

THE GREAT PUMPKIN REMINDS YOU

The Fitz Halloween party is set for Saturday, Oct. 30, 8-1 o'clock at Franklin Settlement in Lake Orion. Tickets can be purchased from your house council representative for 35 little ol' cents. If you have or want transportation, contact the house council. Anibal's angels will be there... or you can bring a date from elsewhere.

USURP, TAKE OUR RIGHTS AWAY

by Nazzie Kicapoux

Usurp, take our rights away,
Our rights, our life you may.
Remove from our chest and lay
Our carcass on the ground.

Never can we sing a round
Of happiness and things abound,
For life's leaving left no sound
Except the thud of the fallen.

These little things are, like pollen,
For the fortunate, not the sullen.
The light of life is now forgotten
By the O.U. Administration.

Take our choice and fail to mention,
Or yet bring to our attention
Matters of concern or sanction
Concerning us and others still.

(cont'd p. 1, Col. 2)

EDITORIAL

Due to the adminies' great finesse or great sneakiness the Fitz Bitz has failed to come up with an instance this week where the adminies have stuck their foot in their mouth.

THE AGELESS MUNGOLS

Due to the recent smut release of Hill House the authors of Excerpts from the Ageless Mungols have refused to do any authoring this week in protest to Hill House's hammy havoc.

ODE TO FOOD SERVICE

Ours is not to wonder why,
Ours is but to eat and die.

H.S.

(Usurp continued)

Shall bring and--nay--yet will
A minor thing--a trivial mill--
That grinds slowly yet can kill
Every ~~single~~ grain of native concern.

In our campus life--now learn--
That we cannot and shall not earn
A voice to tell what is of concern
To us in our old college days.

SPORTS

Oakland lost the track meet with Windsor, 78-45. Too bad, so sad.

Football: Clansmen beat Fitz South 9-0, Fitz beat Segras 16-8, & Vandals forfeited to Racers.

We apologize for this week's issue. Don't get cynical or we might do it again next week... (only if we have another weekend like the last ones)
