Firemen Fight Ann Arbor Blaze

NEAR UNIVERSITY CAMPUS—Four stores in the University of Michigan business district in Ann Arbor burned this morning when a blaze started in the basement of a drug store at State and Liberty streets.

\$100,000 Blaze in Campus Area at Ann Arbor

Four Business Places and Apartments Razed on State Street

ANN ARBOR (AP)—Five families fled in their nightclothes today as fire destroyed their apartments and four campus stores. Firemen fought the blaze more than three hours before bringing it under control.

Some 15 occupants of apartments above the stores escaped. No one was injured.

Forty ice-covered firemen battled the fire that apparently started in the basement of the Campus Drug Store at S. State St. and E. Liberty St.

The drug store and three nearby stores were caught in the path of the flames. The Marti Walker Women's Clothing Store, Little Skipper Toggery Shop, and a Caramel Corn store were reportedly destroyed.

No estimate of the loss was available immediately. It was expected to reach near \$100,000 or more.

The stores are located just across State street and north of the University of Michigan campus.

The fire was discovered at 5:30 a.m. and it was several hours before the blaze was brought under control.

The Goldman Bros. Dry Cleaning Co. on S. State St., north of the drug store, was threatened by flames.

Firemen were hampered in their struggle when the drive shaft of their biggest pumper broke down at 6:30 a.m.

Smoke hung over the fire area in the heart of the campus business district.

HANCOI, Indochina (AP)—French-led forces killed or captured 1,000 Communists this week in the Red River delta, some 40 miles from the airfield where newly arrived U. S. airplane mechanics are at work, it was announced today.

The French high command said another 800 persons, believed to be Red guerrillas in disguise, were rounded up for screening in the 96-hour mop-up of the Nam Dinh area, south of Haiphong airfield.

Communist activity in the vicinity of the airfield is not uncommon. Guerrillas blew up a gasoline dump only 12 miles away last week.

The Americans are protected by tank patrols and barbed-wire entanglements constantly prowled by savage "war dogs."

The suspected Reds rounded up in the Nam Dinh region where mostly men caught following empty coffins in "funeral processions" which apparently were attempts to escape the closing French net.

Intelligence officers began investigating when they noticed a sudden, unaccountable increase in funerals in the area where French and loyal Indochinese troops were mopping up Communists.

Meanwhile, reports from embattled Luang Prabang said heavy Red columns, moving for the first time in days, had pushed within 30 miles of the ancient royal capital of Laos while some 1,500 Red guerrillas harassed defenders 4½ miles from the city.

Archer testified that his evaluation of the property was made after comparison with other land sold in the "critical" downtown Pontiac area.

Yesterday morning city attorney William A. Ewart returned City Manager Walter K. Willman to the stand briefly, followed by Police Chief Herbert W. Straley, City Engineer Lewis M. Wrenn and Archer.

Straley testified to an increasing traffic congestion in the city's downtown area, particularly in the section which would be served by the proposed lot.

He said the number of vehicles (Continued on Page 2, Col. 4)

Mayor Law Proclaims Today as Edison Day

Mayor Arthur J. Law has proclaimed today "Thomas Alva Edison Day" in Pontiac on the 107th anniversary of the inventor's birth.

Law described Edison as the "man people throughout the world honor as their benefactor."

Brother Reveals Man Is Woman

22-Year Masquerade Disclosed in Courtroom After Sentencing

COLUMBUS, Ohio (UP)—A woman who masqueraded as a husband and step-father awaited transfer to a women's prison today where she will wear a dress for the first time in 22 years.

The secret of Violet Marie Bradshaw, 35, was discovered Wednesday in a dramatic courtroom scene.

Common Pleas Judge Dana S. Reynolds had just sentenced Vernon M. Bradshaw to 1 to 10 years in the Mansfield Reformatory on an embezzlement charge. But a brother of the accused dashed up to the judge and shouted, "You've made a terrible mistake, Vernon is really Violet and she is a woman."

The startled judge ordered a physical examination. A physician and a jail matron reported that Miss Bradshaw was indeed a normal woman.

"This is the most amazing case I've ever heard of in my years on the bench," Judge Reynolds said, and ordered her to be taken to the Marysville reformatory for women.

Violet said she had married Vera Purdue, 29, last Aug. 27, in Richmond, Ind., on a "business basis."

Mrs. Purdue has two children by a previous marriage, a boy, 12, and a girl, 8.

Mrs. Purdue fled from the courtroom and refused to talk to reporters. "I'm innocent," she said, "why don't you leave me alone and don't meddle in other people's affairs."

Violet, meanwhile, said she started wearing boys' clothes when she was about seven years old. "I wore my brother's clothes and when I got big enough to buy them, I'd buy my own," she said.

Violet said she met Mrs. Purdue about four years ago when she rented a room from her. She said the "marriage" took place in order to prevent authorities from taking away Mrs. Purdue's two children on non-support charges.

Violet said recently that Mrs. Purdue had begun "to mistrust me and asked among other things, why I didn't shave."

Violet said she embezzled the money from a firm where she worked as a truck driver. "My mother is sick. It was in order to help her that I took the money," she said.

Similarly, Jenner said at New Castle, Ind., that "I propose to (Continued on Page 2, Col. 7)

Hudson Happy Over Air Force Contract

DETROIT (AP)—The Hudson Motor Car Co. is pleased over its current production and employment outlook, thanks to a new Air Force contract.

The company announced Wednesday that it would be able to sustain regular employment and production "well into 1955" because of a new defense contract for construction of airplane components.

Company spokesmen said the new contract involves "many millions of dollars." It was signed with the Glenn L. Martin Aircraft Co. for production of parts used in construction of the B57 night intruder bomber.

The spokesmen said exact figures of either the money or units involved could not be revealed for security reasons.

Ever Visit Skullberg?

You'll not find Skullberg on most maps, but it's a stop on the "any railroad" "Spur Line," which starts operating on the Pontiac Press comics page Monday.

You'll love its fantastic inhabitants and be intrigued by their adventures from day to day. Don't be late for the first run Monday, Feb. 15.

McCarthy, Jenner Ignore Ike's Advice, Blast Dems

WASHINGTON (AP)—Fresh senatorial charges that Democrats had consorted with Communists indicated today that President Eisenhower's advice to Republicans to soften their political blows may be ignored outside his own Cabinet and staff.

Reiterating his characterization of Democratic administrations as "20 years of treason," Sen. McCarthy (R-Wis.) said he will not change his tactics to win Democratic support for parts of Eisenhower's program.

"The price is too high," he told a Lincoln Day audience of some 6,000 persons in San Mateo, Calif., last night. Referring to the Democrats, he declared that "we can't whitewash them or we would be guilty of a crime worse than theirs."

McCarthy and Sen. Jenner (R-Ind.), insisting they are only reciting the facts, said they intend to continue to do so.

Chairman Stephen A. Mitchell of the Democratic National Committee said at Portland, Ore., that Eisenhower did not go far enough when he said he would advise his official family to avoid extreme partisanship.

Eisenhower said the times are too serious for such partisanship. Sen. Monroney (D-Okla.) said the President "failed to meet the issue."

He said, "We don't mind the extreme partisanship, but it is the extreme treason" which he said some GOP speakers have been attributing to Democrats.

The President told his news conference yesterday he cheerfully admits he needs Democratic support for some parts of his legislative program, but he added he isn't much of a partisan and knows of no way he can stop this sort of thing except among members of his official family.

McCarthy told newsmen in San Francisco, ahead of his speech in suburban San Mateo: "I intend to continue giving to the American people all the facts..."

It isn't abuse to tell what's going on. When it hurts, the Democrats scream... It is our party's duty to expose the details of 20 years of treason."

Similarly, Jenner said at New Castle, Ind., that "I propose to (Continued on Page 2, Col. 7)

Church Appeals to Big-4

BERLIN (UP)—The Protestant Church, which represents 40 million Germans, urged the Big Four foreign ministers today to stay in session until some decisive step toward German unity is taken.

Need No War for Prosperity, Carlson Asserts

Kansas Senator Heard by 650 Lincoln Club Banquet Guests

By BURDETT STODDARD

"We don't need a war to maintain prosperity," Sen. Frank Carlson told some 650 members of the Oakland County Lincoln Club last night at Northwood Inn, Berkley.

Sen. Carlson of Kansas was chief speaker at the club's 64th annual dinner held in observance of Abraham Lincoln's birthday anniversary, occurring Friday this week.

Summing up the administration's first year, Carlson said: "Confidence in the American dollar has returned because of a determined effort to reduce expenditures."

Speaking also was Congressman George A. Dondero of Royal Oak, who discussed our participation in the St. Lawrence Seaway.

The Truman budget has been reduced, Carlson stated, and "no one but Ike" could have cut military expenditures without impairing national defense while actually "making us militarily stronger."

Voters will elect another Republican Congress this fall to carry on Eisenhower's program, Carlson predicted.

"I feel the Republican party is destined to come to the fore in the present crisis," he stated.

"If Abraham Lincoln were alive today," the lawmaker said, "his reaction to the Republican record since January 1953 would be, 'Well done—carry on.'"

"Much remains to be done. You can't straighten out a two-decade mess overnight. . . . In the last election our citizens . . . removed from office an administration that permitted graft, bribery and favoritism to seep into almost every department of our government."

Communists had penetrated into high policy making positions, Carlson asserted, and "it was through individuals in our own government that Russia secured the atom bomb . . ."

The President is determined that this administration shall be free from Communists, said Carlson, and quoted Eisenhower as recommending to Congress that a citizen who is convicted hereafter of conspiring to advocate overthrow of this government by force or violence . . . by such act . . . forfeit his United States citizenship."

Republican accomplishments cited by Carlson included the Korea truce, and psychological measures such as food packages to starving Germans in Russia's zone of Berlin and the \$100,000 reward offered for delivery of a Russian MIG fighter-plane.

"The picture for high employment and prosperity is very good," he said. "The general trend toward centralization of our government in Washington has been reversed. We have reduced the federal per capita (Continued on Page 2, Col. 2)

2 Michigan Men Fly RB36s on Jet Stream Hop

LIMESTONE AIR FORCE BASE, Maine (AP)—Two Michigan Air Force colonels were aboard the pair of big RB36 bombers that completed a 24-hour, 8,700-mile non-stop flight from Japan to Maine yesterday.

The flight was commanded by Col. Willis E. Beightol of Mt. Clemens, Lt. Col. James L. Scott of Wakefield was the commander of the first plane to touch down at Limestone Air Force Base.

Air Force spokesmen said the flight was made to study jet streams in the upper atmosphere. No special difficulties were met during the long hop.

The RB36 carries a complement of 22 men and has a normal range of 10,000 miles. The giant aircraft is powered by four jet engines and six conventional propeller engines.

The planes are reconnaissance versions of the B36 intercontinental heavy bomber.

One-Man Jury to Be Extended

Judge Who Investigated Conservation to Probe New Matters

LANSING (AP)—A one-man grand jury which recommended the dismissal of seven Upper Peninsula conservation officers today was extended for six months to probe new matters in Schoolcraft County.

Atty. Gen. Frank G. Millard said that the grand juror, Circuit Judge Donald E. Holbrook of Clare, reported the receipt of new information "which he feels needs investigation."

Millard said that an order was being filed in Schoolcraft County today to extend the probe for six months.

Says Solons Lack Power to Lift Athletic Award Rule

LANSING (AP)—Atty. Gen. Frank G. Millard held today the Legislature acted unconstitutionally when it gave one of its committees the power to suspend rules of administrative agencies—such as the controversial high school athletic awards rule.

Millard's opinion cut the ground from under the joint Legislative Interim Committee which since 1951 has forced administrative agencies to modify rules and which last year suspended the awards rule of the State High School Athletic Association.

The attorney general held that the power to suspend a departmental rule must be based on a finding that the rule does not conform to statute.

That determination is a judicial function, Millard said, and cannot be usurped by the Legislature.

The opinion was requested by Rep. Adrian De Boom (R-Owosso) as a result of the controversy over the suspension of the athletic awards rule.

By suspending the rule, the Legislative Committee forced the Department of Public Instruction to write a new rule which was less strict and which resulted in the immediate reinstatement of 19 high school athletes who had lost their high school athletic eligibility.

Dr. Clair L. Taylor, state superintendent of public instruction, said the attorney general's

opinion would have no effect on a new awards rule since it was adopted in conformity with laws covering the promulgation of new rules.

The old awards rule provided that athletes who accepted merchandise gifts should be ineligible for one year.

The amended rule cut the ineligibility to a minimum of three months and a maximum of a year. In a recent case, athletes charged with accepting merchandise gifts for outside competition were given just the three months minimum suspension.

1,000 Commies Seized or Killed

French Forces Find Reds 40 Miles Away From U. S. Mechanics

HANCOI, Indochina (AP)—French-led forces killed or captured 1,000 Communists this week in the Red River delta, some 40 miles from the airfield where newly arrived U. S. airplane mechanics are at work, it was announced today.

The French high command said another 800 persons, believed to be Red guerrillas in disguise, were rounded up for screening in the 96-hour mop-up of the Nam Dinh area, south of Haiphong airfield.

TWO CITY Officials Warn Home Purchasers to Investigate Property

From Our Birmingham Bureau
BIRMINGHAM — "Buyer beware" should be the watchword for home purchasers, City Commissioner Lance Minor and Chamber of Commerce Executive Secretary Charles Mortensen agree.

"I've watched group after group of home owners come before the City Commission with land problems which they should have known the answer to before they even thought of buying a home here," Minor insists.

Such problems as whether the street they live on is designated as "arterial" or "semi-arterial," what the zoning restrictions are, and the adequacy of public utilities like sewers and water are all subjects to be considered.

How the present zoning laws affect the site, and whether the city's planning board has any future plans for the area should be taken into consideration, in addition to easements, vacant space adjoining, paving and contemplated paving of streets in the area, they said.

Mortensen pointed out that a frame home can be purchased in the area zoned for business, but cannot be used for business until fire regulations have been met.

He re-emphasized Minor's warnings of easements, unpaved streets which will add later assessments, and possible widenings of streets as the city and its traffic flow continue to grow.

Walter Eaton, executive secretary of the Michigan Inter-Industry Highway Safety Committee, and Prof. Leslie Silvernail, coordinator of driver education at Michigan State College, exchanged thoughts on driver education programs at this week's Birmingham High School PTA program.

There are two methods of teaching driver training in the schools, Eaton said, one is by dual control cars, with an instructor, on city streets. The other calls for a driving range on or near school property with several cars in use, directed by a master car.

Two teachers and ten cars with a driving range of approximately 380 feet by 200 feet could serve from 400 to 500 students, Eaton estimated the cost for this at about \$30,000 or the equivalent of one modern classroom.

Father's Night at Poppleton PTA will start at 8 tonight when the men open the Poppleton Supper Club to all parents in the school. Andrew Hotten will serve as master of ceremonies.

Special entertainment will be provided by Donald Merchberger and Linda Tunstall, tap dancers, and Sharon Yarbrough, vocal soloist.

John Koderowski, of the Pontiac Nursery, will speak on "Plantings for City Backyards" at a meeting of St. Helen's Guild of Holy Name Catholic Church at 8 tonight at the school cafeteria.

"Talent" money will be contributed at tonight's Soroptimist Club meeting at 7 at Devon Gables. Each member will tell how she earned the money, which will be used for the group's neglected children project.

City Attorney Forbes Hascall told the city commission this week that a court date of March 8 has been set for the suit concerning subdivision restrictions, for the proposed construction of a fire station at Chesterfield and Maple.

Teams in the YMCA Interamural Basketball league will meet starting at 7 tonight at Barnum School gym, with games open to the public.

In the last games played Rite-way Water Softener took the second half league lead with a 44 to 38 win over Birmingham Cleaners. Fawcett Automatic Heating won its first game of the season, beating Emmanuel Baptist Church 33 to 33 in overtime play.

Richard H. Senter, an FBI special agent, will be the guest speaker at a meeting of the North Suburban Chi Omega Alumni, at the

Service for Mrs. Elizabeth S. (Joseph A.) Byrne, 65, of 327 Greenwood Ave., will be at 3 p.m. Friday from the Bell chapel of the William R. Hamilton Funeral Home.

Mrs. Byrne, wife of Birmingham's former postmaster, died Wednesday at St. Joseph Mercy Hospital, Pontiac.

Born in Albany, N. Y., she moved here in 1922. She was a member of the St. Joseph Mercy Hospital Auxiliary and the Detroit Humane Society.

Besides her husband she is survived by a brother, William M. Schoring, of Rensselaer, N. Y.

GOP Record Lauded by Lincoln Speaker

(Continued From Page One)

sonnel by over 183,000—further reductions will be made."

Carlson cited a program which "the President and Republican party must carry on."

1. A foreign policy "that must neither barricade itself on its own shorelines, nor attempt to defend alone every free nation . . ."

2. Economic moves including a reduction in taxes and balanced budget, "keeping in mind that agriculture, labor and industry must have their proportionate share of the national income."

3. An administration "with honor and integrity at home so that we may exert a powerful influence for peace in the world."

4. Stop a socialistic trend and re-establish full operation of the free enterprise system.

5. Continue adjusting to a "peace economy with the least dislocation possible."

Carlson also noted parts of the Bricker amendment he thought would be passed:

1. No treaty would be legal that violates the Constitution.

2. All treaties would have to be passed by a roll-call vote of the Senate.

3. Congressional vetoes allowed on executive agreements.

U. S. Rep. George A. Dondero (Royal Oak) introduced Carlson, following a special filmed Lincoln Day address by President Eisenhower.

Invocation was given by the Rev. Richard H. Dixon Jr. of Trinity Baptist Church, Pontiac. Salute to the flag was led by Mrs. Duncan McVean, with greetings by Mrs. William A. Kennedy, president of Republican Women's Federation of Oakland County.

Royal Oak Mayor Howard K. Kelley was toastmaster. Raymond E. Addis, 1954 Lincoln Club president introduced other officers including John B. Wilson, Robert A. Sutton, Mrs. Orrin McQuaid and Mrs. Maurice Johnson, vice presidents. Mrs. E. N. Rowley, secretary, Harry W. Horton, treasurer and Richard L. Moore, immediate past president.

Benediction was given by the Rev. Otto G. Schultz of Grace Lutheran Church, Pontiac.

Weather Fails to Chill Enthusiasm for Outdoors

LANSING GUP — Despite chilly weather, an estimated 124,000 persons visited state parks and recreation areas during the first 40 days of the year, the state conservation department said today.

Grand Haven and Holland-Parks have attracted hundreds of visitors. Skiing and tobogganing are the attractions at other state parks, the Department said.

Lumber Yard Burns

DETROIT (UP) — A two-alarm fire caused an estimated \$150,000 damage early today at a warehouse of the Robinson Lumber Co. in northeast Detroit.

ADDITION—Low bidders were awarded contracts at last night's Bloomfield Hills School Board meeting, for the \$205,000 addition to the Wing Lake Elementary School (above). General construction went to A. N. Hickson with a bid of \$128,900. Supt. of Schools Eugene L. Johnson said contracts let total \$183,500, leaving \$21,500 for furnishings and landscaping. The architect's sketch, except for the existing far left portion, shows the addition which will add four classrooms, a multi-purpose room, health clinic, kitchen and offices. It is expected to be completed by fall.

Miss Uriel Broadwell

Veteran GM Employee Is Taken by Death

Miss Uriel (Bunce) Broadwell, 60, employed for 35 years at GMC Truck and Coach Division, died at 2:30 a.m. today in Pontiac General Hospital.

Born in Alpena May 22, 1893 she was the daughter of Clayton and Catherine Broadwell.

She came to Pontiac 40 years ago and went to work at the truck plant Aug. 1, 1918 and was one of the first to operate its switchboard. In January, 1942 she was promoted to chief operator.

She is survived by two brothers and a sister, Donald in St. Paul, Minn., Patrick, a sailor, and Alice in California.

Funeral will be Saturday at 1 p.m. from the Donelson-Johns Funeral Home. Burial will be in the Memorial Park Cemetery at Flat Rock.

Mrs. Peter E. Anderson

After an illness of two months, Mrs. Peter E. (Gladys E.) Anderson, 70, of 420 N. Perry St. died at her residence at 3 a.m. today.

Born at Galloway Lake March 17, 1883, she was the daughter of Marion F. and Elvira Kinney Biegelow. She married Mr. Anderson here in 1914. Mrs. Anderson had spent her entire lifetime in Pontiac and was a member of Central Methodist Church.

Mrs. Anderson was a stenographer at the Rapid Motor Company, now GMC Truck and Coach Division and the Oakland Motor Car Company, now Pontiac Motor Division.

Surviving is a daughter, Helma G. of Pontiac. The body is at the Brace Funeral Home.

Roger Park

Roger Park, 65, of 26 Lincoln Ave., Apt. A, died at his residence yesterday after a 14-month illness.

He was born in Sullivan, Ind., Jan. 20, 1889, the son of Richard and Margaret Roger Park. He married Margaret Eckert.

Mr. Park attended Purdue University and was last employed as superintendent of Railway Express out of Detroit. He was a member of the Detroit Chamber of Commerce and F & AM, Standard Lodge 873, Chicago. He came here

three years ago from Grand Rapids.

Surviving besides his widow is a daughter, Mrs. Dorothy Henderson of Arizona.

Other survivors include one grandchild, a brother and sister, Bruce Park of Albuquerque, N. M., and Mrs. Margaret Davis of Indianapolis, Ind.

Funeral will be Saturday at 3 p.m. from Donelson-Johns Funeral Home. Burial will be in Highland Park Cemetery, South Bend, Ind. In lieu of flowers the family requests donations be made to the Heart Fund.

Land Value Given in Property Suit

(Continued From Page One)

doing business in the downtown area was constantly increasing. Lack of parking space, he said, was forcing double parking and slow driving which interfered with a normal traffic flow.

Beer asked if construction of business places in outlying areas might relieve downtown congestion and if Straley knew of any such construction.

Straley said it might and gave the Tel-Huron shopping center, now under construction, as an example. City Engineer Lewis M. Wrenn was questioned by Ewart about requirements for building over the Clinton River should Habel expand his present building across to the disputed property.

Wrenn said any building over the river would have to allow for water level control and clearing of debris.

Beer asked Wrenn if traffic congestion could be relieved by widening streets. Wrenn said there was little room in the downtown area for street widening without tearing down buildings.

Beer asked if city-owned land around the new city hall could be used for parking. Wrenn said he thought the plan was to use it for the location of future municipal buildings.

Chicago Area to Get Nike Missile Base

CHICAGO (AP)—Fifth Army headquarters announced today the Army plans to install a guided missile anti-aircraft defense system in the Chicago area.

Lt. Gen. William B. Kean, 5th Army commander, said construction will begin when weather permits.

The number of locations for the Nike guided missile systems was not disclosed.

The RB36 is a reconnaissance version of the SAC's intercontinental heavy bomber, powered by four jets and six piston engines.

The two that came from Japan are assigned to the 5th heavy strategic reconnaissance wing based at Traverse Air Force Base in California.

McCarthy, Jenner Ignore Ike's Advice

(Continued From Page One)

tell the truth regardless of politics."

In his Lincoln Day talk, Jenner made no reference to the President's remarks but he said: "Don't let anyone tell you communism will not be an issue in the coming campaign. It must and will continue to be until we get the rats out of government."

Eisenhower said last year he hopes that any fear of Reds

"actively undermining" the government will have vanished by November's congressional elections.

Jenner told his audience that while Americans were fighting in Korea, "their victory was being thrown away by men high in the (Truman) administration who were friends or allies or willing appeasers of the Soviet destroyers."

Both he and McCarthy were speaking under auspices of the Republican National Committee, which Eisenhower said ought to observe the rule of moderation he voiced.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

THURSDAY, FEBRUARY 11,

Beg Pardon, Everybody

It seems THE PRESS has erred. We are in receipt of a letter from sharp eyed PAUL WEBER, Press Secretary in the Governor's office, calling attention to an editorial in which we commented on the budget message.

The PRESS chided Governor WILLIAMS for denying Republicans credit for the tax program which made a million dollar operating surplus possible. Mr. WEBER points out that on the first page of the budget message, the Executive said:

"Although not everyone has agreed with the means employed, the present Legislature has met its constitutional responsibility by providing increased revenues from new sources."

The WEBER letter to the PRESS then concludes:

"In his general message delivered the day after your editorial, he said, referring to the balanced budget and other accomplishments, 'these are achievements in which we can all take satisfaction, whatever our position in the Government, from the Legislature and the Governor down to the least clerk among our loyal civil servants.'"

The PRESS is contrite and salaams before Mr. WEBER and Governor WILLIAMS. We are always ready to admit our sins of omission or commission.

The editorial was written from a Lansing news dispatch and not from the message itself. Perhaps this is our greater error.

In any event, we extend our thanks to Mr. WEBER.

Japs Want Alaskan Pulp

The American pulpwood industry is reported alarmed by threats of Japanese interests to establish wood pulp mills in Alaska.

Because our Government can't deal with foreign firms, 20 Japanese companies have organized an American company to bid for Alaskan contracts and licenses. The aim is to acquire enough wood pulp to supply Japan's lumber, rayon and wood products industries.

Japan's acute shortage of this material is due to overcutting of her timber during the war and the shutting off of supplies from Manchuria and Sakhalin Island. Unless the Japanese can trade with Russia and Red China, their only hope of getting sufficient pulp is the American Continent.

Deputy Director MERRILL LORD of the forest products division of the U. S. Department of Commerce says some U. S. pulpwood men doubt that the Japanese ever will build a mill in Alaska. What they want is a stable supply of about 150,000 tons of pulp a year.

This suggests that if our own pulp interests would make that amount available to the Japanese, they'd be glad to abandon their Alaskan project.

Good News for Utica

Announcement by Packard Motor Co. that it will move its engine, transmission and axle operations to its jet engine plant north of Utica, is good news for that nearby Macomb County community.

The move eventually will affect about 3,000 of Packard's 11,000 employees. This phase of the company's multimillion dollar revitalization program also is good news for eastern Oakland County

which is certain to feel the stimulus of this development.

According to Packard officials, this decentralization has the approval of its workers, increasing numbers of whom have expressed a desire to work in the Utica plant.

It also is officially announced that the installation of the necessary machinery in the million square foot building next to the proving ground, will be completed in time for Packard's 1955 models.

The full scope of the company's program hasn't been revealed. But it is estimated that before it is completed it will cost \$50,000,000. Any project involving that much money is important to everyone and every area it affects.

It's advisable to have a physical check-up now and then. In Yakima, Wash., recently a woman walked into a hospital, said she wasn't feeling up to par, and asked for an examination. The check-up revealed she had several broken fingers, a broken ankle and a fractured skull. . . . And how are you feeling today?

Today's couplet: Man's on the road to be a sage when he learns to be his age.

The price of coffee at \$1 a pound is almost double that of automobiles, but, of course, we can live without coffee.

The Man About Town

Pontiac Library
 Celebrating 30 Years Under the Management of the City

Daffynition
 Marriage license: What allows you to keep the game in captivity after the hunting season is over.

On next Monday the Pontiac Library celebrates its thirtieth anniversary under city management. The building on Williams St. was a gift from Mr. and Mrs. Byron G. Stout who donated it for the purpose in 1898, but the city did not take it over until Feb. 15, 1924. Since that time.

Miss Adah Shelly
 has been city librarian. In authorizing a new branch library at Glenwood Ave. and Rundell St., the city commission takes the first step in library building construction in Pontiac's history.

A permit was issued this week by the Michigan Conservation Department for the drilling of another oil well in Oakland County, near Milford.

Administrative engineer at General Motors Proving Grounds.
T. J. Carmichael,
 supervised the skids and turns at the National Safety Council's recent tests on winter driving hazards. It was a 16-day

"Operation Skid Quiz,"
 when cars were sent through all kinds of snow and ice conditions.

A letter defending the teen-age driver comes from **Mr. and Mrs. G. L. Morganson** of Saginaw. Their car skidded into deep snow beside the Dixie Highway just north of Pontiac the other night, and over 100 cars and trucks ignored their appeals for help. Then along came an old jalopy with four boys, which pulled them back on the pavement. The lads wouldn't take any pay, saying they were out helping people in trouble.

"If more people would feed the birds in seasons like the present one," says an anonymous communication, "they would be amazed at the joyous appreciation demonstrated."

Advance proofs of that new comic strip, **"The Spur Line,"** which starts soon in the Pontiac Press show that it is a top blues chaser.

Several fish houses on lakes in the Pontiac area have been burglarized, and **Sheriff Clare L. Hubble** urges fishermen not to leave anything of value in them overnight. Tackle worth over \$50 was stolen from the fish house of **John Strong** at Pontiac Lake, and articles of lesser value from several other houses at the same lake.

Coming to the Kirk in the Hills in November, from West Park Presbyterian Church in New York City.

Dr. Harold C. DeWindt receives as high as 150 calls for copies of his sermons. More than 60 people were turned away Sunday after all auxiliary space in the church was occupied.

One of Oakland County's most widely known ministers during a period of a quarter of a century was the **Rev. Frederick R. Walker** who died in Detroit Tuesday. He was pastor of the Lake Orion Methodist church from 1921 to 1946. His funeral was held and burial made at Lake Orion today.

A "porchlight" fund drive is to be conducted by Oak Park service clubs and other civic organizations for the family of four-year-old **Randy Reckwald** who was fatally burned a few days ago.

"You Sure I Need a Bodyguard?"

Voice of the People

Praises All Who Assisted Boy Scouts in Their 'Take Over the City' Project

For the second time, Pontiac City Manager Walter K. Willman and municipal department heads have cooperated wholeheartedly with the Pontiac Scout District in the "take over the city" project. Last year's enthusiastic response by the city for this citizenship training event caused Scout officials to again schedule the activity.

This public note of appreciation is extended to the city, the Pontiac Press for its coverage of the event, and to the many Scout leaders who aided in conducting the two mock political conventions and voting precincts prior to the "taking over" project.

These men have made a local celebration of National Boy Scout Week a decided success and more important, they have given Pontiac boys a better understanding of government operations.

Bill DeGrace
 Chairman, Pontiac District
 Camping & Activities Committee
 63 Bloomfield Terrace

David Lawrence Says:

For One Party to Blast Another Is Basic and Ike Must Smarten-up (Politically)

WASHINGTON — Dwight Eisenhower as a military man knows that a good offense is as necessary in war as a good defense, but he doesn't seem to have grasped the importance of the same rule as applied to political warfare.

Unfortunately, the President again allowed himself at his press conference to be entrapped by Trumanite reporters into pulling the rug from beneath his own party's spokesmen.

He did it once before on Attorney General Brownell when the Harry Dexter White case was first publicized, and he now deals a body blow to his own national chairman, Leonard Hall.

For several days the Democratic strategists have been trying to undercut or nullify the effect of the forthcoming Lincoln Day speeches by the Republicans. Entirely oblivious to the bitter and irresponsible attacks made by high officials of the Roosevelt-Truman administration against the Republican party as a whole for many years, the cry now has gone up that the Eisenhower administration is countenancing some sort of violation of the rules of political etiquette.

Eisenhower, whose knowledge of the insidious tactics of politics is limited but who certainly might have been briefed on the subject in advance of his press conference, left the impression with many reporters that he disavows what Chairman Hall of the Republican National Committee, his own chief of Staff Sherman Adams, and Governor Dewey have been saying in their political speeches.

When news of what the President had said at his press conference reached Capitol Hill, there was rejoicing among the various Democrats at the way a wedge had been driven between Eisenhower and the Republicans now out on speaking tours.

The rules of political combat

Aunt Het
 One nice thing about poverty is that it makes you independent. I'd hate to be so helpless I couldn't eat if the cook failed to show up.

conducting the two mock political conventions and voting precincts prior to the "taking over" project.

These men have made a local celebration of National Boy Scout Week a decided success and more important, they have given Pontiac boys a better understanding of government operations.

are to hit hard at the opposition's past errors. If Eisenhower is naive enough to believe that he can conduct the presidency on a kid-glove basis of aloofness toward the preceding administration, he will be weakening the morale of his own party in the congressional elections this autumn.

There are, of course, extremes in political campaigning. But basically the American people believe in holding a political party responsible for what its officials did when they were in office, and they are always glad to get the facts about the mistakes that have been made.

The late F.D.R. from 1932 to 1944 never let an opportunity go by to take a crack at the Republican party as a party of "depression."

He assailed all businessmen as "economic royalists." On nationwide trips paid for by the American people—which he facetiously called "non-political" journeys—he denounced the entire Republican party as a faithless institution.

In every campaign, and between campaigns, the country was reminded by the Democrats of the acts of the Herbert Hoover administration with a scathing line of attack. No Republican members of Congress did the "cry baby" act then.

It would have done them no good, anyway, for Harry Truman "poured it on" when he delivered his "give-em-h—" speeches, which were so often acclaimed by the very Democrats who are now shouting "unfair."

In the election of November 1952, the people "liked Ike," but primarily they voted against the party of Harry Truman. They voted against corruption and communism in government as well as bungling in military preparedness before Korea and bad judgment after the Korean War began.

Naturally, there are Democrats who want the Republicans to keep silent and say no more about the Harry Dexter Whites and the Alger Hisses and the Klaus Fuchses and forget all those "red herring" statements by which Truman sought to minimize the cost to the American people of treason.

If Eisenhower now orders the Republican party to be gagged on such issues, he will be flying in the face of a fundamental principle that parties at all times should be held accountable for their mistakes until and unless they show they have repented.

The "mess" in Washington was one of the things the people heard a great deal about in the last campaign. Now that the Republicans are able to see what's in the files

There's a name that's loaded like a miner's mule. The French exiled Sidi Ben to Corsica with his youngest wife, several pashas and eight concubines. There is no limit on a sultan's baggage.

and what's missing and have discovered how records were destroyed and personnel files were tampered with, certainly there are Democrats who want to see these things suppressed and covered up.

But will Eisenhower agree to such a cover-up? It would be a big victory for the Democratic strategists if he did.

The argument is made that the votes of the Democrats are needed in Congress to support the President's program. If Eisenhower, however, has to buy their support by suppressing the facts about the corruption and malfeasance of the Roosevelt-Truman administration and the laxity about Communists in government, the country will lose respect for him as a political leader and his opponents in Congress will be found exacting every day a higher and higher price for their cooperation.

Eisenhower's legislative proposals will stand or fall on their merits. If they are in the public interest, the Democrats will have to vote for them anyway or be defeated at the polls.

They cannot seem to be vindictive or perhaps in some cases more concerned about keeping the Harry Dexter Whites and the Alger Hisses out of the campaign attacks than about the important legislation wanted by Americans, irrespective of party.

Brady Won't Argue With Saireygamp About Milk, Calcium and Rheumatism

By WILLIAM BRADY, M. D.
 A Davenport man has been regularly supplementing his diet with a good daily ration of calcium, phosphorus and vitamin D for some time now and he feels it is doing him good.

However, he says, the doctors claim it is a calcium formation that causes arthritis

What doctors claim that the Davenport man doesn't say. If he or any other reader of this egregious column will round up a doctor of medicine who says over his signature that information, accumulation, or deposit of calcium causes arthritis, rheumatism or joint disability of any kind, a doctor who will permit me to quote his or her statement here, I'll present the reader A Lot of Little Lessons In the Ways of Health, in 23 volumes.

Another reader says her friend has arthritis which makes it difficult for her to get about. Her friends mother insists the arthritis is due to too much calcium. Is this possible, asks the reader. I have calcium deposit in the shoulder and it is very painful. What causes it and what to do for it. (S. F. H.)

Case Records of a Psychologist

Many Famous Men Had to Learn to Be Sociable

King Saul was a powerful man who stood head and shoulders above his fellowmen. Yet he was so modest and shy that he fled from his own coronation! The crowd was present but the young king couldn't be found! The last two kings of England have also been stuttering, timid souls

By DR. GEORGE W. CRANE
 Case K-322: Saul, aged about 20, was a tall Hebrew lad of a wealthy family.

He stood head and shoulders above other men, for he was a giant, much like George Mikan, our famous basketball star.

Jehovah had told Samuel that Saul was to become the first king of Israel. So Samuel informed Saul that he was to be anointed king.

"Am not I of the smallest tribe of Israel?" Saul protested modestly.

"And is not my family the least of all the families in the tribe of Benjamin?"

"Wherefore then speakest thou

Portraits

By JAMES J. METCALFE

Monopolies are not allowed

They are declared unjust

According to the law well-known

As Sherman Anti-trust

But it is not enforced against

The women of our nation

Who constantly monopolize

The smallest conversation

They go right on from dawn to dawn

Declaring every word

Monopolizing every phrase

And sentence that is heard

Of course that also could explain

The lack of prosecution

As men are speechless to enforce

Their solemn resolution

But as the law is on our books

And no one should get stung

There ought to be a bridge for

The average woman's tongue.

Baering Down

By ARTHUR (BUGS) BAER

International News Service

We advise the UN to put in a miscellaneous department for hostile parades, international mugging and diplomatic footsies.

There is nothing in the UN charter that blankets the French leaving of Sultan Sidi Mohammed Ben Youssef of Morocco.

There's a name that's loaded like a miner's mule. The French exiled Sidi Ben to Corsica with his youngest wife, several pashas and eight concubines. There is no limit on a sultan's baggage.

Then the French packed the sultan off for Brazzaville, Equatorial Africa. With his youngest wife, several pashas and eight concubines. The team went south just like the Brooklyn Bums and the Phillies.

What will UN do about that? We can hear the Arabian ambassador singing through his tenor burmose, "Where my caravan has rested."

They say a watched Nargileh never bubbles. What is the UN doing about the Mau Maus on the retaliatory prow? Will Molotov solve the problem by blacking up?

Some agenda from the file index indicated the Mau Maus may be a road company of the Abbey Players. A kangaroo had its diplomatic pouch picked on a Melbourne street car. A herd of Gibraltar apes stoned the English legation with coconuts. The head shrinkers of the Amazon have been asking about that Chicago boy.

It has been my opinion for two years that the UN delegates have had their head-phones tuned in to Musac.

The truth is the UN is varnishing over these international hassels with two coats of ineffectuality. You cannot police the world with a force of desk sergeants.

It is this possible, asks the reader.

I have calcium deposit in the shoulder and it is very painful. What causes it and what to do for it. (S. F. H.)

My husband, 62, is afraid to take calcium or drink milk. He thinks it will collect in his joints and cause arthritis or rheumatism. He is steadily getting worse . . . (A. S. L.)

The man would hardly take my advice seriously, when Mrs. Sumney assures him that some eminent specialist in the best advertised kil-NICK opines there is danger in taking too much calcium

The oracle doesn't say how much "too much" would be, whether the dictum applies to calcium, this or that vitamin, iodine, or some other nutritional element I have cracked up here.

Miami reader had been eating calcium and D (as I advise in pamphlet Calcium and Rheuma-

so to me?" he asked in surprise. But before starting the public coronation, Samuel called all the 12 Tribes of Israel to come together, for this was to be their first king.

And when Samuel looked for Saul, Saul was missing! Everything was ready for the coronation, but the new king was gone!

And they couldn't find him until Jehovah revealed that Saul was so shy that he had hidden himself among the baggage!

Many of you teen-agers tell me your lives are miserable because you are so shy!

Well, take heart. Everybody is shy until he learns to become sociable. And to prove that I am

not just reassuring you with imaginary cases, I told you about my own high school sons in yesterday's Case Record.

The day before, I described Clark, the junior at Ohio State University, who was equally shy.

And now I am citing the first king of Israel. Please remember, too, that Saul was a giant of a man and not a peewee. So if brave, powerful men are timid, you American teen-agers need not feel so upset.

Moses was also so shy he stuttered in public and begged God to excuse him from the task of visiting Pharaoh's courtroom.

Demosthenes, the greatest orator of all history, was originally so shy he couldn't speak much above a whisper. He blushed and stuttered and was laughed to scorn by the first audience that he tried to address.

But he had courage, so he vowed he'd show 'em! Then he went down to the seashore and learned to shout against the roar of the waves, thus getting the volume or loudness needed.

And to cure his stuttering, he placed pebbles in his mouth and became so preoccupied with keeping them out of his windpipe that he forgot his stuttering.

Even the recent Kings of England have been stutterers, plus pugnacious Winston Churchill.

For a man can be brave, as in the boxing ring or on the battlefield, yet be timid as a mouse when asked to speak in public. But you can all cultivate boldness and learn to be a poised assured public speaker.

But if you then are asked to sing a solo in public, you may again blush with embarrassment and be scared almost to death.

Or, if you are now a nonchalant singer and then are asked to make a speech, you may likewise be panicky.

For habits are specific! You may be poised in one field, yet blush with stagefright in another.

So send for my bulletin, "Public Platform Strategy," enclosing a stamped return envelope, plus a dime. It offers you a lot of shortcuts.

Rotary Honors Clifford Smart

School Superintendent at Walled Lake Cited for 9 Years Service

WALLED LAKE — Clifford H. Smart, superintendent of Walled Lake schools, has been presented with the annual Rotary Club award for outstanding community service here.

An engraved plaque was presented to Smart by Elmer Conrad who cited reasons of the Rotary board of directors for choosing the superintendent.

According to Conrad, in Smart's nine years as superintendent he has fostered the construction of Commerce, Gleggery, Wixom and Walled Lake elementary schools.

He also has seen that additions have been made to Union School and to the Twin Beach Elementary School, now under construction, as well as the new senior high school, Conrad pointed out.

Smart also served as president of Michigan Education Association, president of Michigan Association of School Administrators, and is presently a member of the resolutions committee of the American Association of School Administrators.

In addition, Conrad said, Smart is state legislature chairman for Michigan Congress of PTA's and a member of the state finance study committee which is seeking a solution to Michigan's financial problems.

Williams-Hockey Rite Held Recently in Rosedale Park

KEEGO HARBOR — About 250 guests witnessed the double ring ceremony Jan. 30 which united in marriage Lucille Marguerite Hockey of Keego Harbor and Ronald Allen Williams of Detroit.

Lucille is the daughter of Mr. and Mrs. Kenneth V. Hockey of Keego Harbor. Ronald's parents are Mr. and Mrs. Albert Williams of Detroit.

For the ceremony, held in the Lutheran Church of Rosedale Park, the bride wore a gown of white nylon over white satin, fashioned with a sweetheart neckline and long sleeves ending in points at her hands.

A heart shaped tiara of white satin studded with pearls and rhinestones held her fingertip veil of nylon net. She carried a colonial style bouquet of white carnations.

Mrs. Kenneth Hockey Jr. of Royal Oak, the bride's sister-in-law, served as matron of honor, wearing a gown of taffeta with net and nylon tulle in a shrimp shade.

A similar gown in turquoise blue was worn by Marion Thompson of Keego Harbor, who served as bridesmaid. The attendants carried colonial bouquets of pale yellow carnations.

Serving as best man was Robert Williams of Detroit, brother of the bridegroom. Warren Williams, also of Detroit, and Kenneth Hockey Jr. of Royal Oak, brother of the bride, seated the guests.

A reception followed the ceremony in Broadhead VFW Hall in Detroit.

The new Mr. and Mrs. Williams are now living in Royal Oak.

Hold Teachers' Institute Friday

Lapeer County Group to Hear New York and State Speakers

LAPEER — Beginning at 9:30 a.m., the annual Lapeer County Teachers' Institute will be held here tomorrow. Schools will be closed all day.

The institute will be divided into two sections, elementary and secondary, with Mary Martin of Michigan State Normal College leading the first and Dr. Clyde Campbell of Michigan State College directing the secondary division.

Other speakers participating will be Dr. Wesley Haines, assistant to the president of Keuka College, New York and the Rev. Robert D. Richards, of Livonia.

Dr. Haines is scheduled to speak to similar institutes in 20 Michigan counties.

The Rev. Mr. Richards was born in Great Britain, where he worked as a coal miner until he was 32 years old. After coming to the United States, he worked in auto plants and attended high school, and, later, Albion College. He subsequently was ordained a Methodist minister.

Rochester Village Council Lays Plans for Election

ROCHESTER — Plans for the forthcoming spring election were laid at this week's Village Council meeting.

For the third year, two Avon Township voting machines will be set up in the village fire hall 129 E. Fifth St.

Because of a resignation in mid-term, voters in the March 8, balloting will elect five councilmen instead of the usual four, according to Robert Stone, village manager.

The top three vote-getters of the six candidates will serve for two-year terms, and the lowest two for one year each, Stone said.

In other business, the Council accepted activity reports which showed, in part, that:

- 1) The Village treasurer has collected 97.2 per cent of taxes due.
- 2) Two building permits were issued, at a total valuation of \$10,750.
- 3) Only \$50 damage was done by fire in the village during January.
- 4) The police department reported that only 150 parking violations and 130 drivers' licenses were issued during the month.

The total amount of fines paid to the village was \$665.

5) There was considerable filling of the proposed civic park site by the highway department.

Manager Stone was authorized to advertise for bids on a new turbine deep-well pump to replace the present pump. Bids will be opened at the next regular meeting Feb. 22.

Choose New Head of Activities Group

WALLED LAKE—Harry Woolley was elected president of the West-aeris Activities Assn. last week, succeeding Earl Garrels, who automatically becomes a director.

Others voted into officer posts were Arnold Gugel, vice president; Eleanor Trout, re-elected secretary, and Carl Stark, treasurer.

George Schroeder and Arnold Steckling won seats on the board of directors.

Avon Players in Rehearsal

'Kind Lady' Will Be Presented Feb. 19-20 at Rochester

ROCHESTER — Avon Players continued rehearsals this week for their forthcoming play "Kind Lady" to be presented Friday and Saturday, Feb. 19-20.

Written by Edward Chodorov, the production will be directed by George Long, assisted by Ann Burgess.

Starring in the role of Mary Herries, the "Kind Lady," will be Betty Shaffner who is making her debut with the Avon Players. She was formerly with the Village Players of Birmingham.

Others in the cast will be Diane and Bill Mitzelfeld, Gerry Germaine, who will play the part of Mr. Edwards, Betty Case as obnoxious Aggie, and Ted Nash in the male lead.

Still others are Averyl Clute as Mrs. Edwards, Gordon Miller as Gustav Rosenberg, Jean Lilly as the maid, Walt Dornier as Mr. Foster, Darrell Bordine as the doctor, Sally McClelland as Ada, and Carolyn Nash as Lucy.

Township to See New Fire Truck

Avon to Hold Meeting Tuesday to Consider Financing Volunteers

AVON TOWNSHIP — Township residents will have a chance to view their new fire truck and a chance to attend a public meeting Tuesday to consider the financing of the new Volunteer Fire Department.

The fire truck will be on display at the Community Hall. Township electors will consider a proposed special assessment district for levying a tax of two mills per thousand dollars of assessed valuation for maintaining and operating fire equipment.

Purchase of the fire truck at \$11,000 was authorized recently by the township board. Final delivery of the truck, however, won't be made until sometime in March.

An appropriation of \$6,500 has been approved by the board to construct a fire hall, according to Monroe Frederick, president of Avondale Community Forum.

The Volunteer Fire Department held its first meeting last Sunday. Twenty-one volunteers were signed up tentatively. Ten more are still being sought, according to Frederick.

A committee of six firemen was designated to train with General Fire Truck Co. of Detroit on the operation of the equipment. They were Edward Owen, Donald Lawson, Merle VanGuilder, Roy Tebeau, Euclid Montville and William B. Richards.

The committee will assist in training other firemen when the department is completely organized.

A committee of seven was also set up to study a constitution and bylaws for the fire department and present them at a meeting Sunday, Feb. 21. A three time regular dates for training day and night shift firemen will be fixed.

Next regular meeting of the forum will be Tuesday, Feb. 23.

Woodward PTA Will Sponsor Sweethearts Ball

ROCHESTER — Highlighting the winter season of the Woodward PTA will be a "Sweethearts Ball" to be sponsored Saturday in the high school gymnasium.

The dance will be held to raise PTA library funds for the school.

General chairman for the dance is Mrs. William Dawe. Arranging Valentine motifs for the gym is a committee headed by Mrs. Hilburn Carpenter. Mrs. Fred Sargent is chairman of the refreshment committee, and Mrs. Carl Sterns is tickets chairman.

The program will consist of modern and square dancing from 8:30 to midnight.

Thomas Alva Edison

FEBRUARY 11, 1847

February 11th is the 107th anniversary of the birth of Thomas Edison, founder of the electrical industry as we know it.

It's a rather special date in Michigan since it was here his family lived for many years, here that young Tom's inventive genius first began to emerge.

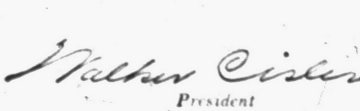

It's a rather special date at Detroit Edison, too, for our people believe in serving—and service was Thomas Edison's guiding principle. So strong were his feelings on the matter, so confident was he that widespread use of electricity could benefit mankind, that he began by selling lamp bulbs for 40c each—far below their manufacturing cost of \$1.25! He could not be content until he made this strange, new force—electricity—available to those of both high and low station.

Today, electric service goes far beyond keeping rates low and extending lines to new customers. Our meaning of service is to make electricity uniformly dependable, and to provide those extra services which enable a customer to use electricity to his best advantage.

The Detroit Edison Company strives constantly to strengthen its service tradition. And this is a fitting time to re-dedicate ourselves to it, to resolve to serve our customers and our nation to the best of our ability.

Red Cross Motor Chief Asks for Local Drivers

FARMINGTON — Mrs. L. W. Beals, newly appointed chairman of the Red Cross motor service in this area, has issued a call for local women to serve as drivers for the organization.

Mrs. Beals may be contacted at Farmington 1316-J.

Lions Club to Observe Ladies Night Monday

ROCHESTER—Ladies Night will be observed by members of the Lions Club Monday at a dinner dance to be held at Waterford Inn.

General chairman for the affair is Tom Davey.

Bernard W. Schalm of 773 Lounsberry St. was inducted into the Lions Club last week with Jack Martini as his sponsor.

First color photographs were made by James Maxwell, a Scotch physicist, in 1861.

Schools' Head to Go to Officials' Meeting

ORTONVILLE — Brandon Township School Supt. E. J. Hungerford will leave Saturday morning for the American Association of School Administrators convention in Atlantic City, N. J.

Theme for this year's gathering is "Education for American Citizenship." The convention will continue through Thursday.

Hungerford said he plans to devote much time to discussions on trends in elementary school construction. Architects will be present to advise the schoolmen and show plans and models of the latest in school planning.

Oxford Musicians Are Rated Excellent

OXFORD — Oxford High School band students entered in the District Solo and Ensemble Festival last week at Ypsilanti all received "one" or excellent ratings.

Receiving top ratings in the solo division were Robert Wiles, cornet, and Marion McTavish, flute.

The woodwind quartet was composed of Marion McTavish, Kay LaDouceur, Mary Jo Meads, Loretta Earp and David Rogers.

Members of the mixed clarinet quartet were Janice Langley, Richard Geisler, Mary Jo Meads and Joyce Eberstein.

53 State Leaders to Go to Safety Meet

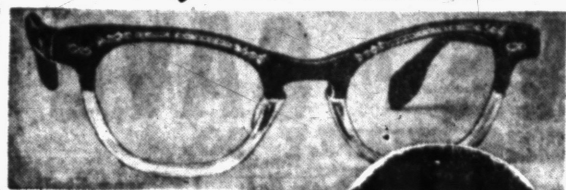

LANSING — Fifty-three Michigan civic, labor, business, and law enforcement leaders will attend the White House Conference on Highway Safety called by President Eisenhower.

The conference will be held in

Washington Feb. 17, 18, and 19. Purpose is to devise plans that can be used by local groups to increase street and highway safety. State Representative Walter McMahon (D-Hazel Park) will attend as a member of the committee named to represent the Legislature.

Also invited to attend from Oakland County is Ray C. Hayward, Royal Oak police chief.

PLAN VALENTINE DANCE—Committee members for Avondale High School's annual Sweetheart Swirl plan decorations for the dance to be held Saturday from 8 to 11 p. m. in the high school gymnasium. Valentines will be used throughout

the gym for the affair. Shown (l. to r.) are Carol Wahl, Connie Briggs, Bonita Goodell and Pat Cross. Music will be furnished by the Lewis Fitzgerald band.

Water Commission Members Named

FARMINGTON TOWNSHIP — Five commissioners were named to Woodbine Subdivision's water commission in a special unofficial election Tuesday night.

Top vote-getter was Louis Sauerbrey of 28195 Woodwood with 43 votes. Behind him with 38 votes was Harold Miller of 28571 Wildwood.

William E. Morgan of 28093 Wildwood trailed Miller by three votes and tallied 35. Tied for fourth with 27 votes each were James M. Ellis of 28366 Briar Hill and Chester L. Orlikowski of 28183 Wildwood.

Woodbine subdivision is located north of 10-Mile road and west of Inkster.

Unsuccessful candidates were C. A. Fritz, Irving Harris, Alan Innes, and W. H. Thielemann.

Hospital's First Baby Born Given Cup by Auxiliary

METAMORA—Little Laurie Elizabeth Getty, the first baby born in Lapeer County's new hospital, has been presented a silver cup by the Metamora unit of the hospital auxiliary.

Daughter of Mr. and Mrs. Bernard Getty of 1908 Indian Rd., Elba Township, Laurie was born at 8:37 a. m. last Thursday, the opening day for the hospital.

The cup was presented Laurie by Mrs. Harry Whittaker, chairman of the Metamora unit. Six other auxiliary members were on hand for the presentation.

The Metamora unit is meeting today at the home of Mrs. Lyle Allen on School street for election of officers.

Crown Sports Queen Friday

Hill Road School Girl
to Be Honored; Hockey
Stars to Officiate

MILFORD—On Friday night, 11-year-old Merry Lee Mussen of the Hill Road School will be crowned queen of the Huron Valley Sports Assn. The coronation will take place at the Rolladium skating rink in Pontiac at 9:45 p. m.

Red Wing hockey stars Gordon Howe, Ted Lindsay and Red Kelly will officiate.

Attending the queen will be a court from Huron Valley area schools, including Jean Young, Arlene Tribble, Lorraine Hensel, Betty Bullard, Norma Brandeberry, Charlette Titus and Beverly Opdycke.

At 6 p. m., races and skating contests will begin at the rink for all members of the association. Regular skating for the public will resume at 8 p. m. and will continue until coronation ceremony time.

Following the crowning, awards will be made for the year's activities in the club.

An exhibition of skating by the United States Senior ladies roller skating champion will follow the awards presentations and a grand march will conclude the festivities.

Wayne Francisco, principal of the Hill Road School and director of the sports association, will appear with the queen and her court on a broadcast over a local radio station during the coronation.

County, Township Clerks to Speak to Women's Club

ROCHESTER — County Clerk Lynn D. Allen and Avon Township Clerk Frances O. Covert will be guest speakers tomorrow at a meeting of the Rochester Women's Club in Avon Township Community Room.

The meeting will be held at 2:30 p. m. Allen and Mrs. Covert will discuss "County and Township Government in Relationship to the State."

The meeting is open to the public. A business session will be held by the club at 2 p. m. Mrs. Charles Mellick will be hostess for the program.

Rochester Man Heads Local Recruiting Station

ROCHESTER — M. Sgt. Paul J. Smith, 32, of Rochester is now serving as the new chief of the Army and Air Force recruiting station in Pontiac.

Smith's father, Lionel Smith, operates Avon Plumbing and Heating in Rochester. A veteran of World War II and the Korean War, Smith has 13 years of Army service.

PTA Student Clothing Closet Needs Refilling

CLARENCEVILLE—In need of refilling is the PTA-sponsored "Emergency Closet," which supplies clothing for needy school-age children, according to Mrs. Edith Sinnig.

Especially needed, said Mrs. Sinnig, is apparel for children between 5 and 12 years of age. Mrs. Sinnig may be reached at Farmington 1026-W for pickup of any such no-longer-needed garments.

Orioles Complete Second Major Deal of Week

By **SHELDON SAKOWITZ**
NEW YORK — The Baltimore Orioles, anxious to make a good impression in the American League after an absence of 50 years, are going all out for a "new look" in 1954.

chased by the Orioles yesterday from the Milwaukee Braves of the National League for an undisclosed sum. As part of the deal, Baltimore also sold Charles White Jr., a catcher from its San Antonio farm team, to the Braves.

major deal in less than a week. They obtained outfielder Sam Mele and infielder Neil Berry from the Chicago White Sox last Friday in exchange for outfielder Johnny Groth and infielder Johnny Lipon.

compiled a 66-56 won-lost record. The 33-year-old right-hander, handicapped by a broken finger last season, won only two and lost five in 20 games, a performance way below par for him. The Orioles hope that he will regain his

old form and bolster their pitching staff. The Orioles also signed Frank Fanovich to bring their list of contented players to 18. The 31-year-old southpaw hurler was acquired with pitcher Joe Coleman from the Athletics during the winter in exchange for moundsman Bob Cain.

outfielder Bob Nieman, Tigers; pitcher Larry Jansen, Giants; pitcher Steve Ridzik and outfielder Stan Palys, Phils; pitcher Bill Powell and catcher Dick Kinaman, Redlegs; pitcher Jim Willis, Cubs; infielder Curtis Roberts, Pirates; and infielder Jim Brideweser, Yanks.

Endurance Tablets Tried by Athletes

LONDON — One hundred British athletes are swallowing two small brown pills a day. It's part of an experiment by a Harley Street physician who believes the tablets increase human endurance.

Prof. John Yudkin of London University came up with the discovery about a year and a half ago. His pep-up pills are mainly of beef liver.

Bob Turley, promising young pitcher for the Baltimore Orioles, won 23 games for Aberdeen, S. D., in 1949, his first year in organized baseball.

The Detroit Tigers will play 32 spring training exhibition games, all against major league teams. In seven the Tigers play American League clubs and in 25 they face National League opposition.

Rangers End Wings' Streak With 3-2 Win

Howe Gets Both Goals in Losing Cause; Boston Downs Leafs

By **UNITED PRESS**
New York Rangers and Boston Bruins whipped two of the National Hockey League's top teams Wednesday night as they battled for 4th berth in the Stanley Cup playoffs.

New York snapped 1st place Detroit's unbeaten streak at seven games with a 3-2 triumph before 11,382 fans at Madison Square Garden. But the 4th place Bruins remained two points ahead of the Rangers by beating Maple Leafs 3-2 before 12,459 at Toronto.

Red Wings remained nine points in front of the idle Montreal Canadiens, Toronto, with 60 points, is just one point behind Montreal and Boston's victory kept the Maple Leafs from grabbing 2nd place.

Wingman Paul Ronty led the Rangers to victory as Gordie Howe made both Detroit goals to boost his league-leading point total to 60.

After Harry Howell made New York's first goal in the opening minute, Ronty scored midway in the 1st period to make it 2-0 and started the play that produced the winning goal in the 2nd period.

Bob Chynoweth drove the decisive shot past goalie Terry Sawchuk after Ronty and Eddie Kulkman gave him the puck. Howe scored his goals early in the 2nd and 3rd periods.

Tackle Snubs Canadians to Sign Lions' Contract

DETROIT (UPI)—George Carozzo, 240-pound William & Mary tackle who was Detroit's 5th choice in the recent draft, signed Wednesday to play with the defending National Football League champions in 1954.

Lion general manager Nick Kerbaway said the big lineman turned down offers from two Canadian teams to play with Detroit.

Andrew Miketa, a 225-pound center who played at North Carolina for two years before entering the service, also signed Wednesday as a free agent.

Bill Winfrey, trainer of the famed Native Dancer, broke into horse racing at Hialeah in 1932 as a jockey.

Hoot Mon Adds Miami-Nassau Trophy to Lipton

NASSAU, Bahamas — Veteran yachtsmen took a closer look at the little Hoot Mon today and some began to revise their opinions of the speedy 39-foot yawl which surprised them with two important ocean racing victories in less than a week.

Hoot Mon captured the 16th annual Miami-Nassau ocean sailing race yesterday with a corrected time of 19 hours, 33 minutes and 45 seconds for the 184 miles. She won the Lipton Cup race Saturday.

Re-rigged with longer main and mizzen masts this year, the green yawl beat the fleet of 24 other ocean racing vessels, proving she is a capable performer in rough going despite her resemblance to an oversized star, class sailboat.

She is owned by Lockwood Pirie and Worth Brown of Miami and sail-maker Charles Ulmer of New York.

Marie Amelie, a 59-foot white yawl sailed by Gabriel Giannini of Oyster Bay, L. I., was 2nd in the fleet with a corrected time of 19:58:29.

Escapade, 72-foot yawl skippered by Wendell Anderson of Grose Point, Mich., was first across the finish line after a stirring duel with Marie Amelie, during which the latter split her spinnaker and broke two halyards, forcing time-consuming repairs.

Escapade wound up 4th on corrected time — 21:23:46.

Dutch Returning to Golfing Tour With Vibrator

ARDMORE, Okla. — Clear the fairways, you youngsters, "old pro" Dutch Harrison is heading back for the golfing wars armed with a vibrating machine to keep his ailing back on the mend.

Harrison, venerable, Arkansas traveler who has stomped the fairways on the PGA tour for 18 years, returned to his Dornick Hills Club yesterday and allowed he was ready to "take after 'em."

An old back injury acted up and forced him off tour while he was at the peak of perfection. At the time he was tied for 1st place in the Thunderbird tournament with 63-68, finishing with four straight birdies.

"But, I've got me a machine now that has really worked wonders. I feel good as new," Harrison plans to leave Monday Texas Open, Feb. 18-21.

Old Tribe Hurler Dies

CLEVELAND — Charles (Heinie) Berger, 72, spitball pitcher for the old-time Cleveland Naps, predecessors of the Cleveland Indians, died yesterday at his Lakewood home.

to the line in fast stride can be just as effective as a slow start. Freddie Bujack, for instance, rushes forward out of a crouch, finishing low at the line as the action sketch shows.

Notice two things, which may help you: He's a spot bowler. He aims for a spot just over the foul line. And he turns his wrist three-quarters over for speed and spin, while his arm goes straight on out in long reach for control.

Group Applies for Franchise to Build Track

Proposed Site for Plant Located Near Flat Rock, 19 Miles From Detroit

DETROIT — A franchise application for a new Detroit area race track was in the hands of state racing commissioner James H. Inglis today.

Application for a track a mile from Flat Rock and 19 miles from downtown Detroit was filed yesterday by the Michigan Thoroughbred Turf Club. The club is made up of Detroit and Michigan businessmen.

The TTC said it proposed to build a four or five million dollar racing plant that would be "2nd to none in Michigan." Plans call for the latest facilities operating a one mile running track.

Plans also call for the possible construction of a mile and a quarter asphalt auto race track if Inglis decided it is "feasible and advisable."

The Turf Club not only promised to abide by Inglis' rulings regarding undesirable stockholders but recommended that new legislation be passed to give the racing commissioner more power in policing groups and race tracks.

The group said in its application: "In making this application, we wish to emphasize that we consider the license to operate a race track in Michigan a privilege which should be subject to the strictest sort of supervision by state officials."

The group also said that if auto racing is included in the plans, Detroit and Michigan will have an opportunity to see an annual 500-mile race for big race cars.

Grain Changes Small Today

CHICAGO (AP)—Price changes in grain were rather small on the board of trade today and the trading pace slackened from previous sessions this week.

At the opening most grains had an irregular appearance, although old crop corn contracts displayed a definitely easier undertone. As the session progressed a little buying entered soybeans, lifting them above the previous close.

Much of the activity appeared to be evening up operations on the part of local traders as the market will be closed tomorrow, Lincoln's Birthday.

Wheat near the end of the first hour was 1/4 to 1/2 cent higher, March \$2.14 1/2, corn 1/4 cent lower to 1/2 higher, March \$1.53 1/2, oats unchanged to 1/4 higher, March 78 1/2, rye 1/4 cent lower to 1/2 higher, March \$1.23, soybeans unchanged to 1/2 higher, March \$3.21 1/2 and lard to 8 cents a hundred pounds higher, March \$17.05.
