

Rebels Claim Linkup With Escambray Allies

Laos Regime Reported to Be Getting Weaker

U.S. to Answer Call for Help With Up to 300 Military Advisers

By The Associated Press
American sources today described the situation of the Laotian government as steadily growing weaker.

The Vietnamese regime asked for more help, and officials in Washington said the United States has agreed to send military advisers, totaling up to 300, into combat zones.

A dispatch from Vietnam said this means that American military advisers who have described themselves as civilians will don uniforms and become a full-fledged military advisory group.

Britain launched another diplomatic move to end the fighting. Foreign Secretary Lord Home announced in London that Britain has asked the Soviet Union to join in issuing a call for a cease fire Thursday.

Sir Frank Roberts, Britain's ambassador in Moscow, was instructed to try to get an immediate cease fire, Lord Home said, and conferred with Soviet Foreign Minister Andrei G. Gromyko.

WANTS CONFERENCE
Lord Home said Britain wants a 14-nation conference on Laos to open May 5, after an international commission has verified the fighting has stopped. The United States also insists on a cease fire before a conference.

Up to now, the U.S. military men in Laos have been on an ostensible civilian status because a treaty put actual training of Laotian troops into the hands of the French, the former rulers of Indochina.

The United States has sent more than \$300 million in aid to Laos, mostly in pay for the army that so far has been unable to stop the inroads of Communist forces seeking to control the Southeast Asian nation.

Laotian officials claimed today that a four-pronged major offensive by the rebels was under way with Vietnamese troops helping.

See 70 New Judgeships

WASHINGTON (AP) — The House today is expected to reject Republican objections and create 70 new judgeships for the federal courts. The Senate already has added 73.

Centennial Spirit Catching; Needn't Fear Keystone Cops

Centennial leaders, impressed with initial Centennial enthusiasm in Pontiac, reported today that the ladies are gaining on the men.

At the same time, headquarters continued to soothe any worries that those who cannot or do not want to participate in Centennial activities will be embarrassed publicly.

On the subject of enthusiasm, an estimated 7,000 to 8,000 Pontiac area men have started beards since they were proclaimed an official part of the Greater Pontiac Centennial Feb. 28.

An even more impressive feat has been accomplished by the women. More than 6,000 of them have signed up for the Centennial Bells in the two weeks since women's participation was launched.

These figures were provided by Leo Speth, headquarters manager, who described the early Centennial enthusiasm as "just about the strongest and most widespread" in his 28-year career as a Centennial promoter.

Meantime, the general chairman of the Centennial, Stuart E. Whitfield, pointed out that anyone worried he would be arrested for

lack of Centennial regalia has been worrying needlessly because the Kangaroo Court has not been activated yet.

"Nobody has to be worried about going downtown, or to any other shopping area on Friday or any other day," Whitfield said. "We're encouraging fun and participation, not discouraging shopping."

Keystone Cops, appearing occasionally throughout the greater Pontiac area, serve as a reminder that buttons, bonnets, bow ties, beards and centennial hats are encouraged as official regalia, Whitfield said.

"We think just about everyone in the Pontiac area wants to join in the spirit of celebration," said Whitfield. "The early figures justify this optimism. Thousands a week are joining the ranks of the wearers of official regalia."

"Those who do not want to join with us for personal reasons or those whose financial condition is such that they can't afford some of the items are, nevertheless, as welcome as anyone to participate whenever and wherever they can. They will not be arrested, fined or embarrassed."

"A Centennial is the time to make new friends, to renew old friendships, to entwine new public spirit. We know that this Centennial will accomplish these aims if we all enter into our celebration in the spirit of cooperative fun," Whitfield said.

Reports Ships Off Cuba

ST. PETERSBURG, Fla. (AP) — A Cuban Navy coastal radio broadcast early today reported sighting ships off Bahai Honda, 45 miles west of Havana on Cuba's north shore. The coastal station reported it had 15 militiamen on hand to meet any attempt at landing.

Committee Chairman Karl Kurka of Czechoslovakia told newsmen he hoped for a vote before tonight.

Cuban Foreign Minister Raul Roa told the committee he had received word from Havana that Castro's forces had shot down a military plane piloted by an American and that his body was in possession of the Castro government. He said the plane had dropped a number of bombs before it was brought down.

Guevara Near Death?
MIAMI (UPI) — A powerful Caribbean radio station used by exiles claimed in a broadcast early today that Cuban economic czar Ernesto (Che) Guevara is hovering between life and death as a result of a recent self-inflicted wound.

Jobless Alarm Reuther

By GEORGE T. TRUMBULL JR.
Getting America's \$14 million unemployed workers back to work overshadows all other national priorities laid down by UAW President Walter P. Reuther in Pontiac yesterday.

If unemployment and other weaknesses in our economic and social systems are not corrected—and soon—Soviet Premier Nikita S. Khrushchev may succeed in his boast that "he will bury us somewhere down the road of history," Reuther warned.

Speaking at the Elks Temple before some 300 members and guests of the Downtown Pontiac Kiwanis Club, including members of other area service clubs, the fiery leader of the country's largest union challenged his ultimate audience to join in "sobering up" America to the major problems she faces.

America's future will be determined by how and if problems are solved, and not whether the destructive power of our H-bombs and the thrust of our ballistic missiles is greater than Russia's, he said.

"Aside from the 'back to work' target, Reuther said the inadequacies of our educational system, the failure to practice what we preach on civil rights, and the need for new technological ideas are the other three in our nation's system which must be cured first."

"MUST SPEED GROWTH"
"Slick Madison Avenue slogans are not enough," Reuther said. "There are basic weaknesses in our national economic system that aspirins will not cure."

The rate of economic growth in the U.S. must be accelerated "at least 5 per cent instead of the 2 per cent rates experienced during the times of three recessions, he urged."

Another cancer plaguing our economic system, he said, is that the pocketbooks of millions of American families aren't full enough to keep up with the capabilities of the expanding production power.

"It's the imbalance between higher productive power and greater purchasing power that confronts us," Reuther said.

He promised a "partial contribution" in this direction when his union of auto workers sits down beginning July 1 for contracts negotiations with the Big Three. He didn't elaborate.

Considering the so-called babies becoming of job age, the 2.8 million workers he said will be replaced by automation, and today's 5 1/2 million jobless, the union leader warned that the country must keep up by creating as many as 10 million new jobs.

U.S. Airman Killed in Raid, Castroites Say

Intense Firing Reported at a Naval Installation 25 Miles From Havana

From Our News Wires

The Cuban Revolutionary Council said today its invading forces have "completed the planned first phase of their military operation in the South of Cuba" and linked-up with guerrilla groups in the Escambray Mountains.

The operation was reported to be under continuous attack "by Soviet Migs, heavy tanks and artillery."

Cuba's radio said one of the planes were shot down, four others

GUANTANAMO BAY, Cuba (UPI)—Rear Adm. Edward J. O'Donnell, commander of the U.S. naval base here, announced that the aircraft carrier Randolph will arrive this week for "routine training."

He said the carrier left Norfolk, Va., Tuesday.

North American military aircraft piloted by an American who was killed.

Trouble appeared brewing at the Plaza de Guanabacoa naval base 25 miles east of Havana. Castro's radio said intense firing had broken out there, but gave no explanation.

The linkup of the invaders and guerrillas in the old revolutionary battleground of Escambray was reported by the Cuban Revolutionary Council in New York.

Guerrillas in the mountains have been holding out despite months of attempts by Castro's army and people's militia to dislodge them. They once numbered up to 5,000 men but how many remain is unknown.

A Revolutionary Council communiqué said, "Numerous elements of the forces from the Cuchillo Bay area have completed a movement north of Cienfuegos from which they will be able to reinforce the patriots already fighting in the mountains."

Cienfuegos is about 50 miles to the east of the original beachhead in the Bahia de Cochinos area.

"HEROIC ACTION"

"It can also be revealed that additional guerrilla units have infiltrated Matanzas Province," the communiqué said.

"The heroic action of a small holding force which resisted Soviet tanks, artillery and aircraft during the last 20 hours made this result possible."

The communiqué added that according to the revolutionary command's latest information, "This force continues its valiant fight against tyranny."

The revolutionary communiqué was issued shortly after Premier Fidel Castro's government claimed it shot down the four planes on bombing missions over Cuba this morning.

The Castro regime also boasted that the invasion force in South America was being repulsed.

The result was a comparatively short 500-word message sheared of usual diplomatic verbiage and using stronger terms than the restrained language Kennedy has used so far in his effort to get along with the Soviets.

Authoritative sources said Kennedy personally devoted much time to wording his reply and conferring with advisers.

The result was a comparatively short 500-word message sheared of usual diplomatic verbiage and using stronger terms than the restrained language Kennedy has used so far in his effort to get along with the Soviets.

GETS KENNEDY REPLY—Soviet Ambassador Mikhail A. Menshikov (center) is flanked by newsman who interview him on the fly. He is shown leaving the State Department in Washington Tuesday after receiving President Kennedy's reply to Premier Khrushchev's appeal to end the Cuban invasion.

AP Photos

U.S. Would Battle Russ in Cuba, Kennedy Tells K

WASHINGTON (AP) — President Kennedy has fired a straight-from-the-shoulder warning to Soviet Premier Khrushchev to keep hands off Cuba.

Kennedy made it clear in a message to the Soviet leader Tuesday night that the United States will take immediate steps to counter any military intervention by outside force in the Cuban fighting.

The President declared moral support for the "Cuban patriots in their struggle for freedom" and said again that the United States intends no military intervention.

As Khrushchev's reply to Kennedy's message was awaited, officials here reported no evidence of any military follow-up by Khrushchev to his threat to supply "all necessary assistance" to Cuba's pro-Communist Fidel Castro regime.

Khrushchev's threat to Castro came early Tuesday in a message to the White House.

PUBLISHED AT ONCE
In tit-for-tat on Moscow's publishing Khrushchev's note before it reached Kennedy, the White House made public Kennedy's answer at the same time Tuesday night that Secretary of State Dean Rusk gave it to U.S. Ambassador Mikhail Menshikov.

Authoritative sources said Kennedy personally devoted much time to wording his reply and conferring with advisers.

The result was a comparatively short 500-word message sheared of usual diplomatic verbiage and using stronger terms than the restrained language Kennedy has used so far in his effort to get along with the Soviets.

Chrysler Men Weather Storm Meeting

Colbert Boomed on Bad Sales

Session Dominated by Angry Stockholders but They Lose in Voting

By BEN PILEGAR

DETROIT (AP)—Chrysler Corp. management headed by L. L. Colbert has weathered another stormy annual meeting but there was little indication today its critics have been silenced.

Dissident shareholders dominated a four-hour session Tuesday. They drew cheers from a standing-room crowd of 1,000 with their demands that Colbert resign. He is both chairman and president.

And Colbert was booed loudly when he contradicted the only fault with the auto company was a lack of sales.

Colbert said sales were off 37 per cent from last year during the first quarter and blamed the drop in part on what he called a campaign of harassment by critics of management.

First quarter earnings will be reported next week Thursday. Since there had been no formal proxy fight, the election of management's slate of 18 directors had been assured in advance. As a group they received 78.9 per cent of the eligible vote.

PROPOSALS DEFEATED

Six stockholder proposals opposed by the directors also were defeated as expected, although one drew the opposition of only 54.3 per cent of the eligible shares.

This proposal, by James Robbins of Royal Oak, would have limited Chrysler employees to not more than 25 per cent of the seats on the 18-man board of directors.

The slate as chosen includes seven outside officers, a partner in Chrysler's general legal counsel and 10 outside directors, none of whom attended the meeting.

Tobbins said he was extremely gratified at the support given his resolution "since there was absolutely no solicitation and the corporation has gone so far in meeting my demands."

The old Chrysler board included 10 company officers, the legal counsel and nine outside men.

Four Ask Hearing on Looting Charge

Four youths accused of looting the food freezer in a Pontiac woman's home demanded examination yesterday before Municipal Judge Cecil McCallum.

They are charged with removing meat and groceries from the home of Mrs. Catherine DeLong, 218 Russell St., on April 9.

Pretrial hearings for the four, all charged with larceny from a building, were set for April 26 by the judge, who set bond at \$1,000 each.

Accused of the theft are James L. Taylor, 13, of 7 S. Shirley St.; Valentine D. Bird, 18, of 51 Pine St.; Jerry McCall, 20, of 3875 Mill Lake Road, Orion Township; and John M. Pouch, 18, of 339 N. Parko-St.

"NEED A CAR — BUY IT NOW" — This is the slogan of the campaign that will get started in Pontiac tomorrow and run through next week. The event is sponsored by the city of Pontiac Automobile Dealers Association to acquaint local residents with 1961 model cars.

Reading Mayor Philip E. Rowan's proclamation observing the automobile event are pretty Mary Ellen Vaughn of 6450 Snow Apple Drive, Independence Township, and Lloyd Heusser, owner of Lloyd Motor Sales and president of the association. Mary Ellen is a secretary at Matthews-Hargreaves Chevrolet.

Take a Look, Go In and Buy!

New Car Street Display to Spur Sales

Pontiac area residents will be getting a good look at new model cars tomorrow, Friday and Saturday as members of the Pontiac Automobile Dealers Association display their latest products on Saginaw Street.

The three-day display will carry over next week off the street when dealers will continue offering exceptional deals in showrooms in an effort to spur spring sales of new cars.

The entire event has as its motto: "Need a car? Buy it Now."

At about 5 p.m. Thursday, association members will begin parking their new models on Saginaw between Huron and Lawrence streets.

There will be no selling on the street, but dealers will be on hand to explain the finer points of their makes and models and to answer questions of passers-by.

Association members are Matthews-Hargreaves Chevrolet, R. Motors Chrysler-Plymouth, Pontiac Retail Store, Jerome Olds Cadillac, John McAllister Ford, Lloyd Motor Sales Lincoln-Mercury, and Oliver Motor Sales Buick dealer.

Reuther Concerned by U.S. Unemployed

(Continued From Page One)

new jobs every 5 1/2 weeks as General Motors officers.

On the subject of educational deficiencies, the vice president of the AFL-CIO said for this country to get ahead of the Russians more scientists and engineers must be graduated.

"Why do you think the Russians put that man in space?" he asked. "Not because they read Karl Marx's Das Kapital or the works of Lenin, but because of a tremendous educational effort in great depth followed by a comparable technological push."

"We can have utter contempt for the Russian system and values, but let us not have contempt for their technological progress."

With such incidents as Little Rock a black mark on our civil rights record here, Reuther said, it is difficult for Americans like himself to travel abroad and boast of accomplishments of our society.

"Without such a guarantee of these rights," he said, "we will lack the kind of moral credentials we will need to lead in the free world."

"Oh, yes, we have brotherhood weeks and banquets across the country each year," Reuther added. "We even have segregated brotherhood meetings where sometimes they drop the brother and keep the hood."

Another ill this nation must cure is medical care for the aged, the speaker said. He said the nation is treating this problem "as badly as we know how."

Americans must stop being "corrupted by the value of the market place," Reuther also told the audience.

"We're going to be judged not by our material wealth or chrome on our Cadillac, but by what we do with what we have."

Investigate \$25,000 Fire at Store in Ferndale

FERNDALE—A fire that caused an estimated \$25,000 damage to the Witbeck Household Appliance Store at 23365 Woodward Ave. yesterday is being investigated by Ferndale firemen.

The store had been closed for two hours when the blaze was discovered and reported by a passing motorist shortly before 7 p.m. Firemen said the fire started in a storeroom at the rear of the building.

The Day in Birmingham

\$433,495 Sum Proposed for Capital Improvements

BIRMINGHAM — City Manager L. R. Gare has submitted his annual report on the proposed 1961-62 capital improvement program to the City Commission for study.

The total program would cost an estimated \$433,495, according to Gare. He said there is currently \$182,475 in the capital fund budget, leaving a balance of \$251,021 needed for the completion of the recommended program.

"Many of the projects which are recommended for the 1961-62 budget have previously been discussed by the commission and one or two have been tentatively approved," stated the city manager in his report.

The projects, he said, have been set up as "tentatively committed," "special projects" and "general improvements."

The special projects have been generally recommended by various department heads and the regular capital improvements were proposed by Gare's office.

The tentatively committed program totals \$223,550 and includes such projects as rebuilding and resurfacing, the Northlawn, Oak and Willis streets bridges and improvements to the sewage treatment plant.

The special projects include the residential and downtown business sidewalk programs, improvements to the Municipal Building, Department of Public Works improvements, traffic signals, aerial photos, road paving, library maintenance, a personnel study, a planning consultant and Eton Park improvements.

The total cost of the special projects would be about \$130,000.

The general capital improvement program laid out by Gare would cost \$137,200. It includes a rebuilding and resurfacing program, tennis court and parking improvements, Oakland Avenue right-of-way, Oak and Avenue paving from Huron to Ferndale, a general repaving project and the Manor Road sewer.

A list of 18 future capital improvements also was submitted to the commission for consideration. Gare said that not enough detailed information has been prepared on these projects to present an estimate of cost but he felt that commission should be alerted to some of the problems facing them in the future.

Mrs. William Waterbury will be the guest speaker tomorrow at the monthly meeting of the Child Study Club of the Congregational Church of Birmingham.

Walks on Highway, Now in Hospital

A Waterford Township man was struck by a car at 5 p.m. Tuesday and is listed in fair condition today at Pontiac General Hospital.

Anthony Prake, 46, of 8757 Cooley Beach Drive, was walking southwest on Dixie Highway near State Circle when he was hit by a car driven by James M. Mackay, 25, of 2286 George Land St., Dryden Plains.

A witness, Mackay of 2380 Cloverfield Drive, Waterford Township, told police that Prake was walking directly into the path of Mackay's car.

Physicians at the hospital told police that Prake was intoxicated when the accident occurred. Prake had visited a nearby tavern shortly before the accident.

Say Federal Govt. Is Blocking Jews

WASHINGTON (AP)—A committee of editors reported today that newsmen, despite their freer access to the White House itself, are having trouble with news suppression in the Kennedy administration.

Several hundred editors, opening the annual meeting here of the American Society of Newspaper Editors (ASNE), found waiting a critical report from the society's Freedom of Information Committee headed by Eugene S. Pulliam, managing editor of the Indianapolis News.

The Pulliam report noted that President Kennedy before and after his election "was on record in writing as believing in freedom of information and in his duty to see that the people are informed."

"To date, neither he nor his administration has lived up to his promise," the report said.

The report was presented to the ASNE board Tuesday. ASNE officials, announced at the meeting that 11 Soviet editors will visit the United States.

It advised the ASNE that Kennedy's news secretary, Pierre Salinger, has failed to answer nine questions put to him by the committee over the past year concerning specific instances of withholding news.

Meanwhile, said the information report, "there have been increasing complaints from the Washington press corps, most of them justified."

Kennedy, six of his Cabinet officers and other officials of the new administration will address the society during its four-day meeting.

With Castro Bearded, Your Infidelity Is Plain

Russki Si, Cubanski No, Eh, Nikita?

By BOB CONSIDINE
NEW YORK—Imaginary recent phone conversation between parties in Havana and Moscow.
"Hello... Comrade Nikita Sergeyevich? This is your friend Fidel."
"Fidel who?"
"Fidel Castro. Ca-a-t-t-o."
"I can't place you. What do you want to say to me?"
"Help! That's what I want to say."
"Sorry, we've got a bad con-

nection here. It sounds like you're asking for help."
"You said it. You promised. Remember when we were together at U.N. last fall, and you kept coming up to Harlem to see me pluck the chickens? Remember you were going to kill everybody with rockets if they picked on me? Well, they're picking on me, Comrade."
"Are you that short bald shooonk from Albania kept boddering me in New York?"

"Comrade, you must remember me. Fidel. Cuba. Big fellow with the black beard. You kept hugging me for the newspapers."
"You got me mixed up with somebody else. Maybe you're thinking of Gornik, Kadar, some creep like that. Mir Drubshin!"
"Help!"

I thought Ambassador Adlai Stevenson's reply to Cuban Foreign Minister Raul Roa in the United Nations was one of the most gifted public declarations of our time.

listlessly to Roa's defense, then tried to end the matter by calling for a luncheon recess. Stevenson's reply was so masterful and belted him out, too, with a few quiet but steel-edged observations.

New Yorkers own WNTA-Channel 13 a debt of gratitude for airing the momentous debate in full. Soap and "saccharine" oozed everywhere else on our dial.

Those wackos who demonstrated in the course of the debate, hurling the most abusive language at curious bystanders near the United Nations and in Times Square, ought to have their strength and give it to their bearded Fuehrer. New York police rode their horses up to

the sidewalks of the world's busiest crossroads trying to break up the pro-Castro claque. They could have broken it up a lot easier, and without risk of hurting their horses. They simply could have ordered free one-day passage to Cuba for anyone who cared to fly there to fight against the anti-Castro forces. That would have caused them to flee in all directions—except, of course, in the direction of the Pearl of the Antilles.

Promoted to Postmaster

LANSING 46—Gerald A. Plan, 38, of Midland has been promoted from page to postmaster in the State Senate. He succeeds James Harper, who resigned to become new editor of a Charlotte radio station.

New Estimate of Population: 182,714,000

WASHINGTON (AP)—The nation's total population was estimated officially Tuesday at 182,714,000 as of March 1.

The Census Bureau said this figure includes members of the armed services abroad. With the overseas forces excluded, the population on March 1 was 182,618,000.

The news that Henry Clay had been nominated for president by the White party in Baltimore, was the first dispatch to be carried by telegraph. The date was May 1841.

100 Against Soviet Bloc's 400

Is U.S. Falling Behind With Submarines?

By FRED S. HOFFMAN

WASHINGTON (AP) — Red China's growing submarine fleet — it is believed to total more than 20 long-range, modern craft — has added a new dimension to the Navy's man-size problem of defending this country's shipping lanes and coasts.

But the big menace is posed by an estimated 400 Soviet submarines, most of them advanced, far-ranging types and some capable of firing missiles, although apparently not as deep-striking as the U.S. Polaris rocket with its 1,300-mile reach.

Rear Adm. Lloyd M. Mustin, the Navy's antisubmarine warfare chief, said in an interview that as things stand "we could win" any test of strength with the Communist bloc sub fleet — but not without losses.

There are others in the Navy, and outside, who contend there is ground for doubt about present U.S. capability in this field.

U.S. Navy officials are operating on the assumption the U.S.S.R. soon will have nuclear-powered subs — if it doesn't have them already.

NONE YET SPOTTED

So far, none have been spotted, but officials speculated the Soviets may be holding them from view while working out remaining bugs.

The advent of Soviet nuclear subs will multiply demands on U.S. anti-submarine forces, some say by as much as 5 or 10 times.

This is because atomic-propelled undersea craft can stay submerged indefinitely, thus denying surface and air detection.

REAR ADM. L. M. MUSTIN

They can travel underwater at more than 20 knots, as compared with 5 or 6 knots of conventional subs.

If and when the Soviets muster 20 or more nuclear subs, the problem of coping with them may take on critical proportions, officials said.

However, "We know what to do about it," Mustin said, claiming the U.S. Navy has the techniques and weapons in quality.

The question, in the admiral's view, is quantity.

At the present rate of acquiring ships, helicopters, nuclear depth charges and torpedoes, super-sensitive sonar detecting gear and the like, "We won't cut the mustard," Mustin said.

"We've got to find some means

to provide more money for anti-submarine warfare capability or we're going to fall behind," he said.

Over-all, the Communist bloc has about 400 submarines. The United States has more than 100. Of these, 17 are nuclear-powered. In addition, Britain and other nations friendly to the United States have about 100 subs. None are nuclear, although Britain is building its first.

How can U.S. officials speak with assurance of Communist sub numbers?

KNOW EACH ONE

"We know every one of their subs by name and number," Mustin said, adding that the United States has pictures of many of them, taken by patrol planes.

About 75 per cent of the Soviet subs have been built since 1950. Mustin said the reason the number stays at around 400 is that as new boats join the Red fleet, older ones are retired.

"We believe the Russians have been building nuclear and conventional subs at the rate of about 20 a year," Mustin said. He estimated the Communist Chinese have been building Soviet-type boats at what he called a "modest but continuing rate" of about five a year.

For the coming fiscal year, President Kennedy's budget calls for funds to construct 13 subs — 10 of them missile-firing Polaris craft. All would be atomic.

Navy antisubmarine warfare specialists indicate they do not yet regard the Communist Chinese sub threat as serious.

They stress it takes more than the subs alone — that it takes a

high degree of skill in the complicated technique of underwater warfare. So far U.S. experts do

\$1,000 Home Blaze
Blamed on Smoking

Curses smoking was blamed for a \$1,000 fire which struck the John C. Gunther Jr. home at 750 Lounsbury St., Monday night.

The family was away when the fire broke out in a living room couch. The blaze was discovered by the Gunther's 19-year-old son Richard when he returned at 5:30 p.m.

Greeted by heavy smoke when he opened the door of the one-story frame house, the youth ran to a neighbor's home to phone the fire department.

Firemen extinguished the blaze in 20 minutes. Assistant Chief John Morrissey estimated the damage at approximately \$1,800 to the building and contents combined.

Someone had left a cigarette smoldering in the cushions of the couch, he said. The Gunther's son was the last one in the home. His parents both were at work.

not believe the Chinese have undertaken any effective operational sub training program.

About 100 Soviet submarines are based in Far Eastern waters and conceivably could team with the Red Chinese, if the need arose.

Mustin said that in Soviet submarine operations "geography is against them."

He noted the Soviet Union's main access to the North Atlantic is from bases in the far north, on the Kola Peninsula near Finland.

Narrow outlets from the Baltic and the Black Sea could easily be stopped up and a Communist sub base in Albania would be highly vulnerable.

Their Electric Blanket
Worked, Right Through

CORSIANA, Tex. (AP) — The Garland Kent Jr. family's electric blanket really works.

The family went on vacation for a few days and forgot to turn the blanket off.

Firemen extinguished the fire that burned through more than half the mattress and bedding.

All states except four have laws which permit women to serve on their juries. The exceptions are Alabama, Mississippi, South Carolina, West Virginia.

The smallest land animal is a species of shrew found along the coast of the northern Mediterranean. It has a body length of only 1 1/4 inches.

The potato plant is believed to have had its original home in Peru or Chile where it grew wild on the plateaus of the Andes mountains.

"the imported whiskies—Canadian and Scotch—
have a lightness you can't beat."

"that's for sure. And the lightest
of all is Canadian Club!"

You're so right!

6 YEARS OLD. 50.4 PROOF. IMPORTED BY HIRAM WALKER IMPORTERS, INC., DETROIT, MICHIGAN. BLENDED CANADIAN WHISKY.

GREETED BY JAPANESE—The new United States Ambassador to Japan, Edwin Reischauer, has a broad smile as he receives a large bouquet from a kimono-clad Japanese girl at a welcome on his arrival in Tokyo Tuesday from America.

Flower Fund in Good Shape, Reports County

The county's flower fund is in good shape.

Usually near rock-bottom this time of the year due to expenditures for remembrances for ill and deceased supervisors and officials, Pontiac Supervisor Margaret E. Hill reported Monday that deducting outlays of \$116.02 from a total of \$168.49 on hand left a balance of \$52.47.

Not to be complacent with this surplus, supervisors changed their tactics a bit and decided to deduct two dollars from every supervisor's paycheck instead of passing

the hat to get the funds to bolster the flower kitty.

Cyril E. Miller, Avon Township supervisor, suggested the deduction "so that those supervisors that stay intentionally this year don't get away."

Transportation Division Sporting New Uniforms

LANSING—The 25 officers of the transportation division of the State Public Service Commission started wearing their new, steel blue, police-type uniforms with ranger hats this week.

The uniforms were authorized by a 1959 legislative act. Main work of the division is enforcement of trucking regulations on the state's highways.

Demote 'St. Philomena' —She May Be Fictional

VATICAN CITY (UPI)—Vatican sources today confirmed the name, "St. Philomena, the Virgin Martyr," has been stricken from

the Roman Catholic religious calendar because there is no proof she even existed.

The action means that the religious feast day formerly held on Aug. 11 may no longer be celebrated and her name cannot be used for Catholic baptisms.

Lingerie ... Second Floor

you can't tell a tire by its price tag!

Do you know what those \$10, \$11, \$12 nylon tires are really worth?

The best way for you to find out what a tire is really worth? Use it. But then it may be too late. How can you find out before you buy? The price tag won't tell you. There are so-called "bargain" tires, "cheapie" tires, "discount" tires and other tires you've never heard of. Most of them have one thing in common. They do a lot of shouting about price. But there's a big difference in what goes into them, as compared to a Goodyear tire. We took nine "bargain" nylon cord tires priced at \$10, \$11, \$12 or more to the lab for analysis and matched them to our \$12.88 3-T Nylon All-Weather.

What a difference! The Goodyear tire had a 23.2% stronger tire body than the average rating of the rest. And the tread strength rating of our 3-T Nylon All-Weather was also actually greater than the average of the others.

Price tags never tell the full story! Get a genuine Goodyear tire. A Turnpike-Proved tire. It costs no more than "bargain" tires.

3-T Nylon All-Weather

6.70 x 15 black tube-type, plus tax and any old tire off your car. NO MONEY DOWN with your old tire. Pay as little as \$1.25 a week.

\$12.88

Goodyear nation-wide guarantee

1. ROAD HAZARD GUARANTEE—All new Goodyear automobile tires are guaranteed by written certificate against normal Road Hazards—i.e. blowouts, fabric breaks, cuts—except repairable punctures. Guarantee limited to original owner for number of months specified.

2. LIFETIME GUARANTEE—All Goodyear tires are guaranteed against any defects in workmanship and material without limit as to time or mileage. Remember, any Goodyear tire dealer (in all 50 states, there are over 60,000 of them) will replace your tire without charge, or make an allowance toward the purchase of a new tire, based on the original tread depth remaining and the current "Goodyear Price."

Support 'Y' Expansion Drive

Records disclose that young criminals are responsible for about half of the Nation's burglary and larceny arrests, and two-thirds of the automobile thefts and the rate of participation in more serious crimes such as rape, murder and assault is climbing.

This information is from a recent article in Readers Digest by FBI Director J. Edgar Hoover. Mr. Hoover points out that the most effective way for Americans to combat this unfortunate condition is to support the organizations that are effectively battling juvenile crime.

Mr. Hoover cites youth organizations like our own Pontiac YMCA. His point is pertinent at this time since we are in the midst of a campaign expansion fund drive.

Our YMCA is seeking to raise \$650,000 by public subscription. The burden of raising this money has been eased by a tremendous gift of a quarter of a million dollars from General Motors Corporation.

Pontiac's YMCA receives part of their operation funds from the area United Fund. The money they are seeking in this drive is not for operating costs, but for construction of expanded facilities to bring their services to more Pontiac area youngsters.

What better way can you find to fight juvenile crime than by contributing to the "Y" building fund? Today's membership comprises 4,393 boys and girls of all races and creeds. Conservative estimates project that the membership by 1970 will be 7,500.

If these added facilities will make

room for expanded activities to help eliminate some of our juvenile crime the fund drive is worthy of every-one's financial support.

If our boys and girls are to be helped they need your backing. The spiritual and recreational training of the YMCA is well-known to all and it would be superfluous to go into details.

Fortunately, juvenile crime in Pontiac has not reached "epidemic proportions" as it has in some cities. But we would all be mighty poor citizens if we permitted a disease to reach such heights before acting to stop it.

This current drive for funds will help provide preventive medicine to stop an epidemic before it starts. Thus, the drive deserves the support of everyone.

Your contribution is for expanded "Y" facilities for our own boys and girls.

The Man About Town

There Is No 'Hell'

In Michigan, Contrary to Recent Published Reports

Scandal monger: A has-been of never was who, when he runs out of individuals, often switches over to his home town.

Following the statement in this column a few days ago that there is no municipality in Michigan with the name of "Hell," some publicity avenues have broadcast the fact (?) that a community with that name is being flooded with visitors.

It is the same location which we mentioned at that time, and which we have often visited, a few miles southwest of Howell. It is made up of a few homes, in which live some of the best citizens on earth, and has no official name.

None of its residents know how anybody could give it the satanic appellation and when asked about it their ire is aroused, and they say go elsewhere to find such a place, or simply "Go to Hell."

We have people in most every community who never did anything for it, but have always lived off it; who have failed in everything they ever attempted, but who would think it smart in their nitwit mind to give it some derogatory name.

So Michigan has no "Hell," either as a post office, organized municipality or otherwise officially recognized, or regarded as such by its residents.

Reliable sources report that because of increased sales of

Pontiac and Tempest cars there will be no more weekly layoffs between now and June 1 for Pontiac Motor Division employees.

Seen regularly around the Saginaw-Huron Street corner is

Mrs. Iona Ludella who works in an office near there, is a small, blond coked spaniel dog who gazes intently at every large man who passes. Did you lose him?

The Pontiac army draft offices will be closed Thursday and Friday so the employees can attend a meeting at Lansing, where on Thursday evening

Major and Mrs. Lewis B. Hershey are honor guests at a banquet. Major Hershey has been National Director of Selective Service for over 20 years.

Contact with a number of furniture stores in Pontiac and vicinity shows a demand for old fashioned rockers since President

John F. Kennedy expressed his liking for such a chair. A letter over the signature of

"Knower of What's Comfortable" simply says, "Jack didn't tell me anything new."

That Detroit expert on feminine beauty for 45 years,

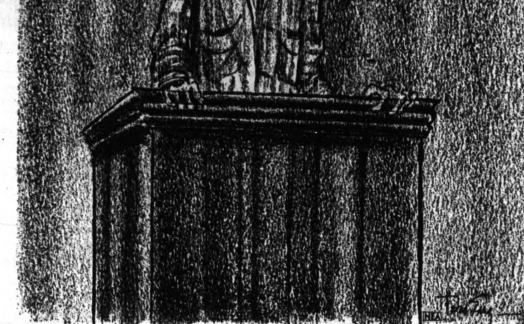

Walter Irving, says that elegance will return. Out here around Pontiac we refuse to believe that it's been away.

Verbal Orchids to—

Mrs. Alinda Miller of 54 Seacrest St., 69th birthday.

Deland Falkman of Rochester, 84th birthday.

Mr. and Mrs. Preston Palmerston of Waterford, 53rd wedding anniversary.

Witness for the Prosecution

David Lawrence Says:

Could Fight Without 'Intervening'

WASHINGTON — In fairness to President Kennedy, it must be noted that he never said—as so many news stories have inferred—that under no circumstances would the armed forces of the United States be sent into Cuba.

What the President did say at his news conference on April 12 was that the forces of the United States would not be employed in any armed "intervention."

The key word is "intervention." This is a diplomatic means of direct interference or intervention of military strength in a dispute between nations inside a country where there is no constituted government.

What Kennedy said on the other hand, does not rule out at all a possible landing of United States forces at any time in Cuba or in any other country in the world whenever the lives and properties of American citizens may require protection.

Nor does the Kennedy statement foreclose the possibility that, if a new government arises in Cuba and formally requests military aid from the United States to help protect American lives, this form of help, recognized also as international law, would be forthcoming.

It is important for the record and to avoid misunderstandings in Latin America, in the event of later crises in Cuba, to point out exactly what the President said at his news conference.

KENNEDY'S ANSWER

It is essential that the question to which he was replying also be noted. The exchange was as follows:

Q. "Mr. President, has a decision been reached on how far this country would be willing to go in helping an anti-Castro uprising or invasion in Cuba? What could you say with respect to recent developments as far as the anti-Castro movements in Cuba are concerned?"

A. "Well, first I want to say that there will not be under any conditions an intervention in Cuba by United States armed forces. This government will do everything it possibly can, and I think it can meet its responsibilities, to make sure that there are no Americans involved in any actions inside Cuba."

Mind, now, Mrs. Sumner, I do not mean to deny that babies have belyache. I merely scout the numbskull notion that a baby has legs in pain, screams piercingly, and may pass gas. In "irritating crying" the baby, though he has had plenty to eat, cries miserably for hours at a stretch without definite sign of pain or gas.

Both Holt and Spock, not to mention parents, doctors, nurses and babygurus, regard drawing up the legs as a pathognomonic sign of colic. If the baby also passes gas, that clinches it.

Having just reviewed Holt, Spock and several minor authorities, I am impressed with the abundance of words and the scarcity of remedies in their chapters on colic.

Mind, now, Mrs. Sumner, I do not mean to deny that babies have belyache. I merely scout the numbskull notion that a baby has legs in pain, screams piercingly, and may pass gas. In "irritating crying" the baby, though he has had plenty to eat, cries miserably for hours at a stretch without definite sign of pain or gas.

There's a very good reason why Holt, Spock & Co., give such vague and indefinite suggestions about the prevention and treatment of colic: They don't know what they're talking about.

action with respect to the property or other economic interests which American citizens formerly held in Cuba, other than formal and normal negotiations with a free and independent Cuba.

"The basic issue in Cuba is not one between the United States and Cuba. It is between the Cubans themselves."

Five days later — on Monday of this week — Secretary of State Rusk at a press conference carefully underlined in a written statement President Kennedy's concept of avoiding "intervention" in the internal affairs of Cuba.

He was asked and answered this question:

Q. "Does your categorical statement that we are not going to intervene in Cuba, period, mean that this administration is abandoning the traditional reservation that we reserve the right to intervene to protect American lives?"

A. "That particular question is one for the future, and I would not wish to relate it particularly to Cuba because of the debate now going on in the United Nations at this very moment."

(Copyright 1961)

Dr. William Brady Says:

Physicians Talk About Colic but Where Are Remedies?

Before I'm banished to the bowing green, I want to say something in defense of unhappy infants who are accused by parents, doctors, nurses, neighborhood babygurus and nineteenth century "doctor books" of having colic.

In the nineteenth century Dr. Holt said colic is severe pain in the intestine. The cause of lead and arsenic poisoning are rare in children, but colicky pain is present, said Holt, in appendicitis, intussusception, dysentery, in fact in all the severe forms of intestinal inflammation.

In the 20th century Dr. Spock described "three or four month colic," two somewhat different conditions. In "three-month colic," says Spock, the baby pulls up his legs in pain, screams piercingly, and may pass gas. In "irritating crying" the baby, though he has had plenty to eat, cries miserably for hours at a stretch without definite sign of pain or gas.

Both Holt and Spock, not to mention parents, doctors, nurses and babygurus, regard drawing up the legs as a pathognomonic sign of colic. If the baby also passes gas, that clinches it.

Having just reviewed Holt, Spock and several minor authorities, I am impressed with the abundance of words and the scarcity of remedies in their chapters on colic.

Mind, now, Mrs. Sumner, I do not mean to deny that babies have belyache. I merely scout the numbskull notion that a baby has legs in pain, screams piercingly, and may pass gas. In "irritating crying" the baby, though he has had plenty to eat, cries miserably for hours at a stretch without definite sign of pain or gas.

Both Holt and Spock, not to mention parents, doctors, nurses and babygurus, regard drawing up the legs as a pathognomonic sign of colic. If the baby also passes gas, that clinches it.

Having just reviewed Holt, Spock and several minor authorities, I am impressed with the abundance of words and the scarcity of remedies in their chapters on colic.

Mind, now, Mrs. Sumner, I do not mean to deny that babies have belyache. I merely scout the numbskull notion that a baby has legs in pain, screams piercingly, and may pass gas. In "irritating crying" the baby, though he has had plenty to eat, cries miserably for hours at a stretch without definite sign of pain or gas.

There's a very good reason why Holt, Spock & Co., give such vague and indefinite suggestions about the prevention and treatment of colic: They don't know what they're talking about.

For the smart Alices who will answer "There he goes again, saying everybody's out of step but Brady," may I point out that it is a good way to impress my teachings on the mind of the casual reader? We'd never get anywhere if we were efficient and multiloquent about it.

We are now advanced far enough into the twentieth century to cease and desist from dosing babies with castor oil and accusing them of having colic.

Signed letters, not more than a one inch long words long pertaining to personal health and hygiene, sent to Dr. William Brady, if he is interested, may be sent to The Pontiac Press, Pontiac, Michigan. (Copyright 1961)

Case Records of a Psychologist:

Nursery School Most Profitable

By DR. GEORGE W. CRANE
CASE H - 463: Mabel G., aged 29, is a very active worker in her church.

"Dr. Crane," she began, "we have two problems in our area. "First, there are many people within a mile of our church who do not belong to any denomination, so how can we attract them?"

"Second, we have built an educational hall and have a debt of over \$50,000 on it, so can you suggest ways to raise money?"

In most of our large cities, the public kindergartens are overcrowded. Besides, they don't admit children under 5 years.

But there are usually scores of youngsters in every church area who are below 5 and should be in a nursery school.

If you have just 15 active volunteers, then 3 of you women need be on duty at the nursery school only one day per week.

It is well to have an ex-teacher or talented woman as the head, to be in charge every day. You could pay her a modest sum for her duties, while the rest of our volunteers donate your time.

Voice of the People:

'Hawthorne Center Good for Disturbed Children'

Hawthorne Center at Northville is a fine school and treatment center for emotionally disturbed children. Usually there is a waiting list, which points out the great need we have for this type of school.

Sometimes a child is too deeply disturbed for just Child Guidance help. Let's give them credit, however, for the large number they do help and work for a school and treatment center in Pontiac for those who need the more specialized care and treatment.

Experienced One

'Live by God's Laws for Happiness'

There is a constant change in the physical aspect of the earth. It is aging and changing at all times. In time it will become a lifeless planet and no live human or otherwise will exist upon it.

Our present physical body will not be here when that happens.

Our spiritual body, which is the important part of us, will be wherever God has planned for it to be. It, therefore, behooves us to earnestly live up to God's fundamental laws of the Golden Rule; the Ten Commandments and the brotherhood of man as set forth in the Bible. Only living by these laws can we lead a happy life and be ready to meet God when our time comes.

Give these laws an earnest try and see how happy you can be.

Ralph T. Keeling

'Fun Bowlers Keep Businesses Going'

I second the voice who speaks out in reference to the injustice of bowlers who bowl for fun. We are the people who keep the bowling establishments going.

An Average Bowler

Has Definite Dislike for David Lawrence

When will the profession of journalism give David Lawrence the boot?

Immense editors and reporters are attempting to give the reading public an unbiased and unprejudiced word picture of the world scene today. Mr. Lawrence, however, is determined to inject his own particular brand of venom into the bloodstream of the very organ he purports to support. And while most of the nationally known reporters and columnists are willing to give the President of the U.S. a fair opportunity to exercise his office in administering to the ills of this nation, David Lawrence steps in and with one fell swoop would attempt to destroy the image of Mr. Kennedy in the minds of our citizens.

The Pontiac Press will merit an orchid the day it decides to omit David Lawrence from its pages.

Way to Increase Business, Jobs

The sure prompt way to increase business and employment is for business and industry to substantially reduce profits and labor to accept a substantial temporary cut in wages. Both are necessary to obtain desired results. One without the other will not suffice. It is necessary for business, industry and labor to work together.

Norman Buckner

209 National Building

Suggests We Follow Advice in Bible

The advanced state of Russian space programs illustrates the value of pursuing a straight line to a definite objective. Not concerned with the aesthetic values of society, or the relegation of Christianity as a factor in its social order, the Russian way of life has less opportunity for hypocrisy. Hypocrisy is the greatest weakening element in Western civilization. In this land of freedom laws are daily promoted to rob us of our liberty. Many states tolerate religious legislation aimed at taking our freedom. It is high time to take stock of what our defense front is made and cast deny at home what we are supposed to be defending throughout the world. The Bible says that all knowledge is of God. Knowledge-wise, nothing is impossible to the dedicated Christian. Why not encourage Christian engineers?

Replay Words for Eichmann

Trial Adjourns Until Friday Morning Due to Israeli Holiday

JERUSALEM (AP)—In his own words replayed today from a tape recording, Adolf Eichmann said he expects the death penalty and is "ready to atone."

"I know that I can expect the death sentence and I don't ask for clemency," the former Gestapo colonel told Israeli police who questioned him after his capture in Argentina last year.

"I cannot claim mercy because I know I am not worthy of it," Eichmann said in the statement, which was recorded in June 1960. In support of its charges that Eichmann was the operational director of the Nazi plan to exter-

JERUSALEM (AP)—The Eichmann trial adjourned at 1:10 p.m. today and will not resume until 9 a.m. Friday due to Israel's Independence Day Holiday Thursday.

minate Europe's Jews, the prosecution began replaying extended excerpts from 77 cartons of tape recordings of the pretrial interrogation.

His voice echoing hoarsely through the Jerusalem courtroom while he himself sat listening in the prisoner's dock, Eichmann said that before his death he would like to write a book. He said he wanted the younger generation to know what happened in Nazi Germany and the reasons for it.

"I know of course what dis- obedience would have meant to me," he said. "I cannot claim that I had clean hands. Those who planned and gave instructions got off cheaply by suicide. Others are now dying or not to be found."

Cuban Leaves His Resignation, Joins the Fight

MIAMI, Fla. (AP)—A Cuban left a note of resignation for his employer, saying, "Sorry to do it this way."

"Please forgive me for not giving you notice beforehand but I didn't know if either," his note read.

"I have to go. I am leaving today to fight for my country and my church. It's hard for me to leave all of you, but there is nothing else I can do while thousands of my countrymen are under Communist dictatorship."

Jose S., whose full name won't be given because his family is still in Havana, has thrown his 5-foot frame and his 125 pounds into the battle against Fidel Cas-

Edison Earns \$2.66

Detroit Edison's gross revenues were \$278,454,880 for the 12 months that ended March 31. Gross revenues for the corresponding period of 1959-60 were \$271,778,257. Net earnings for the 12 months

through March 31, were \$38,141,488, or \$2.66 per share on the 14,337,785 shares outstanding. For the previous 12 months, net earnings were \$34,802,900, or \$2.44 per share on 14,277,420 shares outstanding.

210 Orchard Lake Ave. FE 2-9101

TO BEGIN MEMBERSHIP DRIVE—Members of the membership committee of the Oakland County Branch of the National Association for the Advancement of Colored People are shown gathered around the chairman, Arbella Burney (center), 265 Delwood Ave., as they prepare to

launch their drive. From left are: Simon Brown, 283 Crystal Lake Drive; Detective Sgt. Allen D. Noble, 32 Lake St.; and Rev. Dr. Joseph W. Moore, pastor of the Trinity Baptist Church and president of the Oakland County Branch NAACP.

Set Goal of 1,000 in Pontiac Area

NAACP to Begin 1961 Member Drive

The Oakland County Branch of the National Association for the Advancement of Colored People is planning its 1961 membership campaign, according to Rev. Dr. Joseph W. Moore, branch president and pastor of the Trinity Baptist Church.

The drive will officially open Monday at 7:30 p.m. with a meeting in Fellowship Hall of Trinity

Baptist. Sam H. Jones, new executive director of the Pontiac Urban League, will be principal speaker. Dr. Moore said he is requesting all interested persons, and especially area churches, pastors, and community service organizations to cooperate in the membership effort.

The drive will be climaxed by victory banquet on May 18 at

the Elks Temple on Orchard Lake Ave.

"Our goal is 1,000 members in the Pontiac area," said Dr. Moore, "with a plaque going to the person enrolling the most members to be presented at the banquet."

A petition from Land Purchase

Pontiac City Affairs

Commission Clears Way for Credit Union Offices

The City Commission cleared the way last night for the Chief Pontiac Federal Credit Union's proposed new headquarters on the east side of Madison Avenue between Rasb and Market streets.

The credit union property was rezoned to commercial after a public hearing and an agreement was adopted to let the organization use alley right of way as part of a rear parking lot.

Advised by the planning commission that an alley was not necessary there, the commission first accepted a deed for new right of way from the credit union, then authorized the agreement letting the corporation use it as long as it keeps the property.

Hearings scheduled for April 22 involve special assessment rules covering proposed curbs and gutters on Manlius Road, Ottawa to Kenmore Hills subdivision; First Avenue, Arlene to Fuller; Kenilworth Avenue, Mt. Clemens to Perry; and Monticello Avenue, Oakland to Orlando.

No objections were raised during hearings on assessment rolls covering proposed rezoning of North Saginaw Street, Chamberlain to Russell; Clinton Street, Williams to Wayne; and Joshy Avenue, Columbia to Walton.

One assessment roll confirmed for payment covered the Sheffield Avenue combined sewer. Another covered the new sidewalk on the north side of Featherstone Road, Kenilworth to the railroad.

A petition from Land Purchase

Co. for curbs, gutters and blacktopping on Columbia Avenue, Fuller to Arlene, was referred to the administration for a special study. The company owns most of the affected property.

Commissioner John A. Dugan noted that the request was unusual, since the neighborhood improvement program hasn't gone that far north.

Three Truck Units Hit at Shippers

WASHINGTON (AP)—Three highway truck associations filed charges with the Interstate Commerce Commission Tuesday against the Southwestern Michigan Shippers Association, contending it is violating the ICC Act.

The common carrier truck groups filed the complaint with the Common Carrier Conference—Irregular Route, National Motor Freight Association and the Regular Common Carrier Conference. All have headquarters here.

They complained that the Southwestern Michigan Shippers Association and its 67-member business firms have been operating as for-hire carrier without proper authority; as brokers of motor transportation without licenses as required; and as freight forwarders without proper legal authority.

The \$68 million United Nations headquarters was financed by a 36 year, interest-free \$65 million loan from the United States. It is being repaid on schedule in annual installments ranging from \$1 million to \$2.5 million.

Release \$280,000 Job at Kincheloe Air Base

CINCINNATI, Ohio (AP)—The Air Force has released approximately \$280,000 for construction work at and staff offices for approximately 1,362 personnel.

It was announced today by Col. James F. Carney, the Air Force's Ohio River regional civil engineer. The program calls for construction of space for the headquarters wing commander, a control room and staff offices for approximately 1,362 personnel.

Money, according to one definition, is something that things run into and people run out of. Troy Gordon of Tulsa reports this sign in a car window: "Help Fight the Recession—Buy Me a Drink." —Earl Wilson.

Pressure Army on LARC Deal

State Men in Congress Want Big Order Given to Kalamazoo

WASHINGTON (AP)—Michigan members of Congress are quietly exerting pressure on the Army to obtain for the state a multimillion-dollar production contract for a new amphibious vehicle developed in Kalamazoo.

The vehicle is the LARC, a versatile, 35-foot land- and water-craft engineered and built under an Army development contract by the Ingersoll-Kalamazoo division of the Borg-Warner Corp.

The Army is planning an initial production order for 336 LARCs. It will award the approximately \$18 million contract after negotiations with Ingersoll-Kalamazoo and other interested producers.

Interest in the initial contract and the tooling-up edge it would carry should make for intense negotiations, since the Defense Department reportedly expects to order about 2,000 LARCs in the next four or five years.

Firms known or believed to be interested in the job, besides Ingersoll-Kalamazoo, include the St. Louis Car and Foundry Corp., Todd Shipbuilding Corp., International Harvester, General American Transportation and the Avondale Shipyard in Mississippi.

Various Michigan members began taking an interest in the LARC program after meeting here earlier this year with Ingersoll-Kalamazoo representatives.

The Kalamazoo delegation told the group that the initial contract could put 200 people to work in assembly at Kalamazoo, affect another 1,000 workers in the Detroit area, and spread benefits to Jackson, Battle Creek and Grand Rapids suppliers, among others.

6 \$1,000 Awards Going to MSU Faculty Members

EAST LANSING (AP)—Six Michigan State University faculty members will receive distinguished awards of \$1,000 each on April 26 for outstanding contributions to teaching or research or both.

Names of recipients will not be announced until the special convocation, the university said.

Says Religion Cost Kennedy 1.5 Million Votes

WASHINGTON (UPI)—University of Michigan researchers reported Tuesday that President Kennedy lost more votes than he gained because of the religious issue in the 1960 election.

A four-year study team said Kennedy's Roman Catholicism was the biggest issue of the campaign. The researchers figured it cost him a net loss of more than 1.5 million of the 68 million votes cast.

But the team said Kennedy built up a winning margin mainly through his showing in the presidential TV debates.

The Michigan group based the figures on interviews with more than 1,500 persons during the 1960 campaign. The researchers have conducted similar studies with the same group since 1948.

Won't Assail Republicans

Swainson Graceful Loser

LANSDING (P)—Republican legislators have made a shambles of Gov. Swainson's tax blueprint, his budget and his general legislative program.

Despite one setback after another, however, neither the governor nor Democratic lawmakers are bitter or discouraged.

Democratic leaders say frankly that their relations with majority Republicans are better than they've been in years, especially in the Senate.

The bipartisan "era of good feeling" that began Jan. 1 when Swainson took over from six-term Gov. G. Mennen Williams is still in evidence, if somewhat frayed.

"Naturally, I'm not happy with

what has happened to my tax program or my budget, but I'm still hopeful and I'm not discouraged," said the governor. "I have no intention of being acrimonious toward Republicans."

If Swainson has not assailed Republican legislators, neither have they been sharply critical of him in the manner of their frequently bitter battles with Williams during his 12-year reign.

Swainson's legislative program, however, has fared no better than the former governor's under the kid-glove approach.

JUNKED PROGRAM
Republicans completely junked his tax-reform program, keyed to a 3 per cent tax on corporate and

person income and substantial business tax relief.

They eliminated some \$31 million in proposed appropriations for 1961-62, taking them from what Swainson considers a rock-bottom budget.

They killed all but one of the bills that the governor specifically endorsed, such measures as those to strengthen civil rights laws, establish an agriculture marketing program, set up a program of state scholarships and a \$1.25 minimum hourly wage.

There is a good explanation for each decision, none of them aimed personally at the governor, said Rep. Allison Green, R-Kington, GOP floor leader in the House.

"We should not tamper with our tax structure until we see whether we can get along on the penny increase in the sales tax that the people voted last November," he said.

"As far as the budget is concerned, we need to live within our income, re-establish our credit rating and pay all our bills before we talk about going into debt by bonding for new buildings as the governor proposes."

Revision of CD Plan, for City Near Finish

Revision of the city's civil defense plan is nearing completion and the new plan should be ready for the City Commission soon, City Manager Walter K. Willman reported yesterday.

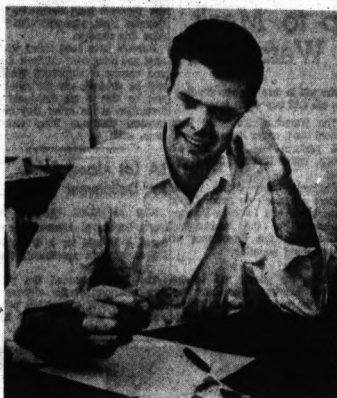

The revision, under the immediate supervision of David S. Teel, Willman's administrative assistant, will go to the Michigan Office of Civil Defense later as part of a new statewide preparedness plan.

Administrative and key civil defense personnel plan to review the new plan April 27 as part of Operation Alert, scheduled by the Office of Civil & Defense Mobilization April 26-30, Willman said.

On an allied subject, city civil defense personnel plan a tornado exercise in a city park May 3.

CD Will Offer Course in Hospital Training

Beginning at 8 tonight and continuing for the next four Wednesdays, Civil Defense will be offering a hospital training course. All those interested must have had a previous 13-week basic medical training course. It is not necessary to make reservations to attend the new session, Civil Defense Training and Public Affairs Officer Aldred Koski announces.

Richard J. Pohl to Be Sentenced

Manslaughter Verdict Against Farm Man May Be Appealed

ST. JOHNS (P)—Richard J. Pohl of Westphalia, convicted in the slaying of an elderly widow, awaited sentencing for "manslaughter" today.

A jury convicted the 21-year-old farm youth in Clinton County Circuit Court Tuesday of the 1959 bludgeoning slaying of Anna Hengesbach, 63, a neighbor.

Defense attorney Jack Walker

said he was seriously considering an appeal within the 30-day limit.

The verdict is against the weight of evidence. In addition, there were some errors in procedure, during the trial," he said. Mrs. Olive Heideman of rural Elsie, jury foreman, indicated the panel of seven men and five women agreed that the confession—which Pohl later repudiated—was valid.

The question, she said, was one of degree of guilt. The manslaughter verdict, she said, was reached on the first ballot after the jury asked Judge Paul R. Cash for instructions on the degree of guilt. The verdict, however, was handed down more than a day after the jury withdrew.

About 6,000 children of school age are killed each year by accidents occurring in the United States.

Garden Group to Mark Arbor Day in Waterford

Beginning at 11 a.m. Saturday, the Waterford Township branch of the Women's National Farm and Garden Association will celebrate Arbor Day with the planting of four spruce trees on the Community Center's grounds.

The organization has allocated some \$50 more to complete a \$1,000 project of landscaping Waterford's most used building, and a program has been set up for the celebration.

Frederick Barrett, of David Betts Post 416, VFW, will present an American flag to Mrs. George Dean, representing Community Activities, Inc., who will in turn present the flag to the CAI boy scout troop.

The Waterford Township High School band, under Donald Perrin will perform and the choral group, under Richard Meier will sing.

Oakland County Agent Wayne Seifert will speak on Arbor Day's importance, and Laverne Bueche, contractor for the landscaping, will explain the importance of systematized planting.

Among the guests will be the Clifford Bentleys who have assisted the garden club in obtaining funds for foreign exchange students—Heidi Vogelberg, visiting

the Bentleys from Germany, and Douglas Lyon, who will visit Europe this summer.

Parents have been asked to attend and bring their children. Care and respect of shrubbery planted will be stressed, and the children will be able to get first-hand information at the Arbor Day ceremonies, chairman Mrs. George Dean said.

LA Lot Almost Sold for Delinquent Taxes

LOS ANGELES (AP)—The city's Bureau of Assessments ordered a lot sold for a delinquent \$31 street light assessment, then, whoop!—The bureau learned the property was part of the city-owned site of the \$50,000 Foothill police station. So the City Council has canceled the sale order.

Detroit Made Buddhist Monk in Formosa

TAIPEI, Formosa (P)—A young American disillusioned with Christianity was ordained a Buddhist monk Tuesday in a colorful ceremony attended by U. S. Ambassador Everett Drumright.

Harold Brian Goode, 27, of Burbank, Calif., and Detroit, became a member of the Chinese Mahayana order of Buddhism during an hour-long ritual in Taipei's Lin Chi Chan Temple. Wearing saffron robes and with head shaved, the young American paid homage to five images of Buddha, to a sacred "triple jewel" of jade and to his 10 Chinese Buddhist teachers, first with bows and later with a series of 40 low bows.

American married women who have graduated from high school are more apt to remain childless than those who have attained only grade school educations.

Pontiac PTA Council Holds Presidents' Breakfast

Pontiac school principals were honored along with local Parent-Teacher Association presidents at the Pontiac PTA Council's annual Presidents' breakfast Tuesday in First Congregational Church. John F. Perdue, principal at Bagley School, was greeted

by (from left) Mrs. Melvin Norberg, the council's first vice president; and Mrs. Andrew Gulacik and Mrs. N. J. Hoffman, incoming presidents for Webster and Hawthorne PTAs, respectively.

Pontiac Council of Parent-Teacher Associations observed its annual Presidents' Breakfast Tuesday at First Congregational Church.

The affair honored local PTA presidents, newly elected presidents and school principals. Past council presidents and members of the Pontiac Board of Education administrative staff were special guests.

Following the invocation by the Rev. Howard R. Clegg Jr., assistant minister at First Congregational Church, Mrs. George Gray, council president, extended greetings to the assembly.

Dr. Dana P. Whitmer, superintendent of Pontiac Schools, expressed best wishes to the incoming presidents.

Highlighting the program was the presentation of a \$1,200 check to the council by the Pontiac Police Officers' Association.

Sgt. Herbert Cooley, association president, and police Lt. Raymond E. Meggitt presented the amount, which will be used for a four-year teaching scholarship by a deserving Pontiac Central or Pontiac Northern High School student graduating this year.

Mrs. Gray commended police officers' association members for their community spirit and interest in youth.

The PTA Council scholarship committee will select the winning student. Thus far this year the committee has awarded two full four-year scholarships.

Additional guests at the breakfast were Pontiac School personnel Dr. Otto Hufziger, assistant superintendent; Lewie C. Crew, assistant to the administrator; William Lacy, coordinator of secondary education; Gerald White, coordinator of elementary education; and George Putnam, instrumental music and vocal supervisor. Mrs. Harry E. King, past president of the Michigan Congress of Parents and Teachers, also was present.

Completing the guest list were council officers Mrs. Melvin Norberg, first vice president; Mrs. Charles Copper-smith, second vice president; Mrs. Thomas Henson, recording secretary; Mrs. Thomas Fowler, corresponding secretary; Mrs. Howard McConnell, treasurer; and Mrs. Carl Masters, historian. Mr. Crew is the council's auditor.

Mrs. McConnell was breakfast general chairman, assisted by Mrs. Copper-smith, program; Mrs. Henson, reservations; Mrs. Norberg, coronations; Mrs. John Turner and Mrs. Roland Stevens, hospitality; and Mrs. Earl Ottavio, publicity.

Entertainment was provided by the boys glee club of Washington Junior High School, directed by Gilbert Jackson.

Mrs. Eric Danielson (right), incoming president of Crofoot School's PTA, joined her school's Principal J. Albert Henning and Mrs. Thomas Perry, incoming LeBaron School PTA president, for breakfast at Tuesday's annual PTA Council observance. Members of the Pontiac Board of Education administrative staff were special guests.

for breakfast at Tuesday's annual PTA Council observance. Members of the Pontiac Board of Education administrative staff were special guests.

Panhellenic to Hold Tea on Saturday

Pontiac City Panhellenic will hold its annual tea for college-bound graduating senior girls and their mothers Saturday at the Pontiac Federal Savings and Loan Building. Guests will be received from 2 to 4 p.m.

Senior girls from Pontiac Northern, Pontiac Central, Waterford, Avondale, Clarkson and West Bloomfield High schools have received invitations to the affair which is designed to answer questions about national sororities. Rushing, expenses of sororities and campus activities of sororities will be discussed.

Cochairmen of the tea are Mrs. Wayne Pyke and Mrs. Russell Jacobson. Assisting with invitations were Mrs. William Belaney, Mrs. R. L. Bronow and Mrs. Enar West.

Program chairman is Mrs. John Collison. She has arranged for Mrs. Russell Costello of Orchard Lake to speak. Mrs. Costello is a former national president of Delta Zeta Sorority and a member of the National Panhellenic Council. Also participating in the program will be Mrs. Jacobson, Mrs. Pyke and Betsy Carnall. Assisting Mrs. Raymond Wilhelm with refreshments will be Mrs. Don Kenner. Decorations are being planned by Mrs. E. W. McGovern, Mrs. Collison and Mrs. William Freymuth. Mrs. Richard Kuhn, Mrs. Stuart Jaeske and Mrs. Richard Brosier have designed and made name tags.

Sue Eckley is chairman of the reception committee. Assisting Mrs. W. H. Ragdale on the clean-up committee will be Mrs. Glenn Dick. Rosemond Haberle is publicity chairman.

Look, Don't Leer, Says Abby

No Sin to Eye Beauty

By ABIGAIL VAN BUREN

DEAR ABBY: Your answer to the wife of the man who "liked to look" amazed me. And you call yourself an advice expert! What do you mean, "Just because a man is on a diet doesn't mean he can't look at the menu?"

My husband's hobby was "looking at menus." (He would order occasionally, too.) I finally had to call in a lawyer to get him back on his regular diet. Anyone who says "looking is harmless" doesn't know the half of it.

DEAR OUGHT: A man can look at a woman in TWO ways. One is with "lust" — which is wrong. The other is with "admiration."

When God created beauty in nature he endowed man with the intelligence to appreciate it.

A beautiful woman (unlike the prairie flower) was not "born to blush unseen and waste her fragrance on the desert air."

DEAR ABBY: My problem is that my husband can walk but not jigger, and I just love to jigger.

Last Saturday night when we were out, my girl friend

asked me to jigger with her. My husband said NO, I couldn't. I was so mad I felt like getting up and dancing with her anyway, but I didn't. When we got home I asked my husband why he didn't let me dance with her and he said it was not ladylike for a girl to dance with another girl in public.

I say he is wrong, and he says he is right. We have this problem every time we go out.

Please put your answer in the paper before next Saturday night because it will save another argument.

LOVES TO JITTER

DEAR LOVES: Your husband is right. Girls dance with other girls only when there are no men to dance with. Either teach him to jigger or slow down to a waltz.

DEAR ABBY: My husband and I received a 50th wedding anniversary invitation for a six o'clock dinner and dance. I was so pleased with the invitation until I read in the lower left-hand corner of the card: \$6.00 a couple.

We will not attend the party, of course. Is this something new? Or have people always made up parties and asked the guests to pay?

SHOCKED

DEAR SHOCKED: Frequently people will get together and make up a "Dutch Treat" or "No Host" party.

But they are planned with the understanding that each

guest pays his own way. They do not send invitations to others and ask them to participate.

DEAR ABBY: I read with interest your advice that men who work around machinery should not wear a ring because it could catch in the machinery and they could lose a finger. How about a ring that is so tight I can't get it off?

WORKS AROUND MACHINERY

DEAR WORKS: Better to have the ring cut off now than after you lose your finger.

CONFIDENTIAL TO "IN LOVE WITH A SNAKE": Don't let him rattle you.

Yes, Abby will answer your letter personally if you write to ABBY, Box 3365, Beverly Hills, Calif., and enclose a stamped, self-addressed envelope.

Former Residents Report Betrothal

Former Pontiac residents Mr. and Mrs. Harold Phillips of Marlette announce the engagement of their daughter Maxine Lois to George J. Moore, son of the Joseph Moores of Beaver Falls, Pa.

The bride-elect is the granddaughter of Mr. and Mrs. Orland H. Phillips of Myrtle Drive.

Mr. and Mrs. Lyle S. Jones of Drayton Plains announce the engagement of their daughter Patricia Sue to Charles L. Brandt, son of Mrs. Lois Welber of Ortonville and the late Lloyd F. Brandt.

City Youth, Band Fine in Cairo

Crowd Flips Fez as U. of M. Unit Enlivens Fair

CAIRO (U)—Egyptians from all walks of life applauded the University of Michigan-Symphony Band Tuesday night at its first Cairo performance at the American pavilion at the Cairo International Agriculture exposition.

The audience, standing around the pavilion, was estimated at about 1,000 but listeners were coming and going so that the total who heard the band probably ran to 2,000.

Thousands of others heard the music carried by the exposition public address system elsewhere, including Soviet and Red Chinese pavilions.

The 94-piece student band, conducted by Prof. William D. Revell, presented works by American and European composers in an open air performance.

PONTIAC PLAYER LAUDED

One of the most applauded pieces was a trumpet solo by Donald Tison of Pontiac, Mich. An encore of Leroy Anderson's "Bugler's Holiday" also was well received.

Most of the audience was Egyptian in western dress, indicating the listeners came from the educated middle or upper classes. But there were some peasants in white turbans and long brown gowns.

At intermission, Egyptian students swarmed around the musicians, asking them questions and examining their instruments.

The band arrived here after a two-month tour of the Soviet Union.

"We were deeply impressed with the interest in music we found among the young people of the Soviet Union," said Frederick Moncrieff, the band's business manager.

"Our students became accustomed to being encircled at all times by young Russians asking questions and exchanging ideas on music. Those Russian youngsters have a tremendous knowledge of music. We could not believe they could be so well informed on jazz and Dixieland, for instance."

The band is scheduled to stay in Egypt until April 22 then move to Amman, Jordan, for performances there.

Shorts Aren't So Short This Year

Shorts go to new lengths this spring. Some of them now just graze the knee or cap it, a length considerably longer than that of Bermuda shorts. The longer length, shorts have fly fronts and waistlines with give. They come in knit, twills and duck and in ribbon stripes or flowered prints.

The Pontiac Police Officers' Association presented a \$1,200 scholarship check to the PTA Council at Tuesday's Presidents' breakfast. Police Lt. Raymond E. Meggitt (left) and Sgt. Herbert C. Cooley, association president, were photographed with Mrs. George Gray, council president, who accepted the generous amount and commended the police officers' association for its interest in youth.

were photographed with Mrs. George Gray, council president, who accepted the generous amount and commended the police officers' association for its interest in youth.

Singer Tops in Concert Finale

By MARJORIE EICHER
Women's Edition
The Pontiac Press

The Pontiac Symphony Orchestra ended its season with a brilliant concert in which contralto soloist Claramae Turner received an ovation.

Concert-goers were thrilled by a superb solo instrument, the voice of this celebrated singer.

Her phrasing was flawless and her voice was sweet and even throughout its range. Miss Turner makes a splendid appearance as well as a splendid song. Dark and statuesque, she has the easy poise of the professional opera singer plus the warmth of personality that makes immediate contact with her audience.

Her rendition of Handel's "Hovosover They May Revile Me" revealed at once the rich deep truth of this contralto's voice. Tenderness and flexibility were evident in her singing of Dvorak's "Songs My Mother Taught Me."

Miss Turner's final number in the first set of songs, Schubert's "Der Erlkonig" was a hit with her audience who responded with vigorous applause to this beautiful example of German lieder.

Known for her role in Bizet's "Carmen," Miss Turner gave the three arias the full treatment. The audience loved it. From her sultry "Habenera" through the dramatic depths of the card scene to the "Sequitilla" in which her powerful volume and extensive range were stellar, this star of the Met had her listeners in the palm of her hand.

The encore, which she graciously presented was Leoncavallo's "Neapolitan Morning Serenade."

OPEN WITH BEETHOVEN

The orchestra and director Francesco DiBlasi provided a

sympathetic accompaniment to Miss Turner. Their part in the evening's program opened with very good Beethoven—the "Egmont Overture" in which the string section distinguished itself.

Schubert's "Unfinished Symphony" which followed was delivered with exquisite attention to balance. Mr. DiBlasi's arrangement of the Chopin "Prelude in E Minor" which followed the intermission was executed with feeling. DiBlasi translated the Chopin for orchestra with real finesse.

The colorful "Pines of Rome" by Respighi concluded the concert. One felt the audience left reluctantly. Solo parts in this were carried by the respective orchestra members with distinction.

A coffee hour in the cafeteria of Pontiac Northern High School followed the concert. Here Miss Turner, Mr. DiBlasi, orchestra and board members received the audience and Miss Turner in her stunning Charles Winston black-jeweled gown dispensed autographs to an admiring cluster of young people.

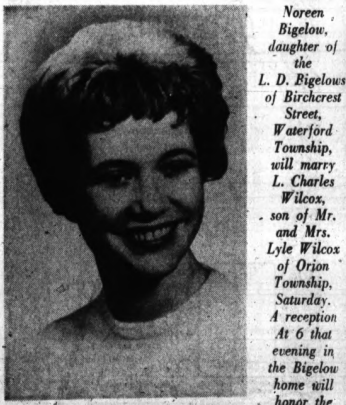

Annual reports for the Teachers' Exchange Club were read at the April meeting in the home of Mrs. Lynn W. Kennaday on Alway Drive, Waterford Township. Mrs. Grady Smith assisted the hostess.

Mrs. Alice Benson was elected president; Mrs. Lewis Cot-nell, vice president; Mrs. J. E. Scott, recording secretary; Mrs. Ray Purcell, corresponding secretary and Mrs. Lloyd Adams, treasurer.

Exchange Club Hears Reports

Hair Affects Skin

(NEA) Did you know that you can help keep your skin clear by keeping your hair clean at all times? If your hair is oily or dandruff-infected, your skin can become irritated by contact with it. So shampoo two or three times a week.

TBI Club Installs Officers

The TBI Women's Club installed officers for the coming year Saturday following a dessert-luncheon at the Beverly Avenue home of Mrs. C. E. Van Treese Jr.

Serving with Mrs. S. E. Minard, president, will be Mrs. Frank Cook, vice president; Mrs. Paul Garman, recording secretary; Grace Trapp, corresponding secretary; Mrs. Sel Lemer, treasurer.

Mary Parker conducted the installation ceremony and presented yellow roses, the club flower, to retiring and newly installed officers.

The Louella Minard Scholarship Committee reported that letters and brochures have been mailed to all Oakland County school counselors and principals.

A white elephant sale will follow a progressive dinner on May 13. Mrs. W. Walker of Flint was a guest of the club.

Mayflower Unit Sees Trip Slides at Craig Home

Mrs. Dexter Craig & Barbour Lane, Bloomfield Hills, was hostess for the April meeting of the Mayflower Group of First Congregational Church. Mrs. Philip Hubbard assisted.

Mrs. J. A. Raimonen presented travel pictures of her recent Mediterranean cruise, and displayed native handicraft.

Mrs. H. E. Hotchkiss gave devotions on a "Green Thumb" theme.

The group will serve a coffee hour at the April 21 meeting of the Michigan State Conference of Churchwomen of the National Association of Congregational Churches at the local church. They also will serve the parish dinner for the local church on May 13.

Guests were Mrs. Odes Case who spoke, Mrs. Fred Hibler and Jeanette Hubbard.

Mrs. Arno Hulet of Franklin Road, Bloomfield Township, will be hostess for the May 11 meeting.

AGNES MAZZA

Planning a fall wedding are Agnes Mazza, daughter of the Eugene Mazzas of Lonsbury Avenue and Charles F. Tefend, son of the B. J. Tefends of Lake Orion. Mr. Tefend attended Lawrence Institute of Technology.

BARBARA JEAN GARDINER

June vows are planned by Barbara Jean Gardiner, daughter of the Lloyd W. Gardiners of Birmingham, to Clyde R. House, son of Mr. and Mrs. Clyde G. House of Liberty Manor. She is a graduate of Albion College and her fiancé is a graduate of Wayne State University's College of Pharmacy.

Personal News

The Rev. and Mrs. James Braid (Judy Palmer) of Detroit announce the birth of a daughter, Lynne Ann, April 8 at Pontiac General Hospital.

Maternal grandmother is Mrs. Allen W. Palmer of Dakota (Helen Cate) and paternal grandparents are Mr. and Mrs. Carroll C. Braid of Rosewood Drive.

Since their arrival in this country several weeks ago, they have been on duty at the Ordnance Tank Automotive Command in Detroit.

Mr. and Mrs. Calvin J. Rhodes (Kathleen M. Terhoy) of Bloomfield Terrace announce the birth of a son, Stephen John, April 2 at St. Joseph Mercy Hospital.

Grandparents are Mr. and Mrs. Charles F. Rhodes of Okemos.

Receiving congratulations on the birth of a daughter, Eve Louise, April 2 at Pontiac General Hospital, are Mr. and Mrs. Edward Avedenka (Beverly Schlussel) of Canterbury Drive.

Grandparents are the Maurice Schlusels of Brookdale Lane and the Abraham Avedenkas of Chippewa Road.

The birth of a son, Richard Leroy Jr. April 11 at Pontiac General Hospital is announced by the Richard L. Coris (Helen Cate) of Timor Drive, Waterford Township.

The Howard L. Cates of Elizabeth Lake Road and the Cliden Coris of Elwell are the infant's grandparents.

Mrs. Stuart Galbraith of West Iroquois Road joined her sister Mrs. Clark McVee at Hollywood, Fla., who accompanied her on a recent four-day stay at Nassau in the Bahamas.

Mrs. George Moore of Moreland Avenue has returned from a five-month vacation at Key West and Largo, Fla.

Mr. and Mrs. Frank V. Salerno II (Marion Guy) of Forest Park, Ill., are parents of a daughter, Sally Elizabeth, born April 11 at Pontiac General Hospital.

Grandparents are the Ernest L. Guys of Brookdale Lane, Waterford Township and the Frank Salernos of Chicago, Ill.

Former Pontiac residents, Mr. and Mrs. Charles O. Lanning of Clarkston have been wintering at Tampa, Fla., for three months.

The Delbert I. Browns (Lois Bartles) of Elizabeth Lake Road announce the birth of a son, Mark Albert, March 31 at Pontiac General Hospital.

Maternal grandparents are the E. Don Bartles of Oliver Street and great-grandmother Mrs. Maude Bartles of Gateway Drive, Waterford Township.

Residing in Newberry are the Albert Browns, paternal grandparents, and Mrs. Alice Brown, great-grandmother.

The birth of their fifth son, Robert James, is announced by Mr. and Mrs. John D. Polmear (Joanne Russell) of Bamford Street, Waterford Township, April 4 at St. Joseph Mercy Hospital.

Paternal grandparents are the John Polmeares of North Shirley Street.

Leon T. and Charles E. Stout have moved from Ottawa Drive to Argyle Avenue, Washington Park.

Shower Honors April Bride-Elect Mary Ann Hicks

April Bride-elect Mary Ann Hicks was honored at a linen shower Saturday afternoon at the home of Mrs. Donald Green of Oak Park, grandmothers of the bride.

Mrs. Glenn D. Priest of Devonshire Road, Bloomfield Township, was co-hostess.

Flowers were marked for Mrs. Howard C. Hicks of Lincolnshire Road and Mrs. Sandra Craft, mother and sister of the bride; Mrs. Freeman Williams and daughter Cynthia of East Highland, mother and sister of bridegroom-elect Lawrence F. Williams.

Mrs. Fred Johnick of Port Huron and Mrs. Clyde Williams of Oak Park, grandmothers of the engaged couple, attended with Mrs. Ernest Johnick and Mrs. Virgil Steinmeyer of Port Huron.

Others were Mrs. Edward Lesser of Oak Park, Mrs. Richard Truitt of Farmington; Kaye Grantham, Millford; Mrs. Emil Sauve, Mrs. George Lang, Audrey Lang and Mrs. Ralph Bergeman.

Good for Waist Slimming

Bend to Left, Then to Right

By JOSEPHINE LOWMAN

If yours is to be a June wedding, or if that happy event is still a few weeks away, there is yet time to improve your figure.

All brides wish to be as beautiful as possible and you may have some small defect you want to banish. With this in mind I am giving you two of the best waist-slimming exercises I know.

They also are corrective to the small pads of fat just below the waistline in back, which many women have. Try these!

1. Kneel on both knees and raise the arms upward overhead, one arm by each ear. Keep the arms by the ears while you bend to the left and push the hips out to the right. Sit on the heels. Raise the trunk and bend to the right, pushing the hips out to the left and sitting on the heels. Raise the trunk. Continue, alternating left and right.

This exercise is very effective if it is done correctly. It should be done very slowly and the arms must be kept by the ears even if you cannot bend very far over. With practice you will be able to go further down in the bends.

2. Stand tall with your feet comfortably separated. As you bend to the left, raise your right arm up by your right ear. Try to touch the floor with your left hand or the fingertips of your left hand. Raise the trunk and return right arm to side. This time raise your left arm up by your left ear as you bend to the right, trying to touch the fingertips to the floor. Raise trunk and continue, alternating left and right.

It is important that you also do

Allah be praised — for this exercise which is fine for the waistline. It is important that one do these exercises exactly as directed.

Maurice Salad Dressing Antique Show Specialty

By JANET ODELL, Pontiac Press Home Editor

This is the week when many Pontiac women go to the Antique Show. We asked the food committee for a different recipe they'll be using during the show.

Assistant food chairman, Mrs. John Hubbard, gave us the salad dressing recipe the cooks are making. It will be served on a Maurice salad

which combines lettuce, ham turkey, sweet pickle and cheese. Mrs. Walter J. Wharton brought this recipe from England.

MAURICE SALAD DRESSING

By Mrs. Walter J. Wharton

- 1 cup salad oil
- 1 cup cream
- 1 tablespoon sweet pickle juice
- 1 tablespoon Worcestershire sauce

Mix well and pour over salad. Makes 46 servings.

Cranbrook Artist Talks at Child Study Club

Glen Michaels (at left), supervisor of the Young People's Art Center at Cranbrook shows Junior Child Study Club members a construction by one of center students, Mrs. George Wetterhahn of South Tilden

Avenue, Mrs. Frank Niggeman of Barrington Road and new member Mrs. George Pentik of Cheltenham Street enjoyed his speech to the group Tuesday afternoon.

The importance of drawing in art teaching was Glen Michaels' subject when he spoke Tuesday afternoon to members of the Junior Child Study Club. The affair was at the West Iroquois Road home of Mrs. B. B. Roush.

Mr. Michaels, supervisor of the Young People's Art Center at Cranbrook, took his M.A. at Cranbrook after receiving an education at Yale. He has taught for ten years in both public and private schools and has works on display at the Bertha Schaefer Gallery in New York and the Little Gallery in Birmingham.

"Drawing is of fundamental importance in developing talent in any art course for children," said Mr. Michaels. An advocate of construction for children, he illustrated his talk with examples of constructed sculpture from cast-off free materials. He believes simplicity should be stressed in these structures.

Cobhostesses for the day were Mrs. Forrest Wood, Mrs. Philip Wargelin, Mrs. Allen Hawke, Mrs. Arley Lowe, Mrs. Walby Wharton and Mrs. Edward Vierich.

Former member Mrs. Ross Walls presided at the tea table.

New members received were Mrs. James M. Mitchell and Mrs. George Pentik, Mrs. George Wetterhahn, program chairman, introduced the speaker.

Philatheans Meet to Honor Congo Worker

Seventy-five members of the Loyal Philathea Class of First Baptist Church attended the April meeting at the church to honor Mrs. Hector McMillan, recently returned from the Congo missions.

Mrs. V. L. Martin gave the devotional message and showed pictures of mission work in the West Indies.

Ann-Latona gave a reading, "Entertaining the Preacher." Mrs. Herbert D. Flemington sang a vocal number and Carolyn Liddy and Jean Sebastian were heard in a vocal duet.

Mildred Barnett was accompanied for an accordion duet by Carolyn Kennedy and Judy Coleman.

Other guests home on furlough from the Congo were Isabelle Jones, Mrs. George Kennedy and Mrs. Orval Dunkeld.

Newcomers Club Hears Garden Talk

Twenty-one members of the Newcomers Club of Pontiac were guests of Mrs. Gordon Low of Exmoor Road, Waterford Township, hostess for the April meeting. Assisting her were Mrs. Morton Bacon and Mrs. Richard Dobat.

Questions on garden problems were answered by Wayne B. Siefert, Oakland County Horticulture Agent, who spoke on the work of his department.

Mrs. Richard T. McCoy was a guest for the evening.

Waterford PTAs Keep Active

Science exhibits, elections of officers, colored movies and musical programs will predominate at six Waterford Township Parent-Teacher Association meetings tomorrow night.

WILLIAM AUSTIN BURT
An open house at 7:45 will begin the last meeting of the Burt School PTA for this season. A panel of Waterford Township teachers will discuss "Creativity and Your Child." They are Doris Barclay, co-ordinator of elementary art; Miss Mary Phelps, music supervisor; and Robert Harper, Burt school fifth grade teacher.

The following officers will be installed for next year:

Mrs. Duane Hammond, president; Mrs. Earl Franklin and Donald Loomis, vice presidents; Verne Ernst, father vice president; Mrs. Anne Bowers, teacher vice president; Mrs. Robert Ballyn, secretary; Mrs. Myles Trost, treasurer; and Mrs. Lewis Shelden, historian.

LEGGETT

Another open house will be held from 7 to 8 p.m. at the Leggett School PTA meeting, with a campfire meeting scheduled for 7:30 in the teacher's lounge for the organization of new groups.

Five mothers will present a skit, "I'll See You After School," and Mrs. Frieda Huggert, visiting teacher, will be the moderator for a discussion following the presentation.

There will be science projects on exhibit, and later there will be entertainment provided for children participating in the science program.

Reservations will be taken for the pancake supper to be held from 5:30 to 7 p.m. Saturday.

WILLIAM BEAUMONT

Members of the Pontiac Chamber of Commerce will present the film, "The Pontiac Story of Progress and Promise," at the Beaumont school's 7:30 meeting.

The chamber group will also present some of the plans being made for Centennial Week.

JAYNO ADAMS

Beginning at 7:30, teachers of the Jayno Adams School will be in their rooms to welcome parents to an open house. Following the half hour session, the School Glee Club will present several musical numbers under the direction of Miss Carolyn Doelle.

After a short business meeting, there will be a presentation of the much-discussed film, "Rescue Breathing," by representatives of the Michigan Bell Telephone Co.

All parents of small children, whether attending Adams School or not, have been invited to see the film which was difficult to obtain, according to Mrs. David MacLaren, program chairman.

SCHOOLCRAFT

At 8 members of the Schoolcraft PTA have been invited to attend a special concert made up of fourth, fifth, and sixth grade girls from every school in Waterford Township.

The Waterford Township Girls Chorus is under the direction of Mrs. Helen Glenn, and will be accompanied by the orchestra.

Century-Old Bible Held by Bride at Wedding

A century-old heirloom Bible belonging to her paternal grandmother was held by Joan G. Bee as she exchanged wedding vows and rings with Daniel L. Sanders of Rochester Saturday evening in Oakland Avenue United Presbyterian Church.

The Rev. Theodore Albrecht performed the candlelight ceremony before a background of white gladioli and potted palms.

The newlyweds, with their parents, Mr. and Mrs. Johnnie Bee of East Chicago Avenue and Mr. and Mrs. Lloyd Sanders of Rochester, received some 400 guests in the church parlors.

Fashioned of rose point pattern Chantilly lace over tulle, the tiered bride gown swept into a chapel train. The fitted bodice, styled with modified Sabrina neck-line, extended into long tapered sleeves.

A Swedish crown of translucent crystals and pearls secured fingertip veiling of silk tulle. The bridegroom's gift necklace of pearls was also worn.

ATTEND COUNSEL

Attending the couple were Janet Deem, maid of honor, and bridesmaid Mrs. Charles Agayo, with Lona Shelton and Virginia Miller of Drayton Plains.

Wearing identical scoop-neck dresses of rose tulle with darker draped overskirts, the attendants carried pale pink carnations and the bride's maid's flowers were of deep azalea pink.

Rebecca Agayo, in floor-length white lace over tulle, carried pink and white carnations in a white lace basket.

Anthony Briskow attended his nephew as best man. Allan Sanders ushered for his brother with Donald Pettier also of Rochester, and Jack James of Ulica, Robert Agayo was ringbearer.

Leaving for a two-week honeymoon at Fort Lauderdale, Fla., the bride donned a gold wool suit, mint-green accessories and the white orchid held during the ceremony.

The newlyweds will make their home on Dwight Avenue. Mr. Sanders is a graduate of General Motors Institute, Flint.

Pink sweetheart roses and pink flowers had complemented Mrs. Bee's dress of navy satin-faced tulle.

The mother of the bridegroom, in beige silk shantung, selected a yellow flower hat and wore yellow gardenias.

MRS. DANIEL L. SANDERS

Says Congo Needs Medical Aid Badly

By MARGARET BROWN
Oakland County District Nurses Association members meeting in Pontiac General Hospital Tuesday evening heard Dr. Percy S. Marsa of Lake Orion say that America needs to play its "time and learning or lose out in the Congo."

Dr. Marsa, a missionary and physician, fled the Katanga Province last fall with his wife and two daughters at the outbreak of the Congo's bloody revolts which followed political independence from Belgium.

Citing the Africans' tragic need for medical facilities, educational and agricultural programs, Dr. Marsa, an ordained Seventh Day Adventist minister, suggested that President Kennedy's Peace Corps may be the answer for

the Dark Continent's imploring 13 million natives.

He added:

"Widespread Communist radio broadcasts denouncing the United States and Belgium are increasing the tension in that troubled area."

Expressing his hope that nurses might be challenged by the Peace Corps, Dr. Marsa told of the Congolese lack of hospitals and medical personnel for treatment of infectious tropical diseases and education of the natives. He showed color slides and films which pictured vividly for the group the ravages of maladies prevalent in that area.

"Ignorance" is the Congo's worst problem, according to Dr. Marsa. Infectious disease is rampant because the natives' sanitary conditions are deplorable. "They need to be educated so they can help themselves," he said.

"It's our responsibility, and there's great satisfaction in doing something outside of ourselves to help these people who are quick to learn and grateful beyond words for our interest."

African women are as "ignorant as goats" and in general accorded about the same respect, Dr. Marsa told the nurses. Because the mothers know nothing of nutrition, health or sanitation the infant mortality rate is unbelievably high. "A couple may have five or six children and consider themselves lucky if they can rear two."

Mission work is organized around education, offering learning on a primary level, but there is a tremendous need for secondary and advanced education, the doctor told the group.

"In all the Congo there is not one native doctor," he said. "And recently when one of the first universities was organized, only three could qualify for entrance."

Although the Katanga Province is rich in natural resources, privation and poverty still exist because the natives don't know how to use them.

"They may have only a hoe for ritually small scale agriculture," he said. "They can't raise cattle because there's nothing to feed the animals."

Dr. Marsa is hoping to return to Africa to establish a hospital near Kongolo where the natives are pleading for help. "They're making great sacrifices to pay for the undertaking, but they ask for our knowledge to complete the task," he said.

Two other physicians from Lake Orion Dr. W. Walter Oliphant and Dr. E. Arthur Calkins join Dr. Marsa in the Congo mission work, sharing income while one of the doctors is on the field. Dr. Oliphant is now in Kenya.

Dr. Marsa told the nurses: "We benefit ourselves by helping others. I believe Americans will measure up to the call — if we don't, someone else will."

Make Her Thanks a Present

By the Emily Post Institute
Q: While on a business trip recently, I lost my purse. It contained quite a large sum of money, as well as my driver's license, keys and other personal belongings. When I returned home there was a letter from a stranger enclosing her pressing check for the amount found in my purse and explaining that she was sending the purse and contents under separate cover. It has arrived with everything intact. Now what can I do about rewarding this person?

A: Write her a letter expressing your heartfelt thanks and rather than money, send her a present costing approximately 10 per cent of the sum you had lost.

Q: I'm newly bereaved, having lost my husband two weeks ago. However, duty calls me back to my business. What kind of mourning clothes would it be proper for me to wear when I am in contact with other people?

A: Conspicuously deep mourning would be unsuitable. But you can wear plain black clothes with very simple white neck trimmings, or black and white prints of the sort that might be mourning or not, and utility jewelry. This means your wedding and engagement rings, a watch, and if necessary, a pin to close the neck of your dress.

Q: I'm having dinner in a restaurant with a man, where am I supposed to stand to wait for him while he pays the check?

A: You walk slowly towards the door and wait, exactly as you do when he goes to the box office to buy theater tickets.

The Emily Post Institute is sorry it cannot answer personal mail.

Mother of 9 Wins Title in Michigan

DETROIT (P)—Mrs. Ivy Broome Payton, a Salvation Army leader and mother of nine children, has been named "Michigan Mother of the Year."

Eight of Mrs. Payton's children were on hand Tuesday to see her honored.

Mrs. Payton, who with her husband heads Salvation Army work in Lansing, now will compete for the "American Mother of the Year" title in New York May 9-12.

Mrs. Payton and her husband met in Ontario when both were captains in the Army. They were married 40 years ago. Both plan to retire in two years.

Their children are Orville, 37, advertising manager for Mueller Brass in Port Huron; Brigha, 36, head of the Salvation Army's youth work in Canada; Ruth, 34, a Royal Oak school teacher; Eric, 32, bandmaster at Washington Junior High School in Port Huron; Donald, 30, who lives and works in Chicago; Muriel, 28, heads Army work in Cadillac with her husband, Larry Hull; David, 26, Eastern Michigan University student; Evangeline, 23, Army worker in Manistee, and Elizabeth, 18, a Lansing high school student.

Mrs. Nellie Milliken Green of Lapeer was second in the Michigan contest, and Mrs. Ethel Davison Woodford of Detroit was third.

The equivalent of one-half million acres of productive farm land is destroyed every year in uncontrolled and uncorrected erosion processes.

Mrs. Jane Hart, wife of Michigan's junior U.S. senator is flying from Washington to speak Thursday at a luncheon of the Democratic Women

of Oakland County. The 1 p.m. affair at Kingsley Inn is expected to attract some 200 women.

Jane Hart Will Speak at Kingsley

What is the role of women in politics?

Mrs. Jane Hart, wife of junior U.S. Sen. Philip A. Hart, D-Mich., will give her opinions Thursday at a luncheon in Bloomfield Hills.

An expected 200 Democratic women from around Oakland County will turn out for the 1 p.m. gathering, which will inaugurate a program in which Democratic women from all over the country will be urged to participate, according to Mrs. J. N. McCall of Holly, vice chairman of the county committee.

It will be Mrs. Hart's first major appearance back in her old home town of Birmingham since last fall's election.

Mrs. McCall said women's activities to be outlined at the luncheon include a trip to the legislature, a summer picnic and a holiday dinner dance.

Mrs. Robert Heitsch opened her home on West Ingham Road for the April meeting of the June Group of First Presbyterian Church. Sharing hostess honors were Mrs. M. A. Benson, Mrs. Frances Olmstead and Mrs. H. H. Pratt.

Topic for devotions by Mrs. Asa L. Drury was "In Him Was Life." Mrs. Bessie M. Brown spoke on "Children" for the social education and action program.

Most U.S. cigarettes contain about 2 per cent nicotine. In 1915 the average was 3 per cent.

Linda Lee Pearsall Weds Evening Vows Given

MRS. HAROLD H. TIPOLT

The chancel of Christ Lutheran Church was decked with white snapdragons, poms and potted palms for the Saturday marriage of Linda Lee Pearsall of Waterford to Harold H. Tipolt of Drayton Plains.

Evening vows were pledged to the Rev. Arvid E. Anderson before some 250 guests who also attended the reception at the Oakland County Sportsmen's Club, Waterford.

Parents of the newlyweds are the Frederick T. Pearsalls of Waterford and the Henry Tipolts of Drayton Plains.

The bridal gown of white rose point pattern Chantilly lace over tulle was styled with a modified Sabrina neck-line, fitted bodice and long tapered sleeves. The bouffant skirt fell into a chapel sweep.

Fingert veiling was attached to a pearl crown. The bride's semicircular included white roses, lilies of the valley and carnations.

Attending their future sister-in-law were Mrs. Duane Brown of Cass Lake, matron of honor, and Mrs. Wesley Tindall who served as bridesmaid with the bride's sister Barbara.

Their frocks of white nylon sheer were embroidered with bowknot pattern, green for the maids and yellow for the honor matron. Yellow roses and white carnations comprised their semicircular bouquets.

Duane Brown performed the duties of best man. Seating guests were Dan Chamberlain of Drayton Plains and Wesley Tindall.

Leaving on a brief northern Michigan honeymoon, the bride was wearing an olive green wool sheath dress and beige topper. The couple will live in Drayton Plains.

Mrs. Pearsall appeared in an aqua tulle sheath dress with scoopneck lace bodice and lace peplum. The mother of the bridegroom, in apricot lace and nylon sheer over tulle, wore white accessories.

Bid Farewell to Traveler

Mrs. Earl DeMond of Barkman Road was honored at a going-away party Tuesday evening at the home of Mrs. C. W. Griggs of Old Lake Road. Mr. and Mrs. DeMond will leave by plane in May for a four-week tour of Europe.

Attending were Vera Bassett, Mrs. H. J. Green, Mrs. Kenneth Hoard, Mrs. William Hartman, Mrs. Thomas Vradenburg, Mrs. Raymond Cole, Mrs. Walter Babb, Mrs. William Wieshart, Mrs. C. Croover, Mrs. T. Weber, Judy Wagner, Mrs. Frances McCue, Jeannine Garrett and Norma Ainsley. Assisting the hostess were Mrs. E. A. Reitmeyer and Mary Eleanor Lockman.

SEW SIMPLE

By Eunice Farmer

"Dear Mrs. Farmer:
"I wish you would discuss whether it is necessary to shrink most of our cottons today before cutting them.
Also, in making pleated skirts, is it permissible to leave on the selvage when seaming the lengths together?"
Mrs. E. T.

Good quality cottons will rarely shrink. It depends on how you will launder them. If you intend washing them in very hot water, it would be a good idea to shrink them first.
You may use the selvage edge of the fabric in the skirt seam, but since the selvage is woven tighter than the rest of the fabric, you must clip this edge every inch or so. This will prevent pulling at the seams.

MEASURE CHEST

"Dear Mrs. Farmer:
"How should one take a 'bust measurement' to determine the size pattern to buy?"
Mrs. M. McC.

In all my experiences with fitting, I have found that most women buy a pattern that is too large for them at the neckline, shoulders, and bodice in general. In most instances, DON'T take into consideration, the waist measurements or the hip measurement. These can be easily enlarged.
Measure yourself rather tightly just ABOVE the fullest part of the bust. In other words, a chest measurement rather than a bust measurement. If you buy a pattern closest to this measurement, the chances are that you will be more satisfied with the fit of the garment. This measurement given on the pattern may even be SMALLER than your bust measurement, but unless you are very large in the shoulders, it probably will fit you better.

WHERE TO START?

"Dear Eunice:
"In relation to centers and size of buttons, I am never sure where to start the buttonhole. Do you start right on the center front line or 1/4" left of the center. Do you always sew the buttons on the center front line?"
Mrs. S. C.

Except for some unusual reason, the buttonholes should begin at the center front in all garments. Your buttons too, may be placed on the exact center front.

Don't sew the buttons on according to the marks on the pattern. Instead, mark the exact spot for buttons by lapping the right front over the left front, after garment is completed.

SEWING GLOSSARY: Steaming: Applying steam, such as a steam iron, slightly above your fabric to raise the nap or pile. This is usually necessary if you have pressed the edges of fabric too hard and flattened the pile.

Please send all questions and suggestions to Sew Simple, in this newspaper. For detailed instructions on making buttonholes, send for my free leaflet, "Bound Buttonholes." Obtain it by sending a large, stamped, self-addressed envelope with your request to Eunice Farmer, in care of The Pontiac Press.

Church Group Hears 2 Reports

The July-August group of First Presbyterian Church attended a luncheon meeting Friday at the home of Mrs. D. B. Eames of Cherokee Road.

Cobhostesses were Mrs. Paul J. Rich, Mrs. Louis B. West and Mrs. Nora Vanderworp.

Mrs. West led the devotional on "Ways of Witnessing," and Mrs. C. L. Mulkey gave the Bible study. Mrs. Earl Barlett reported on social education and action and Mrs. Ted Koella on missionary education.

10 Tables Playing at Duplicate Club

The Pontiac Duplicate Bridge Club met Monday evening at the Elks Temple with 10 tables in play.

Winners were Allen Rososky and Donald Stephenson; Joe Nouse and Al Wallace; Mrs. Ernest L. Guy and Dr. Robert Segula; Mrs. James McGuire and Mrs. Otto Deyo; Dr. H. C. Walser and Ernest L. Guy; Melvin Small and Donald Bowen.

First elevated transport line built here in 1867 was a financial failure.

Centennial belles, members of the Pontiac Young Women's Christian Association Golden Age group arrived at Tuesday's meeting dressed in old-fashioned costumes, antique jewelry and other heirloom pieces. From right were

Mrs. Harry J. Rich, Norton Avenue; Mrs. Frank R. Chapel, Monroe Street; and Mrs. William F. Todd, Norton Avenue. Their respective ages: 80, 83, and 92.

Announce Winners

The Pontiac Bonneville Duplicate Bridge Club met Saturday evening at the Hotel Veldron with nine tables in play.
Winners were Mrs. Jack Wright and Ernest L. Guy, Mrs. Melvin Small and Charles Streinger, Mr. and Mrs. James Sweeney, Forrest Reed and Richard Simpson, Dr. and Mrs. Edward Collins, Donald Bowen and Mrs. John Christiansen.

10 Little Buttons

Oxford and Orion Get Reports on Sewer Costs

By DON FERNYOLE
OXFORD — Cost of a new sewage treatment plant and a huge sanitary trunk sewer to serve the Oxford-Lake Orion area has tentatively been set at \$11 million. It was reported at a special meeting here last night.

Costs and plans for the sewage disposal facilities were reported to officials of Oxford, Lake Orion, Orion Township and Oxford Township by Donald W. Rungler, deputy director of the Oakland County Department of Public Works.

Rungler's findings were based on a study of the area by the County DPW and the engineering firm of Johnson and Anderson.

The study was requested early last summer by the Lake Orion and Oxford village councils.

Orion Township Supervisor John Lessner and Oxford Township Supervisor Lee H. Clark also attended the joint meeting last night, along with Clark Johnson of Johnson and Anderson.

The proposed sewer facilities would serve certain sections of both townships between Lake Orion and Oxford in addition to property within the corporate limits of the two villages.

The treatment plant, which would be built somewhere on the south side of Lake Orion for about \$200,000, could serve the needs in the area for 10 to 15 years, according to Rungler.

The plant eventually would be replaced by the proposed Clinton River Sewage Disposal System, which is planned by the DPW to serve 13 municipalities in North-eastern Oakland County.

The plans outlined last night by Rungler called for the plant to handle the needs of the approximately 6,000 residents now living in the area. It would be expandable to serve twice that population.

Rungler estimated that the cost of installing the huge trunkline about \$80,000 — would be more than the sum for treatment plant construction.

Jody Schafer Enters Pageant

Peach Queen, Now 18, Signs Up for Michigan Event at Muskegon

Jo Ellen Schafer, who reigned as Miss Rochester and Orson Peach Queen of 1960, yesterday celebrated her 18th birthday by becoming the first entrant in the 1961 Miss Michigan Pageant.

She is the initial candidate in an anticipated record field of competitors for the state crown. Pageant officials expect 25 communities never before represented in the contest to send candidates this year.

This marks the first time in the 28-year history of the Romeo Peach Festival that a queen of this event has been entered in the Miss Michigan Pageant.

Interest in the pageant this year is at an all-time high since the 1960 title, Nancy Anne Fleming of Montague, later went on to win the coveted Miss America crown.

Jo Ellen, daughter of Mr. and Mrs. J. William Schafer of 224 W. Auburn Road, Avon Township, takes two years of summer theater work and a professional singing background into the contest at Muskegon July 4-6.

Area Lions to Host District 11-A Officers

AUBURN HEIGHTS — The Auburn Heights Lions Club will host a cabinet meeting of officers from Michigan Lions Club District 11-A Sunday at the American Legion Hall, 96 Churchill Road.

The meeting, which will be attended by district officials, zone chairmen and committee chairmen, will be preceded by a dinner slated for 1:30 p.m. at the hall.

In connection with the local observance of White Cane Week, the Auburn Heights Lions will sponsor a tour here Friday by an instructor and dog from the Leader Dog for the Blind School near Rochester.

Costs and Plans

However, the DPW official said the trunkline could be connected to the larger Clinton River system when it is built while the treatment plant would serve only on an interim basis.

Construction of the interim plant at a site near Paint Creek already has received tentative approval from the State Health Department.

The health department, according to Rungler, allows interim plants of this type to be built in areas where permanent facilities are planned.

As tentatively proposed, the trunk sewer would be installed about a route roughly paralleling M-14 (Lapeer Road), except in a portion of Lake Orion where it would jog eastward through what is now rural land.

Rungler said the next step in the sewer project would be for the municipalities involved to come up with tentative costs for completing internal sewer systems inside their corporate limits.

The DPW official explained that the villages and townships would be asked to know approximate costs of installing lateral sewer lines before any further planning could be done on the trunk line or treatment plant.

The plans he proposed to officials here last night still are extremely tentative, Rungler said.

To Show 'Banned' Films

ORION TOWNSHIP — Two controversial films which Gov. Swainson has forbidden the Michigan State Police to show will be presented here tomorrow by the Orion Republican Club.

The movies, "Operation Abolition" and "Communism on the Map," will be shown to the public at 8 p.m. at the Orion Township Hall, 571 S. Broadway St.

It was expected that the branch hospital, which is slated to be built just north of Auburn and Rochester roads in Avon Township, would be completed in three to four years when the project was first announced Jan. 20.

The 20-bed hospital, which would be expandable to 40 beds by 1970, would serve Rochester, Utica and Advance, and E. M. Laitala of Troy plus the townships of Oakland, Avon, Shelby and Sterling.

Thumbs Down, Also, on Income Tax

Oakland County has gone on record opposing any income or payroll tax on its citizens.

With power to act invested in it by the board of supervisors, the legislative committee of the board met yesterday and "opposed the principle of the imposition of a tax upon the earnings of any of its citizens by municipalities or counties outside Oakland County."

The decision came after a near political showdown was averted Monday when the supervisors refused to take an immediate stand opposing a state move to impose a payroll tax on nonresidents.

Supervisors passed the suggestion of Southfield Mayor and Supervisor S. James Clarkson, a former Democratic state representative, over to the legislative committee for study.

The committee went one step further than Clarkson's request and included opposition to an income tax, saying the county "does not have a present need" for either.

Clarkson urged speed and got supervisors to let the committee act without having to report back to the full board.

"If we don't move now it may be too late," Clarkson said, realizing that the supervisors' next scheduled meeting was May 1, near the time the legislature is planning to adjourn.

Clarkson, attending his second board meeting, sought an immediate resolution to send to Lansing opposing any income or payroll tax. He said the county would give Wayne County the right to impose a payroll tax on persons working in that county but living in Oakland County.

"This tax on nonresidents represents taxation without representation," Clarkson said.

OBJECTS TO HANDS

But when Berkley Supervisor John G. Semann, the county's legislative and chairman of the legislative committee, asked for a show of hands of who favored a payroll or state income tax, he was met by a unanimous "no" vote of the board.

Clarkson, a Republican, said he "subscribe to the principle of local control," he said, "but unless we have more time to analyze what is being offered here I don't think we are qualified to pass on the decision."

Clarkson was offering the same resolution which the Southfield City Council adopted April 10.

"This is not something I feel should be decided on one side of the aisle or the other," Elliott said.

Dwight Hamlin, board chairman, ended debate by passing Clarkson's resolution to the committee — without the show of hands dressing.

Clarkson urged speed and got supervisors to let the committee act without having to report back to the full board.

Clarkson, attending his second board meeting, sought an immediate resolution to send to Lansing opposing any income or payroll tax. He said the county would give Wayne County the right to impose a payroll tax on persons working in that county but living in Oakland County.

REHEARSE FOR PLAY — Four members of the cast of the Avon Players' forthcoming production of the popular French farce, "Tartuffe," have fun at a rehearsal going through one of their scenes. They are (left to right) Chris Boyle, Wendy Roberts, Lou De Shantz and Lynette Brown. The comedy which brought such howls of protest from the pious when it was first presented in 1664 that it was banned for a time in France will be staged Friday and Saturday at Rochester Junior High School.

Report Received on Hospital Fund

Crittenton Board Will Study Plans on Raising Cash for Project

The board of trustees of Detroit's Crittenton General Hospital yesterday received the initial report on a fund-raising drive for the proposed \$4.5-million branch hospital south of Rochester.

Board members tabled the report for study, but they promised action would be taken as "promptly as possible."

The report was submitted by American City Bureau, Inc., of Chicago, the firm hired to study the area for its potential to support the project.

The company's study is expected to decide the timing of the hospital building program.

D. Eugene Sibery, administrator of Crittenton, said Monday the proposed branch hospital may be built one year ahead of schedule if the report is favorable.

It was expected that the branch hospital, which is slated to be built just north of Auburn and Rochester roads in Avon Township, would be completed in three to four years when the project was first announced Jan. 20.

The 20-bed hospital, which would be expandable to 40 beds by 1970, would serve Rochester, Utica and Advance, and E. M. Laitala of Troy plus the townships of Oakland, Avon, Shelby and Sterling.

Long Overdue, Spring Arrives in Most of U.S.

By The Associated Press

Near normal spring weather, long overdue in many areas, prevailed in most of the nation today.

A warming trend spread across the central part of the country and skies were clear in most sections.

Showers sprinkled parts of Western Pennsylvania, Southern New York and Southern New England, with snow or snow flurries in parts of Northern New England.

Showers dampened sections of Washington State and Oregon, with snow in high elevations in the eastern part of that area.

Gus Scholle Named to Conservation Unit

LANSING (AP) — Gov. Swainson today appointed three new members to the State Conservation Commission, including August Scholle, president of the Michigan AFL-CIO.

Three appointees to the seven-member commission will not take office until confirmed by the Senate.

Appointment of Scholle, of 2710 Vinetta, Royal Oak, was made despite opposition voiced by some environmental groups.

Others appointed were Harry H. Whitley of Rogers City, publisher of the Presque Isle County News, and E. M. Laitala of Troy plus the townships of Oakland, Avon, Shelby and Sterling.

Moliere Farce Will Be Staged

'Tartuffe' Scheduled by Avon Players; to Run Friday and Saturday

ROCHESTER — The stage of Rochester Junior High School will be transformed into a setting of French elegance for the Avon Players' presentation Friday and Saturday of Moliere's controversial and mischievous farce, "Tartuffe."

The play, which has a long and stormy history since it was first performed at the Versailles Spring Festival in 1664, has been staged for nearly 300 years all over the world. It is being revived in New York right now.

The plot centers around the title character, a monk named Tartuffe, who worms his way into the home and hearts of a substantial French family, the Orgons. Some consider him a saint. Others believe just as strongly that he is a cunning hypocrite and a seducer par excellence.

Before the audience knows the true character of Tartuffe, many aspects of religious hypocrisy and man's lusts and weaknesses are effectively presented by Moliere.

Cast in the title role is Don Brown. His wife Lynette will portray Elmire Orgon, the lady of the family that Tartuffe so ably convinces of his virtue.

Monsieur Orgon, the proud and glib French husband, will be played by Lou De Shantz.

Other members of the cast include Bonnie Stratton, Laura Gardner, Bob McGowan, Wendy Roberts, Tom Lusk, Pam Roberts, Christopher Boyle and Jack Curtis.

The comedy is being directed by Dick McGowan, assisted by Jean Lilly.

Curtain time both nights is 8:30 p.m. and tickets can be purchased from any member of the Avon Players, at Purdy's Drug Store or at the door.

Students are admitted for half price on Friday.

Hudson Covert Sets Scuba Demonstration

A fathers' night program, aimed especially at interesting the male members of Waterford Township's Hudson Covert PTA is planned for Thursday evening.

A scuba and skin-diving expert, Bill Jackson, formerly with the Oakland County Sheriff's Department, will be the main attraction. He will show equipment used in diving and demonstrate the use of this equipment. A question and answer period will follow.

Jackson is now with the Plant Protection Department at Ford Motor Division. He is an instructor in scuba and skin-diving for the YMCA and an American Red Cross water safety instructor.

As an added feature, a Michigan Bell Telephone film on mouth to mouth resuscitation will be shown.

An open house will be held from 7 to 7:30 p.m. with student achievement on display. The business meeting will begin at 7:30. There will be an election of officers.

Mrs. Ruth Cook and Robert Elliott's fourth and fifth grade mothers will furnish male-oriented refreshments.

Ginn Critical of Van Wagener

Romney Endorsement Hit

Endorsement of a local Republican constitutional convention candidate by a former Democratic governor has met with disapproval from Democratic Committee Chairman James M. Ginn.

"This endorsement was with-

out consultation with the Democratic party and its officers and should not be construed as representing either the views of the party, its officials or the Democrats of Oakland County," Ginn said.

"Although he refused in a press release to over the phone to name names, why build them up?" Ginn was known to be critical of Murray D. Van Wagener's support of George Romney, president of American Motors, who broke a long silence over the weekend and announced his candidacy.

Ginn found fault with Van Wagener's endorsement of Romney, who'll seek one of Oakland County's seven con-con seats, "probably the senatorial one," before he knows all of the candidates who are running for the office."

Ginn called the move "at the most, merely an expression of one individual's opinion."

No county Democrats have announced to date, although Romney, of Bloomfield Hills, and former 1956 attorney general candidate Richard C. Van Dusen have announced. Van Dusen will seek the county's fifth legislative seat in the July 25 primary.

CONTRAST STATEMENTS

Ginn's statement runs somewhat contrary to one by Mrs. Alice File, of Ann Arbor, and chairman of the Democratic State Con-Con Committee, who announced her partisan group will support a GOP candidate if it feels he or she is better qualified.

"Democratic candidates for the constitutional convention will represent the best talent and the most able individuals available in our county," Ginn said.

Last night a six-man committee was approved in Birmingham by Arthur G. Elliott Jr., GOP county chairman, to "act as sort of a clearing house" for the best potential GOP con-con candidates.

Elliott said the committee would make no effort to act as a screening committee or one to endorse candidates.

It was learned that Larry S. Davidson, former UAW official and now an attorney from Huntington Woods, would seek the GOP 5th District seat.

W. Bloomfield Seeks Millage

Adopts Larger Budget It Calls Necessary for Keeping Services

WEST BLOOMFIELD TOWNSHIP — An operating budget of \$221,475 for the 1961-62 fiscal year has been adopted by the township board. Besides this, the board adopted a budget for the library of \$50,710.

The current expenditure, including the township library budget of \$24,780 is \$296,655.

Supervisor John C. Rehard said that in submitting the tentative budget to the County Tax Allocation Board, a request of three mills has been made, which is double the allocation received by the township for present expenditures.

The supervisor said the additional millage is necessary if the township is to continue providing established services.

"There are services that a township isn't required to provide," Rehard said, "and if we can't gain the additional millage, it is inevitable that these services will be curtailed."

He referred to the police and fire departments, road improvements and the road chording program.

Rehard said if it becomes necessary, the township board has the prerogative to slice the library budget.

Keith Hamilton Defense Begins

Hope to Prove Former Mental Patient Insane in Double Murder

The defense opened its case today in an attempt to prove Keith I. Hamilton from life in prison for killing his wife's two brothers on impulse.

Pontiac psychiatrist Dr. L. Jerome Fink was the first to be called to testify by defense attorney John T. Rogers.

Rogers hopes to prove the 35-year-old Hamilton, a former mental patient and preacher, was insane when on Jan. 2 he shot William B. Smith and his brother Melvin B. Smith with a deer rifle.

He is charged with first-degree murder, which carries a maximum of life in prison if convicted.

Asst. Prosecutor Robert Templin Jr., closed out the people's case against Hamilton, who lived with his two brothers-in-law at 75 Lincoln St., by calling seven witnesses Tuesday afternoon.

The trial opened in the morning before Circuit Judge William J. Beer. A jury of 14 women was impaneled to decide Hamilton's fate.

Part of Templin's case centered around Hamilton's confession to police, which he said, "I don't know why I did it. I did it on impulse."

The jaguar is the largest and most powerful cat in the Americas. Sometimes — but very rarely — it is as big as a tiger.

Here's the secret of greener grass

One—fill the Scott's Spreader with protein-building TURF BUILDER®. Two—set the dial. Three—walk! As you go, the work-saving Scott's Spreader distributes potent, steady-feeding TURF BUILDER granules evenly and accurately over the whole lawn. And TURF BUILDER is clean, odorless and lightweight—incomparably pleasant to use. How's that for an easy way to feed grass the beauty-building diet it needs? Result? Thicker, greener, healthier grass, on any soil—even subsoil!

Save 5.00—Turf Builder (reg. 4.95) plus Scott's Spreader (reg. 16.95) both only 16.90

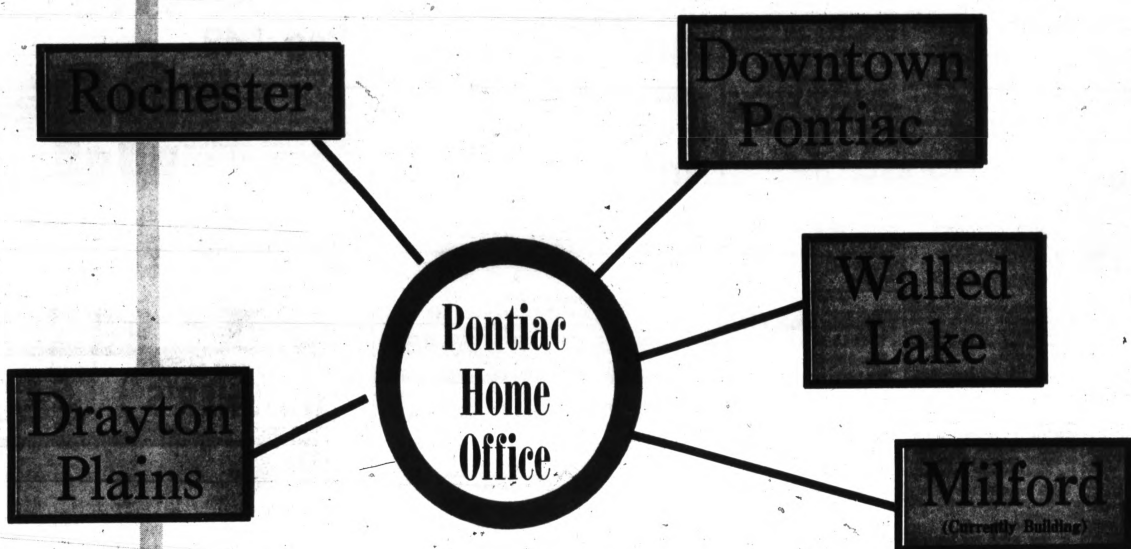

Bring your lawn problems to our Lawn Program Advisors. They have the know-how and the experience to help you achieve the kind of lawn you want.

In the short period of time between January 1960 and April of 1961 we have grown in total assets from 24 million to thirty million dollars! We have maintained a steady growth since our inception in 1934, reaching our first million in 1947 and in the next fourteen years reached 30 million!

Paralleling this growth is our establishment of branch offices throughout Oakland County. From our original office in downtown Pontiac we have extended our services to Drayton Plains, Rochester, Walled Lake and currently we are building a complete new office in Milford. All this, plus our home office building on West Huron Street.

Church Youths Get in the Spirit of Centennial Fun

The Centennial spirit will reign when the Pilgrim Holiness Church youth group meets Saturday night in the community room of the Adah Shelly Branch Library.

The program is designed to encourage Centennial participation, explained Mrs. Leona Thrown, 478 North East Boulevard, group president.

The 30-member organization expects about 30 guests from the church with the stipulation that all attending wear Centennial garb.

"Many of the women in the group are making their own Centennial dresses and bonnets and many of the men are growing beards," Mrs. Thrown reported. Centennial fun scheduled at the meeting includes old-fashioned tail-fy pulls and a box social luncheon.

Decorations will include a simulated general store complete with cracker barrels and some antique furnishings the group is rounding up.

A barbershop quartet will be featured in the entertainment.

Hospital Pharmacist Speaks to Nurses

Douglas Marx, chief pharmacist at Pontiac State Hospital, was guest speaker today at a meeting of nurses in the in-service educational program at St. Joseph Mercy Hospital.

Marx spoke on the topic, "Transquillizers and Their Toxicity."

Group Named on Dedication of Courthouse

Four county supervisors were approved Monday to make up a steering committee to plan a dedication plaque and ceremonies for the new county courthouse.

Named to it are Delos Hamilton, chairman of the board of supervisors; David Levinson, chairman of the ways and means committee; Luther Hancock, chairman of the buildings and grounds committee; and John R. Ogden, chairman of the special county building committee.

They'll inspect the new building, now expected to open around July, on Thursday.

Doan's

Unwise eating or drinking may be a source of mild, but annoying bladder irritations - making you feel restless, tense, and uncomfortable. And it reduces nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery - don't wait - try Doan's Pills.

Doan's Pills act 3 ways for speedy relief: 1 - They have a soothing effect on bladder irritations. 2 - A fast pain-relieving action on nagging backache, headache, muscular aches and pains. 3 - A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. Larger, economy size saves money. Get Doan's Pills today!

U.S. Base at Guantanamo Calm but Ready to Fight

GUANTANAMO BAY, Cuba (AP)—This big U.S. naval base on the eastern tip of Cuba is on a watchful, round-the-clock alert, but for the most part the fighting going on beyond the fence might as well be on another continent.

All is quiet in the immediate vicinity. The usual peace of the base is marred only by a slight increase in tension because of the stepped-up precautions and the lack of news of the invasion by anti-Castro rebels.

Rear Adm. E. J. O'Donnell, base commander, said in an interview that his operations office is operating around-the-clock; that a constant radar watch is being maintained and that fighters on the runways are ready to scramble skyward in less than five minutes.

O'Donnell said he also has on call 10 or 11 destroyers that can pump out 5-inch shells at the rate of one a second from twin mounts. "We have an enormous amount of firepower here," the admiral said.

Thousands of Cubans employed on the base—many for as long as 20 years—reported as usual Tuesday morning. They live outside the base and commute daily. Castro militiamen searched the employees thoroughly but allowed them to enter as usual.

Extra Jobless Checks Go Out

Pontiac MESC Branch Distributing Benefits to 960 Applicants

The Pontiac branch office of the Michigan Employment Security Commission began issuing 960 checks Monday for unemployment benefits under the temporary extended compensation program.

Paul Kimball, branch manager, said that 960 persons filed for the extended unemployment compensation last week.

The payments began this week. It was estimated earlier that roughly 1,200 Pontiac area persons whose benefits had been exhausted would become eligible for extended payments if they had not found work since exhausting their compensation.

"We expect that the number of persons filing for the extension will increase somewhat during the next few weeks," Kimball explained.

Last week the local office paid \$411,778 in unemployment compensation.

There were 15,237 claims filed in Pontiac last week, not including the 960 for extended compensation. Continuing claims totaled 10,970 last week while 5,081 initial claims were filed.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just apply a little PASTETITE, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not your cheeks "plate" after meals? Get PASTETITE at drug counters everywhere.

OKs Signing Mexicans MSOU Student Center Head Is at Conference

WASHINGTON (UPI)—The House Agriculture Committee, rebuffing the Kennedy administration, voted 27 to 3 today to continue without change for two more years government recruitment of Mexicans to work on U.S. farms.

George E. Fritz, director of the Michigan State University Oakland Student Center, is attending the 38th annual Association of College Unions international conference at Colorado Springs, Colo.

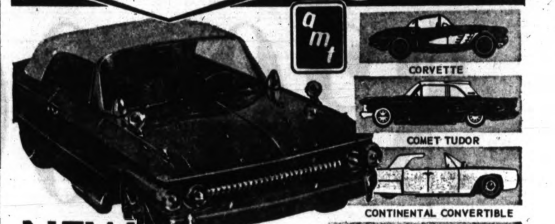

Fritz is moderator for one of the sessions at the four-day conclave, which winds up tomorrow.

The theme of the conference is "Higher Education and the National Purpose."

Dutch settlers worked New Jersey copper mines in 1680.

U.S. Missilemen Sit and Wait for Job They Don't Want to Do

By JACK V. FOX

CHEYENNE, Wyo. (UPI) — On a windy mess north of here, range country desolate as great parts of the world will be if the "birds" even start flying, sprawls one of America's operational missile sites.

Inside thick concrete butts the gleaming stainless steel Atlas missiles rest on their sides, the nuclear warheads screwed in place.

— If your security clearance is sufficient — and if you have the desire — you can reach up and pat the warhead. It is far more potent than the bomb potent than the bomb which killed so many at Hiroshima.

A couple hundred yards away, in another concrete bunker, an Air Force captain and a lieutenant, pistols strapped to their waists, sit behind panels where the pressing of a grey "start" button can send these monsters on a half-hour, 6,000-mile trip into enemy territory.

At this base they are ready, day and night, to start shooting from six pads.

If war with Soviet Russia ever comes and that button at Warren Air Force Missile Squadron No. 1 will not know what targets they shot at.

And they probably would never find out if they hit. For this lonely outpost would be a prime target of Communist rockets.

'FEARSOME JOB'

It is a fearsome duty. The missilemen have, as their sole professional reason for being, a job they hope to God they never have to do.

The deadly seriousness of a "missile gap" strikes home after a visit to this base.

A year ago it was still in construction.

The only intercontinental ballistic missiles in operational readiness were three Atlas rockets standing in vulnerable exposure in garages along the Pacific at Vandenberg Air Force Base in California.

Khrushchev passed them less than a quarter mile distant in his train trip up the West Coast in

1959. He may have been amused, because his Soviet Union had far more.

What Russia did not have was the enormous nuclear bomber force of the Strategic Air Command. And not having such a force, Russia had pushed with tremendous emphasis on missiles until the peril to America became evident to even the most dense.

Since that time, just a year ago, U.S. missile sites have begun to sprout across the entire western half of the continent.

Besides the six pads at this base, there are nine at Warren II now operational. Nine more were turned over to SAC less than three weeks ago around Omaha. There are at least three new Atlas pads at Vandenberg.

So today the United States has at least 30 operational missile launching pads where a year ago it had three.

GIGANTIC PROGRAM

But this is only the tiniest beginning. The Air Force is building a missile network so stagger-

ing previous military crash program in history.

All but one of the 14 Atlas complexes will be west of the Mississippi. They will be in California, Wyoming, Nebraska, Washington, Kansas, Oklahoma, Texas, New Mexico and New York.

They must be widely dispersed. One single complex nearing completion embraces an area bigger than Connecticut.

At the same time, another gigantic program is underway on the second liquid-fuel missile capable of hitting Russia.

And just getting underway is the biggest program of all — the cheaper, smaller, solid-fuel Minuteman ICBM. Each of its pads requires less than an acre of ground but it will be spread over the nation down in silos.

It is estimated that by 1965 the United States may have 1,300 missile sites.

By then the missile gap — if it exists — may have disappeared. But will Russia wait for that?

That is why the next few years are so critical.

NO TEST SHOTS

One startling fact is that none of these missiles will ever be fired in test. The one and only time they will go into flight will be the day World War III begins.

The only exceptions are the test facilities at Vandenberg and Cape Canaveral.

The commanding SAC officer at Warren I is Col. Julius Pickoff.

"It's such an impersonal business," says Pickoff. "It introduces a morale factor."

There is constant testing and maintenance and training. And regularly a crew is picked at random to go with its Atlas to Vandenberg for an actual firing. But boredom is there just the same.

There are only 12 men in a launch crew. All have undergone the severest security scrutiny into their loyalty and background. They rotate on assignments, spending 12 hours at the missile

site and 24 back at the Air Force base.

If hostilities begin, the word to fire will come from Washington to SAC headquarters in Omaha and thence by duplicated, communication to this base. Included will be a coded message in numbers.

On the wall of a room containing a mechanical brain, is a black box with perhaps 30 dials, each resembling the channel tuning knob of a TV set. When those are turned to the proper numbers sent from SAC, the target is set in the Atlas. But no one on the base will know whether the target is Moscow or Vladivostok.

In the launch room, the grey "start" button is protected by a plastic cap secured by a wire with lead seal.

Precision Watch Repair
CRYSTALS TITLED WHILE YOU WAIT
WATCH BANDS REPLACED
Ed Mann, Manager
NEISNER'S Watch Repair
42 N. Saginaw FE 8-3593

That seal must be broken and the cap lifted before the button can be pushed. It gives the last few seconds of deliberation.

Even so, the missile can be destroyed in flight up to the point where the rocket booster separates from the nuclear warhead.

He Aided the Enemy
BURLINGTON, Vt. (UPI) — Democratic State Finance Director Robert W. Larrow admits that he was taken in by a Republican emergency appeal for funds. Larrow said the plea moved him to donate \$1 to the GOP.

Man in Space

Scientists Studying Cause of Death

By STANLEY HALL
BURBANK, Calif. (UPI) — Will future astronauts be able to make long journeys through oxygenless space without having to breathe?

Researchers at Lockheed Aircraft have been working for three years to see if this might someday become a reality. They have made some progress.

"But," said Dr. Charles I. Barron, "we don't expect a breakthrough tomorrow. This is very basic research. We may never find the full answer but we might shed some light on it."

Barron, chief flight surgeon for Lockheed, explained that his research team started with one basic question:

"What causes death?" Specifically, he added, they are trying to find out what happens to human cells in a condition of hypoxia—lack of oxygen severe enough to cause death.

To find out, experimental doctors take small test animals to a simulated 28,000 feet in an altitude chamber. Instruments connected to the animal indicate when it is dying from lack of oxygen.

They fix the condition of the cell at the time of death and later study it with electron microscopes to see if the cell changed.

"We've pretty well determined that there are no demonstrable changes in the cell," said the personable, 44-year-old Chicago-born doctor.

STUDY CHEMISTRY
"So death must be caused by changes in body chemistry. We're getting into a study of that now," Barron said. "If the change in body chemistry in the cell could be pinpointed, it might be possible to give medication to stop the change."

If this were possible, he said, adding "this is thinking way out in left field," an astronaut of the future might be able to take something—a pill or an injection—before a space journey that would keep his body chemistry in balance even without oxygen.

"Hypoxia is all or nothing," said

Barron, flight surgeon with Lockheed for 11 years and an Air Force doctor before that.

"Either the pilot recovers completely from it or it is fatal." Physicians who work inside the altitude chamber during the tests have trouble determining when the specimen actually dies, Barron said.

"It created somewhat of a philosophical problem," he explained. "The brain dies first and then the heart stops beating. Once the brain goes, though, the heart always follows."

Humans subjected to hypoxia die within 3-8 minutes after their oxygen supply is cut off, Barron said, first lapsing into unconsciousness.

Barron added that if a method could be devised to keep the body chemistry stable, this period might be increased by building a tolerance to lack of oxygen. This would be vital in case a space ship oxygen system failed, giving the astronaut extra time to switch to a backup system.

Vote With Majority

WASHINGTON (AP)—Michigan Democratic Sen. Philip Hart and Patrick McNamara voted with the majority Tuesday as the Senate defeated, 63-34, a Republican substitute by Sen. Everett M. Dirksen (Illinois) for President Kennedy's minimum wage bill.

Press Group Names Hosts for Assembly

NEW YORK (AP)—Appointment of a host committee was announced today for the 17th annual general assembly of the Inter-American Press Association Oct. 16-18 at the Waldorf-Astoria Hotel.

The committee, headed by Jack R. Howard, president of the Scripps-Howard Newspapers, will greet more than 400 members from the United States, Latin America, the West Indies and Canada.

"Never in history has Latin America been such a major factor in world affairs and never before has it been so important to insure

freedom of information to implement the emergence of Latin American countries to their present status in the world," Howard said.

U.S. Judge to Speak to County Bar Assn.

U.S. District Court Judge John Felkens will speak to members of the Oakland County Bar Association at a dinner meeting Thursday night at the Kingsley Inn in Bloomfield Hills.

A former Republican state chairman, Felkens, whose appointment last fall by former President Eisenhower hasn't been confirmed by the Senate, will speak to the county lawyers following the 6 p.m. meeting.

PIN-WORMS
A FAMILY AFFAIR
Fragrant, non-itching, a tormenting social itch are often telltale signs of Pin-Worms... only parasite that head-tail experts say infect 1 out of every 8 persons examined. Entire families may be victims and not know it. To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W Tablets do... and here's how they do it.
First—a scientific coating carries the tablets into the bottom before they dissolve. Then—Jayne's modern, medically-approved ingredients go right to work—kill Pin-Worms quickly and easily.
Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get Jayne's P-W Vermifuge... special small, easy-to-take tablets... special size for children and adults.

Campfire Girls Sewing Bonnets for Centennial

Even the campfire girls are ablaze with the Centennial spirit.

Fifteen members of the Mark Twain Blue Birds, mostly 9 and 10 years of age, began to sew their own Centennial bonnets a week ago and plan to finish them up tomorrow.

The group meets at the home of Mrs. Lawrence Rogers, 515 Valencia St., the group leader.

Included are Susan Bieri, Mary Anna Zagabo, Isleta and Mipola Pement, Kerri Spears, Elaine Pearson, Diane Green, Darlene Newell, Roseanne McVord, Shelli Rogers, Kathy Laird, Brenda Young, Christine Hamilton, Pamela Green and Wanda Kucharczyk.

Widespread Charges

ADDIS ABABA, Ethiopia (AP)—The Soviet Daily News, published by the Soviet Embassy here, said Tuesday the invasion of Cuba had been engineered in Costa Rica, Nicaragua, and other Central American countries "controlled by United States monopolies."

PONTIAC AREA

By RAY STORM, District Manager

YOU PROBABLY aren't conscious of it—but chances are you're using your telephone more than you were, say, 10 years ago. How can we tell? Because we're a lot busier here at the telephone company handling your calls. For example, 10 years ago our Michigan customers made 9,762,000 calls during the average day. In 1960, we were handling 14,881,000 calls on the average day in Michigan—a 52% increase! Much of this results from new customers, of course. But quite a bit comes from the fact that you're picking up your phone more often because you can call more people, and more people can call you. It makes us happy to know your telephone is working harder for you—saving steps, making life easier and more pleasant.

Safely and, in particular, driving safely is a matter of interest and concern to all of us. Bob Quinn, Telephone Company Repair Foreman in Pontiac, has demonstrated what his interest in driving safety can accomplish. Bob recently received a watch as an award for 25 years of accident-free driving. This individual record is in itself commendable however, Bob's pride is not in his own accomplishment but in that of his "Repair Team". As a safety-conscious group of drivers, they have amassed 104 years of accident-free driving.

Leg of Lamb Is Company Fare

There are two kinds of lamb roast... the French-style, so called because the meat is removed to expose 1 inch or more of the lower part of the shank bone. The other is called American-style. For this type, the shank bone is removed... the shank meat is tucked into a pocket under the foil and severed into place. This type of roast, as you might expect is more compact.

The term "fell" was mentioned above. This is a thin, paper-like covering on the leg of lamb. Never remove this before roasting the leg of lamb. It helps the leg of lamb to retain its shape as well as the slices.

For the preparation, remember that lamb is always cooked at a uniform low temperature. A slow oven (300 degrees F.) is considered the best temperature.

First season the leg of lamb with salt and pepper. Then place it skin down on a rack in an open roasting pan. Do not add water or cover the roast.

Allow 30 to 35 minutes per pound for roasting but for exact accuracy in determining the doneness, it is recommended that a roast meat thermometer be used. This will register the internal doneness of the meat... for medium - don 175 degrees F., for well-done, 180 degrees F.

When using a roast meat thermometer on any cut of meat, be sure the bulb of the thermometer is inserted into the thickest part of the roast and that it is not resting on a bone or in fat.

When the roast is cooked, serve immediately. There are only two correct ways lamb is served... either piping hot or cold. Lamb should never be served lukewarm.

Herb Use Calls for Light Hand

EAST LANSING — Imaginative cooks turn to herbs for flavor when doctors recommend diets low in table salt or sodium.

Roberta Hershey, foods and nutrition specialist at Michigan State University, says some flavors are "natural" together. Basil blends with tomato soup and tomato aspic salad. Dill seed can be used with egg or cheese dishes. Tarragon is good with any fish or shellfish, and rosemary goes with chicken fricassee or soup.

These combinations are only suggestions, since most herbs can be used with many foods. Personal preference often dictates which herb goes with a food. Miss Hershey adds that thyme and marjoram are two of the most versatile ones and can be used to season almost any dish.

Blending herbs is an art — and often the cook's secret. Knowing the characteristic flavors of herbs is important, and Miss Hershey groups them for easy reference. Group one includes sage, winter savory, oregano and rosemary, which are very pungent.

Group two has sweet marjoram, thyme, tarragon, sweet basil, dill and mint. These are not so pungent, but still strong enough for accent. In group three are chives, summer savory and parsley, which are especially good for blending.

The specialist suggests using one herb from the first two groups for the main accent in a blend. Then select a few herbs from the second and third groups to be used in smaller amounts. Too much of any one flavor is objectionable. When done well, blending produces a combination of herb flavors that will keep experts guessing.

Tender Green Onions Make Elegant Soup

Crisp little green onions and evaporated milk combine for a delightful springtime version of onion soup.

To prepare: melt 3 tablespoons butter in a kettle, then add 2 cups sliced green onions (red, green, white, green tops and all), and cook gently, stirring constantly, until onions are partially cooked. Add 3 bouillon cubes and 2 cups of water and bring to a boil. Reduce heat and simmer until onions are tender, about 5 to 8 minutes.

When ready to serve add 2 tall cans evaporated milk and salt and pepper to taste, bring to serving temperature. Very good and extra fancy when small slices of French bread — buttered, sprinkled with Parmesan cheese and toasted under the broiler — are floated in each serving. Makes 6 servings.

LEG OF LAMB—Whatever the occasion, a French-style leg of lamb, as is pictured here, can be appropriately garnished — plain or fancy. In this case, Rhubarb-Orange Cups have claimed the honored distinction. Simply cut oranges into

fluted fruit cups. To do this, first cut the oranges in half. Scoop out the fruit and notch the edges of the orange cups. Then make a rhubarb sauce and fill the cups.

About one pound of meat in ex-U.S. is in the form of some kind of 12 pounds consumed in the of sausage.

The United States has fewer than 1,000 grizzly bears.

Roll Tuna Inside Crepes for Special Gourmet Treat

When we want a special dish, full of originality and good flavor, it's no wonder we turn to our Italian friends for good eating in their pleasure. Choose superbly flavored Tuna Canneloni, a main dish gourmet treat, for your next company dinner.

Roll crepes are filled with a delightful combination of canned mushrooms, spinach and tuna, and ricotta cheese. A Parmesan cheese topping, bubbly and brown, is the final elegant touch.

Tuna Canneloni
1 can (2 oz.) mushroom stems and pieces
1 medium size onion
2 tablespoons butter, or margarine
1 can (1 1/2 lb.) spinach
1 can (1 1/2 lb.) tuna
1 cup ricotta, OR creamed cottage cheese
Crepes
1 cup rich thin cream sauce
1/2 cup grated Parmesan cheese
Chop drained mushrooms and onion fine; cook in butter until onion is tender. Add well drained chopped spinach, flaked tuna with the oil and ricotta cheese; mix gently and simmer 5 minutes. Keep warm.

Put a heaping tablespoonful of

the tuna mixture toward one side of each crepe and form into a roll. Place folded side down in a shallow baking dish. Pour warm cream sauce over crepes. Sprinkle with Parmesan cheese.

Put under broiler until sauce is bubbly and cheese is browned, watching carefully. Serve immediately. Four to six servings, 2 to 3 filled crepes each.

Crepes
Beat 2 eggs. Add 2/3 cup sifted flour, 1/4 teaspoon salt, 1 1/2 tablespoons salad oil and 1-cup milk; beat with rotary beater until smooth. Let batter rest an hour before baking.

Bake crepes, one at a time, by pouring about a tablespoon batter on a hot greased griddle or skillet, tilting the pan to make a very thin cake about 5-inches in diameter. When browned, turn and brown on other side. Keep warm.

Hamburger Surprises

Next time you're having the American favorite, ground beef, make these luscious "Hamburger Surprises." Mix ground beef with your favorite herbs. Shape into

thick patties with sliced ripe olives and 1 tablespoon grated cheddar cheese in the center. Broil. Medicinal preparations take only a small part of the cat's paw all up into jelly.

Toss Noodles, Ripe Olives into Salad

Looking for an eye-catching food on the glamorous side — one that's perfect for adding elegance to everything from soups and salads to entrees and snacktime fare? Then don't overlook those canned ripe olives, a food that's high on the U.S. Department of Agriculture's List of Pivotal Foods, this month.

These olives are real flavor mates that complement a multitude of meat, poultry, fish, vegetable and fruit dishes, and they add a colorful dignity and charm that's hard to beat.

It's in the salad especially that

the ripe olive turns on its glamorous and imparts a flavor all its own, as in this all green salad with a Chinese accent. Fix it this way:

Spread Chinese noodles in a baking dish, dot with butter, season with garlic salt, curry powder. Worcestershire sauce and liquid hot pepper sauce. Heat in a low (200 degree) oven for 15 minutes, tossing frequently.

Add 1/4 cup of ripe olive wedges to each quart of salad greens, moisten with French dressing. Toss noodles and greens lightly. Serve immediately.

Short — run shopping trips put about 600 miles a year on the average automobile used by an American household.

Peas and New Potatoes Mean Spring

One wonderful reason for enjoying winter's disagreeable weather is the early spring vegetables with their incomparable sweet flavor, tenderness and ease of preparation. Try new potatoes and sugar sweet peas can be cooked in such a short time that it is a simple matter to be a springtime nomad by day and culinary artist by night.

Mary's Favorite Casserole, for instance, can be made the day before and heated at the last minute. This is a quick variation of an old family recipe that for many years was the spring specialty of the house. We think this new recipe is even better than the old

one because the crunchy topping of bite-size toasted corn cereal is seasoned with onion. The corn and onion combined with peas and potatoes give a real early spring vegetable flavor.

Crumble the cereal in a large measuring cup using a water glass to crush it. Season the crumbs with melted butter to which you have added a little onion powder. You can do it in about half the time that it takes to prepare bread crumbs. Season condensed mushroom soup with onion juice and a little tabasco sauce, and the casserole will be ready in no time. Spring vegetables are just as

pretty and they are tasty. Try scrubbing the potatoes and peas in the pods and rubbing with a little shortening. They are so attractive in a centerpiece that your family will think that dinner is a real spring festival, and it really is!

Choose Potatoes for Specific Reason

This time of year, you have a choice of three kinds of old potatoes and one main type of new potatoes. The new potatoes that are on the market now are red in color, and the skin is so thin and tender it looks rather scaly. These new potatoes contain more water and less starch than the old-crop potatoes; they don't bake well, but homemakers who know their potatoes think there's no other kind so wonderful for potato salad, or for boiling.

The old crop potatoes are red, round whites and long whites. You can tell the difference between new red and old red potatoes mostly by the thickness of the skin; the skin of an old potato looks leathery, although it may be coated with a wax to help preserve its freshness. Old red potatoes are fine for salads, boiling or frying, and quite good for mashing.

Round white potatoes might be your first choice for mashing and frying. When you want to have baked potatoes or french fries, then select long white potatoes of the old crop.

Main Course Puffs

Cream puffs are commonly thought of as a fancy dessert. But here is a way cream puffs fit into the main course. Prepare a medium cream or white sauce, add diced cooked ham, silvered almonds and green pepper strips... serve in cream puff shells.

Wrigley Made in Michigan WHAT'S MADE IN MICHIGAN HAM SALE

Whatever else is produced by the bountiful resources and mammoth facilities of our sovereign state, nothing exceeds the vital importance of Michigan's contribution in producing and processing our Staff of Life—Food. What thriving metropolis or sleepy township could exist for long without the complicated, efficient systems evolved by the food industry to bring sustenance to millions of urban dwellers? Wrigley is proud to play a role in such creative and worthwhile enterprises... and offers herewith a salute... to the Food Industry of Michigan!

One Crust Pie Flipped on Plate

When you ask for apple pie in France, you will probably get "Tarte, Aux Pommes," an apple tart made with a sweet pastry, or perhaps a slice of upside-down pecan-apple pie served with thick cream. Delicious? Yes. Interesting? Yes.

Apple Flip Pie

1 stick 1/2 cup margarine
1 cup packed brown sugar
1 cup sliced peaches
peeled, 4 slices can sliced apples
drained
1 tablespoon granulated sugar
1 teaspoon cinnamon

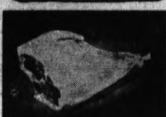

Pie dough for 1 crust pie

Dairy mixed cream

Cream margarine and brown sugar together. Add nuts. Place in an 8-inch round cake pan. Spoon apples into pan. Combine granulated sugar and cinnamon and sprinkle over the apples.

After pie dough for a 1 crust, 8 inch pie is prepared, roll it into an 8 inch circle. Place on top of apples. Bake in a hot oven (400 degrees F.) about 35 minutes. Cool slightly. Invert on a serving platter while still warm. Serve with sour cream. Serves 8.

Prune puree blended with whipped cream makes a luscious topping for desserts . . . and the easy way to prune puree is to use baby food strained prunes.

Q. What is the name of this cut of meat?

A. Veal Round Steak or Cutlet.

Q. Where does it come from and how is it identified?

A. I comes from the center portion of the leg (round) of young beef. I contain the strong muscle and bone structure of the round steak, but is smaller and has very little fat or marbling in the lean.

Q. How is it prepared?

A. By braising or panbroiling. It is not broiled because of the lack of fat. For braising, the meat is first browned in added fat. The drippings are then poured off, a small amount of liquid added, the pan covered tightly, and the meat cooked over low heat 1/4 to 1 hour.

The only way to keep your hills down nowadays is to use a bigger paperweight. . . . One of the troubles with the world is that not enough children believe in Santa Clause — and too many adults do. —Earl Wilson.

Roll Vegetables Inside Pork

With the coming of a new season, you can put everyone in fresh spirits by trying a completely new dish for a week day dinner.

Reba Staggs, meat cookery expert, offers an idea. It's called Ham and Green Bean Roll. Both ground smoked ham and ground pork give a spicy combination with bread crumbs, onion, eggs, parsley and mustard. The colorful filling pairs green beans and mushrooms.

Ham and Green Bean Roll
1 pound ground smoked ham
1 pound ground pork

Try Unusual Frosting

for Layer or Sheet Cake

This frosting is delicious for a large sheet cake or 8-inch layer cake. Cream one 3-ounce package softened cream cheese or walnut halves.

(Advertisement)

Place meat mixture on waxed paper and shape into a 10-inch square. Tow mushrooms and green beans together lightly. Spread evenly over meat. Roll as for jelly roll.

Place on a rack in open roasting pan. Bake in a moderate oven (350 degrees F.) for 1 1/2 hours. Serves eight.

No Cheap Artificial Flavorings Give The True, Rich Flavor Of Burnett's Pure Vanilla

Burnett's is made from the finest, pure vanilla beans with no artificial or imitation ingredients added. Burnett's is real vanilla! Nothing can compare with it for true flavoring of cakes, frostings and desserts. Also Available in Pure Almond, Lemon, Orange, Brandy and Rum Flavors.

Place on a rack in open roasting pan. Bake in a moderate oven (350 degrees F.) for 1 1/2 hours. Serves eight.

VFW Auxiliary Sets Card Party Saturday

The Ladies Auxiliary of the David Beliste Post 412, VFW, will have a "Guys and Dolls Card Party" at 9 p.m. Saturday in the veterans' hall at 4800 Walton Blvd., Dayton Plains.

There will be door and table prizes, and refreshments will be served later in the evening according to Mrs. Frederick Garnau, general chairman. All proceeds will go to the Auxiliary's Rehabilitation Fund to help needy veterans and their families. The public has been invited. Donations will be taken at the door.

Entertain Inexpensively With Chinese Food

Chinese cuisine is a favorite of many a cook on her night out. So next time you invite another couple for dinner, entertain with a Chinese dinner that's bound to rate high in praise though it's low in cost.

For main dish, serve Party Pork Balls with Pineapple and Rice. This plus a succulent fruit salad is just about all you need for a satisfying Far Eastern menu.

Though Chinese cuisine is one of the world's oldest styles of cooking, this recipe for Pork Balls is a modernized, American version that's easy to do. You'll agree every bite of this recipe is as ap-

petizing as one that's been handed down for generations.

Pork, one of the staples of the Chinese diet, is ground and combined into small balls with bread crumbs, instant meaty dry milk and grated Parmesan cheese. As in all ground meat recipes, meaty dry milk acts as a wonderful binder. And it adds plenty of flavor and nourishing protein at very little cost.

You'll consider the Parmesan cheese another asset. Creamy white and firmly textured, it adds robust flavor and pungency to the pork balls. So good is it with pork,

you'll want to team the two together again.

Topping for the dish is not too sweet, not too sour, but just right blend of pineapple, brown sugar and cornstarch laced with pineapple juice and vinegar in succulent proportions.

For colorful, refreshing salads, serve fresh oranges which are another Chinese favorite. Simply dice the orange segments on lettuce, drizzle with escarole or curly endive and garnish with a tart fruit dressing.

Cups of unsweetened tea may be served steaming hot throughout the meal. For extra fun, serve

the tea in small cups without handles. Dessert should be typical of the meal, and fortune or almond cookies which you can bake or purchase will tastefully do the trick.

Fork Balls
1 1/2 pounds ground pork
1/2 cup dried bread crumbs
1/2 cup instant meaty dry milk
1/2 cup grated Parmesan cheese
1 egg water
1 teaspoon salt

Pineapple Topping:
1 tablespoon butter
1/2 cup dried pineapple tidbits
1/2 cup pineapple juice
1/2 cup brown sugar
1/2 cup cornstarch
1/2 cup water

Fried Rice:
2 cups cooked drained rice
1/2 cup drained mushrooms bits and pieces
1/2 cup soy sauce
1/2 cup oil
1/2 cup instant meaty dry milk
1/2 cup grated Parmesan cheese
1 egg water
1 teaspoon salt

In mixing bowl combine pork, bread crumbs, meaty dry milk, cheese, water and salt; mix well and shape into 3-inch balls. Place in baking dish; bake 20 minutes. Remove from oven and drain, reserving fat for frying rice; return to oven and bake 20-25 minutes more.

ter. Heat, stirring constantly, until mixture thickens; set aside. In large frying pan combine reserved fat (about 1-3 cup), rice, onion and mushrooms; heat, stirring constantly, until onion is tender. Add soy sauce, salt and pepper; heat 10 minutes more, stirring constantly. Reheat pineapple syrup; pour over hot pork balls and serve with rice.

A hat is an obsolete item, claims Sammy Kaye — it's just something to take off in elevators, buy back from checkroom girls, and chase down the street on windy days. . . A local fellow says he's gonna stop watching TV before he starts hating cowboys more than the Indians do. — Earl Wilson.

English Walnuts Never Grew in British Isles
Where do walnuts come from? Over 60 per cent of the walnuts grown in the United States commercially come from California where about 140 million pounds are harvested each year. They are called 'California walnuts,' or occasionally, English walnuts, a nickname that came about many, many years ago because walnuts were carried on English ships.

Actually England does not grow walnuts commercially. The walnut capital of the world is Stockton, California, where the Diamond Walnut Growers, Inc., a federated grower cooperative, is located.

TENDERAY

Kroger's exclusive Tenderay care is
what makes this great beef the favorite
of so many. It's really quick aging that
gives U.S. Choice beef the kind of ten-
derness and "steakhouse" flavor usually
found only in beef that has been expen-
sively hung in aging rooms for several
weeks or more.

New Car Items Show Increasing Safety Interest

Accelerated retail sales of such Pontiac dealer items as seat belts and remote control mirrors indicate the American motoring public is becoming increasingly more interested in safety accessories, says S. E. Knudsen, General Motors vice president and Pontiac general manager.

"Pontiac dealerships across the country are currently reporting seat belt sales at a rate three times greater than last year," Knudsen points out. "Dealer installations of outside remote control mirrors are up 400 per cent," he adds.

Other popular dealer items in the safety category cited by Knudsen include:

Luggage compartment utility lamps with cords which can be utilized as an emergency light during a stop at night on the highway; rear door safety locks to guard against children opening doors while the car is in motion; back-up lamps; windshield and rear windows glass-shields; inside rearview tilt mirror and windshield washers.

Name Van Wagoner to Banking Position

Murray D. Van Wagoner of 3890 Oakland Drive, Bloomfield Township, former governor of Michigan, and a consulting engineer, has been appointed a public interest director of the Federal Home Loan Bank of Indianapolis, Acting Chairman Ira Dixon of the Federal Home Loan Bank Board, Washington, D. C., announced here.

Van Wagoner's term will cover the unexpired portion of a four-year term ending Dec. 31, 1963.

The Federal Home Loan Bank of Indianapolis provides reserve credit for member savings and loan associations in Indiana and Michigan.

The board of directors of the Indianapolis bank, one of 11 district banks, consists of 12 persons, eight of whom are elected by the member institutions and four appointed by the Federal Home Loan Bank Board.

Nasser for Castro

CAIRO (AP)—President Gamal Abdel Nasser assured Cuba's Fidel Castro in a message today: "The freedom loving peoples of the world will not stand idle in the face of the crime being committed against the peaceful Cuban people."

Fest . . . Ritual . . . Fiesta—On Company Time

Coffee Break Nearly a Way of Life

BY HAL BOYLE
NEW YORK (AP)—The great, all-around event of the modern business world is the "coffee break," now observed twice a day in most offices.

The employer's idea originally was that office output would be increased if the white collar peasants were given a 10-minute period to gulp down a hot cup of coffee.

Since then the hired hands have joyously embraced on that theory until today the coffee break has become practically a way of life.

It is something of a feast, a ritual, a fiesta and a festival all on company time. All it takes now to make it a real head-on is a band and square dancing.

The caterer's refreshment cart in thousands of offices wheezes in regularly at 10 a.m. and 4 p.m., and all work stops as the employees gaily line up for their goodies. The 10-minute gulp is out of style. Any employee with the ingenuity to deserve promotion can easily stretch his coffee break to half an hour.

This means — as many a boss knows — that because of coffee breaks an employer paid for a 40-hour week now puts in only 35 hours, less time off in the rest rooms for indigestion.

They are now "strolling restaurants" and the coffee break is on the way to becoming a seven-course banquet.

Here are some "coffee break characters" you may have noted in your office:

The Brazen Intruder — He steps quickly in at the head of the line, murmuring, "Terrible hurry. Know you won't mind just this once. Let of work I just have to get back to."

The Office Moonlighter — He doesn't buy anything. He walks along the line asking his captive audience if they wouldn't like to invest in one of his sidelines — cheap insurance, diamond rings, etc.

OUR ANCESTORS
By Quincy

The Bumbling Cutup — "Got a match?" this gagger asks anyone who comes back from the line with both hands full. While telling a joke to someone behind him, he bumps into the cart and spills coffee, cream and pastries all over the floor.

AND THE BOSS
The Boss — He comes out and stares morosely at all the coffee break artists, eating, laughing, gossiping. "Don't anybody around here ever do any work?" he mutters.

Then he stomps out to the nearest restaurant for a late breakfast, asking himself: "Who in the devil ever invented the coffee break? It's ruining in cheap insurance, diamond rings, dusty."

Banquet May 8 for Contestants

Waterford will Crown Girl Chosen as Queen for Center Fair

Waterford Township will be looking for another beautiful girl to reign as Queen of the Community Center Fair scheduled for the weekend of June 16.

The official "launching" date for the contest will be at 6 p.m., May 8. At that time all girls interested in competing, will have been invited to a banquet at the Community Center along with their parents. Applications are available now.

Contenders are being distributed throughout the area as vote getters for the most popular and beautiful girl, according to Mrs. George A. Dean, chairman.

The winner will be crowned by last year's queen, Judy Brown, and a trip for two for one week at Cay St. Ranch will be included in the prizes. Second prize will be a \$50 U. S. savings bond, and third and fourth prizes will be \$25 each.

Interested young women from 15 years and older, who are single and have never been married, may call Mrs. Dean, of 4339 Windgate, Waterford Township, for further information.

Waterford Teachers to Observe Month

Further plans for the observance of Career Teaching Month during April will be discussed by the executive board and committee heads of the Waterford Department of Classroom Teachers this afternoon.

The group will meet at the Dayton Plains School with Suzanne Reece, president.

During April the Waterford Department of Classroom Teachers and the Waterford Education Association, as part of the Michigan Education Association are calling public attention to the shortage of qualified teachers.

According to the MEA the total number of teachers needed in the United States this year is 230,000. The total number of college graduates likely to enter teaching is 95,000. The estimated teacher shortage is 135,000. The greatest teaching shortage exists in the elementary grades.

Plans also will be made for the next general meeting of the Waterford Department of Classroom Teachers. Representation within various buildings, teacher recognition programs, scholarship information, and plans for making an annual report are other items to be considered.

Day, Week Proclaimed

LANSING (AP)—Gov. Sinclair has proclaimed April 28 as Arbor Day in Michigan and the week of April 23 as Junior and Community College Week.

Defunct Times Editor With Road Department

LANSING—The State Highway Department announced the appointment of Al Kaufman, former political editor of the now defunct Detroit Times, as field representative.

The department said Kaufman will do liaison work with out-state communities and governmental agencies on new highway projects.

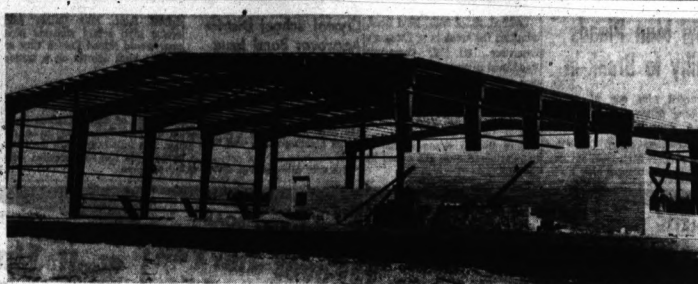

The job has a salary range of from \$10,419 to \$13,112 a year. Kaufman was secretary of the Citizens for Mackinac Committee during the recent campaign for reelection by state Highway Commissioner John C. Mackie.

In 1960 the streets of Medicine Hat, Alberta, were lighted with natural gas both day and night because it was cheaper to let the lights burn than pay someone to turn on and off. Medicine Hat is built over a natural gas pool.

NEW WATERFORD HANGAR—A huge \$180,000 airplane sales and service hangar on Highland Road Pontiac Municipal Airport is due for completion in about two months according to the owners, Glen Waggoner Sr., Glen Jr., and Robert Waggoner. The steel frame and brick faced building will have 21,000 square feet of floor space. This is only one of many commercial projects mushrooming throughout the township.

Ground has been broken for a \$750,000 Montgomery Ward store in a shopping center on Telegraph Road, and last week Joseph Puertis was issued a permit to build a \$300,000 bowling alley on Cass Lake Road. Plans for another large shopping center and bowling alley on Highland at Crescent Lake roads are also under way.

People in the United States eat twice as many canned vegetables today as they did in 1960, and also consume about one-fourth more of the fresh vegetable varieties.

Says He Has Little Real Strength

Ex-Cuban U.N. Envoy Sees End for Fidel

By JOY MILLER

NEW YORK (AP)—"I feel the invasion of Cuba will succeed," says Dr. Teresa Casuso. "Fidel probably has very little real strength. We're going to see in a few days just how much life has only an emotional hold." Dr. Casuso is the attractive, young Cuban intellectual Fidel Castro appointed his United Nations representative out of gratitude for her two years of revolutionary work for him in Mexico City. But she said disenchantment set in as "Fidel became a little Caesar, with a terrible lust for power." She quit the post last fall.

Now she lives in exile in a Manhattan apartment filled with art objects picked up on her numerous travels.

She writes—her latest book, "The Fighting Island" about Cuba and Castro, will be published this summer—and she lectures at colleges. She holds two doctorates from Havana University, in philosophy and education.

She discarded plans to visit Puerto Rico when the anti-Castro invasion of Cuba began. "I will stay here to help any way I can," she says, adding quickly, "I'm not involved in the military aspect. I've had my fill of weapons. I know it's necessary, but I want the men to take the chances this time."

In Mexico City, she had been jailed for keeping Castro's arms cached in her home. "In those 25 days I saw the worst prisons in Mexico City," she says with her dry smile.

The Cuban Revolutionary Council members are all friends, she admits.

"When the invasion succeeds, Dr. Jose-Maria Cardona, head of the council, will be provisional president, and I don't think there will be any struggle for power," she says.

She expresses indignation at any suggestion that ousted President Fulgencio Batista's followers are in the invasion group. Does she know about the revolutionaries training camps? She shrugs. "They are somewhere on the hemisphere. I don't know and I never wanted to know."

But she is scornful of Castro's labeling the invaders "mercenaries." "There are thousands of Cuban exiles in the United States and a majority are young people eager to fight in Cuba. We don't need mercenaries," she said.

Says Placement of ICBM Sites Is Peril to Cities

WASHINGTON (AP)—An Arizona scientist says that placing ICBM launching sites "upwind" of at least nine major cities means "nearly certain death for an additional 3 or 4 million Americans if the United States is attacked."

The scientist, Dr. J. E. McDonald of the University of Arizona's Institute of Atmospheric Physics, said the launching sites are certain to be "targets of the heaviest nuclear attack in the opening minutes of any such attack."

In a paper given at a joint meeting of the American Meteorological Society and the American Geophysical Union, McDonald said the situation presents "horrendous civil defense hazards" and makes "the issue one that must be given the most high level scrutiny at once."

Black-Top Hearing in Sylvan Wednesday

A public hearing is scheduled tonight at the Sylvan Lake City Hall to proceed with plans to set up a special assessment district for the city's 1961 black-topping program.

The hearing is slated to start at 7:30. Streets to be black-topped this summer are Garland, Benvenue, Central, Oakwood, Roundtable, Maplewood, and Parkway.

It is estimated the project will cost some \$40,000 with about \$32,000 coming from special assessments to property owners.

The literal translation of the word "geology" is "knowledge of the earth."

Novi Man Pleads Guilty to Break-In

Charged with one of several break-ins police say he has admitted, William Ledford of Novi was arraigned before Circuit Judge Frederick C. Ziem Monday. He will be sentenced May 1.

Novi Man Pleads Guilty to Break-In

Charged with one of several break-ins police say he has admitted, William Ledford of Novi was arraigned before Circuit Judge Frederick C. Ziem Monday. He will be sentenced May 1.

Ledford, 25, of 26159 Novi Road, admitted the break-in at Ettinger's Drugstore, 111 W. Commerce Road, and several others, after he was stopped for failure to stop at a stop street.

He was returned to the county jail under a \$2,000 bond.

More than a dozen islands in the Caribbean area are owned by the U.S.

Crystal School District Approves Bond Issue

CRYSTAL — Voters of the Crystal School District have approved a \$225,000 bond issue to finance construction of a six-room elementary school addition and raise a two-story frame high school building which was built in 1950.

The vote Monday was 217 to 48.

School Supt. Max Bailey said senior high school students next year would attend Carson City or Stanton high schools on a tuition basis.

The second largest waterfall in North America, from a standpoint of volume of water is Grand Falls on the Hamilton River in Labrador. The falls over which the river drops 1,638 feet, is exceeded only by Niagara.

Orders Theft Partners to Avoid Each Other

Two 18-year-old Madison Heights boys were placed on probation for three years and told not to associate with each other when sentenced for burglary by Circuit Judge Frederick C. Ziem Monday. Sentenced and assessed \$100 court costs for the March 27 break-in of a tool company at 925

E. 10-Mile Road, Madison Heights, were Roger A. Barnes, 2770 Crowland St., and Robert L. Morrison of 1142 E. Kenneth St.

Veteran Kegler Won Medal in Detroit in '48

Vulcan Team Takes 8th Place in Yesterday's Activity

DETROIT (P) — Ned Day may miss out on this year's American Bowling Congress tourney in the city where he captured the all-events diamond medal back in 1948.
 Day, stylist who has a 200 average for his 28 years of ABC tournament bowling, is suffering from arthritis in his right hand and has not been able to bowl since the first of the year.
 Ned was scheduled to bowl last night with the Strike 'n' Spare team of Chicago. However, he couldn't make it.

Strike 'n' Spare managed only a weak 2,710 series in its classic division debut. Another classic team was off to an even poorer start as the powerful Hume's of Minneapolis opened with 2,664.

The Vulcan Water Proofing Club of Detroit rolled 2,585 in regular team play, good for eighth place. Richard Braun and John Weidner of Columbus, O. paired for a 1,270 doubles score for ninth place in the regular two-man standings. Braun had 608 and Weidner 662.
 The ABC announced there would be official co-champions in event of any tie. Stu's Drive-In of Urbana, Ohio, and Popal Cola of Milwaukee are deadlocked for first place in the regular team division with 3,827 totals.

Tying teams or individuals will receive identical championship medals and will divide the first and second place prize money.

Delay Russian Basketball Tour

NEW YORK (AP) — Departure of two AAU basketball squads for a three-week exhibition tour of Russia was postponed indefinitely today, Sunday, partly because of anti-American disturbances in Moscow. Dan Ferris of the Amateur Athletic Union announced.

Jerry Lucas, two-time All-America at Ohio State, is a member of the 31-member group that Airport for Moscow via Copenhagen.

"About two hours before departure," Ferris said, "the State Department advised us that the USSR Basketball Federation in Moscow had requested a delay of a few days because of disturbances in Moscow."

The anti-American disturbances broke out after word reached further word from Moscow. The teams are scheduled to play games in four Russian cities against various Soviet teams.

11th Frame
 By CHUCK ARAB

The war is on between the American Bowling Congress and Bowling Proprietors' Association. It will very likely wind up in Federal Court.

Saturday's Press carried a story of the approval at the big ABC Convention of an amendment to its constitution that would refuse sanction to tournaments with restrictive entry qualifications. Its effective date will be determined following further studies.

As is well known by most people in bowling now, the BPAA passed its "eligibility rule" last June. It stated that a bowler must confine league, tournament and exhibition bowling to member houses to be eligible for BPAA-sponsored tournaments.

That the battle should start in Detroit is fitting since there are numerous feuds going on around the area on all levels. The trouble is expected to get worse before it gets better.

The BPAA Board of Directors has instructed its general counsel last January to file a suit if the ABC adopted the proposal calling the action illegal and asking the court to enjoin ABC from enforcing the rule and its sanctioning system. Congress officials say two law firms have expressed doubt that the BPAA rule is legal. Round and round they go.

Nineteen other adopted proposals included increases in annual ABC individual membership dues as well as combined national and local dues; various changes in fees for the national tourney; a description of duties for loop presidents; an increase in the stock size of plants; permission to local associations to grant unattached memberships only to residents of its area not in the ABC; and a decision to revise city association constitutions.

Irvine Unger of Lake Orion was among the executive directors named. The outgoing president of the Greater Detroit Bowling Association was chosen from the floor.

Visiting 700 Club members heaped praise on Pontiac's hospitality at the national convention at the Elks.

SKIIPPING AROUND
 Charles Allen, an ABC executive director who is taking over as national 700 president, told this writer that get establishments in his home town of Madison, Wisconsin, are reaching the saturation point. Sounds familiar . . . Madison has host 1,982 state women's tourney.

Maple Lanes at Walled Lake will join the tournament trail April 29-30 with the Wixom-Walled Lake Lions meet. All sanctioned men and women are eligible . . . Miller 10-Lite won Baldwin Rubber crown. John Noonan closed with 605 . . . Joe Foster's latest effort was 651 . . . Les Williams had 674. Carl Ferris 634, Charlie Palais 635 at West Side . . . E-T-A-T, Don Nicholls tied for Elks Ladies' lead. G. White rolled 505. Loop will elect officers Thursday night.

Mrs. Stan Mayes and son Tom

Nor-West Loop Paced by 704, 289 Scores

Vin Sarro fired 704 featuring games of 239 and 247 and Howard Foucher hit a big 289 game on the way to 907 to pace the Farmington Classic this week.
 Bill Fite rolled 238-686, Tom Langan 236-676, Carl Klencon 246-678 and Tom Schockley 248-631 at Nor-West Recreation. B & M Recreation of Walled Lake topped the teams with 1148-3205. Clearwater Pools had 1111 - 3192.
 There were 62 games of 200 or better and 39 series over 600. Slipping Cameo Jewelry still leads.

Perch Are Beginning Annual Spring Runs

By DON VOGEL

Perch are beginning to make their annual spawning runs up a few streams and rivers flowing into Lake Huron, but the smelt are conspicuous by their absence.

Commercial fishermen report that Saginaw Bay is "clogged with big perch and pike." Some perch have been taken from the Pigeon River near Cassville and the Black River at Port Huron. Pike are still moving up stream but cannot be legally taken until April 29.

A good smelt run is reported from Point Pelee on the Canadian side. Only a handful have appeared in streams in the Bay City-Linwood area. The shortage of smelt could very well bear out a Conservation Department forecast that this would be a poor year.

EXTENDED CAMPING TRIP

Mr. and Mrs. Raymond Allen of San Diego are stopping in Pontiac for a couple of weeks before continuing their nation-wide camping trip. Mrs. Allen is the former Karen Johnston of Pontiac.

They are working their way around the country. Allen is compiling material for a book on camping. Also on the agenda is a directory of public camp grounds in the United States.

He is on a leave of absence as head of a camping equipment department in a San Diego store. The Allens have been married for two months.

Carl Coffey of 735 Monticello St. reported seeing an unusual sight Monday.

The woodchuck that has inhabited the state hospital grounds for the last three years was nosing in the snow looking for hunch.

"You can see this fellow about every day," said Coffey. "He moves about on the state hospital land near Johnson St. and the railroad tracks. He's usually near a little creek about 60 yards from the street."

Mr. Woodchuck probably was wondering whether he should go underground again after getting a look at the snow.

WAS IT AN EAGLE OR HAWK?

Roy Tolman, 2839 Edna Jane, is wondering whether he saw a golden eagle or a turkey vulture last week.

"My wife and I first saw the bird swooping down in a field between Rochester and Pontiac, near the Dodge estate. Later I saw it soaring over our neighborhood."

"It was too big for a hawk or seagull. And it didn't look like a bald eagle. I didn't see any white. It headed toward the southwest."

Golden eagles are extremely rare in Michigan. One was shot near Ann Arbor last fall during hunting season. There are numerous turkey vultures in the Oakland County area. Although not as large as an eagle or osprey, they still have large wing spans.

RECEIVES NRA AWARD

Walter H. Russell, a student at Walled Lake High School, has been awarded the distinguished rifleman medal, highest junior rifle award in the nation, by the National Rifle Association.

A member of the Multi-Lakes Conservation Association, Walter had to shoot hundreds of targets over a period of several months to climb through 14 lower NRA qualification ratings. He is the son of Mr. and Mrs. Burton W. Russell.

Ten wild turkeys decided to take a look at village life recently. The turkeys were seen wandering about the village of Mio in Osceola County.

Conservation Department specialists decided the birds were from a colony released last year near Rose City, 16 miles away.

Sees Deer Herd Surviving Snow

LANSING (U)—Michigan's deer herd will not suffer to any extent from a backlash of winter that dumped up to a foot of snow in southern parts of the state, game officials said today.

Snowfall was light in northern parts of the state where severe weather could do the most damage to the herd.

"I don't believe that enough deer are in critical condition to suffer much from the storm," said H. H. Bartlett, the State Conservation Department's deer specialist.

"About all it did was set back the spring break-up for a few days," he said.

Generally speaking, the 1960-61 winter has been the mildest in memory. Deer starvation losses reported so far are negligible.

Two starved deer were reported in Otsego County, the only ones found in the Lower Peninsula, and two more were reported in the heavy snow belt of the western Upper Peninsula.

"There is no doubt now that the herd will come through the winter in good shape," said Bartlett.

Proclaims Special Week for Baseball Little Leaguers

WASHINGTON (AP)—The Little Leaguers are going to have their week each year under a presidential proclamation issued Tuesday.

President Kennedy designated the week beginning the second Monday of June this year and each successive year as National Little League Baseball Week. Congress adopted a resolution in 1959 requesting the President to designate the week in honor of small fry baseball players.

Kennedy said little leaguers have made it possible for thousands of young boys to take an active part in the national game of baseball.

Along the Outdoor Trail

Deer Hassle About Over for Another Year

LANSING (UPI)—Only one change will be made, if that, in the Michigan deer hunting schedule this fall.

Of six proposed changes in deer legislation, only two survived committee scrutiny and one was given silent disapproval when it finally came up for a vote.

The one which passed in the

House and is under consideration by a Senate committee would provide for opening the 16-day deer season on the Saturday nearest Nov. 15.

Committee recommendation was also given to a measure to remove the Conservation Department's power to use its discretion in determining herd con-

ditions and setting special seasons where suitable.

Twenty-six House members were co-sponsors of the measure with Rep. Dominic Jacobetti, D-Nagawick, but none commented on it when it came up for preliminary and final debate in the house. "Everyone had his mind made up long before it got out of com-

mittee," said Rep. Gilbert E. Bursley, R-Ann Arbor.

Many House members made up their minds apparently after their attended last month public hearing on the three deer herd control bills.

Among them were hunters, farmers, conservation department officials and just plain tourists.

The majority of the spokesmen from various interest groups voiced support of maintaining the department's discretionary power.

The vote last week defeating Jacobetti's proposal ended the current version of the deer fight which comes up each year with basically the same suggestions and a like result.

Last season's situation was brought out earlier and louder because the deer kill differed by more than 25,000 between the pre-season estimate and the actual take.

When the votes were counted in the House, Republican leader Allison Green of Kingston gave the only floor debate of the question.

"This (defeating vote) shows us all where the other stands and the people showed us how they want it so let's forget about this thing for a while," he said.

It probably goes without saying that a similar remark has closed the annual debate on the deer herd question in previous sessions, and will be heard again in many legislatures to come.

WORK ABOUT DONE — The last of 1,200 pounds of smelt make a small pile on the cleaning table. Preparing the smelt for the skillet are (left to right) Mrs. Lewis Tate, Mahalia Charter, Ed Gulda and Mrs. Alfred Gulda. Six

members of the Chief Pontiac American Legion Post on Lake Oakland netted the smelt last Friday night near Point Pelee. The post has scheduled a smelt fry, open to the public, this Sunday.

Hunting Deaths Dropped, but Accidents Increased

Hunting fatalities dropped to a new low during Michigan's 1960 deer and small game seasons, but gun shot accidents hit a record high.

Department of Conservation statistics disclose that 11 hunters lost their lives in hunting accidents. This is the lowest number since the department began compiling figures in 1929. The previous low was 15 in 1931 and again in 1956.

Even though the estimated sale of hunting licenses last year was the lowest in nine years, the number of injuries rose to 292. This topped the previous high of 270 in 1959.

Seven hunters died of gun shot wounds during the small game season. This equaled the second lowest total on record. During the deer hunting season, four hunters died. This was the lowest number since 1933.

Hunters 11-17 years old, purchased only 15 per cent of the 665,000 small game licenses sold, but were involved in 30 per cent of the mishaps. This same age group held eight per cent of the 894,000 deer licenses, including by Dave Grubb of 40 Court Dr., continued to shine in the two-year-old midwest field trials.

Last Friday the dog was first in the Central Ohio derby at Delaware, Ohio. Breeze had three perfect finds in this derby, one of the top-rated in the country.

The next day at Ft. Wayne, Ind., in the open all-age stake, the dog was second.

A week earlier, Breeze was first in the Major Circuit trials at Lakeland, Ohio. The Unchained Melody, a setter owned by Grubb, placed second.

MUCC District Six

LANSING (AP)—Members of district six of the Michigan United Conservation Clubs have passed a resolution urging Gov. Swainson to appoint state AFL-CIO president Gus Scholle to the State Conservation Commission.

Woodruff said the members members from Eagan, Clinton, Ingham and Ionia counties voted against Scholle "because he had been against many of the sound policies of the commission, particularly in regards to the parks in the national game of baseball."

The middle bracket, 18 to 30, made up the rest of the percentage. Archers accounted for three of the total mishaps.

Slightly more than 25 per cent of all accidents, including three fatalities, were self-inflicted. Weapons catching on clothing or other objects and careless loading were the chief causes.

In more than 33 per cent of the accidents, including eight deaths, the victim was less than 10 yards of the fired weapon.

Tripping or "falling, careless fence crossing and other causes of accidental discharges led to four fatalities and 76 wounding. Intentional discharges—shooting misjudgments, ricochets, sprayed fire shot, mistaking humans for game—claimed four lives and wounded 182. Mechanical failures triggered eight injuries.

Gray-Haired Conerly Signs 14th Pro Pact

NEW YORK (AP)—Charley Conerly, a gray-haired scrapper who has fought off a host of youthful challengers during the last several years, is ready for round 14 as the No. 1 quarterback of the New York Giants.

The dean of active National Football League players—he will be 40 two days after the season opens—ended rumors about his "retirement" Tuesday by signing for his 14th year of pro grid action with the Giants.

Terms of the one-year contract were not disclosed by club President Jack Mara, who would only say Conerly was one of the NFL's highest-salaried stars. It is estimated the former University of Mississippi standout will receive \$25,000-\$30,000.

Solunar Tables

The schedule of Solunar Periods for the ensuing week has been prepared by John Alden Knight. Plan your days so that you will be fishing in good territory or hunting in good cover during these times.

Spear Fishing Contest

The Aquamarine Club of Dexter will hold a fishing contest for underwater divers along the Huron River northwest of Ann Arbor starting at 1 p.m. this Sunday.

Registrations will take place between noon and 1 p.m. at the Big Shelter at Hudson Mills Metropolitan Park, located 12½ miles northeast of Ann Arbor. The park entrance is on North Territorial Road near the Huron River.

Army Singles Kingpin

INDIANAPOLIS (AP)—Pfc. John W. Anderson won the singles division of the 3rd Army bowling tournament Tuesday at Fort Benjamin Harrison with a 675 series.

Department men will cover each of their 26-mile routes twice to double check counts. They will make the trips during early morning hours, stopping for two minutes every mile to count pheasant "crows."

Spring Pheasant Survey to Start May 1 in State

Annual spring surveys will soon be getting under way in Michigan to size up potential breeding populations of pheasants, grouse and woodcock.

Field-finding efforts this spring will help to shape fall hunting regulations for these game birds.

The Conservation Department's annual pheasant crowing census is scheduled to begin May 1 on 45 routes in Southern Michigan and northern fringe areas.

Department men will cover each of their 26-mile routes twice to double check counts. They will make the trips during early morning hours, stopping for two minutes every mile to count pheasant "crows."

Help for Wandering Loon

Macomb County conservation officer Craig Smith recently gave a helping hand to a young loon at Metropolitan Beach on Lake St. Clair.

Conservation officer for South Macomb County, Smith reports that the loon is rarely sighted on land since its legs are injured.

The loon was about the size of a small goose, with head and neck a glossy black and its back checkered black and white with grey coloring on its lower region. It is known for its weird call or "scream-like" sound which it often makes before a storm or at night.

Smith took the bird to the wildlife sanctuary on Huron Point at Metropolitan Beach where he placed it in the waters of Lake St. Clair. It swam around in circles for a few minutes, dove under water a few times and finally paddled away—happy to be returned to its natural environment.

Committee Approves Jordan River Funds

WASHINGTON (AP)—The House appropriations committee has recommended that the House approve funds to begin construction of a \$827,000 lake trout hatchery at Jordan River, Mich.

The committee said it approved an immediate appropriation of \$25,000, the amount to be spent during the year beginning July 1, in line with its policy of approving only annual requirements.

Rep. Victor A. Knox, R-Mich., told the group earlier this year that the hatchery could play a vital role in restocking the Gratiot Lakes with lake trout now that the sea lamprey, which had virtually eliminated the fish, is being brought under control.

Knox said the hatchery will be able to produce two million young lake trout a year after it goes into operation in the fall of 1961. Michigan has turned over 110 acres in the Jordan River area to the government for use in the project, Knox said.

Smith took the bird to the wildlife sanctuary on Huron Point at Metropolitan Beach where he placed it in the waters of Lake St. Clair. It swam around in circles for a few minutes, dove under water a few times and finally paddled away—happy to be returned to its natural environment.

Department men will cover each of their 26-mile routes twice to double check counts. They will make the trips during early morning hours, stopping for two minutes every mile to count pheasant "crows."

INDIANAPOLIS (AP)—Pfc. John W. Anderson won the singles division of the 3rd Army bowling tournament Tuesday at Fort Benjamin Harrison with a 675 series.

Department men will cover each of their 26-mile routes twice to double check counts. They will make the trips during early morning hours, stopping for two minutes every mile to count pheasant "crows."

Help for Wandering Loon

Macomb County conservation officer Craig Smith recently gave a helping hand to a young loon at Metropolitan Beach on Lake St. Clair.

Conservation officer for South Macomb County, Smith reports that the loon is rarely sighted on land since its legs are injured.

The loon was about the size of a small goose, with head and neck a glossy black and its back checkered black and white with grey coloring on its lower region. It is known for its weird call or "scream-like" sound which it often makes before a storm or at night.

Smith took the bird to the wildlife sanctuary on Huron Point at Metropolitan Beach where he placed it in the waters of Lake St. Clair. It swam around in circles for a few minutes, dove under water a few times and finally paddled away—happy to be returned to its natural environment.

Spring Pheasant Survey to Start May 1 in State

Annual spring surveys will soon be getting under way in Michigan to size up potential breeding populations of pheasants, grouse and woodcock.

Field-finding efforts this spring will help to shape fall hunting regulations for these game birds.

The Conservation Department's annual pheasant crowing census is scheduled to begin May 1 on 45 routes in Southern Michigan and northern fringe areas.

Department men will cover each of their 26-mile routes twice to double check counts. They will make the trips during early morning hours, stopping for two minutes every mile to count pheasant "crows."

Low loss bids totaled about \$313,000, considerably below the budget ceiling of \$357,000 set by the City Commission.

Of 25 bids submitted, Chissus Construction Co. of Birmingham was lowest for the general construction contract, and Fred W. Nookle Electrical, Inc. of Pontiac was lowest for electrical installations.

Chissus' base bid was \$216,690. This is the company that was general contractor for Fire Station No. 5 on West Huron Street. The Moore bid was \$25,433.

For the plumbing and heating contract, Evans Heating of Southfield and Zenie & Maguire Co. of Detroit both submitted base bids of \$77,000. But Zenie appeared to be a little lower than Evans on an alternate proposal concerning ventilation.

Details of the bids will be under study by the architects, O'Brien, Hewlett & Luckenbach of Birmingham, until next Tuesday, when recommendations on contracts are expected to be made to the City Commission.

The other base bids: General construction—Matthew Lalewicz, \$218,770; Paul H. Johnson, Inc., \$221,000; Meyer Weinberger & Sons, \$220,960; Kolarik & Co., \$222,200; Schurmer Construction Co., \$224,000; J. A. Fredman, Inc., \$226,832; Bundy Construction Co., \$227,700; Leslie Construction Co., \$234,800; Phil Strang, Inc., \$234,218; McKinnis Construction Co., \$243,800; F. W. Markward Co., \$244,780; and Berse Construction Co., \$248,000.

Electrical installations—William A. Kelley Electric Co., \$25,500; Schultz Electric Co., \$25,500; Brill Electric Co., \$25,975; and Reid Electric Co., \$26,800.

Plumbing and heating—Eames & Brown, \$72,650; Sylvan Plumbing & Heating, \$73,250; Kropp Plumbing & Heating, \$74,775; Alvin Briggs Co., \$75,800; and Laya Plumbing & Heating, \$78,600.

STUDENTS WORK ON CENTENNIAL—Pontiac High School pupils are hard at work preparing historic markers for placement at various spots in the Pontiac area. Students in the automotive, wood and print shops are doing the job for the historic marker committee, headed by Mrs. Marion H. Benter and Daniel T. Murphy Jr., Oakland County Clerk-Register.

Police Reserve Project Fans Smoldering Fires

Hours after Acting Police Chief Joseph Koren announced plans for a new police auxiliary, controversy over the old police reserve flared up in the City Commission table.

Commissioners supporting the old reserve took exception to Koren's announcement yesterday that reservists have to apply for jobs on the new volunteer force.

They contended that reservists don't have to apply for membership, that their membership has never expired.

He asserted that he has "double talk" about reactivating the reserve and questioned Koren's competence as acting chief.

Will Renew Drive for Rec Centers in Pontiac

Appearing at the City Commission table for the first time in five weeks, City Commissioner Milton R. Henry promised to renew his drive for funds for recreation centers and blasted the administration for lack of concrete recreational plans.

Henry extracted from City Atty. William A. Ewart a promise that the outline of an ordinance would be drawn up for next week in connection with Henry's long campaign for a \$3-million bond issue for recreation centers.

Henry said he would ask the commission to vote to submit the ordinance to voters for approval.

In Henry's absence at a previous meeting, the commission tabled his idea after Ewart advised against it on grounds that no preliminary studies of any kind have been made for recreation centers.

Ex-Dem Officials Charged in Suit

Quimby, Mrs. Salomon Partners in Firm Said Not Honoring Check

Two former top Michigan Democratic party officials have been named in a lawsuit filed for a concrete firm. It is charged that a partnership with which they are associated paid the suing firm with a worthless \$13,044 check.

Named as defendants were Thomas H. E. Quimby, former Michigan national committeeman and now with the Peace Corps, and Mrs. Helen Salomon, former Democratic State Central Committee secretary.

There will be preliminary consideration of a terminal program and recognition for special education pupils, and the board will be asked to review a policy relative to dancing in physical education classes, and in the general school program.

To Show Two Films of Peace Marches

On-the-scene film reports of the British peace marches on Easter of 1958 and 1960 will be shown Sunday at 2 p.m. in Oak Park under the auspices of the Oakland County Committee For a Sane Nuclear Policy.

The two films will be shown at the home of Mr. and Mrs. Nathan Chalkick, 3331 Majestic.

A discussion period and refreshments will follow, at which time Max Mark, professor of political science at Wayne State University and chairman of the WSU faculty Committee for a Sane Nuclear Policy will comment on the films.

Stanley Kurzman, Drayton Plains, is chairman of the Steering committee.

Issues Call for Report on National Banks' State

WASHINGTON (AP) — The comptroller of the currency today issued a call for a statement of the condition of all national banks at the close of business Wednesday, April 12.

To Show Two Films of Peace Marches

On-the-scene film reports of the British peace marches on Easter of 1958 and 1960 will be shown Sunday at 2 p.m. in Oak Park under the auspices of the Oakland County Committee For a Sane Nuclear Policy.

Dr. J. C. Wynn to Speak

MSUO Clergy Friends Plans Monday Session

A spring workshop on "How to Minister to Family Situations" will be sponsored by the Clergy Friends of Michigan State University, Oakland, for area ministers and their wives.

Featured speaker at the day-long session next Monday at the university will be Dr. J. C. Wynn, formerly director of the Family Education Research Office of the United Presbyterian Church, now the final speech, "The Pastor: His Role in Christian Education at Colgate-Rochester Divinity School."

Ministers and their wives will be divided for separate sessions in the morning on "The Pastor: His Ministry With Church Families," and "The Pastor's Wife: Her Role With Church Families."

After lunch in the MSUO cafeteria, they will attend a program on "The Pastor: His Role as a Person in Counseling." Dinner will be served at the University Presbyterian Church and will be followed by the final speech, "The Pastor: His Role in Christian Education at Colgate-Rochester Divinity School."

Special program consultant will be Rev. Donald F. Schroeder, director of the Family Life Department, Detroit Council of Churches.

The MSUO Office of Continuing Education, under director Dr. Lowell R. Eldred, is arranging the program.

Reservations by ministers and their wives may be made through that office.

New chairman of the Clergy Friends of MSUO is Rev. McKay Taylor, Northminster Presbyterian Church, Troy. He succeeds the Rev. Robert Herrmann, Rochester Presbyterian Church.

Other new officers are: Rev. Paul Nicely, Institute for Advanced Pastoral Studies, Cranbrook, vice chairman; and Rev. John W. Welling, Ann Arbor County, present speaker in the village range from 35 to 50 miles an hour.

Will Give Views

LANSING UP — Representatives of the two state employee organizations and state departments have been invited to express their views Friday on rules covering political activities by state workers. They will appear before a citizens' advisory committee appointed by the Civil Service Commission to review present regulations.

Announces Speed Limit

LANSING UP — The State Highway Department has announced a 45-mile-an-hour maximum speed limit will be established on M70 in Sterling Avenue County. Present speed limits in the village range from 35 to 50 miles an hour.

ARRESTED IN PLOT — Maj. Humberto Son Marin, first minister of agriculture in Fidel Castro's government, was among 27 persons arrested accused of plotting to assassinate Castro, according to an announcement by Cuban government radio.

Feature 'Day' for 80 Therapists

Family-Care Personnel Hear Talks, Take Tour of State Hospital

Today was Family Care Day at Pontiac State Hospital. More than 80 family-care therapists were greeted by Dr. Walter H. Obenau, hospital superintendent, this morning at the opening program of "their day" at the hospital.

Dr. Obenau spoke on the topic "The Changing Concepts in Treatment for the Mentally Ill."

His address was followed by a luncheon in the hospital cafeteria. The afternoon program was opened by Dr. Robert Braun, clinical director, with a discussion of "Treatment Programming for the Hospitalized Patient."

A tour of the hospital's facilities completed the Family Care Day program.

The family care program was initiated at Pontiac State Hospital in 1947 and is administered by the social service department under supervision of the medical staff.

According to Richard Arthaud, social service director, "Family care is a kind of transitional stage in therapy which permits a supervised return to the community of such patients who are not able to function quite independently."

The family care home is a private home in the community which is selected, screened and finally licensed by the family care section of the social service department.

Mrs. Herbert Schmitter, in charge of the family care phase of social service says that there are 40 homes in the 10-county area serviced by the hospital that presently are caring for nearly 250 patients.

GM Contracting Firm May Quit Ohio Plant

NORWALK, Ohio (AP) — Directors of the Fisher Norwalk Co. will decide at a meeting in Detroit April 25 whether to discontinue operations in Norwalk.

This was announced today by C. A. Foss, plant manager for the firm which manufactures trunk and floor covering for General Motors Corp. automobiles.

Foss said the company is unable to meet the competitive bids of other manufacturers because of the high labor costs.

The flower trade began in Britain's Selby Isles in 1861 when a consignment of blossoms was shipped to London in a woman's hat box. Soon the islands were sending 65 tons of flowers a year to the mainland.

GREETED BY JAPANESE—The new United States Ambassador to Japan, Edwin Reischauer, has a broad smile as he receives a large bouquet from a kimono-clad Japanese girl at a welcome on his arrival in Tokyo Tuesday from America.

Flower Fund in Good Shape, Reports County

The county's flower fund is in good shape. Usually near rock-bottom this time of the year due to expenditures for remembrances for ill and deceased supervisors and officials, Pontiac Supervisor Margaret E. Hill reported Monday that deducting outlays of \$116.02 from a total of \$168.49 on hand left a balance of \$32.47.

Not to be complacent with this surplus, supervisors changed their tactics a bit and decided to deduct two dollars from every supervisor's paycheck instead of passing highways.

the hat to get the funds to bolster the flower kitty.

Cyril E. Miller, Avon Township supervisor, suggested the deduction "so that those supervisors that stay intentionally this day don't get away."

Transportation Division Sporting New Uniforms

LANSING (AP)—The 25 officers of the transportation division of the State Public Service Commission started wearing their new, steel blue, police-type uniforms with ranger hats this week.

The uniforms were authorized by a 1959 legislative act. Main work of the division is enforcement of trucking regulations on the state's highways.

Demote 'St. Philomena'—She May Be Fictional

VATICAN CITY (UPI)—Vatican sources today confirmed the name, "St. Philomena, the Virgin Martyr," has been stricken from

the Roman Catholic religious calendar because there is no proof she even existed.

The action means that the religious feast day formerly held on Aug. 11 may no longer be celebrated and her name cannot be used for Catholic baptisms.

you can't tell a tire by its price tag!

Do you know what those \$10, \$11, \$12 nylon tires are really worth?

The best way for you to find out what a tire is really worth? Use it. But then it may be too late. How can you find out before you buy? The price tag won't tell you. There are so-called "bargain" tires, "cheapie" tires, "discount" tires and other tires you've never heard of. Most of them have one thing in common. They do a lot of shouting about price. But there's a big difference in what goes into them, as compared to a Goodyear tire. We took nine "bargain" nylon cord tires priced at \$10, \$11, \$12 or more to the lab for analysis and matched them to our \$12.88 3-T Nylon All-Weather.

What a difference! The Goodyear tire had a 23.2% stronger tire body than the average rating of the rest. And the tread strength rating of our 3-T Nylon All-Weather was also actually greater than the average of the others.

Price tags never tell the full story! Get a genuine Goodyear tire. A Turnpike-Proved tire. It costs no more than "bargain" tires.

3-T Nylon All-Weather

6.70 x 15 black tube-type, plus tax and any old tire off your car. NO MONEY DOWN with your old tire. Pay as little as \$1.25 a week.

\$12.88

Goodyear nation-wide guarantee

1. ROAD HAZARD GUARANTEE—All new Goodyear automobile tires are guaranteed by written certificate against normal Road Hazards—i.e. blowouts, fabric breaks, cuts—except repairable punctures. Guarantee limited to original owner for number of months specified.

2. LIFETIME GUARANTEE—All Goodyear tires are guaranteed against any defects in workmanship and material without limit as to time or mileage. Remember, any Goodyear tire dealer (in all 50 states, there are over 60,000 of them) will repair your tire without charge, or make an allowance toward the purchase of a new tire, based on the original tread depth remaining and the current "Goodyear Price."

Discharge Papers Marked Forgotten by Owners

The county clerk's office would like to get rid of a stack of original U.S. armed forces discharge papers left unclaimed by 48 persons and two sets of unclaimed U.S. naturalization papers.

The citizenship papers and service discharges were left by their owners over a period since 1948 to be recorded with the clerk's office, but the owners have never returned to claim them, explained Mrs. Leta Weir, vital statistic clerk.

Unfortunately, neither the papers nor the discharges have any addresses shown. The citizenship papers are made out to Lita Barnfield and Henning Pearson.

Following is a list of the discharge owners:

Murad M. Taylor, US 55 341 540, Army

SHE'S SIMPLY OVERWHELMED — Marlene Vuyk, 4, is overcome with shyness after presenting a bouquet to Princess Irene of the Netherlands recently during the princess' arrival at Boskoop, Holland, to open the annual flower show.

27 Area Men Enlist in AF

A total of 27 area men enlisted in the U.S. Air Force during March according to the local recruiting station in Pontiac.

Enlisting from Pontiac were: John Bullis, 17 N. Hillside St.; Dennis Nichols, 77 Euclid St.; Conrad J. Cassa, 75 1/2 Williams St.; Clarence R. Blackmore, 65 Florio St.; Robert L. Worden, 137 W. Ann Arbor St.; Spencer Gray, 23 Warner St.; Terry A. Wilson, 1017 Woodrow Lane; Daniel E. Grimm, 75 Willard St.; and M. G. Taylor, 22 Harris St.

From elsewhere in the county enlistees included: Russell G. Frick, 5135 Sashaw Road, Independence Township; Carl E. Hunt, 7289 Perry Lake Road, Independence Township; William L. Barnett, 4346 Luella St., Waterford Township; Fred G. Rhoads, 1406 Nolia Road, Commerce Township; Paul White, 1919 Austin Drive, Novi; and Larry E. Morris, 2682 W. Walton Road, Pontiac Township.

315 Snyder Drive, Highland Township; Robert H. Schneider, 4800 W. 12-Mile Road, Novi; Gerald Clark, 1306 Maple Drive, Avon Township; Dean M. Mellon, 3465 Primary St., Avon Township; Richard L. Ballagh, 1179 Beach Drive, Orion Township; and William H. Underwood, 2415 Chata St., West Bloomfield Township.

Also Glen Reinker, 5225 S. Hadley Road, Goodrich; Mike D. McKenzie, 1810 Mead Lane, White Lake Township; Woodrow H. Paschke, 638 Flanagan Road, Commerce Township; Jerry L. Meyer, 465 Lakeview Drive, Union Lake; and Kent W. Thrant, 1505 Midwood Road, Commerce Township.

The men are undergoing basic training at Lackland Air Force Base in Texas prior to additional training in their chosen fields at different bases.

Voted Mayor of Allegan by 3-2 Council Ballot

ALLEGAN, Mich. — Councilman Richard Haskins today held office as mayor of Allegan with fellow Councilman William Whitcomb as mayor pro-tem.

Elections took place Tuesday night at the organization meeting of the five-member council. The vote was 3-2 for each office.

Barry County Acquires New Register of Deeds

HASTINGS, Mich. — Howard Ferris, 44 Rutland Township farmer and former chairman of the Barry County Board of Supervisors, is having invented bifocal lenses for the county's new register of deeds.

He was appointed by a special three-member committee to fill a vacancy caused by the recent death of Vernon Webster who had served about 26 years in the post.

Benjamin Franklin was said to have invented bifocal lenses for the county's new register of deeds.

Earn More as a SECRETARY

The Office Needs You!

Excellent career opportunities in business, industry, and government await for those who qualify. The demand is for well-trained men and women. Successful secretaries enjoying higher incomes and the best working conditions, are quick to point out that "half-training" is not enough. Only those who are well trained can command the better positions.

Pontiac Business Institute is successful because it provides the service for which it is organized, specific preparation for earning a living. We should like to tell you about our program. There is no obligation.

Pontiac PTA Council Holds Presidents' Breakfast

Pontiac school principals were honored along with local Parent-Teacher Association presidents at the Pontiac PTA Council's annual Presidents' breakfast Tuesday in First Congregational Church. John F. Perdue, principal at Bagley School, was greeted

by (from left) Mrs. Melvin Norberg, the council's first vice president; and Mrs. Andrew Gulacsk and Mrs. N. J. Hoffman, incoming presidents for Webster and Hawthorne PTAs, respectively.

Pontiac Council of Parent-Teacher Associations observed its annual Presidents' Breakfast Tuesday at First Congregational Church.

The affair honored local PTA presidents, newly elected presidents and school principals. Past council presidents and members of the Pontiac Board of Education administrative staff were special guests.

Following the invocation by the Rev. Howard R. Clegg Jr.,

assistant minister at First Congregational Church, Mrs. George Gray, council president, extended greetings to the assembly.

Dr. Dana P. Whitmer, superintendent of Pontiac Schools, expressed his wishes to the incoming presidents.

Highlighting the program was the presentation of a \$1,200 check to the council by the Pontiac Police Officers' Asso-

ciation. Sgt. Herbert Cooley, association president, and police Lt. Raymond E. Meggitt presented the amount, which will be used for a four-year teaching scholarship by a deserving Pontiac Central or Pontiac Northern High School student graduating this year.

Mrs. Gray commended police officers' association members for their community spirit and interest in youth.

The PTA Council scholarship committee will select the winning student. Thus far this year the committee has awarded two full four-year scholarships.

Additional guests at the breakfast were Pontiac School personnel: Dr. Otto Hutzinger, assistant superintendent; Lewis C. Crew, assistant to the administration; William Lacy, coordinator of secondary education; Gerald White, coordinator of elementary education; and George Putnam, instrumental music and vocal supervisor. Mrs. Harry E. King, past president of the Michigan Congress of Parents and Teachers, also was present.

Completing the guest list were council officers Mrs. Melvin Norberg, first vice president; Mrs. Charles Copper-smith, second vice president; Mrs. Thomas Henson, recording secretary; Mrs. Thomas Fowler, corresponding secretary; Mrs. Howard McConnell, treasurer; and Mrs. Carl Masters, historian. Mr. Crew is the council's auditor.

Mrs. McConnell was breakfast general chairman, assisted by Mrs. Copper-smith, program; Mrs. Henson, reservations; Mrs. Norberg, corsages; Mrs. Thomas Bartle, decorations; Mrs. John Turner and Mrs. Roland Stevens, hospitality; and Mrs. Earl Ottavio, publicity.

Entertainment was provided by the boys glee club of Washington Junior High School, directed by Gilbert Jackson.

Five Pages Today in Women's Section

Mrs. Eric Danielson (right), incoming president of Crofoot School's PTA, joined her school's Principal J. Albert Henning and Mrs. Thomas Perry, incoming LeBaron School PTA president,

for breakfast at Tuesday's annual PTA Council observance. Members of the Pontiac Board of Education administrative staff were special guests.

Panhellenic to Hold Tea on Saturday

Pontiac City Panhellenic will hold its annual tea for college-bound graduating senior girls and their mothers Saturday at the Pontiac Federal Savings and Loan Building. Guests will be received from 2 to 4 p.m.

Senior girls from Pontiac Northern, Pontiac Central, Waterford, Avondale, Clarkston and West Bloomfield High schools have received invitations to the affair which is designed to answer questions about national sororities. Rushing, expenses of sororities and campus activities of sororities will be discussed.

Cochairmen of the tea are Mrs. Wayne Pyke and Mrs. Russell Jacobson. Assisting with invitations were Mrs. William Blaney, Mrs. R. L. Bronetti and Mrs. Enar West.

Program chairman is Mrs. John Colison. She has arranged for Mrs. Russell Colison of Orchard Lake to speak. Mrs. Costello is a former national president of Delta Zeta Sorority and a member of the National Panhellenic Council. Also participating in the program will be Mrs. Jacobson, Mrs. Pyke and Betsy Curran. Assisting Mrs. Raymond Wilhelm with refreshments will be Mrs. Don Kennermer. Decorations are being planned by Mrs. E. W. McGovern, Mrs. Colison and Mrs. William Freymuth. Mrs. Richard Kuhn, Mrs. Stuart Jaeske and Mrs. Richard Broder have designed and made name tags.

Sue Eckley is chairman of the reception committee. Assisting Mrs. W. H. Ragdale on the clean-up committee will be Mrs. Glenn Dick. Rosemond Haerle is publicity chairman.

No Sin to Eye Beauty

By ABIGAIL VAN BUREN

DEAR ABBY: Your answer to the wife of the man who "liked to look" amazed me. And you call yourself an advice expert! What do you mean, "Just because a man is on a diet doesn't mean he can't look at the menu?"

My husband's hobby was "looking at menus." (He would order occasionally, too.) I finally had to call in a lawyer to get him back on his regular diet. Anyone who says "looking is harmless" doesn't know the half of it.

DEAR OUGHT: A man can look at a woman in TWO ways. One is with "lust"—which is wrong. The other is with "admiration."

When God created beauty in nature he endowed man with the intelligence to appreciate it. A beautiful woman (unlike the prairie flower) was not "born to blush unseen and waste her fragrance on the desert air."

DEAR ABBY: My problem is that my husband can walk but not jigger, and I just love to jigger. Last Saturday night when we were out, my girl friend

asked me to jigger with her. My husband said NO, I couldn't. I was so mad I felt like getting up and dancing with her anyway, but I didn't. When we got home I asked my husband why he didn't let me dance with her and he said it was not ladylike for a girl to dance with another girl in public.

I say he is wrong, and he says he is right. We have this problem every time we go out.

Please put your answer in the paper before next Saturday night because it will save another argument.

DEAR LOVES: Your husband is right. Girls dance with other girls only when there are no men to dance with. Either teach him to jigger or slow down to a waltz.

DEAR ABBY: My husband and I received a 50th wedding anniversary invitation for a six o'clock dinner and dance.

We will not attend the party, of course. Is this something new? Or have people always made up parties and asked the guests to pay?

DEAR SHOCKED: Frequently people will get together and make up a "Dutch Treat" or "No Host" party. But they are planned with the understanding that each

guest pays his own way. They do not send invitations to others and ask them to participate.

CONFIDENTIAL TO "IN LOVE WITH A SNAKE": Don't let him rattle you.

Yes, Abby will answer your letter personally if you write to ABBY, Box 3365, Beverly Hills, Calif., and enclose a stamped, self-addressed envelope.

DEAR ABBY: I read with interest your advice that men who work around machinery should not wear a ring because it could catch in the machinery and they could lose a finger. How about a ring that is so light I can't get it off?

WORKS AROUND MACHINERY

DEAR WORKS: Better to have the ring cut off now than after you lose your finger.

Former Residents Report Betrothal

Former Pontiac residents Mr. and Mrs. Harold Phillips of Marietta announce the engagement of their daughter Maxine Lois to George J. Moore, son of the Joseph Moores of Beaver Falls, Pa. The bride-elect is the granddaughter of Mr. and Mrs. Orland H. Phillips of Myrtle Drive.

Mr. and Mrs. Lyle S. Jones of Drayton Plains announce the engagement of their daughter Patricia Sue to Charles L. Brandt, son of Mrs. Lois Welber of Orionville and the late Lloyd F. Brandt.

PATRICIA SUE JONES

City Youth, Band Fine in Cairo

Crowd Flips Fez as U. of M. Unit Enlivens Fair

CAIRO (AP)—Egyptians from all walks of life applauded the University of Michigan Symphony Band Tuesday night at its first Cairo performance at the American pavilion at the Cairo International Agriculture exposition.

The audience, standing around the pavilion, was estimated at about 1,000 but listeners were coming and going so that the total who heard the band probably ran to 2,000.

Thousands of others heard the music carried by the exposition public address system elsewhere, including Soviet and Red Chinese pavilions.

The 96-piece student band, conducted by Prof. William D. Revell, presented works by American and European composers in an open air performance.

PONTIAC PLAYER LAUDED One of the most applauded pieces was a trumpet solo by Donald Tison of Pontiac, Mich. An encore of Leroy Anderson's "Bagher's Holiday" also was well received.

Most of the audience was Egyptian in western dress, indicating the listeners came from the educated middle or upper classes. But there were some peasants in white turbans and long brown gowns.

At the exposition, Egyptian students swarmed around the musicians, asking them questions and examining their instruments.

The band arrived here after a two-month tour of the Soviet Union.

"We were deeply impressed with the interest in music we found among the young people of the Soviet Union," said Frederick Moncrieff, the band's business manager.

"Our students became accustomed to being encircled at all times by young Russians asking questions and exchanging ideas on music. Those Russian youngsters have a tremendous knowledge of music. We could not believe they could be so well informed on jazz and Dixieland, for instance."

The band is scheduled to stay in Egypt until April 22 then move to Amman, Jordan, for performances there.

Shorts Aren't So Short This Year

Shorts go to new lengths this spring. Some of them now just graze the knee or cap it, a length considerably longer than that of Bermuda shorts. The longer length shorts have fly fronts and waistlines with give. They come in knit, twills and duck and in ribbon stripes or flowered prints.

The Pontiac Police Officers' Association presented a \$1,200 scholarship check to the PTA Council at Tuesday's Presidents' breakfast. Police Lt. Raymond E. Meggitt (left) and Sgt. Herbert C. Cooley, association president,

were photographed with Mrs. George Gray, council president, who accepted the generous amount and commended the police officers' association for its interest in youth.

Singer Tops in Concert Finale

By MARJORIE LACHER

Women's Editors

The Pontiac Press

The Pontiac Symphony Orchestra ended its season with a brilliant concert in which contralto soloist: Clara-mae Turner received an ovation.

Concert-goers were thrilled by the superb solo instrument, the voice of this celebrated singer.

Her phrasing was flawless and her voice was sweet and even throughout its range. Miss Turner made a splendid appearance as well as a splendid sound. Dark and statuesque, she has the easy poise of the professional opera singer plus the warmth of personality that makes immediate contact with her audience.

Her rendition of Handel's "Howsoever They May Revile Me" revealed at once the rich deep truth of this contralto's voice. Tenderness and flexibility were evident in her singing of Dvorak's "Songs My Mother Taught Me."

Miss Turner's final number in the first set of songs, Schubert's "Der Erlkonig" was a hit with her audience who responded with vigorous applause to this beautiful example of German lieder.

Known for her role in Bizet's "Carmen," Miss Turner gave the three arias the full treatment. The audience loved it. From her sultry "Habenera" through the dramatic depths of the card scene to the "Squidilla" in which her powerful volume and extensive range were stellar, this star of the Met had her listeners in the palm of her hand.

The encore which she graciously presented was Leoncavallo's "Venezian Smeralda."

OPEN WITH BEETHOVEN

The orchestra and director Francesco DiBlasi provided a

sympathetic accompaniment to Miss Turner. Their part in the evening's program opened with very good Beethoven's "Egmont Overture" in which the string section distinguished itself.

Schubert's "Unfinished Symphony" which followed was delivered with exquisite attention to balance. Mr. DiBlasi's arrangement of the Chopin "Prelude in E Minor" which followed the intermission was executed with feeling. DiBlasi translated the Chopin for orchestra with real finesse.

The colorful "Pines of Rome" by Respighi concluded the concert. One felt the audience left reluctantly. Solo parts in this were carried by the respective orchestra members with distinction.

A coffee hour in the cafeteria of Pontiac Northern High School followed the concert. Here Miss Turner, Mr. DiBlasi, orchestra and board members received the audience and Miss Turner in her stunning Charles Winston black-jeweled, gown dispensed autographs to an admiring cluster of young people.

Guests of the group were Mrs. James Asher, Mrs. Richard Fisher and Mrs. Harold Norton.

Mrs. James Boaz and Mrs. Walter Teuwen will report on the state convention in Muskegon at the May 1 meeting.

Exchange Club Hears Reports

Annual reports for the Teachers' Exchange Club were read at the April meeting in the home of Mrs. Lenn W. Kennaday on Airway Drive, Waterford Township. Mrs. Grady Smith assisted the hostess.

Mrs. Alice Benson was elected president; Mrs. Lewis Cornell, vice president; Mrs. J. E. Scott, recording secretary; Mrs. Ray Purcell, corresponding secretary and Mrs. Lloyd Adams, treasurer.

Hair Affects Skin

(NEA) Did you know that you can help keep your skin clear by keeping your hair clean at all times? If your hair is oily or dandruff-infected, your skin can become irritated by contact with it. So shampoo two or three times a week.

Oxford and Orion Get Reports on Sewer Costs

By DON FERMOYLE
OXFORD — Cost of a new sewage treatment plant and a large sanitary trunk sewer to serve the Oxford-Lake Orion area has tentatively been set at \$1.1 million, it was reported at a special meeting here last night.

Costs and plans for the sewage disposal facilities were reported to officials of Oxford, Lake Orion, Orion Township and Oxford Township by Donald W. Ringler, deputy director of the Oakland County Department of Public Works.

Ringler's findings were based on a study of the area by the County DPW and the engineering firm of Johnson and Anderson.

The study was requested early last summer by the Lake Orion and Oxford village councils.

Orion Township Supervisor John Lessor and Oxford Township Supervisor Lee H. Clark also attended the meeting.

Jody Schafer Enters Pageant

Peach Queen, Now 18, Signs Up for Michigan Event at Muskegon

Jo Ellen Schafer, who reigned as Miss Rochester and Runo Peach Queen of 1960, yesterday celebrated her 18th birthday by becoming the first entrant in the 1961 Miss Michigan Pageant.

She is the initial candidate in an anticipated record field of 45 competitors for the state crown. Pageant officials expect 20 communities never before represented in the contest to send candidates this year.

This marks the first time in the 28-year history of the Runo Peach Festival that a queen of this event has been entered in the Miss Michigan Pageant.

Interest in the pageant this year is at an all-time high since the 1960 title, Nancy Anne Fleming of Montague, went on to win the coveted Miss America crown.

Jo Ellen, daughter of Mr. and Mrs. J. William Schafer of 224 W. Auburn, Avon Township, Avon, takes two years of summer theater work and a professional singing background into the contest at Muskegon July 4-6.

BEST IN COUNTY

The attractive, hazel-eyed brunette, who was first runner-up for Miss Michigan State Fair of 1960, received a plaque in 1960 for the best female vocal work in Oakland County.

She has sung at several supper clubs and lounges in Detroit and has appeared on a number of radio and television shows since launching her singing career about a year and a half ago.

"Jody" won favorable comment on her dramatic ability from actor Basil Rathbone when she performed for him in Shakespeare's "Twelfth Night" at the Will-O-Way Playhouse, Bloomfield Hills.

Newcomers Club Sets Speaker on Homes

ROCHESTER—Dorrell Bondine, owner of Bondine's Greenhouse and Nursery, will speak on planning for new homes at tomorrow's 8 p.m. meeting of the Newcomers Club of Rochester.

The organization, formerly known as the Planters Club, will meet at the Avon Township Hall, 407 Pine St.

Newly elected officers of the club include Mrs. Robert Carvin, president; Mrs. Nelson Parsons, vice president; Mrs. Louis Pallen, corresponding secretary; Mrs. William Heyn, recording secretary; and Mrs. Harlan Houghton, treasurer.

(ended the joint meeting last night, along with Clara Johnson of Johnson and Anderson.

The proposed sewer facilities would serve certain sections of both townships between Lake Orion and Oxford in addition to property within the corporate limits of the two villages.

The treatment plant, which would be built somewhere on the south side of Lake Orion, would cost \$500,000, could serve the needs in the area for 10 to 15 years, according to Ringler.

The plant eventually would be replaced by the proposed Clinton River Sewage Disposal System, which is planned by the DPW to serve 13 municipalities in North-eastern Oakland County.

The plans outlined last night by Ringler called for the plant to handle the needs of the approximately 6,000 residents now living in the area. It would be expendable to serve twice that population.

Ringler estimated that the cost of installing the huge trunkline about \$803,000 — would be more than the sum for treatment plant construction.

COSTS AND PLANS
However, the DPW official said the trunkline could be connected to the larger Clinton River system when it is built while the treatment plant would serve only on an interim basis.

Construction of the interim plant at a site near Paint Creek already has received tentative approval from the State Health Department.

The health department, according to Ringler, allows interim plants of this type to be built in areas where permanent facilities are planned.

As tentatively proposed, the trunk sewer would be installed along a route roughly paralleling M24 (Lapeer Road), except in a portion of Lake Orion where it would jog eastward through about half of the village.

Ringler said the next step in the sewer project would be for the municipalities involved to come up with tentative costs for completing internal sewer systems inside their corporate limits.

The DPW official explained that the villages and townships would have to know approximate costs of installing lateral sewer lines before any further planning could be done on the trunk line or treatment plant.

The plans he proposed to officials here last night still are in an exploratory tentative stage, Ringler said.

If anything, the \$903,000 for the trunkline and \$500,000 for the treatment plant are higher than what it would cost to construct the two facilities, he said.

Ringler explained that estimates of this type are usually placed at the maximum under long-range planning.

Area Lions to Host District 11-A Officers

AUBURN HEIGHTS — The Auburn Heights Lions Club will host a cabinet meeting of officers from Michigan Lions Club District 11-A, Sunday at the American Legion Hall, 96 Churchill Road.

The meeting, which will be attended by district officials, zone chairmen and committee chairmen, will be preceded by a dinner slated for 1:30 p.m. at the hall.

In connection with the local observance of White Cake Week, the Auburn Heights Lions will sponsor a tour here Friday by an instructor and dog from the Leader Dogs for the Blind School near Rochester.

The instructor, who will be in the vicinity of Auburn and Squirrel roads from noon to 6 p.m., will answer questions about the leader-dog program which is aided by the sale of white cakes.

Plans Rummage Sale
ROCHESTER — The Woman's Relief Corps, auxiliary to the Grand Army of the Republic, is sponsoring a rummage sale Friday at the American Legion Hall, starting at 9 a.m.

It was expected that the branch hospital, which is slated to be built just north of Auburn and Rochester roads in Avon Township, would be completed in three to four years when the project was first announced Jan. 20.

The anticipated time schedule is six to eight months for the fund drive, a year to develop architectural plans and a year to build and equip the facility.

The 200-bed hospital, which would be expendable to 400 beds by 1970, would serve Rochester, Utica and Troy plus the townships of Oakland, Avon, Shelby and Sterling.

Slate Two Cancer Films

ORTONVILLE—"Time and Two Women" and "Breast Self-Examination" informative films provided by the Michigan Cancer Foundation, will be shown at 8 p.m. today in the Brandon School cafeteria.

The twin bill is sponsored by the Altar Society of St. Anne Church. All area women are welcome.

\$849,643 for Hazel Park
WASHINGTON (U.S.)—Hazel Park will receive a federal grant of \$849,643 for its Roberts Avenue improvement project, Sen. Philip A. Hart, D-Mich., said Tuesday.

WED 35 YEARS—An open house from 1 to 4 p.m. Sunday at the Avon Park Pavilion in Rochester will be held to celebrate the 50th wedding anniversary of Mr. and Mrs. Horace A. Bilbey of 1107 Elgin-Lake Road, Orion Township. The Bileys, who were married in 1911 at St. Vincent de Paul Catholic Church, Pontiac, have five children, 21 grandchildren and 12 great-grandchildren.

ROCHESTER—Dorrell Bondine, owner of Bondine's Greenhouse and Nursery, will speak on planning for new homes at tomorrow's 8 p.m. meeting of the Newcomers Club of Rochester.

The organization, formerly known as the Planters Club, will meet at the Avon Township Hall, 407 Pine St.

Newly elected officers of the club include Mrs. Robert Carvin, president; Mrs. Nelson Parsons, vice president; Mrs. Louis Pallen, corresponding secretary; Mrs. William Heyn, recording secretary; and Mrs. Harlan Houghton, treasurer.

REHEARSE FOR PLAY — Four members of the cast of the Avon Players' forthcoming production of the popular French farce, "Tartuffe," have fun at a rehearsal going through one of their scenes. They are (left to right) Chris Boyle, Wendy Roberts, Lou De Shantz and Lynette Brown. The comedy which brought such waves of protest from the pious when it was first presented in 1694 that it was banned for a time in France will be staged Friday and Saturday at Rochester Junior High School.

Moliere Farce Will Be Staged

'Tartuffe' Scheduled by Avon Players; to Run Friday and Saturday

ROCHESTER — The stage of Rochester Junior High School will be transformed into a setting of French elegance for the Avon Players' presentation Friday and Saturday of Moliere's controversial and mischievous farce, "Tartuffe."

The play, which has a long and stormy history since it was first performed at the Versailles Spring Festival in 1664, has been staged for nearly 300 years all over the world. It is being revived in New York right now.

The plot centers around the title character, a monk named Tartuffe, who worms his way into the home and hearts of a substantial French family, the Organs. Some consider him a saint, others believe just as strongly that he is a cunning hypocrite and a seducer par excellence.

Before the audience knows the true character of Tartuffe, many aspects of religious hypocrisy and man's lusts and weaknesses are effectively presented by Moliere.

Cast in the title role is Don Brown. His wife Lynette will portray Elmire Orgon, the lady of the family that Tartuffe so easily convinces of his virtue.

Monsieur Orgon, the proud and glib French husband, will be played by Lou De Shantz.

Other members of the cast include Bonnie Stratton, Laura Gardner, Bob McGowan, Wendy Roberts, Tom Law, Pam Roberts, Christopher Boyle and Jack Curtis.

The comedy is being directed by Dick McGowan, assisted by Jean Lily.

Certain time both nights is 8:30 p.m. and tickets can be purchased from any member of the Avon Players, at Purdy's Drug Store or at the door.

Students are admitted for half price on Friday.

NEWS OF THE AREA

At East Detroit High School

Macomb Band Concert Slated for 8:15 Tonight

Twenty-four area school music students will be included in the groups to perform at 8:15 tonight when the Macomb All-County Junior-Senior Band Concert is presented at East Detroit High School.

Guest soloist will be Nelson M. Hauenstein, one of the nation's outstanding flute players and assistant professor of woodwind instruments at the University of Michigan.

The students participating in the bands represent nearly every school in Macomb County. They were selected through proficiency tryouts from over 580 school musicians.

Band members will be honored at a banquet before the concert to which band directors and school administrators also have been invited.

Those who will participate in the concert include Clifford Cox, Armada High School; Janet Dufano, Armada Junior High School; Marc Kost and William Strait, both of Romeo High School; and Kim Kaiser, Romeo Junior High School.

From Utica High School are Bonnie Dykowi, Karen Gonda, Dennis Rasey and Jerry LeCureux. Eppler Junior High School, Utica, will be represented by Linda O'Hara, Dennis Budzyn, Carol Dinger and Robert Hitchcock.

Performing from Sterling Junior High School, Utica will be Bonnie Humsey, Pam Burrow, Cheryl Behn, Nancy Goodwine, Pam Derick, Bill Goble, Bob Spenser, Gary Barnard, Bill Pilarski, Tom Moore, Jim DeVries and Rick Nitterhouse.

Blame Children With Matches for \$8,000 Fire
OAK PARK — Children playing with matches were blamed today for starting a fire that caused \$8,000 damage to their home at 13130 Irvine Road.

Oak Park firemen said that the two pre-school children of Mr. and Mrs. Harvey Herold started the fire in the basement fruit cellar. Mrs. Herold told firemen that she was talking on the phone when one of the children told her that the basement was on fire.

She said by that time smoke was seeping through the floor where she was sitting. Her husband was at work when the fire was discovered.

Firemen said that when they arrived five minutes later the entire house was dense with smoke. They estimated that the fire had started an hour and a half earlier. They said they had trouble locating the origin of the blaze because of the extreme heat and smoke.

Adult Students Plan Walled Lake Exhibit
WALLED LAKE — An open house will be held at the Walled Lake Senior High School April 25 from 7:30 to 9:30 p.m. to exhibit the work of adult education students.

Student displays will include oil paintings, decorated cakes, sewing, china painting, ceramics and sculpture, mosaics, crocheting and knitting, woodworking, upholstery and leathercraft.

A style show will be presented by the sewing class, and refreshments served by the cake-decorating class.

Berle D. Dean is the director of adult education at the school.

Report Received on Hospital Fund
The board of trustees of Detroit's Crittenton General Hospital yesterday received the initial report on a fund-raising drive for the proposed \$45-million branch hospital south of Rochester.

Board members tabled the report for study, but they promised action would be taken as "promptly as possible."

The report was submitted by American City Bureau, Inc., of Chicago, the firm hired to study the area for its potential to support the project.

The company's study is expected to decide the timing of the hospital building program.

D. Eugene Silbery, administrator of Crittenton, said Monday the proposed branch hospital may be built one year ahead of schedule if the report is favorable.

It was expected that the branch hospital, which is slated to be built just north of Auburn and Rochester roads in Avon Township, would be completed in three to four years when the project was first announced Jan. 20.

The anticipated time schedule is six to eight months for the fund drive, a year to develop architectural plans and a year to build and equip the facility.

The 200-bed hospital, which would be expendable to 400 beds by 1970, would serve Rochester, Utica and Troy plus the townships of Oakland, Avon, Shelby and Sterling.

In Walled Lake Alter Tavern License, Retain Parking Ban

BY JIM LONG
WALLED LAKE—Citizens interest in the actions of the revamped City Council continued last night when some 50 persons attended the first regular meeting of the group since the April 3 election.

Most of the audience was there to learn the outcome of a request from a tavern owner for a liquor license and a proposal by the Walled Lake Chamber of Commerce for parking relief on Pontiac Trail.

Robert E. Keister, owner of the Cooper Mug, 194 W. Maple Road, received city approval for the reclassification of his tavern license to a class C liquor license.

It was the second time in little more than a month that Keister had applied for the reclassification. His request was turned down by the council March 7. Approval was given last night by a 4-to-3 vote.

Favoring the license change were Mayor Marshall E. Taylor, Clyde Motter, Richard Watkins, Harold Ackley. Those voting were Waldo Proctor, Robert M. Tibbudeau and Robert L. Witte.

Keister said he plans to build an \$85,000 bar and restaurant at his present location. He told the council of his plan in March but said his plans depended on the reclassification of the license.

The Chamber of Commerce was told that the city has no authority to allow parking on Pontiac Trail within the city since it is a state highway and the state has placed the parking restriction.

Benjamin E. Schneider, realtor who drafted the Chamber of Commerce parking request and represented the organization at the meeting, told the council that several businesses, including his own, are suffering because of the lack of parking facilities along Pontiac Trail.

City Manager George Shaw and Public Safety Director James A. Decker told the group that the city has no power to change the present arrangement.

Schneider had suggested that parking be allowed for periods of half an hour to an hour.

Decker said that in two years, the parking ban on Pontiac Trail has been a safety factor and that he does not favor altering it.

Novi to Talk on Chloriding Roads May 8
NOVI—The road-chloriding program that was discontinued last year because of a tight budget may be resumed again this summer, according to Village Manager Harold Ackley.

He said that \$10,000 of the village's \$198,500 proposed budget for the road spraying program. The current budget is \$177,000.

A public hearing on the new budget is scheduled for May 8 at 8 p.m. in the Village Hall.

More than half the proposed funds are for the operation of the village police department and the improvement of roads, Ackley said.

The proposed police department budget is \$55,200 and the proposed highway fund budget is \$37,841.

To Show 'Banned' Films
ORION TOWNSHIP — The two controversial films which Governor Swanson has forbidden the Michigan State Police to show will be presented here tomorrow by the Orion Republican Club.

The movies, "Operation Abolition" and "Communism on the Map," will be shown to the public at 8 p.m. tomorrow at the Orion Township Hall, 371 S. Broadway St.

City Manager George Shaw

W. Bloomfield Seeks Millage

Adopts Larger Budget It Calls Necessary for Keeping Services

WEST BLOOMFIELD TOWNSHIP—An operating budget of \$321,475 for the 1961-62 fiscal year has been adopted by the township board. Besides this, the board adopted a budget for the library of \$59,210.

The current expenditure, including the township library budget of \$34,780 is \$288,695.

Supervisor John C. Rehard said that he is submitting the tentative budget to the County Tax Allocation Board, a request of three mills has been made, which is double the allocation received by the township for present expenditures.

The supervisor said the additional millage is necessary if the township is to continue providing established services.

"There are services that a township isn't required to provide," Rehard said, "and if we can't gain the additional millage, it is inevitable that these services will be curtailed."

He referred to the police and fire departments, road improvements and the road chloriding program.

Rehard said if it becomes necessary, the township board has the prerogative to slice the library budget.

Investigate \$25,000 Fire at Store in Ferndale
FERNDALE—A fire that caused an estimated \$25,000 damage to the Witbeck Household Appliance Store at 2265 Woodward Ave. yesterday is being investigated by Ferndale firemen.

The store had been closed for two hours when the blaze was discovered and reported by a passing motorist shortly before 7 p.m. Firemen said the fire started in a storeroom at the rear of the building.

Here's the secret of greener grass

One—fill the Scotts Spreader with protein-building TURF BUILDER®. Two—set the dial. Three—walk! As you go, the work-saving Scotts Spreader distributes potent, steady-feeding TURF BUILDER granules evenly and accurately over the whole lawn. And TURF BUILDER is clean, odorless and lightweight—incomparably pleasant to use. How's that for an easy way to feed grass the beauty-building diet it needs? Result? Thicker, greener, healthier grass, on any soil—even subsoil!

Save 5.00—Turf Builder (reg. 4.95) plus Scotts Spreader (reg. 16.95) both only 16.90

Bring your lawn problems to our Lawn Program Advisors. They have the know-how and the experience to help you achieve the kind of lawn you want.

Byproducts of charcoal making. Description of a fickle girl being a beatnik—you'll never miss include wood alcohol, acetic acid. "She's the only girl I ever knew an important phone call because and furtural, a solvent used in who wore out her wedding gown" you happen to be in the shower—refining motor oil. . . . One helpful thing about Earl Wilson.

New Car Items Show Increasing Safety Interest

Accelerated retail sales of such Pontiac dealer items as seat belts and remote control mirrors indicate the American motoring public is becoming increasingly more interested in safety accessories, says S. E. Knudsen, General Motors vice president and Pontiac general manager.

"Pontiac dealerships across the country are currently reporting seat belt sales at a rate three times greater than last year," Knudsen points out. "Dealer installations of outside remote control mirrors are up 400 per cent," he adds.

Other popular dealer items in the safety category cited by Knudsen include: Luggage compartment utility lamp with cord which can be utilized as an emergency light during a stop at night on the highway; rear door safety locks to guard against children opening doors while the car is in motion; back-up lamps; windshield and rear window glass shields; inside nonflare tilt mirror and windshield washers.

Name Van Wagoner to Banking Position

Murray D. Van Wagoner of 3890 Oakland Drive, Bloomfield Township, former governor of Michigan, and a consulting engineer, has been appointed a public interest director of the Federal Home Loan Bank of Indianapolis, Acting Chairman Ira Dixon of the Federal Home Loan Bank Board, Washington, D. C., announced here.

Van Wagoner's term will cover the unexpired portion of a four-year term ending Dec. 31, 1962.

The Federal Home Loan Bank of Indianapolis provides reserve credit for member savings and loan associations in Indiana and Michigan.

The board of directors of the Indianapolis bank, one of 11 district banks, consists of 12 persons, eight of whom are elected by the member institutions and four appointed by the Federal Home Loan Bank Board.

Nasser for Castro

CAIRO (AP)—President Gamal Abdel Nasser assured Cuba's Fidel Castro in a message today: "The freedom loving peoples of the world will not stand idle in the face of the crime being committed against the peaceful Cuban people."

Trading Heavy, Market Down

NEW YORK (AP)—The stock market continued to decline in heavy trading early today. The stock market took losses ranging from fractions to about a point. The decline was fairly general. Among the losers were motors, autos, nonferrous metals, utilities, airlines and drugs. Some rails and selected issues posted moderate gains.

4 Children Die in Fire

LIMESTONE, Maine (AP)—Four children of an Air Force couple perished in a fire at their quarters on the giant Loring Air Force Base early today.

Y&E Sort-O-Mat

Lower sorting costs at a flick of a finger

Even an inexperienced operator can accurately sort 600 papers an hour with Y&E Sort-O-Mat—the closest thing to automation in pre-sorting or sorting systems. All papers are instantly available under correct headings.

Direct reference tabs assure correct reference. As papers are inserted, the sorter automatically expands to avoid overcrowding. A cast base, with most models, provides easy movement to various points of use.

Call us now for a free true Sort-O-Mat trial in your own office at no obligation.

Questions Police Driving Home Unmarked Cars

The use of unmarked police vehicles by top officers of the police department was questioned last night by Commissioner Milton R. Henry.

He expressed doubts about the wisdom of driving home in unmarked cars at night, returning with them to work in the morning.

City Manager Walter K. Willman said he would report on the procedure at a later meeting.

The practice, standard for many years, is based on the presumption that the officers are on call 24 hours a day.

STATE OF MICHIGAN IN THE PROBATE COURT for the County of Oakland.

BEFORE ME, the undersigned authority, on this day personally appeared _____, known to me to be the person whose name is subscribed to the foregoing instrument, and acknowledged to me that he executed the same for the purposes and consideration therein expressed.

GIVEN UNDER MY HAND AND SEAL OF OFFICE this _____ day of _____, 1961.

Notary Public for Michigan.

At 9:00 a.m. on April 10, 1961, a 1960 Ford Mustang coupe, serial number 1060000, was sold at public sale at Woodward Avenue, Pontiac, Michigan.

Card of Thanks

WE WISH TO EXPRESS OUR SINCERE thanks and appreciation to Miss. Opportunity in New York City for the help and support during the difficult and sad hours of our loss. We are grateful to the many friends and neighbors who have shown their sympathy and help during the difficult and sad hours of our loss. We are grateful to the many friends and neighbors who have shown their sympathy and help during the difficult and sad hours of our loss.

In Memoriam

IN LOVING MEMORY OF FRANK J. DONALD, who passed away April 10, 1961, at the age of 70. He was a native of New York City and a resident of Pontiac, Michigan. He was a member of the Pontiac Club and a devotee of golf. He is survived by his wife, Mary, and two children, John and Mary.

Dr. J. C. Wynn to Speak

MSUO Clergy Friends Plans Monday Session

A spring workshop on "How to Minister to Family Situations" will be sponsored by the Clergy Friends of Michigan State University Oakland for area ministers and their wives.

Featured speaker at the day-long session next Monday at the university will be Dr. J. C. Wynn, formerly director of the Family Education Research Office of the United Presbyterian Church, now professor of Christian education at Colgate-Rochester Divinity School.

Ministers and their wives will

be divided for separate sessions in the morning on "The Pastor: His Ministry With Church Families" and "The Pastor's Wife: Her Role With Church Families."

After lunch in the MSUO cafeteria, they will attend a program on "The Pastor: His Role as a Person in Counseling." Dinner will be at the University Presbyterian Church and will be followed by the final speech, "The Pastor: His Role in the Family."

MAKE RESERVATIONS
Special program consultant will

be Rev. Donald F. Schroeder, director of the Family Life Department, Detroit Council of Churches.

The MSUO Office of Continuing Education, under director Dr. Lowell R. Eklund, is arranging the program.

Reservations by ministers and their wives may be made through that office.

New chairman of the Clergy Friends of MSUO is Rev. McKay Taylor, Northminster Presbyterian Church, Troy. He succeeded the Rev. Robert Hermanson, Rochester Presbyterian Church.

Other new officers are: Rev. Paul Nicely, Institute for Advanced Pastoral Studies, Cranbrook, vice chairman; and Rev. John W. Wieggle, Episcopal Church of the Advent, Orchard Lake, secretary.

Will Give Views

LANSING (AP) — Representatives of the two state employee organizations and state departments have been invited to express their views Friday on rules covering political activities by state workers. They will appear before a citizens' advisory committee appointed by the Civil Service Commission to review present regulations.

Announces Speed Limit

LANSING (AP) — The State Highway Department has announced a 45-mile-an-hour maximum speed limit will be established on M-16 in Sterling, Arenac County. Present speed limits in the village range from 35 to 50 miles an hour.

ARRESTED IN PLOT — Maj. Humberto Sori Marin, first minister of agriculture in Fidel Castro's government, was among 27 persons arrested accused of plotting to assassinate Castro, according to an announcement by Cuban government radio.

Feature 'Day' for 80 Therapists

Family - Care Personnel Hear Talks, Take Tour of State Hospital

Today was Family Care Day at Pontiac State Hospital. More than 80 family-care therapists were greeted by Dr. Walter H. Oberauf, hospital superintendent, this morning at the opening program of their day at the hospital.

Dr. Oberauf spoke on the topic: "The Changing Concepts in Treatment for the Mentally Ill." His address was followed by a luncheon in the hospital cafeteria.

The afternoon program was opened by Dr. Robert Braun, clinical director, with a discussion of "Treatment Programming for the Hospitalized Patient."

A tour of the hospital's facilities completed the Family Care Day program.

The family care program was initiated at Pontiac State Hospital in 1942 and is administered by the social service department under supervision of the medical staff.

According to Richard Arthand, social service director, "Family care is a kind of transitional stage in therapy which permits a supervised return to the community of such patients who are not able to function quite independently."

The family care home is a private home in the community which is selected, screened and finally licensed by the family care section of the social service department.

Mrs. Herbert Schettler, in charge of the family care phase of social service says that there are 40 homes in the 10-county area serviced by the hospital that presently are caring for nearly 250 patients.

GM Contracting Firm May Quit Ohio Plant

NORWALK, Ohio (AP) — Director of the Fisher Norwalk Co. will decide at a meeting in Detroit April 25 whether to discontinue operations in Norwalk.

This was announced today by C. A. Foss, plant manager for the firm—which manufactures trim and floor covering for General Motors Corp. automobiles.

Foss said the competitive bids of other manufacturers because of the high labor costs.

The flower trade began in Britain's Scilly Isles in 1883 when a consignment of blossoms was shipped to London in a woman's hat box. Soon the islands were sending 65 tons of flowers a year to the mainland.
