

Luxury Liners Ram in Fog; 3 Killed

\$100,000 Fire Levels Rochester Plant

Loud Noise Tips Ocean Liners Wallow in Atlantic After Collision off Nantucket

Off Watchman; Save 2 Buildings

Firemen Fight Flames for Four Hours, Check Spreading Threat

A \$100,000 fire swept through the manufacturing section of Rochester's Oakland Foundry & Machine Co. last night, leveling one building and threatening two others before it was brought under control.

Only a portion of one wall remained of the 80 by 200-foot brick and wood structure after a four-hour battle by some 25 members of the Rochester Fire Dept. Firemen reached the scene at 1:15 a. m. after a night watchman reported the plant's roof in flames. The blaze was extinguished by 5 a. m.

The fire-fighters used all available equipment in using water from village hydrants and nearby Paint Creek. The company's office building and another foundry plant were saved.

John W. Albertson of 1321 N. Oak St., Rochester, on duty as night maintenance man turned in the alarm. Albertson, also a fireman with the Rochester department, described the start of the blaze as a "loud noise like a loud door slamming." The roof burst into flames shortly afterward, he said.

J. H. Gardner, president and general manager of the concern, this morning estimated damage at between \$75,000 and \$100,000. The loss is completely covered by insurance, Gardner added.

"We don't have any idea of what (Continued on Page 16, Col. 4)

UM Gets Polio Grant

NEW YORK (AP)—The National Foundation for Infantile Paralysis has announced a grant of \$87,722 to the University of Michigan polio respiratory center. It is one of grants totaling \$1,952,155 made to 27 institutions. All were effective July 1.

Institute Studies a Giant

Calls GM 'Too Big' but Well Run

NEW YORK (AP)—After a three-month study, the American Institute of Management has come to the conclusion that General Motors Corp. is a well-managed, highly efficient firm.

However, it added in a report released yesterday, GM "is too big for the good of American business men who must deal with it and too big for the good of the country."

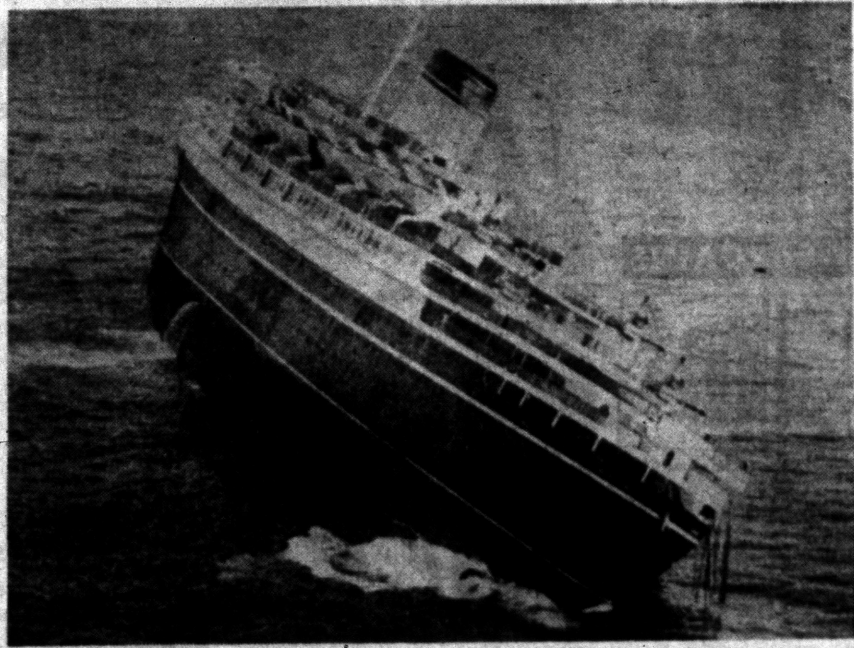

The institute, a non-profit corporation established in 1948 to appraise the management of business firms, reviews the operations of 4,000 to 5,000 firms a year. It singled out General Motors for a full-fledged study because GM in 1955 became the first American corporation to return a billion dollar profit.

The report paid tribute to General Motors' management and said it is among the top 17 of the 413 firms which the institute thus far has rated as "excellent" in management.

GM's operating margin (net sales minus operating costs) rose from 15 per cent in 1935 to 20.6 per cent in 1955, the institute said, because the corporation "has maintained its productive efficiency and has economized in the administrative and selling effort despite a 10-fold rise in sales."

This has resulted in more take-home pay for GM workers (\$5,011.36 in 1955 vs. \$1,567.24 in 1935) and billions of dollars more taxes for the government, the institute added.

But, the institute said, it wonders "along with many other thoughtful supporters of free enterprise, if the time has not arrived to discuss limitations to enterprise, however honestly and skillfully managed."

ITALIAN LINER LISTING — The Italian liner Andrea Doria lists badly to starboard 45 miles south of Nantucket Island today after collision late last night. The ships carried 2,384 passengers and crew.

Allocation of Taxes for '57 Appealed by 2 Townships

Oakland County plans to finance a \$2.5 million courthouse in two years, but township governments haven't enough money to live on, two townships appealing their 1957 tax allocation told the State Tax Commission yesterday.

But Robert Y. Moore, chairman of the county Board of Auditors, told the state officials "the county's budget is not padded in any way."

Harmon presented the case for the two townships. Harmon said Brandon Township was allocated only 25 per cent of its requested 2 mills. Lack of funds will stymie the planned hiring of a full-time township police officer, he said, and halt needed road improvements.

The road situation in Independence Township also is crucial, Harmon said. The township government was allocated 51 per cent of its requested 2.58 mills. State Tax Commission representatives pointed out that the county's balance sheet for April showed \$600,000 in "unappropriated surplus," but county officials said later most of this money is earmarked for specific purposes.

Harmon charged Brandon Township schools had submitted their Pontiac tax consultant Charles

Cloudy, Warmer; Rain Tomorrow

The U.S. Weather Bureau predicts a low of 64 to 68 degrees for the Pontiac area tonight.

Partly cloudy and warmer with scattered showers and thunderstorms is the forecast for tomorrow. The high will be 86 to 90 degrees.

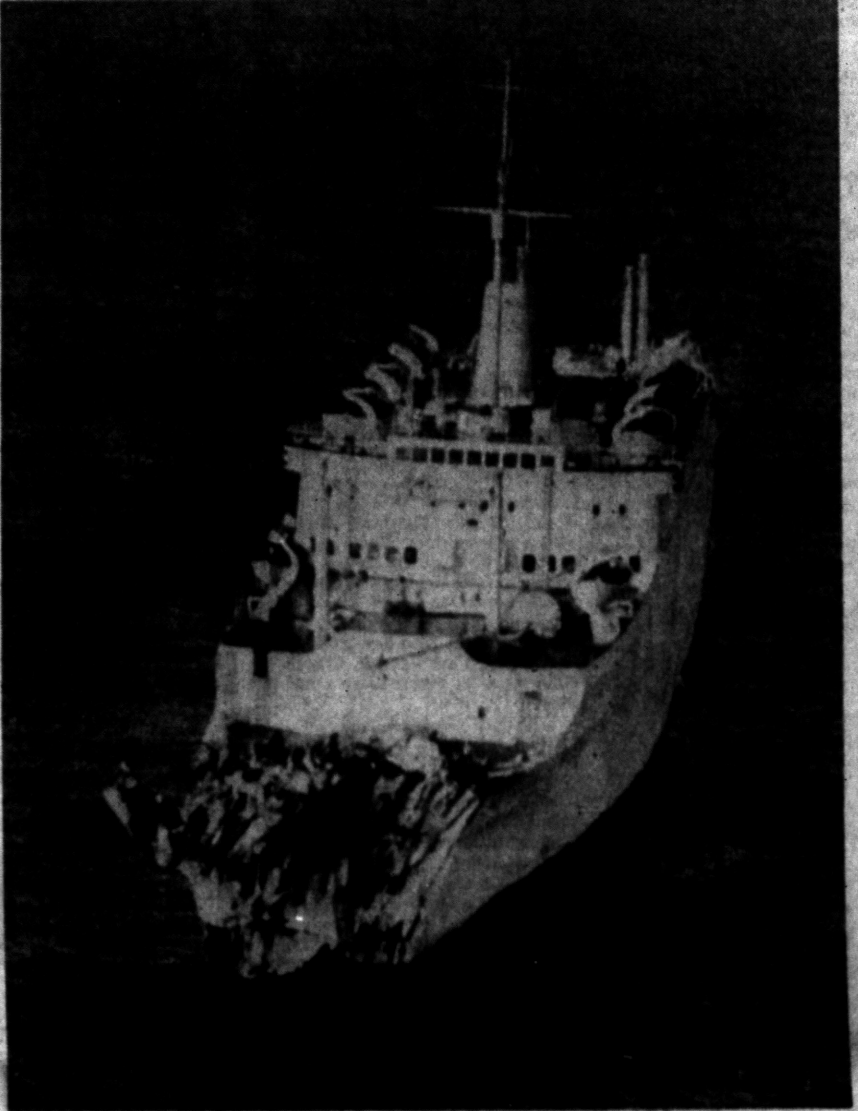

The lowest temperature reading preceding 8 a.m. in downtown Pontiac was 64 degrees. The thermometer registered 83 degrees at 1 p.m.

Utica Family of 4 Sailing Aboard Rammed Liner

A Utica family of four, returning to Sweden for a year-long stay, is aboard the liner Stockholm which returned to New York today after a collision at sea.

Aboard are Mr. and Mrs. Kurt Pegefelt, of 8567 Nancy St., and their two sons, Bjorn, 5, and Bengt, 1.

They came to Utica about 2½ years ago from Sweden, and were en route to visit relatives in Göteborg.

STOCKHOLM'S BOW SMASHED—The Swedish liner Stockholm is shown with her badly smashed bow off Nantucket Island early today after collision with Italian liner Andrea Doria. The liners crashed last night in a thick fog.

New 3-Year Steel Pact Ready

NEW YORK (INS)—A new steel contract was virtually sealed today.

A key figure in the marathon talks to end the 26-day-old walk-out stated the negotiators had "completed about 80 per cent of the contract language."

The labor and management

teams striving to formalize the agreement to sent 650,000 striking United Steelworkers back to their jobs called "time out" at 1 a.m. to get some badly needed rest.

They are resuming their negotiations today.

The new agreement being hammered out reportedly will run for

three years, contain a no-strike clause and give the steelworkers an average 20-cent hourly pay boost.

It was expected industry would announce price hikes averaging \$10-a-ton to meet the increased costs of the new pact.

After conferences which ran from 10 a.m. yesterday, the obviously tired labor and management teams, eyes bloodshot and clothing wrinkled, announced:

"We have worn ourselves down."

We are taking time out for a rest. We are continuing to make progress, drafting the contract language. We have agreed to meet again at 9:30 a.m."

The union's 170-man wage policy committee, which must approve any contract, was scheduled to meet at 2 o'clock this afternoon.

Industry poised for quick return to work movement if contract is signed; industry estimates from 10 days to two weeks would be required to achieve full production and call all 650,000 strikers back to work.

Prosecution Due to Close Case

Marine's Court-Martial to Enter Second Phase; Lawyer Steals Show

From Our Wire Services
PARRIS ISLAND, S. C.—The government expects to complete its case today against Marine S. Sgt. Matthew C. McKeon for the death march of Recruit Platoon 71.

McKeon is the 31-year-old Worcester, Mass., drill instructor who led six members of that platoon to death in the tideswept waters of Ribbon Creek marsh here last April 8.

Yesterday the seven-member court-martial panel heard for the first time the suggestion that McKeon was drunk when he led his "boots" into the marsh.

McKeon, eyes closed and body rigid, heard the statement he made after the march read into the record.

McKeon's well-known New York attorney is stealing the show at the court-martial.

Slim, baldish Emile Zola Berman, chief of the defense counsel, stands there in court like a lean Arturo Toscanini, calling the tune every time.

With a disarming, friendly manner and adroit questioning, the 53-year-old former Air Force lieutenant colonel has captured nearly every government witness. Berman's staid regulation-bound opposition has had to stand by, and see its orderly presentation crumble before a withering onslaught from the defense table.

Sightless Mike Worries About Looking 'Pretty'

ORLANDO, Fla. (AP)—Mike Sibole's two artificial eyes don't quite match but it doesn't worry the happy 4-year-old.

He's glad to get the bandage off.

"Do I look pretty again?" he asked his father after an artificial left eye was fitted yesterday.

The Rev. James Sibole assured his son he did and the boy went home happy to play on the swing set and whirlingig in his back yard.

It was only a week after, an operation removed Mike's cancerous eye.

But the bandage bothered him when a heat rash broke out under it and he asked for his new eye.

Russia Lets In Record Number of Americans

MOSCOW (AP)—More than 2,500 American tourists have received visas for visits to Russia this year. This exceeds any year since the mid-1930s when Leningrad was a port of call on some North Cape cruises.

Informed sources said the influx has strained limited Soviet tourist facilities, already burdened by visitors from other lands.

Most of the Americans are traveling in groups and concentrating on Moscow and Leningrad.

Have to Find a Way Home

Wreck Strands Hundreds of U. S. Tourists in Italy

ROME (AP)—The collision of the Andrea Doria and the Swedish liner Stockholm left hundreds of Americans in Italy wondering today how and when they can get home.

The luxurious Italian liner was scheduled to leave Genoa on its next sailing for New York Aug. 14. More than 1,100 persons had booked passage.

"It's the very height of the west-bound tourist season," said an official of a large tourist agency. "Everything from Italy is booked up solid. But one way or another, it will have to be worked out."

Among the survivors of the ocean liner collision in the North Atlantic were 18 Michigan residents, all passengers on the Swedish ship Stockholm.

Capt. Gunnar Nordenson, 63-year-old master of the motor ship Stockholm, is a native of Quincy, Mass., and went to sea at the age of 18. During 36 years with the Swedish American line, he has

1,634 Rescued After Collision Off Nantucket

Pride of Italian Fleet Goes Down in Atlantic; Swedish Ship Limping

NEW YORK (AP)—A thunderous crash of two huge ocean liners in Atlantic fog late last night took three lives and injured hundreds.

One of the vessels, the luxurious Italian liner Andrea Doria, sank mid-morning today.

Before it sank, however, its 1,634 passengers and crew members had been rescued by other ships in one of history's greatest sea epics.

It had collided shortly before midnight off Nantucket Island, Mass., with the Swedish liner Stockholm.

The end came at 10:09 a.m. today.

Their crash occurred shortly before midnight at a point about 200 miles northeast of New York. Heavy fog shrouded the area, but the seas were relatively calm—perhaps saving hundreds of lives of those forced to take to lifeboats. A succession of radio messages from a Coast Guard cutter gave this dramatic picture of the multi-million-dollar liner's final moments:

"Settling rapidly, abandoned captain and handful of senior officers who fought to the last to save their ship."

"Sinking. Just her funnel is showing."

"S. Andrea Doria sank in 325 feet of water at 10:09 a.m. This final word did not come to the Coast Guard here until 10:55 a.m."

The Andrea Doria went into the water deep in just a little less than 11 hours after the collision. The deaths were reported following the rescue.

The Stockholm was damaged but not dangerously, and aided in the rescue of Andrea Doria's personnel.

Capt. Piero Calamai and a handful of senior officers stuck with the stricken Italian vessel for hours, but finally in mid-morning were forced to abandon ship.

A Coast Guard cutter radioed from the scene at 10:15 a.m.: "Andrea Doria settling rapidly, not possible tow or board."

The vessel was on its starboard side at an angle of 45 degrees or more.

The stricken vessels were the 30,000-ton Andrea Doria, pride of the Italian merchant fleet, and the 11,000-ton Swedish liner Stockholm.

The Andrea Doria, sending out frantic SOS messages, immediately (Continued on Page 15, Col. 6)

Candidates on Page 26

The third in a series of eight articles on those seeking nomination in the August 7 primary is found today on page 26.

Today's article concerns the 13 Democrats seeking nomination for the six State Legislative districts in the area.

The master of the stricken Italian luxury liner Andrea Doria is Piero Calamai, 58, son of an Italian family with generations of seafaring experience.

The outstanding peacetime ship disaster in recent history was the sinking of the Titanic in 1912. The Titanic, on her maiden voyage, struck an iceberg and sank, taking a toll of 1,517, many of them prominent in the world's business and social life.

DESTROYED BY FIRE — All that remains of the production section of the Oakland Foundry and Machine Company on Woodward Street in Rochester is shown above. The building was destroyed by fire of unknown cause during the night. Damage estimates range between \$75,000 and \$100,000. Two other buildings of the plant were untouched.

The Day in Birmingham

City's Pools Are Fenced to Prevent Drownings

BIRMINGHAM — Almost all of Birmingham's swimming pools have been fenced since the city's new law requires all swimming pools here built to have a 48-inch fence of solid wood, brick or masonry construction, or of chain-link fence, Butt says.

The law, passed May 21, is not retroactive. "No one can force residents to fence their pools," Butt says, "but most residential pools here would meet the ordinance specifications anyway," he says.

Two-year-old Norma Jane Sparks drowned near her Commerce Township home Tuesday while swimming with other youngsters in the family pool. Her father, John W. Sparks, was reported to have planned building a fence about the pool.

The Birmingham ordinance also specifies that an adult must be in attendance when children are swimming.

A new 16-inch water-line has been installed and pressure-tested and, as soon as its disinfection is approved by state authorities, will be put into use, according to L. R. Gare, director of public works.

Use will probably begin within a week, he says.

Chlorination of the new pipe is under way now. It stretches from the Detroit-water line on Cummings at 14 Mile, crosses Bona Vista to Woodward Avenue and goes up to Lincoln where it enters the city line.

Starting use of the new line for Detroit water will probably stir up more "red water" such as brought residential complaints when the city first began using Detroit water earlier this month, Gare predicts. But, like the other, it will disappear in several days.

The 50 per cent ratio of Detroit water mixing with the city's well water has not been reached, Gare says, but probably will be when the new line opens. Detroit water has been feeding through the Pierce and 14 Mile connection.

Asphalt surfacing in the six-block area around the Municipal Building will begin in about two weeks, Gare says, and some part of the city's extensive road-repair program is already under way.

In the six-block area between Brown and Maple, and between Pierce and Bates streets, the replacement of broken curbs has already begun. While the two inches of asphalt is being added, traffic will be kept "as usual" except for one-block lengths where the surface is actually being poured.

Other paving jobs scattered about the town will begin in about ten days; but the work on catch basins and other street-edging

Pontiac Deaths

Mrs. Robert Bickel

Mrs. Robert E. (Emma) Bickel, 81, died this morning at the home of her niece, Mrs. Virgil Yakek of 34 Dakota Dr. She had been in ill health seven years.

She was born in Saginaw on Oct. 2, 1874, the daughter of Theodore and Johanna Coshalus Hebling.

Coming here from Bay City, Mrs. Bickel was a member of St. Vincent de Paul Catholic Church, the Altar Society of her church and the League of Catholic women.

Surviving are a sister, Mrs. Charles Brown of Grand Rapids and her niece, Mrs. Yakek. The Rosary will be recited both Thursday and Friday evenings at 8 o'clock in the Donelson-Johns Funeral Home. The funeral will be at 10 a.m. Saturday from St. Vincent de Paul Catholic Church, with burial in Forest Lawn Cemetery.

Jill Catherine Champion

Prayer service was held at 10 o'clock this morning at Perry Mount Park Cemetery for Jill Catherine Champion, infant daughter of James M. and Ruby Lee Aldrich Champion, 104 Golden St.

Besides her mother and father, Jill is survived by four brothers and sisters, James Jr., Julian, Jeffery and Jennifer, all at home. The baby was dead at birth Tuesday in Pontiac General Hospital. Funeral arrangements were by the Donelson-Johns Funeral Home.

Hubert Henson

Hubert Henson, 52, of 35 E. Pike St., died at 10:45 a.m. Tuesday of lobar pneumonia. He had been ill two days.

He came to Pontiac 25 years ago from Norway where he was born April 14, 1904. Mr. Henson had been employed as a gardener. He is survived by his brother, Darold of Molana, Norway. Service will be at 1 p.m. Friday from the Kirkby Funeral Home. Burial will follow in Oak Hill Cemetery.

Mrs. James Mazza

Mrs. James (Agnes) Mazza, 79, of 2370 W. Walton Blvd., was dead on arrival yesterday morning at St. Joseph Mercy Hospital. She had been ill with high blood pressure.

She was born May 18, 1877 in Mangone, Italy and married there in 1896. Her parents were Joseph and Rose Berardi Barone.

A member of St. Michael's Catholic Church, Mrs. Mazza had been a resident of Pontiac 45 years coming here from Italy.

She leaves three children, Mrs. Ralph Puertas with whom she made her home, Eugene and Dominic Mazza, all of Pontiac; seven grandchildren and seven great-grandchildren.

Other survivors are a brother, Charles Barone of Vancouver, B. C., four sisters, Mrs. Teresa Barone of Italy, Mrs. Russell Rizzi, Mrs. Frank Aiello and Mrs. Giattino Soda, all of Pontiac.

Mrs. Mazza's body is at the home of her daughter, Mrs. Puertas of 2370 W. Walton Blvd., where the Rosary will be recited at 8:30 p.m. Friday. The funeral will be at 10 a.m. Saturday from St. Michael's Catholic Church with burial following in Mount Hope Cemetery. Arrangements were by Donelson-Johns Funeral Home.

Dearborn Man Jailed on Two Driving Counts

A Dearborn man began concurrent sentences totaling 180 days in the Oakland County Jail yesterday after pleading guilty to reckless driving and driving after license revocation.

Michael T. Harmon, 40, was jailed following an arraignment before Farmington Township Justice Allen C. Ingle. His failure to pay fine and costs, on both counts resulted, in additional time on the sentences.

County to Hold Class for Election Inspectors

A school for election inspectors in Oakland County will be held at 10 a.m. Tuesday in the Supervisors' Room of the County Office Bldg., County Clerk Lynn D. Allen said yesterday.

Mrs. Nick Palaian Dies in Hospital

Operated Nick's Lunch, Green Parrot; Active in Veterans Affairs

Mrs. Nick (Ida Mae) Palaian, who has been associated with her husband in the restaurant business, died yesterday in St. Joseph Mercy Hospital after a six months illness.

She was born in Yozsed, Turkey on May 1, 1912, the daughter of Arthur and Shnereg Goumjian Tashjian. The Palaianes were married here in 1929.

She attended the Wilson Avenue and Eastern Junior High Schools of Pontiac after coming here from Detroit 30 years ago.

Mrs. Palaian worked with her husband in their two restaurants, Nick's Lunch and the Green Parrot.

She was a member of the St. John's Armenian Church, Detroit and the Armenian American Veterans Mothers' Club.

Besides her husband, she leaves her step-father, Mariros Kelesian; three children, Harold, Arthur and Goldie Palaian, all of Pontiac; a sister, Mrs. Hermeline Kahayan of Detroit and a brother, John Tashjian of Royal Oak.

Services will be at 2 p.m. Saturday from the Voorhes-Siple Chapel. The Rev. Arnak Kasparian, her pastor, will officiate with burial in Oak Hill Cemetery.

Senate Body Defeats Postal Increase Bill

WASHINGTON — A Senate Post Office subcommittee today killed the administration's postal rate increase bill for this session of Congress.

Chairman Olin D. Johnston (D-SC) announced the five-member group had decided unanimously it could not complete hearings on the bill and act on it before adjournment.

The bill proposed an increase to 4 cents for letter mail. It would also boost rates on other classes of mail.

The House passed the measure. Now available for men is an aerosol hair spray with a formula entirely different from women's hair sprays and boasting a more "masculine" scent.

MAKE OVER PAGES

Native New Yorker Wins Fame in Texas; Pawnshop Appeals to Bluebloods, Bums

DALLAS, Tex. (INS) — Need a second-hand set of false teeth, an artificial arm, or maybe a good used trap or buffalo gun?

If so, the guy to see is Rubin Goldstein, better-known along Dallas' famous "Deep Ellum" Street as "Honest Joe," pawnbroker extraordinary.

Goldstein, 47, is a product of New York's Lower East Side. He came to Dallas in 1931 and opened a small gun repair and locksmith shop at 2524 Elm Street, a neighborhood which is a bazaar of fried catfish joints, hock shops, second hand stores and used clothing marts.

Later he began lending money on pawned items and called the place "Honest Joe's."

Through the years the shop has gained widespread fame as a house of weird merchandise. Items to be found there may range from a pawned artificial leg or arm to a wedding ring.

A "RIGHT GUY"

The "Deep Ellum" gentry vouch for Joe as a right guy. They'll tell you he's a great one for giving the underdog and the handicapped a break.

Often he gives these people a little work they can do. Among his friends and admirers are

several deaf and dumb persons with whom Goldstein carries on friendly conversations in sign language.

Goldstein's friends and customers range from skid row bums to some of the city's bluebloods who delight in visiting the store to look at the colorful and friendly proprietor.

NEEDED TEN SPOT

Once a man came into the store and asked Joe, "What would I have to do to raise a ten spot—put up my right arm?"

Without giving the matter much thought, Joe replied that that was just what the man would have to do to get the dough.

The man then rolled up his right sleeve, unscrewed a mechanical arm and laid it on the counter. Nonplussed, Goldstein gave the stranger \$10 and he left and never returned for the arm.

Recently the Dallas Times Herald printed a story about Goldstein and his business. The article included the artificial arm incident.

A few days later a porter who had lost his right arm years before came to the store, said he had read the newspaper story and wanted to see the pawned limb. Explaining he never had been

able to afford a new artificial arm, the porter tried out the pawned limb. Apparently it was just what he had been looking for.

Joe told him it would cost him \$22.50. The porter paid \$3 down, arranged to pay off the rest of the debt in installments and walked out of the store with his new arm a happier man.

Joe's motto is that he buys "anything of value." But the value of some of the stuff crowding the pawnshop is doubtful.

He readily admits he buys lots of worthless items. "I'm a lover of junk," he says.

Joe is happy with his unusual business because it has meant a good and bountiful life for him.

When he came to Texas as a single man back in the depression days he had little money. Now he is a property owner and a highly-respected businessman, with a wife and five children.

One, Two, Three; One, Two, Three — Glub

By PHYLAS BATTELLE
NEW YORK (INS)—It had to come to this eventually, of course. Now we are advised to reduce our rear-ends and fronts and sides and chins—in the bathtub.

The reason it had to come to this is that push-ups in the parlor are quite dull, even with music. Hip-rolls on the bedroom floor are no better. And picking up pins... well, once you've done it the novelty wears off.

Exercise in the bathtub, however, is sure to catch on for a couple of reasons. In the first place, when you perspire you don't know the difference, and in the second place there is an unending sensation of excitement and adventure about being submerged in the water.

To do a knee-bend and not get a snoot full, this is a challenge! A current magazine has just come out with a seven-day aquatic exercise formula which it hopes will produce the cleanest syphs in history. The ideas were supplied by Nicholas Kounovskiy, a reducing expert who claims to have supplied some of the country's top models and actresses with his easy copy system.

REFINE YOUR ANKLE

He warns, however, that you should use a rubber mat in the tub for safety's sake. And don't fill the tub more than 1-3 full, for the sake of others who may want to stray into the bathroom later without wading.

Now, On the first day, you "refine your ankles" in the bath. Put feet flat against the foot of the

EXILE RETURNS—Ingrid Bergman will return to the United States this fall after 7½ years of self-imposed exile. Ed Sullivan announced that the Swedish-born actress will arrive in New York in October or November to appear as guest star on his T V program.

The Flaming Gorge Dam and reservoir, to be built on the Green River in Utah, will include a power plant for 72,000 kilowatt capacity.

tub, pressing hard with the heels and flexing the toes back toward you. This exercise will stretch the leg muscles, too, and will allow you plenty of time to look down at your thighs and gasp.

Gasping is good exercise for the vocal chords.

Next, lean back in the tub, shoulder blades resting on the rear porcelain, and hands at the side for steadiness. Your legs are straight out, before you, providing the tub is long enough. Bend one leg at a time, bringing the knee close to the chest, and straighten out quickly.

UNDER THE SHOWER

Another exercise is to stand up in the tub under the shower, raise arms up and clench fists, then bend elbows so that your forearms are on top of your head, criss-crossed. This to firm up the upper arms.

For well-shaped upper arms stand with a wet sponge gripped in either hand. Bend forward and fling the arms back, as if looking angrily for a clog in the drain.

For a better bosom, Kounovskiy recommends sitting erect in the tub and grabbing the middle of a wet towel in both hands. Now bend elbows and slowly, slowly pull the towel through the hands.

There are many more ideas for getting willowy in the water, in-

cluding a number of pre-tub exercises to be accomplished on the mat in the shadow of the bathroom sink, but there is no room to go

into them now. Sufficeth to sug- If you're overweight, try. At least you'll be coming clean.

'Kissing Is No Sin'—but Court Rules Yes

VIENNA (INS)—There's an old song that says "kissing is no sin." Maybe, but a Vienna court recently found it illegal. Joseph Klein was sentenced to

two months in jail on charge of "curtailing the personal freedom" of a young girl from whom he stole two kisses while taking her home through the romantic Vienna Woods.

Consumption of beef in the U. S. in 1955 was about 13 billion pounds.

Ask for County Probation Unit

Needed to Deal With Justice Court Offenders, Request Says

A request for county approval to hire a probation officer to deal with offenders from county justice courts was discussed yesterday by the Miscellaneous Committee of the county Board of Supervisors, but no definite action was taken.

Committee chairman Winston S. Moberly said today the committee plans a further meeting to draft a resolution before the Sept. 10 meeting of the Board of Supervisors.

The request stems from a recent decision by Oakland County Circuit Judge Clark J. Adams, holding that justices have no power to place offenders on probation to themselves.

Since there is no probation officer in the county appointed to handle justice court cases, justices, in effect, have no power of probation at present.

Justices Emmett J. Leib and Willis D. LeFurgey, Prosecutor Frederick C. Ziem and Justice Court Coordinator Gerald A. Terrien attended the meeting to present the request, first heard by supervisors at the June 25 meeting.

"Some legal problems still must be resolved, and we may call in more people to give us opinions on them," Moberly said.

Pontiac Man Suffers First Degree Burns

Vanice Kinder, 39, of 320 S. East Blvd., is in "good" condition at St. Joseph Mercy Hospital today after receiving first and second degree burns in a fire at his home yesterday.

Kinder, who has burns of the face, chest, arms and legs, told firemen the blaze started in his basement while he was washing paint brushes. He said the pilot light in his gas furnace apparently ignited the paint thinner fumes.

Firemen were able to extinguish the flames shortly after arriving. Damages to the two-story home and its contents were estimated at \$125.

Two-Year-Old Bruised When Hit by Automobile

A two-year-old Pontiac child received a slightly bruised forehead when struck by a car in Gillispie street near Lake street yesterday.

Billy Williams, of 45 Pleasant View Dr., was treated at Pontiac General Hospital.

Jack E. Maher, 57, of 161 Mark St. the driver told Pontiac police the boy dashed into the street from in front of a parked car. He said he could not avoid hitting him.

Lost Items Plague Transportation Firms

If you're missing a topcoat, briefcase, umbrella, or even a child, you might contact the transportation company that provided you with your last ride.

Bus, railroad, and taxicab companies in Pontiac agree that the lost-and-found problem is a never-ending one.

Commuters to Detroit and back have a habit of leaving raincoats, according to Grand Trunk ticket clerk Ray Crane, 1189 Myrtle St.

Crane said, however, that briefcases and hats are most frequently left behind. He said that lost items, if not claimed immediately, are returned to the lost and found department in Detroit.

Fred Elias, ticket agent for the Great Lakes Greyhound Lines,

agreed that hats, coats, and umbrellas are a daily problem.

Even more so are lost persons, especially children, he added.

Elias pointed out that buses often travel in twos or threes. And the mother who leaves the bus to get her child a comic book or candy bar sometimes returns to find the child gone.

The child is rarely missing, however, the mother has just boarded the wrong bus.

Truck drivers can also be a problem, Elias said. The driver who transports a truck to a destination and then returns by bus often leaves his log book behind.

"They don't like it, but neither do we," Elias said.

The ticket agent said lost items

are sent to the home office in Detroit if unclaimed after 30 days. Perishables are destroyed after 24 hours.

Lost billfolds and purses are the Yellow Cab Company's biggest headache.

And they become even more of a problem, according to radio dispatcher Walter Duckett, 81 Auburn Ave., when they aren't spotted in time by the driver. They're sometimes claimed by the next passenger.

However bad the problem may be, the transportation companies cheerfully accept it. They realize that as long as there is a forgetful person, there'll be a forgotten item.

Rochester Plant Hit by Four-Hour Blaze

(Continued From Page One)

caused the blaze," he continued. "I guess something smoldering just took off and blazed during the night."

About 60 men are employed by the concern, but small loss of employment is anticipated, he added. "We'll need them on this clean-up job."

Gardner hopes to begin building a new plant immediately. Castings were produced in the structure.

Biggest equipment loss, he reported, was the molding equipment in the foundry proper and company patterns.

Firemen carried out office records from the office building in case the blaze spread to adjoining buildings.

No injuries were reported although an ambulance stood by during the four hour session.

Onlookers report that the spectacular blaze was visible for several miles.

End Biggest War Game

TAIPEI, Formosa (U)—The Chinese Nationalist Defense Ministry today announced completion of the biggest war games ever staged on Nationalist Formosa. The exercises began July 20 and involved "tens of thousands of men," the ministry said.

About 62,000 U.S. schools participate in school milk programs.

Find Romeo Resident Dead on Front Lawn

ROME—Dudley C. Hay, 66, was found dead of gunshot wounds on the front lawn of his home at 6361 36 Mile Rd. at 8:55 this morning.

His chest wounds were apparently self-inflicted according to Romeo State Police, but an autopsy is to be conducted.

His wife, Regina, discovered the body after hearing a shot. She had been upstairs in their home. A double-barreled shotgun was found beside the body.

His wife was a former national Republican committeewoman for the state of Michigan, and the 1948 national convention secretary. Acting coroner Francis A. Castellucci has called for an autopsy to determine exact cause of death.

Townships Appeal '57 Tax Allocation

(Continued From Page One)

budget to the County Allocation Board without indicating they intended to spread a three-mill additional levy, authorized by voters for operating purposes.

William Emerson, county Superintendent of Schools, said it was his understanding that the law did not require the county board to inquire whether the school district intended to spread such an authorized addition to the 15-mill limitation.

A decision on the two petitions will be handed down within 10 days, the state officials said.

Liners Ram in Fog; 3 Die, 1,634 Saved

(Continued From Page One)

ately began tilting over on its starboard side.

As the ship's list grew worse, the Andrea Doria advised it was unable to lower its lifeboats. Rescue vessels raced to the scene and sent their lifeboats riding over relatively calm waters to the stricken vessel.

Among the rescue vessels was the French luxury liner Ile de France. A Coast Guard plane hovering over the scene as a foggy dawn broke radioed:

"Seven hundred thirty survivors aboard Ile de France. May be a few more."

Despite the sensational rescue of passengers and crew, it must have been a harrowing experience for most of them.

They had to flee the sinking vessel by clambering precariously down ladders and cargo nets lowered over the side.

Besides the giant French liner, Ile de France, which took aboard about 730 persons the United Fruit Co. freighter Cape Ann took 168, and the military sea transport Pvt. William H. Thomas listed about 165.

All headed for New York, with arrival times listed as late today and tonight.

The Stockholm, which sailed from New York yesterday for Göteborg, Sweden, took aboard about 425 of the Andrea Doria's passengers.

The Andrea Doria was inbound from Genoa.

College Given Loan

WASHINGTON (U)—An \$894,000 loan to Eastern Michigan College, Ypsilanti, was announced today by the Community Facilities Administration. The money will be used to build eight apartment buildings containing a total of 80 one-bedroom apartments and 16 two-bedroom apartments.

Camel Buyers, Women in Same Fussy Class

NEW YORK (INS)—A New York animal importer thinks camel buyers are as fussy as women shopping for spring outfits.

Fred Zeehandelaar shipped 39 camels by truck from the U. S. quarantine station and said "good riddance."

Zeehandelaar said: "I must have had 20 long distance calls from people who are buying this lot. Some wanted 'em green. Some wanted 'em yellow, some wanted 'em red. Others wanted 'em short and fat. Others wanted 'em long and lean. These people drive you nuts."

Girl, 2, Injures Head After 2nd-Story Fall

A two-year-old Pontiac girl was reported in "satisfactory" condition at Pontiac General Hospital this morning shortly after she toppled out of a second story window, 18 feet above the ground.

Deborah Fisher, daughter of Mr. and Mrs. Howard Fisher, of 459 Orchard Lake Ave., is being treated at the hospital for possible head injuries.

She reportedly landed in some gravel in front of the apartment house in which the Fishers live, missing the cement sidewalk by approximately 10 inches.

Deborah fell out of the upstairs window while playing with her three-year-old brother, according to Mrs. Fisher, who said she had left the room for only a few seconds to go across the hall.

Music Conductor Dies

INTERLOCHEN (U)—Ottokar Cadek, acting director of the University of Alabama music department and noted violinist, collapsed and died last night while conducting a national music camp faculty concert.

Michigan Costs Scaring Industry

Business Blames Taxes, Wages, Fringe Benefits for Moving Out

LANSING (AP) — The Michigan Manufacturers' Assn. says high labor costs, high taxes and a state administration unfavorable to business is driving industry out of Michigan.

The charges were made by John C. McCurry, general manager of the Michigan Manufacturers' Assn. representing 1,700 firms.

McCurry painted a dismal picture of the state's economic climate in testimony yesterday before the Senate Interim Labor Committee.

The committee, headed by Sen. Robert E. Faulkner (R-Colo.), is investigating effect of taxes on job opportunities in the state.

TELLS ABOUT POLL

Most of McCurry's testimony dealt with a poll of MMA members, to determine what manufacturers think of the state.

Sen. Garland Lane (D-Flint), only Democratic member of the committee, asked McCurry if some of the manufacturers replying to the poll had used it as a "political sounding board."

"Certainly some of them, maybe, but I think the vast majority are sincere," McCurry answered. McCurry said the poll established that high labor costs, high fringe benefits and high taxes—in that order—are the main reasons why some industries are moving to other states.

He said 172 of the 221 companies replying to the poll said costs of doing business in Michigan increased out of proportion to costs in other states.

Of the 172 companies complaining of high costs, 41 firms, or 24 per cent, said they had transferred part of their operation to other states.

And he said 78 of the 172 companies said high costs had cut down the number of jobs.

3 From Pontiac Studying Alcoholism

Three Pontiac residents are attending the Yale Summer School of Alcohol Studies on Michigan State Board of Alcoholism Scholarships.

Dr. Leon F. Cobb, physician, the Rev. Fred R. Tiffany of the Bethany Baptist Church, and Mrs. Frances W. Kessler, public health nurse in the City Health Department, are among 25 from Michigan attending the course.

Purpose of the course is to give people a better understanding of alcoholism as it relates to their profession and to prepare them to serve as resource people in their communities.

Gina to Decide Soon: Motherhood or Film

PARIS (INS)—Gina Lollobrigida has a big decision to make—whether to star in a new film or to have a baby.

Gina reportedly told producer Sam Goldwyn that she and her husband want a baby.

The people who hear such things in Paris say Gina agreed to make up her mind between motherhood and movie-making for Goldwyn within a week.

HERE'S HOW YOU DO IT — Three members of the Pontiac League of Women Voters yesterday received their introduction to voting machines which will be used for the first time in the city in the Aug. 7 primary. Instructing Mrs. Harry Aten, Mrs. Harry Killian, and Mrs. George Wyman is Keith Spaulding, representative of the Automatic Voting Machine Corp. of Jamestown, N. Y.

Beginning next week, league members will conduct demonstrations for Pontiac voters at the City Hall and Pontiac State Bank. Some 35 precinct election workers also received instruction from Spaulding yesterday.

Voting Machine Instruction Is Started Here

Voting machines will make their Pontiac debut in the city's 44 voting precincts in the coming Aug. 7 primary election. Gone are the familiar paper ballots used by the city since around 1837.

On Feb. 7, the Pontiac City Commission approved the rental of 80 voting machines on a one-year trial basis. After the trial, it will be up to the commissioners to decide whether to purchase the machines for permanent use or revert back to paper ballots.

In preparation for the coming election, two representatives of the Automatic Voting Machine Corp. of Jamestown, N. Y., yesterday instructed members of the Pontiac League of Women Voters and city election workers on the new machines.

To help instruct city voters using the machines for the first time, two machines will be set up beginning Monday and lasting through Friday at the City Hall and the Pontiac State Bank. League members will be available to assist voters during regular banking hours, and from 9 a.m. until 4 p.m. at the City Hall.

Keith Spaulding, one of the representatives, demonstrated to the women the simplicity of the operation of voting machines. When asked how long it took to vote, Spaulding voted an imaginary ticket in seconds.

Assisting Spaulding and City Clerk Ada R. Evans in briefing election workers was Birmingham City Clerk Irene Hanley. Birmingham received its first voting machine in 1936.

Spaulding emphasized along with his fellow representative James H. Jensen, the four basic steps in the operation of these machines. They are:

- (1) Pull main operating handle from left to right until bell rings. This step closes curtains around voter and prepares machine for voting.
- (2) Push selective primary lever

Something to Do!

NEW YORK — One estimate of the total energy consumed in the world since the birth of Christ says it is equivalent to the burning of 400 to 520 billion tons of coal.

Crippled Jet Levels Building

Pilots Bail Out Safely, 7 at Site Hospitalized for Shock

NEW CASTLE, Pa. (AP)—A stricken Air Force jet training plane dropped out of the twilight sky last night, crashed into a building housing a grocery store and apartments, and burst into flames, leveling the structure.

The two crewmen bailed out of the plane shortly before it crashed. They suffered only minor bruises as they landed in a field eight miles away.

Only Mrs. Sylvester Bockum was in the building when the plane hit. She ran screaming to safety and was hospitalized for shock. Six other persons also were treated for shock.

Fire Lt. Welling Pulford estimated damage to the building and its contents at about \$75,000.

Crewmen aboard the plane were Lt. W. K. Ryan and Lt. G. E. McCleod, who were en route from Stewart Air Force Base, Newburg, N.Y., to Chanute Field, Ill. The craft was based at Perrin AFB, Tex.

Ryan and McCleod told police their plane developed mechanical difficulty and they ran out of fuel while they were trying to reach the Greater Pittsburgh Airport, some 50 miles south of New Castle.

THE BERRYS

By Carl Grubert

Proposes One-Day Census for U.S.

ANN ARBOR (AP) — Nose-counting in the 1960 census might be completed in one day, says a census bureau official, if all his workers had to do was count noses. Conrad Taeuber, assistant direc-

tor of the census, said the bureau is considering a short form questionnaire that would drastically cut the time required to count the nation's population. He said much of the information now sought on a universal basis could be acquired in subsequent sampling. Two million pilgrims a year visit Lourdes in South France.

A Story of a Sandwich —With One Endorsement

NEW YORK (AP) — A little shop specializes in hero sandwiches—king-sized buns split down the middle for filling. The proprietor found a printed story quoting a dentist who said hero sandwiches are good for the teeth. He had it enlarged, and before hanging it on

the wall of his shop, showed it to a customer who had just purchased one of the big sandwiches. The proprietor turned to hang up his new sign. The customer took his first bite and began to yell. He had broken his lower plate. The hanging of the sign was delayed until the customer left. North Carolina's population density is 81 persons per square mile.

Hal Boyle Says:

Marrying a Millionaire Leads to Problems

NEW YORK (AP)—Many young girls have the Cinderella dream of marrying a millionaire, but they rarely think much about what would happen if their dream came true.

They have a rather vague idea that this would solve all their problems—that they'd simply float happily on through life aboard golden cloud No. 9.

But Marjorie Steele, a girl who did meet and marry a millionaire, says the world isn't that simple. "Money doesn't change your life so much," she said. "You do not possess anything really unless you earn it yourself."

From childhood, Marjorie had wanted to become an actress. She was studying acting in Hollywood and working as a cigarette girl in a night club when she first met her husband, Huntington Hartford, the grocery store heir.

Before that she had held a lot of other odd jobs. She had delivered dog biscuits, sold shoes, filled bills for the telephone company, worked as a movie usherette and a waitress.

In Hollywood, a tall skinny kid of 17 "with knobby knees," she was down to her last \$5 when the night club gave her employment.

Marriage and motherhood—she and Hartford have two children—interrupted her career, but didn't halt it. The idea of a life of idle wealth appalled her.

"To me the only real comfort in life lies in the feeling of accomplishment," she remarked. "Too many people with money get bored young. They become afraid of getting deeply involved in life for fear of being hurt."

"But how can you get any real joy out of living unless you do something to earn your own way in the world?"

Two years ago Marjorie began to make her mark in the theater

in a starring role in the London production of "Sabrina Fair."

But her biggest girlhood dream came true only recently when her name went up in lights on Broadway. She succeeded Barbara Bel Geddes in the hit play, "Cat on a Hot Tin Roof."

To her it has meant a greater sense of security than can be found in money.

"One reason I wanted to be an actress is that as a kid I had a feeling of insecurity and inferiority," she said. "I think that's why many people turn to the theater for a career. To do a good job in it helps you forget that feeling. It's a live and exciting world, full of exciting people."

"But I have been lucky, because my husband likes the idea of my acting. He has encouraged me."

Hartford, who is also proud of his wife's talent as a painter—she had two shows of her own—is deeply interested in the arts. He is active in half a dozen fields himself, ranging from the operation of a successful model agency to the building of automat-

ic garages. He is planning a new modern art gallery here.

Marjorie, at 25 a slender brown-haired beauty with gray eyes, says her only fears are "of being personally inadequate, or of failing to give my children the right sense of values."

"If wealthy parents don't do anything worthwhile, their children are likely to grow up with a confused idea toward work. I feel it's unhealthy to anyone not to work at something useful. To do nothing is to feel like nothing. What could be more destructive?"

Study Tractor Costs

ITHACA, N. Y.—Tests at Cornell University indicate that it costs an average of \$500 a year to operate a tractor on the farm today, with depreciation and fuel accounting for nearly two thirds of that amount. The average estimated value of the tractors involved in the study was \$1,100, so operating costs mounted to about half their value.

A Lot of Men

CHICAGO—The telephone industry in the United States last year employed about 120,000 skilled electrical craftsmen to install, repair, and maintain telephone lines agency to the building of automat-

Bay City Girl, 16, Killed in Crash Near Standish

STANDISH (AP) — A carload of youngsters from Bay City crashed off U.S. 23 northeast of Standish yesterday after colliding with another car and striking a pickup truck. A 16-year-old girl was killed and five other teenagers injured.

City, died in the wreck. Robert Nickerson, 16, of Bay City suffered two broken legs. The other injuries were believed to be less serious.

State Police said the car and one driven by Patrick McManahan of Detroit, sideswiped the youngsters' car then hit a truck. No one in McManahan's car or in the truck was injured.

Janette Beaudoin, 16, of Bay

THAT OLD WAX MAGIC — Looking like a piece of modernistic sculpture, this five-foot-high pile of wax was started when one candle was stuck in an old bottle and successive candles were burned until it reached this dizzy height. Dennis O'Brian completes his daily task of lighting another candle on the heap of churned wax in front of the Kensington restaurant in London.

Airliners Revamped to Please Women

DENVER (AP) — Every few weeks a massive Douglas DC-6B airliner is towed into a United Air Lines hangar here. Workmen clamber aboard — tear out the seats, roll up carpeting and rip off the wall panels.

Then they go to work installing panels of off-white leather into the

ceiling of the rear of the lounge. Lounge seats of coral leather enclose a brass-edge circular table of charcoal gray top. Seats are upholstered in medium gray-blue, textured with white and dark blue and given foam rubber head rests. The dressing up is completed with deep-pile carpeting of blue and white, and window curtains of dusty rose.

UAL officials say they hope to attract more decoration-sensitive women passengers.

PRELUDE TO A PIE — Mrs. Philip W. Roy (left) of Harvard court had a surplus of rhubarb in her garden. Her neighbors, Mrs. Lester Laidig (center), also of Harvard court and Mrs. Kenneth

Lindsay (right) of West Long Lake road came over to pull some of the tange fruit for pies. Well, it's one way to spend a summer afternoon.

Built-in Eat Appeal Found in New Hybrid Chicken

Any day now you can expect to hear homemakers talking about buying a "robotryer" for dinner.

Topic of their conversation will be a remarkable new four-in-one chicken with built-in eat appeal.

Newest entry in the poultry parade is the Pettie Bird, a specially-developed butterball bird which was introduced here this week in A&P Food Stores super markets.

The Pettie Bird offers positive proof in fresh-frozen form that the "slick chick" look is gone forever and the "stylish stout" is here to stay. Already poultrymen are busy coining words to describe the many qualities and uses of the Pettie Bird, a meat-packed, young and tender chicken.

MULTIPLE USES
Because the versatile new bird may be roasted, fried, baked or broiled, one poultryman terms it a "robotryer." Other names used to describe the chicken's multiple uses are "fribroast" and "fribroster."

How did the Pettie Bird get that way? It started with the breeding of a special strain of extra White Rock females with an equally top-drawer band of White Cornish males. The breeding males are hard to produce and quite expensive, costing about \$2 per day-old chick.

From the breeding stock on carefully-selected farms in Western Michigan, the eggs produced are placed in modern hatcheries. Chicks from the hatcheries go to growers who have agreed to a special rearing and feeding program.

Baby chicks are started on a high protein formula and fed this way for seven or eight weeks. The formula then changes to a high calorie content feed, and the birds are induced to eat as much and exercise as little as possible until 12 to 14 weeks old.

The end result is a dressed chicken usually weighing four to five pounds with mostly white meat, broad breast, heavy legs and thighs, small bones and little waste.

Golden Chicken Bake
1 Pettie Bird—about 4-6 lbs.
1/2 cup (1 stick) melted butter
1 package refrigerated ready to make biscuits
(1) Cut Pettie Bird into portions. Dust portions with flour, salt and pepper; dip in milk and dust again. Place in baking pan,

11x7x2; pour melted butter or margarine over.
(2) Bake in hot oven (400 degrees) about 1 hour. (If smaller chicken is used, bake for 45 minutes.) Baste chicken with drippings about every 20 minutes. Place biscuits around chicken in pan about 15 minutes before you plan to take chicken out. Your own biscuit recipe can also be used.

Easy to fix recipe for these hot days, and still have a very special dinner.

Fried Chicken Maryland

1 young Pettie Bird
1/2 cup flour
1/2 t. salt
1/2 t. pepper—1/2 t. paprika
3 T. fat

Clean and cut chicken into pieces. Wash carefully and dry, shake in bag with flour, salt, pepper and paprika. Brown chicken quickly in fat—reduce heat, simmer slowly until tender, about 30 minutes. Remove lid and let chicken fry slowly. (When browning quickly be sure there is enough fat to keep chicken from sticking. Enough fat insures a golden brown crust.)

Kentucky Fried Pettie Bird

1 young Pettie Bird
1/2 cups sifted flour
1/2 t. salt
Dash pepper
1/2 t. paprika
1 egg
1 t. baking powder
1/2 cup milk

Cut chicken into serving portions; steam or stew until tender. Dry and keep cool until time to fry. (This may be done the day before serving if a large quantity is to be cooked.) Just before frying, mix and sift flour, salt, pepper, paprika and baking powder together. Beat egg and add milk.

Combine liquids with dry ingredients. Dip each piece of seasoned chicken into batter and fry in hot deep fat (380 degrees) until brown. Serve hot.

A Vegetable Medley

Dice carrots and celery, snap beans and white turnips small; cook in one saucepan with a small amount of salted water just until tender. This vegetable medley tastes wonderful when doused with butter and will save you washing several pots.

Pie Session Fills Freezer

On a warm sunny afternoon last week three neighbors in the West Long Lake area got together for a rhubarb-picking session. Mrs. Philip Roy had the rhubarb. Mrs. Lester Laidig and Mrs. Kenneth Lindsay wanted to make the pies. One pie was promised to the rhubarb producer.

We talked with Mrs. Laidig to get her recipe. She made a real production of her pastry making, had three pies to put in the freezer. Here's her recipe.

RHUBARB PIE

By Mrs. Lester Laidig

3 cups cut rhubarb
1 cup sugar
1/2 tablespoons flour
1/2 teaspoon grated orange rind
Dash salt
2 tablespoons butter or margarine
Pastry for 2 crusts

Line pie tin with pastry. Mix other ingredients and fill pie shell. Cover with top crust, cut gashes in top. Bake in a 450-degree oven for 10 minutes. Reduce heat to 350 degrees and bake another 25-30 minutes.

Detergent Foods Aid in Cleaning of Teeth

Some foods have the special quality of cleansing the teeth. This is one of the ways in which foods combat tooth decay.

The American Dental Association says: "In addition to toothbrushing, every person should include in his diet, particularly at the end of each meal, some detergent food, such as a citrus fruit. (The word 'detergent' means 'having cleansing qualities.') Detergent fruits and raw vegetables are nature's toothbrushes. They keep the mouth clean... Examples of the detergent foods are fruits, such as apples and oranges, and uncooked vegetables, such as carrots and celery."

The ADA holds that there is a well established statistical relationship between the kind of food eaten and tooth breakdown.

LO-CAL STRAWBERRY ICE CREAM — Good news for weight watchers is this fresh strawberry ice cream in which the use of pure vanilla extract has made it possible to step up the illusion of sweet, creamy richness while holding down the actual content of sugar and cream.

No Need to Turn Down Ice Cream Thanks to New, Low Calorie Varieties

"I scream, you scream, we all scream for ice cream"—so went the old song.

And, for too long, the weight watcher had to scream in vain. But now, thanks to some new low calorie ice cream ideas, the palate can be pampered without widening the waistline.

Oddly enough, the secret of these nonfattening ice creams is vanilla, the favorite flavoring for regular ice cream. However, the vanilla this time does not

play the dominant flavor role. Rather, it is used to intensify other flavors to the extent that less sugar can be used.

It has been discovered recently that pure vanilla extract can actually bring out the natural sweetness of fruit, for instance, to the point where only a fraction of the usual amount of sugar is needed to produce a satisfyingly sweet dessert.

The pure extract has a similar effect on milk, pointing up its richness and body so that whole milk, or even skim milk, can be substituted for the heavier types of cream usually used.

As an example, fresh peach ice cream for 12 servings would ordinarily call for approximately 1 1/4 cups of sugar and two cups of cream, and would add up in total calorie count to about 150 calories for each serving.

By adding two teaspoons of pure vanilla extract, the illusion of sweet, creamy richness is stepped up while the actual content of sugar and cream is held down so that a serving totals only 57 calories. Comparable calorie reductions can be made in fresh strawberry and coffee ice creams.

Lo-Cal Strawberry Ice Cream

1/2 cup sugar
1 tablespoon flour
1/2 teaspoon salt
1 egg, separated
1 1/2 cups milk
2 teaspoons pure vanilla extract
1/2 cup fresh strawberries, crushed

Combine sugar, flour, and salt in a saucepan. Add egg yolk and 1/4 cup of the milk. Mix well. Stir in remaining milk. Cook over low heat until slightly thickened, about 10 minutes, stirring constantly. Cool. Stir in pure vanilla extract. Pour into a freezing tray. Freeze until almost firm.

Turn into a mixing bowl and beat until creamy with an electric or rotary beater. Add unbeaten egg white and beat until mixture has doubled in volume. Fold in crushed strawberries. Return to freezing tray, and freeze until firm.

Serve in sherbet glasses. Top each serving with a whole strawberry. Yield: 8 servings.

Calorie count—77 per serving.

Vanilla-Coffee Ice Cream

1 junket (rennet) tablet
1 tablespoon cold water
2 cups skim milk
1/2 cup sugar
1-16 teaspoon salt
2 1/2 teaspoons instant coffee
2 tablespoons light corn syrup
1 1/2 teaspoons pure vanilla extract

Crush rennet tablet and dissolve in cold water. Combine the remaining ingredients and mix well. Heat to lukewarm, stirring constantly. Test a drop on the inside of the wrist frequently. When comfortably warm (110 degrees) remove from heat at once. Add dissolved rennet tablet. Stir a few seconds only. Pour at once while still liquid into an ice cube tray. DO NOT DISTURB FOR 10 MINUTES WHILE MILK SETS.

Place in freezing compartment of refrigerator and freeze until almost firm. Remove from tray, break up with a fork and beat with an electric or rotary beater until fluffy and free from lumps but still a thick mush. Return to freezing tray and freeze until firm. Yield: 8 servings.

Calorie count—84 per serving.

Lo-Cal Fresh Peach-Vanilla Ice Cream

1 1/2 teaspoons unflavored gelatin
2 tablespoons cold water
1 cup skim milk
1/2 teaspoon salt
1/2 cup sugar
2 teaspoons pure vanilla extract
1 egg white, unbeaten
4 medium peaches, crushed (1 cup)
1 tablespoon fresh lemon juice

Soften gelatin in cold water and set aside. Heat milk and pour over gelatin. Stir in salt, sugar and pure vanilla extract. Turn into an ice-cube tray and freeze to a mush. Remove from tray and beat with an electric or rotary beater until creamy. Add unbeaten egg white and beat until mixture has doubled in volume. Fold in crushed peaches and lemon juice. Return to freezing trays and freeze until firm and ready to serve. Yield: 12 servings. Calorie count—57 per serving.

Bacon Is an All-Meal Basic in Many Families

Bacon fits into every meal from breakfast to the midnight snack. This recipe combines bacon with a delicious stuffing and serves as a mighty, tempting luncheon.

Combine 2 cups bread crumbs, 1 small finely chopped onion, and 1 tablespoon finely minced parsley. Season with salt and pepper and moisten with hot water. Place 1 teaspoonful on one end of each bacon slice. Roll bacon slice around dressing and fasten with a toothpick.

Broil at a moderate temperature turning frequently to brown all sides. A silver lame sweater with an attractive U-neckline and very short sleeves becomes an elegant, healthy dinner dress when worn with the silver lame knit skirt.

Refrigerator Not Needed for the Instant Coffee

For years food experts have advised keeping opened, ground coffee in the refrigerator, summer or winter. Don't do this with instant. Just recap your opened,

instant container and keep in a dry area. It will not deteriorate. The cold moisture of a refrigerator might cause the instant coffee to solidify.

The larger, more economical container of soluble coffee is just as practical in summer as in winter, and for the same reasons.

Lake Orion to Decide Park Use

Village Poll Due July 30

Chamber of Commerce Taking Vote to Settle Controversy

LAKE ORION — The small village park on M24 here, which the council opened to "outsiders" recently, is the subject of much controversy.

A petition being circulated throughout the village asks for definite action in cleaning up and maintaining the park. These petitions will be presented at the Council meeting on Monday, July 30.

The Chamber of Commerce also has a plan to poll public opinion on this issue. Any property owner or resident of the village of Lake Orion, which owns and will be responsible for maintaining the park, has the opportunity to vote.

Electors may cast their vote for one of three choices:

1. Make the park available to village and Orion Township residents.
2. Reserve the park for village residents only.
3. Make the park available to everybody.

Residents who have not voted are asked to send a ballot to P. O. Box 385, or drop them in any of the boxes provided in stores who have Chamber of Commerce membership, by Monday noon, July 30.

Ballots must be signed and bear a village address so they can be presented to the council on Monday night.

Seek Grave Ghouls but Find Only Kids

LAKE ORION — A tip received early this week by a Lake Orion police officer may be attributed to the solution of this village's "graveyard mystery."

A child's foot was hurt by a falling gravestone as six youngsters caused an estimated \$2,000 in damage in Evergreen Cemetery.

Rochester Council OKs Light, Contract

ROCHESTER — All Village councilmen were present at the regular meeting here this week, and voted favorably on several important items on the agenda, including a much-needed traffic light at Main and Romeo Streets; planned for lighting for the South Hill bridge; further plans for the off-street parking and awarded the contract for the workmen's compensation insurance.

The Village will participate in the installation of a two-way traffic light at the busy intersection of Romeo and Main Streets. A unanimous vote by the council passed the resolution to be sent to S. J. Levine, district traffic engineer, stating that the Village would help (would pay 50 per cent of installation) and maintain the traffic signal.

L. L. Whims Insurance Agency was low bidder on the workmen's compensation insurance. The council awarded the contract for \$1382.50.

several weeks ago, police report here.

Another child, knowing of the injury, and seeking the \$100 reward that Village Councilmen had offered for information and wanted money for playground equipment, gave Officer Pilon a tip.

Village Officials will have to decide if the tip, which incorrectly named a child, wins the award. But six children, five local and another who was visiting a local family, are being blamed by police for the damage.

Their parents have met with Police Chief Clarence Braidwood, Officer Pilon and Village President in the village hall.

The children, whose ages range from six to 12 years, have been placed in the custody of their parents, who are to be responsible for repairing the damage to urns and stores. Three families are involved.

Highland Slates Open Meetings

Invites Area Residents to Discuss Zoning Rule Before Voting

HIGHLAND — For the next three weeks residents in Highland Township will have an opportunity to discuss the proposed zoning ordinance which will be voted upon in the November election.

A special meeting will be held tonight at 8, at the town hall, and the following three Thursday nights for the purpose of finding out what the people want in the new ordinance.

Both the Township and Zoning Boards will be present to answer questions and make ratifications.

People in Highland Township have voted down other ordinances set up by the Zoning Board at two different elections. This time, members feel that they have covered most of the objections but would like the people in the district to become acquainted with the plan before it is voted on again.

There is now an interim ordinance in effect set up by the Township Board earlier this year.

Feed Bag Contest State Fair Feature

Colorful wearing apparel and home accessories made from the cotton bags that once contained feed, flour and other products will be a feature on the sewing competition of the Home Arts Dept. at the Michigan State Fair, Aug. 31-Sept. 9.

Cash prizes will be awarded in each of the following entry lots: Mother and daughter dresses; stuffed toy; child's or crib size quilt or comfort; luncheon set; blouse; pajamas; men's or boy's sport shirt and kitchen curtains.

The sweepstakes prize to the person winning the highest total of cash prizes will be a portable electric sewing machine and the winner becomes eligible to submit her entry for judging in the national competition in Chicago in November.

Entry blanks are obtainable from the Home Arts Dept., Michigan State Fair, Detroit 3. Entries must be returned by Friday, Aug. 17.

Troy Groups Planning Festival for Saturday

TROY — Murium and Naomi Croyes of Troy Methodist Church are holding an ice cream and strawberry festival on the church grounds on Square Lake road Saturday, from 2 to 8 p.m.

Circle members say in case of rain, the social will be held inside the church.

Lake Orion Methodist Slates Special Series

LAKE ORION — Special services will be held at the Lake Orion Methodist Church on the evenings of July 27, through 29, beginning at 7:30, with Donald Holt, seminary student from Emory University, Ga., preaching.

The children's choir will sing and David Leith, trombonist will present a solo.

A youthful clarinet quartet from the Lake Orion Band will also play. Everyone is invited.

Deputies Investigating Theft of Boat

Oakland County Sheriff's Deputies are investigating the theft of a boat from Tan Lake in Oxford Township.

Owner Donald Gildner, of 278 Tarnview, told the officers the boat was taken Tuesday night or Wednesday morning.

Board Denies Dump Closing

Residents of Waterford Ask Township to Prevent Dumptruck Spilling

WATERFORD TOWNSHIP — A petition to close the Hospital Road dump was considered when the Township Board met this week.

Residents of the area were on hand protesting the site because of the amount of litter accidently dropped from vehicles on the way to the dump.

The request was rejected because the fill will be completed by mid-September.

A letter from Pontiac City Manager Walter K. Willman, asking that a date be set for a meeting of the Township Board and the City Commission to discuss sewer problems, was included on the agenda. Arrangements have been made for an August 27 meeting.

In other action the Board authorized the purchase of a hot water heater for Fire Station No. 2 in Drayton Plains, and three liquor license permits were approved.

The Board okayed the transfer of the permit, now held by Manning's Market, to Kevin J. Ritter, new owner.

Bruno Wolosiewicz is now sole owner of the Dixie Bar and the name of Sofia Foucky is to be dropped from the permit.

The plat of the Union Lake Meadow subdivision was also approved.

Marilyn Chadek to Wed Man From Rochester

DRAYTON PLAINS — Mr. and Mrs. A. T. Chadek, 2800 Airport Rd., announce the engagement of their daughter, Marilyn Jean, to Marvin T. Fater, son of Mr. and Mrs. Herman Fater, 3820 Cone St., Rochester.

The wedding will be an event of Oct. 6.

MR. AND MRS. CHARLES JOYCE

Joyce-Profant Rite Read in Community Church

DRAYTON PLAINS — Margot Jean Profant wore a white satin and embroidered nylon tulle gown for her wedding Saturday to Charles LeRoy Joyce.

She is the daughter of Mr. and Mrs. John H. Profant, 3845 Lotus Dr., while her bridegroom is the son of Mr. and Mrs. Ernest D. Joyce, of 250 Hickory Lane, Waterford Township.

About 250 witnessed the 5:30 p.m. wedding in Waterford Community Church. A reception-dance was held that evening at 7:30 p.m. at Pythias Hall on Voorheis Road.

The bride's gown's bouffant satin and nylon tulle skirt had a cathedral train and her tulle bodice was embroidered. A Chantilly lace pleated train extended down the train. A nylon tulle veil was caught to a flat crown covered with white sequins and seed pearls. Tiny pearl earrings, her only jewelry, were a gift of the bridegroom.

Her cascade bouquet was of two dozen white roses with knotted streamers.

Pink and white rose petals were strewn before the bride by her cousin, Sandy Armstrong. Ring bearer was Gary Joyce, son of Mrs. William Joyce, of Pontiac who sang for the rites.

Maid of honor was Charlotte Hood of Clarkston, and bridesmaids were Mildred Goss of Fenton and Sharon Livingston of Pontiac.

Best man was Jerry Colbert of Clarkston, while ushering was done

Assessor Leaves Post, to Open Orion Business

LAKE ORION — W. Russell Lepp, whose resignation as assessor was recently accepted by the village council, says that he expects to open a new dairy business in the village within ten days. Lepp's resignation was accepted with regret at the June 13 council meeting, at which a land lease for his Dairy Market was approved.

Formerly owner of a lumber company here, Lepp had been appointed to fill a vacancy made by Floyd Lamphier's death, and had later been elected to the assessor's post.

His entering business necessitated his resignation, he told the council.

The Dairy Mart will be in a building, almost completed now, which he estimates will cost about \$17,000. Equipment will cost about \$6,000 to \$10,000, and may later be extended another \$10,000, he says.

The land, at a level below M24, is requiring about \$10,000 in improvement, he estimates. About 7,000 yards of fill have already been used. Other improvements needed are the cost of the retaining wall, fill, road gravel and chip topping.

The land improvements increased the cost, which added to the relatively low lease price given on June 13 by the city, Lepp says.

The lease is fifty dollars a year for the first five years and \$100 for the next 25. The land, a triangle, has not been used for any useful purpose since platted 66 years ago, records show.

Long Set to Attend Prosecuting Course

Assistant Oakland County Prosecutor Robert D. Long will attend Northwestern University's Short Course for Prosecuting Attorneys next week. Prosecutor Frederick Ziem said today.

The six-day course will include lectures on trial techniques, general legal problems and preparation of evidence, Ziem said. Eminent attorneys and professors of law will deliver the lectures, sponsored by the University's School of Law.

Ziem and Chief Assistant Prosecutor George F. Taylor attended the course in 1954.

PLAN FIRST REUNION — Organizing a first reunion for the class of '42, Roosevelt High School, are (l to r) Mrs. John Libertine, 434 Shore View Dr., Pontiac; Mrs. Ralph Marriott and Mrs. Alvin Martin, both of Drayton Plains. Letters

have been sent out to the 37 class members, all but five of whom are living in Oakland County. The dinner event will take place at Highland Manor, Highland, at 6:30 p. m., Saturday, Aug. 25.

Slate 10 Mill Operating Tax

Walled Lake Schools Certify Levy; Open Training Car Bids

WALLED LAKE — At a special meeting of the Walled Lake Board of Education the board certified tax levies to townships for the 1956-57 school year as follows: for operating \$7.3 mills plus voted increase of 2 mills; for capital outlay and debt retirement 1951 bond issue, 1/4 mill; 1953, 5/8 mill; 1954, 5 mills; and 1955, 2 mills.

Quotations for driver education cars were opened and contracts awarded J. L. Taylor for two Chevrolet and Shuman Sales for one Ford to be used in driver training classes.

The Borden Co. was awarded the bid to supply ice cream to the school cafeterias.

A letter was received from Father Foley of St. William's asking that the board supply transportation for pupils attending St. William's school. The board invited Father Foley to attend another special meeting to discuss his transportation problem.

At this special meeting to be held later this week the board will also certify the election returns and officially canvass the ballots.

They have already approved the unofficial returns which approved the board's proposal for a two mill levy for operating purposes by 98 votes.

Pleasant Ridge Man Killed Near Lansing

LANSING (AP)—Robert P. Guyot Jr., 25, of Pleasant Ridge, was injured fatally yesterday when his car ran off a road and hit a tree on the outskirts of nearby East Lansing.

He had been vacationing with his family in the area.

C. of C. Offering Lake Orion Plates

LAKE ORION — The Chamber of Commerce is offering the customers of member stores a chance to advertise their village free. Stickers and metal plates which say "Lake Orion — Where Living Is a Vacation" will be given away with one and five dollar purchases respectively.

"A limited number is available at each store, so don't delay," says Walter Green, secretary of the chamber.

Modern towboats operating on the nation's inland waterways travel 120,000 ton-miles per two boat horsepower annually.

Schools Face Problem

Hazel Park Limiting Plans; Eyes Space Lack

HAZEL PARK — A new, 14-classroom school to be erected on the Stevenson site here, won't do a great deal to relieve the classroom-shortage, according to Supt. of Schools George Robinson.

Voters turned down an eight and a half million dollar bond issue for school building at the annual June election, leaving the shortage of classrooms still to be faced by the school board.

A building and site fund is all the money the board has for new classrooms. The funds will amount to approximately \$350,000 after the December tax

collection, said Robinson early this morning.

The board has collected the five-mill tax for school building and sites since 1952. It expires this year.

Voters were told at a June election that if the eight and one half million dollar bond issue went through, the five-mill tax would be cancelled immediately.

About 1,500 high school students will attend school on a staggered basis, and 900 junior high schoolers and 800 first graders will go on half days when school starts in September.

Deaths in Nearby Communities

Mrs. Florence Coggins HOLLY — Services will be held Friday at 10 o'clock at the Holy Family Church at Grand Blanc for Mrs. Florence Coggins, 85, who died Tuesday at the Martha Washington Convalescent Home in Holly.

She was the mother of Charles Coggins, Superintendent of the Holly Schools, and had lived in Grand Blanc many years. She also leaves her husband, George, four daughters, 13 grandchildren and eight great-grandchildren.

Mrs. Nettie Eldred ROMEO — Service for Mrs. Nettie Eldred, 89, of 19690 East 32 Mile Rd., will be held at 2 p.m. Saturday at Roth's Home for Funerals with interment in McCafferty Cemetery. She died Wednesday morning.

Mrs. Eldred was a lifelong resident of this area.

Survivors include two daughters, Mrs. Edith Kohlman and Mrs. Roxie Ganfield, both of Romeo; two sons, Arthur, of Caro, and Harvey of Romeo, with whom she made her home; 11 grandchildren and 10 great-grandchildren.

Frank R. McCallum ROMEO — Service for Frank R. McCallum, 74, of 220 East Lafayette, will be held at 2 p.m. Friday afternoon at Roth's Home for Funerals, with burial in Romeo Cemetery. He died Wednesday.

Surviving are five sons, Robert A. of Leonard, Donald C. of Lincoln, Neb., Gordon C. of Romeo, William N. of Kalamazoo and Malcolm D. of Lapeer. And two sisters, Mrs. Mary Havel of Utica and Florence McCallum of Detroit.

Florence A. Everett ROCHESTER — Private service will be conducted Friday for Miss Florence A. Everett, 93, 15651 West 14 Mile, Southfield Township, at the White Chapel Memorial Cemetery. Her body will be at the William R. Potere Funeral Home until Friday morning.

Born in Ontario July 7, 1863, she had lived in the area several

years, coming from St. Louis, Mo. Miss Everett, who died yesterday at Farmington, is survived by eight nieces and seven nephews.

Glenn A. Phillips ROCHESTER — Service for Glenn Alfred Phillips, 26, 3618 South Emmons, will be at 2 p.m. Saturday from the Pixley Funeral Home here, with burial in Mt. Avon Cemetery. Mr. Phillips died Tuesday in Lowell, Mass., following an automobile accident there.

Thomas J. Cassidy LAKE ORION — Requiem Mass for Thomas John Cassidy, 71, of 796 Central Dr., will be at 10 a.m. Friday in St. Joseph church, with burial in the St. Joseph section of East Lawn Cemetery. Mr. Cassidy died Tuesday in Henry Ford Hospital, where he was taken following a June 5 accident.

Recitation of the Rosary will take place at 8:15 tonight in Allen's Funeral Home, Lake Orion.

Bearing Firms Merger Scheduled for Tuesday

DETROIT (AP) — With stockholder approval now obtained, merger of Federal-Mogul-Bower Bearings, Inc., and National Motor Bearing, Inc., is set for Tuesday. Following consolidation, the National Motor Bearing Co. will be operated as National Seal Division of Federal-Mogul-Bower. Approval of stockholders was announced yesterday.

Romeo Scouts Ignore Rain, Camp 'Overnight'

ROMEO — Torrents of rain which fell about 6 p.m. last night failed to dampen the spirits of 43 girl scouts who went ahead with plans on spending the night at Camp Tanglewood in Norton Park, south of here.

The "overnight" climaxed a day open house for over 75 mothers, little brothers and sisters, and even a few fathers to the camp site.

All seven scout units of over 30 girls each presented a program of skits, drills, songs and dances in the afternoon. Camp Director Mrs. James Curnutte of Rochester was mistress of ceremonies.

Handicraft and nature projects were displayed on picnic tables. News that 13-year-old Nancy Barnes, daughter of Mr. and Mrs. Belton Barnes of Romeo had been named outstanding camper of her unit, was told. She received a cash award.

Today was final day of the day camp, first of its kind staged in the Romeo area. More than 130 Brownies and Girl Scouts from Washington and Romeo participated in daily activities, which included swimming, nature hikes, meal planning and cooking as well as crafts.

Morning and afternoon sessions were on Tuesdays through Thursday, last week and this week. Mrs. Alex McIntyre of Romeo was Mrs. Curnutte's assistant in direction.

Outdoor Program to Close Bible School

COMMERCE TOWNSHIP — A special outdoor program will mark the closing of the Vacation Bible School at the Commerce Methodist Church. It will be held at 7:30 p.m., Friday, in the parking area adjacent to the church.

Lesson materials will be on display at 7 p.m., prior to the program.

The co-directors of the program, Mrs. Perry A. Thomas and Mrs. Russell Thompson, have issued an open invitation to parents, friends and all interested persons.

A staff of more than 30 instructors guided the children in kindergarten, primary, junior and junior high divisions of Bible study. Nearly 170 children attended the various classes.

Orion Town Hall Adds Features

Building Redecorated, Improved After Fire Last April 18

LAKE ORION — The Orion Township Hall, located on M24 south of the village, has many new features added with the renovation following the fire which occurred on April 18.

The auditorium, enlarged by the removal of the stage, has a new black and green tiled floor and acoustical plastered ceilings. This area is used for precincts 2 and 4 on voting days, for issuing of driver's licenses on alternate Thursdays (beginning today) and by the welfare to distribute surplus food.

The Justice Court, completely redecorated, is held here by Helmar G. Stanaback, every week day except Wednesday.

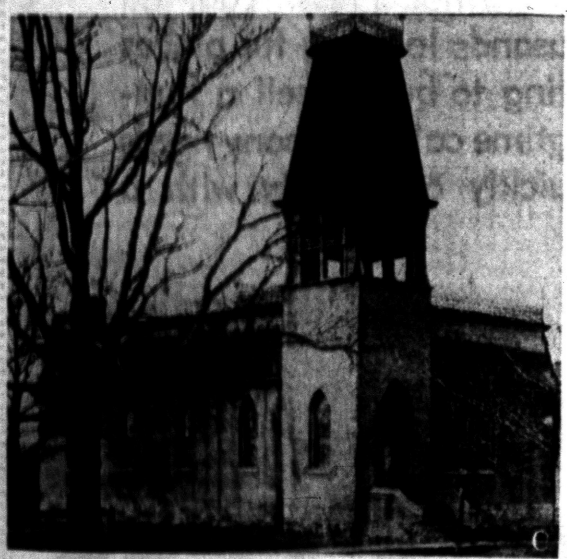

The township offices are located at the front of the building. A new ventilating system, automatic gas hot water heating system, and lounge add to the comforts of the employees.

The kitchen has been removed so the building is no longer suitable for receptions and outside group activities for which it was formerly rented.

Women Name Leader

MARLETTE — Mrs. Roy Kraft, Brown City, was elected president of the Sanilac County Republican Womens Club, when they met here in Teale's Cafe recently.

Thirty women were present from Peck, Brown City, Minden City, Sandusky and Marlette.

LEONARD CHURCH IN 1900s — The Methodist Church in Leonard is celebrating its 75th Anniversary Sunday with a homecoming. The event will begin with the regular 10 a. m. church service. Special speakers are scheduled and a color film will be shown at 7:30 p. m.

Dior Explodes Revolutionary 'Magnet' Line on Paris

Puffs Hips, Drops Skirts to Ankles

Style, If Successful, Would Outmode All Present Wardrobes

PARIS (AP)—Christian Dior electrified Paris today with his new magnet line, puffing out the hips and emphasizing the bust.

Using real surprise tactics, Dior threw a dozen nearly ankle-length day dresses into the middle of an otherwise short-skirted collection.

Gasp and applause seemed to assure another "scandalous success," as the French call it. Back row spectators sprang up and craned at the sight.

Without risking his whole collection on the drastically different length, which would outmode every wardrobe, Dior clearly launched a trial balloon. Unless the critics puncture it, it may be the another New Look.

The magnet line, clearly intended to draw male eyes, rounds the shoulders, bust and hips, and often drops necklines daringly low. Skirts are wider at the hip than at the hem, being set-in in soft folds at the natural waistline. Dior calls them Dutch skirts.

Cleaning Supplies Often Poisonous

LARAMIE, Wyo. (INS)—Home-makers are urged to have some locked cabinets, if a high shelf is unavailable, to keep hazardous cleaning supplies away from small children.

Accidents are among the leading causes of death and injury to children under five years of age. Poisonous chemical substances are found in many common household cleaning aids: bleaches, cleaning fluid, insect sprays, rat poisons, detergents, furniture polishes, ammonia and kerosene.

Pottery, china and porcelain all are types of ceramics; the difference lies in the translucency of the three. Pottery has none at all; china is more or less translucent; and porcelain is highly translucent.

Coming Events

The picnic for the month of July has been canceled by the Maple Leaf Lunch-club.

SPORTING
GOODS

A corduroy print, which achieves the look of rich wool so successfully that seeing is no longer believing, makes a sport car coat dear to the heart of a sub-teen. This jaunty new style will be the rage of the young set for suburban wear, school and all outdoor activities. For an extra measure of warmth, there is a cotton and wool quilted lining. The turf-colored corduroy jacket on the young man has dashing touches of brown leather in pocket flaps and elbow patches.

New Hats Air-Conditioned

NEW YORK (INS)—The latest in headgear features the "hole in the hat" look.

The newest sports hat, smart for golf or any other outdoor activity necessitating protection against sun on the head, has millions of tiny, spongelike air pockets in the foam-type insulating fabric.

The manufacturer claims the hat is "air-conditioned"—and not just for summer.

When you want to keep a cool head despite hot temperatures, dip the hat in ice water, wring it out and wear it. The foamy material retains moisture and as it evaporates the head is cooled.

The insulating fabric, on the other hand, is supposed to keep the head warm in winter.

The new idea in hats comes in half a dozen colors—ice blue, pink, lemon, green, white and charcoal.

You can have your choice of several styles, including the sunshade type hat, a youthful copy of the

Bath crystals should be poured into a few inches of tub water and then the rest of the water allowed to enter the tub, in order that the scented crystals may dissolve before you step in.

Continues Grant for Opera Study

The Detroit Grand Opera Association will continue its annual grand opera scholarship for 1956. The award again is for \$2,500 toward financing a year of advanced training and opera study under the direction of the Scholarship Committee of the Detroit Grand Opera Association.

This will be the 12th annual competition conducted by the Association with a grant from Grinnell Brothers Music House.

The award will be under the complete jurisdiction of the Detroit Grand Opera Association, which establishes the standards and conducts the auditions in the fall, prior to the opening of Detroit's Grand Opera Festival which begins Nov. 7.

Make Sure Postcard Is Delivered

According to the Handwriting Foundation, a lot of vacation postcards won't be delivered, due to illegible writing. The Foundation offers the following suggestions:

1. Write legibly. Just being conscious of your handwriting will make a sharp improvement.
2. Address correctly. Full street address, including postal zone number. You'd be surprised how quickly you forget addresses of folks back home, so pack your address book or bring along a list of people to remember.
3. Always bring pen, pencil and other writing supplies along. Especially if you're traveling abroad.
4. Bring along stamps in 2c and 3c denominations. Get a handy book at your post office. If you buy them loose, sprinkle talcum on the backs so that summer heat won't make them stick together prematurely. Keep them in an envelope.

5. When sending children off to camp, remember rules number 3. Good tip is to send self-addressed stamped envelopes and cards, to make it easier to write home.
6. On car trips, send yourself cards along the route, or to friends who collect postmarks.

Empire Line Seen as Fall Favorite

In fall dresses—prime favorite is the narrowed, ribbed line that goes equally well with a slim costume coat or with dressmaker details all its own. The basic sheath gains interest through the pronounced empire influence.

Rising above a smoothly fitted waistline, the empire line is seen traced with bands of braid, simulated boleros, or underscored with ribbons, belts and sashes.

Friday Fights at Wisner

Boxing Card Is Set

Fighters representing three area Boys' Clubs on a 12-bout card to be the ring Friday night in Wisner Stadium in the Amateur boxing show for the benefit of the newly organized Auburn Heights Boys' Club.

The boxers, ranging from 60 to 190 pounds, will go three rounds

each with trophies to be awarded in each division.

The fights have been arranged for the purpose of aiding the Auburn Heights Boys' Club raise funds for its activities and equipment.

Boys' Club members from Keego

Harbor and Pontiac are participating in the matches.

The three clubs staged eliminations among their own members to determine the fighters who will take part in the program.

Starting at 8:00 p.m., the battle of 10-year-olds will feature Arthur Brown of Keego Harbor against Perry Allen of Auburn Heights in the 60-pound class.

The heavyweight bout will have two Pontiac Boys' Club members in the finale. John Massengale at 190 meet Jim Skinner who goes at 185. Both are 16 years old.

Stephen Navarro and Jim Savage, members of the Sheriff's department, both of whom are members of the Auburn Heights Boys' Club board of directors, are instrumental in promoting the bouts.

Between fights an exhibition of wrestling and tag boxing will be presented.

Tickets are selling for one dollar at numerous business places around Pontiac and at the Wisner Stadium gate.

The parings for the card:

60 Pound Division
Arthur Brown, Keego Harbor, vs. Perry Allen, Auburn Heights.
70 Pound Division
Gary Nelson, Auburn Heights, vs. Jim Skinner, Pontiac.
80 Pound Division
Sonny Blackman, Auburn Heights, vs. Herman Walker, Pontiac.
90 Pound Division
Dave Mills, Keego Harbor, vs. John Denihan, Pontiac.
100 Pound Division
Dick Belhost, Auburn Heights, vs. Larry Stephens, Auburn Heights.
110 Pound Division
Gary Van Horn, Pontiac, vs. Terry Douglas, Auburn Heights.
120 Pound Division
Tom Belmont, Keego Harbor, vs. Mike Denihan, Pontiac.
130 Pound Division
Louis Barrett, Keego Harbor, vs. Arnie Hill, Auburn Heights.
140 Pound Division
Ronald Klam, Auburn Heights, vs. Dick Belhost, Keego Harbor.
150 Pound Division
Bill Gerber, Auburn Heights, vs. Bill Lappert, Keego Harbor.
160 Pound Division
John Massengale, Pontiac, vs. Jim Skinner, Pontiac.

Walt Larson pitched a one-hit masterpiece for the unbeaten Policemen, who romped to their 4th triumph. Bob Reeves garnered the lone safety against Larson, a 4th-inning single when the losers scored their only run. Bud Hayward, Lamphere and Kendall each socked two hits for the Police squad. One of Hayward's blows was a two-run homer.

Bob Porritt's triple and a single by Jerry Wilmont in the 6th inning gave the Clarkston Merchants a 4-3 verdict over the Pontiac Boys Club, while the Mets tallied five times in the 6th to down Gingelville, 6-4, in Class E games.

Boys Club No. 1 whitewashed the North Side Kiwanis, 17-0, behind Tom Mayes' one-hit hurling; Matthews-Hargreaves scored three runs in the last half of the 7th to nose out Osmun's, 11-10; West Side Kiwanis posted a 5-3 decision over Boys Club No. 2 with two 7th-inning counters, and GMC outlasted Tel-Huron, 12-9, in Class F battles.

In the single Knottle League contest held yesterday, Ron Wilkison pitched a one-hitter as the Tigers drubbed Wing Lake, 21-1. The losers played the game under protest.

Police 9 Wins in Class D

WEDNESDAY'S RESULTS
Class D
Pontiac Police 9, Boys Club 1.
Clarkston 4, Boys Club 2.
Mets 6, Gingelville 4.
Class E
Boys Club One 17, N.S. Kiwanis 0.
Matthews-Hargreaves 11, Osmun's 10.
W.S. Kiwanis 5, Boys Club Two 3.
GMC 12, Tel-Huron 5.
Knottle League
Tigers 21, Wing Lake 1.

The Pontiac Police rapped out 10 hits for an easy 7-1 victory over the Pontiac Boys Club in a Class D Junior League baseball game Wednesday night on the Washington Junior High diamond.

2 Young Area Riders in Sports Guild Show

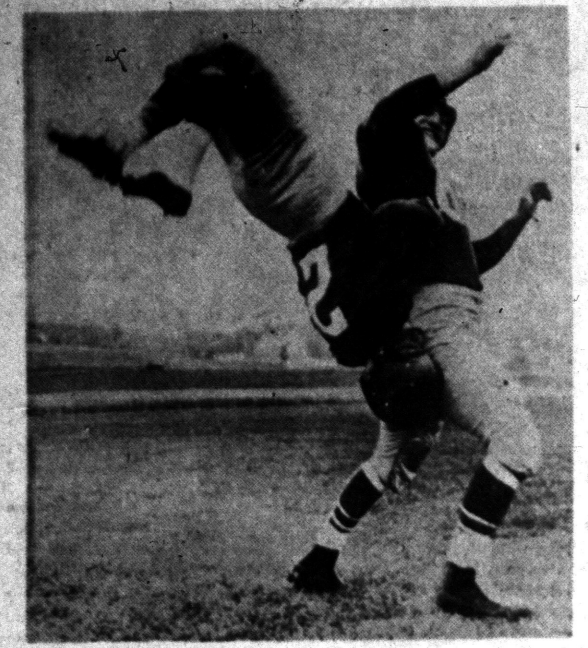

Two young and clever riders from the Oakland County area will take part in the 17-event Sports Guild show, at Hazel Park race track Sunday afternoon. Program ranges from bareback bronc busting to a colorful western parade. Show proceeds aid underprivileged children.

Bobby Burns of Rochester will put his high-school albino mare "Flash" through her trick and fancy riding paces as one of the added attractions. Chuck Erlanson, 15-year-old top junior rodeo star from Birmingham will head a field of more than 100 contestants in this feature. He is riding borrowed horses, since the death of his well-known "Amigo."

Win in Paraguay

ASUNCION, Paraguay (U)—The touring San Francisco Dons, collegiate basketball champions in the United States, beat Ciudad Nueva last night, 45-33.

The Californians led 15-5 at the half. They depart for Sao Paulo in Brazil today.

FLYING EAGLE — Harold "Skipper" Giancanelli, Philadelphia Eagles' back, takes a complete back flip still holding the ball after being hit by Chuck Bednarik, Eagle center, who demonstrated the art of tackling in the opening day of the Eagle training camp at Hershey, Penn.

Draws No Fine?

Clemente Ignores Signal

PITTSBURGH (U)—Roberto Clemente, the Pittsburgh Pirate's fleet-footed Puerto Rican, deliberately ignored his manager's sign to stop at third last night—roaring in to score in a cloud of dust on an inside-the-park, bases-loaded ninth-inning circuit clout to beat the Chicago Cubs 9-8.

Manager Bobby Bragan not only forgave the 21-year-old Roberto but made it plain there will be no fine.

"Phew," said Bobby. "Here, Clemente ties up the game for sure and I throw up the stop sign. After all, we have some long ball hitters coming up, no one out and getting Roberto home with the winning run looks easy. I hold up both hands and say 'stop' but not Roberto."

"Roberto, he just kept going and, of course, he scored and we won. But it was a close play. Wow!"

Roberto promptly admitted after the game that he had deliberately

missed Bragan's stop signal, declaring:

"I say to Bobby—'geet out of my way, and I score. Just like that! I think we have nothing to lose as we got the score tied with our run and if I score, the game she is over and we don't have to play no more tonight.'"

State Fighters Score in Preliminary Bouts

CHICAGO (U)—Chuck Craig, 158, of Monroe, Mich., stopped Lou King, 163, of Chicago, 4a, the 5th round of their scheduled six-round bout in a preliminary to the Jed Black-Isaac Logart fight last night.

In another fight, Ed Smith of Detroit, 163, knocked out Curtis Coles, 161, of Pittsburgh in the 4th round.

WEDNESDAY'S HOME RUNS
Lou Clemente, Pirates; Louisa, Ennis, Hammer, Phillies; Matthews, Thomas, Braves; White, Giants; P. Robinson, Redlegs; Furlie, Snider, Dodgers; Torgeson, House, Tigers; Givens, Senators; Arbia, Nogan, Indians; Simpson, Athletics.

All-Star Player Out of Classic Lineup

REDLANDS, Calif. (U)—End Leon Clarke of the University of Southern California is suffering from a cracked vertebra and will not play in the All Star-Cleveland Browns game in Chicago.

Clarke, property of the Los Angeles Rams, went to Chicago with other Ram Rookies for the game but showed up with a swollen neck. X-rays showed the fracture and he was sent home. The injury appears to be similar to the one suffered last season by Tank Younger, which kept Tank out of the world championship game against the Browns.

Hanover Comes Home

VERNON, N.Y. (INS)—Ego Hanover, piloted by Harold Dancer Sr., won the \$8,900 Hambletonian test last night at Vernon Downs before a Grand Circuit crowd of 3,768 persons.

Ego Hanover won the 4th race in 2:02.2 to set a new season mark for 3-year-old trotting colts, clipping a tenth of a second off the mark set July 19 by Specialty.

AAU Holds National Tank Test in Ohio

CUYAHOGA FALLS, Ohio (U)—The 100-meter Waterworks Pool in this Akron suburb will be the stage this weekend for the aquatic stars of the whole nation. Nearly 300 have been entered.

The National AAU swimming meet for men will be held Friday through Sunday, in a pool which has been used for invitational meets since the last National here in 1948.

Regatta Is Rescheduled

CHEBOYGAN (U)—The Cheboygan Power Boat Assn. today announced that the Gold Front Regatta, rained out July 1, will be re-run Sunday, Aug. 12.

Events will be run in all four classes, ranging from the class A for stock hydroplanes to class D for stock outboard racers. Races are run over a 1½ mile oval course at the basin fronting the Cheboygan paper mill plant.

Transportation Field Seen Developing New Carriers

EAST LANSING (INS)—Atomic-powered trucks... railroad yards operated by electric trains... flying boxcars traveling 500 miles an hour.

These are a few of the innovations in transportation predicted at the third annual Michigan Traffic and Transportation Conference at Michigan State University in East Lansing.

Thomas Robertson, an executive director of the American Trucking Association, Washington, D. C., forecast "more than half the total freight transported by railroads and highways will go by truck-trailer by 1966."

New developments in rail hauling were outlined by W. W. Brown, president of the Monon Railroad, Chicago. He listed as improvements: Welded rails, great hump yards, diesel locomotives, specially designed freight cars for easy loading and unloading and the increased mechanization of freight yards.

The spokesman for air freight, John C. Emery, president of the Emery Air Freight Corporation, New York, said:

"Each new form of transportation in turn — he railroad, the motor truck, the pipeline — has produced in time a revolution in industrial methods. So, in time, will air freight."

In addition to pointing out the value of air freight for emergency shipment, Emery said that "air freight today is the automatic answer where distance is involved."

The conference for 200 leaders in industrial transportation was sponsored at Kellogg Center by the MSU College of business and Public Service, the Michigan In-

dustrial Traffic League and other state and local traffic and transportation organizations.

Southern Hospitality — a la Kentuckians

HOPKINSVILLE, Ky. (U)—Jess Hunt, a 32-year-old truck driver from Francisco, Ind., can tell you about Southern hospitality, Kentucky style.

When Hunt's trailer-truck overturned on a curve of U.S. 41 near here, Kentuckians helped take off his load of watermelons so the truck could be righted. Ready to go again, Hunt rewarded his helpers with watermelons on the house. Then Hunt looked for his wife and young son who had been riding with him and escaped injury in the mishap. He found them at a nearby farmhouse where they had been fed and put to bed.

Hunt had to wake them up to resume his trip.

Walt Disney Presents
SONG OF THE SOUTH
TECHNICOLOR
Saturday Only—"Thunderbirds" and "Gunman"**Juvenile Expert Absolves Parents of Blame for Kids**By BOB THOMAS
HOLLYWOOD (AP)—An expert on juvenile delinquency today came to the defense of parents.

"The mothers and fathers are always getting the blame when their children get in trouble," said Sal Mineo. "I think that's wrong. Sure, some parents are responsible for delinquency because of neglect and poor upbringing. But more often it is the fault of the kids themselves. If a kid at 16 doesn't know the difference between what's right and what's wrong, there's something wrong with him."

Sal is 17 and an actor. He qualifies as an expert on juvenile delinquency because he is the most notable portrayal of delinquents in films and TV. He got his start in pictures playing Tony Curtis as a boy in "Six Bridges to Cross." That's the film in which Curtis pulled off a Brinks-like robbery. Sal got an Oscar nomination for his delin-

quent part in "Rebel Without a Cause" and is playing a trouble-maker in the current "Crime in the Streets" and "Somebody Up There Likes Me."

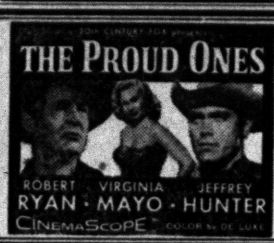

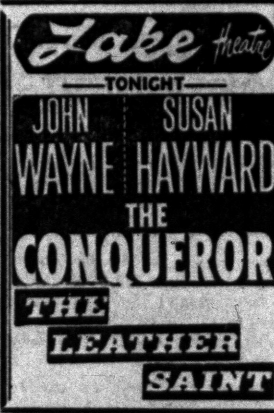

He did still another in "Dino" on TV, and he'll repeat the role in the film version, his next assignment.

Aside from his portrayals of delinquents, Sal draws knowledge of the problem from his boyhood in New York City.

"I didn't grow up in an especially tough neighborhood," he said. "My mother and father did, and they were determined that their children would be brought up in a better place."

"But neighborhood doesn't mean everything. I remember seeing a young kid who lived near us. He was groggy from drinking too much. Two days later he was ar-

rested for murder. Now he's serving out a life sentence. My point is that it's the kids themselves who are to blame most of the time. The parents have no way of knowing that their boys may be out with a bunch of tough guys getting into trouble. For instance, my mother wouldn't have known that I had gone out to a theater with 10 other guys and made a racket so that we were asked to leave. It was the kind of mischief that any kids might get into. But supposing it had been something worse. It would have been up to me to have the sense to stay out of it." Most kids get in trouble in a bid for recognition, Sal observed.
