V. Old Business

a. C.B. 07-09 (Bylaws Amendment [SAFB], second reading, previously postponed)

i. J. Miller: Section G, Number 13- A Motion to amend funding constraints. Many people felt that it is putting a handicap on student organizations.

ii. Twardy: The members of SAFB are pushing these constraints

iii. Atwood: I was on SAFB last year. My perspective-We are servicing the school with money. Running out of money shows that we are serving the students. Student organizations should be allowed more money and be able to do with it what they will.

iv. J. Miller: This is the most controversial item. I would rather put this to the side because it needs to be discussed, due to the passionate feelings that each side has. It is like saying that we don't like the types of programs that certain events or use their money for certain things.

v. Ventimiglia: This should be brought up in a few weeks due to Lindsay's stepping down from chair.

vi. Kukuk: The board has the ability to turn away a group if they feel as if the organization is using the money frivolously.

vii. M. Miller: I just want to make sure that everyone understands the value of the caps that have been put into place. Not having caps got really messy a couple of years ago. I have a large file from years ago

viii. Mick: Invite SAFB members so that we can have this conversation with them.

ix. Atwood: My understanding of this is that groups are being encouraged to have more social events. Let student organizations hold their events as they see fit.
