering they will attend panel discussions, hear formal reports on the state of the press, and talk shop at social gatherings.

* * *

Anderson, the government's top fiscal official, rejected as a "false assumption" arguments that "a little inflation is good for economic growth." He added he was sure most Americans agreed with him.

"I am confident," he said, "that this nation is not going to adopt a philosophy that inflation is a necessary part of the price of progress . . . I have deep faith . . . that the American people are wise enough and perceptive enough to support the principles which can leave for your children and mine an America not ravaged by economic turmoil, but full of strength and growth and hope."

Anderson laid great emphasis on the need for preserving the value of the dollar, a favorite administrative theme.

Sandra Siegler Married to E. C. Kriewall at Utica

MRS. EDWIN C. KRIEWALL

UTICA — Edwin C. Kriewall of Rochester claimed Sandra Ann Siegler as his bride at a candlelight wedding ceremony held Saturday evening in Trinity Lutheran Church here.

* * *

The bride is the daughter of Mr. and Mrs. Charles Siegler of 136 Woodward St., Rochester, and the bridegroom is the son of Mr. and Mrs. Fred Kriewall of 46349 Vineyard St.

* * *

For her wedding, the new Mrs. Kriewall chose a floor-length gown of chantilly lace and tulle over satin, featuring a bateau neckline of scalloped lace, long sleeves and a fitted bodice.

Her fingertip-length veil was of English silk illusion. She carried a bouquet of pink and white roses.

Serving the bride as maid of honor was her sister, Sue Siegler of Rochester. Bridesmaids were Marilyn Chase of Warren and Pat Newton of Rochester.

Bob Lewis of Rochester performed the duties of best man. Ushers were the bridegroom's brothers, Carl of New York, Willet and Elvin, both of Utica, and Bill Winkler of Rochester.

Following the ceremony a reception was held in the American Legion Hall.

* * *

Then the newlyweds departed on their honeymoon in the Smoky Mountains, Tenn. They will reside in Utica upon their return.

High-Riding Indians at Detroit Tuesday

Foytack to Face McLish in 1st Night Contest

Idled by Cold Sunday After Saturday Victory; Kaline Hitting .467

DETROIT (UPI) — The high-riding Cleveland Indians, hitting their pennant pace of 1954, move into Briggs Stadium tomorrow night against Paul Foytack and the Detroit Tigers.

The surprising Tribe suffered its first setback in seven games at the hands of the Kansas City Athletics' ninth-inning rally yesterday. But Cleveland's start still is the best since Al Lopez managed the Indians to 111 victories in 1954 and the American League flag — the only team to top the Yankees in the last 10 years.

Meanwhile, the Tigers, figured to have a better chance to dump the Yankees, are in the cellar and five games behind Cleveland.

The Tigers and Chicago White Sox were idled yesterday by 39-degree temperature and a biting wind that gusted across Comiskey Park. White Sox and Tigers officials rescheduled it as a May 28 night game.

★ ★ ★

Mindful that the Tigers still stranded nine men in their 5-2 victory Saturday, Manager Bill Norman set a 10 a.m. workout for the Bengals in Briggs Stadium today.

Larry Doby and Gail Harris, expected to provide the big punch from the left side of the plate, have only five hits between them in 42 times at bat for a collective .119 average. Harris has driven in just three runs and Doby only one.

Norman hoped extra work would get his two southpaw sluggers to perform.

The pleasant surprise has been Al Kaline. The 24-year-old outfielder hasn't jumped off to such a good start since he won the batting title with a .340 average in 1955. Kaline holds a blazing .467 mark now. Three of his 14 hits went for extra bases—two solo homers and a double.

★ ★ ★

Kaline has knocked out nine hits in his last 12 official trips to the plate.

Foytack, despite having a 0-0 record after two starting assignments, has shown the best stuff of any Tiger pitcher aside from the six innings Billy Hoeft worked Saturday at Chigago.

Cal McLish probably will pitch tomorrow night and Herb Score Thursday with Wednesday's game going to Gary Bell. Don Ferrarese or Jim (Mudcat) Grant. The series also will mark Bill Martin's first appearance in Detroit since being traded to the Indians during the winter.

Chuck Kocsis 2nd in Georgia Event

ATLANTA. (AP) — Jack Penrose of Miami Beach, Fla., with a 72-hole total of 287, has won the 1959 Dogwood golf tournament. He also won medalist honors in qualifying with a 68.

He had rounds of 73-67-76-71 over the par-72 Druid Hills Golf Club course. Chuck Kocsis of Detroit was two strokes back with 72-68-75-74—289.

Yankee Castoff's Pinch Double Defeats Score

A's End Cleveland String

By The Associated Press

If the New York Yankees have another Zeke Bella to ship to their Kansas City "farm club," the Athletics will beglad to pay the freight.

Bella, shunted to the A's as part of the deal that brought Murry Dickson to Yankee Stadium last fall, came through with a big hit Sunday in Cleveland. The rookie's pinch double with the bases loaded knocked the Indians out of the unbeaten class and gave Kansas City a 4-3 victory.

★ ★ ★

Herb Score had pitched a terrific game for the first eight innings. The A's had been shutout with only two hits and trailed 2-0. Even Bill Tuttle's lead off home run didn't seem too serious. However singles by Hector Lopez and Roger Maris, a walk to Hal Smith and Bella's double — driving in three runs — ended the Tribe's streak at six straight.

Frank Malzone, a boy from New York's Bronx who wound up with Boston, came through with a 12th inning home run off Ryne Duren for a 5-4 Red Sox decision over the Yankees.

Baltimore staged a wild rally, scoring six runs in the seventh for an opening 7-5 victory over Washington. But the Senators came back to take the rain-delayed second 4-2, behind Russ Kemmerer. Cold weather postponed the Detroit at Chicago game.

★ ★ ★

Even in defeat, Woody Held smashed his fifth homer in the bottom of the ninth but it wasn't enough to offset Bella's blow.

Ray Herbert, making his first start, went all the way for the A's, yielding seven hits.

★ ★ ★

Enos Slaughter, soon to be 43, tied the score for the Yanks with a ninth inning homer at Fenway Park. The Red Sox, held to two hits after the third inning, got the big one when Malzone knocked Duren's 1-0 pitch into the left field screen in the 12th.

Gene Stephens hit a two-run homer off Johnny Kucks earlier in the game and Norm Siebern of the Yanks hammered an Ike Delock fast ball off the left field screen in the first for another homer.

★ ★ ★

The first game at Baltimore was a dilly. The tie-breaking run in the big seventh came when Dick Hyde hit Chico Carrasquel squarely on the top of the head with a pitch with the bases loaded. Twelve Orioles batted in the inning in which Jim Finigan doubled and Willie Tasby, Bob Nieman, Gus Triandos and Bob Boyd singled.

Carrasquel finished the first game and played part of the second before he went to the hospital for a check. Kemmerer kept the Orioles under control in the second game while the Senators beat Jack Harshman on home runs by Harmon Killebrew and Jim Lemon.

PCH CHAMPIONS — The Lucky Strikes were officially named champions of the Pontiac Central Bowling League Saturday at a final party for the loop at West Side Recreation. Forming the team which won both halves of season schedule were, left to right, Joe Parks, Karen Antolich, Charlotte Johnson and Art Silverhorn.

Award Party Ends PCH Keg Season

The presentation of awards at a windup party at West Side Recreation Saturday climaxed 20 weeks of competition in the Pontiac Central Bowling League.

Honored were the Lucky Strikes, team champions for both 10-week sessions, and several individuals.

Art Silverthorn, Charlotte Johnson, Karen Antolich and Joe Parks made up the top team.

High game prizes went to Bob Vollmar for boys with 225 and Jan Reichert for girls with 170. Dick Goodwin's 655 series topped the boys. Girls' best was 467 by Donna Rigotti.

League director Mike Andonian presided at the final gathering of the prep keglers. Bowling was completed April 14.

No Smile in Toronto

TORONTO (AP)—There's no joy today in Torontoville, after the Maple Leafs' lost 4 games to 1 to Montreal in the Stanley Cup finals.

The Globe and Mail usually carries a joke on its front page under the heading "Your Morning Smile." In today's edition, somberly recalling Montreal's clinching victory Saturday night, the paper carries a black-bordered box stating:

Ladewig's Local Foes Decided

New Leaders at Elks

Three new teams were heading the pack in the Elks Mixed Doubles Tournament and Lakewood Lanes today named its four women who will face Marion Ladewig in the final program of a "Beat the Pro" series after a torrid weekend of bowling.

★ ★ ★

Standings in the Elks event underwent quite a revanping in the next to the last weekend with six new teams in the top ten.

Phyllis Shaul and Gerald Weber rolled a 1042 actual in hitting 1322 to head the pack just one pin ahead of Mary and Charles Oshust, who rolled 1065. Shirley Pointer and Jay Koprince took over 3rd with 1301 with an impressive 1196 actual.

Mrs. Pointer hit 601 and Koprince 595 to steal the show at the Lodge 810 alleys but were hindered by having only a 105 handicap. All three new leaders are from Pontiac.

★ ★ ★

The other three newcomers in the top ten were from Pontiac, Hillsdale and Saginaw. The Hillsdale duo rolled 1073 featuring a 629 by C. Reason.

Some 32 area women really burned up the alleys at Lakewood Saturday afternoon battling for a chance at the nation's top woman kegler.

Ruth Peterson, Hertha Schumann, Phyllis Stein and Ad Elkins will get their chance April 28 when the Grand Rapids star appears here.

They were the survivors in the hotly-contested rolloff for league and open keglers who had posted the best series in recent weeks at the Waterford Township alley.

Schumann hit 541 and Peterson 538 to gain the nod in open competition beating out Carolyn Newcomb, who had 443, and Mrs. Martin with 421.

Elkins turned in a 529 and Stein 515 to gain the chance to represent the league participants. Shirla McLarty had 430 and Fern Johnson 423 in the finals.

There were several scores higher or as good as those posted by the rolloff victors in the earlier eliminations, according to proprietor Bill Kuklinski.

Meanwhile, the Moose State tournament at Ann Arbor came up with a new leader over the weekend when Frank Schubert of Wyandotte posted a 758 handicap score. His 692 was high actual thus far.

Detroiter Men's Champ

4th Title for Carol Ryan

Detroiter Chuck Burns and Carol Ryan of Bloomfield Hills won the men's and women's singles titles in the Michigan Table Tennis championships held Saturday at the Pontiac Boys' Club.

For Miss Ryan, who defeated Gloria Hartman of Pontiac, 21-7, 21-16 and 21-18 in the finals, it was the 4th straight women's singles crown.

She then teamed up with Perc Secord to win the mixed doubles title by defeating Howard Heckman and Miss Hartman, 21-19, 21-18, 19-21, 17-21 and 21-12.

Burns won the men's and senior men's titles with wins over Ken Filery and Secord respectively.

★ ★ ★

Pontiac also had a champion in the boys' singles event as Ronald Tage defeated Howard Webber of Huntington Woods, 19-21, 21-13, 21-18 and 21-10.

The men's doubles was a Detroit final with Ken Filary and Ed Brennan whipping Burns and Al Wasserman, 21-14, 21-17 and 21-16.

New Ratings for Derby Favor First Landing

TIJUANA, Mex. (AP) — The Caliente future book for the first time has given the nod to C. T. Chenery's First Landing as the horse to beat in the May 2 Kentucky Derby.

The Caliente oddsmakers quoted First Landing as a 4-1 favorite to win the big race, even though he was upset in Saturday's Wood Memorial at Jamaica., Manassa Mauler, an outsider, won it and First Landing was second.

Tomy Lee picked up some following after winning a record track victory Friday at Keeneland. The Fred Turner Jr. entry moved from 8-1 to 5-8.

The co-favorites last week, Spring Hill Farms' Easy Spur and C. V. Whitney's Silver Spoon, both dropped from 4-1 to 6-1. Silver Spoon lost some favor when it was learned she may skip the Derby in favor of the Oaks the day before.

Cranbrook, Romeo Win in Baseball

Cranbrook employed the double steal and Romeo used its familiar home run power to post weekend baseball victories.

The Cranes came from behind to nip Flint Northern 2-1 when a wild throw on the steal allowed both runners to score. Andy Billesdon was the winner in relief.

Jim Stark, winning hurler Ron Schmidt and Neil Rowley belted roundtrippers as Romeo whipped Marysville 6-2.

Doctoring Your Golf

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: "My slices keep piling up!"

DIAGNOSIS: Hitting across the ball from right to left.

Treatment: The diagnosis above simply states the basic reason for slicing — the clubhead slices across the ball and causes it to spin clockwise in flight. Now to the problem of how to avoid it.

Note from today's drawing that the body and hands have gotten ahead of the clubhead. Also that the right elbow is out and away from the body. Obviously the player got himself in such a position in the early stages of the swing that the only way he could bring the clubhead into the ball was from the outside in — or in the slice pattern.

The idea is to do very much the opposite. Stay behind the shot. Keep the right elbow tucked in close to the body.

Study this drawing as a good example of how NOT to swing! Note that the player is altogether out of position to deliver a strong, square blow.

CUP OF CHAMPAGNE — Montreal hockey star Marcel Bonin drinks his share of the champagne the Canadiens had to celebrate their 4th straight Stanley Cup victory Saturday when they defeated the Maple Leafs, 5-3. Blake Won't Say Which Canadien Team Is Best

MONTREAL (AP)—Toe Blake, the most successful National Hockey League coach of all time, refused today to be pushed into a corner.

Blake has been the pilot of the Montreal Canadiens four years. Four years he has won the Stanley Cup.

★ ★ ★

Is this the best of all his teams? "It's a great team," the 46-year-old tactician said. "But I can't honestly say this is the greatest of my Montreal teams. But these fellows are not ordinary players, either."

He refused to say which of his four Stanley Cup winners he considered the greatest.

The Canadiens won their fourth straight Stanley Cup—an unprecedented achievement — Saturday night when they turned back the Toronto Maple Leafs, 5-3 to make the final series count, 4-1.

Blake singled out Bernie (Boom Boom) Geoffrion as the big difference.

"Without him we might have been in trouble," said Blake, recalling that the Canadiens' two big guns, Maurice (Rocket) Richard and Jean Belliveau, both were sidelined with injuries.

Blake's words were echoed by rookie center Ralph Backstrom, who played on the same line as Geoffrion.

★ ★ ★

"He's the guy who makes me and Abbie (Ab McDonald, the third member of the line) go," enthused Backstrom. "He hollers at us all the time. And when the Boomer is doing that you know he's really traveling."

Geoffrion scored two goals in the finale. Most of the players thought his first, which sent the Canadiens into a 2-0 lead, was the key goal in the game.

It was a high shot that struck goalie Johnny Bower in the arm.

"It came at me like a drunken sailor," said Bower. "It took a dive a few feet in front of me."

The Toronto netminder had plenty of sympathy from Jacques Plante, the Montreal goalie.

★ ★ ★

"I could see it from where I was standing," said Plante. "The puck was bobbling in flight. They're tough to figure out."

As a result of winning both the NHL race and the Stanley Cup, each of the Canadiens will be about $4,000 richer. The Leafs will collect $2,150 each.

Hayes Jones Ties His Own Hurdle Mark at Columbus

COLUMBUS, Ohio (UPI)—Pontiac's Hayes Jones, veteran hurdler from Eastern Michigan College, gave another outstanding performance Saturday in the annual Ohio Relays.

★ ★ ★

Jones won the 120-yard high hurdles here for the 3rd consecutive time, tying his own record of 13.6 seconds to produce the fastest time so far this year in the high stick event.

Purdue freshman Dave Mills, 19-year-old native of Canada who set a national high school quarter mile record a year ago, today loomed as a possible top world athlete after defeating Olympic star Glenn Davis twice with come-from-behind performances.

In the 400 meter and 300 yard runs Saturday, Mills edged ahead midway and flashed home five yards ahead of the Ohio State star. Despite a gusty wind and a light rain at the 17th edition of the Ohio State University track meet, the Lakewood, Ohio, speedster ran the 400 in 46.5 seconds, only 1.3 seconds off the world mark. His 300 time was 29.5 seconds. Both were record times.

James Johnston of Purdue unexpectedly tied Bob Gutowski of the Marine Corps in the pole vault at 15 feet, six inches.

Ergas Leps, University of Michigan freshman from Canada, produced the only other record, with a clocking of 2:11.3 in the 1,000-yard run to chip 1.5 seconds off the 1955 mark.

★ ★ ★

The Relays showed the potential of the strong Michigan team, although no championship was declared. The Wolverines took the 400 and mile relays and the sprint medley but lost the 880-yard relay on a bad baton pass.

A total of 629 athletes competed in the Relays.

Hoosier Fight Fans View First Workouts

INDIANAPOLIS (AP) — It didn't take champion Floyd Patterson and Brian London long to get Hoosier fight fans excited about their May 1 heavyweight title bout here.

The two fighters staged their first public workouts yesterday and newsmen and spectators came away buzzing with excitement.

Some 600 persons watched the champion box in the Fairgrounds Coliseum, where the fight will be staged. Many of them then trooped over to Municipal Gardens to observe the beefy British challenger.

Boros vs. Burke Today

Houston Event in Playoff

HOUSTON, Tex. (AP)—Julius Boros, a Connecticut native who likes to win the big ones, met Jack Burke Jr., who grew up on Houston golf courses, in an 18-hole playoff today for $4,300 top money in the $30,000 Houston Classic.

★ ★ ★

Burke and Boros pulled ahead of Arnold Palmer, the pacesetter for 71 holes, in an exciting finish yesterday for a 72-hole deadlock at 277—11 under par.

Boros birdied the last two holes for his tie. Burke missed an eight-footer on the final green that would have given him victory. Arnold approached the eighteenth green needing a par to force a three-way tie but missed a five-footer by inches for a bogey.

★ ★ ★

Boros and Burke were playing today for $72.80 a hole. While the winner was to pick up $4,300, the loser was to receive $3,000. Each also was to receive 25 per cent of the gate receipts for Houston's first playoff since 1953 when Gary Middlecoff scored a 69 to break a five-way deadlock.

Arnold's final hole bogie dropped him to a 66-68-71-73—278 and a tie for third place with Mike Souchak, who had a final round 67. Each collected $1,850.

Giant Southpaw Stifles Cards With 8-Hitter

Antonelli Posts 3rd Win

Associated Press Sports Writer

San Francisco finally is getting a look at the real Johnny Antonelli, the man who must win and win big if the Giants are to jolt Milwaukee loose from the National League pennant.

A year ago Seals Stadium fans must have been wondering if it was true what they read about Johnny. He didn't win a game until April 26 and he didn't grab his third until May 18. He struggled around .500 until mid-season and finally wound up at 16-13.

* * *

This is a new year and a new Antonelli. The 29-year-old lefthander from Rochester, N. Y. boasts a shiny 3-0 record. He scattered eight hits Sunday while pitching the Giants to a 3-1 victory over St. Louis.

Because of the difference in games played at this stage of the season, the Giants now are even with the leading Braves in the "games behind" column but trail by .133 percentage points.

Los Angeles stuck on the heels of the Giants by scoring five in the eighth inning to beat Chicago 8-3. The Dodgers are only a half game behind the Giants going into the Monday night opener of their three-game series with San Francisco at the Coliseum.

Johnny Podres, who usually does his best in the Coliseum, recovered from a miserable start and threw a four-hitter at the Cubs for his first victory.

* * *

Duke Snider finally came through with his first homer of the year, moving into 10th place on the all-time list. It was his 332nd homer, moving him ahead of Hank Greenberg on the role of select sluggers.

Cincinnati's power-packed lineup did a little slugging at Crosley Field, burying the Phillies 12-5 despite some unsteady pitching by rookie Jim O'Toole. After the rookie had walked seven, Manager Mayo Smith brought in Bob Mabe to take over in the fifth. Mabe, acquired from St. Louis with Del Ennis and Eddie Kasko in the deal that sent Alex Grammas, Alex Kellner and George Crowe to St. Louis, allowed only two hits in 4 2-3 innings.

* * *

Frank Robinson continued his slugging spree, knocking in four runs with a homer and a single. It was his third home run of the season.

Milwaukee had to postpone its scheduled game with Pittsburgh because of cold weaher.

Podres and Dave Hillman were locked in a 3-3 tie when the Dodgers broke loose in the eighth. Wally Moon's single drove in the first two runs. Junior Gilliam, Snider, Don Demeter and Charley Neal also singled in the big inning.

* * *

Jim Owens, first of four Phil pitchers, was charged with the defeat. The Reds knocked him out in the second when they scored four runs.

Honor Jaycee Keg Champions Tuesday

Griff's Grill, repeat champions of the Junior Chamber of Commerce bowling league, will be honored at the annual loop banquet to be held Tuesday at 7:30 p. m. at the Waldron Hotel.

The championship trophy will be presented to Phil Sauer of Griff's. Members of his team are Owen and Bob Weddle, Randy Hancock, Bob Nordman, Alex Erab and Stan Deyo.

The sponsors and members of all 10 teams in the league have been invited to the affair.

AHL Contest Ends 1-1

BUFFALO, N.Y. (AP)—Buffalo and Hershey, tied 1-1 in the American Hockey League playoffs, will meet in Hershey, Pa., Wednesday to determine who takes the lead for the Calder Cup.

Suggs Is Tops in Cash, Score

Louise Earns $6,983, Has 73 Average; Wins at Dallas Sunday

DALLAS (AP)—Louise Suggs, as imperturbable as her putter, led women's golf both in money earned and stroke average today as the tour moved on to Spartanburg, S.C. She took over the top with victory in the $10,000 Dallas Woman's Open yesterday.

* * *

Winning three first places and three seconds in 11 tournaments and running her money total to $6,983.72, Miss Suggs is again the leader of all she surveys. She has been a pro since 1948 and is on the way to surpassing what she did in 1953 when she led women's golf in money winnings with $19,000.

* * *

Her stroke average is under 73 per round. She led with 73.85 going into this tournament and averaged 71.75 yesterday in winning the Dallas Open with 287 for 72 holes and taking down $1,662.50.

* * *

It was a dramatic finish. Miss Suggs came into the eighteenth hole tied with Wiffi Smith of St. Clair, Mich., for the lead if she got par 4 on the final green. She did better than that. She laced her second shot within eight feet of the cup and as a crowd of 6,500 gaped sank the putt that prevented a playoff.

* * *

Miss Suggs closed out with a 1-over-par 72 while Miss Smith had the same and finished with 288, winning $1,282.50.

His Brother Also in Accident

Crash Kills Race Driver

TRENTON, N.J. (AP) — Dick Linder of Pittsburgh was killed in his hurtling racing car yesterday when he tried to avoid a pile-up at the Trenton Speedway and crashed over the guard rail.

Linder's neck was broken as his $25,000 Indianapolis-type racer rolled over. He was pronounced dead at a hospital.

A few minutes later and several hundred miles away in Pittsburgh, Linder's brother, Gus escaped injury when his stock car was in a minor accident in a race there. He had just learned of his brother's death.

* * *

Tony Bettenhausen of Tinley Park, Ill., won the 100-mile race here which was shortened to 87 laps because of rain.

Linder's death came on the 58th lap. Jim Rathman of Miami signaled Don Branson of Urbana, Ill. to overlap him. But Branson's car rammed into Rathman's and then spun.

* * *

Linder, traveling close behind at almost 90 miles an hour, tried to go between Branson and the fence. But his car hit the front of Branson's machine and soared into the air.

Linder's car flipped over several times, flinging parts in all directions.

* * *

Linder, 36, began racing in 1946. Only last Friday a committee was formed to pay his expenses for this year's Memorial Day race at Indianapolis. It would have been his first try in the 500-mile event.

* * *

The dead driver operated a welding and body business in Pittsburgh. He leaves his widow.

Bettenhausen covered the 87 laps on the mile asphalt track in 57 minutes 15.69 seconds.

Ohio Woman Leads WIBC in 2 Classes

BUFFALO, N.Y. (AP) — Peg Sabo of Youngstown Ohio, is holding down first place today in the all-events division of the Women's International Bowling Congress.

She rolled into the top bracket Sunday when she hit 1,742 on a 518 team total, 642 doubles and 582 singles. With her partner, Peg Roselle, she also moved into first place in the doubles.

* * *

Dot Tsal of Brooklyn took over the singles leadership with 612, holding a six-pin advantage over Evelyn Crooks of Endicott, N.Y.

The W&L Sales team of Harrisburg, Pa., skippered by Charlotte Grubic, world invitational match team leader with 2,628.

Chiefs' Brooks Wins High Jump With 6-2 Leap

PCH Finishes Tenth; Farmington, FN, FC Also in Top 10 List

By H. GUY MOATS
Pontiac Press Staff Writer

MANSFIELD, Ohio—Four Michigan track squads finished in the top 10 in the 28th annual Mansfield Relays here, Saturday, but the big winner was Dayton Roosevelt. Pontiac Central's crew, led by slim Fred Brooks and Bill Pritchett in the high jump and shotput, compiled 10 points for 10th place, one behind Flint Northern.

* * *

Dayton collected 28 points with a balanced team, to edge Cleveland Glenville at 26. Others in the top list included:

East Tech (Cleveland) 23½; Flint Central 13; Akron North and Farmington 12, along with Marion Harding and Cleveland Euclid.

Other Michigan scores were Birmingham 9, River Rouge 6, Willow Run 3, Lincoln Park 3, Flint Bendle 2, Monroe 1½.

The "big noise" for the meet was unquestionably the two records Warren Cawley of Farmington set in the hurdles. The flashy Cawley hit a great 14.3 for the 120-yard highs in the prelims, came back to win the final in 14.4. The first time broke a mark set last year by Don Lee of Mt. Lebanon, Pa., the final time equaled it.

Cawley, running against the wind, later sped to a 19 seconds flat 180-yard low hurdle record in a preliminary, did 19.7 in the final. The prelim broke Hayes Jones' record set in 1956.

The Farmington star nearly lost the final low-stick test when he was crowded, and almost fell at the last barrier. His great reserve strength pulled him in front by a scant yard. He accounted for all Farmington's points.

Rain and wind and a soggy track made Cawley's efforts all the more spectacular.

Brooks gave his best performance of the season in winning the high jump. The PCH successor to Charley Barge, Alex Barge and Hud Ray, won his gold medal with a 6-2 and ¾ leap, after two other contenders went out. Fred missed twice, was over handily on his 3rd trial. Arzo Carson went out at 5-10.

Coach Dean Wilson was delighted also with the way Bill Pritchett heaved the shot. Bill's 52 feet ¾ inch toss was good for 3rd place.

Birmingham's Bill Alcorn and Troy's Wendell Johnson figured in the top spots for the pole vault. Alcorn tied for first at 12-6. Johnson was 3rd with 12-3. Alcorn, last year's runnerup, later jumped 12-9 in an exhibition.

Flint Central's Crenshaw, Milum, Barnett and Fredrichsen won the two-mile relay, for the only other first place for a Michigan team.

PCH, defending champion, will be back next year, Wilson said today, with a stronger squad, when his sophomores and juniors get needed experience this spring.

Winners, with Michigan placements:

Four-mile relay—Akron North, 18:46.0 (record)

120-low hurdles—Cawley (Farmington), 14.3, record in prelim, 14.4 final; Gardner (River Rouge) 4th.

100-yard dash—Adams (Glenville) 10.0 flat; Poe (Willow Run) 3rd; Watkins (FC) 4th.

Mile—Fleming (Akron N.), 4:29.6 (tied record); Barnett (Flint Bendle) 4th.

Shot—Middleton (Marion Harding), 54-4¾; Pritchett (PCH) 3rd.

480-yard shuttle hurdles — Dayton Roosevelt 59.2; River Rouge 5th.

220-yard dash — Adams (Glenville), 21.8 Watkins (FC) 2nd; Pea (FN) 4th.

880-yard run—Heidemann (Akron Kenmore), 2:02.6.

880-relay—Glenville, 1:31; Flint N. 5th.

180-yard low hurdles—Cawley (19.0 and 19.7); Welch (RR) 3rd; Morrison (FC) 5th.

Medley relay—Mt. Lebanon, 7:58; Birmingham 2nd; Lincoln Park 3rd; PCH 5th.

Broad Jump—Willie Love (Cleve. E) 23-5¾; Hodo (FN) 2nd.

High Jump—Brooks (PCH) 6 feet 2⅜ inches.

Discus—Middleton, 182 feet 4½ inches (record)

440—Hearst (Wellsburg W. Va.) 51.1; Wright (FN) 4th.

2 mile relay—Flint Central, 8:19.

Pole vault—Alcorn (BHM), Anger (Willoughby O) tied 12-6; Johnson (Troy) 3rd; Jones (Monroe) 4th.

Mile relay—East Tech (Cleve.), 3:31.1; Flint Northern 4th.

Brusha Trophy Won 3rd Time by OCSC

Shooting at the Multi-Lakes Conservation Association rifle range Sunday, Oakland County Sportsmen's Club won the Frank Brusha trophy match for the 3rd consecutive time. This is an annual match.

OCSC marksmen fired 958 to 934 for the Multi-Lakes crew.

Top guns were Howard Collins for OCSC with 195, and Don Braddock for M-L with 190. Scores for the top five shooters were used for the match totals, as follows:

OCSC—Collins 195, Don Postma 188, Milt LaPorte 189, Nancy Newman 194, Kjell Danielson 192; M-L—Braddock 190, Jack Armstrong 185, John Treeful 188, Lynn Bush 189, Jack Thompson 182.

Carter Gains Masters Lead

Rolls White Ball for 1,005 Total; Second Best in History

ST. LOUIS (AP)—Don Carter, using a new white bowling ball, knocked down 1,005 pins in four games at the American Bowling Congress Masters tournament last night for the second highest series in the nine-year history of the tourney.

The St. Louis star had games of 259, 199, 278 and 269. Joe Norris of Chicago, Carter's opponent, shot a respectable but outclassed 762 in the first round of the finals.

Tony Lindemann of Detroit set the 1,021 masters record last year in Syracuse, N.Y.

Overshadowed by Carter was the duel between John Powell of Toledo, Ohio and George Glasco of Morrisville, Pa.

Powell rolled 989 for the third best quartet in Masters annuals, while his opponent had 931.

Detroit's Ed Lubanski, of the favorites in the race for the 1959 Masters crown, was upset by a 17-year-old St. Louis high school senior, Ray Orf. The youth shot only 770 for the four games, but his famous opponent mustered only 731. Lubanski leads two divisions and his team leads another in the regular ABC tournament.

Tom Hennessey of St. Louis, the defending Masters champion, whipped his first opponent in the finals, Dick Volling of St. Louis, 861-819.

OLSM Trips Shamrocks

Orchard Lake St. Mary's track team won its 2nd meet of the season, Sunday, with a 77½-31½ count against Pontiac St. Michael.

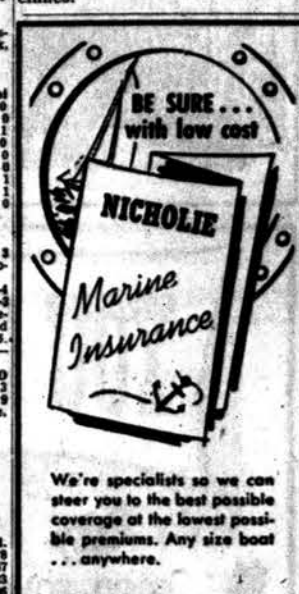

Eaglets were led by Ostrowski's 2:13 half-mile, probably the meets' best effort. Shamrocks won three firsts, paced by Bill Flanagan with wins in the 100 and 220. Mikemen's 880-relay also won. Flanagan's times were 10.7 for the century and 23.3 for the furlong.

City Umpire Clinic Tonight, April 27

A baseball and softball officiating clinic will be conducted by the Pontiac Parks and Recreation Department tonight and again Monday, April 27, in Room 206 at Pontiac Central High School.

The baseball portion of this clinic will begin at 7 p.m. with a one-hour classroom session, followed at 8 o'clock by an hour of practical application in the PCH girls' gymnasium. The softball session starts at 8 in Room 206 and continues for one hour.

Persons interested in officiating baseball and softball and who wish to be considered as potential officials in the City Leagues this season should attend these umpire clinics.

We're specialists so we can steer you to the best possible coverage at the lowest possible premiums. Any size boat ... anywhere.

Jimmy Gleason Planned to Wed His Housekeeper

By LOUELLA O. PARSONS

HOLLYWOOD—Only a few close friends knew that Jimmy Gleason had planned to marry his housekeeper of many years, Marion Harvey. The news came out when Jerome D. Rosenfield, Jimmy's attorney, probated the will and Jimmy left his entire estate, not in excess of $15,000, to Miss Harvey.

Atty. Rosenfiel d ,aclose friend of Gleason's, said that Jimmy had confided to him that Miss Harvey had done him the honor to consent to be his wife. Jimmy had been very lonely after the death of his wife, Lucille, and had looked forward to this marriage up to his illness and death.

Fascinating is the story of Mike Romanoff as Charlie Brackett is readying it for the screen at 20th Century-Fox. Mike tells about his childhood in an orphanage and that his cultured English accent came from association with well-born British. His early photographs show that Mike was very handsome, and Charlie said Tony Curtis is wanted for Mike's role.

★ ★ ★

Tony is interested and will no doubt accept if he can fit it into his busy schedule. He's one of the most sought after actors in our town now.

If Eva Marie Saint will say "yes," everyone at 20th Century-Fox will be happy. She's wanted for the top role in "The Best of Everything," the character of Caroline Bender. Buddy Adler gave his approval, and producer Jerry Wald has been in touch with her, but so far no contract has been signed. She owes 20th two pictures, but she has story approval.

Suzy Parker, who plays another top role of Gregg, the would-be actress in Rona Jaffe's novel, gets here next week for wardrobe fittings. Margaret Leighton had her fittings before she left for New York where the picture will go before the cameras May 4.

Good to see and hear Joan Fontaine feeling so well after her long illness. She's so well that she has agreed to star in summer stock for 12 weeks in Gerald Savory's play, "Hilary," which has been adapted especially for Joan by Dan Mankiewicz. Her contract calls for her to start June 1. Mankiewicz, who will also co-produce with Michael McAlooey, plans to make it into a movie if it's a hit on Broadway after its summer run.

Meanwhile, Collier Young has wrapped up the current season's production of his TV show "One Step Beyond" and he and Joan will vacation in northern California.

Keely Smith and Louis Prima were such a hit at the Chez paree in Chicago that more than 1,000 people were turned away opening night. Keely was a happy girl because Downbeat Magazine had just that day named her No. 2 of all recording artists, and she was No. 1 of all girl singers.

It is something for a woman singer to come in second since usually it's the males these days whose records win most of the applause. I suppose that's because so many of our teenage girls flip over our young male entertainers.

'Anatomy' Role Was Bing's Idea

Kathryn Grant Wasn't Sure She Could Do Part in Marquette Movie

By BOB THOMAS
AP Movie-TV Writer

MARQUETTE (AP) — When Bing Crosby married Kathryn Grant, he was asked if he wanted her to continue her acting career.

"Certainly," he replied. "I want her to be fulfilled in every way."

That helps to explain why his wife, who is expecting their second child in the fall, is in this chilly Lake Superior town to play a role in "Anatomy of a Murder."

"It was Bing's idea," she explained between scenes at the Marquette County Courthouse. "When the role was offered to me, I didn't know whether I could do it. Bing said, 'It's an important property; you'd better accept.'"

So she is here, separated from Harry Lillis Crosby Sr. and Jr. But she'll be meeting both at her parents' home in Texas when she finishes her role.

★ ★ ★

Kathryn — she's on a campaign not to be called Kathy — fully expects the new baby to be a girl. Bing, too, has predicted that it will be his first daughter.

Though this will be her last picture this year, Kathryn will keep busy. She'll continue her studies to be a nurse; between learning lines here, she boned up on nerves for her psychology course.

"I like being pregnant, anyway," she remarked. "Bing is so attentive—it's wonderful . . ."

Why come all the way to Northern Michigan to shoot a courtroom scene that could be done on a movie stage?

"The reason is what happens to the actors," said Director Otto Preminger. "They believe what they're doing when they're in real surroundings."

★ ★ ★

"The sound has an authentic ring to it," said Jimmy Stewart as he studied the 55-year-old courtroom. "You've got a lot of added visual factors in a color picture. But in black-and-white, sound is vastly important." Stewart must be the king of the color films; this is his first black-and-white in nine years . . .

Preminger reports that Boston lawyer Joseph Welch will surprise audiences in his first acting assignment as judge of the murder trial. Welch said he had grave misgivings when he drove up to the set for the first time.

He had the same feeling only twice before: 1. When he accepted the assignment to the Army-McCarthy hearings; 2. When he entered the hurly-burly of the committee chamber and wondered, "Joe Welch, what are you doing here?"

★ ★ ★

Strange Combo: Welch and offbeat Broadway actor Ben Gazzara. They have become steady gin rummy mates.

Truman's Place of Birth Made Public Shrine

LAMAR, Mo. (AP) — "It's like being buried and dug up while you're still alive."

That was former President Harry S. Truman's comment Sunday when the little house in which he was born was dedicated as a public shrine.

★ ★ ★

"I'm glad they dug me up," Truman added with a grin.

He told a cheering crowd of 2,000 that usually "they don't do this to former presidents until they have been dead 15 years."

Truman, who will be 75 May 8, said he was overwhelmed by the tribute.

The six-room, white frame cottage was bought by the United Auto Workers Union for $6,000 and given to the state of Missouri. The deed was handed to Gov. James T. Blair by Leonard Woodcock, UAW international vice president.

★ ★ ★

The State Park Board has restored the house, furnished it in period style and opened it to the public.

Truman was only 11 months old when his parents moved from Lamar to a farm in Jackson County near Kansas City. But that makes no difference to the residents of Lamar, a town of 4,000 population 122 miles south of Kansas City.

★ ★ ★

Sen. Stuart Symington (D-Mo) agreed with them in his dedication speech.

★ ★ ★

"Starting today," Symington said, "people will come to Lamar to study the beginnings of this man's life. All can learn that greatness can be bred in humble surroundings. All can learn of the American ideal of progress by ability.

★ ★ ★

"All can learn that here, in our country, we have been able to create a very special kind of man — common and extraordinary, lighthearted and determined, kind and firm, able to love his family and care passionately about the future of the world."

★ ★ ★

Even if Truman never had been president he would be worthy of note, Symington said.

"Because his life and character have been a mirror of America."

During 1957 paroles from state penal institutions accounted for 39,535 releases, 55.4 per cent of all releases from such institutions during the year and about the same proportion as in 1956.

Science Finds New Healing Substance That Promptly Stops Itching and Pain of Piles

New York, N. Y. (Special) — One of the most common afflictions is a condition known as "itching piles". It is most embarrassing for the victim during the day and especially aggravating at night.

No matter what you've used without results — here's good news. For the first time, science has found a new healing substance with the astonishing ability to promptly stop the burning itch and pain. It actually shrinks hemorrhoids — without surgery. Medical science has proved this substance produces a remarkably effective rate of healing. Its germ-killing properties also help prevent infection.

In one hemorrhoid case after another "very striking improvement" was reported and verified by doctors' observations. This improvement was maintained in cases where doctors' observations were continued over a period of months! Among these sufferers were a wide variety of hemorrhoid conditions, some of 10 to 20 years' duration.

The secret is this new healing substance (Bio-Dyne®) — discovery of a world-famous research institution. This substance is now obtainable in *ointment or suppository form* known as *Preparation H.®* Ask for Preparation H suppositories (convenient to carry if away from home) or Preparation H ointment with special applicator. Two Groups Search for Sunken Bradley

CHARLEVOIX (AP) — Seamen of two expeditions scanned frigid Lake Michigan today in hopes that ice would clear for an early start on a search for the sunken freighter Carl B. Bradley.

★ ★ ★

Preparing to explore an area for offshore were both the Bradley Transportation Lines, operators of the ill-fated vessel, and the Seafarers International Union.

The 300-foot Bradley, one of the largest ships of the Great Lakes, broke in half and sank with loss of 33 of her crew of 35 in a lake storm Nov. 18.

The union yesterday invited U. S. Steel Corporation's Michigan Limestone Division, for which Bradley runs ships, to make a common endeavor of the two searches.

Many naval vessels distill their drinking water from the sea, but it is an expensive process.

Covered Wagons on Oregon Trail as in Yesteryears

KANSAS CITY, Mo. (AP)—Seven covered wagons left neighboring Independence Sunday, bound for Oregon. After a wet and chilly day on the trail, they have 2,000 miles to go.

★ ★ ★

Twenty-one persons are aboard the wagons. They plan to follow the old Oregon Trail from Independence, Mo., to Independence, Ore.

Re-enactment of the epic trek of the frontier West is part of Oregon's statehood centennial celebration.

The trip is expected to take 100 days. From Kansas City, the wagons head west to Topeka, Kan., then northwest through Nebraska, Wyoming, Idaho and into Oregon.

The Rock of Gibraltar was known to ancient sailors as one of the Pillars of Hercules.

Car Rams Freight; One Killed, 2 Injured

UPPER SANDUSKY, Ohio (AP)—A Michigan man was killed and two others injured yesterday when their car ran into the side of a Chesapeake & Ohio freight train at the U.S. 23 crossing just north of nearby Carey.

Killed was Wentfred Fletcher, 21, of Clinton. The injured, reported in serious condition at Blanchard Valley Hospital in Findlay, are Dillard Lee Atkinson of Tecumseh, and David Darbig of Jackson. Both are 19.

The State Highway Patrol said it was unable to determine who was driving the car.

Good Samaritan Last in 2-Mile Utah Race

PROVO, Utah (AP) — Joe Colovo, Lyman, Wyo., finished last in a two-mile race here Saturday.

He crossed the finish line holding somebody else's track shoe, which he had thoughtfully stopped to retrieve on his last lap around the muddy field.

The thermometer climbed to 134 degrees in Death Valley, Calif., on July 10, 1913.

But Michigan Stays on Standard

Many Start Daylight Time Sunday

NEW YORK (AP) — If you're one of those people who gets confused every year about Daylight Saving Time, don't be surprised—it is confusing.

Here's a little quiz that may help to straighten you out.

★ ★ ★

Q: What is Daylight Saving Time?

A: The custom of turning clocks ahead one hour in the spring and turning them back one hour in the fall, to make the most of long summer days.

★ ★ ★

Q: When does it start?

A: In most places observing it, at 2 a.m. Sunday, April 26.

Q: How long does it last?

A: Most places start it the last Sunday in April and end it six months later, on the last Sunday in October, which this year is Oct. 25.

Q: How many states change to Daylight Saving Time?

A: All or part of 24 states and the District of Columbia, mainly in the East and Middle West.

Q: What is the shortest DST period in the country?

A: Butte, Mont., which normally declares it from June 1 to Sept. 6. Butte is the only city in Montana which adopts daylight time.

Q: What is the longest period?

A: Kentucky, from April 26, to Oct. 31. It is meaningless in such cities as Lexington and Frankfort, however, since they maintain daylight time all year.

Q: Doesn't the mixed time situation create confusion?

A: It certainly does. Iowa, for instance, has no daylight time, but the border city of Davenport is expected to adopt it if Illinois cities across the Mississippi River do.

★ ★ ★

Illinois is probably the champion of confusion. About 80 per cent of its people go on DST until Oct. 25, but rural areas are divided, some stopping at Sept. 27, and others staying on Standard Time. Some counties stay on Standard Time while the people in them operate on DST.

Other states where uniformity is lacking include Maryland, Pennsylvania, New Mexico, Missouri, Ohio, West Virginia, Minnesota, Alabama and Virginia.

Q: How about the other states?

A: The following states have Daylight Saving Time from April 26 to Oct. 25: Maine, New Hampshire, Vermont, Rhode Island, Connecticut New York, New Jersey and Delaware. Daylight Time ends Sept. 27 in California, Nevada, Indiana and Wisconsin. In Massachusetts it runs until Oct. 18.

★ ★ ★

States in which there is no Daylight Saving Time include Louisiana, Mississippi, North and South Carolina, Georgia, Utah, Idaho Oregon, Nebraska, Colorado, Wyoming, Michigan, Alaska, North and South Dakota, Arkansas, Tennessee, Florida, Kansas, Texas, Washington, Oklahoma, Arizona and Hawaii.

He's Paid Well for 'Pan-Licking'

Candy Master Tests His Products as He Used to Do in Mom's Kitchen

NEW YORK (NEA)—Some people have all the luck. Take Claude Barnett. He makes a living out of "licking the pan."

Remember when you stood in the kitchen, clutching a spoon, waiting for mother to finish the fudge?

Well, Barnett did this, too. But he had more pans to stick his spoon into because his family was in the candy business.

As a result, he is now a candy master — a proud craft title which means he is king of the sweets in a mammoth Long Island City candy plant.

★ ★ ★

Besides being the company's top "pan-licker," the candy master also has another advantage over other candy lovers.

He can get away with pinching pieces of candy to see if he likes them. He also knows the secret of how they get the juice into cherry cocktails.

As candy master for a firm that whips up 12 to 14 million pieces of candy a year, Barnett samples every batch from the test pots and pans to the final dolly-boxed bon-bon being whisked away in a truck to some candy store.

And as candy master he helps develop 200 new pieces each year although only three to eight of these will appear on candy store shelves.

With all the tasting, touching and smelling, as part of his daily work, Barnett said, "I like candy and I eat it."

Barnett is a bacteriologist, and therefore, just the man to corner concerning the juice that trickles down our chins when we eat a cherry cocktail. He smiles slyly as he explained:

"It's simple. The cherry is dipped in a solid sugar substance. This has an enzyme in it. The dry coated cherry is then dipped in chocolate and while the outer coating sets the enzyme dissolves the sugar."

The United States Fish and Wildlife Service urges farmers to start a year-round control program to rid their farms of rats, estimating that three rats will eat as much as two laying hens.

Howard H. Fitzgerald II
Business Manager
Pontiac Press
Pontiac, Michigan

Dear Howard:

I wish to extend my congratulations to the Pontiac Press upon the attainment of a circulation of 60,000. This fine achievement is proof in itself of what I have always believed, that you have the finest newspaper in the country.

Too many people, who are priveleged to read the Pontiac Press, are, I know, taking it for granted as they do water and electricity, etc. Even as great a necessary service as the Post Office is just taken for granted. But, take these things away from us and we quickly are enlightened to the great need for these public services in our everyday living.

The Pontiac Press is a symbol of quality that every newspaper strives to attain. You have that quality. It glows in every issue.

I recognize also that this excellence did not just happen. It is the culmination of completely capable and qualified leadership in an organization headed by a top-notch publisher, --- Harold Fitzgerald.

Pontiac should "bust its buttons" with pride, that it has your services.

With warmest personal regards, I am

Yours very truly,

Robert C. Miller
Postmaster, Act'g

Thanks Bob . . .

NOTICE OF HEARING ON SPECIAL Assessment Improvements by Bloomfield Township Board.

To the owners of the following described property:

Lots 4, 10, 12, 15, 16, 17, 23, and 24 of Replat of Forest Lake Country Club Estates; Lots 111 thru 118 inclusive of Replat of Forest Lake Country Club Estates No. 1, located in the Southeast ¼ of Section 8, Bloomfield Township, Oakland County.

Please take notice that the Township Board of the Township of Bloomfield has tentatively declared its intention to make the following described improvements:

Grading and constructing 2-inch bituminous aggregate surface and work incidental thereto on Cedarhurst Lane from Franklin Road westerly to end of the street, in Replat of Forest Lake Country Club and Replat of Forest Lake Country Club Estates No. 1, Section 8, Bloomfield Township;

and has tentatively designated the special assessment district against which the cost of said improvements to be assessed as consisting of all the lots and parcels of lands set forth above.

Plans and estimates have been prepared and are on file with the Township Clerk for public examination. The estimate of cost as prepared shows the cost of said project to be $8,174.34.

Take further notice that the Township Board will meet on April 30, 1959 at 7:30 o'clock p.m. at Bloomfield Township Hall, in the Township of Bloomfield for the purpose of hearing any objections to the petition, to the improvements and to the special assessment district therefor.

Grain Futures Demand Heavy

CHICAGO (AP) — Wheat, corn and rye futures were under moderate to heavy selling pressure in early Board of Trade activity today while soybeans attracted light scattered demand.

Cash corn receipts of 455 cars for commercial channels were the heaviest in several weeks and appeared to have a bearish effect on the futures pit.

At the same time, the trade heard a report that the first lake steamer to leave Chicago this season carried a cargo of 354,000 bushels of corn for Canada.

After an hour wheat was ⅛ higher to ¾ lower, May $2.03; corn unchanged to ½ lower, May $1.25⅛ oats higher to ⅛ lower, May 66⅝; rye unchanged to ⅜ lower, May $1.40½; soybeans ⅛ to ¾ higher, May $2.27⅞.

Opening of the St. Lawrence Seaway next Saturday may signal the start of some rather heavy grain shipments direct from Chicago docks to foreign ports. There has been considerable talk among traders recently that movement of corn, particularly, could be in large volume.

Stock Splits Spur Market

NEW YORK (AP) — American Telephone and other issues affected by stock splits continued as pacemakers in a rising stock market early today. Trading was active.

The general run of key stocks advanced from fractions to about a point. There were a few small losers.

AT&T continued to respond to ratification of its 3-for-1 stock split, opening at 265 for a gain of 1⅞ on a big block of 10,000 shares.

AT&T when-issued shares, representing the future split, rose ⅝ to 89 on a huge block of 30,000 shares. The price still showed a premium over present shares.

Thiokol, in an exactly parallel case, spurted 7¼ to 149¾ on an opener of 1,100 shares. Thiokol when-issued, representing stock resulting for a 3-for-1 split, rose to 49⅞ on 7,000 shares. There was slight differential between these prices.

Ford, helped by record quarterly earnings, rose fractionally to pace a moderately higher automotive section. Selected oils, steels, rails, drugs and chemicals also moved ahead moderately.

Pontiac Men Holding Cross-Country Talks

A new management development program, featuring cross-country round table discussions on various field relations subjects, is currently under way for district managers of all 27 Pontiac Motor Division sales zones.

SPEARS

Consisting of 12 three-day sessions in six Pontiac regional locations, the program is designed to improve business techniques through the exchange of experiences encountered by district managers in their individual zones.

★ ★ ★

Pontiac field men attending the "swap sessions" benefit from participation in approximately 22 hours of interchange while discussing 19 different field relations topics.

Conducting the division's new field program is M. R. Spears, assistant to the general sales manager—in charge of field relations.

High School Senior Dies in Gun Mishap

PEORIA HEIGHTS, Ill. (AP) — A 16-year-old girl, a candidate for president of her high school's student council, was fatally shot by her young boy friend Sunday night as he was practicing fast draws with a pistol.

★ ★ ★

Dorothy Hall, a senior at Peoria High School, was shot once in the neck by William Miles Jr., 17. Police tentatively listed the shooting as accidental. Young Miles was not held.

★ ★ ★

The shooting occurred in the basement of the Miles home in Peoria Heights.

Noted Bahama Resident Weds His Decorator

PALM BEACH, Fla. (AP)—Harold G. Christie, prominent Nassau, Bahamas resident, and his bride, the former Virginia Johnson of Miami, are honeymooning after a Palm Beach wedding.

Christie, 66, and Mrs. Johnson, about 40, were married Saturday night.

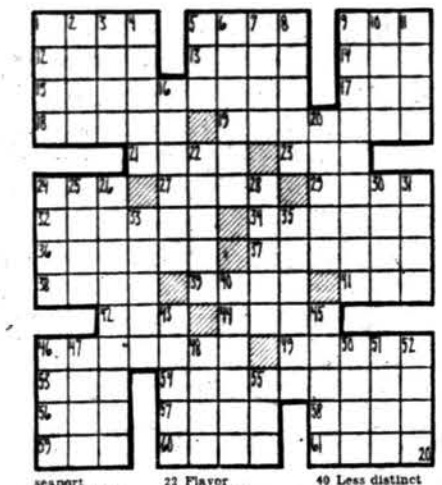

Christie is a former chairman of the Bahamas Development Board and a large landowner in the Bahamas. He was a friend of the late Sir Harry Oakes, slain in 1943, and testified in a trial that followed as to discovering the wealthy victim's body.

Mrs. Johnson is an interior decorator who has fitted out numerous Bahamas homes, including that of Christie.

County Juvenile Officials to Attend MSU Study

Dr. Andrew T. Yang, chief psychologist for the Oakland County Juvenile Court, is one of four Pontiac area representatives who will take part in a workshop this week at Michigan State University, designed to study ways of identifying problems of maladjustment in the elementary school classroom.

Taking part on a panel discussion on "The Role of the Elementary Teacher in Preventing Delinquency" will be Dr. Yang, Dr. Charles Stewart, principal of Ferndale's Grant School, Frieda Huggett, representing Waterford Township schools, and Ralph Patterson of the Area Service Assn., Ferndale.

Hussein in New York? Yes, but Who Cares?

By EARL WILSON

NEW YORK — "The Little King" — Hussein of Jordan — caused about as much excitement in New York as a kneecap in a nudist colony.

★ ★ ★

WILSON

Cafe Society resented his claiming he didn't know actress Susan Cabot. He merely sat across a narrow table from her the entire evening at a Hollywood party 10 days ago, feasting his eyes on her and her sari.

Close friends of Susan — who knew her as Harriet Shapiro when she was getting her start — considered that unkingly and ungallant. At the Waldorf, a city cop said, "You'd hardly know a kind was here. There was more excitement when Conrad Hilton took off on one of his hotel junkets."

★ ★ ★

THE TV FORUM — "WE WANT ZSA ZSA!" A reader recently blasted the undressed and half-dressed glamour gals who do TV guest shots — but here's a woman viewer who LIKES them!

"So the housewives are again the glamour dolls on TV," writes Virginia La Chapelle of 1327 Oakdale Ave., West St. Paul. "Does it ever occur to them that they have complete censorship at their fingertips and a simple twist of the wrist will obliterate these objectionable creatures from their homes?

"I don't care much for most of them, but I think Zsa Zsa is the absolute eptiome of femininity and if I could look like anyone in the world, I'd choose this charming woman.

"I wish you would take a poll to see which woman in the world most women would like to look like. There was such a poll five years ago and Garbo won. I think someone else would win now."

Prison Riot Covered Up Try to Dig to Freedom

DEER LODGE, Mont. (AP)—Iron discipline behind their cell doors took the place of a 36-hour madness for 433 inmates of the Montana State Prison today.

Armed National Guardsmen whose early morning blitz foiled a convict escape try and rescued 21 hostages continued on duty.

★ ★ ★

The soldiers and prison guards began a search of the prisoners Saturday, within hours after the uprising was quelled. Two convict ringleaders died in the furious action which ended the worst prison incident in years. A deputy warden was slain late Thursday.

Warden Floyd E. Powell ordered the convicts to their cells, without privileges. They are being given sandwiches and coffee in their cells.

Powel said he expects to conduct extensive convict interviews to pinpoint the cause of the violence that began last Thursday.

★ ★ ★

Three members of Atty. Gen. Forrest H. Anderson's staff were here, too, to determine whether criminal charges will be brought against any of the surviving rebel leaders.

Anderson commented Saturday that the prison offers 19th century facilities for 20th century hoodlums.

Gov. J. Hugo Aronson noted that Montana is planning construction of a 10-million-dollar institution on prison ranch property near here.

★ ★ ★

An estimated 15 convicts were said by officials to have planned and executed the revolt. Warden Powell described the rebellion itself as a clever cover for the prisoners' efforts to tunnel to safety—an effort that failed when the diggers ran into an underground concrete slab.

The troublemakers, Powell said, have been isolated. They were given a change of prison clothes, a bucket and a mattress.

"Discipline is firm and tight but fair," the warden said.

★ ★ ★

One of the two ringleaders killed during the final assault, Jerry Myles, 44, was believed to have been digging when National Guardsmen burst in under a cover of bazooka, rifle and machine gun fire.

Myles and Lee Smart, 19, retreated to the prison's northwest tower. There, Smart apparently killed his companion with a rifle shot, then took his own life as the troops closed in.

The other victim of the revolt was Dep. Warden Ted Rothe, 40. Smart is believed to have killed him with a rifle shot in the back.

★ ★ ★

The rioters took captive 18 prison officials, including 17 guards, and five convicts described as stool pigeons. Two of the prison employes were released Friday. The others were threatened with death time and again before their rescue.

The convicts complained of poor prison sanitation, lack of segregation for young offenders and, primarily, the difficulty of obtaining paroles.

★ ★ ★

They demanded the resignation of Benjamin W. Wright as director of the Montana Board of Pardons.

Wright said he had submitted his resignation three weeks ago. He made it effective immediately during the revolt in an effort to pacify the convicts.

Senate Gets Herter's Nomination Today

AUGUSTA, Ga. (AP)—The Senate today gets President Eisenhower's formal nomination of Christian A. Herter for secretary of state.

★ ★ ★

Dispatch of the nomination to Washington was scheduled as Eisenhower arranged to return to the White House late Tuesday after two weeks of rest at the Augusta National Golf Club.

★ ★ ★

The President was reported pleased by the generally favorable reaction—in Congress and around the world—to his choice of Herter to succeed cancer-stricken John Foster Dulles.

★ ★ ★

Eisenhower spent a quiet Sunday at his vacation retreat. A misty rain kept him indoors with bridge-playing companions during the morning and afternoon.

When the weather cleared he played a round of golf.

Today 12 per cent of the passenger cars in use in the U.S. are hard-tops.

Immoral Not to Pay Off Debt

Secretary of Treasury Adds Budget Surplus Is Antidote to Inflation

NEW YORK (AP)—Secretary of the Treasury Robert B. Anderson said today it would be immoral to postpone paying off part of the record national debt in prosperous times.

★ ★ ★

Furthermore, Anderson declared a budget surplus that would permit debt repayment is one of the steps required to head off inflation.

★ ★ ★

"We must realize that long term economic growth in real terms can be achieved only without inflation," Anderson said in a speech prepared for the annual meeting of The Associated Press.

He rejected arguments of some administration critics who want to stimulate the economy through greater federal spending.

★ ★ ★

"We must not, as we come out of a recession, seek to force the economy into a quick boom which can later injure our long run capacity to produce," Anderson said.

The national debt now stands at 286 billion dollars — the highest point on record.

★ ★ ★

"To ignore the obligation of paying off some part of our debt during prosperous times is contrary to all of our American traditions of good faith and performance," Anderson said.

"Failure to reduce our debt when we can means passing on the problem of the debt to another generation, which we have no moral right to do."

★ ★ ★

Anderson said he rejects talk that "efforts to balance the budget are without hope."

He recalled that last January the administration estimated federal revenues would total 77 billion dollars in the 1960 fiscal year that begins July 1.

★ ★ ★

"Today," he said, "I believe there is even more evidence to support this estimate than there was last January."

This statement conflicted with a recent estimate by the House Ways and Means Committee staff that revenues will fall more than a billion dollars short of the administration's target.

On the spending side, Anderson said the expenditure level proposed in President Eisenhower's budget "continues to be sound."

The Treasury chief emphasized the administration's concern that inflation may develop during the current upward swing of the business cycle.

★ ★ ★

"However unpopular, we must be willing to exercise at such a time the restraints which changes in monetary controls, government fiscal policy and the maintenance of budgetary surpluses can bring about," he said.

★ ★ ★

"I am confident that this nation is not now going to adopt a philosophy that inflation is a necessary part of the price of progress."

Inflation would hit everyone's pocketbook, he said, but "the rich and those with the capacity for self-protection would suffer least."

Driven to Lotion by Whisky Prices

CUSHING, Okla. (AP) — Oklahoma bootleggers have priced themselves out of business, says a 45-year-old Oklahoma City man who claims he switched to shaving lotion.

★ ★ ★

Cushing police said they seized 3½ bottles of lotion when they picked up Virgil Anderson over the weekend. He was fined $15 for vagrancy.

★ ★ ★

Police Chief Clyde Sapp quoted Anderson as saying "The price of Oklahoma whisky these days drove me to shaving lotion."

Oklahomans have voted repeal, but state prohibition laws are in effect until a liquor control plan is approved.

Niagara's 'Maid of Mist' Weds, Loses Title

NIAGARA FALLS, N.Y. (AP)—Niagara Falls' Maid of the Mist, pretty Charlene Bohnet, gave up her title Sunday night for an early marriage.

★ ★ ★

Her move opened the way for her runner-up to succeed her. The city is happy for Charlene and delighted with the new Maid-to-be, Judith Lynne Hitchcock, 18, a sparkling little blonde.

Miss Bohnet had until October to reign, but the rules are strict: no married women for Maids.

★ ★ ★

Earlier she had indicated she would delay her marriage to Donald Learman, but over the weekend she announced her change of heart.

"I love Don and that's the most important thing," she said.

The first gasoline-powered armored car of modern design was built in 1904 by a French firm on an order from the Imperial Russian War Office.

Sen. Humphrey Speaks in State of Washington

SEATTLE, Wash. (AP) — Sen. Hubert Humphrey (D-Minn) was scheduled to speak at the University of Washington today in one of several appearances in the Evergreen State designed to "let the people take a good look at me."

★ ★ ★

The senator arrived here Sunday night saying he brought with him the urging of Minnesota liberals to "go after the Democratic presidential nomination full throttle."

He has not formally announced his candidacy and said no statement would be made until the late summer or early fall.

"Right now, my intention is not to stop anyone—but to get Humphrey going. We (the other presidential hopefuls) are the best of friends."

Humphrey, accompanied by his wife, was greeted at the Seattle-Tacoma International Airport by Gov. Albert D. Rosellini and other state Democratic party leaders.

History Cloaks Spanish Port

U.S. Sailors Will Find Relics of Bygone Days All Over Cartagena

WASHINGTON—Sailors stationed at the United States Navy's new 10-million-dollar base at Cartagena, Spain, may find the native cuisine dull but the historical atmosphere heady.

The area around the Mediterranean seaporthas been traditionally poor, and the regional cookery has suffered. But there is one consolation to gourmets. Cartagena is not far from Spain's Levante coast, the home of unusually fine cooks and birthplace of that savory dish known the world over as Spanish rice.

Historically, Cartagena has no dearth of fascinating ingredients. The superb harbor has made it a strategic prize since remote times, the National Geographic Society says.

Founded about 243 B.C. by Hasdrubal, a brother of Hannibal, the city was first called New Carthage. It was Carthage's principal naval base in Europe—until Publius Cornelius Scipio (Africanus) besieged and captured it for Rome.

Cartagena didn't know a moment's peace during the Punic Wars. Later it was sacked by the Visigoths, occupied by the Moors, destroyed by Ferdinand of Castile, and later rebuilt and fortified. Sir Francis Drake sacked the city again in 1585.

Fresh blasts of cannon fire rocked Cartagena during Spanish revolutionary movements in 1844 and 1873.

During the Spanish Civil War of 1936-39, when the loyalists made Cartagena their major base of naval operations, it was the target for history's first "blitz."

Modern Cartagena is Spain's chief naval base, and the new United States naval installation has greatly increased its military importance.

Dalai Receives Notes From Ike

Indian Papers Report Pair of Messages but White House Silent

BENARES, India (AP) — The Dalai Lama today neared one of Buddhism's holiest shrines, the site where Buddah first preached after his enlightenment 2,500 years ago.

The 23-year-old fugitive ruler of Tibet, himself considered a living Buddha by his followers, arrived at Benares and prepared for the pilgrimage to Sarnath, 7 miles away.

★ ★ ★

A large crowd of Indian officials, Buddhists and lamas were on hand to greet the young god-king when his air-conditioned special train pulled in. The Dalai Lama, motored with the Maharaja of Benares to a guest house for refreshment before the drive to Sarnath, one of the eight great places of the ancient Buddhist pilgrimage.

The train was to take the royal fugitive and his party of 92 overnight to the Indian hill station of Mussoorie, where he will make his home in exile.

★ ★ ★

A crowd of more than 5,000 waited Sunday in a heavy rain to greet the Dalai Lama at Shiliguri. During a one-hour stop he mounted a special rostrum to extend his blessing to the throngs.

New Delhi newspapers said a bulging mail bag delivered to the Dalai Lama when he boarded the train in Tezpur contained two messages from President Eisenhower. In Augusta, Ga., presidential press secretary James C. Hagerty refused to comment on the reports.

Victim, Rescuer Both Heart Deaths

CUMBERLAND, Maine (AP)—A patrolman died of a heart attack Sunday night while trying vainly to save a man from a similar fate.

Patrolman Robert Tarbox, 54, died while administering oxygen to Charles H. Mergendahl, 71, a Bowdoin College instructor.

Mergendahl had been stricken in his automobile. Both were dead on arrival at a hospital.

1910 was the first time cars were offered "completely equipped."

But Will Step Down as President

Mao Still Main Power in Red China

By PHIL NEWSOM
UPI Foreign Editor

Man of the week: Mao Tse-tung, ruler of Communist China.

The place: Peiping.

The time: Today.

Today, tomorrow, sometime within the next few days, Mao Tse-tung steps down as Chairman (president) of Red China.

The title he vacates is chairman of the Central People's Government of the Chinese People's Republic.

But it is neither the end of an era nor the end of a career for this peasant's son who is self-made in nearly every degree, who controls the destiny of more than 600,000,000 Chinese, who lays claims today to being the world's foremost Marxist and who has contributed to changes in world history probably as much as any man alive.

Mao still is chairman of the Peoples Revolutionary Military Council, chairman of the People's Political Consultative Conference (Legislature), chairman of the Political Bureaus of the Central Committee of the Chinese Communist Party.

★ ★ ★

And those titles, particularly the last one, make him still the most powerful man in Red China.

Mao's announced reason for quitting his job as President is to devote more time to party affairs. Since party affairs can mean almost anything in a Communist state, his announcement must be taken at face value.

Right now, internally, the most important party affairs probably deal with the successful organization and functioning of the communes which are destroying Chinese family life in favor of a regimented existence which has engulfed more than 500,000,000 Chinese in a vast effort to revolutionize both Chinese agriculture and industry.

It is a monumental task—one, if successful could make Red China one of the most powerful nations on earth, dwarfing even the Soviet Union. It is an attempt at communization which even Russia still is reluctant to undertake.

Success or failure, the communes will be a monument to Mao Tse-tung, the peasant's son.

Mao was born Nov. 19, 1893, in Hunan Province in southern China.

At the age of 13, he left the village school to work in the rice paddies for his parents. But three years later, he resumed his education and by 1918 was assistant librarian at Peiping National University.

There, under the tutelage of Lee ta-chao, one of the founders of the Communist party, he became a full-fledged Red.

By 1931, he was the recognized leader of the Communist Party in China.

He is a man of many talents.

WRITES OWN SPEECHES

He has composed poems in classical Chinese and is adept with the writing brush. He writes his own speeches and political essays in flawless, classical prose.

And he is a man of patience. He outwaited or outlived all his political foes and never has wavered either from his Communist beliefs or his ruthfulness. Under his regime, at least 15,000,000 Chinese have been purged, banished or executed.

As a military tactician, he defeated the best Nationalist Chinese Generalissimo Chiang Kai-shek and his American advisers had to offer.

★ ★ ★

With all his other talents, Mao Tse-tung also is a master at political camouflage. Before the Reds took over all of mainland China in 1949, he had convinced much of the world that his movement was not real communism at all—merely a movement of agrarian reform.

And he has not hesitated to change the rules. Where the Russian Communists moved out from the cities, he moved in from the land.

Find Industrialist, 86, Dead in Hotel Room

DULUTH, Minn. (AP) — Julius H. Barnes, 86, industrialist who amassed grain and shipping fortunes was found dead in his hotel room Friday.

Barnes' once great wealth virtually vanished in his later years through business losses and donations. He lived in modest retirement here for the past 10 years.

Barnes apparently died of a blockade of the main artery leading from the heart.

A man without a high school education, the Arkansas-born financier served as president of the U.S. Chamber of Commerce from 1921 through 1924.

State Quartet Society Elects Sanborn V-P

Clinton Sanborn of 131 Thorpe St. was elected vice president of the Michigan District of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., at the organization's annual convention and quartet contest in Grand Rapids.

Sanborn is a member of the society's Pontiac chapter. Two quartets that appeared on the barber shop show at Pontiac Central High School last December emerged as winners in the contest.

The Sharpkeepers of Detroit and The Chord Counts of Holland were chosen by judges to represent Michigan at the coming international contest July 3-4 in Chicago.

This Good Turn Costly to Kindhearted Driver

TUCSON, Ariz. (AP)—Harry Bizek of Tucson figures this be kind to animals philosophy can be a mite costly.

He was driving down a Tucson street when a dog ran into the path of his auto. He swerved to miss the mutt. His car flipped over. He received a badly skinned knee, a demolished auto, and citations for failure to control his car and not having a driver's license in his possession.

Of the radios produced last year 36 per cent were made for automobiles.

Lawmakers Act on Many State Issues

Veterans Fund Bill Gets Face Lifting; Jobless Measure Killed

LANSING (AP) — Plans, proposals and bills lurched forward in the State Legislature last evening and today.

The House-approved veterans trust fund legislation got itself a facelifting and shaky endorsement by the Appropriations Committee.

A bill to extend temporary unemployment benefits till July 1 was consigned to the legislative scrapheap today, but House Democrats were ready to push action on another.

Sen. John P. Smeekens (R-Coldwater), author of the Senate version rejected last night by the House, had a bill for introduction today which would put the Ford case revision on the same law which was under fire before.

The provision requested by Smeekens, would define establishment for unemployment purposes as a single unit even though plants were in different states.

It was this area of the present law that was under study by the two previous conference committees.

Democrats killed the much disputed measure in the House last night by rejecting recommendations of a conference committee named to work out differences between the House and Senate.

The vote, with 56 votes needed for approval, was 53-50. Rep. George W. Sallade, Ann Arbor Republican, sided with Democrats in what was otherwise a party-line vote.

Left in the middle were some 28,700 workers whose jobless pay benefits ran out early this month. Passage of the bill would have enabled them to collect benefits for up to 13 weeks more under a

Pontiac's Loop Highway Must Wait Until 1962

Pontiac won praise yesterday for its downtown "loop" highway plan, along with a warning that the State Highway Department might not tackle the job for several years.

State and federal funds won't be available for the loop until after the state's present five-year highway plan ends in 1961, cautioned John C. Mackie, state highway commissioner.

It could be programmed in the five-year plan beginning in 1962, Mackie allowed, but how soon and with what funds are still question marks, he told a group of 150 Pontiac businessmen at Bloomfield Hills Country Club.

The loop highway would be a new U.S.10, replacing Saginaw street as a state trunkline. It would skirt the downtown business district, relieving traffic congestion and making new retail improvements possible within its circumference.

★ ★ ★

Mackie, who has promised that the trunkline redesignation would be made in time for state and federal funds to become available in construction of the loop, had some bright news yesterday on another score.

He said it appeared probable the city could go ahead and purchase right-of-way for the loop with its own funds, subject to reimbursement later by the Highway Department when the loop is officially on the department's construction program.

CITY COMMENDED

City Manager Walter K. Willman said this maneuver would speed making the road a reality.

Mackie said Pontiac was one of the few cities he knew of that had adopted a master street plan, such as the one outlined in the city's Barton Traffic Study of last year.

JOHN C. MACKIE

"The city deserves commendation for its far-sighted planning," the highway commissioner said.

The report was financed by the Downtown Merchants' Assn. and its chief recommendation was that a loop highway be constructed to aid in the rehabilitation of the downtown district as as prime shopping center.

Mackie said that all prospective federal and state highway funds through 1961 are currently programmed in his first five-year plan.

He warned that by 1961 the state will have used up most of its highway bonding potential, and there may be a "drastic" cutback in construction after that through lack of funds.

★ ★ ★

How Pontiac's loop will fare in the state plans after 1961 is apparently anybody's guess, but Mackie said the proposal will receive "serious consideration."

The highway commissioner said Oakland County will do well in the Highway Department's construction program next year.

County Officials Feel Increase About 'Normal'

Boost Laid to Delay as 38 Bids Are Opened This Morning

In the light of expected annual rising building costs, Oakland County supervisors expressed general satisfaction over construction bids opened this morning for the new courthouse.

They ran $176,100 more than architects' estimates.

Spokesmen for the architects, O'Dell, Hewlett & Luckenbach of Birmingham, weren't alarmed by what they called a "normal" increase.

★ ★ ★

"Taking into account alternates and substitutes submitted with the bids, we should be able to knock the figure down closer to our estimates," Thomas H. Hewlett said.

Low bids for general construction (architectural), mechanical, and electrical totaled $3,051,100. Estimates by architects totaled around $2,875,000.

Bids were submitted this morning for the new six-story courthouse unit to be constructed in the Telegraph road County Service Center, after a bitter three-year struggle to get it there.

DELAY SAID COSTLY

And according to David Levinson, chairman of the Special Courthouse Building Committee, it was this delay, brought on by a law suit in 1956, which caused the increase in construction bids.

★ ★ ★

Levinson set a meeting for next Wednesday when his committee and two others of the Board of Supervisors will sit down with architects, who are expected to have all 38 bids analyzed by then.

The Board of Supervisors will

Senate Group Okays Herter

Acts With Rare Speed in Unanimous Approval of Dulles' Successor

WASHINGTON (AP)—The Senate Foreign Relations Committee today unanimously approved the nomination of Christian A. Herter to be secretary of state.

The committee acted with rare speed in approving the nomination. Its vote, at a closed session, came less than two hours after it convened a public hearing at which Herter was the only witness.

During the 65 minutes of questioning, mostly by Sen. Wayne L. Morse (D-Ore.), Herter said that:

—He did not believe the United States should use nuclear weapons "in the initial stages" in any shooting war that might break out over Berlin.

—The United States would have to "think very carefully" about using nuclear weapons if it appeared that Russia was "willing to carry it to the point of an all-out war."

Herter was warmly praised by every committee member present, including Morse.

Herter said today he did not believe atomic and hydrogen bombs would be justified in the early stages if war developed over Berlin.

But, Herter told the committee, "if it became clear that Russia was resorting to all out war, I think we would have to consider a change in our position."

Herter said that "without any question" Congress should be consulted before this country entered all out war. He added the reservation that such consultation could not hold up instant retaliation in the event of attack.

While most members of the committee contented themselves with complimentary speeches about Herter, Morse raised policy questions.

In answer to what Morse called hypothetical questions, Herter said minor incidents over Berlin "ought not be allowed to start a nuclear holocaust."

"I personally believe that Russia is realistic enough not to want to start a war any more than we do," Herter said at one point.

He said he did not believe the accidental shooting of an American plane over the corridor into Berlin would justify a war.

When asked by Morse his reaction if the Russians started shooting down American planes deliberately, Herter said, "I'd consider that an overt act of war."

Herter had been assured in advance of committee approval.

Defies His Enemies

JACKSON, Miss. (UPI)—Mayor Allen Thompson said he was almost swept into a lake near Vicksburg in a recent thunderstorm, but "I thought how many people would like to see me drown, and hung on."

Ike and Macmillan Urge Limit on Tests

AUGUSTA, Ga. (AP) — President Eisenhower has put directly up to Soviet Premier Nikita Khrushchev a proposal to ban nuclear weapons tests which dangerously pollute the atmosphere.

A first-stage agreement to outlaw tests below 30 miles in the atmosphere, Eisenhower wrote Khrushchev, could ease the deadlock among negotiators now seeking a way to halt all weapons testing.

In London, British Prime Minister Harold Macmillan immediately wrote Khrushchev supporting Eisenhower's proposal of a ban on nuclear weapon tests.

Sources close to the British government said Macmillan told Khrushchev Britain would prefer a more comprehensive test ban.

But he said if that is impossible, it will back limited agreement of the type proposed by America and Britain last week at the Geneva conference on a nuclear test ban.

★ ★ ★

Details of the President's appeal to the Kremlin leader were made public as Eisenhower arranged to end a two-week vacation at the Augusta National Golf Club and fly back to Washington. He scheduled his departure aboard the plane Columbine III for midafternoon.

Presidential press secretary James C. Hagerty said Khrushchev had not replied to the Eisenhower letter. It was made public Monday night only after a Soviet official had talked about it, apparently by accident, in Geneva where East-West talks have been blocked since October.

The letter was sent to Khrushchev on April 13 — the same day U. S. negotiators outlined the new U. S. proposal in Geneva. Eisenhower said in effect that a partial agreement would be better than none, and "these negotiations must not be permitted completely to fail."

★ ★ ★

He said a simplified control system to detect any test explosions in the atmosphere could easily be developed from expert recommendations already at hand.

Spring Will Smile on City Tomorrow

Fair and pleasant with the temperature pushing 60 degrees has been forecast for tomorrow. Tonight will be a little warmer, with the low dropping to 36.

Partly cloudy and a little cooler is the forecast for Thursday. Rain may be expected Friday or Saturday with some chance of rain mixed with snow.

Bridges to Be Asked About Russian Trip

WASHINGTON (AP) — Harry Bridges was summoned before the House Committee on Un-American Activities today to explain some things he reportedly said during a visit to the Soviet Union.

The Pacific Coast's longshoremens' union boss was the first witness in a scheduled four-day hearing.

The committee said it is developing legislation to tighten up U.S. passport laws governing travel abroad by Communists or others regarded as security risks.

Chairman Francis E. Walter (D-Pa) said the committee was interested in statements made by Bridges while on a trip that took him to the Soviet Union, East Germany, Czechoslovakia and other countries in January and February of this year.

Rep. James C. Davis (D-Ga) told the House last month that Bridges was quoted in a Moscow interview as saying that labor unions in the U.S.S.R. are more democratic than many in the United States. Davis said Bridges made a similar comparison of elections in this country and the Soviet Union.

To Honor Press Columnist at Fraternity Dinner

Pontiac Press columnist Joe Haas will be honored tonight as the dean of working newsmen in the Detroit area.

Haas and six other newsmen and radio reporters will be feted as the Detroit chapter of Sigma Delta Chi, professional journalism fraternity, holds a Founders Day dinner marking the April, 1909 establishment of the fraternity.

Heading the list of those to receive awards, Haas, 82, has been in the newspaper business for 62 years.

"Mr. Oakland County," as he is known to thousands, entered the newspaper field while in high school, founding a weekly. Upon graduation, he founded the Holly Herald, which he edited from 1901 through 1937.

He has been with The Press 15 years.

★ ★ ★

Also slated for honors are David J. Wilkie, Associated Press auto editor, 57 years; E. A. Batchelor, editor of the Detroit Athletic Club News, 56 years; W. K. Kelsey, Detroit News columnist, 52 years; Lee Smits, newspaper, radio and free lance columnist, 52 years; and C. B. Davis, Detroit Times editorial page editor, 50 years.

★ ★ ★

E. L. "Ty" Tyson, one of America's first radio sportscasters, who went on the air shortly after radio station WWJ was established, will accept his honors as dean of the working radio men in the area.

Also to be guests of honor at the session at the Detroit Press Club in the Leland Hotel, are five Detroiters who are past national presidents of the fraternity.

The Detroit chapter boasts more national presidents than any other in the country, and the list includes the late Robert B. Tarr, managing editor of The Pontiac Press at his death last year. He served as president in 1928-29.

Husband of Slain Woman Denies Alleged Blackmail

By PETE LOCHBILER

An Independence Township man has denied any part in an alleged blackmail plot that authorities were told led to the fatal shooting of his bride of four months.

Donald Crenshaw, 26, of 6230 Snow Apple Dr., near Clarkston, made the denials on a lie detector test yesterday, Prosecutor Frederick C. Ziem said.

But the test results were inconclusive, Ziem said, leaving puzzled authorities in the middle of two sharply conflicting stories.

Crenshaw's former girl friend, Mrs. Sue Lawrence, 32, of 2652 Oxford Rd., Berkley, claimed she was paying Crenshaw and his wife, Wyvona, money in a blackmail scheme involving her 9-year-old son.

She claimed that Mr. and Mrs. Crenshaw had called her "repeatedly" at home and at work, asking for money, Assistant Oakland County Prosecutor James Roberts said.

Mrs. Lawrence is a part-time beauty operator at a pleasant Ridge beauty salon.

An attractive brunette, Mrs. Lawrence is a police prisoner in St. Joseph Mercy Hospital, held for investigation in the fatal shooting Saturday of Mrs. Crenshaw.

Reported on the verge of emotional collapse for 48 hours, Mrs. Lawrence was composed for the first time yesterday during a brief statement to Roberts.

She asserted that Mrs. Crenshaw (commonly known by her middle name, Delores) telephoned her last week and asked for $500.

The shooting occurred, Mrs. Lawrence said, when she visited the Crenshaw home in order to deliver the money and a letter to Crenshaw, in which she expressed the hope that she wouldn't have to give him any more money.

"She said she had been warped that if she didn't deliver the money, she would be deprived of her child, either through physical harm or by losing custody of the boy," said Roberts.

Mrs. Lawrence said she grappled with Mrs. Crenshaw over possession of a .25 caliber pistol she had in her purse.

Roberts quoted her as saying she could remember nothing about the scuffle, until she realized suddenly "there was a pain in my leg."

The woman is recuperating from a serious flesh wound in the upper part of her leg. Mrs. Crenshaw died of a bullet wound in the head.

Mrs. Lawrence claimed that Crenshaw had given her the gun and that she was returning it to the Crenshaws at their request.

She said Mrs. Crenshaw spotted it when she opened her purse to hand over the money.

"She grabbed at the gun and I tried to stop her. I wanted to give the gun back, but I didn't want her to grab it away from me," Roberts quoted her as saying.

In the lie test, Crenshaw denied "emphatically," Ziem said, that he had given Mrs. Lawrence the gun.

★ ★ ★

The gun is not registered, said Sheriff's Det. Leo Hazen.

Evidence supporting Mrs. Lawrence's story was found in the Crenshaw kitchen, where the shooting occurred.

Hazen said that $500—in $50 and $10 bills—was found in a

Man Confesses Strangling Boy

Escapee From Mental Hospital Tells Police of Detroit Murder

DETROIT (AP) — Police said a 47-year-old man, who escaped from a mental hospital, admitted today he strangled five-year-old Marvin Zdanowski whose body was found in a garage last night.

Lt. Hiram Phipps of the Detroit Police homicide squad said the confession was obtained from George Ritola, 47 who resided intermittently with a sister living in the same house with the boy's deaf mute parents.

Ritola was held for investigation of murder. Police said they picked him up for questioning because circumstances of the slaying indicated it was committed by some one who had a close knowledge of the house.

Police said Ritola, a former patient at a Galesburg, Ill. mental hospital, broke under a barrage of questions fired by four detectives. Phipps said Ritola told them the boy was a government spy—"Spies have been chasing me all over town. There are thousands of them. I intend to get them all."

In Galesburg, Ill., Dr. Thomas T. Tourlentes, superintendent of the Galesburg State Hospital, said Ritola escaped from the institution Sept. 29, 1958, and every possible effort had been made to apprehend him.

He said Ritola's mental state was dangerous and that the hospital had notified all relatives and police of communities where he might have taken refuge after his escape.

TELLS OF SLAYING

The officer said Ritola gave this account of the slaying:

He found the boy yesterday in a bathroom which was shared by the Zdanowski family with other persons living in the house. He grabbed the boy, put his hand over his mouth and decided to kill him.

He dragged the boy to the garage and choked him for five or 10 minutes. Then he concealed the limp body in a rafter. He planned to return later and find a better hiding place for the body.

Phipps said Ritola was accustomed to spending most of his time with a sister Hilda Ritola, who lived there.

After the boy disappeared, police combed west Detroit for hours looking for him.

Marvin, physically normal, was the only child of deaf mute parents Daniel Zdanowski, 38, and his wife Marjorie, 27.

3 Armed Teens Caught Napping

State Troopers Arrest Girl in County, Nab 2 Boys in Indiana

Pontiac state troopers, working on an anonymous tip, yesterday picked up the first of three armed Port Huron teenagers caught "napping."

A nationwide alert had been sent out for the two youths and a girl by St. Clair County Sheriff William J. Pettingill in connection with the burglary of a sports center north of Port Huron late Sunday or early Monday.

The girl, 16, was apprehended at an Independence Township home. The boys, Everett D. Ruck and Joseph Zuniga, both 18, were nabbed last night in Greenfield, Ind.

Troopers Stanley Doubleday and Alfred Strilecky were tipped off that the girl was at the home of Albert Putsey, 5166 Clarkston-Orion Rd.

★ ★ ★

They went to the house and found the girl sleeping in a bedroom with a loaded .32 caliber revolver clutched in one hand. She was turned over to St. Clair County sheriff's deputies.

Putsey is Ruck's uncle.

The boys had left her there, saying they would send for her later, she told troopers. She said they had loaded revolvers stuck under their belts and "a glove compartment full of ammunition."

The boys were located at another relative's home heavily armed. Sheriff's deputies and State Police surrounded the house expecting a battle. Three officers stormed the house but met no resistance.

Ruck and Zuniga, like their younger companion, were both asleep.

Police said they admitted they planned to hold up the Mohawk State Bank in Greenfield this morning and flee to Mexico. They had taken three revolvers, two rifles and ammunition from the Port Huron sports shop.

Wintry Chill Creeps Across Eastern U.S.

By The Associated Press

Chilly air spread across broad areas in the eastern half of the country today as wintry weather continued in parts of the Rockies.

Stormy weather erupted in southern and central sections during the night as cold air moving southward from Canada clashed with warm breezes.

★ ★ ★

Texas reported a variety of weather, mostly stormy, Monday night. Hail and heavy rain pelted central and southern areas. Snow fell in the Upper Panhandle. Heavy fog kept 12 cargo ships off Galveston Bay. A tornado was sighted between Del Rio and Eagle Pass but was not believed to have touched ground.

Bids Opened Today on New Courthouse

(Continued From Page One)

receive recommended contracts at its May 4 meeting.

Before then, it was emphasized by architects and officials, all bids remain unofficial.

GENERAL BIDS

Taking into account base bids only, and none of the nine alternates of construction submitted with bids, these were the nine general construction bids submitted:

A. Z. Schmina & Sons of Detroit, $2,092,400; J. A. Fredman Co. of Pontiac, $2,103,937; O. W. Burke Co., of Detroit, $2,127,000; Bryant & Detwiller of Detroit, $2,164,000; Bundy Construction Co. of Pontiac, $2,175,000; Barton Malow of Detroit, $2,179,000; Palmer Smith Co. of Detroit, $2,184,215; R. E. Dailey Co. of Detroit, $2,193,030; and Perron Construction Co. of Detroit, $2,243,000.

MECHANICAL BIDS

The top five low bidders—still taking into account just base bids—for the mechanical trades were:

R. L. Spitzley of Detroit, $649,800; Robert Carter of Detroit, $683,700; Shaw Winkler of Detroit, $697,500; L. S. Thornton of Troy, $699,800 and Goss Mechanical of Detroit, $707,000.

Considering only base bids again, the low five bidders in the electrical trades were:

Schultz Electric Co. of Pontiac, $308,900; Cates Electric Co. of Berkley, $321,557; Sarin Electric Co. of Detroit, $323,942; Hamill Electric Co. of Detroit, $332,000; and the Ydon-Brand Co. of Detroit, $336,836.

Some 80 representatives of the bidding companies packed the supervisors' room in the County Office Building to watch and listen to Robert Y. Moore, chairman of the Board of Auditors, open sealed envelopes. Bidding was officially closed at 10:07, although bids had to be in by 10 a.m.

Detailed bids were read to the group by Harry M. Denyes Jr., a designer of the long-awaited courthouse building.

He told Levinson and other supervisors: "There are quite a few places where savings could be effected."

All bids remain firm for 45 days, he pointed out.

Levinson was non-committal on what he thought of the bids, other than pointing out "the increase is due to the delay."

★ ★ ★

But Delos Hamlin, chairman of the Board of Supervisors, said, "Although I'm extremely happy to see this day arrive, I'll be even happier when we turn that first spadeful of ground."

Hewlett and Denyes said they would proceed with examination of all bids even though a final legal step in the path of the new courthouse has not as yet been cleared.

This is what attorneys call the final decree which will spell out and permit Oakland County to use $1,666,661 in once-contested building funds for the new building.

Crenshaw Denies Alleged Blackmail

(Continued From Page One)

small envelope under the kitchen table, while the letter was lying on the table, enclosed in a white business envelope, unaddressed.

Authorities did not detail the contents of the letter, but Ziem said that it "tended" to bear out Mrs. Lawrence's assertions.

"It tells how Mrs. Lawrence supported him (Crenshaw) and expressed the hope that this would be the last time she had to help him with money," said Hazen.

★ ★ ★

Hazen said it was handwritten, in ink, on both sider of two correspondence-size sheets of paper, addressed to "Don," but unsigned. He said the handwriting matched Mrs. Lawrence's.

Ziem said two other persons yesterday gave statements which referred to a blackmail plot, but noted that in each case the reference was based only on what Mrs. Lawrence had told the persons herself.

The statements were from Mrs. Lawrence's estranged husband, Wayne, and her sister, Mrs. Woodrow Bare of 325 Grove St., Highland Park.

"So far we have no proof of blackmail and the only indications of it are based on hearsay and what Mrs. Lawrence told us," Ziem said.

★ ★ ★

Lawrence, part-owner of a Detroit auto collision shop, is involved in divorce proceedings, but is still living in the same house as his wife.

Mrs. Lawrence's attorney said she would like a reconciliation.

The divorce case apparently figured in the background of Mrs. Lawrence's version of the blackmail.

She filed divorce proceedings in Oakland County Circuit Court last September, charging cruelty. Lawrence countered with a charge that Mrs. Lawrence was keeping company with other men, and was unfit to keep their son, Wayne Jr.

According to Hazen, Crenshaw said that he had been dating Mrs. Lawrence until last October when he broke off with her and made plans to marry.

★ ★ ★

Hazen said that Crenshaw recalled meeting Mrs. Lawrence for the first time in the fall of 1957 while he was operating a gas station in Berkley, near her home.

★ ★ ★

Crenshaw now is employed as a credit salesman for Goodyear Service Station, 30 S. Cass Ave.

The divorce was initiated shortly after Mrs. Lawrence was awarded a $12,000 Circuit Court judgment as compensation for head injuries she received in a three-car accident New Year's Eve, 1957.

Hazen said Mrs. Lawrence's bankbook showed she deposited $11,100 of the award last fall, but since then had made withdrawals that reduced her account to a little more than $7,000.

The last withdrawal was Friday he said, in the amount of $500.

The other withdrawals were of varying amounts at irregular periods, showing no pattern, Hazen said.

★ ★ ★

During the jury trial that led to Mrs. Lawrence winning the judgment, a psychiatrist testified that the head injuries had affected the woman mentally, Hazen said.

★ ★ ★

Mrs. Lawrence was scheduled to enter Mercywood Sanatorium near Ann Arbor Saturday, the day of the shooting. Hospital records indicated that her admission as a mental patient there was voluntary, Hazen said.

Ex-Professor, Wife Succumb

Former U. of M. Man's Death Natural; Sheriff Suspected Suicide

ANN ARBOR (AP) — The bodies of a retired University of Michigan professor, Jan A. Van den Broek, 76, and his wife, Helen Margaret, 66, were found in their two-story frame home east of Ann Arbor last night.

★ ★ ★

Following autopsies today, a medical examiner said both died of natural causes.

Dr. R. Craig Barlow said Van den Broek died of a heart attack and that Mrs. Van den Broek died of peritonitis from a ruptured intestine.

Before the autopsies, Washtenaw County Sheriff George A. Petersen said they apparently died in a suicide pact after taking an overdose of drugs.

The professor was sprawled across a desk in his second floor study with his head lying on a will he had started to write designating who was to receive several watches and pieces of jewelry.

★ ★ ★

His wife's body was found lying on the floor of an adjacent bedroom with her face on a pillow.

Van den Broek was professor emeritus of engineering mechanics at the university.

TWO TYPES OF MENTAL TREATMENT — Dr. Theodore Satersmoen, acting medical superintendent of Pontiac State Hospital, a psychiatrist, stands next to the electro-convulsive unit which is used to give shock treatments to mental patients. Mrs. Ruth Wilson, pharmacist at the hospital, is shown weighing tranquilizers, which are given to approximately 50 per cent of the patients at the hospital. These two types of mental treatment will be discussed during "Operation Friendship," open house educational projects to be conducted at the hospital during Mental Health Week, April 26 through May 2.

City Loop Highway Will Have to Wait

(Continued From Page One)

nual expenditure for new roads—will be placed under contract between June, 1960 and June, 1961, Mackie said.

This includes portions of the Oakland-County Expressway from Detroit past Pontiac to Flint, plus parts of expressways planned in the vicinity of 11½-Mile road and Northwestern highway.

Mackie said that surveys for the expressway between Pontiac and Flint were finished and that detailed plans will be completed this fall.

Appraisals of land will begin this fall and land acquisition will be under way by early next year, he said.

Route of the expressway between Pontiac and the south Oakland County area must be still approved by the communities through which it will run, Mackie said.

In Troy, the only community where route approval has been given, there is a taxpayer's suit blocking the road. The other towns affected are Madison Heights, Royal Oak and Hazel Park.

The Oakland County expressway is scheduled to be linked somehow with the Walter P. Chrysler on Detroit's east side, but this, too, is a job that won't get under way until the second five-year plan is drawn up, Mackie said.

Northwestern should be under contract next year for conversion to an expressway type road from Eight Mile road to a point near Telegraph road, Mackie said, where it would join the 11½-Mile Expressway between Northwestern and the Farmington-Brighton Expressway to the east.

DIRECT ROUTE

With the conversion of James Couzens Highway in Detroit to an expressway, there will soon be a direct expressway route all the way from Detroit to Muskegon, via the new Oakland County construction, Mackie said.

★ ★ ★

Mackie said Oakland County has the greatest dollar volume of highway deficiency in the state, mostly because highway construction here over the past decade has not kept pace with the county's swift population growth.

He said the Oakland County Board of Supervisors and the County Road Commission must find new sources of local revenue if local roads are to be brought up to standard.

Mackie said that Oakland County is scheduled for $100 million of trunkline construction through 1961.

The construction program will be an economic boost to the county, he said, injecting about $35 million in highway department payrolls into the economy.

Mackie believed the Oakland County expressway would produce a residential boom north of Pontiac, and attract "more than $1 million-a-mile in new commercial and industrial investments alongside the right-of-way."

The Highway Commissioner also spoke about economies in the Highway Department, saying it has saved the state more than $3 million since he took office nearly two years ago.

Elimination of survey work by private consultants has resulted in a $1 million saving, he said, and more than that amount was saved by using more Department people on highway design.

Another $1 million was saved by reducing overtime for Department personnel by different work-schedule controls during the construction season.

Mackie was introduced by S. E. Knudsen, Pontiac Motor Division general manager and General Motors Corp. vice president.

Attending were members of the Pontiac Area Chamber of Commerce, the Downtown Business Assn., the Pontiac Manufacturers' Assn., city and county officials.

3,100 Goal for Mental Health Week

State Hospital Seeks Visitors

"Operation Friendship" will be the theme of Mental Health Week at Pontiac State Hospital and a goal of 3,100 visitors—the number of patients in the hospital—has been set.

Similar programs during the week, April 26 through May 2, are to be conducted throughout the nation to further public understanding of mental illness through education, according to Mrs. Mary Fink, president of the Oakland County Chapter of the Michigan Society for Mental Health, which is sponsoring the program.

Hospital officials have arranged special tours and demonstrations for each of the four days during the week.

April 27 will be Public Officials Day. State legislators, community and county officials will be invited to the activities which begin at 10:30 a.m. at the administration building of the hospital.

★ ★ ★

Similar special days have also been set aside for other groups. April 28 will be for clergymen and church groups; April 29 for women's organizations, and April 30 has been slated as Community Day for visits by Parent-Teacher Associations, men's service clubs, professional groups and members of labor organizations.

The program each day will include visits to areas of special interest and clinical demonstrations. Newer phases of treatment will be discussed by hospital staff members and special emphasis will be placed on the geriatric and children's units.

Lyle Abel, county agricultural agent, is chairman of the program in Oakland County. Groups interested in participating in the tours may contact R. L. Arthaud at the hospital.

★ ★ ★

Abel has invited "the officers of every organization in Oakland County to consider a visit to the hospital during Mental Health Week as an important part of the organization's program for the year."

★ ★ ★

Oakland, Genesee and Macomb are among the 10 counties in southeastern Michigan served by the Pontiac State Hospital.

Hearing Set Tonight on City Assessments

City commissioners will hold hearings tonight on special assessment rolls covering five paving projects, including West Ann Arbor avenue, Carlisle to Stanley; Cornell avenue, Baldwin to Carlisle; Gladstone place, Cooper to Edison; South Jessie street, Wilson to Prospect, and Longfellow avenue, University to the Pontiac, Oxford & Northern Railroad.

Also scheduled is resumption of a hearing on the vacating of the alley east of Highwood avenue in Glenwood Estates subdivision, where residential expansion is planned.

There are cost estimates to be submitted on 11 neighborhood improvements, seven involving blacktopping, three curbs and gutters and one a sanitary sewer.

LONDON (UPI)—Prime Minister Harold Macmillan is being fitted for a new head. Madame Tussaud's Wax Museum said it will show Macmillan's aging since his present likeness was put on display eight years ago.

The Day in Birmingham

Street Project Dropped as Elderly Folk Protest

BIRMINGHAM —Ann street was dropped from the three-street paving project at last night's hearing of necessity before Birmingham city commissioners.

★ ★ ★

Many objections to paving Ann street, a good portion of them from elderly persons living on pensions or retirement pay, have been filed.

City officials said they felt the project would create a financial hardship for a number of these residents.

The paving of Landon street between Purdy and Ann streets, and Purdy street from Brown street to Lincoln avenue was approved. A public hearing to confirm the special assessment role will be held in mid-May.

TO DONATE LAND

Ernest E. Morrow, whose home is at the corner of Ann and Landon streets, indicated that he will donate a narrow strip of land necessary to widen the intersection for greater traffic safety.

★ ★ ★

The hearing on the $20,775 road oiling program has been set for May 11.

Commissioners transferred $7,000 from the contingent fund to the snow removal fund to meet the costs of one of the most expensive winters on record.

Tom C. Brien, department of Public Works superintendent, found his $16,000 budget for 1958-59 fell $20,000 short of the actual snow removal and sanding costs. The larger portion of the deficit was paid from surplus in other department accounts.

★ ★ ★

Two 1958 paving fund deficits were okayed for reassessment.

The 25 property owners involved in the E. Maple avenue widening will be asked to pay $5,249 more. Their assessments will range from $15 to $169.

On the Graefield road project, the deficit to be shared by 60 property owners, is $550. New assessments will be from 11 cents to $23.

Birmingham taxpayers continue true to form, according to City Treasurer Russell T. Berger.

★ ★ ★

For the past four years about 98 per cent have paid city tax and 96 per cent county and school taxes prior to the March 1 deadline. The same held true for this year.

A dinner and entertainment with a Scottish flavor is planned by Birmingham Chapter 220 and Southfield Chapter 519, Order of the Eastern Star, for 6:15 p.m. tomorrow at the Masonic Temple.

The Shean Trews, Sword Dance, Highland Fling and the Flora MacDonald Fancy will be danced by champion Sharron Magnuson, Sally Bristol and Janis Ross. They will be accompanied by Bill Grant on the bagpipes.

★ ★ ★

A setting of spring flowers will feature traditional Scottish heather and ceramics by Elizabeth Warwick, worthy matron of the Southfield Chapter.

The exemplification of degrees and presentation of honorary memberships is scheduled for 8 p.m.

Women of the First Presbyterian Church are at the social hall from 9 a.m. to 5 p.m. today and tomorrow receiving items for the annual spring rummage sale. The sale will be held Thursday from 9 a.m. to 8 p.m. and Friday from 9 a.m. to 6 p.m.

Mrs. Minnie C. Kitchen

Service for Mrs. Minnie C. Kitchen, 78, of 30497 Everett St., Southfield Township, will be at 2 p.m. Thursday from the Manley Bailey Funeral Home. Burial will follow in Roseland Park Cemetery, Royal Oak.

Mrs. Kitchen died yesterday in William Beaumont Hospital, Royal Oak after a short illness.

For the past 38 years, she has been a clerk in several Birmingham stores.

Surviving are a daughter, Mrs. Florence Stoll of Royal Oak; a son, Arthur of Southfield; two sisters; one grandchild and one great-grandchild.

State Lawmakers Act on Many Issues

(Continued From Page One)

new law extending temporary federal unemployment compensation.

And the long-awaited Rahoi Plan for a state income tax came into the Legislature last night as part of a 117 million dollar a year new revenue package.

However, there was no sign it was going anywhere.

The income levy proposed by Sen. Philip Rahoi (D-Iron Mountain) would ride piggy back on the federal income tax; figured at a given per cent of federal liability for individuals and 10 per cent for corporations.

Together, the levies, along with a seven per cent tax on net income of banks and other financial institutions, would produce 245 million dollars, he said.

Prospects for using the trust fund thus brightened for averting a general fund crack-up that has threatened payless paydays, possibly next month. But the issue was far from resolved.

A weird five to two roll call, with two committee members abstaining, nudged the legislation toward a showdown vote on the Senate floor tomorrow or Thursday.

The deciding vote with five affirmative votes required, was cast by Sen. Edward Hutchinson (R-Fennville), who repeatedly said until last night he doubted a cash crisis was imminent.

As the legislation came to the floor, it called for immediate sale of fund's 50 million dollars in securities, worth about 43 million dollars on the present market.

It also provided for:

1. Re-establishment of the body of the fund starting in 1965 by a seven year series of cash transfers from the state's general kitty.

2. A continuing general fund appropriation of $1,200,000 annually to support indigent veterans benefits now paid from trust fund income, the sum gradually to be reduced as the body of the fund is rebuilt and interest from it once again is realized.

The rebuilding timetable, under the plan authored by Sen. Frank D. Beadle (R-St. Clair), would dovetail with scheduled reduction in state debt service on the World War II and Korean War bonus bond issues.

In arguing the superiority of his proposal over mortgaging, Beadle said that it would produce more quick cash, give all state agencies a crack at available funds and provide a surer method of rebuilding the fund.

Have Anything to Hide?

Your Tax Return Is Not So Secret

WASHINGTON (AP) — How secret is the U. S. income tax return you just filed?

Many Americans believe the federal tax collector is like a doctor or lawyer — sworn to keep silent about the private affairs of taxpayers. This isn't quite true.

A tax agent can go to jail if he illegally discloses your return to others. He can, however, legally open up returns to outsiders under certain circumstances. He does this often.

Anyone's return may be inspected by state tax agents, federal law officers and congressional investigators, if they get special permission.

A taxpayer also can see his own return, or get a photo copy by paying 50 cents a page.

★ ★ ★

The states can inspect your return to make sure you're paying state taxes. About three-quarters of them do this regularly.

Federal agencies, including the Justice Department and the FBI, can take a look if they suspect someone is violating U. S. law. Government prosecutors can even use returns as evidence in federal courts.

SECRECY ABUSED

Congressional committees also can get access to some returns through special presidential orders. These groups often hunt for damaging information about people under investigation, such as racketeers and mobsters.

Although tax secrecy laws are strict, they are abused from time to time.

Information from returns occasionally shows up, quite mysteriously, in the hands of people who have no business knowing about anyone's return but their own.

This data isn't necessarily leaked from the Internal Revenue Service, however.

A Justice Department official said IRA employes sometimes become suspicious about entries on tax returns and tip off the department to possible criminal cases outside the tax field. He said a number of prosecutions have resulted.

★ ★ ★

This is strictly illegal. An IRA spokesman said any employe caught passing such tips would be "fired forthwith."

The employe also would be subject to possible prosecution for unlawful disclosure of tax information. This carries a maximum penalty of a year in jail and a $1,000 fine.

IRS WON'T GUESS

IRS won't hazard even a rough guess on the odds that your return will remain an agency secret. Authorized inspections take place at district offices all over the country.

While a state can demand to look at all returns filed by residents, federal agencies must name individual taxpayers, list the tax years involved, name their inspectors and give a specific reason for making an inspection.

State and federal people can obtain copies of returns, but legislators generally make on-the-spot inspections. Congressional groups are provided blank forms on which to copy wanted information.

Three congressional committees dealing with revenue matters have permanent authority to inspect returns. They are the House Ways and Means Committee, the Senate Finance Committee and the Senate-House Committee on Internal Revenue Taxation.

Only two other committees currently have the privilege — the Senate Labor-Management Committee and the Senate Judiciary Committee. Their authorizations are temporary.

Eventually the government destroys most individual tax returns. Normally they are kept in district offices for three years, then go to a federal records center for another three.

Unless Uncle Sam has a special reason for hanging onto yours, it will be destroyed — through burning or shredding — after six years.

Only then can you be sure your secret will be kept.

Margot Fonteyn Taken as Husband Charged With Plotting Revolt

By LUIS NOLI

PANAMA (AP)—The Panamanian government held British ballerina Margot Fonteyn under arrest today in connection with charges that her husband was plotting to overthrow President Ernesto de la Guardia Jr.

The 39-year-old ballet dancer, one of the word's greatest, was reported being held in the private office of the commandant of Panama city's main jail.

★ ★ ★

National Guard headquarters claimed that Miss Fonteyn's panamanian husband, Roberto Arias, had landed Sunday night on Panama's Pacific Coast with about 10 armed men.

The National Guard, which is Panama's army and police, said Arias and his band were fleeing. Other reports said he had transferred from the motor launch in which he and his wife had been cruising and had landed near his family's large cattle ranch 75 miles west of the capital.

There was no immediate official reaction from the British Embassy, which had been busy until late Monday with the visit of Prince Philip. Miss Fonteyn for more than a decade has been the top star of Britain's Royal Ballet and is a Dame of the British Empire, the female equivalent of knighthood.

Prohibition Town Has First Raid in 25 Years

BARRINGTON, R.I. (AP) — Police staged Monday their first liquor raid since the town went dry 25 years ago.

They seized 410 gallons of wine and arrested Albert Piccerilli, 75, on a charge he was selling it at $1.50 a gallon.

Police Chief George W. Robbins said several high school teen-agers told him they gained admittance to Piccerilli's cellar by using the passwords: "Elsie sent me," or just "Booze."

Barrington is the only dry community in Rhode Island.

Deaths Elsewhere

GUELPH, Ont. (AP) — Edward Johnson, who overrode parental objections to a musical career and won world fame as a tenor and as general manager of the Metropolitan Opera, died Monday night.

The 80-year-old star of stage and management collapsed while walking to his seat for the opening performance of the Canadian National Ballet here in his home city. He died a half hour later of coronary thrombosis.

Woman Slightly Hurt in Two-Car Accident

Mrs. Alice Gerth, 37, of 4100 Elizabeth Lake Rd., Waterford Township, was slighly injured in a two-car accident at 10 a.m. yesterday.

Mrs. Gerth told Waterford Township police she was making a left turn from Highland road on to Josephine avenue when a car driven by Robert Wichell, 37, of 23 Ramona Ter, Pontiac, slammed into the rear of her car. She was taken to Pontiac General Hospital, treated for back and neck injuries and then released.

But He'll Stay Right in Town

Chief Gets First Day Off in 26 Years

SEAL BEACH, Calif. (AP)—It took an order from the City Council to make him do it, but after 26 years Lee Howard finally is going to take a vacation.

And what a vacation—16 months with pay.

How is he going to spend it—seeing the world, hunting, fishing?

Not a chance. He'll be right here.

Howard has been police chief in this seaside resort, a few miles down the coast from Los Angeles, since 1932. He has been on the job or on call 24 hours of every day, without even time off for sickness.

At first it was a small force and Howard figured his men had priority on any off-time available. Then the town began to grow, and so did his duties.

Because of a lack of city funds, the police chief found himself issuing business licenses, running the life guards and overseeing the parking lots that accommodate the summer swell of tourists.

★ ★ ★

But, busy as he was, that was not what kept Chief Howard chained to his town.

It came out last week when the City Council voted the 64-year-old chief a vacation with pay, beginning May 1 and running until his retirement in the fall of 1960.

"I don't think I'll be leaving town," said Chief Howard. "I've still got my boy to take care of."

Howard's son Edward has been paralyzed and bedridden since he was injured in a high school football game a quarter of a century ago.

That's the big reason Lee and his wife Montie are staying on in Seal Beach. But there's another.

"Peace of mind and comfort are hard to come by," says Howard. "This town has given me both."

Waterford Board Acts on Chlorination

Waterford Township engineers Johnson and Anderson were authorized by the township board last night to obtain bids for chlorination water treatment equipment to be installed in the Watkins Hills Subdivision pump station.

Reason for the $2,000 installation is to eliminate the high iron-oxide content in the water. The iron has caused considerable damage to residents' water pipes and meters and has reduced the pressure.

In other business, several plumbers' bonds were renewed and Roy Stroup was given a license renewal for his Dixie Highway Recreation Bowling Alley.

Board members accepted a request from J. L. Smith of 3634 Breaker St. to have a storm basin in his back yard raised. Township engineers will check recorded specifications and make recommendations for board action.

Flour imports have been sharply reduced in an effort to protect the steadily growing domestic milling industry. At present more than half of Venezuela's flour requirements are ground by domestic mills. The goal is complete self-sufficiency within the next few years.

Headway Is Made Against Lake Ice

By The Associated Press

The battle against ice of Lake Superior waters has gone a long stride ahead.

The Coast Guard's icebreaker Mackinac, leading 13 ships into lakehead ports, broke clear of ice Monday in Whitefish Bay.

Over the weekend the ships ran into strong westerly winds that carried drift ice into the channel at the eastern end of the lake.

Woman, Son Found Dead

Murder Is Suspected as Bodies Discovered in Buffalo Suburb

LOCKPORT, N.Y. (AP) — A coroner has issued verdicts of homicide in the deaths of a mother and her three-year-old son, whose bodies were found five miles apart in a creek and in a canal.

Dr. George H. Muscato said Monday night that Claudia Kosko, 33, died of a neck injury and her son, Gary, of a brain hemorrhage on April 11.

★ ★ ★

The woman's husband, Nick, a 35-year-old factory worker, said his wife and son left their home in nearby North Tonawanda in the family car Jan. 1 after a quarrel.

Kosko did not report their disdisappearance until March 23. He said he delayed notifying police because his wife had left home four times before, but each time had returned.

The woman's body was found Friday in a creek near North Tonawanda, a suburb of Buffalo. The body of her son was discovered Saturday five miles away in the State Barge Canal. The creek flows into the canal.

The coroner said examination had shown no water in their lungs.

Sheriff James K. Murphy previously had said everything indicated the two were killed and hurled into the crek.

However, Niagara County Dist. Atty. William H. Earl said "I am not convinced this is a homicide. I am more inclined to favor the suicide theory."

★ ★ ★

The Kosko automobile was dragged fom the water near where the woman was found. The gears were in neutral, the ignition was turned off and the windows were open.

Kosko, who is not being held, is scheduled to take a lie detector test Wednesday.

The district attorney said Kosko has been "most cooperative" in the investigation.

Nun Dies, Two Hurt in Car Collision

LANSING (AP) — A Catholic nun was killed and two other nuns were injured seriously in a traffic collision at an intersection in a residential neighborhood yesterday.

The nuns' station wagon and a car carrying a group of high school students collided.

The driver of the students' car Thomas Bassett, 17, of Lansing was held for investigation of manslaughter. Bassett and his three companions escaped with slight injuries.

Sister Margaret Therese Sawkins of the St. Vincent de Paul Home for Children was killed.

Injured was Sister Mary Felix, superior of the home, and Sister Vincent de Paul of the Bishop's home in Lansing. Both are in St. Lawrence Hospital.

Search Is Conducted for Missing Old Man

ESCANABA (AP) — An air and land search was conducted over a wooded area near here today for a missing elderly man.

Florian De Cramer, 89, of Perkins, disappeared yesterday morning after going into the woods with his dog. He had gone to cut wood.

More than 100 men joined with State Police and conservation officers in a search.

Castro Impresses Skeptics

Several observations came to light this past weekend at the meeting in Washington of the American Society of Newspaper Editors. On most subjects the editors had varying opinions, but on FIDEL CASTRO, presidential candidates, and Vice President RICHARD NIXON they all pretty much agreed.

★ ★ ★

CASTRO spoke to the editors for two and a half hours Friday afternoon and without doubt labored under two handicaps—a limited (less than 50 per cent) command of English, and an audience really quite skeptical. The security precautions, plus the fanfare and build up had everyone on edge.

When he had finished, the effect of his effort seemed to be that he had made a good impression and helped his cause. From a front row seat, his position on Communism was not clear. He made the point that he was not a Communist himself, but the rest of his answer was ambiguous.

★ ★ ★

According to Jules DuBois, Chicago Tribune Latin American correspondent it is definitely an established fact that Raul, the brother of Castro is an extreme left winger and positively anti American. DuBois said that Castros main concern today is handling his brother.

Out of a population of six million in Cuba, 12,000 are known to be Communist. Just how they figured in the revolution is not clear. The Cuban Prime Minister did not speak out at any time in completely disavowing the role of Communism.

★ ★ ★

For this reason it would seem that the United States should wait and watch very closely what emerges. When asked about the executions, he answered that the majority of people of Cuba supported the revolutionary justice.

This seems like a weak answer and certainly nothing that a politically free nation would tolerate: He was an extremely colorful figure and did a terrific job of selling himself to the ladies in the audience.

He did not ask for money in so many words, but did mention their distressed economic conditions in Cuba. CASTRO stressed the point that Cuba needed our tourists and he appealed to us for understanding.

★ ★ ★

I personally feel that our country should act intelligently and not drive the Cubans into the waiting arms of the Communist. But at the same time we should be reasonably alert and not jump in head first until the picture clears.

A poll of the newspaper editors Saturday morning at a Sigma Delta Chi breakfast gave NIXON nearly a 3 to 1 edge over ROCKEFELLER. It was concluded that the NIXON-ROCKEFELLER slate would be the choice for the Republicans.

Adlai E. Stevenson led the five Democratic contenders for the party's 1960 nomination. Strangely Stuart Symington was runner-up followed by Kennedy, Johnson and Humphrey. The concensus was a Stevenson-Kennedy ticket for the Democrats.

Saturday night Vice President DICK NIXON did an exceptionally fine job in a question and answer session before the newspaper editors. He did not duck any questions and spoke clearly on all points.

★ ★ ★

One main point that the Vice President made was that the United States must negotiate with the Soviet Union despite all obstacles in the way of agreement. He said tensions and disagreement will last for years, but the United States must make positive suggestions and take the leadership to settle our differences.

Nixon said he thought it would be a mistake for the administration to intervene in the steel wage dispute. But he warned that an increase would put tremendous pressure on Congress and the Administration to take stronger steps.

General opinion was that NIXON'S stature has gained greatly in the last six years.

If anyone wonders what happens to our tax dollars, I noted two pretty good expenditures. One was a large hole which encompassed an entire city block which will house a new Senate Office Building. The cost is 68 million dollars. This will be the third Senate Office Building.

★ ★ ★

Another small cost is going on at the Capitol Building. It seems that the east front of the building is being extended 32½ feet at an expense of 25 million. This is referred to around Washington as RAYBURN'S Folly.

During dinner Saturday evening EARL WILSON (Pontiac PRESS columnist) mentioned that he would be looking forward to seeing The Pontiac PRESS theater party when it hits the big city this fall. . . . . J.W.F.

What's Happening to Us?

David Lawrence Says:

Herter Will Tread in Dulles' Steps

WASHINGTON—Christian A. Herter, the new secretary of state, intends to follow the policies of his predecessor, John Foster Dulles. He said so plainly at Augusta, Ga., last Saturday when his appointment was announced.

LAWRENCE

But, due to one of those curious accidents that sometimes happen in handling news events, this particular statement wasn't reported in the press and was given only over television 24 hours later.

★ ★ ★

Just after President Eisenhower had announced the selection of Herter on Saturday last, the newsmen interviewed him at considerable length. Here is an important section of the stenographic transcript of the interview on which most of the news dispatches cabled around the world on that day were based:

"Q. Mr. Secretary, do you foresee any changes in our foreign policy as a result of your taking over?

"A. I will tell you, I am not going to go into detail on our foreign policy at this time. There will be time enough, if and when I am confirmed, to be talking about that."

★ ★ ★

This was widely regarded as somewhat of an evasive answer. In fact, the New York Times, in an editorial in its Monday morning issue, said:

"When Mr. Herter met the press at Augusta, Ga., last Saturday, he dodged a question about changes in our foreign policy by the judicious remark that 'There will be time enough, if and when I am confirmed, to be talking about that.' . . .

"Our foreign policy will be essentially what it has been since 1953. Mr. Dulles made the most of it, and there are no signs that Mr. Herter wishes to unmake any of it."

The editorial made the right inference. The first edition of the Times was on the presses when corroboration came in the 11 p.m. TV newscast Sunday night. Herter was shown on the screen as he answered questions from reporters as follows:

"Q. I wonder if there is anything you can tell us about any possible changes in foreign policy."

"Mr. Herter: No, I won't go into the question of foreign policy at the present time, but I think you can assume from the fact that I have been a member of the team for some time that the team policies will continue."

Evidently the reporters had gone away from the scene on Saturday to write their dispatches and didn't wait to watch the newsreel men with their cameras.

Such accidents occur every now and then in news reporting. Ordinarily the differences between what is said before the newsreel and TV cameras and what had been said previously in conference with the reporters for the printed page do not differ very much.

★ ★ ★

This happens to be a significant difference, and it is especially worth nothing because there have been hints heretofore that Herter might change substantially the policies pursued by Dulles in the past.

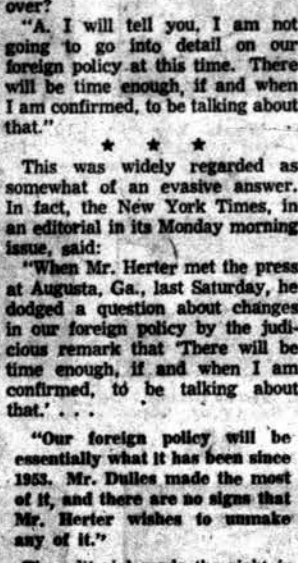

The use of the word "team" may be news to many readers who have been led to believe that there was no "team" in the State Department under Dulles and that it was just a "one-man operation," as so frequently mentioned by critics.

★ ★ ★

While the new secretary of state means to carry on the policies of Dulles, it would be natural to expect his manner and method of conducting negotiations to be different. Herter, for instance, may travel less and depend more on our ambassadors abroad. After all, in diplomacy there is as much individuality as in any other official endeavor.

The Country Parson

"With all our nuclear progress, man never has been able to make a more destructive weapon than the one he's always had — his tongue."

Dr. William Brady Says:

Physical Activity Protects Against Heart Ailments

In an investigation of thousands of cases of coronary thrombosis or occlusion in England, Drs. Morris and Crawford found that physical activity is actually a protection against coronary heart disease.

DR. BRADY

Men in physically active occupations suffer from it less than men in professional, managerial, business or other sedentary occupations. When it does occur in men who get considerable exercise every day, it is less severe, and they develop it later in life than men with sedentary occupations do.

Habitual physical activity, the British doctors concluded, is a general factor of cardiovascular (heart-artery) health in middle age. The hearts of sedentary workers or light workers showed lesions comparable with the lesions in the hearts of heavy workers 10 to 15 years older.

In my booklet CVD (about heart and artery troubles — for copy send me 35c and stamped self-addressed envelop) I devote three or four pages to exercise, graduated or carefully regulated exercise, three or four lines to digitalis. This, I think, is an indication of their relative value.

★ ★ ★

The management of coronary thrombosis in recent years has changed considerably from the general practice of the twenties and thirties. Indeed the most competent physicians now favor "arm chair" treatment in the first weeks after the attack, rather than absolute bed rest.

SITS UP 1ST DAY

That is to say, the patient sits up in a chair for perhaps half an hour morning and evening, from the first or second day, and the morning and evening sitting-up periods are increased to an hour each morning and an hour each evening after a week; to two hours each morning and evening in the third week; to three hours the fourth week; then the patient sits up all day, and begins walking a few steps the first few days, to the bathroom and back or up and down the hall or corridor, and thereafter, week by week, a little longer walk from day to day.

The idea being gradually increasing exercise. This management has proved a good deal more effective than the older management which kept the patient in bed for at least six weeks before he was permitted even to 'walk on eggs.'

Victims of iatrogenic heart disease — the poor souls have been made to believe they must have a dose of digitalis every day to keep the heart beating — and characters who use the "weak heart" obsession to live (on the bounty of others) without working will reject indignantly the truth and complain piteously about my hard-boiled manner — and probab some of them will find eminent, that is, well advertised, specialists who will be only too happy, seeing that I am concerned, to tell them or the world that they Do most desperately need their daily dose of digitalis or that for them any kind of physical activity is fraught with grave peril.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Case Records of a Psychologist:

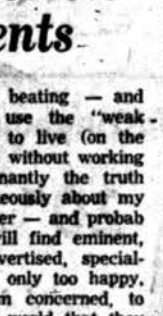

Blames Wife for Husband's Folly

Ralph's confession should be a challenge to all of you young wives. And it should warn you against thinking such a tragedy is 100 per cent the husband's fault. For Nora was 50 per cent to blame for this common "Medical Specimen" complex that drove Ralph into a drunken affair. Scrapbook this case for it may salvage your marriage later on.

By DR. GEORGE W. CRANE

CASE B-414: Ralph N., aged 27, is the erring husband of Nora, the heart broken wife mentioned yesterday.

"Dr. Crane, I am a heel and a no-good husband," he admitted, miserably.

DR. CRANE

"I must have been crazy, for I can't explain what made me do such a thing as have that affair with a girl I met at the tavern.

"But I had been under a lot of strain and worry which I had never confessed to my wife.

"We were both delighted at the prospect of having a baby. And I loved my wife with all my heart. Indeed, I still do.

★ ★ ★

"But she is an only child and her parents live in the next block. As soon as they learned Nora was pregnant, they insisted she go to a doctor at once.

"I approved of that idea, of course, but they hovered around Nora as if she were in grave medical danger. They got me scared lest Nora might not pull through the birth of our son.

"And they told me that Nora must not wash windows or climb stepladders to hang the drapes or do any heavy work for she was 'ailing.'

★ ★ ★

"Well, I got to treating her as if she was a semi-invalid. And though I still loved her, I became platonic.

"Nora didn't seem disturbed but it bothered me a whale of a lot.

"However, I never said anything about it, and she probably took it as an evidence of my respect and solicitude for her condition.

"Anyway, when she was ready to go to the hospital, I was nervous and fearful and worried.

★ ★ ★

"After my walking the corridor all that night, the nurse finnally told me the baby wouldn't be born for many hours, so she urged me to go to the office, saying they'd call me.

HUSBAND'S TORTURE

"Well, I tried to work, but had been without sleep for 24 hours, so I didn't accomplish much.

"At 5 p.m., I headed back to the hospital, Nora still hadn't given birth to the baby, so I waited around until midnight. Then I felt so tired and hungry, I went over to a tavern. I had a couple of beers and a sandwich.

"Soon a strange dame sat down beside me, and signaled the bar tender to bring us drinks. They were whisky.

"Before long, I was talking to this woman and telling her my woes. She was sympathetic, and ordered another round of drinks.

★ ★ ★

"Finally, she suggested I better get some coffee and sober up before I went back to the hospital, so she invited me to her apartment across the street.

"Well, from then onward, everything is hazy in my mind. But I now have syphilis and a heartbroken wife. And I feel like the lowest form of human being on earth.

"Dr. Crane, what can I do to prove to my wife that I still love her? I'll go crazy if I don't get this cleared up, so we can have a happy home again."

GET OUTSIDE HELP

It is often wise to get an outside Marriage Counsellor to aid in such situations, for his advice will carry more weight.

★ ★ ★

And his wider experience will help jolt the supposedly injured party out of that aggrieved and often self-righteous attitude.

So I served as the Counsellor and explained that Ralph was only 50 per cent at fault, so see tomorrow's conclusion of this tragedy.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Small Turnout of Parents Disturbs Milford Teacher

As program chairman for PTA, I chose "How Our Children Learn to Read" as a topic, one I thought would interest parents with children of all ages. All the teachers worked very hard and presented a wonderful program.

So few parents were there that teachers and their spouses outnumbered parents. It's tragic when a parent can't find time to spend two hours a month to see their children's school, talk with teachers and visit with other children's parents.

It gives your child a special glow when his teacher can say, "I saw your mother at PTA last evening," or "I told your father you're improving in your work." I hope the teachers won't feel it was a lost evening, because the ones who "lost" the evening are those who weren't there.

Seconds Complaints and Adds Another

I agree with Housewife and Second Housewife and I'll send back statements with staples in the middle and ones that are buried in a bunch of handbills in the same envelope.

★ ★ ★

Now I want them and everyone else to do something for me. Most firms have statements with a perforated strip so you can send back the top of the bill which has your name and the firm's name.

★ ★ ★

I send that back unless the firm has been so thoughtless and indifferent to me that they don't print the firm name on the bottom half of the bill. How can you file it in an alphabetical file if no name is printed on the bottom part? And if you do file it, you'll not recall the firm name a year later.

So let's all get together and clean up the sloppy billing so many firms do.

Third Housewife

'He Goes Because of Popular Demand'

Williams is a great governor and the reason he goes around the country so much making speeches is because all the people are anxious to see him and hear him. He's a great traveling salesman for Michigan and we should be glad he's so popular.

'Let's Get Busy and Form Clubs'

There isn't any place to go in Pontiac. If there are any social clubs, they're keeping it a secret. I'm a widow with home, etc., paid for, naturally looking for a friend who likes dancing, music, art and books, but I couldn't find a man in Pontiac if I advertised for one.

Detroit and Royal Oak have clubs and dances. Why can't we start the ball rolling to form a club? There are many men and women sitting in their big homes wondering what to do, where to go and slowly stagnating.

'Don't Make Same Mistake I Made'

I want to give advice to everyone. Make plenty of plans before you retire. If it catches you with no preparation as it did me, you're going to be bored until you work out some hobbies and some activities. Plan this all out in advance and you can take it easily and without a bad experience.

One Who Didn't

'Nothing Left to Do but Just to Be Born'

Now they have a machine that translates French into English and in another five years all you'll have to do is to be born. IBM will handle everything from that point on and there probably won't be any end or death.

'Keep Ball Players Out of Others' Yard'

I haven't dogs nor paper blowing around, but we do have boys from 10 to 15 years who aren't allowed to play ball or anything else in their own yards, but are forever running into others' yards, destroying neighbors' well-kept yards and lawns to chase a ball.

★ ★ ★

Parents of these young folks stand in the yard with their hands in their pockets and say nothing. Let's keep them out of others' yards.

★ ★ ★

There are plenty of ball diamonds in the city, and if they can't go alone, mommy and daddy can take them by their patties and take them. I keep my yard nice, but have had expensive shrubs and plants destroyed.

I've been following articles on the 59ers carefully and I'm very sorry they're not progressing and their courage and fortitude is running out. It's a hard life they've chosen, but they must make the best of it. There are many things to consider before another group decides to make the same trip.

Bob Considine Says:

New Bomber 3 Times Faster Than B52

LAS VEGAS — Remarkable statistic presented at the World Congress of Flight: only one in every four Americans has flown in a plane.

Saddest face at the air congress was that worn by the public information officer of the Strategic Air Command. Chief reason for the participation of SAC's intercontinental bombers in the show was to demonstrate the incredible accuracy with which these massive machines can drop a bomb.

★ ★ ★

The bomb plane in question had taken off from its distant home field at 5:30 on the morning of the firepower show in the desert. It appeared over the field precisely six hours later, dropped a big napalm bomb to simulate a nuclear burst, flew on to make mock drops on San Fransisco and Los Angeles, then tooled home — a 12-hour day in the air, without refueling.

The feature of the day was to be the supreme accuracy of the napalm drop. The target was a control tower, out on the west field. The B52 came over at great height made its drop, and the bomb flamed 5,000 feet over the tower — right on the nose, and as planned.

But the officer on the public address system forgot to announce that this was a demonstration of SAC's marksmanship.

The target had been hit but the point that SAC was trying to get over to the taxpayers was missed.

The 8-jet B52, whose latest versions, loaded, have been taking off with gross weights of half a million pounds (the 707 commercial jet, huge as it is, goes off with half that or less) will be replaced in time by the B70.

The B70, whose prime builder is North American Aviation Corp., will have intercontinental speed in excess of 2,000 m.p.h. as compared to the B52's 600 m.p.h. It wil lhave ceiling of 70,000 feet, against the B52's 50,000.

It will be "chemically fueled," the Air Force says guardedly, and be packed with more "little black boxes" than any single device in history. One of those "boxes" will deflect the courses of enemy "homing" missiles directed at the B70 from the ground or air.

MISSILE LAUNCHERS

Another feature of the B70 is that it will be able to launch huge missiles, comparable to today's Atlas or Titan, from on high — saving them the trouble of those first and appallingly expensive 70,000 feet of climb.

Simultaneously, North American is turning out the F108 which will use the same new General Electric engine as the B70. This interceptor has an eye-popping potential as stated by the Air Force: "It is designed to take off, launch an atomic missile against an enemy bomber formation 1,000 miles away, and be back on the ground at its home base—all within half an hour."

To give you some idea of how big these missiles are growing, our newest, the Martin-made Titan, stands as tall as a 9-story building. In the successful April 3 test at Cape Canaveral, the Titan's aerojet engine, most powerful in the United States, lifted the equivalent weight of 12 city buses.

The thrust of the Titan's primary engine equals the combined horsepower of 15,300 average-size American autos.

Some of the authorities on hand suspect that Russia may already have tried to get a man or men in orbit around the earth and having failed to recover him or them, have suppressed the news. Others fully expect the Reds to spring more sensations before we do.

"The Soviet Union may well demonstrate additional space activities before the U.S. programs catch up or draw ahead," Dr. Joseph M. Goldsen of the Rand Corp. to the Congress. American policies and statements should be tempered by the consideration that further Soviet successes are possible and probable.

Starkweather to Ask Officials for Mercy

LINCOLN (AP)—Charles Starkweather, 20, confessed slayer of 11 persons by gun, knife and club, was to ask two state officials today to spare his life.

Starkweather is under sentence to die in the electric chair for the slaying of a Bennet, Neb., school boy. His appeal to the State Pardon Board apparently is his last move to escape electrocution.

State Attorney General C. S. Beck and Secretary of State Frank Marsh were to hear his plea. Ordinarily, the governor would be present as the third board member but Gov. Ralph Brooks is in a hospital for a checkup.

Robert Browning used 2,413 proper names in his poems.

Castro Seizes $35 Million in Batista Regime Loot

HAVANA, Cuba (AP) — Recovering fortunes amassed by deposed dictator Fulgencio Batista and his colleagues is one of the primary objectives of the Cuban revolutionary government.

So far the regime of Prime Minister Fidel Castro has seized more than 35 million dollars in cash and bank accounts held by Batista and his henchmen. It also has:

Taken 72 farms allegedly bought by Batista men with stolen funds.

Seized 60 yachts and some 500 urban properties.

Taken over 255 business firms charged with graft during the seven-year Batista regime which toppled Jan. 1. Many of these firms were owned by men associated with Batista. Others held juicy government contracts and are alleged to have given kickbacks to government officials.

The Castro government says the money and real estate taken by the ministry for the recuperation of stolen property tells only a small part of the graft story during the Batista administration. It says Batista got away with hundreds of millions, much of it deposited abroad.

From Batista's holdings in Cuba, the government so far has taken over nine million dollars in stocks and bonds, plus several country estates.

Nearly seven million was taken in bank accounts of Manuel Perez Benitoa, Batista's customs chief. Traditionally the customs service has been a center of graft in Cuba. Through bribes many importers paid no duties at all or paid low duties on high duty goods.

Money seized from accounts of top Batista men in the armed forces included:

General Francisco Tabernilla, head of the joint chiefs of staff, $1,200,000; Brig. Gen. Pilar Garcia, $800,000; Gen. Juan Rojas, $2,000,000.

PTA WORK AND BEING A CUB SCOUT DEN MOTHER help to keep Mrs. William R. Hugill of Livonia, Michigan, busy. In addition, Mrs. Hugill, like many wives of Standard Oil dealers, helps her husband with the office work necessary for an efficient operation.

We want you to meet some of our fair ladies

THE OTHER DAY someone remarked that the oil business was only a man's business. It isn't true—and thank heaven for that! Thousands of women have played a vital role in making Standard Oil what it is today—stockholders, employees, wives of employees, businesswomen and dealers' wives.

Here are just a few of our fair ladies. There isn't enough room on this page to print all of their pictures.

Women have an unerring instinct for quality and service and value—things on which our business is built. This is why so many women are busy *on* the scene at Standard Oil. But we are equally grateful to wives and mothers *behind* the scene. They know how to ladle out generous portions of praise and encouragement—just when they're needed the most. Progress depends on perseverance. And we count on thousands of the best bucker-uppers in the world!

A "man's business," indeed!

With Statehood, Hawaiian Bliss at an End

By PHYLLIS BATTELLE

HONOLULU—Hawaii, land of the sweetest pineapple and peoples in the world, has asked for it.

It has asked for all the privileges, pains and politics of being a state rather than remaining a mere elysium.

It wanted federal taxes instead of only frangipani in the moonlight; it asked for highways instead of merely perfumed lanes; it begged for big industry instead of little lei-makers; it stuck its friendly neck out for skyscrapers to replace the old-fashioned tree house.

One hundred years ago last Valentine's Day, the Hawaiians sat and sulked under the palm trees because Oregon was admitted to the Union, instead of they. They yearned to be the 33rd state. Now they finally have what they asked for—and to a simple little dame from the 17th (Ohio), it is somehow saddening.

★ ★ ★

I am grateful, for the sake of the United States, that we finally embraced such a beautiful, broad-minded and strong-principled land to our boundaries. Hawaii is known and loved by travelers throughout the world. As a showcase for the Eastern world, it cannot fail to soothe our touchy relations with Asia.

But as a stranger in paradise, I doubt that Hawaii, the state, can long remain the land of eternal gentleness.

"These people are basically friendly and courteous," a long-time resident of Oahu said. "It is ingrained in them. It will take time to talk them out of it. But the cynicism will come. The drive to 'get somewhere' will come."

It will come . . . as it came to other states of the United States which once were blissful and now are packed with people, stacked with office buildings and other money-makeries, imbued with the typical American pursuing his hobby of getting ahead at all costs.

★ ★ ★

Already, since statehood became a virtual certainty, big business is literally swamping the Chamber of Commerce with demands (rather than the requests Hawaii is accustomed to) for information.

With the knowledge of statehood comes a sense of security to the American people who would like to travel, or establish offices and residences, in a climate where the living is easy. A month ago, the Hawaiian Islands were "foreign territory," in spite of being U. S. owned. Now they are fair game for all manner of land-grab experts.

From all I can learn, there are no longer many bargains here. With statehood, came a sharp increase in real estate prices. Land on idyllic, but rapidly commercializing Waikiki Beach, is selling for $23 a square foot, and up.

In the remoter islands of Kaui, Maui, Molokai and Hawaii, the "Big Island," choice properties are almost equally exorbitant.

There is a new trend toward co-operative apartments, especially in the Honolulu area. Dozens are in the planning and building stage—many reportedly backed by "smart Hollywood money." They're selling for $25,000 to $60,000 (two bedrooms) plus monthly maintenance, and are being snapped up the moment tentative floor-plans are blueprinted.

The average one-bedroom apartment in Honolulu rents for $175 a month, and a furnished studio ranges from $85 to $200. They involve the signing usually of long-term leases, and there is no guarantee that the lovely tropical sun will be cut off from the parlor. Honolulu never had skyscrapers before, because of the cost of sinking plantings into the sandy soil; but cost is no longer an item, and the skyscrapers are coming.

And the worst of it is that women, who once wore bare feet, now are wearing white gloves.

"Social snobbery," my informant said confidentially, "has definitely snuck up on Hawaii!"

Port Huron Youths Taken Before Theft

GREENFIELD, Ind. (AP) — Two 19-year-olds from Port Huron, Mich., wanted for stealing guns in their home town, were arrested late last night on the eve of a planned bank holdup.

State Police Lt. George Daugherty said the youths admitted taking rifles and revolvers from a hardware store and planning to rob the Mohawk State Bank today. Mohawk is near Greenfield, in east central Indiana.

Lt. Daugherty identified the youths as Everett D. Ruck, a parolee and Jose Z. Juniga. He said tthey were charged with burglary at Port Huron and were being held for Michigan authorities after agreeing to waive extradition.

State Police and Hancock County authorities arrested the youths at the home of a relative in Mohawk. They were traced after a telephone operator reported receiving a call from a hysterical Mohawk woman who did not identify herself.

'I Don't Care Girl' Does Care About One Man

LOS ANGELES (AP) — A red-haired burlesque dancer billed as the "I Don't Care Girl" wrote a farewell note to the man she cares for—and then tried to kill herself aboard an airliner Monday.

The note indicated the man plans to marry somebody else.

★ ★ ★

Mitzi Dore, 32, also known professionally as the "Happy Go Lucky Girl," was found unconscious from an overdose of tranquilizer pills in an American Air liner restroom. She was reported in critical condition today in a hospital.

Policeman L. W. Lane said the note, written on back of a flight ticket, was addressed to Fred Raulin, Washington, D.C., a real estate consultant.

★ ★ ★

Raulin could not be reached in Washington for comment but his father, Fred Sr., said "He doesn't want anything to do with her. The less I hear about that girl the better—I know she doesn't belong in this family."

Sen. Humphrey Asserts Americans Are Fed Up With Standing Still

KENNEWICK, Wash. (AP) — Sen. Hubert Humphrey, Minnesota's Democratic presidential hopeful, described President Eisenhower Monday night as a "tired old man who admonishes us about the powers of inflation."

Americans are "tired of standing at dead center," he said in a speech before some 600 enthusiastic Democrats here as part of his whirlwind swing through the West to "let the people get a good look at me."

The people want a sense of direction, the 47-year-old senator said, because they feel they are "spinning their wheels."

Humphrey was introduced by Washington's Gov. Albert D. Rosellini. He was the first Democratic aspirant to visit Washington. Sen. Stuart Symington of Missouri is due in Seattle May 1 and Sen. John F. Kennedy of Massachusetts June 20.

Humphrey praised Symington and Kennedy as two outstanding, sincere and competent senators and Democrats worthy of carrying their party's standard.

After a breakfast meeting with the Washington State Dollars for Democrats Committee today, Humphrey was scheduled to fly to Portland for a two-day tour of Oregon. He will visit California and Utah later in the week.

Ontario Job a Tough One

Autos Soon Will Be Able to Circle Lake Superior

TORONTO (AP) — A ribbon of asphalt being pushed through northern Ontario will enable motorists to circle Lake Superior.

Work crews have been chopping rock-cluttered forests for three years to close a 163-mile stretch from the Agawa River, 115 miles north of Sault Ste. Marie, to Marathon, 194 miles east of Fort William.

When the section is paved by late 1960, it will open up a new tourist area. A direct route will be available from Sault Ste. Marie to the lakehead. Trucking will be closer to the pulp and paper, iron ore and base metal operations of the area.

The tourist possibilities are enhanced by the completion of the Mackinac Bridge, largest suspension span in the world. The five-mile structure crossing the Strait of Mackinac gives U.S. tourists a clear run to Sault Ste. Marie.

★ ★ ★

The new road will cost 31 million dollars with Ontario paying a tenth and the Canadian government the remainder under an agreement covering the Trans-Canada highway.

It now stretches from Marathon, on the north shore of Lake Superior, for 80 miles south to within 24 miles of White River. Most of the 104 miles through rugged bushland, once roamed by the Ojibway Indians, will be paved by the end of 1959.

At the southern end, the highway runs to 15 miles north of the Agawa River, a winding waterfall-fed torrent that flows through the 12-mile, 800-foot deep Agawa canyon.

Work on much of the remaining 68 miles has reached the point where paving will be started in the near future.

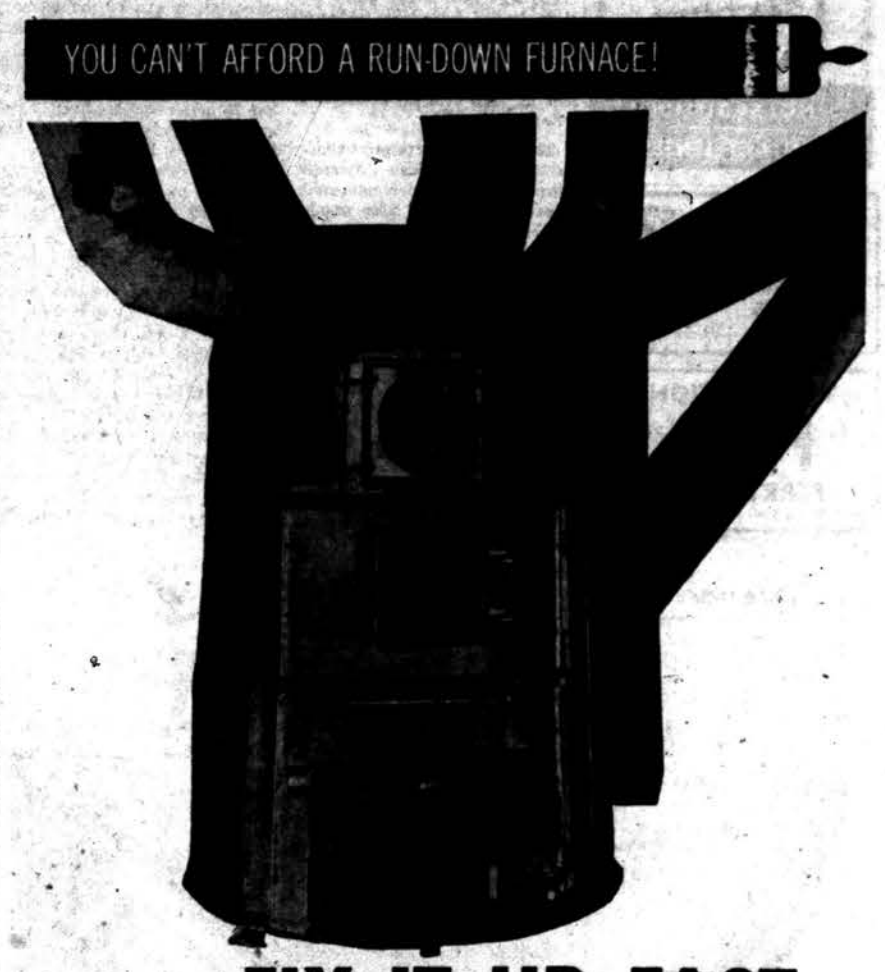

One of the toughest jobs of road-building ever tackled in Ontario, the highway runs through a succession of steep-sided rock ridges wtih swamps and lakes in between.

Listened for Rattle, Now All Is Rattles

LONG BEACH, Calif. (AP) — Fireman John W. Makemason was listening for a rattle as he drove Monday. Now everything rattles in his pickup truck.

While Makemason had his ear cocked for the rattle, the truck jumped a curb, knocked down a sign and smashed into a tree. Makemason had to get 20 stitches in his forehead.

Voting Begins on Labor Bill

Kennedy Measure Gets First Test in Senate on Taft-Hartley Sections

WASHINGTON (AP) — Voting starts today on the politically disputed Kennedy labor regulation bill, with its critics conceding they would lose the first test.

★ ★ ★

The initial roll call comes on a proposal by Sen. Sam J. Ervin Jr. (D-NC) to strike from the bill all of its sections dealing with the Taft-Hartley labor relations law.

Sen. John F. Kennedy (D-Mass), author of the measure, told newsmen he was confident of a safe margin to defeat this proposal. Sen. Barry Goldwater (R-Ariz), supporting Ervin, forecast it would be voted down by 20 or more votes.

One factor apparently insuring this result was a Republican split. Ervin was expected to get only about half the GOP votes, plus the backing of most of his fellow Southern Democrats.

★ ★ ★

Senate Repubican Leader Everett M. Dirksen (R-Ill) explained he was opposing Ervin's amendment because it did not square with the Eisenhower administration's position.

The administration, he said, wants to handle labor legislation in a one-package bill, and favors inclusion of several Taft-Hartley amendments besides those already in the Kennedy bill.

★ ★ ★

Sen. John L. McClellan (D-Ark), chairman of the Senate Labor-Management Committee, apparently was ready to lead the fight to write in new Taft-Hartley provisions.

The Arkansan said he would support the Ervin amendment, but that if it failed, he would then press for four Taft - Hartley amendments he has drafted. He said these are necessary to deal effectively with union abuses.

★ ★ ★

The two key ones would ban organizational picketing and secondary boycotts. These also are among the administration's recommendations.

Both Ervin and Goldwater said that if Taft-Hartley provisions were retained in the bill, no senator could estimate when the debate would end.

Already 125 amendments have been printed. Many of these are not likely to be called up, however. Ninety-one have been offered by Goldwater.

Gossett Sees Union Power as Freedom Threat

William T. Gossett, vice president and general counsel of the Ford Motor Co. from Bloomfield Hills, said last night labor legislation must curb union monopoly in order to be satisfactory.

Gossett, speaking to a church and industry group at the Kirk in the Hills in Bloomfield Township, said union power has become a "potential threat" to democracy.

He called this a "national problem of the first order of magnitude."

★ ★ ★

Gossett, of 420 Goodhue Rd., criticized present labor bills before Congress.

"None of them," he said, "deals with basic industrial relations—the collective bargaining process. And none of them deals with the special legal immunities of unions."

The U. S. Senate today began its debate and vote on the controversial Kennedy-Ervin labor bill.

★ ★ ★

It is industry's position, Gossett told the group last night, that it is better to have no legislation at all than "a statute that merely glosses over the existing problems" and added:

"The fact is that even good and clear legislation will not be sufficient to bring about the desired reforms so long as the practical power of unions renders that law largely inoperative."

Jaycees' Show Left in Dark by $1,200 Theft

The Pontiac Area Junior Chamber of Commerce was left in the dark today, according to president Clyle R. Haskill.

Wiring and electrical equipment valued at $1,200 for use in the forthcoming Builders Show was discovered stolen yesterday.

The equipment is stored yearly by Howard Weeden, owner of the Weeden Home Equipment Co., 1661 S. Telegraph Rd., Bloomfield Township, in a storage garage behind the company.

"When we checked the equipment several months ago it was alright," Haskill said. "When we went over to get it in shape for the show yesterday, it was gone.

"The Builders Show opens at the National Guard Armory, 57 Water St., on April 30. The wiring alone will cost $900 to replace," said Haskill, "but we'll be ready to go on time."

★ ★ ★

"The theft will affect from 5,000 to 7,000 children in Pontiac. That's where the real crime lies. We will be forced to cut back some of our projects and programs for children during the coming year," he explained.

Dentists Seek Federal Action

Says Toothpaste Makers Making False Claims for Products

GRAND RAPIDS (UPI) — The president-elect of the American Dental Association said yesterday the ADA will ask government action against false claims by toothpaste manufacturers.

★ ★ ★

Dr. Paul H. Jeserich, Ann Arbor, said dentifrices do not have substantial effect in preventing tooth decay, according to an ADA council on dental therapeutics report.

He said the report stated that brushing teeth correctly at the right time is a good health practice, however.

Jeserich spoke at the annual meeting of the Michigan Dental Association.

Dr. Philip Jay, University of Michigan Dental School, said there is evidence that fluoride in water supplies prevents tooth decay by combating the agents of decay. He said it has been known for some time that fluoride prevents decay in children's teeth, but latest evidence shows the fluoride coats the teeth of all persons and fights decay.

Charges Dropped in Area Shooting

Charges have been dropped against a Rose Township man and his father after the latter suffered a bullet wound Saturday as the result of an argument between the two.

State Police at the Pontiac Post said Arnold Greer Jr., 21, of 1000 Davisburg Rd., was released from custody at the Oakland County Jail Monday.

Both he and his father, Arnold, Sr., 46, of 5239 Vinewood, Detroit, had been held for investigation of felonious assault. The elder Greer was released late Saturday. He was held for questioning following treatment for a leg wound allegedly inflicted by his son.

Police said the father and son had engaged in a bitter argument and that Greer chased his son around the front yard of the Rose Township home with a hatchet.

The son, they said, ran into the house, got a .22 caliber rifle, and fired at his father. After questioning the younger Greer, the Oakland County Prosecutor's Office decided to drop charges.

Seaway Rite June 26 Will Attract 50,000

OTTAWA (AP)—There will be space for more than 50,000 spectators to watch President Eisenhower and Queen Elizabeth II open the St. Lawrence Seaway June 26.

The ceremonies will take place along the eastern approaches to the St. Lambert, Que., lock, across the St. Lawrence River from Montreal.

Five thousand official guests are being invited, including U. S., British and Canadian government officials.

Security for You

What of Health Insurance?

By RAY HENRY

Should a health insurance program be added to social security to help pay the medical bills of those collecting monthly payments?

This controversial question popped back into the news again last week when the Health, Education and Welfare Department reported:

—It would cost about a billion dollars a year — in the beginning — to finance such a program.

—The money could be raised by increasing the present social security tax by ¼ per cent for employes and employers and by ⅜ per cent for self-employed.

Without taking a stand itself, the department also presented what it considers the main pros and cons on the question.

THE CONS

1. Private, voluntary health insurance for the aged has increased its coverage in recent years.

2. A government health insurance program for social security recipients would undercut the efforts of private companies.

3. If a government program were to cover limited hospital and nursing home care — as now envisioned — pressures would develop to extend the program to other parts of the medical care bill.

4. The future cost of an insurance program is difficult to estimate with any accuracy.

5. Pressures would develop to extend medical care insurance to the working population and their dependents.

6. The present personal medical care would diminish with a government program.

THE PROS —

1. Not to put a social security health insurance program into effect now would postpone an effective solution to the program of medical costs for many of the aged.

2. It's possible that government health insurance — by taking over this special problem — would help assure the continued acceptance of private health insurance for the rest of the population.

3. A government program could provide better protection than is now given by private insurance.

4. A ready and equitable method of spreading the cost over the entire population would be set up.

5. The cost would be relatively low per person because of the large number of people who would be paying.

Central Student Speech Winner

Cops Saginaw Valley Honors in Original Oratory Category

Stanton Walker, a Pontiac Central High School student and son of Dr. and Mrs. Gerald R. Walker of 1035 James K. Blvd., is the Saginaw Valley champion in original oratory.

Walker was one of five winners in the Saginaw Valley Spring Speech Tournament held at Arthur Hill High School in Saginaw. He will now compete in the regional tournament slated for April 30 at Flint Northern High School.

Seven of the 15 Pontiac Central High School students who entered the contest reached the finals. All but Walker, however, were eliminated in the final round of competition.

Other Pontiac finalists were:

★ ★ ★

Cynthia Williams in declamation; George Rendziperis, Clark David and Warren Norland, all in the humorous reading category; Douglas Spurlock, extemporaneous speaking; and Rodge Olsen, original oratory.

Walker received a large dictionary with his name engraved on the cover for winning the oratory contest.

Flapper Era Showgirl Left $525,000 Estate

NEW YORK (AP)—Peggy Hopkins Joyce, blonde showgirl of the 20s, left an estate with a gross value of $525,096. She died June 12, 1957.

Most of the estate was willed to her sixth husband, Andrew C. Meyer, of Woodbury, Conn., a retired New York broker. The inventory was released by a Surrogate's Court.

Rowston Heads Tax Board

County Group Also Sets Hearing Dates on Allocations

Elected yesterday to his first term as chairman of the Oakland County Tax Allocation Board was Pontiac Mayor Philip E. Rowston.

Rowston, on the tax setting board for the past four years, was chosen chairman at the board's organization meeting. He replaces William J. Emerson, superintendent of schools, who served as chairman in 1957-58.

The board also set the following dates for hearings preliminary to setting 1959 county, township and school rates:

May 20, 21 and 22—preliminary hearings on the county, county school, townships and individual school budgets.

May 28—hearings to set final rates for townships and schools.

May 29—hearing on Oakland County budget and review all rates.

June 1—set final rates for all.

Chairman Rowston said the hearings will be held this year in the supervisors room on the fourth floor of the County Office Building, 1 Lafayette St., instead of in the Board of Education Building on Telegraph road.

Sign language can have varied meanings the world over. Extending the first two fingers in Great Britain means "V for Victory." In the United States and other countries it means the numeral "two." In Sicily it is an insult.

Woman Admits Embezzlement

Pleads Guilty to Taking $15,000 From Bank in Lake Orion

A Lake Orion woman was free under $10,000 bond today, awaiting sentencing on a charge of embezzling $15,000 from the former Lake Orion State Bank.

★ ★ ★

Mrs. Edith A. Sumner, 28, of 284 W. Clarkston Rd., pleaded guilty to the charge yesterday at arraignment before Federal Judge Ralph M. Freeman in Detroit.

After a criminal information was read, accusing Mrs. Sumner of embezzling $10,000 from 1954 through October, 1957, Mrs. Sumner volunteered the information that she had taken another $5,000 between 1951 and 1954.

She was head bookkeeper of the Orion bank during that period and later became a bookkeeper at Community National Bank, after a merger saw Community National establish a Lake Orion branch.

COURT TO CHECK

Sentencing will follow an investigation by the court's probation department.

Mrs. Sumner admitted embezzling the funds through her own checking acount, charging her checks off on commercial accounts whose monthly statements she manipulated.

The shortages were disclosed yesterdy, after the bank's auditing department found that its records showed the commercial accounts held less money than listed in Mrs. Sumner's bookkeeping records.

The shortages have been made up, the bank said, and the loss to the bank is covered by insurance.

Aquarium Signs Fishy

WASHINGTON (UPI)—A visitor to the aquarium reported 10 very fishy signs in view. Among them were such misspellings as "tributaries," "enumies," and "beautifull." The director promised he'll get that fish out of there and fix the signs at once.

Detroit Law Officers Sift Hearing Records

DETROIT (AP) — Law enforcement officers of Wayne County began a study today of transcripts of the Teamsters Union hearings of the Senate Rackets Committee.

They were noncommital, however, on what might come of it.

Arthur J. Koscinski, chief assistant prosecutor, said he and Prosecutor Samuel H. Olsen would examine the records for what he called "Evidence, not mere accusations."

At the conclusion of the committee hearings in Washington last week Sen. John McClellan denounced Teamsters Local 985 of Detroit as a "leech."

Academy of Friendship of Pontiac Chapter 360 Women of the Moose held its annual Friendship Night Monday evening at Moose Hall. Displaying a model of the map of Michigan showing chapters attending the affair are, left to right, Mrs. Floyd Yeaman, friendship chairman; Mrs. Thomas Naubert, guest speaker and grand council member; and Mrs. Harold Finn, Pontiac senior regent. Chapters from Windsor, Dearborn, Detroit, Mt. Clemens and Taylor Township attended.

100 Tour Cancer Center

More than 100 women attended the open house for sewing groups in North Oakland County held Thursday afternoon at North Oakland Cancer Society office on West Lawrence street.

The affair was under the direction of Mrs. H. Edwin Scott, unit service chairman. She discussed improvements for the dressing program and asked groups to stress that the Pontiac loan closet is available without charge to all cancer patients.

★ ★ ★

Mrs. Scott said that 10,000 handmade dressings were issued to cancer patients in the Pontiac area during the past two months. This work can only be done through the help of the sewing groups.

Mrs. Scott also stated that the Pontiac office is run completely by volunteers.

★ ★ ★

Volunteer activities chairman for the North Oakland unit, Mrs. Phillip Francis, spoke on the structure of American Cancer Society and the duties of volunteers.

The cancer society's new film, "The Doctor Speaks His Mind," was shown. The film emphasizes the importance of annual physical examinations.

Bridge-Tea Set by Kingswood Alumnae Club

The Alumnae Association of Kingswood School Cranbrook is giving a bridge-tea for the benefit of The Ellen and Catherine Wallace Memorial Scholarship Fund.

The affair will be held at Cranbrook House, Bloomfield Hills, at 1:30 p.m. May 5. The Cranbrook gardens also will be open to guests attending the tea.

Mrs. Bruce Craig is in charge of the event. Assisting are Mrs. James Morton, Mrs. Charles Gilbert, Mrs. A. W. Holcomb, Phoebe Otter and Mrs. John W. Crim who is handling reservations.

Dance Has Old West for Theme

A western motif prevailed at the Promenaders dinner dance Saturday evening at the CAI Building on Williams Lake road. Miniature covered wagons and cactus plants decorated the banquet tables.

The western theme was continued on the dance floor with wagon wheels, cactus, and signs naming various square dance figures. The caller's camp was complete with fence, moon, stars and baying coyote. After each square the chuck wagon was a popular spot.

★ ★ ★

Guests were Mr. and Mrs. Norman Hill, Mr. and Mrs. Robert Price, Mr. and Mrs. James Larkin, Mr. and Mrs. Jack McCulloch, Mr. and Mrs. Ray Bowman, Mr. and Mrs. Riley Day, Mr. and Mrs. Roy Childs, Mr. and Mrs. Gene Hemmerly, Mr. and Mrs. Allan Runyon, Mr. and Mrs. Douglas Rieck and Mr. and Mrs. Charles Callahan.

Patient in Hospital

LaVern D. Morris of Union Lake is a patient at Pontiac General Hospital.

Laura Briggs Is Christened

At a ceremony Sunday in St. Hugo of the Hills Church, the infant daughter of Mr. and Mrs. Walter O. Briggs III was christened Laura Manly Briggs, for her paternal grandmother.

Following the 3 o'clock service, the baby's parents entertained in their Redding road home.

Besides Mr. and Mrs. Walter O. Briggs Jr. guests included Mrs. Bernard Shor and Mrs. Harvey G. Luce of New York. Mrs. Luce is the maternal grandmother, and Mrs. Shor is the child's godmother.

Outlines Malkim Camp Program

School principal Lillian Davidson explained the Malkim School's camping program at the PTA meeting last week. Mrs. Charles Robison and Mayme Myatt, Malkim teachers, talked on camp activities.

Margaret Scott, audio-visual director for Pontiac schools, showed a movie: "So This Is PTA."

Fifth grade roommothers and their assistants were in charge of the cooperative dinner.

Old-Time Styles Modeled at PEO Chapter Meeting

Chapter AW of PEO Sisterhood met at the home of Mrs. Paul Snover on West Huron street Monday evening.

Members who modeled dresses of bygone eras were Mrs. William Miller, Mrs. John Little, Mrs. Everett Peterson, Mrs. Norman Bartell, Mrs. Ashton Emery and Mrs. Millard Schram.

Motion pictures depicting "The Story of U.S. Mail" were shown by Robert Miller, acting postmaster of the Pontiac Post Office.

Assisting the hostess was Mrs. William Kalwitz.

Mrs. Clarion Cooke of Bloomfield Hills was a guest.

Club Hears Report on Off-Record Court

"Report on the Off-the-Record Juvenile Court" was the subject of George Taylor, chief assistant prosecutor for Oakland County, when he addressed Alpha Gamma Chapter of Delta Kappa Gamma Society Monday at Hotel Waldron.

Hostesses were Mrs. Leslie Purslow of Clarkston and Eugenia Keeler of Berkley.

Romans Liked Cleanliness

Romans almost worshipped cleanliness. They carried handkerchiefs, and brushed their teeth with powders and paste.

A bath every eight days was sufficient in the early Republic, but under later Emperors, a citizen risked a lecture if he did not bathe every day.

Private homes featured bathroom suites sparkling with marble, glass, and silver fixtures and taps.

One of life's little mysteries is why nothing lasts as long as the dress you don't like.

Wife Is Straying Type — Abby

Keep Her on the Reservation and Inspect Fences Regularly!

By ABIGAIL VAN BUREN

"DEAR ABBY: A few months ago my wife started going out 'with the girls.' I became suspicious when she stayed out so late and I followed her. She was meeting her boss in a bar. I caused a big scene and the next day I went to the president of the company they worked for and he fired them both. Since then five people have phoned me from the office expressing their sympathy over what happened and all said the affair had been going on for over three years (ever since she started working there).

ABBY

"There are children involved on both sides. I forgave my wife for the children's sake but now she wants to get another job to help pay off some bills. Should I let her? I don't think she can be trusted."

WRONGED

DEAR WRONGED: Keep her home for the time being. Nobody changes overnight.

★ ★ ★

"DEAR ABBY: I am 13 and have more problems than my mother. A boy at school took a liking to me and followed me around so much I started calling him my shadow. He begged me to go to an afternoon show with him but I refused. He called me nine times and my mother said: 'For goodness sakes, go with him and get rid of him!' He liked me all the more.

"He asked me to take his I.D. bracelet and to tell you the truth I wanted to but my mother would have brained me. He gave me a box of Easter candy and my mother served it to her bridge club and I didn't even get one piece. If I don't accept his I.D. bracelet it will ruin my friendship with his sister who is my age. What should I do?" TROUBLES

DEAR TROUBLES: You say if you ACCEPT his I.D. bracelet your mother will "brain" you, and if you DON'T, you'll lose his sister's friendship. I doubt if either your mother or his sister would resort to such drastic measures, but you'd better refuse the bracelet. A girl can't live without a girlfriend, but she definitely needs her brains.

"DEAR ABBY: I am a divorced woman who is considered very attractive to men. My problem is this: Every man I've gone out with thinks that just because I've been married I have no morals. The first thing they suggest is their apartment or a motel or something like that. I love to dance. I enjoy good clean fun and I'd like to meet a man with the same ideas. Now I ask you, was I born 40 years too soon or am I just old-fashioned?"

LONELY

DEAR LONELY: There is nothing "old-fashioned" about keeping one's self-respect. You are attracting the wrong kind of men. Change bait.

★ ★ ★

"DEAR ABBY: Last week my little girl started scratching her head something fierce. I looked real good at her hair and it was loaded with lice. I killed all I could find. I scrubbed her head with a strong laundry bleach and combed her hair with a fine comb, but she still scratches. How can I kill all the lice eggs without damaging the roots of her hair? I am crazy with fear and fretting. Can you help me?" FEARFUL

DEAR FEARFUL: Don't experiment on your child's head. Call your doctor and ask him for his recommendation.

AAUW Officers Introduced

Pontiac Unit Has Meeting, Hears MSUO Speaker

Officers for the coming year were announced at the meeting of Pontiac Branch of American Association of University Women, held Monday evening at Community Services Building.

They are Mrs. John Bills, president; Mrs. Kenneth Ollis, first vice presidet; Mrs. Donald McMillen, second vice president; Clara Gaylord, secretary; Dorcas Wolf, treasurer; and Adlene French, corresponding secretary.

★ ★ ★

Roy Alexander, Michigan State University Oakland's director of student affairs, was speaker at the meeting. He brought the group up to date on what is happening at MSUO and showed slides taken while he and his family were in the Far East.

Mrs. John Kent was chairman of the social committee. Assisting were Miss French, Mrs. Lloyd Wait, Margaret LeCocq and Mrs. Wayne McMeans. Miss LeCocq poured. Guests for the evening were Mrs. Alexander, Marguerite Buckley, Mrs. Ruth Fuhrman, Mrs. Harold Gillow, Catherine Hartman, Mrs. Arthur Lake, Mrs. Albert Maiden and Mrs. Mickeal Mannino.

Others were Mrs. Ruth Mathwig, Mrs. C. S. Starkweather, Mr. Donald LaVire and Mrs. Robert Slingerland.

College Exhibits Children's Art

An exhibit of art work done by Young People's Art Center, Cranbrook, is now being displayed at Central Michigan College, Mt. Pleasant, by invitation from the college.

A special exhibit by students in the second 12-week session is on display at Wayne State University.

The art center, cosponsored by the Junior League of Birmingham and Cranbrook Academy of Art Galleries, is open to children in Oakland County.

Specially designed left-handed pinking shears are now available. Good news, when there are 13 million left-handed people in the United States.

Junior High School Tuning for Concert

Music! Music! Music! That's been the good word passed along in the halls of Washington Junior High School for the past few weeks.

Vocal groups have been busily rehearsing for the annual music concert, "Two on the Aisle," to be held at 8 p.m. Wednesday and Thursday in the school auditorium.

★ ★ ★

Show tunes ranging from the fiery, "What Ever Lola Wants" from "Damn Yankees" to the barbershop harmony of "Linda Rose" from "The Music Man" will be presented.

★ ★ ★

Also featured on the program will be the string ensemble under the direction of Robert Peterson, a trumpet solo, "Lady of Spain," by Paul Aido, and the duo-pianos of Karen Bronoel and Joan Grahek in "Tea for Two."

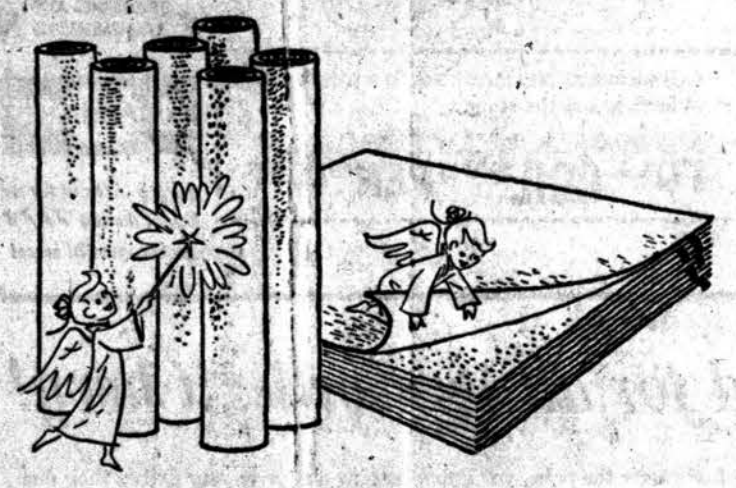

The musical program is being presented by students under the direction of Julia Hollyer and Jerome B. Libby.

Relax and Contemplate

Road to Health Is Road to Beauty Too

By JOSEPHINE LOWMAN

As most of you know, this week I am bringing you my **SPRING MAKEOVER** program. I hope you will incorporate some important health rules in your routine for the next few weeks. Actually the road to health is the road to beauty, and vice versa. It is impossible to have one without having at least a measure of the other. They are closely related.

When you lose overweight you are improving your health as well as your figure. When you exercise, with your doctor's permission and within your capacity, you are improving health as well as figure.

However, there are other factors you should take into consideration in your **SPRING MAKEOVER.** If you have been shortchanging yourself on sleep, stop it. If you have taken no time for little rest periods, at least do so for a few weeks. Get in touch with the vital but relaxed mood of this season.

Also, if you have been living in a sort of ratrun, with no time alone, no time for contemplation, find time for it whenever it is possible, at least for a few weeks. Plan for it. Everyone needs this for the good of the soul as well as the body. This will improve your health and your outlook and therefore your appearance.

Bracing yourself against wall with left hand reach as far in each direction as you can with right arm and leg. Now swing right arm down and back as your right leg swings forward and up. After awhile, reverse.

For those of you who need to lose weight and are following my 9-Day Diet as a part of your **SPRING MAKEOVER,** here are the menus for tomorrow.

Menus for Wednesday

Breakfast

One-half grapefruit
One thin dry piece of whole wheat toast, Black coffee

Mid Morning

Glass of skimmed milk or buttermilk

Luncheon

One poached egg
One thin dry piece of whole wheat toast
One-half cup broccoli
One glass skimmed milk

Dinner

Two crisp raw carrots
Baked fish (medium portion)
One-half cup green peas
Shredded lettuce salad, lemon dressing.
Fresh fruit cup (don't eat canned fruit)

Here also is your exercise for the day. Stand with your left side toward the wall. Place your left hand on the wall. Raise your right arm forward as you raise your right leg backward. Reach as far in each direction as you can, keeping the trunk erect and the knees stiff.

Now swing your right arm down and back as your right leg swings forward and up. Continue. Do this with a smooth, easy rhythm. After a while, turn your right side toward the wall and swing your left arms and leg.

What Modern Gal Wants to Be Helpless

By RUTH MILLETT

"For my part you can take back our education, our jobs, our cars, our votes, our independent money. I'd trade it all in for the pleasue of being clinging, dizzy, kittenish, wide-eyed, scatterbrained, frivolous, extravagant or just dumb for one year," says a British newspaperwoman.

We women may feel that way once in a while when the pressure of trying to combine marriage, motherhood, civil work, yardwork, social life, chauffeuring, and maybe an outside job becomes too much.

But we couldn't stand being helpless, wide-eyed dependents, uneducated, uniformed and hog-tied inside four walls — not even for a year.

We're used to the freedom to come and go that the automobile has given us.

We're used to either earning our own money or being equal business partners with our husbands. We'd hate like fury to have to say "pretty please" every morning to get a hand-out.

We're accustomed to having a say about the way our children are brought up instead of waiting for Papa to be indulgent or to put his foot down, depending on his mood.

We're used to doing things ourselves. What modern woman really wants to wait around helplessly until her big, strong man decides to do something she has the strength and ability and ingenuity to do herself?

We're good managers and know it's more satisfying to help build up a joint bank account than to squander a husband's money with extravagant unconcern.

We enjoy saying "I think" instead of "My husband thinks." We even enjoy thinking.

Nope we wouldn't like to go back. Because while we may have paid a big price for our freedom, it's worth every ounce of the cost.

We'd never trade for what great-grandmother had.

'School Influence Greater Than Home'

PROVIDENCE, R. I. (AP) — School has more influence on children than the home or church, in the opinion of Dr. Francis H. Horn, president of the University of Rhode Island.

"The influence of the family, beyond purely hereditary factors is decreasing and I see no prospect of reversing the trend," he told an educational group.

Dr. Horn said he considered a good nursery school more effective as an agent of education than a home.

Office Title Depends on Town

By EMILY POST

"Dear Mrs. Post: In my spare time I work in my father's office. There, as at home, I call him Dad or Father. I have been criticized for this. It is thought I should call him Mr. Jones — which is very surprising to me, and I won't believe it unless you say it is true and give me the reason why it is proper for anyone to call her father "Mr. . . . ."

Answer: If your father's office is in a small and friendly town and all the customers know you both personally, you would call each other what you do at home. But if his office is large and busy, it would be more business-like, especially when customers are present, for you to call him Mr. Jones and he also call you Miss Jones — as he does his other employes.

"Dear Mrs. Post: My fiance and I had planned to announce our engagement within the next two weeks, when his father died suddenly one week ago. I would like to know how long we should wait (out of respect to his father) before announcing our engagement."

Answer: You may announce your engagement any time. That is, tell your most intimate friends the news and send a notice to the newspapers. But no party should be given for at least several months.

"Dear Mrs. Post: Will you please tell me the correct way to refer to my husband when talking to m ydaug'sreht talking to my daughter's friends? They are in their teens if that makes any difference."

Answer: You refer to him as "Mary's father."

Village Council Evades Quiz

Milford Area Residents Discuss Shop Center on Old Ford Property

By REBA HEINTZELMAN

MILFORD—The 200 residents who attended last night's public meeting expecting an explanation as to why water was drained from three scenic ponds here went home disappointed.

Neither James Robbins, owner of the controversial mill ponds or any of his company's representatives were present at the crowded meeting in the junior high school. And village council members shied away from direct questions asked by residents.

Robbins literally "pulled the plug" out of the ponds in the heart of Milford when he opened flood gates on the main dam, sending the water down the proverbial drain.

He claimed that his insurance company insisted on inspecting the dams before issuing liability policies.

However, Detroit real estate developer Frank Chew said last night that Robbins has indicated that he would sell the ponds as is and Chew's firm would fill them in for real estate development.

★ ★ ★

Purpose of last night's meeting was to "get the feel" of whether or not Milford residents want another shopping center in the village.

Chew's company, the Erwin Metals Corp., petitioned the council to rezone land around the former Ford Carburetor plant from heavy industrial to commercial.

The plan offered by Chew was for an 18-store shopping center, including one major chain department store.

PROJECT TABLED

The council has kept the project tabled since last November.

Robbins sold 15 acres to Chew with an option to purchase the entire block providing it is rezoned for commercial use.

One resident, Mrs. James Thompson drew a round of applause when she said, "We do not have adequate shops to take care of this town. We certainly need this proposed shopping center at once."

Mrs. Roy Elmore asked the council about the proposed shopping center on the southwestern section of the town which has already been approved by the council. She was told that only 30 of the agreed 60 homes were built. The agreement with the developer is that he will construct 60 houses in the area before constructing the shopping center.

Another resident, Alan Pardon pointed out that the proposed shopping center would be a continuation of Milford's present business section. This would keep business downtown rather than scattered through the community.

"And who wants heavy industry right in the heart of town," he added.

MOORE'S LAKE DRAINING

Residents from Moore's Lake wanted to know what is going to happen to their lake now that the controlling flood gates in the Huron River dam owned by Robbins are opened.

Robbins has water control rights on Moore's Lake, which permit him to allow the lake to become another mud hole in the Milford area if he so chooses.

At the present time, the lake is slowly draining off.

Many residents left the meeting before the council took a hand-raising vote on the rezoning project. There were 64 of those present in favor of the zoning change for the proposed shopping center site.

Village President Joseph Gerrard said, "I guess that makes it just about even," and adjourned the meeting.

Utica May Try Half Days

School Bonds Nixed

UTICA — Voters in the Utica Community School District yesterday defeated a $5½ million bond issue to cover the cost of adding more than 100 rooms in new buildings and additions in the district. The vote was 1,771 to 1,453.

The Board of Education now faces the problem of how to handle increased enrollment expected next year. George F. Roberts, board member, said today a possible solution could be half-day sessions although no official action has been taken.

The Board had listed 12 projects which, after considerable study, members decided were the most needed in the district to meet the current rise in enrollment and anticipated growth through 1961.

★ ★ ★

Among the projects were a 24-room elementary school on the Sterling High School site, a junior high on the Disco Elementary school site, an addition to Sterling Junior High and addition of more rooms to other existing schools in the district.

The Board, with the endorsement of the School Building Needs Council formed last October, also planned to replace three sub-standard rooms at Burr Elementary School and to purchase future school sites.

This is the second time in the past eight months that a $5½ million school bond issue has been turned down by the electorate. In September, a similar proposal was defeated by a three-to-two margin.

Adult Education Group to Hold Open House

WALLED LAKE — Marking the end of second semester classes, an open house will be held at the Walled Lake Senior High School on Wednesday at which Adult Education groups will display their products and progress.

Lasting from 8 to 10 p.m., the event will feature a fashion show by members of the sewing classes. Free cake & coffee will be served by members of the cake decoration classes.

Council Delays Stand on Xway in Southfield

SOUTHFIELD — Beyond admitting that an expressway is needed in the Eight and Nine-Mile roads area here, no action was taken by the City Council at last night's meeting.

Members of the State Highway Department were present, seeking approval of the expressway which, as it is planned now, would dump six lanes of traffic into two lanes going north from Nine-Mile road.

Mayor Donald L. Swanson said he felt another hearing with residents in the area is necessary before any action is taken.

A public hearing on the 1958-59 budget of $999,200 will be held May 6 at 8 p.m. in the City Hall.

Area Girl's Engagement Announced by Parents

COMMERCE TOWNSHIP — Mr. and Mrs. Edward Holmes of 722 Andrews Rd. announce the engagement of their daughter, Mary Alida, to Pvt. Jack L. Boldt, son of Mr. and Mrs. Darrell Boldt of Almont. He is stationed at Fort Sill, Okla. with the U. S. Army. As yet, no wedding date has been set.

Judge Orders All Records in Oak Park Suspension

OAK PARK — Oakland County Circuit Judge Clark J. Adams has ordered Oak Park and its Mayor R. J. Alexander to turn over to him all records and proceedings which led to the suspension of Police Lt. Joseph W. Roberts.

Roberts, 36, was suspended from the force in December on charges of firing his service pistol into a tavern jukebox while allegedly drunk.

Yesterday he asked for and received a writ of certiorari (demand to produce all records) in Circuit Court claiming Alexander, in sustaining his dismissal, "abused his discretion and acted without just cause and contrary to the evidence."

Further, Roberts said, the removing officer "failed in his burden of proof to show" that he was guilty of official misconduct or serious neglect of duty.

Judge Adams ordered the city and Alexander to give him on or before May 4 all records, including testimony and exhibits of removal proceedings.

Following his suspension, Roberts charged that high ranking police and city officials allowed other erring police officers to resign rather than bring charges against them.

★ ★ ★

It will be up to Judge Adams, after he studies all documents given him by the city, to decide whether Roberts was justly suspended from the force.

Wixom PTA Will Hold Election of Officers

WIXOM — The Wixom Elementary School PTA will hold its election of officers for the coming year at a meeting scheduled for 8 p.m. Thursday at the school.

Included on the evening's program will be an art display of works by children in all grades and a film to be shown before the coffee hour.

Livonia Votes on Taxes Today

$7.7 Million Bond Issue and 7-Mill Operating Levy on Ballot

LIVONIA — School district voters in Livonia are going to the polls today to decide a $7.7 Million bond issue and a seven-mill special operating tax as the Board of Education strives to keep up with the fast population growth of the city.

★ ★ ★

An enrollment increase of 2,400 is anticipated in September. This constitutes a 19 per cent jump from 1,300 to 15,400 pupils.

Last December a three-mill special operating tax for schools expired. The return from this tax plus four more mills is needed to maintain present standards of education, contends the school board.

It hopes to hire 100 additional teachers, plus clerical, maintenance and other personnel by means of the tax hike.

★ ★ ★

If approved today, the bond issue is earmarked to acquire sites for seven new schools, to build four new elementary units, a new high school and to add 20 rooms to three elementary schools.

Also, the bond would be used to finance a 24-room addition to a junior high school and for the modernization of existing schools and the addition of facilities to these.

Scholarship Concert at Romeo Tonight

ROMEO — The Music Department of Romeo Community High School will present its 14th annual Interlochen Scholarship Concert at 8 tonight in the high school auditorium.

★ ★ ★

Sponsor of the event is the Romeo Monday Club, whose members have charge of ticket sales and ushers.

A group of representatives of area organizations met last night to screen candidates who are eligible for scholarships to the National Music Camp at Interlochen this year. Winners will be announced during intermission of tonight's concert.

★ ★ ★

The two musical aggregations which will perform are the high school Concert Band led by E. C. Ojala and the Mixed Chorus under the direction of C. Lynn Brown.

Club Asks Funds for Family in Walled Lake

WALLED LAKE — The Walled Lake Variety Club is accepting contributions for the Lloyd Hattis Fund, a spokesman for the group announced today.

The Hattis family lost their home and all of their personal effects when flood waters destroyed their property at 1193 Maple road on March 6. Temporarily the family is living in a relative's home, but will have to vacate when they return on May 1.

The club is hoping to obtain financial assistance for the stricken family before then. Mrs. Edwin Welch, 274 W. Walled Lake Dr. and Mrs. Leslie Reimer, 1191 Wanda Street are accepting contributions to the fund.

Series of Pupil Art Shows Set

Rochester Elementary Schools Will Launch Exhibits Thursday

ROCHESTER — A traditional series of spring art shows will be held in the Rochester elementary schools beginning Thursday evening, according to Mrs. Dorothy Whipple, head of the elementary art departments.

Brooklands and Avon schools have scheduled open house from 7 to 9 p.m. Thursday. Hamlin School will follow with a show on April 28, and Harrison Central on April 30.

Mrs. Whipple explained that the Rochester program is a cooperative one in which classroom teachers and art consultants share in giving children art experiences related to other subjects as well as art for art's sake.

She added that boys and girls are urged to work according to individual abilities with emphasis on creativity.

★ ★ ★

All children have creative potentialities, Mrs. Whipple stated, and they should be encouraged to do original thinking.

Art is one subject in which youngsters have the opportunity to give their need for expression full sway, according to the department head and art consultants, Mrs. Joan Anderson and Julius Kusey.

Road signs in Ireland are being replaced by new international signs recommended by the United Nations.

Getting Early Start

Rochester Kiwanis Plans Big July 4th Celebration

ROCHESTER — A continuous stage show with professional and amateur talent and a Rochester Independence Day Queen, more than 100 prizes and a barbecue for all will highlight a community Fourth of July celebration already being developed by the Kiwanis Club of Rochester, Milton Weaver, president, announced today.

★ ★ ★

The event will be followed by the Rochester Fire Department's fireworks display which will be coordinated with the Kiwanis celebration.

The activities will center at the Rochester Community High School athletic field, and no admission will be charged to the fireworks.

For the Kiwanis observance, to start at 5:30 p.m., tickets will be sold to defray expenses and to benefit the club's year-around youth program, Weaver said.

★ ★ ★

"All residents and friends of the community are invited to include the Rochester celebration in their Fourth of July planning," Weaver said.

"We'll have a superb program from 5:30 p.m. on with entertainment and surprises every minute for the whole family," he added.

The celebration was conceived by the Kiwanis Special Events Committee headed by Jack Mitzelfeld with John Boeberitz and William Slavin serving with him.

Weaver appointed Mitzelfeld and Slavin to be co-chairmen, and preparatory work is now under way. The co-chairmen have invited all Kiwanis families to serve on committees and to assist in putting on the events.

Committees have begun to hold home meetings to spark work in the many areas to be covered.

Chairmen include Carl Lehnen and the Rev. J. Douglas Parker, program; Mrs. Oscar Soronson, Queen's committee; Richard F. Huizenga, house; Dr. Glenn Brook gate prizes; Vern Houghten, food; Milton Weaver, tickets; Arthur Kollin, finance; and Arvid Jouppi, promotion.

Friday Last Day to Sign to Vote

OXFORD — The deadline for registration for the May 4 special election in the Oxford Area Community School District is 5 p.m. Friday, school officials reminded today.

Prospective voters are asked to contact Clerk Helen M. Jeneks in Brandon Township, Clerk Robert A. McCallum in Addison Township or Herbert V. Rahm in Oxford Township to register.

Those persons who live in Metamora may register with Doris Robbins and those in Dryden at the Oliver Braidwood home.

Hal Boyle Says:

Shoe Polish King Is Man of Many Ideas

NEW YORK (AP) — "It isn't enough to have a good idea—you have to do something about it," said the man who changed the smell of shoe polish.

At 43, Irving J. Bottner is America's shoe polish king—and a one-man idea factory.

Bottner decided that the 70-million-dollar annual industry was static and addicted to old ways.

But how do you glamorize a thing like shoe polish?

"The way to make money in this country is to capitalize on people's natural laziness," said Bottner. "You look for a way to make tasks easier and pleasanter."

He made a survey and found that 75 per cent of American men—and nearly all women—polish their own shoes, but regard the chore as arduous, dirty and unpleasant.

Bottner came up with a "stand-up shine bar" for the home, and pushbutton cleaners that could be sprayed on shoes without staining socks or hose. But most women objected to the odor of shoe polish.

★ ★ ★

"Why should shoe polish have to smell like shoe polish?" Bottner asked himself. He decided it didn't have to. He put his chemists to work. Their answer: A revolutionary new kit that contains shoe cleaners in five different fragrances.

HOPES FOR BOOM

"Until now the average family has spent less than $2 a year for shoe cleaning preparations," said Bottner. "If we can raise that figure to $3 or $4, the industry will have its biggest boom in history."

As a child, Bottner's playpen was a wicker basket in the small Bronx hand laundry run by his parents. Life was hard. When he was 8, he went into the streets without a shoeshining outfit and earned $2 to $3 a week to help out his home.

★ ★ ★

He also went around the neighborhood knocking on doors, trying to drum up new business for the laundry.

"I learned early you can't sit and wait for opportunity to knock," he said. "If you're ever to find real opportunity, you have to go out and start knocking yourself."

He worked his way through college, took an $18 a week job at a warehouse clerk with a frozen food firm. It was a new field, crying for new ideas.

WENT UP FAST

Bottner's ideas soon won him advancement. His genius for finance as well as promotion led to a better job with a paper bag manufacturer.

"I helped pioneer vacuum cleaners on wheels and thin-wall air conditioning units," he recalled. "Going on doing old things in the same old way is a sure way to die of dry rot. The only real adventure in business is to develop new methods and new ideas."

It was this challenge that led Bottner to accept his present post, and the boy who once got a nickel a shine now is on the path that leads to millions.

★ ★ ★

"What is success? Success is mostly a determination to get something done, against all obstacles — and not merely to get it done, but to get it done well and get it done quickly."

★ ★ ★

Who shines Bottner's shoes?

"I still shine them myself," he said smiling. "And I do a good job."

The animals all broke for freedom when a circus truck overturned. All were recaptured except the guan bird and an Indian goat. They were killed by motorists who didn't see them in time.

Linda Seeks $200,000 for Tyrone's Children

LOS ANGELES (AP) — Actress Linda Christian seeks $200,000 for her two children from the estate of her ex-husband, the late Actor Tyrone Power.

In addition to provisions for the children in his will, Power promised to set up a fund to support them under terms of the couple's 1955 divorce, Miss Christian claimed.

Power died of a heart attack last November at the age of 45. His will also provided for a third child, Tyrone William, born to his third wife, Deborah Anne Power.

State Dems Meet

LANSING (AP) — The Democratic State Central Committee will meet here Sunday to name subcommittees for the next two years. Chairman Nell Staebler said the committee will also analyze April 6 election returns.

Seek New Drain Bill

LANSING (AP) — Gov. Williams has signed a bill to permit counties of 100,000 or more population to issue bonds for county drains. The old law restricted the privilege to counties with more than 150,000 persons.

Won't Use Jobless Pay in Strike, Says Reuther

DETROIT (AP) — President Walter Reuther was on record today with a pledge that his United Auto Workers Union never would use state unemployment benefits as strike relief.

Reuther made the promise in response to an inquiry from Rep George W. Sallade (R-Ann Arbor).

"I can assure you," Reuther said, "that it is not the intention of the UAW and, I am confident, of any other union to use state unemployment compensation funds as a substitute for strike relief."

Rep. Sallade had raised the question with Reuther in the light of current legislative discussion over the unemployment compensation law.

Ganiff Gets Dems Post

DETROIT (AP) — Claire Ganiff of Grosse Pointe Shores has been named secretary and director of the Democratic Business and Professional Assn. of Michigan. The appointment was announced by William F. Ryan, association executive vice president.

Woodie Held Leads Tribe Into Detroit

SPORTS

From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

MARSHALL — "Lord Byron" Nelson, one of the great masters of golf, is now just a weekend golfer who worries more about the price of eggs than he does about the length of his drives.

Nelson, who left 5,000 hens behind on his 770 acres in Texas, was the guest speaker at the annual spring meeting of the Michigan section of the PGA at Marshall yesterday afternoon.

"I'm in the chicken and egg business now," said Nelson, "and I play golf only once or twice a week. At times I don't touch my clubs for long spells."

Those periods, Byron explained, are in the Fall when he attends a football game in the Southwest every Saturday, and during the winter when the weather is bad.

★ ★ ★

"I've always hated to play in bad weather, and the past few winters have been terrible," he commented," besides I've got a business to look after."

Each hen that Nelson has on his farm cackles about 180 times a season to let him know she has supplied another egg to be shipped to the Dallas hatcheries.

"The egg business has dropped with the prices going down from 70 cents a dozen to 40 cents, so I might have to get back into tournament golf," he laughed.

★ ★ ★

But seriously, Nelson let it be known he has no intention of getting back to the circuit. He plays in four tournaments, the Crosby Invitational, the Thunderbird Pro-Am, the Masters and the Colonial.

"I don't intend entering the National Open. I believe the Open is great for someone who thinks he can win it, but I think it's poor for anyone who doesn't have a chance to win and I wouldn't play in it just for fun because it's a tough chore," he pointed out.

In reference to today's touring pros, Nelson said, "Too many are content in just being good and not great. Most of them today are percentage pros, they play too conservatively and just good enough to be in the money."

★ ★ ★

"With a tournament every week, they can do that, just like business men who go to collect their check every pay day," he added.

"Years back there weren't as many tournaments and most of the pros used the time before tourneys to correct and develop their game. Very few of the pros today would dare tear apart their game and take the chance on losing money in tournaments from week to week."

REMEMBERS PONTIAC

Nelson and Pontiac are no strangers to each other. He remembered back in 1948 when he and Bobby Locke played a match and afterward conducted a clinic at Pontiac Country Club sponsored by The Press.

★ ★ ★

That afternoon Locke shot a 64 and won the match. Afterward Locke was to demonstrate a hook and a slice, but each time the ball went straight down the middle.

Remembering Locke's great 64 that afternoon, Nelson remarked to the gallery, "I want to tell you folks, he just can't hit a crooked ball."

FACES INDIANS — Paul Foytack, Detroit Tigers' righthander, will be the starting pitcher against the Cleveland Indians tonight at Briggs Stadium in the first night game of the 1959 season for the Bengals. Cal McLish will oppose him.

Kaline Wants to Keep 'Eyes Open, Ears Closed'

Al's Start Best in 4 Years

DETROIT (AP)—Al Kaline is off to his best batting start in four seasons and he believes he can continue the good work "if I keep my eyes open and my ears closed."

It has been suggested by the Detroit Tiger front office that a good start by Kaline would assure a fast start by the club. The 24-year-old right fielder, who won the American League batting crown in 1955 before he reached his 20th birthday, has disproved that theory.

The Tigers have lost six of their first seven games but Kaline is hitting .467 on 14 hits in 30 trips.

★ ★ ★

A notoriously slow starter, Kaline has hit well in the spring only once before, when he captured the crown with a .340 average in his second full year in the league.

The rifle-armed outfielder hit the ball hard in spring training but failed to hit a home run in the exhibition season. The first time he came to bat in the opening game of the regular season, Kaline crashed the first pitch Chicago's Billy Pierce threw him into the left field seats.

★ ★ ★

"That's what did it," Kaline said yesterday during an off-day hitting drill. "The minute I hit that ball I felt I could get off to that good start everyone has been talking about."

Just a year ago the front office offered Kaline a $3,000 bonus if he had his batting mark at .300 or better by the first of June. The ex-bonus kid from the Baltimore sandlots was barely above the .200 mark when the deadline rolled around.

"I've had some pretty lousy starts and some bad slumps, 'he explained, "and when you're not hitting you dread going up to the plate—no matter who is pitching. But the way I feel now I just can't wait to get up there."

Kaline's average dropped to .314 the year after he won the title, then to .295 the following season. Last year he batted .313 but his home run and RBI mark were down again.

★ ★ ★

"Now I'm trying not to swing so hard," he said. "If I just hit the ball where it's pitched instead of trying to kill it, I'll get my share of homers and drive in my share of runs.

"People try to be nice when a guy is in a slump, and you get all sorts of advice and suggestions. But I think I've been trying to take everyone's advice and consequently I've been a pretty mixed up guy at that plate sometimes. Maybe if I keep my eyes open and my ears closed, I can have a real good year."

AP Wirephoto

NEW TIMBER SUPPLY — Al Kaline, usually a poor springtime hitter, uncrates a new supply of bats, hoping he can add to his .467 batting average after a two-day layoff. The Detroit Tigers and Kaline, who have been idle since Saturday when he made four-for-four, open a three-game series with the Cleveland Indians tonight at Briggs Stadium in Detroit.

'Important' Says Nelson

Having Golf Troubles? – Develop Your Waggle

MARSHALL—Three most controversial subjects for argument, according to Byron Nelson, are "religion, politics and the golf swing."

Talking to 135 Michigan pro golfers and guests at Marshall, Nelson said he "preferred not to argue about any of the three because everyone in attendance would probably have a different view on each subject."

Nelson did talk about his game of golf and after demonstrating his grip, his procedure in teeing the ball, his swing and body movement, he discussed one phase of the game which he thought was "highly important and too often overlooked—that being the waggle."

"I am convinced," said Nelson, "that to do a particular thing consistently right in your swing, you must start it with the waggle."

★ ★ ★

"The way you waggle is most likely the way you will hit the ball. Just standing there and moving your club will not help. You must give motion to the hands, body and feet together."

BYRON NELSON

"Waggle—don't freeze when you get ready to hit the shot," he added, "if you change the movement of the waggle, then the swing will change in the pattern of the waggle."

"Another thing to remember before the waggle" he said, "is the tempo in which you will have the tendency to swing. If you approach the ball slowly and relaxed you will swing with the same tempo. If you hurry your approach, you will most likely hurry your swing."

★ ★ ★

"After the waggle in the start of the swing, visualize a line for the clubhead and ball forward more than the line backward," said Nelson, "but most of all don't forget that waggle."

Orchard Lake CC Bids for '61 PGA Tourney

By BILL CORNWELL

MARSHALL — Orchard Lake Country Club bounced back into the state golf tournament scene here yesterday at the annual spring meeting of the Michigan Section of the Professional Golfers Association.

The plush 18-hole layout on West Shore Drive has made a bid for the 1961 Michigan PGA tourney, which will be held at Lakepointe this year and at Farmington CC next season.

Tommy Shannon, veteran head pro at Orchard Lake, indicated his club's interest in playing host to the one-day event two summers hence.

Upwards of 135 State PGA members gathered at Schuler's Reswriters, gathered at Schuler's Restaurant to conduct business meetings in a closed morning session and then watch Byron Nelson hold an open instructional clinic in the afternoon.

This year's Michigan PGA tourney, slated Monday, June 22, at Lakepointe, will fall in the middle of a tripleheader at the course where John Dalrymple holds forth as head pro.

A pro-am tourney on Sunday, June 21, will start things moving and the PGA national sectional qualifiers on Tuesday, June 22, will conclude the three-day affair. Lakepointe also has been picked as the site for the 1960 Michigan Open.

Farmington CC, where Preston Meisel is starting his 2nd season as head man, will be host to the State Pro-Am this summer, the State PGA next year and the Michigan Open in 1961. Midland Country Club has landed the 1960 Pro-Am.

Pine Lake Country Club became another Oakland County course to pop into the spotlight when it was announced that this year's Pro-Ladies tournament would be held there on Aug. 17. Lansing Country Club will be the site of this year's PGA Seniors tournament on Sept. 8.

Pontiac's Gene Bone, beginning his first year as head pro at Warwick Hills near Grand Blanc, announced that the club and the National PGA have agreed on a six-year contract for the $50,000 Buick Open, which will carry the rich tourney through 1965. This summer's 72-hole event is scheduled July 2-5.

The Women's Wolverine Open, the state's annual claim to the touring lady pros, is still without a site. Available dates are July 30-Aug. 2 and Sept. 9-12. Any course in Michigan can bid for the event, but so far no one has made an offer.

On the more personal side of yesterday's ledger, Tam O'Shanter's Warren Orlick was nominated to run for national treasurer next fall and Al Watrous of Oakland Hills has been nominated for the National PGA Hall of Fame.

Beats Boros With Playoff 64

Burke Houston Champion

HOUSTON (AP)—Jack Burke Jr. moved over to his new Champion Golf Course today after scoring an amazing 64 to beat steady Julius Boros in the 18-hole playoff for the $30,000 Houston Classic title.

Burke's 30-34—64, one stroke short of the tournament record, gave him $4,300 and jumped him from 30 to 10th place among the year's leading money winners.

The 64 left Burke five strokes ahead of the 35-34—69 Boros found was good yesterday for only $3,000 in second money over the 7,133-yard par 72 Memorial Park course.

"It was one of the best rounds of my career," said Burke, the former Masters champion who received much of his early training at Memorial, a municipal course near a country club where his father was head pro.

The two had finished the 72-hole tournament Sunday in a tie at 277.

Burke today joined Jimmy Demaret in formally dedicating and opening their new 18-hole Champions course northwest of Houston. Burke, who does not approve of Las Vegas gambling, is passing up this week's tournament there but will compete next week in the Colonial National invitation at Fort Worth.

While winning his second championship in his home town, Burke missed only one green and used 28 putts. He banged six birdies in the first eight holes.

Burke boosted his 1959 prize money to $8,354. Boros jumped from 18th place to 11th with a total of $8,048. This does not include $435 each received from gate receipts from the playoff.

★ ★ ★

A 5-foot putt that stopped inches short on the final green prevented Burke from tieing the tournament's record 63 that Jerry Barber scored in 1955.

Doctoring Your Golf

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: Fairway wood trouble.

DIAGNOSIS: Bad club choice.

Treatment: There are many times when the No. 2 wood, or brassie, should be chosen for a shot from the fairway. These times occur when maximum distance is needed — and WHEN THE LIE OF THE BALL IS EXCELLENT. As indicated by the capitals, the letter consideration is the more important one.

If the lie is close — or even if there is a question in the mind about it —one of the more lofted woods should be chosen for the shot. Too frequently golfers blindly choose the No. 2 wood whenever maximum distance is needed, ignoring the possible risk involved.

Bear in mind that in situations where you can't reach the green with any of your clubs, safety should be the watchword.

The extra 10 to 30 yards you MIGHT get with the less lofted No. 2 wood won't make much difference in the overall play of the hole. But if you fail to get the ball up with the No. 2 and just dribble it along a few yards, you may ruin all your chances on the hole. Make the payoff worth the gamble.

LUCK FOR PIRATES — Last Saturday at Milwaukee while the Pittsburgh Pirates were breaking a five-game losing streak by beating the Braves, 11-5, a rabbit scampered around the infield. Indiana (Pa.) fans of the Pirates figured the Bucs could stand a little luck so they brought two rabbits to Forbes Field last night. Editor Joseph Donnelly of the Indiana Gazette presents them to Pirate catcher Smoky Burgess. Shortly afterwards the Pirates took a 1-0 first-inning lead over the Phillies, but their luck failed — the game was rained out.

Dodgers Nip Giants to Take 2nd Place

By The Associated Press

For the first time since they blew out of Brooklyn, the Dodgers are sitting second in the National League.

★ ★ ★

They got there the way they used to do business, winning with the big pitcher and the big home run last night as Charlie Neal's leadoff shot in the ninth made Don Drysdale's three-hit, 11 strike out job good for a 2-1 victory over the San Francisco Giants and Sad Sam Jones.

★ ★ ★

Drysdale, 22, called it his best game ever after collecting a 2-1 record and running up a string of 18 innings in which he has allowed but one run as a starter.

The Dodgers, who finished seventh last year, never were higher than third in that inaugural season at Los Angeles. Fact is, they haven't been as high as second since Aug. 31, 1957—when they beat the Giants 7-5.

At the moment, the Dodgers are just percentage points (.133) behind Milwaukee's front-running Braves, who were idle. The Giants slipped from second to third, a half game back.

Only two other games were scheduled in the majors yesterday, and both were rained out. In the National, Pittsburgh had a 1-0 first inning lead over Philadelphia before calling it quits. In the American League, New York's game at Boston didn't even get started.

Drysdale, who now leads the majors with 25 strikeouts has won four straight from the Giants in a string that started last August 8. He was touched for Willie Mays' first homer with two out in the first. Then he put down 21 in order before Andre Rodgers singled with two out in the eighth.

The young right-hander's lone moment of worry came in the ninth. With two out, Jackie Brandt beat out a roller, and Mays, just missing another homer with a foul ball sliced to right, drew Drysdale's only walk. Orlando Cepeda than banged into a force out for his first hitless game.

His Bat Ripped Tigers in First Series of Year

Cleveland and Bengals Collide in Night Game at Briggs Stadium

DETROIT (UPI) — Woodie Held, who leads the Cleveland Indians into Briggs Stadium tonight against the Detroit Tigers, has found the secret of keeping his name out of general manager Frank Lane's trade talks.

The 27-year-old Californian, a vagabond who bounced around New York, Kansas City and a half dozen minor league clubs before reaching Cleveland, doesn't intend to pack his bags again except for road trips.

Operating on the theory that a homer a day keeps trader Frank away, Held has walloped five home runs in Cleveland's first seven games for the league lead. His 10 RBIs also top the league.

★ ★ ★

Ironically, both Held and Cleveland's other top slugger — Rocky Colavita — could have been had for practically nothing a year ago. Woodie was a "throw-in" in the Cleveland-Kansas City swap that sent Roger Maris to the Athletics and Vic Power to the Tribe. He spent the 1957 season on the rosters of the Yankees, A's and Denver Bears without much success at any of the three places.

★ ★ ★

Colavito hit a disappointing .252 in 1957 for Cleveland and wasn't a starter last season. He bloomed under manager Joe Gordon who took over for Bobby Bragan during the campaign and belted 41 homers.

Held didn't get his big chance until this spring. He played the outfield for Kansas City but Gordon sent him to shortstop during the Arizona drills and then unexpectedly moved him to third on the eve of the opener.

Held went hitless the first two games but then erupted against Detroit with a two-run homer off Jim Bunning and a grand slammer off Ray Narleski a week ago today. The next day his 10th-inning homer beat Narleski and the Tigers 2-1.

★ ★ ★

"Gordon helped a lot with my batting this spring," Held said. "He spent a lot of time coaching me and he kept after me to stop undercutting the ball."

"I'm swinging the bat better this year and I feel stronger and more relaxed at the plate," Held said. "I wasn't getting the bat around fast enough last year and I was pressing a lot." Gordon also had Held crouch a little more at the plate.

Held added that being content has a lot to do with hitting. "I feel at home at third base although I'll play anywhere if I can be a regular. That's one of the big secrets. Hitting requires playing every day to keep your timing."

Gordon is as high on Woodie's defensive ability as his new-found power. "He's as good defensively as anyone in the league," the Flash said. "And don't forget, Woodie originally was an infielder."

The Tiger pitchers also are finding new respect for Held. After his first homer, one said: "That guy never should have hit it. He's not a good hitter." But after the third homer in two days, Held was picking up a few believers.

Leading Threat for Olympics

Finnish Detective Wins Boston Marathon Grind

BOSTON (AP) — Powerful Eino Oksanen of Finland has capped a comeback and stamped himself as a leading threat for next year's Olympic marathon crown by winning the Boston classic.

The 27-year-old Helsinki detective on larceny detail broke up a two-man race a mile from the tape and beat Johnny Kelley by 300 yards yesterday in a withering spurt. The time was 2:22.42.

★ ★ ★

The Boston A.A. test was only the second for Oksanen in more than a year. A severely sprained ankle kept Eino out of action until late in '58 and his previous effort was poor.

The sturdy redhead tried his first marathon in October of 1955 and came off with a remarkable 2:25.47 victory in his native land. Oksanen's second effort was a third place behind countryman Antti Viskari and Kelley in the 1956 BAA.

★ ★ ★

Kelley's consistency makes him America's top Olympic marathon hope. In the past four years the 28-year-old Gorton, Conn., schoolteacher won in 1957 and was second each of the other three. His time was 2:23.43.

Kelley took the lead just before the halfway point but couldn't shake Oksanen up the three slopes that make up "Heartbreak Hill" and down the stretch couldn't match the Finn's strength.

Oksanen admitted through an interpreter that he "wasn't tired at all" after the race over the chilly, rain swept course. "He's the one we had to beat," Oksanen said of Kelley.

★ ★ ★

Another upcoming marathoner is Gordon Dickson of Hamilton, Ont., who finished strong to take third place.

Rounding out the top 10 were Veikko Karvonen of Finland—1954 winner and Oksanen's teammate—Osvaldo Suarez of Argentina, Robert Pape of England, Nobuyoshi Sadanaga of Japan, James Green of Saugus, Mass., Al Confalone of Wakefield, Mass., and Australia's Geoffrey Watt.

VICTORY SMILE — Eino Oksanen of Finland smiles happily in dressing room after winning the Boston A. A. marathon Monday in the time of 2:22.42. Oksanen, a Finnish police detective, out-legged America's Johnny Kelley by 300 yards to win the classic 26-mile, 385-yard race.

Fan Sues Yanks for $250,000

Claims Loss of Eye When Hit by Ball in World Series Game

NEW YORK (AP) — A $250,000 damage suit for negligence was filed in Federal Court Monday against the New York Yankees and their co-owners, Dan Topping and Del Webb.

Claude O. Price, a 64-year-old resident of Hampton, Va., made the claim that he lost an eye when a ball hit him during World Series pregame practice at Yankee Stadium last Oct. 4.

Price said the accident occurred while he attended the third game of the World Series between the Yankees and Milwaukee Braves.

He said he was sitting in a first row box near the first base line, and a ball, batted by a Milwaukee player, struck him in the left eye. The injury was so serious, he said, that the eye had to be removed before the final inning of the game.

The suit accused the defendants of "carelessness and negligence." As a result of the accident, Price incurred "lasting injuries" and needed a long hospital treatment, the suit stated.

Ducats Aplenty, Sparring Mates Getting Scarce

Advance Sale Betters $50,000 for 'Heavy' Title Bout May 1

INDIANAPOLIS (AP) — Tickets were still in good supply but sparring partners were getting scarce today as champion Floyd Patterson and challenger Brian London stepped up their training pace.

The two heavy hitters will meet for the heavyweight title at the Fairgrounds Coliseum May 1.

The advance ticket sale topped $50,000 as the first day of over-the-counter sales yesterday brought in $10,000. Mail orders had put $40,000 in the till. Promoters said the $50,000 represented 4,000 fans. The Coliseum will seat 13,500 for a maximum possible gate of $190,000.

Patterson, quick and deadly with his punches, knocked out Willie Crawford of Indianapolis in about a minute. Crawford recuperated and came back for another round, but he may not be back.

A pro-Crawford fan in the crowd yelled, "That's okay, Willie. We'll get him tomorrow."

★ ★ ★

Crawford turned and said, "Maybe you'll be here tomorrow, but I won't." He may or may not have been kidding.

London, the former British champion, also needed sparring partners. His American handler, Nick Baffi, said he was looking for men with fast hands and feet.

Baffi said he was having trouble keeping London from overtraining. The challenger weighed 206 pounds, down four since he arrived here Thursday and within a pound of what he considers his best fighting weight. Baffi cut his morning road work from eight miles to six.

Patterson's training camp at the Coliseum was closed to the public and newsmen today, and trainer Dan Florio said the champion planned only light exercise. He will box again tomorrow.

Pete Radenacher, who came out of the amateur ranks to fight Patterson for the title in his first professional bout, visited both camps yesterday.

6th Straight Win for Titans' Nine

DETROIT (AP)—The University of Detroit defeated Olivet 8-2 yesterday for its sixth consecutive baseball victory.

Outfielder Dick Daguanno and Bill Dando drove in five runs for Detroit, the former accounting for three. The loss was Olivet's fourth straight.

READY TO GO — "I'm ready," says second baseman Mike Heath, 11, to Walter (Spike) Briggs, the man who sponsors Mike's Little League baseball team in Lake Wales, Fla. Spike formerly owned the Detroit Tigers.

Briggs Enjoys Sponsoring Little Leaguers in Florida

By The Associated Press

Walter (Spike) Briggs probably is the only former baseball president to go from the big leagues to the little leagues.

"And I love it," says Spike Briggs down in Lake Wales, Fla., where he sponsors a Little League team called the Briggs Imperials.

In October, 1956, Briggs was forced to sell the Detroit Tigers, Briggs Stadium and Detroit's farm team properties because inheritance tax on his late father's holdings would have made big league baseball a losing proposition.

He sold the Tigers for $5½ million to a group of 11 businessmen.

★ ★ ★

Briggs, vice president of the Detroit Lions of the National Football League, still resides in Detroit but in the winter and spring he lives in Mountain Lake near Lake Wales where he has an automobile agency.

He is also a member of the board of directors of the Daytona Speedway which drew 40,000 fans for a 500-mile automobile race in February.

Briggs had the Tigers five years. They failed to finish in the first division yet during that time he brought up such standouts as Al Kaline, Harvey Kuenn, Frank Bolling, Frank Lary, Jim Bunning, Paul Foytac and Billy Hoeft, and purchased Charlie Maxwell from Baltimore.

"It seems we never had the relief pitching," says Spike. "And we never really were able to get that big bat. This year the Tigers seem to have the relief pitching but they still seem to be lacking that one big home run hitter so necessary to compete with the Yankees."

Never one to second guess his manager — Red Rolfe, Fred Hutchinson or Bucky Harris — Spike has co-managers handle his Little Leaguers.

They are Skeeter Smith and Carl Heath. However, Briggs permits them to second guess each other, but never in front of the players, Frank Conway, former Tiger traveling secretary, also works for Briggs.

"I still watch how the Tigers are doing but my big kick these days is our team in the six-team Little League. I hardly miss a game," says Briggs.

"Our boys lost the first half pennant by a half game last season. We had the title won until the ninth when one of our boys overthrew third base. In the second half we finished third."

The interview ended when Dr. A. J. Barranco, a surgeon and president of the Lake Wales Little League, stopped by and said:

"The new fence is up around the ball park."

"Great," said Spike. "We're about ready for the season."

Madison Wins City Mat Title

Repeats as Junior High School Champion in PCH Meet

Taking nine of a possible 12 1st places, Madison easily repeated as city junior high wrestling champion in the annual tournament held over the past weekend at Pontiac Central.

The Perry Street grapplers compiled 115 points to retain possession of a traveling trophy. Washington was 2nd with 60 capturing two individual titles and Eastern, which took the other top place, totaled 51. Jefferson followed with 26 and Lincoln 16.

Madison won the 135-pound crown by forfeit when none of the other schools could come up with an entry.

Medals were presented the 1st three finishers in each of the divisions following the action. City coaches Steve Szabo of PCH and Northern's Bill Willson directed the meet and handled the officiating chores.

B.F.Goodrich

FLASH! "Less rolling resistance" of B.F.Goodrich tires was singled out by Economy Run drivers as the No. 1 reason why 66% of the entrants chose Silvertowns for the gruelling 5-day course through nine states. These competing drivers chose B.F.Goodrich tires in record-breaking numbers over all other brands after tests showed Silvertowns "roll the road" better to give maximum gas economy.

B.F. Goodrich tires chosen by 31 of 47 Economy Run entrants

Four of the six first-place winners of the Mobilgas Economy Run crossed the finish line on B.F.Goodrich Silvertown tires. Two second-place and three third-place winners were also on Silvertowns.

B.F.Goodrich Silvertowns are the new-car tires that come as original equipment on each of the winning cars. Drivers—who had the option of choosing among original equipment tires for their cars—selected Silvertowns by a wide majority after their own tests showed the Silvertowns gave greater gas mileage because of better balance and less resistance to rolling.

Pete Green Shares Medal Honors at Pinehurst

Ex-Birmingham Golfer Hits 71 in North-South

Former Maple Prep Ace Ties North Carolinian; Match Play Starts Today

From Our Wire Services

PINEHURST N. C. — Peter Green, an 18-year-old University of North Carolina freshman from Franklin Mich., led a field of 64 qualifiers for the match play in the 59th annual North and South Amateur Golf Championship today.

Green, last year's Michigan Junior champion making his first appearance in the North-South, shot five birdies yesterday to split the medal honors in the qualifying round with Dave Smith, Gastonia, N. C., with a 71.

★ ★ ★

Green was the only Michigan player to qualify in the championship.

Pete, a 1958 Birmingham High School graduate, led the Maples to the Michigan prep golf crown last spring and won the state Jaycee championship in July at Barton Hills Country Club in Ann Arbor.

The venerable championship course of the Pinehurst Country Club emerged as the winner of yesterday's qualifying round.

Some 140 stalwarts from 25 states, the District of Columbia and Canada tested the 7,000-yard layout and only Green and Smith broke par despite ideal weather.

Smith, 32-year-old automobile dealer, appeared a cinch to win the medal for the second time in five years when he posted a 35-36 card that featured 10 consecutive pars for a finish.

But unheralded Green, the 138th man in the field to tee off, beat the darkness two hours later to gain a medal tie with his 37-34 round. The 34 was the best back nine of a day in which the closing holes destroyed the hopes of many able players.

Today, the 64 survivors began match play, concentrating on head-to-head combat rather than the pitfalls of "old No. 2," one of four courses maintained on the country club.

CO-MEDALIST — Pete Green, former Birmingham High School golf star, fired a one-under-par 71 yesterday to share medal honors in the qualifying rounds of the annual North-South Invitational Amateur golf tournament at Pinehurst, N.C.

Monroe Moore Wins 2 of 3 ABC Matches

City Kegler Hot in Masters

★ ★ ★ ★ ★ ★ ★ ★

ST. LOUIS (UPI) — Monroe Moore of Pontiac, Mich., had bowed only once and was a strong contender in the losers' bracket as the big ABC Masters bowling tournament moved into the 4th round today.

The Auburn Lanes proprietor dropped Detroit star Bob Crawford into the losers' bracket last night by winning 789-774 last night before bowing himself for the 1st time in head-to-head play.

Billy Golembiewski of Detroit was the only Michigan star still unbeaten going into the final two rounds. The champion in double elimination competition will be determined Wednesday.

Golembiewski whipped the famed Don Carter with a four-game total of 869 to 781 and unheralded Augie Nischwitz of Edwardsville, Ill., finished off Carter later in the program.

★ ★ ★

Joe Joseph, popular instructor at the former Huron Bowl in Pontiac, fell into the losers' bracket Monday night when Jack Aydelotte of Minneapolis rolled 943.

Ed Lubanski, who leads the regular ABC meet, Fred Ricilli and Bob Hitt were Detroiters eliminated yesterday. Lubanski hit 804 but still lost to Al Faragalli, who had 865.

Ted Bills, Al Savas, Thurman Gibson and Ted Bills joined Moore in the lower divisions bowing for the 1st time. Former champion Dick Hoover hit the tourney high of 984 to stop Bills with 843. Hoover later was downed for the 1st time.

★ ★ ★

Defending titlist Tom Hennessey heads the unbeaten list of eight which makes up the winners' bracket. He just barely made it Monday nipping fellow St. Louisan Harry Smith 853-852 in a thrilling duel scoring six straight strikes in the final game.

The other six of 64 finalists still with perfect records are Aydelotte, Dick Seigo, Port Clinton, Ohio, John Powell Jr., Toledo; Don Marshall, Houston; Carl Richard and Ray Bluth, St. Louis.

Powell has been the scoring star of the tournament with a 224 average trouncing three opponents. Selgo cut down Ray Orff, the 17-year-old St. Louis whiz who handed Lubanski his initial setback.

★ ★ ★

Faragalli and Buzz Fazio were among the other top stars to get the ax. Crawford, one of Moore's victims, was responsible for whipping Fazio 771-762.

Moore, who stars in two major leagues here and bowls as a sub on Lubanski's Pfeiffer's team, had qualified for the eliminations by totaling 1589 for eight games. Joe Bonfigilo of Pontiac failed to survive the cut.

Dave Murphy, a 34-year-old Omaha, Neb., salesman, rolled a 714 series to take seventh place in the singles, the only major ABC competition. Murphy got off to a torrid 245-256 start, then tapered off to 213.

Lubanski leads the singles with 764.

PROVIDENCE, R.I.—Don Prout, 169½, Providence, stopped Paul Rossi, 176½, Thompsonville, Conn., 4; Nick Previti, 138, Boston, outpointed George Edmonds, 138, Hartford, 8; Paddy Read, 128, providence, stopped Bobby Reece, 124, Philadelphia, 4.

SAN DIEGO—Joe Becerra, 125, Guadalajara, Mexico knocked out Bill Peacock, 123, Los Angeles, 1.

Forddy Sure of '60 Title

EAST LANSING (UPI)—Michigan State University basketball coach Forddy Anderson served notice on other Big Ten teams last night that he expects his Spartans to win the championship again next year.

Anderson, speaking at the Spartans' annual basketball bust, said, "I have no qualms about saying that we can win the Big Ten title next year. Don't sell next year's team short."

Spartan pogo stick Johnny Green, a member of the UPI second team All-America and the Big Ten's most valuable player, was awarded the Michigan State most outstanding player trophy at the banquet.

Senior guard Jim Stouffer, a reserve, was awarded the sportsmanship trophy and forward Horace Walker got a desk pen set for the best foul shooting average.

Chiefs Host Pointers Today

Big Week for Prep Track

A strong Grosse Pte. high track squad came to Pontiac's Wisner field today to set off a heavy week of competition for area prep athletes. Pointers oppose Pontiac Central's thinclads, who took part in Saturday's record Mansfield Ohio Relays, finishing 10th.

In another anticipated shot meet, Birmingham entertains East Detroit in an Eastern Michigan league test. Milford is at Bloomfield Hills.

A tie for 2nd in the high jump, plus a win in the event determined Milford's win over Howell, 54 2-3 to 54 1-3. Gene Schuett won the jump. Rog Kriebel and Bob Oaks shared in the winning tie.

Howell will entertain Milford, Fenton, Grand Blanc, Grand Ledge, Durand and West Bloomfield in Friday's invitational. Milford is defending champion.

Fitzgerald, Clawson and Lake Orion were winners of a triple-dual Oakland-B conference meet at Fitzgerald, Monday. Harry Marchiones' 16 points paced hosts' 76½-32½ victory over Avondale. He won the hurdles, high jump and was 3rd in shotput. Avondale's best was Dick Hutchinson, with 10 and Tom Greenlees with 9.

Lee Shoup won both dashes for Orion in a 72 5/6 - 31 1/6 win over Troy,. and Dave Shubick paced Clawson's 66-43 victory over Oak Park, with 14½ points.

Shamrocks Win, Rams Shut Out

Pontiac St. Michael baseball club yesterday won its first victory of the Suburban Catholic League season, a 9-3 shellacking for Center Line St. Clement. Shamrocks broke a 2-2 tie in 4th with Dick Williams' 2-run double for the winning counters. They counted two others in the same frame, and three more in the 5th. Losers scored in the 2nd and 6th.

Jerry Mijal, OL St. Mary freshman hurler, shut out Pontiac St. Frederick, yesterday, 14-0, with a 2-hitter. He fanned 11, walked three for the Eaglets 3rd straight SCL victory. Glen Hass' 2nd frame tally was the winner, in the 2-run frame. Mike Witkor hit a grand-slammer in the 6th. Eaglets are tied with St. Benedict for the SCL lead, at three each.

Oxford was thumped, 7-1 by North Branch is a South Central loop encounter, for the Oxonians 3rd straight loss. John Nellenbeck hurled a 2-hitter for the winners, and accounted for four hits of the team's total. Mike Dodge was the loser.

Five runs were unearned, four in one frame.

Tourneys Start at Cooley, Dixie

Ball Holds Howe's Lead

Ray Ball of Ortonville retained his lead with little trouble in the next to the last two-day session of the Howe's Lanes Singles while tourneys got started at Cooley Lanes and Dixie Recreation over the weekend.

Ball rolled 942 the opening week and has held off all threats since. Pontiac's Jim Bishop came up with the only new threat but had to settle for 3rd place with 907.

An 826 by Ball and Emery Tee's 247 still stand as the best actual scores at Howe's going into the final round.

Frank Miller of Orchard Lake, who rolled a 300 game in a big Detroit event several weeks ago, came up with a 674 total to take the early lead in the Oakland County Mixed Singles at Cooley.

★ ★ ★

The first five places were all held by men despite a 642 by Mrs. Pat Burch of Union Lake. Her husband, Merle, is 2nd at 658. Miller rolled the best game of the session with 238. The event ends Sunday.

The first of many weekends to come in the 2nd annual Dixie Recreation Doubles saw Lyle Jones and Lee Marino combine for 1303 to take the lead in the race for a $300 guaranteed first place.

Marino is from Pontiac and Jones from Drayton Plains. Norm Jennings of Clarkston was both on 2nd and 3rd place teams combining with Drayton men.

The standings are expected to undergo plenty of changes with action continuing through June 15.

Grafton Refuses to Give Up

Depressed City Is Battling Back

(Economic conditions are poor in most of West Virginia, but the situation is at its most depressed state in Grafton. There industry after industry has collapsed and one-fourth of the people are idle. Here's what they're doing to make a comeback.)

By CHARLES STAFFORD

GRAFTON, W. Va. (AP) — In 1959, the year of a reviving national prosperity, this is a depression town in a recession state.

West Virginia, heavily dependent on the depressed coal industry, is in trouble. An estimated 15 per cent of its 500,000 workers are unemployed.

Grafton, hardly dependent at all on the coal industry, teeters at the brink of ruin. Almost one of every four workers in the town and surrounding county is out of work.

Almost all of the town's economic props have slipped or snapped during the last 10 years. The Baltimore and Ohio Railroad has cut its local work force by one-third. Three other industries—a glass plant, a pottery and a brick factory—have closed.

FIGHTING BACK

Oddly, the 7,365 townspeople found inspiration in the latest and hardest blow—the closing of Continental Can Co.'s glass plant. They have begun a cooperative fight to save the town.

The U. S. Senate is considering legislation that could help them as well as other depressed areas. Sponsored by Sen. Douglas (D-Ill), it would make 385 million dollars available to such areas as loans to finance industrial plants.

But rather than wait for congressional action, Grafton people are scraping together every available dollar to finance their own search for industry.

Grafton argues that it has much to offer—plentiful water, excellent railroad facilities, a willingness to build industrial plants and good recreation opportunities.

For several years some Grafton businessmen had been trying to get new industry. By purchasing land and erecting a building, they attracted a shirt manufacturer who employs about 150. They also talked the State Legislature into establishing a state park on Tygart Lake, behind the dam. Last year the park, with its excellent boating, swimming and fishing facilities, attracted 176,000 visitors.

★ ★ ★

This is the substance of Grafton's fight:

Tygart Valley Development Assn., Inc., capitalized at $100,000, is selling stock at $100 a share. The money will be used solely for investments that will attract industry. More than $30,000 was raised in the first month.

The Grafton Area Development Council, which will provide operating capital and planning and management services for the development association, has sold more than 1,300 annual memberships at $24 each. The council is looking now for a qualified director.

Council officers also are looking for a tenant for the plant vacated by Continental Can, which had turned the building over to the Tygart Valley charitable fund for only $1.

In the meantime, there are no breadlines or other outward signs of privation. Help for the unemployed is available through official agencies. But it is also a very personal thing.

Recently, a woman buying a new washing machine turned down the merchant's trade-in offer. She told him she planned to give her old washer to a family who couldn't afford to buy one.

State Highway System Aided by War, Bicycle

LANSING (UPI) — Super-roads to take motorists nonstop from Florida to Canada—through Michigan—are aims of the present federal highway program.

The plan has been spurred by wars, admiration for Germany's "autobahn" system in the 1930's and a bicycling craze in the "gay nineties."

Michigan's highway department is in the midst of a five-year program that will build more divided highways than have been built in its 53 year history, and 90 per cent of the money for interstate portions comes from federal funds.

Briefly, here's the history of federal road aid in Michigan:

After the War of 1812, the need for better roads to connect Detroit with the Ohio Valley and Army installations in Chicago resulted in the first territorial road from Detroit to Miami Rapids, Ohio.

★ ★ ★

By the mid 1830's, the national military road connected forts at Detroit and Chicago. It later became U.S. 112.

The Civil War saw Army engineers begin work on a road to connect Michigan with supply points to the south which later became U.S. 45.

Railroad expansion in the last half of the 19th Century put a hitch in road-building, but demands for better roads by bicycling clubs resulted in formation of the National Office of Road Inquiry in 1893.

1st STEP IN 1912

The first step toward federal participation in highway building came in 1912 when Congress appropriated $500,000 for the improvement of roads "over which the mails are carried."

In 1916, the Federal Aid Act inspired state lawmakers to appropriate $225,000 a year to the infant highway department for use in matching federal aid on a 50-50 basis.

Some 335 miles of roads were built under this plan at a cost of $5,633,730.

The 1921 Federal Highway Act enlarged the building program and resulted in the designation "U.S." for interstate roads. Michigan received nearly 34 million dollars under this program in 1921-32.

★ ★ ★

The state received more than 38 million dollars in 1933-34. Some of the money went for the first time to improving secondary or "farm-to-market" roads.

ENVIED 'AUTOBAHNS'

It was during this period that roads were changed from a design for average speeds of 25 miles an hour to more modern types.

Highway engineers returning from Germany in the late '30s had glowing reports of that nation's "autobahn" system, a network of controlled access superhighways connecting major cities.

Murray D. Van Wagoner, then Michigan highway chief, said such a system was "highly desirable to meet the requirements of modern, high-speed traffic."

Federal legislation ni 1941 and 1944 recognized the needs shown in prewar studies by authorizing a substantial program for primary, secondary and urban highway development.

Michigan shared in about 500 million dollars annually from 1946-55 under these and other acts.

Stocks Bob About Unevenly

NEW YORK (AP) — The stock market churned unevenly early today after setting record highs on the past three sessions.

★ ★ ★

Most key stocks showed fractional gains or losses. A few blue chips mainly among chemicals, added a point or so. Some wider moves appeared among more speculative issues.

Steels and electronics were mostly higher. Oils were down. Coppers and rails were mixed.

★ ★ ★

The recent rise in American Telephone came to a halt as both the present stock and the when-issued stock based on the 3-for-1 stock split showed minus signs. AT&T present stock dropped a point. The when-issued eased fractionally.

Thiokol, up more than 3, resumed its rise on a 3-for-1 split while the when-issued held firm.

Another entry in the stock split sweepstakes, Pfizer, fell more than 3 points Trading began on Pfizer's when-issued stock at 42⅝, a slight premium over present stock. Lower earnings depressed Pfizer after it had made a big advance.

Allied Chemical, Du Pont and Eastman Kodak rose a point or better. Zenith fell about 10 in profit taking on its 27½-point run-up of yesterday.

★ ★ ★

Texas Instrument rose more than a point. U.S. Gypsum dropped a point or so.

★ ★ ★

Fractional gains were socred by U.S. Steel, Anaconda, American Motors and Boeing. A bit lower were Kennecott, Texas Co. and General Dynamics. Lukens Steel added 2.

Opening blocks included: American Standard up ¼ at 18⅝ on 18,000 shares; Ford up ⅛ at 64⅝ on 3,000; General Motors off ⅛ at 49¼ on 3,000; and Eastman Kodak up ⅝ at 81 on 2,700.

Japanese Welders Visit Pontiac, Compare Notes

The techniques and equipment used in welding in the Orient and America were compared in Pontiac yesterday when 10 Japanese welding specialists visited a local plant.

The specialists, who are members of the Small Business Welding Specialists Study Team, toured the Warren Alloy Plant of Progressive Welder Sales Co., 915 Oakland Ave., as a part of their nationwide tour of American industry.

The tour is under the auspices of International Cooperation Administration in Washington, D.C. Its itinerary is being arranged by the Training Within Industry, Inc. of Cleveland.

While at the Pontiac company, the group inspected the welding equipment and the factory then held a discussion period with executives of Progressive.

A luncheon followed at the Elks Temple.

The group is observing and studying production welding techniques in hopes of aiding Japan's small industries which act as subcontractors. Such companies have not utilized modern automatic or mechanized welding techniques.

★ ★ ★

Following the tours throughout the nation, the group will, by means of conferences, publications and a final published report, disseminate the ideas and information gained in America.

The project is under the guidance of the Japan Productivity Center, sponsors of the project.

Grain Market Activity Lags

CHICAGO (AP) — The feed grains attracted a rather indifferent support today in draggy early dealings on the Board of Trade but other grains and soybeans tended toward weakness.

After hitting a high for the past several weeks yesterday, cash corn receipts dropped off sharply today to only 62 cars for commercial positions.

Otherwise market influences were described as absent or minor. West Germany bought a small amount of soybeans and Formosa received an authorization for purchases later.

At the end of the first hour wheat was ⅛ cent a bushel higher to ¼ lower, May $2.03½; corn unchanged to ½ higher, May $1.26½; oats ⅛ higher to ¼ lower, May 66⅝; rye unchanged to ⅜ higher, May $1.40 ¼; soybeans ⅛ higher to 1 cent lower, May $2.28.

Recount Confirms Gillis as Mayor

Yesterday's recount of votes failed to unseat Duncan L. Gillis as mayor of Clawson.

★ ★ ★

He won the office by a vote of 1,108 to 1,104 in the April 6 election over Councilman LaVerne Anderson. The recount established the accuracy of original returns.

In 1951, Gillis won an election for Councilman by two votes after a recount was taken. He has served four terms on the city council.

Chrysler Report to Show Gains

First Quarter Earnings Higher Than Any 1958 Period, Says Colbert

DETROIT (AP)—Chrysler Corp. on April 30 will report sales and earnings in this year's first quarter higher than in any 1958 quarter.

★ ★ ★

L. L. Colbert, president, so informed shareholders in an address prepared for delivery at their annual meeting today. Colbert did not disclose figures. Net earnings in the final 1958 quarter amounted to nearly 11½ million dollars.

He said Chrysler will buy 735,000 shares of a new stock issue by Simca, French auto concern. This will be Chrysler's full quota under an offer of one share for each share held. Chrysler purchased a 25 per cent interest in Simca last year.

Colbert also told shareholders:

Chrysler has developed a small car "that will be fully competitive—and then some—when the right times comes to bring it to market."

About six million passenger cars probably will be sold in the United States this year including 400,000 to 450,000 imported units.

Since 1953 Chrysler has invested nearly 700 million dollars in plant expansion and modernization.

Chrysler produced 215,175 cars and trucks in this year's first quarter. It built approximately 192,000 units in the same 1958 quarter.

★ ★ ★

Colbert said Chrysler is "very much encouraged" by earnings in the past two quarters, despite interruptions in production.

Seek to Settle Rubber Strike at Three Plants

CLEVELAND (AP) — With a pattern already provided by Goodyear Tire & Rubber Co., negotiators worked today to reach agreements ending strikes by 58,000 employes of U. S. Rubber, Firestone and Goodrich.

U. S. Rubber, with 26,000 workers in the 12th day of a walkout, was negotiating with the United Rubber Workers in New York City. Firestone, with 18,000 production workers on strike, was bargaining here; and Goodrich, with 14,000 out, was meeting in Canton, Ohio. The strikes at Firestone and Goodrich are in their sixth day.

Together the walkouts add up to the biggest strike in URW history and are spread over 31 cities in 16 states.

In line with the practice of the union and the rubber industry's big four, there was no progress report on the bargaining sessions. Unofficially, however, the word was that any settlement today was unlikely and that it may take the rest of this week to reach agreements for all three.

More autos are purchased in Los Angeles than any other city in the world.

Bills Would Curb Price Drag

Wheat Surpluses Vexing

WASHINGTON (AP)—A House agriculture subcommittee today takes up the tough problem of what to do about ever-mounting wheat surpluses that act as a drag on the price the farmer gets in the market.

Chairman Carl Albert (D-Okla) scheduled a closed-door subcommittee session to huddle with representatives of farm organizations to see whether compromise legislation can be worked out to cut wheat production.

Albert said the main problem is to get the various farm groups and House and Senate members who have sponsored wheat bills to "give a little" so a constructive wheat bill can be steered through Congress.

Before the subcommittee today is a bill introduced last week by Albert who said it was a compromise proposal designed to get some action after hearing testimony for several weeks on many varied proposals.

★ ★ ★

The Albert bill would leave the national wheat acreage allotment at 55 million acres and provide a price support of 65 per cent of parity (compared with the present 75 per cent) for those wheat farmers who comply with their acreage allotments.

However, as an inducement to cut production, it would provide a price support of 90 per cent of parity for those wheat farmers who cut their wheat acreage allotments by not less than 20 per cent.

It would also freeze the 15-acre limitation, under which farmers can plant up to 15 acres of wheat without regulation or penalty, so that no farmer who had not previously used this provision would be eligible to do so for the 1960 and 1961 crops.

★ ★ ★

Meeting today with the subcommittee are spokesmen for the National Farmers Union, the National Grange and the National Assn. of Wheat Growers. American Farm Bureau officials will meet with the members Wednesday and other groups will be heard also in private on Thursday.

Oxford Parents Will Go to School

OXFORD — Parents will take their children's places in the classroom tonight and receive instruction from the teachers during the first half of the Daniel Axford PTA meeting at the school.

Parents will go directly to their children's rooms at 7:30 p.m. The tardy bell will ring at 7:35, at which time classes will start. They will be conducted the same as they are in the daytime with teachers using the same textbooks and methods.

Each instructor in the school has chosen to teach a class in one particular subject area.

The second part of the evening's program will be presented by members of the Board of Education in the school auditorium after recess dismisses the parents from the classroom.

The school officials will discuss the May 5 millage election. A question and answer period will follow.

Probation Officer Will Address Methodist Men

LAKE ORION — The Methodist Men's Club will sponsor a dinner meeting at 6:30 tomorrow at the church house.

Featured will be Albert Casey, senior probation officer of the Juvenile Court Division of Oakland County Probate Court. He will give sidelights on juvenile cases and describe means of coping with problems of youth.

Mr. Martin Crothers will lead the devotions, and the meal will be served by a WSCS Circle. The meeting is open to all men in Lake Orion.

Burroughs Reports First Quarter Rise

DETROIT (AP) — Burroughs Corp. yesterday reported an increase in first quarter revenues over those of last year.

The office equipment firm said its 1959 revenues were $80,922,856 as compared to $67,998,240 last year. This was equal to 23 cents a share as compared to 18.

Steel Production Sets New Record

NEW YORK (AP) — Steel production set another new record last week, totaling 2,657,000 tons, the American Iron & Steel Institute said today. Mills operated at 93.8 per cent of capacity.

The previous record was 2,641,000 tons, set in the week started April 6, when operations were at 93.3 per cent of capacity. For the past seven weeks production has either set a new record or tied the previous record.

Mills have scheduled operations this week at 94.8 per cent of capacity, calculated to produce 2,683,000 tons. A month ago production totaled 2,631,000 tons and a year ago 1,270,000 tons.

Unscheduled Launching

STONEHAM, Mass. (AP)—The unscheduled "launching" of a 24-foot boat damaged two automobiles and sent a motorist to the hospital.

When Ulric G. LaChapelle Jr., 32, lost control of his car, it bounced off a utility pole, shot into a driveway and plowed into a cradle-trailer on which the boat was being built.

SHARON HINKEL

The betrothal of their daughter, Sharon, to Robert Hartlein is announced by Mr. and Mrs. Hollis W. Hinkel of 215 Perrydale Rd., Rochester. The fiance is the son of Mr. and Mrs. Hilbert Hartlein of St. Clair. As yet, no wedding date has been set.

British Queen Notes 33rd Year Quietly, Alone

WINDSOR, England (AP) — Queen Elizabeth II marked a lonely 33rd birthday today.

★ ★ ★

Her husband, Prince Philip, is in Latin America on a world tour. Her mother and Princess Margaret are visiting Rome.

★ ★ ★

The Queen's two children, Prince Charles and Princess Anne, are with her at Windsor Castle. But Charles has just recovered from the chicken pox and Anne is isolated after catching the disease on Saturday.

★ ★ ★

A few flags were flown but otherwise there were no public celebrations. These are reserved for the sovereign's official birthday celebration in June, when good weather for outdoor festivities is more likely.

★ ★ ★

Today's weather was cloudy and cool.

The Queen is having Prime Minister Harold Macmillan and his wife as house guests tonight.

Guard Plants at Henderson

North Carolina Police Move In as Strikers Threaten New Violence

HENDERSON, N.C. (AP) — State highway patrolmen were ordered into this cotton mill town again today after violence broke out anew at the Henderson-Harriet plants.

★ ★ ★

Some 350 workers bedded down overnight inside the company's two plants when several hundred strikers gathered outside.

City officials had appealed to Gov. Luther Hodges for state police or National Guardsmen to help maintain order.

POLICE PATROL

City police armed with riot guns machine guns and tear gas patrolled the area during the night. They said occasional rifle shots were fired into windows of the two plants and at floodlights illuminating mill property.

The company said workers due off at 11 p.m. decided to remain inside because pickets had abused, threatened and cursed nonunion employes when they reported for work.

★ ★ ★

The strike had appeared ended Sunday when the Textile Workers Union voted to ratify a contract settlement. But union complaints on the status of returning strikers reversed the situation Monday.

Shortly before midnight officers reported a flaming object was thrown against a storage building at the South Henderson plant.

VOTED DELAY

The two local committees of the Textile Workers Union voted to delay signing the contract "until the status of returning strikers is clarified." Union officials reported only 30 strikers were taken back as the night shift began operations and said they had expected many more than that to be rehired.

★ ★ ★

The strike is off but it is not settled," said Boyd Payton of Charlotte, regional director for the union.

New Jersey has a state naval militia of more than 3,500 officers and men.

ANN LOUISE PONTZ

The betrothal of her daughter, Ann Louise Pontz, to Glen D. Smith, son of the late Mr. and Mrs. Donald C. Smith of Coldwater, is announced by Mrs. Louis A. Parent of 7581 Clintonville Rd., Clarkston. The bride-to-be is also the daughter of John H. Pontz of Lake Orion. She is attending the Bronson Methodist Nursing School at Kalamazoo and her fiance is a junior at Western Michigan University, Kalamazoo. No date has been set for the wedding.

Two Drivers Hurt on Losing Control

Two area drivers were injured in separate auto accidents early this morning when they lost control of their cars and ran off the road, said Oakland County Sheriff's Deputies.

Lois A. Dawkins, 49, of 112 S. Laurel St., Royal Oak, is being held at St. Joseph Mercy Hospital for observation today. She is in satisfactory condition after driving her auto into a culvert on South boulevard at Vardon street, Avon Township, just after midnight.

Gordon R. Allison, 38, of 49 E. Yale St. was treated at Pontiac General Hospital and released after his auto overturned in front of 3238 Baldwin Rd., Pontiac Township, at 1:50 a.m.

Had No Experience

TULSA, Okla. (AP) — Thomas Evans was explaining voting machines to potential customers when the questioning became a little too involved. Admitted the salesman: "I've never voted on a machine. The places I've lived haven't had them."

Press Leader Raps Secrecy

Head of Publishers Cites Growing Trend in Government

NEW YORK (AP)—The president of the American Newspaper Publishers Assn. today urged newspapers to persistently combat "an increasing tendency towards secrecy at all levels of government."

ANPA President D. Tennant Bryan, of the Richmond (Va.) Times-Dispatch and News Leader, addressed the opening of the association's 73rd annual convention.

★ ★ ★

The convention opened with three separate sessions for general discussion of newspaper problems. The sessions were for members with newspaper circulations under 10,000 from 10,000 to 50,000, and over 50,000.

★ ★ ★

Bryan spoke to the group representing newspapers with circulations between 10,000 and 50,000 of which Byron C. Vedder, Champaign - Urbana - (Ill.) Courier is chairman. He reminded them that newspapers in this group, according to a recent ANPA survey, represent 55 per cent of the association's 846 members. "Obviously," he told his listeners, "you are indeed the backbone of the ANPA."

Besides secrecy and government restrictions on advertising, he also cited spiraling production costs as one of the major problems facing newspapers today.

Mother, Son Injured as Auto Leaves Road

HIGHLAND TOWNSHIP — A South Lyon mother, Mrs. LaDonna R. Chapman, 30, of 350 Hagadorn St., and her son Henry, 5, were injured Monday when their auto went out of control and struck a tree on a curve on N. Milford road south of M59 in Highland Township.

Oakland County Sheriff's Deputies said both were taken to Pontiac General Hospital. The mother was admitted with a fractured knee and is in satisfactory condition. Her son was treated and released.

88 per cent of all intercity travel is by automobile.

In Memoriam 2

IN LOVING MEMORY OF Kenneth L. Milleur, who passed away April 21st, 1958.
Sunshine passes, shadows fall.
But love's remembrance outlasts all;
And though the years be many or few,
They are filled with remembrance, dear, of you.
Sadly missed by his wife Elaine, Mother and Father, Sister and Brother.

YOUTH OUT OF STEP — Handcuffed together and wearing signs reading: "I am a jackass teddy-boy," these two youths are forced to take their punishment in strides as they are paraded through streets of Athens, Greece. Police said the pair assaulted some girls and threw stones at them.

Princess Grace Expecting No. 3, Paper Claims

PARIS (UPI)—Princess Grace of Monaco is expecting a third child, a Paris newspaper claimed today.

The daily "Paris Journal" said the former Grace Kelly of Hollywood and Philadelphia "broke the news confidentially and very timidly to a lady friend in Paris."

There was no official confirmation of the report here, where Grace and her husband Prince Rainier are currently visiting his mother, Princess Charlotte.

Nor was there any confirmation from Rainier's palace in his tiny, 700-year-old principality of Monaco.

But palace spokesmen had denied any knowledge that the princess was expecting just a few months before the birth of her second child Prince Albert on March 14, 1957.

★ ★ ★

The "Paris Journal" report appeared to have all the earmarks of society gossip, but rumors that Grace was pregnant drifted into Paris a few days ago from Lausanne where she had her appendix removed last week.

The coincidence was certain to start inquiries at the Paris high fashion shops where Grace buys her clothes to see if she had ordered any maternity dresses.

She and Rainier arrived here Saturday from Switzerland with their first born, Princess Caroline, who is two years and three months old. Little Prince Albert had stayed behind in his palace playroom in Monaco.

★ ★ ★

At first it was thought that Rainier and Grace had come here to celebrate their third wedding anniversary last Sunday in Paris.

Then it was learned they were visiting with Princess Charlotte, Rainier's mother.

'You'd Better Not Cry, I'm Telling You Why'

GREAT NECK, N.Y. (AP) — Bartender Charles Naimo sued a former employer because he didn't receive a promised Christmas bonus. Legal papers he filed in small claims court cost him $2.14.

The employer settled out of court Monday — for 6 cents.

Warns Alaskan Grass No Greener

LANSING (UPI)—Michigan farmers thinking of homesteading in Alaska were warned today the grass is no greener up there.

State Agriculture Director George S. McIntyre today released contents of a letter he received from James W. Wilson, commissioner of the Alaskan Department of Agriculture.

Wilson's letter was prompted by the trip to Alaska by Detroit's 59ers.

"I have always maintained that there is room for good farmers anywhere including Alaska, but I am quite certain many of the folks who are heading north with only romantic notions are going to be disappointed," Wilson said.

The Alaskan commissioner said if a person cannot afford to farm in his own state, he cannot afford it in Alaska.

Wilson said he has been trying to "dispel some of the glamour of homesteading in Alaska."

Detroit Tot Dies in Tenement Fire

DETROIT (UP)—Anthony Reeves 2, died today in a fire that swept his second story flat.

Patrolmen Fred Greening and Leslie Russell spotted smoke pouring from the flat as they drove by.

The patrolmen rescued Mr. and Mrs. Arthur Reeves, the baby's parents and three other persons.

Greening suffered smoke inhalation in going back into the building to get Anthony. He was released after treatment.

The fire started near an oil stove.

Marie Torre to Speak

DETROIT (UP) — Marie Torre, columnist for the New York Herald Tribune, will be the main speaker at the annual Ladies of the Press breakfast in Detroit May 9. The breakfast is sponsored by the Detroit alumni chapter of Theta Sigma Phi and will be held at the Sheraton Cadillac Hotel.

County Judge Denies Retrial to Tsermengas

Demitrios "Jimmy" Tsermengas, convicted and imprisoned killer of a Texas hoodlum in Commerce Township in December of 1957, yesterday was denied a new trial by Oakland County Circuit Judge Frank L. Doty.

Tsermengas' new attorney, Carlton S. Roeser, argued the killing actually took place in a Detroit motel and not in Oakland County, and therefore, the local court had no jurisdiction.

Counter arguments were presented by Assistant Oakland County Prosecutor Jerome K. Barry Jr.

Tsermengas was sentenced to 20 to 40 years in Jackson prison Jan. 26 by Judge Doty for the fatal shooting of George Kean as they and two other Texas hoodlums made plans for a robbery in northern Michigan. They stopped in the Pontiac area to buy a police uniform and rifle they planned to use in the robbery.

93 per cent of state highways are surfaced.

Gobel Won't Recognize 'Ugly Old Alice' Now

By EARL WILSON

NEW YORK — "George Gobel wouldn't recognize his ugly wife Alice now — I lost 16 pounds," Jeff Donnell said from under a pretty black hat.

★ ★ ★

WILSON

"George always said after three martinis he got funnier and taller. Oh well," she grumbled good-humoredly, "nobody ever recognizes me.

"I played Alice for four years. But she was such a shrew and never smiled. I smile sometimes." Jeff Donnell smiled just then, most attractively.

"To show you — I play a nurse in my next TV show and I have to give a hypo shot.

"I went to a hospital and said, 'I'm playing a nurse and would like to know how to give a hypo. The nurse not only didn't recognize me — I'm sure she thought I was a narcotics addict!"

★ ★ ★

Jeff married Outdoor Advertising Executive John Bricker after her divorce from Aldo Ray ("My husband's crazy about billboards," she says).

"At my age do you think I'm too old to be called 'Jeff'?" she asked, across a table. "One advantage is that sometimes I get Jeff Chandler's very passionate fan mail.

"I passed him on the Hollywood Freeway once and I yelled 'I get your mail!' He acted like I was crazy or something."

JEFF

Jeff's landed three non-comedienne TV roles and signed for a dramatic role in a B'way show, "Faster, Faster," for fall — but she admits missing her ex-husband, Lonesome George.

It was suggested she might return to his show as his wife when he begins his half-hour format in the fall.

"Oh, I don't see how. I'm a New Yorker now," said Jeff (who was born in Maine and brought up in Maryland and Connecticut).

"But George was such fun. Like that time he and Alice stole that tombstone in Chicago. Six sober people couldn't have carried it, but they got it home. George said you never knew when you might need a tombstone."

THE MIDNIGHT EARL . . .

Frank Sinatra and **Sammy Davis Jr.** made up at Las Vegas — at the insistence of Mgr. Jack Entratter who said "Come on, you two creeps!" While Sammy was watching rehearsal, Frank came off stage, shook hands, and they embraced. Tennessee **Ernie Ford's** looking for a baseball team to put some of his peapickin' dough into . . . **Aly Khan's** long-time girl friend **Bettina** told him she'll marry a Paris businessman . . . **Don Ameche** and **Guy Lombardo** are planning a TV show together.

EARL'S PEARLS: Business today uses twice as much secretarial help as it did 25 years ago. We're still just as mixed up—but now we make duplicates of it.

WISH I'D SAID THAT: Because a woman gets a mink or diamonds doesn't mean her husband got a better job. Maybe she got a better husband.—H. C. Diefenbach. **That's earl, brother.**

Godfrey Quits for Treatment

To Enter Hospital as Chest Tumor Is Found in His X-Rays

NEW YORK (UPI) — Arthur Godfrey will leave his CBS radio and television programs at the end of this week for an indefinite period to submit to further examination and treatment of a suspected chest tumor, it was announced yesterday.

He told his television audience: "This old Irish ruin has got some ivy growing in the chest. Next weekend I'm going to a hospital and maybe get it trimmed out."

He said that doctors had not yet determined whether the growth was malignant or benign. A spokesman said physicians have not determined whether surgery will be necessary.

Godfrey flew his private plane to his Virginia home last night and will continue his broadcasts from there for the rest of the week. He will also film his television show there for next Tuesday, his last for an unpredictable time, the network said.

Godfrey, 55, said the growth had been discovered in X rays after he complained of pains in his chest which, he said, he at first thought were caused by indigestion. He was said to have been in generally good health since his operation in 1953 to correct old injuries to his hips.

U.S. Airman Held in Dope Smuggling

TOKYO (AP) — An American airman was accused today of trying to smuggle a million dollars worth of heroin and opium from Hong Kong to Japan for a Chinese dope ring.

The U.S. Air Force said Airman 1.C. Marshall Ray Wilmot, 25, of Laverne, Okla., had admitted acting for the ring. It said he had nearly five pounds of heroin and eight bars of opium alkaloids when arrested March 28 as he completed a flight from Hong Kong.

A Japanese official said one Chinese in Tokyo and two in Hong Kong had been arrested as members of the ring.

Wilmot is being held in a military jail. No charges have been filed against him.

Will Run Again

Winnie Raps Russians

LONDON (UPI) — Sir Winston Churchill, 84, urged the West last night to remain "united and strong" in its Berlin negotiations and warned that a battle for Berlin could engulf the world in a nuclear conflict.

The aging statesman broke a two-year political silence to admonish the Soviets it was not necessary for their leaders to warn of the dangers of the use of armed force to solve the Berlin crisis since "we are aware of this."

His speech appeared to be partly in answer to a series of Soviet charges that the United States and other Western powers were guilty of "provocations" aimed at "whipping up war tensions" on the eve of the May 11 big four foreign ministers conference in Geneva.

He also announced he would be a candidate for re-election to Parliament.

TV News and Reviews

Desilu Has Good Offering in 'The Untouchables'

By WILLIAM EWAED
United Press International

NEW YORK (UPI)—CBS-TV's Desilu Playhouse has had some sticky going this season, but last night it uncorked an hour with some swift and crackle in "The Untouchables."

★ ★ ★

"The Untouchables" was the first half of a two-parter which will deal with the efforts of a squad of seven federal agents to poleax the Capone mob.

To keep it honest, I should add that Paul Monash's TV script is based upon a book co-authored by Eliot Ness of the FBI and Oscar Fraley of the UPI, an alphabetical orchard in which I also toil.

Last night's opening chunk was a trifle episodic, but when you're setting the stage in this sort of large-scale operation I suppose a little jumpiness is inevitable.

Even so, director Phil Karlson kept events spinning at a pretty fair clip and one sequence—which dealt with an attempt to set up a tricky telephone tap—was a real gripper, stuffed with a painfully effective combination of humor and grinding suspense.

★ ★ ★

SHORT SHOTS: I caught only the first half of ABC-TV's special, "The Investigators And the Law," because it overlapped Desilu Playhouse.

It struck me as an engrossing effort and some of the footage of the old Kefauver crime hearings and McCarthy investigations was captivating—all of it still had a rather eerie feeling of immediacy, of an unrehearsed drama exploding right in front of the eyes.

TV has largely abandoned this sort of live, sustained coverage of events, a melancholy circumstance, since it is TV at its most exciting.

★ ★ ★

THE CHANNEL SWIM: A live situation comedy with Don Ameche, Too Young To Go Steady, will replace NBC-TV's Oldsmobile Music Theater on May 14. . .CBS-TV's Ed Sullivan has postponed his August trip to Rome—he now plans to film a show there during the fall.

Area Men Mute on Dirty Pickle Plant Charge

Oakland County Circuit Judge Clark J. Adams yesterday entered innocent pleas for a Highland Township father and son accused of operating an unsanitary pickle factory.

Charles E. Needham, 65, and Arthur F. Needham, 34, both of 254 Livingston St., were arraigned before Judge Adams, and their attorney, Clarence L. Smith, said both his clients wished to stand mute to the charge.

The charge was brought by James McCallum, State Department of Agriculture inspector, who accuses the Needhams of operating their canning factory for three days without any water supply and allowing birds to fly through broken windows and over pickling vats.

Judge Adams continued $200 personal bonds for both men. Both have been furnished.

The trial probably will be held during the next term of court which begins May 5, Judge Adams said.

Miami Women's Editor to Switch to Free Press

MIAMI, Fla. (UP)—Dorothy Jurney, women's editor of the Miami Herald for the past nine years, is transferring to the Detroit Free Press as women's editor of another Knight newspaper.

Before coming to Miami, Mrs. Jurney was assistant city editor of the Washington, D. C., Daily News.

Lee Hills, executive editor of the Knight Newspapers, announced the shift yesterday.

She will continue as women's editor of the Herald until May 15.

And Woman Driver Is Even Greater Rarity

Sports Car Big Show in Moscow

By ALINE MOSBY

MOSCOW (UPI)—Next to the American ice show and Lenin's Tomb, the biggest attraction in Moscow these days appears to be my automobile.

It's the first sports car to live in Russia, a racy, white, little MGA.

And a female behind the wheel brings even more astonishment in this land where woman drivers are rather rare.

REAL SIDESHOW

If admission could be charged, I'd be rich from the sidewalk spectators who have laughed at, ogled, patted, stared into and under and even jokingly tried to lift my little machine. I can't edge through the crowded shopping streets without an audience of Soviet citizens literally tying up traffic by crowding around the MGA.

If I pull to the curb to inspect a map, within seconds the car is hemmed in by a friendly mob six deep.

"How fast can it go? What country is it from? How much horsepower? How many cylinders?" The machine-loving Russians want to know.

As an encore, I lift the hood. One journalist quipped that my car should be part of the USA-USSR culture exchange program with the Russians sending a curiosity of its own to the states.

★ ★ ★

Driving a car in the Soviet Union is a wild adventure in other ways. Despite advance fears, getting it into the country is a cinch. Ship it to Moscow like a piece of baggage, and the Soviet customs doesn't charge one kopek taxes, unlike other countries.

From then on it's not so easy. Russia doesn't have many automobiles yet, so you can't find a filling station on every other corner. There are two stations for foreigners.

You can buy all the gasoline you want at 25 cents a gallon—with coupons obtainable via red tape. The gasoline is fine for Soviet trucks but gives a delicate sports car indigestion.

Garages to keep your car in are rare. So are repair garages. You bring a do-it-yourself kit and make your own repairs.

PLENTY OF RULES

There are 150 driving rules. One orders you to keep the car washed. Once a policeman threatened to take away the driver's license of a UPI correspondent who was driving a dusty auto and thus detracting from the neatness of the city. Another journalist was stopped because his front bumper was rusty.

★ ★ ★

The police examine your car for two hours before selling a license plate. And to get a driver's license is a major 7-year plan.

You have to be able to take the engine apart. (But I can't get mine back together again). One American diplomat's wife who still can't find the carburetor has flunked the test five times.

Americans could well ponder the stiff Soviet traffic laws that probably cut down on accidents. If you dent somebody's fender you can lose your driver's license for a year.

★ ★ ★

But there's one tremendous advantage to driving a car in Moscow. You can always find a place to park!

Would-Be Thief Gives Up, Saves His Look-Alike

NORFOLK, Va. (AP) — Young Daniel W. Dough Jr. no longer faced the prospect of a jail term for attempted bank robbery today because the real would-be robber turned out to have a heart.

James Edward Anderson, 20, an ex-Navy man who is almost a double for Dough, came to the FBI Monday and admitted it was he—not Dough—who tried to rob the Bank of Virginia here last Friday.

★ ★ ★

Anderson said his conscience had pestered him ever since Dough, 19, a newspaper copy boy, was arrested and charged with attempted robbery.

Police promptly exonerated Dough and held Anderson in jail in default of $2,000 bond.

"I'm glad the guy had a conscience," said Dough.

Dist. Atty. John M. Hollis said Dough and Anderson "looked amazingly similar" — almost like twins.

★ ★ ★

By rare coincidence, both had been to the Bank of Virginia the morning of the robbery attempt.

The would-be robber had handed Mrs. Eileen Thomas, a teller, a note demanding money. Mrs. Thomas, thinking it was a joke, laughed and the would-be robber fled.

Dough was picked up shortly afterward and identified by Mrs. Thomas.

★ ★ ★

Monday the teller said she was mistaken. She and two other bank employes identified Anderson.

Dough had been to Mrs. Thomas' window at the bank to cash his paycheck only 20 minutes before the attempted robbery.

The FBI said Anderson was discharged from the Navy six weeks ago. His home is in Niagara Falls, N.Y.

Bus Skids, Crashes; 1 Killed, 17 Injured

ALBUQUERQUE, N.M. (AP)—A cross-country bus slid out of control on a rain-slick stretch of US. 66 Monday, killing one person and injuring 17, including the driver.

★ ★ ★

The victim was identified as Pauline Zareva, 72, Youngstown, Ohio.

Christine Russell, 36, of Phoenix, Ariz., underwent surgery to relieve a brain injury.

★ ★ ★

Mrs. Zareva's daughter, Mary Forester, 47, of Hubbard, Ohio, said: "I must have blacked out. When I woke up, the bus was over on its side. Mother was under me, and two or three other people were on top of me."

The accident was about 25 miles west of here.

Governor of Alaska Resumes Full Duties

JUNEAU, Alaska (AP) — William A. Egan, rushed to a hospital hours after being sworn in as Alaska's first elected governor, Jan. 3, took over the full duties of his office Monday.

The 44-year-old Democrat, far below his normal weight but optimistic, returned to Juneau a week ago. He had been given only a 50-50 chance for survival after being flown to Seattle for an emergency abdominal operation.

Egan expects to return to Seattle soon for a relatively minor gallstone operation.

Reports Antibiotic Lowers Fat in Blood

NEW YORK (AP)—A Columbia University doctor reports an antibiotic has lowered blood cholesterol in 22 patients.

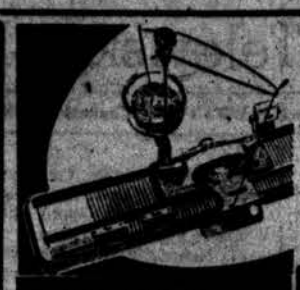

Cholesterol is a substance in the blood which contributes to fatty deposits along the inner walls of blood vessels. It is considered to be a factor contributing to heart attacks and strokes.

★ ★ ★

Dr. Alfred Steiner said at a news conference Monday that the antibiotic neomycin lowered cholesterol levels an average of 21 per cent over a four-month period. There were no harmful side effects.

The patients treated varied in age from 21 to 72.

We suggest a Fiesta...
If you want the most in a station wagon!

*Optional at extra cost on Fiesta models. Dual exhaust system illustrated also optional.

No matter what you have seen in station wagons before, we're sure you'll be delighted with the all-new Oldsmobile *Fiesta*. Here is the most beautiful blending of style, comfort and utility you've ever known. It's roomier inside than ever before. Rear seats can be changed into cargo carrying space at the touch of a finger—and back again in an instant. Olds engineers eliminated the lift gate for '59 . . . the rear window slips neatly into the tailgate.

What's more, for extra protection, long-lasting vinyl in a wide range of colors covers all hard-wear areas . . . while passenger areas are as tastefully designed as an Oldsmobile sedan! There are so many new and different things about the Fiesta, you'll want to try them all . . . and this is the time to start!
