Staff News: Farewell to Stephanie Swanberg

This month we wish a reluctant and fond farewell to Stephanie Swanberg, Associate Professor and Information Literacy and eLearning Librarian, who is leaving at the end of January to take a position at the Michigan School of Psychology Moustakas Johnson Library. Stephanie is one of the founding faculty members at OUWB, starting on June 15, 2011, just one month before we welcomed our inaugural class. She was instrumental in establishing the Medical Library – its spaces, collections, services, and teaching program. She served as liaison to many courses and clerkships, participated in the personal librarian program, taught in the curriculum, provided reference services to the OUWB community, mentored Embark students, established the community outreach partnership with the Auburn Hills Public Library, organized and ran the annual Organ and Bone Marrow Donor Drive, edited the Medical Library Newsletter, and much, much more. She received numerous awards and recognitions including the OUWB Faculty

Recognition Award for Excellence in Service and the President's Award from the Medical Library Association. But beyond all this wonderful work, she will be missed for her sunny nature, ready smile, and collaborative nature. We wish her only the best in her new position!

Medical Library Hours & Continued Hybrid Services

Kresge Library's building hours have been modified, and consequently, the Medical Library study spaces are open for independent study the following hours:

- **Monday - Friday: 8:00am - 8:00pm**
- **Saturday & Sunday: Closed**

We appreciate your continued understanding as we monitor the situation and adjust our services accordingly. And, thank you for your continued efforts in wearing your mask at all times, maintaining six feet from others, and washing your hands frequently.

Virtual Reference & Research Consultations: Though the Medical Library Office remains open Monday - Friday, 8am - 5pm with one staff member onsite for any questions, our work remains primarily online. Reach out to us by:

- [Emailing us](#) directly
- Signing up for a one-on-one virtual consultation using our [Librarian Appointment Calendar](#)

Authors at Oakland - Call for Submissions

Kresge Library is hosting its annual Authors @ Oakland Celebration this March, featuring journal articles published over the past two years by Oakland Faculty and Staff. Last year's event was cancelled due to the pandemic, but this year the library will be going ahead with the event in virtual form.

The Medical Library compiles a lengthy list of all OUWB faculty and staff publications for the event, and if you are interested in having your article presented, please email davidstewart@oakland.edu with a citation.

For more information, visit the [Authors @ Oakland website](#).

PubMed Clinical Queries Update

The [PubMed Clinical Queries](#) search page has been updated to align with the new PubMed design and now includes a new category for COVID-19 searches.

The Clinical Study Categories option remains, with the ability to specify therapy, diagnosis, etiology, or prognosis studies along with broad or narrow retrieval. However, the Systematic Review and

Medical Genetics options have been removed.

To quickly locate systematic reviews, search for your topic in PubMed and then select the Systematic Review filter from the default list of Article Type filters on the search results page. Medical Genetics searches are now available using the filter name and field tag [filter]. For example: sickle cell anemia AND genetic counseling [filter]. See the [PubMed User Guide](#) for a complete list of filters or contact the Medical Library at medref@oakland.edu for assistance.

OUWB Publication List: 2019 Final Update

The Medical Library is pleased to publish the final submission of the OUWB Publication List for 2019 featuring the works of our OUWB faculty, staff, and students! Having received the Beaumont Research Institute's report, which lists all the articles and accomplishments of Beaumont affiliates, we were able to update our 2019 list to its final form.

To see previous quarterly and annual reports, please visit our [OUWB Publication List Archive](#). If you have a publication for our quarterly or annual report, please fill out our [online form](#) or email us at medref@oakland.edu for its inclusion.

PUBLICATION LIST BY DEPARTMENT
2019 Report

We compiled this bibliography to recognize the school's scholarly activity, including journal articles, published meeting abstracts, book chapters, books, and other works written by OUWB faculty, students, and staff. We created the list by searching the institutional affiliation fields in PubMed, Scopus, Web of Science, Embase, CINAHL, Medline Portal, and Springer for all citations published in the 2019 calendar year. We then downloaded citations into an Endnote database, where we enhanced and reformatted them for this report. We updated and supplemented our report with additional citations when the Beaumont Research Institute published its 2019 Report of Accomplishments. Because of search limitations, the report does not represent an exhaustive list of all published works by OUWB authors. If we inadvertently missed your publication, please email the citation to the Medical Library at medref@oakland.edu. For any questions, please call the Medical Library at (414) 370-3772.

Summary of Publications by Department

Department	Total Citations	Peer-Reviewed Journals	Books & Book Chapters	Meeting Abstracts	Misc.*
Administration	3	2			
Department of Anesthesiology	2	2
