A FITZ EDITORIAL

A dastardly deed recently occurred at 115 Fitz. During the night or early morning hours someone clipped off the beak of Woodie Woodpecker. Agreeded the thing made a great deal of racket and the silencing of it might come under the heading of public service, but that is not the issue involved. The issue involved is the right of one Larry Koch to adorn his door with a Woodie Woodpecker doorknocker. We believe it is the right of every free American college student to send in Rice Krispies box tops and adorn his door with any valuable gift he might recieve. Terrorist tactics silencing them are the first step toward fascism.

ODE TO AN EMPTY MAIL BOX
BY AN EMPTY MAIL BOX

Hark!

Footsteps on the tile. Oh say who can it be?

Could it be that she is finally going to put something into me? Now the sounds grow near and a body doth appear.

Oh Hell!

Tis but another frantic Fitzite with the same ol sadistic sneer.

Now even an angry letter from the dean would arouse the joy.

That only previously occurred with the arrival of the new Play Boy.

Stop this Agony!

Wait someones putting something into me. Oh look a postcard from Leon Gambitty.

Good ol Leon he mailed it four years ago in Kansas City.
