OUWB Publication Report: October - December 2018

The Medical Library is pleased to publish the [OUWB Publication List, October - December 2018](#) featuring the published work of our OUWB faculty, staff, and students! This report includes citations to articles, published meeting abstracts, and other works added to the major medical databases in the months of October, November, and December 2018. Highlights include:

- 97 peer-reviewed articles
- 52 abstracts
- 36 medical student citations

If your publication was inadvertently missed, please email the citation to us at medref@oakland.edu and it will appear in next quarter's report!

Student Corner

Mobile Apps Fair

The Medical Library is hosting our annual Mobile Apps Fair on **Thursday, May 30 from 12:00 - 1:00pm** in the hallway outside of the student lounge! Stop by our table to download the essential clerkship apps to your mobile devices, including clinical information resources to use at the point-of-care, drug information resources, flashcards, and more! No RSVP required...just stop on by!

World Immunization Week: April 22 - 28, 2019

With the recent measles outbreak in Michigan, this year's [World Immunization Week](#), April 22 - 28, 2019, is particularly timely and important to recognize. Hosted annually by the World Health Organization, this year's theme of "Protected Together: Vaccines Work!" emphasizes the need for increased immunization in our communities to protect those at risk and address concerns regarding vaccination.

In recognition of the week, the Medical Library has compiled a list of helpful resources on immunization:

For Health Care Providers:

- Centers for Disease Control & Prevention (CDC): [Recommended Vaccines for Health Care Workers](#)
- CDC: [State Immunization Laws for Health Care Workers & Patients](#)
- CDC: [Resources for Educating Your Adult Patients](#) - plain language handouts about vaccines to share with patients based on their age, presence of chronic disease, and travel plans.
- [Immunization Action Coalition \(IAC\)](#) - a non-profit organization working to educate and provide information to health care workers and patients. Website provides a plethora of information on a variety of immunizations.

For Patients & Consumers:

- CDC: [For Parents - Vaccines for your Children](#) - includes immunization schedules and information from birth to 18-year-olds, latest news, and other helpful links.
- MedlinePlus: [Childhood Immunization](#) - plain language overview of childhood immunizations with links to specific vaccines and links to latest news and research on immunization. Patient handouts available in over 30 different languages.
- Michigan Department of Health & Human Services (MDHHS): [Vaccine and Immunization Information](#) - provides links to vaccine information and schedules for children and adults of all ages, some specific to the state of Michigan.
- [Vaccines.gov](#): From the US Department of Health & Human Services, vaccines.gov offers reliable, easy-to-understand information on vaccines, immunizations, and vaccine-preventable diseases.
