2nd Courthouse Tax Vote Set for Nov. 2

Stars in Press Golf Show

Pontiac's Number One golf attraction for 1954 will be staged at 3:30 Tuesday afternoon by the Pontiac Press at the Pontiac Country club at Elizabeth lake.

"Chick" Harbert, new champion of the Professional Golfers' Association and one of the longest drivers in golf, heads a stellar foursome which will play 18 holes and then stage a golfing clinic.

With the PGA champion will be Walter Burkemo, former champion who lost out in the finals at St. Paul, and two brilliant young amateurs from this area. Miss Sally Sharp, the Pine Lake girl who has compiled a wonderful record this year and Lloyd Syron complete the foursome. Young Syron has been a teen-age standout for several years.

One of the professionals will pair with Miss Sharp and the other with Lloyd. Miss Sharp will receive eight strokes and the

match will be high-low, two points to the hole, thus keeping all four players in contention throughout.

Following the foursome, the two great professionals will conduct a golf clinic for about 30 minutes, demonstrating how they hit everything from a full drive to a pitch shot. Harbert is golf pro at Meadowbrook Country Club in Northville and Burkemo is golf professional at nearby Franklin Hills Country Club.

Originally the clinic was scheduled to take place before the foursome, but out of deference to the earlier twilight in late August, the two were switched. Remember, the foursome tees off at 3:30 sharp. Come out and there is right in your own back yard.

Green badges will be distributed on a voluntary basis for fifty cents apiece and every thin dime will go to the Boys' Club.

Half-Mill Levy Is Needed for County Building Bonds

Oakland County supervisors this morning authorized a second vote Nov. 2 on a half-mill tax increase to finance a \$4,500,000 bond issue for a new county courthouse.

Only one member voted against the proposal in a special meeting at the Oakland County Office Building.

The tax plan was turned down by voters Aug. 3, although they did approve issuance of the general obligation bonds. But the bond issue was made impossible when the added tax money to support it was vetoed.

With the bond issue already approved, the November vote will be on the money question alone. Supervisors stated that additional court and office space must be provided to handle increasing county business.

If the tax proposal fails again, supervisors said, they might be forced into a revenue bond issue to construct the building between Telegraph road and the city's West Boulevard boundary line.

It is estimated that to retire a revenue bond issue it would cost the county about \$1,500,000 more in interest than a tax supported general obligation issue.

Supervisors expressed confidence that if the need to supply more facilities to provide adequate public service is made clear voters will support the plan.

All the major TV networks will carry his talk live. So will ABC radio. The others plan to play back recordings later in the evening.

The talk is scheduled for 8 p.m., EST.

In advance of the speech, it was no secret that Eisenhower plans to plug the record of the GOP-run Congress, which completed action on its legislative program last Friday, as a record of which the administration is proud.

The President said that in so many words in a speech at the Illinois State Fair five days ago. He declared then he feels the voters, in the November elections, ought to send more Republicans to Washington to give his party greater control of the legislative branch.

The President, accompanied by Mrs. Eisenhower and a small White House staff, arrived here at midday Saturday for a long work-and-play vacation.

Within two hours after arrival, he got in a practice round on the golf course and then turned to business yesterday. He motored from the home of the First Lady's mother, Mrs. John S. Doud, to the Summer White House offices at Lowry Air Force Base and worked for 90 minutes with his aides on tonight's speech.

After returning to the residence of his mother-in-law, he and the First Lady took it easy the rest of the day. They did not attend church services.

The President also worked on the draft of tonight's speech during the six-hour flight from Washington Saturday. He gave some attention too to an outline of an address he will make at the annual convention of the American Legion in Washington Aug. 30.

That will be a one-day flight to the capital and back, with a stop in Des Moines on the return trip for a brief informal talk at the Iowa State Fair.

4 Killed, 53 Hurt as Streamliner Derails in Illinois

Santa Fe Chief Jumps Tracks En Route to LA With 200 Aboard

LOMAX, Ill. (AP) — The crack streamliner Santa Fe derailed just east of Lomax yesterday en route from Chicago to Los Angeles.

Of approximately 200 passengers, four were killed and 53 were listed as injured. Only the locomotive and a mail car of the 13-car train held the rails.

The rest zigzagged along the track, some crashing into a parallel string of refrigerator cars on another track. All remained upright except No. 9, which rolled onto its side.

It was No. 9 which contained most of the victims.

Two of the dead were identified by Henderson County Coroner Dean F. Beals as Edward S. Monty, Phelps, Wis., and Mrs. Gina Guilfi, Albuquerque, N. M.

Another woman and a man, both unidentified, were killed.

At least 13 of the injured were in serious condition in hospitals in Burlington and Fort Madison, Iowa, across the Mississippi River.

A hospital train carrying doctors and nurses was dispatched from Chicago by Santa Fe officials but state police at the scene reported about two hours after the accident additional help was not needed.

Santa Fe's regularly scheduled Train No. 11 westbound to Fort Madison arrived at Lomax about an hour after the crash and took some of the injured to that city.

A chief passenger, Dr. Edwin Henry Schorer, who proceeded on to Kansas City on another train after treating the injured at the scene, called it the worst wreck he had ever seen.

"The remarkable thing," he said, "was the lack of panic. I had to stop them from moving the injured before they were examined, but there was very little panic."

Among 30 patients taken to Sacred Heart Hospital in Fort Madison were 11 the hospital listed. (Continued on Page 2, Col. 6)

LANSING (UP) — The State Board of Canvassers today ruled that sufficient valid signatures have been received to order a November referendum on the question of legalizing charity bingo but opponents of the proposal indicated they may test the decision in the Supreme Court.

AMSTERDAM, Netherlands (AP) — A Royal Dutch KLM airliner vanished mysteriously today on a flight from New York and the Scheveningen radio reported a fishing vessel had sighted some lifebelts and packages in the North Sea off the Dutch coast.

Sailboat Upsets, Youth Drowns

James W. Curry, 19, of Oxford Township Is Victim; Cousin Saved

A 19-year-old youth drowned yesterday afternoon in an Oxford Township lake when his sailboat capsized, dumping him and a companion into the water about 30 yards from shore.

Dead is James W. Curry of 1355 E. Drahn Rd., Oxford Township. His cousin, Delmar Strickland, 24, of Cincinnati, Ohio, was unable to rescue the youth after the boat accident near the north shore of Barr Lake.

Strickland told Oakland County Sheriff's deputies he tried to pull Curry to shore, but lost his grip and the youth went under.

A passing motorist, Collins Culvahouse of 11350 Andersonville Rd., Davisburg, saw Strickland floundering in the water and rushed to his aid.

He swam out to the capsized boat, but was unable to locate Curry. Sheriff's deputies located Curry's body about an hour after the 1 p.m. mishap.

Dr. Harold Stahl of Oxford, a deputy Oakland County coroner, said drowning was the primary cause of Curry's death. He said the secondary cause was shock resulting from an insulin shot earlier that day. Curry was a diabetic.

Barr Lake is south of the village of Oxford and about 12 miles north of Pontiac.

Egypt Buys Nile Land for Scenic Highway

CAIRO, Egypt (U) — Britain has sold Egypt 1,750 square yards of the British Embassy garden bordering the Nile here for \$900,000. That works out to \$480 a square yard.

Egypt wanted the land to complete a scenic roadway along the river bank.

Mammoth Wooden Cross Dedicated by Bishop Babcock at Indian River

By WILMA GREENWAY Pontiac Press Staff Writer

INDIAN RIVER — Before a hushed audience of over 3,000 worshippers, the biggest wooden cross was dedicated here Sunday.

The solemn event took place at this Northern Michigan community at the only shrine in the world to an American Indian.

In the presence of church prelates, the Most Rev. Allen J. Babcock, bishop of the archdiocese of Grand Rapids, pronounced the words of consecration.

The mammoth redwood cross, rising 70 feet around the surrounding woodlands, seemed a magnificent symbol as the bishop spoke the Latin prayer of blessing: "Behold this unconquerable sign of the Cross by which devilish power

is destroyed and human liberty restored."

The sun shone on the heads of kneeling worshippers; the wind sighed through the pines and billowed the robes of the celebrants. An honor guard of Knights of Columbus, fourth degree commandery, from Bay City, formed an arch of swords under which Michi-

gan Bishop Babcock and Stephen S. Wozniak, church prelates, priests, and altar boys processions from distant points marched to the outdoor altar.

Attending the ceremony was Marshall Fredericks, Bloomfield Hills sculptor who designed the cross. Fredericks will do the sculptures of Christ, the Virgin, Mary Magdalene and the Apostle John, which will complete the crucifixion grouping.

He also will design and do the sculpture work on the remaining 13 Stations of the Cross which will complete the Way of the Cross.

Also attending were J. Alden Dow, who designed the \$140,000 church and Miller L. Keller, who donated the \$10,000 cross.

The Rev. Charles Brophy, who conceived the shrine and saw it

GOP Leaders Discuss Campaign Plans

MEET AT GRAND RAPIDS — Four GOP leaders are pictured at Grand Rapids as they discuss strategy in the forthcoming national and state elections at the state convention of the party, which ended Saturday night. Left to right are Donald S. Leonard, Sen. Homer Ferguson, Rep. Gerald R. Ford, Jr. and state Auditor John B. Martin, Jr. Ferguson, Ford and Martin are seeking re-election Nov. 2.

Terrorist Group Members Held

30 Airmen Suspected of Acting in "Pachuco" at Chanute Base

CHANUTE AIR FORCE BASE, Ill. (U) — Air Force officials announced yesterday that 30 young airmen had been seized as suspected members of a secret youth terrorist society they called "pachuco."

Col. Grover Wilson, technical training group commander at the base, said the men are in the guardhouse being held for questioning.

He said the questioning concerned "acts of violence and lawlessness ranging from AWOL, fenses and marijuana addiction to knife assaults on those who had information on the gang after signing a pledge in blood to obey 'the laws of Pachuco.'"

The Air Force revealed that Lt. Robert D. Whitley, chief of the juvenile division of the Los Angeles Police Department, flew to Chanute Friday to aid in the roundup.

Wilson said Whitley briefed airmen on how the Pachuco organization operates since he has had experience with similar gangs on the West Coast.

Saturday morning, segments of the bases complement of 15,000 airmen were assembled and ordered to strip to the waist. Some 175 were found with "unexplained marks or tattoos." Many carried switch-blade knives.

After extensive questioning, all but 30 of the 175 were released but kept under post arrest. The remaining men, said Col. Wilson, were "surlly and arrogant and living up to the code of Pachuco."

He said all had a "sign of Pachuco" carved into their palms or chest. This sign, he said, resembles a cross, with slashes added to honor "particularly outstanding acts of violence committed by the member."

Pontiac Youth, 18, Aboard Santa Fe Describes Crash

"I'm lucky to be alive. There were dead and injured people all around."

That was the way Gerald Hampton, 18, of 2395 Sylvan Shores Dr., described the Illinois train wreck to his father, James, in a telephone call last night.

Gerald left Pontiac at midnight Saturday to visit relatives and friends in Los Angeles before returning to the University of Michigan in about two weeks.

He caught the Santa Fe Chief in Chicago. The streamliner jumped the rails near Lomax, Ill.

Mr. Hampton said Gerald told him he helped rescue injured passengers.

"I broke through a window of the car (believed to be car No. 9) and helped rescue five persons," Hampton quoted Gerald as saying. "There were dead people all around in there."

In the confusion, Hampton said, his son evidently mistook unconscious passengers for dead persons.

"He didn't elaborate on the rescue," Hampton said. "But he did repeat several times, 'I'm lucky to be alive.'"

Airliner Warned Against Landing in Wild Storm

Braniff Airways DC 3 Cracks Up in Pasture 10 Minutes From Field

MASON CITY, Iowa (AP) — A Braniff International Airways DC3, warned not to land here because of a wild storm, crashed into a pasture yesterday, killing 11 of the 19 persons aboard. Eight were injured, two critically.

An earlier report had given a power failure at the airport as a factor in the crash, but airport officials said the report was erroneous. A power failure an hour later had disrupted some air traffic temporarily but had nothing to do with the crash, they explained.

The plane, northbound from Memphis, Tenn., to Minneapolis, was only about 10 minutes out from the field, Braniff officials said, when they radioed it to hold off landing because of the storm.

The field never received an answer, airline officials reported. The plane crashed on a farm 4 1/2 miles south of Swaledale.

Highway patrolmen reported a wire of a new high-voltage power line between Fort Dodge and Mason City had been snapped and they said they believed the plane had hit it.

Debris from the crash was spread along a line of more than 500 feet. Police said the plane apparently struck the ground, then bounced for some distance. The plane was demolished, only the tail section remaining relatively intact.

The plane's pilot, Capt. W. A. Pickering, 40, of Parkville, Mo., died at the scene of the crash. The co-pilot, W. B. Wilde, 31, of Minneapolis, died a short time later at the Hampton, Iowa, hospital.

The hostess, Miss Betty Ann Truly, 23, of Kansas City and Shreveport, La., was reported in "fair" condition at Mercy Hospital in Mason City.

Among the other injured in the crash were: Mrs. D. C. Col. 5)

Tuesday Forecast Is Warm and Humid

It will be warm and humid for Pontiac area residents tomorrow, the U.S. Weather Bureau says.

The forecast calls for partly cloudy skies and warm weather tonight, with a low of 68 to 72, and a high tomorrow of 89 to 93.

Yesterday in downtown Pontiac the temperatures ranged from 60 to 86. Saturday the low was 59; the high 84.

Today at 8 a.m. the mercury registered 71, reaching 85 by 1 p.m.

Parents' Responsibility Stressed Religion, Youth Activities Likely Delinquency Cures

Former Parks and Recreation Director Mrs. Lewis M. Wrenn today charged that Pontiac's recent wave of juvenile delinquency and youthful rowdiness reflect society's inability to handle a mounting problem.

Mrs. Wrenn, director of the city department in 1947, said she had observed the problem of juvenile delinquency since the end of World War II.

"The major responsibility of the juvenile's action belongs to the parents," she said.

"That both parents must be working in many cases, is appreciated. But such conditions have made the juvenile dependent only upon himself with little guidance."

She said the lack of moral and religious training in many homes is further encouraging youth to go astray. Mrs. Wrenn said that this lack of moral training is coupled with the fact that most youths today are independent, socially and financially.

"Many today are starting to work at earlier ages, or receive much more money from their parents than before," she added.

As a possible correction, she noted that more youth activities should be stressed and originated for juveniles. "As it is, the children want excitement to release energy. We can give their energies a better outlet with moral guidance," said Mrs. Wrenn.

Religious instructions in schools, although frowned upon by some in the past, would be a major step toward the solution, she said.

She recommended that religious instruction be offered to children in schools, each child receiving training in his respective religion.

Mrs. Wrenn noted that such moral guidance would deter much of the recent alcohol parties and sprees by juveniles and help decrease some of the crimes by minors.

The Day in Birmingham

Commissioners to Discuss Plan to Extend Oak Street

From Our Birmingham Bureau
BIRMINGHAM — A fairly light agenda for tonight's City Commission meeting will again bring into play the proposed Oak street extension.

The possibility of extending Oak across the island property which divides Hunter and Woodward has been favored for some time and negotiations between the city, Sonny-Vacuum Oil Co. and the State Highway Department have been going on since April.

With an eye to the future, commissioners will review a report analyzing this summer's weekly garbage collection. The merits of once-a-week or twice-a-week collections will be debated.

The city switched over to weekly collections this summer, but has received requests for a return to the bi-weekly system.

Already given top priority by the Recreation Board, a program for making improvements to Eton Park will be discussed. The board has recommended a shelter house, a lighted baseball diamond and landscaping.

A decision on driveways for the West Maple-Chesterfield fire station is expected to be made tonight.

Lawmakers had already approved construction of three drives, but the Fire Study Committee, in further review, has recommended that the drive running from the front of the station to Maple be eliminated.

"Scrambled Eggs Supper" by Dr. Seuss and "The Street Musicians," a Grimm fairy tale, have been announced as Kathleen Pickett's story hour selections at Baldwin Library tomorrow. Miss Pickett is children's librarian.

Story hour is held each Tuesday from 10:30 to 11 a.m. and children of kindergarten age and older are welcome.

A busy morning has been planned for tomorrow by women of the Congregational Church who will gather there at 9:30. Fingers will fly as the women offer their sewing talents, working on items for the winter bazaar.

Youngsters planning to attend tomorrow's YMCA Da-Y program don't dare be late, for the group will leave at 8:45 a.m. sharp for a six-hour train ride on the Grand Trunk Western Railroad.

Despite the fact that two new Catholic churches have come to the area, Holy Name Church reports a record registration since the first of the year.

As of last week's registration of newcomers, there were 1,082 in the parish. The previous total has been 980.

Adding to that, it was announced that school registrations have been closed in all but the first, second and eighth grades. Mother Praxedes, principal, said there are long waiting lists already.

One classroom was lost to the school this year. The Altnimi House, which doubled as a classroom, was torn down to make way for the new church under construction on Harmon avenue.

The Royal Oak Army and Air Force Recruiting Station reports the enlistment of three Birmingham youths into the regular Army during the month of July.

Bernard F. Convery of 24110 Finn Ct. joined the Quartermaster Corps

and Robert L. Reid of 29285 Southfield Rd. will be with the Corps of Engineers. Robert intends to complete high school in the Army's USAFI program.

Also going into the regular Army was Robert L. Snell of 1462 Webster.

Accidents Take Lives of Fifteen

Five Down in State, Auto Mishaps Claim 10 Over Weekend

By THE ASSOCIATED PRESS

Traffic accidents claimed at least 10 lives on Michigan highways over the weekend while five persons drowned.

All but two of the victims were under 40 years of age.

Clarence Albright, 33, of Bridgeport drowned Sunday in Lake Huron near Oscoda.

Ten-year-old Robert Parrot of Muskegon drowned Sunday when he stepped off into a deep hole in the Grand River near Grand Rapids.

A head-on auto collision claimed the lives of two persons early Sunday on M56, 15 miles southeast of Grand Haven. Albert Yonkers Jr., 24, of Grand Rapids, and his passenger, Susan Little, 21, of Vicksburg, were dead on arrival at a Grand Haven Hospital.

Paul Frederick Jacques, 19, of Marine City, was killed Saturday night when his convertible went out of control and overturned on the outskirts of Marine City.

Wilfred H. Martin Jr., 23, of Detroit, died late Saturday beneath the wreckage of his overturned car in a ditch along a country road in Westphalia Township, 18 miles northwest of Lansing.

Patricia Ott, 14, of Grand Rapids drowned late Sunday afternoon while swimming in Lake Michigan at Grand Haven.

Mrs. Dolly Douglas, 54, of Huron Township, was fatally injured Sunday in a two-car collision in Romulus Township.

Larry Hites, 3, of East Rockwood, died Saturday of injuries suffered in a two-car collision in Brownstown Township.

Leon Merrivether, 36, of Detroit, was killed Sunday when his car went out of control in Farmington Township and crashed into a bridge abutment.

Jerry McIntyre, 16, of Lincoln Park, drowned Sunday while swimming in Otsego Lake.

James Curry, 19, of Oxford, drowned Sunday when his sailboat capsized on Barr Lake near Oxford.

Ardia Davis, 27, of Battle Creek, was fatally injured Sunday when his motorcycle and a car collided on U.S. 12 near Battle Creek.

Henry Verlinde, 66, Grayling farmer, was fatally hurt in a collision between their car and a truck Sunday on US23 ten miles north of Bay City.

Elmer H. Leek, 34, of Livonia, suffered fatal injuries Saturday when his motorcycle and a car collided outside Detroit.

DIVERS UNSUCCESSFUL — Helmeted diver Carl Carlson of 15411 Park Rd., Plymouth, and skin diver Jack Howie of 1601 E. Lake Dr., Walled Lake, (seated on raft) were equally unsuccessful Saturday in attempts to find the bodies of two children who drowned a week ago Sunday when an overloaded motorboat capsized in Walled Lake. Also employed during the past week in the search for the bodies of Virginia R. Couch, 13, and Robert W. Nunnery, 6, both of 8025 Melville, Detroit, were Oakland County sheriff's deputies, skin divers and a single-engine plane that viewed the lake from the air.

Jesse P. Hildebrand on Torch Committee

BIRMINGHAM — Added to the Detroit Torch Drive campaign committee today was the name of Jesse P. Hildebrand of 481 Pleasant Ave.

Don E. Ahrens, general campaign manager, said Hildebrand's job will be to secure 200 volunteers for canvassing small businesses and trades.

Hildebrand is general director of purchasing for the Fisher Body Division of General Motors Corp.

Detroit Woman Injured in Waterford Collision

A Detroit woman was hospitalized Sunday when the car in which she was riding struck the rear of another on Highland Road at Crescent Lake Road in Waterford Township.

Miss Phyllis V. LaPine, 25, of 2618 Brooklyn was a passenger in a car driven by David A. Moisan, 28, of 13839 Washburn, Detroit, when it collided with a car driven by Patrick G. McElroy, 16, of 3880 Faber, Waterford Township.

Miss LaPine, who sustained a compound fracture of the left leg, is reported in good condition today at Pontiac General Hospital.

11 Killed, 8 Injured in Iowa Plane Crash

(Continued From Page One)

Mason City hospital was Mrs. Milton Schoenberg, 54, of Denver, one of two crash victims reported in critical condition. The other, hospitalized at Hampton, was Mrs. Lee Nichols of Minneapolis. Mrs. Schoenberg's husband died in the crash.

Rescue workers had to cut through the tangled wreckage with torches to free some of the groaning passengers. The workers said there were repeated cries of "Get us out! Get us out!"

After the dead and injured were removed, Iowa National Guardsmen moved in to keep spectators from the scene pending arrival of federal officials expected here today to investigate the crash.

In Dallas, Braniff officials said it was the first fatal crash of one of the line's planes since 1939.

One of the injured in yesterday's crash was Robert Reitsch, 48, of Rockford, Ill., captain and center of the 1927 University of Illinois football team. Reitsch is vice president of Reitsch Bros., a Rockford building materials company. He was flying to the Dakotas on business, Reitsch was reported in fair condition with a spinal injury. A son, Bob, was a guard on the U. of I. basketball squad last year.

Cross Is Dedicated at Indian River Site

built, spoke during the dedication ceremony. The Rev. Charles Decker, present pastor, and his assistant, Father Edgar Theriault, also participated in the service.

Drawing a comparison between the destructive forces of communism and the American ideal of freedom, Bishop Babcock in his address referred to the cross as a symbol of the love and mercy of God.

"Here in this great and free land of ours, we gather together to raise a cross instead of tearing it down," the bishop said.

"What a glorious ceremony to elevate where it can be seen by land, by water, and by air, the cross in whose sign we can conquer."

The shrine to Kateri Tekakwitha, an Indian maiden now proposed for sainthood, grew up in eight years out of a tiny mission parish that still has only 30 families in its membership. Located on U.S. 27 on the route to the Straits of Mackinac, the church and its 14 acres of woodland attracted tourists and vacationers from all over the United States.

Money poured in from near and far from those who saw the fitness of building a shrine to a simple, saintly Indian girl in the midst of the Indian country of Michigan. Church dignitaries foresee the time when the Indian River Shrine will draw pilgrims from all over the world.

Visibly moved after dedicating the largest shrine, Bishop Babcock said of the shrine:

"I am convinced that this will be perhaps the leading shrine in the United States, a religious center for tourists from all over the nation."

Birmingham Girl Cited for Good Campmanship

BIRMINGHAM—Suzette Ripping-ille, 14, of 808 Colonial Ct., was one of 50 students honored for good campmanship yesterday when the summer season at the National Music Camp at Interlochen ended. The daughter of Frank Ripping-ille, Suzette is a flutist and attends Birmingham High School.

State Republicans Pledge Full Support

(Continued From Page One)

"I'm a Republican and always will be" and urged his supporters to back Cleary as they would him.

Edward Wilson, county GOP chairman, said, "The men nominated are all outstanding. Our platform incorporates the things most needed by Michigan people. It's up to us to get the facts before Oakland County citizens and bring a Republican sweep in November."

The defeat may at least temporarily push Higgins, a state legislator since 1939, out of the political spotlight.

State Rep. William S. Broomfield (R-Royal Oak) won nomination to run for the Ferndale senator's post in the Aug. 3 primary. Broomfield will be opposed Nov. 2 by Democrat Fred Elias.

Higgins had no immediate comment as to what his political role will be after his present term expires Dec. 31 this year.

Renomination of the incumbent was added when gubernatorial candidate Donald S. Leonard held his pledge that he would not endorse any particular candidate.

Leonard repeatedly stated that as long as there was no vacancy on the ballot he would not stir up resentment by trying to "jettison" one of the incumbents.

The Republicans, like the Democrats, have no Upper Peninsula man on their ticket.

The Democrats nominated their four candidates for state administrative posts here Aug. 14.

Present Republican Lt. Gov. Clarence A. Reid and Philip A. Hart, Birmingham democrat, were named by voters in the primary to oppose each other for lieutenant governor.

Leonard will be opposed by Gov. G. Mennen Williams who is attempting something no one else—Democrat or Republican—ever did, win a fourth term as Michigan's governor.

Running with Williams and Hart are James M. Hare for secretary of state, Sanford Brown for state treasurer, Thomas M. Kavanagh for attorney general and Victor G. Targonski for auditor general.

The platform adopted at the convention recommended that the state adopt a fair employment practices act "which would clearly prohibit discrimination."

Legislation to curb juvenile delinquency was also called for.

The platform urged expansion of state economic development through an effort to bring new industry to Michigan and asked for passage of a grading and marketing law for farm products.

Resolutions passed praised the Eisenhower administration plus the Republican state legislators for accomplishments during the past two years.

They specifically commended GOP state lawmakers for their part in adopting legislation permitting construction of the Mackinac Straits bridge and Michigan Republicans in congress for their efforts in passing the St. Lawrence Seaway act.

Two were listed by the Burlington Hospital in Burlington as in serious condition: Mrs. Merle McMullen, 2517 Broadway, Huntington Park, Calif., and Mary Burke, Tucson, Ariz.

ALYSANNE H. DOVE

Alysanne Dove Given Teaching Scholarship

BIRMINGHAM—A search for the best-qualified young college woman to receive a \$500 scholarship from the local branch of the American Assn. of University Women ended over the weekend with the naming of Alysanne H. Dove as recipient.

Since last May the AAUW had been taking applications from students, with the stipulation that the girls be entering either their junior or senior year in a field leading to a teaching career.

Miss Dove, a pretty 20-year-old Michigan State College junior, is the daughter of Mr. and Mrs. William E. Dove of 640 Wallace.

She plans to major in elementary education and is now majoring in social science, with minors in speech and science.

She is also an accomplished pianist and was accompanist for her school glee club. She accompanied the Birmingham High School capella choir until her graduation in 1951.

Miss Dove was awarded music scholarships to Michigan State College and Interlochen in 1949 and 1950, respectively.

She is on the committee for the water carnival and for the Spartacade at MSC. She has also been vice president of Mason Dormitory and has been active in other dormitory functions.

Gets 4 to 5 Years in Jail for Theft of \$230 in May

Elmer F. Cook, 54, no address, was sentenced to four to five years in Southern Michigan Prison at Jackson today by Circuit Judge Frank L. Doty for stealing \$230 from his employer May 28.

Cook pleaded guilty to grand larceny Aug. 16 admitting that he took the money from a bar at 35 S. Telegraph Rd., Waterford Township.

Detroit Injured in Freak Accident

A Detroit woman was injured in a freak accident Sunday when a parked car rolled down a slight incline at White City Beach at Cass Lake and one of its open doors knocked her to the ground.

Miss Sally Brenner, 27, of 1657 Atkinson, Detroit, the accident victim is reported in poor condition today at Pontiac General Hospital with face cuts and bruises and possible back injuries.

Miss Brenner was struck down by the right door which was left open on the car of her brother, Jerry M. Brenner, 29, same address, according to Oakland County sheriff's deputies.

Brenner said the brakes on his car were set but that the incline was too steep and when he closed the car's trunk the auto rolled down the hill about 20 feet, struck his sister, and was halted by a telephone pole.

Beer Store Damaged in \$3,000 Fire Today

BIRMINGHAM—A fire Saturday night at Ritter's Beer Store, 297 E. Maple, caused more than \$3,000 damage, Fire Chief Vernon W. Griffith estimated today.

The fire apparently started from a lighted cigarette left in the store. Griffith said much of the damage was caused by smoke, which also entered a grocery store next door.

The blaze was discovered by a passerby 90 minutes after the store closed.

Pilots, Airline Agree to Truce

American Planning to Renew Flights Pending Full Settlement

WASHINGTON (U) — American Airlines and its striking pilots have reached a partial settlement — but whether pilots will return to work in advance of a full agreement remains in dispute.

American said last night it plans to resume operations Wednesday after a 23-day shutdown. It said the pilots would at that time return to work, manning disputed transcontinental nonstop flights.

A spokesman for the AFL Airline Pilots Assn. said, however, that the arrangement worked out yesterday with the help of federal mediators was a truce, not a final settlement.

The union spokesmen did not make clear whether the "truce" included an agreement to end the strike. Local unions in Nashville, Tenn., and Fort Worth, Tex., said their negotiators in Washington had instructed them not to return to work until all details of a strike-ending agreement are worked out.

Pilots struck in protest against the scheduling of westbound nonstop transcontinental flights of more than eight hours. They demanded a crew-change stopover. J. J. O'Connell, master council chairman of the union, said, "We want it clearly understood that it's only a truce. There are a lot of things that still have to be worked out." One is the selection of a neutral party to recommend a non-binding solution for the dispute.

A neutral study was part of a national mediation board proposal for ending the walkout.

The conclusions were:

1. Resumption of nonstop west-bound flights.
2. No other flights of more than eight hours.
3. No loss of seniority or other action against pilots, who would return to duty as their services were needed.
4. Appointment of a neutral to recommend a permanent solution.

Jap Strikers Call Up Canine Reinforcements

TOKYO (U) — Workers participating in Japan's unique "human rights" strike against the Omi Textile Co. have called for canine reinforcements, the Japan News reported.

The strikers, who object to the alleged management practice of forcing employees to take part in Buddhist services dedicated to the management, have engaged in an off-again, on-again strike.

Right now the strike is on. The Omi management has installed three German shepherd dogs at their Osaka headquarters to prevent strikers from entering the area.

One of the dogs bit a striker, and the workers retaliated by calling for canine "volunteers". First to be offered was a 120-pound Tosa fighting dog.

And one striker donated to the strike committee a full-grown Hokkaido bear.

Reed-Winfree Team Is Winner of Road Race

LINDEN, N.J., Aug. 22 (U) — The two-driver team of Jim Reed, Tarrytown, N.Y., and Andy Winfree, Greensboro, N.C., tonight won the American-Le Mans auto endurance race at Linden Airport, finishing 30 miles ahead of the second car in the 840-mile half-day grind.

Mother of Two Held in Male's Shooting

YPSILANTI (U) — Mrs. Wanda Louise Stevens, 25, mother of two boys, was held for investigation of felonious assault today in the shooting and wounding of her husband, Eugene.

State police said Mrs. Stevens admitted firing a shotgun at her

husband Sunday after a quarrel. Stevens, shot in the right side, was reported in serious condition at Beyer Hospital. He underwent emergency surgery.

The police said Mrs. Stevens admitted protesting over her husband's decision to go out after the dispute and shooting him as he was combing his hair while "fixing up."

The couple's sons, 4 and 6 years old, were outside the house at the time.

Face Indictment in Thrill Killing

4 Brooklyn Teenagers to Be Charged With 2nd Torture Slaying

NEW YORK (AP) — The state today will ask a Brooklyn grand jury to indict for first-degree murder four teen-age terrorists who allegedly tortured and battered harmless people just for thrills.

Police said two of their victims were killed. The shocking reports of the four-some's brutality brought new vigor to a police campaign already started against "undesirables." Over the weekend more than 600 persons were rounded up by police on the lookout for hoodlums and toughs.

Police also had their eyes open for any would-be imitators of the kill-for-thrill gang. One alleged band of imitators was caught only after its victim, Joel Ewen, a 19-year-old student, stumbled into a police station with his face covered with blood. He reported he was set upon by three youths, the leader of whom yelled at his victim:

"I'm Koslow, the thrill killer." He referred to Jack Koslow, 18, already jailed as the alleged leader of the four who police say prowled Brooklyn parks viciously beating helpless men and, in one case, horsewhipping two young girls.

Koslow is now being held for assault. His three buddies — Melvin Mittman, 17; Jerome Lieberman, 17; and Robert Trachtenberg, 15 — are under indictment for homicide in the death of one of the victims. All four are reported by police to have admitted taking part in the second death, for which the first-degree murder indictment is sought.

Koslow's attorney, Murray Cutler, said over the weekend he planned to ask Brooklyn County Court to transfer the youth from jail to Kings County Hospital for psychiatric care. A similar request made in State Supreme Court last Friday was turned down.

The Koslow imitators who attacked Ewen were identified by police as Anthony Ferrantino, 21, Clifton, N.J., and Frank Lyons, 20, and Eugene Mooney, 23, both of Brooklyn. They were held in \$5,000 bail each on third-degree assault charges.

EXCHANGE ENROLLS—Milford's sole foreign exchange student, Erwin Olschowsky, 17, of Kessel, Germany, is pictured registering for his year at Milford High School. At left is Principal E. M. Johnson. This is the fourth year that a foreign student has spent his or her senior year in Milford. Three visited last year.

Program Promotes Friendship

German Exchange Pupil to Spend Year at Milford

MILFORD—Fast adapting himself to American life, 17-year-old Erwin Olschowsky of Kessel, Germany, has already begun teaching German to 12 Milford youngsters. Erwin is this year's foreign exchange student taking classes at Milford High School. Last year, three foreign students spent a year here.

Chosen from more than 200 applicants, Erwin is making his home with the Harold Meagher family on Burns road. His selection was based on his fine scholastic record and his ability to speak English fluently.

Erwin's 12-month visit is sponsored by the American Field Service, which also enables American youngsters to spend summers in Europe. The entire program is designed to promote better understanding and friendship between America and foreign nations.

Erwin conducts the German classes on the lawn of the Meagher home at 11 a.m. every day.

Although Mr. and Mrs. Meagher have five children of their own attending school, they feel that having Erwin with them helps create a more democratic way of life for them and their children.

Kids Aid Clinic, Present Show of Song, Dance

WESTACRES—Two young to attend the dance at the Walled Lake Casino Saturday night to raise funds for the Dr. O. R. MacKenzie Memorial Clinic, six youngsters here held a benefit show of their own.

Elaine, Anita and Margi Zuchet rounded up Judy and Mike Garrels and Mary Schroeder and staged a program of songs and dances in the Zuchet garage.

They'd held similar shows the two previous summers, charging the audience no admission and passing out lemonade and crackers on the house.

But this year they had a cause and the 35 playmates and neighbors who attended chipped \$3.25 into the "Dr. Mac" fund kitty.

The clinic fund is especially important to some of the six, for Dr. MacKenzie brought them into the world. He died last year in an auto crash.

More Than 40 Attend Epler Family Reunion

AVON TOWNSHIP—Four generations of one family were represented as the Epler clan gathered yesterday at the home of Russell Epler, 4161 Rochester Rd.

Ike Plots Nixon Campaign Tour

President to Spearhead
GOP Election Drive in
Talk Tonight in Denver

WASHINGTON (AP) — President Eisenhower has assigned Vice President Nixon to campaign for Republican Senate and governor candidates in a series of tours which will take him into about two thirds of the states before the November election.

Eisenhower himself will keynote the campaign tonight with a half-hour radio-television review of the record of Congress from Denver.

The speech is scheduled for 8 p.m., EST.

While the President plans visits to several states, he apparently is counting on Nixon as a stand-in for the kind of openly political campaigning he himself doesn't like to undertake.

Nixon, on a 10-day vacation in Maine, will assay the political situation in conferences with individual members of the Republican National Committee in a three-day workshop session at Cincinnati from Aug. 30 through Sept. 1.

Eisenhower and Nixon apparently won't waste any time campaigning in the South. Eisenhower has said he has no plans to speak in Dixie. Nixon will invade Kentucky and possibly some other border states but will go no farther south.

Nixon, who discussed campaign plans with the President at a White House breakfast before Eisenhower left for Denver, is expected to follow closely the theme the President sets in tonight's address.

The White House already has claimed a high batting average of accomplishments for the Republican-controlled Congress and Sen. Knowland of California, the GOP floor leader, pointed this up over the weekend with the declaration that Congress and the administration "have given the nation its greatest period of prosperity in history."

There was some dissent to this from the Democratic side.

Sen. Clements of Kentucky, head of the Democratic Senatorial Campaign Committee, put in the Congressional Record a series of tables showing labor surplus areas in 31 states with the observation that he believes four million or more persons are now unemployed.

Reporting this yesterday, the Commerce Department said states showing the biggest gains in 1953 were Michigan, Florida, South Dakota, Ohio, Indiana and Nevada. Individual income totals rose from 9 to 12 per cent in these states with \$2.175 per person.

Five states reported lower personal income in 1953 — Wyoming, Nebraska, Kansas, Idaho and Iowa. Mississippi showed a gain but still had the lowest individual average, \$834.

Personal income nationwide was listed as totaling \$270,577,000,000 in 1953 compared with \$256,091,000,000 the year before.

U. S. Navy Trains "People of Love" in Nautical Skills

SAN DIEGO, Calif. (INS)—Uncle Sam is training a handful of his "people of love" into warriors at the Naval Training Station in San Diego.

Furthermore, the new recruits hail from a chunk of American real estate where there is no poverty, very little crime and less unhappiness — because the inhabitants love each other.

They are 84 enlistees from American Samoa, the first men from their island home to be recruited into the U. S. Navy in modern times. And they are eager to prove that the navy has waited overlong to start recruiting in the South Pacific paradise.

The recruits were signed up this year by a Navy recruiting team that was sent to Samoa at the request of the island government. High enlistment standards were set, and many Samoans who wanted to join were turned away before the 84-man group was formed.

The Samoans describe themselves as "a people of love" who have the highest affection for one another, the U. S. and "all the peoples of the world."

As to their service in the navy, one of the group, Siulagi Fili-faleasa, put it this way:

"We want to serve the United States because you have been good to us."

He added that his people are happy to have their island a terri-

tory of the U. S. and do not desire independence or statehood. But, like all other servicemen, the "boots" have a few gripes. One is San Diego's weather, which they regard as much too cold for those accustomed to South Pacific weather.

Allocates Cancer Funds

NEW YORK (AP)—The American Cancer Society Sunday announced the allocation of \$5,530,000 for its cancer research program. The grants included two of \$71,265 to the Wayne University Medical School and the Detroit Institute of Cancer Research.

British railways have 500 different types of steam locomotives, but plan to reduce the number of types to 12.
