## Future OU students invited to admissions events

Future Oakland University students can learn more about the university during two upcoming events sponsored by the Office of Admissions.

**Grizzly Days**, held Monday, Oct. 18, and Wednesday, Oct. 27, from 3 to 6 p.m. in the Oakland Center Banquet Rooms, provides high school juniors the opportunity to meet faculty and staff, tour OU's campus and explore the secrets of a successful college search.

"It's a popular event for high school students," said Lisa Remsing, admissions adviser and coordinator of Grizzly Days. "We usually host approximately 275 students and parents at each event, and we also provide information about preparing for the ACT exam and the test preparation workshops we offer."

In addition, academic and student service departments are available to answer questions and provide information.

The **Transfer Student Open House** is for students currently attending other colleges or universities. Potential OU students can learn more information about academic programs, admissions requirements, financial aid, general education requirements and transfer credit procedures during the event, which is Thursday, Oct. 28, from 5:30 to 7 p.m. in the Oakland Center Banquet Rooms.

Those who bring unofficial transcripts from each college or university they attended can receive an immediate admissions decision. Reservations are not required for the open house.

To sign up for Grizzly Days, visit the **online reservation system** or call the Office of Admissions at (800) OAK-UNIV.

### SUMMARY

Future Oakland University students can learn more about the university during two upcoming events — Grizzly Days and the Transfer Open House — sponsored by the Office of Admissions.
