FBI Unmasks Leaflet Attack

Planes From U.S. Raided Cuba

Williams Calls Legislators for Tax Conference

Pledges All-Out Effort for Speedy Solution to State Woes

LANSING (AP)—Gov. Williams and key legislators will huddle Tuesday on a tax answer to state financial perils, with the governor pledging to "turn every wheel" to reach a speedy solution.

The conference was called by Williams yesterday two hours after his return here from a month's trip abroad.

He acknowledged Republican Senate spokesmen will speak with the strongest voice.

"What will they accept? What do they propose to do?" These, he said, are the important questions.

"The time has come to cut out this bickering and get a tax program ready for the Legislature's return Thursday," he said.

The governor's arrival found the capitol reeling from the jolt dealt by the Supreme Court's 100-million-dollar knockout of the use (sales) tax increase act of seven weeks ago.

★ ★ ★

Even before he came, administrative board colleagues had taken long steps toward battening down the state's spending hatches.

Others more drastic were being set in motion, including postponed use—for lack of equipping and staffing cash—of nearly complete institutional units at Plymouth and Whitmore Lake.

Board members gave him a fill-in on their efforts.

Williams summoned eight House and Senate leaders to a bipartisan session in his office at 2:30 p.m. Tuesday.

NO BATTLE

"The worst thing that could happen to the state is to have another prolonged tax battle," he said. And he told newsmen: "I don't intend to start any drawn-out fight."

He wired the legislators that the state's financial position was "rapidly becoming desperate."

As to the role of the GOP Senate majority, the Democratic governor said:

"The Republican senators have the votes to block any program

Ex-Castro Chief Led Attackers; Reprisal Feared

American Base Could Be Shut-Down as More Pamphlets Are Dropped

WASHINGTON (AP) — The man who once led the Cuban air force for Fidel Castro led the flight that showered leaflets against Castro in Havana Wednesday, the FBI has revealed.

Meanwhile, mysterious planes slipped past Cuban air force patrols and showered Havana with more antigovernment leaflets Friday.

The raids were the latest in a series that began Wednesday—a day that brought the most violent show of opposition to Fidel Castro since he took over the Cuban government New Year's Day.

★ ★ ★

This latest adventure in the life of Maj. Pedro Diaz Lanz was reported by the FBI in response to questions Friday night. He would not comment on the report, but it is known that the leaflets bore his signature.

The FBI's account will probably stir even more fervor into Castro's denunciations of the United States. His government is expected to increase demands that the United States take steps to prevent unfriendly flights to Cuba.

The fate of the big U.S. Naval base at Guantanamo, Cuba, was in doubt today because of Prime Minister Castro's increasingly bitter criticism of the United tates.

In his latest attack, Castro made a veiled threat regarding the Guantanamo base.

★ ★ ★

Preparations continued for a mass demonstration called by Castro for Monday to protest the aerial raids and to show continuing support for the revolution.

Castro indicated in a marathon

2 Top TV Quiz Figures Revise Statements

NEW YORK (AP) — Charles Van Doren and Hank Bloomgarden, two top money winners, have revised their original statements about the television quiz show "Twenty-One."

Both men showed up voluntarily but separately at Dist. Atty. Frank S. Hogan's office Friday. Hogan said the changes they made were "substantial" but declined to specify just what they were.

Hogan said the possibility of perjury action is being considered but that nothing would be done until after Van Doren appears Nov. 2 in Washington before a House subcommittee investigating TV quiz shows.

Van Doren, 33-year-old English instructor at Columbia University who won $129,000 on "Twenty-One," appeared first at Hogan's office with his attorney, Carl J. Rubino.

He spent about an hour with Asst. Dist. Atty. Joseph Stone, who had investigated the rigging of quiz shows. Then he talked several minutes with Hogan.

★ ★ ★

As he left Hogan's office, Van Doren appeared upset.

"I'm in a hurry," he told newsmen. "I have classes. I can't say anything at this time."

About three hours later, Bloomgarden, a 30-year-old public relations consultant who won $98,500 on the show, appeared at Hogan's office. He said he was there to sign and read a statement he had given Oct. 5 to amplify an earlier statement about the program. Hogan said Bloomgarden's case was "quite similar" to Van Doren's.

OTHERS MAY CHANGE

"The question of whether either one will go before another grand jury is undecided," Hogan said.

Hogan added that he had received indications from a number of other quiz winners that they wanted to change earlier statements. Hogan said he was willing to speak with each of them. He did not identify them.

Both Van Doren and Bloomgarden had said earlier that they were not involved in any rigging of the "Twenty-One" show, an NBC program that is no longer on the air.

★ ★ ★

Later Van Doren told newsmen: "I have not said I gave false

Gridders Bring Cheer to PNH, Waterford

Homecoming activities of Pontiac Northern and Waterford high schools were dampened last night but both schools' football teams still came through with big victories.

Northern defeated Southfield, 19-13, and Waterford nipped Berkley, 19-18.

In a game at Flint, Pontiac Central was beaten by Flint Northern, 19-0.

The football weekend continues Sunday at Wisner Stadium when crosstown rivals St. Fred and St. Mike clash in the 25th game of their rivalry.

Results and details can be found on the sports pages.

No, Anything but That

LONDON (UPI) — Municipal Housing Authority official A. R. Basket said yesterday he had a sure method of collecting overdue rent from tenants. "We seize their television sets," he said.

Romney Urges Stop-Gap Taxes

Says Permanent Plan Futile Until Causes Are Dealt With

DETROIT (AP)—The chairman of the Citizens for Michigan organization has urged consideration of stop-gap taxes to meet the state's renewed financial crisis.

★ ★ ★

George Romney said in a statement yesterday that Michigan's dilemma points up the futility of seeking permanent solution for the tax problem without first dealing with its fundamental causes. These he listed as:

—Citizen apathy.

—Excessive political partisanship and economic group power.

—Reluctance of state leaders to accept responsibility for necessary programs.

—Archaic state government structure.

—The number and complex interrelationship of the long accummulation of state problems.

★ ★ ★

Romney indicated he would seek to get recommendations for a stop-gap tax program pending completion of basic fact-finding and recommendations by the Citizens for Michigan group.

He said he believed the Citizens of Michigan organization should "consider its ability to be of help in meeting the immediate crisis even though such recommendations would necessarily have to be of a temporary character."

Pressure Mounts in 102-Day Strike

Steel Negotiations Resuming Today

PITTSBURGH (AP)—Steel negotiators return to the bargaining table late today under orders to try for a speedy settlement of the 102 - day - old nationwide steel strike.

Both sides are under mounting pressure to end the dispute, but neither the industry nor the United Steelworkers would comment on possibilities of a new offer being made.

The government already has obtained a Taft-Hartley injunction to send the 500,000 strikers back to the mills for 80 days. But the U. S. Third Circuit Court of Appeals blocked enforcement of the injunction pending outcome of a union appeal.

★ ★ ★

The court directed both sides to make every effort to settle the strike by collective bargaining while the appeal was being studied. A court ruling on the appeal is expected early next week.

The meeting is the first since joint negotiations collapsed last week in Washington.

MITCHELL GRATIFIED

In Washington, Secretary of Labor James P. Mitchell said he was gratified to see the two parties resume peace talks. He urged "around the clock" negotiations until the dispute is settled.

★ ★ ★

The union was first to suggest reopening of negotiations. USW President David J. McDonald sent telegrams to 96 steel companies, inviting them to meet with union committees in Pittsburgh Monday.

Court Takes Berkley Girl After Mother Bars Blood

If an 11-year-old Berkley girl has to have brain surgery, as doctors believe, she's going to get blood transfusions she needs—despite her mother's objections on religious grounds.

Wayne County Juvenile Judge Nathan J. Kaufman made Carol Krumm, 3309 Kipling St., a ward of his court yesterday on grounds that "the problem is to save the girl's life."

He acted on a complaint of child neglect against Carol's mother, Mrs. Doris Krumm, a member of the Jehovah's Witnesses.

Mrs. Krumm said bodily intake by transfusion would violate a scriptural prohibition against "eating" of blood.

Judge Kaufman took legal custody of the girl after her mother refused to permit the transfusions.

The complaint against Mrs. Krumm was brought by a social worker at Detroit's Sinai Hospital where the girl was examined.

An apparent brain tumor was discovered a week ago while Carol was undergoing a routine eye examination.

Dr. H. Harvey Gass, Carol's

See No Summit Till Early 1960

De Gaulle - Khrushchev Talks Kill Hopes of Meeting This Year

WASHINGTON (UPI) — The announcement of a De Gaulle-Khrushchev meeting snuffed out the last lingering hopes of world leaders for an East-West summit conference before February or March, diplomats conceded today.

These officials also saw French President Charles de Gaulle emerging from the past week's developments as a key figure in western planning and policymaking.

It appeared almost impossible to change De Gaulle's mind about waiting until spring for the summit meeting now that Soviet Premier Nikita Khrushchev has decided to come to Paris.

De Gaulle was expected to insist that he have his private talks with the Soviet ruler before the East-West meeting.

No time was announced for the Khrushchev trip, but Paris sources have been speculating that it probably would be shortly after the first of the year.

★ ★ ★

Khrushchev's Paris trip puts De Gaulle on an equal plane with President Eisenhower, who saw the Soviet leader in September, and British Prime Minister Harold Macmillan, who went to Moscow last April.

In western planning for the East-West meeting, De Gaulle

Retiring Doty Dreads Arrival of New Year

By GEORGE T. TRUMBULL JR.

People look forward to New Year's Eve as a night of gaiety, celebration, and a time to look ahead to better things.

But for Oakland County Circuit Judge Frank L. Doty this Dec. 31 is one of the most dreaded days of his 32 years as judge.

At the stroke of midnight his memorable career ends.

"Retirement is something I've dreaded all my life," he said.

Doty's name has already won a place among the great jurists in the county's long history — Smith, Rockwell, Covert, Gillespie and Hartrick.

LONGEST SERVICE

And the 79-year-old Doty has served longer than any. Former Gov. Fred W. Green appointed him third circuit judge Sept. 14, 1927.

Members of the County Bar Association will pay high tribute to their "favorite judge" and friend at a testimonal dinner Wednesday night at Devon Gables.

Planners of the affair have had a difficult time convincing the judge that the dinner is in his honor. "I've tried to talk them out of it," said the extremely modest Doty.

★ ★ ★

But the dinner will go on regardless of the judge's hesitence in consenting to having his exciting and storied life re-enacted in a matter of hours.

He will be cast in the role of a farmer, outstanding high school football player, law student, a soldier with Gen. Pershing on the Mexican border, a fearless aviator over Germany, a lawyer, a prosecutor, a circuit judge, and above all, a friend of everyone.

Nervously puffing on a cigarette in his memento-filled office in the courthouse, Doty summed up his life's philosophy with, "I like people . . . I like everybody.

NOT FULLY TRUE

This actually is not altogether true. There's no place in Doty's circle of friends for the egotist, 20th century kids who have no respect for their parents or law, or sex criminals.

That's not saying the white-haired jurist respects other criminals. But he holds a special disgust for the attacker of a young child.

The native son of Oakland County — he was born Feb. 10, 1880 on a farm in Rose Township — has heard "Every case that's in the book" since he donned the black robes as judge. So many in fact that he finds it hard to cite the more memorable ones.

He does, however, vividly recall sending Robert G. Hearn and three other thugs to prison for life for the 1952 murder of a Ferndale gas station attendent. Doty points out that the Supreme Court last year upheld the conviction of Hearn.

He said he gets no enjoyment from having to imprison a criminal convicted through the natural processes of law. He's not at all hesitant, however, in meting out the maximum punishment for sex perverts.

"Some of these cases appear worse than murder," Doty said.

His keen memory brings back another case, that of the grand jury indictments against some prominent Pontiac bankers involved in a land speculating scandal during the depression bank failures of 1931. This was one of four grand juries Doty has heard.

★ ★ ★

Besides his fine memory, Doty has other assets which he says he mixes with a little common sense. Not today, but in the past, he's had keen eyesight and good hearing to help him through tedious hours of lawsuits.

"I've never claimed to be a genius at law," he philosophized. "All I claim is fine memory, keen eyesight, good hearing, all mixed with a little common sense."

CAN SENSE GUILT

He said his eyesight—although it has been failing in later years—permits him an unusual knack of staring a criminal in the eye and being able to sense his guilt or innocence.

★ ★ ★

Doty reluctantly told of his traits. "People are going to think I'm boasting," he said. Those who know the judge, know better.

Judge Doty's name is synonymous with Oakland County law. But it is not restricted here. He has sat as a judge, he recalls, in every judicial circuit in Michigan, with the exception of Marquette and Alcona Counties.

The one-time farmer boy prefers to stay in the background, do his job well, and retire after a busy day to his home at 160 State Ave. There he lives somewhat of a lonely life with a housekeeper and her husband.

★ ★ ★

He was divorced in 1939 from his wife of five years.

Next to law, probably closest to Judge Doty's heart is his 330-acre wheat and corn farm—birthplace in Rose and Highland Township. He was born to the Pardon Dotys in the farmhouse still standing at 2521 Rose Center Rd. He was their only son.

★ ★ ★

So proud is he of his corn crops, he'll point out a seven-foot-plus stalk sitting in the corner of his office.

He describes himself as a "law-

(Continued on Page 2, Col. 4)

Pontiac Press Photo

STEPPING DOWN — The familiar pose will be seen no more in the Oakland County Courthouse after Dec. 31. A circuit judge for 32 years—longer than anyone else in the history of the county—Judge Frank L. Doty is retiring from the bench.

Chilly, Overcast Weekend to Drop Mercury to 32

High temperatures will continue in the low 50s Sunday and Monday. Skies will be somewhat overcast. Tonight's low will drop to 38-42 degrees.

Sunday's high is expected to reach 45 to 50, the low tomorrow night will range from 32 to 38. Partly cloudy and cool is the outlook for Monday.

From 10:15 a.m. yesterday until the same time this morning .82 of an inch of rain fell in the downtown area. Southerly winds were recorded at eight miles an hour this morning and will become west to northwesterly late this afternoon.

Fifty was the lowest temperature in downtown Pontiac preceding 8 a.m. The reading at 1 p.m. was 52.

Pontiac Schools' Lunchrooms Serve Education With Food

By HARVEY ZUCKERBERG

The students probably don't realize, and the parents may not either, that the 23 cafeterias in Pontiac's school system provide more than a hearty lunch at the afternoon meal.

The additional course subtly served to the 4,800 pupils who eat their lunches daily in the schools' lunchrooms is a side dish of education.

It is not a formal class, but Margaret Johnston feels it is just as important.

A dietitian, Miss Johnston is the first to fill the newly created position of coordinator of school food services.

'NOT JUST FEEDING STATION'

"I strongly feel that the lunchroom is not just a feeding station. It is an educational facility as well and should be used as such," she says.

To that end Miss Johnston now is organizing an educational program for all lunchroom personnel.

According to the dietitian, surveys have shown that children can fill up on food but still become undernourished.

"We try to teach the children a good pattern of eating that they will learn while they are young and carry on into adulthood," she says. "A balanced diet must be taught.

"Many parents have told me that their children have learned to eat different foods in school that they wouldn't touch at home. School lunch is more than a convenience. It is an education."

Miss Johnston says there are many foods a child should become accustomed to eating that sometimes are not included in his home diet.

For example, she cites fish, which has minerals that other foods don't have, and cabbage, which is rich in vegetable vitamins.

The most popular school lunch is the hot dog. Other favorites are barbecued beef, hamburgers and pizza.

In the past and at present each of the 23 school lunch managers has purchased food supplies separately for their individual schools. Miss Johnston says that system will be changed.

"In the future we will purchase centrally for all of the cafeterias just as a chain restaurant corporation would do," she says. "This will cut costs on items by buying in larger amounts."

Miss Johnston says she doesn't prepare one menu for use in all the schools.

"Pontiac has the second largest school lunch program in Michigan," she says. "Each school locale in the city may have some particular tastes different from the others.

SPECIAL DELIGHT

"And each school may have a special lunch favorite of its own. So each lunch manager prepares her own menu accordingly."

Miss Johnston is a graduate of Pennsylvania State University where she majored in institutional administration and dietetics.

She took a National Restaurant Assn. training course in Detroit at the Women's City Club and remained there seven years, rising to the food production manager's post.

Miss Johnston left for New York to work for Child's Restaurants as coordinator of food production and returned to Michigan.

She comes to Pontiac after serving as supervising lunchroom manager of the Dearborn schools.

Currently president of the Michigan School Food Service Assn., Miss Johnston also is a member of the American Dietetic Assn. and the American Home Economics Assn.

Pontiac Press Photo

WHAT'S FOR LUNCH? — Margaret Johnston is responsible for providing one-third of the daily basic diet for the Pontiac children who eat their lunches in school cafeterias. A dietitian, she is the first to fll the newly created position of coordinator of school food services.

Family of Five Hurt in Collision

Crash Head-On Early Today in Southfield; 2 Injured Seriously

A family of five was injured early this morning in a head-on collision on Southfield road north of Nine Mile road in Southfield.

★ ★ ★

Mrs. Sophia Ragan, 39, of 29461 Lathrup Rd., Southfield, and her son, Bruno, Jr., 11, were in serious condition today in William Beaumont Hospital.

Officials at the hospital said Bruno Ragan, 40; and two other children, Kenneth, 3; and Marolyn, 7, will be released following treatment today.

Driver of the other car, Walter S. Jenkins, 39, of 20724 Kennoway Rd., Birmingham, was treated and released from the hospital.

★ ★ ★

Ragan told Southfield police that Jenkins' car did not have its lights on when it struck him head-on. Police said a drunkometer test given at the hospital showed Jenkins to be intoxicated.

Jenkins was not held, police said, pending further investigation.

The Day in Birmingham

Commission Will Learn of Hike in Water Costs

BIRMINGHAM — The Birmingham City Commission will be notified at its Monday meeting of a hike in water costs.

★ ★ ★

The Department of Water Supply of Detroit has officially notified the Southeastern Oakland County Water Authority that a rate increase of 12 cents per 1,000 cubic feet will become effective Nov. 1.

Municipalities in the Authority have been paying an average of $1.44 per 1,000 cubic feet.

Detroit established the present rate structure in 1949. The rate of $1.30 will be raised to $1.42 per 1,000 cubic feet, effective Jan. 1, 1960.

★ ★ ★

The authority proposed to absorb the rate increase for the months of November and December, resulting in a cost to the authority of approximately $13,000, according to Chairman Fred L. Yockey.

"There is a possibility that at such time as the authority has accomplished the construction necessary to meet future demands that a rate decrease may be possible," Yockey said.

—

Two area men and their wives last night departed on the first passenger-carrying international jet flight out of Detroit's Metropolitan Airport for a vacation in Europe, all with the compliments of Ford Motor Company.

W. H. Breech, president of Great Lakes Tractor and Equipment Co., and W. J. Engman, sales manager of the same company, were winners in a national sales contest conducted by Ford's Tractor and Implement Division.

Fifty-two other expert tractor salesmen and their wives, from 10 states, left on the trip to London, Paris and Rome.

★ ★ ★

Merritt D. Hill of Bloomfield Township, vice president and general manager of the Tractor and Implement Division, is host on the trip.

Austin E. Ford

Service will be held 2 p.m. Monday at Manley Bailey Funeral Home in Birmingham for Austin E. Ford, 67, of 2835 Miner St., Troy, who died yesterday in Dearborn Veterans Hospital after a long illness. Burial will be in Crooks Cemetery, Troy.

Mr. Ford, a retired electrical engineer, was a member of the Birmingham Gun Club, a graduate of Birmingham High School and Michigan State University.

He also was a member of First Baptist Church of Birmingham.

Surviving are his wife Bertha and a brother Bert of Saginaw.

N. Y. Raids Bust Gambling Ring

Arrest 142 in 25 Cities; Called Crushing Blow Against Crime

ALBANY, N.Y. (AP) — Precision-timed State Police raids in more than a score of upstate communities were hailed by a top crime buster today as "a powerful blow against big-time, organized gambling" in New York.

Some 200 troopers burst into 79 bookmaking, policy and lottery establishments in 25 cities and villages Friday and arrested 142 persons.

"It was the largest raid of its kind ever made in this state," said Chairman John W. Ryan Jr. of the State Investigation Commission. He described the foray as the blow against big-time gambling.

Troopers made their biggest haul in Buffalo, the state's second largest city. They took 86 persons into custody, but had booked only 60 by early today. Most of the 60 were charged with conducting a lottery, a felony.

Other cities hit in the 3 p.m. crackdown included Niagara Falls, Rochester, Syracuse, Albany, Schenectady and Troy.

The raiders swooped down on candy stores, beauty shops, newspaper stores, apartments and private homes.

Supt. Francis S. McGarvey of the State Police said the raids "broke the back" of a gambling syndicate that spread into several states.

Through the syndicate, he said, bookies who had received bets on a particular sports event could "lay off" the wagers with other money men, and thus spread the risk.

12 Nations Agree to Extend Cooperation in Antarctic

WASHINGTON (AP) — The United States, the Soviet Union and 10 other nations have agreed that the scientific cooperation they began in the Antarctic more than two years ago should be continued under a proposed new treaty.

The treaty could make the South Pole continent a laboratory of international accord.

★ ★ ★

The agreement was announced in a communique issued Friday night by the 12-nation Conference on Antarctica. The conference opened Oct. 15 and the communique said that "satisfactory progress is being made."

The over all objective of the meeting is to produce a treaty which would commit all the participating countries to use the frozen wasteland around the South Pole for peaceful and scientific purposes and to avoid friction caused by pressing rival territorial claims.

Last Tuesday the conference announced it was agreed Antarctica should be used only for peaceful purposes and all military activity there should be prohibited.

Friday night's agreement on scientific cooperation means a second hurdle passed.

But at least one more big obstacle is in the way. This is the drafting of a provision by which all 12 countries would agree that pending territorial claims would be put into a "deep freeze", as President Eisenhower once expressed it.

The countries which have made such claims are Argentina, Australia, Chile, France, New Zealand, Norway and Britain. In addition to these seven and the United States and the Soviet Union the other conference participants are Belgium, Japan and South Africa.

Officials are uncertain how much longer negotiations will continue but remained optimistic about reaching a treaty in the end.

One objective generally agreed on in preparatory discussions was a system of inspection to be sure that the peaceful uses provision of the treaty is carried out by all.

Many authorities say that success of such a system in Antarctica could lead to a more complicated inspection system which might be agreed on for policing disarmament.

Williams Calls Parley of Tax Peril Tuesday

(Continued From Page One)

they don't like and to force the rest of us to accept anything they insist upon, or face complete disaster."

This was a far cry from his dogged insistence on an income tax solution during the last spring and summer, but he told inquiring newsmen it was short of "surrender."

For one thing, he said, the program would have to be "adequate" presumably consonant with 1959-60 appropriations already voted by the Legislature, with some provision for debt retirement.

$100-MILLION PACKAGE

This would make any solution in the order of a 100-million-dollar tax package, not counting release of the 50-million-dollar veterans' trust fund which the Senate has been holding up since March.

Sen. Clyde H. Geerlings (R-Holland), Senate taxation chairman, and some other Republicans have talked of a combination of nuisance taxes, coupled with trust fund use, and obviously had in mind far less.

STATE VOTE MUST WAIT

Capitol legal experts see no way around a constitutional barrier that would hold off any statewide vote on a 4 per cent sales tax until November 1960.

Some Republican lawmakers report strong sentiment in their areas for legalizing a penny increase in the sales levy to bail the state out of its financial woes.

Election experts agreed that amending the Constitution at a special election is ruled out by Article 17 of the state's 1908 basic charter.

Judge Blocks Tenure Hearing

Beer Grants Injunction on Royal Oak Twp. Demotion Protest

A last-minute injunction granted by Oakland County Circuit Judge **William J. Beer yesterday restrained** the State Tenure Commission from conducting a hearing on a Royal Oak Township school superintendent's protest of his demotion to teacher.

★ ★ ★

The injunction was served on Juste A. Rosati, tenure commission chairman, minutes before a scheduled hearing at Wayne State University last night. It was granted by Judge Beer late in the afternoon.

The township's Board of Education obtained the injunction, contending that the commission had no jurisdiction in its demotion of Oliver A. Johnson of the Carver School District to teacher.

Johnson was demoted Aug. 27 when the school board accused him of misfeasance, malfeasance and nonfeasance.

★ ★ ★

The Board said he had made payments without formal contracts, receipts or invoices, but did not accuse him of taking money illegally.

Rosati said Johnson's protest was based on dismissal from the job of superintendent before his three-year contract ran out.

The contract was signed last May and would have run out in 1962.

★ ★ ★

Judge Beer set a hearing for 9 a.m. Friday on the injunction.

Disputes Barring Married Youths From Schools

ALBUQUERQUE, N.M. (AP)—A professor says school boards have no right to bar young people from classes just because they are married.

Dr. Wilson Ivins, who has made two comprehensive studies of the school marriage problem is acting chairman of the Department of Secondary Education at the University of New Mexico, made the statement.

He told the Parent - Teacher Assn. section of the New Mexico Education Assn. that it is illegal for a school board to bar such children.

"And I might add," he said, "it also has no moral or ethical right to bar a student because of marriage."

Retiring Doty Dreads New Year

(Continued From Page One)

yer by profession, judge by accident, and farmer at heart."

How did he become a lawyer?"

BOUGHT THE BOOK

"On the way back from getting a tooth pulled in Fenton one day I passed this book store and noticed a book of the life of James G. Blaine called 'Twenty Years in Congress,' " Doty recalled.

He put down 75 cents for the book and it was his. He still has it.

"From this book I got an inkling that someday I might want to study law."

Whether Doty became a judge "by accident" is questionable.

Because there were 872 cases undisposed of Sept. 1, 1927 in Oakland County Circuit Court, the need of a third jurist became more apparent.

"This record shows there is a genuine necessity for an additional judge in the county in order to secure anything like prompt justice," said Gov. Green in appointing Doty.

A Republican by birth, Doty was in charge of Gov. Green's gubernatorial campaign in Oakland County as chairman of the county GOP committee.

In a practical demonstration of a lesson he learned from his father — that the shortest distance between two points is a straight line — Doty once got caught on a barbed-wire fence on his dad's farm.

★ ★ ★

"This happened," he remembers, "when I went over to help him out in the field. I tried to go in a straight line but the barbed-wire wouldn't let me."

BELIEVER IN BREVITY

Doty is a firm believer in brevity. Most attorneys who have come before his bench learn that his frequent habit of clearing his throat is a sure clue that the lawyer is talking to much.

Recently in a kidnap-rape case in his court, he demonstrated that his memory is still as keen as the eye of the gold eagle that hovers over his bench. In his closing argument to the jury, the defense attorney made what the judge believed was an erroneous and misleading statement. Doty interrupted and corrected him immediately.

To an infrequent visitor to his recently painted green courtroom on the second floor of the courthouse, it might appear that the judge was off in a world of his own, far away from the case being heard.

But this is just a mistaken impression. He hears every word that is said. Seldom does he have to take notes because of his excellent memory.

When it comes time to charge a jury, or to pass sentence on a person, notes are scribbled in his rough handwriting on the usual yellow legal pads.

HAS A WARM SPOT

He rules his court with sternness, but fairness. Most of the time he appears as a harsh unsmiling judge. But there's warmth and friendship in his heart—for the right persons and at the right time.

★ ★ ★

He enjoys chatting with young and old attorneys in his office. He always finds time to talk over a case. Attorneys stroll from his office with respect for the judge written all over their faces.

One of the judge's closest friends in the courthouse is C. Richard Smith, veteran assignment clerk. Both of them (before Smith went on his current leave of absence) would walk down West Huron from the courthouse on their way home.

Getting the judge to tell of his wartime experiences is rather difficult. But he finally relented.

With a little persuasion, he'll tell how he learned to fly a plane in four hours and 20 minutes because, he said, he was a "good judge of distance and direction."

While serving his second term as prosecutor, in 1916 (he was first elected in 1912 and re-elected in 1914), he joined up with Company "E" of the 33rd Michigan National Guard Regiment, seeing service with Gen. Pershing's Punitive Expedition on the Mexican border. He was mustered out of this infantry assignment in 1917.

★ ★ ★

But his life as a civilian didn't last long. Feeling it his duty to return to the war, he traveled to Washington and passed his physical and was commissioned a lieutenant as a flier. He went to France in December of 1917.

"I got half my tail shot off once," he reminisced.

As commander of the 21st Squadron, he said he was considered "a safe flyer, not a spectacular flyer." "I'd go places and get back," he said.

The exception was on one of his reconnaissance missions to take photographs of German ammunition dumps for later bombing runs. He said the Germans would try and fool them by posing the dumps as hospitals by painting a big red cross on the buildings.

The tail of his plane got hit once on one of these missions. But Capt. Doty got back safely.

"If the plane went down in those days you went down with it," he said. There were no parachutes.

In April of 1919 Doty was discharged and returned to Pontiac to resume the law practice he began in 1907 in partnership with George A. Cram, still a practicing attorney.

This practice was started after his graduation from the University of Michigan Law School the same year.

He said he enjoyed the study of law, especially a course in evidence.

ON CHAMPIONSHIP TEAM

Before his start in Ann Arbor, Doty's education was centered in the rural schools of his native township. He said he came to Pontiac in 1897 to attend Pontiac High School because "it had one of the finest reputations in the state" and was accredited by the University of Michigan. He was graduated in 1901.

He starred at left tackle on the championship team of 13 players in 1899. "I guess this was the only time that Pontiac ever saw a championship team," he said.

"Then we sometimes played as often as twice a week and loved every minute of it."

Judge Doty has not lost his love for sports, although today it leans more toward baseball. It's not unusual for the judge to have a little radio in his chambers to hear Detroit Tigers games and the World Series when he's not in court.

"When I was in high school I used to ride my bike to Detroit to see the Tigers. I got a seat on the first base line in those days for 25 cents."

"It wasn't too bad riding down," he recalls, "but it was up hill coming back."

During his climb to the top of the Oakland judicial ladder he has gained the respect of hundreds of men and women jurors by speaking their language.

Showing their love for the county's senior barrister on his 50th year in the legal profession, 70 jurors in 1957 chipped in and presented him with a floral arrangement.

Once, not too long ago, when he was dismissing the last of a jury at the end of a jury term, members filed from the jury box to personally thank Judge Doty.

The boys that served with him during World War I haven't forgotten him either. On an Armistice Day recently they presented him with a loving cup.

Cherish he did, too, an English springer spaniel named Dick which for many years before his death accompanied the judge on hunting trips.

He would also lay outside the door back of his master's bench, with an ear peeled to find out when the judge would be leaving the bench to return to his office.

STAYED ON

Judge Doty said the greatest compliment ever paid him was when he received petitions signed by 125 local attorneys urging him to stay on and finish out his last six-year term, to which he was elected in 1953.

He remained on the bench despite knowing it would mean the sacrifice of $2,400 in state pension benefits. Now he is unable to seek re-election—although he would love to—because he has passed by age limit of 70 years for judges.

During his years on the bench he has maintained a philosophy of justice which he adopted when he ascended the bench 32 years ago. He said then:

The judicial mind must be shielded against bias or prejudice so that society as well as the accused may be protected.

"Once the guilt of the accused is fixed and clearly proved, justice can only be served by pronouncement of such sentence as will punish the offender and deter the prospective law breaker."

The end of his long career is nearing, Judge Doty sadly reflects, "What's going to be the worst part of retirement is the loneliness inflicted because of having to break off my fine associations with attorneys and my fellow workers."

Oakland County, too, will miss the judge.

Expect No Summit Till Early Next Year

(Continued From Page One)

now will be able to say he has seen Khrushchev more recently than Eisenhower and Macmillan, and, presumably, has the best insight into the Kremlin chief's feeling.

The French communique on the Khrushchev visit said the delay would be best to insure adequate preparation for the East-West talks. West German Chancellor Konrad Adenauer shares that view, and so do most American policy-makers.

★ ★ ★

There was speculation in Paris that De Gaulle was dragging his feet on an East-West summit until France could join the "atomic club" of the United States, Britain and Russia. The newspaper Paris-Jour said the long expected test of the first French nuclear weapons would occur during the first week of next February. It said the exact date could not be determined since the test would depend on atmospheric conditions. It gave no source for the report.

American officials said they hoped for an announcement soon that western heads of government will hold a pre-summit meeting in Paris the first week in December.

2 TV Quiz Winners Revise Statements

(Continued From Page One)

answers. I will tell the whole story when I appear before the congressional committee."

Van Doren has been suspended by NBC from his $50,000-a-year position as a consultant to the network pending clarification of his quiz show activities.

Meanwhile, NBC Friday ended its quiz show "Tic Tac Dough." The network said it would replace the show as of Monday with "Truth or Consequences."

FURTHER EVALUATION

NBC had taken over production of "Tic Tac Dough" from Jack Barry and Dan Enright, who also had produced "Twenty-One."

"Despite NBC's initial decision to retain 'Tic Tac Dough,' further evaluation of public reaction following recent evidence of previous rigging of the program has led to the conclusion that its public standing has been impaired—even though the testimony clearly established that the show had been honestly run in every respect since NBC took over its production in October 1958," the network said.

At the Columbia Broadcasting System, the network's president, Frank Stanton, has ordered all personnel to play it straight with the public. In keeping with this policy, moderator Charles Collingwood told his "Person to Person" audience Friday night:

"Some interest has been expressed on how we do 'Person to Person.' We go into the home with three or four cameras, microphones, lights, special lines, a mobile unit, and 15 or 20 people.

★ ★ ★

"As you may imagine, this involves advance planning with our guests as to what we will show, what we will discuss, and in what order. Beyond that, we make no effort to control what they are going to say. Sometimes, it isn't at all what I had expected.

"These interviews were recorded in Hollywood on tape two weeks ago."

Smashup Kills Farmington Man

Car Slams Haulaway Parked at the Side of Grand River Avenue

Walter E. Lee, 67, of Farmington, was killed last night in an auto accident just east of the Farmington City limits.

★ ★ ★

Lee, of 21614 Hamilton St., was driving west on Grand River avenue when his car rammed the rear of an auto haulaway truck parked alongside the highway, township police said.

Oakland Highway Toll in '59

61

Last Year to Date: 74

Officers said he was alone and may have fallen asleep at the wheel. The accident occurred at 9:15.

Meanwhile, Oakland County Undersheriff Donald Francis announced that the death of an Oxford Township girl Tuesday night in a fall from a hayride wagon, first listed as this year's 61st traffic fatality, now will be counted as an "accidental death."

FBI Reveals U.S.-Based Planes Raided Havana

(Continued From Page One)

TV speech Thursday night he no longer considers the revolutionary army as his main strength.

"We do not need guns and tanks — we have the people," he declared.

Diaz Lanz, who fought with Castro to overthrow the Cuban regime of Fulgencio Batista, quit as head of the air force last June 30. He fled to Florida, calling Castro a Communist. In turn, Castro called him a traitor.

Castro has charged that the Wednesday attack was launched from the United States. He also charged that the plane dropped bombs, not only leaflets, on Havana.

★ ★ ★

Asked whether it had looked into the first charge, the FBI said "the flight did emanate from the United States."

Agents questioned Diaz Lanz in Miami Friday, the FBI said, and "He admitted to the FBI that he headed the flight."

"He was the instigator of the whole idea," a spokesman added.

Regarding the second Castro charge, Diaz Lanz was quoted by a Miami TV station as having heard that the planes did not drop bombs on Havana.

There was no immediate indication whether the Justice Department would take any legal action against the Cuban.

★ ★ ★

Diaz Lanz has been living in seclusion in Miami since his resignation as Cuban air chief. His refusal to comment on the FBI report was relayed by a friend.

Diaz Lanz, however, was willing to comment on several other matters involving Cuba. He told newsman Dick Lobo of Miami TV station WCKT that Castro "will order some bombings in different places so he can blame the United States."

He added that Castro intends to see that these bombings will hurt no one and do little damage.

In another interview, Diaz Lanz told The Associated Press he fears for the life of Maj. Hubert Matos, a former Castro lieutenant now under arrest in Cuba.

"No one has been able to hear what Matos has to say," Diaz Lanz said. "I have information from Cuba that they want to kill him."

Official Promises Calm Mothers' Bridge Protests

Farmington moms were appeased yesterday by promises from county and state officials that corrective steps would be taken to make a bridge safe for children to cross to and from school.

Hostilities ceased as the issue over who can, or will, pay for the cost of new safety measures, went to arbitration.

Action had to be taken immediately to pacify the angry mothers who blocked traffic Thursday on a Farmington-Brighton Expressway service drive.

Oakland County Road Commission crews worked to fill gaps in the overpass fences.

★ ★ ★

Approximately two dozen mothers set up a barricade at the bridge claiming their children must walk along a service drive and then cross a pedestrian bridge over the expressway on their way to school and are in danger of being hit by cars or toppling from the bridge approaches.

A State Police official, after threatening, coaxing and explaining the situation, finally persuaded the mothers to walk the children to school while the situation is in study.

State Police and County Road Commission worked to set speed limits and put up warning signs along the service drive and a crosswalk at the bridge.

The commission agreed to give up a part of the drive's right-of-way to make room for a sidewalk for the children away from traffic.

Mother Bars Blood, Court Takes Girl

(Continued From Page One)

physician, wrote the court that an initial operation is scheduled Monday to determine definitely if Carol has a tumor.

IMMEDIATE SURGERY

If the diagnosis is correct, an immediate operation will be necessary.

Expressing regret at the court's action, Mrs. Krumm said: "I know I won't be held responsible for going against God's will. They will have to answer to God for what they do."

Last Thursday, a 6-year-old girl died in Atlantic City, N. J., hospital after her parents refused to permit a blood transfusion.

The girl, Linda Jean Yourinko, was critically injured in an automobile accident Tuesday. She was operated at the Atlantic City hospital but no blood transfusions were permitted before or after the operating by her parents, Mr. and Mrs. Joseph Yourinko, members of Jehovah's witnesses, on religious grounds.

BROOK MANDORE

London Paper Plays Lifesaver for Modest Bull

SOLIHULL, England (UPI) — A London Newspaper revealed Friday night it was the proud new owner of Brook Mandore, a bull whose modest demeanor proved the scourge of the Agriculture Ministry.

★ ★ ★

"We can confirm that we have bought the bull," said a spokesman for the Daily Mirror. "We will give it sanctuary and it will not die." He did not say where the sanctuary was located.

Until then, death had been an imminent prospect for Brook Mandore. Agriculture officials said it either was that or desexing, both choices designed to keep the 14-month old pure-bred Ayrshire from transmitting his cow-like features to his offspring.

The animal's owners, Mr. and Mrs. William Titcumb, announced the sale, but refused to say who the buyer was. They had received previous offers, including some from America.

★ ★ ★

Tom O'Loughlin, Seattle, Wash. prize fight manager, all but had Brook Mandore in his corral yesterday when the U.S. Agriculture Department stepped in and declared a technical knockout.

Ike Loses Whammy on Augusta Weather

AUGUSTA, Ga. (AP) — President Eisenhower usually has extraordinary luck with the weather. But his luck — even if the sun shines today — appears to have pretty well run out.

Official forecasts indicate Eisenhower hadn't seen anything yet in the way of rain.

It used to be that when he arrived in town the rain stopped. But not this visit to Augusta, the President's 23rd since his election in 1952.

Maybe Just Philosophical

Was Tax Ruling Split Political?

By GEORGE WEEKS

LANSING (UPI) — Were there political overtones in the 5-3 vote of the Supreme Court to toss out the penny use (sales) tax increase?

This is a big question bobbing around in the backwash of the court ruling.

Five justices nominated by Democrats voted to overthrow the GOP-authored tax. Three nominated by Republicans voted to uphold.

"Democrats on the court must be aware of the tremendous economic implications of their action," said House Speaker Don R. Pears (R-Buchanan). "They alone must bear the responsibility for their unfavorable decision."

★ ★ ★

Sen. Clyde H. Geerlings (R-Holland) said it was "regrettable" that the vote "has political overtones."

There is evidence in the court opinions to support belief that the outcome would have been different had there been three Democrats and five Republicans voting.

Two philosophies were represented in the opinions:

—One is a strict, literal adherence to the words of the constitution and statutes. It says that the court is limited to the words of both and can't look behind them. It is a "conservative" view of the law by those who tend to be "conservative" politically—Republicans.

★ ★ ★

—The other view is that a court must look behind words of the constitution to determine intent of the people. It says the constitution is nothing more than the voice of the people—and that people do not speak in strict legalistic terms. It is a "liberal" view by those who tend to be politically "liberal"—Democrats.

Thus, when the court divides along political lines it may be adhering to philosophy rather than party dogma.

Those close to Democrats on the court argue that if the justices want to help Democrats, they cratic administrators must live with the resulting fiscal turmoil. A new round of chaos further tarnishes Gov. G. Mennen Williams' national stature.

Justice Eugene F. Black, once a Republican attorney general but nominated to the court by Democrats, said the "real point of our total disagreement" on the tax decision could be summed up this way:

The three who signed the minority opinion examined the constitution for "technical modes of test" and listened more to the voice of the Legislature than the voice of the people.

★ ★ ★

"But," said Black, "our teaching, our legal philosophy, our settled convictions, lead us to examine the constitution by other precepts for we hear only the voice of the people in determining the construction and applicability of its terms."

Republicans in the Legislature claimed they were listening to the voices of the people when they passed the tax.

Charlevoix C. of C. Man Quits Post for Business

CHARLEVOIX (UPI) — Charlevoix Chamber of Commerce Secretary Manager Tom Symons has announced his resignation to devote full time to his store at the Boyne Mountain Ski Lodge.

Symons, secretary manager of the chamber since May 1958, said he also plans to open a store at Hidden Valley near Gaylord.

New Drop Reported in Paralytic Polio

WASHINGTON (AP) — There were 225 paralytic polio cases reported by the states last week. That was a drop of five under the revised total of 230 for the preceding week, ended Oct. 10.

The Public Health Service in reporting this gives some comparative figures on polio cases and paralytic cases for the first 41 weeks of this and five previous years.

★ ★ ★

The 1959 totals were 7,024 cases of all types, including 4,474 paralytic. For the prior years the figures were: 1958 4,633 and 2,229 1957, 5,294 and 1,808; 1956, 13,456 and 5,738; 1955, 24,926 and 8,657; and 1954, 31,691 and 11,536.

Salk polio vaccine first became available for use in 1955.

Believes British Missile Better Than Any U. S. Hqs

BRISBANE, Australia (AP) — Britain's ground-to-air Bloodhound missile is "better than anything of the type developed in the United States," Air Chief Marshal Sir Thomas Pike said Friday.

The chief of air staff-designate told a news conference construction of the first Bloodhound bases has started in Britain.

He said he had seen the last tests of the Bloodhound at Woomera and the missile was "almost operational."

Summer Good to 5 Out of 6 Companies

Record 1st Part Balances Strike Weeks

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—The summer and early fall have been good to five out of six companies. Early returns show their net profits after taxes running a fifth higher than in the third quarter of 1958.

But the gain looks small if stacked up against the April-June quarter when corporate profits were topping 1958's second quarter by 75 per cent.

★ ★ ★

And the outlook for the final months is clouded by the delayed effects of the steel strike. Fear that the strike might be resumed early in 1960 makes the first part of next year uncertain.

★ ★ ★

In the third quarter ending Sept. 30 the steel strike's effects were felt only slightly by most companies. Steel companies were running in the red and so were some of their supplying railroads. But it was only this month that the pinch was on for most metal users—and next month that they'll really be squeezed.

★ ★ ★

The first 215 companies to report on third-quarter earnings—64 of them with fiscal years ending before the calendar year—show all but 39 with earnings increased over 1958. A sizable group reports record third-quarter earnings. Even more report records for the first nine months.

The momentum of a record first half of the year seems sure to let most U. S. corporations show a profit gain for the entire year, even if the fourth quarter falters.

Von Braun Scientists to Stay at Redstone

HUNTSVILLE, Ala. (UPI) —The National Space Agency said Thursday it intends to keep the Von Braun team of rocket scientists at Redstone arsenal, the Army's missile development center.

Dr. T. Keith Glennan, NASA administrator, said there were no plans to move the Army Ballistic Missile Agency (ABMA) which President Eisenhower ordered transferred to NASA control. The Von Braun team, comprised of 2,300 scientists and technicians, works in the ABMA.

Glennan came to Huntsville, site of Redstone and hub of the Army's surface - to - surface artillery supplementary rocket work, to confer with retiring army missile chief Maj. Gen. John B. Medaris and the German - born scientist Dr. Wernher Von Braun.

He said the transfer of the ABMA to NASA control must be "orderly and as expeditious as possible."

'No China War' Over New Raid

Nehru Begs Indians to Control Indignation as 17 Die in Ambush

NEW DELHI (UPI)—Prime Minister Jawaharlal Nehru said today there will be "no war with China" over the border incident in which 17 Indians were killed in ambush, but he said the dispute with the Communists was causing "grave anxiety" in India.

Nehru, speaking at Meerut in Uttar Pradesh Province, begged the Indian people to control their emotions and not be swept away by fear or indignation over the latest border incident.

The Indian government today ordered fresh army reinforcements rushed to the northern frontiers in the wake of the Red raid into Ladakh in Kashmir. The raid put a heavy strain on already-tense relations between India and Communist China.

The Chinese were believed to be still occupying the site of the raid, Hot Springs in the Chang Chenmo Valley, but Indian troops were believed to be only a little south of there. Hot Springs is a mountain-top 18,000 miles above sea level.

The Chinese were believed to have moved up modern weapons and the personnel to man them at Hot Springs.

Gov., Mrs. Williams Host Foreign Students

LANSING (AP) — Gov. and Mrs. Williams, just returned from a month on foreign shores, will host a group of foreign students today as part of the United Nations Day observance.

Space Quiz Ordered by Johnson

WASHINGTON (UPI) — Senate Democratic leader Lyndon B. Johnson, asserting that "many weaknesses" have been indicated in the U.S. space program, ordered a preliminary inquiry Friday to explore the need for a full congressional investigation.

The Texan, who heads the Senate Space Committee, issued a statement commenting on President Eisenhower's transfer of the Army Ballistic Missile Agency to the National Aeronautics and Space Agency (NASA).

Johnson called it "gratifying that the need for action has been recognized."

★ ★ ★

He said he hopes the transfer will be "an effective step" to help preserve the valuable experience gained by the Army missile team under the direction of Dr. Wernher Von Braun.

★ ★ ★

"But further action appears to be necessary. There has been far too many instances in which we have pushed the button but our missile remained on the launching pad," Johnson said. "At the same time, the Soviets are making a bull's eye out of — and placing the satellite in orbit around — the moon.

★ ★ ★

"The American people are asking why, and they deserve an answer," Johnson said.

2 Get $9,693 in Holdup of Bank at Taylor Twp.

WYANDOTTE (UPI) — Two men escaped with $9,693 yesterday afternoon in a holdup of the Taylor Township branch of the National Bank of Wyandotte.

★ ★ ★

Police said the men, both wearing gray gloves, trench coats and carrying blue steel revolvers, forced Jane Britz, Wyandotte, secretary of the bank, to open the main vault in the bank.

Rep. Roberts Offers Plan

Proposes Tax on Services

State Rep. Farrell E. Roberts (R-West Bloomfield) today proposed that the State Legislature consider broadening the sales tax to cover services.

★ ★ ★

Roberts sent his proposals for a solution to the state's money crisis to party leaders in the House, Rep. Don S. Pears, Republican, and Rep. Joseph Kowalski, Democrat.

In explaining his proposal, Roberts said:

"This will make money almost immediately available for the state's general fund. Bipartisan support was available in the House earlier in the session though in the 'ranks.'

Roberts said that while such a broadening of the sales tax might not in itself solve the state's crisis, "a solid vote would at least be a substantial step toward mitigrating our fiscal problems."

★ ★ ★

Roberts called a tax on services "progressive."

"The greater a person's income, the greater the percentage spent on services," the legislator said.

Efforts should be made to prevail on Senate Republicans to allow borrowing against the $50,000,000 veterans' trust fund, he declared.

Roberts said a tax on services was shied away from by both parties "because they were afraid of making people mad."

Now, he said, the four-cent approach is "out."

"I've searched for a loophole in the Supreme Court's decision and can't find one," he stated.

Roberts said the Senate Republicans might consent to freeing the Veterans' Trust Fund if House Democrats would agree to placing the question of repeal of the sales tax limitation on the November 1960 ballot.

Roberts said an up-to-date study of the state's income and expenses should be made to determine whether his plan would solve the state's immediate problem.

★ ★ ★

If not, he said, the Legislature should pass for the period of Jan. 1-Dec. 31, 1960 either a wholesale excise or flat rate income tax.

"The eventual fate of the tax decided upon might then be further studied after the voting on the sales tax amendment next November," Roberts said.

Man, 70, Treated for Crash Injuries

A 70-year-old Commerce Township man, Henry J. Sharpe, was taken to Pontiac General Hospital Friday afternoon when injured in a two-car collision on Union Lake road near Commerce road, said Oakland County sheriff's deputies.

★ ★ ★

Sharpe of 7995 Bywater St. was riding in a car driven by a neighbor, Nickolas G. Stanciu, 63, of 7515 Bywater. He was treated for head injuries and released.

The other driver was Richard D. Myers, 24, of 9491 Wise Rd., Commerce Township. Both drivers were uninjured, said deputies.

Soap Cures Rash

Washing with repeated latherings of a strong laundry soap is a recommended first-aid treatment for sufferers from poison ivy.

Woman Pleads Guilty to Illegal Nursing Charge

A 34-year-old Southfield woman employed as a registered nurse at Pontiac Osteopathic Hospital yesterday pleaded guilty to nursing without a license before Municipal Judge Cecil McCallum.

★ ★ ★

Renelda L. Craig, 28477 Southkirk St., was freed on personal bond pending sentencing by Judge McCallum next Friday.

★ ★ ★

She was arrested after a complaint against her at the County prosecutor's office by Hugh Larkin, an investigator for the State Board of Nursing.

Pistols From Italy

Two-Car Smashup Injures Four Persons

Four persons were injured in a two-car collision early this morning on Elizabeth Lake road at Camley street, according to Waterford Township Police.

One of the drivers, Frederick J. Wisnieski, 32, of 96 Roslyn St., Waterford Township, and Patrick M. Bresnahan, 38, of 112 Henderson St., a passenger in the other car, were treated at Pontiac General Hospital and released.

Driver of the second car, Mrs. Lee M. Hall, 38, of 1091 Joangay St., Waterford Township, and her husband, Edgar, 38, were both admitted to the hospital.

She was reported in satisfactory condition today. Her husband was scheduled to be released this afternoon.

The oldest wooden house still standing in the United States is the Fairbanks House, Dedham, Mass., which was built in 1636.

Six-Year-Olds Reign at School Fair in Avondale

A pair of six-year-olds reigned yesterday over the Fall Festival at the Elmwood School in Avondale.

Crowned king was Robert Allen, 2384 Devondale. His queen was Shannon Reed, 2865 Grant.

Participating in the royal ceremonies were last year's monarchs Jean Kirsch, 11, of 3171 Auburn Rd., and Mike McReynolds, 11, of 2731 Midvale.

Sponsored by the Elmwood School PTA the event drew more than 700. Proceeds will be used to purchase library books.

It Seems to Me . . . .

Russia May Lead Space Fight, but Militarily U.S. Is on Top

Here is an important question that can't be answered with a flat "yes" or "no:"

★ ★ ★

Where do we stand with Russia in the race for scientific supremacy?

If one were purely chauvinistic, he could hand the United States the edge in both divisions. On the other hand, if pessimism seizes your soul with an iron hand, you could award the titles to Russia.

I don't believe either.

I think honors are split.

★ ★ ★

There's little doubt that Russia has the upper hand in outer space. Her list of "firsts" is impressive and persuasive. Our own country has done well but the Reds are leading. Russia has hit the moon—or so she says. She has fired past the moon and she was the first country to hurl a body into outer space.

★ ★ ★

These add up to the world's championship — open and amateur. The Communists have succeeded where we have failed and where we have failed many times. However, there is one circumstance here that is never sufficiently emphasized.

How many times has Russia failed?

No one knows.

★ ★ ★

In a dictatorship, the top brass only gives out the facts it wishes. I had this driven home in Russia when the greatest newspaper there came out day after day with only four pages. They couldn't begin to print but a tiny part of the news.

The government suppresses EVERYTHING it wished to—and the people never know what they have missed. A deputy editor of *Pravda* granted that a murder could be overlooked completely if it best suited the needs of the Communist Party. Hence, the omission of scientific failures is mere routine.

★ ★ ★

Ten years ago, our own military rocket was drastically cut back as an economy measure by a Democratic Congress and a Democratic President. Russia pressed on with renewed vigor. Hence, her lead can't be mysterious or unexpected.

★ ★ ★

Five years later, under DWIGHT D. EISENHOWER, the cutback was canceled and we stepped up our program drastically. But we were five years behind and our top scientists concede reluctantly it will be a smart spell of time before we can catch up.

So be it.

★ ★ ★

However, in the matter of military might, I believe the United States is abreast, or even ahead of the Russians. This program has been pushed and herein lie life and death. Horrible though the thought may be, the military development is vastly more important for human existence — yours and mine — than a gaudy red capsule hurtling harmlessly in a circle 200,000 miles away. This is spectacular but it's a global conversational piece at best. It doesn't menace the home hearth. It's nice institutional advertising but you can let your voice drop right there. Also, the question of whether we are 10, 15 or 20 per cent ahead — or behind — is relatively unimportant.

★ ★ ★

Either nation can probably blast the other right off the face of the earth, so a percentage of leadership or lag is unimportant. If you hit me with a shotgun at ten feet I'm not appreciably any worse off than as though it had been done with a shotgun plus a 45 revolver—or even a 16-inch naval piece.

★ ★ ★

Hence, our home grown arsenal is more than enough to put the whole world in permanent jeopardy.

The Commies know this.

It isn't a secret.

★ ★ ★

Several years ago I went up in one of the first jets at Selfridge Field, and I said to the pilot.

"This airplane is equipped with live rounds."

"Sure," he answered. "Every airplane is."

"Is that a secret?" I asked cautiously.

He shook his head simply. "Print it and request Russian papers to copy."

★ ★ ★

We're behind in outer space but we're on the ball in offense and defense.

That's where it counts.

That's the payoff window.

The others are for show.

And in Conclusion . . . .

Jottings from the well thumbed notebook of your peripatetic reporter:

U. S. has a military plane on the drawing boards that will do 1,800 miles an hour at 70,000 feet . . . . . Purely personal nomination for an especially attractive young woman: PHYLLIS ROBERTS . . . . . NELSON ROCKEFELLER is reported to have a thousand invitations to speak at gatherings from coast to coast . . . . . Here's a nifty present for your next pal that takes a boat to Europe: a Madison Avenue shop near 59th Street has a "going away surprise" that packs caviar, magnums of champagne, rare foods and the tab is a neat $1,350.

★ ★ ★

About 15,000 Americans are expected to visit Russia in 1960—double the number that went in 1959. . . . . Don't think U. S. automobile manufacturers are taking this mild "European invasion" lying down. They're readying some pretty tasty dishes for overseas. . . . . Five theatrical agencies have spots for Ingemar Johansson and several cities are flirting with him on a Patterson bout or one with Archie Moore. . . . . Las Vegas put up a "good fight" to land the next Miss Universe contest but it went to Miami Beach. Personally, I favored Pontiac.

★ ★ ★

The finest memory I know for names and faces belongs to Chancellor D. B. VARNER of MSUO . . . . . Perhaps the world's greatest luxury car, the Rolls Royce has actually introduced a new model and they upped the tab to $26,000. The limousine is just over 20 feet long . . . . . TRUMAN BENTHURUM, Arizona, swears he has been aboard eleven inter-planetary planes. He has written three books on them and says outer space citizens are much smarter than ours . . . . . JOHNNY JOHNSTON knows a golfer that spent a thousand dollars to join a club, paid $30 a month dues, bought $350 worth of equipment and wound up with a twenty cent swing. (Currently, mine essays at a dime.) . . . . . Dept. of Cheers and Jeers: The C's—TV's Saturday evening program, "It Could Be You"; the J's—TV's "The Big Payoff."

—HAROLD A. FITZGERALD

The POWER of FAITH — by Howard Brodie

"Now God speaks to us in Navajo," said an Indian turning a finger operated phonograph. The American Bible Society conceived the idea from a toy phonograph and developed it with the Radio Corporation of America into an instrument of faith inspiring people in India, Africa, Latin America and the U. S. People hear the "talking Bible" in the friendly tones of their own tongue: "T'aa ni 'adiini'ninigi 'at'eego bil keehot 'iinii'ayoo-'iini'ni (Navajo) Thou shalt love thy neighbor as thyself."

The self-operated gadgets are distributed at cost or less, or given away to those who cannot afford them. The recordings strengthen spirits and promote literacy, when passages are memorized by those who cannot read or write and are then traced in a Bible. An Indian in Mexico prayed, after making a recording for his people, that other Indians might "receive the Word and come to know the 'coolness in the heart'."

Thousands of these phonographs have been distributed among the Navajos and requests have come from the Papago, Hopi and Apache tribes. The Bible Society plans to make recordings in 100 additional world languages.

Days of All Faiths:

Luther Didn't Foresee Distortions

By DR. HOWARD V. HARPER

If a man belongs to no church many people will automatically classify him as a Protestant when making out records or filling in forms.

★ ★ ★

Also, there are many who think Protestantism teaches that all persons are equally competent to interpret the Bible or Christian doctrine, that the snap judgment of an uninformed man is equal in value to the considered opinion of a learned scholar.

★ ★ ★

From there it is a short step to one of the most foolish and destructive elements in our American culture: the widespread belief that there are no absolute values or truths. It's all just how it seems to you.

What is right for one may be wrong for another. There's nothing good or bad but thinking makes it so. Every man is his own theologian, his own authority on everything — whether he knows anything about it or not. The sickness of modern life may easily be traced directly to such philosophical chaos.

Martin Luther, the German monk whose demand for man's personal freedom in religion is commemorated Sunday by hundreds of Protestant churches, would have been horrified to think such distortions could ever happen to his point of view. And so are the Protestant churches horrified.

Tomorrow as they hold special services in memory of the beginning of the Reformation, they are honoring no such nonsense. They are remembering the day (October 31, 1517) when the obscure professor of Biblical theology at Wittenburg University posted 95 statements on a church door in that town, hoping to find someone who would debate these matters with him.

Far from intending to start a break in the church of Western Europe, Luther wished to reform it from within by ridding it of customs and practices he felt did not have Biblical support.

In no time the whole matter was beyond Luther's control. Most people when they are dissatisfied with a situation tend to withdraw from it and set up a new situation along lines of their liking, instead of working for changes from the inside.

★ ★ ★

This is what happened in this case. The time was ripe for rebellion against the established order, and Luther unknowingly threw the switch. What followed was the development of new, independent churches in Germany, Switzerland, Scotland and elsewhere.

(Copyright 1959)

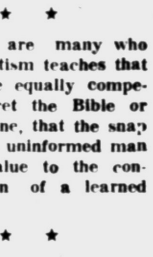
Dr. Brady's Mail Bag

Don't Hesitate at Use of Novocaine by Dentist

Informed injection of novocaine for painless dentistry could prove fatal. Would appreciate your advice about this. (Mrs. B. T.)

Answer—Use of any anesthetic, local or general, may prove fatal. But I'd not hesitate to have novocaine or whatever other local anesthetic my dentist prescribed.

Some day will you give us a little lecture on the fluoridation of our public water supply. (C. F. L.)



DR. BRADY

Answer—Here it is: I know no good reason for opposing it.

Please recommend something for bad breath. (R. T. J.)

Answer — Good dentistry.

Child, six, with whooping cough. The coughing spells restrict his breathing so that he turns blue . . (R. G.)

Answer — A snug, wide belly belt with stout elastic webbing inserts about two inches wide on each side, laced on over the undershirt, would be a help.

In '42 I tried to enlist in service . . . rejected because of a double hernia. Following your suggestion I received ambulant treatment. A year later when I tried again I was accepted. To date I am absolutely OK. (J. J. C.)

Answer—Thank you, sir. I have a pamphlet on Hernia (rupture, breach) which is free to anyone who sends me a stamped, self-addressed envelope. I regret I am not prepared to give names of physicians who are skilled in ambulant (injection) treatment. If your own doctor does not use the method perhaps he will tell you who does.

Daughter, 23 months old, seems in perfect health but eats dirt, paper, pasteboard, ashes, even picks the dirt off from old shoes and eats it. Doctor said she might have worms, but worm medicine did no good . . . (Mrs. L. D.)

Answer—A good many healthy children have the same odd fondness for gnawing at wall plaster, wood, etc. It is known as "pica." It has no particular significance, generally ceases as the child grows older. Your daughter is healthy, isn't she? All right, she just eats her peck of dirt a little earlier than most of us.

Would eating foods containing much calcium increase the calcium deposits in a case of osteo-arthritis? (Miss J. E. S.)

Answer—No. Send 35 cents and stamped, self-addressed envelope for booklet The Calcium Shortage.

Signed letters not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

(Copyright 1959)

Case Records of a Psychologist:

Psychology's Necessary in Pulpit

Notice what Philip says about the fascinating sermon technique of Rev. Garrison at Bloomington, Indiana, Christ relishes seeing clergymen employ surefire psychological strategy, for Jesus was the World's Greatest Applied Psychologist. And young folks are attracted to religion when it is "packaged" properly.

By DR. GEORGE W. CRANE

CASE C-478: Philip, aged almost 29, is a graduate student in history at Indiana University.

★ ★ ★

On Sunday he attends church where Rev. R. B. Garrison occupies the pulpit.

DR. CRANE

"Dad, you ought to hear Rev. R. B. Garrison," Philip remarked recently when he was home for a couple of days. He is the kind of preacher you recommend. For he uses the narrative style and employs cases to illustrate his sermon.

"He holds the attention of teenagers, too, instead of slanting his remarks solely to the old folks.

★ ★ ★

"And when he finishes with his sermon, he does another thing I have never seen any other clergyman perform.

"He gives a brief preview of his next week's sermon. And he includes enough to capture the interest of the congregation.

"In fact, I have been so fascinated at times by his terse preview of the following Sunday's sermon that I resolved not to miss for I wanted to find out how he would develop the interesting topic."

PSYCHOLOGY IN CHURCH

In the new edition of my college textbook, "Psychology Applied," I included a chapter called "Psychology Goes to Church."

College students have voted it by far the most vital chapter in the entire textbook, which shows that 19-year-olds are still very much concerned with idealism and religion, despite lurid stories of teenage delinquency which we often find on page One of our newspapers.

★ ★ ★

So I was doubly interested in Philip's comments. Philip recognizes topnotch oratory when he hears it, for he has heard many of America's best public speakers, including both clergymen and political orators.

Although I have missed church myself only four times in the past 45 years, and have attended Jewish, Catholic and various Protestant services, I can't recall ever hearing a clergyman give a preview of his next week's sermon.

That's a clever idea. In advertising, we describe such a device as a "teaser" to coax prospects into further contact with the copy or merchandise.

★ ★ ★

Jesus was the world's foremost Applied Psychologist, as I outline at great length in Chapter 18 of my college textbook.

For Jesus used advertising, as when he sent the 70 ahead of him, two by two, as press agents to recruit the crowds.

He also took polls of public opinion, thus anticipating Dr. Gallup and other modern pollsters.

Jesus likewise employed stage materials to increase the attention of the audience, as when he held up a coin and set a child in their midst, etc.

He used the "reversible why" technique by which he employed a question to answer a question. Remember his retort when they asked him if it was lawful to pay tribute to Caesar?

Jesus constantly resorted to the "case method" which I use in this educational column, and adopted the narrative formula for his speeches, selecting parables (stories) to document and illustrate abstract principles.

Jesus would certainly have relished the techniques followed by Rev. Garrison and all of you other clergymen who keep your congregation awake with challenging goals for their week-day activity.

Send for my booklet "Public Platform Strategy," enclosing a stamped return envelope, plus 20 cents (non-profit).

It gives other devices for making you an interesting speaker in short order.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

(Copyright 1959)

Voice of the People

'Union Dictators Overlook the Strongest Group of All'

Reuther and Hoffa must be sleeping. If either of those dictators really want to get a strangle hold on the public, why haven't they dreamed up a union for the most overworked, underpaid workers in the world—the familiar housewife.

I'd like to see the unions candle burning at both ends. Some dear soul should let them know what they are missing, because everyone knows "the hand that rocks the cradle rules the world."

Anti-Union Housewife

'Depends on How You Like to Learn'

Vincent Price swears he got no answers on the crooked quiz shows and he argues that they were good for America and increased our learning. He overlooks the fact they were crooked for many contenders. I don't care to learn from fraud and crookedness.

Disillusioned

'Some Announcers Act Like Mopheads'

Some of these news and weather announcers act like they were mopheads the way they get excited and squirm and squeal. There's a weather announcer on one station . . . that's the worst and he must think he's the funniest thing around, while he's really the saddest and everyone thinks so but him. Where are the station directors?

Shut In

'Why Not Leave Halloween Alone?'

The Department of Parks and Recreation has taken a foolish step by moving Halloween to Friday evening. What gives them the authority to do this?

★ ★ ★

Has the Department stopped to consider that children from Pontiac and Waterford townships are going to take advantage of the situation on Friday and vice-versa on Saturday night?"

★ ★ ★

Let's leave Halloween on the day it belongs and end all the confusion.

Mrs. James Arnold
694 Emerson

'Look at the Record to See the Truth'

How can writers refer to President Eisenhower as a strike breaker when records show Truman evoked the Taft-Hartley two to one over Ike? Look at all the Senators and Congressmen like our own Hart and McNamara that voted for the new labor law to curb labor. Looks like the Democrats are the real foes of labor.

One Time Dem

'Library Should Be Must for Waterford'

Waterford is becoming a large, important suburban community. We are tremendously in favor of a library, accessible as a reading room for both children and adults.

★ ★ ★

We realize not only is it to be of great cultural value to the Township, but of very great importance to our young people who are planning on college or, in fact, other careers.

★ ★ ★

To round out our community life and for reference, amusement and development in reading (which, sad to admit, has almost become a lost art in many homes), get out and vote for our library. It should be a must.

Booster

(Editor's Note: This will be the last of the letters to be run concerning the Waterford Library proposal.)

'Let's Do Away With the Cause'

E. R. Breech said in a speech Michigan suffers a bad reputation all over the U.S. because of our business climate which Williams brought on. I think it has been exaggerated and our name is worse than the actual facts, but we'll never get rid of the stigma until we get rid of Williams who stands bad with employers all over the country. We need more jobs more than we need more Williams.

Hanover L.

'What's Happened to the Old Way?'

What has become of our good old sport — horsedrawn, wagon hayrides? It appears they've been modernized with tractors.

Everyone will agree horses walk slower than a tractor will travel. And I think I read that tractors are the No. 1 cause of accidents on farms. If I were parents, I'd consider the second time before I allowed my children to take a hayride with a tractor wagon.

Farmer

'How Much Longer Will You Sit Idle?'

How long are working people going to sit down and wait to go back to work, go hungry and cold, lose everything they've worked hard for while they're making millionaires out of men who don't care for anyone but themselves and whose only ambitions are to destroy America?

★ ★ ★

You let a person who pretends to be your friend deprive you of work and see your children go hungry. God forbid your judgment day answers. This is the land of plenty; some work hard to keep it so, while others wait to be told what they can or can't do.

★ ★ ★

When are you going to wake up and destroy this serpent that has cast his spell upon you, only to destroy everything our forefathers built up for you? Keep America safe by keeping idle hands and minds busy. Busy people never get in trouble. It's time to think for yourselves. Don't delay. Act now.

I Love America

De Gaulle Orders Probe Into Shooting

PARIS (UPI)—President Charles de Gaulle Friday ordered an investigation of the incident in which wild shots were fired at Sen. Francois Mitterand to determine if the attack was an assassinaion attempt or a fake.

Charges that the left-wing senator arranged to have his car sprayed with machine gun bullets were levelled by former Deputy Robert Pesquet.

Pesquet, an extreme right-winger, charged before a judge that Mitterand hired him and another man to shoot up his car for political advantage. The senator, he charged, was safely ducking on a nearby lawn.

Mrs. Swainson Has Tax Enigma; (Don't We All?)

LANSING (UP) — Mrs. John B. Swainson, attractive blonde wife of the lieutenant governor, bought $400 worth of new clothes and now she has a use tax problem.

As her husband explained it, she bought the clothes on a charge account while the 4 per cent use (sales) tax was in effect. The bill carried the 4 per cent charge.

With the penny use tax boost declared illegal, should she pay a three or four per cent tax, $12 or $16?

★ ★ ★

It's a problem that puzzles many a consumer and retailer, state revenue officials told Swainson.

"It's human nature for the fellow who hasn't paid the tax to refuse to pay it if it's illegal," said Clarence W. Lock, deputy state revenue commissioner.

★ ★ ★

"But if the sale has been made and the merchant has paid the higher tax to the state, he is stuck with it unless the purchaser comes through," he said.

Lock and others agreed it was a matter for the attorney general's office to decide along with others dealing with collection and refunds.

The first airmail from the U.S. mainland to Hawaii was flown as the route opened on Nov. 23, 1935.

Hare Foresees $50,000 Saving

Still Pushing Title Fee Branches to Go Under Civil Service

LANSING (UP) — Secy. of State James M. Hare said Friday placing department of state branches under civil service "conceivably" could save the State $50,000 a year through error reduction alone.

In addition, he said, other savings would accrue through reduced turnover and a resultant lower cost in training and retraining branch office personnel.

★ ★ ★

Hare made a formal pitch to the Civil Service Commission to take over supervision of about 250 fee offices now operated on a political patronage basis. The branches deal mostly in license plate sales and auto title transactions.

Their tax collections, coupled with those of 13 civil service-operated department of state branches, gross 100 million dollars a year.

The commission asked Hare to check other populous states to determine whether any operate a full-scale civil service system with fee branch offices successfully. They also asked him to make a comparison with fee branch offices and operation of smaller U.S. post offices.

★ ★ ★

Hare suggested managers of branch offices netting more than $20,000 a year might become full-time civil service employes. Those taking in less, he said, could continue on a fee profit basis but be required to take civil service examinations for selection on a non-partisan basis.

SHAH'S NEXT QUEEN? — Farah Diba, who is expected to marry the Shah of Iran, steps from a plane at the airport in Geneva, Switzerland, Thursday, en route to Paris after a flight to Tehran. Farah, in her early 20s, is a stepniece of former Iranian Premier Mohammed Mossadegh. The Shah will celebrate his 40th birthday Oct. 27 when the wedding announcement is expected.

List Alternatives for Steel Story

One Thing Certain, Deal Could Be Appealed to U.S. Supreme Court

PHILADELPHIA (AP) — What happens next is the question about the involved steel strike litigation.

Here are the alternatives based on next week's decision in the case by the U. S. Circuit Court of Appeals:

If the court vacates the strike-ending injunction issued Wednesday by Judge Herbert P. Sorg of U. S. District Court, the union will be free to keep its members on strike. The government undoubtedly will appeal to the U.S. Supreme Court.

★ ★ ★

Should the court uphold the Sorg order it could permit a stay of execution pending an almost certain United Steelworkers Union appeal to the U. S. Supreme Court. If a stay is not included in such an order, the union could immediately petition the Supreme Court for such an order.

★ ★ ★

One thing appears certain, the Circuit Court order will not settle the issue. The matter obviously is going to the Supreme Court. The strike likely will continue at least into the latter part of next week unless there is a negotiated settlement in the interim.

Cheboygan Manager to Remain at His Post

CHEBOYGAN (UPI)—City Manager Lawrence C. Savage will remain in his post and the City Council will "stop interfering" with his administration.

Savage previously had announced he would resign his $9,400 a year position effective Nov. 1. He reversed his decision after a meeting with the council.

Summerfield Writes Letter

Tells GOP Financial Head Oct. 15 Meeting Aimed at Party Unity

WASHINGTON (UP) — Deploring "the record of successive defeats over the past seven years" by Republican candidates in Michigan, Postmaster General Arthur E. Summerfield said Friday a Detroit meeting of Oct. 15 was aimed at "a unified party effort during the 1960 campaign."

At one point, Summerfield said he had "been active in Michigan politics for seven years."

He denied there had been any discussion of Paul Bagwell's possible GOP candidacy for governor in 1960, "nor was there any discussion of his (Bagwell's) being 'dumped'."

Summerfield's statement came in a letter addressed to Don Ahrens, Michigan Republican finance chairman, and released here.

Some newspapers reported that at the Oct. 15 meeting Summerfield demanded that Lawrence Lindemer step down as chairman of the Republican State Central Committee, but that he backed up on a move to dump Bagwell when Henry Ford II challenged his demands.

"There have been numerous, false, inaccurate and misleading reports," concerning the Detroit meeting, Summerfield said in his letter.

Bagwell was the GOP's unsuccesswul candidate against Gov. G. Mennen Williams' 10th consecutive term bid in 1958 and generally is expected to seek nomination again next year.

Summerfield quit as Michigan's Republican national committeeman to become chairman of the GOP National Committee after President Eisenhower's 1952 nomination.

Following the election, Eisenhower named Summerfield postmaster general.

Bagwell is generally regarded as representing the liberal wing of the state Republican Party; Summerfield, the conservative wing.

Unsold Coal Stocks Piling Up in Europe

LONDON (AP)—The coal mines which fed Europe's postwar recovery are falling silent.

Unsold coal stocks are piling up. Miners are looking for other jobs.

Use of oil and hydroelectric power is mainly responsible. Other factors are overbuying from abroad in boom years and a reduced demand for coke in steel mills.

Chemically impregnated lumber is being used as a structural material substitute for steel and concrete in some types of buildings.

Do You Drink; Smoke? Don't Stop at Welk's

By EARL WILSON

NEW YORK — There are no ashtrays in the Hollywood home of Lawrence Welk. And visitors who might be wanting a drink had better tote a flask.

★ ★ ★

WILSON

Welk is almost puritanical in these days of Hollywood high-living. After he'd done his TV show one recent Saturday night in L.A., I had dinner with him—not in his home but in an apartment over his small office on Santa Monica Blvd. It was the apartment of Laurie Lamont and Ann Randall, who work in his office handling fan mail.

Trailing along with Welk were his secretary, Lois Lamont, who is Laurie's sister, and Welk's son, Lawrence Jr., 19.

The girls fixed some martinis and broiled some steaks. Welk skipped the martini.

He was all business. He had to leave in an hour to conduct his orchestra at the Aragon Ballroom where it's played Saturday nights for nine years.

"We don't encourage drinking in the orchestra, in fact we discourage it," Welk said, taking time out to play with Laurie Lamont's white French poodle, "Chante," which roams the office downstairs sometimes.

"Suppose you were in my orchestra and you had a drinking problem," he said.

WELK

"Somebody would say 'What's happened to Earl Wilson?' We would say, 'Earl's not been feelin' too well. We hope he can straighten himself out and be back with us.'

"We also have a little problem with a number of people in the band who are getting a little heavy," Welk confided.

"If you have a little bit of a belly, on TV it shows off as a big belly. I had a visit with one of my men today. I told him the cameraman was complaining he could hardly get him on the screen. The man thought if he held his head up higher, his chins would not show so much. I said to him, maybe he should give some serious consideration to going on a diet."

"How about your weight?" I asked Welk, who was thin.

"I dance it off. I dance it off!"

Naive and rustic as he seemed at times, when he got on the bandstand he was all Show Business—dynamic and peppery. But his chief satisfaction was sitting at the edge of the stand at intermission signing autographs and talking to fans – mostly middle-aged or older.

THE WEEKEND WINDUP

The **Dukes of Dixieland** will tour Europe with **Louis Armstrong**, for the State Department . . . **Janet Blair**, rehearsing "Strawberry Blonde," eats six meals a day for energy . . . **Joan Crawford's** turned down three writers suggested to help with her autobiography.

★ ★ ★

EARL'S PEARLS: Army Archerd reports that when Ross Bagdasarian, composer of "The Chipmunk Song," was asked what he'd do with all the money, he said: "I'm thinking of buying Saturday." . . . **That's earl, brother.**

(Copyright, 1959)

Ex-Pastor Will Speak at Anniversary Service

WALLED LAKE — The Rev. Richard Nyberg, former pastor, will be guest speaker at Walled Lake Baptist Church Sunday.

He is speaking at the regular service as part of the church's celebration of its 125th anniversary.

The present pastor, the Rev. Carl Grapentine, will be attending the American Baptist Convention at Bay City this weekend.

Mandrill Is Baboon

A mandrill is a large African baboon with enormous teeth. He gets his name because he is so huge (man) and he attacks with his teeth (drill).

New Battery May Bring Back Electric Cars

COLUMBUS, O. (UPI) — A new type of auto battery that may bring back the electric car was described at the Electro-Chemical Socety convention here Wednesday.

★ ★ ★

Prof. Henry Andre, French electrochemist, reported to the society's Battery Division what he called the "world's first rechargeable silver-zinc battery."

Andre said he has driven a car powered by a silver-zinc battery around Paris and rural France for nearly five years. The car travels 150 miles on one charge of the battery and has a top speed of 48 miles an hour, he said.

He added that the cost to operate a car on such a battery is only one tenth that of a conventional battery.

★ ★ ★

The scientist said he plans to redesign the car for battery power with an aim to extend the range to 240 miles and a top speed of 60 miles an hour.

★ ★ ★

Andre, chief consultant for Yardney Electric Corp. of New York, said commercial production of the battery can be started as soon as it meets with public approval.

Bevan Gets Promotion in Labor Party Shuffle

LONDON (UPI)—Aneurin Bevan, onetime fire-eating rebel of Britain's Labor Party, became its deputy leader Friday without a voice being raised against him.

★ ★ ★

At the same time Hugh Gaitskell, once Bevan's bitter rival, was retained as leader by the party's parliamentary delegation. Herbert Bowden remained chief whip, with responsibility for lining up the Labor vote in the House of Commons.

★ ★ ★

All the decisions were unanimous. Bevan succeeded James Griffiths, who at 69 resigned the deputy leadership last weekend to make room for a younger man. Bevan will be 61 next month.

Copper Figures Given

The United States produces half the copper in the world today. Chile and Canada produce most of the rest. Russia produces very little copper.

New Bethel Choir to Mark Anniversary

"The Redemptive blood of Christ" will be the sermon topic of the Rev. Amos L. Johnson at 11 a.m. Sunday at New Bethel Baptist Church.

At 3:30 p.m., the senior choir will celebrate its 34th anniversary with choirs of Macedonia Baptist Church presenting the program.

★ ★ ★

Soloists will include Walter Moore, Mrs. L. L. Walker, Joseph Ray and Mrs. E. S. Hawkins.

The combined choirs will sing "How Great Thou Art" with Mrs. Sarah H. Lawrence at the organ.

Ernest Adams, I. N. Blake and Walter Moore will be heard in trio numbers, and Mrs. Enderloyn Powell and Mrs. Lawrence will sing a duet.

★ ★ ★

"Dunker's Dip," sponsored by the young people is scheduled for 5 p.m. At the 7 o'clock evening worship hour, the ordinance of baptism will be observed.

The intensity of sunlight at the equator is at least 10 times greater than at the two polar regions.

National Guard Seeking U.S. Aid for Armories

LANSING (UPI)—The Michigan National Guard is seeking federal aid for new armories at Ishpeming, Sturgis, Lansing and Howell, officials said Friday.

Michigan Guard leaders met this week with National Guard bureau representatives at Lincoln, Neb., to talk over the Michigan situation regarding federal assistance.

★ ★ ★

The group also talked about future plans for armories at Greenville, Midland, Manistique, Escanaba and Niles.

ANOTHER GREAT ONE? — Fred Astaire and Barrie Chase prepare for 'Another Evening With Fred Astaire,' a television spectacular. His 1958 epic took nine Emmies. The date this year is Wednesday, Nov. 4.

Hollywood Headlines:

Astaire Refuses Scripts Making Him Chase Gals

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP)—Has Fred Astaire made his last film musical? He hints that may be so.

"No studio has come up with one for me, and I'm certainly not going to look for one," he remarked at his Beverly Hills home. "I don't know where one could be found, anyway. There just aren't any around.

THOMAS

"Besides, I don't know what I could do in one. I am certainly not going to chase any girls. I'm beyond the girl-chasing state, and I only did it in a couple of pictures, anyway. I just won't do a movie that calls for a romance.

"I'm not sure the public would accept me in a musical any more, because of the silly dwelling on age. It has gotten to the ridiculous point where every writer has to include it in his story. I think it's unfair. I never think about age and I don't see why they should make a big thing about it.

★ ★ ★

"You hear a commentator talking about a baseball player whom he describes as 'an aging 39.' But the commentator never admits that he is 56. There oughta be a rule."

★ ★ ★

O.K. So Astaire is a fantastically youthful 59; his interviewer is a decrepit 37.

If the lithe and limber Astaire art will be denied to movie audiences, it still will be visible on the home screens. There will be "Another Evening with Fred Astaire" on NBC Nov. 4.

Having captured a wagonload of Emmies for his last "Evening," he is constantly asked how he can top himself.

"I'm not trying to top myself," he said, "and I never have. I never look back, except to have an occasional regret. That's unavoidable, I'm afraid. I saw one of my pictures on television the other night—one I had made 20 years ago—and I thought at a couples of places, 'Gee, why didn't I do that differently.'"

Fred feels that nostalgia is a show business trap.

THOSE GOOD OLD DAYS

"Performers are always talking about the 'good old days,'" he scoffed. "The good old days weren't that good. With few exceptions, the movies today are much better done than they used to be.

"The same goes for the stage. I have never seen a better musical than 'My Fair Lady.' It's simply terrific. And there are many other modern shows that overshadow the oldtime productions."

★ ★ ★

While Fred seldom glances backward, he profits by his past experiences and uses that knowledge in his constant search for perfection. Once again he required 12 weeks rehearsal for his TV show. And though he is on camera for practically the whole show and sings many songs, he would permit no cue cards.

"I won't allow them on the stage," he said. "They make a performance look phony."

★ ★ ★

Astaire won't be missing from the theater screens. He is set to do the film version of the Broadway comedy, "The Pleasure of his Company," playing Debbie Reynolds' wayward father.

"I have no romance in the picture," he said. "That's why I agreed to do it."

Vanessa Brown to Wed Director in December

HOLLYWOOD (AP) — Actress Vanessa Brown and director Mark Sandrich Jr. announced Thursday they plan to marry the first week of December.

Each is 31. It will be Sandrich's first marriage. Miss Brown formerly was wed to Dr. Robert A. Franklyn, a Hollywood plastic surgeon.

Fuller Can't Stand Alone?

3 Others Help Hero

By VERNON SCOTT

HOLLYWOOD (UPI)—Cohero of a new western TV series is an engaging young man named Bob Fuller who appears in "Laramie" with three other coheroes.

In the early days of TV it took only one hero with a half-witted side-kick to handle the bad guys—E. G. "The Cisco Kid," "Wild Bill Hickok," "Gunsmoke."

★ ★ ★

Fuller looks and acts tough enough to massacre an entire tribe of Redskins single-handed, with perhaps some comedy relief from Mickey Rooney.

But with an hour-long show, a tight schedule, and the new fad for multiple heroes, televiewers will never learn just how good he is on his own.

He's an ex-stunt man who does many of his own falls and tricks, which is more than most horse opera heroes do.

WHEEL STEPS IN

Asked why he couldn't handle the heavies on his own, Bob—a soft-spoken, nice guy—didn't have a chance to answer. His producer, a big wheel named Dick Lewis, stepped in.

Lewis also bosses "Wagon Train" and "Riverboat" for NBC, both of which have more than one clean-cut, fearless good guy in the lead.

And it is Lewis who conceived "Laramie," constructing it as carefully as a Shakespearean tragedy, complete with all the Freudian, psychological and philosophical gimmicks possible.

When Lewis finished explaining the intricacies of the characters it made you feel that poor old Bob Fuller should have been playing "Hamlet."

"We try to balance out the cast to give our audience a rounded characterization," said Lewis.

"For instance, Bob here plays a wild, independent 'loner' type that appeals to the streak in all of us that rebels against society.

SUBSTANTIAL ELEMENT

"Then there's John Smith, the costar. He is a solid, dependable guy who represents the substantial element of any community. Torn between these two is little Robert Crawford, siding first with one, then the other.

"Hoagy Carmichael plays an older man who is a settling influence on he others. They all live together on the same ranch."

To the casual observer it might appear that this quartet of characters could use up the entire hour straightening out their personal differences while outlaws and sidewinders rustled the family cattle.

There's one compensation, when the action gets dull elsewhere, there'll always be something popping "back at the ranch."

Three New Polio Cases Bring State Total to 109

LANSING (UPI)—Three cases of paralytic polio were reported to the Health Department today, bringing the total number of cases since Jan. 1 to 109.

Two cases were reported in Oakland County and one in Detroit.

In the same week a year ago, 23 cases were reported and the figure for the year was 485.

Four Guard Airmen Found After Bail-Out

HOOD RIVER, Ore. (UPI) — A dramatic search near the slopes of Mt. Hood ended "miraculously" Friday when four National Guard airmen who ejected from their crippled fighter planes after a mid-air collision were found.

One of the F89H Scorpion fighters exploded after the two planes came together in a glancing blow while on a radar interception mission.

Gibson Freezer Firm Reports Record Backlog

GREENVILLE (UPI) — Gibson Refrigerator Co. President C. J. Gibson Jr., reports order backlogs at the highest level in the firm's 82-year history with production stepped up to meet the 1960 demand. Gibson ended its model year in September with a 78 per cent increase over the 1958 season.

Her Blindness Just Can't Prevent This Woman's Success

Confident Living

Does Well as She Can, Leaves the Rest to God

By NORMAN VINCENT PEALE

One night I was invited to a dinner party in San Francisco. My hostess was a charming Mexican woman and the dinner which she served was a Mexican dinner.

PEALE

I have had some very good meals in Mexico itself but I have never had a Mexican dinner like this one. There were 16 courses. They weren't large courses—but every course was delicious and different.

I soon learned that this woman was one of the world's great experts on Mexican food. She had owned a famous San Francisco restaurant; she had written a successful cookbook. She was a happy, bubbling personality and one of the most charming hostesses I ever met. And she had cooked all 16 courses of our dinner with her own hands.

Yet this woman, Elena Zelayeta, is totally blind!

The natural question to ask her was how she was able to cook. Her answer was quick. "Sightlessness doesn't make any difference," she said. "You cook by the sense of feel, the taste and the sense of smell. I have all three of them left."

Her story is a fascinating one. Blinded early in life, she was very much dependent on others. When she married, she transferred this dependence to her husband. Then, one evening, she was alone at home when her telephone rang. She groped her way to the instrument, picked it up and a voice told her, "Your husband has been killed in an accident!"

The blow seemed too great to bear. But, as she told me that evening, she struggled within her darkness and finally got hold of herself. She turned her thoughts to God. One day, in that terrible darkness, she says that she felt a great, enormous hand take hold of her and lift her up.

BECAME TRANSFORMED

From that day forward she became a transformed person. She traveled up and down the coast demonstrating her cooking secrets to big audiences, wrote books of inspiration, ran a packaging business as well as a restaurant.

I asked her that night just what the secret of her success was.

"I always act," she told me, "as if the impossible were possible all the time."

This woman's life is but one example of the power of positive thinking—a technique I have seen demonstrated over and over again in the lives of countless people to lead them to richer and fuller living. It is a technique based on two principles, both of them perfectly described by texts from the Bible.

One is from the 84th Psalm, "Blessed is the man who trusteth in thee." This means that the happy man is he who puts his trust in God, does the best he can with what God gives him and calmly dedicates the results to God.

The second principle for successful living is from the New Testament, "I can do all things through Christ which strengtheneth me." The simple meaning of this is what when you are strengthened by God, there is no limitation to what you can do with your life. This is the extra plus that gives power to personality and victory over difficulty.

October Loyalty Crusade to End

Sunday School Class Organized for Seniors, Post-High Young People

The October Loyalty Crusade at the Oakland Avenue United Presbyterian Church will end tomorrow with Bring-a-Friend Sunday. The Rev. Theodore R. Allebach will preach on "The Christ Patterned Life."

A new Sunday School class for high school seniors and post-high young people has been organized with Mrs. Theodore R. Allebach, the teacher.

★ ★ ★

"A Barrel of Good Things" will be the theme of the Pioneer youth group at 5:30 p.m. Sunday and "God's Medicine versus Black Magic" will be the Builder's topic.

Ernal Lloyd was chosen president of the newly organized Men's Chorus; R. G. Crites, vice president; Dick Wilton, secretary; and Jack Thomlinson, treasurer.

The first fall skating party is scheduled for 6:30 p.m. Monday at the University Skating Center on West Walton boulevard.

The Rev. Elgin Greene of Highland Park will be the instructor at the Boys' Brigade leadership training conference from 7 to 10 p.m. Sunday.

BRINGS FAMILY TO SUNDAY SCHOOL — Louise Bartle of 35 N. Ardmore St. is shown with neighbors she brought to Sunday School last Sunday for the Round-Up Attendance Contest at Emmanuel Baptist Church. The family, of 56 N. Ardmore St., includes Mr. and Mrs. Joseph Blaylock and children (from left) Allen, Marshall and Bethany with Mrs. Blaylock holding baby John. Other boys and girls brought 41 visitors. The contest, which started on Sept. 20, will continue through Nov. 8. Dr. Tom Malone is pastor and Eugene Goff, Sunday School superintendent.

Pontiac Press Photo

Reformation to Be Observed

Senior High Members Participating in Debate at First Presbyterian

Reformation Sunday will be observed tomorrow at First Presbyterian Church with Dr. William H. Marbach, pastor, preaching on "Our Heritage and Our Task" at the 9:30 morning service.

★ ★ ★

"Protestant Perils and Prospects" will be the theme of the Rev. Galen E. Hershey, associate pastor, at 11 a.m.

The congregation will join other Protestant churches in the special Reformation Day service being sponsored by the Pontiac Pastors Association at 7:30 p.m. in the First Baptist Church.

★ ★ ★

Participating in the Junior High Pioneer program at 5:30 p.m. will be April Davis, Susan Hales and Elizabeth Grimes.

Senior High Tuxis members will meet at the same time for a debate. Taking part will be Roger Riley, David Monthorn, Christine Bos, Linda Brooks, Ruth Ann Hoffman, Carol Nicholie, Diane and Judy Hillman.

At 7:30 p.m. Monday, the Synod development program will be presented to representatives from six neighboring Presbyterian churches.

★ ★ ★

Sunday School teachers and workers will meet for a staff session and the board of deacons will meet to sort and pack clothing for needy people overseas Tuesday evening.

New Members to Be Received

Churchmanship School Closes Monday Evening at First Methodist

The Rev. Paul T. Hart, pastor, and the Rev. Harry J. Lord, associate pastor, will receive new members into the fellowship of First Methodist Church at the Sunday morning service.

"The Master's Touch" will be the topic of the pastor's sermon.

Mrs. Norman J. Legge will sing "O Savior Hear Me" by Gluck for the offertory solo and the Sanctuary Choir will be heard in "Praise Ye the Lord."

The final session of the School of Churchmanship of area Methodist Churches will be held at 7:30 p.m. Monday.

Conducting the study class of the Woman's Society of Christian Service Wednesday morning will be Mrs. Fred Manes. The study subject is "The Role of the United Nations in World Affairs."

The Intermediate Group of Methodist Youth Fellowship will make house-to-house calls and return to the church with collections for UNICEF Thursday evening.

Only four illnesses — heart disease, cancer, cerebral hemorrhage and nephritis — take a greater toll of life today than accidents.

Tomorrow Is Reformation Sunday

The 442nd anniversary of the day Martin Luther nailed his 95 theses to the door of Wittenburg Cathedral will be observed in Protestant churches throughout the country on Reformation Sunday, tomorrow.

DR. RAYMOND I. LINDQUIST

Sponsored annually by the National Council of Churches, the service this year will follow an order first used in the German city of Strasbourg in 1537.

John Calvin introduced the service in Geneva in 1542, and after 1560, it was used in Scotland by John Knox.

Across the country, Christians from many denominations will gather in citywide meetings organized and sponsored through state and local counciled churches.

The Pontiac Pastors' Association will sponsor the "Protestant Reformation Festial" at 7:30 p.m. Sunday in the First Baptist Church.

FROM HOLLYWOOD

Coming from Hollywood, Calif., to speak is the Rev. Dr. Raymond I. Lindquist, minister of the First Presbyterian Church.

Dr. Lindquist studied law at Columbia University and was graduated from Princeton Seminary and University. He has received honoray degrees from Cumberland University and Bloomfield College.

President of the Board of National Missions in the United Presbyterian Church in the USA, he is a trustee of Princeton Seminary, director of The Presbyterian Minister's Fund, a trustee of Presbyterian Hospital in Hollywood and a member of Rotary Club No. 5 in Los Angeles.

Seventy-nine young people of his church are preparing for the ministry in missionary and Christian education fields.

At the Sunday evening meeting the Rev. Lenworth R. Miner of Macedonia Baptist Church will give the invocation.

Dr. H. H. Savage, pastor of First Baptist, will make announcements and give the offertory prayer.

Presiding and giving a short talk on "Our Heritage" will be Dr. Milton H. Bank, minister at Central Methodist Church and chairman of the special service committee of the Pastors' Association.

★ ★ ★

The Rev. Myron E. Everett of the Baldwin Evangelical Church, president of the Pontiac Pastors' Association, will read the scripture lesson and offer prayer.

Presenting Dr. Lindquist will be Dr. William H. Marbach of the First Presbyterian Church.

E. Kyle Wilson, youth director and minister of music at the host church, will direct the First Baptist Choir in two anthems.

Dr. Marbach will give the closing prayer.

Lutheran Church Rally at Pontiac Northern High

Lutheran churches of the Missouri Synod will begin the Christian Evangelism Endeavor in the Pontiac area with a rally at 3:30 p.m. Sunday in Pontiac Northern High School.

The Rev. Louis Grother, of Zion Lutheran Church in Kalamazoo will preach, and the Rev. Walter Gerken of St. John's Lutheran Church, Rochester, will serve as liturgist.

The Cherub, children's and adult choirs of the St. John Church will sing.

The rally is the "kickoff" of Lutheran Open House Week, scheduled Nov. 1 through 5.

"The open house is not a membership drive, said the Rev. Ralph C. Claus of St. Trinity Lutheran Church.

"Its purpose is to strengthen the Christian convictions of Lutherans in order to equip them to do Christian evangelism every day, and to bring the unchurched under the influence of the Gospel."

New Methodist Program Will Help the Deaf

The Methodist Board of Missions is launching a program to serve a handicapped group of Americans —the deaf.

The "Ministry to the Deaf" program will collect information on the needs of the deaf, helping local churches establish facilities for ministering to them, and recruiting and training ministers and laymen to work in this field.

The project will be a part of the national office of Goodwill Industries, Inc., in Washington, D.C. Goodwill Industries is a Methodist program for employing and rehabilitating the physically handicapped and emotionally disturbed.

Those selected under the program will be trained at Gallaudet College in Washington, the nation's only college especially for the deaf, and through the Federal Office for Vocational Rehabilitation.

Wants to Help Africans Learn

Specialist Goes Abroad for 2 Months in Order to Make Survey

The Rev. William F. Fore of New York and Cresskill, N. J., a specialist in mass communications for the Methodist Church, is en route overseas on a two-month assignment to develop a mass communications and audio-visual program for Methodist missionary work in Africa.

★ ★ ★

Mr. Fore's trip will take him to Angola, Mozambique, Southern Rhodesia, the Belgian Congo and the Union of South Africa.

He will survey and discuss the needs for mass media and audio-visual facilities, including radio, television, motion pictures, filmstrips, mobile units, recordings, flannelgraphs and picture sets.

He also will study ways in which the church can do a more effective job in reaching non-Christians through the mass media.

In several places, Mr. Fore will meet representatives of other denominational and of national Christian councils.

He represents not only the Methodist Board of Missions, but also the interdenominational communications agency, RAVEMCCO (Radio, Visual Education and Mass Communications Commission of the National Council of Churches).

★ ★ ★

On behalf of RAVEMCCO, he will visit Nigeria and Kenya, where the Methodist Church as such has no mission work.

Ortonville Baptist Church Preparing for New Era

ORTONVILLE — The Ortonville Baptist Church will observe two special events on Sunday, according to the Rev. Roy F. Botruff, church pastor.

First it will mark the last day of a series of meetings conducted by Evangelist Charles E. Boren, and second, it will be the last time the congregation will meet in the building used for services for nearly 100 years.

A landmark since its erection in 1861, it will be torn down to make room for larger quarters, the Rev. Botruff said.

After morning worship the congregation will assemble for groundbreaking ceremonies at 1 p. m. on the same site.

The last service in the present building, at 7:45 p. m., will conclude with baptism rites.

★ ★ ★

During construction the congregation will worship in public school buildings a block away. The edifice is due for completion by early spring.

Carillon Concert at Christ Church

Julia Hollyer of Detroit will present the carillon recital at 4 p.m. Sunday at Christ Church Cranbrook.

★ ★ ★

Miss Hollyer is a former pupil of Percival Price, carillonneur at the University of Michigan.

★ ★ ★

The semiannual rummage sale is scheduled for Thursday with doors open at 9 a.m.

St. Stephen Starting Building Fund Drive

Frank Quackenboss and William Heaton will be cochairmen of the building fund drive in November for St. Stephen Episcopal Church.

Starting two years ago as a mission of Christ Church Cranbrook, services are currently being held in Eastover School at Adams and Westview roads. Guiding the congregation will be Dr. Burton Levering, former rector of All Saints Episcopal Church of Detroit.

Suggests Matchmaking

CHICAGO (AP) — Parents could cut America's high divorce rate if they'd take a lesson from India, and help their children choose mates, says Dr. Marine Finger Bale. The Methodist missionary-educator has spent the last five years in India, where matches are made by parents and divorce is almost unknown.

Parading Robed Judges Seek Blessing of God

A recent procession of robed judges marching slowly to church startled homegoing throngs in New York's Wall Street.

★ ★ ★

The occasion was the fourth annual service for the blessing of God upon the courts of justice, sponsored jointly by the Church Club and the Protestant Council of the City of New York.

★ ★ ★

Simplicity marked the service, in contrast to its British precedent when for many years it was held in Westminster Abbey. In New York, the scene was famous Trinity Episcopal Church, standing quietly in its churchyard at the bottom of New York's commercial canyons.

★ ★ ★

In his address to the judges and members of the Bar and Bench of the city, Whitney North Seymour, president-elect of the American Bar Association, called for a stronger spirit of brotherhood through which Bar and Bench can work together.

"Outmoded procedures must be changed and inefficient judicial machinery modernized as justice must not be shackled by old fetters in our more hurried age," he declared.

Mr. Seymour asked God's blessing on the efforts of those in the legal profession, here and abroad, who seek to bring domestic and international affairs within the rule of law.

The Rt. Rev. Charles F. Boynton, Suffragan Bishop of the Episcopal Diocese of New York, presided at the service at which two prominent city judges read Scripture lessons.

"COMMON RELIGIOUS ERRORS NOT ENDORSED BY THE BIBLE"
Roosevelt Wells
It is said of Jesus that he did always those things that pleased God. Jno. 8:29. Surely if we are to be imitators of Jesus we also must at all times in every way, "do those things that please God." Is it unreasonable to strive to please the God who created us or to obey Him from whom all blessings flow? I think not. We should obey Him as it pertains to faith, repentence, baptism and as it pertains to living, "holy, righteously, and Godly in this present world." Tit. 2:12b. All of God's commands should be respected and obeyed whether it is in prayer, teaching, giving, communion or music. In the latter I am persuaded that many fall short of pleasing and obeying God with respect to worship.
There are two types of music, vocal and instrumental, which kind should we USE IN THE WORSHIP OF THE CHURCH? WHICH KIND DID THE CHURCH OF THE FIRST CENTURY USE? The answer to these questions do not depend upon what we like or what may please us and the majority but what pleases God. I believe the answer to the question WHAT PLEASES GOD IS FOUND IN THE WORD OF GOD THE BIBLE. In answering the question candidly I think we should remember that we are commanded to worship God. Matt. 4:10. Jesus says, "THOU SHALL WORSHIP THE LORD THY GOD--". In view of this the question arises HOW should we worship God? Jesus says, "THEY THAT WORSHIP HIM MUST WORSHIP HIM IN SPIRIT AND IN TRUTH." Jno. 4:24. To worship God in truth is to worship God as the Word of God directs. Jno. 17:17. Thy word is truth. QUESTION: DOES THE WORD OF GOD DIRECT OR DEMAND THE USE OF MECHANICAL INSTRUMENTAL MUSIC IN CHRISTIAN WORSHIP? ADMITTEDLY I HAVE NEVER READ IT. HAVE YOU? A few questions are in order here to those who use it.
1. Did Christ ever command it?
2. Did the Holy Spirit ever command it?
3. Did the apostles ever use it?
4. Does the apostles' doctrine include it?
5. It is ever mentioned in the New Testament as being used in the worship of the church.
I once heard a priest state in his sermon that all CHURCHES USED MECHANICAL INSTRUMENTAL MUSIC IN ITS WORSHIP TO GOD. I am happy to reply that he greatly errored, for the church revealed to us in the Bible IS NOT SAID TO HAVE USED SUCH IN ITS WORSHIP. I raise the question WHY DO CHURCHES USE IT TODAY? It is not because they have gone BEYOND THE TEACHINGS OF THE NEW TESTAMENT? Paul says, "THAT IN US YE MIGHT LEARN NOT TO GO BEYOND THE THINGS WHICH ARE WRITTEN--" 1 Cor. 4:6. BELIEVETH THOU THIS?

King of Jordan Tells Gratitude

U. S. Churches Gave Help to Starving Arab Refugees and Bedouins

Thanks for the aid given by American churches to refugees and Bedouins in Jordan was expressed this month by 24-year-old King Hussein.

★ ★ ★

In Amman, the king told Dr. A. Russell Stevenson that a recent gift of sheep by Church World Service to Bedouin tribes has been most welcome as the nomads are still suffering from last year's drought and crop failure. Sheep are their main source of livelihood.

Director of the Overseas Program of Church World Service, Dr. Stevenson is inspecting refugee relief programs in Jordan, Lebanon, Syria, Gaza and Egypt.

Accompanying him on the visit with King Hussein were Labib Nasir and A. Willard Jones, officers of the Near East Christian Council's Committee for Refugee Work.

★ ★ ★

"The current CWS program," Dr. Stevenson told the king, "benefits more than a half million Arab refugees as well as other needy people such as the Bedouin tribes and villagers living along the Jordan-Israeli frontier."

Stating that the most needy Bedouins are those of the Azazmah tribe in East Jordan, Dr. Stevenson said they need food, tents, medical aid and livestock.

In addition to the delivery of the sheep through an emergency grant from Church World Service, Dr. Stevenson announced that food and more livestock are being provided by the Near East Christian Council.

★ ★ ★

Thirty-five church bodies and agencies cooperate through Church World Service, a central department of the National Council of Churches, to bring food, clothing, medical supplies and other needs to the world's dispossessed.

Service Group Will Displace Unitarian Clerics

Thirteen Unitarian ministers of the Detroit-Pontiac area will step down from their pulpits Sunday to make room for board and staff members of the Unitarian Service Committee in Detroit for its annual board meetings.

★ ★ ★

The committee became a separate entity in 1948 but has continued to enjoy a close tie with its parent organization, the American Unitarian Association.

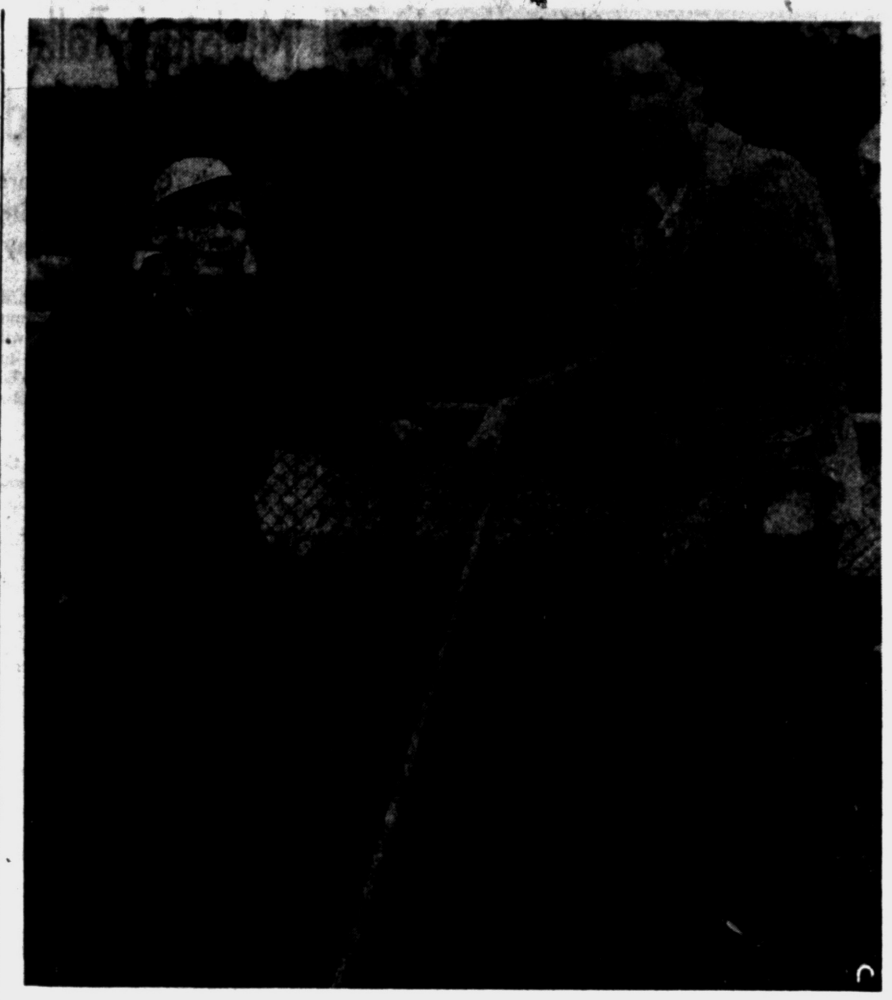
Established in 1940 to aid refugees from Nazi Germany, the USC has kept pace with changing times. From Korea to Cambodia, from Peru to Nigeria, across the globe, USC projects in fields of medicine, social work, education and community development have been guided by their inherent philosophy of helping people to help themselves.

★ ★ ★

The USC, a non-profit, non-sectarian social service agency supported by people of all faiths, also sponsors programs in America.

Bishop Oxnam Honored

Methodist Bishop G. Bromley Oxnam of Washington, D.C. was honored this month when he received the 1959 Upper Room Citation award for outstanding contributions to world Christian fellowship. Long a leader in the National Council of Churches, Bishop Oxnam also served as one of the first presidents of the World Council.



Pontiac Press Photo

WORKING FOR YOUTH CENTERS—Raking leaves and cleaning flower beds Saturday were Gary Chambers (left) of 153 S. Sanford St. and Eugene Hargett of Orchard Lake. Members of the youth group at the First Church of God on S. East boulevard, the boys met with other boys and girls at 8 a.m. for worship. At 9 a.m. the group went out to wash windows, clean yards, iron, wash and hang storm windows. During the evening banquet, workers gave reports of earnings, which will be given to a youth center in Cairo, Egypt, and the West Indies Bible Institute in Trinidad. The project was sponsored nationally by the denominaton.

Collect Coins on Halloween

Many youngsters in the Pontiac area wearing orange and black tags or arm bands will be collecting pennies, nickels, dimes and quarters again this year for UNICEF for the welfare of children all over the world.

★ ★ ★

Boys and girls will observe Halloween by ringing doorbells and carrying cartons marked with the name, "United Nations Children's Fund."

A night once associated with vandalism and destruction has become a night devoted to the millions of children who are hungry and ill in many parts of the world.

"Trick or treat" pennies go to some 100 countries where a glass of milk is a real holiday treat.

Just returned from a trip to Africa, Mrs. Margaret Bender of the Woman's Division of Christian Service wrote, "I saw UNICEF equipped hospitals for tuberculosis in Thailand and I saw UNICEF mobile leprosy clinics up country there.

★ ★ ★

"UNICEF workers in Africa are teaching relatives of motherless children how to use powdered milk and mashed bananas to provide nourishing food for babies," she wrote.

Among churches sponsoring UNICEF is Central Methodist whose junior groups will be ringing doorbells both Thursday and Friday nights.

Heading the youth group collecting at First Methodist Church will be the officers, Douglas Hart, president; Diane Olson, vice president; and Jim Murphy, secretary and treasurer.

Boys and girls will bring the trick or treat for UNICEF to the church at 6:15 p.m. on Nov. 1 to turn over collections and have a party.

★ ★ ★

Sponsoring the group are Mrs. Jack Gilbert, Mrs. William Beale, Mrs. D. G. Jacobson and Gary Knaus.

This will be the fifth year boys and girls of the Orchard Lake Community Church, Presbyterian, have participated in the project.

Wearing orange and black tags, the group will be sponsored by leaders, Gail Fuller, Betty Fuller, Nancy Clark, Marjory Ashby, Johnna McDonald and Mary Sarto.

★ ★ ★

A government requesting UNICEF aid must know why it needs it and be willing to match the amount contributed by UNICEF with staff, salaries, or other resources from its own budget.

Trinity Celebrates 41st Anniversary

The congregation of Trinity Baptist Church will celebrate the 41st anniversary of its founding at the 11 a.m. service Sunday.

★ ★ ★

The Rev. Ford B. Reed, pastor of New Hope Baptist Church, was the first pastor of Trinity.

Following the sermon by the Rev. Joseph W. Moore, presentations will be made to charter members. A cooperative dinner will be served after the morning service.

★ ★ ★

The Rev. J. Allen Parker of the Newman AME Church and his congregation will be in charge of the union service at 7:30 p.m.

★ ★ ★

H. H. Latimore and Mrs. Sadie G. Williams are co-chairmen of the anniversary committee; Mrs. S. J. Washington and Mrs. Elizabeth Wood, secretaries; and R. L. Carson, treasurer.

Conferences Set at Bethany

Members of Church, Community Welcome to Bible Study Tuesday

Coming to Bethany Baptist Church Monday and Tuesday for a series of conferences will be the Rev. Dr. Thornwald W. Bender, professor of philosophy of religion and theology at the Eastern Baptist Seminary in Philadelphia.

★ ★ ★

Meetings will be held at 7:30 p.m. in the lower auditorium. All members of the church and community are invited to the Bible Study Tuesday evening.

★ ★ ★

Dr. Bender received his training at the Illinois Institute of Technology, University of Wisconsin and Sioux Falls College.

He completed his residence at Western Reserve University for the doctorate of philosophy and holds a doctor of theology degree from Northern Baptist Seminary in Chicago.

★ ★ ★

Marvel Wolfe and Joel Snyder will assist Dr. Joseph I. Chapman at the morning services Sunday.

The regular adult forum and evening vesper services will be omitted tomorrow so that members may attend the Reformation Festival at 7:30 p.m. at the First Baptist Church.

★ ★ ★

At a recent business meeting of the church, members voted to hire a trained psychiatric social worker to assist in a professional counseling service. Appointments will be made through the pastor or church office.

Jehovah's Witnesses to Show Color Film

An educational movie in color, "The Happiness of the New World Society," will be shown at 7:30 p.m. Wednesday in Kingdom Hall, 4400 W. Walton Blvd.

It will also be shown at the same time Thursday evening at Kingdom Hall, 600 E. Pike St.

"The hour-long film depicts scenes from the world assemblies many questions about the work of Jehovah's Witnesses and answers many questions about the work throughout the world," said A. J. Kinzer, presiding minister of the East Congregation.

Peter D'Mura will be here from Brooklyn headquarters to narrate for both showings. The film will be presented free of charge with no collections.

The 1,930-mile Pony Express between Sacramento, Calif., and St. Joseph, Mo., was started on April 3, 1860, employed 80 riders, 420 horses, 190 relay stations and ceased operations after 18 months.

Perry Street Church
Young people of the Flint-Detroit area Churches of Christ will hold a youth rally at the Perry Street Church of Christ at 3 p. m. Sunday.
The young men and women will also have charge of the 6 p. m. service with a student from North Central Christian College bringing the message.

Anniversary to Be Observed

Christ Lutheran to Give Special Recognition to Charter Members

Christ Lutheran Church will observe its 15th anniversary at the 11 a.m. worship service Sunday with special recognition given to charter members and highlights of its history reviewed.

Under the direction of Mrs. John Wiley, the four choirs will sing "Christ Is Made the Sure Foundation."

★ ★ ★

"Checking Our Sights" will be the sermon topic of the Rev. Arvid Anderson, pastor.

Christ Lutheran was organized on Oct. 23, 1944 with a membership of 50. The Rev. Philip Jordan was the first full-time pastor.

Under his leadership the first unit of the church was constructed in 1948. Since 1950 the Rev. Anderson has been with the congragation. In 1956 the church unit was completed and in 1958 a new parsonage on Ardreth street was purchased.

Recently property adjacent to the present grounds has been purchased for additional parking and development.

Rev. B. A. Bohn to Give Farewell at Crescent Hills

The Rev. Benjamin A. Bohn, pastor of the Crescent Hills Baptist Church, will preach his farewell sermon at the 10 a.m. worship service Sunday.

With his wife, he will leave next week to take up his pastorate duties at Trinity Baptist Church in Council Bluffs, Iowa.

A farewell reception will be held by the congregation for the Rev. and Mrs. Bohn at 4 p.m. at the Monteith School where services are currently being held.

A musical program has been arranged with neighboring churches participating. Friends of the Bohns are invited to the reception.

Church Gets $157,000

KANSAS CITY, Mo. (UP) — The Church of the Nazarene disclosed it has been willed a total of $157,000 by the late Grant Miner, a wealthy Rantoul, Ill., farmer who died in 1957. It is the largest single gift the church ever received from an American's estate.

Phillip Steinhaus to Give Organ Recital Sunday

The 1959-60 series of monthly organ recitals will again be held at All Saints' Church. The first program, devoted to the works of masters before the time of Bach, will be played by Phillip Steinhaus at 5 p.m., Sunday, October 25.

★ ★ ★

Mr. Steinhuas, who is in his sixth season as organist-choirmaster of All Saints', has earned for himself the reputation of a "musician and performer of rare and welcome talent."

His interest in the problems of performing early music brought him critical acclaim as "nothing less than a master."

The following compositions will be played: "Grand Jeu" by DuMage, "Pange Lingua" by DeGrigny, and "Suite du deuxieme ton" by Clerambault.

★ ★ ★

Others will be "Psalmus: Da Jesus an dem Kreuze standt" by Scheidt, "Mein junges Leben hat ein End" by Swelinck and "Prelude and Fugue in F-sharp minor" by Buxtehude. The recital is open to the public.

Pastor Names Topics

The Rev. Gerald W. Gibson will preach on "Where Would You Sit" at the 11 a.m. worship service Sunday at the Central Christian Church. "The Ideal Church" will be the topic of his evening sermon at 7 p.m.

REV. LESTER IKE

Missionaries Slated Sunday

Congregation to Hear Talks on Africa, Japan at Stringham Church

The Rev. Lester Ike, missionary to Japan with the Oriental Mission Society in Tokyo, will speak at the 11 a.m. service Sunday in the Stringham United Missionary Church, 4060 Elizabeth Lake Rd.

★ ★ ★

In 1954, the Rev. and Mrs. Ike went to Japan where they instructed Japanese university students in English and the Bible. Field treasurer of the society, he also served as field superintendent and chairman of the Japan Sunday School Union.

He received his training at Missionary Training School in St. Paul, Asbury College in Kentucky and Bethel College in Indiana.

The Rev. Virgil Pollock, missionary on furlough from Nigeria, West Africa, will show pictures at 7:30 p.m.

During his 12 years in Nigeria he has assisted and supervised the construction of a hospital, numerous mission houses, a mission station and a college.

★ ★ ★

Mrs. Pollock told of her medical dispensary work and of translating Scripture and hymns into the unwritten Bariba language, at the Friday night service.

Jesuits' New Novitiate to Be Dedicated Sunday

SPRINGFIELD TOWNSHIP—Colombiere College, the Jesuits new novitiate on Big Lake road, will be dedicated Sunday by the Most Rev. John F. Dearden, archbishop of the Detroit Diocese.

A High Mass of Celebration will be offered by the Rev. John A. McGrail, head of the Detroit Province of the Society of Jesus (Jesuits).

He will be assisted by the Rev. Denis E. Schmitt, president of the Jesuits' University of Detroit High School. Preaching the sermon will be the Rev. William Schmidt, head of the Jesuits' Chicago Province.

After the dedication ceremonies, the college will be open to the public from 2 to 4:30 p.m. The seminary is located about 3½ miles northwest of Waterford on Big Lake road, one-half mile off of U.S. 10.

"This event marks the climax of two years of construction and four years since the college's building fund program was initiated," said the Rev. Ara F. Walker, president of Colombiere.

ON 400-ACRE SITE

The four million dollar seminary rises four stories above a rolling 400-acre site here.

It began training young men for the priesthood as Jesuit fathers last February when the first 25 novices moved in from the Chicago Province novitiate at Milford, Ohio.

★ ★ ★

With the arrival of new applicants last month, the enrollment at Colombiere now numbers 75 scholastics. The college has accommodations for 200. At present there are 13 priests and 31 brothers on the teaching staff.

★ ★ ★

The college is named in honor of Blessed Claude Colombiere, Jesuit priest (1641-1682), who was spiritual advisor to St. Margaret Mary Alacoque.

Pastor From Kentucky to Preach at Alliance

The Rev. C. A. Epperson of Louisville, Ky., will preach at the revival meetings Sunday through Nov. 1 at the Alliance Church, M59 at Cass Lake road.

Song leader will be the Rev. S. A. Farinel, pastor of the Christian and Missionary Alliance Church in Clawson.

Minister's Talk to Be Illustrated

Cherub Choir Mothers to Be Honored With Reception Wednesday

The Rev. Edward D. Auchard, pastor of Orchard Lake Community Church, Presbyterian, will present an illustrated sermon tomorrow entitled "This Is Our Church" at the 9 and 11 a.m. services.

★ ★ ★

Karen Farley, a senior at the West Bloomfield High School and a member of the Orchard Lake church, provided the art work to be used in the service.

★ ★ ★

Tryouts for the Cherub Choir for four, five and six-year-old children are scheduled for 4 p.m. Monday. A reception for mothers of the choir will be given from 4 to 5 p.m. Wednesday. Mrs. William J. David is choir director and Mrs. Hazel Drake, organist.

★ ★ ★

Every member canvass workers from the Orchard Lake Church will attend the training session sponsored by the presbytery of Detroit at First Presbyterian Church Monday evening.

★ ★ ★

The Council of Men will see the film, "The Secret of the Gift," at the Wednesday evening session.

Pastor Starts Membership Class for Youth

The Rev. F. William Palmer will start a communicant's class for boys and girls during the Sunday School hour at 10 a.m. Sunday, at the United Presbyterian Church of Auburn Heights.

At the 11:15 morning service the junior and junior high choirs under the direction of Mrs. Milton Patrick will assist the pastor in the call to worship.

Youth Fellowship Sunday evening meetings have been canceled so young people may attend the Reformation service at 7:30 p.m. in the First Baptist Church.

Men and women of the congregation who will conduct the Every Member Canvass will meet with others of the Pontiac area to receive instructions Monday at the First Presbyterian Church.

The pastor will attend the Eastern district officers' training course at First Presbyterian Wednesday, Thursday and Friday.

Usher Board Observing Anniversary Sunday

Usher Board No. 1 of Macedonia Baptist Church will observe its 19th anniversary with a service at 3:30 p.m. Sunday. Guests featured on the program will be Miller Tyler and the Spiritual Aires, a quartet from Detroit.

Scholarship Doubled

NEW YORK (UP) — The National Lutheran Council has doubled its scholarship program for students from Tanganyika in British East Africa to study abroad. Grants totaling $40,000 will go for this purpose in 1960.

Flint Northern Has Advantage of PCH Miscues

Penalty Nullifies TD for Chiefs in Valley Football Clash

By BILL CORNWELL

FLINT — Costly mistakes, long-time bugaboos for Pontiac Central football teams in the Saginaw Valley Conference, backfired into another league defeat here Friday night.

The Chiefs lost the ball four times on fumbles and twice gave up possession through pass interceptions while dropping a 19-0 decision to alert Flint Northern in cavernous Atwood Stadium before 3,056 spectators.

Coach Jesse MacLeay's PCH warriors outplayed Northern during a scoreless 1st half and punched across the goal line for a touchdown in the 2nd quarter, only to see their scoring efforts wiped out by an offside penalty.

★ ★ ★

Then the Vikings parlayed a fumble, pass interception and a punt that never came off into three 2nd half touchdowns to win going away.

Central's lack of depth asserted itself in the 4th period as the Chiefs were visibly tired. This factor, in addition to the breaks that went against them, spelled curtains in the long run.

★ ★ ★

Northern, pre-season favorite to win the Valley crown, now stands 2-0 in the SVC and 4-2 altogether. The loss was Central's 2nd in the league and leaves the overall season record at 4-2.

The Vikings broke the scoreless deadlock midway through the 3rd quarter on a two-yard plunge by fullback Arnold Smiley and cashed in twice in the 4th stanza on end sweeps by fullback J. B. Elzy and Jim Hodo, fleet-footed halfback.

The 1st half was a battle of breaks with both teams having their chances to hit pay dirt and neither capitalizing.

★ ★ ★

Pontiac recovered a fumble on the Flint 35 on the 1st play of the contest, but yielded control on an intercepted aerial on the Viking 10.

The Chiefs made their big scoring threat early in the 2nd quarter. They took possession of the pigskin on their own 11 following a Viking punt and moved to the enemy three in four plays.

Halfback Dick McCauley broke through the middle on the 4th play of the drive and rambled 66 yards before he was caught from behind on the three. After McCauley picked up a yard, halfback Isaac Jones slanted off the right side for a TD, but PCH was detected offside on the play and penalized back to the seven.

Quarterback Fred Staley fumbled on the next play and the Vikings pounced on it on the eight to snuff the touchdown bid. PCH never seriously threatened again.

★ ★ ★

The fact that what might have been a one-touchdown halftime lead for Central was instead a 0-0 tie seemed to take some starch out of the Chiefs and put new life into Northern as the Vikings took charge after intermission.

Central's final move of any kind came on the 2nd half kickoff. The Chiefs took the boot and after pushing to one 1st down at midfield, lost the ball on a fumble. McCauley fumbled on the Flint 47 where Smiley scooped up the pigskin and lugged it to the PCH 33.

The Chiefs were stubborn, but Flint scored in nine plays. Second string quarterback Jerry Wright set up the TD with a 17-yard dash around end to the three. Three plays later Smiley knifed over tackle from the two and Northern led, 6-0.

Midway through the 4th period a bad pass from center soared over Ken Dextrom's head as he stood in deep punt formation on 4th down. Dextrom was tackled on the PCH 21 and Northern gained control.

★ ★ ★

The Vikings tallied on the 2nd play as Elzy skipped into the end zone on a 16-yard run. Wright placekicked the extra point to make the score 13-0.

★ ★ ★

Northern had its 3rd and last TD about two minutes later. Elzy intercepted a Staley pass and raced to the PCH 40. Four plays later the fleet Hodo galloped 29 yards for the counter.

Long Runs Win for Utica, 52-0

The muddy field didn't bother Utica's long gaining runners last night as the Chieftains routed Fraser, 52-0.

Jim Rooney, a 155 pound senior halfback went 50,45,65 and 58 yards for touchdowns. Bob Arft went 10 and 20 yards, and Dave Craft went 2 and 65 yards for the other Utica scores.

The points were added by Rooney, Ted Jersey twice, Ben Holland and Dave Schwark, as Utica led 33-0 at halftime.

PNH, Walled Lake Win and Wait; Waterford Nips Berkley, 19-18

Pontiac Press Photo

SPIRIT NOT DAMPENED—Rain didn't dampen the spirit of these Pontiac Northern fans at Wisner Stadium, because the Huskies came through with a 19-13 victory over Southfield in an Inter-Lakes Conference game. Despite the rain, the homecoming activities continued and 2,000 loyal Pontiac Northern rooters sat through it all and cheered the Huskies the win. It was Pontiac Northern's 4th victory in six games with next week's encounter at Walled Lake as the big game for the Inter-Lakes title.

Berkley Scores Last Ditch TD but No Point

Skippers Stop Attempt for Trying Plunge in Thrilling Finale

By DICK BUCK

It started slowly, but what a finish.

That was the story of Waterford High's 19-18 Homecoming victory over a roaring Berkley team last night.

The visiting Bears had a chance to tie the game after the final gun had sounded following a touchdown in the last second by halfback Ron Stritmatter.

Quarterback Doug Doney tried to run for the tying point but was stopped short of the goal line and the drenched Skipper rooters went home happy.

★ ★ ★

Berkley overwhelmed Waterford in the statistics tally, but the score was what mattered. An extra point run by Bill Bryce made all the difference, statistics or not.

Waterford had its hands on the ball only three times in the second half, but scored on two of those occasions after a 6-6 deadlock at halftime.

The hosts turned Berkley fumbles into scores, moving 23 and 55 yards for the second-half tallies.

★ ★ ★

It took the winners five plays to go ahead 12-6 early in the third quarter after Noel Rise recovered a Berkley bobble on the 23. Bryce swept left end from the seven for that TD.

Twenty-five yards in penalties couldn't stop the Bears as they marched 69 yards in 15 plays for the equalizer. Stritmatter barrelled in from the five with 2½ minutes left in the third quarter.

With a steady first-half downpour gone, the visitors used passing to good advantage on this drive. Quarterback Doug Doney tossed 18 yards to end Eric Gentile and 27 to Stritmatter.

Waterford drove to what proved to be the winning touchdown after Don Gibson snagged a Berkley fumble on the Skippers' 45.

Coach Dave Freeman shuffled his backfield, dropping Bryce into a halfback slot and installing inexperienced Tom Goff at quarterback.

Goff moved the squad down to the six, but the Skippers seemed dead after a 15-yard penalty and two running losses pushed them back to the 25 with fourth down.

Bryce then returned to the signal-calling post and arced a pass to Harry Savas in the end zone. The eventually decisive extra point followed.

★ ★ ★

Running by Bryce, Jim Hoke and Mike Kaines propelled the march which consumed over six minutes and left the Bears four minutes and one second to strike back.

They used up every second of that time to notch their third touchdown, moving 90 yards after a penalty set them back to their 10 following the kickoff.

A key play was a fourth and 10 gamble on their own 21. Bread and butter man Stritmatter came through once more, powering to a first down on the 32.

From there Doney stuck mainly to the aerial route, tossing nine and 21 yards to Gentile, 14 to Stritmatter and six more to Gentile, down to the seven.

Stritmatter dove in from the two as the clock ticked to 0:00. Berkley's extra point heartbreak followed.

Rain kept things pretty even in the first half, with both touchdowns set up by breaks.

Leeman went over from the six to cap a 30-yard Berkley effort after a Waterford fumble, early in the second quarter.

An eight-yard punt, to the Berkley 23, gave the Skippers the even-up counter with 40 seconds left in the half. Bryce dove in from the one.

Waterford is now 3-3 on the season mark, while Berkley has won once and lost five times.

BOB CHRISTIAN

Oakland County's leading scorer is Walled Lake's 165 pound senior halfback who yesterday scored all 12 points as the Vikings clinched a tie for the Inter-Lakes title by downing Farmington.

Viking 11 Sure of Tie for Crown

Turning two big breaks into touchowns, Walled Lake clinched at least a share of the Inter-Lakes League championship by tripping defending titlist Farmington 12-6 last night before a drenched but happy homecoming crowd.

It was the 4th straight loop triumph for the Vikings with strong contender Pontiac Northern remaining the last roadblock to outright crown.

A pair of 12-yard scampers by Oakland County scoring leader Bob Christian accounted for the victors' points.

His 1st dash to paydirt followed a bad pass from center by Farmington on 4th down in the 2nd period. Walled Lake got the ball at the 15 and covered the distance in two plays. A blocked punt by John Van Sicklen later set the stage for a drive of 45 yards in six plays.

★ ★ ★

A spectacular play gave Farmington a tie in the 3rd quarter. With a 3rd down and 26 situation, Harvey Chapman heaved a long pass and Ron Rader made a sensational catch to complete a 45-yard play.

The Falcons, who fumbled the ball away on a 1st period drive, could do little in the final 12 minutes when Walled Lake wrapped up the verdict.

Penalties stalled some other Viking scoring chances. The home team was playing without the services of two starting linemen.

Huskies Keep I-L Title Hope Alive, 19-13

Hocking Churns Up 131 Yards of Mud to Lead Northern Over Jays

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

In the vacant trophy case at Pontiac Northern High School, there's a spot marked, "This space reserved for our first Inter-Lakes trophy."

The Huskies took another big step in trying to fill that vacancy last night by trimming Southfield, 19-13, before 2,000 loyal drenched homecoming fans.

Northern has no chance to win the I-L title outright but next week's showdown at Walled Lake could force a tie for the crown should the Huskies manage an upset over the Vikings.

Scrappy little halfback Bob Hocking did most of the mud churning last night and as usual it was Bruce Norton, the well-poised junior quarterback, who directed the Huskie offensive machine.

★ ★ ★

For the 6th time, including four wins and two losses, Northern dominated the statistics with Hocking, George Graves, and Jan Lawrence ripping off big chunks of yardage.

Southfield started the scoring by falling on a Northern fumble on the 44 and moving 13 plays for tally with Ned Simmons hitting from the one. Fred Penness' placement try was blocked by Hocking.

Following the ensuing kickoff, PNH started a drive on its own 10. Hocking's 25 yard run was the big gainer carrying to the Blue Jay 30.

★ ★ ★

Norton's pass was then intercepted by Jim Gatti, but after failing to move the ball, Bob Moak's punt traveled only 16 yards and Northern resumed its march from the Jay 46.

With a first down on the 18, Norton pitched out to Lawrence and he scooted over. Jerry Mineweaser's point try was wide and the half ended 6-6.

Except for the fumble, Southfield never moved the ball into Northern territory until midway in the third quarter.

★ ★ ★

PNH, aided by Hocking's 35 yard run and Graves' 20 yard dash got to the three from where Norton dived in. Mineweaser added the point and Northern led 13-6 with 7:36 to go in the 3rd period.

★ ★ ★

At the start of the 4th quarter, Southfield faked a third down punt from its own 11, but a penalty moved the ball back to the six. Bob Moak punted the next time, but again it was nullified when a roughing the kicker penalty and illegal motion offset each other.

The third punt try was again signalled for illegal procedure, but this time Northern declined and took the ball on the Jay 32 where Hocking returned it.

★ ★ ★

Norton hit Lawrence on a 28 yard pass play to the four and Hocking swept around for the score in two plays to make it 19-6.

On the next series, Southfield punter Moak was roughed and the penalty put the ball on the PNH 40 from where the Jays marched with Moak going over from the one with 5:53 left. Penness kicked the point.

Hoping to control the ball, Norton moved the backs into the line for short gains, but his deliberate play almost spelled disaster. With 3rd down and two on the 46, too much time cost five yards, and after a short gain, PNH was forced to punt.

★ ★ ★

The ball went to Southfield 22, but instead of taking possession, the Jays elected to have PNH kick again for the choice of a 5-yard penalty.

This turned out to be a crucial choice, because on the second punt attempt, Southfield was called for roughing the kicker, thereby giving PNH possession again on the Southfield 43 and a chance to run out the last 1:43 of the clock.

Hocking bulled his way for 131 yards with Graves adding 56 to the 235 yard rushing total.

Defensively, Larry Bland, Win Miracle and Don Davis made several key plays on the Southfield passing and running game, while Terry Odom and Gatti were the stoppers defensively for the Jays.

Northville, Milford Post Triumphs; Barons and Holly Tie

Lakers Wallop Clarkston

West Bloomfield got back on the winning side of the ledger but Northville kept rolling right along towards a 4th straight Wayne-Oakland championship in the key league games last night.

The Lakers bombed Clarkston 33-7 showing their familiar explosive power while Northville was blanking Brighton, 20-0.

Bloomfield Hills and Holly battled to an 18-18 tie in the afternoon and Milford celebrated Homecoming by presenting new coach Jerry Ganzel with his 1st victory — 18-0 over Clarenceville.

Only Clarkston and Clarenceville remain standing in the way of another perfect loop season for Northville

★ ★ ★

After a scoreless 1st quarter at Clarkston, West Bloomfield caught fire sparked by Jack Newton's 80-yard TD gallop. Wayne Ross went 11 to score another in the 2nd period.

Tom Moran crossed on runs of 11 and 15 and Denis Alix flipped to Jack Long for the final Keego tally.

Mel Joseph crashed over from the four to save Clarkston from a shutout in the 4th. Ron Morgan added the point after. The Wolves led in 1st downs and had a total offense of 172 yards despite the score.

★ ★ ★

Northville converted two breaks into touchdowns while Brighton missed an early chance to make it a battle when penalties ruined strong threats.

Dave Hay went nine yards on a reverse for the initial Mustang six-pointer after Northville got the ball at the 30 on a bad pass from center. Gary Morgan wrapped up a 60-yard march with a four-yard smack in the 3rd and a blocked kick set up a TD sneak from the one by Steve Juday in the 4th. Wade Deal booted two points after.

The score plainly indicates the type of game played at Bloomfield Hills. The Barons were in front once, Holly led twice, it was tied on three occasions and the home team was at the one-yard line when the see-saw duel ended.

★ ★ ★

Biff Jones zipped 43 yards in the 1st quarter for a BH 6-0 advantage and then 75 in the 3rd for a 12-12 tie. He just missed being the hero. Returning a pass interception, Biff was downed at the one at the closing whistle. Art Tregenza got the other Bloomfield touchdown on a quarterback sneak for the 3rd and last tie.

Holly's Bob Ennis passed for one touchdown and scored another in the wild tie game with the Hills.

Ennis passed to Roger Hall for the 2nd touchdown on a play spanning 40 yards, then Ennis bullcd over from the six yard line for the Broncos' final tally. Holly's 1st TD came on a seven-yard run by Jim Howard.

★ ★ ★

Milford played its best ball this season paced by Gene Schuett's two touchdowns. The 1st was on a 32-yard pass play with Bob Lawrence throwing for a 6-0 halftime lead. He went over from the three and Jim Hartwick bulled across from the two in the 2nd half.

The Redskins displayed their best offensive of the fall gaining 194 yards. Clarenceville reached the eight before fading.

South Lyon Scores 1st, but Loses at Chelsea

South Lyon would have done well to leave Chelsea after the 1st play of the game there. Harold Choate of the visitors raced 40 yards to score a touchdown and ran the extra point for a shortlived 7-0 lead.

It was all Chelsea the rest of the way although a second-string passing combination of Jack Wren-to-Dave Obrenovich accounted for two last half Lion TDs. Chelsea won, 34-20.

Traverse City Upset Victim

By The Associated Press

Giant-killer Traverse City came tumbling down Friday night — a victim of the same sort of upset tactics it had been using all high school football season.

The previously unbeaten Trojans (5-1), who parlayed a string of upsets into a No. 6 rating among Michigan's Class A rankings, fell 21-0 to a Muskegon team which hadn't won all season. Traverse City couldn't cope with Muskegon's determined play on a muddy field. Terry Locke led Muskegon with a touchdown and three conversions.

But two of Michigan's fanciest streaks kept on rolling. Frankenmuth, which never has lost since taking up football, won its 30th straight—a 41-12 trouncing of Vassar.

Reese continued its unscored-upon streak through 16 games with a 25-0 whitewash over Akron-Fairgrove.

Ninth-ranked Benton Harbor (4-2) was another Class A. upset victim, falling to unranked Niles 21-13. In a top Class A attraction, fifth-ranked Lansing Eastern (5-0) nipped Ann Arbor (4-2), the No. 1 team, on Claude Wight's conversion, 7-6.

Fourth-ranked Hamtramck (6-0) buried Willow Run 69-0.

Avondale Still Unbeaten; Rochester Wins 5th

Big Start All Jackets Need in 26-13 Victory

Orion Tough After 19-0 1st Quarter; Fitzgerald and Troy Romp

By CHUCK ABAIR

Avondale has gained a reputation the past two seasons for always being just good enough to win but last night the Yellowjackets triumphed the easy way for a change.

A sizzling hot offense ignored a steady, cold rain to pile up 19 points within a five-minute span in the opening quarter en route to a 26-13 triumph over visiting Lake Orion.

The big start turned out to be all the home team needed despite being outscored and played on even terms the last three quarters.

Now 5-0-1, the victory kept the Avon gridders among the four unbeaten teams in Oakland County and gave them 10 wins and a tie in their last 11 games—several of them in the thriller category.

Avondale remained 2nd to Fitzgerald in the Oakland B race. The Spartans bowled over Madison 32-0 as Troy was walloping Clawson by the same score.

Sparkplug quarterback Dick Smith and fullback Ken Mather, the latter playing for the 1st time this fall after being injured, were key men in getting the Jackets off to their insurmountable lead.

Starting from the Lake Orion 47 after a punt, the pair alternated running to drive to the five. After a loss, Smith hit lanky Darryl Thorpe with an eight-yard pass to break the scoring ice.

Seven plays later Mather was zipping across from the seven. A 35-yard Smith-to-Herb Harris aerial had set up the tally following a short punt. Harris booted the PAT for a 13-0 lead.

Five more plays and Thorpe had taken a 20-yard flip from Smith to make it 19-0. A fumble recovery set it up.

It turned out the Jackets had crammed most of their offensive play into the 1st period which coach Frank Crowell described as their best offensive showing this season.

A rout seemed in the offing when Avondale started the 2nd period by recovering an Orion fumble at the LO 27. But an interception halted the threat and the Dragons then came to life.

The losers got into enemy territory late in the quarter but were halted by an interception.

Another stolen pass set up Lake Orion at the Avon 30 just after intermission but alert Herb Harris quickly grabbed off a Green and White aerial to start an Avondale drive which ran out of steam.

A short punt set Orion back on its own 18. On the 1st play, 130-pound scatback Gary Hunter burst through the line to go 82 yards untouched for a touchdown. Larry Thompson garnered the PAT on a pass and it was 19-7.

Orion stalled again at the AHS 38 and had to punt beginning the 4th round. Smith scampered 38 yards to the Lake Orion 23 only to have another threat go by the boards.

But a minute later Jim McDonald of Avondale picked up a short rolling punt and went 45 yards to score.

Roger Williams' 3rd interception started the last Dragon scoring march. Bucky Craven passed to Hunter for 22 and Roger Williams the last 23 to round out the point making.

Rick McKinnon was a one-man gang for Troy. He scored on a 75-yard run and added two PATs. Rick completed 13 straight passes—eight to Ron DePauw who had two six-pointers. McKinnon even caught two aerials. Pete Davidson had two TDs.

Bob Radlinski passed for three touchdowns and Phil Morgan ran for two in the easy Fitzgerald breeze.

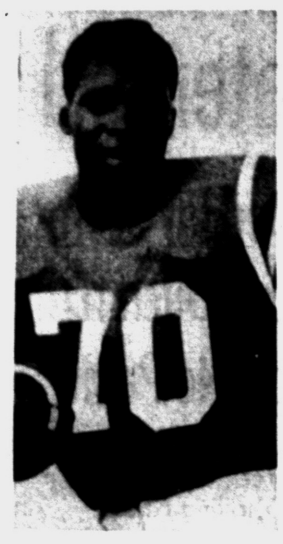
Friday's Prep Stars

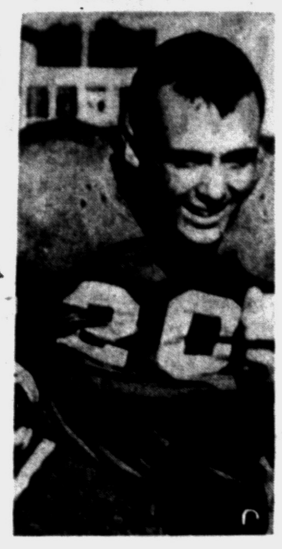
RICK McKINNON

The 5-11, 160 pound senior quarterback led Troy to a 32-0 romp over Clawson. He hit 13 straight passes, caught two, intercepted 3, passed for a TD, ran 75 yards to score, and kicked 2 extra points.



REG DIXON

Rochester's 39-27 victory over Howell last night saw Reg Dixon, 170 pound senior halfback, taking a 76 yard pass play from John Cadieux for one TD, a 15 yard dash for another and a conversion.



GENE SCHUETT

Milford won its first game of the season after five losses and this 155 pound halfback helped the 18-0 win over Clarenceville by scoring twice on a 32 yard pass play, and 3-yard dive.

Falcons Spank Howell, 39-27; Romeo Winner

Tri-County Leaguers Play Key Game Next Friday Night

Rochester and Romeo got ready for their annual clash next week by scoring victories over non-league foes last night.

The Falcons bounced Howell, 39-27, while Romeo was defeating Clintondale, 25-7.

In the lone Tri-County League game, L'Anse Creuse blasted Lapeer, 25-6.

Rochester struck fast with John Cadieux passing to Reg Dixon covering 76 yards on the second play of the game. In the same period Bill Dineen picked up a fumble and raced 44 yards for the score and with Joe MacDaniels and Dixon running the points it was 14-0.

Howell came back with 14 in the second quarter, but in the third quarter Rochester went ahead 26-14 as McDaniels scored from the one and two yard lines.

★ ★ ★

In the 4th quarter Dan Lickert went two yards and Dixon ran 15 for the other tallies. Jim Thompson ran the other point.

Howell got six points in the third and seven in the 4th periods.

Romeo led 12-0 at halftime and got 13 in the third period. Tom Meyer went 9 and 4 yards for the first two, and guard John Braun recovered a blocked punt in the end zone for the other. The final one was a plunge by Bob Galan from the one.

Mike McKeaough kicked the placement from the 17 after a 15 yard penalty.

★ ★ ★

L'Anse had a 19-0 lead at halftime as Ron Lehl scored on a 12 yard pass from Bob Wilson and then went one yard later. Wilson sneaked over for the third.

Dick Mulholland went over from the one for Lapeer and Wilson then passed 50 yards to Earl Teeples for the final L'Anse TD.

Rochester can sew up the Tri-County title with a win over Romeo next week.

Pontiac Press Photo

READY TO GO, SON?—Tom Kennedy, coach of St. Freds, asks the big question of his Jim, junior quarterback who will be throwing the passes for the Rams in the annual crosstown rivalry with St. Mikes Sunday at Wisner Stadium. Jim has thrown 35 touchdown passes since his freshman year at St. Freds, eight thus far this season.

Maples Boot Home 3-0 Win

Pontiac Press Photo

BIG LEFT TOE—George Forrest holding and Phil Isbell kicking is the way Birmingham has lined up for its placements all season. Last night the combination worked from the 24 yard line as Isbell booted a field goal to give the Maples a 3-0 victory over Mt. Clemens.

Isbell Splits Uprights From 24 Yard Line

Birmingham 3-Pointer Spills Mt. Clemens in EML Game

Beaten by a field goal a week ago, Birmingham used the same weapon last night to defeat Mt. Clemens, 3-0, in an Eastern Michigan League game.

★ ★ ★

Big Phil Isbell booted the ball between the uprights from the 24-yard line from an angle with nine minutes left in the game.

In another league, Ferndale neared the EML title and stayed unbeaten by beating Port Huron 12-6 with a touchdown in the last 30 seconds.

Mike Brown scored for Ferndale from the one on a sneak after moving 44 yards on 13 plays. There were three minutes left to play.

★ ★ ★

As time was running out Bill Legault recovered a Port Huron fumble on the 48. Brown passed 16 yards to Bill Daniels. There were two running plays and then Brown passed 15 yards to Daniels for the TD as the clock showed only a half minute.

Port Huron scored in the second quarter after recovering a fumble on the 48 and then marching to the one from where Fred Laughlin carried over.

Port Huron was stopped on the six in the opening drive and until the 4th quarter, Ferndale's deepest penetration was to the Port Huron 19.

★ ★ ★

Mt. Clemens marched to the eight-yard line for a first down in first quarter, but Birmingham held on the two.

Then Birmingham got a drive going and went to the one-yard line in the 2nd quarter before giving up the ball.

In the 2nd half there were serious threats as play was held between the 20-yard lines in the mud.

Isbell's kicking was a big factor in keeping Mt. Clemens away from pay dirt.

★ ★ ★

Birmingham has only East Detroit left in the league, while Ferndale still must play loop foes East Detroit and Kimball. Only a double loss for Ferndale and a Birmingham win would assure the Maples a tie.

Hazel Park was idle last night and East Detroit visits Kimball tonight in an EML game.

Oxford Settles for Tie; Imlay City Keeps Rolling

Imlay City rolled merrily along, Oxford continued to have its problems, and Ortonville still is looking for its first victory.

This was the story of the South Central League teams last night as Imlay whipped Marlette, 40-0; Oxford tied Millington, 13-13 and Ortonville lost to North Branch 13-0.

Jeff Brady opened the scoring for Oxford by plunging from the three for a 6-0 lead.

Millington's Ned Lockwood recovered a blocked punt in the first quarter in the end zone and Dave Zink added the point for a 7-6 lead.

★ ★ ★

With four minutes to play, Mike Zink capped an 80 yard drive by going over from the four to make it 13-6 as Dave Zink's placement failed.

Oxford came right back with Doug Stott racing 41 yards and he also ran the tying point.

But Millington drove to the Oxford two when the game ended for a last ditch threat.

★ ★ ★

Imlay's Doug Perkins went 62 and 83 yards, Bob Maison went 8 yards, Dick McKee went 8 and 8 and Roger Lomerson went 26 yards to account for the scoring. Lomerson added four extra points and has 17 for the season.

Marlette had a minus-28 in yardage while Imlay rolled up 428 net yards and held a 16-1 advantage in first downs.

LeRoy Mayberry went two yards in the 1st quarter and Jim Hall went two yards in the 4th quarter for North Branch. Mayberry ran the point.

★ ★ ★

Ortonville's lone bid stalled on the North Branch 18 in the 4th quarter.

Pee-Wee Gridders in Action Tonight

Followers of Pee-Wee football will be treated to plent of action tonight when four regular league games in the West Side Boys Club loop are played under the lights at the West Bloomfield High field.

Starting at 6:30 two games will be held simultaneously, each taking up half of the prep gridiron.

The night games, first to be played by Pee-Wees, will have the Cubs playing the Eagles, Rams vs Packers, 58ers against the Beagles and Crusaders vs Lions.

An afternoon contest at 8:30 will match the Bears and Colts at Kelly Field.

The West Bloomfield field is being made available by the high school through the efforts of athletic director Don Bradford and varsity grid coach Art Paddy.

U.S. Had Olympics Twice

NEW YORK (UPI)—The Olympic Games have been held in the United States twice in modern times — at St. Louis, Mo., in 1904 and at Los Angeles in 1932.

Should've Stayed Home

NEW YORK (AP)—Nobody will accuse Billy Hunter of being a "new Joe Louis" but he shows promise. The best you can say for Tony Anthony is that he showed up.

Even showing up was a mistake for Anthony who became Hunter's TKO victim in 1:04 of the seventh round last night at Madison Square Garden.

Pistons on TV Today in Cinci

CINCINNATI (AP)—The Detroit Pistons, who always seem to give a little extra in front of the television cameras, face their old cousins—the Cincinnati Royals—today looking for their second victory.

The game will be televised nationally (5:15 p.m. EST, NBC).

The Royals were the only National Basketball Assn. club the Pistons could defeat consistantly last season.

The game will be Detroit's second of the regular season. The Pistons defeated Minneapolis last Sunday, also before a television audience, before splitting with the same team during the week in two exhibition games.

The Pistons again will be without their seven-foot holdout, Walter Dukes, who is on the trading block. Rookie Gary Alcorn will fill in for the absent rebounding ace.

Boston by Muddy Point

BOSTON (AP)—Boston Universit pounded 80 muddy yards in the final period to edge Connecticut 8-7 Friday night on sophomore Jackie Farland's pass to end Gene Probola and a converted run by Dick Desmarais.

Almont Beats Armada

Dryden Is Defeated, 12-0

Anchor Bay kept up its unbeaten pace in the Southern Thumb League by downing a stubborn Dryden eleven 12-0 last night as Brown City and Memphis remained close behind.

★ ★ ★

Brown City defeated New Haven 19-13, Memphis whipped Capac 26-14 and Almont tripped Armada, 13-6.

Dryden threw up a strong defense headed by Jim Simpson and Greg Schlau but could not stop the running of big Dick Rivard. He scored on short dives in the 2nd and 3rd quarters. A Dryden fumble set up the 1st counter. The losers could do little on offense.

Stan Lints garnered all three touchdowns for Brown City — the longest an 11-yard dash.

Almont had to come from behind early but did so in convincing fashion. Armada took a 6-0 lead on a TD from the one by Jim Porti.

★ ★ ★

The Raiders rallied for all their points in the 2nd quarter. Jeff Bagocius went across from the one and Don Eschenburg passed to Lonnie Kersten from the nine. Neither team threatened in the last half.

Highlights Are Many in Fred-Mike Rivalry

1946—St. Fred 26, St. Mike 12

Displaying a sharp passing attack with Al Serra throwing St. Frederick scored on passes to Bob McManus, Bob Beaubien, Dick Jackalow. Serra went over for the 4th. St. Mike came from a 13-0 deficit to hit quickly in the 3rd period and again in the 4th on touchdowns by Dale Slahta and Bob Hasse. A crowd of 5,500 watched at Wisner.

★ ★ ★

1947—St. Mike 13, St. Fred 6

Spearheaded by the running of fullback Bud Calme and halfback Bob Hasse, St. Mike upset St. Fred with 6,000 watching. First period score came when Hasse went over from the three. In the 4th period the Mikes made it 13 with Calme going 3 yards. Al Serra passed to quarterback Paul Fournier 40 yards in the final minute for St. Fred's lone tally. St. Mike passing star was Harold Fitzgerald teamed with end Ronnie Arntz.

★ ★ ★

1948—St. Fred 7, St. Mike 6

Half of the 3,500 fans leaving Wisner Stadium missed the thrilling last touchdown in the final 40 seconds giving St. Fred the victory. The score came when Dave Kline, on his own 48, hit Chuck Oertel on the 15 and he raced in for the score. With 20 seconds left Kline passed to Nick Zudnick for the winning point. Mikes scored in the 3rd quarter with Marty Cronan going over 2 yards.

★ ★ ★

1949—St. Fred 26, St. Mike 7

Unbeaten and untied for the season, St. Fred took a 13-7 halftime lead and behind the passing of Dave Kline and the running of Bob Benard waltzed to victory before 4,000 fans. Benard went 83 yards on a punt return, he also scored two others on a 40 yard pass and 14 yard run. Jim Niebauer's pass for the point after Glen Blust's 25 yard TD gave Mikes a temporary 7-6 lead in the second quarter.

★ ★ ★

1950—St. Mike 26, St. Fred 24

A thriller on a mud-spattered field was watched by 2,000 rain soaked fans at Wisner where both teams scored in final 2½ minutes. Stan Steck's interception and 25 yard run back was the winning TD with Mike Slivensky's conversions proving to be the difference. Nick Zdunic's TD on a pass from Bill Leahy accounted for Fred's last score.

★ ★ ★

1951—St. Mike 19, St. Fred 14

After spotting St. Fred a 14-0 halftime lead, St. Mike came back with 19 points in the second half and tie the all time series with 7 wins each plus four ties. Dave Gallo scored the winning touchdown, his TD of the day, in the final period before 3,000 cold fans. St. Fred touchdowns were by Jim Bendig and Jim Smith.

★ ★ ★

1952—St. Mike 14, St. Fred 13

Halfback Dave Gallo paced Mikes to a 14 point final quarter and accounted for the winning point to make it three straight over Freds.

Irish Harrier First but Meet Won by Western

SOUTH BEND, Ind. (AP)—Ron Gregory of Notre Dame finished first yesterday in a five-team cross country meet but Western Michigan won the meet.

Jerry Ashmore of Western Michigan was second. Gregory was timed in 20:11.9 with Ashmore 20:12. Carl Reid and Art Eversole, both of Western Michigan, finished third and fourth, respectively.

Following in order were Galen Cawley, Dave Cotton and Tom Dempsy of Notre Dame. Press Wehlan and Dave Purdy of Kentucky rounded out the top ten.

Chrysler Group to Have 'Night' at U. of D. Game

Approximately 5,000 employes of the Chrysler Corp. will attend the University of Detroit - Boston game next Friday night as guests of the Greater Detroit Plymouth Dealers Assn.

The new 1960 Chrysler Corp. cars will parade around the field before the game and at halftime.

The famous Chrysler Corp. "Highlanders Band" will be featured at the game.

A new "Motor City Football" trophy will be awarded to the winning team by the Greater Detroit Plymouth Dealers Assn.

GUAM — Sammy Borja, 135, Guam, stopped Tenejeros Boy, 134, Guam, 8.

TOKYO—Ramon Gomez, 141, Argentina, knocked out Takao Maemizo, 143½, Japan, 1.

SAO PAULO, Brazil—Fernando Barreto, Brazil, stopped Paolo Mellis, Italy, 4.

Freds-Mikes Set for Clash

Caution Thrown Out Window in Bitter Rivalry

Passing Is Big Weapon for Rams; Mikes Must Count on Speed

Caution might as well be thrown to the wind Sunday afternoon at Wisner Stadium when the Northside and Southside parochials go after each other for the 25th annual football clash.

Both teams are 2-3 for the season and both have shown flashes of bright moments. Neither is in contention for the Suburban Catholic League title, but yet there's something about St. Michael's blood that appeals to St. Frederick's and vise versa.

St. Fred is expected to take to the airlanes behind the passing of junior quarterback Jim Kennedy, while St. Mike will be depending on its better backfield speed with Mike Ganje, Bill Flanigan and Pat Campbell doing the ball toting.

Kennedy has hit on eight touchdown passes this year, and has accumulated a total of 35 aerial TDs since his freshman year.

★ ★ ★

It will be up to the St. Fred forward wall to keep out the onrushing Shamrocks in order to give Kennedy throwing time.

The Rams' line however has been slow and porous this year, but so has St. Mike's, indicating that the score should go into double figures, of course depending on the weather.

Last year's crowd of 7,000 was the largest ever to watch the crosstown rivals. One reason was because both teams, along with St. Benedict, finished in a three-way tie for the league title.

★ ★ ★

Freds won that game 34-13, snapping a hold of eight straight years St. Mike owned in the series.

The Shamrocks are in good physical condition for the game. The Rams will be without the services of center Frank Presto and guard Ed Boyer. Presto broke his arm in drills this week and Boyer, being groomed for a starting role, suffered an eye ailment.

A crowd of 5,000 is expected to watch the proceedings. Starting at 1 p.m. the CYO teams of both schools will play and the varsity teams will go at it beginning at 2:30 p.m.

PROBABLE STARTING LINEUPS

Air Force Uses Ground Attack to Beat UCLA

LOS ANGELES (AP)—The air-minded Air Force Academy had better luck on the ground Friday night and battered UCLA 20-7 in their intersectional football game at Memorial Coliseum.

★ ★ ★

The Falcons from Colorado Springs broke a 7-7 halftime deadlock with two long drives in the third and fourth quarters to wrap up the contest and upset the favored Bruins.

A crowd of 32,935 saw the Falcons avenge a 47-0 whipping received from UCLA in their first year of football in 1957.

Kenny Lane to Meet Akins Next Wednesday

By The Associated Press

Kenny Lane, the perennial lightweight contender from Muskegon, Mich., moves up to the welterweight class Wednesday at Washington to take on ex-champ Virgil Akins.

After losing a tight one to Joe Brown in a lightweight title match last year, Lane ventured into the newly re-established junior welter division. He was beaten on a cut eye in the second round of a bout with Carlos Ortiz, June 12.

Lane took a four-month vacation to let the cuts heal and now is ready to make his move in the 147-pound division. His career record for 63 fights is 56-4-3.

Lions Take Solace in 'Spirit of 76'

First Victory Will Be Tough to Get in LA

Lou Creekmur in Action Again; Ailing Ane Also Back in Lineup

LOS ANGELES — Coach George Wilson and the Detroit Lions are hoping to get into the victory column against the Los Angeles Rams with their "Spirit of 76."

Number "76" is back on Lou Creekmur's jersey, who came out of retirement this week with the hope of helping the Lions' faltering forward wall which took a hamering from the 49ERS last Sunday.

The Lions meet the Rams, Sunday in Los Angeles Coliseum and the following week will move into Kezar Stadium to face San Francisco again. Both games wil be broadcast and televised back to Detroit and throughout Michigan on the Lions regular radio and television networks.

The Rams came East after dropping two straight on the Coast and proceeded to dump the Chicago Bears, 28-21, and steam-roll the Green Bay Packers, 45-6, to give evidence of the tremendous offensive power they possess. Billy Wade and Ollie Matson, with plenty of help from Jon Arnett and Tom Wilson, went over around and through Green Bay to hand the Packers their first loss last week.

★ ★ ★

The Rams currently are 2-2 on the season, matching their record as of this date in 1958.

Wilson may be able to take some solace in the fact that his Lions, with four losses, are just a shade behind last year when they had three losses and a tie and then went to the Coliseum to score a 41-24 decision over the Rams.

Facing the two rugged West Coast elevens at any time is a job of major proportions. Since 1950, the Lions have managed a sweep of the West Coast series only once in 1956. Last year, Detroit split, winning 41-24 over the Rams and losing 24-21 to San Francisco.

★ ★ ★

Some help for the Lions beleaguered offensive line should come this week with the return to action of veteran center Charlie Ane. Ane was sidelined last week with a knee condition. Defensive halfback Jim Steffen of UCLA still is listed as doubtful. New injury problems arose following the San Francisco game when linebacker Wayne Walker came away with a damaged shoulder.

BOWLERAMA HOPEFULS — Rivals in Sunday's actual invitational part of the Pontiac Press Bowlerama will be these members of the Westside Classic team which recently compiled a 3350 score. They are, left to right, Bob Gormong, Joe Foster, Jim Walker, Frank Spadafore, Paul George and sponsor Sam Perna. Spadafore will also be competing in the handicap tourney shooting for the $500 1st prize and a clock trophy.

Crisler Refuses to Comment on AFL Proposition

MINNEAPOLIS (AP) — Fritz Crisler, dodging a barrage of questions, firmly stood his ground today amid a flock of reports he'd become commissioner of the fledgling American Football League.

"I'm still wrestling with this thing," said Michigan's athletic director of 21 years.

He categorically denied he has accepted the post or has informed Michigan officials of any decision.

However, reports persist that Crisler will be named czar of the new league next week when AFL officials meet in New York. The meetings start Tuesday.

"Well, I won't be there," replied Crisler when told of the meetings.

He was in Minneapolis for today's Michigan-Minnesota football game.

Decided Immediately

Star ballcarrier Steve Wolf broke loose for a 70-yard scoring run on the opening play and that was all Oak Park needed to edge Harper Woods 6-0 Friday afternoon.

BRAVE BOSS — Charley Dressen is the new manager of the Milwaukee Braves. Dressen was signed to a two year contract yesterday. He has been a coach with the Dodgers the past two seasons.

Ted Nears 500 Home Run Club

NEW YORK (AP)—Ted Williams of the Boston Red Sox moved within striking distance of another baseball batting milestone as he closed in on the exclusive 500-homer club in 1959.

Stan Musial of the St. Louis Cardinals and Yogi Berra of the New York Yankees also joined the home run elite by reaching the select 400 and 300 circles, respectively, during the past season.

The 41-year-old Williams, fifth in the lifetime listings, hit 10 homers in 1959. This gave him a career output of 492, most among active major leaguers. Williams is one behind Lou Gehrig, who collected 493.

Musial, sixth in the all-time home run derby, found the range for 14 last season for a total of 412. Stan The Man is runner-up to Williams among the active players, according to statistics compiled by The Associated Press.

U. S. Horsemen Sweep Up Points

HARRISBURG, Pa. (AP)—The U.S. international jumping team Friday swept through its most successful day at the Pennsylvania National Horse Show, winning both the individual championship and the International Nations Cup.

★ ★ ★

Team Capt. Bill Steinkraus, 33-year-old stock analyst from Westport, Conn., captured the individual title in competition with 15 riders from five nations.

He won on points earned in 10 jumping events in the week-old show.

★ ★ ★

The U.S. team took the Prix Des Nations Cup on the combined team scores in Friday's two events.

Dondero Tops Wyandotte

Howie Bryant passes for two touchdowns, 27 and 11 yards to Bob Wilkes, and then went over on a quarterback sneak from the two to lead Royal Oak Dondero to a 26-0 victory over Wyandotte.

★ ★ ★

It was 20-0 at halftime. Bob Lazotte went three yards in the third quarter and Ron Orlochowski converted all three to complete the scoring.

Break Seen in West Division Deadlock

Top Spots in NFL at Stake

By The Associated Press

First place in both the Eastern and Western Conferences of the National Football League will be at stake on Sunday.

The New York Giants must overcome a Pittsburgh jinx to solidify their hold on the top place in the Eastern Division, while Green Bay, Baltimore and San Francisco will battle to hold the lead they share in the Western Conference.

The Steelers always show their best against the Giants, especially in Pittsburgh where the game will be played. Pittsburgh knocked New York out of the division title in 1957 at Forbes Field. Last year at Pitt Stadium, the Steelers won 31-10 and forced the Giants to win their five remaining games to clinch the Eastern championship.

Two of the teams involved in the triple tie for the Western Conference lead meet head on- the Green Bay Packers tangling Baltimore. The Chicago Bears play the 49ers in San Francisco.

New York, and the three co-leaders in the Western Conference all are 3-1 after four games of the 12-game NFL schedule.

In other contests, the Chicago Cardinals and Philadelphia Eagles play at Minneapolis to test that city as a possible pro football site, the Washington Redskins are at Cleveland against the Browns, and the winless Detroit Lions meet the Rams in Los Angeles.

Pittsburgh (2-2) and the Giants are quarterbacked by 12-year veterans Bobby Layne and Charlie Conierly, and the teams top the league in rushing defense. The Giants lead the NFL in passing and total offense, but the game is pick 'em as far as odds are concerned.

Baltimore, with Johnny Unitas' throwing arm as dangerous as ever, is a 13-point favorite over Green Bay. The Packers won three straight only to have Los Angeles murder them last week 45-6.

Philadelphia (2-2) is a one-point favorite over the Cardinals (1-3) in the game at Minneapolis. M. C. Reynolds will start at quarterback, replacing the injured King Hill for he Cardinals.

Cleveland (2-2) is favored by nine points over Washington, also 2-2, in a game that matches Jimmy Brown, the NFL's leading ground gainer, against the Redskins' Ralph Guglielmi, top passer in the league statistics-wise.

San Francisco, sparked by the veteran passer Y. A. Tittle and runners Joe Perry and J. D. Smith, is a one point choice over the Bears (1-3) in their battle at Kezar Stadium. The 49ers, with 112 points, are the only team in the NFL with more than 100 after four games.

Spartan Boosters Title Contenders

STORRS, Conn. (AP) — Michigan State is among 25 teams listed for a chance at the NCAA soccer championship.

Eventually the field will be narrowed to four. They'll come to the University fo Connecticut here Nov. 26 for the semifinals, with the title match scheduled two days later.

The listing was made by the National Football Soccer Assn.

Rainstorm Postpones 4 Prep Grid Games

GRAND RAPIDS (AP) — A rain storm washed out four high school football games in the Grand Rapids area yesterday.

Three-quarters of an inch of rain in a 2½ hour period canceled games between Grand Rapids Catholic Central and Grand Rapids Creston, Grand Rapids South and Godwin, East Grand Rapids and Rockford and Ravenna and Forest Hills.

All four games were rescheduled for tonight.

Named Manager

Dressen Gets Brave Post

MILWAUKEE (AP) — Fiery Charley (Chuck) Dressen, a veteran field boss with two National League championships, is the new manager of the Milwaukee Braves.

The 61-year-old Dressen was signed to a two-year contract last night at a meeting with Milwaukee owner Lou Perini, Executive Vice President Birdie Tebbetts and General Manager John McHale in Chicago.

★ ★ ★

The signing of Dressen, a coach with the Los Angeles Dodgers for the past two seasons, was announced several hours after The Associated Press reported exclusively that he was the choice to succeed Fred Haney, who resigned three weeks ago.

Terms of the contract were not divulged. However, the Braves scheduled a news conference for this afternoon to expand on their brief announcement which came shortly after midnight.

★ ★ ★

The Braves' announcement was forced after the AP reported that Dressen would be named. Dressen's wife, at the time, reported he was out fishing and said: "I can truthfully say the Milwaukee club has not called Charley."

Dressen, who piloted the Brooklyn Dodgers to championships in 1952 and 1953, was the choice of Perini after Tebbetts reportedly stood fast in his desire to remain in the front office.

Tebbetts, who gave up the managership of the Cincinnati Reds to join the brass in the Milwaukee front office, was considered the No. 1 choice by Perini.

However, with the refusal of Tebbetts to don a uniform, the Braves turned to Dressen, a member of the same baseball breed. Dressen, like Tebbetts, is known for his spirited and daring play in contrast to Haney, who managed his teams cautiously and conservatively.

When phoned by Perini, General Manager Buzzy Bavasi of the Dodgers said in a statement that the club "reluctantly consented" to release Dressen as a coach.

"I wish we had been given a little more notice by Milwaukee," Bavasi said.

"Nevertheless, we wish Charley the best."

Table Net Ace Falls in Upset

The ace of the Newberry table tennis team was upset in PTTA action this week. Floyd Finkle, city singles champ, lost straight games 21-17, 21-19 to Richard Heymen of L. H. Cole's team.

Carol Ryan, state titlist, scored a victory over Virginia Angus 17-21, 21-19 and 24-26 in women's play.

Three teams are now tied for the lead in the city league standings.

In matches this week, Capital beat A & W Root Beer 6-0; Newberry over Cole 5-1; Nutrilite over Dorris & Son 5-1; Seaman Mfg. over Shell 4-2; Fox Cleaners over Boy's Club 5-1, and Pontiac Motor over Frostop 5-1.

Midget Auto Racers to Be Feted Sunday

The Wolverine quarter-midget racers will close the season with a banquet Sunday at the Silver Crown Ballroom on 7012 Nine Mile in Detroit.

The mothers, who raised $600 during the season selling programs, will hold the banquet for 125 youngsters who belong to quarter-midget club which races at Miracle Mile.

Final trophy awards will be made to the high point drivers, 70 per cent of which hail from the Pontiac area.

Next year the club plans more extensive night racing with the recent addition of lights at the Miracle Mile track.

Auburn Spills Miami, 21-6

MIAMI, Fla. (AP) — Auburn's massive Tigers, strictly a running football team in the past, shocked Miami with a 78-yard touchdown pass on the opening play Friday night and continued to use its deadly, new-found aerial game to whip the Hurricanes 21-6.

Know Your Insurance Agent

Before investing money in any type of insurance policy, make it a point to know something about the insurance company and its solicitors. For example, any reliable agent will be glad to leave his policy proposal in writing with his name attached to it.

By and large, there is a high code of ethics among individuals selling insurance. Here in Pontiac we have virtually all the well known companies represented. You can buy with confidence from these people who make their homes in this community, pay taxes and otherwise contribute to our civic life.

They can be depended on to render honest, conscientious service at all times.

Mrs. Green Thumb echoes chrysanthemum gold with sleek gloves of yellow latex softly lined with cotton. The gloves come in yellow, pink, sky blue and aqua and protect against sprays and chemicals. The one-piece Haymaker coverall of olivine green cotton is cut free and easy for action. Junior has no problems with his trim waterproof pants. Tailored in tan drip-dry cotton with checked piping they won't crack, peel or harden despite many washings. Colors are tan, blue and white and both the gloves and the pants can be found in your favorite department or drug stores.

Gardening Brings You Happiness

Voltaire said it, at the end of "Candide":

"One must cultivate one's garden."

Health, happiness, aesthetic enjoyment, all are right on the doorstep, So come into the garden, Maud! Whether you're an aficionada, bent on taking horticultural honors with your gilded martagon-hansonii lilies or pleased just puttering over plain, purple petunias — when you garden, you're "inner" than "in."

Last year, families in these United States spent one billion dollars on plants and seeds alone. Yes, that's right—$1,000,000,000. Consider the added investment in garden equipment and furniture and the sum total is, a major pastime and pleasure for the country.

★ ★ ★

See how many facets there are to this outdoor enjoyment. For the artistic, a sheer pleasure of vibrant color, variety in texture, the intricate planes and patterns of planting. For the health-minded, all the fresh air and beneficient exercise a mortal needs, working close to Mother Earth. For the more frivolous fashion-minded, the fun of wearing clever, functional pants and easy-care cotton or silk coveralls, cut for ultimate ease . . . the convenient chic of garden aprons with padded knees, magnet belts to hold wandering shears. And if anyone's out just for fun—well, what can top the entire family's enjoyment, beautifying the home-center and relaxing at al fresco entertaining!

WCTU Meeting Has 2 Speakers

Mrs. Eleah Patten and Mrs. Nina Redmond spoke when Frances Willard Unit of WCTU met Wednesday at the North Shirley avenue home of Mrs. LeRoy Shafer.

Citizenship was Mrs. Patten's subject, and Mrs. Redmond discussed temperance in spiritual life.

The Rev. Lola P. Marion was devotional leader. Birthdays celebrated were those of Mrs. Kay Cudney, Mrs. William Church and the Rev. Marion.

Twenty-two members attended.

Women's Section

The unusual sound of the "Hubay" Stradivarius will be a feature of the first Cranbrook Music Guild concert Tuesday at 8 p.m. Robert Gerle will feature works by Vivaldi, Beethoven, DeFalla, Brahms-Joachim and Ravel.

ROBERT GERLE

Cranbrook Performer Brilliant

Violinist to Open Series

When Hungarian violinist Robert Gerle opens the Cranbrook Music Guild's winter series Oct. 27, he will play his priceless 'Hubay' Stradivarius, presented him by concert patrons.

★ ★ ★

In 1957, Gerle borrowed it for a performance with the San Diego Symphony. Made in 1726 during Antonio Stradivari's so-called "golden" period, it is slightly larger than the ordinary violin and possesses a tone of unique depth and richness. San Diego patrons, impressed with the combination of the violin and Gerle's talent, purchased the $45,000 instrument and presented it to him.

★ ★ ★

A true child prodigy, Gerle received his early training at the Royal Hungarian Franz Liszt Academy in Budapest.

★ ★ ★

His career was interrupted by the war and years in Nazi concentration camps. He escaped, then was captured by the Russians. Only his playing of the opening bars of the Tschaikovsky Concerto at the order of the Russian commander saved his life.

★ ★ ★

After the war Gerle graduated from the Academy and began award-winning performances in international competitions. He was appointed staff soloist with Radiodiffusion Francaise and Radio Luxembourg. Gerle made his American debut last year at Town Hall and was acclaimed as a musician whose "intonation is flawless"—a "musician's musician of the grandest order."

Dear Abby Says: Better Find Out

Is He Is, or Is He Ain't Engaged?

By ABIGAIL VAN BUREN

DEAR ABBY: I live in a town where almost everyone is related to me. The ones who aren't related to me aren't worth going with.

ABBY

The only man I am interested in is the new minister who is single. They say he is sort of engaged to a girl from out of town. He pays a lot of attention to me, but everyone says it is only because I take him places in my car. He has none.

★ ★ ★

I would like to know if he considers me a romantic possibility or a means of transportation. How can I get this information without making myself look foolish? I am 21 and he is 29.

GIRL WITH CAR

DEAR GIRL: First find out what "sort of engaged" means. It is unlikely that a minister would declare his intentions to marry one girl and "court" another. If he is officially engaged then consider yourself a chauffeur. If he is not engaged and pays you a lot of attention, then disregard the town talk, shift into high, and enjoy the free-wheeling.

★ ★ ★

DEAR ABBY: Please print this for my boss' wife. If she doesn't see it, I'm sure it will apply to many others.

To whom it may concern: By now you are back home and everything is fine. Or is it? You went away for the summer (you said the children needed a vacation) and you left your husband all alone. What did you expect him to do? Go home to an empty house every night and scramble an egg and watch TV?

★ ★ ★

I work for him. He was plain lonesome. He suggested dinner together and I said yes. I said yes to a few other suggestions, too. But don't worry, I didn't try to steal your husband (although it wouldn't have been difficult).

I'm quitting my job because I really fell hard for this wonderful man and I don't want to get involved any more deeply—than I am. I'm just giving you a little tip. You women who have good husbands should STAY HOME AND TAKE CARE OF THEM. If you leave him alone again, the next girl might not be as charitable as—

"CALL ME HONEY"

DEAR ABBY: We have three beautiful children. They are exactly 14 months apart. I am expecting again in December. Why are people so cruel with their remarks? We are thrilled with the prospect of having another baby but when we try to share the news, people say, "Oh heavens . . . not again? Or else, "One of you had better get something done!" My husband and I are beginning to feel ashamed to mention it.

★ ★ ★

Our children aren't neglected. They are well cared fore and we don't leave them to relatives or sitters. We can afford to raise them without depriving one to give to the other. What do we say to people who feel sorry for us and even try to force advice on us?

HAPPY PARENTS

DEAR HAPPY: Why bother to say anything? You owe these people no explanation.

★ ★ ★

CONFIDENTIAL TO "AL": Hire a lawyer. His fee will be nothing compared to what it could cost you if you don't.

★ ★ ★

What's your problem? For a personal reply write to ABBY, care of this paper. Enclose a stamped, self-addressed envelope.

Margaret Mary Humphreys, daughter of Mr. and Mrs. L. W. Humphreys of Whittemore street, became the bride of Jerry A. Schooley this morning. He is the son of Mr. and Mrs. M. L. Schooley of Filer street.

MRS. JERRY A. SCHOOLEY

Couple Speaks Vows at St. Vincent Church

Some 300 guests witnessed the marriage of Margaret Mary Humphreys and Jerry A. Schooley at St. Vincent de Paul Catholic Church this morning. The Rev. Fabian Weber officiated before an altar decorated with white chrysanthemums.

The bride is the daughter of Mr. and Mrs. Louis W. Humphreys of Whittemore street. Parents of the bridegroom are Mr. and Mrs. M. L. Schooley.

Given in marriage by her father, the bride wore a floor length gown enhanced by a Chantilly lace fitted bodice with portrait neckline and skirt of bridal satin. Her veil of imported hand rolled illusion was caught by a double crown of seed pearls and iridescent sequins. She carried a cymbidium and stephanotis arrangement on a pearl prayer book, a gift of the bridegroom.

Maid of honor Carolyn Rose Humphreys, sister of the bride, wore a ballerina length dress of parchment taffeta in seafoam green with a portrait neckline and floating back panel.

Bridesmaid Jacque Pfahlert was dressed like the honor maid. Each attendant carried a bouquet of Fugi chrysanthemums in a cascade highlighted by a tint of green.

Richard L. Humphreys, the bride's brother, was Mr. Schooley's best man. Gary Schooley of Los Angeles, Calif. brother of the bridegroom, was an attendant and ushers were Bruce Richie and Frank Blenman.

Timothy Scully and Roger Landry were altar boys for the nuptial mass.

A breakfast at Hotel Waldron followed the wedding. A reception will be held this afternoon in the Knights of Columbus Hall.

Juveniles Discussed by Taylor

Assistant prosecuting attorney George F. Taylor spoke on juvenile delinquency to members of the Owen PTA Wednesday evening.

Mrs. Robert Snow's room won the attendance award and honorable mention went to Mrs. Howard Booker's room.

★ ★ ★

Thor Peterson and Mrs. Arnie Franklin served refreshments.

Announcement was made of a Halloween party at 7 p.m. Friday in the school with the cooperation of the Wever-Owen-Hawthorne Community Club and the Pontiac Parks and Recreation Dept. Prizes and refreshments will be featured.

NATIONAL HOMES

Pontiac Press Photos

Members of two branches of the Woman's National Farm and Garden Assn. met Thursday morning at the home of Mrs. John Campbell to work on a jointly sponsored card party to be held Tuesday. From left to right are Mrs. Raymond McMorris, co-chairman; Mrs. Kenneth Hamilton, president and Mrs. John Campbell, publicity chairman. All belong to the Holiday Farms group.

Busy getting planters ready for their card party Tuesday are from left, Mrs. Alan Wagoner, cochairman; Mrs. Robert Morgan, refreshments chairman; Mrs. Warren Cleven, publicity; and Mrs. James Schultz, door prizes chairman. All are members of the Lorraine Manor Branch of WNFGA.

Garden Affiliates Set Card Party

Members of the Holiday Farms and Lorraine Manor Branches of the Woman's National Farm and Garden Association are planning a jointly sponsored card party Tuesday at 8 p.m. at the Pontiac Federal Savings and Loan Building.

They met Thursday at the home of Mrs. John Campbell of Oregon street to work on decorations and details and plan for the event.

Members leading committees are: Mrs. Raymond McMorris, co-chairman; Mrs. Campbell, publicity; Mrs. Kenneth Hamilton; Mrs. Web Cleveland, door prizes; Mrs. Richard Cardona, serving committee; Mrs. Kenneth Hamilton and Mrs. Bruce Ferguson. They are members of the Holiday Farms Branch.

Chairmen from the Lorraine Manor group include Mrs. Alan Wagoner, co-chairman; Mrs. Warren Cleven, publicity; Mrs. Robert Morgan, refreshments; Mrs. James Schultz, door prizes; and Mrs. Donald Lloyd, tickets.

Concluding the list are Mrs. Joseph Carpenter, cleanup; and Mrs. Fred Barnfather and Mrs. Robert Smith, planning committee.

Tickets may be purchased at the door.

The fair lady sporting a new hairdo is Britain's Princess Margaret dancing at a ball in London Wednesday. Her partner was Major John Wills, one of the chairmen of the Dockland Settlements Ball.

Willard House Tour Set

Eastern School Alumnae to Host Trip Wednesday

A large group of Emma Willard School alumnae who live in the Birmingham-Bloomfield Hills area will be hostesses for the Emma Willard Day house tour Wednesday.

Open for the tour are the houses of Max Fisher, E. Curtis Matthews and Charles Weaver in the Birmingham-Bloomfield area.

The house of E. Ellene Schoenly in Royal Oak is on the tour list, as are those of Bert L. Smokler and Jule G. Solomon in Palmer Park.

★ ★ ★

Houses in the Grosse Pointe area include those of John Lord Booth, E. H. Heaton and Charles Merkel.

Emma Willard School in Troy, N.Y. is the oldest institution offering higher education to women. It was founded in 1814 by Mme. Emma Willard.

Chairman of the Second Century Fund, which is for scholarship aid and to increase faculty salaries is Henry Fonda, whose daughter Jane is an alumna.

★ ★ ★

Alumnae hostesses in Birmingham and Bloomfield Hills include Mrs. Webster Buell, Mrs. Robert Chambers, Mrs. Marcus Cunningham and Mrs. Marshall Fredericks.

Others are Mrs. Barton Garfield, Mrs. James Gunn, Mrs. Wendover Holzworth and Mrs. Edward Rothmna.

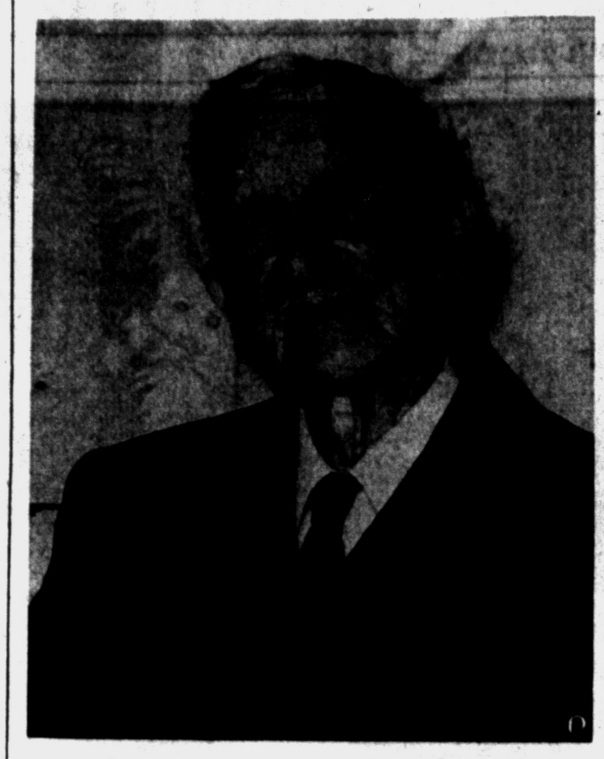
Concluding the list are Mrs. Herbert Ruben, Mrs. William Slocum, Mrs. Thomas Snelham, Mrs. James Stewart Jr. and Mrs. Thomas Yarnall.

Ruth Circle Meets at Bunker Home

Mrs. Robert Bunker was hostess to the Ruth Missionary Circle of Joslyn Avenue United Presbyterian Church at her Stirling avenue home Thursday evening.

Mrs. Floyd Miller led the Bible study and Mrs. Fred Bohlman was in charge of the program.

The following officers were elected: Mrs. Francis Oak, chairman; Mrs. Bohlman, vice chairman; Mrs. Glenn Hoisington, secretary; Mrs. Harry Lunsford, treasurer; Mrs. Eugene Hoisington, world service chairman; and Mrs. Walter Hubner, fellowship chairman.



JOHN R. WILLIAMS

Spry John Williams Will Be 90 Tomorrow

By MARJORIE EICHER

Spry, arrow-straight John R. Williams met us at the door of the "little house" on the old Ward property, where he and Mrs. Williams live in remarkable independence.

Ignoring Friday's gentle rain, he walked, bare-headed and with a quick, youthful step, across the drive to the "big house" to introduce us to his daughter-in-law, Mrs. John M. Williams.

Sunday he will be 90.

Friday he completed the hand labor of excavating for a new septic tank and last summer he and the younger Mrs. Williams put in a garden, as they have every year, "big enough to supply us and all our neighbors."

★ ★ ★

Mr. Williams' blue eyes twinkled with anticipation as he told of his two boys, two grandchildren and two great-grandchildren, most of whom will get together for the family birthday dinner and open house Sunday.

With posture, hearing and eyesight that a teenager might envy, Mr. Williams attributed his long and healthy life to good habit.

"I tried to live a pure life—that covers a lot of ground, doesn't it?" he chuckled.

★ ★ ★

He claims tobacco is his one bad habit, admitting to smoking a pipe with the onset of cold weather.

A native of Kentucky where he farmed tobacco, Mr. Williams came to Michigan 40 years ago. Until 15 years ago, he farmed several hundred acres outside of Plymouth, raising "everything but tobacco."

★ ★ ★

One of eight boys, Mr. Williams met his musician-wife at an old-fashioned Kentucky county fair. Their golden anniversary is far behind them, and they're headed for a diamond jubilee.

As a young man, he played baseball in a small country league. Still an ardent ball fan, he follows the sport on television.

★ ★ ★

Mr. Williams has seen a lot of things change in the span of his life. He is most troubled by the change in people's goals. "Folks are setting too much store in material things," he said.

Consult Doctor

Fats Are Important in Diet

By JOSEPHINE LOWMAN

Since there is some indication that there is a correlation between cholesterol blood levels and the amount of fat and the kind of fat we eat and hardening of the arteries and strokes and heart attacks, many people who are interested in avoiding those killers are taking preventative measures.

There is no conclusive proof yet that cholesteral causes the little plaques which are deposited on the linings of the blood vessels but it does seem to be identified with them in some way which has not yet been demonstrated. These dangerous plaques consist of cholesterol and calcium and other fatty materials.

Before menopause women have a lower cholesterol blood level than men. After menopause it is just about the same. Before menopause fewer women than men die of diseases correlated with hardening of the arteries. After change of life the mortality rates are about the same for both sexes. It may be that a woman's hormones keep her cholesterol level low until after menopause.

It is interesting to note that the higher the standard of living is the more heart disease there is and the richer a country is the greater the fat intake is in the diet. In the United States, which has the greatest evidence of heart disease, more than 40 per cent of the total caloric intake was obtained from fats.

It is becoming increasingly evident that the kind of fat we eat is also important, perhaps as much or more important than the amount. It now seems that the unsaturated fats may lower the blood cholesterol level while the saturated fats seem to raise it.

FATTY ACIDS

Vegetable fats like corn oil and cotton seed oil are unsaturtaed and supply us with essential fatty acids. Animal fats raise the cholesterol blood level and are low in essential fatty acids.

Hydrogenated fats are solid while unhydrogenated fats are liquid at room temperature. Some of the important fatty acids are lost in the process of hydrogenation.

While research continues there are a few things we know we should do.

Reduce to the proper weight. If your cholesterol blood level is high or you have high blood pressure, your physician will guide you in reducing both. Heavy smoking is believed to be one of the factors involved in hardening of the arteries. Cut down.

★ ★ ★

On top of that you may want to cut down on your intake of animal fats by drinking skim or powdered, fat free milk, using corn oil more in cooking and using a corn oil margarine.

Education Dinner Planned Monday

Approximately 300 guests have been invited to attend the "Educational Night" dinner planned by the Pontiac branch of the Assn. for Childhood Education.

The affair will begin at 7 p.m. Monday at Pontiac Northern High School. Dr. Laura Zirbes, professor emeritus of Ohio State University, will be guest speaker.

Farewell Party Set for Guests

A farewell party will be given at the church school by members of the Seventh Day Adventist Church Saturday evening for Mr. and Mrs. Calvin J. Guest.

Residents of the area for 30 years and active in the church all that time, Mr. and Mrs. Guest are moving to the home of their son, Dr. Maurice B. Guest of Coral Gables, Fla.

MSU's Dr. Guy Hill Talks to Mark Twain PTA

Dr. Guy Hill of Michigan State University was guest speaker at the Thursday evening meeting of the Mark Twain PTA.

Dr. Hill's topic was "Helping Our Child Toward Maturity." He stated that parents and teachers should teach children to have faith in people and that parents and teachers should learn to have faith in the children.

He said that from an early age children learn through their own mistakes and by example.

Mrs. James Wade presided at the meeting. Mrs. Ray Hoffman reported on the popcorn sales and Mrs. Diane Shaw noted the progress of the membership drive.

The PTA attendance award was won by Mrs. Julius Middledorf's kindergarten class. Refreshments were served by the sixth grade mothers.

Mrs. Baker Hosts Church Lydia Circle

Mrs. C. S. Baker of Cass Lake road entertained the Lydia Circle of First Christian Church recently.

The program was led by Mrs. D. N. Collison. Mrs. Lester Stanley directed devotions.

★ ★ ★

Mrs. S. E. Baker showed pictures of a world tour.

Emerson Moms for Homerooms Get Acquainted

Emerson Elementary School homeroom mothers met for a get-acquainted coffee hour recently. Chairmen Mrs. Donald Smith and Mrs. John Ferrel explained duties of homeroom mothers.

★ ★ ★

Mrs. Lawrence Curtis, PTA president, was a guest. She welcomed new mothers and expressed thanks for their support and cooperation.

The mothers plan a "Halloween Mystery Phone Call," Oct. 30 between 7:30 and 8:30 p.m. to names selected by a drawing. A name will be drawn from each room, including morning and afternoon kindergartens.

Homeroom mothers are in charge of refreshments for afternoon school parties.

★ ★ ★

Mrs. Chester Welch presided at the refreshment table.

Jolly Ten Club Meeting Again

The Jolly Ten Club resumed meetings this week with a hand painted china display by Mrs. J. L. Slaybaugh at the home of Mrs. Alberta Trask on Hudson avenue. Proceeds from china items went for the group's benefit project.

Mrs. Dessa Quinlan and Mrs. Winifred Larkin were guests.

Mrs. Earl Johnson will open her Pingree avenue home for the November meeting.

Framing Important

Most of the heavy duty work in a home is done by the framing lumber, not necessarily the exterior siding or interior wood paneling, which is always seen. The hidden 2x4s and 2x6s of Douglas fir which make up most of the framing elements in a home provide the great strength needed to resist force of winds and tornadoes, the weight of snows, or the sudden shock of earthquakes.

Oakland County Homes Included in 'House Tour'

Four Oakland County homes are included in the Emma Willard Day "House Tour" set for Wednesday, October 28, from 10:00 a.m. to 5 p.m. Alumnae and parents in the Detroit area are undertaking this project to raise funds for scholarship aid and increased faculty salaries.

★ ★ ★

Among the homes to be opened for this tour is the Max Fisher home at 27751 Fairway Dr., Franklin Hills and the Charles Weaver home at 794 Southfield in Birmingham. Both these homes are furnished with antiques. The Fisher home is Georgian in design, while the Weaver home in contemporary.

Another contemporary home to be viewed is the E. C. Matthews home at 651 Bennington Dr., Bloomfield Hills. In addition to an unusual floor plan, this home has an interesting swimming pool.

The fourth local home is the E. Ellene Schoenly home at 701 Hendrie in Royal Oak. This is a small, one-floor home planned for two people.

★ ★ ★

Five additional interesting and different homes in Palmer Woods, Grosse Pointe and Grosse Pointe Farms are included in the tour.

Even Daylight Brightens Room on Winter Days

Instead of brooding over the prospect of spending another dark, gloomy winter, Ladies, why not try science's latest triumph, windows?

★ ★ ★

Of all the factors affecting distribution of daylight, the direction a room faces perhaps is the most important. Except in the extreme southern part of the country, principal window areas should be placed toward the south. A southern exposure admits the greatest amount of daylight. Furthermore, direct rays of the sun are more controllable from the south than on the east and west during early morning and later afternoon hours.

Another important factor in even distribution of daylight is grouping windows in such a way as to minimize contrasts in brightness. A single large window is better than several small ones. It avoids shadows from wall areas between windows.

The higher a window is placed, the deeper daylight penetrates into the rooms. There are two reasons for this: More sky is visible through the upper part of a window than the lower and the sky overhead is brighter than at the horizon.

★ ★ ★

The ratio of window area to floor area recommended by most building codes is 10 per cent, but this would leave a room in a gloom on cloudy days. A more generous minimum would be 20 per cent.

Protect White Roof

If you are planning to reroof with snow white shingles, make sure your television aerial is covered with a rust-proof coating, say roofing experts. Rust spreads from the aerial to the roof, discoloring the bright new shingles.

Here's The Answer

Question: I have several old screwdrivers with rounded tips. Otherwise they are in good condition. Can these be fixed up to use again?

Answer: Yes. But you'll need a grinding wheel to restore the tips to proper shape. Grind the tips straight across, being certain to dip the blades into water frequently to cool the metal. When the tips are shaped, steel wool lightly.

★ ★ ★

Question: I am making a place in my basement for a home workshop and want to buy a good all-around power tool. Which is best?

Answer: If you are talking about a single power tool of the non-portable variety, then most persons would agree that a table saw probably would fill the bill. But even though a table saw can perform a large percentage of the jobs required, it has some limitations. For instance, if you intend to do a lot of wood-turning, then a lathe would be a better choice. And if you planned on projects involving curved work, then a jigsaw or bandsaw would be the answer.

It might be that when you mention an all-around power tool, you mean one of the combination machines, which incorporate several different kinds of power tools. In that event, look for a machine of good quality in which the tool you expect to use most often is the main component.

Then there is a third possibility — that you may mean a smaller, portable power tool in a less expensive category. Should that be the case, then the portable electric drill is the answer. There are so many accessories on the market these days for a drill that it can be used for almost any task.

When you're eating, you can move the fixture over the table. At other times, you can keep the fixture high and in the center of the ceiling. If your local electrical contractor or store does not carry a fixture of this type, he can order it for you.

★ ★ ★

Question: Should I use boiled linseed oil or raw linseed oil on wood gutters?

Answer: The raw usually is preferable for wood exposed to the elements. By the way, boiled linseed oil is purchased that way. You do not boil it yourself.

Hide Furnace in Playroom With Louvers

Problem for many a homeowner today:

What do you do with the furnace when you build a playroom in the basement?

★ ★ ★

Answer: Hide it behind two louver doors installed Frenchstyle.

Louver doors are ideal when used this way because:

1. The louvers let heat from the furnace into the playroom as well as permit air to reach the heating unit.

2. They open wide for ready access when the furnace needs servicing.

3. Louver doors are acceptable for any decor, from traditional to contemporary.

4. They give the room an interesting background that avoids the dull, empty look of a blank wall.

Louver doors of ponderosa pine are avaliable from building material dealers in sizes and styles for all needs. The clear, smooth wood can be stained or painted with equal ease.

Check on Valuables When Moving

Under rules and regulations governing interstate shipments of household goods, movers cannot assume liability for perishable articles or for any articles of extraordinary value unless they are specifically listed on the bill of lading.

★ ★ ★

"Articles of extraordinary value," according to the claims experts of a national transit company, include such things as jewelry and watches, bonds and stock certificates, documents of any kind, precious stones, deeds, stamp collections, and even letters.

When perishable articles are included in a household shipment—with or wihtout the knowledge of the mover—responsibility for the condition of these items is not assumed by the mover.

Horsefeathers!

There are such things as horsefeathers, contend housing authorities of Allied Chemical's Barrett Division. They are what roofers call furring strips used to even out the surface of old wood shingles before new asphalt shingles are put down over them.

Cement Roof Gutters

When revitalizing roof gutters, a minimum of ⅛ inches of plastic Elasti-gum bituminous roofing cement should line the inside surface of the gutter to prevent future leaks.

Pontiac Press Photos

IN WATERFORD — Most of the work on this aqua cement block home was done by the owner, Richard Schwab. He had some help from relatives. The house has an enormous living room, good-sized kitchen and three large bedrooms, as well as a utility room. Built on a corner lot, the house has been home to the Schwabs and their daughter, Cindy, for a little over three years.

Curved ceiling beams of laminated lumber, slanting upward at their outer extremities, are giving a distinctly Oriental caste to contemporary homes of plank-and-beam construction.

New Putty Pencil Fills Nail Holes in Wood

NEW YORK—The Magic Woodblend Putty Pencil, a new product which should prove a boon to home craftsmen, hobbyists and woodworkers, was introduced recently at the National Hardware Show. It solves the difficult problem of eliminating unsightly nail holes that disfigure wood paneling.

By simply rubbing over wood, the pencil fills nail holes and small cracks. Offered in 12 colors, pencils blend with any shade of wood.

Schwabs Built a House With Good Sized Rooms

By JANET ODELL
Pontiac Press Home Editor

Eleven days after Cindy Schwab was born—Feb. 29, 1956 — her parents, Mr. and Mrs. Richard Schwab moved her into their new home on Waterloo. Building the new house had been mostly a do-it-themselves project. Other members of the family helped so that the house, started Dec. 1, 1955, was finished except for inside decorating that quickly.

There had been problems. In order to let the concrete set properly in cold weather an airplane motor was moved in to keep it warm.

★ ★ ★

The Schwabs have a 36 by 42 slab house with five rooms plus a large utility room. Their living room, attractively done in sandalwood shades, measures 17 by 23 feet. Half walls, topped with planters, and used as storage units divide living room and kitchen. The kitchen is done in Mrs. Schwab's favorite color—pink.

Mrs. Schwab made all the draperies for her home as well as the bedspreads. Both the master bedroom and Cindy's room are generously sized. Richard Schwab constructed and painted bookcase units around two sides of Cindy's room. Toys stay neater on open shelves, Cindy's mother says.

The Schwabs like large lots and open spaces. They have both in a neighborhood where houses vary in size and design and yards are ample. Their own corner lot is 95 by 117 feet.

★ ★ ★

The exterior of the Schwab home is cement block painted aqua with white trim.

Painting New Wood

When you are ready to paint new wood surfaces, such as furniture, there are three basic things to keep in mind: 1) the surface should be dry — with a moisture count of less than 15 per cent; 2) the surface should be free of dirt, dust or grease, and 3) all nail holes and cracks should be filled in with putty or crack filler. Knots of resinous woods should be sealed with shellac or pine knot sealer.

Building Lingo

A bull may have no place in a china shop, but a "bullnose" has a well-established place in the bathroom. As used by contractors, the term "bullnose" refers to trim pieces of ceramic tile which curve in along one edge to finish the top of a wainscot.

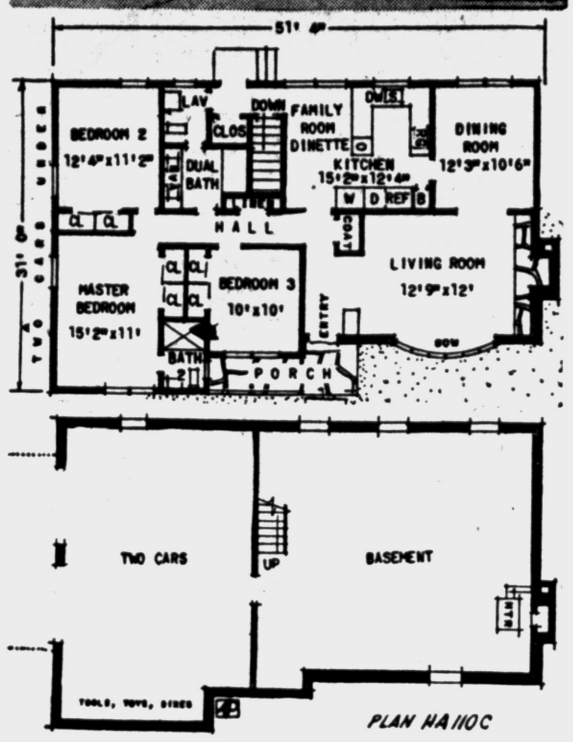
HOMES FOR AMERICANS



SPACE SAVER — Bountiful extras on a medium sized lot: That's what makes this three-bedroom ranch home so attractive. A two-car garage on the basement level saves on the lot size needed. Other features are a family room — dinette and dual bath with entry from rear door and bedroom hall. Living area is 1,385 square feet. It's plan HA 110 C by Architect Lester Cohen, Room 75, 117 W. 48th St., New York 36, N. Y.

20 Per Cent for Housing

Families with an after-tax annual income of more than $3,000 can afford to budget at least one-fifth of their total income for housing, report housing authorities of Allied Chemical's Barrett Division. By budgeting at least one-fifth of their income toward the purchase of homes, prospective buyers can seek out those constructed with greater amounts of durable materials such as asphalt shingles, gypsum board and sheathing.

Will Edsel and DeSoto Disappear?

Second Wave of Compacts Out Early in '60

By BEN PHLEGAR
AP Automotive Writer

DETROIT (AP)—Like Santa Claus, new car introductions used to come only once a year. But things are going to be different in 1960.

Fall introductions of 1960 model cars will be completed this week. Chrysler's new, smaller Valiant, which makes its debut Thursday, fills out the lineup and completes the first set of compact cars by the Big Three of the auto industry.

But the second wave of compacts is not far behind. Indications now are that both Ford and General Motors will introduce some new models in the spring.

The Mercury-Edsel-Lincoln division of Ford already has announced plans to build a more luxurious smaller car called the Comet. It is now aimed for mid-April showings.

The Buick, Oldsmobile and Pontiac divisions of General Motors are well along on their plans for smaller models and could decide to introduce them soon after the Comet.

FOUR NEW CARS?

This would mean four new cars in the market place before the time rolls around to bring out 1961 models. These, incidentally, probably will be unveiled even earlier than this year since the National Auto Show will open in Detroit Oct. 15, 1960, and the companies will want to display their cars in advance of this show if possible.

Both the Comet and the three B-O-P cars (still officially unnamed) will be "compact" cars but not too small. They will be lighter weight with new engineering features. They won't be as big as the standard 1960 models; neither will they be as small as the Corvair, Falcon or Valiant.

The Comet will be marketed by Mercury dealers and is understood to have considerable styling similarity to the 1960 standard sized Mercurys.

★ ★ ★

Interior dimensions will be much the same as the Falcon and a version of the Falcon six cylinder engine will be used. For the Falcon this engine is advertised at 90 horsepower. Reports say it tests more than this and that the higher figure will be used for the Comet.

The rear end will be longer than the Falcon and trunk space is said to have been increased more than three cubic feet.

All in all it will look considerable different than the Falcon, will weight a little more, have more luxurious appointments inside and will cost a little more, although probably not as much as the most expensive versions of the standard size Ford.

BASIC BODY SHELL

The B-O-P cars will be three versions of one basic body shell. At one time it was understood the Corvair shell would be used, but now it is believed the shell will be a separate one, although it will be of unitized construction like the Corvair. This means one integral unit, rather than a separate body bolted to a separate frame.

These cars will have the engines mounted in the front whereas the Corvair has a rear engine. But the engines will be aluminum V-8s, first to be tried on production cars.

Preliminary tooling orders call for two types of automatic transmissions, a two-speed Powerglide unit similar to the Corvair, and a three-speed Hydramatic, a smaller version of one now used by Olds and Pontiac.

★ ★ ★

The B-O-P cars will have 112 to 114 inch wheelbases. The Comet will have 114. These compare with 108 for the Corvair and 126 for the standard size Mercury.

With the new cars coming in will some of the present ones be leaving the showrooms permanently?

The various companies vigorously deny such reports when they crop up. However, at least two present lines have been cut back sharply for 1960—Edsel and DeSoto. Edsel offers just one series and seven body styles. DeSoto has two series but only six body styles.

Originally introduced in the medium price field, the Edsel price range now is covered completely by the regular Ford.

DeSoto abandoned the upper half of the medium price field for 1960 and priced its two series so that they sandwich into the two Dodge series. The size of the DeSoto also was trimmed this year to correspond with Dodge.

★ ★ ★

They rank 13th and 14th in sales for calendar 1959 in a field of 16 makes, beating out only Lincoln and Imperial, and together account for less htan 1½ per cent of the total market.

This isn't saying that DeSoto and Edsel will disappear next year. But with the industry in a state of flux they're worth watching.

THE GIRLS — By Franklin Folger

"You know what, mother? Your cake would look exactly like the ones on television if you'd cut a big slice out of it!"

ADA Scoreboard Raps 2 in State

Pins Stars on 7 Solons but Denounces GOP's Hoffman and Johansen

WASHINGTON (AP)—Two of Michigan's 20 Congress members were scored wrong all the way in the last session by Americans for Democratic Action.

Seven others, including both Democratic senators, scored a perfect 100 on ADA's annual report card out this week.

ADA gave goose eggs to Reps. Clare E. Hoffman (R) and August E. Johansen (R), who probably couldn't care less, since ADA's political stands generally parallel those of the most liberal northern Democrats.

The organization compiled the voting records on what it selected as nine key issues in the House and Senate. A score of 100 means the Congress member voted "in harmony with the liberal position" in all the votes he cast on those issues.

Two other Michigan Republicans, Reps. Elford A. Cederberg and Victor A. Knox, scored near the bottom of ADA's list. Each was scored as casting an 11 per cent liberal vote.

The 100 percenters were Sens. Pat McNamara (D) and Philip A. Hart (D), and Reps. Thaddeus Machrowicz (D), James G. O'Hara (D), Charles C. Diggs Jr. (D), John D. Dingell (D) and Martha W. Griffiths (D).

Other Michigan percentages as scored by the ADA:

Reps. George Meader (R) 22, Gerald D. Ford Jr. (R) 22, Charles E. Chamberlain (R) 22, Alvin M. Bentley (R) 22, Robert P. Griffin (R) 33, John B. Bennett (R) 44, Louis C. Rabaut (D) 89, John Lesinski (D) 89, William Broomfield (R) 33.

The nine issues in the House were admission of Hawaii to the Union, restriction of TVA to issue bonds, direct treasury financing for public housing and urban renewal, public housing and urban renewal authorization, foreign aid, state's rights anti-preemption bill move to upset Supreme Court Mallory decision requiring speedy arraignment of criminal suspects, substitution of tougher labor reform bill for original measure, and food stamp program. Similar issues were used in the Senate.

Sheatfish Are Largest

Sheatfish are the largest fresh water fish in the rivers of Europe. It is practically the same as catfish caught in American streams.

Surviving are her husband; four daughters, Mrs. Eloise Widdows of Port Huron; Mrs. Joyce Stroup of Lapeer, Mrs. Betty Lynn of Columbus, Ohio, Mrs. Janette Rudzuak of Detroit; three sons, William Burgess of Port Huron, Ira and Freeman Wood of Lapeer; 13 grandchildren, three great grandchildren; one brother and one sister.

Baby, Divorce Boom Hits U.S.

5,000 More Are Born Than Previous August; Marriage Rate Stable

WASHINGTON (UP)— More babies were born in this country in August this year than in any prior August.

★ ★ ★

The public health service estimated there were 382,000 registered births during August. The previous record was 377,000 for August of both 1957 and 1956.

For the year through August there had been an estimated 2,817,000 registered births, or 2.2 per cent more than the 2,757,000 for the same 1958 months. The birth rate this year had been 24.1 per 1,000 population as compared with 24 last year.

The service also reported that divorces granted during August in 29 reporting areas ran 15 per cent higher than a year earlier while marriages numbered an estimated 146,000 during the month in each year.

The number of divorces reported was 13,966, compared with 12,160.

★ ★ ★

This made August the 14th consecutive month in which the divorce total was higher than the figure for the same month of the preceding year.

From Jan. 1 through August there had been 117,809 divorces listed by the 29 areas, or 8.3 per cent more than in the first eight months of 1958 and 5 per cent above the similar 1957 total.

Ford Sales Climb, Falcon Gets Credit

DEARBORN (UPI) — Sales of new Ford cars during the first 10 days after introduction of the 1960 models climbed 23 per cent above sales for the comparable period of last year with the new Ford Falcon accounting for most of the boost, a Ford official says.

James O. Wright, Ford Motor Co. vice president and Ford Division general manger, said the increase in the Division's sales was about equal to the 1,000-a-day sales of the Falcon.

Thunderbird sales during the first full week after new model introduction was 65 per cent ahead of last year while sales of Ford's standard-sized cars just about kept pace with last year's sales.

Wright said Ford dealers already have placed orders for 500,000 new Fords, including 97,000 Falcons, which are scheduled for production before Jan. 1.

★ ★ ★

Ford dealers delivered 57,000 new cars, including 9,500 Falcons, during the firs 10 selling days and took customer orders for an additional 53,000, Wright said, making a total of 110,000 new Fords either sold or on order since introduction date.

Consumers Announces Income of $3.58 a Share

JACKSON (UPI) — Consumers Power Co. Friday announced its net income, after preferred dividends, for the 12 months ended Sept. 30 was $31,703,287, or $3.58 a share.

This compared with $28,227,525, or $3.21 a share, for the same period in 1958.

The company said kilowatt-hour sales of electricity were 12.5 per cent higher in the 12 months ended Sept. 30 than in the previous year and that gas sales in cubic feet were up 14.4 per cent.

Knight Lawyer Wins a Point

2 Police Admit Illegal Search of Accused Killer's Home

BRIGHTON (UP) — Alvin W. Knight's attorney got two veteran State Police detectives to admit yesterday that their search of Knight's home for missing state trooper Albert Souden amounted to breaking and entering.

★ ★ ★

Martin J. Lavan wrung the admission from Sgt. Arthur E. Stock and Det. Kenneth O. Winberg at Knight's examination on a charge of murdering Souden.

Both Stock and Winberg admitted they searched the home of Knight's mother at nearby Argentine Sept. 4 without a warrant.

The officers admitted pushing open a back door and searching the house from attic to basement.

FOUND LETTER

They said they found a letter in a dresser drawer that led to an aunt of Knight's in Flint and that she told them they might be able to find Knight at a Cedar Lake cabin near Oscoda, where, subsequently, he was arrested.

Lavan contended both the search of Knight's home and the cabin were illegal, but lost his attempt to prevent admission of Souden's gun, found in the cabin with Knight, as evidence.

Lavan also has attacked as a breach of constitutional rights the almost continuous questioning of Knight from his arrest Sept. 4 to Sept. 7, when he led State Police to the trooper's body near the defendant's Argentine home.

★ ★ ★

Knight has insisted he did not admit, as police say, that he killed the trooper.

Souden had been shot in the back of the head and partially buried in a shallow, brush-covered grave.

Justice of the Peace G. Eric Singer is conducting the examination to determine whether Knight should be bound to Circuit Court for trial on a charge of murdering Souden, who vanished Sept. 3, after going to Knight's home to question him about a $75 burglary.

Rare Display of Harmony Set for U. S., Russia

UNITED NATIONS, N.Y. (UPI) — The United States and the Soviet Union make music today in a rare demonstration of harmony to celebrate the 14th birthday of the United Nations.

To flavor the East-West mixture, neutral Switzerland will join in.

Orchestras in Moscow, Geneva and at U.N. headquarters in New York were scheduled to participate in a global two-hour radio concert this afternoon as part of U.N. Day observances throughout the world.

The anniversary finds the world parliament gripped in an atmosphere of suppressed excitement — optimism mixed with doubt and anxiety — at the prospects of reducing East-West tensions, possible disarmament and a global economic expansion.

This is the first year the Soviet Union agreed to participate in the international broadcast.

Warren Gives Library Job to Bloomfield Hills Firm

Awarding of construction contracts for a new municipal branch library for the City of Warren has been announced by Tarapata-MacMahon, Bloomfield Hills architects.

The building includes a special depository so drivers may return books without leaving their cars. Total construction cost is $82,642.

Clubs Show How

Slash Christmas Costs

Oakland County home economics clubs have shown that resourcefulness can more than supplement never-quite-enough Christmas gift budgets.

★ ★ ★

Demonstrations proved the fact early this week at the annual Christmas Workshop sponsored by the Oakland County Home Economics Extension.

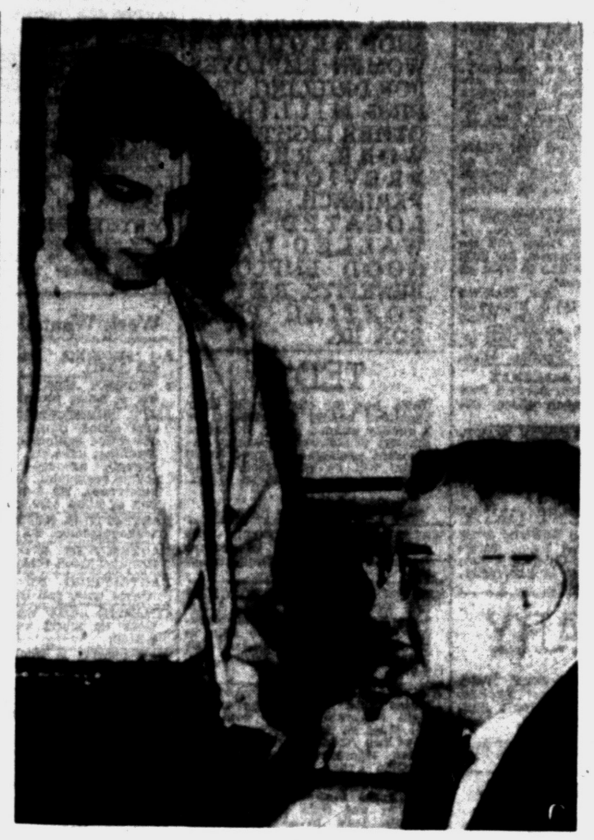
An all day event at Michigan State University Oakland, the wrapping techniques, Christmas decorations for the wall and door, driftwood arrangements and Japanese Orgami . . . folding fancy papers.

Participating were Mrs. Grant Furgeson of the Castle Gift Shop, Mrs. Norman Kerstein and Mrs. Albert Landbeck and the National Farm and Garden Club of Rochester.

★ ★ ★

Displays of hundreds of gift ideas for pre schoolers, family, parents and grandparents with directions for their copy were submitted by more than 100 clubs in the county.

Each club also sent a Christmas tree ornament and an idea for using natural materials such as milkweed pods, cones or driftwood.



AP Wirephoto

OUT OF SOLITARY—Judge Alfonso Magnotta gives some final counsel to Richard Lee Babic, of Battle Creek Friday. The 16-year-old, released after 43 days of a 45-day shock sentence in the Marshall County Jail, said "I feel the judge gave me a break and I do not intend to make any more mistakes." The youth showed no ill effects of his frugal diet of bread, milk and vitamin pills. After his long solitary confinement, he said he wanted "something to eat and to go to sleep." He has a juvenile record and still is on five years probation. First offenders are getting similar treatment.

Bufalino Nixes 'Kennedy Offer'

Claims Racket Counsel Wanted to Settle Suit Out of Court

DETROIT (UPI) — William Bufalino, an official and attorney for Teamsters Union Local 299, reportedly has refused an out-of-court settlement offer from Robert Kennedy, former counsel for the Senate Rackets Committee.

★ ★ ★

Bufalino told a Detroit radio station yesterday he was approached about a settlement by a man who represented himself as a spokesman for Kennedy.

The Teamster has filed a five-million-dollar damage suit against Kennedy.

Bufalino said he would not settle the suit out of court because he wanted a jury to decide the case.

'SCORN' TOO GREAT

He said the "public scorn" caused him by Kennedy's statements was too great to settle out of court.

The union official filed suit in federal court here charging Kennedy libeled him in statements made in Washington in September 1957.

Kennedy allegedly said a portion of Bufalino's testimony before the Rackets Committee was not true.

★ ★ ★

Buffalino had testified that a Rackets Committee investigator drew a gun on a Negro teamster when the Union member refused to make information about Bufalino available to the committee.

Bufalino said he was seeking a change of venue in the case. He and his attorneys have been unable to serve a subpoena on Kennedy in Michigan.

Kennedy was not immediately available for comment.

Bering Straits Dam Proposed by Red Scientist

MOSCOW (UPI)—A prominent Soviet scientist today proposed Russia and the U.S. collaborate on building a dam across the Bering Strait which he said would radically alter the climate of Alaska, Canada and Siberia.

Stalin prizewinner Peter M. Borisov, writing in the Literary Gazette, proposed linking Asia and North America by a gigantic concrete dam across the 50 miles separating Alaska from Siberia.

The dam would block the icy waters of the Arctic current from flowing south and allow warm Gulf stream waters north into the sub-arctic area, he said.

Such a dam, he said, would reclaim hundreds of millions of square miles of territory on two continents from permanent frost and would also improve the climate of Europe and northern Asia.

Marital Rift, Film Scripts Blamed in Check Forging

PASADENA, Calif. (UPI) — Movie scripts and a marital rift were blamed yesterday by motion picture writer - producer Anson Bond for his passing more than $3,000 worth of bad checks.

★ ★ ★

Bond, 45, the son of the founder of the Bond Clothing Co., was arraigned on charges of writing checks without sufficient funds and one count of forgery.

Bond, married two weeks ago to a 24-year-old Newport Beach school teacher, said he was divorced from his first wife, Maxine Lesh of Columbus, Ohio, in 1951.

★ ★ ★

The writer-producer's film credits include "The Judge," "Skid Row," "Japanese War Bride" and "China Venture." He currently is working on "The Probation Report."

Moscow Radio Asking U. S. to 'Be Good Friends'

LONDON (AP) — Moscow radio Friday began a new series of daily programs beamed to North America, entitled "Let Us Be Good Friends."

"We hope with this feature to stimulate closer relations and greater trust between the people of the United States and the U.S.S.R.," said the opening announcement.

"This is a big world and to every one of us many millions of other people are strangers. We know that all of us have this in common: we all want peace and a decent life."

The program promised news and opinions about "peaceful competition" between the two nations.

U. of M. Regents OK $38.6 Million Budget

ANN ARBOR (UP) — University of Michigan officials adopted a "wait and see" attitude today in the state's latest money crisis.

★ ★ ★

"The total impact of the Supreme Court's ruling will be felt later," the university's president said. "We're in about the same financial situation as a year ago and we expect those in authority will move promptly to correct the situation."

The regents yesterday approved a request for $38,694,933 from the state for operation of the university in the 1960-61 fiscal year. This figure represents about a third of the total operating expenses of the university.

The request, which is nearly six million dollars above that of the preceeding year, covers four major areas: salary and wage boosts for the faculty and staff; addition of 126 new teachers; business and plant operations; and, financing of research, libraries and student services.

★ ★ ★

Gifts and grants totalling more than $1.5 million were accepted by the regents. Largest share of the package was a $1,175,000 grant from the Ford Foundation to finance two new programs in the College of Engineering.

Congressman Diggs Puts Off March Deal

DETROIT (UPI) — Negro Congressman Charles C. Diggs of Detroit Friday informed Mississippi Gov. James P. Coleman that he has "postponed for the time being" his proposed "national march on Mississippi."

In a letter to Coleman, Diggs, a Democrat, said he had been influenced to cancel the march by two developments.

First, he said, he found that Mississippians whose opinions he respects "felt that the time is not ripe for a mass demonstration of this type. In spite of impressions held outside your state," Diggs said his friends in Mississippi "are hopeful that Democratic principles soon may be honored in Mississippi."

Secondly, he said he was "made aware of a rumor that the protest group would be stopped by your state troopers at the Mississippi line after it had traveled from Memphis. The likelihood that a peaceful mission might be transformed into a violent encounter by this action did much to bring about my decision," Diggs wrote.

Diggs earlier had informed Coleman that it was his plan to have "Americans of all races, creeds and colors converge on Vicksburg on Veterans Day (Nov. 11) as a peaceful protest against Mississippi's glaring record of civil rights injustices."

About $2,300,000,000 worth of frozen food was sold in the United States in 1958.

Chevrolet May Lose Leadership

Hamstrung by Lack of Steel While Ford Co. Is at Full Production

By JACK VANDENBERG
UPI Automotive Editor

DETROIT—The steel strike may cost Chevrolet its traditional sales leadership this year.

★ ★ ★

Ford Division of Ford Motor Co. was taking a big lead over Chevrolet in sales this week, in part at least because Ford was able to produce all the cars it could sell while Chevrolet was hamstrung by steel shortages.

Ford reported its sales during the first 10 days of selling 1960 models were 23 per cent above sales during the same period last year, primarily because of Ford Falcon sales.

Chevrolet earlier reported it sold or had orders for a total of 75,000 new cars during the first two days in which the cars were on sale. It said 35 per cent of these sales were Corvairs.

But since then Ford has continued selling at full speed while Chevrolet has been forced to ask some of its customers to wait. Some of the prospective customers, anticipating a long wait for a Chevrolet product, have turned to other companies for a new car.

★ ★ ★

Chevrolet at week's end reported eight of its 13 assembly plants were closed down because of steel shortages. It said there were at least a few workers laid off in each of its plants and a total of 43,000 of its hourly rated employes were idle.

Kiwanis Travel Series Returns

Stan Midgley Back to Begin Annual Film Adventures at PCH

The Downtown Pontiac Kiwanis Club's annual Travel and Adventure Series will begin Tuesday night with the appearance of Stan Midgley.

★ ★ ★

Midgley has become a favorite with Pontiac audiences over recent years with his color films and humorous narratives.

This year's presentation is titled "Mountain Holiday in the Golden State." It is described by Midgley as "1,000 laughs—1,000 miles by bicycle and afoot."

The trip takes in the Redwood Empire of northern California in springtime, Mt. Shasta, Lake Tahoe, Alpine County, The Devil's Postpile and the top of Mt. Whitney.

★ ★ ★

Tuesday's performance and the six others to follow will be held at the Pontiac Central High School auditorium. All programs begin at 8 p.m.

Little Rock Negroes Plan to Boycott Dem Dinner

LITTLE ROCK, Ark. (AP)—Negro leaders have indicated they will boycott a Democratic party harmony dinner here because the affair calls for segregated seating.

Two Negro leaders met with dinner sponsors early this week and agreed to provide the names of 25 other Negroes to be invited.

Sales, Advertising Head for CBS Dies at 48

NEW YORK (UP) — William Golden, 48, creative director of sales promotion and advertising for the Columbia Broadcasting System, died Friday of a heart attack at his home in Stony Point, N.Y.

He is credited with introducing the CBS television trademark, the "eye."

It'll Be Wild, Man, Wild

Elvis to Be Out in March

FRANKFURT, Germany (UPI) — Take note of the date March 23, 1960. That's the day Elvis Presley gets out of the Army.

It would take a true prophet to predict what will happen on that momentous day for the loyal fans of the wriggling rock 'n' roll, guitar-strumming Presley.

But if the goings-on which have been put on record during Presley's hitch in Europe are any indication, it should be wild, man, wild.

The "eye" of the storm probably will be the petite mansion in the suburban spa of Bad Nauheim, where a sign in English and German proclaims "Autographs between 7:30 and 8:00 p.m. only, please."

Here Presley has lived during his Army service, commuting to his military assignments in a sports car kept eternally gleaming by the legion of devoted fans eternally camped at the front door.

While the car is kept polished, the front fence is a mess. "Elvis, I love you," say dozens of messages printed or written in lipstick, paint, pen or pencil, and "Elvis, please call me at . . ." followed by a telephone number.

Presley has had the fence repainted three time already.

Presley has been forced to put up the autograph-restricting sign because of the hundreds of fans that have beseiged him here.

Reject UAW Attempt to Close Cross Plant

MOUNT CLEMENS (UP)—The United Auto Workers have lost a court attempt to force closing of the strikebound Cross Co. at nearby Fraser.

Macomb County Circuit Judge Alton H. Noe yesterday rejected the union's petition for account order requiring the automation machinery firm to halt operations during the strike.

Judge Noe described as "novel" the UAW contention that strikers were "terribly aggrieved" and that violence had been provoked by "the constant coming and going of nonstrikers." The judge said it was a matter for decision by the National Labor Relations Board.

Woman Doctor From Korea to Join Health Work

A Korean woman physician has been assigned to work with the Oakland County Department of Health for one year by the Michigan Department of Health.

Dr. Nan Kyung Koh is preparing for well child conferences in Oakland County this winter.

Her efforts with the department will concern maternal and child health.

Dr. Koh was graduated from Tokyo Women's Medical College in 1941. She took her internship at the Canadian Mission Hospital in Hamheung, Korea.

A two-year residency in obstetrics-gynecology at Severance Union Medical College Hospital in Seoul followed.

In 1947, she attended the University of Michigan's School of Public Health. A postgraduate course in pediatrics, obstetrics and gynecology followed.

Dr. Koh, who lives at 130 Seminole St., will be eligible for U.S. citizenship in 1960.

Labor Troubles Cut Auto Output 16 Pct.

DETROIT (UP) — Ward's Reports said today labor troubles in and out of the auto industry cut car production by 16 per cent this week.

The major problems came from a lack of steel, due to the steel strike. Chrysler also experienced a wildcat walkout in Detroit which cut Chrysler car production to about 20 per cent of last week's turnout.

For the week, Ward's estimated production at 111,487 units against 133,430 a week ago and 70,973 in the similar week of 1958. Much of the drop came in Chevrolet production as nine assembly plants worked either two or three days.

Ford built Falcons only three days. The Chevrolet Corvair plant at Willow Run worked four days as did Imperial in Detroit.

Truck production was estimated at 21,354 units compared with 23,954 last week and 16,255 in the same week last year.

Car production so far this year totals 4,738,569 units against 3,045,448 on the same date in 1958.

Pontiac Twp. Collision Injures 13-Year-Old Girl

Delores Domke, 13, of 228 Clifford Ave., was treated at Pontiac General Hospital and released Friday for injuries from a two-car collision at Auburn and Opdyke roads, Pontiac Township, according to Oakland County sheriff's deputies.

The girl was riding in a car driven by her mother, Mrs. Wilma Domke, 46.

Oranges Started East

SACRAMENTO—First train load of California oranges in refrigerated cars left Los Angeles for market along the eastern seaboard on Feb. 14, 1886.

Answer to Previous Puzzle

STATE OF MICHIGAN—In the Probate Court for the County of Oakland, Juvenile Division

In the matter of the petition concerning Michael Brown, alias Harper, minor Cause No. 16616

To Rose Brown Reed, mother of said child:

Petition having been filed in this Court alleging that the present whereabouts of the mother of said minor child are unknown and said child has violated a law of the State, and that said child should be placed under the jurisdiction of this Court.

In the name of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Oakland County Service Center, Court House Annex, 1260B West Blvd., in the City of Pontiac in said County, on the 3rd day of November, A.D. 1959, at nine o'clock in the forenoon, and you are hereby commanded to appear personally at said hearing.

It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in The Pontiac Press, a newspaper printed and circulated in said County.

Witness, the Honorable Arthur E. Moore, Judge of said Court, in the City of Pontiac in said County, this 19th day of October, A.D. 1959.

(Seal) ARTHUR E. MOORE
Judge of Probate

Card of Thanks 1

WE WISH TO EXTEND OUR heartfelt thanks and appreciation for the acts of kindness, messages of sympathy, and beautiful floral offerings received from our many friends, neighbors and relatives during the recent death of our beloved husband and father, Ward Miracle. We especially thank the Rev. Levi Saylor, Bobby Mayhorn, Boyd Wilson, Pursley Funeral Home, friends at GMC and Pontiac Motors and Locals 593 and 654, Catherine, Lucy Fay, JoAnn and Winfred Miracle.

In Memoriam 2

IN MEMORY OF OUR BELOVED son, Jack Cline, who was killed on October 24th, 1953.
The songbirds melody fills the air,
Long after the bird has gone.
And when the rose has lost its bloom
Its fragrance lingers on
Even though we cannot see the son
From who we've had to part,
His memory, like a melody
Still lives forever in our hearts.

Help Wanted Male 6

AN EXCEPTIONAL OPPORTUNITY

If you are one of those young men that graduated in the upper 10% of your class but was unable to go to college due to financial circumstances, this opportunity may appeal to you. As you know, a four year course in college costs approximately $4,000.00 or more and your only income is from extra activities in addition to your studies. Then, when you have graduated from college you must find employment and start from somewhere near the bottom.
We have an opportunity for a young man willing to learn and not afraid to study and work, with an excellent opportunity for advancement and steady employment who could take charge of the business after he had proven his ability to do so, at a salary above the average for college graduates.
If you think you are qualified and if you are willing to undertake such a challenge, please give age, educational preparation, list past experience, name and address of former employers, personal references and any other data that would be of interest to a future employer. Address — confidential. P. O. Box 7, Pontiac, Michigan.

3 MUSICIANS FOR CLUB 1 EVENing a week. Call FE 8-2060

Civil Engineer

To be assistant to engineer in charge of new construction and maintenance engineering for large campus type governmental center. In addition to a newly started $3,000,000 building responsibilities will include construction and repairs of building and all utilities including steam and roads.
This is a permanent career position offering great opportunities for professional growth and an opportunity to step into the top job within the next few years. Paid vacations and sick leave, retirement plan, combined with social security, life insurance and hospitalization plan.
Applicants should be either registered as professional engineers in Michigan now or expect registration within 3 years. Salary $7900 to $9,000. Contact Personnel Office, Oakland County Office Building, 1 Lafayette St., Pontiac, FE 3-7861.

A NEW BOSS—YOURSELF ESTablished sales route with approximately 1,500 customers. 8 hours daily. $117 a week guaranteed to start. Married, under 40, with good car and phone. Call OR 3-8565.

COOLEY
Only PRESTO Soft fully Automatic WATER SOFTENER
regenerates by the actual amount of water used!
At last - here is the Water Softener that brings you an entirely new concept in water softening! Of all the leading softeners only Presto regenerates by the actual amount of water used — not by "guesstimating" water usage or by setting clock controls. When no water is used the softener will not regenerate, saving up to 50% or more on salt and water required for regeneration.
The low, low budget price of the Custom PRESTO Water Softener makes it possible for every family to enjoy the many money saving benefits of soft . . . wonderfully soft water.
You'll be pleased with the smart, functional styling of the several models available, including LIFETIME FIBERGLASS. Choose from Snowfire White and Coloramic Colors.
PRESTO flo-meter YOU'LL NEVER RUN OUT OF SOFT WATER
The "sixth sense" of the Presto Softener is provided by this superb product of Presto's advanced engineering skill. It eliminates button-pushing, valve twisting and all of your water softening worries.
Presto gives you top performance plus real penny-pinching economy . . . and the assurance that you'll never run out of soft water even with a houseful of extra guests. Ask why Presto can handle "bad iron".
Be Sure to Ask for Your Free Water Analysis

Nikita Finds Atheism Poor Public Relations

By PIERRE J. HUSS

UNITED NATIONS, N. Y. — Soviet Premier Khrushchev was careful during his American visit to avoid involvement in any heated controversy about the freedom or repression of religion in the Soviet Union.

★ ★ ★

In fact, this good Communist and therefore confirmed atheist bent backward to accommodate devout American churchgoers by invoking the name of God at various occasions.

★ ★ ★

He spoke the truth when he said that the church as such exists legally in Russia, and those who wish to spend time in practicing their special religion are free to do so.

What he omitted was that religion in the Soviet Union has fought for its life the past 42 years, and has survived and is reviving despite the antireligious education, persuasion and propaganda hurled against it day in and day out with all the powerful resources of the Soviet government and Communist Party apparatus.

There is no question but that the influx of foreign tourists from western lands, the majority of them Christians and sensitive to any repression of the church no matter of what denomination, has saddled the Kremlin with new difficulties in keeping up the fight against the "opiate of the people" to recall Lenin's sneering description of faith in God.

TOURISTS WONDER

Tourists from the free world almost unfailingly look for the open church and on Sunday listen for the pealing of church bells, especially in visiting Soviet cities, and they are quick to react to signs that all is not well with the freedom of worship.

So it has become necessary for the Communist rulers to polish their manners and talk less loudly of Atheism, much less boast of the fact that to them Marxism is in effect not only a religion but the only true religion they acknowledge. That is something Khrushchev failed to stress in his American visit.

★ ★ ★

The fact of the matter is that the Communists' war on religion, especially in Russia and Europe, has dropped all violence and physical coercion but has redoubled its onslaught through exploitation of the published word, the radio, television, school and lecture platform.

★ ★ ★

Its primary strategy is to convert the youth of the land behind the Iron Curtain from parental religious teachings to cynical atheism and therewith to more intensive acceptance of life under communism.

Say Mrs. Peter Marshall to Wed in November

WASHINGTON (AP) — The Washington Post said today that Catherine Marshall, best-selling author and widow of Dr. Peter Marshall, will marry Leonard Earle le Sourd of New York.

★ ★ ★

Mrs. Marshall wrote "A Man Called Peter," an inspirational biography of her husband, who was chaplain of the Senate and pastor of a Washington Presbyterian church. He died in 1949.

★ ★ ★

The Post said the marriage will take place in Leesburg, Va., on Nov. 14.

Le Sourd is on the staff of "Guideposts," a monthly religious publication edited by Dr. Norman Vincent Peale.

CHRYSLER'S VALIANT — On display for the public is the Valiant — Chrysler Corporation's answer to the Ford and Chevrolet economy cars. It will be offered in two series of four-door sedans, with a station wagon to be added after the first of the year. The engine is expected to deliver between 110 and 120 horsepower, and obtain 30 miles to the gallon on the highway. The car weighs 2,600 lbs., about 1,000 lighter than standard autos. The Valiant is 53.3 inches high, 70.4 inches wide, and 184 inches long, with a 106.5-inch wheelbase. The Valiant may be seen at the showroom of Chrysler-Plymouth dealer, Jack Cole, Inc., 1000 W. Maple Rd., Walled Lake.

An American has more food to eat than a citizen of any other country — and more diets to keep him from eating it . . . Many a man can tell you exactly where and when he got married, but can't quite remember why. —Earl Wilson.

LA Deceived, Can't See Light

Smoggy Problem Far From Dissolved, No Miracle Cure Found

DETROIT (AP) — Sorry, Los Angeles. Your jubilation is a bit premature.

That was the word today from the auto industry in response to an announcement in Los Angeles that a devise has been perfected to control pollution from auto exhaust. Californians believe auto exhaust contributes greatly to smog problems.

"Several devices are progressing," reported a spokesman for the Automobile Manufacturers Assn., "but none is ready for production. We are hopeful but development work is not completed. We are encouraged by the progress of the last six months but we are not yet able to say when any of these devices can move into the production stage."

Director Smith Griswold of the Los Angeles Air Pollution Control District has told Los Angeles County Supervisors that an afterburner in the exhaust manifold, invented by space scientist Dr. Stuart Ridgeway and now under development by Thomson-Ramo-Woolridge and Chrysler Corp., "is capable of rolling back our smog to the pre-1940 level."

The Supervisors were so enthusiastic they passed a motion asking Gov. Edmund G. Brown to consider placing smog-device legislation before a special session of the Legislature, making its installation mandatory on 1961 cars.

"So far," said the AMA spokesman, "this particular device is still in the prototype stage. It has not even been tested on cars and it would be quite a bit premature to consider passing a law requiring its installation."

Scientists Go, Go, Go, but It's No Game

NEW PROVIDENCE, N.J. — When scientists at the Bell Laboratories here invite you to "Go," they're not being rude.

An ancient Oriental game called "Go" has become the top diversion for the space-age scientist. It's a test of mental strategy.
