

State Senate Passes Speed Limit Bill

Gift for Ike's Nurses

30-POUND TURKEY — Instead of sending a turkey to President Eisenhower, these 4-H Club members dispatched a 30-pounder "to the nurses who have been doing such a good job" in attending the President at Fitzsimons Hospital in Denver. The turkey, shown above, is packed at the Mid-Atlantic Farm Show by ten-year-old Patricia Wood, of Mays Landing, N. J., and Billy Brockett, 13, of Linwood, N. J.

Fund Campaign in Stretch Drive, 91.4 Per Cent In

Total Pushed Higher by Industrial Division Going Over Quota

The Pontiac Area United Fund drive raced into the home stretch today after yesterday's returns raised the total collected to \$514,070—91.4 per cent of the \$562,175 goal.

The Industrial Division swelled the total by going over its quota. Campaign leaders hope a continued rush of returns bring in the remaining 8.6 per cent needed before tonight's deadline.

A report and awards luncheon is set for noon tomorrow in the

Anyone Missed?

Although volunteer workers have been doing an excellent job, United Fund leaders feel many persons wishing to give have not been contacted because of the wide area included in the drive. All those who wish to contribute and have not been contacted are urged to phone Mrs. A. W. Gault at FE 5-5000 and a solicitor will be sent.

Elks' Temple on Orchard Lake avenue.

The 11 plants in the Pontiac Manufacturers' Assn. pledged 113 per cent of their quota. A portion of their contributions had been included in totals announced earlier.

Bell Telephone Co. employees gave \$5,647.40—37 per cent above last year. Bell District Manager E. J. Novak said, "This amount represents the combined gifts of members of CWA-CIO Local 4012 plus management employees and all other employees." The firm gave \$3,100.

Locomotive, 17 Cars Derailed Near Holly

The steam locomotive and 17 cars of a 70-car Grand Trunk Western Railroad freight were derailed today two miles west of Holly. No one was injured.

The engine and some of the cars were tipped over. Railroad officials said the derailment occurred just after the locomotive had rounded a curve but the cause was not immediately determined.

Several hundred feet of track were ripped up. Traffic from Detroit to Detroit was rerouted through Holly on Chesapeake and Ohio tracks while crane crews cleared the wreckage.

The derailed train was bound for Detroit from Flint with a load of auto parts.

Pigeons No Loophole

NEW YORK (INS)—Frank Carnelli said he was feeding the pigeons but police said he was throwing refuse into the streets. The police won and Carnelli was fined \$1 yesterday.

Arthur Fires Housekeeper

NEW YORK (INS)—TV-radio star Arthur Godfrey has fired his housekeeper.

Snow and High Winds Herald Coming of Winter

PREVIEW: THERE'LL BE MORE — First taste of winter weather howled into the Pontiac area last night, with a falling mercury and enough snow to whiten roofs and lawns. Scene above, at Menominee and Oneida Rds., is a preview of what's ahead. Below Ray Brasch, 4823 Dixie Hwy., is engaged in a familiar winter occupation.

First Snow Downs Lines, Brings Warning of Winter

Sharing in Southern Michigan's first real snow of the season, the Pontiac area today suffered from downed power and telephone lines and muddled roads.

Otherwise people suffered only from wet feet.

Police and Sheriff's Department reported that though driving conditions were bad, no serious accidents or traffic snarls occurred because of snow this morning and heavy rain last night.

Taft-Hartley Act Slated for Talk

Consumers Power company reported that three primary lines were downed between 5:30 a.m. and 6 a.m. this morning, leaving about 1,000 customers in the city without power.

Gordon Low, Electric Superintendent, said that service to all except 25 or 30 customers was resumed by 8 a.m.

Sheriff's deputies assisted when one of the lines was downed at Sashabaw Rd. and Woodmere in Waterford Township.

About 200 persons living along Hatchery road in the Township were without power in their homes when one of the power lines was downed.

Another 250 persons in the Greater Pontiac area were without telephone service because of some line Bell Telephone Company, working to restore the lines, expects (Continued on page 60, col. 6)

Axlrod Murder Jury Enters 3rd Day of Study

MINNEAPOLIS (INS)—The jury in the murder trial of Dr. A. Arnold Axlrod will begin its third day of deliberation today.

The jurors signaled the bailiffs outside the jury room at 9:15 o'clock last night that they had not reached a decision and went to a hotel for the night.

Dr. Axlrod, 50-year-old Minneapolis dentist, is charged with strangling Mrs. Mary Moonen, 21, on April 22 after she threatened "to tell the world" that he was the father of her unborn child.

Places Ceiling on Michigan's Southern Area

Measure Would Slow Drivers to 65 M.P.H. in Day, 55 at Night

By International News Service
The State Senate has passed and sent to the House a bill calling for a day and night speed limit in the southern half of the Lower Peninsula.

The 65-mile-an-hour daytime and 55 nighttime approved last night by a vote of 30 to 3, was restricted to the lower part of the state apparently because some northern senators insisted traffic north of Bay City is comparatively light. They said the limit was necessary only in heavily populated areas.

The dividing mark would be an imaginary line known as "town line 16" running from Lake Michigan north of Muskegon to Bay City and from Bayport to Harbor Beach in the Thumb area.

Other highway measures approved by the Senate provide:

1. Rigid tests for drivers when they renew their licenses every three years.
2. Drivers' training school that habitual offenders would be compelled to attend by court order.
3. An increase in the renewal cost of the drivers license from \$1.50 to \$3.
4. Issuance of new licenses only by local officials who have been certified by the state police commissioner as qualified examiners.
5. Creation of an accident research center at Michigan State University.

Meanwhile, the Senate passed and sent Houseward an emergency bill providing for \$1,075 beds for mentally retarded children as a stop-gap until new permanent hospitals can be built. It includes appropriations of \$282,000 to remodel the Ft. Custer Hospital, which would house 800 children.

However, the Senate action does not include purchase of the Children's Hospital at Farmington, as recommended by Gov. G. Mennen Williams.

Reports were that the House would insist on buying the Farmington institution, thus creating a deadlock between the two chambers.

The House got a bill that would provide \$13.5 million to increase the salaries of teachers and non-teaching school employees. It went beyond the outlay asked by the governor to give teachers a \$200 pay hike.

TB Sanatorium Purchase Out

'Absolutely No Chance' of State Acquiring It, Says Broomfield

There is "absolutely no chance" the state will buy the Oakland County Tuberculosis Sanatorium for conversion to house mentally retarded children, State Sen. William S. Broomfield (R-Royal Oak) said today.

"Our only hope to get immediate added space in the county is to lease the sanatorium's annex to the state," Broomfield declared.

He spoke following a lengthy Senate debate which saw eight emergency bills approved last night by the upper chamber.

Broomfield did tack on \$45,000 more to an original \$60,000 item for placing children in private hospitals under contract.

"If the House approves and Oakland County officials agree, this extra money could be used to lease the TB annex where about 75 youngsters could be housed immediately."

"Over 100 county mentally retarded youngsters have been committed for care, but remain in their homes for lack of institutional space."

Hopes the state would offer to buy the sanatorium and Farmington Children's Hospital "went down the drain last night," the lawmaker declared.

"Whether we get immediate space for Oakland patients all hinges on county officials offering to lease the annex," he added.

'La Bise' Sick List Grows

West May Demand Soviet Act on Germany Free Vote

GENEVA (INS)—The three Western foreign ministers were expected to demand that Russia's V. M. Molotov announce today whether the Soviet Union was ready to agree to free elections throughout Germany.

Molotov has shown no inclination that the Kremlin would accept such a move which would result in the liquidation of the Communist East German regime.

Bomber Crash Kills 2 Crewmen

Plane Rips Up Homes; Explosive Expert Probes Colorado Air Disaster

EAST MEADOW, N.Y. (U)—An Air Force bomber crashed in a thickly populated residential district yesterday, killing the two airmen aboard and causing heavy fire damage to one of a compact row of small homes.

Returning after a routine training flight, the pilot, Capt. Clayton S. Elwood, had radioed the Mitchell Air Force Base tower that he was having propeller trouble. Killed with Elwood, 39, was Staff Sgt. Charles R. Slater, 23.

Elwood lived in Fairfield, Conn., with his wife and young daughter. Slater lived at Camp Santini, a housing development for Mitchell Field personnel, with his wife and two sons.

The plane was about a mile and a half east of the field when it crashed in the front yard of a home owned by Paul Koroluck, a newspaper compositor who was at work. His wife, Susan, and their 2-year-old daughter were strolling homeward. They were not hurt.

LONGMONT, Colo. (U)—United Air Lines has hired an explosives expert to delve into circumstances surrounding the crash of one of its DC6Bs near here Tuesday night with the loss of 44 lives.

The air line said yesterday there was no connection between a strike of United's flight engineers and the crash.

A number of UAL flight engineers struck a week ago over a demand they be guaranteed assignment on any type aircraft the company might operate in the future. The line recently ordered some jet airliners, but the company contends it cannot commit itself on the staff of the new aircraft now.

College Girls Lose Man

BRONXVILLE, N. Y. (INS)—The girls at Sarah Lawrence College finally lost a man but they were glad to get rid of him. Nineteen terrified girls said the man was a burglar who took \$20 and two dresses from them yesterday, before fleeing.

Down 18 Per Cent in First Six Months

City's Crime Totals Show Big Drop for This Year

After a 12 per cent increase in Pontiac's crime rate in 1954, the city has dropped 18 per cent in the first six months of 1955.

Police Chief Herbert Straley reported the decrease today and added that there has been a four per cent increase in number of crimes cleared by arrests since 1954.

The figures cover the first six months of 1955, compared with the same period of 1954. There were 761 crimes reported to police last year, and only 634 this year.

In addition, 29 per cent of reported crimes were cleared by arrests in 1955, compared with 25 per cent last year.

Kiwana Annual Rummage Sale Now On! Doors open daily at 9 a.m. Plenty of parking space. Big stocks of clothing and shoes for the whole family. Furniture, appliances, jewelry, toys, baby sale daily. Open evenings, 128 W. Pike St.

CHIEF H. W. STRALEY

In 1954, the year's total reported crimes rose to an all-time high of 1,550. If the rate for the second six months of 1955 follows the first six months, there will be 1,248, a decrease of nearly 20 per cent.

And if this year's pattern follows last year's, chances of the record drop are good. Only 28 more crimes were reported in the last six months of 1954 than in the first six months—a negligible increase of less than four per cent.

From January 1 to June 1, 1954, police records showed three murders, two negligent manslaughter, six rapes, 15 cases of robbery, 36 cases of aggravated assault, 244 burglaries, 63 cases of grand larceny, 325 cases of petty larceny, and 73 auto thefts.

There were sharp drops this year in every category except rape, grand larceny and auto theft. There were no murders or negligent

manslaughters. Rape cases remained at six. Robberies dropped from 15 to five; aggravated assaults from 30 to 24.

Burglaries declined exactly 50 per cent, from 244 to 122. Petty larcenies fell from 325 to 317.

Auto thefts rose slightly from

73 to 75, and grand larcenies from 63 to 75.

All six rape cases this year were cleared by arrests, as were three of the five robberies. Twenty-three arrests were made in 24 cases of aggravated assault.

Sixty-six of 122 burglaries were cleared, and 50 of 75 auto thefts.

Weather in Arkansas

Not Even Fit for Ducks

LITTLE ROCK, Ark. (U)—The weather here yesterday wasn't fit for ducks.

Lightning downed two mallards. One was found with its feathers singed, dead. The other, dazed and bruised, was sent on its way with a State Game and Fish Commission band on its leg.

Tom Mull, educational director of the State Game and Fish Commission, said he'd never heard before of ducks being downed by lightning.

Nine arrests were made for 75 grand larcenies, and 22 for 317 petty larcenies.

Last year, all three murders and both negligent manslaughter were cleared by arrests. Five of the six rapes were also cleared.

Police also solved 8 of 15 robberies, 26 of 30 aggravated assaults, 70 of 244 burglaries, eight of 63 grand larcenies, 36 of 325 petty larcenies, and 36 of 73 auto thefts.

This year's big increases in cases solved came in auto thefts (16 per cent) and burglaries (25 per cent). The major decreases in crimes were 50 per cent in burglaries and 67 per cent in robberies.

Turnpike Head Hits New Bill

Higgins Opposes Move to Stop Gas Tax Use on North-South Roads

The Michigan Turnpike Authority chairman said today he "strongly opposes" a bill to stop the State Highway Department from using the recent 1 1/2-cent gas tax hike to improve about 12 north-south roads within 25 miles on either side of the proposed Rockwood-Saginaw toll road.

George N. Higgins said, "The authority had no knowledge of this bill and I would vote against it myself if I had the chance."

"We have been watching Ziegler's efforts to undermine the turnpike and know he has told a few legislators the Turnpike Authority is opposed to plans for the improvement of all of these north-south routes."

"This is not true. He showed them parts of our traffic and earnings report, in which so-called 'competitive' highways were listed on a traffic survey map, and led them to believe we opposed improvement of all of them."

"He forgot to show them another section of the report showing the small portion of traffic diverted to the turnpike from most of those routes."

"The financial success of the turnpike only requires that a parallel freeway, immediately adjacent to the turnpike route, not be built in the early years of the turnpike operation."

"It is true we will have trouble financing the Rockwood to Saginaw project if Ziegler insists on concentrating on a freeway immediately parallel to the proposed route. It is not true that we oppose other highway building within a 50 mile band."

"All that will be required for cooperation from the Highway Commissioner is that he inform these other routes in a proper manner, without forgetting western Michigan, northern Michigan, and the Upper Peninsula."

Wounded Man Accused of 'Obstructing Justice'

NEW YORK (INS)—John Caravella thought he had enough trouble when he was shot in the arm by bandits during a stag party.

But yesterday he was arraigned on a charge of conspiracy to obstruct justice because he and the other victims fled and failed to report the holdup.

Police Hunting 6 in Tot's Kidnap

Witnesses Say 2 Men, 4 Women Snatched Boy Near New York Store

EAST MEADOW, N.Y. (INS)—Four women and two men were hunted today as suspects in the kidnaping of the two-year-old son of an Air Force sergeant.

Two women told Nassau County police yesterday they saw the six persons, all Negroes, abduct the baby Monday. The names of the two informants were withheld by police.

Nassau Detective Chief Stuyvesant Pinnell assigned 100 detectives to the hunt for the suspects.

Pinnell said the witness related that she was sitting outside the supermarket when Stephen Damman was picked up by a man in the group and carried off.

Stephen's mother was shopping in the store when he disappeared.

The witness said that moments before the child was carried off, one of the women in the group stationed herself at the market door, as if acting as a lookout.

Another woman wheeled the carriage and all six rounded a nearby corner. The carriage later was found around that corner.

The witness said she assumed the six were domestics and that one of the group was employed at the child's home.

When informed of the new evidence Sgt. Jerry Damman, 26, broke down. He had hoped that the child would be found somewhere in the neighborhood.

The Day in Birmingham

Torch Drive Fund Now \$57,000 Under '55 Quota

BIRMINGHAM — Spelling the difference between success or failure for Birmingham, Bloomfield and Franklin Torch Drive volunteers are eight days and \$57,000.

They have that much time to collect that much money if they are to reach the area quota in the 1935 Detroit United Foundation campaign, aiding 150 community agencies.

It was estimated by Irving B. Babcock, general chairman, that slightly over \$143,000 would be tallied by this morning. "Judging from past experience, the 1935 drive is slightly behind schedule, and the final week is always the question mark," he said.

"After 16 days of effort, the volunteers have reported about 71 per cent of the \$200,000 quota. That means," said Babcock, "we've passed the three-quarter mark in the campaign without quite three-quarters of our goal achieved."

DOUBLE GIFTS

Mrs. J. Rowland Quinn, campaign director, urged all volunteers to turn in reports promptly and said high points in the local drive include "tremendous support in the schools." Vaughan, Wing Lake and Bloomfield Hills High School have registered 100 per cent teacher contribution participation, she noted.

Vaughan's final report was nearly eight times greater than last year, she said, and city employees more than doubled their gifts. Another 100 per cent participation record was shown by Dearborn Motors Credit Corp. and Detroit Wabek Bank and Trust Co.

Mrs. Quinn said the biggest business total, \$18,484, was turned in by MacManus, John & Adams, who took that same honor last year.

A business meeting will follow tonight's 6:30 Business Women's Club dinner at the Community House.

Mrs. David D. Baker of New York city, editor of the magazine, "The Church Woman," will speak at tomorrow's World Community Day program, again sponsored by local United Church Women.

Mrs. Baker will talk on "Building Lasting Peace" at 10 a.m. at the Congregational Church on North Woodward avenue, with all women in the area urged to attend.

Mrs. Newell Allen, president, who recently heard Mrs. Baker lecture, commented that "She is a very forceful speaker and we are fortunate in having her."

Contributions of clothing, money or materials will aid volunteers in Greece, Austria, Korea and Japan. Cash contributions will buy seed, household equipment and clothing, and a spokesman said they will be especially grateful for children's or men's used wearing apparel.

Cochairmen of tomorrow's Harvest Dinner at Embury Methodist Church, open to the public, will be Mrs. Lee Weiden and Mrs. Roy Smith. The roast beef meal will be served from 6 to 7:30 p.m. and tickets may still be secured from Mrs. William Lomas.

"We have just let the general contract to Liev' Larson of Detroit," said Carl Barton yesterday with reference to the four new stores which will be erected on his East Maple property near Hunter and immediately west of the Kroger store.

Work will begin immediately, he said, and the stores leased in time for a probable February opening date. Other contracts went to Lloyd S. Thornton & Co., local plumbing contractor, and to Duwette & Heckinger, who will handle electrical installations.

Boys and girls must register and

pay their enrollment fee at Hill School by tomorrow for the Recreation Board's advanced swimming classes, which will be from 9 to 9:30 a.m., starting this Saturday and continuing through Christmas. Eligibility requires each student to be able to swim the length of Barnum pool 2 1/2 times.

Vets to Split Dividends

WASHINGTON (INS)—Nearly 5 1/2 million World War I and World War II veterans will split about 219 million dollars in government life insurance dividends next year.

Troy Woman Injured in Telegraph Collision

BLOOMFIELD TOWNSHIP — A Troy Township woman was treated at St. Joseph Mercy Hospital, Pontiac, following a two car collision on Telegraph at Fairfax Road yesterday.

Mrs. Pauline C. Parks, 52, of 5240 Crooks Rd., suffered knee and mouth injuries when, according to police, she did not see the car ahead of her waiting to make

a left hand turn, in time to avoid the collision. Driver of the other auto was Pasquale L. Cairo, 29, of 864 Fairfax.

Ex-Bar President Dies

BATTLE CREEK (INS)—Burritt Hamilton, 86, former president of the Michigan State Bar, died Wednesday at a Battle Creek rest home which he entered two days earlier. Hamilton, who practiced law 64 years after graduating from the University of Michigan, was author of the Michigan corporation code.

MRS. CLAIRE RAUTHE

London Lecturer Will Speak Tonight

Mrs. Claire Rauthe of London, England, will give a public lecture tonight at 8 o'clock in the First Church of Christ Scientist, 164 W. Lawrence St.

She will speak on "Christian Science, the Revelation of Spiritual Healing."

Mrs. Rauthe has lectured to audiences in Europe and the United States as a member of the Christian Science Board of Lectureship. Of Swedish origin, she lived in Riga, Latvia, for many years later moving to London where she has been working in the public practice of Christian Science healing since 1920.

1 Dead, 32 Injured as Bus Crashes Truck

CHARLOTTE, N.C. (INS)—A chartered bus loaded with student nurses from Charlotte crashed into a truck 15 miles north of here early this morning. One nurse was killed and 32 were injured. Some of those hurt are in critical condition.

The dead nurse was identified as Clara Jean Dillingham, 19, of Rte. 2, Weaverville, N.C. The bus was demolished.

Ambulances took the injured to hospitals in Concord, 7 miles north of the accident scene, and in Charlotte.

The nurses were aboard an Atlantic Greyhound bus returning to Charlotte from Winston-Salem, N.C., where they had attended the convention of the North Carolina Nurses Assn.

Highway patrolman W. A. Nichols said the bus was traveling about 35 miles an hour when it rammed into the stalled tractor-trailer truck.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

AMERICAN FOLK LORE—
Tufty Top—A Farm Legend

You know what a scarecrow is — the straw man standing in the fields wearing a ragged suit, battered hat and big shapeless gloves. His job is to stand guard on the farm and wave his arms at the passing crows who want to sweep down into the corn rows and carry away the freshly planted grain.

When the last crops are in and it is Harvest Home Time, Tufty Top — as the scarecrow is sometimes called — is more ragged than ever.

The tale is told that this is the time the tall fellow hops down from his supporting pole, fishes a pipe out of a ragged pocket, sticks it in his mouth and begins to puff. Then, by the light of the moon, he capers and dances about the empty fields until dawn.

Next morning he is standing in his usual place, his rags flopping in the autumn wind.

Paste this picture on cereal box cardboard. Cut out the separate parts and put them together with brass fasteners or bent pins. Then you can bend him into all sorts of funny poses. Cut a slit in his mouth and insert the pipe. How do you like Mr. Tufty Top now?

Junior Editors pays \$10 for any reader's idea that is used. Write your suggestion to "Junior Editors" in care of this newspaper; it cannot be acknowledged or returned.

'Lousy' Package Causes Air Force Brass Mixup

SOUTHAMPTON, Eng. (INS)—Trouble with these blinkin' Americans is they don't understand their own blinkin' language. Southampton dock workers re-

fused to unload a shipment of equipment for the U.S. Air Force because the packing was "lousy." The complaint was relayed to Air Force headquarters, which sent a veterinarian with packages of insect powder to the astonished dock workers.

Michigan Tech Honors Former College Leader

HOUGHTON (U)—Michigan Tech has renamed one of its largest classroom and laboratory buildings in honor of the late Dr. William O. Hotchkiss, a former president

of the college. The building, previously known as "East Engineering," was re-dedicated as Hotchkiss Engineering building. It was built in 1931, while Dr. Hotchkiss was president and it houses the mechanical, electrical, civil, history and geography departments.

Thieves Get the Gate

PETERSBURG, Va. (U)—No more will visitors to historic Blandford cemetery open the old iron gate which has stood guard for more than a hundred years. That is, unless junk yards yield the gate — which thieves stole.

A DOLL FOR PAT NIXON—Mrs. Richard M. Nixon, right, wife of the vice president, is presented with a Fuji-Musume-wisteria doll—at her Washington home. The doll is dressed in traditional costume worn by Japanese dancers when they perform the famous wisteria dance. At left is stewardess Kimie Shinkawa of Japan Air Lines, who, with other stewardesses, gave Mrs. Nixon the doll. They were in the capital to open the line's district office.

Dem Candidate Has Farm Date

Nominee to Speak at Plowing Contest Next September; Invite GOP

NEWTON, Iowa (U) — One of the major farm speeches of the 1956 Democratic candidate for the presidency has already been set up.

It will be at the National Field Days and National Plowing Matches to be held near Newton Sept. 20-22 next year.

The Republican Party also has been invited to send its 1956 nominee and prospects are good for an acceptance.

The word came today from J. Merrill Anderson, Newton, Chairman of the 1956 Field Days and National Plowing Matches.

The event annually draws

crowd of 100,000 or more. In 1952 President Eisenhower and Adlai Stevenson, the Democrat nominee, both made major farm speeches at the National Plowing Match at Kasson, Minn. In 1948 President Truman addressed the event at Dexter, Iowa.

Anderson said he had received definite confirmation from Jake More, Iowa Democratic chairman, that the Democratic nominee will be scheduled for the event with a definite day and time to be fixed as soon as the national convention is over. The plowing match itself will be held Saturday, Sept. 22, 1956.

Don Pierson, Iowa Republican chairman, said he has talked to National GOP Chairman Leonard Hall about the Republican candidate's appearance and expects confirmation soon.

Identical invitations were sent to both major political parties.

About 30 Indian tribes live on 27 Oklahoma reservations.

Detroit Polio Cut in Half

DETROIT (U) — Polio cases reported in Detroit in the first 10 months of the year were less than half the number reported in the similar 1954 period. Dr. Joseph G. Molner, health commissioner, reported Tuesday. Through Oct. 30

there were 246 cases and three deaths reported to the Health Department, he said.

The total compares with 503 cases and 23 deaths for the same period last year. Twenty-one per cent of the 1955 victims suffered paralysis, Dr. Molner said.

Nocturnal Thieves Steal \$25,000 Worth of Coffee

DETROIT (U) — If they can find somewhere to hide it, the habits of Detroit's underworld should have enough coffee on hand to supply them with hot java this

winter — and for several more to come.

Thieves stole a truck-trailer from a cartage firm's loading dock last night. It contained 1,000 cases of instant and ground coffee valued at \$25,000.

Clerk Heads Committee

GRAND RAPIDS (U) — City Clerk R. Stanton Kilpatrick has been appointed to his fourth term as chairman of the Michigan Municipal League elections committee.

Bob Considine Says:

Now the World Knows 'Dave Is a---nsdfgb'

NEW YORK (INS) — Lovers of good prose, poetry fans, psychologists, psychiatrists, collectors of Rabelaisian phrasing and bad spelling, and ordinary busy-bodies have discovered a new outdoor library at 560 Fifth Ave. in this here city now.

This is the address of the Olivetti people, the Italian business machine and typewriter company that has made a bold and colorful invasion of the American market.

Mounted on a graceful green marble column, outside the show windows, is one of those light little Olivetti portables. It is exposed at waist-height to tens of thousands of daily passersby. An astounding number of people pause to tap out the thoughts, loves and rages possessing them at the moment.

First order of business around the Olivetti place each morning is to put the portable out and roll a fresh piece of paper into it. The man from Olivetti then disappears into his den of marble, poised machines and what-not, and the public takes over.

By some alchemy I haven't cracked he then learns when the paper has been filled. He quickly slips out, harvests the sometimes demented words, rolls in a fresh bit of paper and scurries off with the filled sheet to an officer of the company who will not say just what he is going to do with this strange crop.

THE BIG HEIST

I hope Signor Olivetti will pardon me, if it is indeed he who harbors this cache, but I stole the 11 a.m. sheet yesterday. Just walked up to the machine, pushed aside a poet who was looking heavenward in search of a time iambic, tore the paper out of the machine and headed north in a 1923 Pierce Arrow with drawn blinds and muffled oars.

I didn't trust myself to look at the sheet until we passed Yonkers. Then I ordered the foot-pad at the wheel to turn into De Russy's lane, and slowly scanned the page. Here goes, and please Mr. Printer, let it run as the peepul wrote it:

"Bernard Strauss, Brooklyn. Love is a many splendored thing. In the morning mist two lovers' kissed and the world stood still. Love is nature's way of giving. Today is sort of windy and cool but I like it fine. Do you like this cool weather? Oop's I spelled weather wrong!"

Above this tender thought was, "Now is the time for all good men to come to the aid for te for the firsttime is has never been its too late now." Might be at that.

On the other side of the sheet a girl named Madeline had tapped out her name and given her address as "000 Nothing Street, West Pacific Ocean." Then she wrote, "Now is the tie for allgi." Discouraged, she shifted gears into the red portion of the portable's ribbon and began "No is ty..." and apparently returned home. She may well have been a mermaid.

CONSCIENCE BURNS

A person who dozed through typing classes in school must have been struck with the knot of conscience. He or she wrote passionately:

"I wish to egin to practice all o er again wh ch means that I hav to start from the very beginning and practice exercises and all the very fir t things to require ac curacy my typing has been a farce, because I didn't c ncentrate on ac curacy instead of speed. This machine orks very good but I need a lot more practice in order to become half way decent in myMr. & Mrs John J.S. Adigadididur T."

One sensed a lost romance elsewhere on the page. Lost romance and maybe not a client parting:

Pooch Is a Big Help

RICHMOND, Va. — Dr. J.P. McDonough, a veterinarian, may be considering a course of treatment to make his own dog, Buffle, a bit more alert. Buffle sneezed soundly in the McDonough kitchen while four armed men broke in the house, roused McDonough and his wife and made off with cash, jewelry and four pistols.

And That's No Bull

BRADLEY, W.Va. — Mrs. Ruby Wilities, a nurse, spotted a doe in labor, and in the same field a Brahma bull coming on the run. Grabbing a board, the nurse fended off the bull until help arrived. The doe delivered two fawns.

"Dave is a nsdfgb xcvbbuggh."

Dave, himself, may have stepped out of the faceless torrent of human beings a moment later. For the next line reads:

"Nacy Joan jfff tuffut tuff." Which would seem to take care of Nancy to the missing 'nth degree.

They say New York is full of

hicks. Maybe the provincial strain is indeed strong. Someone wrote, "Now is the time for all good men to come to the aid of their county."

Jokes? Plenty. One that can be printed, but hardly understood.

reads "So your wife engaged your new secretary, is she blond or brunette? Neither. He is bald."

Don't miss it. New show every hour.

Twitchy Chief Gives Speech From Ant Hill

SAN DIEGO, Calif. — Police Chief Elmer Jansen never made so many gestures during a speech before.

He was standing under a hot sun before a microphone at the police range speaking prior to issuing

certificates to 51 police recruits who had finished their training.

He began swatting at his legs with his speech script. Then he batted his arms. Then his neck. His shoulder started itching. Finally he finished his talk and sat down.

Then he discovered he had been standing on top of a good sized ant hill.

Synthetic rubber plants built in the United States in World War II were capable of producing upwards of one million tons of rubber per year.

DANA P. WHITMER

Synagogue Speaker Is Dr. D. P. Whitmer

Friday at 8:30 p.m., Congregation B'nai Israel, 143 Oneida Rd., will hold the first of its monthly Ongei Shabbat evening services which are devoted to the entire family.

In addition to the special program of liturgical and Israeli folk songs, the congregation has invited Dr. Dana P. Whitmer, superintendent of the Pontiac School System, to speak on "The Child—The Responsibility of Parents and Teachers."

Following the service conducted by Rabbi Henry Hoschander, assisted by Joanne Walker and Jacqueline Levine of Farmington, refreshments will be served. Hostesses for the evening will be Mrs. Abe Tauber and Mrs. Ben Smith.

Flyer Cochran Seeks GOP Congress Post

RIVERSIDE, Calif. (U)—Aviatrix Jacqueline Cochran Odium, wife of financier Floyd Odium, will seek the Republican nomination for Congress from the 29th District next year.

Mrs. Odium authorized friends to announce her candidacy yesterday. She will seek the post now held by Rep. John Phillips of Banning, Republican, who announced last week he will not seek another term. He has served since 1942.

The 29th District comprises Riverside and Imperial Counties.

Drinking Test Losers Pay With Their Lives

MANILA (U)—It was All Saints' Day.

In the Tubod village store south of Manila, Nivauio Hernandez ran into the Aure brothers, Valencio, 24, and Ciracio, 20. An old feud flared anew.

They agreed to settle it by a drinking bout — the stake, their lives.

The drink was rum. In time, the Aure brothers slumped to the floor.

Then, witnesses said, Hernandez shot Valencio dead, stabbed Ciracio to death, and escaped.

Motorists Save Girl

FRANKFORT, Ky. (U)—A four-year-old girl owes her life today to two quick-acting motorists.

State Police said yesterday when Linda Louise Rodgers fell into the 18-foot well at her nearby home, her mother hailed Charles Oliver and Juett Tackett. Oliver lowered Tackett into the well, where he pulled the unconscious child from the water. Then Oliver revived her with artificial respiration.

Mother Awaits Shooting Inquest

Texas Brunette Notifies Police She Shot Spouse to Save Daughter

KINGSVILLE, Tex. (AP)—A striking brunette who declared she killed her husband because he threatened to shoot her 5-year-old daughter and burn the body, awaited a preliminary hearing today.

She was Mrs. Canales Worden, 42, San Antonio, recently divorced from a Texas millionaire oilman-cattleman.

Texas rangers and other officers said she related that she dragged the body of Don Worden, 45, into the grave he had forced her to dig, then kept vigil the remainder of the day and all night.

TOLD THE RANGERS

She hunted up a Texas ranger, Zeno Smith, to tell her story. Smith, other rangers and Kingsville and San Antonio local officers said she told them: "She was divorced from President Canales, 52, of Premont, Tex., Aug. 3.

Already she and Worden had visited Bend, Ore., and bought an \$87,000 motel there, making a down payment of \$45,000.

About a month ago they were married, she first related. Then she said perhaps the marriage wasn't legal.

Between the time they met — he showed her and Canales a \$40,000 San Antonio home which they bought — he got \$90,000 cash, a \$45,000 home and jewelry from her.

Oct. 22, he suggested a fishing trip to Padre Island. At an isolated spot, he produced a spade and at pistol point forced her to dig a grave.

REPORTS VARY

At this point, reports of officers vary somewhat.

Most reported he then announced he was going to kill Maria Teresa, 5, burn the body with some kerosene he had purchased en route, and bury whatever didn't burn.

The child screamed and ran. Worden turned to catch her and Mrs. Worden, an expert huntswoman, grabbed a second pistol from his belt and shot him. He fell to his knees and she shot him again. Then she dragged the body into the grave and covered it.

Bexar County (San Antonio) Chief Criminal Investigator Oscar Warnke said she told him Worden forced her to sign a will in his favor at the graveside, then announced he was going to kill both his wife and her daughter.

The morning after the shooting she drove to San Antonio, stopping en route to bury both pistols. Officers later recovered them.

The body was found last Saturday by two fishermen and was not identified until Mrs. Worden told her story.

Warnke said he found correspondence at the Worden home indicating Worden had taken out insurance on the child naming himself as beneficiary. He also quoted Mrs. Worden as saying Worden had asked her to make him the beneficiary of life insurance policies on her and her three children. In the divorce, she gained custody of the daughter, while Canales was awarded custody of two sons.

'Bandits' Broken Up

COVINGTON, Ky. (AP)—The last of 666 slot machines, valued at \$200,000, was reduced to rubble yesterday and sold to a scrap dealer for \$832.50. City jail prisoners hammered the machines into junk after a court ordered them destroyed as gambling devices. The prisoners found \$85.54 inside the "one-armed bandits."

HOOPLA — A costumed Bavarian girl, hoop skirt swirling in the breeze, yaltzes down Munich, Germany, street at annual beer frolic, known as the Oktober Festival.

Crofoot Playground Plan Explained by Co-ordinator

A plan for providing a hard-surfaced, all-weather, play and parking area on the Crofoot School grounds, approved last Sunday by the Pontiac Board of Education, was explained in detail today by Dr. Otto C. Hutziger, building co-ordinator.

A 112-by-290 foot area next to the school's retaining wall will be surfaced with asphalt and double gates put in leading from West Huron and Washington streets. The surfaced area will hold 92 cars for public parking during evening school activities. "If the weather's right and more space is needed we could let cars park off the surfaced area," said Hutziger. (Only about a third of the playground area will be asphalted.) This would allow 225 to 250 cars in the whole area.

The asphalt will be lined to include four standard-size basketball courts and four elementary courts plus six volleyball courts and eight badminton courts. Some of them will overlap. Both Crofoot

3 Ex-Cell-O Plants Settle Local Issues

DETROIT (AP)—Local issues have been resolved between the Ex-Cell-O Corp. and the CIO United Auto Workers at Traverse City and Lima and Fostoria, Ohio, the Federal Labor Conciliation Service announced last night.

But a walkout of 3,200 UAW members at the company's Detroit plant continued today. The company and union reached a national agreement Oct. 14. It was reported to carry a layoff pay plan similar to that signed in recent months by the big three in the auto industry—General Motors, Ford and Chrysler.

However, the strike at the four plants continued pending settlement of local issues. The general walkout began Sept. 13 over a union demand for a contract clause covering work transferring from the plants.

Workers at the two Ohio plants are to vote on ratification today. Neither company nor union would comment on proposed wage rates.

Big Brother Organization Opening Offices Locally

An organization designed to aid and guide troubled boys has opened its first office at 15½ W. Lawrence St. here.

The Big Brother of Oakland County, Inc., raised money in a campaign last summer to hire William L. Clark as executive director and rent the office, said president Jack P. White, of Birmingham.

Clark will work on a part time basis for the time being. He will be available at the office Tuesday and Thursday evenings plus Saturday afternoons. Clark, an experienced counselor and social worker, is employed regularly by the Family Service of Oakland County. "We expect Clark to provide direction to what has been a concentrated, but not fully coordinated effort by our volunteer group," White explained.

The organization hopes to recruit more men "with common sense and a big heart who will take over

the guidance of a troubled youth by becoming that boy's friend," he added.

Men interested in the work are asked to call Clark at FE 5-9974.

Indict Five Los Angeles Policemen for Burglary

LOS ANGELES (AP)—The county grand jury has indicted five west Los Angeles policemen on burglary charges.

Indicted were Lester M. Friday, 31, Encino; Charles H. Farnell, 32, El Segundo; Charles F. Brock, 31, Los Angeles; Elmer Bolsters, 30, Woodland Hills; and Frank Grossman, 32, Canoga Park. All are patrolmen except Grossman, a member of the vice squad.

They were arrested last Wednesday. Officers said thousands of dollars worth of articles were seized from them, including power mowers, cameras, movie projectors and sports clothes.

Albino Squirrel Has Owners Up a Tree

LOUISVILLE, Ky. (AP)—A rare snow-white female squirrel has Albert Britt up a tree. He doesn't know what to name her.

"My wife is trying to name it 'Snowball,' like a cat or something," Britt said with a bit of scorn.

While the Britt's are trying to settle on a name, the bushy-tailed albino is living it up in a bird cage, dining on bread and nuts. She is released occasionally for a romp around the room with her master.

The white squirrel literally fell into this good fortune about five weeks ago. Britt was hunting when the animal, then a baby, fell from a tree.

He plans to keep her, reasoning she wouldn't survive long in the wilds with her tameness and conspicuous coat.

Doorbell Saves Family From Burning Home

HUNTINGTON, W. Va. (AP)—Mr. and Mrs. David L. Francis and their three children, 18 months to eight years old, escaped from their burning home early yesterday, thanks to a freak short circuit which caused the door bell to ring and awaken them.

A faulty transformer was blamed for the blaze which caused damage estimated at "thousands of dollars."

Pontiac's Junior Achievement Firms Announce Names of New Presidents

Pontiac's 13 Junior Achievement firms today announced names of their newly selected presidents and their new "product lines" for 1955-56.

More than 200 Pontiac area teenagers are in JA this year, operating their firms at the organization's business center at 53 N. Mill St. Each of the JA firms will be in business from now until mid-May.

The Achievers go through the cycle of founding, operating and finally liquidating their own corporations. Their sponsors provide volunteer executives who meet with JA members weekly and advise them in problems of management, production and sales.

Pontiac presidents, their companies, products and sponsors are: Charles Phipps, 18, of 118 Center, president, Novelty Wire Co., makers of wire products; sponsor, Pontiac Motor Division.

Gerald Erickson, 16, of 47 Osceola, president, Future Business Industries, makers of Christmas decorations; sponsor, Fisher Body Division.

Fred Sechanski, 16, of 56 Edward, president, Fracto Products, makers of sprinkling cans; sponsor, Progressive Welding Sales Co.

James Mason, 17, of 646 Homestead Dr., president, Jacoma Products, jewelry manufacturers; sponsor, Community National Bank of Pontiac.

Michael Kopsick, 17, of 2676 Lart Ct., president, Deco Products, makers of memo pads; sponsor, Detroit Edison Co.

Thomas Harding, 16, of 985 Myrtle, president, Postaba Co., makers of Christmas door chimes; sponsor, Pontiac State Bank.

Douglas Turek, 16, of 6 Church, president, Sterling Enterprises, jewelry manufacturers; sponsor, Michigan Bell Telephone Co.

Bill Totten, 18, of 149 Parkdale, president, Jac-Crafters, makers of wooden stools; sponsor, Standard Oil Co. of Indiana.

Fred West, 17, of 50 Clark, president, Pontiac Ivy Planters, makers of planter boxes; sponsor, Pontiac Motor Div.

Dave Jones, 16, of 43 Crawford, president, JA Enterprises, makers

of chopping blocks; sponsor, GMTC Div., General Motors Corp. C. G. Turner, 17, of 55 Neome, president, Co-Pro-Made Products, makers of Christmas door chimes; sponsor, Consumer Power Co.

Daniel L. Stark, 17, of 732 Monticello, president, P.X. Products Co., makers of childrens benches and stools; sponsor, Pontiac Exchange Club.

Brant Cotterman, 17, of 432 W. Iroquois, president, Jarota Co., makers of bud vases; sponsor, Rotary Club of Pontiac.

JA firms are financed in their operations through the sale of stock, at 50 cents a share. Investors will receive stockholders reports when the companies end operations in May, and successful JA firms will also issue dividends to their investors.

In southeastern Michigan more than 6,000 boys and girls are operating a record number of 277 corporations of their own through the JA program.

Hours of work are saved by getting freshly squeezed orange juice in quart containers.

UM Makes Bid for Safety Job

Asks Legislature to Foot Bill for Expanded Road Research Work

ANN ARBOR (U.P.)—The University of Michigan, describing itself as "eminently qualified" to handle the job has asked the Legislature to finance stepped-up research in highway safety and traffic control.

In a 20-page booklet released by the Engineering College Transportation Institute, the university said "common sense" dictates that the Legislature utilize its unique resources fully in solving transportation problems.

The Legislature now has before it a proposal to establish a traffic safety center at Michigan State University at a cost of \$311,000 for the first year of operation.

The proposal is part of Gov. Williams' broad program of highway safety.

The institute's booklet indicated clearly the university feels it is

better equipped to carry on research in highway safety than Michigan State.

"At no other university does there exist a superior facility for study, research and public service in the field of traffic and transportation," the booklet said.

"Other educational groups can play similar roles in the areas in which they are genuinely qualified," the institute said.

Dies an Odd Death

RICHMOND, Ky. (U.P.)—An Eastern Kentucky State College student, working on a float for the school's homecoming program Saturday, fell in the dark and drowned in a one-foot-deep creek last night. The body of Byron Brooks Hall, 20, Brookhead, was found in Dreaming Creek near the rear entrance of a garage where he had been working. Corner Jack Turpin said a mark on the youth's head indicated he was knocked unconscious when he fell.

Worker Injured

LOUISVILLE, Ky. (U.P.)—Cris Damron, 62, was injured seriously yesterday when thrown from a city work truck while helping deliver equipment for a school safety demonstration.

CHANGES MADE—This is the Peggy King you've seen on TV. Now there's a "new" one singing on comic George Gobel's TV show. Peggy's on a glamor kick and has taken off 10 pounds, had two front teeth capped and lightened her hair.

A meadow mouse consumes its own weight in food every 24 hours.

Consider the Poor Mailmen

Summerfield Gives Hints to Ease Christmas Rush

WASHINGTON (U.P.)—Chief Mailman Arthur E. Summerfield is offering a set of tips on how to mail your Christmas packages.

And he topped his advice with a "shop early-mail early" plea.

The Postmaster General says he expects to see the largest Christmas mail load in history this year. He announced last night that the nation's railroads have joined the department in the annual drive for early mailing, to promote speedier deliveries, through use of railroad station loud speakers, and through inclusion of this theme in railroad advertising copy and on dining car menus.

Postmasters throughout the country have been asked to work with their local newspapers and broadcasting outlets to push the idea.

Summerfield noted that all post-offices are giving free on request an illustrated pamphlet titled "packaging and wrapping and

parcels for mailing." He said that right packing, right wrapping and right addressing are the three keys to easy and trouble-free Christmas mail.

He offered these suggestions:

1. Don't use flimsy, light cardboard and paper boxes for your Christmas mailings.
 2. Pick strong containers in good condition, of a size appropriate to the contents. Use cushioning material of two or more inches around your gift.
 3. Wrap the package properly, preferably in heavy brown paper, and tie with strong twine.
 4. Don't mark the wrapping with unnecessary wording such as "do not delay," or "rush."
 5. Address plainly and properly, using postal zone numbers whenever possible, with return information in the upper left hand corner.
- Summerfield noted that as a general rule, firearms, ligors, poisons, explosives and animals are taboo in the mails.
- He suggested that valuable items be registered.

MAKE OVER PATES

Almonds, Butter Glorify Shrimp

The modern shelling and deveining by machines of a high percentage of canned and frozen shrimp takes a lot of kitchen labor out of home shrimp preparation. Those tender shrimp are far more welcome with shells off and that black digestive line down the back gone.

Here is a wonderful way to serve them:

Shrimp Amantine
 1/2 pound butter
 1 cup blanched sliced almonds
 2 boxes frozen fully-peeled, deveined shrimp
 Salt and pepper
 2 tablespoons minced parsley

Melt half the butter in a table-worthy skillet (a pretty one if you have it). Add almonds and sauté over medium heat until a golden brown. Remove almonds. Add remaining butter, then the shrimp.

Fry gently 8 to 10 minutes, turning them over and over until each is golden brown. Season lightly. Return almonds and mix well with shrimp. Sprinkle with parsley and serve hot over toast points.

Butter with the almonds makes the "sauce" for the shrimp. (Margarine may be used.)

SHRIMP DELUXE — Shrimp cooked with almonds is a kitchen triumph which would suit a gourmet. For easiest fixing use the frozen, peeled and deveined shrimp. Serve this elegant seafood dish over toast points.

Mushroom Pork Crown Sure to Win 'Rah-Rahs'

According to the U. S. Department of Agriculture, pork and rice are two plentiful foods for the autumn months. Combine them

with the hearty appetites stimulated by an afternoon of football and you have the answer to Saturday evening's dinner menu.

Here's a new idea for dressing up the succulent crown roast of pork with appropriate crown jewels — canned mushrooms, of course!

The Spanish Rice mixture that fills the center is also right off the pantry shelf, guaranteeing a hearty centerpiece that's sure to please the hungry grandstand quarterbacks in the family. Just add a green salad, dessert and beverage and let the team line up around the table!

Mushroom Pork Crown
 1/2 cup butter or margarine
 1/2 green pepper, diced
 1 medium onion, sliced
 1 5-ounce package pre-cooked rice
 1 4-ounce can mushrooms, buttons or slices, drained
 Juice drained from mushrooms plus enough hot water to make 1 1/4 cups of liquid
 2 8-ounce cans tomato sauce
 1 teaspoon salt
 Dash pepper
 1 teaspoon prepared mustard
 1 or 2 pound crown roast of pork (ask butcher to grind meat from center)
 Melt butter in saucepan. Add green pepper, onion and rice. Cook and stir over high heat until lightly browned. Add mushrooms, liquid mixture, tomato sauce, salt, pepper and mustard. Mix well. Bring quickly to a boil. Cover tightly and simmer 10 minutes.

Remove ground meat from center of crown roast. Crumble into rice mixture. Place roast in baking pan and return rice mixture to center of crown. Cover top of crown with sheet of aluminum foil.

Bake in 350 degree oven for about four hours — allowing 30-35 minutes per pound. Makes 10 servings.

Racy Hamburgers Highly Seasoned

Hamburgers with high seasoning are fun for a change!

Racy Hamburgers
 2 small onions
 1/2 teaspoon salt
 1/2 teaspoon dry mustard
 Pepper
 1 pound ground chuck beef
 2 tablespoons butter or margarine
 Peel onions; on waxed paper, grate onions fine; there should be about 3 tablespoons pulp and juice. Add salt, mustard and pepper to taste to onion; mix well.

Work onion mixture into ground beef with fork or fingers; shape into four patties.

Melt butter in 9-inch skillet until it begins to hiss. Add hamburgers and brown each side over high heat.

If meat is liked pink inside or well-done, turn heat low and finish cooking to desired doneness, turning to cook evenly. Makes four servings.

Try Fruit and Custard

Ever serve sliced bananas and diced oranges with a soft custard? Flavor the custard with just a suspicion of nutmeg or mace.

PROCTER & GAMBLE

'High Fever Follies' Captures Glitter of Broadway

Dr. Normand E. Durocher of Old Orchard drive escorted his daughter, Nancy, to the opening performance of "High Fever Follies" Wednesday night at Pontiac High School. Mrs. Durocher was a member of the cast as well as a behind-the-scenes worker. Escorting them is head usher Nathan Rosen of Mark avenue.

Photographed as they arrived to see "High Fever Follies" were Mr. and Mrs. Charles E. Yaeger of Wisner street. Mr. Yaeger is a member of the board of Pontiac General Hospital.

'Heat Wave' Hits Pontiac Wednesday

Local Talent Wins Warm Praise for Superb Show

In spite of Wednesday evening's falling temperature, the tempo continued to climb at the "High Fever Follies of '55" on opening night.

Directed by Gregg Mooney, a New York producer, the cast of all local talent responded to the enthusiasm and expectations of the audience by presenting a superb performance.

Wearing colorful costumes, some of which were originals from the Broadway production of "Rio Rita," inspired the chorus. The ensembles gave cast members an incentive to display the finesse of Broadway performers and imaginatively carried the audience to an opening night on the Great White Way.

"A Little March Time" received a large ovation from the responsive audience. The band was composed of several members of the medical profession and businessmen of the city. Keeping step to their lively numbers was the baton twirler.

A take-off on a bridal shower, enacted by an all-male cast, kept the audience chuckling. The usual greetings, conversation and remarks of the guests delighted their listeners.

QUEEN PRESENTED

The gossipy operator of "Sun-shore Inn" starred as commentator for a fashion preview. This was climaxed by a solo number and the presentation of the Queen of the "High Fever Follies."

A highlight of the evening was the announcement of the queen. Winner of the title was Margaret Mitchell, representing General Motors Girls' Club.

The president of the Auxiliary to Pontiac General Hospital, Mrs. P. Eugene Miller, presented Miss Mitchell with a \$50 bond. This was turned back to the auxiliary by the winner to further the hospital nursery project.

"What Shall I Say to the Moon," "The Busy Bees," "Down on the Farm," "Black Bottom" and an interview with a "Lady From Hollywood" were but a few of the other scenes which displayed the versatility of the actors.

In the push following the second curtain call, one heard the remarks "Wonderful," "A grand performance" and "Real entertainment" from the audience.

Proceeds from the benefit show will be used by members of the Auxiliary to the Pontiac General Hospital to purchase nursery equipment for the hospital.

The Follies will be presented again at 8 o'clock tonight in Pontiac High School auditorium.

Hills Home to Be Setting for Wedding

Dorothy J. Farrell to Become Bride of Roger Stolberg

By RUTH SAUNDERS
BLOOMFIELD HILLS — In a family ceremony Friday in the home of her parents, Mr. and Mrs. Thomas A. Farrell of Pembroke road, Dorothy Janet Farrell will be married to Roger Benton Stolberg. He is the son of Mr. and Mrs. S. A. Stolberg of Vista, Calif., formerly of Birmingham.

Mrs. William McConnell and Robert Coe will be the only attendants.

TEA FETES BRIDE

Mrs. Norman E. Fredericks of Lahser road and her two sisters-in-law, Mrs. Nelson Diebel and Mrs. Henry C. Murray, were hostesses at a tea in Bloomfield Hills Country Club.

The party honored the new Mrs. George F. Fredericks. Mr. and Mrs. Fredericks, who were married recently in San Mateo, Calif., will reside in Palmer Woods.

Mr. and Mrs. James J. Nance will go East to be guests of Mr. and Mrs. Ted Blaine for the weekend of Nov. 19. Together they will attend the Yale-Harvard football game.

The following week they will spend in Cambridge, Mass., with their son-in-law and daughter, Mr. and Mrs. Robert Atcheson. The foursome will go to the Army-Navy game Nov. 26.

Mr. and Mrs. A. C. Girard of Woodward avenue are spending 10 days in New York City.

TO ATTEND GAME

Gayle Smith, daughter of Mr. and Mrs. J. Thomas Smith of Martell drive, is attending Vanderbilt University this year. She will come home Nov. 12 to attend the Michigan-Indiana game at Ann Arbor.

Mrs. Robert H. Skillman has left for a visit in San Francisco. She will go from there to Winter Park, Fla., where she will spend the winter at Hotel Seminole.

Mr. and Mrs. Lawrence Shepard (Mary Peden) of Rochester announce the birth of a daughter, Kathryn Ann, Oct. 27.

Mrs. W. W. Townsend and her daughter, Thomasina, are here from Mexico City for a visit with Hillwood. Mrs. Townsend, who is Mr. and Mrs. Bruce Campbell of the former Peggy Ainsworth of Detroit, will entertain at dinner at Bloomfield Open Hunt Club Friday evening.

Area MSU Alumni Plan Friday Mixer

Joan Winston, general chairman of the Fall Mixer of the Oakland County Alumni Club of Michigan State University, announced the party will be held Friday.

Birmingham Community House will be the setting for the affair beginning at 8 p.m. Movies of the Michigan State-Wisconsin football game will be shown and refreshments will be served.

Coming Events

Francis C. Butterfield Tent No. 9 DDV will meet Thursday in the Union Hall, 128 W. Pike St. at 8 p.m.

Malia Temple Board will meet Saturday at 8 p.m. in the temple, 52 Perkins St.

Pontiac Rebekah Lodge 450 will meet Friday at 8 p.m. in the Malia Temple, 52 Perkins St.

Welcome Rebekah Lodge 246 will hold a card party tonight at 8 p.m. in the Malia Temple, 52 Perkins St.

And this is what they saw . . . two very clever dancers Dr. George N. Petroff of Cherokee road (left) and Dr. M. G. Prosser of Orangegrove avenue. This act, entitled

"The Minx," had such "talented dancers" as Philip Wargelin, John Hirlinger, Dr. Dana P. Whitmer, Mayor William Donaldson, Francis Staley and William Schunk.

Queen of "High Fever Follies" Margaret Mitchell (right) of Bedford road receives a bouquet of roses from Mrs. P. Eugene Miller of Edgewood Park drive, president of the Auxiliary to Pontiac General Hospital.

Getting a helping hand from the wardrobe Jr. of Birmingham, one of the chorus assistant Mrs. Helmut Guentsche (left) of Clintonville road is Mrs. Arthur Handren

Iraq Caldron Lists Members of Committees

Iraq Caldron 70, Daughters of Mokanna, met at the VFW Hall Wednesday evening for the selection of committee members for the year.

Mrs. Fred Crossman, Mighty Chosen One, conducted the meeting. Mrs. Albert Kugler was named publicity chairman; Mrs. Russell Marion will plan refreshments, and Mrs. Bertha Clendenning and Mrs. Ray Haerter are sickness and distress chairmen.

Mrs. Robert Snyder is hospitality chairman and assisting directress; Mrs. Murray White, bylaws chairman; Mrs. Lloyd Sinkle, ways and means, and Mrs. Francis Gartner, sunshine. Mrs. Wayne Scott was installed as Arrah.

Officers pro-tem are Mrs. William Anderson, Mrs. Edward Pritchard, Mrs. Eugene Bragan, Mrs. Harry Miller and Mrs. Frank Pereny.

Mrs. Sam Smith, Mrs. White and Mrs. Ted Arnold will serve on the financial committee and Mrs. Crossman, Mrs. Victor Bodamer and Mrs. Kugler will work on the dues committee.

Plans were discussed for a forthcoming money-making project. Mrs. Richard Parsons and Mrs. Crossman were hostesses for the day.

Couple to Celebrate Golden Anniversary

Mr. and Mrs. Reginald L. Sears of Wolf street are celebrating their 50th wedding anniversary Nov. 6. The couple is holding an open house for friends Sunday afternoon at their home from 2 to 4 p.m.

Their daughter, Mrs. Leonard Westerdale of River Rouge, formerly of Pontiac, will attend. The Sears' have been residents of Pontiac for 31 years.

Mrs. Aaron Fox Installed as Head of Niblick Group

Mrs. Albert Games of Dover road entertained at the 26th annual meeting of the Niblick Golf Club Tuesday.

Mrs. Harold Slankster, retiring president, welcomed Mrs. Aaron Fox, who assumed her duties as president. Other officers installed were Mrs. Manley Young, vice-president; Mrs. Arthur Barnes, secretary; and Mrs. Ben Bowman, treasurer.

Committees named for the year include Mrs. Lynn Allen, Mrs. Oswald Burke, Mrs. John Meddaugh and Mrs. Harold King, golf, and Mrs. Ray Kingsbury, Mrs. Floyd Holloway, Mrs. F. B. Jones, Mrs. Fred Sitz and Mrs. Wilma Dickinson, social.

Others named were Mrs. Howard Grady, Mrs. Peter Hoogerhyde, Mrs. Harry Fargher and Mrs. Frank Geris, telephone, and Mrs. Oscar Eckman of the floral committee. Publicity will be handled by Mrs. Howard Deeter and Mrs. Games.

Members of the social committee for the day were Mrs. Meddaugh, Mrs. John Upham, Mrs. Fred Pickering and Mrs. Burke.

CAR Boards Plan Marshall Meeting

Members of the Junior and Senior Board of Michigan, Children of the American Revolution, will meet Saturday in Marshall. Also attending the meeting and luncheon will be junior and senior presidents from the 17 CAR societies in Michigan.

Mrs. E. M. Peterson, senior president of the Col. Steven Mack CAR Chapter here, will attend. Presiding at the meeting will be the state senior president, Mrs. Harvey Malsner of Marshall.

There are six pages in today's Women's Section

Model's Life: Nice Clothes and Big Money

This is the fourth article by a famed reporter on the professional and private lives of America's most successful models.

By JAMES L. KILGALLAN
International News Service

Being a successful model is "wonderful," according to beautiful, ash-blond "Sunny" Harnett, one of the most photographed girls in the world.

"All I do is wear nice clothes and get paid big money for doing it," said Sunny, flashing a tooth-paste smile.

Miss Harnett, who today is one of America's top-flight models, was dubious that she'd ever make the grade as a model when she broke away from stenography six years ago to try out in the profession. She made it—big.

She is "a model's model"—a real "pro." She is 5 feet 9 1/2

inches tall, very slim, weighs 114 pounds and doesn't have to diet. She has Marlene Dietrichish features and is exceedingly photogenic.

Other models admire Sunny not only for her sunny disposition and talent but because her private life typifies the clean-living code adopted by the successful 1955 model.

"If I had stayed as a secretary," says Sunny, "I'd still be moping around New York and have gotten no further than the Brooklyn Bridge."

SEES THE WORLD

She pointed out that, as a result of her profession, she has been able to leave New York behind from time to time and visit such interesting places as Rome, Paris, Venice and Chile.

I interviewed Sunny in her

dressing room in the Madison avenue penthouse studio of Bill Helburn, New York photographer who does a \$250,000-a-year business glorifying top models for advertisements. As she applied her makeup, Sunny said:

"I can't give you any scandal about myself. I'm afraid I'm poor newspaper copy."

"I'm happily married and I don't play the nightclub."

"I take no pills. I don't go to any psychiatrists. I have no inner conflicts. I'm healthy even though I'm skinny. I love my work and I just go my merry way, hoping people will continue to make use of me as a model."

The gay, friendly Miss Harnett said she was born in Brooklyn and went to work as a stenographer for the Schenley Distilling Co. in the Empire State Building, Manhattan, after she was graduated

from the Julia Richman High School in New York.

DARED HERSELF

"I had looks and thought maybe I might be able to become a model," she related. "I dared myself to make a try. I went to Mainbocher, the famous designer. That was back in 1949."

"They asked me if I had any experience. With my tongue in my cheek, I said yes. They had me try on a dress. They liked it, and I was hired."

"Vogue started using me, and I built up clients," she added. "And so here I am!"

It was time for Sunny to begin posing for photographer Helburn. She left the dressing room and was soon before the lights in the air-conditioned studio. She stood in front of a large white screen,

back of which was an array of about 40 dimmed lights.

"What shall it be—funny faces, wisecracks, or what have you?" the experienced Sunny inquired as she took her stance.

"Make it pensive," suggested Helburn.

LUCK FOR NANCY

Lady Luck can play a key role in the modeling world. Take the case of 21-year-old Nancy Woodruff. Until last December she was climbing slowly up the ladder to success. Then she was propelled onto the top rung overnight—she was selected "Miss Rheingold of 1955."

The New York brewery producing Rheingold beer annually selects one model to be featured in its extensive advertising program.

This stroke of good fortune "made" Nancy and opened a brand new world for her as a career girl.

"1955 has been the most exciting year of my life," Nancy said. In winning the title, I was awarded a \$15,000 prize, given a \$20,000 wardrobe and a trip to Europe.

"I'd never been abroad. The trip was made more thrilling because Douglas Fairbanks Jr. (who had been doing Rheingold TV commercials) went along with me and my chaperon. I saw Rome, Paris, London—and other glamorous places. What memories!

CHANGED LIFE

"Winning that title transformed my life. All this year has been filled with a variety of unexpected pleasures. I met so many interesting people!"

Miss Woodruff is a strawberry blonde with blue eyes, a slightly tilted nose and dimples. She is 5 feet 6 inches tall and weighs 110 pounds.

She is ladylike, smokes an occasional cigarette and likes a glass of beer. ("I was never much for beer until I won the title," she says. "You should see me now.") She is watching her diet because she has gained a few pounds. ("Dieting is the bane of my existence.")

Miss Woodruff was born in Detroit on Dec. 18, 1933. Her family moved to California when she was very young and she spent most of her life there.

She became a professional model at 13 when a commercial photographer hired her to pose for a series of ads. Modeling jobs poured in. She did modeling while attending San Leandro High School in San Francisco.

GOES TO GOTHAM

Three years later she was elected "Miss Hudson Bay" in San Francisco and her prize was a trip to the magic city of New York. She brought her mother along.

Two months after she arrived in New York, in April 1952, the Huntington Hartford model agency persuaded her to enter the Rheingold contest. She became one of the six finalists but in the end lost to Mary Austin, never dreaming that a couple of years later she would be the winner.

Nancy's New York career as a model picked up impetus when Arthur Godfrey gave her a chance on TV. He hired her as a model to do the Toni commercials. This job lasted 2 1/2 years.

She also did pen and pencil commercials for a year on the Jackie Gleason show. She was making \$15,000 a year—good money, but far below the top—when she entered the Rheingold contest last fall.

When Nancy emerged the winner her life was transformed at once. She was besieged by the press for interviews. Her picture appeared in newspapers and magazines all over the nation. She suddenly found she had achieved a degree of fame.

JOAN INEZ COMBS
The engagement of their daughter, Joan Inez, to John Beauchamp is announced by Mr. and Mrs. Daniel Combs of Hillcliff drive. He is the son of Mrs. Wayne Beals of Watkins Lake and Frank Beauchamp of Union Lake. A July wedding is being planned by the couple.

Steebers Are Hosts to Co-Wed Group

The Co-Wed group of Central Methodist Church met at the Charles Steeber home on Preston avenue. Mr. and Mrs. Larry Collins assisted the Steebers.

Thirty-eight members attended the get-together which featured games, refreshments and a "spook trail."

Planning the first of a series of parties for the new Hills Country Club with her daughter, Sally Forster, Carol Cotillion Club are several residents of Birmingham and Bloomfield Hills. Mrs. Henry C. Forster Jr. goes over going out to sophomores and juniors of Birmingham, Bloomfield, Kingswood and Cranbrook Schools.

Dr. Oxenius to Display Lace Work

A special note will be added to the table at Inu Ki Saturday. Inu Ki is the annual international tea of the Business and Professional Women's Club being held at Ala Wai Clubhouse in Kaneohe, Oahu, Hawaii.

In the Scandinavian booth, where Denmark and Norway will also be represented, Dr. Bertha Oxenius will demonstrate the making of delicate bobbin lace for which she is well known.

She'll wear her colorful Dalarna costume, with its embroidered bodice and black, red and blue shawl.

Dr. Oxenius, who was born within the polar circle in Sweden and received her medical training in Europe, is now retired.

She is a charter member of the Pontiac Business and Professional Women's Club and the nation federation.

Waiting to be served are Mrs. Daniel Foxman of Maddy lane, Mrs. Joseph Partney of Dwight avenue and Mrs. Sidney Rachwal of Ogemaw road.

Lulu Buchanan Repeats Vows in Baptist Service

A ballerina-length gown of nylon tulle over satin was worn by Lulu Buchanan for her marriage to Kenneth Willson Saturday evening at Silvercrest Baptist Church. The couple was married by the Rev. James Luther in the presence of 150 guests.

The bride, of East Colgate avenue is the daughter of Mr. and Mrs. Kestner Buchanan of Goldconda, Ill. Kenneth is the son of

Mrs. Grace A. Willson of Drayton Plains.

A V-neckline accented the bridal gown's bodice of lace. The full hooped skirt was fashioned with lace inserts. Lulu's headpiece of tulle was pleated to form a head-bugging band centered with lace sprinkled with tiny seed pearls. Her veil of pure silk French illusion was fingertip length. She carried a white orchid surrounded by white carnations.

Kay Nelson served as maid of honor wearing a crystal silk gown of aqua with a full hooped skirt and a halter-style neckline with tucked bodice. Her velvet headpiece featured a tiny noseveil sprinkled with seed pearls.

The other attendants, Carol Bolton and Mrs. Martin Kaput of Hazel Park, wore gowns of shrimp and burnt orange, respectively.

Vern C. Raines was best man. Seating the guests were Richard DeKousse, Gilbert McCullum and Donald Carroll of Drayton Plains.

The reception was held in the church parlors immediately after the ceremony. The bride changed to a knit suit for their honeymoon trip. On their return the newlyweds will reside in Pontiac.

Fur Chapeau Set to Create Fashion News

NEW YORK (INS)—The fur hat will be a best seller this fall, predicts fashionable milliner Sally Victor.

Mrs. Victor, noting the style trend toward "little furs," thinks that fur hats in gay colors will be extremely popular.

"They won't all be mink," the milliner said, "and they won't necessarily match coats."

By way of demonstration, Mrs. Victor has many fur hats in her own fall collection. She shows expensive fur hats of white mink, dark mink and black broadtail, but also offers gay little leopard pillboxes, and both big and little hats in vivid blue, yellow and red-dyed lapin—which is a fancy name for rabbit.

Brick-Like Vinyl

A new vinyl wall covering which can be installed by the home handyman has been designed to duplicate brick or stone in form, color and texture. It is available in light-weight, fire-resistant rigid plastic in six types of textured surface. It can be cleaned with a damp cloth and the dead air pockets behind it offer insulating properties, says the manufacturer.

MR. and MRS. CLINTON E. GRAHAM

Celebrating their golden wedding anniversary with an
open house Saturday are Mr. and Mrs. Clinton E. Graham
of Osmun street. The couple, married Nov. 4, 1905, has
lived in the same home for more than 40 years. They have
three children, Mrs. Harvey Farr, Albert Graham and Arthur
Graham, all of Pontiac; eight grandchildren and 10 great-
grandchildren.

Constance Tenuta Speaks Vows in St. Michael Rite

The Rev. William Immel of St.
Michael Church celebrated the
Nuptial Mass uniting Constance E.
Tenuta and Thomas G. Powers in
marriage Saturday morning.

The bride is the daughter of Mr.
and Mrs. James Tenuta of Drayton
Plains, and Mr. and Mrs. Thomas
E. Powers of Nelson street are
parents of the bridegroom.

For the 10 o'clock ceremony,
the bride wore a white velvet
princess-style coat with long fit-
ted sleeves and a portrait collar
over a gown of nylon chiffon and
Alencon lace. The voluminous

chiffon skirt was accented with
lace appliques matching the
Alencon lace which formed the
bodice.

A tiara of pearls secured her
veil of scalloped illusion and she
wore the bridegroom's gift of a
strand of pearls. She carried a
white orchid and stephanotis ar-
ranged on a white prayerbook.

Alice Hayes was maid of honor
wearing an American beauty vel-
vet gown fashioned with a scoop
neckline and a skirt with a French
drap.

SIMILARLY GOWNED

Bridal attendants Lorraine Te-
nuta, sister of the bride, Jeanne
Senavalle, Patricia Steck and Mrs.
Gino Apolloni wore gowns of frosty
aqua and pale pink taffeta and
velvet similar to the maid of
honor's. They all wore Juliet caps
of matching velvet and carried
muffs decorated with corsages of
rosebuds.

James Powers served as best
man, Ushers were Dominic Tenuta,
brother of the bride, Stanley Steck,
Paul Osika, Gino Apolloni, George
Pope and Gerald Cronan.

A breakfast was served at the
Old Mill Tavern for members of
the bridal party and the im-
mediate families. An evening recep-
tion was held at the home of the
bride's parents.

Mrs. Tenuta wore a navy blue
lace dress with white accessories
for her daughter's wedding. Mrs.
Powers wore navy blue with pink
accessories. Both mothers wore
corsages of gardenias.

For their wedding trip to Canada,
the new Mrs. Powers changed to a
garnet velvet dress with pink and
black accessories.

Pontiac WCTU Has Installation of New Officers

Officers were installed at the
Monday afternoon meeting of the
Pontiac Unit of Women's Christian
Temperance Union held at the
First Presbyterian Church.

Mrs. W. L. Shafer used "We
Would Be Building," based on the
life of Nehemiah, as her devotion
subject. Mrs. Ray Fleming and
Mrs. William Hardenburg reported
on the state convention held in
Flint.

Officers installed were Mrs.
Fleming, president; Mrs. Bertha
Locke, vice president; Mrs. Roy
Riley, recording secretary; Mrs.
Allen K. Ebey, treasurer, and Mrs.
Roy Fosbender, corresponding
secretary.

Mrs. H. L. Stout will serve as
pianist and Mrs. William Bradley,
chorister, for the coming year.

Ceramics Explained to Opti-Mrs. Club

A talk on "Mud Pies by Artless
Adults" was given to members of
the Opti-Mrs. Club Tuesday eve-
ning by Mrs. Jack Beatty.

Mrs. Beatty demonstrated the
technique of ceramics for the
group, explaining the simplicity of
ceramic sculpturing of jewelry and
other items.

The group met at the Motorway
drive home of Mrs. Ralph Becker.
The club voted to make Christmas
baskets for the needy, along with
its project of aiding the Michigan
Children's Aid Society.

Coin Club Invited to Detroit Meeting

At the Tuesday evening meeting
of the Pontiac Coin Club, Andrew
Sydlak extended an invitation to
all members to attend the Detroit
Coin Club meeting being held at
the Hotel Wolverine on Dec. 3.

C. P. Eggleston was commended
for publicity he has received on
his coin collection of pennies and
silver dollars.

'That Other End' Gets Lineman of Week Award

ANN ARBOR (U)—Tom Maentz, whom they called "that other end" when Michigan's football season started, finds himself The Associated Press Lineman of the Week today—an honor he modestly says belongs to the whole squad.

The 20-year-old junior from Holland, Mich., was voted the week's best lineman by the nation's sports writers and sportscasters for his blazing performance last Saturday against Iowa. His pair of touch-

down catches literally pulled Michigan out of defeat.

"It sure is an honor," said Maentz. "But the team really earned it."

Little was heard of Maentz when the season started. He was overshadowed by big Ron Kramer, Michigan's other versatile end who himself snagged two passes for 79 yards and a touchdown Saturday for a high rating in this week's lineman poll.

It was Maentz who grabbed 5 passes for 169 yards and two scores, including the one that gave Michigan its first lead over the Hawkeyes in the last three minutes.

Maentz, who practiced his lightning speed last summer by running wind sprints in the Holland High School yard, teamed with Kramer for the devastating air attack that broke Iowa's back in the last crucial minutes.

Coach Bennie Oosterbaan, who won All-America rating as a Michigan end himself, said "Maentz is a very fine lad, a deserving boy—they're the two finest ends in the country."

When Maentz came back this season after working on his running at home, Oosterbaan asked, "have you ever seen anyone improve their speed like that? He's at least a couple of steps faster than he was."

Maentz said speed is what he

was after in the summer workouts. "I'd run in 20 or 30-yard stretches, and I know it helped."

He had every opportunity to show it when he went out for a pass against Iowa. He hooked and got by the Iowa defender, took the pass on the dead run and bolted for the end zone. The play covered 60 yards. It gave Michigan a 27-21 lead with less than 3 minutes left.

Earlier, Kramer had pulled in another touchdown pass for 66 yards that brought Michigan within one point of the Hawkeyes—21-20.

The 20-year-old junior who came off the bench to throw Michigan to its 6th straight victory, 33-21, was quarterback Jimmy Maddock.

Maddock completed five of six passes, including the two caught by Maentz and Kramer with the clock clipping the seconds away.

"The guys gave me real good protection," Maddock said. "I had all the time in the world to throw. Passing to guys like we have makes it easy too."

Maddock had sad news from his close friends and teammate, Ed Shannon.

Shannon lost his mother Monday at University Hospital after a long illness. His father, Edward J. Shannon, of River Forest, Ill., took the body home for service this morning at St. Luke's Roman Catholic Church.

'SNO RULE AGAINST IT'—Could be Pontiac High School's football chiefs working out in the snow, above. But it wasn't. The five players are members of the Holderness School team, Plymouth, N. H. who de-

cided to combine football with skiing. After all, basketball is often played on muleback and roller skates!

Winless Lions Prep for Colts Clash Saturday

Still Seek 1st Win; Will Have to Bottle Up Ameche, Shaw

DETROIT (INS)—The winless and somewhat disheartened Detroit Lions worked out today in preparation for Saturday night's game at Briggs Stadium with the Baltimore Colts, currently tied with the Los Angeles Rams for the Western Division lead.

The Lions, losers of all six games played to date, could scramble the race with a win over the surprising Colts.

Despite the Lions' dismal record, a crowd of nearly 50,000 is expected to be on hand at 8 p.m. kickoff time. The team sold more than 50,000 season tickets this year.

The Colts will be led by former Wisconsin great, Alan (The Horse) Ameche and quarterback George Shaw, both of whom have been outstanding this year.

Coach Buddy Parker will work on the Lion defensive team this week after the 38-21 loss to the San Francisco 49ers on the West Coast, Sunday.

One bright spot showed up, however, in the loss. Dave Middleton, the rookie speedster from Auburn, caught nine passes for 144 yards after being switched to an end post.

Oakland County to Get More Lakes, Marshes

LANSING (U)—A system of 20 to 35 small lakes and marshes will be created in the Holly, Orionville and Bald Mountain recreation areas within the next few months, the state conservation department said today.

The ponds will be from one to 20 acres in size, they are being developed for ducks, turkeys and other wildlife.

Winter Racing Season

Annual Horse Migration Gets Moving as 3,200 Thoroughbreds Head South

MIAMI, Fla. (U)—The annual horse migration is under way, with 3,200 thoroughbreds headed for Florida and another winter racing season.

Gulfstream Park bedded down 47 head yesterday, and first arrivals are expected at Hialeah and Tropical later this week to await the season's opening Nov. 28.

Transporting these spirited animals from Northern tracks is a risky and expensive business. The ordinary horse car provides 18 stalls. Fifteen of the stalls are for the horses themselves; the remaining stalls are used for feed, water and other supplies.

The horses stand three abreast

'Most Tackled Back' Still Likes His Job

By GEORGE MACKIE
HARTFORD, Conn. (U)—Charlie Sticka is perhaps the most tackled fullback in college football.

Actually, the jarring, 195-pound line bucker who sparks the Trinity College attack carries the ball about once in every three plays, but he gets tackled on almost every play.

That's the price he pays for the fearsome reputation he enjoys among Trinity's small college opponents and for the quick ball

handling of his quarterback, Bobby Alexander. Time and again he takes Sticka into the line while handing off to a halfback for a slant outside tackle or around end.

Trinity's opponents know that if Sticka gets rolling he's about as easy to stop as a runaway diesel. When he heads for the line, they don't wait to look for the ball; they lay violent hands on him. Three of them usually can stop him, after five yards or so.

That's all right with Sticka, his

teammates and his coach, Dan Jesse. The feint and fake attack, together with the impressive yardage Sticka gains when he does carry the ball, has made Trinity (enrollment 900) the only undefeated, united team in New England. It has 13 straight wins to its credit and needs two more, against Amherst Saturday and Wesleyan next week, to complete its second consecutive perfect season.

Sticka, who will graduate next June, maybe into pro football, though well known in New England small college circles, suffers the usual fate of the small college luminary among viewers of the national football scene. They just don't know him. He's never played before more than 7,000 people. That's all Trinity field can hold, with standees.

Had he gone to Notre Dame, as he almost did, or to some other big school, many say he'd be a sure shot for the All-America first team.

Sticka doesn't seem to regret the opportunities for fame he may be missing, although it's almost impossible to get him to express an opinion on this or any other subject relating to himself.

"He's shy almost to the point of embarrassment," says a Hartford sports writer who has been watching him for three years, "but he's a wonderful kid. You can't say anything good enough about them. They all like him on the campus, his coach likes him and the other players on the team like him."

Missouri Flanker Honored for Job Against Colorado

KANSAS CITY (U)—End Harold Burnine, playing on Missouri's most unsuccessful football team in recent years, got the biggest hand offered by the Missouri Valley All-America Board this week.

Burnine nabbed 7 passes for 87 yards as Missouri ended its losing streak at seven games by upsetting Colorado, 20-12, Saturday. The 184-pound, 6-foot-2 senior from

Richmond, Mo., also was credited with at least three clutch tackles in the Big 7 Conference game.

Burnine now leads the nation in pass receptions, 30 catches for 409 yards. He will get his biggest test of his career against Oklahoma at Columbia Saturday.

If Burnine can make completions against the Sooners then he must be regarded as one of the best in the business.

The board, consisting of sports writers and broadcasters of the area, again recommended numerous Oklahoma Sooners for both regional and All-America honors. Guard Bo Bolinger and Jerry Tubbs, center, got the applause for the third straight week, while a tackle, Cal Woodworth, made the grade for the first time.

Sooner Prep 11's Drop Race Issue in Grid Clash

OKLAHOMA CITY (U)—A Negro football team tonight will play a regularly scheduled game against a white public school for the first time in Oklahoma, but a sellout crowd isn't paying much attention to the race issue in this high school attraction.

The big question is whether Oklahoma City Capitol Hill can break the amazing 46-game winning streak of Douglass, this city's Negro high school.

A crowd of more than 7,000 will be on hand at the kickoff.

For years, Capitol Hill and Douglass have scrimmaged each other. With the end of race segregation in the public schools this fall, the teams decided to play a regularly scheduled game.

Court Practice Resumes as Pair Ends Racial Talk

OAK RIDGE, Tenn. (U)—Basketball practice at Oak Ridge High School was back on an even keel today, after white players ended a two-day absence caused by offshoots of racial integration.

"Coach Ben Martin told me two boys were excused for legitimate reasons which had nothing to do

with the racial issue," Principal Thomas Dunigan said last night, but that all other white prospects reported for practice yesterday.

Six Negroes and 14 white boys have turned out for basketball practice at Tennessee's only public high school where white and Negro students attend the same classes.

Several white players had stayed away from practice Tuesday and Wednesday, Dunigan said, to "discuss problems of integration" with him and Martin. The problems apparently involved opponents' opposition to playing against Negroes, rather than any animosity on the part of the white players toward the Negroes themselves.

This opposition came despite Oak Ridge's announced policy that it will not use its Negro players unless opponents acquiesce.

The Atomic Energy Commission, sole support of the Oak Ridge School System, ordered racial integration to comply with the U.S. Supreme Court decision outlawing segregation in the public schools.

The order went into effect with the current school term, and involves about 100 Negroes and 3,000 white the high school and one junior high. Students are affected.

Ryff Beats Paddy DeMarco; Says He Needs More Fights

BALTIMORE (U)—"Frankie Ryff needs more fights before challenging Bud Smith for the lightweight title," said Frankie Ryff.

Contrary to the customary

"Bring on the champ" bellow of a winner, Ryff took a calm outlook last night after he whipped former title holder Paddy DeMarco in a 10-rounder.

"That Smith is tough and you shouldn't fight the 'big' man until you're ready," said the 22-year-old Bronx, N.Y., flash.

"I need to fight often and mo. to be good enough," said the winner of 19 out of 20 bouts since 1951. His only loss was a split decision to Ralph Dupas, also one of his victims.

Two physical attributes more or less beyond his control may bar any lightweight title aspirations too. He continues to be susceptible to bleeding easily from around the eyes, both of them streaming from the fourth round on last night.

Also, he weighed 139½, and admitted he didn't like to train down to less which indicates he may have to become a welterweight. DeMarco also weighed 139½.

A sixth round knockdown of DeMarco was the big punch in Ryff's conquest of the 27-year-old titleholder of last year. It was the only round in which any of the three officials separated the two fighters by as much as two points. Two of them gave Ryff the round 10-8.

Otherwise, all the rounds were scored 10-9 or even with the widest total margin appearing on Referee Eddie Leonard's card, 98-92.

9-Week Homecoming 'M' Grad of 1906 Lives at Union Entire Season

ANN ARBOR (INS)—University of Michigan is proud of the fact that most of its old grads return each year for the homecoming football game.

However, for Karl Zollner, U. of M. '06, homecoming is a nine week affair.

Zollner takes over at the Michigan Union before opening game each year and leaves only to take in home and away games.

Zollner is a retired Ports-

mouth, O., jeweler who hardly leaves the Union building even though Wolverine coach Bennie Oosterbaan has given him a practice pass.

The old grad says he is probably the only person who has seen every yearly Michigan grid team since 1902.

Speaking of this year's team, now ranked No. 1 in the nation in the INS poll, he declared:

"I'm an eternal optimist. When Iowa swept ahead of Michigan by eight points last week, I said we'll score twice more. But they didn't—they scored three more times."

The former jeweler retired 10 years ago against the better judgment of his friends who claimed he would become bored.

He says today:

"I've had more fun in the last 10 years than ever before."

Georgian Wins Mexico Tourney

Sanders Takes Golf 1st, but Pair of Youngsters Steals Show

MEXICO CITY (U)—Doug Sanders, a Georgian playing south of the border for the first time, tied the Mexican Amateur golf title today, but most of the plaudits were reserved for a pair of youngsters, Vidal Palacio, the runner-up in the men's division, and Miss Sandra Clifford, the women's champ.

Tournament officials picked the unveiling of the two 17-year-old kids as the major accomplishment of the competition at the Mexican Golf Club course.

Palacio, a Laredo, Tex., high school student, gave in to Sanders 3 and 1 in the title match yesterday, despite a rally to start the final 18 holes.

Miss Clifford, daughter of the British pro at the host club, defeated Nan Harvey of Mexico 3 and 1. Sandra, who's been playing golf just 22 months, got going in the tournament by upsetting Mrs. Jack Munger of Dallas.

SAN FRANCISCO (U)—Elusive flyweight Tanny Campo of Manila will meet Luke Sandoval of Wilmington, Calif., tonight in a 10-round fight.

Campo, No. 6 contender, is expected to be too slick for Sandoval, who is having to reduce from his normal 124 pounds to 119. Sandoval holds a height and reach advantage.

Two weeks ago Campo, 118, trounced Johnny Ortega here.

MAKE OVER PAGES THREE

Purdue Guards on Temporary Disabled List

Illinois Center Out of Michigan Contest but Rest Will Play

CHICAGO (U)—Midwest football briefs:

PURDUE—Guard Dick Skibinski has joined guard Bob Clasey on the temporary disabled list with a bad ankle. Steve Chernicky, end who caught the last second pass that tied Iowa, is hobbled with a pulled thigh muscle.

INDIANA—The Hoosiers were in top physical shape for nearly the 1st time this season as they polished up their defense for Ohio State.

OHIO STATE—Buckeyes worked out for 90 minutes in the rain after coaches heard Tom Miller, Indiana publicist tied a quarterback club that "someday we are going to beat the pants off somebody."

ILLINOIS—Reserve center Clem Ryan is out of the Michigan contest because of an injured knee, but all other Illini are expected to play.

MINNESOTA—Halfback Bob Schultz was the only missing regular as the Gophers drilled in 30 degree weather for their Iowa date. Halfback Pinky McNamara returned from the injury list.

IOWA—The 1st team was ushered through signal drills and pass defense while 2nd and 3rd stringers scrimmaged.

WISCONSIN—Coach Ivy William son said his Badgers "are coming along good" after stressing pass defense and blocking on the line.

NORTHWESTERN—End Jack (Shelt) and guard Al Viola re-joined 1st team assignments.

WISCONSIN—Injuries will sideline Wayne Edmonds and halfback Aubrey Lewis for the Penn game.

MARQUETTE—Quarterbacks Jere Carmody and sophomore Fred Weber were featured in long passing drills in preparation for Detroit.

Dodd, taking cognizance of the fact Tennessee has won four in a row since early season losses to Mississippi State and Duke, said:

"We're not underrating the Vols. Bowden Wyatt has done a fine job bringing his young players along. If our team plays the same kind of game it did against Duke, however, I think our chances of winning are very good."

Tech mauled Duke, 27-0, last Saturday for its sixth victory of the season against a lone 12-14 setback by Auburn.

"To beat Tech, we'll have to stop the finest set of running backs in the country," Wyatt declared.

"Bobby Dodd's got a great team—perhaps the finest in the South."

Japanese Stars Fall to N.Y. 7-3

OSAKA (U)—The New York Yankees clubbed the All-Stars, picked from Japan's professional baseball leagues 7-3 today in an exhibition game played before a capacity crowd of 70,000 fans at Koshien Stadium.

The American League champion got three runs in the first inning on a double by Hank Bauer, a single by Billy Martin, a double by shortstop Gil McDougald and Bill Skowron's infield hit.

In the third Martin hit a home run into the left field seats. The Yanks got three more runs in the inning on two walks and three hits, one a triple by McDougald.

EDMORE (U)—Earl L. Somersdyk, 39, of Grand Rapids was killed Wednesday when his car hit the rear of a Montclair County fire truck at a curve on M46, 11½ miles west of Edmore.

Railsplitters and Braves Battle to Scoreless Tie

Lincoln Junior High School's football team battled Washington's Braves to a scoreless tie Wednesday afternoon on the muddy Wisner Stadium turf in a Pontiac Junior High League game.

A good Railsplitter team fought Em Ghanni's Braves to a standstill, but the deadlock failed to prevent Washington from winning its 4th straight Junior High League title. Statewide extended Washington's unbeaten string to 19 games, which now includes 17 wins and two ties. The previous tie was a 6-6 knot with Easterns.

Yesterday's contest ended the regular Junior High League schedule. Lincoln will meet Weaver next Tuesday, Nov. 8, in a re-scheduled contest. Washington finished its season with a 4-0-1 record.

Larry Sherwood's gridders threatened to score twice yesterday, reaching the Braves' three as the half ended and moving to the five in the 3rd quarter before losing the ball on downs. Lincoln nearly scored a safety in the 3rd when Charles Barge was tackled on the Braves' one-foot line.

Aussies to Withdraw
CANNBERRA (U)—Australia will withdraw her troops from Malaya and recognize Communist China at the Labor party's returned at the Dec. 12 elections, Labor leaders said today. They said this policy was decided on at a party meeting.

TECHNICAL—George Blanda, right, of Chicago Bears discusses the ball angle for kicking with fellow quarterback Ed Brown.

Decision Over Connors

OTTAWA (AP)—Gale Kerwin, Ottawa lightweight who fights out of Al Lang's Valley Stream, N.Y., camp, won a unanimous eight-round decision over Montreal's

Dexter Connors in a main bout of a professional boxing card here last night.

It was Kerwin's ninth consecutive win and his first professional fight in his home town. Kerwin weighed 138½ and Connors 139.

MSU's Daugherty Scoffs at 'Purdue Jinx'

EAST LANSING (AP)—"Don't believe in jinxes," said Michigan State coach Duffy Daugherty. "There had been some talk about the 'Purdue jinx.' Two years ago Purdue spoiled an otherwise unbeaten season for the team that went to the Rose Bowl game.

Last year, Lenny Dawson tossed three touchdown passes to lead the Boilermakers a 27-13 victory. "We never beat Stanford or Illinois before this season," Daugherty said. "But I know Purdue will be tough," he added.

He cited the passing of Lenny Dawson, the running of fullback Bill Murakowski—who has 411 yards so far this season—and the solid Boilermaker line.

Both teams have eight carriers with a better than four yards a try average.

In the passing department, Dawson has completed 58 of 102 for 553 yards and four touchdowns. MSU's Earl Morrall passed less than half as much but has a better completion average with 25 of 39 safely caught for 483 yards and also four touchdowns.

"We've got to contain Dawson," said Daugherty, "and if our ground game won't get us there, we'll have to step up our own passing."

A steady downpour all yesterday afternoon limited the work-out once again to the tight indoor quarters of Jenison Fieldhouse.

Queried, Dr. James Feurig said that left half Clarence Peaks should be able to go at full tilt for the game. Peaks was in for only one play two weeks ago and last Saturday was slowed by his

still tender ankle and a sinus infection he picked up on the plane trip to Wisconsin.

If the Spartans follow the pattern of recent games, Peaks should have his day against Purdue.

First, fullback Jerry Planutis led the way against Notre Dame. Then

Morrall became a passing magician against Illinois. And last week right half Walt Kowalczyk ran like a souped-up tank against Wisconsin.

Peaks, now at a physical peak again, should be just about due

to continue the rotation of back-field honors.

"I still think he's the best all-around player in the backfield," Daugherty said, "he can pass and kick as well as run and is steady and dependable on defense."

Ryder Cuppers Rest Up Prior to 1st Round

Begin Tourney Saturday at Thunderbird CC in Palm Springs

PALM SPRINGS, Calif. (AP)—Members of the British and United States Ryder Cup golf teams planned to take things easy today and get in one final day of serious practice before going into the international matches Saturday and Sunday at the Thunderbird Country Club.

Capt. Dai Rees of the British said he planned to give his players a final round of play tomorrow and delay until after the play before naming his pairings for the match play encounter.

Capt. Chick Harbert may hold back his decision until the same time.

Par 71 proved no mystery to most of the players yesterday. Only two Brits and three Yankees failed to shoot under 71.

Low scores were turned in by Sydney Scott and Johnny Brown of the visitors, a pair of 67s, and Jack Burke Jr. and Chandler Harper registered 66s.

Most of the players did not plan to play a complete round today.

Conservation Group to Close 2 Camps

LANSING (AP)—State conservation department said today it will close two state park group camps because they are too expensive to operate.

Department officials said the Muskegon State Park camp with a capacity of 120 would be closed this fall.

Burns Lodge, a small group camp at the Waterloo Recreation area, will be closed after February, the department said.

Bragan New Pirate Pilot Under One-Year Contract

PITTSBURGH (AP)—Bobby Bragan, a 37-year-old veteran of eight years as a minor league manager who makes no secret of his admiration for Branch Rickey, is the new field manager of the Pittsburgh Pirates.

Rickey, who became chairman of the board after resigning as general manager, wasn't at the news conference when Bragan was handed a one-year contract for an undisclosed salary yesterday.

Bragan, apparently referring to the help Rickey has given him, made it clear he owes a lot to the Mahatma and will try to exploit the youth movement which Rickey began in his five-year reign. Rickey was succeeded by 37-year-old Joe L. Brown, one of his front office assistants.

"I am definitely a Rickey man," Bragan said. "If I am a pretty

good manager today, it is due to his counsel."

Brown, who has said he is making his own decisions, quickly declared that Bragan is a "Brown man." He said he knew that many people believe choice of Bragan was dictated by someone else—obviously Rickey, adding:

"I rise or fall on this selection. I am totally confident that he is the best man available."

Just as he did in becoming manager of the Hollywood Stars of the Pacific Coast League, Bragan follows Fred Haney as manager of the Pirates. Haney was let out by Rickey at the end of last season after three years.

In Hollywood, Haney—who has recently signed as a coach with the Milwaukee Braves—said he is glad the Pirates signed Bragan, adding:

NEW MANAGER — Bobby Bragan, playing manager of the Hollywood Stars of the Pacific Coast League the past three seasons, (right) wears a broad grin after being signed to a one-year contract yesterday as field manager of the Pittsburgh Pirates to

succeed Fred Haney. Joe L. Brown, (left) who was named general manager only nine days ago, made the announcement of Bragan's appointment with this terse comment: "This man is a Brown man."

Counter-Offensive Planned for 'Cats

CHICAGO (INS)—Northwestern University, for many years an also-ran on the national football scene, will launch a counter-offensive to revive success on the grid-iron.

The athletic department, under fire since Lynn (Pappy) Waldorf, last successful Wildcat football

coach, left for the University of California in 1947, is expected to undergo a complete reorganization before spring.

The situation came to a head when an article calling for the Wildcats' withdrawal from playing football in the Big Ten appeared in the Daily Northwestern—the student newspaper.

In his 1st game at an end position for the Detroit Lions, Dave Middleton of Auburn caught nine passes for 144 yards.

OPEN FRIDAY and MONDAY NIGHTS TILL 9

Chiefs Seek 3rd Win Over Trojan 11

Co-Favorites Early in Year, Saginaw Fades

Pontiac Mentor Says Upstaters 'Really Are Gunning for Us'

Two very venerable and respected opponents in Saginaw Valley Conference football get together Friday night on the Saginaw High gridiron and most anything can happen.

This is one of the rivalries that almost always produces some exceptionally interesting results. And, if it rains, tomorrow night, it will be a "typical" Chief-Trojan engagement. Weather always seems to be in a tannum on dates for these clubs' meeting.

Chiefs seek their 3rd straight victory over the Trojans.

They won last year's engagement at Wisner Stadium, 32-21 in a wild scoring battle. Coach Ed Graybell sees another similar scrap Friday night.

As for starting lineups, Graybell, back on the job again after a "tour" in Pontiac General Hospital during which he missed the Royal Oak game, says, "I don't know from day to day what boys will be in there." He meant that injuries, ineligibility, and illness had taken a hefty toll of his squad.

Saginaw was co-favorite with Bay City at the start of the season. However, the Trojans have fallen on evil days. Their last engagement was a 46-19 loss to Flint Central, which also gave Pontiac an earlier licking.

Trojans are pegged as the Valley's biggest team. They average 260-280 on the line, are heavy in the backfield, too. But with all this weight, they lack speed and maneuverability, observers report, lending hopes for a Pontiac victory. Chiefs' speedy backs should function well against such a club.

Friday's game is set for 8 p.m. on the Trojan's field.

Over 7 Miles by Air

In his eight seasons in the National Football League, quarterback Bobby Layne has gained more than seven miles with his passes.

RAISES SIGHTS—Walled Lake HS's cross-country team is raising its sights for Saturday's state Class B title chase at Washtenaw Country Club, Ann Arbor. Unbeaten this season, Coach Rollie Langerman (left above, standing) and his crew are: top, Co-captain Joel Bailey, Steve Johnson, co-captain Gerald Avery and Lowell Martin; kneeling—(from left), Jim Wilson, Charles Wilson, Biss Hosley. The school has won 19 in a row, is undefeated for three years straight (1953-54-55), and last week won regional Class B honors at Birmingham.

Chiefs' Hopes Rise

Return of Williams, Barge Bolsters PHS Status in MHSAA Cross-Country Test

Bolstered by the return of their No. 1 stalwart, Perry Williams, Pontiac Chiefs' cross country team today rated a top spot in the Class A Michigan High School Athletic Association's state meet at Ypsilanti, Saturday.

Williams, along with No. 7 man Alex Barge, were ineligible for last Saturday's MHSAA regional at Birmingham. According to Pontiac coach Wally Schloerke, both have made up deficiencies.

Other strong contenders for the Class A title are Lansing Eastern, Battle Creek, Jackson, Kalamazoo and Birmingham.

Pre-meet opinion is that a return match between Williams and Kalamazoo's Bob Lake is in the offing. Lake defeated Perry by two seconds at the Albion Invitational Oct. 22.

Scene of the harrier finale of the 1955 season is scheduled for the 2-mile Washtenaw Country Club golf course with the state's Class C-D schools slated to start at 10:30 a.m. Class B will run immediately after the C-D race. Class A run is the finale.

Chiefs team will include: Williams, Bill Douglas, Gene Cretal, Rodney Treas, Pete Cox, Don Evans and Barge. Schloerke looks for a tough battle for top honors "with a lot hinging on our 5th man. If he runs a good race we should do well," the coach said.

Birmingham will attempt to continue its success in Class A, after capturing the regionals last week. Maple team will include undefeated Doug Waggner (No. 1 in the regionals), Bob Brown, Lynn Benn, John Ennerling, Tom Fontaine, Bob Benson and Gary Schack.

Maples finished 6th last year when Kalamazoo won. Course record is 10:41, held by Jackson's Carl Parrish.

In Class-B Walled Lake Vikings will attempt to bring home a state crown. Vikings were 4th in 1954, and rate a strong favorite to take the top spot, with a record of 19 consecutive dual meet wins over a three year period plus the regional victory.

Viking harriers have a tradition that if they take the "B" title the coach receives a crew haircut. The boys feel this year the barber better get ready.

Hawk Defenseman Undergoes Surgery

BOSTON (U)—Chicago Capt. Gus Morton, veteran National Hockey League defenseman, was reported in good condition today after undergoing emergency surgery for removal of an intestinal abscess.

Dr. Edward R. Browne, Boston Bruins team physician, said after the operation last night that Morton will be hospitalized for two weeks and will be lost to the Black Hawks for an additional two to four weeks.

Morton was stricken shortly after his arrival in Boston for tonight's game with the Bruins at the Boston Garden.

Dates Announced Today

BOSTON (U)—Harry Cleverly, chairman of the selection committee for the U.S. Olympic hockey team, announced today preliminary tryouts will open next Monday at Boston Arena and run for six weeks.

Cleverly, hockey coach at Boston University, said the final tryout sessions will be held in Duluth, Minn., next month. The top 17 amateur skaters will be chosen to represent the United States in the Olympic Hockey Tournament in Italy in January.

Navy Prepares 'The Monster' for Blue Devils

ANNAPOLIS, Md. (U)—Vince Monto, 200-pound fullback nicknamed "The Monster," is being readied by Navy Coach Eddie Erdelatz for Saturday's game with Duke in case Dick Guest isn't able to play.

Guest has rib injuries which make him a questionable starter. Monto has carried the ball 29 times for 152 yards, an average of 5.2 which is the best on the Navy team. He has scored twice and caught six passes, doing part-time duty.

Coach Erdelatz explained that Guest has been playing regularly only by virtue of the fact that he has the all around edge on blocking and defense. He also does the punting.

Monto could put a spark in the Navy offense which so far has been overshadowed by the passing of quarterback George Welsh.

Skippers, 'Jays in JV Deadlock

Titan Cagers Begin Drills for ND Opener

Junior Varsity football teams from Waterford and Southfield fought to a 13-13 tie Wednesday afternoon on Southfield's rain-soaked field.

Leroy Vogt scrambled 34 yards for one Skipper TD and Jerry Nelson scored the other with a 16-yard run. Henry Koepke tallied both Southfield TD's on runs of 53 and six yards.

Crary Junior High dropped a 2-0 decision to Southfield on Waterford's rain-drenched gridiron when a Crary runner was downed in the end zone for a 2nd-period safety. Crary ended its season with a 1-5 mark.

Former Cardinal Star

France to Have New Elections

Assembly Vote Favors Endorsement of Early January Ballots

PARIS (AP)—The French National Assembly early today voted 330-211 in favor of holding new general elections next month, but a cloud of parliamentary confusion hung over the future of the plan.

Endorsement of the government's bill to end the present Assembly Jan. 2 — thus advancing the elections from June — came on a vote of confidence for Premier Edgar Faure. The support of 88 members of the 54-member Communist group gave the government its victory.

But what happens now was anything but clear.

The fate of the bill is up to the Council of the Republic or Senate. If the upper House does not act within the next two weeks the whole early election project may have to be tossed out the window.

The Assembly debated the bill under a government demand for urgent consideration. Under this procedure debate must be concluded within three days. It also requires urgent treatment from the Senate.

When Faure asked for the confidence vote at Tuesday night's session, he suggested that the ballot be held Thursday. Andre-Jean Godin, an Assembly vice president who was presiding, said such a timetable would put the measure outside the limit for urgent treatment.

The confusion became compounded at the start of last night's session when Assembly President Pierre Schmitter promised liberal application of the Assembly rule limiting speakers to five minutes. The first two spoke more than half an hour.

When the vote was taken after midnight, Schmitter announced the upper House would have a maximum of two months for its consideration. His statement caused considerable surprise.

Schmitter is a member of the Popular Republican Movement which has backed Faure solidly and is anxious for quick elections.

Some observers believed the Senate would take up the question as soon as it returns to work Tuesday. Others are taking plenty of time. Faure insists that early elections are necessary because important decisions, especially concerning North Africa, must be taken in the first half of 1956.

West May Ask Reds Act on German Vote

(Continued From Page One)

many, the Russian one would continue the German division.

DISCUSS OTHER ITEMS

While the unification issue still was considered the dominant one of the conference, the ministers will turn to item two of the agenda — disarmament — next week.

The Allies were to discuss today their common determination to refuse to be drawn into a protracted discussion by Moscow on this issue.

They felt there was nothing to suggest the conference could go beyond the positions reached by the U. N. Disarmament Subcommittee, whose membership includes Canada along with the Big Four.

The famous Swiss north wind "La Bise" has made these Geneva diplomats into sneezers, sniffers, coughers, nose blowers and pill takers.

Molotov has caught some sort of illness, although Soviet officials were unwilling to give the Swiss wind the credit. He spent yesterday in bed with stomach cramps and under a doctor's care.

Dulles' vitality apparently is stronger than Swiss wind or European germs but, many members of the Western delegations caught the flu.

Geneva drugstores do a land-office business selling patent medicines and cold cures during this season of the north wind.

If a man goes berserk while the wind is blowing, the courts are inclined to take favorably any defense statement that "it was caused by the wind."

Canada Grows Oats

OTTAWA — Official estimates place Canadian production of oats for grain at 436,000,000 bushels during 1955, an increase of 42 per cent over the 1954 crop but more than 200,000,000 bushels below the record harvest of 1942.

PLAN WHITE HOUSE CONFERENCE — Among those who will act as consultants for the White House Conference sponsored by the Pontiac Council of PTA are (left to right) J. Cecil Cox, assistant superintendent of schools; Mrs. H. Erwin Gottschalk, hearing consultant and Dr. Russell W. Curtis, coordinator of secondary education. The conference will be held Tuesday evening at 7:30 at Pontiac High School.

Pontiac Deaths

Mrs. George A. Briggs

Mrs. George A. (Bessie Mae) Briggs, 72, of 14 Liberty St., died Tuesday in St. Joseph Mercy Hospital. She had been ill one year.

She was born in Pontiac March 25, 1883, and had lived here all her life. Her parents were Albert and Sarah J. Case Robertson. She was married in Pontiac in December, 1900.

Mrs. Briggs was a member of the Nurses Aid at the St. Joseph Mercy Hospital nine years.

Surviving are two daughters and one son, Mrs. Blanche Smith of Brainerd, Minn., Mrs. Gertrude Vore of Williams Lake and Franklin Briggs of Fowlerville.

Other survivors include one sister and two brothers, Mrs. Ethel Allen of Pine Lake, Wilbur of Lake Orion, Albert of Pontiac, 12 grandchildren and six great-grandchildren.

Service will be held at 11 a.m. Friday in the Pursley Funeral Home with the Rev. R. C. Johnson of the Howell Church of the Nazarene officiating. Burial will be in Evergreen Cemetery, Lake Orion.

Frank Cupples

Service will be held at 3 p.m. Friday in the Hutton Funeral Home for Frank Cupples, 69, who died at his home, 30 Whittemore St. Tuesday. Burial will be in Perry Mt. Park Cemetery.

He is survived by four sisters and two brothers, Mrs. Mildred McGinnis, Mrs. Velma Leek, Mrs. Eva Watts, Mrs. Jennie Watts, Ralph and Percy Cupples, all of Ontario, Canada. Mr. Cupples had been ill five months.

Albert Harold Busch

Albert Harold Busch, 58, of 348 Branch St. died Tuesday at Pontiac General Hospital after an illness of two years.

Born in Pontiac April 1, 1897, he was the son John and Phila V. Conway Busch and was married in Toledo to Madeline Leatherman in 1939.

A driver of a Pontiac Cab, he

Merton J. Todd

Merton J. Todd, 48, of 300 Mt. Clemens St., died Tuesday in the Veterans' Hospital, Dearborn. He had been ill one year.

Born in Crosswell July 28, 1907, he was the son of John and Susan Gibson Todd and married to the former Mable Amer at Toledo in 1943.

A resident of Pontiac 35 years, he had been employed here by the Oakland Packing Co., and had served during World War II.

Besides his wife, he is survived by his mother and two daughters, Mrs. Margaret Reed of Wayne and

Belinda Jean Simpson

Prayer service will be held at 2 p.m. Friday in the William F. Davis Funeral Home for Belinda Jean Simpson, one month old daughter of Joseph and Roberta Simpson of 91 Hess St. The Rev. L. B. Miner of Macedonia Baptist Church will conduct the service. Burial will be in Oak Hill Cemetery.

The baby was born here Sept. 28, 1955 and died in Pontiac General Hospital Tuesday after a four day illness.

Belinda is survived by her mother and father, and a sister, Donna Marie at home.

Charlotte Woman Killed

CHARLOTTE (AP)—Mrs. Emma Britten, 57, of rural Charlotte was killed Wednesday night when a car struck her on M50, a mile north of Charlotte.

Mrs. Barbara Kesches of Flat Rock

Mrs. Barbara Kesches of Flat Rock. Two brothers also survive, Mierl and Clifford Todd, both of Pontiac.

Dr. H. H. Savage of the First Baptist Church will conduct the funeral service at 1:30 p.m. Friday in the Hutton Funeral Home. Burial will be in Perry Mt. Park Cemetery.

Belinda Jean Simpson

Prayer service will be held at 2 p.m. Friday in the William F. Davis Funeral Home for Belinda Jean Simpson, one month old daughter of Joseph and Roberta Simpson of 91 Hess St. The Rev. L. B. Miner of Macedonia Baptist Church will conduct the service. Burial will be in Oak Hill Cemetery.

The baby was born here Sept. 28, 1955 and died in Pontiac General Hospital Tuesday after a four day illness.

Belinda is survived by her mother and father, and a sister, Donna Marie at home.

Charlotte Woman Killed

CHARLOTTE (AP)—Mrs. Emma Britten, 57, of rural Charlotte was killed Wednesday night when a car struck her on M50, a mile north of Charlotte.

Bishop Denies Strain on Meg

British Prelate Asserts Princess' Decision was Not Coerced

LONDON (AP)—The archbishop of Canterbury denied last night that the Church of England had brought pressure on Princess Margaret to give up Peter Townsend.

The archbishop, Dr. Geoffrey Fisher, ranking prelate of the Anglican Church, made his statement on a television program of the government-sponsored British Broadcasting Corp. He broke his silence on the Margaret-Townsend romance, terminated by the Princess because of the Anglican ban on the remarriage of divorced persons, after some sections of the press had called for disestablishing the state church.

As the archbishop spoke, audiences at London movie theaters were hissing newscast scenes showing him at a recent opera performance.

The archbishop has repeatedly stated that the church does not countenance the remarriage of divorced persons whose former spouses are living.

Townsend, a Royal Air Force group captain, divorced his wife in 1952 on grounds of adultery.

Margaret's announcement Monday that she had decided not to marry Townsend came four days after she had a private 50-minute interview with the archbishop at Lambeth Palace.

First Snowfall Here Drops Power Lines

(Continued From Page One)

all service to be resumed this afternoon, Robert A. Sutton, Pontiac manager said.

Roads in Southfield Township were reported muddy and rutted this morning. Rochester and Ortonville reported rain all night with winds and snow today.

Four primary Edison lines were downed in outlying areas this morning, probably because of high winds, a company spokesman said.

Persons in West Bloomfield, Independence, Lake Orion and Highland were affected.

"Crews are out and troubles there are expected to be fixed soon," the spokesman said.

The City Airport said that winds were variable this morning, coming from the west at an average speed of 15 miles per hour. Gusts up to 25 miles per hour were recorded.

The Airport weather department had a bright note this morning. It was reported there that it's a clear day in Chicago, and that's where the wind is coming from.

But clear weather won't reach here until late tomorrow night, the Weather Department in Detroit said.

Before the weather cleared in Chicago, five traffic deaths occurred during a seven-hour snowfall.

Elsewhere in the State, Cape, 25 miles west of Port Huron, was reported isolated by a windstorm, filled with snow, which

Asks Merchants to Improve Area

City Commissioner John A. Dugan today challenged local merchants to make the downtown area "a better and more attractive shopping district."

Dugan's statement was issued in connection with an announced shopping center planned for Bloomfield Township, just beyond the Pontiac city limits at Telegraph and Square Lake Rds.

"The downtown merchants opposed very vigorously the annexation of this proposed shopping center which would have netted the city a fine income of taxes," the District 5 representative said.

"Now the downtown merchants still have this shopping center competition and the city will experience a loss of several thousands of dollars of tax money annually."

"I believe the downtown merchants are now obligated to the people of this city and should remodel and rejuvenate present buildings where needed and encourage other business to come to downtown Pontiac."

"If these merchants would work as hard to make our downtown attractive and adequate as they worked to discourage the proposed shopping center, Pontiac would have one of the finest shopping areas in the state."

Dugan added that the City Commission "has and will continue to supply ample parking for the downtown area."

Peron Visits Brazil on Leaving Paraguay

SALVADOR, Brazil (AP)—Juan D. Peron, deposed dictator of Argentina, stopped overnight in this Atlantic Coast city following his sudden departure from his exile in Paraguay.

Peron flew here yesterday from Asuncion and said he was going to Nicaragua. But there was speculation that his ultimate destination might be Europe.

Peron was granted exile in Paraguay after he was overthrown by the September revolution, but his presence caused disagreement within the government in that country on Argentina's northern border.

Strict Rationing Regulations Hurt Chinese Customs

HONG KONG (INS)—Instead of "R.S.V.P." invitation cards to weddings and other celebrations in some parts of Communist China carry the request, "Bring Your Own Rice."

This is the spreading fashion in Kwangtung Province—a result of the rigid control on the country's grain.

Rationed rice is so meager that the people have none left for feeding guests and visiting relatives. So, whenever one goes visiting one must cart along one's own supply of rice—or go hungry.

If the rendezvous is some distance away, a recipe coupon must be obtained from the local authorities. This coupon is then exchanged for a specified quantity of rice at one's destination. This applies also to travelers who must produce their coupons at hotels and restaurants.

Before the coupon is issued, it is necessary to fill in a form stating destination, the purpose of the trip, and the number of meals away from home.

The Answer Is God, E. M. Davis
Birdman of Alcatraz, T. E. Gaddis
Count Your Blessings, Israel Chodos
The Desert and the Stars, Flora Arncliffe
Eyes I Have Laid, Meredith Willson
Evidence for the Crown, Molly LeFebvre
The First Five Million Miles, Byron Moore
Handbook of Industrial Engineering and Management, W. G. Ireson, ed.
My Life with the Big Cats, Alfred Court
Our State Police, Irving Crump
The Spectator's Complete Handbook, E. L. Friedman
The Television Actor's Manual, Wm. C. Hendry
The Voice of the Desert, J. W. Krutch
Who Could Ask Anything More, Ethel Merman

Loving Husband Finally Pays Off on Lay-Away Gift

MEMPHIS, Tenn. (AP)—At long, long last, Mary Kelly had time on her hands today — the jeweled cocktail watch her husband selected as a Christmas gift for her 11 years ago.

Willie Kelly, a truck driver, saw the \$395 watch in a downtown

jewelry store in September, 1944, and made a \$2 down payment. He wasn't able to pay it out by Christmas, however — nor by the next Christmas nor the next.

The store agreed to hold the watch indefinitely, and little by little Willie paid in \$283.91.

The granddaddy of layaways was brought to light recently by columnist Lydel Sims of the Commercial Appeal. Readers from as far away as King Salmon, Alaska, chipped in \$105.50.

MAKE OVER PAGES Kindy Glasses
UNITED NATIONS, N. Y., (INS)—The United Nations announces it has purchased 28 sewing machines for home economics instruction in Korean schools.

The purchase was made by the U. N. Korean Reconstruction Agency and the U. N. Educational, Scientific and Cultural Organization through gift coupons bought by the public.

FLYING LABORATORY—Airway Flight Inspector Robert Luebke checks one of ultra high frequency transceivers while F. C. Emanuel, a CAA electronics engineer observes operation at DC3 flying laboratory, based at Kellogg Field, Battle Creek.

Watchdogs in the Sky

FIDO Fliers Stand Guard Over American Airways

BATTLE CREEK (AP)—The next time you buy air insurance before taking off on a flight, think about FIDO, too — it's an insurance policy you already have.

FIDO, which stands for the Civil Aeronautics Administration's Flight Inspection District Office, is a protector of the airways.

Typical is the FIDO office at nearby Kellogg Field. Assigned to it are William H. Ingram and Robert Luebke.

Their job, which amounts to a battle against inaccuracy and error, consists of fighting such things as bent radio beams, weak radio range signals, interference and even human errors.

For tools, they use two planes loaded with almost everything electronic. They even have one instrument which costs \$50,000.

Their job is to make sure the countless number of air navigation and landing aids maintain high levels of accuracy and dependability.

FLY IN PAIRS

Ingram and Luebke are among 52 pilots scattered across the country who check the airways. Usually, they fly in pairs in their airborne laboratories.

This FIDO team uses two planes—a DC-3 and a twin-engine Beechcraft. Sometimes, when they use the DC-3, they utilize a third man to aid them.

Flight checking must be performed on a rigid schedule. The 397 very high frequency radio ranges are flight-checked at least three times a year. The 154 in-

strument landing systems are flight-checked six times a year, to say nothing of the many other pieces of equipment which come under their watch.

For example, the glide path of an instrument landing system must not be off more than one-tenth of a degree. If the error exceeds this, the facility is closed until it is corrected.

These pilots flying in circles around a facility sometimes get buzzed from inquisitive military jets who want to know just what they're up to. Sometimes Ingram and Luebke circle over a facility dozens of times as they make all the necessary checks.

But this is only part of their job. When a plane goes down or is missing, they're required to make an immediate flight check if there is even a remote possibility that their work is involved.

OK Standard Car Plates

DETROIT (AP)—The Automobile Manufacturers Assn. says a single sized 6x12-inch license plate for motor vehicles will be issued by all jurisdictions on the North American continent by 1956. The Association said the American Assn. of Motor Vehicle Administrators had received assurances from all license issuing jurisdictions of co-operation in adopting the standard plate.

At Last! The Truth About Paris Models

PARIS (NEA)—Most people tend to think of Parisian mannequins as glamorous playgirls, whose main job in life is to present beautiful clothes in luxurious salons.

The president of the Mannequins' Association, Jany (Lucky) Fourman, has written to Minister of Justice Robert Schuman to register a protest on behalf of all her colleagues.

"Fifty per cent of the members of our association are married women and mothers," wrote Lucky (who has a daughter of 12). "While the job carries some prestige, it is poorly paid in return for hours of exhausting and strenuous work incompatible with a dissipated life."

"For this reason I beg to register a protest against an attitude which tends to discredit our profession."

There are some 200 young women employed by the top-ranking fashion creators who officiate as the short-lived priestesses of the goddess Fashion. Twice yearly, when they present the new spring and fall styles, they are envied by women the world over. Few realize what has gone on behind the scenes before the velvet curtain is raised.

For the girls who show the clothes and on whom depends the bread and butter of hundreds of obscure midwives, it represents hours of grueling work.

It is nothing for a mannequin to stand as long as 10 hours with scarcely a break while a creator tries out his new ideas. Then fit-

ters in their turn spend as many hours completing the creation.

Mannequins are, in fact, the "speed-up" girls of High Fashion. Yet the basic salary is only from \$100 to \$150 a month. Star mannequins can double, even triple this sum by posing for fashion pictures, but this represents only 10 weeks in the year.

In between they are in great demand to appear at balls, galas and exhibitions, for which they receive a fee ranging from \$15 to \$30. Then there are visits to the larger provincial cities and, since the war, trips to the four corners of the world.

Finally, a mannequin gets a small percentage on the sale of every dress she models, but this rarely represents more than an-

other \$30 a month. Most of the houses give their mannequins two dresses a year, but they can wear any one of the creations they model if they are invited to a private party.

It is no wonder therefore that only about 10 of these glamorous girls own a car. Neither do they think in terms of milk-money; many wear ready-to-wear clothes outside of business hours.

Besides the 200 mannequins at the top, there are more than 1,000 pretty girls employed by the ready-to-wear trade or specialty shops who live for the day when they will be singled out by a Dior or a Balmain.

In a category all their own are about a dozen free-lance models, the aristocrats of the profession.

They are very much in demand by milliners, hairdressers, accessory creators and shoemakers. Their fees range from \$45 for a show in Paris (four hours' work) to \$120 for an out-of-town job, all expenses paid.

Years ago a mannequin was content to remain a mannequin until she married or became too old for the job. Often she became a saleswoman in the same house.

Today modeling is considered by many as a stepping-stone to another profession. In recent years two have graduated to well-paid jobs on fashion magazines. Bettina, once Jacques Fath's top model, is now designing pullovers. Sylvie, who made her debut with

Dior, is now married to a successful young French movie star.

What are the qualities required of a Paris mannequin? "First, a great deal of stamina," says Lucky. "Next comes poise, personality and of course, the right silhouette, all three much more important than a pretty face."

New Motor City Jail

DETROIT (INS) — The new northwest precinct in Detroit was open 15 hours and 22 minutes Tuesday before its jail got a customer. First occupant of one of the clean, spacious cells was John Crowley, 39, arrested for drunkenness.

Nobel Prize Winner Sees Aid for Mentally Retarded

DETROIT (AP)—A Nobel prize-winning scientist predicts studies of the human body's molecular structure in the next 10 years will result in discoveries that will greatly reduce the number of persons born mentally retarded.

Dr. Linus Pauling, the scientist, said he believes new knowledge about enzymes, the catalysts of the body's chemistry, also will permit great strides in treatment of muscular dystrophy.

Dr. Pauling, head of California Institute of Technology's chemistry department, told an international symposium of bio-chemists last night.

"When you discover what makes enzymes work, then we will know the secrets of life,"

He added that bio-chemistry today is at the stage that organic chemistry was 100 years ago.

Dr. Pauling won the 1954 Nobel prize in chemistry for his work on protein structure and is one of five Nobel winners attending the symposium, sponsored by Henry Ford Hospital and Edsel B. Ford Institute for Medical Research.

"It is not unlikely," he said, "that diseases such as arthritis, rheumatic fever and possibly arterial sclerosis have a significant enzyme factor in them."

"About every 80th person is a carrier of abnormal genes. That is truly a molecular disease. If two such persons marry, there results the abnormality of mental deficiencies" (in a child).

But he forecast that in 10 years medical science will understand the role of enzymes and genes so much better that it will be possible to treat parents or infant and assure a normal youngster.
