**BOARD EXTENDS
PIRGIM AGREEMENT**

term.

The OU Board of Trustees has extended a fee collection agreement between the university and the university's branch of PIRGIM (Public Interest Research Group in Michigan) for the 1975 fall

Both PIRGIM and university officials went before the board May 28 with different proposals for a revision in board policy regarding the presentation of PIRGIM's name at each registration for voluntary student support and on the percentage of student support that must be shown.

Under the existing board policy, OU collects fees in support of PIRGIM from students who sign up on a voluntary basis during registration. The policy forbids listing of PIRGIM's name on official registration documents and asks that one third of the student body voluntarily contribute to support PIRGIM for two successive terms (excluding spring and summer sessions). Under changing registration procedures PIRGIM has registered varying levels of student support, but it has been unable to meet the one third quota.

In extending the current agreement first approved by the board in 1972, trustees asked that both sides seek a compromise proposal for presentation at a future board meeting. No disagreement was voiced over the quality of work being done by the consumer-protection-oriented organization.

SWIM CLUB NOTES

Because of the availability of a number of Swim Club memberships - maybe due to the rotten weather we've had the past two weeks - we shall now welcome applications for the Non-University Employee Sponsored Memberships. These applications can only be considered when sponsored by a regularly subscribed member.

Those wanting to sponsor a member should submit an application form, the sponsored member's check for the appropriate fee, and a letter indicating sponsorship. Application forms are available either at the pool or at the Sports Building. Notification of approval will be made to the sponsoring member.

The rates are: Remainder of season - Single \$65
Couple \$90
Family \$135

Six weeks (per schedule) - Single \$ 35
Couple \$ 50
Family \$ 75

All applications for memberships will be considered in the order received and they should be directed to: William Pfaff, Sports Building, Oakland University.

Those of you who have been at the pool this year have very probably noticed the new-looking chairs and chaises. Water temperature has climbed into the 60's and the kids at least are getting wet. Attendance has been pretty fair in spite of the weather.

The telephone service at the pool can no longer be free. The lifeguards have been asked to collect a dime for each call. Because the phone is primarily an emergency utility, callers will be asked to limit both the frequency and duration of its usage.

The pop machine is not yet installed and we don't yet know if or when it will be. Saga has been studying the situation for about a week now and will advise us.

Almost forgot - we'll save up rain days and tack them on to the end of the season. Anyone who has been a member during the season will be welcome, should they occur.
