Grad fair offers convenience for graduating students

By **Dawn Pauli**, contributing writer

It's one-stop shopping for 2004 Oakland University spring graduates at the Grad Fair Tuesday, March 30, and Wednesday, March 31, from 11 a.m. to 6 p.m. in the Oakland Center Gold Rooms.

Representatives from **Academic Affairs**, the **Alumni Association**, **Career Services** and **Golden Key International Honour Society** will be available to answer questions and make sure all graduate candidate paperwork is in order. Regalia and diploma frames also will be available for purchase.

In addition, samples of rings and announcements will be on display, and representatives from the various companies can answer questions and take orders. All students, regardless of when they're graduating, are welcome to attend.

"We held a Grad Fair before December commencements and we had a good turnout," said Debbie Ogg, manager of the OU Bookstore. "The students really appreciated the convenience of having representatives from all the departments in one place and to be able to see samples of the available products."

Oakland University's spring commencement is Saturday, May 1. For more information on commencement, visit the **OU Commencement** Web site.
