

MEMORANDUM

July 1, 1975

To: Mr. Frederick W. Obear
Vice President for Academic Affairs and Provost

From: John Barnard, Chairman
Campus Development and Environment Committee

Subject: Annual Report, 1974-75

The committee met regularly throughout the year. The primary concern was establishing the best location for new parking lots totaling approximately 300 spaces. The committee was also interested in and discussed matters relating to the construction and location of COB II, the long-range parking needs in connection with COB II, and other current activities of the Campus Development office.

I would like to express my appreciation to the members of the committee for their interest and counsel, and I wish the committee's new chairman, Jerry Freeman, every success.
