## ONE HUNDRED STUDENTS GET SCHOLARSHIP RENEWALS

One hundred Oakland University sophomores have renewed their Student Life Scholarships for the 1973-74 year, Doug Woodard, dean for Student Life, has announced.

The students were first chosen last fall as freshmen on the basis of their grades, and on contributions to high school and community life. "These students have made a significant contribution to our campus programs. I am looking forward to working with them again," Woodard says of the scholarship renewals.

The Student Life Scholarships apply toward a student's residence hall living costs and may be renewed during each of the four undergraduate years.

Figures show 66 percent of the Student Life Scholarship students admitted last fall were from the tri-county area of Wayne, Oakland and Macomb. Thirty-four percent were from 17 other Michigan counties.

Fifty-five percent of the students had a b or better average during the freshman year compared with a 36 percent average for the entire freshman class. Career choices ranged from undecided to cover 24 specific disciplines.

## MACOMB SCHOLARSHIP COMMITTEE VISITS CAMPUS

Members of the Oakland University Scholarship Committee for Macomb County were guests of President and Mrs. Donald O'Dowd Monday, May 21, for a tour and luncheon in Meadow Brook Hall.

In a business meeting held by the group Mrs. John (Bea) Schober of Mt. Clemens was elected new president of the Scholarship Committee for a two-year term. Mrs. Schober was a vice president to the past president, Mrs. Robert (Betty) Kimber of St. Clair Shores. The committee has contributed more than \$81,742 to OU over the past ten years for scholarships for Macomb County students at the university.

## ALLIED HEALTH PROGRAMS EXPLAINED AT CONFERENCE

Deans and vice presidents of instruction from 11 community colleges in southeastern Michigan met with Oakland University officials Friday, May 25, to discuss OU's new degree programs in the allied health professions.

Topics in the 10:00 a.m. to 1:00 p.m. program in Meadow Brook Hall will be medical technology, medical physics, environmental health technology, and nursing, according to OU's William Jones, special assistant to the president for community college relations.

## TRANSFER STUDENTS HELPED THROUGH ADVISING WORKSHOPS

Oakland University is hosting an ongoing series of mini-workshops at which representatives of OU's admissions, registrar, program and faculty advising staffs sit down and discuss mutual concerns with representatives of area junior and community colleges.

The "advising the advisers" program is designed to make transferring from a one or two-year program easier for the students, explains Joe Davis, OU associate director of admissions. The programs help ease worries about credit transfers, serve to explain new course offerings at OU, and provide information about the success at OU of students from the two-year institutions.

## SWIMMING STARS COMING TO OAKLAND

Five top high school swimmers have signed letters of intent with Oakland University, Corey Van Fleet, swimming coach and director of the Department of Health, Physical Education and Athletics, has announced.

They are: Paul Karas, middle distance freestyler from Rochester High School; Gary Lauinger, backstroker from Pontiac Northern High School; Kevin Kirchner, middle distance freestyler from Detroit's Catholic Central High School; Larry Christiansen, butterflyer from Grand Haven High School; and Joseph Pavlick, sprint freestyler, of Lakeview High School in St. Clair Shores.

## FIELD TERMS OFFERED AT SOCIETY FOR BLIND

Field term programs at the St. Paul Society for the Blind, St. Paul, Minn., are available for students through Allport College of Human Behavior for the 1973-74 fall and winter terms.

Up to six students will be accepted and they will receive \$100 per month plus credit in Allport courses AC-300 or AC-400. St. Paul Society for the Blind encourages blind persons to develop self reliance through training for gainful employment. Interested students should contact Phillip Singer, acting chairman of Allport College, or call 377-2456.

## RESEARCH PAPER CITED IN INTERNATIONAL JOURNAL

Arun K. Roy, biological sciences, and student Bruce Milin, a biology major, are co-authors of a research paper carried April 23 in "Nature", a British scientific journal covering significant developments in the science world on an international scale. The article was on "Androgen Receptor In Rat Liver: Cytosol Receptor Deficiency in Pseudohermaphrodite Male Rats."
