# MIKE ROGERS

*Working with Republicans and Democrats to protect our children.*

**MIKE ROGERS INTRODUCED LEGISLATION THAT IMPROVES THE SAFETY OF PEDIATRIC MEDICINE.**

Our children depend upon many of the same life-saving prescription drugs and medical devices used regularly by adults. But it's hard to ensure these treatments can be used safely by kids.

*Mike's legislation provides more information for parents and doctors (such as dosing and side effects) **about how to safely treat children.** It also strengthens federal testing standards and expands research into new, ground-breaking pediatric treatments for diseases like cancer, diabetes and multiple sclerosis.*

**Mike's common-sense legislation was supported by both Republicans and Democrats and signed into law this year.**

**On November 6, vote to keep our kids healthy and safe.**

**Vote Mike Rogers for Congress.**
