

Armed Bandit Robs Grocery

Surprises Clerk Who
Was Counting Money;
\$303 Taken

An armed bandit made off with \$303 from a city grocery store last night after surprising a clerk counting the day's receipts just before closing time.

Neither the clerk, Veimer Croteau, son of the owner, or stockboy Joseph Hensel, 16, were hurt in the holdup at the Edison Street Food Market at 185 Edison St.

Pontiac police had little to go on in investigating the incident today because of a limited description given of the robber. "They said he had his face well covered with a hat pulled down and his coat collar pulled up," explained Det. Robert Wachal.

He is believed to have fled from the scene in a car as a customer entering the store just after the robbery reported seeing a car speed away.

The holdup took place at 7:30 p.m. Croteau was finishing counting cash when the bandit walked in, pointed a gun at him, and instructed him to put all the money in a bag and hand it over, Wachal said.

He said the gunman made the clerk lay down on the floor and kept his revolver pointed at the seated stockboy before making his getaway.

Red German Flees to West Side

BERLIN (AP)—A former deputy premier of East Germany's Communist regime has fled to West Germany, it was reported today.

A West German official, who declined to be identified, said Herman Kastner, 69, came to the West several weeks ago and is living in Bavaria under an assumed name.

Kastner was deputy prime minister in the first East German Cabinet — from October 1949 to October 1950.

Elderly Pair Escapes Avalanche of Steel

PERRY, Mich. (INS)—An elderly Battle Creek couple had only minutes to show today after narrowly escaping death under 20 tons of steel.

William Nichols, 74, and his wife, 71, were driving near Perry, yesterday when their auto sidestepped an oncoming car and careened off the road.

The steel-laden truck, which had pulled off the highway to avoid the accident, toppled onto the elderly couple's auto.

The Nichols were trapped and their car was slowly being crushed by the steel when Ralph E. Warren happened by with a truckload of heavy timbers and hydraulic jacks.

Warren used the materials to shore up the steel truck so the car's window brace could be removed and the couple freed.

Exiled African and White Wife Returning to Tribe

LONDON (INS)—Seretse Khama, the man who lost an African tribal chieftainship for love of a white woman, ended six years of exile today when he boarded a plane in London for his native Bechuanaland.

Khama married the white woman while attending an English university despite warnings from the British Government which later deposed him as chief of the Bamangwato, largest tribe in the protectorate of Bechuanaland.

The British Government lifted his exile recently after Khama renounced all claims to the chieftainship now held by his cousin.

Before leaving London today, he told newsmen, "It is my task to make my people realize the changed situation."

There has been tribal agitation for Khama to return as chief. Khama's wife, Ruth and their two children will join him at the end of October.

Stravinsky in Munich Reported Seriously Ill

MUNICH, Germany (AP)—Composer Igor Stravinsky was confined to his bed in a Munich hotel today, reportedly suffering from gripple and sciatica. The latter is an ailment characterized by sharp attacks of pain in the hip and thigh.

Sources here said the condition of the 74-year-old musician was serious.

Royal Holiday Ends

LONDON (AP)—Queen Elizabeth II and her two children returned to London today after their annual summer holiday at Balmoral Castle in Scotland.

PRESIDENTIAL CITATION—For their employment of the physically handicapped in their Waterford Township factory since 1932, Mr. and Mrs. John H. Parsons, of Independence Township, yesterday received this "Award of Merit" from Vincent P. Hippolitus (right), liaison officer for

President Eisenhower's Committee on Employment of Physically Handicapped. The award was presented to the Parsons at yesterday's dedication ceremony for the new Goodwill Industries retail store opening at 77 S. Saginaw St.

Ordinances Up for City Action

A diversified slate of three proposed city ordinances up for first reading and possible revision of Pontiac's 1951 milk ordinance all have a place on a 21-point agenda which is slated for City Commission action tonight.

A vote is expected on a request from Community National Bank to construct two submersible cages on East Lawrence street to serve drive-in bank customers.

The proposed cages will be constructed so as to be raised to street level by lifts and to be lowered out of the way at closing time.

New ordinances will be offered prohibiting the sale of new and used auto parts on Sundays, establishing a Civil Defense format for defense operations in the city, and one providing jurisdiction regarding yield right of way traffic signs in Pontiac.

First Time in 25 Years

VA to Pay \$236 Million in Dividends on Insurance

WASHINGTON (AP)—Some 3,500,000 veterans will receive about 236 million dollars in dividends on Veterans administration insurance during 1956.

Veterans Administrator Harvey V. Hixley, announcing this today, said all the payments will be "regular annual dividends, not special dividends."

However, some 20,000 veterans holding U.S. Government Life Insurance term policies will get their first dividend in 25 years, sharing about one million dollars.

A VA spokesman said there was no political significance in the fact that these veterans received their first dividend in 1932, during the Republican administration of President Herbert Hoover, and that their next "annual" dividend, 25 years later, was announced in this election year by the Eisenhower administration.

He pointed to the formal announcement, which said that: "Up until recently the mortality and disability experience among these term policy holders has not been good enough to warrant the payment of a dividend. However, the continuing good trend of recent years has made it possible to pay a dividend on this plan for the first time in 25 years."

There will be 210 million dollars in 1957 dividends for some five million veterans holding National Service Life Insurance, about 25 million dollars more than was made available for 1956 dividends.

The million dollars to be paid

The NSLI dividend will average 13 per cent higher to holders of both term and permanent policies, with higher age groups getting the bulk of the payments that will run above 13 per cent and lower age groups the bulk of those falling below the average.

Wind Tips Seaplane, All 5 Aboard Safe

CLEVELAND (INS)—Three Grosse Pointe residents and two Ohio men were dunked in Lake Erie yesterday when an 11-place seaplane nosed on take-off from Cleveland.

The Coast Guard rescued Gustave H. Bobertz, 52, of Grosse Pointe, Hugh G. Webster, 49, and Robert E. Klara, 51, both of Grosse Pointe Park, Paul Knacht, 35, of Akron, and Robert T. Dorsey, 40, of Cleveland.

The plane was leaving on a regularly scheduled Cleveland-to-Detroit flight late yesterday afternoon when a 28-mile wind dipped one pontoon. The plane keeled over and sank with only the pontoons above water.

Pontiac General Hospital is expected delivery Thursday of 45 new bassinets for the hospital's nursery. They were purchased from proceeds from the 1954-55 "High Fever Follies."

Miss Lauretta Paul, hospital director, said 45 more bassinets are on order to be financed by the 1956 show scheduled Oct. 24-25.

Poznan Riots Cause Polish Pilot to Flee

COPENHAGEN, Denmark (AP)—Zygmund Gosciak, the Polish air force lieutenant who defected to the Danish island of Bornholm in a brand new Soviet MIG fighter, told interviewers today the Poznan riots influenced him to attempt his freedom flight.

He was granted political asylum by Danish authorities. He skidded his improved model MIG to a perfect belly landing at Roenne's incompleted airport after narrowly escaping being shot down by Danish anti-aircraftmen Sept. 25. He was the third Polish airman to escape to the island of Bornholm by flight across the Baltic Sea.

Gosciak told a news conference: "Any day the Polish people may rise again. How could the Poznan trials condemn people for wanting to live?"

'Undue Tax Burden' Cancels '56 Payment

COVINGTON, Ky. (AP)—The citizens of nearby Park Hills won't have to pay taxes this year. The City Council unanimously agreed to waive the tax collection for 1956 rather than give residents "an undue tax burden."

In Park Hills, citizens were slated to pay 1956 taxes by Jan. 1. Since assessments for 1957 taxes coincide with that date, they would be payable three months later. The council plans to borrow enough money to tide the city over until 1957 tax payments are made—expected to be about \$5,000.

Question 2 Juveniles on Destruction Charge

Two area juveniles were being questioned today by Pontiac State Police as suspects in an investigation of malicious destruction at a Waterford Township cottage. The building was damaged to the extent of \$1,000 and is located at Cedarlawn and Mapleleaf roads.

The damage was discovered Sunday night by owners, Mr. and Mrs. W. H. Caswell of Detroit.

The youths were apprehended today after police learned Mrs. Caswell found two teenage boys sleeping in an upstairs bedroom of the wrecked home last night when she arrived to do some cleaning.

NEW TRIBE BOSS?—Kerby Farrell, above, is reportedly in line to succeed Al Lopez, who resigned as manager of the Cleveland Indians. Farrell played Indianapolis of the American Association crown and won the "Little World Series" this year. Tribe General Manager Hank Greenberg denied a report that Farrell has already been signed, but admitted that he is "definitely under consideration."

Jury Deadlocks in Murder Case

Former Pontiac Man
Faces Retrial in Miami
After 3-3 Split

A 3-3 split by Criminal Court jurors in Miami has forced a new trial for Samuel Lee Trimble, former Pontiac resident accused of second degree murder last December of the wife of his best friend.

Trimble, 29, employed by a Pontiac floor sanding firm last fall, is accused of running his car over Mrs. Clara Jean Bass, 20, former Pontiac waitress and expectant mother.

Jurors said they stood three for conviction on a manslaughter charge, an included offense in second degree murder cases, and three for acquittal.

A new trial will be rescheduled with Trimble remaining free under bond.

The state contended Trimble drove over the woman "intentionally" after she had stumbled and fallen on the roadway in a deserted section outside Miami. He claims it was an accident.

Pontiac Deaths

Mrs. Ralph Laing

Mrs. Ralph (Flora M.) Laing, 76, a former resident of Palmer street and a resident of Pontiac 55 years, died yesterday morning in St. Joseph Mercy Hospital after a prolonged illness.

Born in Chatham, Ont., Canada on Oct. 5, 1880, she was the daughter of Richard and Sarah Bramhall Smith.

She was a member of the First Presbyterian Church, a life member of the Eastern Star, and an honorary member of the Round Table Club. She also belonged to the Maple Leaf Club, Profraternity Club and the April May group of her church.

Two sisters and a brother survive. Mrs. Edna Clark of River Rouge, Mrs. Frank Brown of Chatham and Charles Smith of Quebec, Canada.

Alfred Soutar

Word has been received of the death of Alfred Soutar of St. Petersburg, Fla., a former resident of Pontiac.

Mr. Soutar who died yesterday at his home, 3312 N. 33rd St., St. Petersburg, was former owner and operator of the Soutar Beauty Shop on W. Huron Street. He was 60 years of age.

He came here from Detroit 20 years ago and moved to Florida in 1952. He belonged to the Knights of Pythias No. 19.

Surviving besides his wife, Gladys, are two sons, Bernol of N. Hollywood, Calif. and Arnold of Pontiac; four grandchildren: 17 brothers and one sister, all living in Canada.

Burial will be in St. Petersburg.

William L. Williams

Prayer service will be at 1:30 p.m. Wednesday at the Hulton Funeral Home for William L. Williams, 68, of 11 Myrick St. Mr. Williams died in his home Sunday evening after an illness of six months.

Born in Yale, Va., on April 24, 1888, he was the son of Beverly Williams and Leona Scherm. He was married to Lottie Tipton in Detroit on September 25, 1926, and came here from Yale 29 years ago.

Mr. Williams was a resident of Pontiac for 10 years and a resident of Oxbow Lake nine years. He was an employee of the Pontiac Motor Division for the past 29 years.

He is survived by a brother Joseph Williams of Richmond, Va. He will be buried at Grand Lawn Cemetery with the Rev. Doris Frocker of Mandon Lake Community Church conducting the service.

The Day in Birmingham Objections Delay Change in Rezoning at Redding

BIRMINGHAM—Strong residential objection to rezoning of corners on the west side of Woodward at Redding at last night's hearing caused the council to call another hearing for Oct. 29.

Meanwhile, the planning board will meet with the residents to explain the planned rezoning.

The requests by A. L. Kassaban and Samuel Frankel for business C rather than business A zoning were delayed by discussion of an alley vacation, until the planning board in July recommended the changes.

Rezoning of 11 lots in the Birmingham Hills Subdivision from public property to single family residence was approved, to conform with present usage.

Nov. 3 was set for date when a Little League Football fund drive may be conducted under city approval. The Commission also approved a cider sale for Oct. 20 for the Presbyterian Young Married Adults.

A request from property owners of Poppleton Heights Subdivision for "Right of Way" signs on Riedgale street at Worth street was referred to the chief of police.

A hearing on Oct. 29 was set for amending the zoning ordinance to conform with the Supreme Court decision of Oct. 1 on zoning of the triangle bounded by Eton and Maple roads and the Grand Trunk railroad.

The zoning change was asked by the Industrial Land Co.

The firm of Hogan, Juengel and Harding, CPA, was retained for city auditing, with the city accepting the price of normal rates less 20 per cent, as offered.

The firm pointed out that aid to the finance director had lowered the audit costs from \$9,734 a year ago to \$7,639 for the past year. "Further reduction should be possible in future years if a competent assistant is obtained," said J. J. Hogan of the firm.

The project order for allotting \$8,020 for moving a building and loading dock for part of Parking Lot 3-A and \$4,565 for purchase of the land was held pending securing of more information.

The plan calls for widening of Ferndale through to Hamilton with use of the property.

Police are investigating a \$500 safe burglary of the Restrick Lumber Co. 525 Eton St., believed to have occurred early Monday.

The money was taken from a locked safe by dialing the combination, according to Detective

Africans Stage Near Riot to See Visiting Princess

DAR ES SALAAM, Tanganyika (AP)—A surging mob broke through police lines today and staged a near-riot when Princess Margaret stepped from her car to watch tribal dances in Dar es Salaam.

British officials and their wives in the royal procession piled out of their cars, joining police in forming a human chain around the Princess to fight off hundreds of excited, screaming Africans struggling to touch her clothing.

Margaret, said one of the coron later, was "quite unperturbed—she did not realize how near she was to being crushed."

"The pressure was so great, with hundreds of people pushing and shoving, that we were nearly forced to our knees at one stage," another official reported.

The protective cordon slowly fought its way back to the royal car and the Princess slipped inside. Then the car forged through the crowd with hundreds of Africans chasing wildly behind it.

Earlier the Princess had driven through massed ranks of 60,000 African tribesmen whirling and chanting in a traditional dance of welcome. All 20 tribes from the eastern and southern provinces of Tanganyika sent delegations, some from as far as 600 miles away.

Heart Attacks Kill 2 Drivers in 10 Minutes

DETROIT (AP)—Two men, both driving on Detroit streets, apparently died of heart attacks yesterday when their cars crashed in separate accidents within 10 minutes.

Police said witnesses told them Silas Kinsley, 56, of Detroit, slumped over the wheel of his car before it swerved into two parked cars and a utility pole.

Officers said Walter Mussul, 47, of St. Johns, was pulling into a curb when he collapsed. His car jumped a curb and hit a store.

Notices Sent Explaining Constitution Proposal

LANSING (AP)—Notice of the constitutional amendment proposition appearing on the Nov. 6 ballot was mailed today to daily and weekly newspaper publishers.

The proposed change would bar from eligibility for seats in the Legislature persons who have been convicted of subversion or of a felony involving a breach of public trust.

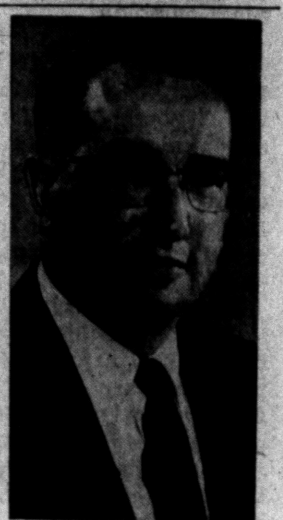

Lt. Merlin H. Holmquist. Entry to the building was reportedly gained by forcing open a locked window.

Investigation of a \$12,000 fur theft from a local store last week is continuing, Holmquist added, but no arrests have been made.

REV. ROBERT M. TRENER

Chaplain to Speak at Wednesday Dinner

Members and friends of Central Methodist Church will hear the Rev. Robert M. Trenery, chaplain of the Bronson Methodist Hospital and School of Nursing, speak at the Wednesday evening dinner at 6:30 in the church dining hall.

The Rev. Mr. Trenery, a graduate of the University of Wisconsin and Garrett Biblical Institute at Northwestern University, has served several pastorates and was an Army chaplain during World War II in the Pacific.

A former chaplain in St. Louis City Hospital in Missouri, he became chaplain of Bronson Methodist in 1954. He will speak and illustrate his address by colored slides giving the story of the hospital and the school of nursing.

A nursery will be provided during the program for small children.

troubled waters. But it is considered respectable to veil such purpose. Rarely has a scheme to perpetuate differences been so candidly revealed.

Dulles said the possibilities of a peaceful solution of the Suez controversy "are good." He added: "Rarely, if ever, have comparable efforts been made to settle peacefully an issue of such dangerous proportions."

Dulles criticized Sheplov for his attacks on the U. S., Britain and France yesterday. The American secretary said that the Russian was the only one to introduce an element of discord in the otherwise "temperate and constructive" council discussions.

Yugoslav Foreign Minister Koca Popovic backed Shopilov's demand for the six-nation negotiating group. He also endorsed a study of the plan by Egyptian Foreign Minister Mahmoud Fawzi to operate the Suez Canal on the basis of freedom of navigation "for all and for all time."

Miniature Horses Priced Sky-High

LOS ANGELES, (INS)—The Shetland pony is now in the thoroughbred class as far as one Southern Californian is concerned.

Ira D. Peel of Puente, describes the animal as the "hottest thing in horseflesh."

The pony that was once a toy for the youngster now brings as much as \$25,000 apiece for the top breeders, according to Peel.

Peel said he raised goats until recent years. He said he became interested in Shetland ponies after talking with "pony people" at fairs.

GOP Record Shameful: H.S.T.

Pittsburgh Democrats
Hear Truman Make
New Charges

PITTSBURGH (AP)—Former President Harry S. Truman says the Eisenhower administration and Republican congressmen have built up a "shameful record."

The former President made the statement here last night at a Democratic rally at which he charged the Eisenhower administration with "blocking badly needed" federal school aid.

Truman said Eisenhower, who is scheduled to deliver a major campaign speech here tonight, has reported to "misrepresentation" in previous speeches and predicted he would have "some fables" to tell. The ex-President didn't elaborate.

In a whirlwind tour of this heavily industrialized area, Truman scheduled several "whistle stop" talks today along a motorcade route to Westmoreland County, where he is scheduled to address a Democratic rally tonight. Tomorrow he moves into West Virginia for another day of campaigning in behalf of the Democratic presidential ticket headed by Adlai Stevenson.

On his arrival here yesterday, Truman was asked by newsmen about a statement by James Hagerty, presidential press secretary, who said Truman "is on our side" on the question of continued testing of the hydrogen weapons.

"We're on the same wagon," Truman answered. "I'm in back of Adlai."

He added, however, that he didn't think the United States could "possibly quit (nuclear tests) till this Russian business is over."

Stevenson had proposed that the United States take the lead in halting H-bomb tests, because of the danger from radiation and to demonstrate a desire for peace. President Eisenhower replied that the testing of atomic weapons has been and continues to be "an indispensable part of our defense program."

Nominate Somoza's Son

MANAGUA, Nicaragua (AP)—President Luis Somoza was nominated for a regular term as president by Nicaragua's Liberal party. Somoza, 34, succeeded his father Anastasio, 60, as president Sept. 29 after the elder Somoza died of an assassin's bullets. The election is next February.

Sweet Music, Rock 'n' Role on Agenda

England's Fun-Loving Duke of Kent Celebrates Coming-of-Age With Party

By CHARLES A. SMITH
LONDON (INS) — Edward Duke of Kent, problem boy of Britain's royal family, celebrates his coming-of-age today with what appears to be the party of the year.

A rough-house is not expected. For there's a quiet campaign in progress to prove that "the wild Kent youngster" has outgrown his youthful high spirits.

Temporarily laying aside his duties as a Junior Lieutenant in the Royal Scots Greys, the lanky youngster with the toothy grin and jutting ears has arrived at the Kent family home at Iwer, near Windsor Castle, in readiness to assume his inheritance.

There, tonight, rambling "Coppins" will be bursting at the seams with a two-stage party to celebrate Edward George Nicholas Paul Patrick's 21st birthday.

QUEEN EXPECTED

Kent's cousin, the young Queen Elizabeth, and her husband Prince Philip, are expected to head the guest list at the small dinner party which will be set in the homely dining room of "Coppins." They will toast his royal highness Edward of Kent in champagne.

Kent's lovely mother, the Greek-born Marina Duchess of Kent, will be the hostess, and the Kent's royal relatives and the family's most intimate friends will make up the rest of the dinner-party.

The second stage will come around 9:30 when about 200 of Britain's top-drawer younger set, mostly friends of the Duke of Kent and his 19-year-old debutante sister Princess Alexandra, will arrive for the coming-of-age dance.

And those with a nose for romance who expect to be able to pick a bride for Edward of Kent are going to have a tough time selecting her from among the girls present.

For Edward of Kent has invited almost every girl with whom his name has been associated in the past couple of years. And he has included some of them who have confounded the gossip by marrying some other man.

Felicity and Penelope Drew, the 19-year-old twins who have headlined some of London's brightest debutante parties, the 17-year-old Penelope D'Arville, and Marika Hopkinson, Karina Boyle, and Charlotte Bowater all have received one of the en-

graved black and white invitation cards "to a small party at Coppins."

And the tongues will wag: If Karina Boyle brings along her house-guest, the 21-year-old Princess Margaretha of Sweden, the girl many appear to have picked as a possible bride for young Kent.

Young males invited include nearly all in the Kent five-loving set, among whom are those youngsters who served with him as an officer-cadet at England's West Point and who know him and his pranks better than most.

Dancing will be to a top band which can play it sweet or hot. It will be sweet while the Queen and Philip and the more sedate guests are around.

But the five and the rock 'n' roll can be expected to get going with a bang at the earliest possible opportunity and to continue through the night.

The Duke's mother, wisely, has arranged for a buffet breakfast. And also wisely, her invitation says that the women can come in long or short frocks, the men in tuxedos.

'Cowboy' Patrolman Has Horse Problem

CARTERVILLE, Ill. (AP)—Reports that every horse found on the loose hereabouts belongs to State Patrolman Floyd Myers are highly exaggerated. Myers, a horse fancier appears in western riding events.

A telephone report that a horse was wandering on a highway rolled him out of bed at 3 a.m. recently. It wasn't his.

"Whenever a horse gets loose, everybody around here thinks it's mine. I only own six," he said.

Tourists increased to 85,000 in Jordan last year and income to \$6,720,000.

BOLD VOYAGERS — 3
A Viking Ship

Vikings made long voyages in what they called "dragon ships." These were long low boats, driven by sail and oars, with high prows carved into figure heads, often of fearsome dragons.

The sails were striped and a striped tent formed a shelter in the center of the ship. This ship not only has a dragon prow, but a dragon on its striped sail as well. The oarsmen sat along the sides protected by a row of shields.

The bottom of the lower panel is made to resemble a wooden base so this will look like a real model ship. With the two others that will appear this week you can have your own collection of famous ship models.

Color this picture with your crayons and paste it down on cardboard. Cut the parts carefully along the heavy outlines. Paste the streamer flag to the main mast. Fasten the semi-circle to the base with a brass fastener inserted through the indicated holes. Then the ship will rock gently on the waves.

(This idea was first suggested by Louis A. Ponce, Carlsladt, N. J. Send in your idea for a Junior Editors panel care of this newspaper and it may be worth \$10 to you. Violet Moore Higgins; AP Newsfeatures.)

'56 Styles Demand Flat Abdomen

By JOSEPHINE LOWMAN
Ladies of the 17th Century could get away with a protruding abdomen much better than we can

today. In those days of extravagant dress and glitter it was much easier to wear elaborate gowns and two dozen brocaded corsets. Marie Antoinette, for instance, DuBarry couldn't often had a corset two feet high.

With that much on her head who would notice her tummy?

Even in the late 1800s this was what a well-dressed lady wore: A corset, a corset cover, a chemise, drawers, a wool or cotton undershirt, two petticoats and lined dress. Makes me tired to think of it!

More than that a corset was really a corset in those days, and a lady literally forced herself into the tiny-waisted straightjacket.

Today things like comfort and health are important to us. We must rely on good posture, good muscles and correct weight for figure beauty. Many women write to ask whether they should wear a girdle until exercise strengthens them. Just the act of pulling your abdomen in toward your backbone is a good exercise in itself.

MAKE MUSCLES WORK

After your muscles are stronger leave your girdle off part of the time and make your muscles do the work your girdle was doing.

Try the following two exercises for slimming the abdomen and toning up these important muscles.

1. Lie on the floor on your back, legs straight and arms resting on the floor. Bend your left knee up close to your abdomen. As you straighten your left leg bend your right leg up close to the abdomen. One leg bends as the other straightens. After starting this exercise do not touch the feet to the floor if you can help it. Bring the heels close to the floor.

2. Lie on the floor on your back with your legs straight and your arms resting on the floor halfway between right angles to the body, palms toward the floor. Raise both legs with stiff knees. Keep the knees stiff as you swing both legs in a large circle. Circle in one direction for a while and then in the other.

If you would like to have my abdominal exercises which will take inches from this measurement in a few weeks' time, send a stamped, self-addressed envelope with your request for leaflet No. 2 to Josephine Lowman in care of this newspaper.

This exercise will help tone up the tummy muscles and slim your abdomen.

Writer Upholds Teenagers Who Are Careful, Skillful

Some Adults Drive Cars in Wild Way Attributed to Kids Behind the Wheel

By RUTH MILLETT
"There are just as many old fools on the road today as there are young ones," a Massachusetts judge remarked after fining a 40-year-old and a 52-year-old for racing each other at 110 miles an hour.

Those words are sure to be music to the ears of the country's teenagers who have a reputation for recklessness that many of them don't deserve.

"Crazy kids," we say with disgust, every time we see a young person showing off behind the wheel of a car.

The remark implies that you can expect anything from a teen-age driver.

It isn't a fair attitude. No wonder the teen-agers are beginning to resent it.

PLENTY SKILLFUL

Plenty of kids are skillful, careful drivers. Of course, there are some who show little concern for safety once they get behind the wheel of a car, their own or anybody else's.

But then some grownups drive cars as though they were deliberately setting out to commit murder or suicide—or both.

Medical Aids See Polio Film

The Oakland County Medical Assistants Society will meet Wednesday at 8 p. m. at William Beaumont Hospital when the film, "Polio Vaccine," will be shown. Plans will be completed for the Bosses Night planned for Nov. 14.

Twenty-five members of the group attended the 7th annual Michigan State Medical Assistants Session held last week in Detroit. Sylvia Cummins was awarded the society scholarship for a one-year medical assistants course at Highland Park Junior College.

Announcement has been made of the annual meeting of the American Association of Medical Assistants in Milwaukee, Oct. 26-28.

chauffeur, the term "another woman driver," was a man's ready answer to any individual woman's lack of driving skill.

Now both men and women show the same kind of prejudice against teen-age drivers.

"Crazy kids" is the same kind of unfair generalization as "just another woman driver."

But bear up, kids. Maybe some day we'll quit talking about "another woman driver" and "crazy kids" and be fair enough to use the term "crazy driver" which will include drivers of all ages and both sexes who haven't enough judgement to be behind the wheel of a car.

Costliest Retooling Completed

Stress Safety in '57 Fisher Bodies

The most extensive and expensive new model tooling program in its 48-year history has just been completed by the Fisher Body Division of General Motors.

GM's 1957 Chevrolets, Pontiacs, Oldsmobiles, Buicks and Cadillacs will offer more than 70 body styles in hundreds of color, trim and pattern combinations.

"Developments have been accomplished for GM's 1957 models—in designing, engineering and manufacturing—that a few short years ago were judged impossible," James E. Goodman, vice president of General Motors and general manager of Fisher Body, said today.

"One of the most dramatic things about the 1957 models is the safety factor," he said.

FISHER FIRST
Automobile safety begins with structural engineering, Fisher Body

introduced the unisteel body and was first to produce the all-steel turret top.

Fisher bodies have for their foundation a floor assembly composed of heavy, ribbed steel panels, joined on either side to box-girder type rocker panels and reinforced by crosswise steel channel braces. Pillars are self-reinforcing box-section columns, welded at the top to rigid box-type roof rails. The roof rails are bridged by a wide roof bow transversely across the body. Precise side-frame assembly assures maximum unit.

Many 1957 safety devices represent refinements of ideas Fisher Body has been developing through the years. Safety-cushioned instrument panels have been available on some models for the past four years. In the spring of 1955, Fisher Body introduced and began install-

ing a safety interlock on doors to keep them from flying open in a collision. It was made standard on all Fisher Bodies.

The goal of Fisher Body engineers has been to build bodies of increasing structural strength. The safety factors built into the new models are the results of laboratory and road tests developed and refined over the years. Testing is done by a staff of more than 200 engineers, specialists and other personnel.

Testing begins when the model is still in the design stage and continues through hand-built models and production-line bodies.

Bodies are subjected to torsion tests, bending tests, shake tests, breakdown tests and numerous static tests of individual parts and assemblies.

The supreme test is the rollover. A finished car is towed at 50 m.p.h. and flipped over by means of a ramp. This crashed body is studied from the point of view of passenger safety based on the ability of the roof and pillars to stand impact, the ability of doors to stay closed and to open after the turn-over.

Some of the most important safety factors are taken for granted but represent constant progress. Good vision has always been a prime consideration in engineering and designing. Fisher Body was the first and only manufacturer to use genuine plate glass throughout the car giving the utmost in clear vision and reducing eye-fatigue to a minimum. Windows have been greatly enlarged. The windshield has been broadened, slanted and curved to give panoramic view-

ing. rear vision has been improved and the use of E-Eye tinted glass decreases glare.

Safe driving also is promoted by adjustable front seats, both vertical and horizontal, to offer the best driving position for drivers of various heights and weights. They are movable to six positions to relieve driver fatigue.

Design engineers have worked to develop wider, roomier cars with low centers of gravity and improved weight distribution. Moving rear seats forward and incorporating rear decks with larger luggage areas provide better crash protection as well as improved riding comfort.

Extensive studies have been made to provide the greatest ease of access to car controls. The 1957 instrument panels also make their contribution to safer driving.

Manhunt Ends; Boy Gives Up

14-Year-Old Murders Father; 30 Police Cars Conduct Search

CLEVELAND, Ohio (INS) — A blood-spattered 14-year-old Brecksville boy who shot and killed his father ended an intense manhunt today when he walked out of the woods and gave himself up to police.

The youth, Robert Zavalnak, had left a note at home explaining that he felt his father hated him and admitting that "I belong in an insane asylum, so help me."

"I wish I could be adopted to a family in Brecksville," the boy wrote in what he thought was his suicide note. "I would work and behave like a good boy."

Zavalnak walked up to a state patrolman at 2:30 a.m. on Route 12 just east of Route 21. He complied when the patrolman ordered him to put his hands up.

Then he took authorities back to the area and showed where he had left the murder gun.

More than 30 police cars and about 100 men had joined the manhunt after Robert shot and killed his 45-year-old father Joseph during an argument in their suburban home.

After the slaying, he stole his father's car, became involved in a four-car crash, and fled into Metropolitan Park. He hid there until his surrender.

Police said Robert and his brother Joseph, 16, were nabbed earlier this year on burglary charges and were sent to a private correctional school at Adrian, when their father chose that punishment for them rather than a term in the Boys Industrial School at Lancaster. A few months ago the father brought Robert back from the institution with the permission of the judge.

Wichita, Kan., Girl Queen of MSU Homecoming

EAST LANSING (AP)—Lee Stacey, a 5-foot, 3-inch brunette from Wichita, Kan., will reign as queen over Michigan State University's 47th annual homecoming celebration, Saturday.

The comely junior was chosen as the fairest Spartan from among a field of 35 girls nominated by sororities and residence halls.

Until recently, Lee was a Dearborn resident, and graduated from high school there in 1954.

The queen will be presented formally just before the start of the homecoming football game against Indiana University. John Matsko, Spartan grid captain, will hand her a bouquet of roses.

Lee will be guest of honor at the homecoming banquet Saturday evening, and with her court, will attend a dance afterwards.

Selected for the queen's court were Jan C. Gibson, Battle Creek; Jean Kalivoda, East Lansing; Mary Jo Niebauer, East Lansing; and Lorraine L. Trepagnier, Detroit.

HOLLYWOOD (INS) — Actress Rhonda Fleming and her husband, Dr. Le wMorrill, have reconciled and her Juarez divorce will be set aside. The couple made the announcement yesterday after a trip to Canada.

'Quadra-Lites' to Make Debut

Lincoln to Unveil 7 New '57 Models

"Quadra-Lites," said by Ford Co. engineers to be the first ever installed in a U. S.-produced automobile, will be one of the major styling innovations in the 1957 Lincoln, scheduled to make its debut in dealer showrooms Oct. 16.

Four road lights in vertical pairs, the Quadra-Lites are housed in oval-shaped, chrome-rimmed settings. The auxiliary road lamps, positioned below the headlights, are optional equipment.

Massive parking lights and directional signals are coupled horizontally below the Quadra-Lites.

The new car is slightly longer than last year's.

Graceful body lines are attained by stylized chrome side moulding, simulated air scoop, and sweeping rear-quarter panels canted outward toward pyramid taillights.

Also prominent in the new Lincoln line are a new four-door hardtop and concealed-pillar sedan in both the Premiere and Capri series, increased horsepower and added luxury accessories.

The four-door hardtop, the "Landau," expands the Lincoln line to seven models, two more than last year.

Horsepower and torque have been increased as the result of a higher compression ratio of 10 to 1, reshaped pistons, and a redesigned combustion chamber. The horsepower rating moves up to 300 at 4,800 rpm and torque to 415 foot pounds at 3,000 rpm.

New accessories are power vent windows, a power-directed differential, electric door locks operated from a master switch on the instrument panel, Adjust-O-Matic shock absorbers and a six-way power seat.

In addition to new power equipment, the 1957 Lincoln optional accessories include the eight-tube signal-seeking radio with remote-control foot switch, electrically-driven antenna, and the automatic headlight dimmer.

The Premiere has as standard equipment, power steering, power seats, power windows and power brakes. Power steering and power brakes are also standard equipment on Capri models.

The old type oil-bath cleaner has been replaced with a Paper-Pak air cleaner, affording the driver a replaceable cleaner which is more efficient and requires a minimum of servicing.

Behind the wheel, the 1957 Lincoln offers the driver such standard safety features as the safety steering wheel with a non-reflecting horn ring, safety door locks, a suspended, extra-wide brake pedal and a hooded anti-glare instrument panel.

Safety seat belts, padded instru-

ment panel and padded sun visor are optional equipment.

The Lincoln owner has a choice of 18 solid body colors and 77 two-tone combinations, and a selection of 44 interior trim patterns.

Dapper Forger, an Artist, Makes Studio Warehouse

NEW YORK (AP)—Police say a dapper young man who shot two bank employees in a \$7,000 forgery attempt is a commercial artist with a spacious studio in suburban Pelham, N.Y.

They identified him last night as Richard Lee Henthorne, 26.

Authorities said Henthorne's studio doubled as a warehouse for an estimated \$200,000 worth of apparently stolen fur coats, jewelry and cameras. They said they believe the loot was stolen in a series of burglaries in well-to-do Westchester County communities.

Henthorne gave police a false name — Joseph Tarallo — after he was overpowered in Manhattan's Industrial Bank of Commerce yesterday. The gunman walked into the bank on bustling 42nd Street and tried to cash a \$7,000 check by signing the Tarallo name, police said.

While two bank investigators were questioning him, the well-dressed man pulled out a .45-caliber automatic and started shooting. The two bank employees were both hit in the leg.

Henthorne was clubbed on the skull with his own pistol. He was reported in critical condition in Bellevue Hospital.

Frank Trimchese, 33, of Fairview, N.J., one of the wounded investigators, said the gunman "fought like a cornered rat." The other wounded bank employee was Andrew Volpe Jr., 44, of Brooklyn.

Wings to Open Against Hawks Thursday Night

NHL Season to Start With Rookie Bill Dea Lone Newcomer

DETROIT (AP)—The Detroit Red Wings, with the Chicago Black Hawks as their opponents, open the National Hockey League season Thursday night at Detroit's Olympia.

Four players who were on the Wing squad at this time a year ago are missing and one new player has been added. The newcomer is Billy Dea, a pint-sized left wing from Edmonton.

Gone are Bob Goldham, Ed Sanford, Real Chevrefils and Jerry Toppazzini.

The Black Hawks, one of the doormats of the NHL last season, got the defending champion Red Wings off to a poor start a year ago by dumping the Detroiters 3-2 in the opener. After that the Hawks won only one other game from Detroit during the season and failed to record another victory on Detroit ice.

The opening-game loss was Detroit's first since 1933.

The Hawks, from front office to ice, show a lot of new faces for the 1956-57 campaign. They list 10 new players and Dick Irvin has resigned as coach because of ill health. Tommy Ivan, who has been general manager for two years, has returned to coach the Hawks.

Bay City Holds 2nd Spot

Northern 1st in "A"

By THE ASSOCIATED PRESS

Flint Northern's all-victorious Vikings and Bay City Central's power-packed Wolves maintain their one-two ranking among Michigan's Class A high school football powers.

And already, you can pardon the rest of the state if it looks ahead to an expected showdown struggle a week from Friday at Flint where Northern and Central will do battle before a certain overflow crowd.

There's barely breathing space between the two teams in the Associated Press weekly poll of the state's sports writers and broadcasters.

Northern, which grabbed the spotlight two weeks ago with a 33-0 win over Ann Arbor, kept its grasp on first place with 109 votes—getting all but one first place ballot—and Bay City Central was just 10 points behind on the basis of 10 points for first, 9 for second, etc.

Saginaw Arthur Hill, another undefeated outfit, stayed in third place by whipping Alpena 26-13. Arthur Hill rolled up 81 points to outclass Ann Arbor in 4th place with 59 points.

Grand Rapids, Catholic completes the top five—and the ranking is identical with the standings of a week ago.

Dearborn Fordson and Muskegon Catholic traded places, Fordson's unbeaten, unscored-on Thunderbirds scooting into sixth place after a 25-0 Redford for their fourth shut-out in succession and Catholic slipping into seventh despite a 35-0 Saturday night conquest for Grand Rapids Creston.

Detroit's Miss U.S. Wins Governor's Cup

MADISON, Ind. (AP)—Detroit's George Simo's Miss U. S. I won both final heats to capture the Governor's Cup for unlimited speedboats in the Madison Regatta yesterday. Miss Wayne won the 1st heat.

Miss U. S. I averaged 89.064 miles an hour in capturing the 2nd heat and 89.790 in the 3rd. What Hoppen Too chased Miss U. S. I home in the second heat and was 4th in the 3rd. Miss Wayne was 4th in the 2nd and 2nd in the 3rd. Dora My Sweetie was 3rd in both heats yesterday.

All the competitors were Detroit-owned and driven craft.

Electronic Device to Be Used

Lions Are Wiring for Sound

DETROIT (AP)—The Detroit Lions are wiring their defensive captain for sound.

Officials of the professional football club said work would begin today to install an electronic device that will enable the coaches to pass along defensive signals to linebacker Joe Schmidt.

It will be similar to one used between coach Paul Brown and quarterback George Ratterman of the Cleveland Browns.

"This is in no way a reflection on Joe's ability," said general

manager Nick Kerbawy. "He's one of the greatest. What it is, in fact, is a way of getting defensive signals from the coaches to the field in a faster, more efficient manner."

Schmidt, former university of Pittsburgh star, won't be on a wire-leash or anything of the sort, Kerbawy explained. Here's the way the system will work:

The Lions will use the regular bench-press box phone setup to relay signals from defensive coach Buster Ramsey on the

field to coaches Aldo Forte and Red Cochran in the press box.

Workers will begin today installing wires about a foot under the Briggs Stadium turf. Those cables will be laid about 10 yards inside the out-of-bounds lines on each side of the playing field and will run the full length of the field.

A device a little larger than a silver dollar will be installed in a special helmet to be worn by Schmidt, and through this device—and with the assistance of the underground cables—he in turn will receive the defensive signals from the coaches in the press box.

Firms in Detroit and Chicago are setting up the system and the cost to the Lions will be about \$400. Schmidt will be able to wear the special helmet without discomfort.

The new owners of Briggs Stadium okayed the underground cable work. The system will under-

go a "dry run" at the stadium Friday during the Lions' regular drill, and is expected to be used in Sunday's home opener against the Los Angeles Rams.

'Hunt and Live' Program Ready

Whole Families Given Invitation to Attend Wednesday Affair

With all details completed everything was ready today for Wednesday's big hunting and outdoors safety program, "Hunt and Live" at Pontiac High School Gymnasium.

The event, co-sponsored by The Press and the PHS "physical" department will stress safety in hunting, particularly for the younger level. Hence it is designed to interest boys and their dads. However, says coordinator Art Van Ryzin, "the whole family is invited. It's something that should interest everybody."

There is no charge. Exhibits of various outdoors equipment, a demonstration and exhibit of foreign and U.S. Military guns and ammunition will be provided by the 703rd Army Reserve Tank Battalion. Doors will open at 7:15 and the program starts at 8.

Charley Franks and his obedience trained dogs, other dogs owned by John Elcher of the Southern Michigan Obedience Training Club will be seen in some remarkable demonstrations. Herb Albaugh, Detroit rifle expert and Al Tang and Bob Rerr, expert bowmen will be on hand. A fine film will close the affair.

YOU GET MORE VALUE WHEN YOU BUY FLEISCHMANN'S THE WHISKEY WITH HIGHER PROOF

Read how FLEISCHMANN'S higher Proof gives you more enjoyment at less cost!

To get more enjoyment in a whiskey, look at the "Proof." For "Proof" tells a whiskey's "strength." Today, most leading blends are no more than 86 Proof. But Fleischmann's is a full 90 Proof! This means that you get more flavor—and enjoyment in every drink.

Whiskies are taxed by the U. S. Government on the basis of Proof. Although Fleischmann pays \$1.03 more per case in taxes than 86 Proof blends, Fleischmann's costs you less than many lower Proof brands.

Try Fleischmann's—you'll agree that it's the best blended whiskey value in America!

To Start for MSU

Hinesly Moves Up Notch

EAST LANSING (AP)—Jim Hinesly, a steady going senior from Detroit, moved up to first string

right end with the Michigan State football team today.

Dave Kaiser, the regular at the position, probably will miss the home opener against Indiana here Saturday because of a sprained right foot.

Kaiser, a junior from Alpena, was the only serious Spartan casualty to result from the Michigan game.

Center and team captain Johnny Malsko, with bruised ribs, and tackle Dan Currie, bothered by a knee bruise, both reported to the practice field despite their injuries.

The substitution of Hinesly for Kaiser reversed the roles the pair played last year. Hinesly, early season starter in 1955, was laid low by a foot injury and Kaiser moved in to become the leading pass receiver and gain national repute with his Rose Bowl field goal.

Hinesly, a two-year letterman, still played 216 minutes and caught five passes for 86 yards.

He looked good working the second half against Michigan and pounced on the fumble on the Michigan 21 that set up State's deciding touchdown in the final period.

After reviewing game movies, MSU coaches were lavish in their praise of Joel Jones, 220-pound, 6-1 left tackle, converted from the defensive end last year.

Miss Faulk Wins at Kansas City

KANSAS CITY (AP)—Mary Lena Faulk of Thomasville, Ga., won her first major golf tournament in two years Sunday when she fired a seven-under-par 69 at Hillcrest and took \$380 top money in the women's Heart of America Open.

Her 214 for 54 holes was three strokes under Betsy Rawls of Spartanburg, S.C., who held a 2-stroke lead going to the 15th. Miss Rawls had a 72 on the final round.

Louise Suggs of Sea Island, Ga., was third at 220 and Patty Berg of St. Andrews, Ill., fourth at 223. Louise had a 75 on the final round, Patty a 74.

Mariene Bauer Hagge of Grossinger, N.Y., who led the field by a stroke after 36 holes, soared to an 81 on the final round and finished fifth with 225. Her 67 on the first round was the best in the tournament.

Here's the rundown on the top ten in Class A:

TEAM	RECORD	POINTS
Flint Northern (4-0)	109	109
Bay City Central (4-0)	99	99

Swampland Saga

Film Series Opens Oct. 12

Completed plans were announced today by the Oakland County Sportsmen's Club for its impending five course Wildlife-Adventure, personal appearance, motion picture series.

Earl Hilfiker, Rochester, N. Y., will present his nationally acclaimed outdoor epic, "Saga of the Swampland," Friday evening, Oct. 12, to start the series.

This is a story of the marshlands and waterfowl migration where skies are filled with mass flights of ducks and geese.

Following numbers in the order of appearance are: Fred Machetanz of Parker, Alaska, with his "Shangri-La-Alaska," Nov. 6; Aubert Lavastida, South America, "Jungle Journey" on Jan. 9; Julian

Gromer, Elgin, Ill., "Atlantic Coast," on Feb. 8, and Muri Deusing, Milwaukee, "Adventure in Africa" on March 16.

All shows will be held in the clubhouse, Oakland County Sportsmen's Club, Waterford, at 8 o'clock. Season and single admission tickets are available to the public.

By THE ASSOCIATED PRESS Oklahoma still is the nation's No. 1 college football team, but some people are hard to convince. After rolling up a 66-0 score against Kansas State, setting a major college record with their 32nd consecutive victory and making it 54 without a defeat against

Unanimous Win for Joe Miceli

NEW YORK (AP)—Some of the "smart money" bettors around the country must be checking on their sources of "information" today following Joe Miceli's victory over Danny Giovannelli.

From even money at noon the odds shot up to 4-1 favoring Giovannelli at fight time. And there were reports from out of town that bookmakers had taken the fight "off the boards." That means they had stopped taking bets because of one-sided betting and rumors.

If there was a betting coup in the making, Jolting Joe broke it up with his decisive unanimous decision in the telecast 10-rounder at St. Nicholas Arena last night.

Miceli, an experienced, onetime contender making his first appearance in his native New York this year, belted handsome Danny repeatedly with left hooks and left jabs.

Cooper and Konstanty Released by Cardinals

ST. LOUIS (INS)—The baseball playing days apparently are over for Walker Cooper, part of one of the most famous brother batteries with the St. Louis Cardinals in the '40s.

Cooper, 41, was given his unconditional release by the Cardinals yesterday along with veteran relief pitcher Jim Konstanty. The ex-catcher was retained as a coach for 1957, however.

Welters, 'Middles' Top Boxing Program

By THE ASSOCIATED PRESS Welterweights and middleweights, of the two most active divisions in boxing, dominate the week's program. Welter stars listed for action include two ex-champions, Kid Gavilan and Tony DeMarco, and Jolting Joe Miceli.

The working middleweights include Spider Webb and Rory Calhoun, two young, ranking 160-pounders.

Miceli, a hard-hitting left hooker meets Danny Giovannelli, an aggressive boxer-puncher, in the all-New York welterweight headliner tonight. The 10-rounder will be telecast at a new time, 9:30 p.m. EST, over the DuMont network.

Settled Out of Court in 'Slappy' Fashion

HOT SPRINGS, Ark. (AP)—Judge M. C. Lewis Jr. reports that a marital triangle case was settled out of court—in fact, right outside the courtroom.

The wife was accused of making telephone threats to another woman. The judge took no punitive action, but admonished the two women to leave each other alone. Wife, hubby and the other woman left the courtroom together. Seconds later there was the sound of a vigorous slap. A witness told the court it was delivered by the "other woman." No further complaints.

Husband, Wife Spend Together

Survey by UM Shows Both Share Decisions on Money

ANN ARBOR, Mich. — Financial decisions in most families are made jointly by the husband and the wife, a University of Michigan survey reveals.

The University's Detroit area study group surveyed 749 housewives in Wayne, Macomb and Oakland Counties, asking them who rules the family's monetary roost. Data collected indicates one spouse seldom dominates the big expenditure decisions.

This is true even in what was believed to be a traditionally male field—buying cars. In 70 per cent of the families checked, the husband alone decided on the car. In another 25 per cent, the wife decides. The settlement is arrived at jointly in the other five per cent.

And in buying food—thought to be the wife's domain—the probe discloses 33 per cent of the decisions were made jointly. In 13 per cent of the families, the husband told his wife what to buy.

Wives keep track of money and bills in 40 per cent of the households investigated, husbands in 26 per cent, and both in 34 per cent.

In many cases, who makes these major decisions depends on the husband's income. Husbands in the \$5,000 and more bracket are twice as likely to make a decision to buy life insurance as their counterparts who earn between \$2,000 and \$4,000.

In more than one-fourth the families with an income of less than \$4,000, the survey shows the life insurance decision is made by the wife.

Gallery to Show 33 Masterpieces of Italian Art

ROME (INS) — Italy has signed contracts with the U.S. National Gallery of Art and the Metropolitan Museum for the loan of 33 of Italy's greatest masterpieces to be displayed in America for the first time.

The collection of Italian renaissance art is scheduled to be shown at the National Gallery in Washington, D.C., starting Nov. 21 and at the Metropolitan Museum in New York from Jan. 13 to Feb. 24.

Americans traveling abroad would have to visit some 15 galleries in 10 Italian cities to see the works — many of which are world famous.

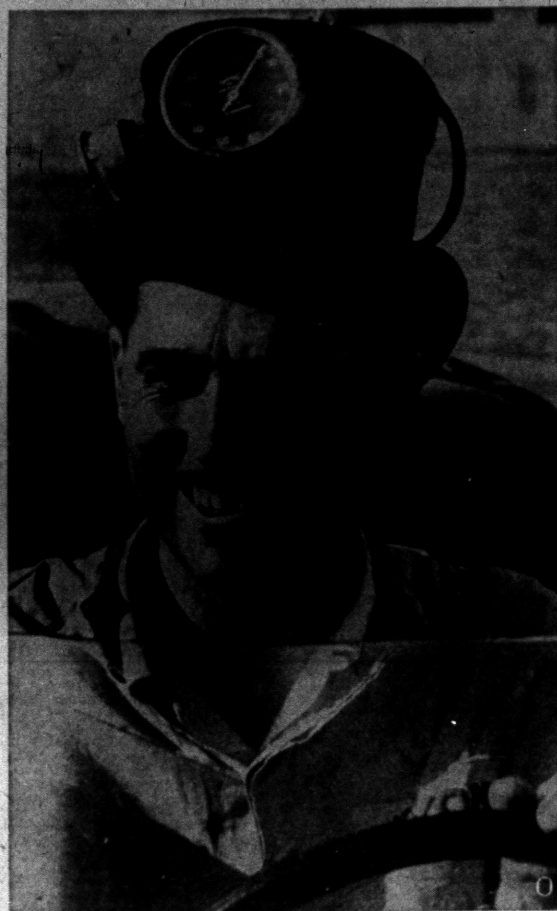

Besides Michelangelo's "Brutus," the collection will contain two of Raphael's most famous paintings, "Madonna of the Chair," and "La Donna Velata" (The Lady with the Veil).

Works of Botticelli, Cellini, Donatello, Titian, and Veronese will be included in the collection that travels from the old world to the new in a U.S. military sea transport.

For Sale: 500 Buffalo, Just See New Mexico

SANTA FE, N.M. — The New Mexico Game Department says the market for buffalo is definitely bullish. The department last week told how 500 buffalo, costing \$150 and \$125, are available to the public. The animals are being removed from federal refuges because of danger of overgrazing. Requests for information about the possibility of getting buffalo came from such widely scattered places as Syracuse, N. Y., Hereford, Tex., and points in Michigan, Florida and California.

FAST ON THE HEAD — A top speed topper seems just the right headgear for racer Jack Brabham of Australia, seen here in his Cooper Climax racing car during taining on West Belin Avus race track. The top hat, equipped with a speedometer, is Brabham's talisman which, he hopes, will bring him good luck and "The Great Prize of Berlin" in the city's international automobile race.
