Student Corner - Resource Review

The Medical Library licenses and provides access to a variety of review resources, tools, and study aids, to complement materials students may use to study for different courses or shelf exams or prepare for board exams. We have created a [guide](#) to help you navigate these resources. On the guide, you can find what resources are relevant to and appropriate for M1, M2, or M3 students and how you can locate and use them with simple directions or the short video demos provided.

The image below links to the guide, and you can also find it and links to all the resources/tools/aids listed under the [Subject Review & USMLE Prep Resources Guide](#) found on our library website.

[Subscribe](#) to our email list.

Subject Review and USMLE Prep Study Tools and Aids

The following table provides an introduction to some of the resources (study tools/aids) that the OUWB Medical Library provides to complement other study materials and board prep resources medical students may be using to study for different courses or prepare for board exams (Step 1, Step 2 CK, or Shelf Exams). If you have any questions or suggestions, please contact the OUWB Medical Library at medref@oakland.edu.

The resources introduced below can be accessed at:

- Subject Review & USMLE Prep Resources: <https://research.library.oakland.edu/sp/subjects/guide.php?subject=Exams>
- Databases: <https://medlib.oakland.edu/articles/databases.php>

M1			
Title	Content and Key Features	How to Access	Registration
AccessMedicine	<ul style="list-style-type: none"> • Examination & Board Review: Lange book series helps students prepare for regular course examinations • Study Tools/Review Questions: practice questions in anatomy and physiology, biochemistry, epidemiology & biostatistics, microbiology, and pathology & history 	<ul style="list-style-type: none"> • Select "AccessMedicine" from "Databases" on the OUWB home page, choose the "Study Tools" tab, click on "Review Questions," select "Review" under "Filter by Type" on the left side of the screen, and click on "Basic Sciences" to get to study questions. • Short video guide 	<ul style="list-style-type: none"> • Registration for a free personal account required
LWW Health Library – Medical Education	<ul style="list-style-type: none"> • Lippincott Illustrated Review series: each chapter in a given review book includes key points as well as study questions. • Self Assessment: allows students to create custom quizzes on basic science topics to help students study for basic sciences courses. 	<ul style="list-style-type: none"> • Select "LWW Health Library – Medical Education" from Databases on the OUWB home page, choose the "Texts" tab and select 	<ul style="list-style-type: none"> • Registration for a free personal account required

Upcoming Library Hours

Library Building Hours Over Holiday Break

Kresge Library, including all Medical Library spaces, will have reduced hours throughout much of December, with hours changing on the 14th. Holiday hours starting on the 14th will be:

- **Tuesday, December 14th:** closed at 10:00pm
- **December 15th-23rd:** closed at 6:00pm
- **Saturdays and Sundays after December 12th:** CLOSED
- **December 24th - January 3rd:** CLOSED

The library re-opens with normal hours on January 4th.

As a reminder, masks are still mandatory within library spaces, regardless of vaccination status, though medical students are once again allowed to gather in medical library spaces as long as they follow library guidelines.

Current Library Hours:

- **Monday - Friday:** 7:30 - 11:00pm
- **Saturday - Sunday:** 10:00am - 6:00pm

Virtual Reference Sessions

We want to remind students and faculty that we are available for virtual reference sessions via Zoom, and we have recently integrated the application into our virtual calendar for ease of use. Simply click under the Ask a Medical Librarian option where it says "[Online](#),"

From there you can choose a date and time to meet with the Medical Librarian on Zoom.

Reminder - New Library Tools

Library Suggestion eBox

The Medical Library has implemented a virtual [suggestion box](#) that can be accessed on our website. While we have virtual reference services available, and we are available in office or over the phone, we wanted to provide a way for students, faculty, and staff to offer suggestions on how we can improve services and programming across the board.

Library Chat

Do you have a reference question or need to contact the OUWB Medical Library staff right away? The Medical Library has introduced a chat service accessible Monday thru Friday, 8am-5pm. To ask your question or chat with a library staff, please click on the blue chat button available on the top right-hand side of any page of our website, or from the [Ask a Librarian page!](#)

July - September Publication List

The Medical Library has completed its [July - September Publication Report](#), featuring featuring basic sciences and clinical faculty and student publications for the quarter. This quarter includes 155 citations, with 12 from Foundational Medical Studies Faculty and 44 from OUWB Medical Students, past and present.

To see previous quarterly and annual reports, please visit our [OUWB Publication List Archive](#). If your publication was inadvertently missed, please fill out our [online form](#) or email us at medref@oakland.edu and it will appear in next

quarter's report!

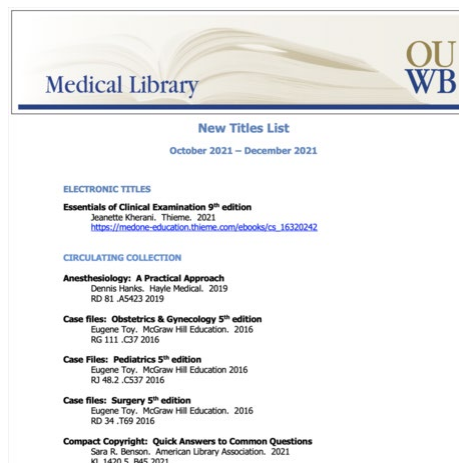

Faculty Publications

In other publication news, the library has moved its Faculty Collection - books or books with chapters authored or co-authored by OUWB Faculty - from its place within the Medical Library Office area to the 3rd floor of Kresge Library. What this means for students and faculty is that these books can be easily identified and located and are available for circulation, where before they were for in-library use only. These works can also be found in the library catalog in a special collection marked [OUWB School of Medicine Faculty Publications](#).

New Medical Library Resources

Check out the [July - September 2021 New Titles List](#) featuring our latest eBooks and print books including:

- [Essentials of Clinical Examination 9th edition](#) [eBook]
