Tragedies Girdle Globe

Disasters Toll Feared 250

By The Associated Press

Disaster struck often and hard over the weekend and more than 250 persons were reported dead or missing in a typhoon, floods, a train wreck and three plane crashes from the Philippines to Britain.

● In the Philippines: About 200 were believed dead or missing after typhoon Emma rampaged across Luzon and sank an interisland passenger ship.

● In England: 51 were dead and 111 injured when an express train careened off the tracks coming into London Sunday night. Another 37 died in the crash Saturday of a Spanish airliner arriving in London from Malaga, Spain.

● In Hong Kong: Only one person died as a Cathay Pacific Airlines Con-

vair 880 tilted on takeoff and slid into Hong Kong harbor. The other 126 persons aboard escaped unhurt from the floating fuselage.

★ ★ ★

● In New Guinea: All seven persons aboard a light plane died today when it crashed while taking off from Goroka Airport in the New Guinea highlands.

● In Italy: At least 11 persons died in highway crashes during hard rains that pushed rivers in Venice and the Po Delta over banks to flood roads and highways.

Owners of the Philippine ship reported 67 persons are missing and presumed drowned while 14 others are known dead after the sinking of the 300-ton Mindero in central Philippine seas churned up by Typhoon Emma two days ago. They said 134 passengers were rescued.

The vessel sank at the height of Emma's fury. Her howling winds, up to 125 miles an hour, cut a swath of destruction across the Philippines. The Philippine News Service reported 106 others dead or missing in five provinces, and the Red Cross listed 16 dead in two other areas.

The Red Cross said at least 26,000 families or close to 140,000 persons were left homeless by the typhoon in 21 central and northern provinces.

Damage estimates ran upwards of $5 million.

TORCHES FREE PASSENGERS

In southeast London this morning firemen cut through wrecked passenger cars with acetylene torches, freeing passengers and recovering bodies from the derailment last night of the express train from Hastings, on the south coast.

Many of the dead were believed to be children returning with parents from the weekend in the country.

Cars jumped the track as the train whizzed across a bridge at 70 miles an hour. Four cars careened along on their sides and jackknifed into a giant "W" while another turned upside down and skidded on its roof.

The Iberia jetliner crashed near Haslemere, England, as it was making its approach to London. It tore into a 100-foot oak tree, gouged windows out of a farmhouse and came to rest in fragments halfway up a 900-foot hillside.

HUDDLING UNDER FIRE — U.S. 1st Cavalry Division troops crouch behind a mound near Tam Ky, South Vietnam, as small arms fire from North Vietnamese hidden positions whips over their heads. The inexperienced GIs were immediately scattered by a noncom who ordered a skirmish line set up. The unit called in armored helicopters to help in an assault in which 79 Reds were killed. Five Americans died in the action.

Reward Offered

The Pontiac Press today offered a $1,000 reward for information leading to the arrest and conviction of the person responsible for the hit-run traffic death of an 11-year-old Waterford Township boy Oct. 28.

★ ★ ★

Darrelle J. Desotell Jr. was struck and killed as he walked along Scott Lake Road near his home with a friend. He was the son of Mr. and Mrs. Darelle J. Desotell, of 739 Scott Lake.

A witness said the car which struck the youth from behind stopped momentarily, then sped off.

From tests made on chrome and glass at the scene of the accident, police are seeking a metallic gold or white late-model Cadillac, with a woman as the suspected driver.

★ ★ ★

"Someone knows who is involved, and we want them to come forward," said Harold A. Fitzgerald, chairman of the board of The Press.

NO DISCLOSURE

The identity of the person earning the reward will not be disclosed to avoid possible harassment.

Waterford Township Supervisor Elmer R. Johnson has agreed to determine the recipient of the reward if it is claimed.

TIME FOR A TRADE — Lars Olson of 91 Palmer trades his garden spade for a broom this morning as he sweeps the first accumulation of snow to hit the Pontiac area. Pontiac escaped the wrath of heavy snow squalls that dumped up to two feet of snow last night and early today along the southern and eastern shores of the Great Lakes.

7 in Area Die in Auto Crashes Over Weekend

Seven area residents were killed in weekend traffic accidents including three mishaps in Oakland County.

William F. Brinkman, 70, of Caro died about noon yesterday when a car driven by his wife collided with another car at North Lapeer and Oakwood in Oxford Township, according to Oakland County sheriff's deputies.

In fair condition in Pontiac General Hospital is Dr. Lawrence R. Adler, 68, of Detroit, driver of the other car.

Mrs. Brinkman reportedly escaped serious injury.

Fatally injured Saturday while walking on Walton west of Livernois in Avon Township was John H. Applegate, 60, of 1141 Burgoyne, Rochester, according to deputies.

DIES IN HOSPITAL

He was struck by a car driven by Jean Marie Maitrott, address not given, about 6:35 p.m., deputies said, and died about 6 a.m. yesterday in Crittenton General Hospital, Avon Township.

Three members of a Washington Township family were killed yesterday in a head-on collision in Ray Township near Mt. Clemens.

Mrs. Romney Suffers Broken Shoulder

DETROIT (AP)—Doctors say Lenore Romney, wife of Gov. George Romney, will be hospitalized two or three more days with a broken and dislocated right shoulder.

Mrs. Romney suffered the injury yesterday when she slipped and fell in a bathtub at the Romney's home in Bloomfield Hills near Detroit.

She underwent surgery last night at William Beaumont Hospital in Royal Oak.

The injury canceled Mrs. Romney's plans for public speeches with her husband today in Minneapolis. Mrs. Elly M. Peterson, Michigan Republican women's state chairman, will take Mrs. Romney's place on a three-day speaking tour, starting today, in Minnesota and Wisconsin.

Dr. Luther Leader, Mrs. Romney's physician, said her fracture was at the head of the humerus bone, the long bone extending from the shoulder to the elbow.

He said the break was a "clean one" and he foresaw no complications.

Caserio Tickets Still Available

Tickets are still available for the noon luncheon Thursday at Pontiac Elks Temple, 114 Orchard Lake, at which Martin J. Caserio, a General Motors Corp. vice president and general manager of GMC Truck and Coach Division will be the featured speaker.

Caserio will discuss various aspects of Pontiac and relationship of the GMC Truck and Coach facilities to the city.

He was appointed recently to the Pontiac Area Planning Council, sponsored jointly by the city and the Pontiac Board of Education.

Tickets at $2.25 each are on sale at Dickinson's Men's Wear, 31 N. Saginaw; Hughes, Hatcher & Suffrin, at the Pontiac Mall; and the Pontiac Area Chamber of Commerce, 33 W. Huron.

★ ★ ★

The luncheon is open to members of all area luncheon and service clubs and to the general public.

Area Roads Get First Salt

Although the calendar doesn't concur, winter has arrived as far as the Oakland County Road Commission is concerned.

★ ★ ★

The commission marshaled all of its salt trucks at 3 a.m. today for the first general road-salting of the season.

Sporadic flurries slicked roads and slowed traffic last night and early this morning. But the Pontiac area lucked out again as far as heavy accumulations were concerned.

Other sections around the Great Lakes were not so lucky. Up to two feet of snow was dumped along the eastern shore of Lake Erie in northwest Ohio and Pennsylvania and in extreme western New York.

Today's overcast skies and cool temperatures will prevail through tonight and tomorrow punctuated by periods of brief snow flurries. Tonight's low in the Pontiac area will fall in the 22-to-28-degree range.

It's Time to Rate Your Child's School

(EDITOR'S NOTE — This is the second of two stories telling parents how to rate their child's school during American Education Week.)

By DICK ROBINSON

Millions of parents will be going to school this week during American Education Week.

Most of those parents realize that their child's future largely depends on the kind of education he is getting today. They will be looking for possible school ailments and strengths and weaknesses.

A number of parents wonder whether their schools are adequately preparing their children for adulthood in an unpredictable future.

Those who try to examine school programs must first have in mind why their children go to school, recommends Dr. Sidney Dorros of the National Education Association.

Some say a main goal of education should be the development of rational thinking.

'MISCONCEPTIONS'

Dorros maintains adults cannot make valid appraisals if they hold any of the following misconceptions (within quote marks):

● "The way I was taught is the best way." New techniques are more effective.

● "The school staff is at fault if the school does not measure up." Improvements may be limited by funds available.

● "If my child's school is accredited, it is an excellent school." An accredited school can still fall short of excellence.

● "My child's school must be good because its students stand high in national tests." Educational goals for those not going to college should also be stressed.

● "I know it's true because I read it." People should determine if articles are fact or opinion.

● "I know about the school through my child." Hostile feelings should be investigated and not aired.

● "I believe it because I heard it on a very good authority." Get firsthand information, not distortion from third- or fourth-hand reports.

"A visit to your child's classrooms will give you a good opportunity to examine and appraise your child as well as his school," Dorros said.

In visiting classes, Dorros suggests several questions parents should ask themselves in trying to assess the brand of teaching going on there:

● Are the pupils active and involved? A room in which youngsters are moving about, working together on projects, questioning teachers and showing signs of interest may be a setting for constructive kinds of student growth.

● Do the pupils seem to like their teachers and feel relaxed with them, or do they appear withdrawn and afraid to give wrong answers?

● Do teachers do most of the talking or do they try to draw out children's opinions and knowledge?

● Is the whole class working on the same assignment or are some students working in groups or independently?

VC May Have Let 3 GIs Go Already

SAIGON (AP)— A U.S. spokesman said today that three American sergeants already may have been released by the Vietcong, which announced earlier it would free them.

The spokesman said a Vietcong broadcast early today indicated the three prisoners of war were released last Tuesday. But he said U.S. officials did not know where.

★ ★ ★

The Vietcong's Liberation Radio, the spokesman said, made this comment: "Once again, the release of U.S. prisoners of war on Oct. 31 demonstrates the strength and just cause of the National Liberation Front (Vietcong) and its profound humanity." Previous Communist broadcasts said only that the Vietcong would turn loose the three American sergeants and U.S. Authorities had called on the Communists to say when and where.

MEN IDENTIFIED

On the basis of the earlier broadcasts, U.S. authorities have identified the men as M. Sgt. Daniel L. Pitzer of Spring Lake, N.C., M. Sgt. Edward R. Johnson, of Seaside, Calif., and S. Sgt. James E. Jackson of Talcott, W. Va.

The U.S. Spokesman said today's broadcast contained this puzzling phrase: "The South Vietnamese people will not deliver these prisoners of war to the Johnson administration."

★ ★ ★

Earlier broadcasts had said the three men would be released to their families or "to progressive American peoples organizations who come to receive them."

★ ★ ★

Asked if the latest broadcast meant that the prisoners already had been released, the U.S. spokesman, John E. McGowan, said: "I think that is the case."

REMOTE RELEASE

McGowan, chief of the U.S. Mission press center, said it was possible the men were released to Vietnamese officials in a remote village and that the village officials were unable to communicate with U.S. authorities.

SATURN 5 READIED — Saturn 5, the mightiest rocket ever assembled, stands on its concrete launch pedestal at Cape Kennedy, Fla., being readied for its scheduled Thursday blast-off on a momentous flight that could open a fantastic new era in space exploration. Saturn 5 is the vehicle the United States plans to use to probe the moon and planets with large manned and unmanned spaceships.

Cars Rolling off Assembly Lines at Ford

DETROIT (AP) — Cars rolled off Ford Motor Co. assembly lines today for the first time since Sept. 6 when the United Auto Workers struck the nation's No. 2 auto maker and won record gains for 160,000 UAW members at Ford.

At Chrysler, the union's No. 2 target, bargainers worked against a Wednesday midnight deadline to come up with a contract covering the firm's 95,000 production workers and 8,000 salaried workers represented by the union.

Ford assembly lines were closed for 60 days, 46 of them during a national strike by the union and the last two weeks over local disputes.

Ford workers won roughly a dollar an hour more in wages and fringe benefits above the previous Big Three rate of $4.70 an hour.

4 ASSEMBLY PLANTS

All the company's key parts plants have settled local contracts. Four out of 16 assembly plants are still without new pacts.

Workers at some Ford parts plants had been called back earlier although anything close to a full resumption of production awaited settlements at three key parts plants in Ohio.

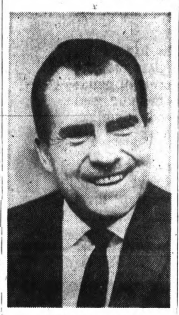
★ ★ ★

Facing a strike deadline 62 hours away, union and company bargainers returned to negotiations at Chrysler Corp. at 10 a.m. today.

Walter P. Reuther, UAW president, and John D. Leary, Chrysler vice president for administration, headed the two negotiating teams.

★ ★ ★

Both sides met for more than 10½ hours Sunday and over four hours Saturday, the first day Reuther was at Chrysler since July 12 when he opened negotiations at the country's No. 3 car maker.



RICHARD NIXON

Must Win 1st 4 Primaries, Nixon Says

WASHINGTON (AP) — Richard M. Nixon has told some Republican leaders he thinks he'll have to win all of the first four presidential primaries next year to keep alive his chance for the GOP presidential nomination.

In discussions with Republican governors whose support he has been seeking, the former vice president has made it clear he thinks only a surge in the primaries will make him a top contender in a convention he has predicted will be wide open.

★ ★ ★

The first four primaries include New Hampshire on March 12, Wisconsin on April 2, Indiana on May 7 and Nebraska on May 14. Two later primaries fall on May 28 in Oregon and June 4 in South Dakota.

★ ★ ★

In the first four of these contests, Nixon is regarded as holding an early lead over Michigan Gov. George Romney and others whose names may be on the ballot. Romney is a certain entry in New Hampshire if he tosses his hat into the ring at a scheduled Nov. 18 Michigan meeting.

Antipoverty Bill Facing Trouble

Concessions Counted On in Hostile House

WASHINGTON (AP) — Backers of legislation to extend the antipoverty program another year count on concessions made in committee to push the administration measure through a largely hostile House.

Debate begins today on the measure with a showdown vote not expected before Thursday.

★ ★ ★

Never very popular in the House, the program faces its severest challenge so far from a conservative coalition that has already forced heavy cuts in domestic programs.

★ ★ ★

But the bill's supporters were cautiously optimistic that when the smoke clears the main outlines of the program will still be intact.

COUNT ON AMENDMENTS

They are counting heavily on amendments adopted by the Education and Labor Committee to quiet some of the major criticism directed at the antipoverty program after this summer's big-city rioting.

The chief amendment would put elected public officials in direct control of community action agencies, most of which are now private, nonprofit agencies beyond the reach of public officials.

★ ★ ★

In several cities where riots occurred local officials said antipoverty workers in such agencies helped set them off. But some officials praised workers for easing riot tensions.

★ ★ ★

Another amendment would require that 10 per cent of the cost of an antipoverty project be put up in cash by the local agency.

DRAW CRITICISM

Both amendments have drawn heavy criticism from the Office of Economic Opportunity, which directs the antipoverty program, and also from House supporters. They contended that putting local officials in control will blunt the imaginative, creative approach needed to deal with poverty.

There are indications the amendments have succeeded in picking up enough support among Southern Democrats to insure defeat of a substitute proposal to be offered by the Republicans.

'Pinball' Good Start to Big Space Week

CAPE KENNEDY, Fla. (AP) — A multipurpose "pinball" satellite soared around the globe today as a successful herald to one of America's busiest space weeks.

The new ATS 3, for applications technology satellite, rocketed into orbit from Cape Kennedy Sunday night to test systems that might eventually provide man with greater benefits from space.

Included are new experiments in communications, weather prediction and navigation.

ATS 3 is one of four U.S. space shots scheduled this week. Also on tap are:

● Surveyor 6, set to blast off from the Cape at 2:22 a.m. (EST) Tuesday on a planned 65-hour flight to the moon. The spacecraft is intended to land in a potential astronaut landing site near the center of the moon's surface to snap photographs and analyze the lunar soil.

● ESSA 6, another in a series of operational weather-study satellites, to be launched Wednesday from Vandenberg Air Force Base, Calif.

● A mammoth Saturn 5 rocket, like that which one day will propel astronauts to the moon, to undergo its first test launching Thursday from the Cape. The rocket, largest, most powerful ever built, is to boost an unmanned Apollo moonship 11,400 miles into space.

SETTLES IN ORBIT

ATS 3 settled Sunday night into an initial transfer orbit ranging from 155 to about 23,000 miles above the earth. About 10:45 a.m. today, a ground station planned to send a signal to fire a motor aboard the craft. The firing is to arrest the satellite in a stationary orbit 22,300 miles above Brazil.

Among equipment for the satellite's 18 experiments are three shiny, baseball-size steel balls which give it the "pinball" nickname.

At a future date, the three balls are to be ejected from the payload in a navigation test. Sensors aboard the satellite are to determine if the balls instead of stars can be used as navigation aids for far-out manned and unmanned space vehicles.

From its high outpost, ATS 3's color camera will be able to take weather pictures encompassing parts of five continents. Meteorologists believe the color photos will provide clearer photo data than that now available from black and white pictures from the ESSA satellites.

Communications experiments will test new concepts to help locate objects on the ground from orbiting ships; improve satellite communications between traffic control towers and airplanes, and distribute weather information from remote data-collecting sites.

19,800-Man Hike in Guard, Reserve OK'd

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara today authorized a 19,800-man increase in the Army Reserves and National Guard that would include more state troops for possible use against rlots.

About 125 new units would be created in the state-administered National Guard. McNamara said they were being added "in response to state requests for units to accomplish state missions."

★ ★ ★

An Army spokesman said this referred mainly to handling civil disorders, but also included aid in disasters and other special assignments.

The increase in troops was authorized as a means of maintaining manpower levels ordered by Congress.

★ ★ ★

Specifically, McNamara authorized a three per cent surplus in troop quotas to permit the guard to keep its average annual strength at 400,000 and the reserve at 260,000.

These average levels have been directed by Congress which has had several clashes with McNamara in the past over the elimination of reserve and guard units.

Magazine Calls Probe of Senator a 'Whitewash'

NEW YORK (AP) — Life magazine, which last May accused Sen. Edward V. Long, D-Mo., of receiving $48,000 from a St. Louis attorney for Teamster boss James R. Hoffa, today called a Senate ethics committee investigation into the matter a whitewash.

"Far from exonerating Long, they brought out even more ominous questions about Long's connections and his sources of income," the magazine says in an article by William Lambert in the Nov. 10 issue.

★ ★ ★

The ethics committee, chaired by Sen. John Stennis, D-Miss., announced Oct. 25 that it found no evidence to support charges that Long misused a wiretap investigation of a subcommittee he headed.

Life had accused Long on May 26 of misusing the probe in an effort to help Hoffa, imprisoned president of the Teamsters Union.

Studies Misleading --Tobacco Firm VP

RALEIGH, N.C. (UPI) — A tobacco industry official charged today that the general public and much of the medical profession are being "bamboozled" by studies linking smoking and diseases.

★ ★ ★

The industry, he said, is being convicted "solely on the basis of guilt by statistical association."

★ ★ ★

Addison Y. Yeaman, Louisville, Ky., vice president and general counsel of Brown and Williamson Tobacco Corp., called for independent scientists who "aren't obligated to conform to government policy" to search for the truth about smoking and health.

Hawks Discuss Vietnam at OU

Advance Theories for Continuing in War

By BOB WISLER

What was billed in the beginning as a platform to discuss various views of the Vietnam war turned out to be a platform of hawks at Oakland University Saturday.

Three featured speakers — Chow Shu-kai, ambassador of Nationalist China to the United States; Rep. E. Ross Adair, Indiana Republican and member of the House Foreign Affairs Committee; and Arthur Collingsworth, research associate with the Center for Strategic Studies, Georgetown University, Washington, D. C. — advanced theories for continued U. S. involvement in the war.

Advertised as the fourth speaker was Lucius D. Clay, retired Army general and one of the nation's foremost industrialists. Clay did not appear.

The three speakers in their statements indicated the U. S. was fighting more to stop a Communist conquest of all Asia than to bring about stability in Vietnam.

★ ★ ★

Rep. Adair said that the congressional mood is getting more cautious about Vietnam but the majority agrees, "We cannot simply throw up our hands and get out."

UNIFIED DIRECTION

The congressman said there is ample evidence that a unified Communist direction is toward disrupting stability of other Asian countries.

"If Communists are successful in Vietnam, Thailand knows she will lie speedily ahead on the Communist timetable," he said.

This theory was also advanced by Collingsworth, who has had considerable contact with government and legislative leaders in this and many foreign countries.

★ ★ ★

Collingsworth said there are 100,000 North Vietnamese soldiers in three northern provinces of Thailand.

GROWING CONCERN

This and other signs of infiltration directed by China is causing growing concern and uneasiness among all Asian countries and increasingly more reliance on the U.S. as the maintainer of the status quo, he said.

He said the absence of U.S. force in Vietnam would be "inviting intensification of de-stabilizing conditions in world affairs."

Collingsworth also maintained that the U.S., because of its size and power, has "an obligation to all parts of the world to keep a kind of status quo."

★ ★ ★

Chow also asserted that the U.S. presence is necessary in Vietnam. Otherwise, he said he believes Communist China would soon be fermenting revolution and discord in other Asian countries.

FEAR OF RED CHINA

Collingsworth said the fear of Red China is causing countries which have not been friendly to the U.S., notably Burma, to seek more and more U. S. assistance.

Adair said recent racial disturbances and a recognized need for massive federal programs to rebuild the large metropolitan cities is having an affect on congressional thinking toward the necessity of the Vietnam war.

"The mood is certainly less hawkish than six months ago," he said.

★ ★ ★

"We are a little more restrained and cautious."

Drivers buy nearly 70 per cent of their gasoline for local trips near their place of residence.

WSU Prof 4th Speaker in Relations Unit Series

BIRMINGHAM — Dr. John M. Dorsey, professor at Wayne State University, will be the fourth speaker in the current series sponsored by the Birmingham-Bloomfield Council on Human Relations Wednesday at 8:30 p.m. in the Birmingham Community House.

★ ★ ★

A national figure in the fields of psychiatry and mental health and author of several books, Dr. Dorsey will speak on "Race and My Mental Health."

Dr. Gerald Ellis, director of elementary education for the Birmingham Schools, will give a presentation on a reading survey made in the school district last year at tomorrow night's board of education meeting.

Finished in the fall of 1966, the report deals with studies made concerning all aspects of the reading program in the schools and suggests several improvements, said Administrative Asst. Walter Piel.

The study was made by Dr. Harry Sartain of the University of Pittsburgh, Pa.

The board will meet in the Baldwin Elementary School at 8 p.m., said Piel.

The Birmingham City Commission tonight will consider a request by the police department to purchase $2,675 worth of additional riot control equipment, including helmets, shotguns, ammunition, portable radios, and a riot control chemical called Mace.

According to Chief of Police Darryl L. Bruestle, who supports the use of the chemical, Mace can be sprayed on large groups of people causing temporary blindness and skin irritation. The effects are harmless and wear off in about 20 minutes, he said.

Stabbing Victim Is 'Satisfactory'

A 51-year-old man is reported in satisfactory condition today in Pontiac General Hospital after being stabbed during an alleged fight yesterday.

City police said Charles Brown of 37 Hubbard suffered wounds of the head, nose, lips, throat and side.

They said they found Brown who was bleeding profusely in front of a house in the 90 block of Bagley when they responded to a nearby fight complaint about 11:45 a.m.

He was believed to have been injured critically at the time.

★ ★ ★

Witnesses told officers Brown was stabbed by a man aged 30 to 40 during an argument.

NO CHARGES FILED

No charges have been filed in the incident pending further investigation, police said.

Street Is Closed for Carpet Laying

PORTLAND, Maine (AP) — They had to close Portland's principal business street Sunday so a carpet could be laid in a jewelry store.

The carpet was 80 feet long and 15 feet wide. A dozen workers had to lay out the half-ton carpet in the street, cut it to size, then pull it into the store.

Farmington Twp. Driver Is Injured

Ronald Hyde, 23, of 38395 13 Mile, Farmington Township, is in Botsford General Hospital after he was thrown from his car as it careened off an expressway overpass this morning.

★ ★ ★

The accident occurred at 6:50 a.m. today on I-696 near Drake Road. Hyde's car did not cause any collisions when it landed on Drake Road below, said the Farmington Township police.

Apparently the steering in Hyde's car failed, said the police.

Dead on arrival at St. Joseph Mercy Hospital, Mt. Clemens, were Charles Viaene, 42, and his mother, Mrs. Bertha C. Viaene, 75.

Nine-month-old Kathleen Viaene, daughter of Charles, died some five hours after the accident.

Mrs. Charles Viaene, 35, is reported in serious condition.

Macomb County sheriff's deputies said the Viaene vehicle collided with a pickup truck driven by Daniel M. Bachorski, 17, of Richmond at 26 Mile Road and Omo about 5:30 p.m.

The accident is under investigation, deputies said.

A Mt. Clemens girl was killed Saturday when the car in which she was riding collided with another vehicle on Capac in Armada Township.

PASSENGER KILLED

Shawn Merzlak, 18, of 35980 Carlisle, a passenger in a car driven by Thomas W. Styles, 18, of Center Line, died about 10:30 p.m., State Police at Romeo said.

★ ★ ★

Admitted to St. Joseph Hospital, Mt. Clemens, were Styles, Edward Ramsey, Jr., 24, of 356 Charles, Rochester, driver of the other car, and four other persons. All are reported in fair condition.

Police said Ramsey's car apparently crossed the median strip and the two cars collided head-on.

Kenneth Benkert, 21, of 583 Southfield, Birmingham, was fatally injured in a two-car accident at Livernois and McKinley in Troy at 12:35 p.m. yesterday.

Benkert died at St. Joseph Mercy Hospital, Pontiac, at 9:30 p.m.

Troy police said that Benkert made a left turn in front of a car driven by Richard Vincent, 19, of 85 Broadacre, Troy, when they collided.

Disapproval of LBJ Continues to Rise

PRINCETON, N.J. (UPI) — A Gallup Poll released yesterday shows that 50 per cent of the Americans polled disapprove of the way President Johnson is handling his job.

The poll, taken last month and released by the public opinion survey, showed the percentage expressing disapproval was up from 47 per cent in September.

Thirty-eight per cent of those polled last month said they approved of Johnson's performance as President. The remaining 12 per cent did not express an opinion. The same percentage 38 — expressed approval with Johnson's performance in September.

NATIONAL WEATHER — Snow flurries are forecast in northern New England, the Great Lakes region and the central Rockies. Rain is expected over the central Pacific Coast. Colder temperatures are predicted over most sections east of the Mississippi.

Now Is Time to Rate Your Child's School

(Continued From Page One)

Grouping is one method by which teachers give specialized attention to varying needs.

● Do teachers have access to and use some of new technological tools, such as audio and video tape recorders and films?

● Do teachers encourage individual thinking or do they demand the exact "right" answer? Students who can't remember facts may have original approaches to problems that should be encouraged.

● Do teachers respect and nurture many kinds of skills? Youngsters who are not quick to hold up their hands when fact questions are asked may excel in other skills, such as art or creative writing.

Educators believe the answer to "How Good Are Your Schools?" — the theme of American Education Week — boils down to "How good is the teacher?"

HIGH ACHIEVEMENT

Studies have found that high student achievement goes together with high teacher salaries and small classes — preferably no more than 20 students for every professional staff member.

Often a committee of adults is needed to appraise a school or school programs, such as Pontiac schools' Finance Study Council.

"The two most crucial factors affecting the quality of education offered in schools — teacher load and teacher salaries — are controlled at the school district level," Dorros claims.

★ ★ ★

Citizens must be willing to foot the bill for adequate salaries and for employment of enough instructional staff to provide high quality education, he concludes.

So how good are your schools?

Man Hunted in Slaying of Former Boxer

NEW YORK (AP) — Police today sent out an alarm for a man wanted for questioning in connection with the slaying of Terry Young, the onetime lightweight fighter and ex-convict who was found shot to death in the doorway of a Lower East Side social club. No information about a motive for the slaying was available.

★ ★ ★

Police, called to the Play Boy Social Club Sunday night, found the body of the flashily dressed Young, who had been shot several times.

Police said Young, 46, apparently had been shot in the rear and staggered to the doorway of the club, where a pistol and two shell casings were found, before collapsing.

Young, whose real name was Angelo DeSanza, had been a frequent visitor at the club, although not a member, police were told. Framed photographs of him in boxing gear are on the walls of the single room.

PROMINENT IN 40's

Young was a prominent boxer in the 1950s. Stepping out of his weight class, he won a decision over Beau Jack in a welterweight fight. His ring record lists 55 wins—17 of them by knockouts—and 13 losses and four draws.

★ ★ ★

Police said Young's most serious brush with the law was in 1943, when he was convicted of armed robbery and sentenced to 2½ to 5 years in prison.

Police Tracking 2 Killers of Detroit News Manager

DETROIT (UPI)—Police continued their search today for the killers of a Detroit News city district manager who was "executed" in a holdup Saturday while a dozen news carriers watched.

Police said their only clue was a set of tire tracks left in an alley alongside the circulation substation in northwest Detroit where Gerald Vincent McCullough, 38, of suburban Ferndale, was killed.

No arrests have been made.

A police spokesman said the shooting appeared to be "an execution—who knows why?"

Witnesses told police McCullough, a father of five, and about a dozen News carriers followed the orders of two bandits who told them to lie on the floor. A police spokesman said witnesses told him the bandits shot McCullough in the back while he was lying on the floor.

AMOUNT OF THEFT

Police were still trying to determine how much money was taken from McCullough.

Police said the killers fled in a 1967 Thunderbird. Both were Negroes in their late 20s or early 30s weighing about 150 pounds, police said.

McCullough had worked for the News since 1947.

He is survived by his wife, Mary, and five sons, Thomas 16, John 14, James 12, Michael 10 and Joseph, 8.

Bike Theft Ring Is 'Broken Up'

ST. LOUIS (AP) — Detectives in St. Louis and suburban University City said they broke a bicycle theft ring over the weekend. Included in the roundup was 100 bicycles, 11 juveniles and a 60-year-old man.

Booked on charges of suspected burglary and contributing to the delinquency of a minor was James H. Schmidt of St. Louis.

★ ★ ★

Officers found two stolen bicycles in Schmidt's basement, along with five other stripped-down frames. Officers also located what they called "a truck load" of frames at another apartment.

Police said Schmidt admitted buying two bicycles from boys but said he planned to give them to neighborhood children as Christmas presents.

Junk Yard Problems Are Piling Up for Supervisor in Pontiac Township

By JEAN SAILE

PONTIAC TOWNSHIP — When Roy Wahl ran last fall for the position of supervisor in the township, one of his campaign platforms was a pledge to clean up the junk in the township.

A year later he is inclined to wonder if it's all been worthwhile.

Under harassment from people who litter his lawn and paint signs on his garage, Wahl also feels that other governmental bodies have been neglectful in follow-ups on violations.

He sites in particular the delays in court cases involving junk yards and their operation and alleged failure of the Oakland County Health Department to provide proper surveillance once an operation has been cited.

Frustrated by legal inaction, Wahl has had to watch yet another junk yard begin suspected expansion. He does not feel he has sufficient legal proof as yet to stop the operation.

A FIGHTER

Wahl, however, is a fighter. As proof there are three separate court cases now pending to enforce the township's junk ordinance.

One is on appeal from Justice Court to the Circuit Court. One has been beset by delays since last June, and another is hung up on bankruptcy proceedings on the part of the owner.

Two of the charges are lodged against Everett Peel who is leasing land along Auburn Road east of Opdyke and who is allegedly operating what health department authorities call an "unlicensed dump."

★ ★ ★

The case is pending in Judge R. Grant Graham's court on a warrant brought by the Oakland County health department. Graham said it would be heard later this month. Graham is the Pontiac Township justice of the peace.

Another alleged violation, regarding the storage of materials outside of Peel's auction house on the propoerty involved, has gone to Circuit Court on an appeal.

Having been given a fine and -or jail sentence in Justice Court, Peel appealed the case. Friday it was postponed for another week.

Peel's operation is just the latest and most pressing in a long line of problems for Wahl.

★ ★ ★

Mention the Silver Bell dump on top of Bald Mountain along M24 and frustration appears on Wahl's face.

★ ★ ★

This dump has been officially closed since the summer of 1966, but deep-seated fires still burn underground at the site. The cost of putting them out — more than the township wants to pay — should be up to the owner as a matter of course.

But the dump along with Silver Bell Ski Lodge is involved in a bankruptcy suit and the property is now in the hands of receivers.

All funds are tied up by the courts. There have been hearings to investigate reopening of the dump, but they have been unfruitful.

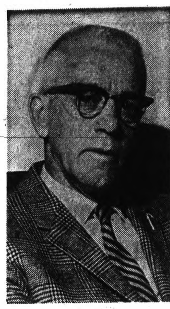
When Wahl took office he also inherited a number of drainage problems in the township, the worst of which appears to be in that area between Pontiac and Walton roads east of Opdyke Road.

SCENE OF 'LAKE'

Richwood Street was the scene of a "lake" where runoff waters accumulated. Wahl rammed through — at the township's annual meeting — a sponsored drain fund to correct the problem by installing new drains.

He found that the waters then began accumulating on Dexter, the next street over. Work has gone ahead now to install a catch basin at that point which will drain into the new pipes and an open ditch.

"What we really need in that area," he has said, "is a special assessment drainage district. I don't think the people can afford it at this time. They've been hit with rising taxes and sewer and water payments and it's just too much."



ROY WAHL

There are other problems in the township too, not the least of which is a politically divided Township Board.

There has been a semblance of harmony at recent meetings, but long-time observers of Pontiac Township politics feel the old fires could flame up again at any time.

Wahl came to his job in an upset victory over Leonard Terry, outspoken former supervisor. Wahl is Democratic and was one of the few Democrats elected locally to office in last November's election.

In office only since last April 10, he says, "I'm learning."

Crash Kills 3 From Romeo

Michigan Traffic Claims 18

By THE ASSOCIATED PRESS

Three members of one family were killed and two persons were injured in a two-vehicle crash near Mount Clemens as Michigan's highway death toll soared to 22 over the weekend.

Snow-slick roads played a treacherous role in some accidents, including one in which a star high school football player from Erie was killed.

Killed in the collision last night near Mount Clemens were Charles Viaene, 42; his 9-month-old daughter Kathleen, and Viaene's mother, Bertha, 75, all of Romeo.

Viaene's wife Anna, 35, was hospitalized, as was Daniel Bachorski, 17, of Richmond, driver of the pickup truck involved in the collision with the Viaene car.

★ ★ ★

Gary D. Fox, 17, a star lineman for the Erie-Mason High School football team, was killed last night on an icy road near Erie.

OUT OF CONTROL

Police said the car in which Fox was riding careened out of control on a slippery viaduct, smashed into a guard rail and plummeted down an embankment.

Six persons riding in the auto with Fox were injured, including three who were thrown from the vehicle.

The Associated Press tabulation of weekend fatalities began at 6 p.m. Friday and ended at midnight yesterday.

Also killed:

Kenneth Benkert, 21, of Birmingham, when the auto in which he was a passenger collided with a car yesterday in Troy.

John Applegate, 60, of Rochester, who died yesterday of injuries suffered Saturday night when he was hit by a car in Oakland County's Avon Township.

★ ★ ★

Buford Hale Jr., 45, of Detroit, yesterday when his car went out of control on the Lodge Expressway in Detroit and struck a utility pole.

Leonard E. Ingram, 29, of Utica, who was run over by a car in Roseville yesterday after, police said, he fell from the auto in which he was riding.

HEAD-ON CRASH

Shawn T. Merzlak, 18, of Mount Clemens, in a two-car head-on collision Saturday night in Macomb County's Armada Township.

Joseph R. Limbacker, 49, of Deckerville, whose car struck a tree in Sanilac County's Delaware Township Saturday.

★ ★ ★

Clyde K. Creekmore, 29, of Holland, when his car struck a tree in Holland Saturday night.

Etta Thomas, 38, of Grand Rapids, a passengers in a car which collided head-on with a truck Friday night on U.S. 131 in Grand Rapids.

ON RURAL ROAD

Gust Z. Tomaras, 76, of Muskegon, Friday night when his car collided head-on with another on a rural Muskegon County road.

Earl T. McTyre, 61, of Detroit, Friday night after his car was sideswiped by another and then careened off I-696 in Detroit and hit a utility pole.

★ ★ ★

Ben Harrison Saylor, 45, of Eaton Rapids, when his car ran off a Jackson County road and rammed into some trees Saturday.

John J. Quinlan, 55, of Mount Pleasant, Saturday in a two-car crash on U.S. 27 in Clinton County.

HIT ABUTMENT

Grace Papuga, 36, of Warren, Saturday when her car left I-75 in Mackinac City and hit an abutment.

Richard Jude Lane, 21, and Terry Edward Sokolowski, 20, both of Toledo, when their car ran off U.S. 24 and hit a tree 1½ miles north of the Michigan-Ohio line Saturday.

★ ★ ★

Donald C. Wilson, 25, of Saginaw, driver of a car that collided with another on an icy patch on M115 in Wexford County Saturday.

★ ★ ★

Clarence E. Harrow, 32, of Owosso, who died Saturday night when his auto veered over the centerline on M21 and collided head-on with another car near Owosso.

★ ★ ★

William F. Brinkman, 70, of Caro, who was killed yesterday morning when the car in which he was riding collided with another auto at an intersection on M24 in Oakland County.

Part of School Budget Hinges on Vote

WALLED LAKE — Twenty per cent of the school district budget hinges on voter approval Wednesday of a millage election.

The ballot proposal asks renewal of five mills and an increase of three mills both for five years.

The millage is expected to bring in about $1-million each year for the five-year period.

It will maintain current educational programs and provide funds to operate the new Loon Lake Elementary School to open next fall, according to school officials.

It is also hoped, the 10 mills will offset an anticipated deficit of $145,644 in the 1967-68 school year budget of $5,398,584.

CURRENT MILLAGE

District residents are now paying 27.2 mills for schools. Of that total, 8.2 county allocated mills and 12 extra voted mills go for operations. The remaining seven mills are for school construction.

School taxes for the 28 school districts in Oakland County range from about 40 mills to about 22 mills.

Walled Lakes present tax rate of 27.2 places the district in 20th place from the top. The approval of the millage proposal would put the district 15th from the top.

If the vote is favorable Wednesday, the tax increase will not show on tax bills until January 1969.

Any registered voter, even if not a property owner, can vote on the millage proposal.

The seven voting places are Precinct No. 1, Walled Lake Junior High, 615 N. Pontiac Trail; Precinct No. 2, Union Lake Elementary, 8289 Commerce; Precinct No. 3, Commerce Elementary, 520 Farr; Precinct No. 4, Wixom Elementary, 301 N. Wixom; Precinct No. 5, Walled Lake Senior High, 2978 S. Commerce; Precinct No. 6, Twin Beach Sandyside.

Classes to Be Open

Avondale District schools will be open for community inspection through Thursday this week in observance of American Education Week.

The "open classrooms" are an effort to acquaint residents with the educational services provided by their tax dollars, administrators said.

Ski Resort Operator Is Facing Hearing on Sewage Disposal

INDEPENDENCE TOWNSHIP —Reno Ministrelli, president of Pine Knob Enterprises, which operates Pine Knob Ski Resort, 7777 Pine Knob, has been ordered to appear before the State Water Resources Commission at 10 a.m. Nov. 30 in East Lansing.

The resort is presently under a 30-day limit to clean us its sewage disposal system.

Several charges of neglect and improper management were filed against it by the Oakland County Health Department.

County officials verified they were attempting to win permission of the state to have the lagoon disposal system at the resort pumped out before the hearing date.

It is felt that such a cleaning might improve the system to the point where it would no longer be in violation, according to department spokesmen.

OTHER AREAS

Howard Altman, Independence Township clerk, said a recent inspection of the premises had revealed work progressing in other areas of sewage system maintenance.

★ ★ ★

Aim of authorities is to get the system in proper working order before the ski season begins at the resort.

★ ★ ★

The complaints, of long standing duration, have as their basis the possible pollution of surface waters near the resort.

Farmington Will Consider Move to Halt Annexation

FARMINGTON — The City Council will consider at 8 tonight a measure to temporarily prevent annexation of Farmington Township.

Up for adoption is a resolution calling for a moratorium on annexation activities until the completion of a study of the area's future growth.

The unapproved resolution states that no annexation procedures will be initiated or encouraged by the City Council.

Completion date of the study is not yet definite, said a city official.

★ ★ ★

The aim of the proposed moratorium, according to the resolution, is to avoid influences on the Future Farmington study.

MORATORIUM SUGGESTED

The resolution also suggests that Farmington Township establish a moratorium on incorporation activities.

This resolution is coming after the second defeated incorporation attempt of the township Oct. 23. The cityhood proposal went down 2,310 to 2,106.

One of the arguments of the township group campaigning for incorporation was that success of the vote would have protected township land from annexation.

★ ★ ★

Approval of the cityhood proposal would have made the township untouchable from annexation attempts and would have set up a charter commission with two years to draw up a city charter for a township vote.

NO ANNEXATION ATTEMPTS

Farmington City Manager John D. Dinan has said that he knows of no annexation attempts.

But Future Farmington Area Study Committee began its work last May. The project was halted when the Farmington Township Board refused funds.

Completion of the study and its report before the incorporation vote would have "muddied the waters of the incorporation question," Township Supervisor Curtis H. Hall said.

The Township Board has agreed to approve funds for the continuation of the study.

Last week the study committee met with representatives of the Michigan State University Institute for Community Services, which may conduct the study.

Ohio Car Crash Kills 2 From State

SIDNEY, OHIO (AP) — Two Michigan residents were killed and three others critically injured yesterday when two cars crashed on icy Interstate-75 near Sidney.

The Shelby County Sheriff's Department identified the victims as Elizabeth V. Sutherland, 77, of Ferndale, and Bert L. Berry, 83, of Lansing.

The Ferndale woman was a passenger in a car driven by Margaret F. Wiggins, 85, also of Ferndale, which hit a bridge, careened across the median and was struck broadside by a car in which Berry was riding.

Also riding in the car with Berry were Lloyd Richardson, 82, of Lansing and Myrtle Kales, 77, of Jackson. Deputies could not immediately say which of the three was the driver.

★ ★ ★

The three injured were in critical condition at Wilson Memorial Hospital in Sidney.

School Budget Review Tonight

WEST BLOOMFIELD — School district residents will have a chance to review the proposed district budget tonight. The review will be held at the board of education meeting at 8 p.m. at West Bloomfield Junior High, 3380 Orchard Lake.

The complete proposed budget is not definite. Supt. Leif Hougen expects the board to work out final details tonight and consider the budget for approval next Monday night.

The board will discuss tonight the need to purchase sites for future schools. The board has no specific plans in mind, said Hougen.

★ ★ ★

The board will also hear an engineer's report on construction of pedestrian overpasses in front of West Bloomfield High School, 6000 Orchard Lake, and Gertrude Ealy Elementary, 5475 W. Maple.

A price report is expected on steel overpasses. The board earlier heard that aluminum overpasses cost about $32,000.

PUPIL SAFETY QUESTIONED

Hougen explained that many residents expressed concern in September about safety of pupils in front of the two schools.

Crossing guards have been employed for the two schools and complaints from parents have subsided, said Hougen.

Two Families Enjoying Seeing Brother First Time in 46 Years

A reunion with a brother they hadn't seen in 46 years is occupying two area families.

Here for a visit is John Ditch, 65, a retired chief cook from the U.S. Navy now living in California.

He is a guest of his brother Robert, 54, at 5380 Marvin, Independence Township, and of his sister, Mrs. Ira Scott, 1138 McClellan, Orion Township.

Another brother and sister were unable to attend the family get-together.

Parents for Retarded Will Hear Attorney

LAPEER — Southfield attorney Barry Grant will speak to the Lapeer Parents Association for Retarded Children Sunday concerning such matters as patient trusts, administering of wills, guardianships and other pertinent legal matters.

The meeting is scheduled for 2 p.m. in the Recreation Building of the Lapeer State Home and Training School, and the public is invited, said association president Bernard Fleming.

2 Grand Trunk Trains on Port Huron-Chicago Run End Lapeer Stops

LAPEER—Two Grand Trunk Western passenger trains which run between Port Huron and Chicago no longer stop here—two still do.

The westbound to Chicago which used to stop at 12:57 a.m. and the eastbound to Port Huron which used to stop at 5:46 a.m. made their last stops here on Oct. 28.

★ ★ ★

Grand Trunk officials said that the reason was the dropping of the railway post office cars when the post office switched to trucks

Two trains still stop—eastbound at 5:08 p.m. and westbound at 1:30 p.m.

GM Recognizes Capabilities Assigning Top Level Duties

General Motors has realigned the top echelon and capable individuals have been nudged upward and assigned to greater duties.

★ ★ ★

Frederic G. Donner's mandatory retirement at 65 resulted in the elevation of James M. Roche to the position of Board Chairman as he had attained the Presidency through sheer merit and ability. He is amply qualified and was a reasonably obvious choice.

★ ★ ★

GEORGE RUSSELL, long-time head of the important top finance position was made Vice Chairman of the Board and Chairman of the Finance Committee. This is a new position created in recognition of Mr. RUSSELL's capacities and abilities. Probably more money has passed through his fingers than those of any individual in private business in all history. He is eminently entitled to this advancement.

★ ★ ★

The Presidency goes to Edward N. Cole who has been an unending source of corporate energy for many years. Essentially outgoing, Mr. Cole has a long list of friends and acquaintances along with his tremendous capacities.

★ ★ ★

S. E. KNUDSEN, onetime boss of our own Pontiac Motor Division and an individual who paved the way for far-flung expansion here, is given additional top level duties and reports directly to Chairman ROCHE. Mr. KNUDSEN has enormous abilities and a mind that outraces everything but itself.

★ ★ ★

The new Vice President in charge of Finance, Richard C. Gerstenberg, has been closely allied with Mr. Russell for many years. Quiet, conservative and friendly, Mr. Gerstenberg will continue to serve the Corporation with a combination of great loyalty and unquestioned financial acumen.

★ ★ ★

Another former Pontiac man who has been elevated is Roger M. Kyes, Executive Vice President who is in charge of the Corporation's Car and Truck, Body and Assembly and Automotive Components Division. Like Mr. Knudsen, Mr. Kyes is especially and favorably well-known in Pontiac because of his years as the head of the GMC Truck and Coach Division and because of his signal successes since then. He's strictly top-drawer.

Here is another inescapable instance in which the biggest corporation in the world is compelled to shuffle the deck, impose new burdens on certain people, assign them to greater duties and give new titles. It isn't an easy task but it has to be done. As the late W. A. P. JOHN once remarked on a similar occasion: "General Motors is lousy with brains, anyway."

Investigation of Foes . . . .

Our Senate International Subcommittee plans an exhaustive investigation of some new leftist-Communist outfits which are springing up about the Country.

One recent group of immature radicals calls itself the National Conference for New Politics. Apparently their avowed program is constant attacks on the United States Government with continued violence in well populated areas. Some suggest their ultimate objective is the actual overthrow of the U.S. Government. Peaceful means are not in their by-laws.

Any Governmental agency digging into the activities of home-front foes like these half-baked scoundrels deserves the support of the entire nation.

Conflicting Predictions . . . .

Regretfully, this department announces you will have to forecast the coming winter yourself.

The signs are confused.

They contradict each other.

That All-Star Waukegan restaurateur who foretells the winter with unerring accuracy says: "The perch are down at the 300 foot level. This is the lowest they go. We're going to have a humdinger and you better dig up your heaviest woolens."

"Not so," counters a Chicago eatery boss. "The current bear meat which I serve as a specialty has very limited fat. The winter will be warm and short."

★ ★ ★

There you are.

You "take your choice."

The Chicago man asserts the perch authority's prediction could be cockeyed because of the pollution.

Further deponent sayeth not.

"Anybody Going My Way?"

Voice of the People:

New Form for Licenses Seems Needless Expense

Protest has become an American occupation on a grander scale than that of our forefathers. This situation might not attain Jovian heights if our government officials did not give us cause. My protest concerns the recent mailing from the Secretary of State's office of triplicate blanks for 1968 license plates.

★ ★ ★

This costly procedure no doubt makes for uniformity and efficiency from the standpoint of record keeping, but when there are not adequate funds for necessary services such as health, education and welfare of the people, could we not have continued with the same forms, using the same do-it-yourself procedure?

I call this an example of needless expense and waste (in the case of those who no longer own the subject car.)

Readers Relate Experiences on Halloween

Halloween "trick and treat" should be called off. I have never refused to treat the children, but some come back to put wax on windows. What do others think?

MRS. LENA DAVIS
975 GARDEN, HIGHLAND

To the people on Grafton Street in Orion Township who passed out dog biscuits wrapped in aluminum foil on Halloween, you have poor taste. We were given your Halloween tricks and were very humiliated. We hope next year you will have more thought and courtesy for trick-or-treaters.

Some parents allow their children to go out to do damage to people's homes on "Devil's Night." We had rotten eggs thrown on our home. On Halloween night these children think you should treat them. Can we demand payment from parents for damage? What have other Press readers been able to do? I would like action taken. It isn't fair to the parents who try to rear their children the right way.

'Compare Events in Russia and America'

Russia completes the first 50-year plan this month. How many Americans know that it was riots and strikes in Leningrad during February, 1917, that led to general anarchy? The czar's soldiers refused to fire at the crowds. Compare this with police refusal to fire at rioters in Detroit. Crowds in Russia were hungry and frustrated. Compare this with the frustrated people in the ghettos here, both white and black.

★ ★ ★

Lenin did not expect revolution in Russia to happen during his lifetime and said so a month before the riots started. We say it couldn't happen in America, but couldn't it?

A Leningrad girl applying for membership in the Communist party was told "You don't join the party for what it can do for you, you join to do what you can for the party." Sound familiar? In 1968 there is another election. Be sure you know your candidate.

'Protest Extra Charge for Paying by Check'

I protest the new policy some supermarkets have adopted of charging an extra dime for paying by check. It seems these places have found a way of getting an easy $5.20 per year from each family like ours that pays by check. If this is a membership fee, I don't want to join their club.

Question and Answer

Has Governor Rockefeller ever disavowed his declaration that he was not a candidate for the Presidency?

David Lawrence Says:

Congress Dems Are in Trouble

WASHINGTON—The American people are plainly dissatisfied with the record of Congress — the apparent lack of responsibility by the Democratic party, which is in the majority.

It could happen that, in the election 12 months hence, the nation would reelect President Johnson by a narrow margin but would give the Republican party a majority in both houses.

LAWRENCE

The voters are reluctant to repudiate a president in the midst of war, and perhaps even more so if there are additional troubles abroad.

This kind of dilemma arose in 1956. President Eisenhower was reelected by a larger margin than in 1952, and yet the Democrats retained control of both houses with a narrow majority such as they won in 1954 — a recession year in business.

It is interesting to note extracts from some "interviews obtained By "U.S. News & World Report" immediately after the November 1956 election.

Sen. Everett Dirksen, Republican leader of the Senate, said it was "logical" that the switching at the top of the ticket was brought about "in considerable measure by the peace-and-war issue."

★ ★ ★

He was asked if the foreign crisis then going on in the Middle East, due to the Egyptian-Israeli confrontation over the Suez Canal, played a strong part in the election outcome. He replied:

"Oh, I think it finally became the most important element in the whole election."

'VERY SIMPLE'

Sen. Wayne Morse, D-Ore., was asked how he kept his seat while the Democratic presidential nominee lost the state's electoral vote. Morse answered as follows:

"I think it's a very simple thing. In the last two weeks of the campaign, the international crisis created a terrific psychological effect in this country on millions of Americans.

"People decided they shouldn't change the presidency in the midst of an international crisis. I think that's understandable."

★ ★ ★

The big question now is whether the Democratic party, which is split on many issues — particularly on the Vietnam war problem — may cause the nation to vote in a Republican majority in Congress while showing its support for President Johnson in international policy.

STRONG SUPPORT

Sen. Dirksen, the Republican leader, and many of his colleagues have made statements recently in strong support of the President's policy in the Vietnam war, especially since the attacks on North Vietnam have been intensified.

To put it another way, President Johnson may squeak by in a close race.

★ ★ ★

The chances are that, unless there is a decisive shift in Democratic party tactics in Congress, a Republican majority may be elected next time to the Senate and House.

This would be attributable to a nationwide feeling that the majority party in Congress today is largely responsible for the failure to deal effectively with the nation's acute problems on the domestic front.

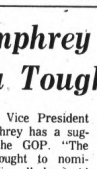
Bob Considine Says:

Humphrey Sees Nixon as a Tough GOP Foe

SAIGON — Vice President Hubert Humphrey has a suggestion for the GOP. "The Republicans ought to nominate Dick Nixon," he said in a chat en route to Vietnam. "Matter of fact, if the convention was held tomorrow I think they would do just that. He's tough.



CONSIDINE

"The Democrats underestimate Nixon because he lost to Pat Brown in 1962.

"What we tend to overlook is that it was in the cards for him to lose. He had been away from California for a long time. That is something that is too hard to overcome.

"What we chiefly forget is that in 1960 he nearly beat the most attractive and appealing candidate the Democrats had put up in years.

"Today he's older, wiser I'd guess, and certainly more relaxed. If he didn't think he had an outstanding chance to win a few of the primaries he wouldn't be in there pitching.

"I can't see the Republican convention giving it to Gov. Romney, the most mixed up fellow imaginable. And I can't see Barry Goldwater letting it go to Nelson Rockefeller."

We took a chance of harm coming Hubert Horatio's way during his stay in Vietnam, but that didn't go for the plane that brought him here.

He had hardly entered his car at Tan Son Nhut Airport for the ride into Saigon when his big jet, Air Force 2, took off for Manila and Clark Field.

The Air Force decided it would be safer there. After all, it cost $8 million.

White-wall tires extra.

Future Flight

Motor News

Predictions of what the future holds for aviation come along regularly and never cease to challenge the imagination.

KLM, the Dutch airline, notes that passengers now total 200 million a year, and forecasts that 10 years from now the number will go well over 500 million. At the same time, 29 chairs in a row will replace the present six.

Adding together the lower, middle and upper decks, it means some 1,000 Economy Class passengers for each flight.

Speeds will increase enormously, too. Today a flight from New York to Amsterdam takes eight hours, but this same trip will require just two hours in a decade. And here's something that will find favor with all: Fares will go down.

Delinquent Debts

Nashville Banner

The treasury department issued a report disclosing that 17 nations still owe the United States some $21 billion in delinquent World War I debts.

TD officials have been doing that each year since the loans were made. But nothing ever comes of it except mild wonderment as to why these debts aren't being paid and why Uncle Sam doesn't insist that some sort of repayment plan be set up.

★ ★ ★

Twenty-one billion dollars was a lot of money back in the early 1920s. At the rate of federal expenditures then it was sufficient to pay the operating cost of the United States Government for a full five years.

Now, even if we got it back (which is doubtful), the sum would fall short of covering the Great Society's spending program for a single year. It would barely be enough to meet interest payments on the national debt for 18 months!

The longer we let these debts go the less they will be worth in terms of buying power.

★ ★ ★

However, there's another chapter to the delinquent debt story which involves additional loans in the amount of some $19 billion to these same countries since World War II.

As in the case of the World War I notes, we haven't even collected the interest on this sum, let alone the principal.

★ ★ ★

Records show that only three nations — Nicaragua, Liberia, and pre-Castro Cuba have paid up in full. One other country — tiny Finland — has been honest enough to make annual payments, the latest being $352,982.50, representing interest and principal.

★ ★ ★

On the other hand, Great Britain and France (which together owe us $16 billion), are still milking the U.S. to sustain their economies.

Surely, after 45 years of loaning good money after bad it's time to serve notice on these delinquent debtors that payday is here.

If Finland can pay, so can they.

Diseases of Gums Take Big U.S. Toll

By SCIENCE SERVice

WASHINGTON — An estimated 67 million Americans suffer from gum diseases, and 20 million have lost all their teeth — a state of affairs not much better than when Columbus found the first American Indians. Egyptian mummies' skulls also how the worldwide problem of bone destruction that causes tooth loss.

★ ★ ★

These gum ailments, called peridontal diseases because they occur around the tooth, can usually be detected in the early stages when inflammation changes the healthy pink color of the gums to red.

★ ★ ★

Half the teen-agers in a typical American community have some degree of gum disease, which should send them to the dentist as quickly as an aching tooth. A hygienist will remove the collection of tartar below the gum line and advise them on periodic return visits for tartar be loosened.

In the northern Rocky Mountain regions, mountain pine beetles are killing the equivalent of 200 million board feet of pine timber each year, enough to build 20,000 homes.

A Junior Editors Quiz About Water Witching

QUESTION: What does science say about water witching?

★ ★ ★

ANSWER: Water witching, often called dowsing, is supposedly a way to locate water which lies underground.

★ ★ ★

Holding a y-shaped willow stick, the dowser walks over the ground in the general area where a well is to be dug. If the stick suddenly points to the ground, as in our second picture, a supply of water is said to lie directly beneath.

Wells are then dug at that exact spot. Many people believe in dowsing; others do not. There is no doubt that many good wells are located in tis way; but the skeptics say that, in some areas, there is so much water underground that the dowser is pretty apt to find water everywhere.

A government pamphlet on water witching states that dowsers are usually sincere people who really believe they can find water by using their forged sticks.

★ ★ ★

But careful studies of the subject conclude, that although many wells have been found in this way, dowsing is not a reliable system by which to locate underground water.

Attack on House Speaker Futile Now

WASHINGTON (UPI) — The most remarkable result of Rep. Richard Bolling's recent call for the resignation of Speaker John McCormack was that nothing happened — to either McCormack or Bolling.

★ ★ ★

Although advertised as a Democratic institution, the House bears some resemblance to an absolute monarchy.

One manifestation of this similarity is the tradition that no member invites his own party's speaker to quit unless (1) he is ready to oust the leadership or (2) he has lost whatever political good sense got him to Congress in the first place.

After his suggestion that McCormack step down, some of Bolling's colleagues were prepared to think that both of the conditions mentioned above applied to the Missouri Democrat. The evidence, however, is that neither does.

★ ★ ★

There is plenty of dissatisfaction among Democrats, especially of the liberal variety, about the 75-year-old McCormack's leadership. Some will even speculate privately about who should replace him.

NO BLOC

But neither Bolling nor any other Democrat has assembled a bloc which is ready now to make an assault on the party leadership of the type that put down former Republican House leaders Joseph Martin Jr. and Charles A. Halleck in recent years.

If anyone tried it at this time, he almost surely would fail.

Nor does the absence of an organized anti-McCormack force mean that Bolling has left himself open to awful retribution from the speaker and his friends.

As a matter of fact, about the only public reaction to Bolling's statement was a tart but brief retort by the speaker about Bolling's 1962 failure to win a place on McCormack's leadership team, and one indignant speech by Rep. Robert L. F. Sikes, D-Fla., extolling the speaker's qualities.

Remembering that dozens of House members rushed to defend Rep. L. Mendel Rivers, D-S.C., against criticism of a snydicated columnist last year, relative silence that followed Bolling's statement was surprising.

One possible reason for this is that Bolling has nothing to fear from the rebuke that would have been implied by an outpouring of affection for McCormack.

The Missourian declared himself out of the congressional establishment some time ago.

But Bolling does have some position among the liberals of the House Democratic Study Group, and his statement might have been designed to prepare them for action after the 90th Congress ends in 1968 — especially if the Republicans capture the 32 additional seats needed to assure control in 1969.

3 on Trial in Largest Cash Robbery

BOSTON (UPI) — A willowy, blonde housewife and two men go on trial today accused of being part of the gang that pulled the nation's largest cash holdup, the $1.5-million Plymouth mail robbery.

Thomas R. Richards, 41, and John J. Kelley, 53, both represented by noted defense attorney F. Lee Bailey, and Mrs. Patricia Diaferio, 32, a mother of four, were indicted July 31, just two weeks before expiration of the five-year federal statute of limitations.

The trial was scheduled to open in U. S. District Court at 10 a.m.

Although as many as 110 postal investigators were at one point working on the case, none of the loot, consisting of used bills of small denominations, has ever been recovered. Officials admitted earlier this year the cost of the investigation had far exceeded the amount taken in the robbery.

All three defendants were charged with robbing the U. S. mail of $1,551,277 and putting the lives of two postal employes "in jeopardy by the use of guns." They have been free on bail since their indictment.

Night was rapidly falling over the seacoast town of Plymouth Aug. 14, 1962, as the red, white and blue mail truck rolled along route 3 toward Boston.

Inside the truck were 16 mailbags containing money being shipped from a number of Cape Cod banks to the Federal Reserve Bank of Boston.

Patrick Schena, then 36, the driver, and William F. Barrett, then 51, the guard, were both armed with 38-caliber revolvers. The Post Office Department had decided the month before to eliminate state police escorts on cash shipments.

Schena recalled later he was holding the truck at about 45 miles an hour on a lonely stretch of the highway when a sedan roared by. A few minutes later, he spotted two cars stoped on the shoulder of the divided highway.

A man clad in a policeman's uniform flagged down the truck. Investigators said as soon as Schene stopped, three other men suddenly appeared with drawn guns.

Other members of the gang quickly set up two official-looking detour signs on sawhorses about 200 feet in back of the mail truck, rerouting other traffic down a side road.

Trees and shrubbery screened command of the truck in privside of the highway. They took the bandits' activities from southbond motorists on the other acy.

15 More Die in Nationalist Strife in Aden

ADEN (AP) — Heavy fighting continued Sunday night as National Liberation Front (NLF) forces battled supporters of the Front for the Liberation of Occupied South Yemen (FLOSY) for control of an Aden suburb.

At least 15 more Arabs were killed in the civil war Sunday and 42 injured. The two rival nationalist groups are vying for control of Aden as total withdrawal of British forces is expected in mid-November.

CASUALTY ESTIMATE

Arab police estimate casualties since Friday at 70 dead and 250 wounded.

With the decision of the general command of the NLF here at order its Cairo representatives not to continue unity negotiations with FLOSY, only a remote chance remained for an early cease-fire.

An armistice agreed to locally Sunday night was never put into effect.

NEW BOARDING SITE — This diagram provides directions to the new boarding site for Grand Trunk Western Railroad commuters to Detroit. Coaches for each train will be parked as indicated on the diagram. The conductor and crew will assist passengers in getting to the right car. All coaches remain at the site overnight and are heated before passengers board in the morning.

GTW Has 2nd Pontiac Boarding Point

Residents in the northern sections of Pontiac can now board the Grand Trunk Western Railroad commuter train to Detroit at tracks near the end of Inglewood.

* * *

Railroad coaches leaving for Detroit are parked at railroad sidings next to Inglewood for the night. Passengers may enter the preheated coaches directly upon reaching the area in the morning.

There is a directional sign posted at Oakland and Inglewood to guide commuters to the site.

There is a free parking lot near the tracks.

Departure times from Inglewood will be 15 minutes earlier than from the regular Pontiac station.

* * *

"The new originating point for our commuter runs will offer people living at the north end of Pontiac a closer boarding point to their homes and will provide easier parking facilities," commented John W. Demcoe, vice president and general manager of Grand Trunk Western Railroad.

Dies of Injuries

RENO, Nev. (AP)—Robert L. Smith, 25, of Bay City, Mich., injured in a highway accident Oct. 15, died in a Reno hospital Saturday. Police said Smith's foreign sports car flipped over and veered off U.S. 50 near Silver City in western Nevada after a tire blew out.

Teen Drug Use Stuns Affluent Town

WESTPORT, Conn. (UPI)—This affluent and sophisticated town has been shocked, angered and spurred into action in one week by revelations of teenager drug use.

A respected psychiatrist says the drug problem is epidemic among young people here with marijuana "experimentation" reaching perhaps 40 per cent in one high school.

A community of 28,000 lying 50 miles northeast of New York, Westport has had for years a reputation as a bohemian exurbia not lessened by being the setting of the swinging satire, "Rally 'Round the Flag, Boys."

But the town is upper class, and many of its husbands and fathers are top-salary executives and admen who commute daily to Manhattan's posh managerial suites. Artists, writers and film stars who live here add to Westport's glamor image.

★ ★ ★

The "cool" of its adults has been shaken by real life notoriety: the discovery last week of na two high school girls in class who were high on LSD or methedrine and the subsequent drug arrests of other students.

ADULT RESENTMENT

There is resentment among adults that stems not unjustifiably from being singled out because of Westport's "image."

Dr. Leon Tec, a child psychiatrist and for 11 years director of the Mid-Fairfield Child Guidance Center, said he was convinced that Westport was only one manifestation of a "national epidemic" of smoking marijuana.

He said the naivete of parents here and across the country was astonishing.

★ ★ ★

Dr. Tec, among a number of others, agreed that 40 per cent might not be too high an estimate of experimentation with "pot."

BECAME HYSTERICAL

The Westport scandal broke when two girls behaved irrationally and became hysterical during classes at Staples High School and it was determined they had taken either LSD or methedrine, apparently obtained in the school's parking lot.

Last Tuesday, three teen-agers — two boys and a girl — were arrested.

Kevin J. Haverty, 16, was charged with selling sugar cubes containing methedrine, a hallucinogenic drug; Walter Carlson, 18, was charged with selling marijuana; and Johanna Merriss, 17, with possessing marijuana found in her home.

★ ★ ★

Staples is a handsome $5-million complex of sprawling buildings resembling a small college campus.

PREDOMINATELY WHITE

It has 1,968 students, virtually all of them white. Its scholastic standing is high with 85 per cent of the graduates going into higher education — 67 per cent to four-year colleges or universities.

Its principal of one year is James Calkins, 42, whose philosophy is that young people must be given a sense of personal responsibility and behavior.

John Zurich, the 16-year-old president of the junior class, was one of many who defended "all the good kids in this school" and Calkins' program of greater freedom for students.

★ ★ ★

It includes "optional" study periods during which time they may go to the student lounge, the cafeteria, the auditorium or to the library to study. No teachers are present.

The shocker to an adult reporter at Staples is the casualness with which the students speak of using marijuana.

Among a group of 50 in front of the school there was general nodding at estimates it had been tried by half the student body.

Principal Calkins says the reasons why young people are turning to drugs seem to fall into two categories — a widespread rebellion against and dissatisfaction with the "establishment" and with hypocrisy and meaningless in the lives of their parents and secondly in a wave of hedonism, a search for pleasure at the cost of virtually everything else.

He is afraid the older generation is not hearing, not even listening, to what the younger is trying to say.

2 Groups in Congo

Mercenaries Said Defeated

KINSHASA, The Congo (AP) — says it has defeated all the mercenaries that had been harassing it — the group which had held Bkavu since Aug. 8 and another band which invaded from Portugese Angola last week.

The government said Sunday that the rebel forces at Bukavu had fled across Kivu Lake into neighboring Rwanda and the invaders were fleeing back to Angola after a Congolese victory in Katanga Province.

★ ★ ★

In Geneva, the International Red Cross Committee said about 130 white mercenaries, 900 rebel Katangan soldiers and about 100 women and children fled to Rwanda, and plans were being made to evacuate them. It did not say where they would go.

In Brussels, the Belgian Foreign Ministry charged that after mercenaries arrived in the city of Kisenge in Katanga, Congolese army troops arrested and machine gunned five Europeans, including a Belgian Roman Catholic priest and a nun. It said the priest was among three persons killed, and the nun was wounded.

Since July, about 20 European civilians have been reported killed by the Congolese army or police.

★ ★ ★

No military details were given on either battle front. The Congolese had launched a massive attack on Bukavu early last week and kept up steady mortar fire and air attacks. Information Minister Jean-Jacques Kande said the town fell Saturday night.

Congolese soldiers took positions Sunday at the bridge over the Ruzizi River, the border between Rwanda and the Congo.

★ ★ ★

Foreign Minister Justin Bomboko said the situation was quiet in Katanga, where the invaders from Angola had split into two columns, one heading for Kasaji and the other for Kisenge.

MISSING PERSONS

There was no word on 25 men, women and children — mostly Belgians — who the government said were taken away by the mercenaries. Bomboko said French-born mercenary commander Robert Denard was among the invaders from Angola. He was wounded while leading white mercenaries in a revolt against the government in the eastern Congo July 5 and was evacuated to Rhodesia. His successor, Col. Jean Schramme a Belgian, long resident in the Congo, had been leading the force in Bukavu.

Injuries Fatal

PORT HURON (AP)—Traffic injuries have proved fatal to 71-year-old George L. Gilbertson of Kindersley, Sask. He died Saturday after being injured Wednesday in a two-car collision near the Port Huron city limits.

Now Possible To Shrink Painful Hemorrhoids

And Promptly Stop The Itching, Relieve Pain In Most Cases.

New York, N. Y. (Special): A scientific research institute has discovered a medication which has the ability in most cases — to actually shrink hemorrhoids. In case after case, the sufferer first notices prompt relief from the itching, burning and pain. Then this medication starts right in to gently reduce the swelling of inflamed, irritated hemorrhoids.

Tests conducted on hundreds of patients by leading doctors in New York City, in Washington, D.C. and at a Midwest Medical Center proved this so. And it was all accomplished without narcotics or stinging astringents of any kind.

The secret is *Preparation H®* — an exclusive formula for the treatment of hemorrhoids. There is no other formula like it! In addition to actually shrinking piles and relieving the painful distress — Preparation H lubricates, makes bowel movements less painful and soothes the irritated tissues. It also helps prevent further infection.

Preparation H comes in ointment or suppository form. No prescription is needed.

Impala Custom Coupe

From Impala, world's most popular car

The silent ride of quality for '68

Now there are more good reasons than ever why people should prefer Impala. Like all regular Chevrolets, it's even further ahead for '68!

A more hushed ride

Among other things, we refined and improved everything about the ride to make it surprisingly smooth and silent. Just try it and see. You'll find that our engineers used electronic computers to pinpoint places where noises might develop, and installed a special network of rubber cushions to keep squeaks and rattles from disturbing your comfort.

We doubt that you've ever driven a car that moves so noiselessly.

The look you like best

People have always preferred Impala's looks. So for 1968 we made it even more beautiful. We gave the grille a more massive and masculine look. We gave the hood sweeping new lines and tucked the wipers neatly out of sight. We designed the taillights right into the rear bumper for a look you're sure to like.

We owe you the best

We figure we owe people more than other car makers do.

Because it was people who put us in first place in the first place, and who keep us there year after year.

We appreciate it.

Mao's Militant Ideas Epitomize Sino-Soviet Struggle

TOKYO (AP) — Quotation from Chairman Mao: "Every Communist must grasp the truth, 'Political power grows out of the barrel of a gun.'"

Every day since Nov. 1 the Hsinhua — New China — News Agency, seen in Tokyo, has repeated these words between news items and at regular transmission breaks.

★ ★ ★

It was perhaps no coincidence that it did so during the week the Russians celebrated the 50th anniversary of the Bolshevik Revolution.

For this familiar quotation from Chinese Communist Chairman Mao Tse-tung epitomizes the struggle between the two big Communist nations and explains why China is boycotting the great Communist festival.

KEYS TO VICTORY

Mao says people's war and permanent, violent revolution are the keys to Communist victory. The Russians say it can be won through peaceful coexistence.

Mao's ideas are undergoing a searing test in the Vietnam jungles and rice paddies. Thus he is reluctant to have it end until the Communists there have won a clear-cut victory over the Americans.

★ ★ ★

The trouble with this is that China is not the only country helping the Vietnamese. Should they defeat the United States, the Russians would be able to say that without their massive aid it could never have been done.

Thus, Soviet aid serves the double purpose of boosting Soviet prestige in the Communist bloc and threatening to deprive the Chinese of the chance to say that people's war and people's war alone won the day.

CONTINUED AID

For this reason the Russians must—and undoubtedly will—continue to boost their aid. On Oct. 21, Moscow Radio, in a broadcast beamed to China, boasted that of all the Communist countries its aid was the biggest; that U.S. planes were being downed because of Soviet automatic antiaircraft guns and missiles. It said the new Soviet Vietnam agreement will give Hanoi more airplanes, missiles, cannon, ammunition and other military supplies than ever.

On Friday, party leader Leonid I. Brezhnev pledged Soviet aid to Vietnamese Communists until U.S.forces leave.

★ ★ ★

Taunting Mao with his refusal to form a joint front, Moscow radio has said. "The Mao group is evidently afraid of peace in that country and hopes that the flame of war will continue to blaze fiercely."

Against these broadsides, the Chinese have had no answer except that to play ball with the Russians even on so important an issue as Vietnam would be an alliance with the devil.

Another cudgel Peking uses has been largely ineffectual. It says the Russians are plotting with the Americans to get peace and sell the South Vietnamese down the river. No one, least of all the Vietnamese Communists, gives any sign of believing this.

MRS. JIMMY L. WILLIAMS

Saturday Vows Are Exchanged by Williamses

First Presbyterian Church was the setting Saturday evening for vows spoken by Monica Ann Benson and Cpl. Jimmy Lee Williams, USMC.

★ ★ ★

The bride was attended by Mrs. Charles Asher, matron of honor, and bridesmaids Mary Jo Scott and Catherine and Carol Benson.

Groomsmen were Walter Coe, best man, and ushers Pyke Engleheart, Robert Robinson and Thomas Benson.

LACE COAT

Daughter of the John A. Bensons of North Berkshire Road, Miss Benson was attired in a floor length lace coat with long tapering sleeves over a peau de soie gown.

★ ★ ★

A cluster of matching lace petals frosted with pearls and crystals held her triple tiered bouffant veil.

★ ★ ★

The bridal bouquet was made up of white roses centered with red roses.

Following a reception in the church parlors, the newlyweds left for a northern Michigan honeymoon.

★ ★ ★

Parents of the bridegroom are Mr. and Mrs. Rowland T. Williams of Devonshire Road.

Mothers Set Party

A card party, with prizes, favors and refreshments, is planned Thursday at 7:30 p.m. at First Federal Savings of Oakland Building on West Huron Street.

★ ★ ★

It is sponsored by Navy Mothers Club 355. Tickets will be available at the door.

Lady Bird Reviews Years as Nation's First Family

(EDITOR'S NOTE — Nearing the completion of four year's residency in the White House, Mrs. Lyndon B. Johnson talks in the following interview about her husband, her children and her own life as the nation's First Lady.)

WASHINGTON (AP) — Lady Bird Johnson says the President has a reasoned, searching reaction to mounting criticism and "keeps his head high, his feet on the ground and goes on working the best he can."

"He doesn't want to be rigidly bound into one set of thinking," the First Lady said. "He's always trying to learn and explore."

Approaching the anniversary of four years in the White House, Mrs. Johnson said she has never lived so intensely.

★ ★ ★

"Awareness of this house is like a shot of adrenalin — intensifying the desire to do the best you can to live up to what this country wants its first family to be."

The President's hair is whiter, he has more lines in his face: "It has taken a lot — it's been worth everything it takes," his wife said.

The family has "drawn closer together than we ever have been in our lives — there's just four of us in the same boat."

★ ★ ★

Asked whether she wants President Johnson to run again, Mrs. Johnson said: "I want him to do everything of useful work that he can for his country."

FUTURE HOPE

Mrs. Johnson is urging the President to relax at golf, and says she hopes someday he'll retire to Texas and teach young people about "the years of government that he has lived."

★ ★ ★

Here are Mrs. Johnson's responses to other questions:

Q. The President frequently quotes from the troubles of his predecessors in office. Does this give you solace?

A. It helps to get it in perspective. You know it's not the first time it's happened and certainly not the last.

★ ★ ★

Q. Do you worry about the President's health?

A. Well, I'm always concerned. I don't think I actively worry . . . he has many pluses, safety valves, on his side. For instance, he can go to sleep whenever he sees a spare 30 minutes on his schedule . . . That is a gift from heaven. I envy him that.

★ ★ ★

Q. Does the President ever really take a vacation from his job?

A. I think when he puts on his ranch clothes and gets in that car, and especially if it's warm weather and he turns the top down. Unless there's some sort of emergency that gets him on the car phone, he is a very relaxed man.

'Way Off Broadway' Troupe Presents Top Musical in a Barn

By JANET ODELL
Pontiac Press Women's Editor

There's a bunch of stage struck collegians out at Oakland University whom you ought to see. They're the group who have turned a dairy barn on the campus into Barn Theatre and are currently presenting "Stop the World I Want to Get Off."

Called the Student Enterprise Theatre —originally the Meadow Brook Theatre Guild — the group, under the direction of Tom A. Aston, is creating both physical settings and dramatic productions.

SOLE MALE

Fourteen girls and one boy comprise the cast of this musical.

Ted Hollis is a remarkable young man whose performance is a delight to watch, especially his pantomimes. His is a long and arduous role as he is on stage during almost the entire play.

Angel Menzie plays the leading feminine role, handling it easily and well. Her songs are more readily understood than Ted's.

But perhaps the fault lies more in the acoustics of the theatre. The lofty ceiling swallows much of the spoken and sung word.

★ ★ ★

This is theatre in the three-quarter round. The audience is close to the stage and entrances and exits are often made through the watchers. Loft seats — corresponding to a gallery — are still uncompleted.

There seemed to be a minimum of mishaps on opening night. An unscheduled backstage crash and accompanying female shriek intruded at one place in the play. But no one was hurt, the actors on stage exhibited professional calm and there was scarcely a faltering in the action.

John Broome of the John Fernald Company was on hand to see the results of his coaching. He had choreographed the original production of this play in London and advised the OU group.

MUSIC

Mary Lyons conducted the three-piece orchestra. Special note must be made of the way this musical group took a "speaking" part.

Recognition was given to Mezeppa, the house cat, who had done her job so well before opening night that all the mice have found other quarters for the winter.

"Stop the World I Want to Get Off" will be presented again this Friday and Saturday at 8:30 p.m.

★ ★ ★

The Barn Theatre is located south of the Science Building near the trailers where Meadow Brook Theatre actors live.

Tickets are available at the door.

Members of the Michigan Association of Emotionally Disturbed Children had a preview Saturday of the new Fairlawn Center of Pontiac State Hospital. Shown (from left) are Mrs. Virginia Thomson, Birmingham, vice president-Oakland chapter; Thomas Jones, psychologist of Fairlawn Center; and Mrs. William Hitchcock, Hazel Park, president of Oakland chapter. The center is scheduled to open early in 1968 with official opening ceremonies set for April.

Mrs. Ernest A. Jones, Bloomfield Hills (left) and Mrs. R. Jamison Williams, Birmingham, look as if they are enjoying themselves at the first Cranbrook Academy of Arts ball Saturday evening. The colorfully gowned women were part of a crowd of 200 couples who danced and dined at midnight supper for the benefit of the art academy. The board of trustees sponsored the occasion.

Help for Children

GI's Tell Christmas Gift Choices

By ABIGAIL VAN BUREN

DEAR ABBY: Maybe I can be of some help by telling you what we don't want for Christmas over here. Anything big, like heavy appliances, books, or things that are hard to store. We don't have room for them. Nothing expensive that would break our hearts if we lost it, like expensive jewelry, cameras, record players, etc.

ABBY

No lima beans and ham, please. We get that in our C rations. Nothing in glass or aerosol cans.

★ ★ ★

Unless chocolate is properly wrapped, forget it. It's sirup by the time it gets here. You wouldn't believe the heat and humidity here. If anything perishable is sent, please send it "SAM" under five pounds. It goes air mail and gets to us within a week or 10 days. Those big packages (unless sent airmail) can stand around on a dock for three months.

A LEATHERNECK

★ ★ ★

DEAR ABBY: What do I want for Christmas? There are at least 100,000 South Vietnamese orphans who need help. Infant's wear, children's wear, toys, shoes. Anything. They are naked and hungry. Anyone desiring to send anything collected from friends and neighbors can address it to:

Sgt. Bill Thompson, AF 10611072
CORDS-Refugees, Orphans
APO, San Francisco, Cal. 96243

That's all I want for Christmas, Abby, and God bless you for asking.

SGT. BILLY THOMPSON

★ ★ ★

DEAR ABBY: What would we like for Christmas from you people back home? A promise that you, too, will do your best to make this a better world. This will make the risks that we are taking worthwhile.

WM. A. NEWMAN, Pfc, E3, U.S. Army
JOHANN HORVATH, Sp 4, E4, U.S.A.

★ ★ ★

DEAR ABBY: The men in Vietnam are always glad to get some little trinkets for Christmas that can be given to Vietnamese kids. Yo-yos, balloons, plastic harmonicas, whistles, and dolls. As a gag, we once gave an ugly doll with wild white hair to a child. It really was hideous, but it ended up being a "baby doll" for that little native girl who had never had a doll before. She thought it was beautiful.

PARATROOPER, Vietnam

★ ★ ★

DEAR ABBY: Next to goodies, like canned meats, salami, tuna, chicken, canned fruits, cookies, fruitcake, instant soups, powdered drinks, instant coffee, tea, and cocoa, pretzels, popcorn, hard candies, etc., something to read or do is best.

★ ★ ★

A subscription to the hometown newspaper always makes a big hit. Also paperback magazines, playing cards and games like checkers, chess, jigsaw puzzles are great. Also, Abby, a real luxury is a clean pillowcase (we use our T-shirts), and a couple of pairs of heavy athletic sox.

DOUG FROM DALLAS

★ ★ ★

DEAR ABBY: For Christmas I'd like to see some smiles on the faces of lots of my buddies over here. They don't get any mail. If any of your readers (from 15 to 80) have a five-cent stamp and time on their hands, please have them write to "Any Lonely Soldier" in care of me, and I'll see that he gets it. Thanks a million, Abby.

Get Permission of the Owner, Then Accept

By ELIZABETH L. POST

Dear Mrs. Post: I met a lady in the beauty parlor who said that she married off her daughter last year and, as her daughter went to live in Arizona her wedding gown is at her mother's house.

I had told her I am engaged and planning an April wedding. She said what a shame that a $450 wedding dress just lies in her closet. She practically begged me to wear her daughter's dress. She gave me her address and asked me to come over to try the dress on.

Would it be proper for me to borrow it? If I do borrow it, am I expected to give her a gift, and if so, what do you suggest I get her?—Sandra

★ ★ ★

Dear Sandra: It seems to me it is up to the girl whose dress it is, rather than her mother, to make such an offer. Call the lady and tell her you would feel most uncomfortable wearing the dress without specific permission from the bride.

If the daughter agrees, you may borrow the dress. Be sure to have it clean and in perfect condition when you return it, and do send both mother and daughter a gift.

A crystal vase, a silver picture frame, a leather album or a beautiful ornament would be appropriate thanks for the loan of such an expensive dress.

EATING DOUGHNUTS

Dear Mrs. Post: Recently, on a coffee break, a number of people were eating doughnuts with a fork and knife. I said that doughnuts were finger food. One woman replied, "Anyone who knows etiquette knows that the correct way to eat doughnuts is with a knife and fork."

★ ★ ★

I have an etiquette book which does not mention doughnuts. It does mention cakes. Please help us with our problem. —Harriett

Dear Harriett: I don't know from which authority the woman got her information, but I've never heard of eating doughnuts with a knife and fork — unless they had a "gooey" icing. They are finger food, and no etiquette book in my library says otherwise!

"REGRETS ONLY"

Dear Mrs. Post: On invitations I have received recently is written in the lower left-hand corner "Regrets Only" instead of RSVP. Is it correct to send invitations in this manner?—Jean Buckley

Dear Jean: On strictly formal invitations, RSVP is the correct form. But on all others, it is practical and time-saving to request "Regrets only."

Ivory Gown Is Selection at Saturday Wedding Rite

Scalloped peau d' ange lace accented the fitted ivory gown and matching train worn by Marilyn Sue Allen Saturday as she exchanged vows with Glenn Russell George, USN.

* * *

Her elbow length veil was held with satin roses on a lace applique. For her bouquet, she carried a yellow rose corsage encircled with white roses.

Honor attendants for the evening ceremony in Elmwood Methodist Church were Mrs. Linda Parker and Lawrence Gentges. Katherine Joyner was bridesmaid. Jack Lewis and Lester Wheaton served as ushers.

Prior to their departure for a honeymoon in Niagara Falls, the newlyweds greeted guests in the church parlors.

The bride is the daugher of the Denzel Allens of Woodcrest Drive, Avon Township. Parents of the bridgeroom are Mr. and Mrs. Lynn A. George of Rosetta Court, Pontiac Township.

Club Chapter Elects Officers

Installation of officers for the coming year was held Friday for Oakland County Chapter 34, American Gold Star Mothers, Inc. in the Amvet Hall.

Ten members of the chapter will participate in a memorial service and tribute to all past and present members of the Armed Forces and veterans, at the Cathedral Church of St. Paul in Detroit on Sunday.

Contributions were made to veterans' hospitals in Ann Arbor, Battle Creek, Dearborn, Ironwood, Saginaw and the Michigan Veterans' Facility in Grand Rapids for Christmas gifts.

A dinner at Ted's followed the meeting.

Crystal Allen Repeats Vows in Evening

A reception in the church parlors followed vows in St. Benedict's Catholic Church Friday for Crystal Ruth Allen and Donald V. LaBarge II.

Parents of the couple are the Harold Allens and Mr. and Mrs. Donald V. LaBarge, both of Ortonville.

* * *

For the evening wedding, the bride was gowned in white lace over satin. A crown of seed pearls capped her illusion veil and she carried white roses and carnations.

Honor attendants for the ceremony were the bride's sister, Janet, and the bridegroom's brother, Daryl.

Dale LeBarge served as ring bearer with ushers Joseph Lombardo and Lloyd Case.

* * *

The newlyweds are honeymooning in northern Michigan.

Improvised Sleeve Board

To do a really good job of pressing suit and dress sleeves requires a sleeve board. If you do not have one, you can improvise by wrapping a large rolling pin with several clean turkish towels. Pad it until you get the right size.

The towels will give you a firm, padded surface, which can be slipped into the sleeve and ironed over.

Inn Scene of Dinner for Auxiliary

A dinner at the Fox and Hounds Inn was the scene of the recent general membership meeting of the Pontiac Jaycee Auxiliary.

Mrs. Michael Patterson, district vice president and Mrs. Charles Wood, president of Waterford Jaycee Auxiliary, were guests.

Mrs. Patterson spoke on the woman's role in developing herself and her community.

* * *

Mrs. Jack Rhodes was named outstanding Jaycette of the month. Mrs. Jack Nicholas was welcomed as a guest.

* * *

Plans were discussed for the local Junior Miss contest to be held Dec. 2 at Pontiac Northern High School. The quest is for an outstanding high school senior, to be judged on basis of personality, grades and talent.

* * *

Final plans for the fashion show to be held Nov. 16 at Pontiac State Hospital chapel at 8 p.m. were presented by Mrs. Charles Toby. Tickets may be purchased from Hadley's at the Mall, the Children's Shop at Tel-Huron; and at the door.

Decorative Ideas for the Holidays

A topical demonstration of decorative arrangements for Thanksgiving and Christmas was given before the members of Brookside Branch of Woman's National Farm and Garden Association Thursday.

Mrs. P. N. Askounes, program chairman for the Michigan Division, presented the program.

* * *

Guests were Mrs. Phillip Hoops of Chicago, Mrs. Thomas L. Meriwether and Mrs. Donald B. Whitfield, both of Bloomfield Hills.

The meeting was held in the Wayfind Road home of Mrs. T. L. King. The hostess was assisted by Mrs. Calvin Werner and Mrs. John Dickson.

Why Grow Old?

By Josephine Lowman

Q. I am dieting in a way. What I mean is that I do not want to lose weight but I do not want to gain either. Will you please tell me whether or not dates, figs and bananas are fattening?

* * *

A. No one food itself is fattening but some have such a high calorie count that you cannot eat them, or much of them and have enough calories left over for an adequate diet which gives you all of the essentials for nutrition. Four dried figs and four dates give you 100 calories each. The same goes for one medium sized banana.

* * *

Q. How many calories are there in a teaspoon of butter?

A. There are about 30 calories in a teaspoon of butter.

* * *

Q. I am considered good looking and am 18 years old. However, I hate the way I look. I have sandy colored hair and light eyebrows and lashes and a few freckles, although these are not bad, not very dark brown, just sandy, too.

I realize my features are nice and I have big greenish eyes. What can I do to get rid of the sandy look?

A. You have great possibilities. Use one of the rosy blushers all over your face. Use a brown eyebrow pencil and brown mascara. Add a little rouge if you need it.

Use an in-between lipstick, one that is not too bright or too pale. Greens and yellows and blues are wonderful colors for you.

Q. I am terribly underweight. I have been eating two raw eggs a day because someone told me to gain weight. I don't like raw eggs. Is it true that raw eggs help?

A. Raw eggs have exactly the same number of calories cooked eggs have. Actually, a fried egg give you more calories because of the fat used in frying.

Library Periodicals Are Useful

By The Reading Laboratory
Written for
Newspaper Enterprise Assn.

All libraries subscribe to at least a few of the thousands of magazines and newspapers that are published.

Current issues are kept on racks or tables for you to read. Back issues are bound, or perhaps, put on microfilm to be used in research.

Discovering which back issues of periodicals are available won't be difficult.

As the librarian binds them and puts them on the shelves, she adds a card to her periodical card catalogue.

★ ★ ★

There are also standard guides to periodicals which tell you where and when articles on a given subject have appeared.

MUST KEEP UP

You might ask, "How can I use these magazines and newspapers to supplement my classwork?"

Obviously you should read current newspapers and magazines to keep up with what's happening in the world. Your history teacher will insist on this.

But teachers of other subjects like science, who might not expect you to be aware of recent developments, will be impressed if you are able to show them that you know what's going on.

★ ★ ★

If you are interested in literature, you will enjoy reading literary magazines and book reviews.

GOOD IDEA

If you are worried about being able to manage a paper topic, using periodicals as a source is a good idea.

Unlike books, which often deal with many aspects of a general subject, articles frequently focus on one point.

Many interesting books have been written that are based on facts about a subject as they appeared in the daily papers.

Let's end this discussion by pointing out that many libraries now have materials that you couldn't read even if you wanted to. Can you guess what they are?

FOR ENTERTAINMENT

We mean records (and occasionally tapes). See what records your library has, and if they may be taken home.

(NEXT: Research for a Paper.)

By 1970, it is expected that sales of bottled water will reach the $100 million annual mark.

Tiny June Foray Is 'Voice of Hollywood'

By GENE HANDSAKER
Associated Press Writer

HOLLYWOOD (AP) — She's a tiny thing, with auburn hair, sparkling eyes and a remarkable vocal range — for babies and birds to sexy dames, doting grandmas and cackling witches.

For 20 years a frequent cry from Hollywood producers with feminine-voice problems has been, "Get June Foray."

She earns $250 an hour and is probably Hollywood's top woman practitioner of the obscure trade listed in her modest 2½ lines in the Motion Picture Almanac: voice specialist.

Ann Sheridan died before she could rerecord dialogue for her last television show that extraneous noises had ruined in the sound track.

LISTENED CAREFULLY

Miss Foray, after listening carefully to Miss Sheridan's voice, died the rerecording, matching the words to Ann's lip movements.

"Sometimes the producer will add dialogue after the star has gone, say, to Europe," said June. "It's cheaper and quicker to have me do it than bring her back.

★ ★ ★

"And a lot of young actresses whom I can't mention do a lousy job and they call me in to pull them out of the soup by replacing their voices. How did they get the job in the first place? Because they look good."

On a "Rawhide" she rerecorded the entire dialogue of one week's guest star.

★ ★ ★

It taxes Miss Foray, who works almost constantly, to remember all the voices she supplies, especially in television.

"I'm Axis Sally in '12 O'Clock High,' Knothead and Splinter on 'Woody Woodpecker,' and I'm all over the dial on the Saturday cartoon shows."

VOICE CHANGES

Her voice changes as she describes various roles: "I do Fransh girls, Cockney accents, Svenska, and ah do Suth'n dialects."

The secret is "having a good ear and flexible vocal cords."

★ ★ ★

Born in Springfield, Mass., Miss Foray came to Hollywood with her parents at 17 and started a local radio show, writing and playing all the parts, then graduated to network radio.

She lives in suburban Woodland Hills with her writer husband, Hobart Donavan; two terrifying friendly great Danes weighing a combined 345 pounds and a withdrawn, 14-year-old cat named Henry.

WITCHES' VOICES

Miss Foray supplies nearly all the witches' voices used in Hollywood. Pat Buttram once asked her to do one over the telephone when he had a local radio program.

"When I got through doing that cackling, hee-hee-hee voice," she recalls, "there were 15 people standing around the phone booth wondering what this nut was doing."

Celebration of Revolution Doesn't Stir Leningrad

LENINGRAD, USSR (UPI)—With paint and planks, the government has dressed this graceful old city in its finest to celebrate the 50th anniversary of the revolution it spawned. A lot of residents couldn't care less.

Scores of historic buildings in the former capital of imperial Russia sport new pastel paint jobs in pinks and yellows and blues with white trim.

Signs, posters and slogans abound to hail 50 years of Communist power.

At night, gas torches flame on the parapets of Peter and Paul fortress, casting an oily glow on the waters of the River Neva.

In front of the massive green and white winter palace, where Lenin's Bolsheviks captured the Russian provisional government and seized power in 1917, workmen put the finishing touches on a huge reviewing stand where Soviet leaders will hold forth during a special commemorative visit.

ARMIES ON MOVE

In the wee hours of the morning, the broad, clean streets echoed last week with the sounds of armies on the move, just as they did in the autumn of 1917.

But today the measured clomp of boot on brick came from troops rehearsing for jubilee parades.

The official preparations for the celebrations were hectic, but the anniversary caused little excitement among the 3.6 million inhabitants of Leningrad.

Mostly, life goes on normally.

SOUR-FACED WORKERS

In the glum early mornings, thousands of sour-faced workers pack like sardines into trams and subways on their way to work.

And in the early nights, in the chill rain, huge crowds of Leningraders, who seem naturally more open and gregarious than their countrymen in Moscow, flow chattering up and down the broad Nevsky Prospekt.

BROTHERS — Big brother Lawrence Robinson of 393 W. South Boulevard takes his friend Greg on a fishing jaunt. The two met through the Big Brothers of Oakland County which places men on a one-to-one basis with fatherless boys. This United Fund agency's goal is to provide boys with an adult male guide and confidant.

In Big-Brothers Program

Adult Help Bridges Loneliness

By LOIS MANDIBERG

Greg is one-half of a man-boy partnership. He's a "little brother."

His big brother is Lawrence Robinson, an employe in the polishing room of the plating plant at Pontiac Motor Division.

Greg has no father. Robinson of 393 W. South Blvd., a family man with two girls of his own, meets with Greg weekly to offer the boy some adult masculine companionship.

Robinson met Greg through the Big Brothers of Oakland County, an organization which trains men to befriend boys from fatherless homes on a "one-man one-boy basis. Big brothers attempt to offer male companionship and guidance to their "little brothers."

* * *

In the six months that 11-year-old Greg has been seeing Robinson he has gone fishing, bowling, to dinner and on picnics with Robinson's family.

Robinson sees Greg once or twice a week, picking him up at his Pontiac home where he lives with his mother to go to a ball game, to fish, or even just to talk.

A Pontiac employe for 15 years, Robinson befriended another little brother before he met Greg. He has been associated with Big Brothers for the past four years.

This big brother explained he first became interested in the organization when he gave a neighborhood boy a ride to the probation department for the boy's regular report.

"While I waited for him at the probation department one of the officers there told me about the Big Brothers and how I could help lads like this one," he said.

There are 30 Pontiac boys currently on the agency's list who want big brothers, but there are not enough big brothers, to fill the need.

Anyone interested in giving time to a fatherless boy should contact the Big Brothers of Oakland County.

This United Fund agency has been able to recruit and organize programs for 183 men and their "little brothers" but the waiting list is still too long.

Race Issue Closely Tied to at Least 3 Mayor Votes Tomorrow

WASHINGTON (AP) — Scores of American cities will elect mayors Tuesday, with balloting in at least three of them closely tied to the race issue.

A federal court may decide today whether voters in Gary, Ind., even will go to the polls as scheduled. If the steel town does vote, state police and National Guardsmen are ready to move in because of apprehensions of racial disorder.

Richard G. Hatcher, Negro Democratic nominee, charged in a suit filed last Tuesday that 5,000 names of Negroes had been removed from the voting rolls and 4,000 phony names of whites inserted. He blamed the county Democratic organization, whose candidate lost to him in the party primary.

Hatcher asked the U.S. District Court to correct this or halt the election. Since his suit was filed, the county elections board has restored thousands of names which had been erased from the rolls.

A three-judge panel was to convene at Hammond, Ind., today to consider Hatcher's complaints.

From Boston in the East to San Francisco in the West, a host of cities and towns will be picking mayors. But there also are many cities, including New York and Chicago, where there are no mayoral elections Tuesday.

★ ★ ★

Garry is normally a Democratic stronghold, but the political contest there appears to have largely polarized into a Negro-white issue.

The Republican candidate is Joseph B. Radigan, a furniture store operator and city councilman. Hatcher is a lawyer.

55 PCT. NEGRO

Gary, population 178,000, is about 55 per cent Negro, but white registrants are believed to outnumber Negro voters.

These are the other mayoral contests of top interest:

Cleveland—Carl B. Stokes, a Negro lawyer and state legislator, is the Democratic nominee and is opposed by Republican Seth Taft, a grandson of President William Howard Taft.

Since Democrats have won Cleveland elections for the last 25 years, Stokes is favored to win unless there is a substantial defection by white Democrats in reaction to riots and Negro militancy.

If elected, Stokes would be the first Negro chosen mayor of one of the larger U.S. cities by popular vote.

BUSING STAND

Boston — The question is whether Mrs. Louise Day Hicks, a 47-year-old grandmother, can make it all the way to the top. She led a field of 10 in a preliminary election, getting strong support in working and middle-class areas where there was applause for her stand as a school committee member against busing Negro children to white schools outside their home neighborhoods.

Her opponent is Kevin H. White, 38, now secretary of state. The election is nonpartisan. Both candidates are Democrats.

Philadelphia—District Attorney Arlen Specter, a onetime Democrat who switched parties, is the Republican nominee against Mayor James H. Tate, leader of one faction of a split Democratic party. Victory for Specter would be a major Republican coup in the year before the presidential election.

In addition to the mayoral contests, there are elections for governor in Kentucky and Mississippi.

Republicans think they have a good chance in usually Democratic Kentucky, and the campaign has grown heated as the election approached.

GOP nominee Louie B. Nunn has contended that Democratic nominee Henry Ward didn't do a good job as state highway commissioner and that road costs were higher than in some other states. Disputing this, Ward blasted Nunn for campaigning with "false charges."

Kentucky Election May Prove Test on Viet

WASHINGTON (AP) — Kentucky's race for governor Tuesday may provide a meaningful test of voter feeling toward President Johnson's Vietnam policies.

Republican Louie B. Nunn, 48, who came close to upsetting Gov. Edward T. Breathitt four years ago, has hammered on the war in his bid to beat out Democrat Henry Ward, 58, a former highway commissioner.

★ ★ ★

Mississippians, who also will elect a governor Tuesday, meanwhile have witnessed a unique campaign by Rubel Phillips in his bid to become the first Republican to occupy the state house at Jackson since Reconstruction days.

Phillips, considered to have virtually no chance against Democratic Rep. John Bell Williams, has pegged his campaign to warning the voters that Mississippi's future lies in bettering the lot of its Negroes.

HEAVILY FAVORED

Until a month ago, Ward was heavily favored to beat Nunn, despite the Republican's impressive 1963 race against Breathitt. But Kentucky political observers now are calling the race a toss-up.

Given credit for Nunn's apparent surge is his use of the slogan: "Tired of the war? Vote Nunn."

★ ★ ★

Although he hasn't made clear what a Kentucky governor could do about Vietnam, lawyer Nunn may have capitalized on what observers feel is widespread, gnawing dissatisfaction among Kentuckians with the war. Johnson outpolled Barry Goldwater by 296,000 votes in Kentucky's 1964 presidential balloting.

Ward, soft-spoken and colorless, has contended Nunn's campaign aims at fanning racial unease. He pictures himself as an efficient, experienced administrator and repeatedly asks: "What's the alternative to me?"

20-YEAR HOLD

But Ward, seeking to perpetuate the Democrats' 20-year hold on the state house, has shied away from backing Johnson's policies. Nunn says of his opponent: "No candidate has ever tried harder to deny his own party."

About 800,000 Kentuckians are expected at the polls Tuesday, where they'll also have a chance to vote for a conservative candidate, Christian Glanz, who hopes to garner 2 per cent of the vote so former Alabama Gov. George Wallace can appear on the presidential ballot next year.

★ ★ ★

Williams, 48, a 20-year veteran of Congress, has campaigned little against Phillips in Mississippi. Most observers believe he doesn't need to, and Democrats are saying the only question is how big a victory margin Bell will roll up.

Phillips, 42, a Jackson lawyer, polled 38 per cent of the vote against Gov. Paul Johnson in 1963. This time he adopted a campaign line seldom heard in Mississippi, saying the state can't cut itself off from the rest of the nation by continuing to fight desegregation rulings by the courts.

NEGRO ATTEMPTS

About 500,000 voters are expected to turn out in Mississippi, with other races drawing interest including the bids of Negroes running as independents for county offices. n John McKeithen defeated a staunch supporter of Wallace, Rep. John R. Rarick, D-La., in the Democratic primary. That meant reelection since there is no Republican nominee.

But Wallace supporters claimed victory in their fight to gain control of the 117-membr Democratic State Central Committee, the vehicle they hope to use to get Wallace a preferred spot on Louisiana's presidential ballot in 1968.

'Sucker' Play

CHARLESTON, S. C. (AP) — State agents said that one of three men charged with illegal possession of liquor at Saturday's William and Mary-Citadel college football game had a plastic bottle hidden in his clothes and was sucking his drink through a tube.

Delay Till '68 Is Forecast for State Fair Housing Bill

LANSING (AP) — Don't look for the Legislature's controversial open occupancy bill to be passed into law this year.

But do look for it to be one of the hottest issues on the agenda of the 1968 regular session which gets under way next January.

★ ★ ★

The bill, introduced in the House last week with bipartisan leadership support, may stay in committee and not hit the floor until next year. Or it may come to a vote in the House.

★ ★ ★

But it likely will not successfully complete its trip through the legislative process this year. Even if the House passed it this fall, the bill would die without favorable Senate action, and the House would have the job to do again next year.

CAUSES FOR DELAY

Some reasons why a state open housing law is unlikely to emerge from the current special fall session:

—The lack of time and the other matters on the agenda, chiefly lower court reorganization.

★ ★ ★

● Lawmakers have been back in Lansing four weeks already and the House has only begun to fight over the court bill, which could devour another week or two. The Senate has not acted on the complicated, 40-page court bill at all.

Legislators, meanwhile, would like to get out of town by Nov. 15 — which by coincidence is three days before the opening of deer season. "I think it would be difficult to hold people here after the 15th," says House Majority Floor Leader William Hampton, R-Bloomfield Hills.

OTHER TASKS

The Senate majority Republicans, meanwhile, have decided they won't move on open occupancy until everything else on their schedule has been taken care of.

● Gov. George Romney, who put the controversial open housing bill on the Legislature's agenda and whose support is probably essential for its passage, will be out of the country most of the rest of this year.

Romney has scheduled trips to Europe and Asia. He said last week he still intends to go.

The governor said open occupancy is "absolutely vital," but he also said it isn't "absolutely certain that we'll get action on it this session." If not, he said, he would continue to push for it next year.

● The bill itself is extremely controversial, and calls for the kind of decisions legislators like to put off as long as possible. "The legislators will have to be educated on the ramifications of this bill and they'll have to educate their constituents," said Hampton, who opposed putting the issue on this fall's agenda in the first place.

"People have to have time to digest this thing," Hampton added. "You can't just put something like this through here in a couple of weeks."

Hampton said legislative leaders met earlier this year with the New Detroit Committee, which drafted the original version of the open occupancy bill and which urged Romney to put it on the fall agenda.

DELAY URGED

Hampton added that he, Senate Majority Leader Emil Lockwood, Senate Majority Leader Robert Vander Laan, and Senate Democratic Leader Raymond Dzendzel all counseled the NDC against taking up the issue this year.

But, said Hampton, House Speaker Robert Waldron and House Democratic Leader William Ryan, who later became the two chief sponsors of the bill, disagreed.

If the hotly contested measure does come to a vote in the House without plenty of preparation, Hampton predicts it will be defeated. "And that," he says, "would set the whole program back."

The Goldstone is registered in Liberia, has a Filipino crew and Italian officers.

★ ★ ★

Oliverio, who conversed in Italian with the ship's captain, Clauvio Gallotti, was able to coordinate the fire-fighting efforts.

"YOUR HEALTH"
"HEADACHES"

Do you suffer from frequent headaches? Too many people do. Covering them up with aspirin gives only temporary relief. The underlying problem remains. Chiropractic treatments attempt to get to the cause of the condition, which in many cases; is pressure on the nerves in the spine and neck. Once the nerve pressure is removed, most headaches disappear. If you have lived with this pain over the years, and been told, "It's your nerves, take some aspirin," then give chiropractic a chance. Results measure the merit of anything. Chiropractic claims nothing it has not already accomplished many times.

Is LBJ a Hawk or Dove on Chicks?

By DICK WEST

WASHINGTON (UPI) — The announced purpose of Vice President Humphrey's visit to Vietnam was to attend the inauguration of President Thieu and review the war effort.

WEST

I cannot help suspecting however, that these activities may have been only a cover.

When one fits all the pieces together, one gets a strong feeling that Humphrey's real mission was to check on the campaign by the U.S. Marine command to stamp out pinups.

Press reports indicate the campaign has been going badly. Worse, perhaps, than the Pentagon has seen fit to admit.

According to the latest dispatches from Da Nang, pinup removal has been successfully carried out in only a limited area—namely the walls of offices and other work areas.

This is the territory generally referred to in military terminology as "officer country."

But in the barracks, tents and bunkers occupied by enlisted Marines, the story is different.

As military experts here view the matter, the main problem is the infiltration of cheesecake through the depinupification zone.

President Johnson is said to be under heavy pressure from hawkish elements in the Pentagon and Congress to authorize more stringent anti-infiltration measures.

The most extreme proposal advanced thus far would extend bombing targets to include Playboy Magazine.

Against these advocates, however, the President must weigh public opinion polls showing that such a policy is supported by only 37 per cent of the American people, most of whom are little old ladies in tennis shoes.

The polls also show that a large segment of the American public is forming its opinion in terms of World War II pinups. Actually, of course, the caliber of pinups has greatly increased since then.

Recently tests show that the Playboy centerfold, which is the basic pinup used by Marines in Vietnam, is 10 times more potent than the obsolete Betty Grable model used by U.S. troops in World War II.

STOREKEEPER SHOOTS MAN — Ira Golding (left) is shown after reporting to police that he shot a man who attempted to hold up his Kansas City, Mo., store. The man, identified as Jeffrey A. Merukeb, 27, of Buffalo, lies on the floor on money from the cash drawer. He was reported in serious condition. Golding, 62, received head and leg injuries in the scuffle.

Typhoon Toll Tops 170

MANILA (UPI) — The death toll of Typhoon Emma soared today after police reported more boats sunk and a tidal wave "wiping out" a fishing village south of Manila.

According to police and news reports, more than 170 persons are known killed including about 90 men, women and children aboard the interisland ship M. V. Mindoro which went down Saturday, 70 passengers being rescued.

Philippine officials estimated damage at up to $75 million. The Red Cross said 243,000 persons are homeless as a result of Emma's 110-mile-an-hour winds.

Police were trying to reach the fishing village of Bacon, reported smashed by the tidal wave.

Reds Honor Lenin, Unknown Soldier

MOSCOW (AP) — Soviet leaders turned out in the brisk morning air today to lay wreaths on the tombs of Lenin and the Unknown Soldier as the celebration of the 50th anniversary of the Bolshevik Revolution neared its climax.

Communist party General Secretary Leonid I. Brezhnev and the other 10 members of the party politburo placed a huge arrangement of red and white flowers at Lenin's tomb in Red Square, then walked slowly around a corner of the Kremlin to the tomb of the Unknown Soldier, laid two wreaths and observed a minute of silence.

★ ★ ★

There were no speeches at either tomb.

Premier Alexei N. Kosygin, who twice had to leave a four-hour ceremony in Leningrad Sunday and was reported to be ill, looked tired today and did not join in the general conversation.

CELEBRATION DATES

The anniversary celebrations opened last Thursday and end Tuesday with the annual parade through Red Square.

Communist China observed the 50th anniversary of the Soviet revolution with a rally today of 10,000 people in Peking's People's Hall, Peking Radio said.

The broadcast said Premier Chou En-lai president and Defense Minister Lin Piao, Mao Tse-tung's heir apparent, addressed the rally.

The broadcast made no mention of Mao attending the rally.

In advance of the rally, Red China's major newspapers published an 8,500-word editorial attacking Brezhnev and Kosygin by name and telling them "the only place for you is in the dock of history to be tried by the Marxists-Leninists and the hundreds of millions of revolutionary people all over the world."

The editorial called Nikita Khrushchev and the Soviet Union's leaders since "renegades" of world communism and said the focal point of the true Communist movement now is in Red China under Mao's leadership.

Lions Fail to Gain on Packers

Jungle Kings Not Regal Facing Bears

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

The Lions are kings of the jungle!
The Lions are kings of the jungle!
The Lions are kings of the jungle?????

You can't prove it by the Chicago Bears who always seem to be at their best against the Lions . . . . . or is it that the Lions always are at their worst against the Bears?

★ ★ ★

Any hope the Lions may have had in catching the Green Bay Packers was settled yesterday as the Bears scuttled the Motor City eleven, 27-13, even though the Packers were defeated at Baltimore.

It was the second time this year, as the Packers were losing, offering the Lions a chance to gain, that the Bears have blocked the path.

The master planner of the Lions' demise as usual was Gale Sayers, who had 64 yards rushing in eight carries, but 63 of the yards came on one running play to set up the first Chicago touchdown. Jack Concannon heeded two tries from the one foot line to take it over.

The Lions had many opportunities and breaks but quarterback Karl Sweetan, having the poorest day of his football career, couldn't move the offense.

POOR PASS RECORD

When he did hit his receivers, they dropped the ball, but for the most part Sweetan's passes were far out of reach of their goals. He connected on only six of 33 passes, fumbled twice and had one intercepted.

★ ★ ★

The Lions had an interception by Dick LeBeau on the first play of the game, had two fine kick returns by Tom Vaughn and Bob Thompson, blocked a Bear field goal and recovered a fumble deep in Chicago territory, but could not capitalize on the opportunities.

After taking a 7-0 lead, the Bears blitzed Sweetan on the Lion 16. Ed O'Bradovich knocked the ball out of Sweetan's hands and Doug Buffone picked it up on the one and went in to score.

Early in the second period, aided by a Chicago penalty, the Lions marched 59 yards in nine plays. Sweetan faked well and tossed to Mel Farr, all alone in the right flat for a nine yard touchdown to make it 14-7.

★ ★ ★

It took only 20 seconds for the Bears to get it back as Sayers took the ensuing kickoff on the three, cut to his left and went 97 yards for the touchdown.

The Lions still had a chance to close the gap before intermission, as Sweetan passed 41 yards to John Henderson to the Bears' 21. On the next play however Sweetan's pass bounced low out of Henderson's reach.

Still on the 21 and in field goal range, Sweetan was chased to the sideline where he threw the ball underhanded and was called for grounding the ball. The loss of down and penalty brought Garo Yepremian in for a field goal from the 43 and it was short.

Still with only 12 seconds left, Henderson was all alone at the Bears 35, but Sweetan throwing from his own 37 overthrew Henderson as the half ended, 21-7.

FUNBLED PUNT

A fumbled punt set up a Bears' 32-yard field goal to make it 24-7 early in the third quarter, then the Lions came back with Vaughn running back the kick 60 yards to the Bears' 34.

Mel Farr picked up 15 and two plays later Farr swept left end for the 11 yard touchdown. Yepremian's try for point, however, was blocked.

★ ★ ★

Wayne Walker tried a squib kick and the ball was taken by Ralph Kurek on the 25, returning it to the 50. Mac Percival completed the scoring with a 47-yard field goal.

Another attempt in the 4th quarter from the 17, hit the goal post and bounced back.

★ ★ ★

In the 4th period, a fumble at the Bears' 43 and an interception by Curtis Gentry at the Bears' 32 stopped the Lions drives.

Coach Joe Schmidt did not criticize Sweetan or any of the Lions, but it was apparent he was unhappy with the quarterback's poor showing.

GALE WIND ROARS — Chicago Bears' back Gale Sayers (40) breaks into the clear and races 63 yards in the first period against the Lions to the one foot line to set up Chicago's first touchdown. Later in the game Sayers ran back a kickoff 97 yards for the third touchdown. Giving chase in this photo are Wayne Walker (55) Alex Karrass (71) and Mike Lucci (53) hurdling at left. Chicago won, 27-13.

Newcomers Skating as Red Wings Fade

By FLETCHER SPEARS

DETROIT — The Red Wings and the Kings saw each other for the first time last night and both must have been a little impressed.

The Red Wings' old master Gordie Howe, skating on 39-year-old legs, has his usual scoring touch, but his efforts were overshadowed by the team and individual play of the Los Angeles Kings.

What looked like a sure Detroit victory turned sour late in the third period as the Kings poured in five goals in machine-gun-like fashion to post a 6-4 decision.

Sparking the Kings was 24-year-old newcomer Bill Flett, who was born shortly before Howe broke into the National Hockey League 22 winters ago.

★ ★ ★

Flett scored three times. He collected the Kings' first goal and rammed home the club's final marker with just a little more than four minutes left in the game.

TEN FOR GORDIE

Howe picked up his ninth and tenth goals of the season and added a couple of assists in pacing the Wings, but the old pro's work went to waste as the Detroit defense crumbled in the final period.

★ ★ ★

The four points raised Howe's total to 17 for the season in only 12 games.

The victory for the Kings was a big one. It boosted them atop the Western Division standings with a mark of 5-4-3. And the win was the second for the expansion club over an established NHL club. They earlier beat Chicago in a come-from-behind 5-3 effort.

The setback was the third in a row for the Red Wings and left them with a 6-5-1 record and a share of third place with Montreal. St. Louis trimmed the Detroiters Saturday night on the Blues' ice, 3-2.

★ ★ ★

For the first two periods and much of the third, the Kings of the West Coast looked much like you'd expect an expansion club to look — like a victim of a veteran NFL crew.

KINGS FIND RANGE

But not so. Trailing 4-2 with a little more than 10 minutes left in the game, the Kings found the range. In a span of little more than five minutes, they turned loose a barrage at goalie Roger Crozier and four of the shots made it past the little netminder to spoil the evening for the Wings.

★ ★ ★

General manager-coach Sid Abel, enjoying the proceedings from the lofty press box through the first two periods, shook his head slowly as the score went from 4-2 to 6-4.

Down 3-1 starting the third, Flett fired one through Crozier's pads near the right point while the Wings were a man short at the 5:17 mark.

Howe, on almost a carbon copy of his first goal in the opening period, took a pass from captain Alex Delvecchio and beat Wayne Rutledge with a four-footer directly in front of the net to make it 4-2 at the 5:34 mark.

★ ★ ★

From then on the Kings took charge.

CROZIER BOMBARDED

Brian Campbell beat Crozier with a 30-footer at 9:39, Bill Inglis poked in a rebound off Crozier's pads at 11:05, Bill White rifled one in from just inside the blue line at 14:25 and Flett whistled his third past Crozier at 15:43.

Dudley Wysong Sings Victory Tune in Hawaii

HONOLULU (AP) — Dudley Wysong addresses a golf ball as if afraid it was going to hit him back.

He started the $100,000 Hawaiian Open Tournament playing so badly he said he wasn't sure where the ball was going after he hit it.

★ ★ ★

But when it came down to the final holes, the quiet Texan refused to fold under the birdie pressure of veteran Billy Casper, and Wysong won the $20,000 first prize in a sudden death playoff.

Wysong and Casper finished the 72-hole tournament, played over the 7,000-yard Waialae course in brisk trade winds that made the coconut trees dance vigorously, tied at 284.

That was four under par for the four rounds.

Only four other players broke par, Doug Sanders, Babe Hiskey, Deane Beman and Tom Weiskopf, who tied for the third spot with 287, three strokes behind the leaders.

Defending champion Ted Makalena finished an even par 288, after an opening round 78. Arnold Palmer never got going and scored 72-74-74-72—292 for a 19th place tie and $1,150.

"It was the same story here," he said. "I played great the week before and couldn't win, and at Phoenix I just tiddled around and won the tournament. Last week, I felt real good, but when I got here I couldn't get set over the ball."

LONG SESSIONS

Wysong worked his troubles out in long practice tee sessions after the second and third rounds — both of which he led.

MIAA Rules Against Rescheduled Events

HOLLAND (AP) — The Hope-Albion football game and cross country meet postponed because of snow Saturday have been cancelled out altogether.

In a ruling Sunday, MIAA Commissioner John Hoekje said the league constitution specifically forbids a team from making a second trip to another college's campus for the same event.

Both Albion teams were on the Hope campus in Holland Saturday when the events were called off. They had been tentatively rescheduled for Nov. 18.

CHICAGO (AP) — The ageless argument of a strong offense versus a strong defense will be tested under unparalleled circumstances Saturday when Purdue and Minnesota clash in a pivotal Big Ten football game.

The Golden Gophers from the Northland will invade Purdue with a defense which has yielded an average of 5½ points a game while compiling a 4-0 Big Ten record.

★ ★ ★

Purdue, paced by the fabulous Leroy Keyes, has averaged 37¼ points per game in keeping pace with Minnesota and Indiana for a share of the conference lead.

While Minnesota and Purdue are battling in Lafayette, Indiana's undefeated Hoosiers invade deflated Michigan State where they hope to continue their surprising drive for the championship and their first Rose Bowl bid.

Regardless of what happens this week the conference race will be far from over since the three contenders will be involved in headon competition the following two Saturdays.

'M', MSU Stories, Page C-4

On Nov. 18, the big game will find Indiana at Minnesota while Purdue takes on Michigan State, and the season closes Nov. 25 with Purdue at Indiana while Minnesota takes on arch rival Wisconsin.

Purdue's only goal is an outright Big Ten championship since the Boilermakers cannot go to the Rose Bowl because of their appearance last season.

Minnesota and Indiana have the added incentive of both title and trip.

All three remained undefeated in Big Ten play with typical victories Saturday. Purdue, with Keyes scoring three touchdowns and passing for another, rambled over Illinois 42-9. Minnesota thwarted Iowa 10-0 and Indiana took a shaky 14-9 decision from winless Wisconsin.

Minnesota's big task Saturday is attempting to stop Keyes, who has scored 15 touchdowns, passed for two and leads major college scorers with 90 points.

"We knew where they were going to run and they still moved the ball," said Illini Coach Jim Valek. "When Keyes gets running room, he's trouble."

While Minnesota is trying to stop Keyes and Indiana is attempting to make it eight straight, Michigan will be at Illinois, Iowa at Northwestern and Wisconsin at Ohio State.

Western, Aquinas Harriers Triumph

Western Michigan and Aquinas picked up cross-country trophies Saturday in the Oakland University invitational.

Mike Hazilla, a junior from New York, turned nn a sparkling time of 31 minutes, 44 seconds over the tough, six-mile course to pace the Western victory.

Hazilla and his teammates totaled 34 points, with Michigan State taking second in the university division with 62. University of Michigan placed third (67), followed by Eastern Michigan (85), Bowling Green (106), Central Michigan (164) and Toledo (179).

Aquinas won the college division title with 23 points and host Oakland University took the runner-up spot with 45.

★ ★ ★

Hazilla turned in the fastest times at the two-mile 10:12) and four-mile (20:59) mark that have been recorded on the OU layout.

CLOSE RACE

Tim Hinck of Acquinas and Louis Putnam of OU staged a heated duel for the college title and Hinck emerged with the victory in 33:42. Putnam finished at 33:45.

Trailing Putnam for OU were Don Colpitts (3), Marc Dutton (8), Don Balkwell (15), Bruce Anderson (17), Mike Call (19) and Jerry Coffman (21).

COLLISION—CUT—CLASH — It all began when Boston's Bobby Orr collided with Brian Conacher of Toronto last night in their National Hockey League game at the Boston Garden. Orr suffered a cut on the face and the fight began. Players from both benches mill about the ice holding onto each other while trying to watch Conacher (on knees in front of linesman Walt Atanas in striped shirt at upper right) and Orr battle. Five penalties were meted out over the incident; and the game had 20 penalties — including two majors and a misconduct ban. (See story on Page C-3.)

Carol Hofman Has Two Victories in U.S. Horse Show

NEW YORK (AP) — Carol Hofmann is a 23-year-old brunette who has been a member of the U.S. Equestrian team for the past five years — but she has yet to make first string.

Miss Hofmann, a blood and thunder rider who never relaxes on the course, already has won two of the U.S. Equestrian team's decisions in the National Horse Show in Madison Square Garden, is riding only by coincidence.

Usually, the National limits international teams to four riders. This year, because only three international teams were entered, each squad was permitted to enter all its members. So Miss Hofman made it.

Sunday night, she rode Salem to the Royal International Trophy Class, a speed test in which she gave almost the entire field her time of 37.3 seconds to shoot at. No one could match it. Miss Hofmann was third out of the gate and so 15 other horses had a chance to beat her.

★ ★ ★

Miss Hofmann's triumph pushed the U.S. point total to 114. Even before her victory, after Kathy Kusner of Arlington, Va., had won the afternoon class on Aberali, Coach Bert DeNemethy's riders, had clinched the team title.

Bill Steinkraus of Noroton, Conn., captain of the U.S. team, leads for the individual international title with 38 points followed closely by Miss Hofmann with 34.

Pro 'Hall' Supervisor Dies of Heart Attack

WASHINGTON (AP) — Richard P. McCann, who supervised construction of the pro football Hall of Fame and then served as director of the Canton, Ohio, institution, died Sunday after suffering a heart attack.

McCann, 57, was in Washington to work on plans for naming D.C. Stadium home of the Washington Redskins of the National Football League, after the former Redskins' owner and his one-time boss, the late George Preston Marshall. McCann worked as Redskins' general manager from 1947 until his appointment to the Hall of Fame post in 1962. A native of Washington, he was a sports writer for several newspapers here.

Jets Crushed, 42-18

KC Chiefs on Track

The Kansas City Chiefs, pulled by their mighty little engine, appear on the track again and picking up steam, looking more and more like the Super Chiefs of 1966.

Still hopeful of another shot at the Super Bowl, the once-faltering American Football League defending champions ran over the New York Jets 42-18 Sunday after crushing Denver last Sunday.

★ ★ ★

The victory enable the Chiefs, 5-3, to hold their ground against Oakland and gain some against San Diego, the teams ahead of them in the Western Division.

Oakland raised its record to 7-1, but did not resemble any express in huffing and puffing by Denver 21-17. San Diego was idle.

In the other AFL contests, Boston kept Houston off the Jets' back by slowing down the Oilers 18-7, while Buffalo got back on the track against Miami 35-13.

Kansas City lay sidetracked with a 3-3 record two weeks ago after two straight losses before Mike Garrett, their 5-foot-9, 190-pound dynamo, moved it into high gear.

Garrett, slowed by injuries earlier, gained 101 yards and scored twice against Denver and then steamed for 192 yards, a club record, and a TD against the Jets.

★ ★ ★

The Jets, no easy mark, lead the Eastern Division by a game over Houston. It was only their second defeat and they trailed only 13-10 at the half before the Kansas City defensive line overwhelmed Joe Namath and the Chiefs' offense began moving.

Garrett's TD run, Willie Mitchell's 27-yard TD run with an interception and Len Dawson's scoring pass to Otis Taylor, all in the third period, put the game out of reach.

Oakland had a much tougher time against Denver. Two Daryle Lamonica to Bill Miller TD passes and two George Blanda field goals provided a 21-7 Oakland lead late in the third quarter before the Broncos came alive.

★ ★ ★

A fumbled punt led to Denver's second score in the fourth quarter and an 11-yard punt gave the Broncos another chance at the Raider 21 midway through the session. But all they could salvage was a field goal, their last good shot.

Houston, 4-3-1, missed its chance to tie the Jets as its vaunted defense held Boston to three Gino Cappelletti field goals and a safety until late in the final period, but could set up only one Oiler TD. That came after recovering a Boston bumble that led to a 45-yard scoring march that closed the gap to 11-7.

Buffalo, winning only the third time in eight tries, ran up its biggest point total of the season as Wray Carlton ran 15 times for 97 yards and two touchdowns. Billie Masters also caught Jack Kemp's two scoring passes, and Tom Janik ran intercepted pass back 19 yards for the fifth TD.

5 Left at Game's Finish

The five players that Minnesota finished the game with were the best the Muskies had. In fact, they were the only ones they had.

There was no help on the bench at the end of the Muskies' American Basketball Association game against Anaheim Sunday night because two players were injured and three had fouled out.

But by the end of three quarters, the Muskies really didn't need much help. They led 88-67 and eventually won 119-92.

Les Hunter, Ron Peery and Don Freeman each scored 19 points as the Muskies won their fourth straight. Ben Warley led Anaheim with 22.

The New York Knickerbockers of the National Basketball Association also won their fourth straight, 115-107 over the San Diego Rockets.

Dick Barnett scored 22, Willis Reed 21, Howie Komives 19 and Dick Van Arsdale 17 for the Knicks, who came back from a 52-50 halftime deficit to outsocre the Rockets 38-29 in the third quarter.

Unitas' Passes Produce 13-10 Win for Colts

John's Work in 4th Quarter Wipes Out Packer Lead

BALTIMORE (AP) — The amazing Johnny Unitas, man handled as badly as he ever has been, threw two touchdown passes in slightly more than two minutes Sunday to snatch a 13-10 victory for the undefeated Baltimore Colts over their National Football League nemesis, the Green Bay Packers.

★ ★ ★

The Packers appeared to be safely riding a 10-0 lead in an old fashioned die hard defensive contest when the frustrated Colts struck from out of nowhere in the waning minutes.

★ ★ ★

Unitas, thrown three times during the game for losses of 23 yards, finally moved the Colts for a touchdown on a 10-yard pass to Alex Hawkins.

★ ★ ★

With the clock nearing the final two minutes and the Colts due to kick off, Baltimore still seemed to be in a bad way. But Lou Michaels, who had been the goat to that point, sliced a short kickoff and Rick Volk recovered for the ecstatic Colts on the Green Bay 34.

LAST TO FIRST

The unpredictable Unitas ran six yards on last down to pick up a first down on the Packer 23. On the very next play, the incomparable quarterback tossed to Willie Richardson, who wrested the ball under the goal posts from Herb Adderly and went in for the winning touchdown.

Michaels had missed a 32-yard field goal and the conversion after the first Colt touchdown.

★ ★ ★

Those points would have enabled the Colts to escape with at least a tie.

The Packers nursed a 3-0 lead on a 49-yard field goal by Don Chandler in the second quarter until early in the last period when Donny Anderson tallied a touchdown on a 31-yard pass from quarterback Bart Starr.

The victory was the sixth for the Colts, who have been tied twice. The loss left Green Bay with a record of 5-2-1.

Saints Win First

'Flea' Flies High Over Eagles

NEW ORLEANS, La. (AP) — Walter "The Flea" Roberts scored three touchdowns as the New Orleans Saints upset the Philadelphia Eagles 31-24 Sunday and registered their first triumph in the National Football League.

The 5-foot-10, 163-pound Roberts, who missed last week's Saints game because of a National Guard callout by the governor, iced it for New Orleans by catching a 49-yard touchdown pass from Gary Cuozzo midway through the fourth quarter.

★ ★ ★

Roberts, a four-year pro veteran from San Jose State, took the opening kickoff and raced 91 yards for a touchdown to the delight of the paying crowd of 59,596.

★ ★ ★

Roberts scooped up a Jim Taylor fumble and dashed down the sideline 27 yards for a second period touchdown. Taylor had fumbled after catching a 28-yard pass from Cuozzo.

ROARED BACK

The Eagles roared back after Roberts' third touchdown and pulled within seven points of the neophyte New Orleans team with 4:56 left on a 33-yard pass from Norm Snead to Timmy Brown.

★ ★ ★

But John Gilliam's 53-yard kickoff return put the Saints deep in Eagle territory. Charlie Durkee tried a 33-yard field goal with two minutes left in an attempt to widen the Saints' margin. His kick was wide.

2 Late Redskin Miscues Lead to Cardinals' Win

WASHINGTON (AP) — St. Louis turned an interception and a fumble into fourth-quarter touchdowns Sunday to slip past Washington 27-21 in a National Football League game.

★ ★ ★

Early in the final period, free safety Larry Wilson intercepted a Sonny Jurgensen pass on his goal line and returned it 44 yards. On the next play, quarterback Jim Hart threw 55 yards to Jackie Smith, then sneaked over from the one.

Later, the Cardinals were forced to punt but John Love fumbled a fair catch and it was recovered by Clyde Williams on the Redskins' 24.

Eight plays later, John Roland went over from the one.

The Redskins came right back with a 65-yard touchdown on a pass from Jurgensen to Bobby Mitchell, who juggled the ball for 15 yards before gaining control.

The victory, before a sellout crowd of 50,480, gives the Cardinals a 5-3 record and leaves them atop the Century Division. Washington now is 2-4-2.

The Redskins scored first when safety Brig Owens intercepted a Hart pass and ran 45 yards to a touchdown.

★ ★ ★

The Cardinals came back early in the second quarter on an eight-play, 46-yard drive culminated on an 11-yard pass from Hart to Bobby Joe Conrad.

Jim Bakken put the Cardinals ahead with the first of two field goals, a 25-varder. His second was 17 yards.

Vikings Kick Giants, 27-24 on Late FG

MINNEAPOLIS-ST. PAUL (AP) — Fred Cox kicked a 13-yard field goal with 10 seconds left, capping a dramatic Minnesota rally that wiped out a 17-point deficit in the second half and brought the Vikings a 27-24 victory over the New York Giants Sunday.

The victory was only Minnesota's second this season in the National Football League. The other was a 10-7 triumph over Green Bay, also coming on a Cox field goal.

Aided by two pass interference penalties that thrust them deep into Viking territory, the Giants moved to the Minnesota 20-yard line with 1:40 remaining in the game. Bill Triplett tried to run off right tackle to move the ball into the center of the field, but fumbled and Minnesota's Gary Larson recovered.

The Vikings swept right back in a battle with the clock, and got the big play when Joe Kapp passed 55 yards to Gene Washington to set up Cox' winning field goal. Washington ran the ball to the Giants' 10-yard line and the Vikings ran three plays to get the ball in perfect position for Cox.

Defense Spurs Comeback Win for Los Angeles

Victory Leaves LA in No. 2 Spot Among Coastal Squads

SAN FRANCISCO (AP)—A rock-ribbed Los Angeles defense frustrated the San Francisco 49ers Sunday and gave the Rams a comeback 17-7 victory before a disappointed Kezar Stadium crowd of 53,194-largest in five years.

Several free-for-all fights broke out in the stands near the finish. The result left the Rams in possession of second place in the National Football League's Coastal Division with a 5-1-2 record and the 49ers third with 5-3.

★ ★ ★

The 49ers' first drive from their own 23 was stalled by the Rams' defense at the 10. Irv Cross blocked a 17-yard field goal attempt by Tommy Davis.

San Francisco then drove 64 yards in 11 plays and two penalties for a touchdown. With 18 seconds left in the first quarter, John Brodie passed to John David Crow 22 yards and Davis converted to make it 7-0.

The Rams came back with a 66-yard, six - play touchdown drive. The big gainer was a 54-yard pass play from Roman Gabriel to Jack Snow. Dick Bass finally punched in from the one and Bruce Gossett kicked the point to tie it up.

SIX INCHES

Just before te half the 49ers drove to the Rams' six-inch line but the defense held.

Again San Francisco thrust to the Los Angeles 20 but Ed Meador intercepted a Brodie pass on the Ram one.

The Rams went ahead to stay in the third on a nine play, 50-yard drive, climaxed by a three-yard scoring pass to Les Josephson.

QB Meredith, Reeves Pace Dallas Victory

DALLAS, Tex. (AP) — The passing combination of Don Meredith to Dan Reeves, who scored four touchdowns, carried the Dallas Cowboys to a 37-7 victory over Atlanta Sunday.

Dallas rolled on at the head of the Capitol Division of the National Football League with a 6-2 record. Atlanta was dropping its sixth game. They have won once.

Meredith, returning to quarterback after missing three games with injuries, had touchdown tosses of 60 and seven yards to Reeves, who also set up another touchdown with a pass reception and then scored it himself with a one-yard run.

ANOTHER TD

Lee Roy Jordan intercepted a Randy Johnson pass and raced 33 yards to another Dallas touchdown.

With only minutes to go, Reeves scored again on a one-yard blast.

Dallas' other points came when Jethro Pugh caught Johnson in the end zone for a safety.

Bloody 2-2 Tie for Leafs, Bruins

BOSTON (AP) — Pete Stemkowski's goal from just outside the crease with less than three minutes remaining lifted the Toronto Maple Leafs to a 2-2 tie with the Boston Bruins Sunday night in a wild, blood-spattered National Hockey League game.

Stemkowski converted a pass from Wayne Carleton at 17:46 of the third period to earn the standoff for Toronto, which had won three straight.

★ ★ ★

Referee Art Skov whistled 20 penalties, including two majors and a misconduct, for a total of 54 minutes in the game enlivened by a second period brawl which emptied both benches.

The hard-hitting of fists, sticks and elbows, in addition to solid body checks, overshadowed a tremendous goaltending duel between Gerry Cheevers of the Bruins and Johnny Bower of the Leafs.

Chevers turned in 39 saves, including a brilliant diving block on a second period penalty shot by Bob Pulford. Bower had 35 saves, including 30 in the first two periods.

Tempers flared from the outset and finally broke loose when Toronto's Brian Conacher elbowed Boston's Bobby Orr in the sixth minute of the second period.

★ ★ ★

Orr, dripping blood from a gash on the bridge of the nose, went down as Conacher continued up ice. John McKenzie chased the Toronto winger and Allan Stanley went to Conacher's rescue and soon a few personal slugfests were under way.

Orr finally got up and went after Conacher and pummeled the Toronto forward until he was pulled off. Then Boston's Ken Hodge caught Conacher and landed a few more punches.

When peace was restored, Conacher drew a major penalty for causing an injury, Orr received five minutes for fighting, Stanley, McKenzie and Hodge drew roughing sentences, and Boston's Teddy Green was given a 10-minute misconduct for remarks to the officials.

Wysong Takes Hawaii Open

(Continued from Page C-1)

He has a strange address. He puts his club behind the ball — and then moves it three or four inches to the right until the club and the ball aren't facing each other at all.

"It drives you crazy to watch the ball solid. He is a good player and he can do many things in golf."

Casper put the pressure on Wysong on the 16th hole when he smacked an iron three feet away and made a birdie 3. Wysong, playing behind, stroked his approach to the same spot, but his putt hit a spike mark and lipped out.

At the final hole, Casper made a birdie 4, and Wysong needed a birdie to win. The Texan hit a magnificent second shot — Palmer called it "the greatest of the tournament" — but the ball rolled and rolled until it trickled over the green.

Soccer Win for Cranbrook

Cranbrook registered an exciting come-from-behind soccer win Saturday at Nichols School in Buffalo, taking a 2-1 overtime victory to clinch a tie for second place in the Inter-State Prep League.

Trailing 1-0, the Cranes tied the game on Guy Neff's goal with five minutes to play in regulation.

Then early in the extra session, Ennis Berker's short shot stopped along the goalline and Cranbrook teammate Dan Kessler whacked the ball into the net to insure the goal was good.

VICTORY BLOCKED — Tackle Ron Boley (64) of Oregon State leaps in the air to block an attempted field goal by Zenon Andrusyshyn of UCLA in the closing moments of their game in Los Angeles, Calif., Saturday. Boley's effort plus that of his teammates enabled Oregon State to hold the No. 2 ranked UCLA squad to a 16-16 tie.

Key Clash Nears

Bowl Picture Shaping

By the Associated Press

Unbeaten North Carolina State and strong-coming Penn State clash head-on this week while top-ranked Southern California and surprise Minnesota face formidable rivals in games certain to affect the national rankings and the postseason bowl picture.

All major bowl spots are still up in the air, with less than a month to play remaining. Here is the situation:

Rose Bowl — Southern Cal (8-0) or UCLA (6-0-1) vs. Indiana (7-0) or Minnesota (6-1).

Orange Bowl — Tennessee (5-1) and Oklahoma (5-1) said to have the inside track and both Miami inclined.

Cotton Bowl — Texas (5-2), Texas A&M (4-4) or Texas Tech (4-3) the host against possibily the Penn State (5-2)-N. C. State (8-0) winner.

★ ★ ★

Sugar Bowl — Alabama (5-1-1) or Georgia (5-2) vs. Miami of Florida (5-2) at one of the leading teams of the Southwest Conference.

Gator Bowl — Penn State, N.C. State Houston and Texas Tech are prime candidates, depending on performances the last weeks of the season.

The host spot in the Rose Bowl and probably the national championship will be decided in the nationally-televised USC-UCLA game at Los Angeles Nov. 18. But Southern Cal this week must contend with giant-killer Oregon State, the team that beat Purdue and tied UCLA (16-16), and UCLA must take on tough Washington.

Tennessee, rated the best team in the bowl-conscious South, is reported favoring a trip to Miami—and Orange Bowl officials are delighted—while competition likely will come from Oklahoma, which could virtually sew up the Big Eight crown by beating Nebraska Saturday.

Such a game would be a replay of the 1938 game at Miami when George Cafego led the Vols to a 17-0 victory over the Sooners.

The Cotton Bowl must await the outcome of the tight Southwest Conference race. The title may hinge on the Texas-Texas A&M traditional head-knocker Nov. 23 but Texas Tech, with a 3-1 mark in the league, still can demand to be counted. Texas plays Baylor this week and Tech faces Texas Christian, with the Aggies idle.

The Cotton Bowl is expected to look to the East or tropical Florida for an opponent and probably will make strong overtures to the winner of the N.C. State-Penn State game at State College, Pa., and Miami of Florida, if the latter can beat Notre Dame Nov. 24.

If Tennessee chooses Miami, the Sugar Bowl will want either Alabama or Georgia. Alabama, beaten by Tennessee and tied by Florida State, could get another blemish at Baton Rouge, La., Saturday night where it faces a tough Louisiana State. High-scoring Georgia has remaining dates with Florida, Auburn and Georgia Tech.

The Gator Bowl at Jacksonville is growing in stature yearly and will battle the older bowls for prime material. This may be a landing spot for Houston, one of the country's more colorful teams.

2nd PBA Win for Keg Rookie

E. Lansing Harriers Top State

Oakland County's Class A individual and team qualifiers in the state cross country run at Eastern Michigan University did well Saturday although East Lansing won the team championship easily.

★ ★ ★

Defending champ Hazel Park relinquished its team title but the Vikings' Warren Krueger placed first with a 10:06.8 timing and Larry Williams of Farmington was fourth individually.

Royal Oak Kimball (179), Pontiac Central (189), Birmingham Brother Rice (191) and Hazel Park (193) trailed the champion Trojans who had only 50 points.

Ferndale was 11th and Royal Oak Dondero 17th. Sixth (West Bloomfield) and 16th (Oxford) were the best Class B placements by county schools; and New Haven (second) was the closets area school to make the top 13 in "C-D."

★ ★ ★

Grand Rapids Northview is the new "B" team titlist while Lawton successfully retained its Class C-D crown.

Pontiac Central's Jon Costello, a junior, placed sixth and made the All-State team to cap the Chiefs' best season since 1955. Central's Larry Hurst was 11th.

Highland Lakes Finishes 6th in Cross-Country

Highland Lakes campus of Oakland Community College finished Saturday in the regional cross-country meet at Jackson.

Grand Rapids Junior College won the title with 51 points and Dearborn Henry Ford was second at 62.

★ ★ ★

Highland Lakes' John Stevens placed ninth in the individual lineup and qualified for the national finals next week at Farmingdale, N.Y.

★ ★ ★

Trailing Stevens in the scoring were Dave Maun (17), Craig Owen (36), Al Nickerson (37) and Craig Strachan (43). The team finished with an over-all record of 12-5.

'M' Gains 500th Victory

Wolverines Snap Skid on Gridiron

ANN ARBOR (AP) — There have been a lot of victory celebrations in Michigan locker rooms but probably none sweeter to Coach Bump Elliott than the Wolverine's 500th football triumph.

"We needed that one badly," said Elliott after Michigan nipped the Northwestern Wildcats 7-3 Saturday to halt a five-game losing streak. "We may not win many football games but we sure do set some records."

★ ★ ★

Michigan is the fifth U. S. college team to win 500 games. Harvard, Yale, Pennsylvania and Princeton, all Ivy League powers with long football traditions, are the others.

Michigan halfback Ron Johnson, a junior from Detroit, set a Big Ten record with 42 rushes, four more than the old mark of 38 jointly held by former Illinois fullback Jim Grabowski and Ohio State's Ernie Parks.

Johnson gained 167 yards on slick turf made hazardous by four days of rain and a first quarter blizzard to put him within 69 yards of the legendary Tom Harmon's single season Wolverine rushing mark.

Johnson, with 815 yards in seven games, needs 70 yards against Illinois next Saturday at Champaign, Ill., to surpass Harmon's mark of 884 yards in 1939.

"He's a tremendous football player," said Northwestern Coach Alex Agase. "He is really tough and he hits hard."

Crediting the blocking of John Gabler and Gravie Craw for his fine showing, Johnson grinned and said: "I'm glad we won one."

Earlier this year, Johnson set a Michigan single-game rushing mark with 270 yards against Navy.

He said he hoped to break Harmon's rushing record and added: "The coach was calling the plays. It's the only way to play it."

Quarterback Dennis Brown plunged over from a yard out for the Michigan touchdown to cap a 14-play, 70-yard drive in the second quarter for the game's only touchdown.

FOURTH DOWN

He completed four passes for 37 yards in the drive before scoring on a fourth down play.

★ ★ ★

Brown brought Michigan to within scoring range three other times and had his team on the Wildcat one-yard stripe when time ran out. But each time, the Northwestern defense held.

Brown, who completed 10 of 22 passes for 77 yards, and Johnson were the only Michigan players to carry the ball.

★ ★ ★

"We felt that we had to stop Johnson and Brown and I think we were fairly successful for a time," said Agase. "But Johnson is really tough and he hits hard.

"However, I think the real difference in the game was that Michigan had the initiative to score when the time came and we didn't. To me, that's the real story of the game."

OSU Prevails, 21-7

Bucs Kayo Spartan Hopes

EAST LANSING (AP)—Football Coach Duffy Daugherty says his Michigan State Spartans "are obviously out of the Big Ten race" following their 21-7 loss Saturday to twice-beaten Ohio State.

And the mentor of the defending conference champions appears to be right. The Spartans, 2-2 in the Big Ten with only three games to go, trail three unbeaten conference foes—Purdue, Minnesota and Indiana.

★ ★ ★

Michigan State has already lost to Minnesota and plays Indiana and Purdue in its next two games.

Before the season started, Michigan State had hopes of winning a third consecutive outright conference crown, a feat unprecedented in the Big Ten.

Ohio State quarterback Bill Long mixed a good passing attack (nine completions for 129 yards) with the running of Dave Brumgard and Paul Huff to outclass the Spartans in their Homecoming game.

BACKFIRED

A Spartan gamble in the first quarter set up the first Buckeye score. With fourth down and two on the OSU 42, Michigan State sent LaMarr Thomas over right guard. Thomas failed to gain and OSU took over on downs.

★ ★ ★

The Buckeyes marched back up the field, aided by a 27-yard pass from Long to Bill Anders on the Spartan five. Huff carried to the one and scored on the next play.

★ ★ ★

"Maybe I was wrong," Daugherty said afterward about the fourth down gamble, "but it wasn't like they were in our territory. After all, they had to drive 60 yards before they scored."

Michigan State took the kickoff and immediately ran into trouble. Quarterback Jimmy Raye—still bothered by bruised ribs suffered two weeks ago at Minnesota—was dropped for a 10-yard loss. On the next play he fumbled, losing another yard.

HIGH SNAP

The Spartans punted, and a high snap from center nearly spoiled the play. Dick Berlinski had to boot the ball on the run and kicked only 20 yards to the MSU 34.

Ohio State scored eight plays later on a four-yard keeper by Long and took a 14-0 lead.

The Spartans scored in the second quarter on another fourth down gamble. With 13 yards to go for a first down, Raye threw 29 yards to end Al Brenner in the end zone.

Michigan State threatened early in the third period as Dwight Lee broke through the OSU defense and gained 25 yards. But Lee fumbled the ball and the Buckeyes recovered on their own 26.

Two Victories Give Pistons Winning Mark

DETROIT (AP) — It's too early in the season to mean much, but it was enough to make the Detroit Pistons happy as they moved over the .500 mark for one of the few times since their arrival in Detroit 11 years ago.

★ ★ ★

The Pistons pushed their National Basketball Association record to 5-4 over the weekend with a pair of victories over the Baltimore Bullets. The hapless Bullets now have lost six straight.

★ ★ ★

The Pistons rolled over the Bullets 127-118 in Detroit's Cobo Hall Saturday night after edging past them 115 - 113 on the Bullets' home court Friday.

★ ★ ★

Dave Bing and Eddie Miles teamed up for 68 points between them in the Pistons' victory Saturday. Bing had scored 42 points against the Bullets the night before, and Miles' 30 points was his best showing of the season since recovering from a knee injury.

QBs Trigger Raiders, CD to Victories

Quarterbacks Norm DeCourcy and Jack Zwemer plus halfback Tom McComb were the key men Saturday as North Farmington, Country Day and Madison Heights Lamphere coasted to easy victories.

Lamphere, coholder of the Central Suburban grid title at 4-1, posted a 47-0 rout of Fraser. McComb scored on 34, 63 and 5 yard runs to lead the victory.

DeCourcy passed 45 yards to Paul Adamian for a TD, ran 35 yards for one and tallied a third on a 35-yard pass play from Dave Negri as North Farmington topped Livonia Stevenson, 33-21. The Raiders are 5-3.

Country Day matched that mark while completing its season with a 32-0 romp against New York State's DeVeaux Academy.

Zwemer hit 12 of 19 passes for 210 yards and upped his season scoring pass total to 14 TD's with 25 (Tom Kerr) and 7-yard (Reed Bohne) aerials Saturday. He also ran 21 yards for a touchdown.

Steve Tarczy, completing his fourth varsity season as a regular, ran for 96 yards from scrimmage and scored on an 80-yard kickoff return.

John Randall had a 7-yard scoring run among his 84 yards. Tom Barkulis led the stingy Yellow Jacket defense.

In an Inter-State Prep League contest, Cranbrook faded in the final period to a 32-0 loss at Nichols School. The unbeaten Buffalo eleven led 6-0 at the half and 12-0 after three periods, then opened the flood gates.

Riding a streak of six straight victories, the Pontiac Firebirds are also riding a frustrating road in their bid for the Midwest Football League title.

The Firebirds whipped the Detroit Downriver Steelers, 46-6, before a small frost-bitten crowd at Wisner Stadium Saturday night to take sole possession of second place in the MFL as league - leading Mt. Clemens whipped the Ypsilanti Vikings, 34-6.

* * *

In the other league game played Sunday at Flint, the Dayton Colts overcame a 13-0 halftime deficit to defeat the Wildcats, 19-13.

Playing in a quagmire on the Wisner gridiron with snow flurries and the temperature at 28 degrees, the Firebirds stifled the Steelers offense with a net of minus-3 passing and minus-4 rushing.

Quarterback Tim Jones didn't have his usual bundle of touchdowns passing, but the Lions' taxi QB ran for three touchdowns and passed to Sam West for another.

Defensive end Ron Bemis started the scoring when he picked up a fumble and went 35 yards into the end zone and John Motzer converted.

A few minutes later, John Izer recover3d a fumble on the Detroit 45 and in six plays Marty Malatin went over from the two and it was 14-0.

An interception by George Lawsner led to the Steelers' lone tally from the 35. A. E. Adams passed to Wes Ivy 16 yards for the touchdown.

NEXT SCORE

Trying to stay out of midfield slop, the Firebirds moved to the outside for their next touchdown from 30 yards out after a poor punt and a defensive surge led by Bemis on the Steeler quarterback Ken Mapp.

Jones went over from one yard with 54 seconds left in the half.

When a fake punt failed, Pontiac got possession on the Detroit 25 with 23 seconds left and on he first play, Jones swept to his left on a keeper and scored the TD. Motzer made it 28-6 at the half.

Last hope for a plavoff against Mt. Clemens will hinge on the season finale. Pontiac must beat Flint and Lansing and then defeat Ypsi on Nov. 25, the same night Mt. Clemens plays at Dayton.

Eaglets Bid Stops

By FLETCHER SPEARS

DETROIT — It's all over for the Eaglets of Orchard Lake St. Mary.

With a cold wind sweeping over muddy Hammersberg field yesterday, the Eaglets bowed to Detroit St. Thomas, 20-0, in the semifinals of the Catholic Leabue's second division playoffs.

"They were just too much for us," sighed OLSM coach Fr. John Rakoczy, who was seeking his first playoff championship.

The loss ended a winning campaign for the Eaglets. They ran up a 7-0 record and captured the Northwest Parochial League championship with a team that was a preseason choice to finish well down the loop ladder.

The Eaglets played the Blue Streaks to a standoff for the first half yesterday; but with quarterback Mike Gawronski guiding the St. Thomas attack and halfback Cass Wolski doing most of the ball carrying, the Blue Streaks pushed across three touchdowns in the second half to post the decision.

REACH FINALS

The triumph boosted the Blue Streaks into the second division finale against St. Francis Xavier, a 33-14 winner over Marine City Holy Cross in the other semifinal encounter yesterday.

* * *

The Blus Streaks took the second half kickoff and moved 68 yeards with Gareonski sneaking for the final yard and running the PAT. Wolski caught a couple of passes in the drive and broke loose for two 12-yard runs to put the ball in scoring position.

Gawronski scored again early in the fourth quarter following an interception by teammate Dennis Sharkey. From the OLSM 34, Gawronski turned right end on a keeper play and went the distance.

Fullback John Klatt raced off tackle for the final three yards and the last St. Thomas touchdown late in the fourth frame.

The Eaglets never threatened, and only some stellar defensive work kept them in the game in the first half.

With end Grag Fior and middle linebacker John Wojtys spearheading the defensive unit, the Eaglets stopped the Blue Streaks at the one-yard line in the first, and halted another drive that reached their 10 in the second session.

ATHENS, Ohio (AP) — The Ohio University Bobcats were lucky enough to get a second crack at winning the Mid-American Conference football title and they didn't let it go to waste.

Never trailing, the Bobcats overpowered the visiting Western Michigan Broncos 20-10 Saturday, knocking the Broncos out of contention for the conference crown.

* * *

The Bobcats got their second chance last week when their loss to Kent State was transformed into a forfeit win because it was discovered Kent State had used an ineligible player in the game.

Western Michigan went into the game looking for its second conference title in a row, having shared it last year with Miami of Ohio.

Quarterback Cleve Bryant led the Bobcats to victory, passing in the first quarter to Phil Swindell for a touchdown play that went eight yards and running two yards in the third quarter for a second TD.

* * *

In between, the Bobcats' Dick Conley ran three yards for a score before the Broncos came back with a 30-yard field goal by Dale Livingston and a 13 - yard touchdown pass play from Jim Boreland to Sam Antanazze to make the score 13-10 at the half.

* * *

The Bobcats are now 5-3 overall and 4 - 1 in the conference this season. Western Michigan is 4-4 over - all and 4-2 in the MAC.

Cultural Achievements of Negroes Are Ignored

By WHITNEY M. YOUNG, JR.
Executive Director
National Urban League

A few weeks ago I attended an exhibit of paintings and sculpture by Negro artists. It was held at New York's City College, which cosponsored the event with the New York Urban League and the Harlem Cultural Council. The show covered the work of 54 artists over a period of 150 years.

YOUNG

It was a beautiful exhibit. The art works, from the earliest colonial portraits to recent abstract paintings, showed a creativity and sensitivity that could only belong to artists of the front rank.

As I left the exhibit, I thought of how important such a show is. So few Americans are aware of the cultural contributions of Negro citizens. Even many Negroes are all too ignorant of their own rich cultural heritage.

Most Americans think Negro cultural achievement starts and stops with a few spirituals. They know jazz is a Negro contribution, but they seem unwilling to admit that this is the only original cultural contribution this nation has made to the arts of the world.

★ ★ ★

They tend to look down on jazz, too. But a genius like Duke Ellington creates serious music which will live long after most "serious classical" compositions are forgotten.

ARTS HAVE BENEFITED

All of the arts have benefited from the contributions of Negro writers, artists and musicians.

New York has an interracial symphony orchestra, the Symphony of the New World, which is a showcase for Negro musicians. Hardly a week goes by without publication of new novels by talented young Negro writers. The Negro Ensemble Company, a new showcase for Negro playwrights and actors, will open soon with the help of a Ford Foundation grant.

But why, despite the cultural contributions of Negroes in the past, and the great artistic ferment today, is so little known about these accomplishments?

★ ★ ★

In large part it is the fault of the schools. When a young (white) Boston schoolteacher gave his students in a ghetto school a poem of Langston Hughes to read, he found that they loved it so much they memorized it. But the school's administrators gave him a hard time. "We don't teach things like that here," they said.

WROTE BOOK

He quit and wrote a book about the way Negro children are kept from learning about their own heritage (and much else, besides).

Not all schools are so openly racist, but the great majority do neglect Negro contributions, or restrict themselves to teaching a distorted picture of American history.

It must have come as quite a shock to many people to hear (because of a recent novel on the subject) of Nat Turner's slave revolt in 1831.

★ ★ ★

That's because most schools and textbooks pictured the slaves as happy and contented, and that's the way so many Americans think of this nation's brutal past.

Better Mouse in Demand for Research

WILMINGTON, Mass. (AP) — Build a better mousetrap and the world beats a path to your door. Build a better mouse, and you've got to go out and sell it.

That's what Dr. Henry L. Foster, a veterinarian, learned when he converted his Charles River breeding laboratories in 1955 from the production of ordinary mice to germ-free mice.

★ ★ ★

"We had to go out and convince people there was a need for it," Dr. Foster said in an interview. "At first it was difficult, but it worked out well."

Today the laboratories produce about 6 million germ-free rats and mice a year for research. Most of the demand comes from the drug industry, medical schools and the federal government, including the Manned Spacecraft Center in Houston, Tex., where they'll be used in tests to prepare man for landing on the moon.

VARIABLES KNOWN

The advantage to the researcher of germ-free mice is that there are no unknown variables.

A normal mouse may react to a test in a certain way because earlier in its life it was exposed to a bacteria or virus the researcher knows nothing about.

★ ★ ★

"The germ-free mouse offers the researcher a clean slate," Dr. Foster said.

Foster starts a family of germ-free mice by taking a baby directly from the mother's womb by a caesarean operation.

STERILE CHAMBER

"The fetal membranes and the placenta," Dr. Foster said, "are nature's own sterile isolator system. We deliver the baby mouse in a sterile chamber and then place him in a sterile container."

Actually, one male germ-free mouse is placed in a container with one female germ-free mouse. From then on, nature takes care of producing a family of germ-free mice.

★

The trick is to care for and feed this family in its sterile home without introducing a germ.

Food and bedding are specially treated by steam. Food is delivered to the containers by a series of air locks. Waste is removed by vacuum. The containers are air-conditioned.

★ ★ ★

"By now," Dr. Foster said, "we have pretty well perfected our techniques. We lose about 10 per cent of our animals through contamination, but that's all."

TV Setup Is Eyed for Poorer Nations

By Science Service

ANNAHEIM, Calif. — A television system described here today could be used by underdeveloped countries who could build receiving antennas for less than $50 apiece and maintain ground stations with relatively unskilled labor.

★ ★

Such a system would be a particularly valuable form of foreign aid, according to its designer, Peter F. Seilman, head of the Communications Task Force (CTF) of Airborne Instruments Laboratory, Deer Park, N. Y.

★ ★ ★

A single satellite in synchronous orbit above the equator could have Southeast Asia, India and Africa in view at all times, he said, and any schoolhouse equipped with an antenna could receive the signal.

RUSSIAN WOMEN AT WORK — This picture of Russian women at work is taken from a new filmstrip, "The Soviet Union — 50 Years of Communism," being sent to schools participating in The Pontiac Press' school program. The filmstrip traces Russian growth under Lenin and Stalin to the present day.

Part of Press' School Program

Filmstrip Traces Soviet History

On Nov. 7, the Soviet Union celebrates the 50th anniversary of the Communist Revolution. In 1917, Russia became the world's first Communist nation.

★ ★ ★

To help students learn more about the U.S.S.R., its government, and its people, a new filmstrip, "The Soviet Union — 50 Years of Communism," has been sent to schools participating in The Pontiac Press's school program.

Using fascinating photographs taken in the days after the Bolshevik Revolution, the filmstrip story traces the Soviet Union's growth under Lenin and Stalin to the present day.

With the filmstrip, students learn about Russia's present government, — its Communist economy —and its relations with the nations of the West.

They also learn about the Communist party's control of the government of the Soviet Union, — and the government's control of industry, agriculture, foreign trade, education, and newspapers is examined in depth.

'LACK OF FREEDOM'

Students are given information about the lack of freedom under communism, and the threat communism has posed for the West.

★ ★ ★

The filmstrip will aid students in understanding news articles about the U.S.S.R. — the second most powerful nation in the world.

"The Soviet Union—50 Years of Communism" is one of the monthly in-depth filmstrips in VEC News Service, which is supplied to participating schools by The Pontiac Press.

Continental Drift Issue May Be Settled in '70s

WASHINGTON (UPI) — East is East and West is West, all right, but Kipling may have been wrong when he said "never the twain shall meet."

In another 200 million years or so, according to the Smithsonian Institution, the continents of the East and West may well meet — right in the middle of the Pacific Ocean.

They may, that is, if there is anything to the theory that the continets once were one land mass which came unstuck 200 million years ago and broke into segments which have been drifting apart ever since.

The continetal drift theory has been a matter of dispute for more than a century. Thanks to a new science called "satellite geodesy" the issue should be resolved once and for all in the next decade, the Smithsonian says.

★ ★ ★

In 1912 a German named Alfred Wegener suggested that the continents once were a single gigantic island in the world ocean. The island split up and the drifting parts — still drifting, presumably — reached their present positions approximately a million years ago.

HARD TO IMAGINE

Despite the evidence of the world map, most scientists couldn't imagine any mechanism that would cause the great granite-based continents to turn into so much flotsam and jetsam floating hither and yon.

But lately Wegener's theory has become rehabilitated, so to speak. A distinctive geological formation on Africa's west coast has been found to match a similar pattern of rocks on South America's northeast coast.

Other evidence indicated the ocean floors are spreading away from the great central ridges, which exist under all the major seas, at a rate of 1 to 2 inches a year.

★ ★ ★

This is almost precisely the rate of drift that would have brought the continents to their present locations if a great bust-up had occurred some 200 million years ago.

SNOWBOUND—Eastbound traffic was snarled for miles in the northeastern tip of Ohio yesterday after 14 to 16 inches of snow fell. These vehicles are on Interstate 90 outside Ashtabula. Highway patrol officers said the snowfall started about 3 a.m. and didn't stop until midafternoon.

After Bali Hi, Humphrey Sees Suharto

JAKARTA (AP) — Vice President Hubert H. Humphrey left the holiday island of Bali today and prepared for more talks with Indonesia's acting President Suharto, whose mediation in the Vietnam war he reportedly has sought.

The vice president donned a sport shirt and relaxed on his overnight visit to Bali, an island of beautiful girls, colorful dances, smoking volcanoes, lush jungles and white sand beaches.

He was greeted by scores of lovely girls sprinkling him with flowers, and girls in colorful sarongs lined his route to the airport today.

Humphrey was to be host tonight at a dinner for Suharto after a stop in Central Java to inspect an agriculture project sponsored by the American Food for Work Project.

MEDIATION ASKED

A spokesman for Suharto said Humphrey had asked the Indonesian government to mediate in the Vietnam war and that Suharto replied the war could be solved only if all parties involved sincerely wanted an end to it.

Indonesia earlier had offered to mediate but stressed that the conflict should be resolved by the Vietnamese people themselves and, if necessary, with the help of African and Asian countries.

★ ★ ★

Foreign Minister Adam Malik, in Bonn for talks with West German officials, told newsmen Sunday that "We are ready to do our share for both sides if they wish it. We have an ambassador in North Vietnam and we also have contact with the Vietcong."

Humphrey also told Suharto the U.S. gvernment wants to help Indonesia overcome its economic difficulties and will join other creditor nations to help supply $325 million in foreign credits needed for economic development.

But in Singapore, Prime Minister Lee Kuan Yew appealed to the United States to avoid starting a new arms race by supplying weapons to Indonesia.

He said he had asked U.S. officials in Washington last month: "Can you guarantee me that we will always have in Indonesia a pragmatic, realistic, hardheaded, cooperative, peace-loving regime? Can you guarantee me the moment the regime changes you can take back all these weapons of destruction?"

Lee said the officials told him he had "too vivid an imagination" and should not worry because Suharto's government is peace loving. Lee, however, has not forgotten that under President Sukarno, Indonesia waged an undeclared war on Malaysia and Singapore.

Humphrey's visit to Bali was his first real relaxation on his Southeast Asian trip that has taken him through South Vietnam, Malaysia and Indonesia.

He is scheduled to leave Jakarta about midnight tonight for the United States.

Labor Dept. Restricting Agricultural Child Labor

WASHINGTON (UPI) — The Labor Department is moving to check the accidental death rate in agriculture—the third highest of any occupation in the nation — by imposing regulations on child labor on the farm.

★ ★ ★

New regulations, the first of their kind in the agricultural industry's history, were issued during the weekend. The department has become alarmed at the accidental death rate, exceeded only by that of miners and construction workers.

The regulations restrict farm younsters' use of such machinery as tractors, combines and various power unit equipment.

But the rules, effective Jan. 1, are not expected to have much impact on the industry, despite the fact that nearly one-fourth of the nation's paid farm workers are under 16 years of age. This is because the regulations do not apply to such areas as picking vegetables, loading or unloading trucks, or working with most animals.

★ ★ ★

In addition, the regulations only affect youths working on commercial farms. Those youngsters laboring on their parents' farms are exempt.

REGULATIONS EASED

Some regulations were liberalized in nonfarm areas in an attempt to provide more jobs for teen-agers.

Effective immediately, persons under 16 can work as helpers on motor vehicles, drive motor vehicles on private roads, and operate automatic, enclosed elevators. In addition, youths between 14 and 16 will be able to work until 9 p.m. between June 1 and Labor Day.

Assistant Labor Secretary Esther Peterson said the regulations were part of a "hard and continuous look" by the department into the area of child labor conditions.

★ ★ ★

She emphasized that these were interim regulations which would remain in effect only until Jan. 1, 1970, when the department will have sufficient data to determine if any permanent changes are needed.

FEW AFFECTED

An American Farm Bureau Federation spokesman said he had no idea how many youths would be affected by the new regulations, but estimated that only a few thousand of the 800,000 young farm workers covered by law would be directly affected by it.

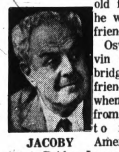
Jim: "Why don't you take over today and talk about Alvin Landy? I started to say 'your old friend,' but he was my old friend, too."



JACOBY

Oswald: "Alvin was every bridge player's friend. In 1947, when he came from Cleveland to run the American Contract Bridge League, he took over the thankless job of getting the league going again after the troubles of World War II."

The 200,000 members today reflect how well Alvin did his job. We will all miss him, and tournaments just aren't going to be the same. Alvin was also a great player, although his duties kept him from playing in more than one event every two or three years.

"The Landy convention will be one monument to him but his real monument is the ACBL."

Jim: "The Landy convention was the first of several artificial conventions designed to make it easier and safer to compete against an opening one no-trump.

"The theory is that, since the no-trump is a good, balanced hand, there is little point trying to bid clubs against it unless you can afford to try an immediate club jump. Hence when a player writes 'Landy' on his convention card, he says that if he bids two clubs against an opening no-trump he wants his partner to bid a major suit."

Oswald: "North wouldn't know which suit to bid or whether he should bid at all without the Landy convention. With that convention, he is able to bid two clubs and show both his suits at once. East's two no-trump is an effort to shut South out of the bidding, but South likes his hand and jumps right to four spades."

Jim: "South's four-spade bid is a trifle optimistic. The more conservative call of three spades probably would be better, but this four-spade bid works like a charm. Spades break, hearts break, the queen of spades is right and all South loses are two clubs and the ace of trumps."

Astrological Forecast

By SYDNEY OMARR
For Tuesday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21-Apr. 19): Dialog with friends could bring hopes, wishes closer to fulfillment. Be sure you are correctly quoted. Don't take for granted that others understand. Be specific.

TAURUS (Apr. 20-May 20): Suggestions do not necessarily constitute criticism. Know this today. Be receptive. Don't be resentful if one in authority attempts to aid. Streamline methods. Be modern.

GEMINI (May 21-June 20): By getting started on work project today you help insure future security. Key is ability to handle responsibility under pressure. Accent on health, relations with co-workers.

CANCER (June 21-July 22): You can settle delicate problem by talking frankly in area of finance. Finish tasks. Don't hang on to impractical situation. Be strong enough to be realistic.

LEO (July 23-Aug. 23): Creative point of view is a necessity. Make changes. Shake off any tendency toward lethargy. Some oppose you. But this acts as spur. You can accept challenge and, succeed. Be vital.

VIRGO (Aug. 23-Sept. 22): Conflict may exist between going and remaining. Key is to be up-to-date without rejecting proven methods. Romance shown, but foolish quarrel could upset plans. Be wise.

LIBRA (Sept. 23-Oct. 22): Emphasis on home, security, property. Be versatile but heed advice of older individual. Might be fine day for house hunting. Get proper perspective where values are concerned.

SCORPIO (Oct. 23-Nov. 21): You could change your mind about possible journey. Relatives, family members appear to be involved in decision. Check details. Be sure of directions, instructions. Have facts at hand.

SAGITTARIUS (Nov. 22 - Dec. 21): You appear to get instructions from behind the curtain. Means here are those who coach you, chide and impel. Key is to maintain balance, humor. Take stock. Wait and see.

CAPRICORN (Dec. 22 - Jan. 19): Cycle moving up. You can successfully take initiative. Meet people. Go places. Do things. Friends could prove helpful. You can gain through entertainment at home.

AQUARIUS (Jan. 20-Feb. 18): Surprise due in form of assignment, reward, appreciation from unusual source. Cycle high. Time moves. Avoid tendency to throw away things of value.

PISCES (Feb. 19-Mar. 20): A look at past could prove worthwhile today. Means there are lessons to be reviewed. Avoid being overconfident. Know that you succeed if caution is exercised.

IF TOMORROW IS YOUR BIRTHDAY you tend to be introspective—your feelings run deep. There is nothing superficial about you. Your sense of awareness is great. Many consult you with their problems.

GENERAL TENDENCIES: Cycle high for AQUARIUS, PISCES. Special word to LIBRA: one who talks about how much he is going to give you may have nothing but conversation.

Wallace Is Tool of LBJ, Says Gov. Kirk

By the Associated Press

Republican Gov. Claude Kirk of Florida, who says he knows who President Johnson's 1968 running mate will be, now professes to see a new and unexpected ally in Johnson's corner: George Wallace.

Kirk said Sunday that Wallace, the former Alabama governor who talks of mounting a third-party presidential campaign, "may be either a willing tool or unknowing tool" of Johnson's.

Either way, said Kirk, "The word is out in the Democratic party now from the White House that it's all right to go for George Wallace; they'll look the other way after the campaign is over." Kirk said Democrats have decided Wallace would skim off backing for Republicans from anti-Johnson Southerners.

CALLED 'GOP TALK'

Wallace had three words for Kirk's assessment: "That's Republican talk," the ex-governor told a news conference in Albuquerque, N.M., where he stopped off briefly while returning from a 10-day tour of Western states.

Kirk spoke on the ABC television-radio program "Issues and Answers."

The Florida chief executive predicted last week that Johnson would dump Vice President Hubert H. Humphrey and pick retired Lt. Gen. James M. Gavin instead. Gavin has been one of Johnson's severest Vietnam war critics.

Meanwhile, Johnson's chances of carrying Louisiana against virtually anyone next year were called all but hopeless by that state's newly reelected Gov. John McKeithen.

"The best chance to get Johnson defeated most soundly is to see that his name gets on the ballot—and perhaps underline it," said McKeithen, a Southern moderate who soundly trounced a challenge last week from a Wallace supporter in the governor's race.

'One of the Lucky Ones' Recalls Night of Horror

LONDON (UPI) — "Don't look, dearie, keep your eyes shut."

Grandmother Ethel Cowland, 64, ignored her rescuers and peered at the floodlit wreckage of the train she had been riding.

"God, I wish I had kept my eyes shut," she whispered. "There were bodies everywhere."

Mrs. Cowland was one of the lucky ones. She wasn't scratched in Britain's worst train crash in 10 years.

* * *

For her, the 7:43 from Hastings to London was ideal. It had permitted her to miss an earlier train and stay with her grandchildren for a fireworks display marking Guy Fawks Day.

'LIGHTS WENT OUT'

One stop from suburban Lewisham Mrs. Cowland's happy day turned into a night of horror.

"I was in a carriage in the middle of the train," she said. "Suddenly, it started bumping. Then it went up and down furiously. Then it lurched and the lights went out."

People screamed in the darkness. They were tossed like rag dolls and baggage crashed down from overhead racks.

Mrs. Cowland could not remember her car leaving the track near the Hither Green Bridge.

PANIC, CRIES OF PAIN

"I ended up in a corner of the carriage," she said. "I had been thrown on top of a girl who seemed very badly hurt. It was black, very black, and I could smell smoke."

There also was panic in the wreckage and cries from the injured. In the darkness, people screamed and moaned. But one man, shouting louder than the others, gradually got everyone quiet.

"This man began organizing everyone," Mrs. Cowland said. "He was wonderful, very cool."

The man—no one thought of asking his name—began leading survivors out into the chilly, wet night even before the first rescuers arrived.

LED OUTSIDE

But Mrs. Cowland was too frightened to walk. So two men led her outside.

Emphysema now ranks second only to heart disease as a cause of disability.

Lakes Basin Bill Is Planned

WASHINGTON (AP) — Rep. Clement J. Zablocki, D-Wis., said today he will introduce a bill that would give congressional consent to the Great Lakes Basin compact established in 1955.

Zablocki said 21 members from Great Lake states are cosponsoring the legislation.

* * *

Previous attempts to get the required congressional approval of such compacts have been blocked by the opposition of New York. All eight states joining in the compact have agreed on the new bill, Zablocki said.

Orbital Bomb Legalities Eyed

WASHINGTON (UPI) — Would Russia's newly disclosed fractional orbital bombardment system (FOBS) violate the outer space treaty Moscow and Washington recently signed?

Defense Secretary Robert S. McNamara claims it would not because it is designed to rain bombs on an enemy before entering full orbit, and the treaty bans only nuclear weapons which make one or more full orbits of the earth.

But some State Department legal experts are not as quick to give up U.S. legal objections to the system.

And Sen. Henry M. Jackson, D-Wash., who presided at joint congressional Atomic Energy Subcommittee hearings on the matter today, said if the weapon was not a technical violation of the treaty, it certainly was a violation of good faith.

The space treaty forbids nations from placing "in or around the earth any objects carrying nuclear weapons of mass destruction . . ." It was aimed primarily at preventing the Russians and United States from putting nuclear weapons into orbit permanently, enabling them to bring down a payload on call.

McNamara told a news conference last week a FOBS attack would not constitute a violation of the outer space treaty if the weapon came around the South Pole without completing a full orbit.

POINT OF VIOLATION

But it would be a violation of the treaty, he said, if the weapon completed a full orbit or several orbits.

The State Department said officially during the weekend that it had "nothing to add" to McNamara's statement from the legal point of view.

One of the difficulties in applying the outer space treaty to the new Russian weapon is that the treaty avoids defining what is meant by an "orbit" or even "outer space."

But it is conceivable that, for the purposes of legal argument, experts may still claim the FOBS does violate the outer space treaty by merely passing into a partial earth orbit.

CONTRADICTORY INTERPRETATION

Such an argument, if it were eventually presented by State Department lawyers, would contradict McNamara's contentions.

McNamara stressed that the Russians are still in a developmental stage, thus it is certain that so far the Kremlin has not violated the treaty.

The idea of an orbital, or suborbital bomb, has been discussed by the Russians on various occasions in the past.

* * *

In December 1961, former Premier Nikita S. Khrushchev claimed in a Kremlin address that the Soviet Union was capable of bringing down a payload anywhere on earth from cosmic orbit. He made it clear that the payload could be a nuclear weapon but quickly added that he meant to threaten no one.

WEAPONS HINT

In the fall of 1964 Khrushchev reportedly indicated to a visiting Japanese delegation that Russia possessed, or could possess, a "monstrous" weapon possibly potent enough to destroy the earth.

It was speculated that he was referring to a system of permanently orbiting nuclear bombs which could be directed against the planet by a push button. But subsequently the Russians issued numerous clarifications which softened Khrushchev's boasts.

The realization that the United States was capable of developing a similar "monstrous" weapons may have encouraged Russian interest in concluding the outer space treaty which prohibits it.

But the Russians may still have pursued the development of a suborbital weapon on the recommendation of the Soviet military establishment, because they claim it does not violate the space treaty and from fear the United States may be doing the same.

Man and Girl Surrender in 5 Shootings

ANN ARBOR (AP) — "I'm glad it's over," said Miss Linda Winters, 18, of Jackson, after she and her parolee boyfriend surrendered to police who had sought them for a week in connection with five shootings.

Washtenaw County Sheriff's Detective Chester Wilson said Miss Winters appeared relieved when she and Joseph Bouchie, 24, of Ypsilanti turned themselves in Saturday at the urging of his father.

* * *

Bouchie was held on four counts of assault with intent to commit murder. The Washtenaw County prosecutor's office said it was considering filing charges against Miss Winters.

OBJECT OF HUNT

The couple had been the object of a police manhunt since the Oct. 29 parking lot shootings of four persons. A fifth person, a Detroit gas station owner, was shot two hours later while attempting to collect $4.95 for gas.

The four persons shot in the argument at Ypsilanti were guarded by sheriff's deputies while being treated this week in a Ypsilanti hospital.

* * *

Listed in critical condition with stomach wounds were Raymond Pope, 23, and Edward L. Gillespie, 28, and his brother, Lawrence, 31. Pope's wife, Barbara, 20, was in good condition with an arm wound.

The gas station owner, Lloyd Ash, 55, was reported in critical condition with wounds in his chest and side.

Mrs. Kennedy at Dedication

SIHANOUKVILLE, Cambodia (AP) — Mrs. John F. Kennedy dedicated a broad boulevard to her late husband today with the wish that he could have been present.

With Prince Norodom Sihanouk, Cambodia's chief of state, at her side, the president's widow dedicated the boulevard in Cambodia's new port and made a brief nonpolitical reply to the prince's welcome and praise of President Kennedy.

* * *

Mrs. Kennedy and her party flew to Sihanoukville, on the southern coast, after three quiet days of sight-seeing at the famed temple ruins at Angkor.

Prince Sihanouk at the dedication paid high tribute to President Kennedy and said his memory in Cambodia has not been impaired by the break in diplomatic relations between Phnom Penh and Washington.

* * *

Although the prince warned at a news conference Saturday that no political meaning should be read into Mrs. Kennedy's "private" visit, he did say it represented a detente, or softening, in previous relations between the United States and Cambodia.

Israel Rushes to Develop New Weapon--Television

TEL AVIV (AP) — Israel has embarked on a crash program to develop a new weapon against the Arabs — television.

It's a race against time. The Israelis fear the Jordanians will have the same propaganda weapon operational sooner.

★ ★ ★

Considered to be at stake in the budding Middle East television war are the loyalties of hundreds of thousands of Arabs in the halfway land of Jordan's west bank, now under Israeli occupation.

★ ★ ★

For the Israelis, trying to win that loyalty is worth $6 million a year — the estimated cost of four hours of entertainment and news programs daily.

FIRST TV VENTURE

It is Israel's first venture into mass consumption television and, ironically, it will be mainly the Arabs who tune in on the result. Three program hours each day will be in Arabic, only one in Hebrew.

"Propaganda is propaganda," one government official explained. "We understand Jordan is planning to have their own television working in a couple of months. We have to be smart about it."

★ ★ ★

The provisional target date for Israeli emergency television — as it is called — is April 1. Preparatory work is moving at a sharp pace.

A task force of Arab affairs and communications experts, headed by an American professor, will be closeted in a seaside hotel all this week to hammer out guidelines for Arabic-language programing.

A $150,000 truck purchased in West Germany with measuring devices to find suitable locations for transmitting stations has been shipped in.

The television sets are already there — about 40,000 in Israel and an as yet uncompiled number on the west bank and in the Israeli-held Gaza Strip.

The Israelis can watch a few government - sponsored instructional programs and, along with the west bankers, telecasts from Syria, Lebanon and Egypt.

The Arabs' television monopoly irritated Israelis during the war last June.

'ISRAELIS DARK'

"Everybody else in the world was watching what was happening except Israel," says the television task force chairman, Prof. Eliahu Katz, who works at Jerusalem's Hebrew University and at Chicago University.

Katz, 41, is a mass media research expert who was born in New York City and resides for most of the year in Jerusalem.

He says the project should aim for more than just propaganda.

"It's a matter of establishing a rapport with these people," he says. "I hope this operates much less in politics and ideology and much more in the exchange of ideas and culture."

Whatever the Israelis and Jordanians decide to put before the cameras is assured of an eager audience.

As an Arab intellectual in the now nearly lifeless Old City of Jerusalem put it: "What do we have to do but watch television?"

Retreat Is Continued

Another Sharp Loss for Mart

NEW YORK (AP) — The stock market took another fairly sharp loss early today. Trading was moderately active.

The market was continuing a retreat that has been going on for six weeks, searching for a support zone after penetrating several on the way down from the September peak.

★ ★ ★

The Dow Jones industrial average at noon was off 4.45 at 852.17.

At the opening, gains and losses were about in balance but the weight shifted to the minus side steadily as the session wore on.

Analysts saw little in the news to stimulate a rally, especially on the eve of Election Day when the New York and American Stock Exchanges will be closed. Traders were reluctant to commit themselves in advance of the voting which could possibly produce some results which would have an impact on Wall Street.

The Associated Press average of 60 stocks at noon was off 1.5 at 307.6 with industrials off 2.7, rails off .9 and utilities unchanged.

Prices underwent an irregular decline on the American Stock Exchange with trading fairly active. Associated Oil & Gas and Siboney Corp. were active fractional gainers. Gale Industries and Consolidated Oil & Gas lost about a point each. Sunair Electronics gained about 2 points and Automatic Radio more than a point, both in active trading. Westates Petroleum gained a fraction in brisk dealings.

U.S. Planes Hit on Hanoi Edge

Storage Area Ripped, Two MIGs Downed

SAIGON (AP) — U.S. warplanes bombed a military storage area on the edge of Hanoi for the first time today and a covering U.S. Air Force Phantom jet shot down two MIGs that came up to challenge them.

The storage area that came under attack had been on the Pentagon's out-of-bounds list.

The downing of the two Korean War-vintage MIG17s by the fastest plane the Air Force has, brought to 98 the number of MIG kills for American airmen in battles over North Vietnam. The United States has lost 26 planes to MIGs.

It was the fifth time a single U.S. jet had reported knocking down two MIGs in one day.

American planes hit the Gia Thuong storage area less than a mile north of the Gia Lam airbase, which is across the Red River from the heart of Hanoi and is North Vietnam's main civilian air field.

★ ★ ★

Gia Lam is also the only MIG airfield U.S. warplanes have not yet attacked and one of about five major targets still on the Pentagon's restricted list. Among the others are the Haiphong docks and railroad terminal and the power plant in Lao Cai, on the border of Communist China.

RED CHINA LINK

The Gia Thuong storage area is on the main northeast railroad and highway from Communist China to Hanoi over which military supplies come for North Vietnamese troops fighting in South Vietnam. The area is between two key bridges, the Canal des Rapides and the Paul Doumer, both of which have been repeatedly attacked by American bombers.

★ ★ ★

A U.S. spokesman said Gia Thuong is considered one of the largest military storage areas in North Vietnam, with 72 storage buildings, 11 support buildings and eight administration buildings in the compound. He said the American bombs impacted on the buildings and on antiaircraft sites protecting the area.

★ ★ ★

The spokesman said both the Canal des Rapides and Doumer bridges had been knocked out in previous raids and there apparently was a backlog of military supplies in Gia Thuong, making it "a lucrative target."

MIG BASE RAIDED

In another major strike Sunday, Air Force Thunderchiefs again raided the Phuc Yen MIG base northwest of Hanoi and reported damaging at least two MIG17 interceptors on the ground. In South Vietnam, meanwhile, South Vietnamese infantrymen battled Viet Cong troops near Loc Ninh.

One American F105 was shot down during the Phuc Yen raid, but two propeller-driven A1 Skyraiders drove off two MIG17s while a "jolly green giant" helicopter rescued the pilot.

A Threat to Free Enterprise?

Business Eyes Youth

By JOHN CUNNIFF
AP Business Analyst

CUNNIFF

NEW YORK — Is the fate of the free enterprise economy endangered by a bunch of unwashed unkept, fuzzy - minded youths lacking goals or business instinct but now, inevitably, attaining a more important role in the economy? This is the nightmare that in a few frantic moments some businessmen see before them. Some sociologist and educators tend to agree that the nightmare could become reality.

Dr. Marshall McLuhan, the famed Canadian professor and social critic, even foresees an economic depression resulting from this take-over of the economy by a generation poorly adapted to the demands of business.

The nightmare theory may ignore some important factors, however, including the prospect that youthful rebels often become conventional adults, a transition that parents may recall from their own experience. It may give to little value also to the fact that youthful protest, a consistent theme of society, often inspires constructive change by exposing weaknesses, inequities and falsehoods. Business could benefit from protest.

In any event, the number of hippies probably has been overestimated, although a teen-ager doesn't need to look like a hippie to sympathize with some hippie beliefs.

POINT OF VIEW

The most powerful tranquilizer for businessmen's nightmares is a change of viewpoint, to realize, for instance, that the society that produces hippies produces Peace Corps volunteers as well.

A changed point of view may also reveal that, although much of the business community doesn't attempt to communicate with younger generations, some business organizations make it their avocation.

★ ★ ★

In the Junior Achievement program, businessmen and industrialists give guidance to 150,000 high school students in organizing and managing their own small-scale businesses.

This educational program, now 48 years old, has chapters in more than 500 communities, where youngsters organize businesses by selling stock and then operate their businesses, hopefully, for profits. In doing so they learn about profit and loss statements, taxes, mergers and, if need be, bankruptcies.

SPEAKING PROGRAM

As an antidote to all the publicity about hippies, the Reader's Digest has chosen 16 outstanding Junior Achievers from around the country and is sending them out as speakers. The students will write their own speeches; they won't be censored.

Based on interviews conducted by the Digest and Junior Achievement for the Associated Press, their talks will be informed, tolerant and generally acceptable to the business community. But they might provoke it as well.

★ ★ ★

One of the questions was this: "Do you feel that the institution of private enterprise is equipped to help solve some of our great sociological problems? "A few of the answers, greatly abbreviated, follow.

★ ★ ★

Michael Collins, 19, Columbus, Georgia: "Yes, private enterprise could do it if only it would try. Somebody needs to get in there and tell those businessmen, 'You can it.' And they can."

'MUST TACKLE PROBLEMS'

Cynthia Vyszenski, 18, Dayton, Ohio: "Not only do I think that business can, but it MUST attempt to solve many of our sociological problems. If business allows the federal government to assume ALL the initiative and responsibility, then it deserves the bad image that it now possesses."

Donna Stone, 17, Atlanta, Georgia: "Scholarships and jobs provided by businesses for industrious and capable member of ghettoes could bring about self-improvement in those areas."

★ ★ ★

Steve Tvorik, 18, Cleveland, Ohio: "There is only one institution in society capable of acting to abolish poverty, the federal government."

These are youthful opinions today. They may be the ingredients of decisions tomorrow.

Hussein Bids for Israel Peace

Recognition by Arabs, Canal Rights Seen

UNITED NATIONS, N.Y. (AP) — King Hussein of Jordan made the strongest Arab bid for peace with Israel so far Sunday, telling an American television audience Arab leaders are willing to recognize Israel's right to exist and possibly to let Israeli ships through the Suez Canal if Israel meets "the right conditions."

Replying to questions on the CBS program "Face the Nation," Hussein said a prerequisite to direct peace talks is the withdrawal of Israeli troops from all Arab soil it occupied in the June war. Israel has said it will never let go of Old Jerusalem, which Jordan seized in the 1948 Palestine war, and Israeli Prime Minister Levi Eshkol indicated a week ago that Israel intends to keep other Arab areas it captured in June.

★ ★ ★

Artillery and tank fire punctuated the predawn stillness on the Israeli-Jordanian cease-fire line Sunday, marking the third border clash in three weeks between the two countries. An Israeli army spokesman said Jordanian guns opened up to cover Arab saboteurs who blew up a building at a farm settlement and were trying to cross the Jordan River to safety.

Jordan charged that Israel opened the two-hour artillery duel by firing on homes in the Ghor area of northern Jordan. No fatalities were reported on either side.

★ ★ ★

Hussein meets with Secretary of State Dean Rusk in Washington today and with President Johnson Wednesday. The king said that in his talks with Rusk and Johnson, "I am going to expose the Arab position as it stands now. I think it is a reasonable one and represents a very, very tremendous change from earlier positions."

New Regime in Yemen to Seek Peace

SAN'A Yemen (AP) — Yemen's new Republican regime indicates that it will seek reconciliation with the Royalists and an end to the 5-year-old civil war, after its ouster of the president who seemed determined to keep fighting.

The new regime came to power Sunday in a bloodless coup while President Abdullah al-Sallal was out of the country. It said its goal is to "correct the situation" in Yemen.

★ ★ ★

Cairo's Middle East News Agency quoted the new acting president, Abdel Rahman Iriani, as saying contacts were under way with pro-Royalist tribes with the aim of bringing them into the Republican fold.

Iriani is a conservative and is believed to have great influence with the warring tribes.

EXPRESSED BACKING

The new premier, Moshen el Ainy, said all tribes have expressed backing for the new regime. He also said Yemen would follow a "good neighbor" policy with all sister states, including the neighboring monarchy of Saudi Arabia, which backed the Royalists in the civil war that began when Sallal led the overthrow of Yemen's 11-century-old monarchy in 1962.

Egypt sent 40,000 troops to Yemen to keep the Republicans in power, but its losses in the June war with Israel forced President Gamal Abdel Nasser to agree with King Faisal of Saudia Arabia to end their involvement in Yemen and try to restore peace there.

★ ★ ★

Sallal had obstructed the Yemen peace commission sponsored by the two nations, and it appeared that Sallal's ouster, if not engineered by the Egyptians, must at least have had their blessing.

Successful Investing

By ROGER E. SPEARS

Q—I have $30,000 in the bank. I am a childless widower, receiving $105 a month Social Security. I'm 72, without work and have to draw on savings for my living expenses. What do you recommend as the best method for survival? — Q.S.

A—An annuity would appear to be your best method for survival. You appear to have no direct heirs, so a straight life annuity seems most suitable for you. I would consult with an agent of a major insurance company and ask what they would pay on such an annuity. I would leave $10,000 in the bank for emergencies and put $20,000 into the annuity which at your age would pay you much more than any comparable investment. With your interest from $10,000 savings and your Social Security you should have a monthly income on which you can live in moderate comfort.

★ ★ ★

Q—We are interested in growth. We are both 55 and my income is in five figures. Insurance is adequate, equity in home substantial and we have $15,500 in savings. Among stock holdings we are concerned about are American Hospital Supply, Chemical Products, American Research and Dean Foods. Have you suggestions about these stocks?—P.R.

A—American Hospital is one of the best stocks in the growing medical-health field. I believe the rising earnings pattern will continue and I would hold these shares. Chemical Products showed sharply lower earnings in 1966 than in the previous year. I don't believe this is truly a growth stock and I think you will do better with Swift. Dean Foods is a pretty sound issue, but in your situation I would prefer Consolidated Foods. American Research has had marked success investing in young scientific enterprises and I would hold this stock for long-term gains.

ON THE BEACH — A U.S. armored personnel carrier moves along a peaceful Vietnam beach with the surf of the South China Sea as a backdrop. The vehicle is heading toward a village at which North Vietnamese troops were sighted. The troops were involved in an operation about 370 miles northeast of Saigon.

Man Charged in Slaying of Ohio Dem's Niece, 20

BOWLING GREEN, Ohio (AP) — Sheriff Earl L. Rife said today he has filed first degree murder charges against a service station attendant in the slaying of Karen Kern, 20-year-old niece of state labor and political leader Frank W. King.

★ ★ ★

Rife filed the charges in Municipal Court at Perrysburg against Mark David Hodges, 26, of Lafayette, Ohio, near Beaverdam. The nude body of Miss Kern, a school secretary of Sylvania, a Toledo suburb, was found a week ago in an irrigation ditch south of Perrysburg, another Toledo suburb.

Authorities said she had been shot seven times and stabbed three times.

★ ★ ★

Hodges is presently in jail at Napoleon in adjacent Henry County on a charge of shooting with intent to kill. That charge stemmed from the wounding of Denise Fortner, 17, of near Napoleon.

'FORCED OFF ROAD'

Miss Fortner was shot last Aug. 4 as she rode a motorcycle near Napoleon. She said a car forced her off the road and the driver returned and shot her. She has recovered. Hodges was arrested in that case last Wednesday night.

Authorities said Hodges was one of the last persons known to have seen Miss Kern alive. She had stopped at a service station he operates near Beaverdam a week ago Sunday night because her car was overheating.

★ ★ ★

Miss Kern was returning home from a weekend visit with friends in Charleston, Ill., when she disappeared.

King, her uncle, is president of the Ohio AFL-CIO and a state senator from Toledo. He is the Senate Democratic leader.

Hodges is married and the father of three children.

SAME TYPE GUNS

Authorities said both Miss Fortner and Miss Kern were shot with a 25-caliber Beretta semiautomatic. Sheriff Rife said a similar pistol was taken from Hodges the night he was arrested.

Authorities said Hodges disappeared from his service station a short time after Miss Kern had stopped there and that he was gone "for some time."

★ ★ ★

Hodges has pleaded innocent to the charge stemming from the shooting of Miss Fortner. His bond in that case was set at $10,000.

Rife said a copy of the Perrysburg affidavit and warrant and a criminal holder has been sent to Henry County Sheriff John Casteel.

LEGAL ACTION

Rife said if Hodges is released by Henry County, it is expected that Municipal Court Judge Wayne Leatherman of Perrysburg will fix a time for setting bond and a preliminary hearing on the murder charge.

HERBERT C. DONALDSON JR.

Rites Planned for Pontiac GI

Funeral service will be held Wednesday in Pontiac for Spec. 5 Herbert C. Donaldson Jr., 21, of 58 Myra, killed Oct. 29 in Vietnam.

The 1:30 p.m. service will be at the Donelson-Johns Funeral Home, with burial in the Veterans Plot at Perry Mount Park Cemetery.

Donaldson, a medic, was on a mission with the 57th Helicopter Ambulance Medical Detachment, when his aircraft crashed after an apparent mechanical failure.

In service since July 1965, Donaldson served in Korea and Germany before being transferred to Vietnam.

★ ★ ★

He was a graduate of Pontiac Central High School.

SURVIVERS

Surviving are his parents, Mr. and Mrs. Herbert C. Donaldson; two brothers, Michael, serving with the U. S. Army, and Lynn; two sisters, Michele and Regina, both at home; and grandmother Mrs. Mable Newcomb of Pontiac.

Gunman Robs Local Market

A gunman robbed a Pontiac grocery store and one of the store's employes of some $300 in cash yesterday, it was reported to city police.

Eddie J. Carthane, 36, of 409 Ditman told officers he was preparing to close Dickie's Market, 326 S. East Blvd., about 10:45 p.m. when a man he believed to be a customer got out of a car and entered.

The man brandished a shotgun, forced him to lie on the floor, then took all the bills from the cash register, Carthane said.

The bandit and another man escaped west on Osmun, police were told.

City Man Is Hurt as Car Rolls Over

A Pontiac man is in satisfactory condition today at Pontiac General Hospital after the car he was driving veered off I-75 and rolled over three times before coming to a stop early yesterday, State police said.

A witness told police that Harle W. Ross, 48, of 3817 Chesterfield passed his car at a high rate of speed, apparently lost control and crashed two miles south of Sashabaw Road in Independence Township.

City Delinquency to Be Reviewed

The juvenile delinquency problem in Pontiac will be reviewed by a meeting of public and private social agency executives Wednesday from 9 to 11:30 a.m. at the Pontiac School District Administration offices, 350 E. Wide Track.

A proposal will be presented to expand the existing youth assistance services program.

Mall Has Film on Bomber Crash

"Signposts Aloft," a film which investigates the crash of a World War II ghost bomber, will be shown today, tomorrow and Thursday at 7:30 p.m. at the Pontiac Mall community room. There will be no charge.

The new Moody Institute of Science film, sponsored by the Kresge Foundation, examines why the bomber, "Lady Be Good," flew past her North African air base and crashed into the desert.

Teen Struck by Car in Area

A 14-year-old West Bloomfield Township boy was taken to Pontiac General Hospital when a car slid into him on icy Green Lake Road this morning.

Allan Callcut, 14, son of Mr. and Mrs. Robert Callcut of 6780 Dandison, was walking on the edge of the road when he was hit by a car driven by Gary L. Hewitt, 23, of 5108 Joangay, Waterford Township, said West Bloomfield Township police.

The accident occurred at 7:20 a.m. today near the intersection of Green Lake Road and Welland.

Consumers Sets Service Dinner to Honor Employes

The 1967 Service Anniversary dinner for the Pontiac division of Consumers Power Co. is Wednesday night at the Elks Temple, 114 Orchard Lake.

Hors d'oeuvres will be served at 6:30 and dinner at 7 p.m.

★ ★ ★

More than 200 people are expected to attend the banquet, in a gay '90s theme.

Some 100 active employes and about 70 retired employes will be honored.

Suburb's Pilot Program Tests Cholesterol Level

WOBURN, Mass. (AP) — Free blood cholesterol tests were given to 735 persons Sunday in a pilot program to detect individuals who may be susceptible to heart disease.

It will be several days before analysis of all the blood samples taken is completed, but of the first 318 persons tested, 212, or 67 per cent, had levels high enough to warrant further checking by a physician.

★ ★ ★

About 300 persons had to be turned away from the Woburn High School auditorium when the clinic closed, but another session is scheduled for next Sunday.

The tests were conducted by Dr. Charles R. Hardcastle, public health commissioner for this Boston suburb of 36,000 residents, with the help of 20 nurses and as many other aides and clerical assistants.

ANTIMEASLES CAMPAIGN

The new program is in keeping with Hardcastle's antimeasles vaccination campaign. Shortly after the one-shot measles vaccine was approved for general use early in 1965, he obtained enough to inoculate 3,000 children at clinics on three successive Sundays. Not one case of measles is known to have originated in Woburn since.

Cholesterol, a fatty substance, is a prime suspect as a cause of the "rust" or fattening that can eventually clog coronary arteries and thereby bring on a heart attack.

Flint Journal's Ad Manager Heads Group

LANSING (AP)—Carl Koch, advertising manager of the Flint Journal, was elected president of the Michigan Press Advertising Managers at their 26th annual meeting over the weekend at Lansing.

He succeeds Jack Newman of the Battle Creek Enquirer and News. Jack Harris of the Greenville Daily News was named vice president.

The Lansing State Journal won first place for "best use of newspaper mat service." Second place went to the St. Clair County Independent Press and third to the Benton Harbor News-Palladium.

The Birmingham Eccentric placed first for "best ad idea." The Muskegon Chronicle was second and the Battle Creek Enquirer and News third.

First place for "best color ad" was awarded the Grand Rapids Press for letterpress reproduction and the Mount Pleasant Daily Times News for offset reproduction. Second in the letterpress category went to the Lansing State Journal and second in offset to the Birmingham Eccentric.

The Birmingham Eccentric placed first in "best special edition." The St. Clair Independent Press was second and the Utica Daily Sentinel was third.

The deadline is Nov. 16.

OFFICIAL NOTICE OF SALE
$155,000.00
Brooklyn Relief Drain Drainage District, County of Oakland, State of Michigan.

DRAIN BONDS

Sealed bids for the purchase of Drain Bonds to be issued by the Brooklyn Relief Drain Drainage District in Oakland County, Michigan, of the par value of $155,000.00, will be received by the undersigned at his office, No. 550 South Telegraph Road, in the City of Pontiac, Michigan, until 11:00 o'clock A. M., Eastern Standard Time, on Tuesday, the 14th day of November, 1967, at which time and place said bids will be publicly opened and read.

Said bonds will be dated November 1, 1967, will be coupon bonds all in the denomination of $5,000 each, will be numbered consecutively in the direct order of their maturities from 1 upwards, and will bear interest from their date payable on May 1, 1968 and thereafter semi-annually on May 1 and November 1 of each year and will be sold at an interest cost not in excess of 4¾% per annum (taking into consideration any premium paid) with no coupon rate on any bond to exceed 5% per annum. Each bid shall state the annual interest rate or rates upon which it is submitted, expressed in multiples of ⅛th or 1/20th of 1%, or both. The interest rate on any one bond shall be at one rate only and represented by one interest coupon for each coupon period, and all bonds maturing in the same year must carry the same interest rate. No bond shall bear interest at a rate less than 50% of the rate borne by any other bond of this issue. Accrued interest to date of delivery of such bonds must be paid by the purchaser at the time of delivery.

Said bonds will mature serially on the 1st day of May in each year as follows:

Year	Amt.	Year	Amt.	Year	Amt.
1968	$5,000	1975	$ 5,000	1982	$10,000
1969	5,000	1976	5,000	1983	10,000
1970	5,000	1977	10,000	1984	10,000
1971	5,000	1978	10,000	1985	10,000
1972	5,000	1979	10,000	1986	10,000
1973	5,000	1980	10,000	1987	10,000
1974	5,000	1981	10,000		

The bonds will be subject to redemption as a whole by the Drainage District prior to maturity on any one interest payment date on or after May 1, 1978. Each bond called to be redeemed shall be redeemed at par and accrued interest plus a premium equal to two per cent (2%) of the aggregate par value of the bonds redeemed on or before May 1, 1984 and without premium if redeemed thereafter.

Notice of redemption shall be published not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the City of Detroit, Michigan, which carries as a part of its regular service, notices of the sale of municipal bonds. No further interest payable on bonds called for redemption shall accrue after the date fixed for redemption, whether presented for redemption or not, provided the Drainage District has money available for such redemption with the paying agent.

Both principal and interest will be payable at such bank or trust company which qualifies as a paying agent under Federal or Michigan law and which shall be designated by the original purchaser of the bonds, who may also designate a similarly qualified co-paying agent. The designation of the paying agent and co-paying agent shall be subject to the approval of the drainage district.

The said bonds are to be issued under the provisions of Chapter 20 of Act No. 40 of the Michigan Public Acts of 1956, as amended, in anticipation of the collection of special assessments assessed against the City of Pontiac on Special Assessment Roll No. 1 for the Brooklyn Relief Drain made to defray the cost of locating, establishing and constructing the said drain. The assessments are a general obligation of the said city and it is obligated and has the power to levy ad valorem taxes upon all the property within its limits in an amount sufficient to pay the assessment against it, with interest, without limitation as to rate or amount. The statute under which the bonds are to be issued provides that the full faith and credit of the said Drainage District is pledged to the prompt payment of the principal of and interest on said bonds. By resolution adopted by the affirmative vote of two-thirds of the members elect of the Board of Supervisors of the County of Oakland, and pursuant to said Chapter 20 of Act No. 40 of the Michigan Public Acts of 1956, as amended, the full faith and credit of the County of Oakland is pledged to the prompt payment of the principal of and interest on said bonds.

No bid for less than all of the bonds or at less than the par value of the bonds will be accepted.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on all of the bonds from December 1, 1967 to their respective maturities and deducting therefrom any premium. Such bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Drainage District on all of the bonds.

A certified or cashier's check in the amount of $3,100 drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the Drainage Board for the Brooklyn Relief Drain, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of the unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be continued upon the unqualified opinion of Dickinson, Wright, McKean & Cudlip (Claude H. Stevens, of Counsel), attorneys, Detroit, Michigan, approving the legality of the bonds. The cost of said legal opinion and of the printing of the bonds will be paid by the Drainage District. Bonds will be delivered at Detroit, Michigan; Chicago, Illinois, or New York, New York.

The right is reserved to reject any or all bids.

Envelopes containing the bids should be plainly marked "Proposal for Brooklyn Relief Drain Bonds."

People in the News

Conductor Leopold Stokowski was both surprised and happy by a unique demonstration after he finished conducting the Philadelphia Orchestra in Gustav Mahler's Resurrection Symphony.

As the symphony ended Saturday night in Philadelphia, from the amphitheater up near the rafters two 15-foot green banners, printed with red letters reading "Brave Mahler" and "Brave Stokey," were unfurled.

The 85-year-old Stokowski first stared at the banners amid cheering and applause by more than 2,900 persons. Then he smiled, waved, and left the stage to the accompaniment of further applause.

His appointment to Sky Chefs was announced by C. R. Smith, American's chairman.

Patrolman Confronts Monkey Business

New York patrolman Patrick O'Connor, who bagged a billy goat on Wall Street last Friday, added a monkey to his animal collection yesterday.

O'Connor, 6-foot-5 and weighing 260 pounds, captured the stray goat after a chase down the East River Drive. He caught up with it in front of the New York Stock Exchange.

Yesterday, he was one of six officers responding to a report of a monkey on a fourth-floor terrace of an apartment in the Chelsea district of Manhattan.

O'Connor followed the monkey to ground level, then over a seven-foot fence and into an apartment in the next building. He put the animal into a cloth sack and sent it to an animal shelter.

Card of Thanks 1

WE THE FAMILY OF THE LATE Mrs. Henry Salter wish to express our sincere thanks to our friends and neighbors for the many acts of kindness and expressions of sympathy shown during her long illness and our recent breavement. Sincerely, Mr. Henry Salter, Mrs. Viola Phipps, Mr. Edward Salter and Mr. Roy Jones.

In Memoriam 2

IN LOVING MEMORY OF OUR dear father and grandfather, William F. Rochon, who passed away November 6, 1963.
Just a token of love's devotion,
That our hearts still long for you.
Sadly missed by Gene, Margaret, Terri and Cyndy Lamberson.

IN LOVING MEMORY OF WILLIAM Roughton Jr. who passed away Nov. 6, 1965:
We do not need a special day,
To bring you to our mind;
For the day we do not think of you
Is very hard to find.
If all this world was ours to give,
We'd give it yet and more;
To see the face of our Dear Son,
Come smiling through the door.
Many may think the wound is healed
But they so little know;
The Sorrow that is in our hearts concealed.
Sadly missed by his parents and son.

In Memoriam 2

IN LOVING MEMORY OF ROBERT Eugene Eason, who passed away Nov. 5, 1966.
It seems like only yesterday,
we heard you speak our name,
and daddy since you left us
things have never been the same.
Gone is the voice we knew so well
Gone is the face we loved.
God took you home to rest with Him above.
Sadly missed and loved by your little girls, Dawn and Cheryl and wife and family.

IN LOVING MEMORY OF OUR dear wife and mother, Marie H. Day departed this life eight years ago, November 4, 1959:
Support us all the day long,
Until the shadows lengthen and the evening comes
and the busy world is hushed,
The fever of life is over and our work is done.
Then in Thy Mercy grant is a safe lodging and a Holy rest and peace at last. Amen
Sadly missed by her family.

Met Audition Winners Get No Contract

NEW YORK (UPI) — The Metopolitan Opera National Council failed last night for the first time to give the top winner of its annual auditons a contract with the famed company.

Nine finalists, including soprano Noel Rogers of Ann Arbor, Mich., sang from the stage of the Metropolitan Opera House to a packed house of music luminaries.

The nine finalists had been winnowed from 1,500 original contestants from 50 states and the Pacific Ocean area. But none impressed the nine-man committee of Met executives as being ready for a career with the company.

The committee awarded $2,000 awards to sopranos Constanza Cuccaro, 23, of Iowa City, Iowa, and Sakiko Kanamori, 28, of New York. A third prize of $500 was given mezzo soprano Paula Page, 25, of Jackson, Miss.

★ ★ ★

Rudolf Bing, Met general manager, said the three winners were welcome to audition for a Met contract again after six months.

The other finalists besides Miss Rogers were sopranos Sung Sook Lee of Seattle, Lauretta Young of Washington, D. C., and Valerie Hanson of Sidney, Australia, and bass George Reid and tenor Sidney Johnson, both of New York.

Formal Turtleneck Sweater Shed by 'Chicken' Wilson

By EARL WILSON

NEW YORK—I wore one of those new formal turtleneck sweaters—but only for a few minutes. I lost my cool, and my nerve, and my shirt, when Bert Bacharach caledl it "that locker-room look."

WILSON

Johnny Carson, Bobby Kennedy, Sammy Davis and Bob Schuler (Patrice Munsel's husband) have had a try at them—but only Sammy seems very serious about wearing them to really formal affairs.

★ ★ ★

And the other night was so formal—white tie at the horse show, black tie at Ingrid Bergman's opening of "More Stately Mansions"—that I shucked off the turtleneck and got back into regular black tie.

Naturally I expected High Society at the horse show, but wasn't prepared for some I saw there—Rocky Graziano and Mrs. Graziano, and comedian Bernie Allen.

"We brang the joint some culture," explained Rocky.

There was excitement at the Bergman premiere. An usherette fell downstairs. It wasn't very funny to her.

Eugene O'Neill — in absentia, of course — gave everybody a laugh with a line describing one of his characters as "God's most successful effort at taxidermy," which a lot of people will be using now when they want to describe a stuffed shirt.

★ ★ ★

Later Miss Bergman went downtown to be received by her admirers at a big party at Luchow's, where Jan Mitchell brought out delicious foods, including his famous hot potato salad (non-fattening), for Margaret Truman, Laurene Bacall and Jason Robards, the Howard Teichmanns and other distinguished guests.

THE MIDNIGHT EARL . . .

The premiere of the **Jean Arthur** show, "The Freaking Out, Etc.," has been postponed to Nov. 9. It played so well in previews, with songs, that composer **Jeff Barry'll** write some more . . . **Prince Rainier** lunched on steak at Gallagher's with his bodyguard and some duke, then planed out to Monaco. He'd just come from looking over the Paradise Island gambling setup.

Three of the Rolling Stones attended the plush black-tie premiere party for "The Comedians" at the Rainbow Rm. A guest saw their hippie, psychedelic clothes and said, "Well, it is Halloween" . . . **Mia Farrow** is returning to N.Y. to do the scene with **Frank Sinatra** for "The Detective." (She was out with virus last week.

TODAY'S BEST LAUGH: Jackie Kannon heard Lynda Bird Johnson's outfit will cost $6,000, and says, "My wife didn't spend that kind of money till **after** we were married."

EARL'S PEARLS: Money in the bank is like toothpaste in the tube—easy to take out, hard to put back.—Webster's Unafraid Dictionary.

"We understand," says John J. Plomp, "that the manufacturer of the Shirley Temple doll got a letter from the Democrats, demanding equal dolls." **That's earl, brother.**

Dowagiac Man Held in Slaying

DOWAGIAC (AP)—A 39-year-old Dowagiac man has been charged with first-degree murder in the death of John P. J. Jackson, 50, in Dowagiac Saturday.

★ ★ ★

Police said the charge had been filed against Henry Adkins Jr., who was arrested in South Bend, Ind., a few hours after Jackson was shot with a .22-caliber rifle.

Dog Care Scored

INKSTER (AP) — The Anti-Cruelty Association says it will take complaints about conditions at the Inkster dog pound to the Inkster City Council tonight. Association President Dorothy Dyce said on a recent visit she found "animal dirt on the floor and no heat in the cement block building." The city has been without a dog warden for about two weeks.

The ultraviolet rays of solar radiation cause sunburn.

Air Pioneer Dies; Ex-State Resident

BURBANK, Calif. (AP) — A former Michigan man who pioneered in aviation died Sunday at a hospital here. Carl B. Squier, 74, retired corporate vice president and director of Lockheed Aircraft Corp., was the 13th pilot licensed in the United States.

★ ★ ★

Born in Decatur, Mich., Squier attended the University of Michigan and Michigan State College before he began working as a test pilot. He helped found Stinson Aircraft Co., then moved to Lockheed.

Squier retired in 1958 after 30 years with Lockheed but remained active as a member of the board of directors. Funeral services are scheduled Wednesday in Beverly Hills.

NEGRO WINS IN LOUISIANA — Ernest Morial, a New Orleans Negro attorney, gets a hug from his wife after apparently winning an outright victory in his race for a House seat in the Louisiana Legislature in Saturday's primary election. Morial, who is unopposed in the general election, is virtually assured of becoming the first Negro to take a seat in the Louisiana Legislature since Reconstruction.

Rat Bill Appears Headed for Senate Approval

WASHINGTON (AP) — An administration-backed rat control bill, once hooted down by the House but later patched into an omnibus health measure, appears headed for Senate approval.

The rat eradication program, now part of a two-year extension of various public health programs to cost $589 million, is up for Senate debate today with a vote predicted. The House, with some members cracking jokes and others claiming rat control was a matter for states and not the federal government to handle, earlier this year declined even to take up the administration's proposal for a $40 million, two-year program.

* * *

The bantering rejection of the bill drew strong criticism from President Johnson and civil rights leaders, and the House later accepted the program's inclusion in the public health measure.

* * *

Also likely to be voted on today is a House-passed bill providing $299.8 million for a three-year extension of federal aid to deal with problems of mental retardation.

Senate Democratic leader Mike Mansfield said he also hoped to win passage today of legislation prohibiting discrimination against employment of any persons because of age. It would apply to 40 million Americans between 40 and 65 years of age.

Continuing what shapes up as one of its busiest weeks of the session, the Senate also plans to take up Tuesday the biggest education bill of the year — a $14 billion measure to extend the Elementary and Secondary School Act for three years.

Birth Control Study Gets Ford Foundation Grant

NEW YORK — The Ford Foundation announced yesterday a $1.5 million grant for birth control and world population studies. The bulk of the money was earmarked for a search for better contraceptives.

Foundation president McGeorge Bundy said that nearly two-thirds of the funds would assist high-priority research, here and abroad, to improve contraceptives now in use, develop new ones from basic research already done, and to explore new avenues in reproductive biology.

Bundy said contraceptives presently available to the public including oral contraceptives, were not "Ideal" for all users "despite their remarkable record of safety and effectiveness."

He said better birth control methods were necessary to give couples the widest personal freedom in family planning decisions.

* * *

The need remains high to speed development of new methods on which research has been completed, Bundy said.

IMPROVEMENT URGENT

"Equally as urgent is the need to continue evaluation and improvement of present methods," he added.

Most of the money will go to assist birth control research at 20 institutions in the United States and abroad.

The largest of the grants, $1.6 million, went to the bio-medical division of the Population Council in New York to establish a major new research center.

In Waterford Fatality

Reward Offered

The Pontiac Press today offered a $1,000 reward for information leading to the arrest and conviction of the person responsible for the hit-run traffic death of an 11-year-old Waterford Township boy Oct. 28.

★ ★ ★

Darrelle J. Desotell Jr. was struck and killed as he walked along Scott Lake Road near his home with a friend. He was the son of Mr. and Mrs. Darelle J. Desotell, of 739 Scott Lake.

A witness said the car which struck the youth from behind stopped momentarily, then sped off.

From tests made on chrome and glass at the scene of the accident, police are seeking a metallic gold or white late-model Cadillac, with a woman as the suspected driver.

★ ★ ★

"Someone knows who is involved, and we want them to come forward," said Harold A. Fitzgerald, chairman of the board of The Press.

NO DISCLOSURE

The identity of the person earning the reward will not be disclosed to avoid possible harassment.

Waterford Township Supervisor Elmer R. Johnson has agreed to determine the recipient of the reward if it is claimed.

Disasters Girdle Globe; 250 Dead or Missing

By The Associated Press

Disaster struck often and hard over the weekend and more than 250 persons were reported dead or missing in a typhoon, floods, a train wreck and three plane crashes from the Philippines to Britain.

● In the Philippines: About 200 were believed dead or missing after typhoon Emma rampaged across Luzon and sank an interisland passenger ship.

● In England: 51 were dead and 111 injured when an express train careened off the tracks coming into London Sunday night. Another 37 died in the crash Saturday of a Spanish airliner arriving in London from Malaga, Spain.

● In Hong Kong: Only one person died as a Cathay Pacific Airlines Convair 880 tilted on takeoff and slid into Hong Kong harbor. The other 126 persons aboard escaped unhurt from the floating fuselage.

★ ★ ★

● In New Guinea: All seven persons aboard a light plane died today when it crashed while taking off from Goroka Airport in the New Guinea highlands.

● In Italy: At least 11 persons died in highway crashes during hard rains that pushed rivers in Venice and the Po Delta over banks to flood roads and highways.

Owners of the Philippine ship reported 67 persons are missing and presumed drowned while 14 others are known dead after the sinking of the 300-ton Mindero in central Philippine seas churned up by Typhoon Emma two days ago. They said 134 passengers were rescued.

The vessel sank at the height of Emma's fury. Her howling winds, up to 125 miles an hour, cut a swath of destruction across the Philippines. The Philippine News Service reported 106 others dead or missing in five provinces, and the Red Cross listed 16 dead in two other areas.

The Red Cross said at least 25,000 families or close to 140,000 persons were left homeless by the typhoon in 21 central and northern provinces.

Damage estimates ran upwards of $5 million.

TORCHES FREE PASSENGERS

In southeast London this morning firemen cut through wrecked passenger cars with acetylene torches, freeing passengers and recovering bodies from the derailment last night of the express train from Hastings, on the south coast.

Many of the dead were believed to be children returning with parents from the weekend in the country.

Cars jumped the track as the train whizzed across a bridge at 70 miles an hour. Four cars careened along on their sides and jackknifed into a giant "W" while another turned upside down and skidded on its roof.

★ ★ ★

The Iberia jetliner crashed near Haslemere, England, as it was making its approach to London. It tore into a 100-foot oak tree, gouged windows out of a farmhouse and came to rest in fragments halfway up a 900-foot hillside.

★ ★ ★

Among those killed were two Americans, W. N. Perkins of Tyler, Tex., and a Mr. Mendel whose trip originated in Decatur, Ill. Also dead was British actress June Thorburn, 36. She was expecting a baby in four months.

William F. Brinkman, 70, of Caro died about noon yesterday when a car driven by his wife collided with another car at North Lapeer and Oakwood in Oxford Township, according to Oakland County sheriff's deputies.

In fair condition in Pontiac General Hospital is Dr. Lawrence R. Adler, 68, of Detroit, driver of the other car.

Mrs. Brinkman reportedly escaped serious injury.

★ ★ ★

Fatally injured Saturday while walking on Walton west of Livernois in Avon Township was John H. Applegate, 60, of 1141 Burgoyne, Rochester, according to deputies.

DIES IN HOSPITAL

He was struck by a car driven by Jean Marie Maitrott, address not given, about 6:35 p.m., deputies said, and died about 6 a.m. yesterday in Crittenton General Hospital, Avon Township.

Three members of a Washington Township family were killed yesterday in a head-on collision in Ray Township near Mt. Clemens.

Mrs. Romney Breaks Shoulder

DETROIT (AP)—Doctors say Lenore Romney, wife of Gov. George Romney, will be hospitalized two or three more days with a broken and dislocated right shoulder.

Mrs. Romney suffered the injury yesterday when she slipped and fell in a bathtub at the Romney's home in Bloomfield Hills near Detroit.

She underwent surgery last night at William Beaumont Hospital in Royal Oak.

The injury canceled Mrs. Romney's plans for public speeches with her husband today in Minneapolis. Mrs. Elly M. Peterson, Michigan Republican women's state chairman, will take Mrs. Romney's place on a three-day speaking tour, starting today, in Minnesota and Wisconsin.

Mrs. Romney probably will be off the speaking circuit for the next six to eight weeks, said her daughter Mrs. Loren Keenan.

The governor intended to continue on his scheduled round of speeches, a spokesman for Romney said.

Dr. Luther Leader, Mrs. Romney's physician, said her fracture was at the head of the humerus bone, the long bone extending from the shoulder to the elbow.

He said the break was a "clean one" and he foresaw no complications.

Mrs. Romney's shoulder was taped but was not put in a cast.

Area Roads Get First Salt

Although the calendar doesn't concur, winter has arrived as far as the Oakland County Road Commission is concerned.

The commission marshaled all of its salt trucks at 3 a.m. today for the first general road-salting of the season.

Sporadic flurries slicked roads and slowed traffic last night and early this morning. But the Pontiac area lucked out again as far as heavy accumulations were concerned.

Other sections around the Great Lakes were not so lucky. Up to two feet of snow was dumped along the eastern shore of Lake Erie in northwest Ohio and Pennsylvania and in extreme western New York.

★ ★ ★

Michigan also chalked up a two-foot accumulation at Ironwood. Snowfall elsewhere in the state along the eastern shore of Lake Michigan ranged from one to five inches.

OVERCAST SKIES

Today's overcast skies and cool temperatures will prevail through tonight and tomorrow punctuated by periods of brief snow flurries. Tonight's low in the Pontiac area will fall in the 22-to-28-degree range.

★ ★ ★

Chance of precipitation in percentages are: today through tomorrow, 30. Prior to 8 a.m. low temperature in downtown Pontiac was 26.

Caserio Tickets Still Available

Tickets are still available for the noon luncheon Thursday at Pontiac Elks Temple, 114 Orchard Lake, at which Martin J. Caserio, a General Motors Corp. vice president and general manager of GMC Truck and Coach Division will be the featured speaker.

Caserio will discuss various aspects of Pontiac and relationship of the GMC Truck and Coach facilities to the city.

He was appointed recently to the Pontiac Area Planning Council, sponsored jointly by the city and the Pontiac Board of Education.

Tickets at $2.25 each are on sale at Dickinson's Men's Wear, 31 N. Saginaw; Hughes, Hatcher & Suffrin, at the Pontiac Mall; and the Pontiac Area Chamber of Commerce, 33 W. Huron.

★ ★ ★

The luncheon is open to members of all area luncheon and service clubs and to the general public.

It's Time to Rate Your Child's School

(EDITOR'S NOTE — This is the second of two stories telling parents how to rate their child's school during American Education Week.)

By DICK ROBINSON

Millions of parents will be going to school this week during American Education Week.

Most of those parents realize that their child's future largely depends on the kind of education he is getting today. They will be looking for possible school ailments and strengths and weaknesses.

A number of parents wonder whether their schools are adequately preparing their children for adulthood in an unpredictable future.

Those who try to examine school programs must first have in mind why their children go to school, recommends Dr. Sidney Dorros of the National Education Association.

Some say a main goal of education should be the development of rational thinking.

'MISCONCEPTIONS'

Dorros maintains adults cannot make valid appraisals if they hold any of the following misconceptions (within quote marks):

● "The way I was taught is the best way." New techniques are more effective.

● "The school staff is at fault if the school does not measure up." Improvements may be limited by funds available.

● "If my child's school is accredited, it is an excellent school." An accredited school can still fall short of excellence.

● "My child's school must be good because its students stand high in national tests." Educational goals for those not going to college should also be stressed.

● "I know it's true because I read it." People should determine if articles are fact or opinion.

● "I know about the school through my child." Hostile feelings should be investigated and not aired.

● "I believe it because I heard it on a very good authority." Get firsthand information, not distortion from third- or fourth-hand reports.

"A visit to your child's classrooms will give you a good opportunjty to examine and appraise your child as well as his school," Dorros said.

In visiting classes, Dorros suggests several questions parents should ask themselves in trying to assess the brand of teaching going on there:

● Are the pupils active and involved? A room in which youngsters are moving about, working together on projects, questioning teachers and showing signs of interest may be a setting for constructive kinds of student growth.

● Do the pupils seem to like their teachers and feel relaxed with them, or do they appear withdrawn and afraid to give wrong answers?

● Do teachers do most of the talking or do they try to draw out children's opinions and knowledge?

● Is the whole class working on the same assignment or are some students working in groups or independently?

VC May Have Let 3 GIs Go Already

SAIGON (AP)— A U.S. spokesman said today that three American sergeants already may have been released by the Vietcong, which announced earlier it would free them.

The spokesman said a Vietcong broadcast early today indicated the three prisoners of war were released last Tuesday. But he said U.S. officials did not know where.

★ ★ ★

The Vietcong's Liberation Radio, the spokesman said, made this comment: "Once again, the release of U.S. prisoners of war on Oct. 31 demonstrates the strength and just cause of the National Liberation Front (Vietcong) and its profound humanity." Previous Communist broadcasts said only that the Vietcong would turn loose the three American sergeants and U.S. Authorities had called on the Communists to say when and where.

MEN IDENTIFIED

On the basis of the earlier broadcasts, U.S. authorities have identified the men as M. Sgt. Daniel L. Pitzer of Spring Lake, N.C., M. Sgt. Edward R. Johnson, of Seaside, Calif., and S. Sgt. James E. Jackson of Talcott, W. Va.

The U.S. Spokesman said today's broadcast contained this puzzling phrase: "The South Vietnamese people will not deliver these prisoners of war to the Johnson administration."

★ ★ ★

Earlier broadcasts had said the three men would be released to their families or "to progressive American peoples organizations who come to receive them."

★ ★ ★

Asked if the latest broadcast meant that the prisoners already had been released, the U.S. spokesman, John E. McGowan, said: "I think that is the case."

REMOTE RELEASE

McGowan, chief of the U.S. Mission press center, said it was possible the men were released to Vietnamese officials in a remote village and that the village officials were unable to communicate with U.S. authorities.

Hawks Discuss Vietnam at OU

Advance Theories for Continuing in War

By BOB WISLER

What was billed in the beginning as a platform to discuss various views of the Vietnam war turned out to be a platform of hawks at Oakland University Saturday.

Three featured speakers — Chow Shu-kai, ambassador of Nationalist China to the United States; Rep. E. Ross Adair, Indiana Republican and member of the House Foreign Affairs Committee; and Arthur Collingsworth, research associate with the Center for Strategic Studies, Georgetown University, Washington, D. C. — advanced theories for continued U. S. involvement in the war.

Advertised as the fourth speaker was Lucius D. Clay, retired Army general and one of the nation's foremost industrialists. Clay did not appear.

The three speakers in their statements indicated the U. S. was fighting more to stop a Communist conquest of all Asia than to bring about stability in Vietnam.

★ ★ ★

Rep. Adair said that the congressional mood is getting more cautious about Vietnam but the majority agrees, "We cannot simply throw up our hands and get out."

UNIFIED DIRECTION

The congressman said there is ample evidence that a unified Communist direction is toward disrupting stability of other Asian countries.

"If Communists are successful in Vietnam, Thailand knows she will lie speedily ahead on the Communist timetable," he said.

This theory was also advanced by Collingsworth, who has had considerable contact with government and legislative leaders in this and many foreign countries.

★ ★ ★

Collingsworth said there are 100,000 North Vietnamese soldiers in three northern provinces of Thailand.

GROWING CONCERN

This and other signs of infiltration directed by China is causing growing concern and uneasiness among all Asian countries and increasingly more reliance on the U.S. as the maintainer of the status quo, he said.

He said the absence of U.S. force in Vietnam would be "inviting intensification of de-stablizing conditions in world affairs."

Collingsworth also maintained that the U.S., because of its size and power, has "an obligation to all parts of the world to keep a kind of status quo."

★ ★ ★

Chow also asserted that the U.S. presence is necessary in Vietnam. Otherwise, he said he believes Communist China would soon be fermenting revolution and discord in other Asian countries.

FEAR OF RED CHINA

Collingsworth said the fear of Red China is causing countries which have not been friendly to the U.S., notably Burma, to seek more and more U. S. assistance.

Adair said recent racial disturbances and a recognized need for massive federal programs to rebuild the large metropolitan cities is having an affect on congressional thinking toward the necessity of the Vietnam war.

"The mood is certainly less hawkish than six months ago," he said.

★ ★ ★

"We are a little more restrained and cautious."

WSU Prof 4th Speaker in Relations Unit Series

BIRMINGHAM — Dr. John M. Dorsey, professor at Wayne State University, will be the fourth speaker in the current series sponsored by the Birmingham-Bloomfield Council on Human Relations Wednesday at 8:30 p.m. in the Birmingham Community House.

A national figure in the fields of psychiatry and mental health and author of several books, Dr. Dorsey will speak on "Race and My Mental Health."

Dr. Gerald Ellis, director of elementary education for the Birmingham Schools, will give a presentation on a reading survey made in the school district last year at tomorrow night's board of education meeting.

Finished in the fall of 1966, the report deals with studies made concerning all aspects of the reading program in the schools and suggests several improvements, said Administrative Asst. Walter Piel.

The study was made by Dr. Harry Sartain of the University of Pittsburgh, Pa.

★ ★ ★

The board will meet in the Baldwin Elementary School at 8 p.m., said Piel.

The Birmingham City Commission tonight will consider a request by the police department to purchase **$2,675** worth of additional riot control equipment, including **helmets**, shotguns, ammunition, portable radios, and a riot control chemical called Mace.

According to Chief of Police Darryl L. Bruestle, who supports the use of the chemical, Mace can be sprayed on large groups of people causing temporary blindness and skin irritation. The effects are harmless and wear off in about 20 minutes, he said.

Farmington Twp. Driver Is Injured

Ronald Hyde, 23, of 38395 13 Mile, Farmington Township, is in Botsford General Hospital after he was thrown from his car as it careened off an expressway overpass this morning.

★ ★ ★

The accident occurred at 6:50 a.m. today on I-696 near Drake Road. Hyde's car did not cause any collisions when it landed on Drake Road below, said the Farmington Township police.

Apparently the steering in Hyde's car failed, said the police.

Stabbing Victim Is 'Satisfactory'

A 51-year-old man is reported in satisfactory condition today in Pontiac General Hospital after being stabbed during an alleged fight yesterday.

City police said Charles Brown of 37 Hubbard suffered wounds of the head, nose, lips, throat and side.

They said they found Brown who was bleeding profusely in front of a house in the 90 block of Bagley when they responded to a nearby fight complaint about 11:45 a.m.

He was believed to have been injured critically at the time.

★ ★ ★

Witnesses told officers Brown was stabbed by a man aged 30 to 40 during an argument.

NO CHARGES FILED

No charges have been filed in the incident pending further investigation, police said.

Street Is Closed for Carpet Laying

PORTLAND, Maine (AP) — They had to close Portland's principal business street Sunday so a carpet could be laid in a jewelry store.

The carpet was 80 feet long and 15 feet wide. A dozen workers had to lay out the half-ton carpet in the street, cut it to size, then pull it into the store.

Cars Rolling off Assembly Lines at Ford

DETROIT (AP) — Cars rolled off Ford Motor Co. assembly lines today for the first time since Sept. 6 when the United Auto Workers struck the nation's No. 2 auto maker and won record gains for 160,000 UAW members at Ford.

At Chrysler, the union's No. 2 target, bargainers worked against a Wednesday midnight deadline to come up with a contract covering the firm's 95,000 production workers and 8,000 salaried workers represented by the union.

Ford assembly lines were closed for 60 days, 46 of them during a national strike by the union and the last two weeks over local disputes.

Ford workers won roughly a dollar an hour more in wages and fringe benefits above the previous Big Three rate of $4.70 an hour.

4 ASSEMBLY PLANTS

All the company's key parts plants have settled local contracts. Four out of 16 assembly plants are still without new pacts.

Workers at some Ford parts plants had been called back earlier although anything close to a full resumption of production awaited settlements at three key parts plants in Ohio.

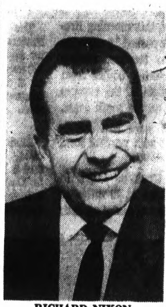
★ ★ ★

Facing a strike deadline 62 hours away, union and company bargainers returned to negotiations at Chrysler Corp. at 10 a.m. today.

Walter P. Reuther, UAW president, and John D. Leary, Chrysler vice president for administration, headed the two negotiating teams.

★ ★ ★

Both sides met for more than 10½ hours Sunday and over four hours Saturday, the first day Reuther was at Chrysler since July 12 when he opened negotiations at the country's No. 3 car maker.



RICHARD NIXON

Must Win 1st 4 Primaries, Nixon Says

WASHINGTON (AP) — Richard M. Nixon has told some Republican leaders he thinks he'll have to win all of the first four presidential primaries next year to keep alive his chance for the GOP presidential nomination.

In discussions with Republican governors whose support he has been seeking, the former *vice president has made it clear he thinks only a surge in the primaries* will make him a top contender in a convention he has predicted will be wide open.

★ ★ ★

The first four primaries include New Hampshire on March 12, Wisconsin on April 2, Indiana on May 7 and Nebraska on May 14. Two later primaries fall on May 28 in Oregon and June 4 in South Dakota.

★ ★ ★

In the first four of these contests, Nixon is regarded as holding an early lead over Michigan Gov. George Romney and others whose names may be on the ballot. Romney is a certain entry in New Hampshire if he tosses his hat into the ring at a scheduled Nov. 18 Michigan meeting.

Antipoverty Bill Facing Trouble

Concessions Counted On in Hostile House

WASHINGTON (AP) — Backers of legislation to extend the antipoverty program another year count on concessions made in committee to push the administration measure through a largely hostile House.

Debate begins today on the measure with a showdown vote not expected before Thursday.

★ ★ ★

Never very popular in the House, the program faces its severest challenge so far from a conservative coalition that has already forced heavy cuts in domestic programs.

★ ★ ★

But the bill's supporters were cautiously optimistic that when *the smoke clears the main outlines of the program will still be* intact.

COUNT ON AMENDMENTS

They are counting heavily on amendments adopted by the Education and Labor Committee to quiet some of the major criticism directed at the antipoverty program after this summer's big-city rioting.

The chief amendment would put elected public officials in direct control of community action agencies, most of which are now private, nonprofit agencies beyond the reach of public officials.

★ ★ ★

In several cities where riots occurred local officials said antipoverty workers in such agencies helped set them off. But some officials praised workers for easing riot tensions.

★ ★ ★

Another amendment would require that 10 per cent of the cost of an antipoverty project be put up in cash by the local agency.

DRAW CRITICISM

Both amendments have drawn heavy criticism from the Office of Economic Opportunity, which directs the antipoverty program, and also from House supporters. They contended that putting local officials in control will blunt the imaginative, creative approach needed to deal with poverty.

There are indications the amendments have succeeded in picking up enough support among Southern Democrats to insure defeat of a substitute proposal to be offered by the Republicans.

'Pinball' Good Start to Big Space Week

CAPE KENNEDY, Fla. (AP) — A multipurpose "pinball" satellite soared around the globe today as a successful herald to one of America's busiest space weeks.

The new ATS 3, for applications technology satellite, rocketed into orbit from Cape Kennedy Sunday night to test systems that might eventually provide man with greater benefits from space.

Included are new experiments in communications, weather prediction and navigation.

ATS 3 is one of four U.S. space shots scheduled this week. Also on tap are:

- Surveyor 6, set to blast off from the Cape at 2:22 a.m. (EST) Tuesday on a planned 65-hour flight to the moon. The spacecraft is intended to land in a potential astronaut landing site near the center of the moon's surface to snap photographs and analyze the lunar soil.
- ESSA 6, another in a series of operational weather-study satellites, to be launched Wednesday from Vandenberg Air Force Base, Calif.
- A mammoth Saturn 5 rocket, like that which one day will propel astronauts to the moon, to undergo its first test launching Thursday from the Cape. The rocket, largest, most powerful ever built, is to boost an unmanned Apollo moonship 11,400 miles into space.

SETTLES IN ORBIT

ATS 3 settled Sunday night into an initial transfer orbit ranging from 155 to about 23,000 miles above the earth. About 10:45 a.m. today, a ground station planned to send a signal to fire a motor aboard the craft. The firing is to arrest the satellite in a stationary orbit 22,300 miles above Brazil.

Among equipment for the satellite's 18 experiments are three shiny, baseball-size steel balls which give it the "pinball" nickname.

★ ★ ★

At a future date, the three balls are to be ejected from the payload in a navigation test. Sensors aboard the satellite are to determine if the balls instead of stars can be used as navigation aids for far-out manned and unmanned space vehicles.

From its high outpost, ATS 3's color camera will be able to take weather pictures encompassing parts of five continents. Meteorologists believe the color photos will provide clearer photo data than that now available from black and white pictures from the ESSA satellites.

★ ★ ★

Communications experiments will test new concepts to help locate objects on the ground from orbiting ships; improve satellite communications between traffic control towers and airplanes, and distribute weather information from remote data-collecting sites.

Major Battle on N-Defenses Shaping Up

WASHINGTON (UPI) — A major battle over the state of the nation's nuclear defenses seemed to be shaping up today between Congress and the Johnson administration.

At issue was the newly disclosed Soviet orbital bombardment system and the effectiveness of the Pentagon's planned "thin" antiballistic missile screen — dubbed the "Sentinel" — in meeting such a threat.

The battleground was likely to be the joint Congressional Atomic Energy subcommittee hearings on missile and antimissile development, conducted by Sen. Henry M. Jackson, D-Wash.

The panel was to hear from Deputy Defense Secretary Paul H. Nitze.

★ ★ ★

In Jackson's view, the disclosure that Russia apparently was developing an orbital bomb was:

". . . Further evidence of Soviet determination to overcome our present advantage in strategic weapons. This development proves the Soviets do not accept the notion, still popular in some American circles, that military technology stands on a plateau."

Senator Calls for U.N. Force for Mideast

SAN FRANCISCO (AP) — An airborne United Nations peacekeeping team—possibly based on the island of Cyprus—to keep the Middle East situation in check was urged by U.S. Sen. Thomas H. Kuchel, R-Calif.

He also repeated his proposal for a U.N. observation satellite over the Middle East to give advance warnings of military movements.

★ ★ ★

Kuchel spoke Sunday night at a dinner in his honor sponsored by the State of Israel Bonds Organization.

Any settlement of the Middle East conflict should leave Israel with defensible frontiers and the right to use the Suez Canal, he said.

Israel "will not, and cannot be expected to, part with the now unified city of Jerusalem," Kuchel added.

Studies Misleading --Tobacco Firm Up

RALEIGH, N.C. (UPI) — A tobacco industry official charged today that the general public and much of the medical profession are being "bamboozled" by studies linking smoking and diseases.

★ ★ ★

The industry, he said, is being convicted "solely on the basis of guilt by statistical association."

★ ★ ★

Addison Y. Yeaman, Louisville, Ky., vice presidnt and general counsel of Brown and Williamson Tobacco Corp., called for independent scientists who "aren't obligated to conform to government policy" to search for the truth about smoking and health.

Dead on arrival at St. Joseph Mercy Hospital, Mt. Clemens, were Charles Viaene, 42, and his mother, Mrs. Bertha C. Viaene, 75.

Nine-month-old Kathleen Viaene, daughter of Charles, died some five hours after the accident.

IN SERIOUS CONDITION

Mrs. Charles Viaene, 35, is reported in serious condition.

Macomb County sheriff's deputies said the Viaene vehicle collided with a pickup truck driven by Daniel M. Bachorski, 17, of Richmond at 26 Mile Road and Omo about 5:30 p.m.

The accident is under investigation, deputies said.

A Mt. Clemens girl was killed Saturday when the car in which she was riding collided with another vehicle on Capac in Armada Township.

PASSENGER KILLED.

Shawn Merzlak, 18, of 35980 Carlisle, a passenger in a car driven by Thomas W. Styles, 18, of Centerline, died about 10:30 p.m., State Police at Romeo said.

★ ★ ★

Admitted to St. Joseph Hospital, Mt. Celemsn, were Styles Edward Ramsey, Jr., 24, of 356 Charles, Rochester, driver of the other car, and four other persons. All are reported in fair condition.

★ ★ ★

Police said Ramsey's car apparently crossed the median strip and the two cars collided head-on.

Disapproval of LBJ Rises

PRINCETON, N.J. (UPI) — A Gallup Poll released yesterday shows that 50 per cent of the Americans polled disapprove of the way President Johnson is handling his job.

The poll, taken last month and released by the public opinion survey, showed the percentage expressing disapproval was up from 47 per cent in September.

Thirty-eight per cent of those polled last month said they approved of Johnson's performance as President. The remaining 12 per cent did not express an opinion. The same percentage 38 — expressed approval with Johnson's performance in September.

In August, 48 per cent said they disapproved and 40 per cent approved.

In terms of the popular vote, former Republican Vice President Richard Nixon has a slight lead over Johnson, but much of this is due to Nixon's popularity in the South, the poll showed.

Now Is Time to Rate Your Child's School

(Continued From Page One)

Grouping is one method by which teachers give specialized attention to varying needs.

- Do teachers have access to and use some of new technological tools, such as audio and video tape recorders and films?
- Do teachers encourage individual thinking or do they demand the exact "right" answer? Students who can't remember facts may have original approaches to problems that should be encouraged.
- Do teachers respect and nurture many kinds of skills? Youngsters who are not quick to hold up their hands when fact questions are asked may excel in other skills, such as art or creative writing.

★ ★ ★

Educators believe the answer to "How Good Are Your Schools?" — the theme of American Education Week — boils down to "How good is the teacher?"

HIGH ACHIEVEMENT

Studies have found that high student achievement goes together with high teacher salaries and small classes — preferably no more than 20 students for every professional staff member.

Often a committee of adults is needed to appraise a school or school programs, such as Pontiac schools' Finance Study Council.

"The two most crucial factors affecting the quality of education offered in schools — teacher load and teacher salaries — are controlled at the school district level," Dorros claims.

★ ★ ★

Citizens must be willing to foot the bill for adequate salaries and for employment of enough instructional staff to provide high quality education, he concludes.

So how good are your schools?

Junk Yard Problems Are Piling Up for Supervisor in Pontiac Township

By JEAN SAILE

PONTIAC TOWNSHIP — When Roy Wahl ran last fall for the position of supervisor in the township, one of his campaign platforms was a pledge to clean up the junk in the township.

A year later he is inclined to wonder if it's all been worthwhile.

Under harassment from people who litter his lawn and paint signs on his garage, Wahl also feels that other governmental bodies have been neglectful in follow-ups on violations.

He sites in particular the delays in court cases involving junk yards and their operation and alleged failure of the Oakland County Health Department to provide proper surveillance once an operation has been cited.

Frustrated by legal inaction, Wahl has had to watch yet another junk yard begin suspected expansion. He does not feel he has sufficient legal proof as yet to stop the operation.

A FIGHTER

Wahl, however, is a fighter. As proof there are three separate court cases now pending to enforce the township's junk ordinance.

One is on appeal from Justice Court to the Circuit Court. One has been beset by delays since last June, and another is hung up on bankruptcy proceedings on the part of the owner.

Two of the charges are lodged against Everett Peel who is leasing land along Auburn Road east of Opdyke and who is allegedly operating what health department authorities call an "unlicensed dump."

* * *

The case is pending in Judge R. Grant Graham's court on a warrant brought by the Oakland County health department. Graham said it would be heard later this month. Graham is the Pontiac Township justice of the peace.

Another alleged violation, regarding the storage of materials outside of Peel's auction house on the propoerty involved, has gone to Circuit Court on an appeal.

Having been given a fine and -or jail sentence in Justice Court, Peel appealed the case. Friday it was postponed for another week.

Peel's operation is just the latest and most pressing in a long line of problems for Wahl.

* * *

Mention the Silver Bell dump on top of Bald Mountain along M24 and frustration appears on Wahl's face.

* * *

This dump has been officially closed since the summer of 1966, but deep-seated fires still burn underground at the site. The cost of putting them out — more than the township wants to pay — should be up to the owner as a matter of course.

But the dump along with Silver Bell Ski Lodge is involved in a bankruptcy suit and the property is now in the hands of receivers.

All funds are tied up by the courts. There have been hearings to investigate reopening of the dump, but they have been unfruitful.

When Wahl took office he also inherited a number of drainage problems in the township, the worst of which appears to be in that area between Pontiac and Walton roads east of Opdyke Road.

SCENE OF 'LAKE'

Richwood Street was the scene of a "lake" where runoff waters accumulated. Wahl rammed through — at the township's annual meeting — a sponsored drain fund to correct the problem by installing new drains.

He found that the waters then began accumulating on Dexter, the next street over. Work has gone ahead now to install a catch basin at that point which will drain into the new pipes and an open ditch.

"What we really need in that area," he has said, "is a special assessment drainage district. I don't think the people can afford it at this time. They've been hit with rising taxes and sewer and water payments and it's just too much."

ROY WHAL

There are other problems in the township too, not the least of which is a politically divided Township Board.

There has been a semblance of harmony at recent meetings, but long-time observers of Pontiac Township politics feel the old fires could flame up again at any time.

Wahl came to his job in an upset victory over Leonard Terry, outspoken former supervisor. Wahl is Democratic and was one of the few Democrats elected locally to office in last November's election.

In office only since last April 10, he says, "I'm learning."

Part of School Budget Hinges on Vote

WALLED LAKE — Twenty per cent of the school district budget hinges on voter approval Wednesday of a millage election.

The ballot proposal asks renewal of five mills and an increase of three mills both for five years.

The millage is expected to bring in about $1-million each year for the five-year period.

It will maintain current educational programs and provide funds to operate the new Loon Lake Elementary School to open next fall, according to school officials.

It is also hoped, the 10 mills will offset an anticipated deficit of $145,644 in the 1967-68 school year budget of $5,398,584.

CURRENT MILLAGE

District residents are now paying 27.2 mills for schools. Of that total, 8.2 county allocated mills and 12 extra voted mills go for operations. The remaining seven mills are for school construction.

School taxes for the 28 school districts in Oakland County range from about 40 mills to about 22 mills.

Walled Lakes present tax rate of 27.2 places the district in 20th place from the top. The approval of the millage proposal would put the district 15th from the top.

If the vote is favorable Wednesday, the tax increase will not show on tax bills until January 1969.

Any registered voter, even if not a property owner, can vote on the millage proposal.

The seven voting places are Precinct No. 1, Walled Lake Junior High, 615 N. Pontiac Trail; Precinct No. 2, Union Lake Elementary, 8289 Commerce; Precinct No. 3, Commerce Elementary, 520 Farr; Precinct No. 4, Wixom Elementary, 301 N. Wixom; Precinct No. 5, Walled Lake Senior High, 2978 S. Commerce; Precinct No. 6, Twin Beach Sandyside.

Classes to Be Open

Avondale District schools will be open for community inspection through Thursday this week in observance of American Education Week.

The "open classrooms" are an effort to acquaint residents with the educational services provided by their tax dollars, administrators said.

Ski Resort Operator Is Facing Hearing on Sewage Disposal

INDEPENDENCE TOWNSHIP —Reno Ministrelli, president of Pine Knob Enterprises, which operates Pine Knob Ski Resort, 7777 Pine Knob, has been ordered to appear before the State Water Resources Commission at 10 a.m. Nov. 30 in East Lansing.

The resort is presently under a 30-day limit to clean us its sewage disposal system.

Several charges of neglect and improper management were filed against it by the Oakland County Health Department.

County officials verified they were attempting to win permission of the state to have the lagoon disposal system at the resort pumped out before the hearing date.

It is felt that such a cleaning might improve the system to the point where it would no longer be in violation, according to department spokesmen.

OTHER AREAS

Howard Altman, Independence Township clerk, said a recent inspection of the premises had revealed work progressing in other areas of sewage system maintenance.

* * *

Aim of authorities is to get the system in proper working order before the ski season begins at the resort.

* * *

The complaints, of long standing duration, have as their basis the possible pollution of surface waters near the resort.

School Budget Review Tonight

WEST BLOOMFIELD — School district residents will have a chance to review the proposed district budget tonight. The review will be held at the board of education meeting at 8 p.m. at West Bloomfield Junior High, 3380 Orchard Lake.

The complete proposed budget is not definite. Supt. Leif Hougen expects the board to work out final details tonight and consider the budget for approval next Monday night.

The board will discuss tonight the need to purchase sites for future schools. The board has no specific plans in mind, said Hougen.

* * *

The board will also hear an engineer's report on construction of pedestrian overpasses in front of West Bloomfield High School, 6000 Orchard Lake, and Gertrude Ealy Elementary, 5475 W. Maple.

A price report is expected on steel overpasses. The board earlier heard that aluminum overpasses cost about $32,000.

PUPIL SAFETY QUESTIONED

Hougen explained that many residents expressed concern in September about safety of pupils in front of the two schools.

Crossing guards have been employed for the two schools and complaints from parents have subsided, said Hougen.

Crash Kills 3 From Romeo

Michigan Traffic Claims 18

By THE ASSOCIATED PRESS

Three members of one family were killed and two persons were injured in a two-vehicle crash near Mount Clemens as Michigan's highway death toll soared to 22 over the weekend.

Snow-slick roads played a treacherous role in some accidents, including one in which a star high school football player from Erie was killed.

Killed in the collision last night near Mount Clemens were Charles Viaene, 42; his 9-month-old daughter Kathleen, and Viaene's mother, Bertha, 75, all of Romeo.

Viaene's wife Anna, 35, was hospitalized, as was Daniel Bachorski, 17, of Richmond, driver of the pickup truck involved in the collision with the Viaene car.

* * *

Gary D. Fox, 17, a star lineman for the Erie-Mason High School football team, was killed last night on an icy road near Erie.

OUT OF CONTROL

Police said the car in which Fox was riding careened out of control on a slippery viaduct, smashed into a guard rail and plummeted down an embankment.

Six persons riding in the auto with Fox were injured, including three who were thrown from the vehicle.

The Associated Press tabulation of weekend fatalities began at 6 p.m. Friday and ended at midnight yesterday.

Also killed:

Kenneth Benkert, 21, of Birmingham, when the auto in which he was a passenger collided with a car yesterday in Troy.

John Applegate, 60, of Rochester, who died yesterday of injuries suffered Saturday night when he was hit by a car in Oakland County's Avon Township.

* * *

Buford Hale Jr., 45, of Detroit, yesterday when his car went out of control on the Lodge Expressway in Detroit and struck a utility pole.

Leonard E. Ingram, 29, of Utica, who was run over by a car in Roseville yesterday after, police said, he fell from the auto in which he was riding.

HEAD-ON CRASH

Shawn T. Merzlak, 18, of Mount Clemens, in a two-car head-on collision Saturday night in Macomb County's Armada Township.

Joseph R. Limbacker, 49, of Deckerville, whose car struck a tree in Sanilac County's Delaware Township Saturday.

* * *

Clyde K. Creekmore, 29, of Holland, when his car struck a tree in Holland Saturday night.

Etta Thomas, 38, of Grand Rapids, a passengers in a car which collided headon with a truck Friday night on U.S. 131 in Grand Rapids.

ON RURAL ROAD

Gust Z. Tomaras, 76, of Muskegon, Friday night when his car collided headon with another on a rural Muskegon County road.

Earl T. McTyre, 61, of Detroit, Friday night after his car was sideswiped by another and then careened off I-696 in Detroit and hit a utility pole.

* * *

Ben Harrison Saylor, 45, of Eaton Rapids, when his car ran off a Jackson County road and rammed into some trees Saturday.

John J. Quinlan, 55, of Mount Pleasant, Saturday in a two-car crash on U.S. 27 in Clinton County.

HIT ABUTMENT

Grace Papuga, 36, of Warren, Saturday when her car left I-75 in Mackinac City and hit an abutment.

Richard Jude Lane, 21, and Terry Edward Sokolowski, 20, both of Toledo, when their car ran off U.S. 24 and hit a tree 1½ miles north of the Michigan-Ohio line Saturday.

Another brother and sister were unable to attend the family get-together.

Farmington Will Consider Move to Halt Annexation

FARMINGTON — The City Council will consider at 8 tonight a measure to temporarily prevent annexation of Farmington Township.

Up for adoption is a resolution calling for a moratorium on annexation activities until the completion of a study of the area's future growth.

The unapproved resolution states that no annexation procedures will be initiated or encouraged by the City Council.

Completion date of the study is not yet definite, said a city official.

* * *

The aim of the proposed moratorium, according to the resolution, is to avoid influences on the Future Farmington study.

MORATORIUM SUGGESTED

The resolution also suggests that Farmington Township establish a moratorium on incorporation activities.

This resolution is coming after the second defeated incorporation attempt of the township Oct. 23. The cityhood proposal went down 2,310 to 2,106.

One of the arguments of the township group campaigning for incorporation was that success of the vote would have protected township land from annexation.

* * *

Approval of the cityhood proposal would have made the township untouchable from annexation attempts and would have set up a charter commission with two years to draw up a city charter for a township vote.

NO ANNEXATION ATTEMPTS

Farmington City Manager John D. Dinan has said that he knows of no annexation attempts.

But Future Farmington Area Study Committee began its work last May. The project was halted when the Farmington Township Board refused funds.

Completion of the study and its report before the incorporation vote would have "muddied the waters of the incorporation question," Township Supervisor Curtis H. Hall said.

The Township Board has agreed to approve funds for the continuation of the study.

Last week the study committee met with representatives of the Michigan State University Institute for Community Services, which may conduct the study.

Parents for Retarded Will Hear Attorney

LAPEER — Southfield attorney Barry Grant will speak to the Lapeer Parents Association for Retarded Children Sunday concerning such matters as patient trusts, administering of wills, guardianships and other pertinent legal matters.

The meeting is scheduled for 2 p.m. in the Recreation Building of the Lapeer State Home and Training School, and the public is invited, said association president Bernard Fleming.

Ohio Car Crash Kills 2 From State

SIDNEY, OHIO (AP) — Two Michigan residents were killed and three others critically injured yesterday when two cars crashed on icy Interstate-75 near Sidney.

The Shelby County Sheriff's Department identified the victims as Elizabeth V. Sutherland, 77, of Ferndale, and Bert L. Berry, 83, of Lansing.

The Ferndale woman was a passenger in a car driven by Margaret F. Wiggins, 85, also of Ferndale, which hit a bridge, careened across the median and was struck broadside by a car in which Berry was riding.

Also riding in the car with Berry were Lloyd Richardson, 82, of Lansing and Myrtle Kales, 77, of Jackson. Deputies could not immediately say which of the three was the driver.

* * *

The three injured were in critical condition at Wilson Memorial Hospital in Sidney.

Two trains still stop—eastbound at 5:08 p.m. and westbound at 1:30 p.m.

Lions Fail to Gain on Packers

Jungle Kings Not Regal Facing Bears

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

The Lions are kings of the jungle!
The Lions are kings of the jungle!
The Lions are kings of the jungle?????

You can't prove it by the Chicago Bears who always seem to be at their best against the Lions . . . or is it that the Lions always are at their worst against the Bears?

★ ★ ★

Any hope the Lions may have had in catching the Green Bay Packers was settled yesterday as the Bears scuttled the Motor City eleven, 27-13, even though the Packers were defeated at Baltimore.

It was the second time this year, as the Packers were losing, offering the Lions a chance to gain, that the Bears have blocked the path.

The master planner of the Lions' demise as usual was Gale Sayers, who had 64 yards rushing in eight carries, but 63 of the yards came on one running play to set up the first Chicago touchdown. Jack Concannon needed two tries from the one foot line to take it over.

The Lions had many opportunities and breaks but quarterback Karl Sweetan, having the poorest day of his football career, couldn't move the offense.

POOR PASS RECORD

When he did hit his receivers, they dropped the ball, but for the most part Sweetan's passes were far out of reach of their goals. He connected on only six of 33 passes, fumbled twice and had one intercepted.

★ ★ ★

The Lions had an interception by Dick LeBeau on the first play of the game, had two fine kick returns by Tom Vaughn and Bob Thompson, blocked a Bear field goal and recovered a fumble deep in Chicago territory, but could not capitalize on the opportunities.

After taking a 7-0 lead, the Bears blitzed Sweetan on the Lion 16. Ed O'Bradovich knocked the ball out of Sweetan's hands and Doug Buffone picked it up on the one and went in to score.

Early in the second period, aided by a Chicago penalty, the Lions marched 59 yards in nine plays. Sweetan faked well and tossed to Mel Farr, all alone in the right flat for a nine yard touchdown to make it 14-7.

★ ★ ★

It took only 20 seconds for the Bears to get it back as Sayers took the ensuing kickoff on the three, cut to his left and went 97 yards for the touchdown.

The Lions still had a chance to close the gap before intermission, as Sweetan passed 41 yards to John Henderson to the Bears' 21. On the next play however Sweetan's pass bounced low out of Henderson's reach.

Still on the 21 and in field goal range, Sweetan was chased to the sideline where he threw the ball underhanded and was called for grounding the ball. The loss of down and penalty brought Garo Yepremian in for a field goal from the 43 and it was short.

Still with only 12 seconds left, Henderson was all alone at the Bears 35, but Sweetan throwing from his own 37 overthrew Henderson as the half ended, 21-7.

FUNBLED PUNT

A fumbled punt set up a Bears' 32-yard field goal to make it 24-7 early in the third quarter, then the Lions came back with Vaughn running back the kick 60 yards to the Bears' 34.

Mel Farr picked up 15 and two plays later Farr swept left end for the 11 yard touchdown. Yepremian's try for point, however, was blocked.

★ ★ ★

Wayne Walker tried a squib kick and the ball was taken by Ralph Kurek on the 25, returning it to the 50. Mac Percival completed the scoring with a 47-yard field goal.

Another attempt in the 4th quarter from the 17, hit the goal post and bounced back.

★ ★ ★

In the 4th period, a fumble at the Bears' 43 and an interception by Curtis Gentry at the Bears' 32 stopped the Lions drives.

Coach Joe Schmidt did not criticize Sweetan or any of the Lions, but it was apparent he was unhappy with the quarterback's poor showing.

Newcomers Skating as Red Wings Fade

By FLETCHER SPEARS

DETROIT — The Red Wings and the Kings saw each other for the first time last night and both must have been a little impressed.

The Red Wings' old master Gordie Howe, skating on 39-year-old legs, has his usual scoring touch, but his efforts were overshadowed by the team and individual play of the Los Angeles Kings.

What looked like a sure Detroit victory turned sour late in the third period as the Kings poured in five goals in machine-gun-like fashion to post a 6-4 decision.

Sparking the Kings was 24-year-old newcomer Bill Flett, who was born shortly before Howe broke into the National Hockey League 22 winters ago.

★ ★ ★

Flett scored three times. He collected the Kings' first goal and rammed home the club's final marker with just a little more than four minutes left in the game.

TEN FOR GORDIE

Howe picked up his ninth and tenth goals of the season and added a couple of assists in pacing the Wings, but the old pro's work went to waste as the Detroit defense crumbled in the final period.

★ ★ ★

The four points raised Howe's total to 17 for the season in only 12 games.

The victory for the Kings was a big one. It boosted them atop the Western Division standings with a mark of 5-4-3. And the win was the second for the expansion club over an established NHL club. They earlier beat Chicago in a come-from-behind 5-3 effort.

The setback was the third in a row for the Red Wings and left them with a 6-5-1 record and a share of third place with Montreal. St. Louis trimmed the Detroiters Saturday night on the Blues' ice, 3-2.

★ ★ ★

For the first two periods and much of the third, the Kings of the West Coast looked much like you'd expect an expansion club to look — like a victim of a veteran NFL crew.

KINGS FIND RANGE

But not so. Trailing 4-2 with a little more than 10 minutes left in the game, the Kings found the range. In a span of little more than five minutes, they turned loose a barrage at goalie Roger Crozier and four of the shots made it past the little netminder to spoil the evening for the Wings.

★ ★ ★

General manager-coach Sid Abel, enjoying the proceedings from the lofty press box through the first two periods, shook his head slowly as the score went from 4-2 to 6-4.

Down 3-1 starting the third, Flett fired one through Crozier's pads near the right point while the Wings were a man short at the 5:17 mark.

Howe, on almost a carbon copy of his first goal in the opening period, took a pass from captain Alex Delvecchio and beat Wayne Rutledge with a four-footer directly in front of the net to make it 4-2 at the 5:34 mark.

★ ★ ★

From then on the Kings took charge.

CROZIER BOMBARDED

Brian Campbell beat Crozier with a 30-footer at 9:39, Bill Inglis poked in a rebound off Crozier's pads at 11:05, Bill White rifled one in from just inside the blue line at 14:25 and Flett whistled his third past Crozier at 15:43.

Dudley Wysong Sings Victory Tune in Hawaii

HONOLULU (AP) — Dudley Wysong addresses a golf ball as if afraid it was going to hit him back.

He started the $100,000 Hawaiian Open Tournament playing so badly he said he wasn't sure where the ball was going after he hit it.

★ ★ ★

But when it came down to the final holes, the quiet Texan refused to fold under the birdie pressure of veteran Billy Casper, and Wysong won the $20,000 first prize in a sudden death playoff.

Wysong and Casper finished the 72-hole tournament, played over the 7,000-yard Waialae course in brisk trade winds that made the coconut trees dance vigorously, tied at 284.

That was four under par for the four rounds.

Only four other players broke par, Doug Sanders, Babe Hiskey, Deane Beman and Tom Weiskopf, who tied for the third spot with 287, three strokes behind the leaders.

Defending champion Ted Makalena finished an even par 288, after an opening round 78. Arnold Palmer never got going and scored 72-74-74-72—292 for a 19th place tie and $1,150.

"It was the same story here," he said. "I played great the week before and couldn't win, and at Phoenix I just tiddled around and won the tournament. Last week, I felt real good, but when I got here I couldn't get set over the ball."

LONG SESSIONS

Wysong worked his troubles out in long practice tee sessions after the second and third rounds — both of which he led.

MIAA Rules Against Rescheduled Events

HOLLAND (AP) — The Hope-Albion football game and cross country meet postponed because of snow Saturday have been cancelled out altogether.

In a ruling Sunday, MIAA Commissioner John Hoekje said the league constitution specifically forbids a team from making a second trip to another college's campus for the same event.

Both Albion teams were on the Hope campus in Holland Saturday when the events were called off. They had been tentatively rescheduled for Nov. 18.

Victory by Half Length

WEAVERVILLE, N. C. (AP) — Bobby Allison of Hueytown, Ala., sprinted to the finish of the 10th annual Western North Carolina 500 stock car race Sunday, one-half car length in front of Richard Petty.

CHICAGO (AP) — The ageless argument of a strong offense versus a strong defense will be tested under unparalleled circumstances Saturday when Purdue and Minnesota clash in a pivotal Big Ten football game.

The Golden Gophers from the Northland will invade Purdue with a defense which has yielded an average of 5½ points a game while compiling a 4-0 Big Ten record.

★ ★ ★

Purdue, paced by the fabulous Leroy Keyes, has averaged 37¼ points per game in keeping pace with Minnesota and Indiana for a share of the conference lead.

While Minnesota and Purdue are battling in Lafayette, Indiana's undefeated Hoosiers invade deflated Michigan State where they hope to continue their surprising drive for the championship and their first Rose Bowl bid.

Regardless of what happens this week the conference race will be far from over since the three contenders will be involved in headon competition the following two Saturdays.

'M', MSU Stories, Page C-4

On Nov. 18, the big game will find Indiana at Minnesota while Purdue takes on Michigan State, and the season closes Nov. 25 with Purdue at Indiana while Minnesota takes on arch rival Wisconsin.

Purdue's only goal is an outright Big Ten championship since the Boilermakers cannot go to the Rose Bowl because of their appearance last season.

Minnesota and Indiana have the added incentive of both title and trip.

All three remained undefeated in Big Ten play with typical victories Saturday. Purdue, with Keyes scoring three touchdowns and passing for another, rambled over Illinois 42-9. Minnesota thwarted Iowa 10-0 and Indiana took a shaky 14-9 decision from winless Wisconsin.

Minnesota's big task Saturday is attempting to stop Keyes, who has scored 15 touchdowns, passed for two and leads major college scorers with 90 points.

"We knew where they were going to run and they still moved the ball," said Illini Coach Jim Valek. "When Keyes gets running room, he's trouble."

While Minnesota is trying to stop Keyes and Indiana is attempting to make it eight straight, Michigan will be at Illinois, Iowa at Northwestern and Wisconsin at Ohio State.

Western, Aquinas Harriers Triumph

Western Michigan and Aquinas picked up cross-country trophies Saturday in the Oakland University invitational.

Mike Hazilla, a junior from New York, turned nn a sparkling time of 31 minutes, 44 seconds over the tough, six-mile course to pace the Western victory.

Hazilla and his teammates totaled 34 points, with Michigan State taking second in the university division with 62. University of Michigan placed third (67), followed by Eastern Michigan (85), Bowling Green (106), Central Michigan (164) and Toledo (179).

Aquinas won the college division title with 23 points and host Oakland University took the runner-up spot with 45.

★ ★ ★

Hazilla turned in the fastest times at the two-mile 10:12) and four-mile (20:59) mark that have been recorded on the OU layout.

CLOSE RACE

Tim Hinck of Acquinas and Louis Putnam of OU staged a heated duel for the college title and Hinck emerged with the victory in 33:42. Putnam finished at 33:45.

Trailing Putnam for OU were Don Colpitts (3), Marc Dutton (8), Don Balkwell (15), Bruce Anderson (17), Mike Call (19) and Jerry Coffman (21).

COLLISION—CUT—CLASH — It all began when Boston's Bobby Orr collided with Brian Conacher of Toronto last night in their National Hockey League game at the Boston Garden. Orr suffered a cut on the face and the fight began. Players from both benches mill about the ice holding onto each other while trying to watch Conacher (on knees in front of linesman Walt Atanas in striped shirt at upper right) and Orr battle. Five penalties were meted out over the incident; and the game had 20 penalties — including two majors and a misconduct ban. (See story on Page C-3.)

Carol Hofman Has Two Victories in U.S. Horse Show

NEW YORK (AP) — Carol Hofmann is a 23-year-old brunette who has been a member of the U.S. Equestrian team for the past five years — but she has yet to make first string.

Miss Hofmann, a blood and thunder rider who never relaxes on the course, already has won two of the U.S. Equestrian team's decisions in the National Horse Show in Madison Square Garden, is riding only by coincidence.

Usually, the National limits international teams to four riders. This year, because only three international teams were entered, each squad was permitted to enter all its members. So Miss Hofman made it.

Sunday night, she rode Salem to the Royal International Trophy Class, a speed test in which she gave almost the entire field her time of 37.3 seconds to shoot at. No one could match it. Miss Hofmann was third out of the gate and so 15 other horses had a chance to beat her.

★ ★ ★

Miss Hofmann's triumph pushed the U.S. point total to 114. Even before her victory, after Kathy Kusner of Arlington, Va., had won the afternoon class on Aberali, Coach Bert DeNemethy's riders, had clinched the team title.

Bill Steinkraus of Noroton, Conn., captain of the U.S. team, leads for the individual international title with 38 points followed closely by Miss Hofmann with 34.

Pro 'Hall' Supervisor Dies of Heart Attack

WASHINGTON (AP) — Richard P. McCann, who supervised construction of the pro football Hall of Fame and then served as director of the Canton, Ohio, institution, died Sunday after suffering a heart attack.

McCann, 57, was in Washington to work on plans for naming D.C. Stadium home of the Washington Redskins of the National Football League, after the former Redskins' owner and his one-time boss, the late George Preston Marshall. McCann worked as Redskins' general manager from 1947 until his appointment to the Hall of Fame post in 1962. A native of Washington, he was a sports writer for several newspapers here.

'M' Gains 500th Victory

Wolverines Snap Skid on Gridiron

ANN ARBOR (AP) — There have been a lot of victory celebrations in Michigan locker rooms but probably none sweeter to Coach Bump Elliott than the Wolverine's 500th football triumph.

"We needed that one badly," said Elliott after Michigan nipped the Northwestern Wildcats 7-3 Saturday to halt a five-game losing streak. "We may not win many football games but we sure do set some records."

★ ★ ★

Michigan is the fifth U. S. college team to win 500 games. Harvard, Yale, Pennsylvania and Princeton, all Ivy League powers with long football traditions, are the others.

Michigan halfback Ron Johnson, a junior from Detroit, set a Big Ten record with 42 rushes, four more than the old mark of 38 jointly held by former Illinois fullback Jim Grabowski and Ohio State's Ernie Parks.

Johnson gained 167 yards on slick turf made hazardous by four days of rain and a first quarter blizzard to put him within 69 yards of the legendary Tom Harmon's single season Wolverine rushing mark.

Johnson, with 815 yards in seven games, needs 70 yards against Illinois next Saturday at Champaign, Ill., to surpass Harmon's mark of 884 yards in 1939.

"He's a tremendous football player," said Northwestern Coach Alex Agase. "He is really tough and he hits hard."

Crediting the blocking of John Gabler and Gravie Craw for his fine showing, Johnson grinned and said: "I'm glad we won one."

Earlier this year, Johnson set a Michigan single-game rushing mark with 270 yards against Navy.

He said he hoped to break Harmon's rushing record and added: "The coach was calling the plays. It's the only way to play it."

Quarterback Dennis Brown plunged over from a yard out for the Michigan touchdown to cap a 14-play, 70-yard drive in the second quarter for the game's only touchdown.

FOURTH DOWN

He completed four passes for 37 yards in the drive before scoring on a fourth down play.

★ ★ ★

Brown brought Michigan to within scoring range three other times and had his team on the Wildcat one-yard stripe when time ran out. But each time, the Northwestern defense held.

Brown, who completed 10 of 22 passes for 77 yards, and Johnson were the only Michigan players to carry the ball.

★ ★ ★

"We felt that we had to stop Johnson and Brown and I think we were fairly successful for a time," said Agase. "But Johnson is really tough and he hits hard.

"However, I think the real difference in the game was that Michigan had the initiative to score when the time came and we didn't. To me, that's the real story of the game."

OSU Prevails, 21-7

Bucs Kayo Spartan Hopes

EAST LANSING (AP)—Football Coach Duffy Daugherty says his Michigan State Spartans "are obviously out of the Big Ten race" following their 21-7 loss Saturday to twice-beaten Ohio State.

And the mentor of the defending conference champions appears to be right. The Spartans, 2-2 in the Big Ten with only three games to go, trail three unbeaten conference foes —Purdue, Minnesota and Indiana.

★ ★ ★

Michigan State has already lost to Minnesota and plays Indiana and Purdue in its next two games.

Before the season started, Michigan State had hopes of winning a third consecutive outright conference crown, a feat unprecedented in the Big Ten.

Ohio State quarterback Bill Long mixed a good passing attack (nine completions for 129 yards) with the running of Dave Brumgard and Paul Huff to outclass the Spartans in their Homecoming game.

BACKFIRED

A Spartan gamble in the first quarter set up the first Buckeye score. With fourth down and two on the OSU 42, Michigan State sent LaMarr Thomas over right guard. Thomas failed to gain and OSU took over on downs.

★ ★ ★

The Buckeyes marched back up the field, aided by a 27-yard pass from Long to Bill Anders on the Spartan five. Huff carried to the one and scored on the next play.

★ ★ ★

"Maybe I was wrong," Daugherty said afterward about the fourth down gamble, "but it wasn't like they were in our territory. After all, they had to drive 60 yards before they scored."

Michigan State took the kickoff and immediately ran into trouble. Quarterback Jimmy Raye—still bothered by bruised ribs suffered two weeks ago at Minnesota—was dropped for a 10-yard loss. On the next play he fumbled, losing another yard.

HIGH SNAP

The Spartans punted, and a high snap from center nearly spoiled the play. Dick Berlinski had to boot the ball on the run and kicked only 20 yards to the MSU 34.

Ohio State scored eight plays later on a four-yard keeper by Long and took a 14-0 lead.

The Spartans scored in the second quarter on another fourth down gamble. With 13 yards to go for a first down, Raye threw 29 yards to end Al Brenner in the end zone.

Michigan State threatened early in the third period as Dwight Lee broke through the OSU defense and gained 25 yards. But Lee fumbled the ball and the Buckeyes recovered on their own 26.

Two Victories Give Pistons Winning Mark

DETROIT (AP) — It's too early in the season to mean much, but it was enough to make the Detroit Pistons happy as they moved over the .500 mark for one of the few times since their arrival in Detroit 11 years ago.

★ ★ ★

The Pistons pushed their National Basketball Association record to 5-4 over the weekend with a pair of victories over the Baltimore Bullets. The hapless Bullets now have lost six straight.

★ ★ ★

The Pistons rolled over the Bullets 127-118 in Detroit's Cobo Hall Saturday night after edging past them 115 - 113 on the Bullets' home court Friday.

★ ★ ★

Dave Bing and Eddie Miles teamed up for 68 points between them in the Pistons' victory Saturday. Bing had scored 42 points against the Bullets the night before, and Miles' 30 points was his best showing of the season since recovering from a knee injury.

ACTRESS AIR CRASH VICTIM — British actress June Thorburn, 36, was killed in the Iberian Air Lines jetliner crash in the English countryside Saturday night, her agent said in London. All 37 persons aboard the plane died in the disaster.

Wallace Is Tool of LBJ, Says Gov. Kirk

By the Associated Press

Republican Gov. Claude Kirk of Florida, who says he knows who President Johnson's 1968 running mate will be, now professes to see a new and unexpected ally in Johnson's corner: George Wallace.

Kirk said Sunday that Wallace, the former Alabama governor who talks of mounting a third-party presidential campaign, "may be either a willing tool or unknowing tool" of Johnson's.

Either way, said Kirk, "The word is out in the Democratic party now from the White House that it's all right to go for George Wallace; they'll look the other way after the campaign is over." Kirk said Democrats have decided Wallace would skim off backing for Republicans from anti-Johnson Southerners.

CALLED 'GOP TALK'

Wallace had three words for Kirk's assessment: "That's Republican talk," the ex-governor told a news conference in Albuquerque, N.M., where he stopped off briefly while returning from a 10-day tour of Western states.

Kirk spoke on the ABC television-radio program "Issues and Answers."

The Florida chief executive predicted last week that Johnson would dump Vice President Hubert H. Humphrey and pick retired Lt. Gen. James M. Gavin instead. Gavin has been one of Johnson's severest Vietnam war critics.

Meanwhile, Johnson's chances of carrying Louisiana against virtually anyone next year were called all but hopeless by that state's newly reelected Gov. John McKeithen.

"The best chance to get Johnson defeated most soundly is to see that his name gets on the ballot—and perhaps underline it," said McKeithen, a Southern moderate who soundly trounced a challenge last week from a Wallace supporter in the governor's race.

'One of the Lucky Ones' Recalls Night of Horror

LONDON (UPI) — "Don't look, dearie, keep your eyes shut."

Grandmother Ethel Cowland, 64, ignored her rescuers and peered at the floodlit wreckage of the train she had been riding.

"God, I wish I had kept my eyes shut," she whispered. "There were bodies everywhere."

Mrs. Cowland was one of the lucky ones. She wasn't scratched in Britain's worst train crash in 10 years.

★ ★ ★

For her, the 7:43 from Hastings to London was ideal. It had permitted her to miss an earlier train and stay with her grandchildren for a fireworks display marking Guy Fawks Day.

'LIGHTS WENT OUT'

One stop from suburban Lewisham Mrs. Cowland's happy day turned into a night of horror.

"I was in a carriage in the middle of the train," she said. "Suddenly, it started bumping. Then it went up and down furiously. Then it lurched and the lights went out."

People screamed in the darkness. They were tossed like rag dolls and baggage crashed down from overhead racks.

Mrs. Cowland could not remember her car leaving the track near the Hither Green Bridge.

PANIC, CRIES OF PAIN

"I ended up in a corner of the carriage," she said. "I had been thrown on top of a girl who seemed very badly hurt. It was black, very black, and I could smell smoke."

There also was panic in the wreckage and cries from the injured. In the darkness, people screamed and moaned. But one man, shouting louder than the others, gradually got everyone quiet.

"This man began organizing everyone," Mrs. Cowland said. "He was wonderful, very cool."

The man—no one thought of asking his name—began leading survivors out into the chilly, wet night even before the first rescuers arrived.

LED OUTSIDE

But Mrs. Cowland was too frightened to walk. So two men led her outside.

Emphysema now ranks second only to heart disease as a cause of disability.

Lakes Basin Bill Is Panned

WASHINGTON (AP) — Rep. Clement J. Zablocki, D-Wis., said today he will introduce a bill that would give congressional consent to the Great Lakes Basin compact established in 1955.

Zablocki said 21 members from Great Lake states are cosponsoring the legislation.

★ ★ ★

Previous attempts to get the required congressional approval of such compacts have been blocked by the opposition of New York. All eight states joining in the compact have agreed on the new bill, Zablocki said.

Fairly Active Trading

Mart Eases Irregularly Lower

NEW YORK (AP)—The stock market eased irregularly lower early today in fairly active trading.

Losses outnumbered gains by 100 issues or so and averages were slightly lower.

★ ★ ★

American Photocopy, ahead of the list on volume, was up a fraction. Also active, Allis-Chalmers and American Cyanamid edged higher.

Down fractionally in active dealings were Hess Oil, Sperry Rand, American Motors, Occidental Petroleum, Pacific Petroleums, McDonnell Douglas, Anpec and Amphenol.

A scattering of blue chips, including General Motors, U.S. Steel, Bethlehem, Kennecott and Southern Pacific clung narrowly to the upside.

Opening blocks included:

Occidental Petroleum, up ½ at 109¾ on 7,100 shares; International Paper, unchanged at 25½ on 7,000; Sperry Rand, unchanged at 51¾ on 10,500; and General Motors, up ⅜ at 79¾.

★ ★ ★

After six straight weeks of decline, Wall Street was wondering where the market would reach support on which to base a rally. Published comment reflected no confidence that the list would find any fresh incentive for the moment.

With the New York and the American stock exchanges closed Tuesday for election day there was the usual reluctance by traders and investors to make commitments prior to a day which might produce some new factors to be reckoned with.

★ ★ ★

On Friday, the Associated Press average of 60 stocks fell 2.9 to 309.1.

★ ★ ★

Prices were irregular on the American Stock Exchange. Dynalectron lost 1 at 32 on 13,500 shares. Kaiser Industries dropped ⅝ at 16 on 7,700 shares. Allen Electric rose 1¾ to 65. Fractional losses included Struthers Wells, Xtra Inc. and Valley Metallurgical.

Depot by Hanoi Hit First Time

Storage Area Added to U. S. Air Targets

SAIGON (AP) — Another target in North Vietnam came off the Pentagon's out-of-bounds list today as U.S. Air Force fighter-bombers attacked a sprawling military storage area on the outskirts of Hanoi for the first time.

American planes hit the Gia Thuong storage area less than a mile north of the Gia Lam airbase, which is across the Red River from the heart of Hanoi and is North Vietnam's main civilian air field.

★ ★ ★

Gia Lam is also the only MIG airfield U.S. warplanes have not yet attacked and one of about five major targets still on the Pentagon's restricted list. Among the others are the Haiphong docks and railroad terminal and the power plant in Lao Cai, on the border of Communist China.

RED CHINA LINK

The Gia Thuong storage area is on the main northeast railroad and highway from Communist China to Hanoi over which military supplies come for North Vietnamese troops fighting in South Vietnam. The area is between two key bridges, the Canal des Rapides and the Paul Doumer, both of which have been repeatedly attacked by American bombers.

The American F105 Thunderchief pilots reported MIG 17 and MIG21 interceptors in the area, and one F105 had a brief clash with one of the Red jets, but the U.S. Command said neither plane was hit.

★ ★ ★

A U.S. spokesman said Gia Thuong is considered one of the largest military storage areas in North Vietnam, with 72 storage buildings, 11 support buildings and eight administration buildings in the compound. He said the American bombs impacted on the buildings and on antiaircraft sites protecting the area.

★ ★ ★

The spokesman said both the Canal des Rapides and Doumer bridges had been knocked out in previous raids and there apparently was a backlog of military supplies in Gia Thuong, making it "a lucrative target."

MIG BASE RAIDED

In another major strike Sunday, Air Force Thunderchiefs again raided the Phuc Yen MIG base northwest of Hanoi and reported damaging at least two MIG17 interceptors on the ground. In South Vietnam, meanwhile, South Vietnamese infantrymen battled Viet Cong troops near Loc Ninh.

★ ★ ★

One American F105 was shot down during the Phuc Yen raid, but two propeller-driven A1 Skyraiders drove off two MIG17s while a "jolly green giant" helicopter rescued the pilot.

★ ★ ★

"It was one of the deepest rescue penetrations made in the war in North Vietnam," a U.S. spokesman said.

The F105 was the 726th U.S. combat plane announced lost over the north.

A Threat to Free Enterprise?

Business Eyes Youth

By JOHN CUNNIFF
AP Business Analyst

NEW YORK — Is the fate of the free enterprise economy endangered by a bunch of unwashed unkept, fuzzy - minded youths lacking goals or business instinct but now, inevitably, attaining a more important role in the economy? This is the nightmare that in a few frantic moments some businessmen see before them. Some sociologist and educators tend to agree that the nightmare could become reality.

CUNNIFF

Dr. Marshall McLuhan, the famed Canadian professor and social critic, even foresees an economic depression resulting from this take-over of the economy by a generation poorly adapted to the demands of business.

The nightmare theory may ignore some important factors, however, including the prospect that youthful rebels often become conventional adults, a transition that parents may recall from their own experience. It may give to little value also to the fact that youthful protest, a consistent theme of society, often inspires constructive change by exposing weaknesses, inequities and falsehoods. Business could benefit from protest.

In any event, the number of hippies probably has been overestimated, although a teen-ager doesn't need to look like a hippie to sympathize with some hippie beliefs.

POINT OF VIEW

The most powerful tranquilizer for businessmen's nightmares is a change of viewpoint, to realize, for instance, that the society that produces hippies produces Peace Corps volunteers as well.

A changed point of view may also reveal that, although much of the business community doesn't attempt to communicate with younger generations, some business organizations make it their avocation.

★ ★ ★

In the Junior Achievement program, businessmen and industrialists give guidance to 150,000 high school students in organizing and managing their own small-scale businesses.

This educational program, now 48 years old, has chapters in more than 500 communities, where youngsters organize businesses by selling stock and then operate their businesses, hopefully, for profits. In doing so they learn about profit and loss statements, taxes, mergers and, if need be, bankruptcies.

SPEAKING PROGRAM

As an antidote to all the publicity about hippies, the Reader's Digest has chosen 16 outstanding Junior Achievers from around the country and is sending them out as speakers. The students will write their own speeches; they won't be censored.

Based on interviews conducted by the Digest and Junior Achievement for the Associated Press, their talks will be informed, tolerant and generally acceptable to the business community. But they might provoke it as well.

★ ★ ★

One of the questions was this: "Do you feel that the institution of private enterprise is equipped to help solve some of our great sociological problems? "A few of the answers, greatly abbreviated, follow.

★ ★ ★

Michael Collins, 19, Columbus, Georgia: "Yes, private enterprise could do it if only it would try. Somebody needs to get in there and tell those businessmen, 'You can it.' And they can."

'MUST TACKLE PROBLEMS'

Cynthia Vyszenski, 18, Dayton, Ohio: "Not only do I think that business can, but it MUST attempt to solve many of our sociological problems. If business allows the federal government to assume ALL the initiative and responsibility, then it deserves the bad image that it now possesses."

Donna Stone, 17, Atlanta, Georgia: "Scholarships and jobs provided by businesses for industrious and capable member of ghettoes could bring about self-improvement in those areas."

★ ★ ★

Steve Tvorik, 18, Cleveland, Ohio: "There is only one institution in society capable of acting to abolish poverty, the federal government."

These are youthful opinions today. They may be the ingredients of decisions tomorrow.

Hussein Bids for Israel Peace

Recognition by Arabs, Canal Rights Seen

UNITED NATIONS, N.Y. (AP) — King Hussein of Jordan made the strongest Arab bid for peace with Israel so far Sunday, telling an American television audience Arab leaders are willing to recognize Israel's right to exist and possibly to let Israeli ships through the Suez Canal if Israel meets "the right conditions."

Replying to questions on the CBS program "Face the Nation," Hussein said a prerequisite to direct peace talks is the withdrawal of Israeli troops from all Arab soil it occupied in the June war. Israel has said it will never let go of Old Jerusalem, which Jordan seized in the 1948 Palestine war, and Israeli Prime Minister Levi Eshkol indicated a week ago that Israel intends to keep other Arab areas it captured in June.

★ ★ ★

Artillery and tank fire punctuated the predawn stillness on the Israeli-Jordanian cease-fire line Sunday, marking the third border clash in three weeks between the two countries. An Israeli army spokesman said Jordanian guns opened up to cover Arab saboteurs who blew up a building at a farm settlement and were trying to cross the Jordan River to safety.

Jordan charged that Israel opened the two-hour artillery duel by firing on homes in the Ghor area of northern Jordan. No fatalities were reported on either side.

★ ★ ★

Hussein meets with Secretary of State Dean Rusk in Washington today and with President Johnson Wednesday. The king said that in his talks with Rusk and Johnson, "I am going to expose the Arab position as it stands now. I think it is a reasonable one and represents a very, very tremendous change from earlier positions."

New Regime in Yemen to Seek Peace

SAN'A Yemen (AP) — Yemen's new Republican regime indicates that it will seek reconciliation with the Royalists and an end to the 5-year-old civil war, after its ouster of the president who seemed determined to keep fighting.

The new regime came to power Sunday in a bloodless coup while President Abdullah al-Sallal was out of the country. It said its goal is to "correct the situation" in Yemen.

★ ★ ★

Cairo's Middle East News Agency quoted the new acting president, Abdel Rahman Iriani, as saying contacts were under way with pro-Royalist tribes with the aim of bringing them into the Republican fold.

Iriani is a conservative and is believed to have great influence with the warring tribes.

EXPRESSED BACKING

The new premier, Moshen el Ainy, said all tribes have expressed backing for the new regime. He also said Yemen would follow a "good neighbor" policy with all sister states, including the neighboring monarchy of Saudi Arabia, which backed the Royalists in the civil war that began when Sallal led the overthrow of Yemen's 11-century-old monarchy in 1962.

Egypt sent 40,000 troops to Yemen to keep the Republicans in power, but its losses in the June war with Israel forced President Gamal Abdel Nasser to agree with King Faisal of Saudia Arabia to end their involvement in Yemen and try to restore peace there.

★ ★ ★

Sallal had obstructed the Yemen peace commission sponsored by the two nations, and it appeared that Sallal's ouster, if not engineered by the Egyptians, must at least have had their blessing.

Successful Investing

By ROGER E. SPEARS

Q—I have $30,000 in the bank. I am a childless widower, receiving $105 a month Social Security. I'm 72, without work and have to draw on savings for my living expenses. What do you recommend as the best method for survival? —Q.S.

A—An annuity would appear to be your best method for survival. You appear to have no direct heirs, so a straight life annuity seems most suitable for you. I would consult with an agent of a major insurance company and ask what they would pay on such an annuity. I would leave $10,000 in the bank for emergencies and put $20,000 into the annuity which at your age would pay you much more than any comparable investment. With your interest from $10,000 savings and your Social Security you should have a monthly income on which you can live in moderate comfort.

★ ★ ★

Q—We are interested in growth. We are both 55 and my income is in five figures. Insurance is adequate, equity in home substantial and we have $15,500 in savings. Among stock holdings we are concerned about are American Hospital Supply, Chemical Products, American Research and Dean Foods. Have you suggestions about these stocks?—P.R.

A—American Hospital is one of the best stocks in the growing medical-health field. I believe the rising earnings pattern will continue and I would hold these shares. Chemical Products showed sharply lower earnings in 1966 than in the previous year. I don't believe this is truly a growth stock and I think you will do better with Swift. Dean Foods is a pretty sound issue, but in your situation I would prefer Consolidated Foods. American Research has had marked success investing in young scientific enterprises and I would hold this stock for long-term gains.

Man Charged in Slaying of Ohio Dem's Niece, 20

BOWLING GREEN, Ohio (AP) — Sheriff Earl L. Rife said today he has filed first degree murder charges against a service station attendant in the slaying of Karen Kern, 20-year-old niece of state labor and political leader Frank W. King.

★ ★ ★

Rife filed the charges in Municipal Court at Perrysburg against Mark David Hodges, 26, of Lafayette, Ohio, near Beaverdam. The nude body of Miss Kern, a school secretary of Sylvania, a Toledo suburb, was found a week ago in an irrigation ditch south of Perrysburg, another Toledo suburb.

Authorities said she had been shot seven times and stabbed three times.

★ ★ ★

Hodges is presently in jail at Napoleon in adjacent Henry County on a charge of shooting with intent to kill. That charge stemmed from the wounding of Denise Fortner, 17, of near Napoleon.

'FORCED OFF ROAD'

Miss Fortner was shot last Aug. 4 as she rode a motorcycle near Napoleon. She said a car forced her off the road and the driver returned and shot her. She has recovered. Hodges was arrested in that case last Wednesday night.

Authorities said Hodges was one of the last persons known to have seen Miss Kern alive. She had stopped at a service station he operates near Beaverdam a week ago Sunday night because her car was overheating.

★ ★ ★

Miss Kern was returning home from a weekend visit with friends in Charleston, Ill., when she disappeared.

King, her uncle, is president of the Ohio AFL-CIO and a state senator from Toledo. He is the Senate Democratic leader.

Hodges is married and the father of three children.

SAME TYPE GUNS

Authorities said both Miss Fortner and Miss Kern were shot with a 25-caliber Beretta semiautomatic. Sheriff Rife said a similar pistol was taken from Hodges the night he was arrested.

Authorities said Hodges disappeared from his service station a short time after Miss Kern had stopped there and that he was gone "for some time."

★ ★ ★

Hodges has pleaded innocent to the charge stemming from the shooting of Miss Fortner. His bond in that case was set at $10,000.

Rife said a copy of the Perrysburg affidavit and warrant and a criminal holder has been sent to Henry County Sheriff John Casteel.

LEGAL ACTION

Rife said if Hodges is released by Henry County, it is expected that Municipal Court Judge Wayne Leatherman of Perrysburg will fix a time for setting bond and a preliminary hearing on the murder charge.

Gunman Robs Local Market

A gunman robbed a Pontiac grocery store and one of the store's employes of some $300 in cash yesterday, it was reported to city police.

Eddie J. Carthane, 36, of 409 Ditman told officers he was preparing to close Dickie's Market, 326 S. East. Blvd., about 10:45 p.m. when a man he believed to be a customer got out of a car and entered.

The man brandished a shotgun, forced him to lie on the floor, then took all the bills from the cash register, Carthane said.

The bandit and another man escaped west on Osmun, police were told.

City Man Is Hurt as Car Rolls Over

A Pontiac man is in satisfactory condition today at Pontiac General Hospital after the car he was driving veered off I-75 and rolled over three times before coming to a stop early yesterday, State police said.

A witness told police that Harle W. Ross, 48, of 3817 Chesterfield passed his car at a high rate of speed, apparently lost control and crashed two miles south of Sashabaw Road in Independence Township.

Consumers Sets Service Dinner to Honor Employes

The 1967 Service Anniversary dinner for the Pontiac division of Consumers Power Co. is Wednesday night at the Elks Temple, 114 Orchard Lake.

Hors d'oeuvres will be served at 6:30 and dinner at 7 p.m.

★ ★ ★

More than 200 people are expected to attend the banquet, in a gay '90s theme.

Some 100 active employes and about 70 retired employes will be honored.

Suburb's Pilot Program Tests Cholesterol Level

WOBURN, Mass. (AP) — Free blood cholesterol tests were given to 735 persons Sunday in a pilot program to detect individuals who may be susceptible to heart disease.

It will be several days before analysis of all the blood samples taken is completed, but of the first 318 persons tested, 212, or 67 per cent, had levels high enough to warrant further checking by a physician.

★ ★ ★

About 300 persons had to be turned away from the Woburn High School auditorium when the clinic closed, but another session is scheduled for next Sunday.

The tests were conducted by Dr. Charles R. Hardcastle, public health commissioner for this Boston suburb of 36,000 residents, with the help of 20 nurses and as many other aides and clerical assistants.

ANTIMEASLES CAMPAIGN

The new program is in keeping with Hardcastle's antimeasles vaccination campaign. Shortly after the one-shot measles vaccine was approved for general use early in 1965, he obtained enough to inoculate 3,000 children at clinics on three successive Sundays. Not one case of measles is known to have originated in Woburn since.

Cholesterol, a fatty substance, is a prime suspect as a cause of the "rust" or fattening that can eventually clog coronary arteries and thereby bring on a heart attack.

Flint Journal's Ad Manager Heads Group

LANSING (AP)—Carl Koch, advertising manager of the Flint Journal, was elected president of the Michigan Press Advertising Managers at their 26th annual meeting over the weekend at Lansing.

He succeeds Jack Newman of the Battle Creek Enquirer and News. Jack Harris of the Greenville Daily News was named vice president.

The Lansing State Journal won first place for "best use of newspaper mat service." Second place went to the St. Clair County Independent Press and third to the Benton Harbor News-Palladium.

The Birmingham Eccentric placed first for "best ad idea." The Muskegon Chronicle was second and the Battle Creek Enquirer and News third.

First place for "best color ad" was awarded the Grand Rapids Press for letterpress reproduction and the Mount Pleasant Daily Times News for offset reproduction. Second in the letterpress category went to the Lansing State Journal and second in offset to the Birmingham Eccentric.

The Birmingham Eccentric placed first in "best special edition." The St. Clair Independent Press was second and the Utica Daily Sentinel was third.

Gift Box for GIs

DETROIT (AP) — People with relatives serving in the armed forces in Veitnam can give the Salvation Army his name and address, and the organization will send him a small Christmas gift box containing hard candy, soft drink powder, razor blades, shaving cream, deodorant and other sundries. The deadline is Nov. 16.

People in the News

Conductor Leopold Stokowski was both surprised and happy by a unique demonstration after he finished conducting the Philadelphia Orchestra in Gustav Mahler's Resurrection Symphony.

As the symphony ended Saturday night in Philadelphia, from the amphitheater up near the rafters two 15-foot green banners, printed with red letters reading "Brave Mahler" and "Brave Stokey," were unfurled.

The 85-year-old Stokowski first stared at the banners amid cheering and applause by more than 2,900 persons. Then he smiled, waved, and left the stage to the accompaniment of further applause.

Hilton Exec Gets New Post

Robert J. Caverly, Hilton Hotels Corp. executive vice president, has been named board chairman of Sky Chefs, Inc., American Airlines' hotel-restaurant subsidiary, it was announced in New York over the weekend.

Caverly has been with the Hilton organization for 20 years. He also was executive vice president of Statler Hilton, Inc., and president and director of Hilton Service Corp.

His appointment to Sky Chefs was announced by C. R. Smith, American's chairman.

Patrolman Confronts Monkey Business

New York patrolman Patrick O'Connor, who bagged a billy goat on Wall Street last Friday, added a monkey to his animal collection yesterday.

O'Connor, 6-foot-5 and weighing 260 pounds, captured the stray goat after a chase down the East River Drive. He caught up with it in front of the New York Stock Exchange.

Yesterday, he was one of six officers responding to a report of a monkey on a fourth-floor terrace of an apartment in the Chelsea district of Manhattan.

O'Connor followed the monkey to ground level, then over a seven-foot fence and into an apartment in the next building. He put the animal into a cloth sack and sent it to an animal shelter.

OFFICIAL NOTICE OF SALE
$155,000.00
Brooklyn Relief Drain Drainage District, County of Oakland, State of Michigan.

DRAIN BONDS

Sealed bids for the purchase of Drain Bonds to be issued by the Brooklyn Relief Drain Drainage District in Oakland County, Michigan, of the par value of $155,000.00, will be received by the undersigned at his office, No. 550 South Telegraph Road, in the City of Pontiac, Michigan, until 11:00 o'clock A. M., Eastern Standard Time, on Tuesday, the 14th day of November, 1967, at which time and place said bids will be publicly opened and read.

Said bonds will be dated November 1, 1967, will be coupon bonds all in the denomination of $5,000 each, will be numbered consecutively in the direct order of their maturities from 1 upwards, and will bear interest from their date payable on May 1, 1968 and thereafter semi-annually on May 1 and November 1 of each year and will be sold at an interest cost not in excess of 4¾% per annum (taking into consideration any premium paid) with no coupon rate on any bond to exceed 5% per annum. Each bid shall state the annual interest rate or rates upon which it is submitted, expressed in multiples of ⅛th or 1/20th of 1%, or both. The interest rate on any one bond shall be at one rate only and represented by one interest coupon for each coupon period, and all bonds maturing in the same year must carry the same interest rate. No bond shall bear interest at a rate less than 50% of the rate borne by any other bond of this issue. Accrued interest to date of delivery of such bonds must be paid by the purchaser at the time of delivery.

Said bonds will mature serially on the 1st day of May in each year as follows:

Year	Amt.	Year	Amt.	Year	Amt.
1968	$5,000	1975	$ 5,000	1982	$10,000
1969	5,000	1976	5,000	1983	10,000
1970	5,000	1977	10,000	1984	10,000
1971	5,000	1978	10,000	1985	10,000
1972	5,000	1979	10,000	1986	10,000
1973	5,000	1980	10,000	1987	10,000
1974	5,000	1981	10,000		

The bonds will be subject to redemption as a whole by the Drainage District prior to maturity on any one interest payment date on or after May 1, 1978. Each bond called to be redeemed shall be redeemed at par and accrued interest plus a premium equal to two per cent (2%) of the aggregate par value of the bonds redeemed on or before May 1, 1984 and without premium if redeemed thereafter.

Notice of redemption shall be published not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the City of Detroit, Michigan, which carries as a part of its regular service, notices of the sale of municipal bonds. No further interest payable on bonds called for redemption shall accrue after the date fixed for redemption, whether presented for redemption or not, provided the Drainage District has money available for such redemption with the paying agent.

Both principal and interest will be payable at such bank or trust company which qualifies as a paying agent under Federal or Michigan law and which shall be designated by the original purchaser of the bonds, who may also designate a similarly qualified co-paying agent. The designation of the paying agent and co-paying agent shall be subject to the approval of the drainage district.

The said bonds are to be issued under the provisions of Chapter 20 of Act No. 40 of the Michigan Public Acts of 1956, as amended, in anticipation of the collection of special assessments assessed against the City of Pontiac on Special Assessment Roll No. 1 for the Brooklyn Relief Drain made to defray the cost of locating, establishing and constructing the said drain. The assessments are a general obligation of the said city and it is obligated and has the power to levy ad valorem taxes upon all the property within its limits in an amount sufficient to pay the assessment against it, with interest, without limitation as to rate or amount. The statute under which the bonds are to be issued provides that the full faith and credit of the said Drainage District is pledged to the prompt payment of the principal of and interest on said bonds. By resolution adopted by the affirmative vote of two-thirds of the members elect of the Board of Supervisors of the County of Oakland, and pursuant to said Chapter 20 of Act No. 40 of the Michigan Public Acts of 1956, as amended, the full faith and credit of the County of Oakland is pledged to the prompt payment of the principal of and interest on said bonds.

No bid for less than all of the bonds or at less than the par value of the bonds will be accepted.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on all of the bonds from December 1, 1967 to their respective maturities and deducting therefrom any premium. Such bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Drainage District on all of the bonds.

A certified or cashier's check in the amount of $3,100 drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the Drainage Board for the Brooklyn Relief Drain, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of the unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be continued upon the unqualified opinion of Dickinson, Wright, McKean & Cudlip (Claude H. Stevens, of Counsel), attorneys, Detroit, Michigan, approving the legality of the bonds. The cost of said legal opinion and of the printing of the bonds will be paid by the Drainage District. Bonds will be delivered at Detroit, Michigan; Chicago, Illinois, or New York, New York.

The right is reserved to reject any or all bids.

Envelopes containing the bids should be plainly marked "Proposal for Brooklyn Relief Drain Bonds."
