

MINUTES OF THE MEETING  
of the  
BOARD OF TRUSTEES  
September 18, 1958

Mr. May and Mr. Varner presented proposal covering the possible financing of a building at MSU-O to provide dining and study facilities for the students there. The Oakland County Board of Supervisors is underwriting part of the cost of this building, and it is proposed that the balance of the cost be underwritten by the pledging of student fees collected from students at MSU-O for the purpose of financing this building. If the project is approved, it is recommended that the Swanson Associates be employed to complete plans and specifications.

On motion by Mr. Harlan, seconded by Mr. Brody, it was voted to approve the above recommendation.

Proposal for  
financing  
dining  
facility
