Sudol, Cox present MEAP scoring insights at conference

Mary Cox and Ron Sudol were part of a team that presented insights into the range-finding process for scoring the MEAP in writing for high school students at the Michigan Reading Association Conference in Grand Rapids. Both Mary and Ron do range-finding for the MEAP each year and are available to schools and school districts that would like to conduct a range-finding session for their teachers.

SUMMARY

Mary Cox and Ron Sudol were part of a team that presented insights into the range-finding process for scoring the MEAP in writing for high school students at the Michigan Reading Association Conference in Grand Rapids.
