## MBH features horror films during October

The 1930s was Hollywood's Golden Age in horror films. Movie studios told tales of mystery and adventure, creating some of the most memorable monsters ever seen on the silver screen.

In honor of that era, and just in time for Halloween, **Meadow Brook Hall** is bringing its Dinner and a Movie program to life. Held every Wednesday night during the month of October, Dinner and a Movie pays tribute to classic horror films and their stars — actors such as Boris Karloff and Bela Lugosi — the icons of the horror genre during the glorious, glamorous 30s.

Featured movies include "Dracula" with Bela Lugosi (Oct. 2), "King Kong" with Fay Wray (Oct. 7), "The Mummy" with Boris Karloff (Oct. 16), "Frankenstein" with Boris Karloff (Oct. 26), "The Bride of Frankenstein" with Boris Karloff and Elsa Lanchester (Oct. 30). Doors open at 7 p.m. and the movie starts at 7:30 p.m.

Dinner and a Movie programs will be held in Meadow Brook Hall's elegant ballroom, the original motion picture viewing room of Matilda and Alfred Wilson. Each week, moviegoers will enjoy three courses of themed movie munchies — either Mexican, Chinese, Greek or American — and can take advantage of a cash bar as they listen to entertaining commentary and get a unique look at the beginning of the classic horror flick.

Admission is \$22 and includes the film and dinner. Space is limited, so please call in advance for reservations.

For more information or to make a reservation, call Meadow Brook Hall at (248) 370-3140.

### SUMMARY

The 1930s was Hollywood's Golden Age in horror films. Movie studios told tales of mystery and adventure, creating some of the most memorable monsters ever seen on the silver screen. In honor of that era, and just in time for Halloween, Meadow Brook Hall is bringing its Dinner and a Movie program to life.
