FOR SALE: 1970 PONTIAC

Take a look at this creampuff: an air-conditioned Catalina gingerly driven 27,000 trouble-free miles back and forth from the Faculty Subdivision by a little old college president. Single owner learned to drive in Manchester, New Hampshire, where caution is the by-word for everything. Went on to summa cum laude performance at Dartmouth, a Fulbright Fellowship at the University of Edinburgh, and a doctorate at Harvard. Car to be sold to the best sealed bid, to be submitted to Purchasing by 11 a.m. Monday, Nov. 22. May be inspected at North Foundation Hall receiving dock this Thursday or Friday from 8 a.m. to 5 p.m.

DISCUSS STAY IN GUYANA

Four Allport College students who spent part of the summer doing an independent study project in Guyana, South America, with an East Indian "bush doctor" will discuss their experiences at 1 p.m. Wednesday in the Abstention. The students are Kittie Fairbrother, Mark Suszko, Deena Heide and Marcia Miller. They were hosted in Guyana, formerly British Guiana, by Jamsie Naidu, a native guru who lectured in Allport College last year at the invitation of Professor Philip Singer.

RETURN ADDRESS NEEDED

The mail room advises all of its patrons that return addresses are required on all parcels--particularly those mailed to points outside the United States.

TRUSTEES HOLD MEETING ON LABOR CONTRACTS

OU once again is caught in a time bind in reporting a developing news story--this time about the extended contract negotiations.

The Board of Trustees met last Thursday to consider ratification of the various contracts, and details of the pacts were unavailable prior to that formal action.

Members of the negotiating unions (the campus chapter of the American Association of University Professors, Local 18 of AFSCME, and the Clerical-Technical Association) convened last Tuesday to ratify the final terms. A fourth group, the OU Police Officers Association, representing the Public Safety Department, ratified its contract the previous Friday.

Details of the contracts will be disseminated to the university community following ratification by the Board of Trustees.

Also scheduled for last Thursday's special meeting of the Board was consideration of a construction contract to pave Pavilion Drive, which runs from beside the Sports

and Recreation Building and Central Heating Plant area to the campus entrance to the Meadow Brook Festival and Meadow Brook Estate area.

Singers Offer Yule Concert

The annual fall concert by the Oakland Singers will be presented Friday in Varner Recital Hall beginning at 8 p.m.

Directed by John Dovaras, the 32-voice chamber ensemble will present a varied program of Yuletide music. The works will range from a 16th century chanson, "Allon, Gay Bergeres," by Costeley to the contemporary "Christmas Cantata" by young Boston composer Daniel Pinkham.

The exuberant Pinkham work is scored for chorus and double brass quartet.

Also included on the program will be works of Stravinsky, Britten, Rubbra, Sweelinck, Gallus, Eccard and Vivaldi.

THREEPENNY PAIR--Playing the lead roles in the current S.E.T. production of "Threepenny Opera" are Jack Carbone as Macheath (better known as Mack the Knife) and Alisa Foster as Lucy Brown. The play moves into its second and final week with performances at 8:30 p.m. on Friday and Saturday and at 7:30 p.m. Sunday. (Photos by Andy Anfanger)

BOLDON BANKS ON SOPHS

Fifteen candidates greeted Coach Gene Boldon this semester as he began grooming the Pioneers for the 1971-72 season.

Boldon, starting his fourth year at Oakland, said he is building his hopes around a handful of returnees from last year's team, which posted a 14-12 record, plus the talents of a flock of veterans from a freshman squad that had a fine 15-4 mark.

The basketball season opens Dec. at Albion. It includes 22 regular season games plus participation in a Dec. 3-4 tournament at Lake Superior State College in Sault Ste. Marie and a Dec. 29-30 Christmas tournament at Wooster College in Wooster, Ohio.

"If we were to play today," Boldon said, "our starters would be Daryl Iwankovitsch (6-3 senior), Craig Coney (6-2 junior), Ronald Brown (6-6 junior), John Eley (6-5 senior) and Carvin Melson (6-4 senior)."

Melson smashed all school records last year in leading the team with an average of 23.5 points per game. He ranked 58th nationwide in NCAA College Division players.

Eley had a season average of 15.4 points per game, Coney 10.4, Brown 9.7 and Iwankovitsch 5.6. The team average was a moderate 84.6 points per game and Boldon said they will either have to improve that or come up with "some fierce defense" if they hope to better last year's winning record.

"We are not big," Boldon said, "but I feel that our assets will be speed, alertness, depth and the ability to execute in spite of a lack of size. We do have some men who can rise and board with the best of them."

Pressing the veterans for starting berths as practice got under way were Gerald Nakoneczny (6-7 senior), Lawrence Walls (5-11 junior), a speedster on the hardwood, and John Russell (6-2), a fine leaper.

Among the players who "graduated" from last year's freshman team are the talented sophomores Walter John-

son, a 6-4 forward, Frank Nesbit, a 6-4 center, and Larry Pierce, a 5-11 guard.

"I wouldn't be surprised to see any one of them in a starting role before the season is over," Boldon said.

Boldon came to Oakland after guiding Murray Wright High School to the championship of the Detroit Public School Championship and being named

"Coach of the Year" in prep circles.

In the junior varsity lineup, Coach John Scovil has 26 candidates for 15 berths--and an enviable sprinkling of giants.

Among the frosh prospects are Wesley Williams (6-2), Richard Hutchison (6-6), James Britt (6-6), Garyl White (6-5), Claude Gervin (6-0), Raymond Jefferies (6-0) and Paul Smoke (6-10).

Booters Tie CMU, 1-1

The soccer team will belatedly end its 1971 season this weekend with a rescheduled game against the Midland Soccer Club on the Pioneer field. Midland originally was slated to be here last weekend, but the date was moved ahead to make room for a makeup game at Spring Arbor College.

Going into the Spring Arbor game (too late for our press deadline) the Pioneers had posted a 5-4-1 record. Their last previous home action was a Nov. 13 game against Central Michigan University, which ended in a 1-1 tie.

The game was a tight defensive battle played on a cold and windy field. All of the scoring was packed into a 90-second period in the third quarter. John Clark, OU inside forward, put the Pioneers in the lead at the 5-minute mark after a steal, some fine footwork and a low corner shot.

The lead lasted only about 1-1/2 minutes, however, when a difficult angle shot got past OU goalie Mike McCartan. He stopped 14 others as the Pioneers had 18 kicks on goal to 15 for the visiting squad.

Commuter Services -- W

The Commuter Services Office has just completed its first month of operation as an autonomous department under the Dean for Student Life. The programs and services deal primarily, as the name implies, with the commuter population--currently comprising 4,981 of an on-campus total enrollment of 6,389.

"This preponderance of commuters will continue to soar in the next decade," says Commuter Services Director Augustine Wright. "This compositional change in the student body is having and will continue to have marked effects on the university's traditional residential orientation."

Discussing the role of her office, Mrs. Wright says that 85 percent of change during the college experience results from peer interaction.

"It is during association with one another that students discover identity, meet role models and experiment with new behaviors and attitudes. Even exposures to new ideas and realities in the classroom are not internalized if students are unable to use them with others in a reinforcing environment.

"Commuter students are relatively untouched by this dynamic process which is central to all growth. Powerful influences of the home community minimize change, experimentation, and the number and variety of role models. Concurrently, commuter students do not identify with Oakland

With a Missionary Smile

University in such a manner that encourages them to avail themselves of other services and opportunities for development."

Mrs. Wright says the main focus of the Commuter Services Office is to promote two interdependent forces--closer positive identification with the university and more meaningful student-to-student encounter.

"People do or do not identify with an institution in direct proportion to whether or not they have memberships in groups associated with that institution," she contends. "Commuter Services views its services, programs and efforts as means to encourage these two forces to operate, rather than as goals in themselves. Thus counseling, Ride Pool, legal aid, etc., exist to facilitate deeper relationships with others and the transfer of more positive attitudes and openness to other university offerings."

Some of the Commuter Services programs, which are in various stages of development, are Ride Pool (local, state and national), off-campus housing, communications, group counseling and peer advising, volunteer programs, Community Dialogue, and Legal Aid. The office also has launched a series of talks on the legal rights and responsibilities of students. The series was launched last week with an appearance by State Rep. Jackie Vaughn, III, co-sponsor of the recent legislation which will result in the age of majority being lowered to 18, effective Jan. 1, 1972.
